

## Lions To Erect Skating Rink

Taking the first steps on a project that has been a long-standing need in this community, the Lions club, at a meeting of the Board of Directors, Finance Committee, Civic Improvement Committee, and the specially-appointed Building Committee decided Wednesday night to proceed with plans to erect a skating rink on the plot of ground which contains the swimming pool. The building is to be 60x100 feet and is estimated to cost between \$7,500 and \$10,000. Type of construction has not yet been determined.

The rink, together with the pool, are the initial units of a proposed Youth Recreation Center, and additions and improvements are to be made as conditions will permit. Besides the rink proper, the building will house a skate repair room, storeroom, lounge, etc.

According to Frank Jordan, president of the club, the activity will be carefully and capably supervised at all times.

The Building Committee is composed of Leo Holmes, chairman, and Johnny Criswell and Rev. R. N. Huckabee and should anyone have any suggestions to offer about any phase of this project, they are urged to contact any member of this committee.

## March Of Dimes Campaign Begins

Jack Griggs and Archie Chapman placed collection boxes Wednesday in all downtown business houses, to collect the March of Dimes, in the current drive.

This money is sent to a National Fund, to maintain several hospitals for victims of Polio, and otherwise to combat this dangerous ailment, known as Infantile Paralysis, which is common among children and is thought to be increasing.

"Your dime may help some crippled child to walk."

## Local Boy Enlists In Regular Army

Roy V. Ashley of Brownfield, Texas, enlisted in the regular army. Mr. Ashley went to high school at Abilene, Texas. He played football on the second team for two years, played one year of softball on the first team. He finished the 10th grade and is planning on taking a correspondence course while he is in the army so that he will have sufficient credits to enter college, under the G. I. Bill of Rights, after his enlistment in the army is over.

Mr. Ashley is planning on taking engineering in the army so that when he gets into college he will already have some engineering experience as an engineer.

## Mexican Family Badly Burned

Manuel Mendando, about 22, was severely burned, when kerosene he had just poured on a smoldering fire in a wood stove, exploded, at the L. J. Wagner farm southeast of town, last Saturday.

He is in a dangerous condition at the local hospital. His two year old son was also badly, but not seriously burned, as was his aged father, who resided with them.

It was reported a suit case, near the stove, containing \$300.00 in cash, their savings from several months of labor, was also destroyed. The dwelling was only slightly damaged.

## Singing Convention At Forrester Sunday

President J. O. Phillips and Secretary G. M. Thomason requests the Herald to announce that the Terry County Singing Convention will be held at Forrester school house, Sunday, Jan. 20th, beginning at 1:30 P. M.

Good singers and those who like good singing are cordially invited.

## Gillham Addresses Rotarians On Future Financial Outlook

Basing his talk on careful study and observation, J. O. Gillham delivered a very interesting and informative address to his fellow Rotarians last Friday noon at the Wines Hotel. Speaking on The Financial Outlook for 1946, Gillham forecast a period of great activity during the coming twelve months and expansion limited only by the ability to obtain materials.

The club welcomes James H. Dallas back to its membership rolls, who with Dr. Nelson, a guest, was present at last Friday's meeting.

## Band Making Rapid Progress Says Horn

The new band schedule this semester will be a big boon to the High School band, according to Mr. Horn, the director. He says a series of concerts are in preparation and that the dates of these will be forthcoming soon. Each week sees new members as well as new instruments added to the band. This week's addition was another baritone horn. While the present instrumentation is far from good it is improving from time to time.

Mr. Horn extends a cordial invitation to ex-band members to visit the band at any time and bring the horn and "sit in." Among the "visitors" who played with us have been: Ted White, Myron Harris, Bill Beck, Howard McIlroy and Gayle Lilly. Other visitors were: Hugh Tucker Lilly, Earl Hildreth, M. J. Craig and Gene Green. We are always glad to have the encouragement these people give us, so come to see us more often.

The Junior band is benefiting by a change of schedule, too. We hope the principals and teachers affected by these changes will bear with us in this matter for it seems to be one of those necessary evils. Here's hoping these beginners will work hard and survive the first year for you know "the first year is the hardest." By the way, the Junior band had to get more chairs for it now numbers about 45 members. The more, the merrier. We are also starting on some program material this week and expect to give concerts during March. We hope everybody realizes how much hard work this will take. And we want our first concert to be a "corker."

## Legion To Hold Important Meeting

An interesting program, as well as some very important business to be transacted, is scheduled for the regular meeting of the American Legion next Thursday night, January 24. All members are urged to be present.

Now one of the largest in the State, the Howard-Henson Post has always boasted a large membership in communities the size of Brownfield and each meeting night sees its membership increased considerably.

## ONE WAY DRIVE ASKED NEAR SCHOOL

The Safety Council at its last meeting, last week, joined by the PTA, requests that all parents in cars going to the Jessie G. Randall school, for their children, drive in on the east end of the drive at the school, coming out on the west end, for safety and convenience.

The council also is recommending a 15-minute parking limit around the postoffice.

Officers report the public is responding agreeably with the double parking rules, though a few tickets have been given.

Some complaint has been made about trucks with long bodies, parking just off of Main on Sixth street.

Mrs. W. F. Simes of El Reno, Okla., is a houseguest in the home of Mr. and Mrs. C. F. Simes.

## POLITICAL ANNOUNCEMENTS

### Huffaker Announces For Re-Election As District Attorney

Calloway Huffaker of Tahoka, present district attorney of the 106th Judicial District, this week authorized us to announce his candidacy for his second term.

CALLOWAY HUFFAKER

Judge Huffaker was reared in Lynn County and has spent practically all of his life there except the years that he attended Texas Technological College and Texas University Law School and the four years that he taught school in Dawson County. He was licensed to practice law in April 1939. He was elected County Attorney of Lynn County without opposition in 1940 and again in 1942. Two years ago he refused an unopposed third term as county attorney of Lynn county, and entered the race for district attorney in which he received some 77 percent of the votes cast in such election.

During the years he has practiced law in the courts of this district he has come to be regarded as one of the most outstanding young attorneys of the district and is known for his hard fighting qualities in the court room.

In the twelve months he has served as district attorney he has made a commendable and enviable record, enjoying full cooperation from the court, law enforcement officers and juries, and is said to be one of the hardest working and hardest fighting district attorneys that the 106th Judicial district has ever had.

Judge Huffaker states that he has enjoyed the work as district attorney a great deal and appreciates the cooperation he has received from the jurors and citizens he has worked with, in enforcing the laws of Texas. He states that he has gained valuable experience in his first term and is better equipped and qualified to fight the people's battle in the court room, and promises, if re-elected for his second term to continue to fight for, "FAIR, JUST, AND LEGAL PROSECUTION OF ALL, BUT PERSECUTION OF NONE."

### Clyde Coleman Home Being Moved

Another residential landmark has given way to Brownfield's business expansion, as the dwelling owned by former Mayor Clyde Coleman, at corner of Main and Highway, was bodily moved this week. The Coleman's sold the property some months ago, to the Phillips Petroleum Co., who will soon erect a large modern oil and gas station on it.

The family have already moved to their new dwelling on south Second St. The consideration was not announced but is understood, up to now, to be a fancy price.

### ATTENTION PREVIOUS SERVICEMEN

Any man with previous service who is now serving in the Enlisted Reserve Corps on an inactive status must request discharge from ERC and request active duty prior to 31 January 1946 in order to be enlisted or reenlisted in the Regular Army with his ERC grade.

### E. D. Duncan In Race For Commissioner, Precinct No. 4

I would like to announce my candidacy for the office of commissioner of Precinct No. 4. I will try to see every voter in the precinct and in the meantime please consider this as a solicitation for your vote and influence.

Respectfully yours,  
E. D. Duncan

### Marion Stone Candidate For Commissioner

I will be a candidate for Commissioner, Pre. No. 1, Terry county. I have lived better than 20 years in this precinct. I want to thank you in advance for your support. Will try to see each of you before election.

Marion B. Stone

### Fox Announces For Commissioner, Pre. 4

To the citizens and voters of Precinct No. 4, Terry county: After due consideration I have decided to make the race for Commissioner of Precinct No. 4, and take this means of announcing my candidacy for this office.

I will try to see every one personally between now and the first primary election. Thanking you for your support and influence,

Respectfully,  
H. R. (Horace) Fox

### Brownfield Business Men Fill'er Up At Ranch

I used to hear an old cowpuncher friend (Slim Stickney) say "you couldn't tell the works of a watch by the case." I believe it was pretty well demonstrated last Sunday about noon at my ranch headquarters. Son had taken his wife and children and had gone to church at Plains, and I was out in the pasture looking after some cows and baby calves, trying to make an honest living.

Four or five prominent (Gentlemen) business men from Brownfield drove up to my place in a car. They could see that all the cars were gone. So I suppose they thought there was no one at home, although they never came to the house to be sure of the fact. So just proceeded to drive around the back way and in to the gas pump, filled up their car, without asking any questions, or any permission.

But as they were backing out to drive away, Mrs. Stanford, who had been watching from a near-by kitchen window, stepped out. That's right boys, caught red handed with the goods. My guess—they had had one to many, wife thinks about three.

Slim was right. You sure can't tell the works of a watch by the case.

E. P. Stanford.

### Jay Cees Name Outstanding Young Man

Herbert Chesshir was named by the Jay Cees at their meeting last week, as Brownfield 1945 outstanding young man. These selections are made by a census of the business men, and vote of the Jay Cees.

Chesshir, a former deputy in County Tax Collectors office, and for the past two years City Clerk, and collector, came here from Meadow some six years ago, and has been very active in civic affairs, an ardent Jay Cee, and member of other civic clubs. He has a wife and one child. The Jay Cees in this annual meeting, also entertained their wives and many guests.

Mrs. Dick McDuffie and Christine, of Lubbock, spent the week-end in Brownfield. Mrs. McDuffie visited with several friends and Christine was guest of Mr. and Mrs. J. E. Smith.

### Clothing Drive Well Under Way Here

The Victory Clothing collection for Terry county got under way this week. Bad weather has hampered progress. Slim Schillinger, County Chairman, is busy contacting committeemen and workers. The drive is sponsored by the City Civic clubs.

Tailor shops have agreed to accept collections: Sids, Noel's, Haven's and City Cleaners, as well as most of the schools, will receive them. They will later be crated and shipped to the foreign war needy. Strong appeals are being made for clothing for millions shivering in Europe, who face a hard winter, with only rags and crumpled homes.

It is urged that we spare all we can for this human effort. Sponsors say that blankets, worn sheets, shoes, sweaters, even though frayed, especially childrens shoes and clothing, will be welcomed by those people.

Everyone is urged to search their attics, donate all surplus and discarded clothing.

### More Moisture In 14 Days Than 4 Months

Last year we got just about an inch of moisture in the first four months. This year in the first 15 days of January we have had around one and a half inches of moisture, which includes rain and melted snow. So, it appears that this January moisture is the beginning of the end of one of the most serious droughts in many years on the Plains.

Last week's snow and rain furnished 38/100 of an inch of moisture and the rain and snow this week approximates one inch. It is hard on the range cattle, many of them that have gone without proteins and little if any roughness, but it will probably mean early grass.

### New Hudson Car Now On Display

Look a gander at the new Hudson six, now on display at the show room of Crawford Burrow garage, on west Main. Crawford tells us that he already has a sizeable list of buyers on the waiting list, and as his receipts will be very limited this year, better get in your order.

Of course, as always, the Hudson is beautiful, streamlined and all that and is as easy riding as if you were on a stack of mattresses ten feet high. Call around and see it.

### Seaman C. S. Adair On His Way Home

Pearl Harbor, T. H. — S. C. Adair, SF3/c, USNR, of Brownfield, Texas, is one of 1,227 high-point Navy veterans whom the Navy is returning to the States for discharge aboard the USS Sibley, an attack transport of the Navy's famed "Magic Carpet" fleet. This ship left Guam, December 22, and is scheduled to arrive in San Francisco about January 5.

The USS Sibley participated in the invasions of both Iwo Jima and Okinawa, and was one of the many attack transports which sent troops ashore on these important stepping stones to the Jap home islands.

### FORMER RESIDENT DIES IN OREGON

W. E. (Ed) Moore, a former resident of this county for many years, died last week at his home in Oregon, where he has resided for the past six years. He moved there from Levelland where he had resided for a few years, after leaving here.

He is survived by his wife, who was a daughter of D. J. Broughton, pioneer settler and former County Clerk and County Judge of Terry county, who lives with them, and three grown daughters.

Mr. and Mrs. L. L. Bechtel were in Fort Worth on business this week.

### Big Crowd Expected For District HD Meet

Three hundred Home Demonstration club women from fifteen counties in this west Texas Extension District are expected to attend the district meeting held at Brownfield during May.

A committee of five women were appointed by Mrs. Frank Sargent, Terry County Home Demonstration council chairman. At the regular meeting in the district court room last Saturday afternoon. Mrs. W. R. Gandy, Chairman of exhibits, announced that Harmony won first place in the window display in 1945. The council awarded the Harmony club five dollars for the honor. Union club won second in the exhibit.

Mrs. W. R. Gandy, County Chairman of Recreation, lead the group Saturday in a memory contest. Plans were made for each home demonstration club to cooperate with the schools and different churches in their communities to assist in collecting used clothing for war torn countries. It was suggested that community parties be held and that admission be used clothing. The people are urged to make these collections this month, since January 31 is the closing date. Mrs. B. R. Lay, Chairman of Reporters, announced a reporters training meeting for February 2nd, at 3:00 p. m.

Those present at the meeting were: Harmony, Mrs. Jewel Bell; Wellman, Mrs. Dean, Mrs. Hefner; Union, Mrs. Sargent, Mrs. Sheppard; Scudday, Mrs. Victor Herring; Meadow, Mrs. Pendergrass, Mrs. Fox; Pleasant Valley, Mrs. Gandy, Mrs. Riley, Mrs. Henson, Mrs. Davis; Gomez, Mrs. Hodges, Mrs. K. Sears, Mrs. Jack Mason, Mrs. B. R. Lay; Miss Helen Dunlap, the new Home Demonstration agent.

### Youth Accidntally Shoots Self

Jake Martin, 17-year-old son of Mr. and Mrs. W. B. Martin, former residents of the Tokio vicinity, was seriously injured last Sunday morning, when a pistol handling short '22 rifle dropped from his pocket, discharged on hitting the ground, a bullet penetrated his right lung. He was rushed to the local hospital where he underwent treatment, and while he came near dying Sunday evening, is reported to be recovering. He was at home of Mrs. Raymond Green of the Pool community at the time. He and another boy had just returned from hunting. His father was a long-time resident here, and a former commissioner, and now lives in Lubbock.

### Cpl. Charles Rucker To Be Discharged

Pearl Harbor, T. H. — Cpl. Charles Rucker, of Brownfield, Texas is one of 3,750 high-point Navy veterans whom the Navy is returning to the States for discharge aboard the USS Saratoga, a carrier of the Navy's famed "Magic Carpet" fleet. This ship left Pearl Harbor, December 29, and is scheduled to arrive in San Francisco about January 4.

The USS Saratoga, perhaps the most renowned ship in the "Magic Carpet" fleet has a long and illustrious battle record. Officially reported sunk by the Japs seven times, the "Sara" took part in every major sea engagement and blasted the Empire to its very doorstep.

### VETS ADMINISTRATION SEEKS NEW HOSPITAL

Washington, Jan. 10—The Veterans administration announced today it had requested the transfer of three Army hospitals for use as veterans hospitals.

The three hospitals and their bed capacities are:

McCloskey, Temple, Texas — 2,944.

Lagrade, New Orleans, La. — 951.

Ashburn, McKinney, Texas — 1,520.

### Yes, Bo, There Is Plenty Money Here

How in the heck did we — or rather they—do it? In the years gone by, when we had a drouthy year, the same was blandly reflected in bank statements. Last year was the dryest since 1917, with less than a tenth of the average cotton crop, a poor feed crop, etc., but our bank deposits is the highest in history here in Terry county. Part of this of course can be charged to the huge oil fields at our doors.

But money is plentiful in some of the counties with poor cotton and feed crops far removed from the oil fields. So, there is no reason on earth for dull business anywhere in the south Plains area. When there is plenty money, if there be those with little or none, it is not a hard matter for them to borrow.

The two Brownfield banks have right at a million more on deposit than they had Dec. 31, a year ago, following the harvest of one of our banner crops. Elsewhere in this issue, we give you the statements of the two banks here. Read them. That is the reason they are printed.

Below we give you the deposits of the banks of the south Plains area as printed in last Sunday's Avalanche-Journal. Of course Lubbock is way out in the lead, but Brownfield, Lamesa and Plainview all have more than ten million dollars on deposit:

Abernathy	\$ 1,249,220.47
Amherst	2,148,010.35
Brownfield	10,109,262.61
Crosbyton	1,848,243.96
Hale Center	1,600,786.10
Lamesa	10,329,476.38
Levelland	5,856,230.63
Littlefield	4,986,549.49
Lockney	1,118,737.29
Lorenzo	1,613,052.67
Lubbock	61,126,411.95
Matador	2,043,585.49
Morton	2,177,450.30
Muleshoe	2,749,904.31
O'Donnell	1,334,203.15
Olton	1,656,956.82
Petersburg	1,250,221.90
Plainview	10,642,114.57

Spur	3,525,731.24
Sudan	1,338,928.01
Tahoka	5,124,763.46
Wilson	764,588.54
TOTAL	\$151,956,551.10

### John Baker Reported Killed In Action

Pfc. John R. Baker, son of Mrs. Bertie Locke, of Spur, was reported killed, October 21st, 1945, on the island of Luzon. He was serving with Co. A, 715 Amph. Tractor Bn., and had been in the southwest Pacific since June 20, 1944. He was in three major battles on the island of Okinawa and had several months of active combat service.

At the time of Pfc. Baker's enlistment his parents were living in Meadow.

### Herman Britton To Get Discharge

Pearl Harbor, T. H.—T/5 Herman R. Britton, of Meadow, Texas, is one of the 5,000 high-point army veterans whom the navy is returning to the States for discharge aboard the USS Admiral Hugh Rodman. This ship left Nagoya, Japan, December 22, and was scheduled to arrive in Seattle about January 3.

The USS Admiral Hugh Rodman is one of more than 300 ships in the "Magic Carpet" fleet which returned 691,431 servicemen to the States for discharge during December as part of the greatest transportation operation in history.

Mr. Noah Bailey received word Sunday that his sister, who lives in Hatch, New Mexico, passed away. He attended the funeral which was held Monday in Deming.

A prominent speaker at a recent meeting of the lumber industry made no bones about the matter when he stated that around 80 percent of the lumber business was now controlled by the black market. This was partly confirmed by a local dealer this week when

he stated to the Herald that he could buy no windows, doors, flooring and several other items. He went on to say that he could buy certain dimension stuff at \$85, but the retail ceiling was \$65. So, there you are Mr. Bowles.

Floyd L. Raymond and Thorne Smith, of Levelland, have leased the Scurry County Times at Snyder, and took charge of the first. Willard Jones, former publisher and the owner, states he will remain in Snyder for the present. He has newspaper interests at Hamlin and other towns, the statement said. The Times is a mighty good paper in a good newspaper town.

The Herald heartily agreed with John B. Kennedy, one o'clock p. m. radio commentator, one day recently when in discussing the announcement of Emperor Hirohito that he was just another Jap. If the truth was known, possibly 90 percent of the educated Japs have also known this fact all along, but used the god stuff to feather their own nests.

We note that a lot of country weeklies are carrying an ad for the Alcoholic Beverage Corporation, known as "Old Judge Says." This advertising, which is considerable in a year's time, running around \$30 per month, is not to be sneezed at by a country editor, but we read down there somewhere in the contract, that "this advertising must not be run in papers in dry counties," or words to that effect. That is one reason we don't run it. Another is we don't want it very much. It don't set well with many of our readers and some of our regular advertisers.

To most of the rest of the world, the soft hearted American appears to be a bit soft headed. Just a brief few months ago, we were crying for revenge against the dirty Japs, who were beating our captive service men to death with clubs and rifle butts. Now our military courts are jailing some of them a few years—maybe, and shooting and hanging some of the worst ones. Most of us however, have not so soon forgotten, and we still say, "hang the b--ds."

The Democratic bigwigs in old Alabama announce that negroes will be allowed to vote in the primaries, providing they otherwise qualify. Texas should and perhaps will follow suit, as a new deal supreme court has given the negroes the green light, and the new dealers have full charge of the machinery in this state. In the first place, as we understand it, the white primary and poll tax requirements in Texas were never leveled at the negro, but corrupt white politicians. What Texas needs more than anything else is an absolute, fool proof, secret ballot, but perhaps will not get it as long as the present crowd is in charge, no more than west Texas will ever get equal representation in the House and Senate at Austin.

We thank Miss Iru Scott, new Home Demonstration agent of Yoakum county for her subscription, and the nice things she says about the Herald.

**SIDELIGHTS From Washington**

An exhibit of historical documents in the Library of Congress in Washington adds emphasis to the fact that December 29, which Texans are celebrating, is a very important date in the history of Texas and the Nation. Upon this date, one hundred years ago, Texas became a state of the American union.

The 3c postage stamp issued by the Federal Government in honor of the occasion will go on sale in Austin on December 29, and shortly thereafter will become available at post offices throughout the state. The stamp portrays the lone star of the flag of Texas as the twenty-eighth star in the American flag.

There are scores of important and interesting documents in the Congressional Library exhibit—too many to make reference to here. One that attracted my attention was a document entitled "The Constitution of West Texas."

A few days ago I had a chat with General Jimmie Doolittle, who planned and led the first bombing raid over Tokyo. I asked him if he remembered Captain Robert L. Hite of Earth, Lamb County, Texas, who flew one of the planes on this memorable occasion. He certainly did; he thought Bob Hite was one of the grandest fellows who had ever served with him, and wanted to be remembered to him.

In a previous column I made reference to an appropriations bill which our committee is in the process of preparing for presentation to Congress in January. The largest request for money was made by General Bradley, head of the Veterans Administration, and his staff. General Bradley is confronted with a great responsibility. He took eight hours in presenting the details of the tremendous program which he expects to put into effect next year. The committee is cooperating closely with General Braley. There is no doubt but that we will recommend a sufficient appropriation for the Veterans Administration and that the Congress will approve.

In his testimony, General Bradley pointed out that there are now 75,000 patients in veterans' hospitals, 60 percent of whom are mental patients; that the hospital load is greatly increasing; that there are now 240,000 patients in Army, Navy and Marine Corps hospitals, many of whom will later be accommodated in veterans' hospitals.

As to the money required, approximately five billion dollars will be needed by the Veterans Administration next year for all types of programs—hospitalization, insurance and pension benefits, education, and all other programs provided by Congress in the G I Bill of Rights and in other legislation.

The total sum required will be almost one-half as much as was expended to run the entire Federal Government for the first 100 years of our history. This is a grim reminder of the cost of war in men and money, and a non-escapable argument for an aggressive internal policy for world peace.

**I GIVE YOU TEXAS**

By Boyce House

Visiting Ranger, this observer that the old T. & P. station had been torn down. The building was used throughout the oil boom as a combined passenger and freight depot. Several thousand persons passed through the station in a day and it was from this depot to the opposite sidewalk during muddy weather that many persons paid a dime for a ride on the "ferry"—a sled drawn by a mule. (You can buy a postcard of the sled at drug stores in Ranger.)

Of course, Ranger still has a railroad station—the beautiful brick structure that was erected after the oil rush had ended.

And the steel derrick just a stone's throw from the station still stands. The derrick was erected to lend color when the tenth anniversary of the discovery of the field was celebrated and it has remained there during the intervening 18 years. In 1947, the Ranger field will be 30 years old. Many wells continue to produce their modest few barrels a day, year after year, and new wells are drilled, from time to time.

Oil activity and business in general have held on remarkably well. A three-story hotel recently sold for a reported consideration of \$70,000 or more. In a recent transaction, 30,000 acres sold for a price said to have been in the neighborhood of half a million dollars. Brann Garner said the picture show business is the best in his 15 years there. Jim Ingram was so busy with his taxicabs that he couldn't sit down and reminisce a little about some of the boom day happenings when he was a police officer. There wasn't a parking space along Main Street and lots of folks were shopping. Joe Dennis declared it had been years since the Times has had as good a volume of business.

Willard Swaney took off from filling prescriptions and selling hair tonic (he has even less hair than your columnist) to attend the Rotary luncheon and hear the "I Give You Texas" man and so did Hall Walker, president of the Chamber of Commerce, former mayor, vice president of the bank and dynamo in general. The speaking invitation was extended by Dr. G. C. Boswell, School Superintendent.

And Jack Urban told a story about a dry goods merchant who knew nothing about oil but was induced to help finance a wildcat. Among other things, the merchant outfitted the drilling crew with work clothes. As they were climbing into the truck to head for the lease to begin drilling, he ran out and yelled "Boys, be sure and get high-gravity oil."

Which, by the way, they did.

## Public Is Third Party To Labor Tie Up

— GWN —

We hold no brief for Organized Labor. Its many strikes have become disgusting. The sympathy of the public once held for them, has plummeted almost to zero, on the public thermometer. When the current strike in the Automobile Industry was first proposed, many of the common public silently hoped the companies would close down, go a fishing, and let labor sweat it out. We thought a thirty per cent increase too much. Don't endorse it yet. We naturally presumed the companies could not pay it, without increasing the price of their product. Labor leaders said they could. The companies indicated they couldn't. Evidently OPA thought they could.

It looks like labor is paid a plenty. But we don't know what it costs them to live. This fact, and the justice, if any, of their demand, has not been furnished us. A fact finding board a year ago found cost of living has been increased thirty percent. Neither do we know the cost and profit the companies have in each car. Each have appealed to the Government, to smite the other.

The public-consumers, without whom neither Labor nor Companies could exist, and whose generous money has built, of one a billion dollar industry, of the other the highest wages ever paid in the world, or history, are certainly interested parties. Its the third point in a triangle. The dispute should not be limited to Labor and Management. The public has a legal and moral right to intervene. The public is not organized. The Government is the only Union it has. The very nature and purpose of Government is to protect the public. Now when the President appoints a fact-finding board, to find the truth, the real facts, so that if it has to act at all it can do so intelligently and justly between them, and the consumers, General Motors balks. It "withdraws." A new word for going on a strike, itself. Why? Does it object to showing its books? Despite its page ads in the newspapers, invoking an obsolete, and non-applicable American ideal of "Free Enterprise," the pendulum of public sentiment swings back, at least to neutral. That stunt was a worse one, than Labor leaders ever pulled, and they have quite a catalogue. This board may find Labor is asking too much: can live on less. They may or may not find the company can pay an increase, sell at same prices, and earn a good profit. Even if either can, this of itself does not justify the other, to claim it. Why not pass this saving on to the consumer.

Private enterprise, and business independence, was born in pre-wagon days, when men made their own implements of husbandry, and every family could live unto its self, and no one depended on others. Many things existant then has, even by big business, been discarded. In fact industry has reached the present magnitude on the rungs of discarding and abandoning of older ways and means. By degrees, through the past 40 years, the American people have and that largely through the efforts and salesmanship and industry, mechanized their daily

lives. They buy everything, and thus have income dependent on industry, for their commodities. When any industry, and with the help of Labor, creates a product for public use, and through years becomes of universal use, and a necessity to the public, they also created an obligation to continue that production and not let 'em down. It is not a "private" matter. It is a public enterprise. A public service, one the public pays for, depends on and consumes, and its spokesman, the government has legal and moral right to intervene, and if it hasn't the statutory procedure, Congress should provide it. The consumer is willing to pay the companies a fair profit, including reserves for replacement and expansion, and a living wage plus, to labor, but it doesn't want to be gutted by either or both.

GM's answers through its ads, assuring heroism, suddenly rushing to aid of a great American ideal, is not well taken, Congress has repealed the excess profits tax, and the treasury, just a week ago mailed out to a few thousand corporations, over seven hundred million dollars in cash as a refund on such taxes already paid. It is estimated they will save that much in next years business. Industry has been built up on Government protection, through high tariffs for many years. Through the war, the Government has bought their total output, including high labor. In most cases furnished the dough to convert and expand their plants. They are high pressuring the army to not return billions of surplus war goods, lest it retard their future business, and in this they are joined by Labor. Yet, both are claiming high ideals for America, while both are letting the consumer down.

Looks like the voice of Jacob, but the hands of Esau. For many years both State and National Governments fixed the freight and passenger rates of their railroads, truck and bus lines, and fire insurance and interest on money. Every few months an examiner takes a peek at the bank books, they have to publish their statements, so do newspapers, ginners report, income tax men, as well as local tax assessors see what you have. The American home is sacred. Protected against even officers, without a search warrant. But if we were accused of concealing stolen property and were innocent, we would welcome the search, to prove it.

## Texas and Annexation TREATY NEGOTIATIONS

(Eleventh in the series of articles by Dr. Eugene C. Barker, Professor of American History, The University of Texas).

When Van Zandt delivered President Houston's question to Upshur, the American Secretary of State, he was told that the Senate would certainly ratify a treaty of annexation, but he did

not answer the demand for protection of Texas while the treaty was pending. The ever zealous American minister at Galveston assured Anson Jones that the United States would protect Texas, but later he had to admit that he spoke without authority. As it turned out, the Senate rejected the treaty, but Upshur may have thought that he had enough votes pledged to ratify. He was killed in an accident while the negotiations were in progress, and a roster of the Senate was found among his papers on which he had written against each name "for" or "against." Presumably, this was a forecast of the vote on annexation.

As a matter of fact, President Houston had little apprehension of an invasion by Mexico, and dropped temporarily the demand for a pledge of protection. He sent J. Pinckney Henderson to Washington to assist Van Zandt, and they had agreed substantially upon the terms of a treaty when Upshur was killed. A month intervened in which nothing was done, then President Tyler induced John C. Calhoun to take the vacant cabinet post. Calhoun accepted because he believed that he might be able to assure and hasten annexation. The Texans now renewed the demand for protection and Calhoun probably had an influence in inducing the President to go as far as his constitutional powers permitted. Only Congress could declare war, but he could order the army and the navy to positions that might deter Mexico from an invasion. On April 11, 1844, Calhoun told Van Zandt and Henderson that President Tyler had ordered a naval force to the Gulf and the army to the southwestern frontier. The next day the treaty was signed.

The treaty declared that Texas and the United States desired annexation to further their mutual security and prosperity Texas ceded its public land and public property such as naval and military equipment and the right to levy tariff duties; and the United States agreed to annex Texas as a territory, subject to the constitutional provisions for the government of territories. It would be admitted to the Union as a state as soon as the constitutional provisions for the admission of territories could be complied with. Since Texas, by the terms of the treaty, would be deprived of means from mouth to source and thence northward to the forty-second parallel of latitude. As successor to the public lands of Texas, however, the government might make adjustments of this boundary with Mexico. The terms were none too favorable to Texas, but the people undoubtedly would have accepted it. Fortunately for Texas, the Senate rejected the treaty.

**Billion Dollars To Be Spent By Telephone Industry**

More than a billion dollars will be spent by the nation's telephone industry for equipment and supplies in the immediate future as a part of its program for more and better telephone service. This statement was made today by Mills Roberts, district manager of the local telephone company, quoting leaders in the industry.

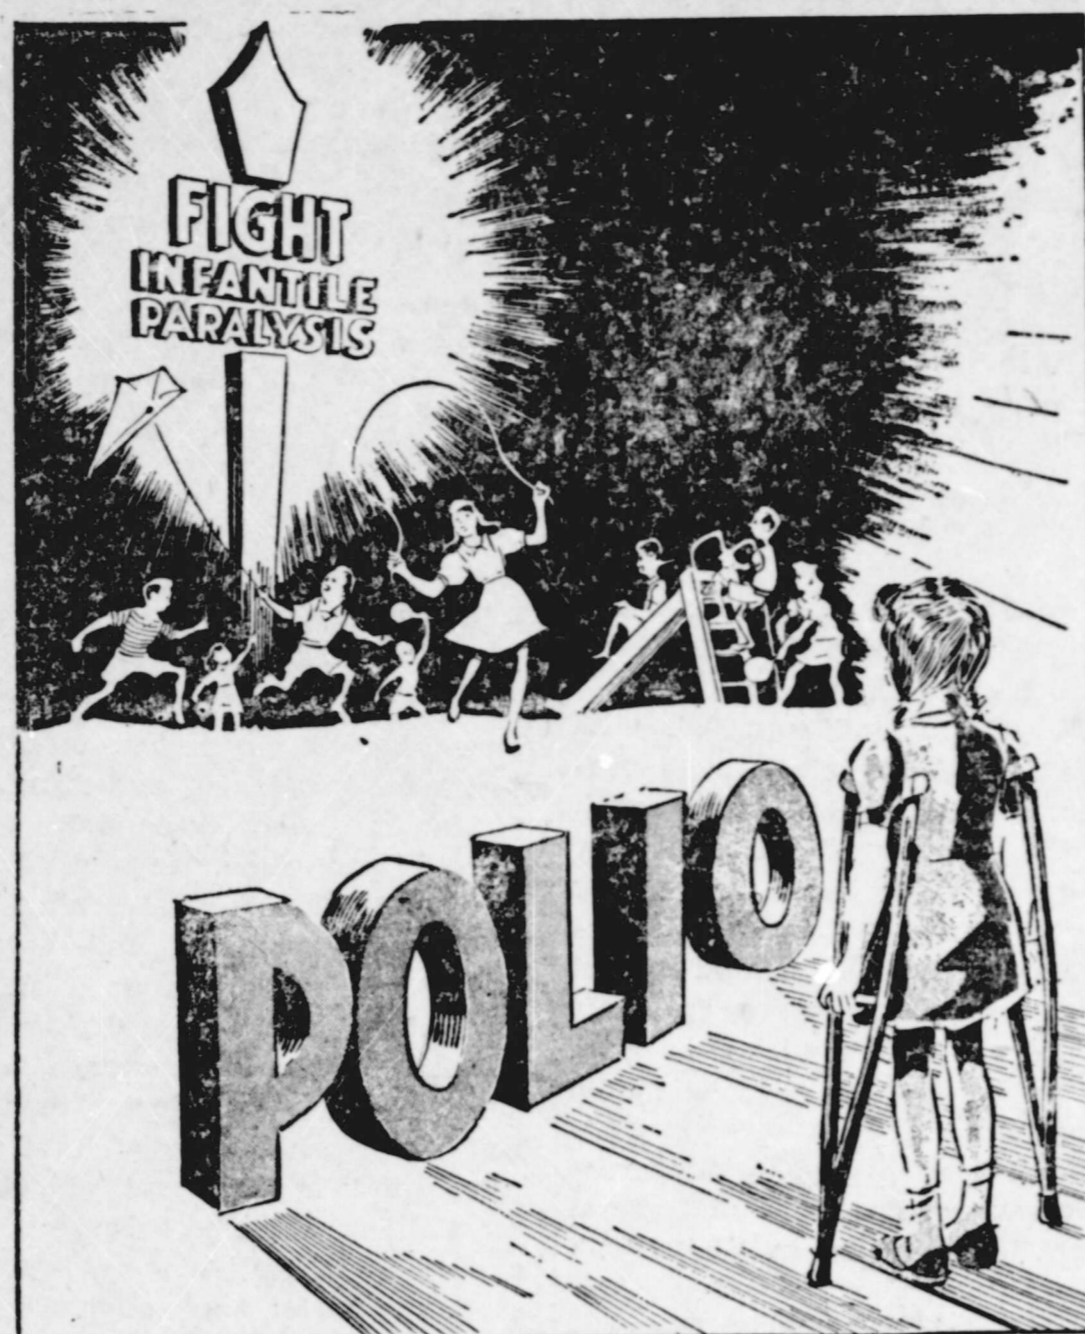

It is further expected that an additional billion dollars will be spent within a few years for necessary construction and maintenance.

Because of the wartime restrictions on manufacture and sale of telephone equipment for civilian use, a huge demand for telephone service has accumulated. At the end of the war, there were more than 2,000,000 unfilled applications and many other potential customers waiting who had not applied for telephones.

While some few of these applications have been filled, there still remains a tremendous demand for telephone service. The industry is answering this need just as quickly as equipment can be manufactured and installed and local conditions can be adjusted to meet the demand.

Telephone companies have been unable to make any kind of major additions to their facilities for more than four years (except for essential needs of the armed forces and the government). In the majority of cases, central office, cable and wire facilities are carrying a maximum load with the number of telephones now in service. Thus, in order to provide new service, much more equipment besides the telephone instrument itself is necessary.

While plans for improvement are many and will be carried out in the near future, the industry's "number one" item on this post-

**Road, Courthouse Bonds Fail In Yoakum**

According to last week's Yoakum County Review, both the road and courthouse bond elections in that county failed to carry. The road bonds got a majority, but they must have two-thirds. The courthouse bonds failed to get a majority.

The vote as reported by the Review was as follows:

For Road Bonds	237
Against	211
For Courthouse Bonds	190
Against	265

Those returning GI's with fox hole experience, may help us solve our housing shortage.

One thing about inflation, we never know when we reach the top, but we sure know when we hit the bottom.

Maybe four years hence, Congress will investigate, to fix the blame on who started the strikes of 1945 and 1946.

If Congress had been as alert last summer, when these strikes were fomenting, as they demanded the army and navy to have been at Pearl Harbor, conditions might have been different now.

### SAWYERS ENTERTAIN WITH DINNER

Mr. and Mrs. A. A. Sawyer entertained Monday evening with a small dinner party honoring Major Truett Flache, who is home on furlough, after several months service in the ETO.

A delicious turkey dinner was served to Major and Mrs. Truett Flache, Mr. and Mrs. Murphy May, Mr. and Mrs. Bruce Zorns and Mr. and Mrs. Sawyer Graham.

Mrs. J. R. Bunts and children returned to their home in El Paso last Friday after a two weeks visit here in the home of her parents, Mr. and Mrs. W. A. Bynum.

### New Cobb Manager To Move Wife Here

Mr. Paul Campbell, of Plainview, manager of the Cobb Dept. Store, stated this week that he would move his wife here from Plainview, as soon as housing can be had.

Mr. Campbell was in charge of the Cobb store at Plainview when he entered the service more than 3 1/2 years ago. He was radioman first class in naval air corps, and was released three weeks ago.

Mrs. Coy Maroney was in Lubbock on business, Monday.

Mr. and Mrs. R. L. Bowers and Mr. and Mrs. Tommy Hicks spent the first of the week in Dallas on business. While there Mrs. Bowers visited Mrs. L. Nicholson in Tyler.

### MRS. SEARS NAMED HONOREE AT SHOWER

Mrs. Charles O. Sears, the former Miss Louise Daugherty, was named honoree at a tea shower given in the home of Mrs. A. W. Turner, Tuesday from 4 to 6.

Hostesses were Mesdames Ray Hughes, John Givens, B. R. Lay, A. W. Turner and Miss Estelle Swain, Claudine Garrett and La Verne Watson.

Receiving the guests were Mrs. Turner, Mrs. Sears, Mrs. K. Sears, and Mrs. Bill Blackstock, sister of the honoree. Guests were registered by Miss Swain in a white satin book with streamers of white satin and a cluster of white mums marking the page.

The lace covered tea table was centered with a bowl of pink and blue snap dragons and flanked with tapers of the same colors. La Verne Watson presided at the silver tea service. A bridal scene illuminated with white candles decorated the buffet.

Mrs. J. E. Smith and Miss Claudine Garrett played piano selections during the calling hours. Gifts were displayed by Mesdames Hughes, and Lay. All members of the house party wore corsages of mums except the honoree and hers was of red roses.

Mr. and Mrs. L. E. Robinson, of O'Donnell were guests of Mr. and Mrs. V. A. Bynum, Sunday.

Dorothy Robinson and Donald Bynum returned last Friday from a two-weeks visit in Kerrville.

Mr. and Mrs. Roy Wingerd and Marian, Boy Tarpley and Logan Herron spent the weekend in Ruidoso enjoying the winter sports.

Mr. and Mrs. Everett Latham, Mr. A. W. Turner and Mrs. Charles O. Sears will leave Sunday to attend market in Dallas.

Mr. and Mrs. J. T. Bowman and Mrs. John L. Cruce will be in Dallas and Ft. Worth over the weekend to attend markets.

### Treat Your Cottonseed Now

Cottonseed may be treated with fungicides at any time before planting, R. N. McClain, Terry County Agricultural Agent, has pointed out. After treatment the seed should be sacked and stored in a ventilated place, he said.

Texas' 1945 cotton crop was the shortest in 56 years and this has focussed attention on the treatment of seed for the 1946 crop as one phase of efficient production. Agricultural Experiment Station tests conducted over a four-year period showed an average increase in yield of 25 per cent at College Station, 14 per cent at Temple, 13 per cent in the Brazos Bottom and 4 per cent at Lubbock. Increases of as much as 50 pounds of lint per acre have occurred at Temple in recent tests. The most favorable results followed planting of delinted seed which was also treated with a fungicide.

Similar results have been obtained on demonstrations conducted by county agricultural agents under farm conditions.

A number of chemical preparations have been tested, including ceresan, spergon, cuprocide and sanosean, and gave approximately equal results. Cost of applications ranged from five to ten cents per bushel.

A large part of the yield increases came from better stands through control of two common cotton diseases, sores in and angular leaf spot. Seed treatment is most important where low rates of seeding are used. Thus, in seasons such as 1946 when seed supplies are short, smaller amounts of seed will be required if the treatment is used.

McClain recommends the use of the barrel type home mixer in treating seed, or custom-treating when this is available. Directions for application of the various chemicals are given on the containers and these should be carefully followed.

Mr. and Mrs. Dallas Telford, of De Calb, Mrs. Whitt King and Mrs. D. F. Day of Lamesa, were guests of Mr. and Mrs. Mon Telford, Saturday.

### FORMAL TEA INTRODUCES MRS. MAY

Highlighting the social calendar for January was the tea given by Mrs. Tom May, Wednesday of last week from 3 to 6 o'clock, introducing Mrs. Murphy May. Hostesses with Mrs. May were her daughters, Mrs. Rebecca Ballard, Mrs. Bruce Zorns, Mrs. Curley Edwards, and Ida May.

Receiving the guests were Mrs. Ballard and Mrs. Tom May, who introduced them to Mrs. Murphy May. Mrs. M. B. Sawyer registered 127 guests in a white satin guest book.

The tea table was covered with a lace cloth and appointed with crystal and silver. A crystal bowl of red carnations with a red satin bow and long streamers arranged with the flowers was placed on a reflector at one end of the table as decorations. Red tapers were used on the table, with red carnations and fern on the buffet. Mrs. W. A. Bell poured tea and was assisted in serving by Mrs. Edwards and Ida May.

Other members of the household were: Mesdames Joe McGowan, Bob Bowers, Roy Wingard, John B. King, and Mrs. Ray Brownfield. All wore formals with corsages of assorted flowers.

Mrs. Murphy May was beautifully gowned in white with a corsage of red roses.

Roy B. Collier, manager of the Knight Furniture Company and Brownfield Funeral Home, returned Wednesday from eastern markets, and a drop off visit to his parents at Vernon.

Mr. and Mrs. C. F. Simes and son, Tommy returned Thursday of last week from a weeks visit in Tulsa, Okla.

Mr. Kirschner happily informed us his son, Major Jerome Kirschner is returning home after spending four years in the armed services. His last known location was Manila. His wife resides in Oklahoma City.

Mr. and Mrs. Jack Stricklin, Jr., Mr. and Mrs. W. W. Marchbanks, Mr. and Mrs. Ralph Ferguson and Mrs. Sallie Limer were guests of Mrs. Ray Hailey for Sunday night supper.

### Paper Work For Farmers In 1946

Few folks take pleasure in doing paper work . . . such as filling out forms. But while income tax is still on our minds let's make plans now to make the job easier next year. R. N. McClain, County Agent, believes that Terry county farmers will have a good bit of this to do in 1946, especially in keeping accurate accounts of the farm business. Many farmers still make income tax returns in 1946. Others will be required to furnish factual information in order to obtain loans, and written rental contracts will call for correct information in that field.

These add up to the necessity for a complete record of facts concerning income from crops, livestock and other production on the farm, along with losses and outgoing payments.

McClain believes that the Texas Farm Record Book, which was revised recently by the staff of Texas A. and M. College, provides an easy and simple method of recording a farmer's business transactions.

He suggests that the Record Book should be especially helpful in: (1) conducting the farm in a businesslike manner; (2) paying closer attention to details of farm business than before; (3) knowing how much you are making from your farm; (4) finding the weak spots in organization of crop and livestock system; (5) preparing a plan for future operation; (6) itemizing farm investment receipts and expenses; (7) figuring efficiency of production methods; (8) providing a historical record of business transactions; (9) keeping track of bills owed by or to the farm; (10) establishing a sound basis for credit; (11) keeping a permanent record in case of fire, death, or other unforeseen difficulties; and (12) preparing income tax returns.

Information regarding means of obtaining the Texas Farm Record Book may be obtained from your county agricultural agent.

Horace Rambo recently out of the service, was a caller this week. He is looking fit.

Captain Sam Brian, who has seen much service as Chaplain with the army in the Pacific, has just returned here. He is a brother to Rev. A. A. Brian, pastor of the local Baptist church.

Mr. and Mrs. Bill Chaffin and family of Seagraves and daughter Dorothy of Brownfield, spent Sunday in Midland with Mr. and Mrs. Bruce Goode.

Mr. and Mrs. J. R. Nelson, Jr., of New Orleans, left Sunday after visiting with his mother, Mrs. J. R. Nelson, of this city. He has recently received his discharge from the army and will enter Tulane University. Mrs. Nelson, Jr. is employed in the Veterans Administration work in New Orleans.

While we will admit there are but few of us who have any love for our sand storms, we do prefer them to tornadoes. This past week while we were suffering from one of the worst sandies of the year, even the sky being obscured by the rolling dust, East Texas suffered from one of the severest tornadoes in the history of the State. Tornadoes are rare here, and it is said that each time one tries to form the sand storm comes along and in a fit of jealous rage, blows it all to pieces. So we reckon after all the sand storm has its value. —Ropes Plainsman.

### How To Rid The Farm Of Rats

Austin—Rats from the farmers' barn can carry typhus-bearing fleas, as well as cats and dogs, state health department officials reported recently at a meeting of the Sanitary Engineering and Public Health Council of Texas, in a session at the University of Texas.

Dusting rat-infected buildings with DDT, then using the new 1080 poisoning a week later has proved very effective in programs now being carried on by the state department, Dr. J. V. Irons, sanitary engineer, said.

Mr. Wyatt Hanks, of Levelland, was in town Tuesday on business.

### Automobile Wrecks Still Prevalent

Several car wrecks were reported over last week end, in Brownfield: Young Briscoe, wife and two children were badly bruised and lacerated but not seriously, last Friday when a truck driven by a Lynn county man collided head-on with their car, west of town. It was thought the other driver was attempting to pass a third car. The man promptly paid all damages and hospital bills.

Odell Quante was not seriously injured, Saturday night, when a car hit him. The driver was arrested and charged with drunken driving. Another car driven by a local boy skidded into and damaged a gasoline pump at the Roy Herod Station, Tuesday morning. No personal injuries were sustained.

Gerald Price, driving Mrs. Miller's car, collided into the rear of a truck near the school building Monday, when the truck stopped suddenly, because boys were snow balling it. Only slight injuries were sustained, but the car was badly damaged.

Several persons were brought to the hospital Wednesday from damages in a wreck south of town, but their names were not learned.

### LEARNED HIS SECRET

An Osark hillbilly for the first time in his life attended an auction sale and when a mirror was put up he bought it. Looking into the mirror the hillbilly thought he saw his grandpappy's picture, so he took the mirror home and hung it up in the attic. Each day he would climb the ladder into the attic and look at what he thought was grandpappy's likeness.

One day the Osarker went over to a neighbor's to help turn out a batch of corn likker. While he was gone his wife's curiosity got the better of her and she climbed into the loft and gazed into the mirror. What she saw brought forth this remark: "I thought that old fool was stepping out on me and now I know it for here is the picture of the old hag." —Some of J. C. Estlack's foolishness in the Clarendon Leader.

Linda Figley is a patient in the local hospital having undergone an appendectomy Tuesday morning.

Master Sgt. Hub King, of Roswell, spent the weekend with Mr. and Mrs. L. M. Lang.

S1/c Finnis Shook, who is on the transport, USS Tinton, is here on leave visiting his parents in Meadow.

Rev. Huckabee performed the following marriage ceremonies in the Methodist parsonage: Keith O. Stewart and Miss Dollie Faye Cooper, Jan. 12; Dewey R. Drinnan, son of Mrs. W. M. Coor of Welch, and Miss Mattie Lou Turner of Lamesa, Jan. 14th. On Jan. 5th he performed the marriage of Mr. Wallace Cox and Miss Trebble Thomason at the church altar at 6:30 o'clock. The couple plan to make their home in Pampa.

On Wednesday evening, Jan. 23 at seven o'clock the men of the Methodist church will have a dinner honoring all ex-service men. Noel Woodley, of Muleshoe, who is a veteran of this war will speak on America, What it Means to a Veteran. The committee on arrangements consists of Messers: Leo Holmes, R. A. Simms and Clovis Kendrick.

Mr. and Mrs. James Fearman, Jr., were supper guests of Mr. and Mrs. L. M. Lang Saturday evening.

Mr. and Mrs. M. A. Boyer and children visited the G. V. Boyers of Welch, Sunday.

Mr. and Mrs. Charles O. Sears spent the weekend as guests of Mr. and Mrs. Bill Blackstock of Rt. 4.

Mrs. Hugh Holmes, who has been a surgical patient in the local hospital for the past two weeks was taken home today.

Mesdames Sam Oliver and Jack Massey, of Seagraves, were in town shopping, Monday.

ZOE BROWN WEDS  
DECEMBER 29TH

Mr. and Mrs. C. O. Brown of Route 3, announce the marriage of their daughter, Zoe, to Pfc. L. H. Brittain, Jr., son of Mr. and Mrs. L. H. Brittain Sr., of Childress, Texas.

A double-ring ceremony was read at the home of the bride's uncle at 2103 Ross Ave., Ft. Worth, by Rev. George Norris. Their attendants were Mr. and Mrs. T. L. Vance of Fort Worth.

The bride wore a brown suit with brown and gold accessories. Mrs. Vance wore a tan suit with brown accessories.

Mrs. Brittain is a graduate of Wellman high school with the class of '42, and is now on the Red Cross staff at the U. S. Public Health Service hospital.

Pfc. Brittain is a graduate of Childress high school and a veteran of the E. T. O. He is now at Beaumont General Hospital in El Paso.

A reception followed at the 2103 Ross Ave. address with close friends and relatives attending.

PUPILS OF MRS. DALLAS  
PRESENTED IN RECITAL

Mrs. W. H. Dallas presented her music and voice pupils in recitals Thursday and Friday evenings of last week, in the Jessie G. Randal school auditorium. All the girls presented were lovely in formals with shoulder corsages. The Treble Cleff club added several numbers to the very interesting program.

MEADOW STUDY CLUB

The Meadow study club met in the home of Mrs. Poland Evans, Thursday, January 10th, at 4:30.

Roll call was answered with "Your New Year's Resolutions."

Mrs. M. W. Fox gave a talk on "Looking Forward." Mrs. W. W. Mitchell gave us some suggestions for "Good Resolutions" and Mrs. N. G. Norman read a new years poem. Mrs. C. W. Avery was leader.

Delicious refreshments were served to 15 members and one guest.

Dr. Brummage, formerly with the health department here, but who has recently been discharged from military service, was here this week visiting friends. He will be with the health department at Austin.

BROWNFIELD WOMEN  
COMPLIMENTED WITH  
TEA IN LUBBOCK

Mrs. Elmo McClellan, of Lubbock, complimented Mesdames A. J. Lloyd, Ed Tharp and W. B. Downing with a tea at the Tech Social Center, Friday of last week honoring them on their birthdays. The honorees were presented with red carnation corsages by the hostess. The table was attractively decorated with red tapers and appointed with crystal and silver. A white birthday cake with tiny red candles was the center of attraction.

A salad course, mint sherbert and birthday cake were served to Mesdames Tharp, Downing, Lloyd, R. N. Huckabee and Mrs. Ira Williams, of Lubbock.

DIXIE REDFORD ENTERTAINS  
WITH WAFFLE SUPPER

Dixie Redford entertained a group of her friends with a waffle supper, Friday evening of last week. After enjoying the delicious waffles the guests enjoyed dancing to popular records.

Those enjoying the affair were Joe Bert Killough, Naomi Thompson, James Rambo, Frances Lewis, Odell Quante, Daina Ruth McIlroy, Glenna Winston, and Ray Kebodeaux.

KOLONIAL KARD KLUB  
MET FRIDAY

The Kolonial Kard Klub met Friday in the home of Mrs. N. L. Mason for an enjoyable afternoon of brige. Mrs. J. E. Mathews received the gift for high score and Mrs. Mon Telford for second high.

SECOND GRADE ROOM  
MOTHERS HOSTESSES  
TO P. T. A.

The Parent Teachers Association of the Jessie G. Randal school met Thursday afternoon of last week in the auditorium of the school. Mrs. Will Fitzgerald presided as chairman. The program opened with the group singing "The Eyes of Texas," led by Mrs. Walter Ereedlove. Mrs. J. C. Criswell spoke on "Religion in the Home," and Mrs. Leo Holmes discussed "Cultural Values in the Home."

Following the program a social hour was enjoyed with the room mothers of the second grade as hostesses. The refreshment table was laid with a lace cloth over blue and centered with an arrangement of Garza mums flanked with blue tapers. Coffee was served from a silver service by Mrs. Jessie G. Randal. The cake was beautifully iced in white and decorated with a border of blue formed of small letters spelling "P. T. A."

76TH BIRTHDAY  
CELEBRATED

Mrs. Annie Stinks was honored on her 76th birthday by her daughter, Mrs. Ruth Auburg, when she entertained a group of her mother's friends, Wednesday afternoon of last week. After the many lovely gifts were opened the guests enjoyed visiting with each other.

Spiced tea and the birthday cake, which was lighted with 76 candles was served to: Rev. and Mrs. A. A. Brian and Mesdames Morris, Stewart, Fannie Day, J. T. Auburg, Dykes, Charlie Green, Dennis Auburg, of Turkey, and Lawrence Dean. Several sent gifts that were unable to attend.

THE "SHORT SNORTER"

Designed by Carolyn Schnurer of New York, this play dress of cotton chambray was inspired by the native attire of the women of Haiti. Mrs. Schnurer calls it the "Short Snorter." It can be worn over a bathing suit or shorts, or around the house. In New York's current fashion showings it is proving as sensational a success as was Mrs. Schnurer's "Cholo Coat" of 1944.

# TRADE OLD CLOTHES FOR NEW FRIENDS!

**WHAT CAN YOU SPARE  
THAT HE CAN WEAR?**

● Clothing that you may consider old can bring new life to some suffering family to whom war brought years of despair and utter destitution.

Bring them new life . . . and bring America new friends!

Goal of the Victory Clothing Collection is 100,000,000 garments, plus shoes and bedding. If your contribution seems negligible, bear this in mind: *Every garment you give means one more human being saved from cold or sickness or possibly death.* Your spare clothing will be distributed free, without discrimination, to victims of Nazi and Jap oppression in Europe, the Philippines, and the Far East.

Dig into your attics, trunks, and closets *today* . . . dig out all the clothing you can spare . . . take it to your local collection depot *now*. If you doubt the need for it overseas, ask the boys who've been there!

## What YOU Can Do!

- 1** Get together all the clothing you can spare.
- 2** Take it to your local collection depot immediately.
- 3** Volunteer some spare time to your local committee.

### One Negro's View

Recently Representative John E. Rankin of Mississippi inserted in The Congressional Record a letter written to a newspaper by a college-trained negro who, though born and reared in Tennessee, now lives in Jersey City, N. J. His name is Charles Lee White and his letter was occasioned by the activities of the Communists among Northern negroes to influence them to demand absolute social equality with white people. Inasmuch as it reflects a view which is constantly denounced by Northern agitators of both races as being only that of "reactionary" Southerners, we pass the text of this letter on to our readers. It is as follows:

"This continual arguing back and forth about the DAR is so childish it seems to me that the real cause of all the trouble should be put before the people. The Communists in this part of the country have caused so much trouble and disagreement between the races it is about time we got after them and chased them out of the country so that we can plan a peaceful future.

"In the first place, the Communists have been working for years to cause not only trouble between the North and South, but cause trouble between the races. The whole organization is based on deceit. They have spurred the Negro to demand things he sincerely does not want such as moving into white neighborhoods, demanding entrance into white institutions, even inter-marriage.

"This is not the negro's idea of equal right—that is, the intelligent negro. I am a negro with a college degree, and I most certainly want my race to have certain privileges, but being an intelligent person, I certainly don't approve of the Communist propaganda which has fired the negro's demands for such privileges to the point where he

may marry with the white man. "I came north from Tennessee 14 years ago. My mother worked for a white family and helped raise their children. They paid her a reasonable salary and gave her an ideal home. I worked on this country estate for several years before entering a negro university. To this day, I correspond with the family, and only deep devotion remains even though my mother died several years ago and the entire family—the white family for which she worked—attended her funeral and wept for her.

"Is there any such devotion in the East between the white man and his negro help? There is not. Communism has destroyed all that is fine in these relationships. However, I would never even consider dining at the table with this fine white family, or even entering their church, for I would much rather be with my own people in a place exclusively for them. The Communist has done his best to try to make the less intelligent negro think differently. He has encouraged him to demand entrance to white hotels, organizations, and I was told of a case where negro girls entered a white beauty parlor demanding service. This makes me ashamed of my race, and no negro with any intelligence would consider such things or be so impressed with Communist propaganda that he would be led to such actions.

"If we, as a race, are given good living conditions, a chance to make a decent living, and an opportunity to have our own clean hotels, hospitals with our own negro staffs and nurses, our own churches and schools where our own teachers might teach, then and then only will we lick communism. Some of my dearest friends in the South are among white people, and I do not expect any Communist-contaminated negro or white in the North to understand this relationship.

"I have no enemies among the

THESE starved and ragged prisoners were found by American troops in a German concentration camp. They are among the millions you can help by giving clothing, shoes and bedding to the Victory Clothing Collection for overseas relief. What can you spare that they can wear

white men, and I have no desire to enter his institutions—hospitals, schools, and so forth—but when that is the only decent place for me to go, what am I to do? There should be money to finance a negro hospital with a negro staff, especially where the number of negroes in that city warrants an institution of their own. My children would be much happier in a school where only negro children attend, and where only negro teachers taught. That is all we ask."—The Southern Weekly.

The State Democratic Committee and the Young Democrats of Texas have their knives out for everyone who dared lift their voices against the re-election of Franklin D. Roosevelt. They are proposing that all of these voters shall be banned from the Democratic party, and shall be taken back only after they come to the mourner's bench and ask forgiveness of this certain group of leaders. It reminds us of the furor which followed the general election when Texas voted for Herbert Hoover, and the effort of the legislature to find a legal way to punish all those in Texas who dared to vote anything but the Democratic ticket. After weeks of vain search legislators gave it up as a bad job, and decided that those who go into the general election have a right to vote for the welfare of the nation, as they see it, rather than follow the dictation of group, clique or clan. Which leads us up to the query: What will this group do to J. E. McDonald, commissioner of agriculture? He openly defied Roosevelt after his first term in office, as well as openly espouse the candidacy of Hoover. He is a Democrat who defies Democratic leadership. The political leaders of the state have tried every means to defeat him, but he stays on, and on, and on. —Canyon News.

### SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending January 5, 1946, were 20,901 compared with 20,866 for same week last year. Cars received from connections totaled 7,843 compared with 11,136 for same week last year. Total cars moved were 28,744 compared with 32,002 for same week last year. Santa Fe handled a total of 24,030 cars in preceding week.

The Negro to be given the ballot. Well, maybe we can again afford to give him the ballot. Maybe we should do so. But these "young" Democrats who are so sure about it and who are now running down to Austin asking the Governor to call a special session of the legislature to enfranchise the Negro, should stop before they get in too big a hurry and study the question a bit. At least they should read the history of their state. It wouldn't be necessary for them to go back to "carpetbag" days to find out why the poll tax amendment was adopted some thirty-odd years ago by the deliberate vote of the people of Texas. They would find that there was a reason for it, a real reason. They would find that this amendment had the effect of cleaning up politics in this state, at least of banishing much of the corruption that had theretofore existed. It was not adopted as a thrust at the Negro so much as at the corrupt white politician. Maybe the time has come when we can again afford to place the ballot into the hands of the Negro, but these young Democrats should be warned in advance that if it is done it will immediately usher in new and serious problems for our people to solve, and it will not be the beginning of the millennium by any means.—Lynn County News.

### UNLICENSED DRIVERS JUST AS DANGEROUS

Austin—Unlicensed drivers are figuring in 24 per cent of the fatal collisions in Texas, Director Homer Garrison of the Department of Public Safety said today. A survey covering 415 "fatal drivers," all residents of Texas, showed that 104 either never had licenses or had permitted their licenses to expire.

"Driver licensing suffered during the war from public apathy and inadequate law enforcement," Garrison commented. "Now it's time for everybody to get back on the ball. I hope the people will cooperate voluntarily."

"We don't want to wage a drastic statewide campaign against unlicensed drivers, and we haven't the manpower to do it without neglecting other important work, but increasing traffic fatalities may force us to it."

Fertilizers have a definite place in the building and maintaining of soil fertility.

## What's Back of My Gas Burners?

This is the third in a series of four advertisements being published in the belief that you would like to know more about the natural gas business, which so vitally affects your daily lives.

### CHAPTER II The Gas Is Conditioned for Transporting

In the previous chapter we saw how natural gas travels from a well through a meter house, through a field gathering line, and through a compressor station where it was squeezed into smaller space. Now what happens to it next?

Before starting on its long journey, the gas passes through a Gasoline and Dehydration Plant adjacent to the field compressor station. This plant removes gasoline and moisture from the gas to increase the efficiency of the pipe line system. If the gasoline were not removed, it would condense out in low spots in the pipe line and decrease the line's capacity. If the moisture, which is produced in vapor form with the gas, were not removed, it would, under certain pressure and temperature conditions, form "hydrates" which are similar to slushy ice. When formed, these hydrates accumulate in the pipe line, regulators and other facilities and restrict or stop the flow of gas.

The most important piece of equipment at the Gasoline and Dehydration Plant is the high-pressure absorption tower, 75 feet tall and

weighing 123,000 pounds, which is used in our sketch to represent the plant. Actually, the plant consists of several buildings, steam boilers, heat exchangers, stabilizers, dephlegmators, generating plant, compressors, many pumps, and other auxiliary equipment, all quite complicated and scientific. The gas itself passes through only the absorption tower where the gasoline is removed by the use of absorption oil and the moisture is removed by the use of diethylene glycol, a liquid chemical which has a strong affinity for water. The absorption oil and the diethylene glycol are purified and used again, in continuous cycles.

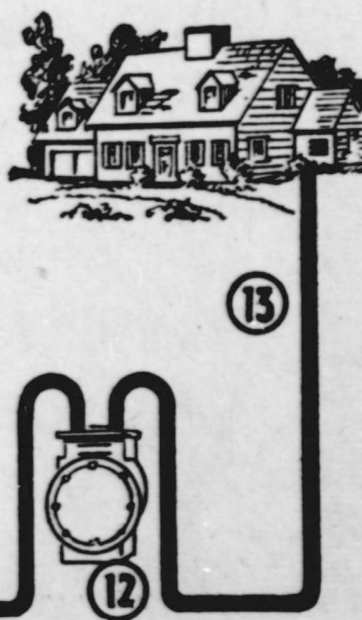

Another advantage gained by drying or "dehydrating" the gas is that internal corrosion of the pipe line is held to a minimum, thereby reducing the roughening of pipe walls and the formation of scale and dust.

After passing through the Gasoline and Dehydration Plant, the gas flows into the high-pressure pipe line. This is the main transmission line which brings the gas across the country to your city and other cities, passing through one or more additional compressor stations on its way.

West Texas Gas Company owns and operates five compressor stations; one at the gas field, called the Turkey Creek Station, the McSpadden Station near Canyon, and the Plainview, Tahoka and Littlefield Stations. McSpadden Station is now being enlarged, and when this work is completed we will have in service 20 compressor units with a total rating of 4540 Brake Horse Power.

# PIGGLY WIGGLY

### Many Others Join The Five Year Club

Since our last report the following have all put their papers up five years in advance, at the \$1.00 rate which will be good until March 1.

R. O. Black, city; M. J. Craig, city; J. E. Bryson, Tokio; J. Barret, city and Charley Barret, Rt. 4, city; R. L. Stallings, Rt. 4; Robt. Chambliss, Plains; Elmer Edwards, Rt. 3; L. E. Howard, Meadow; H. L. Holleman, Rt. 3; A. J. Loyd, Rt. 2.

In the meantime 8 have put their papers up to 1948, Dube Pyeatt to 1949 as well as one whose name we were asked to not mention.

Remember we will take your subscription, new or renewal for as short time as six months, and appreciate it. And many are taking it for one year, both new and renewals.

You alone are to be the judge of how long you wish to renew or buy a new subscription. But if you want in on the old rate, it must be in our hands by March 1, 1946.

### John Dumas Has A Nice Workshop

There is more than one way to kill a cat. With no places to rent down town, John just fixed up half of the large garage at the old home place just off Lubbock road, winterproofed it and there you are. He has a good place for the repair of furniture and reupholstering.

With furniture still a scarce article, pieces that you might in pre-war days have discarded, can be repaired and reupholstered, and will look nice and last for years longer, at a reasonable price.

### CARD OF THANKS

Just before the break of dawn last Tuesday morning, while a guardian angel kept a lonely bedside vigil beside our beloved husband and father he slipped silently away but at rest for evermore from his suffering and failing health of the last few months.

During this deep hour of sorrow the children and I wish to take this means of gratefully acknowledging the kind expressions of sympathy and flowers sent from the friends of Brownfield. We shall always remember with deep gratitude your comforting expression of sympathy.

Mrs. N. B. Hilyard  
Ben Newman  
Douglas Wade.

Sgt. Milford Ray Chancellor landed in New York January 5th and arrived here the first of the week as "Mr." Chancellor with the title of Sgt. discarded.

Mr. and Mrs. John Walls and daughter, Doris, spent Sunday in Odessa with Mr. and Mrs. A. E. McCarver.

Lynn Fite was a weekend guest in the home of Mr. and Mrs. Tommy Hicks. He and Mr. Hicks were buddies while serving in the ETO with the army.

### Golden Gloves At Tech January 29-31

Lubbock, Jan. 15—Morley Jennings, director of athletics at Texas Tech, is urging all young men of the South Plains who are interested to immediately enter the annual Golden Gloves boxing tournament Jan. 29, 30 and 31 in Tech gym.

Jennings has announced two divisions for the three-day event, the open division and the novice division which is restricted to high school boys.

Winners in the open class, all experienced fighters, will be taken to Fort Worth for the state tournament next month. Winners in the novice group will receive awards and a team trophy is to be given the school winning most bouts.

Entries are expected from many towns of the area, some of which have produced champions. In recent years Army personnel has donated the Lubbock tourney, but no entrants from servicemen are expected this year.

Young men wishing to enter the tournament should write Mr. Jennings at Texas Tech, giving their name, weight, age, home address, experience in the ring, whether they have fought in previous Golden Gloves bouts and, if so, how many bouts, and whether they wish to fight in the open or novice division.

### Cam Sears Tries To Slander Us

Cam Sears, erstwhile farmer, but now a realtor and promoter was out on our streets this past week trying to make new and used comers believe that this editor, the Old He in person, had rifled two perfectly good hams off Ed Thompson. How it all came about was as follows:

Recently Cam read, or had some of the family read (we are not sure he can read) that the above named gentleman, respected citizen of the Harmony community, had donated some eating hog meat to a hungry editor and family. Well, Cam got jealous and added that Ed said we slipped back to his smoke house and pilfered two hams, but as we had our shoes on backward, it was hard to track us.

Ed denies that he had any such talk, or had missed one ham much less two, and so, Cam now stands exposed to a libel suit or is it suite, if we are mind to press the matter, as he put it out on the streets. By the way Cam is selling quite a bit of Terry county soil, and we might tie up some of the "earnest money" on some of these sales.

Mr. L. A. Leeth, of Meadow, was in town Monday on business and shopping.

Mr. B. G. Parker has sold his barber shop and Mr. Jasper Moore is now the proprietor.

Lemmon Eicke arrived here Saturday morning from San Antonio with his discharge papers from the army, after 21 months service in Germany.

### Charlie Joins March of Dimes

Charlie McCarthy is no dummy, according to nine-year-old Hannah Toomey of 335 East 55th Street, New York City. At least, he is right there when it comes to a good cause such as the March of Dimes Campaign, January 14-31. While Edgar Bergen looks on, Hannah shows Charlie one of the new dime cards for school children. A victim of infantile paralysis, Hannah was aided by the National Foundation for Infantile Paralysis and wants to see other unfortunate children have the same care.

### BOBBY NEAL GREEN ENTERS MASONIC HOSPITAL

Bobby Neal Green, son of Mr. and Mrs. Morris Green, was admitted to the Scottish Rite hospital for crippled children, in Dallas, January 9th. He is receiving treatment for a diseased hip bone and will be hospitalized for some time.

He would appreciate letters from his friends. His address is: Bobby Neal Green, 2201 Welborn St., c/o Scottish Rite Hospital, Dallas 1, Texas.

### Farmers Warned On Buying Cheap Seed

Austin, Jan. 15—Farmers were cautioned by J. E. McDonald, state commissioner of agriculture, against buying cheap seed.

"Don't buy seed because it's cheap or just as good," said the commissioner. "Buy seed that has been tested by a recognized seed testing laboratory or a reputable seedsmen and tagged with a Texas germination tag."

There is no more pathetic sight, said McDonald, than a poor stand of cotton, peas, or other crops because of poor quality seed.

H. G. Lees, grandson of Mr. and Mrs. W. H. Dallas, left Friday for Stillwell, Okla., to enter A. and M.

Mr. and Mrs. Jack Shirley were among those from Brownfield in Ruidoso last weekend for the skiing.

Ed Evans, of Seminole, who has been under treatment at the local hospital, was carried home last Friday by Mrs. Evans. While pretty weak, Ed stated he was in better shape than when treatment started.

### W. S. C. S. HELD REGULAR MEETING

The Methodist Woman's Society of Christian Service met in Fellowship Hall at 3:00 o'clock January 14th, with the president, Mrs. J. H. Carpenter, presiding.

After a short business meeting all present assisted Mrs. Carpenter with the program, a lesson on "The Stewardship of Peace."

Those attending were Mesdames Harry Longbrake, N. T. House, Jim Ward, A. J. Lloyd, Glen Harris, Bill Culver, Cleve Williams, Ed Tharp, W. B. Downing, Bob Huckabee, J. H. Carpenter and Ray Frazier.

### New Coach Athletic Instructor In Navy

From a number of applicants, the school board Wednesday selected Harold Crites as head coach for athletics for the Brownfield school. Crites, former assistant coach at Tech, under Pete Cawthorn, and recently coach at Nacoma, has moved in, with his wife and child, and takes over the coaching job. Coach Brannan who has resigned, has gone to Stephenville. Crites has spent three years as athletic instructor in the navy.

Mrs. Olga Fitzgerald informs the Herald that the public library at the courthouse will be open Saturday afternoons from 1 to 4. They have many new books.
