

Banks Cooperate In The Locating Of New Industries

The recent report of the U. S. Department of Commerce, pointing out that "there is not a village or hamlet in the entire South too small for a small processing plant," has added enthusiasm to the efforts of Texas Bankers who are launching an advertising campaign to induce manufacturing plants to locate in Texas towns.

Realizing that Texas has more opportunity to gain from the decentralization of national manufacturing than any other state in the Union, banks in all parts of Texas are joining this cooperative advertising campaign. Advertisements will appear in national publications read by manufacturing executives throughout the North and East.

Inquiries, as a result of this advertising, will be received and forwarded to all cooperating banks by the Bankers Digest, a Texas bank newspaper.

Already some advertising has been done, the publisher of Bankers Digest states, and among the most recent inquiries from manufacturers interested in moving their plants to Texas towns are two that employ 100 and 200 people respectively. These inquiries have been forwarded to the participating banks for their further follow up.

Loans For Returning FSA Farm Ownership Servicemen

Congress has increased the loan authority of the Farm Security Administration by \$25,000,000 to permit loans to returning veterans for the purchase of family sized farms and ranches. The loans are to be made under the provisions of the Bankhead-Jones Farm Tenant Act through approximately 37,000 loans to tenant farmers have been successfully completed since the program was authorized by Congress in 1937. Loans of a maximum of \$12,000 which can be made under this program will bear interest at 3% and are repayable over a 40 year period.

A committee composed of experienced farmers in each county will assist in the administration of this program by determining (1) eligibility of the applicant with respect to farm background, experience and likelihood of success as a farmer, (2) the adequacy of family and to pay off the loan, the farm to provide a living for the and (3) the soundness of the loan. The functions of the Committee in reviewing the applicant's qualifications and the soundness of the loan is considered extremely important by Farm Security Administration officials in protecting veterans and other eligible families from entering into an unsound operation.

Mr. Dennis Q. Lilly, local FSA Supervisor with offices in the Post Office Building, Brownfield, Texas, who is now receiving applications from veterans, has warned that due to sharply increased land prices in some localities, veteran applicants may find it impossible to purchase land on a sound basis. "Under this program," Mr. Lilly states, "farms must be purchased within their earning capacity value as determined by long time prices."

AIRPORT INSPECTED BY GOVERNMENT AGENT

A. C. Metz with the Government Civil Aeronautics Corp. met here Saturday morning with a local Airport committee inspecting the airport, and discussing the matter of Federal aid in building and equipping the local airports. No definite announcement was made, as it is yet in negotiating stage.

You can't treat the maid like a member of the family, nowadays, and get away with it.

H. Heath Honored By West Texas Gas Co.

the Brownfield District for West Herman F. Heath, Manager of Texas Gas Company, has been honored by his company through the presentation of a handsome 15-year Service Pin.

The emblem, of blue and gold, bears in the center the "Blue Flame" symbolizing Natural Gas Service, encircled by the name of the company and number of years served. With it came a letter of appreciation thanking Mr. Heath for his loyalty and his interest in the progress of the company.

Throughout the area it serves, West Texas Gas Company presented Service Pins to 66 employees having a total combined servicerecord of 945 years.

Puppy to Be Given Free By Rialto

After considerable difficulty, the Rialto Theatre was this week able to procure the very high type thoroughbred Collie puppy that will be given free to some patron attending the Rialto Theatre during the engagement of "Son of Lassie", Tues., Wed., Thurs., July 24-25-26th. They have purchased this pure blooded and registered puppy from one of the best kennels in America and its arrival from Missouri is expected by the time this report is published. We've been asked to announce the exact manner in which this gift will be made as follows: All persons attending the Rialto at any one of the performances will be given a free chance on the puppy and the drawing to determine the winner will be made from the stage of the Rialto theatre, Friday night, July 27th. The number drawn will determine the new owner and it is not necessary that the winner be in the theatre at the time of the drawing. It will be given to the holder of the number drawn whether or not they are in attendance. It is planned to exhibit this royal young gentleman of the Collie family about town in advance and during the showing of "Son of Lassie". Needless to say there is considerable excitement among the boys and girls of the community.

ELMER SEARS LANDS IN FLORIDA BY PLANE

Among the 50,000 quota per month transport planes are to bring per month, was Pvt. Elmer Sears, son of Mr. and Mrs. C. Sears, of this city. He recently landed in Miami, Fla.

A dispatch stated that the boys thought Florida looked good, but we'll bet Texas will look better to Elmer. He was with the engineers, and his landing terminated 34 months overseas, ending in Germany. He is 31 years of age.

Commissioner's Court Orders Election For Issuance of \$375,000.00 Road Bonds

Complying with many suggestions by future minded citizens, and keeping in line with the State and nation-wide great post-war movement to provide jobs for returning vets, and those soon to be let out of war plants, as well as to keep the civil ball rolling, the Commissioners Court, will, on presentation of petitions now in circulation, at their meeting on July 23rd, order a road bond election, for \$375,000.00, to bear not more than 2 1-2%, and to mature not more than twenty years, for purpose of paying farm-to-market roads, which will be designated in equal portions as can be, in the various precincts of the county. Each such road to lead into town, or into paved highways.

The State Highway Department has already allocated 27 miles, in four different sections of the county, to cost about \$8,000.00 per mile, and it is estimated these bonds will build an additional 45 miles. This includes a road to Cedar Lake oilfield, which it to be met by Gaines county at the county line, and one to the Sundown oil field and many short lines to almost every community

Marine Bobby Jones Gets Purple Heart

By S/Sgt. J. B. T. Campbell, Jr., A Marine Corps Combat Correspondent. Somewhere In The Pacific—(Delayed)—Marine Private Bobby G. Jones, son of Mrs. W. T. Howze, Brownfield, Texas, has been awarded the Purple Heart

Pvt. Bobby Jones

sault upon Iwo Jima. for a wound suffered in the assault. A Browning automatic rifleman with the Fourth Marine Division last March, Jones was helping carry a wounded man when a machine gun opened up on the party. Several marines were hit and the whole party pinned down. Then, while they were unable to move the Japs dropped mortar shells on them. Jones caught mortar shell fragments in the right arm and left hand. Ultimately all the men were picked up by other marines under cover of a smoke screen.

Jones was evacuated and was hospitalized for about five weeks before he returned to active duty with the regiment.

Jones enlisted on May 19, 1944, shortly before his 18th birthday. Iwo Jima was his first operation.

He Rides The Waves On Battleship 'Bama

Aboard the Alabama in the Pacific—Bennie W. Blevins S 2/c has seen much action in the Pacific since April 1944. His ship the Alabama, is one of the new fast Battle Wagons and operates with a fast Task Force. On June 5th this ship was reported damaged in the Typhoon and has been somewhere for repairs. This is the second experience of this kind for Seaman Blevins in the past six months, one in December.

He spent a 19-day leave here in February with his wife, Mrs. Virginia Blevins and children, Joan, Glenda and Leon, and his parents, Mr. and Mrs. C. B. Blevins. A brother C. M. Blevins, BKR 1/c is on a ship somewhere in the Pacific.

Bill Hardin Flying Chief of Task Force

Mr. and Mrs. W. G. Hardin had quite an interesting letter from their son, Sgt. Bill, recently, and we are showing a late model picture of Bill's mug. However the photo was none too good and we fear we are going to have a time showing Bill up to advantage, if any.

Sgt. Bill Hardin

Bill has "fit" the Japs all over the southwest Pacific, and had some narrow escapes, being forced to land in enemy waters, once, but luckily was rescued by Americans. Bill has stacked up a total of 132 points, but says he is sticking it out until the Japs are liked. He is now a trainer for the boys just getting their wings, with the Gypsy Task Force, at the Galveston army air base. Bill is a product of Terry's sacred soil, having first seen the light of day at the present parental home on W. Buckley St., and finished high school here.

His dad was one of the owners of the original townsite of this city, and his mother was also a citizen when the county went to housekeeping for itself. So, Bill is a native son and proud of it.

The Sante Fe moved 44,784 car loadings last week compared to 41,579 for the same week last year.

Pfc. Bill Suggs Said Wounded in Action

Pfc. William (Bill) E. Suggs, the son of Mr. and Mrs. E. S. Suggs of Rt. 5 City, and a member of the Infantry was wounded in action in the Pacific, according to the war casualty list which appeared last Friday.

Pfc. William (Bill) Suggs

At the time he was wounded Pfc. Suggs had been overseas 17 months. He was stationed in Hawaii at one time, as well as on New Guinea and Bataan. The twenty year old Infantryman entered service 21 months ago.

Prior to that time he has worked at Joe Barron's Hatchery in Lamesa and also at the Glider Field there.

A brother, Pvt. James A. Suggs, also, a member of the Infantry died of wounds on Cebu Island in the Philippines March 28. He left for overseas duty on December 20, 1944, after entering service July 10, 1944.

Give Us Proper Addresses of 3 Boys

They are getting mighty particular over at San Francisco about how papers are addressed, which the Postmaster there claims are undeliverable without "directory service," whatever that means. The past week, three have been turned back on us by that office of papers intended for men overseas as follows:

Emory Stokes, S. 1/C
T/Sgt. Samuel A. Holder
Cox. Kenneth R. Travis

We ask the cooperation of the families of these men to come in at once and let's see if they have a new address other than the one we have. We want the Herald to reach these boys if possible.

Elmer L. Berry Is Promoted To Rank Of Captain

Chinese Combat Command, U. S. Army—Promotion of Elmer L. Berry, son of Mr. and Mrs. E. O. Berry, Brownfield, Texas, to the rank of captain, has been announced by Maj. Gen. R. B. McClure, commanding general of the Chinese Combat Command. Capt. Berry's wife and three year old son, Donald Ray Berry, are making their home in Mitchell, La.

Berry, who attended Redland High School, Lufkin, Texas, and the University of Texas, and was in the construction business before entering the service in basic training at Camp Walters, Texas and graduated from Infantry Officers Candidate school Fort Benning, Ga. Ordered overseas, Berry arrived in India in Oct. 1943 and in China the following month.

He has been engaged as an American liaison officer and an instructor of Chinese troops since his arrival in China.

Two jolly Marines, Harold Dalton and Calvin Stevenson, who are here on leave visiting their folks, entertained the Lions at luncheon, Wednesday, with their exploits on the Jap islands.

Aubrey Nooncaster has accepted a position as assistant coach in the Midland schools. He resigned as high school coach here a few months ago.

Cox. Heidel Attending Bedside of Father

Haywood R. Heidel, Cox. 3/C, USNR, who has seen action in the Pacific area for some time, is here on leave, attending the bedside of his father, R. Heidel, whose ranch is on the line of Texas and New Mexico, and receiving mail on route one, out of Lovington, New Mexico.

The elder Heidel was burning weeds on the ranch with a gasoline torch, when his clothing became saturated with oil and gasoline and took fire. This caused blocked heart and blood poisoning, but he seems to be better now at the local hospital, where he is receiving treatment.

Among the duties of Seaman Heidel is to see about the transfer of sailors to and through Pearl Harbor, as well as their receiving their pay. He believes that he will be located at Manila when his leave of absence is up.

Lt. Aggie Thornton Back From Overseas Duties

Miami Beach, Fla.—July 1—1st Lt. Aggie M. Thornton, 28 of Brownfield, Texas, has arrived at Army Air Forces Redistribution Station No. 2 in Miami Beach for reassignment processing after completing a tour of duty outside the continental United States.

Medical examinations and classification interviews at this pioneer redistribution station, operated by the AAF Personnel Distribution Command for AAF officers and enlisted men, determine his new assignment.

In the words of Col. Ralph Rhudy, post commanding officer, putting the returnee in the right job, after we have once established his physical and mental readiness for reassignment is the mission of this post.

During his processing, he is housed in an ocean-front hotel and enjoys abundant facilities for rest and recreation in this year-round beneficial climate. Lieutenant Thornton was a C-46 pilot in the Pacific area. He is the husband of Ona Faye Thornton, 205 S. Tate St., Brownfield.

Odis Pharr and Dad Call On Herald

After a long siege of tangling with the Japs in the Pacific, Odis W. Pharr, AM 2/C, is home on a 15 day furlough, visiting his parents, Mr. and Mrs. J. D. Pharr. As he passed through Pearl Harbor he got no shore leave to speak of, but tried to call the Junior Editor of this sheet but he was out.

Our guess is, as Jack Jr., is on night duty in the print shop, he was asleep, and they would not wake him for a phone call. Then he could have been bruising around over the big air field that occupied most of the island out in the harbor. Odis is just fresh from Okinawa and the Philippines.

Among the battles he was engaged in were, Palau, Leyte, Mindoro, Luzon and Okinawa. He is credited with six bronze stars. Being an Aviation Metalsmith, after his furlough, he reports to a school at Norman, Okla., for advanced training in this line.

And of course he hopes the war will be over by that time.

LOCAL RED CROSS HEARS FROM EFFORTS

The following letter, was received by Mrs. Eldora A. White, of our local Red Cross:

Gentlemen:
"Today I was handed a Red Cross Overseas Kit. On the inside of the kit was a note stating that it was your chapter that donated it."

"Thanks A Million. We all appreciated it. We are glad that when the U. S. went to war that Texas went too."

Sincerely
Lt. Robert W. D. Marsh,

Slaughter Quota Removal Praized By Gov. Stevenson

Austin, Texas, July 11.—The removal of slaughter quotas on livestock is a step toward breaking the bottleneck barring meat from the nation's tables, Gov. Coke Stevenson said Tuesday.

Stevenson, who operates a ranch in Kimble County, praised the decision of Clinton Anderson, new Secretary of Agriculture to authorize unlimited slaughtering in establishments which maintain satisfactory sanitary standards and do not supply the black markets.

"That's a step in the right direction," said Stevenson. "The quotas have been a bottleneck all the time, while our ranges are crowded with cattle. I'm surprised the removal was postponed so long."

"There's no shortage of cattle, and the order will bring a marked improvement."

Stevenson said numerous letters had come to him from people in small towns. They reported instances where one slaughter plant closed down, leaving another to try to fulfill the demand with 70 per cent of its normal quota.

The black market also will suffer as a result of the quota lifting, Stevenson predicted. Supplies of beef have been so abundant, and the regular outlets so limited, that black marketing was easy, he said.

Hungerfords Have 5 Sons in Service

Mr. and Mrs. H. P. Hungerford of Rt. 5, have five sons in the service and have therefore done their bit toward winning the war. The youngest of the five is Bert H., aged 18, in the navy, and is now at home on leave. He took his boot training at San Diego.

Pfc. A. B., aged 21, with the 2nd marines, in the southwest Pacific. He entered the service at Abilene in Feb., 1943. Sgt. Joe A., aged 23, with the coast artillery, 240th engineers. He is a cook. He is now in the Philippines. He entered the service at Abilene in Jan., 1943, and trained at Camp Phillips, Kansas and Camp Forrest, Tenn.

Cpl. Jack W., aged 25, is stationed at the Harlingen Army Air Base, after spending 1-2 months in the southwest Pacific. He was a member of the 112th cavalry that trained at Ft. Clark, and Ft. Bliss, Texas, and wears the pre-Pearl Harbor ribbon, the Pacific ribbon with two stars, good conduct badge, infantry badge, and Purple Heart. He received a wound on the 4th of July 1944. has 94 points and hopes to be discharged.

The eldest son, Sgt. Charles W., aged 28, got home the 5th of July, after spending 28 months overseas with the Texas 36th division, being in the 142 infantry. He trained at Camp Bowie, Brownwood, Camp Blanding, Fla., Camp Edwards, Mass. He wears the Pre-Pearl Harbor ribbon, European Theatre ribbon with 5 stars, good conduct badge, the bronze star, and has 103 points. He did not even get a scratch while overseas, but had malaria fever three weeks.

Two of the boys met while in New Guinea, Sgt. Joe A. and Cpl. Jack W. For two months they were only half a mile apart.

14 MORE SERVICEMEN DISCHARGED LATELY

Of course our source for the following incident is rather questionable, we'll have to admit, but it is worth repeating, and the venturesome might try it when hungry. The Apostle J. C. Estlack of the Clarendon Leader, pretends to know someone down in Fort Worth that put a red point in a juke box and got a meat ball. But as intimated above, our source of information is rather questionable, and if your red points are running low, better not try it.

If one never read his own or other Protestant religious weeklies, and depended exclusively for his dope about Army Chaplains from what he gets from dailies and the mags, he would decide that all the chaplains were of the Roman Catholic faith. They are the only ones ever mentioned, and all of them are pictured in both illustrations and type, as heroes. If the dailies and the mags should, like the movies, happened to show a protestant chaplain, they would perhaps show him as an imbecile. Just goes to show who is running the big news services. No objections to the showing of Catholic "fathers?" but with three-fourths of this country Protestant, why ignore the preachers?

We have often wondered why civilians persist in using the now defunct Nazi propaganda as well as the present Jap hot air that we should be fighting the Russians instead of the Germans and Japs. These civilians, if they are not too ignorant to know it, might arrive at the conclusion that we have been neighbors to Russia for near a century, with our Alaska just across the narrow Behring Strait from Siberia, with never a rifle or dispute about anything. Then too, there are our servicemen from GI's to Generals, who have come in contact with Russian soldiers and officers in this war. What is their verdict? Russian servicemen are well guys. Will you take their word, or keep repeating Jap propaganda?

Now we are in a pickle. We recently wrote an article about the old depot at Middleton, Tennessee, burning, and incidentally mentioned a very crabbed old agent that used to boss things around there when this writer was a barefoot lad. Well sir, the Hardeman County Times, printed at the county seat, at Bolivar, copied the piece, lock, stock and barrel on page 1, with double column headlines. Now, perhaps Editor Alan Sexton had no idea that we would ever want to come back there again, or that the said "dapo" agent might have some kin folks still calling that home, who might proceed to beat us up. So, if and when we get another chance to visit Bolivar Middleton and vicinity, we shall tell on Editor Sexton and Sheriff Luttrell, (we have known the latter since childhood) to give us a body guard.

Billy Finney and Diana McIlroy spent Friday night in Lubbock, visiting Glenola Murphy, who is a student at Tech.

Mrs. J. R. Baker and daughter, who live southeast of town were in Brownfield, Monday shopping.

WE USUALLY CALL ALL DARES ISSUED

Brownsville, Texas

Box 1083

July 12, 1945.

Dear Jack,

About two months ago, more or less, I received one of those little cards from you that says "please remit". After due course of time I enclosed that card with a couple of frog-skins in an envelope to assure my family that they could still get the version of what is happening in Brownfield. Promptly, we received the next week's edition of your weekly spread but since that time we have been neglected. Now Jack, I know there is a paper shortage but there is also a shortage of frog-skins so I am just reminding you that we expect your weekly on Tuesday mornings. (That happens to be the date we used to get it). At the present time, I believe we are behind about three or four editions and would appreciate your sending them to us so we may know about any trips you have taken in the meantime. By the field for ten years, married Bessie way, I happened to live in Brown-Chisholm and moved down here about 18 months ago. We are on the tip of Texas where it is hot as hades, where beer flows freely and the Mexican senoritos are as hot as the weather. I dare you to print this letter.

Yours for Long Life,
O. L. Walton
Oh, Reader Walton, you may re-read your letter printed as per you wrote it. Also got your Herald straightened out.—The Herald.

Sgt. J. D. Oliver arrived here Monday from Germany to spend his furlough visiting his parents, Mr. and Mrs. A. A. Oliver.

Jane and Ann Griggs returned home last Saturday from a three weeks visit with their grandmother, Mrs. C. E. Griggs of Monahans.

Mrs. Shorty Brown and children returned the latter part of last week from visiting Mr. and Mrs. Homer Craig at Matador.

THE JUDGE SAYS—

In the west it looks like this is the year the Pessimist has been telling us about.

There isn't near as many men get into a jam, by a misunderstanding, as there is by an understanding Miss.

Maybe Hirohito isn't so bad. He recently announced that "Japan has no intention of enslaving the American people". Thanks, Hiro!

While Mack Ross was at the Baptist encampment at Leuders, he became ill and had to be taken to the Hendricks Memorial Hospital in Abilene, where he underwent surgery. He had been a patient there until Tuesday of last week, when he returned home. His mother, Mrs. C. E. Ross, remained in Abilene during his illness.

Lt. and Mrs. Byron Black are vacationing in Ruidoso for a week. Lt. Black, who has been in the European area for the past several months is here on a 30-day furlough.

JURORS AND TEACHERS PAY INCREASED

The recent Legislature increas-
ed the salaries and pay for all of-
ficials, and employees, including
the Jurors.

Those responding to call on
special venire, or as talesman,
and do not qualify, or excused,
get \$2.00 instead of nothing as
heretofore, and all Petit and Grand
Jurors, empaneled and serve, get
\$4.00 per day. Justice Court re-

**SEAGRAVES BANK CELEBRA-
TED MILLION DOLLAR
DEPOSIT JULY 7TH**

For several years, the officers,
directors and personnel of the
First State Bank in Seagraves
had planned a celebration for the
time when the bank's deposits
reached the one million mark.

In the financial statement of
the bank as of the close of busi-
ness June 30, 1945, deposits were
\$1,094,520.07, and the celebration
was held last Saturday night with
a picnic supper of fried chicken,
topped with fresh peach ice
cream served in the lobby of the
bank.

About twenty persons were
present which included officers,
directors, their wives and person-

"THE TEXAN'S SHARE IN THE WAR"

Terry county, which contribu-
tes generously to the National
War Fund each year, is represent-
ed in the official family of the
United War Chest of Texas, which
directs the annual campaign "for
our own and for our allies."

The local civic leader who ser-
ves on the board of directors of
the state war chest and helps
set policies governing the war
fund program in Texas is J. O.
Gillham, Ex-V. Pres., Brownfield
State Bank, Brownfield, Texas.

Board members, who meet an-
nually in Austin, are the guiding
directors of all phases of the Tex-
as drive. The board, composed
of members representing every
county and every strata of Tex-
as citizenship, establishes general
policies, acts on acceptance of
the state's war fund quota, sets
the sum to be budgeted for ex-
penses of the campaign, employs
the general manager of the state
war chest, passes upon all financial
matters and, though the execu-
tive committee and several spe-
cialized committees, assigns local
quotas and directs all other phas-
es of the vast program.

Thus this county, as all other
Texas counties, has a definite and
emphatic voice in the operation
of the war chest program, through
its local leaders who are mem-
bers of the board or of the various
important committees.

J. George Loos Shows Here All Next Week

Announcement has been made
by Troy Noel, commander of
Howard-Henson Post, American
Legion that the well known J.
George Loos Greater United
Shows will open their annual en-
gagement in Brownfield, Monday,
July 23rd and will hold sway for
a weeks run. The greatly enlarged
carnival midway will be located
at the Football Stadium.

Several new thrilling riding de-
vices, as well as a number of new
quality show attractions will be
presented by Manager Loos for
this years presentation. Foremost
among the show attractions is the
Monty Beehler dog, monkey and
pony circus, one of the outstand-
ing features of the New York
Worlds Fair.

Riding devices ranging from the
miniature ones for the tiny tots
to the honest to goodness thrillers
for the lovers of the sensational
will be on the glamour packed
midway as well as nearly two
score of minor, quality amuse-
ment stands.

Members of the Howard-Henson
Post will be present at all perfor-
mances to man all gates and ticket
boxes, as well as acting as guides
to the various attractions.

TERRY HD COUNCIL

The Terry County Home Dem-
onstration Council met Saturday
July 15th, at 3 p. m., in the Dis-
trict Court room for its regular
meeting, with Mrs. Frank Sar-
gent, presiding. The roll was called
and the minutes were read by
the council secretary, Mrs. Ken-
nith Hodge.

There were twelve club mem-
bers and one visitor present. Five
HD club were represented. Each
club president answered roll call
with a brief summary of their
clubs work for the past month.

After hearing the reports of the
Council Committees, the County-
Wide Social of Home Demons-
tration Club Women, and 4-H
club girls, was discussed. The
date set for the picnic is
August 17, 1945. The place will
be stated later. Mrs. Lay, Council
Chairman of Recreation, asked
that each club chairman of re-
creation, to be making plans for
the social.

The delegates that attended
the "Educational Short Course"
held at Lubbock, reported a
grand time.

SMALL TOWN DRAFT BOARDS HARD ON NEWSPAPERS

Well, the Herald is going to lose another valuable employee. Ed Geymann, advertising manager and all-around newspaper man, printer, and linotyper, has one more week to be with us before he leaves for induction into the armed services. Ed has been married eight or nine years and has three little daughters.

When we lose pre-Pearl Harbor fathers like Ed, working at what we think is pretty much of an essential job, a job that took years of training to fill adequately, we feel that our lawmakers did a pretty sorry job when they set up laws letting plenty of single and non-fathers married "softies" hide behind the skirts of occupational deferment regulations. And most of these "birds" that are dodging military service are staying at home and piling up a bunch of "jack" while the boys in uniform are giving their time and even their lives and health for a few paltry dollars. There are some of these guys around through the Perryton area that we know personally, that are not worthy of so much as a "spat on you" from a boy in uniform.—Ochiltree County Herald.

The following left Monday morning to attend the Nazarene Dist. Camp at Cisco: Mr. Ross O'Donley, Jo Ann and Delbert O'Donley, Tommie Elisha and Jimmy Cypert, Juneva Caruth, Scudday, Mr. E. C. Fugitt, of Ashland, Ky. is the Evangelist in charge of the camp and the singers, Jack and Ruby Carter of Bethany, Okla., will return with those from Brownfield, Friday to conduct the singing during the revival which will be held here next week.

Mrs. S. B. Jones returned last week from visiting her son, Homer Johnson in Dublin, Texas.

"THE TEXAN'S SHARE IN THE WAR"

Texans, whose forefathers more than 100 years ago carved tradition with outnumbered swords on the bitter battlefields of San Javinta and at the Alamo, are writing a new page of bloody history in the war against the Japs.

The gigantic part which Texans are playing in World War II was stressed on a percentage-of-Population basis, more men and women to the naval forces—the navy, marine corps, and coast guard—than any other state in the union.

"This is attributed largely to the fact that so many thousands of Texans volunteered prior to and early in the war.

"Since Dec. 7, 1941, a total of 134,396 Texans have gone into the navy as enlisted personnel. This figure does not include 11,400 officers, the groups enlisted through V-5, V-7, and V-12, and naval ROTC units and more than 3,000 Waves, Spars, and women marines.

"Texans in the United States marine corps number 19,570 enlisted men and 322 enlisted women, and a total of 1,960 male officers and 27 women officers.

"In the coast guard, Texas has sent 1,245 enlisted men, 229 enlisted women, 294 male officers and 20 women officers.

"A roster of the marine corps shows that nearly 12 per cent of the entire corps are from Texas.

"Of the marine garrison captured at Pegg, China, Dec. 8, 1941, 139 were Texans. Of the 162 marines on Guam at the time of the Japanese invasion of that island, 15 were Texans. Of the 357 defenders of Wake Island, 36 were Texans. Of all the men who participated in the bloody battle of Tarawa, seven per cent were Texans."

Texans on the home front, too, are "Giving a Texan's Share" to the war against Japan. In the 1944 campaign on behalf of the National War Fund, people of the Lone Star State contributed approximately 10 per cent more than the state's quota to the great humanitarian agencies serving "Our Own and Our Allies".

They will be called upon again in October to give to their country war chests, to support USO, War Prisoners Aid, Philippine Relief and the other great agencies which back up our fighting men and give new hope to suffering war victims throughout the world. That they will again meet the Texas obligation and surpass it, just as Texas fighting men have always done more than their part in all wars, is to be expected.

Nobody knows when a real rainy day will come along...

When the house starts to fall apart. And the mortgage seems tougher and tougher to meet...

And the kids get to be more and more expensive.

It's at times like those that extra cash comes in mighty handy.

You have a chance, now, to invest in something that will really help you on that rainy day... U.S. War Bonds.

Buy Series E War Bonds now, and hold onto them. In ten years, they'll net you 33 1/4% more than you put into them.

America needs your dollars now.

You may need them more later on.

Our Country Needs Still More Used Fats...And We're the Folks to Save them!

IN between the good news about the war these days, careful readers of the paper will see grave words about a serious national shortage that has a direct bearing on military and civilian production schedules.

Our domestic supplies of fats and oils will be approximately one and one-half billion pounds less than last year. Yet thousands of tons of fats are still needed to help make countless essentials for the battle- and home-fronts.

While country people have been doing an even better job of saving fats than the city folks, we must remember that, because of the meat situation, we are in a better position to save. That's why we can't afford to miss a trick.

So, let's save not only the big amounts from frying and roasting, but also meat trimmings, plate scraps, and scrapings. Melt them down once a week and add the liquid fat to the salvage can. Skim soups and gravies. Scrape every pan. Every drop is important.

When your salvage can is full, take it to your butcher, and get 2 red points and up to 4¢ for each pound. If you have any difficulty, call your County Agent or Home Demonstration Agent.

100,000,000 More Pounds of Used Fats Are Needed This Year!

Approved by WFA and OPA. Paid for by Industry.

LOOKING AHEAD

For Peace

Prosperity in America is the first step in the direction of a lasting peace. This prosperity ought to spread, as fast as it can, to other countries. It is in America, however, where men have the key to prosperity and the United States must lead the procession to high living standards through open competition . . . the only way to obtain a more abundant life, for ourselves or others.

At first thought, some people may not agree that prosperity has anything to do with peace. But they will convince themselves if they will think back. Troubles that built up to this present war were economic troubles. Hitler and Mussolini both climbed to power over ruin; ruined fortunes, ruined hopes, ruined lives. They got a following by promising people relief from misery.

Want Is Serious.

People will be patient, and content themselves to wait for solutions to ordinary political problems, but they will do desperate and violent things when hungry; when their families need food. Prosperity helps to maintain peace, and (as I said in the first sentence) prosperity in America is the first step. The reason is plain. Uncle Sam is the world's best customer.

When we think about the importance of the United States in world affairs, these simple figures stand out boldly: We have only 7% of the earth's population and yet we buy 40% of all the raw materials in the world from which manufactured goods are produced. When wheels are turning in America, markets get active to the four corners of the earth.

Looking to America.

When American smokestacks are warm, and American factories hum, the tin mines of Malaya get busy, the rubber plantations of Sumatra swarm with workers, and the Caribbean countries commence shipping coffee, chicla and bananas. Our prosperity is the world's peace. But why discuss it unless we can do something about it? I hasten to say we can!

Foreign lands prosper when they sell freely to America. They sell to America when jobs are plentiful and good here, when most Americans have money to buy what they want. Jobs are plentiful and good, and workers prosper, when business is expanding. Business expands when investors see possible returns from investments. They could see such opportunities now if they were not afraid of taxes.

Uncertainty Kills.

Very few business men in the United States have any idea today that they will be able to expand in peace-time pursuits. Most of them know they can't afford to expand if the present-day 95% excess profits tax remains in force. It was enacted as a war emergency measure. I do not say it ought to be repealed at this hour. But we ought to make certain now that it will not outlive the war.

Revenue measures are the hardest of all laws to repeal. Taxes rarely get smaller. But unless taxes on business get smaller after the war, investors would be insane to spend new billions for expansion. Business men want to plan peace-time sales and employment now. When Congress makes a reasonable tax law to become effective with victory, world peace will have its first guarantee of long life. It will have to be done this year.

Pvt. Harold E. Dalton, who has been in the Philippines for the past twelve months is here on a thirty day furlough visiting his parents, Mr. and Mrs. L. L. Dalton.

Mr. and Mrs. Jack Griggs moved into their new home on Third and Cardwell, Tuesday of this week.

NO SHORTAGE OF PROTEINS . . .

LET MILK SERVE WHAT YOU NEED Mothers, no doubt, worry more over the lack of beef in their children's diet because of the protein value they're missing rather than the taste. But your worries are unnecessary. For milk contains as much protein as steak in addition to other vital building materials. And what's more children love it—in fact every one loves our creamy, rich, delicious tasting milk—especially during the warm weather days. Be sure to serve it daily.

WELLMAN SCHOOL IS GROWING RAPIDLY

Wellman Independent school will begin its next term Sept. 3, with an increase of 100 in scholars, and three additional teachers, according to Superintendent J. T. Jones, who remains on another term.

They have employed 11 teachers and need five more, all in the high school grades. They have recently installed modern sewerage disposal plant, and a \$5000.00 lunch room and expects to employ three cooks, and serve meals to students at cost.

The never idle Jones, when not weeding a pointer in the class room, is rushing the hammer and saw, or spade, around the premises.

With meat so scarce we no longer get excited when invited out for a steak dinner, until we learn how many guests there will be.

SIDELIGHTS From Washington

By George Mahon

In the early days of the war nearly all combat airplanes were covered with camouflage paint. The practice has now been abandoned on most planes. The B-29's which are used in bombing Japan carry no camouflage. The camouflage would add weight and wind resistance and reduce the speed of the plane by eight miles per hour. Pilots prefer the extra speed.

It is hard to devise a camouflage that is suitable for all types of weather conditions; the natural aluminum is about as good as any, especially for daytime flying.

James Byrnes, new Secretary of State, and Fred Vinson, soon to become Secretary of the Treasury, are former members of Congress and are sure to understand the Congressional viewpoint and know how to get along with Congress in matters of foreign policy and in tax matters—problems with which they will deal as members of the Cabinet.

The Fair Employment Practices Committee, the so-called FEPC, is rapidly becoming the number one source of discord, bitterness, and disunity in Congress. Certain elements in Congress are trying to force passage of a bill which would make the FEPC permanent, continuing it after the war and giving it extraordinary power to compel employment without regard to race or color and without consideration of the wishes of employers or employees.

I join with those who take the position that the present FEPC should be abolished and the permanent bill defeated, feeling that such a committee endangers our freedom, creates unnecessary frictions, and bids fair to produce an intolerable racial situation. Despite our efforts to the contrary, however, continuation of the FEPC for another year was provided for by Congress last week. The bill to set up the permanent FEPC is temporarily blocked, but

MEDICAL CARE FOR SERVICE MEN'S WIVES

A serviceman's wife may apply for maternity care and care for her baby, under the emergency maternity and infant care program, even after her husband has been honorably discharged, promoted or demoted, provided she was pregnant during the period when he was in one of the four lowest pay grades of the services or was serving as an aviation cadet. On the same basis, she may apply if the husband and father is a prisoner of war, missing in action, or dead.

This clarification as to who is entitled to care under the Government's emergency maternity and infant care program was made today by Dr. Geo. W. Cox, State Health Officer. The State Department of Health administers the program in Texas.

Heretofore the application for care had to be made while the serviceman was in one of the eligible grades. Now all that is required to establish eligibility is proof that the wife was pregnant while he was in one of the eligible grades. The infant in these cases is also eligible for full care during his first year of life. Similarly, if the father of an infant whose mother did not receive care under the program was in one of those grades at any time during the infant's first year of life, the infant's eligibility for care under the program is established.

The greatest effort of the new policy, which is retroactive to January, 1945, will be in bringing infants of discharged servicemen under the program for the full year in which the infant is entitled to care. The new regulation also clears up a matter about which some confusion has existed,

the end of the controversy is not in sight.

The House of Representatives has agreed to recess for several weeks, and I plan to be back in the District within a few days. My office in the Federal Building in Lubbock will be open, but I hope to spend the greater portion of my time visiting among people of the District, informing myself of local conditions and seeking to be of service wherever possible.

that is whether widows and their infants are eligible. Under this interpretation they are without question eligible.

The procedures to be followed in establishing eligibility is simple. The wife has only to show to her son assisting her in filling out the physician or other authorized per-application form an envelope or V-mail letter from her husband, her allowance card or other official communication dated at a time when he was in one of the eligible grades. If she does not have such evidence, the State Health Department can make inquiry of the appropriate armed service.

"Clarification of this matter by Congress brings the whole undertaking in line with the spirit of the law," Dr. Cox said. "The important matter is to get care to these women and their babies, not the fine points of when the application was made. Surely all can see the justice of taking care of these men's wives and babies."

The dime may not be as good as the dollar but we bet it goes to church more often.

The Low Down From Hickory Grove

More and more of the prodigals down there in Congress are in need of a tap on the shoulder. The latest outburst is where 2 of the boys are cookin' up a "guaranteed adequate diet."

With their new scheme, if you have a family of 4, you get 60 dollars worth of food coupons for 40 per cent on your wages.

But if some tired type of person chooses to work only one day a week and maybe make 40 bucks, a month, then his 60 dollars in coupons would cost only 16 dollars. Sounds good. But since he won't know in advance how much, it looks like he wait until the end of the month for his coupons, if any, he will sure enough work, and will eat nothing at all for 30 days.

And if a diet is to be adequate, the Director of the Diet Dept. will tell us what to eat. And if you happen to like carrots but don't like spinach and the Director does like spinach and is wise versa on carrots, then you eat spinach too.

For grown-up men in Congress

to cook up such concoction shows that more people should start writing post-cards. Most all the old boys there in Potomac-land can read pretty good. Tell 'em to act their age—or come on home. They will savvy.

FRIENDS ENTERTAINED WITH FORMAL PARTY

Delma Dawn Murphy was hostess a group of her friends at the home of her parents, Mr. and Mrs. Dewey Murphy, on last Friday night with a formal party. The guests enjoyed indoor games and dancing.

Sandwiches and punch were served to Chuck Wilson, Cynthia Tankersley, Donald Wayne Anderson, Charlie Lou Gaston, Billy Patterson, Dorothy Brazier, Betty Moore, Harold and Carol Hinson, Lyle Shelton, Dean Murphy, Doris Walls, Patsy Jean Johnson, Annie Nicholson, Shirley Laden Pruitt, Bobbie Moore, and Bobbie McAuthor.

PHI BETA CRAESUS

Members of the Phi Beta Craesus Club met at the home of Hazel Vernon Wednesday, July 11th to elect officers for the new club year.

Jane Weir was elected president, Hazel Vernon, vice-president, Ruth Hogue, secretary, Gwendolyn Glover, treasurer, and Eleanor Miller, reporter.

A sandwich plate was served to the members present.

Friday 13th is Not Always Unlucky

All of our life we have heard that you had better watch your corners, the black cats and upright ladders and what have you, on any Friday the 13th. Well, we had one last Friday, if you will glance at your calendar, but nothing untoward happened in the vicinity that we heard of, all the livelong day.

But just about an hour before the day was to bid us adieu, and Saturday the 14th was to roll in, a gentle rain, accompanied by a not too gentle wind, vivid lightning and the roar and roll of thunder, gave up grudgingly 88-100 of an inch moisture, followed by a light shower Saturday night.

The farmers did not wait until Monday to start the planters. We saw plenty tractors running Sunday, dragging from 2 to 4 planters, and we heard that lots of 'em ran Saturday night as well as Sunday night.

HOME AFTER NINE MO. IN EUROPE

Irvin E. Locke, Aviation Machinist's Mate Third Class, U. S. N. R., Route one, Tokio, Texas has returned from a tour of duty in the United Kingdom where he completed 45 combat missions as flight engineer and gunner aboard a Navy plane with Patrol squad.

Flying the famed PBV patrol bombers, the squadron ranged over European waters, searching over enemy U-Boats and surface units, escorting convoys and performing a variety of other flying missions.

Locke, who is 23 years old, is the son of L. F. Locke of Tokio, Texas. He spent nine months overseas.

Carl Ray announced this week that he was moving to Morton, to take charge of a hardware he had recently purchased from D. B. Gordon. The Rays are an excellent family, and we regret to lose them.

One Polio Case In Hockley County

An infantile paralysis case was developed by a child over in Hockley county Tuesday, according to Walter Breedlove, health sanitarian of the five county unit, with headquarters in the Terry county courthouse. The case was sent to Dallas for treatment.

Mr. Breedlove says it has been found by investigation of both the medical department and sanitary engineers that when flies get bad, there are more polio cases, and that generally flies have their start in filth.

Up until recently there has been few flies here, on account of dry weather, but since the showers, many more have been noticeable. Mr. Breedlove says flies seem to be more plentiful after showers than heavy rains, for the reason that hard, heavy rains drown them, and perhaps wash away many eggs.

What Mr. Breedlove wants to put over to all people in this section, and if you read the Herald, tell others that do not, that he urges everyone to see that there are no fly breeding places about your place. Keep your premises clean, and maybe Brownfield and Terry county will escape a polio epidemic. The price is too high to pay in human suffering to not take every precautionary measure—clean up and keep your premises clean.

MRS. PAUL McDERMOTT PASSES AWAY

Mrs. Paul McDermott, 57, died Tuesday afternoon, following failing health for several months, at her home on South 2nd street. Funeral services were conducted by Rev. A. A. Brian, at First Baptist church, at 3:30 p. m., Wednesday, followed by burial, under direction of the Brownfield Funeral Home, in the Terry County Memorial cemetery.

She is survived by her husband, Paul McDermott, well known market operator here; one brother, J. D. Landess, local farmer; a sister, Mrs. Ernie Greenfield, a former resident, but now of Dumas, and two other sisters, Mrs. Evans of Tatum, N. M., and Mrs. Brock, in California. Three brothers, John Landess, of Lubbock, Bost and Sank Landess of Portales, N. M.

Her mother, Mrs. Landess, died earlier this year at the age of 91 years. The McDermotts have resided here over twenty years.

K. W. Howell reports plenty squares in his cotton. So does Pat Patterson, but the latter says he has such a poor stand that he may plow it up and plant blackeyed peas.

Congratulations to D. L. Patton, at the Phillips 66 Station at Main and Fourth. He has recently installed new wash and grease racks.

Rev. and Mrs. Frank Story of Andrews, brought their son up recently to the local hospital for an operation for appendicitis. Frank stated that the young fellow was doing nicely.

The Old He Makes Connection With Ham

Although it is late in the year for such, the Old He, along with the woman he abides with, happened to some mighty good luck Sunday afternoon when we "drove" out to the Ed Thompson farm for a little "bull session" with that hard headed Republican. While "sot in his ways" against all New Dealism, that lad has a soft spot about his heart—his wife has even a softer heart.

She can just look at a guy and tell when he's hungry. So, around sundown, we announced that it was time to depart, and knowing our weakness for country cured ham, streaked gravy and hot biscuits, she promised all three if we would stay for supper. Our resistance—if any—ended.

After finishing a number of those biscuits with streaked gravy on them, a big slice of ham, preserves, country butter and good strong coffee, we clean forgot there was an OPA in existence.

By the way, as hot weather comes on, Mrs. Thompson slices her ham and puts it down in lard to keep it from becoming rancid. Yep, it was Sunday, but you'd hardly realize it, as we saw many, many, planters running.

An old time Terryite, Mrs. John Raymer of Lubbock, writes in to renew and says she still enjoys every issue of the Herald, but misses our editorials when we fail to write them. And we thought we and Editor Hale of Plains were the only two persons that read them. He told us one time that was the only part of the Herald he read.

And here comes a hot one from Edwin Hamm out there where the sun always shines, except in foggy weather, and says he's moved and don't want to miss the Herald, but still in San Diego, California. Why don't you Terryites that have strayed off out there pay your rent and save a move? Three moves equal a fire they used to tell us. Joking aside, Edwin says his mother and dad are out there now, and all enjoying themselves.

NEW PRIVATE AIRPORT FOR BROWNFIELD

Roy C. Harris, well known machinist, deeply interested in Aeronautics, has procured the grounds and erecting an 8 plane capacity hanger at the junction of Lamesa and Seagraves highways 1 mile southwest of town. Runways are being constructed, and the hanger will be completed by next week. He has associated with him, B. W. Young, a well known flying instructor, and will conduct a training school for pilots there permanently. It is understood it will be for lighter craft, and not in anyway interfere with the City-County airport to be aided by the Federal Government for use by heavier mail and commercial planes, which are now under negotiations.

T. T. Miller and family are moving to Odessa, Texas to make that their home. He will be connected with Ernest Broughton in the oil business.

GOMEZ HD CLUB

The Gomez HD club met Tuesday July 13th at the home of Mrs. Denver Kelley. The house was called to order by Mrs. Kelley Sears, club president. For opening exercise the club repeated in unison the club collect. Nine members answered roll call. Mrs. Denver Kelley, club secretary, gave a financial report.

Mrs. Kenneth Hodge, a student to the Educational Short Course held in Lubbock, gave a brief summary of the course.

The club discussed and agreed to sponsor a Pre-School Clinic, in cooperation with the County Health Department. The first clinic will be held at the Gomez school house, Friday August 3rd, at 2 p. m. Anyone with pre-school children are urged to attend—bring your child in for a check-up.

A round table discussion was conducted by Miss Reast, our HD Agent on "Food Preservation." Interest was especially high in regard to freezing foods, and many interesting points were brought out on the use of locker boxes.

The club adjourned after ten minutes of recreational period and the serving of refreshments.

The next meeting will be with Mrs. H. N. Key, July 27th. Mrs. Irene Griffith, County Health nurse will meet with us at this time to further discuss the clinic. Reporter.

W. S. C. S.

Members of the Women's Society of Christian Service, met at the church Monday afternoon, at 3 o'clock for a program on "Women Face a Post War Need." Mrs. Ed Tharp was leader with Mrs. J. H. Carpenter and Mrs. Harry Longbrake, assistants. Mrs. Carpenter discussed the "Homecoming of the C. A. Mrs. N. T. House gave the devotional.

Mesdames L. E. McClish and Maury Lewis will be hostess to a covered dish luncheon and social next Monday in Fellowship Hall. Eight members were present at the meeting Monday.

DELTA HAND BRIDGE CLUB

Mrs. Martin Line was the charming hostess to members of the Delta Hand Bridge Club in her home Wednesday evening of last week. At the conclusion of the games Mrs. Wayne Brown was awarded high, Mrs. Crawford Burrows, second high and Mesdames Jack Benton and Mike Blair won Bingo.

Refreshments were served to Mesdames Wayne Brown, Jack Benton, Ed Mayfield, Mike Blair, Crawford Burrows, Alfred Mangum, M. T. House and Velma Williamson.

TONI AKERS CELEBRATES EIGHTH BIRTHDAY

Toni Akers celebrated her 8th birthday with a party at home of her parents, Mr. and Mrs. E. G. Akers, Monday evening. During the hours of entertaining, various games were played; among them a game called Pitch, in which Nancy Sue King and Jo Ann Zant received prizes for the highest score.

Birthday cake, punch and miniature parachutes as plate favors were served to Nancy Sue King, Charlotte Smith, Iva Nell Hudson, Barbara Eaves, Jo Ann Carter, Jo Ann Zant, Donna Sue Christopher, Patsy Teague and Linda Heflin.
