The Herald has grown with this section from strictly a ranch country. This area now consists of thriving towns and cities, supported by scientific farming and stock farming, augmented by huge oil fields, with the nation's largest known oil reserves.

One Man Crime Wave Takes Place Monday

Reburial of Pfc. Rodgers Held Wednesday

Reburial rites for Pfc. Carl A. Rodgers, who died of injuries received while in Rusking, England, December 17, 1943, were held Wednesday, August 18, at 5:00 in the First Baptist Church. Rev. A. A. Brian, assisted by Rev. Ed Tharp.

Local veterans extended military honors at the graveside. Burial was in Terry County Memorial Cemetery under direction of the Brownfield Funeral home.

Rodgers was born at Thaxton, Miss., in 1908. He moved to Brownfield in 1933. He married Miss Juanita Murphy, daughter of Mr. and Mrs. Sam T. Murphy. While a resident of Brownfield, he was in the insurance and grocery business and later installed the first taxi company here.

Rodgers entered the air corps in March 17, 1943. After training he was sent to England in October, 1943.

Survivors include his wife, of Brownfield; his mother, Mrs. Lillie Stewart and brother, Egbert Stewart of Toccoola, Miss., who were here for the funeral; two step-brothers and a step-sister of Toccoola; grandmother, Mrs. John Rodgers of Blytheville, Ark.; also several aunts and uncles, including T. F. and E. E. Rodgers of Lubbock.

The Cotton Balance Sheet

As is customary at this time of year, changes in the outlook for the new cotton crop, as determined by weather changes, dominate movements of cotton prices, Dr. A. B. Cox, University of Texas professor of cotton marketing, reported.

Since the middle of July the weather in the cotton belt has been quite favorable. Private reports indicate prospects for very high yield per acre.

The Government's estimate of 23,653,000 acres in cultivation in cotton July was 2,153,000 acres above last year, but the increase was somewhat below general expectations. The Government cotton consumption report, issued July 19, showed consumption during June to be substantially above consumption a year earlier. The volume of cotton exports in June was very much below expectations, however, due largely to Government policy.

The world supply and demand situation, the rising price level, and the Government loan program do not justify expectation of drastically lower cotton prices, even though our crop should prove to be relatively large.

Miss Elva Gillham, a former resident of Brownfield, formally opened "Elva's Fashion Shoppe" in Littlefield last weekend. Mrs. J. T. Bowman and Miss Glenna Faye Winston assisted during the opening. Mrs. Etta Gillham is making her home in Littlefield with her daughter.

As told by Policemen Hamilton and Zeigler to Geo. W. Neill.

A 21-year-old woman was criminally assaulted late Monday afternoon just off the State Highway near east county line. James Weldon Vasser who had been around here a short time, was arrested at Brownwood, Tuesday afternoon, in flight with an automobile stolen here Monday night. Sheriff Murry and Patrolman A. A. Eggan immediately went to Brownwood and have the man in an undisclosed jail.

The young lady told officers she was enroute to Tahoka, in her car alone, when the man, a stranger, overtook her near the roadside park on Tahoka road. Pointing to the tires on her car caused her to stop, thinking she had a flat. The man also driving alone, stopped, went back and got in her car, drew a gun, forced her to drive off on a by-road a few hundred yards away. In the ensuing scuffle, the gun was accidentally fired, but no one was injured. Returning to his car, he ordered her to drive on toward Tahoka, which she did, only turning off a mile or so where her brother lived, who came to town with her, reporting to officers. The lady claimed she had never seen the man before, but gave a description, which tallies with the arrested suspect. She also claimed he took her wrist watch and small amount of change.

About 11 p. m. Monday night, a man alone in a car, was serviced at a local filling station, but drove off without paying for it. Officers were notified, and they gave chase. The party wrecked the car at the end of north 6th street, and took off afoot. While officers were searching that area, he slipped back and took another automobile from in front of the Wines Hotel, belonging to Chas. McCauley who rooms there. Upon missing his car Tuesday morning, Highway patrolmen put out a state wide alert over the radio. It was learned that Patrolmen cruising on the streets of Brownwood about 3 p. m. Tuesday listening to the radio report, spied the car just ahead of them and promptly curbed it and arrested the driver. The car was the one taken from Wines Hotel. The driver had a lady's wrist watch in possession.

About 11 o'clock Monday night, a young man here, who was acquainted with Vasser, reported to officers, that Vasser earlier in the night, invited him to ride to Hobbs and back, which they did and when nearing Brownfield on return, Vasser held him up, robbed him of \$13.00, made him get out and then shot at him and sped away.

Officers say their prisoner is wanted elsewhere. The Grand Jury convening Monday will likely take action on the case.

Over 1200 X-rays Made Locally

Dr. Frank T. Miller, who heads the South Plains Health Unit, stated this week that 1240 people altogether had pictures made of their lungs last week. Despite all the publicity given the matter, many came too late, some ten minutes after the program was closed.

It appears that some do not appreciate or don't know the cost of such a program to the state, and they should be prompt in responding to such X-ray programs.

Dr. Miller stated that in the course of ten days or two weeks, those who had X-rays made should get the pictures, if their lungs appear OK. Otherwise their doctor will get the picture.

Among the visitors in the J. J. Whitley home this week, were Mr. and Mrs. Ben Henderson of Vernon, and Mrs. C. C. Wheeler of Tishamingo, Okla. Mr. Henderson is a brother of Mrs. Whitley, and Mrs. Wheeler is a sister of Mr. Whitley.

DIXIECRAT NOMINEE—Gov. J. Strom Thurmond, States' Rights Democrats candidate for President, raises his hands in salutation and smiles broadly as he acknowledges the cheers of the crowd at the rally held in Houston. (AP Wirephoto)

The Broomtails Came And They Went

All is quiet in Brownfield and vicinity again this week after a full scale invasion by the cowboys and cowgirls of west Texas and New Mexico, beginning last Thursday, and closing their engagement Sunday afternoon. Of course for the parades and arena they donned their most picturesque costumes, and with but a little imagination, one might think he was fixing to witness a bullfight across the Rio Grande.

And the old town was all lit up and brilliantly festooned with the most dazzling bunting the decorators art could imagine. The "rodayo" is to most people a dazzling sport, and the town must look the occasion. From all we could gather, the lovers of the bucking, prancing bawling beasts had one "helacious" time. We don't mean there was any roudyism—there wasn't, because cowmen are not made up that way, especially around home. But they had a good time witnessing the events and chewing the fat about times gone by.

As for the writer, the rodeo, like the circus, is when you see one you've seen all. Of course there may be just a "leetele bit" of difference in the spill and the kick in the pants as he goes off, but the general program is the same. We have seen 'em at the old Northside Coliseum at Fort Worth and at Stamford when younger and tougher. Not one since.

At the early day picnics and barbecues here in Terry at Gomez one year and at Brownfield the next we would take up "purses" to see some guy ride an outlaw. We remember that Uncle Bill Howard had a large, round plow-horse, that Uncle Bill used to ride to town. Uncle Bill was an Ex-confederate soldier, and in his 70's the nag was gentle as a pet bunny, but you must leave off your spurs when you mounted him.

At Gomez one summer, a cowboy off the old OBR ranch by the name of Simmons tried his hand on the Howard horse. The first jump put Simmons on the horn of the saddle and the next he went flying through the air, and the horse kicked him in the head before he hit the ground. Two doctors worked hours with Simmons before he was OK. That just about wound up our desire to see an outlaw horse ridden.

Uncle Bill later sold the roan, and we understand that a guy up at Memphis, Texas, rode him to a fare you well. One great trouble was that the horse was big, strong and round, and it took a long-legged rider to reach low enough on his belly to lock their spurs.

Wax applied to the dust pan helps dust slide off easily; applied to the tops and bottoms of drawers, helps prevent sticking; to the painted surface of washing machines, helps prevent rust.

Cornebie Brings In Open Bolls

F. M. Cornebie, who bought the Arthur Green place 2½ miles southeast of the city some five years ago, brought in four well opened and mature bolls of cotton one day last week, the first we had seen this year. Now Mr. Cornebie is not a candidate for the first bale of cotton this year, for the reason that his cotton is irrigated, and will open very slowly.

He has some 75 acres of cotton under irrigation which was planted the 15th of April, and he stated that he had blooms in his cotton June 15th, full 15 days before we reported them in the Herald. He raises the Qualla breed of cotton, with practically every boll going five locks and the staple pulling a full inch. We asked Mr. Cornebie what had become of that favorite of two decades ago, known as Mabene. He said that Qualla is just an improved variety of Mabene having been bred up to be a bit more storm proof.

So far, stated Mr. Cornebie, we have had no insects to hurt, but we imagine he had his fingers crossed as he added: "I have been noticing a lot of millers lately. Just what kind of a worm they will turn out, I am not prepared to say." Hope they prove nothing serious. The rest of the Cornebie crop consists of maize and a small field of corn.

Just a bit about this corn. He has sold roasting ears to the value of \$25 per acre off this field of corn, he stated. He did not go on to state whether all the corn had been sold off the field or not. In most cases, however, a lot of corn will get too hard for roasting ears before it is gathered.

Now you guys as well as geyenas who are too big around the middle and want to lose a bit of poundage, might hit Mr. C. up for a job helping gather his cotton crop. Of course the Old He has that school boy figure and the school girl complexion and doesn't need the rounding up exercise in a cotton field.

Wellman School Opens Aug. 30

Supt. J. T. Bryant of the Wellman School announced this week that the school will open August 30.

The following are faculty members: High school, principal, N. G. Phillips; history, Ira C. Brackett; homemaking, Willie Mae Hines; vocational agriculture, Homer E. Jones; business administration, Inez Lewis; English, Margaret Miller; coach and mathematics, W. B. Smith.

Elementary school: Principal, 8th grade, A. L. Kerby; 7th C. H. Jackson; 6th, Lometa Rowland; 5th, Juanita Lyon; 4th, Grace Phillips; 3rd, Mrs. McBeth; 2nd, Juanita Lanious; 1st, Till'e Black.

Mrs. Kelly Horner of Comanche, Texas has been visiting in the home of her sister, Mrs. G. W. Luker for the past month.

Terry County's First Bale Ginned Tuesday First Grain Combined On Same Day

Local Boy Scouts Go On Camping Trip

A large group of boys in Troop 49 of the Boy Scouts made a trip to Camp Texhoma the last part of July and spent three weeks there camping.

The boys, under Scoutmaster R. H. Bailey, were helped by Dr. E. C. Davis, Elbert Latham and Lee Orvil Lewis. Also on the troop staff from Brownfield were Eagle Scouts Gerald Perry, Henley Storms and Larry Bailey, who did a good job at the camp.

Durant, Oklahoma, won the swimming meet by one point, 54 to the boys score of 53. Troop 49 had achieved honors for the second best camp, while a Dallas troop no. 23 won first place.

The following boys are the ones that advanced in rank: Jerry Anderson to second class, Bobbie Peterman to first, Billie Richmond to first, Bob Ferguson to second, Edwin Garnett to star, Earl Davis to second, Jack Lucas to second, John Montgomery to first, Joe Sharp to second, Orville Miller to second, Olen Chambless to second, Rex Black to first, Mac Profit to second, Elton Brian to Star, Doyle Criswell to second, Jack Stockton to second, Travis Sparkman to second, Jerry Bailey to star, Mackey Hord to second, Tommy Hord to star, Herbie Kendrick to first, Bobbie Green to first, Gene Owens to second, Finis Kirkpatrick to second, Dale Tavis to first, Dewey Finley to second, and Lonnie Webb to second.

Merit badges went to Billie Richmond, John Montgomery, Olen Chambless, Travis Sparkman, Jack Lucas, Finis Kirkpatrick, Jack Stockton, Gene Owens, Orville Miller, Joe Sharp, Jerry Bailey, Elton Brian, Bobbie Green, Herbie Kendrick, Edwin Garnett, Max Black, Tommy Hord, Bobbie Latham, Bobbie Peterman, Earl Davis, Bob Ferguson, Mackey Hord.

Bobbie Latham, Tommy Hord and Edwin Garnett were called out for the order of the arrow ordeal and received honors.

Herbie Kendrick caught the biggest fish caught on a rod and reel or pole. The fish measures 19½ inches long and weighed four pounds, six ounces. He received first prize of a new Texhoma T-shirt.

The boys are all eagerly looking forward to camp next year.

Funeral Rites Held In Seminole For Mrs. R. B. Holmes

Last rites were read at the Seminole First Methodist church last Saturday for Mrs. R. B. Holmes, 69, of Seminole, pioneer South Plains resident who died of a heart attack in Treadaway-Daniel hospital Friday morning.

Rev. H. B. Coggin, pastor of the church officiated.

At the time of her death, Mrs. Holmes was visiting her son, Leo, executive vice president of the Brownfield State Bank and Trust company.

Mrs. Holmes came to West Texas with her husband in 1901, settling in the Shallowater area. The family moved to Seminole in 1906.

Besides her son, survivors include a brother, W. E. Littlefield of Leesville, Texas, and three grandchildren, Betty Jean, Mary Ann and John Holmes, all of Brownfield.

YOUNG COUNTY REUNION

The Young County annual reunion will be held in Mackenzie Park, Lubbock, the fifth Sunday in August.

Former residents of Young county and their friends are invited to come and bring a basket dinner and meet old friends and make new ones.

Crops Viewed Down Old Lamesa Road

The senior and junior drove out Tuesday afternoon late primarily to see the Mon Telford and F. M. Cornebie crops. It was so late we were afraid to stop at Mon's for fear he would put us to milking. But that big cuss sure has a good crop. He did some deep breaking a year or so ago, and the benefits of that deep plowing is still showing up especially when it is hot and dry as of the present.

Drove down the road as far as the Thurman place, turned back and took down the Cornebie turn row, as we wanted to see his irrigated cotton. It is fine, full of bolls and still blooming. By the way, he has some mighty good maize as well. We followed the turn row back to the old Lamesa road, and decided to go on south down the road, as neither of us had been down it more than twice since the highway was built. Until one gets to the draw, there is some mighty fine crops.

South of the draw for a few miles, the area is very sandy, and the crops are poor to indifferent. Many places showed that the owners or renters have really tried, but the cards were stacked against them—wind erosion. No one can blame them; just feel sorry for them—wind erosion. No one can one mile jog in the road by the old Leslie Green place, we turned back west to the highway.

We did not get to the hail belt which was farther south, and found most of the crops from there into town up to par. So you guys that have been threatening to go to work as well dig those old pick sacks out of the moth balls.

Building Permits Decline For Week

Building permits issued by the City of Brownfield for the week August 11-18 total \$11,400 to show a decline from last week's total of \$85,955.

Permits issued this week include: Terry County Lumber Co., owner, D. L. Patton, move ready constructed residence to be located 1001½ 2nd, \$3200.

T. D. Warren, repair generally, located 207 North 6th, \$1000.

John Lane, repair, owner, R. A. Whitley, located 1001½ W. Main, \$1000.

E. H. Woods, construct 12 by 24 garage and drive, located 20 N. A., \$600.

A. V. Paden, owner T. J. Blankenship, construct 30 by 70 tile building, located Lubbock Rd., \$2500.

J. W. and L. H. Wade, move in 14 by 26 residence, located 710 N. 2nd, \$1200.

Claude Nixon, move in, attach and modernize bldg. owner, M. V. Walker, located 111 E. Main, \$1000.

Joe Beauchain, build 14 by 28 garage, drive and porch, owner J. B. Hankins, located 806 E. Buckley, \$900.

The Rains Failed To Materialize

Most of us felt that we were in for a rain period over the weekend and it looked it for two or three days. Saturday night there was much bluster, thunder, lightning and flourish of clouds to and fro.

But the rain was light in most sections, there being only .19 here in Brownfield. In the meantime the weather continues unseasonably hot, especially at night, and crops wilt in daytime. We usually expect cool nights on the Plains in August.

Carlos Cross of Wellman visited in Portales over the weekend.

MRS. GARNER DIES — Mrs. John Nance Garner (above) wife of the former vice-president, died at her home in Uvalde, Texas at the age of 78. Often referred to by Garner as his "right hand," she served as his personal secretary throughout his public life. (AP Photo)

Rev. Matthews To Preach At Christian Church Sunday

J. F. Matthews, Lubbock, will will the pulpit at the First Christian Church Sunday morning. Rev. Matthews has preached here previously and was well liked by his audience.

The local congregation extends a cordial invitation to all to hear Rev. Matthews Sunday.

Local People Attend Reunion

Mr. and Mrs. R. M. Moorhead, Mrs. J. R. Moorhead, and Mrs. Dube Pyeat, all of Brownfield, G. B. Jones of Meadow and Mr. and Mrs. R. S. Nabors of Lubbock, attended an Old Settler's reunion at Hogtown.

Hogtown gathered quite a bit of fame some thirty years ago as an oil boom town, but the field has long since been drilled out. Moorhead states, however, that new production has been found some three hundred feet deeper than the old pay and some nice wells have been brought in.

NEIGHBOR FOR MONTH CONTEST TO BE RESUMED IN SEPTEMBER

Due to lack of information, there will be no August "Neighbor for the Month" contest. Johnny Haynes, sponsor of the event states however, that the contest will be resumed in September and that there will be no interruptions from here on out.

Mrs. J. D. Miller correctly identified Arnett Bynum as the "Neighbor" for the month of July.

EASTLAND COUNTY REUNION

A reunion of all former Eastland county residents of this area will be held at the Mackenzie Park, Lubbock, the fourth Sunday in August. All former Eastland county residents are invited to be present.

ANNOUNCEMENTS

The following named candidates have announced their candidacy for office subject to the action of the Democratic Primaries Saturday, August 28, 1948:

- FOR STATE SENATOR**
KILMER B. CORBIN
Dawson County
- STERLING E. PARRISH
(Re-election, Lubbock County)
- FOR COUNTY ATTORNEY**
GEORGE W. NEILL
L. C. HEATH
FOR COMMISSIONER Pct. 4
H. R. (Horace) FOX
J. B. (Mutt) OLIVER

Here we go with another batch of "hot weekly editorials, some of which almost set the old Remington on fire before we jerked them out. Hope they don't melt our press rollers.

Now that the CIO has come out for candidate Lyndon Johnson, what excuse will the daily papers, mostly, who are supporting Johnson, have to say? They have been pouring it on poor old Coke because the Texas AFL endorsed him, and now Coke says he is for the Taft-Hartley act. What will the Texas dailies offer as an alibi to their readers now?

We have been hearing so much "liberal" stuff that has been coming out of the State supported schools of late, along with academic freedom, that we feel just about rested, and still have confidence when we get something different. And this different stuff is not coming from the BIG colleges and universities; it is coming from the comparatively small denominational colleges, so-called. Sunday's Abilene Reporter-News was largely taken up with three fine church schools, Hardin-Simmons University, Baptist; McMurray College, Methodist and Abilene Christian College, Church of Christ. In an ad for the latter something caught our eye that made a real appeal. First, it upheld the church, and the Bible as the inspired word of God. Then it took up the home and its sacredness. But the thing that really appealed to us after hearing so much unsavory stuff from the big colleges, was on Free Government.

Let us quote that paragraph verbatim: "Abilene Christian College is also proud of the fact that it stands for Christian Democracy. It is solidly and unanimously opposed to those 'isms' that endanger our land from without and within. It believes and teaches that America must continue to build on a system of free enterprise based on character, initiative and hard work." Isn't that a refreshing statement compared to the walled utterances we hear coming from the big schools. Parents, why not consider sending your child to your church school instead of some questionable wild eyed, pink and red school that suggests, if not teaches, loose morals, and if not hate at least ridicule of our constitutional government?

Voter, you will not get any comfort in jumping from the Tru-manites to the Joe Martin led GOP when it comes to serving the minority groups to get a few measly votes in an endeavor to carry one with the states with a large electoral vote. Their platform is just as clear on anti-segregation, poll tax and state rights repeal as the so-called Democratic platform. Indeed both old parties are moving just as close to a Federal dictatorship as they dare go right now. There is nothing in common in either platform to the man and woman who loves life, liberty and pursuit of happiness. Both parties are vying with each other to kill the US Constitution and the Declaration of Independence. The safest course will be for liberty loving people to black both party nominees, and if the dictators down at Austin won't permit Thurmond and Wright to be placed on the ticket, then write them in. A protest vote this fall is a vote for a free nation. The masses of people are almost ruled right now by minority groups.

President Truman and his administration keeps calling congress a bad one because it did not do everything he asked about the high cost of living. To tell the truth, the Truman administration as well as congress is as much or more to blame than anyone else for the HCL. A radio commentator Friday night summed up the amount of government taxes and subsidies on a 100 pound sack of potatoes, and came up with a total of more than two dollars and fifty cents. Thus, potatoes have to sell at 5 or 6c per pound in your store. How does the government propose to bring down prices when they are boosting them all the same time? So far, we have heard no one reply to the radio address. Yes, we know that it is rather unpopular to talk about subsidies, but one of these days we are going to blow up prices so high that the bust will make the 1920 crash look like 30 cents. And how do you roll back prices? By taking the withholding taxes from every working man, some of them GI's that saw service overseas, and are now trying to make a living as on-the-job trainees. The Herald takes some \$1200 from four employees every year, all of them veterans, and three saw service overseas. Folks, it just don't look right to us. If prices were really low, then some support would be justified, but not when they are already sky high.

Despite the sensational disclosures coming to light about the Red spy ring, Unhappy Harry continues to yell "red herring." Could it be that HST is afraid that one of these rotten red herrings will land in his face one of these days?

Your local newspaper is a merchant and its wares are column inches in the paper, or in the case of classified ads, so much per word. Local merchants, farmers and others are its customers. It is based on the same principal as your local groceryman selling their customer a box of post-tens or a pound of round steak.

THE AMERICAN WAY

When Quacks Prescribe

No one suspects that the buyer of breakfast food or steak will undertake to dictate to his dealer any selling or buying policy. He buys if he wishes, or lets it alone. The square merchant will never try to sell a man something he does not want. On the other hand, the merchant who buys space in the local paper never asks the editorial management to shape his editorials to suit him. If he has something real special, he may ask the newspaper for a short mention as a matter of news. To say that the buyer of newspaper space dictates the policy of the newspaper is to slander both merchant and the newspaper.

No one, not even Beautiful Beauford Jester, has attempted to explain why he so readily agreed with the other Southern Governors before the national Democratic convention not to support Truman, but after his conference with James A. Farley, he is all for the Truman ticket. What did Farley promise Beauford? Could it be that Gov. Jester sees the handwriting on the wall as far as his state political augers for the future, and was promised a nice fat federal job is HST gets in again? He did not even have the common hospitality to welcome the governors of South Carolina and Mississippi to Texas. Was he ashamed of this double cross? Even Jesters own pet hobby, land ownership of tide water oil land was left neatly out of the Democratic platform, but inserted in the GOP platform. Talk about a dark horse, but there seems to be a deep dark secret somewhere.

And you've heard the old one about "consistency being a jewel?" In a number of the county conventions over the state recently, the "loyal" democrats went on

record as great sticklers for staying with Truman and the party. At the same time and in almost the same breath, they condemned Truman's entire "civil rights" program. OK boys, swallow your pride, and let 'em slip on the little brass collar. Tish! Tish! and Toshi!

The overwhelming weight of judicial opinion is against the idea of those who maintain that any law passed by congress governing elections in the several states would not be unconstitutional. It would be unconstitutional for congress to make laws concerning how any state should hold elections. That was left up to the state by the wise old heads who wrote the constitution of the United States. The only thing that the federal government can legally take a hand in, according to the best legal talent, is to see that no laws concerning elections can be made by any state that bars any voter "because of race, color or previous condition of servitude." Many Southern people, and that includes the writer, are not sticklers for the retention of the poll tax law, and we predict that most southern states will soon be rid of the poll tax law if left alone. Other taxes can be substituted for what goes to schools and other state business. Some have objected a constitutional amendment submitted to the 48 states would take too long to ratify. The Daily Oklahoman finds upon investigation however, that the average time it takes two-thirds of the state to either endorse or reject a law thus submitted is only 17 months and 18 days. A short time compared to our 159 year old constitution.

Coke Stevenson complex: We note that Coke didn't have to change his mind about the kind

of campaign he would conduct. He didn't have any helicopter hired, so he didn't have to call them up and tell them he had decided not to use it in the run off. We know a nice young man who did change his mind. Coke, after he totters in from vaccinating the caves, won't have to worry about what he promised some fellow he would do unless he changed his mind. Floydada Hesperian.

G I QUESTIONS AND ANSWERS

Q. If I apply for hospitalization, how long will I have to wait before I am admitted to a VA hospital?

A. If you have a service-connected disability you do not have to wait to receive hospitalization. If your disability is nonservice-connected but is an emergency, you are admitted immediately. Non service-connected ailments that do not require emergency treatment have to wait until a bed is available, and the time varies at each hospital. Nonservice-connected veterans also must sign statements that they cannot afford to pay for treatment elsewhere.

Q. May I go to my own doctor for treatment of my disability and have Veterans Administration pay the bill?

A. Only if you receive prior VA approval for such treatment or care. Approval is based on the following conditions: (1) you must have a service-connected disability; (2) VA must not be able to provide the treatment in its own hospitals or clinics; (3) travel to a VA station would work a hardship on you. In emergency cases, a veteran may apply to the nearest physician and have the physician notify the VA regional office having jurisdiction over the area.

Alfred Hinley of Brownfield spent Sunday in the home of his parents in Hobbs, N. M.

Rev. Earnest Shepherd of Snyder substituted for Rev. A. A. Brian of the First Baptist church Sunday. He flew back to attend the reburial of a service man in Snyder.

Swan-Kennedy Vows Read In Glendale, Calif.

Before an altar banked with gladioli and daisies in the Chevy Chase Baptist church of Glendale, California, Miss Gloria Swan became the bride of Mr. Richard S. Kennedy, Friday, July 23. The candlelighted double ring ceremony was performed by Rev. James T. Martin at 7:30 o'clock.

The bride is the daughter of Mr. and Mrs. H. N. Swan of Brownfield. The groom is the son of Mr. and Mrs. S. O. Kennedy of Big Bear, Calif.

The bride, given in marriage by her father, wore a white slipper gown embroidered with seed pearls and a veil of illusion and lace held by a seed pearl crown. For something old and borrowed, she carried a handkerchief belonging to her grandmother, Mrs. P. B. Brothers, something blue was her garter; something new, a strand of pearls, a gift from the groom. She carried a bouquet of white roses and a white orchid.

Miss Dorothy Nell Brownlee, maid of honor, wore a bouffant gown blue organdie and carried a nosegay of yellow carnations and sweetpeas. Nosegays of pastel flowers were carried by the bridesmaids, Miss Joann Butler, gowned in pink organdie; Miss Barbara Ronnie, in aquamarine organdie; and Miss Carol Neilson, in yellow organdie. Miss Leslie Ann Smith, flower girl, wore orchid organdie.

Frank Kennedy, brother of the groom, was best man and usher.

were Bill Matthews, Orb Brothers, uncle of the bride, and Frank Garner. Pat Swan, brother of the bride, was ring bearer.

"Clair de Lune," a medley of love songs, and the traditional wedding marches were played by Miss Rosemary Williams. Miss Mary Shaffer, accompanied by Miss Williams sang "Because," "I Love You Truly," and "The Lord's Prayer."

A reception in the church lounge followed the ceremony. Miss Yvonne Jeppson presided at the bride's book. The table was covered with a lace cloth and centered with a three-tiered wedding cake surrounded by white double daisies. Hostesses were Misses Carol Stierly, Rosemary Pierce, and Betty Schroeder.

After a wedding trip to Santa Barbara, San Francisco, Sacramento, and Reno. Mr. and Mrs. Kennedy are at home at 501 E. Verdugo Ave., Burbank, Calif.

For traveling, the bride wore a poude blue suit and cocoa accessories. She wore a white orchid.

Mrs. Kennedy graduated from high school in Brownfield and is a June graduate of Glendale, College. She is affiliated with Kappa Phi Sigma and Sigma Phi Delta. She was YWCA secretary and club editor of the El Vaquero, college publication.

The bridegroom was graduated from Hoover high school and attended Glendale College. A navy veteran, he is now employed by the Glendale Post office.

Guests who attended the wedding from Brownfield were: Mr. and Mrs. H. N. Swan and family and Mr. and Mrs. Elmer Brownlee and Dorothy Nell

Miss Vivian Eubanks, daughter of Mr. and Mrs. Bill Eubanks of Happy, whose engagement to George Woods, Jr., of Happy was announced recently. Miss Eubanks is the granddaughter of Mr. and Mrs. J. H. Eubanks of Brownfield.

August, Month For Sisters Get-Together

August seems to be the month for sisters to get-together in Brownfield.

Among the many are Mrs. Kate Everett of McLean, who has been visiting her sisters, Mrs. Minnie Williams, Brownfield, and Mrs. Bain Price of Plains. With Mr. Price and daughter, Virginia, the sisters had a picnic supper in Coleman Park last week. Mrs. Everett and Mrs. Williams are now spending two weeks in Dallas with another sister.

In the B. M. Tuttle home are Mr. and Mrs. Boots Lee of Los Angeles, Calif. Mrs. Lee and Mrs. Tuttle are sisters. They are also visiting other relatives.

The Knox sisters, with the exception of Mrs. Will Copper of Gordon have just ended their annual two-week get-together in Brownfield. They are: Mesdames S. H. Holgate, Lee Capell, Weslaco; J. C. Whisenat, Socorro, N. M. The sisters they visited here are Mrs. W. W. Price and Mrs. Jim Burnett. Mrs. Jack Hamilton, a niece of the ladies, entertained them with a chicken supper and watermelon feast and showed films taken during the Harvest Festival. Glenna Faye Winston who was chosen Harvest Queen is also a niece of the Knox sisters. Others attending were: S. H. Holgate, Lee Capell of Weslaco and husband of Lima, Peru; Mr. and Mrs. R. A. Luna, Odessa; Mr. and Mrs. Barney Holgate, San Angelo; Mrs. Cada Vaught, Weslaco.

Mrs. W. D. Winn of Gomez has had as her guests her sister and daughters from McKinney.

Other sister together over the weekend were Mrs. Archie Thompson, Big Spring; Mrs. Bernard Lay, Gomez; and Mrs. Fred Smith, Brownfield. The ladies with husbands and families were Sunday guests in the Fred Smith home.

Mrs. Mary K. Blanton of Amarillo is visiting for a few days with her sister, Mrs. Frank P. Miller.

Mrs. Ethel Spraggens of Fort Worth is a guest in the home of her sister, Mrs. E. L. Redford. The Redfords visited in Dallas last week and Mrs. Spraggens returned with them.

MRS. CARPENTER LEADS WSCS LESSON

Mrs. J. H. Carpenter conducted the lesson when the WSCS met Monday afternoon at Fellowship Hall in the Methodist church.

Mrs. Carpenter was assisted by Mesdames Power, Thompson, Hogue, and Loyd. Others present were Mesdames Gorton, Hair, and Downing.

Monday, August 23, the monthly covered dish luncheon will be held at Fellowship Hall with Mesdames Power, Sharp, and Gorton as hostesses.

Medical Society Has Luncheon at Esquire

The five-county Medical Society met Wednesday, August 11, at the Esquire for a luncheon. Dr. A. H. Daniell is president of the society.

The two principal speakers for the after lunch lecture were Dr. Cooper of Plainview, who spoke on psychiatry, and Dr. Smith, also of Plainview, whose lecture concerned polio.

The Wives Auxiliary met at the home of Mrs. Daniell following the luncheon.

The Society meets every two months.

Mrs. Claude Merritt of Brownfield returned Saturday from Las Cruces, N. M. where she had been visiting her daughter.

Initiation of Sub-Deb Pledges Held Aug. 13

The formal initiation of Sub-Deb pledges was held Friday, August 13, at 5:00 p. m. at the home of Charlene Daniell.

The candlelight ceremony was conducted. New members signed the oath on a table covered in white lace over blue satin. Blue candles were burning throughout the room.

New members present were: Sue Stewart, Joan Machen, Carolyn Brady, Freda Anthony, Jackie Crump, Carol Jones, Roxann Miller, Leah Dale Portwood, Norma Rogers, Kay Szydloski, Wynelle Webb, Lamoine Lindsey, Joan Shelton, Velma Rackler, Iva Blair, and Doris Wall.

Old members attending were: Jackie Dubose, Charlie Gaston, Chloe Schmidt, Lois Stevens, Nancy Morgan, Francis Price, Mary Tankersley, Charlene Daniell, Barbara Beard, Lois Foster, Norma Boyd, Cynthia Black, Jackie Allen, Betty Ferguson, Patsy Johnson.

A dance was given following the initiation at the Country Club in honor of the new members.

DAUGHTER VISITING FROM CHICAGO

Mr. and Mrs. Jack Snitker are here from Chicago, visiting her mother Mrs. Maudie Romans and family, as well as his relatives. Both are attending Moody Bible Institute, and will become missionaries upon graduation. He preached to the prisoners in jail, Sunday afternoon.

The Snitkers drove a new car from Chicago to Fort Worth, which was put on a used car lot at Fort Worth. They put 2,000 miles on the car, making it a USED car, and considerably higher.

MUSIC PUPILS ENROLL BEFORE SEPT. 1

Mrs. W. H. Dallas will enroll voice and piano pupils before or on Sept. 1. Contact Mrs. Dallas by calling 48 or by stopping at her home, 401 E. Cardwell.

Public and special recitals are prepared during the year by pupils.

GOMEZ H. D. CLUB REPORT

Members of the Gomez H. D. Club and their families enjoyed a social and buffet supper in the home of Mr. and Mrs. Tress Key Thursday night. Games of "42" were played.

The next regular meeting will be Thursday, September 9, in the home of Mrs. K. Sears. Every member is urged to be present as they will elect officers for the coming year and will fill out the annual club report.

TO GET DEGREE

It has been announced by the University of Texas that Vance W. Smith of Brownfield will receive his bachelor of science degree at the summer commencement exercises, August 29.

Vance is the son of Mrs. Lula Smith, former county treasurer, and nephew of Hugh and Lee Hulse.

Mrs. George Warner is visiting in the home of her mother in Littlefield, this week.

Johnson News

Mr. and Mrs. Roger Shepherd of Brownfield spent last week in the Loyd Wilson home.

Hardin Joyce, Jr., of Erie, Pa., and Mrs. C. H. Roberts of Waco, are visiting their parents, Mr. and Mrs. Hardin Joyce.

Those taking dinner in the C. D. Parker home Sunday were: Mr. and Mrs. R. P. Tatum and children of Raceland, La., Mr. and Mrs. M. J. Green of Ropes, Mr. and Mrs. J. Logan Green of Loop, Mr. and Mrs. Steve Countness and family of Lubbock, Mrs. Smith and son Haywood of Tokio, Mr. and Mrs. I. B. Green and Mr. and Mrs. L. P. Bench and son, Tommy Lynn.

Mr. and Mrs. E. V. Gilentine had their married children home with the fire past weekend.

Miss Gloria Little is visiting in Tipton, Okla.

Jean and Leroy Evans visited with relatives at O'Donnell last week.

Visitors in the Frank Tuttle home Sunday were Logan Buckman of Acuff, Elbert Halvis and Sandy White of Sundown.

Mr. and Mrs. R. D. Jones, Mr. and Mrs. J. J. Jones and Charlotte, Mr. and Mrs. Alton Loe and daughters visited with Mr. and Mrs. R. D. Jones, Jr., Sunday.

W. D. Fought made a business trip to Oklahoma last week. Lawrence Hargrave of Fort Worth visited with his sisters, Mrs. Harris and Mrs. Sexton last Sunday.

Mr. and Mrs. B. O. Tuttle and family visited in Oklahoma over the weekend.

Mr. and Mrs. Grady Echols, Jr., of Brownfield visited his parents, Mr. and Mrs. G. Echols, Sunday.

Demeris Little is visiting relatives at Odessa.

Carroll Johnson preached at the Baptist church at Tokio, Sunday, during both services.

Mr. and Mrs. George Lasiter had relatives visiting them last week. It has been reported that the younger son of Mr. and Mrs. Willard Shavor, who recently moved from this community to Gomez has polio and is in the hospital at Plainview.

The revival at the Baptist church closed Sunday night. There were four additions by baptism and three by letter. There were a number of rededications. Troy

Gets Greater Relief From Use Of Retonga

Gas On Stomach, Muscular Aches and Pains, Sluggish Elimination, Weakened Feeling, All Promptly Relieved, Says Mrs. Era Manning.

"A good friend personally recommended Retonga to me and I can say that she did not praise this fine medicine half strong enough," gladly states Mrs. Era Manning, respected resident of 408 Barrera St., San Antonio, Tex., and the mother of seven children. Mrs. Manning gratefully continues:

"I had no appetite and soft foods were all I could force down to keep me going. Food seemed to sour in my stomach and burn inside me like acid, I suffered so much distress from gas on my stomach and bloating that sometimes I could hardly get my breath. I felt weakened and worn out. My shoulder and arm muscles pained and ached something aw-

ful and I had to take strong laxatives to relieve my sluggish bowels. My whole body seemed full of toxic poisons.

"Retonga gave me greater relief than all other medicines I have tried. I have a grand appetite now, eat anything I want, and no longer suffer distress from sour stomach and acid indigestion or take those harsh purgatives. I sleep good, feel refreshed when I get up, and my housework is a pleasure instead of a drag. No one can be more thankful than I am for Retonga."

Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, borderline Vitamin B-1 deficiency, and constipation. If the first bottle fails to give you gratifying relief, your money will be refunded. You can get Retonga at Primm Drug and all other good drug stores. — adv.

Negro Minister Keeps Appointment For 23 Years

PARIS, Tex. Aug. 12 (AP)—"The Lord is My Light and my Salvation; whom shall I fear?" This scriptural passage has continually been on the mind of the Rev. H. N. Logan, 74-year-old Negro Baptist minister of Manchester, Lamar County, Texas, as he makes his weekly 40-mile journey to Paris to preach in the Mount Pisgah Baptist church.

And for the past 23 years Rev. Logan hasn't missed a week meeting his congregation in Paris. In telling the story of the minister, Ed Bryson of the Paris News, says the white-haired minister usually makes his trip in a small wagon with a canvas cover to keep out the rain and soften the sunshine.

In the winter, a small charcoal stove in the wagon keeps Rev. Logan from freezing.

"My hands have been frostbitten and my ears frozen," the Minister relates, "and I have waded the creek bottom when it was a half a mile wide to get to my appointment."

Rev. Logan adds that during his 41 years as a minister he has helped build nine churches, seven in Lamar and two in Red River county. He has added 3,000 members to the churches he has pastored during his ministry and has baptized 700.

The negro minister was born Dec. 29, 1873 at Arthur City, on the Red River, and has spent most of his life within a good day's walking distance of that place. His career as a preacher began in 1907.

He explains that he has made up for his late start by faithful work as a minister and a builder of churches.

Believing that "a naked back and hungry stomach" are the only two things a man can get without working, the traveling minister owns a 60-acre farm north of Manchester. There he grows much of the food for his family in addition to a cotton crop for cash.

However, most of his time and

TEXAS COACHES SEE LINE PLAY DEMONSTRATION—Bully Gilstrap (front center), end coach of the University of Texas, demonstrates line play at the Texas coaching school in Abilene. Gilstrap shows the offensive stance. Working with him are Jack Boles (standing) Hardin-Simmons end, and Buddy Jungmichel of the University of Texas coaching school. Part of the more than 1,000 coaches enrolled in the school watch the demonstration. (AP Photo).

Use Courtesy And Reduce Accidents

What can drivers do to reduce their chances of collision on the highway?

In a single word the answer would be, COURTESY. That's the belief of George Clark, managing director of the Texas Safety Association.

"All rules of the road boil down to this fundamental concept—courtesy," said Mr. Clark.

"The biggest collision-maker we have on the highway to day is the fellow who refuses to yield right-of-way," he declared. "Yet the simple exercise of courtesy could prevent most mishaps."

The Association is cooperating energy are given to his church work.

with the National Safety Council's safety education program for August, emphasizing courtesy and defensive driving. These rules were offered for life-saving on the highway.

Consider carefully the rights of others. Offer hand signals before stopping or turning.

Understand both local and state traffic laws.

Rely—not on his brakes, but on your own. Take time to reach your destination safely.

Exercise reasonable judgment and common sense.

Stay wit in your own lane, except for passing.

Your courtesies will reflect in the attitude of others.

Teresa Chishelm of Los Angeles, Calif., is visiting relatives here.

Texan Named Head Of "Girls Nation"

WASHINGTON, Aug. 10. (AP)

—A. McAllen, Tex., girl is the new president of Girls Nation, a mythical government established by 94 high school juniors and sponsored by the American Legion auxiliary.

Miss Kennon Kethley, MsAllen high school junior class president, was chosen president by the girls at a convention here last night. She ran on the "Federalist" party ticket.

Miss Kethley is governor of the Texas Girl State, an accomplished horseback rider and interested in sports and music.

Mr. and Mrs. Norwood Browder and son, Skipper, of Pecos were weekend guests in the home of Mr. and Mrs. Jack Browder.

New Ant Killer Very Potent

"There's a new ant killer on the market, which should be good news for the homemaker now, as this is the season when they are most likely to take over in the kitchen," V. A. Little, professor of entomology of Texas A. and M. College, says.

The new killer is called chlordane, and it is a more efficient killer than DDT for ants and roaches. Dr. Little says, and directions for its use must be followed carefully, as it is poisonous.

"Of course, the best way to get rid of ants," Dr. Little points out, "is to follow the trail back to the colony or nest and put the poison there. However, this isn't always easy to do, as sometimes the insects nest in the foundation, walls or other hard-to-reach places."

If it is possible to find the ant colony, pour a small amount of a two or three percent oil solution of the chlordane in the entrance. Then check the nests about a week later, and if necessary, repeat the treatment.

In spraying in the home, an ordinary house spray gun may be used, Dr. Little says. Sprayer attachments on electric sweepers work fine, too. The baseboards, door and window cases, around

built-in features and the drainboards should be wet almost to the running point with the spray. Give the cracks an extra dose. An oil solution of the same strength as that used for killing out ant colonies is recommended.

"Remember that chlordane is poisonous," Dr. Little warns. "Food, dishes, and cooking utensils should be taken out of the kitchen—or put where the spray won't reach them—until after the spray has settled. Follow the manufacturer's directions for its use, and it will be safe."

The chlordane works on outdoor ant colonies, too. For ants in the lawn, a dust of five per cent chlordane is good, while red ant colonies can be killed out with a teaspoonful of two or three per cent solution. One treatment is generally enough to kill the nest, Dr. Little says.

Mrs. J. M. Story of Denver City and Mrs. M. B. Sawyer spent last week visiting and reminiscing in the Sawyer home. The two ladies have been friends for many years.

Mr. and Mrs. Bobby Lewis of Buffalo have returned home after a two-week visit in the Clyde Lewis home.

Mr. and Mrs. Bob Packard fished at Phantom Lake near Sweetwater over the weekend.

Give Your Prewar Buick TODAY'S Fireball Zip and Power with a Completely Factory-Fresh Engine

No, there's no point in merely wishing you had all the peppy power of a brand-new 1948 Fireball engine under the bonnet of your trusty old Buick.

As if by magic, you cancel out the thousands of miles of driving you've done. Cross off the leaky piston rings, worn bearings, tired ignition system. Scratch the threat of a costly engine overhaul. And figure the extra worth of your car when you're ready to turn it in.

The job doesn't take long—from one to two days. The cost is OK, too—surprisingly low. It varies a bit from model to model, but it's always low enough to make this deal a prize bargain. We'll give you the exact figure if you'll drive your car in.

Don't put it off. Make up your mind to drive a 1948-powered car now. Come in and talk it over.

Not when you can dish yourself up a full portion of the same thrilling liveliness—in a matter of a day or so.

All you have to do is come in and see us. We can put a fresh-from-the-production-line 1948 Fireball engine into any Buick from 1937 models on. It's a completely new Buick engine—spick-and-span from head to pan—fully equipped with all the items listed in the panel.

—and new 1948 dependability—driving comfort—sheer fun

Hugh J. Gray of Tokio Died Last Thursday

Hugh John Gray, 9, resident of the Tokio community since 1936 died last Thursday in a local hospital after a short illness. Funeral services were conducted by Rev. Curtis Jackson, pastor of the First Baptist church of

Plains in the Brownfield First Baptist church. Burial was in the Spur cemetery beside his wife who preceded him in death. Farley Funeral home was in charge. Gray had formerly lived in Dickens county before moving to Terry county. He is survived by his step-

mother, Mrs. Mary Gray of Sadler; eight daughters, Mrs. M. E. Hickman and Mrs. R. R. Hickman of Ralls, Mrs. Knox Hinkle and Mrs. Oscar Dacker of Brownfield, Mrs. W. A. Carter of Davis Creek Calif., Mrs. T. T. Buttke of Sacramento, Calif., and Mrs. Charles Upton and Miss Nadine Gray of Tokio; two sons, John Gray of

Plains Lady Follows Husband In Death

Mrs. Arthur J. Davis, pioneer woman of Plains, a widow of less than two months, died at her home last Sunday. After funeral services Monday in the Baptist church with Rev. C. M. Ryan of the Methodist church officiating, burial was made in the Plains cemetery by Quincey, Calif., and Dan (Tom) Gray, of Plains. A third son, David Gray was killed in action in World War II.

Early Day Settler Visits Here

Elmer Ware, pioneer settler of West Terry, with his wife, visited here last week. He was accompanied by his brother in law, Millard Ellington of Bledsoe, who the Brownfield Funeral home. Survivors are two daughters, Mrs. L. O. Smith of Plains, and Mrs. Lynn Shoemaker of Puenta, California. A sister, Mrs. Nannie Beasley of Plains. Her husband, a prominent ranchman died there last June 20th.

visited his brother, F. M. Ellington of the Tokio vicinity. Elmer is a son of Mr. and Mrs. H. E. Ware who started and named the Tokio post office, first in their home there about 1910. He has a brother Ennis Ware, a city official at Seagraves. He has been

living in California and Arizona for the past 25 years. Elmer's father was also one of the first merchants in Gomez, with a Mr. Wolfe, under the firm name of Wolfe & Ware. That was before Terry county was organized.

Mrs. Aolton Webb honored her son, Ronnie, with a party on his seventh birthday Saturday at Coleman Park. Guests who attended were Linda Brown, Chas. Hodges, Johnny Chisholm, Don Harkins, Mickey Webb, Judy and David Bishop.

Mr. and Mrs. Ray Castleberry and children are on vacation in California.

Mr. and Mrs. J. H. Gober and boys attended the REA meeting at Tahoka on Tuesday of last week.

Mr. and Mrs. Laurance Renfro and girls visited in the M. G. Scroggin home at Ralls last Saturday night.

Mrs. Martha Strickland has returned home from a visit with relatives in New Mexico.

Afton Verner of Portales, N. M. visited his parents, Mr. and Mrs.

Unsolved Reaper Mystery

This 74-year-old Triumph reaper was found recently in a New York state barn in its original shipping crate. It had never been used. Efforts to learn why it was left uncrated for almost three-quarters of a century have so far uncovered no clues. This reaper shown above in comparison with a present day combine was exhibited at the Ford Tractor and Dearborn implement press demonstration held at Deer Lake Hills Farm, Dearborn, Michigan, by Dearborn Motors Corp., Detroit.

Texans In Washington

By Tex Easley

Washington, Aug. 18 (AP) A Texan is one of the key figures in the congressional investigation of alleged Communist spy rings.

Robert E. Stripling, 35, of San Augustine, is chief investigator of the house committee on Un-American Activities.

He came here in 1931 as an aide to then Rep. Martin Dies, first chairman of the committee which became known as the Dies committee.

"It is the duty of 'Strip,' as he is popularly known on Capitol Hill to gather information for the committee and then to guide the questioning of witnesses.

Of course, the committee chairman presides over the hearing and committee members take turns questioning witnesses, but Stripling is responsible for bringing out all possible information for the guidance of the committee.

The dapper, black-haired and personable Texan has been kept on by the committee despite the fact that it passed to Republican control when that party won a majority of the house in 1946 elections.

"Strip" is the father of an 8 year old daughter, Bunny. His father is former San Augustine County Judge R. N. Stripling. The younger Stripling attended Texas A. and M. and the University of Texas he served for 18 months in the army during the war.

A letter reached Washington addressed simply to "The Congress of the United States, Washington, T. E. Verner, last week. Afton is moving to Carlsbad, N. M., where he will teach Distributive Education in the school there.

Miss Kathryn Verner was married August 5th to Billy Earle Smith of Mercedes, Texas. They were married at Kingsland, Ga. Billy Earle is chief mate on the City Service Oil Tanker, "Royal Oak."

D. C."

There are 435 members of the House and 96 senators. The sealed letter was delivered to one of them "Who" Rep. Olin Teague of College Station. How come? because the postmark was that of a town in his district, Wortham. That's the way the postoffice here handles such mail.

The letter was signed by Mrs. Mary Tisdale, contemplating going into business for herself, she wrote:

"I would like to know where I could purchase a broom threader. I guess that is what they are called anyway a machine that you make household brooms with."

She asked also what kind of soil is best for growing broom corn, and information about broom markets in Texas. Rep. Teague attempted to provide the answers.

Lacey Sharp of Waco, a congressional secretary, and your correspondent recently were walking from the House to the Senate side of the Capitol in a "short cut" route through a sub-basement corridor.

Far down beneath the capitol dome in a passageway seldom frequented by tourists, we encountered an aged, grey-haired and nicely dressed Negro woman. She said she was lost and wondered how to find the Senate gallery. We suggested she follow us.

Reaching the Senate chamber, she pulled out an admission card and commented in a quiet southern voice that she was "an old mammy" visiting the capitol for the first time. She said she was from Dallas, Texas. We told her we, too, were from Texas and she beamed broadly and said:

"My, my. It sure 'nuf is a small world after all."

She said her name was Ola Calaham, and that she was here attending a church mission conference. Up in the spectators gallery she spent much time reading scripture while Southern senators filibustered against Civil Rights Legislation.

11 REASONS WHY YOU SHOULD RE-ELECT

STERLING PARRISH

FOR A SECOND TERM

As Your State Senator

1. STERLING PARRISH is the only experienced candidate in the race. STERLING PARRISH is the only candidate in the SENATE race who has a record—and his record is a GOOD RECORD.
2. STERLING PARRISH is a FARMER and is in the INSURANCE business. He knows the problems of the farmer and of the small business man. His record shows him to be a FIGHTING REPRESENTATIVE of the FARMER and the SMALL BUSINESS MAN, and for his whole district as well.
3. Stress your vote against liquor by voting against permit to vote liquor in by precincts.
4. Fought legalized gambling, including race horse gambling in Texas.
5. STERLING PARRISH, as YOUR SENATOR, fought for higher wages for the TEACHERS. STERLING PARRISH helped the teachers get their raise. He will fight for them to get another because he KNOWS teachers are still underpaid. STERLING PARRISH is FOR the \$2,400 minimum Teachers salary bill. STERLING PARRISH will WORK for that bill and he will VOTE for that bill. STERLING PARRISH has been co-author of several BILLS to aid the TEACHERS of Texas and is an active friend of education. ASK ANY SCHOOL TEACHER about STERLING PARRISH.
6. STERLING PARRISH not only is FOR more FARM-TO-MARKET ROADS. STERLING PARRISH has done something to get more of them. Upon re-election STERLING PARRISH will CONTINUE to fight for more and more FARM-TO-MARKET ROADS.
7. STERLING PARRISH introduced the LEGISLATIVE RE-DISTRICTING BILL aimed at giving West Texas the representation at Austin which it deserves. He will CONTINUE to WORK and FIGHT for West Texas' interests on the floor of the Texas Senate so long as he remains your state Senator.
8. STERLING PARRISH knows the Austin scene and the people who run the various state departments and bureaus. He has interested those people in West Texas. He shall continue to do so—just as he interested the State Highway commission to the extent that the State Highway Commission held, in Lubbock, the first meeting ever held by that commission in West Texas.
9. STERLING PARRISH has a 100 percent record in the matter of VETERANS AFFAIRS. He is, has supported and will CONTINUE to support any state effort designed to benefit the VETERANS of Texas.
10. STERLING PARRISH's father, the late Senator Pink Parrish, was the leader in the movement which, some years ago, secured for Texas FARMERS the 4-cent gasoline tax refund. STERLING PARRISH will continue to give that same sort of service so long as he is in the Senate.
11. STERLING PARRISH can not only SAY he is FOR TEXAS TECH. He can SHOW results of his support. In 1943, BEFORE STERLING PARRISH was in the Senate, Tech's appropriation's totaled \$1,435,348.-00. In 1945, AFTER STERLING PARRISH was elected to the Senate, Tech's appropriations totaled \$1,804,344. In 1947, with STERLING PARRISH to FIGHT FOR TECH in the Senate, Tech's appropriation's totaled \$3,216,996!

H. J. R. No. 13

HOUSE JOINT RESOLUTION amending Section 15 of Article XVI of the Constitution of the State of Texas, by adding thereto a provision that the husband and wife from time to time may in writing partition between themselves in severalty or into undivided interests all or any part of their community property, whereupon without prejudice to the right of existing creditors or interest set aside to each spouse shall be and constitute a part of the separate property of each spouse; further providing that such Constitutional Amendment if adopted shall be self-operative and self-executing; providing for the submission of this Amendment to the voters of this State; prescribing the form of ballot; providing for the proclamation and publication thereof.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 15 of Article XVI of the Constitution of the State of Texas be amended so as to read as follows:

"Section 15. All property, both real and personal of the wife, owned or claimed by her before marriage, and that acquired afterward by gift, devise or descent, shall be the separate property of the wife; and laws shall be passed more clearly defining the rights of the wife, in relation as well to her separate property as that held in common with her husband; provided that husband and wife, without prejudice to pre-existing creditors, may from time to time by written instrument as if the wife were a feme sole partition between themselves in severalty or into equal undivided interests all or any part of their existing community property, or exchange between themselves the community interest of one spouse in any property for the community interest of the other spouse in other community property, whereupon the portion or interest set aside to each spouse shall be and constitute a part of the separate property of such spouse.

This Amendment is self-operative, but laws may be passed prescribing requirements as to the form and manner of execution of such instruments, and providing for their recordation, and for such other reasonable requirements not inconsistent herewith and anticipatory hereof, such Act shall not be invalid by reason of its anticipatory character and shall take effect just as though this Constitutional Amendment was in effect when the Act was passed.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State of Texas at an election to be held throughout the State on the second day of November, 1948, at which election all voters favoring said proposed Amendment shall write on the ballot the words:

"FOR the Amendment to the Constitution of the State of Texas providing that husband and wife from time to time may in writing partition between themselves in severalty or into undivided interests community property existing at the time of partition so as to convert same into separate property of the respective spouses without prejudice to the rights of pre-existing creditors."

Those opposing said proposed Amendment shall write or have printed on their ballots the words:

"AGAINST the Amendment to the Constitution of the State of Texas providing that husband and wife from time to time may in writing partition between themselves in severalty or into undivided interests community property existing at the time of partition so as to convert same into separate property of the respective spouses without prejudice to the rights of pre-existing creditors."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have same published as required by the Constitution for amendments thereto.

—GAL—

S. J. R. No. 2

A JOINT RESOLUTION proposing an amendment to Section 23 of Article III of the Constitution of the State of Texas, so as to provide for a Board for apportioning the state into senatorial districts and representative districts in the event the Legislature fails to make such apportionment; and providing for the issuance of the necessary proclamation by the Governor; and making an appropriation.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 23 of Article III of the Constitution of the State of Texas be amended so as hereafter to read as follows:

"Section 23. The Legislature shall, at its first regular session after the publication of each United States decennial census, apportion the state into senatorial and representative districts, agreeable to the provisions of Sections 25, 26, and 27 of this Article. In the event the Legislature shall at any such first regular session following the publication of a United States decennial census, fail to make such apportionment, same shall be done by the Legislative Redistricting Board of Texas, which is hereby created, and shall be composed of five (5) members, as follows: The Lieutenant Governor, the Speaker of the House of Representatives, the Attorney General, the Comptroller of Public Accounts and the Commissioner of the General Land Office, a majority of whom shall constitute a quorum. Said Board shall assemble in the City of Austin within ninety (90) days after the final adjournment of such regular session. The Board shall, within sixty (60) days after assembling, apportion the state into senatorial and representative districts, or into senatorial or representative districts, as the failure of action of such Legislature may make necessary. Such apportionment shall be in writing and signed by three (3) or more of the members of the Board duly acknowledged as the act and deed of such Board, and, when so executed and filed with the Secretary of State, shall have force and effect of law. Such apportionment shall become effective at the next succeeding statewide general election. The Supreme Court of Texas shall have jurisdiction to compel such Commission to perform its duties in accordance with the provisions of this section by writ of mandamus or other extraordinary writ conformable to the usages of law. The Legislature shall provide necessary funds for clerical and technical aid and for other expenses incidental to the work of the Board, and the Lieutenant Governor and the Speaker of the House of Representatives shall be entitled to receive per diem and travel expense during the Board's session in the same manner and amount as they would receive while attending a special session of the Legislature. This amendment shall become effective January 1, 1951."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held throughout the state on the first Tuesday after the first Monday in November, A. D. 1948, at which all ballots shall have printed thereon:

"For the amendment to Section 23, Article III of the Constitution of Texas providing for a Board for apportionment of the state into senatorial districts and representative districts in the event the Legislature fails to make such apportionment."

Each voter at such election shall mark out one of such clauses on the ballot, being the clause expressing his vote on the proposed amendment.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of this state.

Sec. 4. The sum of Ten Thousand (\$10,000.00) Dollars or so much thereof as may be necessary, is hereby appropriated out of any funds in the treasury of this state not otherwise appropriated, to pay the expenses of such publication and election.

A POINT TO REMEMBER!

Veedol Tractor Oil is made from the world's finest, costliest crude oil—100% Bradford, Pennsylvania. Veedol is famous for superb quality. Its super-tough "film of protection" fights heat and friction... retains its natural "oiliness" and lubrication value for a full 150 hours between changes in any gasoline powered tractor... reduces oil consumption and cuts operating costs on all tractors. Protect your tractor engine with a naturally tougher, more effective lubricant... Ask for 150-Hour Veedol Tractor Oil, today!

A BETTER TRACTOR OIL BY THE CLOCK

WARREN & RICKETS

VOTE FOR STERLING PARRISH FOR A SECOND TERM --- HE GOT THE JOB DONE DURING HIS FIRST TERM... HE WILL DO A BETTER JOB DURING HIS SECOND TERM.

(Political Advertisement Paid For by Terry County Friends of Parrish)

LAYNE IS A FATHER—Bobby Layne, University of Texas backfield star, who will play professional football with the Chicago Bears next season, visits his wife and seven-pup son, born in a Lubbock hospital recently. (AP Photo).

Mr. and Mrs. W. C. Walding went on a fishing trip to Hamlin last weekend. Made a nice catch, too.

Mr. and Mrs. A. F. Walker of Dallas are visiting their parents, Mrs. Lee Walker and Mr. and Mrs. Houston Hamilton.

Mrs. Gene Coleman Helms of Lubbock is a guest this week in the home of her mother, Mrs. Clyde Coleman.

J. T. Auburg and daughter, Mrs. Bob Brown, are visiting his son, E. L. Auburg, in Stockton, Calif. They plan to return this weekend.

WHAT BENEFITS THE FARMER WILL BENEFIT EVERYONE is the firm belief of Senator Sterling J. Parrish of Lubbock, shown above (right) when he recently visited his farm in Crosby County. Senator Parrish, who is asking to be re-elected for a second term solely on the basis of his qualifications and outstanding first-term record, was born on a farm near the one he now owns, where as a youth and the eldest of seven children, he fought against poverty, hardships and adversity.

During his first term in the legislature, Senator Parrish was outspoken for the rights of people in all walks of life, often expressed his opposition to pressure groups, and strongly advocated that the welfare of the rural people must be promoted if our country as a whole is to prosper.

Senator Parrish stated this week that efforts are being made to have a bill introduced at the next session of the legislature that would take the gasoline tax refund from the farmers. He said he will fight to retain the refund and pointed out that it was his late father, Senator Pink Parrish, who was instrumental in providing this benefit.

The Lubbock legislator was author of the bill during the last legislature that would have taken the tax off farmer's tractor gasoline at the time of purchase. The measure passed the Senate but was defeated in the House. If re-elected, he said he will introduce the same bill next year.

Senator Parrish also helped pass the bill in the Senate last year that would divert 30 million dollars from the general revenue fund for the purpose of building hundreds of miles of blacktop roads. He also was a strong supporter of the measure that provided for a constitutional amendment to be submitted to the voters of Texas this November which, if approved by popular vote, will provide several million dollars for constructing and maintaining all-weather farm roads without additional taxes.

The Lubbock legislator is widely recognized as the leading lawmaker who opposes those who seek to control the underground water of Texas. He said this week that he will not support any water legislation except such as may be approved by the farmers of this area acting through the organization known as the High Plains Water Conservation and Use Association.

Senator Parrish believes that public officials should be free and independent of the influence of groups, cliques and clans, and that he should have no pets or private interests to serve. If re-elected to a second term, he said he will continue to be accountable only to the people in the 30th Senatorial District.

SOME time back we were discussing the affairs of baseball's state with Connie Mack. The part that luck plays came up for some chatter.

"In my opinion luck plays a small part, a very small part," Mack said, "with 154 games to play. There is only one spot that luck can figure rather heavily.

This could be in some injury or illness striking at a key player, one who can't be replaced. This is about the worst luck you can get," he said.

So the Braves can be charged with the worst luck of the season in losing Eddie Stanky for practically the rest of the season. For despite what Branch Rickey and Leo Durocher thought about it, Stanky has been the most valuable, the most useful second baseman in the National league.

His absence from Brooklyn has accounted in large part for most of the Dodgers' doldrums earlier in the race. It has accounted for a loss of 100,000 in attendance, due to so many games lost that Stanky's presence could have won.

When the Stanky blow fell, Billy Southworth had just organized his cast into the most formidable team in the league. It had good catching and certainly one of the soundest pitching staffs in Johnny Sam, Warren Spahn, Bill Voiselle and Vernon Bickford.

Braves Had Hitters The Braves had a good hitting outfield on hand. But above all in Stanky and Alvin Dark, the Braves had the strongest second-base combination in the circuit. And it might be added that Stanky was largely responsible for young Dark's fine play and his marked improvement.

On the day Stanky was hurt, both he and Dark were hitting .320. Both were among the first five among the league's best hitters. As a result, they had no superior pair to face. Just how Stanky's substitute will work out has yet to be shown over a long stretch.

This could easily be the wrecking bad luck that Mack was talking about. The Braves may win the pennant without Stanky. With the pepper box around they were the best team in their league, the team one had to pick as the probable pennant winner. You know what would happen to the Cardinals if they lost Stan Musial or where the Indians would be without Lou Boudreau.

Athletics Have Pitchers The fact that a majority of the experts, prophets, and soothsayers still are waiting for the Athletics to crack hasn't annoyed Mack too greatly. Still he hasn't liked it too much. The records show that he has the soundest and most consistent pitching staff in the league.

"And the facts show," Mack tells you, "that we have just about as good a ball club as the Yankees, Indians or Red Sox in other departments. It isn't as fast as it might be but it can hit and field and I certainly know of no other club that has more spirit. No club has been up around the front for three playing months can be considered any morning glory. If Phil Marchildon were in his 1947 shape, we'd have a nice lead already set aside with better prospects on ahead."

Whatever happens, 1948 can be set down as one of Mack's bigger years. The veteran won his first American league pennant 46 years ago in 1902. He won again in 1903, 1910, 1911, 1913, 1914, 1929, 1930 and 1931. So it has been a matter of 17 years since the tall, thin old timer has won a flag and he feels that he could make good use of his 10th pennant before retiring from the busy scene.

He had no idea this spring that he could do as well as he has to date. I feel pretty sure that back in early April, Mack gladly would have settled for a spot at the bottom of the first division.

Favorites Fade Out At that time about all you could hear were the Yankees and the Red Sox. The Tigers and the Indians drew the next rounds of applause. What everyone overlooked was the value of six or seven good consistent pitchers in a season where good pitching was extremely scarce. When such ball players as Eddie Joost and Hank Majeska began acting like stars, the Athletics began showing dust to the Yankees and Red Sox.

They gave pretty fair proof of their intentions by opening the season in Boston and walloping the astonished Red Sox three times running. Shortly after this they moved up with the Cleveland Indians and began feeding Athletic dust to the rest of the league.

Mr. and Mrs. Jake Geron attended the funeral of his grandmother last Thursday in Fort Worth.

Mr. and Mrs. Walter Chiddix of Plainview was a Sunday guest in the homes of Mrs. Chiddix's sisters, Mrs. Roy Sparkman and Mrs. D. W. Allmon.

Sterling Parrish And The Senate

It is seldom that the Plainsman takes sides in a race of a local nature for office. At no time have we taken sides in a county race, but now we feel that we should speak our mind in the race for State Senate.

In this race is Kilmer Corbin of Lamesa, and Sterling Parrish of Lubbock.

While holding nought against the Lamesa candidate, it is our opinion that Sterling Parrish should be returned to the office.

You want to know why? Sterling Parrish is seeking a second term. It has ever been the tradition of the Democratic Party to award a second term to a worthy candidate.

We think that Parrish is worthy.

We do know that during his tenure of office he has not failed in any instance to raise his voice in the defense of right. He is one of the Senators who has fought whiskey legislation to a standstill. If you doubt this look up his record. He is also one of the senators who fought and outlawed horse race betting in Texas; he is among the number who sponsored and supported bills for higher salaries for our school teachers.

As a matter of fact, in almost every instance, his stand has been the stand of the people.

With all due respect to his opponent, we believe that Parrish should be returned to the Senate.—Ropes Plainsman.

Mrs. John Nance Garner passed at her modest home near Uvalde, Tuesday while sleeping. Mrs. Garner was often referred to by her husband, Cactus Jack, as his "right hand man." She stood by him as a county office holder, state representative, as a congressman and speaker of the House of Representatives, while he filled the office of Vice-President of the United States for two terms.

BUDGET NOTICE

Notice is hereby given that on August the 23rd, 1948 at 10 o'clock A. M. a public hearing will be held upon the Terry County Budget for the year 1949, by the Commissioners Court of Terry County, Texas.

Any tax payer of Terry County, Texas, has the right to be present and participate in said hearing, and at the conclusion of said hearing the budget will be acted upon by the Commissioners Court.

Given under my hand and seal of office at Brownfield, Texas, this 16th day August A. D. 1948.

H. R. WINSTON
County Judge, Terry County, Texas.

(seal) 4c

Gets \$500 Per Acre For Squash Crop

N. R. Butcher has been fooling around with more or less vegetables for the past 5 or 20 years. We remember that we used to go out there and get beans, peas, melons, etc., and he usually had 'em. Recently N. R. has put in an irrigation system over these five miles south of town, and now he is really going to town. He doesn't have to cock his eyes to the skies so often to see if it looks like rain. He has his own rain maker.

While he has some nice cotton that will, he thinks go around a bale per acre; some good corn of which he has been helping to keep the town supplied with roasting ears; also a nice maize crop, he goes in pretty heavy on the vegetable end of the deal. This consists principally of squash, beans, peas, okra, bell peppers, tomatoes, and perhaps other vegetables.

As stated above, Mr. Butcher is finding a ready market for his stuff right here in town, and the things he brings in is really fresh-

Mrs. A. J. Stricklin and grandson, Jack Taylor Stricklin left Tuesday for Temple, where Mrs. S. will have a checkup at Scott & White hospital.

Mrs. Riley Henson and Miss Janie McCaughey of Seymour were weekend guests in the Ray Hailey home.

Mr. and Mrs. Henry Chisholm are visiting in Burnett and San Antonio this week.

er than if brought in by truck some 500 miles distance, to become dried out and tough in transit.

Mr. Butcher has kept a close tab on his squash crop. He had two acres in squash from which he has sold \$1,000 worth of them to stores here in town. Of course when you run an irrigation farm, you can't fool around about the matter. It requires much work, and this work must be done just at the right time. It is no deal for a lazy guy.

Which reminds us that a lot of good old Terry county melons are now coming on the market. None better, few the equal.

RIVER CROSSING—A part of the Magnolia Pipe Line Company's 650-mile, 20-inch crude oil line, extending from Corsicana, Texas to Patoka, Ill., may be seen at the Mississippi river crossing near Chester, Ill. This is the largest big-inch crude oil pipe line constructed since the war and will pump 100,000 barrels of oil a day. In the river can be seen the derrick, barge, ramp barge and pontoon boats that took part in the river crossing operations. (AP Photo).

Our County Right Or Wrong

BY GEORGE PECK

Did you listen to the proceedings of that alleged Progressive Convention? Unfortunately, I did and my stomach still does flip-flops as I recall the nauseating things that were said there. It almost passes belief that this nation has so many crack-pots and hate-mongers spreading their venom abroad in the land. The crowning irony is that his conglomeration of liberty-haters held its first convention, of all places, in Philadelphia—the Cradle of Liberty, and the City of Brotherly Love. Practically every minority group was represented there—all had their spokesmen. But not one word was said by anyone on behalf of the nations most important group—the one that includes me. I mean the group of Americans who have worked hard, saved some money and invested it in American enterprise. All the Wallaceites talked about was how to grab off the earnings and savings of this group and to do it in jig time.

Any lingering doubt that Henry Wallace's Progressive Party is Communist-inspired and dominated vanished into thin air in Philadelphia on Sunday, July 25. Its platform expresses strong criticism of America's foreign policy, and particularly that part of it which applies to Russia. No reasonable person can object to that. It is the God-given privilege of any American to express his opinion, and the Progressive Party is well within its rights in voicing its disapproval.

The point is that when one of

the Vermont delegates proposed an amendment for insertion in the platform dealing with Russian-American relations, it was overwhelmingly hollered down by voice vote. This amendment read, "Although we are critical of the foreign policy of the United States, it is not our intention to give blanket endorsement to the foreign policy of any nation."

It is incomprehensible that any group of Americans could find the slightest objection to this, which simply would have put the Progressive Party on record to the effect that its members do not hold the opinion that the United States is out of step in the world parade of nations.

In failing to adopt this amendment, by almost unanimously rejecting it, the Progressive Party showed its true color—RED.

The Killer of Little Pigs and the Singing Cowboy surely must have heard of Stephen Decatur. 'Twas he who, in proposing a toast at Norfolk, Virginia, in April 1816, said: "Our country! In her intercourse with foreign nations may she always be in the right, but our country right or wrong."

And that sentiment so aptly expressed by the naval hero of the War of 1812 has ever been the shibboleth of patriotic Americans. Our State Department at times may have bungled its job. Our country may be wrong, but it is our country. Apparently this does not apply to the Wallaceites and the Marcantonios—for them it is Russia, right or wrong.

It is true that there have been times when our foreign policy has not been something about which to ecstatically rhapsodize. But you won't catch any real American admitting that our foreign policy is not the best of any nation extant.

Eight Constitutional Amendments To Be Voted On Nov. 2

Since the Herald is carrying only three of the eight constitutional amendments to be voted on Nov. 2, we are herewith publishing a brief explanation of each, so the voter will be better qualified to cast his vote come the election in November.

Especially would the Herald ask that HJR No. 2 be studied. If this carries, it will assure west Texans a full representative quota every ten years following the Federal Census. Texas has not been re-districted since the 1920 Census, and our districts contain three times as many people as many districts in east Texas.

H. J. R. 7: In case the candidate for lieutenant governor should die between the time of election and the time of canvassing the votes the person having the next highest number of votes for the office shall be the official.

H. J. R. No. 35: Allow an exemption of \$3,000 on all homesteads for all taxes in the state. To become effective January 1, 1951.

H. J. R. No. 24: Provides that after January 1, 1951 no state ad valorem tax shall be levied upon any property within the state for general revenue purposes.

H. J. R. No. 30: Enables counties to provide insurance to all employees where it is deemed necessary, at the expense of the county.

H. J. R. No. 39: Would retire on pay the judges and commissioners of the appellate courts and judges of the district and criminal courts on account of length of service, age or disability.

H. J. R. No. 2: If the legislature fails to redistrict the state every ten years as provided by law, then it may be redistricted by newly created "Redistricting Board" composed of the Lieut. Governor, Speaker of the House, Attorney General, Comptroller of Public Accounts, and Commissioner of General Land Office.

H. J. R. No. 13: Provides that a woman retains title to all property she had before her marriage; and that she and husband may from time to time divide their community property making the property in such division which becomes the separate property of

This would seem to indicate that there were no real Americans present at the Progressive Party Convention. If there were, they did not speak up.

Vive!, the Spirit of Decatur—OUR COUNTRY, RIGHT OR WRONG.

Local Man Gets Feed Accuracy Certificate

A certificate of mixing accuracy for 1948 has been awarded to Sonny's Feed & Supply by the Ralston Purina Company, St. Louis, Mo., for the accuracy and uniformity of the custom grinding and mixing service of the local mill.

The efficient feeding of livestock and poultry depends largely on the proper mixing of ingredients, and the award of this Certificate was based on laboratory analysis of samples taken from regular mixes prepared for customers of Sonny's Feed & Supply. These samples may not vary more than one-half of one percent in order to qualify for the certificate.

Sonny's Feed & Supply will post the certificate in a prominent place as evidence of their ability to service farmers and feeders with custom mixing that will help achieve maximum production.

Mr. and Mrs. Bill Williams attended a reunion of the Williams family in Palestine recently.

Mr. and Mrs. D. C. Wise of Brownfield left Saturday morning for Joplin, Mo., for medical treatment for Mrs. Wise.

each.

H. J. R. No. 36: In all counties having a population of 20,000, as per the preceding census, the district and county officials shall be paid a stated salary.

Shows Sample Of Kentucky Wonder Beans

Rev. J. N. Hester is a superannuate Methodist minister. While he was yet active in the ministry, he was always pottering around the place trying to grow things, even if in poor health most of the time. Since his retirement he has been even more aggressive in growing vegetables for his table.

After his retirement here on the Brownfield circuit, he had to give up the parsonage, but moved nearer the edge of the city and built a smart little cottage, where he and Mrs. Hester will spend the balance of their days. It gives both great pleasure in seeing the advancement made from year to year in their trees and shrubbery as well as vegetables and flowers about the place.

Last week this old friend of the writer was in and showed us a sample of his Kentucky Wonder beans they have grown this year. They were large, well filled and looked as tender and juicy as you make them. Off six short rows they have canned 52 quarts of these beans, getting around a quart to every three feet.

Another thing the parson brought to light. Says he, "don't pole beans here, especially in hot dry weather. Let them mat up on the ground, and they will keep the ground moist, and you'll have beans just as well as if polled."

Airmen To Explain Cadet Program

The United States Air Force Aviation Cadet Program, designed to provide the nation with pilots to man the new high-speed fighters, bombers and other air craft in our expanding air arm, will be described by USAF officers at a meeting to be held today and tomorrow at 203 Federal Building, Lubbock Texas.

These officers, members of a special Air Force procurement team, will outline at the meeting the educational and career opportunities available through service with the new United States Air Force.

The Air Force team will be in Lubbock today and tomorrow, 20 and 21, August only and appointments can be made by M-Sgt. A. W. Carnes in charge of the local recruiting station.

M-Sgt. Carnes explained that besides the cadet program there is another to procure ground officers for the Air Force and the requirements are not as stiff as those for a cadet

Thriftily-minded cooks are turning to poultry for main dishes instead of higher-priced meats and they are especially proud of Roast Duck stuffed with Orange Sweet Potato Stuffing. Combine 3 cups hot mashed sweet potatoes with 1 tsp. salt, 1 cup lightly packed bread crumbs (corn bread if possible), 1 cup peeled diced oranges, 1 tsp. grated orange rind, 3 tsp. melted fat. This is enough stuffing for a 4-5 lb. duck. Lightly stuff neck, fold skin over back, fasten with skewers. Body cavity should be lightly stuffed, closed with skewers, then laced with string or thread. Fold wing tips under and tie ends of legs together. After placing on back in shallow roasting pan, let excess fat escape by pricking skin across back, around legs, wings and tail. Roast uncovered in slow gas oven held at 325° for 2 hrs. Serves 4-6.

Housewives who want leisure, yet must serve tasty meals on time, have learned to plan entire oven meals cooked by clock control. All they do is set the clock which automatically lights the oven burner, then automatically turns off the gas when the meal is done. The clock can be set hours ahead of time so that the cook can walk out of the kitchen and let this mechanical servant do the cooking for her.

The removable drip trays underneath the top burners of your gas range are as easily cleaned as a dish. Just wipe with warm soapy water, dry thoroughly on bottom and top before replacing.

If two tbsps. starch are added to the last rinse water for tea towels, there'll be no lint left on glassware or dishes to mar their gleam.

Mrs. J. E. Rivers and daughter, Ann, are visiting in Rotan, Texas this week. Mr. and Mrs. Martin Line and son, Kenneth, are in Dallas this week.

Big Cities Get Santa Fe Publicity

We had a copy of the Santa Fe Magazine last week. It was replete with many illustrations, and the management of the railroad stated that many of these magazines had been sent east of the Santa Fe System lines for publicity purposes.

Of course the big cities got the lion's share of the publicity, Houston, Dallas, San Antonio and Fort Worth. About the nearest they got to the South Plains, was Amarillo. While tall building may look good to a lot of people, a lot of food and clothing in the raw state might be better.

For instance, they could have shown some scenes on the South Plains, dominated by the Santa Fe system, as the biggest cotton producing area in Texas, and the largest maize production section in the world. And combined with the Panhandle the largest wheat producing area in the state of Texas.

It might have given a bit about the Permian oil basin which has the largest known oil reserve. But the magazine was pretty and interesting.

Mrs. Charles Didway and her three children are visiting her mother in Clarendon, Texas for two weeks.

Mr. and Mrs. C. G. Holden and little granddaughter of Coolidge, Ariz., and Mr. and Mrs. Claude Wold and Mrs. Ray Scott Wolf of Casa Grande, Ariz., were Monday guests in the A. J. Stricklin, sr. home. They will visit other relatives in Coahoma. Mr. Holden is Mrs. Stricklin's brother.

We Have Strange Bedfellows In Texas

While Texas is strong as horse-radish against liquor in most parts of the state, the Prohibition Party, a weak sister, always has a quota of candidates in the general election. Just the same, their vote is generally negligible even among the ministers and strong dry church members.

They met in convention last week and put out a full slate of candidates for state offices. And, they had just a bit of uncomplimentary things to say about Haree Wallace's "third" party. In fact the Pro's state that Wallace's party is either the 7th or 8th party, they are not sure which.

In the meantime the GOP got going in Waco, and despite that Bro. Creager supported Taft and lost, he controlled the convention. They, too, named a full slate of candidates. But they left the office of US Senator sorter open for Pappy Lee (Pass the Biscuits) O'Daniel, now serving a full term as a Democrat, and junior Texas Senator.

Well, so far as we are concerned they are welcome to Pappy. However, while not voting much of the time with the Democrats, neither has very many of the Southern Senators. They have voted on many issues with the Republican party.

Virgil Crawford and family are visiting relatives at Floydada and vacationing this week.

TVA Target of Congress

TENNESSEE VALLEY authority, celebrating its 15th anniversary this month as the successful model for public power development along with its other major accomplishments of flood control, navigation and soil conservation, is facing for the first time a fight for its very life at the hands of a hostile congress.

Throughout the 15 years of its existence, while TVA has had many powerful enemies in congress such as Senator McKellar of Tennessee, it always has won its battles in a friendly Democratic congress. The present congress, however, has definitely shown its hostility toward TVA and its friendliness for the private power lobby in numerous ways and the senate bill now before that body is being viewed with favor by the senate public works committee.

The measure would cut the heart out of the TVA organic law by eliminating its autonomous power, placing it on the same basis as any other governmental agency and forcing it to come before congress for direct appropriations. This would eliminate the so-called home rule feature of TVA and make of it just another governmental agency with central authority here in Washington.

The private power lobby has done an about-face in its method of opposition to TVA. Heretofore the private power lobbyists have contended that the whole idea of TVA was socialistic and wrong, that the entire conception of regional authorities was contrary to the American way of life. Now, however, they readily concede the beneficial job TVA has done with flood control, soil conservation, soil erosion and the manufacture of fertilizer. They even concede the advantages derived from hydro-electric power as a by-product of flood control.

But they point out that when TVA goes in for steam generating plants to increase its electrical production, it is in the steam generating business, an invasion of private enterprise.

The cry is for more power from TVA. States in the TVA region are advertising for more industry and getting it because of cheap power. The President has asked TVA to increase its electrical output for the national defense, and so its board of directors has asked for an appropriation to build a

new steam generating plant and the private utility lobbyists are flocking here to stop it.

This congress has used the power of appropriations before to cripple or kill projects previously authorized by congress. It has been a ruse frequently employed by chairman Taber of the house appropriations committee. And the utility lobbyists, not overlooking that fact, are counting on it to defeat the appropriation for the new steam generating plant proposed at New Johnsonville, Tenn. If this congress slashes the heart out of the TVA law and cripples its operations through withholding appropriations, then TVA is virtually dead.

Treasury's security loan drive for savings bonds has a two-fold aim: To draw off purchasing power and to relieve the up-pressure on prices. Then again, many people who made regular bond purchases during the war have gotten out of the thrift habit, so treasury has brought back the payroll savings plan to make systematic bond purchases easier.

Joe Martin's Coup

Canny Joe Martin, speaker of the house, took the play away from the White House when he argued John Lewis into accepting Sen. Styles Bridges (Rep., N. H.) as a third member of his pension board and ended the coal strike. And the speaker is taking bows, thank you. This column reminded you months ago not to sell Joe Martin short as a presidential candidate.

But with speaker Martin getting the applause, it was the administration's move to cite Lewis for contempt that really made him move. For Lewis actually got less for his miners out of Senator Bridges on the pension plan than was offered by Thomas E. Murray, the neutral member of the board who resigned. He cost his miners four weeks' work at \$75 a week, a total of 100 million dollars; he put them in debt to company stores for six months; he denuded the nation's coal stockpiles, and he made thousands of other workers jobless.

Food Personnel Shift

Latest information is that N. E. Dodd, undersecretary of agriculture, likely will become director general of the food and agricultural organization of the United Nations, succeeding Sir John Orr of England. This would place Charles F. Branham, assistant secretary of agriculture, in line to succeed Secy. Clinton Anderson when he steps out to run for senator from New Mexico in the election this year. His Republican opponent will be Patrick J. Hurley.

Mr. and Mrs. Bill Reich of Lawton, Okla., are the parents of a baby girl born Sunday, August 15, weighing 6 and one-half lbs. Mrs. Reich is the former Sugar Hamilton. Mrs. Clemmie Hamilton left Wednesday for Lawton where she will spend several days with her daughter and granddaughter.

Anti-Communist League Formed At Borger

BORGER, Aug. 12 (AP)—An anti-communist league "for the purpose of combating any and all foreignisms and ideologies" has been organized here with the signing of charter members.

"This group is for anyone who is 100 per cent American," said W. A. Dickerman, organizer of Chapter 1, Anti-Communist League, Hutchinson county.

"We are for labor unions, civic organizations and church organizations. But we are opposed to anyone, through ignorance or other reasons, is against America."

"We oppose communism, or anyone whom the communists might prey upon and dupe into their beliefs—which is based on riot and revolution."

"We want to cooperate with all law enforcement agencies. Any action which we take will be through the regularly provided law-enforcement agencies—The F. B. I., the local sheriff's office, or the police."

"We are not seeking large numbers. We are interested in growing slowly and being certain that each of our members is

Fun In Big D

Gloria Weston, Dallas, joins her townspeople in inviting fellow Texans to come to Big D for week-end vacations this summer. A civic committee, called "Dallas Invites You" and headed by Mayor Jimmie Temple as honorary chairman, has set up headquarters in the Chamber of Commerce building to help out-of-town visitors obtain hotel reservations and plan their itinerary of sight-seeing, theatres, sports, night clubs and other recreation. The committee's service even extends to finding a baby sitter to stay with the children of couples wanting to step out on the town at night.

a firm believer in the American way of life and principles set forth in our charter."

The charter is made up of 28 resolutions setting forth conditions of membership and rules of organization.

R. S. Wheeler is president of the group. E. A. Wheeler vice president, and Max Green, secretary and treasurer. The charter declares that the organization

Speed up Baling with the New OLIVER "88" and Automatic-Hydraulic Thresher

Here's a great time-saving combination!

The remarkable direct drive power take-off of the big new 3-4 plow Oliver "88" tractor is one of the greatest boons to baling. To "ease" the baler's load or clear the machine, just step on the clutch of your "88"—the Oliver power take-off keeps on running! Let out the clutch and you're on your way again. No time wasted by declutching, gear shifting, and redeclutching!

Come in and check the high-tonnage features of the Oliver-Ann Arbor Automatic-Hydraulic Thresher Pick-up Baler, too. Neat, firm, sliced bales that come apart in good-sized sections are produced.

You can get almost any combination of ground speed and draw-bar pull you want. With its 6-forward-speed transmission, 6-cylinder engine and Fuel Miser governor, you can fit the tractor to the load—and use only the fuel that's needed to do the work.

There are many other valuable, money-saving farm features, plus a choice of three great engines for the fuel you prefer, including a farm-engineered diesel that will be available later... interchangeable cast and stamped steel wheels and basic interchangeability of mounted tools with other Row Crop models.

Shibley - Oliver Co.

GROWING FAVORITE OF TEXAS BECAUSE ONLY THE GAS REFRIGERATOR STAYS SILENT, LASTS LONGER

Only Servel gives you a 10-year guarantee. All over Texas, more and more families want Gas Refrigerators. Because they know this modern refrigerator uses no motor, no machinery, no moving parts at all in its freezing system. A tiny gas flame does the work. So Servel stays silent, lasts longer. It operates anywhere on any kind of gas. Only Servel is backed by a ten-year guarantee. (And many of its over 2,000,000 owners have had theirs 18 and 20 years.) Servel stays silent, lasts longer. And the new models are beauties. Come see Texas' growing favorite today.

Make these 4 comparisons before you buy any car

COMPARE THE VALUE

Yes, compare the features—compare the prices—compare what you get for what you pay—and you, too, will come to the conclusion that Chevrolet continues to be first in value, just as it continues to be first in Big-Car Quality at Lowest Cost, and just as it continues first in demand, year after year.

COMPARE THE POPULARITY

You can identify the biggest value in any list of products by picking out the one product which enjoys greatest popularity, year after year; and, of course, in the field of motor cars, that one product is Chevrolet—outstanding leader in popularity for the total 17-year period, 1931 to date!

COMPARE THE FEATURES

Only Chevrolet combines the Unitized Knee-Action Ride for gliding smoothness; the world's champion Valve-in-Head engine for performance and economy; Body by Fisher for fast-fuel beauty; and Fisher Unisteel Construction plus Positive-Action Hydraulic Brakes for all-round safety protection!

COMPARE THE PRICES

You'll agree with millions of other car buyers that prices—like quality—are a major consideration in these times; and just as Chevrolet's Big-Car quality is unique in its price range, so Chevrolet prices are the lowest in its field. Chevrolet costs less to buy, to run and to maintain!

Only Chevrolet gives BIG-CAR QUALITY AT LOWEST PRICES... that's why

KINDERGARTEN TO OPEN
SEPTEMBER 6

Mrs. Pete Crump announced this week that the kindergarten which she teaches will open Tuesday, September 6.

There will be a private school for first graders each afternoon. Children who are six years of age

or nearing that age may enter the afternoon classes.

Children four and five years of age may enter the kindergarten class.

Those who wish to contact Mrs. Crump may do so by calling 323-M or go by her residence, 423 South 1st.

Announcing

CHANGE OF OWNERSHIP

I wish to announce to my friends and customers that I have sold the Little Super Market to Bill Settle. At the same time, I wish to express my gratitude and appreciation for the splendid patronage you have given me the past several months I have owned and operated the Little Super Market and invite you to continue this patronage with Mr. Settle and Mr. Thomas, the new owners.

ODIN MILLER

Miller's Little Super Market

We are very happy to announce that we have purchased the Little Super Market from Odin Miller and will operate it under the name of Bill & Jack's Super Market. We earnestly solicit the continued patronage of Mr. Miller's customers and we also invite those of you who have never traded here before to give us a trial—we know you will be pleased.

Passing of Babe Ruth A Jolt

It may be the passing of a great statesman, philanthropist, inventor, scientist, all round good man and community builder. Or it may be the passing of a good sportsman. Either is a distinct blow to the nation. Babe Ruth, the home-run king, was in the latter class.

Of course his passing has been somewhat expected since it was discovered that he had a cancerous throat. Nonetheless it was a blow to almost every man, woman and child in America. Don't never get it into your head that Ruth was just the small fry's hero. He belonged to the nation, adult or childhood.

Filling the place of the Babe is going to be a hard one. He had admirers in every hamlet, village, town and city, Brownfield included.

SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending August 14, 1948, were 26,287 compared with 29,533 for same week in 1947.

Cars received from connections totaled 11,175 compared with 10,389 for same week in 1947.

Total cars moved were 37,462 compared with 40,522 for same week in 1947.

That board with the rusty nail in it should be thrown on the trash pile today. It may save pain and a doctor's bill tomorrow.
