

### War Veteran Killed, Two Others Injured In Car Crash

For the third time in three months, death claims a war veteran in automobile accidents in Terry County, when about 11:30 last Friday night Dillard Graham, Jr., 23, was instantly killed when the light car in which he was riding with two others, crashed into the rear of a heavy oil field truck parked along the curb in front of the Deluxe Motor Inn, in the southeast part of town. The impact, which all but demolished the small car, drove the truck partly upon the curb, and badly damaged its rear end.

David O. Burnett, 26, who was thought to have been driving the car, sustained broken bones, cuts and bruises. R. R. Prestridge, about 28, was also injured with a broken ankle, and other severe bruises. Both were treated in Treadaway-Daniell Hospital, and expected to recover. All were local residents, and each had only in the last few months returned from military service.

Graham is the son of Mr. and Mrs. Dillard Graham, former residents here, but who returned from Mississippi only a few months back. Mrs. Graham has been secretary to the sheriff for the last three months. Burnett is the son of Mr. and Mrs. Ernest Burnett of south 3rd St., and Prestridge is a son of Mr. and Mrs. W. A. Prestridge, residing in the west side of town.

The fatal car was coming north, had just rounded the curve near the Inn. Passers by and highway patrolmen responded to the scene quickly, as did a Brownfield Ambulance.

Young Graham is survived by his parents, and two sisters, Miss Dorothy Graham, secretary to C. L. Lincoln, county service officer, and Mrs. Catherine Turnpseed who lives in Oregon, and for whose arrival the funeral was delayed until Tuesday at 3:30 p. m., where it was conducted by Rev. R. A. Sparkman at the Methodist Church, followed by interment in the Terry County Memorial Cemetery. American Legion extended military rites at the grave.

Mrs. Graham is a daughter of the late J. D. McDonald and wife, of 112 South 3rd street, and a sister to Willie McDonald and Mrs. Bill Settles.

They were not related to the late E. A. (Aut) Graham, who died here two weeks ago.

### Rotary Club Observes Past President's Day

With Everett Latham in charge of the program the terms of office of each of the past presidents of the Brownfield Rotary Club were reviewed last Friday noon at the club's regular luncheon at the Wines Hotel. Each of the past presidents who could be present, made short talks.

Guests of the club were Homer Nelson and Joe McGowan, past presidents, and Harold Crites, new football coach, who promised local fans an aggressive team this coming season and welcomed any suggestions that anybody might have to offer, but made the reservation that whether he accepted the suggestions or not would be left entirely up to his discretion.

Plans for the financing of the work on the proposed Rotary-sponsored park have not as yet been decided upon, but will possibly be settled in the very near future.

Your vote and influence is hereby solicited.

T. D. (Tom) Warren.

### Lions Clubs Being Organized In Several South Plains Cities

Word has come to us of late of the organization of a number of Lions Clubs in this area, and while they have not been named official sponsors of all of these new clubs, we are proud of the fact that in practically every instance, the local Lions have had the "Lion's share" in laying the groundwork for the organization of each of them.

The Brownfield Club is, however, sponsoring the newly-formed Plains Club, organization of which was perfected Monday and Friday night, Feb. 15th and 19th, under the direction of Frank Jordan, president of the Brownfield club, and Orlando Hickey, Chicago, Representative of Lions International. Also present from Brownfield was J. C. Criswell, T. J. Griggs, Dennis Q. Lilly, W. G. McDonald, Tom Crawford, Archie Chapman, R. E. Herron and Chik Lee.

Officers of the new club, are: Caryl C. Light, president; H. B. Horn, 1st vice president; D. B. McGinty, 2nd vice president; J. W. D. Light, 3rd vice president; J. W. O. Alldredge, secretary; M. W. Luna, treasurer; Curtis Jackson, Lion Tamer; Dick McGinty, Tail Twister; P. W. St. Romain, Warner Hayhurst, Dorsey McKee and S. S. Jobs, directors.

Other members are: Ray Lackey, Joe McLaren, Raymond Bookout, J. W. Moore, Jr., Conrad Ryan, Ralph McClellan, Roy Elliott, Clyde Hartwick, Lonnie Johnston, L. Dene Stephens, Bill Harris Powell, Johnnie Robertson, L. O. Smith, Robert Cheek, H. E. Coke, John S. O'Neal, Joe Cheek, C. B. Poindexter, J. P. Robertson, Till W. Reed and Kit Morris.

The Brownfield club will present the Plains club its charter on April 4.

A club of some 50 members is being organized at Denver City under the sponsorship of the Seagraves Lions Club. Organization of the Meadow and Ropesville clubs is well under way and lively groups are expected at each place.

### Magicians Show Coming Soon

The great Virgills, noted Magicians, will show at the High School auditorium, March 5th, sponsored by the local Lions Club. Parties here who have seen it elsewhere, recommend it very highly as being high class, clean, and very entertaining. Local Lions will handle sale of tickets.

Mr. and Mrs. Fred Lowe, Mr. and Mrs. Travis Pharr, Mr. and Mrs. Randolph, Mr. and Mrs. Goal Hyman and Mr. Harold Casey, of Ocean Beach, Calif., enjoyed an evening at the Supper Club, in Lubbock, Saturday.

### City Laying Water Mains, Opening Streets

Streets, which heretofore have existed only as lines on city maps, are now rapidly coming into being as the city's big graders and maintainers are being pushed to the limit in order to keep up with the rapid growth of the town. Sections of the city that boasted of a few scattered houses a few months ago are now built-up neighborhoods, and if there were no limits to the availability of building materials, there is no telling how much construction would be underway here in Brownfield.

Six-inch water mains are being laid in the Lowe addition, which lies to the east of the Legion Hall. This was only a short time ago considered "out in the country," but is rapidly being built up.

Streets that lie between the Lowe Addition and the main business section and those in the western part of the city, are being opened up.

### Jaycees Give Calf To Boys Show

The local Jaycees are to give away a 1000 pound yearling in a prize contest, for the benefit of the Boys Fat Stock Show. The delivery to be made on West Texas girl lot on March 30th.

### New License Plates Have Arrived

New cream-and-black 1946 license plates have arrived at the Tax Assessor-Collector's office and are now ready for issue. Some downstate counties have received authorization to attach plates to cars immediately instead of the previously set date of March 1. J. V. Burnett, Tax Assessor and Collector for Terry County, states, however, that up to Wednesday noon, he had received no such authorization and did not advise putting on the plates as yet.

Burnett wishes to remind the pickup, truck and trailer owners that they must have a certified weight ticket with them when making application for 1946 plates. He also anticipates a large increase in number of vehicles and urges all owners to secure their 1946 plates as soon as possible.

### Income Tax Time Is Here Again

March 15th is dead line for filing 1945 income tax returns for all business men. Most farmers file January 15th. In addition to official accountants, that come here often, there are several accountants in town who can assist taxpayers.

### Veterans Back On Their Jobs

Last week, a returned service man remarked that with the return of Buddy Gillham, all the boys who went to war from the west side of the square, were now back on their old jobs. Our roving reporter, scenting a good item, then thought: "Well, what about the north side, south side, and all around the town?" So Monday he checked on the business sections, and reports the following, former service men now employed, but not all of these held the same position before:

Due to the fact that Friday is Washington's birthday and no mail deliveries will be made on this date, the Herald is being published a day early in order to reach the readers in sufficient time for them to look over the specials offered by the local merchants before coming to town Saturday morning.

As we did not become aware of the fact that we would be compelled to issue early in order for the specials ads to be of any value to the merchants, it was necessary to reduce the size of this issue from the size originally planned.

After working all night Wednesday and well into Thursday morning in order to meet this early publication date, the Herald force is observing today as a holiday.

### Son-In-Law of Local Man Buried Here

Oliver D. Scott, aged 26, who died February 12th in the Veterans' hospital near Kerrville, was buried in the Brownfield Cemetery, last Friday evening following funeral services at the Baptist Church, at 3:30 P. M. conducted by Rev. A. A. Brian, pastor.

He is survived by his parents, Mr. and Mrs. C. M. Scott, a brother at McCamey, a brother in Oklahoma and a sister in Dallas, his wife, a daughter of Mr. and Mrs. M. S. Skains of this city, and a 22-month old son.

Mr. C. J. Yost, who has been in the Army Air Corps and stationed at Hamilton Field, California received his discharge papers recently. He is the brother-in-law of Mrs. Dick Fallis and he and his wife will make their home here.

### Breedlove Warns Of Approaching Rabies Season

Walter Breedlove, engineer for the Five-County Health Unit, informed us that a dog suspected of having rabies, attacked and bit a lady last Saturday night. Report from Austin as to whether or not the dog was rabid is not expected until Saturday.

Breedlove states that from now until the end of summer, danger of rabies is more likely than any other time of the year and that all dog owners should see to it that their pets are properly immunized as quickly as possible.

Also, in this connection, the City is publishing a display advertisement elsewhere in this issue of the Herald, stating that there is in force, a city ordinance wherein all dogs belonging to people residing within the city limits are subject to taxation and annual vaccination against rabies, and that thirty days after date, all dogs not properly tagged, shall be considered strays, and destroyed.

### March 2, Deadline For \$1.00 Subscriptions

Saturday, March 2 has been set as the last date at which the Herald will be sold at \$1.00 per year. After this date, the prices will go up to \$2 per year, which is in line with other papers in this area.

You may renew or subscribe for as many years as you desire, and if you have renewed recently, but would like to renew for some additional time, you can also do this. These rates apply to the Brownfield trade area only.

Since last week, a large number have renewed or subscribed for one or more years, but due to the fact the Herald is coming out early this week, there was not sufficient time to publish their names. They will appear next week.

### Herald Comes Out Early This Week

Due to the fact that Friday is Washington's birthday and no mail deliveries will be made on this date, the Herald is being published a day early in order to reach the readers in sufficient time for them to look over the specials offered by the local merchants before coming to town Saturday morning.

### Arnold Burnett Helping Repatriate German POW's

Arnold Burnett, son of Mr. and Mrs. F. M. Burnett, City, left San Francisco February 13 for Liverpool, England via the Panama Canal, with a shipload of German prisoners of war, where they will eventually be returned to their native land.

Arnold has been riding herd on German prisoners for about two years, both at Hatch and Roswell, New Mexico, and we doubt very seriously that he'll shed any tears over finally getting rid of them. He expects to be gone about two months and hopes to get his discharge from the Army shortly after returning to the States.

### Legislation, Rulings To Be Discussed At Farm Bureau Meet

Pending legislation and government rulings, and their relation to the future welfare of agriculture, will be discussed by producers of this area in a meeting to be held at Plainview on Monday, February 25. All speech-making will be dispensed with and all time will be devoted to round table and group discussions, analyzing agricultural problems and possible solutions.

The meeting is sponsored by the Texas Farm Bureau Federation and discussions will be led by J. Walter Hammond, president, who has just returned from Washington and has firsthand information on the attitude of government officials and members of Congress regarding agricultural issues. Hammond will be assisted by Marvin Carter, organization director, Texas Farm Bureau.

"These matters should be brought to the attention of farmers," Hammond declared. "The welfare of agriculture is necessary to the prosperity of the nation, and farmers are best qualified to determine what is fair and just for agriculture," he said. "Farmers must take part in these meetings and accept their full responsibility if a prosperous agriculture is to be had. Without a prosperous agriculture, we cannot hope for a prosperous national economy. It is most important that in this reconversion period, agriculture—with 25 per cent of the people of the nation—is given the same consideration and opportunities that are extended to other groups in the nation.

All farmers are invited to attend and participate in the discussions, at this meeting. Agency officials are also extended an invitation to attend and give farmers the benefit of their knowledge and experience in administering the different programs.

W. R. Tilson of Meadco, member of the board of directors from this district, will serve as chairman. The meeting will start at 10:00 A. M. in the Hilton Hotel at Plainview.

### Boy Killed In Lubbock Accident

William L. Fant, age 12, son of Mr. and Mrs. H. E. Fant, who lived here a few years ago before moving to Lubbock, died in a Lubbock hospital from injuries sustained a few minutes before when a car skidded into the bicycle he was riding, in the east part of Lubbock, late Tuesday evening. His brother, R. G. Fant and a sister, Mrs. Hugh Williams, live in Brownfield. Funeral was conducted in Lubbock Wednesday afternoon.

Mrs. Ruth Hucklebee, who has been employed in Abilene for the past several months, is back in Brownfield to make her home.

H. A. Harris, Bronco, an early-day settler of this section, was a pleasant caller at the Herald office, Tuesday.

### Stage All Set For Jaycee Hog Show March 2

Final arrangements have been made for the staging of the Jaycee Hog Show, which is to be held for the first time Saturday, March 2. While primarily put on as an incentive to the 4-H and FFA boys toward the raising and breeding of better stock, as is the Calf Show, which the Jaycees are putting on later in March, there is also an open class for adult exhibitors.

While this is the first staging of what is planned to be an annual affair, it is the opinion of all that the show will be a success from every standpoint.

There has been some talk of the feasibility of combining the two shows, but the Jaycees plan to give the matter a great deal of consideration before taking this step.

R. N. McClain and Tom Neely are acting as co-supervisors of the affair.

Some twenty years ago an annual hog show was inaugurated here and was continued for several years. This show was largely instrumental in greatly improving the general breed of hogs over the entire county. After the show was discontinued, a general deterioration of the quality of hogs was noted. This is speaking as a whole, of course, for a number of farmers continued to raise high-grade porkers on their own initiative.

### Commission Appointed For Zoning Of City

Taking the first steps in the procedure of zoning the city of Brownfield, the City Council has appointed the following citizens as members of the Zoning Commission: L. M. Perry, Johnnie Criswell, Fred Smith, Virgil Burnett, W. L. Bandy, Luther Heath and O. L. Peterman. These gentlemen, the Council considers, are a representative group of the City and are property owners in each section of the city.

The services of O. H. Koch, consulting engineer, have been secured to assist in this work. He has helped in the zoning of a number of West Texas cities, including Lubbock, Muleshoe, Littlefield and Plainview.

Mr. Koch has been in Brownfield three times and has made surveys, maps and studies of the layout of the city and will return in the near future to make his recommendations to the commission. His studies will be an endeavor to determine the probable direction of the future growth of Brownfield.

The City Dads are to be congratulated on their progressiveness and foresight. The value of this undertaking will become increasingly apparent as the years go by. There are many cities in the east, which—like Topsey—"jes' grew," and are now faced with the painful prospect of tearing down property which represented an original investment of thousands of dollars in order to relieve congested traffic and to aid in further expansion.

Mr. and Mrs. W. W. Marchbanks and Miss June Kromer spent the weekend in Mangum, Okla., visiting relatives.

Mr. and Mrs. Floyd Ledbetter, of Kermit, spent Tuesday and Wednesday as guests of Mr. and Mrs. Joe Shelton.

Mr. L. O. Greenfield, Sr., and L. O. Jr., spent Sunday in Penwell, visiting Mr. and Mrs. R. M. McAdoo.

Mr. and Mrs. Les Newberry left the latter part of the week for a several weeks trip to Hamlin, Dallas, San Antonio, where they will visit Mrs. Newberry's mother, and Bisbee, Arizona.

What's Back of My Gas Burners?

This is the last in a series of four advertisements published in the belief that you would like to know more about the natural gas business, which so vitally affects your daily lives.

through distributing mains and service lines to your meter at predetermined proper pressure for your use.

From the District Regulator Station the gas flows through a low-pressure line to your meter, where it becomes your property; thence through your yard and house piping to your familiar household servants, your range, your water heater, your refrigerator, and your home-heating equipment. Responding instantly to your every wish, it contributes greatly to carefree, healthful living, at a cost within the reach of all.

Our story until now has dealt with natural gas and some of the equipment used in bringing it to you. However, despite our large investment in physical property, our greatest asset is the group of loyal, hard-working, courteous employees who operate the properties 24 hours a day and 365 days a year, to render you a high type of service. Natural gas itself, without the services of these many men and women, would be worth little. Each and every employee has his own special type of work which is vital to the proper functioning of the group as a whole.

While you, our customer, are dependent on us for service, we are actually more dependent on you. Without you we could not exist. Therefore we are going to do everything we can to give you good service. The natural gas that we have to sell has been proven a perfect fuel: each and every employee will strive to render you a personal service of equally high quality.

**VETERANS MOVE INTO LAAF OFFICERS QUARTERS**

After several weeks of negotiations, Lubbock Housing Authority of the City of Lubbock last week opened bachelor officers quarters to married veterans wishing to attend Texas Technological College at Lubbock. First to move in was A. G. Martin, formerly Captain in the Air Forces, and his bride of five months of Temple. Others whose applications are now on hand are expected to fill most of the first units made available. Housing officials plan to open additional quarters for both single and married veterans who may seek housing in Lubbock, either to attend school or to work in the area. Veterans desiring to attend Tech or to secure housing in Lubbock should communicate with the Lubbock Housing Authority, 232 Avenue F. This is the first Texas use of an inactive Army installation for housing under Public Law 292 passed by Congress in late December and may be the first such program in the nation. **"PIONEERS"**

By Rose Joseph Nickell, Lubbock  
Say you can't see nothing, stranger, in these vast an' rollin' plains? Just a mess o' flattened country—that you're pleased to call "remains".

Well, now that's just Your opinion based on what you think is true; But it ain't the way I see it; every day there's something new. It's a big, big country, stranger, with capricious kind o' ways—Wind an' sand an' snow an' "norther's" mixed with balmy sunny days.

It's the home of he-men, mark you, sturdy, forward-lookin', tried, An' of strong courageous women standin' bravely by their side. True, it ain't no soft-like Eden; but I've always found in life That the things we value greatest, more or less, we gain through strife.

An' they strove, these early settlers, strove with drouth an' blizzard-sleet, But just cast your eyes about you; plain they never knowed defect. O, they's down sometimes, I grant you; but you see they didn't stay; If one star went all "kerfluey" then they tried some other way. Always workin' uncomplainin' at the heavy load they packed; In their lonely little dugouts love supplied the things they lacked. Set the pattern for the future that proved bigger than they knew, Blazed the trail for high achievement (open roads for me an' you).

So just take your hat off, mister; join me in three rousin' cheers For the folks that made this country, patient fearless: PIONEERS.

All who are friends of the soil need now to move and speak out together as never before.

**Four County Health Unit Activities**

A staff conference of the personnel of the Four County Health Unit was held in the unit office in Brownfield, Friday afternoon, February 1, for the purpose of discussion of public health problems and planning a program for the coming year. FEBRUARY is the month for birthday celebrations, Abraham Lincoln, St. Valentine and George Washington all sharing the spotlight.

The observance of St. Valentine's Day is said to date back to the 14th Century or earlier, and while its origin is not known, its customs today are much the same as in the beginning. Valentines expressing tender sentiments are sent by swains to their lady loves and vice versa. Hearts and flow-ers, cupids and doves typically express the meaning of the day, and make charming table decorations for the family dinner or party table. An attractive centerpiece can easily be made from a red heart-shaped lace paper doilies, fastened to a cardboard stand and placed in the center of a flower arrangement. Paste red hearts on your plain glasses for a new idea.

Carry out the red and white color scheme in your food. Have a salad molded in tomato jelly. Tiny heart-shaped cakes iced in red

and white contribute to the decorative effect.

For an evening party beverages are important. Fruit beverages are delicious and are valuable in the diet. Fruits are rich in vitamins and minerals, and the juice mixed with sparkling water or club soda which is alkaline in effect, make healthful and tasty drinks, for all occasions. You might like to serve simple lemonade, but try it made with sparkling water. Almost any combination of fruit juices makes a good base for a drink and sparkling water adds the necessary zip and brings out the fruit flavor. Here's a party drink for Valentine's Day.

**GOMEZ HD CLUB MEETS WITH MRS. CARTER**

The Gomez home demonstration club met Thursday, February 14th, at the home of Mrs. Carter.

Eight members and two visitors answered the roll call, with "Some Courtesy My Family Practices."

Mrs. Lay, Mrs. Sears, and Mrs. Buchanan made interesting reports on how to raise our children. The question, "which is more im-

portant, heredity or environment?" provoked endless discussion. It is useless to attempt to settle whether heredity or environment is more important. Every living being is affected by both. The practical question is what may be done to control both so as to get the best results.

Mrs. Kelly Sears gave a report on council meeting and the successful results of the old clothes drive different clubs sponsored. Mrs. R. J. Rowden made a short report on the meeting of reporters February 9th at the courthouse.

Miss Dunlap and four reporters of the county attended the reporters school at Lubbock February 8th.

Mrs. Sears was elected club delegate to the district meeting at Brownfield in April.

The club decided to sponsor a fun program once a month for the community so watch for these dates.

The next meeting will be at Mrs. Wes Key's.

### The Low Down From Hickory Grove

I am toying with the idea of a new contest—"who will get hurt most when socialism settles down on our land—and who will maybe benefit from same."

As she looks to me, says Henry, how can anybody benefit? Who wants, he says, to have no chance to quit his present job—if he don't happen to like the boss—and go across the street to a new place. There won't be any other boss to go to, he says, when the Gov't. is the big cheese and runnin' all the jobs. Well, I says, how about the boss-socialists themselves, don't you figure they are benefitting? Those boss jobs, are no slouches, I says.

People talking up socialism and Gov't. ownership, they are not doing so for just their health. No more so than the gent who invites you to pick the shell the pea is under—but which it isn't.

Anybody in a business who has felt the breath of socialism on the back of his neck, he don't ho-hum—and figure that Gov't. ownership is the other guy's baby.

That is the idea of the contest—smoke out the truth.

Yours with the low down,

# Texas Fully Entered Union 100 Years Ago February 19th

Austin—"The first act in the great drama is now performed. The Republic of Texas is no more."—final words pronounced by President Anson Jones when on the 19th of February, 1946, the Lone Star flag was lowered at the Capitol in Austin, were recalled this week following the proclamation of Governor Coke Stevenson, calling upon the people of Texas to observe Statehood Day.

These words were reviewed by Karl Hoblitzelle, Chairman of the Texas Centennial of Statehood Commission, in reminding Texans that the significant dates of history leading to statehood are being remembered, with all the inspiration they afford, in the revitalization of agriculture and improved conditions in rural life in Texas, which is the major objective for a serious observance of the present centennial of statehood.

The Republic of Texas was only two weeks less than ten years old when the Lone Star flag was lowered and the Stars and Stripes of the American Union were unfurled

under Texas skies above the Capitol.

The address of President Jones was immediately followed by that of Pinckney Henderson, first Texas Governor, who began by stating that: "This day and within this very hour has been consummated the great work of annexation," and in conclusion he declared: "We have this day fully entered the Union of the North American States . . . henceforth the prosperity of our sister States will be our prosperity . . . their happiness our happiness . . . their quarrels will be our quarrels, and in their wars we will freely participate."

The memoirs of John Salmon Ford, editor of the Texas Democrat, who was present at the ceremonies unparalleled in the history of sovereign nations contain a graphic report, excerpts from which are here quoted:

"On the nineteenth day of February 1846, the seats were taken out of the Representative Hall and Senate Chamber, and placed on the long gallery east of the capitol building, which stood where the Austin Market House now stands. Both houses of the legislature were seated. Hundreds of citizens were in attendance, ladies and gentlemen. Many were standing . . . President Anson Jones arose and read his valedictory in a clear and serious tone of voice from which the following are extracts:

"The Lone Star of Texas, which ten years since arose amid clouds, over fields of carnage, and obscurely seen for a while, has culminated and following an inscrutable destiny, has passed on and become fixed forever in that glorious constellation which all free men and lovers of freedom in the world most reverence and adore—the American Union. Blending its rays with its sister states, long may it continue to shine, and may generous Heaven smile upon this consummation of the wishes of the two Republics now joined in one . . . The Republic of Texas is no more."

"When the last sentence fell from the lips of the earnest speaker, the beloved flag of Texas was furled, and was lowered, seemingly into the silent shades of the grave. The boom of artillery announced the fact. The glorious banner of our fathers ascended in its stead. All were ready to welcome it, and make a mental vow to stand by it to the death. Many old pioneers, who had done duty on the skirmish line of civilization for years, and had never blanched in the face of danger and death, were overcome and tears coursed down sunburnt cheeks where they were almost total strangers. The writer will never forget that scene. It was too impressive to be eradicated from the tablets of memory. It was a blending of sorrow for the past, joy for the present, and radiant hope for the future. May God forever bless and perpetuate the union then affected, and which called for those mingled emotions."

The United States Supreme Court has ruled that Texas was admitted to the Union December 2, 1845. However, the first legislature did not meet until February 16, 1946. Three days later, on February 19, the government was transferred from the Republic of Texas to the state of Texas.

The centennial celebration, therefore, opened December 29, 1945, and will continue through 1946, according to A. Garland Adair, Commissioner, who is Curator of History in the campus located Texas Memorial Museum.

Among those in the first house of representatives were Edward Clark of Harrison County, who became governor when Sam Houston was put out of that office because he opposed secession in 1861; E. M. Peese of Brazoria County, who later became the first gover-

## TWO LOCAL MEN RECEIVE DISCHARGE FROM NAVY

According to information from the Branch Office of Public Information, Eighth Naval District, Dallas, William H. Hare, Jr., Fireman Second Class, Box 772 and William L. Erwin, Aviation Metal-smith Second Class, have recently been honorably discharged from the United States Navy.

Mrs. Pauline Lewis underwent major surgery in the local hospital, Monday morning.

Mr. and Mrs. Clee Barnett were in Lubbock Tuesday afternoon, shopping.

A half done job in terracing a field is worse than no terraces at all.

Not to be elected by the Democratic party, and Volney E. Howard of Bexar County, who served as the state's first attorney general.

Counties represented in the first legislature included Bowie, Red River, Fannin, Lamar, Harris, Bastrop, Travis, Austin, Fort Bend, Montgomery, Rusk, Houston, Nacogdoches, Brazos, Robertson, Re-juigio, Gollad, San Patricio, Galveston, Brazoria, Matagorda, Colorado, Fayette, Bexar, Gonzales, Jackson, Victoria, Jasper, Sabine, Harrison, San Augustine, Shelby, Milam, Washington, Jefferson and Liberty.

The count on the election first showed another man elected lieutenant governor. Votes straggling in from outlying sections, however, showed finally that Horton had won.

In the meantime the first senate had assembled, and had been called to order by the man whom first returns had shown to have been elected lieutenant governor. When the final verdict was learned a few days later, however, A. C. Horton took over the office. Horton served as governor most of the time he was in office, while Governor Henderson took part in the war between this country and Mexico.

### Texas and Annexation

#### TYLER OFFERS IMMEDIATE ANNEXATION

(Sixteenth in the series of articles on Annexation by Dr. Eugene C. Barker, Professor of American History, The University of Texas).

#### The Terms of the American Proposal

Perhaps it should be emphasized that Texas was annexed by act of Congress, not by treaty. The original House resolution for the annexation of Texas consisted of two paragraphs. The first of these proposed that Texas should be admitted to the Union as a state, with a republican form of government adopted by the people of Texas and approved by Congress. The second paragraph specified details: (1) boundary disputes with other governments were to be adjusted by the United States, not by Texas; (2) the Constitution of the new state must be submitted to Congress on or before January 1, 1846; (3) Texas must cede to the United States all fortifications, barracks, ports and harbors, navy and navy yards, etc., and all other property pertaining to the public defense. At the same time, it was to retain its public debt and all vacant public lands were to be owned and disposed of by the state. In no case was the public debt to be a charge against the United States; (4) New states not exceeding four in number "in addition to the said State of Texas" might be formed out of the territory of Texas and admitted to the Union according to the terms of the Federal constitution.

The House bill was more favorable to Texas than the treaty would have been. It admitted Texas as a state without requiring it to pass through the territorial stage, and it permitted Texas to retain its public lands and set up its own land system. The public lands have been of incalculable benefit to Texas.

The Senate amended the House bill so as to give the President of the United States the option of proposing to Texas the negotiation of another treaty. Presumably, it was argued, Texas might prefer such a negotiation in the hope of gaining additional advantages, such as assurances of improve-

Santa Fe System carloadings for week ending February 16, 1946, were 23,242 compared with 23,804 for same week in 1945. Cars received from connections totaled 3,742 compared with 14,117 for same week in 1945. Total cars moved were 31,984 compared with 37,921 for same week in 1945. Santa Fe handled a total of 33,084 cars in the preceding week of this year.

Mr. and Mrs. J. H. Morton, of Hamlin spent last week as guests of Mr. and Mrs. Les Newberry.

Mr. Byron Black and his father, Mr. B. O. Black were in Clovis, Tuesday, on business.

Mrs. Fred Lowe, sponsor of the Phi Beta Craesus club entertained the club in her home last week. Refreshments carrying out the valentine motif were served. All club members were present.

Mr. and Mrs. John Sanders, of Littlefield, visited the first of the week in the home of Mr. and Mrs. M. M. Green. They left Wednesday to make their home in Winslow, California.

Mr. and Mrs. Paul Cates and children of Lubbock visited Mr. and Mrs. P. R. Cates, Monday night.

ment of rivers and harbors. Undoubtedly, however, the Senate amendment was face-saving gesture on the part of some senators who wished to tell their constituents that they did not vote for immediate annexation.

#### The Proposal Goes To Texas

The House concurred in the Senate amendment, and President Tyler, without waiting for the inauguration of Polk three days later, instructed the American minister in Texas to offer annexation under the original terms of the House proposal. This minister was Andrew Jackson Donelson, nephew of Andrew Jackson. Anticipating efforts of the British and French diplomats to defeat annexation, Tyler told Donelson to make every effort to induce the Texas government to accept without delay. Fears of British and French opposition were, of course, well founded.

### Southland Life's Annual Statement Reveals All-Time High

An all-time high of \$219,402,658 insurance in force was revealed today by Southland Life Insurance Company in the firm's 38th annual statement as of December 31, 1945.

Coinciding with the release of the statement, Southland's president, W. C. McCord, announced that the record 1945 figure constitutes an increase of \$12,823,541

President, Southland Life Insurance Co., Dallas

over the previous year's business. "This is a highly gratifying gain," McCord said, "and unquestionably confirms my often expressed belief that the people of Texas consider that life insurance is a most precious necessity, even when other commodities essential to daily living are at a record high."

Assets of the Company also soared to a new high of \$48,927,868.58, showing an increase of \$4,282,027.96, with a total paid to policyholders and beneficiaries since the Company's founding of \$48,684,378.

Addressing the Company's field force, Mr. McCord praised them for their cooperative efforts. "All of you have done a splendid job during 1945 for Southland and for the people of Texas," said McCord, "and the volume of new business received thus far for 1946 is most encouraging."

### VETERANS BACK—Continued from page 1)

back with Jim Miller's Service Station; Lucky Pace, Mack Pickett and Lefty Kiker are with Tudor Sales Co.; Lloyd O. Turner, with the Army, a pre-Pearl Harbor enlistee, is with Panhandle Oil Co.; Pedro Zant, Marine Air Corps and his brother, a World War I vet, are operating an appliance and gun repair shop.

Grady Craig, Army, with H. N. Swan, Trucking; Travis Pharr, co-owner with brother, in Pharr Auto Upholstering; Charles Cleveland and J. L. Powell, with Bailey Body Works; Tom Helton is with Charles Murray Garage; Pate Collier and Tommy Hicks have taken over and are operating the Gulf Service Station on west Main; R. A. Bradley, Army, and Homan Moorhead, Air Corps, are with Texaco Station; Frank Hunter and Vernon Andrews, both of Army, are with Furr Food Co.; at the Court house is Virgil Crawford, Navy, County Attorney, and Bernice Blevins, Navy, caretaker, and Miss Shirley Bond, WAVE, Deputy County Clerk—all held same positions before; with the City is Tommy Zorns, clerk, and Jim Cousineau, electrician, who held same position before; Jake Gore and Paul Campbell, manager at Cobb's.

Now the west side of the square, which claims the record: The Brownfield State Bank has Bruce Zorns, former official, Stuffie Moorhead, Sawyer Graham, Budie Gillham; Knight Hardware—

Earl Denton, R. L. Lewis; Kyle Grocery—Ted Hard, Slim Schelling; Nelson-Primm Drug—C. C. Primm, co-owner, (right here seems to be the only AWOL—Lynn Nelson, jeweler); Wm. J. McGowan, partner with father, Joe J. McGowan, attorneys and abstracters; Terry County Herald—A. J. Stricklin, Jr., and Roger Curry, linotype operator; Ross Motor Co. has Ray and Seaborn Irvin, brothers, and Raymond De-Busk, all from Army. Irvin Mason, Navy, back at his old job with the Wright-Eaves Radio Shop.

There are so many veterans settled quietly into employment with so many businesses, no doubt quite a few have been missed in this round; if so we will appreciate their names being reported, as we expect to finish this job next week.
