Much Interest in The Herald Free Gift

Many Delighted With the Beautiful Pen-Pencil Sets Free For Short Time With Each Subscription

The large number of subscribers coming to the Herald office the past few days to take advantage of the subscription premium offer being made for a short time have been delighted and somewhat amazed at the beauty, durability and splendid writing of the pen and pencil sets they have received as a free gift. Delighted with the gift and amazed that this newspaper is able to award such a worthwhile present with the payment of only a one-year subscription at the regular price.

The explanation is simple. The Herald is anxious to clean up in a very short time a number of subscriptions now due or past due and to add several hundred new subscriptions. In order to accomplish this quickly we have gone to a great deal of expense to provide a premium that is needed daily by everyone, a premium that can be used by any and every member of the family, especially valuable to children in school.

The sets we are offering will prove satisfactory for every writing occasion. The pens are guaranteed by the manufacturers and may be repaired or replaced should such prove necessary. These are the reasons why practically everyone who has had the opportunity to call at this office and see the display have obtained a set.

Sets Ideal for School

Children and parents are finding these sets ideal for school requirements and that is one reason why so many of these premiums are moving out. Parents can make a substantial saving by getting these sets for their children. More than one set easily obtainable, simply by paying for additional subscription for yourself relatives or friends.

Can Receive Set by Mail

Subscribers living at a distance and those finding it inconvenient to call at the Herald office, may mail their subscriptions to us while this offer is effective and the set will be mailed to them or to anyone designated. Just add five cents extra to your remittance to take care of the postage, and \$2.00 instead of \$1.50, outside of Brownfield trade territory.

Offer for Limited Time

The remarkable subscription premium offer is made for only a short time expiring October 30. Make it a point the very next time you are in town to drop by the Herald office and obtain a set. Remember, you get a set absolutely free by merely paying one year's subscription at the regular price of \$1.50.

Light Ginnings Shown Up to October 1st

R. D. Copeland, special agent of the Bureau of Census, Department of Agriculture, brought in his report this week, covering ginnings in Terry county up to October 1, this year.

His report showed that only 134 bales were ginned in Terry county, compared to 244 on the same date last year. Owing to heavy rains in August and September, cotton in the sandier lands keep growing, when heavier lands stop, and go to opening sooner.

This fact, always throws us behind in gathering the crop, running the picking period over well into the following year, generally, when cotton is as rank as it is this year.

GSI Man Hurt By A Falling Wrench

Frank Estes, one of the drillers here with the Geophysical Service Corporation, who are making test holes and photos of same for the Standard Oil Co., was quite painfully, but not seriously hurt last week when a wrench fell from a tower striking his head.

A local physician took three stitches to put the skin together, and Frank is doing nicely outside a bandaged head.

South Plains Blessed With Big Feed Crop

Sunday, the Old He and wife and the Junior member of this rag, wife and Jack III., took off for a little spin and visit with the brother of Mrs. Stricklin, Cleve Holden of Sudan, where we met some new wife's kin folks from Arkansas that most of us had never seen before, Elmer Holden and family of White county, Rack-umasack.

At least, we can say the ladies over in Arkansas know how to cook, thanks to their mummies, for they had a real repast, such as a country editor always likes to sit down to. Found all the towns we passed through full of people, with lots of camp trucks, denoting the fact that the section is full of cotton pickers from the lower region of the state, Mexicans predominating, with Negroes heading in second best.

Good crops abound all the way (we went by Lubbock) but the cotton stalks in Lamb county don't appear to be so rank, and therefore their cotton is opening better than in Terry, Lubbock and Hockley, but boy, the fleecy staple is popping open all over the section, to a fare-you-well, take it from us, and we are going to have to have more hands in Terry county than we have now, or we'll have to pick cotton just in front of the planters next spring like we did in Jones county in 1906.

Wines and Jones Return From the North

Mayor L. C. Wines and City Utilities Manager, Eunice Jones, returned this week from Mt. Vernon, Ohio, where they went to see the actual engine they bought for the city plant on the blocs and in operation. According to their report the engine made every test "jambup" that the manufacturers said the engine would do and that it would be boxed and shipped to Brownfield on the 25th of this month.

It should arrive some five to ten days later, and be immediately installed. This huge power unit, which runs on natural gas, develops some 500 horsepower, and makes 350 KW of "juice." It is more than 20 feet in length, but not quite so high as some of the others with much less capacity, as they are hugging the ground with all the latest types.

It is not believed that the local city owned plant will lack for plenty power for some time after it is installed, but if so, room will be made by removing the now smallest, 160 HP Fairbanks-Morse, and replace it with a twin model of the one to be installed. They reported a nice trip, and very friendly people to deal with.

Bond Election Carried By a Big Majority

The bond election, which was not really a bond election, carried Saturday by a vote of 91 to 3, in which the voters gave the trustees of the Brownfield Independent school district the right to assess and collect taxes on 13 sections in the Red Onion school district, a district that had never had a school building on it, or so far as we knew a pupil in the district.

Thus, former bond issues of the Brownfield school district has been spread over 61 sections instead of 48, formerly included in the district. W. A. Bell, W. H. Dallas and Bill Downing were the election officials. As we understand it, only property owners, otherwise qualified, could vote. And, as one can see by the total vote, not a great deal of interest was taken in the election.

Dr. Daniell Attends Westex Med. Meet

Dr. A. H. Daniell of this city, represented the medical profession of Brownfield at the Mid-West Texas Medical association at Abilene last week. While infantile paralysis was the main theme of the meeting, according to Dr. Daniell, many other subjects of interest to the profession were ably discussed by practitioners and surgeons.

Discussion of infantile paralysis was discussed by Dr. H. P. Radke of Fort Worth, who has had some 36 cases under observation in the past year. An Iron Lung, now used extensively in the treatment of this disease, was exhibited, and created quite a lot of interest. Citizens of Abilene and doctors of that city subscribed the money to have this one installed in that city.

Tom May is ill with flu, this week.

Romance and History Make Exciting Film

The stirring history of the discovery of oil and the development of the oil industry in America serves as a background for the strange romance of Irene Dunne and Randolph Scott in "High, Wide and Handsome," which opens Sunday at the Rialto Theatre. The love between Scott, a hard-bitten farmer of indomitable will, and Miss Dunne, a gay, light-hearted carnival singer which is ac-

High, Wide and Handsome

cented and abetted by the haunting music of Jerome Kern, makes one of the most absorbing stories the screen has seen.

Scott meets Miss Dunne when she comes to Titusville with her show, and the fall in love without knowing it, during her stay in town. The knowledge that they are in love does not come to them until they attend a picturesque barn dance together, at which Charles Bickford, who plays a villainous teamster, kisses Miss Dunne and starts a fight with Scott.

Scott persuades Miss Dunne not to leave town with her show, and they are married in a colorful ceremony at Scott's Pennsylvania farm home. Just after their marriage, while they are on a hill where they plan to build their new home, oil gushes from Scott's oil derrick, the first one in the country. At once the city is plunged into turmoil, with farmers all over the section drilling on their property for oil.

Miss Dunne watches in bewilderment while her husband becomes more and more oblivious of her, more absorbed in the growth of the new industry he has discovered. Soon his activities make him the leader of the oil section. All the farmers who have suddenly become oil producers look to him for leadership, and eventually he finds it almost impossible to spend any time at home. He is inarticulate, incapable of making his wife understand his duty to his friends, or his interest in the oil that can be afforded by rich and poor alike.

When the railroads begin boosting freight rates in order to freeze out the farmers and control the oil business themselves, Scott is so absorbed in his problems that he apparently forgets the existence of Miss Dunne, who is terribly hurt by his apparent indifference. He finally decides to beat the railroads prices by building a pipeline clear to the refineries, and plunges into the new task with all his energies.

It is then that Miss Dunne realizes that the love to which she has dedicated her life is a cold thing. Her husband refuses to share his interests with her, she feels useless to him, and in a supreme effort to recapture his love, and gaiety she runs off to sing with a carnival once more.

But, when danger threatens Scott, she realizes that her love for her husband is more important than anything else life can give her and she returns to fight for him and with him.

Miss Dunne and Randolph Scott are supported by a fine cast, including Raymond Walburn, William Frawley, Elizabeth Patterson and Charles Bickford.

Mrs. A. J. Omar and Mrs. Theo Smith and children of Wichita Falls came in Sunday for a short visit to their father, C. F. Holt, who has been ill for some time. They returned Tuesday.

Miss Elizabeth Hill of Tahoka has arrived here and opened a commercial art class, she will use one of the class rooms in the Methodist church as a studio.

We are sorry to see in the Seminole Sentinel that our good friend Editor Harry Stone is again in a hospital at Temple.

George Mahon to Be Here Next Tuesday

Congressman George Mahon will be here all day next Tuesday, coming in the morning, and will remain for a banquet in his honor at night, which will be attended by several hundred people perhaps in this area. But the time and place of the banquet will be discussed in another article.

The main object of Mr. Mahon's visit here next Tuesday is to hold a conference with Terry county farmers, or adjoining counties should they wish to attend, to get the views of these farmers on their problems, and proposed legislation that is to come up during the called session of congress in November.

According to a letter from Mr. Mahon addressed to County Agent, R. N. McClain, the best time for the meeting would be around 3 o'clock in the afternoon, giving all ample time to get here.

He states that his time is limited to see as many people in the district as possible before he has to leave for Washington, and he is very desirous that as many farmers as possible meet him here than day and discuss with him what their idea is of farm legislation to give them a steady, even market from year to year.

The Herald knows that the farmers are busy, and if next Tuesday is a clear warm day, it will be a great temptation to stay with it, but it will take only a few hours of your time to come in and have a voice in what you want congress to do at the called session.

This session will no doubt pass some laws that will vitally concern every son of the soil. Meet George Mahon, your friend and my friend here next Tuesday afternoon.

Pontiac Car Agency Opened in Brownfield

The Herald is glad to announce the formation of a partnership between Messrs. J. M. Welborn and B. L. Webb to take the agency of Pontiac cars in this city. They will have cars on display at their place on the east side of the square on Saturday. The new Pontiac is more fully described in a display ad in this issue of the Herald.

They will have both six and eight cylinder models, and will be glad for all prospects for a new Pontiac to call and see these fine General Motors cars. They claim the most car for the dollar of any car on the market in the price range, which is from \$835 to \$1310 for the sixes and \$898 to \$1353 for the eight cylinder cars, fob, Pontiac, Mich.

Messrs. Welborn and Webb are home town boys; they have a good car, and the Herald predicts that they will get their share of business this fall.

Carter Chevrolet Co. Show New Cars Sat.

Saturday is going to be the big day of the year at the Carter Chevrolet Co., when the new 1938 model is unveiled to the public gaze for the first in Brownfield. It is said that this new car is going to be such that it will make one "itch all over" for a new car.

Aside from being a thing of beauty inside and out, roomy and comfortable the 1938 will have a fine, smooth running motor that puts one over the roads, together with ease and riding comfort found only in the higher priced cars.

Here is the introduction to the 1938 Chevrolet: "The car of low price that brings you the newest, most modern; most up-to-date motoring advantages. See it Saturday."

Site Purchased For The Cotton Oil Mill

Those promoting the erection of the Brownfield Cotton Oil Mill here, have become so sure that the proposition will go over, that they have purchased a site, being the entire block in the Santa Fe addition, just south of the Thomas, or what is usually termed the North Gin.

This is a good site, and easily accessible for trackage from the compress down to the oil mills. A great deal of the work of solicitation for stock is now left in the hands of local men Messrs. W. H. Dallas and P. R. Cates, whom everyone here knows, and have confidence in their integrity.

Mr. and Mrs. Ed Aryain and children of Brownfield visited Mr. and Mrs. Jimmie Silman in Seagraves, Sunday.

Funeral Home Sponsors Old Line, Legal Reserve Burial Policy

Roy B. Collier, Manager of the Hudgens & Knight Furniture Co., announced today that the Brownfield Funeral Home had completed arrangements with the Republic National Life Insurance Co., of Dallas to provide a plan of Old Line Legal Reserve Burial Protection in amounts from \$100 and up to the citizens of Brownfield and surrounding territory.

Mr. Collier says that under this plan, every member of a family may be included in one family policy, and premiums may be paid monthly at the Hudgens & Knight Furniture Co. He further states that this plan of Old Line Legal Reserve Burial Protection should not be confused with the usual Mutual Society Burial Policy, as the plan being offered is backed by a large Texas Old Line Co., of excellent financial rating, and every Policy is Registered with the Texas Department of Insurance and bears the signature of the Commissioner of Insurance.

The Brownfield Funeral Home gladly endorses any plan of Old Line Legal Reserve protection and feels that there are a large group of citizens in Brownfield and community who shall be glad of the opportunity presented them to secure a small amount of good protection for each and every member of the family at an exceedingly low cost.

Mr. Collier says that Representatives of the Company have already begun an extensive campaign to contact each and every family in the community.

For further information, please refer to the advertisement in this paper, outlining all the details of the plan.

Local Cafe Has a Real Barbecue Pit

Smokey Taylor, proprietor of the Oyster Bay Cafe, has a real barbecue pit, or should we call it a kiln. Anyway, the idea is the same, a place to prepare, beef, pork or mutton in the old style that we as boys knew when we used to attend the old time barbecues, where a bunch of darkies under the superintendency of an old gray headed negro, prepared the barbecue with such an aroma that it would penetrate for miles through the woodlands, and you could eat it until you fell over and still want more.

This pit is built more like the old Dutch ovens you see in pictures that come from Holland where the neighborhood do their baking, on account of scarcity of fuel. He made it according to his own ideas and specifications with brick, motor, and concrete and hard labor. He uses good old Terry county wood, mesquite roots if you please for fuel, and no fuel is as good as wood for barbecue.

But, go see it, and get a better idea than we can give you in this paper what he has. Go right on back through the kitchen, for they are ashamed for no one to see their kitchen—it is clean.

Pappy John Powell Wins on Group Curios

Pappy John Powell, the general mender of the unmendable, the jack of all trades, the premier of all carvers of the city, the man that can mount any animal or fowl to look almost as natural as life, had several of his carvings to the South Plains Fair at Lubbock, and won the following:

First prize on foot stool; second on carved cup; second on "Fun in Battle;" third on "Dancing Girls," made of matches. Favorable mention on a group of curios and carvings. Mr. Powell also took occasion to again thank us for the fine fountain pen and pencil set he got for renewal.

Bad Car Wreck Sunday Near Welch

Inez Snow, Lester Snow, Norene Sparkman, Buck Cunningham, Nora Stephenson and Estella McNeal, received numerous lacerations and bruises in a car wreck Sunday afternoon at a blind corner, 3 miles west of Welch, according to Dr. E. C. Davis of this city, who treated them.

Raymond Perry, who was seriously injured was carried to a Lamesa hospital for treatment. The driver of the other car, a man living at Welch, received a fractured jaw bone and collar bone in the wreck.

TRY A WANT AD IN THE HERALD

A Real Carnival in All It's Glory Tues. Nite

All that goes with the jingle and jungle, the noise, the confusion, the din of horns, the floating balloons, the candy, popcorn, peanuts and gobbers, the "gambling devices" were all there in all their glory, with even the barking speilers with loud speakers that, even they, could not be heard above the roar of laughter, song and dance, were in evidence, and profusely at the School Carnival Tuesday night, and if any one failed to have a good time, or got their money's worth—we'll they're just too grouchy to enjoy anything.

Even the staid old church member and the most dignified of the town were in for laughter, same as the kids. Many of them were caught at some of the gambling devices by a couple of "cops" to be led like the lamb before his sheers in the police court, where a dignified "gentleman" with handle bar mustache extracted your coins after a fine lecture on the good citizenship, and the evils of gaming.

Anyway, we can say this much for that crowd of Brownfield pupils and their teachers: We went broke there quicker than any carnival we ever attended, and had to borrow some more money from our wife. Second: Evidently those that planned the affair had either followed a carnival company or took in every one in hearing. Third: They are the best small scale copyists we know anything about.

In other words it was a carnival in miniature from the first squawk to the last quack. The main object was to raise money for the football boys, and we imagine they did fairly well, financially.

Banquet For Mahon At Hi-School Gym

The banquet next Tuesday night, honoring Hon. George Mahon, congressman from this the 19th Texas district, will take place at the high school gymnasium, and the food will probably be furnished by the Home Economic Department of the school.

Several hundred of these tickets will be on sale, according to J. E. Shelton, secretary of the chamber of commerce, whose only interest in the matter is to see that the tickets are distributed to the business and professional men, farmers and others of the section, who wish to attend the banquet. The cost of plates will be around popular prices.

George Mahon has done many nice things for this section, not the least of which is the new postoffice building for this city, and others too numerous to mention, and the Herald is hoping that a great crowd will lay other things aside for Tuesday night and really honor our friend and guest on this occasion.

Cubs to Play Olton This Afternoon

What promises to be another good game on the local gridiron will take place Friday afternoon at 3:00 p. m. The Cubs engage the high school team from Olton. The Olton team has not won all of its games this year but has shown steady improvement from the beginning of the season and will give the locals all they can handle to keep their record unspotted. It is conceded that Olton has great potentialities once she gets under way. They have played all their hard games, such as Lamesa, and Slaton and are in position to make the going tough for any opponent. The Cubs are not taking the game lightly but will be keyed for the game, realizing that one moment's let down might stand between them and the district championship.

All the boys are in good condition with the exception of Fore, who is suffering of athlete's feet. He is under the care of physician's prescription and will likely see service before the day ends.

Meeting of Farmers Called For Saturday

J. A. (Swede) Johnson stated this week there would be a meeting of farmers at the courthouse Saturday afternoon, outdoors if the weather permits, and in the district court room otherwise, to discuss matters vital to the farming interest.

There will be speaking and music he stated, and a delegation elected to go to Dallas on the 26th for a state wide meeting at which five southern senators will be present.

P. B. Ralls of Ralls transacted business here Tuesday.

3 of Western Union Clocks Failed to Arrive

For some unknown reason, three of the Western Union clocks failed to arrive in the first shipment, and will be installed later, as they arrive, several are to be installed later at new places when opened including the hospital, we understand. Timing of these clocks is controlled by a master clock here, which is regulated from the Naval Observatory at Washington, D. C., to a fraction of a second.

The following are being installed here at present: Terry County Herald, Brownfield State Bank, Nelson-Primm Drug Co., Oyster Bay Cafe, Corner Drug Store, Hotel Barber Shop, Brownfield Hotel Coffee Shop, Club Cafe, Best Yet Cafe, Brownfield Laundry, Rialto Theatre, Wines Hotel, Terry County Courthouse, Brownfield City Hall, Daugherty Grocery.

Another forward step Western Union has put forward, is that one may use free, the words comma, semicolon, colons, question marks, etc., instead of the word (stop) in their messages. They can also use one or more paragraphs, and in this way can many times make their messages much plainer to those who receive them. Paraphrasing is especially valuable to those who wish to send verse.

Officers Get Man Who Burglarized Stores

The man who is said to have pulled the series of burglaries here Saturday night the 9th, was captured by officers at Roswell last week end. He drew a gun and attempted to shoot it out with officers, but his gun jammed. He had some 200 years hanging over him, and recently broke jail at Waxahachie.

Officers from here, Lubbock and Tahoka, carried him to Lubbock this week, and it is believed that he will be carried to Huntsville soon to begin serving some of his sentences. He burglarized several places in a number of west Texas towns, recently, and is reported to be a bad hombre.

Officers here stated that two women were arrested with him, who were just about the vilest mouthed women they ever heard talk.

Another Driller's Clay Company in Terry

Some weeks ago we stated in these columns that drillers' and miners' clay was being taken from a huge bed in the Brownfield ranch, we understand by Lee Brownfield and associates. We have been told by people who know this clay that this bed is not only one of the best known for quality of the product, but almost limitless in quantity.

Recently another bed has been opened and operations of extraction started by C. A. Rodgers, of Hobbs, N. M., at Rich lake, 8 miles north-east of the city. An employee stated this week that the clay found in this bed was 94 per cent pure drillers clay, and that its extent covered several sections of land.

Jack Hamilton Does A Quick Moving Job

Jack Hamilton agent for the Star Tire did a quick move recently when he removed his entire stock from the old Gore Battery Shop building to a section of the Craig building on west Main, all in one night.

An employee was asked if they didn't all go home and to sleep after the move. Nope, we moved, straightened up the stock, swept out and were ready for business next morning as usual, and stayed on the job all day as usual.

Two Negroes Pull Knife Battle Sun.

Sheriff Ches Gore, went to the residence of a local colored man by the name of Herbert early Sunday morning and arrested Muel Harris, accused of stabbing T. H. (Biscuit) Heath in the head. He was lodged in jail with a charge of assault.

A surgeon had to chip a piece of the skull away from Biscuit's skull to get the blade out of the puncture, as the blade broke off. The blade punctured the brain according to the surgeon, but Biscuit seems to be recovering nicely.

Barton McPherson is now employed at the First National Bank.

IN MEMORY OF PAT J. ROSS

Mr. Pat J. Ross was born in Fenhorn, Scotland in 1863. Died in Mineral Wells, Texas, October 9, 1937. Making him at the time of his death 74 years, 2 months and 21 days of age.

He was educated in Edinburg, Scotland. He confessed his faith in Christ and united with the Presbyterian church in his early manhood. He came to Texas in 1883 and worked on a ranch near San Antonio for about a year and from there he went to the Midland country and worked on a ranch near San Antonio several years. Then came to the Mallet ranch, whose headquarters are in southwest Hockley county. He worked here a few years and returned to the Five Wells, where he worked about a year. Returning to the Mallet ranch in 1899 he was the windmill until 1906, when he was made foreman. He held this position until 1927, when he decided to go into business for himself.

In 1902 he filed on three sections of land in northwest Terry county. He made three trips to visit his loved ones in Scotland, the last one about 1914.

In 1927 he went to Seagraves and leased the Miss Annie Armstrong ranch, and operated same until September of this year, when his failing health caused him to sell his cattle, but he expected to reenter the cattle business when his health improved.

Mr. Ross had been in bad health for over a year and just three weeks previous to his death he decided to go to Mineral Wells, thinking the water there and the baths would help him. His friend, Mr. Babe Simpson accompanied him on his trip to Mineral Wells, and stayed with him several days. He was hopeful and cheerful when Mr. Simpson left him, and planned for his trip home.

Mr. Ross was an honest and upright man. He had the confidence and esteem of all with whom he came in contact. Walter Fraizer, who was a close neighbor and friend of his for thirty-five years said of him: "Pat's word is as good as I want. When he tells me anything I know it's just that way, and when he said he'd do anything he always did it." Miss Armstrong, from whom he leased land for ten years said: "He was strictly honest in all his transactions."

Mr. Ross leaves a brother, a niece and a nephew in Edinburg, Scotland and a host of friends in West Texas. The funeral was held from the Baptist church in Seagraves, Monday evening at 3:30 o'clock, by the Methodist and Baptist ministers of that place. Interment in the Seagraves cemetery.

The many friends present and the floral offering attested to the esteem and respect that his fellow man had for him.

FALL FLIES
The common housefly is a menace to health, regardless of seasons. But it is the fall months, many health authorities contend, that danger from this pest is greatest. It is in the fall, they assert that the germ-carrying housefly carts about its most deadly

cargo and to this in a large way is attributable of typhoid cases recorded annually during the fall months. This being the case Terry county citizens should not suspend the swatting campaign which started with the first appearance of the pests last spring. Keep it up so long as there is a single fly infesting your premises. You might also keep in mind the fact that fall weed cutting as a part of the campaign against disease also remains an important item. There is too much danger in waiting for Jack Frost to do the job for you. If you would protect your health and be rid of disease-carrying houseflies you must get rid of fly-breeding weeds.

ders that a gun was dangerous without lock, stock or barrel as it was reported a man whipped his wife to death with a ramrod. Perhaps a citizen of Vicksburg, Miss., now believes that old chesnut, after being blown up with an old shell placed in his

After reading the Plainsman's articles in the Lubbock Journal, written from Nuerleans, we have decided that he should pull that hatchet-faced cowboy with a half-smoked cigarette from the top of that column and put in a big French chef. Sorter like the educated member of the family was when he asked for the gravy. All the others looked at each other and a younger brother remarked, "Pa the d— fool means sop." Old Charley gave us such names as cuisine and gourmet to think about, and you Brownfield and Terry county readers who didn't happen to have a dickmacknary at hand will find Charley was talking about, chuck, grub, or eats in our west Texas language when he used cuisine, and that gourmet stuff was an old bird like Charley who overstuffs their paunch on occasions, a big eater, a glutton for more and better food. If Charley don't stay out of the effete east, he will not only ruin his stomach, but his language as well.

The majority of people pity the woman. But it's the man who wrings sympathy from my heart. He has to play valet, Romeo, Santa Claus, and chauffeur to every girl he takes out. Unless he grabs his hat, jumps to his tired feet upon the approach of a lady, he is considered rude. In case of accident, he assumes all responsibility. If she is cold, he lends his coat and takes chances on getting pneumonia. Even if it rains and there's a flat, he ankles around and fixes it while the lady sits high and dry listening to her favorite radio crooner. Then if she doesn't have a good time, it's all his fault. It's the man who pays everytime. (Drinks you men want to buy me will be accepted Friday between the hours of 3 o'clock and 5 o'clock.)—Jeane Suits in Lockney Beacon.

"We intend this winter to find a way to prevent four-and-one-half cent cotton, nine-cent corn and thirty-cent wheat—with all the disaster those prices means for all of us—from ever coming back again. To do that, the farmers themselves want to co-operate to build an all-weather farm program so that in the long run prices will be more stable. They believe this can be done and the national budget kept out of the red." Did you hear those words, or have you read them. Strong words. And said in a strong way by what the world believes is a strong man. Part of President Roosevelt's fireside chat of Tuesday night. Whether the President meant what he said or not, we could see the effect. Within a few hours after those words were published

ON THE SETS: Thirteen year old Marcia Mae Jones was standing on the mantelpiece of a six-foot high fire place when I went on the set of her new picture. She was trying to straighten a large portrait. When she was done she leaped down into an armchair seat! Most mothers know what that does to chairs! But this one tossed back into the air again! Some heavy coil springs had been placed beneath the chair to stop her from going right through it! Only when you see "The Lady Misbehaves"

you won't see those hidden springs. That's movie magic!
Marcia, if you don't recognize the name, is the little girl who made a hit in "These Three" and more recently in "Mountain Justice." Three weeks ago she got a \$300 a week, five year contract.
When I commented to Marcia's mother that the girl had grown up since I last saw them six months ago, Mrs. Jones replied: "Yes, and that's the reason she got the contract. To give her a Technicolor test they put her in the long dress and hair make-up of a sixteen year old girl. And she looked so much the part that the studio realized that in six more months they would have a potential young actress instead of just a child player. So they signed her up right then and there."
On another set I saw a device which

is often used to get various kinds of screen illusions. The picture was of a murder in an airplane, with the victim being a 230 pound man. When he slumped down between the cramped seats there was the problem of having the tiny leading woman and her co-star haul out the "body." Those two couldn't do it. So a very fine but strong wire was looped under his arms, passed over the roof beams of the fuselage, and out to a couple of workmen. These two did most of the lifting for the scene, but the film won't show the fine wires on the screen.
PREVIEWS: Another comedy hit for Irene Dunne is the general verdict on "The Awful Truth," in which co-star Cary Grant shows his first-rate artist in light comedy. Most of the preview crowd liked the picture's grand farce as well as Miss Dunne's

earlier hit, "Theodora Goes Wild." "Life Begins at College" and "Love at Work" are two more big comedy pictures. The former has the Eds. Luthers making some of the screwiest football touchdowns ever imagined. The other one has Jack Haley, E. E. Hertz and Mary Boland giving audiences a full eighty minutes of laughs when Haley travels to their Southern home to get signatures on a deed to their place and they all dodge him.
And speaking of previews I saw Edward G. Robinson have one ruined of him. His chauffeur crushed a fender against the iron post of a sidewalk awning when they drove up to the theatre. The lobby crowd gathered around to give the actor a laugh when they heard the noise. But Robinson first took his guests inside and then returned to see the damage. Just as he did the chauffeur, fearful of a possible bit of anger pulled away from the curb and drove off!
A word to women from Tala Birell, exotic beauty from the city famed for feminine beauty, Vienna. She says the word charm has but one meaning, naturalness. She explains that a secret of the Viennese woman's reputation is her constant effort to be free from affectations.
"Hollywood," says Sut Erwin, is where everything is big, even the best made by a flop picture!"

STEPPING AHEAD WITH PROGRESS

NOBODY'S BUSINESS
By Julian Capers, Jr.

Austin.—Reponding to a personal plea from the floor by Speaker Bob Calvert to compromise and bring out a tax bill, the house of representatives settled down to work this week. It passed, after three days of hectic debate, an omnibus tax bill increasing natural resource levies 25 per cent, in tend of the 46 per cent specified in the original bill, and sent the measure to the senate.
Then the house tied into Emmett Morse's bill to legalize sale of liquor by the drink in wet counties, after approval by voters at local option elections. Two days of bitter debate ensued. The bill finally passed, 65 to 49.

Austin was agog with whispers of a "trade-out" between advocates of the liquor bill and the Allred "more taxes" bloc. The liquor forces were in position to block action on the tax measure, but Morse gracefully stepped aside until after the tax measure was disposed of, thus lending color to the trade-out rumors.

A LONG ROAD

With but nine more days to go at the week end, however, both measures faced a rocky road in the senate, with the final outcome problematical. The senate if it passes the tax bill, will certainly scale down the rates, so that the yield of five millions estimated under the house bill, will be cut sharply. But the best guessers were of the opinion that the senate, unless the house passes its bills cutting expenditures of state departments upwards of \$5,000,000 annually, will never approve the omnibus tax measure. And the outlook in the house for the expense cutting bill was decidedly not hopeful.

BITTER DEBATE

The liquor bill stirred up the bitterest debate in years. Debate was shut off, but house dries, led by Bryan Bradbury of Abilene, Harry Graves of Georgetown, Dallas Blankenship of Dallas, W. E. Jones of Jourdan, Ross Hardin and others, filibustered for hours, making ringing prohibition speeches under the right of members to speak at any time on "personal privilege." The record vote by which the bill finally passed will undoubtedly be a potent document in next July's legislative primary races, and many a member will find this the issue when he comes up for re-election. Morse's bill, finally amended by the house would yield \$2,500,000 annual revenue carrying a 20 per cent sales tax. What the senate will do with it is problematical, but if the senate wants to avoid action on tax bills, the bill will furnish a fine vehicle for endless debate in the upper house. Dries insisted the governor will veto the measure, if passed by the senate, while wets were equally confident he wouldn't turn down \$2,500,000 new revenue. A court test to clear up the dry contention that the bill violates the constitutional inhibition against open saloons is certain, if it becomes law.

THOMSON IS HONORED

The interstate compact of oil states broke a precedent and unanimously re-elected Ernest O. Thompson, Texas rail commissioner, chairman for another year, at its Houston session, in recognition of his fine work as America's No. 1 oil conservationist. "Texas does not want to make money out of war," Thompson told the oil man. "We do not desire to sell our oil to be used for the production of misery and death. We want plenty of oil to defend our own country, but we certainly do not favor increasing the allowable to permit Japan to run China off the map." And, with a fourth of the world's supply of potential oil reserve, the Texas commissioner's attitude may be a deciding factor in the Far Eastern conflict.

REPORTS TWO WEDDINGS

Elder J. H. Killion reports two weddings for the past week, the first being F. L. Lowrie and Miss Oline Murphy, both of Ropesville, which took place at the residence of this minister at 7:30 Saturday afternoon, with the ring ceremony. The happy young couple will make their home at Ropesville. They were accompanied by his brother and Miss Boone of that place.

The second wedding was solemnized in the church of Christ building as that was where the minister was found, at 4 P. M. Tuesday. The contracting parties were Mr. Zale Parker of Marcia, N. M., and Miss Esther Trigg of Wellman. After spending a few days in the home of the bride's parents Mr. and Mrs. J. H. Trigg, the couple will make their home in Marcia.

Mrs. V. L. Wheeler and children of Kilgore, were through Friday going to Plains to visit her mother, Mrs. Jim Morris. Mrs. Wheeler is a regular reader of the Herald and stopped in to have her paper changed to Odessa, which will be her new home.

Roll Call to Be Made In Boy Scout Troops

The two weeks beginning November 7th and ending November 20th has been set aside in the South Plains Council for the inspection of every troop in the Council. Scouts and Leaders are working hard in order to "Be Prepared" for the inspection when the District Commissioner visits their troop.
The purpose of the troop inspection that will be made is to help the Leaders and their Scouts to raise their Standard and to provide an incentive to buy camping and the other necessary equipment for the successful operation of the Troop Program.

Among the things that will be considered in the inspection will be the following: Troop records, meeting place, appearance of Scouts, leaders and committee, roll call, camping equipment, first aid, and a number of other things that add to the operation of a successful Scouting program.
It is thought that through this inspection and the inspections that will follow from time to time the standard of the troop will be raised and as a result more boys may have the advantages of the Scouting program and Scouts will remain in the troop longer.

The Scout leaders will be notified of the time of the visit to be made by the District and Neighborhood Commission so they will have a chance to be ready for the inspection.

PLAINS LIGHT PLANT READY FOR SERVICE

The light plant is all set and ready to go as soon as the transformers arrive. The meters have come and the juice will be flowing just as soon as the tools that control the stuff get here. The engines were fired up Monday just to see how they worked and they were OK.
Because they realized that they transcended their authority by appointing an electrical inspector for Plains, the court this week recinded their action of a week ago at the special session.—Yoakum County Review.

Melba Ferguson, Senior Candidate, Elected Football Queen; To Preside At Homecoming Game, November 11

Melba Ferguson, Senior Candidate Crowned Football Queen; Earlene Jones, Junior Candidate, Trails By A Small Majority

The climax of the evening came at nine o'clock when the polls closed in the Queen Contest. Melba Ferguson, the Senior candidate won by a small margin. The runner-up was Earlene Jones from one of the Junior Class sections.

Lady Alma Fae of the House of Ballard, escorted by Joe Brown; Lady Elanor of the House of Gillham, escorted by Claude Gore; Lady Evelyn of the House of Jones, escorted by Bobby Lewis; Lady Mildred of the House of Clay, escorted by James Bryan; Lady Betty of the House of Shelton; escorted by Charles Boyce Rambo; and Her Majesty, the Queen, Melba of the House of Ferguson, was escorted to her throne by Harold Carpenter.

The Glee Club sang "Hail to the Queen," and a trio, Frances and Florence Brock and Mrs. Emmitt Smith sang "Harbor Lights." James Harley Dallas came to the stage and placed the beautiful crown on Queen Melba's head. Richard McDuffie was the crown bearer.

After the coronation some food was placed at auction by Ches Gore in the interest of the Football Mother's Club and the Band Mother's Club.

BAND MOTHERS ORGANIZE

The mothers of the Brownfield Band boys met at the High School, Tuesday night and organized with the following officers elected:

Mrs. Chas. Hamilton President; Mrs. Bob Bowers, Treasurer.

The main project of the club is to raise funds to secure suits for the band boys and to provide proper transportation. We want the cooperation of every interested person so as to have the band suited in time for the home-coming game between Post and Brownfield November 11th.

We were well pleased with the crowd that met with us and helped to organize the club and we especially want to thank Tash & Tash Grocery for their cooperation.

Everyone interested in this organization is cordially invited to attend these meetings at High School. Next meeting to be November 4th. Come!

—Reporter

FOOTBALL MOTHERS ORGANIZE

On October 19th a few of the football mothers met and organized a club. The following officers were elected:

President, Mrs. Clyde Lewis; Secretary Mrs. Chester Gore; Treasurer, Mrs. Ellis.

The purpose of this club is to take care of our football boys. We want to make it possible for every football boy to have a physical examination and to have the best helmets and other equipment to protect them from injuries while playing. Our project is to start a fund for the awards.

Our next meeting will be in the high school auditorium Friday at 1:30 p. m., October 29th. This meeting will be just before our boys play Lamesa at Brownfield. We wish to have every football boy's mother at this meeting.

Mrs. Roy Wingerd will explain some of the football plays. Each mother will be given a ticket to the game.

LEGION AND AUXILIARY TO HAVE JOINT MEETING

On Friday, October 29th the American Legion Auxiliary will meet in joint session with Legion it being the Auxiliary's time to entertain.

Ways and means will be discussed for the November 11th meeting. Also other matters of importance. All members of both organizations are urged to be there at 7:30 o'clock.

Miss Mary Emma Rossman of Graham spent the week end with her uncle and aunt, Mr. and Mrs. Geo. D. Couchman. Mrs. Couchman isn't in good health.

Mr. and Mrs. Roy Herod and son, visited Paul Lawlis and Mr. and Mrs. Rayburn Knott, in Levelland, Sunday. They also saw the rodeo there in connection with the Hockley County Jamboree.

Mrs. Paul Lawlis and daughter, Carrie Francis, were over from Levelland Sunday, the guests of her mother, Mrs. E. B. Thomas.

Mr. and Mrs. Ed. Turner of Tokio were in shopping Monday. The many friends of Mr. Turner, will be glad to know he is much improved after a serious illness.

THE METHODIST CHURCH

A great congregation greeted the pastor last Sunday morning at the eleven o'clock hour, and there was also a fine attendance at the Church School. At the evening hour the church officers were elected for the ensuing year. Mr. J. C. Powell and Mr. W. B. Toone were added to the Board of Stewards. Mr. Raymond Simms was re-elected as General Superintendent of the school. Mr. Malcolm Thomason, Mr. Emmitt Smith, and Mrs. J. C. Powell were elected assistants in charge of Adult, Young People's and Children's Devotions respectively. Dr. W. M. Pearce, presiding elder of the Lubbock District, presided over the fourth session of the quarterly conference.

Borther Breedlove will preach Sunday morning on the subject: "Without God." Every interested and thoughtful person is cordially invited to hear him, unless obligated to attend another service.

The evening service will be conducted by the pastor, who is asking Brother Arthur Scudday to preach. Brother Scudday, a pastor in the Nazarene church, has been preaching for a week at the church to the delight of the people who have heard him. He is a good man, and he is a good, gospel preacher. Hear him for the remainder of this week.

LUBBOCK MEETING

Rev. W. M. Pearce, called all the Methodist preachers of his district to a conference Tuesday at the Asbury Methodist Church in Lubbock for a conference. The Rev. Ike Breedlove and his family attended. The Elder served lunch at the beautiful new district parsonage at 2319, 18th Street to about fifty guests from over the district.

At two o'clock in the afternoon the interim committee for license to preach and recommendations met at the First Methodist Church on Broadway and licensed Mr. L. D. Cleveland to preach and at the same meeting recommended Rev. C. A. Duncan for readmission into full connection in the Northwest Texas Conference.

CHOIR PRACTICE

Instead of meeting Tuesday for choir practice, some of the members met at Mrs. Roy Herod's residence Wednesday evening for rehearsal. They will sing one of the old hymns arranged in six parts in the service at The Methodist Church, Sunday morning. The choir will meet at the church next Tuesday evening at 7:15.

BAPTIST CHURCH

Church attendance should never be reduced to personal preferences or conveniences. It should be a matter of the high principle of loyalty to the church. Attend the following services Sunday:

Sunday School at 9:45. Preaching at 11:00 and 7:45. B. T. U. at 6:45. Mid Week Prayer Service at 7:30. Teachers and officers meeting including choir practice, Friday night at 7:30.

Go to church Sunday.

The Rest of The Record

JAMES V. ALLRED
Governor of Texas

The last week of the special session has rolled around and throughout the State there are sightless eyes, withered hands, and helpless baby arms raised in supplication to the Legislature of Texas. There are others going about the daily classroom duties of educating the youth of the State, bending under the weight of years, and wondering "if" a retirement system will be set up for the teachers.

These are the ones who have watched the legislative session from a distance. Unable to come to Austin, some unable to vote, they have waited patiently for the Legislature to do its duty and raise revenues for old age assistance, aid to the needy blind, dependent children and for the teachers' retirement fund.

There has been another group stalking the corridors every day since the session began, crowding the leg-

islative galleries, and intently watching the efforts to raise revenues by taxing the pipe line companies, the oil, sulphur, and other natural resource groups.

It has been the biggest, most powerful lobby Texas has ever witnessed in Austin. It is confidently and complacently awaiting the verdict of "no taxes."

Meanwhile the destiny of our unfortunate people lies in the hands of the Legislature.

The people have been told that I want to lay heavy taxes upon all the people. That is not true. A "hullabaloo" against this session has been raised and the cry swelled in volume that we must not levy taxes for the social security program voted by the people. When did this "hullabaloo" first arise? I'll tell you when it was.

After the Legislature voted these appropriations and went home last June, every one knew then that we were going to have another session in September to raise the money to pay the bill. But when I announced six or seven weeks ago that I was going to recommend taxes on the big pipe line companies, and others who have been growing pompous and prosperous by draining our natural resources—then the hue and cry started.

When I said that I had recommended these same taxes before, that the program had been scuttled and that I was going to find out at this special session who was running Texas—that's when the selfish interests, through their mouth-pieces, started a campaign of propaganda.

They tried to make real estate owners believe that the people's program would raise their taxes; but they overlooked the fact that I had helped to lower these property taxes to the lowest point in over twenty years. They announced a great tax-payers march on Austin. 68 marchers finally rolled into Austin in Cadillac and limousines, headed by a man whose whose chamber of commerce organization receives two thousand dollars a year contribution from the sulphur company alone.

The attitude of these people may well be judged by the leader they have chosen in the Senate against taxes for the needy. He is the same man who last year voted for a sales tax upon the poor; and then, when an income tax on the earnings of the rich was proposed, walked the floor and ranted that it would ruin Texas.

I'm not the only chief executive criticized for calling special sessions. When a few days ago President Roosevelt called a special session of Congress to help the farmers, he said: "I know that many enemies of democracy will say that it is bad business, bad for the tranquility of the country, to have a special session."

I'm glad the President has called Congress to try to do something for the farmers of the nation; and I have no apologies for calling this special session to help our own needy.

I say that when we have placed a just tax upon our natural resources, 85 per cent of which goes outside the State, when we have passed an income tax levied upon the earnings of twenty pipe line companies who made over seventy-eight million dollars net profit in one year, when we have done these things, then it will be time to talk about a sales tax.

I didn't have to call this special session except for my conscience. I could have taken the easy route; and then these special interests would have called me great. But I've gone about the State, and I've seen misery and want.

I've done my part. I've called this Legislature in special session and made my recommendations. For these things I shall continue to fight. But the destiny of our unfortunate people lies in the hands of the Legislature.

Gomez News

As last week was very gloomy, we hope Mr. Sunshine will be out and cheer us all up.

Lots of people have begun picking cotton.

"Cheerio My Deario" went over with a large attendance, on its return to the school auditorium, on Friday evening.

Remember preaching services next Saturday evening, Sunday morning and evening, at the Baptist church. We invite all parents to P.-T. A. next Friday evening.

Those who visited in the L. E. Rosson home last week end were: Mr. and Mrs. Joe Roson of Calif., Mr. and Mrs. Dick Henderson of Wellman, Miss Clark of Lubbock.

Mr. and Mrs. Luther Kenley and son visited Sunday in the A. B. Landess home.

Mr. and Mrs. Happy Hudson visited in the home of Mr. and Mrs. Schultz of Johnson community, Sunday evening.

Mrs. Laxon of Seminole, who is visiting Mrs. Ike Harkins, was a visitor in the R. A. Whitley home Sunday evening.

Mr. and Mrs. T. E. Roper and children visited Sunday in the J.H. Martin home.

Mr. Ben Broughton is operating this season, his syrup mill, on his farm northwest of Gomez. Mr. Broughton is an experienced hand in the syrup making business.

Mr. and Mrs. Elmer Lee visited relatives in Brownfield, Sunday.

Mr. and Mrs. L. F. Lack and family of the Turner community visited Sunday in the Lee Walker home.

Mr. and Mrs. W. G. Carter and Misses Rena and Nellie McLeRoy were Lubbock visitors, Saturday.

Mr. and Mrs. R. H. Decker and Miss Marie Carter visited Sunday afternoon in the C. J. McLeRoy home.

Mr. Edward Walker made a business trip to Lubbock on Friday of last week.

Mrs. B. H. Bartlett entertained on Friday evening of last week with a lovely birthday dinner in honor of her husband. The guests present were Messrs. and Mesdames W. A. Fulton of Brownfield and Horace R. Fox and son.

Mr. and Mrs. Lewis Yarber of Lubbock were week end guests in the E. H. Green home.

Mr. and Mrs. Wayne Rutherford visited relatives at Meadow, Sunday.

Meadow News

Meadow and Frenship had a football game here Friday. It was a tie.

Last week was the six weeks examination. So far as we can hear some made good grades, others not so good.

The Terry County Singing convention met here Sunday. It was a pretty sunny day for it. Quite a few singers from Brownfield and in that part. Others from different counties. On a whole it was well attended and good singing. The singers were furnished dinner (so far as we know all were well fed). We didn't take up the fragments that remained, but if we mistake not, most everyone had some left for supper.

Mr. and Mrs. Alfred Finley announce the arrival of a boy in their home. (New boss for our post office)

Mr. W. M. Turnbough and son, Vance, together with Mr. Cotton spent the week end at Quanah, Texas visiting relatives.

Mr. and Mrs. Jno. Timmons and family and Mr. and Mrs. Bill Timmons of Lakeview attended the Singing convention, Sunday. Mr. and Mrs. Timmons lived here before moving into that community.

Mr. and Mrs. C. E. Hicks were in Brownfield, Monday morning.

Miss Margurite Wood, teacher at Big Spring, spent the week end with her parents, Mr. and Mrs. C. O. V. Wood.

Miss Louise Smith of Brownfield spent Sunday with her mother, Mrs. Bert Smith.

Mr. Red Reed has sold his barber shop to Mr. Whitacre of Brownfield. Mr. and Mrs. Reed expect to leave this week to make their home in Roswell, N. M.

A real west wind has been "pushing" most all day (fine for washing, we don't think). But it has blown around to the north and from all indications, it promises to be the cold-

est one of the season. We wonder if "Jack Frost" is just around the corner. Glad we put up a stove last week.

Mrs. A. L. Walker has recently moved into the Hawkins house.

Mr. and Mrs. A. J. Nelson made a trip to Odessa, Sunday.

B. J. Watkins spent Sunday with his parents, Mr. and Mrs. O. W. Watkins.

Mrs. Richards spent last week with her parents.

Mrs. P. E. Cheshire is reported to be quite sick Saturday night. Some better Sunday.

Mrs. Wayne Daniel and children spent Sunday with Mr. and Mrs. Daniel.

"TIPTOE-MATIC" CLUTCH NEW CHEVROLET FEATURE

Driving effort is greatly reduced, and control over the car is increased, by the new "Tiptoe-matic" clutch, of revolutionary design, which is being introduced on all the new 1938 Chevrolets, both passenger cars and trucks.

The mechanism operates on a principle which has already had some applications in long-range artillery, hydraulic presses, railcar couplings, and similar heavy-duty installations, although it has never before been adapted to use in the automotive field. Many months of testing, both at the General Motors Proving Ground and on the highway, preceded its adoption on the 1938 Chevrolet.

The central unit is a spring diaphragm of heavy heat-treated steel, shaped something like a concave disc, or more accurately a "dish" washer, with 18 tapering steel fingers pointing inward from its edge.

When the clutch is in the engaged position, the entire outer rim of the disc bears against the pressure plate, providing complete distribution of the driving load. When the pedal is depressed for disengagement, however, the pressure of the throwout bearing on the inner ends of the fingers causes a diaphragm action, comparable to that which takes place when the bottom of an oil can is pressed. The outer ends of the fingers, toward the rim of the disc, pivot on the foremost of two fulcrum rings, one of which is located on either side of the diaphragm. This causes the rim of the diaphragm to spring away from the friction disc against which its own stiffness has held it, and disengagement results.

Just as the initial pressure required to operate an oil can is greater than needed to complete its depression, so does the pressure required by the new Chevrolet clutch decrease as the pedal stroke progresses. Engineers report that it takes 25 per cent less effort than in 1937 to operate the clutch.

At the same time, engagement characteristics have undergone marked improvement. The fact that the entire rim of the diaphragm bears on the clutch disc assures complete distribution of the driving load. Uniform load distribution around the pressure plate, and softer application of the load, are affected by the substitution of the 18 tapering steel fingers, stamped integral with the spring, for the three pressure levers of 1937. Because the disc pivots on the fulcrums provided by the two steel rings friction is held at a minimum, not only when the car is new but after long service, when the conventional clutch develops noticeable friction drag.

The design of the new mechanism, Chevrolet engineers point out, is such that it requires no lubrication throughout the life of the car.

Judge Simms Reports On Amarillo Meet

From Friday morning of last week, the writer and three of the county commissioners: L. C. Green, J. F. Malcolm and J. L. Lyon; and also J.

E. Shelton attend the Annual County Judges and Commissioners Convention of Texas meeting in Amarillo, Texas, returning home late Saturday. The convention was one of the best that I have had the privilege of attending since I have been in office. It looked as if the people of Amarillo were especially interested in making it so. The barbecue served out at

Jack Hall's ranch, prepared by John Snider, was certainly good. It was like the barbecue served years ago at our community picnic and round-ups, and the weatherman did his part furnishing brisk weather for the occasion of which Amarillo boast so much.

The convention proper dealt with a full discussion of County, State and National Government, as they apply to our present needs. The same handled by county judges and commissioners from all parts of the state as well as by such distinguished men as Hon. Marvin Jones, Congressman of Amarillo, Texas; Hon. Robert Lee Bobbitt, Chairman of the Texas Highway Commission, of San Antonio, Texas; Hon. Ernest O. Thompson, Member of the Railroad Commission and Hon. Robert Calvert, Speaker of the House of Representatives. Mr. Jones spoke at length on our agricultural program and led us all to believe he would do all he could to arrange a program of protection for the American farmer. His talk was very interesting in that he showed that in the passage of our first tariff laws enacted by the Congress of the United States, upon the recommendation of Alexander Hamilton, to protect the infant manufacturer of this nation against the well organized industrial leadership of the Old World. Hamilton also made the statement that a like conception of protection should be made for the agricultural interest of this nation. His reference of agricultural interest was probably mentioned to gain certain votes from the South at that time, but Mr. Jones advised that all the protection the manufacturer wanted was passed by the Congress of the United States, nothing was done of any importance until President Roosevelt was elected president, to give the farmer an equal chance with industry. I have every reason to believe that a good farm program will be worked out by our Congress, which is meeting soon. The talks by Col. Thompson and that of young Robert Calvert were certainly good.

The convention adopted a number of resolutions which will be mailed to every State Senator and Representative in Texas which expresses the opinion of the county judges and commissioners of Texas. Among the ones which the public are most interested in perhaps were resolutions asking the Legislature to pass such revenue measures as would support a liberal understanding of the Old Age Assistance benefits and the other recent security measures recently adapted by the people of this state. A resolution asking that a constitutional amendment be submitted to the people whereby a 10c levy might be vot-

ed in each county to be used for the public health, and a protest against the diversion of any part of the state highway funds.

In such conventions I believe every citizen of the county should be interested for there is no people in public life so close to the people as the Commissioners Court, and when some 500 or 600 commissioners and county judges see the need in Texas for needed legislation, their vote in asking for it carries a lot of weight. Then too, each county is becoming more dependent on State and National Government. There was a time when the county unit could carry on all of its work and duties within the county but in the past years it has become necessary for the Commissioners Court to extend its work to far and distant cities making contact with people in charge of State and National affairs. Such conventions as had recently in Amarillo affords a good opportunity for meeting with and becoming acquainted with such people. It is safe to say that at least the State and National Government has spent far more in our own county in the last 5 years than the Commissioners Court. The securing of these funds from outside the county requires the full cooperation of the people of the county as well as that of county officials in achieving these ends.

R. A. SIMMS, County Judge of Terry County.

B'field Cubs Defeat The District Champs

In one of the most thrilling games ever played on the Brownfield gridiron, the Cubs last Friday afternoon defeated the Littlefield Wildcats by a score 7 to 6. The district champions of last year presented a very strong and heavy lineup. In fact, it was generally conceded that the heavy field would be of considerable advantage to the heavier team from Littlefield, which has featured a power attack off tackle. In the final analysis, the locals defeated the visitors in that department of the game in which Brownfield was supposed to be weak and the visitors strong—that is, the passing game. It was directly the result of two passes that Brownfield scored a touchdown. Pharr passed to Young, who raced to the twenty-five yard line before being downed. Two line plays gained only five yards, and Pharr again heaved a pass to Rowden who was on the goal line when he received the ball. Jenkins made a perfect place kick for the additional point. Less than five minutes later, Fore fumbled the ball straight into the arms of a waiting Wildcat, who scampered some thirty-five yards across for six points. The visitors failed to make the extra point. Pervious to the scoring, the visitors held a slim lead, having a twenty-yard penetration that was barely obtained in the first half. Late in the last quarter however the Cubs drove to the eight yard line, and there is reason to believe that another score would have resulted from this goalward march.

The threat in the last quarter was due largely to interception of passes. Hill batted down many passes throughout the last half. Chambliss and Young intercepted passes that placed the Cubs in advantageous positions. There were eleven fighting Cubs that starred throughout the game. Grider and Pickett at guard positions made the middle of the line a veritable stone wall. Jenkins and Murry filled the tackle positions like veterans, while Rowden, Gracey and Ellis amply cared for the end positions. Noble played his usual steady game at center and was a tower of strength backing the line, as also was Fore. The backs composed of Hill, Pharr, Chambliss, Fore, Young, and Brown seemed to do almost everything right. Only three times did the boys make a bobble that might have proved costly. A comparison of the data indicates the closeness of the game:

Billie Zachary stayed all night Monday night with Arnold Baldwin. We are having quite a lot of rain the last few days. The farmers would like to see it clear up again, so that they could get their feed cut and gather their cotton. Mrs. Dave Mathis is better at this writing. We are in hopes she gets along nicely. Mrs. Arno Codwell has returned home after an operation at the Treadaway-Daniell hospital. She is getting along nicely. She has been staying with her mother, Mrs. Hyatt. Mrs. Zachary's mother has returned home after a nice visit here with her daughter, but speaks of returning back as her asthma is worse where she lives than here. Sears Has Visiting Angells From Milan

C. Sears and family had as their visitors out on the farm 2 miles north-west of the city last week, two Angells, but as Cam explained, not heavenly angels. They were Mr. and Mrs. J. M. Angell of near Cameron, in Milan county. Mrs. Angell is a sister of Mrs. Sears.

As we understood it, Mr. and Mrs. Angell begin making trips to Terry in the early '20ties and have been here several times, and we even hope he makes it a permanent trip some time. Also, that they made way with plenty of Cam's grub while here.

The Oldsmobile daily production is now 295 units.
