

## Paper Salvage To Be Discontinued

Geo. W. Neill, who has been assembling waste paper for near two years, announced this week that while this and several other articles are still needed, the fact that the L. A. F. at Lubbock which sent trucks at intervals for it is about to be inactivated and for personal reasons, will after next week discontinue receiving waste paper. Mr. Neill says he now has on hand nearly a truck load and wishes all persons having some on hand please bring in at once that he may finish one more and final load. He was profuse in gratitude to the public of Brownfield and Terry county for bringing in, even small parcels, which he retied and separated, spending many hours each week in such work. He estimates that during this time he has shipped out about 65,000 pounds.

Army trucks from the LAAF would come down on invitation, and haul it away. The readable magazines were sent to the boys in camps and over seas, the other was sent to a plant in Oklahoma, that dissolved it into a masche that make cartons and boxes for shipment of medicines and other supplies to the armed forces.

## Centenarian Land Owner Dies

Mrs. Mary E. Fauley of Zanesville, Ohio, who owned a section of land in the north part of the county, died recently, nine months after attaining her 100th birthday. Her husband bought a section, 11 miles north of town in 1880, part of the lands given by the State for building railroads.

He, in about 1900 conveyed it to his son, Wilbur F. Fauley, who for many years until his death in December, 1943, was News Editor of the New York Times, and has visited here twice. One time this editor, with Geo. W. Neill, Mr. Fauley's local agent, conveyed him to look over the land. He was a reader of the Herald for many years. Upon his death he left, by will, this land to his mother.

Last January, approximately on her 100th birthday, she sold the land to two local farmers, now occupying it.

## Sgt. Guy Tankersley Puts On Civies

It is a pretty tough matter to say who is the happiest returned service man in this section. We have seen several, but private citizen now, Guy Tankersley, until Monday a more or less hard "biled" sergeant in our Uncle's army, seems to lead the van. Guy breezed into the office Monday with a very official looking envelope which he waved on high.

Yep, he's out. He was then on his way to have the instrument recorded, and then right on down to Ma's house to get in those good old civies. Asked if he thought he might volunteer for another round. "Heck, no. If they ever get me again, I'll hang myself with a tent rope." And out he went.

## Bill McKinney To Be Southland Agent

The Herald welcomes Mr. and Mrs. W. T. (Bill) McKinney back to Brownfield, where they will take up where they left off when this mess with Germany and Japan came up. The Mrs. made her home in Amarillo while Bill was in uniform.

In another place in this issue of the Herald, the Southland Life Insurance Co., is announcing the appointment of Bill as their local agent here. This is a Texas company and a good one. See Bill when you want insurance.

Tech Sgt. Jimmie C. Baggett, son of Mr. and Mrs. B. A. Baggett, arrived in New York the 2nd of November. He will report to Fort Sam Houston for his discharge before coming home.

## County Clerk Recording Many Discharges

H. M. Pyeatt, county clerk, announced early this week that discharges from military service are coming in rapidly, that he has recorded 109 during the month of October and 201 since August 1st.

There have been considerably more than that number discharged during this period, but many fail to record with the clerk, and many having moved away record in their new homes.

It is advisable to have their discharges recorded, as it preserves them, and that document might be badly needed some day.

## Cubs Lose To Westerners 20-0

Last Friday night the Brownfield Cubs lost their 3rd AA conference game to the Lubbock Westerners at Lubbock by a score of 20-0. The facts of the whole game summed up was just too much "Brewer," the Westerners left half, who carried the mail for numerous gains, while the Cubs, playing without their ace ball carrier and quarter back, Jack Eicke, just didn't seem to click. However, they were on the Westerners' 5-yard line twice with three downs to go, but just didn't have the punch to put the ball over.

At halftime the score was 14-0, and the game ended at 20-0 in favor of the Westerners.

On Friday, Nov. 16th, the strong untied, undefeated, and almost unscathed on Plainview eleven will invade the Cubs Den here for a game which is expected to find the Cubs in much better condition and still fighting for the first conference win.

## Sgt. Runs Cafe While Ricketts Visit

While Mr. and Mrs. Ricketts of the Thompson Cafe visited in El Paso last week, Sgt. Robert Poole had charge of the cafe. Was just passing through, and his services were secured. Poole first joined the British navy in 1939, before we entered the war. In 1942 he enlisted in the army air corps of USA, and with the 56th engineers was stationed on Guam.

He holds the presidential citation, one battle star, Asiatic-Pacific ribbon. He was receiving medical attention at Colorado Springs, but was transferred to San Antonio, Texas, where they have an air corps hospital.

The "Sarg" made a fine cafe manager, but was a bit risky. He would even take our check.

## FORMER LOCAL LADY DIES AT GRAND PRAIRIE

Mrs. O. B. Day, recently died at Grand Prairie. The Day family formerly lived here, she being the daughter of R. C. Paysinger of Hobbs, N. M. She leaves a husband, two children and many other relatives to mourn her passing.

Also, she left two brothers and two sisters, one of the brothers being in the south Pacific. Attending the funeral from here were Mr. and Mrs. A. M. Day, and sister-in-law, Mrs. C. C. Moore.

## SEVERAL ATTEND HEREFORD SALE AT LOVINGTON

A number of breeders and feeders from Brownfield vicinity attended the Hereford sale at Lovington last Saturday. O. L. Peterman informed us that the two ranchmen who sponsored the sale, had some mighty good stuff, while thoroughbreds, sold at fair prices.

Among those from here that made purchases were J. O. Gillham, Frank Jordan and Dr. Treadaway.

Mrs. Will Moore came under the wire this week with two more years of the Herald. That's OK. Less trouble to you—less book-keeping for us.

## Troy Marshall In Jap Occupation

The 27th Infantry Division with the 8th Army near Tokyo—Private First Class Troy R. Marshall of Company G, 105 Infantry Regiment has landed on Honshu with the 27th Infantry Division, the first AGF unit to travel by air into Japan proper.

The son of Mr. and Mrs. T. C. Marshall of Box 905, Brownfield, the Texan was one of the first American doughboys to set foot on Honshu island to start the occupation of Japan. The 27th Division initially occupied an area near Yokohama and Tokyo.

Marshall saw action with the 27th on Okinawa and has been awarded the Combat Infantryman's Badge. He was a farmer in civilian life. Pfc. Marshall attended Brownfield High School and West Texas State College.

Pfc. Marshall entered the Army on September 19, 1944 and has been overseas eight months.

## Peterman And Gillham Attended WTCC Meeting

O. L. Peterman, president of the Board of Development and J. O. Gillham, president of the State Bank, attended the directors meeting of the West Texas Chamber of Commerce at Abilene over the weekend. They report a very interesting and instructive meeting.

H. Y. Overstreet of Farwell, was elected president to succeed E. W. Hardin of Amarillo.

Mr. Peterman stated that the old style of everybody and their dogs convention are out now for good. Strictly business meetings. Rail Commissioner Olin Culbertson addressed the delegates, and paid a glowing tribute to this regional body, giving them the lion's share of a start toward rail rate equalization in the United States.

The convention in a resolution, called on the government to stop strife between labor and management, and get the country started toward reconversion.

## Seen At The Cub-Westerner Game

Spotted here and there at the Lubbock-Brownfield game Friday night in Lubbock were: Mr. and Mrs. Tarzan Crossland, Lottie Howard, Margaret Kapple, Mr. and Mrs. Roy Herod, Billy Redford and Joe Pete May, Mr. and Mrs. Terry Redford, Mr. and Mrs. M. G. Tarpley, and Mr. and Mrs. Chad Tarpley, Sgt. and Mrs. Bill Gore, Dr. and Mrs. E. C. Davis, Mr. and Mrs. Oliver Wheat, and Richard, Johnny Winston, Carl Johnson, Jr., Mr. and Mrs. J. E. Mathews, Mr. and Mrs. Troy Noel, Mr. and Mrs. Dick Jones, Mr. and Mrs. Ted Hardy, Mr. and Mrs. Frank Sydoski, Mr. and Mrs. Fred Lowe and Alex.

## GOVERNMENT AGENCIES ENJOY CHILI SUPPER

Employees of the various government agencies in Brownfield enjoyed a supper of hot dogs, beans, relishes and coffee at the home of Mr. and Mrs. Dennis Lily, Thursday of last week. After supper games of 42 were played.

Those attending were: Mr. and Mrs. Paul Farrar, Mr. and Mrs. Looie Miller, Mr. and Mrs. W. G. McDonald, Mr. and Mrs. Tommy Harrell, and children, Mr. Orvil Hays, Mrs. Edwin Helms, Mr. and Mrs. J. A. Turner, Sgt. and Mrs. Bonner Armstrong, Misses Thelma Duffey, Marie Winningham, and Elizabeth Smith.

Dorothy Nell Boran, who has been employed in Waco as a private secretary in army headquarters, was transferred to Randolph Field in San Antonio, where she is employed in the separation center.

Pvt. Chares Wayne Bandy, who is stationed at Camp Roberts is home on a ten-day furlough visiting his parents, Mr. and Mrs. W. L. Bandy.

## Local Methodists Off To N. W. Texas Conference

This week ends the conference year for the Methodists. Their Annual Conference met in St. Paul's Church in Abilene, on Wednesday evening. The pastor and the two delegates, J. O. Gillham and J. L. Johnson were planning to be present at the opening session. The outstanding accomplishments of the year were as follows:

Attendance was very encouraging. The increase in Sunday School attendance by actual figures was 45 per cent. Many new workers were added to the faithful already carrying the responsibility. A young Adult Fellowship and Wesleyan Service Guild were organized with very flattering prospects for enlargement and successful service. Many outstanding fellowship meeting and church lawn parties were held, thus enlarging the friendships of all concerned.

There were 154 additions to the church, 71 by Baptism or Vows and 83 by letter. Perhaps three fourths of these were adults, thus greatly strengthening the church immediately.

All seemed to be very generous in financial support as in other vital ways. The church raised \$8878.00 for local expenses, including more and better literature and devotional helps, office expenses and purchase or furnishing of organs. They raised \$3524.00 for World service and relief through the church. Total money raised was \$12,402.00.

The pastor, Rev. R. N. Huckabee, says that Brownfield people have been very encouraging and faithful allies in fellowship, human uplift and in progressive church efforts. "We are most grateful for your confidence and help. The days ahead are most hopeful."

No preaching next Sunday. But Sunday School at 9:45 and Young people visit for evening.

## Armistice Holiday Rodeo Saturday And Sunday

While the boys of the second world war are getting home, the Legionnaires of the first one have no set program for this year, for one thing maybe because the day comes on Sunday. But the old burg will not be without some entertainment.

The Brownfield Rodeo Association has seen to it that the public will get a break with some real, thrill enthralling entertainment in the shape of a rodeo, and the boys promise to bar no holds to put on a good one.

There will be calf roping, bronc riding, team tying, Brahma bull riding, as well as some matched horse racing. The performances of the afternoon and evening shows, both days, will be held at the Rodeo Grounds, one mile north of the city on the cemetery road.

Lt. William Joe McGowan, wife and small son, William Joe II, came in this week from New Braunfels, where Mrs. McGowan has been making her home since the birth of the offspring, which occurred while it's dad was in the Philippines. It is just plain citizen Bill McGowan to his friends now, and he joins his dad in the law and abstract office on the west side of the square.

Looks good to see C. C. Primm, now in civies behind the counter at Nelson-Primm Drug. C. C. was a pharmacist in the army until recently. Slowly but surely, the old town is taking on a natural hue, as the boys get back on the job.

A session of County Court, with jury, is called for next Wednesday by Judge H. R. Winston. Several misdemeanor and two civil cases are up for trial.

## USO Drive Still On In Terry County

According to report here from J. O. Gillham, chairman of Region 17, of which Terry is a part, Terry County fell down considerably on its USO drive quota.

After subscribing more than its quota last year, the county this year is second from top of the list in percentage collected:

County	1945-%	1944-%
Garza	97.3	148.0
Terry	74.2	103.2
Hockley	73.6	80.6
Yoakum	66.6	98.3

Cochran	24.2	53.4
Lamb	23.4	101.2
King	13.3	36.5
Kent	9.4	49.0

## We Open Our Big Mouth And Get Our Foot In It

Last week we sought to pay our respects to two of our very efficient mail men, Hayden Griffin, clerk, and Terry Redford, carrier. We meant all we said, and did not mean to disparage the efforts of others in the least.

In fact the fans of H. B. Grant, the other city carrier came right back and demanded that that individual be given proper recognition, as there is no better to be found, they said, and we believe them.

Now to keep down other disagreements, lets start with L. A. Greenfield, acting postmaster, on down to the man that keeps the Federal building clean from the basement up, including the grounds, also the rural carriers. Can anyone say there are better men to fill all these jobs?

Let's give the entire force a big hand, as they say on the radio.

## Next Monday Is A School Holiday

Supt. McCollum informed us by phone this week that inasmuch as Monday was to be a town holiday, the school will go along with them, and there would be no school Monday. Starts again Tuesday as usual.

By the way, we understand that the third and four stringers of the Cubs will play the Ropesville football team Friday night at Cub Field. The regular Cubs will take a week off for a trial at the Plainview Bulldogs next Friday night.

## BETTER WATCH YOUR WIFE, HOP HALSEY

Two weeks ago the Hop Halsey Drugstore Cowboys played here for benefit of the Jesse G. Randall PTA. They were a pronounced hit by all who attended and a neat sum was garnered in.

And by the way, Mrs. Joyce Halsey made a decided hit with our little 8 year old grandson, Jack Taylor Stricklin. Better keep a close watch, Hop. He says she's a very beautiful lady.

## ROSS MOTOR CO. EXPECT PONTIAC SOON

C. E. Ross, of the Ross Motor Co., stated this week that he was expecting a new Pontiac in most any day now, maybe Saturday. But he had not found out definitely.

If possible before the Herald goes to press, he will announce the news in the Herald. He expects to sell a lot of these fine cars when they can be obtained, and not too long, he hopes.

Miss Evelyn Jones, of Ft. Worth spent the weekend in the home of her mother, Mrs. Tobe Howze. She is being transferred to Chicago, Ill.

## Local High School May Have Basketball Team This Year

Austin—A tentative list of Conference AA schools planning to participate in the University of Texas Interscholastic League Basketball in 1945-46 was released today by Rodney Kidd, athletic director of the League.

Although 101 schools are now in the Conference, still others are expected to join before the closing date of November 15, Mr. Kidd said.

Schools in Conference AA1 which have indicated they will take part in the basketball series include the following: Amarillo, Borger, Brownfield, Plainview, Lubbock, and Pampa.

## Harvest Situation In Terry County

In conversation with W. G. McDonald, acting county agent, he stated that the cotton harvest around Meadow is progressing, however, a few farmers still need help. The cotton is better than was expected at the beginning of the harvest.

He states that the grain harvest has been delayed to some extent on account of rail car shortage and that everything from here to Washington has been tried to get more cars. The elevators are all full of grain and if we do not get more cars it looks like most of the grain crop will be piled on the farms.

Mr. McDonald said it looks like there will be plenty of combines and trucks to take care of the harvest. If you need trucks or combines contact the County Agent's office.

## Many See And Order New Chevrolet

Office personnel in the show rooms at the Teague-Bailey Chevrolet Co., last weekend, when the new 1946 Chevrolet was on display, stated that all day long, crowds of people, men, women and young people inspected the model on display. Many expressed themselves as being highly pleased with the new car.

Walter Hord, salesman, stated that they took a number of orders for the new car when they can be had, and if labor troubles ease up, they expect the factory to be in full production by the new year. Possibly 1000 visitors saw the new car.

Needless to say that Budie Teague and Jack Bailey will be on their toes to get cars as fast as possible.

## US MARINES TO CELEBRATE 170TH BIRTHDAY

Saturday the US Marine Corps will be 170 years of age, having been brought to life Nov. 10, 1775 during the Revolutionary War. Commandant Gen. A. Vandergriff, will deliver the principal message to the fighting leathernecks as well as to the nation, paying tribute to those that sleep under white crosses on the beaches of the far Pacific.

They did fine work in demolition of British supplies during the Revolutionary War as well as the war of 1812, but their most notable feat was the taking of Vera Cruz, Mexico in 1848, and their march into Montezuma. Also their work in helping to eradicate the piratical tribes in North Africa early in the 19th century.

Thus their official song, "From the Halls of Montezuma to the Shores of Tripoli." Brownfield and Terry county has Ex-Marines of both world wars.

## NOTICE

We have a supply of T. B. seals for sale for anyone wanting them for early mailing of packages. Call the County Health office or see Mrs. O. L. Jones.

State Senator Sterling J. Parish of Lubbock was a visitor here Wednesday on personal business.

## Terry County Industrial News

To the old timer who came to this county, when it was covered with all-out-o-doors, and the nearest neighbor was a 'fur piece,' and for so many windy years, seen only cattle and small time farming, it is a joy and pride to wake up and behold our many industries, though small, they are built upon our own resources. They are home efforts and we are proud of them.

Creed Gore, and Dewey Murphy, two old country boys, who, unacquainted stopped in Terry county in the 19 and teens, and farmed for several years on the west side, by inclination traded in livestock and then to butchering on small scale for a store or two, and within past four years, each has established a ten thousand dollar abattoir (see dictionary). Though each owns and operates his own plant competitively, their volume is about the same. Each has modern equipment, including refrigerating plant, and has upon inspection been passed by State and Federal health departments.

Collectively they furnish to the markets of Brownfield, Meadow, Plains, Denver City, Seminole and Seagraves, some 15 beaves per day, and as many hogs. Each has capacity to handle more and will when war time limits are raised. This is about 400 animals per month. The commendable feature is the livestock, their raw material is all purchased from producers in this and adjoining counties, as is the consumption.

Thus it is a home enterprise. They pay out to have producers over thousands of dollars per month; for livestock and feed, as well as giving employment to several persons, and the consumers always have fresh, clean meats.

Another example of successful men with home enterprises, is Grady Goodpasture, and Chess Gore. Both Terryites, started from scratch just a few years ago, and each now owns and operates a grain elevator, well up to average in west Texas. Collectively they shipped during 1944 near 2000 cars of grain, or 80,000 tons, aggregating more than \$300,000. Approximately the same for 1943. Because old J. Pluvius went AWOL, the 1945 crop is estimated at about half.

What a lesson this is for home industries, and co-operation on and for the grit, ambition, as well as business ability of these men. The advocates of "Private Enterprise" have something here to boast of.

This isn't so much a well deserved pat on the back of these enterprising men, but plain examples of what can be accomplished in old Terry by others, on the many other products of this county, and opportunities we have at hand.

Next week we will point out others.

## Miss Grimm To Ride For U. S. Army

Miss Virginia Grimm, of Leveland, now working for the US army recruiting station in Lubbock, was here last week with Sgt. Jack Veazey making arrangements for Miss Grimm to enter the Rodeo here Saturday and Sunday. She will ride a horse owned by Red Davis of Ft. Sumner, N. M. Sgt. Veazey is in charge of the US army recruiting station in the Federal building at Lubbock.

This week the Herald is starting a series of advertising for the United States Army. If interested, read them, and apply to the above address, where you will be given full details.

## BUSINESS HOUSES TO CLOSE MONDAY

Most business houses have agreed to close Monday in observance of Armistice day which falls on Sunday this year. No program has been announced.

A bit of quizzing, but not exactly a galloping pole, reveals that most ladies are opposed to a year of military for 18-20 year olds, and sentiment divided by adult males. And, we find that most service men of this war oppose military training under whatever name. Yet, some of the vets of the first world war are for it, strong. They have probably lived long enough to figure results of unpreparedness. One stated recently that his wife was strong against the measure, but he was for it, and they have a boy that would come under the ruling in a few years. He added that a year of military discipline might stop some of the juvenile delinquency the reformers talk so much about, and if we had possessed a few million well-trained men Dec. 7, 1941, there would have been no Pearl Harbor attack, he stated, that has cost us hundreds of thousands of dead and over a million casualties, not to mention billions of dollars, displacements, losses, heartaches, etc. What is your idea?

It would seem that President Truman is getting a bit fed up on the unreasonableness of some of the demands of labor unions as well as their inter-union disputes on who is to take over in certain plants. He has told both labor and management to get together on reconversion and production or else. And by the "else," he means some hard boiled legislation in congress. And while we are on the subject let us thank our stars that we of this area are not at the mercy of the coal barons and their quarling employees. A natural gas fire is better anyway.

Don't cheer to quickly about those tax cuts. The Washington boys are still holding meetings to find ways and means to spend more money.

Every time they get one strike settled, two more start.

After a faithful try at socialized medicine, New Zealand is considering its abandonment. New Zealanders say that it is not only abused by the people it is supposed to benefit, but doctors and politicians as well. Let's not try this socialistic experiment in America.

Reports persist about a German revolution. Did they disarm our soldiers when the Germans surrendered? Then why not lay out a few of the b--ds, and then if Switzerland, that great "neutral" country yelps, drop a few block busters over there. We the people of America sure got fed up with the Swiss during the war. Here in the USA, if all Nazi and Jap prisoners were not fed their beef-steaks and a quarter pound of butter on the dot, or if they were worked a minute over time, a howl went up from the Swiss legation. We want to know why these same "neutrals" failed to see the death march from Bataan, or the horrors our prisoners went through in Germany and Japan and the countries they held? We have reached the point that we have no more use for a Swiss than we do the Rat nations, themselves.

We had an idea that the GI's, Gobs and Leathernecks would want the loudest ties on the pike when they got out of the service. But dealers point out they are

using very modest neckwear—if any.
While the nation as a whole is talking of tax reduction, the League of Municipalities are meeting down at Austin with big town speakers from all over the United States, to find ways and means to get more taxes out of the citizens. A tax on cigarettes and gasoline for one thing is being considered. Put that in your pipe and smoke it.

First Aid Classes And Instruction

The American Red Cross has published a new First Aid textbook for use of students in their classes. This new book was published due to the advance of medical science and the tremendous experience of the war. This revised textbook is ready at an important time. Reconversion and re-employment in industry, travel and speed on the highways, and unaccustomed situations generally will without doubt add to the already tremendous number of accidental injuries. First Aid instruction is needed and the Red Cross is abreast of the times with up-to-date materials.

Persons who have taken First Aid courses before are reminded that the certificates they earned expire at the end of three years from date of issue, and those who have not received First Aid training and would like it are asked to contact Lewis Simmonds, First Aid Chairman for Terry county, phone 185, or Eunice Jones, Glen Akers, or Cecil Smith. These First Aid instructors will try and arrange classes for any group or organization that wish to take advantage of First Aid training offered by the American Red Cross

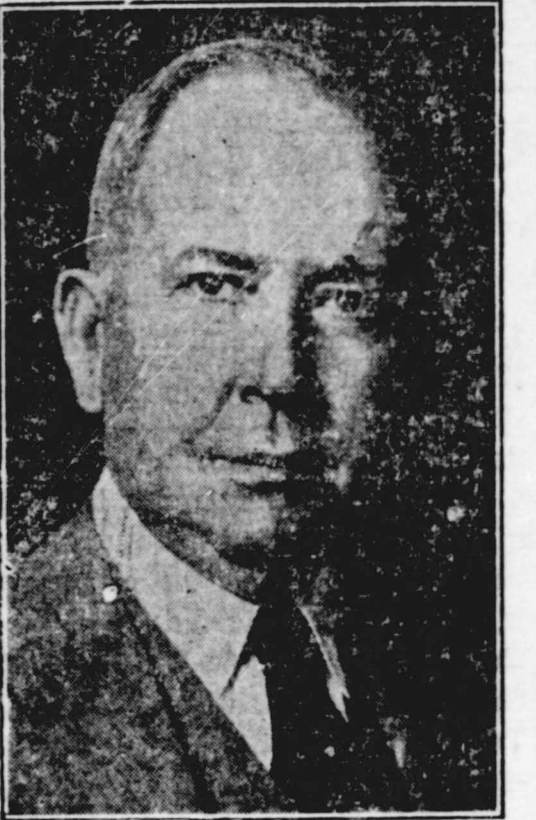

Among the many renewals this week were S. N. Riley of Welch, and W. M. Adams, city.

Jack Browder has his discharge from the Air Corps, received on October 31st, and will be here in Brownfield until the first of the year, when he will enter school.

AFBF President To Speak In Texas

Waco—Edward A. O'Neal, president of the American Farm Bureau Federation, is scheduled to speak before the annual state convention of the Texas Farm Bureau on Tuesday, Nov. 27, it has been

EDWARD A. O'NEAL

announced by J. Walter Hammond, president of the state organization. The two-day meeting will be held Nov. 27-28 at the Roosevelt Hotel in Waco.

Mr. O'Neal has been actively identified with the American Farm Bureau, organized in 46 states, since 1921, when he became a charter member of the Lauderdale

Acidity -- Heartburn -- Pain After Eating

Try Drinking Hot Water Plus-- Right After Meals.
Never have you found faster relief. It's new—it's different. Neutracid is the formula of a well known west coast physician for use whenever excess stomach acid causes gas, sour stomach or heartburn—Neutracid contains no bicarbonate of soda — and is very agreeable to take.

Here's all you do: Stir one teaspoonful in half a glass of hot water and drink when distressed after eating, take right after meals. Relief usually comes promptly in a very few minutes. Nelson-Primin Drug Co., Palace Drug, and all good druggists have NEUTRACID—the new and remarkable formula for excess stomach acid.

SHORTAGE OF GRAIN CARS REPORTED

Local grain dealers complain of a scarcity of railroad cars for shipment of the 1945 crop, which despite the drought, is coming in in great volume.

Dealers are working frantically for more cars and have hopes of getting them before serious damage can occur to the grain.

Some day they will cross a chicken with a centipede and everybody can have a drumstick,

ELECTION NOTICE THE STATE OF TEXAS COUNTY OF TERRY CITY OF BROWNFIELD

BE IT REMEMBERED that on this the 12th day of October, A. D. 1945 there was held in the City Hall of the City of Brownfield, in Brownfield, Texas, a regular meeting of the City Council of the City of Brownfield, Texas, the following members being present to-wit:

Jesse D. Cox, Mayor, M. J. Craig, C. J. Smith, R. L. Bowers, W. B. Tudor and J. K. Graves Councilmen and Thomas D. Zorns, City Secretary, and among other business transacted was the following:

There came on to be considered the matter of selling the undivided one-half interest which said City of Brownfield owns in the West half of Section Fifty (50), Block T, Terry County, Texas, and using the proceeds derived from said sale for the purpose of improving the East half of said Section 50 as an airport.

It was moved by Councilman M. J. Craig and seconded by Councilman J. K. Graves that an election be held at the City Hall in the City of Brownfield, Texas on the 7th day of November A. D. 1945 to determine whether said City of Brownfield shall sell its undivided one-half interest in the

West half of Section 50, Block T, D. & W. Ry. Co. Survey in Terry County, Texas, which said election shall be held as provided by law in the case of the issuance of municipal bonds.

None but qualified voters of said City of Brownfield, Texas, shall be allowed to vote at said election.

The form of ballot shall have written or printed thereon the words

"For the sale of City of Brownfield's one-half interest in the West Half of Section 50, Block T. D. & W. Ry. Co. Survey in Terry County, Texas."

"Against the sale of City of Brownfield's one-half interest in the West Half of Section 50, Block T. D. & W. Ry. Co. Survey in Terry County, Texas."

J. D. Miller is hereby appointed manager of said election.

Notice of said election shall be given by the City Secretary of the City of Brownfield, Texas, by posting notices thereof in the City Hall of the City of Brownfield, Texas, and at the Court House Door in Brownfield, Texas, and by publishing a copy of said notice on the same day in each of two successive weeks in a newspaper of general circulation published within said City of Brownfield, the date of the first publication to be not less than fourteen (14) days prior to the date set for said election, to-wit: November 7, 1945.

Every person who offers to vote at said election shall first take the following oath before the presiding judge, and the presiding judge is hereby authorized to administer same.

"I do solemnly swear that I am a qualified voter of the City of Brownfield, Texas, and that have not voted before at this election."

Upon the motion being put Councilman M. J. Craig, J. K. Graves, W. B. Tudor, R. L. Bowers, C. J. Smith voted "aye" and none voted "no".

Whereupon the mayor declared said motion carried and said election ordered.

Done and approved at Brownfield, Texas this October 12, A. D. 1945.

Jesse D. Cox, Mayor, City of Brownfield, Texas.

ATTEST: Thomas D. Zorns City Secretary
I, Thomas D. Zorns, City Secretary of the City of Brownfield, Texas do hereby certify that the above and foregoing is a true and correct copy of an election order passed by the City Council of the City of Brownfield, Texas on October 12, 1945 as the same appears of record in Volume 2 Page 148 of the minutes of said City of Brownfield.

WITNESS My hand and seal this the 17th day of October, A. D. 1945.

"It tastes better" Images of a milk bottle and a glass of milk. Reports persist about a German revolution. Did they disarm our soldiers when the Germans surrendered? Then why not lay out a few of the b--ds, and then if Switzerland, that great "neutral" country yelps, drop a few block busters over there. We the people of America sure got fed up with the Swiss during the war. Here in the USA, if all Nazi and Jap prisoners were not fed their beef-steaks and a quarter pound of butter on the dot, or if they were worked a minute over time, a howl went up from the Swiss legation. We want to know why these same "neutrals" failed to see the death march from Bataan, or the horrors our prisoners went through in Germany and Japan and the countries they held? We have reached the point that we have no more use for a Swiss than we do the Rat nations, themselves. We had an idea that the GI's, Gobs and Leathernecks would want the loudest ties on the pike when they got out of the service. But dealers point out they are

### The Community Holds Veterans To Prosper

Austin—The smaller communities of Texas have their futures tied up in the returning veterans and war workers, Dr. Harry E. Moore, professor of sociology at the University of Texas, believes.

"The small towns that are able to hold these men and women will prosper," he said. "If these persons leave they will carry with them the new skills and ideas they have acquired while away, and will spend the productive years of their lives adding to the prosperity of the towns in which they do stay."

"They will stay in their home towns only if they find there the economic security and the social satisfaction they are seeking," Dr. Moore stressed.

"These men represent a tremendous investment on the part of the towns in which they grew up. Statisticians figure that a family with an income of \$2,500 per year spends about \$10,000 for each child reaching 18 years of age. Roughly, the number of men supplied the armed services is

about 10 per cent of the total population."

Continuing, Dr. Moore said, "Cutting the cost of rearing a child to half the figure estimated by the statisticians, this still means that a town of 10,000 population has invested in its servicemen not less than \$5,000,000.

"This figure does not account entirely the more important but not calculable human worth of these men. Even so, \$5,000,000 is pretty high stakes for a town of 10,000 to gamble for," he said.

Dr. Moore and his wife, Dr. Bernice Milburn Moore, family consultant for the Hogg Foundation for Mental Hygiene at the University of Texas, have recently written two pamphlets pointing out the importance of returning servicemen and war workers to their home towns. These pamphlets, titled "Through Their Own Front Door" and "What the Community Can Do for Its Servicemen" are being distributed through the USO centers.

### USED FAT BY-PRODUCTS COME HOME TO KITCHEN

Without budging from her kitchen, Mrs. Housewife can see a few of the necessary but less spectacular uses of salvaged kitchen fat for which she is now being paid two additional red ration points per pound.

Those green and white striped window curtains, for example. Used fat is required in the processing of all fabrics from wool to gingham, and in the making of all dyes. Used fat goes into the nylon thread that may be reinforcing the seams.

#### Used Fat for Paint

The linoleum on the floor, the paint and enamel on the kitchen furniture, the caulking compounds around the window frames need used fat in their manufacture.

Then opening a supply drawer, there are cellophane refrigerator caps to prevent the spread of odors, insecticides, protective wax paper and oilcloth whose manufacture depends upon salvaged kitchen fat.

In the dog's special compartment is his prepared dog food, his leather collar, flea powder and rope leash. Used fat is needed in the processing of all four!

Plastics, too, have fats and oils as an ingredient, so Mrs. Housewife's day-by-day used fat salvage

helps make her orange juicer, her cake knife, and her plastic kitchen stool.

#### Newsprint Needs Fat

No morning newspaper without household salvage either. Printing ink and paper is processed with fats and oils. So is synthetic rubber for the dishrack, and insulating cord.

And nothing in the kitchen could be kept clean without soap and water softener. Used fat again.

Kitchen salvage comes right back home, providing hundreds of household essentials. The kitchen in which a housewife has used fat, is virtually equipped with the products of fat salvage.

#### Fat Saving Personal

Fat saving is as personal as that. Fats and oils, so desperately needed in our economy that the government has authorized the payment of four red ration points per pound, reappear as homefront essentials.

The Department of Agriculture begs housewives to save and turn in an additional 100,000,000 pounds of cooking grease in 1945. By doing so, they help themselves and their country. Fats and oils will continue to be short until the Pacific Ocean is again a lane of commerce.

### The Stork Still Leading In Terry

At the beginning of the fourth quarter, in the 1945 game of life and death, Terry county's stork is leading the grim reapers by a score of 97 births, to 30 deaths during the third quarter, and for the whole year, 287 births, and 70 deaths.

Little Dan Cupid, eternally busy, is having a closer race with the D-mill. During this year there were 112 marriages and 58 divorces granted. There is such an epi-

demio of the latter sweeping the state, that some are labeling the court room a "separation center." Twenty cases are pending here.

At a recent convention of District Judges of the State they took note of this swelling tide, but there is nothing they can do about it. People have the heaven and earthy right to marry and by the American theme of personal liberty which has been so loudly proclaimed the last few years, they have earthy right to quit, to resort to the courts and invoke our hundred year old divorce laws.

AN IMPORTANT DATE FOR THOUSANDS OF ARMY VETERANS NOW IN CIVILIAN LIFE

Between now and November 21, thousands of Army veterans will reenlist in Uncle Sam's new volunteer peacetime Army. Because men who have been discharged between May 12 and November 1 of this year and reenlist on or before November 21 will be able to return to the Army with the same grade as they held when discharged.

Men with six months of satisfactory service discharged as privates will, on reenlistment before November 21, be given the grade of private first class.

Men now in the Army who apply for discharge after NOVEMBER 1 for the purpose of reenlisting in the Regular Army will also retain their present grades, if they enlist within 20 days after discharge and before FEBRUARY 1, 1946.

### "BEST JOB IN THE WORLD"

These special privileges are typical of the new law recently passed by Congress. Few opportunities for a lifetime career offer as many attractive advantages.

Can you think of any other job that would give you good pay, your food, clothing, quarters, free medical and dental care, world-wide travel, 30 days furlough every year, education and training in any of nearly 200 skills or trades, and enable you to retire with a life income any time after 20 years' service?

There isn't any! That's why a job in the Regular Army has been called "The Best Job in the World."

### HIGHLIGHTS OF THE NEW ENLISTMENT PROGRAM

- Enlistments for 1½, 2 or 3 years. (1-year enlistments permitted for men with 6 months' service.)
- Men reenlisting retain their present grades, if they reenlist within 20 days after discharge and before Feb. 1, 1946. The same applies to men discharged between May 12 and Nov. 1, 1945, who reenlist before Nov. 21, 1945.
- An increase in the reenlistment bonus to \$50 for each year of active service since the bonus was last paid, or since last entry into service.
- 20% extra pay when overseas.
- Paid furlough, up to 90 days, depending on length of service, with furlough travel paid to home and return, for men now in the Army who enlist.
- Mustering-out pay (based upon length of service) to all men who are discharged to reenlist.
- Option to retire at half pay for the rest of your life after 20 years' service—or three-quarters pay after 30 years. (Retirement income in grade of Master or First Sergeant up to \$155.25 per month for life.) All previous active federal military service counts toward retirement.
- Benefits of GI Bill of Rights.
- Family allowances for the term of enlistment for dependents of men who enlist or reenlist before July 1, 1946.
- Choice of branch of service and overseas theater in Air, Ground or Service Forces on 3-year enlistments.

### The Problem Of Annexation

By Dr. Eugene C. Parker University of Texas Third of Series

Whatever individual leaders may have thought about maintaining independence, the people of Texas were never of two minds. They had come from the United States to settle, and, now that the revolution was successful, they wanted to return to the United States, taking Texas with them.

The convention which declared Texas independent on March 2, 1836, adopted a constitution and elected a provisional government making David G. Burnet temporary president, pending an election. After the battle of San Jacinto and the retreat of the Mexican army, Burnet called an election, to be held in September. At the polls, the voters were to express themselves on three subjects: (1) they were to ratify the constitution as it had been written by the convention or authorize congress to amend it; (2) they were to elect a president, vice-president, congressmen, senators, and other officers; and (3) they were to say whether or not they wished to be annexed to the United States. As the result of the election, the constitution was approved unconditionally, Sam Houston was elected president, and by a vote of 3,277 to 91 the people expressed their desire for annexation to the United States. Though anybody who chose to go to the polls could vote, without regard to length of previous residence in Texas, there is no reason to believe that the returns misrepresented the will of the old settlers.

President Houston appointed Stephen F. Austin secretary of State and selected William H. Wharton to represent Texas in Washington. Austin had earlier opposed annexation, but had changed his views before the declaration of independence was issued and he now spent much of the last few weeks of his life writing Wharton's instructions. Since he could not be received officially until the government recognized the independence of the new republic, Wharton's first mission was to strive for recognition. After that question was out of the way, he was to propose the annexation of Texas as a state. Austin took great pains in defining the boundaries that Texas claimed. The line that he proposed on the south and west followed the Rio Grande from mouth to source, and thence north to the forty-second parallel of latitude. The Texan congress subsequently adopted this line by statute.

Much to Wharton's disappointment, President Jackson sent a

### Meadow Boy Prowls Pacific On Ajax

Aboard the USS Ajax, in the Pacific (Delayed) — Leon Dale Hudler, soundman, second class, message to Congress on December 21 advising delay in recognizing Texas. The reasons that he assigned were plausible, but probably nobody regarded them as expressing the President's real views. Wharton reported, after an interview with him, that Jackson wished to force the responsibility upon Congress; and this was probably true, though its strategy was risky. The result indicates, however, that he knew what he was about. On February 28, 1837, the House of Representatives passed an appropriation to pay the salary of a diplomatic agent to Texas when the President elected to send one, and on March 3, the Senate passed a resolution declaring explicitly that Texas ought to be recognized. The President did not delay, but on the last day of his administration, appointed a charge d'affaires to Texas.

Wharton, who had already received permission to return to Texas, departed immediately without broaching the subject of annexation directly. Sailing on a Texan naval vessel from New Orleans, he was captured by a Mexican ship and taken to Matamoros a prisoner, an unhappy situation from which he escaped with the assistance of Captain Thomas M. Thompson, an Englishman in

the Mexican navy. Meadow, Texas, and fellow crew members of this huge repair ship had reason to take pride in the Fleet units that took part in the occupation of Japan, because some of those ships couldn't have been in that historic operation if it hadn't been for the jack-of-all trades efficiency of the men of the Ajax.

From the Marshalls to the Carolines, the Philippines and Okinawa, the Ajax sailed with the Navy's men-o'-war, ready to handle any assignment from making false teeth for an uncomfortable sailor to fashioning steel plates for the flight deck of an aircraft carrier.

One can catch the devil without being fleet of foot.

### SIDELIGHTS From Washington

By George Mahon

By law Congress has given war veterans priority rights in the purchase of surplus government property. But the veteran has not been having much luck in actually getting a chance to buy this surplus property. Some time ago I joined with other interested Members of Congress in urging and demanding that the Surplus Property Board make available to the veteran his legal preference to acquire surplus property.

Effective October 15th, a new procedure was put into operation whereby a veteran who desires to secure surplus property makes application to the nearest District Office of the Smaller War Plants Corporation for the items he wishes to buy. The SWPC offices which are nearest western Texas are located at the Mercantile Bank Building, Dallas; The Caples Building, El Paso; and the Key Building in Oklahoma City. The SWPC grants a priority certificate to the veteran and seeks to help locate the property for him.

Effective November 5th, surplus property in Texas in actually disposed of by the Reconstruction Finance Corporation, Surplus Property Division, Neil P. Anderson Building, Fort Worth, Texas.

Heavy machinery and industrial equipment are disposed of by the Regional RFC office, Cotton Exchange Building, Dallas. But the Fort Worth office handles all consumer type goods—the items in which veterans and people generally are interested.

The articles in which veterans have expressed the greatest interest are as follows, and in the order named: automobiles, trucks, radios,

photographic equipment. One stumbling block in the way of veterans who have sought to buy surplus property is the fact that federal agencies, the states and sub-divisions thereof, have a prior right to buy the property. The veteran will now have priority over the general public but not over governmental agencies.

During the period from October 23rd and November 6th, 9100 surplus jeeps were offered for sale to the federal agencies, states and sub-divisions. All of them will probably be sold in this period, but if any remain, they will be offered to the veterans. The general public will be next in line. This will be the general procedure followed in future sales of various types of surplus property.

The rate of disposal of surplus property is increasing rapidly. There are billions of dollars worth of surplus property to be sold, and the amount sold thus far is only a drop in the bucket. Veterans

will soon have much better opportunities to acquire property in which they are interested and which many of them have sought in vain to secure.

I have asked the Reconstruction Finance Corporation to have a man specially assigned to each large disposal office whose duty it would be to eliminate red tape and facil-

Mr. and Mrs. Terry Redford took Mrs. Ola Walls to Lubbock, Sunday. She will visit relatives there this week.

Sgt. Durwood Moorhead, who is stationed in Okla. City and his wife, who teaches in Memphis, Texas, were weekend guests of Mr. and Mrs. R. M. Moorhead.

Mr. J. J. Youngblood, Mrs. M. V. Brownfield and Mrs. Charlie Hubby met Mrs. Youngblood in Haskell and spent the day with her sister, Mrs. Rob Mobley.

Mrs. M. V. Brownfield, and Mrs. Charlie Hubby, of Lubbock, spent last week with their brother, Mr. J. J. Youngblood while Mrs. Youngblood was visiting her son and his wife in Graham. They have a new baby daughter born Oct. 11th and named Catherine. She weighed 6 pounds and 2 ounces at birth.

LaVerne Watson is visiting relatives and friends in Dallas and Ranger.

Mesdames Clyde Lewis, Cye Tankersley, M. B. Sawyer and Mr. and Mrs. Clarence Lewis were in Lubbock, Tuesday to visit Mr. Aut Graham.

Mr. Les Newberry became suddenly ill Friday with a heart attack and was taken to the local hospital.

Mr. S. Yandell, of Lubbock, reports that his son, Wade, has improved to the extent that he can now sit up on the side of the bed by himself.

First Lt. Buddy Rambo left Saturday to report back to Dallas for reassignment. He has been here on furlough visiting his parents, Mr. and Mrs. E. W. Rambo.

Calvin Johnson, city, recently got on the right side of the subscription ledger, again.

Monty Joe George and Raymond Warden spent the weekend in Abilene on business.

Miss Joyce Jafford, who is a student in Tech, spent the weekend with her aunt and uncle, Mr. and Mrs. Crede Gore.

Mr. and Mrs. Earl Anthony and daughter, Freda Ann, of Morton spent the weekend with Mr. and Mrs. Crede Gore.

Mr. and Mrs. Crede Gore spent the latter part of last week in Ruidoso.

Mr. F. K. Turnbow, of Carlsbad is visiting his sister, Mrs. L. M. Lang.

A singing was held at the Brownfield Church of Christ, Sunday afternoon with people from Wellman, Meadow and Seagraves attending.

Mr. and Mrs. Roy Collier and daughter, Wanda, Mary Ellen Jones and Mrs. Hattie Welch spent Sunday in Hobbs visiting with La Verne Collier.

Joe Chandler, of Quitaque visited his sister, Christine, Wednesday of last week.

Sgt. Bill Gore has recently been transferred from Sheppard Field, Texas, to AAF at Topeka, Kans.

There is one very disappointed little lady in this city. Capt. W. G. Smith as well as his wife, thought he would be home soon, and had his Herald stopped. But he is still in Germany, and no immediate prospect of returning home.

We have been requested to hold the paper to Pvt. J. A. Chambliss, going to him at a camp in Virginia.

Ervin R. Miller, 3/c, with the Navy Air Corps, who has been in service over three years, two of which were in Pacific area, was recently discharged and is back home here now with his mother Mrs. Ida Miller, 416 N. Second St. His bride of a few months is expected to join him soon and reside here.

We have been bothered considerably this week by a lot of folks wanting to pay up a year on their papers. Pretty good way to be "bothered."

Mrs. Ella Jacobson, formerly of this city, wrote in for a year of the Herald, this week. She now lives at Lindsburg, Kansas.

Juanita Jo Brown, daughter of Mrs. Estella Brown, of this city, is a member of Worthy Women's Club of the Abilene Christian College.

Christine Chandler and her cousin, Chief P. O. John Ebbs visited Miss Chandler's parents in Quitaque over the weekend.

Mr. and Mrs. B. A. Baggett and Mrs. Johnny Baggett visited Mr. and Mrs. J. W. Wright in Anton, Sunday.

Mr. and Mrs. W. I. Kluting, of Denver, Colo., are here visiting Mr. and Mrs. M. C. McCain. Mr. Kluting has just received his discharge from the army.

Clyde Bond was in this week to renew for the Herald, and get the Abilene Daily Reporter - News started to him.

W. E. Stone informed us last week that he lost a brother at Decatur, Texas. A few days before that time, Mr. Stone fell from a load of hay. W. E. himself is in such poor health that he was not able to attend the funeral. His son, Marion attended, however.

Sammie Jones, who is a student at A. and M. College, spent the weekend here visiting his mother, Mrs. Tobe Howze.

Mr. and Mrs. Earl Norris and family, of Rotan, are guests of Mr. and Mrs. L. M. Lang. They plan to make their home in Brownfield if they can find a house.

Former Postmaster "Jeemr Hurley" Dallas, mail official in Uncle Sam's navy, is evidently on his way home, as we have been notified to hold everything, including his Herald.

Mr. Everett Latham is in Dallas on business this week.

Tech Sgt. Roy D. Harris landed in New York Nov. 3rd. and called his wife that night saying he would be in Brownfield soon. He has been stationed in the C. B. I. theater.

Utah Eiche came in Wednesday of last week, discharged from the navy.

Bobby Jean Eiche, who has been in Ft. Worth going to school, came in Monday to enroll in the Brownfield school.

Jim Jones of San Pablo, Calif., who read the Herald while a citizen of Morton, Texas, was in last week. He is employed in ship yards.

Mrs. L. H. Dean complimented her mother, Mrs. Ruth Auburg, with a dinner Sunday noon in honor of her birthday. Present were:

ARM 3/c Larry Chisholm, who is stationed at Jacksonville, Fla., is here on leave visiting his parents, Mr. and Mrs. Joe Chisholm.

Mrs. Ruth Auburg, Mrs. A. L. Stinks, Billy Bob and Joe Don Auburg and Mr. L. H. Dean.

Mrs. Dick Fallis took her mother, Mrs. V. E. Patterson to Amarillo, Saturday, to meet her son, C. J. B. Patterson. They left from Amarillo for Greenville, Texas, where they will visit relatives.

Guests of Mr. and Mrs. J. C. Lewis Tuesday were his mother,

Mrs. W. J. Lewis, of Plainview, his brothers, Sgt. Eugene and Sgt. Dale Lewis, who are on furlough and his sister, Mrs. R. E. Bray and children, Ralph and Barbara, of Delta, Colorado.

Recently we had the unique pleasure of celebrating the 10th anniversary of a woman's 25th birthday.

**THIS**, we reasoned, is no time to offer folks a car that stops with artful face-lifting. It has been nearly four years since our last new Buick was built — it wouldn't be shooting square now to give you less than our honor-bright best. So we overhauled our whole factory to advantage it with the latest in war-developed machines and processes. We scoured the country for the stoutest metals anyone can buy today. We set ourselves precisions that in some cases exceed those of aircraft engine production. And we eagle-eyed every one of this Buick's 12,000 parts to see if it could be bettered in any way, big or little. The result is that through every stunning inch of this bright new honey runs solid, dependable Buick character, honest and uncompromised. It's in swift clean lines. In seats that are three-persons wide. In stout, time-defying frames and underpinning. Above all — in the lift and life of a Fireball straight-eight that's even livelier than in 1942. The cars your Buick dealer will have are big. They're beautiful. They're Buicks. In fact — the best Buicks yet!

## MINNESOTA MAN WEDS FORMER TOKIO GIRL

St. Mary's Church in Breckenridge, Minnesota, was the scene of a wedding Thursday, October 18, when Miss Wanda L. Jones, daughter of Mr. C. S. Jones of Tokio, and Mr. Joseph M. Mehl, son of Mr. and Mrs. Baldwin Mehl, of Breckenridge, were united in marriage at a nuptial High Mass. Father Petermeier said the mass assisted by St. Mary's choir and Sister Audrey at the organ.

The bride was attired in a white satin dress made with a full train. She wore a gold heart-shaped locket, a gift of the groom. She carried a bouquet of red roses. She completed her costume with a halo of white net and fingertip veil.

Mrs. Edward Mehl, the matron of honor, wore a dress of blue chiffon and carried a colonial bouquet of white carnations and pink roses. Edward Mehl was his brother's best man.

A reception was held at the Mehl home for the immediate relatives.

The groom recently received a discharge from the Army Air Corps after serving four years, three of which were spent overseas. He took part in seven campaigns from North Africa to Italy and lastly in the China-Burma area. The bride was formerly employed at the Stamford Flying School at Stamford, Texas, and Avenger Field at Sweetwater, Texas.

After a short trip to northern Minnesota the young couple are making their home in Breckenridge, where the groom is associated with the local greenhouse.

Mrs. L. E. Rhodes and granddaughter, of Denver City, were Brownfield visitors Tuesday. Mrs. Rhodes stated that she enjoyed coming to Brownfield to shop as she always found a good selection of articles.

## MISS BINGHAM BRIDE OF PVT. ALTON WEST

Miss Norma Bingham, daughter of Mr. and Mrs. J. W. Bingham, became the bride of Pvt. Alton T. West, son of Mr. and Mrs. H. V. West, at 5:30 P. M. on October 30, in a double ring ceremony.

The bride wore a gold suit with a blue blouse and brown accessories. They were married in the home of Rev. Richardson of the College Avenue Baptist church of Lubbock, Texas. Their attendants were Misses Lois and Margaret West. The bride and groom both are graduates of Meadow high school, of the class of '45. After a ten day leave Pvt. West will report to Ft. Riley, Kansas, for overseas assignment.

## HOMEMAKERS CLASS HAVE LUNCHEON

Members of the Homemakers class of the Baptist church enjoyed a covered dish luncheon at the church Tuesday noon. The table was attractively decorated with yellow chrysanthemums. A business meeting followed the luncheon.

Present were: Mesdames R. M. Moorhead, Dick Hinson, L. M. Rogers, Bertha Chambliss, B. W. Nicholson, J. T. Auburg, C. A. Howard, A. A. Brian, J. L. Davidson, Carol Edwards and Rev. A. A. Brian, Miss Lola Dunham and Mr. J. L. Davidson as guests.

## BETTY AND JEANIE CRISWELL ENTERTAIN

Betty and Jeanie Criswell entertained a group of their friends Wednesday evening of last week with a Hallowe'en costume party. Games suitable to the occasion were played.

Punch and Hallowe'en cake was served to Donna Jane Newsom, Carolyn Burnett, Linda and Karen White, Jane and Ann Griggs, Betty Cabiness, Janelle Lewis, Barbara Jean Duke, Claude Wallace Lee and Jesse Criswell.

## J. A. KING COMPLIMENTED WITH BARBECUE SUPPER

Mr. and Mrs. Clovis Kendrick and Mr. and Mrs. Lee O. Allen complimented Mr. J. A. King with a barbecue supper at the Kendrick home. Mr. King has just recently been discharged from the navy. A delicious meal of barbecued steaks and chicken, potato salad, beans, relishes and coffee was served buffet style.

Guests were: Mr. and Mrs. King, Mrs. Pete Tiernan and Diana, Mr. and Mrs. Orb Stice and Barbara and Patsy, Mr. and Mrs. Leo Holmes and Mary and John, Mr. and Mrs. Al Muldrow and Monty and Ken, Mr. and Mrs. Spencer Kendrick and Herbie and Sam, Mrs. Everett Latham and Bobby, Mr. and Mrs. Daniel Davis and Sonny McDuffie.

## MRS. OLIVER WHEAT HOSTESS TO GROUP OF FRIENDS

Mrs. Oliver Wheat entertained a group of her friends with a friendly tea at her home, Sunday morning. After an enjoyable hour of conversation sandwiches, angel food cake and tea and coffee were served to Mesdames Fay Williams, R. L. Walker, A. V. Clark, Tiny Snyder and Hud Snyder.

## MRS. SUDDERTH ENTERTAINS COUNTY LINE H. D. CLUB

The County Line Home Demonstration club held its regular meeting November 2nd at the home of Mrs. Homer Suddorth. The meeting was called to order by the vice-president, Mrs. J. C. Meeks. After reading the club motto, prayer and pledge, the roll was called by the secretary, Mrs. Suddorth. Six members answered roll call. The minutes of the previous meeting were read and approved. An all-day meeting for the purpose of making foundation patterns was discussed and November 28 was set for it at the home of Mrs. Alexander.

The Christmas party date was set for the first Saturday night in December at the home of Mrs. Meeks.

Miss Scott gave a demonstration on making and upholstering a foot stool. She also made a Shepherd's pie which, with cookies and punch, was served by the hostess after the meeting.

The next regular meeting will be with Mrs. Meeks, the first Friday in January, 1946.

## More Electrification For Texas Farms

College Station — More than eight million dollars has been allocated by the Rural Electrification Administration for loans to expand rural electrification in Texas during the last half of the fiscal year ending next June 30. The exact amount is \$8,101,059, and exceeds by more than one million dollars the sum earmarked for any other state.

According to a statement by REA Administrator Claude R. Wickard received by the A. and

M. College Extension Service, an estimated 65.3 per cent, or 273,102 Texas farms were without central station electric service on July 1 last.

The national picture shows an estimated 44.7 per cent of all farms now are electrified as compared with less than 11 per cent when the REA program was commenced in 1935. Regardless of this encouraging advance, the Administrator estimates that 3,731,189 of the nation's farms still are without electric service. Viewing the immensity of what he calls "one of our major post-war tasks," Mr. Wickard said that making electric power available to unserved farms is only a part of the nation's rural electrification job. Large numbers of non-farm rural homes, schools, churches and other country establishments also are without electricity. Counting these with homes on farms he estimated a total of 6,000,000 are ready to receive light and power.

Mr. Wickard believes that the quickening of the rural electrification program will contribute to the goal of jobs for a long period. This employment will be in producing line construction materials, building power lines, and wiring rural homes. One immediate pressing need is a supply of poles. The present shortage is at least one million poles a year, and he suggested that the farm wood lots of the south were among the most likely sources to supply the shortage.

The money allocated to Texas for loans is this state's pro rata of a \$100,000,000 fund, which is one half of the total REA loan funds available for the current fiscal year.

### Uphold Wages

Everybody who is willing and able to work is working harder these days; moving faster during regular hours and putting in overtime. Pressure of war, shortage of workers and prevailing high wages are the cause. A larger personal income, beneficial to all classes, is one of the direct results. We would all like to carry this feature over into the post-war years.

Philip Murray of the CIO had the right idea when he went to President Truman a few weeks ago and asked for a 20% increase in basic wage rates. Average wages in the United States at that time were \$1.04 an hour. This may seem high enough but it can't last. As soon as the war is over, labor's income will decline some, in spite of everything that can be done about it.

### Losses to Labor.

Bonuses will disappear when the pressure of government contracts is removed. Working weeks will be shorter. Overtime will shrink to the vanishing point. Besides, high-wage munition factories will close down and their employees will take work where wages are lower, some on farms. If the basic wage scale is not higher when war ends, labor's income will suffer too much.

Farmers have hard times when factory workers do. The wage earner's dinner table is the farmer's market, so nobody is more interested in high wages in factories than the farmers themselves. Agriculture and labor, both big segments of Americans, are right behind Mr. Murray for good wages immediately after the war because prosperity for many years will depend on it.

### Bug in the Lotion

The only disappointing detail in connection with the CIO's campaign for post-war prosperity is this: Mr. Murray's first move was an effort to make high wages legal rather than to make them possible. Lawgivers have been trying for centuries to make people pay what they didn't have. It can't be done. It makes no difference what the wage scale is if the employer can't meet it.

A high basic wage scale recorded upon the ponderous pages of federal statute books will not buy milk for any working man's baby. Folding money in the pay-envelope, however, will do the trick. Any employer will put cash in his workers' hands, in steadily increasing quantities, so long as he can still show a profit on the products that his organization ships out from his factory.

### Congress Has Key

There is a happy solution to this wage problem. If plant owners can be enabled to install new, modern equipment as needed, factory output per man-hour will increase steadily. This justifies better wages without raising prices and this is the combination that makes quick markets and prosperity. Problem: Will Congress let industry buy new machinery?

Still in force in America are our war-time tax laws, taking over 90% of corporation earnings. They make profits in business thin and uninteresting to investors; increased production next to impossible. Congress holds the key. Plenty of good jobs at good pay can develop after the war if new tax laws are prepared now and announced now to take effect the day Japan surrenders.

### TWO LOCAL BOYS DISCHARGED FROM NAVY

Dallas — The following Texans have been honorably discharged from the United States Navy: Reuben Stetson Bingham, Seaman First Class, Route 1, Brownfield, and John Otis Garner, Pharmacist's Mate First Class, Box 733, Brownfield.

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

### 4-POINT FAT HELPS

Used fat helps make medicines, soap, tires and thousands more essentials. Save every drop. One pound is now worth 4 red points.

### TEXAS BEES STEP UP PRODUCTION

College Station — Texas bees went into high gear this year and contributed 7,382,000 of honey to the state's stock of sweetening. The Bureau of Agricultural Economics, Austin, reports that this estimate of production by the U. S. Department of Agriculture is 820,000 pounds larger than the yield in 1944. The PAE explains that the increase was due both to 9,000 more working colonies than last year and one pound larger yield per colony than one year ago. Favorable weather in early and late spring as well as during the summer is given as the principal reason for the larger per colony yield.

Texas ranks tenth among the states in honey production, with Minnesota, Iowa, California, Wisconsin, Ohio, New York, Florida, Michigan and Illinois preceding in that order. On account of a poor season, California for the first time on record failed to top all other states in production.

### CHILD LABOR LAWS BEING RESTORED

Tommy Harrell, local manager of U. S. E. S. has just been advised that certain war time amendments permitting child labor, has since V-J day, been cancelled, and with but few non-hazardous cases, the child-labor law is restored.

Neill Burnett, former Brownfield high school graduate and football player, just recently discharged from the Army Air Corps at Phoenix, Ariz., spent Sunday and Monday with his wife here, at the Geo. W. Neills, on his way to Abilene and civilian life. He will go to medical school.

### WHOOPIING COUGH DANGEROUS TO YOUNG FOLKS

Austin—There is no other communicable disease as dangerous as whooping cough to the very young, and there is no other disease causing an equal amount of suffering of which parents show such an unaccountable disregard, not only for the safety of their own little ones, but also for the lives of the neighbor's children," said Dr. Geo. W. Cox, State Health Officer. There is no natural immunity against this disease during the first six months of life as there is against measles. It is at this age that whooping cough strikes its hardest blow and over 80 percent of the deaths occurring in children are under one year of age. This disease is usually transmitted by direct contact with secretions of the mouth or nose, and only a very short exposure is required to contract the infection. Handkerchiefs, drinking cups and toys also may transmit the infection.

"The infection is communicable from the appearance of the first symptoms and is most contagious at this period when the nature of the affection can only be suspected. The incubation period is commonly seven days. A slight fever, running of the nose and a cough make their appearance so gradually and insidiously that a diagnosis is practically impossible unless a history of exposure is obtained. When the "whoop" appears there is no mistaking the disease. If there is whooping in your community keep other children at home. Call your physician early. Isolation of all cases for at least two weeks for the development of the characteristic cough should be rigidly enforced.

Everybody's asking.. "When can I get new tires?"

# HERE'S THE FIRST POSTWAR NEWS ABOUT U. S. ROYALS

### When can I get new tires?

It won't be long now. War production is over. The entire facilities of our 5 giant plants are rolling out tires and tubes 100% for civilian use. This great production capacity is devoted to turning out more and more tires for you.

By January 1, 1946 we expect to be making as many civilian tires every day as we made before the war. Next spring we will be turning out more tires than we ever built before.

### What about rationing?

We expect the government to continue rationing for at least 60 days. Present indications are it will be removed or greatly relaxed before the end of 1945.

### How good will the new tires be?

Since Pearl Harbor, "U. S." scientists have made as much progress in applying synthetic materials to tire manufacture as had been made in the previous three decades with natural rubber.

When you buy your U. S. Royals, you'll buy more than just a good tire—you'll buy a great tire. Car owners are sending us reports from every section of the country that they are getting prewar performance and better from their U. S. Royals.

From tire dealers, tire service men and tire engineers, men who have made tires their life work, the evidence piles up — U. S. Royals are

out in front in mileage, in safety, in all-around performance.

### Where and How can I get new U. S. Royals?

Your U. S. Royal Dealer offers you a plan to assure the earliest possible delivery of tires and to keep your present tires rolling during the waiting period.

### Here is the plan:

- Go to your U. S. Royal Dealer today for a thorough tire inspection.
- If you are in urgent need of new tires, he will show you how to get them at the earliest possible moment.
- If your need is not immediate, he will use his expert knowledge of tire care to keep your car on active duty until new U. S. Royals are available.
- The quickest way to get new U. S. Royals is to register your tire needs with your U. S. Dealer now.

## HOLD OUT FOR U. S. ROYALS

When you get your new set of U. S. Royals, you can expect great service from them. Meanwhile, get full use of your car by seeing your community U. S. Royal Dealer.

and other appearance refinements. The straight eight, valve-in-head engine has precision-bored and specially honed cylinder barrels and features the dome-shaped combustion chamber characteristic of the Buick fireball design. Numerous mechanical and equipment improvements have been effected. In all, three lines of Buick cars will be manufactured, in nine body models.

**MRS. BENTLEY RITES HELD LAST WEEK**

Mrs. Susan Ella Bentley, aged 65, died at her home in Brownfield, Thursday evening of last week, and after funeral services Friday at 2:30 p. m. at the local Methodist church, conducted by Rev. Huckabee, pastor, assisted by Rev. Horace Brooks, of Petersburg, deceased' nephew, was buried in the Terry County Memorial cemetery.

Her husband died in 1937. They lived here about 15 years. She is survived by four brothers and three sister, who attended the funeral. She was also survived by four sons, Ed Bentley, well-known citizen here, L. K., from El Paso, Adell of Palestine, Texas, who attended, and Brooks Bentley of Washington, D. C., who could not be here; five daughters, Mrs. Sue Walker of Brownfield, Mrs. Mozelle Goble of El Paso, Mrs. Neva Longnecker of Nebraska, Mrs. Alma Falls of Tahoka, and Miss Maxine of this city, all attending.

Some people will spend \$10 on a canary; other \$50 on a lark.

Juanita Cranford spent the weekend in Lubbock as a guest of LaRue Ross at Tech.

Mr. and Mrs. Ned Self were in Dallas this week attending a shoe convention.

Mr. W. A. Johnson is in Dallas this week on business.

Mr. Jake Gore is a new employee in the men's department of Cobb's Dept. store.

Mrs. Bob Wright and Thelma Calhoun are planning on spending next week in El Paso.

Mr. and Mrs. Henry Witt, old timers of Terry, are here visiting his sister, Mrs. R. H. McCormack and Mr. McCormack. Mrs. Witt is the daughter of the well-known pioneer, the late Rev. M. D. Williams. They were accompanied by Mrs. Anne McCollister of Hillsboro, Ore., another sister.

Rev. and Mrs. L. B. Smallwood, of Seagraves, spent last Friday in the home of Rev. and Mrs. Ed Tharp.

**We Are A Problem, Too**

I've been hearing so much about our returning service men being a problem to us that I decided to tell you what I think. We must be a problem to them. Some of those men were boys when they went to fight for you and me. They have grown up. We hardly know what to do but we never think of what they might think of us.

Some of us smother them with our love and protectiveness. Then others are so distant and uncertain they are cold. That makes that special man feel unwanted.

Some like to talk of what they've seen. Well, let them. It shouldn't hurt us to hear of what happened when they had to see and do it. Others don't even like to think of it. Asking questions even if they aren't answered still reminds them of what has happened.

These boys should have a place for recreation in our town besides the show. They were fed up with show, over there, where that is the only thing for them to do. They don't enjoy honkytonks. It would be easier for them to go to a nice place to dance, skate, play cards, or just take their girls to talk. Much better than sitting in a car, which I know some do. Some go out of town just to while away the time. We should be able to entertain our young folks so they won't have to go to Lubbock or other places. Home is a problem to them. They are restless and are under illusion that there are two or more years of living to catch up on. We that were left behind haven't enjoyed it either, but we haven't been through the Hell they have.

They wonder if they were remembered back here; if we haven't written to them they aren't sure.

Fathers who had to leave small children will wonder if their young ones remember them. A picture will help to keep the child reminded, though it can never give the child the love a father can give. A letter to the wife usually includes his child, but does the child know, if he doesn't he may think his daddy has forgotten him and in turn forget his dad.

Maybe the service man is a problem, but you and I must be problems to him, too. If we try to understand him he and we will cease to be problems and live well and happily together in this the world they fought for.

A sailor's wife
