VOLUME THIRTY-TWO

BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, APRIL 30, 1937

NUMBER 38

"LISTEN FOLKS"

By Jim Ferguson.

(Editor's note: This article is published as a news item and represents the personal views of Mr. Ferguson only.)

The regular session of the 45th Legislature will end on the 11th day of May, 1937. While the session could be extended indefinitely, yet as the pay of the members at \$10.00 a day ends on that day, following customs, usually adjourns rather than work longer for the meagre sum of \$5.00 a day.

If the Governor calls a special session the members pay is \$10.00 a day. This makes special session popular with many members.

This Legislature has been an eventful session. Not so much because of eventful accomplishments, but rather because of uneventful results. What the Legislature don't do pleases the people more than what they do do.

Senator John Bailey used to remark that as long as the Legislature does not legislate they will not appropriate. However, this rule will not apply to this Legislature.

In the first place the people are going to be much displeased by the Legislature's failure to pass a tax bill at least sufficient to pay the actual and needed expenses of running the government. Already there is murmuring because the Legislature will soon have been in session 120 days (4 months) and after this enormous expense of some \$3,000.00 a day, the necessary appropriations have not been made to carry on the government, and as a result a special session of 30 days and maybe 60 days will have to be called at \$3,000.00 a day. Campaign discussions next year will wax warm when they begin to explain who was to blame.

The big rich merchants who charge their customers from 25 to 75 per cent profit will celebrate if the Legislature does not pass a sales tax. This tax would fall the heaviest on those who are able to make large purchases of merchandise and lightest on those not able to pay has been viciously fought during this Legislature by the merchant princes, and they will hold a regular war dance celebration if they can kill the bill.

But let our friends be of good cheer. No question is ever settled until it is settled right. If we lose this year, let us at once prepare to renew the contest for an equalized tax burden.

The people will not complain because they already know that they would in the end pay the price for the manufactured product. High tax on crude oil means high gasoline and lube, and the people know it. "Jones always pays the freight."

A failure to repeal the horse race bill will mean that the fight will go on and racing will be one of the big issues in next year's campaign.

The failure to do anything towards the payment of the 15 million dollar deficit of the state will not do us any good when we again attempt to tell the people of other states what a great place we are to live in.

Extravagant appropriations by the Legislature when we are 15 million dollars in the red is not a good example set by those who would lay claims to the honor of statesmanship. Let our state debts increase just a few more millions and we will be in a worse fix than the Federal Government is with its 36 billion dollar deficit. Uncle Sam can pay 30 thousand and easier than our state can pay 30 cents.

For the good of the state I know everybody hopes that the Governor and the Legislature will iron out their differences. I am sure both are trying to do the best they know how, but what they don't know may be the most, making it all more necessary that they get down to their knitting and master their official duties and problems.

While I do not look for the Legislature to do much during the remainder of the session, yet I look for the call session which will have to be called soon to make a heroic effort to accomplish at least some of the things which the people expect them to do.

So boys, come on, let's go. You

Grady Goodpasture and wife are entitled to a pass to the RIALTO THEATRE to see "Banjo on My Knee"

Be sure to present this clipping at the box office at the Rialto Theatre.

\$817,000 Hospital For Westex Seems Assured

At Austin last Friday, the House of Representatives unanimously passed the Settle-Davidson bill appropriating \$817,000 for the establishment of a new West Texas Hospital for the insane by the Board of Control at some point west of the 100th meridian. It is now up to the Senate to take action on this important measure.

Expansion of eleemosynary facilities to take the insane out of jails has been recommended by the Governor. The Board of Control, administrators of eleemosynary institutions, recommended the new hospital. It will provide beds for 540 patients.

In discussing the bill the House did not consider an alternative recommendation of the board for additional facilities at present hospitals.

The most western hospitals for the insane are at Wichita Falls and Abilene. Sponsors contend there are enough insane persons in West Texas to fill the new hospital, and that economy would be effected ultimately through transportation cost savings.

The appropriation was itemized to provide for two ward buildings costing \$11,500 each, a psychopathic building costing \$127,000, a general hospital clinic building at \$75,000, and administration building at \$100,000, employees' quarters costing \$60,000, a storeroom warehouse costing \$40,000, and sundry utility buildings and equipment at \$185,000.

The Board of Control was directed to consider accessibility, water supply, building material, soil fertility, healthfulness and other factors in locating the hospital. At least 320 acres of tillable land would be required. Cities bidding for it include Big Spring, Lubbock, Abilene, San Angelo, Sweetwater, Slaton, El Paso and Lamesa.

It is quite certain the bill to establish an asylum in West Texas will be passed by the legislature and signed by the governor in the near future, and then the fight to secure the location will be on.

Politics will have nothing to do with the location of the institution. The city fortunate enough to secure the location must thoroughly convince the members of the Board of Control that the interests of the entire state can best be served, and all other conditions pertaining to the location can be met.

Child Run Down By Car Here Sunday

The little daughter of Mr. and Mrs. Dennis Lilly was run down by a car driven by Lubbock parties here Sunday, and seriously injured. Mr. Lilly also informed us that the child was not doing so well, Tuesday afternoon.

Mr. Lilly stated that apparently the accident was unavoidable, and that the people in the car stopped at once, and carried the child to the hospital. We understand the accident happened near the Rainbow Inn.

Notaries Must Get Names in At Once

We had a communication last week too late to print from Sen. G. H. Nelson, at Austin, stating that those who wished to be appointed Notary Publics in his district must notify him at once, as the time for such appointments is drawing near.

In fact, you must notify him by May 1st, and that is Saturday. Of course if your name has been turned in by your county clerk, that is sufficient. There will be no need to further notify him in that case.

84 Base Work Begins East of Post City

Gravel base-work on a 12-mile strip of Highway 84 from Yellow-house river to the Kent county line was started recently. The strip will connect the all-weather highway from Post to the river with the hard-surfaced highway that extends through Kent county.

Approximately 100 men are employed on the WPA project.—Post Dispatch.

young boys haven't registered yet. If you do your part, you need not worry about Jimmie. He will have to do his. A little close communion right now would do good.

May Day Festival Monday Evening

What promises to be one of the most elaborate and colorful programs ever staged in Brownfield will be given by all the schools of Brownfield on Monday evening of next week. All the musical organizations of the local schools will join in making music, and all the dramatic and musical talent will be used to entertain Her Royal Highness, Queen of the May Fete. Contests are on this week in the high school to choose the queen and her attendants. A thirty minute band and saxette concert will precede the arrival of the queen's court.

Candidates for queen are: Eleanor Gillham, Evelyn Jones, Ruth Speed, Joyce Lee Evans, Earlene Jones, Florene Williamson, Doris Lee Gore, Frances Brock. Girls losing in the queen contest will automatically become maids of honor. Each girl will choose her escort. Other high schools of the county are being invited to furnish duchesses and dukes.

Judge Raymond A. Simms will crown the queen. After the ceremony of coronation, the different groups from West Ward, East Ward, and High School will give musical numbers to entertain the queen, ending the elaborate ceremony with a beautiful maypole dance by little folks from West Ward.

Proceeds from the queen contest will go to the band. The program will be held on the court house lawn and will be free to everyone.

Three Other Great Sandies Visit Terry

Those of us who thought that the worst of the sandies were over for the season had another thought coming last Friday, when one began early in the morning and raged practically all day, sending loose barrels, boxes, buckets and sand and dirt and rocks hither and thither—mostly thither. Some remarked that it was the hardest wind of the year about noon.

One big limb was wrenched from a Cincise elm in the court yard. At the time this is being written, Tuesday noon, we are having and have had a hard wind from the east for the past two days, which generally indicate rain. Tuesday's dailies report big rains or snows in the north-east, and the cool, northeast wind is coming off these snowbanks, surely. Reports say they are having the worst April snowstorms in many years.

We have been having plenty rain most of the year. In fact we have a fine season at present, but it seems that each rain is followed by a sand-storm and cold weather. But May is the real planting time here, and we hope it gets warm and still by that time.

P. S. Still another is raging today Wednesday—and again Thursday.

Baseball Game Here Sunday Afternoon

According to Pete Miller and Burton G. Hackney there will be a baseball game here Sunday afternoon, we suppose at the usual hour, Brownfield vs. New Hope. It is said that the later has a good team, winning 37 out of 44 games played last year. Our understanding is the game will be played with a hard ball.

Brownfield is getting a good team together, and new uniforms have been ordered but will not be here in time for the Sunday game. It is believed that Blue Graham will pitch for Brownfield.

Dallas a Delegate to Rotary Convention

James H. Dallas was elected as a delegate to the 41st District Rotary convention held Sunday, Monday and Tuesday, in Childress.

He was on the program Tuesday morning, and chose for his subject, "Fellowship." There were between 400 and 500 delegates registered.

Edd McLaughlin of Ralls was unanimously elected as Governor of the 41st District, and he and Mrs. McLaughlin will attend the Rotary International held in Nice, France.

Mrs. W. A. Tittle and daughter, Lola Mae and Mrs. Luther Cruce, spent last week end visiting Miss Ona Fay Tittle in Abilene, where she attends Hardin-Simmons College.

Around the Capital

By J. Doyle Settle

With only two weeks more left out of the 120 days of the regular session of the 45th Legislature we find much of the major legislation proposed early junked and a concentrated effort to get through the "must" legislation such as the appropriation bills and the rising of some five million dollars in new taxes.

Major legislation junked the past week includes: Reliberating wide-open pensions. Sales tax to raise \$50,000,000 a year to pay universal pension to all over 65. Public utility regulation by the state.

Numerous tax remission bills, including the Statewide Maturity bill to give the counties the final \$9,000,000 a year the state gets from property levies for its general fund. Legislative redistricting. Liquor sale by drink. Numerous judicial reform measures.

Classification of property for tax purposes. Unicameral legislative plan. Lieutenant Governor Walter Woodul's \$3,000,000 Texas Advertising amendment that was reduced in the House on an appeal by Governor Allred. This bill will get a final vote, but does not have much chance of getting the necessary (100) supporters necessary to send it to the voters of the State.

The House adopted the McKee Amendment for four-year elective terms for precinct, county, and district officials. If the Senate gives this measure a two third vote on the amendment, the people will vote on the Amendment in August of this year.

The House refused to pass the Harris County tax remission bill over the Governor's veto. The Senate had already voted to over-ride the Governor.

Revival to Be in Full Swing Here Sunday

Luther G. Roberts of San Angelo has written Elder Jas. A. Fry, minister of the local church of Christ, that he will come in Saturday in order to be here and well rested before the meeting starts on Sunday morning.

Elder Roberts has held down some of the largest and strongest churches in Texas, having stayed some seven or eight years with the church at Stephenville. He is an evangelist of note, as well. Some of the subjects he will discuss while here, follows: "The Lord's Day," "God's Word," "Integrity of the New Testament Church," "Proper Division of the Word," "New Testament Conversion—An Example," "Three Invitations," "Missions of the Church," and "Unity." The above are night subjects.

Some of the Day subjects will be: "Three Views of the Christian Life," "Three Principles of the Christian Religion," "What is a Christian?" "Three Things Jehovah Requires," "Pharaoh's Dreams."

Night services start at 8:15. Time of day services will be announced Sunday.

Neon Electric Signs Make Old Town Citified

There are at least a dozen Neon Electric signs up and down the Main drag now that makes the old town appear real citified at night. These signs are not only the latest in the electrician's art, but are easily read, yet restful to the eye.

Several of the business men on the west side of the square, we understand are thinking of installing these signs, thus helping to make the city more attractive at night.

Hockley Co. Singing Convention Sunday

We have a card from Geo. D. Denton President of the Hockley County Singing Convention, stating that their convention will be held next Sunday which is the first Sunday in May.

It will be held with the Pettit community, which is 10 miles west and 6 miles north of Levelland. All Terry county singers, or those who like good singing are invited.

Monday is Tradesday here.

The Union School is Now Fully Accredited

The deputy state school superintendent, G. D. Holbrook, visited Union school on April 18, and thoroughly inspected the high school work, equipment etc. He reported to Supt. Day that satisfactory work was being done in all departments. Six additional units of work were recommended for accrediting. Fourth year English, 1 unit; Spanish, 2 units; Civics ½ unit; Junior Business Training 1 unit; Economics ½ unit; Typing 1 unit. This brings the total to 17½ units. The Home Economics work has not been submitted yet, but if approved will give Union 18½ units. Union is now a fully accredited High School of the first class.

The Union community is to be congratulated on having a first class High School fully accredited, and for the fact they have a modern school plant including a gymnasium fully equipped to care for the educational needs of the community.

Supt. Day and Union school officials wishes to thank the trustees, and patrons of the Forrester and Scudday communities for their cooperation and confidence in sending their High School pupils to Union.

Union school has made much progress in the last 5 years. It has grown from a five teacher to an eight teacher school. It has added one month to the regular term. It has erected four new class rooms and a standard gymnasium. It has added new equipment for teaching Home Economics and Science. It has progressed from a nonstandardized to a fully accredited High School of the first class. Its bond payments are all up-to-date. During the time that these improvements were being made, the local school taxes have been reduced 50 per cent.

The Union school officials expect not only to hold the standard gained but also to keep improving the equipment and type of work done in order to accommodate the high school pupils of this and the adjoining communities.

Stray Squirrel Moves Into Sparrow's Home

A fox squirrel, just about grown, was noticed in the large trees at the Stricklin home Sunday afternoon which was found to belong to Supt. M. L. H. Baze, a pair of which he brought home with him from southwest Texas last summer. The little gentleman was at that time trying to construct a bed for the night of leaves in a four-prong fork of the tree.

But it was growing late and the job was a big one so Mr. Squirrel came down, and went to an adjoining tree where he found a sparrow's nest of straw, all nicely lined with feathers. He routed the owners without a moments hesitation, or a quirk of conscience. But that did not mean that the ousted owners permitted the "grab" in peace. They quarreled about the matter until dark, and were back next morning to take up the grievance.

But Mr. Squirrel liked the home. He found it just suited his wishes, and up to this time it has been his headquarters, although exploring other trees and bushes in the vicinity. A can of nuts was hung on a low limb, which he (or is he a she?) soon found, and began hiding them in various places—the stingy rascal.

However, his days of freedom may be numbered. Prof. Baze wants to send this one and his mate out to the country to raise a pair of small ones that can be petted. These were too large when taken, and have a habit of taking a nip on your hand when touched. His idea is to send a box down to our house, get the lad to return it for the night and close the exit.

Well, we'd have to have a pretty thick box between us and those teeth.

BANKERS NAME JOHN KNOX CREWS AS HEAD FOR 1938

John Knox Crews, president of the Hale County State bank and vice-president the past year, was elevated to the presidency of the South Plains Bankers Association at the annual meeting held Wednesday at the Hilton hotel in Lubbock. He succeeds John D. Mitchell of Lubbock.

Plainview was chosen for the 1938 meeting.

A program consisting of talks and discussions on banking problems of today was attended by 189 bankers and employees.

Monday is Tradesday here.

OMAR T. BURLESON

County Judge of Jones County, Anson, a candidate for District Governor of Lions Clubs, to be held at Big Spring, May 2-4.

Springtime Should Be Cleanup Time

The people of Brownfield should join in and co-operate with the school in beautifying and cleaning up the old town. True, there are many that are working at all odd times in re-making their premises, and they are accomplishing wonders. Those unsightly sand banks, that have blown up around some mesquite shrubs, are being removed, and the ground leveled.

Not only is the grounds being leveled, but they are being fertilized and put in grass, shrubs and flowers. With plenty cheap water from the city reservoir to tap at will, by the first of June, the old town should have on its Sunday's best. We are at least a month behind central Texas in getting our yards in the bloom stage, but when they do come in, they are just as pretty, and oftentimes last much longer, as our summers are not so hot.

During the winter and early spring, we have cold weather and much wind. As a consequence, old paper, rags and whatnot pile around our fences and nooks that catch such stuff. They then become not only a fire hazard, but unsightly. This accumulation should be raked out on still days and burned.

Speaking of flowers, did you ever see the like of wild prairie flowers that now cover the land? There is a predominance of the wild white buttercup, but the yellow ones, always some three weeks behind, are now appearing. Then there is a purple flower not unlike bluebells in shape that are real beauties.

After each rain, all weeds should be cut, and all cans and containers that hold water, should be turned and emptied, as all such harbor mosquitoes and flies and both insects are splendid disease carriers.

Allen to Rebuild Gin At Tokio This Season

Lee O. Allen, whose gin at Tokio burned near the close of the season last winter, announced to a Herald representative this week that he was preparing to rebuild, and operations on the construction of the new gin would be started in ample time to take care of the business this fall.

Instead of building on the old site one mile north of where the village of Tokio is now, Mr. Allen will build in or near the village. After the new highway was built several years ago, the town was moved to a new site on the highway.

Dupree to Deliver Commencement Address

George W. Dupree of Lubbock will give the commencement address to the high school graduating class of 1937. George as he is familiarly known, has been very active in the legal, social, and religious life of Lubbock and surrounding country. Commencement will be held on the night of May 20.

Programs and other information concerning commencement will be announced in these columns at an early date, as well as the baccalaureate address.

THANKS

I take this means of thanking my many friends for helping me win the bicycle at the Corner Drug store.

Sincerely,
Carolyn Jane Harris

Flies, Mosquitos Ready For Texas Vacation

AUSTIN, Texas, April 27.—Word has just been received by the State Department of Health that Mr. and Mrs. Mosquito and Mr. and Mrs. Fly, with their kinfolks, are on their way to Texas for the summer vacation. They state that, although many had died since last summer, they would soon have large families. Mrs. Mosquito raises from fifty to three hundred children at one time and only takes around two weeks to have full grown children. Mrs. Fly admitted that she and her husband could be ancestors to a million flies in one season.

Dr. Geo. W. Cox, State Health Officer, stated that Texas hospitality could be refused the Fly and Mosquito families if Annual Clean-Up Week from April 4 to 11 is used to begin a through campaign to eliminate the breeding spots of these pests.

Mosquitoes are responsible for the spread of malaria, dengue, and yellow fever. Malaria is spread by the bite of the anopheles or malaria mosquito. Dengue fever and yellow fever are transmitted by the Aedes Aegypti or Tiger mosquito. The best way to prevent these diseases is to destroy breeding places of the mosquito. They breed in standing water, therefore, you should drain, ditch or fill such places, spray oil on water each week, too, or stock the water with surface minnows as they will eat the wiggle-tails. Houses should be screened.

Flies help spread typhoid fever, thrax, and cholera. They breed, live and feed in filth. To prevent their increase all refuse should be disposed of at once, garbage kept in covered containers, privies made sanitary and houses screened. Every neighborhood raises its own flies so that their number is an excellent index to the sanitary conditions.

Dallas Retires As President of Bank

At a recent meeting of the Board of Directors of the Brownfield State Bank, Will P. Edwards, wealthy Big Spring cattle and oil man was elected President of the bank succeeding W. H. Dallas who resigned on account of failing health and a desire to devote his time to private affairs. Mr. Edwards is well known in Brownfield and west Texas having been President of the West Texas National Bank, Big Spring and at the present time has large banking, cattle and oil interests throughout west Texas.

Mr. Dallas made the following statement with reference to his resignation: "It has long been my desire to retire from active bank service on account of advancing years and the condition of my health. My leaving the Presidency of the Brownfield State Bank brings some regrets of course, but I leave with the assurance that the bank is in good hands under the management of Mr. Edwards and Mr. J. O. Gillham, Vice-President.

There were no other changes in the bank's official family, except that Mr. Edwards and Mr. Gillham were elected to the bank's board of Directors in place of Mr. Dallas and James H. Dallas who also resigned from the board. The officers and directors of the bank are as follows:

J. L. Hudson, Chairman of Board; Will P. Edwards, President; J. O. Gillham; Executive Vice-President; Jno. S. Powell, Vice-Pres.; Leo Holmes, Cashier; Lela Gore continues as Assistant Cashier.

BIG SPRING CHOSEN FOR 1938 TEACHERS MEET

Big Spring was chosen as the host city for the West Texas Teachers Association for 1938 at a meeting of the executive committee Saturday morning in Lubbock, according to Superintendent Hayes Holman. The meeting was conducted in the Chimmage room of the Hilton hotel with nine members of the committee in attendance.

A business session in which Mrs. J. M. Burleson of Meadow was elected to fill the vacancy in the committee and other important matters of the association was held.

Jimmie Ralph Jennings, small son of Mr. and Mrs. Jimmie Jennings, had his tonsils removed last Sunday, at the local hospital.

Glen Akers, Bob Bowers and Tom May returned Friday from a weeks vacation spent in Hat Springs, New Mexico.

The Official Paper of Terry County
and the City of Brownfield.

The Crosbyton Review has gone to a 7 column, 12 em paper after running as a standard 13 em 6 column for some 25 years. She looks real up to the minute, Bro. Curry; good makeup and excellent printing. You must have that excellent combination of a good press and a good pressman. The Review has always been well edited.

Hurray! for the lower house at Austin. They have backed up Gov. Allred's veto of the remission of \$330,000 taxes to Harris county per year for a period of ten years. This was a Senate bill, and was passed over the governor's veto. Harris of which Houston is county seat is one of the richest counties in the state, and if their state taxes are remitted, they should be remitted to all other counties.

The Herald has received the supplementary edition of the Dallas News Almanac, which is a 112 page continuation of the big volume of last year, and brings many things up to date, such as last year's election, motor registrations and several other items of interest concerning field, mine, forest, and oil wells. Also the Pan-American Exposition is given some space. The price of the supplement is 20c postpaid.

Some one has made a comparison of the cost of educating a scholastic in Texas in the public schools and in the state colleges, the former being \$19 per year, while the later averages \$312. But this is far from the cost of either. In the public schools, there is a heavy tax for local maintenance, bond issues, etc., especially in this section, which amounts to much more than \$19 per pupil for many people, and after they enter college, \$312 is not a starter to what "Old Dad" usually has to put up for the finishing "tatches."

We understand that Sharley Guy is thinking of compiling a new series of spelling books after having "turned down" all the Panhandle editors at Amarillo last week using Uncle Noah Webster's Blueback Speller. But he had to go way past "Baker, Shady, Lady," and even on past "Barrack, Ransack, Hammock," even on past "Transquility, Impossibility," etc., to these real hard ones in the back of the book to dump some of those Yankee editors. We hereby advise 'em to hold everything till we get "thar" next year; we really want to embarrass Sharley before a multitude.

Newspaper files are valuable to any community as a record of the community's growth. Men's memories are sometimes tricky and many details are lost if not recorded in black and white.

JUST NOT THE NICE THING

Dickens County for the past two weeks has enjoyed the thrill of a new court house. However, it seems that some one does not realize that it has cost the people of the county a great sum of money and that all this money will have to be paid in the future. Many are the marks that are being placed on the walls of the new building. Most conspicuous are foot prints placed against the wall by the people who lean against them and bring up a foot with mud on their shoes. Others have taken the liberty to spit (expectorate) on the floors and stairs. Probably they do such things at home, but they should not consider the public's court house their home. It reminds us of the fellow who tried to convert a hog into a sheep. He scrubbed and cleaned the hog and painted it white, then turned it loose, and the first place it went was to a big wallow hole. It is not possible to keep our court house looking neat if we use the walls for foot stools and the floors for cuspidors.

The court house is public property and it will be the monument of a decent public or a careless one.—Spur Times.

We have a janitor here in Brownfield, who "bawls" 'em out and ends up with a nice lecture on decency and order, when he catches a bird at such business. Mr. Oliver just don't put up with promiscuous spitting and exercising the heels and toes on the walls.

Don't expect a honeymoon to last always.

OUT OF THE BOG—HOW

The President's commission on farm tenancy, after a thoughtful study of what question, recommended creation of a government corporation to buy land for landless farmers and to provide guidance for these farmers until they had paid for their land over a 20-year period.

By a narrow vote the House agricultural committee rejected this plan. It now proposes a substitute. It is willing to appropriate \$50,000,000 a year for five years for loans to farmers, but it doesn't want the Government to buy the land or supervise the farms.

The commission's plan would give security both to the Government and the farmer. The proposed substitute gives security to neither.

We need something more than money to pull our farmers out of the bog of tenancy. To make agriculture profitable and pleasant way of life it should be we need, not the isolated farms of the past, but individual farms grouped in well-planned rural communities. Only the Government has resources to provide such planning, though only the individual effort of the farmers can make it succeed.

Administration's supervision of its clients shows that government agricultural supervision far from being repressive, stimulates the individual efforts and ambitions of the farmers. It helps them to rise in the world and to prosper, and they like it.

From the Government's standpoint such supervision is necessary to success of the program. Lending money to tenant farmers so that they may buy land, to be "mined" and exhausted by the only farming methods many of them know, would be folly. The American people should not be asked to appropriate millions of dollars for tenant aid, only to see their money wash down eroded gullies.

Congress ought to follow the sound recommendations of the President's commission on farm tenancy. —El Paso Herald-Post.

During slavery days Stephen Foster, a native of Indiana, drifted up into Pennsylvania. He sought to make his way by song-writing. He found little appreciation among his own folks. But there came a time when his products drifted into the "deep" sentimental south. Then "Old Black Joe" and "Carry Me Back to Old Virginia" became classics. To this day they hold a sacred place in our programs. Stephen Foster wrote many songs, and only recently a monument was erected to his memory at his Indiana birthplace. Most of the funds came as an expression of appreciation from the Southland. —Clarendon Leader.

"Without doubt newspaper advertising is the backbone of all advertising, regardless of the argument some folks will give. Did you ever buy an article by reading a sign beside the road, listening to some spiel over the radio, or through postcard or circular letters? When your paper goes into the home it is preserved until each member of the family reads it from front to last page, but, nine times out of ten, when you receive a circular letter it is thrown into the waste basket before you ever reach home."

So spoke the Kaufman Herald of last week. But seemingly the visit of the sheriff posting in the front window of "closed by the order of creditors" must come before some merchants are made to realize that advertising in the local newspaper pays. Most merchants are eager to do business. They are in business to get all the business they can, but want it without spending any money in re-

YOU CAN SEE WHAT YOU'RE DOING WITH THIS NEW SPEEDIER TRACTOR

Here's the sensational new Row Crop "70"—the six-cylinder, streamlined tractor everybody's talking about.

Due to its famous Tip Toe wheels there's unusually great clearance under the tractor so that planting and cultivating equipment can be mounted amidships—always in full view of the operator. You can see what you're doing. The work's easier!

Here's great power, too, with light weight—only 3,000 lbs. And, under ordinary soil conditions, you can plow with two 14-inch bases at over 4 miles an hour! That's great speed that gets the work done sooner—and gives the operator more spare time for other things.

There are two "70's". Come in and see them. One for 70 octane gasoline—the other for kerosene or distillate—each setting new standards of fuel economy. There is, of course, a complete line of mounted listing, busting, planting and cultivating equipment.

Plains News

Mr. and Mrs. C. X. Woodruff of Wellington are visiting Mrs. Woodruff's brother, L. D. Camp and family.

Miss Imbelle Cates of Lubbock is visiting her grandmother, Mrs. D. T. Cates.

The seventh grade enjoyed a party at the school house, Thursday night sponsored by their teacher, Mrs. Alford.

Mr. and Mrs. L. D. Camp and Mr. and Mrs. C. X. Woodruff spent Friday in the J. S. Webber home.

Mrs. Till W. Read was a Lubbock visitor, Saturday.

The Home Demonstration Club met in the home of Mrs. Leslie C. Laren, Tuesday.

Mr. and Mrs. Warner Hayhurst and son spent last week end with relatives in Oklahoma.

Mrs. John Camp and son spent Friday night in the home of Mr. and Mrs. L. D. Camp.

Ralph McClellan and John Anderson had business in Hobbs, New Mexico, Thursday.

Mrs. Joe Ellison and family visited in Seagraves, Sunday.

W. H. Hague and D. B. Wadson made a business trip to Jal, New Mexico, Saturday.

Dumas News

These warm sunshiny days makes one feel much better than the sandstorms do. Few farmers are beginning to plant as we have a good season in the ground.

Mr. and Mrs. B. J. Gross' little son, has been very ill with pneumonia

this past week, but is getting along nicely.

W. D. Batteas returned to McCauley, Sunday, where he is employed.

Mr. and Mrs. H. W. Schulz and baby of Wellman visited Mr. and Mrs. E. T. Batteas, Wednesday night. Mr. and Mrs. J. B. Bryant were Brownfield visitors, Friday.

Mrs. J. W. Elmore and Mrs. Florence Morris visited Mrs. Geo. A. Wright, Wednesday evening.

A party was given in the home of Mrs. Onita Batteas, Friday night. Everyone reported a grand time.

Those on the sick list this week are J. H. Taylor Little Evelyn Doyce and Jimmie Batteas.

Mrs. R. S. Lee is very ill at this writing. We hope she is better soon.

Little Travis Cotterall spent Sunday with his sister, Mrs. Christine Wright.

Those who visited Frank Wright Sunday were, the five Gross brothers; Hills Bryant and the Tedford boys. Sybil Bryant spent Friday night with her sister Claude Gross.

THE ENEMIES WITHIN OUR GATES

Isn't it about time America was handed back to Americans?

Fascism and Communism have no place in this country. Yet we are closing our eyes while both of these un-American "isms" are undoubtedly gaining a foothold in our cities, our industries and our educational institutions, with the ultimate idea of destroying our government and our social structure.

Reliable observers tell us there is already a German Fascist army of 200,000 in this country holding military drills in Nazi uniforms. For what? Certainly not the good of the United States.

Communists, cleverly organized and intelligently directed from abroad, are stirring up trouble among our workers, encouraging them to disregard our laws, to defy our courts, to violate property rights. The recent shipping strike, which cost uselessly a billion dollars was an example of what this "stirring up" can accomplish and the confusion and suffering it aims to bring about.

Industrial or political dictatorship is not for us. We are not a nation under feudal lords nor a nation of peasants or unskilled laborers. We are primarily a nation of small independent business people, brain workers, farmers.

We have here the finest country in the world. Why let a lot of self-seeking outsiders ruin it? Let's get it back to the common-sense basis of American citizenship. Let's do it now. It will take a lot of vigor. Have we got it?

Let's start a movement.—Lawn Echo.

TEXAS' PER-ACRE COTTON YIELD IS CAUSING ALARM

HOT SPRINGS, Ark., April 12.—W. F. Pendleton of Dallas, president of the National Cottonseed Products association, told the valley division's sixth annual convention today that a decrease in Texas' per-acre yield was alarming the cotton industry there.

Pendleton said the per-acre production had dropped from 211 pounds 50 years ago to 119 in 1936. Cotton production in that state, in competition with other states and other nations, was proving unprofitable to growers, the speaker said.

CARD OF THANKS

We take this means of thanking our friends and good neighbors for their kindness, help and words of comfort during the last illness and death of our daughter and sister; also for the floral offerings. May God richly bless each of you.

W. R. SMITH PASSES

Mr. W. R. Smith, 70, and a resident of Terry county for 13 years, died in his home, April 23, 1937, after a short illness with pneumonia. He is survived by his father, wife, six sons, four daughters, and a number of grandchildren to whom we extend our sympathy. The body was laid to rest in the Forrester cemetery.

Dear Father, you have gone from our door,

Your face we shall never see more,
Until we meet on that beautiful shore

Of God's wonderful land.

So we ask God to bless and keep your soul
At rest until we too can reach the goal

On God's wonderful land.

Home is not home when Father's not there;

Angles have taken you out of our care;

Dark is your room and vacant your chair,

You've gone to that land so peaceful and fair.

Sleep Father sleep, thy troubles are o'er;

Sweet be thy rest you've needed before.

Long we have loved you, but God loved you more,

He has taken you away to that bright, happy shore.

Sent in by a friend,
—Thelma

SOUTHERN PEACH CROP REPORTED TO BE DAMAGED

WASHINGTON, April 10.—The agriculture department reported today mild winter temperatures followed by February freezes caused "considerable damage" to the southern peach crop.

Percentage conditions in the southern states on April 1, all below 1935 and 1936 figures, were: North Carolina 55; South Carolina 48; Georgia 41; Florida 52; Alabama 43; Mississippi 44; Arkansas 46; Louisiana 59; Oklahoma 40; Texas 54.

CHILD HEALTH DAY

AUSTIN, Texas.—"One of the valued by-products of May Day . . . Child Health Day activities of recent years has been the stimulus to physical examinations in the schools of our State," is the opinion of Dr. Geo. W. Cox, State Health Officer. Early detection of these defects and their correction will assure better health and well being to our coming generation.

A child with defective vision cannot be expected to do the required work in school until this handicap is removed. Inflamed, watery eyes, granulated lids, chronic styes, nervous actions as habitual winking, may be caused by a defect and should have immediate attention.

The far reaching effects of infected tonsils on the system has been recognized by health workers for years. Many of the ills of later life, such as heart disease, arthritis, deafness, etc., are directly traceable to tonsils that became infected during childhood and were allowed to remain untreated.

Dental defects are found in more children than any other imperfection and for this reason children should be taken regularly to their

dentist for examination and cleaning of the teeth. This precaution keeps the mouth clean and makes it possible to discover dental defects as soon as they appear.

Postural defects appear in the life of a child much sooner than we formerly suspected. Have your family physician see if your child's shoulder blades project and if his arches are low. Simple exercises, diligently adhered to, when the child is young, will prevent later serious developments in many cases.

BULL

The owner of a number of bulls near here received a letter recently which read:

"As secretary to Mr. So-and-So," I am directed to notify you to quote a price on your registered bulls, giving full particulars as to description."

To this the bull man replied:

"In the absence of a secretary upon motion of my bulls, promptly seconded by my jacks, you are directed to tell your boss he does not need bulls, he needs brains and common sense."—Donley County Leader.

Alton Fitzgerald was carried back to a Lubbock hospital this week, suffering from a relapse.

Mr. and Mrs. T. J. Price are spending a few weeks visiting relatives in Young county.

•Learns Secret of Friend's Pep.

I'M SO DISCOURAGED ABOUT THE WAY I FEEL. ALWAYS SO TIRED AND DRAGGED OUT.

LET ME HAVE A BOTTLE OF PURSANG—MRS. CONNIE SAID IT HELPED HER WONDERFULLY.

IT'S THE FINEST THING I HAVE TO HELP BUILD RED BLOOD AND RESTORE ENERGY AND STRENGTH.

I USED TO FEEL THAT WAY UNTIL I TOOK PURSANG. WHY DON'T YOU TRY IT?

ONE MONTH LATER

I CERTAINLY WANT TO THANK YOU FOR TELLING ME ABOUT PURSANG. I FEEL LIKE A NEW WOMAN, AND HAVE WORDS OF PEP AND ENERGY AGAIN.

IT'S MARVELOUS THE WAY IT WORKS ISN'T IT?

Marvelous New Tonic Works Wonders for Ailing Adults and Children

Today, thousands of men, women and children who were tired, listless, nervous—appetites poor—because of pale weak blood, are brimming with strength and energy as a result of the aid given them by Pursang.

For this scientific tonic preparation contains, in properly balanced and readily assimilated form, such elements as organic copper and iron.

Pursang acts to stimulate the appetite and build rich, red blood even in cases of simple anemia. When this condition is relieved, nervousness disappears. Energy and strength usually return. You feel like a new person.

If you aren't up to par—if you constantly feel dragged out give Pursang a complete chance to assist nature in building up your strength and energy as it has for so many people. Get Pursang from your druggist today on our money back guarantee.

Pursang Laxative Pills are acknowledged the modern treatment for constipation. Purely vegetable, they give thorough bowel cleansing without griping.

PALACE DRUG STORE

HOLLYWOOD

If any other kind of business was run like the movies there wouldn't be any business.

George Walcott, young actor who has been in a dozen important Broadway shows, was given a major studio contract while still in New York. His salary began on the day he entertained for Hollywood. Enroute he received three telegrams from the Hollywood executive who had okayed his contract, urging him to report as soon as possible for a screen role.

When Walcott arrived he spent four days trying to even get into the studio. The red tape barred the way!

Because he did not have a timed appointment, the main gate wouldn't even phone inside the first day. The second day he got into the casting department, was asked to wait until they could contact the executive who had hired him. The officials secretary declared no one of such a name was known to them. And so on.

The fourth day George's first weekly check was due—and it was ready at the cashier's office! And with that official recognition of him, George persuaded extra-officials gatemasters that he really should be permitted in!

Walcott, who's handsome, single and 26, will be seen in his first important screen role as Barbara Stanwyck's brother in "Stella Dallas." He's a lad of talent who's worth seeing too!

An interviewer asked Greta Garbo why she did not appear at more parties. Believe her statement or not. She declared "Because I'm never invited to any!"

Anne Shirley not only celebrated her birthday last Saturday on a movie set, but all day worked in a scene depicting her twelfth birthday in the picture. She was in little girl dress, skirts above her knees it was her 18th birthday, but she looks anyway 20. When asked what she did on her twelfth birthday, assertedly only six years back, she replied: "Really, I can't remember." Some players have "convenient" memories!

The Marx brothers are often as witty offstage as in their well-prepared gags on the screen. Saturday Groucho was trying to do a scene in "A Day at the Races." Sam Wood is directing. After four bad takes Director Wood explained in disgust: "You can't make an actor out of clay!"

"Nor a director out of wood," snapped back Groucho!

The old-fashioned bee-keeper's smokepot, the kind my father used on our Vermont farm, is a very handy contraption on sets. While watching Johnny Mack Brown do a western scene in a big saloon it was interesting to see one of these brought out. A prop man walked around the big barroom with it, gently filling the place with smoke to provide the right thickness of blue haze. It's particularly useful because it's so completely noiseless. He squeezed smoke between the camera lens and the players even while the camera was "rolling."

William Wyler recently announced as engaged to direct the latest Miriam Hopkins picture. Her fellow-player, Walter Brennan, a witty, genial, but blunt Irishman, told me that the actress usually "wants to boss her own directors." So Wyler wouldn't take it. Anyway, John Blystone directed the picture.

Joan Woodbury, decidedly attract-

ive and vivacious young actress, will get ahead. Last week her agent tried to interest a producer in giving her the feminine lead in popular Bill Boyd's current picture. The producer said her photographs did not look Spanish enough.

Joan darkened her eye lashes, went to the producer, announced herself as "Nina Martinez," used a Spanish accent and landed the role!

It wasn't until after several days shooting that the producer learned Miss "Martinez" was in reality the Joan Woodbury he'd refused.

Two years ago an important producer reputedly spent a million dollars making two pictures and ballyhooing Anna Sten, whom he starred in both. She didn't click. Reports became current that she became high-hat, wasn't cordial and was even nasty to columnists and press interviewers. Result they wrote little about her, and what went out was uncomplimentary.

Now Sten is back. She's trying a comeback with a new, small, independent producer. And the press reports she's being very sweet; that she's really very personable. So now she may click at a lot less cost!

A while ago, I quoted Warner Baxter as declaring that a new color picture, "A Star is Born" was the finest yet seen and a potentially sensational picture. It was previewed Saturday night. All the reviewers agreed today that it is "outstanding entertainment for all."

DR. A. W. JACKSON OF O'DONNELL DIES

O'DONNELL, April 23.—One of the most widely known physicians of the South Plains, Dr. A. W. Thompson, 65, was buried here this afternoon.

Dr. Thompson, who had lived at O'Donnell since 1908 died Thursday afternoon of a cardiac ailment.

Rev. W. L. Henderson of Southside church conducted rites and burial was here.

Dr. Thompson was born June 15, 1871 and began his practice of medicine in 1895.

CARD OF THANKS

We wish to thank our many friends for the help and kindness in the sickness of our husband, son, and brother, Jim Jones. And wish each a prosperous year.

Mrs. Jim Jones and children; his mother, brothers and sisters.

It is stated that statistics show that Texas is now crowding Florida for first place in grapefruit shipments.

Uncle Jim Says

Approximately fifty million acres of farm land in the United States are already so badly eroded as to be essentially unfit for cultivated crops; another 50 million acres are incalculably almost as bad.

There are now in cultivation some 100 million acres seriously impaired by erosion and misuse, and another 100 million acres on which erosion and poor management have begun to take toll.

Part of this condition has been due to the plowing up of grasslands which should have been left in sod. Most has been due to the farmer's inability in the face of distressingly low prices for their products to take proper care of their land.

A recent report from the National Resources Committee to the Pres-

dent pointed out that "in another century this great American granary may have become inadequate to support our population if erosion is permitted to continue at the present rate."

More than a score of years ago the Texas Extension Service began its campaign to save soil and conserve moisture by terracing. More than 12 million acres have been terraced and contoured in Texas since that time; and in 1936, under the stimulus of the Agricultural Conservation Program, more than two million acres were terraced or contoured under the supervision and leadership of county agricultural agents in this State.

Band Contest at Lubbock This Weekend

LUBBOCK, Texas, April 26.—School musicians from 50 counties of the Western Texas School band and orchestra association are expected here this week end to participate in the ninth annual contests. Advance registrations indicate that more than 40 bands and orchestras would take part in the competition which will last through Saturday night. The registrations indicate that over 2,500 students will be here, according to D. O. Wiley, general director of the

THE HOME DECORATOR

Child's Room

It is perhaps more fun to decorate a little child's nursery than any other room in the house. Everything is so dainty, so colorful and bright that it's fun to work with—at least, that's the way it should be.

The last ten years have been very kind to small humans. Their clothes have gone sensible, their furniture has been made to size, and you can buy it without spending a small fortune.

If I were going to fashion a nursery out of a small room I'd do it this way. I think I'd get some bright red and white enamel, easy to wash, and easy on the eyes. That washability is so important for health's sake and for appearance's sake, so naturally enamel is the thing. The furniture would be fun—for I'd do it myself. It's such a delight to watch the paint flow off the brush and to see the red and white enamel come to life.

And that, too, would be white with red trim. There would be built-in shelves around the room—some for the toys and some for books and they'd be painted white, with the inside surfaces red. There should be a washable colorful rug on the floor, and the puffed curtains and the tiny bedspread would be red and white checked gingham—the top of the spread just plain white cotton.

Of course, that's just one color scheme. But whatever colors are chosen it is paint and color that really do the trick in giving it that freshness and bright cheeriness that children love. And they do love it, too—just ask any child which he or she will take, the blue ball or the brown one—it's the blue one, every time.

PURINA

IMPORTANT ANNOUNCEMENT TO ALL BUYERS OF LIVESTOCK AND POULTRY FEEDS

ONE are the depression days when poultry and livestock are fed just to "get by"—just to keep animals and birds alive. Money-making days are here again. Feeders know it too. That's why more and more are looking for and demanding feeds of proven reputation for results — feeds that will get out of herds and flocks all the profitable pork, beef, milk and eggs they are capable of producing.

Such feeds we are now equipped to supply you because we have taken on the PURINA account. We are now handling the full line of Purina Chows for chickens, turkeys, hogs, cows, calves, horses and mules, dogs, steers and sheep. We chose Purina only after careful consideration of many good feeds and comparative national and local production records. In taking on the Purina Line we sincerely feel that we can provide you with feeds and service that will do the best feeding job for you at the most reasonable cost.

Purina Chows are proven money-makers — laboratory tested and farm proved for over forty years — and they'll make more money for you than anything else you can use. There's a Purina ration for every feeding need. Come in, make our store your feed headquarters. We'll be happy to serve you.

PURINA

CARD OF THANKS

We thank our friends and especially our neighbors for their sympathy and kindness during the illness and death of our husband, father and grandfather.

May God bless you.
Mrs. Bell Smith, children and grandchildren.

Heflin Bros. are having the first real adobe house constructed here, built on south 7th street. It is to be stuccoed and plastered on the inside, we understand, and will be a neat little residence when completed.

Mr. and Mrs. E. C. Roberts of Seagraves, were visitors in the Stricklin home Sunday afternoon.

H. H. Copeland of Abilene, former citizen of Brownfield, is here this week on business.

Our new District Judge Reed, of Lamesa had an acute attack of appendicitis at Lamesa last week while holding court, and had to undergo an operation.

This Paper For One Year and

52 Issues of **PATHFINDER** ONLY!

More than a million readers throughout the country read **PATHFINDER** regularly for a complete, timely and unvarnished digest of the news. Are you overlooking something? Today, economic and political affairs are at their topsy-turviest. Every new turn of events is apt to affect your pocket-book. Everyone's asking, "What's it all about, and how much is it going to cost me?" Before you can answer that question you must be able to interpret the news; and before you can interpret you must have all the facts clearly explained.

EVERY WEEK from the NEWS CENTER of the WORLD **PATHFINDER** comes to you with its reliable, easy-to-read and easy-to-understand news reviews in words, pictures and charts. Its condensed form presents a lively and intelligible survey of current events throughout the world; its impartial interpretation, analysis and explanation of the news enables you to think and talk straight. Other weekly news magazines sell at \$4 to \$5 a year. **PATHFINDER** sells for \$1 a year, but for a limited time we can offer you a greatly reduced bargain price on a combination of this paper and **PATHFINDER**. Drop in and see samples or write and take advantage of this special offer without delay. Insure your economic future by assuring your complete grasp of current affairs.

CASH IS RECOVERED FROM DEAD LETTERS

WASHINGTON, April 24.—The government rang up \$230,000 on its cash register in 1936 just because the public was careless in addressing mail.

"The number of foolish mistakes people make is almost unbelievable," said Burton G. Cowles of the dead letter division, which received about 12,250,000 misdirected letters during the year.

Of those, 108,454 contained money. Not counting small change, the government recovered \$96,326 from letters alone.

Its revenue from all sources, including sale of unclaimed packages, recovery of unused stamps, and fees collected for returning misdirected letters, totaled \$229,353.

His Own Theories

Cowles has his own theories about misdirected mail. Some letters have "interrupted addresses," others fall

into an "association of ideas" category.

The interrupted address, Cowles explained, is what a person was writing when there came a sudden knock at the door or the telephone rang. The letter was put aside and later mailed with the address incomplete.

The association of ideas letter is frequently encountered, Cowles said. Mrs. Jones is writing a letter to a friend in Fort Recovery, Ohio. By some little mental quirk she will write "Fort Convalence" and soon another missive is headed for the dead letter office.

NEW MEXICO ACTS TO SIMPLIFY PORT OF ENTRY RULES

Port of Entry regulations operative at New Mexico border points, which in some instances have been so stringent as to cause complaint from tourists, with the result that a Chicago Automobile club advised tourists to avoid New Mexico and Arizona and choose other routes, to the detriment not only to those states, but to Texas as well, are to be modified, simplified, and changed according to the New Mexico Governor, who has put a training school into operation, to properly train men who preside over these posts.

We can vouch for the fact that two or three cars were needlessly detained at one certain port, while a "mule-headed" gatekeeper, needlessly argued with a couple of tour-

ists with California license plates. He finally did get around to the other three cars, but his attitude was anything but courteous.

Tourists are entitled to every consideration. They leave money in every state they traverse, and it is well to try and make their first impressions of us, good ones.

The few dollars to be collected at these ports would be lost tenfold if tourists decided to omit those states from their route sheets.—Amherst Argus.

LEAVES TO TAKE HIS SEAT IN CONGRESS

AUSTIN, April 24.—Lyndon B. Johnson, congressman elect of the tenth Texas district will leave for Washington April 27 to take the seat of the late J. P. Buchanan.

Johnson announced appointment of W. S. Birdwell, Jr., of Buda as his secretary. Birdwell, a businessman, is 30 and Johnson is 29.

Recuperated from an appendicitis operation, Johnson left Austin today to visit his parents in Johnson City.

PUT OUT OVER 11,000 BAIT FOR COYOTES

POST, April 24.—Twelve Garza county ranchers who put out over 11,000 poison baits for coyotes, in connection with the U. S. biological survey, reported an excellent kill.

Ten of the men said they found 73 dead coyotes and estimated from 195 to 250 more coyotes killed, based on the number of baits put out.

Decrease in the damage done by coyotes to stock, since the bait was put out in February, was reported. Fewer pups have been seen.

County Agent, James W. Potts sent a questionnaire to ranchers on the work. Ten of them replied.

CONSOLIDATION CARRIES SEAGRAVES

WILLOW WELLS school district will consolidate with the Blythe Independent school district, residents of the two districts decided. The proposal carried here 68 to 3 and in Willow Wells 23 to 1.

Roy Wingerd and family have moved to Corpus Christi temporarily to erect an apartment house for A. M. Brownfield of this city.

Messrs. Webb Jenkins and C. L. Largent of Plainview, visited Herman Trigg, Sunday.

We were notified this week that the Court House Gang were ready to take on any team in a game of soft ball. Anyone desiring a game, contact Mr. Bill McKinley, in County Agent's office.

Earl McNeil of route 3, is again on the right side of our subscription list.

EDITOR GETS EVEN

An editor and a merchant were discussing the virtue of bill board advertising. The merchant contended that more people read the bill board than the newspaper. After neither man would give in, the men parted.

The next week the merchant came tearing down the street to the news paper office wanting to know why the obituary of his wife's mother was not in the paper, especially after he had seen that a copy was taken to the newspaper office.

"Well," said the editor, "I new you wanted the obituary read by the people, so I took it out and nailed it upon your billboard."—Sedan, Kansas, Advertiser-Journal.

QUINTUPLETS RICH

The famous Dionne quintuplets have earned nearly a million dollars from advertising, motion picture and industrial contracts, the Ontario government announced Thursday.

Reporting to the legislature on the quint's revenue, the government announced receipts to date at \$573,765.05 and payments due of \$287,383.34 for a total of \$861,148.29.

Mr. and Mrs. A. C. Copeland, of Yoakum county, were here Saturday, shopping. They are old timers of both Terry and Yoakum counties.

Cleve Holden of Sudan, accompanied by his father, J. F. Holden, were visitors here for a short time Sunday, with their sister and daughter, Mrs. Stricklin Sr., and family.

There was a district meeting of Townsend Clubs at Levelland last Saturday. Several from here attended, we understand.

Rev. W. M. Pearce, Presiding Elder of the Lubbock Methodist district, held quarterly conference at Pool, Sunday. Dinner was served at the school house at noon.

L. B. Johnson and family of Yoakum county, were here Saturday shopping.

Editor Short of the Meadow Star, was a pleasant caller at the Herald office, Tuesday afternoon.

HOW WOULD YOU FEEL ABOUT IT?

Some day, my ill-mannered friend, you are going to go too far. Some day, when you swerve around a street corner, you are going to clip the buttons off the wrong pedestrian's vest, and he is going to catch up with you, haul you off your comfy upholstery, and deal you the smacking down you deserve. You are a veritable titan of self-assurance, aren't you, when you're behind an eight-cylinder engine? But how do you look on your feet? Are you the same dashing, imposing, self-assertive personage for whom the rest of the world must make room? Would you dare shove another pedestrian aside; would you jostle a six-footer? You would not, for you're just a grubby little inferiority complex who's been sublimated by a shot of gasoline.

And what's the reason for this break-neck rush of yours, anyway? You're in an automobile. You arrive at your destination 10, 15 or 20 times quicker than the pedestrian you're crowding back onto the curb. The best he can do is five or six miles an hour. You are going 25 or 30, perhaps 40 miles an hour. It your business ten times more urgent than his? My, my, what an important fellow you are! What vast designs, what momentous projects must occupy waking hours to justify such impatience!

The automobile, it seems, is the devil's gift to the Little Man. Put him in control of a motor car, and he's cock o' the crosswalks. But if you suddenly yanked that ton or two of iron and steel out from under him, you'd find him just a measly nonentity with the mental set-up of a grammar school bully.—Spur Times.

Ralph Carter transacted business in Quanah and Paducah Friday.

Mrs. A. J. Akers of Memphis, is here visiting in the home of her son, Glen Akers.

W. F. Snitker came in this week and got on the list again, with Tokio as his address. For the past several years he has been living in the Anton section.

A BRILLIANT NEW SERIAL
IN THIS PAPER

KATHLEEN NORRIS

writes

"Beauty's Daughter"

America's most beloved author returns to capture public fancy again... she brings a vital and glowing story, modern as tomorrow, strikingly pertinent to a social-conscious world!

Read about the girl who evaded love because of a mother's unhappiness... then read the consequences in this monumental story from the pen of Kathleen Norris—"Beauty's Daughter."

IN THIS PAPER

Meadow Items

This part was visited by showers last Monday and lighter showers Tuesday, accompanied by a very high wind. In fact, we wonder if it was not a "twister" on a small scale, for it blew down Mr. and Mrs. Wheeler's windwheel and wrecked it so badly a new one had to be purchased, and completely uprooted a large tree in front of Mrs. Harris' home and tore large limbs off another tree.

Mr. and Mrs. W. K. Horn, former pastor the Baptist church, left last week for Post Texas, where they expect to make their home.

Mr. and Mrs. Gerault left for Dallas. Mr. Gerault was the present pastor of the Baptist church at this place.

Little Dovain Lusk who was badly burned some 10 days ago was carried to Lubbock last Monday for treatment and is reported to be improving slowly.

Mr. C. W. Avery, who has taking treatments at Lubbock was brought home last Wednesday, in a better condition.

The Senior class sponsored by Mrs. Hartzog put on their play "Demon in the Dark" last Friday night. It was quite a mysterious one, on a whole. Those participating did his and her parts exceedingly well. Quite a large and attentive audience was present.

Vanoy and Eva Ruth Turnbough ate dinner with Noble and Mary Margaret Harris, Sunday.

Mrs. Wiggs is in the sanitarium at Lubbock and taking blood transfusions. Mr. Wiggs works for Mr. Preston Hester.

Little Joy Garner is quite sick again.

Mrs. Reed, wife of the barber was in Brownfield, Saturday afternoon. Our school was represented at the Regional meet last week end.

Parent-Teachers Association met

in regular session Thursday afternoon. Bro. Burkhardt made an interesting talk on the Mother's of the Bible.

Mr. and Mrs. Hodges of Littlefield visited Mr. and Mrs. M. N. Turnbough Sunday afternoon.

Mr. Houston Hamilton's parents from Quanah, Texas, are visiting in the Hamilton home.

Those interested might be glad to know that next Monday, May 3rd is our annual cemetery working time.

Sheriff Ches Gore and force rounded up two Terry county men this week accused of stealing a \$65 watch, which they acknowledged after languishing a few hours in the Terry county bastille. They are also hot on the trail of some other burglaries, we understand.

Ed Evans reports that he has cotton coming up.

The SNAPSHOT GUILD

Photography, Time and Sentiment

"Backward, turn backward, O time, in your flight!"

THIS is an address to camera-owning parents to remind them of a few facts relative to the sentimental value of photography and the passage of time. Self evident though they may be, these facts are too often forgotten.

The first is that in the case of parents the most treasured of all photographs are those of their children. When the children grow up, photographic records of how they looked as children become with the years more and more precious. Any doubt about that?

Fact number two is that parents who are camera owners have the means of obtaining pictures of their children at any time throughout those childhood years.

The third and most important is that since Time is not a motion picture reel that can be repeated or turned back to a given scene, too many parents let Time slip by without taking the pictures that will make the record of their children's constantly changing appearance.

Billie, aged ten, is quite a different looking person from the one he was at eight, six, four and two. If years are allowed to pass without pictures being taken of him, memories of how he looked at different ages survive only vaguely. Remember that mental pictures fade and perish but images on photographic paper en-

sure. Moreover, Billie, too, will cherish those pictures, and so will his future wife and their children.

Here are some important facts, too, relative to the picture-taking. The most interesting and revealing pictures of children are informal ones, showing their natural manner of doing things, their unconscious attitudes and unpremeditated poses, taken unawares. These are the ones you like most to look at. Such pictures are easy to obtain outdoors when the children are at play intent upon the fun they are having. Now, at those times, it takes only a few moments to slip out of the house, camera in hand, and snap them. Don't let the children discover your purpose if you can help it, because they will most surely stop everything with a shout, "Wait a minute! Mummy's going to take our pictures" and start to pose.

The "pitchers" may not seem anything remarkable when a day or two later they come back from the photographer because they merely show the children just as you now see them every day. But wait a few years! Then they will be priceless! Don't neglect to get these snapshots from time to time, and particularly when birthdays come around, and don't forget to date the prints. Remember: it only takes a few minutes to step out with your camera and obtain these precious remembrances.

John van Guilder

MAN ONCE FRIGHTENED BY OIL ADS

CHANGES TO OIL-PLATING

In spite of everything, it paid him to take ads seriously, you see, else he might never have tried Oil-Plating. First of all he was impressed by the explanation of Oil-Plating.

Simple enough, if you'll think what happens as Johnny's dirty little hands touch the wallpaper. Anything greasy or oily on his hands becomes quite a permanent part of the paper. You'll say permanent!

In much the same way—forgetting technicalities—Conoco Germ Processed oil forms a lasting attachment for every working part of your engine. This union of oil and metal to produce a genuine, enduring Oil-Plating is brought about only by the Germ Process—patented.

Thus the Germ Process not only multiplies the strength of the usual flowing type of oil-film, but creates Oil-Plating besides. And once Oil-Plating goes on, Conoco Germ Processed oil does not let it come off in minutes, hours, days . . . or any number of miles.

Unable to run off while the car stands, Oil-Plating kills the old fear of starting "dry." Likewise Oil-Plating refuses to let go in all the fury of 5,000 revolutions per minute. That's why your "good old car" or the latest model will stay more like new, with its engine Oil-Plated. And your whole Summer's driving will take less Conoco Germ Processed oil. Continental Oil Company

GERM PROCESSED OIL

Gomez News

On Tuesday of last week some forty friends and relatives of Mrs. Isaac (Grandma) Loyd surprised her with a covered dish birthday dinner in honor of her 83 milestone in life. Grandma is very alert and active for one of her age and was able to enjoy the event of the day in her honor. Lovely gifts accompanied by sincere wishes for many more as happy birthdays bespoke the esteem, with which this beautiful Christian character is regarded.

Mr. and Mrs. Lee Fulton, Mrs. Elmer Lee and children visited relatives at Wichita Falls during the week end.

Mr. and Mrs. Bill Dorman and children visited relatives in the Harmony community Sunday.

Mr. J. T. Trolinder made a business trip to Lubbock on Wednesday of last week.

Mr. and Mrs. W. G. Swain and family had as their guests, Sunday, Messrs. and Mesdames Wayne and Kenneth Rutherford and families.

The Sunday School and B. T. U. attendance at the local Baptist church is increasing in interest and numbers each Sunday, but we still have room for more. We invite you to join us in these services. Let's keep growing!

Mr. and Mrs. Johnny Baggett and children spent the week end with relatives at Lakeview.

Mr. and Mrs. Lee Walker and family visited friends in the Tokio community, Sunday.

Miss Nora Grigg spent the week end in the paternal home at Wellman.

Mr. and Mrs. Happy Hudson and little daughter and Mr. I. H. Hudson were guests Sunday in the H. N. Key home.

Mr. and Mrs. Henry Cargill and children visited relatives at Plains during the week end.

Mr. and Mrs. G. W. Carter and family visited relatives at Slaton on Friday of last week.

Rev. A. L. Hicks of Paducah will hold his regular appointment at the local Baptist church on Saturday evening, Sunday morning and evening. You are cordially invited to hear him.

Mr. and Mrs. Robert Decker and children visited relatives at Brownfield, Sunday.

Mr. and Mrs. R. A. Whitley and family had as their week end guests, Mrs. Whitley's parents, Mr. and Mrs. Green of Abilene.

Messrs. and Mesdames Earl McNeil and children of Scudbury and Kellie Sears and sons and Miss Marie Carter were guests in the C. J. McLeroy home, Sunday.

The planting season is beginning to open up now.

Mr. and Mrs. J. W. Christenson and daughter, visited relatives at Abilene, during the week end.

Messrs. and Mesdames Dick Adams and children of the Pool community and A. A. Harkins Jr., and family were guests in the Hubert Hicks

Mrs. E. C. Davis entertained the members of the Colonial Card Club, Friday. The guests present were, Mesdames Lee O. Allen, W. R. McDuffie, Garrett Daugherty, Lester Whitaway, J. H. Dallas, Glenn Akers, Gertrude Lees, Mon Telford, Jim Graves, Arthur Sawyer, Cecil Smith and Mrs. Paul Lawless of Levelland.

Cut prizes were won by Mrs. McDuffie, Treadaway and Dallas; Mrs. Akers winning high.

A salad course was served at the close of the game.

CENTENNIAL QUEEN VISITS AUNT HERE.

Mrs. Fred Robertson and daughters, Frances and Jerry, of Seagraves visited their sister-in-law, and aunt, Mrs. Lee O. Allen, Thursday. Miss Jerry is home on her vacation from Dallas where she has completed a year of Little theatre work. She was made queen of the Texas Centennial last year, and returned to Dallas where she has a prominent part in the Cavalcade show this season. She will then go to Hollywood where she has a motion picture contract with M. G. M.

W. M. U.

A large number of ladies attended the W. M. U. at the church, Monday. All circles met together at one o'clock and sewed for Buckner's Orphans Home. Making garments for fourteen year old girls. After having finished, a nice box was packed, consisting of wearing apparel for these girls.

Next Monday is Mission Study day. All circles will meet at the church at 2:30 in three Mission Study classes.

The Sun Beams met at the church last Saturday with nineteen present. The time for their meeting has been changed to 2:30 beginning next Saturday.

The Junior G. A.'s met with Margarette Howell last Saturday. Refreshments were served to eight. They will meet with Mrs. Goodrich next Saturday at 2:00 o'clock p. m.

BAPTIST CHURCH NEWS

We had two fine services Sunday. Bro. Brian, our District Missionary, brought a great message at the eleven o'clock hour, and at the evening hour, the Intermediate G. A. girls led by Mrs. C. A. Thames gave a mission play, supposed to have taken place in China, it was very interesting.

We had large congregations Sunday, we had 284 in Sunday School. We want not less than 300 next Sunday.

Dr. Huff, Dean of Wayland college will speak for us, both services next Sunday. His wife is a talented singer and will sing for us. Be present, we know you will enjoy the message and special music.

The latest word from our pastor, is that he is feeling much better, and having a great revival at Vernon, having had 28 conversions and 29 additions to the church there, through the day Sunday. He also enjoyed a visit of some friends from Duncan, Oklahoma, and some boyhood friends from east Texas, Sunday. Pray for the services here Sunday, let's carry the work on in a worthy way for our Master.

THE METHODIST CHURCH

An old-fashioned basket dinner at the Methodist Church, brought by people from adjoining charges of Meadow, Brownfield Circuit and Seagraves, as well as by the members of the local church will be served at the noon hour, Sunday.

The pastor will preach at eleven o'clock, and after lunch Mr. Jos. R. Griggs, leader of Laymen in the Lubbock District, will deliver an address to the combined membership of the near-by churches. Mr. Griggs is Supt. of Schools in Lubbock county, has done a remarkable piece of work in improving the rural high schools of that county and is a very able public speaker. You will not want to miss his address. All other people are cordially invited to hear him.

The evening service of the church will be featured by a Life of Christ in Sound Pictures. Mr. Griggs has a very fine machine, and we have secured a sound film from one of the churches. There will also be a picture shown at the Young People's League at six-fortyfive.

The public is urged to attend any and all of the exercises of the day. Bring your friends with you. You can do yourself or your community no higher service than to be in God's house and service every Sunday. Try it!

ODDFELLOW AND REBEKAH LODGES MEET

The Oddfellow and the Rebekah Lodges of Brownfield had one of the greatest open house meetings that they have ever had last Tuesday evening at 8 o'clock. There were between 110 and 120 present. We had lots to eat and a get together meeting with the following program being rendered:

Opening Ode, audience, led by M. L. H. Baze. Invocation, by R. A. Simms. Opening Address, Fred Hinson. Address, Ethel Price. Report on I. O. O. F. Home, Mrs. Jessie Randal. Music, arranged by Miss McClish, and Wellman chorus. Address, J. B. Bell. Reading, by Mrs. C. A. Wilhite. Numbers, arranged by Jack Holt and class. Address, L. B. Forbis. Address, L. N. Goslin, District Deputy Grand Master of Lubbock.

A good time was had by all and all lodge members are urged to attend regular meeting to find out what is going on.

Born to Mr. and Mrs. J. R. McKinley, a girl, Tuesday 27.

Rev. Lipscomb, pastor of the First Methodist church of Lubbock, was here Wednesday visiting friends.

The E. D. Shelton home on the Lubbock highway is being reroofed and the interior newly decorated. Mr. and Mrs. Clyde Cave will occupy it when the renovation is completed.

Crowned Champion Cook

America's champion cooking honors this year went to Mrs. Helen P. Angell of Columbus, Ohio, shown above as she prepared a barbecued chicken on a modern automatic gas range in the second annual "Cook-off" held recently in Grand Central Palace, New York, by a national women's association. With a degree of bachelor of science in household arts, Mrs. Angell bested the cream of the nation's cooks in this unusual contest.

Hospital Notes

F. J. Hennington of Tatum has entered the hospital for treatment.

Dudley Repp, eight year old son of Mr. and Mrs. A. D. Repp, was painfully but not seriously injured when struck by a swing on the playgrounds at school, Wednesday. He was treated at the hospital where it was necessary to take three stitches in a wound over his eye.

Roland Burnett is recovering from a major operation.

Mrs. Inez Shaw of Scudday entered the hospital for treatment recently.

Mrs. E. E. Rowe underwent a minor operation Saturday.

Lewis Bryant was operated on for appendicitis Friday.

Mrs. W. R. Benton was able to leave the hospital, Wednesday, after a major operation.

BIRTHDAY PARTY

Mrs. Dube Pyeatt entertained Friday evening with a birthday party honoring her sister, Wanda Lewis, whose twelfth birthday fell on that date.

Games and music were enjoyed and a refreshment course was served. The guests list included Grace Tarpoley, Robbie Virginia Bowers, Billy Shelton, Tootsie Graves, Kathleen Eickie, Bub Smith, Lemon Eickie, Edgar Self, Patsy Ruth Carter, Christine McDuffie, Emma Jean Coleman, Le June Lincoln, Mon Telford, Eldora Lewis, Iva Dell Cloud, Helen Gillham, Virginia Stroupe, Deverille Lewis, Larry Miller, R. L. Clay, Geraldine Pyeatt, Robert Lee Craig M. J. Craig and Jackie Holt.

WOODMAN CIRCLE

The Supreme Forrest Woodman Circle of Brownfield Grove No. 462, met in regular session April 23. The meeting was called to order by Guardian Moore, after business session of the lodge, plans were discussed for the Rotative party to be held at the hall, Friday, Apr. 30. All W. O. W. men and wives and circle ladies and husbands are invited to attend.

Mrs. Ruth Moore being chairman of the entertainment committee, we are assured of a good time. Everyone be sure and come, for there is fun for all.

NEWSPRINT PLANT FOR SOUTH OPENS

SAVANNAH, Ga., April 24.—Dr. Charles Herby pointed proudly toward his whirling pulp and paper laboratory machinery today and said he had the answer to publisher's troubles regarding future high prices of newsprint.

Throughout today enough of the newsprint he has developed from Georgia pine trees will be run through the machines to print sample four page issue of the Savannah Evening Press to be mailed to the publishers of 2,170 daily papers in the United States.

The paper is approximately the same color as the spruce woods newsprint and tests show it to have full tear and tensile strength.

Mr. and Mrs. Jack Wilson and son of Quanah were week end guests of Mr. and Mrs. A. D. Repp.

Mrs. J. H. Dallas visited Mrs. J. W. Murchison in Plainview this week.

A. S. Underwood of Athens, President of the Texas Compress Co., and D. C. Prince, bookkeeper for the same organization were here on business last Thursday.

PANHANDLE PRESS ASS'N IN ELECTION

AMARILLO, April 24.—Albert Cooper, editor of the Shamrock Texan, was named president of the Panhandle Press association in convention here today.

Amarillo was chosen as the site for next year's convention, in keeping with tradition, over Lubbock's bid for the session, but the news men unanimously agreed to hold a meeting in Lubbock this fall in connection with the West Texas Press association.

Julian and William Forton of Texaco were visitors in the Sawyer Graham home, Sunday.

Mrs. W. R. Knott of Levelland visited relatives here the past week end.

Joe Bailey, employee of the Avalanche-Journal at Lubbock, was a business visitor in our city, Saturday.

It's funny why swains are called suitors when often one doesn't suit her.—Tyler Courier-Times.

In place of more people per square mile, what we are looking for is more square people per mile.—Dallas News.

Artists produce the modern style of painting because of bad sight, it is revealed. Maybe sax players are hard of hearing.—Marshall News.

County Supt. W. E. Fry of Levelland, was down Tuesday visiting his brother, Jas. A. Fry and family.

Mrs. Kyle Graves, accompanied by Miss Martha McClish, carried her daughter, Miss Sharleen back to Tarleton college at Stephenville, this week.

C. Sears was in Wednesday wagging a 'lasses barrel-bung-and-tarter around with him. We didn't learn whose 'lasses barrel he had spotted.

NOW'S THE TIME

to get a better USED CAR

... AND A MONEY-BACK GUARANTEE IN THE BARGAIN
