

## Brownfield Mayor Heads District Lions

By GWN At The Convention  
At the annual convention of Lions Clubs of District 2T, comprising most of west Texas, with 300 delegates from 83 clubs, held in Big Spring, Monday, Frank Jordan of Brownfield, was elected district Governor for the ensuing year. He was opposed by Ben A. Coposo, of Iraan. The district covers all of the Panhandle and South Plains to Colorado City, and west to El Paso, the city that gets next year's convention.

Jordan, recently elected Mayor of Brownfield, has been president of the local club, and an active Lion for several years. The following with their wives attended the convention: T. J. Griggs, D. Q. Lilly, Tom Crawford, Frank Jordan, W. T. McKinney, Dr. Robertson, Crawford Burrow, Eunice Jones and J. H. Hotchkiss.

Also, attending were Messrs. Lynn Nelson, Leo Holmes, Geo. W. Neill, Hugh Holmes, Les Harvey, Virgil Crawford, Jeff Farley, C. Cartiers, Les Short, Burton G. Hackney, W. G. McDonald, Rev. R. N. Huckabee, Chas. Didway, Pat Patterson, E. H. Harden, and J. M. Burselon and wife of Meadow; Mrs. Fred Lowe, Mr. and Mrs. Jack Shirley entertained at singing, Larue Hargraves, Arnita Lucas and Miss Cleo Miller, attended.

Chas. H. Dean, retiring governor of Plainview, presided. Many State Lions attended, as well as Senor Doris y Poz, of Mexico City.

The International Director of Lions spoke to the convention. A banquet at the Settle Hotel was tendered Jordan, Monday night. Local Lions, joined by the entire citizenship of Brownfield and Terry county, feel jubilant at this signal honor conferred on our first citizen, Mayor Frank Jordan.

## Mayor Of Mexico City At Lions Convention

By GWN  
Francisca y Poz, mayor of Mexico City, a director in Lions International, attended the convention of District 2T, at Big Spring, Monday and Tuesday. He addressed the convention Tuesday.

Mayor Poz speaks fluent English, is a talented gentleman, and recalled his country's contributions to the recent world war. He also sang in Spanish and plays the piano well, which may elect him president of his country.

You may recall that President Truman is a piano player.

## Better Have The C. of C. Check Outside Ads

When times are hard, you seldom see a promotional ad grafter, but as soon as a lot of nickles, dimes and dollars appear, that gent is Johnny on the spot, and he can spot about all the loose coins in the town. And nine chances to one, the advertising he is putting over is not worth a tinkers dam (that's not cussing) to the advertisers or anyone else except the promoter.

To be on the safe side, the merchant approached on such a deal should ask what the local newspaper men thought about it, or if the proposition had been submitted to the Chamber of Commerce. That will usually make the guy or guylene mad as heck (still not cussing) as they will naturally not want to be interviewed by the local chamber of commerce.

Then, to, of late, there are those on the road, not in Brownfield perhaps, but we have heard of them on the north Plains, who are out soliciting funds for some disabled GI, who needs a limb or a wheeled chair. No one seems to know why strangers had to come in to do the soliciting.

But, remember this, Uncle Sam, through the Veterans Administration, is attending to the limb and chair business, and they have some of the best workmen in America on the job, and the public nor the GI has to pay one penny for them.

Better check up on all such birds.

Mrs. Allie Graham is expected home from Fort Worth this week, where she has been under the care of a bone specialist.

## Got Their Best Peas In This Area

Mr. Virgil L. Little was a visitor in Brownfield last week. He is field representative of the Gilbert C. Wilson Laboratories at Pittsburg, Texas, which are said to be the largest canners of Texas black-eyed peas and sweet potatoes.

Hundreds of truck loads of black-eyed peas were hauled out of the Terry-Dawson county section of the south plains last summer and fall to the cannery at Pittsburg to be processed, and Mr. Little informed us that the peas from this section was superior to any they received.

He also stated that if we received rain here any time soon, that these peas can be planted and make in 60 days, and a good price will be paid for them. Terry county farmers are urged to plant black-eyed peas as soon as it rains.

Processing these peas at the cannery will continue until about the first of November when they will start in processing sweet potatoes. Note their ad in this issue of the Herald, and future editions.

## Father's Day Has Its Recompense

As we grow older, we may be growing softer and more sentimental. In any case, the Old He is not ashamed that he is affected by the lighter, more sentimental things of life. We received several nice things on Father's Day, which we will not mention here, but we received three cards that we felt good about.

One was from our daughter, husband and their dog. All three were casting their votes that we were "the world's best dad and one swell guy."

And from a niece in California, her husband and little son, came the touching sentiment "that if all uncles were like you, there would be an 'Uncle's Day.'"

Last but not least one from two little friends here in town, saying, "wishing all the happiness in the world to someone who deserves it." We hope we can prove equal to their belief.

Mr. and Mrs. Jack Stricklin Jr., and son, Jack Taylor; Mr. and Mrs. Ray Hailey, of this city, and Phillip Rogers of Middleton, Tenn., who is visiting in the Stricklin homes, took in the Caverns, Sunday.

Mr. and Mrs. W. L. Jones spent Sunday in Whitharral visiting Mrs. Jones' brother and wife, Mr. and Mrs. Harold Stevenson.

## Fifth Band Concert Saturday Afternoon

The Fifth in the Summer Series of concerts will be Saturday at 3 o'clock at the Courthouse square. The selections to be played are a variety taken from the Bennett band book. The program is as follows: Military Escort; Indian Boy, a novelty fox-trot; Mister Joe, march; Chalm, waltz; Activity, march; Zenith, overture; Project, march; Stop, a fox-trot novelty; Mutual, march; Idle Fancy, a Serenade; and closing with The Star Spangled Banner.

There is a noticeable difference in the High school band's line up. So many of the High School bunch are on vacation and are working so that they can't attend band practice regularly. Some one has to take their places so that is the reason you will see so many Junior members in the High school band. Who can tell that they won't stay there though for they are doing some very good work.

Some of the band members are getting new horns and therefore making more available for someone else. At present I have several instruments for sale so contact me at your earliest convenience.

## J. C. Little Is Victim Of Heart Attack

J. C. Little, 44, farmer and minister, died suddenly of a heart attack Sunday afternoon at his farm home 2½ miles southwest of town.

Funeral services were held in the First Baptist Church, city, at 2:30 Tuesday afternoon. Rev. A. A. Brian, pastor, officiated.

Active pallbearers were: Loy Lewis, J. C. McCullough, Dot Oliver, Audie Fleming and Clarence and Clyde Lewis.

Honorary pallbearers: R. M. Kendrick, J. R. Garrison, Bruce White, Berlin Briscoe, Jim Cunningham, Gay Price, Ned Self, Ben Kennedy, Harris Carmichael, Clarence Welcher, Joe Earp, I. A. Oliver, A. A. Sawyer, Les Newberry, Cye Tankersley, and Ervin Rambo.

Deceased is survived by his wife, his mother, Mrs. B. F. Little, city, a sister, Mrs. Edna Casey, San Diego, Calif., and five brothers: George, Livingston, Calif.; Ernest, El Centro, Calif.; Robert, Tulia, Texas; and Loyd and Lester, city.

The body was laid to rest in the Terry County Memorial Cemetery. Brownfield Funeral Home was in charge of arrangements.

## Boy Scouts To See First Aid Film

Louis Simmonds, Chairman of the First Aid Chapter in Terry county, stated this week it is planned to show all Boy Scout troops a Red Cross film, on water safety and first aid here next Friday, June 21st, either at the school auditorium or the Court House.

The film also depicts accident prevention. Mr. Simmonds said that eight out of the recent course in first aid instruction, at the Legion Hall, had qualified, and are now instructors in first aid course. Being the only such instructors between Lubbock and the T. & P. railroad on the south.

Another course will begin July 2nd, 2 hours per day, for ten days. A similar course for the Boy Scouts will be given at Meadow in mid-July.

## Bailey And Webber To Build Implement House

Ike Bailey and Glenn Webber, local distributors of Ford Tractors, and the Ferguson line of farm machinery, are soon to erect a 50 by 100 tile and steel building at the corner of Broadway and Eighth street, known as the Seagraves cut-off highway. They recently acquired the realty. Part of the material is on the ground, the balance in transit.

The Latham building, to house the Kaiser-Frazier automobile agency, just across the corner from the above, is nearing completion.

## Jerry Sadler To Hold Rally Here Next Tuesday

Austin, Texas, June 20 (Special)—Jerry Sadler, former Railroad Commissioner of Texas, who resigned to enter the army as a private, and who is now a candidate for governor will hold a rally in Brownfield, Tuesday, June 25th, at 11:00 a. m., it has been announced here.

Harley Sadler, West Texas manager of the Sadler for Governor campaign, will accompany his cousin to Brownfield and act as

JERRY SADLER

master of ceremonies at the rally.

Lew Childre, known on the Grand Ole Opry, national broadcast program, as the "boy from Alabama," and David Akeman, known on the Ole Opry gang as "String Beans," will head the entertainers which consist of former Grand Ole Opry stars. Childre and Akeman as well as the other former stars of the Grand Ole Opry troop are well known throughout Texas.

Other talks will be made during the week in the West Texas leg of the intensified statewide campaign are slated for Big Spring, Lamesa, Tahoka, Levelland, Littlefield, Lubbock, Plainview, Tulia, Canyon, Amarillo, Borger, Pampa, Wellington, Childress, Quanah, Vernon, Electra, Wichita Falls, Seymour, Munday, Haskell, and Stamford.

## Highway Accident Is Fatal To Tokio Man

Alfred T. Holsenbeck, 36, who lived seven miles southwest of Tokio, was killed in an automobile mishap about 8:30 o'clock Saturday night one mile west of Tokio on the highway. Apparently, death was instantaneous.

Texas Highway patrol investigation revealed that Holsenbeck was between his car and trailer, resting, after pushing the car in an attempt to start it, when the trailer was struck by a car driven by Mrs. Murrill M. Cross, 37, of Plains, who attempted to miss the trailer by a left swerve. The trailer had no lights, officers said, and apparently, the car's lights had been turned off during the starting attempt. Both machines were headed west. No others were injured. Holsenbeck's wife and daughter were in his car at the time.

Last rites for Holsenbeck were read at 5 o'clock Monday afternoon at the Brownfield Church of Christ. Paul Lusby, minister of the Meadow Church of Christ, officiated, and burial was in Terry County Memorial cemetery under direction of Brownfield Funeral Home.

Survivors include his wife and four children, Marcene, Vela Mae, Fayrene and Odis Ray, all under six years of age; three sisters, Mrs. A. V. Bethel of Portales, N. M., Mrs. B. H. Guynes of Seagraves and Mrs. R. A. Hodge of Mangum, Okla.; two brothers, Walter of Sunray and William M. of Weed, Calif.

Mr. and Mrs. Buddy Gillham were in Dallas the first of the week on business.

## South Plains Scouts Enjoy Outing At Post

One hundred and forty-four Scouts from Terry, Yoakum, Gaines, Garza, Dawson and Lynn counties and the town of Slaton in Lubbock county, were encamped from Sunday, June 9 until the following Saturday at Camp Post near Post, Texas.

The Scouts participated in all the sports available at the camp, including swimming and hiking and made practical studies in various other phases of scouting, including Indian Lore, Firebuilding, Pioneering, Nature Study, Tracking and Camp Cooking.

Troop 45, in charge of Babe Lincoln, had 12 of its members present. Lincoln also taught a class in Pioneering. Eleven Scouts from Troop 49, were at the encampment. Lad Brownfield, Assistant Scoutmaster of Troop 49, was present the first three days of the camp and Johnny Kendrick, Scoutmaster, was with the boys the last three days. Ralph Bailey, Scoutmaster of Troop 74, which had 15 Scouts in attendance, was in charge of a class in Firebuilding.

Scouts from Troop at Meadow and Wellman were also in attendance at the encampment.

## Boys' Club Rodeo At Lubbock 26-29

Lubbock, Texas, June 13—Plans are being completed for the Fourth Annual ABC Boys' Club Rodeo to be held the nights of June 26th, 27th, 28th, and 29th, at the Panhandle-South Plains Fair Grounds in Lubbock. A "real old-time rodeo" with plenty of spills and excitement is promised to Lewis Kerr, ABC President.

The Boys' Club Rodeo is sponsored by the American Business Club and other Civic Clubs in Lubbock. Proceeds go to the Lubbock Boys' Club for the expansion and maintenance of the Club, which has shown a steady growth since its organization.

Performers at the rodeo will be top cowhands, some of whom are holders of world records in roping, riding, and bull-dogging, and competition will be keen. Beutler Brothers of Elk City, Oklahoma, who are producing the show, will furnish some of the wildest and best horses and cattle obtainable.

## Levelland Rodeo In New Steel Grandstand

Completion of a new all-steel grandstand at the Levelland rodeo grounds has tripled the seating capacity for Texas' largest arena which will be the scene for the town's annual show July 3, 4, and 5.

Over \$1,650.00 in added prize money will go to winners in seven events—saddle bronc riding, calf roping, team roping, bulldogging, steer riding and two-way sponsor contests. Both junior and senior cowgirl sponsors will compete.

Street banners, placards, circulars and western attire of citizens are heralding Levelland's annual three-day rodeo. Afternoon performances scheduled all three days will begin at 2 o'clock. Night shows on July 3 and 4 will get underway at 8 o'clock.

Included in the specialties will be the picturesque mounted quadrille, clowns and trick riding. President W. J. Robertson of the Levelland Rodeo association has announced.

Downtown parades will be fore-runners of the rodeo performances. Booster trips to towns within a 200-mile radius will begin on June 24. Advertisers of the annual rodeo will take along musicians to stage their booster programs in towns of the area.

Sgt. and Mrs. C. F. Hatley, of Hobbs, were weekend guests of her parents, Mr. and Mrs. C. A. Howard.

Mrs. N. L. Mason spent Saturday in Lubbock visiting with a friend who was there from Wichita Falls.

## Softball With The Girls

By Mrs. Andy (Babe) Anderson  
Wednesday afternoon the Brownettes defeated the Red Socks with a 17 to 16 score.

Thursday night Al's Taxi played a fast and exciting game to be defeated by Plains Liquefied Gas 9-12.

The White Bears and Brownettes played their league game with a score of 18-17 for the Bears.

Friday afternoon in a practice game the White Bears tangled with Al's Taxi with a victory for the Bears with a final score of 7-6.

The officers of the club met with Mrs. Buddy Gillham Saturday and the following games were arranged:

Midland vs Red Socks—June 22 at 8:00 p. m.—to be played at Midland.

Odessa vs Gomez—June 27 at 8:00 p. m.—to be played here at the football field.

Big Spring vs Brownettes — June 30 at 5:30 p. m. — practice field here.

White Bears vs Big Spring — July 6 at 8:00 p. m.—to be played at Big Spring.

For the league games which are played at the football field every Thursday are: Red Socks vs Portwood Motor, June 20 at 6:00 p. m.

White Bears vs Plains Liquefied Gas (Gomez) at 8:00 p. m.

On June 27 three good games will be played: Brownettes vs Portwood Motor; Al's Taxi vs White Bears; Odessa vs Plain Liquefied Gas (Gomez).

## The United Drys Organization Set Up For Campaign

Representatives from various communities of Terry County met at the First Baptist Church last Tuesday morning and set up a county wide organization for the purpose of giving County-wide publicity of the issues at stake in the liquor election of July 6th. Public interest revealed through the meeting is running high and a record vote will be expected as the organization reaches into all the communities with encouragement to all voters to turn out and vote.

The United Drys will provide a place on the program for both sides to be presented with speakers for and against appearing to present their merits, if they wish to do so, in the rallies to be held in every community in Terry County.

Rev. A. A. Brian was named County Wide Chairman; Rev. R. N. Huckabee, Program Chairman, and Rev. R. L. Bickford, Secretary-Treasurer of the organization.

## Fort Worth Couple Take Charge Of Laundry

After being closed a few weeks, Mr. and Mrs. Wade Pearce of Fort Worth, have opened the Brownfield Steam Laundry, and have moved to Brownfield to make their home. They have two sons, Jack, attending Howard-Payne college at Brownwood, and Boyd, a high school student, who will enter school here in September.

The Peaces are not strangers in the laundry business as he has been a laundryman for the past 20 years, and knows the business from checking in clerks to the finished product. Give your laundry business to home people, who have a home payroll that is spent here.

The Herald welcomes this family to our little city, and hopes their stay will be pleasant and profitable.

Mrs. T. W. Bruton of Brownfield left Tuesday morning for Santa Anna, Texas, by way of Buffalo Gap, leaving four girls to attend the Presbyterian Encampment there. She was accompanied to Santa Anna by Miss Beverly Stockard who was returning home after a visit here and Mrs. F. L. Morgan, Jr.

## Brownfield State Bank To Raise Capital Stock

At a called meeting of the Stockholders of the Brownfield State Bank held on June 11th, it was unanimously voted to raise the capital stock of the Bank from \$50,000.00 to \$75,000.00. This raise in capital is being affected by the declaration of a 50% dividend. This is the second large stock dividend paid to the stockholders, the capital having been raised in 1943 from \$25,000.00 to its present \$50,000.00 by stock dividend. Besides stock dividends, the bank has paid \$38,000.00 in cash dividends since 1936.

After effecting the raise in the capital, the bank will have a Capital of \$75,000.00, Certified Surplus of \$50,000.00 and Undivided Profits and Reserves of around \$50,000.00.

"We feel that the rapid growth of the Brownfield trade territory, makes it desirable for us to increase our Capital funds in order that we may better serve the needs of the present and future of our territory," declared J. O. Gillham, President.

Mr. Gillham also announced the resignation of Miss Elizabeth Upton, Assistant Cashier of the bank. "Miss Upton has been a faithful employee for eight years and we sincerely regret to lose her from our official family," declared Mr. Gillham.

The officers of the bank are J. O. Gillham, President and Chairman of the Board; Leo Holmes, Executive Vice-President; Bruce Zorns, Active Vice-President; Jno. S. Powell, Inactive Vice-President; J. E. Gillham, Cashier; Sawyer A. Graham, Asst. Cashier; and Darrell P. Moorhead, Asst. Cashier. The Directors are Mr. Gillham, Mr. Holmes, Mr. Zorns, Mr. Powell and J. L. Hudson.

The stewards and music committee of the Methodist Church have set July 14, as the date for the dedication of their new Hammond Organ. Mrs. Lucile Daugherty of Snyder is being invited to be the guest organist. A visiting minister is being invited to preach and have charge of the dedication ceremonies.

## Commissioners To Install Memorial Plaque

Sponsored by the Legionnaires, the Commissioners Court are soon to place a bronze plaque in a conspicuous place in the Court House to memorialize the former Terry county boys, who were lost in both World Wars, by having their names engraved thereon. There is six known, in War I, and about 66 in World War II, but it is thought there may be a few more. No record of deaths has been provided for.

Several Terry county boys enlisted before the registration, others that properly belong here may have registered elsewhere, or transferred for induction. The sponsors will have to depend largely on information furnished by parents, friends or relatives. It is desirable to get all of them. It would be regrettable to miss a single one.

It is imperative for all parents who lost a son in either war, or for some relative of friend, to notify the sponsors, with information of any Terry county boy, lost in action. Sponsors request and urge all, to give them a hand immediately. Raymond Simms, Secretary of the draft board, has been designated to receive such information, but all Legionnaires, proffer their assistance.

This is a commendable project. It is little enough for those who did so much.

Rev. Joe P. Murphy left Sunday for Merkel, Texas and from there he will go to Buffalo Gap, Tuesday where he will be camp director for the Presbyterian Junior High Summer camp.

The liquor election ordered for Terry county early in July so far has reached no heat. In fact, so far, people are talking no elections. They are too busy looking for a little cloud no bigger than a man's hand. In other words, wet weather is what the people want above any other kind of a "wet."

The Fourth of July is on its way, and in the meantime parents better begin warning their children, especially the boy part, about it being unlawful to shoot fireworks in the city limits. Otherwise, you may have to pay a fine for your little son.

Much is being said by Chester Bowles and others about where prices will go if congress fails to keep him in as price czar. He cites the rise in price of certain items, one for instance, \$5.95 dresses to \$25 or more. Ask any lady if she

has seen any \$5.95 dresses in the past few years. A number of other items he mentioned was just as imaginative. As the old guy said when he saw his first giraffe, "there aint no sich animal."

A valley farmer, living in the vicinity of Harlingen, ginned the state and possibly the world's first bale of 1946 cotton, last week, and put it on a trailer and lit a shuck for the Houston cotton exchange, where it was sold to the highest bidder for \$1530. We hope Uncle Dan Tobin, International Teamster president got that item. The way that man hates cotton and southern white people is a sin.

Thank goodness, Terry county, nor Texas people in general are forced to use John L. (Coal) Lewis' fuel. Most of our town population uses natural gas, and the farm and ranch folks use butane. So, we will not have to put up any pensions for retiring Waps. The Herald has always conceded that what is good for the goose is equally valuable for the gander. We believe labor is worthy of its hire, and should be protected in its rights, when the people as a whole is not jeopardized. And we believe the management and owners of mines should be forced to make them as safe for the worker as humanly possible and kept that way. At the same time, we don't think it right to make the owners toe the mark, and let the minors strike with impunity.

Beauford Jester, of Corsicana, candidate for Governor, got a big vert, over at Hillsboro, came out lift when his neighbor, Bob Cal-squarely for him. Some may doubt that Jester is a thoroughbred, genuine, yard wide and all wool, Franklin Delano Roosevelt, New Deal Democrat, but they can't say as much about Calvert. That fine young man, and we know he is a fine young man, for we have heard Hillsboro folks talk, stood four square for the fourth term in 1944. But being what he is, he believes that other people have a right to think and do as they please about voting. Probably Calvert remembers that FDR himself did not always in every race wear the brass collar. Being a New Yorker, a rich man and an aristocrat, we have an idea FDR blacked William Jennings Bryan every time he ran. But that fact don't seem to have any bearing with the present Democratic State Committee setup.

We talked with a radio man the other day. He stated that all stations discouraged campaigning. We see that Homer P. Rainey has been turned down by the Texas Quality Network, which will not sell all of the candidates all of the time that they want. What is in the air, politically? Have the stations become suspicious of the political situation, and desirous to stand by their regular commercial supporters, or have the people rebelled when they tune in with the view of getting their favorite program only to hear a political candidate who has bought up the time? Dr. Rainey has a huge campaign fund at his disposal, and wants to use the radio. Perhaps he feels more secure in talking at long range via the radio to the voters than face to face where he might be asked embarrassing questions.—Canyon News.

Citizens are warned to beware of grafters who are out to "help World War II soldiers." A fellow is under arrest for fleecing Canyon citizens under the guise of buying wheel chairs for crippled soldiers. This outfit is wanted in many towns. While service men, who came thru the war safe and sound, may think they have been badly treated at times by their government, there is no complaint from those who were wounded. Our government is doing a fine job for these men. They are not dependent upon charity, and every one of them would resent any attempt to make them subjects of charity. Fellows who run over the country under the guise of raising money for the sick and crippled veterans are grafters of the worst type, and

should be treated like any other racketeer.—Canyon News.

Much of the trouble with production rests with Washington, and for that reason the people are cool toward too much price control and dictatorship methods at the nation's capitol. Take for instance the Linotype and Intertype companies, makers of the two principal type setting machines. After the war was over, there were no parts to mention, and there had not been a new machine made in two years. About January the workers struck for 25c per hour wage increase. The government took over and told them 18 1/2c was enough, and people thought the strike settled. Almost in the same breath the price control group granted the manufacturers 12 percent increase in printing machinery prices to take care of the wage boost. The workers then demand 4 percent more wage increase. The two companies granted it, but the government said no. And to this day a wheel has not turned. The Herald has had orders in at the Linotype Brooklyn factory for needed parts for two months. Just what the newspaper folks are going to do when all their old machines break down is a real worry. In the meantime the bureaucrats are still in the saddle.

**1,080,000 Pounds**  
OF  
**Blackeyed Peas**  
ARE  
**NEEDED FROM WEST TEXAS**  
BY  
**GILBERT C. WILSON LABORATORIES**  
AT  
**Pittsburg, Texas**

We will need 1,080,000 pounds of blackeyed peas per day. Our plant will have a maximum daily production capacity in excess of 30,000 cases per day.

Our plant is now operating, canning peas from South and Central Texas. West Texas blackeyed peas harvest will begin after the harvest season in East Texas is over. We will start buying here when peas are first available, and we will continue to buy until the first killing frost.

We will set up receiving points at convenient loading places throughout the Brownfield territory, and peas will be paid for when they are received. We will pay market price for the peas, which should be in the vicinity of \$65.00 per ton.

The demand for canned blackeyes appears to be far in excess of what canners can supply this year.

According to the experienced blackeyed pea growers in West Texas, less moisture is required for producing a good yield of blackeyed peas than cotton, and they can be planted 20 or 30 days later than cotton yet still in time for maximum yield.

Blackeyed peas, being a legume, will serve to build up the soil, and will also serve somewhat as a cover for the soil to keep down erosion during the winter months.

We will also buy dried blackeyed peas this year.

The location of our buying points in the Brownfield territory will be announced in the near future.

## Off In Quest Of The Smokey Mountain Gang

As stated in one of our other "space killers" in another issue of this great Terry county journal that we were on the point of leaving in quest of the big smokey gang, composed principally of Li'l Abner, Mammy and Sweet Li'l Pappy Yokum, Sadie Mae, Barney Google, Snuffy, Lowsie and Jughaid Smith, and Snuffy's jumbo sized brother and his trained bug.

Joking aside, you will find as good and intelligent people in the foothills and among the mountain folks of east Tennessee and North Carolina, as there is on earth. But the farms are so steep that they have to take a foot off the north hind leg in order to balance themselves, while at work. And their cattle have to graze uphill foremost, then move over to a new place and back down hill as they graze. Just failed to see any folks of the Li'l Abner-Snuffy Smith variety. Maybe they are further back off the beaten path of the tourists.

Really, folks, there is something of interest every few feet of that little advertised country. We saw things that if California, for instance, had, you would begin to read signs about them hundreds of miles before you got there. But one thing they have learned, perhaps from Californians, and that is, the sale of furs. Every few miles one runs onto a little settlement or filling station and there is a bunch of red fox and other animal hides hanging out to sell tourists. And it is a hard thing to get a woman to pass up these furs.

Another thing, these people have learned to charge, just like other damyankees (east Tennessee goes Republican in elections, and they "fit for the Nunion" during the civil war) and they follow the

trend of their brethren in the north. They wanted from \$45 to \$300 for those furs and to be perfectly frank we wouldn't give two bits for one of them. But our women folks didn't think they were so high. Well, how in Sam Hill and Tom Johnson do you think the Old He would look with one of them skins about our neck?

Even if the two east Tennessee congressional districts persist in sending doggone Republican congressmen to Washington, we still say they are good folks. Didn't east Tennessee furnish such sterling Democrats as Bob Taylor and Cordell Hull, to mention some of the higher lights? So, we'll forgive them. We feel sure there were no negroes to free up there anyway, as they would have been afraid of the black "bars." There are fewer and fewer negroes after one passes Nashville until you enter South Carolina and on into Georgia, Alabama and Mississippi. Then Sambo and Manda are right at home.

And despite all the propaganda that the northern negro protective organization may say, in spite of all the CIO-PAC may tell you, the colored folks in those states, and that includes Tennessee and North Carolina, are the most happy, carefree people in the world. And if you seek some information, stop an old white headed negro, and he'll go to all the trouble possible to tell a tourist just what he wants to know. Those old black folks have not, as yet, gotten to the point that they are in such a hurry that they are not courteous to strangers. As elsewhere, white folks own most of the stores, but a negro gets just as much and courteous attention as whites, and if he is next in line, he is waited on. But don't ever expect those storekeepers back there to get in a hurry to wait on you. They are still strictly Southern, that way.

Before we quit this epistle, we passed through that section of middle and east Tennessee and North Carolina where a lot of your "chaws" and "dips" and "cigs" come from. We saw hundreds out

in the little patches whose rows followed the curvature of the hill or mountain, setting out the little pale yellow plants from the beds. Along in August or September these plants will be cut and put in the tobacco barns to cure, and then sold by some of those auctioneers you have heard but did not understand over the radio.

Like Texas, that section is short on Cokes and Peppers. You can come nearer getting a bottle of beer than either, and beer is scarce, this did not go very well with the women. We have a faint idea that if one looked enough, he might find some real "mountain dew" in those mountains. We didn't ask, but they bears that reputation. More soon.

Mr. and Mrs. T. A. Wood, of Boerne were here this week visiting in the home of their son, H. T. Wood, who has just recently returned home from service in the army. He and his wife took his parents home Thursday and spent the remainder of the week there visiting.

Mr. and Mrs. Frank Szydoski were in Dallas over the weekend visiting Mrs. Szydoski's parents. Their children, who have been there visiting since school was out, returned home with them.

Mr. and Mrs. D. A. Thompson and son, David and their niece, Miss Naomi Lee Thompson, are spending a two weeks vacation in California, Washington and Yellowstone National Park.

Mrs. William Stitt and children, of Miami, Fla., arrived in Fort Worth by plane Saturday, where they were met by Mrs. Cy Tankersley. They will visit relatives here in Brownfield.

Mr. and Mrs. Clinton Woodside spent the weekend in Tulia visiting Mrs. Woodside's parents, Mr. and Mrs. L. E. McClish and her sister and husband, Mr. and Mrs. Robert Little.

## NO MORE SCORCHING

No longer need American home-makers fear scorching of favorite garments by hot irons. The National Cotton Council reports that the chemically-treated cotton cloth shown in the picture permits steam pressing at home with a regular iron. Garments and fabrics on which hot irons can't be used directly can be pressed easily by placing the cloth over them. The treated cotton offers protection against shine, scorch, or wetting, yet the live steam penetrates to give a professional finish.

W. J. Sullivan, of McAdoo, Dickens county, was here last week visiting his brother, J. R. Sullivan and family. Mr. Sullivan lived in Terry county many years ago, at which time he passed some of his time in writing poetry for the Herald. After Mr. Sullivan left Terry, the Herald had to ban poetry, as we had too many budding amateurs. Mr. Sullivan, however, was a pleasant visitor at the office, twice, while here.

Rev. and Mrs. R. L. Shannon, of Meadow were in town Monday shopping and attending to business.

Adolphus Goodpasture is in a Lubbock hospital with a severe case of dysentery, according to his wife. He is improving, she stated, but is still a very weak man.

Mr. and Mrs. Bill Lyle, of Lubbock, and baby grand-daughter, were visitors in the Stricklin home a few minutes, Monday afternoon. They were to meet their son and wife, Billie, Jr., of Monahans, at Seminole, where they were to deliver the baby to its parents.

Shirley Bond and Inez and Christine Chandler spent Sunday afternoon in Lubbock visiting friends.

Mrs. W. L. Auvenshine has accepted a position with the Magnolia Petroleum Company, taking Mrs. Homer Parker's place, who resigned.

Mr. and Mrs. A. W. Turner returned Thursday of last week from visiting Rev. and Mrs. Avery Rogers in Victoria and attending a Retail Merchants Convention in Galveston.

A picnic supper in McKenzie Park Sunday evening was enjoyed by the following: Mr. and Mrs. H. L. Holleman, Mr. and Mrs. Gafford Cox, Mr. and Mrs. Tom D. Warren, Jr. and children, W. H. Ovie and Nuel Holleman, Clifford Chambers, Mavis Chrestman, Bula Ellis, Dean Alexander and Marie Winningham.

Mr. and Mrs. L. E. Hamilton and sons were called to Starr, Texas, Saturday due to the sudden illness of Mrs. Hamilton's father.

Mr. and Mrs. Coy Maroney went to Mangum, Okla., over the weekend to get their nephew, Jerry Gant, who has been there visiting his grandmother.

Mr. and Mrs. Johnny Bost and daughter, Linda Mae, spent the weekend in Carlsbad as guests of Mr. and Mrs. E. J. Bost.

Mrs. B. A. Baggett, Miss Theda Jobe and Eldon Baggett returned Sunday from a two weeks visit in Altus, Okla., with Mr. and Mrs. A. L. Bateman.

Mrs. Roy Jenkins is on a two weeks vacation from her work at Collins Dry Goods.

Mr. and Mrs. S. H. Holgate are visiting his sisters, Mrs. Poe Seward and Mrs. Dave Cunningham in Brownwood this week.

Mrs. Elsie Kendrick and children and Mrs. Orb Stice and children were in Ruidoso last week. Mr. Stice joined them the middle of the week.

Mr. and Mrs. H. T. Sefton returned Sunday from a two weeks visit with their daughter and her husband, Mr. and Mrs. D. N. Pittman in Compton, Calif., and with Mr. Sefton's brother, Mr. W. C. Sefton and his sister, Mrs. Sally Lewis, in Walsenburg, Colo.

Mr. Wyatt Hanks of Levelland is in Mineral Wells this week attending a school of instruction in insurance. Mrs. Hanks is visiting with her parents, Mr. and Mrs. W. H. Culver.

Misses Doris and Katherine Marchbanks and Mrs. Joe Hopp were in Amarillo over the weekend to attend a beauty operator convention.

Miss Virginia Cope, of Baker field, Calif., who has been here visiting in the W. H. Culver home left Wednesday of last week to return to her home.

Mr. and Mrs. Ernest Frahs returned last week from a 3-week vacation in Hollywood, Calif. They report a most enjoyable time sightseeing in the glass bottom boat at Catalina Island, snowbaling in the mountains and fishing. They also attended the formal wedding of their granddaughter in the First Methodist Church, Los Angeles.

## The Silent Farm Strike

An Editorial From The Bowie (Texas) News

**EDITOR'S NOTE**—Representative Ed Gossett of the Thirteenth Texas District had this editorial from The Bowie News inserted in The Congressional Record.

Because labor union racketeers, and their crippling of the nation's industry and transportation, and because of many Government meddling into private enterprise, such as the man on the soil is accustomed to, there is gradually spreading a shut-down of production on the farm and ranch—a silent, unwilling but necessary sit-down strike if you please.

No, not at all a strike in the sense we commonly understand by the big industrial strikes. But multiplied thousands of farms have had to curtail production, because of the unreasonable impositions and the hurtful restrictions now upon them.

These farmers are not organized, they are not acting in any agreed concerted manner, and they have no dictator leader telling them to strike, but there is in effect a strike just the same, a voluntary stoppage of much production. They are not getting publicity about it—and their forced plight and action will be felt by the nation and the world, just as much as some other shutdowns, which have been greatly publicized.

One example of the farmer and stockman's condition and attitude and forced shut-down of production of things needed to feed and clothe the world is our fellow citizen and neighbor J. R. Rater, well-known farmer and stockman, who lives not far from Bowie and has traded here for years. Mr. Rater did not inherit the 900 acres of land he owns, clear of debt, but knows how it came, by hard work and sweat and diligence and management. In the past he milked a lot of cows and sold milk and cream to help feed others. In the past he has run large herds of cattle and produced a surplus of beef animals—to help feed others. In the past he has plowed long days and into the night to produce grain and corn and other crops—to help feed and clothe the world. In the past he has raised several hundred turkeys to market each year. But, in The Bowie News office Saturday, Mr. Rater declared he has quit this diligent, hard work of trying to produce surpluses, because the strikes have made conditions so you cannot secure trucks or parts to enable you to deliver your products—cannot secure machinery or repairs any more for harvest and grain production equipment. He cannot secure protein feeds for livestock.

"And I cannot face the music of the unreasonable, unbusinesslike, unfair subsidies handed out as a salve to the farmers. If I have to go to the courthouse and get a hand-out in the form of a so-called mild production subsidy, I'll sell no more milk," Rater said. "If John L. Lewis is going to continue running the Government—yes, running it into communism and chaos through an indirect dictatorship—we'll just have to quit trying to farm until conditions permit us to do the job decently and reasonably. We're just butting our brains out against a wall, trying to grow big crops, grow and feed lots of cattle under present restricted conditions, where all the freedom of free enterprise is denied us. So I have decided to quit. I have already. I'm selling off nearly all my hundred head of cattle. My 275 acres of cultivated land will lie idle, and my pastures of the balance of the 900 acres will be idle, until I can run my affairs decently, at a reasonable profit and without killing myself and losing confidence in my fellow men with whom I have to deal to keep going under present conditions."

Mrs. Myrtle Gerst, who has been here visiting her daughter, Mrs. Ralph Ferguson, returned to her home in Austin, Tuesday.

Mr. and Mrs. C. A. McLaughlin spent Sunday in Plainview visiting Mrs. McLaughlin's aunt and uncle, Mr. and Mrs. J. A. Harter.

Mrs. Anthony Del Mastro, of Colorado Springs, Colo., is here visiting her mother, Mrs. C. E. McGuire and her sister, Mrs. Sam Montgomery.

Mr. and Mrs. Antone Copeland and daughter, of Silanas, Calif., were here this week visiting friends and relatives.

## Accomplishments Of Meadow 4-H Club

Members of the Meadow 4-H Club have been able to do more of their club-work now, since their school closed last month. Miss Dunlap, county home demonstration agent, accompanied by the 4-H members visited in the homes Monday to see the work done by the various members.

Although Effie Lou Gilliam had pneumonia quite recently, she had almost completed her cotton print dress and had material ready to make a gown. She was to make a frame garden Monday afternoon, and in case her dad is successful in striking a big stream of water in a well to be dug soon, she plans to irrigate the entire garden.

Laverne Joplin made a sleeping garment from feed sacks and planted her garden. On account of the lack of rain, however, her garden has not done well.

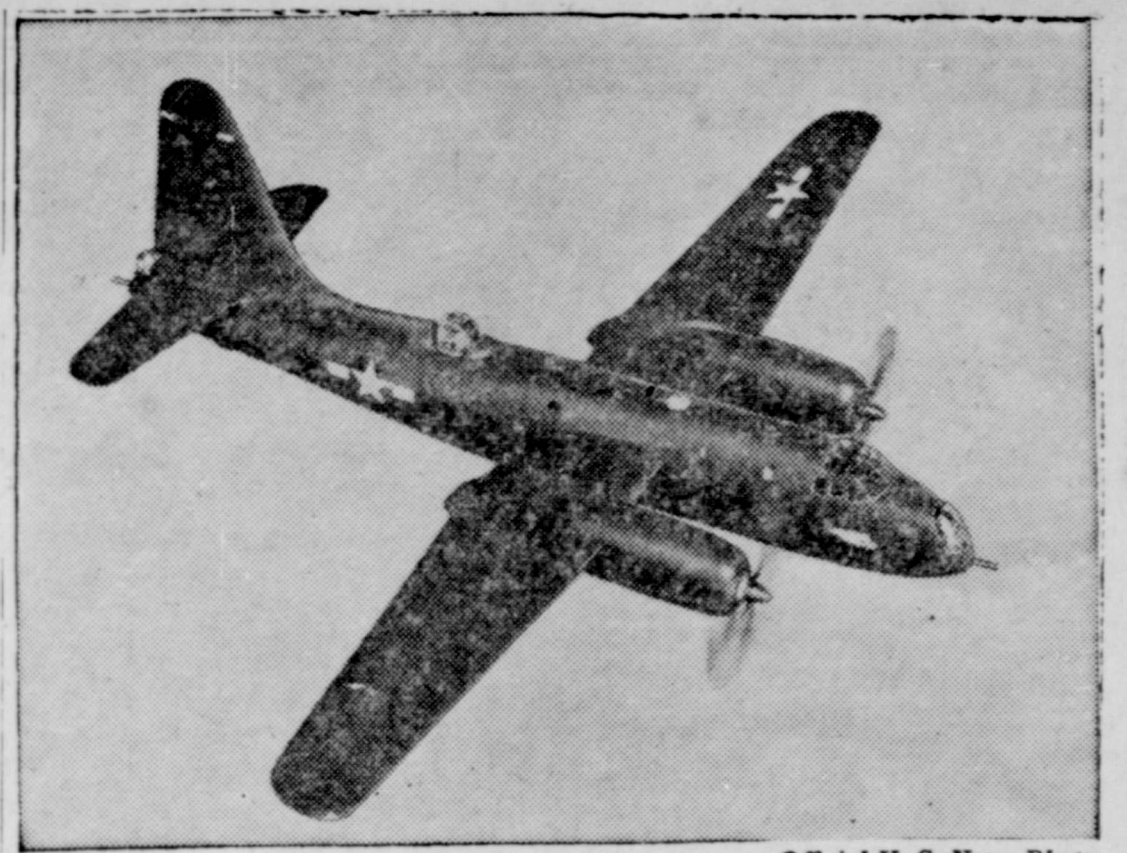

Doris Jean Massengill, just ten years old wears a red and white striped seersucker dress she made. The first problem in sewing that she completed was a gown made of a thin print. The garden has in it sweet corn, almost ready to tassle; squash about ready to bloom; and Kentucky Wonder beans, almost ready to bloom. This garden is irrigated every few days through furrows.

Doris Joplin showed a printed batiste dress made by herself which she has worn many times during the warm weather. A peach colored seersucker gown which Doris sewed was almost completed. She showed the materials on hand for the making of a rayon dress, a print dress, and a gingham blouse that she will make this summer.

Lee Nell Walker displayed her dress which was placed third in the recent county dress revue. The skirt was made of a printed feed sack and the top was made of two flour sacks. It has been one of her duties this spring to assist her mother in the care of 100 baby chicks.

Naomi Dean Thames is waiting until she can find a suitable pattern before she makes her red and white print sack dress. She has been busy helping her mother with the home garden.

Delene Falkner and her family are demonstrating good care, correct planting and plenty of water in gardening. They now have to eat out of their garden, squash, potatoes, green beans, cucumbers and beets. The radishes, lettuce and mustard are past production.

**THE TWAIN MEETS**—IN RECORD-BREAKING TIME!—A new east-west speed record was set by this new Navy Neptune patrol bomber, a two-motored Lockheed P2V, when it sat down at Burbank Field, Calif., 9 hours 23 minutes and 2 seconds after its take-off from Floyd Bennett Field. This sliced 39 minutes off the previous best speed, despite poor flying conditions that forced the plane 150 miles off course. The Neptune was piloted by Commander Thomas D. Davies, of Chevy Chase, Md., and carried three naval crewmen and two civilian passengers.

Okra and tomatoes are now blooming.

Lillie Mae Miller helped her mother to plant the garden and because they do not have mechanical ways of irrigating it, Lillie Mae helps to keep the plants alive by watering them every few days with water carried in buckets. She has helped to supply the family food supply by helping to care for 100 baby chicks this spring.

Dora Lee Jones pieced and quilted a quilt by herself, besides making a pair of pajamas. Dora Lee has helped her mother to feed and water 150 baby chicks and this week she has entire care of the house and cooking while her mother is away.

Frankie Maynard exchanged feed sacks for flour sacks with a particular design she wanted. From these flour sacks she made a print dress and trimmed it in three different colors of rick rack braid. She also made a pair of shorts, two dresser scarfs and helps with the family gardening. Through irrigating it, they now have for table use from this garden, onions, radishes, lettuce and turnips. The mustard is past production and is blooming. The tomato vines will soon be setting fruit.

Beatrice Bolen is learning to sew in order to make her own clothing and to help her mother with the sewing for her younger sisters. Beatrice has made one print dress and one feed sack dress besides a pair of shorts for herself this spring. Beatrice carries water each day to the garden to water the plants in an effort to keep them living. She and her mother hope to keep the tomato plants alive.

## JUDGE SAYS —

The Maritime strike turned out to be only a ship tease.

Voting the county wet won't stop this drought.

GNW's latest lament over his many foolish deeds, is wasting four hundred dollars on a water proof roof over his new office building.

That Louisiana Negro boy who escaped death in the electric chair because of defective wiring, has appealed to Supreme court on the ground, "can't twice put a man in jeopardy for same offense." Surely the hot chair is jeopardy.

Mr. and Mrs. Morris Lowe and daughter, Maurcene were in Ruidoso visiting friends, this week.

Mr. Charles Bailey, who owned the Bailey Body and Fender Repair Shop has sold his business and he and family left Saturday to visit with Mr. Bailey's parents in Wichita Falls until they decide where to locate.

until fall rains come to help them produce.

Dixie and Dorothy Burson have each made pajamas for themselves and Dorothy made a skirt from feed sacks. They are both helping to produce food for home use by caring for 600 baby chicks and two hogs. One of the hogs belongs to them and they plan to increase their bank account with it.

## We Sincerely Hope—

to be able to supply all our customers with a normal supply of finer printing on the quality paper you've always associated with any printing job from our plant.

However, printing paper still remains available in limited amounts only. Under this circumstance, we continue our practice of trying to supply all our customers with enough printing to cover basic requirements.

We know your demands are real and we are deeply appreciative of your continued patience and understanding.

## LADY LUCK

By George Peck

Lady Luck has not been smiling upon us lately. She's a bit puzzled and annoyed at the way America has been behaving since V-J Day, and small wonder. She just can't understand why a formerly industrious people is exhibiting such reluctance to get to work.

The present situation brings back to mind a motto which I saw some years ago on the office wall of a business executive. It read: "I am a great believer in luck; the more I seem to have of it."

A few days after reading this brief essay on luck and work, I was the weekend guest of a friend at his shooting lodge. There above the immense fireplace extending across the end of the living room was another motto. It seemed to go hand in hand with the one seen a few days before. It read: "He who chops his own wood gets warmed twice."

Those two mottos, it seems to me, tersely and eloquently describe the America that was, an America that we must revive to make it once again a land where men work and take pride in doing their jobs well.

It had been the American concept that the man who worked a little harder and a little better deserved a larger reward than his less industrious and less skillful fellow worker. Until recently no one in this country had even thought of denying to that man his right to a larger compensation. It was the competitive spirit between Americans, whether they were bosses or workers, which was largely responsible for making America the greatest country the world has ever known, with the highest standard of living for all classes.

In recent years, sad to relate, certain individuals and groups have been trying to disrupt this American scheme of things which justly rewards individual effort, initiative, ability and thrift; they would have us abandon our right to pursue individual opportunity as it presents itself, or we seek it out; they would deny the individual the right to share in the profits of personal accomplishment; they demand that we set up here in America a different system under which there would be no incentive to work and to create.

For lack of a better name we call this great American system "Free Enterprise." Under it for a century and a half, as a nation and as individuals, we made great progress. If we cast out this system, our forward progress will cease, decay will set in, and we will lose our place in the sun as the world's greatest nation. Our defeat of Hitler and Hirohito will have availed us naught if we lose at home those things for which we fought so valiantly and successfully broad.

Let us, therefore, turn deaf ears to the defamers of our American System of Free Enterprise. There is nothing fundamentally wrong with that system. True, it has its shortcomings, but for 150 years we were gradually eliminating those flaws. Let us resume with that refining process, to make better the best economic system ever devised in all the history of mankind.

Let's have done with the something-for-nothing schemes; let's out looking for a daily visit from Santa Claus instead of his time-honored annual pilgrimage. Let's recognize again the old truth that "he who chops his own wood gets warmed twice." Let's get back to work—hard work brought us luck in the past and hard work will bring us even better luck in the future. Let's wipe that frown from the face of Lady Luck.

A card from Mrs. P. F. Bruce this week stated she was taking a rest out at Los Cruces, N. M. Her daughter - in-law, Mrs. Velma Bruce, was doing all the work, and she was taking things easy. Hot and dry, she reported.

Pfc. Eugene Jenkins came in last Monday from Tokyo, Japan, on a 15-day furlough. He is visiting his wife and father, Mr. J. T. Jenkins. He reports to Camp Hood at the end of his furlough for re-assignment.

F. L. Morgan, Sr., of Brownfield, was called to Detroit, Texas, Monday by the serious illness of his mother, Mrs. J. M. Morgan. He was accompanied by Miss Nancy Morgan.

Mr. and Mrs. Tobe Howze were in Lubbock Thursday.

## Former Brownfield Ginner Taken By Death

Bob McDonald, 44, who came with his parents to Brownfield in the early twenties, to engage in the gin business with his father, who built what is now the Farmers Gin No. 1, died early Tuesday afternoon at a Levelland hospital. He was owner of a gin at Levelland.

Some time after his marriage to Miss Lillie Mae Warren, daughter of Mr. and Mrs. George Warren of this city, they located at N-cona, Texas, where he was in the gin business a number of years before moving to Levelland. A sister, Mrs. Ross Sams, of Waco, also survives.

Funeral services were conducted Wed. afternoon at 4 o'clock, at the First Baptist church, this city, with the Levelland pastor, Rev. Franklin E. Savaner, officiating, assisted by the local pastor, Rev. A. A. Brian.

Burial in the Terry County Memorial cemetery, under direction of Brownfield Funeral home.

GI Question And Answer Department

Q. May a pension be paid by the Veterans Administration because of a service-connected disability where the veteran's service was other than in time of war?

A. Yes, for disability resulting from injury or disease contracted in line of duty, when such injury or disease was incurred in, or aggravated by, active military or naval service in time of peace.

Q. If an eligible veteran is taking a course of education or training but due to illness is unable to continue for several weeks, may the time of his training period be extended?

A. Yes, it may, when his physical condition will permit. The to-

tal period to which the veteran is entitled may not be increased.

Q. Are there any charges for a guaranty of loan by the Veterans Administration?

A. No. Commissions, brokerage, or similar charges may not legally be assessed against a veteran for securing a guaranty of loan. Of course, those fees usually borne by a borrower, such as appraisal, title research, title guaranty, transfer fees, etc., may be charged against the veteran.

Q. May a veteran start training under the GI Bill in a trade and later find that it was ill chosen, and change to some other vocation?

A. Yes.

Q. Can a veteran with a dishonorable discharge receive benefits under the GI Bill?

A. No, but any discharge other than "dishonorable" does not disqualify him.

Jester Gives Opinion On Paroled Convicts

Austin, Texas — Parolees from the state penitentiaries who violate their liberties should forfeit all future consideration for parole or probation.

This opinion was voiced by Beauford Jester, candidate for governor, in a statement in answer to inquiries from peace officers of the state.

Mr. Jester's statement declared: "Our peace officers are disturbed over the fact that many men sentenced to prison for serious offenses are released from our penitentiary on parole without adequate supervision. The result is the furtherance of crime.

"The fault lies with no person or group of persons, but the fault is in the parole law itself.

"When I am elected Governor: I shall recommend the passage of a modern and enforceable parole and probation law such as other states enjoy, which will humanely seek the rehabilitation of those deemed worthy of parole or probation, but which at the same time, will protect the people of Texas from the depredations of habitual criminals.

"I think that the law should be so clarified and strengthened that no person or parolee, who commits a felony, should ever be entitled to parole again. I am so advising the peace officers who have asked me my position on this important question."

There is a safe and grand feeling to gold. There is nothing to arouse your suspicions about a 5 buck gold piece. It is good the world over—in India, in North Africa. Some printing on a piece of paper—including even Uncle Sambo's picture — is a second choice money, a kind of synthetic makeshift, you might say.

Confidence amongst our own folks would be revived if they had some real "jingling money" in their jean's pockets. With gold back in the saddle as money, Congress might attach a little importance to same versus spending it like river water.

Super-Chickens Goal Of Texas Poultrymen

Nearly 7,000 chickens have been entered by poultry breeders in the Texas section of the national Chicken-of-Tomorrow contest, F. Z. Beanblossom of Texas A. & M. College, chairman of the state contest committee, has announced.

The best of these birds will be displayed and judged at a site to be selected by the state committee when the current 14-week growing period for the entries closes on August 21. The 1946 winner will be awarded \$100, while the state committee also has provided suitable runner-up prizes. All contestants will be eligible for the \$5,000 national championship award or part of the \$3,000 in regional prizes to be awarded in 1948 by chain stores, which initiated the three-year breeding program.

Beanblossom said the objective of the contest is to encourage poultrymen to develop meatier chickens which will have at least 10 per cent more meat in relation to bone structure, combining this added meatiness with higher egg-laying ability. Contestants include professional breeders, 4-H and Future Farmer Club members, hatcherymen and backyard flock owners.

CIO And Negro Appeals to Foreigners

Newspaper dispatches report two developments of the past week of much more significance than these dispatches indicate on their face. A dispatch from Detroit, dated Saturday, June 1st, reported that the National Negro Congress, holding its tenth anniversary convention in that city, had "petitioned the United Nations to bring 'relief from oppression' to 13,000,000 of the race in the United States." Then on Sunday, June 2nd, came a dispatch from Washington with the news that "CIO maritime leaders Sunday night appealed to foreign workers to support their June 15th strike by considering as 'scab ships' any vessels operated by the United States armed forces." This dispatch added the "Joseph Curran and Harry Bridges made the appeal in a cablegram to the World Federation of Trade Unions (WFTU) at Paris."

What these dispatches do not disclose is that both of these moves are in accordance with the Communist "line" and that it is more than probable neither action would have been taken if it had not the previous approval of Moscow. It is well known and fully established that the National Negro Congress is a Communist "front" organization and while Curran and Bridges have carefully avoided actual membership of the Communist party, both have consistently followed the Communist "line" for years.—Southern Weekly.

The vote was 329 to 224 against the CIO, or 59.5 percent to 40.5 percent.

Three separate elections were held; one for the logging operators, and two for the men in the two plants. Logging operators voted

Enlists In The Regular Army

Jesse D. Parker, Sam C. Chambliss, and Charles R. Gorman have enlisted in the Army Air Forces for three years and will go to the Pacific theater when finished with their training here in the States. Their intelligence test was very high and will be given preference over many others for schooling in the army. They are graduates of Brownfield high school. Their reasons for entering the service was to receive the benefits of the GI bill of rights. Their decision of three years gives them four full years of college after their discharge.

They were sworn in the army on June 6, 1946, at Clovis Air Field, New Mexico.

Doorstep Notes Appeal To Kaye

Danny Kaye, who plays a milkman in "The Kid From Brooklyn," received a deluge of letters from real milkmen while the film was being made.

"Don't forget the drunks who want to drive the horse and deliver the milk to the door," wrote a St. Louis milkman.

A Buffalo milkman advised Danny he might have to carry in the wash if it rains or feed the dog and cat as he is requested to do by one lady.

A Minneapolis milkman wrote that one customer asked him to come back after finishing his deliveries to help lay a concrete sidewalk. "If I didn't, he said he might change dairies."

A Philadelphia milkman warned Kaye to be ready to act as an ambulance for mothers-to-be.

Another told him to learn to read double talk and cited "please

leave the milk behind as somebody is helping himself in front!" and "lay a dozen eggs on my front porch."

**Former Brownfield Man Gets Awarded Legion Of Merit**

Houston, Texas — For outstanding work in the Army Air Forces audit and financial program, Dr. Fladger F. Tannery, general auditor of the Humble Oil and Refining Company, was awarded the Legion of Merit at a ceremony Monday afternoon, June 10, in Dallas.

The presentation was made by Col. T. R. Rampy, chief of the A. A. F. contact audit division, as a highlight of the afternoon session of the Texas Certified Public Accountants' annual convention.

Dr. Tannery was principal of schools in Brownfield from 1925 through 1928, and is the brother of Mrs. J. H. Carpenter of Brownfield.

He holds three degrees from the University of Texas, including the doctor of philosophy degree, and has been with the Humble Company since November, when he was placed on terminal leave from the Army. He taught at the University of Texas for ten years before going into the Army Air Forces October 1, 1942, and during most of the time he was on the University's faculty he was listed in Who's Who in American Education.

Dr. Tannery entered the Army with the rank of captain and had the rank of colonel when he was placed on inactive duty. During the first four months of his Army career he was in charge of the Fiscal Planning Section in the Division of Management and Control, Headquarters, A. A. F. In March, 1943, he was assigned as chief of the Contact Audit Branch, Headquarters, Army Air Forces. In this position he was charged with the direction and supervision of all the contract auditing for the Army Air Forces. At the peak there were more than 4100 persons on the staff doing auditing in approximately 400 locations throughout the United States and certain foreign installations.

Margie Graham, Nancy Weir, Charlie Lou Gaston, Betty Ferguson, Cynthia Black, of Carlsbad, Ann Snedeker, Janene McAllen, Lynn Sturges, Barbara Stice, and Mesdames Ralph Ferguson, Phil Gaasch and Joe Murphy left Tuesday for a weeks stay at Buffalo Gap, where they will attend the Presbyterian Junior High Summer camp.

Ocia A. Carr, coxswain, Brownfield, Texas, has been discharged after honorable service in the Navy, at the personnel separation center in Charleston, S. C.

Mrs. Ralph Ferguson, society editor of the Herald, is taking a short vacation this week.

Mr. and Mrs. W. H. Padgett, of Lubbock announce the birth of a baby daughter, June 15th in the West Texas Hospital. The baby weighed 6 pound and 12 ounces at birth and is named Donna Elaine. Mr. and Mrs. Luther Jones, of Brownfield, are the proud grandparents.

Mr. and Mrs. R. S. Hamm attended the wedding of their granddaughter, Joyce Horner, to Mr. Stanley Smith, of Lubbock, at Seagraves Saturday evening.

**SIDELIGHTS From Washington**

By George Mahon

This column is being written on Saturday afternoon, June 15th. There is much uncertainty as to just when Congress will recess or adjourn. The best guess seems to be that Congress will recess about July 15th for a period of three months. Such a recess would be very much in order, as Congress has been in session all or a part of practically every month since the war began more than four years ago.

On Thursday of this week I was able to secure passage in the House of my bill involving appropriations and programs for all Government owned corporations—40 in number. Under the bill the Commodity Credit Corporation will have sufficient funds to carry on the support price and loan programs on cotton and wheat and other basic crops. Parity prices fixed by the Department of Agriculture, unfortunately, do not take into consideration all labor costs, but the approval of the Commodity Credit program will prevent the possibility of a collapse in the price of cotton, grain and other important crops for at least a two-year period. This is the most hopeful thing on the horizon for West Texas farmers. But on account of the continued drought, price guarantees for the present do not mean too much.

On Friday, June 21st, we are scheduled to present to the House the bill making appropriations for the Army for the fiscal year beginning July 1st. This will be the biggest bill presented to Congress this year. We are providing funds for pay and equipment for a modern Army and occupation force which will average about 1,250,000 men during the year. The sum recommended will be 7 billion dollars—a huge sum—but we have proceeded on the basis that the American people believe in a strong national defense program and are willing to pay whatever

**ARMY STREAMLINES ORGANIZATION**

Released by U. S. War Department, Bureau of Public Relations.

**THIS MAP DEPICTS** the new division of the Continental United States into six Army areas under Army Ground Force's control, a part of the War Department Reorganization Plan announced recently. Under this plan, which becomes effective June 11, 1946, Army areas will replace Service Commands and will place tactical as well as area command in the hands of Ground Force's Army commanders. Headquarters for the six armies will be located at the following cities: New York City, Baltimore, Atlanta, San Antonio, Chicago and San Francisco.

ers of America have lost a true and powerful friend. The farmers of the Nation did not always agree with Senator Bankhead, but they never questioned his loyalty to the cause of agriculture. In the post-war years our agricultural producers will be confronted with problems varied and difficult, and we will need the best possible leadership.
