

## Tribute to "The Old Country Doctor"

—GWN—

With the passing of Dr. J. D. Moorhead, of Meadow, a few days ago, went not only a real pioneer native Texan, but one among the last of the historical "Old Country Doctors" that will soon be an American legend. His was the times when the doctor rendered curb service to his patients. Any time day or night, through all kinds of weather, bore their ills together. With the old pill bags filled with vials of medicine of that day, swung across his horse behind the saddle, then the satchel at his feet with the case in the jitney, he carried on for forty years. With only a fundamental learning of anatomy and medicines, they had to depend on logic, deductions, reasoning and experience, and then apply the remedies then known and their success was no small achievement.

It was from their experiences, findings and practices that medical science took-off on its flight to its present wonderland. His was a profession that kept the pace, and more often led, other endeavors, in the rapid progress of the world, and Doc kept the pace until failing health and too many years bore him down. He answered his last call March 25, three days later his frail body was laid away in the cemetery of his home town, Meadow, attended by many he had helped save from preceding him.

As he has said, "I hit the world at a bad time," three years before the great civil war, which wrecked the South, and kept it racked, till recent years. His youth was spent in the Texas wilderness, and during that time, Texas was nothing else but. Deprivations, adversities, hardships, real pioneering. But with ambition, and ability, he survived it and succeeded.

What consolation it must have been to him, after passing through a normal lifetime of such turbulence and tribulations, live to see his beloved Texas rise and come into its own.

Those who knew him, enjoyed and respected, his forbearance, and tolerance, and the respect he had for the views of others. His benevolence and usefulness to his fellow man. They are thankful he was spared to a ripe old age of 86, and see his large family of children and grandchildren reach maturity and take over a fuller life and better State than when he found it.

## PFC. LEE ROY THOMAS IN REST CAMP

Mr. and Mrs. L. T. Thomas received a letter from their son, Pfc. Lee Roy Thomas, U. S. M. C., Monday, stating that he was in a rest camp, after the battle of Iwo Jima.

He said he saw many of his buddies wounded and killed. He also said he saw Jack McCreary about 30 minutes after he had been slightly wounded, and he was leaving on a hospital ship.

Pfc. Thomas has been in five major battles, and has never mentioned a scratch that he has received. He is with the Fourth Division of the Marines.

He thoroughly enjoys the packages his mother and friends have sent him.

H. H. Harris, of Bronco, is now a regular reader. Recently he sent us a rather long but very interesting article on the early days in this section, say from 1890 to now, 55 years. Due to the length of the article, scarcity of help, limited printing facilities, we may have to divide it into two or more installments. Watch for it.

## Malcolm Scales Promoted to Staff Sgt.

A Fourteenth USAAF Base in China.—Staff Sergeant Malcolm Scales, of Mrs. R. W. Scales, of Brownfield, Texas, has been

promoted from the rank of Sergeant. He is serving with a photo technical unit of the Fourteenth Arm Air Force in China. Before enlisting in the army Sergeant Scales operated his own farm which is now being run by his brother, Harmon Scales. Sgt. Scales has been in the army since April, 1942, and for the past year he has been overseas.

## Baby Came Near Drowning Monday

Th little sixteen month old son of Embree Hulse and wife, came near drowning Monday in a water trough on the farm of his grand - parents, Mr. and Mrs. Hugh Hulse, who live 4 1-2 miles southwest of the city on the Seagraves highway. The baby's dad is overseas and has never seen his baby.

As soon as the baby, Carroll Gene, was discovered, a neighbor, Horace Fox, and others began working on him with artificial respiration, and after some ten minutes the little fellow began to show life. He was then rushed to the local hospital for further treatment.

Tuesday morning the little fellow seemed to be OK, and in the afternoon was carried back to the farm, but Hugh says that water trough will be fixed to where the baby can't get to it.

## Sgt. Carter Building Foreman in Italy

Allied Forces Headquarters, Italy.—Staff Sergeant William A. Carter, husband of Mrs. Erbie B. Carter of Tokio, Texas, and son of Mr. and Mrs. Chas. W. Carter, Quincy, Calif., is now serving as construction foreman with Company A, 719th, Railway Operating Battalion, which recently received the Meritorious Service Unit Plaque for assisting in the construction of the Pisa-Florence rail lines, the latest communication to the Fifth Army front.

Men of this unit started work on their section of the line at Pisa, early in Feb., and completed restoration of the bombed-out yards and 19 kilometers of right-of-way in a little less than one month. The entire line was finished 34 days ahead of schedule.

The unit's most difficult job was installing a 225-foot rail-road bridge over the Elsa river. A citation by General Joseph T. McNarney, Deputy Supreme Allied Commander, Mediterranean Theater, said: "Through the industry and perseverance of its members, the important task was completed in record time and with a high degree of efficiency, thereby reflecting great credit on Company "A" and the Military Railway Service of the Army of the United States.

Overseas 23 months, Sgt. Carter wears the Mediterranean Theater Ribbon with two Battle Participation Stars and has been awarded the Good Conduct Medal.

Japan has about as many cabinets as it has islands.

## Old Homer is "Scart" Of the Draft

Homer Winston, who to a stranger always seems to have a chronic case of bellyache, that being natural with him, was telling some of the force that represents this paper by gadding about over town in quest of ads and news, that he had a four inches snow on his farm near Seminole." And there might have been a little snow here, as some said they heard either hail or sleet in the night, to give us 30-100 inch of moisture that will help some, but we need much more.

Then Homer confided to the same party that he was getting "scart" they would draft him for the army, so he went to farming. Just between us and the gatepost, we think Homer got just about all he wanted in 1917-18 in quest of the Kaiser, who slipped through his hands into Holland, as it were. Mon Telford, Sach Green and a bunch of others were along, too, but they admit they didn't see which way the Kaiser went.

Anyway, it is good enough for Holland. She protected the old Kaiser in spite of all the pleadings of the 1917-18 Allies. Now Holland is reaping what she sowed in protecting an outlaw. Now they are calling on us for food and old clothes.

We hope Homer makes lots of roasting ears, beans and peas, for we always felt safe in making ourselves at home among what he sowed, just before he was ready to reap.

## Mrs. Wallace Gets His Purple Heart

We have been informed by Mrs. J. C. Parker, who for a number of years lived in the Brownfield and Meadow vicinity, that he wife of Pvt. Finnie Wallace, who was killed in Germany Dec. 4th, has received the Purple Heart, awarded her husband.

His wife now resides in California. He was inducted into the armed forces at Fort Sill, Okla., November 1943, and trained at Camp Wolters, Texas. Memorial services were held at the Assembly of God church in Oklahoma City, or Pvt. Wallace, April 8th.

## Road Bond Assumption Seems Likely

Judge C. L. Lincoln returned from Austin early last week, and stated, that with the aid of Senator Sterling J. Parrish, the Senate committee reported the bill out favorably, which if passed, would take up over a million dollars in road bonds for Terry and several adjacent counties.

Lincoln stated, that Parrish, who he found to be alert and well liked by his colleagues, is actively behind this measure.

## Brownfield School Buys More Acreage

The Brownfield school district has recently purchased a tract of 6 1-2 acres of land, from Joe Shelton at consideration of \$4,000.00. The tract is about five blocks east of the present high school, known as the Holgate place, lying between Broadway and Main streets. Trustees have not announced any immediate use to be made of it.

## Wellman Gin Has Successful Season

The Farmers Co-Op Gin at Wellman will hold their annual meeting at Wellman, next Monday evening, April 23rd, at which they will divy on eight-thousand dollar mellen to the stockholders, this with four-thousand already divided, rounds out another year of successful operation under the management of D. K. Griffin, who has been with them the past three years, and is elected for another year.

J. K. Griffith, president, and Lee Lyons, secretary, of this Co-Op, announced the meeting, at which refreshments are to be served.

## FAT STOCK SHOW HERE SATURDAY WAS A PRONOUNCED SUCCESS

The Fat Calf Show, sponsored by the Junior Chamber of Commerce, with exhibits by the 4-H and FFA boys clubs, was a great success, here last Saturday. Much favorable comment was made on the high grade of breeding and the condition of the animals that were shown. Many who had seen other such exhibits, stated that this was one of the best seen in the State. Of the 65 head shown, 35 took blue ribbons, 19 red and 13 white.

Ray Mowrey, from the Ag. department of Tech college, judged the animals. Bozeman Brothers sold then at public auction to the highest bidders. Russell West got the fat calf the Jaycees gave away.

Note: To save space the Herald is not giving the tag number nor the price per pound, as each one may easily figure that. We give name of exhibitor, number of calves, color of ribbon, total price and buyer:

## Former Terry County Boy Killed in Plane Crash Near Home

Percy Bingham, about 20, son of Mr. and Mrs. Tom Bingham, former residents of Terry county, was instantly killed Sunday evening when the plane he was piloting, crashed near Eagle Pass, during memorial ceremonies for the late President. His brother witnessed the crash. His home for the past ten years was at Quemada, nearby. He is the grandson of T. N. Bingham of this city, a nephew of Johnnie Bingham, and Mrs. Oden Miller, of north part of county.

Percy was an officer in the Air Corps, and had his plane shot down over Belgium, early in the invasion, but was aided by Belgian civilians to escape by changing uniforms, and while dodging his way back, ran into a squad of several Nazis, and beat them to the draw. They gave up, and he marched them on into Allied lines as prisoners.

He is survived by his parents, and several brothers and sisters at Quemada, Texas.

## Rodeo Sunday Drew Much Interest

Despite the cold weather, the cuttin'-horse contest, thrilled a large crowd at the rodeo grounds last Sunday evening. T. C. Cooper of Caprock, N. M., won the prize over Pete Smith, of Tatum, N. M. Fern Sawyer "hazed" for Cooper, and her father, Ulyess Sawyer, hazed for Smith.

John Givens of Brownfield won over 14 contestants in the jackpot calf roping event. There were several exhibition bronk ridings.

One of the most interesting performance was the exhibition of cuttin'-horse performance by Fern Sawyer, famous southwestern horsewoman, and rodeo prize winner, with her well trained horse, which taxes a rider to stay with him on his quick turns and dashes. Fern, narrowly escape a tragic death, when a cinch strap broke on her saddle, spilling her and saddle over the horse's head, but managed to get her foot out of stirrup, saving from being dragged to death.

Relatives here said Monday, although considerably bruised, she was not seriously injured.

## MORE BOYS TO LEAVE FOR INDUCTION

A group of about ten boys are to leave Monday for Ft. Bliss, for induction into military service.

Later in the week about 25 are to go for physical examinations.

## Bruce Zorns No win Temple Vet Hospital

Mrs. Tom May talked over long distance with her daughter, Mrs. Bruce Zorns, Monday night, after she had reached the McCloskey General Hospital, at Temple, where Bruce had arrived that day from Europe. It will be remembered that for weeks Bruce was simply reported as missing by the war department, therefore hopes were always held out that possibly he was a war prisoner.

As we understand it, an 88-MM German shell exploded, killing one or two of the men, and badly wounding Bruce. On top of that he came near freezing one leg being frozen, before being picked up by the Germans. Quick advance of American troops recently rescued him from the Germans. He was captured during the German counter attack in December.

Virginia informed her mother that while Bruce was badly shot up, he was happy and in good spirits and wanted to talk all the time in spite of all she could do. And that he could tell some very horrifying experiences.

Before entering the armed forces, Bruce was cashier of the Brownfield State Bank, and was practically reared here and at Meadow, where his mother still lives.

Terrill Isbell, local civil engineer, was operated on Monday for appendicitis, and seems to be recovering nicely in the local hospital.

## Call From a Long Time South Plainser

Way back in the teens, when a Herald representative used to make monthly trips to Lubbock to pick up a bit of extra advertising, we met and learned to admire a tall, gangling, smiling young fellow that we always called Hubert Allen. He was at that time connected with the Texas Utilities Company, and at present is head of a vast stretch of high lines and power plants, the biggest at Denver City, and Abernathy, as well as other vast properties of the Texas - New Mexico Utilities Co.

While many a drop of water has gone under the bridge since then, and Hubert is a bit more mature looking, and the Old He quite a bit more on the evening side of life, that early day friendship still holds. Hubert is a busy man. The vast holdings of his company in this section makes a man's size job for him. But he is never too busy to stop for an exchange of greetings.

While here he planked down the dough for the Herald, stating that he wanted to keep just a bit closer tab on us in the future. He caught us back at the linotype machine, which we informed him, we thought we had graduated some 20 years ago, but two b-----ds, one in Europe and the other in Japan, said no.

"Well, now," says Hubert, "come to think of it, a lot of us graduates and post graduates have had to go back to the primary department, and some of us even to kindergarten. Call again, old pal."

## Brownfield Jaycees Win Second Award

Frank Szydlowski, who last week was elected president of the local Junior Chamber of Commerce, returned Sunday from San Antonio, where he attended the state meeting of the Jaycees.

He informed us the local club was awarded second prize Agricultural award, for their efforts in the calf feeding project, resulting in the show here Saturday. They also won second award on membership.

Brownwood won first place in the first event, and Dalas first in the second instance.

F. B. (Pony) Crowder, who farms on Rt. 1, out of Seagraves, but in the Willow Wells section, is a new reader.

## ROOSEVELT

—GWN—  
 Roosevelt was the only American, and perhaps only man in the world history, whose death is mourned by other nations than his own. Well might the civilized world feel his loss, for he was the earthly champion of peace and security for all nations. The most commendable thing of all, is that his greatness stems his humane and tolerant objectives. Other world famous men in history, achieved notoriety by feats in war and conquest, and national greed, but his objectives were the reverse; hence his global acclaim. While many other names stand out in a history of facts, but without a blessing. He was indeed a world Statesman.

His administration marked some digression in political routine that saturated both major parties about alike, and spread its benefit among the common folk, first. Capitalism was greatly retarded in its dominance. He was to the common people a rock of Gibraltar. The waves of religious and racial intolerance; greed and selfishness, roared and foamed and lashed against this rock, only to recede with the undertow, in silence. Most tolerant with all. Patience, unequalled since Job. Where is another man, who endured, with a smile, such criticisms and calumny, as he, and then forgave them? What more could Christ ask of mortal man? Courage unsurpassed, he deserves to, and will be known as the "Man of Courage." War Casualty No. 1.

The American people are now on their own. Now is the time, the chance and necessity, for them to show what they are made of, how they can take it, how they can "Carry On." Perhaps we have been too dependent. And too individually mercenary. Its high time we by-pass selfishness, and go in solid formation, to the one great goal, now in sight: Win these wars. Then, if the delegates to the Peace Conference, will wipe the dollar marks off there spectacles, and face one aim at a time, "Peace on Earth."

We greatly appreciate the recent radio programs, and commend the speeches and statements, of all other parties, creeds and groups in solidifying our efforts and ourselves, in aiding our new President, and hope we will all adopt, and put in effect, the new slogan, "Carry On."

## Fear Too Much Cotton Production

We are herewith quoting a letter received from Mr. C. D. Walker, AAA Director, Southern Division.

We have received reports which indicate that some producers of the south plains area are planning to materially increase their cotton acreage in 1945. This area generally grows short staple cotton. Over three-fourths produced in this area in 1944 was 7/8-inch or shorter in staple length. The supply, as compared with consumption, of these staple lengths is far greater than for any other staple length group.

The Commodity Credit Corporation accepted cotton stored on the ground under its 1944 loan program, a large amount of which is still on the ground and is being subjected to weather damage. It is very difficult to obtain box cars in which to move this open storage cotton. In order to make maximum use of land and labor for the production of needed food and fiber and to alleviate the storage and transportation problem, I hope that producers in this area will increase their cotton acreage in 1945, where other suitable crops needed in the war effort can be substituted.

Last week publication day came on Friday 13th, which some publishers class as a hoodoo day. But what about the dailies? The weekly can hurry matters and get out on Thursday, but the daily has to face the music, as a paper must be printed that day. Of course it is purely bosh, but we have known publishers in our time that expected the worst on Friday, the 13th.

LEWIS WATERS NOW A SERGEANT

Tonopah, Nevada, April 12, 1945.—Lewis M. Waters, 21, son of Mr. and Mrs. C. W. Waters, Route 2, Brownfield, Texas, was recently promoted here to the grade of sergeant, it was announced by Colonel Feagin, Commanding Officer.

Sgt. Waters is a graduate of Brownfield High School and was employed at farming prior to entering the service in October, 1942. He attended aerial gunnery school, Tyndall Field, Fla., and is at present a member of a combat crew in training at the Tonopah Army Air Field, the only 4th Air Force installation in Nevada.

HARMONY CLUB MEETS WITH MRS. OCE MURRY

The Harmony HD club met Thursday afternoon April 5th, in the home of Mrs. Murry, with 8 members present.

The house was called to order by our vice-president, Mrs. Jewel Bell. Roll call; varieties of vegetable seeds suited to this climate. Mrs. Bell gave an interesting demonstration of getting the garden soil tables for transplanting ready, staking and transplanting vegetables.

Mrs. Kissinger and Mrs. Murry gave a demonstration on how to finish floors, walls and woodwork, that we all enjoyed so much.

Mrs. Murry assisted by Mrs. Oden Miller, served sandwiches, ice box cookies, coffee and cocoa to Mesdames Bartley, Bell, Gill, Smith, Townzen, John Gracey and the hostess.

Our next meeting will be with Mrs. Hogue, April 19th, program, Slip Covers.

CARD OF THANKS

I wish to thank my many friends for their kindness and so many nice things to eat and the nice flowers and the prayers for my recovery. To Dr. Treadaway and the nurses, who were so kind to me while in the hospital and to W. H. Brown, and all my neighbors who have been so sweet to me. I wish also to thank Mr. Collier and those who helped me in any way; also wish to thank the Red Cross for their donation. May the Lord bless you all in my prayer.

—Miss Stella Hare

"It's a Hard Life!"

Temper and Tears won't help you, Junior. The only riding you'll do, for the duration, is in your own baby buggy. The family bus never, never goes bye-bye for pleasure any more. It's not patriotic.

Yes! Everyone must care for his car for his country! So enlist the aid of your Phillips 66 Dealer. In addition to specific car-saving, tire-saving services, he will be glad to recommend a quality motor oil to help protect the ageing motor from excessive wear and tear.

Your Phillips 66 Dealer is never in doubt when you ask him for the finest quality oil which he sells. Among the many grades he has... for different preferences and pocket-books... he knows that Phillips 66 Motor Oil is "our finest quality." And that's the quality you always get when you ask for Phillips 66 Motor Oil.

Right now is the time to drain winter-worn oil and refill with fresh summer-grade Phillips 66 Motor Oil.

CARE FOR YOUR CAR—FOR YOUR COUNTRY

CICERO SMITH LUMBER CO.

So the city folks have done it! Well, WATCH OUR SPEED!

WORD comes from Washington that the fat-salvage problem has got to be licked in the small cities, the towns and on the farms.

We women have to save enough used fats in our kitchens to help make munitions, medicines, fabrics, soap for military and civilian use, and many other essentials.

The job, to date, has been done largely by city people, because arrangements for collecting the fats were made in the cities first. And these city folks are turning in more than twelve million pounds a month!

Now we're called on. And will the women on the farms and in the towns and small cities break that record?

Don't worry—just watch our speed!

HOW TO DO IT: Save all used fats in a tin can. Keep it handy to the stove. Scrape your broilers and roasting pans, skim soups and gravies, for every drop counts. Keep solid pieces of fat, as meat trimmings and table scraps, in a bowl.

Melt down once a week when your oven's going, add the liquid fat to the salvage can.

Take the can to your butcher as soon as it's full. He will give you two red points and up to four cents for every pound. If you have any difficulty, call your County Agent or Home Demonstration Agent. This message is approved by WFA and OPA, and paid for by Industry.

100,000,000 More Pounds Of Used Fats Are Needed This Year!

ANYTHING FROM A SET OF PLUGS TO A "MAJOR OPERATION"

At the first sign of an ailing tractor call on us. You can be sure of expert, professional care for any piece of your equipment when you bring it here. Farm machines are our business. This year they are more important than ever to the war effort and we are working with all our might to keep the greatest possible number of them in good running condition.

More new Farmall tractors and McCormick-Deering implements are now coming from the factories. If you need new equipment and haven't placed your order, now's the time to do it.

In the meantime we're ready to supply you with expert service and genuine IHC parts—anything from a set of plugs to a "major operation." And we guarantee the work will be done to your satisfaction.

## PROTECT VITAL FARM MACHINERY with CORRECT LUBRICANTS and FUELS

Correct Fuels and Lubricants for farm machinery are just as important as the right seed for your crops. Inferior seed produce small crop yield, and improperly lubricated machinery... or use of inferior fuels, oils and greases, result in costly breakdowns, inefficient service, and less farm income. For years Southwestern farmers and ranchers have used Magnolia Fuels and Lubricants, finding that they are economical and help cut down costly repair bills. Get added protection for your tractors, trucks, automobiles, and other farm machinery, with Magnolia Products.

## GARDEN TOOLS AND SUPPLIES

Right now is the time to get that Victory Garden started. Uncle Sam urges that we all do our share in raising at least a part of what we eat until the war is over.

Don't be afraid you can't raise vegetables just because you've never tried. Just that small space in the yard will give you plenty room. And, you'll find gardening is actual fun when you've the right tools to work with

Come in and see us for everything from tools to seed. We can supply you with everything you'll need.

**YOU MUST NOT SHOP FOR  
DRUGS AND PRESCRIPTIONS  
AS YOU WOULD FOR FOOD  
AND CLOTHING**

Perhaps you can afford to take chances where food and clothing are concerned, but when there is illness in the family, you most certainly do not want to take any risks, because in doing so you may endanger the very life of the person concerned.

Always keep a reliable physician in mind to call in emergencies, and be sure his prescriptions are carried out to the letter. Be sure of your druggist and you can be sure of his prescriptions.
