

Masonic Bodies To Hold Public Installation Of Officers In Coleman Park Thursday

Officers of Brownfield Lodge No. 903, A. F. & A. M., for the coming year will be installed in public ceremonies at Coleman Park Thursday night, June 24. Following the installation ceremonies, a picnic supper will be served the Masons and their families.

Masons will first meet at the lodge hall at 7:30 p. m., and open a Lodge, then proceed to the park, where they will join their families at 7:45.

Newly-elected officers are: Virgil Bynum, Worshipful Mas-

ter; R. D. Newsom, Senior Warden; Wayland Parker, Junior Warden. Euland Eaves is the immediate Past Master. Brownfield Chapter No. 309, R. A. M., and Brownfield Council No. 245, R. & S. M., will decide Monday night whether or not they will join the Blue Lodge for joint installation of officers.

Dick McDuffie, Lubbock, a Past Master of the local Lodge, will install the new officers.

All Masons and their families are cordially invited to attend the affair.

Youths Urged To Join Guard Ahead Of Draft

Amon G. Carter Gives Rogers Statue To Texas Tech

Gift of a life sized equestrian statue of Will Rogers to be placed on Texas Technological college campus, donated by Amon G. Carter, publisher of the Fort Worth Star-Telegram, was announced by the college directors at a recent board meeting.

The bronze statue, a work of Electra Waggoner Biggs of Vernon and New York, is named "Riding Into the Sunset," and will be placed on the west end of the esplanade of the main college entrance, facing west. Rogers is represented riding his favorite horse "Soapsuds."

Carter was a member of the first board of directors of Texas Tech, and served as the board chairman for four years. He and Rogers were close personal friends.

A similar statue, the work of Mrs. Biggs also, stands at the entrance of the Will Rogers Memorial coliseum grounds in Fort Worth.

The statue is nine feet, 11 inches high, weighs 3,200 pounds and is valued at \$25,000.

"Aid to China" Maids And Matrons Project

The Maids and Matrons Study Club of Brownfield has as its first project for the 1948-49 club year, a good-will offering of much needed clothing for the destitute people of China. (The Methodist church of this city is to have charge of the distribution of these gifts.)

The club members believe that in giving aid at this time, they will help relieve the physical suffering of cold and hungry people and help extend the spirit of Christianity and democracy in a communist infested country—thereby furthering the cause of peace.

Every person in Brownfield is invited to cooperate in this undertaking by the contribution of good used clothing and shoes. Any cash donations will be used in helping restore Christian education in war-torn China.

Telephone either of the following committee members and your contributions will be called for:

Mrs. T. L. Treadaway, 190; Mrs. Roy Wingerd, 122; or Mrs. O. L. Peterman, 86-M.

Legion Junior Ball Game Here Today

Second game of the local American Legion Junior Baseball team's schedule is slated for today at 5:00 p. m. at Bear Field. The local lads are hosts to Lubbock's Junior Nine.

The first game was played here yesterday with Muleshoe.

Future Farmers Go On Encampment

The Brownfield FFA Chapter will begin its annual summer encampment June 22. Each member is to be at the Agriculture Rooms at 7:00 A. M. Tuesday, with the following camping material and food.

Change of clothing, towel and soap, tin plate, cup, fork and spoon, bedroll or blankets, fishing material, bathing suit.

Half pound bacon, nine eggs, half pint preserves, 2 loaves bread, 1 large can juice, no. 3 can pears, 1 can peaches, 2 lbs cookies, Hot tamales 1 can, 1-2 lb. weiners.

One can corn, one can peas, one can beans, six potatoes, two onions, one half pint pickles, one can Spam and two apples.

Each member is to bring a dollar to assist in paying for truck transportation. This amount was voted by the chapter at their special call meeting in May.

Everyone is expected to have a "camping-out" good time during the five day stay at Possum Kingdom. Baseball and touch football will be played in the evenings, swimming and boating will take up most of the day and fishing will be parts of days and nights.

During the last chapter meeting of June 2, several of the chapter members saw a film on life saving and first aid. It is the wishes of the group that this material will not have to be used but it is good to know such on any fishing trip.

Terry's Deep Test Around 6,500

The 12,000 feet deep test on the Hinson place about nine miles north of Brownfield, was reported via grapevine intelligence to be down some 6,500 feet in some very hard, flinty lime.

The report also said progress was satisfactory, and that the geological formations so far are good, whatever that means. Like all deep tests, the information about the well is very secretive.

Anyway, we are hoping that down about the octadecan or some other real or fancied formation of bygone ages, they find a pool of oil that blows the blocks off.

Lions To Sponsor County Fair

The local Lions club voted Wednesday to sponsor the 1948 Terry County Fair to be held here in October. They will act in conjunction with the Junior Chamber of Commerce. It will be the usual agricultural and livestock showings.

Various committees are to be appointed and details are to be worked out in the near future.

Bob Bowers attended a Bowers family reunion held in Abilene Monday and Tuesday.

Brownfield State Bank & Trust Co. Pays Dividends

The Board of Directors of the Brownfield State Bank & Trust Co. at their June meeting, declared a 6 per cent Dividend on the Capital Stock of the bank payable on July 1st. A substantial amount was passed to the undivided profits account and a liberal bonus was paid to the employees of the bank.

It was stated by J. O. Gillham, President, that the bank had paid its stockholders since organization the total sum of \$100,250.00, \$34,500.00 of which had been paid since 1937. Besides the cash dividends, the value of stock has increased from approximately \$35,000.00 in 1936 to a total capital structure of over \$300,000.00 at this time, all of which increase has been through earnings.

Mr. Gillham stated also that the bank's new building will be started soon. The plans have been finished and the board is in the process of awarding contracts. It is anticipated that the building will be ready for occupancy by January 1, 1949.

Peterman Gets Grass Drill Planter

O. L. Peterman, manager of the local cottonmill, expects to receive this week, a drill or planter to sow grass seeds of various kinds. This cannot be done with present grain drills.

Mr. Carlton, of the Soil Conservation work, states that there are several hundred acres being planted in various kinds of grasses.

To further these experiments, Mr. Peterman makes this drill available to anyone desiring its use for a nominal charge. It can be attached to any tractor.

The cottonmill lot will be planted in grass this summer.

Progressive farm leaders are making experimental efforts toward reclaiming the wind eroded spots in the county. This can be achieved as have many other farming problems. It is urged by some that these grasses will be worth as much or more in pasturage, as in crops.

Sunday Sandstorm Does Big Damage

A high wind Sunday afternoon preceding a cloud that rained very little here in Terry, blew out considerable sandy land, especially in the south-southeast portions of the county, it is reported.

This land had barely received enough moisture to get crops up, and was in no condition to receive a howling wind. This wind preceded the cloud on down to Howard county, where it was raining when we left there Sunday about 4:30 p. m.

SEASON'S FIRST COTTON — Pablo Rivera, Starr County, Texas, farmer seated on the season's first bale of cotton, sold it in Houston for \$2,456.20 at an auction on the floor of the Houston Cotton Exchange. Anderson Clayton Co., world's largest cotton firm, bought the bale. H. L. Gossman, (left) is secretary of the cotton exchange. W. G. Davis, McAllen ginners, stands at right. (AP Wirephoto)

5th Division American Legion At San Angelo Camp Fire Ceremony Held By Girl Scouts

GEORGE S. BERRY

J. R. GLEATON

A new American Legion home will be dedicated. State Commander George S. Berry, Past State Commander Ernest S. Goens and Brig. General Aubrey L. Moore will speak at the annual two day convention of the Fifth Division of The American Legion, commanded by J. R. Gleaton of Stamford, to be held in San Angelo June 19 and 20.

The Fifth Division, under the supervision of Commander Gleaton, is composed of 195 American Legion posts with a membership of 25,387 as of June 10 in the 16th, 17th, 18th, 19th and 21st congressional districts. Arthur Sitas, San Angelo, is chairman of arrangements for the convention. The host post, James J. Goodfellow, Jr. No. 32 is one of the outstanding in Texas.

Saturday will be given over to entertainment functions.

MAYOR TOM MAY RETURNS

Tom May, Mayor of Brownfield, returned early this week from attending the National Conclave of the Shriners at Atlantic City, N. J. all last week.

He reported a big time and a big meeting at which a Texas man from Tyler was elected national High Potentate of that order.

Grand Jury Convened Here Today

The Terry County Grand Jury are to convene today to investigate several offenses committed since their last meeting. Among them will likely be several cases of theft, for which local officers recently arrested three men. One of the men is now out on bond. The other two are in jail in another county.

The alleged thefts include quite a lot of building material, and tools, part of which have been identified by victims, from several other counties, as well as Terry.

KENDRICK TO HEAD JAYCEES

Johnny Kendrick, local banker, will be installed as president of the local Junior Chamber of Commerce in a meeting at the Legion Hall next Tuesday night at 8 o'clock. Clifton Jones, as first vice president and Lynn Nelson, as 2nd vice president, will also be installed at this time.

In addition to the above, a secretary and various committee chairmen are scheduled to be chosen.

An entertaining program has been arranged to round out the evening and all Jaycees are urged to be present.

PROMINENT BUSINESS MAN LEAVES CITY

Homer Newman and family are moving this week to Oklahoma City to operate a large furniture store he recently purchased.

Homer has been associated with his brother Henry, in the grain business here, for several years. The latter remains on in the business.

Pictured above is an architects drawing of the proposed Brownfield State Bank & Trust Co. to be located on Broadway at Fourth. This building is to be thoroughly modern in every detail. Note that there are no windows in the building, as air and heat conditioning will be controlled. There will be approximately 5600 feet of floor space on the second floor. The entire first floor will be occupied by the bank. The size of the new building is to be 60x120 feet. Mr. Gillham stated that the present building second floor would continue to be used for offices, but he was not ready to state just yet what kind of business would occupy the first floor, now used by the bank.

What? No Low Water Rate This Summer?

As most of the city officials are out of town on vacation, it is rather hard to get the IQ's about the matter to the proper authorities, but it is generally understood on the streets that there is to be no cheap summer rate on water this year.

Our understanding is that some of the city officials have stated that labor and other things, such as materials, are too high to permit the usual cheap water rate during the hot summer months.

At least some in our section of town are letting surplus grass die, as they say they cannot pay the regular rate through the summer in order to keep surplus grass green. Just a spot in the immediate front, and a little picnic spot in the rear of the homes are being watered.

The minimum for water is, we believe \$1.50 for the first 5M gallons used, and 25c per 1,000 gallons in excess. In many places this would be considered a very cheap rate, but for many years heretofore, to encourage nice lawns, flowers, shrubs and shade tree growing, the city has been through the hot summer months, beginning about May and lasting until October, making a rate of the minimum plus some 10c per 1,000 gallons.

At such a rate, the user could get some 21,000 gallons per month for \$4.50, but at the regular rate would run to some \$6.50 per month.

The Herald is sorry to hear the cheap summer rate had to be withdrawn, but we feel sure that those who have made a study of the matter are in better position to know what the city can stand and make ends meet than others who have not had the matter under advisement.

Vacation Bible School Enrollment Nears 200 Mark

The enrollment for the annual Vacation Bible School of the Crescent Hill Church of Christ neared the 200 mark early in the week, Minister Jimmy Wood said today. "On Monday, the opening day of the school there were 150 present and on Tuesday there were 183. We expect it to go over the 200 mark by the end of this week, he continued.

The school is the largest ever to be had by the Church of Christ in Brownfield, and it is hoped that it will be the most profitable. Bro. Jimmy Wood, in charge of the school and Bro. A. C. McIlroy, minister of the Meadow church is in charge of the music classes. In addition to this there are some 20 other teachers cooperating in it. The school will continue through next Friday and all of the young people in Brownfield are invited to attend.

Commencement Program

"The commencement program for the annual Vacation Bible School will be held in the church next Thursday evening at 8:00 p. m.," Bro Wood said and added "those who have attended the required number of times will be given certificates for having completed the necessary course of study in the school."

Building Permits Up To \$35,650 for Week

The building permits issued by the City of Brownfield for the past week, June 9-16, total \$35,650, to show an increase over last week.

R. F. and T. F. Denton, construct six 20 by 24 foot cabins and garages, located on Lubbock Road, \$10,000.

L. M. Wingerd, for owner Terrell B. Knight, construct 26 by 51 tile building, located 110 East Main, \$7,000.

J. W. Ball, owner, P. R. Cates, construct 24 by 90 frame and rock residence, located on Tahoka Road, \$17,500.

Claude Merritt, 6 by 12 addition, located 520 Tahoka Road, \$250.

J. B. Son, move in 26 by 26 building and remodel, located So. 2nd. \$900.

VETERANS SERVICE OFFICERS FORM ASSOCIATION

C. L. Lincoln, Terry County Service officer, aided in forming a west Texas Officers Association at Lubbock last week. Over 50 such officers joined.

Their purpose is to improve their efficiency toward aiding Veterans of the last wars.

LEGION TO ELECT OFFICERS

Election of officers for the coming year of the Howard-Henson Post, American Legion, will be held at the Post's regular meeting next Thursday night, June 24. All members are urged to be present.

The Bus Strike Grows More Menacing

depot at Lubbock has been dynamited with considerable damage. Luckily no one was in the offices at the time. The incident is under investigation of officers, who claim they have some hot clues. Dynamite was also found under a bus.

Since the strike started back in May, several of the substitute drivers or their buses have been attacked with rocks, etc., and some of the new drivers quite severely beaten. The attackers were identified but a Lubbock county grand jury at the behest of the district attorney was reported to no-bill them. Grand Jury action on two other incidents in Hale and King counties is to come up soon.

The district judge at Lubbock threatens to dismiss the present grand jury and call and empanel another. At the same time he may ask the district attorney in the other cases to step out of the picture.

As to the new and dangerous incident, the union denies all knowledge concerning it, yet they had two pickets who happened to be on the other side of the buildings when the explosion occurred. In any event, they will have to take the blame for the incident.

The writer does not intend to pin the explosion on the union, and as they say, they may be innocent, and a hoodlum from some city far removed may have set the dynamite blast. It will also be remembered that it was later proved that during the Ku Klux epidemic in the 20's, a lot of people were whipped and at that time the whippings were laid on the klan, and later proven incorrect.

In other words, some low people took advantage of the hooded order to wreak their vengeance on some one they disliked under the guise of the klan. As stated above, the union may be clear of this attack but most people, under the circumstances, will lay it at their door.

Retired Minister Thinks Everything Is O K

Had a little conversation last week with Rev. Ed Tharp, a sup-erannate minister of the Methodist church. Now, Ed, as we have always called him, has two farms in Terry, and he has farmed enough himself and seen it done till he is pretty well versed in agriculture.

Several years ago, and sometime before he retired from active ministry, he was pastor here at Brownfield, and strange to say had accumulated some money. It never has been thoroughly threshed out, but most folks think Ed inherited the money—ministers just don't make it preaching.

Be as it may, Ed got hold of two nice farms in Terry county, one east of town and the other west, and he is sure to get rain on one of them. How he got possession of these farms is Ed's business, and none of ours.

As we stated in the beginning of this article, when we got switched off on Ed's financial ability, we met on the street, west side of the square to be exact, passed the time of day, turned our weary eyes up to remark on the elements, then Ed said: "Jack, you know right now Terry has the best chance of a good crop I have ever seen here for the time of year." He is no pessimist, nor is he a dyed-in-the-wool optimist. On the other hand you might class him as a conservative. He does not go off half cocked.

Earl Sears Accepts Position At Lamesa

Earl Sears of Gomez, a 1948 graduate of Texas Tech, has accepted a position as vocational agriculture teacher at Lamesa. He is now organizing the department as it is the first that Lamesa high school has had.

Sears is the son of Mr. and Mrs. Kelly Sears of Gomez.

MOTHER OF MRS. GILLHAM DIES IN GREENVILLE

Mrs. Etta Gillham of 206 South 3rd, was notified Wednesday that her 88 year old mother, Mrs. M. B. Chapman died at her home in Greenville, Texas late Tuesday night.

Mrs. Gillham and her son, Bud-die left Wednesday evening to attend the funeral Thursday at Greenville.

LEE BARTLETT
- FOR COMMISSIONER Pct. 4**
H. E. (Horace) FOX
J. B. (Mutt) OLIVER
- FOR JUSTICE OF PEACE, Pct. 1**
J. W. HOGUE

The President is on a whirlwind tour of the golden west. When he set out on his journey word came from White House authority that the trip was not to be in any way political. But as it turns out, the taxpayers of the USA are putting up the gaff for nothing but political speeches. The main theme of his tirade is, "give me more authority to spend and make everyone rich." He is pounding congress for more money to pour in rat holes and to create more government jobs. It was the 79th congress (Democratic) that first turned down his idea of a big spending spree, followed by the 80th congress (Republican) to turn it down, both times by the help of Southern Democrats. Two years ago, he called

for the defeat of all who opposed his program. Most of his stalwart northern Democrats were defeated, leaving a Republican congress. It looks to us like President Truman would finally learn that the majority of the people of the United States are not following his and his CIO Political Action Committee plan of spending every dollar they can lay their hands on. And in one speech the president will denounce congress for sponsoring the anti-communist bill and at the next stop will accuse Joe Stalin of trying to start a war. Where does he stand?

We are very sorry we can't get off to the Texas Press Convention at San Antonio June 18-19th, as one firm has already invited us to visit their store, open a charge account and get our checks cashed. If we could just arrange to get them to cash a few checks in advance so we could get down there, we'd have one whale of a time in the Alamo city. But we fear we haven't time to get one cashed by mail before leaving time.

One of the four candidates for State Senator, Sterling J. Parrish, has come out squarely against the so-called "fair trades act," better known now as the UNfair trades act. The sponsors have a powerful lobby, and came near putting it over last session. Senator Parrish bitterly opposed the measure last session. If passed, the bill will allow eastern and northern manufacturers of many things you now get at your drug store or grocery store at a fair price, to be raised in price, and never sold under the price they set. In fact, they may knock all competition into a cocked hat. In other words, take a tube of your favorite tooth paste you get for around 39c. The manufacturer could set the retail price at 50c, and the dealer who sold it for less would be unable to get another supply. The Texas Press, and this includes the big city dailies are also going to have a lobby down at Austin come next January, and they are going round and round with the big out-of-state boys or their Texas hirelings.

On June 12, Abilene celebrated its 366th day without a fatal traffic accident in that city. To call to the mind of its readers the long time without a fatality, the Abilene Reporter-News printed in large red letters over the regular front page the words, "366 Deathless Days." We have an idea that Abilene has around 40,000 people, and with that many people and cars, they have to put up an enviable record for other cities to shoot at.

No, we did not chuckle when Editor Neil C. Vanzant of the Gaines County News, Seagraves, reported that he had wired a "printer" at Lubbock, who had phoned him collect that he would be right down if Vanzant would wire him ten bucks for bus fare and other expenses. No it sounded too much like some of our own headaches during the war. One guy phoned us collect from Big Spring—we sent him the ten spot. He came OK, worked a few hours, and wanted ten more to get located in an apartment. He and wife took the five o'clock bus out of Brownfield. But we kinder disagree with Editor Vanzant about the old time Tramp Printer and the modern version of him, the Drifter. Mostly, the old time printer was honest even if he did need a bath and some clean clothes. And he was usually efficient as long as he stayed with you. The Drifter is neither clean, honest or efficient. He's the reverse of everything that is good.

Lots of times a guy, especially a poor speller like the writer, will let two little words so wool-gather him that it don't make sense. For instance last week, we either wrote inevitable, meaning not to be evaded, and the linotype followed suit—or did he? Anyway, the word was enviable, meaning desirable, was the word

intended. It was not caught in the proof until after the paper was out. The two words sound somewhat alike, and the Old He takes all the blame.

Editor Nyles Morris of the Ropes Plainsman played a mean trick on his reading public last week. He got us started on one of his famous Cat Stories (his cat came back) when just as we reached the climax, it stated that the story was continued on page nine. By golly there was only eight pages to the paper we got, and we are still wondering if Editor Nyles was after insulting us readers.

CITATION BY PUBLICATION TO: W. C. FREEMAN

GREETING:
You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the First Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 26th day of July, A. D., 1948, at or before 10 o'clock A. M., before the Honorable District Court of Terry County, at the Court House in Brownfield, Texas.

Said Plaintiff's petition was filed on the 6th day of November, 1947.

The file number of said suit being No. 3397.

The names of the parties in said suit are:

Frances Freeman, as Plaintiff, and W. C. Freeman as Defendant.

The nature of said suit being substantially as follows, to-wit: A suit for divorce, alleging cruel treatment and improper conduct by Defendant toward Plaintiff of such a nature as to render further living together insupportable. That defendant continually quarrelled and nagged at Plaintiff, and hit her, on several occasions. That there are no children born of said marriage, and no community property. Also ask for her former name to be restored.

Issued this the 11th day of June, 1948.

Given under my hand and seal of said Court, at office in Brown-

The Low Down From Hickory Grove

Today, folks, I am directing my attention to any of you who figure you are just a bystander and not much concerned about what some city far away, or the Govt., is doing there. Says which, says Henry. Like for instance, I says, if a feller lives in Iowa, or over in Rhode Island, or some place a long ways from Seattle, and he reads where Seattle runs its own street cars as a municipal venture but is having trouble making both ends meet, he don't need to ho-hum or turn to the next page or snicker to himself and say it serves those Seattleites right, or strut it off as none of his business or no mazuma out of his own jeans.

And here is how it works. Seattle's street cars once were run by a private outfit that paid city and county and state and federal taxes. When Seattle took over, Sambo got no more federal taxes—cities pay none such. So to make up the loss, the Old Boy just tacks a little more on elsewhere—so if you live elsewhere like in Rhode Island, cut, you are IT.

So folks, cut out the ho-hum and the snickers—you are not just a bystander, you are helping to pay for the Seattle fumididdles, also all the other didos of state, and county, and Govt., far away.

Yours with the low down,
Jo Serra.

Mr. and Mrs. George Haywood of Plains has as their guests May 30 their children: Mr. and Mrs. Harry Haywood of Lamesa, Mr. and Mrs. Raymond Haywood and Sharon Sue of Seagraves, Mrs. Edgar Patton, Duane and Joyce Marie, Mrs. Posey Henderson and Shirley Dion of Seminole. There was a birthday celebration for Raymond Haywood.

field, Texas, this the 11th day of June A. D., 1948.

COTTON INSECTICIDES

We are in the market for your surplus cottonseed at the very highest prices. See us before you sell.

We are stocking a supply of DDT and Sulphur Dust. Dust your cotton for the flea hopper early to save your early squares and make an early crop. If you want it put on by plane contact us or Hoyt Willingham and Claudie Gore. They have the planes equipped to give you a first class job of dusting.

HERMAN'S GIN

Behind the Scenes in American Business

On the basis of the consumer's willingness and ability to buy, 1948 looks like an even bigger year than 1947 in the purchase of houses, automobiles, furniture, appliances and other durable goods.

The Federal Reserve Board's third annual review of consumer finances reveals that, barring unforeseen developments, the following markets still exist: \$12.6 billion to \$19.3 billion to be expended on housing planned this

years . . . A demand of \$5.8 billion to \$8.4 billion for new automobiles . . . A potential market of between \$3.1 billion and \$4.0 billion for furniture, refrigerators, radios, washing machines and other selected appliances.

Business men should remember, however, that these figures are based upon intentions rather than commitments, and that they are susceptible to any fluctuation of employment or income indices.

Still another consideration is availability. Consumers can't buy certain lines so long as production lags behind demand.

Another warning signal is that total indebtedness is increasing while the rate of saving is down. Installment buying, therefore, will rise sharply this year.

SOME THINGS COST LESS — Prices, generally, are still inching upward. In lines like food, clothing and household goods, the consumer has to pay, on the average, a dollar today for what costs only 60 cents in 1939. But there are a few notable exceptions. Aluminum is one. Another is tires.

BPS BARN PAINT RED

A BETTER PAINT THAT LASTS LONGER

Holds its bright red color . . . does not fade out like so many cheaper barn paints often do. Resists all kinds of weather conditions. Can be liberally reduced with linseed oil. Spreads on easily . . . covers well. Use it on barns, silos, outbuildings, fences, bridges, warehouses and all wood, brick or metal surfaces.

ALSO FOR METAL ROOFS — BPS BARN PAINT RED is the ideal paint to use on galvanized iron or tin roofs.

Miss Murry Becomes Bride Of Jack Hamilton

In a double ring ceremony read Friday evening, June 4, at nine o'clock, Miss Patsy Murry, daughter of Mr. and Mrs. Smith Murry, became the bride of Jack Hamilton, son of Mr. and Mrs. L. E. Hamilton. Rev. Curtis Jackson of Plains officiated at the ceremony which was read in the home of the bride's parents, before an archway of woodwardia flanked by baskets of lilies.

Given in marriage by her brother, Joe D. Murry of El Paso, the bride wore a white crepe street length dress with a basque fitting waist, and a lace yoke embroidered with seed pearls. She wore a white picture hat and white accessories, and carried a white Bible topped with an orchid. The usual wedding traditions were observed.

Mrs. Joe D. Murry, matron of honor, wore an aqua blue dress with white accessories and a corsage of yellow iris. Billy Weldon Hamilton served as best man for his brother.

A recording of "Always" was played during the ceremony by Delma Don Murphy.

A reception was held immediately following the ceremony. The table was covered with a lace cloth, and centered with an arrangement of white and blue asters and stock and white candles. A silver service was used in serving the double ring wedding cake and coffee.

Both the bride and groom are graduates of Brownfield high school. Mrs. Hamilton is employed with the Floyd Ard, jr., Drilling Co.

After a wedding trip to Colorado Springs, Colo., the couple will be at home in Brownfield. For traveling, Mrs. Hamilton chose an aqua dress with brown and white accessories, and an orchid corsage.

ENGAGEMENT OF DELMA JEAN GREER ANNOUNCED

Mr. and Mrs. D. E. Green of Tokio are announcing the engagement and approaching marriage of their daughter, Delma Jean Green, to Mr. R. D. Jones, son of Mr. and Mrs. Riley Jones of Brownfield.

The wedding will take place in the Crescent Hill Church of Christ Sunday, July 4 at 3:00 p. m.

WCS MEETS MONDAY IN FELLOWSHIP HALL

The regular meeting of the Methodist Women's Society for Christian Service was held Monday afternoon at three o'clock in Fellowship Hall.

"Am I My Brother's Keeper" was the subject discussed from the World Outlook Magazine. Mrs. Longbrake led the program and was assisted by Mesdames Walker, Webber, Proctor, and Downing. Mrs. Carpenter closed the meeting with a business session. Others present were: Mesdames Loyd, Carpenter, Thompson, Gordon, Harris and Hogue.

METHODIST MEN'S CLUB HOLDS MEETING

The Methodist Men's Club met Wednesday night at the First Methodist church with Kenneth Purtell, club president in charge of the program.

Rev. Cecil King of Meadow gave several musical selections. "Reasons Why I go to Church" were given as a part of a spontaneous program.

The next meeting will be held July, with Bill Tilson in charge of the program, "The Rural Community and its Problems."

YOAKUM COUNTY H D COUNCIL MEETS

The Yoakum County Home Demonstration Council met in regular session June 14th.

Miss Ozella Hunt will hold a Baking School June 30th at the Plains high school. All women are urged to attend.

PLAINS NEWS

Lou Alice Anderson underwent an appendix operation in the Brownfield hospital last Thursday, she is reported doing nicely.

Mrs. Mollie Ferguson of Fort Worth is here visiting her niece Mrs. W. H. Hague.

Mrs. W. L. McClellan spent last week with her father, who is ill at Sundown.

Mr. and Mrs. Jim Story were weekend guests of her mother in Lubbock.

Mr. and Mrs. S. A. Bowers were shopping in Lubbock Tuesday.

Mr. and Mrs. Red Wiseman and children of Andrews were guests Sunday of her brother Ed Dumas jr., and family.

Mr. and Mrs. D. H. Griffin of Wellman will visit relatives in Alabama next week.

Miss McKinney, Bride Elect of Glenn Collum, Honored

A shower honoring Miss Dixie McKinney, bride-elect of Mr. Glenn Collum was given Monday afternoon, June 7, between 3 and 6 o'clock in the home of Mrs. Ame Flache.

Guests were greeted at the door by Mrs. Myrtle Thomas and the receiving line was composed of Mrs. E. E. Gruben, mother of the bride-elect; the honoree; Mrs. O. R. Reed, sister of the groom-elect; Mrs. Gertrude Pittman, sister of the groom-elect; and Mrs. R. W. Collum, mother of the groom-elect.

Mrs. Lawrence Whitley registered guests in a white bride's book tied with green and white streamers. Mrs. Jimmie Smith directed guests to the dining room; she was assisted by Mrs. Ame Flache. Gifts were displayed by Miss Gwendolyn Franks.

Presiding at the punch bowl were Mrs. Vivian Brown and Mrs. Robert Heath, assisted by Mrs. L. C. Heath, sr., and others of the houseparty. The table was covered with an imported lace cloth and centered with a bouquet of assorted larkspur, flanked on either side with candles. The buffet was centered with a miniature bride and groom with clusters of larkspur on each side to complete the arrangement.

Members of the house party wore corsages of sweet peas and the honoree wore a corsage of white sweet peas.

Refreshments were served to approximately 40 guests who called and gifts were sent by some who were unable to attend.

KOLONIAL KARD KLUB MEETS WITH MRS. PRICE

Mrs. Buel Price was hostess to the Kolonial Kard Klub Thursday afternoon, June 10, at three o'clock.

High score in bridge was made by Mrs. E. C. Davis; second high and bingo, Mrs. Jack Shirley.

Guests included: Mesdames A. J. Stricklin, sr., E. C. Davis, Roy Wingerd, Jack Shirley, Bill Williams, Mike Barrett, Money Price, John J. Kendrick, Lal Copeland, J. E. Smith, jr., Walter Hord, N. L. Mason, and Mrs. F. W. Hess, a tea guest.

MRS. JOE SHELTON ENTERTAINS PLEASURE CLUB

Members of the Pleasure Club were entertained in the home of Mrs. Joe Shelton, Thursday evening, June 10.

In the games of bridge, Mrs. Jack Hamilton won high score; second high, Mrs. Roy Wingerd; bingo, Mrs. A. J. Stricklin, sr.

A salad plate was served to Mesdames E. L. Sturges, Jack

Methodist Youth Camp At Ceta Canyon

The Methodist Youth Camp for this district is being held this week at Ceta Canyon near Canyon, Texas.

Activities at the camp include swimming, hiking, nature study, crafts, photography, study of stars, Bible study, and an intense interest in the dining hall.

Three girls and six boys from the First Methodist Church of Brownfield are attending. Mrs. H. L. Thurston and Rev. and Mrs. Linward Harris are with the group. Several girls and boys from the Brownfield circuit are also attending.

UNION UTTERING

Rev. B. H. Baldwin preached to a good crowd at the local church Sunday morning. Carrol Herring preached Sunday night. Next Sunday night will be regular church time and the pastor will fill the pulpit at both hours.

Plans are being made for the ordaining of Carrol Herring on Thursday night, June 24. The public is welcome.

Mr. and Mrs. Milton Boone are vacationing at this time. After a few days at Hale Center they plan to visit points in East Texas.

Mrs. Happy Warren is attending the bedside of her father who lives near Dallas. Matilda Lee went with her mother to visit relatives there.

Betty Jo Cornett is visiting her cousin, Jean Masingill of Meadow, this week.

Jean Sargent is visiting friends but the writer failed to find out who or where.

Mrs. Willie Jones entertained the members of the HD Club on Thursday June 3. Two weeks before the club met with Mrs. Gardner.

Mr. and Mrs. Truitt of Lamesa visited Mrs. Lanious and family last Thursday. They were also business visitors at Wellman.

Mr. and Mrs. Earl Cornett and family visited relatives at Pumpkin Center Sunday.

This community has not had enough rain yet. What crops that were up were destroyed by the sandstorm Sunday afternoon.

Robert Baldwin and little brother visited Eddie Powell Sunday afternoon.

Rev. Baldwin and several laymen motored to Post Sunday afternoon. They reported that they failed to see Rev. Polnac but did catch Rev. Welch at home.

Rev. Felton Griffin, pastor of the First Baptist church in Anchorage, Alaska, is visiting his parents, Mr. and Mrs. D. H. Griffin of Wellman.

Sandra Lanell, daughter of Mr. and Mrs. Lester Snow of Brownfield, arrived June 14, weighing 7 lbs. and 12 oz. The father is a truck driver.

Pamela Gayle, daughter of Mr. and Mrs. O. L. Bass, arrived June 12, weighing 7 lbs. 12 oz. The father is a farmer.

In Old Days Railroads Were Supreme

In the days past and gone, the town that was so fortunate as to get two or three railroad lines and at least one railroad shop and division point, just about had the business of making rapid growth sowed up in a bag. The nearest competitor was the freight wagon, and their movement was slow and uncertain, depending on the wiles of the weather. There were no all-weather roads.

But with thousands of miles of paved roads, the inland town, or the town with but a branch line, with a mixed train once a day perhaps, has a much better chance of growing along with the strictly railroad town, with all their shops, roundhouses, etc. The bus and great fleet of truck lines have made it possible for the most isolated to get prompt freight and passenger service.

This brings to mind a story that Ralph Brock told us last week. Mr. Brock is making the race for State Senator from this district, and was in Big Spring recently on an electioneering tour, and heard two men arguing about the above matter.

One of them was an old time railroad man, and of course he gave a fine defense of the rail lines, and especially what they had meant to Big Spring.

The other man not quite so

Coach Deaf To Insults Gets Job Done

AMARILLO, (AP) —There isn't much heckling of Rudy Gambolin, baseball coach of Amarillo High school, because he's getting the job done. If there is any it's generally lost on Rudy because he is deaf and almost speechless.

Rudy sometimes goes out on the diamond and writes snort, indignant notes to umpires. But this doesn't happen often.

Rudy became baseball coach here this spring and proceeded to take his team to a district championship and a place in the state tournament at Dallas. But championship athletic teams are new for Rudy. While he was coach of all sports at the Texas School for the Deaf at Austin, he turned out one national championship football team and several undefeated baseball squads.

Walcott Is Picked To 'KO' Louis

Jersey Joe Is One Of Two Fighters Never Knocked Down By The Champion

By FRANK ECK
AP Newsfeatures Sports Editor
NEW YORK—There is one thing to remember if you like Joe Walcott's chances of dethroning heavyweight champion Joe Louis. Jersey Joe has never been knocked down by the champion!

This is one of the many reasons why the writer is picking Walcott to knock out the man who has

defended his title 24 times.
Walcott wasn't supposed to have a chance against Louis when they met in Madison Square Garden last December. Yet he knocked the champion down twice and lost a split decision—the referee voted for Walcott—on a bout that was booted loud and long.

Walcott is one of the two fighters never knocked down or technically knocked out by Louis since the Detroit Negro became champion. The other fighter holding this distinction is England's Tommy Farr. However, Farr in going 15 rounds in Louis' first title defense in the Polo Grounds in 1937, absorbed a lot of punishment.

If Louis wins his 25th title defense, it spoils the story, as the boys along Jacobs Beach are saying.

Jacobs Beach is a patch of street somewhere around Broadway and 50th street. It's where fights are fought even days before the contestants climb into the ring.

In this case, Walcott is like Cinderella. Or better still, like Jimmy Braddock, the Jersey dock wallop who came out of retirement to lift the title from clownish

Max Baer and lose it a year later to Louis.
Walcott never had much other than a large family of six healthy children. He retired several times. He had trouble getting bouts, even preliminaries. A "spoiler" is what he was known as along Jacobs Beach.

His style was hard to overcome and he often made his opponents look bad. He made Louis look exceptionally bad last winter, so bad in fact that Louis was disgusted with his showing and uttered an alibi for the first time in his great career.

"He run away," Louis said in his dressing room after the fight.

If Walcott ran away in the true sense of the word who was that guy who dropped Louis twice? Who was this guy who closed Louis' left eye? Of course, it wasn't the referee. It was Walcott who inflicted all that damage, the damage, the same guy who had the champ's mouth bleeding and his lips puffed like an inflated rubber innertube with a weak spot.

Louis appeared to have gone back so far in the last fight that even at the time the boys in press row muttered: "The champ's ready to be taken by anybody."

Walcott has been mentioned as a third rater. It might be better said that his record is third-rate. Walcott himself is a ring cutie. He has a good left jab and knows how to use it. This was the same kind of jab Billy Conn was going to use to win the title. But when Conn entered the ring with Louis, he seemed to forget everything he had learned. Walcott didn't.

Louis has made short work with opponents the second time around. It's the guess here that all Walcott has to do is get by the early rounds.

Maestro Mark Warnow, above, relates the great state of Texas with a new march on his U. S. Army-sponsored radio show, "Sound Off" with Mark Warnow, on Monday, June 23 at 7:00 P.M. CDST, over the ABC Network. Cowboy Star Gene Autry, a native of Clovis, Texas, will write the music for the special Texas March. Dale Evans, native daughter from Uvalde, will take part in the Texas salute as star vocalist on "Sound Off."

Here's one Texan who was beaten to the draw! It happened in Honolulu when John Ben Shepperd, Gladewater, president of the U. S. Junior Chamber of Commerce, visited Gov. Ingram Stainback of Hawaii to present him with a Texas "five-gallon" hat. Gov. Stainback insisted on first presenting the touring Jaycee leader with a flowered Aloha shirt and the traditional leis. Gov. Stainback was the 39th governor Shepperd has conferred with since taking office last July.

Mrs. Kenneth Threet of Lub-Browder, and her father-in-law, back is visiting this week with G. O. Threet, who is in the local hospital.

CHAIRMAN AND AIDES—Senator J. Howard McGrath (D., P. V.), center, chairman of the Democratic National Committee, confers with Joe L. Blythe, of Charlotte, N. C., left, newly-appointed treasurer of the committee, and William J. Egan, Jr., right, of Montgomery, Ala., just appointed as an assistant to the chairman.

Two Named to Committee Posts

The appointment of Joe L. Blythe, Democratic National Committeeman from North Carolina, as treasurer of the Democratic National Committee, has been announced by Senator J. Howard McGrath, Chairman of the Committee.

Blythe, whose home is in Charlotte, is vice president of the Blythe Brothers Company, general contractor. He has been a North Carolina State Senator since 1939. He also served as state chairman of the Jefferson-Jackson dinners recently held in North Carolina and he is a member of the executive committee of the Democratic National Committee. He is married and has four children. As treasurer, he succeeds George Killian, who resigned last August to become president of the American President Steamship Lines.

Senator McGrath announced Blythe's appointment as part of the reorganization of the executive division of the Democratic National Committee headquarters in connection with the 1948 campaign.

Earlier, Senator McGrath had announced the appointment of William J. Egan, Jr., of Montgomery, Ala., as assistant to the national chairman, the first of several such assistants to be appointed.

Primm, 38, has been active in the Democratic Party for many years. He was one of the organizers of the Young Democratic Clubs of America. For the past seven years he has served as Chairman of the Young Democratic National Committee and is presently Young Democratic National Committeeman from Alabama.

In 1943, he came to Washington as an assistant to the late Senator Josiah W. Bailey (D., N. C.), who was then chairman of the United States Senate Commerce Committee. Primm left the employ of the Senate in April, 1945, to return to private business. He is married to Senator Bailey's eldest daughter and they have two daughters.

In accepting the appointment as committee treasurer, Blythe said: "I am convinced that the welfare of the country demands the continuation of the Democratic policies which have made us so strong and prosperous economically and which have won us world leadership in the struggle for peace."

TRAVELER STRICKEN ILL NEAR HERE

Mr. Tom Young of Estelene, Texas was stricken violently ill while riding in his car with wife and others near Tokio last Friday evening.

He was carried to the local hospital here and after overnight

treatment was carried to Estelene by ambulance Saturday.

Mr. and Mrs. J. B. Smith of Weslaco, have been visiting in the home of Jacob Sandage on route 5. Mrs. Smith is an aunt of Mrs. Sandage.

Dr. James Finley, local dentist, spent two days in Littlefield this week where he was called because of his father's illness.

Glen Mason returned Monday from a fishing trip at Lake Brownwood. He reports Terry and Lynn crops better than any seen between here and there.

Judge H. R. Winston has purchased the Cox place on Lubbock in the 300 block on west Broadway, and he and family have moved in. Mr. Chisholm has purchased the Coxplace on Lubbock road and he and wife have moved in.

How to Save Gas

A well-tuned engine and proper driving methods resulted in gasoline savings up to 70%, tests recently conducted by Plymouth Motor Corp. at Detroit showed. The testing team above checks recording equipment and notes results of the unusual experiment.

Looking For Texas Tech Prexy

Counsel of leading educators of the nation "to find the best man possible for the needs of Texas Technological college" is being sought in the intensified search for a new Texas Tech president, Charles C. Thompson, chairman of the board of directors, announced at the recent directors meeting held at the college.

Pres. W. M. Whyburn leaves the college Sept. 1 to become head of the department of mathematics at the University of North Carolina.

A committee composed of Directors Leon Ince, Houston; Chas. Woodriddle, Dallas; Robert B. Price, El Paso; and O. B. Ratliff, Lubbock, was named by Thompson to interview during the next few weeks applicants and any possible candidates for the presidency, and to make definite recommendations to the board by the next meeting, July 10.

Chairman Thompson said that it is the intention of the committee to narrow the list of candidates to six by the summer meeting.

A spokesman from the board said that the board hopes to make a final choice this summer, but

Three Local Students Attend Summer Session At ACC

Abilene Christian College, Abilene, Texas, opening the first semester of its 1948 summer school June 8, has enrolled 591 students from 26 states, the District of Columbia, South Africa, Australia, Mexico and India. The second summer semester will open July 20.

Included among the students in Abilene Christian College are three from Brownfield. They and their majors are: Marie Cornett, route 5, English; Clifton J. Luneford, route 2; journalism; and Robert M. Grigg, Bible.

Mr. and Mrs. Richard Whitley will go to Artesia, N. M. this week to visit her sister. They will go with a party to the Cloudercroft area to gather wild cherries.

he indicated an acting president may be named for a short period if an appointment cannot be completed before Sept. 1.

Sure Salvage

"Be sure," says the U. S. Department of Agriculture, "that your kitchen equipment includes a fat salvage can. It's the kitchen gadget that helps put cash in your pocket."

Use Extra Salt Now That Summer Is Here

There is little doubt that summer is here. If you don't think so, take a quick look at your thermometer or feel your shirt or blouse—chances are that it will be wet and salty with sweat.

Excessive sweating means the loss of body salt, and Dr. George W. Cox, State Health Officer, advises the use of salt in drinking water as a means of avoiding heat cramps.

"Salt is a prominent constituent of sweat," says Dr. Cox. "On days when the thermometer goes to 90 degrees or above, as it has recently, the body may lose as much as fifty grams of salt. Laborers, farmers, and even white-collar workers should be especially watchful of heat cramps."

Heat cramps are characterized by pains in the stomach, headaches and sometimes nausea and vomiting. The danger comes because the loss of the salt may occur without the knowledge of the individual until the deficiency causes cramps or heat fog.

Salt tablets may be purchased commercially. If they are not available, a pinch of table salt will serve the same purpose.

"Drinking milk is an excellent method of replacing body salt lost through perspiration," Dr. Cox says, "but alcoholic drinks should be avoided."

GRID CENTER HAD BROKEN NECK 18 MONTHS

BOULDER, Colo. (AP)—J. B. Dean, standout center of the 1946 Colorado football team, has had a broken neck for about 18 months.

Dean stayed out of action last fall but suited up for spring training this year. After a few workouts he complained of neck pains. Physicians discovered a break and said the injury was an old one.

Doctors will attempt to effect a fusion of the break this summer so Dean can play this fall.

Here's what you get when you get a Universal Jeep

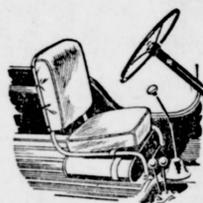

YOU GET YEAR 'ROUND UTILITY. The Universal "Jeep" works right through the four seasons of the year, giving you the field performance of a light tractor plus the highway performance of a light truck. Its usefulness is not confined to any particular season or to any specific kind of work—the "Jeep" is equally at home whether pulling a plow or handling a tough off-the-road towing or hauling job.

YOU GET CONVENIENCE. The Universal "Jeep" is as easy to drive as a car. Controls are simple and conveniently placed. It has full instrument panel, self starter, conventional pedals and accelerator. You change from 2 to 4-wheel drive by merely shifting transfer-case lever. Powerful sealed-beam headlights give daytime illumination for night field work and highway driving.

YOU GET POWER. The Universal "Jeep" provides three kinds of power; pulling power that operates tilling and harvesting equipment at tractor speeds of 2½ to 7 mph; hauling power that can carry up to 1200 lbs. or tow a braked load of 2½ tons on or off the road; portable power that furnishes up to 30 h.p. for operating all types of spline-shaft or belt-driven farm machinery.

YOU GET COMFORT. The Universal "Jeep" has hydraulic shock absorbers and cushion seats to give you day-long comfort when doing tractor work. A top is available that will protect you from sun and rain in summer and keep you snug and comfortable in winter.

YOU GET ECONOMY. The "Jeep" cuts operating and maintenance costs to the bone. Its 4-cylinder engine uses very little gas and oil, gives trouble-free performance. Best of all, the "Jeep" spreads its cost over so many different jobs . . . costs less per job than any other farm vehicle.

YOU GET ALL THIS PLUS 'JEEP' RUGGEDNESS AND DEPENDABILITY.

SEE THE UNIVERSAL 'JEEP' TODAY!

Paul Young Shows Real Cotton

Paul Young, whose farm is about a mile west of Gomez, brought in a stalk of cotton this week that takes the prize so far. Last week we had one about Keith Gore's cotton that may have nettled Paul. And so he just brought in a stalk of his cotton to show us others have good cotton.

Now some that have visited the Herald office have been unkind enough to ask if Paul got the stalk off his tank dam, or perhaps the hotbed box his wife got her tomato plants started in. In any case, the stalk in question is some ten inches high, has several limbs and a number of forms that are almost squares.

No doubt there will be blooms by the Fourth, at least. As the writer was not in when Paul called, we did not ask him how much of this size cotton he had on his place.

Another thing, if we get a chance to run out there soon, we are going to see whether or not Paul really has a cotton field like the sample or was it just a huge joke?

Dr. W. A. Roberson and Crawford Taylor are fishing this week in northern New Mexico and Colorado.

Mr. and Mrs. Herman Chesshir and Mr. and Mrs. Lee Orbal attended the Firemen's Convention in San Antonio last week.

Mrs. John Richardson and son of San Francisco, Calif., were Saturday guests in the home of Mr. and Mrs. Herman Chesshir.

In Building or Remodeling...

MAKE YOUR KITCHEN "WORKABLE"

AROUND the cooking center a well-planned kitchen revolves.

So start with a handsome, new automatic gas range as your first step toward a completely modern, fully-enjoyable new kitchen. While you're at it—get the very best gas range you can possibly afford . . . you'll probably have it a long time. If you want the best, select one that is built to "CP" standards.

See the beautiful, efficient models on display at your dealer's. There are many makes and dozens of models to choose from, as well as countless modern features.

Five Suggestions Listed For Cutting Food Budget

by HELEN HALL
Chairman, National Association of Consumers

Five good suggestions for cutting pennies, and even dollars from your food budget were given us by nutrition experts in the Department of Agriculture in Washington. So many women had asked us if we knew any tricks for cutting food expenses that we went right to the experts to get specific answers.

Because meat takes such a large portion of your food dollar every week, four suggestions remind us how to buy meat, how to use meat, and how to stretch meat.

First there are meat extenders: steers with crusts, pot pies, and meat-noodle combinations. This way one pound of meat makes a nourishing main dish for a family of four.

Then, remember meat alternates. Fish is a good buy generally, and there is little waste on fish because it does not "cook away." Cheese is another meat alternate, and a good buy right now. Eggs, too, are plentiful, and eight large eggs make a pound, giving you as much protein as a pound of beef.

Third, the differential in price between economy cuts and luxury cuts of meat is even wider than normally. Generally, there is no more bone or fat on economy cuts like breast, than there is on luxury chops.

You should, of course, turn all fat into an asset, and that is a fourth money-saving suggestion. Save all used cooking fat that comes out when meat is cooked, and sell it to your meat dealer. Kitchen salvage is a good idea, but subtracts dollars from your plumber's bills for opening clogged drains.

Finally, there is a great budget advantage in using standard rather than fancy grades of canned goods. Standard grade peas, for instance, cost about one-fourth as much as fancy peas, and are just as nutritious, appetizing and palatable.

Five tricks for cutting food budgets:

- 1—Use meat extenders
- 2—Buy meat alternates
- 3—Use economy cuts of meat
- 4—Salvage used cooking fat
- 5—Purchase standard grades of canned goods

German Universities Get U S Students

BERLIN. (AP) — American students are again enrolling in German universities for summer courses. More than 120 American students are enrolled for study at the universities of Marburg, Munich and Heidelberg in the U. S. zone of Germany. In addition, 600 applications have been received by the education division of the American Military government from students in Sweden, Holland, Belgium, France, Switzerland and England.

Major Wilson Banks of the air corps, who is home visiting his parents, Mr. and Mrs. W. F. Banks of Lubbock, was down this week chatting with old friends. Wilson was mostly raised in the Gomez community, and received his schooling there and at Brownfield.

are intended to foster international understanding among university students. Organized around a central theme such as "Man in Today's World," they are conducted in political science, economics, sociology, history and comparative religion.

GOMEZ GOSSIP -

Mr. and Mrs. Shorty Stice honored their little granddaughter, Jan Stice, with a birthday dinner Thursday evening of last week. Those attending were: Mr. and Mrs. Harold Stice on son of Lubbock; Mr. and Mrs. Bonnard Stice and son; Mrs. Hilda Grawunder and sons.

Weekend visitors in the Rev. Tom Burns home were their daughter and family, Mr. and Mrs. W. L. Buckley and son, Tommie Lee; their son, Harold Burns, all of Hobbs, N. M. and Mrs. Burn's parents, Mr. and Mrs. Joe Meece of Ft. Worth.

E. Covey Nash, jr. of Galveston Texas is visiting in the home of his uncle, A. B. Buchanan.

W. E. Buchanan attended the wedding of a cousin in Bryan last week. He also visited his grandmother in Galveston while away.

Misses Gladly and Wanda Swain have returned from a two week vacation spent in California.

Weekend visitors in the Cliff McKee home were her mother, Mrs. W. P. Brasher; Mr. and Mrs. M. W. Brasher, Howard Green, Mr. and Mrs. George McKee all of Loop.

College students who spent a few days with home folks before returning to college for summer school were: J. B. Kempson, McMurry College, Dorothy and Orville Harris, Texas Tech.

Mr. and Mrs. M. C. Wade and family visited over the weekend with relatives at Roswell, N. M. The WMU met at the church Monday afternoon with 10 members present for the Royalty service program. Mrs. A. B. Buchanan led the discussion and Mrs. W. G. Swain, president, conducted a business session.

Miss Nell McLeroy, State training union worker and Miss Dollie McLeroy, nurse in the Gaines County hospital, are visiting in the home of their parents, Mr. and Mrs. C. J. McLeroy.

Eighteen from Gomez attended the Brownfield Baptist Association Training union quarterly meeting held Monday night at Wilson.

FREAK BIRTH REPORTED IN TURKEY

ISTANBUL (AP) — Turkish doctors are intrigued by a freak birth, according to Istanbul press reports. These reports say a 25-year-old woman recently gave birth to a male baby which has two heads, four arms and three legs. It is living and under close examination at the City hospital at Eskishehir, a large city between here and Ankara, the reports added. One doctor described the case as an extreme rarity.

Mr. and Mrs. Jim Jackson accompanied by Mr. and Mrs. M. C. Motheral left Saturday for Dayton, Ohio, where they will visit the Jackson's daughter and son-in-law, Mr. and Mrs. Bob Fulton.

A Visit To Te Eldest Sister-In-Law

While Mrs. Stricklin had visited her sister, Mrs. Rosetta Roberts a time or two since the death of her husband last October, the Old He had not visited Mrs. Roberts and daughter Leatha Nell, who now occupy the old Roberts home, alone. However they have lots of neighbors on both sides of the street and a daughter and sister, Mrs. Archie Thompson just two blocks down and a son, Pat Roberts a little further. So they do not get too lonesome.

Most of Saturday after we arrived, as well as Sunday until we left was put in eating, sleeping and talking. They have a fine air conditioner. In fact it was just a bit too fine for us some of the time, and we'd have to go out on the gallery to thaw out. But it left the house in fine condition for sleeping Saturday night. Well, we sure did get several fine meals there, as per always. Somehow Rosetta can hatch up the best meal in just a little while you ever popped your lips over. But that woman is not satisfied long without putting around in the kitchen. We believe she really enjoys cooking, washing dishes, sweeping and dusting. We love to visit Rosetta and family.

On the way down, we found that the crops had about all been planted, including the flooded area around Lamesa. But as we returned we found they had been flooded again Sunday afternoon about 2 o'clock, and for a few miles southeast of Lamesa to a mile or two this side, some of the fields were badly washed, and they will have to replant as soon as the ground is dry enough. There was some discussion whether or not cotton would be tried this late, or replanted in feed crops.

On the other hand, it is very dry around Big Spring and Coahoma, and they are fearful that their crops will not come up. However, we left Coahoma in a light shower, looked favorable for more, and we were rained on to a few miles north of Big Spring. Showers had fallen pretty well all the way to Lamesa earlier in the afternoon, but played out just northwest of Lamesa, and no more sign of rain until we saw a few puddles of water when we came into Brownfield.

The local order of IOOF last week elected a new set of officers for the coming year. They are J. C. Seaton, Noble Grand; Lynn Nelson, Vice Grand; Bob Packard, Secretary; Frank Jordan, Chaplain, and other minor officers.

Odd Fellows Elect New Officers

The Odd Fellows and their Rebekas, will hold open house at the Coleman Park, on the 29th. Also on the 6th of July the Circle will meet at the local hall, in competitive initiatory degree drills.

Gavin Astor, Assistant to the publisher of the Times of London, England, will address Texas newspaper publishers during their 69th Annual Meeting in San Antonio June 18 and 19. With Astor will be his wife, Lady Astor who is a daughter of the late Earl of Haig, the famous General Haig of World War I fame. The Astors are on a six month's tour of North America, visiting newspaper plants and meeting newspaper publishers. They will remain in San Antonio for the entire two-day convention. They will accompany the newspapermen and their families on a tour of the Dude Ranches in the Bandera area Saturday afternoon, and will partake of their first barbecue and witness their first rodeo Saturday evening. From San Antonio, the Astors will fly to Mexico City.

H D Council Meeting Held Saturday

Mrs. Frank Sargent, THDA chairman gave a report on the entertainment for the Commissioner's Court held in the Court house May 24, at the Terry County Home Demonstration Council Meeting Saturday, June 12, at two o'clock.

All clubs gave a summary of work done since the last council meeting. Mrs. W. J. Moss, chairman of the exhibit committee, stated that the 4-H club girls would be allowed to choose their entrant for the Bewley Mills Baking Contest from the following: ice box, rolled, oatmeal cookies or molasses squares. The HD club women have the choice of yellow sponge, angle food, apple sauce, or dried apple cake. Cake flour must be used in sponge and angle food cakes and all-purpose flour must be used in dried apple and apple sauce cakes. The contest will be held Sept 25.

Lester Clements, wife and two children are here visiting his parents, Mr. and Mrs. A. Clements and other relatives. Lester and family live at Watsonville, Calif., where he is proprietor of a grocery. Lester liked the looks of one of the grocery ads in the Herald last week that he picked up an extra Herald to carry home with him.

Mrs. Griffin, County Health nurse, presented a picture show to the group.

Post Office Grievs

IN THE WORDS of the popular song, the post office department is "busting out all over." It is losing money, this department, which by the way is the biggest business enterprise in the world. It has an annual income of a billion and a half dollars, 500,000 employees, 42,000 offices and the largest savings bank with more than two billion dollars in postal savings.

It transports 40 billion pieces of mail a year weighing more than nine billion pounds. It operates the largest truck fleet owning 10,000 trucks and hiring 50,000. It owns more real estate, valued at billions of dollars, and rents more real estate than any other business. This year it will pay 150 million dollars to railroads and 87 million dollars to airlines to transport mail.

Its costs have doubled, its trucks are worn out, it needs more space, more equipment, more mail cars. It is understaffed. Its business has doubled since 1940 and this year it faces a deficit of around 350 million dollars. So Postmaster General Jesse Donaldson has told congress it must do something or else.

He wants congress to define a postal policy—either designate the post office department as a service agency to be operated by government subsidy or as a money making business. If the latter, then he wants postal rates that will either break even or make a profit. He can control neither expenses or revenue.

At present bills are before congress to increase postal rates 275 million dollars annually but at the same time a bill before congress would increase salaries of workers more than the postal increase. In 1946, the last pay increase upped expenses 400 million dollars.

Not the least of Donaldson's worries is the rural free delivery service totaling 32,249 routes 1,449,767 miles long, with 32,179 carriers serving 8,020,412 families or 29, 110,927 rural people. Last year congressional appropriation for RFD was \$120,126,000 and the cost was \$128,485,197.

Since 1930 for instance, 1,158,094 families and 114,925 miles have been added to RFD, and while there is no breakdown available on either revenue or costs as compared to city delivery it is fair to assume that per pound of mail delivered, the RFD cost is much greater than city delivery and that this deficit adds greatly to the overall postal deficit.

Rural free delivery goes back to 1891 but the first experimental RFD route was not established until June 9, 1896, at Charles Town, W. Va., with a route about 18 miles long. That was in the horse and buggy days. First complete county-wide service was established in Carroll county, Md., in 1899 and that service has developed until RFD covers 1,605 of the 3,069 counties in the U.S. Number of routes grew to 45,189 in 1926 with a mileage of 1,227,654, but since that time the policy has been to reduce the number of routes and increase mileage of each route until today there are only 32,249 routes but mileage has jumped to 1,449,767.

This reduction in routes and increase in mileage was made possible, of course, by development of better secondary roads, advent of the automobile and passage of successive laws which gradually increased salaries of carriers based on increased mileage. Today the majority of rural carriers get six cents a mile a day for equipment maintenance and many get as high as the maximum of \$3,400 total compensation allowable for service over heavily patronized routes, up to 45 miles long.

In these days of record farm cash income, more than 30 billion dollars in 1947, consider these facts: Almost a third of U.S. farms produced less than \$1,000 worth of products; nearly 60 per cent of all farms turned out less than \$2,000 in products and almost three-fourths grew less than \$3,900 worth of products.

No Home Life There

President Truman made an unheralded visit to a nation-wide treasury security loan meeting at a local hotel recently. The President explained he had to hurry back to another meeting to "squire" Mrs. Truman and Margaret home. Then he grinned and remarked, "I don't mean home. I mean the White House. There is a vast difference." And the crowd roared its appreciation.

Ghosts Go West

Inside story is that President Truman has told his ghost writers at the White House that henceforth he will write his own speeches. They say the decision was reached after the President stumbled through his manuscript in his formal address before the American Society of Newspaper Editors here recently. He left both his live and unseen radio audiences cold, perhaps it was the microphone, for he never has been effective on the radio.

Mr. and Mrs. Frank Gray, Mrs. J. L. Langford and Wanda Langford spent the weekend in San Angelo visiting Mr. and Mrs. Marshall Loyd and family. Wanda remained for a two week visit.

Joy, Josie and Mary Chisholm are spending a two-week vacation in Burnett, Texas.

Still Nosing Around Over In Tennessee

As one enters Tennessee out of Mississippi over State No. 15 at night, some two miles south of Middleton one sees one of the best lighted little burgs imaginable. There are dozens of new, well painted homes, on nicely graveled streets, and beautiful, well kept yards. And on to the north, there are several huge buildings that serve the Tennessee Gas Co. as machine shops, booster plants, pipeline supplies and whatever else is needed. The whole picture is lighted by the same kind of white way lights recently installed here in Brownfield. This gas company supplies practically all of the old Southern states, east of the Mississippi.

Locally this is called "the plant" and probably is a good

short name for the community. Perhaps two or three hundred people work or live there. Not a few natives live at the little town or nearby and work at "the plant." They give good wages and eight hour shifts, which are alternated, so that each will get some day work, some early night work and some "graveyard shift" work. Each are allowed a half hour on pay for a bath after coming from the plant after their shift. This plant with its many workers mean a lot to the little city of Middleton, as they are easy spenders. However many of them shop for dry goods in the larger nearby cities like Corinth and Ripley, Miss., Jackson and Memphis, Tenn.

But we found that the TGCo. was not all its name implied. In fact, it is a Texas corporation with headquarters in BIG Houston, and a lot of the big bosses are from Texas, and we found one that had even worked in Brownfield out

in the oil fields hereabouts. They are all likable fellows, and they and the natives just get along fine. Once in a while a big affair is sprung out at the plant, and the rugs are rolled up and the barrel rolled out. Music via canned stuff or from nearby radio station orchestras. Everybody from the big boss to the grease monkeys are invited, and a great time is had by all.

Daniell Rogers Kills a Huge Bird

One of the workers out at The Plant is a nephew, Daniell Rogers. He lives at an old place near town known as the Riley Jones place. Jones was an elder brother of the Old He's mother. It is a huge old residence, now belonging to an old friend, Rome Jacobs. This old plantation home, surrounded by a forest of large oak and cedar with two huge magnolias in front, and with its 14 feet in the clear ceiling an ideal place for "haints" to lurk thereabouts. We were never there

before in our life, as our visits with our uncle were all of a one sided nature. They didn't crave visitors, but sure liked to come out to the New Hope community and visit about, especially during "big meetings." So, the first night we were there, the bunch of us in the know, panned Uncle Riley and Aunt Elizabeth, as well as some of the children, not a little.

We sorter expected to be "hainted" when the lights were turned out, but as we were pretty tired from a day's journey, we were soon sound asleep. But during the time Phillip Rogers, wife and baby were out here visiting, our niece, wife of Daniell had to be alone in that old home a lot, some of which were graveyard shifts. Of course she heard various and sundry disturbing noises. Daniell of course hooted at the idea. But one fine morning he pulled the shades for his rest and sleep after coming off the shift. No sooner done that a "peculiar noise" started over a window casement along the full length gallery. Evidently it was some huge bird, at least as large as a raven; perhaps some animal or rodent.

Anyway Daniell could not sleep and hurried over to Wick Jacob's for a shotgun, either an 8, 10 or 12 gauge, and came back prepared to eliminate the marauder. The noise as of knocking and fluttering soon started and Daniell hies out with intent to murder in his eyes. A sparrow flew out from over the casement, and lit on some palling around the yard. Boom! went the gun, and off came the tops of some three pailings, but the bird was only partially stunned. Ka-bloom, again, and the birdie hit the ground. By that time Daniell's temper was registering 106 in the shade, and he let his rage run riot, approached and stomped the sparrow into the ground. To shame him a bit, his wife came out and ground the bird with her shoe heel.

Explanation: The bird was trying to find a way to get in the ceiling of the gallery to build. He would see his image in the window pane, and the fight would start. Daniell swears it sounded like the battle of the bulge.

APRIL BUSINESS FAILURES IN TEXAS

Texas business failures totaled five in April according to Dun and Bradstreet reports to The University of Texas Bureau of Business Research.

From January to April, 23 Texas businesses failed, compared to 15 for a like period in 1947.

Average liabilities per failure were \$23,000 in April, compared to \$46,000 in March, and \$178,000 in April 1947.

Mr. and Mrs. Bob Packard left Saturday for a two-week vacation. They will visit in Kentucky, Illinois and Wisconsin.

Pick extra mileage right out of the air!

EVER wonder how important it is for an engine to be able to breathe easily? Then just consider . . .

1. An efficient engine wants to "inhale" about 1,450 cubic feet of air with every gallon of gas. That's volume!
2. An eight-cylinder engine "inhales" as many as 240 times (or more) per second. That's frequency!

Now you know why "free-breathing" engine design is so important.

In the great new Packard

Eights, "free-breathing" design involves new streamlined valve design . . . improved carburetion . . . higher compression ratios.

And what does all this mean to the motorist? It means "safety-sprint" acceleration. Extra smoothness. And above all—a gain of up to 10% in fuel economy!

Come in—learn how Packard's "free-breathing" engine design lets you burn more sky . . . less gasoline!

G I QUESTIONS AND ANSWERS

Q. How long must a veteran of World War II be totally disabled to be entitled to a waiver of premiums on his National Service Life Insurance?

A. A veteran must have been totally disabled for six or more consecutive months before he makes an application for waiver.

Q. In determining eligibility of parents for death compensation as dependents of a deceased veteran are the proceeds of National Service Life Insurance considered as income?

A. No.

Q. I am attending school under the educational provisions of the Servicemen's Readjustment Act. Am I eligible for a loan guaranty while attending school?

A. Yes.

Q. If a loan, for any reason, is not completed after the guaranty or insurance has been entered upon the veteran's honorable discharge or certificate of eligibility, what should be done?

A. The veteran should take his honorable discharge or certificate of eligibility to the regional office of the Veterans Administration where the necessary correction will be made.

MILLIONS HOMELESS IN JAPAN

TOKYO (AP)—Japan now has 5,780,000 homeless families, a survey shows, and it all can't be blame don the war. The housing shortage is growing, due to both the population increase and to the tremendous destruction of homes by fire, earthquake and flood.

PRINTING PAYS BIG PROFITS

• Let us know your requirements. The price will be no more than for ordinary printing. Call us today.

The Herald

IT PAYS FARMERS
... TO MAKE EVERY BIT OF WORK COUNT
AND TO GET FULL SERVICE FROM OIL

Farmers are learning to arrange things so chores can be done without unnecessary work. It's sheer waste to take 150 minutes for a job that could be done in 60 or 70 minutes with better planning. Just as it's wasteful to accept only 60 or 70 hours of use from tractor oil when Veedol Tractor Oil stands up for 150 hours in gasoline-burning tractors. 150-Hour Veedol is made by advanced methods and equipment from 100% Pennsylvania, the world's toughest crude.

150-HOUR VEEDOL

SAVES FUEL by reducing power blow-by.
SAVES TIME by avoiding breakdown delays.
SAVES REPAIRS through greater heat and wear resistance.
SAVES OIL — stands up 150 hours in gasoline-burning tractors; cuts oil consumption in all tractors.
SAVES TRACTORS — assures long, economical service.

1948 BARGAIN

3-IN-1 POWER TRANSMITTER
1. BELT FULLEY 2. POWER TAKE-OFF
3. HYDRAULIC LIFT

U.S.D.A. sources reveal that power equipment is one of today's best farm buys.

Cost of farm machinery has increased only 38 percent over 1935-39, compared to 240 percent for farm labor.

Farm production costs can be reduced by increased mechanization.

When it comes to tractor power, the Allis-Chalmers Model B is out in front. It's just the right size to make efficient use of power on such jobs as cultivating, hauling and belt work. Above all, it is reasonably priced.

CITATION BY PUBLICATION

THE STATE OF TEXAS
TO:
T. D. Woodruff, R. V. Payne, Ruben Loftis, Estelline State Bank, a corporation and the unknown stockholders thereof, Regional Agricultural Credit Corporation and the unknown stockholders thereof GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 2nd day of August, A. D. 1948, at or before 10 o'clock A. M., before the Honorable District Court of Terry County, at the Court House in Brownfield, Texas.

Said Plaintiff's petition was filed on the 16 day of June, 1948. The file number of said suit being No. 3478.

The names of the parties in said suit are:

Elva S. Tankersley as Plaintiff, and T. D. Woodruff, R. V. Payne, Ruben Loftis, Estelline State Bank, a corporation, the unknown stockholders of Estelline State Bank, Regional Agricultural Credit Corporation, the unknown stockholders of Regional Agricultural Credit Corporation as Defendant.

The nature of said suit being substantially as follows, to-wit: Suit in Trespass to Try Title to Section 93 in Block 4X, Certificate 198, D & S E Ry Co Survey, in Terry County, Texas, for title and possession, damages and costs. Also pleads the Ten Year Statute of Limitation, general and special relief.

Issued this the 16th day of June 1948.

Given under my hand and seal of said Court, at office in Brownfield, Texas, this the 16th day of June A. D. 1948.

ELDORA A. WHITE, Clerk, District Court, Terry County, Texas. 50c

GOING ON VACATION?

BEFORE YOU LEAVE—

Stop milk, newspaper and other deliveries. Ask a neighbor to keep advertising circulars off your porch. Don't lower shades. If you are to be gone three weeks or more, arrange to have your lawn mowed. Prowlers watch for such tip-offs.

Notify postoffice to hold mail, or arrange delivery to a neighbor.

Lock windows and doors. Remember basement windows and coal chute.

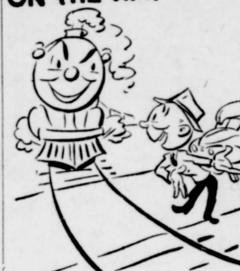

Shut off gas and water at main valves. Shut off electricity at master switch unless refrigerator or food locker is to be left on. If current must be left on, disconnect lamps and appliances at wall outlets. If refrigerator is disconnected, leave door open to prevent mold.

Inform police how long house will be vacant and where you can be reached in emergency.

Service car thoroughly, with close attention to safety features such as lights, brakes, tires, steering, windshield wipers.

Put a first aid kit and flashlight in glove compartment. Be sure you have all tire tools.

ON THE WAY—

Speed kills—take it easy. Start a little earlier and don't try to cover too great a distance in a day. Long drives at constant speed make you drowsy. Vary your speed and stop occasionally to stretch your legs.

Be sure you understand driving techniques in different localities. For example, using the motor compression to assist braking is necessary in mountainous country. A good rule is to use the same gear to descend a grade as you used in climbing it.

Don't be impatient to make time. It's unsafe, and it's not restful driving. Watch your passing. On a mountain road you may have to poke along for miles before it is safe to pass.

Signs and signals are not uniform in all states. Read them carefully. They are your best safeguard on strange roads.

Scenery can be taken in small doses from a moving car, but if you want to drink deeply of nature's beauty, pull off the road and stop.

If you leave children alone in the back seat, be sure the doors are locked.

AFTER YOU ARRIVE—

R-e-l-a-x. Don't try to crowd a year's exercise into two weeks. Take the sun in easy doses. Don't nap in the sun. Wear sunglasses.

Stay out of water for at least an hour after eating, and swim in sight of others. Be sure water is deep enough and free of obstructions before diving. Don't try to swim too far.

Distribute the load evenly in boats. Don't stand up. If you fall out and the boat stays on even keel, climb in over the stern. Most boats won't sink so stay with it until help comes if it capsizes. Check the weather before going far on a large lake.

Don't spill gasoline while filling an outboard motor afloat. A small amount of gas may spread on the bilge, set the entire boat afire when the motor starts.

Don't sample berries, touch unfamiliar plants, or drink impure water.

Carry an insect repellant with you. Stay away from high ground and single trees in a lightning storm.

Justice Hart A Week End Campaigner

For a "weekend campaigner," Associate Justice James P. Hart, of the Texas Supreme Court, has been covering a lot of ground these last three months.

Running for his first State office and his first elective term on the Supreme Court, Judge Hart has campaigned in more than 85 counties and made speeches in some 25 Texas cities.

Meanwhile he has attended every formal session of the Supreme Court, when arguments are heard and decisions handed down, since his appointment to the bench last October.

Judge Lumpkin Seeks Re-Election

Judge James G. Lumpkin was a visitor in Brownfield on Tuesday in the interest of his candidacy to remain as an Associate Justice of the Seventh Court of Civil Appeals at Amarillo.

Judge Lumpkin is a native of Amarillo and the son of the late Dr. A. F. Lumpkin, one of the Panhandle's pioneer physicians. He graduated from the New Mexico Military Institute and the University of Texas. Prior to practicing law, he taught four years at Amarillo College.

At the time he entered the military service in 1940, he was an assistant district attorney at Amarillo. After serving with the 36th Division, he returned home and was three times elected district attorney. Judge Lumpkin has been on the Court of Civil Appeals for more than a year. He is a member of the vestry at St. Andrews Episcopal Church and is a member of the Amarillo Lions Club.

Judge Lumpkin said he expected to call on as many voters as possible between now and the July 24 primary. The court on which he serves has jurisdiction in civil cases over 46 Northwest Texas counties. It is composed of three members, one chief justice and two associate justices. Judge Lumpkin is one of the associate justices.

Our faith in straw polls will not be renewed until we are convinced that public opinion can stand tall long enough to be counted accurately.

They Will Tell Press About Public

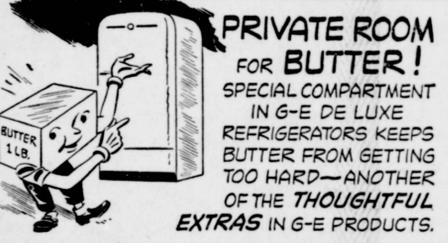

SPOTLIGHT BRIGADE
The newspaper's broad appeal to the public, through editorial policy, classified advertising, display advertising and circulation, will be stressed when Texas publishers convene for their 69th Annual Convention in San Antonio, June 18 and 19. Pictured above are four of the men who will address the convention. Left to right, they are: Ralph Nicholson, publisher of the New Orleans Item, who will deliver a luncheon address on the importance of an unbiased editorial policy. W. H. Conrad, publisher of the Medford (Wis.) Star-News will share with the Texas newspapermen, ideas on classified advertising which have made that department of his weekly newspaper one of the most successful in the country. Walker Sausy of New Orleans, head of one of the largest advertising agencies in the South, will talk about display advertising in an address titled, "Where Do We Go From Here?" and E. H. Pierce, publisher of the Jasper (Ala.) Mountain Eagle, and president of the Alabama Press Association, will explain the method of building newspaper circulation which he gained readers by the score for his publication.
