

The SNAPSHOT GUILD

Silhouettes and "Silly-Ettes"

With a camera, a sheet, and a floodlight bulb, here is how anyone can rival the funny page artist.

NO WINTER season of picture-taking can be complete unless you have made indoor silhouette pictures and tested your originality, imagination and ingenuity in devising interesting scenes and poses. Making silhouettes is fairly simple if you follow directions, but ideas for subjects! There is where you can display the talent of a movie director, scene painter, stage carpenter and comic artist combined.

The essential set-up is merely a sheet stretched tightly across a doorway between two rooms, a photographic flood light or flash light bulb in a floor lamp in one room and your subject and camera in front of the sheet in the other room. It is the white sheet and the illumination which, of course, place your scene in silhouette, and thus in silhouette it is recorded on the film, provided you give the proper exposure. A word or two on this:

If you use flood light bulbs (one No. 2 bulb or two No. 1 bulbs) and your camera is of the single lens or box type, expose for about two seconds with the largest stop. If it has a double lens with stop f.8, expose for about one second. If your camera has an f.6.3 lens, expose for about one-half second at f.6.3. The camera must, of course, be on a firm support and set for "time." The light and camera should be so placed that a line drawn between the light and the lens will pass through the center of the scene. If you prefer

to use a flash bulb, set your camera at "time," flash the bulb and close the shutter.

Now consider the endless possibilities for silhouette pictures. Don't stop merely at silhouette portraits, interesting as they may be. Devise amusing story-telling pictures. Get a laugh out of them and give your friends a laugh. You can do this by using appropriate objects, combining them in silhouette in front of the sheet with your human figure. You are not limited to objects placed in front of the sheet, however. With black or dark gray cardboard or heavy paper you may fashion all sorts of figures, pin them on the sheet and create additional scenery. By posing your human figure in conjunction with them you can produce the most absurd situations. Indeed you can perform miracles. For example, you may show Dad juggling an innumerable number of billiard balls, the balls in reality being discs on the sheet. You can depict a fairy story to illustrate a Mother Goose rhyme, such as a witch flying across the face of the moon or a great big spider frightening little Miss Muffett. You can create the illusion of six-year old Jimmie landing a voracious shark, twisting a lion's tail or defying an elephant.

"Silly-ettes," if you want to call them that, but a collection of them in your album will be far more amusing to you and your friends than many pages of professional comics.

JOHN VAN GUILDER

Let's Act to End the Reign of Sudden Death

James V. Allred, Gov. of Texas

AUSTIN, Feb. 16.—C. J. Rutland, of Dallas, as Chairman of the Governor's Traffic Safety Committee, will direct the statewide war on traffic accidents which has been declared by Governor Allred.

Mr. Rutland was elected by the committee at its meeting in Austin last week when one hundred members gathered from every section of Texas to organize and plan a state wide program which will end the reign of Sudden Death on Texas highways and streets.

The chairman is an outstanding authority on traffic safety having served as regional director of the National Safety Council and as chairman of the Dallas Citizens Traffic Safety Commission. He is a graduate of Texas A & M College and of Cornell University.

The safety program adopted by the Governor's Committee will be built around the three "E's" of safety—Engineering, Education, and Enforcement—a trend and proven program of safety endorsed by the President's National Conference on Street and Highway Safety as well as by the National Safety Council, Supplementing the three "E's" of safety will be the legislative work of the committee which urges the adoption of a stricter driver's license law and other safety legislation now pending before the legislature.

The membership of the Governor's committee is composed of representatives from women's clubs, civic clubs, parent-teachers associations, churches, chambers of commerce, automobile clubs, boy and girl scout organizations, the press and radio. In addition, public spirited citizens and public officials charged with safety responsibilities comprise this non-political traffic safety committee.

In the words of Governor Allred "the committee will be the supervisors of the state who will spread the gospel of safety throughout Texas in this relentless warfare on traffic accidents."

Mrs. C. R. Rambo, County Treasurer.
Sworn to and subscribed before me, this 12th day of February 1937.
W. A. Tittle, Clerk,
County Court, Terry County, Texas.

FAMOUS STATESMAN IS TAKEN BY DEATH

Elihu Root, 92, famous lawyer, statesman, and diplomat, died Monday and was buried Tuesday.

Elihu Root first became a national figure during the McKinley administration. For thirty years, by sheer force of intellect, he continued to be one of the most influential and powerful figures in our national life. He retained his remarkable intellectual faculties until the end.

As U. S. Senator, as cabinet officer, as international lawyer, and as a statesman of the first rank, he has made an indelible impress on this

country and on the world. We need more men in public life of the calibre of Elihu Root.

Mr. and Mrs. Terrell Isbell, of Jacksboro, were here this week visiting their brother Chock Hamilton and family and sister, Mrs. Weldon Ridgeway. Mrs. George Hunt was also here from San Angelo. She is also a sister to all the above mentioned. Mr. Isbell, in company with Chock and son called Monday. Mr. Isbell is a civil engineer.

Uncle Jimmie Green started the Herald to his daughter, Mrs. Ivy Savage this week.

New Arrivals in Ladies Spring Ready-to-Wear

DRESSES

Here is an exquisite collection of dresses that can be worn proudly to any day time occasion, from morning to dusk. Every new fashion wrinkle is dresses. Marquittes and dresses. Margusittes and Chiffons, pure dye silks—

We have a large collection of ladies shoes in all the smart new shades and materials; all the latest styles, with heels of all heights and vamps and all lengths, designed to fit every type of foot.

Prices \$2.95 to 8.75

Collins Dry Goods

Poultry and Livestock Show Dates Feb. 26-27

Friday and Saturday, February 26 and 27, are the dates set for the Eleventh Annual Tri-County Poultry and Livestock Show in Seagraves. All plans for housing the show have been perfected, premiums almost made up, and only the advertising and last minute preparations by the officers of the Show remain.

Those in charge have every reason to believe the Eleventh will be the most successful show in the long time of previous expositions. Indications point to a large premium list, and more entries than any other two years combined. Interest in the show seems to be at the highest pitch of any previous year.

Rules of the show, premium lists and contributors will be published in the News from week to week until the show opens. This week you will find the Premium list elsewhere in this issue. Check it over carefully and determine now just what you will exhibit in the show. Rules and other information will appear in these columns next week. Watch for more

news on Seagraves' Eleventh Annual Tri-County Poultry and Livestock Show!—Seagraves News.

NEW CHURCH OF CHRIST BUILDING

The Church of Christ people have been very busy this week on their new place of worship. The site of location is on the north side of the street half way between town and the Baptist Church.

We wish to congratulate these people on their progressiveness.—Ropes Plainsman.

Highway seven continues to claim its share of victims, and invariably there has been a young man at the wheel. Its time to start enforcing the speed limit laws on this Highway. This paper months ago called the attention of the State Highway patrol to this stretch of road, and warned that what is happening—would happen. Highway seven isn't safe with the speed fools infesting the road. If the State won't patrol this road, the county must do so.—Amherst Argus.

Mr. Jack Bailey is ill with the flu.

HERE'S HOLLYWOOD

By Jack Hardy

Johnny Mack Brown has figured up this odd fact. If a rider kept his horse going at a steady gallop continuously it would require one year, three months, and fourteen days to equal all the riding that Brown has done as a screen cowboy. While waiting between scenes of his latest picture, "Bar Z Bad Men," Brown sat under a live oak tree in the Santa Suzanna mountain location and made a close calculation on the number of western pictures he's made since "Billy the Kid" back in 1929, the average number of riding days he spent on each, and the total miles he has covered. Because he rides at top speed in the exciting scenes of his westerns, it would require more time for a horse to cover the same mileage at an easy gallop.

Wendy Barrie, who currently is the charming star of "Ticket to Paradise," last week was seen doing a southern plantation scene in the muddy street of a studio back lot. For the scene she was wearing a dainty chignon and lace dinner gown, but under its flowing drapes were hidden a pair of very practical galoshes!

Joan Crawford recently purchased at auction a ruby ring which, although small, is now her most treasured piece of jewelry. It had belonged to the late Renee Adoree.

Tall Paul Kelly, currently starred in "Join the Marines," relates that ability to "whistle through my teeth" when only seven years old got him his first stage roll, thus starting his long acting career. Kelly was selected by the late David Warfield for his New York play, "Grand Army Man," to lead a squad of youngsters in a boyish march down the stage, with his unique whistling to provide the marching music.

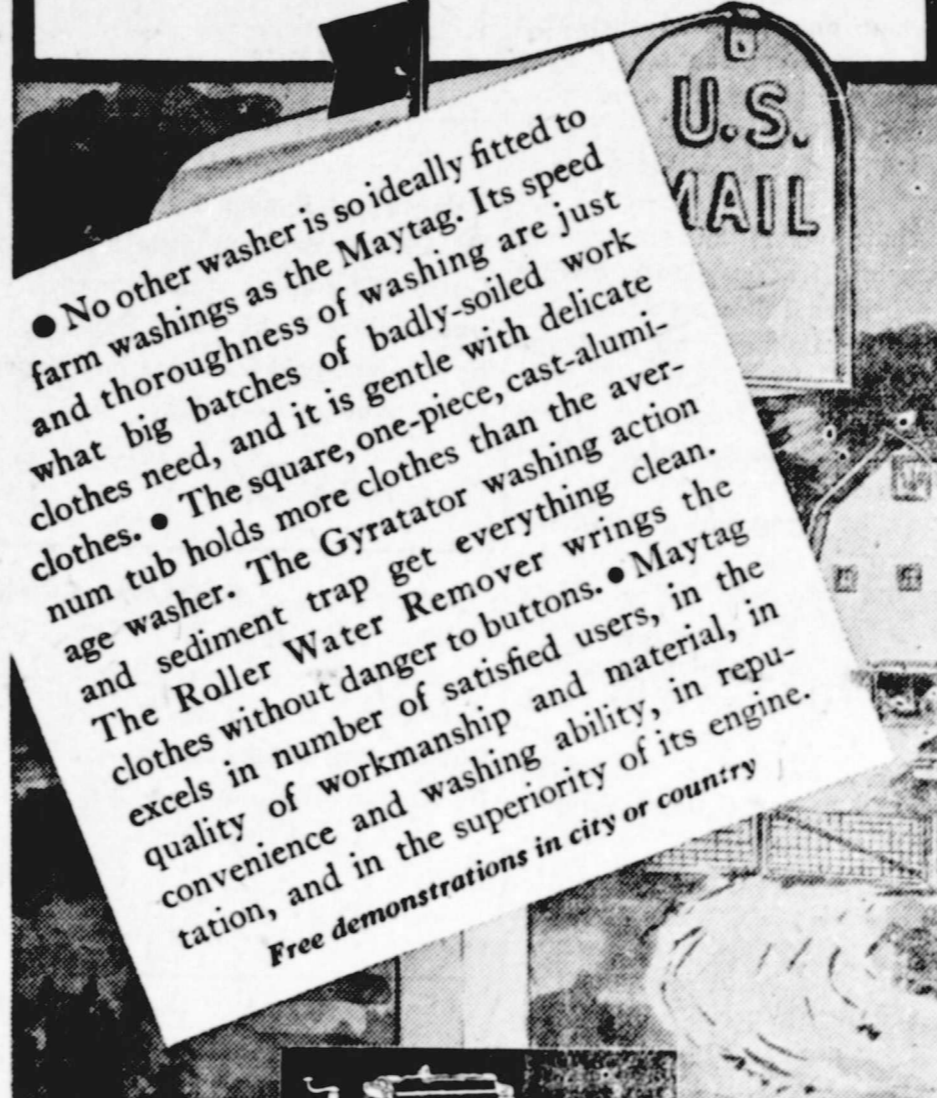

The romance between Miriam Hopkins and imported director Anton Litvak is reputedly getting hotter. Friends are betting they soon will be flying to Yuma, Arizona, the favorite Grentna Green of most film folk who are in a hurry to get into double harness. It will be her third try at marriage.

William Newell crack comedian who is being featured in "Sitting on the Moon" and "Larceny on the Air" has picked an unusual old age investment. He's bought 200 acres of wild and rough mountain land in the edge of the San Jacinto Mountains, 150 miles south of Hollywood for a hunting preserve. Already over-ran with rabbits and quail, Newell is stocking it with pheasants. For a neat little

YOU ARE DUE GOOD HEALTH, SUCCESS AND HAPPINESS

But you cannot enjoy these things if you have allowed your system to lag to such an extent that your bowels and liver do not function properly, causing you to suffer with headaches, loss of sleep, backache, coated tongue, bad breath, rheumatic pains, biliousness and gas pains brought on by inactive clogged bowel organs. Lagatone is an efficient stimulant for increasing the flow of bile. Lagatone also stimulates liver action, relieving biliousness, worn out feeling and sick headache caused thereby. Lagatone acts on bowels as a laxative and helps clear out old decayed food waste. Lagatone is a compound of several ingredients. Thus Lagatone is like several medicines in the same compound. No wonder people begin to inform us of the good results they are receiving after using it a short time. If your system is lagging and run down, your food disagrees with you, if you are tired and sluggish and lacking energy, Lagatone will clean accumulated poisons out of your system and restore your vitality, your appetite and your good health. Go to your druggist today and buy a box of Lagatone and if after you have followed directions, written on the box, for ten days, you are not pleased with the results and if you do not feel new pep and energy, go back for your money. Price, 1 box 36 capsules \$1; 6 boxes \$5. Lagatone is on sale with the Alexander Drug in Brownfield. Please do not accept a substitute for Lagatone, for your own good. "Never Let Your System Lag." 29c

ONE IN EVERY 7 FARMS OWNS A MAYTAG

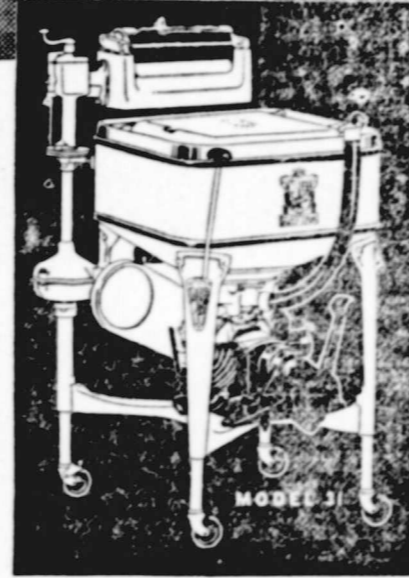

• No other washer is so ideally fitted to farm washings as the Maytag. Its speed and thoroughness of washing are just what big batches of badly-soiled work clothes need, and it is gentle with delicate clothes. • The square, one-piece, cast-aluminum tub holds more clothes than the average washer. The Gyrtator washing action and sediment trap get everything clean. The Roller Water Remover wrings the clothes without danger to buttons. • Maytag excels in number of satisfied users, in quality of workmanship and material, in convenience and washing ability, in reputation, and in the superiority of its engine.

HUDGENS & KNIGHT

Brownfield Texas

Utah's Great Salt Lake has become a novel aid to the making of such unusual pictures as "Two Wise Maids," which co-stars Alison Skipworth and Polly Moran. For a Christmas tree

decoration in the picture, the studio sent a wooden star to Salt Lake City, had it suspended in the Lake for four days, and by then it was heavily coated with sparkling salt crystals. Hung on the tree in the picture, it sparkles like a starry sky under the studio lights.

FLOCKS OF TEXAS POULTRY SHOW HIGH EGG PRODUCTION

COLLEGE STATION—The average production per hen in flocks of Texas poultry demonstrators was 149.8 eggs, according to the annual report submitted by E. N. Holmgren and Geo. P. McCarthy, poultry specialists of the Texas Extension Service. The general average for the State is approximately 90 eggs per hen. The high production of demonstrators' flocks is due to correct rations, increased care, healthier birds, and to the fact that demonstrators culled out 34.4 per cent of their hens.

Records on production, feed costs, rations, and improvements were kept on poultry flocks by 2,479 persons in cooperation with county agricultural agents during 1936, and 1,238 persons kept similar records on turkey flocks, the report shows.

The flocks of poultry demonstrators produced more than four and a half million dozen eggs which returned \$918,539. The turkey demonstrators and cooperators sold 155,219 birds, of which 85 per cent graded No. 1.

In 4-H Club work, 1795 members were enrolled in chicken projects with a cash income of \$49,543, while 100 4-H Club members carried turkey projects and marketed 4,465 birds. The mortality in turkeys during the

per cent. Demonstrators in poultry received an average of 23.4 cents a dozen for eggs during the year compared with an average of 17.5 cents in 1935 and 12.7 cents in 1932. Feed cost of producing a dozen eggs averages 11.5 cents, and hens made an average profit of \$1.35.

Glare caused by light reflected from a light-colored, glossy wall may fade some textiles, experiments indicate.

Beware The Cough

From a common cold That Hangs On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Creomulsion not only contains the soothing elements common to many remedies; such as, Syrup of White Pine Compound with Tar, fluid extract of Licorice Root, fluid extract of Ipecac for its powerful phlegm loosening effect, fluid extract of Cascara for its mild laxative effect and, most important of all, Beechwood. Creosote is perfectly blended with all of these to reach the source of the trouble from the inside. Creomulsion can be taken frequently and continuously by adults and children with remarkable results.

Thousands of doctors use Creomulsion in their own families as well as in their practice knowing how Creomulsion aids nature to soothe the inflamed membranes and heal the irri-

tated tissues as the germ-laden phlegm is loosened and expelled. Druggists also know the effectiveness of Beechwood Creosote and they rank Creomulsion top for coughs because you get a real dose of Creosote in Creomulsion, emulsified so that it is palatable, digestible and potent for going to the very seat of the trouble.

Creomulsion is guaranteed satisfactory in the treatment of coughs, chest colds and bronchial irritations and especially those stubborn ones that start with a common cold and hang on for dreadful days and nights thereafter. Even if other remedies have failed, your druggist is authorized to guarantee Creomulsion and to refund every cent of your money if you are not satisfied with results from the very first bottle. Don't worry through another sleepless night—phone or go get a bottle of Creomulsion right now. (Adv.)

AT THE—

TEXACO SERVICE STATION

WE WILL CLEAN YOUR CAR INSIDE FOR—75c

David Perry Phone 213 C. C. Bryant

CORRECT WAY OF BUMPING A FRIEND'S CAR TO START IT

YOUR car that is going to do the pushing should be in LOW gear.

The car ahead that you are going to push should be in HIGH gear, with the clutch pedal DOWN.

If possible, get in position where one side of the car behind is about in line with center of the car ahead. This helps if bumpers lock. Car with bumper on top should try to get over the edge of a curb or other high spot that lifts bumper and permits parting. Or the same thing can be accomplished if car with bumper on bottom is maneuvered to a low drain or other depression in the street.

Tell your friend not to let his clutch pedal up until you actually have his car MOVING.

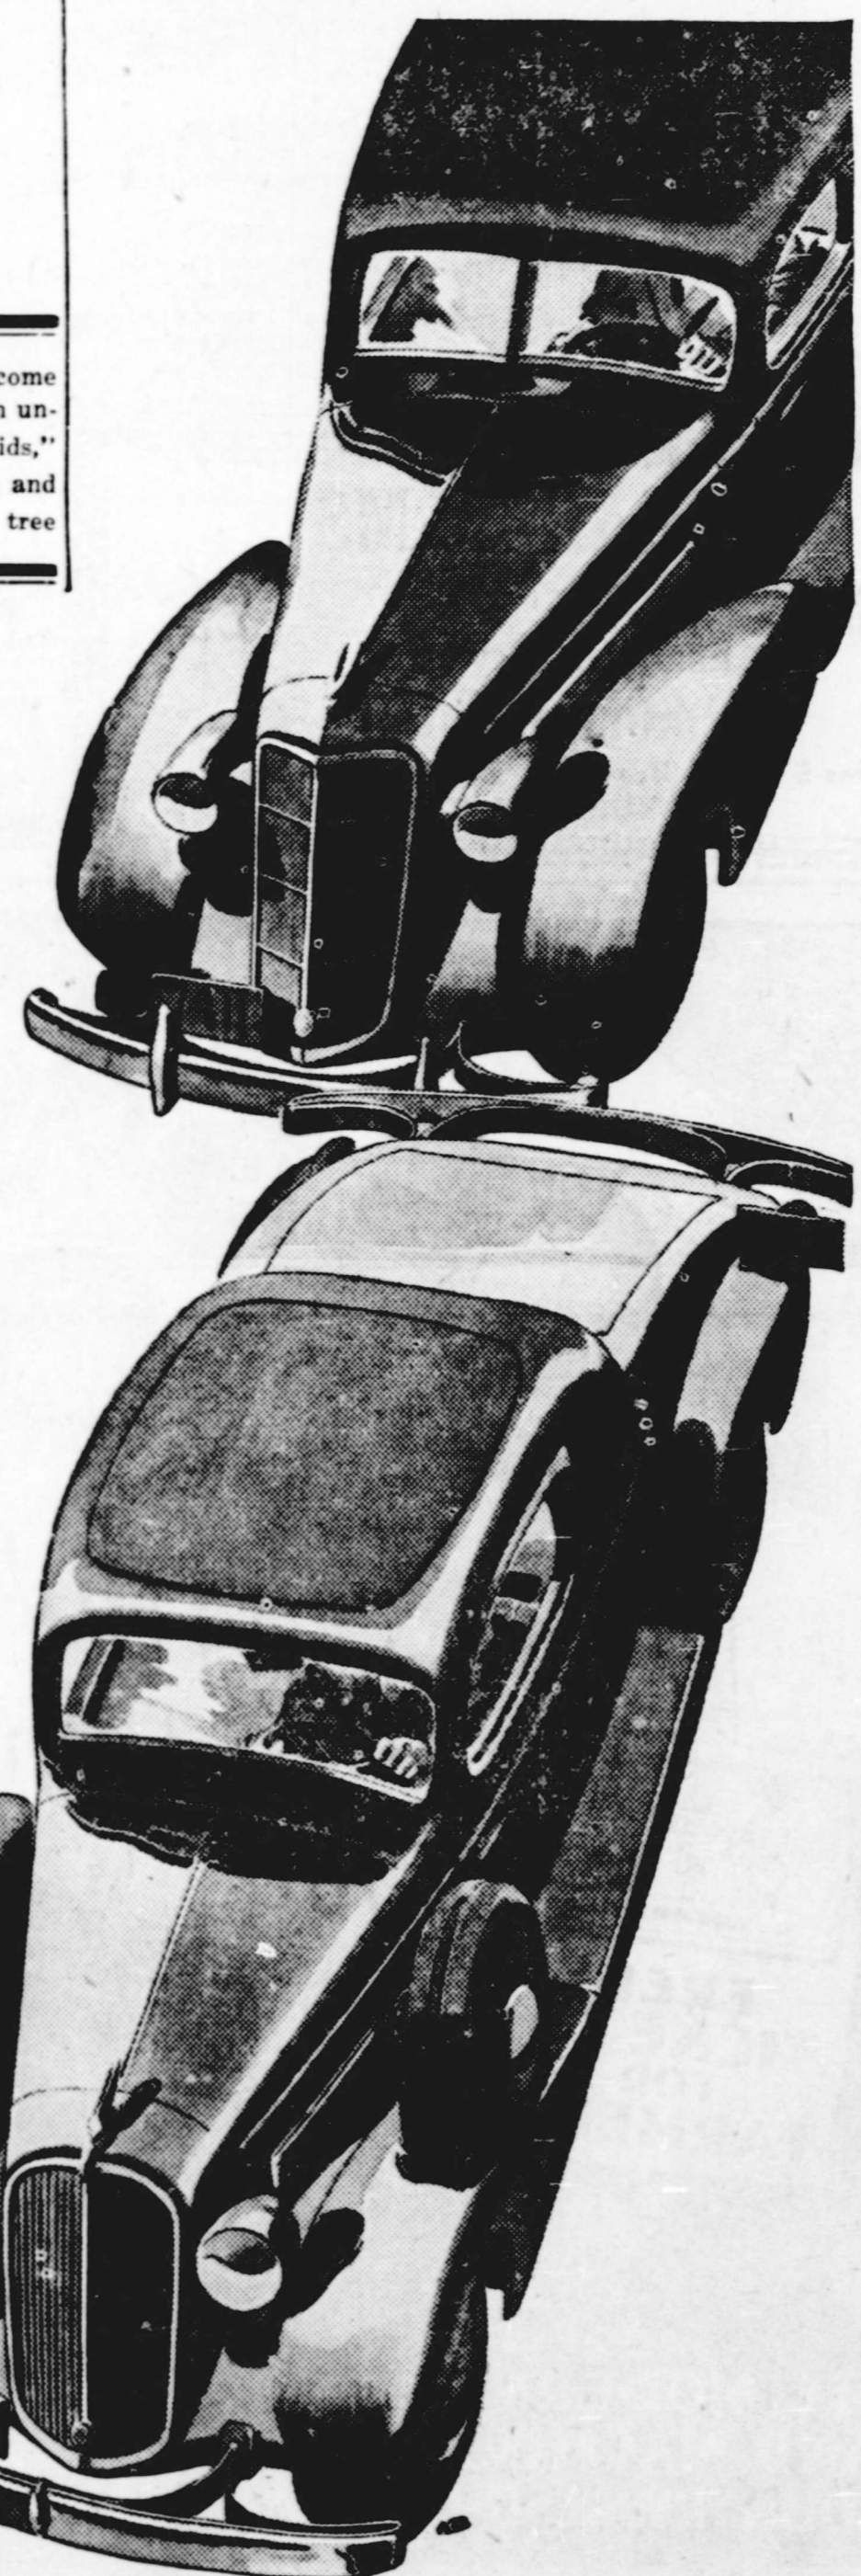

At best this is hard on your car, but it is a friendly act that you would not deny a fellow motorist marooned by cold. He has troubles enough of his own . . . with a freshly-killed battery . . . flooded engine . . . and sheepish feeling—to say nothing of wasted gasoline.

If you push long enough his engine may finally start, just as it would have done in the very first place, on Special Winter Blend Conoco Bronze—the same sort of Winter friend that you are. Continental Oil Company

This Will Be The Greatest Merchandising Event Ever Held In This Section Of The State

1st Prize

A BEAUTIFUL 9 PIECE WALNUT DINING ROOM SUITE

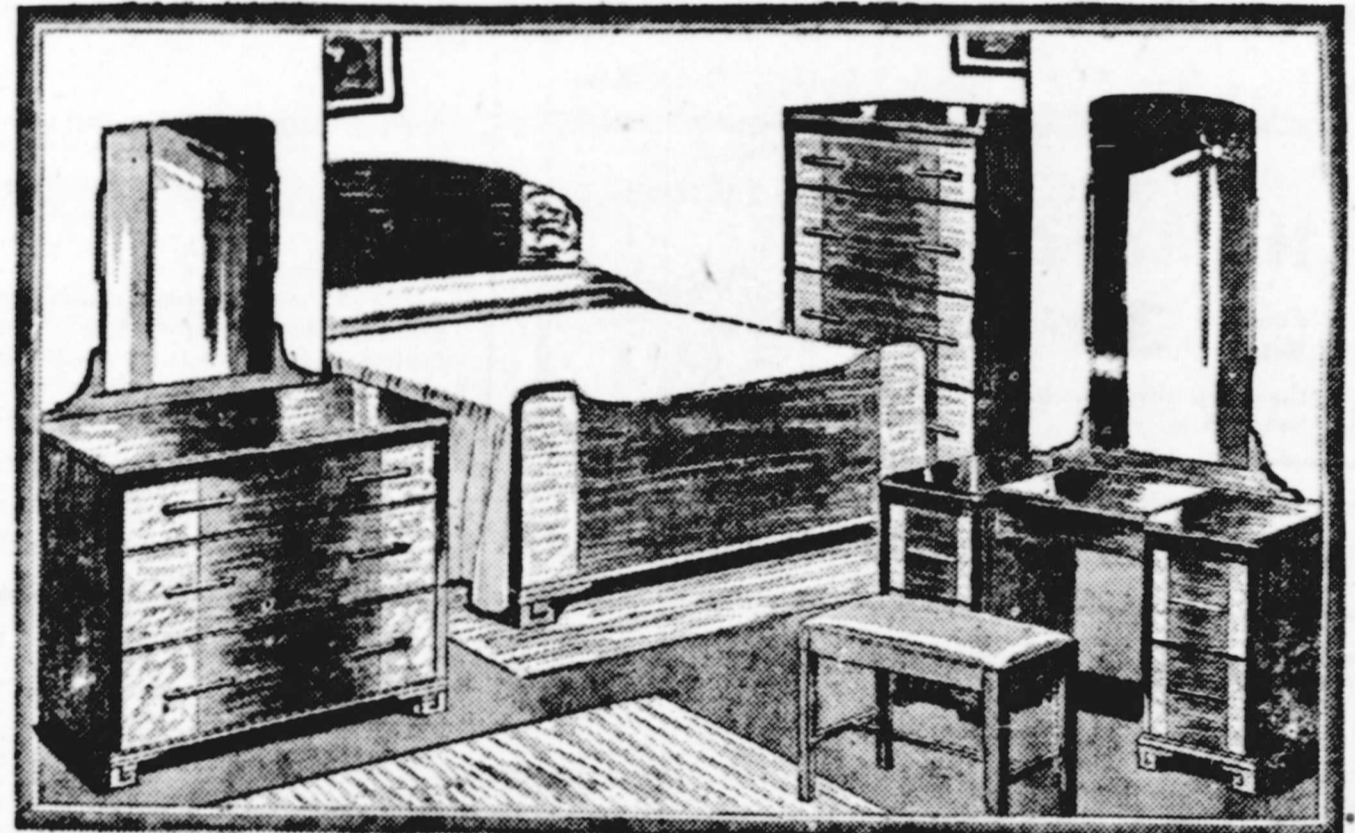

HOW TO WIN

Come to the store phone or write our Contest Manager to enter your name as a candidate to win one of the Grand Prizes. Contestants from surrounding towns will have as good chance to win as those living in Brownfield where many of the candidates are working. You may nominate yourself or some friend. Don't hesitate to see what someone else is going to do. JOIN NOW! Get in touch with your friends who will be glad to help you. Spare time among them will bring you thousands of votes.

2nd Prize

A LOVELY 4 PIECE BED ROOM SUITE

15 THRILLING DAYS OF FRIENDSHIP COMPETITION

This Outstanding Event is given to bring hundreds of new as well as old customers into our store, where they will find every department overflowing with the most wonderful values known to modern merchandising in which every person above the age of 16 years may enter to win one of the beautiful valuable—

PRIZES GIVEN FREE!

FREE 5,000,000 VOTES

Given with each new account opened at our store during this Great Friendship Contest of \$5.00 or more.

IMPORTANT

Merchandise Cards will be issued during the great contest of \$5.00 denominations. 500,000 votes will be given for selling a \$5.00 Card good any time during Contest or after. For purchases or payments on account.

Daily Program

EVERY MONDAY—Weighing Day. Come to the store each Monday of contest, step on our scales, and for each pound you weigh you will receive 30 votes for yourself or favorite candidate. It's all FREE

EVERY TUESDAY—Free Vote Day. Every person coming to our store is entitled to 5,000 Free Votes for themselves or their favorite candidate. It's all FREE!

EVERY WEDNESDAY—Triple Vote Day. On each Wednesday of contest TRIPLE Votes will be given on all purchases. Example 30,000 votes given on each dollar cash purchase or paid on account.

EVERY THURSDAY—Registration Day. Everyone coming to our store on Thursday during this contest and registering his name and address will be given 5,000 votes. Those living outside the city entitled to 1,000 votes each additional mile they come—limit 30 miles.

EVERY FRIDAY—Recipe Day. 5,000 votes will be given you or your candidates for writing your favorite recipe and giving it to the Contest Manager. Each person entitled to one recipe each Friday.

EVERY SATURDAY—Big Vote Day. Come to our store on Saturday during the contest and make a purchase of \$5.00 or more, you will be given 100,000 FREE VOTES. 200,000 when purchase is \$10 or more. And 500,000 when the purchase is \$25.00 or more.

The SNAPSHOT GUILD
Night Snapshooting With Box Cameras

Thanks to more powerful artificial home lighting, owners of inexpensive slow lens cameras can now make snapshots indoors at night.

ARE you missing the fun of indoor snapshooting at night? Maybe because you have an expensive camera, such as the box, fixed-focus type, you think that indoor picture-taking at night is not for you. Perhaps you still suppose that without an f.6.3 lens or faster, you have little chance of succeeding, except by making time exposures. Be happy that such is the case no longer. There is now available, for indoor instantaneous exposures in your home at night, a new and more powerful photographic flood light bulb (No. 2), and with two or three of these in your room, backed by inexpensive cardboard reflectors and with a roll of the fast super-sensitive panchromatic film behind your lens, snapshots at night can be made even with the slower single lens cameras. The initial investment in these new bulbs is higher but, on the other hand, they last three times as long. So, now that practically everybody can be in on the fun, consider the precious subjects that these more powerful lights permit—a simple box camera to photograph—the children at their evening games or in their nightgowns going to bed, the family gathered around the fireplace, gay evening parties when friends come in, the pets, the bird, the ice-box, and what not. One of the enjoyments of making pictures at night is that you can control the illumination. In doing this, however, care should be taken to obtain the right balance of light. Remember that usually you get a better picture with more illumination on one side of the subject than on the other. Either two flood light bulbs should be used on one side and one on the other, or if only two are used, one should be placed closer to the subject than the other. The light nearest the subject is the main light—the one which produces the high lights and shadows necessary for proper modeling of features. The other is used to balance the lighting—to illuminate features so that they will not be too dark. If this light is placed too close, faces will appear flat and lacking in roundness. On the other hand, if it is too far away, shadows on the side away from the main light will be too dark and the lighting will be harsh. Suppose that you have placed a bulb in each of two bridge-type lamps with the shade, replaced by the cardboard reflectors. You will probably get a good balance of lighting by having one lamp about three feet from the subject and the other about four. It is an excellent plan before you snap the picture to experiment with the lamps in different positions, watching the different lighting effects on the face or faces. Always use the largest diaphragm or stop opening. Slow lens cameras having adjustable shutter speeds should be set to take the picture at 1/25 second.

JOHN VAN GUILDER

Aeculapias Corrects Us On "Gettysburg"

Say Jack: In your article on the visit of your old friend you speak of the Battle of Gettysburg as a two days engagement. It was, in fact, a three days fight, begun on July the 1st, 1863 and continued through the Second and Third ending with Pickett's Charge, and the virtual annihilation his column.

Again: That Charge was not made with Cavalry but with Infantry. The only use of cavalry mentioned, that I can recall was on the first day and that by the Federal Commander, General John F. Reynolds on their first contact with the Confederates who finally drove the Federals from the field, killing Gen. Reynolds. On the second day the battle was renewed in the afternoon and after sharp fighting the Federals again fell back to new positions.

On the third day both armies having taken new positions, Gen. Meade commenced the attack by forcing a portion of the Confederates from trenches they had captured the previous day, nearest the town.

At about one o'clock the Confederates commenced the bombardment of the Federal trenches and was replied to by the Federals, which was perhaps the greatest artillery duel of the Civil War.

After some two hours of artillery fighting the Federals ceased with their artillery and the advance of Pickett's men began and were met by artillery and rifle fire.

The old Confederate Veterans who went down in the awful charges at Gettysburg could never be replaced.

This is not written for controversy but I feel sure you are mistaken and we all like for the news paper to get it correct. My stepfather fought there and our near neighbor for years was a Color Bearer for his division. Both men were wounded in that Charge. The latter brought his flag away with him and after his recovery he brought it to his home. I have seen it many times. Have heard the Battle discussed all during my young life.

I have no history of the War hence cannot feel sure as to details.

—Aesculapius
We stand corrected Aesculapius, as we know you are much more of a historian than we—A. J. S.

The candidate was rather surprised when he faced the "audience" to find it consisted of one solitary person. Realizing, however, that an election may be won by one, so to speak, he braced himself up and delivered his address as to a "packed house."

After an hour and a half of pledges and promises, he wound up with: "And now, my dear sir, I will not encroach upon your valuable time any longer—"

"Oh, it's all right, gov'ner," interrupted the "audience." "Fire away! Don't mind me; I'm only your taxidriver."

Important Oil Industry Buys Southern Plant

View of one of ten buildings on the 52-acre site purchased by the National Oil Products Company at Cedartown, Ga. (Insert) President Charles P. Gulick of the Harrison, N. J. company.

CEDARTOWN, Ga. (Special)—Construction work was underway today at the new 52 acre, 10 building plant at Cedartown, Georgia, of the National Oil Products Company of Harrison, N. J., for the manufacture of products used in textile processing, paper milling and other industries.

Charles P. Gulick, president of the company, said this property with an additional building will be operating within three months. The land and original buildings were purchased from the U. S. Finishing Co.

Purchase of the new plant extended the National Oil Products Company's nationwide operations into the growing field of Southern industry. The company maintains other offices and plants in Chicago, Boston, San Francisco, Portland and Seattle with main offices, laboratories and manufacturing facilities in Harrison.

The plant, second in size only to the Harrison site, will manufacture completely all type products of sulfonation, condensation, high and low temperature chemical reactions and compounds of complex chemical synthesis.

J. H. Barton, vice-president of the company, has just left Cedartown and returned to the home office at Harrison, leaving Works Manager E. T. Woods at the Cedartown plant. Mr. Barton said that these chemical products will be for the use of the paper mills, textile processors and other types of industry, formerly in New England areas, that have expanded into the South.

manufacture metallic soaps in one of the buildings. Our plant at Harrison, N. J., has been in the heart of the territory we served since it was established in 1907," Mr. Barton explained.

"We found during the last two years, however, that our business has been moving away from us in tremendous strides. Our best customers are operating in the South today and so we had to come South to be near them. Our southern location will result in substantial freight savings to our customers over the years.

An operating force will be put to work as soon as the first units of the plant are in operation and this force will be expanded steadily as rapidly as other units are ready for production.

Labor and clerical forces will be drawn from the South and chemists from Southern Universities will be selected for laboratory work. Technical supervisors from the Harrison headquarters will be in charge until Southern technicians are trained to handle the work.

Equipment which would have been termed "chemical curiosities" a few years ago will be installed in the new laboratories which will be at the disposal of all Southern industries.

To supply the raw materials for the plant, oils from the far corners of the world including Italy, Spain and Greece will be received in shipload quantities at Savannah, Ga., and Charleston, S. C., where they will be transhipped by rail to Cedartown.

In addition, various vegetable oils of Southern origin will be used to open a new market for Southern agriculture. Various manufactured products will be purchased, also.

"We will need at the start several thousand hardwood barrels a month," Mr. Woods said. "We came to Atlanta to arrange for the production of these barrels from a dependable firm. We found the firm that will supply our barrels will have to enlarge its plant and increase its force in order to handle our contract."

Our local materials will be used "where possible," Mr. Barton emphasized. The Cedartown plant will be the center of an expanded sales force, which will sell a complete line of specialized oil products for bleaching, dyeing and finishing.

Other features of the new plant include 17 mill houses where employees will live and a natural spring providing an unlimited water supply for the pump house. Mr. Barton said this was one of the main reasons for selection of the Georgia site. "That was what we were looking for principally," he said. "We use a tremendous amount of water and it must be cool, clear and pure. The other reasons for the location of this plant in Georgia are that we have found a plant that, with the erection of storage tanks, will be superbly suited to our needs. We have a railroad spur into the property already; important savings will be made on freight rates by being in the heart of the region where our customers are operating their plants. "We believe, with the movement of the textile mills into the heart of the cotton belt, that the use of Southern products will increase and we hope to contribute to this growth."

NEVER HAVE A COLD

DENTON, Feb. 17.—A life that is ideally managed never has a cold. In order never to contract a cold, however, one must have a great deal of foresight, a great deal of determination and a great deal of time to give to one's self.

The best preventive measure known is to keep one's general health as good as possible. The common cold causes more illness, more days lost from work and school than any other disease. You can help avoid this by a few simple rules of hygiene. One must eat regularly and properly, drink sufficient water to flus the kidneys, sleep as much as one needs and at regular times, pay full attention to body elimination, work within the limits of one's strength, avoid people with a cold, harden the body by exercising daily, wearing proper clothes, and avoiding dry over-heated rooms. Colds thrive on poor ventilation, dust, and fatigue.

Colds often times run through the family due to the use of a family towel, wash cloth, and improper disposal of handkerchiefs.

The cold sufferer often eats heavily, thinking he must feed a cold. Overeating or eating beyond appetite is now considered more dangerous than starvation, and it necessarily upsets a sluggish digestion, retarded already by a cold.

SAFETY---OR THIS?

DEATH, in the guise of heavily loaded motor trucks, rides the highways of Texas every day and every night. The toll of human death and injury of these vehicles is appalling.

In the five-year period, 1932 to 1936, inclusive, trucks in Texas have participated in 8,416 highway accidents in which 2,195 persons were killed and 11,962 injured. In 1936 alone, their record stood 2,208 accidents with 3,323 persons injured and 576 killed. These actual records of people killed, as shown by Texas newspapers, compared with the number of deaths resulting from all motor vehicle accidents, as given by the Bureau of Vital Statistics in Austin, show that the average Texas truck participates in twice as many fatal accidents as the average passenger car.

Likewise, as might be reasonably expected from their greater weight and size, and as shown by the records of the Texas Railroad Commission, the Carrier-for-Hire truck accidents, during 1936, have resulted, vehicle for vehicle, in three times the number of fatalities as for the average passenger car.

Increased liability to highway accident forms an inseparable result of BIG truck operation. But even now, the threat of greater highway hazards hangs over the people of Texas. Newspapers report that operators of BIG trucks have organized for the purpose of securing an increase in weight and speed limits, already too large. These are the elements, weight and speed, which, in highway accidents, spell "D-E-A-T-H."

The right to grant, condition or deny the use of the highways for profit, belongs to you, the people of Texas, notwithstanding the attempts of the operators of BIG trucks to take it away and give it to the federal government instead. Your present laws, limiting the size, weight and speed of trucks, were enacted by reason of your insistence, and by your insistence they have remained on the statute books. Their amendment would serve the sole purpose of increasing the profits of operators of the BIG trucks, with the certain results of also increasing the mounting injuries, deaths and property losses now taking place on your highways.

Public welfare and public safety demand that existing highway regulations shall be retained and enforced.

ORDINANCE NO. 1153

An Ordinance Regulating the Parking of Automobiles and Other Vehicles Tractors and Trailers Upon the Streets Within the Corporate Limits of the City of Brownfield

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BROWNFIELD:

- 1. From and after the passage of this Ordinance, it shall be unlawful for any person, firm or corporation to park or leave standing any automobile, tractor, trailer or other vehicle in the center of any street within the corporate limits of the City of Brownfield.
2. It shall be unlawful for any person, firm or corporation to double park, an automobile, truck or trailer upon the main street, or any paved street, within the City Limits of the City of Brownfield.
3. It shall be unlawful for any person, firm or corporation to park and leave standing, loaded or unloaded, any six wheel truck with trailer attached, or any automobile with trailer attached thereto, on main street in the City of Brownfield between Fourth Street and Ninth Street except for the purpose of loading and unloading same not to exceed fifteen minutes at any one time.
4. It shall be unlawful for any person, firm or corporation to park and leave standing upon any Street within the corporate limits of the City of Brownfield, an automobile, truck tractor or trailer, when the same is being displayed and advertised for sale.
5. It shall be unlawful for any person to drive an automobile, truck, tractor or other vehicle through any red light, or to make a U turn on any light, within the City Limits of the City of Brownfield.
6. Any person firm or corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be fined not to exceed the sum of Fifty (\$50.00) Dollars.
The above ordinance being read, it was moved by C. B. Quante, seconded by Tom Cobb, that same be adopted, the question being put, C. B. Quante, Tom Cobb, Homer Nelson, Marion Craig and C. J. Smith voted

"Aye" and no votes to the contrary it is declared that said ordinance carried and the same is hereby passed, approved and adopted.

ATTEST: L. C. Wines, Mayor of Brownfield. Roy M. Herod, Secretary.

WELLMAN

Mrs. Orr who has been ill with pneumonia is rapidly improving. Mrs. J. W. Baker of Lubbock, Mrs. Orr's mother is visiting in the home of her daughter and taking care of her for a few days.

Mr. Sam Adair is visiting home folks for awhile, he is attending Junior College at Cisco.

A Shivarree was given the newly weds last Tuesday night, Mr. Blaine Bennett and wife, who was formerly Miss Morris Spears. This young couple will make their home in this community. They all reported a wonderful time at the party.

Mr. and Mrs. E. R. Norton have moved in the building belonging to Mr. Schroeder of Lubbock. They will also operate the store and we understand have most of their stock of groceries and other supplies all ready to go.

R. L. Burnett and family attended Bible Class at the church of Christ Sunday and visited in the home of Mrs. Burnett's mother, Mrs. W. L. Pace.

Mrs. Walsie Harrington left Monday for different points in Oklahoma and will probably be in that state for quite awhile.

Misses Juanita Rex and Mozelle Singleton had dinner with Helen Glibreath Sunday.

Wellman High School is starting with basketball and are now starting to prepare for tennis and they are going in there to win.

Wilson Roberts and family moved this week to our little city, they occupy one of Mr. Campbell's houses.

Last Friday was another high event in the Wellman school system. Especially to the first grade pupils, since many of them had not experienced a Valentine party at school before.

The school is doing everything in its power to raise money for the county meet. We want the meet to be a success and we are trying to do our part in selling tickets to see

"Pigskin Parade."

I wonder what has gone wrong with Miss Jo Oliver's head. Somebody said it was a new blue Ford. Lots of luck to her.

Miss Velma McClish spent a most enjoyable week end at home.

A group of young people from Wayland college at Plainview entertained at the Baptist church, Saturday evening and Sunday. Their programs were enjoyed very much. There are still some cases of pneumonia in our surrounding neighborhood. It is our greatest wish that the Chancellor children, James, Melvin and Melford RaRy recover soon and return to school.

Mr. and Mrs. Bill Grigg visited Mr. and Mrs. John Matthews, Sunday.

Mr. and Mrs. Chrestman visited Mr. and Mrs. J. B. Bell, Sunday evening.

Meadow Items

Valentine Day has come and gone, so far as we could see, didn't notice that cupid arrows were flying around piercing any more hearts than any other Sunday. However it could be that since we are not seeing so well, arrows could have been flying around and we just failed to see them. "None so blind as they who do not care to see." We wonder if Dan Cupid was "peeved" and influenced the sand yesterday but we rather censure Dan with this and just attribute it to climatic conditions in west Texas. Sure enough this morning we have a real sandy blowing from the north.

Mrs. Herbert Cheshire and baby and Mrs. Bernice Sisk together with her daughter, Bobby Corrine, were victims of the flu last week but are reported to be better at this writing. Twelve ladies of the W. M. S. met with Mrs. Cliff Wood out at her lakeside home last Wednesday afternoon. Chicken salad sandwiches, coffee, cherry pie, topped with whipped cream was served for refreshments.

The W. M. U. met Monday afternoon at the Baptist parsonage. Eight ladies of the church of Christ met Wednesday afternoon for Bible lesson at the home of Mrs. C. W. Avery.

Mr. and Mrs. Jim Peeler spent Sunday with their parents, Mr. and Mrs. J. W. Peeler.

Mr. and Mrs. Roland Evans are having a neat cottage erected in the northern part of town here. Mr. Cliff Wood is the contractor for the house, assisted by Mr. Burl Henson.

Bro. John Burhart of Lamesa graduate of Abilene Christian College filled the pulpit at the church of Christ Sunday at eleven and again at seven-thirty. He is quite an efficient preacher of the gospel.

The Junior basketball boys won first place in the Terry County Tournament at Union Saturday, and

came home on to Lubbock in time to see the Senior boys wind up in their final triumph at the District Meet at Lubbock. We have not heard yet whether any of these boys had to have new hats since their victory or not. Again boys and girls may I urge you to get busy on your Literary work in the Interscholastic League work. Miss Margurite Wood teacher in Big Spring school, spent the week end with her parents, Mr. and Mrs. Wood. Mr. Oscar Filty returned from a trip to New Mexico last week end. Mrs. Brown, manager at the Copeland Cafe, left Saturday for her home in Fort Worth. Miss Gertrude Brown will fill her place there. Mr. and Mrs. S. S. Hyatt are moving into our community from Leveland. Messrs. Neal and Vanoy Turnbough together with Mr. A. Short attended the show at Ropes Saturday night. Mr. E. H. Jones is going to Fort Worth on business. Mr. Henson from Needmore community was in town Saturday afternoon. Plains News. We are glad to report that Mrs. Marion McGinty is better at this writing. Mr. and Mrs. Ralph McClellan attended the show in Brownfield, Tuesday night. Mrs. Joe Ellison and children and Alice Melton spent the week end in Seagraves. The young folks enjoyed a party Friday night at the home of Mr. and Mrs. Pride. We are sorry to report that Miss Nancy Wolf is sick again. Mr. and Mrs. William Anderson have moved to the home of Sherne Henard. Mrs. Annie Thorton and children spent Friday with Mrs. Joe Ellison. Mrs. Charlie Duncan left Sunday for her home in Vernon after a few weeks visit with her parents, Mr. and Mrs. J. M. Story. Mrs. W. H. Hague, Mrs. D. T. Cates, Dixie McClellan and Faye Lusk were Lubbock visitors Wednesday. The Junior class enjoyed a party Tuesday night at Miss Nancy Wolf's. Joe Ellison, Ed Dumas and Gravy Fields had business in Roswell last Saturday. Mrs. M. A. Huffines is down with the flu this week. A revival meeting started at the Baptist church, Sunday. Rev. Wilkerson of Plainview will do the preaching. Everyone is invited to attend. Mrs. D. T. Cates is on the sick list this week. CEREBRO-SPINAL MENINGITIS EXPECTED. AUSTIN, Texas, Feb. 9.—It is at this time of the year that cerebrospinal meningitis usually shows a marked increase in Texas, according to Dr. Geo. W. Cox, State Health Officer. While the number of these cases is not alarming as yet, preventive measures should be followed. The best method of escaping this disease is the prevention of overcrowding either at home or in public. Overcrowded conditions in camps, barracks, jails, or other institutions where men are brought in close contact are most favorable for outbreaks. Children and old people are more susceptible than those of middle age, and Negroes contract meningitis more frequently than whites. People with colds and coughs should stay indoors if possible, should practice personal hygiene and cough into their handkerchiefs. The early symptoms of meningitis are those of a cold or influenza. If one has headache, backache, fever and chilly sensations, he should consult his family physician at once. Healthy carriers spread the disease from their nose and throat to those who are susceptible. Most adults are not susceptible to the disease. The earlier the diagnosis is made, the better are the chances of recovery. All suspicious cases must be isolated. L.O.O.F. FOR ROMANCE? CHARLESTON IS FAMOUS. The story of Charleston—"one of the most romantic and historic old cities in the United States"—will be told by Carveth Wells in the Continental Oil Company broadcast, "Exploring America with Conoco and Carveth Wells," over radio station WFAA, Dallas, at 6:30, Saturday, February 14th. "Charleston has an amazing record of firsts," says the famous explorer and radio star. "This South Carolina city had the first steam railroad, first submarine, first torpedo boat, first department store, first drug store, first museum, first chamber of commerce, first Pointsettia in America, first golf course, first independent American government and first president." In addition to relating interesting incidents in Charleston's history, Wells will describe the many gardens for which the city is famous. "The most famous of all," he says, "is Magnolia Garden. Strated in 1676, this garden is now conceded to be the most beautiful in the world." Mrs. Thelma Little was called to Laredo, Tuesday because of the death of her brother, R. H. Burnside, who was taken to Denver, Colorado, for burial.

Weekly Church and Social Happenings

Mrs. Herman Trigg, Editor

Phone No. 45

W. M. S.

The W. M. S. of the First Baptist church met at the church on Monday, February 15, in a business and mission meeting. Twenty-three ladies were present.

The Annie Long circle presented a mission program. The subject being, "The Jews." A general social was planned for the night of March the 9th.

We are to meet at the church at 1 o'clock on Thursday, February 25th and spend the afternoon studying the Mission book, "Follow Me." Next Monday is Industrial Day. The Lockett circle will meet with Mrs. D. P. Carter. The Lottie Moon with Mrs. Turner. Announcements as to the meeting places of the other two circles will be made at the church next Sunday.

The Sunbeams met at the church last Saturday p. m., fifteen children and two sponsors were present. Come to Sunbeams each Saturday p. m. from 2 to 3 o'clock.

The Intermediate G. A.'s met with Mrs. Thames, their sponsor, Monday p. m. at 1:15. Ten girls were present. They will meet at the church next Tuesday p. m. at 4:15.

PRESENTS CHILDREN OVER KFYO

Mrs. W. H. Dallas presented a number of Brownfield's musical children in a radio program, Sunday afternoon at 4 o'clock over KFYO.

"How I Love to Visit Grandpa," Sam Douglass and Barbara Cynthia Tankersley.

"The Polliwog," Peggy Ruth Black "Little Feet," (request number) Mary Edna Tankersley.

"Mickey Mouses Birthday Party," Mary Edna, and Sam Douglass, Tankersley and Patsy and Peggy Black.

"Codfish Ball," Patsy Ross Black.

"An Evening Prayer," R. L. Clay.

"Old Faithful," Ted White.

Another group will sing soon.

MAIDS AND MATRONS

The Maids and Matrons met Tuesday afternoon at four o'clock in the home of Mrs. M. E. Jacobson. After a business meeting, a program fol-

lowed.

"The Women Teacher, Her Income, Her Problem, Social and Economic," Mrs. Randal.

"Interesting Careers of Women," Mrs. W. H. Dallas.

"Women in Politics, National and International," Mrs. Davis.

A dainty refreshment plate was served to Mesdames Moore, Ranadl, Bailey, Self, Davis, Price, Smith, Wingerd, J. H. and W. H. Dallas, Brownfield, Pyeatt, Trigg, Daugherty, Telford, and Misses Fitzgerald and Rasco and hostess.

BAPTIST CHURCH NEWS

Our meeting is fast drawing to a close, have we done our best?

We have had very good crowds and wonderful messages, both morning and evening, we can't imagine any-one hearing such messages, not being inspired to live closer to their Lord, and do more for Him. We are so thankful, Bro. Cohen came our way. Our church has been strengthened I'm sure. We have had 25 additions up to Tuesday night, nine for baptism, 16 by letter. We extend a hearty welcome to our new members. There are still a great number of Baptist in our midst, that should affiliate themselves with the church. Won't you come on and do this Sunday? The meeting closes Sunday night, remember there will be three services Sunday. At 2:30 p. m. Bro. Cohen will speak on "Why It Is So Hard To Reach the Jews for Christ" and will tell something of their customs, it will be worthwhile, be there to hear him.

THE BOOK OF ISIAH WAS TOPIC FOR W. M. S.

Fourteen ladies were present at the Methodist Missionary Society, Monday afternoon. Mrs. Judson Cook was leader for the lesson. Mrs. G. S. Webber and Mrs. W. H. Carpenter gave interesting papers. A round table discussion was enjoyed. Meditation was led by Mrs. Jack Thompson. Each member gave testimonials of appreciation of the scripture.

The Society will meet next Monday with Mrs. G. S. Webber for a social.

The SNAPSHOT GUILD

Put Your Pictures to Work

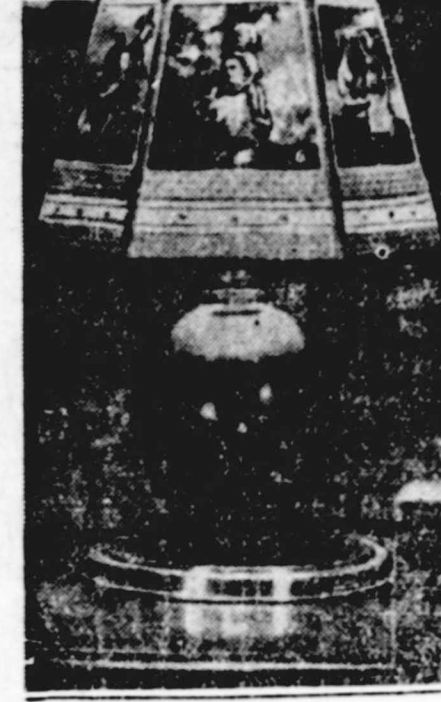

The "Photo Tray" and the "Photo Lamp" are good places for your choice snapshots.

INASMUCH as the purpose of a photograph is to be looked at, did it ever occur to you that keeping prints of lovely pictures in a desk drawer, in a box or on the shelf of a closet, as too many amateurs do, utterly defeats that purpose. To be sure, they may be taken out once in a while to show to friends, but, as far as giving pleasure is concerned, the pictures might as well never have been taken, if they are kept out of sight. Even when mounted in a photo album, they are not allowed to do the full duty that they might.

Of course, it is impractical to keep all your prints constantly in view, but why not keep some of the choice ones out in the open and at the same time beautify your home? Having them enlarged and framed is one obvious way, but here are three more ideas for doing this which will afford you continuous pleasure in wholesale fashion.

Do you remember the fad for trays lined with cigar hands back about 1905? The modern and certainly much more dignified variant of that scheme is a "photo tray" with a design worked out in your best snapshots. The prints are mounted on a board beneath the glass cover. Any amateur craftsman can do such a job easily. There is a fascinating evening's work in selecting the prints and arranging patterns. It is a challenge to your ingenuity and artistic taste. If you happen to be a hobbyist in flower pictures, you can use them to make a flower design of great beauty.

Another idea is to make a "photo-lampshade." Prints or enlargements

should be made on single weight paper and pasted on the shade as your artistic ideas dictate. Better for this is to have your negatives or enlargements printed on the special translucent photographic paper that is coated with emulsion on both sides and practically produces a transparency.

Another and somewhat more elaborate way to keep your pictures in view is to make a snapshot bedroom screen. Contact prints or enlargements are trimmed to a uniform size and pasted-mounted on panels fitted into the screen frame. This idea is capable of infinite variations. The screen can be a veritable family history in snapshots or it can tell of a memorable vacation, pleasure cruises or trips abroad. A big enlargement on each panel of the most significant or outstanding picture of the selection gives a striking effect.

THIS FARM FAMILY MADE GOOD FARMING

AMARILLO, Texas, Feb. 17.—In numerous cases the Resettlement Administration has proven that a man who has been on relief for years needs only a chance to become self-supporting to regain his independence and initiative.

This farmer had been on relief for four years. He had been reared on a farm, and farmed for himself for a number of years, until the depression forced him from his farm. Early in 1936 he rented 100 acres on the halves. From the Resettlement Administration he received a loan of \$310. With this money he purchased a cow, 70 chickens, 3 hogs and a pressure cooker.

The farmer owed a grocery bill when he received the Resettlement loan, but through industrious work this was paid, and he and his wife raised a garden which provided them with a great quantity of food during the summer months, and they canned more than 200 cans of fruits and vegetables for the winter.

This man made 18 bales of cotton, 5 tons of maize, and 1500 bundles of begari for his one-half share of the crop.

He paid his Resettlement loan in full, has some cotton left, in addition to his pigs, chickens, cotton seed and cow. He has no place for another year because his landlord is planning to farm the land himself, but it should be no trouble for him to find another farm, with the excellent record of home and farm management which he has shown in 1936.

This farmer and his family desire to remain on the farm. They say, "No more relief for us; we want to stay on the farm if at all possible."

CARD OF THANKS

We wish to express our sincere appreciation to all our friends for their expressions of sympathy in our recent bereavement.

George D. Couchman and children. W. J. Chesney and family. G. N. Couchman and family. Mrs. F. L. Couchman and children. Mr. and Mrs. Earl Clements.

Well, we've had two pretty good old time sandies this week, not the native however, but the grey dusters from the north.

Texas Has a Large Percent of Pensioners

AUSTIN—Commenting upon the Social Security Board report received late last week, Director Orville S. Carpenter of the Old Age Assistance Commission pointed out this week that Texas was paying more of its aged than any other state excepting Ohio, which has a larger population, that states with higher average grants had fewer recipients than Texas, that the average payment for this state was larger than that of any other southern state, that states with larger populations than Texas were paying fewer old people.

"Other large states, such as Calif., Ill., N. Y., and Penn., have less old people on the rolls than we have. We are adding more names this month so that the February rolls will probably expand until we will be paying more aged individuals than even Ohio, although its population is larger than ours," Carpenter said.

Ross Reports 50 P.C. Car Sale Increase

Returning to his home here today following a business conference in Amarillo, C. E. Ross, local representative of Hudson and Terraplane automobiles, Brownfield, reported that shipments of new cars from Detroit factories of Hudson Motor Car Company to date are running nearly 50 per cent ahead of last year, and that the early public demand indicates 1937 will be one of the best business years in Hudson history.

Merchandising plans for the next three months were presented by company executives from Detroit at the business meeting which was attended by the company's dealers from throughout this section. Announcement was made of a national program dealing with the "Selective Automatic Shift" a new automotive development which contributes to greater motoring safety.

Mrs. D. P. Carter, Miss Maude Bailey and Mrs. Ralph Carter visited Mrs. W. H. Collins who is in the Lubbock Sanitarium recovering from a major operation.

CARD OF THANKS

We take this means of thanking our many friends for their words of kindness and appreciation in our bereavement in the loss of our dear daughter and sister. May God bless each of you.

"THE CAPTAIN'S KID"

Mr. and Mrs. Marlin Davis of Waxahachie were week end guests of her brother, Mrs. W. R. McDuffie and family.

Ulysses Sawyer and wife of the Tatum, N. M., section were visitors in our city, Wednesday.

Mr. and Mrs. Guthrie Allen Jr., spent Sunday with his parents at Lamesa.

Bayne Price was a business visitor here recently.

A check was received this week from our old friend, J. F. Winston, to keep 'er comin'.

Mrs. L. E. McClish had a major operation Wednesday at the Lubbock Sanitarium.

Will Dixon of Cortez, Colo., was a visitor in our city this week. Will was the first county and district clerk of Terry county.

Dewey Murphy and Carl Rodgers were business visitors in Abilene, Tuesday.

Mr. and Mrs. Joe J. McGowan spent last week end in Quanah with her parents, Dr. and Mrs. G. W. Radford.

Mr. and Mrs. C. E. Ross had a sad journey last week to Quitman, Texas, on account of the death of her father, Mr. W. H. McCright, aged 74.

We thank Graham Smith for his renewal recently.

T. A. Smith was in from the farm Wednesday after supplies.

Mr. and Mrs. Clovis Kendrick, Mr. and Mrs. Jim Graves and Mr. and Mrs. Spencer Kendrick spent Sunday evening in Lubbock.

Mr. W. W. Terry is ill with the flu.

One of the men spoke: "I dug this hole where I was told to and began to put the dirt back like I was supposed to. But all the dirt won't go back in. What'll I do?"

For a long while the supervisor pondered the problem. Then: "I have it. There's only one thing to do. You'll have to dig the hole deeper."

"What happened to your face?"

"Had a little argument with a fellow about driving in traffic."

"Why didn't you call a cop?"

"He was a cop."

Count the good deeds you ought to do, not those you have already done.
