Texas Highways Show Great Improvement

DENTON, May 17.—The difference between a horse and buggy and a streamlined automobile is not greater than the difference between Texas highways of today and those of ten years ago. Humpbacked roads, murderously slick surfaces and deep ditches on each side of high embankments are even more scarce than the horse and buggy, and the bumpy patches are going too.

Responsible for these changes is the State Highway Department guided by the Highway Commission. The policies formulated by these three commissioners are executed by the highway engineer, whom they select. He has the power to appoint department heads and division chiefs and serves as long as the majority of the commission votes to keep him. Gibbs Gilchrist has held the post for the past nine years.

According to Harry Hines, chairman of the commission, there are about 10,000 employees in the department alone, exclusive of the contractors' employees on each job. Almost all construction work on the roads is done by contractors, except on test jobs which are done by the department at frequent intervals to determine fair prices.

Maintenance and repair work is done by state employees, however, and through experimentation and economy the cost of keeping up state highways has been cut from \$445 to \$295 a mile. The reduction of costs through improved methods is the result of work done by the department's huge laboratories, which are among the best equipped in the nation. In these laboratories every pound of material used is tested and retested for value and durability.

Two of the largest small tasks of the maintenance division are the distribution of road makers and the removal of animals killed on the highway.

Tankersley to Open Recreation Hall Soon

Cye Tankersley, local man, who has seen the need of a place near the city for recreation, announces that his Recreation Hall, at the juncture of Highway 51 and the Loop through town, just outside the city limits on the south, will be open to the public on the 25th.

This is a large, well arranged and decorated building, and will be conducted at all times with dignity and decorum, Mr. Tankersley states, and will fill the needs of the community for recreation of most any nature that the citizenship may demand.

A large number of people both here and as far away as Dallas have indicated that they wish to join in a page ad of congratulations to Mr. Tankersley, and the Herald will run such an ad next week.

Therefore, if you wish your name or firm name added, phone the Herald your wishes, or if you like a solicitor will call at your place with the prospective ad.

Connally to Support Low Interest Bill

WASHINGTON, May 15.—Senator Tom Connally of Texas said today he would support a house bill providing for the extension of the 3 1/2 per cent interest rate on federal land bank farm loans.

Unless extended, the existing law providing such a rate expires July 1 and the old rates, varying from 4 to 5 per cent, will become effective. The house bill, reported favorably out of the agriculture committee by Chairman Marvin Jones of Amarillo, Texas, extends the 3 1/2 per cent rate until July 1, 1938, and provides that interest the following year, ending July 1, 1939, shall not exceed 4 per cent.

Mrs. Otis Greenlee, Mrs. Thelma Little, Mrs. Greenwood and Mrs. W. E. Smith were Lubbock visitors, Tuesday.

Ira Jones are entitled to a pass to the **RIALTO THEATRE** to see "Night Must Fall" Be sure to present this clipping at the box office at the Rialto Theatre. Compliment: Rialto & Herald

The Editor's Daughter Improving Some Now

Not only relatives of both sides of the family, but friends in Texas and other states have written in to ask why we have not been reporting the condition of our daughter, Mrs. Herman (Sallie) Trigg. She herself has been somewhat miffed because dad did not put it in the paper. Since she knows the truth of the matter, we'll tell it.

Until after she was carried to Lubbock, she was not aware of the fact that she had a close call with pneumonia. To her it was bronchitis or flu. After pus formed or began to form on or in her right lung, she was carried to the Lubbock Sanitarium. Last Saturday the pus was located by surgeon's needle, and Monday a portion of one rib was removed, a tube inserted for the discharge of the pus. We now hope she is on the road to recovery.

Another thing was that we have always been a stickler for, is patronizing home industries. But around 20 years ago, the late Dr. T. L. Treadaway Sr., sent Sallie's mother to the Lubbock Sanitarium for an operation. She has since had two others there. It was in this institution that both kids—Jack Jr. and Sallie had their tonsils removed, and the later was treated there in childhood for heart trouble.

Like people are by their local physicians, so are they by their surgeons, and they are not otherwise satisfied, and we do not think that such a time is the right time to argue the question with a patient. Sallie wanted Dr. Krueger to operate on her—and that's that. The old "he" is the only one of the family that has escaped being whittled on one or more times, but when we do, we are quite sure that Alfred or Buster will do the job.

Faster Air Mail For Brownfield Vicinity

New and faster air mail schedules which have been established of late make it possible for you to have almost twenty four hour service or less to nearly any place in the United States. It is possible to save several hours to several days time by using Uncle Sam's air mail service.

We have connection with foreign air mail service which will take air mail letters all the way around the world. Air mail dropped in the office here today will be picked up at Fort Worth at 8:05 in the morning, arrive at Memphis, Tenn. at 10:48 a. m., arrive at Washington D. C. at 4:23 P. M. and New York City at 5:55 P. M.

This schedule affords less than 24 hour service between Brownfield, Texas and New York City. Air Mail for the west coast will travel with the same speed. A letter to New York by ordinary means will take from four to five days time, by air mail approximately eighteen hours—use air mail to save time. Call at the Postoffice for schedules and rates on foreign air mail.

Showers Fail To Be Heavy Enough

Light showers fell in this vicinity again Sunday afternoon, but like those Sunday week, there just was not enough water in those clouds, and so most of the farmers are still looking at the skies for a planting season. However, still time, but it must hurry.

From Challis north through Meadow and Ropes and in Lubbock county, a fair shower fell a week ago last Sunday, and much stuff has been planted and lots of cotton up to a good stand. Wind has been hard on the young plants this week.

New Bus Terminal At Nelson Drug Co.

The McMakin and Page Way bus lines are this week having a new waiting room established in the back of the Nelson Drug. They have also completed a new ticket office and obtained the services of C. C. Primm as ticket agent. The waiting room is to be equipped with new and comfortable furniture and Mr. Primm will be on duty at all times to help patrons decide their routes and any other travel problems that might arise.

"Sweed" Johnson of the Loop section, was up this week.

President Dons Pan American Garb

Delighted with his gifts, President Roosevelt, author of the "good neighbor" theme of the Pan American Exposition in Dallas, is pictured as he takes his aides to view the hand-woven serape in the design of the official flag of the Exposition, and the sombrero presented to him by Governor James V. Allred (rear) at Texas A. & M. College. The Governor is honorary director general of the fair, which opens June 12.

May Erect a New Hospital Building Soon

An architect was here last week going over the grounds of the new location of the proposed Treadaway-Daniell Hospital with the idea of submitting his plans and specifications at a later date. Drs. Treadaway and Daniell own six lots just south of the Herald office facing east.

The architect seems to think this a good location, being far enough away from the heart of the business section to have a minimum of noise from traffic. Their present location while perhaps the best that can be had at present, is far from ideal in several ways. There is too much noise, and no way to add to the capacity.

On the new location of 150x140 feet they will not lack for room. And as stated above noise reduced greatly. Many times now there is not a spare bed, and hotels and rooming houses have to be brought into play to accommodate the less ailing patients.

The town and community should really get behind this movement and encourage these hustling, home raised men in their efforts to give this vicinity up-to-date hospital facilities.

Brownfield All-Stars Play Sudan Sunday

Sunday afternoon, 3:00 p. m., the locals will meet the strongest baseball team in West Texas. Sudan beat every team that they played last year, but they are going up against some athletically inclined warriors this time.

The local boys are being coached by W. Fulps and P. Miller. Fulps put up a number of years as a professional baseball player. The Brownfield boys are in good shape and they should give some real entertainment. The boys will be out in brand new suits, which were furnished by local merchants.

Eunice Jones will umpire behind the bat. Denver Kelly will catch, Vic Herring and Blackstock will constitute the pitching staff. Admission will be 15c and 25c, in the park located in the old lake, north of town.

Basil Webb Takes The Norge Agency

Mr. Basil Webb, hustling young business man of this city has accepted the agency of the Norge line of electric refrigerators, as well as the gasoline-electric Norge. We wish to call your attention to his ad which appears in this issue of the Herald and will appear from time to time.

Mr. Webb's display room will be found in the front end of the Rex Headstream building on the east side of the square. If in need of anything in this line, be sure to call on Mr. Webb. He will be pleased to show you the advantages of this popular line.

Mr. and Mrs. Martin Line, were visitors in the homes of their parents at O'Donnell, recently.

Panhandle-Plains Singers Here June 19-20

Brownfield is to have the rare privilege of entertainment this whole section known as the Panhandle-Plains Singing Convention, Saturday and Sunday, June 19-20th. While one of these days will be "Juneteenth" the convention will not in the least interfere with any observance that our colored citizens may have in mind. This will be the Fifth annual meeting of to attend the convention.

Mr. L. E. Raper of Plainview, is the president, and Clyde Lewis of this city is vice-president, and will no doubt be the incoming president. Joe McCollum of Lockney is secretary, and Rev. G. O. Dean, Plainview, chaplain. The program committee consists of H. M. McEachern, Post; Homer Garrison, Lubbock; C. M. Lyles, Floydada; E. D. Caskey, Amarillo; Wilbur Wilson, Lamesa, and Ellison Carson, Brownfield.

The convention is being sponsored by the Brownfield Chamber of Commerce, the Commissioners Court and all civic clubs of Terry county. Several thousands people are expected to attend the convention.

Forrester-Wellman Consolidation Fails

According to information received from the County Judge's office here, the proposed consolidation of the Wellman and Forrester school districts failed to carry in the election held in the two districts Saturday, May 8th.

Our understanding is that the election failed 18 to 25 in the Forrester district, but carried unanimously in the Wellman district but the law provides that consolidation must receive a majority in all districts interested.

Recovers Stolen Property Here Thursday

Joe Price, deputy sheriff, recovered two gladstones of clothing recently stolen from the garage of Mrs. Guthrie Allen's home. The clothing had been stored there with the intention of putting a lock on the garage, but before it could be done two negro women lifted the bags. The women have been placed in jail.

B'field Students Take Part in Cotton Carnival

Miss Queenelle Sawyer, El Ray Lewis and Mr. Bill McGowan of this city had active parts in the Cotton Carnival held last week at the Palace Theatre in Lubbock. This is an annual event sponsored by the Textile Department of Texas Tech.

Mr. Gates, prominent Coleman real estate man, had business in our city this week.

Brownfield's Position In Regards to Oil

Brownfield is the best situated town in this section in regards to the development of oil in the six counties of Terry, Yoakum, Gaines, Dawson, Hockley and Cochran. This fact is not disputed by any fair minded man in this section, who is not rolling in prejudice. It is about as close as any of the county seat towns or railroad towns to developments in southeast Cochran, Southwest Hockley, Yoakum or the Dawson county fields.

Some oil men were thoroughly convinced of this fact recently, and when and if the times comes that real development of the tried areas start, Brownfield will have some real consideration. Then, the question of good roads is going to cut a great deal of ice when that time comes, and it will be found that these wells as a whole are easier of access from Brownfield than any other town in this section. This is not altogether the fancy of people who live here, but is shared by others.

Two of Lubbock's longheaded business men sounded that note to the writer only last week. While both of them believe that Lubbock will always be the metropolis of the south Plains, both stated frankly that they believed that owing to Brownfield's position on the map, that it was due a fast and steady growth if any amount of oil development is started on the south Plains. One stated further, that owing to our position, we would get lots of the live wire oil men, and yet was far enough from the present wells to avoid the rif-ruff and would be the second city in size in this section in the next few years.

But, one may ask, is there going to be any oil field in this section? Well, if there is not, then there are hundreds of the worst fooled oil men and geologists extant in this section, and has been for three years or more. One crew hardly leaves, until another comes and begins studying the lay of the land, faults, subsurface indications, and seismograph markings. There is not room in Brownfield for many that are working here now, and several of them spend the night in Lubbock and other towns and return here in the daytime.

So sure are they that there is oil in the well southeast of the city that while sulphur water was encountered, and the job was stopped, another crew of drillers are busy now making an effort to test some indications of both oil and gas found below the 5000 feet depth. And when casing is run to shut off that water, which is coming from around 4900 feet, there are people that will bet you that they get oil—people who know oil and oil fields, too.

31 Percent Motorists Answer Questionnaire

While only 31.7 per cent of Texas motor vehicle owners answered the questionnaire handed out during the registration period, State Highway officials say this is greatly in excess of records turned in by other states. Tabulation of this information will greatly determine the future of the road program, it is understood.

The questions included residence of owner, whether rural or urban, mileage traveled, miles per gallon of gas, and number of gallons used last year. Star county lead the procession with a return of 89.1 per cent. Many counties scored from 50 to 60 per cent. The following is the percentage in this section:

Andrews, 67.6; Cochran, 21.9; Crosby, 17.5; Dawson, 28.9; Floyd, 20.9; Gaines, no report; Garza, no report; Hale, 35.4; Hockley, 18.1; Lamb, no report; Lubbock, 55.7; Lynn, 24.9; Terry, 24.8; Yoakum, no report.

Hudgens & Knight Furniture Store Remodel'd

The new Furniture store recently acquired by Mr. Claude Hudgens and J. B. Knight on west Main street has been enlarged, remodeled and newly decorated.

The interior has been done in white making the building seem larger and much lighter. Mr. Roy Collier is buyer and manager for the new concern and says that they expect to keep the newest and most modern of furniture at all times.

Herman Heath and Miss Bessie Thompson attended a monthly meeting of the West Texas Gas. Co., held Tuesday in Lubbock.

School Closes Another Term Here This Week

After this week, the students of the Brownfield Public schools will either be trying to adjust themselves to "no study period" or will be looking for a job. The teachers for the most part will leave for "home" or vacations, or too, will be looking for summer jobs. The buildings and grounds will be deserted, except for the caretakers. It will be the ending of the 1936-37 term. About 50 are graduating.

This has been a notable term in many ways. There has been just a bit more pep than usual noticeable. Good progress has been made, and teachers tell us that a goodly per cent are passing. Unlike a few years ago, the teachers are not having to wait for, or discount their vouchers, and this creates a better spirit among them. While no one will say they are being overpaid, and few will say they receive enough salary, the district has not so fully recovered from the depression as to give the salaries they wish to provide at this time, but hope to do so soon.

In fact, some or perhaps all teachers will get a raise next term, which news is joyfully received. Several credits have been added to the last 2 years, and more are anticipated next year. There are at present some 27 1/2 units of credit, we understand.

8 Governors Asked To Opening of Fair

DALLAS, Texas, May 17.—Governors of eight states that bound Texas—four of the Union four of the Republic of Mexico—have been invited to be honor guests, along with the Governor of Texas, at the opening day ceremonies of the Pan American Exposition on June 12.

Salutes from neighbor nations to the south are scheduled to roar in at noon that day—squadrons of planes from Cuba, Mexico and Honduras, and Peru. Tentative flight schedule from other Central and South American republics, including Venezuela and Peru. Tentative flight schedule is for the concentration of these squadrons at the tip of Texas at the Gulf, which is the southernmost point of the United States. U. S. Army squadrons and other escort planes are to meet them at the border, if this flight schedule is followed, and Gov. James V. Allred of Texas plans to accompany the escort to the border and back to Dallas.

Neighbor state Governors invited are: Ing. Eduardo Talamantes, Governor of Chihuahua; Dr. Jesus Sanchez, Coahuila; General Anacleto Guerrero, Nuevo Leon; Ing. Marte R. Gomez, Tamaulipas; Clyde Tingley, New Mexico; E. W. Marland, Oklahoma; Carl E. Bailey, Arkansas, and Richard Leche, Louisiana.

TWO STORY BRICK BUILDING TO BE ERCTED ON MAIN

A new two story 50x140 feet brick business and office building for Seagraves in the very near future seemed assured this week. The Lubbock architect drawing up plans, is making final draft.

The building will be erected for the Tri-County Investment Company a partnership composed of three local business men. It will be on the corner of the north end of the original business block at Main and Morrison streets. Tentative plans include frontage on both streets, with the possibility the Post Office will occupy the back end of the building facing on Morrison.

According to the architect the structure will be ready for occupancy within sixty days after excavations begin for the foundation. No definite announcement has been forthcoming from the company to date.—Seagraves News.

Sacred Harp Singers In Lubbock Sunday

The Herald received an announcement from Mrs. A. Judd, of Lubbock, Secretary of the Sacred Harp Singers Convention of the south plains, stating that there would be a singing at Lubbock this coming Sunday, the 23, all day at the Primitive Baptist church.

All singers and lovers of these old songs are invited to come and bring well filled baskets and enjoy the day.

Elmer McCullum was called to Snyder, Sunday because of the serious illness of his father, who had undergone an appendicitis operation.

Texas Led Nation in Purchasing Power

DALLAS, Texas.—For the year 1936 Texas led the entire United States in increased purchasing power registering a 20 per cent rise in spendable income as against a national average gain of only 6 per cent according to a report of the All-South Development Council made public today.

The Council estimates from a study of authoritative business surveys that the buying power of the Lone Star state last year hit \$2,886,638,000, up \$464,509 over the 1935 figure of \$2,422,129,000. It describes the gain as "powerful ammunition" supporting the arguments of public-spirited Texans who are urging national industrial leaders to locate new plants and factories in the Lone Star state thereby yielding benefits of increased employment and larger payrolls.

The one factor hindering more rapid settlement of new industry in Texas, in the opinion of the Council, is the competition of other states with more equitable tax policies. Continued agitation for higher taxes on natural resources industries, coupled with the lack of a well-defined long-range policy of legislation toward industry are causing business men contemplating the establishment of Texas plants to study the situation carefully and are consequently acting as deterrents to a major influx of new capital into the state, the Council reports.

Compared to the 20 per cent gain in Texas purchasing power, other sections of the country were credited with only slight increase, the Council found.

94th District Masons Had Meeting Here

A meeting of Masons from the 94th District, which consists of Cackran, Hockley, Terry and Yoakum counties, was held here Wednesday from 5:00 until 7:30 P. M., when eight lodges were represented.

The welcome address was made by W. R. McDuffie and the response by Judge Alvin Allison of Loveland. Fred Smith, J. D. Miller and Lee Fulton of the Brownfield chapter gave short talks. C. F. Winder, District Deputy Grand Master of this District, of Morton, gave an address.

Loyd Kennedy, Master of Antelope Lodge, of Morton, W. T. Black of Morton, Past Master of Muleshoe Lodge and a past District Deputy Grand Master of the 97th District, Neil H. Wright, Past Master of Yellowhouse lodge, Lubbock, P. W. Smith Past Master and W. A. Hinson, Secretary of Meadow Lodge, gave talks on the different branches of Masonry. Refreshments of sandwiches, soda pop and coffee were served at seven o'clock.

In the evening a program was enjoyed in the school auditorium, when the school band gave a short concert and the following program was given:

Invocation by Jesse D. Cox. Welcome address, Raymond Simms. Response, Loyd Kennedy of Morton. Introduction of Rev. Jack Lewis of Lubbock who spoke on "The Dreams of Free Masonry." He was introduced by Burton G. Hackney. Closing remarks were made by Homer Winston, Master of Ceremonies. The later program was an open meeting to which wives and families of all Masons were invited.

SLATON MAN WILL BE SUPPLY PASTOR FOR BROWNFIELD

SLATON, May 15.—Robert Rayburn, son of Rev. James Rayburn, retired Presbyterian pastor here and a student in Princeton Theological seminary, Princeton, N. J., will be supply pastor of the Brownfield Presbyterian church this summer.

Young Rayburn, who is now in California, expects to be here in about two weeks. He will live here, but will drive to Brownfield Sundays and also during the week.

After attending Trinity university Wazachachi, three years, he completed his college work at Maryville university, Maryville, Tenn. He is a Slaton high school graduate and while living here was local agent for the Lubbock Avalanche-Journal for a number of years.

UNICAMERAL LEGISLATURE NEEDED

To The Dallas News:

Our bifurcated Legislature, with its 181 members and 200 employees, has given day by day a lucid demonstration of its inefficiency and the urgent need of a one-house body. In the language of the Declaration of Independence in 1776, swarms of officers "harass, our people and eat out their substance." The cost of the regular session of 120 days, now stumbling to its close, will be more than one-half million dollars, so estimated, and the output is not worth it nor anything like it.

One-house body would have done better work at one-tenth the cost and at the end of the first month returned to a smiling constituency. Senator G. H. Nelson's resolution for an amendment to the Constitution to convert the cumbersome Legislature into a unicameral body of forty-two members, two from each congressional district, was recently voted down in the House by a shameful majority.

Only able Representatives voted in the affirmative, the weaker ones being aware that the change would throw them out for good.

The News in an editorial early this year contained this interesting comment: "The single-chamber Legislature used by several States in earlier periods were much more businesslike than that of Texas today." Two-chamber Legislatures were built by birds who were feathering their own nests, and the double farce is retained in Texas by legislators who think more of themselves than the people they represent. Sometimes a fellow steps on something that flops back and hits him in the face.

When the weak-kneed members of our bicameral nuisance perused in The News of May 5 Congressman Poage's splendid speech in the National House of Representatives on the pressing importance of a State levy of 10 per cent on all natural resources materials produced in Texas they must have felt an abysmal gones.

Representative A. P. Cagle of

Waco, able advocate of a one-house Legislature, said in a speech in Waco last November that the legislators go to Austin "and dilly-dally around about twenty-five days—we might as well be at home." These evasive solons dilly-dally around at all times and prolong the session to 120 days and draw \$1,200 each and many incidentals. Adjourning from Friday morning to Monday morning is the fondest thing they are of—three full days of unalloyed idleness on full pay. Then it is the lobbyist having full sway gets in his most effective work. A lobbyist is a fellow who makes the worse appear the better reason.

W. W. Bridges of El Paso, 67, member of the House, in an editorial in his newspaper on the lobby at Austin comments on the use of "beef-steaks" and the cultivation of intimacies. All thoughtful men know such things signify bribery. Legislators should be prohibited by law from accepting a gift of any value from anybody at any time. One who confers a favor expects a favor in return and usually gets it.

We want the Legislature to let us vote on a one-house Legislature.

EMMETT W. SMITH.

horse racing in Texas. And the News does not believe the governor is bluffing.

It is true that the racing bill is far down on the legislative calendar, but it appears to the News that since it is of major importance the legislature should not adjourn the current session before making some decision—one way or the other.

Opponents of the bill naturally hope to keep it in the background as long as possible in an effort to muster strength to defeat it. But they should not blind themselves to governmental economy in order to reach that objective.

A special session would be extremely costly—an Texas has too many of them. It appears certain the governor will call one if the bill is not acted upon. A special session is unnecessary.

WAS HIS FACE RED!

A guest at a banquet took pains to make himself agreeable to a Chinese sitting next to him. Somewhat at a loss for small talk, he ventured, after the first course, to inquire "Likee soupee?"

There was no reply, except a genial beam. After the next course he followed up his first opening with: "Likee fishee?" This evoked a still more genial beam.

Later in the evening the visitor from the east responded to a toast in perfect English. On resuming his seat, he asked the discomfited neighbor, "Likee speeche?"

MRS. COVEY NEW BORDEN SHERIFF

Mrs. D. R. Coven, widow of the late sheriff, tax assessor and tax collector of Borden County, was named Tuesday by the Commissioners Court to succeed her husband in the three-way office. She will be sworn in when her official bond is completed.

Mrs. Covey will become one of the few women sheriffs in the state.

The prominent peace officer and tax official, serving his second term, died in a local hospital Friday. He formerly served four years as tax assessor.—Snyder Times.

THE SAFE, SURE PLAN IS VACCINATION

AUSTIN, Texas, May 10.—As the summer season approaches, a word of warning is timely to prospective campers, Boy Scouts, Girl Scouts, summer vacationists, fishermen, and others who enjoy getting out into the open, relative to the possible dangers that may be encountered from the standpoint of contracting infection under the changed environment. This is especially true of diseases that may be transmitted through food and water supplies.

Typhoid fever is a disease the amount of which is greatest, as a rule, where there is the least sanitation. It is unnecessary and preventable disease. It is spread from person to person by water, milk, fingers, flies and food. Every case is contracted by taking into the mouth some substance contaminated with typhoid organisms, and these occur only in nature in the bowel and bladder discharges of persons sick with typhoid or from carriers, persons who have had typhoid and who after recovery still harbor the germs in their systems.

Persons planning a vacation or trip where sanitation may not be rigidly enforced or where food handlers are not regularly examined should protect themselves against this disease by being vaccinated. Three inoculations with typhoid vaccine, a week apart, are necessary to secure protection against this disease and the immunity established is good for two years. The purity of water or milk cannot be judged by looking at it. Play safe and have your doctor protect you.

TEXAS WILD FLOWERS

Texas ranks first among the States in variety, profusion and beauty of wild flowers.

About 4,000 different native flowers thrive in Texas lands. This includes many with inconspicuous flowers, such as sedges, rushes and grasses, the latter family containing about 500 species. Among the plants with showy flowers, the largest family is the daisies, asters, goldenrods and sunflowers, about 1,000 species. The pea family is the second largest group with showy flowers and has about 300 species. Some species, or others closely related, are widely scattered over the State, but most plants are limited in their distribution by certain soil and moisture conditions.

WELLMAN

Mr. Pettway and students enjoyed a picnic at Cedar Lakt, Friday. They all reported a wonderful time.

Mrs. G. H. Pendleton and children are visiting relatives in Fort Worth for a couple of weeks. Elmo Adair is helping Mr. Pendleton in the store while Mrs. Pendleton is away.

There was a good crowd at the play Friday night at the high school auditorium. The play was entitled, "Reubin Comes Home." Effie Anderson spent Saturday night and Sunday with Mildred Pace.

Mr. and Mrs. Marlin from Tatum, N. M., have opened a Grocery store in Wellman.

Mr. J. B. Bell was a business visitor in Lubbock, Saturday.

Mrs. Grover Lewis left Monday for Clovis, N. M., where she will work for awhile.

Mr. G. W. Sullivan was brought home from the Lubbock sanitarium, Friday. He was operated on for ruptured appendix, but is doing nicely at this writing.

A banquet was held at the high school auditorium, Saturday night for the faculty and their families. Twenty-six were present and games of 42 were played. Refreshments were served by the Home Ec. students.

Nora Mae and Cara Kerby of Key, Texas visited here over the week end.

Mrs. E. R. Norton gave her Sunday School class a picnic on the school ground, Sunday. Ice cream and cake were served. All reported a splendid time.

The high school students and teachers are planning a trip to the Carlsbad Cavern this week end.

Mrs. Lee Lyon entertained the teachers, Monday night, with a 42 party and dinner, in her home. They all reported a wonderful time.

WASHINGTON COMPROMISE

At Washington rumor persists that Justice Van Devanter, conservative, will join Justice Brandeis, liberal, in resigning from the Supreme Court as of the end of the present term. Something more than the germ of a compromise between President Roosevelt and congressional foes of his proposal for recognizing the Court may be glimpsed in this rumor.

The practical effect of the withdrawal of Justice Van Devanter, whose health has been somewhat precarious for some years, would be to make it possible for the President to establish a liberal majority in the Court. This effect would not be lessened by the resignation also of Justice Brandeis, eldest of the justices, who could be replaced with another

liberal.

The possibility that the President would withdraw his Supreme Court proposal, in the event of the two resignations, is enhanced by the fact that Justice Roberts and, to some extent, Chief Justice Hughes have altered their previous approaches to economic and social legislation. Replacement of one of the conservative justices would make the Court's complexion liberal enough to suit all but the most extreme advocates of change.

It would be a moral defeat, but a practical victory for the President, who is a practical man.—Star-Telegram.

SEMINOLE MAN DIES IN LUBBOCK

Dan Cobb, 67, resident of Seminole since the town came into existence died in a local sanitarium of heart failure and complications Sunday a few hours after he had been brought here from his home.

Funeral services will be held at Seminole Baptist church at 4 o'clock Tuesday afternoon. Burial will be at Seminole in charge of Singleton funeral home.

Prominent in Business

Cobb moved to Seminole from Jacksonville, Texas more than 30 years ago and was prominent in the ranch and later the oil leasing and contracting business. His health had not been good for several months and belief was expressed that he over exerted himself about a week ago when he took his brother, Carroll a disabled World war veteran, to a government hospital.

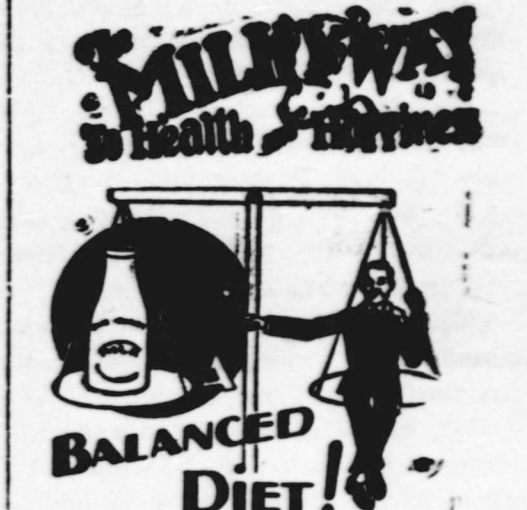

Surviving are the widow; five daughters, Miss Ora Cobb, for many years a school teacher at Fort Worth, Mrs. Lois Besancon and Mrs. Harold Hardgrave of Seminole, Mrs. Tom Cobb of Brownfield, and Mrs. Roy B. Davis of Plainview; one son, Gordon Cobb of Wichita Falls; six brothers, Cleve, a special agent for the Santa Fe railroad, and Lloyd Cobb, con-

tractor, both of Lubbock, Louis Cobb of Tyler, Holt Cobb of Oran, John Cobb of Amarillo, and Carroll Cobb; and two sisters, Mrs. C. A. Coker and Mrs. Frank E. Williams, both of Tyler.—Lubbock Journal.

HE REMAINS "DEAD"—"STRANGLER BY RED TAPE"

John Kachnyez, of Pittsburgh, Pa., officially recorded as murdered seven years ago, and therefore legally dead, is now at work on a farm. But in the eyes of the law he just doesn't exist. In 1929, Kachnyez left home to work in the country, and later was identified by a friend, as a man killed in a street fight. His relatives even collected the insurance money on his life—and a man was tried for the murder but acquitted.

Now, after trying to come back to life in the legal sense, but finding the technicalities too great, he has given it up and remains dead in the eyes of the law.

"Starches, proteins, calories and vitamins are indeed hard to keep tabs on. Isn't it nice to know that milk contains the proper food elements in the best and most digestible form. And the Brownfield Dairy furnishes the best milk," says The Brindle Bossy.

I'm on my own - GOT TO give you more Mileage

I am not in any "million dollar" string of gas stations. This is a business I own myself, and I've got to make my whole living right here. You folks in this vicinity are the only ones that can give me the good steady business I need. My way to make good with you on a big thing like oil mileage—and saving your car—is to Oil-Plate your engine. That's why I've got Conoco Germ Processed oil here for you. It's patented . . . the only oil that can Oil-Plate your engine. Every cylinder, bearing and shaft acts sort of like a magnet, hanging on for good to a regular sheet or Plating of Germ Processed oil. You'd say the lubrication is really "all in one piece" with every working part. Then there can't be a chance of your engine even making one revolution without any oil. And shooting along on the hottest day, Oil-Plating doesn't thin down to nothing or get all burned away. You will know this from the indicator staying near "cool," and the oil level hardly changing. A long time from now your Oil-Plated engine will still be smooth and economical, and you will still be one of my customers for Conoco Germ Processed oil.

We also had a very interesting drill practice with the team.

First and Fourth Generations "Meet"

"John Deere" in the person of Monte Blue (left), motion picture star, and Charles Deere Wiman, great grandson of the man who gave to the world the steel plow 100 years ago this spring, came together recently at one of the centennial celebrations being held this year in honor of the pioneer plow maker. On the battered old anvil is a replica of one of the first plow bottoms made by John Deere. This photograph was made in Moline, Illinois, at an employee celebration. Moline is headquarters of the John Deere organization and Mr. Wiman is the fourth of the family to hold the post of president. Blue appears in the blacksmith's costume he wore in the romantic motion picture dealing with John Deere's development of the self-scouring steel plow.

University of Texas Three Million Dollar Administration-Library Building Complete

New Administration-Library Building - University of Texas

With only a few minor details yet to be attended to, the new unit of the Administration-Library Building of the University of Texas, located in the center of the main campus at Austin, is ready for occupancy. The cost of the two units comprising the imposing structure, including fixtures and furniture, totaled approximately three million dollars. Not a penny of this sum came from the taxpayers. From an architectural standpoint, the tower, 308 feet high, with its 28 book-stack stories, is its outstanding feature. Its higher elevation causes it to rise several feet above the Capitol dome. In addition to book stacks its space will be devoted to offices for a number of members of the faculty. The new unit of the building contains the offices of the president, registrar, auditor, comptroller, librarian and dean of the College of Arts and Sciences. Among the many attractive features are two rooms, exposed on three sides, and entirely glass-enclosed, for pleasure reading. Students who attend the 1937 summer session will be the first to have opportunity to use the building in its completed form.

Uncle Jim Says

Tests of the Texas Agricultural Experiment Station indicate that strip cropping, contour planting, terracing, and other conservation practices cut the losses of soil and water from 50 per cent to practically nothing. Texas farmers who have protected some 12 million acres of land with the help of county agricultural agents get the same result.

In Lipscomb county, W. P. Freeman began terracing his farm seven years ago and now has terraces on 475 acres of tillable land and contour furrows on 200 acres of pasture land. Freeman has reported that the terraced land has averaged eight bushels of wheat more per acre than the unterraced land in the seven year period.

In 1936 Alford Browning of Borden county had his county agricultural agent run contour line on part of his farm. After making two crops on the contoured acreage he was so well satisfied with the increased moisture available for his crops that he has terraced his entire farm of 395 acres.

The 1937 Agricultural Conservation Program helps farmers protect their farms against loss of soil and water by making payments for construction of terraces.

CONSTITUTIONAL AMENDMENTS

H. J. R. No. 24

A JOINT RESOLUTION

Proposing an amendment to the Constitution of the State of Texas. Amending Article 16, Section 61, providing for the abolishing of the salary method of compensating all district, county and precinct officers of this State, and further providing that such officers shall be paid in such manner and on such basis as may be prescribed by the Legislature...

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 61 of Article 16 of the constitution be amended so as to hereafter read as follows:

"Sec. 61. All district, county, and precinct officers shall hereafter be compensated in such manner and on such basis as may be prescribed by the legislature."

Sec. 2. The foregoing constitutional amendment shall be submitted to the qualified voters of the State of Texas at a special election to be held on the fourth Monday in August, 1937, at which election all voters favoring such proposed amendment shall write or have printed on their ballots these words:

"FOR the amendment to the constitution of the State of Texas so as to authorize the legislature to fix the manner and basis of compensation for all district, county and precinct officers."

And those opposed shall write or have printed on their ballots these words:

"AGAINST the amendment to the constitution of the State of Texas so as to authorize the legislature to fix the manner and basis of compensation for all district, county, and precinct officers."

Sec. 3. The Governor of the State is hereby directed to issue necessary proclamation for said election and have the same published as required by the constitution and existing laws of the State.

Sec. 4. The sum of Five Thousand Dollars (\$5,000) or so much thereof as may be necessary is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expense of said publication and election.

HOUSE JOINT RESOLUTION

Proposing an amendment to Article III, Section 52, of the Constitution of the State of Texas by adding thereto a new section to be known as Section 52d; providing that the Legislature may authorize by law, after a majority vote of the resident qualified electors owning taxable property therein, the adoption of a plan for the construction of paved roads and bridges or both in Harris County and in road districts therein; providing for the levy of a tax to pay for such construction; providing for the necessary proclamation; and appropriating funds to defray the expenses of the proclamation, publication, and election.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III, Section 52, of the Constitution of the State of Texas, be amended by adding thereto another section to be known as Section 52d, which shall read as follows:

"Section 52d. Upon the vote of a majority of the resident qualified electors owning taxable property therein so authorizing a county or road district may collect an annual tax for a period not exceeding five (5) years to create a fund for constructing lasting and permanent roads and bridges or both. No contract involving the expenditure of any such fund shall be valid unless when it is made, money shall be on hand in such fund.

"At such election, the Commissioners' Court shall submit for adoption a road plan and designate the amount of special tax to be levied; the number of years said tax is to be levied; the location, description, and character of the roads and bridges; and the estimated cost thereof. The funds raised by such taxes shall not be used for purposes other than those specified in the plan submitted to the voters. Elections may be held from time to time to extend or discontinue said plan or to increase or diminish said tax. The Legislature shall enact laws prescribing the procedure hereunder.

The provisions of this section shall apply only to Harris County and road districts therein."

Sec. 2. The foregoing amendment to the Constitution of the State of Texas shall be submitted to the qualified voters of the State on the fourth Monday in August, 1937, at which election all voters favoring such proposed amendment shall write or have printed on their ballots the words:

"FOR the amendment to the Constitution providing that Harris County and any road district therein may upon a vote of the people therein adopt a road plan and levy taxes for road and bridge construction in lieu of the issuance of bonds."

Those voters opposing said amendment shall write or have printed on their ballots the words:

"AGAINST the amendment to the Constitution providing that Harris County and any road district therein may upon a vote of the people therein adopt a road plan and levy taxes for road and bridge construction in lieu of the issuance of bonds."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution for amendments thereto.

Sec. 4. The sum of Five Thousand Dollars (\$5,000.00) or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expense of such publication and election.

FILES OF A NEWSPAPER BECOMES CITY RECORDS

HARRISBURG, ILL.—Newspaper files kept by Mrs. Ida B. Coyle of Equality are being relied upon by Shawneetown law enforcement officers for city law records, because the book in which city ordinances were recorded was lost in the flood.

The ordinance book was loaned by the city clerk to an attorney just before the flood and it has not been recovered.

Mrs. Coyle's file of the Gallatin Democrat is the only one known to be in existence, since the official files of the Democrat containing papers published back in the early 70s, went down the river with many other records from the Shawneetown newspaper office.

THE HOME DECORATOR Closet Rooms Just about this time of year every woman starts cleaning out closets. Take that hall one, for instance— not the clothes closet, but the catch-all for old baseball mitts, old magazines that you've read but don't want to throw away, I'll bet there's just the place for those things out in the garage or down in one of the basement quarters. But there is that closet space— just crying to be put to good use. It is always a burning question just where to put the telephone—it doesn't seem to fit anywhere. That closet would make an ideal telephone room. It's a convenient place, from upstairs and downstairs. Just clear out all the old cast-offs, take down most of the shelves, leaving one arm level for the telephone and books and pad and leave perhaps a very high shelf for special use. Paint the washed walls to match your hallway, or some good contrasting color, place a comfortable straight chair beside the telephone side, and there you are. You can have the bell placed outside, above the molding perhaps, so that it can be easily heard, and the door kept shut when the little room is in use. And then that extra closet in the dining room. Have your local handy man around-the-house fix it. Take the door off the hinges, make the bottom portion of the closet in drawer space for linens, and the shelves the rest of the space out. Why perhaps a simple cornice or moulding at the top. It makes an ideal place to display the family heirlooms— a few pieces of Wedgwood or are a few of, for instance. Built-in effects of this sort are becoming more and more popular. They don't go to the room taking up valuable space, and are perfectly grand decorative features. You can use that same idea for an extra kitchen closet. Oh, there are dozens of uses for these orphans. You can easily convert them to dressing table space, little serving area, a tiny breakfast nook, a study space for the boy's room, and on. A bit of carpentry work which adds up to practically nothing, and an a good paint job which will cost little—just the price of the paint self, for you can apply it yourself and have fun in the doing.

OLDSMOBILE PROTECTS AGAINST INSECTS

Complete protection against insects is available to Oldsmobile drivers whose summer motoring takes them through the occasional "bug belts."

In addition to the built-in cowl ventilator screen which long has been a feature of Oldsmobile cars, further security is afforded by the smart wire mesh window ventilator screens which may be obtained from Oldsmobile dealers.

These screens, tailored to the forward contour of the window openings, permit the ventilator pane to be swung to its widest angle. They allow a volume of fresh air to enter the car body while blocking the entrance of annoying insects. The screens are regarded as an indirect factor of safety in summer driving because of the certainty with which they exclude bees and wasps, among other insects, from the interior of the car.

Oldsmobile accessory engineers also have given thought to protecting the Oldsmobile radiator cross

against imperfect air circulation due to accumulation of insects. A snugly-fitted fine-mesh galvanized screen may be installed as an outside cover over the radiator grille of either the Six or the Eight.

NOTHING NEW ON THE BILLBOARD FRONT

Nothing new to report on the Billboard Front this week—at least no more new billboards—and that's something at least, because there is still considerable frontal room on the Highway.

But, billboards do have virtues, and upon occasion they have been known to be useful.

We knew a farmer who needed a chicken house, and though he didn't have any money to buy lumber with, he got it. The chickens seem to get along alright even though they may later get the cigarette habit.

But the things are dangerous, especially in the summer time, when most any old billboard will show a picture of a pretty girl, and you know she's pretty all over, because it shows just that much of her. But how in the world can a fellow driving keep his eye on the girls and the road at the same time. Which proves that women are dangerous, even on billboards.

Fact is, many a billboard has wrecked many a car.

What we're urging is reversal of that procedure—as ferinstance—letting the cars wreck a few billboards.

And if you haven't got a car, or don't wish to scratch it up, it will be alright with us if you go ahead and do it with a crowbar or a can of dynamite.—Littlefield News.

Or better still, a "crawler" type tractor, "Jawn."

SYNOPSIS

Victoria Herrendeen, a vivacious little girl, had been too young to feel the shock that came when her father, Keith Herrendeen, lost his fortune. A gentle, unobtrusive soul, he is now employed as an obscure chemist in San Francisco, at a meager salary. His wife, Magda, cannot adjust herself to the change. She is a beautiful woman, fond of pleasure and a magnet for men's attention. Magda and Victoria have been down at a summer resort and Keith joins them for the week-end. Magda leaves for a bridge party, excusing herself for being such a "runaway." Later that night Victoria is grief-stricken when she hears her parents quarreling. The Herrendeens return to their small San Francisco apartment. Keith does not approve of Magda's mad social life and they quarrel frequently.

"Ah, but that's the trouble, Vic. You can't play fast and loose. In three months they'd all have forgotten me. Their lives go too fast. They go abroad, or to New York or Hawaii; there are always marriages—people coming and going—changes—"

"Divorces," Victoria supplied simply, as her mother paused. Magda laughed, with a little touch of color in her face.

"Well, yes, divorces. Everything is whirling all the while—visitors from the East, the polo teams, the golf people. You can't let go. To get out of it for two months—to decline five invitations in a row, Vic—would mean you were out forever."

Again Victoria looked at her thoughtfully, puzzledly.

"And would Dad like you to do that, Mother?"

"Why, he's been so glum and silent these last months I hardly know. Ever since you and I went

"I think so. Oh," Magda murmured, under her breath, "he has no right to do that!"

"Do you know who it is before you even read the card, Mother?"

"I think I do. I think it's my very rich friend, Mr. Manners."

"The Spanish one?"

"He is half Spanish, I believe."

Magda slowly brought forth the card, glanced at it, crumpled it to pulp. Victoria's eager eyes were upon her as she opened the little box, cutting its heavy cords and breaking away the wax seals. There were a cardboard box, a light wooden box, a lined jewel case in which a heavy diamond bracelet was flashing and gleaming on a satin cushion.

"What does the note say, Mother?"

"Just—well, nothing, really. Ridiculous!" the woman murmured, her expression partly amused, partly pleased, partly impatient.

"It's beautiful," Victoria said, of the bracelet. "Are they expensive?"

"Only a few thousand," her mother answered carelessly. She fitted the bracelet carefully back in its case; replaced the wooden box, the cardboard box, and yawned.

"Don't you like him, Mother?"

"Who? Ferd Manners?"

"Is that his name? It doesn't sound very Spanish."

"It's Ferdinand de Something Manners. I believe his mother was an Argentine heiress. He's lived there a great deal."

"You might know he was Spanish," Victoria said brightly, "or he wouldn't think he could send a married lady jewelry!"

"True for you, Miss Herrendeen!" her mother agreed, going into the bedroom with the box. Until she could return it, she would hide it, Victoria knew. Dad must know nothing of this.

"But Why Don't They Invite Him?"

down to Santa Barbara last summer he seemed to feel he has a grievance." Again the beautiful affectionate eyes filled with tears.

Victoria's heart ached for her with a fierce wrench of pain and sympathy. She knew of what her mother was thinking on these hot days; she was thinking of her friends at Tahoe, and up on the Klamath River, and down on the cool shores of Pebble beach and Santa Barbara.

Presently Magda came back to the question:

"You do see that it's hard for me, Victoria? What would you do?"

"Oh, yes; oh, yes," Victoria agreed. "It's—it's hard on us all!"

"Hard on you, too, dear?" Her mother asked quickly, in a tone that shrank away from pain.

"Hard to see you unhappy and see him unhappy," Victoria said, her eyes watering.

The afternoon put on her old white serge skirt and a white thin sweater, pulled a small white hat over her bobbed head, and went to the library to get a new book. When she came back at five, her mother was entertaining a caller. It was a square, dark-skinned man, sprawled in a low chair, a glass of champagne between his big brown hands.

"This is my little girl, Mr. Manners."

"Come, it was to be Ferdinand!" the man said, his voice and accent instantly betraying the Latin.

"It was not," Magda countered simply, smiling. She was in something soft and cool and pale blue; she had had time to dress, time to draw shades and set the flowers about advantageously.

"Are you going up to Helen's?" he was presently asking. He paid no attention to Victoria. Magda shook her head. "You're not?" the man demanded surprised.

"My little spare tire," Victoria's mother said, her arm about her.

"But good gracious, take her! Connie's girl must be about her age."

"No," Magda said, gently shaking her head. "Not just now, anyway. But it must be lovely up there! I've never been there, you know. Phyllis was telling me of some place—the Braverman place right on the water—"

"But that's just the place I am going to buy!" Ferdinand Manners exclaimed. When Magda presently went out of the room to bring him her Spanish shawl, he asked Victoria if she knew that she had a very beautiful mother. He bent his russet head over the shawl. "Yes, that is a fine shawl," he said. "What does the man offer you?"

Victoria was shocked. Was Mother going to sell the famous old shawl? She saw that her mother hadn't wanted her to know.

"He offers me three hundred—Marsh. It's to be edged with fur for a wrap. They'll take all this off," Magda ran her fine thin hand through creamy silk fringes so stiff that they looked like cotton.

"Angry?"

ART ARNOLD'S COUSIN FROM UTAH Sees a "torture test"

"Believe me," he writes, "I KNOW Hudson and Terraplane are the No. 1 CARS. I saw what they did on the Salt Flats"

"I saw a LOW PRICED car beat the best any closed car had ever done before! That 1937 Terraplane . . . a stock car, mind you, picked at random by the American Automobile Association Contest Board officials . . . went 1,000 miles out there on those great Salt Flats, averaging 86.54 miles an hour! What a 'torture test' of endurance."

"Then a Hudson . . . 2104 miles in 24 hours! Out here, we've seen a lot of stock cars come to the Salt Flats and try for that 24-hour record . . . the prize of them all. But none ever touched what we saw that 1937 Hudson do! 87.67 miles an hour . . . for a full day and night! 32 official records for Hudson . . . on top of 8 for Terraplane!"

"Then those California records! Terraplane beat every other leading low priced car . . . and Hudson beat every other Eight . . . in the Los Angeles-Yosemite Economy Run. And then . . . the Wrightwood Canyon climb! Up 9 wicked, twisting miles in 8 minutes, 20 seconds for Terraplane; 8 minutes, 8.4 seconds for an official Hudson record."

"You can bet it's Hudson for me! Those people know how to build automobiles. Art. More power. More size and room. More economy and safety and endurance than any other cars anywhere near them in price, proved in official tests. I've got mine . . . and once you drive one, you'll say it's your No. 1 CAR, too! See if you don't!"

- No. 1 Cars of the Low and Moderate Price Fields**
- No. 1 Wheelbases . . . 117 inches in Terraplane; 122 and 129 inches in Hudson.
- No. 1 Horsepower . . . 96 and 101 in Terraplane; 101, 107 and 122 in Hudson. Double carburetion in Super Terraplane and all Hudson Sixes and Eights.
- No. 1 Roominess . . . 85 full inches of front seat comfort for three.
- No. 1 Driving Ease . . . with exclusive Selective Automatic Shift (an optional extra).
- No. 1 Safety** . . . with exclusive Duo-Automatic Hydraulic Brakes and bodies all of steel, including roofs. New Double-Drop "2-X" Frame.
- No. 1 Economy** . . . 22 miles per gallon for Terraplane; 22.71 for Hudson in Los Angeles-Yosemite Economy Run.
- Hydraulic Hill-Hold, optional extra on all models—choice of 12 beautiful colors . . . also a complete line of Terraplane Commercial Cars.

LEAVE IT TO A SCOTSMAN

A Scotsman on a visit to a friend in London out-stayed his welcome. His host thought a hint might have the desired result.

"Don't you think," he said, "that your wife and family will want you to be with them?"

"Mon," replied the Scot, "I believe you're rich. It's rare thouth' o'you. I'll send for them."

The West Texas Chamber of Commerce Convention just ended at Brownwood has not put its foot in its mouth half as badly as usual. Frequently in the past the meeting has been dominated by men of wealth from the large centers of population who have considered their own private interests and not those of the thousands who make up the population of the section of the country the body should be representing. But let bygones be bygones and give the boys credit for a good meeting with a resolutions committee that set out some most desirable objectives for West Texans to work for. The Convention's approval of a sales tax for Texas is quite in line with its previous policies and there is such apparent support for the idea that most people think it inevitable in the near future. Whatever happens, we must admit the WTCC tried.—Ralls Banner.

Fair Dramatizes Freeing of Americas

America's history, from date of discovery by Columbus from the deck of the Santa Maria (pictured above) is told in vivid pageantry in the Cavalcade of the Americas at the Pan American Exposition, in Dallas, June 12-October 31.

Leadership of his country's cause rested on George Washington, shown in this Cavalcade scene with Martha Washington.

Liberation of the Americas is the theme of this patriotic, told in Patrick Henry's stirring "Liberty or Death" speech.

Marching across the pages of history in drama are liberators of South America—San Martin and Bolivar.

Down to date with the good neighbor policy, Cavalcade is climaxed with the Buenos Aires press address of President Roosevelt.

BAPTIST CHURCH NEWS

Our pastor returned Monday from New Orleans, La. where he attended the Southern Baptist Convention. He reports a great convention well attended from over the Southland.

We did not have preaching services at the church Sunday morning on account of the Baccalaureate service at the School building but had the regular evening service. And a nice size crowd in spite of the cloud that came up right at the time for the service. Dr. Huff of Plainview spoke.

Let's have our 300 in Sunday School Sunday morning. We have been falling a little short of that number. Make a special effort to be there Sunday.

The Senior B. Y. P. U. changed their type of program, May 16th. Mr. Turner made a fine talk followed by a musical reading by Lola Mae Tittle, accompanied at the piano by Elizabeth Thames. If you have not been attending the Senior B. Y. P. U. we invite you to be present next Sunday evening at 7:00 o'clock.

LAMBERT—MEDLIN

At a quietly beautiful ceremony Friday afternoon at the Methodist parsonage, Brother R. T. Breedlove pronounced the marriage ceremony for two fine young people from the Seagraves community. They were Mr. W. A. Lambert and Miss Mozelle Medlin. Several of their friends came along with the happy party, and after the ceremony, which included the impressive ring ceremony used by the pastor, the newly-weds returned to Seagraves, where they will make their home in the future.

The Herald congratulates these young folks and wish for them every happiness.

UNION MEETING

Monday afternoon at four o'clock, Evangelist James Rayburn, D. D., of Newton, Kansas met and conferred with a group of people from the different co-operating churches of Brownfield at the Methodist Church. Doctor Rayburn was called down from Spearman for that meeting being driven down by Rev. W. A. Hitchcock, one of the Spearman pastors, Doctor Rayburn now being engaged in a Union Revival at that place in Hansford County, about seventy-five miles northeast of Amarillo.

The meeting here resulted in an invitation to Evangelist Rayburn to hold a meeting in Brownfield, preferably in September. Final arrangements will later be announced, it is understood. The pastor of the co-operating churches and the chairman of the church boards of deacons, elders, and stewards will form a committee to handle the arrangements for the meeting.

Doctor Rayburn is a man of nation-wide acquaintance, has had twenty-five years experience in the evangelistic field, has a splendid personal appearance, and is said to be one of the best preachers in America. The churches feel fortunate in securing him for a joint meeting, and the people who have planned for such an event look forward with pleasure to his coming.

THE METHODIST CHURCH

School is over for the year, vacation time is really here, and every boy and girl is free from the daily grind of books and activities of routine duties in classes. For three months the discipline of the school room will be a thing of the past. We hope every student will have the happiest possible summer, that the graduates will find for themselves a place and a job, and that every one of them will be able to continue their school work. We wish for every teacher a happy summer and a good long rest from their all too heavy work.

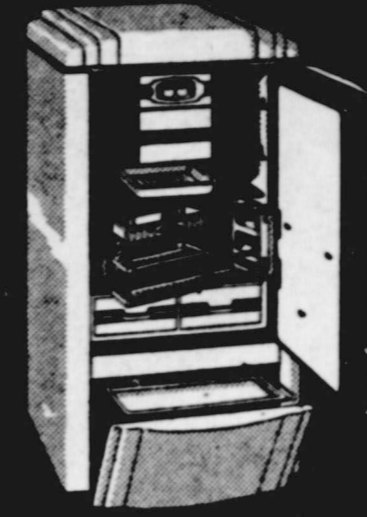

The church carries on through the year, never ceasing her vigil and work. We continue to invite and expect the help of all who remain in the community, whose duty and service lie in the direction of the Methodist Church.

The usual services will be held Sunday. Bring your friends. There is a place, a friendly and warm welcome, a program and a well prepared evangelical sermon which is calculated to always be helpful. The Sunday school is growing and all the activities of the church are being made better. "We will do thee good."

Mr. Walter Bond was here Tuesday visiting his mother, Mrs. J. C. Bond.
