

Earl Anthony Jr. Succeeds McPherson As Foreman

Earl Anthony Jr., a Brownfield boy, has been appointed maintenance foreman of the State Highways in Terry and Yoakum counties, to succeed the late B. Lester McPherson, who lost his life a week ago in a road machine accident.

Anthony, who has been connected with such work in this department for twenty years, in this area, has been in similar position at Levelland and Morton, assumed his position here Monday.

Denver City To Get Chemical Plant

Frontier Chemical company of Midland has started construction of a \$500,000 electrochemical manufacturing plant at Denver City, in south-central Yoakum county, in the south side of the Wasson field.

The plant is scheduled to be completed and in operation around Oct. 15. It will manufacture hydrochloric acid and caustic soda, from salt brines. The products will be distributed in the oil fields of the West Texas - New Mexico Permian Basin, for use in drilling for, and producing oil and gas, and in processing these resources.

When the plant is in full operation it will produce 25 tons of concentrated hydrochloric acid

4-H BOYS TEST NEW VARIETY OF PEAS

College Station — A new variety of black-eyed peas, Early Ramshorn, is being introduced to Knox County by 45 4-H Club boys who have demonstrations in nine communities. One hundred pounds of the new variety were planted.

The new variety, which has been tested experimentally at College Station for the past two years, produced 4,692 pounds of green pods per acre as compared with 1,966 pounds per acre of the common variety, according to R. O. Dunkle, county agricultural agent. When the peas began coming into production, recently, club members and their families reported the new variety had a much more desirable flavor. Donald Nix, 4-H Club member of the Sunset community, described the flavor as "less tangy" than the common variety, and he found them to be less stringy.

45 members plan to save the seed of Early Ramshorn black-eyed peas to sell to their neighbors for 1947 planting. Market price for the edible peas has been 30c a pound, and if this price is maintained, the boys will receive a substantial profit from their demonstration, Dunkle says.

Builders of America

U.S. SENATOR Tom Connally OF MARLIN, TEXAS

BORN August 19, 1877, McLENNAN COUNTY FARM. HIS FAMILY MOVED TO FALLS COUNTY WHERE HE GREW TO MANHOOD. ATTENDING SCHOOL AND PERFORMING ALL THE TASKS OF FARM LIFE. ENTERED BAYLOR AT 14.

EDUCATION: B.S. DEGREE AT BAYLOR UNIVERSITY AND HONORARY LL.D.; LL.B. AT UNIVERSITY OF TEXAS. ENLISTED 2nd REGIMENT TEXAS VOLUNTEER INFANTRY, SPANISH AMERICAN WAR; CAPTAIN AND ADJUTANT 22nd INFANTRY BRIGADE, 11th DIVISION, IN WORLD WAR I.

PROFESSIONAL: LAWYER and STATESMAN. SENATOR CONNALLY RECEIVED A B. S. DEGREE AT BAYLOR UNIVERSITY AND HONORARY LL.D.; LL.B. AT UNIVERSITY OF TEXAS. ENLISTED 2nd REGIMENT TEXAS VOLUNTEER INFANTRY, SPANISH AMERICAN WAR; CAPTAIN AND ADJUTANT 22nd INFANTRY BRIGADE, 11th DIVISION, IN WORLD WAR I.

LEGISLATIVE: MEMBER 56th CONGRESS 1916 serving through to 70th. ELECTED U.S. SENATOR 1928-'34-'40, named CHAIRMAN FOREIGN RELATIONS COMMITTEE 1941; MEMBER SENATE FINANCE and AGRICULTURE COMMITTEES, and FORMER CHAIRMAN SENATE COMMITTEE ON PRIVILEGES and ELECTIONS, BUILDINGS and GROUNDS. As a BOOSTER for LATIN-AMERICAN SOLIDARITY, he was a MEMBER of the AMERICAN CONFERENCE at MEXICO CITY LAST YEAR. SENATOR CONNALLY AS SENIOR VICE-CHAIRMAN, U.S. DELEGATION was MEMBER of ONE of the MOST IMPORTANT GROUPS at the UNITED NATIONS SECURITY CONFERENCE at SAN FRANCISCO. It was SENATOR CONNALLY who PUSHED the U.S. CHARTER THROUGH the SENATE at TOP SPEED to an 89 to 2 RATIFICATION VOTE. SENATOR CONNALLY'S INTELLECTUAL SINCERITY, SPONTANEOUS ELOQUENCE and PARLIAMENTARY ABILITY long ago ESTABLISHED HIM in WASHINGTON as an OUTSTANDING STATESMAN who has GAINED HIGH DISTINCTION RARELY EQUALLED — on EVERY FRONT of the WORLD'S ACTIVITIES. Early in April SENATOR CONNALLY ANNOUNCED HIS CANDIDACY for RE-ELECTION to the SENATE—STATING THAT HE WANTED NO FOREIGN SERVICE—BUT PREFERRED the SENATE where he COULD BE MORE USEFUL to his HOME STATE than in ANY OTHER POSITION.

VOTE FOR R. E. 'Bob' THOMPSON, Jr. Candidate For SHERIFF OF TERRY COUNTY

THE ONLY CANDIDATE who has made an earnest effort to bring before the people of Brownfield and Terry County a true picture of existing conditions . . conditions he will make every effort to correct if elected your next Sheriff.

A CANDIDATE who if elected Sheriff will have nothing to square with any violator of the law — liquor dealers, or others—but who promises to treat all alike in his job of enforcing your laws to the letter

A CANDIDATE who will be on the job at all times and who, if called upon to make an investigation or arrest, will feel that the job belongs to his office, and will not feel compelled to call upon any other law enforcement department to do his work for him.

A CANDIDATE who will make every effort to cooperate with all city, county and state law enforcement officers.

A CANDIDATE who will safeguard your interests and the rights you are entitled to as an American citizen. One who will enforce the law in such a manner that you will need have no fear of either your rights or those of your family not being upheld at all times.

A CANDIDATE who will make every effort to see to it personally that this county stands at the forefront of law-abiding counties in this area.

YOUR VOTE for R. E. (Bob) Thompson, Jr., for Sheriff of Terry County will be a vote for law enforcement, fairness to all, and a 100 per cent return of the confidence vested in him.

Double Marriage Ceremony July 24th

Miss Juanita Posey, daughter of Mrs. J. H. Gober, of Meadow, became the bride of R. L. Brown, son of Mr. and Mrs. L. A. Brown, of Brownfield. The bride wore a white suit with brown accessories.

The other couple of the double marriage ceremony, was Miss Peachie Parks, daughter of Mr. and Mrs. S. H. Parks, of Brownfield, who became the bride of Fred Ford, of Lubbock, son of Mr. and Mrs. P. W. Ford, of Gainesville, Texas.

The bride wore a grey suit with white accessories.

Prior to the marriage the bride was employed as bookkeeper for the 555 Company of Lubbock. The groom was recently discharged

TERRE SUE REDFORD CELEBRATES SECOND BIRTHDAY

Little Terre Sue Redford was complimented with a party by her mother, Mrs. Terry Redford, in celebration of her second birthday, Monday afternoon. Outdoor games and taking kodak pictures furnished diversion for the guests.

Birthday cake and punch was served to: Wade Hill, Jan Neely, Tommy Hicks, Mike Moorhead, Thomas Bruce Zorns, Becky Edwards, Ann Patterson, Sue Mathews, Linda and Mary Jane Brownfield, Barbara Kirschner, Latrice Teague, and Tommy Hardy.

from the army after serving thirty seven months.

The double marriage, double ring ceremony was solemnized by Rev. R. N. Huckabee in the Methodist parsonage on Wednesday, July 24th at 11:30 o'clock in the morning.

The couples left immediately for a wedding trip to Cloudcroft, New Mexico.

JACK ALLEN GRIGGS CELEBRATES FOURTH BIRTHDAY

Little Jack Allen Griggs celebrated his fourth birthday with a party Monday afternoon, when his mother, Mrs. Jack Griggs entertained for him. A merry go round, gift of his parents, furnished amusement for the guests. Birthday cake and ice cream was served, with whistles for the boys and doll bassinets for the girls as favors. Miss Nadeen Weldon assisted Mrs. Griggs with the serving.

Guests were: Johnny Patterson, Glen Chesshir, Mike and Mickey Carter, Danny Powers, Claude Wallace Lee, Johnny Chisholm, Jimmy and Johnny Rogers, Dene Purtell, Pat and Ronald Wayne Holder, Larry and Doris Nell Jackson and Ann Griggs.

Mr. and Mrs. Stuffy Moorhead returned Sunday from a weeks vacation in Hot Springs and Red River, New Mexico.

Sub-Deb Pledges Take Club Oath Thursday Night

The twelve pledges of the Sub-Deb Club took their oath Thursday evening at the home of Norma Cary. The oath was taken with the pledges kneeling before a low table covered with lace over blue satin with blue tapers in crystal holders on either end. The table was placed against a background of white with Sub-Deb, 1946 in blue lettering on it. All the members and pledges wore summer formals.

Following the taking of the oath, the girls enjoyed a dinner at Thompson's Cafe in the private dining room. The table was laid with a white cloth and centered with a low bowl of white lillies. Fern and small clusters of phlox radiated from the flower arrangement down the center length of the table. Norma Cary, president of the club, gave the welcoming address.

Places were laid for Yvonne Ferbus, Melva Jo Wartes, Norma Cary, Lois June Foster, Mary Tankersley, Joann Price, Naomi Thompson, Patsy Murray, Betty Ferguson, Delma Dawn Murphy, Mildred Copeland, Nancy Morgan, Lois Stevens, Scharlyn Daniell, Jackie DuBose, Marjorie Cary, Jackie Allen, Gloria Jones, Barbara Nell Harrold, Frances Price and Sherry Harris.

A FAMILY PICNIC STYLE DINNER SUNDAY

Those visiting in the home of Mr. and Mrs. Sam Day Sunday, July 21st; were their son-in-law and daughter, Pfc. and Mrs. John E. Smith of Loop, Ray Day of Tokio, Mr. and Mrs. Charles D. Reid and family of Brownfield, Mr. and Mrs. Kenneth Watkins and family of Foster, Mr. and Mrs. Grover Price and family of the Scudday community, Mr. and Mrs. Joe Butler and family of Challis, Mr. and Mrs. Herchel Vest and family of Wellman.

They enjoyed one of those picnic style dinners that are really becoming famous at these Sunday get-togethers.

MRS. HILL SURPRISED WITH SHOWER

Mrs. Ethelda Edwards and Mrs. Ted Hardy were hostesses with a surprise shower for Mrs. Kenneth Hill, Saturday morning, in Mrs. Hill's new home in the Brownfield addition.

After the honoree opened the gifts, coffee and sweet rolls were served to Mesdames Graham Smith, Logan Redford, Sam Teague, Terry Redford, Cotton Neely, Ralph Ferguson, J. E. Mathews, Slim Schellinger, Ted Fox, and J. O. Burnett.

MRS. LEE LYON LOSES HER MOTHER

Mrs. Martha P. Goza, aged 79 passed away Wed. 17th at Calera, Okla., following a stroke. She was the mother of Mrs. Lee Lyon of this county, and P. C. Goza, of Seminole. Funeral was held at the Calera Baptist church, and burial in the Calera cemetery.

Three other sons and three other daughters, as well as a host of other kin survive, according to a clipping from an Oklahoma paper. Mrs. Goza had been a member of the Baptist church since early in life, and was also a member of Eastern Star. The Goza family was one of the most prominent in Bryan county, it was stated.

Her husband preceded her in death several years ago.

OUT-OF-TOWN RELATIVES, FRIENDS ATTENDING McPHERSON FUNERAL

The following relatives and friends attended the funeral of B. L. McPherson here last Sunday afternoon: Sam McPherson and Windsor McPherson and wife, cousins, of Hamilton; Bluford Adams and wife, of Brownwood, brother of Mrs. McPherson; Mrs. Ella Adams of Clovis, sister-in-law; Mrs. R. G. Shannon of Ysleta, a niece, a daughter of W. T. McPherson, deceased; Ray and Bluford Hunter, nephews, of Amarillo; W. C. Mathis, Jr., wife and child, of Carlsbad, nephew; Mrs. Opal Thaxton of Post, niece, daughter of George McPherson; Mrs. Hattie Adams, cousin of wife, of Lubbock; Mr. and Mrs. Bill Reick, of Lawton, Okla., niece, daughter of Mrs. C. E. Hamilton; Mrs. Matt McPherson of Houston, sister-in-law, and Mrs. Georgia Mimms of Houston, a niece, daughter of Matt McPherson.

Friends, Luther Hinkle of Plains; J. D. Wilson, of Lubbock; J. W. Hill, of Wichita Falls, State highway officials, and a large number of personnel of the highway offices at Lubbock; Mr. and Mrs. M. E. Brown and son, Frank and wife of Lubbock; Mrs. Mark Wheelan, son and daughter of Artesia; Mrs. Rose of Denver City; Mr. and Mrs. R. D. Travis of Post; Mrs. Cora Reed of Plains; and Paul Gainer of Tatum.

Mrs. E. D. Yeatts and Mrs. George Wade spent Thursday in O'Donnell, with Mrs. Wade's sister, Mrs. Levi Gray.

Martin Kirschner, of Stamford, is here at the bedside of his mother, Mrs. Sam Kirschner, who is ill in the local hospital.

And while you are remembering other old and faithful servants at the polls, Saturday, don't forget U. S. Senator Tom Connally. Texas must keep a real senator in Washington.

Mr. and Mrs. Ted Hardy, Mr. and Mrs. J. E. Mathews, Mr. and Mrs. Kenneth Hill, Mr. and Mrs. Slim Schellinger, Mr. and Mrs. Howard Hotchkiss and Mrs. Ethelda Edwards were among those from Brownfield attending Primm Drug and Odessa softball game in Lubbock, Sunday afternoon.

SWIMMING PARTY GIVEN FOR BILLIE MACK HEROD

Mrs. Roy Herod complimented her son, Billie Mack, with a swimming party, Tuesday from 4 to 7 o'clock in honor of his tenth birthday. After swimming the guests returned to the Herod home where they were served sandwiches, punch, ice cream and birthday cake.

Guests were: Tommie and Mackie Hord, Barry Burrows Tommy Hamilton, James Herbert Chesshir, Gene Aven, Roscoe Treadaway, Doyle Criswell, John Holmes and Robert Stone.

MR. AND MRS. ZORNS HOSTS TO CLUB

Mr. and Mrs. Bruce Zorns were hosts to their club with three tables of bridge, Friday evening of last week. Mrs. Johnny Kendrick and Mr. Zorns received high score and Mrs. Walter Hord won in the game of Bingo.

A salad plate and iced tea was served to Messrs. and Mesdames Tommy Hicks, Bill McGowan, Johnny Kendrick, Tommy Zorns, and Walter Hord.

MRS. MYERS ENTERTAINS IDEAL CLUB

Mrs. Dick Myers entertained the Ideal Club with three tables of bridge Wednesday afternoon. Mrs. Fred Jones received high and Mesdames Phil Gaasch and Preston Figley won in the games of Bingo.

A salad plate was served to Mesdames Harold Crites, Slick Collins, R. N. McClain, Roy Herod, Phil Gaasch, Fred Jones, Ben Christopher, Tommy Hicks, A. A. Sawyer, Preston Figley, Joe McGowan and O. L. Peterman.

OLD-FASHIONED ICE CREAM SUPPER ON METHODIST CHURCH LAWN

All members of the Methodist Church are invited to an old-fashioned ice cream supper to be held on the Methodist Church lawn, July 31 at 7:30 p. m. Singing, games and red lemonade are also on the evening's program.

PARTY FOR MUMFORD GRAHAM

Games, ice cream and roasted weiners were enjoyed last Friday night when a small party was given for Mumford Graham by Mrs. A. J. Stricklin, Sr.

Guests were Mike Smith, Kenny Kendrick, Mackie Hord, Earl Davis, Teddy Rysinger, Jack Taylor Stricklin and the honoree, Mumford Graham.

Mr. and Mrs. Earl Bradley and children met a group of friends in Roswell, Friday and spent the weekend in Ruidoso.

Paschal Goza, who is an army chaplain and has been stationed in Japan, is here on furlough visiting in the home of his sister, Mrs. J. L. Lyon.

Mrs. H. O. Longbrake and Mrs. Betty Curry spent Thursday in Lubbock.

W. S. C. S. HAS COVERED DISH LUNCHEON

The Women's Society of Christian Service met in Fellowship Hall at the Methodist church for their regular luncheon, Monday at one o'clock. Mrs. Glen Harris and Mrs. J. H. Carpenter were hostesses. Guests for the luncheon were: Mesdames Gillham, Harris, Harmon and Miss Maud Bailey.

Following the luncheon, Mrs. A. J. Loyd conducted a very interesting program on the subject, "For All Valiant Women." Mrs. Tobe Power talked on the "Celtic Cross" and Mrs. N. T. House discussed "Women, Trustees of the Future." The meeting closed with the group singing of "Lead On O King Eternal" and the benediction.

Members present were: Mesdames C. E. Fitzgerald, W. B. Downing, Ed Tharp, J. H. Carpenter, Glen Harris, R. N. Huckabee, Cleve Williams, A. J. Loyd, H. O. Longbrake, Tobe Power, N. T. House and Lee Walker.

Mr. L. B. Brazelton and children attended the funeral of Mr. Brazelton's mother in Sweetwater last week.

Mrs. R. A. Bandy, of Cleburne is here visiting in the home of her son, Mr. and Mrs. W. L. Bandy.

REWARDS

\$25.00 Reward is offered for information leading to discovery of the origin of the fire, in our warehouse, last Monday morning.

\$25.00 additional reward, for the arrest and conviction of the person causing the fire.

TEXAS COMPRESS & WAREHOUSE COMPANY Brownfield, Texas

TO THE CITIZENS OF TERRY COUNTY

I have been a resident of Terry County for the past 29 years and have always been a law-abiding citizen. In asking for the office of Sheriff of Terry County, I fully realize the duties and responsibilities of this office, and if elected, will devote all my time to fulfilling and carrying out the duties of the sheriff's department, without showing any partiality or special favors to anyone.

I have tried to see everyone in Terry County personally, but if I have missed anyone, it was not done intentionally. I have appreciated the favors and courtesies shown me in this race and solicit your vote and influence in Saturday's election.

Eight Terry Vets Certified For Surplus Vehicles

Eight Brownfield veterans have received invitations from War Assets Administration to attend a sale of surplus used motor vehicles to be held July 31 at the Marine Corps Air Station, Eagle Mountain Lake (near Fort Worth), Texas.

They are D. T. and D. F. Diffe, both of Box 1028, were certified last October and invited to buy a jeep; B. G. Hackney, Box 31, also certified last October, is invited to buy a jeep; Alvan M. Muldrow, who was certified in August of 1945, is invited to buy a 1/2-ton pickup truck. He is also invited to buy a one and one-half ton truck, for which he has been certified since last August. Orval M. Pickett, Box 744, Brownfield, was certified in November and is invited for a motor scooter. John O. Garner, Box 733, was certified in November and is invited for a one and one-half ton truck. Byron O. Black, Box 584, who was certified last October, is invited for a one and one-half ton cargo truck, while William T. Pickett, 102 W. Buckley, certified last October, is also invited for a one and one-half ton cargo truck.

Rotarians Hear First Hand Account of City's Early History

As guest speaker at the Rotary luncheon last Friday, A. M. Brownfield, after whom the city is named and who has seen Brownfield spring from the prairie and grow to its present size, gave his audience a very informative and highly amusing account of the town's early-day history.

The program was enjoyed by old-timer and newcomer alike, and all expressed themselves as being of the opinion that it was one of the most enjoyable features the club has ever presented to it.

Visiting Rotarians were Paul Jones, formerly of Brownfield but now of Post and Jack Moody, Seagraves, P. C. Goza and R. A. Upton were guests.

ITALIAN PRESIDENT GAINING FAVOR . . . Benedetto Croce, famous philosopher, is shown, left, as he congratulated Enrico de Nicola, who was recently named provisional president of the Italian republic. President De Nicola enjoys enormous personal popularity in Naples, a monarchist stronghold, and his election by the Italian constituent assembly won some ardent monarchists over to "De Nicola's Republic."

List Of Dead Completed For Plaque

The Executive Committee of the local American Legion post met Tuesday morning at the Commissioners court room, and accepted the list of Terry county boys who were lost in the two world wars, to be engraved on the Memorial Plaque to be placed in the Court-house to their honor. However, some four names are to be further checked on. There is 74 now. It is expected to have the bronze plaque completed and installed in the next three months, and to be dedicated with proper ceremonies on November 11th, next.

The committee has worked hard for some time, in an effort to get all of their names, and correctly, but have met with complications by several enlistments and registrations elsewhere.

Some of the letters that newspapers receive are about as hard to read as a doctor's prescription written with a postoffice pen in the rumble seat of a second-hand car.

The clothes that make the woman are the same that break the man.

Softball Tournament Ends This Week

The second phase of the Softball tournament which has been a source of entertainment for our people for the past two months, ended tonight. Next week the play off between our highest teams.

Monday night, Primm's Drug scored over Gene Gunn's 21 to 11. Tuesday night, Furr-Newsom ran over Sinclair Oil, 27 to 2, in five innings, and Herman's Gin won over the Jaycees, 22 to 16.

Thursday night Brownfield all stars girl team played the Lamesa all stars here.

In the finals, Primm's Drug stands 1st, Herman's Gin, 2nd, Jaycees 3rd, and Sinclair 4th. Each to play next week.

Primm's Drug, which stood second in the Lubbock invitation tournament, have lost to Odessa on a score of 1 to 0.

The field on which they have been playing is to be repaired and readied for the coming football season.

Summer is almost over before mere man learns how to keep creases in the trousers of his white suit.

Child Nephew Of Local Man Burned To Death

Kyle Graves and wife went to Crowell, Tuesday, to attend the funeral of the three and a half year old son of his brother, Grady Graves, superintendent of schools there, who burned to death Monday evening at their home in Crowell. It was learned the little fellow had obtained some matches and went into a room in the rear of their garage, where a lot of old papers were stored, and set some afire between himself and the only door.

When discovered by other children and the alarm given, the building was aflame. Though the fire department quickly responded, and extinguished the fire, the child had burned to death. The mother was also severely burned in her frantic efforts to break in and save it. But for the persistent efforts of her sister, she too, would have perished.

WAR PROFITS PROBE . . . Maj. Gen. William N. Porter, retired chief of the chemical warfare service, is shown as he appeared before the Senate Mead committee as it was investigating Rep. A. J. May and war profiteering.

An Old Oil Field Map Of The Area

Recently in cleaning out after the painters, or rather moving stuff while they were here, we ran across an old oil map of the area, with no date on it. But we feel sure the old yellowed map we had clipped from a newspaper and pasted on some cardboard belonged back in the early 1930 period. We had carefully penciled air line miles to the nearest wells at that time.

And we say wells advisedly. For at that time there was not more than one and over two or three together, in fields that are now well developed, and high producers, with a number of refineries, carbon black plants and lots of oil pipe lines leading off from them. At that time there was no Wasson-Denver City pool.

There was one well each apparently in Cochran and Hockley counties, known as the Duggan well in Cochran and the Slaughter well in Hockley. This is one large field now, and extends down into Terry county, with a thriving little city, Sundown, in the big middle. We had the nearest of these wells as 22 miles, and others 30, and 27 miles to the Bennett well in Yoakum. The Bennett pool now extends within 18 miles of Brownfield, and some wells in the Alexander pool in Terry county.

Then we showed a distance of 27 miles to the Albaugh well in northeast Dawson county. This is now known as the Welch pool, and comes within about 20 miles of Brownfield. There was a well or two in what is now known as the thriving Seminole pool, 40 miles southwest of Brownfield, but no wells were shown in the Cedar Lake pool, 18 miles south of Brownfield.

We wish we had the exact date

Good Crowds Attending Main Street Revival

From the first sermon up to the present time, good crowds and fine interest have greeted Evangelist Austin Varner, of Electra, Texas, who is holding a revival meeting for the church of Christ meetings at 3rd and Main streets. He is a very interesting speaker, and knows his Bible.

The meeting will continue until Wednesday night of next week, and if you have not heard him, you are cordially invited to hear him in all the concluding sermons of these series of meetings. Morning services at 10 o'clock, and night services at 8:15 P. M. A singer from Levelland is directing the song service.

Oscar Edwards, Jr., of Abilene and Miss Virginia Moore, of Dallas, are visiting their grandparents, Mr. and Mrs. T. L. Lowe.

R. M. Kendrick and son, Richard, of the First National Bank, are in Colorado this week on business.

Mr. and Mrs. C. L. Truly and daughter, Patricia, returned recently from a week's vacation in El Paso, Carlsbad and Ruidoso.

Mrs. A. E. Proctor and son, Anson, were guests in the home of her sister, Mrs. C. A. Howard, last week and the first of this week.

that old map was made, but was evidently made about the time that the Prince of Wales, now Duke of Windsor, who married a commoner and had to abdicate, took the throne in England, for pictures of the crowning were shown on the back of the map.

To say the least, the oil game of this area has come a long way since that map was made.

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

VOLUME 41.

BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, JULY 26, 1946

NUMBER 52

Tech Student To Deliver Commencement

Lubbock — O. B. Ratliff, only former student of Texas Technological College to serve on its board of directors, will be the speaker at Tech's summer commencement exercises August 28, President W. M. Whyburn has announced. Mr. Ratliff is the first ex-student to be selected as commencement speaker.

O. B. RATLIFF

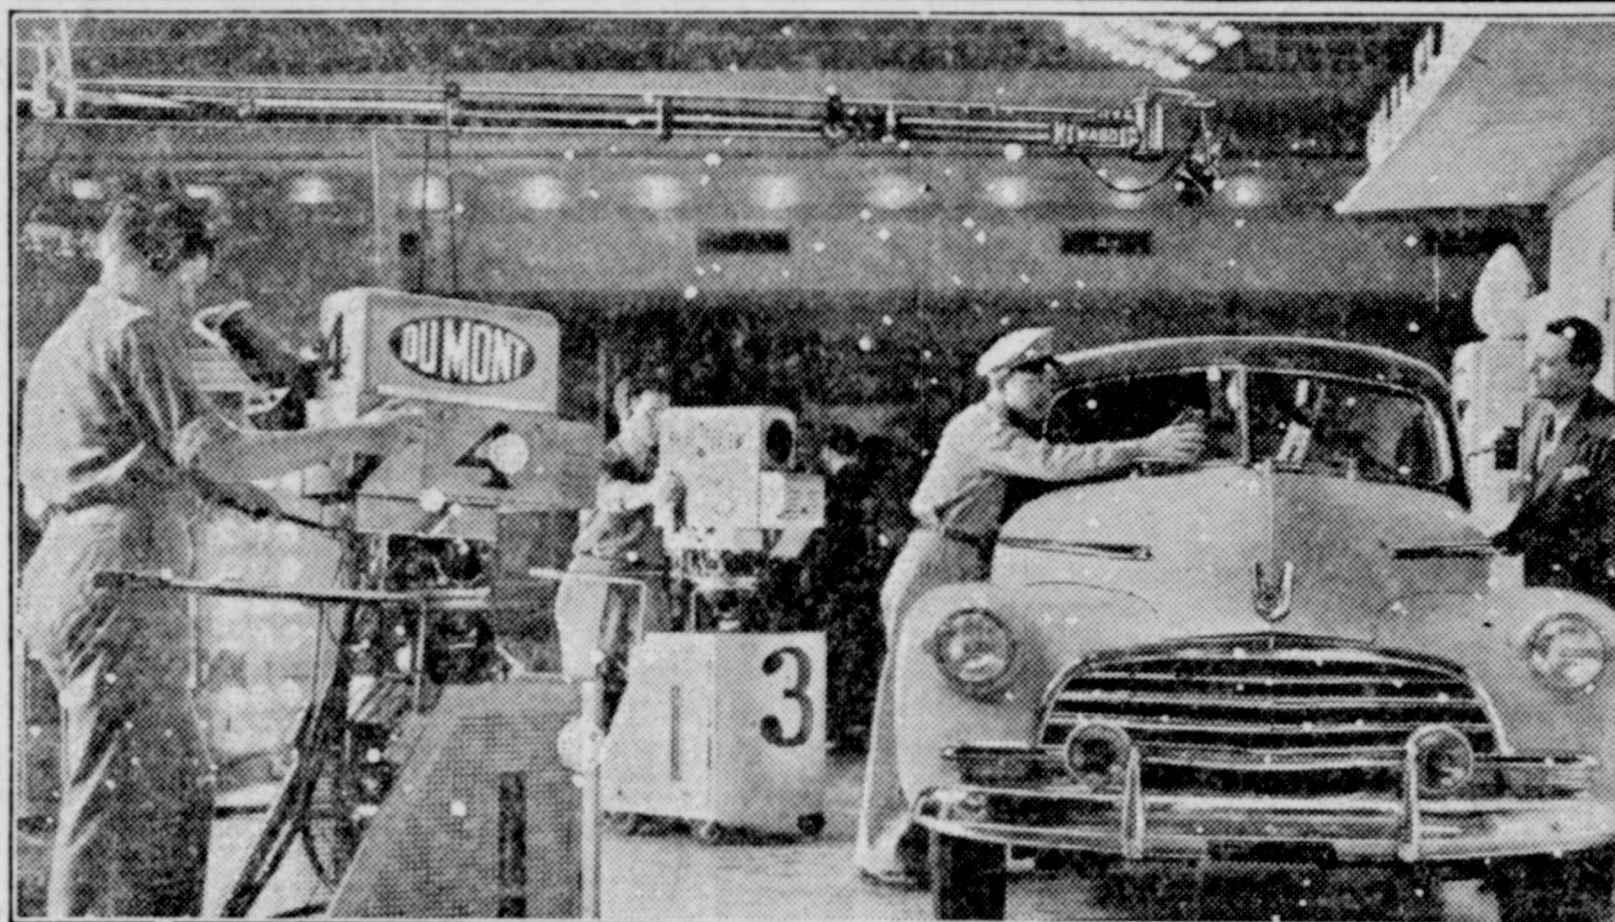

He is a lawyer and land owner, former newspaper publisher, former surveyor for the State Highway department, and at present is managing properties and dealing in oil and gas leases and royalties.

"Texas Tech, founded 21 years ago, has come of age and is on the threshold of its greatest expansion in students enrolled, building and curricula," Mr. Ratliff declares. "As each of its former students grows older, his alma mater becomes more dear. This is the same feeling experienced by former students of all colleges."

"With plans which have been laid and others that are in the process of formation, there is no reason why Texas Tech should not be one of the greatest colleges in the region, if not in the nation, within a few years. When I think of region, I think not only of Texas but of Oklahoma, New Mexico, Louisiana, Arizona, Arkansas and other nearby states."

Mr. and Mrs. A. H. King and family, Mr. and Mrs. Hub King, Mr. and Mrs. L. M. Lang and Mr. and Mrs. Bill Norris and Mr. and Mrs. M. H. Norris, of Slaton, enjoyed a picnic in McKenzie Park, Sunday afternoon.

How Your Television "Commercial" Will Look

To enhance an impressive list of manufacturing "firsts," Chevrolet now engages in another pioneering venture as the first motor car manufacturer to sponsor a regular commercial television show. Admittedly an exploratory venture to evaluate the possibilities of television as an advertising medium, these broadcasts were the first employing live talent to be sponsored by any automobile

producer. Four weekly shows were staged by Chevrolet and broadcast through the facilities of the American Broadcasting Company's television network. The shows were televised at the Dumont Studios in New York for the three stations currently teamed in the ABC television network. Shown above is a scene from the second of the series, a half-hour program titled "Roads to Romance."

COMMISSIONERS COURT MAKES CONTRACT FOR ROAD CONSTRUCTION

Pursuant to previous advertisement, the Commissioners Court, Monday morning received bids for construction of 27.4 miles of paved farm to market roads, across the south part of the county.

Out of seven bids submitted, varying as much as fifty-six thousand dollars, the bid of \$171,952.87, submitted by Ted Smith, a noted road building of Sweetwater, was accepted. This is about \$6,275.00 per mile. All bidders had up required forfeits by certified checks. A contract was then made with Smith to build the road, twenty foot caliche base, 18 foot crushed rock top, with two coats of asphalt. Work is to begin in thirty days. No common labor to be imported, but given to local workers. However, all technical machinists will be of his own crew. Most of the work will be done by machines of which Smith is well equipped. When it was learned that an extra two foot shoulder would cost an additional \$18,000.00 the Commissioners decided they could, with their own machinery and local help, build them later.

The idea "if it rains," so often heard now, also applies in this project, as the item of sprinkling amounts to \$24,000.00, which would save a considerable sum.

The road begins at the southwest corner of Section 1, Block DD, on Yoakum county line; thence east 9 1/2 miles to the north side of the Wellman; thence south on that town's east line two miles; east 7 1/2 miles to intersect another section of the same project, running south from Forrester gin to the Gaines county line. Also one mile from Union gin north to the La-

Measuring Band Members For New Uniforms

Work is being completed on the measuring and ordering of new uniforms for the High School band. It has not been easy, however, as many to be fitted were out of town. Some measurements will have to be sent in later, it was stated. The uniforms will be of school colors, red, trimmed in white, with Sam Browne belts and white plumes on West Point Cadet Shakos. The twirling line will be of white satin, with red satin lined skirts and shorts. The drum major's and director's suits complete the list and they are the tra-

mesa Highway. The above is a county project, out of the bond issue voted in August last year. The State is due to build from Forrester gin north to intersect Seagraves Highway just west of the Lamesa junction.

Engineers have begun surveying and work will be rushed on the other portions of Terry county's road project in the north part of the county.

All bidders had representatives present at the opening, and the county had its engineers, on whose specifications bids were let.

The bids were as follows, exclusive of the one accepted: \$181,792.00, \$182,286.00, \$183,872.00, \$190,866.00, \$194,112.00, and \$227,053.00.

ditional color, white, and traditional design.

The Junior band has been doing some fine work the last two weeks and have been selected to play for the political rally Friday night at 8:00 P. M. They are also working diligently on their second contribution to the summer band concerts to be played Saturday week, August 3, at 3:00 P. M. Many of these Junior band mem-

Johnson Implement To Remain At South 6th

There has been quite some question about the Johnson Implement location, since their building on north First street was started some time ago, and is now practically complete. Many had it in mind that the company would vacate their location on south Sixth.

In conversation with personnel of the company this week, they stated that the down town location at 205 south Sixth, will be maintained for light implements, sample room and repair shops. The warehouse at north First will be maintained for storage of heavy machinery only.

Mrs. C. R. Lackey and daughter, Billye, spent Tuesday in Lubbock shopping.

bers have made remarkable progress this summer and can expect to be in the High School band next fall.

Mr. Horn is always on the lookout for new talent. A singer is needed for the High School orchestra and there are countless places to be filled in the Junior band when school starts, so be making plans now. Twirlers are needed for the Junior band, too. They will, however be picked from the players. In other words, they will play an instrument in the band as do those in the High School band. If enough are interested, a pre-band song flute class will be given.

FINDS NEW PENICILLIUM STRAIN—Wayne Simmonds (right), 29, war veteran and graduate assistant in the University of Wichita's department of botany and bacteriology, has discovered a new strain of penicillium (similar to penicillin) and here shows a plate with the mold to Dr. C. C. McDonald, department head. Simmonds, an arthritic case, is attending the Kansas school under provisions of Public Law 16. Professors report the mold unique in its pigmentation and unlike any similar strain yet recorded in bacteriological literature. The new strain is now undergoing varied tests.

There's no trial period when you buy a new CP gas range—it already has been tested and promises to give you cooking perfection.

West Texas Gas Company

GI Question And Answer Department

Q. Last year I attended school under the G. I. Bill and received subsistence payments of \$75 a month for me and my family. The amended Servicemen's Readjustment Act, passed in 1945, increased the amount to \$90 a month. Am I entitled to retroactive payments for the increase?

A. No. Payment of increased subsistence allowances for veterans with dependents went into effect Jan. 1, 1946. It provides specifically that the increased amount is payable as of the first day of the first calendar month immediately following enactment of the amended legislation. Date of the enactment was December 28, 1945.

Q. I am 23 years old and would like to know what my premium will be on a 20-payment NSLI policy?

A. The monthly premium on such policies at your age is \$2.05 a month per \$1,000.

Q. How long do I have before I have to convert my term insurance to a permanent form?

A. You can keep your term insurance for eight years from the time it was taken out, if it was taken out before January 1, 1946,

CONGRESSMEN OFF TO PHILIPPINES . . . Seven senators and representatives left Washington airport for a round-the-world tour during which they expect to participate in the celebration at Manila marking Philippine independence. Left to right: Gen. H. L. George; Rep. Karl LeCompte (R., Ia.); Rep. J. W. Robinson (D., Utah); Vernon Moore, secretary, Filipino rehabilitation commission; Sen. Hugh Butler (R., Nebr.); Rep. Fred Crawford (R., Mich.); J. Weldon Jones, President Truman's representative; Sen. Allen Ellender (D., La.); Rep. George Miller (D., Calif.); Sen. Owen Brewster (R., Maine); and Brig. Gen. Carlos B. Tolulo, resident commissioner of the Philippines.

or five years if it was taken out on or after that date.

Q. I have let my NSLI term policy lapse since my discharge. I have been out of the army more than six months. Can my policy be reinstated?

A. To reinstate your NSLI term policy, irrespective of the date of lapse, you are required to pay only two monthly premiums and submit a signed statement that you are in as good health as at the time of the lapse. You have until Jan. 1, 1947, to do this under the regulations.

Q. Is it permissible for a veteran to reduce the amount of his insurance policy?

A. Yes. The amount continued must be in multiples of \$500, but not less than \$1,000.

Q. Are there any restrictions for NSLI policy holders?

A. The insurance is free from restrictions as to residence, travel, occupation or military or naval service.

Have Your Pressure Cooker Tested

This is a reminder to those who have pressure cooker gauges that need testing to have them at the home economics room in the Brownfield High School between 10 A. M. and 4 next Saturday, July 27. Pressure cooker gauges should be tested once a year, Miss Helen Dunlap, County home demonstration agent says. She states that the new gauges should also be tested, since sometimes they too

do not register correctly. When gauges fail to register properly the temperature will not be correct for processing and often results in spoilage.

Miss Dunlap requests that each person having a gauge tested have it loosened from the pressure cooker top, since those doing the testing do not have the facilities for doing that.

Mr. and Mrs. Doyle Howell and family from Post; Mr. and Mrs. Grady Davis and son, Mr. and Mrs. L. G. Smith, Mr. and Mrs. L. V. Wagner and family, all of Brownfield, were guests in the W. H. Wagner home Sunday, July 21.

Allan Shivers Is Fully Qualified

Senator Allan Shivers is the only candidate for lieutenant governor who has the experience and qualifications that are so badly needed to properly preside over the Texas Senate, the lieutenant governor's chief function. Allan Shivers gained this experience through 12 years of service as a senator, interrupted only by two years overseas duty with the Army. He is also the only war veteran seeking the lieutenant governor's office.

POOL NEWS

The revival closed Sunday. Rev. Ellis Todd of Seagraves did the preaching.

VerDean Barnett has returned to her home in Comanche, Okla., after spending several weeks in the home of her uncle, H. H. Dunn.

Pvt. Leland Terry of Camp Bowie spent the weekend with his parents, Mr. and Mrs. W. F. Terry.

T. E. Beall of Roswell visited his sister, Mrs. L. M. Waters, Sr., over the weekend.

Mrs. J. D. Howard and daughters have returned home after spending several days visiting her father, Mr. Charles Jackson, of Odessa.

Mr. and Mrs. J. J. Gunter have returned from Fort Worth where Foy Gunter was admitted to a hospital there.

Mr. and Mrs. Clarence Hester and family of Meadow spent Sunday with Mrs. Hester's mother, Mrs. J. W. Young and other relatives.

Mr. and Mrs. Roy Barrier and sons are visiting relatives at Liberty, Texas.

Elvis Duncan is visiting relatives at Dickens City this week.

Juanita Dunn and Margaret Dunn of Lawton, Okla., spent Saturday night with Juanita Harden of Brownfield.

Charles Britton of Meadow spent the weekend with his grandparents, Mr. and Mrs. J. J. Gunter.

Bobbie Gene Little of Wellman spent last week with his aunt, Mrs. J. C. Little, near Brownfield.

Kroll To Replace Hillman In CIO-PAC

Washington, July 18 — Jack Kroll, close associate of the late Sidney Hillman, took over the top administrative job in the CIO political action committee today but responsibility for running the organization was spread to a five-man board.

CIO President Philip Murray announced that Kroll, a high official in Hillman's clothing workers union and his assistant on CIO-PAC, has been named to a newly-created post of CIO-PAC director.

A grandchild of ours, hearing us allude to these as the good old days, has our permission to denounce us on the spot, like any faker.—Chicago Daily News.

TO THE VOTERS And Citizens of PRECINCT NO. 1

Owing to circumstances beyond my control, I may have been unable to see all of you in person. But if I have missed any of you it was not intentional.

Please accept this as your individual solicitation.

Thanking you in advance for any consideration shown me,

I remain, sincerely,

T. D. (Tom) WARREN

CANDIDATE FOR COMMISSIONER
Precinct No. 1, Terry County

Management's-eye-view of the Santa Fe

View from fireman's seat inside cab of one of Santa Fe's great fleet of Diesel locomotives. Engineer sits at right.

Many of the fine things you are enjoying and are about to enjoy on the Santa Fe are the direct result of riding the line rather than riding an office chair.

You can see more railroad from the cab of a locomotive than you can from a typewritten report. It all goes to prove that foresight is better than hindsight.

That's why you so often find the top executives of Santa Fe at the "head-end" of Santa Fe trains. They ride in front by desire and design to see what lies ahead.

The modern railroad executive, who has grown up with tracks and trains and who has spent a large part of his life in railroading, looks at a section of track not in terms of ties and rails

but in terms of the possible improvements for better service to shippers and passengers.

Coupling long experience with mature vision, he translates new ideas into action with immediate decision which is both practical and timely.

This practical "Management's-eye-view" has led to the straightening of curves, improved roadbeds, new bridges and many other things which pay off in terms of better service for both passengers and shippers. It has led also to improvements of design and handling in the locomotives themselves.

During the next few months, Santa Fe will announce a number of new features improving its service and equipment. Watch for them.

Not "Much Change" In Parole System Seen

Austin, July 18—Gov. Coke R. Stevenson said today the next legislature would make "much change" in the existing system of pardons and paroles in Texas.

The reason for this, he said, was that "there are too many different views" of what constitutes a good system of parole.

The present system under which a convict becomes automatically eligible for parole after serving one-third of his term is good, the governor commented at his press conference, "if exceptions were not made to it."

The parole system in recent months has been under severe fire from organizations of peace officers, and it has been anticipated the next legislature will face a strong movement for tightening up parole requirements.

Jimmy and Donald House left Sunday for a two weeks vacation in Paris, Texas visiting their grandparents, Mr. and Mrs. Ed Arnold.

BROTHER OF LOCAL MAN DIES AT SAN ANTONIO

Joe J. Whitley, well known resident here, left late last Friday afternoon to attend the funeral of his youngest brother, Dee Whitley, who died at his home in San Antonio, earlier that day. He is survived by three daughters, his wife having passed on before; also three brothers, Joe J. and J. T. Whitley of Levelland, and W. H. Whitley of Gorman, Texas, and one sister, Mrs. Wheeler of Oklahoma.

Joe J. is a pioneer settler here, and the others once lived here a few years ago. Dee had often visited here, and the last time was only two months ago. He had been in failing health for some time.

The Low Down From Hickory Grove

Everytime I read about this Mr. Byrd—the Virginia Senator—I feel like picking up my pencil and sayin' to him, "pardner, more power to you." He is one of my favorite senators. That old "Sore-back" knows what ails this county. He knows what we gotta do if we are to keep 2 cars in every garage versus a goat in the woodshed, like in Europe. And the gent has perseverance. Like a good coon dog, when he gets the scent, he stays. He sees an excess of 2 million on the Govt. pay roll, and costing the citizens around 5 million bucks per annum—not including the hotel bills, free gas, airplane trips, etc.

And the latest on Mr. Byrd is where the CIO puts him on the purge list, but which Mr. Bryd says, it is his greatest compliment, and badge of honor. There is some hombra—he is an old-south democrat. He is entitled to a nice letter from all kinds of citizens—union, or rebel, or native son. And while talking about Virginia, that Gov. Tuck there, he could have a pat on the back too—he is no synthetic.

If I was good at palaver and up on lunch club etnies, I sorta feel like I would like to rove the country and talk up the idea of moving our U. S. A. capitol across the river there to Richmond.

Yours with the low down,
 JO SERRA

POSSUM FLATS . . . "CLOSE HARMONY!"

Texas Has One Of Biggest Peach Crops

College Station — The Texas peach crop is estimated at 2,613,000 bushels despite June hails in some areas which cut down the yield.

The estimated yield in the early peach producing areas is 39 million bushels and the U. S. Crop is expected to total 81,065,000 bushels, only on percent under the all-time high sent to market in 1945.

B. F. Vance, state director of the USDA Production Marketing Administration, said steady movement of fresh peaches from trees to kitchens was necessary if the big crop is to be put to best use.

He urged housewives to take full advantage of supplies now on the market and to can, dry and quick-freeze them for use later. Commercially canned fruits will not meet consumer demand for the coming year, he said.

Potatoes and onions are also plentiful on the market at the present time.

Everybody Gets Hurt

More than any other strike the coal strike should have impressed on the strikers, the rest of the public, and on government, union and coal company officials, the dependence we all have on each other.

Had the strike lasted a little longer the miners would have been short of food that couldn't be processed and shipped to them because of lack of coal.

The interlocking organization of American industry and the American social plan can be thrown seriously out of gear by the ignorance or arrogance of a multitude of comparatively small groups. Whether these small and selfish groups are of capital or labor doesn't make much difference. Any of them can play with the national economy, and have been doing just that.

The idiotic policy of biting off the nose to spite the face has become general in American industry since the war. It doesn't show the sort of smart foresighted thinking we brag about as typically American.

A little illustration of how interdependence of industrial elements happened during the coal strike. A major issue of the coal strike was greater safety for the miners. Coal shortage shut down plants making miners' safety devices.

But maybe Lewis planned it that way.—Future.

Mr. and Mrs. T. E. Neely and family, of Sayre, Okla., are visiting in the home of their son, Mr. and Mrs. Cotton Neely.

OWNER OF CROWN JEWELS . . .
 A photo of the Countess Von Hesse, princess of Prussia, as she looked in the days when Hitler and Goering were entertained at her Kronberg castle. It was from this castle that the Hesse-Darmstadt jewels were stolen.

YOUTH WILL FREE HIS COLLECTION OF SNAKES

Dallas, July 18—Confronted by the law, a 16-year-old Dallas snake student decided today that he guesses he would have to free his live collection.

The young herpetologist, Lawrence Curtis, ran afoul of an ordinance which prohibits the keeping of snakes.

Of his collection of more than a dozen different snakes, Curtis said he would merely "turn them loose."

Bargain Hunting in Cow Feed

College Station — Feed bargains for dairy cows still are available and most of them can and should be home grown. This statement comes from G. G. Gibson, dairyman for the A. and M. College Extension Service, who advises that now is the time to lay in ample roughage supplies to fall back on when pastures play out.

Digestible nutrients are the part of the feeds that the cow uses to maintain her body and to make milk. The common ones can be grouped as proteins, fats and nitrogen free extract (mainly sugar and starch). Minerals and vitamins are important but are not included under digestible nutrients.

Every feed contains digestible nutrients. The job of feeding dairy cows is to supply the right kind and amount as well as low cost nutrients.

"GOOD NEIGHBORS" MEET AT WARREN HOME

Mrs. T. D. Warren was hostess to the Good Neighbor club, Thursday afternoon, July 11.

Sandwiches and lemonade were served to Mrs. Doyle Anderson, Mary Belle Warren, Mrs. Dalton Warren, Mrs. W. H. Wagner, Mrs. Houston Stephens, Mrs. Walter Watson, Mrs. Henry Jeffries, Mrs. Henry McMillan, Mrs. Weldon Fenter, Mrs. Ford Fowler, Mrs. Lester Etter, Mrs. Ruth Holleman, Mrs. L. V. Wagner, and the hostess.

The next club meeting will be held at Mrs. Dalton Warren's the 25th of July.

Mrs. M. B. Sawyer spent several days in Lubbock visiting Mr. and Mrs. Oscar Sawyer.

1,080,000 POUNDS OF
BLACKEYED PEAS
ARE NEEDED FROM WEST TEXAS EACH DAY BY
GILBERT C. WILSON
LABORATORIES
AT PITTSBURG, TEXAS

We will need 1,080,000 pounds of blackeyed peas per day. Our plant will have a maximum daily production capacity in excess of 30,000 cases per day.

Our plant is now operating, canning peas from South and Central Texas. West Texas blackeyed peas harvest will begin after harvest season in East Texas is over. We will start buying here when peas are first available, and will continue to buy until the first killing frost.

We will set up receiving points at convenient places throughout the Brownfield territory, and peas will be paid for when they are received. We will pay market price for the peas, which should be in the vicinity of \$65.00 per ton.

The demand for canned blackeyes appears to be far in excess of what canners can supply this year.

According to the experienced blackeyed pea growers in West Texas, less moisture is required for producing a good yield of blackeyed peas than cotton, and they can be planted 20 to 30 days later than cotton and yet still in time for maximum yield.

Blackeyed peas, being a legume, will serve to build up the soil, and will also serve somewhat as a cover for the soil to keep down erosion during the winter months.

We will also buy dried blackeyed peas this year.

The location of our buying points in the Brownfield territory will be announced in the near future.

"Run On My Own Merits," Says Price Daniel

Price Daniel, former speaker of the House of Representatives and now candidate for attorney general, warned here Monday that an attempt was being made to set up a political dynasty in the attorney generalship.

Referring to his opponent Pat Neff, Jr., who is associated with the attorney general's office as an assistant, Daniel said, "I have no big political names or former officeholders to parade before the citizens of Texas to tell them how to vote."

"It was my observation before entering the Army three years ago that Texans like to see a man run on his own name and his own merits. I haven't found that the war has changed this feeling."

He said he had encountered general popular resentment against "the attempts of politicians and officeholders to take over control of the attorney general's office."

Raymond Barrier of Dallas, owner of the building, is here this week having a new awning constructed over the front of Jones Dry Goods store.

McGee Gets New Post On Negro Education

Austin, July 19—The future of negro higher education in Texas today was placed in the hands of a seven-member bi-racial commission.

Gov. Coke Stevenson named Mark McGee, Fort Worth attorney and member of Texas Tech's board of directors, as chairman of the commission, charged with working out a detailed plan for establishment of a negro state university and A. and M. college.

Other white members named to the commission are Dr. E. N. Jones, president of Texas Arts and Industries college at Kingsville; Henry Stillwell, President of Texarkana Junior College; G. H. Penland, Dallas attorney and member of Baylor university's board of directors; and Dr. J. N. R. Score, president of Southwestern university at Georgetown. The two negro members are W. R. Banks, principal of Prairie View university for negroes and Dr. M. L. Edwards, physician at Christian college for negroes at Hawkins (Wood county).

Two College Planned

Appointment of the commission is in line with recommendations of the governing boards of the University of Texas and Texas A. and M. college. It was proposed by both boards last week that a negro state university be established, preferably at Houston.

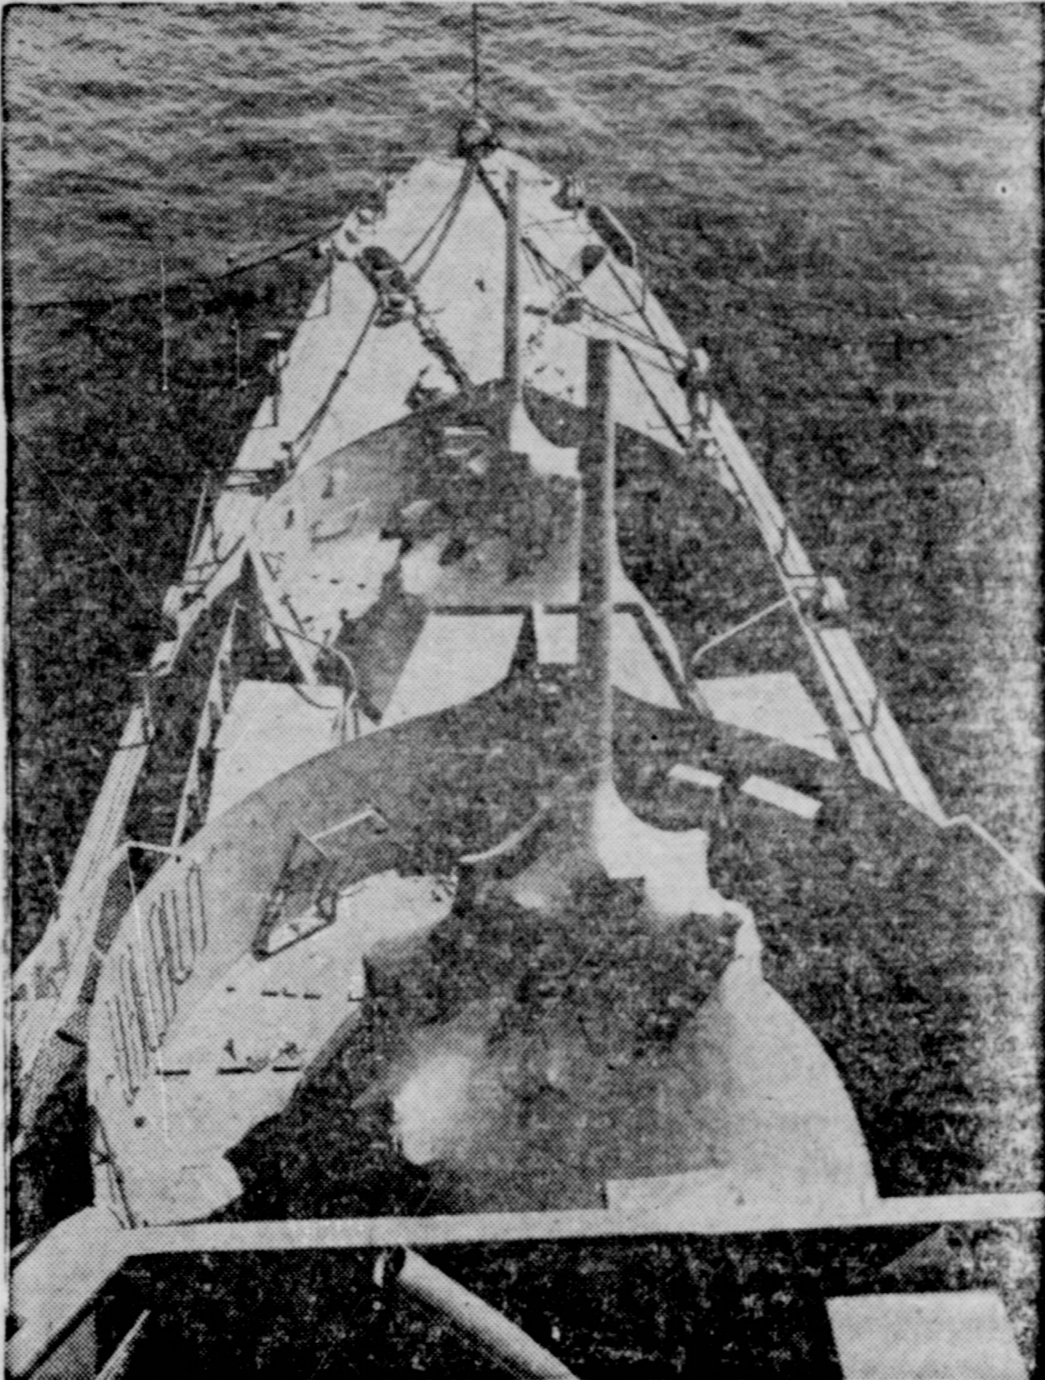

Herbert Chesshir, committeeman of the Lions Club, sponsoring the local swimming pool, stated they had a very successful season, would pay all expenses, and have some to add to better conditions next season.

Mrs. Mumford Smith and Mrs. Marguerite Graham and son, Mumford Austin left Monday morning to return to their home in Glendale, Ariz.

Mr. and Mrs. R. L. Chapman and Mr. and Mrs. Buck Thompson returned Wednesday afternoon from a weeks vacation in El Paso, Juarez, Carlsbad and Roswell. Mr. Chapman stated that the cotton crops looked good around Roswell.

Misses Ola and Ula Curd, of Amarillo and Mrs. Bonnie Green, of Brownfield visited with Mr. and Mrs. W. E. Stone, Sunday.

COBWEBS FOR PROTECTION

FREE PRESS?

In those nations where free enterprise has been either destroyed, crippled, or subjected to iron-handed political control, a free press has become a thing of the past. The press in such nations is simply a sounding board for dictatorship—the ruthless voice of the clique in power.

It is not a coincidence that this is so. When a man or a group of men reach out to seize the economic resources of a nation, the first step must be to control that nation's sources of opinion and information. There can be no opposition. There can be no dissent. The death of free enterprise is inevitably accompanied by the death of a free press.

Imagination was given to man to compensate him for what he can't have. It is the right of man to console him for what he is.—Wall Street Journal.

DRIVING MADE EASY FOR AMPUTEE BY CHRYSLER'S GYROL FLUID DRIVE

That Chrysler cars, with Gyrol Fluid Drive, will go a long way towards solving the problems of war veterans and others who have had a leg amputated is again strikingly illustrated in the case of Capt. James E. Muldoon, of Omaha, Nebraska. Captain Muldoon recently took delivery of a Chrysler Windsor at the factory and drove it unaided to Battle Creek, Michigan, a distance of approximately 140 miles, in spite of the fact that his left leg has been amputated well above the knee. He did not experience the slightest difficulty in operating the vehicle with only one leg, for the reason that with Fluid Drive it is unnecessary to touch the clutch pedal except when first starting the car or going into reverse. As the right foot controls both the accelerator and brake, Captain Muldoon was under no handicap at all. The car that Captain Muldoon drove away from the factory was standard in all respects as far as its controls were concerned.

Mr. and Mrs. G. M. Hudson and children, of Brownwood were overnight guests of Mr. and Mrs. T. E. McCollum Monday.

Mrs. Leo Holmes and children and Mrs. Holmes' sister, Mrs. Richard Cien, of Artesia, New Mexico, left today to visit their parents, Mr. and Mrs. T. J. Jeffries in Paris, Texas.

Mr. and Mrs. J. L. Powell, of Denver City and Messers Jimmie Bryant and Jay Maxey, of Booneville, Ark., were weekend guests in the home of Mr. and Mrs. V. A. Bynum.

Mr. and Mrs. M. V. Walker and Mr. and Mrs. C. C. Nixon and daughter, of Portales, left Saturday for a two weeks visit with relatives in Los Angeles and vicinity.

Released by U. S. War Department, Bureau of Public Relations.
GENERAL DWIGHT D. EISENHOWER
Supreme Commander, Allied Expeditionary Force
1944-1945

SUMMARY OF OPERATIONS IN NORTHWEST EUROPE
By General Dwight D. Eisenhower

The broad strategy behind our main effort against the German war machine included as a highly desirable preliminary the successful conclusion of operations in North Africa and their extension across Sicily to the Italian mainland. With these accomplished, with the Mediterranean "bank" freed for Allied shipping, and with the necessary special equipment built or in sight, we were at last in a position to prepare for the final cross-Channel assault which had been agreed upon since April 1942 as our main operation against Germany. It was correctly believed that only on the historic battlefields of France and the Low Countries could Germany's armies in the west be decisively engaged and defeated.

America and England—the Western Allies—could not be sufficiently strong to undertake the assault against France until June 1944, but the broad tactical plans for the operation were completed and approved by the Combined Chiefs of Staff in August 1943, prior to my assumption of command of the European Theater in February 1944.

As part of our basic strategy, and in accordance with the task given to the Strategic Air Force under the Casablanca Directive in January 1943, the bombing of Germany, begun early in the war by the British Bomber Command, was intensified in May 1943 and continued with mounting strength to the end of the campaign. Neither the contemplated invasion of Europe nor the direct attack on the German industrial and economic system would be feasible until we had achieved supremacy over the German Air Force. This struggle for air supremacy, which had been going on throughout the war, was given added impetus by a new directive (known as POINTBLANK) in January 1943 which aimed at subjugating the enemy air force by the spring of 1944. In the event, German air might was thoroughly dominated by D-Day and we were free to apply the immense strength of the Allied air forces in the manner we wished and to launch the invasion confident that our plans could not be seriously upset by the German air force. In addition, air bombardment had disrupted the German communications system, immeasurably aiding our ground forces by impeding enemy movements.

Our main strategy in the conduct of the ground campaign was to land amphibious and airborne forces on the Normandy coast between Le Havre and the Cotentin Peninsula and, with the successful establishment of a beachhead with adequate ports, to drive along the lines of the Loire and the Seine Rivers into the heart of France, destroying the German strength and freeing France. We anticipated that the enemy would resist strongly on the line of the Seine and later on the Somme, but once our forces had broken through the relatively static lines of the beachhead at St-Lo and inflicted on him the heavy casualties in the Falaise pocket, his ability to resist in France was negligible. Thereafter our armies swept east and north in an unimpeded advance which brought them to the German frontier and the defenses of the Siegfried Line.

J. E. Miche Tried A Letter To Old He

Being just a bit doubtful about the Ripley and Old He stuff in these columns last week, J. E. Michie of McAlester, Okla., let his curiosity get the better of him and tried it. His letter postmarked the 22, was received the 24th in due time. And he says, says Michie:

"I may have carried this Ripley stuff a bit too far, but I believe you will get this letter OK, which goes to prove there is still some-

Sgt. Leonard M. Ellington has recently been promoted to Sgt. Major of the personnel section of Adjutant General's dept. in Yokohama, Japan.

thing in being well known—believe it or not."

Thanks a lot, and when we passed through your little native town, which is Michie, Tennessee, back in May, we thought of you old friend, and could imagine that you'd "clumb" some of those big oaks when a lad. Come and see us sometime and bring the frau.

Mrs. Roy Wingerd and Marian, Mrs. E. C. Davis and Earl and Eleanor Miller spent the weekend in Ruidoso.

Mrs. Harvey Gage spent the week in Dallas and Fort Worth, buying fall merchandise for Collins Dry Goods store.

Mr. and Mrs. Roy Jenkins spent the weekend in Rotan visiting Mrs. Jenkins' brothers.

Jefferson's portrait appears on the two-dollar bill.

Great Demand For Health Nurses

Austin, Texas — Dr. Geo. W. Cox, State Health Officer, is appealing to young women high school graduates to seriously consider the public health nursing profession as a career, when re-entering school this fall.

"Public health nursing offers young women opportunities for lifetime careers which are highly useful and satisfactory. Demands for professional nurses now exceed the supply in public health and other fields of work," Dr. Cox said. "Possibilities of travel, varied experience, income, and other features of the profession compare very favorably with those open to women in other careers."

Education for nursing is available in 37 schools in Texas and enrollment is now under way for fall classes, which open about September 1. All schools still have vacancies. Applicants should be graduates of high school or have some college credit, with a record of good scholastic standing, be in

McMurry College To Build 5 Dormitories

Abilene, Texas — Construction of five temporary dormitories for single students and 30 four-room modern cottages for married veterans is now in progress on the campus of McMurry college, bringing the total facilities for veteran students who will enroll next September to more than 275, Dr. Harold G. Cooke, president, announced this week.

The new dormitories will be 150 feet long, with the exception of one two-story building 80 feet long, housing 40 men. The others house 32, with two students in a room. Each dormitory will have adequate showers and toilet facilities, and a large living room for lounging and study.

The structures are being brought to the campus as a part of the building allotted to McMurry from Camp Barkeley by the FPFA.

Mr. and Mrs. Lester Little of Wellman left Saturday to make their home in Livingston, Calif.

good physical condition, and of high moral character. An interest in people and their problems, also ability to work well with one's hands is necessary.

Prerequisite training in public health nursing includes a 36 month course including vacations. Medical, surgical, obstetric, pediatric, psychiatric and communicable disease nursing are studied. Completion of courses entitles the individual to the diploma of the School and to take State Board Examinations leading to the R. N. Certificate.

Details regarding nursing education can be secured from hospitals, physicians, nurses' organizations and local health departments, as well as the Texas State Department of Health.

Eggs Need Extra Care In Summer

Heat plays an important part in reducing egg quality, says R. N. McClain, County Agent, pointing out that extra care is needed in handling and storing eggs to maintain egg quality during the summer months.

Eggs are a very perishable product and will start deteriorating within a few hours after they are laid if temperature is not controlled. But egg quality can be maintained by proper storage and care.

Mr. McClain offers the following suggestions for better egg quality:

Gather the eggs at least three times each day during hot weather and cool them immediately. Gathering the eggs in a wire basket permits circulation of air through the eggs to reduce temperature caused by the body heat of the hen.

Store eggs in the coolest part of the house until they can be marketed, but do not store them near onions, kerosene, apples or other materials that have strong odors or flavors.

Unless hatching eggs are being produced, don't allow roosters to run with the hens. Hens will lay as many eggs without roosters in the flock and infertile eggs will not deteriorate as rapidly as fertile eggs.

During warm weather, market eggs at least twice a week. Keep them in a cool place, 45 to 60 degrees F., until sold.

New illustrated leaflets on the care of eggs are available on request from the county agricultural agent.

Mrs. Bruce Zorns and son, Thomas Bruce, spent the weekend in Abilene, visiting.

Shivers Stands For Good Roads For Texas

Austin, Texas —The Texas Good Roads Association has congratulated Allan Shivers, candidate for Lieutenant Governor, for his foresight in supporting the good roads amendment to the constitution.

A letter received from Charles E. Simons, executive vice president, informed Senator Shivers that his name was being enrolled in the permanent minutes of the Association so "that efforts in this regard will not be lost to posterity."

Shivers, on at least 51 different occasions during the past week, urged an election based upon experience, qualifications and training for the position of lieutenant governor.

During his sweep to North Texas, Shivers urged definite responsibility for granting clemencies to criminals by revamping the parole and pardon system, increasing the scope of the Texas Public Health System, stronger enforcement of the law to the end of preventing the growing total of traffic deaths, and commended the tenacity of the Texas League of Women Voters in its campaign for a secret ballot.

Men can be grateful, says the Lady Next Door, that those self-serve cafeterias where they eat at noon don't make them wash the dishes.—Christian Science Monitor.

PRESENT TYPE PLANES ARE TERMED OBSOLETE

Los Angeles, July 19 — Gen. H. H. Arnold, former head of the Army Air Forces, told a news conference today there was little use in building any more military planes of the present type.

"I don't believe in shoeing any more dead horses," he observed. "In a year and a half new planes will be coming into production to take the place of those that are out of date."

Dick Holmes and family of Bell Gardens, Calif., were recent visitors in the home of his parents, Mr. and Mrs. G. H. Holmes.

MEMORIAL PROPOSED FOR SLAV GENERAL

Dallas, July 18—A 27-year-old Dallas veteran today proposed a memorial to General Draja Mihailovic, executed yesterday by a firing squad in Yugoslavia.

Mike McCool, former B-24 tail-gunner who was rescued by Mihailovic's men after being shot down by the Germans over Yugoslavia, said the general was "murdered by a Communist dictator."

CARD OF THANKS

We wish to take this means to express our heartfelt gratitude for the many beautiful floral offerings and for other expressions of kindness and sympathy extended to us during the illness and death of our beloved husband, father and grandfather, C. Sears.

TO THE CITIZENS OF TERRY COUNTY—

It has been impossible for me to see all the Voters personally and solicit their vote and influence in the coming election as the duties of the office have prevented me from seeing everyone. However, I have called on the Voters at every opportunity, trying to express my appreciation for the past favors shown me, and also to ask their consideration in the coming election.

To those I have not personally contacted I want you to know that I will greatly appreciate your vote and influence. I appreciate very much the many favors and courtesies shown me in the past; and if elected, I promise to continue to serve you to the best of my ability.

He Has Done A Good Job For Us In CONGRESS We Ought To Keep Him There

WHY OUR FARMERS SHOULD VOTE FOR GEORGE MAHON:

- (1) He is a farm boy and understands the farmer's problems.
- (2) His 12 years service has given him seniority and standing in Congress. He ranks high on several important Committees which it would take years for any new man to attain.
- (3) He has always worked for PARITY prices for farmers' products. We are now enjoying the highest prices for the products of the farm, largely through the efforts of Congressmen, who, like George Mahon, understand the farmer's problems and know how to get things done.
- (4) He has worked for Reduced Freight rates for his District.
- (5) He has worked for and obtained large Federal Appropriations for good roads for his District.
- (6) George Mahon saved the Crop Insurance Program for this year, which is going to be a life saver for the farmers of this territory.
- (7) He has secured large appropriations for the REA program in this congressional District. Several REA projects are underway in Terry County right now.
- (8) He has made you a good hand. You don't fire a good hand on your farm just because he has worked for you several years. He becomes more valuable through years of service.
- (9) These next few years will be critical ones and we should not entrust our affairs to inexperienced hands.

WHY THE VETERAN SHOULD VOTE FOR GEORGE MAHON:

- (1) He is ranking majority member of a 7-man sub-committee of the Appropriations Committee which secured 4½ billion appropriation for Veterans work early this year.
- (2) This appropriation has made possible the G. I. Loan program, the Veteran's hospital work, and all of the other many things being done for the Veterans by our Government.
- (3) He has always urged fair rotation of our soldiers to foreign service. Mr. Mahon has helped to get our Veterans home to their loved ones.
- (4) Mahon's rank in Congress and his KNOW HOW will continue to get things done which will benefit the Veteran.
- (5) These next few years will be critical ones in World Affairs and we need men who understand what ought to be done and who have the power and prestige to get it done.

**GEORGE MAHON HAS CHARACTER, EXPERIENCE, PRESTIGE AND KNOW HOW.
GO TO THE POLLS SATURDAY AND VOTE TO SEND HIM BACK TO WASHINGTON.**

(This advertisement paid for by friends of George Mahon.)

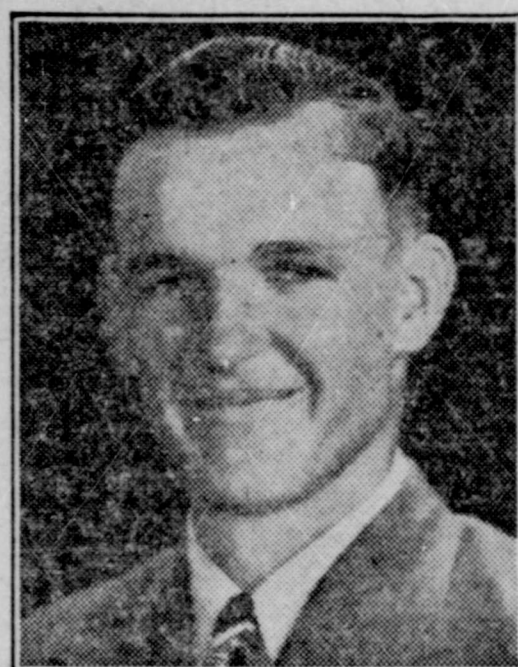

Behind the Scenes in American Business

By John Craddock

NEW YORK, July 22 — Buyers for the nation's large department stores are adopting a more cautious attitude in their selections of merchandise. They are not getting all the goods they want, but they are turning down a fair amount which does not measure up to quality requirements. Fewer out-of-town buyers are arriving in this city, according to the New York Times listings which show a 20 per cent decrease in arrivals during the past three weeks. One buyer for a department store chain reports that he recently purchased previously hard-to-get suit and coat linings at 20 to 30 cents a yard less than black market prices. It was the first time in months that material had been offered to him unsolicited. Another turned down an offering of sport shirts at \$8.75 as "not worth \$5." Last week one of the large New York stores sold 35,000 white shirts at \$2.66 against a former price ceiling of \$2.95 and nylons at 11 to 20 cents a pair below O. P. A. ceilings. These are only straws in the retail wind, but they indicate that the days of pleading and cajoling for goods have passed. If consumers are equally cautious, it may eventually reward them by stopping the price rise.

SAGA OF AN AMERICAN — Last week telegrams, cables and letters poured into the Good Samaritan Hospital in Los Angeles carrying best wishes for Howard Hughes, the 40-year-old Texan, who lay close to death's door following his accident in a new experimental airplane he was test-flying for the Army. The story of Hughes is the saga of free enterprise, hard work, and accomplishment which not so long ago was taught to American youth along with their ABC's. When he was only 18, young Hughes obtained

Texas Local 4-H Club Leader Wins Award in Movie Talent Contest

Martin E. Neumann

MARTIN E. NEUMANN, 21, farmer-stockman, of Bigfoot, Texas, has been named one of the 11 national winners in a 4-H movie story-writing contest conducted among local 4-H Club leaders throughout the United States. In recognition of the honor, Neumann will receive a \$25.00 U. S. Savings Bond.

The movie, titled "Where the Road Turns Right," is designed to portray the ideals and objectives of 4-H Club work. Produced in cooperation with the U. S. Department of Agriculture, the State Extension Services and National 4-H Club News, it is sponsored by the Sears-Roebuck Foundation, and will have national distribution.

As the older son, Neumann took over and managed the family's 170-acre farm for his mother, younger brother and sister when his father passed on. Both his brother and sister are 4-H'ers. Prior to becoming adult leader of the Bigfoot-Schattel 4-H Club last year, Neumann was junior leader for three of his eight years' membership. He has won many awards on his meat animal, turkey and corn exhibits, and as a member of field crop and soil conservation teams. His inspiration for writing the 4-H movie story came from observing what 4-H boys in his county achieved, and the things he learned to do as a club member.

control of the business his father started, the Hughes Tool Company, which was at that time appraised by the government at \$650,000. Today, his wealth is estimated at more than \$125 million. Although

Hughes could have sat back as an absentee owner and let others run the business, he took active control and made the company the world's largest manufacturer of oil well drills. He turned down all offers to sell the company and has provided for its continuance after his death. Long an aviation enthusiast, the tall, lean Texan devoted some of his tremendous energy to developing new aircraft. For achievements in this field he received almost every award in aviation, and in addition the Congressional Medal of Honor. As a motion picture producer, Hughes raised to stardom many "unknowns" including Jane Russell, Pat O'Brien, Jean Harlow, Paul Muni and George Raft, and has consistently produced hits which have made money.

BITS O' BUSINESS—Top prices for cattle in mid-western markets do not tell the whole story. The \$25.75 per hundred pounds last week was for a relatively small amount of highest grade beef. Most sales were from \$18.50 to \$21 compared with a former O. P. A.

SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending July 20, 1946, were 29,558 compared with 29,806 for same week in 1945. Cars received from connections totaled 10,202 compared with 15,157 for same week in 1945. Total cars moved with 39,760 compared with 44,963 for same week in 1945. Santa Fe handled a total of 38,230 cars in preceding week of this year.

ceiling of \$18. In New York, wholesale markets were glutted, but retail sales failed to meet expectations. As a result, top beef and pork prices tumbled five cents to nine cents a pound by mid-week. . . . Rising cotton prices should boost clothing costs in the months ahead. . . . Nevada and New Jersey will be test markets for frozen pineapple. If results are good it will be marketed nationally. . . . Limited commercial distribution of streptomycin, the new wonder drug, is expected to begin about September 1.

BLIND VETERAN NOW A PIANO TUNER—If all of the "sour" notes emitting from pianos is a true criterion, Francis Chambers (right), New York Technical Sergeant with the 79th Division at the time he was wounded, Chambers—a clerk before the war—is training under Public Law 16, which provides for the vocational rehabilitation of disabled veterans.

Mrs. E. A. Graham and daughter, Twilla and Mrs. Blue Graham left Saturday for Dallas where Mrs. Graham underwent surgery in the Methodist Memorial hospital.

Mrs. Peg Williams came in Sunday from Upland, California, to make her home here in Brownfield.

Mrs. J. T. Bowman and Mrs. A. W. Turner were in Dallas the first of the week for the July clothing market.

Mr. and Mrs. T. C. Williams, Jr., spent the weekend in Cisco visiting Mr. Williams' parents.

Mrs. P. W. St. Romain, of Plains was a guest of Mrs. T. C. Williams, one day last week.

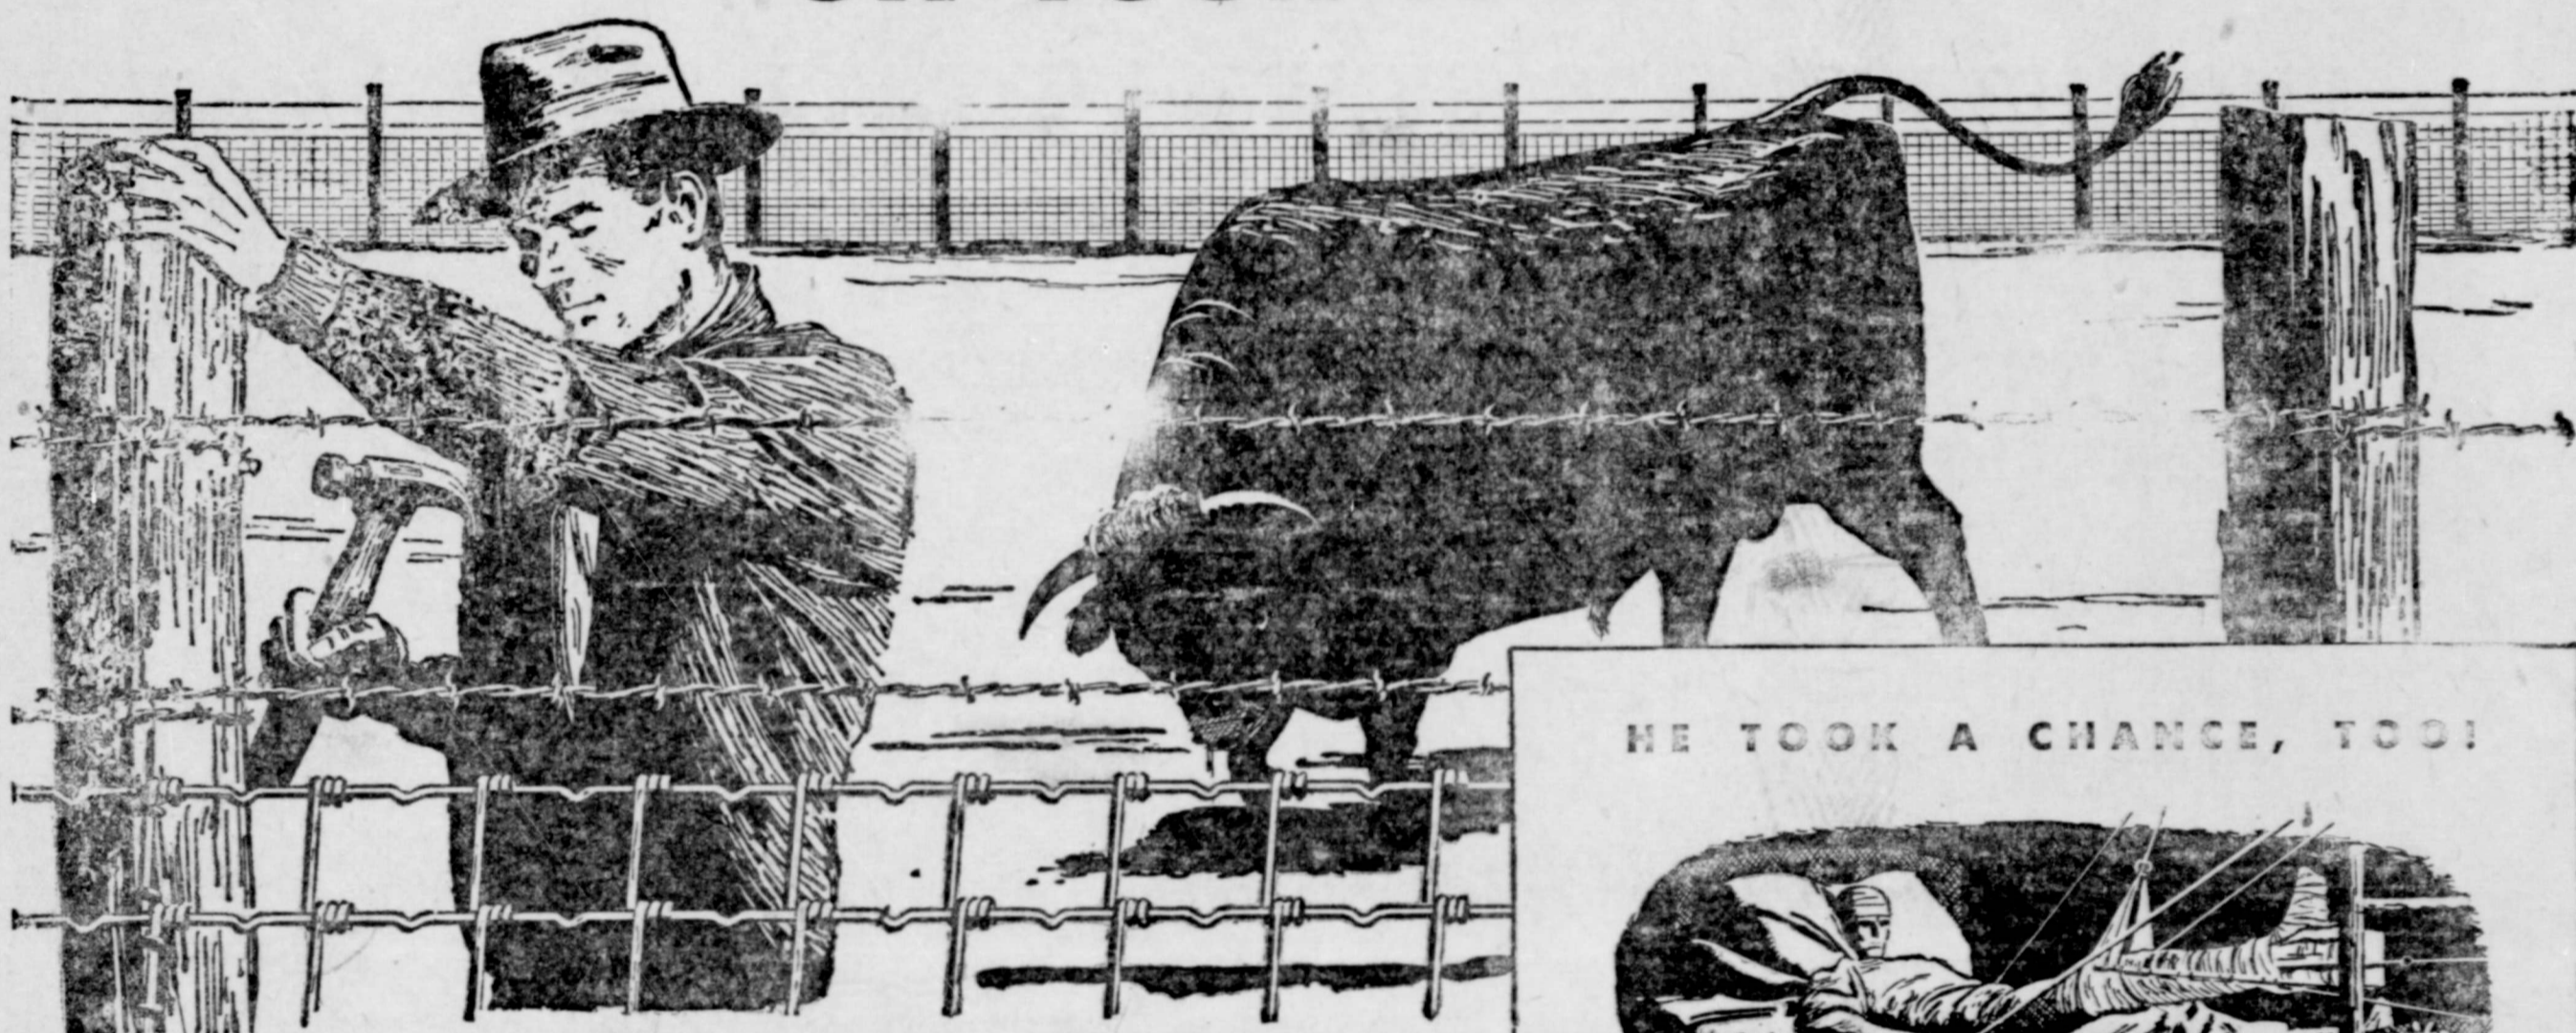

Hugh Holmes spent several days this week in Dallas on a business trip.

Mr. and Mrs. Edwin Helms, of Post, visited relatives here Sunday.

Mr. and Mrs. G. H. Holmes spent the weekend in Ruidoso.

NATIONAL FARM SAFETY WEEK, JULY 21-27

HOW OFTEN DO YOU TAKE CHANCES ON YOUR FARM?

HE TOOK A CHANCE, TOO!

It was such a little chance he took! For only a moment he turned his back . . . but it was time enough for the bull to attack him. Now he'll be laid up for months—lucky even to be alive! One of every four fatal farm accidents involves livestock. Are you careless around horses—or the bull? Do you have a flimsy unsafe bull pen? Do you think an accident can't happen to you?

- I take chances with animals.
- I'm never careless with animals.

Accidents don't always happen to somebody else! Check up on the chances you take every day!

Unless something is done, 19,500 farm residents may be killed in accidents this year. These estimates are based on figures of the National Safety Council. There are more accident victims in farming than in any other occupation . . . more than in mining, construction or transportation! One-fourth of all workers killed in accidents are farmers!

If drastic action is not taken, accidents will injure 1,800,000 farm dwellers this year—will strike 3 persons every minute!

Many victims will spend months in bed, unable to work—will lose a whole year's crops.

Accidents are caused—by the little things we all do, unthinkingly, each day. The careless little chances we take. The little repairs we neglect to make.

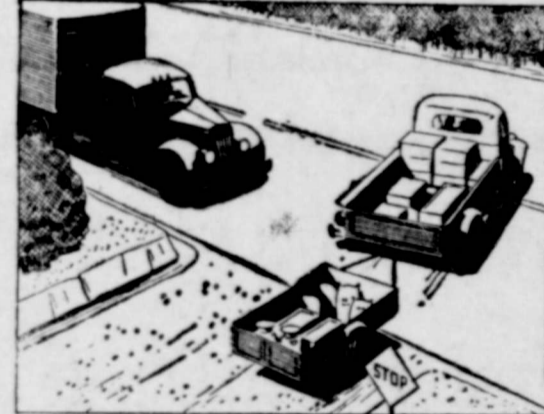

July 21-27 is National Farm Safety Week. There's no better time than now to inspect your farm and home for year-round safety . . . to check up on your accident-breeding habits. Do you take these chances?

How many chances do you take every day?

- I take chances with machinery.
- I'm never careless with machinery.

Do you leave safety shields off power shafts, gears and chains? Wear loose-fitting clothing that may catch in machinery? Operate the tractor on dangerous inclines or banks? Let children play around equipment? Then tragedy may strike . . . for mishandled machinery and equipment are involved in 30% of fatal farm accidents.

- I swing onto highways carelessly.
- I always stop at highways.

Do you sneak through stop signs . . . fail to look both ways before turning onto highways from side roads? When walking on highways, do you heedlessly walk *wish*, not *fac*ing, oncoming traffic? Are you careless crossing highways? If we're not careful, 6,500 farm residents will die this year in motor vehicle accidents.

- I put off repairing broken steps.
- I keep stairways well repaired.

Do stairways in your home and barn need repairs? Do you let stairways become cluttered with boxes, mops, brooms? Are they unlighted? Do you have ladder or hay-chute openings without handrails? These are the most common causes of falls . . . falls which account for 39% of all fatal accidents, just in farm homes alone!

DON'T TAKE EVEN A LITTLE CHANCE WITH INJURY OR DEATH!

An official public service message prepared by The Advertising Council in cooperation with the National Safety Council and U. S. Department of Agriculture.
