Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

VOLUME 44 BROWNFIELD, TERRY COUNTY, TEXAS FRIDAY, SEPTEMBER 3, 1948 NUMBER 6

Member Associated Press
Member Texas Press Assn.
Member South Plains Press Assn.
Member Panhandle Press Assn.

The Herald has grown with this section from strictly a ranch country. This area now consists of thriving towns and cities, supported by scientific farming and stock farming, augmented by huge oil fields, with the nation's largest known oil reserves.

DIRECTORS OF PLAINS GINNERS—Elected as the board of directors of the Plains Ginners association at a meeting in Lubbock Saturday were, left to right Lee O. Allen of Tokio, Hugo Kinkler of Littlefield; Roy Weinke of Shallowater (back row); N. W. Ray of Lubbock, re-elected secretary; C. L. Boyd of Petty; W. O. Fortenberry of Monroe (back row) re-elected president; and Drew Watkins of Sudan, vice president. (Photo courtesy Avalanche-Journal)

Plains Ginners Hold Lively Session

Building Permits Total \$12,750

Building permits as issued by the City of Brownfield for the week August 25-Sept. 1, total \$12,750.

Mrs. H. D. Leach, move in 12 by 30 residence, located N. Bell, \$2000.

Herman Hendrick, owner, L. O. Greenfield, re roof and paint residence, located 315 W. Powell, \$500.

Geo. Nicholson, jr., owner, Fred Nicholson, construct 32 by 26 residence, located South 6th, \$2500.

R. B. Beaved, owner Shamburger Lumber Co. construct extension and storage shed, located North 5th, \$500.

Rubén Leach, owner Loftis Davidson, construct 24 by 28 residence, located 120 West Ross, \$1250.

M. G. Rackler, build 48 by 31 residence, located 501 E. Oak, \$6000.

Labor Day and Dollar Day Monday

Monday Sept. 6th, will not only be the regular Trades Day or Dollar Day, but also Labor Day. However, we understand that the stores will be open, and most of the merchants are offering some real inducements to the buyer.

Come in Monday and bring the family, and make a day of it. Some real bargains in many items of merchandise is being offered. Don't miss it. Come!

Drivers License Office Closed Labor Day

The drivers licensing department of the State Highway patrol, located in the old American Legion hall on South Fifth, stated this week that the office will be closed on Labor Day, Sept. 6th.

If you have business with them, better see them before that date, unless you can wait until after the 6th.

Plains ginners met at Hotel Lubbock last Saturday that got quite lively at times. We don't mean that the ginners got into a wrangle among themselves, but they discussed some matters that came up quite earnestly. President W. O. Fortenberry, of Monroe was present and presided.

Among the matters under discussion was the acreage control that will perhaps be undertaken by the USDA, should the world supply reach a point near the international demand. At least they don't want a setup like we had before. K. N. Clapp of Lubbock, was the main speaker on this theme, and he stressed the fact that it was Texas and especially the South Plains that really took the rap before. It was not the little 20 acre farmer back east that felt the restraining hand of the USDA before, but the big acreage guys out here.

The South Plains is now producing one in every 16 bales of cotton raised in the USA, stated the speaker, and he thought all should feel the ax on acreage alike. Discussions of cotton pests was also in order with Don L. Jones of the Lubbock Experiment station as principal speaker. While Mr. Jones stated other pests bothered Texas cotton, two, the Lygus bug and the thrip combined probably destroy more cotton than all others, boll worm, boll weevil, and pink boll worms and others combined, he stated.

Area directors chosen for State Ginners were Fortenberry, Bob McDonald of Lamesa, Drew Watkins of Sudan and J. H. Plemmons of Smyer. Among the area gin directors was Lee O. Allen of Brownfield and Tokio.

Book Of Month Club Selects Novel By Texas Writer

Fred Gipson of Mason, Texas is enjoying the thrill of news from New York that his first novel has been selected months in advance of publication as reserve choice of the Book-of-the-Month Club. Harper will publish the book, which is an exciting story of rural life in Texas as seen through the eyes of an active teen-age boy. Title and publication date are to be announced later.

Readers in the Southwest have already had an opportunity to judge the quality of Mr. Gipson's latest work because one chapter from the book, giving an account of a moonlight coon hunt, was published as a short story last winter in Southwest Review, issued quarterly by SMU's University Press in Dallas.

Mr. Gipson's stories first started appearing in 1936 in Southwest Review, which he states "has done more to help me along in the writing game than any other magazine published." No fewer than four of them—"My Kind of Man," "The Melon Patch Killing," "Hound Dog Men Are Born" and "Sad Sam"—have been reprinted in Reader's Digest.

SOCIETY EDITOR TO MOVE

Mrs. L. W. Bownds, who has been the society editor for the Herald for the past few months is leaving this week to teach school in Lorenzo.

She will be joined by her husband later.

Folks Turned Out Fairly Well For Second Primary

While there were just barely more than a 50 per cent vote cast in the runoff Saturday, it did not lack a great deal of equaling the first primary with barely over 2300 votes. So, the Herald will have to compliment the Terryites. They displayed a lot more energy Saturday, according to the number in the race than they did on the first primary.

In the US Senatorial race, as was expected Johnson won the county, but we figure that Stevenson got a better proportion of the vote with Paddy eliminated than he did in July. The vote was Johnson 1114 and Stevenson 740. Majority for Johnson, 374. In the state, this race is still in doubt as this is written.

In the State Senatorial race, the race was a tie between Sterling J. Parrish of Lubbock and Kilmer Corbin of Lamesa. Each received 933 votes. The Lamesa man won out in the district. See below.

In the County Attorney's race, it was really a horse race, and easily could have become anybody's office. Geo. W. Neill received 943 and L. C. Heath, 914. Neill majority, 29 votes. In the runoff for Commissioner Precinct No. 4, the present incumbent, R. C. Fox received 239 votes, and Mut Oliver received 212. That was another very close race, being only 27 votes between them.

Herewith, we are giving the unofficial vote cast in the 30th Senatorial district race. Votes that are out, or official count will not change the results, as Corbin has a big lead.

The governor proclaimed the week of November 15 as Good Neighbor Week. He also issued an executive order to the heads of all state departments and institutions in Texas, calling for furtherance of the good neighbor policy, now officially being promoted by the Texas Good Neighbor Commission.

The West Texas group also has asked Governor Jester and the Good Neighbor Commission to take these pledges of cooperation, along with copies of the Governor's Proclamation and executive order, directly to the highest officials in the Mexican government.

Manager D. A. Bandeden of the WTCC said Texas has showed by its official action its desire to be good neighbors and he believed the Mexican government will respond by lifting the so-called economic sanction which prevents Mexican seasonal workers being brought into the state.

Bandeden said that available labor will be inadequate to harvest the heavy yield of cotton in West Texas.

Bandeden said, "We do not believe the Republic of Mexico will want to further foster economic discrimination against the cotton growers of Texas or against its own nationals who would receive compensation far greater than it would be possible for them to earn in their own country, because of a few isolated cases of so-called discrimination in a great state with 254 counties and 7,000,000 people."

Due to the increased enrollment in the West Ward School it is necessary for part of the fifth grade to be conducted in two shifts. The first shift will begin classes at 8 A. M. and end at 12:25 p. m. The last shift will begin classes at 12:30 P. M. and end at 5 P. M. All students in the fifth grade who ride the bus will begin classes at the regular time, 9 A. M.

Fifth grade students who live in the city will enroll Tuesday September 7th at 1:00 P. M. Those fifth grade students who ride the buses will enroll at 9:00 A. M. Tuesday, September 7th in room 5c.

Enrollment for sixth grade through the eighth grade will be as follows:

Those students who, last year, were in room 5a will this year enroll in room 6a, 5b in 6b, 5c in 6c 5d in Music room, 6a in 7a 6b in 7b, 6c in 5b, in Gomez school 7d, 7a in 8d, 7b in 8c, 7c in 7e, 7d in 8b, and 7c in 8a.

Students who have moved into the district and those who have transferred in, should report to Mr. Rucker, Principal of West Ward school for instructions.

Pupils will enroll at Jessie G. Randall school as follows:

First grade bus pupils room 13. Others, A through M room 14. N through Z room 15.

Second grade bus pupils room 2. Others A through G room 3. H through M room 16. N through Z room 12.

Third grade A through E room 17. F through J room 8. K through O room 5. P through T room 4. U through Z room 6.

Fourth grade A through F room 7. G through L room 9. M through S room 10. T through Z room 11.

Mr. Herman Trig and her mother-in-law, Mrs. Graves; also her sister-in-law, Loree Lockett, all of Brownwood spent the week end in the home of the Stricklins. The ladies returned home Monday afternoon, accompanied by Mrs. Lockett's son, Bob, who had been a guest of Jack T. Stricklin the past week.

Mr. and Mrs. D. P. Carter have recently returned from California, where they visited his brother, Otis and family. Otis is practicing optometry in one of the larger towns in the Los Angeles section.

WTCC Urges Good Neighbor Policy With Mexico

ABILENE, Sept. 2 (AP)—In an effort to bring more Mexican Laborers to Texas, especially to West Texas cotton fields, the West Texas Chamber of Commerce has urged further promotion of the state's good neighbor policy.

The Latin-American relations commission of the chamber asked Governor Beauford Jester to proclaim an official Good Neighbor Week in Texas. With the request went letters and telegrams pledging cooperation from most of the mayors and Chamber of Commerce managers in the West Texas cotton growing area.

The governor proclaimed the week of November 15 as Good Neighbor Week. He also issued an executive order to the heads of all state departments and institutions in Texas, calling for furtherance of the good neighbor policy, now officially being promoted by the Texas Good Neighbor Commission.

Due to the increased enrollment in the West Ward School it is necessary for part of the fifth grade to be conducted in two shifts. The first shift will begin classes at 8 A. M. and end at 12:25 p. m. The last shift will begin classes at 12:30 P. M. and end at 5 P. M. All students in the fifth grade who ride the bus will begin classes at the regular time, 9 A. M.

Rape Case To Be Tried Next Week

A special venire of jurors are next Monday to try James W. Vasser, charged with Criminal Assault on a local woman two weeks ago.

The defendant, not being able to employ an attorney, makes it mandatory on part of the Judge to appoint one or more attorneys to represent the accused. Judge Reed has appointed Burton G. Hackney and Geo. W. Neill to defend him. The law also requires such attorneys to serve and without pay.

There are eight criminal cases to go on trial next week in Judge Louis B. Reed's district court, divided as follows: One criminal assault, four forgeries, two driving while intoxicated and two theft of over \$50.

West Ward To Have Two Shifts

Due to the increased enrollment in the West Ward School it is necessary for part of the fifth grade to be conducted in two shifts. The first shift will begin classes at 8 A. M. and end at 12:25 p. m. The last shift will begin classes at 12:30 P. M. and end at 5 P. M. All students in the fifth grade who ride the bus will begin classes at the regular time, 9 A. M.

Texas Election Bureau Finish Horse Race Count

What will probably go down in Texas history as the closest race according to number of votes cast, was that of former governor Coke R. Stevenson of Junction, Texas and Congressman Lyndon B. Johnson of Johnson City. The race was to nominate a successor to W. Lee O'Daniel, present Junior US Senator from Texas.

Stevenson took quite a lead early Saturday night in the unofficial count of the Texas Election Bureau, which is always pretty accurate. These first votes were from the big cities. As the small county votes began to drift in Sunday, Johnson took the lead, and held it till Monday when Coke again got a slight lead.

Once before less votes separated when the state was young, but there were only about 20,000 votes cast. The TEB called it quits Tuesday night with some 40 votes still out from Borden county, which cannot possibly change the totals, when they stopped counting.

It will take the official count to settle the matter. Last total by TEB gave Stevenson 494,555 votes and Johnson 494,206, a lead of merely 349 votes in Stevenson's favor. Total state vote was 988,761.

Hot Dry Weather Nips South Plains Cotton

A total of 295,000 bales of South Plains cotton went glimmering during the weeks of hot dry weather in August. And by the way, the weather is still dry, and little moisture has visited in the area although this past week end was threatening. K. N. Clapp, estimator and area manager of Anderson-Clayton Co., at Lubbock says the above amount has been erased from his August 1, estimate of 1,102,000 bales for the area.

All the dry land farms were heavily hit, and the estimate would have been much lower had there been no irrigation. Counties like Lubbock, Lamb and Hale, took the lesser loss. Hockley, which was placed first at August 1, took the hardest beating. At that time their crop was put at 190,000 bales, but dropped to 120,000 in the Aug. 26 estimate, putting Lubbock county back as leader.

At the same time Lynn county dropped from 120,000 to 60,000 bales, a 50 per cent cut. Terry dropped 15,000 bales in the estimate, from 50,000 to 35,000. Clapp says we are in for more cuts unless there is rain and soon.

Clapps new and Aug. 1 forecasts by counties follow:

County	Aug. 26	Aug. 1
Bailey	20,000	60,000
Briscoe	7,000	7,000
Castro	9,000	10,000
Cocharan	30,000	40,000
Crosby	45,000	55,000
Dawson	75,000	110,000
Deaf Smith	2,000	2,000
Floyd	35,000	35,000
Gaines	8,000	10,000
Garza	10,000	25,000
Hale	65,000	95,000
Hockley	120,000	190,000
Lamb	110,000	150,000
Lubbock	130,000	155,000
Lynn	60,000	120,000
Farmer	4,000	5,000
Swisher	10,000	10,000
Terry	35,000	50,000
Yoakum	2,000	3,000

Who Screamed, Coke, Lyndon Or The A-J?

They are still as mad as hornets around the Avalanche-Journal office over the election that was held Saturday. They accuse Coke of screaming when the Duval Dictator vote came in. Coke never screams at anything. We have an idea that in this instance it was a certain editor whose initials sound like CWR.

Speaking of screaming, Coke spent most of the day in Dallas last Friday, quietly going about his business of vote getting. He came into town in his car unannounced, and spoke to a few gatherings where he was invited. His opponent came in and asked for a police escorted parade. Perhaps all that reminded Dallasites of a certain flour salesman who lived in a rival city 30 miles away that did the towns in parade order. Maybe that was why Dallas county gave Coke such a stunning lead of Lyndon?

But speaking of Duval county, which votes just like they do behind that iron curtain we hear so much about, in Europe, we have condemned their methods for the past 20 years, even when the "herd" votes like we. Does the A-J condone such elections? Anyone with a brain cell working know there is something dirty going on in Duval.

Let's take one of our South Plains counties, say Terry. We think nothing of the county giving a candidate a 2 to 1 lead, or even 3 to 1. But if it gave one candidate 4,000 votes and another 40, when in the rest of the state the candidates were running fairly even, we'd call for an investigation.

We have never been nearer than 30 miles to Duval county, but we have been told by people who have lived in that area that the county is owned local, stock, and barrel by a few rich old codgers, mostly German descent. The rest are Mexican, who are either BOUGHT OR BOSSSED. They vote like they are told—or else.

To our notion there is no tighter dictatorship in Europe than there is in Duval county, Texas. That is something for democratic loving people in the rest of the state to SCREAM about.

Charley W. Gaston Dies Tuesday

Following quite a lengthy illness, some three weeks of which was spent in the local hospital, Charley W. Gaston passed to the great beyond, at 8:30 P. M. Tuesday night. Being a pioneer settler, Charley had many good friends and well wishers in the county. He was 59 years of age.

The Brownfield Funeral home, which had charge of arrangements announced Wednesday that the funeral would be held at the Crescent Hill Church of Christ, at 10 A. M. Thursday. Elder Joe Chisholm read the last rites. Burial followed in the Brownfield cemetery.

Deceased is survived by his parents, Mr. and Mrs. J. J. Gaston of the Gomez community; two sons, J. C., who is in the army, and J. J., Jr., of Fort Worth; four daughters, Mrs. Louise Bryant of Dallas; Mrs. J. B. Hinkle, of Brownfield; Mrs. Janet Jackson, of Fort Stockton, and Miss Chalsie Lou Gaston of this city. Two brothers, J. H. of Detroit, Texas and F. J. of Cone; five sisters, Mrs. W. T. Bruton, Mrs. C. C. Robinson and Mrs. Leon Morgan, all of this city; Mrs. C. D. Kerr, Detroit, Texas and Mrs. L. M. Yates of Sundown.

Palbearers were C. C. Primm, D. A. Brown, Roy Jenkins, Lester Hinkle, Charley Morton and Horace Fox.

Honorary Palbearers were, Elmo Sears, E. W. Wilgus, J. D. Myers, Loyd Turner, Knox Hinkle, Bill McKinney, Dr. Curtis, Chap Perkins, H. T. Crocker and Clyde Goldston.

There were several boys seen riding bicycles in the draw on Seagraves cut off Thursday afternoon. This is a very dangerous practice, due to the drivers inability to see until he is almost in the draw.

Donald Price, son of Mr. and Mrs. Gay Price left Tuesday for Cisco to enroll in Cisco Junior College.

Three Local Youths In Car Wreck

Charles Shrimpton, about 18, driver of a passenger automobile, sustained minor injuries when his car skidded off the pavement into a telephone pole about 6 miles north on the Levelland highway last Sunday before noon. Two girl companions, Miss Dorris Johnson, 17, received several cuts and bruises and Miss Pat Pharr, 15, numerous cuts and bruises.

Brownfield Funeral home ambulance carried them to the local hospital. The Johnson family had moved from here to Levelland only last week, being employed by an oil company. Mr. Pharr, father of one of the girls is employed at a local gin.

The driver stated they had run into a heavy rain, when the accident occurred.

FORMER RESIDENT PASSES AWAY AT WEATHERFORD

Mrs. Susie Tandy, 58, wife of E. H. Tandy of Weatherford, passed away suddenly Saturday morning, August 28, in the Weatherford hospital.

The Tandy family moved to Weatherford from Brownfield in 1937.

Survivors are her husband; four daughters, Mrs. Ruby Reed, Lovington, Mrs. Freda Faid, Eastland, Mrs. Nora Lee Hoffman, Weatherford, Mrs. Gorda Warren, Brownfield; one son, Ben H. Tandy, Weatherford; her mother, Mrs. Jim Abbott, Olney; four brothers, six sisters, two granddaughters, ten grandsons.

The body was taken overland by White's Funeral home to Olney for burial Monday evening.

Mr. Frank Sheppard of Dallas is a guest in the home of her parents, Mr. and Mrs. Arthur Nunn.

MEMBER 1946
TEXAS  **PRESS ASSOCIATION**

MEMBER  **ASSOCIATION**

The Canyon News came out last week with a 40 page edition (wonder where they got the paper?) devoted to honoring President J. A. Hill of WTSC, head of that fine institution for the past 30 years. Mr. Hill, brother of Editor E. I. Hill of Tahoka, will retire Sept. 1. The edition was fine and historical as well, and we enjoyed it immensely. But it put us to reminiscing back to June 1924, when the State Press Association held a meeting in Amarillo. About the second day, the association members were carried by cars to Palo Duro canyon, where we ate one of Mr. Snider's famous barbecue dinners (noon variety) and met for sessions in a cave we believe was called the Devil's kitchen. Late in the afternoon, the Texas editors were carried to the campus of the college, where President Hill, his fine faculty, one Terryite, Lee Johnson, showed us what real west Texas hospitality was. The Home Ec girls had prepared a stunning and appetizing plate lunch, which was served on the grassy lawn. After the repast, we heard a fine song and skit program in the auditorium. In the edition of the Canyon News, the Amarillo News-Globe had an advertisement caught us, on a sort of "remember when" setup. They asked could you remember when a guy boasted that he pulled the canyon hill (then-unpaved) without going to low gear, or boiling the water in the radiator? When we left the auditorium, a storm was coming up and fast. It struck us after we got out of the canyon, however, and such thunder, lightning, wind and rain you never saw. Well you know how black and slick that dirt is when wet? Plenty. We were in what was then known as a "touring" car, for which the driver didn't happen to bring the side curtains. The driver just took what come and asked the writer to get on the back seat with a couple of editors from south Texas. Those days the roads were graded to a sharp point in the middle and we slipped from one side of the road to the other at about five or six miles per hour. We hit the pavement on the edge of Amarillo slightly after 2 A. M. Left Canyon at 11 P. M., with 17 miles to go. Yes, we remember when.

The Old Apostle of Truth in the Donley County (Clarendon) Leader offers us some consoling (?) post-election advice, as well as a bit that is really disgusting. He says: "Now that the election is over, we can begin to study about how to keep money coming in and our hair and teeth from coming out." Why couldn't the Apostle offer something that would be more sleep provoking, and less stomach ulcer creating? In fact why did he bring up the subject at all. Of course the Old He has long since shed his last tooth, but still has a bit of hair that by skillful combing we are able to hide a lot of skull. As to the money, we never have let the "filthy lucre" bother us much. But our lack of it sometimes has been right embarrassing to our creditors.

Pity there was no state-wide referendum on whether or not Texans want Truman and Barkley or Thurmond and Wright on the ballot in November. Down at Houston Saturday that proposition was put before the voters of Harris county and the Truman ticket went down to defeat by almost three to one. Also, we understand that over in Harrison county, and perhaps other east Texas counties, the results were about the same. If there had been a like referendum all over Texas, perhaps Gov. Jester and his right hand man Bro. Calvert might have a little more reason about this matter. The run of mine Texas Democrats do not want Truman for president, nor never have. It is just a few that have benefitted hugely in a financial way from cash payments, in many instances

Congratulations are in order to Ross A. Woodson, publisher of the Semi-Weekly Courier of Lamesa, on the first edition of the Lamesa Daily Reporter, Sunday the 29th, which reached us Monday. It consisted of nine sections

and about 70 pages. It was replete with many episodes of newspapering in Lamesa, both in the pioneer days and at the present time, as well as the growth of the pioneer village 50 miles from a railroad to the present statute of a city of some 12,000 souls, all in the course of a few over 40 years. Needless to say that the edition was very liberally patronized by the hustling business men of the Dawson county capitol. This will go into our collections of FIRSTS.

And while we are about this business of congratulating, let us hand one to Lois H. Vestal, editor of the Levelland Sun, who last week mailed out the first edition of the South Plains Press, dated August 1948. For the first issue the South Plains Press was a good one, well printed on slick magazine paper and an interesting message from the President E. I. Hill of Tahoka News. Also the constitution and by-laws. This will also go into our vault with numerous Volume 1 Number 1 editions, among them, Life, Holiday, World Report, now consolidated with United States News, and others, as well as one last edition. The last is the concluding issue of the Semi-Weekly Farm News, put out by the Dallas Morning News, and read by thousands of stockmen and farmers for several decades.

Well, the election is over, thank God, but we Americans can still vote as we please for the man of our choice, if we take the trouble to qualify ourselves, by either paying a poll tax, or in most states, simply register. This we can do without let or hindrance. Our wise and brave old pioneer ancestors saw to it that we have this privilege. It cost many of them their lives and blood and sweat of these Revolutionary fathers, as well as the tears and heartaches of the women and children. But they paid the price in order that we, their offsprings might enjoy life and liberty. Can we afford to lose this great inheritance? If we permit the infiltration of European ideas into our government, we stand the chance of losing our American privileges. Folks, it is time to watch as well as pray. Our government is allowing too many loose screws to get places of authority in our government.

The Old Apostle of Truth in the Donley County (Clarendon) Leader offers us some consoling (?) post-election advice, as well as a bit that is really disgusting. He says: "Now that the election is over, we can begin to study about how to keep money coming in and our hair and teeth from coming out." Why couldn't the Apostle offer something that would be more sleep provoking, and less stomach ulcer creating? In fact why did he bring up the subject at all. Of course the Old He has long since shed his last tooth, but still has a bit of hair that by skillful combing we are able to hide a lot of skull. As to the money, we never have let the "filthy lucre" bother us much. But our lack of it sometimes has been right embarrassing to our creditors.

Pity there was no state-wide referendum on whether or not Texans want Truman and Barkley or Thurmond and Wright on the ballot in November. Down at Houston Saturday that proposition was put before the voters of Harris county and the Truman ticket went down to defeat by almost three to one. Also, we understand that over in Harrison county, and perhaps other east Texas counties, the results were about the same. If there had been a like referendum all over Texas, perhaps Gov. Jester and his right hand man Bro. Calvert might have a little more reason about this matter. The run of mine Texas Democrats do not want Truman for president, nor never have. they were not entitled to.

One of the hardest things for us to understand is how Southern senators and representatives, year after year, consistently endorse the Democratic platform. That platform condemns the Taft-Hartley law, and demands its repeal. Most southerners in congress not only voted for the T-H act, but voted to over-ride the Presidential veto of that act. Most average Americans believe the T-H law to be a good law, and fair to both unions and management. Some say that there might be reason to amend the act in places, but no excuse on earth to repeal it. Indeed none but the radical labor unions want the act repealed, as it is made to protect as well as to keep them in line with common reason. We believe the repeal plank was inserted in the Democratic platform as a union labor catchall—nothing more.

Must have been a fat man that drew that beach scene recently. It depicted a pouter pigeon chested life guard, being admired by a lovely thing in a scanty bathing affair. In the near distance were two men on the heavy side. Says one fat stuff to the other stout guy, pointing to the life guard, "that fellow seems to be top heavy." Oh, we fellows with the big middle circumference, get in a lick edge ways occasionally.

Editor E. I. Hill of Tahoka gave the Herald a little fatherly advice last week in criticism of one of the editorials. The Lynn County News informed us that Harry S. Truman, Tom Dewey, Henry Wallace nor Mr. Thurmond would be on the ticket in person, but their electors. We sorter understood that, Mr. Hill, although not right bright in many ways, since we have been voting in presidential elections since 1908, when the ticket had William Howard Taft and William Jennings Bryan up for election. But to state people after the November 2 election will say, I voted for Truman, Wallace, or Thurmond, as the case may be. We were just using the popular expression, Mr. Hill. Also, in case Beauford and his cohorts don't even allow Thurmond electors on the ballot, we merely suggested writing in

Big Oil Prexy Takes Time To Reply
Recently the Herald received a form letter from Mr. E. F. Ballard, president of Stanolind Oil and Gas Co., Tulsa, Okla. The letter invited us to view a pre-publication ad that the Oil Industry Information Committee were to run in some of the big national magazines. We replied on the bottom of the form letter that he thought the ad was very nice, well composed, etc., but we went on to state in our reply, "that to be brutally frank, we would appreciate the ad better if it was run in the Terry County Herald."

That was the last of that we the names Thurmond and Wright as a protest, over in the independent column. We hope we make ourself clear.

Mr. and Mrs. E. D. Winkles and family had as weekend guests, her mother Mrs. Tressie Tucker, and her brother, Mr. and Mrs. Thomas Tucker of Ralls.

Foundation is being run this week for the first unit of the new addition to the Treadaway-Daniel hospital.

PIGGLY WIGGLY

WINTER PASTURE SUBSTITUTE—the first box-type silo in Gregg County (above) was placed in operation recently at the J. B. Evans dairy farm near Kilgore, Texas. The new silo is shown as it was being filled with 100 tons of green corn. County Agent O. D. Taylor says this silo will provide "the best substitute for pasture during the winter months." Costing a little over \$100 to build, Gregg County farmers are looking to the Evans silo as a new economical method of providing year-round feed for their cattle. (AP Photo)

Johnson News

Mrs. Lillie Lyles of Lawton, Okla., is visiting her son, D. E. Lyles.
 Mr. and Mrs. C. E. Johnson left last week for a month visit with relatives in Georgia.
 Mr. and Mrs. G. Patton and children returned last Thursday from a weeks trip through New Mexico and Colorado.
 Mr. and Mrs. Gordon Arnold and children, Mr. and Mrs. J. C. Mabry and children, James Brandon all of Brownfield, Mrs. Lillie Lyles of Lawton, Rev. and Mrs. J. W. Stone and Miss Nell McLeroy were visitors in the D. E. Lyles home Sunday afternoon.
 Mlam and Frank Tuttle and families left Monday for a pleasure trip through Colorado.
 Mrs. Bert Tuttle has her sister from N. M., as a guest this week.
 Mrs. W. E. Johnson left last week to visit her son and family in Calif.

Carroll Johnson and Troy Harold Currington young ministers of the community preached at Gomez Baptist last Sunday.

Open House At Union School

Friday night, Sept. 3, the Union Independent School district is having open house for the whole district. At that time the new addition and a new lunch room with new equipment, classrooms and showers, may be inspected.

Also there will be free movies, free ice cream and cold soda pop. The ladies are invited to bring a cake to go with the ice cream. After the refreshments, there will be a business meeting.

Supt. Gary states that matters of vital importance to the school will be discussed. Everybody is invited to come.

MEADOW RESIDENTS PLAN GET-TOGETHER SUNDAY

All the Meadow people who wish to attend a picnic in Mackenzie Park, Sunday, Sept. 5, are cordially invited to do so.

Bring a lunch and meet at the swimming pool at 1:00 o'clock Sunday.

"You can get around 50 pounds of flour from a bushel of wheat. Actually a pound of flour makes a little more than a pound of bread because of the other ingredients. But assume 50 loaves of bread per bu. of wheat. The wheat is now costing \$2, but if it were given to the miller and the farmer got absolutely nothing out of this wheat, the price of the loaf of bread could not be reduced more than 4 cents."

Texans In Washington

BY TEX EASLEY

Washington, Aug. 30. (AP)—A Texas agriculture leader has just wound up a six months study of cotton production and marketing problems over the world, particularly in the Orient.

Dr. Ide P. Trotter, director of the Texas Extension Service, was barrowed by the government for this assignment.

Leaving his headquarters at Texas A. and M. College early last March, he came here for conference at the Agriculture Department and then headed west on a globe-girding series of plane hops.

He spent a month in Japan, five weeks in China, seven in India, three in Pakistan and then made brief stops in Turkey, Greece, Italy and Portugal en route back. The last three weeks he has spent here writing a formal report. He expects to be back on his job in Texas at the beginning of September.

The purpose of Dr. Trotter's trip was to determine so far as possible the status and future prospects of the cotton industry in the Orient, which was a good buyer of American cotton in pre-war years. There was a time when 90 per cent of Texas' cotton went into export.

Japan and China need American cotton, but haven't the money to buy it. They are now getting fair quantities as war-damaged textile mills get back into operation—but they get it under our foreign aid program, which costs the U. S.

taxpayer.
 "That can't last forever," the Texan observes. "There's a big demand there for our cotton, but it is held back by their purchasing power."

Whether the United States should continue to finance directly or indirectly, wholly or in part, shipments of cotton to the Orient is a question of policy that is not his to determine, says Dr. Trotter.

Two big factors enter into the present state of affairs in the Orient and account for an uncertain future.

"They must have peace over there to get anywhere," he says. "The other problem is that of holding down the population. Both problems are enormous."

In China, for instance, there are some spindles which are not operating because of the chaotic economic conditions caused by civil war. They also have a problem of finding adequate skilled personnel to maintain and operate the mills.

Only about one-sixth of the spindles in Japan escaped damage during the war, but the remainder are gradually being rebuilt, says Dr. Trotter. Some of the cotton they use is short staple, 1/2 to 3/4 inch, which is imported from India.

Pakistan comes nearer to the

United States in quality and quantity of cotton, he says.

Dr. Trotter reports that throughout his travels he encountered ex-Texas Aggies everywhere. Most of them were natives who had come to this country for an education and who now hold influential posts in their own lands. They acted as guides and interpreters for him.

AROUND THE CAPITOL

You can change the name of a dam legally, but it is difficult to change the title in usage. An example is Morris Sheppard Dam on the Brazos River near Mineral Wells, named after the late Senator from Texas.

Throughout a hearing before the Federal Power Commission here on rates charged for electricity produced at the project, witnesses from Texas repeatedly referred to it by its former picturesque name of "Possum Kingdom Dam."

The high cost of living can't be blamed on farmers, says Rep. Bob Poage of Waco, because farm prices do not account for as large a part of the cost of food and clothing as people think.

He expressed his views in a long letter to Roger N. Conger, secretary of a laundry-cleaning machinery company in Waco, in which he said in part:

DUNCAN EARLY AMERICAN SANDWICH PATTERN

This glassware has the lacy loveliness which has made Early American Sandwich patterns a favorite for almost a hundred years.

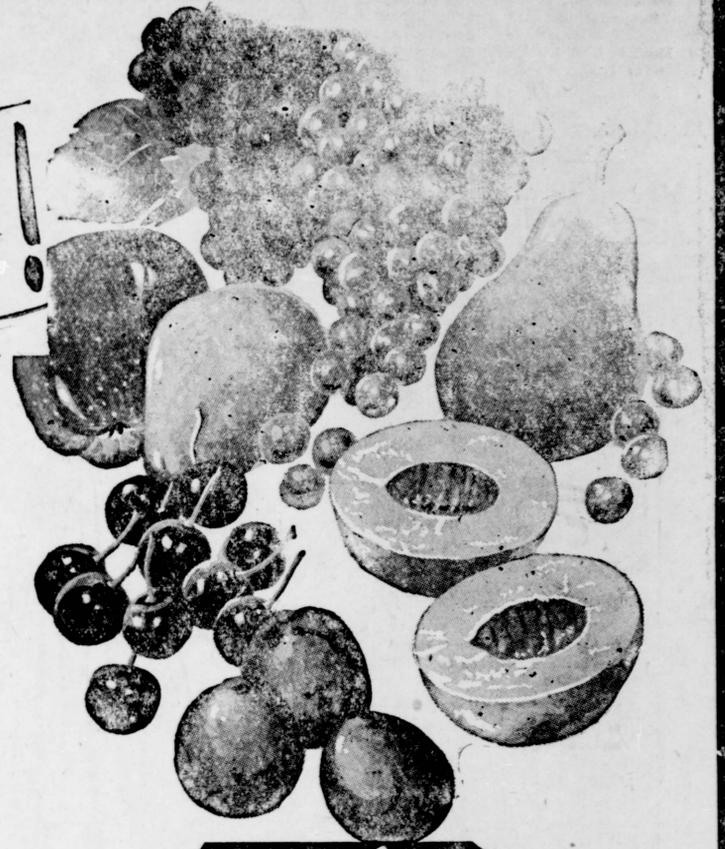

Today, with the vogue of Early American and Victorian interiors, Colonial homes and maple furniture, it is rising to new heights of popularity.

This Sandwich Pattern is made by Duncan, which has more than 73 years of glassmaking tradition. It is one of the patterns inspired by the glassmakers of old Cape Cod.

HOWDY NEIGHBOR!

Here we go again with another "Neighbor for the Month" Contest! We are sure that almost every body knows the rules of the contest, but for those of you who do not, here's all you have to do: First, get all the clues—there'll be eight of them this month; second, from the clues identify your "Neighbor for the Month" and enter it in the space provided in the last clue, together with your name, address and phone number, if any; third, bring your clues and entry to the Haynes Pastry Shop, 414 West Main on or before September 29. And that's all there is to it—simple, isn't it?

Come on and get into the contest—the more, the merrier. You'll have a lot of fun and at the same time broaden your acquaintance—meet new friends. Then too, that \$50.00 Merchandise certificate is mighty nice and who knows, it might be yours this time!

REMEMBER — YOU MUST HAVE ALL CLUES AND
 THEY MUST BE IN BY SEPTEMBER 29

BACK TO SCHOOL

Happily TO THE CHILD

Safely TO THE MOTORIST

**OBEY
TRAFFIC
LAWS**

RULES FOR CHILDREN

1. First of all—remember what your teacher has taught you in school about how to cross a street.
2. Watch the Red and Green Lights. Don't start across until the light has changed to green.
3. When you cross a street corner—look both ways for cars—even if traffic lights are there. The motorists may not see them.
4. Never cross in the middle of a block. Cross at intersections or corners.
5. Never play in the streets.
6. Never "poke" across streets—after you start, keep on going straight across.
7. The life you save may be your own!

**BE A
SAFETY
FIRST-ER**

As a licensed driver, you hold the power of life and death—Weild it in favor of life by exercising extreme, deliberate caution each time you take the wheel.

STOP! THAT CHILD IN THE STREET MAY BE YOURS

Today this child blithly skips rope with her comrades . . . If you make one false move at the wheel she may be hopelessly crippled, even dead, tomorrow. Keep her safe by being a safe driver!

School days are here again—and with them the need for more than usual driving care. Think of each child in your path as your own—then cross that intersection, turn down that street. BE CAREFUL!

Back up your knowledge and application of safe driving rules by making sure your brakes can stop on a dime! For the most complete safety possible, we suggest that you service your auto regularly.

THE AMERICAN WAY

Just Fired—Not Fired At

By GEORGE PECK

If anyone were to ask me to sum up in one sentence the difference between a Communist-Totalitarian State, such as Russia, and a Republican Free State, such as the U. S. A., my answer would be: "In the Totalitarian State an official or individual who makes an honest mistake, GETS FIRED AT; in the Free State he JUST GETS FIRED."

Anyone looking at the newspaper shots of Gromyko as he was about to sail recently for his "beloved" Russia, could see that the Russian delegate to the UN was worried. He had reason, Gromyko knew not to what he was returning—promotion of the firing squad or even worse, slow death in a slave labor camp. For, if he had made one slip while in America, or what was considered a mistake by the despots who rule Russia, he was returning to his doom. Perhaps he was wondering if he had overlooked just one opportunity to say "No" or one chance to walk out on the UN when a decision was going against Russia. Well does Gromyko know that in Russia you GET FIRED AT for just one mistake, real or imaginary.

As this is being written, Mrs. Oksina Stepanova Kosenkina, Russian teacher, is recovering in a New York city hospital from injuries received when she leapt from the third floor of the Soviet Consulate in New York. Mrs. Kosenkina knows that in Russia they GET FIRED AT.

When Mrs. Kosenkina finishes testifying before the Congressional Investigating Committee, for which she has gladly accepted a subpoena, we shall know why she risked death rather than be

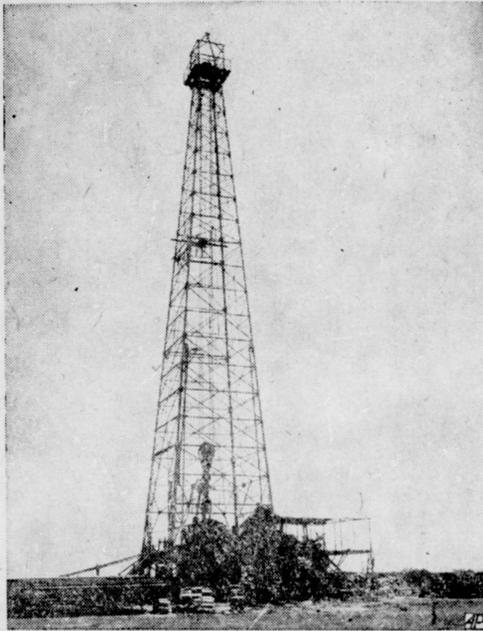

forced to return to her "beloved" Russia. My guess is her testimony will reveal she dared to say something to her Russian pupils complimentary to the United States; that she had been threatened with dire punishment for his "horrible" mistake.

At any rate, Mrs. Kosenkina, who is an intelligent person, knows the difference between a Totalitarian State and a free one. She seems to prefer the latter. She positively does not wish to be returned to Russia TO BE FIRED AT and has so stated—she would rather stay in America where YOU JUST GET FIRED.

It required courage for the Russian school teacher to leap from the Russian Consulate third-story window, or did it? Perhaps, Mrs. Kosenkina was choosing the lesser of the two evils, having decided to risk quick death here in America rather than slow, torturous death in Russia.

There is a lesson in this episode for us. We must keep America a land to which Americans will always be happy to return. We must remain a nation in which perpetrators of honest mistakes are JUST FIRED—NOT FIRED AT.

We must bear in mind that Socialism and Communism are brothers under the skin, that the only difference between them is the pace at which they propel a nation into totalitarian dictatorship. We must rid ourselves of the false notion that we can indulge in a bit of Socialism without traveling the whole road to slavery. You just cannot indulge in a slight touch of Socialism any more than you can have a slight touch of smallpox. Everytime we put government into another electric power business or any other business, beat the drums for Federal Housing, plump for free medicine or free anything, we are moving America just that much closer to the day when the makers of honest mistakes will be FIRED

MEXICO'S DISCOVERY WELL—The derrick and drilling rig (above) of Petroleos Mexicanos No. 1 Reynosa, is Mexico's new discovery well and may prove to be a major new oil field along the northern border. The well flowed on test at the rate of 1,000 barrels daily in sand at 7,075 to 7,078 feet. No similar production has been found across the Rio Grande in the McAllen or Rio Grande City, areas, which are opposite the location. (AP Photo)

Mrs. W. W. Tapp of this city, received the sad message one day last week that her sister had died in Arizona. Mrs. Tapp was unable to attend the funeral.

AT—NOT JUST FIRED.

The Congressional Investigating Committee has already brought to light that our nation's capitol is honeycombed with Communists and Communist-sympathizers. Shocking as that is, therein does not lie our greatest danger. Our gravest peril lies in the millions of our misguided citizens, who while they despise Communism, favor the ideologies of its twin brother—Socialism. These millions must be taught that the socialistic schemes they endorse, if adopted, eventually would make this glorious, free America of ours, a nation where honest mistake-makers are FIRED AT, RATHER THAN JUST FIRED.

CORPORATION CHARTERS ISSUED IN JULY

Charters were issued to 341 businesses in July, according to the 288 that were issued in June, the University of Texas Bureau of Business Research reported.

Capitalization for the July charters issued was \$9,071,000. Totaling 101, merchandising businesses received the greatest number of charters in July followed by real estate, 45; and manufacturing, 32.

Corporations with capitalization of \$5,000 to \$100,000 totaled 215 in July for the largest group.

Mr. and Mrs. Phil Gaasch left Thursday for a short vacation in Santa Fe, N. M.

Mrs. Geo. Neill is visiting her daughter in Carlsbad, N. M. this week.

The Low Down From Hickory Grove

I just been reading where Uncle Sambo's payroll is being boosted by 15,000 new people per month—that is 500 per day and no small amount to be sneezed at. It is a lot of votes for somebody. But the Boss-Man down there at the head office says, tut! tut!, it is nothing to stew about, most of these new payroll people are on the Aid to Europe program, he says. But this Mr. Boss-Man don't say he is cutting down elsewhere and getting some other guys in. He places off our bent backs. He shoves—but he don't.

The paper says that for every 6 people in the land, one of them is supported and carried along by

W. W. Tapp is constructing a rooming house in the rear of his lots on east Broadway. It was his intention to make it a duplex apartment, but he was unable to get a permit for an apartment.

the other 5. And that, when it is reduced down and brought home, it means each of us is lugging on our back, one-fifth of a guy—furnishing him with his raiment, and house rent, and all accessories complete, and 12 months per annum.

I been trying to figure out, how many more can be piled on, without most of us cavin in—even got out my slide rule—and I am still puzzled on how we can even carry the one-fifth of a guy like it is already, let alone putting on more. So folks, any of you, if you can figure it out, drop me a line. Yours with the low down,
JO SERRA.

Mrs. J. D. Miller and Mrs. B. W. Hahn visited their son and daughter, Mr. and Mrs. Larry Miller of Lubbock Tuesday.

42 PARTY IN CORNEBISE HOME
Mr. and Mrs. F. M. Cornebiase were hosts to a "42" party Friday night in the backyard of their home.
About 30 guests attended.

Glad You're Not A Centipede

Be glad you are not a centipede. Think what might happen! The 1948 edition of "Accident Facts," statistical yearbook of the National Safety Council, points out that occupational accidents alone cause approximately 250,000 finger injuries and 60,000 toe injuries each year.

Most of these injuries are caused by handling materials and falling objects. About 9 per cent of these injuries are of a permanent nature.

L. L. Blackstock, prominent Terry county farmer and stock buyer, is very ill at the local hospital.

INSURANCE BENEFITS MANY TEXAS FAMILIES

Texas families received \$22,077,000 in life insurance death benefit payments in the first half of this year, compared with \$20,853,000 in the corresponding period of last year and \$13,589,000 in the first half of 1941, it was reported today by the Institute of Life Insurance.

The number of policies covering claims in the first six months of 1948, compared with the period of the previous year and 12,592 in 1947, which compares with the first half of 1941.

Burdett Auberg and family moved to Brownfield this week. They formerly lived in Leveland.

Talk is not idle here

Talk is our business—and never before have we carried such a tremendous volume of it. Both local and long distance telephone traffic is at a new high in spite of continued shortages of skilled workers and necessary materials. We've talked a lot about our expansion program, too, and this talk has not been idle. During the past few years we have made rapid progress in this program. Our expansion will continue until we have provided efficient telephone service for every person desiring it.

Texas Game, Fish and Oyster Commission.

GAME SANCTUARY

Shotguns must be permanently plugged to three shell capacity.

Shotguns may not be larger than 10 gauge.

Wiley Bridges Tells About Drouth of 80's

On a few occasions this paper has rather razed the modern Texan on the fact that he has grown so socialistic that he thinks the government should support him instead of the other way around. Like most of us in the south and Texas have always thought and acted. We have sometimes referred them to the close of the Civil War, when an overrun, ruined Confederate states, went to what was once home with no livestock, and in some instances the home burned to the ground and his little family scattered among the kin.

We have sometimes cited conditions as they were down around Stephens and other central west Texas counties during the withering drouths of the eighties. A pioneer of that time in Stephens county, as well as a pioneer Territe, W. R. (Wiley) Bridges, was in the Herald office the past week, and gave us the lowdown on the conditions down there. He was a lad large enough to remember it very well. While those people begged for anything, the east Texas people where the drouth was not severe, heard of their plight and sent food, feed and clothing.

Wiley's father had a couple of teams, and he did much of the unloading of cars at Ranger to be carried to the warehouses to be distributed, Wiley driving one team. One car was billed "shelled corn" and like all such, that was donated by east Texans, was brought in free by the T&P railroad. Well, they began to unload that car of shelled corn, when their scoops would run into a sack of something. Maybe it was some hams, shoulders, midding, or it might be a bolt or two of cloth. People mostly made their own clothing in those days. Yep, people worked and liked it. But says Wiley, "we ran into just everything you can think of to eat wear or use in that car."

Tries First Corn Pone For Breakfast

Wiley related that he spent Saturday night with a neighbor boy that was to later become his brother-in-law. "Next morning there was a steaming hot pone of corn bread on the table, the first he ever ate for breakfast. But it was good. But I noticed that the stuff looked awfully scaly on top and wondered why. After breakfast I asked Sam to explain. Little meal was bolted in those days, and it came to you bran and all. Sam explained that his mother said the meal would

go further with the bran in it." Wiley told of the harvesting of a small patch of millet that got less than knee high, with a small head in the top. It was too low to be cut with the mowing machine then raked. So his father set the children to pulling up that millet tuft by tuft, shake the dirt out and place it in windrows to be raked. Every head must be saved. Then we sometimes talk about our hard lot today. We ought to be ashamed.

Uncle Joe Hamilton Enters Picture
Of course at that time Wiley Bridges did not know Uncle Joe Hamilton from Adam's off steer. But much later in life, both were to experience the settling and or-

ganization of Terry county together. And of course they would get together and talk, Wiley about Stephens county, and Uncle Joe about old Titus county. Uncle Joe and his brother had just come out from one of the old states, Georgia, we believe, and settled in Titus county. Nearly all people left their cottonseed on the gin lots to rot in those days. But not the two boys from Georgia. They hauled their home and housed them.

Finally solicitors for food and clothing for west Texas appeared and asked them to donate. They had little accumulated after their move, and frankly stated that they did not know of any-

thing they had the drouth sufferers could use. Then Uncle Joe thought of the cottonseed. Just the thing the committee announced, those drouth stricken people have cows to feed and have to have milk and butter. The Hamilton brothers donated 500 bushels of cottonseed.

This is quite a long story, but we hope it drives home the point to all of us to be self-sustaining. Let us support the government; not the government support us.

Mr. and Mrs. J. L. Cruce have returned from their lodge at Possum Kingdom dam, after a couple of weeks. They reported catching some fish while down there.

Bearden Says Some Changes Needed

R. S. Bearden of south Terry, was in one day last week to renew for his Herald, and in conversation, he made the assertion that present methods of farming in Terry county must undergo a radical change if we are to make a go of it when prices drop. Besides he stated, it will be better for the county as a whole, as it will make living at home the more certain and of course less costly.

Most of us older guys remember back in the twenties when most everything the farmer had to sell went below cost of production. That was the days before new deal help, but the Santa Fe railroad and other well wishers of the section started what was then the motto of the farmer, "the Cow, Sow, and Hen." With a combination such as this, at least the farmer could not be starved out, as long as he raised plenty feed. He had most of his living at home, and with cream and eggs, he'd do pretty well.

and eggs, he'd do pretty well. are going to drop radically in the next few years unless there is another war. And he, like most everyone rather have less about them and a reduced bank account than another war. Mr. B. stated that he had a fairly good crop as he had a swell rain three weeks ago, says the hail that got some of his neighbors. One was a neighbor with 100 acres of irrigated cotton.

BLACK GIRLS HAVE REUNION

Mrs. W. R. Bridges of this city and Mrs. W. E. Winn of Gomez entertained first cousins from Breckenridge last week. Mesdames Bridges and Winn's sister from Happy was unable to attend. Mr. Bridges related that the affair had to be held at the Winn home as

Mrs. Winn is confined to her bed. Mrs. Bridges, he related, is entirely blind, but got a great kick out of the visit of her cousins.

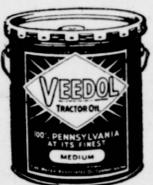

The visitors were, Mrs. Lela Knight and husband, Ethel Robbins and daughter, Sarah; Pearl Robbins and husband. They are the daughters of the late A. A. Adkins, of Breckenridge, and they

are recently made award of what the government can do to heirs of an estate. Uncle Samuel took just \$80,000 as his share of the estate of Mr. Adkins.

Having too much money not only goes to a woman's head, but finds its way to her back.

In tractor farming, acre-profits depend in no small measure on oil-costs. And a sure way to cut oil costs is to use 150-Hour Veedol Tractor Oil! This amazing lubricant is refined 100% from Bradford, Pennsylvania crude oil... it fights heat and friction... retains its "oiliness" and lubrication value for a full 150 working hours in any gasoline powered tractor — cuts oil consumption in all tractors, regardless of fuel used. Give your tractor this famous "Film of Protection"... ask for 150-Hour Veedol Tractor Oil, today!

B. KNIGHT IMPLEMENT COMPANY

JUST A BIRTHDAY GREETING

You know how strange it is that a lot of grownups, and even the elderly among us try to make it appear that we ignore birthday greeting cards? But under the hide most of us secretly like 'em. We received one from a lady that we have known from childhood, now Mrs. Mary Jo Hardy. We have always called her "Josephine." So that was the way she signed her greeting.

But folks, we can't for the life of us understand not getting one from our two little girl friends, Genevieve and Buzzy, who refer to us as Daddy Jack. Where are those girls?

AGED SUNDOWN MAN DIES

Will Burns, 80, died at the home of a son at Sundown, Sunday afternoon. Brownfield Funeral home transported the body to Rising Star, where funeral and burial was held, Saturday. He is survived by two sons, O. L. and C. P. of Sundown, another son, M. A. and a daughter, Mrs. Aldridge, both of Odessa. He had been ill sometime.

Mr. and Mrs. Kenneth Hill of Fredericksburg are visiting in the home of Mrs. Ben J. Hill.

IS THERE a limit to speed for a man or a horse? Can the human or the equine frame carry just so much drive before it starts to crack? We put this query to Hirsch Jacobs, one of the finest conditioners in any sport, one of the best horse trainers of any given decade. "To set a record," Jacobs said, "one must have a fast track. That means a hard track. Setting records on a fast track is dangerous. It has wrecked many fine horses. I would say there is a limit to how fast a horse can run before he cracks up. Especially if he is after records over a hard, fast track."

Grantland Rice

This reminded me of a story that Charley, Paddock once told. "Just at the time," the World's Fastest Human said, "I was at my peak. I had just tied the world's record at 9 3/5. I knew I could do better. I was set that day at Los Angeles in a Southern California meet. I broke in front. I was flying at the 50."

"Around the 80-yard mark I knew I was headed for at least a 9.1 for the 100 yards. I knew the record was mine. Then the calves of both legs began to shiver. I felt all my leg muscles pulling apart. The thought suddenly hit me that I was on my way to be a cripple. I felt my legs were breaking up over this hard, fast track. I pulled up—and still finished in 9 3/5."

"I couldn't run again for weeks. The calves of both legs were extremely sore and strained." And don't forget that Paddock had two of the strongest looking legs anyone ever saw on a track star.

Lim' on Speed
"I realized then," Paddock told me, "that as we are developed today, we are capable of handling only a much speed. I mean our course of evolution and development: someone will run the 100 yards in 9 flat. But not now."

"This was proved when Mel Patton ran 100 yards in 9.3 and wound up later with cramps. Patton was moving into the danger zone, due entirely to excessive speed over a hard, fast track. He was finding out what Paddock had discovered years before.

"How does this sound?" I asked Jacobs. "It sounds 100 per cent sensible," Jacobs said. "You can't drive either horses or humans over fast, hard tracks into records without paying the penalty. Which is a breakdown. What do the owners want—a record or a sound horse?"

Jacobs claimed Stymie for something like \$1,500 and turned him into a million-dollar probability. The racing game is packed with fine trainers. We could start with Ben and Jimmy Jones. We could bring you Maxie Hirsch, certainly one of the greatest.

We could call on Sunny Jim Fitzsimmons who knows horses better than horses know themselves. A great trainer. There is Honest John Partridge, who has been a fine trainer for 50 years. Most of these are veterans. Ben Jones, Fitzsimmons, Hirsch, John Partridge—able, smart, can take you back more years than you can remember.

Young Trainers Are Good
There are any number of younger trainers on the job—Johnny Gaver of Greentree; S. E. Veitch of C. V. Whitney, one of the best, and several more. But I also like the training methods of Jacobs, who wins his share of races without any \$50,000 or \$60,000 investments in young talent.

Jacobs is a condition man. Condition to me means so much more than anything else. A champion must have many things. But above all he must have condition. Joe has little condition in either his first or second Joe Walcott fight. Walcott kept in condition. But he was a second-rate fighter. As a result, Louis, rated one of the best of all the heavyweights, was far behind Walcott after 25 consecutive rounds.

When Louis' legs began to put on weight you knew what happened. He was far over the top.

"Condition," Jacobs tells me, "isn't a matter of pigeons, horses or human beings. I've trained pigeons and horses. Human beings would be just the same."

"What are the main qualities?" I asked. "Too many things," Jacobs said. "The amount of work they need. Food. Rest. I'll take up horses. You watch a horse. You watch the way he runs. He may be over-worked. He may need more work. These are the things to look for. "No one is ever quite alike," Jacobs said. "I mean a human being, pigeon or horse. Each case must be accorded individual attention."

Mr. and Mrs. Jess McWhirter and son, Eddie Taylor, have returned from a vacation. They stopped for a few days in College Station where Eddie will enter A&M this fall.

Miss Patsy Benton won a dress in the Gay Gibson contest sponsored by the Gode Fashion Shoppe Saturday.

Is Your Child Ready For School?

Dr. Geo. W. Cox, State Health Officer, urges the parents of all children who will respond to the school bell for the first time in September to be sure the child is physically ready for school duties. "First and foremost is the need for vaccination against smallpox. Parents and physicians should see that children are vaccinated before they are one year of age; however if not done previously, at school age vaccination becomes absolutely necessary," Dr. Cox said. "If your child has not been vaccinated, have it done immediately so that the scar will be completely healed before school opens."

Immunization against diphtheria is also highly desirable, Dr. Cox believes. This disease, which causes serious illness and deaths among young children can be prevented with toxoid. The child who has never been protected should be given this safeguard against a dreaded disease. Even though he may have been immunized as a baby, doctors and health officers usually recommend an additional dose of toxoid to strengthen immunity before entrance into school.

"In addition, before you send your child to school you are urged to take him to your family physician and dentist for a thorough examination," Dr. Cox adds. "You will want to know that he is in good physical condition and can compete with the other children on equal terms. If the check-up reveals any weakness or defects there will be time to build up his general health and correct dental defects before school opens. Don't let your child start his school life with any avoidable handicap."

MANUFACTURE OF DAIRY PRODUCTS

Texas dairy manufacturing reversed its upward trend for the first time in 1948 as July reports from the University of Texas Bureau of Business Research showed a 12 per cent decline from June production.

Only creamery butter recorded an increase in July—2 per cent. Production of American cheese declined 27 per cent, and ice cream manufacturing fell 24 per cent from June levels.

RAIL SHIPMENTS OF POULTRY AND EGGS

Rail shipments of poultry and eggs from Texas stations totaled 183 carloads in July, the University of Texas Bureau of Business Research reported.

July shipments declined from 388 carloads shipped in June, but were above the 235 carloads moved in July 1947.

Receipts of eggs at Texas stations were 14 carloads in July, compared to 18 received in June, and 10 received a year earlier.

Read The Fine Print

Another constitutional amendment is coming up for adoption this fall in Texas. And adopted it surely will be. How can you beat one of them? Though we are agin this one, we are sure from the way it is made to sound that it will pass. The amendment proposes to cancel forever the state ad valorem tax for revenue purposes. We'd like that just dandy, but the other provision states that counties can slap the same tax back on if the money is to be used for the building and maintenance of farm to market roads. At present the state is building these farm to market roads at no cost to local taxpayers and also this year the state will levy no ad valorem tax because there is plenty of money to run the government and build the roads without the said ad valorem tax. With county taxes more than doubled in the past five years, and local taxes stacked up higher and higher, the prospects for dry land farmers of Crosby are pretty grim. But who wants to read all the fine print in the publication of these constitutional amendments? Another amendment doesn't sound good at all, but likely it will pass too. It simply provides for a pension system for politicians. The national congress started out to pension itself off a few years ago by statute, but there was so much criticism that the matter was dropped. However, the Texas plan calls for a vote on the matter by the taxpayers of the state. We are afraid they won't read the fine print before they sign the contract; then when a county officer is elected we will be bound to support him—to some extent—forever after. We ought to read the fine print.—Ralls Banner.

G I QUESTIONS AND ANSWERS

Q. Is it true that a lapsed National Life Insurance policy can no longer be reinstated?
A. No, but since July 31, veterans whose insurance has been lapsed three months or more will have to pass a physical examination to qualify for reinstatement.
Q. What is the difference between term insurance and converted insurance?
A. The protection in event of death is the same, but converted insurance accrues cash, loan and paid up insurance values, whereas term insurance does not.
Q. I find that the course I am taking under the G-I Bill is not what I expected it to be. Can I change my course to one that will meet my requirements?
A. Yes, providing you have VA's permission to do so. Whenever the facts in the case indicate that a change will be to your best interest, VA will grant authority for the change.
Q. I have been working in a garage and now have an opportunity to buy a share in the business. Can I use my loan guaranty rights to acquire an interest in the garage?
A. Yes. Such a loan would be eligible for guaranty under the Public Law 346, (G-I Bill).

THANKS VOTERS

To the voters of Terry County, Precinct No. 4.
I wish to thank all those who supported me in my race for the Democratic nomination as commissioner of Precinct 4. Although I was defeated, I hold no ill feeling toward anyone, and in addition to thanking those who voted for me, I also wish to express to those who considered my candidacy in any way.
Sincerely,
J. B. (Mutt) Oliver

BUSINESS FAILURES STILL VERY LOW

Six Texas businesses failed in July, reports to the University of Texas Bureau of Business Research from Dun and Bradstreet showed.
There were 12 failures in June 1948 and 4 in July 1947. Average liabilities were 123,000 in July, compared with \$36,000 in June, and \$98,000 in July 1947.

The **GAS** Refrigerator is Texas' growing favorite because...

only Servel is guaranteed for 10 years...

and only Servel... **STAYS SILENT LASTS LONGER**

Operates anywhere ON NATURAL, BUTANE OR PROPANE GAS

STAYS SILENT... LASTS LONGER
Servel
The **GAS** Refrigerator

All over Texas folks say, "The Gas Refrigerator for us!" It's the only refrigerator that guarantees silence and dependability for ten years. That's because it's the only one with a freezing system that has no moving parts. A tiny flame of natural, butane or propane gas does the work.

More than two million American families have Servels today. Many of them have been using theirs for 18 years, 20 years and more! Come see the new models. It's first come, first served for Texas' growing favorite.

2 Great New Engines
Choose either the V-8 or Six. Up to 10% increase in gas economy.

White sidewall tires available at extra cost.

America says "TERRIFIC!"

New "Hydra-Coil" Springs up front. At the rear, new extra-long "Para-Flex" Springs.

The '49 FORD is The Car of the Year!

Sofa-Wide Seats
You ride relaxed, at ease, on seats 57 inches wide in front, 60 in back.

Low Silhouette
That longer, lower look. Yet more headroom, too!

59% More Rigid
New "Life-guard" Body and frame structure.

There's a new Ford in your future

No car we've ever sold has had a reception like the Ford Forty Niner. No car has ever received such wholehearted praise. And no wonder! Inside and out, it's new in every way... and you helped design it! In letters, surveys, personal interviews, you told Ford what you wanted. See "The Car of the Year" at our showrooms. Come in soon. You'll be just as excited as we are!

COME IN TODAY!

Neill Thanks Voters

Thanks folks. Those are the first words that pop into mind, prompted by my heart as I pen this item. Not having made a house to house canvass, and but little personal solicitation, make me only the more grateful, and I should be, for your kind support. The loyalty of so many good friends and citizens, binds me closer to an obligation of faithful service in office, which is the proper way to repay you. I shall do my utmost to administer the duties of this office according to law.

I extend commendation to Mr. Heath and Mr. Graves and their peers from place 16 miles SW Brownfield. Liberal reward for return. Robt. L. Noble, 801, Tahoka Road. 6p

To The Voters of Precinct No. 4

I want to thank each of you who supported me in the second primary. To those who did not see fit to vote for me I want you to feel free to call on me at my time as your Commissioner and I assure you that I will endeavor to serve you all the same.

Respectfully yours,
 H. R. (Horace) Fox.

REUNION OF DAY CHILDREN

Mrs. John Day's seven children met at her home two miles south of Tokio, Sunday, August 29, for a family reunion. Twenty-nine were present.

Other callers during the afternoon were Mr. and Mrs. Charlie Jones and family.

Mrs. E. C. Brock and two children left by bus for Fort Worth Sunday afternoon after the reunion.

supporters for their total abstinence from any so-called muddling. I never fostered, nor heard of any, either way. We ran a clean race.

My seeming reticence, did not mean that I didn't care, for I really wanted the office, glad to get it, will be proud of it, and am very grateful to the public.

Thanks Folks,
 Geo. W. Neill.

To The Voters:

I wish to express my sincere thanks and appreciation for those who supported me in the recent campaign for County Attorney.

Although I lost by 29 votes in the run off, I gained from the first Primary 99 votes and the opposition lost 13 votes with all more than 2,000 who did not exercise their privilege of voting.

I have no regrets for making the race and feel that I have made many new friends. There is no ill will on my part for those who did not support me and now that the election is over we will do our best to cooperate with the newly elected official. Thanks again, folks.

Sincerely,
 L. C. Heath

GUESTS IN PADEN HOME

Mr. and Mrs. Glenn Paden entertained several couples with a two table bridge party Tuesday night.

Among the guests were Mr. and Mrs. Ensel Paden, a brother of Mr. Paden. The Ensel Padens are leaving this week for Plainview where he will teach school. They have been visiting friends and relatives in Brownfield this summer.

VOWS READ RECENTLY — Miss Jery Coulter, daughter of Rev. and Mrs. W. H. Coulter of Brownfield, and L. LeJune Lincoln, son of Mr. and Mrs. C. L. Lincoln also of Brownfield, were married August 16 at 7:30 p. m. by Rev. W. T. Sparkman at his residence.
 Mrs. Jeff Coker, sister of the bride, was matron of honor and Vernon Lincoln, brother of the groom, was best man.
 Mr. and Mrs. Lincoln are at home on East Buckley. He is employed by the Western Boot & Shoe Shop.
