

Lewis Keeps Planes On Way to Naziland

An VIII Air Force Service Command Station, France.—Sergeant Carl R. Lewis, Brownfield, Texas, is now on duty at this strategic air depot in France where Eighth Air Force bomber and fighter planes make emergency landings.

A 1939 graduate of Brownfield high school, Sergeant Lewis was employed as bookkeeper for the Higginbotham-Bartlett Lumber Co., prior to entering service in September 1942. He has been overseas since October, 1943, and his wife and daughter Barbara Nell, await his return at 311 East Cardwell, Brownfield.

Pilots and crews of flying Fortresses, Liberators, Mustangs, and other aircraft used by Eighth Air Force in relentless bombing and strafing of Nazi targets regard this airfield where Lewis is on duty as an "Oasis in the Desert." Planes which sustain battle-damage over enemy territory land for repairs at this and other strips operated by the VIII Air Force Service Command, headed by Colonel James F. Early, of Worcester, Mass. These strips also provide a haven for planes unable to safely return to bases in England due to lack of sufficient fuel or adverse weather conditions.

OASI Tax Still Two Percent

In reply to some inquiries received from some employers concerning the old-age and survivors insurance tax rate, Sam Leifeste, manager of the Lubbock office of the Board stated that for 1945 this rate remains unchanged at 2 per cent, 1 per cent being deducted from wages paid the worker and 1 per cent from the employer's pay roll as his contribution. He stated that Congress did not allow the automatic increase in the tax rate to go into effect January 1, 1945, as some employers seem to think. Employers will continue to make the same deductions from wages and include this information in their report to the Bureau of Internal Revenue, Leifeste said, as in the past.

New Highway to Northwest Oil Fields

The proposed highway from here to Morton, via the Slaughter oil fields, is well under way. Recent meetings of the Commissioners courts of Terry, Cochran and Hockley, have practically defined the route.

It is to begin on the Plains highway, about six miles west of town, thence angle northwest for a few miles, then north to Sundown, and on to Morton.

It is to be a standard highway, perhaps paved as soon as the war is over, and will serve a large territory in this county not now having a highway, as well as a direct route to the expanding oil fields of northwest Terry, southeast Cochran and southwest Hockley.

LIONS VOTE ON WHEN THE WAR WILL END

At the Lions weekly luncheon Wednesday, a ballot was taken of the over 60 present, on when the war in Europe will end.

The votes ran from April to November, with the majority predicting it to end about July 1st.

TRI-COUNTY FAT STOCK SHOW AT SEAGRAVES

The 4-H and FFA club boys of Gaines, Yoakum and Terry counties, will have their annual Fat Stock Show at Seagraves on April 7th.

Prizes will be awarded for feeding calves and hogs.

DISTRICT COURT TO CONVENE NEXT WEEK

District court convenes next Wednesday the 28th, to hear several cases on the docket. A jury has been summoned for duty.

Man Observes 100th Birthday Here

A 100 year old, just a kid in Noahs day, but one in a million now. Brownfield witnessed the birthday, that made a Centurian of Stephen Dupuis (French spelling, Dupee, English spelling,) who for the past four years has resided with his daughter, Mrs. C. B. Worsham, on Lubbock Road.

Attended by several relatives and family friends, they served dinner March 9th, including a large cake, but couldn't get enough candles, and the old gen remarked he "couldn't" have blown them all out no way. Born in 1845, in the La Voyce Louisiana vicinity, near where his parents were born, being of French descent. He has farmed all his life in that state, only a few short visits out.

Entered the Confederate Army at 18, served as courier with General Taylor, carrying messages from one command to another; went by horseback, and because of scattered Union troops, rode mostly through the woods of which there were plenty, in fact but few roads. Rode 200 miles one trip, sleeping out at night. Food for self and horse was scant, often far between.

He attended most all of the Confederate Reunions until two years ago, and it is noted there are now barely enough left to hold one. He is apparently in good health, walks about the place, rides to town weekly, is hale and hearty, very affable, likes to converse with visitors. Was a sickly lad, but as he says "when about 35 I got well and stayed well." He appreciates and enjoys our modern way of life.

Every year he makes trips among his six living children, one in California, Mrs. Worsham here, and four in Louisiana. He has 13 grandchildren, 30 great grandchildren. His wife passed away in 1896.

Sgt. P. J. Nettles Killed in Action

Mrs. J. P. Nettles of route one, has received word from the War Department that her son, Sgt. P. J. Nettles, was killed in action in Germany on Feb. 20th. Sgt. Nettles wife and daughter, Barbara, of Mobette, Texas, at present reside with his mother, here.

Sgt. Nettles was with the Third Army in the Infantry, and had been in service about four and one half years. He had been overseas since October 1944. Before going into service he was employed in Morton.

Besides his mother, he is survived by his wife and daughter, five sisters, Mrs. H. M. Oswald, of Denver, Colo., Mrs. E. J. Roper of Venice, Calif., Mrs. R. Letta Vruzzese, Seaside, Oreg., Mrs. Dub Haines, of Corpus Christi, and Miss Lois Nettles, who is employed at the Brownfield State Bank.

Virgil Crawford Now Now On High Seas

County Attorney Virgil Crawford, who has been stationed at San Diego, with the Navy for the past year, is now aboard a huge aircraft carrier, somewhere on the Pacific, his wife who has just returned from the West coast reported early this week.

She and baby will live here for the duration. Virgil was assigned combat duty at his own request, and had performed clerical work before. He also met up with Bernice Blevins, also in the navy, who was formerly employed at the courthouse at same time as Crawford.

Brownfield Boy Injured on Iwa Jima

Mr. and Mrs. Lew McQuerry have just received a letter dated March 10th, advising that their son, Jack, who is with the famous Fourth Marines in the battle of Iwo Jima, was wounded, but not thought to be serious.

Baptist Revival To Begin, Sun. March 25

D. C. Hamilton of Vernon, Texas will conduct the song services in the First Baptist Church revival, which begin Sunday

D. C. Hamilton, Singer morning March 25th, and continue through Sunday April 1st. Mr. Hamilton is a singer of unusual training and ability, and is giving all his time to evangelistic campaigns.

The First Baptist church is co-operating in the city wide simultaneous revival and is very happy to be able to offer the splendid services of this capable evangelistic singer.

Services will be held twice daily, 10 A. M. and 8:20 P. M. The pastor, Rev. A. A. Brian, who returned Monday from Lawton, Okla., where he conducted a revival in the Calvary Baptist church, in that city in which 51 professed faith in Christ, and 51 additions to the church, will preach through the series if services.

David Hanks Report- ed Killed in Action

Wyatt Hanks, employed at the Brownfield Post Office, received a message Sunday evening, that his brother, David Hanks, 21 years of age, was recently killed in the battle of Iwo Jima.

Wyatt and wife, the former Miss Culver, of this city, immediately went to Clarendon, to visit the boys parents, Rev and Mrs. H. W. Hanks, who is pastor of the Methodist church in that city.

Rev. Hanks was pastor here two years ago. David entered service from this county.

Bobby Graves Back Here on Leave

Bobby Graves, son of Judge and Mrs. R. L. Graves, who has spent the past year in the Navy on the North Atlantic, is home on 26 day leave. Bobby is a gunner on a transport, that conveys fleets of material to European ports. He went to Normandy just following the invasion, but mostly to Murmansk on northern tip of Russia.

He spent last Christmas week in that area, and said the Russian people were very hospitable, taking them to their homes, giving them entertainments, Christmas dinners and many presents, tried to make Christmas real for them, and that the husky women unloaded the ships, as their men were off to war. He has crossed the Atlantic three times, and had to fight off German U boat attack once. He likes the Russians much better than the French.

While they often sent an ice-breaker ship ahead of them, and 40 below on land, yet it is a dry still cold and more endurable than he anticipated. He reports back to New York, and expects reassignment elsewhere.

We learned this week that the Gene Gunn Tire Shop and auto supplies, is installing some new fixtures that will make his store one of the prettiest in this area.

Leo Holmes and Judge Lincoln urge those who have not given yet to please, not wait for a worker to come around, as their tires, time and gas is as scarce with them, as all, but to come to either of them or any known committeemen. They are anxious to complete the quota before April 1st.

Labor Saving Exhibit To Be Held Here

In response to a call of A. L. Hartzog, county agent, several business men and farm agents, met at the Agent's office, Tuesday afternoon, and decided to hold an exhibit of labor saving devices, here on March 31st.

With the dire labor shortage, necessity, "the mother of invention," is called upon to do her stuff. The farmers of Terry and adjoining counties are asked to exhibit the results of their genius, which has seldom failed them for long. To assemble their gadgets, short cuts and what have you, that tend to save labor on the farms, or in the household. Anything and everybody is expected; women especially to show any short cuts and better ways of doing the household work.

While commercial or manufactured articles are not barred, it is primarily for individuals who have devised some useful article or attachment, to save time and labor, for the benefit of others.

Committees were appointed to arrange the exhibits at the Money Price Implement. Some moving pictures will be shown along this line. There will also be exhibits from other counties. W. G. McDonald will be in charge of the entries.

PLEASE HELP US!

Did you know— That thousands of wounded veterans are being sent to the United States hospitals daily?

That recreation facilities are not adequate for such a large number?

That you can assist in the recreation program by donating good used playing cards or other games

The Alpha Omega study club is cooperating with the G. F. W. C. by sponsoring a collection in Brownfield.

The Brownie Scouts will call at your home this week for all cards and games. Please have them ready.

Scholastic Census Being Taken

The annual scholastic census always taken in March, is well under way. Blanks are sent out by the children, with requests to parents to sign and return, thus saving the expense of an enumerator.

School officers point out it behoves all parents to see that their children between the ages of 6 and 17 are listed, as the State apportions funds to run the schools on per capita bases. They request every patron to report to the school superintendent any one that may not have enrolled, especially new comers. It means about \$31.00 for each child, to the school, allowed by the state funds.

Veteran's Labor Com- mittee Meets Here.

The Veterans Advisory and Labor committee of Terry county, held conference at the court house Friday afternoon, engaged in general discussion of their mission in aiding returning veterans. E. G. Akers, chairman of the Veterans Re-employment office here, addressed the meeting.

Attending were A. L. Hartzog, County Agent, J. C. Bonham, G. W. Luker, Wood E. Johnson, Mrs. R. D. Jones, Mrs. Kelley Sears committeemen; and Miss Reast, W. G. McDonald, of the Farm Home Demonstration Agent and Labor Department.

Club Women to Aid Red Cross Drive

The patriotic women's club; of Brownfield, will station members near or inside drug stores, Saturday, to receive donations to the Red Cross. This is for the convenience of those who have not had the opportunity, or been visited by a worker, to contribute. It is known that many people will gladly contribute if contacted by solicitors.

Revival to Start At Nazarene Church

Pastor J. S. Norton, of the Nazarene church, announced this week that a revival would start at that church, Sunday, March

Rev. John McKay, Missionary 25th, with Rev. W. J. Benson, pastor of the Lamesa church, as evangelist. Rev. Benson is reported to be an excellent speaker, and a spiritual man, and that all will enjoy his messages.

Services will be conducted beginning at 8 each evening. The meeting will run through Sunday, April 8th. Rev. Norton also announced that they would have as speaker, Rev. John McKay, returned missionary from India, tonight, March 23. He is also reported to be a fine speaker, and will bring a very interesting message. Church building Tate at Second.

Scouts to Gather Waste Paper.

Ralph Bailey, local Scout Master, announced early this week that the Boy Scouts will seek the General Eisenhower medal for gathering waste paper. A beautiful emblem is given the Scout who assembles 1000 pounds.

The paper is to be carried to the Geo. W. Neill waste paper house, and he will keep the lists. Those who so diligently saved paper and brought it there may still do so or call a Scout, who will call for it.

All are urged to tie it securely in small bundles, easily handled, so it won't fall apart in handling. This is a windy time of year and untied paper is hard to handle and could create a fire hazard.

Farm Census To Be Taken Here

Carlos E. Reynolds of Lubbock, Assistant Supervisor of Farm census for the 19th Congressional district conducted a school of instruction here Monday, Tuesday and Wednesday, for the enumerators of the farm census now being taken throughout the nation.

Those who will take the census for Terry county are Wm. F. West, Mrs. Venoy Sanders, S. L. Powell, A. N. Motes, and Miss Sparkman, as reserve. Mrs. Winnie Q. Moore of Lynn, and John O. Mayfield of Lubbock, also attended the school, to work in their counties. They began their work Thursday and will continue until finished.

Mr. Reynolds explained the census was taken every five years for the past 100 years. It is statistical basis for Congress, and the Department of Agriculture to act upon. It furnishes useful information for the government, and on which to base legislation of interest to the farmer.

He further points out the enumerators are under oath, that the information is confidential, and will not, as some suspect, be used as a check-up on any person. The governing powers need to know the counties background.

New Oil Well Going Down Fast

Red Cross Goal About Half Reached

Faithful workers in the Red Cross drive for the county's quota of \$9,900.00 reported that up to Saturday night, little over \$5,000.00 had been subscribed. While the first few days, looked like a bad start, bringing discouragement to the committee, some claimed it unthinkable that Terry county with a five million dollar crop, several million dollar turnover in business, a million in real estate deals, eight million in our banks, would fail to raise this little sum.

Less than one penny on each dollar of our cashable wealth, \$3.00 for each voter, 75 cents for each person in the county, two bits per bale, a nickie on the dollar of a months turnover in business.

Never, will Terry county let its fighting sons sold down the river. I will help pull the mout of the river, the river of blood. Give them dry clothes, bandages, for those unburied, comfort and cheer, medicine, even food for those in prison camps. They must let their hands as well as their hearts reach across the seven seas.

Pfc. Van Hare Killed In Action at Manila

Mr. and Mrs. W. H. Hare, who live 7 miles east of town on the Tahoka highway, received the sad announcement from the war department this week, that their son, Pfc. Van Hare, had been killed in action at Manila, Feb. 22. A confirming letter was to follow. He enlisted 3 years ago, and had been in a number of major engagements.

In a letter written just seven days before the death of Van, one of them had written that they, Van and Sgt. John M. Brothers, knew that both were on that island somewhere, and that they intended to try to get together. Mr. Hare stated this week that he did not know whether the two boys met or not. The letter was written just 7 days before Van's death.

Other than Mr. and Mrs. Hare, there were six sons in the family, one of which remains at home, and a daughter, Mrs. Dorothy Blackwell, of Houston.

Van received an award as expert rifleman while in training. He trained at Fort Sill, Okla., Camp Wolters, Texas, Indian Gap in Penn., and finished in California, from whence he sailed.

Lt. Sam Chisholm Home on Leave

Lt (sg) Sam Chisholm arrived home last week for a short leave from more than a year in Pacific waters, in which he saw several pretty hot fights, although one has a tough time getting that kind of stuff out of Sam. Naturally of a reticent nature, his talk runs more to peaceful things than shooting matches in the Pacific.

But he can tell you some interesting things about places he's run into. He was aboard one of Uncle Sam's major battle-wagons. We asked if things jarred around much when a broadside of the 16 inches belched. "Yeah, they mighty near bounce out of the water, and the side on which the guns are fired go down almost to the portholes, just as the other side is heaving up."

As soon as he has finished his leave with the home folks, he is to report to Great Lakes Naval training station near Chicago, for reassignment. "You just watch me get out and get in civies as soon as the shooting is over," was his parting shot.

Federal Crop Insurance Revised

Loose Miller of the Agricultural Department, announced this week, he has received revised rating, and prepared to write crop insurance for 1945, at cheaper rate and on greater yields.

He stated that April 25th, was dead line for crop insurance.

Easter Week at the Methodist Church

The Brownfield Methodist Church is joining in the city-wide emphasis on a closer walk with God and hopes to have results in deeper loyalty, closer fellowship, and dedication to the spiritual need of the hour.

On Palm Sunday, Mar. 25., we hope to reach our goal of 250 in the church school. All classes are expected to "round-up" their members who have been absent and secure several new members. The emphasis for the week will be fellowship with God and with each other in His Church.

Monday at 8:20, is Youth Night. Young people and their counselors and teachers are responsible for attendance, ushering and special music.

Tuesday evening is "New Friends Night." The church school workers are hosts. New comers and prospective members of the church are honor guest.

Wednesday evening is "Church Family Night." The stewards and their families are hosts.

Thursday, "Fellowship Night," 7:30 P. M., a covered dish supper with songs of fellowship and love. The Women's Society of Christian Service are hostesses. 9 P. M. A candle lighted Communion Service. All are requested to enter the Sanctuary in reverent silence.

Friday, 8:20 P. M. A Love Feast. Pappy Johnson's class are hosts and attendance committee. All pioneer members and friends are to be invited guests.

Easter morning, 8:30. Young Peoples breakfast at Thompson's Cafe. At eleven o'clock infants are to be Christened and a large number of children, youths and adults are expected to be received into the church. Goal for Church School, 250.

Let all come to the help of the Lord against the mighty forces of spiritual indifference and out-breaking sin which is cursing our world and sending our youth to the battlefronts, instead of to the quiet retreat of home and church on Easter day.

War Food Production Meeting Scheduled

Loce Miller, of the local Agricultural department and A. L. Hartzog, county agent, have called a series of meetings for farmers to discuss War Food Production for 1945.

Subject will include price control, cotton insurance and other matters vital to farmers. First meeting will be held at the court house Saturday at 4 p. m.

The next will be held at Wellman the 28th; Union Thursday the 29th; Pool, Friday 30th; Meadow, April 5th, and Johnston on April 6th. All will be held at night except the one here.

Local committeemen will be in charge of arrangements.

Old Clothes Drive To Start Soon

Committees are arranging to collect old clothes for relief of foreign victims of war, to begin April 1st.

It is known that many countries and people, innocent of war, have been devastated and impoverished. It would be a humane thing to aid them, and by this means supply their demand without more expense than transportation.

Robert Adams Home On Furlough

Pfc. Robert E. Adams, son of Mr. and Mrs. Bob Adams of the Rich Lake community, was home last week from Camp George Meade, Md. He reported back to the camp, Monday. Robert has been in the service 2 1/2 years, and was transferred Christmas from the Air Corps to the infantry.

Before entering the service, Robert was picture projectionist for Jones Theatres here. He also did the same work in the air corps before being transferred.

About two weeks ago we wondered what possessed our many exchanges. About half of them we opened had the wrapper stuck to the paper, which in parting generally spoils a large section of the front page. Well, maybe the paste was not sticking good that week, and the help, such as one can get these days, just "smeared" 'er on" in such jobs that a lot of the stuff slushed off on the papers.

The National Dairyman's Association is asking local dairymen to cooperate locally as a tieup with the National advertising, using local papers for their ads. As we have stated at other times in these columns, dairymen are doing a real war job of helping to supply the nation in the much needed foods, milk, butter, and ice cream. And they are doing the job under all kinds of handicaps, such as high feed prices, ceilings on their products, and of course scarcity of competent help. They must also have their herds inspected rigidly for disease. But they are going down the road, with a small percentage of profits, with perhaps some merely breaking even. This in face of the fact that many other industries are making money overhanded. The Herald is always glad to cooperate in any way to help our dairymen.

While we are not hearing so much about the 60 million jobs after the war, since the election

is over, there must be many jobs prepared for the returned service man or he may get sore. And he is not wanting a job cutting weeds on vacant lots, not by a jugfull. But in normal times, it is said that we have only about 70 million people of working age, about half being women, many of them housekeepers, not to say a whole passel who never have held a job and never expect to do so. So, when all is considered and figured down to a gnats bristle, not more than 30 or 35 million jobs will actually be needed. The Herald for one believes that industry, after reversion, will absorb most of these, if not all, and that that money spent for bondonggling jobs will just be an added burden to the already heavily weighted taxpayer.

It is so seldom that a country editor shoots a wad at a dignified Commissioner Court, that it sounds like a man bit a dog instead of the other way round. But evidently editor Wade down Jayton way, does not have any too much to lose, anyway, from the four men who hold forth over at Clairmont, the county seat. It seems the matter all started when the economy minded quartet fired the HD agent. Editor Wade rather sarcastically reminds them that considerable could also be saved by firing the county agent, which seems to already be on the minds of the commissioners, and also by consolidating the county clerk and treasurer's offices. Finally, Mr. Wade reminds them that two, instead of four county commissioners, might do the work required in that county, Kent. We hope no editor down that way lays himself liable to a horsewhipping.

Cleanliness is Next To Godliness

Austin, Texas.—A good old fashioned house cleaning in every city and community in Texas would do a great deal toward furthering good health in this state, according to Geo. W. Cox, State Health Officer, "From a practical standpoint the old adage that "Cleanliness is next to Godliness" is still worth emphasizing."

A great clean-up program of state-wide proportions with the objective of bettering health conditions for our citizenship should include surface cleaning, drainage, the graveling of streets and alleys, the cleaning of all parks and playgrounds and the clearing of weeds and rubbish off of vacant lots.

The destruction of mosquito breeding places and fire hazards the proper disposal of garbage and trash and the general cleaning up of all premises will be, said Dr. Cox, "of inestimable value in helping to keep down summer health hazards." Good community housekeeping and ordinary sanitary measures require the prompt removal of all waste matter in and around yards and homes in order to abate the danger of diseases.

"Such a clean up program will also eliminate fire hazards, which in itself may help to avoid property damage or death by fire."

To Make Your Sugar Go Further

Austin, Texas, March 20.—The civilian will have to depend more and more on molasses, honey, maple sugar, and corn syrup for sweetening this year, Dr. Jet Winters, President of the Texas Nutrition Council, with headquarters on the University of Texas campus, reports.

There will be less sugar available, according to reports from the War Food Administration. Dr. Winters said, and the homemaker will have to "juggle" recipes to use half sugar and half syrup sweetening, she suggested.

Sugar savers, she said, are: serve cooked foods hot to enjoy their fullest flavor and sweetness; save syrup from canned fruits to sweeten other fruit, pudding sauces, or beverages; a pinch of salt develops flavor and makes food seem sweeter; be sure all sugar is completely dissolved to get its full sweetness.

COTTON OFFERS YOU MORE FOOD

You can't can Cotton—cure it in a smokehouse—or put it in a food locker, yet Cotton is one of the most important food crops you grow. Cottonseed Oil is one of the nation's essential food fats, and Cottonseed Meal, Cake and Hulls play a big part in the production of meat, milk and other foods. Among the nation's FOOD CROPS, Cotton stands near the top!

COTTON OFFERS YOU

1. MORE MONEY
2. MORE FEED
3. MORE MARKETS
4. MORE DEPENDABILITY
5. MORE FOOD ✓
6. MORE PER ACRE
7. MORE OPPORTUNITY TO SAVE LABOR

You're helping to feed America, as well as clothe it, when you produce more Cotton and Cottonseed—through higher yields per acre on enough acres to insure adequate total production, and to assure yourself of enough cash income. Be sure you plant enough acres of good land to Cotton this season—and give those acres the attention and care that will pay big dividends in better yields and more money.

Abilene Man Gives \$65,000 to ACC

Abilene Christian College, Abilene, Texas, which includes among its students, Ada Sue Dean, daughter of Mr. and Mrs. Sewell Dean of Wellman, and Jaunita Jo Brown, daughter of Mrs. Brown of this city, has announced the provisional gift of \$65,000 by Mr. and Mrs. Ed Chambers of Abilene.

The money set up in a trust estate at the request of Mr. and Mrs. Chambers, will be given to the school when friends, patrons, and ex-students of the school raise an additional \$60,000 to match the trust fund.

Specific uses to which the money will be put are the erection of a new dormitory and improvements in the home economic departments.

Sgt. T. L. (Pat) Patterson, of LAAP, was a week end visitor in the home of Mr. and Mrs. Jack Bailey.

Nation Food Shortage Being Stressed

Warnings are given by high government authorities of an impending food shortage, and it might be well for all who can, to raise a Victory Garden.

It was shown that a total of thousands of acres, and millions of tons of food stuffs were produced in that manner two years ago, which may have stood off the shortage until this time.

While it is annoying to the tender handed, and not a money-making project, it might be sorely needed through the summer, and it will at least help the war effort.

Old He Gets An "Ish" Greeting Card

Speaking of the Irish, a lot of us, whether we have a drop of the "ould blud" or not, have become at times sorter "regusted" with the Irish of Ireland. But when we remember that the Catholic part of that old country is ruled by a dago with a Spanish name, DeValera, we are not surprised that they have more or less favored the Nazis.

On the other hand a sizeable army of those old fighters have slipped out of the old country to England, and are fighting in the English army. Others are working in war plants in England.

Yep, one of our little lady friends sent us an Irish greeting card this past week, and it was not a brickbat. This little friend always calls us Daddy Jack when sending us cards of any kind, and they are always highly appreciated. She never forgets us when we are ill, on Christmas or Daddy day.

WHITAKERS LOST THEIR 13 MONTH OLD BABY

Mr. and Mrs. Vernon Whitaker who live six miles out northeast on the Lubbock, highway, lost their thirteen month old daughter, Bettie Nell, Sunday. Burial Monday in the Memorial cemetery.

The Whitakers have two other children, a boy and girl.

Allred Man's Outfit Takes Toll of Nazis

With The Fifth Army, Italy.—Pvt. Woodrow W. Gray, son of Mrs. Laura B. Gray, Allred, is a member of the 348th Field Artillery Battalion, which has taken an impressive toll of German armor in its 157 days in combat on the Fifth Army Front in Italy. With 73,000 well placed shells (6,915,000 pounds) the battalion destroyed 23 artillery pieces, 12 trucks and four German ammunition dumps. It has destroyed twice the number of its own cannon. The figures include only the confirmed damage.

The 348th, which fires 155-millimeter howitzers in support of the 91st "Powder River" Division, has at a range of 4500 yards stopped a counterattack 200 yards in advance of friendly infantry and has fired missions from in advance of infantry elements. The battalion helped to pierce the Gothic Line at Futa Pass.

Mesdames Doreen Criswell, Allie Cox, Florence Parker and Cornelia Moore, attended Friendship Night in the Order of the Eastern Star, in Plains Monday night.

Mr. and Mrs. Roy Jenkins and Mr. and Mrs. Curtis Jenkins, visited in the home of Mr. and Mrs. Clyde Jenkins, in Lubbock, Sunday.

Two Terryites Reach Camp Wolters

Among others who have arrived at Camp Wolters, Texas, for military training are, Pvt. Oliver Goldston, 18, son of Mr. and Mrs. W. M. Goldston, of Denver City,

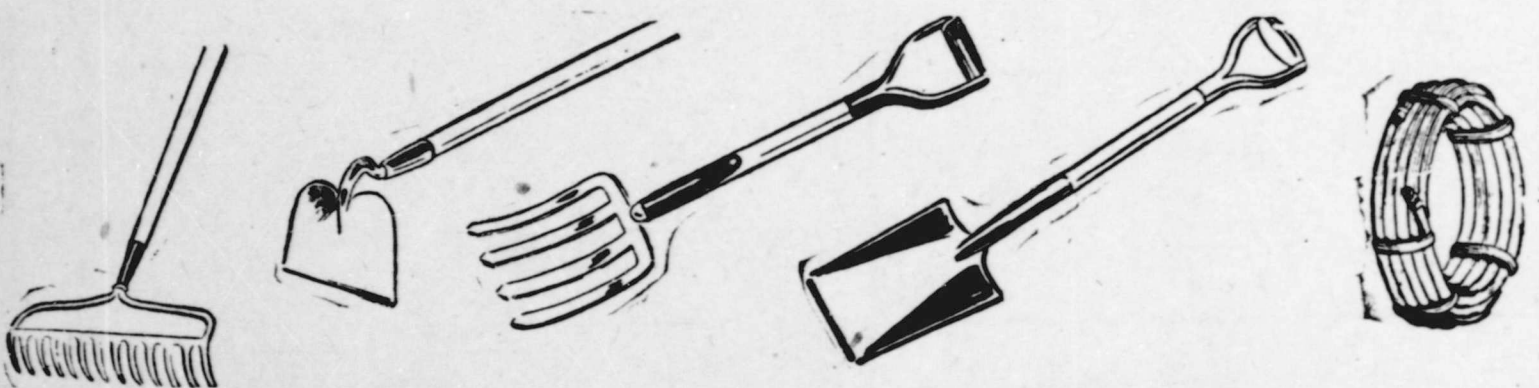

but formerly of Terry county. The other is John Arlie Day, 28, husband of Ms. John A. Day of Tokio.

They are taking infantry replacement training, as basic. Both have been assigned to a battalion stressing rifle.

Another Old Pioneer Woman Passes On

Mrs. Melissa (Grandma) Bragg, 86 years of age, died at the home of her son, George Bragg, in Lubbock, Monday evening. She was among the earliest settlers of Terry county, locating with her husband and small family at Gomez, in about 1903, living there until the death of her husband a few years later.

Since when she made her home with her only son, George B. Bragg, a druggist, here for several years, before moving to Levelland and Lubbock. She is survived by her son, and two daughters, Mrs. Ida Wilson, of El Paso, and Mrs. Elmer Christner, of Calif., 11 grand children and 11 great great grandchildren.

Funeral services were conducted at the Church of Christ, city, by Elder Liff Sanders, at 11 A. M. Wednesday, and interment in the Brownfield cemetery. Grand-Bragg loved her church and was in faithful attendance until her health failed at the time she fell and broke her hip several years ago. Only recently she fell again breaking her arm.

The son, George Bragg and wife, are well known in Brownfield and vicinity, the wife being a sister to Mrs. Homer Winston, and a niece of Mesdames W. W. Price, Jim Burnett and S. H. Holgate of this city.

Ed Mayfield has purchased the interest of his partner, Mike Blair, in their service station at West Main and Eighth. Mike has not fully decided what he will follow in the future.

The Hahn Motor Supply is greatly improving their drive-in at Main and Seventh, making it much more convenient for their customers as well as for themselves.

Pfc. Paul Auburg, son of Mr. and Mrs. J. T. Auburg, is visiting here from Altus, Okla., while on a seventeen day furlough.

Prescription Filled Over 15 Million Times

Recommended to do just two things: relieve constipation and gas on the stomach. This successful prescription is now put up under the name of ADLERIKA. Get a bottle of Adlerika next time you stop at your druggist's and see for yourself how quickly gas is relieved and gentle but thorough bowel action follows. Good for old and young. Caution, use only as directed. Get Adlerika from your druggist today. Palace Drug Store and Nelson-Primm Drug Co.

Beware Coughs from common colds That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back. **CREOMULSION** for Coughs, Chest Colds, Bronchitis.

Cpl. Marshall Christian left for the Veteran's Hospital in El Paso Tuesday, after visiting in the home of his brother, C. W. Christian and wife, last weekend. Cpl. Christian was wounded while in service in the Aleutians, here he was stationed for 30 months.

Mr. and Mrs. Gay Price were guests in the Alvin Allen home Sunday.
