

Scout Week Activities Are Outstanding Here

Beginning with church attendance the scouts and scouters of the South-west District are observing scout week in grand style. Most of the scouts of the district attended services last Sunday. The high spots of the week are the mobilization of scouts on Tuesday night and the rule of the city Saturday. Mobilization took place in Plains, Brownfield and Seagraves. The Gomez troop No. 44, chose to mobilize at Brownfield. To the delight of the boys, hot dogs and cold drinks were served. J. O. Gillham, J. C. Perved, and L. C. Heath cooked and served these refreshments as only J. O., J. C., and L. C. can do, and that is "nut-sed." The time made by the different troops in mobilization is a mark to shoot at. The signal was given at 6:30. Within 10 minutes Troop No. 49 was mobilized. Troop 45 required 15 minutes; troop 44 18 minutes; troop 78, Plains, 18 and one half minutes. The scores made by the troops based on time, percentage of attendance, number of uniforms, and prompt report, were: Troop 44 Mr. Kinley scoutmaster, 240 points; troop 45, Lyman Black-stock scoutmaster, 274 points; troop 49, R. B. Parish scoutmaster, 298 points; troop 78, Rev. J. C. McGraw scoutmaster, 274 points. At this writing the score made by the Seagraves troop is not known. Programs in the civic clubs in the schools are being given this week, closing with exhibits Saturday.

The Jack Holt Follies of 1938

Jack Holt's Follies of 1938, staged at the Rialto Theatre Tuesday and Wednesday nights was great, the stage typefying "The Old Woman Who Lived In A Shoe," with side drapes of Mickey Mouse, flowers, and the clothes line of clothes were very ingeniously gotten-up and looked like a movie set-up. The actors and actresses came onto the stage out of the shoe dressed in ballet and other costumes, typefying the parts they gave. This was really good and the dances and songs showed some real talent, in fact, as good as some we have seen and paid for. Mr. Holt is putting forth a great effort in his chosen line of work, and we believe we have several Shirley Temples and Fred Astires in the making.

"Bank Night" Ban Upheld By Court

AUSTIN, Feb. 2.—The Court of Criminal Appeals today made final its decision that bank nights are lotteries in overruling a motion for rehearing by H. S. Cole, Bonham theatre proprietor. The highest tribunal last year affirmed Cole's conviction and \$100 fine.

In his attempt to secure a rehearing he cited additional authorities to show the element of lottery was not involved, but the court rejected these.

"After all, it is a scheme, in our judgement, for the purpose of distributing prizes by chance," the opinion, by Judge Harry Graves, said. The original affirming opinion was written by the late Judge O. S. Lattimore.

Gordon Bros. Change To Nobby Tread Tires

While around at the Gordon Bros. Tire Shop, better known as the Safety Tire Shop one day last week, they informed us that they were changing from the Regular to Nobby Tread on all their tractor tires, and from now on would handle only the later.

Mr. Gordon stated that at recent demonstrations in sandy soils such as we have in Terry and Yoakum counties, it had been demonstrated that the nobby tread would pull a high per cent more load with the same tractor in sand.

Watch for their opening ad on these new tires, soon.

Mr. Johnnie Dobbs of Needmore was in town Monday.

L. B. Brazelton and family are entitled to a pass to the— RIALTO THEATRE — to see — "Fit For a King" Be sure to present this clipping at the box office at the Rialto Theatre. Compliment: Rialto & Herald

Everything Ship Shape At the City Plant

While strolling around the burg last week end we called at the city plant, and found Scot Eubanks in the best humor we have found him in some time, for he can clean up his floor now. All concrete floors have been put in the new addition to the plant, and have been painted. Well, it sure is some improvement.

While the foundation was being made for the big new engine and later when the engine arrived and was being installed, the new part of the plant had to go unswept and unscrubbed. And it was an eyesore to the boys. But what could be done about it? But now it is as clean as a parlor floor.

Scott also showed us some more conveniences for employees. About the most appreciative being the shower with hot and cold water. When an employee comes off the job, he walks under a shower, and removes all dirt, grease etc., and is ready for bed when he gets home.

They have also installed a water softener, which not only supplies their drinking water but is used in the bath and wash basin. Scott says that the big overhauled last fall before the being engineered was installed was rather nerve racking, when it looked like at times that they would be pulled down.

Now, with the addition of 550 horsepower, as Andy would say, they can "unlax."

Advertising Can Be Made Educational

E. G. Akers, local insurance man has had some blotters printed firstly of course to advertise his business, and secondly to educate people just what they can expect, should they kill or injure some one with their car. Many people don't know that one is liable for damages, and that their property stands good for such damages.

If you are in doubt about this matter, this advertising advises you to consult your attorney. If, however, as we understand it, you carry insurance to provide damage to your victims, your property is not called in question.

We have been informed that two local banks are preparing to put on an advertising campaign. Few people understand the banking business, or why this or that must be done. We have had a fair example of lack of knowledge about banking the past week. Let us suppose for instance had the old gentleman that was found dead near Sweetwater had just transferred most of his money from a Tennessee bank to one in this section?

In all probability he would have been alive today and with his relatives at Meadow.

Body of Missing Man Found Near S'twater

SWEETWATER, Feb. 6.—The body of J. H. Pendergrass, 68, missing since Nov. 21, was found today in a ravine about four miles south of here.

Pendergrass, who left Cookeville, Tenn., relatives said, with a large amount of money, was fully clothed and \$107 was found in a pocket.

An inquest verdict was not rendered, but officers said they believed death was due to natural causes.—Fort Worth Star-Telegram.

The above was a brother of W. T. Pendergrass of Meadow. He had left Tennessee with the intentions of visiting his brother at Meadow.

Martin Baze, Jr. Gets Garden City Band

Martin Baze, Jr., son of Supt and Mrs. M. L. H. Baze of the local schools, left Monday for Garden City where he will be instructor of the high school band, and will also teach one subject.

Supt. Baze stated that Garden City did not have a large enrollment, but is a wealthy district as there are several oil wells in the district. He stated that Martin took his amateur short wave set with him.

Mr. and Mrs. Milt Howard of Plains were over Monday.

Mr. and Mrs. Langford of the Challis community were in shopping Monday.

Mr. and Mrs. Ell Wilemon and children of Hopkins county have moved to our city. Mrs. Wilemon is a sister of Mrs. Andrew Green. They are moving on Mrs. Green's place, three miles southeast of town.

6 Figure in Car Wreck North of Brownfield

Two cars, one belonging to Wiley Johnson, the other to the N. F. Emerson family featured in a bad wreck two and one half miles north of the city early Wednesday night, on the Levellard Road. The Johnson car was going north, and the Emerson car south, and from what the Herald could gather, it was a head on collision, and no one seems to be able to figure out the cause. Both cars were badly wrecked.

Wiley Johnson was cut about the head, but Tom Howard seemed to have been the worst hurt in the Johnson car. He was badly bruised and cut about the face, and one wrist badly sprained. Paul Howard, son of Buck Howard, was not badly hurt.

The other car was occupied by Frank and Sidney Emerson, and Miss Nadene Allsup, the later of which was badly hurt, with a broken thigh, and her jaw probably fractured. While the two boys were cut and bruised, they were dismissed by physicians after their hurts were dressed.

Howard remained in the hospital over night, but will probably be discharged today. Miss Allsup will probably be in the hospital for quite some time.

Working For Lamesa-Brownfield Highway

County Judge R. A. Simms made the principal address at the Lions Club Wednesday concerning the designation and building of the highway connecting the cities of Lamesa and Brownfield. He stressed the urgent need of such a highway to connect the oil fields of this area, including Big Spring, with those of Yoakum, Hockley and Cochran counties by a more direct route.

Judge Carl Roundtree of Lamesa made an interesting talk. It seems that the Lamesa or Dawson county end of the proposed road is already up in fine shape, Terry must get ready to widen and otherwise comply with state highway laws. Two Boy Scouts, Earl Burnett and Odell Spear gave a sketch of the origin of Boy Scouts in America, and their origin.

Among the visitors from Lamesa were, W. L. Gates, Judge Roundtree, J. E. Brown, Judge Reed, Oscar Kelly, Vernon Adcock and W. L. Collins.

Mrs. Joe Patterson was a Lubbock visitor Monday.

Mrs. C. A. Winn was in this week and had the Herald sent to her brother, Omer Stice, who now lives at Richmond, California.

EVEN HARDENED PROP MEN GAPER AT MAGNIFICENSE OF 'ROSALIE' DRUM DANCE

Nelson Eddy and Eleanor Powell in "Rosalie" middle of a step and said, "It's wet and slippery."

SIXTEEN drums formed a starway from the ground. Each drum was about a foot higher than the next. Perched atop the highest drum was Eleanor Powell, about to do her most elaborate number for "Rosalie," the ultra-lavish new musical, Rialto Theatre, Sunday and Monday, with Nelson Eddy co-starred with Eleanor Powell forth e first time.

Director W. S. Van Dyke 11 arranged his thousand and more extras in line along a row of fountains in the background. Electricians flooded the night with their 250 arc lights, the music started, and Miss Powell commenced her number.

Down the drums she came, her feet tapping a fast tempo. The 24-manpower camera hood swung with her movements, descending to ground level, then moving back up as the dancer started the return journey to her perch. Suddenly, on the twelfth drum, she slipped and nearly tumbled. The dancing star stopped in the

Perry & Bryant to Feature Service Ads.

Perry & Bryant of the Texaco Service Station, are starting this week featuring Texaco Gasoline, including the famous Fire Chief brand as well as their fine line of oils and greases. In these ads, they will tell you about the service you can expect and get at their station, which is entirely free to you, but absolutely in line with their duty, such as seeing about your water, in the radiator and battery, air in your tires, that you have a clear vision through your windshield, as well as many other court-

ships. Watch for these ads as they appear. The first of the series will be their pledge to you. Read it. By the way, they have a nice stock of car heaters, and let us hint that winter is not over by a long sight yet. In fact the groundhog went back for six more weeks, and we'll have weather in March when your heater will sure be comfortable.

Mr. Perry informed us that these heaters would sure get the job done. They reach 150 degrees in six blocks, and have a max of 300 degrees.

Southwestern Dist. Boy Scout News

The Southwestern District Court of Honor is to be held at Brownfield High School auditorium Monday evening, February 14. Scout Troops from towns in Gaines, Terry, Yoakum and Southeast part of Hockley counties will participate. Mr. R. A. Simms of Brownfield, Court of Honor Chairman will be in charge. A special entertainment program is planned to entertain parents.

Approximately forty Scouts are expected to come up for advancement awards for Second Class and higher ranks. Tenderfoot awards are all made in Troop meetings.

Troop 49 of Brownfield has qualified for the Ten Year Program award for 1937. The award is to be made to Dr. R. B. Parish, Soctumaster, as soon as it is received from the National Office of the Boy Scouts of America.

Off to Pay "Uncle Bud" a Long Visit

Sheriff Ches Gore and Deputy Joe Price left Wednesday for the Huntsville penitentiary with two prisoners from Terry county, who will be guests of "Uncle Bud" for the next two years.

These were the men indicted by the recent grand jury and tried and given two years each in the pen for stealing horses from a Wellman section farmer.

Over Million Boy Scouts Celebrating

For the first time in 26 years, registered membership in the Boy Scouts of America passed the million hundred thousand mark. Dr. James E. West, Chief Scout Executive, announced in conjunction with Boy Scout Week being celebrated February 6-12 to commemorate the 28th birthday of the Boy Scouts of America.

The exact year ending figures just released, show 1,129,827 Boy Scouts, Cubs, Senior Scouts and their leaders registered and actively engaged in the program of character building, citizenship training, camping crafts and comradeship in 38,151 Troops, Packs, Ships, Neighborhood Patrols and Tribes throughout the United States of America and its possession.

The growth for the year 1937 over the preceding 12 month period was 5.6 per cent. The greatest percentage of growth in any single phase of this Movement was Cubbing, the program for boys 9, 10, and 11, which average 30.5 per cent growth.

"The past year has been one of the greatest in the history of the Scouting Movement," declared Dr. West. "It has been a year of great achievement and greater inspiration, gathering as we did, 27,232 Scouts and leaders from every State and many foreign countries into a great Jamboree camp upon the shores of the historic Potomac River in the heart of the Nation's Capitol. With this inspiration, we are certain that all America appreciates the fundamental values which Scouting offers boys, and that every man and woman will do all in his power to make Scouting available to more boys in every community."

Terry County Births During January

- GIRLS: Mr. and Mrs. C. L. Stewart, Jan. 1. Mr. and Mrs. R. E. Cornelius, Jan. 1. Mr. and Mrs. E. R. Lee, Jan. 1. Mr. and Mrs. H. S. Coor, Jan. 2. Mr. and Mrs. L. E. Atkins, Jan. 3. Mr. and Mrs. J. B. King, Jan. 17. Mr. and Mrs. Dick Henderson, Jan. 11. Mr. and Mrs. S. Beck, Dec. 26. Mr. and Mrs. T. E. Murray, Jan. 11. Mr. and Mrs. A. E. Carroll, Jan. 19. Mr. and Mrs. Willie Arnett, Jan. 30. Mr. and Mrs. E. H. Clements, Jan. 8. Mr. and Mrs. Jonah Taylor, Jan. 4. Mr. and Mrs. L. C. Culbert, Jan. 18. Mr. and Mrs. C. D. Rowe, Jan. 31. Mr. and Mrs. Luke Medford, Jan. 23. Mr. and Mrs. L. W. Dawson, Jan. 12. Mr. and Mrs. Elwood Tiernan, Jan. 31. Mr. and Mrs. M. L. Murray, Jan. 18. Mr. and Mrs. J. V. Haynes, Mr. and Mrs. C. P. Adams, Jan. 6.

The daughter of Mr. and Mrs. C. L. Stewart arrived about 9 hours ahead of Mr. and Mrs. R. E. Cornelius' daughter, so that gives them a year's subscription to the Herald.

BOYS: Mr. and Mrs. P. B. Mobb, Jan. 8. Mr. and Mrs. F. C. Willis, Jan. 10. Mr. and Mrs. R. N. Groves, Jan. 14. Mr. and Mrs. G. R. McBroom, Jan. 15. Mr. and Mrs. C. F. Faught, Jan. 18. Mr. and Mrs. C. A. Blankenship, Jan. 19. Mr. and Mrs. W. M. Smith, Jan. 23. Mr. and Mrs. J. M. Trussel, Jan. 4. Mr. and Mrs. J. D. Cate, Jan. 30. Mr. and Mrs. G. W. Corley, Jan. 22. Mr. and Mrs. J. B. Masengill, Jan. 15. Mr. and Mrs. F. E. Brynham, Jan. 15. Mr. and Mrs. I. C. Gresham, Jan. 12. Mr. and Mrs. A. L. Slaughter, Jan. 6. Mr. and Mrs. O. B. Day, Jan. 25. Mr. and Mrs. E. G. Jones, Jan. 23. Mr. and Mrs. Frank Williams, Jan. 22. Mr. and Mrs. J. C. Woody, Jan. 8. Mr. and Mrs. J. T. Beams, Jan. 2.

FORMER BROWNFIELD PASTOR PASSES AWAY

Rev. B. W. Dodson, well known in Brownfield and the South Plains and a former pastor at Post and Brownfield, died Saturday noon in Abilene. The minister had been ill for several weeks. He was about 70 years old, and for the past six years had been head of the Bible department at McMurry college. Burial was in Abilene, Sunday.

STAFF MEMBER OF SWEET-WATER PAPER, VISTOR

Mr. Lomar Nelson, member of the editorial and reportorial staff of the Sweetwater Daily Reporter, was a visitor here this week with his friend Bruce Zorn, assistant cashier of the Brownfield State bank.

These young men were both in Tech College, and carried journalistic courses. Mr. Nelson was editor of Torrador, Tech weekly publication for one year.

A forced smile is never effective.

First Monday Crowd The Best in Months

The largest first Monday Trades-day crowd in several months thronged the streets Monday, and especially in the afternoon, even though there was some sand moving pretty briskly. Merchants all report a good business.

The Herald is willing to help in any way it can to keep the day going here, and it is not altogether from a mercenary viewpoint that we believe that more business men should offer a few specials for that day, and here is our reason:

The Lubbock Sunday papers flood this town the day before our Trades-day, and dozens of Lubbock merchants spread it on thick and heavy with "Dollar Day Specials." And pal, you would be surprised at the number of people that leave Brownfield that day to go up there to trade.

We can say this much, however, and that is, the rural people here-about are less guilty of trading up there than people right here in the city.

This is just something to think about, and is not offered in the way of criticism.

Judge Reed Got Busy With "Dick Tracey"

About the most humorous article we have seen lately came from a mimeographed paper put out by the Plains high school. And, the reporters were not trying to be funny either.

It was the civic class getting their first impressions of district court, giving a small bit of how it impressed each. The amusing description of the legal lights, and what they said and did, especially one attorney referred to as "beautiful," perhaps by one of the senior girls.

Reading between the lines, the pupils admitted that they did not understand what the lawyers were driving at, and why the many objections, and seriously doubted that the lawyers themselves understood what it was all about.

Mention was made once or twice that Judge Reed was roused and said a few words. The episode ended by stating that Judge Reed finally relented and began to read Dick Tracey. By the way Judge Reed showed us the paper, and he got as much kick out of it as anyone.

Says Sears Needs Smooth Mouth Jennets

County Trustee J. O. Wheatly, of the Johnson community, who has been the brunt of several of C. Sears' jokes about the penitentiary and asylum while on a trip to Austin recently, came back with the advise that Cam had better advertise for a pair of smooth mouth Jennets to drive, instead of horses or mules.

As bad as the Herald hates to be a news "totter" between the "friendly" farmers, we think it nothing but right after all the tales Cam has put on J. O. He even told last year that after J. O. had his teeth pulled that his wife didn't know him, and made him sleep out at the barn with the cats until it got so cold that J. O. like to have frozen.

Anyway, who has a span of Jennets to sell?

Piggly Wiggly Puts in Rear of Store Deck

One at a time, said the Irishman who was attacked by hornets. And that is a pretty good plan for anything. Anyway, things had to be arranged as best they could in the rear 20x50 feet of Piggly Wiggly until they had time to do better. But after the front was put in A-1 condition, then the rear came in.

A lot of shelving was built back so that a lot of things could be picked up off the floor, and to still help matters a rear deck some 20x25 was put in, and a lot of the stock not in immediate need put up there.

Income Tax Man Here March 4-5th

The Herald has a communication from W. A. Thomas, Collector of Internal Revenue, Dallas, Texas, to the effect that Mr. L. B. Barkley, a deputy will be in Brownfield, and located at the Brownfield State Bank, March 4-5.

His hours will be from 8:30 a. m. to 4:00 p. m. Those who may desire assistance in making out their income tax may call on Mr. Barkley during these days and hours specified. It is our understanding that his services are free.

Jan. Showed Another Big Postoffice Increase

According to Jas. H. Dallas, local postmaster, the postoffice receipts for January 1938 showed a 30 per cent increase over the same month last year. The figures given were 1938, \$1960.67; for January 1937, \$1501.69, an increase of \$549.08.

There was practically a 100 per cent increase in P. O. money orders over January 1937, the figures being \$17,836.21, and 1937, \$8,938.26. Money orders written during the entire year 1937 totaled \$154,415.28, by months as follows:

Table with 2 columns: Month and Amount. January \$8,938.26, February 8,668.90, March 9,429.33, April 10,499.89, May 7,472.93, June 9,356.79, July 7,825.16, August 8,990.70, September 9,513.08, October 14,209.67, November 35,088.67, December 27,222.15.

Folks, that is a vast lot of money to leave this section, in fact entirely too much. Perhaps a lot of it went to folks back east, especially during the cotton harvest which shows such a rise in money orders during the three months of Oct.-Nov.-Dec.

However, we should not wonder that a lot of it did not go to feed the ever increasing millions of dollars business of the mail order house. You would also perhaps be surprised at the amount of money that went out here Saturday evenings by Western Union after the post office closed.

And, also, what if we knew just how many checks went through the banks during the year. But we must trade, says one, with other people, if we wish them to trade with us, all of which we grant.

Secretary Shelton Is Improving Fast

Secretary J. E. Shelton, of the Brownfield Chamber of Commerce, is now resting well in the local hospital, and if nothing unforeseen happens, he will be out in a few days. There was but a brief statement of the accident in last issue, as we were going to press when it became generally known that he and Mr. Clyde C. Coleman had figured in an accident.

They were in Mr. Coleman's car, and he was driving, and according to Mr. Shelton, Mr. Coleman had just remarked that those loose gravels were hard to hold a car on. The next thing he knew Mr. Coleman was pulling him out of the car. While Mr. Coleman had several bruises and abrasions, his worse hurt was on the nose, which bled very profusely. It was an hour perhaps before a highway truck picked Mr. Shelton up and carried him back to Marathon, 35 miles away, for first aid.

The two gentlemen were on their way to a CCC camp in the Big Bend Park at the attention of the Highway 51 meeting, and were perhaps 40 miles from their destination when the accident occurred, which was caused no doubt from a rear wheel blowout. Those who saw the car say it must have turned over two or three times, and was badly wrecked.

Mr. Shelton was brought back to Brownfield next day, and upon examination was advised to stay in the hospital for a week or ten days. He suffered a number of skin abrasions and bruises about the head, arms and body, and some torn ligaments in the back. X-ray showed no broken bones.

Mrs. Verner Sends in Badly Addled Egg

Mrs. J. T. Verner, old reader of the Meadow community, sent in just about the worst looking specimen of hen egg the past week we have ever seen. It was brought in by her daughter, Mrs. Bill Van Winkle, who lives here.

It was no soft-shelled variety, but was fully "clothed" so far as the usual outer garment of the egg goes, but looked a sight like a badly addled appendix that had been giving some person so much troubles that a surgeon took charge. Then too, it had the appearance of the old fashioned crooked handle gourds that we used to keep salt in for stock in the old states.

Mrs. Van Winkle stated that her mother said she could have boiled it for us if she thought we would have liked it better. Thanks, Mrs. Verner, we like ours regular. It was produced by an ordinary White Leghorn hen from the Verner famous flock.

Cliff Fitzgerald

Our honorable contemporary, the Scurry County Times tells us that with the exception of Lubbock, Lynn, Dawson and Lamb, (Plains Counties), Jones with 65,887 and Runnels with 60,893 stand next in line in west Texas. The Times is asked to go over the list again and bring in two more Plains counties, Crosby with 84,807, and Hockley with 75,240. Just

to keep the record straight.

Highway patrolmen have issued warnings that drivers caught without drivers license will be arrested and fined. Speeders are also to get their share this year. However, it appears that Texas with a speed limit law has more wrecks than any state in the union. Homer Winston preached us a good sermon on Texas' antiquated highway laws this week. It was a good one—we mean sermon—and we are thinking of giving Old Homer a chance to tell folks just what he thinks about Texas drivers laws through the columns of the Herald. Folks it would be rich if he can write half like he talks.

Strikers, especially of the "set down" variety can take some pride in the fact that they helped to put the country in a recession. At the time they were wearing out the seat of their pants doing nothing and letting no one else do anything, last spring and summer, the people were in a buying notion, but manufacturers could not make deliveries. In the meantime, the strikers shut off demand for raw material for plants, as well as food from the farms for themselves, as they were practically on relief themselves before the end of the strike. Some strikes are justifiable, but one called to please the pride of a bunch of dictators don't get the common workers or the masses of consumers anywhere.

James Harley Dallas, James Farley's boss here in Brownfield is not altogether pleased with what one Chas. A. Guy, ramrod of the Lubbock Rambulance-Shurnal had to report on him, when interviewed in the "Hub" recently, and calls on us to take the matter up with Charley's seconds. Personally, if it was us, we'd just play him and pass it up. Fact is, Chas. accused Jas. H. of being a native son, when as a matter of fact, Harley had the bad luck of being born in Landon's state, somewhere around Garden City, we believe. However, Jas. H. says he had very little to do with where he was born, not being consulted about the matter, but would much preferred to have been born in Brownfield, Terry County, Texas. We comforted Jas. H. with the suggestion, however, that Chas. A's story was just about as near accurate as he ever gets them.

Have you thought of Robert E. Lee as a man who thoroughly enjoyed a good joke? One cold evening he invited a group of young officers in to partake of a two-gallon jug of some "very fine stuff" sent by a friend. Ceremoniously Lee filled their cups—with buttermilk.—The

The home town printer seldom has to complain of candidates buying printing out of town. The peddler and the out-of-town printer do not vote in the home county. Candidates as a class observe all the rules of courtesy, and deserve courteous treatment from the voters.—McLean News.

Albert Cooper, president of the Panhandle Press Association, in his Shamrock Texan: Do you know what topic was discussed more than anything at the meeting of the directors of the Panhandle Press Association held at Amarillo Saturday? It was how a newspaper can better serve the community and we wish every retail man and civic leader in the Panhandle could have seen the enthusiasm those newspaper men felt for their home towns. Newspaper

**HERBINE**

When headache, dizziness, sour stomach, biliousness, nausea, lack of appetite, and listlessness or that tired feeling, are associated symptoms of temporary constipation, HERBINE will bring relief. It is strictly a vegetable medicine, free from harsh mineral salts. 60c a bottle.

men as a group contribute more thought and time in public service than any other class of business or professional people and yet so often the communities take that service for granted and accuse them of being selfish and mercenary.

A lady in Alabama who expects to move her family to Texas wrote a letter asking about the advantages here. Among the questions, she wanted to know if she could keep a family cow in town. It so happened that she has written a lady who had once owned a flower garden, but not any more. Here is what she wrote to the Alabama lady: "Dear Mrs. Vance, this is a liberal town and you may keep a family cow in town, in fact a whole herd of them if you like. You can also keep mules, horses, burros, dogs, cats and most anything else except a hog. Hogs were voted out when a ditch was prepared down a back alley through town to supply the odor through summer that the hogs had formerly supplied. For fear of offending our dumb animals, they are encouraged to run at large and visit the neighbor's flowers, gardens and shrubbery. The grazing on the streets and alleys is exceptionally good because the stock runs out both day and night all through the growing season."—Clarendon Leader.

**WE DON'T THINK MUCH OF TEACHER UNIONS**  
If the Texas State Teachers Association, which recent newspaper reports stated had just organized a new local unit composed of 175 teachers from Lubbock and Slaton, were an organization devoted wholly and unselfishly, to the advancement of education, and the advancement of the teaching profession, we could stand right up and cheer when so many Plains area teachers joined that organization.  
But we doubt very, very much that the organization is devoted wholly to those purposes—partially, possibly, but the aims and motives behind and heading that organization are at least in part—selfish.  
"In union there is strength," and in this case that strength lies and tends in the direction of Austin, where each session of the state Legislature is vividly made aware of the fact that there is a school teachers Union, and it is a Union not only capable of asking much, but now almost demanding.  
We're going to bluntly say that despite the fact that in late years we have enormously increased school expenditures, we are not getting full value received for all the extra dollars we are spending.  
In our opinion such a thing as a Union of school teachers should not be permitted, because through it a few unscrupulous men and women can dictate our entire school system, and not always dictate it and to it rightly.  
California had a vivid example of just that very thing a very few years ago, and if our memory doesn't serve us incorrectly, that Union of teachers and their demands upon the law makers of that state had the entire state in a political furor for several months. They were not satisfied with wanting to dictate educational policies, but throwed their strong lobby into many other issues.  
As this Union of school teachers in Texas grows in membership, so will agitation, lobby and pressure for more school taxes grow, because dollars are the first thing any Union must have to successfully wage its battles.  
And until we are firmly convinced that the Union is dedicated solely to the interest of better Education we're going to be again"—County Wide News.

**WE AGREE**

In spite of his occasional brainstorms our good friend Andrew Jackson Stricklin of the Terry County Herald is pretty level-headed as a rule. A few weeks ago that old newspaper war-horse, Bill Kellis of the Sterling City News-Record, took the hair and hide off of a bunch of University sissies who had signed a pledge not to fight for Uncle Sam under any circumstances nor under any provocation except when attacked on our own soil. That editorial really should have been clipped and published in every newspaper in Texas. It hit the spot. Andrew Jackson Stricklin did not publish it but commented on it favorably last week. We quote him as follows:

"Uncle Bill Kellis of the Sterling City News-Record seems to be having a lone battle with University of Texas students following their recent vote that they would not bear arms for the United States unless in case of invasion. 'Uncle Bill don't mince words, but tells them they are yellow and points to Ethiopia and China as being recent examples of "waiting for the other nation to invade." Like Uncle Sam, we have our aversion to Uncle Sam ever stepping out to stop a fight across seas, but we want our nation ready to meet any armed force from a hostile nation long before they reach our shores, and begin destroying our cities. Another thing that points toward something being seriously off-brand at the U. of T. from the majority of Texas folks; was their recent vote in favor of the anti-lynching bill in congress. Is our state university that we have spent millions building and endowing being influenced by communistic teaching?"

The University of Texas is a great institution—one of the greatest state universities in the entire country. Most of the pupils, we take it, are red-blooded Americans. But just as the seeds of communism have been sown in every other great educational institution in the land, and just as they have been sown among the common people here at home, they have also been sown among the University students. There may be a few professors there who propagate and cultivate communistic ideas. There are professors elsewhere who do the same thing. Some of them, we opine, have held high positions at Washington. Many good people in college and out of college have "fallen" for the propaganda that the communists have been stealthily putting out all over this country. Many of our people are near-communists without knowing it. Certain labor organizations are seething with communistic ideas. And these same organizations have been pampered and petted and encouraged and truckled to and fawned upon by the powers-that-be in Washington until they think they just about own this government. There are near-communists walking your streets every day, Jack; is it

any wonder that some of them find their way into the University of Texas?—Tahoka News.

With two huge plants in Lynn and Terry counties being erected to produce sodium sulphate, a chemical used in the manufacturing of kraft paper, we are coming nearer to an industrial era. It has been found that Russian thistle or tumble weed is suitable for the manufacture of tough brown paper so some day we may be able to cash in on this pest.—the tumble weed.—Big Spring News.

**WE DON'T THINK MUCH OF TEACHER UNIONS**

If the Texas State Teachers Association, which recent newspaper reports stated had just organized a new local unit composed of 175 teachers from Lubbock and Slaton, were an organization devoted wholly and unselfishly, to the advancement of education, and the advancement of the teaching profession, we could stand right up and cheer when so many Plains area teachers joined that organization.  
But we doubt very, very much that the organization is devoted wholly to those purposes—partially, possibly, but the aims and motives behind and heading that organization are at least in part—selfish.  
"In union there is strength," and in this case that strength lies and tends in the direction of Austin, where each session of the state Legislature is vividly made aware of the fact that there is a school teachers Union, and it is a Union not only capable of asking much, but now almost demanding.  
We're going to bluntly say that despite the fact that in late years we have enormously increased school expenditures, we are not getting full value received for all the extra dollars we are spending.

In our opinion such a thing as a Union of school teachers should not be permitted, because through it a few unscrupulous men and women can dictate our entire school system, and not always dictate it and to it rightly.  
California had a vivid example of just that very thing a very few years ago, and if our memory doesn't serve us incorrectly, that Union of teachers and their demands upon the law makers of that state had the entire state in a political furor for several months. They were not satisfied with wanting to dictate educational policies, but throwed their strong lobby into many other issues.  
As this Union of school teachers in Texas grows in membership, so will agitation, lobby and pressure for more school taxes grow, because dollars are the first thing any Union must have to successfully wage its battles.  
And until we are firmly convinced that the Union is dedicated solely to the interest of better Education we're going to be again"—County Wide News.

**Beware Coughs from common colds That Hang On**  
No matter how many medicines you have tried for your cough, chest cold, or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel the germ-laden phlegm.  
Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained from the very first bottle. Creomulsion is one word—not two, and it has no hypen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

**LEGAL NOTICE**

**NATIONAL TIRE STORES, INC.**  
Vs.  
W. J. RENFRO

No. 43888

By virtue of a writ of execution issued on the 18th day of December, A. D., 1937, out of the Justice Court, Precinct No. 1, Tarrant County, Texas, wherein the National Tire Stores, Inc., is plaintiff and W. J. Renfro is defendant, I did on the 7th day of February, A. D., 1938, levy upon the following described land as the property of the afore-named defendant situated in Terry County, Texas:

Lot No. 9, Block No. 8, original town of Meadow, Texas.

And I will on the 1st day of March A. D., 1938, the same being the first Tuesday in March, A. D., 1938, between the hours of 10 A. M. and 4 P. M., offer the said land for sale at public venue for cash at or in front of the Court House door of Terry County, Brownfield, Texas.

C. D. GORE, Sheriff of Terry County, Texas.

By S. C. WHITE, Deputy. 29c

**IN THE UNITED STATES DISTRICT COURT IN AND FOR THE WESTERN DISTRICT OF TEXAS, WACO DIVISION**

NO. 236—IN EQUITY  
J. M. HUBERT  
Vs.  
TEMPLE TRUST COMPANY

NOTICE IS HEREBY GIVEN that the undersigned has filed his application with the Clerk of the United States District Court in and for the Western District Court of Texas, Waco Division, for an order authorizing him to sell and convey to J. M. Trussell 213 1-3 acres of land lying and being situate in Terry County, Texas, and being the middle one third of Section Twenty-five (25), Block D-11, and being more particularly described by metes and bounds as follows, to-wit:

BEGINNING at a point in the West line of said Section 25, that is 633 1-3 varas South of the Northwest corner of said Section; for the NW Corner of this tract; THENCE East parallel with the North and South boundary lines of said Section 25, a distance of 1900 varas to a point in the East line of said Section for the Northeast corner of this tract; THENCE South along the East boundary line of said Section 25 a distance of 633 1-3 varas to a point for the Southeast corner of this tract; THENCE West parallel with the North and South boundary lines of said Section 25, a distance of 1900 varas to a point in the West line of said Section 25 for the Southwest corner of this tract; THENCE North 633 1-3 varas, along the West line of said Section, to the place of beginning;

and for a consideration of \$1700.00, and of which amount \$400.00 will be paid in cash, and the balance, \$1300.00, to be evidenced by one note in said sum, to be executed by said purchaser, payable to the order of the undersigned at his office in the city of Temple, Bell County, Texas, and the principal of said note to become due and payable in 13 annual installments as follows:

Installment No. 1 due on or before 2-1-39	\$100.00

heavy demands for consideration, but we are most vitally concerned about that \$30 check we just had to write—while our bank balance is only \$27.58.

The moguls of Big Business and Government, who are now apparently suffering from senile dementia, should become actively conscious of the fact that neither Big Business or Government can long survive unless Little Business and Agriculture are quickly recognized as both sould and sinew of our national economic existence, and prompt steps are taken for their permanent security.

President Roosevelt asks for unprecedented peace time defense appropriations — while approximately 12-million are jobless. Does there exist the real danger of invasion by murderous foreign powers. Spain and China are now but samples of the dead and living dead, but can that happen to us? Is reliance on an inferior navy worse than having no navy?

for the policies of the majority of the Railroad Commission—which he has consistently supported — Terrell's friends report him little worried over his opposition.

**SCUDDAY**

Our school is getting along nicely, with mid-term exams last week, teachers and pupils are ready to get down to work and prepare for spring work.

Mr. Ilet Williams and family from down at Mason visited Mr. and Mrs. Dallas Waters, Saturday night. They all then motored over to Seagraves, Sunday morning. Mrs. Williams is a sister of Mr. Waters.

Mr. and Mrs. Howard and children of Brownfield spent Sunday with Buster Allmon and family.

Bro. B. L. Bandy has finished moving to our community. He says they are getting 500 little chicks next week. He and wife are getting along in years, but are always active in doing all the good they can, wherever they go, working as well as preaching. Typical pioneers like these good people have made the west what it is today. Bro. Bandy still preaches three Lord's Days a month. Each Lord's Day you can find them at some place to worship with the brothers and sisters in Christ.

Mrs. Julia Briscoe and Mr. Joe Young of Brownfield were married last Tuesday. They visited her parents, Mr. and Mrs. Will Brock, last week. Mrs. Briscoe's three year-old son, Frank Henry, has been very sick for several days.

**PLAINS**

Mr. and Mrs. F. M. Cox Sr., and son John Sam were in Lubbock, Friday, buying furniture for their new apartments.

Albert O'Neal of Seminole is here visiting his brother, J. V. O'Neal and family.

Mr. and Mrs. Joe Ellison and boys were Seagraves visitors, Wednesday night.

Mr. and Mrs. Chumbley, and Mr. and Mrs. Wess Chumbley and children of Caprock, N. M., visited their daughter and sister, Mrs. Chalk Dumas, Sunday.

Mr. Ellison and Bill Ellison of Aarpermont, spent Friday night with Joe B. Ellison and family.

Mrs. Kit Morris and Mrs. J. H. Morris were shopping in Brownfield, Saturday.

A large attendance enjoyed "The Arizona Cowboy" presented by the Junior-Senior classes of Plains high school, Friday night.

Woodrow Webber has returned home from a visit with his brother in Arizona.

Mr. and Mrs. J. L. Cleveland and Marie visited in Plainview last week end.

A birthday dinner was given in honor of Mr. and Mrs. J. H. Lynn in the home of their daughter, Mrs. Leslie McLaren, Friday. Those present were, Mr. and Mrs. Olan Cox and children; Mrs. Sallie Forrest and children; and Melt Mason.

The Home Demonstration Club gave a birthday party Tuesday afternoon in the home of Mrs. C. E. Compton, honoring Mrs. J. V. O'Neal, Mrs. J. H. Morris and Mrs. Compton. Angel food cake, hot chocolate and fruit salad was served.

**DRENNON FAMILY IS MOVING TO O'DONNELL**

Elder R. P. Drennon and family are moving to O'Donnell, where Elder Drennon will serve the Church of Christ full time.

Elder Drennon and family have resided in Tahoka five years, and many friends here in all of the churches as well as other citizens deeply regret their removal from our city. The preacher and family will be a distinct asset to O'Donnell.—Tahoka News.

Elder Drennon was minister of the local Church of Christ for some three years before moving to Tahoka.

Lambs produced and sold out of season are known to the trade as hot-house lambs and usually bring high prices.

**NOBODY'S BUSINESS**

By Julian Capers, Jr.

AUSTIN—Ending the parade of witnesses who for two weeks have told interesting, but conflicting stories of the operation of the State Land Office, under the administration of Bill McDonald, the Senate investigation this week was indefinitely recessed, subject to the call of Chairman Tom Holbrook. It is expected the probe will be resumed later.

The investigation apparently has developed nothing to justify a special session of the Legislature, since the evidence of maladministration by McDonald obviously was not sufficiently strong to sustain an impeachment move. It did reveal, however, a need for legislative revision of the statutes governing the leasing of State School lands, the filing of vacancy claims, and the administration of the office. This legislation, which probably will be delayed until the next regular session, will doubtless seek to limit the discretion and authority of the Land Commissioner, it probably will define more closely the manner of leasing, and will undoubtedly vest in a board—probably including experienced oil men—many of the powers now administered by the Commissioner.

Effect upon McDonald's political fortunes, however, probably will be felt in the July primary. The effect of the testimony undoubtedly will

# How to Judge a washer

**Maytag**

- The best test of a washer is its performance in your own home, with your own clothes. Your best guarantee of satisfaction is the reputation of the washer itself. Maytag's fifteen years of World Leadership, the enthusiastic endorsement of three million owners, assure satisfaction.
- The Maytag will do a large family washing in one hour—will wash everything clean without hand-rubbing or boiling. It costs less to own a Maytag—because Maytag gives you washings at lower cost for more years, and—clothes last longer and look better washed the Maytag way.
- Investigate the one-piece, cast-aluminum tub, Gyrafoam washing action, sediment trap, Roller Water Remover and other exclusive Maytag advantages. Maytag washers are available with Twin-Cylinder gasoline Multi-Motor.

**ASK FOR A MAYTAG DEMONSTRATION—IF IT DOESN'T SELL ITSELF, DON'T KEEP IT**

**IRON THE MODERN WAY**

The new Maytag Ironer saves half your time and all the hard work. With modern features Six models. Varying prices. Free trial ironing.

**MODELS AS LOW AS \$5.00 PER MONTH**

# Mahon's District Leads In Cotton Production

Side lights on Cotton Production in the 19th Congressional District of Texas By George Mahon.

The 1937 West Texas cotton crop has received a lot of publicity. I have noted the claims of various West Texas counties. In fact, I have been making some bold claims myself among my colleagues in Congress who represent cotton areas. Some of them charged me with being overly enthusiastic in some of my claims in behalf of my Congressional District.

With the aid of the Department of Agriculture experts in Washington, I have been trying to figure out some of the things which could be done with 1,133,531 bales of cotton. If it should be manufactured into bed sheeting 81 inches in width, it would reach around the earth 16 times. It would be adequate to supply every woman in the 19th District with 100 dresses, every man with 100 shirts, and every household with 100 bed sheets, and enough would be left over to supply every woman in America outside the West Texas area with 13 cotton frocks.

If the 1937 crop of the 19th District should be converted into money at the rate of 10c per pound, it would supply each of the 254,000 residents of the District with \$233.13, a grand total of \$56,676,550.00. If this sum were divided equally among the 30,193 farms of the District, each farm would be entitled to \$1,877.14.

This further fact is interesting: The average consumption of cotton for all purposes in the United States is 25 pounds per person per year. On this basis, the 1937 crop in the 19th District would be adequate to supply the people of the District for 88 years.

Give one-eyed ears plenty of room.

one of 12 of the 15 States, other than Texas, listed by the Bureau of the Census as cotton producing States. The crop of 1,133,531 bales exceeded that of such States as Louisiana, Tennessee, South Carolina, and North Carolina.

West Texas has achieved a dominant place in cotton production in a relatively short time. It is interesting to compare the 1,133,531 bales of the 1937 crop to the 60,000 bales produced by these 25 counties in 1907, and the 460,406 bales produced by them in 1927.

With the aid of the Department of Agriculture experts in Washington, I have been trying to figure out some of the things which could be done with 1,133,531 bales of cotton. If it should be manufactured into bed sheeting 81 inches in width, it would reach around the earth 16 times. ## GOMEZ

Several from this community attended the Terry County Sing Song at Wellman, Sunday afternoon. We hope the Wellman Singing class will be a success, and that the Gomez people will get together and organize a Singing class in the near future.

Mrs. J. J. Smith was called to Tahoka last week to attend the bedside of a sister, who is ill.

Mr. and Mrs. L. H. King and children were Sunday afternoon guests in the A. A. Harkins Jr., home.

Mr. Edward Walker made a business trip to Fort Worth the first part of this week.

Mr. and Mrs. Herbert Norman of Mineral Wells were the week end guests of Mr. Thos. S. Doss Jr., and children.

We welcome into our midst Mr. and Mrs. T. H. Perkins and family of Tahoka.

Mr. and Mrs. J. E. Evans and children visited relatives at Seagraves during the week end.

Mr. and Mrs. R. H. Decker and family and Miss Erie Mae Martin were Sunday afternoon guests in D. A. Key's home.

Mr. and Mrs. Luther Kinley and son visited relatives at O'Donnell during the week end.

Mr. and Mrs. V. V. Brown and family were Sunday afternoon guests in the J. R. Baggett home.

Mr. and Mrs. J. B. Huckabee Jr. visited relatives at Abilene during the week end.

Mr. and Mrs. W. B. Paschal and family visited friends in the Johnson community.

Miss Annie and Mr. Edwin Zubzee visited relatives at Odessa during the week end.

Remember next Sunday is preaching day at the local Baptist church. Be in Sunday School somewhere

next Sunday. Church of Christ at 10 a. m. or at the Baptist church at 10 a. m.

Mr. and Mrs. J. E. Lee and daughter, Lillian, Mr. and Mrs. Elmer Lee and little daughter, visited friends in the Lahey community, Sunday afternoon.

Messrs. Alison and Walter Black and families were the guests in Geo. Black's home Sunday evening.

We are glad to report Walter Green is recovering nicely from pneumonia.

Mrs. J. J. and Lawrence Whitely visited in Tom Hawk's home at Wellman Sunday evening.

Mrs. Alvis Patton (nee Iva Lee McLeroy) of the Johnson community was the recipient of a surprise bridal shower given at the home of Mrs. Tres Key, on Wednesday afternoon of last week, interesting games featured the evening after which delightful refreshments were served to twelve ladies and thirty more sent gifts.

Messrs. B. O. and R. O. Black and families were guests in W. H. Black's home Sunday.

A special invitation to all Ex-Students to be present at the local school auditorium next Friday night, Feb. 11, for a tacky party. Be sure and come looking funny or you want be noticed.

Messrs. B. O. and R. O. Black and families were guests in W. H. Black's home Sunday.

Mr. Boone, 67, was among the first settlers of Terry county, building the home now generally known as the Bridges place just north of the compress. After selling this place after the railroad came, Mr. Boone built near the junction of highway 84 and the cemetery road, where the family lived until they moved to Arizona. He had lived in Tucson ten years.

U. OF T. HAS RECEIVED 25 MILLION FOR OIL

AUSTIN, Texas, Feb. 7.—In connection with the leasing of its land for oil and gas production, The University of Texas maintains a regular oil company set-up, with principal offices at Midland, Texas. The employees consists of scouts, petroleum engineers, geologists, surveyors and statisticians. It keeps in constant touch with drilling and leasing operations through West Texas upon University as well as privately-owned lands.

The institution receives its revenues in the form of lease bonuses, annual rentals and royalties on production. From these sources it has received \$25,512,455 since the first well was completed on its land in the Big Lake field, in April, 1923, nearly fifteen years ago, to January 1 of this year. All of this money has gone into the University's permanent fund, and has been invested in approved securities.

**The "Forgotten Man" of 1938**

AUSTIN, Texas, Feb. 7.—The "forgotten man" of 1938 is the man past 40 who finds himself unemployed, S. B. Parsons, Chairman of the Veterans Employment Committee of The American Legion, Department of Texas, said today in announcing plans for a state-wide campaign to take the man past 40 out of the ranks of the unemployed.

"The man past 40 and who is unemployed," Parsons said, "presents a serious economic problem which must be tackled and solved. The man who has reached his 40th birthday is still in the prime of life. There are years and years of gainful labor ahead of him. In many instances he is the head of a family, owns his own home and is a real asset to the community in which he lives. To discriminate against this man is not fair."

Parsons has enlisted the aid of every American Legion Post in Texas in his campaign to find jobs for

the unemployed veteran past 40. Committees from these Posts are registering all unemployed veterans and every business house and industrial firm is being canvassed for jobs.

In many instances these committees have encountered opposition to employment of men past 40. Many manufacturing plants have a maximum age for employment and that age, according to Parsons is either 35 or 40. In such cases, the committees attempt to sell the employer on the worth and ability of the man past 40.

The drive in behalf of the "forgotten man of 1938" was touched off last November when President Roosevelt called upon the American Legion to help him find jobs for the man past 40. And as the average age of the World War Veteran is now 45, the American Legion lost no time in responding to the President's plea for help.

Within a few days Daniel Doherty of Boston, National Commander of the American Legion will visit several Texas cities and discuss the problem of the unemployed past 40. Citizens of Texas can help this campaign by co-operating with the American Legion in finding jobs for the man past 40.

"If you know of a job, call the

American Legion Commander in your own community and tell him about it," Parsons said, in explaining that the average World War Veteran does not want sympathy or charity but an opportunity to make his own living at honest labor.

**DID YOU KNOW?**

—That sealing wax does not contain a bit of wax, but is made of shellac, Venice turpentine and cinnamon.

—That if you are driving a car going 40 miles an hour your total stopping distance is 117 feet, but at 60 miles an hour, this increases to 242 feet.

—That the Japanese have a tough time learning their own language. (Because it contains more than 50,000 Chinese words.)

—That the White House has had an average of 25,000 visitors a week so far this year.

—That cellophane is now used for certain surgical dressings to observe how the wound is healing.

**CARD OF THANKS**

We take this means to thank our neighbors and friends for all their kindness and help shown us while in the hospital. Thanks to everyone that came our way. To Judge Simms and family for the nice bouquet; to B. L. Thompson and family for all their kindness; and the doctors and nurses who so kindly administered to the needs; the good cook who prepared the food.

—Mr. and Mrs. B. M. Wade

**JUST AN OLD MAN**

The misery of a child is of interest to its mother. The misery of a young man is of interest to a young woman. But the misery of an old man is of interest to no one.—Victor Hugo.

Mrs. Bob McDonald left for her home at Nocona this week. She has been here the past ten days visiting relatives. Her husband came for her.

**SPOILED SQUIRRELS**

Discussing the habits of various animals in preparing for winter's cold Dr. W. Reied Blair of the Bronx Zoological Park commented on the well-known thrif of squirrels, which are unsurpassed for their foresight in storing nuts and other food.

In recent years, however, he has observed that the squirrels in the park have become improvident, and take little interest in putting up supplies for winter. He attributes this to the fact that the animals have learned that they will be fed, whether they store provisions or not. In other words they have been spoiled.

A good many people have shown a similar tendency since they have come to look to the government for support, instead of depending on their own efforts.

This does not apply to those who are willing to work and make an honest effort to take care of themselves; neither does it apply to those unfortunates who are unable to work.

But the fact remains that too many who could help themselves have become lazy and shiftless, like the spoiled squirrels.

**BASKETBALL TOURNAMENT AT UNION THIS WEEK**

Class B and C basketball which includes all rural schools in Terry county are in a tournament at Union this week, beginning Wednesday night, for the county championship. Those who like some real fast basketball games can do so by driving out there tonight and tomorrow night for the semi-finals and finals. Just a nice after supper drive.

**GOOD INTENTIONS**

"Do you prefer an English saddle or a Western?" the young lady tenderfoot was asked.

"What's the difference?" she queried.

"The Western saddle has a horn," she was told.

"I don't think I'll need the horn," replied the lady. "I don't intend to ride in heavy traffic."

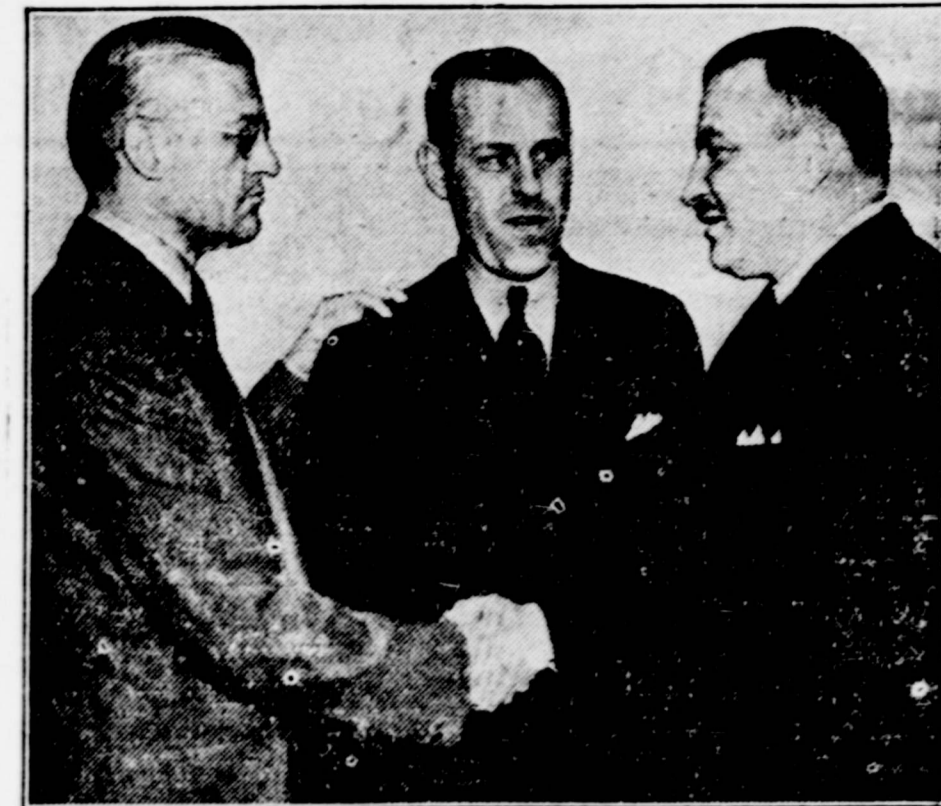

Some people are like that. They feel they don't need accident insurance because they never expect to ride in heavy traffic.

The most needed invention today is an automobile brake that gets tight with the driver.

Mr. and Mrs. Joe Patterson visited in Sudan, Sunday, the guests of Mrs. Patterson's parents.

Mrs. Lilberm Goodrich visited in the C. D. Moore home Wednesday afternoon.

**Baseball Heads View New Film**

WILLIAM HARRIDGE (left), president of the American League, congratulates William S. McLean (right), director of advertising for the Fisher Body division of General Motors, and Lew Fonseca, director of promotion for the league and the author and director of the film, following a preview in Detroit of the new official league motion picture, "Batter Up". The sound film has been produced and will be distributed free of charge by the body-building division of the automotive concern.

**Brownfield's Football Title Has Been Revoked**

District 5-B interscholastic league football committeemen meeting here yesterday voted to rescind the 1932 district football championship which had been awarded to Brownfield High School, and divide the "trophy" between Levelland and Littlefield High schools.

This drastic action was taken following protest and ruling against a Brownfield athlete, Lloyd Grider, a guard on the football team and a member of the basketball team. Grider was ruled ineligible on grounds he had exceeded the 19-year age limit. A previous protest, filed near the close of the football season, resulted in "clearing" of Grider, the district executive committee voting him eligible.

**Played in Bi-District**

Brownfield went on to represent the district in bi-district competition, playing Roscoe.

Grider's eligibility came up during the recent basketball campaign, a non-interscholastic league program including the members of District 5-B, and the committee found the player ineligible, ordered Brownfield to forfeit the games in which Grider had played. As a result, Littlefield and Ralls were thrown into a tie for first place in the northern half

of the district. A play-off gave Ralls the sub-title. The Jackrabbits are now in the midst of a district play-off with Lamesa, winner of the southern half. Ralls won the first game Friday night.

As a result of yesterday's meeting Brownfield was ordered to forfeit its championship trophy. The committee, however, voted to declare no other champion, but to consider Littlefield and Levelland as co-holders of high honors during the 1932 football race.

Superintendent Baze of Brownfield conceded the ineligibility of the athlete, and, in view of the evidence presented, declared Brownfield was willing to have its championship revoked.

All schools in the district were represented yesterday with the exception of Lamesa, which has been accepted in Conference A and no longer retains a voice in Class B, although Lamesa school men had been invited to attend the meeting.—Lubbock Avalanche.

**BIRD SKINS RECEIVED**

LUBBOCK, Texas, Feb. 7.—Sixteen bird skins, duplicates of Smithsonian exhibits, have just been presented to West Texas Museum, located on Texas Technological College campus, by the United States National Museum, Washington, D. C. The collection was sent by Dr. Herbert Friedman, curator of birds at the Smithsonian Institution, to aid in original investigation in ornithology. Sent at request of Congressman George Mahon, the exhibits include some annual migratory visitors to the South Plains.

**AT LEAST SEVEN MINISTERS FROM AREA TO ATTEND PASTOR'S EVENT**

At least seven Methodist ministers from the Lubbock district of the Methodist church will attend the annual pastor's school in Dallas this week, sponsored by Southern Methodist university. Opening program was Monday afternoon.

Dr. O. P. Clark, presiding elder, will head the delegation. Others who have told him they planned to attend are: Rev. J. W. Watson, Morton; Rev. R. T. Breedlove, Brownfield; Rev. Ben Hardy, Tahoka; Rev. M. R. Pine, O'Donnell; Rev. T. C. Willet, Lamesa and Rev. A. O. Hood, Idalou.

Some plan to leave tonight by train; others will drive through, leaving early Monday.

**BURIED WITH CONFEDERATE FLAG**

Dr. C. C. Shell, age 94, pioneer physician and ex-Confederate soldier, of Stamford, was buried with a Confederate flag wrapped around his casket. He was the sole survivor of the Joe Sayers Confederate camp, founded at Stamford in 1907.

Dr. Shell, was known as Texas' oldest Odd Fellow. He joined the Odd Fellows at 21.

**REPUBLIC OF TEXAS \$100 BILL**

Rev. J. N. Hester, pastor of the Methodist Church, of Southland, (Garza county) is reported to be the owner of a \$100 bill issued by the Republic of Texas in 1848. It bears the signature of Mibabeau Lamar, President.

**WHY NEGROES DO NOT COMMIT SUICIDE**

"Jeff, why is it you never hear of a darky committing suicide?" "Well Mister, I reckon it's dis yere way: A white man gits hisself into a passel of trouble an' he sets down an' thinks an' thinks about it till his troubles seems so big he shoots hisself. A nigger man gits in trouble and' he sets down an' he thinks an' he thinks an' after a while he goes to sleep."—Irvin Cobb.

Mesdames Martin Line, Velma Squires and Miss Florene Williamson were Lubbock visitors Saturday.

HOW DO YOU PREFER TO DIE?

126,000 Americans killed in World War, 1917-1918! 100,000 Americans killed by Syphilis in 1936 alone!

Automobile accidents take a tremendous toll of American lives each year. In 1936, 38,500 people were killed, 110,000 permanently disabled in automobile accidents...

Yet, in 1936, in the United States, the most highly civilized nation in the world, more than 100,000 people were killed and more than half a million injured by an insidious social disease that takes an annual toll more than two and one-half times greater than our next greatest killer...

Syphilis, the disease with the horrible name, has claimed more American lives each year than did the world war; yet because of blind ignorance and prejudice, characteristics of the dark ages, it has been allowed to spread unchecked throughout the nation of supposedly civilized people until ONE IN EVERY TEN adults in the United States of America has fallen victim to the infection.

And SYPHILLIS CAN BE CURED! Early treatment by a competent physician can halt the disease and effect a complete cure 90 per cent of the time. The percentage of cures decrease materially as the extent of infection increases, and early treatment is a highly important factor.

However, because Syphilis can be acquired innocently, because it is so insidious in its early stages, and more important than all, because of the veil of mystery and superstition which have surrounded it, members of the medical profession have fought a losing battle in their attempt at control.

ACREAGE CONTROL

Acreege Control lacks much of being the same thing to all affected persons. As planting time approaches those different interpretations are appearing in expression form.

Acreege control has had no moral or financial effect on the world market for cotton. The amount of cotton produced by Brazil at the cost of Brazilian labor and with Brazil's acreege productivity constitutes the force in the world markets most destructive to American exports.

Acreege control in America means a reduction of cotton acreege and increasing the quality of the staple, the remainder of the farm to be devoted to the living needs of the farmer, his help and his livestock.

EXPENSIVE BRANDS

Thirty-nine lashes per illegal brand—that was another law of the Republic. Section 27 provides that every person who marked or branded unmarked horse, mare or colt, etc., should pay a fine not exceeding \$50, or should receive any number of lashes on the bare back, not exceeding 39.

READ THE ADS IN THE HERALD

What About The Football Championship?

"Why, they can't put you in jail for that," emphatically stated the lawyer.

"Maybe de can't," replied the colored man, "but here I is in jail." That is the way most of us feel about the revoking of the district football championship.

To certify to the State Office an eligible district championship not later than Saturday after Thanksgiving. In case of dispute certification to the State Office shall be in the form of a written notice naming the eligible school and must be signed by a majority of the members of the Executive Committee.

There 115 pages in the bulletin giving the constitution and rules, and "nary a word" about the executive committee's having authority to revoke a championship once declared.

The public generally does not understand what all the whole business is about. It is not usually the writer's habit to take time to explain matters in which he might appear to be trying to protect himself or the school.

1.—The University Interscholastic League has nothing whatever to do with the public school system of Texas. It has no legal status and is not a part of the Department of Education.

schools that the public as well as the schools and school people seem to have lost sight of the fact that the League is superfluous. It is supposed to supplement the school program.

2.—One of the greatest difficulties in the school system today is to determine eligibility of participants in League events. Boys and girls many times will willfully change their birthdate or give misleading data in order to beat the rules.

3.—The Brownfield football team was certified by signed statement as winners of this district. This certification was signed by a majority of the Committee as the rules provide.

4.—Just how in one case a committee can "clear" a boy or a school and two months later unmercifully penalize that boy or school on the same charge is slightly out of line to say the least.

Early Chicks Mean An Extra Profit.

COLLEGE STATION — Poultry flocks over the state will be increased by some 40 million baby chicks during the next few months, according to Geo. P. McCarthy, poultryman of Texas A. and M. College Extension Service.

Purchasers of baby chicks are usually in a higher priced bracket than those hatched after March 15, he said, but the difference in price is more than made up by other benefits. Early chicks grow off faster and cockerels from this group find a better market as fryers.

Pullets from early hatched stock come into production earlier and lay more during the late summer, fall, and winter when eggs are relatively high, he pointed out.

Many Texans feel that they can purchase chicks of higher quality if they order from distant states. It is far better to buy chicks from hatcheries whose products are known than to depend on the reputation of out of state operators, according to McCarthy.

"It is perhaps an old thought that the farthest pastures are the greenest, but in reality we find these at our very door," McCarthy pointed out. "I say this because Texas breeders and hatchery men are producing and selling chicks that are of as high quality as can be found anywhere."

The importance of preparing for the chicks was stressed. The brooder house should be cleaned and disinfected and the brooder stove set up and adjusted before the chicks arrive, he warned.

FUTURE FOR CEDARS

Woman's beauty in a few years may be somewhat dependent on the cedar trees of Texas. Cosmetics, soaps, medicines, paints, varnishes, waxes, etc., are among the products that can be made from cedar oil, according to recent discoveries.

We are sorry to report that Mr. A. W. Fore has bronchial pneumonia but his relatives and many friends wish for him a speedy recovery.

Mr. and Mrs. John Garner and others attended the county sing-sing at Wellman last Sunday afternoon. Miss Barbara Garrett and Mr. Desmond Murry were callers in the home of Mr. and Mrs. Joe A. Davis, last Sunday night.

The attendance at Sunday School was fine last Sunday.

Harry Firestone, pioneer tire manufacturer, died at his home in Florida, Monday.

The ashes of a California man, in an urn, arrived in Lynn county for burial at Draw, last week. He was a former Lynn countian, and was said to be the first cremated body to be entered in that county.

7.—Brownfield has no apology to make whatever. The school has made diligent effort to make athletics serve the proper purpose and has tried to stay within reasonable and legal margins.

—M. L. H. Baze

WELL-PROTECTED COMMUNICATION

Public Enemy No. 3 or 4 back in the days of the Texas Republic seems to have been a wire-puller, if the penalty for tearing down telegraph wires is any indication. Hard labor in the penitentiary from two to ten years, or a fine of less than \$2,000 faced any villain contemplating this step.

**Aged Ala. Man Has Complicated Machine**

Mr. W. C. Clark, who is for the present residing in Brownfield, has on display at the Cicero Smith yards a very complicated model of a machine, which he claims will revolutionize power, and reduce the cost to 50 per cent of what it is today.

But it is too much for us to try to describe, so if you wish to see it, you will find it in the rear of the above lumber yard. As we understand it, it is to work either with water or balls.

Mr. Clark is a native of Alabama.

Mrs. T. W. Bruton has as her guests her nephew and niece, Charles and Margaret Kerr, of Detroit, Texas. They came in Friday.

**Mrs. Shelton Hurts Her Arm in a Fall.**

Mrs. J. E. Shelton of the Wines Hotel had quite a painful accident last Thursday night while coming down stairs she slipped on the third step from the bottom, which caused her to fall on the concrete floor and broke tendons on the left arm loose at the elbow, necessitating her to have it put in a cast.

This made two accidents in the Shelton family in one week, Mr. Shelton being hurt Tuesday in an automobile accident down near Marathon, receiving a back injury. Mr. Shelton is in the local hospital, and while quite sore, he seems to be doing fine.

**RAIL TRAVEL IS SAFEST**

During the first six months of 1937 not a single passenger of the 246,977,594 carried on railroads of the United States of America lost his life in a train accident. This applies to actual passengers traveling by rail.

On the other hand, deaths at railway grade crossings numbered more than in any similar period in the last three years, emphasizing the need of motorists to "STOP, LOOK AND LISTEN" when approaching crossings.—The Texas Booster.

**ROMANCE AND SOAP**

DENTON, Jan. 26.—Exotic, moonlit nights seem more in harmony with the Yucca, creamy desert flower of West Texas, than such a drab, everyday article as soap, but experiments have proved that soap can be made from the root of the plant. Even more unromantic but practical from the ranchman's standpoint is the fact that the leaves are good emergency cattle feed.

**CATCHES TULARENSA**

Valree Thomas, 1825 Leonard Street, Dallas, contracted tularensa, a rabbit disease, while skinning wild rabbits. Health authorities advise the use of gloves by any one skinning a rabbit.

Progressive Farmer.  
Keep on your side of the road. You are entitled to your half, but not the middle.

**WHY IMPORT GRAPHITE?**

The Harlingen Star wants to know why the United States imports millions of dollars worth of graphite when there are graphite deposits in Llano, Burnet and Mason counties.

Mrs. M. S. Dees of Wichita Falls, Texas, and Mr. and Mrs. C. O. Paschall of Breckenridge, are here visiting their sister, Mrs. Chas. Leonard, also Mrs. J. L. Tinsley of Crosbyton, mother of Mrs. Leonard.

This is the day for all citizens to write or 'phone their law enforcement officers their appreciation for safety vigilance.

Henry French of the Lou community, was in town Monday and called in to get a copy of the Historical Edition of the Herald. We sell several copies each week to people who want to send them to some old timer, who usually writes back how much they enjoyed reading it.

Mrs. O. M. Minnix and two granddaughters, Dixie Lee and Dorothy Jene Burson were in Monday. Mrs. Minnix stated that O. M. had been somewhat ailing lately, and still not able to be about much.

Chock Hamilton and sister Mrs. Weldon Ridgeway were called to Jacksboro last week to be at the bedside of their sister, Mrs. Terrell Isbell, (who was quite ill).

Mrs. Joe Bailey and daughters of Lubbock were visiting here Saturday.
