Tour Over Northwest Part Of County Reveals Great Possibilities For This Year's Crop

State Health Officer Warns On Dysentery

Dr. Geo. W. Cox, State Health Officer, has issued a warning to parents that this is the season for an increase in dysentery, diarrhea and "summer complaint."

"The chief cause of these intestinal diseases are contaminated milk; water or food; allowing the child to get overheated or exhausted; excessive sugar in the babies formula; and improper amount of food," Dr. Cox said. "All foods should be fresh and clean, and left-overs should be properly refrigerated to prevent spoilage."

Dr. Cox urged extreme care in the preparation of a feeding formula for infants. He said it should be prescribed by a physician, and that cleanliness and refrigeration were absolute essentials. Babies should be fed at regular intervals and on a definite schedule, since their stomach and bowels can be easily upset if fed irregularly or whenever they are fretful or restless.

The State Health Officer declared that dysentery is transmitted by flies and said every home should be well-screened and free of flies.

"If dysentery or diarrhea develop, consult your physician at once," Dr. Cox advised. "This so-called 'summer complaint' can be a very serious menace to your baby's health, if not an actual threat to his life."

CONFESSES—Cecil E. Barker (above), serving a life sentence for robbery and assault at Retriever Prison farm, said in a sworn statement that he killed the woman for whose death Joseph Lee Sautler is awaiting execution. Gov. Jester granted a 30-day reprieve from the electric chair to Sautler following Barker's statement. (AP Photo)

Englishman To Speak TPA Meet June 18-19

SAN ANTONIO, June 10 (AP)—Gavin Astor, assistant to the publisher of the London Times, has accepted an invitation to address Texas Newspaper Publishers at their 69th annual convention in San Antonio, June 18 and 19. Paul M. Fuls, publisher of the Wolfe City Sun and president of the Texas Press Association, made the announcement. Astor is the son of Colonel John Jacob Astor, chairman of the Times Publishing Company.

Two New Orleans men are also scheduled to address the convention. They are Ralph Nicholson of the New Orleans Item, and Walker Saussy, head of one of the South's largest advertising agencies.

Kenneth Olson, dean of the Medill School of Journalism, Evanston, Ill., will attend the meeting to discuss readership studies.

Bert A. Stufflebenn, member of the Texas Prison Board and President of the First National Bank of Grand Prairie, will tell the convention about conditions in Texas' prison system.

Lynn Landrum, author of the Dallas News column, "Thinking Out Loud," will do some thinking out loud in person, in a talk titled, "Newspapers as Public Servants."

There will be roundtable discussions for daily and weekly newspapers.

Friday evening the San Antonio Express and News will be hosts at a dinner and program.

Energy given off by the sun is estimated to be the equivalent of 5,000,000,000 atomic bombs per second.

Part Of Whiteway Now Lights Main

The new white way lights on Main Street for some ten blocks, were put in operation last Saturday night, but for some reason the lights on the west and east side of the square, and for several blocks on Broadway have never been turned on.

We were informed that connections had not been made yet, and would not for several days, perhaps. Whatever is holding up the connections our informant was not able to say.

But those that were turned on sure made the old town glow and look civilized. One who happened to be downtown almost has to go home to tell whether it is night or day.

3 Old Tennesseans Get Heads Together

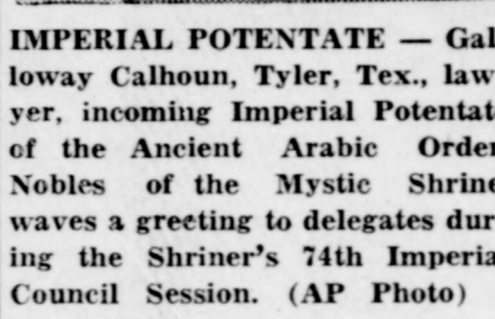

Georgé G. Gore, city, and his brother, W. L. of Hopkinsville, Ky., were callers at the Herald office, Tuesday. While both of the Gores are like the writer, hard of hearing, we three yelled at each other and made out fine. The Ky. Gore is an interesting talker, especially some of his stories about steamboat trips on the Cumberland river in Tennessee when a young man.

This is Mr. Gore's first trip out here, although George G. is an old timer. Speaking of hard of hearing and loud talking, reminds us of a cousin, Burley Howell and a cousin by marriage, John McCarter at Middleton, Tenn. Both are the same relation to the writer. Burley and the writer were discussing the disadvantages of hard of hearing, when John was mentioned.

Says Burley, "I purposely avoid John McCarter when I go to town as we have to yell at each other so loud that people around us think we are about to fight." In younger years they were close friends, and are yet—but try to avoid a talkfest.

Mr. and Mrs. Jim Graves of Seminole were weekend visitors of Mrs. G. W. Graves.

George Cleveland of Lovington, N. M. was here this week on business.

Imperial Potentate — Galway Calhoun, Tyler, Tex., Law- yer, incoming Imperial Potentate of the Ancient Arabic Order, Nobles of the Mystic Shrine, waves a greeting to delegates during the Shriner's 74th Imperial Council Session. (AP Photo)

Retired Meadow Man Died Last Friday

L. M. Watkins, 82, farmer of the Meadow community since 1929, died last Friday morning at the home of his sister, Mrs. E. W. Strickland, with whom he was living for the past year.

He had retired from active farming and lived in Brownfield on North 5th for several years, when because of failing health moved to his sisters home near Meadow.

Funeral services were conducted last Sunday afternoon at the Methodist Church in Meadow, by Rev. C. R. Teague, pastor, assisted by Rev. R. L. Shannon, Baptist pastor and Rev. Cecil Tine, the new Methodist pastor. Burial was in the Meadow cemetery by the Brownfield Funeral home.

Survivors include two daughters, Mrs. G. L. Cleveland of Armistad, N. M.; Mrs. V. G. Simmons, Lubbock. Five sons, M. M. of Riverside, Calif.; Mark of Meadow; C. T. of Maxwell, N. M.; Jack of Kirkland and Emmitt of Seminole. Two brothers, Tom of Dallas and John of Lawton, Okla.; two sisters, Mrs. P. B. Wallace of Hagerman, N. M. and Mrs. Strickland.

Grandsons served as pall bearers.

McCullough Has Girl In Flood Area

Earl McCullough was in this week to show us some pictures taken from on Oregon daily which his daughter, who resides there, sent him. We have seen flood pictures in the several dailies that we take until they are almost sickening. And we know the good people of Oregon will rejoice when it is all over.

His daughter, whom he stated married a sailor wrote her dad that she sure would like to see a Terry county sandstorm for a change. The churches here, or at least some of them, are receiving appeals to help relieve members who have lost everything. The church which the writer attends received word that 18 members in the little town that was swept away, lost everything they had.

Hospital News

Medical: La Juanita Hulse, Meadow; Mrs. Dalt Lewis, Brownfield; Mr. T. M. Ellis, Brownfield; Mr. Otis Aldridge, Meadow. Surgical: Mrs. B. L. Townsend; Gladia N. M.; Clark Bagley, Odessa; Mrs. A. H. Zeigler, Brownfield; Mrs. John Smith, Seagraves; Betty Jean Holmes, Brownfield.

Tonsillectomy: Jerry Webb, Denver City.

The New Ford To Be Shown June 18-19

Get ready to see the new, all new 1949 Ford at the Portwood Motor Co., at Hill and Fourth Friday and Saturday of next week, June 18-19th. The writer has carefully gone over the lengthy descriptive matter and we are hereby prepared to tell you that Ford is coming out this time with something you should not pass up seeing. To start with the Ford Motor Co. has expended more than 37 million dollars for tools and dies, etc. for the new model.

The styling is carried out to make your ride as comfortable as possible, with natural posture, and the upholstery is the last word in the art of comfort. Then too, there is going to be much more room. Indeed three adults may occupy the seats with comfort and no crowding.

The new car will have the very latest in coil springs, capable of taking the holes and rough places with the greatest ease, and the engine and transmission will have the minimum in noise. This will be done largely by the floating power plant on rubber mounts.

There is an entirely new heating system, and fresh air is scooped into the car through large intakes. There will be a slight advance in the price of the new car, but what you get over older models will more than offset this added expense.

Messrs. Portwood and Truly and their fine personnel of salesmen will be on hand to show you just what you have been expecting in a new postwar car.

Child Run Over By Bicycle

Jackie, 3 year old daughter of Mr. and Mrs. Clifford Horn, 602 East Main, was painfully injured, when struck by a bicycle ridden by an 11 year old boy, on the sidewalk near their home last Saturday. X-ray pictures revealed a dented bone in ankle and other bruises, requiring treatment for some time. The incident was considered accidental.

Much complaint has been rumored about riding bicycle on the sidewalks, in the business section, and laying them down in front of stores. We understand there is a city ordinance against this.

Rainfall This Year Barely Tops 4 Inches

With the exception of February which had more than an inch above the average rainfall, all the other months of 1948 have been heavily below the minimum. Leaving off the June 2 shower of .33, the first five months have shown only 3.70 inches. With the .33 added, 4.03. By the month rainfall or melted snow has been as follows:

January20
February	1.92
March00
April31
May	1.27
TOTAL	3.70

Singing Convention At Lamesa This Week

A combination of the Great Plains and the Caprock Singing conventions are meeting at Lamesa this weekend. The Saturday afternoon and night sessions will be held at the Bryan Street Baptist church, and the Sunday afternoon session at the high school auditorium.

According to the Dawson County Courier, upwards of 2,000 visitors are expected in Lamesa for the two day songfest.

A Home Baseball Game On Tap For Sunday

The Bears won another game Sunday from Levelland by stealing about everything loose, including some bases, which is of course legitimate in that game. Bish did some excellent tossing to help the visitors in check, while Graham and Anderson were the thieves who got off with bases. The score, 5 to 3.

At the same time those rearing Slatonites were packing another win under their belts over Seagraves to the tune of 16 to 3. Right here we predict the team that heads Slaton, will win the pennant.

Sunday the 13th, the home folks will get to see a game without leaving town when the Bears take on the fast Littlefield team. Go out to see it, and don't forget to carry the change along to pay your admission. It takes money to make the mare go.

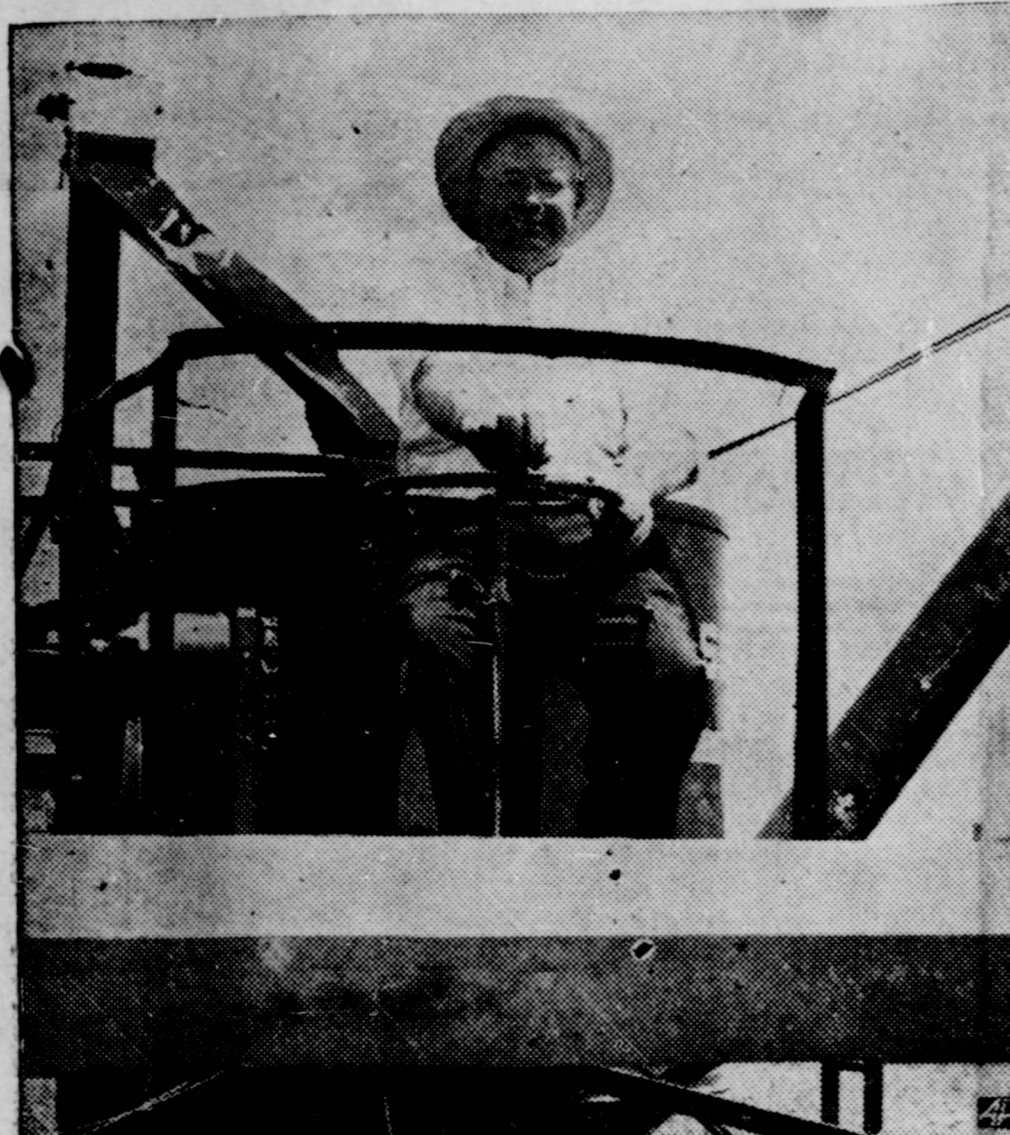

Duane C. Cotton Is Reburied At San Antonio

Duance C. Cotton, son of Mr. and Mrs. J. W. Cotton of Seagraves, whose body was recently returned from a cemetery in Sydney, Australia, was buried in the National Cemetery at San Antonio Friday June 4, at 3:00 p. m.

The father was unable to attend the services because of illness.

Mrs. E. A. Graham, Twilla and Margie Graham of Brownfield were among those who attended the services.

T. E. Hobbs of Hollis, Okla., was a recent visitor here. Mr. Hobbs and family were early settlers in Terry county.

HELPS HARVEST WHEAT — Hardin College's President Dr. James B. Boren mounts a combine as student labor harvests a bumper wheat yield on the college plot in Wichita Falls. Dr. Boren insists on a learn-by-doing method of instruction in which theory and actual practice go hand-in-hand. (AP Photo)

Clean Up Urged For Polio Prevention

The clean up and fly control measures for the prevention of the spread of polio and other filth borne disease in Brownfield is very urgent according to a report from Dr. Frank P. Miller, Director of the South Plains Health Unit.

The fact that a warning has come from the President of the National Polio Foundation, from the Governor of the State of Texas and from the State Health Officer that a polio epidemic is now in progress. The Doctor warns the people of Brownfield that 250 cases of polio have already been reported in other areas of Texas and that the citizens of Brownfield are urgently requested to do everything possible in the way of clean up and the relocation of privies, cesspools, so that all human waste material may be made inaccessible to flies, roaches and rodents and that all residents be sprayed inside and out by the individual owners, that all cows and hogs be removed from the city limits and the area be cleaned to prevent fly breeding.

The fact that flies are now breeding and are evident in the homes and streets of your city as a result of favorable conditions produced by recent rains makes this appeal and its application of vital importance to the health of the people of Brownfield since only by the application of these measures can the control of polio epidemics be accomplished.

DISTRICT COURT HOLDS SESSION

Judge Louis B. Reed held a day session of District Court here Monday disposing of several uncontested civil cases. Attorneys Homer L. Pharr, James Milan, E. H. Boedeker, E. G. Pharr, of Lubbock and John E. Sentel of Snyder were in attendance.

Court is to convene Friday June 18th, with the grand jury.

After a fair dinner scraped together by the housewife last Sunday, followed by a good long snooze, followed again by some "setting" under a tree to try to keep cool, it finally got cooler. A drive out over the rich acres of old Terry was suggested; the Chevy was cranked and we hied forth up the Levelland road, but turned off on the Harmony road with the intention to stop in at Ed Thompson's and ask what they aimed to have for supper. But when we got to his house, three cars were sitting around his abode, and since we just had on our bedroom slippers, sans sox, we kept hiking. Didn't want to embarrass Ed's possible fine haired visitors, whoever they were.

Turned north at Ed's west turnout, and figure that boy is in for some replanting, as he had a very heavy rain early last week. Hit the F&M road at Dave Beasley's place. By the way Dave has some nice cotton that was not covered up by rainstorm or windstorm or both. We usually stop for a few banter with Dave, but time was limited, however, we waved at him as he stood on his spacious front gallery, but he looked at us as if to say, "wonder what nut that is?" Anyway Dave has a fine country home, good land and well improved.

Went to where the F to M forked, one to Pool and Johnson, and the other on to Sundown, and took the Pool-Johnson route. For one thing we can say that most of old Terry that we saw is in good shape, replanted or a crop up. Most of the cotton we saw was in the Johnson-Gomez section. Last Tuesday night's rain did not seem to wash them as badly. Between Pool and Johnson misfortune overtook us via flattened tire. While making a change a guy by the name of W. S. Jackson and wife drove up in their Jeep.

Has Little Crop of 3600 Acres

Jackson, always the accommodating, pulled out of the road and stopped to render aid if needed. We asked where he lived and he pointed west and said he was cultivating a little patch there—about 3600 acres. We wondered if that was as hard on him as handling ice here and at Seagraves.

Asked who was to do all that chopping, he informed us that several negroes were helping him with the crop. And, he continued, "those boys sometimes get pretty accommodating to my neighbors. He put two of them to knifing some cotton recently, but they did not stop at the turnout. They went right on across a neighbor's field. One of the fellows had been working for him several months and should have known better.

We are giving Keith Gore credit for the biggest cotton we saw. Some of his has as many as five leaves, and baring a hailstorm, he is going to push some one for the first bale this year. There is perhaps more wheat in the Johnson-Gomez and Wellman sections than anywhere in the county. We understand that W. G. Carter had five combines running in his section of wheat land last week. We did not go far enough west to see his field, but we did see another field that had been partially combined. In some places the wheat seemed to have greened up since the rains.

Speaking of wheat, Grady Goodpasture local grain dealer and erstwhile wheat harvest follower, says Terry will make half last year's crop that was estimated at 750,000 bushels. Well if we get 375,000 this year, that means about a million dollars extra cash in the Terry county till. And old Grady knows his wheat. There is some good wheat in the Wellman area too, some of it being on real old deep sand land. It seemed to stand the drought better than that on the harder soils.

Mr. and Mrs. Dale Wood and Mr. and Mrs. R. H. Cambell spent Sunday at Buffalo Lake near Lubbock.

LEE BARTLETT
- FOR COMMISSIONER Pct. 4**
H. R. (Horace) Fox
J. B. (Mutt) OLIVER
- FOR JUSTICE OF PEACE, Pct. 1**
J. W. HOGUE

Will wonders never cease. Recently it came to light that a Texas lawyer, of all men who are supposed to be on their toes, lost several thousand dollars in cash as well as even more in War Bonds, which he was keeping in his office instead of in the bank where such matters belong. Such stunts are thought of in connection with cranks or recluses, but a hard boiled business lawyer, never. Our guess that he just wanted to take a daily look at his pile of filthy lucre, and some other guy found by hook or crook that he kept the money in the office.

Last week at the behest of Judge Goldsborough, whom John L. Lewis hates and fears all at the same time the judge ordered the coal mine labor dictator to hold a conference with the Southern

coal operators in order to find a way to settle their dispute without a protracted strike. They went in session this week, and the Great Dictator in his first rattle out of the box, begin to dictate terms of settlement, before the discussion got under way. No one doubts for a minute that the miners have their grievances, which should be settled at the conference table and both labor and management should abide by such an agreement. But as long as one or the other insist on dictating terms, there will be little minning done.

In order to find easy jobs and good money for thousands of government employees, an effort is being made to put the country back on war time rationing, especially as to meats. All will admit that meats are high, too high for the average family to have all they want, but many doubt that rationing will help matters. As long as beef and pork sources are scarce and feed high, meat will naturally remain high. Most of us can still recall the black market area in the larger cities and dense population centers during the war, especially from 1944 to early part of 1946, with the many empty meat cases and black marketeers doing a land office business. Mayor LaGuardia of New York, then living, testified before a congressional committee that of 105 stores inspected in his area, 48 had no meat. Of the remaining 57 stores only seven were in full compliance with OPA regulations.

The figuring men tell us that in order to keep up with the increasing population, that another 50 million acres of agricultural land will have to be provided in the next 25 years. This amount will also in a measure have to offset millions of acres that are allowed to wash or blow away. Part of this will be taken care of by better farming methods and soil conservation. Then too, mechanized farming is expected a lift a lot of food now going to work teams. But these scientific men failed to state where fuel will come from to operate the additional tractors and millions more cars that will go on the roads in the next 25 years. Maybe they have the answer.

Until Monday of this week, we thought the nearest Bonehead Club to Brownfield was located at Dallas. But evidently there is one at Tahoka. On that day Jack Applewhite, representing the Lynn County Pioneers Association called us up and stated that they had decided to use the Old He to deliver the main address for them June 24th, and asked if we could come. We informed Jack that it would be an easy matter to get over there with Bob Noble, and get our share of the "chaw," but that our share was something else again, and that our Maker had failed to endow us with the oratory facilities. We are not looking for an orator, he replied. We are looking for a real old timer just to talk to us. Okay, okay, have it your way.

Why is it that all candidates for re-election, when writing or speaking to voters, always refer to themselves as being on some "powerful committee." As a matter of fact they may not be on but one or two committees, but one of them will invariably be "powerful."

Well there is a few hopeful signs of world progress. Just take a glance at the Sunday edition of your daily, and there are dozens of hopeful and pretty brides smiling up at you. And there are not a few in the weeklies. Let us hope that these smiling brides to be or just been, will always have that hopeful look without a trace of disappointment written therein. Yes, let's hope so.

Did the Herald make a 'foxpass' in giving quiet a writeup of the South Plains Press Association organization at Lubbock May 29th? Some of the editors present barely mentioned the affair, and others passed it up entirely, so far as we could see in their papers. We usually do that after attending an associational meeting of a

well established organization, but the Herald decided that this baby organization deserved more than just a passing notice. In this instance the old stork had just brought a brand new baby, the SPPA.

President Truman is somewhat a victim of circumstances. He inherited the new deal from the popular FDR, just as some portions of it was becoming a bit unpopular. Truman then began to switch toward every wind that blew, and as a consequence he broke with many of Roosevelt's close and influential friends. Then to add more misery and woe to himself, with the advise of a few northern people, pitched in the so-called "civil rights" issue to please a few radicals and racial minorities, and alienated a host of Southern people who have always supported the Democratic party, wet and dry, hot or cold, through thick and thin. His real friends now seem to be made up entirely of his own appointees and their friends and families. Can they elect him?

And while on subject of switching, not a few people who knew how high Candidate Lyndon Johnson stood in the FDR administration, and supposedly a wheelhorse of the present one, were surprised at his blast at many of the pet theories of the Truman administration, especially the 'civil rights' part of it. It would seem that this is going to be no good year for the fence riders or middle of the roaders. They are going to have to tell where they stand. While most people in the south are afraid of any educational bill that the federal government might control, a lot of them are for the Taft bill that would leave the appropriations for each state in the hands of state administration. Johnson is for it but many, and perhaps this includes Coke Stevenson are afraid this is just an entering wedge for the federal government to finally take over the schools. To our notion, Coke Stevenson made the State of Texas a wonderful war time governor. George Peddy has an inevitable two war record, but is little known outside the fact that he ran Earl Mayfield a close race for US Senate on the KKK question 25 years

JOHNSON NEWS

Mr. and Mrs. C. D. Parker and children left last week to carry Mother Parker back to her home in Dallas. While on this trip they are to visit in Louisiana.

Mr. R. L. North, Mr. and Mrs. Harper of Anson visited last Friday in the Alexander home.

Mr. and Mrs. Wood E. Johnson and Carrol left for Strawn, Saturday afternoon. Mrs. Johnson's daughter-in-law has been very ill.

Miss Mary Ellen Patton is new employed with the Classique Beauty Shop in Brownfield.

Flora Tuttle visited relatives near Levelland last week.

Herman Wheatley moved into his new home last week. We are so happy for them. Our community is proud of this fine home.

Mrs. J. W. Nolen is visiting in Odessa this week.

A surprise birthday dinner was given in the Alexander home Sunday for Mrs. J. W. Stone. Those enjoying the occasion were Mr. and Mrs. Grady Patton and family and Rev. and Mrs. J. W. Stone.

Frank and B. M. Huttie and sons went on a fishing trip to Lake Kemp last week.

Mr. and Mrs. J. E. Evans and family visited Mrs. Evan's father in O'Donnell Sunday.

The Baptist Sunday School zone meeting of the Brownfield Association will be held in the Johnson Baptist Church Sunday afternoon at 3:00 o'clock.

Mr. and Mrs. Boyce Woods of Lubbock were weekend visitors in her parents home, Mr. and Mrs. E. V. Gillentine. They are all going on a trip to San Antonio.

Mr. and Mrs. R. B. Robinson and family of Ropesville visited in the Herman Wheatley home Sunday.

Work is progressing nicely on the inside remodeling of the Baptist parsonage.

A vacation Bible School will begin at the Johnson Baptist church ago. Both Stevenson and Peddy are getting up in years, the former now 60, Johnson at 39 has a world of legislative experience at Washington, and is just in his prime. Our guess is that the man who beats Lyndon Johnson will be the next Junior Senator from Texas.

Monday morning June 14 and will continue through Friday. The time is from 9:00 to 11:30 o'clock A. M. All children through the ages of 4 to 16 have a cordial invitation to attend this week of Bible study, music, stories, handwork and recreation. Everyone is welcome to attend the commencement exercises on Friday night at 8:00

Poppy Sale Successful Report Vet Posts

According to H. L. King, past Quartermaster of the local VFW post, the people of Brownfield and Terry County cooperated splendidly when the American Legion and the VFW jointly had charge of the sale.

King reports the sale netted better than \$250 or an average of 25c per poppy for the allotment of 1,000 poppies. King also states that better than twice this amount could have been sold if they had been available.

The best time of the year to use kerosene for killing trees and shrubs is when the ground is dry in the late summer or early fall. Kerosene and sodium arsenite are the two chemicals commonly used to kill mesquite.

Mr. and Mrs. Fred Ferrell of Kermit spent two days this week in the W. B. Brown home.

Mr. and Mrs. A. B. Allen of Lubbock were guests of Mrs. E. A. Graham and daughter Twilla, Sunday.

The smooth, flowing lines of the 1949 Ford passenger cars are accentuated by the simplicity of the air-scoop grille. Fresh air for the pressurized ventilation system also enters through the grille.

DDT Recommended For Killing Moths

Clothes moths feed upon animal hair fur and feathers and articles made from these materials, according to Mary Routh, extension clothing specialist of Texas A & M College. Woolen lint and hair, which has accumulated in floor cracks, under the quarter-round and baseboard, and other hard-to-reach places are often fertile breeding grounds. The batch of dog and cat hairs may yield a supply of moths.

After cleaning the clothes/closets this spring, apply a DDT spray to the walls, woodwork, baseboards and shelves as a protection against clothes moths for the weather season. Miss Routh advises. Approximately one-half pint DDT spray is necessary for an average size closet. An oil spray is preferred because it does not leave a white deposit as a water spray does.

The best DDT spray for this purpose is a residual spray, rather than one of the "aerosol bomb" or space spray type, if it is to be effective over a period of months in killing insects which come into contact with the closet surfaces. The aerosol spray is fine for killing flying insects, or those which happen to be exposed at the time, but it does not have the lasting effect because it doesn't leave a residue.

DDT solutions may also be sprayed lightly on wool clothes without injuring the fabric. Too much of the solution, however, may show up in whitish traces on dark clothes, but these can be removed by brushing or dry clean-

ing. DDT spraying is useful for protecting clothes hanging in closets, while the more familiar moth flakes or crystals are advised for clothes stored in tight bags, trunks or other containers where a fumigating effect is desired. Added protection may be given stored clothes by spraying them and their container with DDT.

All woolen clothing, of course, should be treated before storing in either treated closets or tight containers, says Miss Routh.

Oscar Leo Jones who has been attending George Pepperdine college in Los Angeles, Calif., is home for the summer holidays.

Afraid To Eat; Retonga Brought Real Relief

Had About Given Up Hope Of Ever Feeling Good again Says Life-Long Resident of San Antonio. Suffered From Sour Stomach, Restlessness, Aches and Pains.

"I regret that I didn't know about Retonga years ago," declares Mrs. Ida Zwally, life-long resident of San Antonio, who lives at 1416 Burleson St. A member of the Calvary Baptist Church, Mrs. Zwally is the mother of five children. She gratefully continues: "I was afraid to eat solid food for it seemed to turn sour in my stomach and cause gas that would bloat me so at times I thought it would cut off my breath. Throbbing aches and pains shot through my shoulders and the small of my back so bad at times that I just had to let my housework go undone. I left jittery, restless and could hardly sleep. Strong laxa-

tives nearly got to where they did little good. I had just about given up hope of ever seeing another day when I would feel good. It looked like I would just have to go on suffering.

"My son personally recommended Retonga to me. It brought me such relief that now I can eat anything I want without a particle of fear, those annoying aches and pains have let up, I no longer take strong laxatives, and I sleep restfully all night long. It is a grand thing to feel so good again. No one can be more thankful than I am for Retonga.

Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, borderline Vitamin B-1 deficiency, and constipation. If the first bottle fails to give you gratifying relief, your money will be refunded. You can get Retonga at Primm Drug and all other good drug stores. adv.

VETERANS NEWS

The veterans Administration has revised its contract requirements to provide a firmer control over tuition rates charged by many private schools for training veterans under the GI Bill.

The changes, effective July 1, 1948, are being made in an attempt to correct and eliminate abuses in tuition charges that have been uncovered in recent months.

With the new contract standards, VA hopes to make certain that the federal government is not paying for more than the veteran actually receives during his training.

VA emphasized that the new contract requirements affect only the following institutions whose enrollments consist mostly of veterans: (1) schools established since the passage of the GI Bill, and, (2) schools whose charges increase materially since the GI Bill programs began.

No change was in VA's policy of accepting changes made by other private profit schools not effected by the new ruling.

Veterans Administration has estimated nearly two-thirds of the number of forms used to process veterans' benefits in the past 21 months.

Since the VA forms reduction program went into effect on June 30, 1946, the number in use dropped from 19,841 to 7,603 by April 1948 an average decrease of about

Tornado Million To One Shot

is a million to one that a tornado will never strike you even if you live to be a hundred years old. That's the mathematical ratio figured out by experts in the U.S. Weather Bureau.

The Weather Bureau has kept accurate records of all tornadoes reported in the United States during the last 63 years. This record shows that Kansas holds first place with 413 tornado days during the last 63 years. Texas is in second place with 328 tornado days. There records of the Weather Bureau show the number of days on which one or more tornadoes were reported within the borders of a State. During this time not one tornado has been reported in Nevada, the only State that has not been visited by one of these freakish storms.

Other nearby States show these records of tornado days: Arkansas, 203; Oklahoma, 183; Louisiana, 115; Mississippi, 212; Missouri, 171; Illinois, 163; Iowa, 195; New Mexico, 23; Colorado, 39; Arizona, 2; Utah, 2; California, 15.

The flow of water over Niagara Falls has never stopped entirely, so far as is known.

The American Niagara Falls are about 10 feet higher than the Canadian Falls.

580 forms a month.

In addition to forms reduction, the VA program has been designed to (1) improve administrative procedures through standardization, consolidation and revision of forms, and, (2) reduce printing and binding costs by careful layouts and design specifications.

SS Representative To Be In Brownfield

Gerald L. Schantz, Field Representative of the Social Security Administration, will be in Brownfield, Texas, at the U. S. Post Office, at 9:00 a. m., on June 17, 1948, for the purpose of answering any questions you may have on Social Security; discussing possible benefits and taking claims from persons who seem to be entitled to benefits; and taking applications for social security account number cards.

Every worker should show his social security card to each employer when starting to work and be sure he copies the full name and account number correctly on his time book. This is especially important now, as often men are

SMU Prof. Writes Book On Scientists Exploring in S. W.

Reaching into almost 100 early Texas and Louisiana communities for his facts, Dr. Samuel Wood Geiser of Southern Methodist University has revised and enlarged his well known book, "Naturalists of the Frontier," in a new edition designed by Merle Armitage and published on June 7th by University Press in Dallas.

The book includes chapter biographies of 11 naturalists who explored in a hurry, and a person may work for a number of different employers during a year.

plored the raw frontier of the southwest between 1820 and 1880. There are also thumbnail sketches of 142 others, and a chapter on scientific study in the Old South back before 1850 when that section had its frontier. Special chapters are devoted to John James Audubon, Gustaf W. Belfrage, Jean Louis Berlandier, Jacob Boll Thomas Drummond, Louis Cachat Ervendberg, Gideon Linneum, Ferdinand Jakob Lindheimer Julien Reverchon, Ferdinand Roemer and Charles Wright.

The author who is head of the department of biology at SMU, highlights the scientific achievements of these men against the social and political backgrounds of that earlier period. In addition to the book's historical and scientific values, his literary style also assures reading entertainment for all those who enjoy stories of frontier adventure and struggle. The book will be of interest to many types of people both in and out of southwest.

STATE TAKES OVER COUNTY ROADS

The State Highway Department is taking over maintenance of 30 miles of the Farm to Market roads, built in this county last year. This will be a relief on the county as to work and expense.

Exact routes have not yet been definitely designated.

Seminole C of C Mgr. Resigns

Manager H. B. Lewis, of the Seminole Chamber of Commerce has submitted his resignation, to become effective June 30th.

Lewis, who has been in the post for past 14 months, has not announced his plans for the future, but it is understood that he has received several offers from Texas and New Mexico Chambers of Commerce.

An accredited ace of World War II, Lewis was previously associated with the Lubbock Chamber of Commerce and later manager of the Torrance (California) Chamber of Commerce.

Following 14 years service in the army, he was operations Superintendent for Pan American Airways in Central America.

Celery, which grows wild in many parts of the world, was not used for food until the 16th Century.

The potato is a native of South America and was found in North America as early as the 16th Century.

Pumpkins have been cultivated for thousands of years, for rinds have been found in the Swiss lake dwellings.

Get a Husky GMC FOR YOUR HEAVY HAULING

A wide range of heavy duty gasoline and Diesel truck types... gross weight ratings from 19,000 to 90,000 pounds. Strongest, sturdiest chassis GMC has ever built... rugged, truck-designed and truck-engineered axles, transmissions, clutches, brakes, frames, springs. Powerful, GMC-built valve-in-head gasoline engines of the same basic design as the famous GMC "Army Workhorse"... four heavy duty sizes. Exclusively designed and engineered Diesel chassis with many specialized features... famous GM 2-cycle four- and six-cylinder Diesel engines.

GMC heavy duty trucks are your best bet for heavy hauling. They're designed, engineered and produced by truck specialists... built by the world's largest exclusive manufacturer of commercial vehicles. They have tough and rugged heavy duty axles, frames, transmissions, clutches, brakes... war-proved, truck-built gasoline and Diesel engines. And they're available in wheelbases, chassis and equipment options that permit a truck type specifically engineered for your particular type of heavy hauling work. Substantial production allows fast delivery on most models. Make your next truck a husky, heavy duty GMC... and get it right away.

In the eighteenth century it was common practice to cut large silver coins into quarters and to use the pieces for change.

Feather For John Santa Fe

The Santa Fe Railroad is due praise for its conduct following accidental poisoning of a creek near Angleton in South Texas by inadvertent dumping of a tank car of chemical. Several hundred head of livestock died and other damage resulted.

Many persons who read of the incident at the time doubtless expected that negotiations looking to settlement might be long and bitter. Denials of responsibility by the railroad would have surprised no one. "Old John Santa Fe" could have prolonged matters indefinitely in the courts.

Instead of that, the railroad assumed full responsibility within 24 hours after the unfortunate incident. A board to pass on the claims was appointed by the County Judge. The Santa Fe had no representation on the board, and wanted none. Announcement was made the other way that \$155,000 in claims approved by the board had been paid.

The railroad did no more than was right and just in this whole affair. But instances have been few when any big corporation has been so prompt to acknowledge a fault and so conscientious in its efforts to effect a prompt and fair settlement.

The cost represents quite a bit of cash, even for a railroad as big

Crescent Hill Church Of Christ To Have Vacation Bible School

There is to be a vacation Bible school at the Crescent Hill church of Christ. This school is to begin Monday, June 14, and is to continue thru Friday, June 25. Classes are to begin at 8:45 and are to continue through 11:00 a. m. This school has been an annual feature of this church for the past few years, and we are planning on the largest enrollment this year that we have ever had.

We are planning on having at least ten classes in the school. The pupils will be divided into two general sections. The junior group and the senior group. Each of these sections will have in addition to one hour of Bible study one hour of Music Instruction. Bro. A. C. McIlroy, minister of the Meadow Church of Christ, is to teach two one hour classes in music each day of the school.

The courses that are to be taught in the school will be invaluable to your children. For the younger group we have some special lessons on the "Life of Christ." These lessons are prepared especially for those children under the ages of ten, and will help them to have a greater knowledge of the leader of Christianity. For the little folk in the primary group there will be special flannel board work, on several different incidents of Bible History. For the older group there will be ten lessons on the Bible, Book of Books. These lessons are designed to give each student at general knowledge of the Bible, and if careful prepared and studied will be of invaluable aid to the student in future Bible study work.

Upon the completion of this course of study each student will have completed a course of study that will make them better students of the Holy Bible. We are advertising this school as a Vacation Bible School and that is exactly what it is going to be. Send your children and help them to obtain a greater knowledge of the Bible.

SANTA FE CARLOADINGS

Santa Fe System carloadings for week end May 29, 1948 were 28,895 compared with 26,259 for same week in 1947.

Cars received from connections totaled 10,170 compared with 10,455 for same week in 1947.

Total cars moved were 39,065 compared with 36,714 for same week in 1947.

Santa Fe handled a total of 33,528 cars in preceding week of this year.

as the Santa Fe. But it represents a lot in good will and public confidence which is certain to pay rich and continuing dividends. — San Angelo Standard-Times.

THE FORT WORTH-DALLAS ROW OVER AIRPORT

When the fracas began between Fort Worth and Dallas over the Midway Airport, we admit we paid slight attention to the affair. As usual we thought it just a grab of public funds to build a fine port and landing fields for a bunch of air transportation companies, and this is something we have never seen any reason why we have never seen any reason why the big air transportation people cannot, like railroads and bus lines, build their own landing fields and depots.

Robert Merrill Gives A Recipe For Spaghetti with Meat Balls

Robert Merrill, star of radio and stage, admits to being a good and thrifty cook and says what he likes when he can get into his kitchen; is spaghetti and meat balls which he prepares like this:

Spaghetti with Meat Balls

2 small onions	1 can tomatoes	1 egg
1 green pepper	1 carrot	1 1/2 lb. spaghetti
1/2 lb. mushrooms	3/4 lb. chopped meat	seasoning

(for four people)

Here's how he makes it: Brown onions, green pepper, mushrooms, and add desired seasoning. Add can of strained tomatoes and simmer for 1/2 hour. Grate carrot and mix with chopped meat. Add seasoning and egg. Mix. Roll into balls and cook in tomato sauce for five minutes. Boil spaghetti in separate pot and strain. Add tomato sauce and meat balls.

"It's a myth that bachelors are bad cooks," says Mr. Merrill. "I not only keep things in order in my kitchen but I also see to it that every drop of used fat is saved. How about you?"

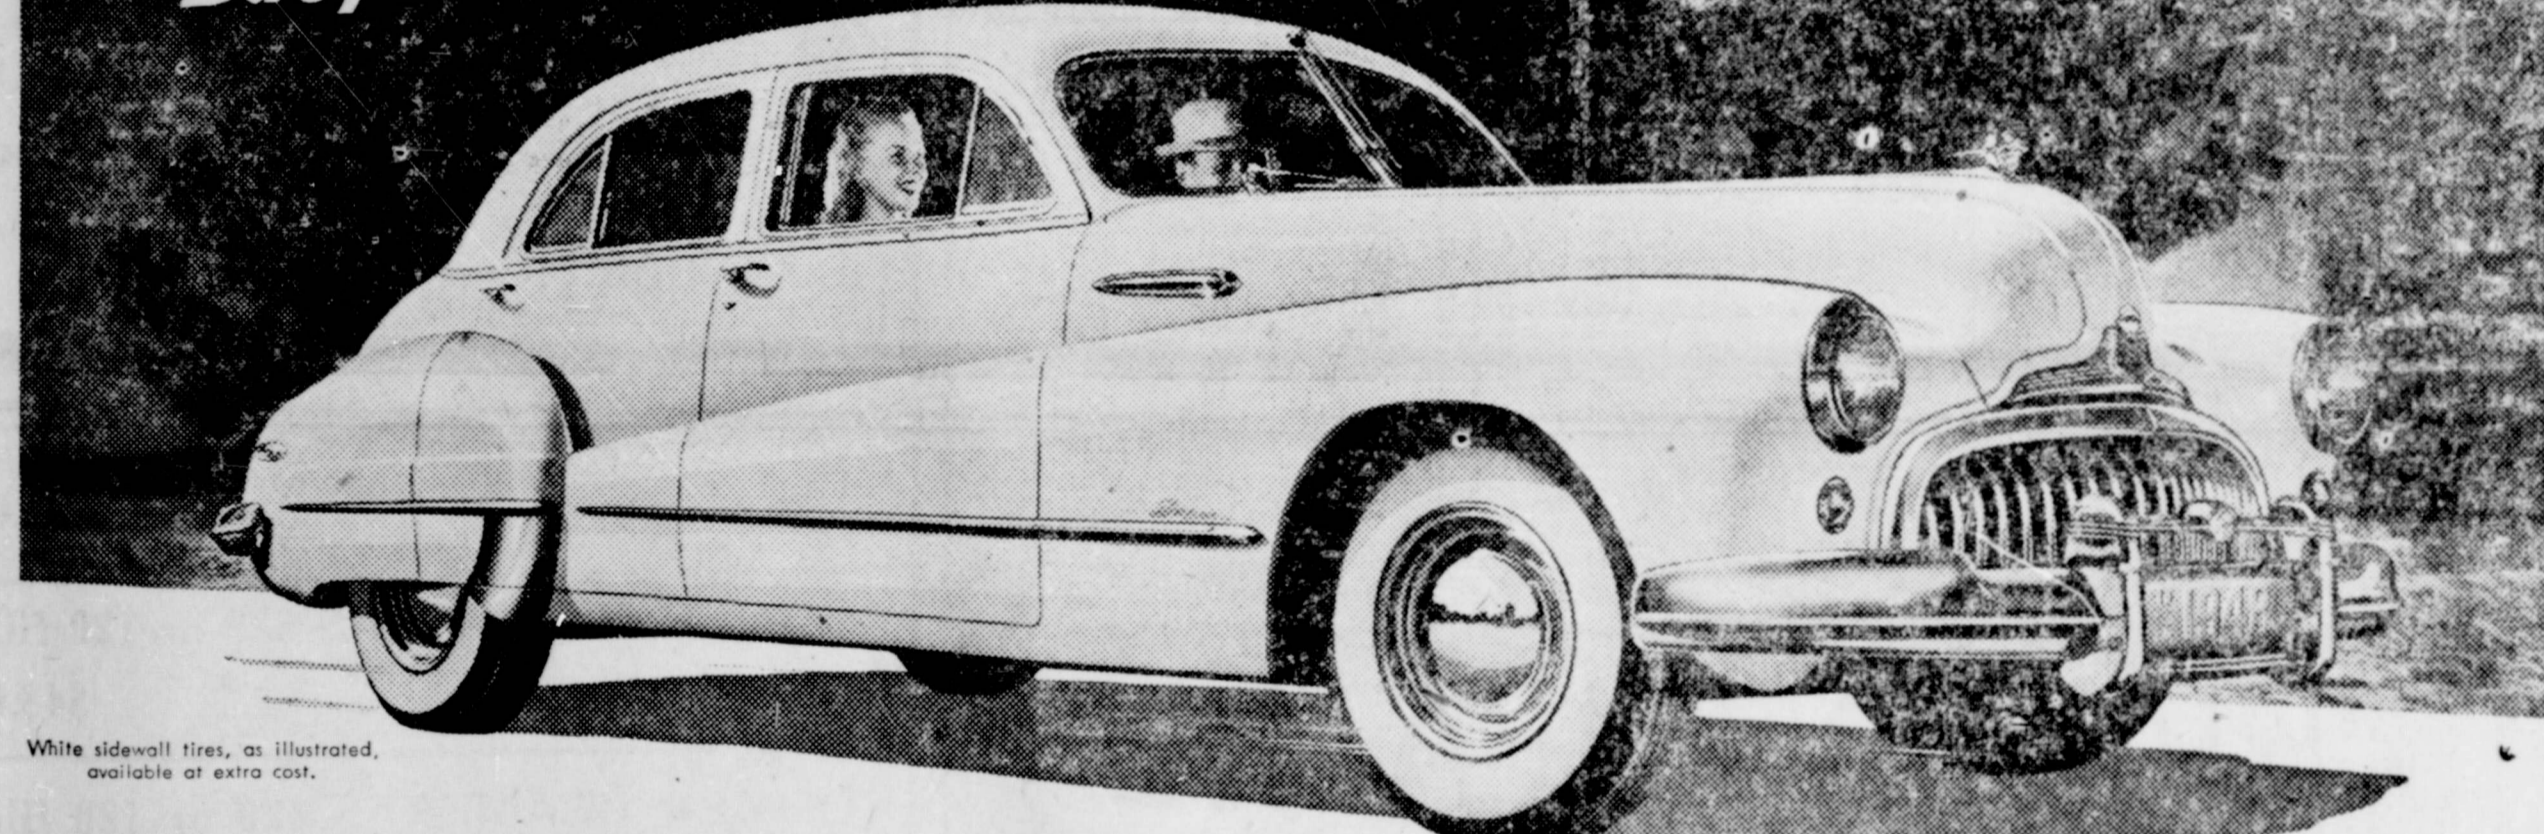

ATTENTION FARMERS!

RED CHAIN AND RAY C. AYERS FEEDS

GOODPASTURE GRAIN AND MILLING CO., INC.

Buoyant answer to Back Road and Boulevard

White sidewall tires, as illustrated, available at extra cost.

REMEMBER that rough patch of road up yonder where the ruts and ridges make a washboard seem smooth?

Recall the tiring tenseness brought on by the drum and hum of road noise and tremor even over smooth concrete highways?

Well, clock away the miles in this stunningly styled Buick — and meet up with the sweetest answer to such matters this side of cloud cruising.

"It's a ride that's soft and smooth as velvet," folks tell us. And we tell them it comes from a host of things.

It comes from the ample road-weight of a two-ton car built low and wide — and so beautifully balanced it handles light as a baton. It comes from the leveling buoy-

ancy of Buick's all-coil springing which puts a pillow of deeply coiled steel at each wheel to soak up the bumps and ripples.

It comes from the softness of bigger, lower-pressure tires that cushion away road tremors and roughness — from the sure-footed, swerve-free steadiness of Buick's extra wide Safety-Ride rims, widest in the industry.

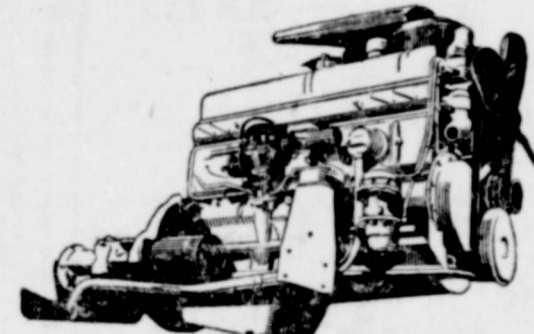

And it comes in special measure from a brand-new engineering gem we call Vibra-Shielding which banishes vibration build-up.

Here for the first time you're freed from the motoring fatigue brought on by tiny tremors piling up into bigger ones. Here your miles are made moss-smooth and quiet — long journeys become mere jaunts.

So why delay knowing the most buoyant answer to any road you ever traveled?

Come visit us now. Know at first hand the distinctive styling, the flashing action, the velvety ride over highway and byway that are Buick's and Buick's alone.

Then follow your heart's desire and get your order in promptly. We'll take it in proper sequence whether or not you have a car to trade.

REASON FOR THE VIBRA-SHIELDED RIDE
Placed with scientific exactness, 3 fat cushions of special composition cradle the engine so as to control its vibration frequency. Engine vibration is thus kept "out of tune" with those that might come from other parts of the car. The result is to shield car occupants against firing pulsations, cut road noise, make engine sensation almost imperceptible and motoring practically fatigue-free.

BUICK alone has all these features

- * DYNAFLOW DRIVE (Optional, Roadmaster Series)
- * TAPER-THRU STYLING (Super and Roadmaster)
- * VIBRA-SHIELDED RIDE * SAFETY-RIDE RIMS
- * HI-POISED FIREBALL POWER
- * ROAD-RITE BALANCE * RIGID TORQUE-TUBE
- * QUADRU-FLEX COIL SPRINGING
- * SOUND-SORBER TOP LINING (Super and Roadmaster)
- * DIAPHRAGM SPARK ADVANCE * FLEX-FT OIL RINGS
- * TEN SMART MODELS * BODY BY FISHER

Five Weddings Start June's Social Activities . . .

Joyce Dungan Is Wed To Sammy Barton Jones

In a double ring wedding ceremony performed at the First Baptist Church Thursday night at 8 o'clock, Miss Joyce Evelyn Dungan, daughter of Mr. and Mrs. Archie F. Dungan, and Sammy Barton Jones, son of Mrs. W. T. Howze, were married. The service, read by Rev. A. A. Brian was solemnized before a candle-lighted altar outlined with white peonies and banked with wood-wardia fern and palms. White candles tied with greenery and satin ribbon marked the aisles.

As vows were repeated, Mrs. Ruth Huckabee, organist, offered "Roses of Picardy," the traditional song of Sans Souci social club brides. Preceding the ceremony, Kenneth Jones of Slaton, cousin of the bridegroom sang "Because" and "O Perfect Love," accompanied by the organist who played wedding marches also. Mrs. Buddy Rambo of Lubbock and Mrs. M. J. Craig jr., lighted candles.

The bride, given in marriage by her father, wore a Renaissance gown of white slipper satin fashioned with a high neckline and yoke of chantilly lace, a fitted bodice, long fitted sleeves tapering into points over the hands and a gathered peplum ending in a voluminous chapel length train. Her fingertip veil of tiers of illusion fell from a headdress of orange blossoms and she carried a shower bouquet of white orchids and stephanotis. The bride's only ornament was a strand of pearls.

In Bridal Party

Attending the bride were Miss Carolyn Harris maid of honor, and Mrs. J. E. Smith, Miss Frances Rambo and Misses Evelyn Jones and Earlene Jones of Dallas, sisters of the bridegroom.

Miss Harris was gowned in fuchsia net over taffeta styled with a fitted bodice, full tiered skirt and shirred yoke and sleeves. She wore a headdress of net and

taffeta and carried a colonial bouquet of Johanna Hill roses. Bridesmaids were dressed in dusty rose gowns and the candlelighters wore turquoise dresses fashioned after Miss Harriss'. Nosegays for the attendants were of Johanna Hill roses tied with satin ribbon matching their dresses and corsages for the candlelighters were of pink roses.

Bobby Jones brother of the bridegroom, served as best man and Archie Dungan, jr., brother of the bride, Edgar Self of Lubbock cousin of the bridegroom, Jack Bynum and J. E. Smith were ushers.

Reception Honors Couple

Wedding guests were entertained at a reception given in the green room of the Esquire restaurant following the ceremony. In the houseparty were parents of the bride and bridegroom, members of the wedding party, and Mesdames Hiram Parks of Lubbock A. W. Turner, E. W. Rambo, J. R. Watson, C. R. Lackey, R. L. Harriss, Dave Finney and J. B. Knight.

The brides table was laid with a white brocaded taffeta cloth and decorated with a double heart shaped wedding cake topped with an arrangement of sweetpeas. A bouquet of roses fern and candles completed the decorations. Out-of-town guests were from Lubbock, Big Spring, Abilene, Slaton, Plainview and Dallas.

For a wedding trip to Colo. Springs, Colo., the bride wore an original suit in sutter brown with beige accessories and a Milgrim sailor in milam straw. Her corsage was of orchids.

Mrs. Jones attended Texas Technological College where she was a member of Sans Souci social club; Mr. Jones, a former student of West Texas State Teachers college, is a junior student at Tech.

Miss Henderson Is Bride Of Harley Stone

The marriage of Miss Dorothy Gene Henderson, daughter of Mr. and Mrs. Claude P. Henderson, and Harley W. Stone, son of Mr. and Mrs. Amos Stone of Hearne, was solemnized in a service performed at the First Baptist church Friday, May 28. Rev. Jack Pearce read a double ring ceremony before an arch covered with wood-wardia and topped with silver wedding bells tied with white satin ribbon. Palms and baskets of white gladioli stood on either side.

Music was furnished by Mrs. Ruth Huckabee who played traditional wedding marches and "Clair de Lune" and accompanied Mrs. Wayne C. Hill as she sang "With This Ring I Thee Wed" and Bill Webb as he sang "Always." A solo "At Dawning" was offered by Mrs. Huckabee as Miss Dee Peyton of Greenville and Miss Judy Griffin lighted candles.

The bride, escorted to the altar by her cousin, James C. Rambo, wore an ivory slipper satin gown of her own design. It was fashioned with a tulle yoke edged with lace embroidered in seed pearls, a fitted bodice, long fitted sleeves fastened to the elbow with self covered buttons, and a full skirt styled with a bustle, adorned with handmade satin roses, and a chapel length train. Her fingertip veil of tulle, edged with lace and decorated with seed pearl design identical to the one on the dress, fell from a seed pearl tiara.

She carried a white orchid on a white Bible, a childhood gift from her paternal grandmother. Her only ornament was a strand of pearls, borrowed from Mrs. J. H. Rambo, a cousin. Mrs. Melvin Wall of Douglas, Coffee honors Mrs. Trigg

Mrs. A. J. Stricklin, sr., honored her daughter, Mrs. Herman Trigg, of Brownwood, with a coffee Friday morning at nine o'clock at the Stricklin home.

Coffee and rolls were served to Mesdames Buel Price, Zebb More, Ted Hardy, Slim Schellinger, N. L. Mason, Lal Copeland, L. W. Bownds, Jack Shirley, Johnnie Benson, Terry Redford, Johnnie Haynes, Bill Williams, Money Price, and Miss Twilla Graham and the honoree.

Mrs. Arthur Sawyer is in Colorado City with her daughter, Mrs. Truett Flache, who recently underwent surgery. Mr. and Mrs. Flache are being transferred to Lamesa. He is with Soil Conservation.

Vows Read For Miss Wagner, Mr. Davis

Miss Maureen Wagner, daughter of Mr. and Mrs. L. V. Wagner of Brownfield, and Hershell Davis, son of Mr. and Mrs. J. R. Davis of Brownfield, were united in marriage Monday evening June 7, at seven o'clock in the First Baptist Church with Rev. A. A. Brian officiating at the double ring ceremony.

Miss Bobbie Helen Brain offered traditional wedding marches. The bride wore a street length two piece dress of white crepe with all-over lace sleeves and lace insertion. Her accessories were pink and white. She wore a corsage of gardenias; a ruby and seed pearl ring that belonged to her maternal grandmother; and a watch belonging to her mother.

Nadine Wagner, maid of honor, wore a corsage of gardenias. Tom Smith was best man.

The couple were married on the wedding anniversary of the bride's grandparents, Mr. and Mrs. W. H. Wagner, of this city.

The bride attended Union and Brownfield schools and is a graduate of Brownfield High school. The groom also attended Union and Brownfield schools and two years in the Marines.

Bradley - Livesay Vows Exchanged

Miss Volta Bradley, daughter of Mr. and Mrs. G. M. Bradley of Route Two Brownfield, and Clarence Livesay, son of Mr. and Mrs. Grady Livesay of Seagraves, were married Saturday morning, June 5, at ten o'clock, with Rev. Linward Harrison officiating at the double ring ceremony.

The bride wore a streetlength dress of light blue crepe with white accessories. Her corsage was of white carnations. She wore a ring belonging to her mother; pearls belonging to an aunt, Mrs. A. D. Bradley.

Wedding guests included: Mrs. Grady Livesay, Ruth Livesay, Winston Livesay, Mrs. W. T. Briscoe, Alto Faye Phillips, and R. L. Flemings.

A reception was given in the home of the bride's sister, Mrs. W. T. Briscoe. An imported silk loth covered the table which was entered by a three-tiered wedding cake. Bouquets of stock and daisies were used to decorate. Wedding cake and ice cream were served. Mrs. A. D. Bradley assisted with hospitalities.

Mr. and Mrs. Livesay are both graduates of the Wellman high school.

After a short trip to New Mexico the couple will be at home near Seagraves.

-that's the color of fall.

This week's social events are headed by several June weddings. Among these June brides, three are pictured here: left, Mrs. Harley W. Stone, the former Dorothy Henderson; center, Mrs. Raymond H. Smith, the former Juanita Jo Brown; and right, Mrs. Sammy Barton Jones, the former Joyce Dungan.

Miss Brown Is Bride Of Raymond H. Smith

Miss Juanita Jo Brown, daughter of Mrs. Estelle Brown, became the bride of Raymond H. Smith, grandson of Mr. and Mrs. W. T. Smith, Sunday afternoon, June 6, at 2:30 p. m. at the Crescent Hill Church of Christ. The double ring ceremony was read by Elder Joe Chisholm before a candle-lighted altar banked with white gladioli and woodwardia.

Mr. Caskey Livingston accompanied a girls' chorus as they sang "Because" and "How Can I Leave Thee," during the ceremony. Wedding marches were also offered by Mr. Livingston, Judy Barrow and Martha Crawford lighted candles.

The bride, given in marriage by her uncle, G. C. Perry of this city, wore a white slipper satin gown styled and made by her mother. It was fashioned with a high neckline; a basque waist with a lace

yolk; a full skirt with ruffles in peplum effect, accenting the rounded neckline. The sleeves ended in points at the wrists. Her illusion veil fell from a seed pearl halo and she carried a white Bible topped with gardenias and stephanotis. Pearls, a gift from the bridegroom, were worn.

Miss Loisten Glimp of Sundown, maid of honor, wore a blue gown of taffeta and organdy, styled similar to the bride's with a low neckline and cap sleeves. She carried a colonial bouquet of pink carnations and mallow. The flower girl, Ann Patterson, wore a dress of white shadow-print organdy and carried sweetpeas in a white satin-covered basket.

The candlelighters wore dresses of pink taffeta and pink chiffon with blue gardenias in their hair. Johnny Patterson, ring bearer, carried the rings on a heart-shaped

Miss Dollie Mc Leroy, who is connected with the Gaines County Hospital at Seminole in a clerical capacity, wrote in recently to renew her paper, enclosed the required three bucks.

ed white satin pillow.

Melvin Smith, brother of the bridegroom, was best man and Wayne Smith, another brother and George Chisholm were ushers.

Mrs. Smith was graduated from Brownfield High School and Abilene Christian College where she was a member of Alpha Chi, Pickwickians, and "W" club. Mr. Smith was graduated from the Dawson High School and served two years with the Army in the Pacific area.

For traveling, the bride chose a navy crepe dress with a lacy blue straw, white accessories and a gardenia corsage.

Immediately following the ceremony a reception was held in the bride's mother's home 203 E. Tate.

The couple will be at home on East Tate in Brownfield.

MRS. HARDEN HOSTESS AT BREAKFAST

Mrs. Joe Hardin was hostess to members of the Delphian study Club at a breakfast given in her home Saturday morning, June 5.

Mrs. Johnny Haynes was voted in as a new member of the club.

Present were: Mesdames Les Short, Herbert Chesshir, Leonard Chesshir, Crawford Burrows, Lewis Simmons, Wayne Brown, Johnny Brooks, Ted Hardy, Tom Harris, Sawyer Graham, Swartz, and George Steele.

WCSA HOLDS MEETING AT CHURCH

At 3:00 p. m. Monday afternoon the women's Society for Christian Service for their regular meeting at Fellowship Hall.

Mrs. Proctor read the devotional Mrs. Webber lead the study lesson from chapters 7 and 8 of "Committed Unto Us." She was assisted by Mesdames Thompson, Walker, Longbrake and Downing.

Others attending the meeting were: Mesdames Hogue, Tharp, Williams, Loyd, Thurston, and Hill.

Fall Fashions Show Longer Skirts

By MARTHA COLE Associated Press Staff

Skirts are still longer, colors are deeper and the design is simpler. Other than that, there's not much difference in this fall's advance fashions from last year's. What's more, there is very little evidence of fashion's latest wrinkle—petticoats peeking out from skirts.

No startling innovation appeared in the fall showing of the American Fashion Association for southwest buyer in Dallas in May. Some 4,000 buyers from 16 states, most of them from Texas towns, picked and bought from the offerings of 650 manufacturing lines displayed in hotel rooms.

The fashion revolution that stirred hold the hemline clubs to a counter-revolt last summer was undisputed winner of the melee.

"The new look jitters are over," one salesman explained. "The women by now either worn out their shorter styles, lengthened them or bought new clothes."

Fuller and longer skirts reign supreme. Not that everybody likes it.

I thought we were through with these full circular skirts," one salesman remarked, holding up a black faille number, "but the women asked for it."

As for the hemline, it's still going down and it's a "terrific shame," another said.

"We're making our skirts so on the average they're 11 inches from the floor," said Emmet Pryor, representative for Betty Rose coats and suits. "Furthermore—this is something new—we're making the junior misses just as long as the regular sizes. The high school girls are demanding long skirts, too."

Dress, coat and suit designs—all were much simpler than last year's. All the little furbelows were missing. The dresses had full skirts but not extremely full. Back interest was emphasized with unpressed pleats and flaring peplums.

The basic little black dress was still there, still just as basic, embellished sometimes with a full back or portrait neckline.

Back-to-school cottons were of dark calico print—like the women who crossed the plains in a covered wagon wore.

The only apparent change in suits was at the collar—the sailor collar, the button-under-the-chin collar and the big rounded romantic collar.

Very few of the manufacturers showed a single fitted coat. All of them were full with a swing back. The box coat was a dead duck.

If the women already have lengthened last year's dresses, all they have to do now is take off a few frills and dye them a darker color to be in style. Spruce green, forset green, corsair blue, sable brown, grapey wine, charcoal grey

Wellman Whisperings

Rev. William Massengale of Albuquerque, N. M. visited his parents, Mr. and Mrs. J. W. Massengale over the week end.

Mrs. B. F. Matthews, Jr., and Anna Beth Corsicana were visiting ex-students of Mrs. Matthews in Wellman Sunday.

Mrs. J. W. Hawkins and daughter, Dorothea Nell were hostesses at a pink and blue shower honoring Mrs. Jimmie Welcher in the Hawkins home on Thursday, June 10. Mrs. Welcher received many gifts and refreshments were served to a large number of ladies.

Supt. and Mrs. J. T. Jones and family have returned from a visit in Weatherford.

Mrs. D. H. Griffin has been ill but is improving.

William Clark and wife of Houston visited his parents, Mr. and Mrs. M. H. Clark, recently.

Mr. and Mrs. Roy Moore and children and Sue Burnett visited the Carlsbad Caverns Sunday.

Meadow Musings

Mr. and Mrs. Marice Frost of Lubbock visited Mr. and Mrs. Laurance Renfro and family and E. W. Hemme on Friday of last week.

Miss Mary Gober of Lubbock spent the week end with her parents, Mr. and Mrs. J. H. Gober and boys.

Mr. Hobbs of Seminole attended the funeral of grandfather Watkins last Sunday afternoon. He also visited in the J. E. Peek home. Mrs. R. W. Holder spent last Monday with her daughter, Emma Jean, at Lubbock.

Mrs. Wanda Nell Ashburn was graduated from Texas Tech last Monday night. She was formerly Miss Wanda Nell Verner.

Miss Kathryn Verner left last Tuesday by plane for Beaumont, Texas where she has accepted a position with the Home Service Department of the Gulf States Utilities Company.

Miss Jean Finley is at home from Texas Tech college, where she was a student last year.

Nathan Jones of Lubbock is visiting his parents, Mr. and Mrs. G. B. Jones.

Windell Jones is at home. He has been attending College in California.

The H. V. West family had a family reunion last Sunday on the occasion of Mr. West's birthday.

Mr. and Mrs. Jones Arnett and family of Loop, Texas visited Mrs. W. T. Arnett last week. Mrs. J. W. Young of Loop also visited Mrs. W. T. Arnett last week.

Marvin McNutt, C. N. Gray, Mr. and Mrs. W. A. Bartlett, Uncle Joe Bartlett, Sam Gossett, Lonzo Shannon and Rev. R. L. Shannon attended the funeral of Lee Bartlett's mother at Southland last Monday afternoon.

Mrs. George Arnett of Lubbock visited Mrs. C. V. Hill over the weekend.

Mrs. John Cadenhead's mother and brother of Plains visited Mr. and Mrs. John Cadenhead last Sunday.

Funeral services for Uncle Dick Watkins were conducted at the Meadow Methodist church last Tuesday afternoon. Rev. Teague of Seagraves officiated, with Rev. Cecil M. Tune, Methodist pastor and Rev. R. L. Shannon, Baptist pastor assisting.

Rev. Cecil M. Tune has been appointed as pastor of the Methodist church. Rev. and Mrs. Tune moved to Meadow last week. They have one daughter and came here from Blackwell, Texas.

The Baptist Vacation Bible

The Low Down From Hickory Grove

Programs and projects—sisters and brothers, I am fed up. If all the men and women—statisticians, etc.—were put to work at some useful task of producing something like maybe corn, or cars, or shirts, shortages would peter out and pronto.

Seems like we are not satisfied any more with ordinary things like the sun coming up in the East. If we could just work it so it would come up in the North in the summer time and in the South in the winter, how nice it would make the weather—maybe. And then next year the project engineers and statisticians could cook up an alibi for last year's failure and Congress would blink its eyes and gulp a couple times, but plunk down another 100 million or 200 million to find out how come last year's potato dumping project, or long or short range farm experiment was a fizzle. And in the first place any Junior high school student could have told them in advance that it would be like pouring dinero in a gopher hole.

Well, says Henry, I think I catch on. If the programs worked, he says, then the statisticians, etc. who have been riding around and supervising and looking intellectual, they would have nothing left to fix—and next year they would maybe have to go to work where they would need perspire a bit and also pay for the gas they used. For once, I says, Henry, you are making a sage remark.

Yours with the low down, JO SERRA.

GOMEZ GOSSIP

Guests last week in the home of Mrs. M. Chesher were her daughter and family, Mr. and Mrs. H. C. Whiteley, Joylyn and Sandy, of Odessa.

Mr. and Mrs. B. R. Ley and Joan attended the wedding of Mrs. Ley's nephew in Big Spring last Saturday night.

Miss Winnie Doss returned home Wednesday after a two weeks visit with her sister and family in Plainview.

W. E. Buchanan and Ernest Sears are home from college for the summer.

Mr. and Mrs. W. L. Buckley and son, Tommie, of Hobbs, N. M. were visitors in the home of her parents, Rev. and Mrs. T. L. Burns, last week.

Mrs. Preston Ballard and sons, Bob and Don, returned to their home in Hagerman, N. M. Sunday after a two weeks visit in the home of her parents, Mr. and Mrs. Lee Howell.

Mr. and Mrs. J. L. Tabor and daughters, Joyce and June of Levelland and Mrs. Tom Cross of Sweetwater spent Sunday in the Kenneth Hodge home.

Skeet Whiteley was honored on his birthday Sunday with a picnic dinner in Coleman Park. Those attending were: Mr. and Mrs. B. H. Bartlett, Mrs. Telford and daughter, Mr. and Mrs. J. J. Whiteley, Mr. and Mrs. Lawrence Whiteley, Miss Laqueta Wilson, Mr. and Mrs. Charles Auberg, Mr. and Mrs. R. A. Whitely and Skeet.

Miss Annie Ruth Paschal and Edd C. McLeRoy are among those who will attend summer school at Texas Tech this summer.

Attending the Tech commencement exercises Monday night from Gomez were: Mrs. M. Chesher, Rev. and Mrs. J. W. Stone, Mrs. C. J. McLeRoy, Mr. and Mrs. K. Sears and Kellie Mack, Mr. and Mrs. B. R. Lay and Bobby McLeRoy.

A large crowd attended the commencement exercises for the vacation Bible School at church last Friday evening. Seventy-six children received certificates.

O. M. Dennis, teacher in the local schools several years ago, who went from here to Anton and later to Whiteface, was a caller last week. It had been some years since he had been in Brownfield, and he remarked that the town had grown so much he had to get in some familiar place and figure out his bearings. He was here to help his son, who has just finished high school, get a job with Magnolia Petroleum Co.

Construction was started on the remodeling of the Money Price farm home this week.

Donna Kay Peachee of Lubbock is the guest of her grandparents, Mr. and Mrs. J. H. Griffin for the next two weeks.

G I QUESTIONS AND ANSWERS

Q. Have I any recourse to civil courts if I do not like VA's decision on my claim for disability compensation?

A. No, the law specifically provides that the decision of the Administrator of Veterans Affairs in such matters is final and conclusive.

Q. I am an ex-G-I of world War II and receive disability compensation. If I take a three hour a day job, will my compensation be discontinued?

A. So long as your disability remains compensable, it will be continued. The fact that you are employed does not bar payment of compensation if you are disabled as results of a service-connected condition.

Q. I lost the use of my leg in line of duty during World War I, and would like to know if I can get a car from the Government?

A. Under existing law, the authority to furnish automobiles is limited to World War II veterans.

Q. What kind of insurance is National Life Insurance?

A. NSLI is mutual insurance. All premium payments go into a trust fund maintained by the Treasury Department. This money is invested in Government, interest-bearing securities. The fund accrues to the fund. The interest is known as the National Service Life Insurance Fund.

DR. AND MRS. E. C. DAVIS OBSERVE ANNIVERSARY

Dr. and Mrs. Davis entertained with a bridge party Thursday night, June 3, to observe their anniversary.

The guests list included: Messrs. and Mesdames Kyle Graves, Money Price, Walter Hord, Dr. and Mrs. T. H. McIlroy, and Mesdames Bill Price and Fred Hess.

ALEATHEAN CLASS LUNCHEON

Mrs. Wayne Lewis entertained members of the Aleathean Sunday school class of the First Baptist Church with a Luncheon Wednesday at noon in the home of Mrs. E. C. Davis.

There were 18 present.

Mrs. Dell Smith and daughter Gloria, accompanied by Mumford Austin Graham of Glendale, Ariz., and Morgan Pace of Brownfield, came in Monday night to visit in the R. L. Graves, W. C. Smith and Sawyer Graham homes. Morgan's parents, Mr. and Mrs. Lucky Pace were recent guests in the Dell Smith home and Morgan remained to help Mrs. Smith drive on the trip here.

Lettuce loses its flavor and food value if kept too long, even in the refrigerator. Add salad dressing just before serving in order not to wilt the leaves.

PLAINS NEWS

Mrs. Addie Frazier of Guthrie is here visiting her sister Mrs. Lydia Lynn.

Plains chapter No. 862 Order of the Eastern Star met in regular session Monday night June 7 with 24 members and 12 visitors present. Installation of officers for the new year was held. Refreshments were served by the chapter.

Mr. and Mrs. Pay Lackey were visiting in Lubbock Sunday.

Mrs. Lois Miller is in the sick list this week.

Mrs. Sallie Forrest and Mrs. Lydia Lynn visited in Guthrie a few days last week.

Mr. and Mrs. Ed Dumas, Jr., and family visited his sister Mrs. Red Whisenant and family at Andrews Saturday night and Sunday.

PLEASANT VALLEY H D CLUB MEETS

Members of the Pleasant Valley Home Demonstration club met Friday, June 4, in the home of Mrs. Riley.

Mrs. Walter Gandy demonstrated making neufchatel cheese and whey punch.

Ice cream and cake were served to eight members. The next meeting to be held June 18 will be in the home of Mrs. Loyd Dawson.

VACATION BIBLE SCHOOL TO START MONDAY

Minister Jimmy Wood of the Crescent Hill Church of Christ has announced that the Vacation Bible School will start Monday at that church.

He stated that there will be classes for all and qualified teachers available for the youngest to the adult classes.

More About Our Movements In Tennessee

The only thing that marred the supreme pleasure of our trip to Tennessee the good year 1948, was the fact that a niece was very ill with kidney stone when we arrived. She was hustled off to the Baptist Hospital at Memphis, where a specialist started treatment that is to finally lead to an operation for removal of that kidney—providing Betty doesn't back down. Otherwise the immediate family seemed to be OK as at least three of them had more or less major operations during the winter, and that should put 'em up on their toes for awhile, at least.

Speaking of operations, some of us begin to hail back the passing years to people we remembered laying in the old New Hope cemetery anywhere from 30 to 50 years ago, that the doctor said died of "locked bowels, of inflammation of the stomach," and various other disorders. And we called to mind that perhaps most of them died of appendicitis or peritonitis, and a simple operation would have

saved their lives. But such was not confined to that immediate area, but was the same all over the country.

How It Feels To Be Held Up

While back there we had nothing to do but browse around one day, and dropped into the Bank of Middleton, as we sometimes have to draw a bit of money while there. John Simpson, the president and the Old He were kinder known to each other when both of us were a lot younger. But we really knew his dad, Slater Simpson, a lot better than his son, as we are somewhat older. Those old boys back there always like to talk with a "bragging Texan," and he invited us back to his office where we could get seats. Both of us fell to reminiscing of the bygone past. We upped and said that when a boy, there was only one bank in Hardeman county, and we'd bet it did not have a half million on deposit. We believe there are now six or seven banks in the county with two at the county seat, Bolivar.

Mr. Simpson just chuckled and replied that if the lone bank at Bolivar had \$100,000 on deposit then it'd fool him. There was perhaps half a million dollars in the county, but most of it Mr. Simpson said was in old jars, sox,

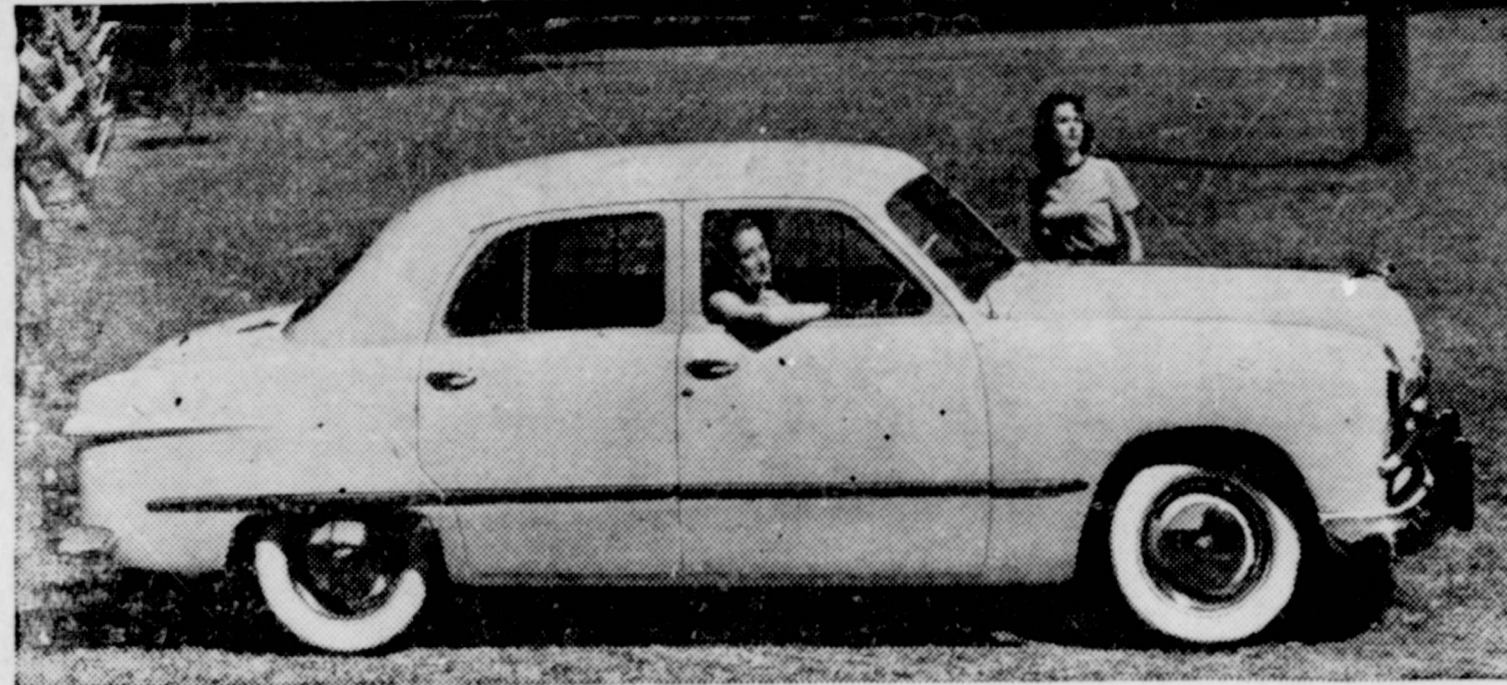

between the feather bed and straw mattress, and various and sundry other hiding places. People just didn't use banks in "those good old days," he continued. At the last call of Hardeman county banks there was around ten million on deposit. Then we wanted to know how it felt to be held up. He underwent that experience about a year ago.

A man working out of Middleton on a highway from an adjoining state, had told Mr. Simpson that he had some business before the band closed, but he was waiting for another man. Delay in closing was past when the man walked in with something in his pocket not unlike the bulk of a pistol, and demanded the cash. He gathered up about \$2,000 in sight, and made for the vault, but Mr. Simpson told him something to do when he opened the vault that was incorrect, and he either could never make it or got jittery and hastened out. Some thought it a pint whiskey bottle he had in his pocket. Or if really a sixshooter, it was never found.

The guy ran down an alley between the bank and the right-of-way of the Southern railroad and into a negro home. The woman ran him out and spread the alarm. He was chased to the high school building, where he got in between and where the ceiling came near the roof. Flashlights were brought into play and someone shot the guy in the leg with a shotgun, and he was ready to surrender. He is serving time at Nashville.

Well, says Mr. Simpson, I can't hardly tell you how I or the other lone person in the bank felt. But I believe I was scared worse after the thing was all over than while it was all going on. Personally, we don't believe he lost much growth or flesh at any time. He is not a very excitable man to start with.

We believe this tirade is about

The revolutionary new Ford four-door sedan for 1949 is lower, wider, roomier and provides nearly 25 per cent more visibility.

Pays A Glowing To Old Pioneers

Old Settlers' Day was a feature of the "Dogie Days" celebration recently held in Dumas and Editor W. R. Rutherford of the Moore County News was so impressed by the gathering of the pioneers of that region he wrote:

"And yet, we wonder what we have one-half so wonderful as the band of communion, fellowship, and respect that lay like girdling steel around these men and women.

"Their quiet confidence in each other went back to the days when one needed to know who stood behind his back. Their sureness and certainty of bearing was that of men and women who stood out against the storms of nature and had lived through to greet the returning sun with increased faith and surety that God lived and all is well on earth."

The above is certainly a deserved compliment to the old pioneers who made this country an easy place for the rest of us to settle. It was they who lived through the days of privation and inconven-

iences that we might have a goodly land to make our homes. Yes, they fully trusted each other. Not even the coal bin was locked, and it cost real money to have coal delivered from Plainview or Big Spring by freight wagon, some \$25 a ton. That was real money them days.

Nothing was locked. He would have been quite a suspicious character who did lock his premises. Some of the mercantile establishments did not lock their doors at night. The Herald had no key to the front door for years after we came here. You could leave your hoe and rake in the front yard, or your saw and hammer on the front porch, or your feed bin with nothing more than a latch, indefinitely, and they would still be there when you wanted them. Try it now!

People were supposed to leave their homes open. This especially applied to remote ranches. Maybe a hungry, saddle-sore man would pass that way looking for nourishment and a bit of sleep. He was supposed to help himself, but wash up the dishes and leave the place in as good shape as he found it, with a note telling who had visited the ranch.

Santone Lad Wins In Meat Poster Contest

Topping all entries from Texas, 16-year old Thomas Lee Harmon, a student of Luther Burbank Vocational High School of San Antonio, has just been named state champion in the 12th National Meat Poster Contest for high school students.

Mr. Harmon's poster was selected, together with winners from 39 other states and the District of Columbia, from the largest entry list ever received in this project, according to the National Live Stock and Meat Board, research and educational organization sponsoring the contest.

Home Economics and art students submitted posters based on the general theme "Meat and the Nation's Welfare." Mr. Harmon chose as the title for his prize-winning poster "Meat for Health." He resides at 318 Hollenbeck, Avenue, San Antonio.

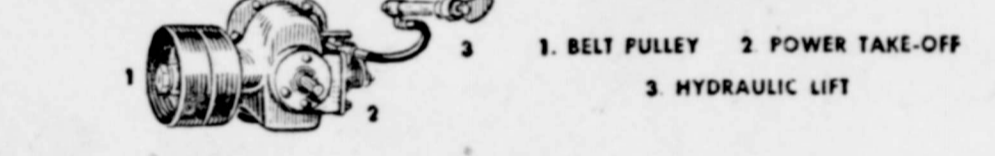

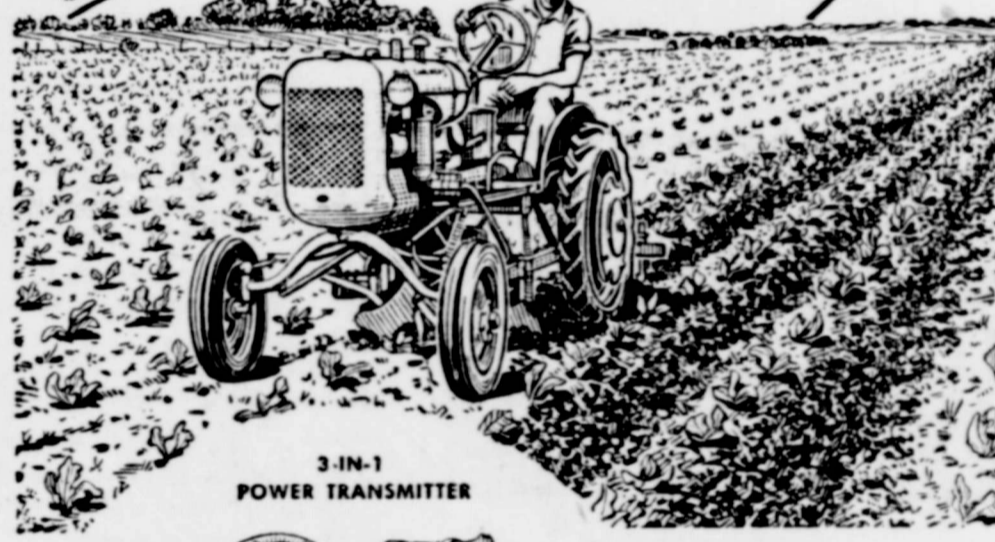

Many tons of gold and silver are lost annually through the rubbing together of coins.

Rattlesnakes are dangerous from the moment of birth.

The number of young garter snakes in a single brood ranges from 12 to 50.

Dr. and Mrs. E. C. Davis and Mrs. Buel Price spent the weekend in Eldorado, Oklahoma, with Mr. Price who is there harvesting wheat.

1948 BARGAIN

U. S. D. A. sources reveal that power equipment is one of today's best farm buys.

Cost of farm machinery has increased only 38 percent over 1935-39, compared to 240 percent for farm labor.

Farm production costs can be reduced by increased mechanization.

When it comes to tractor power, the Allis-Chalmers Model B is out in front. It's just the right size to make efficient use of power on such jobs as cultivating, hauling and belt work. Above all, it is reasonably priced.

If handkerchiefs are washed in the machine along with the other clothes, it is a good idea to tie them in a loose cheesecloth bag, and let them go through both wringer and washer in the bag. This saves wear and tear in washing and keeps them out of the wringer.

No species of birds or fowls now existing have teeth.

The average Swiss citizen eats about 18 pounds of cheese a year.

Mr. and Mrs. H. G. Huddleston had as guest during the weekend his mother, Mrs. Viola Huddleston of Morton; Mrs. B. F. J. Jones and Luther Jones of Brownfield; Mr. and Mrs. Garney Palmer and son of Portales, N. M.; Mr. and Mrs. Charlie Dowell of Tahoka.

NEWS & VIEWS FROM HERE & THERE

INDEX OF BUSINESS ACTIVITY—The volume of Texas business declined fractionally from February to March, says the Bureau of Business Research of the University of Texas. The Bureau's composite index of business activity was 212 per cent of the pre-war period (1935-39). Three components of the index increased and three dipped below February levels. Miscellaneous freight carloadings in the Southwestern District moved up 2 per cent to 139; Sales of department and apparel stores rose 7 per cent to bring the index to 361—the highest level since August 1946. Employment remained steady at 122. Registering decreases were electric power consumption, 8 per cent to 302; crude runs to stills, 2 per cent to 175; and payrolls 2 per cent to 238. AP Photo

INDEX OF TEXAS RETAIL SALES—The Seasonally-adjusted index of Texas retail sales rose to a new high of 340 in April as compared to 329 in March, the University of Texas Bureau of Business Research reported. The durable goods index, adjusted for seasonal variation, advanced to 395 over the earlier March high of 369. The non-durable goods index climbed to 311. Topping its former high of 309 for March. Deflated for price changes, the adjusted total sales index rose to 180 from 174 in March as it approached the all-time high of 189 reached by the index in February 1946. (AP Photo)

NORTON SIGNS CONTRACT—Homer Norton (seated left), former head football coach at Texas A & M College is shown signing a contract to take over the duties of head coach of Kirwin High School in Galveston, a Parochial school. Norton, who plans to operate a beachfront hotel in Galveston, said he declined several college offers. Others in photo include: Most Rev. C. E. Byrne, Bishop of the Galveston Diocese (center); Rev. J. J. Ruddy, president Kirwin high school (right). Standing (left to right) are: Brother Gabriel, principal of Kirwin high school and Al Lopez, president of the Kirwin Athletic Association. (AP Photo)

ANY OTHER STATE WANT TO BE HATED?—Ray Halloran, Cincinnati, Ohio, veteran, who is on tour of Texas for his prize-winning essay on why he hated the state, is surrounded by Baylor University co-eds after a swimming party and buffet supper in his honor at Waco, Texas, May 24. (AP Photo)

TELLS OF LACK OF STEEL—William Murray (above), Texas Railroad Commissioner, tells the Senate small business committee in Washington, May 27, that Texas has to have more pipe if it is to boost oil production or even to maintain current production. He was spokesman for Governor Beauford H. Jester of Texas. (AP Photo)

PROCLAIMS DAIRY MONTH—Gov. Beauford H. Jester (right) delivers a proclamation designating June as Dairy Month to Herman F. Heep, Texas Jersey Breeder and Director of Texas Jersey Cattle Club at Heeps farm near Austin. Mr. Heep accepted the proclamation as a salute to thousands of dairymen who own Jersey cows in Texas. (AP Photo)

Mrs. Maxine Coker, "Miss Courtesy and Safety" who was chosen at the annual convention of the Texas Motor Transportation Association in Fort Worth, stands beside the truck which pulled the association's safety exhibit on a recent tour. The driver is M. M. "Hawk" Thompson of Lufkin.

LIGHTED WATERFALLS

The lighting of Seven Falls and the mile-long canyon at Colorado Springs, Colorado, has now been completed and will be open to the public at night this summer. This is the only completely lighted canyon and waterfalls in the world and the lighting effects are quite spectacular.

TO PRESIDE—Senator Alben W. Barkley (D., Ky.), left, keynoter, and Representative Sam Rayburn (D., Tex.), commended as permanent chairman for Democratic National Convention July 12.

Executive Body Picks Chairmen For Convention

Barkley Named Keynoter, Rayburn Commended

In recognition of their long and valiant service to the Democratic Party and to the nation as a whole, Senator Alben W. Barkley, of Kentucky, and Representative Sam Rayburn, of Texas, minority leaders of the Senate and House, respectively, have been named unanimously to fill key posts at the Democratic National Convention, convening in Philadelphia at 2 P.M., Monday, July 12.

The party executive committee, meeting in Philadelphia recently, elected Senator Barkley as temporary chairman and keynoter and commended Representative Rayburn to the convention as permanent chairman.

Representative Mary Norton, of New Jersey, was commended to the convention as chairman of the credentials committee, a more im-

HONORED—Representative Mary Norton (D., N.J.), commended as chairman of credentials committee for convention.

portant post than ever before held by a woman. Commendation by the executive committee is usually tantamount to election by the convention.

The executive committee authorized Senator J. Howard McGrath, of Rhode Island, chairman of the Democratic National Committee, to select a temporary committee to begin the preparation of a platform draft. It also authorized Senator McGrath to make other necessary convention arrangements.

Kerosene Leads List Of Household Poisons

Sneak killers lurk in virtually every American home, the National Safety Council says. These killers are poisons, which claim more than 2,000 lives a year. Small children under five are the most frequent victims.

Guard against these sneak killers in three places, where the Council says they usually are found:

Bathroom—medicines and drugs. Kitchen—cleaning, bleaching and disinfecting compounds.

Basement or garage—insecticides and kerosene.

Kerosene's poisonous characteristics long have been overshadowed by its fire hazard. With the exception of food poisoning, kerosene leads the list of virtually every home survey, the Council said.

BOOTS AND ALL—Doryce Platt who won the title of "America's Most Beautiful Cowbelle" at the Stampede Day celebration held in Bandera recently as "Miss Galveston" is shown with cowboy boots, hat and silver cowbell on the beach at Galveston. (AP Photo)

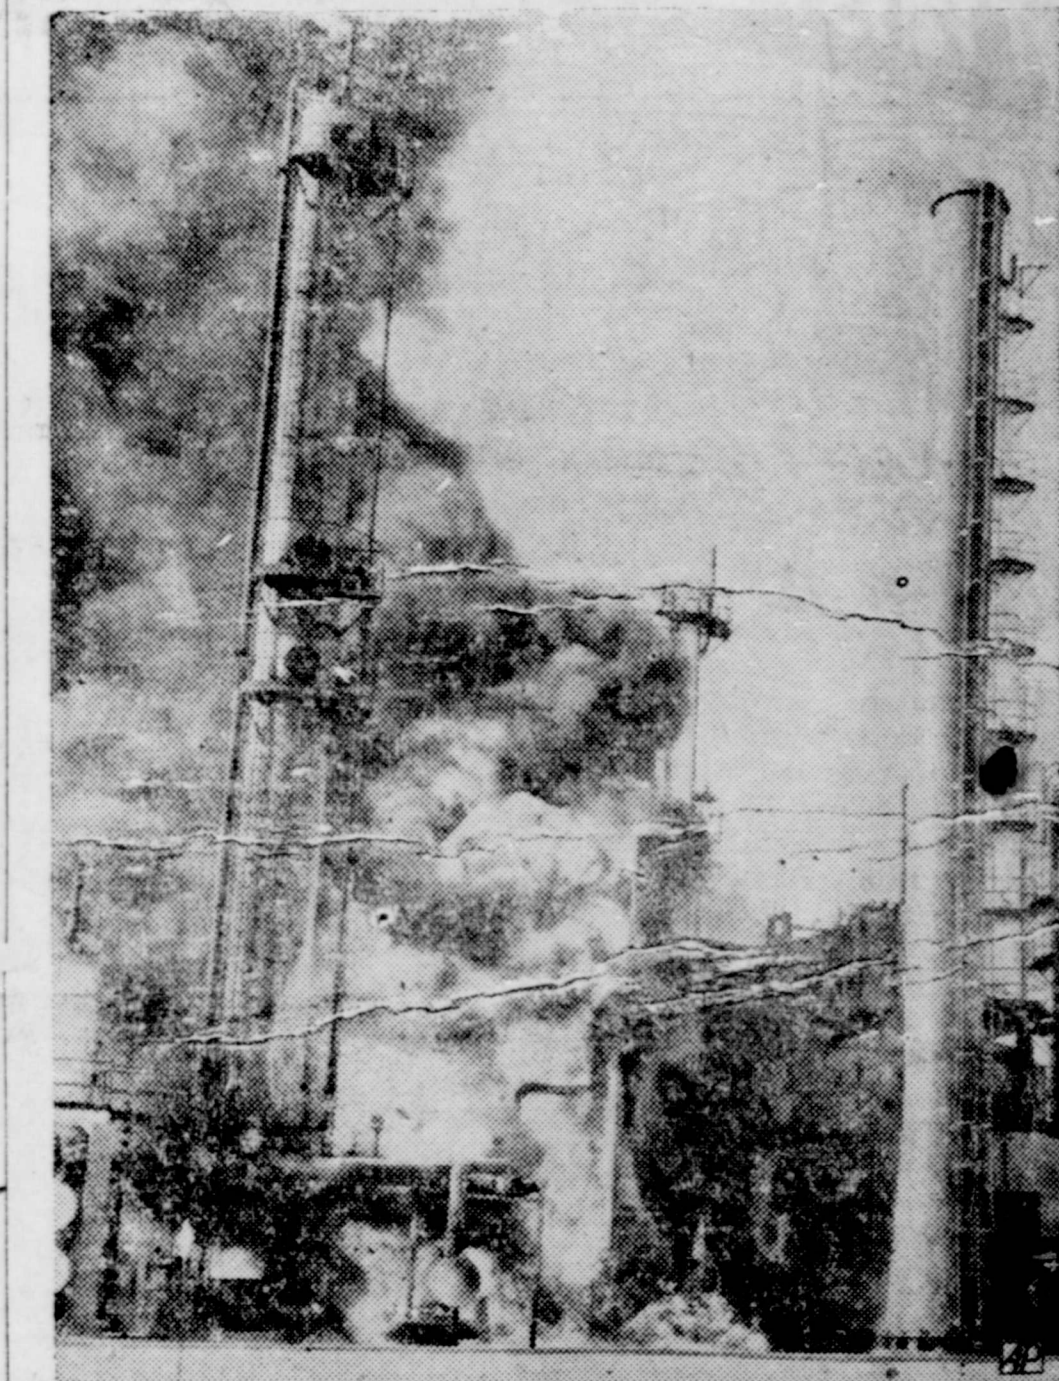

LUBBOCK ABC RODEO—West Texans by the thousands will have their second opportunity in as many years to see the famous cowboy movie star, Gene Autry, with a personal appearance in Lubbock four nights beginning June 9. Autry stars in the World's Championship Rodeo, opening on that date and continuing through June 12, with nightly performances starting at 8:00 p. m. in the new Clifford and Audrey Jones Stadium at Texas Tech. The American Business Club again will sponsor the show, proceeds of which will be placed in the capital fund of the Lubbock Boys' Club.

W. D. Jones, a nurse in the Veterans Hospital at Amarillo, was down this week visiting with his sister, Mrs. Maudie Romans and family.

Mrs. Gertrude Mason left Wednesday for a visit in Wyoming.

Irene Black left Wednesday for a visit in Hobbs, N. M.

REFINERY FIRE—Flames boil around one unit of the polymerization plant at the Continental Refinery plant in Wichita Falls. Refinery Superintendent John A. Ramsey said the fire was caused by a ruptured tube in a reboiler. Damage was estimated at \$5,000 to \$10,000. (AP Photo)

Eddie Powell is visiting Mrs. L. Shepherd and family of Passland. Eddy Thomas is home after a day stay at Baylor Hospital Dallas. He has a slight limp but is hoped that he will soon be completely recovered. Sunday School and BTU were well attended Sunday. Rev. Baldwin was unable to be here Sunday because he was holding a meeting elsewhere. Carrol Herwig will preach at the regular hours next Sunday morning and night. Everyone is given a special invitation to attend church each Sunday. Supt. Gary started the summer session at Texas Tech this week. He is driving back and forth each day. Curtis Boone of Hale Center is visiting his brother, Milton Boone, of this community. Mrs. Lanious and Vida Mae visited Mrs. Walker and girls at Meadow last week. Mrs. Ethel Stone honored Mrs. Iner Miller with a pink and blue shower recently. Mrs. Miller is the former Miss Estell McNeill. The Miller's now live on the Cooper farm. The Claude Montgomery family have moved to Crossroads. M. Mr. Montgomery was a member of the local school board and Mrs. Montgomery was active in club and Sunday school work. The community regrets their leaving. Mr. Earle Cornett's brother, E. and wife of Knox City visited

THE STATE OF TEXAS COUNTY OF TERRY

NOTICE is hereby given that it has been determined by the Commissioners' Court of Terry County, Texas, and it is advisable to make an oil, gas and mineral lease, of the lands hereinafter described covering the interest of Terry County in the minerals in such land, and the Commissioners' Court will receive bids until 10 o'clock A. M. on the 28 day of June, A. D. 1948, in the Commissioners' Court room in the Court House, in Brownfield, Terry County, Texas for such oil, gas or mineral lease or leases, and said bids will be considered by the Commissioners' Court of Terry County, Texas at that time. The land upon which bids are to be received, is described as follows, to-wit: West 1/2 of Block 6 and West 1/2 of Block 2 League 300 Terry County School Land, Gaines County, Texas. This Notice is given in compliance with a resolution passed by the Commissioners' Court of Terry County, Texas at a regular meeting held on the 24th day of May A. D. 1948, and held in the Commissioners' Court Room in the Court House at Brownfield, Sunday with the Cornetts, also Mrs. Laura Shaw and W. H. Cornett from Knox City were visitors. Earlene and Genell Cornett are visiting their grandparents at Brownfield this week. Mr. and Mrs. A. J. Felts of Abilene and Mr. and Mrs. Felts of Foster were visitors in the Hubert Runnels home Sunday.

Texans In Washington

BY TEX EASLEY
AP Special Washington Service
WASHINGTON, June 10 (AP)—The Interior Department announced recently that one of the tallest peaks in Texas may be named Toll mountain. The designation, which is expected to be approved today when the department's "Board of Geographic Names" meets, would honor Roger W. Toll. Although he was not a Texan and known to but few people in the State, Toll had a role in the establishment of Big Bend National Park. The 7,420 foot flat top peak is located in the Big Bend's Chisos Mountains, in Brewster County. For many years while in the National Park Service, Toll made a study of the Big Bend country and was so impressed by its potentialities that he strongly recommended the Federal Government actively aid and encourage Texans who were promoting the idea. He had just completed a thorough first hand investigation of the rugged West Texas territory along the Rio Grande and was enroute by automobile to Arizona when he was killed in an accident near Deming, N. M. Toll was born in Denver, Colo., Oct. 17, 1883, and after studying civil engineering at Denver and Columbia Universities, became chief engineer for the Denver Tramway Company. Shortly after World War One he entered the National Park service, and at the time of his death was superintendent of Yellowstone National Park. Noted as a mountaineer, he had previously been in charge of Rocky Mountain and Mount Rainier National parks. The head of the Board of Geographic names is Dr. Meredith Burrill, who said that the Nation-

Appointments For Northwest Texas Methodists

Appointments of Methodist ministers for the ensuing year which were announced Sunday afternoon provide for many changes. The appointments were read by Bishop Charles C. Seelman of Dallas in the closing session of the Northwest Texas conference Sunday afternoon at First Methodist church in Lubbock. Ministers who will move are to report to the churches to which they have been appointed next Sunday.

Pastors appointed in Lubbock district were: Brownfield, H. L. Thurston; Brownfield circuit, Lynward Harrison; Denver City, H. W. Barnett; Meadow-Lakeview, Cecil Tune; Plains, Conrad M. Ryan; Ropesville, C. C. Hard-

al Park Service had recommended the Texas Mountain be named after Toll. All mountains and rivers of importance, said Dr. Burrill are deceased persons. Names usually are selected of well known figures in the locality involved or of individuals associated with the area in some manner. There are some exceptions where through common usage a mountain or river has become well known by the name of a living person.

The Board is set up under and responsible only to the Secretary of the Interior. It is the body which determines what name shall be officially recognized by the government on maps and documents—numerous foreign towns and cities as well as rivers and mountains are known by two or more names. For example, the Rio Grande on most Mexican maps is called Rio Bravo.

Periodically, the board issues a list of names which it proposes to apply to various places on the globe. Then, a month or so later, final approval is given if there has been no serious protest to the idea.

2 Former Residents To Graduate

Sammy Dick Hunter and Miss Mildred Fagala, both residents of Brownfield a few years ago, graduated from Paris Junior College May 26. Sammy Dick Hunter will enter Texas Technological College next fall. He is the son of Mr. and Mrs. Boone Hunter. Mrs. Sue Hunter taught school in the grade school here for three years. Mr. Hunter was owner of the Hunter Drug. Mildred Fagala is the daughter of Mr. and Mrs. O. W. Fagala both of whom taught school here. He was superintendent for a number of years. Mr. and Mrs. Fagala have bought a home at Chicota, Texas and are still teaching.

STUDENTS HOME FOR SUMMER

Among college students who are home for the summer holidays are: Juanita Corley, Wayland college; Marion Wingerd, Stephens College; W. E. Buchanan, Wayland; Arnold Dalton, West Texas State Teachers; Delores Gillham, Stephens; Betty Holmes, Stephens; Morgan Copeland, Myron Harris, Tucker Lilly, Sonny Treadaway, Robert Bowers, all of Texas University.

Absolutely pure water does not exist.

Murray Seeks Aid For Butane Users

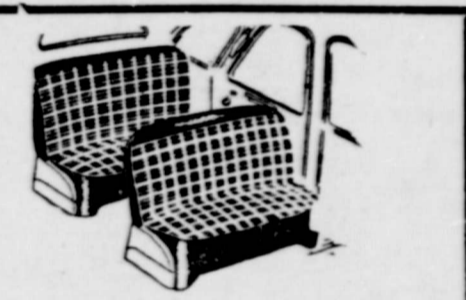

Railroad Commissioner William J. (Bill) Murray, above, is pleading in Washington for larger allocations of steel with which to prevent another butane shortage next winter. Testifying before a joint meeting of the U.S. Senate's Small Business Committee and the steel industry's advisory council, Murray, a graduate petroleum engineer, said "People in Texas will be cold again next winter unless we get more steel with which to store butane during summer months." Murray's appearance before the steel-use conference last week was in answer to an urgent invitation for Texas representation at the hearing sent to Gov. Jester by Sen. Kenneth Wherry, senate committee chairman.

FARM QUESTION BOX

by ED W. MITCHELL
Farm Advisor
General Electric Station WGY

- Q. Our cow won't eat hay unless it is doctored with molasses which has a very laxative effect. Does this affect the quality of her milk? She gives twenty-two quarts a day and nine to ten pounds of butter a week.
- A. The laxative effect will not affect the quality of milk but may make the cow weak and thin and so reduce the amount. Cut down on molasses and dust some ground feed over the hay after some molasses has been applied.
- Q. We have a continuing problem to keep migrating rats from coming into our house and running around in the partitions. What remedies can you suggest?
- A. Tack 1/2-inch mesh hardware cloth over all possible openings you can find; keep wood piles, rubbish and other places of refuge cleaned up as well as you can; carry on a constant program of poison bait, and using unpoisoned food occasionally to get them used to a feeding place.
- Q. What can I do to keep azalea plants after they have finished blooming? I want to save them to bloom next winter.
- A. Azalea belongs to the rhododendron family and prefers an acid soil, so use suite of ammonia and acid phosphate for fertilizer. When bloom falls and leaves begin to fall, lay plant away in cellar to rest. Bring out, repot, and sink in garden for summer and repeat when you bring it in for forcing next fall. Prune severely.
- Q. How and when do worms get in grapes? How can they be kept out?
- A. The most common worm is grape berry moth; it gets in when grapes are about half green. Prevent it by a poison spray or dust every two or three weeks and add a fungicide to prevent black rot. Use a Bordeaux-lead-dust or spray.
- Q. I have a hen house 75 feet long with water pipes laid on top of the floor which freeze in the winter. Can soil heating cable be put on these pipes on the floor with litter around it without danger of a short or setting the litter on fire?
- A. Yes, I think so, if they are properly installed. They use this cable in brooder houses for turkeys and chickens and I never knew of a heating cable starting a fire.
- Q. Is DDT dust packed for one year still good to use the next year? The dust I have is three per cent and commonly used for cabbage and cauliflower.
- A. I think so; so far as I know it does not lose strength in storage.
- Q. We have always had a nice garden, but last year the soil turned green. Have used lime, ashes, and 5-5-10 on it, but they didn't help at all. What should I do for this condition?
- A. Nothing—that is just a little fungus mold on the surface and has no special significance.

ROBERT L. NOBLE

West Side Square Brownfield

AND TO GET FULL SERVICE FROM OIL

Farmers are learning to arrange things so chores can be done without unnecessary work. It's sheer waste to take 150 minutes for a job that could be done in 60 or 70 minutes with better planning. Just as it's wasteful to accept only 60 or 70 hours of use from tractor oil when Veedol Tractor Oil stands up for 150 hours in gasoline-burning tractors. 150-Hour Veedol is made by advanced methods and equipment from 100% Pennsylvania, the world's toughest crude.

150-HOUR VEEDOL

- SAVES FUEL by reducing power blow-by.
- SAVES TIME by avoiding breakdown delays.
- SAVES REPAIRS through greater heat and wear resistance.
- SAVES OIL — stands up 150 hours in gasoline-burning tractors; cuts oil consumption in all tractors.
- SAVES TRACTORS — assures long, economical service.

Meadow FFA Holds Regular Meeting

The Meadow FFA met in regular session on June 7 in the Meadow high school building. Plans were made for part of next year's work and dues were set for \$1.50.

At this meeting Dorna Nell Jenkins was elected FFA sweetheart of the Meadow chapter. This is her second year to hold the position.

A trip to Christoval will be made July 19-23 if there are no conflicts. Thursday, August 12, has been set aside as a day to remodel the Agriculture room. An advance degree committee was appointed at this meeting. Weldon Mason, Donald Bingham, and Herbert Hicks, who are to receive Lone Star Farmer Degrees this year, are members of the committee.

—Eddie Bingham, reporter.

LATEST LIBRARY BOOKS

Miss Olga Fitzgerald of the county library in the basement of the courthouse gives this list of the latest books that have been added to the library.

"A Light in the Window," Rinehart; "The Bishop's Mantle," Turnbull; "Eagle in the Sky," Van Wych Mason; "In a Dark Garden," Slaughter; "Sunrise," Hill; "The Seventh Hour," Hill; "The Substitute Guest," Hill.

Children's books from the Hardy Boys series by Franklin Dixon include: "The Great Airport Mystery," "The Secret Warning," "What Happened at Midnight," "The Secret of the Old Mill."

COUNTY LINE HD CLUB MEETS WITH MRS. SMITH

The County Line Home Demonstration club met in the home of Mrs. Wiley Smith, Friday afternoon, June 4.

The meeting was called to order by the president, Mrs. Homer Sudderth. Minutes of the previous meeting held at the home of Mrs. Cecil Patton were read and approved.

Roll call was answered by giving the name of a new food each member had learned to eat.

A demonstration on Vegetable Cookery was given by the agent, Miss Hunt. She cooked beans 30 minutes, corn 6 minutes, cabbage 6 minutes and squash 25 minutes. The shorter the time of cooking the more vitamins and minerals are retained.

There were eight members and two visitors present. The next meeting will be June 18th with Mrs. Iris Smith. The program will be on health.

COUNTRY CLUB LADIES HOLD LUNCHEON

The ladies of the Country Club met Wednesday for a covered dish luncheon and an afternoon of bridge.

Hostesses for the luncheon were: Mrs. J. E. Bowman, Crawford Burrows, Ted Hardy and Lee Brownfield.

There were approximately 25 present.

Ants, although annoying, seldom injure plants.

CHECK FOR SPELLER—Max B. Cook, a director of the National Spelling Bee held in Washington presents a check for \$50 to Wanda Lovett, 12, Lufkin, Texas, who placed 23rd. The presentation was made during a rehearsal prior to the formal presentations to winners at a banquet for the contestants. (AP Wirephoto)

PONTIAC RECOGNIZES LONG-TIME WORKERS

"A company is known by the people it keeps." Harry J. Klingler, general manager of Pontiac Motor Division, declared in making awards to one hundred forty-four Pontiac employees with an aggregate of 3959 years of service.

A banquet and entertainment in the plant dining rooms was climaxed by presentation of inscribed watches to the veterans averaging 27 years service and including eight women.

One of the oldest cultivated vegetables is the onion, first known in parts of Asia.

TO TAKE CRUISE THIS SUMMER

Midshipman James M. House, Levelland, now a student at the University of Texas and a member of the Naval Reserve Officers Training corps, will receive a two month training period this summer on the USS Columbus.

House, is the son of N. T. House of First Street, Levelland, and formerly attended school in Brownfield.

Billy Franks has returned to Brownfield. He has been employed for some time in Borger at the Phillips plant.

Bernice Edwards spent the week end in Santa Fe, N. M. with her niece.

Cumbers originally came from southern Asia and have been grown for more than four thousand years.
