

Washington, D. C.

BY DR. JAMES E. POPE
EDITOR'S NOTE—Dr. Pope's opinions are his own, and his articles do not necessarily always reflect the editorial policies of this paper.

FERTILE EGGS FOR FASCIST HATCHERY

With campaigns just around the corner, has developed in Congress—as it must in all election years—a loudly loquacious movement for national economy, but the 1938 recurrence of his biennial ailment has not progressed beyond political garrulity. When it comes to voting money for millions who are unemployed, some Senators and Congressmen come down with white-hot verbosity and grow livid and garrulous in their lamentations on the imminent and dire consequences of mounting deficits—but just let a huge Arm and Navy appropriations bill come along and these same waiters at the wall of unbalanced budgets become eager, apparently, to lay out more money than is needed.

There are others who hold that invasions by any hostile nation should, and most certainly would, be resisted to the last drop of American blood, but that we are not facing immediate invasion. They point out the world crater of melodramatic misrule is not a thing poignantly present and, therefore, not nearly so vitally real to us as the instant and acute needs of our own jobless citizens; that there is with us now a state of economic disintegration of such magnitude and growing intensity that millions of honest people may not earn the bread they must eat—if indeed all are even privileged to eat regularly; that poverty and unemployment have passed beyond mere imminence and have now acquired the status of actual concrete and burning realities of the moment—and you cannot extemporize in nor arbitrate hunger.

Unemployment and relief are problems for both head and heart. We recently marked the anniversary of Lincoln's birth. President Lincoln fought to save the Union from disruption, but there were seven years later we are fighting to feed the Union Lincoln saved, and for rescuing it from economic slavery. Our burden continues to be taxes, and our job the saving of the idle from desperation. For the minds of jobless men grown desperate are hatches and nesting grounds for strategic and pervasive propaganda, and provide fertile yolks for Fascist hatcheries of embryonic anarchy.

WASHINGTON TO ROOSEVELT ALL "UNPREDICATABLE"
Gen. Hugh S. Johnson says President Roosevelt is "unpredictable." The General should have added that no pilot can navigate a predictable course on a cyclonic sea, nor can an explorer make a straight or predictable path across an uncharted wilderness of crags and quagmires. In traveling a strange meandering road a driver must take the curves and grades as they come—or land in the ditch. F. D. R. does not know what lies ahead, neither does Gen. Johnson. Strategy for treating chaotic headaches, and for meeting and handling unexpected emergencies cannot be blueprinted. Of course Mr. Roosevelt is unpredictable. Likewise, all Presidents from George Washington down were unpredictable—and lucky we are that they were.

TREND IS UPWARD—AND OUTWARD
Nobody can be found who heard Mr. Roosevelt say that a period of watchful waiting until perhaps mid-summer will ensue, but prophets of radio and the columns declare that we may expect no "sensational" moves from 1600 Pennsylvania Avenue until present measures for beating the repression have been given a fair tryout. Large-scale priming of the economic pump is hopefully expected to aid us in lifting ourselves by our own boot straps to the position of keeping our heads above the swirling and turbid waste waters of business deflation—until the tide recedes.

For the reversing downward trends the Administration is, in earnestness, pinning its hopes to such constructive measures as the new Federal Housing Act, the new farm or crop control law, and wholesale

B'field Soon to Enjoy Central Battery System

A switchboard crew is here now installing the central battery system in the telephone building, and the work will be pushed until completed, according to Mrs. Marie Williams, with whom we talked Tuesday afternoon. A Herald representative was given a preview of how the new switchboards will look.

As stated a few weeks ago, the building is being remodeled to meet present needs, and this remodeling has not been completed, but has progressed far enough to allow installation of the central battery arrangement, which is being lined up on the east side of the front offices.

Three boards are being installed, each, we were told, with a capacity of some 200 telephones, thus accommodating three operators at once and serving 600 telephones if necessary. They are very beautiful models, and the latest workmanship of the switchboard art. We are sure the hello girls, as well as officials of the company and Brownfield citizens will be pleased when the new equipment is installed.

Oil Prosperity Is Predicted By Knight

NEW YORK, Feb. 21.—One of the largest operators in the K-M-A oil field, Col. W. T. Knight of Wichita Falls, predicts that the Texas oil industry will enjoy its greatest prosperity since 1928 within the next 30 days.

One of the greatest reasons for his prediction, he said here last night, "is the proration under government supervision, combined with seasonal demand."

Can Care For Needs
Texas can take care of the nation's entire oil needs, Col. Knight asserted.

Another Good Snow Fell Sunday Night

Following several days of wet misty weather, a good snow fell last Thursday night, which if none had melted as it fell would have been in the neighborhood of three inches perhaps. This was followed by some of the coldest weather of the winter.

Low hanging clouds, with a somewhat rising temperature giving warning that another snow was eminent. Some time during the night, another two inch snow fell, and greeted the people on arising Monday morning.

With these rains and snows—and they were wet snows—that melted right where it fell, it is believed that Terry has a fair season to start breaking, and many are getting ready to do so, while some already have their land up.

Some of the visitors to the oil fields Sunday informed us that apparently Yoakum county farmers had more land up according to acreage in cultivation, than Terry county farmers.

New York Production To Be Staged Here

"The Cat and the Canary" is to be put on at the high school auditorium, March 14th and 15th. Mr. Chas. J. Long, who made the scenery and directed the play in New York, has said that the scenery here, which he is having constructed, will be equally as good in every detail as that used in the New York production.

This is a mystery play which concerns the death of an eccentric old millionaire. After the reading of his will, at the old home on the banks of the Hudson, things begin to happen in a hurry, and the audience is thrilled throughout the play, as murder is committed and dead bodies dragged through the scene pannels.

To handle the play, a careful selection has been made to obtain the best local talent possible, best suited to the part they are to play, among them being Mrs. Money Price, the two Jack Holts, Gertrude Long, Willa B. Sloan, Chas. J. Long, Elsie Tarpley, David Perry, and The Blank played by...

Supt. M. L. H. Baze of the local schools is giving every encouragement to the play. And last but not least, a local painter, David Mitchell is painting the entire sets and making the props under the direction of Chas. J. Long.

If you know the story of this play, please tell your friends, but don't tell them how it ends.

Jim Shelton Proves A Real Aid to Father

Ballots are in the mail which pertain to the election of 13 members for Chamber of Commerce directors. Six will be new members and seven will be holdovers. Once a year these members are chosen by ballots and March 1, begin their duties as directors.

Mr. Shelton has been fortunate in keeping up his duties as Official of the Chamber of Commerce through the capable help of his son, Jim, who has handled the office business and been an invaluable aid to his father the past three weeks.

The Hancocks Buy The Ozark Cafe

Mr. and Mrs. B. C. Hancock have purchased the Ozark Cafe, and will endeavor to make it one of the most popular eating places in the city by giving their customers the best of service. They have erected a neon sign, which will help to direct the hungry to their place.

Mr. Ernie Greenfield, recent owner has not stated just what his intentions are for the future, but as he owns his home here, he will likely continue his residence here.

Capt. Churchill Goes To Harlingen, Texas

A letter from Capt. John G. Churchill, of the Salvation Army post at Lubbock, last week, informed us that he was being transferred to Harlingen, Texas, to take up the work there. The work at Lubbock and this entire section has made wonderful progress, as he was well liked personally.

His successor will be Thomas B. Gregory, who comes from Galveston, who has had wide experience, not only in that city, but also Little Rock and Baton Rouge.

Mr. Sam Davison and grandson of Meadow, were down Saturday and called to renew their Herald.

Voice of \$10,000,000 Ready to Speak

NEW YORK, Feb. 21.—The authoritative voice of \$10,000,000 is ready to speak out and tell Americans the facts of economic life.

The voice is that of the Alfred P. Sloan foundation, brought to life last December by the chairman of General Motors corporation and already warming to its task.

"In the hope," said the sponsor, Alfred P. Sloan, Jr., "of promoting a broader as well as a better understanding of the economic principles and national policies which have characterized American enterprise down through the years."

At first bewildered and then vastly amused at the public interest in his work, younger brother Harold S. Sloan, director of the foundation, explained objectives outlined policies.

"Our main function," he said, "is to diffuse economic facts, from the cradle to the grave."

"In a democracy, the citizens are called upon to make important decisions. More and more those decisions have to do with economic life. To the extent that they are informed, their decisions are likely to be wise."

"We feel that basic economic facts, which seem abstract and abstruse, should be made so simple and so practical that they can be understood."

He cited the recent 11-day excursion of a group of New York high school students through the rural south, a trip financed by the foundation.

"Those kids—all city kids—were taken to the country and brought face to face with fundamental facts," he said. "They helped work a farm, and saw where their foods come from."

MULLINS FOR MAYOR

I wish to submit my name as candidate for Mayor of Brownfield. I have been a resident of Brownfield since 1925. I am a charter member of the volunteer fire department and worked in the city light plant several years. I have an interest in the City Welfare. I am a poor boy and I need this favor.

I wish to state I am running on my own merits and not the demerits of the other two candidates. I feel I am capable of holding this office and if you elect me I will do my best to be worthy of it.

On account of entering the race so late I may not get to make a house to house canvass, but I will appreciate your vote.

W. B. (Moon) MULLINS

Mother-in-law Day in Amarillo to Draw First Lady

Who are the oldest and youngest mother-in-law in the Southwest? Does she live in or near Brownfield?

Both will have places of honor in the parade, which will be a feature of the national celebration, Mar. 9, in Amarillo. Mrs. Franklin D. Roosevelt, No. 1 mother-in-law of the United States, will attend the observance.

"Of course, the oldest mother-in-law must be vigorous enough to ride on a float," said Miss Louise Evans of The Amarillo Globe-News, who is conducting the research.

Features of the parade will be the longest float in the world, on which 750 mothers-in-law will ride, a delegation of 50 Indian mothers-in-law from the Navajo reservation, and more than 50 bands. Governors from 3 states will lead the parade which Mrs. Roosevelt will review.

Miss Evans has asked the Terry County Herald to aid in the search so if you know either the oldest or youngest mother-in-law or both, please write to her.

Local Man Secretary Of District Bankers

J. Edid McLaughlin, president of the State Bank of Ralls, was elected chairman of the 7th district of State Bankers Association at a recent meeting of that body in Fort Worth. J. O. Gillham, executive vice-president of the Brownfield State Bank, was elected secretary at the same meeting.

Mr. McLaughlin succeeds R. E. Baskin, president of the Farmers National Bank of Seymour, and Mr. Gillham succeeds W. V. Shadle, vice-president of the Merchants State Bank of Weatherford.

Fort Worth was again chosen for the meeting place February 22, 1938.

Head-On Collision Saturday Night

Abad wreck occurred Saturday night in front of the Ame Flache home on the Lubbock highway, about 8 p. m., when two cars ran together in a head-on collision. A Mr. Horn of Plains, County Agent of Yoakum county, and a Mr. Clusen, employee of the Guinn Drilling Co., were the two drivers and both were very painfully injured. Mr. Clusen was accompanied by his wife and little daughter. His wife was thrown through the windshield, had an arm broken, knee-cap broken and lacerations about the head. The little girl was uninjured except for a few bruises. Mr. Horn sustained similar injuries, a broken knee-cap and severe lacerations about the head. All parties were taken to the local hospital. Both cars were badly damaged.

Local Druggist Suffers From Asphyxiation

Jim Graves, proprietor of the Corner Drug Store came in minutes probably seconds of losing his life from asphyxiation at his residence Sunday night. He left the gas on in his bedroom, and neglected to raise a window. He was at home alone, as his wife was visiting relatives in Oklahoma.

During the night he was awakened more dead than alive, but made it to another room where there was a telephone, and managed to ring central, and dropped. His mouth was close enough to the phone for her to understand the word "gas." She called Herman Heath and a physician at once. We understand they reported that Jim could not have survived another minute in his bedroom.

He was carried to the home of his mother, where he is resting well at present and on the road to recovery. A warning: No matter how cold it gets, turn off the gas, or at least have a window up at the bottom and down at the top. A fire and a person or two will soon use up all the oxygen in a room.

Three persons at Lubbock and two at Electra died during the recent cold spell by being asphyxiated. Sleeping in a room with a fire may be necessary in the family, when some one is up to guard against such accidents.

Chisholm Bros. Put On Stock Reduction Sale

We call your attention this week to the page ad of Chisholm Bros. which they have designated their Big Stock Reduction Sale. Go over these prices carefully, and anticipate your needs in the grocery and drug line.

Besides being a page ad, they have distributed a large supply of circulars in this city. This firm has a huge stock to select your many wants from, and you'll likely find just what you want at a greatly reduced price.

Banks and Postoffice Closed on 22nd.

The two local banks as well as James Harley Dallas' post office closed on Washington's birthday. Otherwise, business moved along as usual in the burg. However, there was a bit of snow and ice to remind one of Valley Forge.

We imagine, however, that some of the school rooms had programs to teach pupils about the man who was first in war, first in peace, and first in the hearts of his countrymen.

Oil Well Supply Houses Looking For Location

Representatives from two prominent oil well supply houses have been in town this week and according to Mr. J. E. Shelton, are looking over locations to serve as temporary headquarters for oil well material and supply houses.

They were of the opinion that development is leading in the direction of permanent locations here.

L. N. Claywater of Tyler, Texas, has returned to Brownfield and taken up temporary headquarters at the Wines Hotel while looking after extensive land interests in Yoakum county.

Graham Smith has returned from Rochester, Minn., where he went through the Mayo Clinic.

G. D. Wade came in this week and renewed for his Herald. He lives on route 5.

Sears and Williams Discuss Their Wounds

C. Sears and Matt Williams "fit the battle again" Saturday afternoon for the benefit of the writer and a young man. To hear them tell of their wounds and hurts reminded one of two ladies discussing their operations. Cam again threatened every inch of the way from the RR tracks to where he made a nose dive on the north side of the square.

Then Matt started in and gave his battle with his roping pony and a wild cow from jump go. They got their voices pitched so high we expected a hospital attendant to drop in and tell them to ease up, and a nurse did stick her head in at the door to tell them she didn't believe a word either were saying.

Another Arrested On Mail Theft Charge

Rufus McNurlin, 44, was arrested Monday near Eastland by a posse of federal, county and city officers there, making the eighth arrest in connection with the theft of a mail pouch containing currency and coin of the United States. He was arrested at his home near Ranger.

The other seven who have been charged and arrested in connection with the case are: Mr. and Mrs. Sidney Miller of Dallas, Roy Cathey, Jack Cathey, Oscar Petty, all of O'Donnell, J. T. (Buddy) Morris of Kerrville, and Carl Williams of Brownwood.

The mail pouch had been consigned to the First National Bank of O'Donnell by the Federal Reserve Bank at Dallas.—Tahoka News.

Another Quinn Enters The Governor's Race

Out of the little town of Van may come a new political Messiah for Texas in the person of W. H. Quinn, Jr., publisher of the Van Banner, who has just announced his candidacy for governor—with qualifications.

Chief qualification to his announcement, first published in his own paper, is the fact that his age won't permit him to run for another five years. "But," he wrote friends, "inasmuch as Mayor Quinn (of San Antonio) does not choose to run, I see no reason why so much publicity should go to waste. Capitalizing on his name, I have drawn up a platform that should carry the state solid."

There is one great handicap he must overcome, Bill Quinn believes: "I was not born on a farm." He was an exceptional pupil in school, however, ranking 24th in a class of 26. He thought that his practical experience in trucking salt, sketting soda, and publishing a country weekly should qualify him for the Governor's chair.

"What do I favor? Almost everything. And off comes the lid—" First, Candidate Quinn says he favors a pension for everybody from \$200 for the young people down to \$10 a month for needy old people. The young get the most on his unique theory that "if you give young people \$200 a month to spend, they'll never reach old age." And that would settle the old age pension problem.

Going share-the-wealth advocates one better, Quinn proposes that all the wealth be redistributed each and every month. Then everybody will be busy all the time trying to spend the money before the next redistribution rolls around, and business always will be good.

He proposes that retirement for school teachers shall be effective at the age of 30, which plank he thinks should find favor, he would abolish poll taxes; he would abolish elections—after he is elected.

On the farm question, Quinn proposes to go a step further than the plowing-under program. He would require every farmer to move to the town for one full year. That would create a shortage of agricultural products.

The state would meanwhile pay the farmer for what he didn't produce and the great influx of a monied class of farmers would bring prosperity to the towns.—The State Observer.

Young ladies who have become Brides and changed their name since they registered for Social Security, are advised to get in touch with the department and give their new name so there will be no confusion later.

G. A. Shumaker of Hobbs, N. M., was a visitor in this city Tuesday night.

Oil Development Creating Much Excitement

Oil development in this area, is creating much excitement just at the present, most of the interest seeming to center on Yoakum and Hockley counties. It is now believed that there will be a real field reaching from north Gaines county, through Yoakum and to southeast Cochran, southwest Hockley and possibly northwest Terry counties.

A new well, considered a far off-set was brought in as a producer in Yoakum county, away from proven territory, and another was brought in as a producer in the Sundown section of southwest Hockley county. It is believed by many that the Texas Company will try for a producer in the Lahey section some time soon, as they have a block of 40 sections, all of most of which they paid \$5.00 an acre lease.

With the much talked of pipe line extended from southern Yoakum to Hockley and Cochran counties, development will be much faster. This puts Brownfield in a mighty nice position to grow and develop with the field, as it is practically in a half circle of producing wells. It seems to us that an office building here would be a pretty good investment just now. Size to depend on what oil men consider future outlook.

And, we might add, most oil men consider this territory a sure oil field and some go so far as to say it will be a big one.

Meadow School Host to District Tournament

The 1938 girl's district basketball meet will be held at the Meadow high school gym on Friday and Saturday, February 25 and 26. This tournament will decide the leading girl's feminine sextets in the 14 counties comprising district four.

The sponsoring of such a big enterprise is a task of much responsibility and the Meadow school and community feels proud in being selected as the host but they also feel their incompetence to handle such a large undertaking without the support of all Terry county, hence we cordially invite all Terry county to come and help us put the tourney over in grand style.

The county pairings will be as follows:

Lamb vs. Terry, Lynn vs. Hale Dawson vs. Dickens, Lubbock vs. Crosby, Cochran vs. Bailey, Garza vs. Floyd, Hockley drew a bye.

Trophies will be given for first, second and consolation places and each team entered will be prorated a percent of the gate receipts to be used in defraying their expenses.

Interscholastic League rules as applies to boys will be used.

According to dope, Meadow girls are ruled the pre-tournament favorites by virtue of their record in winning the first half of the South Plains League and being undefeated thus far in the second round. However, they lack a great deal having the tournament in the bag as they have been beaten by Ropes and Frenship during the season and they only beat Southland one point. Then too, there are a great number of counties who have not been played by the Meadow teams this year.

Dave Jeter Agent For Neon Signs

Dave Jeter, local sign painter, was in recently and informed us that local people did not have to send out of town for a Neon sign agent to sell them one, or get out of town people to erect them.

Mr. Jeter has been doing sign work here for many years, and his work has always stood up and always pleases. If you are contemplating the erection of a sign, either painted or Neon, see him and get his prices.

\$2.50 Will Buy Great Bargains

Unheard of bargains are offered this week by The Herald for those who wish magazines and newspapers.

\$2.50 per year for SEVEN leading periodicals!

This is the biggest and best offer that The Herald has ever been able to offer its readers. See the advertisement in this issue of The Herald, and take advantage of this big bargain feast.

T. A. Proctor and family are entitled to a pass to the—**RIALTO THEATRE**—to see—"Of Human Hearts" Be sure to present this clipping at the box office at the Rialto Theatre. Compliment: Rialto & Herald

G. C. Aschenbeck
R. E. Shugart

CITY CANDIDATES

The following are announced subject to the city election in April:

FOR MAYOR
L. C. Wines
Clyde C. Coleman
W. B. (Moon) Mullins

FOR CITY MARSHAL
Roy Moreman
Earl Wilson
Gene Brown
A. T. (Arch) Fowler
Cliff Fitzgerald

A California Judge has hit upon a good remedy for wife beaters. They are to go in the ring with a prize fighter and see just how it feels to be socked in the jaw, the eye and the mouth.

We are not surprised at the report

that Al Capone is considered a bit "nutty." If we had caused as many men to be bumped off, even if they were bootleggers, as he is reported to have, we would be at least so conscious stricken as to be unbalanced mentally.

Is this a nation of the people, by the people and for the people, or is it a nation of the supreme court, by the supreme court, and for the supreme court? A suggestion to Clyde Warwick: Why not have Eee Eye Hill and Deskin Wells debate this question at the convention in April?

The sinking of the battleship Maine in Havana harbor 40 years ago February 15th, was the direct cause of the war between the United States and Spain. War was declared in April, and Spain sued for peace in July. Thus it was one of the shortest wars between two modern powers on record.

Mr. and Mrs. Chas. O. Dial of Odesa have moved to Brownfield and he has taken charge of the Brownfield News as publisher. We understand that the new owners recently purchased the paper from Robert Wade. The three Wade boys, Robert, Farley, and Herbert, who have published the paper for the past three months, have returned to Jayton, we understand.

Us oldsters like to "remember way back when" we had a severe cold spell in 1895, another in February 1899. We like to tell the youngsters how the big timber froze and fell, limb by limb, and perhaps even the horns on the billy goats and the spurs on the Langshan rosters dropped off. But some of the youngsters can remember to remind us that in February 1933, we didn't exactly need an air conditioned building.

So, we have Bro. Sam Malone back as editor and publisher of the Seminole Sentinel after a lapse of 24 years. Sam and the writer used to just about run things in this neck of the woods, but Sam sold out to Harry Stone and vamoosed off down to Abilene to make a preacher out of himself, which he did, and edited the West Texas Baptist there for some time. Anyway, while we hate to loose Harry from the fraternity, we hasten to welcome Sam back on the job.

The Texas Arbor day is past, but it is not too late to put out trees, and won't be for two months yet. But if you do take the time and go to the expense of putting them out be sure that you put in a little time carrying them through the first year, anyway and they'll almost take care of themselves from then on. Or at least they will have attained such growth that you will be proud enough of them to keep them going. By the way, we note that an experimental shelterbelt will be started in Terry and a few other south Plains counties by the government. Texas, and especially this section is entirely too bare of trees. Trees keep down erosion both water and wind, and keep a place from looking so lonesome.

The Record tells us that around Wichita Falls on the Farm Security Administration projects, thieves are stealing doors, windows, screens knobs and other stuff off the houses the government owns. No doubt of it. Anyone with an idea above a road lizard ought to know they can't irrigate with gyp water that carries a high percent of alkali. This is but another disgusting exhibition of waste. The same amount of money judiciously expended in establishing irrigated farms on the West Texas plains would have been a great success.—Clarendon Leader.

With thousands of people on relief and children in rags, there are 21 million dogs in the United States living in the best homes, riding in the best cars, and tormenting neighbors everywhere for no profit to anyone.

REAL RELIEF FOR SORE MUSCLES
For fifty years Ballard's Snow Liment has been the favorite for easing the muscles made sore by overwork or too much exertion, strains, sprains, and bruises. Get a 30c or 60c bottle and keep it handy.

but if you don't like a man's dog he doesn't like you. One dog to every six people eat enough to supply all the hungry people in this country, yet if anything happens to the family pet, someone is always ready to quote Senator Vest's eulogy on the dog. Sentiment is a wonderful thing, and no one would want to see any one devoid of that attribute, but it can sometimes be sadly misplaced in the scheme of life.—McLean News.

The cost of operating the State Government in Texas has increased 670 per cent during the past 20 years, with an increase in taxable property of 53 per cent and population 38 per cent. This kind of thing cannot go on many more years; there must be some way devised to eliminate the waste in governmental affairs. When it is recalled that about the same thing obtains in the Federal government, and in counties, municipalities and school districts, it is time to do some serious thinking. We demand so many things of government today that we fail to consider the fact that all these things cost money and must be met from the pockets of the tax-payers.—McLean News.

The Haskell Free Press is now the sole publication in its field, the Haskell Leader transferring its activities to O'Donnell. The new development is one upon which the community is to be congratulated. Not that The Leader was not a creditable publication. Quite the contrary, and in a field that would justify two papers it would have done fine. But two papers trying to occupy room enough for only one was a sort of slow suicide for both. The community will be quite as well served by one paper, and at less expense. Another consideration is that Publisher Sam A. Roberts is entitled to a greater support than probably could have been given him indefinitely with two papers in the field. Mr. Roberts has made a hand in community affairs, and will be able to serve in this capacity more acceptably when his own business affairs are in the right sort of shape.—Baylor Co. Banner.

From what we have seen of Haskell and O'Donnell, we would much prefer the former as a two-paper town. Haskell is a county seat town and much larger than O'Donnell. This is not saying that O'Donnell isn't a good town. It is a fine little city and is already being served by a paper that is well representative of the town, the O'Donnell Index.

WILL YOUR MARRIAGE LEAD TO HAPPINESS OR DIVORCE? Ask Dr. La Rose Ps. D. Master Psychologist.

To obtain your heart's desire, see the World's greatest Psychologist, Reader and Healer—gives advice on business and personal affairs. Tells what business or profession best adapted for; teaches mental science, personal magnetism, how to control, fascinate and get the desire of your heart; how to make a person at a distance think of you. Tells you when and whom you will marry and how to win the man or woman you love even though miles away. Settles lovers quarrels, reunites the separated. Has brought about more marriages, reunited more separated, than any other Psychologist in America. STUDIO: 1917 BROADWAY Lubbock, Texas. HARMONY
Who forecast a drouth? Well, you sure missed the mark so far. We have never had a finer season in the ground at this time of year. Bro. Ernest Phillips preached for us, filled his regular appointment last Sunday. Good crowds attended the services despite the cold weather. Sunday afternoon the Methodist Quarterly Conference convened here. Rev. Breedlove, pastor of Brownfield, preached the opening sermon. After which, Rev. Clark, the Presiding Elder of Lubbock district, was in

charge. There were representatives from most all charges of the county. Mr. and Mrs. C. A. Wilhite had as their guests last Sunday, Mr. and Mrs. H. F. Maner and family of Lubbock. Mrs. Maner is Mrs. Wilhite's sister. Miss Velma McManis spent the week end with home folks at Lakeview. Mr. and Mrs. Joe A. Davis visited in the home of Mr. and Mrs. John Garner last Sunday. Mr. and Mrs. Claude Garrett had as their dinner guest Bro. Phillips, last Sunday. Don't forget P.-T. A. Friday night, February 25. Observance of "Founders Day" will be one feature of the program. Come you will enjoy the program. Mr. W. B. Whitefield, Ralph Murray and the little daughter of Mr. and Mrs. Buford Hobbs, are on the sick list this week. Mr. and Mrs. J. L. Newsome of Brownfield visited Mr. and Mrs. Lee Floyd and family. They attended Sunday School. We are always glad to have visitors.

T. B. Wood was in this week to visit his sister-in-law, Mrs. Roy Montgomery, who recently underwent a major surgery, and called on the Herald.

ORDINANCE NO. 1161
AN ORDINANCE PROHIBITING ELECTRICAL INTERFERENCE WITH RADIO RECEPTION AND PROVIDING FOR PUNISHMENT FOR VIOLATIONS THEREOF. BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BROWNFIELD.

Section 1. That after the passage of this ordinance it shall be unlawful for any person, firm, association or incorporation knowingly or wantonly to operate or cause to be operated, within the City Limits of the City of Brownfield, any machine, device, apparatus, or instrument of any kind between the hours of 5 o'clock a. m. and 12 o'clock p. m., the operation of which will cause reasonably preventable electrical interference with Radio reception; Provided, however, that X-ray pictures, examinations, or treatments may be made at any time if the machines or apparatuses used therefor are properly equipped to avoid all unnecessary or reasonably preventable interference with Radio reception and not negligently operated. Section 2. That this ordinance shall not be held or construed to embrace or cover the regulation of any transmitting, broadcasting or receiving instrument apparatus or

Section 3. Every person, firm, association or incorporation violating any of the provisions of this ordinance shall be subject to a fine of not less than \$1.00 nor more than \$100.00 and each day which a violation continues shall constitute a separate offense.

The above ordinance being read, it was moved by Marion Craig, seconded by Homer Nelson that the same do pass; the question being called for by Marion Craig, Homer Nelson, Tom Cobb, Cecil Smith, voted "Yea" and none voted "No". And said ordinance was declared passed and adopted, and the same to become effective from and after the publication thereof.

L. C. Wines, Mayor of the City of Brownfield. Roy M. Herod, City Secretary.

TOMORROW'S FARMER

Present-day farm youth has opportunities that were unknown to its forefathers. The remarkable development of the 4-H clubs has made it possible for tens of thousands of young men and women to learn scientific agriculture, and to earn generous rewards for work well done.

In addition, the leading cooperative marketing groups take an unremitting interest in the affairs of tomorrow's farmers. From these groups, farm youth learns not only the great advantages of loyal cooperation between producers, but is instructed in a wide range of topics that are of direct and indirect importance to successful farming.

The full "crop" sown by this fine work will be harvested in the years to come.

Dim your lights when approaching car, not only for safety but for courtesy.

Yellow asphalt for pedestrian crossings has been tried in England to make these walks conspicuous.

ANSWERED THE CALL

Mrs. Addie Davison was born December 10th, 1859 and departed from this earthly life February 11, 1938. Before her marriage to Sam Davison in July 1880 she was Miss Addie Allen. To this union was born two daughters, Mrs. Blanche Grisby of Kermit, Texas, and Mrs. Belle Horton of Meadow.

Mrs. Davison became a christian when a young woman and joined the Methodist church, and her beautiful christian life has been a blessing to all who knew her. We have enjoyed going into the Davison home, for there was an air of love and devotion between this couple and a feeling of their love for our Heavenly Father. During Mrs. Davison's illness she was always so sweet and cheerful and patient.

She leaves her husband and two daughters; ten grandchildren and seventeen great grandchildren.—Meadow Star.

Texas has 254 counties, the largest of which is five times bigger than the area of the State of Rhode Island.

BRIGHT WAVES BLACK FLAG

Willard Bright of Seagraves Gains County News had to come over to see us last Sunday, of course, when we happened to be away for the first time in six weeks. He left us a message on back of a truck drivers card. Come over and we will lend you some stock so you can print yourself some cards.

But here is what he said: "No quarter." Plains evidently doesn't have too big a boom—its newspaper closes on Sunday.—Bright." Then since he knows nothing of toilets in his string-town he wrote another: "Please put a roof on your backyard telephone booth."

Bright cannot get over the fact that we found his office closed on Sunday after he had been bragging that he had to work seven days a week. Then in the last issue of that mamma, which he calls the carry over, to his daily, he says we carry our money in a leather purse and we have thrown our tobacco sack away, and that we have quit dipping snuff, along with Stricklin. And as for that lace on the "unmentionables" which he also says Stricklin wears, we answer that's personal: it is better to wear the laces than to have to go in your shirt tail in your pants, which we fear our contemporary is having to do.

But if he means by his lace that these "old war horses" have turned concave, he is off again as usual, and will need protection instead of paying a cash bonus to some one to scrap him. Next?—Yoakum County Review.

Editor Bright may have some personal habits that are repugnant to us, Bro. Hale, but we have too much respect for editorial ethics to mention them for public gaze. Lots of people resort to such tricks, however, when they get their ears whipped down.

PLEA

"Judge," said the funny prisoner, "give me a sentence with the word 'freedom' in it"

There have been 1,162,000 persons who have filed claims with the Labor Department, Washington, for unemployment insurance benefits.

They Are Funny
E. V. White, Dean
State College for Women

Some people hope to go to Heaven to keep others out.

Seagraves opened a new Funeral Home, and open house was observed Saturday. Many out of town visitors were present for the opening. One of Brownfield's leading florists, Mrs. Flem McSpadden, furnished seven beautiful complimentary baskets.

Mrs. Money Price and Mrs. A. J. Stricklin were Lubbock visitors Monday.

Mrs. Ada Howze is in McCarney visiting her daughter.

The shelf-window display counters in the front of the Knight Furniture store is being removed this week so as to make more room for floor display of their ever increasing large stock of furniture.

M. E. Brown is suffering from an attack of influenza.

Idell Carruth has reentered the hospital for treatment.

Cline Perry Jr., young son of Mr. and Mrs. Perry received medical treatment Friday morning.

C. C. Primm left Tuesday for a short business trip to Fort Worth.

Earl Glover of Littlefield visited Odell Crow over the week end.

Ralph Bailey was a business visitor in town Tuesday.

Texas ranked fifth among the states in building construction in 1937.

Fred Clavel of Lubbock transacted business in town this week.

The best medicine—Cheerfulness and temperance.

SUICIDE BY TAXATION

"The biggest problem facing the nation today," says Roger Babson, "is not the recession; not the jobless; not the railroads. It is our taxation system." Unsound, excessive and inequitable taxation coupled with unprecedented government extravagance is slowly driving the nation to commit suicide by taxation. Reform in government spending and taxation is the crying need of the moment. As Mr. Babson declared, the only basic policy in our present system is an almost fanatical desire to conceal taxes from the ultimate payer—the consumer. Taxation has been instrumental in bringing private enterprises and industrial progress to the present point of stagnation.

Mr. Babson points to ten different steps that should be taken immediately:

1. Broaden the income tax base.
2. Pare down excessive high income taxes.
3. Reduce capital gains assessments.
4. Eliminate tax-exempt securities.
5. Tax government employees.
6. Remove the undistributed profits tax.
7. Stop the present policy of virtual real estate taxes.
10. Cut public spending.

These are concrete suggestions for a practical program of solvency and business encouragement which, if enacted, would stimulate the private citizen to forge ahead. Private enterprise would take a new lease on life. Employment and wages would resume their upward march in step with the constantly rising standard of living that has characterized American progress for the last 150 years.

NOTICE OF THE HEARING OF GUARDIAN'S APPLICATION TO LEASE REAL STATE OF AGNES CORINN BOZEMAN, FRANKIE JOY BOZEMAN, AND EDITH SUE BOZEMAN, MINORS

NOTICE IS HEREBY GIVEN of the hearing before the County Court of Terry County, Texas, on the 7th day of March, A. D. 1938, at the Court House of Terry County, in Brownfield, Texas, on the application of F. F. Bozeman, guardian of the estate of Agnes Corinn Bozeman, Frankie Joy Bozeman and Edith Sue Bozeman, minors, for permission to execute a mineral lease covering the following described tract of land:

Southeast quarter (SE 1/4) of Section 110, Block D-11, C. & M. RR. Co., in Terry County Texas.

F. F. BOZEMAN

Amos Harper was a business visitor in Brownfield, Wednesday.

Mrs. Clyde Bond is confined to her home on account of illness.

A POSER

He: you've been out with worse looking fellows than I am, haven't you?

She did not reply.

He: I said you've been out with worse looking fellows than I am, haven't you?

She: I heard you the first time. I was trying to think.

Mrs. Eldora White left Wednesday for Mineral Wells to be gone several weeks.

Persons afflicted with what are called "tunnel eyes" can see only straight ahead. Their range of vision includes nothing to right or left of them, and they are as a consequence responsible for many automobile accidents on the highways.

The best engineering—Building a bridge of faith over the river of death.

Bathing, except when prescribed by a physician, was made unlawful in Boston in 1845.

THRIFTY "60" FORD V-8 AVERAGES 28.85 MILES PER GALLON!

Above: The prize-winning Thrifty "60" Ford V-8 entering the gateway of Yosemite National Park during Gilmore-Yosemite Economy Run.

Below: Checking the gasoline at the end of the run... only 10.9 gallons for the entire trip of 314.5 miles... an average of 28.85 miles per gallon.

Leads All Cars at Its Price and Above by Setting Miles-Per-Gallon Record in Gilmore-Yosemite Economy Run!

Right: Officials presenting the cup to owner and driver of the record-making Ford V-8.

If you're looking for proof of Ford V-8 gasoline economy, here it is in black and white—

COMPETING in this year's Gilmore-Yosemite Economy Run, held under strict A.A.A. supervision, a stock 1938 Thrifty "60" Ford V-8 Sedan made an average of 28.85 miles per gallon of gasoline! In hanging up this record, the Ford V-8 not only won first place in its price class, but also made the best miles-per-gallon showing of 23 cars, comprising all entrants at its price or above! Only 10.9 gallons of gasoline were used for the entire 314.5-mile run.

This sensational record bears out the experience of hundreds of owners who have reported 22 to 27 miles per gallon of gasoline with the Thrifty "60" Ford V-8 in every day use. In dramatic fashion it proves again that here is the most economical Ford V-8 ever built—and one of the thriftiest cars on the road today, regardless of price! Your Ford Dealer invites you to see and drive the smarter, more luxurious 1938 edition of this great economy car.

MR. WEBSTER DEFINES

"Dad, what is a diplomat?" "A diplomat, my boy is a person who is appointed to avert situations that would never occur if there was no diplomats."—Exchange.

Virginia once imposed a tax of thirty dollars a year on each bathtub.

\$25,000,000 Virgin Islands

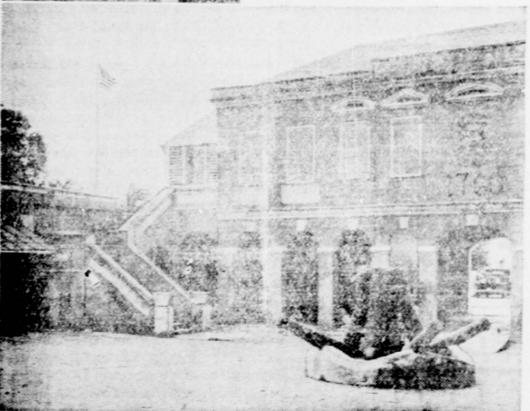

Picture Parade

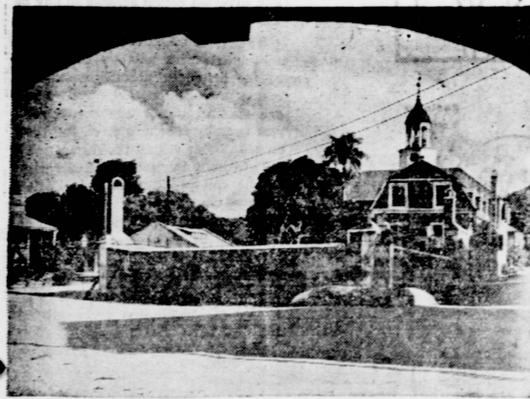

BECAUSE Senator Charles Sumner and President Andrew Johnson were political enemies in 1865, the United States lost \$17,000,000 on its purchase of the Virgin Islands in 1917.

Each March 31 the natives don ancient attire and celebrate "transfer day," marking the anniversary of America's purchase.

Here are silent cannons in the courtyard of Fort Frederick, St. Croix island. Built in 1760 under the reign of good Danish King Christian V, its first administrator was Baron von Prock.

Tourists visiting this ancient barracks and military barracks seldom recall that the Virgin Islands were once a cause of considerable international hard feeling.

Virgin islands attract larger tourist crowds each year.

Picture Parade

MAMMOTH cave at Cave City, Ky., first discovered in 1799, is not only one of the oldest but also one of the most fascinating tourist and vacation spots in the nation.

have been explored and opened to the public. This year even more visitors are expected, for under the direction of planning experts many of the cave's features, which earned it a place among the seven wonders of the world, have been improved without injury to their natural beauty.

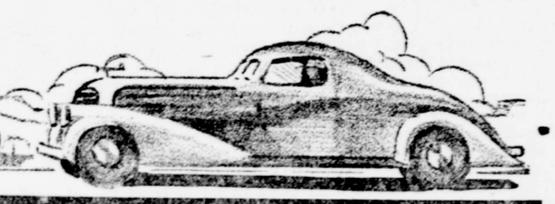

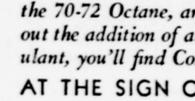

Above is the historic entrance to Mammoth cave, otherwise known as the "old" or "natural" entrance, discovered in 1799.

Upper picture (at angle) shows "frozen Niagara," a calcite formation that is one of the most beautiful features of the new entrance.

IT'S A FAR CRY FROM THE OLD SOLID-TIRE ONE LUNGERS ... to the fast, sleek beauties of today! ... and there's just as great a contrast between the old-time motor fuels and COSDEN HIGHER OCTANE GASOLINE

Used Car Business Runs To 2 Billion Dollars

By W. E. Holler, General Sales Manager Chevrolet Motor Division.

The Used Car business in this country is a 2 Billion dollar industry. In 1936 and last year it averaged nearly 7,000,000 cars.

A host of comparisons may be made with this recent giant in commercial circles but they wouldn't make it any smaller.

It has not been appreciated in its size until recently.

When there was much national concern, during the early winter,

about the slowing down of the automobile factories with consequent unemployment ripples that swept over most of the business surface of the country, mention was made that Used Cars were responsible.

Many have asked, Are Used Cars that important in our industrial life? There are, I can answer wholeheartedly.

When there was much national concern, during the early winter,

Of the 29 Million owners in this country it is approximated by the Petroleum Institute that 10,000,000 of those owners have never owned a new car.

That means there is a very large market for Used Cars in this country. It also means that such a large group cannot escape the economic currents that sweep the nation from time to time.

MISS MISFORTUNE

Hubby: I'm going to ask you a riddle. What makes my life so miserable? Wife: You've got me. Hubby: That's right.—Exchange.

Carter Chevrolet Company Brownfield, Texas

SIDELIGHTS

By MARVIN JONES, Member of Congress from Texas.

The new farm bill will be of much benefit to the great Southwest.

In working out the measure, the Congress has endeavored to provide a broad national program which, at the same time, can be fitted to conditions existing in the various regions and which will best serve the interest of the farmers in these regions.

One of the features that is especially desirable for the south and southwest is the one which makes the payments to the farmers who conserve their soil regardless of whether there is actual production.

Fortunately we were able to retain in the bill as finally adopted a provision that payments should be earned by the acreage planted and the soil treatment, regardless of whether the land actually produced a crop during the year.

In addition, the allotments will be upon the basis of seeded acres rather than on the production.

Another matter of prime importance is the provision for an effort to secure a better freight rate structure for farm products. There has been entirely too much discrimination against agricultural products in the freight rate schedules that have been approved by the Interstate Commerce Commission.

Provision is also made for use of a proportionate share of tariff collections to promote expansion of farm markets, both at home and abroad.

Our section of the country has been peculiarly fortunate in that we have been able to secure in the farm bill a provision which takes care of droughts and crop failures, and that

we have also been able to secure provisions that protect in every practicable way the live stock producer as well as the farmer.

The question of the success of the measure will depend largely on the cooperation of the farmers and live stock producers in whose interest the legislation has been passed.

Amendments may be necessary from time to time but the movement for a square deal for the producers of farm and ranch products must go on.

FORRESTER

Mrs. D. B. and Mrs. D. F. Mathis were over to see Mrs. W. J. Baldwin, Sunday, who has been on the sick list, but is much improved at this time.

Well it looks as if we are in for some more of that stormy weather, but most of the farmers around here are done gathering their cotton and corn.

Quite a lot of listing has been done and also several are flat breaking their land this year.

I would like to have the Herald force to come out and help set up with D. F. Mathis, as he has a new John Deere tractor to break in.

Mr. and Mrs. Cecil Warren have moved to the house on Mrs. G. W. Zachary's place that G. E. Zachary vacated.

Mrs. Slim Chais is reported to be getting along fine now. She is at home after being operated on.

Mrs. Daniels at last report was getting along nicely. She has asthma. Ask Arnold Baldwin why he has to go to town so much.

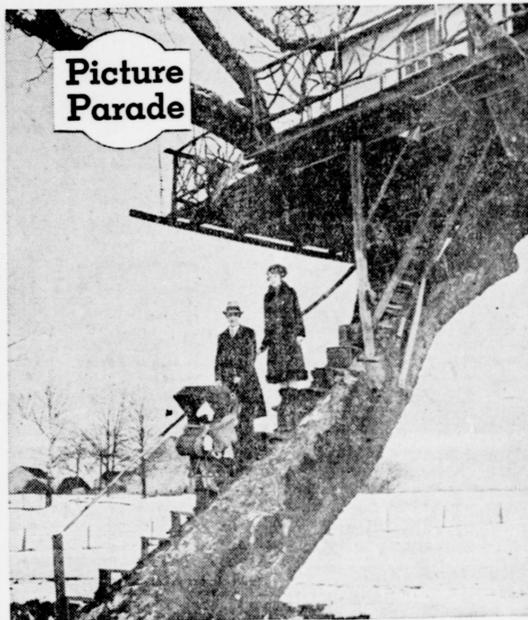

Well, it looks as though it might come another snow, which would be nice for the farmers that have plowing to do.

Mrs. W. J. Baldwin is much better at this time.

The number of bathtubs in the United States is 18,500,000—ninety-five per cent of all those in the world.

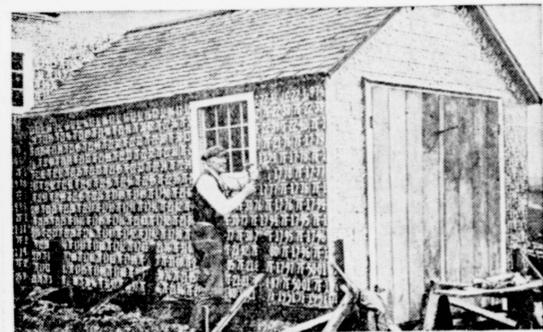

Texas leads the nation in the production of cotton, petroleum, cattle, sheep, horses, goats, mules, carbon black, sulphur, and mohair.

Since People Must Have Houses . . .

Picture Parade

"ANY old port in a storm" is a philosophy adopted by desperate people who live in caves and abandoned shacks to keep out of the wind and rain. But far more people live in strange houses because they enjoy it, finding a delightful hobby in building homes out of abandoned wine casks, soap boxes and miscellaneous material of doubtful origin.

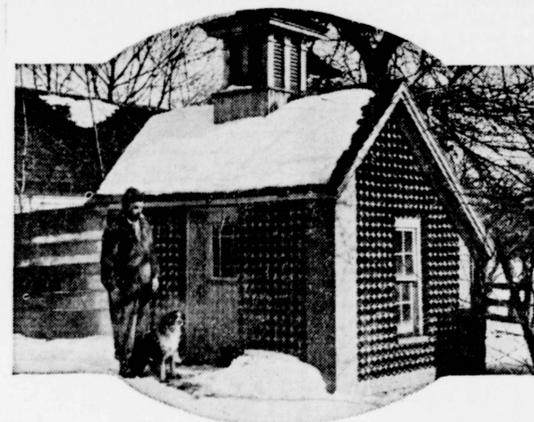

Albert H. Libby, a farmer living near Forestville, N. Y., thought license plates made a good protective covering for his house and barn, with the above result. He purchased nine tons of them from two county license bureaus. Here he's shown driving the final nail.

The best theology—A pure and beneficial life.

The best journalism—Printing the true and beautiful memory's tablet.

The best biography—That life which writes charity in the largest letters.

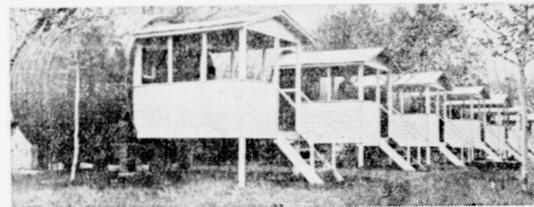

The best mathematics—That which doubles the joy and divides the most sorrows.

If you have some bottles kicking around the house, you might follow the example of William E. Gaswell of Portsmouth, N. H., whose 2,13 champagne bottles produced the above home. The containers were laid on their sides with the bottoms out, each bottle being laid in a bed of cement. The result is a pleasing glass brick effect which gives the interior an unusual glow.

Elias F. Stemman of Pigeon Cove, Mass., built a house of cards . . . that is, of pressed paper. In addition he decided to use pressed paper for most of the furnishings inside. This is one cardboard house that didn't fall down. What's more, it defies wind, rain and snow, being but one of several thousand strange houses that spell "home sweet home" to American hobbyists.

These were once wine casks; now they're houses.

A plant costing \$10,000 for refining "fullers earth" clay, used by oil companies in refining oil and gas products, also for other purposes, has been established at Silvertown, where this uncommon clay was recently discovered.

The best navigation—Steering clear of the lacerating rocks of personal contention.

The best diplomacy—Effecting a treaty of peace with one's own conscience.

The best music—The laughter of an innocent child.

The best war—To war against one's weakness.

SEVERE GRASSHOPPER INFESTATION ANTICIPATED FOR 1938

College Station—Egg counts made by county agricultural agents and Federal and State entomologists during the fall and winter indicate that Texas may expect a severe grasshopper infestation in the late spring and early summer of 1938, according to R. R. Reppert, entomologist of the Texas A. and M. College Extension Service.

Surveys conducted by Reppert have led him to anticipate a much more severe infestation than was suffered in 1937.

In 9 counties, he expects that almost all susceptible crops will be attacked by the insects, in 7 counties half to three-fourths of the crops are endangered, in 17 counties the anticipated infestation will be from 30 to 50 per cent, and in 48 counties the insects are expected to affect from 4 to 30 per cent of the crop.

In addition, Reppert expects infestation of varying degrees in 23 counties in which complete surveys were not attempted. Major outbreaks are indicated in the upper Panhandle and in north and north central Texas, with probable damage in the middle valleys of the Brazos and Trinity rivers.

The control measure hinges upon putting out poisoned bait as the grasshoppers emerge, and before they have had time to spread and multiply, Reppert pointed out. The 1937 control campaign returned more than a hundred dollars for each dollar spent, and saved crops valued at more than 6 million dollars.

It is estimated that there is a probable need for 14,000 tons of bait in the 1938 control campaign, or approximately six times the amount used in 1937. Plans have already been made for the distribution, mixing, and application of this material.

NEW FARM BILL PROVIDES COTTON MARKETING QUOTA

The establishment of cotton marketing quotas, based on farm acreage allotments, is authorized for all cotton producing farms under provisions of the Agricultural Adjustment Act of 1938, the new measure passed by Congress to strengthen the Agricultural Conservation Program and provide more effective control of burdensome crop surpluses, according to George Slaughter, Chairman of Texas Agricultural Conservation Committee.

The Adjustment Act provides for a national cotton allotment of approximately 10,750,000 bales in 1938. The tentative cotton allotment for Texas in 1938 will be about 9,800,000 acres. The number of acres needed, at normal yields, to produce the baleage allotment will be apportioned to the cotton producing states and counties, with no county to receive less than 60 per cent of the cotton acreage planted and diverted in that county in 1937. The county will be divided among individual farms, with special consideration for small producers.

This division will give all farms a minimum allotment up to five acres of cotton and a small allotment will be available for producers receiving between 5 and 15 acres. The remainder of the county allotment will be divided in such manner as to give each farm in the county or administrative area a uniform percentage of the cropland on the farm after excluding wheat and rice acreage and the acreage used for commercial livestock production as its cotton acreage allotment. No farm may have an allotment greater than its planted and diverted cotton acreage in any of the past three years.

The 1938 marketing quota of an individual farm will be the large of the actual or normal amount of cotton produced on that farm's acreage allotment, plus any cotton carried over by the farm from the 1937 crop. In other words, the farmer may sell, without restriction, all the cotton he can produce on his allotment acreage. On all cotton sold from that farm in excess of its marketing quota a penalty of 2 cents a pound must be paid. This means that if the farmer overplants, the cotton sold in excess of the actual or normal production of the allotted acres will be subject to the 2-cent penalty. The penalty does not apply to cotton farms where the total production is less than the 1,000 lint pounds.

Furthermore, if a farmer overplants he will lose his 1938 Agricultural Conservation Program payment and the Cotton Price Adjustment payment to which he might be entitled for his 1937 cotton, and will be eligible for a cotton loan on only that part of his cotton produced in excess his quota and at a rate 40 per cent lower than the loan rate provided cooperators.

For cooperators, cotton loans authorized at a rate to be fixed by the Secretary of Agriculture between 52 and 75 per cent of parity. The parity price of cotton at present approximately 16 cents.

The provisions of the Act do apply to long staple cotton, inches or longer.

The Act extends the maturity of the 1937 cotton loans from July 1, 1938, to July 1, 1939.

Millions Prefer THE SILENCE OF

SERVEL ELECTROLUX

THE Gas REFRIGERATOR Freezes with no moving parts

Save WITH THE REFRIGERATOR YOU HEAR ABOUT— BUT NEVER HEAR

ITS SIMPLICITY MEANS—

- Permanent silence
Low operating cost
Years of satisfaction
Lasting efficiency
Savings that pay for it

SERVEL ELECTROLUX is today giving silent, thrifty refrigeration to more than a million families. And, from coast to coast, the trend to gas refrigeration grows stronger every day.

It will pay you to call at our showroom and see the new models of this really different refrigerator.

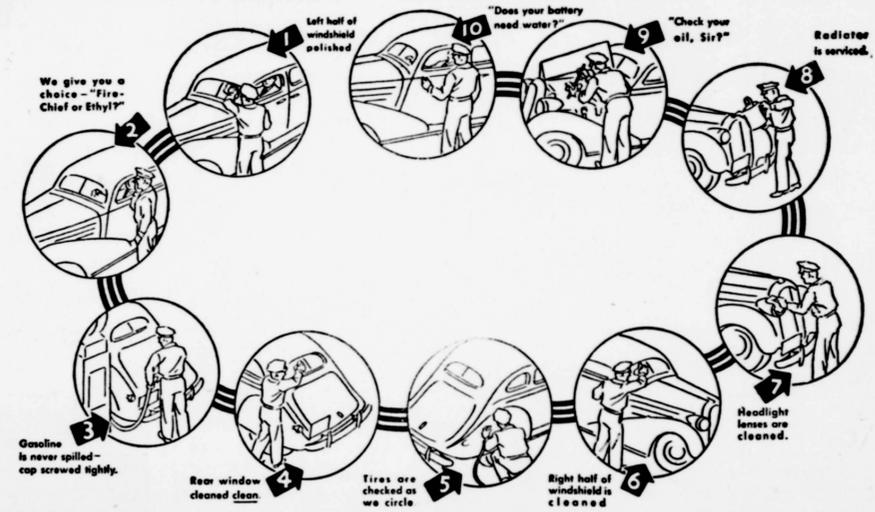

READ WHAT THIS OWNER SAYS: 'I never dreamed any refrigerator could save so much. Our Servel Electrolux pays its own way with its big savings on operating cost and food bills.'

Mrs. Margaret J. Hart, Los Angeles, Cal.

J. B. Knight Hdwe.

Circle service goes 'round and 'round AND YOU COME OUT WELL SERVED!

AND IT TAKES NO LONGER

to serve our customers now than before we pledged ourselves to give Circle Service: Drive in and find out about it yourself.

Texaco Ser. Sta. David Perry - C. C. Bryant Phone 213

Go to See Ben Hill When in Lubbock

Mrs. Ben Hill was in this week and informed us that he husband had recently undergone another major operation at the Lubbock Sanitarium. As we understood it, this was the first operation of the kind that Dr. Krueger has ever done, and probably the first in this section.

She remarked that Mr. Hill was getting along nicely, but was of course lonesome for his friends and family at Brownfield. So anytime you are in Lubbock, call on Ben or any other Territe that may be confined in Lubbock hospitals.

CARD OF THANKS

We can't express in words our appreciation and thanks to our friends who were so kind to us during the illness of our son, Crawford; also for the donation. May God's blessings rest upon each of you, and we know that each will be rewarded in the hereafter.

Mr. and Mrs. J. H. Spinks and boys

Mr. and Mrs. Ed Aryain made a business trip to Lubbock, Tuesday.

When Politics Really Got Hot in Texas

Citizens took the politics more seriously back in the 1890's.

The Hogg-Clark race for Governor in 1892 brought out 435,467 voters. At that time the population of the state was about one third of its present number and women were not voters.

Volney Reed of Austin, who was state democratic chairman at that time, recalled that the rivalry became so keen between supporters of Gov. James Stephen Hogg and George Clark of Waco that a tour of the state in joint debates had to be cancelled.

The first debate was at Cameron, Texas. Clark was the first speaker. Hogg enthusiasts would not let him be heard until Hogg made a personal appeal to them to be quiet. When Hogg rose in reply to Clark the Waco man's supporters were equally hostile. They greeted Gov. Hogg with calls of "soo-ey, soo-ey." Clark had to quiet them. At Cleburne the next night the rival crowds destroyed the platform. The debate tour was abandoned.—Cleburne Times.

THE NAIL GETS A WHACK ON THE HEAD

"Speaking of Trades Days, after spending considerable money to get money for prizes, it seems the local merchants are not taking full advantage of the opportunity to offer Bargains or Dollar Day offers in connection" says the Brownfield Herald. And following up on Andy Stricklin's train of thought, the same thing has happened in a lot of other towns, until merchants wonder whether the money they spend on Trades Days is worthwhile.

The offering of prizes on Trades Day is a good one if it is backed by the merchants in offering price inducements and advertising them. Without that, added support of the merchants, Trades Day soon becomes just another day.

Farmers and country people have got too smart to come to town spending time and money for gasoline to get a chance at a few prizes. But if real bargain prices are offered in conjunction, the saving they are able to make more than repay them for their trouble.

Littlefield had its last Trades Day about a year ago. When real bargain prices were offered and advertised the results were good. When they tapered off, and tried to let the lure of prizes carry the load, the crowds dropped off.

Andy, in his summary hits the shiny nail squarely upon the head.—County Wide News, Littlefield.

NOTICE OF CITY ELECTION

THE STATE OF TEXAS
CITY OF BROWNFIELD
Notice is hereby given that an election will be held within the City Limits of the City of Brownfield, Terry County, Texas, on April 5, 1933, for the purpose of electing one Mayor, one City Marshall, and two Councilmen.

Said election will be held in the City Hall within the City of Brownfield, and Jim Miller is appointed Judge of said election, and he shall select two clerks to assist in the holding of same.

All the legally qualified voters residing within the City Limits of the City of Brownfield shall be entitled to vote at said election.

Said election shall be held and conducted as provided by Law for City Elections.

Dated this, the 23rd day of February 1933.
ROY HEROD, City Secretary of the City of Brownfield. 16c

NOTICE TO CANDIDATES

All candidates for City offices for the City of Brownfield are hereby notified to file their names, together with the office they seek with the City Secretary on or before March 10, 1933, in order to have same placed upon the official ballot.

ROY HEROD, Secretary for the City of Brownfield. 16c

T. J. DURBIN, MEADOW FARMER CLAIMED BY DEATH SUNDAY

T. J. Durbin, 65, farmer who lived eight miles from Meadow, died late Sunday at his residence.

Funeral arrangements awaited arrival of relatives from California. Rix Funeral home reported. Burial will be in Meadow.

The family had lived in that vicinity 19 years, coming there from Douglas, Ariz.

He is survived by his wife, of Los Angeles, three sons, N. N. Durbin, and Virgil Durbin of Los Angeles and Aubrey Durbin of Roswell; four daughters, Mrs. Mamie Lawson, Mrs. Ruth Fulton, and Mrs. Ruby Alexander of Los Angeles and Mrs. Sydney Thomas of Meadow; and six grandchildren.

SUCCESSOR TO ROY HENDERSON AT TEXAS U. IS SELECTED

AUSTIN, Feb. 21.—D. H. Shelby, dean of extension at the University of Texas, announced today Rodney J. Kidd, physical training director of Southwestern university, would succeed Roy Henderson, who died last week, as athletic director of the Intercollegiate league.

Editor A. E. Richards of the Meadow Star, came down Wednesday night of this week to help us out of a tight.

Lynching Bill Nears Death in Senate

WASHINGTON, Feb. 21.—Opposition to shelving the controversial anti-lynching bill dwindled today in the face of administration requests for prompt senate approval of the \$250,000,000 emergency relief fund.

A formal agreement to take up the relief bill shortly after noon, leaders said undoubtedly would doom the anti-lynching measure for the remainder of the session.

Must Be Laid Aside
Southern members have been conducting a filibuster against it since Jan. 6, thereby blocking virtually all other legislation. Two attempts to bring it to a vote have failed, and many supporters agreed it would have to be laid aside if the senate were to do much business this year.

BAPTIST YOUNG PEOPLE

The Young People's Missionary organization held their monthly business meeting Monday night, February 21 from 7 until 8 o'clock. Nineteen were present. After the business meeting, the Intermediate G. A.'s. entertained, playing games, singing, etc.

Wednesday night of this week is Missionary Education night. Each member of the family is expected to be present.

JUDGE G. E. LOCKHART IN SERIOUS CONDITION

Judge G. E. Lockhart of Lubbock, who underwent a major operation in that city Thursday of last week, has shown slight improvement but is far from being out of danger, according to information given the News Wednesday night.

Judge Lockhart was a resident of Tohoka many years. Mrs. Winter Knight and Jess Lockhart were both at his bedside Thursday.—Tohoka News.

MAX O'RELL TRUITT NOMINATED TO FILL KENNEDY'S OFFICE

WASHINGTON, Feb. 21.—President Roosevelt nominated Max O'Rell Truitt of Mississippi today to be a member of the maritime commission. Truitt fills the vacancy created by the resignation of Joseph P. Kennedy, now ambassador to Great Britain.

Mr. Dewey Reed of Amarillo, representative of the Social Security Board writes J. E. Shelton that he will be in town at regular intervals and will be glad to meet all interested parties in the Chamber of Commerce office.

The estimated intrinsic value of the chemical and mineral ingredients composing the average human body is thirty cents.

ELDER KILLION ATTENDS LECTURES AT ACC

This is lecture week at Abilene Christian College, and Elder J. H. Killion of the local church of Christ left this week to attend as many of the series as possible, but may return home Friday, as his time is limited.

Some of the most learned men in the United States will be on hand some time during the week to deliver sermon lectures on various subjects of concern both to the minister as well as Bible students and church officers.

MARRIAGE LICENSES FOR THE PAST WEEK

T. C. Redford—Imogene Walls. Howard Crowell—Vera Sons. J. P. O'Rear—Elizabeth May Cudd. Johnnie Young—Hazel Irvin. Preston Faught—Dorothy Young.

Mrs. Clyde Cave and Joan visited her sister, Mrs. Hubert Doughti in Olton, Texas, last week.

As we prepare to go to press Thursday morning, rain is falling, with the weather moderating some.

C. T. Edwards is out of town on business this week.

W. H. Hight is preparing to go to Hot Springs down in the Big Bend section, where he will take hot baths and fish—mostly the later we guess—for his rheumatism.

Ross Motor Co. reports the sale of an Oldsmobile 6, four door Sedan to May George Jackson, Brownfield; and an Oldsmobile 6, 2 door Sedan to Ray Watson, Levelland.

Redford Smith is building a nice, modern cottage for rent purposes in the rear of his residence.

Mesdames Arthur Sawyer, Clyde Lewis and Mrs. Rance King were Lubbock visitors Friday.

World's Deepest Oil Well

GRAND CANYON 6,000 FEET DEEP

CONTINENTAL OIL COMPANY
has just completed drilling the world's deepest oil well, the Kern No. 2-A, near Wasco, Kern County, California, to 13,400 feet—more than two and a half miles—and the most distant point to which man has ever penetrated Mother Earth. In the column at the extreme right are shown the names, ages, and depths of the three major subsurface formations penetrated by the Continental drilling crew. In the left hand column at the right are shown the depths at which oil and gas were encountered. The artist's drawing above compares the depth of this California oil well with the depth of the Grand Canyon. The well was drilled by one of Continental's own drilling crews.

There's a right and wrong way TO SHOVE WITH YOUR CAR!

YOUR MILEAGE MERCHANT ADVISES...

Try to have the two cars slightly "staggered"—not exactly in line with each other. This often helps if bumpers lock, especially when the car with its bumper below can reach a drain or similar depression. Another way is for the car with its bumper on top to get up on a curb or "hump." All of that is "just in case."

Now ask the poor fellow who wants your help to get into HIGH. Tell him to keep his clutch pedal down, letting it come back gradually only after you get his car under way.

Do your pushing with your LOW gear. That's easiest on your car...for half a block. Then if the other fellow's car hasn't started, have him get into neutral and push him up to a nearby Mileage Merchant for Special Winter Blend Conoco Bronze like yours. That can't help but get him started... (the Mileage Merchant will know what to do if the battery has entirely given up the ghost). And then the rightest way to dodge further battery trouble, dangerous oil dilution—and embarrassment—is to make a point of getting sure-starting Conoco Bronze all winter! Continental Oil Co.

GASOLINE TAXES SINCE 1919 EXCEED \$7,144,584,000
(STATE \$6,168,901,000 FEDERAL \$975,683,000)

\$30 A WEEK WAGE EARNER

NEWS ITEM: Nineteenth anniversary of gasoline tax, February 25, 1933, reveals motorist taxpayers, largely \$30-a-week wage-earners, have paid grand total of \$7,144,584,000, of which \$6,168,901,000 represents state gasoline taxes and \$975,683,000 is in payment of duplicating federal levy, imposed "temporarily" in 1932. First gasoline tax was levied by Oregon in 1919 at rate of 1 cent a gallon.

MRS. H. G. LEES NEW SOCIETY EDITOR

Mrs. H. G. Lees is our new society editor. She not only takes care of society items, but gathers news items over the city and will be pleased for you to phone her at either No. 1 or 48.

Mrs. Lees likes newspaper work fine, and is really trying to learn how to do about everything there is to do in a country newspaper office.

COLONIAL TEA

One of the loveliest affairs of the February holiday season was the Colonial Tea given at the beautiful W. B. Toone home last Friday afternoon by the Cen Tex Harmony club complimenting the MacDowell Junior Music Club.

Those in the receiving line were Mesdames Toone, Wingerd, Nicholson, Teague and Telford and attractively gowned in Colonial costumes.

Mrs. Will Alf Bell and Mrs. Joe J. McGowan presided over the beautifully appointed tea table. Colonial and patriotic motifs were used in the table decorations. A dainty plate with red rolled sandwiches, star cakes, hot spiced tea, and little George Washington hats filled with red white and blue mints were served. And white carnations used throughout the receiving room.

Out of town guests were Mrs. Rex Hudson, Mrs. E. F. Pilley and Mrs. W. N. Fuller of Levelland, Mrs. M. V. Gray, Vice-President of Lubbock Music Clubs and Mrs. R. H. Hester District President of Lubbock.

Members of the MacDowell Junior Music club attending were Eleanor Gillham, Mary Jean Lees, J. C. Powell, Twilla Graham, Helen Gillham, Emma Jean Coleman, Virgella Nan Dunn, Imogene Fitzgerald, M. J. Akers and Christine McDuffie, who is mascot of the MacDowell club.

Honorary members of the Cen-Tex Harmony club attending were Mrs. Arthur Sawyer, Mrs. Gertrude Lees, Mrs. M. E. Jacobson, and Mrs. Frank Wier.

Hostesses for the occasion were Mesdames Toone, W. A. Bell, J. J. McGowan, L. M. Wingerd, Mon Telford, L. Nicholson, Jim Teague, J. C. Powell, Jones, M. G. Tarpley, Avery Rogers, R. T. Bredlove, W. H. Dallas, Roy Herod; Misses Viola Brown and Olga Fitzgerald, and Jane Brownfield.

Mrs. W. H. Dallas, President of the local club gave a welcome greeting and introduced the guests after which Mrs. Wingerd announced the program:

Piano, 4 hands, "March of the Flower Girls," Eleanor Gillham and Mary Jean Lees.

Habenera from "Carmen" Jane Brownfield.

Talk by District President, Mrs. R. H. Hester.

"Mighty lak' a Rose" Mrs. Bredlove and Mrs. Telford.

Fun program, including a Style Revue, the Cen-Tex Club in parade, in which Mrs. Jim Teague and Miss Emma Jean Coleman won the "Hatchets," for the most charming and authentic costumes.

Mrs. S. R. Smith is visiting her husband in Brownfield this week.

WEST WARD NEWS

The first grades are studying transportation by air. Mr. Baze made motion pictures of the different grades on Tuesday. The Rialto photographer was on the campus taking motion pictures, Wednesday. We have had two picture shows this week: Five Hazards and The Land of Cotton.

We are glad to report that Miss Wynona Burnett was able to return to school Wednesday afternoon. She has been absent this week with tonsillitis. Mrs. W. A. Bynum substituted for her.

The third and fourth grades dedicated two trees on Arbor Day. Several patrons and the first and second grades were their guests. The following program was rendered by Miss Brown's third grade.

Song-Trees, Joyce Kilmer. Arbor Day Song. Address "Trees," Mrs. Emmitt Smith. Washington's Love for Trees, Pearl Jean Vaughn. Arbor Day, Curtis Chambliss. Dedication of Tree, Bobby Tosh and Tom Adams.

Mrs. Rentfro's fourth grade program consisted of the following numbers:

Song, "Star Spangle Banner." Address, Planting of the Tree, Mr. M. L. H. Baze. Dedication of Planting, Morgan Copeland, Jr. Reading, Mildred Irene Hamilton. Why we Plant a Tree, Myron Harris. Benediction, Rev. R. T. Bredlove.

Mrs. Rentfro's fourth grade has just completed a unit on Holland. They are presenting an exhibit of their work.

P-T. A. WILL MEET THURSDAY, MARCH 3RD

Everyone is urged to be present Thursday, March the 3rd, when the P-T. A. will meet at the West Ward school building. A very interesting program has been outlined for this meeting, and we are sure you will enjoy it a lot.

Music will be furnished by the Coral Club, "School Duties," by Mrs. Leo Holmes. "Relaxation," by Mrs. Hayden Griffin.

REDFORD-WALLS

Last Saturday evening Miss Imogene Walls became the bride of Mr. Terry Redford in a quiet ceremony at the home of Rev. and Mrs. Avery Rogers, with Rev. Rogers officiating. The only attendants were the mothers of the two young people. After the ceremony the happy couple left for El Paso on a short wedding trip, after which they will be at home in Brownfield.

Both Miss Walls and Mr. Redford are popular members of the younger set and the good wishes of the entire community for a happy and prosperous wedded life, are theirs.

Mrs. John Turner and Mrs. M. E. Jacobson attended the Womens Auxiliary to the State Medical Association in Abilene the first of the week.

Mr. and Mrs. Bill Van Winkle and little sons spent Sunday in Sudan.

Wayne Tipton was Sunday visitor in Yoakum county.

METHODIST MISSIONARY SOCIETY

The W. M. S. met at the church Monday afternoon in an "Outlook Lesson" led by Mrs. Cook, assisted by Mrs. Cotter, Mrs. Carpenter, and Mrs. Webber. Next Monday Rev. Bredlove will bring up the last lesson that has been the Study for the past six weeks.

There will be an all day zone meeting at Ropesville, Friday beginning at 10 a. m. The Society is invited to attend. Ropesville will entertain with lunch. Mrs. Cook will give the report from our society.

In a short business session the society voted to make Mrs. Elsie Treadaway an honorary member. Mrs. Thompson offered the closing prayer. Those attending the meeting were: Mesdames G. N. Thomason, Cotter, Webber, Longbrake, Thompson, Carpenter, Bredlove, Cook and Culver.

BAPTIST W. M. U.

The Lottie Mon Circle met with Mrs. W. L. Bandy, 6 ladies were present.

Annie Long Circle met with Mrs. J. T. Auburg, with 4 ladies present. The Lockett Circle met with Mrs. W. W. Price, 7 ladies were present at this meeting.

The Regan Circle met with Mrs. J. C. Bond and 7 ladies were present. All Circles will meet at the church next Monday at 2:30 o'clock, in general business and to begin the week of prayer program.

You are urged to be present.

KOLONIAL KARD KLUB

Mrs. Garrett Daugherty was hostess to three tables of bridge last Thursday afternoon. The guest list included: Mesdames Ray Christopher, Mon Telford, Cecil Smith, R. N. McLain, T. L. Treadaway, L. M. Wingerd, Herman Heath, L. Nicholson, Ralph Carter, J. J. McGowan, E. C. Davis, Money Price.

High score went to Mrs. McGowan and Mrs. McLain.

A delicious salad plate was served at the close of the games.

Honor guest for the afternoon was Mrs. Daugherty's mother, Mrs. Pruser.

METHODIST CHURCH

Rev. Ike Bredlove, pastor of the Methodist church, called very briefly this week, and said he was almost sick with flu, and for us to pinch hit for him.

He said just announce that all regular services at that church would be at the regular stated hours, and that everyone was welcomed to his church.

Mr. and Mrs. John Bost spent the week end in Amarillo.

ENROLLS IN SPRING FESTIVAL

Mrs. Dallas' music pupils who have enrolled to take part in the Spring Festival in Lubbock are as follows: Donald Wayne Andress, Ima Gertrude Akers, Christova Akers, Dicky Lees, Patsy Frank Ballard, Clea Garner, Mary Jean Lees, M. J. Akers, Billy Beryl Black, Cynthia Tankersley, Wanda Joyce Finney, Zelma Swinney, Doug Tankersley, Frances Joyce Rambo, Frances Jane Wier, Nancy Merle Wier and Peggy Black, Glenna Fay Winston, Glynola Akers, Alfred Mangum, Mary Edna Tankersley, Murpha Deene Ballard.

SOUTH PLAINS FEDERATED MUSIC CLUB ORGANIZED

Mrs. Eunice D. Jones was elected President of the new music club organized February 18. Mrs. M. V. Gray, Vice-President of the Lubbock Music club was made Vice-President of the new club. Mrs. E. F. Riley of Levelland was made Secretary-Treasurer.

The objective of the club is to grow stronger in contacts and have definite exchange programs yearly. The members of the Cen-Tex Harmony, the Levelland and Lubbock clubs are part and parcel of the triple organization.

FIRST CHRISTIAN CHURCH

Church School meets at 10 o'clock. W. C. Burrows Supt., a good teacher and a class to suit everyone.

Preaching at 11 a. m. Subject: "The Gospel Message for Today."

Evening preaching service at 7:15 p. m. All members, friends and strangers are cordially invited to worship with us. Let us not fail to assemble ourselves together to worship the Lord on the first day of the week.

David H. Beebe, Pastor

Mrs. Bertha Stahlner was a guest at the wedding of Miss Janet Hambricht in Lubbock Monday.

"COFFEE" HONORS STATE AND DISTRICT PRESIDENTS

The executive committee of the Cen-Tex Harmony club entertained with a coffee at the lovely home of Mrs. Roy Wingerd, Saturday morning at 9:30. Honor guests were Miss Inez Rudy of Bowie, Texas, president of Texas Federated Music club and National Board member, and Mrs. R. H. Hester of Lubbock who is president of the 7th district Federation.

The Martha Washington coffee was a happy meeting over the cups, when conversation centered on Federation benefits.

Beautiful place cards bore the names of Miss Rudy, Mrs. Tarpley, Mrs. Wingerd, Mrs. Jones, Mrs. Webb, Mrs. Toone, Mrs. Bell, Mrs. Carter and Mrs. W. H. Dallas. Red and white carnations with red cherries sprinkled over the lace covering gave a patriotic setting. Fruit cocktails, whole wheat muffins, crisp bacon, shirred eggs, cherry jam and coffee were served, after which the guests were addressed by the State President, giving highlights of past conventions and asking co-operation in making Texas more musical.

A chorus directed by Mr. Clyde Garrett of Arlington will number more than 1000 during the state convention scheduled to be given in April at Beaumont, Texas.

The infant daughter of Mr. and Mrs. Cottrall died early Monday morning.

Mrs. Gene West has returned from spending a week with friends in Lubbock.

Miss Lucille McSpadden spent Tuesday with her parents, Mr. and Mrs. Flem McSpadden and went on to Midland for a several days visit with friends.

Ona Faye Tittle is home from college in Abilene for a few days visit with her parents, Mr. and Mrs. W. A. Tittle.

NOT A MIND READER

Whatever he may be, the editor of your home-town newspaper is not a mind-reader. If you have visitors, if you are going visiting or if you have recently returned from one, he has no means of knowing it unless you tell him so. And the same is true of other happenings in which you and your family are directly interested. If a birth, a family reunion or a family celebration of any kind happens around your home it is of interest to your neighbors, but the editor of your paper cannot tell them about it, unless you first tell him. He meets you on the street occasionally, he opens his mail as fast as it arrives and he is always willing and anxious to answer his telephone calls. So bear these things in mind. Always remember that a lot of things that happen at your house are of interest to your neighbors but that, since the editor is not a mind reader, the neighbors must go without such information unless you are thoughtful enough to see that the editor is informed.—Ex.

Mrs. H. D. Heath of the Stanford community in Yoakum county, was a pleasant caller to renew of late. Mrs. Heath seems always to be in a fine humor.

Mrs. Marie Kemp is on the sick list this week.

MAY DISCUSS FIRE INSURANCE ADJUSTMENTS

According to a statement issued today by Marvin Hall, State fire insurance commissioner, the Board of Insurance Commissioners is considering holding a public hearing in the near future (probably in March) for the purpose of discussing a readjustment in the fire insurance rate levels and other matters pertaining to fire and windstorm insurance.

"The figures representing the 'experience' for 1937 will be in by March 1, and will be before the Board at the time of the proposed hearing," Hall commented.

Woodmen Circle No. 462 had a call meeting Friday, February 18th for team practice after which a social hour was enjoyed. Mrs. Cook served delicious homemade candy.

Mr. and Mrs. L. A. Brannen visited relatives in Seagraves Sunday afternoon.

Mr. and Mrs. O. V. Newton and Mrs. Moringer were Sudan visitors Sunday.

Mrs. Donna Norwood underwent a major operation Sunday, and is convalescing nicely.

Mrs. Elton Brewer is quite ill with influenza.

NOBODY'S BUSINESS
By Julian Capers, Jr.

AUSTIN—The decision of the United States Supreme Court in the celebrated Laredo gas rate case, together with another decision expected during March in the equally long-drawn out Lone Star gas rate case, is expected by members of the Texas Railroad Commission to affect directly the gas rates paid by hundreds of thousands of gas consumers in several hundred Texas towns, cities and villages throughout the State. The Laredo decision was a complete victory for the State, upholding, according to Rail Commissioner Ernest Thompson, the method and procedure utilized by the Railroad Commission in determining valuation of gas properties and fixing rates. The Lone Star case, affecting 300 towns, Thompson says, followed the pattern laid down in the Laredo case, although there are different legal questions involved. The battle to lower gas rates, instituted by Thompson shortly after he took his place on the Railroad Commission, has been bitter and lengthy, and that it must be fought out to the bitter end was indicated at the week-end, when subsidiaries of the Lone Star Companies obtained from Judge W. L. Thornton in District Court at Dallas, a temporary injunction restraining the commission from assuming concurrent jurisdiction with incorporated towns and cities in rate matters. The Commission contends it has under the State law, concurrent jurisdiction, while the gas company asserts only the cities and towns may regulate rates.

The Laredo case furnished political ammunition for both Thompson and Attorney General Bill McCraw, both gubernatorial candidates, as Thompson wrote the Laredo order, while McCraw defended it in the supreme court.

Honor Enough For Woodul

"Never again, I hope," remarked Lt. Gov. Walter Woodul as he ended his sixteenth term as Acting Governor of Texas, breaking all records in the history of the State. The return of Gov. Alfred from President Roosevelt's luncheon in Washington enabled Woodul to return to his campaigning for Attorney General. During his 16 terms as Acting Governor, the Houston solon has had opportunities to name many colonels, cut a few ribbons and make other public appearances which ought to prove helpful in his campaign for Attorney General.

Political Scene Muddled

Awaiting further action by the principles in the Governor's race, Austin seethed with rumors this week as Gov. Alfred and Attorney General McCraw, back from Washington, exchanged further verbal barages. The Senate investigating committee moved on to Dallas to resume its probe of the Land Office, the issue that has furnished most of the political fireworks for several weeks. Alfred appeared winner of the preliminary rounds, as Land Commissioner Bill McDonald has cancelled two of the disputed oil leases on State lands, while McCraw filed suits to cancel nine others—as demanded by Alfred.

The hotel lobbies buzzed with rumors that Alfred was preparing to announce for a third term, and the Governor declined to comment. He took a final shot at McCraw, as he made reference to McCraw's reputed former Klan activities, when he told correspondents asking about his plans: "I'll wait until Bill McCraw comes from under his bedsheet."

The Governor gave further evidence that the Federal judgeship issue is not entirely out of his mind at his press conference, when he remarked, commenting upon his advice to the San Antonio pecan strikers to seek a court injunction against police interference with their pickets: "The Rangers couldn't do anything to help them. What they need is judicial authority—and that is something I haven't got—yet," the Governor said.

Pension Methods Questioned

Of particular significance to Texas politicians who are urging "pensions for everybody" was the announcement from Washington this week that State officials of Oklahoma have been summoned by the Federal Social Security Board—which puts up half the pension money in all States—to show cause why they shouldn't be deprived of Federal pension funds because of failure to obey the Federal regulations. The Security Board charges that Oklahoma's administration of its pension law has been lax and discriminatory, needy aged being denied, and persons not needy drawing pensions. Oklahoma has the highest percentage of aged persons receiving pensions of any State in the Union, with Texas ranking a close second. Any relaxation of the Texas regulations, State officials claim, will result in cutting off of the Federal pension aid, amounting in Texas to about \$9,000,000 a year. The Texas pension roll numbers around 113,000 persons at present.

New Streamliners for Western Travel

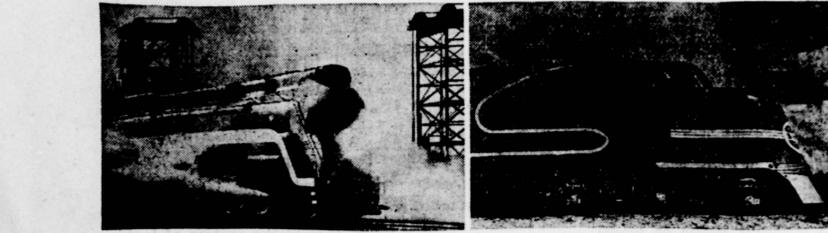

Five of the 13 racing new trains, streamlined in stainless steel, the Santa Fe Railroad is placing in service for California and Southwestern travel. The Super Chief, El Capitan, Chicagoan, Kansas Cityan, and San Diegan, flag bearers of this new fleet of trains, will be drawn by Diesel-electric locomotives; the famous Chief by giant Pacific type steam locomotives.

Section of new sleeping car on the Chief and Super Chief. Center: View of observation car on new streamlined Super Chief. Right: Corner of one of the new Fred Harvey diners. The cocktail-lounge, diner and observation car of the Super Chief are paneled in rare woods and decorated in the Navajo Indian motif.

The new El Capitan, 39 1/4 hour flyer between Chicago and Los Angeles, is unique because it is the only transcontinental train in America reserved exclusively for chair car passengers. It is equipped with deeply cushioned reclining chairs, broad windows, large dressing rooms and a lunch-counter diner.

The Iron Horse on the Santa Fe Chief goes streamlined! Its multi-powered steam engine is capable of a speed of 110 miles per hour. (Right) One of the Super Chief's 3600 H. P. Diesel-electric locomotives.

WASTE

Office Manager: Before we can engage you, you will have to take an intelligence test?

GOMEZ

February is bringing us nice moisture, which we are very proud of.

The Gomez souvenir cook book contest, sponsored by local P.-T. A. came to a close last Friday, with the losing side entertaining the winning side with a tacky party at local school building. On account of cold weather, the crowd was small, but those present enjoyed a good time with lots of fun. Mrs. B. O. Black was voted tackiest woman and Hosey Key the tackiest man. Mrs. Fulton entertained the crowd with old time games and Mrs. Alfred Tittle supervisor of refreshments, which consisted of sandwiches, hot chocolate and coffee served to approximately 25.

Mr. and Mrs. Lee Walker and children visited friends in the Tokio community Sunday.

Mr. and Mrs. W. B. Paschal and children visited relatives at Levelland during the week end.

Mr. and Mrs. J. R. Baggett and children visited Sunday afternoon in the Kenneth Furr home.

Mr. and Mrs. Elmer Lee and family left Friday for Wichita Falls, where they will visit relatives a few days, prior to their leaving for California.

Remember church services this coming Saturday night, Sunday morning and night. We extend a hearty welcome to every one at the local Baptist church.

Mr. and Mrs. W. F. Green and family visited friends in the Needmore community, Sunday.

Mr. Thos. S. Doss, Sr., and children were called to Post, Wednesday of last week, to attend the funeral of a sister-in-law and aunt, who passed away early Tuesday in a Post hospital.

The local Intermediate B. T. U. group, under the supervision of their leader, Miss Nellie Mae McLeRoy, enjoyed a theatre party at the Rialto on Thursday evening of last week.

Mr. Ed Walker was a business visitor in Lubbock on Friday of last week.

Mr. and Mrs. B. H. Bartlett and son visited relatives at Lamesa during the week end.

Mr. Vernon Paschal left last week for the Sacramento mountains of New Mexico, where he has employment as a race horse trainer.

Messrs. J. C. McLeroy and Kellie Sears made a business trip to Lubbock on Thursday of last week.

Mr. and Mrs. Horace Fox and son were Sunday afternoon guests in the Lee Fulton home.

Mr. and Mrs. E. H. Green and children visited relatives near Meadow Sunday.

Mr. and Mrs. F. B. Condra, Sr., have moved into the home formerly occupied by Mr. Elmer Lee at Gomez.

SHREWD BOY

Mother: Junior, will you go down to the cellar and split some kindling?

Junior: Wait until Dad comes. I heard him tell Mr. Smith last night that he bought twenty-five dollars worth of chips.—Exchange.

eral Texas officials were in Washington this week. With potential oil production owned by the State worth many millions of dollars under submerged coastal lands off the Gulf coast, Texas has an enormous stake. Lawyers here say the Federal congressional resolution, which has already passed the Senate, would be unconstitutional so far as Texas is concerned, since coastal waters were specifically reserved under the treaty of annexation when the Republic became a State, but they are sure a long, costly court fight would be necessary if Congress passes the resolution. The protesters included Land Commissioner McDonald, Attorney General McCraw, Ghent Sandford of the State school board, and numerous representatives of oil companies.

A. F. OF L. GROUPS WILL AID CHINESE

WASHINGTON, Jan. 9.—Formation of Labor's Committee for Civilian Relief in China was announced today by Matthew Woll, vice president of the American Federation of Labor. Mr. Woll will be the permanent chairman of the committee, upon which nearly 100 representative labor officials in all parts of the country will serve.

"I believe this will be one of the greatest efforts American labor has ever undertaken," Mr. Woll said. "We shall announce our plans as they are perfected, but I can say now that we shall proceed as rapidly as possible in a cause to which American labor is just about 100 per cent united."

The committee was formed under the provisional chairmanship of Gilbert E. Hyatt, editor of The Journal of the National Federation

Four County Peace League Blowed Up

It would be fine, Brother Stricklin, if the publishers of Terry, Gaines, Hockley and Yoakum would bury the hatchet, but about the time we get in that notion here comes Bright, as he is encouraged by the worst "enemy" the Review has, and wants to eat us alive. When we get that off, here comes Anton and speaks libelously of us. But any time you can get a truce we will join you. (But let me whisper, Bright and Richards will not join.)—Yoakum County Review.

Well, Brother Richards, get a load

of this editorial use of the word "brother" among these fighting pencil pushers! It looks like you and I will have to dig up a cash bonus and pay someone to scrap with us. I'll bet you that both these snorting war horses have quit dipping snuff and probably are wearing lace on their unmentionables. A certain "someone" has hinted to us that Andy Jack carries his hanky up his sleeve! I know for a fact that Hale carries his money in a leather purse and has thrown his tobacco sack away.—The Gaines County News.

When the lion eats grass like an ox
And the fish worm swallows the whale,
When the terrapin knits woolen socks

And the hare is out run by the snail.
When water runs up hill
And the sun sets at morn,
Then country editors will keep quiet.
And your country won't be worth a darn!
So, let 'em have both barrels Brother Bright, they don't need mercy, give 'em justice.—Anton News.

OK gentlemen, we always like to please our customers, so the war is on again. We have closed all the frontiers to Yoakum Gaines and Hockley counties, and as our relations are none too good with Lynn and Lubbock counties, we have instructed them to come home via Dawson county. We have cabled our ambassadors to return at once, and handed passports to your representatives. If it comes to "iron and steel" instead of paper and ink, we are ready. Our ordinance department is working in three shifts, and we are demanding the return of all our lost colonies, and that our expatriates be given safe convoy to all borders. Another thing: if A. E. Richards of the Meadow Star, although a Hockley national, and son of one of our sworn enemy nations don't line up and fight with us, we shall have to enthrone him as a "furrigner." Our message to Garcia has been delivered, so Gridley, when you are ready, fire!

MEADOW BAPTIST NOTES

By Pastor J. N. Campbell

Miss Mary Alice Biby of Nashville, Tenn., who is Associate-Secretary of the Department of Intermediate work of the Baptist Sunday School Board of the Southern Baptist Convention will begin a tour of Texas with an Association-wide meeting at Meadow at 2:30 p. m. Sunday, March 6. This meeting is planned primarily for the workers with Intermediates in the Sunday Schools of the Association. Miss Biby will be accompanied by Mrs. Joe Trussell of Brownwood, who is State approved Intermediate worker for Texas. Miss Biby is to speak in Meadow at the evening hour also. Miss Biby and Mrs. Trussell come here under the direction of Dr. Paul McCasland, Brownfield Association Sunday School Superintendent.

Boyce Verner, president, and the Seniors had a social on Monday evening in the home of their Counselor, Mrs. A. L. Hicks; while at the same time the Intermediates, Af-ton Verner, president, met at the Parsonage. Each party had twenty in attendance, and a good time.

Mrs. Gladys Moorhead, president of the W. M. S., announces that next week and hereafter the women meet on Thursday afternoon. Mrs. C. E. Hicks will teach "Fruits of the Years."

Sunday the right hand of Church fellowship was extended to John Orona and Anastasio Lopez, and Wally Gonzales was approved for baptism. Also Mrs. Albert Joplin and Gwendolyn Caviness stand approved for Baptism.

Treasurer James F. Daniel reports an average of over \$107 per Sunday since the church began tithing the last of October. The money comes in through the Sunday school.

Mrs. A. V. Taylor was in recently from the Tokio community and renewed for their Herald and Farm News.

MRS. BELLE COUCHMAN PASSES

Mrs. G. N. Couchman, 71, of the Union community, passed to her reward last Thursday, at the family home surrounded by all her children and her husband. Funeral services were conducted at the home by her pastor, Rev. David H. Beebe. A Union choir sang several selections. There was a beautiful selection of flowers.

The subject of this sketch was born in Kentucky in 1867, but was brought to Texas by her parents at the age of two years. She became a member of the Milford Christian church at Milford at the age of 16, and has only belonged to that and the local church after moving here some 20 years ago. She married G. N. Couchman on September 22, 1887, the couple celebrating their Golden Wedding anniversary last September.

She leaves her husband, two sons and a daughter to mourn her passing, Dayton W., George D. and Miss Sue Belle. Another son Floyd passed on in 1934. The body was laid to rest in the Union cemetery, with Brownfield Funeral Home in charge.

CALL MR. McCRAW

Governor Allred is not really the Attorney General of Texas. William McCraw is not the Governor's office porter. Communication by newspaper interview on the front page is not the only way for a Governor of Texas to address a suggestion to the Attorney General of Texas upon a matter of State business. The end of an investigation of the State Land Office, rather than the middle of it, would seem the best occasion for a public statement as to the policy to be adopted toward remedial action, if any is required.

It is believed that the foregoing statements are severally true. Read them over and see if any of them appears to you to be open to question. Taken one by one, they seem to be quite literally true. Take them all together, in the light of the conduct of Governor Allred during the last thirty days or so, and a tentative basis seems established for suspecting politics somewhere or other. One might conclude, for example:

1. The Governor does not like William McCraw.
2. The Governor does not wish William McCraw to be the Democratic nominee this year for the gubernatorial chair next year.
3. The Governor is using the case against the Land Commissioner as if it were a case against the Attorney General.
4. The Governor wishes the people of Texas to have a poor opinion of the Attorney General.
5. The Governor is approaching the time when he will have to say definitely what, if anything, he wishes of the electorate for himself this year.
6. The Governor, in other words, must shortly either choose his candidate or be one himself.—Dallas Journal.

Tilden C. Brown of Post is visiting his mother, Mrs. J. O. Brown.

Freedom of Press

NEW YORK—Portraying "the unadorned truth," this statue will be dedicated to the constitutional right of freedom of the press in the "Four Freedom" statutory group on the Central Mall of the New York World's Fair 1939.

Amusement Zone Of New York Fair Biggest in History

NEW YORK (Special)—An amusement zone designed to accommodate at one time the entire population of cities the size of Akron, Atlanta, Birmingham, Dallas, Denver or St. Paul will greet the millions of visitors to the New York World's Fair 1939, Grover A. Whalen, president of the Fair corporation, announces.

By far the largest entertainment structure ever constructed, it will contain enough shows, devices, restaurants, villages, shaded rest spots, secondary streets and plazas to handle more than 250,000 fun-seekers.

One huge theater-restaurant alone will have seats for 5,000. Another music auditorium will seat 2,500. An amphitheater to contain huge crowds will be built by the state of New York at a cost of \$1,600,000, erected at the head of one of the lakes it will be the scene of operas, aquatic exhibitions, pageants and other extravaganzas.

The visitor to the Fair will walk about two miles merely to pass through the amusement section which will be laid out in the form of an oval loop with no "dead end" streets.

The 230-acre tract will be divided into at least thirteen villages or zones and every concession will conform in design and atmosphere to the particular zone in which it is located.

An example will be the "Little Old New York" village, where the theater will be a replica of the famous old Park theater, the principal cafe will duplicate Steve Brodie's saloon and the attendants will dress in character. All architecture will be attuned to that picturesque period. Admission to the zones will be free.

Mall Structures At New York Fair To Break Records

NEW YORK (Special)—Not only will the New York World's Fair 1939 be the largest exposition in history, but it will have the most luxurious Central Mall ever designed, a mile-long walk to cost \$60,000,000, Grover A. Whalen, president of the Fair corporation, announces.

And, not only will the Mall be the most magnificent ever laid out, but it will contain a number of other "largests"—structures and works of art that have never been surpassed for size or elegance, he added.

In addition to the Trylon, tallest triangular spire ever raised, and the Perisphere, largest ball ever made by mankind, the Mall will form a setting for the largest portrait statue fashioned since the Egyptians heaved the likeness of Rameses II from rock in the land of the Nile. It will portray George Washington as he arrived for his inauguration exactly 150 years previous to the opening day of the Fair. It will be 65 feet tall and its mass will be more than 500 tons that of average six-foot man.

The tallest sundial ever erected, supported by a life-size tree sculptured by the celebrated Paulanship, will actually tell time for Fair visitors, for the numerals denoting the hours of the day will be set in a huge, circular plot where the sundial's shadow will fall from 50 feet above.

More than a million plants and a thousand trees will be used in landscaping the Mall.

Tilden C. Brown is preparing to erect another rent house just south of the Methodist church on second street for his mother. It will be a modern 5 room cottage.

BUCK JONES IN "BLACK ACES"

ALSO: Chapter No. 1, Frank Hawk's "Mysterious Pilot"

"52nd STREET"

WITH Ian Hunter, Leo Carrillo, Pat Paterson, Sid Silvers and Zasu Pitts.

Ed Thompson has rented the old Ben Broughton place north of Gomez and will cultivate it this year.

Rev. and Mrs. David Beebe were visitors in Littlefield, Tuesday. Littlefield was their former home.

Folks Are Funny By E. V. White, Dean Texas State College for Women

Self-respect forbids that you hate a fellow and then weep at his fate.

Folks Are Funny By E. V. White, Dean Texas State College for Women

The biggest thief is one who robs another of joy.

Folks Are Funny By E. V. White, Dean Texas State College for Women

Being open mouthed will not make you open minded.

Few young women prefer cooking and sewing to the custom of looking and going.

A SALE for "SNUFFLERS"

Watch That Cold

Your Doctor Knows THAT DRUGS MUST BE PERFECT

WE WOULD LIKE TO SELL "CUT-RATE" DRUGS BUT WE WON'T DO IT!

We know that "cut-rate" drugs are the greatest lure in the world to attract customers. And we know that it's possible to make big profits on inferior drugs at "cut" prices. Naturally, we like to make money, but we don't want that kind of money. We prefer to continue our policy of selling fresh, potent drugs and remedies prepared by recognized pharmaceutical houses. Maybe we won't make as much money, but we'll maintain your confidence and our own integrity.
