

GORE - TARPLEY 44-UNIT HOUSING ADDITION IS NOW ASSURED CITY

Chad Tarpley, sales manager for the Crede Gore-Tarpley new 44 unit addition to Brownfield, called a reporter in this week and stated that all the red tape part of the addition had been cut, and they had been given the green light. In about two weeks, Mr. Tarpley says he expects the sound of the saw and hammer to start on this large residential addition to our city.

The new addition will be located on the four blocks presently occupied by the Gore slaughter pens. The latter is to be moved down the Seagraves highway, two miles southwest of town. This high, well drained area of land will be ideal for a residential section. It will be restricted by having to comply with FHA building code, and the fact that no old houses can be moved in for remodeling. All houses must be strictly of new construction.

Each home will be on a lot 75 x 135 feet, which is ideal in size, being plenty room for grass, shrubs and flowers, and at the same time not too unwieldy for care by busy owners to keep these things green and growing. The buyer can have a choice on model, arrangement, etc., but each unit must have as much as 800 feet of floor space. There is no limit in the amount above that figure.

The addition will be an extension of east Cardwell and Buckley streets. The north-south streets will be D and Bell and one yet unnamed. Local contractors are expected to be used in the construction of this new addition to Brownfield.

Mr. Tarpley informed us that some more than half the homes have already been contracted, and they are going fast. Better call on him today if interested.

Arch Fowler, Tom May and L. O. Lewis left Wednesday for a fishing trip on the Rio Grande river.

HAVE YOU NOTICED THE TREMENDOUS INCREASE IN BROWNFIELD TRAFFIC ?

It there was no more evidence that our city is growing than the pickup in traffic, that would suffice. Frankly, we had noted this for the past few months, but had kept it under our hat until others began to make remarks about the matter. This week we had Tobe Helm take a dirt out of a car door that a man from Houston put in there by carelessly backing into our curbed car. The paint was not dry when we decided to go home in the late afternoon, so Tobe took us in his car.

We had to go by the post office, then back around on Main street in the 400 block, then down Fifth to Broadway and home. Everytime we had to stop on entering another street for a line of cars to go by. This started our conversation. Tobe has spent his adult working on and with cars, and he knows them like a book, and he gets around enough to note an increase or decrease in traffic.

It has not been but a little time since leaving Fifth to enter Hill

Brownfield Methodists Host District Parley

The Brownfield Methodists are to be hosts for the Lubbock District Conference for a one day session on Friday, Feb. 28. This Conference will probably have more than 200 visitors composed of pastors, stewards, Sunday school and Young People's, workers and Young People, and Women's Society and Guild delegates. Several leaders of the North West Texas Conference will be on the program. There is to be a sermon at 11 or 11:30 o'clock and a layman's address later in the day. The public is invited to attend all these services.

At noon the local church and friends are to furnish the visitors with a basket dinner and serve and share this congenial fellowship. The stewards are to act as hosts and serve as a general arrangement committee. Dr. J. O. Haymes of Lubbock will preside over the days deliberations and services and receive reports from all the churches of the district.

Tokio To Have Community Center

Lee O. Allen, Mayor of Tokio, announced this week, that that populous and enterprising section was waking up to the need of a meeting place. They are converting the old school building, which was abandoned when consolidation took over, into an auditorium. They have had two workings by the citizens, are to have more soon, removed petitions, have 150 seats and more coming and before summer hope to have ample place for all kinds of gatherings.

Consolidating so many school districts in to one central one might have been best for the schools, but it kind of cramped the community spirit, but Wellman and Tokio, are coming up again.

School Board Orders Election

Local Car Theft Suspect Caught

Sheriff Ocie Murry left Wednesday for Angleton, near Houston to return one O. Edward Jones here, where he is being charged with theft of an automobile from the streets, December 16. The car belonged to a Lubbock party who was visiting here at the time.

Murry was told by Angleton officers that another man and wife were implicated in the theft, but they had too much other charges against them, to surrender them.

Another car stolen here last week, was found two days later abandoned at Ropes, but no arrest has been made, Sheriff Murry said.

New Bus Line Is Granted A Permit

The Herald learns that Texas, New Mexico-Oklahoma bus lines have been granted the new route as of Jan. 15, to operate buses daily between Lamesa and Hereford, Texas, passing through Brownfield, Levelland and Littlefield.

However TNMO did not want to start operation until they are able to put new buses on the run, and were granted 60 days delay for that reason. It is believed that operation will start March 15.

This will give local travelers easier access at Lamesa to such points as Big Spring, San Angelo and San Antonio. At Hereford there will be connections toward Amarillo and west to north New Mexico points.

On the other hand, at Brownfield, they will not only have connections to the east, but to El Paso, Carlsbad and the Pacific Coast.

City Changes Names Of Streets

The City Council at its last meeting changed the names of many of the streets, in addition to the town plat. The changes, however, are by extending the names of the old town and oldest additions on through the newer additions. Also the numbers of streets likewise.

This is done to make the streets all uniform, so that numbering houses will be consecutive. Many house numbers in the long blocks in east part of town will be changed. A new directory is in process of being made, which also prompts these changes.

Ex-Sheriff Joe Price Opening Ranch

After three terms as our county sheriff, Joe Price is opening a small ranch near Lovington, N. M., where he will make his future home. Mrs. Price and the two children, Gerald and Jo Ann, will remain here until school is out, as "Little Joe graduates this year. Well, he isn't so little after all, as he weighs over 200.

As stated above, Joe Price served six years, most of one term in uniform of the U.S.A., at Ft. Sill, Okla. Joe at least made an average good sheriff according to general opinion, and pleased most people. It is hard as heck to please all, and all of us wish him well. The family is not so far away but we'll see much of them.

Joe comes by his ranching easily, as he was almost raised in a saddle. The Herald predicts success for him and his excellent family. We all know this much; Joe never wanted to harm anyone; all of the boys and girls the late T. J. Price and Grandma Price raised are like that. None of them would needlessly harm anything.

Redford And Teague Attend Dodge Meet

Logan Redford & Sam Teague of the Brownfield Motor Co., have returned from a meeting in Lubbock where a member of the Dodge factory executive staff of Detroit outlined advertising, merchandising and training plans for 1947.

The continuing program of training Dodge dealers and salesmen to better qualify them to serve truck users in the selection of the right trucks to meet specific hauling needs was outlined at the meeting.

Suggestions were made on the purchase of new equipment, and dealers were urged to expand present service and parts facilities in those few instances where they are not adequate to accommodate increasing demands.

Dealers were told that the Dodge "Job-Rated" truck line was expanded during 1946 to include 175 basic gross vehicle weight models covering 97 per cent of all hauling and delivery requirements.

A motion picture was shown which depicted how Dodge trucks are job-rated at the factory with all basic units such as engine, clutch, transmission, axles, frame, springs and brakes to fit individual operator's loads over his roads. The movie is to be made available later for showing here to truck owners.

The meeting was one of 101 being conducted throughout the nation to carry the expanded program to the more than 4,000 Dodge dealers.

Tom Adams Wins State Championship

Before a crowd of ten thousand cheering fans in the great Will Rogers coliseum at Fort Worth, Tom Adams, a Brownfield born and raised boy became the 1946 State champion light heavyweight boxer, when he won the final bout in the four day Golden Gloves tournament ending last Tuesday night. He goes to Chicago early next week for the National Bout.

Tommy, the son of Mr. and Mrs. Will Adams, pioneer residents of Brownfield, received honorable mention in the all State Scholastic Football while playing with the Brownfield Cubs, through the 1946 season. A graduate of Brownfield high school, and a freshman in Tech, was State light weight champion in 1946. He is 17 years old, five feet, six inches high, weighs 175 pounds. He was first trained here by Bill Higdon, a local tailor, who with Dell Morgan, coach at Tech, was with him in the final bout.

Bill Henderson of Levelland, also copped the State featherweight championship, thus the two, bringing the only States championship, in this line to West Texas in the past ten years.

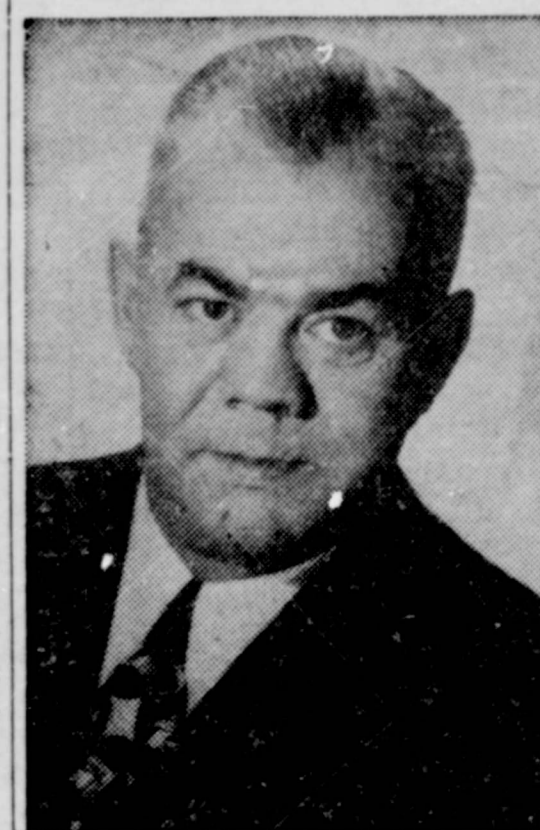

Water Boards Met Here Tuesday

Some fifty members of the Permian Basin and Sewerage municipal boards met here at the Court house last Tuesday night, after they had enjoyed a Chicken dinner at the Wines hotel, by Mayor Jordan and Fire Chief Jones. Delegates attended from a wide area.

With an interesting program and discussions of the various phases of water and sewerage operations, Wayland Merriman, Engineer of Lubbock discussed the new proposition of the high plains water level and surveys, and the effect increased irrigation of farms will have on it. But no action was taken.

These meetings are a monthly affair, and the next is to be held at Odessa in March.

Stowers To Be Initial Speaker At Rotary Institute

Harvey Stowers

First speaker of a series of four will be Mr. Harvey Stowers of Los Angeles, California, air minded representative of Rotary Institute of International Understanding. Air industry publicist. Public relations executive with the Aircraft Industries association. Formerly executive-assistant to vice-president of Lockheed Aircraft Corporation. Prior to his service in the air industry, was sales executive for the Studebaker Corporation. Widely known as outstanding management consultant, having assisted many of the country's leading manufacturers in developing their public relations activities. Author of several leading books in his field of specialty, such as "Responsibilities of Supervision" and "Management Can Be Human."

Mr. Stowers will discuss "Cooperation or Confusion in Ten Mile-a-Minute Travel." The speaker has been received with acclaim in many of our largest cities. His knowledge of the relation between air power and lasting peace is unparalleled.

The first meeting of the Rotary Institute of International Understanding will be held at the Rio Theatre, Wednesday February 26, at 7:30.

Mr. Stowers has such an outstanding background that this city is fortunate to have such a distinguished speaker.

Bargain Center Rearranges Store

Had occasion to barge into the Bargain Center store this week, and while we are just a medium observer, we noted quick a change in the office arrangement.

The office and wrapping department has been moved from near the store center, to the front end, and elevated off the floor about one foot, giving room for better display in the center of the building.

PIONEER YOAKUM WOMAN DIES

Mrs. Clara Cruikshank, who with her husband was one of the early settlers of Plains, owning large land holding there, died at her home in Kirkwood, Mo., Tuesday of last week, where she had lived last few years. Her husband preceded her in death several years ago. They are well known among pioneers of Yoakum county.

One daughter, Mrs. Sam Weaver resides in Lubbock.

Interment was made in a Lubbock cemetery last Saturday with Murphy Luna, and P. G. Stanford of Plains and Earl Cadenhead of Morton among the pall bearers.

Mr. and Mrs. J. W. Lloyd and grand daughter, Margaret Kapple spent the weekend in Plainview. They were guests at the wedding of Miss Nadine Brandes, granddaughter of the Lloyd's and Mr. Jim Jones.

County Officers Pinching Down

County and City officers are keeping the law violaters well posted on the fact, that law and courts are going concerns. Sheriffs force apprehended three local men Monday and filed charges of illegal possession of liquor, in the County Court. On pleas of guilty, Judge Winston assessed a fine of \$400 each against two of them, and \$100 on the third.

Constable Holmes, arrested two men on east main street, Sunday evening and filed charges of drunkenness and disturbing the peace, on claims of citizens, one of them was molesting their houses.

Cit officers also took up one or two drunks. City police are beginning to tighten up on double parking and other traffic violations.

The Justice of the Peace docket shows, State Highway Patrolmen have filed on quite a number of speeders, in the past two months. This is regarded by many as one of the most useless and dangerous violations in the catalogue. It is well known that speeding or fast driving is the indirect, if not direct, cause of ninety per cent of car collisions and wrecks, out on the highways. It is entirely too much dangerous in towns and cities, to be tolerated.

Airport Building Construction Begins

It was announced Wednesday that the large steel girders had arrived and construction would begin early next week on the City County Airport hangar east of town and rushed to completion.

The concrete foundation having been laid months ago.

Boy Scouts Have Annual Banquet

Boy Scouts troops 45, 49 and 74 of Brownfield and No. 93 of Wellman, enjoyed their annual barbecue at the Legion hall last Wednesday night. About 75 parents also attended. The local team staged their famous Indian dances directed by Lajune Lincoln.

There is over 130 scouts here, and with Jim Wright, Johnnie Kendrick and Ralph Bailey, as scout masters here and J. T. Jones and Prof. Phillips of Wellman, directing their troops, are putting the scouts of Terry county to the forefront.

Price Implement Are Remodeling

Was down at Price Implement, corner 7th and Hill, Tuesday and while the old boss, Money, was in Amarillo on business, Buel and Bill Bryan were on hand to show us around. They have been making some radical changes of late.

They have, with stucco and plaster made a real nice building out of an old warehouse that stood just east of the main building. This building will house the repair department of the MM farm machinery, as well as new stuff as received.

The main building will house new Cadillacs and Jeeps, as well as car parts. They had two jeeps on the floor. Bill has been conducting a dance band at Midland, but is home here for the time being.

CITY WILL NOT HAUL OFF BRUSH

Officials of the street department, announce and warn residents who are trimming their trees that the city trucks will not haul off the brush.

They were overloaded last year and it is too great a burden on their men and facilities. Each person trimming trees must dispose of them.

FOR SALE — 6 room modern house. Located in north part of For further information — The Herald Classified Ads.

The Board of Trustees, of the Brownfield Consolidated Independent School District, in a meeting last Saturday ordered an election to be held on March 11th, to determine the issuance of bonds, on said district in sum of \$100,000 to repair and remodel the West Ward school building; to build a shop for wood and metal work for the boys' vocational training and improvements on the Gomez school building, and add a lunch room to the Jessie G. Randal school. If after this sufficient funds are available to add a cafeteria to the remainder of the school system.

At the same election, by separate ballot the voters may authorize the trustees to raise the present \$1.00 tax rate to \$1.50 on the one hundred dollar valuation. This raise is permitted by recent constitutional amendment, provided the voters approve it. The trustees now state, they believe a rate of about \$1.10 will suffice present needs, including support for the bonds, if issued.

The proposed repairs on the 30 year old West Ward building include, general overhaul, new wiring, modern indoor fixtures, a hall and add two class rooms. Also standardize the heating system. They have equipment for the shop but need a building. To add indoor toilets and lunch room at the Gomez school.

Much complaint has come from patrons at the unsafe and unsanitary condition of the West Ward building.

All property tax paying, qualified voters are entitled to vote the election to be held in the County Superintendents office.

Those who desire more detailed information are requested to confer with any member of the Board, Supt. T. A. McCollum or School Attorney, Burton G. Hackney.

A Move To Improve Livestock In Terry

Virgil Burnett, Secretary-Manager of the Terry County Board of Development stated to the Herald this week that he was glad to announce that our new County Agent, L. H. McElroy was cooperating full on an effort to again get the Terry county dairy and feeder herds, as well as swine again up to par. Therefore a meeting was held in the District Courtroom Saturday afternoon.

During the war times, and with two years of extreme drouth with a minimum of feed, many of the better herds have been thinned out, and as a consequence, we stand a mighty good chance of having our herds run down to the "scrub" point unless something is done quickly. With an anticipated comeback in production this year, we need to be on our toes to get the best results from feed produced normally. Four points of approach has been agreed upon as follows.

1. More livestock is needed upon Terry county farms to replace those sold the past two years.

2. If some effort is not made to supply this need, an inferior class of animals will be bought by farmers.

3. Balanced farming, including livestock, has decreased during the past few years, causing a loss of a very important farm income.

4. Cooperative effort by everyone will result in mutual help to all.

FIRE LADDIES ANSWER CALL

Responding to an alarm, Tuesday afternoon, firemen broke into one of the Weldon apartments, and found the kitchen filled with smoke from a neglected pot of beans on the stove. No damage to the furniture or building. The beans were a total loss, but the firemen saved the pot,

International Teamster, house organ of the teamster's union which today simply means truck drivers, has cooled off quite a bit since early last fall when it was threatening to boycott the whole cotton industry of the south, simply for the reason they did not fancy some of the senators and congressmen from the south. Dan Tobin's union is an affiliate of AFL, and should have been more conservative in its expressions. Anyway, the latest edition of Teamster takes quite an open crack at CIO for demanding portal to portal pay, when their contract of two or three years ago, called for nothing of the kind. Could the elections of last fall sobered up some of the union demands?

Members of congress are now getting the heat from back home. The trends of the times are for congress to give the desk boys the air. For the most part, these bureaucrats have become very arrogant, and lack a lot of filling the mission they are supposed to fill. Take the arbitrary bunch that are supposed to give returned service men priority on the purchase of machinery. This is just a joke and a place for the desk boys to draw public money. There is not a darn thing to them—the Herald knows this—it isn't just guessing. And the surplus property setup is just as bad or worse. They have made ex-service men chase all over the country and get nothing. And we heard a prominent business man state just this week that one race of people are able to get what they want from WAA, and them only. He related an incident in Louisiana where one fellow only wanted five out of 100 cars. His bid was more than the buyer belonging to this certain race paid for the whole 100 lot. The Herald knows the regulator of the above personally; he is not given to exaggeration, nor is he anybody's baiter.

The age old question in the south—are you a Democrat—often brings out another question: "What do you mean by Democrat?" There is a whole drove of good people in the south and southwest who will tell you with out batting an eyelash that there has not been a Democrat in the White House since Woodrow Wilson left it in 1921.

Yes, folks, this is brotherhood week, as per the announcement over the radio on the John Mandel program, Monday night, in briefly mentioning the lynching in South Carolina. But the question is, does the bereaved family of the white taxi driver, or the black family of the lynched negro have time with their other sorrows to give the question a thought? And even if they are a little bitter as well as sorrowful, who can deny that they have some rights to be that way. Just as long as murderers walk this earth and devour whom they may, there will be bitterness as well as brotherhood in the world. Our Bible tells us that they who shed innocent blood or live by the sword must suffer. In the days when the Bible was written, there were no firearms, so the sword was used in robbing and murder no less than in wars. As long as hair-trigger tempers kill with little provocation, just that long with other hair-trigger men take the law into their own hands and themselves do murder.

The old age pensioners are to get quite a boost in their pay from the state when the March payment rolls around, according to dispatches from Austin. These old folks have been living on the same check and sometimes less than before the cost of living rose 50 to 100 per cent. We know they will appreciate this small boost

Some Reasons Why Printers Work Late

The following from the Aspermont Star illustrates some of the woes that befall newspaper men. As stated this is caused by people who have done nothing but windjamb the first part of the week, rushing in with a batch of copy on press day.

And to cap it all, most of these guys and geyenas want and demand that their copy be put on the front page. Makes an old over-worked printer feel like tapping them on the head with the front page—it only weighs about 250 pounds—Editor.

The newspaper business is a great game—short hours and high pay.

Right now, as we punch the keys on the last batch of type for this issue of the Star it is 1:30 a. m. Thursday morning, and still a long ways to go. Two more hours and maybe we'll be ready to start the press — two more then, and maybe (if we don't break a hame string or something) we will have them printed, then all we will lack will be the folding, addressing and wrapping, and that's easy. Especially at 5:30 in the morning after you have already put in more than 20 hours on the job—but with good luck we'll have them in the post office by the time they get ready to put them up, and all will be swell. Who cares any thing about sleep any how? That's just an old habit people get into.

But seriously, most people don't appreciate the trouble and long hours the staff of their weekly paper goes to in order to get the paper out in good shape and on time. It is the rule, rather than the exception that most weekly papers work most of the night on Press Night. Why do they do this? Because the first part of the week, the copy does not come in, then the last day it all piles up. Boy, do newspaper people appreciate folks who bring in their copy on Monday. —Aspermont Star.

Plug Nostrils Against Dusters

LUBBOCK, Feb. 13.—It's not comfortable, but a small plug of cotton inserted in each nostril will protect lungs from overdoses of dust and sand during storms, according to Miss Sannie Callan, head of the department of child development at Texas Technological college.

Breathing should always be through the nose, she stated, and the cotton should be loosely twisted to act as a filter.

Small children aren't likely to keep cotton in place, and should be kept in the house during "dusters," she added.

in their checks.

Ever since the election last fall, talk has come from many sources that the newly elected Republican congress could be depended upon to pass some rather drastic labor legislation. But three months after that election, the atmosphere has had time to clear and it is believed that the changes will be far from drastic. The Waggoner Act will be changed some to make the position of the employer on par with his employees. There will be a law possibly to restrain jumped up strikes, especially in essential industries, but outside of that, we do not look for any legislation that will harm either labor or industry.

It would appear that the people of Texas, after being under a strict ceiling for the past five years, when a lot of books and extra trouble had to be gone through for fear an inspector would come in and raise old billy any moment, would not want the same thing fostered on them by manufacturers in other states. But it appears that the people are just going to day dream while the legislature passes the so-called Fair Trades Act, to allow eastern manufacturers to set the selling price on their products. It is said that many independent dealers are lullied with the proposition that it will put them on par with the chains in selling these products. Maybe for awhile, but if the set-up does not suit the chains, there is nothing to hinder them from making the same product and selling it under a trade name. And they'll do just that—watch and see.

Father, Son, Sheriff

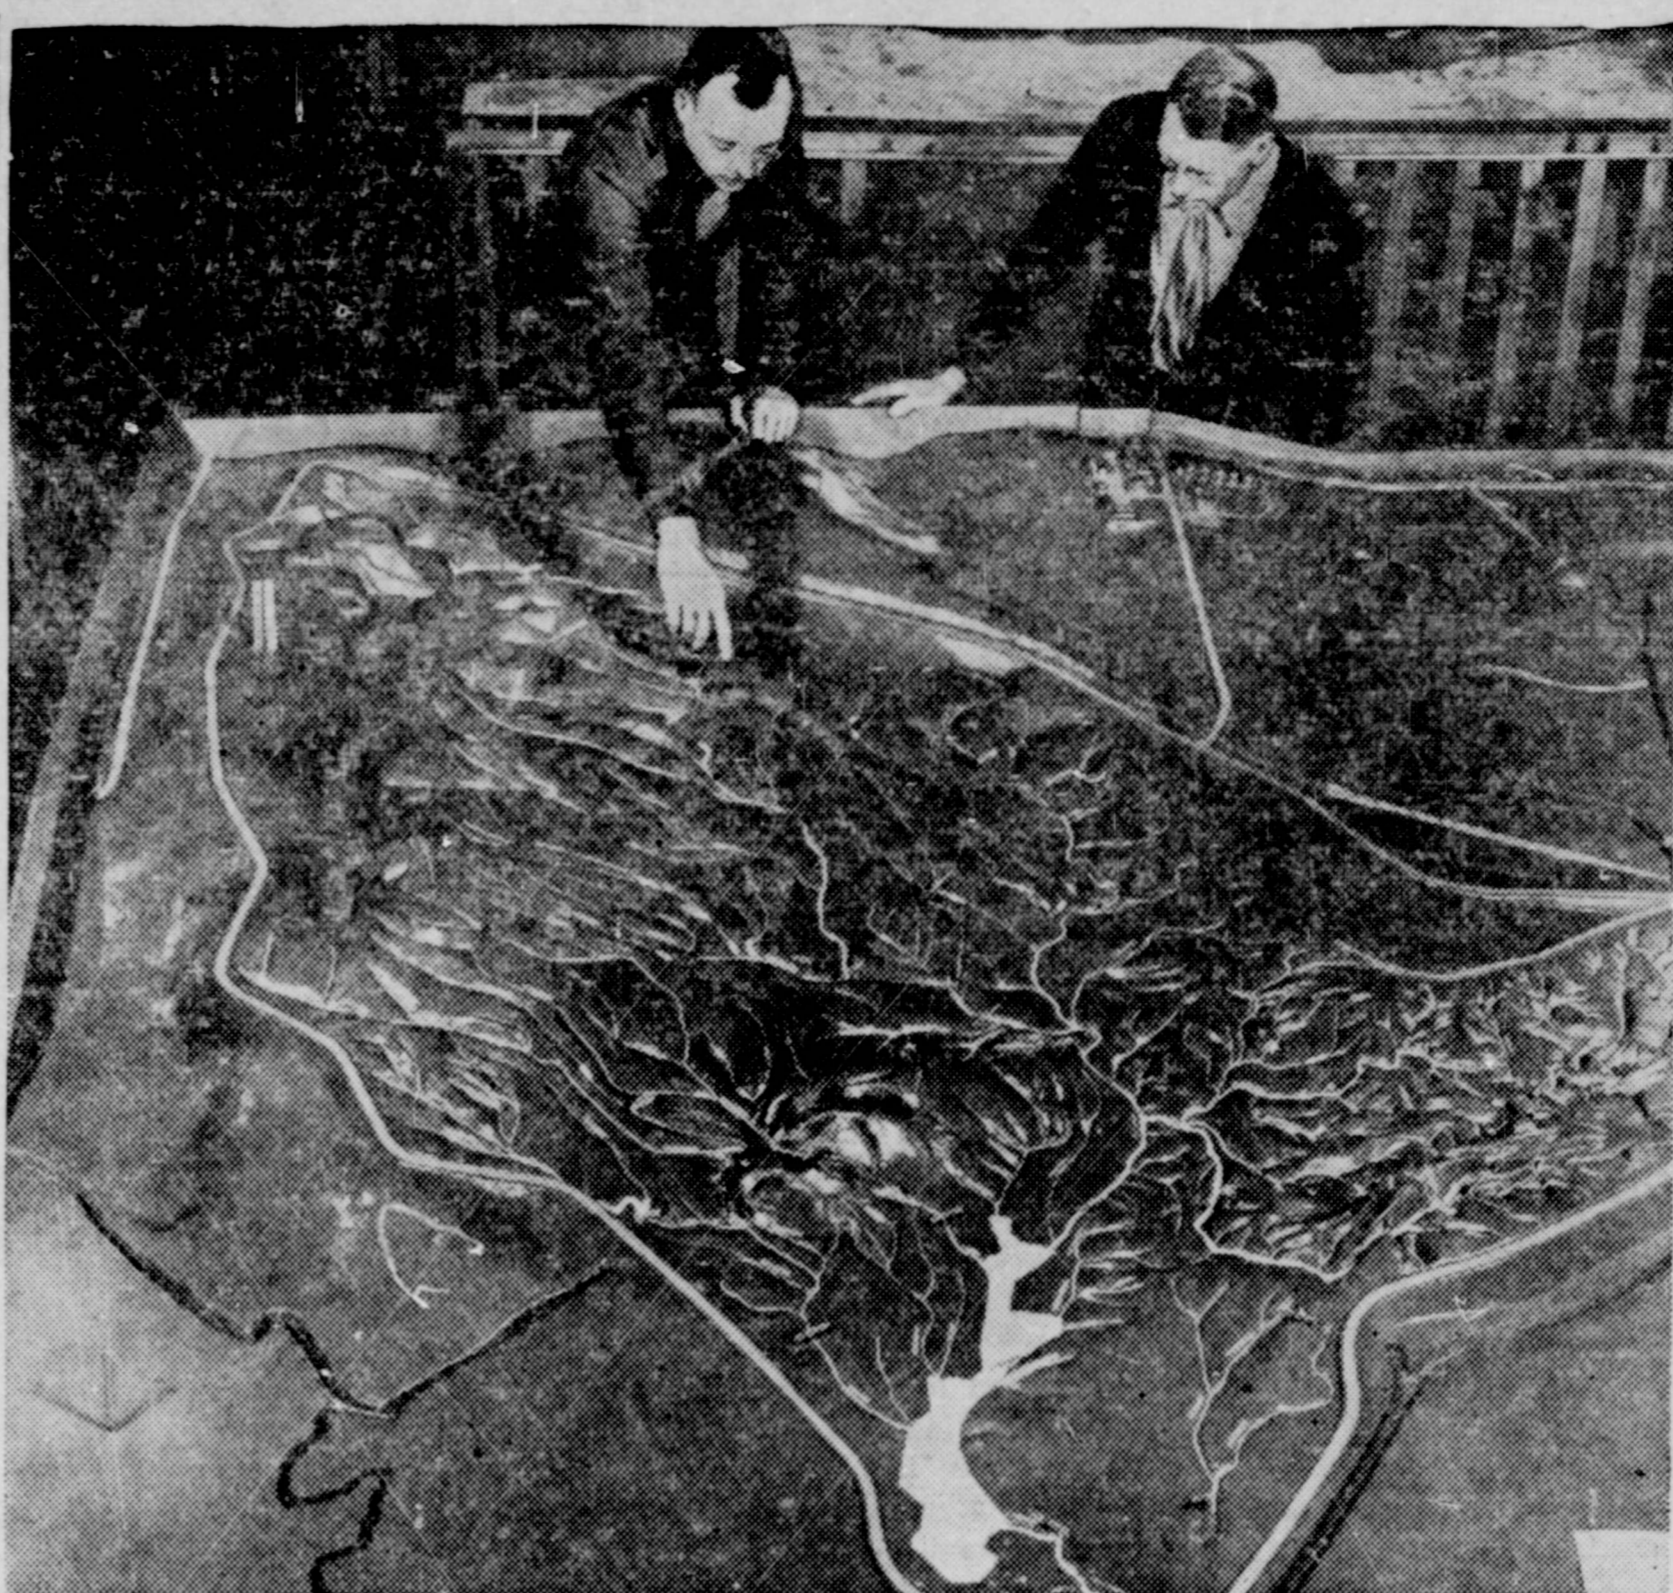

G. W. N.

Irate Father: "Son, what in the world have you done now! Don't you know better than that! I'm surprised and ashamed of you. Next thing the Sheriff will be knocking at our door! Maybe a jail sentence for you. What in the world is the present generation coming to? Juvenile delinquency sweeping the country. There ought to be a law."

The chagrined boy sat still, blankly peering into space, hoping to catch a passing thought. He had natural respect for parental wisdom and authority. Struggling against obstinacy. Conscious of guilt. Yet, way back in his being, he felt that unexplainable something that urge, that faint sense that his youthful energy, must vent itself. Then, wanting for words, to explain his real feeling, meekly asked: "Dad what did you fellows do when you were boys?"

Irate Father: "We never done nothing like this! We never bothered other people,—ah much." Then lapsing into a reminiscent mood, he continued: "When I was a boy we worked all the week. Then go spend Saturday night with each other. A bunch of us would get together, take our hounds and go possum hunting. Build a fire in the dry bottom of a branch, and talk about Indians, or Jesse James, till our dogs, bayed something. It was music to hear those hounds baying, wondering, as we ran to them, what varmit it might be. Usually a pole cat on the ground. What a thrill to see the fight. Then Sundays thru the spring and summer, we spent down on the creek, fishing, or in the old swimming hole. Climb trees, roll rocks down the hill. In the fall and winter, more hunting, tracking coons in the snow, pick up pecans, eat wild grapes and plums, shoot a few squirrels, quails and blackbirds. The girls, oh, they stayed at home, go to a singing on Sunday evening, candy pulling once a week. Yes some of the bigger boys would scrape off a diamond in a glade out in the woods and play ball. Gee, did we have lots of fun.

The boy, with an envious wish, still feeling a gap in existence, braved up and said: "You see, Dad, nature provided you with a play ground, and plenty of outdoor excitement. But what have we got? Brick and concrete, wide open spaces, posted, private, keep out signs. Where is our hills and trees and creeks? Where is our old swimming hole, fishing and hunting and ball grounds. We have to buy and pay for our joys. Some of the boys have money, many don't, of course a few break over, when its, "call the law." What can we do, where can we go. Do you expect us to live a horse and buggy life in a streamlined age. Who has the duty and means to substitute for us, that which nature provided you, but which you have denied to us? You know that old red cow, with a yoke, belonging to Jones' that breaks into our corn field. You shot at her last week, threatened him with court. What kind of a pasture has she

CUTTIN' OL' MAN RIVER DOWN TO SIZE . . . An army and a civilian engineer are looking at the small scale model from which the army is building a colossal model, scaled one foot for every 2,000 feet, of the great Mississippi river and its tributaries. The great sprawling unruly river may be tamed through plans laid down on the basis of the giant model's full perspective.

got? Dry and grassless. When she whiffs the sweet scent of our green feed, thin and hungry she breaks over. Can you blame the cow? If he would feed her more at home, or provide her with a green pasture, she wouldn't bother the neighbors— or the courts." The old man picked up his Sunday paper and resumed reading about Russia and Palestine. The boy slowly wandered out in to the back yard, sat down and mused: "wonder if it is against the law to play mumble peg—if I had a knife." (What has become of the recreation center, many of the kindhearted folks have been talking about).

Mr. and Mrs. Wayne Brown and Mr. and Mrs. Martin Line and son visited relatives in Lamesa and O'Donnell Sunday.

Whipped Daricraft
Of course, DARICRAFT homogenized evaporated milk, like whipping cream, must be thoroughly chilled before whipping. Also have bowl and beater cold.
3 WAYS TO CHILL DARICRAFT
1. Pour required amount of DARICRAFT into freezing tray for an hour before whipping, or,
2. Set unopened can in ice compartment for several hours before whipping, or,
3. Always have an unopened can next to the freezing compartment, or on ice. When it is used, replace immediately with another can.
FOR A STIFFER WHIPPED DARICRAFT add 2 tablespoons lemon juice to each cup.
1 1/2 CUP DARICRAFT EVAPORATED MILK YIELDS 2 CUPS WHEN WHIPPED.
DARICRAFT IS NOT WEIGHT-PRODUCING as it contains about 1/3 the amount of fat found in whipping cream. 3/4 cup DARICRAFT (1 cup when whipped) contains only 24 calories.

Wenzels To Exhibit Swine At Ft. Worth

FORT WORTH, Feb. 20, A. D. and Wilbur Wenzel of Brownfield have entered 19 head of swine in the competition at the Southwestern Exposition and Fat Stock Show, March 5-16.

Fred Hale of College Station, Texas, will judge the swine breeding classes and W. T. Reneker of Chicago, Ill., will judge the open classes for fat barrow and the boys' baby pig show.

These Brownfield animals will be on the grounds with more than 5,000 other head of purebred animals from 19 states. Premiums will total about \$65,000.

The rodeo purse has been increased to about \$60,000, the highest ever offered in the 51-year history of the Southwestern Exposition and Fat Stock Show.

The Claude Hudgens Visit in Brownfield

Mr. and Mrs. Claude Hudgens, of Alexandria, La., have been visiting his sister and family, Mr. and Mrs. Kyle Graves for a few days, as well as spending a bit of time with old friends, as Claude was in business here a number of years.

Claude is getting better from his serious fall, although the left arm is still not usable in every way, especially over his head. They like Louisiana fine.

Claude's company manufactures butane bottles.

Mr. and Mrs. Robert Edwards had as their dinner guests Sunday Messrs. and Mesdames Mutt Tyler, Melvin Morrison and Earlan Morrison and Marvin Green, of Levelland.

WOAI To Broadcast 49th Annual Affair Coast-to-Coast

The 49th annual Washington's Birthday celebration at Laredo, Texas held on February 22nd will be broadcast coast-to-coast on the National Broadcasting Network, according to Monte Fleban, Program and Production Manager of WOAI. Mr. Kleban made arrangements for the network broadcast with Mr. Carl Cannon of NBC's Station Relations Department.

This is the first time in the history of the event that it has received nation-wide coverage.

Texas' Governor, Beauford H. Jester, the Governors of four Mexican states bordering Texas, and bands from the University of Texas and the University of Mexico City are scheduled to participate in the three day festivities.

This fiesta is one of the few, if not the only known international celebration of a holiday of one country, when the people of two cities divided only by the Rio Grande River literally join hands to celebrate the birthday of the "Father of Our Country." Each year both Mexican and American populace for hundreds of miles around journey to the cities of Laredo, Texas and Nuevo Laredo, Tamaulipas, Mexico, to view the parades, dances, bull fights, and the climaxing grand ball to crown the king and queen of the fiesta.

LOCAL PEOPLE ATTEND LUBBOCK MEETING

Mr. and Mrs. Jack Griggs, Mrs. Gene Gunn, Mr. Lewis Simmonds and Mrs. Lee Fulton were in Lubbock Tuesday to attend a round table meeting of the officers and chairmen of the Southwest Plains Area Council of Girl Scouts. Mr. Griggs has been elected a member of the board of directors and is first vice president of the Council. Mrs. Gunn is area camping chairman.

Mrs. L. M. Lang and Mrs. B. R. Smith, Jr. and children spent the week end in Cisco and Rising Star visiting friends and relatives.

Examinations For Civil Service Jobs Announced

A civil service examination was announced today for Clerk, CAF-1 to CAF-4 by Mr. Paul H. Figg, Regional Director, Fourteenth Civil Service Region, Dallas, Texas. Salaries for these positions, which will be filled in various federal agencies in the state of Texas and in Washington, D. C., range from \$1756 to \$2394 per year.

Among the types of clerk positions to be filled from this examination are: Accounting, Fiscal, Audit, Statistical, Time, Leave, Payroll, Appointment, Personnel, Information, Stock, Purchasing, Property and Supply, Traffic, Correspondence, Editorial, Proof-reader, Mail, File, Record, Expediting, etc.

For further information and blanks, apply to the civil service secretary at the local post office.

Mr. and Mrs. W. B. Paschal, of Gomez were in town Monday to see the John Deere show.

Lions Banquet Ladies, Visitors

The Lions Club feted their ladies and a large number of visiting Lions and ladies from nearby towns at the Legion hall last Tuesday night. A large delegation from Post and Slaton attended.

The gathering was entertained by several Indian dances staged by the Boy Scouts, troop No. 74, directed by Scoutmaster Lajune Lincoln. Some twenty scouts participated.

Another group of scout cubs, directed by Mrs. Mary Jo Hardy dressed to depict, George Washington, Daniel Boone, Abraham Lincoln, Thomas Edison and Teddy Roosevelt, all born in February, with a short speech each. This group is scheduled for the Rotary club today noon.

The Lions also initiated a large class of new members.

Veterans Administration now has about 130,000 employees eligible for veterans preference. They comprise 60 per cent of all VA employees, male and female.

Veterans may appeal adverse Veterans Administration rulings on their claims for benefits to the Administrator of Veterans Affairs.

Mr. and Mrs. Elwin Edwards, of Sundown were guests in the home of Mr. and Mrs. C. T. Edwards Sunday.

NOTICE TO FARM BUREAU MEMBERS

A meeting will be held Saturday at 3 P. M. in the district courtroom, Brownfield. A state man will be here then to discuss your insurance problems in detail. Other business matters will also be discussed at that time.

MISS MAYBETH MABRY BECOMES BRIDE OF GEORGE P. MORELAND

Miss Mabry Mabry, daughter of Mr. and Mrs. A. G. Mabry of Plains, became the bride of Dr. Geo. W. Moreland, son of the late Judge R. P. Moreland and Mrs. R. P. Moreland of Plains in a candlelight ceremony read Saturday evening, Feb. 15 by Rev. C. M. Ryan.

The bride completed requirements in January for a degree from Texas Technological College. The groom is a graduate of Colorado A. & M. and is connected with the health department of Lubbock.

Pink and white snapdragons decorated the mantel in the ranch home of the bride's parents where the wedding took place.

Mrs. Odus Lusk furnished the wedding music. Miss June Moreland sang, "Because," "I Love Thee," and "Ah Sweet Mystery of Life."

The bride wore a gown of white slipper satin styled with a fitted basque, bouffant skirt and long fitted sleeves. She carried a white Bible covered with white gardenias. For something old the bride carried her mother's wedding handkerchief, for something borrowed she wore pearls belonging to her grandmother, Mrs. P. H. Williams; for something blue she wore a pin of blue sapphires brought from Greece, a wedding gift from the groom.

Miss June Moreland, dressed in pink taffeta, sister of the groom and sophomore student at Baylor-Belton, was maid-of-honor. A. J. Mabry, brother of the bride and senior student at Colorado A. & M. was best man.

The bride's table, laid with a lace cloth, was decorated with white candles and a wedding cake placed on a reflector.

Following a wedding trip the couple will be at home in Lubbock. For the trip the bride wore a light blue wool suit with black and white accessories.

The only out-of-town wedding

Miss Huey To Conduct Presbyterian Teachers Training Course

Miss Mary Huey, director of Religious Education of the Hemphill Presbyterian Church in Ft. Worth will conduct a Sunday School Teacher's Training Course in the First Presbyterian Church of Brownfield next week, the 24th through the 28th.

Miss Huey is a graduate of the Presbyterian College of Christian Education in Chicago, and has worked in churches in Philadelphia before coming to her present position in Texas a year ago.

The Presbyterian Church is bringing Miss Huey to Brownfield to offer the training course for all of the teachers and officers of their Sunday School, but all of the people of Brownfield who are interested are cordially invited to attend.

The classes will be conducted in the church each evening, Monday through Friday. Classes will

begin at 7:30 o'clock P. M. and will last one hour. Miss Huey is well qualified by both her schooling and experience to talk on teaching Christianity.

SUB DEBS ENTERTAIN PHI BETA CRAESUS CLUB

The Sub-Deb club entertained with a dinner in the auxiliary room of the Legion Hall Wednesday evening of last week. Guests were members of the Phi Beta Craesus Club, their sponsors and the presidents of the three study clubs. The program consisted of short talks from the study club presidents pertaining to club activities and club standards.

The table which was U shaped was laid with a white cloth and centered with an arrangement of red tulips flanked with red tapers. Tapers and fern decorated the long end tables. Place cards and nut cups carried out the Valentine motif. The mantel was decorated with a white heart and flanked with the red tapers.

Places were laid for fifty nine.

MRS. RICHARDSON NAMED HONOREE AT DINNER

Mrs. Gordon Richardson was named honoree at a dinner on her birthday Friday evening in the private dining room at Thompson's Cafe. Dr. M. F. Swart, of Lubbock was host for the occasion. Among gifts to the honoree was a lovely bouquet of flowers from Mrs. P. N. Figley, who was unable to attend the dinner. Places were laid for:

Mr. and Mrs. Jame Keenam, Dr. J. C. Anderson, Dr. and Mrs. Holmquest, Dr. and Mrs. Kinard, Mr. Berry Lofton and Miss Jean Bell, all of Lubbock, Mr. and Mrs. Jack Shirley, Mrs. Jerry Kirschner, Dr. and Mrs. Gordon and the host.

After dinner the guests enjoyed games at the Richardson's and later coffee at the Kirschner's.

Mr. and Mrs. T. D. Bishop and children visited in Amarillo Saturday.

begin at 7:30 o'clock P. M. and will last one hour.

Miss Huey is well qualified by both her schooling and experience to talk on teaching Christianity.

BRIDE ELECT NAMED HONOREE AT SHOWER

Miss Retha Hamilton, bride elect of Clayton Walker, was named honoree at a tea and shower at the home of Mrs. Jim Nelson Wednesday afternoon from 3 to 5 o'clock. Assisting Mrs. Nelson as hostesses were Mesdames V. L. Patterson, Johnny Bost, J. D. Williams, Bill Webb, Johnny Cabe and R. V. Moreman.

Mrs. Patterson, Mrs. Nelson, Miss Hamilton, Mrs. J. H. Hamilton, mother of the honoree and Mrs. Ida Walker, mother of Clayton received the guests.

The bride's book of white leather with a cluster of pink carnations and white satin streamers marking the pages, was presided over by Mrs. Cabe.

The tea table was laid with a lace cloth over pink and centered with an arrangement of pink and white snapdragons. Mrs. Bost presided at the tea service and was assisted in serving by Mmes. Williams and Joe Chisholm.

The lovely array of gifts was displayed by Mmes. Webb and Moreman. Fifty five guests were registered.

MRS. BLAIR NAMED SHOWER HONOREE

Mrs. Willie Blair, who before her recent marriage was Miss Lois West, was named honoree at a shower in the home of Mrs. Allen, Winingham February 12. Assisting Mrs. Winingham as hostesses were Mmes. Malcolm and Horace Belew.

Miss Margaret West, sister of the honoree was in charge of the bride's book. Mrs. Winingham greeted the guests.

The table was laid with a lace cloth and centered with pink carnations and white candles in crystal holders.

Seventy guests were registered.

KOLONAIL KARD KLUB MEETS WITH MRS. HORD

The Kolonial Kard Klub met with Mrs. Walter Hord Friday afternoon for two tables of bridge. Mrs. N. L. Mason scored high, Mrs. C. T. Edwards, second high and Mrs. Buell Price won in the game of bingo.

Guests were Mesdames E. C. Davis, C. T. Edwards, N. L. Mason, Buell Price, Money Price, Roy Wingerd and Jack Shirley.

Gores To Have Golden Wedding Anniversary

Mr. and Mrs. G. G. Gore are to observe their Golden Wedding Anniversary next Sunday afternoon at their home 104 East Main street.

The Gores came here in 1916 from Hall county and have been prosperous residents since. They have reared a family of ten children, all living and nearly all in Brownfield, eight grandchildren and one great-grand child, little Linda Latrice Teague.

They will have open house from 3 till 6 p. m.

MISS LITTLE AND HUTSON VALENTINE PARTY GIVEN

Friday night, Feb. 14 Misses Jackie Little and Joan Hutson entertained a group of their friends with a valentine party at the home of Jackie.

Valentines were exchanged. Bernadine Chapman drew the surprise and received a heart shaped box of chocolates. Landra Bailey received the prize snake for singing the best song. Jim Rhyme told everyone's fortune with his crystal ball.

Various games were played and candy, cookies and cokes were served the guests.

Mrs. J. W. Rhyme and Charlotte were in Dallas last week.

SS CLASS ENTERTAINED WITH VALENTINE PARTY

Mrs. Wade Pierce entertained her Sunday school class at her home Feb. 7 with a Valentine party. Miss Bernice Weldon assisted her as co-hostess. Games furnished diversion for the guests.

Refreshments were served to Kay Frances Hinkle, Virginia Lewis, Wanda Nell Black, Betty Dubose, Jo Ann Carter, Linda Figley, Ruth Stone, Dorothy Phillips, Joyce Ellis, Roma Farris, Wilma Granet, Shirley Holder, Parilee Nelson, Jo Ann Shelton, Nelda Miller and Patsy Burgin.

HERODS HOSTS WITH DINNER

Mr. and Mrs. Roy Herod were hosts with a dinner Friday evening for a group of their friends. The buffet table was centered with red and white carnations in a heart shaped bowl and flanked with red and white tapers. After dinner games of bridge furnished diversion.

Guests were Messrs. and Mesdames Grady Goodpasture, Leo Holmes, I. M. Bailey, J. E. Gillham, P. N. Figley, C. W. Winford Chad Tarpley, C. R. Lackey and Lee O. Allen.

Mr. J. A. Woolsey, of Brady visited over the week end in the home of his sisters, Mmes. Dan Davis and Spencer Kendrick.

WESLEYAN SERVICE GUILD MEETS IN HALL

The Wesleyan Service Guild of the Methodist church met Wednesday evening of last week in Fellowship Hall. Miss Reva Newsom presided over the business meeting which was followed by a worship service conducted by Mrs. H. F. Sefton. Mrs. R. N. Huckabee was in charge of the study program which was on Stewardship.

Following the program an hour of recreation was enjoyed by Mesdames S. F. Boruk, J. C. Criswell, P. N. Figley, Harvey Gage, Jim Griffith, Joe Hardin, R. N. Huckabee, Dennis Lilly, Joe Miller, Mary Nelson, J. L. Newsom, Wayland Parker, John Portwood, R. L. Reasoner.

James G. Sadler, H. F. Sefton, Lewis Simmonds, Fred Cox, Burton Hackney, Tom Harris, L. H. McIlroy, H. E. Swartz and Misses Reva Newsom and Helen Dunlap. Mrs. James Sadler was in charge of the games and Mrs. Jeff Farley and Misses Mattie Morgan and Ludie Morgan were hostesses. Mrs. Pete Forness was a guest.

Mrs. Edna Montgomery and sons of Marietta, Okla., spent last week here with her aunt and uncle, Mr. and Mrs. A. P. Daugherty.

SETTLES CELEBRATE SILVER WEDDING ANNIVERSARY

Mr. and Mrs. Bill Settle of Tatum were surprised with a dinner and shower of gifts on their silver wedding anniversary Feb. 9. Guests were Messrs. and Mesdames B. G. McDonald, Bud McDonald and family, Les Harvey and family of Morton, L. M. Lang, Jack Thomas, of Lubbock, Alfred Gore and Mesdames J. W. McDonald and Ward.

MISS FIELD OF BRONCO HOSTESS AT SHOWER

Miss Anita Field of Bronco entertained for Mr. and Mrs. Junior Simpson with a shower January 27. Mrs. Simpson was the former Miss Mary Evelyn Julian and has many friends in Brownfield. The hostess was assisted in serving cake and coffee by Mesdames Dick Taylor, Buster Simpson, P. M. Julian and Misses Betty Springer and Jennie Faye Smith. After refreshments, dancing and music were enjoyed.

Mr. Clift Peek, of Dallas was a guest in the home of his sister and her husband Mr. and Mrs. Johnny Bost this week. Mrs. Bost and Mr. Peek left Thursday to spend the weekend in Amarillo with another brother, Mr. R. J. Peek, who is ill.

Mrs. W. A. Henley and children of Welch were guests Sunday of Mr. and Mrs. G. D. Miller of Union.

COFFEE GIVEN FOR MMES. TAYLOR AND MEYERS

Mrs. Bob Bowers entertained with a coffee Friday morning for Mrs. Clarence Taylor and Mrs. Dick Meyers. Gifts were presented the honorees as a gesture of farewell.

Guests were Mesdames J. R. Wright, R. L. Hodge, Harlan Glenn, Joe McGowan, Tom May, Frank Weir, Looie Miller, Tommy Hicks, L. L. Bechtel, Reagan Peeler, Al Muldrow and O. L. Peterman.

MRS. JAMES WARREN IS SHOWER HONOREE

Mrs. Jeff Farley was hostess Valentine morning at ten o'clock for a pink and blue shower honoring Mrs. James Warren.

Lovely gifts were displayed on a table with the traditional stork and turquoise tapers. Cheese straws, stuffed olives and coffee were served to Mesdames J. L. Newsom, Wayland Parker, Bill Richmond, Johnny Haynes, C. G. Griffith, Marvin Warren, J. B. Ricketts, the honoree, Mrs. James Warren.

MRS. GAASCH ENTERTAINS DOS MESA CLUB

Mrs. Phil Gaasch was hostess to the Dos Mesa Club with two tables of bridge Wednesday afternoon of last week. Mesdames Cotton Neely and Tom Harris scored high and second high. Mrs. Ted Hardy received low and Mrs. Kenneth Hill, bingo.

Date cake and coffee were served to Mesdames Neely, Harris, Hill, Hardy, Buell Price, Ethelda Edwards, Bill Anderson and Miss Twilla Graham.

Mrs. Walter Tomlinson returned Saturday from a weeks visit with relatives in Ft. Worth.

Mr. and Mrs. Sam Richardson, of Bay City were houseguests last week of their son and daughter-in-law, Dr. and Mrs. Gordon Richardson.

Ethelda Edwards and daughters, Jonelda and Becky visited friends in Seminole Thursday of last week.

Union News

Miss Mae Gene Bevers sponsored an assembly program Friday afternoon. Her second and third grade pupils presented an interesting Valentine Program. The children, as well as Miss Bevers, are to be commended for the excellent acting they did. The program consisted of songs, readings, and one Valentine play. The play was comical and taught a lesson too. The audience roared at the stunting done by Jimmy Dean Holeman who played the part of "Emil, the fat boy."

The following patrons were visitors at school Friday afternoon: Mesdames Frank Sargent, Carol Shults, Willie Jones, Oscar Blackwell, Earl Cornett, Happy Warren, R. L. Nelson, Claude Montgomery, Clay Bevers, W. V. Fenter and Benton.

Miss Purselley's mother, Mrs. G. A. Purselley of Welch, served the fourth grade hot chocolate and cup cakes, Friday afternoon, while the children looked at their valentines.

Thanks of appreciation should go to Mrs. Earl Andress who sent the pupils of the first grade and the 5th and 6th grade pupils some excellent iced cookie hearts. The cookies were thoroughly enjoyed and the pupils heartily thanked Jamie Joye and Mickey.

A revival is in progress now at the Baptist church. Rev. Polna: of Post is doing the preaching. Services are at 11:00 a. m. and 7:30 p. m. The revival will continue through Sunday Feb. 23.

Mr. J. D. Stewart and Mr. C. E. Waldrep attended the Fellowship luncheon at the Wines Hotel last Thursday.

The Senior Girls' basket ball team was victorious Friday night and again Saturday night. They will go to the District meet which is being held at New Deal this week.

The Goodyear people are sponsoring a free show, food and prizes next Thursday night at the local gym. Everyone in the community is given a special invitation to attend the party. Don't forget the date, Feb. 27.

Mrs. O. J. Rhodes gave Jean

GOMEZ NEWS

Mr. and Mrs. O. L. Hartman of Clovis, N. M. and Mr. Oliver Goldston of Denver City visited Mr. and Mrs. Doc Key last Friday. Mrs. Hartman is Mrs. Key's sister and Mr. Goldston is their brother.

J. E. Evans, George McKee and Billie McKee, all of O'Donnell and O. H. McKee of Union were week end visitors in the home of their brother, Cliff McKee and family. Mr. Evans is a brother-in-law of the others.

Miss Joann Lay, who is attending school in Big Spring spent the weekend with her parents, Mr. and Mrs. B. R. Lay.

Mr. and Mrs. Doc Settles, of Meadow visited Sunday in the home of Mr. and Mrs. Bill Blackstock.

Mr. and Mrs. Doc Settles, of Meadow visited Sunday in the home of Mr. and Mrs. Bill Blackstock.

Mmes. A. L. Tittle and Arlie Lowrimore of Brownfield visited the Alfred Tittles Saturday.

Revival at the Baptist Church will continue through the rest of this week. All have invitations to attend remaining services.

Sargent a surprise birthday party last Saturday night. At the end of a lengthy treasure hunt the honoree found the "treasure" which consisted of several nice and beautiful gifts. Cake, candy, and hot chocolate were served to 23 guests. The adults played "42" while the young folks enjoyed various parlor games.

The teachers of the school presented Mrs. Mills, a recent bride, with a no-lift electric iron. The gift was presented at a "faculty meeting" called by Supt. Hancock Wednesday at noon.

It has been reported that the Union Senior Girls will play Spurtomorrow (Wednesday) at 2:50. The results of that game will determine whether or not the girls will play later in the 5-day meet.

Sgt. R. C. Dockrey of the local army recruiting office here and Mrs. Dockrey attended a Shrine banquet in Clovis, N. M., Saturday night, sponsored by the Clovis Shrine Club, of which Sgt. Dockrey is a member.

Among Some Of The Boys On West Main

Last Wednesday was a beautiful day, so decided to see how some of our friends on west Main, southside, were fairing.

Stopped off at Tudor Sales Co. and found Red gone as usual, but his smiling wife and equally smiling bookkeeper, Mr. Bit Copeland, ready to talk shop. Yes, they could sell a lot more cars than they are getting, and were in high hopes that new Buicks would begin to roll in more rapidly. In the meantime their service men stand ready to keep the old ones rolling.

Across the street, J. D. "Dogie" Moorhead was busy at his filling station. He is well equipped to handle the trade.

Up at the Craig Motor Co., we found M. J. and his helper as busy as two hunting dogs, straightening up stock and putting out newly arrived parts for their Chrysler and Plymouth sales and agency. M. J. Jr., has just married, and of course off on his honeymoon, leaving the work to father. Well, any time you can get the old boss to work, you are going some.

Next door, we found that Arlie Lowrimore was out. Where do all the men folks go during the day? Now this is no hint to any friend wife to get suspicious and make a sudden checkup some day. Anyway, the Star Fire Store is now perhaps selling more new tires than they are recapping old ones, as they have a nice stock of new ones.

On up the corner of Main and 8th, Boyce Holder has a nice service station and repair business. He handles Chevron gas and oils, a fairly new product in Brownfield, but these stations are thick as jack rabbits in Arizona and California.

At all places visited, business was reported as good, and some enlarged on this by remarking that they could not understand why business is as brisk as it is following a two year drought. Neither can we.

All are looking forward to a bumper crop this fall.

GOMEZ H D CLUB MEETS WITH MRS. KELLY

The Gomez Home Demonstration club met in the home of Mrs. Denver Kelly, Feb. 13 for a demonstration on meat cookery, by Miss Helen Dunlap, home demonstration agent. In her discussion, Miss Dunlap stated that liver is one of the best sources of protein and minerals needed in the diet and that it should be served once a week as it can be prepared in a variety of ways.

During the business meeting Mrs. Tress Key was elected as a delegate to the district meeting. The club also voted to order Honey Dew resistant cantaloupe seed.

Ten members and two visitors Mrs. Otis Kelly of Brownfield and Mrs. G. Brisco were present. The next meeting will be Feb. 27 in the home of Mrs. Tress Key.

NOTICE

Notice is hereby given that the City Council of the City of Brownfield, Texas, at a regular meeting to be held on the 14th day of March, A. D. 1947 at 7:30 P. M. at the City Hall in said City of Brownfield, Texas, will hold a public hearing with reference to proposed amendment to the Zoning Ordinance of the City of Brownfield, Texas, changing the G Zone, beginning at Magnolia Avenue on the North side of Webb Addition to the town of Brownfield, and following highway No. 51 through said City of Brownfield, Texas, to Buckley Street to H Zone, as provided in said zoning ordinance, and to determine whether said City Council of the City of Brownfield, Texas, will embrace in said H Zone that part of Block 111 lying Southeast of said highway and all of Block 112 of the original town of Brownfield.

This notice is given in compliance with (3) of Section VI of said Zoning Ordinance, and anyone interested shall have the right to appear before said City Council at the time and place above mentioned.

Dated this the 18th day of February, 1947.

FRANK JORDAN
Mayor, City of Brownfield

Babson Discusses Inventions

Babson Park Fla.—The year 1946 was upset by labor troubles and the current year may see a continuation of labor unrest. This is a form of revolution which has been gathering strength for many years. It is not due to John L. Lewis any more than the rise of Fascism was due to Mussolini; or the rise of Nazism was due to Hitler. Mussolini and Hitler were only symbols, and Lewis is nothing more. When any powerful labor leader passes from the scene, someone else will rise to take his place.

Importance Of Inventions
Both labor and management have their good points. It would be best for all concerned if compromises could more easily be brought about. Remember that it is our great ability to produce all kinds of goods in large quantities which has made America. Production won World War I, and would have eventually won World War II. The atomic bomb only hastened the end. But this was only one of many very revolutionary developments coming from World War II.

The bomb was conceived, engineered by scientists. This relatively small group of men may become more important industrially in the next decade than labor and management together. You ask, "How?" Let us consider the Atomic industry—our greatest industry and the largest employer of

labor—as merely one illustration. Actually, the modern automobile is one of the least efficient modes of transportation, considering the horse power it consumes.

Revolution In Autos Possible
The earliest electrically-driven automobile was fairly efficient. It was not long successful because, on a given battery charge which was soon exhausted, it could go neither far nor fast. Only one thing held back its continued development and use. That was weight. A storage battery is made of lead, which has an atomic weight of 82. Lithium is the lightest metal known; Beryllium is the second lightest metal known; both are high alumina. Much lighter

aluminum or magnesium. I ask in all seriousness if someday it may be possible for our scientists to construct efficient electric storage batteries out of a very light metal. If so, or if anything else is developed to take the place of lead, we may say goodbye to the automobile as we know it today. Gone will be engine, transmission, hydromatic shifts, radiators and many other gadgets with which the present-day automobile is encumbered. Manufacturing and assembling processes would be greatly simplified and reduced. Gasoline as a mode of power might then be ended.

Why Worry?
Other plans and inventions, which may be even more revolutionary are on drawing boards. Some scientists have great hopes of using atomic energy industrially and displacing boilers and per-

haps engines and or dynamos. I am not suggesting any atomic miracles—even its use to change the brains, shape or strength of our descendants through pre-birth treatments. My object is to urge readers not to worry about Labor or Capital—Communists or Fascists. Rather, pin your faith to the preachers and scientists. The world's living standards will not be raised by politicians in legislative mills, nor by laborites in organized strikes; but by preachers in pulpits and inventors in laboratories.

Both labor and management are needlessly concerned over their troubles today. As I have often said—strikes will be found futile, but necessary. Labor troubles will always be with us; but they will become less important as religion and science develop hand-in-hand during the years ahead. Therefore, let us not now be too greatly concerned over the industrial and economic conditions which will prevail when our grandchildren grow up!

Remember Diversification
From an investment standpoint all the above emphasizes the great importance of diversification. Avoid investing too much in any one industry or any one company. Far greater inventions lie ahead of us than any we have yet seen or dreamed of. What companies will first get them cannot now be foretold.

Mrs. T. C. Garner returned Saturday from Temple where she has been the past five weeks for medical treatment.

Want A Job?

According to W. W. Lindsey, local manager of the Texas State Employment Service located at 605 West Main in Brownfield, the War Department is in need of mechanic helpers for overseas duty. These and many other jobs are now open in all parts of the world for qualified workers. Mr. Lindsey stated. The local office has openings listed for workers in private employment as well as the government service mentioned above and every one interested in employment is invited to visit the local office.

Mr. and Mrs. R. L. DeBusk, Jr., visited relatives in Slaton over the week end.

Hindu legend tells of a diamond which a mythological hero wore more than 5,000 years ago.

Mr. Gene Gunn spent the week in Oklahoma City on business.

WELLMAN HD CLUB MEETS IN SCHOOL CAFETERIA

The Wellman Home Demonstration club met at regular 1st Friday of the month, meeting time in the school cafeteria.

House was called to order in the usual way. Roll call and reading of the minutes of last meeting. An interesting explanation was given on "The Texas Rural Neighborhood Contest." We think this will be very helpful to any neighborhood. Let us all help in every way possible.

Some time soon after the 7th of March the club will have the Knight Riders come to Wellman to put on a program. There will be a notice in the paper later. Helpful instructions were given on Home Cleaning. The weather was too bad to put on the demonstration as it was to be given outside. I am sure everyone profited by the instructions given. We appreciated the number of members present, also the visitor who became a member of our club.

The recreation was a free picture show, put on by Mr. Jones on "V-Men", Vitamins.

Our next meeting will be the 3rd Friday afternoon on "Meat Cookery". Come and be with us.

Former Tech Student Makes Headlines

LUBBOCK, Feb. 13 — J. H. Rush, who figured in the national news this week when he disclosed a relatively inexpensive method of producing atomic energy, began his higher education at Texas Technological College in 1929 when he was a freshman engineering student.

The scientist was a physics instructor at Tech in 1941-32 before going to Oak Ridge, Tenn., atomic plant where he was an experimental physicist until the end of the war. He is now secretary of the Federation of American Scientists with offices in Washington, D. C.

A total of 667 veterans are receiving pensions from Veterans Administration under special acts of Congress.

The Low Down From Hickory Grove

For today, folks, the subject is potatoes. Irish potatoes—not sweet potatoes. If it was sweet potatoes that the Govt. is ordering dumped in the ocean, I would be even more agitated.

On one page in a daily paper today, the local, AAA tells the farmers the deadline is near on agreeing to how many acres they can plant—so as to have just enough potatoes for everybody. And on another page the paper tells about how the Govt. will dump 20,000,000 bushels of the 1946 crop—unusable surplus, the 3A says. And with the bonuses paid for just the precise number of acres calculated for last year—like it is planned again this year—and with 20 million bushels being dumped, the 1946 meddlinz is costing the Govt. 80,000,000 in cash money. And 80 million in money is not small potatoes—when you add another 900 million that it is costing to run our USA agriculture dept.

Is that supposed to be a joke, says Henry—that small potatoes crack? If it is he says nobody is gonna laugh much on income tax day—it amounts to about 7 bucks for every man, woman and offshoot. Now, I says, you are catchin' on—or as we sometimes say here around Hickory, you are now cookin' on the front burner.

Yours with the low down, J. SERRA.

Over 137,000 veterans or dependents of veterans now are wards of Veterans Administration.

Only one out of every 4,500 GI home loans guaranteed by Veterans Administration has been defaulted to date.

Mesdames W. B. Downing and Roy Herod were Lubbock visitors Tuesday.

DON'T SCRATCH! Durham's Paracide Ointment is guaranteed to relieve itching accompanying Eczema, Rash, Piles, Ordinary Itch and other minor skin irritations—or purchase price refunded. Large 2-ounce jar only 60c at Alexander-Gosdin Drug Co., Inc.

POOL H D CLUB HAS MEETING

A helpful as well as interesting meeting of the Home Demonstration club was held in the home of Mrs. Ethel Salsbury Feb. 11.

The club president gave a talk on the importance of social security to the farmer. Miss Helen Dunlap, home demonstration agent, gave a demonstration on how to cook meats.

The hostess served a meat dish prepared with vegetables which was very delicious.

The next meeting will be in the home of Mrs. Lizzie Terry, Feb. 25.

Mrs. Claude Hudgins of Alexandria, La., visited here the first of the week.

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

GI Question And Answer Department

Q. Will Veterans Administration guarantee a G. I. loan for a boat that I can use during my vacation and for taking occasional fishing trips?

A. No. Loans for pleasure purposes cannot be guaranteed or insured by Veterans Administration.

Q. For what term of years can a guaranteed loan be made?

A. Payments must be such that the veteran will repay his home or business real estate within 25 years, a farm loan within 40 years, and a non-real estate loan within 10 years.

Q. Is there any way that I can get the Veterans Administration to deduct my National Service Life Insurance premiums from the monthly disability compensation check mailed to me each

An Old Landmark Being Razed

The City is having the old frame building, just west of the light plant, torn down and removed and will soon erect a brick and tile building for storage, of its material and equipment, on the site.

This building erected by the late C. L. Williams and R. L. Bowers, thirty years ago, was the first feed store in Brownfield including a feed crusher for public service. It was operated as such by Newman Bros, the past several years till they moved to their new plant across the tracks.

month?

A. Yes. You may go to any VA regional office or to a contact office and fill out a form which will authorize Veterans Administration to make the deduction from your compensation check.

Q. I want to change the beneficiary on my National Service Life Insurance, but I don't want the old beneficiary to know about it. Am I permitted to do this?

A. Yes. A veteran may charge the beneficiary or beneficiaries of his NSLI at any time without their knowledge or consent.

Q. I recently lost my job and can't meet the payments on my G. I. guaranteed home loan. Am I entitled to get the readjustment compensation provided by the G. I. Bill?

A. Yes, you are entitled to readjustment allowance. Your home loan has no bearing on your right to unemployment compensation. You should apply to your state unemployment service to receive readjustment allowance.

Governor Backs Up Traffic Law With Request For Funds

In an attempt to stop the killing of some 2,000 persons every year on the highways of Texas, Governor Beauford Jester told the legislature last week that the highway patrol must have an emergency appropriation of \$75,000 at once.

"This would bring the highway patrol up to 250 privates, which, of course is too few men to control the drunken and dangerous drivers who speed over the 23,000 miles of Texas highways," said the governor. "California has found that it pays to keep 900 patrolmen on her highways. Pennsylvania has 1600 and New York 800."

"To provide at least 200 more highway patrolmen and 100 more police patrol cars, I recommend an additional appropriation of \$1,300,000 per year during the next biennium."

Local authorities will be happy when the highway patrol puts on "traffic lanes" in this section as many car owners and drivers now use the highways without drivers licenses.

The traffic lane is a method used to check all drivers. Every car is forced to stop and the driver is checked for his license as well as his brakes, etc.

Persons who have been able to "get by" so far will find themselves caught in these traffic lanes in the next few months and will be forced to pay fines when they cannot produce the license.

Soil Conservation District News

If any farmer who has good protective ground cover will secure his seed from any certified seed grower or from a seed dealer, the district program will gladly assist in the planning. The district will have a suitable grass drill in by spring planting time. Be sure to make your requests early enough. Terry County needs more good native grass for seed and pasture.

The district office has complete instructions for planting Weeping Lovegrass with an ordinary grain sorghum planter box. Several farmers are planning to drill this grass in rows and may need an idea how to drill these seeds with their own equipment.

Weeping Lovegrass is higher in nutritive analysis than buffalo or blue grama grasses.

R. A. Young in the Poole community and A. R. Franklin in the Needmore community had the District technicians design and lay out a contour system for their farms this past week.

Joe Krizek, District S. C. S. Engineer spent Wednesday, Feb. 12 with the Morton Work Unit in planning some irrigation farms.

Mr. Jay Barret, Chairman of the District Board of Supervisors presided over the regular monthly session of the Supervisors Tuesday, Feb. 18 starting at 10:00 A. M. Several important items of business were presented for discussion. Several agency representatives and some farmers attended.

Mrs. W. L. Harris, of Altus, Oklahoma, was a guest in the home of her son and daughter-in-law, Mr. and Mrs. Tom Harris, the first of the week.

Said a battered old Jeep from the West,
"Phillips 66 suits me the best!
"GI service was tough,
"And the going was rough,
"But I still can start fast with high-test!"

For Fast Starts

Get Phillips 66 Gasoline

Here's why you get those quick starts on cold mornings with Phillips 66—it's high test!

That means more and more high-volatility elements are added to Phillips 66 as the temperature goes down. Phillips can be liberal with its high-volatility fuel because Phillips is the world's largest producer of highest natural gasoline.

Get the gasoline whose volatility goes up as the thermometer goes down. For quick starts on cold mornings—fill up with Phillips 66!

AS THE SEASONAL TEMPERATURE GOES DOWN... PHILLIPS 66 VOLATILITY GOES UP!

For good service... Phillips 66!

Scout Council Meet At Lubbock Feb. 25

Dr. F. B. Malone, president of the South Plains Council, Boy Scouts of America, announced plans for the 20th Annual Council Meeting to be held Feb. 25th, 1947, at the Hilton Hotel in Lubbock. The meeting will be divided into three phases this year. At 4:00 P. M. all District personnel from the eleven Districts covering the twenty counties served by the local Council will hold sessions to discuss Programming, Activities and other business relating to District operations. Included in this meeting will be all District Committeemen, Board Members, Commissioners and Institutional Representatives.

The second session of the series will be the Annual Council Business Meeting to be held at 3:00 P. M. All Council members are urged to attend. The election of officers, approved of the local Council Charter and outlining of programs and objectives for the year will be on the schedule of business of this meeting.

At 7:00 P. M. the Annual Banquet for Scouters and their ladies will be held in the Hilton Dining room. At this time Awards will be made to outstanding Troops and Scouters. The main feature of the banquet program will be an address by Mr. M. L. Larmour of Graham, Texas who has a long record as a volunteer leader in the Scouting Movement, according to Malone.

Big Blow, A Good Test Of Conservation

College Station, Feb. 20—"The big blow" that swept across West Texas January 29 had its points—it was a good test of the Texas farmer's soil conservation work.

Bailey County Agricultural Agent J. K. Adams reports that the duster, called by old timers "the strongest puff of wind that has hit Bailey County in many moons," would have caused ten times as much soil damage if it had come along before the days when farmers knew how to protect their land from wind erosion.

Most Bailey County farmers were ready for it, Adams says. They left stubble in the fields after the grain sorghum harvest and let late weeds stay on the ground to help anchor down the top soil. The farmers are realizing the value of vegetative cover as a protection against wind erosion, says Adams, and to prevent speeding up moisture loss, they are not in too big a hurry to get their land opened up.

The County Extension agent is working with the Soil Conservation Service in promoting Bailey County's soil conservation program.

1947 PONTIAC

A fine car made finer

Product of General Motors

Here's our picture for '47!

We are proud to present for 1947, the finest car Pontiac has ever produced.

In the new 1947 Pontiac, now in production, all of Pontiac's traditional quality, dependability, stamina, trouble-free operation, ease of handling and downright goodness have been retained. These qualities have made more than a million friends of more than a million Pontiac owners. Added for 1947 are appearance changes to enhance Pontiac's beauty; mechanical improvements to uphold Pontiac's known reputation for dependable and trouble-free performance.

Pontiac again offers two outstanding series in ten body types. The Streamliner is on the 122-inch wheelbase; the Torpedo on a 119-inch wheelbase. Each is available as a Six or an Eight. Millions of people have learned to expect an outstanding value from Pontiac... and the 1947 Pontiac fulfills their expectations in every way. The 1947 Pontiac is a fine car made finer.

THE SOONER YOU PLACE YOUR ORDER for a new Pontiac, the earlier you will get it. So place your order now for future delivery.

Tune in HENRY J. TAYLOR on the air twice weekly

Features that Make PONTIAC a GREAT Car!

APPEARANCE—Distinctive Silver Streak Styling... New massive and harmonious front end design.

COMFORT—Big, roomy Body by Fisher, Triple-Cushioned Ride, Luxurious Interiors, Shock-Proof Knee-Action, Fisher No-Draft Ventilation, All-Weather Engine Temperature Control.

DEPENDABILITY—Smooth, powerful L-Head six or eight cylinder engines, Full-Pressure Metered Flow Lubrication, Permanent Oil Cleaner.

ECONOMY—Scotch-Mist Quick Warm-up Manifold, Gaselector, Vacuumatic Spark Control.

SAFETY—Multi-seal Hydraulic Brakes, Unisteel Body, Tru-Arc Safety Steering, Clear Vision.

Smith Says Redistrict Bill Could Pass Now

Chances for a redistricting bill to pass the Texas legislature now are good, believes Preston Smith, legislator from Lubbock, home for the past week end.

"I believe we could get such a bill passed this week if it were ready before the members get mad at each other over the bills as they will after the session runs a while," he said. "There are two bills before the House and one of them will be approved by the committee this week."

Preston says many members are ready to add amendments of all kinds to the "University proposal" to keep its funds for building purposes, a bill that would limit Texas Tech to only a million and a half for buildings for ten years.

WHO WOULD BE LINCOLN'S SUPPORTERS TODAY?

Idealistically speaking, the Republicans are as bankrupt as a veteran leaving a real estate broker's office. Lincoln was the only Republican president they could ever quote at Fourth of July barbecues, and the Democrats have just finished celebrating his birthday. Some "Pink" Republican always gets a chance to read the Gettysburg Address, trying to leave the impression that Republicans today subscribe to some part of it. What happened we recall some history which tells us that only a handful of the faithful took the trouble to journey from Washington to Gettysburg for the historical speech. The president, at that time, was "persona non grata"—or, to bring it up to date a little Harold Stassenish. The speech that has gone down in history as a masterpiece of oratory—a valued human document fell as flat on the audience as one of Mrs. Joiner's cakes on party night. Nearly every newspaper in the nation poked caustic fun at the president's childish, inadequate and improper words. For even then Republicans were enamored with lengthy speeches, bursting with platitudes and as full of empty phrases as a hoosegow on Sunday morning. So Lincoln crept back to Washington to await assassination. Today, the jellyfish prototype will legislative hoppers with long-winded bills to outlaw people becoming president who happen to have the letters F. D or R hung on them. Fifty million words will be written into bills to prevent another president from capturing the people's votes to remain in office more than two terms. Should Lincoln return to enter politics today, he couldn't find a sponsor—even if he did split rails and live in a log house. And the only

Wellman School News

The critics of the recent high school coronation were highly complimentary of the entire program as rendered in the auditorium. While the entire community have come to enjoy the fellowship experienced once per month in a free program held in the auditorium and the hour of congregation "get together" that preceded the program called some of those "of old" back to the old time Fourth of July picnics. The whole affair was one of joy and pleasure and was strictly a moral affair of high standards.

The Wellman basket ball season is drawing to a close with only the district conferences yet to be played with both the boys and girls teams competing. Our boys enter the district tournament at Ropes with Whiteface, Meadow and either Ropes or New Home. If we win there, regional tournament will be held in Lubbock on the last Friday of February.

The place for the girls' play-off is to be yet determined. Terry county will be allowed double representation in its area meeting.

GIRL SCOUTS NEWS

Girl Scout Troop 1 under the leadership of Mrs. Lewis Simmonds and Mrs. Joe Hardin met Thursday, Feb. 6th for reorganization. The following officers were elected: president, Carol Jones, vice-president, Margaret Todd; secretary, Norma Ruth Rogers; treasurer, Margaret Wade; scribe Eleene Ball and reporter, Glyn-dola Stockton. The troop will meet every Thursday at four o'clock at the Presbyterian church.

The girls are starting to work on their cooking badge.

Troop 2 met Friday, Jan. 31 in the West ward school to elect officers. Helen Rogers was elected president, Juliette Smith, vice-president; Nancy Martin, secretary and Bobbie Hozie, treasurer. Mrs. L. B. Forbus is leader of the troop.

The girls have been working on their nature badge and studying salt water animals. Patrol A has finished their weaving, patrol B made a jewel box and patrol C has been working on needle craft. An exploring trip is being planned for the near future.

newspaper in the country to lend him encouragement would probably be The Daily Worker!—Ralls Banner.

Zant Brothers Have An Old Navy Six

Around at Zant Brothers Fix-it shop on west Main, one is able to see old guns ranging in age from Civil War time to now, including pistols. Working on guns is not their leading business. It is more of a side line as they are sign and neon men. But they are working over an old muzzle loading shotgun and a squirrel rifle for us, and we drop in occasionally to see how come.

But what we started out to tell was about an old Navy Six cap and ball pistol, a real old Civil War "hogleg" about 15 inches long. This old gun was found in a rather peculiar way in this area not so long ago. A man was hunting rabbits. He believed that one stopped near where he stood by a sizable mesquite bush, so he shook the bush to scare the rabbit for a shot. What was his surprise when the bush snapped off near the ground.

The man went on and picked up his rabbit, then returned to see why a usually tough mesquite broke off so easily. The bush had grown through the trigger guard of the old gun, which had gradually cut into the wood, greatly weakening it.

The Zants have about cleared most of the rust and have the brass of the trigger guard shining. Of course the handle or grip had long since rotted away.

ATTENTION, MOTHERS! If looking for a better remedy for Children's Chest Colds try Durham's Nu-Mo-Rub, the new Guaiacol-Campbor treatment. Remember—double the purchase price refunded if you do not find this Modern Chest Rub more effective —35c and 60c at Alexander-Gosdin Drug Co., Inc.

Local Lieut. With 24th Infantry Division

2nd. Lt. William E. Knox, of 401 Virgil Avenue, Brownfield, Texas, has recently been assigned to the famed 24th Infantry Division in Japan. The 24th, also known as the "Victory" Division, is currently occupying the island of Kyushu, third largest and southernmost of the Japanese home group.

The Lieutenant entered the Army from the Enlisted Reserve Corps in October, 1945. After serving at Fort Bliss, Texas and Camp Robinson, Arkansas, he attended Officer's Candidate School at Fort Benning, Ga. He received his commission as a second lieutenant in December, 1946.

Upon his arrival in the areas occupied by the 24th, Knox found the personnel quartered in modern steam heated buildings. Also, in an effort to make overseas life equal to that of a soldier stationed in the United States, the "Victory" Division has furnished its men with a highly organized recreational and athletic program.

Knox is a graduate of Texico

SGT. EARNEST GEORGE AT FT. SAM HOUSTON

Sgt. Earnest D. George, son of Mr. and Mrs. E. V. George, Rt. 1, Brownfield, Texas is assigned to the G-3 Supply Section in General Jonathan M. Wainwright's Fourth Army Headquarters.

WELLMAN 4-H CLUB MEETS IN CAFETERIA

The Wellman Gold Star Club met in the cafeteria February 4, 1947.

The house was called to order by the vice-president, Sue Burnett. There was a short recreational period. The secretary read the minutes and they were approved as read.

The meeting was turned over to Miss Helen Dunlap. She gave a demonstration on how to make a frame garden.

The 4-H club girls are going to race with the Home Demonstration women to see who can make the most frame gardens. The one that loses has to entertain the other.

Catherine Thomason was chosen to go with Patsy Anne Moore to Miss Dunlap's office to get clothing demonstrations. Marguerite Phillips is to go with Peggy Jones for the garden demonstration.

We had eleven new members and a very interesting meeting.
