

TERRY COUNTY SOLDIER DEAD LIST BEING REVISED FOR PLAQUE

Committeemen of the Local American Legion Post, are working hard to complete a list of Terry county's soldier dead, for the bronze plaque to be erected in the Courthouse, to perpetuate the memory of those who paid the supreme price for our country.

As pointed out last week, there is no official record kept, of those lost in the last two wars. The sponsors of this plaque have to depend on information furnished by parents, friends or relatives.

We publish below a list, furnished us by the American Legion Committee, of those who were lost in the two world wars. Those interested are urged to check this list, and report to the committee any errors in spelling names, initials, and especially their given names. Please advise Raymond Simms or Judge C. L. Lincoln, of any errors, and especially if you have someone whose name is not included in this list.

World War I

Earl Denton To Manage Knight's Seminole Store

Earl Denton, who has been a fixture at the J. B. Knight Hardware for many years, with the exception of the time he was in the service, goes to the Seminole Store as manager. His many friends will miss the smile of Earl, as well his efforts to please his customers. We know the Seminole people will like him.

His brother, Harold is taking Earl's place, and while not quite so well known by the people here as Earl, will in time do so. Our good wishes go with Earl and family to their new home.

Softball Continues Drawing Crowds

The softball tournament, are meeting their schedules, and increasing in interest as well as batting averages. In last Monday night's game, the Jaycees scored 15 over Gene Gunn's 5. And in the second game, Sinclair Oil's scored 7, to Primm Drug 5.

On Tuesday night Hermans Gin won over Mack's Oil Well, and in

While We Were Touring Through Georgia

If you ever tour the old state of Georgia, better lay off that damyankee song about "marching through that commonwealth." Leastwise, you better have a southern license tag if you do, and speak with a drawl, and drop your "R's". We bunked at Asheville, NC., the second night out with the worst old crab in the state. He had pretty nice cabins, but also the asthma, and no coal as the miners were on strike at that time, and we retired early to keep from freezing. He wanted the ladies to do the maid service for him, which was politely but firmly rejected. They informed him that at the price he was getting, he should furnish that.

Having met this critter in the form of a human, we did not tarry long in Asheville next day, although it is a beautiful city. There is one thing you must always remember back there. No matter where you stop your car, you'll either roll forward or backward. And we discovered that a car has a brake, while there. Between where we spent the night and the main part of the city, a long tunnel, perhaps a mile long, runs through a mountain. This tunnel has a high center elevation, so as to drain both ways, and is well lighted day and night. Asheville being a resort city, has many beautiful hotels.

We headed south from there to get in a warmer clime. Reached Greenville, S. C., before noon, where the male members sought a shave, while the ladies shopped for post cards to send home, and other frivolities. Thence south again and by early afternoon we crossed the line into Georgia: And unless a near miracle happens that old state is going to crowd Texas for first place in cotton production this year, if all the rest of Georgia is like the portion we saw. Watch our prediction. But they are way late on their corn planting, according to farmers we talked with in the small towns and at country filling stations. We found the people of South Carolina and Georgia to be very friendly folks. The only time we had any doubt was just after we told a Greenville, S. C. barber we was from Texas, he took a nip out of our lip with his razor that didn't cure until we got home.

One of the most wonderful sights we saw in Georgia was Stone Mountain. There were no kluxers that we saw, but there was some buzzards—no relation. Stone Mountain sets out on a rolling country, but no more so than usual back there, and is solid granite it is said. How come, will have to be left to geologists. Anyway, there is the outline of General Robert E. Lee on Traveler, his favorite mount. None of the rest of the group of Confederate generals were even started when Borgrom or Borghum, the sculptor, and the Confederate committee had a fuss and decided to quit. We still have our half dollar we paid a dollar for to get that sculpturing done.

At first glance you will imagine the mountain to be 100 or 150 feet tall, but a more casual glance, and you will note that buzzards half way up, look no larger than snowbirds. More anon.

First Half of Softball Tournament Ends

With last Tuesday night's game, the first half of the softball tournament ended. The schedule will be the same beginning the second half, next Monday night.

Last Monday night the Jaycees won with 15 over Gene Gunn 5. In the second game, Sinclair Oil station scored over Primm's Drug, 7 to 5. Tuesday night, Herman's Gin won over Mack's Oil Well, and in the second game, Furr-Newsom Gin won over Hamilton Tire.

So far, Herman's Gin and Primm's Drug are tied for first place and the Jaycees and Sinclair for second place. At the end of the next five weeks, tournament for the four winning teams are to be played off for the final winner.

The second game, Furr-Newsom Gin won over Hamilton Tire.

BROWNFIELD TEXAS

NUMBER 48

Formal Opening Of The Haynes Bakery

There is but little excuse in telling people about Johnny Haynes other than people who have made Brownfield their home for a short period, say the past two or three years. For Johnny was in the bakery business prior to our unpleasant session with the three Axis powers, which have since been eliminated.

Up to about three years ago, Johnny was peacefully making loaves, rolls and cakes under the name of Dixi-Star Bakery. But he decided that Uncle Sam was

JOHNNIE HAYNES

needing his services, and got into naval uniform, and instead of baking for civilians, he was sent overseas, and baked for a bunch of Gobs.

Johnny married a Brownfield girl, Miss Lorena White, and has his home here. They have a daughter, Johnora. Therefore, it is but natural for him to return home and go back into the same business that was interrupted by war. He purchased a desirable lot at Hill and Second streets, and after trials and tribulations of getting material, he is now ready for his formal opening. He has already been baking for a week. He has a beautiful new bakery building, made for that purpose only. It is neat and clean, and he aims to keep it that way (he learned to swab decks while in the navy.)

Enough said, but Johnny as well as the Herald asks that you attend this opening in person. See his plant—and buy Brownfield cooked bread. People who make your bread here spend their money in Brownfield.

One And A Half Inch Rain Falls Here

While one and 48-100 inch rain was falling here Saturday night and Sunday, some sections of the county—too many of them got very light rains—not enough to plant on. C. T. Edwards six miles north of the city, stated he got at least two inches.

In the sections of the county that received sufficient moisture planters are going, some of them day and night. We noted in one field north of town Tuesday afternoon, that two 4-row planters were going full tilt.

In some sections, the farmers are just patiently waiting for more moisture, and hope it will not come too late. Peas and feed can still be planted with pretty good assurance of a harvest.

P. S. another light shower Wed. night of 29-100 inch. Heavier in some sections of the trade area. Some entirely skipped again.

Lions Elect New Officers

At their weekly luncheon Wednesday the Lions elected the following officers for the ensuing year:

Virgil Crawford, President; N. T. House, 1st Vice President; Chick Lee, 2nd Vice President; W. A. Roberson, 3rd Vice President; Alton Webb, Secretary; R. N. McClain and Frank Szydoski, Directors; Les Short, Tail Twister; Doc McIlroy, Lion Tamer.

Band Hopes For New Uniforms Soon

The High School Band has real news this week. We have heard from our uniform manufacturers and will be able to place orders for same in the near future. When the order blanks come Mr. Horn will need to get all the band together for measurements on very short notice.

Last week the Junior Band had a picture show party and ice cream supper. There were about 40 who enjoyed the treat at which time nearly five gallons of ice cream was consumed. Mr. Horn was ably assisted in making this a success for the youngsters by: Mrs. Roy Ballard, Mrs. Walter Hord and Mrs. Horn. The movie was a treat by Mr. Hiram Parks and was thoroughly enjoyed by all.

It has come to my attention that some merchants, in addition to giving a certain amount by pledge each month, are also giving time off to their employees so that they can participate in the concerts on Saturday afternoon. We wish to show our appreciation for this added help by recognizing them in this column: Cave's Variety, Piggly Wiggly (2), Furr Food, Primm Drug, J. L. Cruce Auto Parts, Hobby Grocery. There may be others whom I have overlooked in which case I will make mention of them next week.

The bands are doing some good work in rehearsals but I want to urge everyone to come more regularly for when school starts again we want to spend most of our time on learning drills, and not so much the fundamentals of playing. Another cautious warning about our high school students working hard; some of these Junior band members will get your position if you don't watch out!

The orchestra is quite active this summer. It will compare favorably with any of the bands around. They can be seen in action this Friday night entertaining the Rotary Club. This is excellent training for the more advanced members of the band.

A last maximum for bandsters, "There's no substitute for practice."

Palace Drug Opens Walgreen Agency With Big Sale

Mr. Arthur Nunn, manager and partner of the Palace Drug Store of this city, announced this week that they were having their formal opening of their Walgreen Agency this week with a huge sale. This sale, in which hundreds of needed articles will be cut to the quick, will be offered to the general public, Friday, Saturday and Sunday this week.

This big sale will include every department of the store, and you will find a big saving on many articles you use daily. Employees are busy this week unpacking and putting in shelves one of the largest drug stocks to be found on the south Plains. A large and well trained personnel will be on hand to help you select the articles you need.

Mr. Nunn stated that his partner, Mr. C. B. Greathouse, and his wife, from Midland, will be here, as well as several of the officials of the company. The idea is to make this one of the most outstanding drug and sundry sales you ever attended.

No expense has been spared to this end. Page ads in the newspapers, as well as large four page circulars, will combine to reach every nook and corner of the huge Brownfield trade territory.

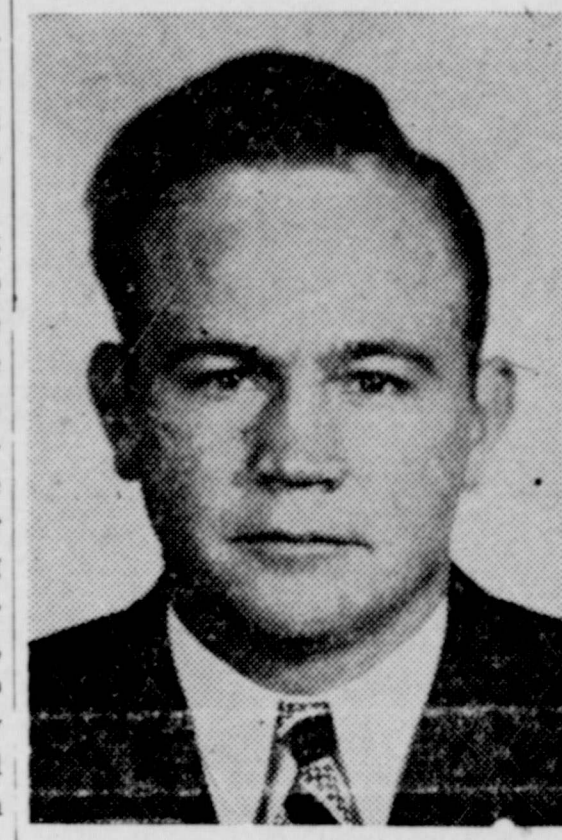

Don't fail to attend this big drug sale.

Mrs. R. W. McDonald and Mrs. Gail Willis, of Levelland, took their sister, Mrs. L. L. Echols, who was here to attend the funeral of Mr. McDonald, to her home in Amarillo, this week and remained for a short visit.

Banner Creamery Has New Manager

Brownfield welcomes to our fast growing little city, Mr. and Mrs. J. F. Driskell, and year old daughter, from Waco, Texas. He is the new manager of the Banner Creamery. Mr. Driskell was formerly with the Alta Vista Creamery, of that city.

Mr. Driskell promises the customers and friends of Banner courteous and efficient service, and with as sanitary handling of their products as it is humanly possible. Any time that a customer feels that their service has not been up

J. F. DRISKELL

to par, Mr. Driskell invites you to call him and make your complaint.

Mr. and Mrs. Driskell have apartments which are furnished them at the Banner plant. It is their intention to become a part and parcel of the social and religious life of our little city, he being a Baptist and Mrs. Driskell a Methodist.

Mr. Driskell welcomes your calls, or if you see him on the streets, stop him and tell him who you are.

Government To Lose Heavy On Crop Insurance Here

Louie Miller, with the AAA, estimates that government insurance covers about 20,000 acres of cotton in Terry county for 1946, and concedes payment to be made on same as total loss at about \$10.00 per acre. While there were considerable more acres, insured originally, many failed to plant, which is a requirement to entitle one to payment.

George Mahon, when here a few weeks ago, made the statement that the government had paid out some fourteen million dollars on crop-loss insurance mostly in West Texas for 1945. This year's loss may cause abandonment of the plan.

Mr. Miller also pointed out that many farmers have failed so far to sign their crop plan sheet, which entitled them to conservation of soil payments. He urges this to be done immediately.

City-County Lets Contract For Airport

At a joint meeting this week, of County Commissioners and City Council, they let the contract for construction of the municipal airport building on the half section of land owned jointly by the city and county, four miles east of the city on highway 380.

The building of structural steel and concrete floors, will cost in the neighborhood of \$11,450.00. A local man, G. V. Paden got the concrete floor contract, which is to be six inches thick. Price of \$2450.00 was named as the amount. It is our understanding that work is to begin as soon as materials can be assembled.

The structural steel work was given the Starr Manufacturing Co., of Oklahoma City. The building is to be 60x84 feet, and the contract calls for \$9,000.00 as payment when the job is complete.

Claude Hudgens, former Brownfield resident, now of Levelland, was in town a short time Thurs.

SPEAKING DATES ANNOUNCED BY TERRY COUNTY UNITED DRYS

Church Goes Ahead With Building Preparation

Some few weeks ago, we stated in these columns that the church of Christ, worshipping at Main and Third, had decided that in view of scarcity of building material and high cost of construction, to build an addition to the present structure, out to the sidewalks, to hold the congregation till ready to build on their site on Lubbock Ave.

Then the building committee ran up against another Jonah. They found that in obtaining a building permit on Main street, they would lose the one on Lubbock Ave. The lowest bidder on the building selected was near \$100,000. So, the committee have hired Ed Harden, local contractor to have charge of the building operations, when building material has been put on the ground.

Joe Chisholm, building committee chairman, informed the Herald this week that they had been promised brick in about six months. That means there will be no building before January 1st, next year, at the nearest. In the meantime, the foundations and basement for heating units can be run, ready for building operations as soon as possible.

Joe stated that the old church would likely not be wrecked to be put in on the new one, as the congregation would have no place to meet and worship until the new structure is completed. Then it will be torn down and the lumber sold. The site is for sale.

In the meantime, the large congregation is being packed in sardine fashion by using chairs in aisles, and around the outer edges of the interior.

Ladies Softball League Report

By Mrs. Andy (Babe) Anderson Thursday, June 28 the Brownettes made a trip to Tahoka and played a very exciting game with a 9-7 victory. Because of other games scheduled only 5 innings were played. In the second inning Lois Forbis made the one and only home run of the game.

In the league Thursday night the sideline got plenty of runs for their money when the Portwood Slick Chicks defeated Short Motor Red Socks 31-30.

The White Bears breathed easier after a fast game with Plains Liquefied Gas ending in a 6-3 score. Tommie Kelly did some powerful pitching for Plains Liquefied Gas. Dean Moorhead and Ethelda Edwards, faithful pitcher and catcher for the Bears, played a smooth steady game. In the 6th inning Mola Moorhead got a hit in left field for a home run bringing in a runner from second.

The Brownfield All Stars, consisting of players from each team, journeyed to Midland Saturday, June 22. The victory they hoped to win was rained out, the girls returned to Brownfield and brought the rain with them.

In a practice game this week Short Motor Red Socks played a good game to be defeated 21-11 by the White Bears.

Short Motor picked up speed with Al's Taxi for a 15-13 score. Christine Hyman and Dorothy Beard had the mound for the Red Socks; Viola Cowan pitched for Al's Taxi while brave Joyce Lewis did good catching close to the bat.

In the league this week Brownettes vs Portwood Motor and Al's Taxi vs White Bears; also Odessa vs Plains Liquefied Gas which will be one of the best for the season.

Don't forget July 4th league games, Gomez vs Short Motor and Portwood Motor vs Al's Taxi.

Editors Note: Why not give us the standing of the teams from now on, Babe?

Most of the communities of Terry County are having rallies of the people to prevent the return of saloons. Ministers and laymen and the County Judge and the Mayor of Brownfield and professional and business men, farmers and recent service men, are speaking with great conviction in these rallies. The Brownfield band is playing at one rally this week. The following singers are helping with special songs:

Mr. and Mrs. Mack Thomason, Mrs. Frank West, Mr. Otis G. Lewis, Mr. and Mrs. Jim Jackson, Malcolm Thomason, Tommie Harrell, Mr. Grant and Mr. Webb; perhaps others, and county and community chairmen are busy with plans for the rallies and insisting on all voters registering their protest. The Terry County United Drys are asking all churches and Sunday School teachers to present their cause Sunday morning. These workers insist that by legalizing the sale of alcoholic beverages we will still have all the present violations and violators of the law we have had, with the added evil of the saloons and saloon keepers.

A County-wide rally is to be held on the Courthouse lawn next Wednesday at 8:30 P. M. Judge Homer Winston is to preside and Rev. A. A. Brian will speak after several citizens of the county have given short personal testimony. Opportunity will be given at all rallies for questions and speeches from those who favor the return of saloons.

The following schedule of dates, programs, and places for rallies has been arranged:

Pool, Monday, June 24, Tommie Harrell, J. B. Bickford; entertainment, quartette.

Forrester, Tuesday, June 25, W. T. Sparkman, Jess Smith; entertainment, quartette.

Gomez, Wednesday, June 26, Burton Hackney, Rev. Ed Tharp; entertainment, quartette.

Tokio, Thursday, June 27, Rev. R. N. Huckabee, K. W. Howell; entertainment, band.

Scudday, Friday, June 28, Rev. A. J. Franks, E. B. McBurnett; entertainment, quartette.

Challis, Friday, June 28, Rev. C. R. Mathis, J. O. Gillham or Leo Holmes, entertainment, vocal.

Johnson, Friday, June 28, Rev. R. L. Shannon, Frank Jordan; entertainment, vocal.

Union, Monday, July 1, Rev. A. A. Brian, A. M. Muldrow, entertainment, band.

Wellman, Tuesday, July 2, Sam Brian, T. C. Hogue, entertainment, band.

Pleasant Valley, Tuesday, July 2, Rev. J. E. Peters, Frank Daniel; entertainment, quartette.

Brownfield, Wednesday, July 3, Rev. A. A. Brian, H. R. Winston; entertainment, band.

Meadow, Friday, July 5, Rev. Ed Tharp, H. R. Winston; entertainment, band.

Mayor, Supt. Of Utilities Rotary Guests

Mayor Frank Jordan, newly-elected District Governor of the Lions Club and Eunice Jones, Superintendent of City Utilities were guest speakers of the Rotary Club last Friday noon.

Mayor Jordan outlined proposed plans for enlargements and improvements of the city's various services. These improvements are to be started as soon as conditions will permit. The mayor was followed on the program by Mr. Jones who gave detailed information on the projects.

J. F. Driskell, new manager of Banner Creamery, was a guest.

Mr. and Mrs. Dudley Newton of Cleveland, Ohio, and Mrs. Hugh Peterson of Union City, Penna., were guests of Dr. and Mrs. E. C. Davis, this week. Mrs. Newton and Mrs. Peterson are sisters of Dr. Davis. Janet Davis returned home with them for the remainder of the summer.

A friend confided to us a few years ago that the people of his little home city had discouraged the erection of an oil refinery near their town, as "we do not wish the constant smell of a refinery near us." Frankly, we laughed then, and still would if it was a mere oil refinery. But we have had some experiences in the past few months, and have been through towns that we do not see how in heck the olfactory nerves have stood the test of time. To a guy passing through a town with a fertilizer plant, if you ever heard of the objection to an oil refinery, your subconscious mind will revert to the yarn or rather fact, at once. For really, there is a town not too far from Brownfield that objected to a refinery near it. We passed through what appeared to be a nice little city in North Carolina, and it was. There were nice business houses and beautiful

homes along the streets and highways, with well kept premises. It was situated in a picturesque green valley surrounded by mountains. But there was a heavy damp wind, that day and the smoke and fumes hung over the little town like a stinch from a garbage and sewer disposal, all in one. It so happened that it had been some time since we had lunch, or we believe we would have lost our dinner. But the natives were going about their business as if nothing was out of the ordinary. Which goes to show that people can get used to most anything. But for our part, we are putting the Chamber of Commerce and the Jaycees on notice that the Herald will register a strong protest if they try to locate a fertilizer plant here. We believe we can put up with most anything else.

Are you still following ALL the new deal ideas and plans? All will have to admit that there were many good things advanced to help the people in the past 14 years. But there are others that will bear watching. We have always heard that if you give certain people and projects enough rope they will hang themselves. Of late, the powers that be in Washington have turned minority groups with a lot of lung power, wild loose. The latest is the bonus on every ton of coal for the minors in order to take care of them in the way they were brought up, when they get old and childish. That start is just a precedent. Soon you will be paying a bonus on your cars, your washing machines, your plow tools, and in fact everything you eat, wear and use. And the YOU is every person in America, whether organized or unorganized. In the meantime, the small business man and the farm people are to be caught between this pressure group and the manufacturers, and he will see the savings of his life gradually but surely disappear. The die is cast; the march of combinations have started. Where will it stop?

While The Man Bilbo of Mississippi may have spoken longer during the Senate filibuster to haul the so-called fair employment practice bill, no clearer or more concise statement has been issued than that of Senator Russell of Georgia, which was recently allowed printed in Congressional Record. Few people north or south have really taken the trouble to study the bill, and what it would mean to employers in 1,500,000 small business establishments and on the farms of America. Few realize that people who innocently or otherwise crossed the pleasure of this super bureaucracy might be jirked up in Arizona and tried in Vermont, or in Minnesota, and tried in Louisiana, and that without a jury or aid of council. Few indeed have studied the powers allowed this dictator outfit, according to Sen. Russell. And, to head it all, and make it even more unAmerican, an alien could come much nearer getting justice through the FEPC than a native born citizen. Remember, you have no sayso in regards to whom you employ, if race, creed or color is involved. If you want a Negro, you might have to take an Italian, and if you wanted a white man, you might have to take an Igorot to please FEPC.

And while the drive is on to take the left over portion of the millions of dollars of Confederate pension, and give it to the state supported schools, the Herald believes that the local schools should have a share in the matter, if that has not already been provided for. We believe every encouragement should be given children to at least finish high school. If they do that, they will get through college somehow if they wish. A college education is a great help, but we know college graduates who are working for people with just a high school education, both finishing about the same time.

S2/c Wylie Johnson, jr., came in Monday from China on a 30-day emergency furlough. His brother, Robert Howard, was killed in a car accident three weeks ago.

Mrs. Homer Parker is a medical patient in the West Texas hospital in Lubbock with pneumonia.

Mr. and Mrs. Will Fitzgerald left Tuesday for Dyersburg, Tenn., for a two weeks visit with Mrs. Stella Reynolds, formerly of Plainview.

Mr. and Mrs. Sam Price of Tahoka, spent the weekend with Mrs. T. J. Price.

The End Of One Pious Fraud

The great mass of Protestant, Baptist, and other Christian denominations in the United States are highly gratified at assurances recently given by President Truman that with the official close of the war, the services of Myron G. Taylor as his "personal representative" to the Vatican will be terminated.

As most people know, The Vatican is the great Palace in which the Pope of Rome resides and in which he exercises his authority as head of the Roman Catholic Church and as ruler of Vatican City, a state created in 1929 by agreement between the Pope and Mussolini whereby the Pope's secular and civil authority was restored to him. He is absolute dictator of the little state consisting of 105 acres of land and containing a population of possibly less than 1,000. But as ruler of this state he has authority to receive and dispatch diplomatic representatives from and to every other country in the world that will recognize his civil authority, and he undertakes to exercise great political influence over the nations of the world. The expenses of maintaining this state in great pomp and grandeur are paid by contributions from members of the Catholic Church.

Under the Constitution of the United States, this country can not maintain an embassy to any religious potentate but soon after Franklin D. Roosevelt became President he effected the same ends by sending a "personal representative" to the Pope. When Harry Truman became President, he found Myron G. Taylor functioning as the President's representative and continued him in that position.

For years the protest against this evasion of our Constitution has been growing more and more determined and vocal, and recently President Truman was besieged by representatives of Methodist, Baptist, Presbyterian, Congregational, and other great religious denominations to call Mr. Taylor back home and discontinue such recognition of the right of a religious potentate to exercise civil authority.

Since the Pope by reason of his position as head of the Roman Catholic Church claims the right to exercise civil and political authority also, all non-Catholics in this country maintain that the claim and exercise of these rights are un-American in principle and practice and should no longer be tolerated. Hence their determined protest.

It is to be hoped that no President hereafter will dare to repeat this offense against the spirit and the tenets of our Government. — Lynn County News.

IT'S NOW FATHER KELLY . . . To all his other titles "Commando" Charles Kelly has added the new one of "father." He is shown making friends with his daughter born May 26 in Pittsburgh (Pa.) hospital. Mrs. Kelly cradles the baby in her arms. The "Commando" was Pittsburgh's first Congressional Medal of Honor winner in World War II. He is now operating his own service station.

Old Kate Signs 30 And Departs This Life

Old Kate, the 36 year old mule belonging to the Scales family is no more. After a faithful and well filled life, Kate, to use the language of a newspaperman, has signed "30" and is now where all good faithful mules should go. And maybe after all, there is prepared for faithful animals a place of peace and rest, comparable to the human paradise. Maybe there is a place where there is always an abundance of green grass, a manger full of feed, and a nice warm stable, sans stable and heel flies?

Anyway, lots of folks think there should be. Old Kate was brought to Terry county, by the late R. W. Scales, back soon after the advent of a railroad in Terry county. She was a comparatively young mule then. In a few years, the Scales family decided to move back to the old home at Hedley, where Mr. Scales passed away following an accident on the farm. Then the family decided to move back to their Terry county farm, where they have lived since. And of course Kate was moved back, along with the other livestock, according to Harmon Scales.

Before he entered the service, Malcolm had possession of Kate,

Patrolman and Mrs. John Wood, of Van Horn, Texas, were here over the weekend visiting friends.

Mary Frances Telford, of Diboil, Texas, was a guest of her uncle and aunt, Mr. and Mrs. Mon Telford, last week.

Billye Faye Finney spent Saturday and Sunday in Lubbock attending a district meeting of the M. Y. S. of the Methodist church.

Mrs. Earl McCutcheon and three children, from California, are here visiting her parents, Mr. and Mrs. L. T. Price, her grandmother, Mrs. T. J. Price and other relatives and friends.

but during the war, his brother-in-law, Elmer Edwards took charge of Kate, at whose place, the faithful old animal died.

Yes, it seems there ought to be an animal paradise, where the faithful helpers of mankind, which spent their lives in service to the human race, could loll in the shade of huge trees on the banks of a clear, everflowing brook. And we have seen old dogs that we thought should have a place of rest in the hereafter.

A lot of us humans come a long way short of being what we ought to be compared to some of the dumb brutes.

A Good Article But No Name Signed

Like a lot of other articles we have received in the 37 years we have been publishing the Herald, we received one last week from a Teenager, but that was all. And we just don't publish unsigned articles. The stuff we write, or any of our regular correspondents, are well known to the readers. We long since learned to cut all articles unless we know the writer's name.

This is not that we wish to publish his name under the article. He can use an assumed name or non de plume if he or she wishes. But we must know their names for our own protection. Yes, we still have a free press, Teenager, but it can be and is often sued for libel. We came near getting our foot into a noose by publishing an unsigned article years ago, and that broke us from taking a chance.

Will say that the editor agrees with practically all the article, which was stated to be by a Brownfield Boy, but mailed in Wellman. If Teenager will kindly drop in this week end and give us his right name, the article will be published next week over "Teenager" if he wishes. Other-

Dr. and Mrs. R. B. Parrish and children of Hobbs, were guests of Mrs. Ame Flache, Sunday night. They were on their way to Minnesota, where they will spend a months vacation visiting relatives.

wise this fine article will have to go to the wastebasket.

Next week will be plenty time for Teenager to make his argument about the coming liquor contest, if he will come in and give us his name. That's all.

Behind the Scenes in American Business

By John Craddock

NEW YORK, June 24 — Private crop experts think the winter wheat crop, which is now being harvested in the middle west, will be at least 26 million bushels larger than most optimistic government estimates. However, it does not necessarily follow that there will be more bread on the shelves of grocers and bakers. Continued government pressure for heavy wheat exports and reluctance of farmers to sell are expected to more than offset benefits from the larger domestic crop. Bakers point out that "you can't make bread with statistics," and they are not enthused by the government's promise of more flour for domestic use. Agriculture Secretary Anderson recently promised that next month flour for domestic use would be increased to 85 per cent of the 1945 volume from the present 75 per cent, but bakers contend that they are getting only half of what they used last year. Grocery stores, especially in the larger cities, find their bread supplies exhausted early each morning and in some instances they ask delivery men to carry the day's supply in the back door. It keeps eager housewives from interfering with deliveries.

THINGS TO COME—New live-rubber gold balls. Golfers who like to get a little extra distance will be pleased to learn that one of the large sporting goods companies is resuming production of the prewar variety. . . . A new process which provides shrinkage control, stability and wrinkle resistance to woolen goods. . . . Another new finish

Mr. and Mrs. Glen Akers and daughter and Mr. and Mrs. Everett Latham and son are vacationing in the state of Colorado this week.

Mr. and Mrs. Joe Shelton visited Mrs. Shelton's sister and husband, Mr. and Mrs. Floyd Ledbetter in Kermit, Sunday. Joann, who had been there visiting Barbara Jean Crosby, returned home with them.

for cottons, woollens and rayons which eliminates the ability of the fabric to carry flame. . . . An electric toothbrush and gum massager, to sell for \$12.50. . . . A heating unit which will fit over a frying pan like a cover, making it possible to cook a steak on both sides without burning. . . . Movies in a fully lighted room. A newly developed ultraviolet light projector and fluorescent screen are expected to make them possible. The projector operates like the usual machine but sends out a cone of black light which is focused by the lens.

BITS O' BUSINESS—Runaway prices of homes are detailed by The Wall Street Journal which cites one in Glendale, Cal., as an example. It sold for \$5,740 in 1941, again for \$8,950 in 1944 and this year for \$16,800. . . . The making of fishing lures is becoming big business in Minneapolis, totaling more than a million dollars a year. . . . Horse meat may develop into a big export business. Many Europeans are accustomed to eating flesh of work animals. . . . In line with those who tend to buy more than necessary when things are difficult to get, airlines are now wondering whether they have ordered too many planes. . . . Food prices may go higher in the opinion of grocery men who think scarcities will continue for some time.

TEXAS PAGEANTRY

By A. Garland Adair
Curator of History, Texas
Memorial Museum, Austin, Texas

Under Texas Skies is the title of a 148 page book which I have just edited. The publisher is the American Memorial Association, 2351 Capitol Station, Austin, Texas in the event that you desire to order a copy or copies.

Under Texas Skies commemorates the public services to Texas of Col. Paul L. Wakefield, one of the country's best loved veterans of both the first and last world wars.

One of the most enlightening of all of the divisions is a chapter written by William Lois Hodges. This great Texas woman is rendering enduring and timely services as the administrative assistant to the state service director. Also she has given most valuable and highly appreciated aid for more than five years as the Executive Assistant in the headquarters at Austin of the Texas Centennial of Statehood Commission of which Karl Hoblitzelle of Dallas is the far sighted chairman.

Under Texas Skies contains the answers to hundreds of questions about Texas, its past, its present and its future. Within the 148 pages the author has crowded more information about the state than is to be found anywhere in any book. Some who have already seen the book declare that "Under Texas Skies should be in every Texas home and school."

It edited itself for it is largely news articles that have been sent a matter of the compilation of the out with the cooperation of Chairman Hoblitzelle during the past several years and carried in some 165 Texas newspapers. These articles represent a lot of research and have been sent to the press without charge. But a price has been set of \$2.00 per copy for Under Texas Skies since no funds otherwise could be found for its publication. It is the plan now to issue it every year. It should have been inaugurated a century ago, but it was not, and now may be revised, corrected and added to each time published and will become a bit of Texana that every collector and lover of Texas history will want to have.

PLAINS NEWS

S. S. Jobs and Elmer Cross were in Lubbock on business Friday.

Mr. and Mrs. M. M. Style and family of Lubbock were visiting Rev. and Mrs. Curtis Jackson and family Sunday.

Christene and Sidney Coke are visiting in Commerce, Texas, this week.

John Hague of Edna, Texas, is here visiting his mother, Mrs. W. H. Hague, this week.

Mrs. J. T. Jackson and son left last week for a visit with her mother in Oklahoma.

Mrs. A. G. Mabry and Mabeth and Mrs. D. P. Moreland and June attended the graduation of George Moreland in Denver, Colo., last week.

Mr. and Mrs. Joe McLaren and Annie Joe spent Monday night in Lubbock.

Mrs. Bill McKinney and Mrs. J. H. Hotchkiss were in Amarillo Friday and Saturday.

Col. John Perkins, Sr., of Midland and son, Lt. John, Jr., who has just graduated from West Point, were guests of Mr. and Mrs. Al Muldrow, Sunday and Monday.

Our old neighbor, Mr. Carson of Seagraves, was in to see us this week. He had brought his wife up to consult a physician. He and wife were really good neighbors.

Mr. and Mrs. John Portwood and children were in Dallas last week on business.

Mrs. F. L. Morgan and daughter, Nancy, visited relatives in Detroit, Texas, last week.

Mr. and Mrs. Willis W. Johnson were in Lubbock on business, Monday.

Mrs. Jeff Davis, of Pampa, was an overnight guest in the home of Mr. and Mrs. Jim Quinton, Friday.

The many friends of Jack Thompson, are glad to greet him once again in civvies. Jack stayed in the army almost two years, and luckily didn't have to get out of the USA. He has been located in Illinois for the past several months.

Jerry Sadler Spoke Here Tuesday

Jerry Sadler, former Railroad Commissioner and candidate for Governor, spoke to a receptive audience of several hundred on the Court House lawn, Tuesday morning. He advocated one cent additional tax on gasoline for Farm-to-Market roads, better control over diseases, a State extension of the GI bill of rights and more care for the aged.

Sadler was accompanied by an orchestra, part of whom is from the Grand Ole Opry, who rendered several numbers, from his well-equipped truck.

The many friends of Homer Nelson are glad to see him still around the Primm Drug store. And they are hoping that it will still be Brownfield for him, after all.

J. D. Roberts of Wellman, was in this week for just a few minutes. Mr. Roberts is always apparently in a good humor, and his short calls, as he always seems in a hurry, are welcome.

There are about 2,000 kinds of plants which yield fibers useful to man.

TRY A HERALD WANT AD

Vote Against

The legalization of the sale of alcoholic beverages in Terry County when you go to the polls July 6.

FOR THE SAKE OF OUR FUTURE AND THAT OF OUR CHILDREN

Every qualified voter should vote against the legalization of the sale of alcoholic beverages in Terry County. There are many reasons why this should be done. Some of the more evident ones are:

1. Legalization of the sale of alcoholic beverages would make Terry County the one "wet" spot in an area comprising some 40 counties, thereby bringing to our county the less desirable element from all the surrounding counties.
2. People coming into a "wet" county travel mainly by automobile and the resulting congestion of traffic would be much graver with some of the drivers under the influence of liquor.
3. If the sale of liquor and other beverages were legalized here, we'd still have with us the same old lawless element, but doubled in size because of the fact that here could be found strong drink in quantity.

I am against the lawlessness now prevalent here and against anything that would increase that lawlessness. If the county goes dry and I am elected Sheriff, I promise not only to keep it dry, but to do my utmost to dry up the wet spots now existing

R. E. 'BOB' THOMPSON, JR.

Open House Saturday, June 29

"FRESH EVERY SUNRISE"

Haynes Bakery . . . Corner Second
And Hill Streets, Brownfield

We of Brownfield State Bank are especially proud of Johnnie Haynes and his new Bakery—due, maybe, to the fact that Haynes Bakery is the first business to be established in Brownfield through a G. I. Loan — the first G. I. Business Loan made by our Bank.

Brownfield State Bank is co-operating in every way with the Veterans Administration in order that it may give better service to G. I.'s in helping them establish themselves when they return to civilian life.

We urge every serviceman to come in and discuss his problems with us.

Haynes Bakery is an example of service extended by Brownfield State Bank.

Brownfield State Bank

Over Forty Years of Continuous Service

POOL

Rev. J. N. Hester filled his regular appointment Sunday.

Charles Jackson, of Odessa, has returned home after spending a few days with his daughter, Mrs. J. D. Howard. Bettie June Howard, a granddaughter, returned home with Mr. Jackson to visit relatives at Odessa.

A cottage prayer service was held in the home of H. H. Dunn Friday night.

Those visiting in the Gunter home Thursday and Friday were: O. S. and W. O. Gunter, brothers of Mr. Gunter, and three nephews, Melvin, Weldon and R. L. Gunter, all of Terrell, Oklahoma; Mrs. Glennas Rowe of Brownfield and Mr. and Mrs. Homer Britton of Meadow.

S. V. Newsom and son, Alfred Terrell, visited friends in the Pool community Sunday.

The Methodist revival will begin at Pool Friday, July 12, with Rev. Ellis Todd doing the preaching. Everyone is invited to attend.

A large crowd attended the rally at Pool Monday night.

Mr. and Mrs. Cloyt Gwinn of O'Donnell spent Sunday with H. H. Dunn and family.

Clyde Chambliss of Brownfield spent Tuesday night with D. W. Gunter.

"What do you do with all those newspaper clippings you're always cutting out?"

"Oh, nothing. I just burn them."

"Then what's the big idea?"

"Oh, you see they're some bargain sale ads I don't want my wife to see."

STATE CAN RETAIN LICENSE REVOKED BY DRUNK DRIVING

AUSTIN, June 23 — The Department of Public Safety apparently has wide latitude in deciding whether or not a person whose operator's license has been suspended may have it restored without a new examination.

This was the essence of an attorney general's opinion Saturday that held it is not mandatory for the state police to return licenses to persons convicted of driving while intoxicated after expiration of the suspension period.

"The director (of the department) shall have the authority to cause to be re-examined a license in any case which is his judgment the licensee is incapable of operating a motor vehicle," was one section of the law emphasized in the opinion sought by County Attorney M. E. Gates of Walker County, Huntsville.

CARD OF THANKS

We deeply appreciate the kindness and sympathy of our many friends and neighbors of Brownfield, shown us during the funeral of Robert McDonald, last week.

Mrs. Lillie Mae McDonald
Mr. and Mrs. Geo. Warren.

CARD OF THANKS

We take this means of thanking the good people of Brownfield and community, who were so nice to us following the sudden death and funeral of our beloved husband and father. May the Lord bless each of you is our prayer.

Mrs. Inez Rickard and family.

CHURCH LADIES PUTTING ON HOLLYWOOD BREAKFAST

The Ladies Council of the First Christian church is sponsoring a Breakfast in Hollywood on July 9th, 9:30 A. M., at the American Legion hall. Breakfast will be served. Frank Jordan will take the part of Tom Breneman, and Slim Schillinger, as Uncle Cornie. Joe (Little Brownie) as Bobbie Phillipino.

Having contacted Breneman, he has agreed to furnish the orchid, beauty kit, nylons, lingerie, etc. Prizes will be given the oldest guest, the craziest hat, those coming the longest distance, good neighbors, etc. Tickets on sale at all drug stores.

BARACAS CLASS ENJOYS SUPPER

The Baracas Class of the Methodist Church enjoyed a covered dish supper on the lawn of the church Tuesday evening. Mesdames Roy Herod, George Steele, Lee O. Allen, Looie Miller and Mr. Martin Line were hostesses and hosts. Following the supper the men enjoyed games of 42 and the women exchanged the latest news.

Forty guests were present.

READ HERALD WANT ADS

CHICKS FOR CZECHS . . . Cargo plane of veteran's air express, piloted by former AAF pilots, took off from Chicago with 60,120 hatching eggs produced in Illinois. The plane was chartered by the UNRRA to rush the eggs to Prague, Czechoslovakia, to help restore war-depleted flocks. Claire Saunders, left, and Lillian McLellan see eggs off.

Mr. Gerald Collinsworth, of Lubbock, who is district director of the Veterans Administration, visited in the home of Mr. and Mrs. Looie Miller, last Friday.

BAPTIST YOUNG PEOPLE ENTERTAINED AT MOORHEAD HOME

The Young People's Department of the First Baptist church was entertained with a lawn party at the home of Mr. and Mrs. R. M. Moorhead, Tuesday evening. Mrs. E. M. McBurnett, supt. of the department and Miss Terry Lou Moorhead directed the outdoor games.

SAM TEAGUES HOSTS TO BRIDGE CLUB

Mr. and Mrs. Sam Teague entertained their club Monday evening with four tables of bridge. When scores were tallied, Mrs. Bruce Zorns and Mr. Bill McGowan scored high.

Ice cream and chocolate cake was served to Messrs. and Mesdames Logan Redford, Johnny Kendrick, J. T. Bowman, Tommy Hicks, Jack Shirley, Bruce Zorns, and Bill McGowan.

Rev. and Mrs. R. N. Huckabee were in Muleshoe, Wednesday, to perform the wedding ceremony of a friend of theirs.

MANY OUT-OF-TOWN ATTEND BOB McDONALD FUNERAL

Among the many friends and relatives living out of town who attended the funeral of the late Bob McDonald, former business man here, Wednesday of last week, were Mrs. Ima George Willis, of Levelland and Mrs. Era Echols, of Amarillo, sisters of Mrs. McDonald, and L. D. Warren, a brother, from Gorman; Mr. and Mrs. U. D. Sawyer from Cross Roads, New Mexico; quite a few from Nocona, the former home of the deceased, and several from Lamesa, whose names we failed to obtain. Pallbearers were Ike Bailey, Jack Bailey, B. A. Warren and Harold Don of Levelland, Bob Flint of Nocona, and Orb Stice of this city.

Messrs. and Mesdames R. L. Bowers, Reagan Peeler, O. L. Petherman, Lee O. Allen, Troy Noel, Dick Fallis, Clovis Kendrick, and Dan Davis attended a barbecue at the Lubbock Country Club Tuesday evening, which was given by the Shriners.

Herbert Bell, of Marshall, is here visiting his son and wife, Mr. and Mrs. Milton Bell and his brother and wife, Mr. and Mrs. W. A. Bell.

Phone 321-W

Dorothy Copeland
And Foy Mackey
Marry June 1

Dorothy Copeland, daughter of Mr. and Mrs. R. D. Copeland of Brownfield, was married June 1 to Foy Mackey of Abilene, son of Clint Mackey of Albany, in the home of the bridegroom's aunt, Mrs. Ralph Mason, 1174 Palm. The Rev. W. E. King, pastor of the University Baptist church, read the ceremony.

The bride, given in marriage by her uncle, Aubrey Copeland, wore a blue suit with white accessories, a crocheted straw hat and an orchid corsage.

Mildred Copeland, sister of the bride, was maid of honor and Arthur Mackey was his brother's best man.

A reception following the ceremony was hosted by Mrs. Aubrey Copeland and Mrs. G. B. Dillard, aunts of the bride, and Mrs. Mason.

After a wedding trip to San Angelo the couple will live at 2341 Beech. The bridegroom is employed at Busch and sons, jewelers.—Abilene Reporter-News.

Mrs. Ladell Nelson
Named Honoree
At Shower

Mesdames Roy Collier, Wayne Brown, Houston Hamilton and Misses Glenola Murphy and Dorothy Chaffin named Mrs. Ladell Nelson, the former Lynna Dean Yates, honoree at a tea and shower at the home of Mrs. Collier, Friday from 4 to 6 o'clock. Guests were registered by Mrs. Wayne Brown in a white leather bride's book decorated with the white satin streamers.

Punch, angel food squares, nuts and mints were served from a refreshment table laid with a lace cloth and centered with an arrangement of pink roses. Glenola Murphy and Dorothy Chaffin presided at the table.

The houseparty, Mrs. J. J. Yates, mother of the honoree, Mrs. Jim Nelson, mother-in-law of the bride and the honoree wore corsages of pink rosebuds. Mrs. Hamilton displayed the gifts.

ELEANOR GILLHAM GETS
DEGREE FROM
SOUTHERN METHODIST U.

Miss Eleanor Ruth Gillham, daughter of Mr. and Mrs. J. O. Gillham of 604 East Tate Street, had the degree of Bachelor of Arts in History conferred upon her by President Umphrey Lee at Southern Methodist University's commencement exercises on June 24 at McFarlin Memorial Auditorium.

Miss Gillham was prominent in student activities on the campus and was a member of Chi Omega sorority.

Miss Thompson, Mr.
Kizer Wed Saturday

The wedding of Miss Lorraine Thompson, daughter of J. O. Thompson of Brownfield and Thomas T. Kizer, jr., son of Mr. and Mrs. T. T. Kizer of Brownfield, was read at 7 o'clock Saturday night in the home of the bride's sister and brother-in-law, Mr. and Mrs. Troy Noel. Rev. R. N. Huckabee officiated for the double ring ceremony.

Mr. Tommy Zorns was best man and Miss Elva Gillham was maid of honor.

The bride wore a grey wool dressmaker suit, with black and white accessories and a white orchid corsage.

The maid of honor wore a blue wool tailored suit, with white carnations corsage.

A reception was held in the home of Mr. and Mrs. Troy Noel following the ceremony. The bridegroom's mother, Mrs. T. T. Kizer, assisted the couple in receiving. The home was decorated with roses.

The bridegroom's mother wore a black crepe dress with white gardenia corsage.

Guests were present from Amarillo, Lamesa, Kermit and Roswell, N. M.

After a wedding trip to Colorado Springs, Denver and Yellowstone National Park, the couple will be at home at 707 East Cardwell street in Brownfield.

BAPTIST CIRCLES HAVE
PROGRAM FROM ROYAL
SERVICE MAGAZINE

The Lucille Reagan Circle met in the home of Mrs. R. E. Townzen Monday afternoon for a program on "Moral Standards of America," which was taken from the Royal Service magazine. Mrs. Henry Holmes conducted the lesson in which all present took part. A social hour followed the program.

Ice cream and cake was served to: Mesdames Etta Gillham, Elco Evans, J. T. Auburg, Gladys Moorhead, E. L. Redford and Miss Fannie Day.

The Bagby Circle met in the home of Mrs. H. B. Grant with Mrs. Ame Flache in charge of the program.

Those present were: Mesdames L. C. Heath, A. R. Tyler, John Jenkins, Roy Phillips, D. P. Carter, E. D. Yeatts and D. L. Patton.

GENE MASON CELEBRATES
SIXTH BIRTHDAY

Mrs. N. L. Mason entertained for her son, Gene, Thursday evening of last week to celebrate his sixth birthday. The guests were taken to the County Park where they enjoyed an ice cream supper. Whistles were given as favors.

Guests were: Jerry Don Huckabee, Mike Denton, Johnny Raybon, Mike Hamilton, George Fugitt and Doug Mason.

Mrs. Boruk
Shower Honoree

Mrs. Steve Boruk, who before her marriage June 1st, was Miss Elizabeth Upton, was named honoree at a tea and shower, Wednesday afternoon from 5 to 7 o'clock in the home of Mrs. J. O. Gillham. Assisting Mrs. Gillham as hostesses were: Mesdames Bit Copeland, Roy Wingerd, R. L. Harriss, Gay Price, G. F. Webber, Troy Noel, Bruce Zorns, Looie Miller, M. R. Hemphill, Lee Fulton and Leo Holmes.

Receiving the guests were: Mesdames Gillham, Boruk and Copeland with Mrs. Holmes registering them in a white leather bride's book. White satin streamers and a cluster of red rose buds marked the pages.

The tea table was laid with a white brocaded satin cloth and decorated with a bowl of red roses and red candles in triple candelabra. Mesdames Noel, Miller and Zorns presided at the table.

The honoree's chosen flowers, which were red roses, were used throughout the entertaining rooms. Members of the houseparty also wore corsages of red roses.

Mrs. R. N. Huckabee entertained the guests with piano selections during the calling hours. Mesdames Wingerd, Hemphill, Fulton, Harriss, Webber and Price displayed the lovely gift arrangements.

METHODIST LADIES MEET
IN FELLOWSHIP HALL

Mesdames Minnie Williams and Pat Culver were hostesses to W. S. C. S. at their one o'clock luncheon held in Fellowship Hall of the First Methodist church, June 24th.

Mrs. F. W. Simpson of Kress and Mrs. Swanson of Amarillo were out-of-town visitors. Others present were Mesdames Lee Walker, J. H. Carpenter, Jim Jackson, Harry Longbrake, Joe Johnson, Della Thompson, G. S. Webber, Tobe Power, A. J. Lloyd, W. B. Downing, Glenn Harris, Ed Tharp, Cleve Williams, Bill Culver, Rev. and Mrs. R. N. Huckabee.

BLAIRS ENTERTAIN
THE 44 CLUB

Mr. and Mrs. Mike Blair were hosts to the 44 Club with dinner and bridge Tuesday evening. The Ed Mayfields scored high and the Jack Bentons, second high. Bingo winners were: Messers Buck Address, Wayne Brown, Martin Line and Mrs. Mayfield.

Guests were: Messers and Mesdames Wayne Brown, Crawford Burrows, Martin Line, Lawrence Dean, Jack Benton, Buck Address and Mr. Tom Crawford and Mrs. Alfred Mangum.

Miss Gloria Hughes and Richard McDuffie are in Buffalo Gap this week attending the Presbyterian Senior Camp.

Messers and Mesdames Jack Hamilton, Herbert Chesshir, Walter Hord, Clyde Bond, Jack Stricklin, Jr., and Messers Clovis Kendrick, Lee O. Allen and Ervin Rambo were seen at the air show in Lubbock, Sunday afternoon.

Mr. and Mrs. Hayden Griffin returned early this week from an extended visit and vacation in Arkansas and east Texas.

Earl Davis, Mackie Hord, Max Black and Glen Aven were guests of Jack Taylor Stricklin, when he entertained with a weiner roast Friday evening in the back yard of his home. After eating the guests were taken to the ball game.

Betty Horner of Seagraves, spent the week with Barbara Jean Benton.

Mrs. J. K. Applewhite and daughter, Dot, were houseguests of Mr. and Mrs. Prentice Walker last week.

Dr. and Mrs. W. A. Roberson, Mr. and Mrs. John Yowell and Mr. and Mrs. Crawford Burrow, and family attended the First Christian church in Lubbock, Sunday evening, where Dr. Roberson sang a solo.

Mrs. E. M. Royer and Tom Adams were in Albuquerque on business this week.

Mrs. Walter Hord and sons spent several days this week with her parents, Mr. and Mrs. O. L. Darden, of Lubbock.

Messers Earl Denton and Tracy Cary were in Dallas and Ft. Worth last week on business.

Employer Should Give S. S. Tax Receipts

Every worker is entitled to a receipt for the old-age and survivors insurance taxes deducted from his pay by his employer, John Palmer, manager of the Lubbock office of the Social Security Board pointed out today.

The Internal Revenue Code, as amended, in the section which relates to old-age and survivors insurance taxes, provides that "every employer shall furnish to each of his employees a written statement or statements, in a form suitable for retention by the employee, showing the wages paid by the employer after December 31, 1939."

This specifies that the statement shall be furnished at least once a year, and every instance when the employee leaves the employment,

Mr. and Mrs. Gene Gunn were dinner guests of Mr. and Mrs. E. E. Mulkey, of Lubbock, Saturday evening.

Mrs. H. L. Wade returned last week from a two weeks visit with her parents, Mr. and Mrs. W. C. Graves, in Center and her brother, J. J. Graves, in Houston.

no matter what the reason. It must be furnished at the time of the last payment of wages. The statement must show the name of the employer, the name of the employee, the period covered by the statement, the total amount of wages paid with the period, and the amount of the old-age and survivors insurance tax deducted. In case the employer gives the worker such a statement with each payment of wages, he may substitute the date of the payment for the period covered.

BOYCE HOUSE Gives You Texas

A good while ago, our friend, Rufus Higgs of the Stephenville Empire-Tribune, got to thinking about "the good old days," with the following result:

Cotton production in the old days was a simple matter of calculation—forty acres was good for fifteen or twenty bales, sometimes more. Taxes were low, living expenses at a minimum and a good buggy horse would sell for more than \$100.

A span of mules sixteen hands high would easily sell for four and five hundred dollars.

Everybody went to church in those days; prayer meeting was an event rather than a formality. A political rally attracted crowds from far and near while an ice cream supper was tops in attendance. School and church picnics would ordinarily bring out one hundred per cent co-operation, while a "badger" fight created a sensation.

The man who worked all Spring and Summer—as they did at the turn of the century—would seek a place for diversion after he laid his crop by. He would either go to see his relatives in East Texas, hunt up a camp meeting where horse feed and tie ropes were supplied, or take off on a fishing trip.

If he had been provided with modern-day attractions such as movies he more than likely would have been far more contented to spend a few hours listening to Clark Gable than he would have driving a spavined team back to Hunt County for a visit with his wife's kinfolks.

Many other comparisons could be drawn, of course. Yet oldsters marvel at the progress that has been made and as well as they like to think of the "good old days" it would be a hard matter to get a single one of them to agree for a return of those halcyon days.

The pioneers are proud of the wonderful improvements that have been recorded within the past two decades.

Mr. and Mrs. E. A. Swanson, of Amarillo, visited friends here Sunday and Monday.

Irma Clark, Jim Reed, Ila Dean Huff and Will Reed spent Sunday afternoon in Lubbock at the air show.

Mrs. W. D. Auston, James Thurman and Loreta and Alfred Cornebise attended the air show in Lubbock, Sunday afternoon.

Mr. and Mrs. O. C. Gentry and children, of Wingate, Texas, are here visiting her parents, Mr. and Mrs. P. H. Hungerford.

Mr. and Mrs. R. C. Black, recently of Benson, Ariz., moved here Monday to make their home. Mr. Benson is a paint contractor.

Mr. and Mrs. J. J. Gaston, of Gomez, Mr. and Mrs. Clarence Hinkle and Mrs. Ida Bruton spent Sunday in Cone, visiting Mr. and Mrs. Francher Gaston.

Beverly Stockard, of Santa Anna, Texas, is here to spend several weeks visiting with Nancy Morgan.

SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending June 22, 1946, were 28,457 compared with 30,495 for same week in 1945. Cars received from connections totaled 10,162

compared with 14,637 for same week in 1945. Total cars moved were 38,619 compared with 45,132 for same week in 1945. Santa Fe handled a total of 39,599 cars in preceding week of this year.

NOTICE

The Sacred Harp Singing Convention convenes on the First Saturday and Sunday, the 6th and 7th of July, in the beautiful, new Apostolic Christian Church, located at the corner of 24th St. and College Avenue, Lubbock, Texas.

The pastor and wife, Rev. and Mrs. W. E. Higginbotham, extend to all a warm welcome.

Dr. A. L. Stringer, Pres.

WELLMAN HD NEWS

You should have been with us at our regular meeting of the Home Demonstration club in the Cafeteria June 21st.

House was called to order at the set time by the president.

An interesting report was given of the council meeting and of the 4-H club work. We are very proud of these girls; the efforts they have put forth and interest. Naturally, we are proud of these places they have won.

Miss Dunlap was with us and tested our pressure cookers. We think this is fine to know whether or not they are OK and how or where we can get them repaired. She also gave interesting and helpful demonstrations on preparing spinach and fresh peaches for cold storage.

You are missing helpful things, when you fail to be with us at these meetings. Will you be with us next time at the home of Mrs. Clyde Heafner? 2:00 o'clock. Remember, the dish you are to bring. —Reporter.

Mr. and Mrs. L. E. Robinson and Mr. and Mrs. Lynn Birdwell, of O'Donnell, were dinner guests of Mr. and Mrs. V. A. Bynum, Sunday.

LOOKING AHEAD

by **GEORGE S. BENSON**
President—Harding College
Searcy, Arkansas

Wage Wisdom
Wages rose and prices fell during the ten years just before World War II when working men were able, through collective bargaining, to influence the operations of private enterprise without political interference. Workers earned more dollars per working day and each dollar took on more buying power as time went on. It was a two-way improvement.

"The actual buying power of one hour's work (straight time) rose at the rate of more than 4% each year, or over 40% for the entire ten-year period," says Labor's Monthly Survey, issued in May by the American Federation of Labor. "This was possible because production per man-hour increased steadily, creating the wealth to pay higher wages."

War Changed Things
So long as men, money and machinery were busy making things to eat, wear and use for better living, it turned out as planned; better living resulted. But when capital, labor and tools, by necessity, had to swing into the manufacture of munitions and instruments of destruction, better living ceased. Wages increased, to be sure. So did profits. But what could we buy?

Once more let the AFL survey answer: "Every hard-won nickel of wage gain was offset by a price rise which cancelled it and the workers' actual buying power per hour of work, as measured by real wage rates, did not increase at all." These statements are supported by government figures made available through the department of Labor. Moreover the AFL analyst's logic is perfectly sound.

Holding Prices Down
The labor bulletin contained no carping criticism of government, nor against the artificial restraints set up to keep a fictitious economy from getting out of control. On the other hand it says plainly that under wholesome business conditions "wage increases are paid for by rising productivity." Thus with mass production and volume sales "the wage rises are all clear gain."

"Our first task is to increase production of consumer goods so that supply will be enough to meet demand, and competition again, will keep prices down, so that increasing productivity will create the income to pay further wage increases." Anything I might say about that doctrine would be simply gilding the lily. It is the plain truth and a credit to any philosophy.

Cut Restraints
At the present, conditions are far from wholesome. The government's new artificial wage controls, born of political expedience, create higher wages with one hand and snatch them away with the other in the form of higher prices. In a government-fouled economy, it is small wonder that farmers and business men alike line up for help at the door of Uncle Sam's "fix-it" department.

The Office of Price Administration is getting as much criticism as it deserves now perhaps. My comments are brief: Private enterprise needs freedom if it is to operate by the law of supply and demand, and in some fields, supply will meet demand much sooner if regulations are lifted. The O.P.A. has done some good work and well deserves a dignified funeral, soon.

Mrs. Don Hart, of Oklahoma City, is here visiting in the home of Mr. and Mrs. Jack Bailey. They spent several days of this week vacationing in Ruidoso.

Mr. and Mrs. Roy Collier, and Wanda, returned Tuesday from Vernon, Texas, where they have been visiting Mr. Collier's mother, Mrs. W. J. Collier.

Four Local Men Hurt In Two-Car Truck Crash

Bill Collis and Harvey Hicks were badly lacerated and bruised, when the coupe in which they, Ray Lambert and James Collis, all residing here, turned over several times, on the Seagraves highway, in the south part of town at 5 p. m. yesterday.

H. E. Foster, driving another car which had just crashed into a large truck loaded with cement, was slightly bruised. Witnesses stated the Foster car swerved in front of the truck. The Collis car coming from the Carbon plant near Seagraves, drove around to miss the wreck which caused their car to turn over.

Another, a fourth car, uninjured, was said to have turned into a side street, adding to the confusion. The coupe and Foster's car was badly damaged. A passerby and ambulance rushed the two men to the local hospital. Their condition is not thought critical.

Mr. and Mrs. R. S. Goode and sons, Jimmie and Glen, of Dallas, are guests in the homes of L. R. Pounds and L. J. Dunn, Sr.

Tarpley Brothers Form Insurance Business

The war being over, and it being possible for the three brothers, Chad, Larry and Roy Tarpley to all be united again on the home front, they have opened a general insurance business in the State Bank building. We call your attention to their ads in this issue of the Herald.

As we understand it, all three will have charge of a different section of insurance like, life, accident, theft, etc., but all will be inter-connected. So there is no reason to leave their place for any line of insurance is carried by them.

But read their ads. That tells the entire story much better than we can tell it. Call on them; they are anxious to serve you.

Dollie Jane Collier, of Vernon, Texas, is a guest in the home of Mr. and Mrs. Roy Collier for a visit with her cousin, Wanda.

Mr. and Mrs. J. W. Sinclair of Tahoka, visited in the home of Mr. and Mrs. Prentice Walker the latter part of last week.

We Sincerely Hope—

to be able to supply all our customers with a normal supply of finer printing on the quality paper you've always associated with any printing job from our plant.

However, printing paper still remains available in limited amounts only. Under this circumstance, we continue our practice of trying to supply all our customers with enough printing to cover basic requirements.

We know your demands are real and we are deeply appreciative of your continued patience and understanding.

The Terry County Herald

Mr. E. L. Sturges came in Monday from Georgetown, British New Guinea, where he has been the past several months, on business for Arizona Chemical Co.

H. M. Bell, of Marshall, is here this week visiting his brother, Will Alf Bell, and son, and employee at the Brownfield State Bank. Mr. Bell lived here several years in the early days of the county.

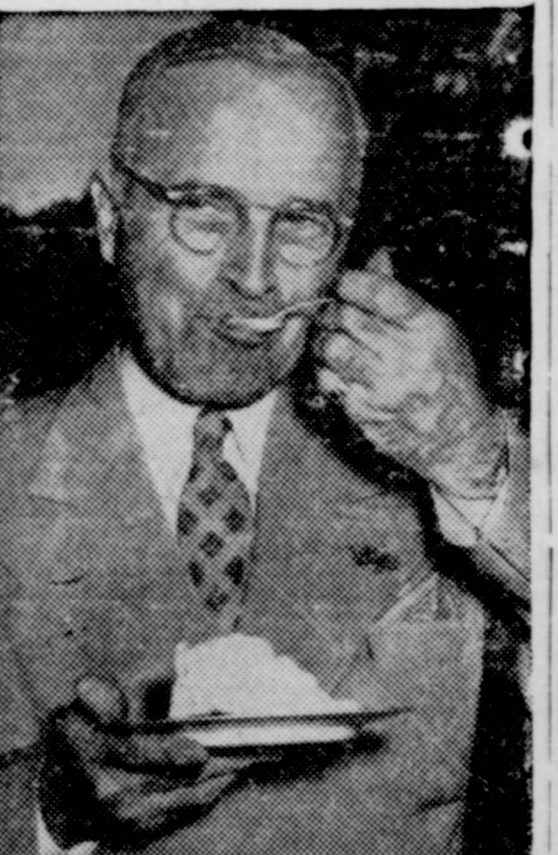

HONOR ATOM SCIENTIST . . . Dr. Lise Meitner, German-born nuclear physicist, as she received honorary degree at the University of Rochester. Early work by Dr. Meitner was on atom bomb.

OPERA STAR . . . Patti Lou Goldstrom, 7, Homestead Park, Pa., chosen for a part in "Sari" to be presented by the newly-organized Pittsburgh civic light opera series this summer.

Mr. and Mrs. C. T. Edwards and Mr. and Mrs. Money Price entertained the houseguests of Dr. and Mrs. E. C. Davis with a chicken barbecue at the Edwards home Tuesday evening. Guests were: Mr. and Mrs. Dudley Newton, of Cleveland, Ohio, Mrs. Hugh Peterson, of Union City, Penn., Mr. and Mrs. Jack Stricklin, Sr., and Dr. and Mrs. E. C. Davis.

Mr. and Mrs. Alton Stricklin, and little daughters, Nancy and Judy, of Grandview, Texas, are here visiting his uncle, A. J. Stricklin and families. Alton, who formerly played the piano in Bob Wills' Texas Playboy Band at Tulsa, Okla., is now devoting his time to nursery business and working large native pecan orchards, budding them with paper-shell pecans under contract.

ENJOYS HIS PARTY . . . President Truman, host to 885 wounded war veterans at a garden party on the White House lawn, looks happy as a kid with his favorite dessert, ice cream and cake, even with strike worries. President was said to have left all labor conferences in order to be with the wounded vets at his lawn party.

Bill Tooke of Houston, and Leon Wilson of San Saba, spent Sunday night as guests of Ted White. They were all shipmates together on the USS Geneva. They boys have just received their discharges and were on their way home.

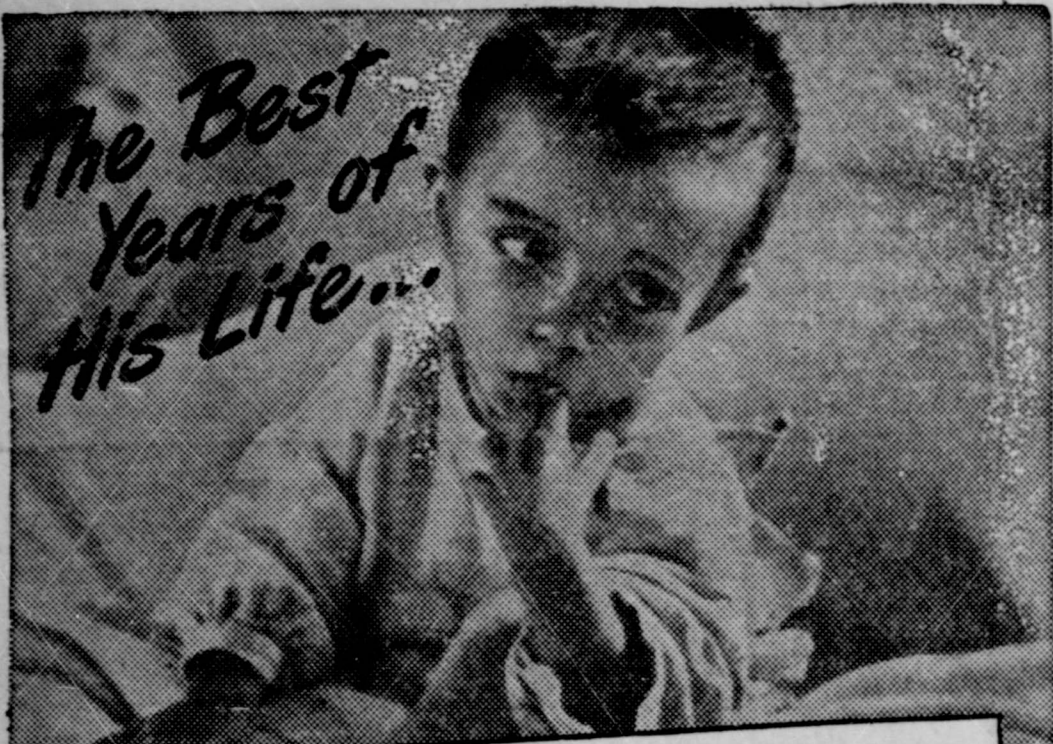

Mrs. Herman Trigg, of Brownwood, came in Wed. for a visit with the A. J. Sr. and Jr. Stricklin families. She is a daughter of the former, and sister of the latter.

The ordinary house centipede has 30 legs.

OPERA STAR . . . Patti Lou Goldstrom, 7, Homestead Park, Pa., chosen for a part in "Sari" to be presented by the newly-organized Pittsburgh civic light opera series this summer.

WILL YOU GIVE THAT HE MAY LIVE?

● The best years of his life, the rest of his life, await him. But he needs food to keep alive.

Of course you have already pledged to "Share a Meal Every Day" to help starving people, but the need for all foods is so desperate, that you're asked to do more—to give money to buy food, or give food in tin cans. Give as your own heart says you must... generously.

HERE'S WHAT YOU CAN DO!

1. **GIVE MONEY.** More food can be obtained for a given amount of money when it is bought centrally and in large quantities. Send cash, money order, or check to your local Emergency Food Collection Committee or to Lee Marshall, Executive Director, 100 Maiden Lane, New York 7, N. Y.

2. **GIVE FOOD IN TIN CANS.** Leave at any Emergency Food Collection depot.

Urge your church, club, or organization to participate!

EMERGENCY FOOD COLLECTION

4-H Canning Girls Help Release Food For Famine Relief

"More Home Canning Will Release More Food for Starving Millions Abroad."

That is the motto of thousands of rural girls participating in the National 4-H Canning Activity.

The activity is conducted under the direction of the Extension Service.

By increasing their canning of garden and other home-raised products, the girls will render a three-fold service. They will establish a larder of varied, nutritious foods for their family's future use; reduce cash expenditures for foodstuffs, and help release more commercial stocks of canned goods for famine relief overseas.

Awards for outstanding records are offered by Mrs. Ruth Kerr for the 18th consecutive year. County winners will get medals and the state champion will be a guest at the National 4-H Club Congress in Chicago. National winners will receive \$200 college scholarships.

County extension agents will furnish information and suggestions on home-canning to 4-H Club members.

State Schools Seek Unused Confederate Funds

Lubbock — Adoption of constitutional amendments giving state-supported schools of Texas an unused portion of Confederate Pension ad-valorem taxes would permit Texas Technological College to launch a long-range building program, badly needed to meet rapidly increasing enrollment, Pres. W. M. Whyburn has stressed.

All state-supported schools of Texas are united in working for adoption of the amendments, one of which would allot for building purposes five cents of the seven-cent Confederate Pension tax to 14 institutions of higher learning, including Texas Tech, the other permitting the University of Texas and Texas A. & M. College to issue bonds to care for their building and equipment needs. Sufficient funds to pay the Confederate Pensions would remain intact under the plan, college officials assert.

Adoption of the amendments as proposed would give Texas Tech approximately \$331,000 a year for new buildings, or about one-sixth of the estimated total income from the tax. Texas Tech would be able to borrow about \$3,000,000 immediately upon adoption of the amendments, retiring the amount over a ten-year period. A long-range building program would be possible, also, with badly needed additional classrooms, laboratories, and other facilities planned for erection each year.

Dr. Whyburn cited a recent report of John W. Snyder, director of War Mobilization and Reconversion, to President Truman. The report showed 2,100,000 young men and women are expected to seek enrollment in colleges next fall, the figure rising to 3,000,000 in 1955. Peak pre-war college enrollment was 1,500,000.

"If Texas Tech and the other colleges and universities of the state meet their responsibilities in education they must have more buildings, more classrooms, more laboratories," Dr. Whyburn said. "Adoption of the proposed constitutional amendments, first by the 50th Legislature and then by the voters, will be a major step toward reaching these objectives."

Mrs. A. P. Stewart, a former pioneer settler of the Tokio section, but now making her home in Redding, Calif., visited last week in the home of Mrs. Claud Merritt. Her daughter, Mrs. B. Martin, resides in Lubbock, who she is also visiting.

Mr. and Mrs. L. O. Turner returned Sunday from Pogosa Springs, Colo., where they spent the past week vacationing. Mr. Turner became ill at Roswell and upon arrival home entered the Treadaway-Daniell hospital.

Farm Work Has Its Hazards

SCHENECTADY — "Doing farm chores is five times as dangerous as deep-sea diving, flying a plane, or being a steeple jack," a New York Power and Light Corp. official declared in a talk here.

Mentioning that 6,000 people were killed in farm accidents last year, Cecil T. Walker of Albany, N. Y., said that "carelessness and lack of safety measures on farms and in homes are the causes of many accidents." Mr. Walker spoke on the General Electric Farm Paper of the Air program over WGY.

"There are many more accidents from falling over things, being hurt by livestock and being careless with tools and machinery than

Eileen Jacobson, of Amarillo, is here visiting Billy Mack Herod.

Miss Alyce Teague, of Roswell, was a weekend guest in the home of Mr. and Mrs. Sam Teague.

Althea Jacobson, of Amarillo, is here visiting Freddie Ruth Lowe this week.

Mrs. Fred Lowe and daughters spent Sunday in Lubbock visiting Mr. and Mrs. I. A. Lowe.

from electricity," he pointed out. "But it is possible to be hurt by electricity or electrical appliances, to get a shock or start a fire. Poor lighting, poor wiring, or poor judgment in placing or using electrical appliances are among the major causes of accidents involving electrical appliances."

Let Texans Run U. of T. For Texans

Waxahachie, Texas — Charges of "political trickery and timing" have been leveled against the American Association of University Professors by Beauford Jester, candidate for governor of Texas, following the Association's recent censure of the University of Texas.

"As a Texan, proud of the University of Texas and its splendid achievements, I resent the unwarranted censure placed on our great University by the American Association of University Professors, purely for political purposes," Jester stated.

"While many fine patriotic Texas educators hold membership in this organization, yet it should be remembered that it was organized in the North and its wide-spread national membership includes plenty of communist sympathizers, pinks and fellow travelers.

"The censure of the University by this group, adroitly timed, so as to give help to a candidate who has thrust the University into politics to forward his own personal aims and ambitions, smacks of politics pure and simple.

"I believe that the great majority of fine Texas educators will see through this political trick and timing. Why did the Association of University Professors carefully withhold their censure until such time as the University had been made a campaign issue?"

There is a slight difference in the length of every person's legs.

Scientists maintain that the right side of a person's body is slightly heavier than the left side.

A VACATION AT HOME FOR THE KIDDIES

NEW CHIEF JUSTICE AND TREASURY HEAD . . . Fred M. Vinson was named chief justice of the U. S. Supreme court by President Truman, and Reconversion Director John W. Snyder was selected to succeed Vinson as head of the treasury department. Left to right: Fred M. Vinson, President Truman and John W. Snyder. The new secretary of treasury was a former St. Louis banker. Vinson served in congress and on federal bench.

Behind the Scenes in American Business

By John Craddock

NEW YORK, June 17 — To most Americans our national debt is a number with a long string of ciphers behind it. Accustomed to doing business in dollars, tens, hundreds and thousands, we find it difficult to think in terms of hundreds of billions. Every so often economists talk concernedly about the size of the debt, and most of us agree that it certainly is a whopper, but what can we do about it. Well, apparently they are doing a little something about it in Washington. At least the peak seems to have been passed and for the past four months the government has been whittling it down, if only a little. Since the end of February, according to the Federal Reserve System, 10.2 billion dollars have been retired. On June 1, the Treasury paid off 2 billion dollars of debt and on June 15 another 1,855 million dollars was scheduled to be retired. Most of the funds to pay off this debt came out of the surplus funds received from the last war loan. Whatever the source, it is heartening to think that instead of getting farther into debt we are beginning to reduce our obligations for the first time in a number of years.

MANAGEMENT - LABOR ROUND TABLE — A new trend in management-union relationships may grow out of the recent joint meeting of plant foremen of SKF Industries, Inc., Philadelphia ball and roller bearing manufacturers, and union stewards of the United Steelworkers of America (CIO). The joint meeting, proposed by SKF President William L. Batt, followed signing of a new labor contract affecting 3,000 wage employees. Batt's offer was accepted by Clinton S. Golden, international vice president of the union, who said the dinner meeting was the first time to his knowledge that management had offered to celebrate peaceful settlement of collective bargaining negotiations. The significance of the meeting was emphasized by Mr. Golden: "On the management side is the foreman who at the actual production level symbolizes and carries the authority and executes the policies of management. His are the most intimate, personal and supervisory contacts with the production employees. On the union

side is the shop steward, a key man in the union organization because of his intimate contact with the organized employees and his familiarity with the union-management and union policies . . . This group of key management and union representatives express their hopes and earnest desire that this event marks the beginning of a new era in union and management relationships."

THINGS TO COME — A portable air conditioner with no moving parts. It is designed for the heating season in home or office, can be plugged into any electricity outlet. It humidifies the air through a unique method of vaporizing water in the cabinet . . . A new plastic for filling wall and floor cracks. Made of a resinous substance, it is tough, jar-resistant and can be applied with a putty knife . . . A new rust-proofing technique. It protects metal during manufacturing stages and permits a tighter bond for paints . . . A new tennis racket string made of nylon yarn filaments. The new woven fiber prevents splitting and is expected to extend wearing life.

RAILROAD CURVES — The quicker the railroads are able to increase their fleets of modern lightweight streamline trains the better chance they may have of keeping pace with their rapidly mounting labor and other operating costs. Not only have the colorful speedsters introduced by many of the leading rail systems in recent years been their most effective agency in combating passenger traffic competition by the air and bus lines, but, according to Champ Carry, president of Pullman-Standard Car Manufacturing Company, there has not been a single one of them that has not proved a money maker. Carry, whose company built the nation's first streamliner and more than 70 per cent of those that have followed, told a Chicago meeting "The streamliners had a great deal to do with changing the railroad passenger curve. Railroad passenger business, which had been in steady decline for almost a decade were put into operation." Probably that is the big reason why the railroads today have on order with the nation's carbuilders requisitions for almost as many streamlined passenger cars as they bought in all of the eight years prior to Pearl Harbor.

Miss Grace Tarpley of Abilene visited her parents, The M. G. Tarpleys, here last weekend.

PHANTOM KILLER

By BO BYERS

University of Texas journalism graduate student and tutor in journalism, winner of the 1946 Clarence E. Gilmore Safety Contest Award.

A phantom killer has murdered five persons in Texarkana, and the people of that city are in a state of jitters.

A phantom killer took the lives of 1,502 persons on Texas highways in 1945 and had taken another 394 up to April 29 of this year. Yet this killer has caused no jitters among the populace of Texas.

This killer is the Careless Driver. He is as much a phantom as the man who has committed the Texarkana murders, for the victims of the Careless Driver never know in which car the murderer rides.

And YOU may be the Careless Driver who will add another name to the list of Texas traffic casualties.

You say you are not a Careless Driver? Are you sure?

That means you never drive at high speeds despite tires so old and worn that they may blow out at any moment.

You never speed up to make an orange light at the last second before it turns red.

You never drive with your car headlights on a high beam when another car is approaching.

You never pass a car on the hill.

You have never violated a single traffic regulation during the past week.

Slow down, Mr. and Mrs. Texas. Would you swear under oath to all those statements?

Don't take a chance on becoming another Texas killer.

Don't be a Careless Driver.

It is said that the finest and most delicate use that we make of our muscles is in speaking.

Germes are colorless.

The approximate diameter of a silver quarter is one inch.

Napoleon, the Little Corporal, was redheaded.

The standard writing pencil is seven and one-half inches long.

Only one person in ten over 21 years of age has perfect sight.

The life expectation of industrial workers is eight years less than that of office workers.

Women's fashions 400 years ago called for garments weighing 35 pounds.

Smooth bark trees, such as birch, shed their bark annually.

PALACE DRUG STORE

Your new gas range

—What it does for you

The oven of your new gas range is a trusty and obedient servant. It will turn out oven meals on the days when you want to get the work over in advance and be free for that hour or two before dinner. And the oven temperature control makes baking and roasting carefree work.

The broiler fills the need when quick, delicious combinations must be produced in a hasty half hour, or when you crave the succulent tenderness of a barbecue.

The top of the range does more than half the cooking for most families. For thrifty use economical combinations may be prepared in a covered skillet over a single burner. The low heat position, called simmer, cooks vegetables nutritiously in a small amount of water, and from the wide variety of heats up to high you can select the right temperature for each food.

★

It turns out savory foods in a way to make meal-getting a joy and mealtime a feast

Old-Age Pensions For Farmers?

Schenectady—All self-employed persons, including six million farmers, who do not have government old-age insurance should be protected the same as other workers, Dr. Murray R. Benedict of Berkeley, Calif., professor of agricultural economics at the University of California, declared in a General Electric Farm Forum address here over WGY.

Since the old-age insurance plan has been such an "invaluable assistance to more than two-thirds of our working people," (the National Planning Association, a non-profit, non-government organization) think the rest should be included, Dr. Benedict pointed out.

Among several changes he recommended, Dr. Benedict included "benefits for those permanently disabled as well as for the self-employed."

He said that "almost half of the retired people aged 65 and over in our nation are now dependent on either public or private charity. Consequently, the added cost to the government of helping people to provide for their old age in an orderly and self-respecting way would not, in our opinion, increase costs very greatly."

Mr. and Mrs. Claud Merritt and family visited his mother, Mrs. J. S. Hodges of McAdoo, Texas, over the week end. They reported big rains in that section and good crops.

Mrs. V. F. Patterson and children, John and Ann, have returned from Roscoe, where they visited Mrs. Patterson's parents.

Negro University Planned For Texas

Dallas, June 19—The Dallas News said tonight that sources close to the joint University of Texas-A. & M. College committee, studying long-range developments in negro education disclosed today that a plan is under study to establish a new negro university in Texas.

The plan contemplates that (Prairie View University, raised to university status by the last legislation, would continue as an agricultural and mechanical college, The News said.

The negro university, teaching law, medicine, pharmacy, liberal arts and graduate work would be established in a location other than Prairie View—probably in Houston or Dallas, the newspaper stated.

BATTLESHIP TEXAS INACTIVATED WEDNESDAY

NEWPORT NEWS, Va., June 20—The battleship Texas is to be towed to Hawkins point today for temporary berthing to await her transfer to Houston, as a permanent historical relic.

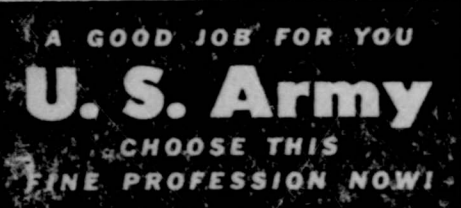

Yesterday, the 32-year-old vessel ended her two-war career when she was inactivated in a brief informal ceremony by Captain Gerald L. Schetky, her commanding officer.

Mrs. A. A. Bradshaw of Wellman, was up Monday on business.

Madison Weaver of Kyle Grocery, market department, is again at home after a spell in the hospital, having suffered a cardiac condition.

BUSINESS HOUSES TO CLOSE ON JULY 4TH

1776 - 1946

In recognition of the First Peace Time Independence Day in Five years, the business men of Brownfield have Declared a Holiday on July Fourth.

On this day 170 years ago, our Forefathers brought forth a Declaration of Independence for the thirteen Colonies comprising the United States of America at that time. It has been necessary, many times since then, that this Great Nation fight to preserve that Independence; the greatest of these struggles being World War II, just past.

The business men of Brownfield feel that on this Fourth of July we should recognize and honor our returning service men who fought World War II that we might celebrate the 170 birthday of our Independence on July Fourth.

They ask that you shop early for your holiday needs as they will be closed all day Thursday, July Fourth.

To Study Cause Of Diarrhea in Children

Austin, Texas — Dr. Arild Hanson, professor of pediatrics and director of the child health program of the University of Texas Medical Branch, will conduct a special study of infant diarrhea this summer.

The study will be made by the department of pediatrics at the Medical school in Galveston, with the support of the William Buchanan Foundation of Texarkana.

The Low Down From Hickory Grove

What this country needs "less of" versus "more of," is a subject for research. Up to now we been going in for "more of"—we been getting more and more promises—and less margarine. That sorta sums it up.

Jack County Men Hunt Rattle Snakes

"Stranger than Fiction" this new sport—rattle snake hunting in Jack County. There's a thrill in every catch—and believe me you have to be on your toes.

First of all a guide must be hired to locate the dens. The only qualifications he must have to get this job—"Lived here always" and knows the country.

The den is located. Each man has a rod with which to catch the snake. Sometimes the snake can be caught near the den; other times they have to be driven out with the gasoline spray.

There has been approximately 350 rattle snakes caught in Jack County. At first the hunters went out to kill the snakes, but now they have a market for their catch and the snakes are taken alive and shipped.

After the next catch the hunters plan to MILK the snakes for medical purposes, they say. This, I would like to see—anyway, that's their plan.

"More of" lots of things is good. Take leisure—that is good—but you get it down to where you work only 35 hours a week, there is 133 hours left over—56 hours for sleep and 77 hours for devilment.

But on the other side of the argument on what we have "less of and could use more," look at mama's girdle—and no rubber in same. The Govt. can take over a railroad, or a coal mine, or a power house, and get by with it, but when it fumbles with mama's regalia, it is on thin ice.

Yours with the low down, JO SERRA

FREE TRANSLATION A man was killed by a train near a country village, and an inquest was held.

The jury consisted of villagers unused to such proceedings, and the coroner, wishing to be helpful, advised them to bring in a verdict of "felo-dese."

Having retired to consider their verdict, some arguments arose among the jury as to what the coroner meant. The foreman soon settled the difficulty.

"This coroner chap," he explained, "knows what he's talking about. He's had these jobs before. If he says the dead man fell in the sea, he fell in the sea."

A few minutes later the jury filed back into court, and the foreman announced the verdict, "Found drown."

Communism Breeds Liars Says Peck

By George Peck

Recently I had the pleasure (?) of being interviewed by the associate editor of one of the nation's most notorious left-wing publications. The young man was seeking information so that he could lambaste me in his subversive, un-American publication.

In due course, this publication got around to publishing a most garbled and almost wholly untruthful account of that interview for the edification of its pink perusers. Along with this, the editor called me a lot of names, which according to his perspective should have been most insulting, but which I consider were the highest compliments ever paid me.

For instance, he said that "the smoothest free enterprise nostrum on the market is Peck's packaged pap," and "the Peck Syndicate 'The American Way' dishes out the subtlest anti-labor, anti-liberal, reactionary copy in the country."

The article went on to quote verbatim a number of things which I supposedly said while being interviewed. YET, DURING THE ENTIRE TWO HOUR INTERVIEW, THE INTERVIEWER DID NOT MAKE ONE SINGLE NOTE.

The significant thing about this, however, is that evidently there was not the slightest intent to make an accurate report. As a reporter I know that no reporter's memory is good enough to permit him to faithfully and factually quote word for word what is said, unless notes are made.

articles which have appeared recently in newspapers across the nation, in his own article defaming me, he did not quote a single sentence therefrom. The reason for this is obvious, because misquoting my printed statements would have left his publication open to a libel suit.

The one conclusion must be that deliberate misquoting, falsification and twisting were the intent—that there was not even the slightest effort made to report the truth.

The average normal individual may lie, but in so doing, he knows that he is doing wrong. When caught in his perversion of the truth, he has the grace to blush with shame. But not so the Communists and left-wingers—they lie without any twinge of conscience and when detected in their prevarications are unabashed and unshamed.

Repeatedly it has been pointed out in this column that there is something devastating about Communism. Its adherents lose all sense of moral values. It is not so much that they sin by violating all the traditional and proven rules of decency and ethics that condemns them, but that they seem to be proud of their moral delinquency.

It seems to me that any philosophy of human relations which requires its proponents to resort to lies in order to foist their ideology (?) upon a nation, stands condemned at the outset on that count alone. No other indictment need be handed down.

The "end" does not justify the "means," but the "means" employed in attempting to gain the "end" are a mighty fair barometer of what to expect if the "end" is accomplished. That Communists deem it expedient to lie to achieve their ends, makes their proposed program for the regulation and enslavement of mankind unworthy of consideration — in fact, makes it a program to be stoutly resisted by every decent-thinking, liberty-loving individual.

Texas' Oldest Voter

Senator Allan Shivers, candidate for Lieutenant Governor, of Port Arthur, Jefferson County, Texas, receiving a check for his filing fee from Capt. Roderick Donald Steele, Texas' oldest voter.

Captain Steele for many years has refused to tell his age, but old-timers say that he is now 106. He still works daily as a marine surveyor, climbing over ships to inspect their cargoes.

INSPECTORS CAPTURE 3 ILLICIT STILLS

Texas Liquor Control Board Inspectors in May reported the seizure of three illicit stills.

Destruction of the stills, which had a cubic capacity of 155 gallons, prevented the potential evasion of \$3,416.32 in State taxes.

With the stills, inspectors captured 100 gallons of mash.

one still was taken in each of the counties of Harrison, San Jacinto, and Liberty.

Emile Coue was the father of autosuggestion.

Smog is the name given to a mixture of smoke and fog.

DIVIDED INDIA - UNITED ON FREEDOM . . . Although the word "India" bespeaks of one country and thereby infers a certain contiguity of territory, the fabulous land is actually in a strange political position with islands within which are in reality little nations in their own right. In the north are the Moslem provinces and scattered throughout (parallel lines) are the All-India party strongholds in the British holdings. Both All-India party representatives and Moslem League men, normally at odds, attended the conference.

SIDELIGHTS From Washington

By George Mahon

It would, of course, be incorrect to assume that primary elections in all states will be held this year on July 27, the date set for the Texas primary. The fact is that as of the date this is being written, June 22, primary elections have already been held in 18 states, involving a total of 213 seats in Congress. A total of four members of Congress have been defeated in the primary elections held thus far.

The earliest primary was held on April 9 in the state of Illinois. Primaries were held in Massachusetts and Michigan this week. On Monday the primary will be held in Maryland. Mississippi and Oklahoma hold their primaries on July 2.

Yesterday afternoon the House passed the War Department Appropriation Bill. This bill was written by the eight-man committee of which I am a member. We devoted six weeks to the job of conducting the hearings, writing the bill and passing it through the House. It required a printed volume of 1183 pages to record the testimony of the witnesses.

The bill involved more money than any bill presented to Congress this year, and we felt that six weeks of work was not too long a time to devote to such important matters as were involved in deciding how much money should be spent for national defense by the War Department during the next twelve months.

In my remarks in the House of Representatives, I discussed in some detail the program of research and development, particularly with respect to aviation. I said:

"If this committee has its way, you will find that our Nation, which is already out in front in the field of aviation, will go forward, ahead of the parade, in order that we may be more secure in the future, and that no nation will dare challenge us at some future time. While we talk of money, airplanes, weapons, and research and development, we realize that military might alone cannot insure the peace and security of this Nation and the world."

This is the fourth major bill which I have helped write in Committee and pass through the House this year.

The Hobbs Anti-Racketeering Bill, which passed the House months ago, was finally approved last night by the Senate. It now goes to the White House. The measure prohibits violence and threats of violence in Industry-Labor controversies involving interstate commerce.

The present law permits a United States national debt of 300 billion dollars. The House did a significant and hopeful thing this week in passing legislation reducing the authorized national debt to 275 billion dollars. This is the first time that the Federal Government has taken such a step in a number of years.

Bettye and Donald Bynum are visiting their sister and her husband, Mr. and Mrs. Bruce F. Edwards, in Bryan, Texas, this week.

REBEL PASSES . . . Sen. Carter Glass, 88, Virginia Democrat, who died of a heart attack. Senator Glass has not attended congress for four years. He was secretary of the treasury under Wilson.

CZECH AMBASSADOR . . . Czechoslovakian Ambassador Juraj Slavik who upon presenting his credentials to President Truman expressed his government's appreciation for the aid given by the United States.

BROWNFIELD, TEXAS

Who Is The Government?

More and more good honest people are asking who runs our government. They see powerful labor leaders defying the government with impunity.

They see the maritime unions asking that American merchant ships manned by United States sailors be considered "scab" ships so that union members will refuse to see the head of the musicians union, James C. Petrillo, threaten the United States Supreme Court in these words: "If the Supreme Court rules the Lea Bill constitutional, the small stations (radio) won't get any music . . ." With reference to the possibility of Congress passing a law against the union collecting royalties on phonograph records, Mr. Petrillo said: "If that happens, I would send out a little letter saying A. F. M. men would not be so likely to take part in making transcriptions."

Is it any wonder people ask who is running the government? to unload them.

Mr. and Mrs. James Warren and children are visiting in Roswell and Ruidoso this week.

Mrs. C. A. Howard's father, Mr. E. E. Hodges, of Nugent and her brother-in-law, Mr. A. E. Proctor, of Anson, were here Monday and Tuesday, visiting the Howards, and on business.

Mr. and Mrs. M. L. House, of Houston, visited in the home of Mr. and Mrs. N. T. House last week.

Donald Bynum, who is a student in S. M. U. spent the weekend with his parents, Mr. and Mrs. V. A. Bynum.

Mr. and Mrs. C. A. Howard have as their guest, Mr. Howard's mother, Mrs. C. F. Howard, of Abilene.

SPARKLING WATERS—VACATION TIME . . . Vacation time has arrived in New Jersey along the coast and inland. Sparkling lakes mark the inland and mountain areas where sails are being set with all manner of craft. Insert shows that the children love the surf just as grownups do.

Packard Establishes All-Time Advertising Record

Detroit — A new all-time record in the advertising history of the Packard Motor Car Company will be established the week of June 24, when the company's first local advertising of 1946 appears in 1,542 daily and weekly newspapers.

The copy, headlined "Waiting Is Tough on Us, Too," makes no effort to sell Clippers. It does a public relations job for the 2,000 Packard dealers throughout the country who have been long subjected to pressure for new car deliveries. It explains to customers why there have not been more new Clippers available, and why neither the dealer nor the factory could alter the situation.

Geo. T. Christopher, president and general manager, said the advertising bears the signature of the dealers in each community, but does not cost them a cent. The factory is footing the bill.

"We had planned and prepared product advertising in which there was a strong element of 'sell,'" Christopher explained. "But we cancelled it when material and parts shortages, caused by labor difficulties in suppliers' plants, permitted our final assembly line to operate only nine days out of the first 90 this year."

"We decided, instead, to lay the cards on the table, tell the public through the newspapers what had happened, and ask their continued patience a little longer."

Mrs. Sefton, cashier of the Santa Fe station here, and whose husband is station agent at Meadow, left Monday to be at the bedside of her mother, who is seriously ill at Plainview.

POSSUM FLATS . . . "QUEEN OF THE COMPLIMENTS!"

By GRAHAM HUNTER

Senator Tom Connally Speaks Plain English

Press statement of Senator Tom Connally, Chairman of Senate Foreign Relations Committee, on leaving for Paris with Secretary of State Byrnes, June 13, 1946:

WASHINGTON, D. C. — Senator Tom Connally, just before boarding the plane with Secretary of State Byrnes to attend the conference on Italy and the Balkan countries in Paris, made the following statement:

"Today, I am accompanying Secretary of State Byrnes and Senator Vandenberg on a trip to Paris to attend the adjourned conference of Foreign Ministers on the subject of Italian and Balkan treaties. It is my hope that we may have more success than was achieved at the recent conference.

"It is my view that unless a quick and definite agreement can be reached, the conference should adjourn and call a peace conference of the 21 nations interested in these treaties. The nations who fought the war and made the necessary sacrifices to win it constitute the only legal authority for making peace with Italy and the other defeated countries. To my mind, it is unsound for the four Foreign Ministers to undertake this task themselves. I make this contention notwithstanding the Moscow Agreement reached by the Foreign Ministers in December, 1945.

"If such a peace conference can-

not agree, I see no other alternative except the making of separate treaties with the nations affected. It is unreasonable to allow a vote by one foreign minister to upset the whole peace program. We should not tolerate such a situation.

"Many of the questions involved in the Italian and Balkan treaties are not of primary importance to the United States. So far as our strictly national interests are concerned, they are secondary. Our interests lie in the general subject of peace and the hope that we can preserve peace in Europe and prevent involvement in war or having the peoples of Europe involved. We oppose leaving quarrels over territory and other matters like festering sores to be irritated until they become causes of war. We do not want another Danzig nor a Polish corridor in the Mediterranean area or elsewhere. The United States is unselfishly exerting itself to compose the differences among the nations involved.

The United States is not a bloc with Great Britain or any other European nation. We are not only not a member of any bloc, but we are opposed to the formation of blocs by other states. We believe that in a strong United Nations lies our best hope for world peace.

We are opposed to economic, political or military monopolies by any nation or power on earth. Hitler with his National Socialism dreamed that he could rule the world. Mussolini and his Fascism toyed with a similar ambition.

"Let me warn any nation or

The Control Of Trench Mouth

Austin, Texas — Dr. Geo. W. Cox, State Health Officer, has released some interesting information concerning Vincent's angina which was commonly called "trench mouth" during World War I.

Dr. Cox states that Vincent's angina is a specific infection producing inflammatory condition of the mucous membranes, more commonly those of the mouth, and the disease is spread by indirect as well as direct contact.

"Because of the readings with which this disease is transmitted, it has been occasionally found in epidemic form among school children and other groups," Dr. Cox states. "Vincent's angina assumed epidemic proportions in the front line trenches in 1914-1918 and it was during this period that the disease became generally known as trench mouth."

Although trench mouth is now worldwide in distribution, reasonable application of preventive measures which are merely those in line with approved personal health practices will be found a

power that now plans to subjugate the rest of the world economically or politically or militarily, to look for Hitler's glory in the depths of his bomb-proof shelter. Let them look to the obscure Italian village where the bones of Mussolini rest in disgrace and infamy. World dominion is a fatuous dream. The peoples of the world will not stand for it."

sufficient defense against this infection.

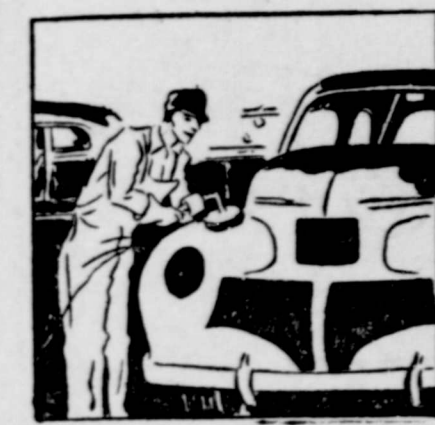

According to the State Health Officer the most common causes of Vincent's angina are neglected mouths, broken teeth fillings, and other types of oral irritation. Daily hygiene, plus the periodic visit to the dentist can be relied upon as reasonable buffers against this infection. However, persons who are very careful regarding oral hygiene can acquire this disease by using infected drinking cups and eating utensils and other personal articles; also by kissing, though healthy gums and mucous membranes have a much superior re-

1,080,000 POUNDS OF Blackeyed Peas ARE NEEDED FROM WEST TEXAS BY GILBERT C. WILSON LABORATORIES AT PITTSBURG, TEXAS

We will need 1,080,000 pounds of blackeyed peas per day. Our plant will have a maximum daily production capacity in excess of 30,000 cases per day.

Our plant is now operating, canning peas from South and Central Texas. West Texas blackeyed peas harvest will begin after harvest season in East Texas is over. We will start buying here when peas are first available, and will continue to buy until the first killing frost.

We will set up receiving points at convenient loading places throughout the Brownfield territory, and peas will be paid for when they are received. We will pay market price for the peas, which should be in the vicinity of \$65.00 per ton.

The demand for canned blackeyes appears to be far in excess of what canners can supply this year.

According to the experienced blackeyed pea growers in West Texas, less moisture is required for producing a good yield of blackeyed peas than cotton, and they can be planted 20 to 30 days later than cotton and yet still in time for maximum yield.

Blackeyed peas, being a legume, will serve to build up the soil, and will also serve somewhat as a cover for the soil to keep down erosion during the winter months.

We will also buy dried blackeyed peas this year.

The location of our buying points in the Brownfield territory will be announced in the near future.

Retail Sales Show One-Third Gain

Austin, Texas — A gain of 33 per cent in retail sales during May, over May, 1945, was reported this month by the University of Texas Bureau of Business Research.

Twenty-one lines of retailing were included in the survey made by the Bureau, and the greatest increase was made by motor vehicle dealers. These dealers reported an increase of almost 50 per cent in May sales over April, 1946, and a gain of more than 100 per cent over May, 1945.

Tech Man Writes Book On Texas Politics

Lubbock — Tribute to Dr. S. S. McKay of the Texas Tech history department and his book 'O'Daniel and Texas Politics' is paid by John Gunther, noted analyst of world affairs, in a lengthy article in the June issue of Harper's magazine.

Gunther, in writing on "The Giant World of Texas" in Harpers, refers to Dr. McKay's book as a "massive biographical study." Gunther says Texas is the most interesting state of all politically and "many people are looking forward to better things in Texas."

Gunther declares there is no real machine, no single boss of Texas, because of its size and varied activities. He gives mention, however, at some length to Jesse Jones, Coke Stevenson, Mr. and Mrs. Jim Ferguson, Dan Moody, James Allred, John Lee Smith, W. Lee O'Daniel, Martin Dies and Sam Rayburn, as being among the ruling group, of the past or present.

Mr. and Mrs. Jesse Ferguson and daughter, of Abilene, were here Sunday.

Men's oxfords usually have 12 shoelace eyelets.

DISCOVERS NEW PENICILLIUM
... Wayne Simmonds, 29, graduate assistant at the University of Wichita, who has discovered a new strain of penicillium from fungi peculiar to Wichita, Kans., area.

GI Question And Answer Department

Q. Where death of a veteran is connected with service other than in time of war, may pension be paid?

A. Yes; pension is payable to his widow, child or children, and dependent parents, where his death results from a disease or injury incurred in or aggravated by active military or naval service, in line of duty.

Q. Is it required that the Veterans Administration approve a veteran's course of education or training under the GI Bill?

A. No. An eligible veteran may elect his course and choose the state-approved educational or training institution at which he wishes to enroll. He may file his application direct with the nearest VA office or contact office or through the approved institution with which he has made arrangements for his education or training.

Q. When a veteran moves to another area within the state, or to another state, how can he continue his claim for unemployment allowances?

A. He should report to the United States Employment Service office nearest his new address for instructions.

Q. Where may a veteran secure information in regard to converting his National Service Life insurance policy?

A. At the nearest Veterans Administration contact office or writing direct to the Veterans Administration, Washington 25, D. C.

Q. If a veteran secures a loan guaranty on a farm must he live on the farm?

A. No, but he must live near enough actually to operate the property and to supervise the farming.

Q. If a veteran is receiving an increased pension, or a subsistence allowance for educational pur-

Waiting is tough on us, too

For months we've been hoping to present each and every one of you with the new Packards you've ordered, and have been waiting for so patiently.

Last fall, the outlook was good. Packard was confident it would double its pre-war output in 1946. (The factory is equipped to turn out far more than that.)

Look what has happened!

Then came material shortages. For reasons completely beyond its own control, Packard was able to keep its assembly line moving only nine days in the first quarter of this year.

In the meantime . . .

Our friends have kept calling us up and asking, "Hey! Where's that new Packard I ordered weeks ago?" Many of these are old friends—Packard owners since 'way back.

But to make life more complicated, everybody seems to want one of these grand new Packards. Over 65% of the people out to buy new Packards are now driving some other make.

Honest, it's gotten so we hate to answer the telephone or look our friends in the face. But . . .

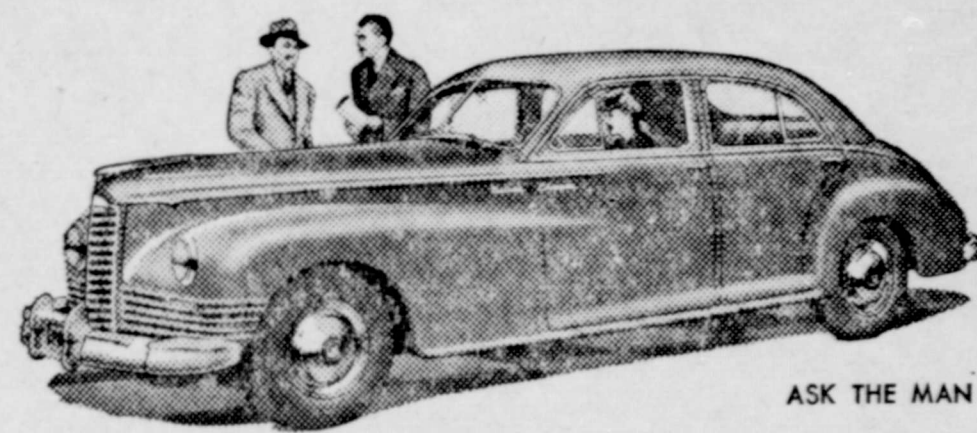

Your patience will pay off!

One of these days, the shortage of parts and materials is bound to ease up. And when it does, those twin-assembly lines at Packard will really roll.

Anyway, you can depend on this:

As fast as the factory ships cars to us, we'll do everything we can to deliver yours at the earliest possible moment.

So, we hope you'll be patient a little longer. We're doing the best we can, and so are the folks at the factory!

\$1,185.38 of Morton Bank Loot Is Found

Oklahoma City, June 22 — A nail keg full of coins unearthed in a Shawnee, Okla., backyard by two small boys yesterday yielded \$1,185.38 in cash, D. A. Bryce, special FBI agent, said today.

The money was identified by a wrapper as being part of the loot from the robbery last September of the First State Bank at Morton, Texas. A total of \$1,533 in silver was included in the \$19,883 taken in the robbery.

Bryce said plans are to return the money to the bank from which it was taken, but said a court order approving the return must be obtained first.

No Rabies In Britain

SCHENECTADY — Rabies in dogs has not appeared in Great Britain during the past quarter of a century, for all incoming dogs are quarantined.

So stated John T. Stamp of Edinburgh, Scotland, veterinary investigation officer for the Edinburgh and the East of Scotland College of Agriculture, in a WGY-BBC exchange farm program over General Electric station WGY here. Mr. Stamp's talk was broadcast by transcription.

Mr. Stamp said that effective control of rabies was introduced in the British Isles in 1897 and, except for one breakdown period, 1918-1921, there has been no case of rabies on record since that date.

The speaker deplored the wanton destruction of dogs in Great Britain during the war in towns that were not heavily bombed. "Dogs in those places not under bombardment should have been saved," he said.

COTTON SURPLUS IS ALMOST LIQUIDATED

Dallas, June 21 — C. C. Smith, the man who sold 6,000,000 bales of cotton last year as head of the vast cotton division of the Commodity Credit Corporation, said today "the government's cotton surplus is substantially liquidated."

Smith was in Dallas visiting cotton men and answering their questions about the cotton business and its future.

poses, is he eligible to receive unemployment allowances?
A. No.

What's Wrong With Texas

Recently we went down to Freeport to a district meeting of the Texas Home Demonstration Association. Mrs. Leon Sullivan, the THDA president, was on the program and in the course of her talk gave one of Boyce House's selections which we think is worth passing on:

"The Texas farmer gets up to the sound of a Connecticut alarm clock, puts on a pair of coveralls made in Detroit, washes his face in a Pittsburg basin—with Cincinnati soap. He dries his face on a towel made in New Hampshire, eats Kansas City bacon and Indiana grits that are fried in Omaha lard and cooked on a Kalamazoo stove.

"He buys Irish potatoes grown in Idaho and canned fruits grown in California. He hitches his Missouri mule to an Illinois plow, works all day, then crawls under a New Jersey blanket and is kept awake all night by the howling of a dog—the only home product of the whole darn place."

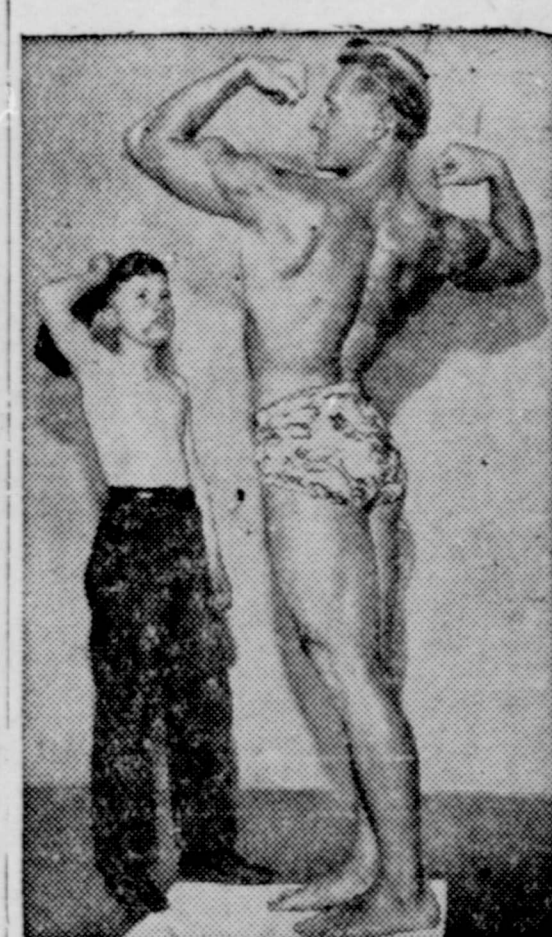

Mrs. Sullivan was quick to nail down her point with some specific examples which the THDA board has investigated. She mentioned first a Texas mill which has sold limited quantities of cotton piece goods over the counter for the attractive prices of 29, 39, and 49 cents a yard. This mill, however, has been unwilling to accept pooled orders by mail from home demonstration club women. As Mrs. Sullivan expressed it, "They'd rather send the cotton goods up to the East, run it through five or six commission houses, each getting a nice profit, and send it back to us in our own stores at \$1.49 a yard."

Next she went on to describe the Association's effort to make it possible for home demonstration club women to get large quantities of wool bats in Texas. Thus far, the board has had no success, but there are encouraging prospects. The Southwestern Sheep and Goat Raisers Association is cooperating to make this program possible.

A look at the Association's legislative program for action and study indicated there are, or have been, some other things wrong with Texas. The action program, for instance, included support of a bill enabling people in rural areas to establish cooperative hospitals, and support of legislation

"LUCKY" SMITH . . . "Lucky" Arthur Smith, a gypsy, who lived in a shack on Stebbins Downs, England, is shown with his bride, Edith Helen Hume Henderson, daughter of General Henderson.

which would remove discriminatory taxes on oleomargarine.

Then the Association is studying: Redistricting of the state, the Terrell election law, and how Texas can adopt a new constitution.

We came away from Freeport more optimistic than when we went. We came away reassured that home demonstration club women are among our most aware and active citizens. And, as our friend, Mrs. Maggie W. Barry, used to say, "An enlightened people can be trusted to save themselves."—Extensioner.
