## Ladies' Athletic Club Offers Nylons For Name

In a drive for new members, the ladies' softball team is offering a pair of 51 gage ring clear nylon hose free to the member who suggests the best name for the team. All names will be given to the president and voted on by the team at a business meeting Tuesday, May 21 at 8:00 P. M. Meeting will be held at the ball park which is located at 601 East Rippet street.

All women of Brownfield are eligible for membership, which is a dollar for initiation fee and 25 cents per month. It does not matter whether or not the player has had any past softball experience. The present members urge you to come on out and all will learn together.

At last Tuesday's business meeting, all-white uniforms were chosen. The uniforms are trimmed with red and the ad of a local business firm appears in red lettering on the back of each suit.

At the present, first stringers appear to be Gerry Warren, Mary Ballard, Frances Gillham, Oenta Bell, Bertie Anderson, Loraine Thompson, Kanna Stephens, Imogene Redford, Maxine Mill, Mola Moorhead, Virginia Zorns, Mary Jo Hardy, Johnnie Herod, Buna Jenkins, Geraldine Pyeat, Eunice Mathews and Twilla Graham.

The team is presided over by the following officers: Frances Gillham, president; vice president, Mola Moorhead; secretary, Johnnie Herod; reporter, Babe Anderson; manager, Mary Jo Hardy.

The public is invited to watch the team work out. The girls promise to have a team on the diamond by the end of the season that any city would be proud of.

## Price Joins Famine Fighters

Money Price, of the Price Implement Company, has affiliated himself with the "Famine Fighters," a group pledged to do all in their power to combat waste occurring in the harvesting and marketing of grain crops.

At a meeting at the Hilton Hotel in Lubbock last Friday, a representative of the Massey-Harris Implement Company told implement dealers and representatives of the press from all over the south plains of the tremendous waste of grain during the harvesting and its transportation to consumer.

"One of the greatest sources of waste is the tramping down of grain in the opening of fields," Mr. Price says. The loss to the nation's food supply from this single practice alone averages 20 bushels of grain for every 40-acre field. In the aggregate this is enough to feed 42,000,000 for 100 days. That grain can be saved.

Because the self-propelled combine prevents this waste, Mr. Price is pledging the operators of self-propelled combines in this vicinity to give extra attention to the opening up of fields. He states that if the 8,000 self-propelled combines of all makes in the United States were to go into the 1946 harvest specializing in opening up fields and letting the conventional combines cut out the centers, a very large contribution of grain can be made to the stricken world. On the basis of just 50 extra hours of work, or five days during the entire harvest season, this plan would yield 28,000,000 bushels of grain worth \$30,000,000.

This Famine Fighting plan is a nation-wide movement. Mr. Price's store is cooperating with it in this vicinity. He has the names of all the self-propelled operators who have pledged themselves to cooperate with this humanitarian work and will be glad to give you all details. Farmers are urged to contact self-propelled combine owners at once and arrange to have their fields opened.

The saving of grain on the opening cut is only one way in which the farmer could save grain. There is also the matter of tight wagon boxes, proper handling of bundles, timely harvesting. The important thing is that not a single bushel of grain be wasted. And it won't be. Mr. Price says, "The farmers of this community did a fine job during the war in increasing food production in the face of shortages of labor and equipment. They can

## Halsey Enters Race For Congressman

Hop Halsey this week authorized The Herald to announce his candidacy for Congress as a representative from the 19th District of Texas.

The 19th Congressional district is composed of the following counties: Andrews, Bailey, Borden, Cochran, Crosby, Dawson, Dickens, Floyd, Gaines, Garza, Hale, Haskell, Hockley, Howard, Kent, King, Lamb, Lubbock, Lynn, Martin, Mitchell, Scurry, Stonewall, Terry and Yoakum counties. The district had a population of 275,339 people in the 1940 census.

### ANNOUNCES—

Hop Halsey of Lubbock, shown above, has announced his candidacy for 19th district congressional representative. Halsey, a veteran of overseas marine duty in World War II, was twice elected to the Texas legislature. Complete statement as released by the Lubbock man this week appears in today's Herald.

Halsey is a son of Mark Halsey, prominent Lubbock druggist. Hop Halsey was born in Bell County at Salado. He came to Lubbock with his father 20 years ago. He is 31 years of age, a graduate of Lubbock High School and an ex-student of Texas Technological College. He is now associated with his father in the operation of the Mark Halsey Drug Stores in Lubbock.

Served in Texas Legislature  
Hop Halsey served two terms in the Texas Legislature and during those two terms was a member of the Higher Education sub-committee and the Appropriations committee of the Texas House of Representatives.

Halsey was elected to his first term in the Texas House over one opponent by a vote of four to one and ran for his second term unopposed, that being the first time that a man had sought a second term in the House from the 119th district without having opposition.  
Volunteered in Marines  
At the end of his second term as Representative of the 119th district, Halsey volunteered in the Marines, and served 27 months as an enlisted man. Fourteen months overseas, seeing action in the Gilberts, Marshalls and Mariannas Islands.

### Country Club Directors Banquet

The directors of the Brownfield Country Club, at a luncheon Tuesday at Thompson's Cafe, announced they had 144 members, but would make a drive this week to get 200, and then incorporate to construct a country club close by.

Dr. and Mrs. W. A. Roberson had as their guests last Saturday his father, Dr. John A. Roberson of Abilene and his uncle, Chesley Roberson of Tennessee.

be counted upon to do an equally outstanding job in saving grain, especially when he realizes that the single bushel of grain which we in our abundance think of as a small thing, is bread for 150 people for an entire day."

## Local Health Officer Warns Of Polio Epidemic Danger

In addition to two previous warnings on the necessity for clean up and a recent warning from the State Health Officer, Dr. Frank P. Miller, Director of South Plains Health Unit, again warns the people of Brownfield that the danger of a polio epidemic has not been removed as shown by a survey during the past week.

Cow lots have not been properly cleaned, covered garbage cans are not being used. Privies have not been relocated and made fly tight and flies are breeding in large numbers in these cow lots, privies and garbage areas.

The Health Officer warns that no home in Brownfield is safe from this condition since flies from privies and cow lots in one area of town may fly to any part and carry disease.

Our citizens are hereby warned that unless strenuous measures are taken to make the above named corrections and spray thoroughly with D. D. T. for the control of flies the treacherous spread of epidemic disease may be expected. If such epidemic occurs the use of police power and quarantine regulations in addition to the possibility death and crippling of our children, may be necessary to bring about control which may be made effective now if each citizen will do his part.

### Country Club Membership List Now Full

O. L. Peterman announced Thursday that the two hundredth member of the country club had been signed up and that there will be a meeting of all members in the district courtroom Tuesday night at eight o'clock to perfect a permanent organization.

### Lions Groom Frank Jordan For District Governor

At their weekly luncheon Wednesday, the Lions club unanimously endorsed their present president, Frank Jordan, for district governor for next year's term. This district includes the Panhandle and from Colorado City west to El Paso. Jordan has been an ardent member of this club for several years, and president for the past year.

During this time he has been active in organizing numerous other clubs in this area. He is deputy governor of this district at present. With the size of this district and so many clubs, it would be a signal honor to Brownfield to have him achieve this position. The local membership will wage an active campaign for him.

### Judge Reed Announces Candidacy For Reelection

Judge Louis B. Reed was a caller at the Herald office Tuesday afternoon and announced his candidacy for re-election to the office of District Judge of the 106th Judicial District.

A veteran of both World Wars, Judge Reed was appointed to fill out the unexpired term of the late Judge Gordon B. McGuire. He was elected to this office in 1938 and re-elected in 1942. While in the Army, Judge J. E. Garland of Lamesa acted as special judge in his absence.

During his tenure of office, Judge Reed instituted a program of continuous terms of court, rotating from one county to another. This has served to greatly speed the trial of cases throughout the district and has proved an advantage over the old two term per year plan in other ways.

Judge Reed stated that he would issue a formal statement at a later date.

## City Makes Report Of Finances

Appearing in this week's issue of the Herald, is the report of the city's finances. This is a very detailed report in every respect and deserves the careful attention of every citizen worthy of the name.

In addition to the usual statement showing expenditures and balances of the various major funds, a complete report is given on the activities of the various subdivisions of these larger groups in the budget for the past year. The proposed budget for the coming fiscal year has also been set up and is offered for the inspection of the public with the rest of the report.

The reader will notice that several new items have been added to the proposed budget and the expenditures in others have been increased, but on the other hand, other items have been reduced or eliminated entirely and there is a total reduction of more than twenty thousand dollars over last year's budget. This should be welcome news to all tax-payers.

A study of this report will reveal that the operation of the city of Brownfield as a political subdivision, has become a big business. The excellent condition of the city financially clearly shows that the affairs of the city have been and are in capable hands.

### New March of Time "Wanted—More Homes" Coming Soon

Millions of Americans today are asking: "What's holding up housing?" "How can I build more cheaply?" "Why can't I get materials?" The new March of Time, "Wanted—More Homes" throws revealing light on these and other housing questions.

Opening with the problems people run into trying to find living quarters, the film moves swiftly into a series of hard-hitting revelations that will smash wide open many long-standing and flagrant abuses. Housing Expeditor Wilson Wyatt, speaking for his program, urges repeal of antiquated building codes that prevent the use of modern materials and processes. Other scenes show the much talked of Buck-minister Fuller aluminum house, and the machine that lays a home like a hen laying an egg.

Because it shows Americans how to get the housing program started, this MOT, with its entertaining scenes and interesting facts, should be seen by everybody.

This latest March of Time release commences a three-day run at the Rialto Tuesday, May 21.

### Nelson Jewelry Makes Changes

Lynn Nelson, owner of Nelson's Jewelers, has installed new fluorescent lighting in the front part of his store. He has also installed glass in the back of his display window. This greatly increases the amount of light reaching the interior.

Nelson also announces the addition of the Swagger line of gents' toiletries and invites the male citizenry to come in and look the line over. He also suggests to the ladies that one or more of these items will make a swell gift for "that certain man."

### Draft Boards Have Narrow Escape

Raymond Simms, secretary of the local draft board came near going on the list of unemployed, Wednesday when the draft law was to expire. But the Senate late Tuesday afternoon passed the house bill, extending it to July 1st. It limits the draft to ages of 20 through 25, only to leave out the teen agers from induction though still required to register. All induction proceedings now in process on those under 20, are halted.

## City Prohibits Fireworks

The City Dads have taken time by the front lock and passed a rigid ordinance, published elsewhere in this issue of the Herald, prohibiting sale and use of firecrackers, in the city limits. Though it is midseason perhaps the excessive cannonading of last Christmas week is still ringing in their ears. This action is taken in plenty of time, to forewarn dealers from ordering such stocks for next Christmas, and who may invest as just as profitable and more useful merchandise which at least will not be a hazard for persons or property.

This ordinance and its enforcement will meet with approval of a greater percent of our people. It is not because of a bunch of "cranky old folks," wishing to deprive youngsters of fun, but a demand of the public, for the safety of persons and property.

It was the excessive evils of the saloon that brought on prohibition, the excessive and wanton acts of men, that necessitate restrictive laws in other fields. With such a shortage of houses we have none to lend to the flames.

### Swimming Pool To Open Saturday

It was announced this week by the Lions Club committee sponsoring the local swimming pool, that it would open to the public tomorrow.

Mr. and Mrs. Bevins have been employed as caretakers, and Babe Lincoln, recently out of the Navy, as life guard. Harold Denton is engaged to teach swimming and safety measures under the direction of the Red Cross. This is non-profit undertaking, all proceeds going to further development of the pool.

### Sundown Highway To Be Built

Judge Winston is in receipt of confirmation from the State Highway department that the Farm-to-Market road from the intersection of the Levelland road at the old Needmore school northwest to Sundown, is to be built at cost limited to \$132,000.00. The route has been changed some from original plans. It now begins at Needmore; thence west seven miles to southwest corner of Son Beasley's farm; thence north five miles to county line; thence northwest into Sundown. It will follow section lines in Terry, and will accommodate two oil company camps.

Sixty-three hundredths of a mile from Levelland Highway to Locketville, is completed and was accepted by the Commissioners Court, Monday.

### District Court In Short Session

District Judge Louis B. Reed was here Monday and disposed of several pending cases. His next regular appearance will be June 3rd when several cases are set for hearings.

### THREE BIG ATTRACTIONS AT COWBOY REUNION

Three stellar attractions at the 1946 Texas Cowboy Reunion at Stamford, Texas, include the Cutting Horse Contest, the Sponsor's Contest, and the Chuck Wagon meals which are available to all during their visit to the Reunion. Dates for this year's 3-day celebration fall on July 2, 3, and 4.

The Cutting Horse contest originated with the Texas Cowboy Reunion and is a regular ranch chore during the course of operation. Coordination between the horse and rider are the main factors involved in this contest and it is a sight to see.

Smoke curling from many chuck wagon fires is another spectacle at the Reunion. Quite a sizeable acreage is fenced off at the Reunion grounds to provide space for numerous chuck wagons that are

## Roy N. Johnson To Conduct Methodist Revival

All people of the Brownfield community, regardless of creed or social interest, are invited to attend and take part in the revival beginning at the Methodist Church Sunday morning, May 19th. These services will be typically democratic and demonstrate the wholesome American spirit of friendly, neighborly interest. Spirited singing of popular gospel songs will be led by the pastor and a large choir.

ROY N. JOHNSON

The messages of the evangelist, Rev. Johnson, of Abilene will be greatly appreciated by service men and young people as well as the more mature Christian people. He will doubtless find many young men in his audience who served with him overseas. He has had a varied experience. He started in the oil fields of West Texas, went to college in Kentucky, studied in S. M. U., has served several pastorates in Texas, held revivals in numerous cities and served several years as a chaplain in Europe. His sermons are deeply spiritual in their appeal.

Chaplain Johnson will be ably assisted in the ladies and childrens work by his wife. They plan to arrive by car Saturday afternoon, so as to be in the first service Sunday morning. While here they will make their home with the J. O. Gillham family.

### Pre-School Clinic Dates For Wellman, Union Announced

Summer Preschool Round-up Clinic for Wellman and Union Schools, will be held Thursday, May 23, 1946, at the school buildings.

This is for children starting to school next September for the first time. Dr. Frank P. Miller, Director of South Plains Health Unit, will make examinations similar to those done in first grades recently. The children with defects of any kind who need a physician's care will be advised to go to their family physician. Our work is of a preventive nature and to stress the importance of medical care for certain cases.

Mothers are urged to come in with their children.

Wellman Clinic will start registration promptly at 9:00 o'clock a. m.

Union registration to start promptly at 1:00 o'clock p. m.

brought to the show by various ranch owners each year. The public is privileged to dine at most of these wagons for a nominal charge.

Each year, thirty to fifty girls and young women compete at the Reunion for laurels as to riding a horse and looking the part. This results in quite an array of feminine pulchritude with a western air.

## 85 Pupils Of West Ward Graduate To High School

The following pupils of the West Ward school will receive diplomas: Gary Armstrong, Jimmy Clay, J. C. ## Rules Set Up For Mens' Softball League

The Softball Committee consisting of Coach Crites, Arlie Lowrimore, R. V. Moreman and Durwood Moorhead met at Thompson's Cafe Thursday and set up the following rules for the coming softball league which is sponsored by the Lions club.

1. League to open May 27, 1946.  
2. Coach Crites will be commissioner.  
3. Maximum number of teams is to be 8.

4. Each team roster shall consist of not more than 15 players, including the manager.

5. If a player wants to change teams and it is satisfactory with the manager of the team that he is playing with, a signed statement by the player, accompanied by the signature of his manager, makes the player a free agent on the date the paper is handed to the commissioner.

6. No player shall be on but one roster at one time.

7. League games shall be played on Monday, Tuesday and Friday nights.

8. Each team sponsor shall furnish one new ball for each game it is participating in.

9. Each team sponsor must post \$10.00 entrance fee and give roster of his players by May 22, 1946.

10. Two umpires shall be furnished by the league for each game.

11. The umpires shall have complete jurisdiction over all ground rules and the official 1946 Softball rules shall prevail. There shall be an entrance fee of 10 cents for all persons over 10 years of age for all league games.

12. A team must have 9 legal players ready to play not later than ten minutes after the umpire says it is time to play ball. If a team fails to meet this requirement, it automatically forfeits this game.

13. At the end of 5 complete innings any team 10 runs ahead is declared the winner.

14. Thursday nights shall be reserved for cut-of-town games and league games that are postponed due to weather. Any manager wishing to match a game shall contact the commissioner for rights of the field.

Any sponsor wishing to enter a team shall contact one member of the committee. There shall be a trophy awarded the winner

one of the county commissioners is away until late this afternoon, looking after road work, and that really is something to look after in this rainy country. Jack Taylor Stricklin, who is with us on this trip, is being escorted by his cousin, Billie Joe Stricklin 15, and that young Texan, Jack T., is seeing and hearing many things new to him. In fact that young fellow is having one great time. Got to Denison about 5 last Tuesday, and had a great time. Saw the famous 50 million dollar Denison dam and large sections of Lake Texhoma. Mr. Taylor is a storeroom manager for the M. K. & T. railroad, but he took off the two days while we were there to show us the sights. We did that place up one side and down the other. Mr. and Mrs. Taylor are the parents of our daughter-in-law, and they, as well as all the k'in, went all out to make our stay delightful. We were in no hurry to leave.

But we had to drift, so Thursday afternoon we headed for Paris to visit a nephew, Benton Stricklin and wife. Benton is a kind of good will ambassador for Texas Power and Light Co. or trouble shooter to you. He has an office at their district office in Paris, but spends quite a bit of time out in the city or nearby towns trying to make all the customers happy or straighten out a bad situation. Benton has a way of getting the job done, and pleases both the customers and the T. P. & L. We were with him on some of his drives. Also attended church one night—think of that. A Chattanooga preacher was the speaker.

Hit the road for the Red Hills of Tennessee Saturday A. M. early. Got a fill up and oil at Clarksville, as did not want to stop in Texarkana long enough for that guy with the gun to take a shot at us.

Lunched in Little Rock, hit Memphis at about 5 and the old home town about 6:15, tired but ready for one of those good old hot Tennessee suppers, washed down with hot Arbuckle.

More next week.

**TROY FORT, JIGGS BURK IN LEVELLAND ROPING CONTEST**  
Levelland, (Special) — Jiggs Burk of Comanche, Okla., who was originally scheduled to meet Troy Fort of Lovington, N. M., May 12, will be matched here Sunday afternoon, May 19, at 2:00 o'clock at the Levelland Rodeo arena in a twelve-calf roping event.

Port defeated Burk in a match-roping event here on March 24, with Hereford calves, but Sunday the two men will use Brahma calves that have never been roped. Hitson and Simms of Fort Sumner, N. M., rodeo stock contractors, will furnish forty Brahma calves and a large number of Brahma bulls for the event.

Dee Burks of Comanche, Okla., brother of Jiggs Burk, will meet Red Whatley of Crosbyton in another match roping event. But since Whatley is now in Washington, and may not be back in time for the show, there may be a substitution, said W. J. Robertson, president of the Levelland Rodeo Association.

Brahma bull riding will be an added attraction at the Sunday afternoon show.

## Sandage Fires A Few Shots

We see our genial editor has stuck his neck way out and has predicted the Congress will be Republican after the fall elections and says he will buy a coke if he is not right, and further says there is too much Socialism in the Democratic party which will cause its defeat. Can't tell about that, brother Jack. At one time we heard the argument that if the Democrats should nominate another wet for president, it would finish killing the party, and that a wet candidate for president would never carry the State of Texas.

What happened? We Democrats surprised the entire world when we decided to vote like we drink just for a change and the GOPers must have done the same for they too, discarded prohibition as an issue in National politics. You can't tell what we Democrats will decide to do. When a Republican president recommended that we plow up our cotton, the proposition was greeted with jeers. We said it would be wrong to destroy crops, but when the New Dealers offered to pay us to plow up our cotton, we soon decided it would not be wrong. Of course we Democrats have often condemned Socialism. But the fact is, REA is Socialism, and where is the candidate who has the "guts" to say he opposed to REA? The old age pension was a part of the Socialist platform more than a quarter of a century ago. So the old age pension system is Socialism, pure and simple, and if any candidate says he opposes our old age pension system, we will "sick" Pappy O'Daniel on him. Why not admit that most of the new deal is Socialism, and both Willie and Dewey endorsed most of the new deal and promised to make it work better than the Democrats could make it work. When Truman took over, he said he would do his utmost to carry out the Roosevelt policies. The Roosevelt haters, even the Texas Regulars says "we are for him." So surely they did not hate the new deal, but merely hated Roosevelt. Perhaps we aint no political prognosticator, fact is, we grew up in a section of the country where GWN and I were 20 years old before we knew that Republicans walked on their hind legs like humans, but we are going to predict that the GOP will not gain 27 seats in the House of Representatives, and if we are wrong, we will buy the Old He at a dinner at the best cafe in town. It seems that no one can point with pride to the achievements of the Truman administration but do you remember we had a president who promised two cars for every garage, and under Truman we have two families in every garage, and of course that is progress because a family is more important than a car. Henry Cabot Lodge, a Republican, has declared that the present administration has very good intentions and its aims are those the human race has always applauded, and says that the Democratic party has failed to carry out those aims because of an unbridgeable gap between the southern and Northern leaders of the party. We are willing to admit

## President Congratulates 24-Hour Club Winners

WASHINGTON—President Harry S. Truman extended his congratulations to the 24-Hour Club Winners at the White House Thursday, and thanked them for their fine work in collecting funds for the American Red Cross. Present, also were officials of the drive conducted by the motion picture industry, film executives and representatives of the press.

The White House reception climaxed a 24-hour tour of the nation's capitol. Basil O'Connor, ARC national director, and Spyros P. Skouras, national chairman of the industry's Red Cross committee, were hosts to the film men during their stay.

As the industry group assembled at the White House, Skouras said, "Mr. President, it is with deep feeling that I report to you that the motion picture industry's collection on behalf of the Red Cross amounted to \$4,279,120."

To this, the president responded, "I want to thank the motion picture industry for what it has done for the Red Cross, for what it has done for the country during the war and for what it proposes to do for the country during the peace."

Following their stay here, winners went to New York City for a full 24 hours of sightseeing, theatregoing and other entertainment. The scheduled events included a cocktail party and dinner in their honor at the Hotel St. Moritz Sky Garden Friday.

Hiram Parks, of the Brownfield Theatres, winner of the southwestern district, was one of the group of film industry representatives, exhibitors and trade press representatives honored at the New York and Washington affairs.

Mr. and Mrs. Loyd Simmons, formerly of Lubbock, are newcomers to Brownfield. Mr. Simmons is with the American Standard Insurance Co.

Mrs. John Afton, of Spur, spent the first of the week here visiting her daughter, Mrs. Jack McLaughlin.

Ensign Marion C. Bowers sailed May 4th on the Destroyer USS Goodrich for Japan and landed May 13th. He will be stationed on board ship at Tokyo.

### ORDINANCE NO. 1200

An ordinance of the City of Brownfield, Texas, prohibiting any person, firm, copartnership or corporation from selling or offering for sale, exposing for sale, using, discharging or exploding blank cartridges and explosives commonly referred to as fire crackers in violation of the terms and provisions of this ordinance, and providing a penalty.

Be it ordained by the City of Brownfield, Texas:

#### Section One

It shall hereafter be unlawful for any person, firm, copartnership or corporation to sell, offer for sale, expose for sale, use, discharge or explode any blank cartridges, toy pistol or cannon, toy cane or toy cannon in which explosives are used, fire crackers, torpedoes, sky rockets, roman candles, aerial salutes, American or Chinese Bombs or other fireworks of like construction, or any fire works containing any explosive of like construction, or any fire works containing any explosives or inflammable compounds or any tablets or other device commonly sold and used as fire works containing nitrates, chlorates, Oxalates, sulphides of lead, barium, antimony, arsenic, mercury, nitroglycerine, phosphorus or any compound containing any of the same or other modern explosives within the limits of the City of Brownfield, Texas.

#### Section Two

It shall be unlawful for any person, firm, copartnership or corporation while in the corporate limits of the city of Brownfield, Texas, to use, ignite by fire, combustion or friction any of the fireworks mentioned and set out in Section One of this Ordinance.

#### Section Three

Nothing herein contained shall prohibit the use of fire works for pyrotechnic displays given by fair associations, amusement parks, civic organizations or groups of individuals under permit granted therefore by the City Secretary of the City of Brownfield, Texas, nor shall the provisions of this ordinance prohibit the use or sale of blank cartridges for theatrical purposes or for signal purposes in athletic contests or sports events, or for use by the police or military organizations, and nothing herein contained shall be construed to prohibit the use or sale of colored flares.

poses or for signal purposes in athletic contests or sports events, or for use by the police or military organizations, and nothing herein contained shall be construed to prohibit the use or sale of colored flares.

#### Section Four

Nothing in this ordinance shall be construed to prohibit any resident wholesale dealer or jobber from selling fireworks at wholesale provided the same are shipped or delivered directly outside the limits of the City of Brownfield, Texas.

#### Section Five

Any person who shall violate the terms and provisions of this ordinance, or aid, assist or abet in the violation of any of the terms and provisions of this ordinance shall upon conviction be deemed guilty of a misdemeanor and shall be punished by a fine in any amount not to exceed \$200.00.

#### Section Six

All ordinances or parts of ordinances in conflict with the provisions of this ordinance are hereby repealed.

#### Section Seven

The extraordinary danger and hazard to life and property to the inhabitants of the City of Brownfield, Texas, from the possession, sale and use of the fire works mentioned in Sections One and Two hereof creates an emergency and public necessity that the rule

## The Old He Sees The Sights

Here 'tis Monday, May 13, and finds us out 4 miles in the country from Middleton, Tenn., at the home of a nephew, Vernon Stricklin, who resides at the ancestral home of his maternal grandfather, the late John T. Stevens, a Civil War Vet. The land is comparatively flat, laying between Dry and Stewart creeks, and in the edge of Porters creek bottoms. Huge oak, sweetgum and sycamore, and a few pecans, shade large areas about which they stand. It is cloudy, cool and damp, and we have logs in the fireplace, blazing warmth. No sunny Tennessee yet.

The ladies are preparing dinner and we think the piece de resistance is going to be country cured ham, with a supply of home grown vegetables. Vernon, being

### PARENTS AND FRIENDS ENTERTAINED BY SEVENTH GRADE PUPILS

The pupils of Mrs. W. A. Bishop's 7-b grade entertained their parents and friends with a musical program Monday evening in the Jesse G. Randal school auditorium.

The program opened with a welcoming address by Graves Nelson. The theme of the program was "World Peace Through Music" and was in observance of National Music Week. Harlene Glenn talked on the "Purpose of Public School Music," and the other members of the class gave various musical selections, demonstrating all types of music.

Thirty-five parents and friends, all teachers of the seventh grades and Mr. and Mrs. T. E. McCollum enjoyed the affair.

### DELTA HAND CLUB MEETS WITH MRS. MANGUM

Mrs. Alfred Mangum entertained the Delta Hand club with three tables of bridge, Wednesday evening of last week. Mrs. Mike Blair received high for club members and Mrs. J. J. Andress for guests. Mrs. Jack Benton received second high in bridge and Mesdames Martin Line, J. J. Andress and Tom Crawford won in the games of Bingo.

Refreshments were served to Mesdames Jack Benton, Mike Blair, Ed Mayfield, Wayne Brown, Tom Crawford, N. T. House, Martin Line, B. W. Hahn, J. J. Andress, T. H. McIlroy and Lawrence Dean.

Mr. and Mrs. Burton Hackney announce the birth of a daughter, Wednesday at 12:30 A. M. in the Lubbock General Hospital. The baby weighed 7 pounds and 4 1/2 ounces at birth and is named Jane.

Eels have scales on the inside of their skin.

### JULIA ANN BARROW ENTERTAINED WITH SLUMBER PARTY

Julia Ann Barrow entertained a small group of her friends with a slumber party at her country home recently. The guests went home with Julia Ann after school and from that time until the following morning when they left they enjoyed the things that make living in the country fun. On their arrival at their hostess's home the guests were served punch and cookies to satisfy their after-school hunger. At 7:00 P. M. a chicken dinner was served and at 10:00 P. M. fun was had popping pop corn. At 12:00 midnight a weiner roast was enjoyed and after that a few hours sleep.

A delicious breakfast of waffles and bacon was served to Jean Marie Wright, Wanda Collier, Cynthia Tankersley, Bobby Helen Brian, Dixie Brown and Betty Sue Kelly.

### ETHELDA EDWARDS GIVES NEIGHBOR PARTY

Mrs. Ethelda Edwards furthered the "Good Neighbor" policy in Brownfield when she entertained her neighbors Friday evening with an outdoor supper and party. On arrival name tags were pinned on each guest and after a delicious meal, served in the back yard, the time was spent in getting acquainted.

Guests were: Messrs and Mesdames Phil Gaasch, Ted Fox, Tommy Hicks, Clifford Horn, Graham Smith, Ted Hardy, Bill Shirley, John J. Kendrick, Kenneth Hill and Mesdames Fay Hankins and G. W. Graves.

Ten Little Doggies brought a substantial profit at the Fort Worth yards after a feeding experiment at the Spur Experiment Station. R. E. Dickson, superintendent, reported the plain calves, mostly Jerseys, turned a profit better than lots of high priced calves after about five months excellent feeding.

### RONNIE GRANT CELEBRATES EIGHTH BIRTHDAY

Mrs. H. B. Grant gave a party Saturday afternoon from 3 to 5 o'clock, honoring her son, Ronnie, on his eighth birthday. The children were entertained throughout the afternoon by playing outdoor games directed by Mrs. Grant and Miss Gwyneth Doss.

Birthday cake, punch and paper cups filled with assorted candies were served to: Eldon Johnson, Eddie Joe Wood, Frances Foster, Janette Johnson, Myrtle Foster, Patty Wood, Bill Gaynor, George Mack Pulliam, Buddy Duke, Jonelda Edwards, Ann McBurnett, Sue Stevens, Carolyn McCollum, Bennie Joe Green, Tommy Gorby, Lester Patterson, Harlan Patterson and the honoree.

### LUBBOCK BAPTIST PARSONAGE SCENE OF WEDDING

Mrs. Shirley Parker, daughter of Mr. and Mrs. John Burnett of Brownfield and Homer Parker, of Tahoka were married Saturday, May 11th at 8:30 o'clock in the Baptist parsonage in Lubbock. Rev. George Dale performed the double ring ceremony.

Mrs. Madeline Tierman, of Kermit and Mr. Jackie Weathers, of Tahoka attended the couple. Mrs. Parker wore a two piece dress of navy blue with white accessories and an orchid corsage. She has been employed by the Magnolia Petroleum Co. for the past two and a half years.

Immediately following the wedding a reception was held in the home of Mr. and Mrs. A. E. Burnett of Lubbock, brother of Mrs. Parker.

After a short wedding trip to Dallas the couple will make their home in Tahoka where Mr. Parker is in the auto supply business.

Guests at the wedding and reception were: Mr. and Mrs. A. J. Burnett, of Monahans, Mr. Roy Fry, of Monahans, Miss Leathene Stevens of Tahoka and Mrs. Kathryn January, of Brownfield.

### GOMEZ HD CLUB

The Gomez home demonstration club met Thursday, May 9th, in the home of Mrs. Jack Mason. Mrs. Cleo Swink joined our club. Eleven members and three visitors answered the roll call, with "What I enjoy most in my kitchen."

It seems our refrigerators are the most welcome convenience in our kitchen today with modern gas stoves and rural electricity second.

The club voted to buy the book, "Day and Night," to add to the club library the clubs of the county will sponsor.

Each member brought old clothes for the Philippines.

The "Secret Pals" exchanged Mother's Day gifts after which Miss Dunlap gave her demonstration on re-covering rocker chairs.

One was re-covered for Miss Dunlap as no one in the club had a chair to be used.

Ice cream and cookies were served to twenty members and visitors. The next meeting will be with Mrs. Bill Blackstock, Thursday, May 28th. All ladies are invited to join the club.

### MAYS ENTERTAIN WITH DINNER

The children of Mr. and Mrs. Tom May were dinner guests in their home Sunday, the occasion being the birthday of Mrs. Murphy May and Mrs. Tom May. The dinner table was centered with a birthday cake, with the greeting "Happy Birthday to the two Mrs. Mays." Green candles in crystal holders flanked the centerpiece.

Guests were: Mr. and Mrs. Murphy May, Mr. and Mrs. Bruce Zurns and Thomas Bruce, Mrs. Rebecca Ballard and Deenie, Mrs. Ethelda Edwards and daughters, Jonelda and Becky, and Joe Pete and Ida May May.

### JOHN AND JANELLE THOMPSON ENTERTAIN FRIENDS

John and Janelle Thompson entertained fifty of their friends with an outdoor party at the County Park, Friday afternoon of last week. Their mother, Mrs. J. E. Thompson and Mrs. Cye Tankersley assisted with the entertaining.

Refreshments of ice cream and cookies, with candy suckers as favors, were served.

### Notice

The Brownie troops are going to gather waste fat, Wednesday, May 22nd. Please help them all you can and for your convenience as well as theirs, have your waste fat on the front porch so they will not have to disturb you.

# Behind the Scenes in American Business

By John Craddock

New York, May 13.—Those little puffs of flowers and bird-cage looking swirls of veil which are perched rakishly and precariously on women's heads these days may be a source of jests around the men's clubs, but they represent big business to a large number of people in the millinery business. Women's hats, says the studious Department of Commerce, add up to a \$250 million retail business. Last year manufacturers sold \$140 million of these creations and this year an estimated \$160 million to \$175 million will be turned out. If exports come up to expectations, another \$100 million will be sold abroad. These hats range in price anywhere from the \$60 figure which the top New York and California designers ask to two or three dollars which the mass production manufacturers get. The millinery industry spends millions of dollars annually in advertising and promoting its latest fashions. Women buy them according to their income range (sometimes beyond it) while men in the safety of their own slightly-battered felts laugh at them but slyly encourage their purchase.

**BUCKS FOR BRITAIN**—An interesting sidelight on the British loan question has been advanced by William L. Batt, who was vice chairman of the War Production Board throughout the war and who now has returned to his duties as president of SKF Industries, Inc., of Philadelphia. The internationally-known production expert points out that the United States was partly responsible for Britain's reduction in export trade during the war. It happened this way: Shortly after Pearl Harbor the Combined Economic Boards, on which Batt was an American representative, proposed that the manufacture of a great many items required by the British market be transferred to American factories, thus freeing many British plants for war production, releasing many British workers for military service and reducing shipping. Great Britain agreed, Batt pointed out in a recent radio address, although she could have refused on the ground that the sacrifice was too great. Termination of lend-lease, the SKF executive said, left Great Britain desperately in need at home, with something over two million houses destroyed and damaged; her shelves bare; her belt already about as tight as it could be; her treasury without foreign credits; and much of her former export trade shifted to American control. The ball and roller bearing chief is vigorously advocating passage of the British loan proposal now before the Senate.

**WATER FOR INDUSTRY** — Some of the nation's large industrial plants require utility services as extensive as some of our smaller cities. The huge Willow Run plant which produced bombers during the war and which now houses the automobile production facilities of Kaiser-Frazer Corp. and Graham-Paige Motors Corp. is an example of such heavy requirements. The water purification center of this plant is capable of supplying 6,000,000 gallons of water a day to the main manufacturing building and Nicholas Herda, superintendent of utilities, believes that the modern equipment there is superior to that maintained by a city whose population is approximately 40,000. Water is obtained from three wells with an average depth of 84 feet. It is piped to treatment units at the rate of 4,000 gallons a minute. Well water has an average hardness of 300 parts per million, but after treatment and filtration, this hardness drops to 62 parts per million. After filtration, the water is piped to a 1,500,000 gallon reservoir, thence over two 24-inch pipe lines to a 407,050 gallon distributing tank

# Ford Honored in Auto Golden Jubilee

Contrasts between 1896-1946 are shown in this photograph of the first and most recent Ford cars.

Dearborn, Mich.—Henry Ford, working in his machine shop at 58 Bagley avenue, Detroit, in 1893, dreamed of liberating the world from a slow, horse-drawn kind of civilization.

Three years later, on June 4, 1896, he rolled his first gasoline driven buggy into the street, and the celebration in Detroit this year of the automotive industry's Golden Jubilee is a tribute to his vision.

Today, more than 31,000,000 Ford cars and trucks have been built and Ford Motor Company plants span the earth.

The present Ford Motor Company was formed in 1903, and success was immediate. At the end of four months a dividend was paid to the original 12 stockholders.

In 1905, the company moved from the two-story Mack avenue plant to a new four-story building at Piquette and Beaubien, Detroit. Production soared as models A, B, C, F, K, S and R were introduced in quick succession, and five months later the first of the famous model T's was introduced.

In December 1909, the company moved again, this time to its new 61-acre Highland Park plant. Here the first endless chain conveyor was installed. It was the birth of low-cost production and the beginning of the liberation of labor. In 1914 Henry Ford startled the world by announcing Ford employees would work only eight hours a day and receive a minimum daily wage of \$5.

Again the Ford Motor Company needed breathing space, so in 1915 a thousand acres of land were acquired on the Rouge river in Dearborn.

Henry Ford had purchased the stock held by Alex Malcolmson in 1906 and had become president and controlling owner, and in 1919 the Ford family acquired the interest of the minority stockholders for \$75,000,000 and became sole owners.

Eagle boats were built in the Rouge plant during World War I, and after the war many activities were transferred to the new plant from Highland Park. On Oct. 31, 1925, an all-time production record was set with 10,000 Model T cars built in a single day.

In December 1927, the new model A was introduced and the next year Henry Ford announced a minimum \$7-a-day wage.

In 1922 the Ford Motor Company paid \$8,000,000 to Henry M. Leland and his son, Wilfred, for the assets of the Lincoln Motor Car Co. It was not until 16 years later that the Mercury was introduced. The miracle of Ford production continued to pour automobiles from assembly lines across the nation, and the need for more space still plagued the company. Today more than \$225,000,000 has been earmarked for expansion.

On May 26, 1943, Edsel Ford, president of the company, died suddenly, and Henry Ford, then past 80, again took over the presidency. Soon after this, Henry Ford II, Edsel's eldest son, was released from the U. S. Navy to assume the duties that had been his father's for so many years.

Recently, his brother Benson, after three years in the armed forces, has returned to take up duties in the company and help his brother carry on the great Ford tradition in the automobile industry.

**SOLD THE FIRST POPPY . . .** Betty Lou Hall, 4, daughter of Infantryman Arthur A. Hall, who was killed in action in Europe, traveled from the Veterans of Foreign Wars National Home for Widows and Orphans at Eaton Rapids, Mich., to the White House, where she sold President Truman the first 1946 buddy poppy to inaugurate the annual buddy poppy sale conducted by the VFW for relief work.

**ELECTION RETURNS—AMERICAN STYLE . . .** Just as any American couple would sit before the radio to get late returns on election night, Emperor Hirohito, the debunked mikado, and his wife, the empress, sit before the radio and get the latest results of Japan's first democratic election. They are shown at the summer palace at Hayama. Returns continued all election night. R. ds filed objection to results.

**SNIPERSCOPE REVEALED AS SECRET WEAPON . . .** A soldier presses the handgrip to turn on the light of one of the U. S. army's most carefully guarded war secrets. The device permits a soldier to see at night by means of an invisible light, infra-red radiation, which casts a beam but cannot be seen by the enemy. It is mounted on a .23-calibre carbine.

## Ministers Urged To Make Appeals For Food Collections

New York — Ministers of all faiths have been urged to make special appeals for the Emergency Food Collection now underway in thousands of communities throughout the nation, it was announced today by Secretary of Commerce Henry A. Wallace, national chairman of the campaign to relieve hunger and starvation in famine-stricken lands. The collection of cash to buy food economically in large quantities and of gifts of food canned in tin is on behalf of UNRRA, of which F. H. LaGuardia is Director General.

Protestant, Catholic and Jewish leaders giving their whole-hearted support to the collection as members of the national committee include Bishop G. Bromley Oxnam, president of the Federal Council of Churches of Christ in America, and Bishop of the New York area of the Methodist Church; Harper Sibley, of Rochester, chairman of the Church Committee on Overseas Relief and Reconstruction; the Rt. Rev. Henry St. George Tucker, of New York, Presiding Bishop of the Protestant Episcopal Church; Rev. M. E. Dodd, of Shreveport, La., former president of the Southern Baptist Convention; the Rev. Roy Ewing Vale, of Indianapolis, Immediate Past Moderator of the Presbyterian Church, U. S. A.; Francis J. Cardinal Spellman, of New York; Samuel A. Cardinal Stritch, of Chicago; Rabbi Herbert S. Goldstein, of New York, president of the Synagogue Council of America; and Bishop J. A. Gregg, of Kansas City, presiding Bishop of the African Methodist Episcopal Church.

Mr. Wallace has explained that cash contributions are preferred so that food may be bought in quantity lots at a lower price, and also so as to save sorting, packing and shipping costs. Gifts of food canned in tin are also sought, especially from contributors who have food on hand.

Mrs. Franklin D. Roosevelt and ex-Gov. Herbert H. Lehman, former Director General of UNRRA, are honorary chairmen.

Others, among the 64 leaders in American life serving on the national committee of the Emergency Food Collection are Mrs. Harry S. Truman, Clinton P. Anderson, Sec-

**ENGAGEMENT OF MISS DUNHAM ANNOUNCED AT INFORMAL TEA**

Mr. and Mrs. N. D. Dunham of Reagan announced the engagement and approaching marriage of their daughter, Lola, to the Rev. Fred F. DeVaney of Waco.

The announcement was made at an informal tea given at the Dunham home in Reagan, on Thursday, May 2nd.

The wedding will take place on Sunday, June 9th, at the Reagan Baptist Church.

The bride-elect is a native of Reagan and graduate of Reagan High school and Baylor University. She taught in the public schools at Kosse, Muleshoe and Brownfield; for the last year she has been the educational secretary of the First Baptist Church in Brownfield.

Rev. Mr. DeVaney is a native of Waco, where he attended high school and Baylor University and later the George H. Peabody College, Nashville, Tennessee. He was formerly pastor of the Baptist churches of Blue Ridge and McClanahan; now pastor of the Baptist church at Marquez. For the past three years he has been a member of the high school faculty of the Reagan schools.

Over forty-five guests were present at the tea held Thursday afternoon. Those who greeted the guests in the receiving line were Miss Ruth Ann Davidson, Mrs. N. D. Dunham, Mrs. F. F. DeVaney, of Waco; Mrs. A. H. Sevier, Dallas; and the honoree.

Mrs. G. J. Hardwick of Waco presided at the guest book; Mrs. Hugh Davison presided at the punch bowl. Misses Sallie B. Davison and Gladys McCaleb assisted in serving.

Attractive arrangements of pink roses, white gladioli and pansies were used while the table was centered with an arrangement of Queen Ann's lace and larkspur.

The announcement was revealed to the guests as they were served refreshments by the imprint "Lola and Fred, June 9, 1946" on the napkins. Refreshments served to guests were chicken salad sandwiches, toasted nuts, mints and spiced ice tea.

**CEN-TEX HARMONY CLUB ENJOYS BANQUET FOR FINAL MEETING**

Members of the Cen-Tex Harmony Club enjoyed a banquet in the recreational room of the Presbyterian Church Monday evening. This was their final meeting as the club disbands through the summer months. Hydrangeas were used for decoration throughout the room and on the table.

Mrs. J. M. Teague, as retiring president, installed the following officers for the new year: Mrs. Homer Newman, president; Mrs. R. A. Brown, 1st vice-pres.; Mrs. J. M. Teague, 2nd vice-pres.; Miss Creola Moore, secretary; and Mrs. Joe Price, treasurer. Corsages of roses were presented to the installed officers.

Mrs. Homer Newman was program chairman and gave an interesting talk on International Music. Mrs. R. A. Brown sang "The Marseillaise" accompanied by Mrs. W. H. Dallas, and The Russian Anthem was sung by Miss Delia Wall, accompanied by Miss Edith Creighton. Mrs. Marner Price sang the anthem of The Dominican Republic with Mrs. Dallas as her accompanist. The program was closed with little Patsy Teague, dressed as Uncle Sam, singing the first stanza of "The Star Spangled Banner" and the group joining in and singing the remaining stanzas.

Sixteen members were present.

**QUINTONS ENTERTAIN WITH 42 PARTY**

Mr. and Mrs. Jim Quinton entertained with a progressive 42 party, Wednesday evening. Mrs. Ray Hailey and Mr. Sam Murphy received high scores.

A sandwich plate with cake and coffee was served to Messrs and Mesdames Joe Shelton, Ray Hailey, Sam Murphy, J. C. Lewis, Bernard Lay and T. A. Wartes.

Mr. and Mrs. J. C. Seaton and Mrs. T. B. Hairston and daughter, Ruby Nell visited with Mr. Hairston in Borger last week. Mr. Hairston is employed at the rubber plant there.

**MRS. GORE SHOWER HONOREE**

Mrs. Alfred Gore, the former Miss Dorothy Nell Graham, was named honoree at a tea shower in the home of Mrs. L. M. Lang, Tuesday from 4 to 6 o'clock. Mrs. W. B. Downing and Misses Gertrude and Sue Jones assisted Mrs. Lang as hostesses. Members of the house party were: Mesdames Bill Settles, Stella Graham, C. G. Gore, J. W. McDonald, Ollie Bruton, and Jack Thomas, of Lubbock, Bill Gore, Willie McDonald, and Misses Mary Joe Jones and Faye Marie Lang.

In the receiving line were: Mesdames Bill Settles, L. M. Lang, Alfred Gore, Stella Graham, C. G. Gore and J. W. McDonald, grandmother of the bride. Mrs. Bruton, of Lubbock registered 40 guests in the white brides book, which was trimmed with pink and white ribbon and white phlox.

A color scheme of pink and white was carried out with larkspur, phlox and Hydrangeas. A bride and groom on a mirror reflector with sprays of English ivy and pink and white phlox decorated the mantle. Corsages of pink roses were worn by the house-party and one of white roses by the honoree.

The tea table was laid with a floor length white brocaded taffeta cloth and centered with an arrangement of pink and white roses on a reflector. Pink and white candles flanked the arrangement. Mrs. Jack Thomas, of Lubbock, presided at the punch bowl with Mesdames Bill Gore and Willie McDonald assisting in serving pink and white tea cookies and mints.

Gertrude and Mary Jo Jones and Faye Marie Lang displayed the many lovely gifts.

**ANN SNEDEKER ENTERTAINS FRIENDS WITH SCAVENGER HUNT**

Last Saturday evening at eight o'clock a group of friends gathered at the home of Ann Snedeker for a scavenger hunt. Among the 17 articles to be found were: a high heeled slipper, size 9, a live baby chick and a kitten. One of the groups obtained the chick, which was adopted by Deenie Ballard after the party. A kitten, which was also found, was adopted by Ann. With due ceremonies the chick was named Myrtle and the kitten was given the name Joe. The winning team consisted of: J. C. Shaddock, Don Andress, Chuck Wilson, Billy Patterson, Cynthia Tankersley and Nancy Weir. They received joke prizes.

A sandwich plate with punch and cookies were served to: Jimmy Kebodeaux, Morgan Pace, Mike Harris, Paul Billings, Carl Little, Charlie Lou Gaston, Wanda Collier, Jo Ann Eblevins, Christova Akers, Margie Cary, Deenie Ballard, Winona Bradley, J. C. Shaddock, Don Andress, Chuck Wilson, Billy Patterson, Cynthia Tankersley and Nancy Weir.

**CHURCH SUPPER HELD AT PRESBYTERIAN CHURCH**

Members of the Presbyterian church enjoyed a covered dish supper in the recreation room of the church Wednesday evening. The occasion was in honor of Rev. Joe Murphy on his installation anniversary, having been installed one year ago. After a delicious meal the group enjoyed singing popular songs.

Those present were: Messrs and Mesdames Abel Pierce and son, Marshall Loyd and son, Ralph Ferguson and son, C. L. Buchanan, Jay Barrett, L. E. Hamilton and son, Phil Gaasch, Rev. and Mrs. Joe Murphy, Mrs. L. Perry, Patsy Lewis, Pat Harris, Lajuana Bryant, Mrs. Myrtle Gerst and Mrs. Frank Weir and daughters.

**MRS. DALLAS PRESENTS PUPILS IN RECITALS**

Mrs. W. H. Dallas presented her pupils in piano and voice in a series of recitals May 10th and 14th in the auditorium of the Jesse G. Randal school. The programs consisted of piano selections, vocal solos, choruses, quartets, duets, and a trombone solo by Lyle Shelton. Sixty-five pupils took part on the two programs.

**MRS. WALTER MORRIS NAMED HONOREE AT BRIDAL SHOWER**

Mrs. Walter S. Morris, the former Miss Jo Anna Furr, was named honoree at a bridal shower at the home of Mrs. Ross Black, Thursday afternoon of last week from 4 to 6 o'clock. Assisting Mrs. Black as hostesses were: Mesdames B. Stice, Wayne Brown, C. G. Griffith, Gordon Newsom, Paul Blackstock and T. H. Mellroy.

Receiving at the door were: Mesdames Black, Walter Morris, Kenneth Furr and B. S. Morris. Miss McNabb, of Lubbock, aunt of the bride, registered the guests in a white book trimmed with white satin ribbon bow and streamers. A bowl of deep rose sweetpeas decorated the table. Bowls of red and white roses were used throughout the entertaining rooms. Members of the house party wore corsages of red carnations and the honoree wore one of white carnations.

The tea table was laid with a lace cloth and centered with red roses flanked with white candles. A bridal scene and white candles were used on the buffet. White tea napkins with the honoree's initials monogrammed in gold were plate favors. Mrs. Wayne Brown presided at the tea service, assisted by Mrs. Newsom.

Mesdames Blackstock and Griffith displayed the lovely array of gifts. Miss Edwina Baggett entertained the guests with piano selections during the calling hours.

**MISS BEATRICE SHERRILL AND T. P. BROWN TO BE MARRIED**

Miss Beatrice Sherrill, daughter of Mr. and Mrs. J. E. Sherrill, of Tahoka will become the bride of T. P. Brown, son of Mr. and Mrs. Neely Brown, of Brownfield, Sunday, May 19th at 9 A. M. in the home of the bride-elect's parents. Rev. H. A. Nichols, of Tahoka, will perform the marriage ceremony.

Mrs. Walter Mathis, of Tahoka, sister of Miss Sherrill, will be matron of honor and Mr. Fred Porterfield, of Lamesa will act as best man.

Miss Sherrill will wear a white suit with lizard accessories and a corsage of pink carnations. For something borrowed, she will wear a pair of diamond earscrews belonging to Mrs. Mathis and for something old, she will carry a fifty cent piece, that is a 112 years old, belonging to her father. Her blouse will be something blue and her accessories, something new. For luck she will wear a penny in her shoe.

She is a graduate of the Lynn County Rural High School and of Texas Technological College. Since graduation she has taught in the Tahoka and Brownfield schools. Mr. Brown is a graduate of the Abilene High School and served four years in the navy. He is now employed by the Portwood Motor Co.

A reception will be held at the home of Mr. and Mrs. Sherrill immediately following the wedding. A three tiered wedding cake and punch will be served from a lace covered table centered with the punch bowl, which will be surrounded with spring flowers. Mrs. Ronald Sherrill will preside at the punch bowl.

After a short wedding trip the couple will be at home at 302 East Broadway. For travelling Miss Sherrill will wear a beige dress with red accessories.

Fifty guests were present at the wedding and reception.

**"THINGS WE SHOULD KNOW" TOPIC OF MISSION STUDY**

Mrs. Gladys Moorhead and Mrs. H. B. Grant conducted a mission study class of the W. M. S. at the Baptist mission church, Monday afternoon. The subject of the study was "Things We Should Know."

**TSCW YEARBOOK BEAUTIES**

TSCW BEAUTIES—This year's Daedalian yearbook beauties at Texas State College for Women are Jeannette Hudson (upper left), senior from Ola, Ark.; Gloria Hale (lower right), junior from Fort Worth. The four were selected from sixteen nominees, four from each class, in College Station last November by the entire Cadet Corps of Texas A & M College, but their identity was kept secret until their presentation at intermission of the Senior Prom Saturday night (May 4) in the ballroom of the Student Union by Sue Jones of Greenville, yearbook editor. Full-page pictures of the four will be featured in the beauty section of the yearbook.

**FAYE MARIE LANG AND HERBERT KING EXCHANGE VOWS**

Miss Faye Marie Lang, daughter of Mr. and Mrs. L. M. Lang, of Brownfield became the bride of Herbert L. King, son of Mrs. Vervey Stutieville, of Cisco, Wednesday, May 15th in the Church of Christ parsonage. The single ring ceremony was read by J. W. Davis, pastor of the North 2nd St. Church.

Mr. and Mrs. Robert Edwards attended the couple as matron of honor and best man.

The bride was dressed in a wool crepe suit with white blouse and black and white accessories. Her corsage was white gardenias. For something old, she wore a gold necklace, which was a graduation gift from her father, and something borrowed was a sterling silver friendship bracelet, belonging to Evelyn Garnett. She carried a lucky penny in the toe of her shoe.

Mrs. King is a graduate of the 1945 class of Brownfield High school and has been employed by the Love Studio since graduation. Mr. King graduated in 1942 from the San Antonio Technical High School and spent 40 months in the Air Corps of which six months were spent overseas in the Pacific area.

Following the ceremony a wedding dinner was served at the home of the bride's parents. The table was laid with a floor length white brocaded taffeta cloth and centered with pink and white roses, flanked with white candles. The bride and groom carried out the tradition of cutting the first slice of the three tiered wedding cake, which was topped with a bridal pair under a wedding bell.

After a wedding trip to Ruidoso the couple will make their home here. Mr. King is associated with Mr. Bill McKinney in the insurance business.

Wedding and dinner guests were: Mr. and Mrs. B. W. Lang and daughters, Mr. A. H. King, Mr. and Mrs. Robert Edwards and Miss Evelyn Garnett.

**HOGUE FAMILY HAVE PICNIC SUNDAY**

Members of the Hogue family enjoyed a get-together and picnic lunch at the home of Mr. and Mrs. T. C. Hogue, Sr., Sunday. The affair was given in honor of T. C., Jr., who was recently returned from service in the Coast Guard.

Those present were: Messrs and Mesdames Boyd Hogue and son, of Levelland, Howard Hogue and son, Poy, of Snyder, Jack Benton and children, Wayne Brown, J. W. Hogue, Ted Fox and Miss Ruth Hogue.

Another newspaper veteran, Fesse F. Mitchell, has signed his last "30". Former owner and editor of the Muleshoe Journal, Mitchell died at Clovis, N. M., leaving behind him a tradition of fearless, outspoken country journalism.

## Famine Help Not Coming Fast Enough

Washington, D. C.—The great majority of Europe's 40,000,000 urban children are "seriously underfed and require supplementary feeding," according to Maurice Pate, American Red Cross official who accompanied Herbert Hoover on his world survey of famine conditions.

Mr. Pate, a member of President Truman's Famine Emergency Committee, was also associated with Mr. Hoover in the food relief program in Belgium and Poland after the first World War. "The needs following this war are three times greater than they were in 1918 and 1919," he reported following the survey of the health of children in twelve countries.

### Highlights from his report follows:

Poland—More than 80,000 children live in Warsaw's ruins where many families subsist on nothing but potatoes. The health of Poland's children is worse than any other country in Europe; more than 20 per cent of Warsaw's children have died during the past year. Of the entire population of 7,000,000 children, more than 280,000 are now in dire need of supplementary food and clothing.

Greece—The infant death rate in Athens is 25 per cent. Tuberculosis is prevalent and has reached two to three times its pre-war level, which was seven times higher than in the United States. Food distribution for mothers, children, and hospitals is "haphazard and irregular."

Finland—A heroic effort is being made by this country to feed a soup ration of 355 calories to 83 per cent of the children. More fats and sugar are needed.

## Junior Livestock Show In Dallas October 5-8

Dallas, May 15—School-age exhibitors of livestock will be kings of the show the first four days of the State Fair of Texas, to be held in Dallas Oct. 5-20, with all barns and pens placed at the disposal of 4-H, Future Farmer, and other youthful showmen.

R. L. Thornton, president of the State Fair association, announced this week that the Junior Livestock show would be held Oct. 5-8, with the senior division following on the ninth. He stated that this was a new, streamlined procedure that would make more

### Tuberculosis Prevalent

Yugoslavia—Less than 10 per cent of the capital's school children are receiving supplementary feeding. Tuberculosis is prevalent; the infant mortality rate is 21 per cent. The country has 120,000 war orphans and 450,000 half orphans.

Austria—Eight foreign agencies met during our stay in Vienna, and it was agreed that the matter of real child needs in the country actually covered only somewhere between 10 and 20 per cent of the volume of work that should be done for them to maintain normal health.

Germany—The entire child welfare system collapsed with the country's defeat. In Berlin an effort is being made to provide 1,000 undernourished children with a supplementary meal of 200 calories when 600 are really needed.

Belgium—In many cases in the workingmen's home districts I found children spindly and undernourished.

room in the arenas for exhibitors of both groups. Also, he pointed out, this shortened exhibiting time would enable boys and girls to return to school with a minimum of time lost.

This is the first year, according to Ray Wilson, chairman of the Junior Farm and Ranch committee that is planning the younger-aged exhibits, that boys and girls have had all facilities turned over to them to house and show their livestock.

Wilson stated that the plan was adopted in order to alleviate crowded conditions that have resulted in former years when animals to be shown in both the junior and senior divisions were brought in at the beginning of the Fair and kept until the last days.

Plans call for the judging of animals entered in the junior division to be completed by noon of the fourth day. During the afternoon of the same day the livestock will be marketed and the exhibitors will be free to return to schools or to follow a program of their own making.

Roy Rupard, Fair secretary, stated that the premium list and instructions would be ready for distribution about July 1.

## SIDELIGHTS From Washington

By George Mahon

On Wednesday of last week our seven-man Subcommittee on Military Appropriations began hearings on the Military Appropriations Bill to meet the needs of the Army for the fiscal year beginning July 1, 1946.

We are being asked to appropriate the money for an Army which will number 1 1/2 million men on July 1, 1946, and shrink to 1 million by June 30, 1947. The huge sum of 7 1/4 billion dollars is being requested for this one-year period. This is a vast sum of money, but it is quite a come-down from the peak annual appropriation for the Army of 72 billion dollars in 1944. The money requested for next year, the first post-war year, is one-third of the sum which was appropriated for the year just prior to the outbreak of the war.

In our democracy the Army makes available for publication many facts which no other nation would think of publishing. The Russians, and even the British, do not make public detailed figures about their military strength.

On July 1st we will have 402,000 men in the Pacific area, 388,000 in Europe, and 737,000 in Continental United States. The Army proposes that by June 30, 1947, the numbers will be reduced to 273,000, 161,000 and 547,000 respectively. These figures do not take into account the men we have in Alaska, Newfoundland, the North Atlantic and the Caribbean areas.

General Eisenhower will not appear before us until early in June, as he is now in the Pacific, but he left word with us that his request for men and money is a "rock bottom" request. The Secretary of War appeared before us last Friday, and we assured him that we would not withhold the appropriation of any sum that was clearly needed. I became a member of the War Subcommittee in 1940 and have always followed the policy of supporting necessary military appropriations.

The Air Forces are requesting funds for the purchase of 1100 new planes of the very latest type. Aviation development moves very rapidly and many of the planes which were built a couple of years ago are now outmoded.

For the atomic bomb development the sum of 200 million dollars is being requested. A short time ago I spent a day in Los Alamos, New Mexico, where the atomic bomb is made. The substance for the bomb is made in Tennessee and in the State of Washington, but the bomb itself is made in Los Alamos. That is, the final processes are completed there.

Having spent a couple of days at the atomic bomb plant in Oak Ridge, Tennessee, in May of last year and observed the gigantic proportions of the project, I was struck by the contrast when I saw the relatively small and unimpressive lay-out at Los Alamos, nestling in the mountains northwest of Santa Fe, about 40 miles by auto. Los Alamos is 7,000 feet above sea level and the terrain is such that the place is relatively easy to guard and it is far enough from any city so that experimental explosions do not present a hazard.

Most of the buildings are quite temporary in character. The money which we provided for construction at the project was relatively small when compared to the big plants in Tennessee and Washington State—less than 30 million dollars. Now that the work is to go forward on an experimental basis as a permanent thing, many additional provisions will have to be made.

Los Alamos has a population of several thousand. It is a little city within itself, built by the Government. I complained that the place did not have a church or chapel. A theatre is used for religious worship. The population is largely adult. I believe someone said that there are only six graduates in the High School graduating class this year.

Restore the soil—restore it.

### WORKSHOP FOR TEXAS CRIPPLED CHILDREN ESTABLISHED AT DALLAS

Commerce, Texas—A sheltered workshop, where handicapped young people of Texas can learn crafts and trades that will make them self-sustaining, has been established in Dallas, according to an announcement by Dr. Sam H. Whitley of Commerce, President of the Texas Society for Crippled Children. The workshop was financed through the sale of Easter Seals which the Society annually conducts.

In the sheltered workshop, children and young people will weave, make wood carvings, costume jewelry and other handicrafts to which the director, Mrs. Clyde W. Myers, finds them adapted. All profits, beyond cost of materials used in the manufacture of the items, will go to the handicapped makers. In addition, spastic children of pre-school age will be given training in muscular re-education and speech correction.

The director, Mrs. Myers, was the first occupational therapist in France during the first world war. She later did organizational therapy work for Hull House in Chicago, worked with mental patients

## Vets, Families Eligible For Coverage Under Blue Cross Plan

Discharged veterans of World War II in 26 states will have an opportunity starting today to join their local Blue Cross Plan for prepayment of hospital bills, through the cooperation of newspapers in these states and 45 Blue Cross Plans. The special enrollment period will last for one month. During the program, Plans will waive normal requirements for group enrollment and permit veterans to apply as individuals for protection for themselves and members of their families.

In Brownfield, the Herald will cooperate with Group Hospital Service, Inc. of Texas to bring membership in this nonprofit public service to veterans, many of whom would be unable to join in any other way. Newspapers from Maine to Washington and from North Dakota to our own state of Texas will cooperate with Blue Cross in a similar campaign. More than 21,000,000 persons in the United States and Canada are already Blue Cross members, according to W. R. McBee, executive director of the Texas Blue Cross Plan.

The nation-wide program developed from a campaign conducted by the Cleveland Press and the Cleveland Blue Cross Plan in April, during which more than 12,000 veterans and members of their families applied for coverage. Louis B. Seltzer, editor of

## Kyle Grocery Completely Remodeled

Workmen this week placed the finishing touches on the Kyle Grocery, which has undergone an extensive remodeling program.

The addition of a 30x50 foot warehouse to the rear of the building gives added storage space and at the same time permits the enlargement of the shelf and display space by more than one third its original size. The interior has been painted white and new lighting installed. The usual suspended displays have been removed, thereby permitting an unhampered view of the store from front to back.

An important addition to the store is a large Frigidist fresh fruit and vegetable rack. Sprays on this rack are automatically controlled, keeping the vegetables moist but not waterlogged. Fresh, moist air circulates about the vegetables, further aiding in keeping them garden-fresh until purchased by the customer.

Kyle Graves, owner, has been a resident of Brownfield since the late twenties and is widely known throughout the entire trade area. He invites all his old friends to come in and look over the improvements he has installed, and if you have not already made his acquaintance, he urges you to come in and get acquainted today.

## City Laying Water Main

A large crew of workmen, with a ditcher, began Monday laying an eight inch water line from the corner of Main and First, east to "A" street, thence north to the new water well and reservoir now under construction in the northeast part of the city. This connects four wells with all water mains and the two elevated reservoirs, an added safeguard against big fires, and increases water facilities for domestic uses. Other extensions in utilities will be forthcoming.

### GI Question And Answer Dept.

Q. How is a loan, guaranteed by the Veterans Administration made?  
 A. The veteran selects the property upon which he desires the loan, negotiates the deal with the owner until a fixed price and terms are agreed upon. He then consults a bank or other lending institution that will in turn seek guaranty by the Veterans Administration of the loan.  
 Q. May a veteran secure a loan guaranty in order to purchase property with a nonveteran?  
 A. Yes. The guaranty in this case would apply only to the interest of the veteran in the loan, and may not exceed 50 percent of his interest. Under no circumstances could it cover any part of the interest of the nonveteran.  
 Q. Is a veteran eligible for education or training who was discharged with other than an honorable discharge?  
 A. The law provides that the veteran shall have been released from active service under any conditions other than dishonorable. Only a dishonorable discharge bars him from such benefits.  
 Q. Is a dependent or relative receives a government check after a veteran's death, should he cash it?  
 A. No. He will have to refund it and may be prosecuted. Send it back to the issuing authority with a request for information as to how it may be properly reissued.  
 Q. May widows or children of deceased veterans secure a guaranty of loan from the Veterans Administration?  
 A. No. This privilege is limited to veterans themselves, but a loan guaranteed for a veteran may continue after his death.  
 Q. May a veteran discharged from the service by reason of the dependency of his mother be entered in a course of education?  
 A. Yes. If the veteran is otherwise entitled, the fact that he was discharged for this reason would not matter.

### I GIVE YOU TEXAS

By Boyce House

Here's one of my grandmother's favorite poems — like so many worthwhile poems, the author is unknown. The title is "Do It Now."  
 If you've got a job to do,  
 Do it now!  
 If it's one you wish were through,  
 Do it now!  
 If you're sure the job's your own,  
 Don't hem and haw and groan,  
 Do it now!

Don't put off a bit of work,  
 Do it now!  
 It doesn't pay to shirk,  
 Do it now!  
 If you want to fill a place  
 And be useful to the race,  
 Do it now!

Don't linger by the way,  
 Do it now!  
 You'll lose if you delay,  
 Do it now!  
 If the other fellows wait  
 Or postpone until it's late,  
 You hit up a faster gait—  
 Do it now!

Here's an item of Southwestern history:

Six men were hanged at one time in Fort Smith, Ark., by one springing of the trap door. All were convicted murderers and were condemned by the famous hanging judge, Judge Parker who presided over Federal Court, which had jurisdiction over Indian Territory, then the hideout of hundreds of criminals.

One of the six was found guilty of the murder of a 19-year-old boy—and a pair of boots led to conviction and execution. The father of the slain youth testified that his son and the defendant had left Texas together for Indian Territory and that sometime before the departure, he gave his son a pair of boots. At the same time, the father bought himself a pair exactly like those he gave to the boy. The heel on the son's left boot came off and he put it back on with three horseshoe nails.

The defendant was wearing in the courtroom a pair of boots just like those that the slain man's father had on. The left boot was removed from the prisoner's foot and in the heel were three horseshoe nails.

And so the pair of boots sent the man to the gallows.

#### HALF OF U. S. HOUSEHOLDS PLANNING HOME GARDEN THIS YEAR

About half the households in the United States are planning a home garden this year, according to a national survey of farm and nonfarm families made recently by the Division of Program Surveys of the U. S. Department of Agriculture.

This development is of decided importance at this time in view of the world food crisis. While no official data are available to indicate the actual amount of food raised in home gardens, they represent "an important contribution to the total food supply," according to the Department of Agriculture.

About 18½ million households out of the 37 million in the country intend to have a garden, the survey found, the same number as in 1945 and about 6 per cent lower than in 1944. The proportion of households planning gardens is highest in the rural areas, both among farm and nonfarm families. In the nonfarm group gardens were more common among older people and those with large families.

Among the nonfarm families who gardened previously, reasons given for discontinuing included lack of space or time, poor health, and uncertainty of plans due to conditions.

Home gardening is having an influence on family diet, according to the survey. Of those who had started gardening recently, more than half told the interviewers that their families have eaten more vegetables since they have had gardens than they ordinarily would. The three favorite vegetables raised by both farm and nonfarm families are tomatoes, onions and string or wax beans.

The survey found that more households preserve food than have gardens. The indicated number was two-thirds of the nonfarm families and nine-tenths of the farm households. These families indicated that they planned to put up at least as much food this year as last if more sugar is available and provided that the fruit and vegetable crops are better than in 1945.

### Behind the Scenes in American Business

By John Craddock

New York, May 6 — Your chances of getting shirts and shorts will gradually improve from now on. However, people close to the textile trade estimate that it will be 12 months to two years before stores again have unlimited supplies and sizes. For about four years, the military forces took 60 to 70 per cent of cotton textile production and civilians steadily drained off supplies in retail stores. Then, too, textile manufacturers lost many of their experienced help to higher paying war work and to the services. The labor supply is steadily improving and some 30,000 employees have been added to payrolls since last fall. That is still 70,000 fewer than were employed in 1942, but it has had a beneficial effect on production which is now running about 300 million yards more than in the final quarter of 1945. Price ceilings have deterred production, largely because of the lag between the time costs increase and adjustments are made. For instance, raw cotton price rose three and one-half cents a pound in the fall and wages increased about the same time. A couple of weeks ago shirt prices were adjusted to offset increased costs.

### The Low Down From Hickory Grove

You know, you go to a circus and you get took in for 5 bucks, you can go on home—and you will survive. You can even be plucked quite complete and thorough and still get home, by borrowing a barrel.

But the "taking-in" the country has had for a dozen or so years by the boys runnin' the big Govt. show there in Old Bazoo Town, it is not gonna be laughed off so easy. Who will come out most threadbare won't be who it was that lots of folks thought. The talk down there was to take the big outfits to the cleaners, and that is what has nearly happened. But you make it tough sleddin' for somebody who runs a factory or gasoline refinery and he has to close down—somebody will lose a job—a stockholder will have no income—the tax collector looks elsewhere for taxes. He sees you. And sisters and brothers, if you are a barber or an optometrist, or a flag-pole painter, or a housewife, you are it.

If you lose a 5 spot or a 10 spot at the circus, it is chicken feed when you compare it to what we been gettin' from the boys in Govt. who have been saying we have a no-sweat Utopia at the other boy's expense. We are maybe not even going to have a barrel for raiment, to amble home in.

Yours with the low down,  
JO SERRA

### Ordering Fish For Restocking

Farmers and others who depend upon state fish hatcheries for supplies to restock their home waters should place their applications direct with headquarters. The procedure, says R. N. McClain, County Agent, is for the applicant to write to Marion Toole, Chief Aquatic Biologist, Game, Fish and Oyster Commission, Austin, for standard application forms. After filling out the forms they should be returned to the office of the commission. As a rule, McClain says, forms are not available at the offices of county agricultural agents, although it now is permissible for agents to submit names of those desiring fish. In that case the game commission will send forms to individuals named, provided accurate mailing addresses are given.

McClain also announces that a limited quantity of game preserve protective signs now are available.

### SIX-POINT PROGRAM FOR FAMINE RELIEF

College Station — A six-point program for famine relief to be carried out in addition to voluntary conservation efforts has been announced by Secretary of Agriculture Clinton P. Anderson, according to a report received from the United States Department of Agriculture. "These measures," he said, "are taken after consultation with the governments of Canada and the United Kingdom, in which it was indicated that they would work with this nation toward the two common objectives of increasing total relief shipments of grain promptly and giving priority to areas abroad most urgently in need of special aid."

The six measures follow:  
1. Millers are required to reduce their production of flour for domestic consumption to 75 per cent of the quantity distributed in the corresponding months of 1945. In addition to making more wheat available for export, this amendment to War Food Order 144 is designed to bring about more equitable distribution of wheat among millers.

2. Under the same amendment, food manufacturers are required to limit the use of wheat in the manufacture of products for domestic human consumption to 75 per cent of the quantity used in the corresponding months of 1945.

3. Effective May 1, millers and food manufacturers are limited to 21 days inventory of wheat. After that date no miller or food manufacturer may use wheat unless quantities of wheat or flour equivalent in excess of this amount are offered to the Commodity Credit Corporation for export.

4. The U. S. D. A. is offering a bonus of 30 cents a bushel on wheat delivered under the certificate plan by May 25. To be eligible for this bonus a producer must select a date for payment between the date of delivery and June 15, 1946.

5. The U. S. D. A. will buy 50 million bushels of corn from producers, for which they will be paid a bonus of 30 cents a bushel above the market price on the date of delivery for corn sold to the C. C. C.

6. The U. S. D. A. is offering to buy an unlimited amount of oatmeal from millers in the U. S. to make available additional food for relief purposes.

### DOES TECH BELONG TO LUBBOCK?

Editorial by GWN  
For several months negotiations have been pending, whereby Texas Technological college, procures the Pan-Tex Ordnance Plant, a Government war project worth millions, located in the Amarillo area. Doubtless it would be almost a gift, as is the usual custom of the Government. We don't know the details of the deal, nor the uses Tech would make of it, but for this great and growing college, crowded conditions and shortages of material, it looks like a commendable expansion and development for it.

A few days ago an editorial in a Lubbock paper, criticized the college authorities for "wandering far afield, 125 miles (from Lubbock) to the Panhandle country" and, "It is good to see Texas Tech showing active interest in purely local matters." Then points our dire need for more buildings for veteran students, etc. The theme is that it should all be done in Lubbock.

When before the appropriation committee of the Legislature, it's a "State Institution." Perhaps the editorial should be given credit for referring to it as "Texas" Tech. This C of C viewpoint will not be well taken by the hundreds of old timers from as many counties in West Texas, who for years liberally co-operated in the establishment of a State college, somewhere in west Texas. It merely happened to be located in Lubbock. But all of West Texans have taken pride in it, wishes and hopes for it to be bigger and better. It is supported by State funds raised by public taxation, including the no small amount from the "Panhandle country." It's the third in size of the State's first class colleges, and with efforts as broad as these western plains, may soon become equal to the other two. While its locale is in Lubbock, its

If I possessed a shop or store, I'd drive the grouches off my floor! I'd never let some gloomy guy offend the folks who come to buy; I'd never keep a boy or clerk . . . With mental toothache at his work,

Nor let a man who draws my pay drive customers of mine away I'd treat the man who takes my time . . . and spends a nickel or a dime

With courtesy, and make him feel that I was pleased to close the deal,

Because tomorrow, who can tell? He may want stuff I have to sell,

And in that case, then glad he'll be to spend his dollars all with me.

The reason people pass one door . . . To patronize another store is not because the busier place . . . Has better silks, or gloves or lace

Or special prices, but it lies . . . In pleasant words and smiling eyes;

The only difference, I believe,

# Social Security Representative Here Thursday

John Palmer, Social Security Board Representative will be in Brownfield at the U. S. Post Office at 9:00 a. m., Thursday, May 18, 1946. He is in Brownfield one day each month for the purpose of answering any questions people may have on Social Security; discussing possible benefits and taking claims from persons who may be entitled to benefits; and of taking applications for Social Security account number cards.

There is no possibility of loss of benefits under old-age and survivors insurance program, if the wage earner in covered employment will report to the Social Security Board field office immediately after he attains the age of 65. This is of great importance to the wage earner because he needs to know the requirements necessary in filing a claim for insurance payments. This also applies to the widow of a deceased wage earner; she, too, is requested to contact the nearest Social Security Board field office and ask for the manager or some member of the staff to give her information regarding the filing of claims.

## AN ESQUIRE CITY SLICKER TELLS WHY THE CITY'S SLICKER

The "ecstatic hymns sung to the country and the small town as the place to bring up kids" have been going on too long. That may be the respectable point of view — "but me, I'll take the city," declares J. Andrew White in his June ESQUIRE article, "I'll Take the City."

Tired of hearing the city take a lambasting without fighting back, White penned his piece to throw the book at the country fanatics. Citing chapter and verse from his own childhood on the streets of New York, he claims that "my catalog of twenty kids right off our block in New York produced several who could rate as smash successes and not a single one for whom I have to apologize."

Among the cases the Esquire article cites to prove that the city's great world is not as black as it's cracked up to be is that of a boy younger and smaller than the rest of the gang. He had horrible blond curls and couldn't handle a grounder or a pop fly, but he owned a regulation big leave bat . . . so, of course, he was on the "team." He was a sissy kid who wanted to be an actor, a Little Lord Fauntleroy who proved his mettle when he got dumped into the middle of a gang battle and took it without the slightest whimper. He was "in." At present, he's very much "in" with the public, for his name is Clifton Webb.

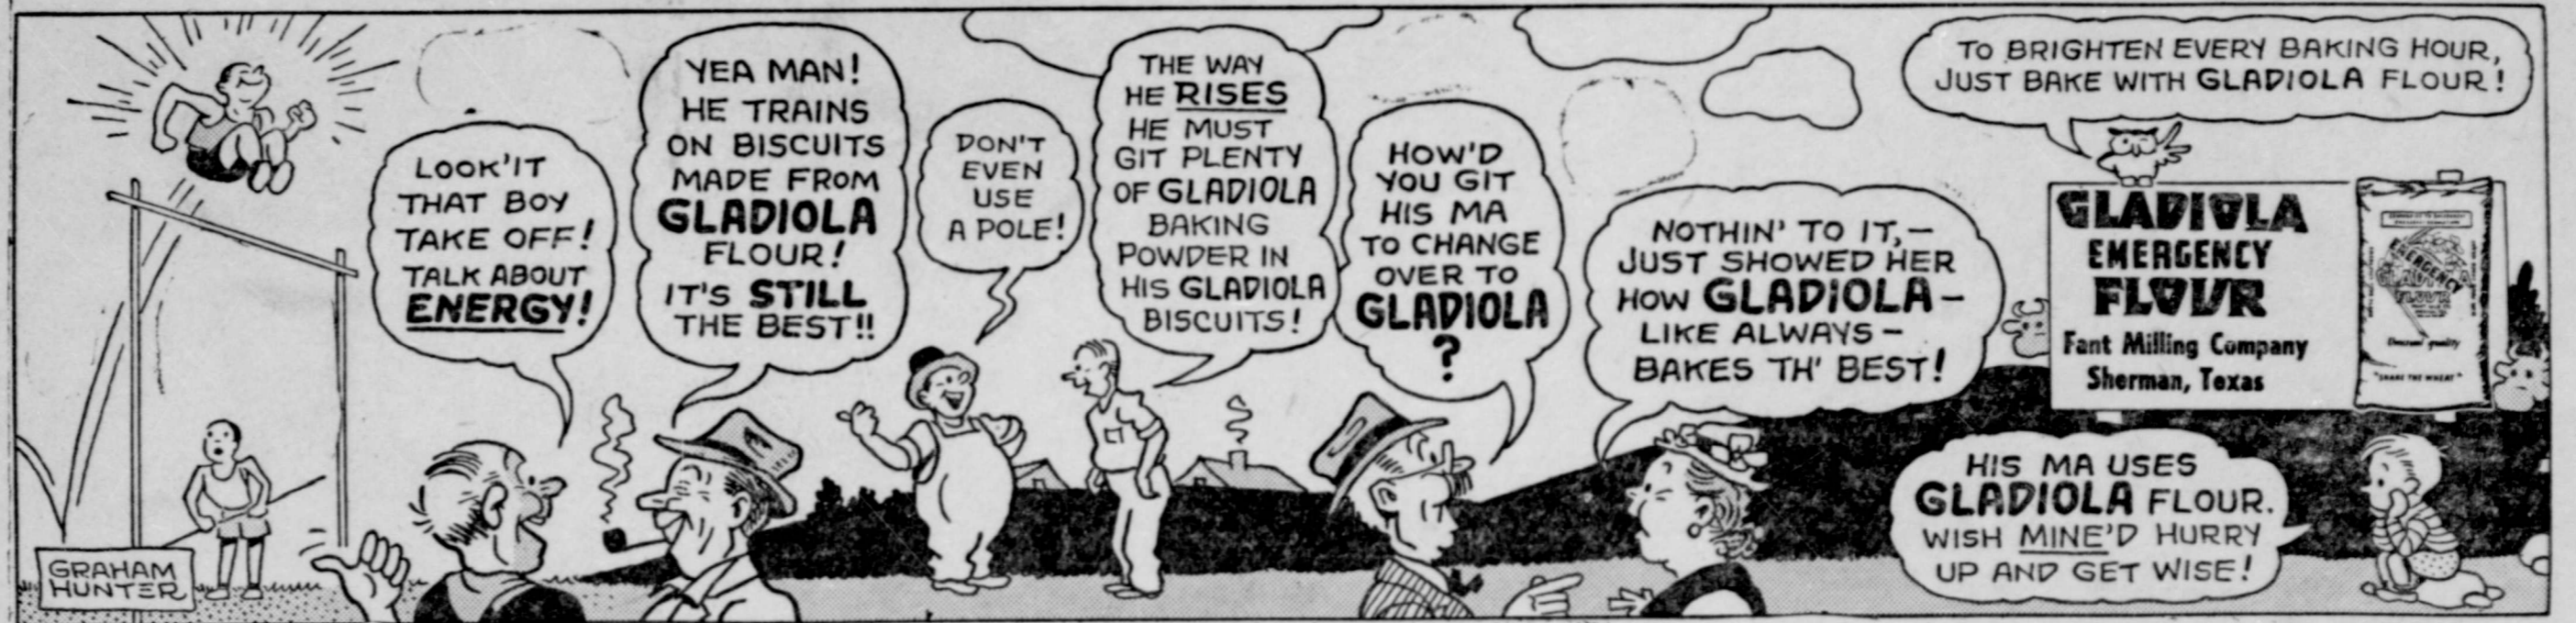

Two good friends in the neighborhood were Milton and "Toothwash." Together they went into the advertising business, and later each opened his own agency. Milton became Charles M. Storm and "Toothwash" emerged as Ruthrauff of Ruthrauff & Ryan.

Among the girls the Esquire author recalls is Grace Hegger, who had the distinction of being the first in the neighborhood to be wooed and won by an outsider. Her husband was a young man who had just written his first published novel and signed it Sinclair Lewis.

Edith Taliaferro became the celebrated young star of "Mrs. Wiggs of the Cabbage Patch." Dorothy Rice dashed off to Europe to study painting with the masters and came back to tell all in her book "Curiouser and Curiouser." "In this book she calls herself Polly. We called her Dolly. You've probably called her, across a bridge table, the marvel of the tournaments, Mrs. Hal Sims."

"Well, that's the work, and now that I've set the stuff down . . . I think the city wins the argument hands down," concludes J. Andrew White, champion of the city, in his June ESQUIRE article.

## Terry HD Clubs Observe "Home Demonstration Week"

(Delayed)

During this week, which has been set aside, as home demonstration week, the women of Terry County has been showing others what club work has meant to them through visits in their homes and by exhibits, says Miss Helen Dunlap, county home demonstration agent. This week is a unique "at home" celebration of home demonstration work in the United States, Alaska, Hawaii and Puerto Rico.

Home Demonstration work has had 33 years of steady progress, states Miss Dunlap. In 1913 it began with a few southern communities holding tomato canning demonstrations; but now it embraces every phase of rural family life—foods and nutrition, clothing, household management, home furnishings, exterior improvement, handicraft, recreation, health and medical care, housing, financial planning, child care and parent education, community welfare, and citizenship responsibility. The program is conducted jointly by the United States Department of Agriculture and the 51 land grant colleges in the 48 states, Alaska, Hawaii and Puerto Rico. About 3000 come demonstration agents guide the program, assisted by half a million rural women who are unpaid, volunteer leaders with special skills developed through extension courses in leader-training and workshops.

## SANTA FE TAKES TO THE AIR

(Special) Chicago, Ill., May 3—The Santa Fe Railway Company announced today it was organizing the Santa Fe Skyway, Inc., as an affiliated company for the purpose of engaging air transportation.

Fred G. Gurley, president of the Santa Fe, said the affiliated company will offer specialized contract air service in the general territory served by the Santa Fe. Santa Fe Skyway will be manned largely by veterans of the Military Air Forces. Surplus army planes of the Douglas C-47 type will be used in the initial operations, Mr. Gurley explained.

Studies are being made of specialized equipment for loading and transportation of cargo to best fit the needs of those contracting for air service.

## Local HD Agent Urges Garden Planting

(Delayed)

"There is more need for Victory gardens in this first year of peace than there was in any year of the war," states Clinton Anderson, United States Secretary of Agriculture. Miss Helen Dunlap, county home demonstration agent, urges that people living in town use all the available plots in the backyard for growing vegetables and that they make supplemental planting in order to insure having fresh vegetables throughout the growing season. Field gardens in the rural districts will provide vegetables for canning as well as for table use and for storing in the frozen food lockers. By growing these vegetables at home, people will be assured good nutrition and will help to release certain concentrated foods needed for overseas shipment.

According to reports from

## Increased Cotton Acreage Predicted

It is freely predicted by several gin men, and others who keep posted on cotton production that, "if it would rain" the acreage planted to cotton in Terry county this year would be near three times the normal. There is no government restrictions on it. There has been an average of ninety thousand acres heretofore, yielding 35 to 40 thousand bales. At the same average yield, Terry should get this year ninety thousand bales.

It is estimated that over ten

Washington, 40 percent of our fresh vegetable supply during the war, came from Victory gardens. Since the United States is being called upon more than any other nation for foods, it is imperative that as many people as possible grow gardens this year. Washington states that the growing of foods is one of the quickest, easiest and fairest ways to prevent marked inflation of food prices.

These home gardens, Miss Dunlap says will help to guard against temporary food shortages during the critical food months, besides providing food for preservation for use during the non productive months. She urges that all grow all the vegetables they can of approved varieties and thus help to win the peace. Mr. Anderson says, "The war against famine is just reaching the stage of decisive battle. If we lose this war, we will jeopardize all we gained on the battle fields."

thousand acres have already been planted in the county. Many old timers say it is too early to plant on the plains, regardless of rainfall. But others say it is all a gamble anyway so if they hit, they are wise, and if they miss, they can plant over.

Many are continuing planting. It's nothing unusual to hear one say he has planted 400 acres, another, 700 acres, which brings to mind the trend to larger farms. Government statistics show a 20 percent decrease in the number of farms in Texas, but a considerable increase in the total acreage. This is due to unversary use of farm tractors, and machinery. This may also account for increased population of the towns and cities. Many claim that with-cotton picking machines, they can produce cotton, profitably at 8 and 10 cents

**HD CLUBS TO HOLD PRESSURE COOKER CLINICS**

Pressure cooker clinics are to be held in the various club communities during June, according to plans made in the meeting of the county home demonstration council, held in the district court room last Saturday afternoon. All people living in these communities or adjoining communities may have their pressure cooker gauges tested free of charge on the days the communities are testing. The Gomez community will hold the first one on June 13. The schedule when completed will be given to the newspapers soon. Miss Helen Dunlap, County Home Demonstration Agent, urges that the people take advantage of this service to get canning equipment in order before the canning season begins. Otherwise, she states that people may have spoilage that could have been so easily avoided.

The education committee planned a forty-two party to be held at the American Legion Hall May 24, when a report of last year's club work will be given.

The club women reported a total of ten large boxes of used cotton clothing, sacks and towels collected by the communities to be sent to the Philippine Relief. These boxes will be mailed Monday by the chairman, Mrs. Frank Sargent and the treasurer, Mrs. Victor Herring.

Miss Dunlap called their attention to the observance of 4-H Club Sunday in each of the 4-H Clubs of the county and urged the people to attend. The club at Wellman will hold theirs on May 19, and Union and Meadow clubs will hold theirs on May 26. She also drew their attention to a dress parade in Brownfield for the 4-H club girls, early in June. She asked them to watch the newspapers for further notice regarding it. Each person in the county interested in watching the girls doing their own judging according to principles learned are invited.

**Name Texas Head Of State Chicken Breeding Program**

Appointment of F. Z. Beانبlossom, extension poultryman of Texas A & M College at College Station, Tex., as state chairman of the Chicken-of-Tomorrow Committee opens the way for Texas poultrymen to compete with breeders from other states in the nationwide effort to produce better meat-type chickens.

Goal of the three-year breeding program is to develop a chicken which will yield at least 10 per cent more meat in relation to bone structure, said D. D. Slade, Lexington, Ky., chairman of the national committee, in announcing Beانبlossom's appointment. The breeder who produces the best example of a meatier bird will receive a \$5,000 cash award from A & P Food Stores, whose officials initiated the program. Other awards will total \$3,000.

Objective of both the Texas and national committees is to stimulate production of meatier chickens that will grow more economically, Beانبlossom said, in announcing plans for the contest. The hatching date for this state has been set for the week of May 12 to 17 inclusive. The birds will be judged when they reach the age of 14 weeks in August.

"The contest is open to every poultryman," Slade said, "but it will require more than just the selection of an outstanding bird and sending it in to be judged. Each breeder must start with from 100 to 300 baby chicks of known origin and develop a strain or type of chicken that can be reproduced in commercial quantities. Only by such a program of development can poultrymen assure the nation's consumers that chickens of the future will be the source of superior meat."
