

JANUARY 20 SET FOR URGENT SALVAGE DRIVE FOR PROCESSABLE PAPER AND TIN

Citizens of Brownfield are urged to cooperate fully with the army paper and tin drive announced for Saturday, January 20. Huge amounts of paper salvage and processed tin cans are needed in the furtherance of the war effort. Drives throughout the nation are bringing substantial amounts of this type of salvage, according to A. L. Hartzog, general salvage chairman of Terry county, by increasing shipments of war materials necessitate correspondingly great increase of supplies of tin and paper to make the shipments possible. Brownfield has contributed nicely in every drive of this nature to date, but salvage officials hope to make the current drive yield the greatest amount of paper salvage gathered here at any time and since this is the first tin drive.

A ready means of disposing of all processed tin cans received is available and we hope to make a good showing with the tin gathered. In order to help facilitate the handling of tin and paper by the army, housewives are asked to bundle newspapers separately from magazines in packages not exceeding 20 pounds in weight, each tied securely and placed at the curb at the nearest point to your home on the east-west streets. In those parts of the town where there are no east-west streets, just place your salvage paper and tin at the curb in front of your home. Where east-west streets exist, the army trucks will travel east and west in order to save tires, gasoline and time. Tin cans should be processed by re-

Brownfield Soldier Is Hospital Mess Officer

117TH GENERAL HOSPITAL, England—Efficient operation of four dining halls and three kitchens at this United States army general hospital in England, where many European battle casualties are recovering, is the responsibility of Second Lieutenant Elwin A. Edwards, 24, of Brownfield, mess officer.

"Getting supplies over here is a far different problem from what it was in the United States," said Lt. Edwards. "However, the quality of the food we get is excellent. The staff that I have under me is extremely efficient, and all the work which mess operation entails progresses without trouble."

Before entering the army in April, 1942, Lt. Edwards was employed by the South Plains Pipe Line company in Levelland. He studied business administration at Texas Tech. Lt. Edwards served more than a year as first sergeant of a general hospital in Africa before coming to England. The home of his parents, Lieutenant-Colonel and Mrs. C. T. Edwards, is here. His wife and little daughter also live here.

Robt. L. Heath Enjoys "Recess" in England

T/Sgt. Robert L. Heath, son of Mr. and Mrs. L. C. Heath, of 315 Lubbock road, Brownfield, Texas, recently enjoyed a "recess" from aerial warfare at an Air Service Command Rest Center—an English Seaside Resort Hotel where America's airmen who provide cover for the advancing Allied Armies in Germany, may relax between missions. Here T/Sgt. Heath lounged in the restful atmosphere of this vacationland hostelry and was provided with every type recreational facility. American atmosphere, and all the touches of "home" are provided by the American Red Cross, co-partners with the Air Service Command in operation of the Rest Center. After seven days he went back to his combat station ready to play his part once again in the air battle supporting the Allied march across Germany.

T/Sgt. Heath has completed 25 missions over Nazi-dominated Europe. Before entering the army he was employed as a truck driver by the Banner Creamery.

moving tops, bottoms and labels. Wash them clean, slip tops and bottoms inside cans and mash flat. These may be tied in packages or placed beside your paper salvage in a small box. Unprocessed cans can not be used and will not be picked up due to lack of manpower to process such cans, also, lack of space for transporting them. Army trucks will pass your home Saturday morning. Please have your salvage at the curb by 9 a.m.

Remember, folks, this is the least each of us can be expected to accomplish toward the winning of this war. The situation is serious to say the least and Uncle Sam must have your salvage paper and processed tin cans. You are especially reminded that however small your contribution may be it is worth while and urgently expected.

Sgt. Thurman With The "First" In Italy

15TH AAF IN ITALY—Sgt. James E. Thurman, of Route 5, Brownfield, Texas, who came overseas with the first American fighter group to arrive in Europe in this war, now has served more than 30 months in the European-African-Middle Eastern theatre. Thurman has been with the group since before it came overseas in June, 1942, and has been through the Algerian-Moroccan, Tunisian, Sicilian and Italian campaigns, the air Battle Over Europe, landings in Southern France, and operations over the Balkans and Greece.

For outstanding missions during these operations his group has been cited three times, receiving Distinguished Unit Citations for missions over Foggia and Aversa in Italy, and Ploesti, Rumania.

His group has flown more than 1,200 missions, the most recent of them in support of 15th AAF strategic operations over the Balkans, Northern Italy, Austria, France and Germany. The fighter as escort for the heavy bombers, planes have operated primarily and also have flown long-range, low-level bombing and strafing missions.

His group has a great many "firsts" to its credit, among them the first enemy plane shot down over the North Atlantic by an American pilot, the first ship sunk by an American fighter plane, and the first fighter group to fly 1,000 missions in the theater. It is the oldest fighter group in the AAF and its commanding officer, Col. Arthur C. Agan, was among the first American officers to go overseas after Pearl Harbor.

Sgt. Thurman is an armorer in the oldest squadron in his group. He is the son of Mr. and Mrs. J. E. Thurman of Brownfield, Texas.

NEW HOPES FOR SGT. CURTIS PATTON

A discharged soldier, Weisman Avery, who was in the same company with S/Sgt. Curtis R. Patton, came by to see D. L. Patton Sunday, last, and said he believed Curtis was not killed, but only injured in the leg, and was taken a prisoner by the Germans, as he was one of the last men to see Patton.

In June, last summer, Company K of the 347th Inf., 9th Div., was in Germany and were spearheading when German snipers shot and wounded Patton, tearing a bad place in his leg, but didn't go through the bone. Avery returned to Patton with medics and gave him first aid, when the Germans started surrounding them, the company having to retreat. When they did return to the scene everything was cleaned up. Avery felt that Patton could not have died from the wounds that were given first aid.

T/Sgt. Tom Hart, who has been spending a 21-day furlough in the home of Mr. and Mrs. R. W. Carter. Sgt. Hart is the son of Joe Hart of Ropesville, former Brownfield resident.

Growers Risk Losing Future Cotton Rights If the 1945 Acreage Cut

How much cotton will a farmer be able to plant in 1946 or 1947? That may depend upon how much acreage he plants in 1945, says A. L. Ward, educational director of the National Cottonseed Products association, Dallas, and this fact be weighed carefully in planning acreage this season.

Cotton acreage is not restricted this season, he points out, but in past control programs "acreage history" has been used to determine a grower's right to benefit payments, loans and other benefits under governmental programs. Because future programs may also be based upon acreage history, a grower may endanger his future opportunity to grow cotton by failure to plant enough acreage in 1945.

"Is there any reason to expect that a grower's future opportunity to raise cotton will not depend upon his past acreage history? Can farmers afford to risk losing legal rights as cotton producers in the future, when these rights may be far more valuable than today, because they failed to plant enough acreage this season?"

Ward added that some farmers will not be able, due to conditions beyond their control, to plant as much acreage this season as in the past; and this may endanger acreage goals established by the War Food Administration unless growers increase acreage where they are able to do so.

"Because of the importance of cotton and cottonseed as a war crop, source of food, feed, and fiber, and source of income to producers, it is highly important that every effort be made to reach these acreage goals," he said.

Perkins Promoted To Staff Sergeant

WITH THE 12TH AAF, ITALY—Champ C. Perkins, son of Mrs. Mollie Perkins of Brownfield, has been promoted to staff sergeant. The sergeant is the crew chief of a P-47 Thunderbolt, and serves with the Twelfth Air Force in Italy.

His group was recently awarded a distinguished unit citation for outstanding performance in action against the enemy in the Mediterranean theatre of war.

Enlisting in the army air forces in December, 1941, Sergeant Perkins was assigned to the aircraft mechanic school at Chanute Field, Ill., from which he graduated in May, 1942, as a qualified crew chief on fighter aircraft. He also attended the Bell aircraft school for specialized instruction on the maintenance of aircraft engines, graduating June, 1942.

Overseas 25 months, he has seen service in French Morocco, Algeria, Tunisia, Corsica, Sardinia and Italy, for which he wears four bronze stars to his campaign ribbon.

His unit is dive-bombing and strafing German installations in the Po valley. Sergeant Perkins has two brothers in the service: Pfc. Daniel Perkins in Georgia with the field artillery and Ray Perkins, a private, with the marines at a base in California.

Meadow Boy Gets Lieutenant's Rank

AN EIGHTH AIR FORCE BOMBER STATION, England.—The promotion of Richard V. Turbough, 23-year old pilot of an Eighth Air Force B-27 Flying Fortress, from the rank of second lieutenant to first lieutenant has been announced by Colonel Charles B. Dougher of officer of the 94th Bomb. Group.

Lt. Turbough is the son of Mr. and Mrs. William M. Turbough of Box 77, Meadow, Texas. Previous to entering the Army Air Force, he was a student.

Whoever sent the paper to E. E. Lee, Richmond, Calif., will have to drop in and give us a better address. The postoffice there reports there is no "Bunker" street in that city.

Jim Thomas Given Death Sentence In Dr. Hunt Case 2nd Time

The jury in the Jim Thomas case, tried at Lamesa last week, returned a verdict of guilty and assessed the death penalty for the alleged slaying of Dr. Roy Hunt, and his wife, at Littlefield late in 1943.

Thomas was once before given this severe penalty in a trial at Plainview, for the same offense, but was given new trial, and transferred to Lamesa.

Don G. Blevins Now Technical Sergeant

WITH THE FIRST CAVALRY DIVISION ON LEYTE—Don G. Blevins of Richmond, California, has been promoted to the rank of technical sergeant in the First Cavalry division, it has been announced by Major General Verne D. Mudge, commanding general.

Sergeant Blevins was given the promotion in recognition of outstanding leadership ability demonstrated during the battle for the liberation of the Philippines.

Landing on Leyte the latter part of October, Blevins' regiment fought for and secured the island of Samar, directly north of Leyte.

Blevins' parents, Mr. and Mrs. G. B. Lindley, live at 2015 Dover Ave., Richmond, California. He is a graduate of Wellman high school in Terry county, and was a member of the varsity basketball team for four years.

Pfc. Raymond DuBose Missing In Action

Pfc. Raymond C. DuBose, son of Mr. and Mrs. Willard M. DuBose, city, has been missing in action in Germany since December 16, his parents have been informed by the War Department.

Pfc. DuBose was member of the Medical Corps. He enlisted in the army in 1940 and spent two years in the Aleutians before going to the European theatre last October. He visited his parents and relatives last June.

CALLING ATTENTION OF WIVES OF SERVICEMEN

The regular monthly entertainment will be held at the Legion hall, for servicemen's wives, on Monday, January 22.

Be sure to attend.

While he did not mention it in his letter, just the same we noted that on his last envelop, the Jr. Editor out at Pearl Harbor, put a 1/C after his name, instead of a 2/C.

Farm Goal Meetings Planned

In discussing farm production goals for 1945, A. L. Hartzog, County Agent, said this week that the war needs for the coming year will be equally urgent with those of last year and that the Extension Service will aid in the conducting of farm goal meetings in various communities of the county within the very near future. Plans for scheduling of community meetings were outlined at a district meeting of Extension Agents, AAA personnel, FSA, SCS personnel and Vocational teachers, held at Lubbock, Wednesday, January 10. In attendance at the district meeting were Mozelle Reast, County Home Demonstration Agent; A. L. Hartzog, County Agent, Looe Miller, AAA Administrative Officer and Dennis Q. Lilly, FSA, who heard plans discussed for the 1945 farm program with tentative changes and accompanying suggestions for discussion of the 1945 program and crop goals with county and community AAA committeemen and individual farmers. Hartzog said that a meeting of county AAA community committeemen would be held at an early date after the local AAA office has received a breakdown of crop goals for Terry county. Local community committeemen will be aided in working out a schedule of community meetings throughout the county. Speakers for the meetings will be provided by the AAA Extension Service, FSA, SCS and other Governmental Agencies cooperating in the all out agricultural effort.

Terry county farmers have turned in record yields of farm products this year and the contribution of each individual farmer to the war effort is something to which our farmers may each point with pride. Considering the shortage of labor, machinery and supplies, the agent said that the agricultural production of Terry county farm operators in 1944 was nothing short of a phenomenon. This high production record of Terry county farmers is evidenced by the fact that the local cotton compress, operated by Mr. E. O. Melver, for the Texas Compress and Warehouse Company, now has more cotton on its yards than any other single cotton yard in the State of Texas. The State of Texas, incidentally, as a matter of interest to those who are producers of cotton, produces annually approximately 1/3 of the entire cotton production of the United States.

While livestock production is still in a slump, grain sorghum production for the past year was near record heights and indications are that sufficient cotton seed stocks are on hand at the local oil mill to permit near capacity crushing operations extending around July 1.

Meadow School Poise For Cage Tournament

Hamilton Still, superintendent of the Meadow public schools, was down Wednesday to advertise their basketball tournament for January 25, 26, and 27.

Competing teams for girls are Post, Tahoka, Wilson, Wellman, Meadow, New Home, Cooper, Ropes, Union. In the boys bracket are: Brownfield, New Home, Wellman, Ropes, Union, Tahoka, Post, Wilson, Meadow, Plains and Cooper.

Meadow girls have not lost a game in 16, won two tournaments against Tahoka and Ropes. The boys have lost to O'Donnell and Ropes.

Approximately \$70 worth of trophies will be given away. First place, and runner-up; first place and runner-up consolation in each bracket.

You will please note the time, and always be on time to start each game. This is imperative, due to the number of games.

Coaches please register and identify your players upon arrival.

40,741 Bales Cotton Ginned In County

A. L. Hartzog, County Agent, stated Wednesday that up to that time 40,741 bales of 1944 cotton had been ginned.

This of course includes Terry county cotton ginned at county line gins such as, Seagraves, Loop, Welch, Newmore, O'Donnell, West Point, Ropes, Lake view, and the gin just across the line in Hockley county on the Levelland road.

Retha Hamilton, employed at Piggly Wiggly, lost her wrist watch somewhere in town Wednesday of last week. The watch is treasured rightly by Retha, as it was a gift from her father.

56,000 BALES OF THIS YEAR'S COTTON ON YARDS—ABOUT \$5,000,000 IN VALUE

Mr. Bowers, district superintendent of the Underwood compresses, made a statement here recently that there was more cotton on the yards in the Brownfield area than anywhere else in the state of Texas, probably the south. Our informant quoted Mr. Bowers as saying that there was more cotton on the yards in Brownfield than "ever had been at any one place heretofore."

But to confirm some of these statements, we called up E. O. McIver, local superintendent, who stated that the above statement was very likely true for the present time, but that in 1937 there was several thousand more bales of cotton on the yards at Littlefield at one time, than here now. And Mr. McIver should know, for if we are not mistaken, he was the Littlefield superintendent at that time.

Just the same, there are many, many acres here covered with cotton, extending from the compress and its huge warehouses, where compressed cotton is stored, to away out on the Levelland and Lubbock highways. There is just too much cotton for us to undertake to go out there and count. But it is a sight to many people here from all over the county.

Mr. Bowers was further quoted as saying there was something like 5,000,000 dollars worth of cotton now on the ground here. Fig-

Mrs. L. O. Greenfield Receives Son's Purple Heart Medal

Sgt. Lee O. Greenfield sent his mother, Mrs. L. O. Greenfield, the Purple Heart, given him for being wounded in action in Germany. Sgt. Greenfield was in Germany in Mid-December and a robot bomb flew too close, giving him a cut above the eye and several bruises.

Sgt. Greenfield is now in combat duty in Belgium, and has been in combat duty since D-Day; first in France, then Germany, and now Belgium. Recently Mrs. Greenfield received a package of souvenirs from him from Brest, France, including a German trench knife, a bayonet and coins, among many other things.

At a meeting in the county health office this afternoon, the following were present: Mrs. O. L. Jones, Miss Geraldine Pyeatt, Mrs. W. R. Gandy, Mrs. W. R. Richards, Mrs. J. M. Teague, sr., Mrs. E. R. Clewis, and Walter Breedlove, sanitary engineer.

Jack Bailey, chairman for the March of Dimes in Terry county, stated this week that he was very fortunate in securing the Buddy Arnett Orchestra, a ten piece musical organization of Lubbock, and one of the outstanding aggregations in this section.

The dance will start at 9 P. M. at the American Legion Hall, and will last until ?? Everybody invited.

At a recent meeting of the Jaycees, it was announced as a result of votes taken among the business men, "Sid" Szydoski was awarded the choice of being Brownfield's 1944 outstanding young man.

Sid, who operates a tailor shop, has been very active in civic affairs of the town for the past several years.

Retha Hamilton, employed at Piggly Wiggly, lost her wrist watch somewhere in town Wednesday of last week. The watch is treasured rightly by Retha, as it was a gift from her father.

Field Workers for Texas T.B. Assn. Here

Arch Underwood has a lot of cotton under his care scattered over the South Plains area, but he has a personnel of capable guys that are ever on the alert to see that there is plenty of water barrels around handy to the yards, all grass and weeds removed, and the barrels always well filled with water.

Mrs. Ethel Peerman, field worker for the Texas Tuberculosis association, with headquarters at Austin, spent Saturday in Brownfield, conferring with officers and members of the board of the Terry County Tuberculosis association. Mrs. Peerman was gratified to learn that a great deal of work in tuberculosis control had been done during the past year by the county health unit and the local association. Some 1100 school children have been tuberculin tested and the ones found positive were X-rayed.

In instance where the families were unable to pay for the X-rays, the local association, through the president, Mrs. O. L. Jones, paid for such films. From the report of the county nurse, Mrs. Irene Griffith, it would seem that there is more tuberculosis in the county than is known by the general public. Six patients have been sent to the sanitarium at Carlsbad, Texas, from Terry county, and there have been two deaths during the year just closed.

The local association plans on carrying on their work, looking toward another testing of school children. Educational work will be done in the schools by the distribution of literature, showing of films and the possible bringing of a worker in the tuberculosis field who is experienced in working with Latin-Americans.

All of the work carried on by the local association is financed by the purchase of Christmas seals by the people of Terry county.

Local housewives as a rule do not ache and gripe but little about rationing. In fact, most of them are sold on it for the duration, so that all will get a fair share of food. But when the boys higher up pull a boner, it gets on their nerves, and leads them to believe that someone is not onto their onions. For instance, only recently, the news that many things that they had been buying ration point free, were to go back on the ration list pronto, and a lot of stamps they had been "assured would be good indefinitely," were suddenly canceled. This came like lightning out of a clear sky. It looks like someone has blundered again, and again, and again.

A proposed amendment to the constitution has been introduced in the state legislature, which would carry its own enforcement law with real teeth in it, to prohibit any one from depriving any workman the privilege of labor who does not belong to a union. Seemingly this is in answer to a CIO lobby now stationed at the capitol at Austin, to have laws enacted to suit them. Several months ago, we heard many complaints of workmen from here, particularly carpenters and plumbers, who went to the army encampments seeking work, and unless they put up a big union fee, they just didn't get any work, and some of them returned home. This law, if enacted, and passed by Texas voters, would make it a heavy penalty for any union boss or employer hiring men, to deduct union dues, unless the workmen ok'd it. Some of the penalties carry jail sentences as well. The Herald has no objection to labor unions, as we have stated any number of times, as long as they recognize the freedom of

It's Great To Meet Up With Old Timers

Had a little business in Lubbock this week, and while there happened to pass through the lobby of Hotel Lubbock. No, we did not have a tooth pick in our mouth as if we had eaten in the coffee shop—just a near cut from where we'd been to where we were going. Met up with Charley Middleton and Albert Taylor, cattlemen of the old stripe, but now seemingly taking life easy.

Got to reminiscing with these old boys, when the subject of drinks came up. Now all three of us use to "tetch a drap" occasionally when together, and the old boys just didn't appear to believe us when we told them we'd been quit, teetotally for several years, and don't touch the stuff. Not that we are any saint, but it just does not do us any good, and some harm.

Which called to mind one time back about 1911 or near that time when we happened to be in Lubbock and wanted to get home. Albert had to go out to his ranch in Lynn county that day, then on to the L7 in this county, where Mr. and Mrs. Sam Arnett were bosses, and then Sam and Albert were to look over a herd of steers in Gaines county that afternoon.

Of course we arrived at the L7 just in time for chuck call, and such a dinner—the noon kind. But Sam and Mrs. Arnett had just returned from Illinois where they visited their friend and partner, Will Ellwood, who had not moved to Texas at that time. Mr. Ellwood had presented Sam with a quart of as fine essence of the mash as one ever popped his lips over, and we hit the bottle before the meal.

Those were the good old days, maybe, just as you see it. It use to be a standing joke that Sam would scare the hound out of Will whirling through those cow trail. On the other hand, Will would scare the heck out of Sam when he got him up in Illinois on those paved roads, and in a multi-cylindere auto, and sped up to possibly 70,—just a moderate pace for the present cars.

workmen who do not wish to join them. Labor unions have in the years past made the road easier and better for their members. But when they undertake to run the executive, legislative and judicial departments of our state and nation, we part company. When that happens, freedom gets a decided setback.

Deadly U. S. Rockets In Mass Production

Dallas, Texas, Jan. 15.—Here's more sad news for Hitler and Hirohito—Uncle Sam's deadly rockets are coming toward them in greater quantities than ever before.

United States Steel Corporation announces that rocket production lines at the vast McKeesport, Pa. works of National Tube Company have passed from the experimental to full production stage.

One of the World War II pioneers in developing and mass producing new type armaments National Tube is now pouring out rocket motor tubes and "war heads" in great quantities for the Navy.

Recently the Navy reported it had developed a small rocket carrying ship which has two and a half times the firepower of a 45,000-ton battleship.

Mrs. R. T. Coffee returned to her home in Lubbock to attend to business, after visiting in the home of her daughter, Mrs. O. L. Peterman.

\$445 Offered In Texas History Contest

Austin, Texas.—The Texas State Historical Association has announced a first prize of \$100 for the winner of the 1944-45 Junior Historian Writing contest. Eighteen papers will receive awards totaling \$445. Special prizes of framed etchings are offered also.

Contests may deal with any topic in Texas history, but contestants are urged to work on some subject related to their community or local history. Some suggestions for topics are: cattle, trails, saddles, Indian depredations, transportation, natural history, exploration, oil, economic, political, or biographical subjects.

"Any boy or girl in Texas under twenty-one years of age may become eligible for competition," stated H. Bailey Carrol, Editor of "The Junior Historian," the magazine of the Association which is written almost exclusively by young Texans.

April 1st, 1945, is announced as the closing date of the contest. All interested are invited to write for further information to The Junior Historian, Bx. 2131 University Station, Austin, 12, Texas.

HOW TO ENJOY GOOD HEALTH IN ADVANCED AGE

Austin, Texas.—In order to enjoy the best possible health at an age beyond forty, Dr. Geo. W. Cox, State Health Officer, advises that persons this age be regularly examined by their family physicians to discover in time those ailments which are likely to contribute to the ill health of older people.

The principal foes of health confronting the middle years are heart disease, cancer, kidney disease, high-blood pressure, hardened arteries, apoplexy, diabetes, and arthritis. Arthritis is conspicuous among these diseases because it is seldom fatal but is probably the most common cause of suffering and disablement.

Dr. Cox advises periodic physical check-ups, the avoidance of overweight during the middle years of life and the observance of the natural restrictions imposed by increasing age. Persons with damaged hearts should learn their limitations and never exceed them. In general, they hard or prolonged exertion, exposure to cold wet weather; They should eat moderately, use tobacco sparingly, if at all and stop all activity before breathlessness occurs.

Medical care in middle age has two aims. The first is prompt diagnosis or attention to illness which may mean the difference between continued good health and prolonged invalidism. The second aim is as important as the first, and that is prompt attention to any known illness in order that it may not progress and to allow an opportunity for a complete cure.

Despite limitations and complications, Dr. Cox declared the second half of life can become the better half, if close attention is paid to general health, and periodic examinations disclose any incipient illnesses in time for early treatment.

SUGAR CONTENT IN BEETS DOWN THIS YEAR

Lubbock, Jan. 16.—A report on the sugar content of a car load of commercial sugar beets shipped recently by the Plant Industry at Texas Technological College reveals that the percentage of sugar is down on this year's crop. The percentage as analyzed by the American Sugar Crystal company of Rocky Ford, Colo., shows only 14.18 per cent sugar content whereas the average content over a period of years has been approximately 16 per cent.

Dr. A. W. Young, head of the department, said the low sugar content this year was due to leaf spot damage. This experiment has been conducted on the Tech farm since 1938. This year eight varieties of commercial sugar beets have been grown.

Farm Labor Program

Congress has again charged the Extension Service of the land grant colleges with responsibility for the farm labor program a bill appropriating the money for carrying on the program during 1945 was signed by the President just before the year ended.

Dr. Ide P. Trotter, Extension Director for Texas stated that upon being advised of the Congressional action. "The Texas A. and M. College Extension Service has not sought this wartime responsibility, but our organization will do everything possible to help farmers and ranchers produce, harvest, market crops and livestock without waste or loss."

C. Hohn, Extension State Farm Labor Supervisor says that the farm labor office will not slacken its efforts during the winter months. Representatives of his office are already working with local community groups in an effort to set up at least 100 centers for migratory farm laborers' use late in the year. These centers would provide crews by Extension workers, and would speed up placement and routing of families and sanitary and parking facilities, during the coming year.

A. L. Hartzog, County Agent, said this week that Extension funds had been matched by city and county groups to afford monies for repairing and improving the local migratory camp ground and facilities located on North 5th street. It is expected that these facilities should

increase the ability of the county to secure workers in seasons of need since heretofore overnight camping, while being placed was rather difficult for the crews since facilities did not afford adequate protection during cold weather. Considerable increase in the usage of the camping facilities which are the joint property of the city and county, has been noticed since completion of the repairs, according to the agent.

Farmers are requested to continue to make their labor needs known to the County Agent's office in the Post Office building, else crews may be lost due to inability of the labor placement man to throw where they should be placed.

Summarizing the years work with migratory workers, the agent said that while bad weather and shortage of housing throughout the county, coupled with extreme increase in size of crews made it difficult to harvest the entire crop by securing full use of the labor available. Terry county appeared to have more migrants come in than has been the case in recent years, possibly something in excess of 5,000 workers who arrived here and set all time high for migrants in the county. Extended cold weather sent many crews southward and machine harvesting is taking up in a big way where they left off in an attempt to complete the harvest of near 50,000 bales the county has produced. All in all it looks as though Terry County farmers have received a full share of the available labor as compared with other West Texas counties. We hope, however, to make our labor program much more effective throughout the coming year.

Keeping in mind we are seldom able to fill all the requests for year around labor, the agent said that he nevertheless felt it wise to encourage farmers to file their needs with him at all times thus making it possible to find locations for every individual who might apply for work.

We Meet Three Very Presistant Fellows

While out one afternoon last week in quest of a nickel cupa Arbuckle, we met three guys who absolutely forced a dollar apiece on us, in spite of all we could do. They were Jewel Bell of Route 1, Meadow. D. Peston Lewis of Route 5, and Leo Willis of Route 1, this city.

It's awful when it gets so a guy can't step out for a little pleasure without a bunch of guys ganging up and forcing a this good old religious weekly, dollar on him for another year of some of which have read it from childhood, such for instance that Jewel of a Bell.

Then on the same day another good lady paid again, now Mrs. Henry Pulliam, who threatened to quit us if her name didn't appear in this old sheet. We've also known her since she wore short dress—or were they short then, comparatively speaking?

Mrs. Jeanette Marchbanks of Lubbock, visited the first of the week with Miss Charlie May Harrold.

WILL C. BROWN SAY MAIL MEN GET CUSSIN'

Has a sizeable output, including cash on the barrelhead for the old reliable, from Gob Will C. Brown, recently. He is now a MaM 2/C. And that just means a mailman, according to Will C. He is enjoying the weekly visits of his Herald, thereby keeping up with the goings and comings of civilians as well as men in the service.

But Will C. says he knows he and the rest of the MaM get plenty cussings, as their personnel as well as those they serve change so much there is not much they can do about the matter.

Mrs. Jess Deadwiley and daughter of Amarillo visited their husband and father, who is a mechanic at the Chevrolet garage last weekend. Sunday afternoon they went to Meadow to visit relatives, and as they turned off the highway, they hit a culvert. The car was damaged and Mr. Deadwiley was treated in the local hospital for a broken wrist and lacerated chin.

Monday was a very busy day among the farmers in Brownfield. All accountants and most all attorneys were given the grand rush in fixing up income tax reports for them. Others than farmers leave until March 15th, but may send in their reports now.

THE OLD JUDGE SAYS...

"Adding another War Bond to your collection, eh, Judge?"

"Yes, Josh, I've always looked upon buying Bonds as one of the best ways older folks like me here at home can help our fighting men overseas. For the past couple of years I've put every extra cent I had into them... not only during the War Bond drives... but on a regular basis. Of course, when there's a drive on I always try to buy an extra one or two."

"We've done the same in our family, too, Judge. We figure the more we buy... the better we equip our men... the quicker they'll finish their big job and come marching home again."

"That's the spirit, Josh. And let's be sure of one more thing. Let's be sure that they come back to the same kind of place they left. While they are away and can't express their opinions, let's not make any decisions on things that are going to concern them in years to come."

Huckabee-Branch Wedding Vows Read In First Methodist Church

Miss Daphne Huckabee, daughter of Curtis Huckabee of Amarillo, became the bride of B. W. (Dub) Branch, AOM 3/C USN, son of Mr. and Mrs. Sam Branch, of Brownfield, in a ceremony performed Monday evening at the First Methodist church, with Rev. R. N. Huckabee officiating.

The bride wore a two-piece white winter suit with a brown off-the-face hat and brown accessories. She wore a corsage of red roses.

Mrs. Elmo Schaffner was matron of honor and wore a black suit with black accessories and a corsage of pink carnations.

O. D. Huckabee, uncle of the bride, was best man. Other guests at the wedding were Mrs. O. D. Huckabee and son, Ronny, and Mrs. Joe Hardin.

Immediately following the ceremony, a reception was held at the home of Mrs. Walter Gracey, aunt of the bride, with whom she has been making her home.

The table was covered with a lace cloth over yellow satin. Yellow and white tapers gave the only light, and a large bouquet of white carnations carried out the bride's color scheme.

The bride and groom cut the first piece of the tiered wedding cake. Mrs. Gracey poured punch, and she was assisted in serving by Mrs. Tom Neely and Mrs. Arch Fowler. Only family members and close friends attended the reception.

For going away, the bride chose a three-piece moss green suit with a lime-green blouse and brown accessories.

Mrs. Branch is a 1941 graduate of the Brownfield high school. For the past two years, she has been employed by the Jones theatres.

HINT FOR HOME BAKERS

New Quick Roll Recipe—Easy and Good!

Make them with Fleischmann's yellow label Yeast—the only yeast with those EXTRA vitamins

QUICK ROLLS

- 1/2 cup milk, 2 tablespoons sugar, 1 1/2 teaspoons salt, 1 cake Fleischmann's Yeast, 1/2 cup lukewarm water, 3 cups sifted flour, 3 tablespoons melted shortening

Scald milk, add sugar and salt; cool to lukewarm. Dissolve yeast in lukewarm water—and be sure it's Fleischmann's yellow label, the only fresh yeast with all those extra vitamins. Add to lukewarm milk. Add 1 1/2 cups flour and beat until perfectly smooth. Add melted shortening and remaining flour, or enough to make an easily handled dough. Knead well. Shape into rolls and place in well-greased pan. Cover and let rise in warm place, free from draft, until doubled in bulk (about 1 hour). Bake in moderate oven at 400° F. about 20 minutes. Makes 12.

FREE! New Revised Wartime Edition of Fleischmann's Famous Recipe Book! Clip and paste on a penny post card for your free copy of Fleischmann's copy of the newly revised "The Bread Basket." Terry County H. D. Council

The Terry county HD Council held its first meeting of the year 1945, at 2:30 o'clock at the court house in the Sheriffs office on last Saturday.

The house was called to order by the vice chairman, Mrs. Frank Seargent. There were fourteen members present and seven HD clubs represented.

The chair called for report of the Council committees. The chairman of each Council committee appointed for 1945, are as follows:

Exhibit—Mrs. W. R. Gandy, of the Pleasant Valley club.

Year Book—Mrs. Kenneth Hodges of the Gomez HD club.

Expansion—Mrs. H. D. Pendergrass of Meadow HD club.

Education—Mrs. Manson Henson of Pleasant Valley HD club.

Recreation—Mrs. B. R. Lay of Gomez HD club.

Finance—Mrs. Odell Lowe of Meadow HD club.

Reporter—Mrs. Jewel Bell of the Harmony HD club.

The Pleasant Valley club was awarded the \$5.00 prize given by the Council on the "best Window exhibit demonstration given in 1944". This being on "frame gardening".

Miss Reast announced that the District Texas Home Demonstration Association, will be held in Brownfield, April 21, 1945.

The committee appointed to make preparations for this district meeting were: Mesdames Paul Gracey, Manson Henson and Jewel Bell.

New time set for Council meetings will be 3:00 p.m., instead of 2:30 p. m.

MISS DAPHNE HUCKABEE BRIDE-ELECT HONORED WITH TEA-SHOWER

Mesdames W. T. Howze, Mark Olson, R. C. Zant and T. A. Power, entertained with a tea-shower Friday afternoon, from 3 to 5 o'clock, honoring Miss Daphne Huckabee, bride elect of B. W. "Dub" Branch, in the home of Mrs. Howze.

In the receiving line were Mrs. Howze, Miss Huckabee, Mrs. Walter Gracey and Mrs. Clyde Bond, maternal and paternal aunts of the bride-elect, and Mrs. Sam Branch, mother of the groom.

The table was covered with a floor length brocaded satin cloth, and was centered with a bowl of yellow and white spring flowers. Mrs. J. B. Huckabee, paternal grandmother of the honoree, presided at the punch service, and she was assisted by Mesdames Olsen and Zant.

Mrs. Lee Allmon, maternal grandmother of bride-elect, presided at the white satin brides book. Mrs. Power displayed the gifts.

About seventy-five called and sent gifts.

DIZZY DANG CLUB MEETS

Martha Ann Cranford was hostess to the members of the Dizzy dang club on the 5th at her home.

Sandwiches, olives, cake and hot chocolate was served to Betty Ann Ferguson, Patsy Black, Yvonne Forbus, Nelda Brown, Jo Ann Price, Cynthia Black, Barbara Benton.

Don Estes, who is with the navy at San Diego, California, is here this week on leave, visiting his wife and child. He was formerly with Caves' Variety store.

Mr. and Mrs. E. G. Black and sons, Max and Rex, left Saturday morning to visit Mrs. Black's parents, in Tulsa, Oklahoma, and to attend the wedding of her sister.

Wanted To Know If Our Apprentice Drank

And then there was Lawrence (Sach) Green that fell in with two bucks. Old Sach helped us in this office 30 odd years ago, but fell by the wayside with paint and brush and paperhanger's shears. But he learned some of the printer's terms he has never forgotten, such as "apprentice."

One night, when we were doing a night turn, a "shiftless skunk" as Yard Bird would say, dropped in to offer us a pull at his bottle. Then he wanted to know if our apprentice liked it. That was the first time Sach had ever heard that word and the big, overgrown 16 year old lad got a deep belly laugh about that word. He had heard of "printer's devils," but not the other.

Fire Damages The K. Martin Kirschner Home Friday

The K. Martin Kirschner home was badly damaged by fire last Friday morning about 10 o'clock due to a defective furnace.

Mr. and Mrs. Kirschner were out of town marketing for the Bargain Center, their store, but came home immediately. They were reached at the home of Mrs. Kirschner's parents at Tulsa, Oklahoma, and arrived here Saturday.

The damage has not yet been estimated.

Mrs. Adair was in the past week to see about the Herald going to her son, Sailor S. C. Adair.

No Pension In Prospect for Forbus

W. P. Forbus was in Saturday for the ever-so-many times to renew. Mr. Forbus is now 72, has put in a life of hard work, during which time he has saved and accumulated quite a bit of property. No pension for him, however, or any other man who has made the days and hours count.

The Big White Fathers at Washington and Austin intimate if they do not say it, "why, you darned fool, you worked all your life and accumulated, and so let your lazy neighbor draw the pension." But, like the writer, Mr. Forbes believes that those who have had sickness and other misfortunes should also have a pension. But the drones-nawsah!

Now here it is 1945, and in August we become 65. But W. P. gently broke the news to us Saturday in these words: "Jack you won't be able to touch a pension, top, side or bottom." Dadgumit!

IDEAL CLUB MEETS IN PETERMAN HOME

Mrs. O. L. Peterman was hostess to the Ideal club with games of bridge Wednesday afternoon, Jan. 1.

A refreshment plate was served to Mesdames Simes, Wingerd, McDuffie, John O'Dell, Roy Herod, Bob Bowers, Money Price and Spencer Kendrick.

Mr. and Mrs. Bob Noble and children visited in the home of his brother, J. L. Noble, in O'Donnel Sunday afternoon.

Mr. and Mrs. L. E. Hamilton and Mrs. J. C. Lewis were Lubbock visitors, last Friday.

Mrs. Mary Cox and daughter, Mrs. Ruth Herndon and children, visited in Tahoka, Sunday.

Pete Martin Receives Purple Heart

W. A. Smith, out on Route 4, was in for a chat last weekend, and stated that he had just received a letter from his son, Cpl. Hardy M. Smith, stating that Pete Smith, his buddy, has been wounded, but was now OK and back on duty.

Hardy M. stated that they had been together since they first went in training in Washington state, as well as two other boys, one from Lubbock. Phillip Thompson was with them until discharged, after sustaining an injured knee. Pete had been awarded the Purple Heart, the letter stated.

Jack Hamilton Stresses Care of Tires

Jack Hamilton, local dealer, joins with the manufacturers of U. S. Royal tires, and other manufacturers, dealers, etc., as well as the government, in the warning to drivers of cars not to neglect their tires.

Here is the set up. There is now plenty synthetic rubber, but only enough manpower to make tires as fast as they are shot up on the war front, as well as new planes, tanks and trucks. Y u will have to keep your tires going for some time yet.

Do you wish to aid Tojo and Hitler? It will tickle them to see every car, bus and truck stalled in America. That means we cannot get war material to the front to fight those outlaws.

Don't try another trip on tires that look sick, says Jack. Have them recapped—NOW!

Football Boys and Coaches Attend Banquet

Courtesy of the Amarillo News-Globe, with Putt Powell, sports writer in charge an all-1AA banquet was held Monday night, January 15, at 8 P. M., at the Thomas Dining House, Amarillo.

From this city were Coaches John A. Bost, Aubrey Nooncaster, and Tom Neely, any newspaper men who wished to attend, and the following Cub players: Chambliss, back; Clark, tackle; Byler, end; Kempson, end; Lewis, guard; Jones, center; and Hill, back.

Some of the area newspapers have reported that the Alexander well in northwest Terry county was plugged. Geo. Alexander says there is not a word of truth in the report.

During the past few months, Miss Wood said, the amount of salvage fats turned over to renderers has fallen far short of the amount needed. She went on to point out that waste fats serve hundreds of war purposes, especially in the manufacture of medical supplies and ammunition.

A. D. Brownfield was recently re-elected president of the Western Cattlemen's Association, at Denver. Dee is the youngest son of the old pioneer ranch family here, and was attending the Southwestern University at Georgetown when this writer landed in Terry county 36 years ago.

"Soldiers Of Production" A Misnomer

After reading of strikes in the various lines of industry over the most trivial causes, while millions of our boys who depend upon production at home are battling for their lives, one lacks words to express condemnation of such practices. And when one hears the leaders of men who strike, describe them as "soldiers in the army of production," one becomes almost nauseated.

"To begin with, the worker on the home front enjoys short hours with high pay and is his own boss. If he works a minute overtime, he gets time and a half or double pay. If he wants to quit work and go fishing, he stays away from work. If any little thing bothers him, he quits.

"Compare this to the life of a soldier. His base pay is \$50 a month. His hours are anything that occasion demands. His work week is as many days as it takes to do the job. He doesn't lay off to go fishing. He doesn't quit his company if his officers happen to ruffle him. He doesn't strike. He doesn't live at home with his family. But month after month and year after year, he lives in surroundings which no home front worker would voluntarily accept for a moment.

"If a soldier disobeys orders, he is subject to court martial, with imprisonment or execution—the verdict depending upon the offense. The home front worker, when he disobeys orders, suffers no penalty, and when he strikes, is in most cases actually rewarded by higher wages or some other device to induce him to return to work.

"The least one can say is that the term, "soldiers in the army of production," is a misnomer that any honest workman should shy away from, because his activity bears not the slightest resemblance to the activity of the soldier."—Hockley County Herald.

Waste Cooking Fat Needed Badly Now

"Waste cooking fats are needed more now than at any time since the beginning of the war," Opal L. Wood, district OPA rationing officer declared today.

During the past few months, Miss Wood said, the amount of salvage fats turned over to renderers has fallen far short of the amount needed. She went on to point out that waste fats serve hundreds of war purposes, especially in the manufacture of medical supplies and ammunition.

The call from the government to housewives to renew their efforts to save their waste fats follows the call for more medical supplies and for more ammunition to meet the needs of stepped-up war activities both in the pacific and in Europe.

Housewives are reminded that two red points will be given for each pound of fats turned in to butchers.

Mr. and Mrs. Albert Enderson of Fort Worth, arrived Sunday evening to visit with her mother, Mrs. Sharkie Shepherd, and in the home of her sister, Mrs. P. R. Cates.

WARNING ON LETTERS TO "MISSING" GIVEN

Washington, Jan. 13.—The War department warned today that sending letters, through the International Red Cross, to soldiers listed as missing in action may endanger the lives of those soldiers.

A soldier listed as missing in action, the department explained may have escaped capture by the enemy. But again a letter may only serve to notify the enemy that he is still at large in their territory.

Mrs. Terry Redford and baby left Tuesday for Mineral Wells to get Terry's mother, who has been under treatment there. They will return today.

Mrs. W. T. Howze and Mrs. Mark Olson attended to business in Fort Worth the first of the week.

Jaycees Have Banquet 1945 Automobile

The local Jaycees entertained their wives and other guests at a barbecue banquet Monday night at the Legion hall. Clint Dunagin of Midland, state president of the Junior Chamber of Commerce, delivered the principal address.
