### City Voters To Elect Three Aldermen

Elsewhere in this issue is given the official notice of an election to be held April 1st to elect three Aldermen for the city of Brownfield who will hold office the next two years.

The terms of M. J. Craig, C. J. Smith and R. L. Bowers, present aldermen, expire with this election. C. C. Primm and Troy Noel, as aldermen hold over another year.

The names of the three outgoing aldermen have been re-filed and will be on the ticket for reelection.

March 1 is the dead line in which to file names as candidates to be placed on the official ballot. Those wishing to offer some one else for alderman, must file their name with the City Clerk, by tomorrow, or they cannot be placed on official ballot.

Mrs. A. J. Stricklin, Sr., left Saturday for Brownwood to visit several days with her daughter, Mrs. Herman Trigg and Mr. Trigg.

### Local IOOF Lodge Forty Years Old

The membership of the Brownfield Odd Fellows Lodge, will celebrate their 40th anniversary, in their Hall here, next Tuesday night March 4th. They will have routine meeting and initiate several new members with formal degree team work.

This Lodge, which for several years has owned its hall on north side of square, was organized in 1907. It is not thought any of the charter members are living here now. The membership, of course is much larger now, and it is doing some good work in this section, especially among the oil field workers.

### FORMER LOCAL RESIDENT DIES AT LEVELLAND

Mrs. Betty Padgett, well known hotel operator, died at her home in Levelland Thursday of last week. Funeral services and burial there.

Mrs. Padgett and husband lived in Brownfield several years during the 1920's operating a hotel here. They had previously lived at Plains.

### Mr. Forrest Lay Speaker At Local Methodist Church

Mr. S. L. (Lamar) Forrest of Lubbock is to be lay speaker at the Brownfield Methodist Church Sunday at 11 o'clock. This is in observation of the annual Laymen's Day service observed throughout Methodism at about this time each year. Mr. Forrest is a successful West Texas business and civic and church leader. He spoke at the First Church Lubbock last Sunday and will be greatly appreciated here.

Laymen of the Methodist church are taking a very active part in the "Crusade for Christ" and have been largely responsible for phenomenal gains in church attendance in recent years throughout the entire denomination.

Mrs. Burton Hackney will preside at the Sunday Morning Service and Mr. Crawford Taylor will lead the congregational singing.

### Group Attends Drum And Twirler Clinic

A group of young people from Brownfield attended a drum and twirler's clinic in Abilene Saturday and Sunday. Groups from several towns met to learn new routines and to exchange ideas. Drum majors from the Abilene high school and the colleges there were instructors.

Attending from Brownfield were Sherry Harris, Von Forbus, Chuck Wilson, Dennie Ballard, Gilbert Nunn, Martin Line, Jr., and Mesdames Rebecca Ballard, Shorty Forbus and Martin Line.

### DISTRICT COURT CONVENES NEXT WEEK

A regular term of the district Court is scheduled for next Tuesday March 4th, at which time the Grand Jury has been summoned to assemble. While no important cases are on the docket for trial, it is thought the Grand Jury will have several cases to investigate, including the recent Culver murder case.

### Lions Minstrel Show Coming Soon

The Lions club is sponsoring a high class minstrel show next Friday night March 7th at the Legion Hall, for which they receive liberal part of proceeds to be used in benevolent works about town. It is said to be quite a hit in cities where staged.

Committees have been appointed to make all arrangements.

This West Texas district, with our Frank Jordan as Governor, led the Nation in new membership during January and Brownfield led the district.

Over 63,000 World War II veterans are studying farming right on the farm under two Federal laws administered by Veterans Administration.

### Church Overcrowded Holds Two Services

When in the course of human events it becomes necessary for them to swarm and seek enlarged quarters, that is the thing to do. In the case of the church of Christ meeting at Main and Third, that should have been done three or four years ago, but at that time we had a war to fight, and building material for church houses was out.

But as soon as the war was over, the officials of the congregation wasted no time in getting started on a modern and large plant on Crescent Height, by which name the congregation will go when their new plant is finished. In the meantime, it was deemed best to have two full time programs each Sunday morning in order to seat the communicants. One of them is at 9:00 the other at 11:00, with Bible school between them at 10 a. m. Only one service at night.

This is rather hard on the minister, F. I. Stanley, but he is young and healthy, and believes he can stand up to the work, which includes preaching for some of the rural congregations Sunday afternoons, not to mention his work with the young people at 6 p. m., the Ladies Bible class on Tuesdays and the congregational mid-week services on Wednesday nights.

Therefore the congregations rejoice to see their plant gradually rise from the foundations, consisting of brick, tile and steel, with a large auditorium and a lot of class rooms. They jubilantly await the day when they can "move in."

### Congratulations To:

Mr. and Mrs. Earl Caswell of Route 5, on birth of a daughter, February 19 weighing 7 lbs. and 15 ounces. The baby is named udy Marie.

Mr. and Mrs. Posey Smith of Tatum, N. M., on birth of a son February 21 weighing 6 lbs and 13 ounces. The baby is named Billy Dick.

Mr. and Mrs. L. T. Brinson on birth of a daughter, Feb. 21 weighing 6 pounds and 13 ozs. The baby is named Doris Ann.

Mr. and Mrs. D. C. Carrol of Meadow, on birth of a son Feb. 24, weighing 7 lbs. and 5 ozs. The baby is named Don Keith.

Mr. and Mrs. D. C. George, of Rt. 1 on birth of a daughter, Feb. 25, weighing 8 lbs. and 5 ozs. The baby is named Jo Ann.

Mr. and Mrs. W. T. Hollifield, of Seagraves on birth of a son, Feb. 25, weighing 9 lbs. 14 ozs. The baby is named William Earl.

Mr. and Mrs. E. W. Hutton on birth of a daughter Feb. 25 weighing 7 lbs. and 3 ozs. The baby is named Gale Elizabeth.

### Livestock Breeders Form Temporary Organization

At the first meeting of the Terry County Pure Bred Livestock Breeders, held last Saturday, a temporary organization was formed, and election of a temporary chairman and directors. Another meeting is called for Saturday, March 1, at 2:30 P. M., at which time a permanent organization will likely be formed and a full corps of officers elected.

The temporary organization elected Virgil Burnett, chairman, and A. B. Buchanan, Herman Wheatley and S. W. Duffy, temporary directors. The following men are to head different breeds of animals:

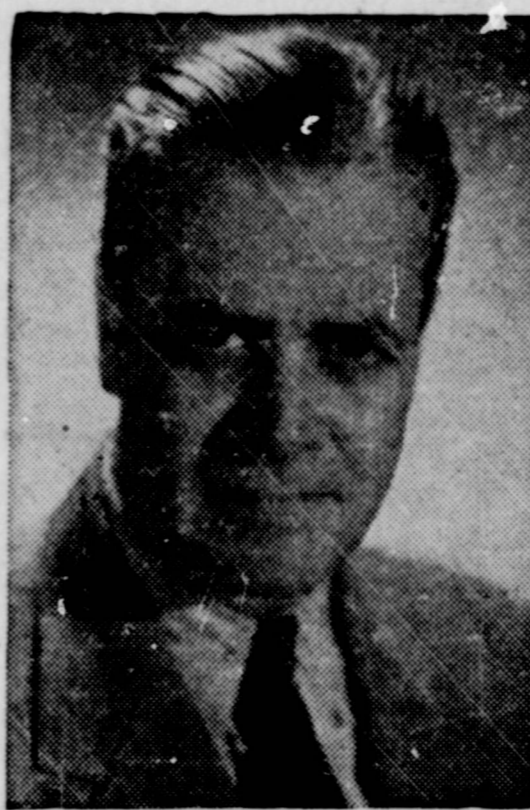

Cattle Division — Herefords: Hardin Joyce and Rex Headstream; Guernsey, A. B. and W. E. Buchanan; Angus, Jordan Newson and Money Price; Jersey, L. A. Winningham and R. H. Castleberry; Milking Shorthorn, Kelly Sears and Carl Golden.

Swine Division — Durocs: Glen Mason and Harmon Scales; Berkshire, A. D. Wenzel; Spotted Poland, S. W. Duffey and Raymond Green; Black Polands, Homer Barron.

### Supt. Elected For G I School

The County Board of Trustees met last Saturday afternoon and selected Rodgers Lindsey as co-ordinator of the G. I. Vocational school now going on here. He will also teach classes. He will have a secretary occupying the office recently vacated by the Home Demons ration agent near the County Superintendent's office in the Court House. Quite a number of GI's are taking these courses in agriculture and vocations, being sponsored and paid for by the Federal government.

### MICHAEL FIELDING TO SPEAK HERE MARCH 5 AT ROTARY INSTITUTE

Michael Fielding

Michael Fielding, of Chicago, Ill., will be the next speaker at the Rotary Institute which will be March 5th at the Rio theatre.

Mr. Fielding's subject will be "Getting Together in Europe" and he is well qualified to speak on such a topic because of his background. He is a world traveler, journalist and radio commentator. He was born in India, living there a total of 18 years and received his education at Stoneyhurst College, England and Gymnasium, Colburg, Germany.

As a captain in the Indian army in World War I he saw service in Mesopotamia. After Armistice he served in three campaigns on the Near East Frontier. During the last twenty years he has taken many extensive trips to Europe, the Near East and India.

Before becoming a commentator and news analyst, Mr. Fielding was a "by-line" feature writer for the Chicago Daily Journal and later the Chicago Tribune.

Mr. and Mrs. A. W. Thompson of Coahoma are in town Tuesday visiting friends and relatives. They were enroute home from a three week stay in Hot Springs, New Mexico.

### Assistance To Old Age And Needy Blind To Increase

The Brownfield office of the State Department of Public Welfare has completed a desk review of all Old Age Assistance and Aid to the Needy Blind Grants following action of the State Legislature in making more State money available for assistance, Miss Kanna Stephens, Field Worker of the local office, announced today.

Adjustments are being made on all cases where increases are justified. The increases will be made in the checks for the month of March.

Miss Stephens pointed out that a blanket increase on all claims will not be made but that the standard food chart figures have been upward in accordance with the per centage of advance in food prices since the time of the last cost survey some two years ago. The number of persons in a family depending on the aid benefits will also be taken into consideration, Miss Stephens said.

Raises will range from \$1 to \$3 per month. The local office by working overtime last week was able to make adjustments on all claims. It, therefore, will not be necessary for individual recipients to have to come to the office.

Mrs. S. T. Miller was in recently to renew and remarked that the Miller family had taken the Herald longer than they had been in Terry county, as they read it for two years in Haskell county before moving here some 30 years ago.

Mr. and Mrs. Harry Bennett of Lubbock visited Dr. and Mrs. Gordon Richardson Sunday.

Mr. Billy Higdon left Saturday to see the national Golden Gloves tournament.

When a fact as a fact is pretty well established in the minds of all sane people of the community why should it be deemed necessary to go into details and discuss at length the merits of the question? Why waste anyones time arguing the matter? To our minds no solicitor for Red Cross funds should have to make a long spell about the question of good points of the Red Cross. That takes precious time, that should be spent at something not so well understood.

But year in and year out, it appears that a campaign of education and solicitation must be sustained for a couple of weeks in each and every community in the good old United States to tell people why their dollars are needed by the Red Cross. It appears just as insane however, as to have to

At 3 p. m. Thursday afternoon, Herbert Chesshir reported that \$600 of the \$6,000 quota had been reported. However, he added that only a few of the local workers had reported and none of the communities. Red Cross workers are lamenting the lack of enthusiasm but expressed hope Terry County will reach its quota.

beg and plead with a strong, healthy, hungry man to go to a well laden table of food and eat.

So, the Herald is going to cut its spell short this year. If you have had no personal experience with Red Cross, count yourself lucky that you did not need it. But all know of some community or some person who did need Red Cross and need it badly—and get the help and right now.

We figure the people of Brownfield and trade area are on par with the best people anywhere in intelligence. They read; they talk with others, perhaps their own sons or daughters who were in the service. They know that Red Cross does not have to be begged or enticed to help them when the going gets tough with individuals or communities.

So, why have to tell you and you that you are duty bound to donate to Red Cross? You know already. When the solicitor visits your place of business or your home, don't wait for a long plea for funds. You already know all about the matter. So just shell out and let the solicitor get on to the next man or woman.

### Tickets Now On Sale For Lunch, Program

For the convenience of the public, tickets have been distributed to all drug stores in the city for the program and luncheon "Breakfast in Hollywood" which is to be held at Veterans Hall Friday evening at 7:30 sponsored by the First Christian Church. The price is \$1.00, proceeds of which are to go for improvements at the church.

The part of Tom Brenneman is to be played by Mayor Frank Jordan, with John Butler, the announcer, with Mike McCord in the part of Bobbie Philipino. Jeff Farley is playing the part of Uncle Corry.

Prizes will be awarded to the "Happiest Married Couple" as well as the "Good, Good Neighbor," as sponsored by newspapers of the city. Prizes will also be awarded to the person coming the farthest and to persons with other distinctions.

A program of wholesome entertainment is planned for all. Everyone is urged to attend and enjoy the fun.

### ATTENTION CUB SCOUTS

There will be a meeting of the Cub Scouts at the Presbyterian church Monday evening at 7:30.

All boys between the ages of 9 and 11 who are Cubs or want to be Cubs should be there to register. To register the boys must be accompanied by one parent. Registration fee is fifty cents.

Mrs. E. R. Reynolds, of Abilene left the latter part of the week after a two weeks visit in the home of her daughter, Mrs. Raymond Reynolds.

### TOM ADAMS LOSES CLOSE DECISION TO OHIO FIGHTER IN GLOVES BOUT

Wednesday dailies informs us that Tom Adams of this city, after winning the light heavy weight championship at Lubbock in district fight, and went on to win the State at Ft. Worth, was decided at Chicago National Golden Gloves, Tuesday night by a Columbus, Ohio fighter by the name of Tucker. Tom was out-pointed in the first round, and his opponent was ahead in the second when Tom uncorked a right that hurt Tucker, but the bell saved him. Tom was the ag-

ressor in the third, but Tucker won on points, by a close decision.

But speaking of Tom a close neighbor of the Adams family told us this one when Tom was a very small fry: Tom was out riding his stick horse which became "frightened and shied." The story goes that Tom yelled whoa! you (\*)!@ —but about that time, Mrs. Adams who has an unusually acute ear, nabbed Tom by the nap of the neck and led him into the house. Whereas, the iron curtain then fell on a household scene.

The above is a picture of the \$250,000 proposed girl's dormitory at Plainview. Committees are now soliciting funds for this building.

One of the most disturbing things to come up in Washington since the GOP turnover last fall, is the confirmation or rejection by the US Senate of Mr. Lillenthal to head the atomic commission. From some of the talk we hear about him, he is as white as the lily. Others paint him as a red sympathizer, or at least on the pink order. To most Texans, even a pink has become so disgusting that we no longer like our own pink grapefruit. But with all that fuss coming out of Washington, we the people at this distance have to guess what is behind all the racket. We don't believe that it is a development of utility magnates that is opposing his confirmation. We rather think the whole thing hinges on jealousy, and that old Senator McKellar of Tennessee is behind most of the fuss and opposition. But let us remember the old saw: "Where there is so much smoke, there has

been some fire." Personally we had rather have at the head of our atomic commission a man that all of us believe has never at any time consorted with reds, pinks or fellow travelers.

Robert Quillen who has a daily column in the Star-Telegram and perhaps other dailies, is one of the very few columnists that can mention the south or any portion of it without in the same breath breathing out slaughter or sarcasm. In other words Quillen regards all parts of the United States as a part of the union, and that all have their rights and their day in court. If we were running a daily, we would yank out a lot of those birds that regard the south as their special target, and this includes Drew Pearson. Yep, we might lose a few subscribers, but we believe we would gain more. In one of Quillen's recent articles the following statement caught our attention very vividly: "Rayon cannot replace cotton's 200 million dollars worth of shortening, stock feed, salad oil, margarine, and soap." While the above is the gospel truth, the south and friends of cotton must never let down on experiments to step up the usefulness of both the cotton fibre and the bi-products of cotton.

Let's don't forget the Red Cross during the drive, and be just as liberal in our donations as possible. We should not even have to be reminded of this duty, for we know or have read of many incidents in which Red Cross really played the roll of Little Mother. Sometimes the year in and year out recommendation we have to make of Red Cross to put the drives across, sounds just like having to recommend the church of Jesus Christ as a good institution, or ham and eggs as a good meal, a bank account and insurance as good self protection. By this time with our own experience and with the return of some 10 million young men from the service, who used Red Cross more or less, and with accounts almost monthly of its aid to communities that have experienced calamity, it looks like Red Cross would not have to be talked up each year. What do you think?  
Next Tuesday, March 4, the lo-

cal Odd Fellows will celebrate their 40th anniversary here in Brownfield. The writer is not quite sure that there is a living man who belonged to this lodge when it was chartered; there may be. We know at least two here now who were members around 38 years ago. Anyway, the boys of the FLT together with their wives, are to celebrate, we understand with some refreshments, and perhaps a few short talks.

There has been considerable criticism of the manner in which the legislature stalls around during the first of the session and then rushes during the final days trying to get through. As a result many errors creep into bills. The intent of the constitutional amendment which increased the legislative session of 120 days was correct, but the practice is wrong. In theory, the weekends are set aside for committee hearings on pending bills. That is a good practice when it works. Unfortunately all members of the legislature who live within easy distance of Austin go home for the week end. As a result committees are crippled so that little or no work can be accomplished. Those who live at a distance cannot go home. Various attempts have been made to correct the evil, by paying members only for days when they answer roll call. Unfortunately members of the legislature object to punching the clock in order to draw their pay.—Canyon News.

In opposing the confirmation of J. B. Doly of Amarillo as federal judge of the West Texas district, recently appointed to the position by President Truman. Sen. Lee O'Daniel last week made some bitter statements which are calculated to widen the breach between himself and all the Roosevelt admirers in this state. Stating that he had voted for the "Texas Regulars" Presidential electors and against those appearing on the regular Democratic ticket last fall, he is quoted as saying further that he opposed the confirmation of Mr. Dooley because Dooley was a "New Dealer," and "all New Dealers" are obnoxious to me," he continued. He also bitterly attacked President Truman and dubbed Dooley as a "Quisling of the New Deal dynasty." If O'Daniel feels that way toward all New Dealers, we don't see how he could expect any New Dealer to vote for him when the time comes for a United States Senator to be elected again. Evidently he has made up his mind not to run again, otherwise he is courting certain defeat. Lynn County News.

## SLOPPING THE FOLKS

When the soyben producers of the Mississippi valley could not market their beans to the auto and other plastic manufacturers, a yelp for help went up. Some fields were owned by the plastic people direct. What happened? The beans went to the bad. Then what happened? They were 'dehydrated' and ground into soybean flour. What next? That soybean flour was mixed with the wheat flour and the American people had to eat it. There never was a shortage of wheat. It is really patriotic for the folks to eat what ordinarily would have been fed to hogs, and they did it so much quicker because there "is" far more patriots than hogs and the loss was made into a gain in a few months.—Clarendon Leader.

Jack Gibson, a Page in the State Senate at Austin, was here last week end visiting his parents, Jack is taking a few hours schooling between working hours and getting some interesting experience.

**THE WORLD'S GREATEST SCHOOL FOR LEADERSHIP**

The Army Ground Forces soldier is famed for his ability to carry out any assignment with resourcefulness and initiative—the qualities that make leaders in civilian life as well as the Army. The Ground Forces not only teach you leadership—they equip you with fine job training to go with it. In peacetime, the Army is a gigantic school-going organization—with training available in many skills and trades. Courses offered range all the way from automotive mechanics to welding—designed to help you find the work you like and do best. Increased Army pay scales are now in effect, and you receive 20% additional pay for overseas service. Thousands of outstanding young men, able to meet the new higher standards required, are enlisting in the Regular Army. They are beginning interesting, useful careers by learning leadership along with special skills. Visit your nearest U. S. Army Recruiting Station for details.

### HIGHLIGHTS OF REGULAR ARMY ENLISTMENT

- Choice of any branch of service which still has openings to be filled and of certain overseas theaters which still have openings, on 3-year enlistments.
- Enlistment age from 18 to 34 years inclusive (17 with parents' consent) except for men now in Army, who may reenlist at any age, and former service men depending on length of service.
- Educational benefits under GI Bill of Rights for men who enlist before official termination of war and remain in service 90 days or more.
- Family allowances for dependents of men enlisting or reenlisting continue until 6 months after official termination of war.
- Enlistments for 1½, 2 or 3 years. (1-year enlistments permitted for men now in the Army with 6 or more months of service.)
- Option to retire at half pay for the rest of your life after 20 years' service—increasing to three-quarters pay after 30 years of service. All previous honorable active federal military service counts toward retirement.

## SIDELIGHTS From Washington

BY GEORGE MAHON

I was rather pleased to read in a Texas newspaper today that George Mahon is one of the hardest-working men in Washington these days. I don't want to enter into a controversy with the press and cannot therefore deny the statement.

Speaking of denials, we were having a hot argument in the Joint Senate-House Budget Committee the other day when Congressman Knutson, a blustery Republican leader, shouted that if the Republicans didn't do so-and-so they could be rightfully accused of talking through their hats for the last 10 years. Senate Democratic Leader Barkley of Kentucky spoke up quietly and said, "Well, I would like to say to the gentleman that I am in no position to deny that."

My main work lately has been in connection with the effort of Congress to slash the budget and reduce government spending, an essential requirement for our national well being. As a member of the Joint Senate-House Committee to do the spade work on the job and report to Congress, I have attended all the meetings. At the final meeting last Friday, I voted against the 6 billion dollar cut which was proposed and approved by the Committee. I made a speech in opposition to the action of the Committee, asserting that the Republican members had concealed from the Congress and from the American people the facts and figures as to just where the cuts were to be made. I said that the report would be meaningless and ineffective unless backed up with an itemized list of the major cuts. Senator Taft agreed with me on this point and to demonstrate his good faith, he himself gave some specific figures as to where he would support certain reductions, but the figures were inadequate and inconclusive. As to the Armed Forces, he thought a cut of one billion dollars would be in order. My thought is that some cut in military appropriations can safely be made, but not that much. Cuts in military should be made in civilian personnel and in Army construction, but not in such things as military personnel, research and development, and aviation.

At any rate, it is estimated by those best acquainted with the facts that if the 6 billion cut actually goes into effect, the Army and Navy will be decidedly reduced, the Federal road program will be curtailed, the school lunch program for next year will be abolished, the administrative expense of the Veterans Administration will be reduced by 200 million dollars, AAA payments already committed will be reduced by 100 million dollars, authorization of REA loans to local Co-ops will be reduced by more than 125 million dollars, the Soil Conservation Service will be pared down, support prices for agricultural crops will be jeopardized.

The Department of Agriculture on a per centage basis would take the most drastic cut of any agency. I have said to my colleagues here that Government economy was in the interest of Agriculture but that it was poor economy to try to balance the budget cut of the hide of the farmer, and I could not go along with the Republican sponsored plan for Agriculture.

In the meeting last Friday, 102 Members of the House and Senate were permitted to participate. We made a motion to permit members of the press to listen to the proceeding so that a full report could be given to the people. The motion was voted down. A motion was made that 3 billion dollars of the 6 billion dollar expenditure reduction be applied on the public debt. This motion was likewise voted down. Senator Barkley, on behalf of three Members of the Senate, and Cannon, Doughton, and myself of the House offered a motion that no income tax reduction be considered by Congress until we had passed the major appropriations bills through the House and had actually demonstrated that the proposed savings would be made. This motion was likewise rejected.

The whole controversy has now gone to the floor of the House and Senate. It will be confusing to try to follow this controversy. But I hope that many needed economies will be made and Government spending reduced, without the impairment of essential

## Residential Garage Burns Down

A small garage, at the rear of Mrs. Jessie G. Randal's home, just east of the school grounds on East Main street was totally destroyed by fire of unknown origin, Monday forenoon. Mr. O. S. Cobb, who had just returned from California, lost a small trailer full of household goods and family clothing which were stored in the garage. Approximate loss of \$500.

Mrs. Randal also lost a lawn mower and many garden tools stored in it. The building was a mass of flames when discovered by a neighbor. The fire department quickly responded, saving the other nearby buildings.

### TRY A HERALD WANT AD

Government operations. Everybody wants to cut expenses and reduce taxes. The argument comes over the extent of the cuts and where they are to be made.

The Bureau of the Budget has recommended the spending of 37-1-2 billion dollars next year, but Congress thinks that's too much and we feel the people agree.

One day last week General Omar Bradley came down and said he needed 2 billion dollars in additional funds for the Veterans Administration. We are going to provide part of the money now and more later when he needs it. The OPA has 14,000 employees and plans to spend 28 million dollars for operating expenses between now and July 1st. But we are asking Congress to reduce this expenditure by one-half, recapturing some of the funds appropriated for OPA before the President lifted most controls last November.

One of the Members of our Committee said he got a letter from a man in his District in Missouri a few days ago which began like this, "I'm so mad at the OPA that I am shouting to my stenographer as I dictate this letter."

As this session of Congress gets under way, clashes between Democrats and Republicans become more pronounced, but this is understandable because we live in a Country where men in and out of public life are permitted to have different opinions and freely express them. This is unlike Russia where Joe Stalin in his District recently was elected by a vote of 110,691 to nothing.

## More Hospitals If Insurance Popular

Recently we heard a prominent citizen state that he would help vote a bond issue for a real first class hospital here. The question then came up about a staff even if the hospital was built—and that is the rub. About half the hospitals we already have are under staffed, both by physicians and surgeons, as well as trained technicians, nurses and dieticians.

Here is another thing we are confronted with, and which will bring on more discussion, and that is so-called socialized medicine. Most of us who are able to pay for our own services, and who like to choose the physician as well as the hospital we will patronize, do not like the prospect of having some one else tell us what we can or cannot do.

Then most of the counties that have voted bonds and had the help of the government, say that the government red tape is almost uncuttable. Aside from that, the cost to each county is prohibitive. Take a rich, populous county for instance, like Navarro. They have tried this route, and the commissioners court have found that is very expensive for the services rendered. In other words, no county or city officials want to be responsible for anything so expensive to start and keep going.

### What About Hospital Insurance?

Another thing that is glaring people right smack dab in the face and that is hospital insurance. They may have had hospital insurance for years, the best that money can buy, but lots of times they cannot get admission to a hospital. So, why go to the expense of carrying hospital insurance of you cannot get a hospital bed when and if you need one?

In the meantime, a call for a physician to come to see you out ten, twenty or thirty miles is all washed up. It just is not being done any more. Take our local hospital, most of the time it is full up with every bed taken and more wanted. And it is generally understaffed with help to care for those in the hospital, even with over hours work.

More doctors, dieticians, technicians and nurses must be trained to staff more hospitals before they are built, and that is a long hard and expensive road to travel.

## Animals, Spreaders Of Foot And Mouth Disease

The outbreak of foot-and-mouth disease in Mexico, with its resulting threat to the United States has caused USDA officials to repeat the warning that this livestock plague is highly infectious and spread chiefly by animals.

The next most common carrier of infection is persons who visit infected premises, the officials say. A third source of danger comprises infected vehicles and products of various kinds, including garbage that contains fresh meat.

These conclusions are based on evidence obtained from October, 1914 to May, 1916, in the most widespread outbreak of the disease in this country. At this time more than 172,000 animals in 22 states and the District of Columbia were infected. Probable sources of infection were determined in more than three-fourths of the cases.

During that major outbreak approximately 1,600 herds were thought to be infected by animals brought onto the premises from infected stockyards, stables, or pastures. In a few cases dogs and other small animals were identified as carriers. A total of 672 herds were infected by persons. Other known sources of infection that accounted for 411 of the remaining cases were infected stock cars, contaminated feed and drinking water, infected highways, and miscellaneous causes.

Mr. and Mrs. Ray Hailey and Mrs. Jessie Machen spent the week end in Seymour visiting relatives. Mrs. Machen remained for a longer visit.

## Health Department Aids Crippled Children

In an effort to familiarize every person in Texas with the services offered by the Crippled Children's Division of the State Health Department, Dr. George W. Cox, State Health Officer has released the following statement:

Every crippled child in Texas, under 21 years of age, and of normal mentality whose parents are unable to pay for needed care, is entitled to assistance from this Division.

Crippling conditions which may be treated are Infantile Paralysis, Osteomyelitis, Club Feet, Harelip and Cleft Palate, Burns, Curvature of the Spine, Arthritis, Bow Legs, Rickets, Tuberculosis of the Bone, Flat Feet, Congenitally Dislocated Hip, Muscular Dystrophy, Supernumery Fingers and Toes, Wry Neck, Elephantiasis, Spina Bifida, Brachial Palsy, Pott's Disease, Congenital Anomalies, Spon-

dylisthesis, Amputation, Webbed Fingers, Epiphistis, and Sarcoma.

Assistance may be obtained by applying to the Crippled Children's Division, Texas State Department of Health, Austin, or by placing an application through an established city or county health unit.

Full information about local groups and organizations throughout the state who are anxious to

assist crippled children to establish their eligibility and receive proper care, may be had by writing for a pamphlet, "Handbook on Agencies." Address Crippled Children's Division, State Department of Health, Austin 2, Texas.

Mr. and Mrs. Jack Griggs spent several days this week in Monahan attending to business and visiting Mr. Grigg's mother.

# We Ran Slap Dab Out Of Papers

By Saturday morning we were slap dab out of Herald's, and they were still coming in after copies, and in several instances we had to take yearly subscription with the delivery date to start this week. Of course we had to keep several for files, tear sheets, etc., and those who just had to see a paper, were allowed to examine them in the shop.

This came about by one of the staff getting a gom of ink on the form rollers, ruining a number of papers, and then to, there was a great lot of new readers added last week. Many came in personally and had their names added, and some of the HD clubs, particularly the Gomez HD, did some good work. Also the regular circulation representative, Mrs. Lester McPherson.

The Herald is very sorry that we were not able to supply all a paper that wanted one the past week end, and hope it does not

## A LITTLE MIXED UP

The justice of the peace in a small Southern town had to hear and judge cases that were brought before him, and he also performed occasional marriage ceremonies. This made it difficult for him to disassociate the various functions of his office. During the course of a wedding service one day, he asked the bride: "Do you take this man to be your husband?" The bride nodded emphatically. "And you," said the justice, turning to the bridegroom, "What have you to say in your own defense?"

Mrs. J. R. Wright and her mother, Mrs. Delia Aycock left Thursday of last week for a months visit with relatives and friends in Houston and Alexandria, La.

happen again. But we do want to add this: Each and everyone took it good naturedly, and all seemed to know that papers are just not printing a lot of extras to be wasted these days.

Come again folks, and better luck next time, and thanks for your patience.

Determined to make Texas a national bulwark against invasion of the foot and mouth disease from across the Rio Grande, Gov. Beauford Jester's first day in office saw him call for, and receive, emergency action by the state legislature.

When Gov. Jester signed an emergency appropriation bill he set in motion a program engaging full resources of all available state agencies, and supported by all allied interests.

Realizing that such a program required full support from the national government, Gov. Jester immediately laid the problem before authorities in Washington, including President Truman, with an urgent request for quick action intended to forestall

an epidemic which would result in "an economic loss of millions of dollars if this disease gains a foothold in Texas."

Without waiting for assistance from Washington, all Texas agencies have been thrown into the critical fight against the threat of disaster to the nation's livestock industry.

Pictured above with Gov. Jester (seated) when he signed the bill are, left to right: Rep. O. E. Cannon, Corpus Christi; Rep. S. J. Isaacks, El Paso; Sen. James E. Taylor, Kerens; Sen. Jimmy Phillips, Angleton; Rep. Tom Martin, Fredericksburg; and Roy Loventhal, chairman, State Livestock Sanitary Commission.

# The Old He Has A Bragging Spell

The Old He has been a Texan now about 47 years and that is plenty time to get right in the big middle of "Texas Brags." During the past year we disgusted a number of readers in telling them of our rich kin and near kin here and yon, in Texas, California and other places. Now hold your breath, we are going to tell you about a kinsman that has gone places and is listed in Who's Who of America for 1946-47.

We get our information from the Bolivar (Tenn.) Bulletin about John Hall Jacobs. He is the son of Mr. and Mrs. Rom Henry Jacobs of Middleton, Tenn., and was born in 1905, and married in 1936. The Old He is kin from the mother's side. His grandmother, a Hammons, and our mother, were first cousins, we think, and that would make John Hall and the Old He about 4th cousins.

Well, that is very little kin you sarcastically remark: OK, we'll just approach from the other side of the house. Our niece married John Hall Jacobs' first cousin, Wick Jacobs, whose daughter, Miss Elizabeth of Memphis, visited us last summer. You sneeringly remark that would be only kin by marriage. OK, but next time we are in New Orleans, we aim to drop by and see what's cookin'.

What did he do?—to make who's who? in the first place he holds degrees from half a dozen universities, with public libraries his major, it seems. He was a naval commander during most of the war, helping to train our naval personnel in the reserve officer's division at both the Louisiana

## A Labor Program Fair To All

The Brookings Institution has published an objective, inclusive study on the labor question. Its conclusions may be summarized in the following eight points:

1. In the public interest, industry-wide bargaining must be prohibited and made an offense under the antitrust laws.
2. Existing restrictions on the employer's right of free speech in labor disputes should be ended.
3. Discrimination against workers who do not desire to join a union—which is the essence of the closed shop principle—should be removed.
4. Organizational strikes should be penalized.
5. Sympathetic and jurisdictional strikes and secondary boycotts, should be prohibited.
6. Collective bargaining should be made mandatory for both employers and workers. At present, only the employer is required to bargain collectively, and unions are free to do whatever they please.
7. The conciliation service should be placed in an independent agency. At present, it is part of a department which is expressly charged with promoting the interests of labor and which is not unprejudiced.
8. The National Labor Relations Board, which now acts as both judge and prosecutor, should be abolished. A true judicial body should take its place.

There is nothing in this which threatens labor's rights. There is nothing to prevent unions from freely recruiting members—and there is nothing which will stand in the way of quick and honest settlement of wage and other disputes. It is the kind of program which is necessary to protect the public against abuses which endanger the public health and welfare—and the worker against union czarism which refuses the right to work to a man unwilling to pay tribute.

## Tokio

Mrs. R. L. Stallings of Rt. 4, is able to be at her home again, after a seige of sickness in the hospital.

A very successful meeting closed at the Baptist church, Tokio, last Sunday, with several additions to the church, by baptism letters and statements.

Roach Perry, son of Mr. and Mrs. G. C. Perry, of Tokio is home again. He was in the Marines for several years.

Work on the Community Building is progressing nicely. The Community, as a whole, show a lot of interest in it. The committee plan a box supper in the near future.

## SHORT STAPLE COTTON MAKES GOOD TOWELING

LUBBOCK, Feb. 20. A new use for short staple West Texas cotton in the manufacture of terry toweling is being developed by the Cotton Research Committee of Texas, located at Texas Technological College, according to Herbert E. Kieke, committee superintendent of textile research.

Towels manufactured in the committee laboratories are about one-third more absorbent and are superior on abrasion tests than other towels tested, which were presumed made of long staple cotton yarn, Kieke said.

## Scholastic Census To Be Taken in March

The annual scholastic census will be taken during March to begin on the first. All children who will become six years of age before Sept. 1 and not have passed their 18 birthday by Sept. 1 are eligible. The money appropriated to run the schools is based on the number of scholastics. School authorities urge every one to register their children's names to the teachers or superintendent of their schools at once.

That long, clean, sweeping-all-the-way-through fender line is as much a "must" with the style-wise as white tie with tails.

There's the sparkle of bright, fresh colors—the rich sheen of chaste chrome—the sleek, slick, able look of an express cruiser, shined and polished for Regatta Day.

But is this the only way in which Buick's smart? Not by a barrelful!

Look at the engine room in that bonnet—that means torrents of Fireball power to put the lift of a lifetime in every mile.

That hug-the-road look means steadiness always—and cushiony coil springs on all four wheels spell serene disregard of any road's rude jolts.

Look at the width amidships that gives you lolling room both front and back—and at push-button controls that not only raise and lower the top, but move door windows up and down and the front seat back and forth.

And look deeper. At engines so fine-made they keep their new-car liveliness seemingly forever. At stout metals and sturdy underpinning, at husky, curl-around bumpers,

MR. AND MRS. C. G. GORE CELEBRATE GOLDEN WEDDING ANNIVERSARY

The children of Mr. and Mrs. C. G. Gore were hosts and hostesses at a tea Sunday afternoon, February 23rd, honoring their parents on their golden wedding anniversary.

The table was laid in net over gold satin scattered with festoons of yellow jonquils and acaí fashioned on lace. An elaborate three tiered wedding cake centered the table flanked by triple gold candelabra and yellow rose buds. A bouquet of yellow rose buds with triple gold candelabra on either side made a beautiful background on the buffet, over which a huge mirror hung, reflecting the entire scene.

Yellow flowers and gladioli filled the entertaining rooms.

Guests were received by the children of Mr. and Mrs. Gore and Mrs. Sam Teague, granddaughter of the honoree, presided at the book where 250 guests registered.

Guests were shown through the rooms where the many gifts were displayed by Mmes. Carter and Jake Gore.

Spiced tea and cakes with the

children of Mr. and Mrs. C. G. Gore were served from a gold tea service by Mrs. Crede Gore and Mrs. Bertha Gore of Estelline, Texas, a sister of Mrs. Gore. Assisting in the serving were Mmes. Alfred and Bill Gore.

Mrs. Gore wore an aqua alpaca dress with a corsage of yellow rose buds. Mr. and Mrs. C. G. Gore, both of Tennessee, were married on Hall county in 1897. Mrs. Gore was the former Minnie O. Tarwater. Mr. and Mrs. Gore have ten children: Chester, Crede, Keith, Jake, Bill, Alfred, Mrs. J. T. Bowman all of Brownfield, Mrs. Harry Cornelius of Ruidoso, N. M., Mrs. Cecil Casey and Mrs. Ollie Bruton of Lubbock. There are eight grand children and one great grand child.

Out of town guests were Mr. and Mrs. T. J. Cope and Mrs. Bertha Gore of Estelline, both sisters of the honoree, Mr. and Mrs. Pink Mitchell, Mr. and Mrs. White, Mrs. Mertie Blackshire and Clyde Anderson all of Lubbock and Mr. and Mrs. Ezell Clark of Ruidoso, N. M.

Walker-Hamilton Vows-Read Saturday

Mr. and Mrs. Houston Hamilton, of this city announce the marriage of their daughter, Retha Belle to Clayton Walker, of Dallas, son of Mrs. Lee Walker of this city.

The couple were united in marriage by Mr. F. I. Stanley, minister of the Church of Christ, at the church parsonage, Saturday Feb. 22nd, at 10:45 A. M. in a single ring ceremony.

The bride wore a suit of white wool gabardine with blue blouse and black accessories. Her hat was a white off the face model with a black veil. Her corsage was red camellias. For something old she wore a watch belonging to her mother. She carried a white lace handkerchief belonging to Mrs. Johnny Cabe for something borrowed. She wore a penny in her shoe for luck.

After a dinner in the home of the bride's parents the couple left for Dallas where they will make their home at 2930 Seever St.

Mrs. Walker was graduated from the Brownfield high school in 1944 and has been employed by the Piggly Wiggly store for the past three years.

Mr. Walker was graduated from the Gomez high school and spent 2 1-2 years in the Marines. He is now employed by a building contractor in Dallas.

MRS. WALTERS NAMED HONOREE AT PARTY

Mrs. Loren Walters was named honoree when Mmes. Wayne Brown, Martin Line, A. S. Mangum and Jack Benton entertained for her Tuesday afternoon in the home of Mrs. Brown. Games of bridge furnished diversion. The honoree received a beautiful linen handkerchief and Mrs. Line received travelling.

A salad plate was served to Mesdames W. C. Brown, jr., Crawford Burrows, N. T. House, Mike Blair, the honoree and hostess.

BRIDE-ELECT NAMED HONOREE AT SHOWER

Miss Cathrine McMillian, bride-elect of Frank Gurtler, of Odessa, was named honoree at a breakfast and shower Monday morning by Miss Mildred Eubank in the home of her parents, Mr. and Mrs. Bill Eubank. The guests presented the honoree with personal gifts.

Yellow jonquils centered the breakfast table and places were laid for Mmes. Bettye Smith, Mary Nell Diffey, Roger Heinrichs, Marie McMillian, Lois Harris, Bill Eubanks, Misses Audrey and Minnie R. Foster and the honoree and hostess.

MRS. TRULY HOSTESS TO LA FIESTA CLUB

Mrs. C. L. Truly was hostess to the La Fiesta Club with two tables of bridge Wednesday evening of last week. Mrs. W. O. Schellinger scored high, Mrs. Cotton Neely, second high and Bingo and Mrs. Terry Redford, travelling and Bingo. Mrs. C. W. Hafer received high for guest.

A sandwich plate with coffee was served to Mmes. C. W. Hafer, Terry Redford, Cotton Neely, W. O. Schellinger, George Germany, Kenneth Hill, Tom Harris and Ralph Ferguson.

WHAT THE SCOUTS AND BROWNIES ARE DOING

Troop 6 of the Brownie Scouts under the leadership of Mrs. Herman Chesshir met at the Methodist church Feb. 12 and hiked to the home of their leader where they enjoyed playing out door games. Upon their return to the church they were pleasantly surprised by finding a plate of cookies that had been placed there by Troop 7, which is under the leadership of Mrs. J. L. Newsom. Seventeen were present.

The troop met Feb. 19th at the church and made table doilies using crayolas to color the designs in them. Fifteen were present.

Girl Scout Troop No. 2, met with Mrs. Forbus Friday, Feb. 21 at the Presbyterian church.

## Union News

Mrs. Lanious sponsored the assembly program Friday afternoon. Her first grade class received several nice compliments from those who attended the program. The program commemorated the birth of George Washington and was of a patriotic nature. It consisted of songs and readings and several numbers by their rhythm band. The children were appropriately dressed with red, white and blue band hats, and carried their red instruments. Rev. Polnac addressed the school body on the subject of "The Four Things That make A Man Great." The talk was thoroughly enjoyed by the school children, teachers and several visitors.

A successful meeting was brought to a close Sunday night at the church. Rev. Polnac, pastor of the First Baptist church at Post, gave a series of two interesting sermons. Two conversions and as many additions, by baptism, were reported. The baptismal services are to be held Sunday afternoon, March 9, the hour and place to be announced later.

The Home Demonstration Club met in the home of Mrs. Lloyd Shepherd last Thursday. The members present received some timely pointers on "Cleaning Clothing at Home." Delicious home-baked cake and coffee or hot chocolate were served by the hostess. The next meeting is to be March 6, in the home of Mrs. Cooper.

Mr. and Mrs. O. J. Rhodes and Mrs. Montgomery are business visitors in Oklahoma this week.

Mr. and Mrs. Bonnie Kay and Wylie visited the Kay's daughter at Odessa Monday.

Jimmy Sargent, son of Mr. and Mrs. Frank Sargent, was on the sick list this week but he is able to be back in school at this writing.

The Girls' 4-H club met with their sponsor Tuesday morning. The girls studied weaving and discussed making frame gardens.

Miss Patsy Jo Ruark of Wellman spent Saturday night with Miss "Tot" Brown.

## WELLMAN TO ENTER BETTER NEIGHBORHOOD CONTEST

An enthusiastic meeting was held at the high school building at Wellman Monday night, February 17, to select committee chairmen and set up plans for Wellman's entry in the Better Neighborhood Contest. A survey of the community will be completed in the next few days so that any community improvement can be noted and reported to contest quarters.

Mr. and Mrs. Jack Bailey left Saturday for a business trip to Oklahoma City to be gone a week.

## FREEDOM THREATENED BY CLASS LEGISLATION AT AUSTIN

In this land of freedom, it appears strange somebody is always trying to legislate somebody else out of business.

The medical doctors, with so much good to be done and Texas so badly lacking in public health facilities, are spending their energies trying to get the legislature to put the chiropractors and osteopaths out of business in their "basic science" law.

The big manufacturer, with the help of some retailers, are trying to put the publishers and economy-minded retailers out of business in their so-called "fair trade law."

You, as citizens who believe in Health Freedom, as you believe in Freedom of Speech, Freedom of Worship, Freedom of the Press, and The Bill of Rights, are urged to contact your Legislators, and your friends to help defeat this discriminatory, monopolistic Basic Science Bill BECAUSE:

1. It violates the system of free enterprise, which is the pattern of the American way of life, by giving one group the power of life or death over its competitors.
2. It denies the existence of scientific truths uncovered by competitive sciences and therefore retards educational progress of the nation and state.
3. It undermines the right of the people to the Doctor and method of treatment of their choice by controlling licensure of competitor.

Dr. T. H. McILROY has on and some very valuable literature which he is going to mail to the people of Brownfield and vicinity. You will receive yours soon. Watch for it and be sure and read it carefully.—Adv. 31c

## "DIVINE HEALING" SUBJECT OF SUNDAY EVE SERVICE AT CHRISTIAN CHURCH

"Divine Healing" is the subject of the special feature Sunday evening sermon, the fifth in the series of Ten Sunday's in God's House, being conducted by Dr. P. C. McCord, at the First Christian church, Ballard and Hill streets. The service begins promptly at 7:30.

This special series of pre-Easter services is attracting large numbers of interested people to enjoy the "kind of service in the kind of church that you'll enjoy with your family and friends."

Vital and up-to-the-minute problems are dealt with in a most interesting and helpful manner to the delight and benefit of all who come. Dr. McCord expresses his gratitude and appreciation for the splendid spirit and cooperation shown during this campaign by the lovely people of Brownfield. During my four months as minister in Brownfield, I have enjoyed a most happy fellowship with the civic, educational and religious groups that could possibly be experienced by anyone. The church membership, attendance and giving have trebled in that time from what they were when I first came.

All people are more or less interested in the subject for next Sunday night, the doctrine of "Divine Healing." Some out of sheer curiosity, some who wholeheartedly believe in and some who do not believe in the doctrine; many who would like, to ascertain the truth concerning the doctrine, all should come to hear what the Bible teaches about this great doctrine of "Divine Healing."

Many denominations have started and grown rapidly preaching this doctrine. There are many questions asked about this subject. Hear the answers to them and other timely questions next Sunday evening at the Christian church.

## MEADOW H D CLUB

(Received too late last week) The Meadow H D Club met in the home of Mrs. Jim Finley, Feb. 18.

Everyone arriving early, eager and ready to learn more about meat cooking.

The club was called to order, business discussed and reports given. The club then adjourned to turn the program to Miss Helen Dunlap, our demonstrator, who gave a real good program on meat cookery. The program stressing the point that the tougher cuts of meat could be cooked to look and taste as well as more expensive cuts.

Miss Dunlap made a nice one dish dinner of her meat which she had cooked, also vegetables, from which everyone was served. Our hostess added all the trimmings to go along with this.

The club meets the first and third Tuesdays of each month, at 2:30 p. m. Visitors are always welcome and new members also. We had two new members at this meeting and hope to have more at our next meeting which will be at Mrs. Will Bill's, in March. The subject for the program being, "Making Sequins."

## WELLMAN H D MET IN HOME EC. ROOM

(Received too late last week) The WAC and WWC 4-H clubs of Wellman met together in the home economics room last Tuesday morning. Two members of the WWC club, Mona Faye McBeth and Zona Lea Chesshir, were taking six week examinations and were therefore unable to attend the meeting.

The meeting was called to order by the president of the WAC club. Patsy Scales, the recreation leader of the WWC club then took over and lead the group in singing one verse of "America, the Beautiful." A game of "Birds Fly" was played and the meeting was turned back to the president.

The Good Neighborhood Contest was discussed and Myrethia Edwards was appointed to help Mona Faye McBeth who is the assistant chairman of the Good Neighborhood Contest.

Margie Scales was in charge of the demonstration which was on rug making. She demonstrated with a six inch loom, making several small mats which could then be hooked together to make a large rug. Most of the girls plan to build their own looms and both clubs hope their members will turn out many beautiful rugs.

The demonstration was given to the absent girls later by Myrethia Edwards of the WWC club.

## TOKIO H D CLUB REPORT

Tokio Home Demonstration club met Feb. 19 in the home of Mrs. G. C. Perry, with a total of 10 present.

After the roll call, the minutes were read and approved. Mrs. Brantley, the president, was elected as a delegate to the District meeting.

Miss Dunlap met with us and gave good talks, illustrated with food value charts on vitamins, proteins and minerals supplied by different meats, vegetables and fruits, with liver ranking high on all counts.

Our hostess served a meat plate with grape punch.

The next meeting will be March 5 with Mrs. P. W. Smith. All members are urged to be present.

Mrs. L. T. Anderson was in this week from Tokio to renew the family home newspaper, and had it sent to her son at Dinuba, Calif. Says she guesses he is located there for good, but as for her, she likes the Plains of Texas best.

Miss Edith Montgomery has missed several days of school due to illness.

## WELLMAN H D HAS INTERESTING MEETING

A very interesting meeting of the Home Demonstration club of the Wellman Community was held at the school cafeteria Friday afternoon at 2 p. m.

The house was called to order by the President, Mrs. Roy Moore.

Roll called and minutes read by the secretary, Mrs. Gibbs Phillips.

A report of the County Council was given by Mrs. Clyde Heafner as the regular delegate. Mrs. Sewell Dean did not get to be at the meeting.

Mrs. Herman Scales was elected vice-president of the club.

Mrs. Gibbs Phillips appointed from the club to go to Council where three members are elected to go to the District meeting.

Discussion was given on the Texas Neighborhood Contest. This is a very helpful work, so let everyone help in every way possible.

A serving chest was shown, which was very nice, then Miss Dunlap gave a good demonstration on meat cookery. Her explanation on how to cut the meat and also if you are buying, what cuts to call for if you get the tender kind you would like. She cooked a roast which was shown in every step how it should be prepared in order to get the most food value. A steak was also cooked. Everyone ate some of this food and found out it was a good way to cook this selected food.

At the last meeting of the club three new members were added to the roll: Mrs. Horace Fox, A. C. Pace and Bob Burnett. At the Friday afternoon meeting, six became members: Mrs. Baldwin, Bevers, Miller Rich, Edwards, Herman Scales and Robert Ham. Visitors included Mrs. Norris Phillips, Geneva Hartman and May Gene Bevers. Come again visitors we are glad to have you.

March 6th the club will go to the home of Mrs. A. C. Pace and quilt a quilt for the club. Everyone carry a covered dish. Members ask that more come and join our club, all are very proud to have more added to the roll each time.

Mrs. Rebecca Jane Montgomery, Mrs. O. J. Rhodes, Mr. and Mrs. W. P. Montgomery and son Thomas David spent a few days in Hollis, Oklahoma visiting friends and relatives.

Messrs. Everett and Weldon Latham, O. L. Peterman, Clovis Kendrick Glen Akers and Lee O. Allen spent the week end at Possum Kingdom Dam fishing.

**Hereford Calves Show A Big Gain**

LUBBOCK Feb. 27 — Twelve stocker hereford calves showed an average daily gain of 1.66 pounds during a recent 55-day feeding period at Texas Technological College, according to W. L. Stangel, dean of Agriculture.

Calves were pastured on winter wheat for 37 days, but the wheat was blanketed by snow during the remainder of the time and they were fed hegar fodder and cotton seed cake.

These animals are being carried as stockers prior to initiation of research on beef production on various irrigated pasture mixtures. Pastures are expected to be ready for the experiment in April.

The average initial weight of the calves was 432.7 pounds. At the end of the 55 day period, the average weight was 524.4 pounds. Dean Stangel described the gain as "excellent," saying it was the result of having unusually good wheat pasture available.

Mr. Tom Cobb, of Lubbock was in town Monday on business.

**Oil Belt Ball League Meets Here**

Delegates from Seminole, Seagraves, Post, Sundown, Levelland and O'Donnell, composing the Semi-pro Oil Belt baseball league, met at the Thompson Cafe here Sunday afternoon. Doyle McAdoo of Seminole was chosen President and Lois P. Vestal of Levelland, Secretary-Treasurer, for the ensuing year. Another meeting was set for March 16th here. Putsy Gentry of Seagraves was named chairman of schedule committee. The playing season is to open, April 13th.

It is expected that Brownfield and Plainview will soon join the league but so far we are unable to learn if Brownfield will have a team. Many people here are anxious to have a team organized.

It is believed that Brownfield has ample material, just waiting for someone to turn on the green light.

**From Common Cold To Pneumonia**

According to Dr. Geo. W. Cox, State Health Officer, pneumonia caused approximately 2,460 deaths during the past year in Texas, a total which is entirely too high. This disease is most prevalent during the winter and spring months.

Pneumonia is caused by a germ called the pneumococcus, which many of us have lurking in our throats ready to start trouble, when our resistance to it is lowered. We can keep up our resistance by avoiding undue fatigue and unnecessary exposure to extreme weather conditions. When we go outside in cold weather sufficient wraps should be worn to protect us. Keeping the temperature of our homes as low as is consistent with comfort will greatly lessen the difficulties encountered in adjusting ourselves to the cold when we leave the house.

Another method of prevention in pneumonia is not to neglect a cold, for the common cold often results in pneumonia when neglected. A person with a severe cold should stay at home and call his physician for advice if temperature persists or the cold lingers on. He should follow his physician's advice until the cold has disappeared.

The successful treatment of a pneumonia case often depends upon starting treatment very early. That is why a physician should be called at once when pneumonia is suspected. A patient may really have beginning pneumonia when he thinks it is only a cold. If the physician's advice is sought, he will have an opportunity to start treatment early if pneumonia is present, or develops in such cases.

For the Pacific veteran who returned to the United States without signs of tropical diseases, the doctor had a cheerful word. "The chances are very slight that these veterans will become ill as a result of their tour of duty," he said.

Recent graduates of nursing schools can be hired immediately by the Veterans Administration even though they may not have received their state registration numbers, VA has announced.

The nurses will be given temporary appointments pending successful completion of state board examinations, VA said. Permanent appointments will follow. The starting salary is \$2644.80 per year.

VA's only requirement for new graduates, pending board examinations, is a letter from the school they attended, certifying that they have satisfactorily completed the nursing course.

The number of veterans hospitalized by the Veterans Administration reached a new all time

## Lumber Production Up In December

Lumber production in Southern pine mills recovered in December to produce 5 per cent more lumber per unit than in November according to Southern Pine Association figures released by The University of Texas Bureau of Business Research.

Production for all reporting mills averaged 194,405 board feet, while November production averaged 184,563 board feet. This represents an increase of 28 per cent over production in December 1945.

The Bureau's index of current output shows 67.5 for December compared to 61.1 for December 1945. Average monthly output for the year reveals an index of 65.6 which is lightly above the 1945 index and is still about two-thirds of the prewar output.

high near the end of January, VA reported.

The report disclosed that a total of 119,845 veterans were receiving treatment at VA hospitals and homes and in non-VA hospitals under contract to VA.

Veterans with service-connected ailments are given top priority for VA hospitalization, but veterans with non-service connected disorders are hospitalized only when beds are available and if they say they cannot afford treatment in other institutions.

## BURNETT BROTHERS BUY SEMINOLE BAKERY

James and Ernest Ray Burnett, brothers of this city, announced the purchase of the Seminole Bakery, at Seminole. They are taking charge the last of this week.

These boys were former employees of the Haynes Bakery in this city, and are well qualified by experience to run a bakery. They invite visits from old friends when in Seminole.

## ATHLETIC CLUB BANQUETS PLAYERS

The Brownfield Athletic Club, entertained with a banquet for the football and basket ball players and their girl friends at the Legion hall last Friday night.

While our teams didn't win any district titles in the season just closed, they all did some good playing.

## "Free Enterprise Is A Failure"

By Dr. Phineas Q. Twitch Eminent Economist

America must awaken to the dangers of free enterprise!

Do you realize that the United States has only 7 per cent of the world's population—but it has 65 per cent of the world's telephones, 80 per cent of the world's automobiles, 85 per cent of all radios, 95 per cent of all the bathtubs on this planet, 50,000,000 savings bank accounts and 70,000,000 life insurance policies? Furthermore, Americans spend over \$4,000,000 a day just for tickets to the movies alone!

This is unfair! We have more than our share of everything. What is to blame for this? Free enterprise! It is appalling to think that a mere 7 per cent of the world's population should be in a position to take 95 per cent of the world's baths! The rising younger generation will, I am sure stand solidly behind me in my views.

## Plough Prosperity Under

The way out of this shameful prosperity is to scrap the system of free enterprise and adopt Communism, Socialism or some similar plan. When government is in charge of all business, quite naturally production will be slowed down and progress curtailed.

Of course, this will make a great deal of difference in our tax system. Government in business pays no taxes. This means—quite simply—that the people will be forced to take on tax burdens now carried by business. This will work out beautifully, and Americans will be so strapped paying taxes that they won't be able to waste their money on bathtubs, radios and moving pictures.

## A Change For Everyone

Naturally, after the government takes over, there will be a certain amount of confusion, but eventually a few million experts will get everything straightened out. Experienced bathtub makers will very likely be shifted to turning out bean shooters. Pipe-fitters will become peanut vendors. Everybody will be moved around to something else—which is a sound plan and keeps us from getting in a rut.

## Magnificent Experiment

This experiment worked out very successfully in Nazi Germany. And while Hitler didn't win the war, we must all admit that he did conquer the dangerous system of free enterprise, with its attendant evils, such as too many bathtubs and too high a standard of living.

## The Low Down From Hickory Grove

Well folks the topic today is, "Should we make the Govt. better versus just bigger and showier like we been doing for a dog's age." If folks were getting happier and more contented under Big Govt., I would say, okay. But as it is, with more murders, more taxes, more divorces, more delinquency, less tranquility, fewer Kansas City steaks—it is time to look under the covers. And that item of K. C. steaks, I hark back to when the Santa Fe served a 6-bit dinner at its scrumptious eating houses. The hotel manager himself, with a platter of sizzling steaks on the crook of his elbow, asked you which one—a big one or a smaller one.

Govt. is now so big that its is stumbling over its own feet. Take housing. One Top Kick says rents should come down 10 per cent. Uncle Harry says, tut-tut, 'taint so. And right here at Hickory there are two weather outfits. One says, tonight it will rain and be warmer. The other gent says for the fruit and vegetable folks to get their heaters going—it will frost. And next day we find neither rain nor frost—and both gents are in the weather doghouse.

And in your own affairs, there is some Govt. guy watching you or telling you what is best to do or vice versa, and you know for sure that he is just guessing—or reading out of some book. My proposal is, cut 50 per cent of all budgets—see what happens then to the Govt. and us. Steaks might even get bigger. And the weather does as it pleases anyway.

Yours with the low down,  
JO SERRA.

## Inspectors Capture Five Illicit Stills

Texas Liquor Control Board Inspectors in January reported the seizure of five illicit stills.

Destruction of the stills, which had a cubic capacity of 265 gallons, prevented the potential evasion of \$5,841.92 in State taxes.

With the stills, inspectors captured 390 gallons of mash and made five arrests. Two gallons of moonshine liquor were destroyed.

Two stills were taken in Anderson County, two in Harrison county and one was taken in Freestone County.

## THE DEATH OF CAPONE

Al Capone is dead. He died of "an occupational disease of his original vocation of pandering." The Chicago Tribune says that Capone's associates "are still doing business" in that city. "Like him most of them began life as panders and cadets of prostitutes, moving from there to murder, extortion, and bribery . . . they are bold and ruthless. They participate openly in politics, selling their support to whichever party will guarantee them protection for their rackets. They murder and plunder and they bribe policemen and politicians for the privilege. They are the source of the utmost corruption and Chicago will never be a decent city until it drives them beyond its borders."

When the liquor traffic is brought face to face with the manifold crimes and iniquities of this repeal era, it avoids answering by saying, "Do you want a return of Capone gangsterism?" It will not return because it has never been away. It is on the job today just as it was in the twenties.

Most of Capone's income was derived from prostitution and gambling, not from liquor. Anyway, they do pay their income taxes now.—Clipsheet.

## Brownfield Quintet Wins Ralls Tourney

Primm Drug of Brownfield copped the championship of the Ralls Independent Basketball tournament defeating Ralls, 34-27, in the finals.

Warden sparked the Primm quintet with 13 points while Beans Reed of Ralls gained the runner-up berth with an eight-point output.

The Brownfield champs entered the semifinals by virtue of an earlier 41-29 decision over Idalou with Warden again leading scorers with 22 points.

Ralls dumped Yellow Cab Yellowjackets of Lubbock 34-21, in the other semi-final tilt.

### Our Last Minute Jingle- Jangle

While very, very proud of the twins that recently arrived at the home of Mr. and Mrs. Paul Gracey, Paul says they never wake up and cry at the same time nights to save time.

Roy Collier stated the Brownfield Funeral Home could not have a representative at the morticians convention at San Angelo this week as one of them had to carry a sick man to a San Antonio hospital.

If hogs keep going higher, they wouldn't stoop so low as to root human out of the way with their snoot.

Last minute gripe: On account of the weatherman who kept snorting icycles up this way, we did not get around to our intended weekly column "Meeting the People."

The big slick mags, with the exception of Saturday Evening Post won't go broke as long as the liquor and beer ads hold out. However, without 'em, SEP is holding its own and better.

#### Welders, Machinists Meet Feb. 27-28

LUBBOCK, Feb. 27— The Merchants Building at the Fairgrounds will be the site of the Southwest Welders and Machinists Convention in Lubbock February 27, 28 and March 1.

New methods of operation and economical means of doing a better welding job will be explained and demonstrated as will also the latest types of equipment for welding and associated uses.

Invitations issued by sponsors of the convention to all welders and machinists of the Southwest to attend have been seconded by the Lubbock Chamber of Commerce.

Arrangements for the use of the Merchants Building were made through Panhandle South Plains Fair Association official.

#### TWO ATOM BOMBS END THE WAR

Patently, as if demonstrating with match-sticks that two and two make four, former Secretary of War Henry L. Stimson explains in Harper's why the United States used the atomic bombs on Hiroshima and Nagasaki, and how their use brought the Pacific war to a successful end with the saving of at least one million American casualties and nobody knows how many Japanese lives.

The invasion of the Japanese home islands was set for November 1, 1945. In the summer of that year, Japan had an army of 5,000,000 men and 5,000 suicide planes. The Japs had contested every inch of beach from New Guinea to Okinawa; they had fought to the last man on a hundred battlefields. In defense of their homeland, they fight with even greater tenacity. Casualties on both sides would be heavy. As Mr. Stimson points out, the continued pounding of Japanese cities by B-29s using conventional bombs would have killed more Japanese civilians than the 100,000 killed by atomic bombs.

The bomb on Hiroshima was intended as a psychological weapon, to convince the Jap warlords that further resistance was useless. As a clincher, a second bomb was dropped on Nagasaki. (Mr. Stimson says these were the only bombs in existence at that time: they had to be effective to shock

#### Garden For Health And Economy

The Texas A and M. College Extension Service is urging everyone who can to plant a vegetable garden in 1947.

Horticulturists of the Extension Service say that a goal of 800,000 gardens has been set for Texas, and that today is the day Texas gardeners should start their preparations if they haven't already done so.

It's an old story how the Victory Garden helped supply food during the war years, the horticulturists say, and home gardening is just as important this year, with food prices soaring, as it was then. Probably the greatest value of a garden this year will be the dollars it will take off the grocery bill. One-half acre of vegetables, cared for in the right way, can produce \$100 worth of food for the family.

Over the state, county agricultural agents and home demonstration agents are joining in the drive to promote gardens this year. Gardeners can go to these county Extension agents for help on garden sites, preparation, fertilization, planting advice, adapted varieties, insect and disease control and any other gardening problems.

The Extension horticulturists say the essentials of a good garden are these: a well-drained location, thoroughly pulverized soil, adapted vegetable varieties planted at the right time, with proper row and hill spacing.

Bill Hardin of Port Arthur, writes in to his parents here that he and Mrs. Hardin are rejoicing over the arrival of a son, born recently, that weighed 8 pounds and 12 "bounces."

(Japan into a surrendering mood.) "The bombs dropped on Hiroshima and Nagasaki ended war," writes Mr. Stimson. "They also made it wholly clear that we must never have another war."

This points up another by-product of the bombing. But for the demonstration at Hiroshima and Nagasaki it would have been impossible to convince the world that the atomic bomb is what it is—the most terrible weapon in the history of warfare.—The San Angelo Standard-Times.

**Band News**

The Band has been doing great work this month and will have a full program for next month. The Brownfield band is having a band clinic here this Saturday, March 1, and it will be held in the gym.

Six high school bands are invited to come. The Plains, Sundown, Whiteface high school bands, the Plainview, Littlefield and Levelland bands will be here. The program will last almost all day Saturday. We will be playing marches, evertures, and every piece of music we can possibly play. The following week the band will go to Whiteface and the next week we will go to Plains. The purpose for these band gatherings is to find our mistakes in playing and to see how we play with other bands. So it is very important that all our band members are here Saturday.

Mesdames Jessie G. Randal, Money Price, Lee Fulton and Miss Olga Fitzgerald were in Lubbock Friday to buy new books for the Maids and Matrons library. Mrs. Randal remained in Lubbock for her daughter's, Mrs. Gaston Spencer, birthday Sunday.

A story going the rounds tells of a local man who told his wife he was going to "lodge" and wouldn't be home until about 11 p. m. The hours rolled on and so did the dice, and before hubby realized it, it was 3 a. m. He had reason to believe that an angry woman was waiting for him at home armed with a "numbing stick" of some kind. His one cell came out for air and gave birth a bright idea. He hunted up a phone, called his wife and yelled with enthusiasm, "don't pay the ransom, mamma, they have turned me loose!"—Donley County Leader.

There are approximately 8,272,008 people at work on farms in the United States today, a seven per cent increase over a year ago.

Mr. and Mrs. Al Muldrow and children visited in Portales, N. M. Sunday.

**The Low Down From Hickory Grove**

This Dr. Laski over in England, he sure is a liberal kind of person. Even with our own USA money, he is liberal—says it would be a skookum idea for us to loan 1,500 million to Russia. With the Socialism he has helped load up on England, he does not say why England is not overflowing with Utopia and Mazuma and should be the one to make the loan. He is mum on that.

But the Doctor, I kinda feel like giving the gent 3 cheers. If anybody has to be mired down up to the neck with Govt. ownership, I choose to have it be England versus the USA. We are on the verge and testing out the ice, and kinda plenty, but England is in 100 per cent. She is a good example for us here in our breezy-land-of-the-free to gaze upon. Maybe we will take heed. The good Doctor had the biggest finger in the pie in bringing the blight upon England—that is why I pick him out for 3 cheers. It is the warning he stirred up for us.

And while Govt. ownership there is in full bloom and in the saddle and has taken over the banks, and coal mines, and trucking, and is bossing farming and preparing to take over electric power, etc., they are shorter than ever of fuel and food—unhappiness prevails throughout the land. Moral: Our 37 billion dollar budget—it needs a fine tooth comb. Money that big looks suspicious—in peace times.

Yours with the low down, JO SERRA.

**Flower Planting List Very Extensive**

Gardeners have a wide variety of flowers to choose from that can be started now in frame gardens or hot beds.

Miss Sadie Hatfield, landscape gardening specialist of the Texas A. and M. College Extension Service, lists the following flowers that can be planted this month:

Alyssum, arctotis, babysbreath, blue salvia, calendula, candytuft, Chinese forget-me-not, coreopsis, cornflower, daisy, everlasting, for-

Mrs. Fred Harvey of Kress spent several days this week visiting her sister, Mrs. Glen Harris.

get-me-not, four-o'clock, gayfeather, hollyhock, larkspur, lobelia, marshmallow, migonette, petunia, phlox, pinks, rosemallow, scabiosa, snapdragon, stock, sweet pea, sweet william and verbena.

The landscape gardening specialist warns gardeners that it is easy to start more flowers in the hot beds and frames than they really want. She advises careful planning to avoid an over supply.

Mrs. C. L. Taylor came in this week and had the Herald sent to them at Alice, Texas. For the past six and a half years they have been here with the Magnolia Production headquarters, the longest, she stated they had ever lived anywhere, and had formed some very fine friendships which she wished to keep up with through the Herald. They will be connected with Magnolia at Alice.

Mrs. Milton Bell and daughter, Mary are visiting her mother in Plainville, Ohio.

love of a live-in print

All eyes on you in Johnnye Junior's tricky print with its girl-chases-dog background. Delicate bands of eyelet embroidery frosting are inset at the shoulders and zoom across the, wonderfully wide 'n whirling skirt. The keyhole neckline is bow-tied. In Lincoln's sanforized cotton print.

*Lilli Ann*

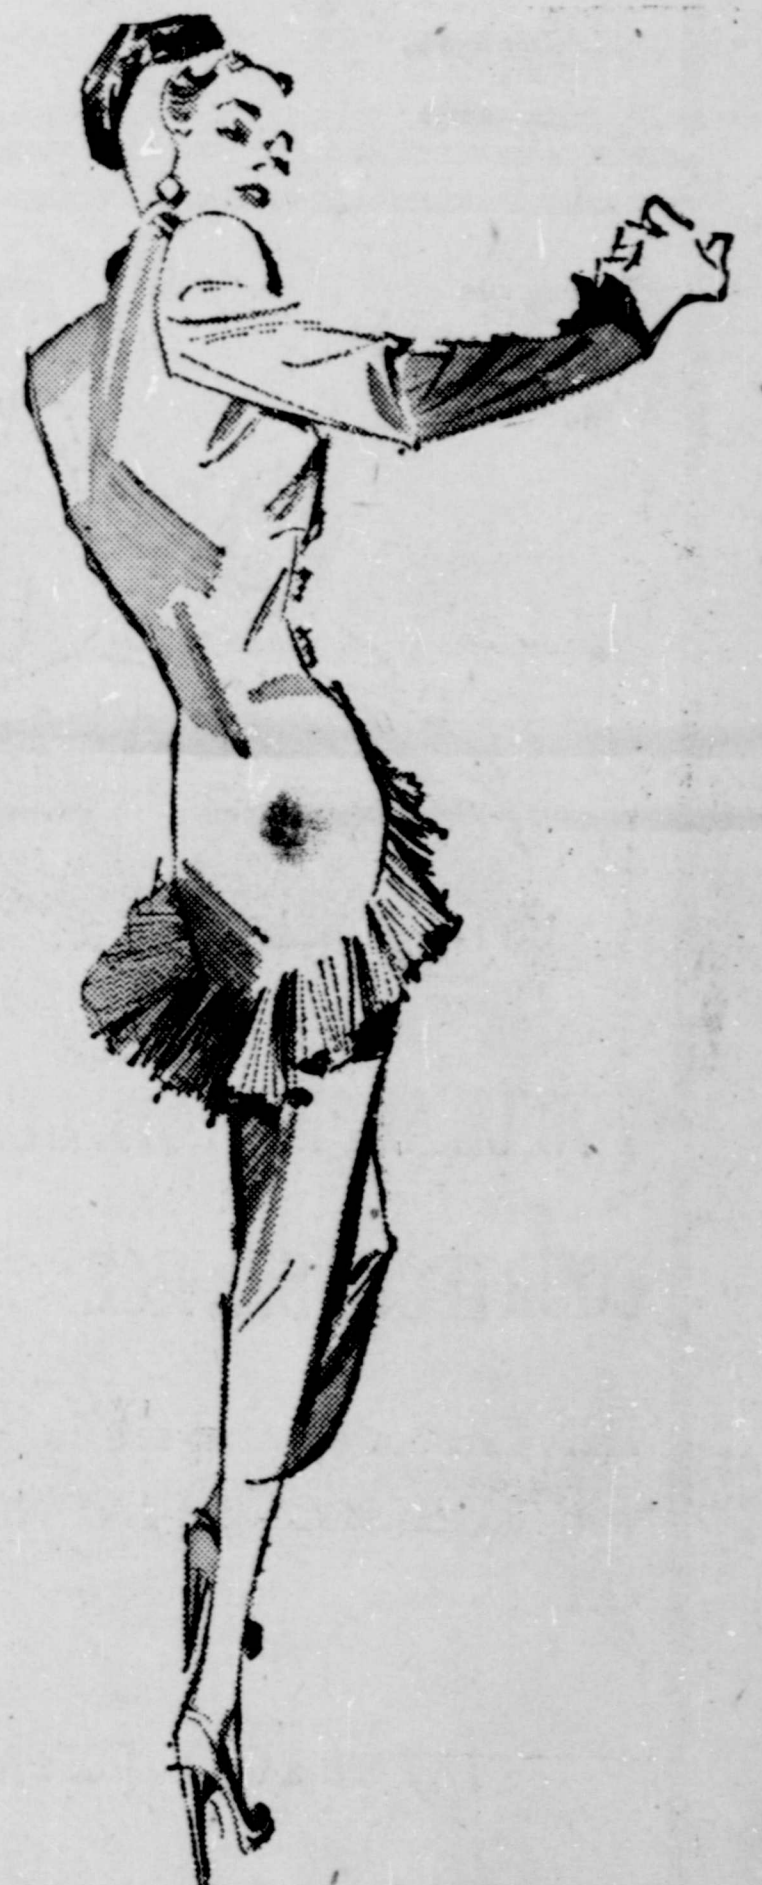

Seen in Mademoiselle—the long silhouette by Lilli Ann—the slimmest suit you've ever seen. Long molded lines, dramatized with completely feminine color . . . brilliant buttons point to a tiny flirtatious pleating that ripples around the jacket edge.

*"Buoyant"* BY STETSON

Face spring...uncover your prettiness with a breeze-brimmed Homburg. Nothing could give your soft wools such a fresh air. (Light colors slightly higher.)

\*As advertised in LIFE.
