

Football Season To Open Here Tonight - Brownfield vs Phillips

LOCALS EXPECTING TO FIND PHILLIPS A RUGGED FOE TONIGHT

The Brownfield Cubs climb 'way out on the proverbial limb tonight when they meet an aggregation from Phillips, erstwhile terrors of Class A Grid circles in an everything to lose and nothing to gain season opener tonight at Cub Field. Kickoff is scheduled for 8:15.

The everything to lose; nothing to gain situation is strictly a local point of view. Phillips, still a Class A team, could gain a world of prestige should they be able to attach the scalp of the AA Cubs to their belt.

Longtime rulers of the Class A roost, there is nothing to indicate that Phillips will be any less formidable than heretofore. Phillips has continually been successful in sidetracking Panhandle talent that would ordinarily go to Borger. Since Borger is also coming up with a strong team this season and might possibly be coming in for its share of the territorial talent supply, there is just the least bit of room for speculation.

Last Friday's scrimmage with Littlefield revealed several unexpected weaknesses in the local squad. Coaches expect to have these ironed out by game time.

Supt. McCollum announces that Adult Season tickets are now for sale at the drug stores and at his office in the high school building. He also calls attention to the fact that the west gate at the football field has been closed and replaced with a new one at the southeast end. Fans entering the south and southeast gates who wish to sit in the north bleachers are asked to pass around the field at the east end.

Zoning Ordinance Published This Week

The City Council is going to no little expense and trouble in having the Zoning Ordinance printed in the two local papers. The purpose of course is that the local citizens may familiarize themselves with just what the ordinance means.

Therefore, the Herald advises that when you are through with your paper that you clip out that part containing the map and ordinance and file them for future use and reference.

Three Cases Of Polio Reported Here

Three children, of two families residing in Terry county, were brought to Treadaway - Daniell hospital here last Saturday, and were diagnosed by physicians as having poliomyelitis, commonly known as Polio. They were a 14-year-old son and 12-year-old daughter of Mr. and Mrs. Bob Ballard of near Wellman, and an 11-year-old daughter of Mr. and Mrs. Geo. V. Boyer, of near Welch. They were all attending school, the two at Wellman, and one at Welch, just over in Dawson county. They reside some 15 miles apart, and it is not known of any connecting cause between them. The three were rushed to the special hospital at Plainview, recently set up and equipped for the purpose of treatment of such cases.

Two other children of the Wellman community were brought in Saturday night, but were returned home, pending further development. County health authorities urge all parents and teachers to keep close observation on the children.

Mrs. T. C. Hogue, Sr. and sons, T. C., Jr., and Carl visited Mr. and Mrs. Howard Hogue in Snyder over the weekend.

Why Don't The Farmers Organize?

Ever since the Old He was just a lad on an average poor Tennessee farm, and then on out to central and central west Texas, as a farm boy and man, we have heard the expression, "No use to organize the farmers. They won't stick." That expression used to make us as mad as a hornet, but we had to admit there was a bit to it.

But the day is fast dawning when the farmer will either organize, or else. The day laborer in all the industries which produce stuff that the farmer must buy, are tightly organized. It is to their interest to get every dollar they can for as short hours as possible. At the same time, they wish to buy from the markets what the farmer produces, just as cheaply as possible, thus holding down farm prices. Added to that, they are a potent power with congress and other legislative bodies in getting what they want.

And don't forget that the manufacturers are all organized to the hilt, and as fast as possible the wholesaler and the retailer are all following suit. Thus the farmer will find himself by far the largest body of any combination, fenced in by well organized minorities.

The Herald wishes its farmer friends all the luck in the world, and with everyone organized, he will need all the luck possible. There are some excellent farm organizations, but they have a woefully small percent of farmers in them. So, our advice, whatever it may be worth, is to get into one or more of these organizations and push like all blazes.

You owe it to your family to protect them. You owe it to yourself and your country.

New Knight Store Opened In Seminole

Announcement was made last week of the opening of the new J. B. Knight hardware and furniture store at Seminole. A full page in the Seminole Sentinel announced the event.

From a small beginning here in the twenties, this firm has gradually spread from Brownfield to neighboring cities. The Knight stores are housed in three separate buildings here, the hardware on the west side of the square, the furniture store on west Main, and the implement department on west Broadway.

Earl Denton, who has been with the company here for several years except the time in the service, is in charge of the new store.

British Red Cross Thanks Local Chapter

Mrs. Eldora White, chairman of the Red Cross activities here during the war, is in receipt of a lithographed certificate, signed by a Duchess, the head of the British Red Cross, thanking and expressing great appreciation to the local chapter for the good work they did, and for the bandages and medical supplies, sent them during the war.

Mrs. White feels sure all of the women who worked so faithfully, preparing bandages, will be glad to know their articles reached the needed destination and are duly appreciated by the recipients.

Mr. and Mrs. Bruce F. Edwards, of College Station, were here the latter part of the week visiting her parents, Mr. and Mrs. V. A. Bynum.

Only One Gin To Operate In Brownfield

With the cotton acreage cut by the drouth to a few hundred acres in Terry county only one gin will operate in Brownfield this season.

At present there or fourteen gins in Terry county. However, the gins at Union and Needmore will be rebuilt and will be ready for operation when we make another crop.

One or two more gins may run this fall in the county, this depends on what the crop makes.

The ginners and farmers are agreed we should not have another drouth; especially when cotton is selling for thirty cents a pound or better.

Local Bankers Attend School At Austin

R. B. Menefee and John J. Kendrick, cashier and assistant cashier of the First National Bank, respectively, attended the State Bankers school at Austin from Sept. 1st to 5th. Mr. Menefee stated that this school was sponsored jointly by the State Bankers Association and the University of Texas Bureau of Business.

Mr. Menefee stated that the time and expense of the school was well worth the price, and a course such as they got was greatly appreciated. He stated that bankers from all over the state attended.

President J. O. Gillham and Cashier Buddy Gillham of the Brownfield State bank were scheduled to go, but J. O. had to undergo an operation at a hospital in Dallas, necessitating Buddy remaining on the job here.

South Siders Petitioning For Gas

A petition to be presented to the City Council and the West Texas Gas Co., was being prepared at the Thomason store on the south side for circulation among the residents of that area, in order to try to get natural gas piped into their section.

Mack Thomason stated that there was 70 residents of that area, laying south of the draw without the convenience and comfort of gas, who are going to sign the petition.

While it might not be a fat proposition right now, the area is growing fast, and many new residents are planned as soon as material can be had, Thomason stated.

Storey Is Named District Organizer Of Postmasters

Postmaster Ray E. Lee, president of Texas Postmasters, recently appointed Wm. D. T. Storey, Littlefield postmaster, district organizer of postmasters for the 19th Congressional district.

The 19th district is composed of counties with over 100 postmasters in the territory.

The outstanding event of the year will be a meeting of these postmasters in some town to be selected within the district.

Speakers of the occasion will be Congressman George Mahon, post office inspectors, and other prominent postmasters in and out of the district. It is also expected that a number of the leading postal clerks will be in attendance and on the program.—Littlefield Leader.

What About Writing That Long Delayed Letter?

Our old, tried and true friend, Jeems Hurley Dallus, postmaster in general of Brownfield, confidently told us this week that the week of October 13-19th has been designated as National Letter Writing Week, and he wonders if a little article about the matter would be considered just another bunch of propaganda by the POD (postoffice department).

Not at all, James, we are glad in our humble way to help out in the matter, one among them being a thing you casually mentioned, that your postoffice here in Brownfield could revert back to a second instead of a first class postoffice as of now. And while the matter may be considered propaganda, it has many good ideas, one of which is the better our postoffice, our stores and our shops, the better for the Herald.

That would be from a selfish standpoint which all possess more or less.

The other and more logical reason is, that probably you have been thinking of writing a letter to a good old friend for weeks, months, years, but have never gotten around to it. Perhaps you should drop a word of love and cheer to that old mother or dad, or to some good old minister of the gospel that showed you a better way.

You can think of some one, many to write to. It don't take long, and stamps are cheap. The recipients will appreciate the letters, and you'll be helping yourself and the employees of the Brownfield postoffice and in fact all concerned. Write a letter.

Prominent Farmer Dies Suddenly

J. E. F. Young, well known farmer of the Union community, fell dead in his home Thursday afternoon of last week, with sudden attack of heart ailment. He was 63 years of age.

Funeral services were conducted at the Church of Christ at Grassland, Sunday at 3 o'clock p. m., by Minister Price Bankhead, and burial made in the cemetery there, under director of Brownfield Funeral home.

He is survived by his wife, who was present at his death. Also three sons, Lowell of Brownfield, Presley, Corona, Calif., and J. E. Jr., of Whittier, Calif.; two daughters, Mrs. C. P. Bullock, of Abilene, and Mrs. J. A. Norman, of Claremont, Calif. Also by three brothers and two sisters. His pallbearers were all nephews.

Bargain Center Celebrating 11th Anniversary

Eleven years ago Mr. and Mrs. Sam Kirschner came to Brownfield from Hollis, Okla., and opened their store here on the west side, which is still their location. This week, the store is celebrating its 11th anniversary in Brownfield with a big sale, appearing elsewhere in this issue.

In October, 1943, Mr. and Mrs. Kirschner were joined by their son, Martin, and family, who had been practicing law in Kansas City. He is manager of their store at Stamford, established last fall.

In October 1945, their son-in-law, Sid Rudin and family joined the firm. He had been chief engineer at an ordnance plant in Joliet, Ill., during the war.

Jerry Kirschner of Oklahoma City, joined the firm this year in March. Before the war, he had a legal practice in that city, but joined the army and ended his army career as Lieutenant-Colonel, located in the Philippines.

Veteran Santa Fe Conductor Passes

A phone call from Herman Trigg Tuesday stated that R. E. Graves, husband of Herman's mother by her second marriage, had passed away about 3 A. M., Tuesday morning. Funeral arrangements had not been completed at that time. Mr. Graves had been an employee of the Santa Fe railroad some 45 years, some 25 as a passenger conductor.

Besides his wife, he leaves two sons that we know of, one a resident of Bangs, Texas, and the other on the editorial staff of one of Washington, D. C. dailies. Funeral arrangements were deferred pending arrival of his son from Washington.

Mr. Graves also leaves an aged mother, 92, at Temple, Texas. Mr. Graves was a man that naturally made friends, and he had a host of them. He lived about eight hours after being attacked by coronary thrombosis.

Mrs. Lillie McPherson Taking Subscriptions

The Herald wishes to announce to its readers and friends that Mrs. B. L. (Lillie) McPherson is taking subscriptions to the Herald, new or renewal. Any help rendered Mrs. McPherson will be greatly appreciated by the publishers.

People who have been in Brownfield or Terry county for any length of time will remember that Mrs. McPherson lost her husband, who was highway superintendent here, in an accident a few months ago.

Mrs. McPherson stated that all of her family were married and gone, and that she felt she would just love to get out and do some work in which she could meet people at their homes and talk with them.

Kendrick Member State Executive Committee

A dispatch received by the Lubbock Avalanche-Journal from the State Democratic Convention at San Antonio, was relayed to Clovis Kendrick at the First National bank, Wed., stating that his dad had been elected a member of the State Democratic Executive Committee. Mr. Kendrick is president of the First National bank here.

R. M. has always taken more or less interest in state politics, but never has taken a radical attitude about men or measures—just an old line Democrat. He has always been willing to and anxious to do whatever he can to further the party interests.

It was on his strong shoulders that the writer finally got rid of the County Democratic Chairmanship back about 1920. R. M. had just moved here the year before from Plains and established the First National bank, and we just slipped his name and his alone on the ticket "unbeknownst" to him.

But he served a number of terms faithfully and efficiently, and so far as we know he nor any other chairman has ever had a contest on their hands. But he got rid of the job just like we did, by slipping Joe McGowan's name on the ticket.

Much Green Feed Going Into Silage

The Western Stockyards here are grinding much green feed, filling their trench silos at their plant. They expect to put away thousands of tons.

Many others will save their late feeds that may not mature into grain because of drouth, by putting it into silos.

Windstorm Insurance Payments Reduced

Glen Akers and other insurance men of this city, wish their customers to understand that the recent reduction of payments for windstorm damage is no fault of theirs, but the insurance companies are making the reduction by order of the Board of Insurance Commission of Texas. The situation has been brewing for some time, and that situation is about as follows:

For the past nine and a half years, the insurance companies doing business in Texas have taken a loss of some 32 million dollars on storm insurance, mostly wind and hail in Texas, above the premium payments they have received. So in order to equalize matters the commission has allowed the reductions from the stated payments.

It seems to work out something like this: Farm losses deductible by \$50, but this may be distributed over a number of damaged buildings. In cities or towns, \$100 reduction from the face of the policy, confined to the residence, as the garage is usually covered in the same policy.

If interested, and wish further information, we advise that you consult with your property insurance agent, and get the low down. He'll be glad to explain matters. May we state in conclusion that this does not affect your fire insurance part of the policy in the least.

County Health Unit Speaks Out On Polio

The local county health unit gave out the following statement this week:

Three (3) cases of poliomyelitis was reported to the South Plains Health Unit on Saturday, 7 of September, two cases in Terry county, one case from Welch School District in Dawson county.

Poliomyelitis is caused by a specific filterable virus. The source of infection is from nose and throat discharges of infected persons and more frequently from those not suffering from a recognized attack of the disease. The virus is also found in bowel discharges. The exposure to the disease and the time of the appearance shows within 7 to 14 days. Recognition of the disease; a moderate amount of fever, usually headache, stomach and intestinal symptoms such as vomiting and constipation, drowsiness alternating with irritability, sensitive to touch of muscles, stiffness of neck and spine, exaggeration of muscle reflex at first and later weakness of muscles, some cases do not have paralysis, such cases are called abortive type.

The period of restriction of visitors for two weeks from onset and the care in bed of the patient extends beyond the period of presumed communicability of the disease. All children with fever should be isolated in bed, call your physician at once. Protect your children against unnecessary contact with other persons, especially those outside their own homes in the presence of an epidemic.

Avoid physical strain in children during an epidemic or in case of known exposure avoid unnecessary travel and visiting during prevalence of the infection.

Strict sanitation should be put into operation, such as destroying flies and their breeding places, sterilize all utensils before they are used. Do not eat or drink at public places that do not properly sterilize all dishes, cups and glasses.

Several cases of streptococci, a throat and mouth infection, has also been reported to the county health officers, and the public is again urged to use great care in food and drink sanitation.

Sugar Stamp No. 49 Extended To Sept. 30

Validity of sugar stamp 49 has been extended until Sept. 30 by the Office of Price Administration because of the general scarcity of sugar. Many housewives, the OPA said, have been unable to locate sugar to "spend" the stamp.

Stamp 51 became valid Sept. 1 and Stamps 9 and 10, called spare stamps, expire Oct. 31.

LIONS TO SPONSOR BOYS PATROL

The Lions club voted Wednesday to sponsor and air in the organization of a boys police patrol to guard the school children in crossing streets near the schools. Several of the larger boys will alternate on duty, and likely be in uniform.

Statutes of small children are being prepared to stand in streets approaching the schools.

"As Maine goes so goes the nation," was the saying long ago, but of late years, "as Maine goes, so goes Vermont," has proven more appropriate. However, we are still sticking out our chin that the next congress will be Republican, and the Senate won't miss much. The country would have swung back to more conservatism four years ago, if we had not been in a war. Maine Republicans made a clean sweep, Tuesday.

Our advice to those who like the feel of their feet on the accelerator and their hands on the wheel, and their minds a thousand miles away, is to perk up a bit and remember that school is now in session; that small, medium and large kids are crossing the streets and highways, and that most of them are just kids and don't always stop, look and listen. We have lived several years just across the street, almost, from the West Ward school, and we still see both men and women with good common sense whiz by like they were going to a fire. These people would not be guilty of the life of your little fellow for anything on earth. People are all pretty sympathetic. But they just don't think, lots of times, and take all kinds of chances when they have their hands on the wheel. No, we do not go so far as to say that there was "a nut at the wheel." We know better than that. Please remember that a lot of your best and truest friends have children going to school, and that these children sometimes carelessly cross the road or street. Drive carefully.

Jeff McLemore, special writer of the Dallas News, and himself a GI, is a self admitted lobbyist at Washington. He even admits that he may have to register as such at the capitol. But Jeff is stirred up, and he wants to see less palatial cocktail lounges and bars and more homes for ex-service men built. He wants to get GI families out of hen coops, spare garages and dog houses, instead of so many places for amusement of the rich. Our hopes go right along with Jeff in his worthy undertaking, and if he needs some help in getting his lobby permit, we are willing to circulate a petition. Let more homes for our returned service men and less cocktail bars be our motto.

Gov. Coke Stevenson is reported to have said that the demand pro and con redistricting is more or less evenly divided, according to reports reaching him, and he may be right. Yet, Governor Stevenson knows too much about law not to realize that each session of the legislature for the past 25 years has violated its oath by not redistricting the state in legislative and judicial districts. Of course the representatives in north and east Texas with from 27,000 to 32,000 population, do not want their districts bothered. They don't give a tinker's dam if this district does have near 150,000 and some of the south Texas districts almost as much or more. In Pennsylvania, they tell us that when they refuse to redistrict after a census, the whole works have to run as

senators or representatives at large, a statewide vote. So they get busy up there.

Those bozos up at Washington loaded out another ship this week for the Yugoslavians, despite the fact that Herbert Hoover and some of the army men in that section warned the "good Samaritans" at Washington that the Jugo army, and among them those that practice shooting down American fliers, were getting the food. People out in this section of the hinterland are beginning to believe that somebody at Washington is getting a rakeoff on food sent to such countries as that. Could be.

And so, Dictator James Caesar Petrillo is going to run the Texas State Fair this year—or is it the Chicago Fair? Well, so far as we are concerned, Petrillo and Jimmy Dorsey can have the whole mess. We hope the liberty loving people of Texas cut the fair this year and every year that outsiders tell us what we can or cannot do. As for us, we don't intend to get much closer than we are right now, and we generally get a season pass. Yup, we may have won the war overseas, but we have lost it at home.

It is reported that the average farm wife puts in 64 hours per week at work. We wonder why some fellow with a carpetbag has not appeared to organize them. No forty hour week with housewives, or two weeks paid vacation per year. Hardly. But they deserve it.

This week and last we received requests from the Texas League of Nursing Education for some help in getting more girls and young ladies to take nurse training as the supply of trained nurses in Texas as well as all over the nation is getting woefully low. This week they are joined by the Texas Medical Association, calling attention to the dire need of more nurses. Some newspapers may take the position that the lack of nurses in training is the headache of the training schools and the medical profession, who think it unethical to advertise. But, the newspaper is a semi-public institution, and should on occasion forget dollars and cents to help out. Here is the situation in a nutshell. Nurses in training are getting less and less each year. For instance, they had dropped to 1137 in 1945 in the 37 accredited training schools, mostly large hospitals of the state, and the figures up to the present this year is around 300. As long as we get sick we have to have nurses as well as a physician. If you know of a young lady that has not decided on the profession she aims to follow, you might encourage her to learn to be a trained nurse. Let's all help.

LOOKING AHEAD
By GEORGE S. BENSON
President—Harding College
Searcy, Arkansas

Undulant Socialism

A sick republic, like a human invalid, passes through a crisis in the course of almost any protracted illness. After the crisis, the patient rallies toward recovery or sinks with alarming haste toward the end. Whatever is to be done after a crisis must be accomplished with dispatch, or it is too late. The English government passed through a crisis approximately a year ago.

Since England's current administration proclaimed itself owner and operator of the coal mines, Britain has been viewed popularly as Socialistic—one of the collectivist nations. Not all the individuals in the Empire are socialists. Large elements are not. But this large minority is being forgotten. Curtains are being drawn. The crisis is over and England has gone left.

A Long Time Dead.
There is something strangely final about it when a free people turns its course toward State Socialism. Liberty never comes back without a revolution and then it's not the same. Such is the testimony of recorded history. Industrially, England is a coal country and private enterprise lost its last stronghold on the enchanted island when King Coal surrendered.

Now the ailment that prostrated John Bull has been communicated to Uncle Sam. The symptoms are unmistakable as undulant fever; wave upon wave of collectivist power, with a show of growing intensity. Our government has taken over our coal mines from their owners because of work stoppages through strikes—strikes by the best paid group of mine workers on earth.

Here's the Pattern

I think perhaps the workers ought to have had an increase in pay, which they no doubt could have obtained without striking. Nevertheless, they struck and government took over the business long enough, at least, to close a new contract giving an increase of \$1.85 a day per man and a royalty of 5c a ton on coal to give their union a "welfare" fund. The new "welfare" fund has no relation to the union's sick and accident fund, already large.

The new contract will raise the price of coal 25c to 30c a ton and build up the "welfare" fund at the rate of 25 million dollars a year. The Senate has approved the executive department's right to impose this contract on the mine owners when they take their property back. This is an attack of the undulant socialism.

Works Like This:

Government can now control the cost of coal to the owner of a mine. By fixing labor's wage, a ruler can make coal production cost whatever suits his fancy. Government already controls the price of coal to the consumer through the workings of the OPA. The neck of the coal industry is in a legal nut-cracker and government has the power to choke it to death at will—that, or take it over entirely.

With the sanction of Congress, which I hope never comes, federal officials can do to any industry what they are doing to coal. Each assault on freedom will be one more attack of the dread disease, undulant socialism. It works like the fever which, scientific men say, can be cured in rare instances if vigorous treatment is begun in the early stages.

Sympathetic and cooperative with a campaign to encourage universal observance of the high-lights of Texas history, unique, inspiring and timely, Chairman Karl Hohlitzelle of the Texas Centennial Commission has authored the idea of improving conditions on Texas farms also as a practical and far-sighted phase of the program.

TEXAS TRENDS

- 1. By 1880 many counties had reached maximum per acre yield.
 - 2. By 1890 many counties were suffering from loss of their fertile top soil which was and is going to the Gulf.
 - 3. By 1900 discarded fields were multiplying rapidly.
 - 4. By 1910 towns, those under 2,500 population, were slipping. During the 1st and 2nd postwar decades over half of them lost their banks, all of them lost most of their business. Churches and schools were hard hit.
 - 5. By 1920 smaller cities were gaining very slowly; some were slipping. During the 2nd postwar decade all, except those with new oil, with big federal or state projects or with Jersey cows lost heavily in bank deposits and in retail and wholesale business. Churches and schools suffered.
 - 6. In the 2nd postwar decade growth of Waco and McLennan County fell far below any decade since 1890, growth of Fort Worth and Tarrant County fell far below any decade since 1900 and growth of Dallas and Dallas County fell far below any decade since 1910.
- A 30-year study using nationwide prices, shows: (A) War creates shortages with high prices and high wages; (B) Peace creates surplus with low prices and wages. Farm incomes drop first, then wages, then retail and wholesale business, then bank deposits.
- The town suffers soon after the drop of farm income, the small city may prosper a few years more; while prosperity lingers in the big city several years after leaving the smaller city. Ultimately a drop in farm income brings declines all along the line.
6. A 40-year study of factory records of eleven cities shows: Industrial prosperity depends absolutely on farm prosp-

Mon Telford, Jr., left Saturday for College Station to enter A. & M. His wife, Jerry, will join him as soon as living accommodations can be found.

KARL HOBLITZELLE
At a meeting of the Technical and Planning Committee in Austin January 6, 1946, Chairman Hohlitzelle said:
"What we would like to do is to tie-in this program, with its historical background, with other programs underway for the employment of returning veterans. Certainly, if we can revitalize agriculture, if we can bring about more prosperous conditions in the small town and in the rural areas, it will mean the creation of numerous additional jobs for these boys. It will mean that many boys will go back to the farm, who otherwise would not be content there under present conditions."

Academy of Science
The Texas Academy of Science is on the march. F. B. Plummer of the University of Texas is its President. The annual convention will be held in December at Dallas. Southern Methodist University will be the host. The centennial theme will permeate the program. A record membership is a fine tribute to President Plummer's splendid service to the Academy in particular and to Science generally.

issuance of this Citation, the same being Monday the 21 day of October, A. D., 1946, at or before 10 o'clock A. M., before the Honorable District Court of Terry County, at the Court House in Brownfield, Texas.

Said plaintiff's petition was filed on the 5 day of September, 1946. The file number of said suit being No. 3241.

The names of the parties in said suit are: James A. Shepherd, as Plaintiff, and J. C. Wages, the heirs and legal representatives of the said J. C. Wages, the wife of the said J. C. Wages if he be married the legal representatives of the heirs of said J. C. Wages if they be dead, as Defendants.

The nature of said suit being substantially as follows, to-wit:

Plaintiff sues for the Title and possession of Lot Number Six (6) in Block No. 79, of the Original town of Brownfield, Texas, alleged among other things that he was on or before the 1st day of September of the year 1946 in legal possession of said property that on that date, Defendants unlawfully entered upon said property dispossessing Plaintiff of the possession thereof. Plaintiff pleads further the three, five, and ten year statute of limitations.

Issued this the 5 day of September, 1946.

Given under my hand and seal of said Court, at office in Brownfield, Texas, this the 5 day of September, A. D., 1946.

First Meeting Of Alpha Omega Club Is Reassembly Tea

The first meeting of the Alpha Omega Study club was a reassembly tea held in the home of Mrs. P. R. Cates, Tuesday afternoon at 4 o'clock. Members answered roll call by telling what they could do to be better club members.

Mrs. Cates gave the president's message, followed by a talk on, "How Well Do You Know Our Constitution and By-Laws," by Mrs. Clarence Lackey. Mrs. V. L. Patterson, as committee chairman, gave a paper, titled, "Looking Ahead," which is a resume of the plans for the coming club year.

The club color scheme was carried out on the refreshment table which was laid with a white maderia cloth and centered with an arrangement of maroon flowers and candles. Mrs. N. L. Mason presided at the punch bowl and was assisted by Mrs. Sam Teague.

Members present were: Mesdames Finis Carter, Virgil Crawford, Jack Ellis, Grady Goodpasture, Jake Gore, Jack Hamilton, Roy Herod, Tommy Hicks, Wayne C. Hill, Walter Hord, C. L. Horn, Clarence Lackey, Arlie Lowmore, N. L. Mason, Bill McKinney, Robert Noble, Homer Newman, J. L. O'Dell, V. L. Patterson, Marner Price, Sam Teague, Chad Tarpley and C. L. Truly.

MRS. H. McWILLIAMS ENTERTAINS GOOD NEIGHBOR CLUB

The Good Neighbor club met in the home of Mrs. Henry McMillian, on Thursday, Sept. 5.

The afternoon was spent in quilting.

Kool-ade and cookies were served to Mrs. W. H. Wagner, Mrs. L. V. Wagner, Mrs. Jack Wagner, Mrs. Henry Jefferies, Mrs. Huston Stephens, Mrs. Weldon Fenter, the hostess and nine children.

Our next regular meeting will be with Mrs. Henry Jefferies.

Everyone bring your own needle work, and everyone come Thursday, Sept. 19.—Reporter.

RUTH CLASS HAS LUNCHEON

The Ruth Sunday School class of the First Baptist Church met in the church, Wednesday noon, for their monthly covered dish luncheon and business meeting. Mesdames Boyce Holder and Tony Swindle were hostesses.

Those present were: Mesdames J. R. Wright, Dick Graves, Harold Denton, Ted Hardy, A. A. Brian, J. D. Shewmake, J. E. Mathews, and E. B. Shewmake.

Mrs. Tarpley Introduced At Tea

Mrs. M. G. Tarpley entertained with a formal tea in her home Friday from 4 to 6 o'clock to introduce her daughter-in-law, Mrs. G. W. (Boy) Tarpley to her friends. Receiving the guests were: Mrs. Tarpley, the honoree and Mrs. Walter Hord. Mrs. Jack Bailey registered the guests.

The tea table was laid with a floor length cloth of lace over blue and centered with an arrangement of pastel colored asters and baby breath. White candles in triple candelabra flanked the centerpiece. A silver tea service and crystal table appointments were used. Mrs. Chad Tarpley presided at the tea service with Mesdames Bill Gore and Ruth Huckabee assisting her in serving.

Mrs. Tarpley was strikingly dressed in a two piece formal of grey crepe, with a buttoned front, fitted bodice adorned with collar and cuffs of heavy white embroidery. She wore a corsage of pink roses. Other members of the houseparty wore corsages of roses in shades to match their gowns.

During the calling hours, selections by Gershwin and Strauss were played softly on a record player. Seventy guests were registered.

Prospects are still good for a record-sized corn crop, estimated at 3,442,202,000, U. S. Department of Agriculture reports.

Maids And Matrons Club Starts Year's Activities With A Tea

The Maids and Matrons Study Club started their activities for the fall and winter with a twilight tea at the home of Mrs. Mon Telford Thursday evening of last week. Mesdames Joe and Money Price assisted as hostesses. Members of the Alpha Omega Study Club were guests.

The back lawn formed a beautiful setting for the refreshment table, which was laid with a white Mexican drawnwork cloth and centered with an arrangement of white and yellow dahlias. Mrs. Jot Akers presided at the tea service. Mrs. Akers, as vice-president of the club, also gave the welcoming address, with Mrs. P. R. Cates, president of the Alpha Omega club, giving the response. Betty Holmes delighted the group with her tap dancing and Mrs. Roy Herod with several accordion selections. Mesdames Looie Miller, T. E. McCollum and Lal Copeland presented a one act play, entitled, "The Collect Speaks."

Forty members and guests were present. The next meeting of the

MARION WINGERD NAMED HONOREE AT SUPPER

The going off to school has been an incentive for a series of entertainments in the forms of picnics, etc., honoring the college students. Marion Wingerd was among those complimented when Mesdames Bit Copeland, Eldora White and Mon Telford entertained with an alfresco supper at the Telford home Tuesday evening. Singing old favorites and toasting marshmallows made the evening one to be remembered.

Guests were M. J. Craig, Jr., Billie Lackey, John Earl Dalton, Wanda Stafford, Arnold Dalton, Betty Holmes, Larry Miller, Wanda Hahn, Ted White, Logan Heron, Dorothy Henderson, Andy and Judy Griffin, Jane Weir, Akron Gorby, Mr. and Mrs. Money Price, Mr. and Mrs. Roy Wingerd and Mrs. Mon Telford, Jr.

Mrs. Moon Mullins and son, Carl, were in Lubbock on business Tuesday.

Maids and Matrons club will be Sept. 17th in Fellowship Hall of the Methodist church, with Mrs. Randal as hostess.

Cen-Tex Harmony Club Holds First Meeting

The Cen-Tex Harmony Club began their fall program Monday evening when they met in the Presbyterian Church for a tea and musical program. Mrs. W. H. Dallas and Mrs. J. M. Teague were hostesses.

The goals for the club year were given in a short talk by Mrs. Homer Newman, president of the club. Mrs. Dallas and Mrs. Jack Shirley entertained the group with piano solos and Mrs. Teague and Mrs. R. A. Brown sang a duet. Mr. Homer Newman sang a solo and also led the group in singing folk songs.

Mrs. Dallas presided at the refreshment table which was laid with a white cutwork cloth and decorated with an arrangement of peach gladiolas and white candles. Lime punch and individual rose bud cakes were served.

Those present were Mr. and Mrs. Homer Newman, Mr. and Mrs. Charles Moore, Rev. and Mrs. A. A. Brian, Mesdames Homer Winston, Jack Shirley, Roy Wingerd, N. L. Mason, Al Muldrow, Ralph Ferguson, J. M. Teague, M. G. Tarpley, Ruth Huckabee, O. L. Peterman, R. L. Bowers, W. H. Dallas, R. A. Brown, S. H. Holgate, Harlan Glenn, Clarence Taylor, Fred Jones, Bishop, Misses Delia Wall, Edith Creighton, Katharine Hardin and Rev. Joe P. Murphy.

Ouida Mullins Becomes Bride Of B. H. Denton

Miss Ouida Laura Mullins, daughter of Mr. and Mrs. W. B. (Moon) Mullins and Ben Hiram Denton, son of Mr. and Mrs. Frank Denton were married Thursday evening at 5:00 o'clock at the Baptist parsonage. Rev. A. A. Brian read the single ring service.

The bride wore a grey pin stripe suit with black accessories and a corsage of red roses. She is a graduate of the Brownfield High School and has been employed by the Southwestern Associated Telephone Co. for the past five years.

Mr. Denton is a graduate of the Trinity High School and served in the U. S. Navy for six years.

After a short wedding trip to El Paso and points in New Mexico the couple are at home in Brownfield.

Miss Gladys Scales underwent surgery in the local hospital this week.

PHI BETA CRAESUS CLUB HOLDS ANNUAL PRESENTATION

The Phi Beta Craesus Club held their fifth annual formal presentation on the night of Sept. 6th, at the Legion Hall. Jimmy House acted as master of ceremonies, announcing the presentees and their escorts.

The club colors of purple and white were used throughout the hall with several baskets of flowers, gifts of the club sponsors and friends, adding their beauty to the scene. A white back drop and side drapes of white held back with bands of purple, formed the background for the stage setting, which was a dressing table. The table and chair were draped in white satin with an overdrap of purple net held in place with gardenias. A large rectangular mirror, two crystal boudoir lamps and a dresser set completed the arrangement. The girls were presented seated at the dressing table, which revolved clockwise after each presentee stepped down to meet her escort. The couples walked off the stage down a flight of stairs carpeted in purple and white crepe paper. As they walked down the steps their picture was taken by Mrs. Ruth Lowe, of Lowe's Studio.

First to be presented was Delma Green, dressed in a yellow off shouldered net with a gardenia corsage. Jerrell Price was her escort. Shirley Jean Miller was lovely in yellow net with a corsage of purple and white carnations, and was escorted by Neil Thompson. Jean Garnett, striking in white tulle lace with red flowers on the bodice was escorted by Jack Gibson.

As the dressing table revolved the fourth time, Jeri Roberts was revealed in plaid taffeta and was escorted by Virgil Short. Juanelle Jones wore grey satin and net with white carnations and was presented by Roy Roberts of Wellman. Blue net trimmed in gold sequins and a white carnation corsage set off the blond beauty of Lynn Sturges. Donald Andress escorted her. Barbara Stice was like a Colonial figurine in her pink net dress and muff of pink net ruffles. Dale Cary presented her.

Monroe Sawyer, of Lubbock, escorted Nancy Weir, who wore black jersey with a blue net skirt trimmed in gold sequins. Cynthia Tankersley was attractively gowned in blue marquisette with a corsage of pink gladiolas. Chuck Wilson was her escort. Wanda Stafford, dressed in green net with a corsage of red roses, was escorted by John Dalton.

Juanelle Thompson was presented by Lyle Shelton and was like a tiny rainbow in her net dress of many pastel colors. Betty Sue Kelly was dressed in beige trimmed in brown with pink carnations in her hair and was escorted by Willis Black. The last to be revealed was Dixie Brown, who was escorted by Donald Price and wore white taffeta with pink carnations.

After the presentation the guests enjoyed dancing to popular records.

FT. WORTH VISITOR GIVEN LAWN PARTY

Mrs. Wayne C. Hill entertained for her niece, Joyce Ann Eubanks, of Ft. Worth, who has been here visiting for the past month, with a lawn party Saturday evening. After an hour of games, watermelon was served to Loryce McBee, Gilbert Nunn, Joe Anne Carter, Bobby Ferguson, Donald Gorby, Carolyn Griffith, Billie Eubanks and the honoree.

DONNA JANE NEWSOM CELEBRATES 8TH BIRTHDAY

Donna Jane Newsom celebrated her 8th birthday with a party when her mother, Mrs. J. L. Newsom entertained for her Thursday of last week from 4 to 6 o'clock. The guests brought their dolls and spent a happy afternoon playing with them. Birthday cake, ice cream and cokes were served, with yo-yos as plate favors.

Guests were Carolyn Burnett, Sue Stevens, Ann Griggs, Maurine Webb, Ann Jernigan, Nancy King, Jonelda Edwards, Barbara Chesshir, Jonora Haynes, Sue Warren and Jean Criswell.

James and Carl Mullins are spending 10 days in the home of their parents, Mr. and Mrs. Moon Mullins. They have been students at Hardin-Simmons University since last April and will return Sept. the 18th for the fall term.

LABRAYAH CLASS ENJOYS BARBECUE

The Labrayah Sunday School class of the Presbyterian church enjoyed a steak barbecue on the church lawn Thursday evening of last week. Messers Al Muldrow, Ralph Ferguson, James Harley Dallas and C. L. Buchanan did the barbecuing and, m-m-m, was it good.

Those present were: Messers and Mesdames Al Muldrow and sons, James Harley Dallas and daughter, Graham Smith and daughter, Ralph Ferguson and children, Abel Pierce and son, C. L. Buchanan, Mrs. Phil Gaasch, Mrs. James King and children, Mrs. LaVerne Jordan, Mrs. L. E. Hamilton and sons, Jo Pete May, Ethelda Edwards, Dyer Oakley, Ed Duke and Rev. Joe P. Murphy.

BAPTIST CIRCLES MEET FOR MISSION STUDY

The Lottie Moon circle of the Baptist Women's Missionary Society met at the church for their mission study Monday afternoon. The subject was, "Messages From Europe." Mrs. J. W. Nelson gave the devotional which was on Stewardship.

Those present were: Mesdames R. M. Moorhead, J. W. Nelson, K. W. Howell, W. E. Pool and C. E. Ross.

The Lucille Reagan circle met at the home of Mrs. Elco Evans with Mrs. A. A. Brian discussing the subject, "Return to Japan."

Those present were: Mesdames Henry Holmes, Ruth Auburg, A. A. Brian, Gladys Moorhead and Hugh Holmes.

Dr. H. H. Hughes and son, Homer, and James Mullins are spending this week on Dr. Hughes' brother's ranch in New Mexico.

West Ward P. T. A. Has Business Meeting

The West Ward P. T. A. met Thursday afternoon of last week at 4 o'clock at the school building for a business meeting. Mrs. Walter Hord, president, presided.

Each chairman was introduced and gave a brief outline of their years work. Mr. C. A. Wilhite, principal of the school, made a motion to the effect that each teacher have one mother to represent their room and have two or more mothers as her helpers in planning parties for the children, and in getting all mothers out to each P. T. A. meeting. The motion was voted on and carried.

Preceding the business meeting, Supt. McCollum introduced each teacher present. "America," played by Mrs. Bishop and led by Mrs. Roy Herod, was sung by the group. Mrs. Hord dismissed the meeting with the "Lord's Prayer."

A social hour followed with the hospitality committee serving refreshments.

The next meeting will be Oct. 3rd at 8 o'clock in the West Ward building and will be parents' night. Mrs. P. N. Figley will be program chairman.

PARILEE NELSON HONORED ON HER BIRTHDAY

Mrs. Homer Nelson entertained for her daughter, Parilee, on her 11th birthday, Thursday of last week. After enjoying outdoor games, ice cream and cake was served to Carole Dallas, Charlotte Smith, Carolyn McCollum, Nelda Miller, Janette Johnson and Jo Ann Knight.

ROOM MOTHERS NEEDED FOR WEST WARD SCHOOL

All mothers who will be a room mother in the West Ward School, please notify your child's teacher, or call Mr. Wilhite, Mrs. Walter Hord or Mrs. Charles Didway. You are especially needed to help.

Visiting Mr. and Mrs. G. M. Thomason and other Terry county relatives recently, were, Mr. T. D. Baldwin of El Paso; Mr. and Mrs. Clyde Lee of El Centro, California; also their daughter, Mrs. Homer Johnson and children of Kansas City, Kans.

CORRECTION

In last week's edition we stated in an article on the front page that Mr. and Mrs. Steele Bayliss had been Lubbock visitors. We have forgotten who turned the article in, but they erred, due to the fact that there is no Mrs. Steele Bayliss.

Mr. and Mrs. George Snodgrass, old time Terryites, but for the past 20 years residents of Glendale, Ariz., are here visiting his brother, Hugh and family of east Yoakum county, and her brother, Ennis Ware and family, of Seagraves.

For eight years now the Texas Safety Association has been asking motorists not to kill themselves. That works with some people, but others apparently attach little value to their continued existence on this earth. To those drivers the Association now is offering a more cold-blooded idea—if you don't value your life, think of your car! If you wreck the one you have now, you may not get another for a long time. Don't be careless today—and careless tomorrow!

A fellow in California was arrested for driving backwards. He had figured he could save money because he had rented the car on a mileage basis. The Texas Safety Association points out that this man was no more rash nor ridiculous than the people who take risks while walking or driving or working in order to save time. To SAVE your life, you can't beat carefulness.

O'DELL QUANTE TO STUDY FOR THE MINISTRY

O'Dell Quante will enter Abilene Christian College the first of this semester to prepare himself for the Ministry of the church of Christ.

He, the only son of Mr. and Mrs. Chris B. Quante of 502 East Cardwell Street, was born in Brownfield April 11, 1929. He attended Brownfield West Ward, Jr.

High and High School, graduating in May, 1946. He was an outstanding student and athlete during his high school years and will play football on the college team.

From all reports and from our own knowledge, O'Dell is one of Brownfield's most promising young men, and we wish him God Speed.

Mrs. Eva Gardner, of Kansas City, Mo., was here over the weekend as a guest of Rev. and Mrs. Bickford.

Rev. and Mrs. C. M. Whitley, of Sherman, were guests of Rev. and Mrs. Bickford Thursday night of last week.

Rev. and Mrs. A. D. Scudday and son, Wendell, returned Friday from a week's visit in Ft. Worth with relatives.

Leon Lewis, son of Mr. and Mrs. Clyde Lewis, entered Tech Tuesday as a freshman. He was discharged from the navy August 21.

A Few Foolishment Space Fillers

By Old He

Well, we had stayed put just about as long as possible. The Rambling fever had hit us, and something had to be did, so we took off last Friday for parts below the cap, including Mrs. S., Jack Jr., Jack T. and Miss Jean Stricklin the Tennaseeyan. We hopped, skipped and jumped over through Lamesa, Gail, Snyder, Roby, Anson, Abilene, etc. Mrs. Jr. Stricklin was already at Brownwood, having come up the day before from Temple. All seemed glad to see us, including Buddie.

We have tried just about every route to Brownwood, but all are long and some of them lonesome, especially the return via Rotan to Clairmont and Post at night, but that is really the shortest road according to our measuring pole, but really lonesome at night. The longest is via Big Spring, San Angelo and Brady. Some shorter from Angelo via Ballenger and Coleman.

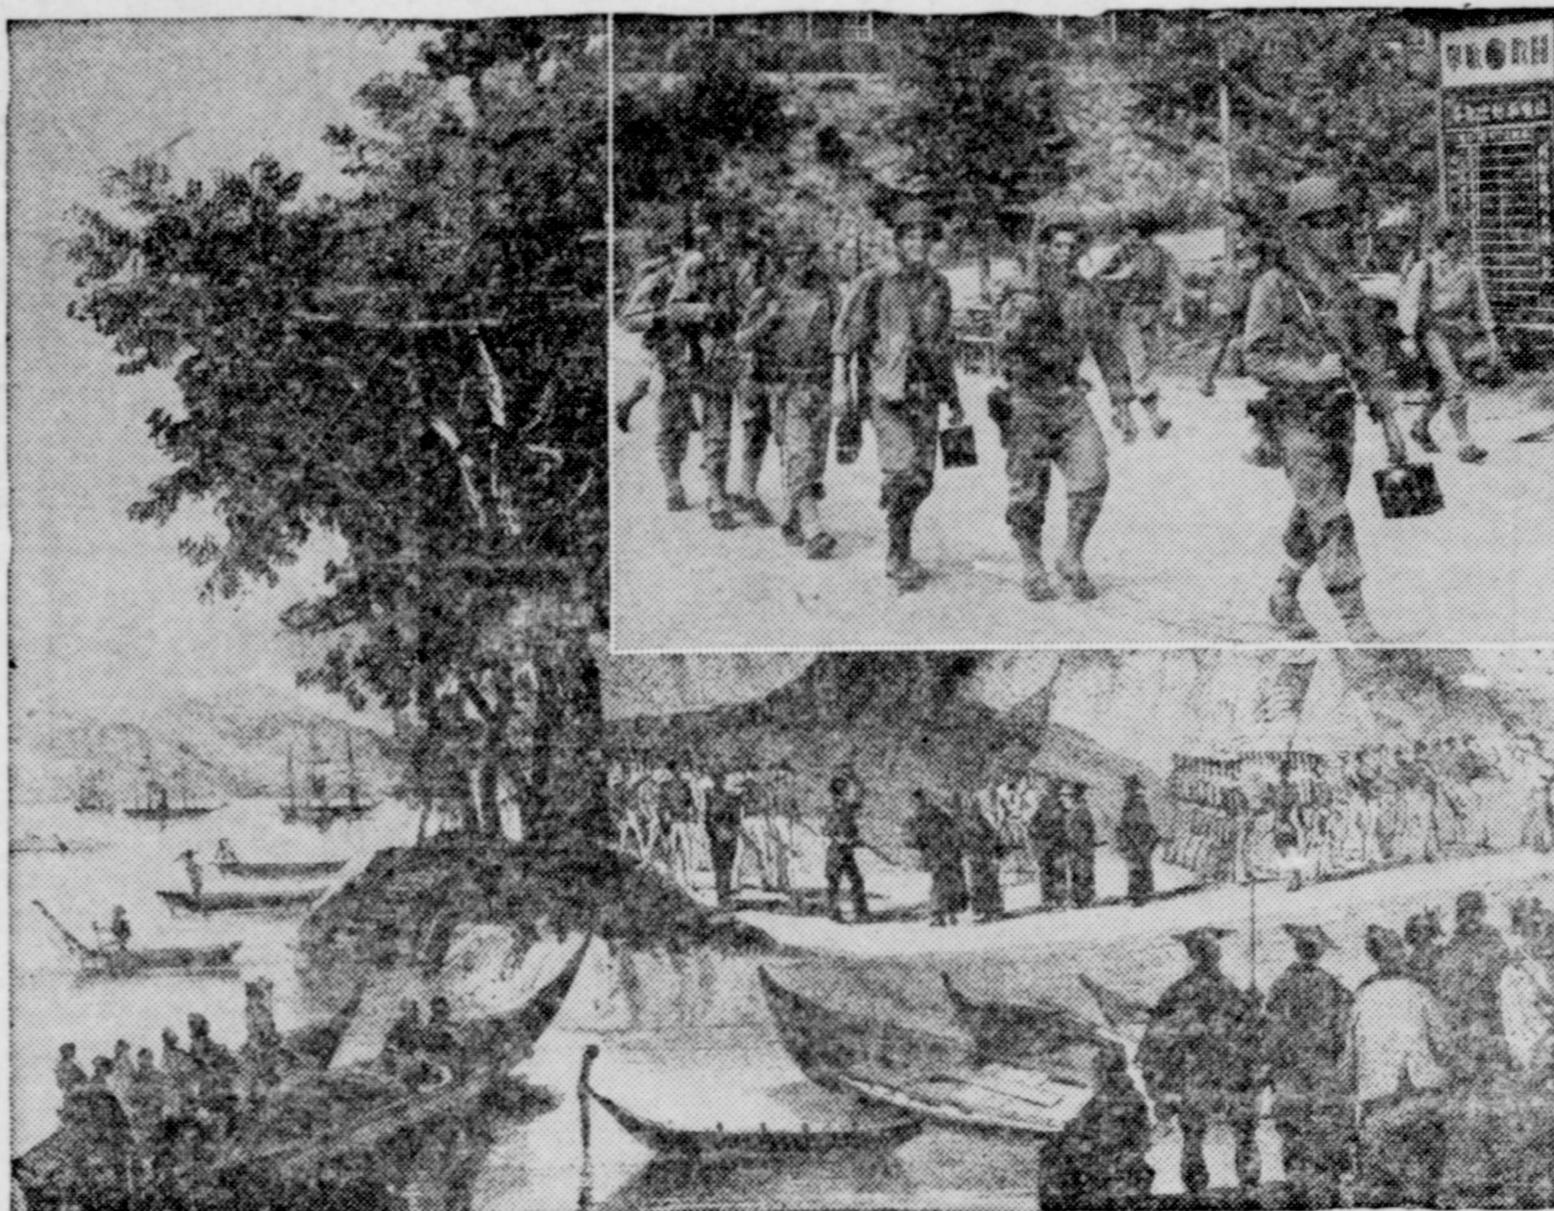

We have tried and tried to decide which place we want to live, Silver Valley, in Coleman county, or Goldsboro over in Taylor. Both names appeal to us, but on our return, we spied out a new one that also appeals to us, Radium between Anson and Hamlin in Jones county. After we passed through Radium a few more times, it may get our decision for a new home if we ever leave Brownfield. No it would not support a paper, neither would we want a paper. We'd want to rest in the shade of those mesquite trees. But knowing Jones like we do, we suspect gyp water in that section, but we would not have to buy Salhapatia. The up-side-down lake is still south of Abilene, and a little clearer water than common.

As to the folks, it looked like they were going to have an empty apartment for a spell after Camp Bowie closed, but with hundreds of GI's entering the two church colleges there, they are chock full again and will likely be that way for the next nine months at least. But they now have lots of room out at the lake, having moved another house out there, and that where we slept and put our feet under the table several times while down there, and it was cool and nice all the time we were there. Caught enough fish while there for one good mess. The doggone little boosters don't seem to be hungry, but the Senior Mrs. S. knows her hooks, lines and sinkers, and if there are any fish in the pond, lake, river or creek, she will lure a few of them. We greatly encouraged the fishing by buying the minnows, if some one else would go after them. Master Jack Taylor, who usually stands along with his grandma in fisherman's luck, didn't have any whatever, as he went armed with a fishing outfit, and refused to change to still fishing with pole, line, hook and minnow.

Among the other pets the folks now sport, is a goose—or is it a gander—that plays far out in the neck of the lake near the Graves-Trigg docks, but knows to the minute when feeding time comes, and some of them go down to the docks with food. He or she was just a mite "aferd" of the Old He, as we had that big black walking stick, which the fowl viewed with some suspicion, maybe thinking it a new fangled goose gun. But (he, she) finally came up and took the food right out of Herman's hand, but refused to leave swimming depth water.

Our Pet Peeve: We have often wondered why it is in cities like Abilene, for instance, that all the local motorists are out on the main highways and streets showing Uncle Filbert and Aunt Nanny, who are visiting them from Polecat Holler, the new peanut mill and what have you, along the thoroughfare, at a pokeeasy pace. With a long string of slow cars on the other side, there is no way to get around the visiting

Marines Celebrate Second Jap Landing

When the Japanese capitulated, thus ending World War II, the U. S. Marines, who were scheduled to spearhead the assault on the enemy's home island, participated in the occupation of Japan, thus making their second visit to Nippon within the century.

Leatherneck veterans of the Fourth Marine Regiment (upper right) are shown occupying the Japanese Naval Base at Yokosuka, on 30 August 1945.

The earlier landing of the U. S. Marines on Japan took place in 1853, when Commodore Matthew C. Perry, accompanied by a detachment of Marines from the ships of his squadron, under the command of Major Jacob Zeilin, who was later appointed commandant of the Marine Corps by President Abraham Lincoln, visited Japanese officials.

The landing was made at Uruga and Major Zeilin had the distinction of being the second American to set foot on Japanese soil.

The lithograph (lower left) depicting this landing was copied from an historic volume published in 1857.

gawkers, and you are tied up in slow traffic. Every town should have a good loop around it, and we include towns the size of Brownfield. Nettle people just wont stop in such a jamb to buy anything.

Now a bit about crops or the lack of them, and we are through. First off, let us say we have just about as good chance for a feed crop as most of that section below the cap. Small areas had early rains, and made fair feed. But the hot, dry weather struck that rawhide land country just at the right time to play the duce with it. Cotton, like our own is of the bumblebee variety, a bale to perhaps ten acres. Some spots much better, but we are talking about the average.

We killed a bunch of space.

Army Recruiting Caravan Coming

The U. S. Army Recruiting Caravan will be in Brownfield, Texas, on 14 Sept. for one day. Sgt. Ponton who is in charge of the Caravan will exhibit many interesting displays, among these being, captured Japanese rifles, machine guns, and the famous Japanese knee mortar, German rifles and machine guns, and many interesting photograph displays, also included will be a display of shoulder patches of all the Army Ground Forces that participated in World War II. The huge Blue and Silver truck has a complete public address system that is set up to play the latest phonograph records, both popular and classical.

Mrs. Troy Noel and children, Mrs. T. K. Kizer and their father, Mr. Thompson, left Wednesday of last week for a two weeks visit in Gainesville, Commerce and Paris.

Sgt. Ponton will show free movies each evening at 8:30 P. M. at the court house lawn, these movies are pictures that never before have been shown to the public after any war. They are actual combat films, most of them being filmed during actual combat conditions. These films are something that the Public should be sure not to miss, because they show the conditions that the foreign countries went through during the war.

This caravan is equipped to accept enlistments into the Regular Army, and is being used in the Army's campaign to enlist a million men.

V.F.W. Sponsors Wheel Chair Drive For Terry County

The Veterans of Foreign Wars, Hand Brothers Post No. 6194 of Brownfield, Texas, is sponsoring a plan to secure wheel chairs and crutches, much needed devices for the treatment of patients in their own homes.

Pictured above is one of the models of wheel chairs which will be available to the citizens of this county free of charge under the present community service project.

In order that the county may be most conveniently served, these wheel chairs will be located in Brownfield, Texas, and are for the free temporary use of Terry county residents. Cost of transportation will be the only charge made for the chairs.

These wheel chairs are portable and will provide the comfort of any ill person's needs and desires. They will be described to you and the plan explained by representatives of the Veterans of Foreign Wars, each bringing a letter of introduction.

This is being launched as a community project and is not a request for donations, as donations cannot be accepted.

Carl Mullins made a business trip to Seminole, Monday.

Miss Dixie Redford, daughter of Mr. and Mrs. Terry Redford, became a freshman at Tech, Tuesday.

Mrs. Ame Flache left Wednesday with Major and Mrs. Truett Flache to go as far as Vincent, Texas, where she will visit in the home of her daughter, Mrs. Binie White. Major and Mrs. Flache returned to Camp Campbell, Kentucky.

GI Question And Answer Department

The Veterans Administration today reminded veterans in education or training of the changes in subsistence allowances necessitated by recent alterations in servicemen's legislation.

The following changes were emphasized:

1. Subsistence limitations apply only to non-disabled veterans, training under Public Law 346, and not to disabled veterans training under Public Law 16.

2. The limit on subsistence allowances applies to Public Law 346 veterans pursuing a standard apprentice course or taking on the job training, as well as those in school.

3. Each P. L. 346 veteran must give his training officer or regional office, not later than Nov. 5, a statement of his earning during August, September and October. After veterans have turned in this notice, VA will start making adjustments in any subsistence allowances that require changes.

If the veterans need to refund to the government any money they have received in August, September and October subsistence checks they will be notified of the amount.

The "Nurses Wanted" sign is still on display at VA hospitals in Texas, Louisiana and Mississippi, which are short 400 nurses. Salaries for VA nurses range from \$2645 to \$5905 a year. In addition, VA offers retirement pensions, recreational facilities and other benefits for nurses.

Bicycle riding—as a wholesome form of recreation and exercise—will become a phase of the recreational and entertainment program in Veterans Administration hospitals and homes of the Southwest.

VA's Washington Office has ordered 1,000 bicycles, which will be distributed among the 110 hospitals and homes of the VA.

Public School Days Set For S. P. Fair

Lubbock, Texas, Sept. 7. — Fair officials have set aside two big days of the six-day 29th Annual Panhandle South Plains Fair for the students of the South Plains. School Days are October 9 and 10. Students from school south of a line drawn along the southern border of Lubbock county and from Lubbock county will attend the Fair free on Wednesday, October 9. Those from north of the line will be admitted free, the next day. Lubbock city pupils will be guests of the Fair on Tuesday, Lubbock Day.

All students will be required to pay a government tax of 5c if under twelve years of age and 10c if over twelve as they enter the Fair grounds. This is required by federal law.

Fall Rains Are Big Help To Gardeners

Fall rains have helped to get the ground in readiness for planting fall gardens, says Miss Helen Dunlap, County Home Demonstration Agent.

Weeds and other vegetation should be pulled up and destroyed, leaving the ground perfectly clean. The ground should be plowed in preparation for seeding. Onion sets, mustard, turnip, pinto beans, and radish seeds should be planted in September. Cabbage plants may be moved to the garden this month also. Cool season vegetables, such as spinach, beets, carrots, and lettuce may be planted soon.

Non bearing tomato plants may be cut off near the ground where young sucker sprouts are growing from the main stem. A handful of 5-10-5 commercial fertilizer applied around each plant and working the ground thoroughly will help to produce a fall tomato crop. Cultivating and refertilizing the ground around fall peppers and okra will help them to produce.

Daina McLroy, daughter of Mr. and Mrs. T. H. McLroy, entered Tech Tuesday.

Miss Gloria Hughes, daughter of Mr. and Mrs. Ray Hughes, left today for Waxahachie to enter Trinity University.

Q. If I have obtained a Veterans Administration guaranteed loan to purchase a farm, am I still eligible to receive the self-employed veteran's readjustment allowance?

A. Yes. You may obtain the monthly allowance, depending on the length of your military service, up to a maximum of 10 2/5 months. The payments guarantee to the farmer a minimum net income of \$100 a month during the period of his entitlement.

Q. I have had no farm experience, but I believe I could learn quickly to operate a farm successfully. Is there any way I can get training under the GI Bill so that I could later qualify as a good risk with a lender?

A. Under both Public Laws 16 (vocational rehabilitation) and 346 (GI Bill) eligible veterans are entitled to both on-the-farm training and institutional education which give them a practical and a scientific knowledge of agriculture.

Q. If I obtain a real estate loan to purchase a farm and it is guaranteed by VA, may I also obtain a VA guarantee on a loan to purchase machinery, livestock, seed and other farm equipment?

A. Yes, you may obtain a combination of real estate and non-real estate loans. However, the percentage of the guarantee maximum used by a veteran in obtaining one type of loan reduces by that percentage, his entitlement to guarantee of another type loan. For example, if a veteran obtained a farm real estate loan guarantee of \$2,000, his non-real estate guarantee maximum would be \$1,000.

Q. I am planning on going into business for myself with the aid of a GI loan, but I don't intend to make this move for another three or four years. Will it be too late for me to apply for a government loan then?

A. No. The time limit for loan applications is now ten years after your separation from the service or ten years after the end of the war, whichever is the later date.

Fire Destroys Much Cotton And Gins

Memphis, Tenn. — The raw cotton industry has declared war on a tiny, furtive spark of fire that costs the nation eight million dollars a year.

This insidious destroyer hid away last year in enough cotton bales to send up in smoke and flame more than 85,000 bales of the American cotton crop! It creeps like a germ into the heart of the bale, and when, 12 to 48 hours later, it has grown big enough to burst through the outside of the bale, the damage is already done.

Fire loss at cotton gins and compresses last year was the greatest in American history. It has reached the point at which insurance companies have had to suspend entirely some fire policies. Fire destroyed a million dollars in gin property and ten million dollars in cotton last year.

Most of the destruction was caused by what ginners and warehousemen call "fire-packed" gin bales, the means through which the verminous, vicious little spark secretes himself in cotton.

EMPLOYMENT RISES—PAYROLLS INCREASE

Austin, Texas — Employment in all industries rose in Texas in July, and payrolls were also increased, compared with June statistics, the University of Texas Bureau of Business Research reports.

Employment rose 1.5 per cent over June, and payrolls rose 2.7 per cent. Total manufacturing employment in Texas was estimated at 308,300 in July.

Mr. and Mrs. Otis Sanderfer, of Frederick, Okla., were guests last week in the home of Mr. and Mrs. John Milner and Mr. and Mrs. D. D. Goodpasture.

Mrs. Durward McGinty and son and Mrs. H. B. Horn and son, of Plains, were in town Monday.

Miss Margie Moore and her mother, of Muleshoe, spent Sunday visiting Mrs. Alfred Mangum. Miss Moore was a teacher in the Brownfield schools last year and is now teaching at Muleshoe.

Mr. and Mrs. L. J. Dunn, Sr., left Sunday for a 10-day vacation in Hot Springs, New Mexico.

Mr. and Mrs. S. J. Murry and daughter, Patsy, were in Lubbock Sunday visiting Mr. and Mrs. Lloyd Nelson.

Bill Linder, Rebecca and Deenie were in Lubbock last Saturday.

Mr. and Mrs. John Walls and daughter, Doris and Mr. and Mrs. Bob Colson visited Mr. and Mrs. A. E. McCarver in Andrews, Sunday.

Rev. Joe P. Murphy and Mr. A. M. Muldrow attended Presbytery in Merkil, Texas, Wednesday of last week.

Mrs. Kenneth Hill and Mrs. Ethelda Edwards were in Lubbock last Friday shopping.

Ethelda Edwards and Dyer Oakley were in Lamesa on business one day last week.

Rural Electrification Administration has approved loans totaling \$4,336,000 to 14 borrowers in nine states.

Tom May left Sunday for Amarillo taking his annual load of watermelons to the personnel of the Magnolia office there.

Jo Pete May returned to Plains Monday to resume her teaching duties in the school.

School Days Means Danger Days Ahead

Carelessness, the predominating cause of accidents, is teaming up with the mass movement of school-going youngsters to reap a red harvest that would make a cemetery of little graves, side by side, more than a mile long—a parade of the injured the same length. According to the Texas Safety Association, accidents of all kinds made human wastage of 883 school age children last year.

You'll find the youngsters pretty excited during the first few days of school—and perhaps the school-boy patrols aren't in operation yet. Between excited children and lack of enforcement rules, you have a perfect set-up for a tragic accident unless drivers are especially careful. The Texas Safety Association warns every driver to expect the unexpected when driving near schools.

The Texas Safety Association says both children and motorists must be warned about traffic dangers, and because it's easy to forget, these warnings must be repeated over and over again. Motorists must learn again to watch out for care-free groups of children enroute to and from school.

FIRST TECH FACULTY BABY GETS DIPLOMA

Lubbock — Texas Tech's first faculty baby was awarded a degree at summer commencement exercises of the college. Ava Ruth Stangel, daughter of W. L. Stangel, dean of Agriculture, and Mrs. Stangel, received a bachelor of arts degree, with a major in Spanish and minor in English. She was born Sept. 16, 1925, the day the first Tech faculty meeting was held, a few days prior to opening of the college.

Mrs. C. C. Primm and daughter, Shelia Kay, spent several days in Roswell visiting Mrs. Primm's parents, Mr. and Mrs. J. C. Hunter.

Jackie King, daughter of Mr. and Mrs. T. G. King, left Sunday for Denton to enter N. T. S. C. as a sophomore.

Parents are urged to teach their children to STOP—LOOK—and LESSEN ACCIDENTS.

Would you gamble the life of your child on the flip of a coin? Of course not. Then take a tip from the Texas Safety Association and teach that youngster to take no chances—to look in all directions when crossing a street—to obey signals — to THINK about what he's doing. Heads always win in preventing accidents!

Tech College Has Ambitious Building Program

Lubbock — Appropriation of \$4,930,880 for the next biennium to finance the most ambitious program in the history of Texas Technological College is being asked of the 50th Legislature, Pres. W. M. Whyburn has announced.

The request, presented to Gov. Coke Stevenson and the Board of Control, asks \$2,200,000 for new buildings and for 97 new positions on the College staff. Money is sought for completion of the Administration building quadrangle, a Home Economics building, gymnasium, completion of the Textile Engineering building, general maintenance shops and beef cattle barns.

Dr. Whyburn for Tech is asking an overall salary increase of 24 percent for the College staff, 51.7 percent increased salary appropriation, including the 97 new positions; and more funds for maintenance and upkeep of grounds and buildings, for research projects and for summer school.

Dr. Whyburn said the budget request was drawn last March and would be larger because of higher living costs if prepared now. He said appropriation of money asked would increase the staff to 352 persons, but that Tech will be hard-pressed to meet educational needs even with the additional staff members.

Four new dormitories estimated to cost \$1,000,000 each are under construction and Tech directors have authorized erection of 100 efficiency apartments to cost \$300,000 or more, in addition to new buildings provided in the budget.

Undulant Fever Reported In Area

As undulant fever has been reported to the South Plains Health Unit this week we wish to emphasize the importance of drinking pasteurized milk as one of the precautionary ways of preventing this dreaded disease.

There are other sources of infection by handling meat of a diseased animal (cattle, goats and swine). The laboratory technicians are also subject to the infection in making the test.

All precautions should be taken by drinking milk from a healthy cow or a safer way of drinking pasteurized milk and avoiding direct contact with infected animals or animal products. Once having the disease one never feels secure of knowing that he is clear from this dreaded disease.

Buford Milner returned Tuesday from a weeks visit in San Antonio with friends.

Messers Bill Gore and J. T. Bowman were in Dallas on business the first of the week.

See That Children Get Rounded Diet

Austin, Texas — Discussing the food requirements of a child enjoying maximum health, Dr. Geo. W. Cox, State Health Officer, has stressed the importance of a well-rounded diet and stated that a healthy and well-nourished child enjoys life and does well in school because he is physically fit.

Dr. Cox stated further that when a child is in good health, his appetite is good, elimination is regular and sleep is sound and undisturbed, all of which contributes to his progress in school.

"A child's appearance can usually help parents to judge the state of his nutrition. A well-nourished child has good skin color and there is a moderate padding of fat over the bones and muscles of the arms, legs and body. Muscles are well developed and strong. Teeth are good and the gums are firm and light pink," Dr. Cox said.

The State Health Officer stated that a delicate, hard-to-please appetite or a tired feeling after a little exertion indicates possible malnutrition or the beginning of an illness, and the child should be seen by the family physician.

Required as a diet for the preschool child and those of school age, Dr. Cox listed milk, fruit, vegetables, eggs, meat, fish or cheese, cereal and bread and added that cod liver oil and other vitamin preparations may be useful in winter and early spring, but they should always be prescribed by the family physician.

The Low Down From Hickory Grove

I see where OPA is battling—sweatin' and dying—to keep ladies skirts short. Save cloth, that is the slogan.

Anybody — bronze, white or black—who upto now, have had a sneak' idea or notion, or any kind of idea or notion that OPA knew what it was talking about, can now abandon same. The Paris dressmakers say skirts are to be longer. So, they will be longer. The dressmakers don't say why. Maybe folks have tired of dimpled knees or maybe thick calves, or maybe thin ones, or bowed ones, I don't know. I am not researchin' that subject. I am saying that OPA, if it is so opaque—thick, for short—as to think it can combat styles, it is just proving 100 per cent that it is an amateur.

And if it is an amateur on such a simple idea as styles for mama, what is the chance of it knowing beans about how many pounds of feed to allow per hen so as to get the most eggs. Or the least eggs, if we happen to be in a cycle where the Govt. says to eat more oatmeal versus eggs, to clean up a surplus of oatmeal that we paid a subsidy to get.

Yours with the low down,

Eat More Turkeys, Says Austin Raiser

Austin, Sept. 9 — Turkeys can have a big part in solving the nation's meat problems, R. E. James, president of the National Turkey Federation, believes.

Returning to his turkey ranch near here after a 4,000-mile tour of turkey-growing centers, President James advocated a nationwide campaign to encourage turkey eating.

Personally, James favors the broadbreasted bronze turkey popularly known as "baby beef," but insists any turkey is good eating.

Mr. and Mrs. Jack Bailey spent the weekend in Plainview as guests of Mr. and Mrs. Walter Haynes.

TEXAS FOOD LOCKER PLANTS

College Station — There are now 402 frozen food locker plants doing business in Texas. A survey by the Farm Credit Administration showed that Texas was among the seven states in the nation that have as many as 400 locker plants in operation. A nation-wide count showed 8,025 food locker plants in the United States. There were only 2,870 in 1940.

ORDINANCE NO. 1201
 A ZONING ORDINANCE DIVIDING THE AREA WITHIN THE CORPORATE BOUNDARIES OF THE CITY OF BROWNFIELD INTO DISTRICTS IN ACCORDANCE WITH A CITY-WIDE COMPREHENSIVE PLAN; DEFINING CERTAIN TERMS; REGULATING THE LOCATION, SIZE, HEIGHT, BULK AND USE OF BUILDINGS WITHIN SUCH RESPECTIVE DISTRICTS; FIXING BUILDING LINES FOR EACH RESPECTIVE DISTRICT; FIXING THE PERCENTAGE OF ANY LOT OR TRACT OF LAND TO BE OCCUPIED IN THE VARIOUS DISTRICTS; REGULATING THE OPEN SPACES IN EACH PARTICULAR DISTRICT; REGULATING THE DENSITY OF POPULATION, STRUCTURES, BUILDINGS, LANDS, INDUSTRY AND RESIDENCES IN THE DIFFERENT DISTRICTS; PROVIDING REGULATIONS FOR THE CONSTRUCTION, ERECTION, REPAIR AND ALTERATION OF ALL BUILDINGS AND STRUCTURES IN EACH PARTICULAR DISTRICT; ADOPTING

A ZONING MAP, MAKING IT A PART OF THIS ORDINANCE; PROVIDING FOR THE LOCATION AND OUTLINE OF ALL DISTRICTS ON SAID ZONING MAP AND MAKING ALL FIGURES, LETTERS, MARKINGS AND COLORS ON SAID MAP A PART OF THIS ORDINANCE; CREATING A BOARD OF ADJUSTMENT AND DEFINING ITS POWERS AND DUTIES; PROVIDING A PENALTY FOR A VIOLATION OF THIS ORDINANCE AND PROVIDING FOR THE VALIDITY OF THIS ORDINANCE.
 BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BROWNFIELD, TEXAS:
SECTION ONE: PURPOSE
 The purpose of this ordinance is to zone the entire area of the City of Brownfield into districts as made and provided by Articles 1011-A to and including 1011-J of Chapter 4, Title 28 of the Vernon's Annotated Texas Statutes, 1925, in accordance with a comprehensive plan for the purpose of promoting health, safety, morals and the general welfare of the general public. They have been designed

to lessen congestion in the streets; to provide safety from fire, panic and other dangers; to provide adequate light and air, to prevent the overcrowding of land, to avoid undue concentration of population, to provide and facilitate adequate provisions for transportation, water, sewerage, schools, parks and other public requirements. Said districts have been created with fair and reasonable consideration, among other things, of the character of each particular district and its peculiar suitability for particular uses; and thereby conserve the value of land and buildings in each particular district; and with a view of insuring the harmonious and appropriate use of all property and to prohibit the inharmonious and inappropriate use of all property and thereby promote the general good and welfare of the public.
SECTION TWO: ZONING REGULATIONS AND DISTRICTS:
 (1) The City of Brownfield is hereby divided into districts of which there shall be twelve (12) known and designated as follows:
 "A" District
 "B" District
 "C" District
 "D" District
 "E" District
 "F" District
 "G" District
 "H" District
 "I" District
 "J" District
 "K" District
 "L" District
 "M" District

and the boundaries of each district is shown and set forth upon the zoning map which accompanies this ordinance, by various letters, figures and marking, and said zoning map is hereby declared to be a part of this ordinance. All marking, notations, references and other information shown on said zoning map shall be and are hereby made as much a part of this ordinance as if the matters and information set forth on said zoning map were all fully incorporated herein. All regulations shall be uniform for each class or kind of buildings throughout each district, but the regulations in one district may differ from those in other districts.
 (2) Except as hereinafter provided, no building shall be erected, reconstructed or structurally altered,

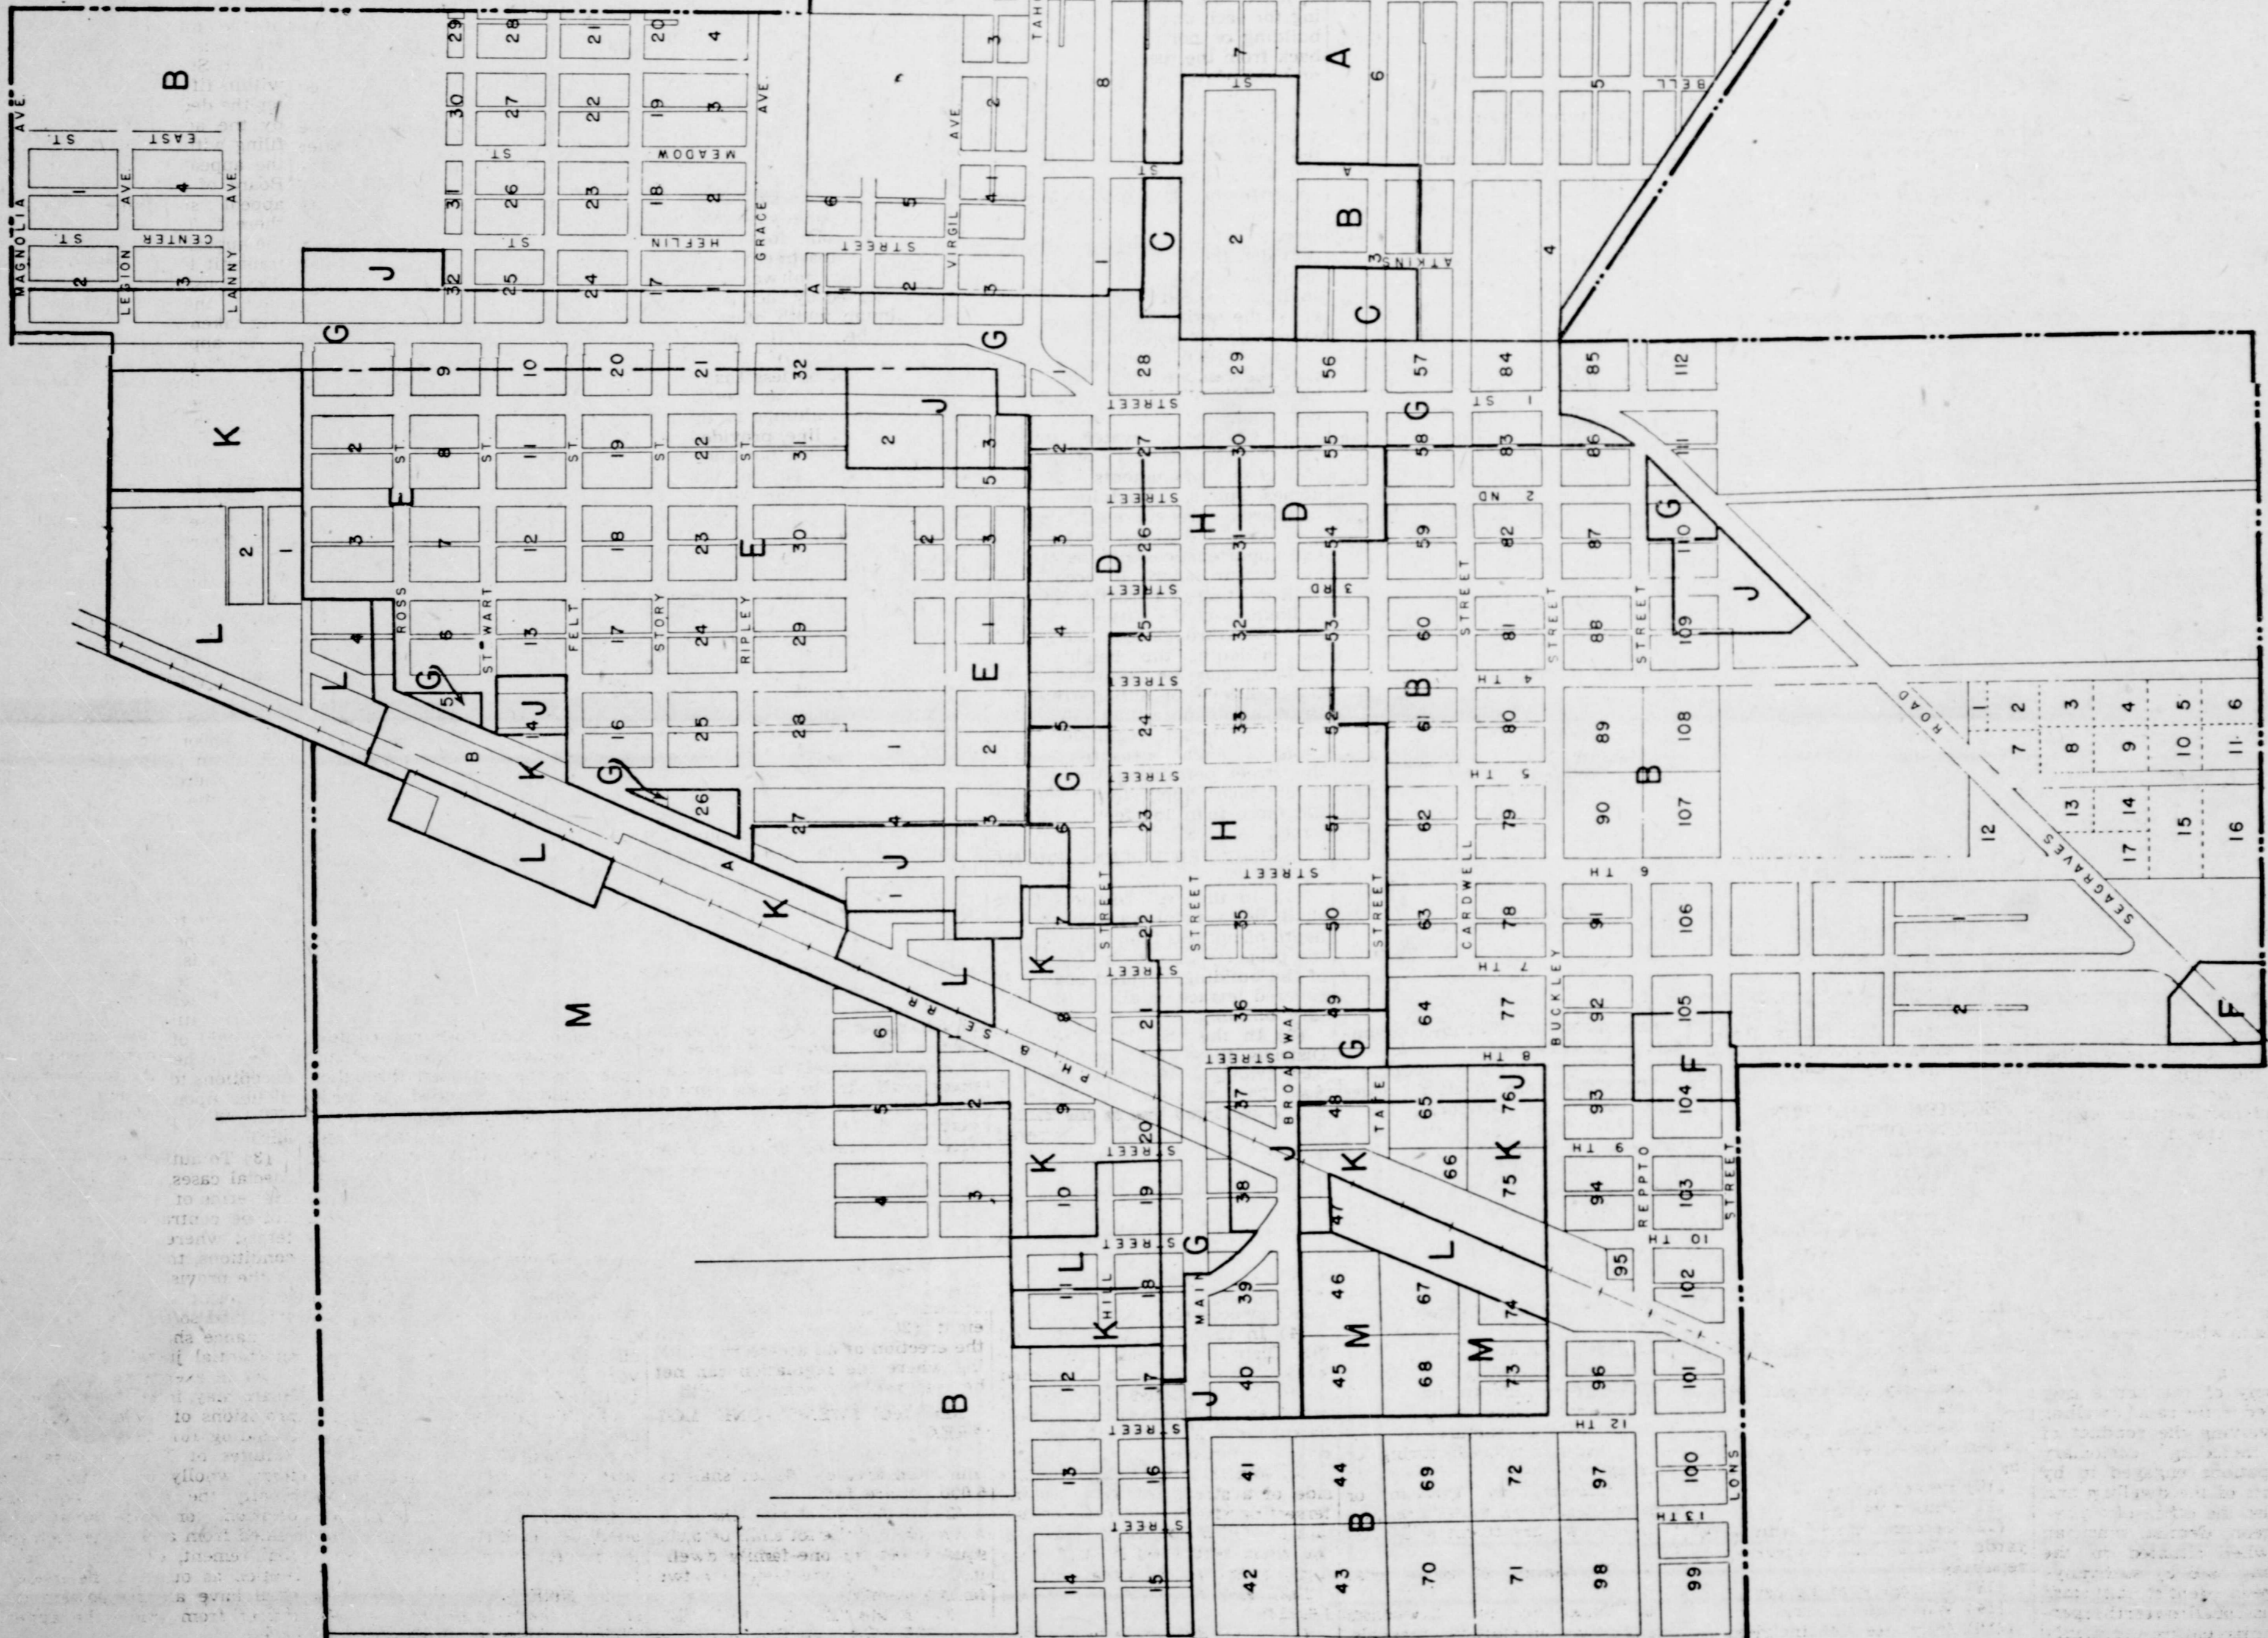

nor shall any building or land be used for any purpose other than is permitted in the district in which such building or land is located; no building shall be erected, re-constructed or structurally altered to exceed the height or bulk limit herein established for the district in which such building is located; no lot area shall be so reduced or diminished that the yards or other open spaces shall be smaller than that prescribed by this ordinance nor shall the yard or open spaces provided about and for any building for the purpose of complying with the provisions of these regulations be considered as providing a yard or open space for any other building; and every building hereinafter erected shall be located on a lot as herein defined and in no case shall there be more than one building on one lot, except as hereinafter provided.
SECTION THREE: MAP:
 The zoning map of the City of Brownfield, which is made a part of this ordinance, shall be in duplicate originals, and is hereby adopted in duplicate, each of

which shall bear the signature of the Mayor and attestation of the City Secretary for identification and authentication; one of said duplicate originals, together with this ordinance, shall be enrolled by the City Secretary upon the minutes of the Ordinances; the other duplicate original shall be framed and hung at some convenient place in the City Hall for the use and benefit of the public.
SECTION FOUR: ENFORCEMENT:
 The provisions of this ordinance shall be administered and enforced by the Building Inspector of the City of Brownfield. All applications for building permits shall be accompanied by a plat in duplicate, drawn to scale, showing the actual dimensions of the lot to be built upon, the size of the building to be erected and such other information as may be necessary to provide for the enforcement of these regulations. A careful record of such applications and plats shall be kept in the office of the Building Inspector.
SECTION FIVE: CERTIFICATE OF OCCUPANCY AND COMPLIANCE:

(1) No building hereafter erected or structurally altered shall be used, occupied or changed in use until a certificate of occupancy and compliance shall have been issued by the building inspector stating that the building or proposed use of a building or premises complies with the building laws and the provisions of these regulations.
 (2) Certificates of occupancy and compliance shall be applied for coincident with the application for building permit and shall be issued within ten (10) days after the erection or structural alteration of such building shall have been completed in conformity with the provisions of these regulations. A record of all certificates shall be kept on file in the office of the Building Inspector and copies shall be furnished on request to any person having a proprietary or tenancy interest in the building affected.
 (3) No permit for excavation for any building shall be issued before application has been made for a certificate of occupancy and compliance.

KOCH & FOWLER - DALLAS
 CITY PLAN ENGINEERS

Adopted by the City Council of the City of Brownfield, Brownfield, Texas, by Ordinance No. 1201, passed the 28th day of August, 1946.

[Signature]
 City Secretary

OFFICIAL ZONING MAP BROWNFIELD, TEXAS
 SCALE 1" = 100'
 AUGUST, 1946

REQUIRED TO AMEND:

(1) The City Council may from time to time amend, supplement or change by ordinance the boundaries of the districts or the regulations herein established.

(2) Before taking action on any proposed amendment, supplement or change, the City Council shall submit the same to the zoning Commission for its recommendation and report.

(3) Public hearing shall be held by the City Council before adopting any proposed amendment, supplement or change. Notice of such hearing shall be given by publishing the same three (3) times in a newspaper of general circulation, published in the City of Brownfield, stating the time and place of such hearing, which shall not be earlier than fifteen (15) days from the first date of such publication.

(4) Unless such proposed amendment, supplement or change has been approved by the Zoning Commission or if a protest against such amendment, supplement or change has been filed with the City Secretary, duly signed and acknowledged by the owners of twenty (20%) per cent or more either of the area of the lots included in such proposed change or those immediately adjacent in the rear thereof extending two hundred (200) feet therefrom, or of those directly opposite thereto extending two hundred (200) feet from the street frontage of such opposite lots, such amendment shall not become effective except by a unanimous vote of the City Council.

SECTION SEVEN: ALTERING, CHANGING OR DEFACTING:

- (5) The height of buildings in the "H" District shall not exceed 150 feet, and the height of buildings in the "K", "J", "L" and "M" Districts shall not exceed 125 feet, but above the height permitted at the yard lines four (4) feet may be added to the height of the building or portion thereof if set back from the required yard lines; provided, however, that the cubical content of such building shall not exceed the cubical content of a prism having a base equal to the area of the lot and a height of 150 feet and 125 feet, respectively.
- (6) In the "H" District a tower may be constructed without reference to the above limitations, provided the largest horizontal dimensions of any side of the tower shall not exceed 60 feet and provided the horizontal area shall not exceed 25 per cent of the area of the lot, and provided such tower shall be removed at least 25 feet from all lot lines and at least 50 feet from any other tower.
- (7) Chimneys, water towers, pent houses, scenery lofts, sugar refineries, monuments, cupolas, domes, spires, stamperies, false mansards, parapet walls, similar structures and necessary mechanical appurtenances may be erected as to their height in accordance with existing or hereafter adopted ordinances of the City.
- (8) On through lots 150 feet or less in depth, the height of a building may be measured from the curb level on either street. On through lots more than 150 feet in depth, the height regulation and basis of height measurement for the street permitting the greater height shall apply to a depth of not more than 100 feet from that street.

SECTION EIGHTEEN: FRONT YARDS:

- (1) In the "A" Districts there shall be a front yard having a depth of not less than 30 feet from the property line to the front line of the building, covered porch of covered terrace or attached accessory building.
- (2) In the "B", "C", "D", "F" Districts there shall be a front yard having a depth of not less than 25 feet from the property line to the front line of the building, covered porch of covered terrace or attached accessory building.
- (3) In the "E", "G" and "J" Districts there shall be a front yard having a depth of not less than 15 feet from the property line to the front line of the building, covered porch, covered terrace or attached accessory building.
- (4) In the "K", "L", "M", and "H" District no front yard is required unless building is erected or structurally altered for dwelling purposes, in which event, a front yard of not less than 15 feet in depth is required.
- (5) Where the frontage on one side of a street between two intersecting streets is zoned for two classes of districts, the set-back on the most restricted district shall apply to the entire block.

SECTION NINETEEN: REAR YARDS:

- (1) In all districts where buildings are erected or structurally

altered for dwelling purposes there shall be a rear yard having a depth of not less than 20 per cent of the depth of the lot, provided such rear yards need not exceed 25 feet.

- (2) In the "F" and "G" Districts there shall be a rear yard having a depth of not less than 20 per cent of the depth of the lot, provided such rear yard need not exceed 25 feet.
- (3) In the "H", "J", "K", "L" and "M" Districts, when property is not used for dwelling purposes, and when not abutting on the rear of a Dwelling District, no rear yard is required. If abutting on the rear on a Dwelling District, "A", "B", "C", "D" or "E" then a rear yard of at least ten (10) feet is required.
- (4) In computing the required depth of a rear yard for any building where such yard abuts an alley, the depth of the lot may be considered to the center of the alley, and the required depth of rear yard measured from the center to said alley.
- (5) An accessory building not exceeding one story in height may occupy not more than 60 per cent of a minimum required rear yard.
- (6) An accessory building exceeding one story in height may occupy not more than 40 per cent of a minimum required rear yard.

SECTION TWENTY: SIDE YARDS:

- (1) In Districts "A", "B", "C", "D", "E" and in all other districts where a building is erected or structurally altered for dwelling purposes, there shall be two side yards, one on each side of the building, having a combined width of not less than 20 per cent of the width of the lot, provided that in no case shall either side yard be less than five feet, and provided further that the combined widths of the two side yards need not exceed twelve (12) feet.
- (2) In the "D" District and in other districts where a building is erected or structurally altered for dwelling purposes for buildings more than three stories in height, but not exceeding eight (8) stories in height, each of the two side yards shall be increased one foot in width for each additional story above the third. For buildings more than eight stories, or 100 feet in height, there shall be an additional set-back as provided in the height regulations above.
- (3) In the "F", "G", "H", "J", "K", "L" and "M" Districts if the property is not used for dwelling purposes no side yards are required, unless a lot abuts upon the side of a lot zoned for dwelling purposes; where a lot abuts upon the side of a lot zoned for dwelling purposes, there shall be a side yard of not less than five (5) feet. In other cases a side yard, if provided for a business or industrial building, shall be not less than four (4) feet.
- (4) For the purpose of side yard regulations, two or more detached one or two-family dwellings shall be considered as one building when occupying one lot, provided, however, there shall be a minimum of ten (10) feet between the sides of the building on the same lot.
- (5) In the case of group houses or court apartment, when buildings rear upon the side yard, the width of the side yard shall be increased by one foot for each building or apartment abutting thereon. If any stairway open on to or are served by such side yard, the minimum width of such side yard shall be ten (10) feet.
- (6) The width of a place or court shall not be less than forty (40) feet measured between buildings or from buildings to the opposite property line, provided that open or unenclosed porches may projects into the required place or court not more than 20 percent of the width of such a place or court.
- (7) All other requirements including front, side and rear yards shall be complied with in accordance with the district in which such group houses or court apartments are located.
- (8) Every part of a required yard or court shall be open from its lowest point to the sky unobstructed except for the ordinary projections of sills, belt courses, cornices, etc., provided, however, the above projections shall not extend into a court more than twenty-four (24) inches nor into a minimum side yard more than twenty-four (24) inches.
- (9) The side and front yard requirements for dwellings shall be waived where dwellings are erected above stores or shops.
- (10) On corner lots the side yard regulations shall be the same as for interior except in the case of side street or reversed frontage (where the corner lot faces an intersecting street) in which case there shall also be a side yard on the street side equal to the front yard on the lots in the rear. No accessory building on said corner lot shall project beyond the front line on the lots in the rear. This regulation shall not be so interpreted as to reduce the buildable width of a corner lot facing and intersecting street, and of record at the time of passage of this ordinance to less than twenty-eight (28) feet, nor to prohibit the erection of an accessory building where the regulation can not be reasonably be complied with.

SECTION TWENTY-ONE: LOT AREA:

- (1) In the "A" Districts the minimum area of the lot shall be 6,000 square feet.
- (2) In the "B" District the minimum area of the lot shall be 5,000 square feet for one-family dwelling or 6,000 square feet for a two family dwelling.
- (3) In the "C", "D", "E", "F", "G", "H", "J", "K", "L", and "M" Districts the minimum area of the lot shall be 4,000

square feet for one family dwelling; 5,000 square feet for a two-family dwelling; and for apartment houses or buildings arranged or designed for more than two families the minimum area shall be 5,000 square feet plus 600 square feet for each family in excess of two.

- (4) In the "C", "D", "F", "G", and "H" Districts the minimum area of the lot shall be 5,000 square feet for a one-family dwelling; 6,000 square feet for a two-family dwelling; and for apartment house or building arranged or designed for more than two families the minimum lot area shall be 6,000 square feet plus 600 square feet for each family in excess of two.
- (5) On any lot held under separate distinct ownership from adjoining lots at the same time of the passage of this ordinance, such separately owned property being of record at the time, a single-family dwelling may be erected even though the lot be of less area than required by the regulations relating to area in the district in which it is located; provided, however, that in any event the combined area of the dwelling and accessory building shall not cover more than forty (40) per cent of the total area of the lot.
- (6) Not lot area shall be so reduced or diminished that the yards or other open spaces shall be smaller than prescribed by this ordinance, nor shall the density of population be increased in any manner except in conformity with the area regulations herein established. Side yard areas used to comply with minimum requirements of this ordinance for a building shall not be included as a part of the required areas of any other building.

SECTION TWENTY - TWO: SPECIAL AREA REGULATIONS:

- (1) On any lot on which a front yard is required by this ordinance, no wall, fence or other structure shall be erected and no hedge, tree shrub or other growth or structure of any kind shall be maintained in such location within such required front yard so as to obstruct the view.
- (2) Any fence, wall, hedge, shrubbery, etc., higher than a base line extending from a point 2 1/2 feet above walk grade to a point 4 1/2 feet above walk grade at the depth of front yard required is hereby declared to be an obstruction to the view, except single trees, having single trunks which are pruned to a height of seven feet above walk grade.

SECTION TWENTY - THREE: CERTIFICATE OF OCCUPANCY AND COMPLIANCE:

- (1) No building hereafter erected or structurally altered shall be erected, occupied or changed in use until a certificate of occupancy and compliance shall have been issued by the building inspector stating that the building or premises proposed with the building laws and the provisions of these regulations.
- (2) Certificates of occupancy and compliance shall be applied for coincident with the application for building permit and shall be issued within ten (10) days after the erection or structural alteration of such building shall have been completed in conformity with the provisions of these regulations. A record of all certificates shall be kept on file in the office of the Building Inspector and copies shall be furnished on request to any person having a property or tenancy interest in the building affected.
- (3) No permit for excavation for any building shall be issued before application has been made for a certificate of occupancy and compliance.

SECTION TWENTY - FOUR: NON-CONFORMING USES:

- (1) Any use of property existing in the same of the passage of this ordinance that does not conform to the regulations prescribed in the preceding sections of this ordinance shall be deemed a non-conforming use.
- (2) The lawful use of land existing at the time of the passage of this ordinance, although such does not conform to the provision hereof, may be continued; but if such non-conforming use is discontinued, any future use of said premises shall be in conformity with the provisions of this ordinance.
- (3) If a building occupied by a non-conforming use is destroyed by fire or the elements it may not be reconstructed or rebuilt except to conform with the provisions of this ordinance.
- (4) On corner lots the side yard regulations shall be the same as for interior except in the case of side street or reversed frontage (where the corner lot faces an intersecting street) in which case there shall also be a side yard on the street side equal to the front yard on the lots in the rear. No accessory building on said corner lot shall project beyond the front line on the lots in the rear. This regulation shall not be so interpreted as to reduce the buildable width of a corner lot facing and intersecting street, and of record at the time of passage of this ordinance to less than twenty-eight (28) feet, nor to prohibit the erection of an accessory building where the regulation can not be reasonably be complied with.

SECTION TWENTY-ONE: LOT AREA:

- (1) In the "A" Districts the minimum area of the lot shall be 6,000 square feet.
- (2) In the "B" District the minimum area of the lot shall be 5,000 square feet for one-family dwelling or 6,000 square feet for a two family dwelling.
- (3) In the "C", "D", "E", "F", "G", "H", "J", "K", "L", and "M" Districts the minimum area of the lot shall be 4,000

per cent of its reasonable value by fire, explosion or other casualty, or act of God, or a public enemy, nor the continued occupancy or use of such building, or part thereof, which existed at the time of such partial destruction.

SECTION TWENTY - FIVE: ZONING MAP DESIGNATIONS:

- (1) When definite distances in feet are not shown on the zoning map the district boundaries on the zoning map are intended to be along existing street, alley or property lines or extensions of or from the same. When the location of a district boundary line is not otherwise determined, it shall be determined by the scale of the map measured from a given line.
- (2) Where the street layout actually on the ground varies from the street layout as shown on the zoning map, the Board of Adjustment may apply the designations shown on the mapped streets in such a way as to carry out the intent and purpose of the plan for the particular area in question.

SECTION TWENTY-SIX: BOARD OF ADJUSTMENT:

(a) There is hereby created a Board of Adjustment consisting of five (5) members, each to be appointed by the Mayor subject to approval by a majority of the City Council for a term of two years and removable for cause by the appointing authority. Vacancies shall be filled by the appointment by the original appointing authority of a suitable person to serve out the unexpired term of any member whose place on the Board has become vacant for any cause.

The Board is hereby vested with power and authority, in appropriate cases and subject to appropriate conditions and safeguards to make such exemptions to the terms of this ordinance in harmony with its general purpose and intent and in accordance with general or special rules therein contained for the purpose of rendering full justice and equity to the general public.

The Board may adopt rules to govern its proceedings provided, however, that such rules are not inconsistent with this ordinance. Meetings of the Board shall be held at the call of the chairman and at such other times as the Board may determine. The chairman, or in his absence, the acting chairman, may administer oath and compel the attendance of witnesses. All meetings of the Board shall be open to the public. The Board shall keep minutes of its proceedings, showing the vote of each member upon each question, or if absent or failing to vote, indicate such fact, and shall keep records of its examinations and other official actions, all of which shall be immediately filed in the office of the Board and shall be a public record.

(b) Appeals to the Board of Adjustment can be taken by any person aggrieved or by any officer, department, board or department of the municipality affected by any decision of the administrative officer. Such appeal shall be taken within fifteen (15) days' time after the decision has been rendered by the administrative officer, by filing with the officer from whom the appeal is taken and with the Board of Adjustment, a notice of appeal specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the Board all the papers constituting the record upon which the action appealed from was taken.

An appeal shall stay all proceedings of the action appealed from, unless the officer from whom the appeal is taken certifies to the Board of Adjustment, after the notice of appeal shall have been filed with him that the reason of fact stated in the certificate, a stay would, in his opinion, cause imminent peril to life or property. In such case, proceedings shall not be stayed, otherwise, than by a restraining order which may be granted by the Board of Adjustment or by a court of record on application on notice to the officer from whom the appeal is taken and on due cause shown.

The Board of Adjustment shall fix a reasonable time for the hearing of an appeal, give the public notice thereof, as well as due notice to the parties in interest and decide the same within a reasonable time. Upon the hearing any party may appear in person or by attorney or by agent.

(c) The Board of Adjustment shall have the following powers:

- (1) To hear and decide appeals where it is alleged there is error in any order, requirement, decision, or determination made by an administrative official in the enforcement of this ordinance.
- (2) To hear and decide special exceptions to the terms of the ordinance upon which the Board is required to pass under this ordinance.
- (3) To authorize upon appeal in special cases, such variances from the terms of the ordinance as will not be contrary to the public interest, where, owing to special conditions, the literal enforcement of the provisions of the ordinance will result in unnecessary hardship, and so that the spirit of this ordinance shall be observed and substantial justice done.
- (4) In exercising its powers the Board may, in conformity with the provisions of Articles 1011-A and 1012 of the Texas Civil Statutes of Texas, revise or reform, wholly or partly, or may modify the order, requirement, decision, or determination appealed from and make such order, requirement, decision or determination as ought to be made and shall have all the powers of the officer from whom the appeal is taken.

(e) The concurring vote of four

(4) members of the Board shall be necessary to revise any order, requirement, decision or determination of any such administrative official, or to decide in favor of the application on any matter upon which it is required to pass under this ordinance or to affect any variance in said ordinance.

(f) Any person or persons, jointly or severally, aggrieved by any decision of the Board of Adjustment or any taxpayer or any officer, department, or Board of the Municipality may be present to a court of record a petition, duly certified, setting forth that such decision is illegal, in whole or in part, specifying the grounds of the illegality. Such petition shall be presented to the court within ten (10) days after the filing of the decision in the Office of the Board and not thereafter.

SECTION TWENTY - SEVEN: COMPLETION OF EXISTING BUILDINGS:

Nothing herein contained shall require any change in the plans, construction or designated use of a building actually under construction at the time of the passage of this ordinance and which entire building shall be complete within six (6) months from the date of the passage of this ordinance. If any amendment to this ordinance is hereafter adopted changing the boundaries of districts, the provisions of this ordinance with regard to buildings, or premises existing or buildings under construction or building permits issued at the time of the passage of this ordinance, shall apply to buildings or premises existing or building under construction or building permits issued in the area affected by such amendment at the time of the passage of such amendment.

SECTION - TWENTY - EIGHT:

DEFINITIONS:

The following shall apply in the interpretation and enforcement of this ordinance, to wit:

(1) Words used in the present tense include the future; words in the singular number include the plural number; the words in the plural number include the singular number; the word "building" includes the word "structure"; the word "lot" includes the word "plot"; the word "shall" is mandatory and not discretionary.

(2) **ACCESSORY BUILDING:** A subordinate use or building customarily incident to and located on the lot occupied by the main use or building.

(3) **ALLEY:** A way which extends only secondary means of access to abutting property.

(4) **APARTMENT:** A room or suite of rooms in an apartment house or tenement arranged, designed or occupied as the residence of a single family, individual, or group of individuals.

(5) **APARTMENT HOUSE:** A building or portion thereof arranged, designed or occupied by three (3) or more families living independently of each other.

(6) **BEER PARLOR:** A place where beer and light wines or either of them are sold for consumption on the premises, and the majority of the gross business done is from the sale of beer and light wines or either of them.

(7) **BOARDING HOUSE:** A building other than a hotel where lodging and meals for five (5) or more persons are served for compensation.

(8) **COURTS, TOURIST:** A building or group of buildings designed, arranged or used for temporary occupancy having accommodations for housing or parking automobile in close proximity to the quarters occupied by the owner of such automobile and providing for three (3) or more of such quarters.

(9) **COURTS, TRAILER:** An area designed and used for the temporary occupation by automobile trailer or tent quarters and providing for one (1) or more of such quarters.

(10) **CUSTOMARY HOME OC-**

CUPATIONS: Occupations ordinarily carried on in a home that are not detrimental or injurious to adjoining property. These may include serving meals or renting rooms to not more than five (5) persons not members of the household, dressmaking, millinery, washing and ironing. Customary home occupations shall not include barber shops, beauty shops, carpenters shops, electricians shops, plumbers shops, radio shops, tinners shops, transfer or moving van offices, auto repairing, auto painting, furniture repairing or sign painting.

(11) **DEPTH OF REAR YARD:** The mean horizontal distance between the rear line of a building other than an accessory building and the center line of the alley where an alley exists, otherwise the rear lot line.

(12) **DEPTH OF LOT:** The mean horizontal distance between the front and rear lot lines.

(13) **DISTRICT:** A section of the City for which the regulations governing the area, height and use of buildings are uniform.

(14) **DWELLING MULTIPLE:** A building used or designed as a residence for three (3) or more families or households living independently of each other.

(15) **DWELLINGS, GROUP HOUSES:** Detached or semi-detached dwellings built one (1) lot, usually in opposing rows separated by a walkway or court.

(16) **DWELLING, ONE-FAMILY:** A detached building having accommodations for and occupied by only one family.

(17) **DWELLING, TWO-FAMILY:** A detached building for separate accommodations for and occupied as, or to be occupied as, a dwelling for only two families.

(18) **FAMILY:** A family is any number of individuals living together as a single housekeeping unit; as distinguished from a group occupying a boarding house, a lodging house or both, or hotel as herein defined.

(19) **FRONT YARD:** An open, unoccupied space on the same lot with a building, between the building and the street extending across the front of the lot.

(20) **GROSS FLOOR AREA:** The gross floor area of an apartment house shall be measured by taking outside dimensions of the apartment building at each floor excluding, however, the floor area of basements or attics when not occupied as living quarters.

(21) **GARAGE, PRIVATE:** A garage with capacity for not more than five (5) motor driven vehicles for storage only and for private use.

(22) **GARAGE, PUBLIC:** Any premises not a private garage, as defined above, used for housing of more than three (3) motor driven vehicles or where any such vehicles are repaired for operation, or kept for remuneration, hire or sale.

(23) **GARAGE, STORAGE:** Any premises, except those defined as a private or public garage, used exclusively for the storage of automobiles.

(24) **HEIGHT:** The height of a building or portion of a building shall be measured from the average established grade at the street lot line or from the average natural ground level, if higher, or if not street grade has been established to the highest point of the roof's surface if a flat surface; to the deck line of mansard roofs; and to the mean height level between eaves and ridge for hip or gable roofs. In measuring the height of a building the following structure shall be excluded: Chimneys, cooling towers, radio towers, ornamental cupolas, domes, or spires, elevator bulk heads, pent houses, tanks, water towers, and parapet walls not exceeding four (4) feet in height.

(25) **HOTEL:** A building occupied as the more or less temporary abiding place of individuals who are lodged with or without meals, in which as a rule the rooms are occupied for hire, and no provisions are not made for cooking in any individual apartment, and in which there are more than twelve (12) sleeping rooms, a public dining room for the accommodations of more than twelve (12) guests, and a general kitchen.

(26) **INSTITUTION:** A building occupied by a non-profit corporation or a non-profit establishment for public use.

(27) **LODGING HOUSE:** A building other than a hotel where lodging for five (5) or more persons is provided for compensation.

(28) **LOT:** Land occupied or to be occupied by a building and its accessory buildings, and including such open spaces as are required under this ordinance, and having its principal frontage upon a public street or officially approved place.

(a) Interior—is a lot other than a corner lot.

(b) Through — a lot having frontage on two (2) parallel or approximately parallel streets.

(c) Fractional—a portion of a lot that has been cut off of a corner lot, having the side line of an adjacent lot as its rear line and the rear line of the remainder of the corner lot as a side line.

(d) Front line—the line of an interior lot which is adjacent to the street. On corner lots it is the prolongation of the front lot line adjacent interior lots as originally plotted.

(29) **LOT LINES:** The lines bounding a lot as defined herein.

(30) **LOT, CORNER:** A lot situated at the junction of two or more streets and having a width not greater than 100 feet.

(31) **NON-CONFORMING USES:** A building, or premises occupied by a use that does not conform to the regulations of the use in the district in which it is situated.

Hirohito's White Horse To Be In Legion Parade

San Francisco, Cal. — Hirohito's famous white horse will be in the big victory parade of the 28th national convention of The American Legion here, October 1.

The 18-year-old stallion, named Hatsushimo, will be brought here for the grand American Legion procession by Richard Ryan of Oceanside, Calif., present owner of the horse. Ryan had an extraordinary experience in acquiring ownership of "Hatsushimo" in Tokyo while serving as a 1st lieutenant with the 1st U. S. Cavalry there. The horse was brought to America recently by Ryan on the transport Golden Eagle.

Ryan has an imposing list of authenticating credentials testifying that Hatsushimo is straight from the Emperor's Tokyo stables and had been the Mikado's favorite ceremonial steed.

Don King On Nursery Executive Committee

At the recent meeting of the Texas Association of Nurserymen held in Dallas, Don King was elected to the executive committee of the association.

Don is a local boy, graduate of Brownfield High School and Texas Tech. He has had several years with the Soil Conservation Service before entering the Army Air Forces. Upon his release he entered the nursery business as a partner with his dad and brother.

Don is located at Lubbock and is operating the Lubbock branch of the King nurseries.

Mr. and Mrs. S. H. Holgate and Mrs. W. W. Price spent the weekend visiting Mr. and Mrs. Reuben Looney, of Odessa.

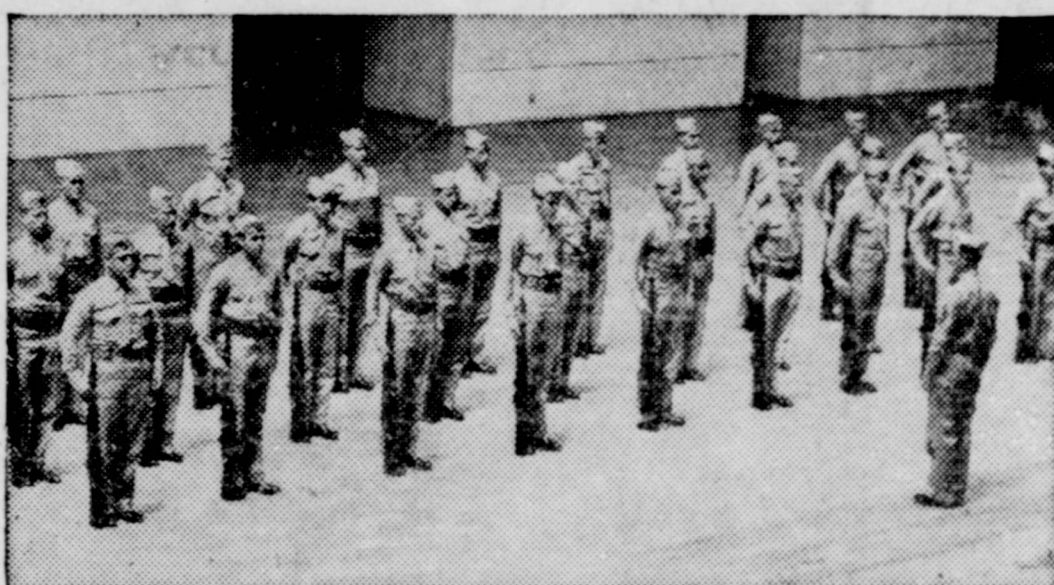

How Many Women Does OPA Policy Represent Today?

The regard OPA has for facts is typified somewhat by the Caroline Ware testimony before the Senate Banking and Currency Committee. In an effort to impress the Senate Committee, Caroline Ware stated that she represented 10 million American women and listed the PTA and YWCA as among the organizations for which she was speaking.

Since then the National President of the PTA and the President of the YWCA have both publicly stated that they did not know Caroline Ware, did not know where she had received her authority, and also stated that she did not represent those organizations.

Upon investigation, it developed that Caroline Ware was Chairman of the Consumers' Research Committee of the OPA and was still on the Government payroll.—Retail Lumber Dealers Ass'n.

Marine Reserve Units Organize

Standing stiffly at attention before going through a snappy close order drill, these Marines illustrate graphically a phase of the training battalions of the Organized Marine Corps Reserve receive in the present reserve training program. Battalions of the Organized Marine Corps Reserve are in the process of being organized in most of the principal cities of the U. S.

Government Spending And Your Dollar

Of all the issues which will face the next Congress, none will be more important than that of a balanced budget. Continued deficit spending, with the war over and the country undergoing a boom period, is the greatest threat to the value of the dollar, the savings of the people, and the future stability of the nation.

In depression times, the advocates of free spending enthusiastically backed the John Maynard Keynes theory, which, to put it simply, that is the government must go in the red and prime the pump when conditions are bad. Now the same group seems to have forgotten the logical development of that theory—which is that in good times government must retrench, spend less than it receives, and build up some economic fat for lean years to come.

A sound fiscal policy now must be an orderly program for reducing and eventually liquidating the public debt. Third, when sufficient progress has been made along the first two phases, taxes on industry and individuals must be gradually reduced.

This is a long-term program. Its results will only be apparent over decades. But it must be the backbone of any fiscal policy which will spare us from government-induced inflation, the destruction of insurance values, the collapse of the currency, and the kind of general economic collapse we are witnessing in Central Europe, China and elsewhere.—Big Spring News.

WELLMAN HD CLUB NEWS

Attention to club members who were absent from the meeting held at the home of Mrs. Clyde Heafner's, Friday, Sept. 6. You missed a lot of interesting things, as well as helpful. Let's all make efforts to go next time.

House was called to order in the usual way, president being in charge, until the electing of officers for another year. Those elected were as follows: President, Mrs. Clyde Heafner; Vice-President, Mrs. Roy Moore; Sec. and Treas., Mrs. Gibbs Phillips; Reporter, Mrs. J. D. Roberts; Council Delegate, Mrs. Sewell Dean.

Mrs. Roy Moore had charge of the program. A display of handiwork made by different members was shown. These were all real nice.

The club voted to send a representative to the Recreation School at Plainview the last week in September.

Our next meeting will be the 3rd Friday in Sept. at the school cafeteria. Let's all go, will you? —Reporter
