While the rains of the past week will be worth little to the crops, cattlemen are rejoicing that it came, as it will green up the grass and give it some growth before winter. Cattlemen in general are pretty well stocked with cattle, and with a slim feed crop, grass will be a big item in carrying these cattle through the winter.

S'funny! Some are calling CST time, the new time. To us it is the old time, the time we have wanted to embrace again for months. It is the old time, time to start with, we right here on the west edge of central standard time, were practically an hour ahead of the sun as it was, and with the war time, put us two hours ahead of the sun. That is simply too much out of kelter. As this section of the USA was more of a farming than war effort area, with the exception of some ammunition loading and plane making plants, with perhaps less than 100,000 employed in them in Texas, we could never see the need of the change.

Cpl. James Roberts, erstwhile prisoner of the Germans, is releasing some interesting stories of his prison life at Stalg IIB. They are appearing in the Andrews County News, published by his brother, Robert. When he was released on exchange, the Gstapo would not let him carry his manuscripts away, but another prisoner kept them for him until the allied armies released the rest of the prisoners. The last one was on the closing of the old year 1944, and of course there was a deep line of melancholy running through the whole article.

If we were not alarmed, we would be amused at the change of face in the medical trust. Up until the "fixers" took charge of the government, the medical profession turned up its collective noses at the newspapers. They would have nothing to do with advertising, and tried to punish those few who did advertise, calling them quacks. The situation has changed. The medical profession is sending out warnings of the coming disaster, if the medical bill passes Congress. It is socialized medicine in the worst form. All newspaper men are opposed to it because of its regimentation. The profession might have saved itself some of the present embarrassment had it not been so hide bound in the past. To the profession it is termed "ethics," to the laymen it was pure short sightedness and a determination to build up an exclusive trust.

There is a big surplus of army-navy planes in the US, as well as scattered to the four corners of the universe. It is said that there are more than 1000 at SPAAF at Lubbock. It has been proposed that these be preserved in rust proof coating, knocked down and stored, so that we will never again be caught with our pants down. These planes are paid for, and at present not too obsolete, and if other nations know that we have hundreds of thousands of them stored, they will hesitate a long time before making an attack on us. If we had possessed such a fleet as we now have, and had the air force and the material for them to use, on Dec. 7, 1941, there would have been no disaster at Pearl Harbor.

POSSUM FLATS . . . KEEP THOSE BISCUITS COMING, MA!

no death march at Bataan, and no loss of our rubber, sugar and tin trade with the Southwest Pacific. But until such time arrives when all nations beat their swords into plowshares, and no war no more, let us as a peaceful nation keep our swords sharp and our powder dry. The millennium is not here in the world, yet.

Mrs. Cousineau phoned us toher day that her son, Jim, electrical engineer with the navy, was on his way home. There is rejoicing in many homes as the good news comes in. Jim was with the utility department of the city when he joined the navy, his first operations being in the cold, gloomy Aleutians.

Staff Sgt. Tommie Hicks Jr., is on his way home, and of course there is rejoicing in the Bowers home. You can tell that Bobbie his wife, is smiling when she talks to you over the phone about this home coming. Their baby is not large enough yet to know what a "pop" is, but he'll soon learn about his dad.

The many friends of Tiny Nelson, will be glad to see his smiling countenance back at the post-office again, after a round in the Seabee department of Uncle Sam's navy.

We Have Had No Pension Luck Yet

A number of our farmer friends have asked us lately how we are getting along in quest of our pension. You know the farmers really read the Herald, bless 'em. They are not like their brethren here in town, so all-fired busy in chasing the Almighty Dollar that they deprive themselves of some really good reading matter.

But some of the farmers are adamant when we ask for help. Take Jake Sandage for instance. He 'lowed as how he'd been keeping us up for several years, and expected to have to keep on doing it, and he just was NOT going over to the courthouse and help us cry on that SS lady's shoulder.

Just for that we pintedly refused to go on his note so he could get a barber shop shave, and the shinnery was knee high on his face at that time. Folks, we dont think we are making much progress.

Joking aside a minute, and we hardly ever stop, we know of some old folks—not in Terry—that really need help that are getting around \$7 per month. We have made no inquiries here.

We think that an aged, infirm, and needy person that is getting no more than \$7 per month would not miss it greatly if they cut off the whole little old wad. Something should be done about that, and soon.

When Please Stop My Paper Sounds Good

"Please stop my paper—I will be home Sunday."—Pfc. Wayne D. Howell. Don't that sound fine to all of us, and especially his wife and three children, his dad and mother, the J. H. Howells, and family? Boy, it is music to our ears.

We hope it wont be too long until we wont have a paper going overseas, but we will have some for a few years, perhaps. But our list of about 125 going overseas no further back than May, is now melting like the proverbial snowball in the bad place. No editor likes to get a letter from a civilian that says, "stop my paper."

Of course there has not been much of a change in the list going to service men who are still in the states.

JUDGE DALLAS HAS NEW TITLE

Judge W. H. Dallas, last week received a letter addressed to 'Jester of Peace', The postoffice promptly put it in his box. As it contained a remittance for a fine and cost, previously adjudged, in a local crap game and being a colored gentleman, the Judge will not fine him for contempt of Court.

Roland And Darrell McNeil On Sea Tender

On the USS Argonne in the Pacific.—Roland R. McNeil and Darrell Mage McNeil, both seamen first class, of route 3, Brownfield, Texas, are serving on this tender which has seen action on almost every sea lane from Pearl Harbor to Leyte Gulf.

She escaped with minor damages in the Pearl Harbor attack, then began her travels that took her to New Caledonia, Tulagi, Guadalcanal, New Zealand, the Marshalls, the Admiralties and Leyte.

Although she was under attack several times, her closest call came at Manus Island, when an ammunition ship exploded nearby, damaging the Argonne and injuring many of the crew.

Mrs. Geo. Henson, of Tokio, underwent an operation at the local hospital last Saturday a week ago. Geo stated that she seemed to be doing well.

Mrs. Robt. Welch, postmistress of Meadow, was down recently, and paid the Herald a short call.

You'll know the new Phillips 66 is *good*—the instant you step on the starter and get that *instantaneous* response. No choking...no sputtering—listen for the magic of a fast-firing motor even on the coldest mornings!

You'll know the new Phillips 66 is *great*—when you give that accelerator just the touch of your toe, and *zoom*—you're away from that stop light like a scared jack-rabbit coming out of a cane-brake!

You'll know the new Phillips 66 is *amazing*—when those hills flatten out in front of you with never a thought of shifting!

Local Boy Aboard Virginia At Tokyo

On Board The USS Virginia In Toyko Bay two Brownfield, Tex., navy men, Jack R. Mitchell, radio technician, third class, USN, son of Mr. and Mrs. Charles E. Mitchell, 15 West Main st., and Edwin Wright, seaman, first class, USN, son of Mr. and Mrs. Henry L. After a year in which they had seen only sparsely populated islands, crewmen found the densely settled area a novel sight. With binoculars they could watch the people on the streets of Japanese towns.

In the west was Fujiyama, sacred Japanese mountain, a sight every man aboard had been promising himself for many months to see.

BREAKFAST SHOULD BE A HEARTY MEAL

Austin, Texas.—Because the time that elapses between the evening and breakfast the next morning is considerably more than that between other meals, an adequate breakfast is necessary to good health. Even during sleep normal body processes continue to burn fuel. Breakfast is needed to replace that fuel loss as well as furnish energy for the morning's activities, according to Geo. W. Cox, State Health Officer.

"Eating no breakfast or a poor one results in irritability, fatigue, and a mid-morning let down. A mid-morning snack will satisfy hunger but furnishes little of the protective foods the body needs. It serves also to dull the appetite for the next meal," says Dr. Cox.

"Too many individuals think of breakfast as coffee and a doughnut grabbed while dressing for school or work. It has become a compromise reaching work on time and a desire to catch that extra 'forty winks,' Dr. Cox, added.

An adequate breakfast furnishes one-fourth to one-third of the day's requirements. Milk, fruit and whole-grain cereal, and bread makes a simple breakfast easy to prepare and serve. In addition it is well to include frequently an egg, some type of breakfast meat and waffles or pancakes.

"Once we have taken time to plan and prepare a good breakfast, we also need time to relax

Mrs. C. W. Brown was in this week to get the Herald started, as her daughter is here from Calif., and wondered why she was not taking the home town paper. Mrs. Brown stated. However, Mrs. Brown has been sending the paper to her son in the service, it had to be stopped for a better address, recently.

and eat it properly," the Doctor added. "Only five or ten minutes more time is required to eat a good breakfast that can give added vigor for the day's activities as well as add much to good general health and a cheerful disposition."

The Dallas-Brownfield Thompsons Eat Off Us

Most of the time the Old He and wife enjoy the viands of Edgar Allen Poe Thompson and wife out in the Harmony community, but his hog ham had played out till hog killing time again. So, his brother Albert and wife came in last week from Dallas, and we felt so sorry for Ed that we invited both families in for dinner, Sunday, Sept. 30, (the non variety, but doggone nigh one when we et.)

And, Albert being much nearer our age, and was old enough to have two or three years in the 3 month summer school at old New Hope, before his dad sold out and came to Texas, about 1893, he still remembers most of the people back there, especially those grown or large enough to go to school, so Ed just had to sit and listen.

Fact is, we don't think Ed had

a very enjoyable day. The neighbors had brought in "right smart stuff," and Albert and the Old He were full after the meal and tired of talk that we lay down and slept. But nothing like that happened for old Ed. The women put him to turning the ice cream freezer.

That is the reason we don't think Ed had such a helacious day.

Local Sailor On USS Battleship Entering Tokyo Bay

Aboard the USS Mississippi, Tokyo Bay—Horace E. Huddleston, S 1/c USNR, got his first glimpse of the Japanese homeland August 27, when his ship, the U. S. S. Mississippi, sailed up to Tokyo Bay as part of Admiral "Bull" Halsey's powerful Third Occupation Fleet.

He served as a member of 5 in 25 Antiaircraft Battery aboard the 40,000 ton battleship during the Gilberts, Marshalls, Bismarck Archipelago, the Palau, the Philippines and Ryukyus operations. He wears the Asiatic-Pacific ribbon with 7 battle stars, the Philippine battle stars along with the American Theatre ribbon.

Horace is the son of Mr. and Mrs. T. A. Huddleston and is married to the former Miss Claudia Jones of Brownfield, Texas. Mrs. Huddleston resides at Brownfield.

The present Mississippi, claimed to have been sunk on several occasions by both the Japanese and Germans, was duplicating the feat of a previous warship bearing the same name. In 1853 Commodore Matthew C. Perry carried the first Mississippi into the then uncharted waters of Tokyo Bay to open world commerce to Japan.

I GIVE YOU TEXAS

By Boyce House

David Harum cynically but humorously said: "Do unto the other fellow as he would do unto you—and do it fust."

Of all the effectations of speech, the free, the frilly and fancy over use of "oneself" is about the worst. Instead of saying "A man should be careful of his speech lest he give offense," your purist goes off the deep end thrusting and to-wit, or maybe half wit: "One should be careful of one's choice of words lest one gives offense to one's listeners."

And someone should tell the Hollywood publicist that there is nothing clever in referring to a cup given for the year's best performance as "an oscar." The award is presented for outstanding achievement and should not be cheapened by some silly term.

While on the general subject of movies, the theatre ought to set aside a section for those who go there to see and hear the picture and not for an hour's conversation. Such a section would not need to be very large.

Came across this bit of verse—I mean verse—somewhere: Johnnie drove a model T Harold drove a limousine; Johnnie's girl lived 'cross the

tracks, Harold went with the campus queen; But Harold is now a forgotten man While Johnny every girl admires; Harold's limousine is on the rims And Johnnie still has four good tires.

There's just two things the matter with the horse," the owner said to the man thinking about buying the animal.

"What are they?" the prospective purchaser asked.

"I'll tell you what one of them is and, if you buy him, I'll tell you the other one then," the owner replied. The prospect agreed.

"The first fault is that he is hard to catch."

"Well, I'm prettely active; I can catch him alright; here's your money; now, what's his other fault?"

The man pocketed the money and as he edged away he answered, "In the first place as I said, he's hard to catch, and in the second place, he ain't worth a durn after you catch him."

Mr. and Mrs. Jim Griffith spent last Sunday in Lubbock visiting her sister, Mrs. P. H. Polk and her mother, Mrs. M. C. Abernathy, of Coleman, who is visiting in the Polk home

Cpl. Joe D. Murray, who has been in the 1st Calvary Div., in the Philippines, but has now received his discharge, was here visiting his parents, Mr. and Mrs. S. J. Murray last week. He was in the service 4 1-2 years. His wife, who has been making her home in Oakland, Calif., while he was overseas is with him.

Austin Whitley is here from California, visiting his dad and mother, Mr. and Mrs. J. J. Whitley. Austin left here some 25 years ago, and this makes his second visit back here. He called at the Herald office just to say hello.

J. A. Forrester sent in his renewal from Midland this week, and said tell everybody hello.

Miss Jo Darr, a teacher in the Brownfield school, in 1942, but now with Civil Service at Lamesa, was here Tuesday on official business.

THE HESTER FAMILY HOLD FAMILY REUNION

Mr. and Mrs. G. M. Thomason recently went to Carlsbad, N. M., where they had a family reunion, with most of the children and a lot of the grandchildren enjoyed gathering with the parents and grand-parents, Mr. and Mrs. W. I. Hester. Other relatives living there are, her sister and husband, Mr. and Mrs. A. A. Comstock and niece and family, Mr. and Mrs. C. D. Andrews. The gathering lasted from Saturday to Monday.

Those present other than mentioned, Mr. and Mrs. Geo. McDonald, of Watsonville, Calif.; Mrs. C. R. Smith, El Reno, Okla.; Mr. Homer Johnson and family, Mr. and Mrs. Fred Baldwin and three children, Brownfield; Mr. and Mrs. W.W. Thomason, and three children, Spur; Mr. and Mrs. T. D. Baldwin and one child, El Paso; Lt. and Mrs. L. A. Rayford, Hobbs, N. M.

Mrs. Thomason stated that her parents were getting up in years, he being 84 and his wife 87. There are nine children, all living.

To our California reader who was slightly riled over the irregular way they got their Herald, will say, wish we could do something about the matter. The Herald leaves here the same day each week—Friday, but with present overcrowded traffic and mails, there is no certainty about delivery. We find that out every day with our own incoming mails.

Got a mess of those delicious and licious (is there other adjectives?) tomatoes that Mrs. Bob Bowers always raises, recently. They are not an extra large tomato, but red to the rind, and the best flavor, ever.

Got a note from the postoffice at Camp Fannin, to stop off Cpl. Byron Sandage's Herald at Brownfield, Route 5, and that means that another Terry county lad that spent months overseas, is now discharged.

Sam Branch was in last week to get his paper changed from Oregon, back to Brownfield. Sam thinks they are through rambling for awhile.

GOMEZ HD CLUB MEETING

In place of our regular meeting we had the home nursing course in the home of Mrs. B. R. Lay.

Twelve ladies are enrolled in the course and Mrs. Simmons is the teacher. Miss Reast gave an interesting exhibit on nutritious foods. The next meeting will be with Mrs. K. Sears and everyone is urged to come as we will elect officers.

Any club wanting to take this course would not go wrong in securing the services of Mrs. Simmons, as she is a very capable and interesting instructor.

OLD TIMER PASSES IN CALIFORNIA

R. H. McCormick informed us last week that Earle Williams, better known to old timers as "Skinnie", died of a heart attack at his home near Anaheim, Calif., in Sept. He was about 50, and a World War I, veteran. While skinnier in his youth, he was far from it later in life.

He was the son of the late Rev. and Mrs. M. D. Williams, and leaves a wife and a son, who is in the service; one sister, Mrs. Henry Witt, of New Mexico, and

ENCOURAGING HAPPENINGS BROWNFIELD METHODIST CHURCH

Nineteen fine young people became members of the church during September. Many new members were added to the enrollment of most of the classes and departments. The Board of Religious Education has launched plans for meeting the needs of all age groups.

They authorized the organization of a separate Intermediate department, a young peoples class, ages from 18 to 23, and a young Adult Fellowship.

Wednesday evening at 7:30 there was held in the local Methodist church a subdistrict meeting of church school workers and pastors in that part of the Lubbock District southwest of Lubbock. Dr. L. N. Lipscomb delivered the inspirational address. Then group planning and discussions concerning the church school enlargement phases of the "Crusade for Christ" were led as follows:

Childrens division, Mrs. I. F. Kennedy, Lubbock; Youth division, Mrs. Cecil Matthews, Lubbock; and the conference youth officers, including Miss Lillie Hester of Brownfield; Young adult fellowship, Mr. Arch Harper, Lubbock; Adults, Rev. H. H. Brothner, Ralls.

All workers came away with a sense of profound need for greater dedication and more workers for the church work of today.

NORMA CARY HOSTESS TO SUB DEB CLUB

Norma Cary was hostess to the Sub Deb Club at her home, Tues. afternoon. During the business meeting, Joanne Price was elected corresponding secretary. Plans for making money for the club presentation, were discussed.

Sandwiches, cookies and cokes were served to Mary Tankersley, Lois June Foster, Yvonne Forbus, Patsy Murray, Norma Jo Boyd, Frances Lewis, Gloria Hughes, Cheezy McSpadden, Mary Brandon, Jo Ann Lay Joanne Price, Barbara Benton, Melva Wartes,

Shirley Summerhill, Betty Ferguson, Chloe Marian Schmidt, Betty Boone, Wanda Winn, Naomi Thompson and Miss Johnson, the club sponsor.

LOCAL CHURCHES WILL CELEBRATE "WORLD-WIDE COMMUNION SUNDAY"

Next Sunday the Methodist and Presbyterian Churches of Brownfield will celebrate "World-wide Communion Sunday" at their morning services of worship.

Eight years ago the first Sunday in October was chosen that there might be a ceaseless 24 hours of spiritual feasting around the world at the Lord's Table. At first the name world-wide was rather presumptuous, but the day has grown in favor rapidly with Christian people. This year the observance of the day will be literally world-wide.

October 7th is World-wide Communion Sunday throughout practically all the Protestant denominations. The Northern Baptist, Congregational-Christian, Church of England, Episcopal Lutheran, Methodist, Presbyterian, Dutch Reformed, and many other churches, and many Army and Navy Chaplains, will provide a place for believers to partake of the Sacrament of the Lord's Supper in their respective churches and in their customary manner.

Mr. and Mrs. Charley Donley and son Bobby, moved here from Lubbock, and are living on east Broadway. Mr. Donley is employed as parts manager at Teague-Bailey Chevrolet Company. He was previously employed by Kuykendall Chevrolet Company in Lubbock.

MAIDS AND MATRONS MEET WITH MRS. JOT AKERS

Mrs. Jot Akers was hostess to the Maids and Matrons club, at her home Tuesday afternoon. After roll call and a short business session, Mrs. O. L. Peterman reviewed the play, "The Melting Pot." Mrs. A. R. Smith gave a talk on Parliamentary Mistakes.

Refreshments were served to Mesdames W. A. Bell, Lal Copeland, E. C. Davis, Lee Fulton, Leo Holmes, R. N. Huckabee, Looie Miller, O. L. Peterman, Money Price, J. L. Randal, C. F. Simes, A. R. Smith, M. G. Tarpley, J. M. Teague, L. M. Wingerd, Joe McGowan, Miss Olga Fitzgerald and Mrs. W. B. Toone of Dallas. Mrs. Toone a former members was a guest.

WEDNESDAY AFTERNOON BRIDGE CLUB

Mrs. Ted Hardy was hostess to the Wednesday Afternoon bridge club, last Wed. When scores were tallied, Mesdames Dick Jones was awarded high, Everett Mathews, second high and J. P. Miller won bingo.

Pie, ala mode and coffee were served to Mesdames J. P. Miller, Sue Christopher, Everett Mathews, Dick Jones, Frank Szydoski, Crawford Burrows and Sharileen Schillingier.

Ida Mae May spent the week visiting Jo Pete May, in Plains.

LINCOLN-BOROUGH VOWS

Miss Theda Fern Lincoln, daughter of Mr. and Mrs. C. L. Lincoln, and Loly Boroughs, son of Mr. and Mrs. B. H. Boroughs, were married in a single ring ceremony, performed in the parsonage of the Baptist church, at 9:30, on the morning of September 22, Rev. A. A. Brian, officiating.

The bride wore a two piece grey wool suit with black accessories. Her corsage were lillies of the valley.

The couple spent the weekend in Lubbock and are now at home in Brownfield.

YOUNG ADULT FELLOWSHIP

Kenneth Purtell and Burton Hackney and their committee are having much encouragement in promoting a Young Adult Fellowship and new Sunday school classes at the Methodist church. They have more than 70 names as prospects already. These include people from about 24 to 30 years of age and returning service people who are on the church's Honor Roll. They would provide a friendly christian fellowship for discharged and visiting service people and their wives and sweethearts.

This class is to have its first meeting Sunday morning at 9:45 in a room recently fitted for them. They also invite school teachers and unmarried people generally who would enjoy their fellowship.

Ruth Huckabee and son, Jerry Don, Grace Lenore Tarpley, of Abilene, Mr. and Mrs. Chad Tarpley of Odessa, spent the weekend with their parents, Mr. and Mrs. M. G. Tarpley.

Paul McDermott is on an extended visit in California and Oregon, visiting relatives.

Mrs. T. N. Sigley and daughter have gone to Oklahoma City, on a ten days visit.

MRS. BRIAN ENTERTAINS THE Y. W. A.

The Y. W. A. met with Mrs. Brian September 25 at 8:00 for a sandwich supper. After the supper of sandwiches, cookies and lemonade, new officers were elected as follows: President, Theda Jobe; Vice-President, Genelle Newman; Secretary, Gloria Swan; Choister, Dorothy Nell Brownlee; Pianist, Joyce Jobe; Publicity chairman, Audrey Foster.

A nice time was enjoyed by all.

TRIP TO CIRCUS CELEBRATES BIRTHDAY

Mr. and Mrs. R. O. Black honored their daughter, Patsy, on her birthday by taking she and a group of her friends to Lubbock Wednesday evening to enjoy the circus. Before leaving for the circus the group were served refreshments of sandwiches, potato chips, birthday cake and Dr. Peppers.

Guests were: Martha Cranford, Barbara Benton, Nelda Brown, Peggy Black and the honoree.

NIGHT BRIDGE CLUB

Mr. and Mrs. Bob Bowers were hosts to members of the Night Bridge Club at their home Thursday evening of last week. When scores were tallied, Mrs. Everett Latham and Mr. Reagan Peeler were awarded high.

A refreshment plate and coffee were served to Messers and Mesdames O. L. Peterman, John O'Dell, Reagan Peeler, of Sundown, Everett Lathams, and Joe McGowans.

PLEASURE CLUB

Mrs. Jake Gore entertained members and guests of the Pleasure Club with three tables of bridge at the home of Mrs. G. G. Gore, Thursday evening of last week. At the conclusion of the games high score was given Mrs. John L. Cruce, second high to Mrs. Don Peachee and Bingo to Mrs. Mike Barrett.

Ice cream and peaches, angel food cake and punch were served to Mesdames Joe Shelton, John L. Cruce, Mike Barrett, C. C. Primm, Don Peachee, N. L. Mason, Jack Hamilton, Hartwell Minnick, Lee Brownfield, Jack McLaughlin, V. L. Patterson and Miss Gertrude Jones.

THE TEL CLASS HAVE LUNCHEON

The Tel Class of the Baptist church met at the home of Mrs. W. L. Bandy, Thursday of last week, for a covered dish luncheon followed by a business meeting. During the business session the following officers were elected for the ensuing year: Teacher, Mrs. D. P. Carter; president, Mrs. Ame Flache; and secretary, Mrs. W. H. Collins

Those present were: Mesdames D. P. Carter, Steen, Elco Evans, W. E. Pool, Garrison, Ame Flache, Ray Brownfield, W. H. Collins, John Jenkins, G. W. Graves, Chambliss, B. L. McPherson, Shepherd, E. L. Redford, K. W. Howell and Mrs. S. H. Holgate as a visitor

W. M. U.

The Women's Missionary Union of the Baptist church met Monday afternoon at the church in their first meeting of the week of Prayer for State Missions. The meeting opened with the song "Help Somebody Today," followed by the devotional given by Mrs. J. T. Auburg. Mrs. W. E. Pool led the group in prayer. Mrs. K. W. Howell was leader.

Mrs. J. R. Watson talked on "Look to Our Fields." Others gave short discussions on phases of the State Missions. Mrs. W. M. Adams gave the dismissal prayer. 23 members were present.

Following the prayer service, the various circles met for their Bible lesson taken from the book, Topical Study of the Bible.

Mesdames Herman and Herbert Chesshir, were Lubbock visitors, ast Friday.

W. S. C. S.

The Women's Society of Christian Service of the Methodist church, met Monday afternoon for their monthly Outlook for a program on the subject "The Doors Which None Can Shut." Mrs. N. T. House was program leader and also gave the devotional, using scripture from the book of Revelation as her text. Mesdames H. O. Longbrake and W. B. Downing had parts on the "Women in the Working World."

During the business meeting monthly reports were given and plans for the Federated Missionary meeting, which will be held the 5th Monday in October, with the Methodist ladies as hostesses, were made.

THREE OTHER TERRYITES ATTEND ACC

We have notice that three other Terry county students, other than those mentioned elsewhere, are attending Abilene Christian college, as follows:

Ada Sue, daughter of Mr. and Mrs. Sewell Dean, of Wellman, sophomore, majoring in home ecs. Wilma, a junior, daughter of Mr. and Mrs. J. J. Woodard, of Wellman, majoring home ecs.

Sgt. Byron Sandage Discharged Sept. 19th.

Camp Fannin, Texas—Sgt. Byron W. Sandage, whose home address is Rt. 5, Brownfield, Texas, received his honorable discharge from the Army at the separation point here on Sept. 19, 1945.

Entering the service on Jan. 23, 1942, he took basic training at Ft. Knox, Ky., and later served at Ft. Dix, N. J. and Camp Fannin Texas. He served overseas 23 months with the First Armoured Division in the European theatre.

His overseas record includes over 200 days in combat, and participation in the following campaigns: Tunisia, Naples-Foggia area, Anzio beachhead, and Rome-Arno area.

His decorations and awards include the Purple Heart, European-African Theater Medal with 2 bronze battle stars and the Good Conduct Medal.

He is the son of Jacob Sandage, who resides on Rt. 5, Brownfield, Texas.

Prior to entering the Army he was a farmer.

SEAGRAVES PROMOTERS VISITS LIONS CLUB

Messrs Matchett and August Collis, of Seagraves, demonstrated to the Lions club at their Wednesday luncheon, a special compass and trap invented by the former, useful in catching swinks, a large drove of which, the inventor says, were recently found near Cedar Lake.

He has also proven the best bait to use. The contraption is within the rules of the Humane society. He has one on display in the First State Bank in Seagraves.

Mr. Collis promotes dog fights, but did not specify a date for his next one.

Mrs. M. R. Paddock left Monday for her home in Landel, Wyoming, after visiting her parents, Mr. and Mrs. Will Adams, for the past three weeks.

Looking Ahead

British Coal

England is a coal country; 70% of the island's export tonnage is coal and it goes all over the world. England's 706,000 miners produce 200 million tons of coal a year. These are big figures until you compare England and America. We have only 393,000 miners in the United States but they produce 586 million tons of coal a year; more than five times as much per man as in England.

Coal miners in England draw \$25 a week. American coal miners get \$52 a week and they earn it. Don't let anybody tell you that American workers are super-men who hit harder and work more hours a day, because it's not true. Don't let anybody tell you that coal veins in the western hemisphere are richer and better and easier to work, because that's not true either.

Modern Machinery

In America miners use power cutters. Automatic loaders put the coal in cars and electric locomotives pull them away. In England men dig coal out with picks and pitch it in cars with shovels. The power that pulls the car to daylight is a scrub mule with a rag over his eyes. That's how they used to mine coal in America when grandpa was a boy.

Getting a ton of English coal to the top of the ground costs \$4.20 for labor alone; \$1.40 in America. The manpower shortage, incidental to war, ran the price of British coal to \$6.50 a ton—twice its pre-war price. American coal advanced only 60¢ a ton. Hand work is what commands the premium when men are scarce. This economic fact has worked a hardship on the English.

Food and Clothing

England does not raise enough food for her people, nor enough fibre to clothe them. Such necessities are imported by the shipload. In a practical sense, they are bought with coal. Plain to see, with coal costs doubled, things to eat and wear became very dear in England. People blamed the war, of course, but the real trouble was lack of modern coal mining machinery.

With a nation so dependent on coal, why didn't the mine owners equip their properties with modern machinery, get out more coal per man and pay better wages? Answer: Government interference! Tax laws discouraged replacing old machinery. Regulations placed a penalty on efficient methods. The results were three: High prices, low wages, and a ruined export trade.

Might Have Been

Workers in British mines blamed the mine owners. The squeeze that pinched their wages to half the American scale was a political vice. Government regulations and taxes retarded production and choked prosperity. This was so craftily hid from the workers that they shouted loud for nationalization—government ownership. It will come now, with Churchill out and Attlee in.

With most admirable fortitude the English came through fendish abuse to victory. Peace might have brought England prosperity; ability to pay her 12 billion dollars of war debts. With business men free to compete and produce, earn profits and raise wages, it might have been. But socializing all industry will start a long detour off the road to a better England.

Future Farmers Of America

The Terry county F. F. A. chapter officers had a district meeting Tuesday afternoon. The chapter officers that attended were: Meadow, Loop, Plains, Seminole and Brownfield. The chapters combined elected district officers for the coming year. Two were chosen for each chapter. The two officers from Brownfield were D. A. Key, 2nd Vice-President and Douglas Gibson, 3rd Vice-President.

Mr. McCullum made a speech on Parliamentary Procedure. The chapter also discussed their summer F. F. A. encampment for the coming year. New rules and regulations were made, they are going to try each of them.

Mr. and Mrs. S. J. Treadaway and family, of Abilene, visited relatives in Brownfield, Sunday.

Mr. and Mrs. O. L. Peterman were business visitors in Lubbock, one day last week.

Mr. and Mrs. U. D. Sawyer, of Crossroads, New Mexico, were in Brownfield Sunday.

Rev. and Mrs. J. R. Bunts and children left Sunday for El Paso, to visit Mr. Bunt's parents.

Mrs. C. E. Mitchell writes from Clyde that they have bought a home there, but still wants to keep up with Brownfield, via the Herald.

ON WINGS AND WHEELS

The war caused many people to think they would soon be riding in a jet propelled plane. But research department of the Standard Oil Company of Indiana says: "Jet planes, even with their ability to use heavy fuels, will probably not come into ordinary use for private or commercial planes for a long time, if ever."

The survey was part of the company's study of future fuels and requirements, and dealt entirely with aircraft. It said: "A jet plane must fly high and fast. Since high-altitude, high-speed flight is expensive no matter what kind of engine is used, the experts feel the jet plane will hardly fit into the economic picture. Most experts feel that the large airplane of tomorrow will use propellers, but that the propellers will be driven by gas turbines . . . particularly as planes are built that need engines of greater than 3,000 horsepower."

Every radical change in engine design means that the oil industry must develop lubricants and fuels that will make the operation of such engines practical and fool proof. The American oil industry has always kept pace with or been one jump ahead of demands. That is one reason why the United States leads the world in its use of all types of motor equipment for pleasure and business.

Private enterprise seeks new fields to conquer in methods of production and distribution, for that is the lifeblood of its success. And that is why a nation profits so greatly where individual opportunity and incentive for advancement is the driving force in industries. Nowhere is this better illustrated than in the laboratories of the oil companies whose job it is to keep American citizens on wings as well as wheels.

Sheriff Joe Price went to San Angelo last week to arrest a man wanted here for cold checking a local grain dealer, for more than fifty dollars. The man made bond for his appearance for the October term of District Court.

Miss Katherine Underwood, of Lubbock, was a weekend guest in the Will Adams home.

What Do We Want?

In commenting on Washington political pressure to maintain bureaucratic controls in peacetime, the Cleveland Trust Company Business Bulletin of August 15, says in part:

"There are two chief issues at stake which are highly important for American business. The first is that of the freedom and speed with which industry will be enabled to reconvert to civilian production. In the main, industrialists believe that all wartime controls should be lifted as fast as they can be. Those who hold this opinion are not thinking only of production controls. They have in mind also controls over wage ceilings, prices, materials, and consumer rationing except for a few genuinely scarce necessities of life.

"Chairman Krug of the WPB shares that view, but he is opposed by important groups within the administration. They favor continued controls over the allocation of materials, and over their use to make finished products. They want price, wage and profit controls.

"Their economic doctrines really constitutes the second important issue that is at stake. It is whether . . . we are going to have a free enterprise system. The answer almost certainly is that if we continue our wartime controls . . . we shall have abandoned our basic competitive free enterprise system . . . Proponents of retaining controls do not admit this. They argue that by retaining them in peacetime we shall be keeping and improving our competitive economy, but in reality they want strict government regulation of competition.

"These discussions involve many arguments about inflation. Friends of OPA claim both price controls and profit ceilings must be retained through the period of re-conversion in order to avoid serious price inflations. Their opponents point out that the one reliable safeguard against inflation is large-scale production. Price controls are untrustworthy, and inevitably prevent full production. Under prevailing economic conditions an inclusive system of price controls is more like-

ly to foster inflation than to protect us against it."

One cannot help but feel that the goal of the "economic doctrine" sponsors, despite declared purposes to the contrary, is to secure legislation purposes to the secure legislation strict governmental regulation of competition, including production, prices and wages.

Mrs. O. L. Peterman and son, Bobby, spent the week end in San Angelo visiting their daughter and sister, Marie Peterman. Mrs. Peterman's mother accompanied them as far as Colorado City, where she remained for a visit.

Q./M. 2/c Ulee McPherson wired his parents, Mr. and Mrs. B. L. McPherson, that he had landed at Long Beach, California, and would soon have his discharge and be home as soon as possible.

Mrs. J. T. Bowman left Wednesday to meet her husband in El Paso, who is there getting his discharge. Sgt. Bowman has been stationed in the Philippines the past several months.

Mr. and Mrs. Cass Sackelford and son, of Lamesa, visited Mr. and Mrs. George Warren and Mrs. Gail Willis, Sunday.

IT'S HERE AGAIN!
THE MASSEY-HARRIS
SELF-PROPELLED
HARVEST BRIGADE

SEE HOW
YOU
CAN DO
2 1/2 MEN'S
WORK...

WITH
Self-Propelled

• Yes, last year the Massey-Harris Harvest Brigade set a new, all-time record for acres harvested per man, per hour, per dollar. It's here again because another record crop is being harvested and there's still a shortage of men and machines.

In harvesting over a million acres last year, 14-foot Self-Propelled Combines averaged over 4 acres per hour. According to an official survey, 14-foot tractor-drawn combines average 2% acres per hour. This means that one man with a "Self-Propelled" harvests as much grain as 2 1/2 to 3 men operating conventional combines and tractors.

What the "Harvest Brigade" has done on a national scale, you can do for yourself with a Self-Propelled—harvest your grain with one machine, one operator; saving tractor and tractor operator, saving fuel, and saving grain normally tramped down by tractor on opening cuts.

The Harvest Brigade is a war emergency measure, designed to make critical materials do the greatest possible amount of work. We, as Massey-Harris dealers, would like to supply a Self-Propelled Combine to every farmer who needs one . . . and will as soon as materials are available.

See them now. Ask us where and when they will be operating . . . and talk with us about keeping your present equipment in good repair, and about your implement needs for tomorrow—Self-Propelled Combines, Clipper Combines, Forage Harvesters, Power-Plus Tractors, High-Speed Plows and other Massey-Harris cost-cutting implements that will help you meet the world-wide demand for food in the best way.

JESSIE G. RANDAL-PTA

The first meeting of the Jessie G. Randal PTA, was held Thursday afternoon at 3 o'clock in the auditorium of the school. The meeting observed the Texas Congress birthday. Mrs. Frank Wier gave a history of the Texas Congress.

Group singing of the song, "It's a Good Time to Get Acquainted" was followed by the introduction of the Jessie G. Randal teachers, by the principal, Mr. Craft. Mrs. Jack Griggs gave the by-laws of the organization. The program theme was, "The Family Builds the Future."

The social hour followed, in which refreshments were served from a table. Social arrangements were in charge of the social committee of which Mrs. Frank Szydoski, is chairman.

(Continued from front page) of us know how battles raged in Normandy, and the Huns finally driven out and on with more hard fighting until this army forced the 'Nasties' across Roer river. Then came the battle of the Bulge. Kenneth stated that the new division that was hit by the Germans, had just taken their places, so they could drive on to the Roer. In order to save the hard pressed 99th from annihilation, they had to pull back south, until the battle was won and the Germans again routed. He stated that the 99th were great fighters, but vastly outnumbered.

We remarked to him that last Christmas was none too cheerful to home folks on account of that Bulge battle, and he readily admitted that it was even less so to the men engaged in it. V-E Day

found his outfit on the Elba river. Kenneth, like all service men was not too talkative. In fact, all we have talked to have to be given the third degree almost to get it out of them, but he did say this without quizzing: "Just tell the folks I am ready to get out of uniform any day Uncle Sam says when, and as far as I am concerned, for good."

He wears the AMAE with seven battle stars; silver star with cluster; bronze star with oak leaf clusters and the Purple Heart. Officers were supposed to have a good conduct medal and not just win it like enlisted men.

THANKS

To our many friends we wish to express our sincere thanks for your deeds of kindness and words of sympathy at the death of our dear wife and mother. May God bless each of you.

Roy Boucher, Joy and Donald Wayne

Our mistake. Last week we stated that A. C. Harvey, of Causey, N. M., remarked that we the shortest crop he had ever seen in Terry county. He writes us this week that he was speaking of the county as a whole, and not the crop on his place in Terry, which is a good one. Fine.
