The Terry County Herald

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

VOLUME 43 BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, JULY 16, 1948 NUMBER 51

The Herald has grown with this section from strictly a ranch country. This area now consists of thriving towns and cities, supported by scientific farming and stock farming, augmented by huge oil fields, with the nation's largest known oil reserves.

Hospital Addition To Double Capacity

Local Banks Show Healthy Condition

For the reason that our 1947 files are off to binders for binding, and other numbers having the June 30th 1947 statement of the banks are tied up and some trouble to disgorge, we are not able to make a comparison of the bank statements this year and last.

We feel sure, however, that the statements of June 30th this year is far ahead of the statements of the same period last year. Be as it may, your local banks are enjoying a steady growth, and are capable and willing financially and otherwise to meet the needs of our growing section.

For the information of those who may be interested, we have given a few figures herewith of the combined statements, as to assets, loans, cash and deposits:

Assets	\$11,010,909.49
Loans	\$3,325,205.17
Cash and Exchange	\$7,594,933.72
Deposits	\$10,428,551.62

Crop Conditions To Southwest, West

This week we had occasion to visit a few sections of southwest and west Terry. The farmers to near Wellman were a bit lucky in not having been blown out during the four days of hard, hot winds centered around the 20th of June. Of course there were some spots blown out, especially around ends but most of them have been replanted. Around Wellman, they weren't so lucky, but have some of their crops replanted and up.

There was considerable replanting between Lahey and Wellman. We saw four planters in one field, each three and four rows. We stated to our companion, Judge Neill, on the drive that there never were more patient and determined farmers in the world than in Terry and adjoining communities. All had received fair showers Sunday night.

In the Tokio-Gomez section, there are many good fields of crops. This obtains for some six miles into Yoakum county. The worst blown part along 380 is in the immediate vicinity of Tokio and Gomez, where the land is pretty sandy. And out where there are some mighty nice crops about five miles west of Gomez, hail seemed to have ripped into them badly Sunday. But we believe that on most farms we could see from the road, the cotton and feed will come out.

In this section we saw many planters going, and we hope they have better luck this time. We imagine most of the stuff being planted now is either quick maturing maize or peas. Reports from some other sections:

A. A. Oliver, nine miles northeast of town. I have a good crop and about .75 inch rain Sunday. C. A. Winn, Johnson, had a good shower Sunday afternoon. Didn't ask about his crops as we know he has a pretty good one. Mrs. C. E. Williams, nine miles north of town on old Levelland road. We have a good crop. That was before the rain Sunday night.

H D Council Picnic August 19

The Terry County H D Council set the date for their annual picnic in the meeting of July 10. The picnic will be held in Coleman Park, August 19 at 5:00 P. M. All club members and their families are invited. Ladies will bring a white elephant to exchange.

The Bewley's baking exhibit will be Sept. 18 beginning at 9:00 A. M. There will also be a flower exhibit the same day. The year book committee asks everyone to turn in what they would like to study next year.

All 4-H girls will meet in Miss Dunlap's office Saturday, July 17, at 2:30 P. M. to discuss the County Camp in August.

Mrs. Lee Bartlett, Mrs. W. R. Gandy and Lillian Doak were elected delegates to attend the State Meeting at Temple in October. Lillian Doak was elected THDA chairman.

The Herald is sorry that it has been unable to talk with either Drs. Treadaway or Daniell the past week about the addition to the hospital. Those boys are as busy as two hunting dogs from early morning till late at night, and the only way one can get an interview is to register as if a patient and await your turn. So we have about decided that the time we would take up with them would be more valuable to some sick man, woman or child.

Several weeks ago, however, we did see a blue print of the addition, and we have been hoping that we could get a cut, the architect's birdseye of the entire plant, as it will look when completed. As was the original the new addition was drawn and blue-printed by Mr. Allen of Lamesa, and we understand the Allen Construction Co. will construct the building, but Dr. Daniell named no figures for the completed building. We have an idea however, it will cost more than the original plant, which was around \$20,000.

The builders have already erected tool and supply house on the grounds, and we presume that operation of excavating for foundation will start in the near future. The plant is to be complete by about December 1.

The blue prints show three double room buildings extending west from present building, with ratio between each, and will contain some 35 beds. The hospital now owns the entire half block of land, extending from 6th to 7th streets, with Tate Street on the south. Between the beginning of the new and the west end of the old building, will be a large open space landscaped with flowers and shrubs, and at the same time making access to the new building easy by car or ambulance.

The two home town boys are to be congratulated on this movement to improve their plant, as they are usually full up, and some on waiting list. Of course they always manage to take emergencies. Contrary to the old belief, these boys have made good right where they were brought up.

Terry FFA Boys Win Awards

At an annual banquet held in the Lubbock Hotel last Friday evening, the Brownfield Chapter of the FFA boys club was awarded the Area Banner first place for Farm Demonstration. The area is the Panhandle and South Plains.

Terry county boys were awarded the State Farmers degree for contest winning, leadership activities and good farming methods. They are: J. W. Parrish, Alton Martin, Maurice Martin, Joe Covington, Bill Bond, Kenneth Tuttle, Bobbie Wade, Kenneth Wright, Curtis Bingham. L. F. Buford, Agricultural Teacher of the local high school taught the course in the past session.

O. T. Ryan, of Texas Tech and Mr. Hurt, assistant State supervisor of Vocational Agriculture, issued and delivered the awards.

Johnny Bingham Gets Rattlesnake Bit

While out cutting weeds Monday, Johnny Bingham of the Needmore community was slightly bitten by a small rattlesnake. He came to town along with his father-in-law, Noah Bell, and was examined by a physician.

The physician stated that the snake barely grazed the skin on Johnny's ankle, and evidently the fangs did not touch sufficiently to inject poison. He was plain lucky.

Another farmer stated that he had observed that after the prairie dogs were killed out that a rattlesnake was seldom seen for several years. But for the past two years many small ones have appeared on the scene. He had no solution except to say they had evidently found some other place to harbor.

WADE DRUG DAMAGED BY FIRE

An early Monday morning fire caused by an overheated motor, did considerable damage to the interior of the Wade Drug on south First street.

Quick response of the fire department saved the store.

Price Daniell Thanks Texans

Attorney General Price Daniell, candidate for re-election without opposition, has announced that he will make a report to the people over a state-wide radio network July 21 at 7:30 p. m.

Daniell, now serving his first term as Attorney General of Texas, is the youngest Attorney General in the United States. He was elected two years ago in a vigorous campaign less than 60 days after his discharge from the Army.

"Although I have no opponent this year, I want to thank the people of Texas for letting me serve another term and report to them on the work of my administration," Daniell said. "I will review the Sweat case, antitrust suits and investigations, the tidelands fight, and other matters which might be of interest to the citizens of Texas."

Smart Alec Flyers Endanger Lives

Down at San Antonio Sunday, a smart-alec flyer—you know the kind—who like to zoom right over the town at tree-top heights—flew into an apartment house killing two people. The plane exploded setting fire to the apartment which burned and a residence or two next door, before the fire could be stopped.

There are a few such in Brownfield on occasion. Personally we don't think they are home people, as the trick is too infrequent for the amount of local flying. It appears however, that there will have to be larger markings on each plane so they can be readily identified from the ground.

Then each county should have the number of the plane just like autos. Then when a smart-alec flyer off somewhere else has his little "fun" buzzing the town, officers can take his number and have an arresting officer awaiting his arrival home from his frolic.

If stiff fines were then administered, we have an idea that the Buzz Boys would soon desist, and try their stunts out in the wide open spaces.

New Teachers Named, Craft Resigns

Tracy Kellow, heretofore named as coach for the Cubs has arrived in Brownfield and is proceeding to organize his teams. He comes from Los Angeles here.

Byron Rooker, superintendent last year of the Ellaville school, has been named principal of West Ward. His wife is to teach in the primary grades.

R. J. Craft, principal of the Jessie G. Randal school for the past two years has resigned. We understand he is taking a principal's place in a larger school. Superintendent S. P. Cowan stated his successor will likely be named last of this week.

BODY OF SGT FANNIN BEING RETURNED

Among the Texas war dead that are coming in on the transport Oglethorpe, is that of T-4 Ivan Fannin, nearest kin being given as Annie Fannin of Tokio.

As soon as the body is received at the distribution center at Fort Worth, the Herald will give the readers a bit more information.

Old Bynum Farm Northeast Of Town Being Deep Broken

Bodies of Huckleberry Brothers Reburied Here Tuesday

The bodies of two brothers, Sgt. Daniel J. Huckleberry and Flight Officer Willis R. Huckleberry, both victims of the recent war, were reburied in the Brownfield Memorial Cemetery last Tuesday afternoon.

The bodies were carried to their former home, on the family farm 6 miles north of town and services were conducted at 4:00 p. m. at the First Baptist Church by Rev. A. A. Brian, pastor. An honor guard of the American Legion, VFW and Marine Corps extended rites at the graveside. Farley Funeral home was in charge of burial.

The brothers were grandsons of the late Wm. Howard a prominent first settler in the county. Their father A. K. Huckleberry was an early day teacher here. They were reared in Terry county. Sgt. Dan was killed in the Southwest Pacific in January 1944, and Willis on D-Day at the Normandy landing in France.

The boys were cousins of Wm. Guyton Howard, Terry's first casualty in War I, and for whom the local American Legion Post was first named.

Survivors are their mother, Mrs. Della Huckleberry, four brothers, H. R. and A. K., Jr. of El Centro, Calif.; E. V. and Claude D. of Brownfield; four sisters, Mrs. Bessie Lambert of Lovington, N. M., Mrs. Grace Oxford of San Angelo, Mrs. Zelma Smith of Estelline and Miss Fay Huckleberry of Brownfield.

Pupils Must Be Transferred By August 1

We believe that we have mentioned in these columns once before that if it is your intention to transfer your scholastic to some school other than he attended last term, you will have to do so before August 1, otherwise you will be required to pay tuition on them.

As there are just four schools in Terry county, Brownfield, Meadow, Wellman and Union, we have not stressed this as in years gone by, for the reason all schools in the county are consolidated, and carry students to and through the twelfth grade, making them eligible for entrance without examination to Texas colleges.

But maybe there are some along county lines that have attended a small rural school, who wish to be transferred to one or the other of the schools mentioned above.

TEC Employees To Be Transferred

Due to a reduction in the budget, it will be necessary to close a number of Texas Employment Commission Offices over the state, and also to make a reduction in personnel.

The Texas Employment Commission Office in Brownfield, along with a number of other small state, will be closed on Saturday July 24, 1948. The employees in this office will be transferred to larger offices to fill vacancies there.

Brownfield will be served on a bi-weekly, itinerant basis beginning on Thursday, August 5, 1948. Further information in regard to the itinerant schedule for service, and the meeting-place to be used will be made known as soon as it is available.

Farming In Pleasant Valley Section

Took a little spin out Tuesday afternoon in the Pleasant Valley area, and while we found some good growing crops on the harder or mixed lands, they were poor or non-existent in the sandier soil. There is only one conclusion to reach, and that is, deep breaking. Those light sandy soils are fertile, and if crops can be gotten up and started, they will surprise you in production. But as long as from 10 to 18 inches of loose sand lays on the top, just that long will each year's planting be a headache.

Well, says some one, what do you know about farming. We don't know too much. But we have closely watched farming operations in Terry county for almost 40 years. Before that time, we watched farming in the light shinnery lands south of Anson, Texas, but we farmed the tight rawhide lands northwest of Anson. We had relatives and friends in the "shinnery" and have watched them "sand furrowing" after a rain when the wind would get high. We knew the headaches of farming light sandy soils in west Texas even before coming to the Plains.

Our route lay out by the old Bynum and Corning homesteads, north a mile, thence east to the Valley school house. South to the country club road, which was followed for two miles and west into town over the old Lamesa highway.

There were some good crops for a mile or so on the country club road, then most blown out and never replanted, although some were replanting Tuesday. As one neared town there were some fair crops, when the harder land were approached. Some of the best crops we saw were centered around the place Frank Proctor built some 20 years ago three miles northeast of town.

If we can have a few showers a long, we are confident that Old Terry will be strutting her stuff by October and November.

Agriculture Ranks 3rd In Accidents

Agriculture ranks third among industries in the number of people killed per thousand workers each year by accident, according to figures released from A. and M. College, reports Miss Helen Dunlap, county home demonstration agent. The elimination of 30,000,000 farm hazards, is the 1948 goal of Farm Safety Week to be observed July 25 to 31. According to these figures, people of the most productive age group 25 to 44 years, are the ones most often killed in farm accidents.

Accidental deaths are caused by falls, machinery, animals, motor vehicles, burns or shocks, improperly handling of equipment and falling objects; the figures show. Motor vehicles are credited with the cause of the largest number of farm accidents.

By being more conscious of the causes of these accidents, it is hoped that many may be eliminated throughout the year.

CANDIDATE RALLY AT TURNER SCHOOL TONIGHT

The County Line H D Club and the Turner H D Club of Yoakum county has requested the Herald to state that there will be a candidate speaking at Turner School. The Turner school is three miles west and three north of Tokio.

There will also be a pie supper. Women and girls are invited to bring a pie or box. Both county and district candidates are invited. Remember, tonight.

Hubert Hare Dies Suddenly Sunday

Hubert R. Hare, 38, station attendant and mechanic at a Gulf Station, for several years died of a heart ailment at his home early last Sunday morning. He was an overseas veteran of War II, seeing action in France. He came here from Willis Point about seven years ago.

Funeral services were conducted at the First Baptist church Monday at 6 p. m. by Rev. A. A. Brian, pastor. Interment followed in Terry county Memorial cemetery under the direction of Farley Funeral home.

Survivors are his wife, a son Raymond, a daughter, Mrs. Wanda Burran and a grandchild, Cynthia Jean Burran, all of Brownfield; his parents, Mr. and Mrs. Columbus Hare of Myrtle Springs, Texas, five brothers and four sisters, all of east Texas.

A military guard of honor of the American Legion, VFW and Marine Corps was in charge of graveside rites.

Two gentlemen from Lubbock, were here Tuesday in the interest of the candidacy of Ralph Brock, for state senate.

Body Of Alton L. Owens Returned To Littlefield

The body of Alton L. Owens, former resident of Terry county who was killed in action in France July 25th 1944, was returned to Littlefield Wednesday. Funeral was conducted in the Baptist church there Thursday afternoon and buried in a Littlefield cemetery.

Alton, a son of Mr. and Mrs. William E. Owens, resided for several years in the Union community, and a 1933 graduate of the Brownfield high school. He was a star on the Tech football team in the middle thirties with his brother Pete, and Jim Neill, teammates. He later was with the New Mexico Agricultural Department before entering the service.

Survivors are his parents, one brother, Pete Owens of Littlefield; two sisters, Mrs. A. W. Copeland of Littlefield and Mrs. L. H. Powell of Fort Worth.

Atty. Stansell Clement of Lamesa, candidate for district attorney, was over Monday interviewing the voters.

This week he have been self assigned a job of panning the daily press for their various and sundry errors, so will start this disciplinary article by first taking on Charley A. Guy, and his column, "The Plainsman," as that paper is nearest us, and perhaps more widely read in this section. Of course none of them will give the matter more than a shrug, and ask "what business it is of a modest country weekly trying to correct a big daily?"

We have noted and feel sure that most readers who read The Plainsman column, that Chas. A. has told us not once but several times while the draft Eisenhower movement was on that the general was more of a Republican than a Democrat. We had always heard to the contrary that Ike lined up as a youth more with the Democrats. Perhaps Charles noted in the columns of Drew Pearson in the dailies of last Friday, including the Avalanche-Journal an article that disproves the version of Charles, and sustains our contention. But likely we Plainsman will act on the impulse of FDR and HST and forthwith call Pearson a liar. But

Pearson was quoting from J. W. Howe, of Emporia, Kans., publisher of the Abilene, Kans., News, when Ike was a youth. Howe stated that young Ike was a great admirer of the late William Jennings Bryan, and on one occasion spoke for him. And Howe added that such would not be unusual as the Eisenhower family were Democrats. The entire quote is a bit too long to use here. We are mailing Charley the article if he missed it. Reminds us of a crack made by a lady Columnist on the Post Dispatch recently, in which she stated that Ike was born on the wrong side of the track in Abilene, Kans. Well, as a matter of fact, Ike was born in Denison, Texas, and the fact that he was born in Texas, is the reason he has a lot of Democratic blood in his veins. As for the wrong side of the track, perhaps all the silk stocking folks on the other side of the track were Republicans. So much for that.

And now for the Abilene Reporter News, the west Texas daily that is always found with a brass collar on, no matter who occupies the White House. That paper recently took Jimmy and Elliott Roosevelt to task for not being lined up behind the band wagon. It then goes on to tell us of some of the things the two older Roosevelt boys have done, that is at least suspicious. Well now maybe the boys have not been angels; maybe they have slipped a cog or two in their personal and political meanderings. But they could not be any worse than if brought up at the feet of the Pendergrast machine in Kansas City, as one of its ward heelers, who later sent him (HST) to the US Senate with its blessings. The R-N thought Jimmy ought to resign from the California delegation, because he supported the Eisenhower draft, and was not loyal to Harry Truman. We'll see what we see. Truman will no doubt be nominated, but he is a dead duck so far as being elected.

Now for the "Steer"-Telegram, down where the east begins. Capt. Amos's paper thinks that the people of the south should go along with Truman even if they have to stand in line at Philadelphia and hear black and tan politicians and race advancement promoters denounce them and call them bigots. Here's one for the Star-Telegram to digest: "Harry Truman is going to get plenty scratching from the white people of the south. Put that in your pipe and smoke it. They may not vote the Republican ticket, it is true. Rather we expect both set of electors to be scratched, along with old Pinky Wallace's bunch if they are on the ballot.

We note that old Eastland county is going to furnish the rock for the construction of the Whitney dam across the Brazos river near Whitney, Texas. Well, Eastland county could supply enough rock to dam the Atlantic in its narrowest place and its people still couldn't miss a rock from their farms and pastures.

Much is coming out now since we are having trouble with the Reds in Berlin that none but the big-wigs knew originally. This especially applies to some of the Yalta agreements. It seems that HST and Churchill simply let Uncle Josephinsky out-manuever and out-talk them. Some think that the agreement was so worded that we may have to withdraw from Berlin whether we like it or not.

If you think the Taft-Hartley act was a good thing and protects the public from wildcat strikes that would make it hard on them under certain circumstances. If you think the law protects the employer as well as the employee, and that it is not a "slave labor" law as some unions charge, you had better check up on your candidates for congress and the US senate, especially. Ask them how they stand on the repeal of the T-H law, and if they give no answer, better scratch them.

Since certain unions have seen fit to endorse certain candidates, it is well for the common laborer, the white collar man and the public in general to see who's who and why. We don't want any labor dictatorators nor any labor dictatorators. We don't want any dictatorators whatsoever in this nation. The labor unions have even gone on record favoring certain judicial candidates. Do they expect something from these courts? Maybe some of these judges did not solicit the endorsements. According to record here is the names of those whom the labor unions endorsed: Supreme Court, J. L. Hickman endorsed. Associate Justice Supreme Court, place 2, they endorsed James P. Hart. Associate Justice Supreme Court, place 3 (unexpired term) W. St. John Garwood has their endorsement. Shall the organized minority or the unorganized majority rule this nation?

Meadow Musings

(delayed)
Mrs. Earl Mauldin has a sister, Mrs. Opie Westfall of Brownwood, visiting in her home this week.
Mr. Sibley, Mrs. Earl Mauldin's father, is in the Lubbock General Hospital, where he plans to undergo a surgical operation soon. He has recently undergone surgery at the same hospital. He is getting along fine.
Mr. Guy Nowlin is in the Lubbock General Hospital for treatment.

Mr. J. M. Jones returned home from the Abell Sanitarium at Lubbock on Monday of this week. He is reported to be much better.

A. C. McIlroy, minister of the Church of Christ at Meadow, is on vacation at this time. M. J. Lee preached at the Church of Christ last Sunday, in the absence of their minister, A. C. McIlroy. A large crowd attended the services last Sunday. M. J. Lee formerly reside at Meadow, before entering the ministry. He is living at Lovington, N. M. at the present time. He has been attending college in Tennessee.

Mrs. Martha Strickland is in Hagerman, N. M. visiting her sister, Mrs. Wallace, and family.
Rev. J. S. Johnson of Phoenix City, Alabama has been visiting his niece, Mrs. Marvin McNutt. He has been pastor of the North Side Baptist church at Phoenix for the past nine years. He is on vacation. While here, Rev. Johnson and Mr. and Mrs. Marvin McNutt visited Carlsbad Caverns in New Mexico. On Thursday of last week Mr. and Mrs. Marvin McNutt held open house in his honor. About fifty guests attended.

Mrs. Winnolee Johnson is visiting her parents, Mr. and Mrs. F. H. Sharp, at Vernon. Mrs. Johnson plans to join her husband, Capt. J. L. Johnson, who is in the Army Air Corps, and is stationed on the Hawaiian Islands. She received her orders to sail from San Francisco on July 15, and expects to land on the 21. Her parents plan to accompany her to San Francisco, then return to their home by plane. Mrs. Johnson secured a new car just a few days ago, and plans to take it with her to the Islands. Mrs. Johnson taught Home Economics at Meadow High School last year. She taught at Meadow for several years before her marriage. Capt. Johnson has secured a cottage for them to live in, while they are on the islands.

Arol Thomas came home Tuesday of this week ill with food poisoning. He is working near Muleshoe, Texas.

Mr. N. L. Kiker is quite ill at his home southeast of Meadow. Mr. and Mrs. Kiker have lived on the same farm about 19 years. Mr. Kiker observed his 82nd birthday just a few days ago.

Mr. and Mrs. I. V. Pendergrass have returned home from an extensive visit in Tennessee and East Texas. They enjoyed their visit with relatives and friends, but they still think West Texas is the best place to live. They were glad to get back home.

T. E. Verner and brothers have bought the J. A. Miller place in Meadow, and are enlarging some of the rooms. Mr. and Mrs. J. T. Verner plan to move to the place, when the remodeling is completed.

Kitchen Hygiene Hints
Modern American women have attained world-wide acclaim for their smart, fresh appearance and the sparkle of their neat, orderly kitchens.
Meticulous homemakers have found the easy way, the cleanest way, and the thrifty way to dispose of used cooking fats. They shy away from pouring fats down the drain because fats and oils harden and clog pipes. Neither will they pour fats into paper bags or garbage pails because fats seep through paper and stain garbage pails. Their accepted method for fat disposal is to pour used cooking fat into a tin container which they fill and sell to their meat dealers.

Public School Land Sale Draws 4,000 Bids

The sale of 225,000 acres of public school land was hailed last Wednesday by Land Commissioner Giles as the most successful in State Land Office history.

Plans were made for a club picnic supper which will be held Friday night, July 9, in the back yard at the home of Mr. and Mrs. Jack Mason. All club members and their families have a special invitation to attend.

FARM QUESTION BOX

by
ED W. MITCHELL
Farm Advisor
General Electric Station WGY

- Q. Our cow had twin calves—one a bull and one a heifer. Are they sterile?
- A. Except in rare instances, the heifer is sterile and the bull not much good. Better sell both for veal.
- Q. My tulips grow but never produce flowers. The soil is fertile and in sunlight. Could it be too fertile?
- A. Hardly worth for tulips. Perhaps try some new bulbs to see on that.
- Q. I have some garden seeds left from last year marked "Packed for 1947." Will they grow if planted this year?
- A. Better buy new ones. You can test the germination by putting some seeds between wet blotters.
- Q. How can I get a sour rancid odor out of a churn? Would hot steam turned in the churn at the creamery do the trick?
- A. I think the steam and strong dairy rinse solution will help, and then keep it open and out where sun can shine into it.
- Q. Something—we think porcupines—are attacking the raspberries. They break off the canes about two feet above the ground as slick and clean as if cut with a knife. Is there any spray we can use to prevent this damage?
- A. Try using nicotine (Black Leaf 40) as a repellent. If it is porcupines, pour salt brine over some old boards or logs nearby to attract them and they may feed on those instead of your bushes. They like salt.
- Q. Could you give me information on making grass silage?
- A. Cut your hay or grain, let it dry or wilt so you can just barely wring a little moisture from it with your hands, and blow it into the silo. If it is over 50 per cent alfalfa, clover, or soy beans or pea vines, add 50 pounds of molasses or 100 pounds of corn meal per ton as it goes through the chopper.
- Q. I am making a new lawn and am planning to use hen manure on it. Would it be better to mix superphosphate and lime with it or put it on separate?
- A. Better mix them all together first—gives a better mix and more even distribution.
- Q. Would it be advisable to set strawberries on sod ground?
- A. No. Work the land two or three years to get the white grubs etc. out of it.
- Q. When picking rhubarb should the stalks be cut or pulled?
- A. Pulled and twisted off where they join the crown.

WALLA WALLA Wash. (AP)— Seeking water for the golf course at its new Memorial park, Walla Walla sank a well a couple of thousand feet and didn't find a drop.

Nearby the city dug a hole for a swimming pool and struck water, about 12 feet down. The builders had to give the concrete special treatment to keep out the seepage.

There wasn't enough water in the hole to irrigate the golf course. Just enough to be embarrassing.

Applications Taken For WAC Commissions

Former temporary commissioned officers of the Women's Army Corps who desire commissions in the WAC, Regular Army and U.S. Air Force, should submit applications on or before 15 August 1948. M-Sgt. Carnes commander of the U. S. Army and U. S. Air Force Recruiting Station at 115 North Fifth Street announced here today.

To be eligible, applicants must have performed honorable active service as temporary commissioned officers during the period 1 July 1943 to 12 June 1948; be at least 21 years of age but not have attained their 46th birthday by 12 June 1948; be physically qualified and must complete successfully, the General Survey Test.

Appointments will be made in the grades of 2nd Lieutenant, 1st Lieutenant, Captain and Major.

M-Sgt. Carnes also stated that applicants on inactive status in the U. S. at the present time are

G I QUESTIONS AND ANSWERS

Q. I am going to be trained under Public Law 16 and would like to know if I can borrow money from Veterans Administration in case of need when I enter training?

A. Yes. Loans from a revolving fund, provided by Congress, not exceeding \$100 in any case, may be made to trainees commencing or undertaking vocational rehabilitation.

Q. Is it true that if I secure a guaranteed loan, VA will pay part of the loan without cost to me?

A. Veterans Administration would pay to the lender, for credit to your account, an amount equal to four per cent of the guaranteed portion of the loan.

to submit applications on NME Form 8, in duplicate, direct to the Adjutant General, Washington 25, D. C., Attention: AGSO-R, without indorsement.

Copies of NME Form 8 will be obtainable at any U. S. Army and U. S. Air Force Recruiting Station in the near future.

For example, if the guaranteed portion of your loan should be \$2,000, the lender would receive \$80 from VA to credit to your debt and you would not have to repay this amount.

Q. Can I, a veteran of World War II, get a guaranteed loan to go into any type of business I want?

A. Yes, you are permitted to get a guaranteed loan for any type of legitimate business on which the lender is willing to lend you money, provided your ability and experience as well as the conditions under which you propose to operate your business are such that there is a reasonable likelihood you will be successful. Also, the total cost must not exceed the reasonable value of the business.

ceed the reasonable value of the business.

Q. I am in training under the G-I Bill and am writing a thesis for my Ph. D. Will the government pay the cost of publishing this thesis?

A. No. Logan Herron and Larry Tarpley are spending several days in Ruidoso this week.

Mr. and Mrs. R. L. Cornelius are spending a month in Ruidoso with Mr. and Mrs. Harry Cornelius.

Mr. and Mrs. William Thurman were weekend guests in the home of her parents at Hale Center.

Freezes, Stores 385 Pounds of Food

Homemakers with freezers not only enjoy a plentiful reserve of delicious fresh food, but are able to serve many fruits and vegetables out of regular season. An additional advantage is that freezing conserves vitamins and minerals important to the family health. Social Security Man To Be Here

Gerald L. Schantz, Social Security Administration Representative, will be in Brownfield at the U. S. Post Office, at 9:00 a. m. on Thursday, July 22, for the purpose of answering any questions you may have on social security; discussing possible benefits and taking claims from persons who seem to be entitled to benefits; and taking applications for social security account number cards.

Are you losing social security payments every month? The Social Security Administration is anxious to protect the interests of all workers and their families, but it cannot do this unless workers aged 65 and the families of deceased workers make sure to contact promptly the social security office in Lubbock at 1311 Texas Avenue. No payments can be made without a signed application.

Roy Fitzgerald was over from Plains last Wednesday and renewed for his Herald. Roy is one of Yoakums' breeders of fine cattle.

TIMELY TIPS FROM THE FOOD EDITORS OF McCall's MAGAZINE

Have a look at the fine melons listed this week. There are all kinds, all colors. They're the best, inexpensive dessert we can think of for this time of year. Serve them plain with lemon or lime; serve them in assorted melon balls for dress-up meals.

This Summer Pudding will give your budget a rest. Gather up stale pieces of cake and cookies. Put through a food chopper, measure and add the same amount of milk as you have crumbs. Steam in a double boiler until it is fluffy. Serve with fruit or berries. McCall's Food Staff loved this.

MESS OF MISERY RELEIVED BY RETONGA

After Suffering Years From Gas Pains, Muscular Aches and Sleeplessness, Mississippian Finally Discovers Retonga.

"For years I was dealt a mess of misery by nervous indigestion, but that was before I discovered Retonga," declares Mr. John L. Jones, respected resident of 909 Grand Avenue, Medidian, Miss.

"Food in my stomach was torture," continues Mr. Jones. "It didn't seem to digest properly and felt hard and heavy in my stomach. After-meal gas pains were so sharp that they nearly doubled me up. I was made constantly miserable by muscular aches and pains and I had to take purgatives several times a week. I hardly knew what a good night's sleep was, and I felt so jittery and fagged out most of the time that it

was a real effort to keep going.

"What a grand and glorious relief Retonga gave me! Mealtime is a pleasure again and I eat heartily with no worries about excess gas and pains. I sleep like a log and have lots of pep and vigor once more. My constipation has been relieved, too, and thank goodness, those miserable aches in my muscles have quit nagging me. As far as I'm concerned, there's nothing like Retonga."

Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, borderline Vitamin B-1 deficiency, and constipation. The active ingredients of Retonga are purely herbal, combined with Vitamin B-1. You can get Retonga at Primm Drug and all other good drug stores. adv.

Miss Delma Jean Green
Weds R. D. Jones, jr.

Miss Delma Jean Green, daughter of Mr. and Mrs. D. E. Green of Tokio, and R. D. Jones, jr., son of Mr. and Mrs. R. D. Jones of Brownfield were married in a double ring ceremony performed by Joe Chisholm Sunday, July 4, at Crescent Hill Church of Christ.

Tall baskets of white gladioli, shasta daisies and greenery and tapers banked the altar. A choir offered "Loves Old Sweet Song" and a wedding march.

The bride, given in marriage by her father, wore a gown of white slipper satin made with fitted bodice, round yoke of silk net outlined with daisies, long pointed sleeves and a full skirt which extended into a court length train. Her veil of bridal illusion was attached to a silk net coronet adorned with daisies. She carried white carnations on a white Bible.

Mrs. John L. Cruce, aunt of the bride and matron of honor, wore a yellow taffeta gown styled with a fitted bodice and a full skirt. She wore a picture hat and carried white carnations. Bridesmaids Misses Billy Beryl Black of Clovis, N. M., and Mary Wanda Whitney, were dressed in blue taffeta with matching picture hats and bouquets of small white daisies.

Zoleta Brantly of Tokio, flower girl, wore a white satin dress identical to the bride's and carried a basket of white daisies.

MRS. FERGUSON ENTERTAINS BRIDGE CLUB

Mrs. Ralph Ferguson entertained members and guests of the La Fiesta bridge club Thursday night, July 1, at her home.

A fruit salad plate and coffee were served to Mesdames Slim Schellinger, Chris Hafer, Ted Hardy, Terry Redford, George Germany, R. C. Klofanda, J. T. Hoy, and Miss Zona Hinson.

Miss Gaither Bride Of Lewis M. Thompson

Miss Geraldine Gaither, daughter of Mr. and Mrs. Herbert Gaither of Slaton, became the bride of Lewis M. Thompson, son of Mr. and Mrs. H. A. Thompson, of Vernon, at 8:00 o'clock Saturday morning in the home of the bride's parents.

The double ring ceremony was performed by Paul Foutz, of Carlsbad, N. M. brother-in-law of the bride, before a floral setting of salmon pink and white gladioli, arranged in tall informal baskets of woodwardia fern.

The bride wore a white eyelet batiste street length dress, fashioned with a full skirt and fitted bodice, with cap sleeves extended from a deep round yoke, with white accessories. Carrying out traditional wedding customs, she wore a miniature heart-shaped gold necklace, a gift of the groom; a blue garter; and carried a linen handkerchief borrowed from the matron of honor.

Mrs. Madison Weaver of Brownfield, sister of the bride and matron of honor, wore a pastel yellow eyelet batiste dress, similar in design to the bride's with black and white accessories, and a corsage of talisman roses.

Frank Young of Lubbock served as best man.

Following the ceremony a reception was given in the Gaither home for the wedding guests. The dining table was covered with an ecru lace cloth and centered with a two-tiered, white wedding cake topped with a miniature bride and bridegroom, standing beneath a heart-shaped arch way bordered with an arrangement of pink gladioli buds and fern. Silver services were used on the table. Throughout the house floral decorations of white garden flowers were used. Wedding cake and coffee were served by Mrs. Paul Foutz and the matron of honor, sisters of the bride.

Immediately following the reception, the couple left for a short trip to New Mexico, and upon their return will make their home in Levelland where the bridegroom is employed by the Stanolind Oil and Gas Company.

For travelling the bride wore a two-piece grey cored dress, styled with a bolero and full skirt, with white accessories and a corsage of red rose buds.

Mrs. Thompson is a graduate of Slaton high school and has been employed, until recently, by the Tarpley Insurance Agency. Mr. Thompson is a graduate of Texas Tech and served three years in the service.

Mrs. Ben J. Hill was a weekend visitor in the Lubbock home of Mr. and Mrs. Joe Hill.

VOWS READ IN WELLMAN FOR COUPLE

Miss Vivian Jackson, daughter of Mr. and Mrs. W. H. Jackson of Wellman, and Don Pace of Levelland were married in the home of the bride's parents Sunday, July 11. Rev. Brinkley, pastor of the Seagraves Presbyterian Church read the double ring ceremony at two o'clock.

Mrs. Laura Bellis, sister of the bride, was matron of honor and Harry Pace, brother of the bridegroom, served as best man.

The bride wore beige two-piece suit with hand-mocked top, coffee brown accessories and a brown orchid corsage.

After a short trip to Carlsbad, N. M. the couple will be at home temporarily in Levelland.

BARBARA GRIFFITH WEDS LUBERT THOMASON

Mr. and Mrs. C. G. Griffith are announcing the marriage of their daughter, Barbara, to Lubert Thomason, son of Mr. and Mrs. W. M. Thomason, all of this city.

Marriage vows were read in the Plains Methodist Church, July 3. Miss Mildred Copeland and Don Nicholson attended the couple.

Mr. Thomason is employed by the Stanolind Pipe Line Co. The couple will be at home at 1105-8th St., Levelland.

MRS. DONALD W. MOORE HONOREE

Mrs. Donald Wayne Moore was complimented with a pink and blue shower Tuesday, July 13, from three to five o'clock in the home of Mrs. W. H. Kee, 616 N. 5th. Hostesses were: Mesdames Tyler Martin, J. T. Cameron, Clyarence Gosdin, Walter Tomlinson, Raymond Reynolds, and C. W. Bandy.

Gifts were displayed in a room carrying out the pink and blue color scheme.

Open-face sandwiches, pink and blue cake squares, and punch were served to 25 guests. Those unable to attend sent gifts.

GOMEZ HD CLUB REPORT

GLORIA SWAN HONOREE AT SHOWER

Miss Gloria Swan, bride-elect of Richard Kennedy of Glendale, Calif., was named honoree at a personal shower Friday afternoon at 4:30 o'clock at the home of Glenna Winston. Misses Dorothy Nell Brownlee and Hazel Vernon assisted with hospitalities.

Punch and cake were served to: Misses Jean Craig, Elizabeth Anthony, Judy Griffin, Annie Grace Nicholson, Glenola Murphy, Cynthia Black, Nelda Brown, Delores Gilham, Naomi Thompson, Billie Finney, Norma Jo Boyd, Wanda Stafford, Flo Stafford, Gertrude Akers, Norma Newman, Mary Health, and Mrs. Homer Winston.

PARTIES CONTINUE FOR MISS SWAN

To continue a series of parties for Miss Gloria Swan, a miscellaneous shower was given Monday afternoon, July 12, from 5:30 to 7:30 in the home of Mrs. L. M. Wingerd.

In the receiving line were: Mrs. Wingerd, Mrs. L. J. Dunn, sr., Mrs. Howard Swan, mother of the honoree; Miss Swan, the bride-elect; Mrs. R. B. Walls, jr., cousin of the bride-elect.

MRS. KORNEGAY, FORMER TERRY RESIDENT, DIES

Our old friend, H. H. Harris of Bronco, informs us this week of the death of his neighbor, Mrs. C. D. Kornegay, July 7 at their home in San Angelo.

The Kornegays lived on a farm near here several years ago and moved to Gladiola for awhile. She is survived by her husband, 7 sons and three daughters.

A. Q. Smith of Portales, N. M., was a caller this week, and informed us that N. A. (Mack) Messengill, who resided in Terry county for 18 years, had passed on. He passed away June 21 at Stephenville, Texas, at the age of 66 years. His body was laid to rest in the Carlton, Texas cemetery.

sin of the bride-elect.

The dining table was centered with a miniature bridal party with candles on either side. Bouquets of daisies and snapdragons were on the buffet and at the register. Misses Marion Wingerd and Dorothy Nell Brownlee presided at the crystal punch service.

Mrs. Horace Rambo registered guests. Gifts were displayed by Mesdames T. J. Sexton, Carl Johnson, Chester Gore, and Frank Ballard. Others in the houseparty were Mesdames A. W. Turner, Leo Holmes, Graham Smith and Elmer Brownlee.

CARD OF THANKS

We, the mother, brothers and sisters of Willis Raymond and Danny Joe Huckleberry, our soldier boys who made the great sacrifice, here now as best as we can express our deep gratitude and thanks to our many neighbors and friends for your sympathy and kindness shown us through the ordeal of their re-burial here last Tuesday. Your kindness and consolation helped so much to bear our grief.

Mrs. Della Huckleberry, brothers and sisters.

"Biggest" discovery to date on the **Horace Heidt** talent contests, heard Sunday nights over NBC, is Elbert "Tiny" Hutton who packs 365 pounds into his 6 foot, 4 inch frame. He wears size 69 long stout suits, size 18 shirts, 14 E shoes and size 8 hat. He's married, has two children, resides in Hampton, Va., and, true to character, his best solo number is the "Too Fat Polka."

"Meet **Corliss Archer**," Bob Hope's summer replacement on NBC Tuesday nights, is one of Hollywood's top success stories. It began as a magazine series, moved into radio, then to the stage and the movies—and everywhere it's been a big hit.

Johnny, the world's most famous living trademark, whose voice reaches millions of homes each week via radio, is now starring in a television film series.

Typical of America's police heroes being honored every Tuesday night on NBC's "Call the Police" program is Patrolman William E. Mohr of Philadelphia. Several months ago, Mohr raced into a burning home to save a woman from leaping out of an upper window. Then, while searching in the choking smoke for other occupants he tumbled down a blazing flight of stairs and was badly burned. For his brave rescue, the policeman received the program's plaque of valor and a cash award.

Beverly Wills, starred in the CBS Saturday show "Junior Miss," loves to do impersonations of her mom, Joan Davis. "But," as 16-year-old Beverly quickly points out "There's only one thing I can do better than mom... I'm the one who teaches her the latest jitterbug steps."

Laugh Talk: "Good old New York," says Bob Hope, "East side, west side, try to cross the street and it's suicide."

Mr. and Mrs. Herman Trigg and two dogs came in Sunday A. M. from Brownwood, after his orchestra had played an engagement at Abilene. Sunday afternoon, they accompanied by Mrs. A. J. Stricklin, left for California via Albuquerque and the Grand Canyons. After a couple of weeks in California, they will return via Phoenix, visiting relatives at Glendale and Coolidge, Ariz.

Mr. and Mrs. H. G. Allen of McAllen are visiting their daughter, Mrs. Warren Scudday.

Yokum Ranchman In Local Hospital
 Uncle Charlie Bedford, about 80, prominent cattleman of Plains for near 40 years was brought to the local hospital late last week to be treated for a broken hip, sustained in a fall at home. He was visited Saturday by J. O. Jones, a brother-in-law of Lubbock who was a pioneer ranchman here many years ago. Also by Frank Jones, cattleman of Lamesa and R. B. Jones of Plains, both nephews. Both boys were also former well known residents here. Bedford was reported to be recovering, early this week.

Santa Fe Indian Village
CHICAGO RAILROAD FAIR
 You'll think you are really on an Indian reservation in the Southwest—when you visit the Santa Fe Village at the Chicago Railroad Fair this summer (opening July 20). You'll see Navajos, Apaches, Hopis, Zunis, San Juans and Jemez—125 colorful Indians living in pueblos, hogans and wigwags. You'll watch ceremonial dances seldom seen away from the reservations, and see Medicine Men make their famous sand paintings and destroy them every day at sundown. Indian craftsmen weave rugs, make moccasins, baskets and jewelry. In fact, in the Village you actually see a faithful portrayal of costumes, ceremonies and living quarters of Southwestern tribes. Their way of life today is noticeably unchanged from that of their ancestors who inhabited the Southwest years before Columbus discovered America.

HYDRAULIC LIFT AT YOUR FINGERTIPS
 Move the Model C tractor's hydraulic lever with one finger and you can raise heavy-duty implements weighing up to half a ton. The hydraulic lift raises implements by tractor power instead of muscle power. The same tractor that proved faster and more efficient than work animals, now saves tiring human effort too. It has been calculated that one farmer frequently expends 6,000 to 10,000 foot pounds of effort daily operating levers. Day after day... plowing, planting, cultivating, fertilizing, terracing, crossing grass waterways... 3 to 5 tons of work. The Allis-Chalmers hydraulic lift ends that drudgery... begins a new experience in comfort and Better Living... for you and your family. Come in and let us demonstrate this simple labor-saving feature.

- Q. I plan to erect an electric fence around my pasture, power being supplied from the high line. This fence will cross a small stream of water three or four times in its course. Will there be any danger of electrocution of cattle while standing in the water and contacting the hot fence at the same time?
- A. Yes. That presents a serious hazard for man and beast. Hang a warning sign on the fence in those places and run a separate strand or two on each side, upstream and down, to divert cattle from touching the electric fence at such crossings.
- Q. My pump causes a vibration we hear upstairs; would a section of hose in the line overcome this?
- A. I think so. Use 3/4-inch high-pressure spray hose and put in a one-foot section between pump and plumbing but not on the suction side.
- Q. There is a pile of old wood back of my poultry house which I want to move and started to do so last fall. Found it was full of termites—so I left it alone as I was afraid the termites would go into the poultry house if I moved it. Please advise.
- A. I would burn or dispose of infested wood, fumigate and treat the infested area with old crankcase oil and soak around outside of other buildings with crankcase drain-
- Q. After the sap has stopped flowing should anything be done to the holes in the maple trees?
- A. Yes and no. In theory, they should be plugged with a soft wood plug, sawed off even and painted over with asphalt paint; in practice, no one does anything about it and the holes heal OK.
- Q. My red currant bushes put out a lot of new growth last year and the old bushes did not bear very well. What should I do to keep them bearing—cut out the old or new?
- A. Cut out old wood and thin out new shoots so each bush carries about twelve branches; three each of one, two, three, and four-year-old wood.
- Q. What can I put in leaf lard to preserve it? Have about 50 pounds and I don't want it to become rancid.
- A. The rancid taste is due to oxidation of the fat. Best precaution is to pack lard pails full to the top and seal airtight. Store in cold storage or a cool, dark place.
- Q. Will the weed killer you use on the lawn kill the white clover?
- A. Yes. Clover has a wide, tender leaf and is very susceptible to any weed killer.

Lots Of Diphtheria Report Reveals

According to the morbidity report for the week ending July 3, more than 463 cases of diphtheria occurred throughout the state so far this year.

The morbidity report is released weekly by the Texas State Department of Health. It shows the prevalence of communicable disease by counties.

"In the light of our present knowledge regarding the control of diphtheria, it is unfortunate that the disease is allowed to flourish," Dr. George W. Cox, State Health Officer, said.

For the week June 26 to July 3, Nueces County reported four cases; Hopkins, Tarrant and Val Verde counties reported one each. For the year 1947, seventy-seven deaths from diphtheria were recorded.

"A life-time immunity may be established in 90 per cent of the children receiving the diphtheria toxoid," the health officer said. "If all parents of children over six months of age would have their children inoculated, the incidence rate of the disease would be rapidly reduced."

The administration of toxoid causes little or no discomfort in the child, Dr. Cox added, and a positive immunity can be deter-

Wiggins Named Tech President

President D. M. Wiggins of the Texas College of Mines, El Paso, was named president of Texas Technological College Saturday night, effective Sept. 1.

Wiggins, former dean of Hardin-Simmons University, will succeed Dr. W. M. Whyburn, who resigned to become chairman of the department of mathematics of the University of North Carolina, Chapel Hill.

At Hardin-Simmons Wiggins was a professor of education, and later dean of students.

He received his doctor of philosophy degree from Yale University in 1930. He had received his master of arts degree from that same institution in 1926, the same year he came to Hardin-Simmons, receiving his bachelor of arts degree from Simmons college in 1919. He had attended Goodnight College his first two years.

Dr. Miller, area health officer, stated last week that he would not be able to visit Ole Kaintuck this year and tie onto a ham or two. Too busy watching out for polio and other contagious diseases and inspections of places about town that are far from clean.

mined by a Schick test conducted four to six months after the final dose of the toxoid has been given the child.

U S Has Fencer For Olympics This Year

BY ED CORRIGAN
— AP Newsfeatures —
NEWARK — Europeans who have held a monopoly on Olympic fencing honors down through the ages, may be in for a surprise at this year's festival—all because Gerald Centruo arrived in the United States from Italy in the 19th century.

The Centruo family, whose name has become synonymous with fencing in this country, will be represented in London by Dean one of Gerald's sons. He will shoot for top honors in both the foil and sabre events. He is the national sabre champion and runner-up in the foils competition.

Gerald, whose name means

"wielder of the sword" became the first United States professional fencer in 1906.

He introduced the American system to the fencing world. The style takes the best parts of the Italian method, which is concerned with the scientific principle of the blade, and the French mode, which deals with body movement. All that may sound pretty high falutin', but fencing is a scientific sport.

John and Jerry White, nephews of Vaughn White, of Los Angeles, Calif., visited in the White home over the weekend.

Mr. and Mrs. Otto Dimitt of Slidell and Mr. and Mrs. Bill Gentile of Sanger were visitors in the home of Mr. and Mrs. Walter Tomlinson last week.

He Floats Through the Air

Congressman Lyndon Johnson alights from his helicopter for another of the hundreds of speeches he is making in villages, hamlets and towns in his whirlwind campaign for election as Junior United States Senator.

They Expect To Get City Mail Delivery

A couple of our neighboring towns are on the verge of getting city mail delivery. They are Levelland and Seminole. These cities are to be congratulated for their effort to get in the city class. But it will be a long time before it appears as first class. In other words, for the guys who get a huge lot of mail each day, it benefits little if at all. The man or family that get two or three pieces of mail a week, it is splendid.

In the first place, you will forget about mailing first class out on the routes or even in town for 1c. It will be 3c. And you newspaper guys will have to forget about FREE circulation in the county in which the paper is printed, so far as your town and routes is concerned. You will pay a first zone rate on them.

And you and other patrons that have heavy mail deliveries, must make a choice between having a

PURITAN

This charming new edition Tomlinson really is named "Puritan", for its round collar is inspired by the costumes of the Puritan fathers. The unusual neck treatment is called "Mystical" because it's visible in front but vanishes in back. The Net and Cotton Canelet says the two-fitting sleepwear doubles for beach or play, and launders easily because it's made of crisp cotton chambray.

SANTA FE CARLOADINGS

Santa Fe System carloading for weeks ending July 10, 1948 were 29,330 compared with 23,811 for same week in 1947.

Cars received from connections totaled 9,945 compared with 9,436 for same week in 1947.

Total cars moved were 39,275 compared with 33,247 for same week in 1947.

Santa Fe handled a total of 43,870 cars in preceding week of this year.

Mr. and Mrs. Marvin Dyke had as their guests Monday, Mr. and Mrs. C. F. Dyke and daughter of Seminole.

MEADOW FFA CHAPTER HOLDS MEETING

The Meadow Chapter of the FFA held its regular meeting last week.

Weldon Mason reported on the State FFA convention held at Houston in June, where he was a voting delegate and served on the Public Relations Committee. Mason was one of four representatives from Area 1.

The annual chapter trip to Christoval will be made July 19 to 23.

Committees appointed for the following year are: Executive committee, Weldon Mason, Donald Bingham, and Herbert Hicks; Finance committee, Weldon Ma-

son, Eddie Bingham, and Jerry Roberts; Program of Work Committee, Herbert Hicks, Donald Bingham, and Jessie Upton.

Weldon Mason, Donald Bingham and Herbert Hicks received Lone Star Farmer degrees at the annual area banquet held at Hotel Lubbock, July 9. They were also awarded a banner for second place area chapter conducting.

Mr. and Mrs. Frank Gray attended the wedding of Mr. Gray's cousin in Slaton Saturday night.

Barney Brown of Arizona visited in the home of his cousin Mrs. Eula Lewis, over the weekend.

Jerry Pycatt spent the weekend in Lovington, N. M., where she visited her mother.

Mrs. Irene Griffith, county health nurse, is spending a two-week vacation visiting her mother at Coleman.

Mrs. Ben Monnett of Pampa visited with Mr. and Mrs. Tom May last week.

Mrs. Bill Gore of Lovington, N. M. visited in the M. G. Tarpley home Tuesday.

Mr. and Mrs. Herman Chesshir and family returned Friday from Arizona where they have been visiting for three weeks.

SO FAR the United States has taken only a mild interest in the coming Olympic games to be held this summer in London. It has been taken for granted that the U. S. will mop up again as usual. Even more so this time, with our athletes well-fed and most other competitors reportedly underfed.

So if we win, well, why not? The United States team should win in a romp. It shouldn't be even close. It should be no contest. That's the early setup. No credit if you win—pretty awful if you lose.

At the Berlin games in 1936, we had several talks with trainers and coaches and star athletes from other nations. Here was their verdict:

"The United States is a nation of acrobats—not athletes. You can't win from 400 meters and on beyond this distance. You have no runners with any stamina—runners who can travel a mile and longer.

"You are marvelous acrobats—like circus performers. You can sprint and pole vault and hurdle. These are all acrobatics. They make no demand on stamina or courage."

It still takes an athlete to run and jump.

The answer is that we have won too seldom at testing distances. We have no runners from the mile to the marathon worth naming.

Once again, we'll probably win the pole vault—rated a feat of acrobatics and not the work of an athlete by foreign nations. It is certainly on the easier side than it is to get ready for 1,500 or 5,000 or 10,000 meters.

The U. S. has never been much interested in stamina—which is even more important than speed. Speed gives out quickly. Stamina carries you all the way through.

When you sift all the angles, the United States hasn't done nearly as well as our ballyhoo experts have figured out the case. Without our Negro stars, this country would have been something of a joke.

In place of mopping up in London, we still can be something of a joke—despite the winning edge we have in food, the main basis of condition. We have every advantage this way. It will be interesting to see what we can do with it.

Fitzsimmons Is Tops
In the middleweight boxing division my nomination for the top man is Bob Fitzsimmons. Fitz was middleweight champion, light-heavyweight champion and heavyweight champion. He was a brilliant boxer. He was also a terrific puncher.

Fitz broke seven bones in both hands punching Jeffries in their second fight. He almost ripped Jeff's face away from his head. But he couldn't knock out the Jeffries of that period. No one else could. And this includes Jack Johnson who whipped a half-bald, fat, fading old-timer who was in no shape to fight anybody.

I saw Jeffries training for the Johnson fight in 1910. He was pitiful. He was a long way from the Jeffries I knew in 1903.

The Low Down From Hickory Grove

To start my lecture with a bang and get to the meat of the coconut quick, I claim there has been too much pecking-away at business—to much rant and rave—too much loose insinuations.

Mediocre people have been getting themselves elected—and a nice salary—by being "down" with something. Being "down" on business, especially if it is big or a success, has been a good vehicle. I don't give a hoot about votes—don't need to fool anybody—am not running for Congress, playground supt., or any job where the expense account is liberal, or there is a free car. I am independent as a pig in clover—so keep on readin'—maybe I will say something.

Everybody is for free enterprise and private business—but kinda forgets it at times. Everybody has fire insurance of some

kind—also life insurance. There would be no money to pay for your fire losses when your house burns down, or pay life benefits if there was no corporations or business in which the insurance people could invest and earn interest.

Every mama and papa should stir themselves if they want their off-shoot to grow up and have a chance to show his calibre and ability and to prosper in proportion to his effort. Off-shoots can't do that in countries of Big Govt.—and where private business is elbowed around, and out.

Yours with the low down,
 JO SERRA.

COTTON FOR COLD

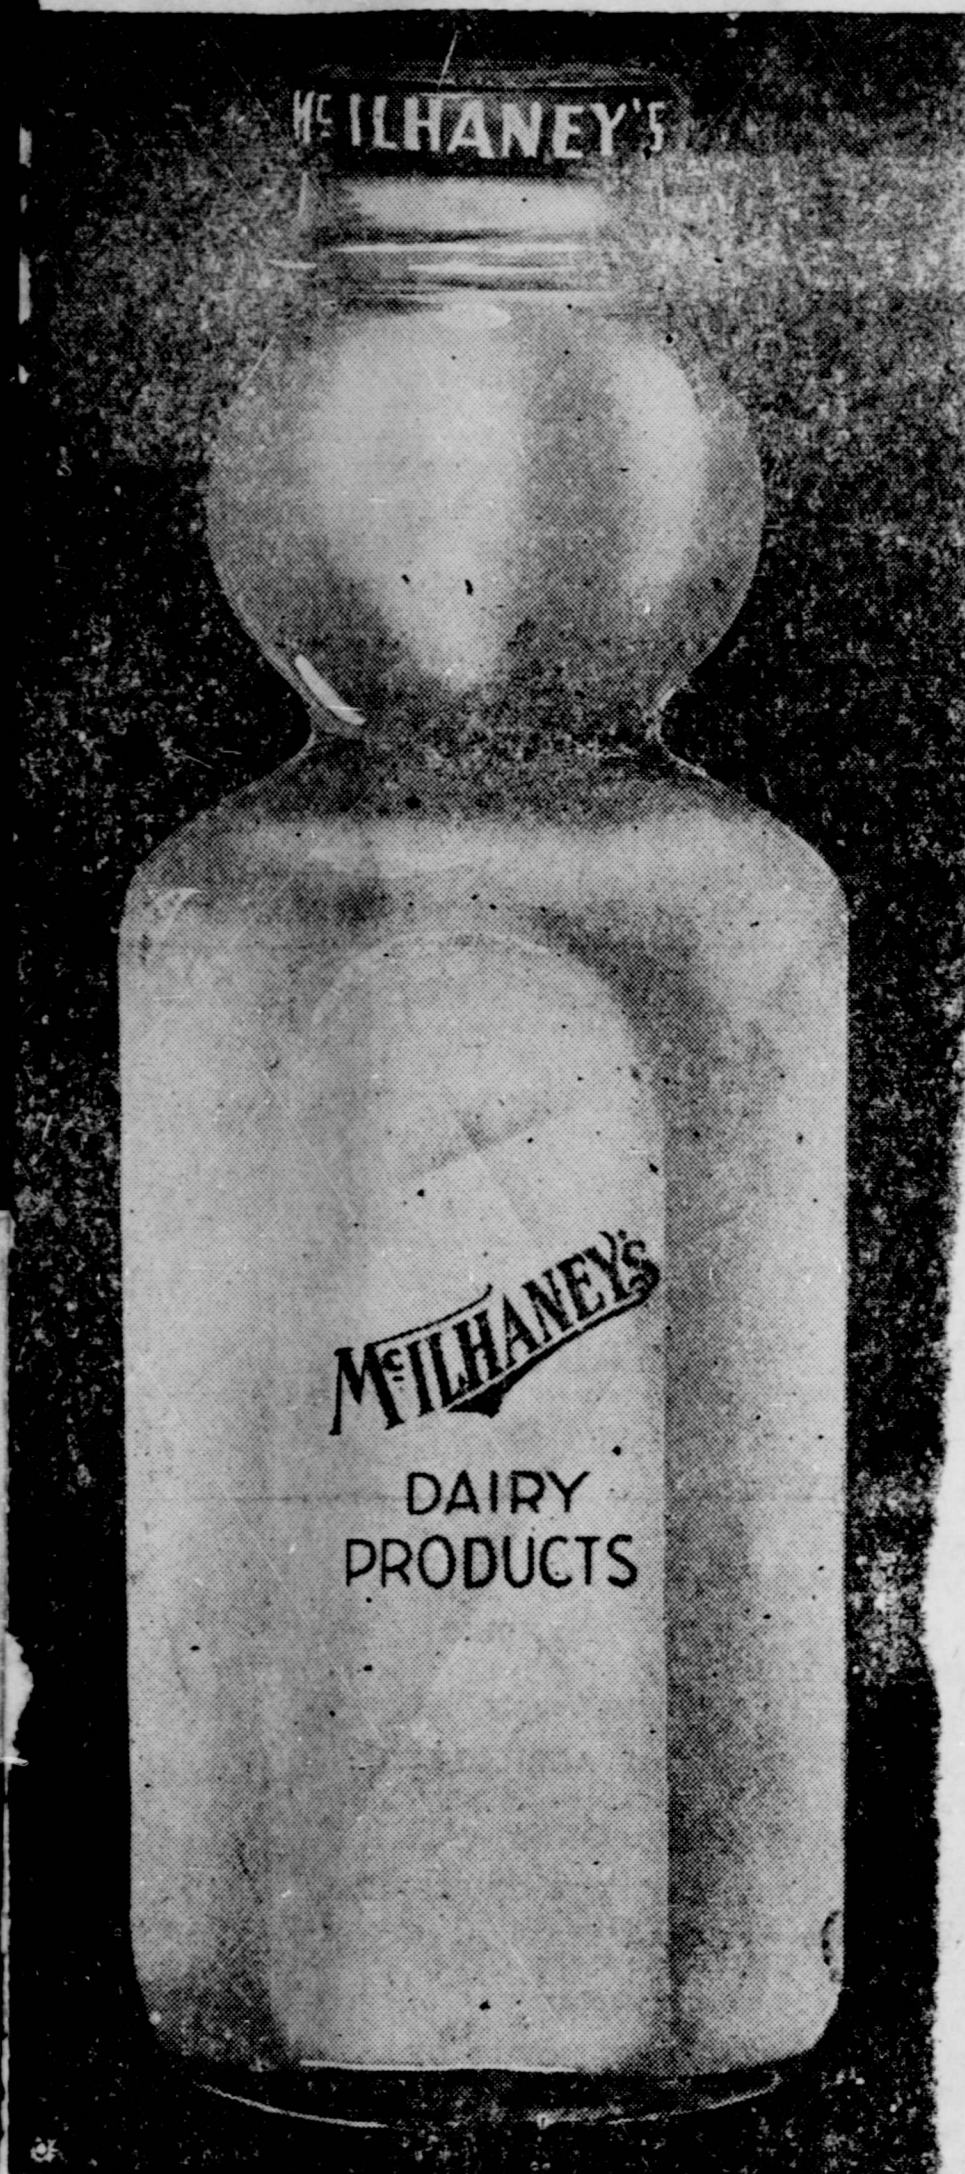

Very cold and warm, too, these members of the 82nd Airborne Division plod through the snow during "Exercise Snowdrop" at a northern post. The National Cotton Council reports the soldiers are wearing light-weight, wind resistant cotton garments made of very finely constructed fabrics. The outer cotton uniform is used over a safer and more resilient undergarment and provides more warmth and protection than heavy overcoats.

FHA Change Broaden Huge Outlays Planned Farmers Opportunity In County for Repairs

Recent Congressional changes in the insured mortgage program of the Farmers Home Administration will broaden opportunities of farmers to obtain real estate credit, L. J. Cappelman, State Director of the Farmers Home Administration of Dallas, announced today.

An assured market for insured mortgages and an increase of one-half of one per cent in the interest rate are provided in amendments to the Bankhead-Jones Farm Tenant Act, Approved June 19, to encourage greater participation of private capital in the farm ownership program.

Lenders who extend credit to eligible farmers for the purchase, enlargement or development of farms under the insured farm mortgage program may assign the mortgage to the Government and receive payment in full at the end of a specified period by the Government. The loans will carry an interest rate of 3 per cent and a 1 per cent insured mortgage charge.

The credit is extended only to farmers who cannot obtain adequate financing from private or cooperative sources. Repayment of the loans is fully guaranteed by the Government. The loans are limited to 90 per cent of the borrowers total investment in the farm and are repayable over a 40 year period.

Since the first insured loan was made last October, 333 loans averaging approximately \$7,000 have been closed or approved. In addition, 9,200 applicants for insured loans have been approved and their applications are being held pending the location of suitable farms or lenders willing to finance the loans with government insurance.

Of the lenders, 84 per cent have been banks serving rural areas. Other loans have been made by life insurance companies, individuals, state retirement funds, and subsidiaries of farm organizations.

The insured mortgage program is based on experience gained in the making of direct government farm purchase loans to approximately 60,000 farmers, including 8,000 veterans during the past 10 years. Approximately 9,000 of these loans have been paid in full from farm income 30 or more years ahead of schedule.

Congress has appropriated \$15,000,000 for direct farm ownership loans during coming fiscal year.

In most respects the direct and insured loans are similar. A farm purchased, enlarged or improved with either direct or insured loans cannot have a value greater than average value of all efficient family-type farms in the county in which it is located. No loan can be made if the total investment of the borrower will be more than the reasonable value of the farm based on its long time earning capacity. All loans are accompanied by supervision in improved farming methods.

A borrower cannot qualify for a direct loan however, if he is able to make a 10 per cent or more down payment on the farm and can obtain an insured loan from other credit sources.

Approximately 70,000 applications are on hand for direct and insured loans, of which 38,000 are from veterans.

Veterans receive preference for both direct and insured loans.

ment throughout the nation this year," declared Malcolm Schweiker, chairman of the Council's residential construction committee.

About 30 of every 100 homes in Texas will be painted, either inside or out, during 1948 and 17 will have roofs repaired or replaced, according to the report. Seven will have plumbing overhauled, bathrooms tiled or show-ers installed and six will have carpentry work done, the report

revealed.

"To meet demands for materials for both new homes and home repairs, production has been stepped up in practically every type of material," said Mr. Schweiker. The output of ceramic tile for bathrooms and kitchens, for instance, is now at the highest rate in history, government reports show.

Throughout the nation between \$2,600,000,000 and \$3,300,000,000 will be spent this year on home re-
