REMODELED RIALTO THEATRE TO BE REOPENED TO PUBLIC NEXT TUESDAY

At a Cost of Several Thousand Dollars, the Rialto Has Been Transformed Into One of the Most Beautiful Show Houses in All West Texas.

After a remodeling job on the Rialto that runs into the thousands of dollars, the Rialto Theatre will open next Tuesday night according to the proprietor Earl E. Jones, featuring the popular Hawaiian play "Waikiki Wedding." The stars will be Bing Crosby, Shirley Ross, Martha Raye and Bob Burns. Read their ad this week. It will give you a better idea of this reopening feature.

We have not had the opportunity of a peep within the Rialto since the remodeling job started, but we have been informed by those who have that aside from the picture, it will be worth the price of admission to see the transformation that has taken place in the last few weeks. In fact, you will see the interior of a show

building that will compare favorably with the best theatres in cities many times larger than Brownfield.

Nor has the work of "face lifting" and "beautifying" stopped with the interior. Much is being done to the exterior that will add to the beauty and convenience of this popular show house. Mr. Jones has taken care of his patronage mighty well since the Rialto was closed with his smaller show house, the Ritz, but his many friends are eagerly awaiting the opening of the remodeled show house.

So the Herald joins with many friends of Mr. Jones and his force of twelve efficient helpers in offering congratulations, and we feel sure he will have an overflow crowd next Tuesday night.

Crosby, Burns, Raye In "Waikiki Wedding"

Bing Crosby, Bob Burns and Martha Raye, the trio, who made "Rhythm on the Range" one of last year's outstanding comedies with music as together again in "Waikiki Wedding," a gay comedy of love and music under tropic skies which opens Tuesday at the Rialto Theatre.

Beautiful Shirley Ross, who was with Bob and Martha in "The Big Broadcast of 1937," carries the feminine romantic lead of the new comedy. The cast also includes George Barbier, Leif Erikson, Miri Rei, the Tahitian dancer who was the sensation of the Ziegfeld Follies recently Kulei and Nalani De Clerq, native Hawaiian dancing team, and over two hundred native dancers, musicians and other performers.

"Waikiki Wedding" is the story of a press agent, played by Crosby, whose job it is to keep Miss Ross thrilled with the glamour of Hawaii. He does a thorough job of it, falling in love with her in the process and it is when he is forced to extricate himself from an entirely synthetic Hawaii that he had created that some of the comedy high spots are reached.

Bob Burns and Martha Raye also have a romance very much like the one they had in "Rhythm on the Range," and Miss Raye sings a number of "swing" solos in the manner which has lifted her from obscurity to fame in less than eight months. The music is by Robin and Rainger, the team which provided the music for "The Big Broadcast of 1937," "College Holiday," "Champagne Waltz" and other recent outstanding musical hits.

The barbaric "drum dance," once practiced by the Polynesians before making a human sacrifice, is performed by Miss Rei in "Waikiki Wedding." It is the first time the famous dance has been recorded by the motion picture camera. The story also contains a native Hawaiian wedding ceremony, performed just as it is in the South Seas. "Waikiki Wedding" was directed by Frank Tuttle who directed "College Holiday."

ATTEND BEAUTY CONVENTION AT LUBBOCK

Mrs. Bertha Stahler, Mrs. Ruth Lewis, Miss Gwendolyn Scott and Miss Etta Rickard, of the Sandra Sue Beauty Shop, went to Lubbock to attend the West Texas and Eastern N. M. Beauty Convention, Monday.

Paul Compan of Hollywood gave special instruction in finger waving, and Vada Isabel of Fort Worth gave lectures and demonstrations of hair tinting. These conventions are held annually in Lubbock in order to teach the beauty operators of this section the most advanced methods of beauty culture.

Mrs. Lolan Flippin and small daughter, Betty, visited their parents and grandparents, Mr. and Mrs. W. L. Bandy last week.

E. L. Redford and family are entitled to a pass to the RIALTO THEATRE to see "Waikiki Wedding" Be sure to present this clipping at the box office at the Rialto Theatre. Compliment: Rialto & Herald

About the Weather—We Miss Sandstorms

We have had some sad experiences in the past when we undertook to monkey with the Weatherman's business, but we just can't help going after that very Mood Changing guy with hammer and tongs once in a while, even if we do get the worst of the bargain. Returning home last Thursday, we begin to hear what the old boy had been doing way down about Anson and Snyder.

And according to the sand lappers of this county, we missed just about the biggest Pi-raid ever pulled off on the Plains. According to various versions of the affair, just about everything except houses went by a given point, providing you could take it while watching these awe inspiring spectacles. Others said we would cultivate Yoakum county and New Mexico soil this year, and that Lynn and Garza would get a full share of ours and vice versa and versa vice. Some look for Lynn county to be the champion south plains corn county this year.

It has behaved right nicely, however since our return, not because we returned however—just wanted to fool some one. A snow fell some time Sunday night, and a "spitting" snow kept up all Monday, which was damp enough to wet the soil on top.

City Extending Water Mains in City Area

The city officials have been extending their mains in various parts of the city for the past three months. We do not mean by that they are extending any large enough for fire plugs, but large plenty to give pressure to householders, some of which had from three to four tied on 3-4th inch pipes.

Utility Manager, Eunice Jones informed us that altogether, 15,000 feet of 3 inch and 1 1/2 inch pipes are being laid, the last car of which contained about 6,000 feet of these sizes mixed. He stated that when all of this is laid, and the users connected, the waterworks system of Brownfield would be in fine shape.

Making a personal statement of the matter, the writer finds that the new arrangement is giving the pressure we need, and we can tell a great deal of difference. Thanks, gentlemen!

Stamps Quartette to Attend Convention

G. M. Thomason, President of the Terry county singing Convention, was in Tuesday and informed us that the V. O. Stamps Quartette of Dallas would be here for the Terry County Singing Convention, and would regale the people of this section with a concert at the local high school auditorium Saturday night, April 10th.

In order to get the Stamps Quartette, Mr. Thomason informed us that the Convention had been changed from the third Sunday back to the second Sunday in April. The quartette will remain here all day for the convention.

Mr. Thomason also stated that they expected a number of out of town people, and he was calling for volunteers that could furnish a room and bed for the visitors.

God watches even when men sleep.

Redistricting Act Favorably Voted

AUSTIN, March 29.—A bill redistricting the house of representatives on the basis of the 1930 census received a favorable report today from the house legislative districts committee.

The bill was drafted by a sub-committee. If enacted, it would be the first legislative redistricting in 14 years.

According to the proposed change, Lubbock county alone would comprise the 112th district. At present Lubbock, Crosby, Hockley, Cochran, Terry, Lynn, Loakum, Dawson and Gaines counties make up district 119.

Other proposed changes affecting South Plains counties are: district 110—Dickens, Motley, Crosby, Kent, Garza and King; district 111—Terry, Lynn, Gaines, Dawson, Martin, Andrews and Borden; 113—Bailey, Lamb, Cochran, Hockley and Yoakum; and 114—Hale, Floyd and Swisher.

According to the present setup, Bailey, Farmer, Castro, Lamb, Hale, Briscoe, Floyd and Swisher compose the 120th district. Dickens, Stone-wall, Kent, Scurry, Borden and Garza counties are in district 118; and Motley, Cottle, Hale and Childress make up the 121st district.

Reed Named District Judge of This District

LAMESA, March 29.—Louis B. Reed, county attorney of Dawson county, today was appointed by Governor James V. Allred as successor to the late Judge Gordon B. McGuire of 106th district court.

Notice of the appointment was received here late this afternoon. It was believed the senate would take action on the appointment soon.

A resident of Lamesa since February, 1931, Reed was associated with J. E. Garland in a law firm here before becoming county attorney three years ago.

Born and reared in Red River county, he was county attorney there two terms. He also taught in the public schools there. He obtained his law degree from Texas University law school.

He is a lieutenant colonel in the Officers Reserve Corp having been overseas with the American army in the World War.

Judge McGuire was the only judge to have presided, except through exchange of benches, over the 106th district.

About three years of the present term of office remain.

P. O. Force Here "Snug As a Bug in a Rug"

Postmaster James Harley Dallas and his force of workmen look as "snug as a bug in a rug" in their new place of business on the west side of the square in a new and larger building, and with brand new fixtures throughout. In fact they have a grin a yard long, and we know they can and are giving better service, as they have better facilities to do it with.

The writer was shown "behind the scenes" and found everything convenient and in order. In fact, they had all the sand swept out from Monday-Tuesday sandies. They have convenient tables and racks for assorting the mail for city boxes and rural routes, good fire and burglar proof safes, and even a time clock to punch when they come in on duty.

Indictment in Burns Kittrell Case is Voted

WICHITA FALLS, March 30.—A federal grand jury today returned an indictment charging Burns Kittrell with embezzlement of \$11,000 from the Lubbock National bank of Lubbock, March 7.

A capias for Kittrell's return to Lubbock was issued and will be sent to the federal district attorney at Little Rock, Ark., Wednesday morning, United States District Attorney Clyde O. Eastus said tonight.

Kittrell was arrested in McGehee, Ark., Saturday and \$4,720 of money was found on his person. Some \$2,000 more was found at Post, Monday afternoon through the efforts of Eastus and Sheriff Jim Power of Garza county.

Work is an excellent vacation for too much leisure.

"Old Man" Buckles On the Sword Again

Folks, here we "air" again. After a few weeks out in the emergency hospital as a casualty, caused perhaps more or less by pure laziness, mixed somewhat with after-effects of the flu and other real and imaginary ailments, we are back on the job. Old wounds have healed or conalescing; we have buckled on the armour again, and are ready for the sword (pen) rather (typewriter). It makes one feel real good to return home and all the old friends greet you and tell you are looking better, and some of them even call to see you. That's friendship with a capital "F."

Monday the 22nd the writer, and better two-thirds, after taking the baths for the last time in the morning, bid farewell to the fine little city of Marlin on the bluffs of the Brazos, and hit the pike for the fine old city of Hillsboro, via Waco, which was reached at noon. Found Knox and Frenchie McWilliams doing fine, and received a hearty welcome to their beautiful home. The four of us drove over to Hubbard that afternoon to see Mr. and Mrs. Buster Berry. Who will be remembered as staying at our home during the cotton season of 1935-36. Buster was in Fort Worth, but the good lady way at home.

Despite their persuasion to remain another day, it was thought best to keep on toward home, as Mrs. Stricklin was not feeling at her best, and we missed hearing Jim Farley, Postmaster General in a short address at Hillsboro by about an hour on Tuesday, and according to Terry county folks, we also missed a master sandstorm—one of the real big boys by being there that day. Two days and nights were spent with our brother and family near Grandview, who has a real diversified farm, the cow, sow and hen, and on top of that, he raises a little herd of sheep, has a large blackberry patch, from which he derives some of his income. This is out in the cross-timber and on one prong of Chambers creek. A side trip was made one day to Maypearl to see another brother and wife. He is minister of the church of Christ at that place, in Ellis county, 12 miles east of Grandview. Got a good free meal there too.

Now, just before the Hon. Cam Sears has something smart to say about a circuitous route in order to get some good feeds with friends and relatives, as well as a good free bed for the night, will say, that the Maypearl brother wrote us that they expected a visit from us while in that section, and the Grandview brother and family came down to Marlin on Sunday before we left to personally invite us to come by, as also did the McWilliams to stay a month. We have already explained why we spent one night with the wife's kin folks at Coahoma and our son-in-law's mother and family at Brownwood on the way down. We know Cam had no better excuse than that one, last summer.

Leaving Grandview Thursday morning, we headed for Fort Worth, "where the west begins." Visited one niece just a few minutes who happened to live near our route through the western part of the city. Had three other nieces and nephew there, but we were headed home, and it was 11 a. m. then. Well, we did stop just a few minutes at Alvarado in Johnson county, to visit our good friend P. E. (Pete) Pope, groceryman, who owns two sections of land in Terry, and thinks a lot better of it the more he knows of Terry. He is a constant reader of the Herald. Home was reached about 8 p. m., and missed all the sandstorms of last week and week before, thank goodness.

Just a word about that section between Abilene and Waco. Coleman is a fine little city, and Brownwood is growing into a real modern west Texas city, with fine parks, a big lake, fine schools and churches and two excellent denominational four year colleges. Soon after leaving Abilene, one begins to enter that country where each farm or ranch sports a herd of sheep or goats, as well as cattle of the beef and dairy types. There is a fine paved highway to Brownwood, and through Brown county. But you are detoured from there on most of the way to Gatesville, as the State Highway department is straightening and building a new paved road through there. One can see many concrete bridges along from the detour road. These detour roads are pretty rough, especially right following a rain, as we found them, but we got over them very nicely.

District Judge McGuire Passed Saturday Night

LAMESA, March 27.—Judge Gordon B. McGuire, about 59, classmate of Sen. Tom Connally, Associate Justice John H. Sharp of the Texas supreme court, former Sen. Earle B. Mayfield, Atticus Webb and numerous other nationally recognized men, tonight was found dead at his residence here, a victim of a cardiac ailment.

Recognized as one of the pioneer jurists of West Texas, Judge McGuire enjoyed an unique reputation. He was the only judge to have presided, except through exchange of benches, over the 106th judicial district.

Appointed to Judgeship He was appointed to that position by former Gov. Miriam Ferguson when the 72nd judicial district was broken up so that four counties remained with the 72nd and six with the newly formed 106th.

Judge McGuire, then district attorney of the 72nd district, which was presided over by former Judge Clark M. Mullican and who later was judge of the 99th judicial district, had been an able, "but fair" prosecutor, his contemporaries of the bench in West Texas said.

Saw Inspectors Killed He gained much attention from his prosecution in the sectionally famous Milt Good and Tom Ross cases and was sitting in the old Gaines hotel at Seminole the night the two cattle inspectors, Robinson and Allison, fell before a fusillade of shots that raked the lobby.

That was the night of April 1, 1923, said friends, when he sat there, paralyzed with fear and saw enactment of a tragedy that was to rock this entire section.

Judge McGuire attended law school at Southwestern university at Georgetown, where he was associated with numerous students who later were to become readily associated with the reading public. He practiced law at Dallas, Haskell and in Dawson county, and from 1919 until his appointment to the judgeship was associated with J. E. Garland of Lamesa. Before beginning practice, he was a member of the state comptroller's office at Austin.

He had been seriously ill since Thursday and was alone at the time of his death. Mrs. McGuire, also was ill. She found the body at 6:30 o'clock. She had been away only a few minutes. For more than a year the judge had suffered heart attacks, and had collapsed two or three times, said Garland.

He was a member of the Methodist church here, the Masonic lodge and the Odd Fellows.

He left one daughter, Mrs. Betty Freedy of six miles northeast of Lamesa; one son, Gordon B. McGuire, Jr., of Lamesa, and a brother "Jack" McGuire of Texarkana, Ark.

Get Ready to Exercise Your Poll Tax Receipt

For the first time in 1937, the holders of poll tax receipts will be able to carry them out Saturday and give them some exercise in the various School elections over the county. Following closely on the heels of that election, those who live in the incorporated towns of Brownfield and Meadow in this county, will have a whack at a city election, Tuesday.

We have seen no ballots of either the local school or the city, but information obtained at the city office stated that the three retiring councilmen's names had been put on the ticket, as well as six new candidates. Three are to be elected. The old councilmen are Cecil Smith, Homer Nelson and M. J. Craig. The new ones are Glen Akers, Clyde Coleman, G. S. Webber, Red Tudor, J. L. Cruce and Tom May.

Clyde C. Coleman, business manager of the Brownfield Independent school district, informed us Tuesday afternoon that up to that time, there had been no names filed for trustee. Another GOOD job going without takers.

Mesdames Clovis Kendrick, Everett Latham and Jack Stricklin Jr., spent Tuesday afternoon in Lubbock.

one finds the most scenic country with its flocks and herds and beehives, rushing, clear streams and rivers. The Leon and Llano are especially pretty. We already have that place picked to retire to when we get older to live the life of the shepherd. But it isn't any farming country compared to this.

ANOTHER GREAT TRADESDAY IS EXPECTED HERE NEXT MONDAY

Last Tradesday Was a Good One, But Our Leading Merchants Are Not Satisfied, and Are Going After a Better One For First Monday in April.

The business men of Brownfield are expecting the largest Tradesday crowd here Monday that has been here for several months, even including last First Monday, which was far ahead of several before that time. Many of them are putting on special prices to be ready for the crowds that flock in on that date. The Herald has ordered, and is expecting this week 200,000 more tickets to be distributed to customers of the business men next month.

So, be prepared to meet your friends here Monday, and don't forget to bring or get your tickets after

you get here and be prepared for any eventualities that may happen that day. Bring the wife along, in fact all the family too old for school, as there will be many, many bargains offered you that day.

Perhaps you wish to match a horse or mule, or sell a fresh cow or a few shoats. You might even wish to trade off old Floppy Hound for a stag hound; who knows. If so, bring the pups, too. But be dead sure to carry the old one or new one home that night, or Gene Brown might get him next day.

Ralls Farmer Killed In a Car Mishap

H. S. Davis, 61, farmer of eight miles northeast of Ralls, was believed to have been instantly killed at 11:30 o'clock Saturday morning when his skull was crushed in an automobile mishap six miles northeast of Lubbock.

Rushed to a hospital, he was pronounced dead upon arrival.

He was riding in an automobile driven by a nephew, W. D. Davis, 31, of the same address. The driver's 20 year old wife was with them in their light coupe.

Sedan "Out of Control" In statements before representatives of the district attorney, county attorney and the state highway patrol department, it was explained the Davis coupe overturned more than once after a light sedan driven by Miss Zulene Rosenberg, 21, Girard school teacher, had passed it "out of control." Miss Margaret Dunlop, Girard teacher and owner of the sedan was not injured, nor were Miss Rosenberg and Mrs. Davis.

The driver of the coupe suffered a bruise on the face and another of the right arm.—Lubbock Avalanche.

What is In a Name?—\$19 to Our School Dis.

Well there is \$19.00 in each name of boys and girls in the Brownfield Independent School District—Provided They Are On The Census Roll!

Has your boy or your girl been enumerated? If not will you not please get in touch with Mrs. Ola Tinkler at once. If your boy or girl will be six years of age and under eighteen years of age on September 1, 1937, then he or she is worth \$19 to the Brownfield School District.

Do you know of some Colored children that have not been enumerated? If so, will you report them also? Every child, white or black, reported and enumerated will mean \$19 to the schools.

At present there are about 1050 pupils enumerated. Let us make it at least 1075. With transfers, there should be about 1125 upon which the state will pay per capita this year.

DON'T PUT IT OFF. ONE DAY MIGHT MEAN THE LOSS OF \$19!

Report to Mrs. Ola Tinkler or M. L. H. Baze at once if you know of anyone that has not been enumerated.

Good Showing of Oil In Hockley Co. Well

A good showing of oil was found in the Bob Slaughter No. 1 in Hockley county this week at a depth of 4,993 feet. Three bailers filled with oil were brought up. We understand the well has been shut down for further instruction.

The well is about 16 miles from Levelland in the Sundown community, and about 20 miles a little northwest of Brownfield. We understand that leasing in north Terry and southern Hockley is picking up on the strength of the find. It is 10 miles east of the Cochran Co. well which proved to be a producer.

Mrs. Herod of Snyder is here visiting in the home of her son, Roy M. Herod and wife.

Mildling cotton passed 15c Tuesday in New Orleans, for the first time in 7 years. Wheat also took another swing upward.

Meadow School Winner in County Meet

Brownfield Second and Union Third In All-Round Championship

Meadow High School carried off first place honors in Terry County Interscholastic League Literary events for class "A" high schools, with Brownfield taking second and Union third place honors.

The county meet was concluded Saturday night with the One Act Play. Meadow High School literary contestants amassed 113 points; Brownfield 43; Union 25. The meet hinged on Extemporeous Speech and Debate. Meadow contestants won first place in both divisions of these events thus giving them a 70 point lead over Brownfield.

Brownfield High School won the Athletic Championship. They had 75 points; Meadow 68; Union 61; and Wellman 25. Union led this division before Friday and Saturday.

Meadow won the class "A" All-Round Championship with a total of 181 points; Brownfield second with 116 points; Union third with 86 points.

Brownfield East Ward won All-Round Championship. In the Ward school division Brownfield East Ward contestants amassed 145 points; Meadow Ward 127 1/2; Union 58 1/2; Needmore 44; Brownfield West Ward 38; and Wellman 22.

Meadow Ward school won the Athletic Championship with 70 points; Brownfield East Ward 53; Wellman 36; Needmore 17.

Brownfield East Ward won the Literary Championship with 92 points; Meadow Ward 57 1/2; Brownfield West Ward 38; Needmore 27; Union 22 1/2; Wellman 22.

Forrester took the Rural Championship with 140 1/2 points; Tokio 107 1/2; Scudday 50; Harmony 42; Johnson 26; Challis 12 1/2; Pleasant Valley 2 1/2.

Forrester also won the Literary and Athletic Banners. They were closely pushed by Tokio and Scudday was third.

Winners of trophies were:

Literary—Class "A" High School, Meadow; Ward School, Brownfield East Ward. Rural School, Forrester, Athletics—Class "A" High School, Brownfield; Ward School, Meadow; Rural School, Forrester.

All-Round—Class "A" High School, Meadow; Ward School, East Ward Brownfield; Rural Schools, Forrester.

On the whole the meet was very successful. The events were closely contested, but there was no hard feelings anywhere through the meet as far as we were able to determine. We sincerely hope that all of the contestants who get to go to the district make good showings there for Terry County, their schools and themselves.

—Homer Franklin, Director General.

Notice of Price Raise In Maytag Machines

Anticipating a price increase, Texas Maytag Dealers have ordered for immediate shipment sufficient carloads to equal a solid trainload of Maytag Washers, it was announced by the Texas distributor, Maytag Southwestern Company, Dallas, today.

The retail value of the shipments totaled \$180,000.00.

The Maytag Company, Iowa, has announced a retail price raise April 20th, according to their local dealers, Hudgens & Knight Hardware Company.

The Official Paper of Terry County and the City of Brownfield.

The editorial gentlemen who steers the Seagraves News, had a great laugh on Terry county last week, about the stalling of a Santa Fe train in a sand pile that piled up on the track. According to local people who were in Seagraves that day, they were having perfect plains spring weather down there—and you know what that means.

A bill was introduced in the legislature recently to remit all ad valorem taxes to all counties. Perhaps this will put a check on some thirty down in south Texas, including some of the richest, like Harris, Galveston and Nueces and others who have been having their taxes remitted by the State almost since we came to Texas 37 years ago. However, if they are entitled to have this handout, why not the other counties?

There is decidedly too much laughing at enforcement officers with such derisive terms as "wagging a big six-shooter," and "two-gun" so and so. But, only recently, in the death of Sheriff Loyd of Lamb county, has it been bro't to us again forcibly that a peace officer takes his own life in his hands in approaching a criminal unarmed. In our own section, two other officers have been killed by desperadoes in the past year or two, Jailer Redwine of Tohoka, and the former sheriff of Dickens county, not to mention others over the state. We do not crave a job as peace officer, but if we did, we'd pack a good six-shooter too, and keep in fine practice, both to accuracy and speed on draw.

Many people are asking these days if the daily papers are not dominated by capitalists. The reason these questions are being asked is that they are almost without exception found on the side of the wealthy class in any issue, the latest being the big fight they are making on curbing the dictatorial tendencies of the Supreme Court. Most of that body's recent decisions, in fact for years, has been beneficial to capital, and detrimental to labor and the agricultural regions. Times and conditions are changing fast, and any organization or institution that does

not change with the times are headed for a fall, according to our way of thinking, even if it takes a revolution to put it over. The weekly press comes nearer having an understanding and sympathy for the common people than daily papers or big magazines, because their publishers live and mingle with people in the lower bracket.

A proposal to submit a constitutional amendment to pay all persons over 65 years of age a pension of \$15.00 per month is now pending in the state senate. The proposed amendment will probably be submitted to the people, and it will have strong support. We shall be against it. Why pay a pension to the owner of a sky-scraper, the president of a bank, a cattle baron, an oil magnate, or a hundred thousands other well-to-do citizens of Texas over 65 years of age. We do not believe in any such perversion of the taxing powers of the state. Let's pay the aged needy as liberally as we can afford, but let's not tax the ordinary consumer to provide a hand-out to the wealthy. —Tahoka News.

As bad as we hate to agree with you Col. Hill, we'll just have to do so this time. While down in Ellis county recently, we were informed by a man who knew what he was talking about that a man who owned a black land farm was drawing an old age pension, while his share-cropper on the place could not make the grade. If that isn't politics, and also shows what "pull" will do for you, we have lost all reasoning powers of what is equal justice to all.

JACK STRICKLIN OF BROWNFIELD IS SICK

We regret to have to chronicle that our good neighbor and friend, Andy Jack Stricklin, editor of the Terry County Herald of Brownfield, is in very ill health and recently found it advisable to go down to Marlin to take the hot water baths. Jack writes back to his paper that the baths cost him a dollar a shot but are worth the money. We hope that he is soon sound and well and back on the firing line with his Gatling gun taking shots at the boys who happen to cross his path. We hope however that he "lays off" Charlie Guy of the Lubbock Avalanche Journal for a spell, as we feel that he has dealt out enough punishment for that gentleman already. —Tahoka News.

Well, now, Eee Eye, we did think we was sick until we got down to Marlin and really saw crippled and sick people. As for Old Sharley, he takes punishment like a martyr. He always seems to come up for more.

records, half forgotten and long neglected in various recesses of 105 Texas county court houses, have yielded basic materials for research into the state's history through the efforts of workers on the WPA historical records survey, it was announced today by Charles W. Hodges, assistant state supervisor of the project.

The project, which has given employment to an average of 120 formerly jobless clerical workers since April, 1936, is eighty per cent completed, Hodges said. Remaining counties to be surveyed are smaller, sparsely settled, and more recently organized, and therefore contain only about 20 per cent of the state's records, Hodges estimated.

Incidental to the cataloguing of historical material has been the uncovering of heretofore undiscovered documents by researchers. In Laredo WPA workers found an exhaustive and heretofore unrecorded account of early Spanish government in Northern Mexico and Texas. Lost archives disclosed 4,000 separate documents relating to this early government. Two ancient wooden packing boxes stored in a forgotten corner of Polk County court house were found to contain record maintained by Southern military leaders during the War Between the States. A redemption receipt book found in the attic of the Smith County court house contained sufficient evidence to release to rightful owners \$32,000 in oil royalties long held in escrow. Agreements between Phillip Sublet and Sam Houston concerning the development of Sabine Pass in 1839 were uncovered in the Jefferson County court house.

Startling lack of uniformity in the system of keeping of records and the destruction of many valuable historical documents in the various counties is indicated by survey reports. A standard check list of records permitted and required by law in Texas, devised to aid the WPA researchers, is being used in an effort to bring about a greater degree of uniformity in county recording systems.

"Aside from these by-products of our research, we are compiling records which should be of service to historians, students of political science attorneys, and county officials," Hodges declared. "Workers have gone systematically through 126,000 volumes of records and through 157,000 file boxes in the 105 counties already completed. Each county's records are catalogued and each inventory is placed in the respective court houses. Complete sets will also be available to the public at the University of Texas Library in Austin, the Congressional Library at Washington, and about 50 public depositories."

HEALTH OFFICERS URGE PEOPLE TO CLEAN PREMISES

AUSTIN, Texas, March 23.—The accumulation of winter's debris represents a distinct menace to the health of adults and particularly to little children, according to Dr. Geo. W. Cox, State Health Officer, who urges everyone to clean their houses and yards at this time. It is not only good housekeeping, but ordinary sanitary principles indicate the necessity of prompt removal of all waste matter in and around the neighborhood of yards of homes, but the definite lessening of the spread of diseases, especially those affecting infants, is vitally connected with this procedure.

Flies help spread typhoid fever, dysentery, diarrhea, tuberculosis, anthrax, and cholera. They breed, live and feed in filth. To prevent their increase all refuse should be disposed of at once, garbage kept in covered containers, privies made sanitary, and houses screened. Every neighborhood raises its own flies, so that their number is an index to the sanitary conditions.

Mosquitoes are responsible for the spread of malaria, dengue, and yellow fever. Malaria is spread by the bite of the Anopheles or malaria mosquito. Dengue fever and yellow fever are transmitted by the Aedes Aegypti or Tiger mosquito. The best way to prevent these diseases is to destroy the breeding places of the mosquito. They breed in standing water, therefore, one should drain ditch, or fill such places, spray oil on water each week, or stock the water with surface minnows as they will eat the wiggletails. Houses should be well screened to protect against these insects. After the spring cleaning is finished, it should be kept in this condition at all times.

A petition is being circulated here asking Gov. Allred to submit a sales tax bill to the legislature.

Mr. and Mrs. Herman Trigg visited Mr. Webb Jenkins and Mr. Logan Largent in Plainview last week end.

Mr. and Mrs. Kyle Graves and Martha McClish were Lubbock visitors, Sunday.

The first and final payment of the Meadow bank which closed in 1933, will be made to creditors this week at the Jones Hardware store.

Mrs. G. G. Graham of Eddy, Texas, is here visiting in the home of her son, E. A. Graham.

SCHOOL CONSOLIDATION IS BEING TALKED

Sentiment is growing in favor of a centralized high school in the eastern part of Lynn county, J. B. Bolin, superintendent at New Lynn, told The News, Saturday.

The plan, should it meet with the favor of the patrons, is to combine the New Lynn, Garlyn, Magnolia, and Gordon districts for high school purposes. An election will possibly be called some time soon on the proposition, he says.

Grade schools would be maintained as at present, but all high school students would attend one centralized high school.—Lynn County News.

A request was received last Friday from a corporation manufacturing a nationally known brand of soap for samples of the volcanic ash found three miles west of Big Spring. The request came through the traffic department of the Texas and Pacific Railway Company.—Big Spring News

T. E. L. CLASS

Tuesday night in the home of Mrs. R. L. Bandy the T. E. L. class of the First Baptist Church enjoyed the regular quarterly social. Each member brought a covered dish. While Mrs. Bandy had for center decorations a beautiful and delicious angel food cake in class colors of Nile green and white, bearing, "T. E. L. Class."

Various games were enjoyed which caused much merriment among all. Then the exchanging of "Big Sister" presents which provided a gift for each of the following ladies pre-

TO START REVIVAL

Sunday night, April 11th, the Assembly of God church will begin a revival, one block east of the southeast corner of the square, in the old Christian church building. Rev. O. L. Thompson from Levita, Texas will do the evangelistic preaching. Services each evening at 7:45. Everybody welcome to come and join hands with us in this campaign for lost souls. —Chas. E. Wilson, Pastor

CELEBRATED BIRTHDAY

J. B. (Jim) Huckabee was the honor guest Monday night to a dinner given by his daughter, Mrs. C. B. Quante to a number of his old friends here, it being his 69th birthday. Guess Jim don't care for us telling his age. Can say that Mrs. Quante certainly did herself proud in preparing this appetizing and nourishing repast. And the very congenial host and hostess and reasonably representative guests, made the occasion another date to be long remembered. Those in attendance were, Messrs. W. H. Dallas, R. M. Kendrick, Drs. T. L. Treadaway and A. H. Daniell, Marion Craig, L. E. McClish, Tom May, W. A. Tittle, Lazell and Curtis Huckabee and A. J. Stricklin.

Mr. Huckabee is a typical west Texan, having been brought up in the Eastland and Comanche county section, later moving to Scurry county and on to Terry county some 20 years ago. He is healthy and vigorous and gets about as well as many people half his age. Many more happy returns of the day, old pal.

THE METHODIST CHURCH

There was for Easter a very fine crowd of people, and there was a genial, kindly, and spiritual atmosphere to the service at the Methodist church. Everybody was in good spirits, hopeful, friendly, and neighborly. The singing was far above average, the special number furnished by some of the members of the Cen-Tex Music club was exceedingly good and enjoyed by all who heard it. Altogether, it was a mighty good day, and we are all glad to have had the fellowship of the saints on such an occasion.

The same fine and friendly welcome will await you next Sunday at the regular services, which we hope will be in a very irregular way helpful to everyone who will drop the things of the world of business and come with these people of God to worship Him in spirit and in truth.

The pastor expects to preach at the morning hour on this theme: "A Cheerful Picture." Instead of seeing much of gloom in the world of affairs, he professes to see much that is fine, progressive, religious. For instance, did you know that thousands in Russia are turning back to religion in spite of all that the atheistic propaganda and anti-religious organizations have been able to do since God was outlawed in that reckless country? Come out and hear him. The sermon may not fit both feet, but it will surely do you good.

THREE SCOUT TROOPS TO LAMESA CAMPORALL

Local Scouts are to participate in a District Camporall at Lamesa April 23 and 24. Approximately 250 Scouts and Leaders are expected to attend this big District Camporall from the following towns: Brownfield, Tahoka, Slaton, Post, O'Donnell and Lamesa.

At a meeting of the Brownfield District Committee Monday evening, March 22, the local Scouters made definite plans to take the Scouts of Troop 44, 45 and 49 to this Camporall. Dr. R. B. Parish, Scoutmaster of Troop 49, Emery Longbrake, Scoutmaster of Troop 45, as well as Mr. M. L. H. Baze, District Commissioner and possibly one or two other Scouters plan to attend.

The Camporall will begin Friday afternoon, April 23 with registration, setting up of camp at which the boys will cook their suppers. This will be followed by a Court of Honor and Campfire Program.

Throughout Saturday special contests in Campcraft and Camping will be held. The Camporall Committee has been organized at Lamesa, headed by Henry Norris, Chairman. Awards are to be given to all troops participating.

LAF-A-LOT CLUB

The Laf-a-Lot Club had its regular meeting last Thursday with Mrs. Spencer Kendrick as hostess.

Mrs. Frankie Szydoski won high score prize and Mrs. Earl Anthony second high. While Miss Lou Ellen Prown won high for guest.

A delicious plate of sandwiches, salad, potato chips, olives and coffee was served to Mesdames Clovia Kendrick, Glenn Webber, Jimmie Jennings, Vance Glover, Howard Swan, Frank Ballard, Graham Smith, Tom Cadenhead, Frankie Szydoski, Earl Anthony, W. R. McDuffie, Lee O. Allen, Miss Lou Ellen Brown and the hostess, Mrs. Spencer Kendrick.

SEAGRAVES GIRL IS VICTIM OF ILLNESS

Miss Mildred Vola Hearne, 18, daughter of Mr. and Mrs. O. H. Hearne of Seagraves, died unexpectedly at 7:30 o'clock Saturday night at the 714 Avenue M residence of Mr. and Mrs. Bill Mabray.

Death was attributed to a cardiac condition from which Miss Hearne had suffered several years. She had been treated several days in West Texas hospital and, apparently improved somewhat, and been removed to the Mabray residence. Mrs. Mabray is a sister.—Lubbock Avalanche.

MRS. LATHAM ENTERTAINS

Mrs. Ernest Latham entertained the Ace-High Bridge club Wednesday afternoon at her home. The guest list included Mesdames, W. R. McDuffie, Spencer Kendrick, Clovia Kendrick, Margan Copeland, M. E. Brown, R. W. Carter, Hugh Pyeatt, W. C. Smith, J. H. Turner, Edgar Self, R. M. Kendrick, J. M. Telford, Jack Stricklin, Jr. A delicious salad course was served.

The Lynn County Singing Convention will meet at the Grassland Central Baptist church, on the highway between Tahoka and Post next Sunday. Everyone in Terry county cordially invited, according to H. M. McEachern, President.

Miss Irene Adams, daughter of Mr. and Mrs. Will Adams, who is attending Mary-Hardin-Baylor, spent the Easter holidays in Monterrey, Mexico. She went with a Spanish class from the college.

Terry 6th in Cotton On the South Plains

BY J. SAM LEWIS
Avalanche-Journal Staff Writer

Final cotton report for the 1936 crop gives the South Plains area a total of 393,119 bales of cotton, a 20 per cent increase over the 1935 crop and shows five counties within the first 20 counties in Texas in production. Net gain for the area is 80,972 bales over the previous year.

Twelve of the 19 counties show an increase in production. Lubbock in the territory leads with 58,717 bales, a 9000-bale gain over the previous year; Lynn second with 49,676 bales, had more than Lubbock had the previous year; Lamb county is a close third with 47,116 bales or more than 50 per cent greater than the previous year; Dawson, fourth, is close behind with 46,802 bales and a two-thirds increase over the other season; Hockley, fifth with 37,766 bales has a one-third increase; Terry, sixth with 24,043 bales is off from the previous season, while Crosby, seventh with 22,697 bales, had a 10 percent increase.

South Plains counties showing an increase in production for the closing season were: Bailey, Castro, Cochran, Crosby, Dawson, Gaines, Hockley, Lamb, Lubbock, Lynn, Farmer.

GOMEZ

Mesdames Lee Fulton, Kenneth Furr and Elmer Lee, delegates from our local P. T. A. attended the District P. T. A. Conference at Hamlin on Friday and Saturday of last week.

Messrs. and Mesdames A. A. Harkins Jr., and E. H. Green and children visited during Easter with relatives at Meadow.

Mr. and Mrs. W. G. Swain and family visited in the Hunter community Sunday.

Enjoyable Easter egg hunts were staged Sunday for the children of the community at the local Baptist church and at the homes of W. H. Black and R. S. Heartsill.

Messrs. and Mesdames Otis Kelly and D. A. Kelly and family were guests in the H. N. Key home, Sunday.

Mr. and Mrs. W. G. Carter and children visited relatives at Slaton during the week end.

Mrs. W. H. Key was hostess to the Live and Learn Leaders Club on Thursday evening of last week. The lovely evening of business and games was climaxed with the serving of a dainty and delicious refreshment plate to some twelve members.

Messrs. and Mesdames Kellie Sears and Robert McLeroy and children, Miss Vivian McLeroy, who is attending Arlene's Beauty School, at Lubbock, Messrs. J. O. Wheatley, Alvis Patton, Ben F. Sr. and Ben F. Jr., Kennedy were guests in the C. J. McLeroy home, Sunday.

Mr. and Mrs. M. L. H. Baze of Brownfield were guests in the Lee Fulton home on Sunday evening.

Mrs. Clarence McWilliams and daughter, Novella of California, who have been visiting for some weeks in the J. J. Whitley home, returned on Thursday of last week to their home.

Rev. A. L. Hicks of Paducah will hold his regular appointment at the local Baptist church next Sunday morning and evening. You are cordially invited to hear him in these services.

Messrs. and Mesdames Roy Moore and Horace R. Fox and families returned Monday from a weeks visit with relatives in Austin.

Our school was well represented in the event of the Interscholastic League at Brownfield on Friday and Saturday of last week. Our showing was creditable despite our many handicaps this school term.

We learn that Madison Weaver has purchased the lots between the Stricklin and Bond residences on Broadway, and that Claude Hudgens has purchased lots out about the 800 block on Tate street. It is presumed that both intend to build in the near future.

The United States Senate has approved the \$100,000,000 crop insurance bill.

Mrs. Glenn Akers has been visiting in Dallas.

Judge W. W. Price had business in Austin, this week.

Mrs. A. J. Stricklin and brother, Mr. Cleve Holden of Sudan went to Big Springs Sunday to see their sister, Mrs. J. A. Roberts, who is in the hospital there.

INLAND UTILITIES BUYS TATUM LIGHT PLANT

The Inland Utilities Company has purchased the Tatum light and power plant and will begin to operate it soon. For the present both the plants in Lovington and the one at Tatum will be operated, but it is planned to build a high line between the two towns and supply current for both from the same large plant.

The Lovington plant is now being enlarged by the installation of new machinery, which will double its capacity. The plant has also announced a very material reduction in its rates to be charged after the first of April.—Lovington Leader.

J. H. Greenwood, who has been employed here at the Piggy-Wiggly store, has resigned and accepted a position at Lovington, N. M. Mrs. Greenwood and daughter will remain here until the finish of the school term, and then join Mr. Greenwood.

Many of the college students were home for the Easter holidays, among which was Wendell Smith of S. M. U.

FIVE FORD CARS SOLD LAST WEEK

E. F. Haley of Seagraves purchased a Ford V-8 pick up, F. M. Ellington a four door Deluxe Sedan, Jimmie Jennings a Tudor Sedan, W. H. Black a V-8 coupe and C. F. Hamilton, a Tudor Sedan from the Tudor Sales Co., this past week.

To the best of our knowledge and belief there wont be any peaches in Terry county again this year. Cold weather set in last Wednesday, the 24th, and ended Tuesday of this week with a big frost that looked like a snow. Perhaps there will be some apples, plums and grapes.

Cam Sears was in Monday "spinning" a few of his best ones.

Well, we had a letter this week from the Ed Thompson family, who have located near the Brazos river 17 miles, we presume west, of Weatherford. His address is Weatherford, Rt. 2, Box 98. Said the children were still looking at trees and running streams.

Why Not Remit Taxes To All the Counties?

With 33 counties in Texas receiving all their general purpose ad valorem taxes remitted, and 8 others getting a portion of theirs, it is time Terry county and the other 212 counties of the State aroused themselves to the situation. While the favored few are permitted to use their property taxes for local purposes, the balance of the counties carry eight million dollars of the State tax load.

The Mauritz tax remission measure, House Bill 158, passed by the House and ready to go to the Senate of the Texas Legislature, calls for remission of all general purpose ad valorem taxes to all counties, except where they are previously pledged to meet certain obligations of counties or districts. Here is our opportunity to get a just assignment of our own county money for county purposes, as have the favored counties of the state received in the past. It is heralded as one of the most constructive pieces of legislation offered in Texas for some time.

This bill, enacted into law will increase the annual income of Terry county by approximately \$17,090.77.

We had a large special edition of the Glendale, (Ariz.) News recently that had a fine description with an abundance of illustrations of that fine citrus and vegetable belt of the Salt River Valley. And Mumford Smith, son of Mr. and Mrs. W. C. Smith of this city, had a good likeness of himself therein. Mumford is city secretary of the city of Glendale.

Mrs. W. H. Dallas will attend the South Plains Music Festival, Thursday, Friday and Saturday, April 1-2-3, when she enters piano and voice pupils. There will be 39 entries.

Complimentary tickets to Rollin Pesoe Recital, Senior High School Auditorium, Friday at 8 o'clock have been given to Mrs. Dallas' class.

Miss Etta Rickard, former owner of the La Vogue Beauty Shop, is now employed at the Sandra Sue Beauty Shop.

WAIKIKI WEDDING

Beautiful Shirley Ross plays the gay romance with Bob Burns and feminine romantic lead opposite Bing Martha Raye, which opens on Tuesday in "Waikiki Wedding," the day at the Rialto Theatre.

Much Cattle-Sheep Being Fed On Plains

Largest full-feeding cattle program in the history of the South Plains is that of the 1936-37 program in which some 75,000 head of cattle will have been fed out in commercial pens and from 15,000 to 25,000 more by farmers in the twenty-odd counties in this area. In addition to these, some 120,000 sheep, mostly lambs, were run on wheat pasture, with around 20,000 to 25,000 more fed by owners and 10,000 or more cattle on wheat.

At least two of the largest commercial feeders are working an all-year round program. Fred Snyder of Lubbock and Peyton Packing Co., of El Paso and Littlefield.

Prelude To Vast Program

These operations are hoped by many to be the prelude to a program of feeding by farmers, in which hundreds of men will be able to feed out a car load or two, doubling their grain sorghum income and offering a market to the increased acreage of sorghums.

Several Lubbock bankers are interested in such a program. They realize the necessity of finding an outlet for the huge crop of sorghums grown in this territory and also the fact that the farmer will profit more by feeding than by direct sale of his crops, outside his territory.

Has Come To Stay

Commercial feeding of cattle, as such, has come to stay in this section. Too many men have found out that it can be made to pay, although it is hard work.

Mr. Snyder and the Peyton Packing company have the largest programs. Mr. Snyder, feeding at Level-land, Whiteface and Seagraves will handle 12,000 head, possibly more. His operations so far total that amount and he is planning to continue feeding throughout the summer. He has been feeding constantly at Whiteface since the summer of 1935.

Heavy At Littlefield

At Littlefield at least 12,000 head will be fed out in the pens. Starting last September the number in the pens was worked up to around 5,000 head, then 5,500. It has been maintained at the latter figure until the first of the year, when it dropped to 4,500 and then to under 4,000. Soon it will be built up to 5,000 or more, it is expected. It is altogether possible that 15,000 head will have gone through the pens before September 1 of this year.

The Babicora Development Co., (W. R. Hearst) is feeding at Brownfield and Slaton, around 5,000 head. D. H. Snyder, Colorado, a brother of Fred Snyder, has 2,500 head at Brownfield; A. M. Brownfield, Green and Lumsden and others have cattle at Brownfield also.

Arnett Is Feeding

Sam C. Arnett is feeding at Slaton and Lubbock, about 1,200 in all. H. W. Stanton has fed between 2,000 and 3,000 head in his pens in Yellowhouse canyon here.

The Circle-Bar ranch in Hockley county has 750 head in pens at Wolf-orth, the Bellow-McClay Land Co., at Shallowater has probably shipped out nearly 1,000 head and will have another like number to feed.

Besides the Peyton operations, Littlefield will have at least 1,000 more head fed out; Sudan expects its total to pass 4,000 head; late reports indicate Crosbyton feeders will be in the game.

Farmers Are Feeding

In Hockley county, besides the Snyder operations, Coble and Roberts have from 1,000 to 2,000 head; several farmers will feed out at least 750 head in and around Level-land and in the Pep community 300 to 500 head are expected to be finished.

Garza count farmers are expected to feed over 2,000 head; Lynn county half as many, besides 500 or

more in pens of commercial groups.

Farmers did not begin their heavy feeding until after the first of the year. This was due to the fact that they waited to make sure of enough grain to carry them through.—Lubbock Avianche.

A boy was hurt pretty badly Saturday afternoon during the Inter-scholastic League county shot-punt contest. He seemed to have been looking another way when the shot was thrown, but a young lady jirked him, and the shot hit him a glancing blow as he went down, thus probably saving his life. Students and others had been repeatedly warned to stay away from the lines.

J. R. Garrison was up last week from Wellman and informed us that he had rented his farm this year, and the lady would do some traveling and sightseeing during 1937.

Bill Collins, Lubbock, Hemphill- Wells employee, spent Sunday with his parents, Mr. and Mrs. W. H. Collins, here.

Miss Virginia May arrived home last week from Southern Seminary, Buena Vista, Virginia to spend the Easter vacation with her parents, Mr. and Mrs. Tom May, 804 East Card-well.

The cost of education is high, the cost of ignorance higher.

NOTICE

The Farmers Co-operative Society No. 1 of Brownfield will hold their annual meeting at the American Legion Hall, Tuesday, April 6, 1937, beginning at 10 a. m. Judge C. K. Bullard, the Co-operative lawyer of Dallas will make an interesting talk. All farmers who are interested in the Co-operative movement are cordially invited. Lunch will be served at noon. Many interesting subjects will be discussed and three Directors elected for the coming year. Be sure you are there and bring somebody with you.

ANOTHER MILE STONE FOR STOMACH SUFFERERS

Only a few short months ago Gas-Tons were not known in this community although the formula used in the compounding of Gas-Tons by one of the largest pharmaceutical houses in the country has been a favorite prescription, used with great success in the relief of Stomach and duodenal ulcers, Indigestion, Acid dyspepsia, Sour or Upset stomach, Gasiness, Bloating, Heartburn, Constipation, Bad Breath, Sleeplessness, Headaches and Jaded appetites. But today it is another story for Gas-Tons are known in hundreds of homes as the product which has brought health and happiness to members of their family, when these conditions were due to excess acid. There are stories of men and women who had given up all hope of relief until they were told by some former stomach sufferer of the days and nights spent suffering with no relief in sight, but who after trying Gas-Tons for a short time were on the road to recovery and who are now happy to state, with great pleasure, that none of the old symptoms are with them and now they sleep all night long, go about their regular work and pleasure, eat the things they like most with no ill results. And all stomach sufferers know what this means. Therefore it is no wonder to them why Gas-Tons sales have grown by leaps and bounds and they can easily see why those former stomach sufferers are able to go about with a smile on their faces in place of the old grouch. Gas-Tons are on sale with one druggist in each town. Gas-Tons are sold on a money back guarantee that you must be pleased. Gas-Tons are on sale in Brownfield by the Alexander Drug Co. 25 tablets \$1, 100 tablets \$3. Accept no substitutes for there are several who would back in the light of the success of this great formula.

How To Enhance and Preserve Your Charm

An effective and beautiful make-up can be attained only when the skin itself has been kept lithe and lovely. Needless and ugly little lines must not be permitted to remain. The surface of the skin, if it is to have the delicacy of texture, the subtle glow of youthful health, must be nourished and protected and safely—yet effectively—cleansed. Then it becomes possible for a skillful make-up to wonderfully reveal all your natural charm.

MARTHA TURNER'S NORMAL SKIN TREATMENT

1—Clean skin with Cleansing cream—remove.
2—Apply Nourishing Cream, patting in three to five minutes—allow to remain over night.

MORNING TREATMENT AND MAKE-UP

1—Clean skin with Cleansing cream—remove.
2—Apply Complexion Cream (Foundation Cream) massaging in gently until almost absorbed—remove surplus.
3—Bathe skin with Astringent—remove.
4—Smooth on Finishing Lotion, then Powder, Rouge and Lipstick.
5—Remove powder from eyelids, lashes and brows with Lash-Brow Grower.

HOW TO TAKE HONEY PACK TREATMENT

1—Clean skin with Cleansing cream—remove.
2—Apply Honey Pack in thin layer—allow to dry—remove with gentle twisting movements of fingers, then sponge skin with cold water.
3—Apply Nourishing Cream to avert dryness. Take every other day for 3 or 4 weeks and then once a week.

Meadow Items

Interscholastic League work is over and I feel sure that pupils as well as teachers are glad. We do not know just how well Meadow School will come out, in Literary and Field events, but suppose it will all be solved and published in this week's paper.

The cold spell before the week end and Sunday too, being windy and cold made it unfavorable for new Easter hats and dresses. Many of our hats resembled last year's bird nests, but why should we worry and have the blues over that.

Bro Otis Gatewood and wife, graduates from A. C. C. visited home folks over the week end and he preached at the Church of Christ, Sunday morning at eleven o'clock and at Lubbock at night. He is leaving this week to do Missionary work in Hobbs, New Mexico, and other towns there. Bro. Otis has lived here most of his life. He graduated from our high school and entered A. C. C.
