The truth about Terry County is good enough. We cover the territory thoroughly.

The Terry County Rerald

The HERALD goes into 90 percent of the homes in the Brownfield trade territory.

Printed in Terry County, on the South Plains, the last stand of the Cattleman and the future home of the most prosperous Farmers in the United States.

VOLUMN THIRTY-TWO

BROWNFIELD. TERRY COUNTY, TEXAS, FRIDAY, JANUARY 15, 1937

NUMBER 23

"LISTEN FOLKS"

By Jim Ferguson. The 1937 Legislature

(Editor's note: This article is published as a news item and repres-

ple are being told by the big news papers that we are beginning an era that prosperity is already here. The ed to argue about the matter. purpose o fthis assertion s to start a boom in the hope that prosperity will be produced regardless of conditions and by some financial skulduggery that the people will just reap riches and prosperity anyhow.

To the thoughtful and informed person it is amazing how little there is to support the idea and how few facts there are upon which to base such an Utopian belief. The sad part about this idea is that it may and probaby will deceive the people at a time when they should be told the truth for their own good.

The danger of this imaginery prosperity idea is that it will create the belief in the minds of the people that there is nothing for them to do. It is only by learning the people that by their own thrift and energy can they hope to enjoy any happiness in this world. Verily, verily, we cannot produce wealth by laziness or sustain life by resolution.

Chisholm's Hatchery Now Ready to Go

The Chisholm Bros., John and Joe. informed us this week that their Hatchery was ready to go. Their first setting will be January 14. These boys have something different to offer the poultry raisers of Terry county and vicinity this year.

To begin with this is their nineth South Plains Section gives them eight years of experience in the hatchery business and also the poultry conditions of this section. Then they have installed a new incubator, 32,000 egg capacity, giving them a total of 48,000 eggs every three weeks. This machine is of the very latest designs, and one has to sec it to appreciate it. One important thing about it is that the setting and hatching compartments are separate. This assures you of clean and healthful chix with each hatch. Their chix are classified into 3 groups, A, AA and AAA. Their White Leghorns won the silver lovng cup, also blue ribbons on Brown Leghorns at the Panthe bases of the salary to be paid half mile northwest of the Honolulu They also won the blue ribbon for the best display of hatchery flocks

Also they spent lots of tme, as well Mexicans will have to attend school hours after shot. The Texas Pacific learning how to detect diseases of

equipment, classification of their chix, and prizes won last year, it looks like a safe bet for you to give them an order for your next year's poultry flock. You will find that these boys

Sells Barber Shop to Lorn Walters

Luke Harrel has sold the Hotel Barber shop to Lorn Walters who has already taken charge. Luke will move some time traveling before settling some 10 years of barbering in this town. The past 5 or 6 years of this time he has spent in the shop now owned by Bert French. He wishes to thank his customers for their past patronage, and invites them to call on him at his new location.

The Hotel Barber shop is composed of three of the best barbers to be found in the persons of, Jack Holt, you an invitation to give them a trial

This being a country of machine, Little Miss Beverly Ann Duke was by machine and for machine, should operated on at the local hospital for we kick if we vote by machine?-Pittsburg Gazette.

It would be well for us all to look abroad at dictator-ridden Europe. In many great countries the free press has been abolished. Free speech has become a crime. All criticism of those in power has been silenced with imprisonment and death. In some countries the right to worship has been abrogated by law, the state has been made Divine, the dictator in power must be regarded as a god, and the individual has been reduced to an actual state of slavery.

While we pity the citizens of those nations, and wonder that such things could have come to pass in this century, we can learn an invaluable lesfrom their plight. We still live under a Constitution that guarantees us freedom of religon, freedom of speech and freedom of thee press. Upon the preservation of that Constituton and the liberties it guarantees depends the future of the United States and the American people. cultivate a real fellow feeling for one In the pursuit of an economic millenof the fraternity. TOO WARM HOUSES IS WINTER HAZARD

AUSTIN, Dec. 14 .- It is an illogical fact that many people complain about the heat of Texas summers and yet sit indoors during the winter months in a temperature about as high as that which they complained in the summer season, in the view of Dr. John W. Brown, State Health Officer.

"If the average person would realize the definite hazard in developing and maintaining an indoor temperature above 70 degrees, or at most 72 degrees, when the outside theromometers registers around freezing," he said, "there would be fewer colds, less bronchial conditions, and less pneumonia than there are today.

"Fresh air is one of the body's needs and no amount of luxury or artificial pleasure can be substituted for it. It may be a comfortable feeling to oe warm especially with the consciousness of the tough weather outdoors, but it is quite another matter to achieve this comfort at the probable cost of health.

"Winters in the Temperate Zone are sufficiently trying upon the human system with their sudden and sharp temperature changes, without adding to the burden by making a hothouse of one's home. Of course, colds and other respiratory affections can be acquired in many different ways, but one of the easiest methods of becoming victims of such hazards is the overheated house.

"To become overheated and perspire, though the latter condition may not be perceived, and in this softened state to brave the cold winter blasts, is to take a thoroughly unwarranted chance with health.

"The wise householder therefore will check up on his artificial heat problem. He will resolve to keep his thermometer within safe limits."

MOVE TO BROWNFIELD

Mr. and Mrs. A. L. Carson moved o Brownfield last week where they recently purchased a modern home and plan to reside in the future. They have been residents of Gaines County the past fourteen years ,having come here in 1922. Their many friends in Seagraves and vicinity will miss them but we wish them happness in their new home.

Mr. and Mrs W. P. Horner have purchased the Carson farm, two miles north of Seagraves and they moved there the first of this week .-Seagraves News.
