The Terry County Herald

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

VOLUME 44 BROWNFIELD, TERRY COUNTY, TEXAS FRIDAY, SEPTEMBER 17, 1948 NUMBER 8

The Herald has grown with this section from strictly a ranch country. This area now consists of thriving towns and cities, supported by scientific farming and stock farming, augmented by huge oil fields, with the nation's largest known oil reserves.

Crowded School Conditions Aired In Meet

STATES' RIGHTERS WALKOUT - States' Righters demonstrate on the convention floor before leaving the State Democratic Convention in Fort Worth. (AP Wirephoto.)

Election Laws Should Be Completely Overhauled

Attorney General Price Daniel stated this week that Texas Election Laws should be overhauled from stem to stern. This statement came after the charges and counter charges in the recent US Senatorial race. The attorney general says that with the present setup his office has no jurisdiction whatever; it being left up to the county and district attorneys. He believes this law should be so changed that the State Attorney General could step in just in case the above officials failed or refused to act. This especially true if such offenses appear to be state wide. Another thing he recommends for the next legislature, is to make it impossible to "find" some additional votes for a candidate, which at present is hard to distinguish from honest corrections. Another thing he recommends is that no election returns be given out until every box in a county be certified and delivered. The election officials would be required to count, swear to, seal and deliver their returns and boxes to the County Clerk within 48 hours. (Monday night after a Saturday election) and not divulge the count on any race until after the official returns are opened and canvassed in public the following morning. He stated that it would then be too late for a precinct to "find" or be suspected of "finding" additional votes needed by any candidate.

The Herman's Gins Up In Good Shape

A lot of work has been put in on the three Herman Cheshir Gins during the summer, and all three are in fine shape. A large seed house has been moved from the old West Texas plant here to the Foster Gin. This seed house was not badly needed here as seed is moved out almost as fast as ginned.

A new smokestack has been added to the Herman plant here, which adds greatly to the looks of it. The Herman Gin is directly under the supervision of Herman (himself) Cheshir. The Travis Gin over on the northside is managed by Virgil Travis, while the Foster gin is managed by Herman's younger brother, Leonard.

Mrs. W. E. Heard of Lubbock, spent Monday in the home of Mr. and Mrs. Bob Spears. Mrs. Heard and Mrs. Spears are sisters.

Mr. and Mrs. Jack Browder of Brownfield, Mr. and Mrs. Kenneth Threest of Lubbock attended the races in Plainview Sunday.

Lubbock Boosters Here Tuesday

Two bus loads of Lubbock business and professional men, accompanied by a sound truck for making announcements and playing music, paused briefly here late Tuesday afternoon, on their southern swing. Much advertising in the way of window cards, glider and balloons for the juveniles, were handed out. Short talks were made by co-chairman of the caravan.

Lubbock people generally do not like to hear anyone refer to their regional exhibition as the "Lubbock Fair." They wish people to use the longer appellation, "Panhandle-South Plains Fair." True, they state, that while Lubbock is the seat of the annual fair, it belongs to all the people of the region. However, most people rather call it by the shorter name.

Aside from the fine farm and ranch exhibits to be shown, the latest machinery for the farm and irrigation can be seen. Then too, the merchants of that city usually have fine exhibits of the latest in wearing apparel. Last but not least, there is an entirely separate exhibit for the ladies that always attract the feminine attendants.

On the amusement end, the fair this year will be unusually well represented by such organizations as the real McCoy "Queen For A Day" radio program Water Follies of '48; Seddon the Stratosphere man, and Forsythe and Davis shows and rides.

People other than Lubbock have told us that the 1948 fair will vastly surpass any past exhibits ever seen there. The dates? Sept. 27th through Oct. 2nd.

Lee Brownfield Adds 60 Feet To Building

With the vast amount of improvement going on in our city, it is hard to keep up with all of it, especially if it is the work of enlarging in back of other buildings. Such is the case of the 60 feet extension of the Lee Brownfield building in the 400 block, West Main.

This enlargement will permit expansion of the business of three firms by 60 feet. The Co're Shop, Nelson Jewelry and the A. W. Turner Insurance. Building is new under way.

Notice To Farmers

There is to be a field day at the Lubbock Experiment Station. The event is to start at 10:00 o'clock Thursday Sept. 23.

In the afternoon they will go to the college and have an interesting tour. There will be about six counties represented.

All farmers and anyone else interested are urged to attend.

WILL WONDERS NEVER CEASE Old Sharley Guy Hobnobbing With Jesterites

Chas. A. Guy of the Lubbock Avalanche-Journal is down at Cowtown this week, and despite all the hard licks he has handed Beautiful Beauford Jester. Old Sharley is right in there playing "one of the boys." Of course the "jester crowd" is for Johnson, also for Truman, but Charley is swallowing the bitter pill and throwing in with Jester and his chief lieutenant, Bob Calvert.

Now Sharley has had some pretty nasty things to say about Jester-Calvert, etc., but as long as they are for little Lyndon, Guy decided to go along. And he is telling his readers what that crowd is going to do with R. M. Kendrick and others who have been true Democrats many long years, when Sharley breezed in from up north as a Republican.

And Sharley, or someone has written some pretty scorching editorials about Truman and his Pendergrass connections. We look for Old Sharley to come back home and write some hot editorials for the Truman-Barkley ticket, and perhaps support Jester for a third term or to unseat Tom Connally some four years from now.

Maybe now with this radical change in Sharley, we can look for more rain in 1949.

New Sections To Get City Delivery

The Post Office Department has authorized the extension of city delivery service the territory described below. This new extension will be placed in effect Tuesday, October 6th, 1948. All patrons living in this new area must have suitable mail receptacles in place and their house numbered properly.

These patrons are required to call by the Post Office to give proper change of address. All patrons should notify their correspondents and publishers of their newspapers and magazines of their correct new mailing address just as soon as the service is started. The new territory is as follows:

600-800 blocks East Buckley, 600-900 blocks East Reppito, 600-900 blocks East Lons, 1000-1100 blocks East Hill, 200-300 blocks East Ripley, 700-900 blocks North A, 300 block East Stewart, and 700-900 blocks North Atkins.

M. and Mrs. E. D. Jones accompanied their son, Harold to Abilene Sunday to re-enter Abilene Christian College.

M. S. N. B. Douglas of Brownfield is visiting her sister, Mrs. C. G. Cross at Wellman

Cubs Lose Opener 16 To 13

Spotting their opponents two early touchdowns proved too big a lead for the local gridgers as they bowed to the Pecos Eagles last Friday night in Pecos. Fumbles and faulty snappings proved costly for the Cubs.

First Pecos score was set up when Brownfield fumbled on its own 48 yard line. Pecos recovered and Christian and Scroggins, Eagle backs, took turns in power-housing the pigskin into pay territory. Bill Basden kicked the extra point.

Late in the first quarter, Basden eased through the middle of the line for a 4 yard spring before being hauled down by Bill Tankersley. This placed the Eagles in position for their second which came early in the second quarter when Christian rammed over from the three. Basden's second try for point was also successful.

Cub Fullback Maurice Martin cut the locals back in the game with a 20-yard jaunt, and Halfback Billy Anderson plunged two yards for the first Cub score. Try for point was missed.

Hard charging Pecos linemen Ater and Owens picked up two more points for their team when they nailed the Cubs behind their own goal line.

Carroll Johnson scooped up a blocked Pecos punt in the final quarter and raced forty yards for a score. Gorby's kick for point was good. Neither side could rake up a passing attack.

The Cubs are idle this week, but journey to Lamesa next Friday night for a game with the Tornados.

Why Junk Your Stuff? Have Them Fixed

Of course our many dealers here are always ready to sell you new fixtures of any kind. That is what they are here for. But even the dealers would not advise anyone to buy something new when the old stuff seems to have seen better days, but can be repaired.

Take your old chairs, bedsteads, etc. Maybe they have become loose in the joints, and are rather rickety. Perhaps the upholstery is in bad condition, the loose springs making an ugly bulge in the seat of a chair, and resting in one of them out of the question.

Such chairs, settees, couches, lounges, etc., may be carried to the Fowler Upholstery Shop on Lubbock Road, and when he is through with the job, your furniture comes back to you looking new, and at perhaps one fourth the cost.

Then over in that section is located the Brownfield Radiator Shop. Perhaps your car radiator does not function well; has poor circulation, and therefore gets hot, and you have to stop frequently along the highway for more water. Take your troubles to them. If it can be fixed, they'll do the job, or if you should have a new one, they will frankly tell you so.

Then down about the juncture of the Tahoka-Lubbock highways is located the Spear Radio Shop. Maybe all at once your radio begins to act up, squeals and squawks. Most of the time Mr. Spear will have your radio recalibrating as of old with a minimum of expense.

There are other places where numerous things can be repaired, mended and put in first class condition. We shall tell you about them from time to time.

Supt. Jones Put On Committee

Eunice D. Jones, who for several years has been superintendent of municipal utilities in Brownfield, has recently been put on the Legislative committee of the State Municipal League.

Mr. Jones will be in El Paso for a statewide meeting of the League when it meets there Oct. 4, 5 and 6th. He will have a part in the program of this meeting.

Local Officers Have Busy Week

On September 9th, a man was picked up in Brownfield for non-support of a minor child. Officers from Orange County, California flew here September 12th and returned the man to that place.

On the same day the officers picked up a Mexican in the flats here for theft of some junk iron. He was taken to Tahoka by Sheriff Sam Floyd.

On Sept. 10th, the officers picked up a man and jailed. They had previously searched his home and found in his possession illegal liquor.

On Sept. 11th, two cases of driving while intoxicated were picked up and both pleaded guilty and fined.

On Sept. 13th a Forged check was given to the Fair Department Store here around noon hour. He was caught in Post at 2:50 p.m. and returned to Brownfield.

On Sept. 11th, a 28 year old Mexican man ran off with a 12 year old Mexican girl. On Sept. 13th, a rape charge was filed against the man. He is in the Terry County jail.

Nazarene Church To Hold Revival

The Brownfield Church of the Nazarene will be the scene next week of a weekend revival with the Rev. and Mrs. H. C. Cagle, of Buffalo Gap, Texas, pioneers in the Church of the Nazarene in this state.

The revival is slated to begin September 22 and will close on Sunday, Sept. 26, with services each night at eight o'clock, according to Rev. J. Reynald Russell, local pastor.

Mrs. Cagle was prominent in the founding of the New Testament Church of Christ, one of the denominations uniting to form the Church of the Nazarene, near the beginning of the century. Although in their eighties, both of the Cagles are still in the active ministry.

County Valuations Up Million Plus

In conversation with Herbert Cheshir, county and state assessor and collector, he informed us that the assessed valuations of Terry county went past 10 million dollars this year to \$10,539,822. This is an increase of \$1,296,592 over the \$9,243,230 assessed valuation of 1947. He stated that 30 oil wells had been added since last year, most all in the Adair field in south Terry.

While the county tax rate will be the same as last year, \$1.20 on the \$100 valuation, the State tax rate dropped from 72c to 42c. So there will be a saving of 30c per \$100 over the tax you paid to county and state last year.

This will be quite a little bit for all concerned and is a nice little gift to be dropped into the Christmas stocking.

Plains Citizen Drops Dead On Street

J. R. Beach, aged 70, died of a heart attack at 4 P. M., Monday, on a Plains business street. Mr. Beach, a farmer, had resided in Yoacum county since 1934.

Funeral services were held Wednesday at the Plains Baptist church, with Rev. Curtis Jackson, officiating. Burial in Plains cemetery, directed by the Brownfield Funeral Home.

Deceased is survived by his wife and two sons, Calvin, in AAF Wichita Falls, and J. R., jr. with the US Army in Japan. Seven daughters, Mrs. J. L. Wells, Mrs. M. E. Patterson and Mrs. D. E. Warren, all of Plains; Mrs. D. B. Lacey, Melrose, N. M.; Mrs. J. H. Coneland, Nocona; Mrs. W. E. Lummus, Sunray; Mrs. Paul Bentley, Mages City; two brothers, Dr. W. W. Beach, El Paso and Alex Beach of LaGrange, Calif. Seven grandchildren also survive.

Supervisors Election For Soil Conservation District

As is provided in Section 6, Paragraph 3 of the State Soil Conservation Law, Supervisors in Sub-division No. 5 in all Soil Conservation Districts throughout the State of Texas are to be elected on Tuesday, October 5, 1948, to serve a period of five years.

Mr. Jay Barret, Chairman of the Cochran-Yoakum-Terry Soil Conservation District with headquarters in Brownfield, stated that this is a very important day in the progress of the Soil Conservation districts in Texas, because the selection of new supervisors in each designated district will depend largely upon the further continued development of that particular local district.

The right selection of a new supervisor could have a direct bearing on further development and progress of planned conservation work.

Mr. Barret further pointed out in calling for the election of one new supervisor in Precincts 1 and 2 (east side of Terry county) including the following communities: Union, Meadow and Brownfield, with the polling place to be in the Courthouse Tuesday night, October 5, 1948, at 8 p. m. Any landowner residing in these two precincts has the opportunity to vote for the man of his choice, who will be nominated at this meeting. In the meantime, each landowner is urged to be thinking of a logical farmer in his community and come before the meeting on the night of Oct. 5 and present his name. This is to be done in the interest of further continued progress of Terry County and the district as a whole.

Mr. Barret desires to further point out that the CYT District was voted in late 1941, and an office has been continuously maintained in Brownfield with a staff of Soil Conservation Service Technicians who have taken care of all soil surveys, engineering planning of terraces, contours and irrigation projects that have originated from time to time where these services have been requested of the Service. Much valuable assistance has been rendered a large group of land owners since the formation of this District in 1941 on various types of conservation practices.

A Slight Change In Our Address System

Heretofore with the names of subscribers set up on Linotype slugs we have given the date, month and year following the name, as an example, 12Sept48. We are now installing a new addressing machine, and as soon as it is in operation, there will be no date. Just the month and year the paper will expire, for instance Sept48.

This will save time and space on the line, and subscribers, whether their time has been expiring the first, middle or last of each month will receive each paper for that month.

Of course if they fail to renew that month, we'll have to stop their paper as newsprint is too scarce to carry deadhead readers.

Season Tickets For Games On Sale

The Season Football tickets will go on sale at Wilgus Drug Friday at p. m. There are five home games, and the tickets will sell for \$6.30 each.

Tickets not bought in form of a season ticket will sell for \$1.50 at the gates.

Tickets were scheduled to go on sale last Monday but had to be made over due to a misprint.

Mr. and Mrs. Gene Wright of Fort Worth are visiting Mr. and Mrs. Shelton Wright in Brownfield.

Quarterback Club Resumes Meetings

First meeting of the Quarterback Club for the 1948 football season was held Tuesday night at the high school building.

Prentice Walker remains as president of the group. R. J. Purcell was elected first vice-president to succeed Marshall Loyd, who has moved to San Angelo. Dube Pyeatt was named secretary-treasurer, replacing Virgil Burnett, who resigned due to press of duties as secretary of the school board.

Meeting date has been set at 7:30 every Monday night in the high school study hall on the second floor. Dues of \$5.00 per year were decided upon.

Coach Kellow gave a brief report of the Pecos game and discussed the team as a whole. He stated that while the team was now severely handicapped by inexperience, considerable improvement should be expected as the season progressed.

Everybody, whether a member of the organization or not, is urged to be present at the Monday night meetings.

September Named "Child Safety Month"

Governor Beauford Jester has proclaimed September as "Child Safety Month" to focus attention on the need for protecting children from traffic accidents as they start back to school.

A statewide program reaching into every community that has an American Legion Post is being sponsored jointly by the Legion and the Texas Safety Association.

Motorists are being urged to "watch out for the kids—then a brake." Parents are encouraged to help teach safe habits to youngsters. The kids themselves are reminded not to play in the street or road and always to look before crossing a thoroughfare.

Governor Jester in his proclamation pointed out that 218 children below the age of 14 were killed in Texas traffic accidents last year, while 1826 boys and girls were injured.

Collins Undergoing Huge Remodeling Job This Week

Workmen began this week to rip out the old front and old fashioned awning in front of the Collins store on the west side of the square. We understand that when remodelers have finished with this front, it will be as modernistic as they come.

In fact, in the coming few months this store will undergo one of the most ambitious remodeling and enlarging undertaking ever seen here. It is our understanding in the spring the store will be carried back to the alley, adding 40x40 more feet to the building.

At the same time, a large rearranging and remodeling job will take place in the interior, making it one of the most lovely stores in the section. It is estimated that the finished job will cost in the neighborhood of \$50,000.

BOILER BURNS

The Fire Department answered a call at the City Cleaners 609 West Main, Tuesday night at 11:30. The fire started at the back in a boiler, which was a total loss.

Malcolm Brasher of Tahoka visited last week in the Cliff McKee home.

A number of local school patrons and several teachers met Tuesday night of this week to discuss the severely crowded conditions existing in the school system—especially in the lower grades.

Gene Gunn, president of the school board pointed out that the first three grades were crowded to the extent that they had to be divided and placed on a half-day schedule. He also stated that it appeared that this practice would likely have to be carried out in still other grades in the event the growth and the town and school district continued and provided a solution to the problem not be found in the immediate future.

Gunn revealed that the board had been pondering two proposals, either of which might possibly alleviate the situation until the proposed high school building could be completed. The first of these involved the erection of a building or addition at the Randall school, originally intended in the school board's improvement program to be used as a cafeteria. It was suggested that this building could be built and temporarily partitioned into classrooms and finally completed for its original purpose—when the classroom congestion was eventually relieved. Main obstacle to this proposal was the fact that additional bonds would have to be voted for the building or funds diverted from the bonds recently voted upon, when, and if, they are finally sold.

It was also pointed out that opponents to the recent bond measure had appealed their case to a higher court and it might be next year before the matter was finally settled.

The second proposal was to investigate the possibility of securing Army barracks buildings and fitting them as temporary school buildings. Here, the drawbacks were that the buildings, being of wood construction, bonds could not be voted for their purchase and refitting; that most buildings of this type were in a more or less unfinished state, and that the cost of heating and plumbing for them would be considerable, to say the least.

No decision being arrived at on the two foregoing measures, it was suggested from the floor that the possibility of using church buildings as temporary classrooms be discussed. This, however, was finally discarded and the decision was made to continue with the half-day schedule.

It appears several times in the course of the evening that a rather pointed discussion of the recent bond issue would break out, but Gunn repeatedly reminded the gathering of the primary purpose of the meeting and tactfully redirected the talks to the subject intended for consideration.

Sidewalk Supt. Watch Elevators Go Up

Not a few of the local people have visited the area of the Good-pasture grain elevators of recent days to watch the eight additional units of concrete bins as workmen point them skyward. But most of these Sidewalk or shall we say Car seat Superintendents stay at a safe distance.

It is really a hard one for the uninitiated to figure out. There are presumably three crews of 8 hour shifts, and the building operation goes on day and night, Sunday and all. The work can't be stopped, as it would let part of the concrete harden, and the fresh concrete would not congeal with it. The place is lit up at night like Judge Bynum's famous Pollack church.

Machinery lifts the forms gradually, as new steel and concrete is poured into the forms. It looks a bit dangerous to be on a scaffolding 75 or 100 feet high, and a lot of green concrete just below you. But it is said to be entirely safe.

Mrs. Gordon Newsom and Mrs. J. T. Bowman, left Amarillo Sunday morning by plane to attend market in Los Angeles, Calif. Mrs. Newsom is opening the Mamma-John Fashion Shoppe in Midland, the latter part of Oct.

The cartoonists on the covers, as well as the big national magazines are having a day of it. One day they jab the second hand car dealer that is black marketing, or we believe they call it "grey" marketing of cars these days. We wouldn't know the fine point of distinction if any. However, the only difference perhaps is that the black marketer puts out a job sight unseen, perhaps, while the grey market man tells you approximately how far the car has been driven, and whether by a reckless or careful driver. He also tells you what the regular price is and the trade-in value of your car. Then next day the cartoonists switches to the guy who has waited weeks and months for his new home to be finished. The owner is pictured as setting up a kind of lottery in front of the very much incomplete home and lets neighbors take a chance on when the job will finally be finished, and the owner allowed to move in. And still another chance, for a price, of course, on how much more the job will cost when finished than the agreed price. The owner, according to the drawing board gentry, does this to take care of some unforeseen overhead.

The Old He has an invitation from the West Texas State college at Canyon, to attend the inauguration of Dr. James P. Cor-

nette, the new president that succeeds Dr. J. A. Hill. The program opens a 10:00 A. M., at the college auditorium, where the inaugural ceremonies are to take place, Saturday, October 2, At 1:00 P. M., there will be luncheon at the college cafeteria—that's right down our alley—and 4 P. M., reception at Cousin's Hall. But Canyon is a fur piece from here, and this is the busy season on the South Plains, so will have to stay home and listen to one of the boys in the back shop that imagines he can sing tenor and eat red beans and sow bussom for lunch, with regrets.

There is a slight indication that meats and other edibles will ease down a bit this fall or winter, as an all time record corn crop is announced by the USDA, followed on the heels of a near record wheat crop, and a fair sorghum grain crop, despite hot, dry weather setbacks. This means, despite the fact that the hungry nations are taking a great amount of our surplus, that quite a lot more grain can go into the production and fattening of more cattle and swine. There is one catch in the proposition, however, and that is, are there enough beef cattle and hogs to go around even if we have the feed to put in them? Some say there are plenty cattle on the ranges, but if not, cattle recuperation is rather slow. On the other hand, as pigs come in large litters and about twice a year, the hog population can stage a big comeback much quicker than cattle. As to mutton, that is about like cattle, but if people all over the USA consumed mutton and lamb as slow as here, it would be a poor sale even with meat scarce. This is not saying that mutton is not good and nutritious. It just does not register in a section that was cattle ranches two decades ago.

A lot of good people, and that includes a few weekly paper editors, who either wish to be popular with the so-called rank and file "common people," whoever they are, and like to be thought of as a "liberal," try to blame the large corporations, usually referred to as Wall Street, for every evil that beset the government. A lot of people taking a whack at the corporations forget that they are made up of thousands of stockholders, folks just like you and I. Let us in our reckless denunciation of the big industrialists never forget that they give a world of people employment at good wages, not only where they manufacture their products, but where they are distributed. And also, let's not forget that Hitler made little headway with his scheme of world conquest, as long as the industrialists of Germany were able to hold out against him.

But when they were threatened, cajoled and coerced into complying with the Hitlerian plans, those plans really went to town. Yet, it is very popular to denounce the people who are able to give jobs to others; even the demagogues cash in on that one. Let us be sensible men and women, and always remember that our nation has been made great because there was no restraint against anyone creating honest wealth. The writer is the son of parents in very moderate circumstances that left us an orphan at 11 years of age. We have accumulated our little bit the hard way. We don't ever expect to be in flourishing financial condition, but to save us we can't dislike those who are.

There has been a lot of loose talk of late about a "price roll back" to say a year ago. Let us try to remember that such a task is arbitrary, and contrary to the old law of supply and demand that has stood the test of time since the earth was an infant. It is a sobering thought when we are reminded that the producer of food and clothing in the raw state must have a slight profit if he stays in business. Some with the processor, the wholesaler and retailer. If they are to escape the receiver's sale, and stay in business, they must show profit. Nor will losewives demanding a cut-back help matters in the least. On the other hand, when we shall have reached a point in production that is even with or a bit ahead of demand, there will be a natural roll back—not before. The fear that comes to us is not that a roll back will come; it is that it will come too fast and suddenly disrupt normal business as it has too many times in the past.

The old bunk about producing less and having more is one of the most foolish that has been concocted by the demagogue politician and passed on to his constituents. What would our hardy ancestors have thought of such an idea, when they were conquering the wilderness to bring into

being the greatest nation on earth, or for that matter, ever has been known? What in the world did Capt. John Smith mean when he ordered his early Virginia settlers to "work or starve?" Or the sturdy New Englander who cut trees, built and planted to get through a hard winter? What would they have thought if some of the colonists had sat in the shade and demanded that others provide them and their families food, clothing and medicine from the cradle to the grave? These colonists would have been ashamed to even thought of such a matter. It is a European idea—not American. That imported idea is less work, shorter hours and more pay. Such ideas are fast leading us to the cheap dictatorships that has been palmed on most of eastern Europe as sure as you live and breathe. At least in following this European pattern, we are leaving ourselves open for a hard left to the stomach, and a right cross to the jaw here in our land of the free and the home of the brave. Let's not let these foreign ideas and their proponents sell us down the river. Let's be Americans like the people who fought, bled or died for this great nation of free men and women.

Anent the safe driving articles that appeared in these columns last week, a smart guy passing through Brownfield in his Cadillac was seen to apparently just deliberately try to run down a boy on a bicycle. The observer was not close enough to get his car number. And believe it or not, one of the Brownfield laws was seen to cut in at Main and Fifth after the light changed. Police, sheriff's or constables have no more right to disregard the traffic laws than anyone else, so far as we know.

With less than 100 votes to separate them, Democratic Executive committee has awarded the US Senatorial job to Lyndon Johnson. But we understand under protest. We are glad that west Texas in general and the Plains

### HELP WANTED—BUT DESPERATELY

SYDNEY — (AP) — Sydney firms, short of labor, are offering jobs to migrants by radiogram. As a migrant ship nears Australia they send "jobs vacant" radio messages to the ship for display on notice boards.

A few months ago staff-hungry employers met ships coming to Sydney. Several found, however, that other employers had got there first.

Mrs. Dorothy Rippetoe and daughter, Carol Lynn of Fort Worth, are visiting Mrs. Ruth Cox and family.

### ATTACHMENTS FOR TOUGH HARVESTING

The All-Crop harvester has lowest attachments to meet the toughest kind of harvesting... to keep moving under unfavorable conditions... to save precious seed, flax and beans... to pick up weather-beaten crops. Perhaps you've never realized how much extra grain or seed you can save under difficult harvesting conditions with the right kind of attachment. Let's talk it over before this season gets under way.

**FLAX ROLLER ATTACHMENT**—Flattening feed action relieves flax harvesting headaches. Saves more seed.

**SCOURKLEEN**—Removes trash and weed seed in the field. Deposits weed seed in separate bag.

**RADDLE TYPE PICKUP**—On or off in 15 minutes. For harvesting small grain and seed crops where windrowing is necessary.

**PLANTS TEXAS FLAG ABOARD AIRCRAFT CARRIER**— Lt. Commander Robert Jarvis, Jr., of Houston, unfurls the Lone Star Flag of the state of Texas, as he lands his plane on the flight deck of the USS Wright, an aircraft carrier, during recent maneuvers of the Air Reserve aboard a carrier. Lt. Commander Jarvis, Commander of Carrier Air Group 83, a naval air reserve group with headquarters in Dallas, landed the first plane on the carrier at sea off Pensacola, Fla., as the group reported for training. (AP Photo from U. S. Navy).

**Then Good Reasons For High Prices**

There's a lot of loose talk about what is causing our present high prices. We don't profess to know all the answers. But here are what we believe to be 10 definite reasons for today's high price tags:

1. Government's spending more than it took in.
2. Rationing and price control in war years—without adequate wage control.
3. Necessary of shooting away of about half the country's production in the war years, but failure to tax back from consumers—to take out of existence—the extra bonds and money printed during the war to pay for that war production.
4. High cost of government in peacetime—taking almost 20 per cent of the country's production and income for its own purposes.
5. Paying subsidies to put and keep prices up—even in a seller's

market.

6. Round after round of post-war general wage increases to most everybody—thus diluting further the value of money because there was no corresponding individual contribution to increased production.
7. Too-anxious consumer demand for available production.
8. Spending of savings and too much unnecessary buying on credit.
9. Needed aid to Europe, and the new re-armament program.
10. Lowered taxes on individuals—which freed extra money for further upward pressure on prices.— G. E. Mommentator.

Mr. and Mrs. John W. Nelson accompanied their daughter Peggy to Abilene Sunday to enter Hardin-Simmons.

Mr. and Mrs. W. N. Milner of Lubbock visited in the home of Mr. and Mrs. John Milner Sunday.

**Dr. Cox Urges Shots For Diphtheria Immunity**

An interesting sidelight on public health in Texas was revealed in the morbidity report of the Texas State Department of Health for the week ending August 28th, which showed a total of 2 cases of smallpox for this year, while in the same period there were 588 cases of diphtheria.

Commenting on these comparative figures, Dr. Geo. W. Cox, State Health Officer, stated that diphtheria is as readily controlled by immunization as is smallpox, but that apparently the public has failed to recognize this fact, or to act upon it.

"Smallpox, which is highly contagious, is no longer considered a major health problem in Texas," Dr. Cox said, "and this is due to widespread vaccination against the disease. Diphtheria, equally contagious, can also be reduced to the point where a single case is a rarity, but only when parents awake to the fact that every child should be immunized in infancy. The baby's doctor will recommend when this should be done, and if all children were given this protection, there would be none susceptible to contract this killing disease.

Ordinarily the immunity provided by diphtheria toxoid lasts a child until he is of school age, however a Schick test should be given before the child enters school. If needed, an additional shot of toxoid should be administered.

"When all children are routinely immunized against this dreaded disease, it can be virtually eliminated as the health hazard that it now is, to the boys and girls of Texas," Dr. Cox declared.

Back Bay is a part of Boston. Boise is the capital of Idaho.

**Texas Business Situation Active**

AUSTIN, Sept. 16— Texas business continued at peak levels, as the composite index of business activity establishes a new post war high in July, the University of Texas Bureau of Business Research reported.

After adjustment for seasonal variation, the July index stood at 227 per cent of the 1935-39 base period, increasing 5 per cent over June and 14 per cent above July 1947. Dr. John R. Stockton, Bureau Statistician, said that this point was only 6 per cent below the all-time high reached in January 1945, and a 42 per cent increase from the low point of the recession period reached in October 1945.

Four components of the index increased from June: department and apparel store sales, 38 per cent; pay rolls and electric power consumption, 2 per cent; and employment, 1 per cent. On the other hand, miscellaneous freight loadings and crude runs to stills both slipped 1 per cent from June. All components except miscellaneous freight loadings increased from 1 to 21 per cent above July 1947.

According to Dr. Stockton, all of the measures of total business activity in Texas and for the United States tell essentially the same story, that business is at a record volume, so high that there is little likelihood that it will be able to expand much further.

Ruth Huckabee, an employee of The First National Bank, is in Austin attending a banker's school.

Miss Vela Mae Dumas of Lubbock spent the weekend with her aunt, Mrs. O. L. Jones and family.

**Army Finds New Typhoid Remedy**

M-Sgt. A. W. Carnes, Commander of the U. S. Army and U. S. Air Force Recruiting Station at Courthouse, Brownfield, stated today that Headquarters Fourth Army recently announced that an Army Medical Center team has discovered what appears to be a highly effective remedy against typhoid fever. The new remedy is chlormycetin, which is derived from a Venezuelan earth mould. Discovery was made last winter while the team was conducting experiments at Kuala Lumpur, capital of Malaya.

The team made the incidental and dramatic discovery of the remedy's value against typhoid while engaged in experiments against scrub typhus. For the first time, medical science has an effective treatment for the dreaded

typhoid infection.

The discovery's significance to American medicine is highlighted by the fact that there were about 4000 cases of typhoid in this country last year. Typhoid is a bacterial disease, and sulfa drugs, penicillin, and streptomycin have proved of little value against it.

D. Joseph E. Smadel, of the Army Medical Department Research and Graduate School, headed the team which went to Malaya primarily to establish the value of the remedy against scrub typhus.

Mrs. John Walls has accepted a position with the Go're Fashion Shoppe and started to work Thursday.

Mandalay is in Burma.

Darwin Cargill, Neil Thompson left Sept. 4th to enter A. & M. College.

**FAMOUS PAINTING ON EXHIBIT**— "The Tornado," John Stuart Curry's famous oil, has been acquired for the Dallas Museum of Fine Art's exhibit of "Famous Paintings by Famous Americans" at the 1948 State Fair of Texas, October 9-24.

NOTICE OF SALE OF REAL ESTATE THE STATE OF TEXAS COUNTY OF TERRY

IN THE DISTRICT COURT OF TERRY COUNTY, TEXAS C. C. Primm, plaintiff, vs. Elva S. Tankersley, et al, defendants Whereas, by virtue of an order of sale issued out of the District Court of Terry County, Texas, on a judgment rendered in said court on the 7th day of June, A. D. 1948, in favor of C. C. Primm, Plaintiff, and against the said Elva S. Tankersley and wife, Thelma Jean Tankersley, No. 3449 on the Docket of said court, I did, on the 8th day of September, A. D. 1948, seize and levy upon the following described tracts and parcels of land, situated in the County of Terry and State of Texas, and belonging to the said Elva S. Tankersley and/or J. H. Moore and wife, J. Mabel Moore, to wit: All of Section Number 93 in Block 4X, D & S E Ry. Company survey, containing 640 acres of land, more or less, located about 4 miles west and 4 miles north from the town of Brownfield, Terry County, Texas, known as the J. H. Moore farm; and on the First Tuesday in October, A. D. 1948, being on the 5th day of October, A. D. 1948, between the hours of 10 o'clock A. M. and 4 o'clock P. M. on said day, at the Court House door of said County in Brownfield, Texas, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said Elva S. Tankersley and wife, Thelma Jean Tankersley and J. H. Moore and wife, J. Mabel Moore in and to said property. Dated this 8th day of September, A. D. 1948, at Brownfield, Texas. OCIE H. MURRY, Sheriff of Terry County, Texas.

SPORTSCOPE By JOE MAHONEY

LOW BOUDREAU

THE BOY MANAGER OF THE CLEVELAND REDS (HE WAS JUST 24 WHEN HE WAS APPOINTED) HAS ONE SUPERSTITION: HE WILL NOT PUT ON CLEAN SWEAT SOCKS IF HE HAD A HIT THE DAY BEFORE, AND WHEN HE GOES ON A HITTING STREAK... WELL!

Among those playing golf in Lamesa Sunday were Messrs. Johnnie Bost, Jim Cousineau, Milton Bell, Ike Bailey, J. T. Bowman, Clyde Lewis and Dr. T. H. Melroy. Ted White and Andy Griffin spent the past weekend visiting friends in San Angelo. Mr. and Mrs. Burton Hackney and family, Mr. and Mrs. V. L. Patterson and family spent the past weekend in Ruidoso, N. M. By BUAL POWELL, Deputy.

Mr. and Mrs. Tess Fulter, owners of the Brownfield Coffee Shop attended the Restaurant Convention in Lubbock Monday night. Mr. and Mrs. J. H. Rambo visited their sons, James and Buddy, who are stationed at Lackland Air Field in San Antonio the past weekend. Alfred Bond and Rolland Treadaway left Sunday for Austin to re-enter the University. O. B. Rayborn of Lubbock visited Mr. and Mrs. John Milner Saturday.

THESE next Olympic games will be just about the same as the others. Dean Cromwell was speaking at the University of California track last winter. "They don't change too much."

"Why should it be that way?" I asked our Olympic coach. "Too many fine, natural athletes," he said. "Too many able coaches and trainers all over the map. Our track-and-field athletes get the best training and coaching in the world—and I'm not talking about myself. We can't miss."

The genial Dean Cromwell was right again. But, before taking too many bows, don't forget we faced a war-wrecked world that wasn't very well fed. Also, we had one of the strongest teams that ever entered an Olympic meet since Pindar sang of Grecian glory a few thousand years ago. This was a star United States team that couldn't be approached. But despite better food and better training, it was none too better about any races beyond half a mile or 800 meters. The U. S. had the call in speed. Europe had the call in stamina. I asked Cromwell why it was that U. S. athletes couldn't handle distance races. "We are a nation of quick reactions," he said. "We can't wait. Our favorite race is the 100-yard dash—or the 100 meters. Our next favorite race is the 200 meters. After the mile we have little interest. We have few athletes willing to train that long and that hard. "We can't get athletes who really will train for the 5,000 and 10,000-meter races. Maybe they wouldn't be so good if they did. It takes more than one generation to make a 10,000-meter or a marathon winner."

Are Americans Soft?

"You mean we can't take the beating," I said. "We want the softer road." "It isn't quite that," Cromwell said, as he squirmed and twisted a trifle. "We are just not a nation of long-distance runners, from the mile on up." "Yet the mile race is the greatest of them all," I said. "Who said so?" Cromwell asked. "What are you—a Swede or a Finn?" "We've had some great milers," Cromwell said. "Glenn Cunningham and Bill Bonthron." "What about Jack Lovelock?" I suggested. "Yards beyond them all at the mile or 1,500 meters. What about Gunder Haegg, the Swede, yards better than Lovelock? What about other Swedes, many yards beyond the best we've ever had?" "Let's get back to the field events," Cromwell said. The main weakness in U. S. entries is the matter of stamina. Over here we want results and applause in a hurry. We can't wait. Johnny Hayes won the marathon in England exactly 40 years ago, in 1903. Hayes beat Dorando, the Italian, who was carried across the line. But Dorando came over here and whipped Hayes. Let's be honest. We are not a marathon people. We are not even mile people. We never have had anyone to compare with Paavo Nurmi, Lovelock, Haegg and others who could run rings around the best we ever had at a mile. Cunningham, Bonthron and others, plus Gil Dodds, made gallant gestures in the right direction. But they were not 4.01 or 4.02 milers on an outdoor track.

Lovelock Eases Along

I feel confident that Lovelock could have taken at least two seconds from the 1,500 race in Berlin. He was merely galloping when he finished in 3 minutes, 47 and 8/10 seconds. "I wasn't interested in time," Lovelock said later. "I merely wanted to win comfortably." Even then he had only broken the Olympic record by 4 seconds. I feel sure Lovelock could have run the 1,500 meters in 3 minutes and 45 seconds—or the mile in 4.01. In any Olympic game, or any set of track-and-field games, the dulltest sports are the jumps, the shot put, the hammer throw, the long, drawn-out pole vault. For some reason we have picked the dulltest sports in which to excel. No one cares very much whether you finish first or last. The weight events are the dulltest of them all. I don't believe all Olympic events should be judged on the same basis. The marathon should be worth 30 points, compared to 5 points for the 100 meters. The 10,000-meter race should be worth 20 points, with 10 points for the 200-meter race. I still believe that stamina is more important than speed—that hardhood is more important than flash courage.

Among the out of town visitors in the home of Mrs. Jim Quinton were Mr. and Mrs. Ernest Machen and son, Mr. and Mrs. Glen Machen of Seymour; Mr. John Beard, Mrs. Phillip Clipper and Zebe Baird of Mobeetie, Texas. Mrs. Mary Cox and granddaughter, Shirley, visited Mr. and Mrs. Sam Hill in Clarendon, Texas, and relatives in Amarillo and Pampa last week.

IT'S FAIR TIME!

A Missouri miss wears a radiant smile—and a cotton bag dress—as she takes in the sights of the Ozark Empire Fair at Springfield. The frock she's wearing won first place in a county fair contest and competed with more than 600 other dresses made from cotton bags at the Ozark fair. Incidentally, the girl in the cotton bag dress is enjoying cotton candy.

Weekend guests in the home of Mr. and Mrs. Harvey Gage, were Mrs. Gage's mother, Mrs. S. J. Pillines, Mr. and Mrs. Earl Chester and son, Billy, Mr. and Mrs. Dick West of Sudan. Mr. and Mrs. Walter Morris and daughter of Lovington, N. M. visited in the home of Mr. and Mrs. B. S. Morris, over the weekend. Mr. and Mrs. Monroe Gilmore of Portales, N. M. spent the past weekend in the home of Mr. and Mrs. Robert Smith. Billy Bond left Friday to enter Texas Tech in Lubbock.

Miss Delores Mae Gillham, daughter of Mr. and Mrs. J. O. Gillham of 604 E. Tate street and Miss Betty Jean Holmes, daughter of Mr. and Mrs. Leo Holmes of 72 East Tate street are entering Stephens College, Columbia, Mo.

## TCU to Honor Three Religious, Civic Leaders

**TO CELEBRATE** its 75th anniversary Sept. 20th, Texas Christian University will hold a diamond jubilee convocation at which honorary Doctor of Laws degrees will be presented to three outstanding religious and civic leaders. A Christian Church school, TCU will mark its anniversary by presenting its first honorary degree to a Jewish leader—Henry Cohen, left above, Rabbi of the Temple B'nai Israel, Galveston. The other two recipients will be Dr. Charles H. Harris, center, eminent Fort Worth physician and founder of the Harris Memorial Hospital and of TCU's Harris College of Nursing; and Greon E. Scott, prominent St. Louis businessman and outstanding laymen's leader in the Christian Church.

## COTTON OF THE MONTH

No wonder this charming cotton outfit by Clee Armstrong was named September "Cotton of the Month" by the National Cotton Council. It combines two of the season's most popular fabrics, corduroy and quilted calico, in a smart all-purpose ensemble, a Victorian jacket, quaint blouse, and quilted calico skirt.

Governor Beauford Jester looks over a copy of the October issue of Holiday, the first of three issues of the magazine to be devoted principally to Texas. Scores of articles and photographs will give Texas the most extensive treatment ever accorded any state by a national magazine.

**U. S. SENATE CANDIDATE**—Charles Watson of Brownsville, candidate of the Republican Party for U. S. Senator from Texas. He sees the seat now held by Senator W. Lee O'Daniel, who did not seek re-election. (AP Photo).

**COKE LISTENS**—Coke Stevenson, candidate for the Texas Democratic nomination for U. S. Senator, puffs his pipe as he listens to arguments over the count of the vote in his race with Lyndon Johnson before the State Democratic Executive Committee in Fort Worth. (AP Photo)

## GRAMMAR GRADE SIREN

She's a little young to be a full-fledged siren, but she knows how to make the grammar grades sit up and take notice of her chic! For a day at school she wears a smart frock by Trude in colorful cotton corduroy—this little girl won't have to carry home her books!

Mr. and Mrs. Rudolph Lewis and family of Shallowater, spent the past weekend visiting relatives.

## ACCIDENT VICTIM PASSED AWAY TUESDAY

Surviving a truck-car collision on Lubbock-Taosoka highway by just over a week, Mrs. Louise (Duncan) Riley, 35, passed away at a Lubbock hospital Tuesday night. The Riley family lived out on route 3, Brownfield. She had been a resident of Terry county for 23 years. She is survived by her husband, Malcolm Riley, a son Dwayne, 10, also hurt in the accident, and still in the hospital, a daughter, Joyce; also her parents, Mr. and Mrs. C. A. Duncan, route 3.

Funeral services were held in the Methodist church city, at 3 P. M. Thursday with a former pastor, H. W. Hanks, now of Snyder, officiating, assisted by Rev. Lynwood Harrison, minister of the Forrester Methodist church. Burial in charge of Farley Funeral home in Terry County Memorial cemetery.

The pallbearers were Malcolm Scales, Nolan Jayroe, Herbert Chesshir, James H. Dallas, Jim Quintor, and Howard Davis.

### YACHT RACING

BRINGS TO MIND SIR THOMAS LIPTON, ONE OF THE GREATEST SAILORS EVER TO GRASP A TITLES, WHO IN ALL HIS CHALLENGES FOR THE AMERICAS CUP NEVER COPPED THE TROPHY!

Robison-Chambliss Wedding Performed Saturday

Mr. and Mrs. Allen Newcomb, became the bride of Mr. J. A. Chambliss son of Mr. and Mrs. Sam Chambliss, 506 N. 6th street. The single ring ceremony was read Saturday at 1:30 p. m. in the home of the bride's parents, by Rev. A. A. Brian, Pastor of the First Baptist Church, before an arrangement of yellow mums and huckleberry.

Miss Robison wore a blue tailored gaberdine dress with brown accessories. She carried a white Bible topped with three white carnations. For something borrowed, was an imported handkerchief belonging to her aunt, Mrs. N. H. Brown. For something blue, she wore a gift from Mrs. L. J. Dunn of blue garters. Something old, she carried a picture of her grandmother, Mrs. Annie Wallace in the Bible, and wore the

Chisholm-Skupin Vows Read In Home Friday

Miss Josie Chisholm, daughter of Mr. and Mrs. Joe Chisholm became the bride of Charlie Skupin, son of Mr. and Mrs. Henry Skupin, of Rosebud, Texas. The wedding was at the home of the bride's grandparents, Mr. and Mrs. G. W. Chisholm, Friday evening at 7:30 o'clock.

The bride wore an aqua melle tulle dress with black accessories. Her corsage was of white carnations. Miss Joy Chisholm, cousin of the bride was maid of honor. Her dress was a navy blue tulle with grey accessories, and a corsage of yellow gladioli.

After the ceremony a reception was held at the home of the bride's parents, at 317 East Hill street. The table was spread with a lace covered cloth over blue, which held the wedding cake, decorated in yellow and blue, the chosen colors. Yellow and blue streamers running from the cake to the punch bowl were held together in the center of the table with a large satin bow.

After the bride and groom cut the first slice of cake, Miss Bonnie Dymartin served the cake and Miss Patsy Benton poured punch. After a short wedding trip the couple will be at home at 602 Tatoka Road.

Mrs. Chambliss is a 1945 graduate of Albany high school and is employed at the St. Clair's Variety Store.

Mr. Chambliss is a 1944 graduate of Brownfield high school. He entered service in June 1945 and served 11 months in Germany. After receiving his discharge, he entered Howard Payne college for two terms. Mr. Chambliss is now employed at Shamburger Lumber Co.

Those attending the wedding were Mrs. Richard Jones, Clovis, N. M.; Mr. and Mrs. Sam Chambliss, Clyde Olan, Sammie, and Louise, Mrs. L. D. Chambliss, Mr. and Mrs. N. H. Brown, Mr. and Mrs. Frank Dymartin and Bonnie, the attendants and the parents of the bride.

It is as hard for a rich man to enter heaven as it is for a poor man to live on earth.

AGED MEADOW RESIDENT PASSES MONDAY

Newton L. Kiker, 82, of Meadow, passed away Monday. Funeral services were held at the Methodist church in Meadow at 3 o'clock Tuesday with Rev. Cecil Tume, pastor officiating.

BURIAL IN JACKSON, TEXAS

Wednesday, the body being carried overland by Brownfield Funeral home. Masonic services were held at the graveside.

Survivors are his wife and two sons, O. A. of Wellington; N. H. of Frederick, Okla. Two daughters, Mrs. J. E. Hale of Meadow and Mrs. W. H. Morrow of Shallowater, and six grandchildren.

TWIN DAUGHTERS

Born to Mr. and Mrs. Ted M. White III, of El Paso on September 13th, identical twin daughters.

Mrs. White is the granddaughter of Mrs. W. H. Dallas.

METHODIST WSCS MEETS IN CHURCH

The Methodist WSCS met at Fellowship Hall Monday at 3 o'clock. Mrs. Proctor was in charge of the devotional service at the opening of the meet. The scripture was from Matthew, after which Mrs. Williams read a prayer.

Mrs. Webber conducted the first chapter of a new study book, "On Our Own Doorsteps." Mrs. Elmo Schaffner gave a very interesting talk on the customs of Hawaii, having recently returned from there.

The next meeting of the club will be next Monday at 2 o'clock and at 3:30 a social hour will be held.

Those in attendance were Mesdames G. S. Webber, T. A. Powers, Joe Johnson, W. H. Hare, U. Gorton, B. L. Thompson, J. H. Carpenter, Blen Harris, Ben Hill, A. J. Loyd, H. L. Thurston, J. W. Hogue, E. A. Proctor, D. S. Sampson, C. T. Mote, E. F. Latham and W. B. Downing.

HOUSES

\$2050
Delivers this Walnut Garden Cottage no. 936, a 2 bedroom, living room, dinette, kitchen and bathroom home. Pre-fabricated in precision built sections for ready erection. The above price includes the complete building structure above the foundation, including insulation, less the plumbing, wiring and heating. See what modern production and engineering can do for you and your home.

\$1450
Delivers the smaller one bedroom Walnut Master Cabin. Built in the same precision sections for ready erection. These units are readily adaptable to a number of floor plans. They can be used for a variety of building needs. By ordering only what you want, these units are adaptable for small business buildings of all kinds. Call or write —

CATHOLIC SERVICES

9 A. M. second and fourth Sundays, Veterans Hall in Brownfield 9:30 a. m. First, Third and Fifth Sundays, Community Building in Seagraves.

The new science teacher employed for the high school stuck it out about four days, and took off to some smaller school north of here. He did not seem to fit in here, as he appeared not to like, nor was his work satisfactory to Supt. Cowan. He has been replaced by another man that all of us hope will fill the bill.

CHEER LEADERS ELECTED

The cheer leaders elected for the coming year are: Wanda Lois Stafford, leader; Norma Jo Boyd, Jackie Allen, Shariene Daniell.

Sgt. D. H. Dobkins was here last week helping M-Sgt. A. W. Carnes with the army and air force recruiting office at the courthouse.

MISS TEXAS MAKES UP—Bonnie Jean Bland, Texas' entry in the Miss America Beauty pageant at Atlantic City, N. J., applies a touch of makeup during a rehearsal session of beauties competing for the Miss America title. (AP Wirephoto).

Wellman Whisperings

Mr. and Mrs. Alvis Chambers were called to Snyder, Texas to attend the funeral of Mr. Chamber's sister-in-law's brother, son of Mr. and Mrs. J. T. Henley of Ralls. The Henley's formerly lived on Route 2. Their son was killed overseas while in the service.

Mrs. A. L. Baker went to California Tuesday to care for Mrs. Luke Baker who is to undergo an operation.

The Wellman community extends its sympathy to the Riley and Duncan families who were seriously injured in two separate automobile accidents last week. Mrs. Riley succumbed to injuries Monday, Sept. 14, leaving a son, daughter and husband who are still in the hospital. Mr. and Mrs. Duncan are also still in the hospital with Mrs. Duncan reported improved.

Several recent graduates of the Wellman high school left this week for study in Wayland College at Plainview and West Texas State Teachers at Canyon.

Among the students are Mona Faye McBeth, Wesley Earp and Jimmie Christopher. Also Alla Faye Phillips who attended Wayland last year and now lives in Senola. Kenneth Jackson attends at Canyon. Ada Sue Dean returns to Abilene Christian College for her senior year, where she has made excellent grades.

GOMEZ H. D. CLUB REPORT

The following officers for next year were elected by Gomez H. D. Club members. The club met in the home of Mrs. Kelly Searr Thursday afternoon.

Mrs. Lowell Stephens, president; Mrs. Alton Webb, vice-president; Mrs. Kenneth Hodges, secretary-treasurer; Mrs. Tress Key, council delegate; Mrs. Walter Faden, Jr., reporter.

Annual reports for year were filed out. Miss Helen Dunlap, County Home Demonstration Agent, demonstrated the process of making cottage cheese.

Next meeting will be September 21st in the home of Mrs. Jack Mason.

FAMILY PICNIC AT PARK IN LUBBOCK

The Newsom and Malcolm families were hosts to a family picnic Sunday afternoon, Sept. 13th in the Mackay Park at Lubbock. The picnic was held in honor of Mr. and Mrs. M. M. Strader of Phillips, W. Va.

Those present for the occasion were Mr. and Mrs. J. F. Malcolm, Lubbock; C. V. Newsom and family, Levelland; N. J. Green and family, Ropesville; A. M. Flache and family, Lubbock; Winston Jones and family, Ropesville; Miss Ona Malcolm, Lubbock; Velda Malcolm, Lubbock; and Mrs. R. C. Newsom, Mr. and Mrs. R. D. Newsom and sons, J. L. Newsom and family, Paul Blackstock and family, G. M. Newsom and daughters, Luther Malcolm and Bobbie Newsom all from Brownfield, and Mr. and Mrs. M. M. Strader, Phillips, W. Va.

THE PHI BETA CRAESUS CLUB MEETS

The Phi Beta Craesus club met Tuesday evening in the home of Wanda Stafford, 803 East Main.

After a short business meeting refreshments were served. The following members were present: Patsy and Peggy Black, Sandra Baile, Jeri Roberts, Janelle Jones, Annie Grace Nicholson, Nan White, Lynn Sturges, Barbara Stice, Harlene Glenn, Glenda and Joann Blevins, Patsy Hill, Phyllis Boshier and the guests, Jess Garnett and Billy Finney and the hostess.

Had a letter from the good friends, the George Braggs of Lubbock this week. The envelope was addressed to Terry County Herald, and money order was made the same way, but the letter itself was addressed to the Hockley County Herald. We are keeping the MO for \$3.00 with a lot of thanks. They are both old time Terryites, and say the Herald is still a family necessity.

ALPHA OMEGA STUDY CLUB MEETS

Mrs. Clarence Lackey, 329 East 14th Street, was hostess to the Alpha-Omega Study Club. The club met Tuesday afternoon at 4 o'clock.

Mrs. J. G. Sadler was program chairman and Mrs. Jack Hamilton, president of the club, presided over the business meeting.

Program for the meeting consisted of "Club Ethics and the Club Collect" by Mrs. Virgil Crawford, "Know your Constitution and By-Laws" by Mrs. P. R. Yates, and the "Presentation of 'Calendar'" by Mrs. V. L. Patterson.

The table was covered with a Line cut-work cloth. In the center of the table was a picture of the Alamo, framed with fern.

Star shaped sandwiches, cookies in the shape of a map of Texas and salted peanuts were served. Mrs. Jack Hamilton poured punch.

COVERED DISH LUNCHEON FOR SS CLASS

The Althean Sunday School class of the First Baptist church entertained the members of the class with a covered dish luncheon Wednesday, September 8th. The affair was at the home of Mrs. Ted Fox, with Mrs. Milton Bell, co-hostess.

During the noon hour, a pink and blue shower was presented to Mrs. Bill Neill.

Present were Mesdames A. W. Turner, teacher of the class, Frank Corbell, J. E. Smith, Tom Kizer, Bill Neill, R. D. Shewmaker, Jim Boyles, D. P. Moorhead, J. T. Newcom, and Billie Cyles.

DOBBINS WED SATURDAY

Mrs. Virginia Blevins and P. H. Dobkins of this city were married Saturday evening at 9:20. The ceremony was read by Rev. Earl Allen at the Parsonage of the First Baptist church in Seagraves. They were accompanied by Mr. and Mrs. Raymond Sharon.

Mr. Dobkins is employed by the Prewitt Electric Co.

INTRODUCTION COFFEE FOR MRS. SMITH

Mrs. A. J. Stricklin, sr., of 106 East Broadway, named Mrs. Fred Smith honoree at an introduction coffee Thursday morning. Mrs. Smith is a niece to Mrs. Stricklin and a new corner to Brownfield from Big Spring.

Fall flowers were used throughout the house and as corsages for the house party. Mesdames Price and Bowers poured coffee which was served with donuts and minis. Mrs. W. H. Collins registered the guests.

The receiving line consisted of Mesdames A. J. Stricklin, Fred Smith and A. W. Thompson of Conoma, sister of Mrs. Smith.

Those assisting in the house-party were Mesdames W. R. Smith of Plainview, Robert P. Packard, J. M. Winger, R. L. Bowers, Mandy Price and W. H. Collins.

Out of town guests who registered other than those named above were Mrs. J. A. Roberts and Mrs. D. S. Phillips of Conoma.

Some forty guests were registered.

MRS. PACENNY HOSTESS TO LAS AMIGAS CLUB

Mrs. Burton Hackney, 703 East Broadway, was hostess to the Las Amigas club. The party being Wednesday evening at 7:30 o'clock.

Three tables of bridge were enjoyed by members and guests of the club. Prizes of hammered aluminum individual esserres were given to Mrs. Prentice Walker, high; Mrs. Clovis Kendrick, second, and Mrs. Herbert Chesshir, bingo.

A salad plate and coffee were served to the following members and guests Mesdames: Jack Shirley, Lal Copeland, Jerry Kirschner, Ike Bailey, Prentice Walker, Orb Stice, Frank Ballard, Sam Privitt, Clovis Kendrick, Jack Stricklin, jr., and guests, Pat Patterson and Herbert Chesshir.

SUB DEB CLUB MEETS

The Sub Deb club held a business meeting, Tuesday afternoon at 6 p. m. The club met in the home of Freddie Lowe, 608 Tahoka Road.

The meeting was called to order to discuss the Harvest Queen and presentation. Refreshments were served and the meeting adjourned.

Members present were: Jackie DuBoe, Frances Price, Norma Jo Boyd, Jackie Allen, Shariene Daniell, Jo Ann Hudson, Von Forbus, Charlie Gaston, Lois Stevens, Delma Murphy, Nancy Morgan, Freda Anthony, Jackie Crump, Sue Stewart, Jean Mahen, Joan Shelton, Velma Rackner, Kay Szyloski, Leah Dale Portwood, Doris Walls, Iva Mae Blair and Mrs. Forbus, the sponsor.

Jack and Jerry Worstam, Bob Thurston, Donald Price, Red Black from Cisco College, spent the past weekend with their parents in this city.

### Oceans of Synthetic Oil Available

By Ralph Dighton  
LOS ANGELES, Sept. 16 (AP)—Synthetic oil is here—and a full-fledged industry, drawing its raw product from billions of tons of shale underlying the mountains of the west, is ready to be born. The only thing that keeps the U. S. from tapping a 200 billion barrel reserve of synthetic crude is "the need for it. That may emerge any day in a rearming world. For 20 years or more, oil scientists have sought a commercially feasible method of exploiting the vast shale beds of Colorado, Utah, and Wyoming. But like the manufacture of atomic energy, shale processing involves a tremendous cooling problem. Atomic scientists solved their

problem by situating the "Manhattan" project at Pasco, where the waters of the Columbia river could be used to reduce temperatures. Western shale beds, however occur in veins, similar to coal deposits, at altitudes of 7,000 feet or higher. They are far from major sources of water. A radically new principle had to be devised to produce synthetic oil from oil shale. Only an engineer would understand details, but essentially the new principle is this: A huge vat "cooks" the shale at high temperature. The resulting hot vapors are used in heating new batches of shale as they enter the vat. Through this double-use of heat energy, temperatures are kept at a minimum. The shale oil emerges cool enough to be fed directly into a pipeline. The process has been tested over a long period at nearby Wilmington, Calif., by the Union Oil Co. A small pilot plant there is fed

by hand at a capacity of three tons a day, turning out two barrels of oil daily. A larger plant, capable of turning out synthetic oil in commercial quantities, will be erected soon by the company in Colorado, where shale is available in great amounts. The oil in shale is not petroleum. It is a waxy substance deposited by microscopic bugs in prehistoric marshes. Although it is not petroleum, several of the products derived from petroleum, including gasoline, can be derived from shale oil. Shale oil can be produced at about twice the cost of natural oil. Rising petroleum costs are expected to close this gap partially. In the event of an emergency, government subsidy might absorb the rest of the difference, if improved techniques have not already gone so.

Reese H. Taylor, Union Oil's president, calls shale oil "one of our most interesting prospects for the future." Citing a U. S. Bureau of Mines estimate that there is enough recoverable shale oil in Western shale beds to provide 200 billion barrels of crude, Taylor says: "When you realize that the total known U. S. reserves of crude petroleum today amount to only 26 billion barrels, you can get an idea of what this may mean."

Mr. and Mrs. Kenneth Jones of Slaton, Mr. and Mrs. Bud Patterson and family of Seminole were weekend guests in the home of Mrs. O. L. Jones. Mrs. Tom Copeland and daughter, Mrs. Ray Copeland and twin daughters of Olton visited in the home of Mrs. Jim Quinton the past weekend.

### Texan Guides Pilots To Safety On Carrier

By TEX EASLEY  
ABOARD THE USS PHILIPPINE SEA, Aug. 24— (AP)—A Texan is the one man more directly responsible than any other individual for the safety of pilots who operate from this modern 35,000-ton aircraft carrier.

He is Commander S. S. Searcy, Jr., 33, of San Antonio. He answers directly to the skipper, Capt. John L. Pratt. His title is that of Air Officer. Under him come the men who "guide" the planes for takeoffs and landings, service them and make any necessary repairs.

One of the highlights of these present training operations in the North Atlantic off the New England coast occurred a few nights ago when fighter planes and torpedo bombers flew 10 miles to sea from a Rhode Island base to land in total darkness.

A British Air Mission official was on board to watch the latest development in American "Carrier Control Approach" operations. Like the Air Force "Grand Control Approach," the CCA can bring the aircraft in when visibility is at a minimum. And a carrier deck is a pretty small target.

It was a tense moment as the first plane approached, banked sharply and raced toward the stern of the Philippine Sea. Her flight deck is 870 feet long and 93 feet wide. She was plowing ahead through the waves at 32 miles per hour.

Second before the pilot made a sharp descending bank the faint landing lights that outline the deck switched on.

You held your breath as he

roared over the stern and cut his motor. The tires went whop, and the lines that stretch across the deck as a barrier caught a hook which tangs down from the tail. Instantly the lights again were out.

And in a flash a dozen men leaped up on the deck from the catwalk which hangs over the sides of the ship, unfastened the line from the tail hook, and pushed the aircraft on up the deck out of the way. All this took about 30 seconds. Down came the next plane. The third craft slipped and was waved off for another try. . . . The signals given by a man in a suit with a fluorescent lighting arrangement that makes him appear like a grotesque neon sign.

Probably the most impressive thing about all this landing and launching from a carrier, both day and night flights is the team work.

And on this carrier it is due to the keen admiration the men have for Commander Searcy. Himself a pilot, he never gets ruffled and enlisted men under him say he is as friendly and democratic as they come.

Texas is well represented among the enlisted men of the Philippine Sea, too.

Up on an anti-aircraft station shortly before dusk, I encountered a young man who pointed to some leaping porpoises off the starboard side.

"I saw three of those in a pool in a mans yard once," he said. "That was down in my hometown in Texas."

He identified himself then as Charles Peters of Edinburg, and says he's going back to the Rio Grande Valley some day to live. On duty in the same part of the ship with him were Frank Coon

EMCEE JACK BAILEY— Here's the man who emceed the most popular daytime program "Queen or a Day," on the Mutual Broadcasting System. He's Jack Bailey and he'll be in Lubbock to serve as a master of ceremonies for the program when it originates at the Panhandle South Plains Fair grounds during the first three days of the thirty-first annual fair, Sept. 27, 28, and 29. Yes, despite the camouflage, it's Jack Bailey you see above, not one of the "Queens." He is happy just thinking about the number of gifts presented on the fabulous Cinderella series during its three years on the air. Radios, 287 of every size and shape, 212 stoves, a picket fence, a cow, a tractor and farm equipment are only some of the gifts showered on "Queens." Even romance has been added by gifting 94 diamond rings.

of Orange and Dail Dunlap of Rochester.

Earlier in the day on hangar deck I encountered Machinist Mat Louis G. Di Iorio of Hempstead. He's been in the Navy 7 years and was aboard the carrier Enterprise when it was bombed in the Pacific.

R. J. Harrell of Dallas electronics technician, and A. L. Simmons of Amarillo, engineer, also were aboard the carrier.

### SS Representative To Be Here

Gerald L. Schantz, Social Security Administration Representative, will be in Brownfield at the U. S. Post Office, at 9:00 a. m. on Thursday, September 23, for the purpose of answering any questions you may have on social security; discussing possible bene-

fits and taking claims from persons who seem to be entitled to benefits; and taking applications for social security account number cards.

When you multiply your social security account numbers, you stand a good chance of dividing your future benefits.

The Don River is in Russia.

**IT'S YEARS AHEAD!**

**IT'S THE GENERAL ELECTRIC ALL-AUTOMATIC WASHER**

**YEARS AHEAD IN WORKSAVING FEATURES**

- Portable
- Activator\* washing
- Thorough damp-drying
- Automatic soak

## FARM QUESTION BOX

by  
ED W. MITCHELL  
Farm Advisor  
General Electric Station WGY

- Q. We are digging a well. Would it be necessary to clean the pipes in our house before connecting them to the new well? The present supply of water comes from a cistern which isn't always too clean. Is there a way of flushing the pipes or would running the new water through them do the job? How would we go about having water tested?
- A. Just let the new water run through the old pipes and flush them. If you want water tested for safety to health, ask your local health officer to have it tested; if for hardness, etc., then call on your plumber.
- Q. Please let me know how to keep potatoes from sprouting after they are in a bin this fall. Is lime any good to sprinkle over them?
- A. No—don't use lime. The feed and seed stores will have or can get a special hormone preparation for that purpose. It is sold under various trade names, does not cost much and works very well.
- Q. Is there a period during the growth of sudan grass when it is, or might be poisonous to dairy goats? If so, when could they safely browse on it?
- A. The authorities tell us not to graze or cut sudan grass till it is 15 inches tall, and not to graze or cut it after it is frosted or when wet with dew unless frost is all out and it is dry.
- Q. What is the name of the weed killer to use on an asparagus bed that will also fertilize the bed?
- A. Sulfate of ammonia. It is hard to get at the present time but fertilizer stores usually carry it. Use one pound in one gallon of water and sprinkle the weeds when they are small.
- Q. Please tell me what to do to make lettuce head up? Have tried both Boston and Iceberg and they just grow into a bunch of leaves.
- A. The most important thing to control is the weather; if it is too hot or too dry or too wet when the head is about to form, it will not amount to much. Lettuce does best in cool weather, so plant early or late to avoid the hot spells. Aside from that, plant on rich soil and use lots of fertilizer and shallow cultivation to get a rapid growth.
- Q. Some kind of insect is working on an Elm tree inside—making coarse sawdust come out in large amounts. How can I stop this? There is no opening except where the sawdust comes out at the base of the tree.
- A. About all one can do is squirt some carbon-bisulphide in every borer hole you can find. Borers prefer to attack the trees that are low in vitality, so feed and water your tree to improve its vigor.

## Johnson News

Mrs. Loyd Wilson has as her guest this week, her parents, Mr. and Mrs. Lawrence McManis, from the eastern part of the state.

Mr. and Mrs. C. D. Parker had as their guest over the week end two of Mrs. Parkers brothers, Jack and Able Parker and their families of Dallas.

Mrs. Frank Henderson of Hart, Texas is visiting her daughter, Mrs. E. Cole this week.

Mr. J. W. Turner of Sylvester, visited his son, Fred Turner last week.

Mr. and Mrs. Luther Faught and children of Brownfield visited in the W. D. Faught home Sunday.

Troy Harold Currington and Elbert Floyd of Brownfield made a trip to Fort Worth last week.

Troy Harold Currington left Monday for Plainview where he will enter Wayland College as a ministerial student.

A number from the community attended the Baptist Sunday school zone meeting at Forrester Sunday afternoon.

Mr. and Mrs. I. B. Green and family from Harmony community, Mr. and Mrs. Hop Garner and children of Brownfield, Mr. and Mrs. Carrol Jones of Tokio were visitors in the Lowell Bench home Sunday.

Mrs. Lillie Lyles who has been visiting her son, D. E. Lyles left this week for her home in Lawton, Okla.

Mr. and Mrs. Boyce Woods are here visiting her parents, E. V. Gilentine.

A. V. Beauchamp and son Jimmy of Fort Worth were here last week visiting Mrs. Beauchamp's brothers, Grady and Alvis Patton. J. C. Mabry and family of Brownfield were visitors in the D. E. Lyle home Sunday.

## PLAINS NEWS

Mrs. Herb Fields of Yeso, N. M. visited her brother Mr. and Mrs. Sherm Tingle and family over the week end.

Mr. and Mrs. Dorsey McKee and family visited relatives in Stamford Saturday night and Sunday.

Mrs. M. W. Lund returned home Friday after on operation in Lubbock.

Mrs. John McKee spent last week with her children in Lubbock.

Mr. and Mrs. S. A. Bowers are vacationing in El Paso and other points this week.

Mrs. Till W. Read was shopping in Lubbock Saturday.

Mr. and Mrs. Ernest Machen and son, Glen Machen and family of Seymour; Mrs. Tom Copeland and daughters of Plainview; John and Zebe Baird from Wheeler and Mrs. Phillip Clipper from Mobeetle, spent the past weekend in the home of Mr. and Mrs. J. B. Worsham.

Miss Billie Louise Brown of Brownfield spent the weekend with Miss Mary Ellen Patton.

Mr. and Mrs. Victor Pack and son of Patton are here visiting Mrs. Pack's uncle, L. V. Alexander.

## Foster Findings

The September Sunday School zone meeting was held at the Baptist church Sunday afternoon at 3 o'clock. Gomez brought a very fine program. The next meeting will be at Wellman and the Foster church will bring the program.

The District WMU meeting was at Redwine Thursday, Sept. 9. Those who attended from here were Rev. and Mrs. Sparkman and Mrs. Frank Collins.

The Foster WMU will meet Monday at the church at 3:00 o'clock. The ladies of this community are invited to meet with us to study Royal Service.

The brotherhood of this district met at the Encampment Grounds Tuesday night for a Barbecue and general meeting. Those who attended from here were Rev. L. C. Sparkman, R. J. Rowden, Otis McKee, Roy and Pete Golden.

Route 3 mail carrier was in a very serious wreck last week and is still in a critical condition at this writing.

Rev. and Mrs. Sparkman and children took dinner with Mr. and Mrs. Carl McIntyne and family Sunday.

Among those who helped Mrs. Roy enjoy a birthday dinner at her mother Mrs. Stallings of Tokio Sunday Sept. 12th were Mr. and Mrs. Claude Buckner Mr. and Mrs. Carl Golden, Beth and Ann, Mr. and Mrs. E. V. George, Mr. and Mrs. Loy Lewis, and Roy Golden and children.

Nathalee Golden left this week for Lubbock where she will enroll in Tech.

Willie Sparkman, son of Rev. L. C. Sparkman, has joined the army and will be stationed at

## A New Way To Spell Our Name

Yes, there is, we know, a lot of ways to spell names. For instance one can spell Smith as Smyth, Smythe, Schmidt, etc. There used to be a Brown here that spelled his name Brown, and pronounced it Brown.

We have had our name spelled just about every way imaginable, the usual way for strangers, and some who have known us around 40 years, as Strickland. One good lady who used to live here many years ago, thought to make it sound a bit fancy, and she gave us the Stricklyn version.

This week the Old He's wife got a card inviting her to one of the church functions and it was spelled "Strickein." Maybe she thought of the old saying, "a streak of lean and a streak of fat." The latter would about hit the nail on the head.

Read And Use Herald Want Ads

San Antonio at the present.

Mr. and Mrs. Leon Toote and Mr. and Mrs. Frank Collins visited in the home of Mr. and Mrs. Walter Evans Sunday.

Mr. and Mrs. Otis McKee visited the R. J. Rowden family Sunday.

Mr. and Mrs. Carl Golden and children plan to go to Austin this week and to visit a sister.

Mr. and Mrs. Jack Hungerford and children attended a funeral of a relative who was killed in the war and was re-buried at Slaton Sunday evening.

Mrs. R. J. Rowden and Lewayne visited her sister Mrs. Claude Wilson and family of Lubbock last week.

George McKee visited his brother, Otis and family Saturday.

## You can earn this honored badge

This simple blue badge with the long silver rifle is one of the most coveted awards worn by the American Combat Soldier—from private up to the highest ranking officer.

It's the badge of the Expert Infantryman. And you've got to be some man to win it!

Proficiency in the arsenal of weapons used by the U. S. Army Infantry is one test you've got to pass—and it's a stiff one because the American Combat Soldier is the "shootingest," most versatile fighting man on earth. In addition, you've got to handle yourself on realistic patrols, know basic communications, display sterling qualities of leadership and conduct and be above average physically and mentally.

Because it's not an easy prize to win, the Expert Infantryman wears his badge proudly. It commands respect wherever he goes.

You can wear this badge of honor if you meet the stern qualifications demanded of the Infantry soldier. If you're between 18 and 34 and in top-notch physical condition... if you're the type that likes a rugged, adventure-filled life, chances are you'll make the grade.

Never have there been so many advantages offered to high-type young men as in this action-packed branch today. Never has Infantry service been more rewarding—more important to the preservation of peace. So don't hesitate. Inquire now at your U. S. Army and U. S. Air Force Recruiting Station.

## It's a big smoothie!

Come in—discover the wonderful three-way cushioning of a Packard ride!

Up and down, side to side, front to rear—Packard smooths your ride in every way!

Try it out on a railroad grade crossing—see how the "oopsy-daisy" pitch is gone.

Try it out on a twisting country lane, or a wind-buffed highway—see how the "tail-wag" and wind-wander are gone.

Try it out in a sudden traffic stop or start—see how your spine no longer "cracks the whip."

For Packard has its own advanced way of combining softness-for-comfort with firmness-for-roadability. No other car at any price has a suspension system as complete as the one you'll find on the new, precision-built Packards.

And when you sample Packard's finger-tip ease of control, great roominess, and automatic all-season heating and ventilation... well, you'll never be content with any lesser car.

But ask first about the ride. Enjoy a demonstration ride. Right now—at your nearest Packard dealer's.

### G I QUESTIONS AND ANSWERS

Q. I intend to be a bartender and would like to know if I can take a course in bartending under the GI Bill?

A. First, you must submit to VA complete justification that the course is in connection with your present or contemplated business or occupation. Then you must receive VA approval before you start training.

Q. May I complete my last year of grade school and take a commercial course under the G-I Bill?

A. Yes.

Q. What does VA supply to the disabled Veteran if he is enrolled in a school, or if he is enrolled in on-the-job training?

A. For each disabled veteran in school, VA will furnish tuition, fees, books and equipment, provided they are required by other students taking the same course. On-the-job trainees will receive tools and equipment for their job training, also provided they are required of all other trainees taking the same course.

Q. Does Veterans Administration lend money to the veteran for the purchase of homes or businesses?

A. VA does not lend money to the veteran for homes or businesses. He makes his own arrangements for the loan through the usual financing channels. VA then guarantees the lender against loss up to 50 per cent of the loan, with a maximum guarantee of \$4,000 on real estate and \$2,000 on non-real estate loans.

Q. Who is eligible for a Federal grant to purchase or remodel a home?

A. Any veteran of war or peacetime service who served in the armed forces since April 21, 1898, and who has a permanent and total service-connected disability due to a spinal cord disease or injury, resulting in paralysis of the legs and the lower part of the body, is eligible to receive a Federal grant for the purpose of purchasing or remodeling a specially adapted home.

Mr. and Mrs. Sam White, Mr. and Mrs. Johnnie Benson and daughter visited Mrs. White's brother and family, Mr. and Mrs. H. T. Barton in Littlefield Sunday.

### The Low Down From Hickory Grove

There is lots of talk about moving pictures. Let us talk about the mediocre ones—which kind of talk is okay, same as it would be about anything that is below standard. As she looks to me it is the same with pictures as it is with shoes, or a new suit, or 100 other things—you need to be awake to pick the good from the shoddy. You might be took-in with a silver-washed pewter coffee pot or shoes with paper soles, but if you are, you are not on your toes or too overly alert.

And with movies—instead of saying all movies need fixing, it is no more truth than saying all shoes have paper soles. Taint so. But when the neon sign on the theatre says, "Ambulances are standing by—come in—shudder—be chilled to the core"—you can plunk down your 4 bits or you can say, "Oh, yes, and go on about your business."

The mamas and the papas who are more interested in parking their off-shoots some place—any place—so they, themselves, can "step," could solve the mediocre picture problem pronto, if they were in the mood. Some heed to what show little Johnnie and little Mable see, would do the trick—the mediocre ones would fold, rapid. Sounds simple, says Henry. Sure, I says, sure as there are little apples.

Yours with the low down,  
JO SERRA.

Highway Patrolmen Aubrey Crockett and Noel Wilson from Brownwood attended court here this week.

Miss Willene Christopher of Amarillo is spending a few days visiting her brother, Ray Christopher.

Mr. and Mrs. R. N. Tipps of Pueblo, Colo., will arrive in this city today for a visit with her parents, Mr. and Mrs. J. O. Gillham.

### NEW TIME SAVER FOR FAMILY FARM

Designed as a time and money saver for the family operated farm is the new Roto-Baler which permits one man, the tractor operator, to bale tonnages of hay or straw comparable to those baled by conventional pick-up balers with three or four-man crews. Another feature of the baler is the rolled bale that is easier to handle, twice wrapped, weather resistant and a space saver in storage.

In designing the baler, Allis-Chalmers called in engineers of the Timken Roller Bearing Company to supply anti-friction bearings that would assure long life, ease of operation and trouble free maintenance.

CITATION BY PUBLICATION THE STATE OF TEXAS TO: Vernon L. Miller. GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 25, day of October, A. D., 1948, at or before 10 o'clock A. M., before the Honorable District Court of Terry County, at the Court House in Brownfield, Texas.

Said Plaintiff's petition was filed on the 20 day of July, 1948.

The file number of said suit being No. 3493.

The names of the parties in said suit are:

Carrie Mae Miller as Plaintiff, and Vernon L. Miller as Defendant.

The nature of said suit being substantially as follows, to-wit: A suit for divorce, Plaintiff alleging 12 months residence in the State and six months Bonafide residence in the County of Terry, preceding the filing of this suit.

Plaintiff alleges that Defendant was cruel to her, cursed and abused her, and otherwise vilely mistreated this Plaintiff. That no children were born to this union.

Issued this 6, day of September, 1948.

Given under my hand and seal of said Court, at office in Brown-

### VETERANS NEWS

World War II veterans still can reinstate their National Service Life Insurance, the Veterans Administration says.

Some veterans are under the impression they can no longer obtain this government insurance. World War II veterans who can pass a physical examination may reinstate their lapsed insurance at any time.

The deadline for reinstating NSLI without a physical examination was July 31, 1948, VA explained. Prior to the deadline, a veteran could reinstate lapsed insurance by certifying that his health was as good as it was when the policy lapsed.

This deadline confused some veterans who feel that they cannot reinstate lapsed insurance since the deadline passed. That is not correct, VA said.

Mr. and Mrs. John D. Baldwin and sons, Jack and Joe or Correll, Oklahoma, spent the past weekend in the A. T. Stafford home.

field, Texas, this the 6th day of September A. D., 1948. ELDORA A. WHITE, clerk, District Court, Terry County, Texas.

### CHINESE DEAL NETS PAPER \$3,250,000

CARLYLE, Ill. (AP)—Employees of the weekly Carlyle "Union Banner" found their pay envelopes fattened by \$100,000 extra for each—but the "bonus" was in the highly inflated Chinese currency. The editor, Arthur Jenkins, admitted the gag had been pulled on him first. An army captain-friend in Nanking had sent with an order for a year's subscription the "payment"—\$3,250,000 Chinese money.

Mr. and Mrs. Mon Telford of this city and Mr. and Mrs. Mon Telford, jr., of Bryan, returned from a visit in Ruidoso, N. M.

Mr. and Mrs. June Harvey of Commerce, were visitors in the Dick Falls home last week.

L. B. Cabe and sons, Crede and Donald and Huck Smith, have gone to Mt. Ida, Ark., fishing.

Frank B. Cox, jr., of El Paso spent the past weekend with his mother, Mrs. Mary Cox here.

### HOLDUP MEN LOSE ONE GUN, ONE SHOE

FAIRFIELD, Ill. (AP)—Two men attempted to hold up Dellos Wylie at his nearby filling station—but fled minus their gun and a shoe. The pair drove up and one pulled a gun on him, related Wylie. He grabbed the gun and it was fired in the scuffle. One man jumped in the car, leaving a shoe behind. Wylie fired after the car but the gun jammed.

### GUNMAN, SPARE THAT PHONE

MISSOULA, Mont. (AP)—Unable to get a call completed on a pay telephone, an unidentified man pulled out the gun, fired three shots into the booth and walked out.

If Brownfield people carried guns it would be repeated here, too.

Jerry Kirschner was in Stamford on business this week.

E. D. Jones was a business visitor in Lubbock Monday.

ONLY THE **GAS** REFRIGERATOR Gives you a Ten-Year Guarantee...

**STAYS SILENT LASTS LONGER**

No wonder Texas families say, "It's the Gas Refrigerator for us!" For people everywhere know this different, simpler refrigerator stays silent, lasts longer!

That's because only Servel has no moving parts in its freezing system. No motor or machinery. So there's nothing to wear or get noisy. A tiny flame of natural, butane or propane gas does the work. And Servel alone is guaranteed for ten years of silent, trouble-free performance. And actually, many of the more than 2,000,000 families who enjoy Gas Refrigerators today have had theirs 18 and 20 years!

But it's not only permanent silence and longer life that are swinging Texas families to the Gas Refrigerator. The new models—with convenience for keeping fresh and frozen foods—are beauties. Come choose your new Servel today. First come, first served.

STAYS SILENT...LASTS LONGER

Ignorance causes more blisters than bias.

## Still Wants To Read The Herald

From about 1917 to 1928, the Eugene or Gene Brown family lived next door neighbors to us, over in the first addition to Brownfield, both places being built before the railroad came. Later on we built at our present home on east Broadway, but we never let that little difference in distance stop our friendship or our visits.

During the some 12 years that we were close neighbors, and both had small children, if there ever was a hard feeling or ugly word passed between the families, we never heard of it. But on two occasions at least, when Mrs. Stricklin had to have an operation at the Lubbock Sanitarium, Mrs. Brown kept the baby, Sallie T.

On Sept. 7th, Mrs. Brown wrote us that she just could not do without the Herald longer, and although well domiciled in Dumas, Texas, she still thought of Brownfield as home. Three of her boys live there, Grady, Roland and Glynn, and Bonnie at Guymon, Okla.

While the Browns lived in Brownfield, Mr. Brown, a daughter and two sons passed on. We hope Mrs. B. gets a big kick out of each issue of the Herald.

## FORMER TERRYITES LOSE BABY BY DROWNING

Funeral services were held at Yakima, Wash., the 9th for Sheron King, baby daughter of Mr. and Mrs. Jim King. The baby was drowned in an irrigation ditch near their home.

Mr. and Mrs. King were former residents of Brownfield. Mrs. King is the daughter of Mr. and Mrs. J. W. Jowers of 402 N 5th Street, city.

## Little Amelda Brown Calls On Us

On August 23, little Amelda Ann Brown, daughter of Mr. and Mrs. Glyndon Brown of the Forrester Community made her appearance over at the local hospital. The thought struck us that if that little lady had the hardihood to be born on our birthday, she rated a dress from us. And we acted on the impulse.

But when we carried the little

dress over there, the little lady was asleep, so was mother, and we presented the dress to grandmother.

Last week, the Browns brought the baby to the office for us to see. A sweet little lass, and we hope she and we have many returns of the day. The Browns also have another little daughter about 4 years old.
