

The Terry County Herald

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

The Herald has grown with this section from strictly a ranch country. This area now consists of thriving towns and cities, supported by scientific farming and stock farming, augmented by huge oil fields, with the nation's largest known oil reserves.

Herald's Contest Ends Next Week

Big Awards Will Go To Owners In Judged Decisions

By Ola Taintor

The last week of the record smashing Herald "GOOD WILL" subscription campaign will have contestants battling to get ahead of the No. 1 candidate. The contest which began February 11th has added a large number of new subscribers and now places the Herald among the first in circulation in Western Texas. Families in the area still have an opportunity to aid their candidates, and subscribers already receiving the Herald have seven days remaining to help their friends.

Because of the close race and constant changing of positions among the contestants the campaign department decided to withhold the standings this final week.

Contestants eligible for prizes and running neck and neck for the grand prize, a 1949 Ford, are:

- Mrs. Sawyer Graham
- Mrs. Mary Dee Mason
- Mrs. Jack Mason
- Mr. Alvin Strickland
- Mrs. Lillie McPherson
- Mrs. Marguerite Adams

Second prize in this campaign designed to help advertisers and further a better newspaper for the Brownfield community is a cash award of \$400.00, third prize, \$200.00, fourth and final \$100.00.

On behalf of the Nickeson Circulation Company and myself I wish to thank the contestants for their splendid co-operation, the Publishers and their staff as well as all the people who contributed to the success of this campaign.

The seven weeks in my native state have been made very enjoyable by the friendly people of West Texas.

Hobgood's Rubber Checker Apprehended

A 26 year old farmer giving his true name as Melvin Dean Barton, was apprehended at his farm 18 miles southwest of Littlefield, Tuesday, by county officers and a Ranger. It was found that he either had in his possession, or had disposed of some \$9,000 worth of property, which consisted of farm implements, cattle, etc.

In the deals, he had used various names on hot checks. He gave Charles Hobgood one for \$2500 for a tractor and equipment. He left the equipment with Mr. Hobgood of our Exchange, to dispose of for some \$750.

After the check proved to be a forgery, officers were put on the trail of the buyer, but lost at Floydada. Lubbock officers got a tip this week that led to the forger's arrest. Local officers have asked for Barton to be brought here for trial.

It will be remembered that last year on the line of southwest Terry and southeast Yoakum, there were some men who played the same game and lost Crime does not pay.

Bayless Jewelry Has Successful Opening

945 people registered at the opening of the Bayless Jewelry in their new location on Saturday, March 19. Each registration was good for a chance at a \$64.75 set of 1847 Roger Bros. silverware. Mr. M. Singletary of Rt. 5 won the set.

The very modern and attractive new location of this jewelry was filled with floral offerings sent from various local businesses and friends for the opening.

Mr. Bayless is featuring in his greatly enlarged show space a number of new lines in watches, silver, and jewelry. He now is the official agent for Gruen watches. He also features at his opening new Community Plate silverware, and Roger Bros. sterling and silver-plate.

Firemen's Benefit Ball A Success

Local Fire Chief, Eunice Jones, and the members of the Brownfield volunteer Fire Department report the Firemen's Ball held Tuesday night, March 22 at the Legion Hall was a great success. They wish to extend their thanks and appreciation to all of those who attended and gave donations to this project.

The Ball was the first benefit entertainment sponsored by the department in several years. The proceeds will be used for an emergency fund that will provide the department with money in the event any of the members are in need of help or if any of their clothes should be damaged while they are fire fighting.

A good crowd attended ball and danced to the music of C. A. Rogers and his orchestra. The fire department of Seagraves, Lamesa, and Sundown were represented.

Cities Service Reports New Locations And Completions

Two completions and two locations for Texas were reported today by Cities Service Oil Co. (Del). On the completion side, the company's Kirkpatrick No. 13 in Dawson county was finished for an initial potential of 117 barrels of oil daily, while Foster No. 5 in Ector County was completed for 91 barrels.

Located were Foster No. 6, Ector County, in the center SE NE Section 8, Block 43, T3S, T&P survey, and O'Brien E No. 2 in Liberty County, located 140°W, 350°N of SE corner, M. G. White survey.

Duchess Style Shop Opens In New Location Saturday

The Duchess Style Shop, operated by Mrs. Andrew Cooper of Brownfield and Mrs. P. A. Nowlin of Clovis, New Mexico, announced Monday that they will have a formal re-opening in a new location Saturday, March 26th. The business spot being taken over by the two ladies formerly was occupied by the Bayless Jewelry on 418-A West Main St.

They are featuring opening day specials and are inviting the public to come in for a visit when they open their doors at 9:00 A. M.

Nylon hose will be given as a door prize to several persons who register. The shop has been completely remodeled and display counters feature latest fashions.

Many Call To See The New Plymouth

The new 1949 Plymouth got the eyes of Texans last week end. It was being shown at both the Craig Motor Co., and Brownfield Motor Co., as both firms handle it. At both places many visitors called to see this splendid new car that is in the low price range.

But just because the Plymouth happens in the low price field, don't think for a moment it is not

A group of Texas Tech students take time out for a picture as they make plans for the annual Western Days and students rodeo celebration at Texas Tech April 1 and 2. They are: Left to right, top row, Clinton Ritter, Lawn, Pat Todd

Houston, Woody Allen, Winters, Betty Hudson, Segraves; H. G. Bedford, Midland, second row left to right, Bill Eiland, Snuder, Helen Calcote, Rankin; Polly Cook, Post; Don Morrison, Pampa.

Legion Delegates Grooming For Big District Convention April 2-3

Lt. Gov. Shivers Advises Against Two Year Appropriations

Lt. Gov. Allan Shivers has sent the Herald a press release in which he advises the legislature against making bi-annual appropriations for the years 1950-51. His reason is that he believes we are facing a definite economic decline, and that we stand to be better able to judge appropriations and needs for new taxes a year from now.

Like private business, Mr. Shivers believes it more consistent to plan business annually. He cites the fact that this is the rule of business institutions. He gives figures on proposed appropriations as well as present taxes in sight to prove his contention. This he maintains may be all out of line next year.

He is therefore asking Jester to call a session of the legislature next January at which time, we would know a lot more about physical conditions of the state of Texas, for 1950 business.

Perhaps the Lieutenant Governor has something there.

Second Annual Rodeo Set For June 23-25

Rodeo fans of West Texas will have an opportunity to enjoy themselves for the second year in Brownfield as the Junior Chamber of Commerce announced the dates for the annual affair as the nights of Thursday, Friday and Saturday, June 23-24-25th. A new arena is being constructed for the affair which last year proved too small for the large crowds which attended. The site of the arena will remain the same. Wrecking crews this week began to tear down the old square.

This year's rodeo will be staged by a promoter, who during the past few years has been staging successful performances in many cities of West Texas.

Increased seating capacity will be one of the main construction items at the old site. Further announcements will be made by the officers of the Jaycees at their meetings.

Local Service Officer Attends Area School

C. L. Lincoln, veterans service officer for Terry County, attended a school for service officers in Lubbock on Monday and Tuesday, March 21 and 22. Harry E. Rafter, chairman of the Veterans Affairs Commission in Austin, Tex. was official instructor at the school.

About thirty service officers from West Texas attended the school. A banquet was held Monday night after the conclusion of classes. The school was held at the American Legion Hall.

Mr. Lincoln led a discussion on Tuesday afternoon in an open forum on the subject "Service Officers Problems."

Best Road To A Kingdom

Alexander, Caesar, Charlemagne and myself founded empires on force, and they perished; Jesus of Nazareth alone, a crucified Jew, founded His kingdom on love, and at this hour millions of men would die for Him.—NAPOLÉON.

County Herald Largest Net Paid Subscriber List Needs No 'Forced Throw-Away Claim'

People must want the Terry County Herald and pay for it to get it. In the 40 years under present management, the Herald has never tried force itself on anyone. We have never shown any special favors to any subscriber.

We do not make one pay and send it gratis to another. Of course we could get a list from the tax-collector and add as many for one year as we wished to make a BIG SHOW, but that

Lubbock Meeting Opens Selection National Troupe

Six delegates were chosen to attend the 19th district convention at Lubbock April 2-3 at a meeting of Howard-Henson Post 269 held at the American Legion Hall Thursday evening. The delegates will meet at the Hilton Hotel and the American Legion Hall. Registration will be at the Hilton Hotel. The American Legion Auxiliary will hold its meeting in Lubbock on the same dates.

The purpose of the convention called by the 19th District Commander, T. A. Thigpen, is to elect a District Commander, other officers and delegates to the National convention, and to transact such other business as may come before the convention.

Delegates from the Brownfield post who will attend the convention are: Commander Sam J. Privitt, C. L. Lincoln, W. A. Redford, Dale Brown, James H. Dallas and Milton Bell.

Commander Privitt reported the progress of the Teen-age youth program before the meeting and stated that the meetings will be called by the officers of the program elected last Friday during the coming week. He urged the co-operation of the members and the parents in the building of a well-balanced youth program.

Work in the "Scout Hut" being built by the local post is nearly completed and is a compliment to the efforts of the members. The "Hut" is to provide a place for the members of Scout Troop 74 and is arranged in a style that will provide a wonderful accommodation for the troop.

Weekend Rain and Hail Hit Area; Farms Benefit

Many Terry County Teachers Attend 14th Annual WTTA Convention Friday in Lubbock

An overwhelming majority of all teachers in the 27-county area of the west Texas Teachers association was in Lubbock Friday to attend the 14th annual WTTA convention, hearing talks by outstanding educators and laymen, and attending discussion groups for specific branches of teaching and school administration.

More than 2,200 of an estimated 2,770 teachers in the district were here, making this year's convention the largest in the association's history. The convention was concluded with last night's session.

Clarence Whiteside of Lubbock, William B. Deadrick of Odessa and Delbert Downing of Midland, all laymen, were featured speakers at the first general session Friday

morning. Dr. D. M. Wiggins, president of Texas Technological college, was principal speaker at the afternoon session. Main address at the night session was by the president of one of the first teacher-training institutions in America, Dr. Henry H. Hill of George Peabody college, Nashville, Tenn.

Also appearing on last night's third general session was Joe C. Humphrey, of Abilene, president of the Texas State Teachers association.—Lubbock Avalanche.

Practically a hundred percent turned out of Terry county teachers attended the session at Lubbock, last Friday. They reported it as one of the best attended and most interesting in the history of WTTA.

Watch For Persons Soliciting Funds On False Pretenses

David Nicholson, secretary of the chamber of commerce, reports that two young women were in Brownfield soliciting funds under false pretenses several weeks ago. They maintained that the funds were for the operation of an orphanage in Fort Worth, but in reality were using this story as a fraudulent means to collect money for themselves.

The Chamber of Commerce has a committee that passes on persons wishing to contact local firms for contributions. This committee checks on their credentials and decides if they should be allowed to impose their cause on the merchants of this community. If the project is accepted as worthy the solicitors are presented with a letter from the Chamber of Commerce. The people of Brownfield, who are contacted for contributions in the future, are advised to request of the person a letter from the Chamber of Commerce.

Motorist Warned About Car License Deadline March 31

Herbert Chesshir, Tax Collector for Terry County, is warning car owners in this paper that midnight Thursday, March 31st, is the deadline to pay for your 1949 Automobile license. He also urges car owners to come in at the very earliest moment to avoid unnecessary last minutes rush, also penalties and fine.

Be sure you have your certificate of title as it is necessary for registration and will save time.

Awards Are Offered Legion Members Getting Most Members

An award will be offered to the Legion member in the 5th Div. getting the most new memberships during the period between April 1 and April 23. C. L. Lincoln, chairman of membership for the 5th Div. Dept. of Texas, American Legion is offering as the award a plaque presented him by G. Ward Moody, Dept. Adjutant.

Members of the Howard Henson Post are urged to get out and work for memberships so that the plaque can be won by a Brownfield buddy and kept in Terry county.

Further Plans Made For Club Show April 9

David Nicholson, chairman of the Jaycee Club Show committee, reports that the final touches are being made on plans for the show. As reported last week only 4-H boys and F. F. A. boys will be eligible to enter. The date set is April 9 and the locations will be the show barns at the county park. There will be a class for steers which the boys have fed out and one for fat barrows. Ribbons have been ordered for the prize takers in the various events.

A short parade, in which the high school band will take part, is being planned for the morning of the show as a form of advertisement.

Management of the show will be under the co-chairmanship of Jack Cleveland, county agent, and Lester Bedford agriculture teacher at the Brownfield High School. Ray C. Mowery of the Agriculture faculty at Tech will act as judge.

ELITE BARBER SHOP BEING RE-EQUIPT AND RE-MODELED

Shag Bynum, owner and operator of the Elite Barber Shop, is remodeling and re-equipping his place of business. The interior of the building is being completely repainted in new modern color scheme, and the most up-to-date in barber shop fixtures will be installed.

Meadow Revival Well Attended

Bro. Alfred Richards

Rev. B. B. Huckabay, pastor of the Meadow Baptist Church, reported that the revival being held there is being well attended. Bro. Alfred Richards is doing the preaching and Mrs. Lester Locket a local woman will lead the song services.

Services are being held in the morning at 10:30 and evenings at 7:30. The goal for Sundays attendance has been set at 200.

Father Of Local Woman Dies At Everman

Calvin Lang of Everman, Texas died March 18th at the age of 71. He was buried on March 19 at Everman. He was the father of Mrs. Sam Houtchens of this city.

Some Farmers In Soil Already To Combat Windage

Sunday was officially the first day of spring. But so far as we are concerned it might have been in the Mississippi valley instead of west Texas. Sunday the Sr. and Jr. Stricklin families went as far east as Roby to meet Mr. and Mrs. Herman Trigg and Herman's mother, Mrs. Graves. Roby is about the half way mark between Brownfield and Brownwood. But as Herman and his mother had to return to Brownwood, we had to chew a bit of fat before parting, and minutes ran into an hour or more.

It was getting on toward five when the party broke up, with Sallie and the two dogs coming home with the Stricklins. By that time, the roads which had been a bit wet as we came down began to dry, and fairly good time was made until we ran into a rain cloud about 8 miles out of Snyder.

BULLETIN

Another heavy rain and hail hit this morning at 5:00 o'clock, which was of sufficient precipitation to call another halt to farm work for a few days. Hail fall was much heavier, and of larger calibre, than that of Sunday last, but exact amount of moisture was not determined. Today's fall was of about 30 minutes duration.

Finally to sun came out, and we ran out of the wet pavement a few miles west of Snyder. But another cloud appeared in the distance and struck us just before climbing the caprock. This lasted just this side of Lamesa. Of course all this territory to Roby had the Sunday morning rain.

As we left Lamesa another cloud with lightning appeared in the direction of Brownfield, and we ran into it just after entering Terry county. Man, there was plenty hail in that thing as well as rain and wind. Visibility (about the first time we ever got to use that word) was reduced to a gnats' bristle. One good feature was the hail was small in size, and seemed not to damage the wheat along the road, too much. But it was really fierce while it lasted.

After the storm was over and we were able to see out, hailed looked like snow along the highway in the fields and pastures. The hail played out about five miles south of town.

Brownfield Boy Killed By Lightning Sunday

Marvin Bullard, age 12, son of Mr. and Mrs. U. S. Bullard, was struck by lightning Sunday afternoon around 1:45 p. m. while he and his sister were riding their bicycles near their home. The sister who was riding a few feet behind him was uninjured and ran screaming for the parents. Both parents ran to the child, quickly wrapped him up and carried him to the local hospital, but he was dead upon arrival.

Marvin was born and raised in Brownfield. He lived with his parents 1 mile south of the city limits. He is survived by his parents, one sister Joyan, three brothers, Edwin, Roy Dale, and Danny also his grandparents.

Funeral services were held at the Crescent Hill Church of Christ at 3:00 p. m. Monday, March 21. Brother Jimmy Woods officiated. Interment followed in the Brownfield Cemetery under the direction of the Brownfield Funeral Home.

BAND ON TOUR

The Tech College Matador band is to play concerts at Big Springs, Midland, Kermit, Texas and Jal, N. M., this week.

Canyon News Asks: "Who Is A Democrat in Texas? Trumanite Before or After Vote?"

Who is a Democrat in Texas? With all that yapping about Wright Morrow, we wonder who can really qualify as a Democrat.

Is he the fellow who voted for President Truman, and follows everything now that Truman advocates, regardless of consequences?

If this is the definition of a Democrat in Texas, we are fearful there are few who can qualify.

Truman advocated, during the campaign, and still advocates stealing the rich tideland oil fields from the school children of Texas.

Who in Texas believes that Truman is right? Very, very few persons.

Truman believes in, and is trying to push through Congress his civil rights program.

Who in Texas believes in this civil rights program? Very few, indeed!

Senators Tom Connally and Lyndon Johnson have been posing as Democrats and are generally looked upon as pretty strong for their party. But they are certainly against federal stealing from Texas; and they are against the civil rights program of the President; and they have both joined the filibuster to keep the President and his henchmen from abolishing the rights of Senators to filibuster.

Are Texans going to read Connally and Johnson out of the Democratic party?

Does the fact that one voted for Truman in November bind him to everything that Truman, the President, now advocates?

Do you believe in raising four billion more in taxes to be fed into the national government, with no regard to economy?

Truman stands for all this. Most Texans abhor the program of the President, yet a lot of so-called Democrats are seeking to set aside the will of the party in electing Wright Morrow as National Committeeman.

We know nothing about Morrow, except that he has been connected with the Democratic party for many years. Just because his opinions differ from those of the President does not read him out of the Democratic party any more than these so-called leaders can kick Connally and Johnson out for taking a firm stand against the unwise legislation which is advocated by the President. Those who claim all Democrats should wear the brass collar of the candidate, and then wear the brass collar of the office holder, regardless of his actions or attitudes, are seeking to set up a dictatorship within the party. Such an attitude would forever damn the party with American citizens who put men and principles before the party. These are the fellows who lectured Roosevelt and Truman, but they will not elect another Democrat if these little dictators within the party in Texas should gain their way in national affairs.—Canyon News.

SENATOR GEORGE SAYS WOULD BE HAZARDOUS TO KITE TAXES NOW

WASHINGTON—The chairman of the senate finance committee says it might be "hazardous" to boost taxes now. Chairman Walter George says it might contribute to a business recession.

George—a Georgia Democrat—believes congress should put off until next year President Truman's request for four billion dollars in new taxes. He says: "There would seem to be definite signs that the so-called boom of the past four years is at least leveling off, so that the forces of inflation and deflation are now somewhat in balance."

Other democratic tax spokesmen in congress also are calling for a go-slow policy on taxes until the effect of the commodity market break can be assessed.

TEXAS SPORTSMEN TO HOLD STATE-WIDE MEET IN BROWNWOOD

AUSTIN—Texas hunters and fishermen hit the trail for Brownwood April 7 for the first Texas Sportsmen's Competition and selection of state champions in plug and fly casting, skeet and trap shooting, pistol and rifle marksmanship, and hunting dogs.

The competition, the first ever to be held on a state-wide basis in the United States, will last four days, April 7-10 and will be the "biggest camp meeting in Texas history," according to Conrad Fath of Austin, general chairman for the event which is sponsored by the Texas Wildlife Federation. Participants and observers will camp on the site of the competition.

Events are open to participants of all ages. In the plug and fly casting events, special divisions are set up for men, women and children with merchandise prizes, medals and trophies in each division. Fishermen's accuracy and fishermen's distance events on Saturday, April 9, will prove especially attractive to the ordinary everyday fisherman, because anybody who has ever placed in any casting contest is barred from entering. Sunday's open casting events, however, are open to all who want to enter.

The area of South America is estimated at 7,500,000 square miles, slightly less than North America.

Senator James E. Taylor of Kerens, Texas, chairman of the Gilmer-Aikens committee (back to camera), explains the committee's three public school reorganization bills at a public hearing held by the House Education Committee in Austin March 16. Members of the House committee are at a long table in the center. Part of the large crowd that attended the hearing is seated in the background.

Associated Press Photo

Oil Men Will Meet In New Shamrock Houston April 2nd

The newly-opened Shamrock Hotel in Houston, Texas will be the scene of the third annual meeting of the Texas Independent Producers and Royalty owners Association on Friday, April 1 and Saturday, April 2.

Organized on April 18, 1946, the TIPO Association was instituted for the purpose of promoting the interest and general welfare of the Texas independent oil and gas producers and royalty owners. The Association embraces a membership of approximately 4000.

Officers of the Texas Independent Producers and Royalty Owners Association are Guy I. Warren President; E. I. Thompson, Executive Vice-President; A. R. McElreath, Secretary; and William T. Beard, Treasurer.

General registration will begin at 8:30 a. m. on April 1. At noon on April 1, a luncheon will be held for TIPO members and a luncheon will be held for wives of TIPO members. At 7:30 p. m., the annual dinner will be held. Saturday, April 2, will be devoted to informal entertainment.

This is the first time the Texas Independent Producers and Royalty owners have met in Houston. The first annual meeting was held in Dallas; the second in Corpus Christi.

The Falkland Islands, a British crown colony about 300 miles east of the Strait of Magellan, actually is made up of approximately 100 islands.

SIX THOUSAND TEXAS BAPTISTS WILL MEET ABILENE NEXT WEEK

Six thousand Baptists from all over Texas are expected to meet in Abilene March 31-April 2 for the fifty-ninth annual state Training Union convention. Headquarters for the meeting will be Rose field house on Hardin-Simmons university campus.

All general sessions of the convention are to be held in the field house auditorium. Departmental sections from nursery age children through adults will meet in the First Baptist, University Baptist, First Christian, First Presbyterian and St. Paul's Methodist churches.

Dr. Guy Newman, pastor of the First Baptist church, Denison, is state Training Union president. He will preside at all general sessions.

BREAKS OWN MEET RECORD

Darrow Hopper (above), North Side High School, Fort Worth, broke his own record in the shotput during preliminaries of the high school division, March 18, at Southwestern Recreation Track and Field meet in Fort Worth. He heaved the shot 56 feet, 3/4 inches. His old record for the meet was 54 feet and 2 inches.

TAKE YOUR FAMILY TO SUNDAY SCHOOL

Over the years I have been deeply impressed with the fact that the families participating in Sunday school activities are also the families most interested in establishing a genuine home and progressive, wholesome community life.

The principles of religion taught in our Sunday schools are up-to-date and of value to parents and the continuance of this instruction in adult life strengthens parents in the guidance of their benefits derived only from this source.

Parents who do not carry out their duty of instruction by example fail to assume their responsibility in a manner which is detrimental to our Christian society and increases the need for teaching by organized religion.

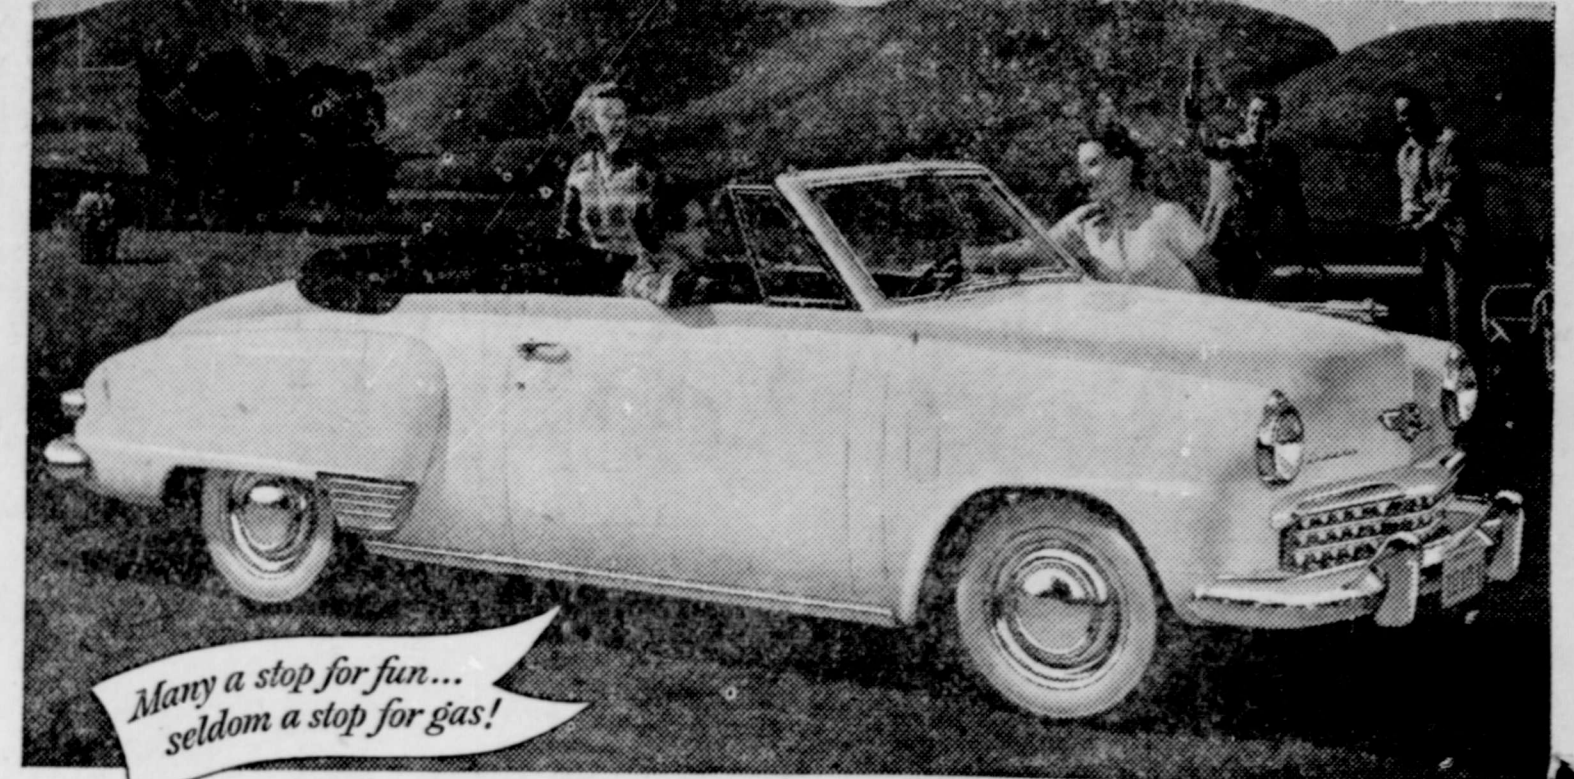

If we would have an enduring Christian nation we must strive to reduce crime. The plain and simple maxims of the Bible contain the rules which should govern human conduct.

The Hawaiian islands are of volcanic origin.

The highest peak in the Philippines is Mount Apo, in southern Mindanao, with an elevation of 9,610 feet.

Many a stop for fun... seldom a stop for gas!

Studebaker's the '49 buy word
for a timely new kind of operating economy

See these stand-out distinctions of the new 1949 Studebakers

New decorator-fabric upholstery • New body colors • Self-adjusting brakes • Variable ratio "extra-leverage" steering • Panoramic vision • Seats centered between the axles • Low center of gravity • Glare-proof "blacklight" instrument panel dials • Automatic bill holder (standard except on Champions) • Automatic overdrive, Climaticizer heating and ventilating, whitewall tires and wheel trim rings or discs optional at extra cost on all models.

WOULDN'T you like to keep more of your income untouched by outgo for car operation? Well, the answer is right before you in any 1949 Studebaker car.

Gas economy is written all over every inch of a new Studebaker's flight-streamed structure. No burdensome dead weight squanders any of the gas you buy.

How much this runs into in savings, any owner of a postwar Studebaker will tell you. Stop in and get the names of some people to talk to about it now.

Social Security Men Warn On Omission Of SS 'Numbers'

Shakespeare was correct, according to Elliott W. Adams, the manager of the Lubbock social security field office, when he had Juliet say those oft-quoted words "What's in a name?" and then go on to imply that name was meaningless.

Mr. Adams based his agreement with Shakespeare on the fact that an employee who lets his employer report his social security wages by name alone is asking for trouble in getting his proper amount of benefits when a claim gets filed, trouble in getting full credit for the wages earned.

More than eighty million people have social security accounts in the central bookkeeping division of the Social Security Administration.

It is not enough for an employer to show only the name of his employees on the social security tax returns. By name alone, the Social Security Administration cannot identify the proper account to which those wages should be credited. The social security account number and name of the employee should be on each social security tax return for the tax return to be correct and complete.

The bronze statue known as Christ of the Andes, on the border of Chile and Argentina, was erected in 1902 to commemorate peaceful settlement of a boundary dispute between the two countries.

Old Age Pension Set-up Stinks, Says Ropesville Editor

In our opinion one of the shining examples of mismanagement and downright gross neglect, is the manner in which old age assistance is handled in Texas. The investigators are taught, not how generous they may be, but how little they can give. Their favorite pastime is to blow into the home of an aged couple who have barely enough to subsist on and lop the grant to the bone—and their orders. We suppose it is their orders, but it is not the law. One youthful man who is now on in this territory had the audacity to say that in training for the job he was made to live on thirty dollars a month. Yet, he cuts grants to less than twenty in some instances. In the case of one aged woman, who was receiving \$25 per month, he cut her to \$20. On what grounds we have been unable to find out, for, as far as we know, she has no other income or means of support; another, who is paying \$10 a month house rent is receiving less than \$30, and out of the remaining \$20 expected to live, buy clothes, pay electric and gas bills.

Such practice stinks to high heaven—such practice is in direct contrast to what was ordered by the people at the polls, who by their voice said pay the aged persons \$30 or more per month, and now it is forty dollars, but to receive forty dollars, seemingly you would have to be minus both hands and legs and permanently under the care of a specialist.

ARMY CAREER NOW OFFERED TO GIRLS

Girls—not since the days of suffrage has such an opportunity been offered to qualified young women—if you can meet the high qualifications of the WAC and WAF it is now possible for you to enlist—if you make the grade you will be sent to Camp Lee, Va., for training or to San Antonio in the case of WAFs. You can learn a trade or skill that will stand you in good stead for the rest of your life while at the same time you are receiving the first class pay and privileges that your congress has accorded you. At your first opportunity drop around to the recruiting office on the second floor of the Courthouse in Brownfield and have Sgt. Carnes or Dobbins explain this to you.

AWAY GOES OUR GAS!

Texas officialdom is mightily worked up over the federal threat to the state's tideland oil. Federal interference is denounced. If the tideland oil seizure goes through, Texas undoubtedly will be deprived of a great deal of revenue.

Yet Texas officialdom, and especially the Texas legislature, is strangely quiet and inactive regarding another threat to Texas resources—the siphoning off of the state's tremendous natural gas reserves to heat the boilers and warm the homes of people in the other states.

The Federal Power Commission has the say-so in this, for it has the power of life and death over new interstate pipelines under the public convenience and necessity clause. The commission has been extremely generous in its granting these new lines, and in allowing increases in the amount of Texas gas the lines may carry.

This week an attorney for the Pacific Gas and Electric Company of San Francisco appeared before the power commission in Washington and made a plea for a pipeline permit to carry Texas gas to the San Francisco area. The growth of California's population, he pointed out, has increased sharply the need of natural gas that must be brought in from Texas and New Mexico.

This is a graphic illustration of the part Texas gas is playing in the growth and development—of other states. Many states on the Eastern seaboard now use Texas gas, in some cases buying it much cheaper than Texas domestic and industrial consumers can buy it. Now the Pacific coast wants to increase its take of Texas gas.

Gas is irreplaceable. Once gone it is gone for good. The faster it is siphoned off to enrich pipeline companies and the industries of other states, the quicker Texans will be deprived of this magnificent natural resource.

How much longer will the Texas legislature ignore this situation? Until all the gas is gone, and Texans have to start using lignite and mesquite knots to heat their homes and power their industries?—San Angelo Standard.

State Health—

(Continued From Page 2)

It is nevertheless the same total as was reported for the whole state during the entire year of 1948.

"Smallpox vaccination, which affords complete immunity from this disease, is a painless, inexpensive procedure, which should be used to protect every individual in the state," Dr. Cox said. "When we grow lax about our vaccination and allow susceptible persons to be exposed to smallpox, it follows that the disease will then spread throughout the unvaccinated population, bringing serious illness and possible deaths."

Dr. Cox urged all parents to see that their children have been properly vaccinated, and if there is doubt about the immunity still being effect, they should be given another vaccination. If they are immune, the vaccination will not take, but if it does take, then the immunity was low and the vaccination was needed for their protection. "This same thing applies to adults", Dr. Cox said, "Check and be sure that your own immunity is established, as well as that of your children", he advised parents.

South America stretches about 4,500 miles north and south and 3,200 miles at its widest east-west point.

Heart of Your Gas Service

West Texas Gas Company's McSpadden Compressor Station, near Canyon, Texas, is one of the stations employed to maintain movement of natural gas to South Plains cities.

Compressors and Maintenance Cost More... But Your Gas Rates Are at Pre-War Prices!

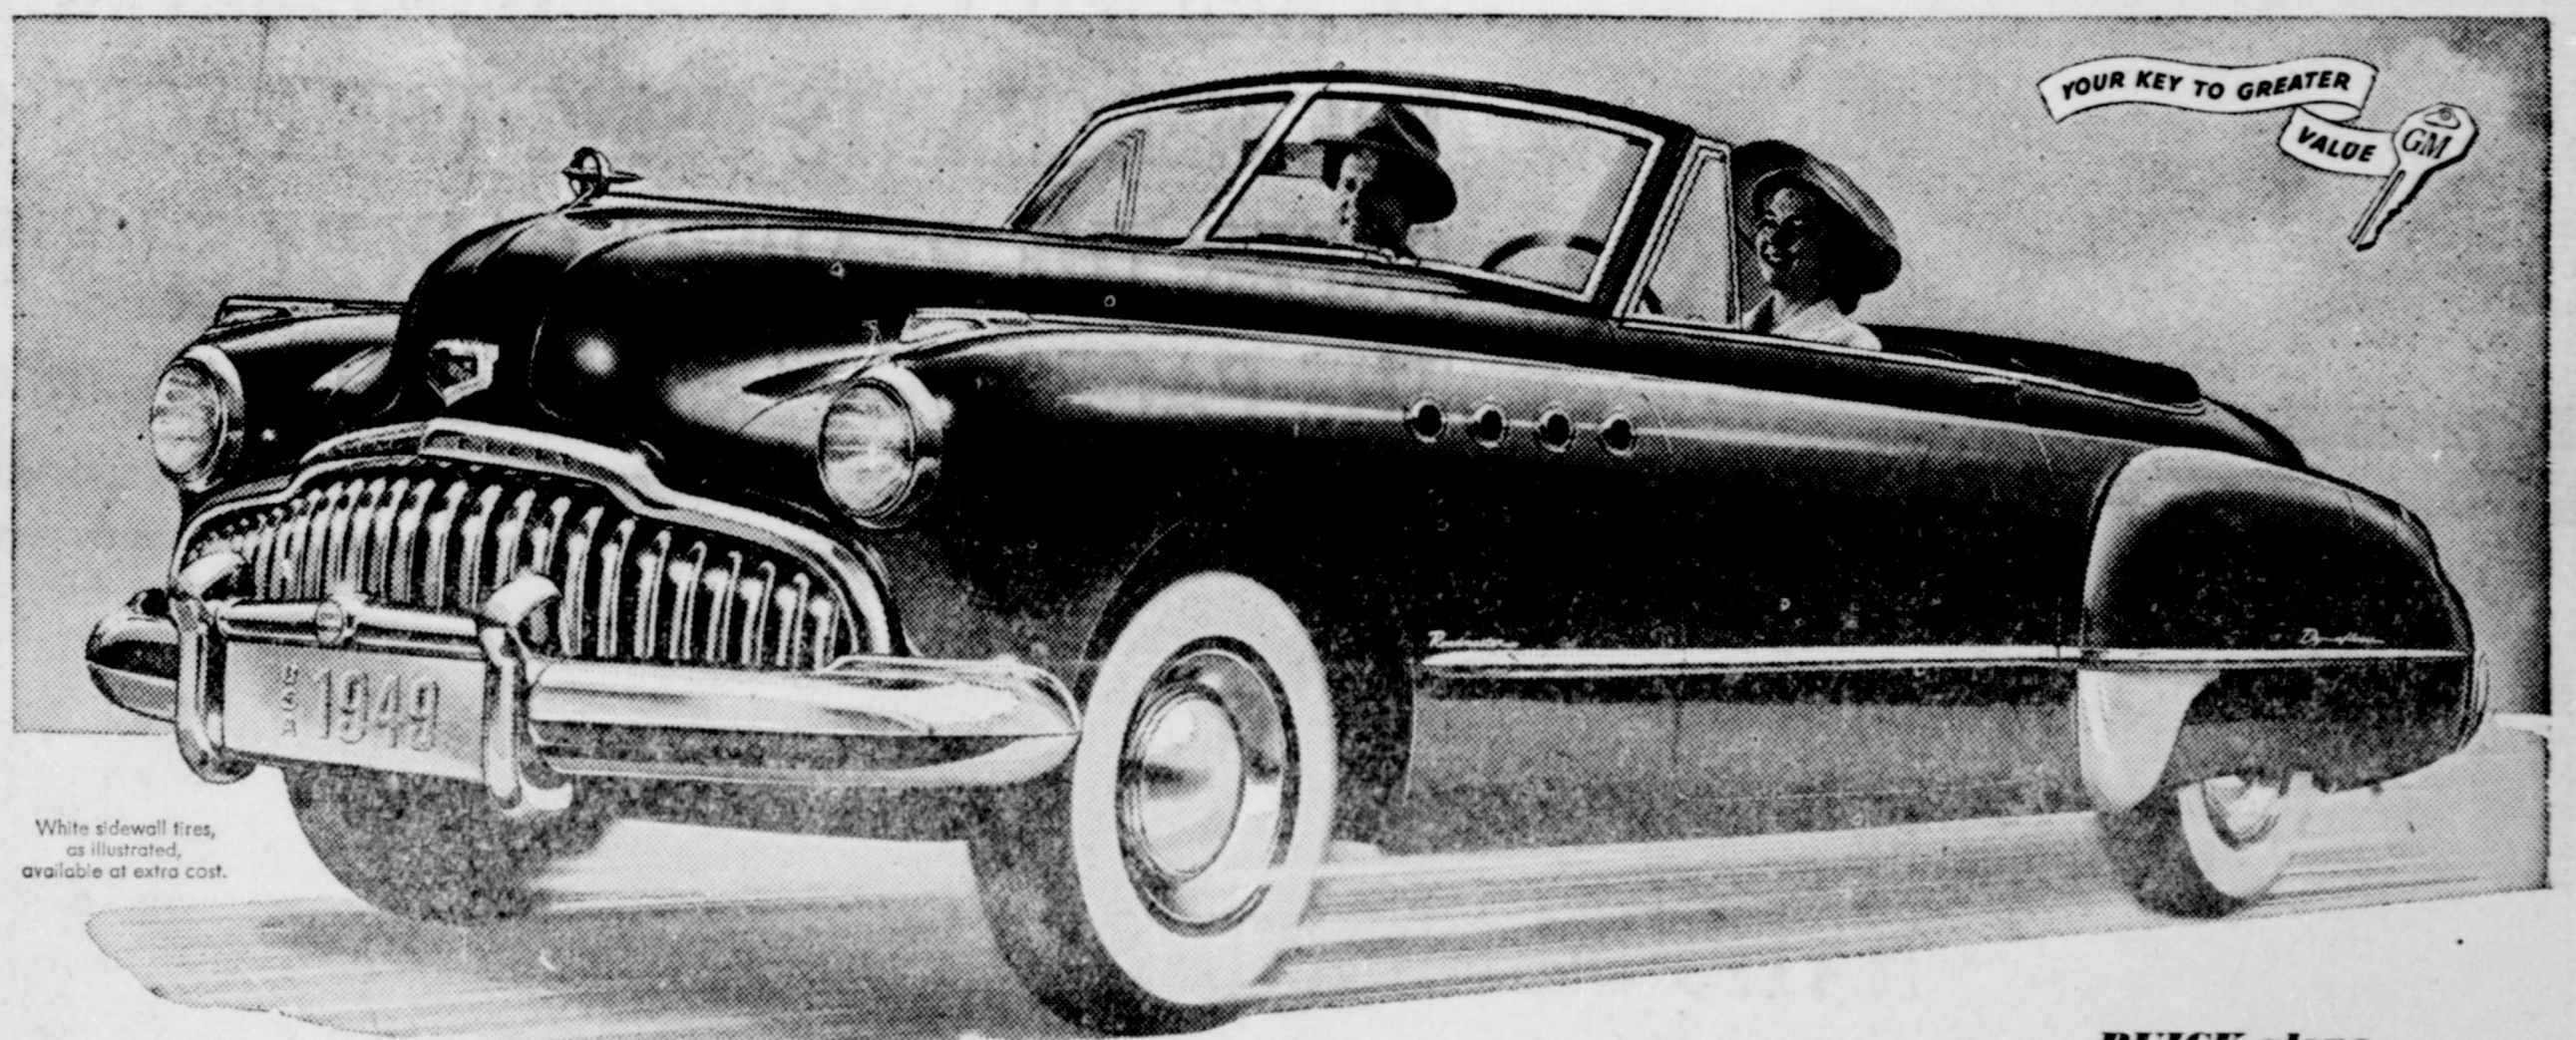

Construction of McSpadden Compressor Station began in 1943. Three compressor engines, two 165-horsepower and one 80-horsepower, were installed. Larger compressors were preferred at that time but were not available due to governmental restrictions during the war years.

Since 1943 West Texas Gas Company has installed six 400-horsepower compressors and made other improvements to increase the capacity of this station to 2,850-horsepower, almost seven times that of the original plant.

In 1948 West Texas Gas Company paid over 92 per cent more for 400-horsepower compressors than it paid for the same type engines purchased in 1940.

Despite increased costs of compressors, steel pipe, wages, valves and other items... natural gas service for your home and business is still furnished you at 1940 prices!

Bitter Tidelands Struggle Looms For Texans

Rep. Gossett Urges Concerted Move For States Rights Over 'Texas Own' Tidelands

Texas should take immediate action in the non-partisan fight to place their wealthy tidelands under state instead of government sovereignty, Representative Ed Gossett of Texas, sponsor of a bill to this effect, urged today in a letter to Seminole voters.

Both Democrats and Republicans should join in the fight for their rights, Rep. Gossett stressed. The Bell resolution for state legislative action toward a constitutional amendment is fine but takes the long way, he said.

"We must fight to save the more than \$1,000,000 going to our Public Free School Fund every month," the letter declared, and

branding the taking of the Tidelands as a "highly political move by Mr. Truman."

Two bills advanced by Rep. Emanuel Celler of New York set up machinery for a commission to have jurisdiction over the Texas lands and barring cession to the states.

Rep. Gossett, appealed for all voters to lay aside political regularity, look for allies, form blocks and lay plans for a successful fight in Congress. The Republican National Convention declared in its 1948 platform for state ownership of the tidelands and now there must be coalition between the southern block and the G. O. P. members of the House and Senate to oppose the Celler supporters, he said.

Texas solons will be hearing from the Truman-sponsored 25,000 Club (including many Texans) which was organized to see that the federal program was carried out, the letter brought out, and every alert Texan should contact their congressional representative before it is too late.

"The taking of our Tidelands by the Federal Government invades the rights of the states as much so or more than any other issue in the history of our country, and tends toward Socialism to boot," Rep. Gossett emphasized.

Property rights involved are

Texas Disposes of A Grand Empire

AUSTIN — Land Commissioner Bascom Giles has seen a long-time ambition gratified—a History of the Texas Public Domain has finally been written.

The story of how Texas disposed of its 187 million acres of domain will be released by the Steck Company, Austin, on March 28. It is entitled "Lots of Land."

Giles had intended to author the book himself, but has been kept too busy making land history to write it.

"Then this menace to our tide-

lands popped up," said the Commissioner. "I felt it was more of a public duty than ever to get such a history into print."

Thus Giles turned over his personal collection of material as well as the historical research done by various members of his staff, to Curtis Bishop, whose syndicated feature, "This Day in Texas," appears in several papers.

"I guess you can call me the sponsor, collaborator and now chief booster," smiled Giles. "I defy any intelligent person or even the U. S. Attorney General to read this book and then deny that the tideland oil properties belong to the Public Free School Fund of Texas."

Oxford University in England is a federation of 21 colleges each with its own government and a teacher staff.

Louisiana Legion Will Have Negro Boys' State

BATON ROUGE, La.—The Louisiana American Legion will sponsor a "Bayou Boys' State" for the Negro high school students on the campus of Southern University, June 14-22, according to Past Department Commander, A. R. Choppin, in charge of this Americanism program. He has charge also of "Pelican Boys' State" for white boys and the Girls' State for the young women.

Dr. Choppin, estimated that 260 Negro lads would be enrolled in the first "Bayou Boys' State," which he described as a "nine-day practical lesson in democracy."

far greater than property rights in the Civil War."

He urged that all voters dispatch letters at once to Sam Rayburn, Speaker of the House, asking him to get into the fight before it is too late; and Jack Porter of Houston, who as a Democrat, was one of the leaders in the effort to save the Tidelands in the 79th and the 80th Congress and who as a Republican urged the issue in his candidacy for the Senate in 1948.

The two bills introduced by Rep. Leslie King of Vernon to appropriate \$100,000 each to the attorney general and the state school board should pass with all haste, the letter said.

Alert Texans have the votes to back up a coalition and they should use their initiative now, the congressman concluded.

The islands of the Philippine archipelago are largely volcanic.

That's A Whale of A Lot For Fish!

Uncle Sam will spend nearly three and a third million dollars on fish during the fiscal year 1950 if Congress approves all the piscatorial items in the Federal budget.

The budget proposes to spend \$2,005,500 propagating fish; \$1,316,000 investigating fish; and \$10,000 keeping fish statistics.

For protecting seals, the budget asks \$481,300, and for investigating seals, \$37,400.

For controlling wild animals, from lions to mice, the proposed cost is \$1,080,000. And "nut investigation"—including pecans, filberts, and possibly almonds—are slated to cost \$289,540.—Texas Tax Journal.

Health Department Issues List Certified Milk Distributors

The grade of all milk supplies in Brownfield have been determined by the Local Health Department in accordance with the grade specifications of the Standard Milk Ordinance.

All consumers should purchase milk on the basis of grade and to look for these grades on each bottle cap. Placards are posted in restaurants and fountains designating the grade of milk served. Certified pasteurized and grade A pasteurized milk are the safest grades of milk and certified raw and grade A raw milk are as safe as raw milk can be made short of pasteurized. Thus consideration should be given to the consumption of the safest milk.

- The following milk companies only are authorized for the distribution of milk in Brownfield:
- Orr Dairy, Pasteurized.
 - Orr Dairy, Grade A Raw.
 - Banner Creamery, Grade A Pasteurized.
 - Bordens Company, Grade A Pasteurized.
 - Lamb Creamery, Grade A Pasteurized.
 - McIlhane Creamery, Grade A Pasteurized.
 - Powell's Creamery, Grade A Pasteurized.
 - Tennessee Dairies, Grade A Pasteurized.

BUSINESS FAILURES DOUBLE LAST MONTH

AUSTIN—Dun and Bradstreet reports showed 12 business failures for Texas in February, or double the number set in the preceding month and tripling that of February, 1948, the University of Texas Bureau of Business Research reported.

Total liabilities, reaching \$95,000 in January, were over two times those of February, which averaged \$35,000 per failure, while February of 1948 average liabilities cost \$25,000 a failure.

January, 1949, failures proved the most expensive, each averaging \$159,000.

Another Moon Discovered By McDonald Observatory

AUSTIN—The discovery by McDonald Observatory, operated jointly by the Universities of Texas and Chicago, of a fifth moon or satellite of the planet Uranus, has been rated by Science Service as one of the 10 leading scientific achievements for 1948.

Science Service is a non-profit institution headed by a board of trustees composed of outstanding scientific leaders who are nominated by leading national academies and councils for advancement of science and research.

Easter Island, lying about 2,000 miles off Chile, contains a number of colossal stone images apparently made centuries ago.

England's Oxford University dates back to 1249.

PONTIAC NO. 3,000,000 COMES OFF LINE

The three millionth Pontiac, a cream-colored convertible sedan, was produced this week by Pontiac Motor Division of General Motors. Harry J. Klingler, general manager of Pontiac for the last 15 years, drove the history-making model off the production line. With him, standing, is L. W. Ward, general sales manager. The city of Pontiac made the occasion a civic celebration.

ADA Dairy Group Elects New Officers In Texas Division

FORT WORTH, Texas, March 17—Dr. A. V. Moore, College Station, head of the manufacturing division of the dairy department at Texas A. & M., was elected president of the American Dairy Association Texas Division at the annual meeting held here in conjunction with the Texas Dairy Products Association.

He succeeds D. T. Simons, prominent Fort Worth dairyman, who has served as head of the state association for the past two years.

E. W. Daley, Jr., Bowie, Texas, newly elected president of the Dairy Products Association, was named vice-president of the state ADA. Other officers elected were: Grady Walker Corpus Christi, treasurer and national executive committeeman; Ellis Wurzbach, Fort Worth, secretary; G. G. Gibson, College Station, extension dairyman, assistant secretary treasurer.

Concerned over the threat of milk surpluses, the board announced plans for Texas dairymen to do their part in helping finance the nationwide advertising campaign of the American Dairy Association to increase the sale and use of dairy products.

The new state president, Dr. A. V. Moore, will head the June drive in 40 states build their advertising budget a year's campaign. Texas producers will join in a voluntary set-aside at the rate of a penny per pound of butterfat delivered at dairy plants for 30 days.

GOSPEL MEETING IN PROGRESS AT WELCH CHURCH OF CHRIST

The Church of Christ in Welch, Texas is to begin a gospel meeting March 24th to continue through April 3rd. Ira Odell Purdy from

SOME CHOICE PLACES OPEN IN THE MILITARY

Sgts. Carnes and Dobbs of the army ad air force recruiting office here, have notified this paper that there are still some vacancies in several choice military installations in this section. For instance, there are several at Goodfellow Field, San Angelo, as well as several others.

Veterans are invited to drop by the recruiting office located on the second floor of the courthouse, Brownfield, and have Sgts. Carnes or Dobbs show you some of the choice assignments you might get. It is generally known that voluntary enlistments have been greatly curtailed, but for the next few days it will be possible for several qualified men to enlist in the army or airforce.

If you are interested, or think you might be interested in the future, drop by the recruiting office and let one of these men explain it to you.

CANNY SCOT WANTS HEARING INSURED

A Scottish doctor, working under Socialist Britain's "cradle-to-the-grave" health plan, reported recently on a man who is trying to collect all the health apparatus he can ever need.

First an optician outfitted him with spectacles—for free, of course. A dentist gave him false teeth—for free. Next he got another pair of "specs." Finally he asked for a hearing aid.

"You don't need it," the doctor decided after a test. "Not now, but I might some day," the man replied.

Seagraves, Texas is to do the preaching. The public is urged to attend this meeting as Bro. Purdy is a very capable preacher and all will be benefited as he preaches the gospel in its simplicity and entirety. Welch is located on the Brownfield - Lamesa Highway, midway between the two towns.

Korean Farmers Prosper

This Korean farmer tills the soil as his father did, with ox and wooden plow, but he is more prosperous. His father worked as a tenant, but under Korea's new land reforms the son will soon own his own land. Korean farmers can buy land for three times the annual production of its main crop. (Photo by NEA-Acme staff correspondent Richard C. Ferguson.)

SAVE SOIL, SAVE COUNTRY IS ADVICE OF SPECIALISTS

AUSTIN—During the next 12 months, 798,746,000 tons of topsoil will wash and blow off Texas. It would cost a billion, 250 million dollars to ship this amount of soil from Temple to Galveston in about 16,000 hundred-car Santa Fe freight trains.

Lykes Brothers Steamship Lines would charge about 95 million dollars to move the soil from Galveston to Havana in 8,967 ships.

These figures were given yesterday by Representative J. A. Luedemann of Brenham, sponsor of legislation in the House that appropriates 10 million dollars as a capital fund for soil conservation work in Texas.

The money will be allocated by a five-man state soil conservation board to 175 soil conservation districts, there to be administered by district supervisors.

Supporting the appropriation measure is the Association of Texas Soil Conservation District Managers.

R. M. Boswell of Kenedy, representing the association in Austin, says that every penny of the 10 million dollars will go into actual work on the land, inasmuch as the state has already provided for payment of administrative costs.

Boswell emphasized that the money will be used as a revolving fund, to be kept intact as farmers pay for work done on their property.

"In other words," Boswell said, "the fund is of a permanent nature; it will not be necessary to ask the legislature for additional appropriations at every session."

The fund, Boswell asserted, is intended to round out the present soil conservation program by making equipment and supplies available at a reasonable cost to the operators of small farms.

Farmers who have limited resources frequently cannot themselves buy the equipment and supplies needed to do the soil conservation work on their land; nor is it economical for private contractors to bring in heavy machinery for a small, operation Boswell said.

By grouping the small farms, however, and working out the mutual problems on a watershed basis in each soil conservation district, it is possible to carry out the program efficiently, the association's representative added.

He urged the necessity for speed in getting the work under way, pointing out that:

"This proposed legislation will expedite the soil conservation program in Texas to the extent that \$10,000,000 made available to the districts now will be more effective than ten times the amount if delayed another ten years."

The New York police force is more than three times the whole population (3,000) of Andorra, the tiny republic in the Pyrenees between France and Spain.

The NEW **54** COTTON PLANTING SEED NOW AVAILABLE

The NEW Paymaster "54" is now available for the 1949 planting season—ready for farmers who want more profit from Cotton. This quick-maturing, high-yielding, better-staple-producing planting seed answers the demand for a variety that is tested and proved for West Texas growers. It is the result of scientific selection and painstaking experiments to develop a seed that will produce more money per acre planted.

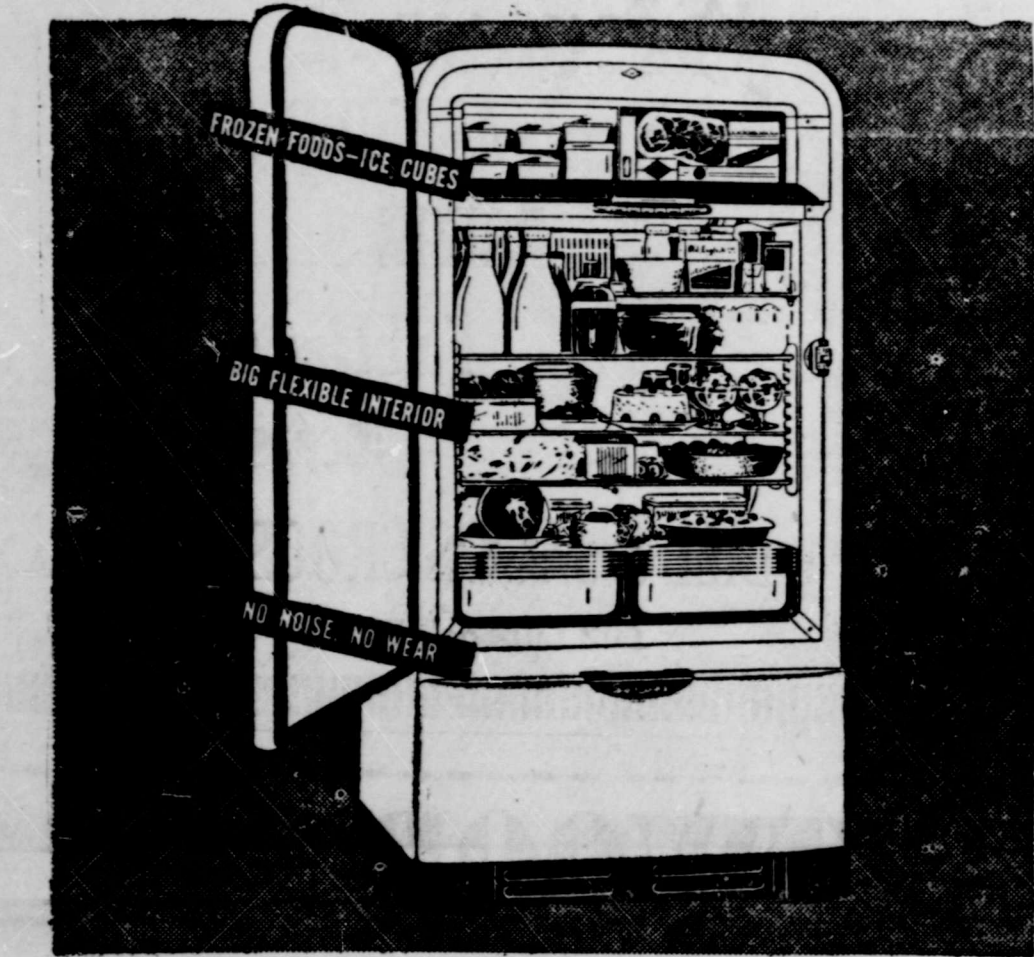

Here's why the NEW Paymaster "54" is a money-making Cotton . . .

- **EARLY MATURITY**
Of 25 varieties tested recently . . . "54" was first in percentage of crop harvested in a four-month period.
 - **HIGH YIELD**
In this same test, "54" was third among all varieties in yield per acre.
 - **BETTER STAPLE**
"54" ran 15/16" to 1 inch throughout West Texas, assuring a better price.
 - **TESTED FOR DRY LAND**
"54" has been proved successful for dry land farming as well as for irrigated Plains areas.
- Be among those profit-minded farmers who demand a money-making Cotton planting seed—the NEW "54"; order your supply of the improved, state-registered "54" NOW.

IT PAYS TO PLANT PAYMASTER "54"
Sold through your ginners, your seed dealer, all branches of the Western Cottonoil Co., and at Lockview Farm, Plainview, Texas.

PONTIAC

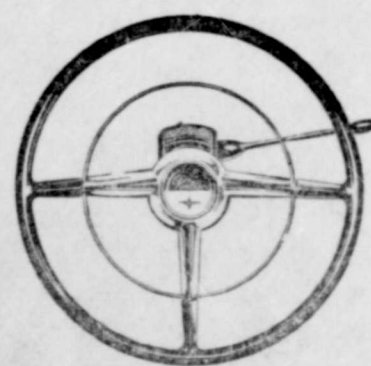

Pontiac—Division of General Motors

General Motors' Lowest-Priced Eight!

THE MOST BEAUTIFUL THING ON WHEELS

Completely new front end design—Silver Streak Styling, striking new Bodies by Fisher, new Stream-Sweep fenders, and Hi-Arc rear deck ensemble—all combine to make the 1949 Pontiac truly "the most beautiful thing on wheels."

LOWEST-PRICED CAR WITH GM HYDRA-MATIC

for unsurpassed "automatic" driving ease. No clutch pedal. No continuous shifting. You just sit back and drive! Hydra-Matic has proved, in millions of miles of driving, the most economical of all automatic transmissions! Optional on all models at extra cost.

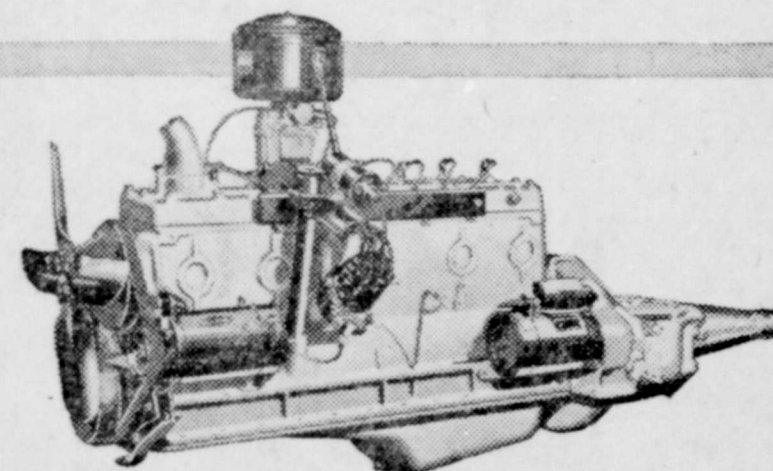

It's no wonder that thousands and thousands of people all over the country have decided—once and for all—to move up to the magnificent new 1949 Pontiac.

It's an easy step to take, because the new 1949 Pontiac—beautiful and distinguished as it is—is still priced just above the lowest! Pontiac is General Motors' lowest-priced eight!

As a matter of fact—if you can afford any new car you can

probably afford one of the many beautiful new Pontiacs! When you do buy a Pontiac—you will be driving an outstanding automobile, a car that's a sweetheart for performance; a car that just goes and goes—mile after mile—with only the minimum of routine servicing.

In short, you will be proud and happy to own and drive a Pontiac—"The most beautiful thing on wheels!"

PONTIAC FAMOUS IMPROVED STRAIGHT EIGHT AND SIX CYLINDER ENGINES

provide thrilling new performance eagerly responsive to every driving need. Packed with power . . . delightfully smooth . . . amazingly economical . . . thoroughly proved!

PLUS ALL THESE FINE NEW FEATURES

- Completely New Bodies by Fisher
- Wider Seats—Added Room
- Wide, Easy-Access Doors
- New Wide-Horizon Curved Windshield
- Safe-T-New Driver View
- New Dial-Cluster Dash
- Exclusive Travelux Ride
- New Finger-tip Starter Button on Instrument Panel
- New Heating and Ventilating System
- Carry-More Luggage Space
- New Low-Pressure Tires, 15" Wheels and Wider Rims

Big Drive On For Cripple Children Fund

DALLAS March 22—The largest Easter Seal Sale in the history of the Texas Society for Cripple Children has been launched with the mailing of more than 1,000,000 sheets of the seals in Texas. This is exclusive of the 1,500,000 school packets which are purchased by children.

The Texas Society for Crippled Children entered the 16th annual Easter Seal Sale with 125 organized county affiliates, according to Martin M. Ricker, executive director. In all of these counties, 91.8 percent of the money derived from the sale remains to care for local children. In the unorganized counties, where the Texas Society renders direct aid, the Easter Seal Sale was assisted by volunteer workers from the Dallas Women's Forum who stuffed and ad-

ressed the Easter Seal envelopes. In a letter announcing the 1949 Easter Seal Sale, president Roscoe L. Thomas of Dallas points out some of the year's accomplishments of the Society. Through special legislation sponsored by the Texas Society, Special Education opportunities to 11,000 children who, because of physical disabilities, are unable to attend school; Rehabilitation teachers trades and business to 2,000 handicapped; Hospitalization and medical care have been provided 7,500 less fortunate children; Transportation was furnished 80 children who did not have the means to travel to medical centers; there are 14 Cerebral Palsy Treatment Centers in which 1,113 children are being started on the road to a more normal life.

4-H HEALTH PROGRAM GAINS IN POPULARITY AND ENROLLMENT

Success of the National 4-H Health Improvement awards program is evidenced by the nationwide acceptance and continued increase in enrollment since its inauguration two years ago, the National Committee on Boys and Girls Club Work reports. The 1948 enrollment nearly reached the 520,000 mark compared to 432,768 in 1947. Texas participation in the 1949 activity is already under way.

Good health for the individual and the community are chief goals of the program, which is under the supervision of the Cooperative Extension Service. 4-H boys and girls who enter the contest are urged to follow a personal health program of proper diet, rest, good posture, regular physical and dental check-ups and treatment of defects. As a club group they survey home and community health problems and strive for improvement. They also stress outdoor sports such as baseball, football, tennis and swimming along with

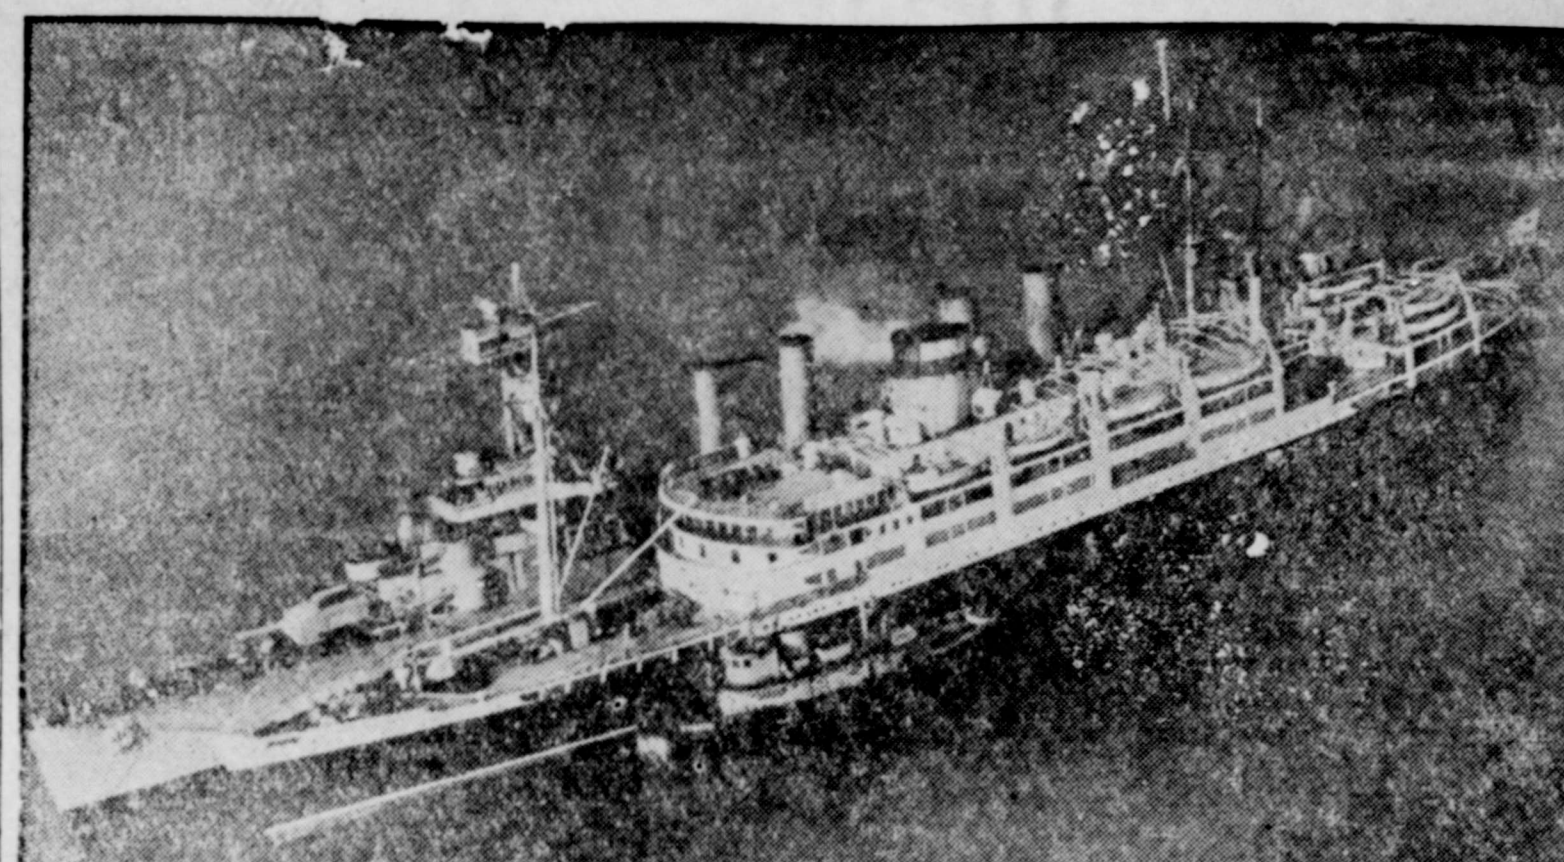

Local People Attend Gay Ninety's Show In Tahoka Friday

Several local couples drove to Tahoka Friday night to attend the Gay Ninety's show presented over there at the High School Auditorium as a project for fund raising for the Tahoka post of the American Legion. The show was modeled after the one presented here last spring by the Women's Auxiliary of the country club.

The following Brownfield people attended and returned with enthusiastic reports about the Tahoka talent: Messrs. and Mmes. Prentice Walker, Jack Bailey, and Roy Wingerd, and Mmes. Jerry Kirschner, Hiram Parks, Buddy Tarbutton, and Sam Privitt.

Tech college announced last week that Dr. John H. Banister of the Sears and Summit church of Christ, Dallas, would deliver the baccalaureate sermon May 29th.

other forms of recreation. Merit awards totaling \$13,550 are donated by the Kellogg company. They include a certificate for the 4-H Club in each county conducting the best health program; \$20 each to the 10 top-ranking clubs in the state to promote community health, and an educational trip to the National 4-H Club Congress in Chicago next fall for the boy or girl in each state whose health achievements were judged the most outstanding. Also for national recognition, ribbons are presented to members of special blue and red award groups selected from state winners.

The Russian steamer Molotov, foreground, ties alongside the cruiser Murmansk, formerly the U.S.S. Milwaukee, off the Delaware coast, and prepares to receive Russian sailors for the return trip to the Soviet. The cruiser, recently returned to the U. S., has been in Russian hands since it was lent to the U. S. for wartime service in the Red navy. Headed for the scrap heap, the ship will first be thoroughly inspected by naval authorities to learn as much as possible about Russian methods of operation.

Economic Highlights

During the campaign, President Truman's heaviest guns were trained in the Republican controlled 80th Congress. He aimed everything in the arsenal at it and, as the election result proved, it paid off in the precious coin of votes.

Now the Democratic-controlled 81st Congress has been a study in slow motion. Representative action of California said, "I'm glad Truman called the 80th the second worst Congress in history. It looks like you fellows will make the grade for top honors." Senator Brewster of Maine observed that "practically the only action of the 81st Congress to date has been to increase the Presidential salary." Senator Baldwin of Connecticut asked, "What are the great, earth-shaking, country-saving, highly patriotic measures that have been passed by the present Congress to date?"

It hardly comes under the head of flash news to report that the members of one major party are doing all they can to make hay at the expense of the other major party. Administration leaders in House and Senate have been able to come up with only feeble defenses of the 81st Congress. The plain fact is that the all-inclusive Truman program has fallen into the dolrums. There is small chance of the larger part of it becoming law. Majority sentiment in Congress favors making haste slowly.

The great social security bill is an example. It would raise the cost from the present \$1,800,000,000 a year to something like \$6,000,000,000. In the words of Newsweek, "The reaction of Congress to the revolutionary extension . . . formed a quiet lack of enthusiasm to outright hostility. There was bipartisan agreement that neither farmers nor housewives would tolerate the niggling bookkeeping required . . . There was little predisposition to increase payroll taxes drastically at this time."

The matter of keeping books in accordance with the Federal laws is, in the view of many, a much more important problem than is generally supposed. Business finds more and more of its attention and resources given to filling out forms and dealing with government bureaus. And this burden is often heaviest on small business. The big business, with its established legal, accounting and auditing departments is frequently able to adjust itself to new regulations much more easily than a small concern. That fact has Congress worried. It isn't eager to subject more of the population to Federal red tape.

Said We Misspelled Adgar Allen Poe

Ah-haw! So we get a bit of our own medicine, and it was not from a high school boy or girl, but two sisters, one in grade and the other Junior high. The Misses Madeline and Shelby Ann Thompson. We had occasion this week to drop Ed Thompson out on route 4, a card. So, we addressed it like we sometimes put his name in the paper—Edgar Allen Poe Thompson.

After a general conference of the postmaster and clerks over at the postoffice, and seeing who was the sender, P. M. Jas. H. Dallas broke the code. Supposedly he told the clerks, "Don't Old Jack most always call me James Hurley Dallas, instead of James Harley Dallas?" So, Ed got the card in due time. But the two daughters didn't exactly like the handle we'd hung onto their dad. The flaw was that the Allen part was spelled "Allan" instead of "Allen." They found that among some of the great poet's poems. And we expect a dressing down when we see them.

The Essentials Of Fire Protection

The National Board of Fire Underwriters recently made an engineering inspection of San Francisco's fire fighting facilities and turned in a report. The San Francisco Chronicle then wrote an interesting commentary on what fire protection involves.

"The report brings out the fact that a complete fire protection system is more than a fire department," it said. "It is a water supply and means for efficient distribution of the water to the scene of a blaze."

"It is a fire alarm system that will not break down. "It is the auxiliaries of the fire department the police department, the facilities of the telephone company."

"It is the construction of buildings, frame or brick, stucco or steel.

"It is the general hazard of all conditions, and the total resources of a community that can be mobilized against a fire."

This definition of fire protection applies to a village as well as to a city. In the small community, naturally, facilities will be less extensive and elaborate. But the basic needs—a good water supply, an alarm system, safe building construction, and an educated public—are exactly the same. Together, they constitute the weapons that can defeat fire.

POOL HD CLUB

The Pool Home Demonstration club met March 22 in the home of Mrs. David Drum with 9 old members and 3 new members present. New members are Mrs. Eva Herod, Mattie Joplin, Helen Bromlet. Mrs. Faye Barris gave a discussion on cleaning and caring of electrical appliances. Mrs. Forbus was appointed bedroom demonstrator to succeed Mrs. V. R. Osburn.

Refreshments of cokes and cookies were served. The next meeting will be held April 12 with Mrs. Gertie Duncan—Mrs. V. R. Osburn, Reporter.

State Jaycees To Meet At Galveston

Abilene March 22—Nearly two thousand delegates and wives from 125 local Junior Chamber of Commerce organizations in Texas will attend the 22nd annual convention of the state organization at Galveston this year, on the basis of present registrations, according to Melvin B. Evans, Wichita Falls, state president.

The convention registration begins March 31, at the Buccaneer hotel and the meeting will last through Saturday April 2.

Highlight of the convention will be the keynote address at the Friday noon luncheon by Governor Sidney S. McMath of Arkansas. Educated in his native state, the governor worked his way through school, studied law, joined the army and came out with the Silver Star and Legion of Merit for his campaigns at Guadalacanal and Bougainville, where he received a battlefield promotion to Lt. Colonel.

A few months out of the army he became prosecuting attorney for two years, and left that office for the governor's mansion at the beginning of this year.

Other noted speakers for the convention also include Congressman Ed Gossett of Wichita Falls, on the agenda for Friday afternoon, and several others.

Bewitched by Bunnies

Four-year-old Jeanne Lawton is fascinated by models of "Robbie," the rubber rabbit, shown at the American Toy Fair in New York. She's waiting patiently for a larger variety of the species to deliver a basketful of candy on Easter Sunday.

Another Woman's Angle

Mrs. George S. Berry of the Lubbock Women's Club called us this week and extended a cordial invitation to the women of Brownfield to attend the House Beautiful Tour sponsored by the club, which will be held on March 29, 30, and 31. This tour will include visits to 18 of Lubbock's newest and loveliest homes. Tea will be served each afternoon at one of the homes. We think this tour offers a pleasant afternoon diversion of interest to all home-makers.

Orchids to Lois Wingerd for her able direction of the Spanish Fiesta.

A vote of appreciation to Mrs. Buddy Tarbuton, her contant helper Mrs. Sam Privitt, and the other members of her committee for the beautiful job of re-decoration they have done on the lounge (Page 4, This Section)

Sub Deb Club Meets With Norma Jo Boyd

The Sub Deb Club met in the home of Norma Jo Boyd on Tuesday, March 22. A short business meeting was held.

Refreshments of tuna fish sandwiches, punch, potato chips, and candy were served to the following: Francis Price, Jacquelyn Crump, Barbara Miller, Barbara Harrold, Iva Blair, Nancy Morgan, Sue Stewart, JoAnn Matchen, Jackie Allen, Norma Rogers, Wynelle Webb, Lois Stevens, Jackie Dubose, Kay Szydoski, Roxi Miller, JoAnn Shelton, Patsy Johnson, Lamoin Linsey, Freda Anthony, Leah Portwood, Carlon

NUMBER 35

'Wild Life' Is Alpha Omega Study Theme

New Member Welcomed In Club; Florafauna Highlighted

The Alpha Omega Study Club met Tuesday, March 22, at the home of Mrs. Lee Brownfield. Mrs. Jake Gore acted as program chairman. The program topic was wild life of Texas. Mrs. M. J. Craig, Jr. reported on the birds and animals of Texas. Mrs. Wayne C. Hill offered a vocal solo, "Have You Ever Been To Texas In The Spring." She was accompanied by Mrs. Richard Young, Miss Helen Dunlap, county home demonstration agent, entertained the group with a number of colored slides of flowers of Texas.

Mrs. Russel Nelson was installed as a new member of the club and presented the traditional corsage of carnations in the club colors.

Devils food cake and coffee were served to the following: Mmes. M. J. Craig Jr., George O'Neal, Paul Bish, P. R. Cates, H. B. Virgil Crawford, A. J. Geron E. C. Gerstenberger, Grady Goodpasture, Jake Gore, Jack Hamilton, Tommy Hicks, Wayne C. Hill, R. E. Kiofanda, Clarence Lackey, W. T. McKinney, V. L. Patterson, John H. Portwood, J. O. Portwood, J. O. Rodgers, Sam Teague, Chad Tarpley, Coleman Williams, Richard Young, Miss Helen Dunlap and the hostess.

Miss Mary Jo Jones left Monday for Nashville, Ark. after a weeks visit with her sisters Misses Sue and Gertrude Jones.

Brady, Scharlyn Daniell, Charlsie Gaston, Betty Ferguson, Barbara Benton, and the hostess.

BOOKS THAT HELP

The books which help you most are those which make you think most. The hardest way of learning is by easy reading; but a great book that comes from a great thinker is a ship of thought, deep freighted with truth and with beauty. — THEODORE PARKER.

WSCS Group Is Entertained

The Hester West Circle of the WSCS of the First Methodist Church met Monday, March 21 in the home of Mrs. R. J. Purcell with Mrs. Russell Nelson as co-hostess.

Mrs. Ernest Latham, chairman presided at a short business meeting. Mrs. Wayland Parker gave the opening prayer. Mrs. H. L. Thurston gave the introduction to the Bible study taken from the "Newness of Life," by Estelle C. Carver.

Mrs. Luther Kirk gave the first and second chapters of the book. Mrs. Thurston closed the meeting by reading the poem, "To grow, To love, To live."

The monthly covered dish luncheon will be held Monday, March 28 at 1:00 p. m. at the church.

Refreshments consisting of cookies, nuts, mints, and spiced tea were served to the following: Mmes. Roy Herod, Lynn Nelson, J. C. Criswell, Val Garner, Otis Slaughter, J. L. Newson, Kenneth Purcell, Oliver A. Wheat, Tom Harris, Clovis Kendrick, G. A. Richardson, Paul Farrow, Ernest Latham, Wayland Parker, Bill Blackstock, Luther Kirk, H. L. Thurston, and the hostesses.

LARGE NUMBER ATTEND GOLF CLASSES

The golf classes recently started at the country club are meeting with wide success. Paul Bish an excellent golfer, is instructing every Saturday morning. Men and boys classes are held from 8:00 a. m. to 10:00 a. m., and women's and ladies classes are from 10:00 a. m. to noon. The women and girls came out with a large attendance this past Saturday. Several members came here from Seagraves to attend.

Cinderella---1949 Version

From among 175 prospective Connecticut brides who were measured to find the one who fit a French wedding gown perfectly, Miss Connie Eggarino, center, of New Haven, was selected. Accompanying the bride, one of the gifts of the French Mercier train, was the stipulation that it was to go to the Connecticut girl anticipating a June marriage who fitted it best. Measuring Connie for the gift is designer Madam Popot of West Hartford, while runner-up Selma Demand of Wolcott looks on.

Officers Placed By Girl Scouts

Brownfield Girl Scout Association held their annual meeting Tuesday night at the Girl Scout Little House.

After routine business was transacted six offices were filled as follows: Captain Mrs. Ed Garnet; Treasurer Mr. Louis Simonds. Finance Dr. T. H. McIlroy; Organization Mrs. Dennis Q. Lilly; Training Mrs. Herman Chesshir; Member at large Mr. J. L. Newson.

Mrs. T. H. McIlroy and Mrs. Harlan Glenn were elected to fill the unexpired term of Mrs. T. J. Griggs, program chairman.

The association extends their thanks to the public for their response to the Girl Scout Open House held March 13th.

Mrs. Ollie Stice, and daughter Norma Jean of Midland spent several days last week visiting in the home of Mr. and Mrs. O. L. Stice.

Mrs. Mary Kirschner Visiting In Oklahoma

Mrs. Mary Kirschner left by plane Sunday from Lubbock for Oklahoma City where she will spend the week visiting her parents Mr. and Mrs. George Schwartz.

Delphians Told German Letter Thanks to Club

The Delphian Study Club met in the party room of the Lamecca Cafe. Mrs. L. D. Spradling was hostess.

Mrs. George Steele called the meeting to order and asked for reports from the different committees. Mrs. Tom Harris gave a report on the Benefit Bridge, and 42 party held at the country club.

Mrs. Wayne Brown read some letters from the German family that the club adopted. A new member, Mrs. Kenny Sadlier was welcomed into the club and presented with a corsage of carnations. Mrs. Carwford Taylor was elected treasurer of the club, taking the place of Mrs. Joe Hardin due to her illness. The district Federation Convention was discussed. Mrs. Lenard Chesshir was elected delegate and Mrs. Crawford Burrow alternate.

Program chairman, Mrs. John Brooks called on Mrs. Joe Murphy to give a report on kitchen lighting arrangements. Mrs. Ted Hardy discussed breakfast and service rooms, Mrs. Jessie Randal and

Terryians Are Urged To See Chic Portrayal

Tonight Friday, March 25 the final performance of the Spanish Fiesta will be presented at the country club. If you have not already seen this excellent entertainment make a point to get tickets today and be on hand at 8:00 p. m. at the clubhouse.

Sandwiches, cokes and candy will be on sale during the show and thus give the housewives an opportunity to skip the preparation of supper and dine out.

This show does offer a fine evenings entertainment. The array of local talent is surprising. The program offers a variety of musical and comedy acts, there is something to suit the taste of every member of the audience, beives of Latin lovelies in authentic Mexican, and Latin American garb, a bull of very vicious nature and a matador who dares to face great danger, dance numbers and vocal numbers, and a comedy skit too funny to talk about.

Don't miss this last chance, be on hand tonight at 8:00 p. m. at the Country Club.

CARE OF ELECTRICAL EQUIPMENT STUDIED BY HD CLUB

Mrs. Miller Rich discussed and demonstrated the care of electrical equipment at the Wellman Home Demonstration Club meeting on Friday, March 18.

The 10 minute recreation period was led by Mrs. Horace Fox. Four members and three visitors were present at this meeting.

Mrs. W. B. Brown gave a parliamentary drill.

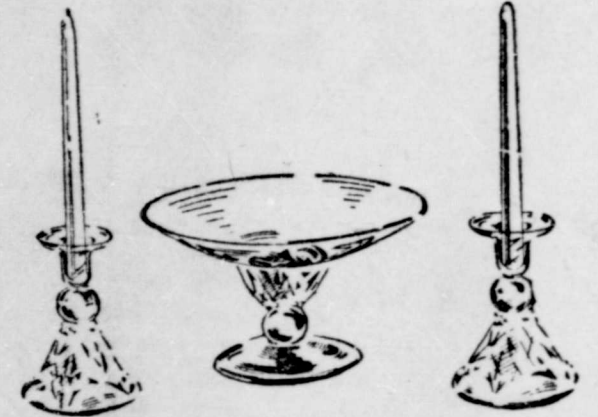

Sandwiches and cokes were served to the following members: Mmes K. B. Sadlier, Crawford Taylor, George Steele, Lewis Simmonds, Joe Murphy, Jonh Haynes, Tom Harris, Ted Hardy, Swayer Graham, John Brooks, Crawford Burrow, Wayne Brown, Robert Baumgarder, and two visitors, Mrs. Jessie Randal, and Mrs. W. B. Brown.

Kendrick-Cleveland Wedding Spoken in Amarillo March 19

Mrs. Elsie Kendrick, daughter of the late Mr. and Mrs. J. K. Woosley of Tahoka, and Jack Cleveland, son of Mr. and Mrs. George Cleveland of Plains, were married Saturday, March 19 in Amarillo.

The wedding took place in the home of the brides sister, Mrs. Dan Davis at 3601 Van Buren. Rev. W. L. Porterfield, pastor of the Trinity Methodist Church read the single ring ceremony.

The bride wore a brown taffetta dress with an over-skirt of brown lace. Her accessories were in a champagne tone and she wore a green orchid. Mrs. Davis who was her only attendant wore a gown of grey crepe and a corsage of pink carnation. Richard Kendrick acted as best man.

The couple left immediately following the wedding for a short trip to Santa Fe, New Mexico. They are now at home in Brownfield at 608 East Tate St.

Both Mr. and Mrs. Cleveland are well known in Brownfield. Mr. Cleveland is Terry county agent.

Barbara Chesshir Honored At Birthday Party Monday

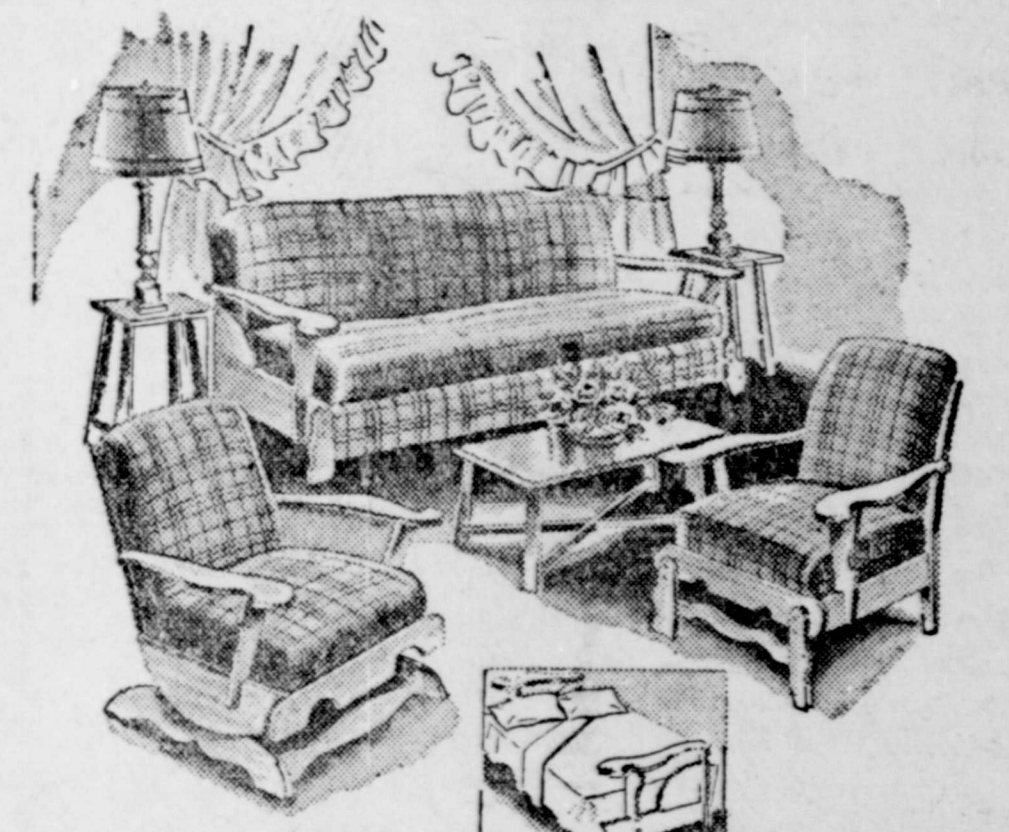

Barbara Chesshir, daughter of Mr. and Mrs. Herman Chesshir, of 220 West Buckley, was honored by her mother with a party celebrating her 11th birthday on Monday, March 21 from 4:30 p. m. to 6:30 p. m.

Birthday cake and bottles drinks were served from a table centered with an arrangement of sweet peas. Favors for the party were easter baskets filled with salted nuts. The guests were entertained with outside games.

The following attended: Glenda Nell Dunn, Dwaine and Tommy Slater, Carylon Arthur, Lynn Cary Ann Griggs, Sonny Kendrick, Walter Didway, Donald Bryant, Donna Newson, Maureen Webb, Nancy Sue King, Beverly Brown, Betty Faye Dawson, Melba Willis, Wanda Cornelius, Donald Paerlure Douglas Conway, Miss Moorhead, Iva Nell Hudson, Rita Faye Geln, and Mary Cornelius.

Doing over your living room? Why not choose a decorative scheme that is informal, comfortable, and easy to live with? You can start with a group like this, with solid oak frames, simple and smart, which relies on good lines, good fabrics and good workmanship for its obvious charm. Of course the seats are spring filled, and the frames hand rubbed to a mellow finish.

There Is No Place For Prejudices In Christ's Gospel

ONE of the most amazing and revolting incidents of our time is the spectacle of certain people preaching and practicing racial and religious prejudice in the name of Christ.

When Paul spoke of the Gospel of Christ, he emphasized its universality. His mission and ministry, he insisted, were to Gentiles as well as to those of his own religion, both to the Greek and to the Jew.

Was Paul in this a true interpreter of his Master? Or did Jesus in any way limit His mission, or the benefits of the grace of God? There are one or two incidents that viewed lightly, or thoughtlessly, might indicate that.

Her impertinence must have impressed Him, but evidently to test her faith. He put in her way stumbling blocks that seemed harsh, and even cruel.

So the incident, and the healing, actually rebuked those who would have turned the woman away. There is no place for racial or religious prejudice in any phase of Christ or His Gospel.

Feet's Too Big

The camera doesn't lie, but at times stretches the truth a bit. Clint Hartung, New York Giants' pitcher, looks as though he's composed mainly of hands and feet at the Giants' Phoenix, Ariz., training camp.

JOHNSON NEWS

Mr. and Mrs. J. T. Cagle and son Jacky of Seminole visited in the W. E. Parker home Sunday.

Another Big Year! Now is the time to Smooth Fields, Reclaim Land and Streamline your operation FOR PROFITABLE YEARS AHEAD

with an EVERSMAN AUTOMATIC LAND LEVELER and DIRT MOVER

Have you been planning to improve the surface of your fields? Eliminate humps and hollows, smooth out old fence rows, fill in small gullies or put new land under irrigation.

Only the EVERSMAN has the eccentric (crank) axle—when wheels go on a high place the blade AUTOMATICALLY lowers to gather a load—when wheels go into a low place the blade raises to release enough dirt to fill.

The EVERSMAN breaks clods, pulverizes the soil, smooths and packs the surface, forming a fine seed bed while AUTOMATICALLY LEVELING.

Also excellent DIRT MOVER with patented wheel lift which raises and lowers the whole machine and gathers or releases a big load of dirt wherever you wish.

After dirt is moved with the EVERSMAN it can be graded down and AUTOMATICALLY LEVELED with the same machine.

One inexperienced man driving your present tractor handles this ALL-PURPOSE machine. Moves fast on rubber tired wheels. Comes in four sizes. Inexpensive to buy.

STRICKLINLY SPEAKING

Speaking of the three rain and hail storms mentioned elsewhere, we ran into Sunday, reminds us of a story they used to tell about a very wicked old man back in Tennessee in our childhood days.

He and his boys were in the field one day in their barefeet trying to pull up the cockleburrs. It was hot and mud oozed between their toes.

Straightening up, the old man said: "John, go let that slip grass down so that blanket blank cloud can come in."

One authority says a woman is the kind of person that can't and don't care to learn.

Senator Lyndon B. Johnson has sent the Herald a 17 page pamphlet, not published at government expense (don't that sound familiar) containing a speech he recently delivered during the Southern filibuster in the US Senate.

You will recall that the filibuster was over changing the two-thirds to a majority rule in order to get through President Truman's so-called civil rights program. The Senator stated that all the laws mentioned were and could be handled by the states, poll tax, lynch laws etc.

No true Texan or Southerner for that matter condones lynching. At best it is just a low brow murder and heinous in the extreme. We have courts to try the most horrible crimes, and the courthouse is the place they should be tried before the constituted

J. B. KNIGHT CO. OPENS NEW SEAGRAVES STORE

A new J. B. Knight Company store opened for business in Seagraves Saturday, March 19. Carl Knight will be manager of the new Seagraves business.

And now the poorhouse has been officially abolished. How will the old man now impress his family with threats of the poorhouse when family expenses run high?

It is rather disappointing to the bureau boys up at Washington that the commodity prices on staple goods keep tumbling, while they clamor for more and more controls.

Why is it that man or woman trying to keep old avordupois down to regulation size of their corresponding heights, all foods taste so doggone good?
Take for instance this week. A good friend of the family brought in some spare ribs and tenderloin of pork. We have tried recently to hold our waist line down to a perfect 32, dagnabbit.

A Terry county farm youth was

J. B. KNIGHT CO. OPENS NEW SEAGRAVES STORE

A new J. B. Knight Company store opened for business in Seagraves Saturday, March 19. Carl Knight will be manager of the new Seagraves business.

The store is featuring a complete line of hardware and appliances. Among the well-known appliance lines to be handled are Scovel Refrigerators and Magic Chef gas ranges.

Also stocked by the store are comprehensive lines of fishing tackle, guns and ammunition.

The present location of the store was purchased in January from C. E. Sherrill, who operated a hardware establishment there for many years. The J. B. Knight Company also has stores here in Brownfield and at Seminole.

In addition to Carl Knight, the manager, J. R. McDaniel will be regularly associated with the new firm.

Jack Browder Jr. of Pecos spent the past week-end with his parents Mr. and Mrs. Jack Browder Sr.

Mr. and Mrs. Bill Price and son were visitors in the Money Price home on Sunday.

clamoring to go to a medical college as he wanted to be an obstetrician. After a few months study the father remarked: "Well just about the time you learned some smart aleck would find a cure for it."

Yep, most of us would be rich if we had it all to do over again.

Our wife used to say she liked to smell cigar smoke. She now allows the modern ten centers smell like bacon rinds burning.

We can't remember the names of our presidents very far back, but wasn't it one of them that said "what the country needed was a good 5c cigar?" He'd have to raise his ante to a 10 center now and still be disappointed.

So far as the old toper's understanding goes, there's no good tonic that does not contain some alcohol.

Stand-By Tomatoes May Not Be Best

LUBBOCK, March 22—Some of the commonly considered "old stand-bys" in tomato varieties may not necessarily be best suited for the western Texas growing season and climate, experiments in tomato growing at Texas Tech. College reveal.

Dr. A. W. Young, head of the plant industry department, said he and Dr. W. W. Yocum have recently concluded statistics on the department experiment proving four varieties, Sioux, Porter's Triumph, Porter's Pride and Firesteel outstanding in early production and total production.

Tomato wise gardeners are already getting their plant boxes for tomatoes, Dr. Young said, and warned the new gardener preparation of boxes and setting of plants should begin now. The tomato plants actually take place in the garden after the last danger of frost which usually after April 15, Dr. Young said.

The ten varieties tested in the 1948 growing season include Marglobe, Rutgers, and Break-O-Day, the common tomatoes, and several new varieties chosen for resistance to tomato wilt, include Firesteel, Grotham's Globe, Matchless, Pan American, Porter's Pride, Porter's Triumph and Sioux.

Individual yields were: Sioux, 7,336 pounds per acre; Porter's Triumph, 6,681 pounds; Firesteel, 5,816 pounds, and Porters Pride, 5,764 pounds. The variety, Break-O-Day averages 5,554 pounds. Porter's Triumph began production about two weeks earlier than the others, and by Sept. 1 had produced about 769 pounds per acre.

Three replications were made in this trial garden. The growing season was extremely hot and dry, unfavorable to best growth and production of tomatoes.

Dr. Young said the other five varieties in this test are late tomatoes. They were seriously curtailed in production by the hot, dry weather which caused their flowers to drop without setting any fruits until very late. Practically no fruit was harvested from any of these five varieties before Sept. 1.

TURNER TOPICS

W. T. Worsham and family returned home Saturday from a two weeks visit with relatives in California.

Paul Cobb and Noel Chambers are in Old Mexico this week on a fishing trip.

The Turner quilting club met Thursday of last week at Turner school and quilted two quilts. Mmes. Paul Cobb and Harlan were hostesses. A covered dish luncheon was served at noon.

Mrs. Fred Lowery was honored with a pink and blue shower Thursday afternoon by Mrs. Noel Clannahan and Mrs. Weldon Waldrup. Refreshments of cake and punch were served to Mmes. That brilliant and distinguished young Texan, John Ben Shepperd, of Longview recently spoke before a Chamber of Commerce banquet at Ralls. Mr. Shepperd is the last retiring president of the National Junior Chamber of Commerce. The urge for his services as a speaker at civic and chamber affairs are in great demand. He was in attendance and addressed our Harvest Festival last fall, and many here heard him. Mr. Shepperd is a very witty and interesting speaker. But according to a report of the affair by Trends in the Crosbyton Review, Shepperd had a lot more than just wit on the beam that night. One was the speaker's statement, "the sooner we find out we can get along with Soviet Russia, the better it will be for us. Their philosophy of life countenances nothing in either a political or semi-religious way except communism." There is no compromise in their way of thinking. Therefore, any nation with a different system of government can no more get along with them than the ordinary child can get along with a spoiled brat that has to have his way about everything that comes up.

Here is one that our national church leaders have sprung upon the adult population that should have the attention of all that are so concerned about the waywardness of their offspring: "Don't tell your children to go to church. Rather says, come on children, let's go to Sunday school and church." In the next few weeks the Herald will have a lot of articles of this matter, among them the well known J. Edgar Hoover, of the Federal Bureau of Investigation. We want every adult subscriber to read them. It matters not if you are able to leave your children an abundance of wealth to sustain them in comfort. If they are not able to lead a wholesome, sober, righteous and industrious life, they have been neglected just that much. Those old Bible writers way back hundreds of years before the appearance of Christ upon this earth, admonished people to "bring their children up in the nature and admonition of the Lord, and they will not depart from it." This paper is a secular paper, and is not supposed to delve into religion, credes, etc., but such men as Mr. J. Edgar Hoover who has spent most of his adult life in putting down crime, states that most of his trouble comes not from the young folks who have attended Sunday school, but from those whose parents never encouraged them to attend.

It may gripe quite a few Southern people who grasp the fact or see it so outstanding in the daily press news items that northern Republicans Senators come much nearer seeing eye to eye with Southern Senators and Representatives, than do Northern Democrats. But the fact has come to light more than once in the past few weeks of filibustering in the Senate concerning the two-thirds rule. The ideal of the Southern representatives in the congress, are much more in line with the Republicans than with the so-called Democrats north of the Mason and Dixon line. Both are conservative in their ideals, and believe that this nation has been made great by individualism and not socialism. To most all Southern people the name Democrat seems to belong to them, and for that reason many will hold their noses, buckled the brass collar a bit tighter and vote for the man wearing that name, despite the fact that his doctrine is no more in common with Jefferson, Jackson and Wilson than is that of

Carl Marx. Others refused last fall to wear the gag, and now all Southern members of Congress are referred to by President Truman as Dixiecrats. A lot of us rather wear that name than Lefticrats.

United States Senator Claude Pepper of Florida has been elected and re-elected by what some folks term "hillbilly" methods, not unlike that of the late Hoey Long of Louisiana, Bilbo Mississippi and Pappy Lee O'Daniell of Texas. Although in what most people would term good circumstances, financially, Pepper likes to boost Pepper with the "common" folks whoever they are, by coming down on people who have made a success in life. Such a person as that appeared before a committee of which he, Senator Pepper heads, recently. He was Ira Mosier a manufacturer. Pepper of course blasted away without thinking as is so common with his ilk, stating that the poor man's sons did the fighting in world war 2, while the sons of the rich stayed at home and got richer. This was of course for political reasons. Mosier heatedly informed the Floridian that three of his family fell on the battlefields in the last war. Being a Senator, which is a shame in his case, and immune to prosecution, Pepper will never have the intestinal fortitude to tell Mosier that he is sorry for the statement.

When you try to over run the old law of supply and demand, better watch out. It may trip you, and get you into a mess of trouble. Despite the fact that prices on most staples goods are leveling off and unemployment is increasing, the administration up at Washington don't seem to think the old cow will ever go dry. They seem to reason that the more you tax people whether they have assurance of permanent employment or not, the better for them. As soon as the old cow is dry, maybe they reason to prime pump her from the government funds back into production. But they never think who has to do the priming.

Up at Washington, where they propose to set wages by law, it seems that the bullet will not stop when it enters the manufacturer or the small or large business concern. From this distance, the gun seems to be trained on the old farmer, to. We heard a lot of gripes from our friends among the farmers when laborers began to demand more than 50c per hour. And when a farmer pays wages much over that amount, he stands to be left holding the bag. Anyone can figure that one out. But the bureau boys up at Washington thinks everyone is getting independently rich. It appears that most children when they grow up forget fairy tales, but the labor leaders and some congressmen are still firm believers in Santa Claus. Why not, while they are at the matter, make it \$1 or \$2 an hour instead of 75c? Some laborers are not worth having around, while some are almost indispensable. That goes for business men and farmers as well. And another thing, who ever heard of a farmer putting in only 40 hours per week during the busy season? What they want think up next up at Washington is anyone's guess.

It comes as no surprise that William Foster and other Skummunists say they will support Russia in case of a war between that country and the United States. Ex-President Herbert Hoover terms them Fifth Columnists and even President Truman has designated them as traitors. It will be remembered that Mr. Truman had much to say about red herrings during the campaign. But this declaration of Foster is too glaring to be passed over so lightly by the president. As for

Ticklers

By George

"Funny how the lives of famous people inspire us. . . . Al always was a great admirer of Rip Van Winkle."

Not the Reaction He Wanted

our part, we are ready for a law to banish forever from our country all such tripe as Foster and his traitors.

The great Dallas Morning News really pulled a fast one, and we mean fast, last Sunday morning, when the Sunday edition was off the press. In the next few hours they made history by moving from their old building to their new modern plant, costing 6 million dollars, across the street from the union depot, in time to issue their Monday paper from the new plant. In that time millions of dollars worth of equipment, such as presses, linotype machines and stereotyping apparatus had to be moved from the old building to the new. Much of the machinery was moved out through three story windows to waiting trucks.

Possibly the readers noted a week or two ago that two young would be Jessie and Frank James held up a steamlined passenger train on the Baltimore and Ohio railroad, robbed and beat up passengers, men and women. Mistreating women was something entirely out of line with the James and Dalton robbers. Now one of the robbers joined by his mother, claims the dining department served him mean whiskey, and they are suing the railroad company for fifty thousand dollars. The other robber was killed when Washington police started to arrest them. The train crew evidently did not force the drinks on the would be bad boys. What the survivor needs is a hot seat in an electric chair.

Politicians have made much of late about the "common man." Ex-President Hoover reminds us that when we want skill, we do not step at mediocrity, but skill, whether it be a life operation by a noted surgeon, or a skilled mechanic to work on our car. But the "common man" has a sweet sound to the politicians who wants in.

WELLMAN CLUB BOYS PULLMAN FOR CALF SHOW

The Herald has the following communications from J. W. Hubbard, 4-H Club reporter from Wellman:

Don't miss the Livestock Show April 9th at Brownfield Show barns. The program follows:

All livestock must be in the show barn at 10 a. m., sharp. The judging starts at 1:00 p. m., sharp, and sales at 3:00 p. m. sharp.

Mr. Kenneth Bozeman will do the auctioneering for the 4-H Club boys of Terry county.

The Low Down From Hickory Grove

Well folks, ladies and gentlemen, U. S. A. citizens far and near, I will now sound off on how our old Uncle Samuel has gone frantic on garnering under his wing the electric light business. Now don't stop readin'—keep going—the power business is not just a subject for the private power people to wrestle with—it's every woman's and every man's job to put a quietus on socialism before we all break out with it all over.

Whoever you are that may be perusin' this essay, you are in for the same stripe of expensive meddling as is now being practiced on the kilowatt folks, once the Govt. gets electricity completely under its thumb and has time to gaze around for more businesses to barge into. Folks who stand by and let the Govt. grab the power business thinking it is the other guy's baby need to be alerted.

Uncle Harry says he is fighting communism with all his might and main. And then what? What, says Henry? He is asking in the same breath for more money for more dams and bigger power stations across the land. And that putting Sambo in all those power houses—is Socialism, 100 per cent, which is a first cousin to Communism.

It does sound queer, don't it, says Henry. Quite so, I says, but don't tell me—start work on your man there in Congress—he is the guy.

Yours with the low-down,
JOE SERRA

Another Woman's Angle—

(From Page 1)

at the Country Club. We hope all who attend the Fiesta will observe the fine work accomplished by these women.

While we are passing out bouquets we are going to blow our own horn a little by calling your attention to the programs made by the Herald for the Fiesta. Our boss, Jack Jr. labored long and hard over the make-up of these programs and we think the final results deserves commendation.

The town is talking fiesta. There is a Latin American flavor in half the conversations we have heard this morning. Mrs. Lee Brownfield and Mrs. Grady Goodpasture just came into the office to put the final ok on the programs, which reminds us we still have some tickets to dispose of. The line forms at the right.

Adois amigas until next week.

Congress-Bound?

With a vacancy in Congress left by the death of New York's Rep. Sol Bloom, 35-year-old Franklin D. Roosevelt, Jr., has agreed to become a candidate for the post in a special election to be held at an as yet undetermined date. He is expected to be supported by both Democratic and Liberal parties of New York's 20th district.

WEST TEXAS HERE WE COME

Yes sir, Bo, we have really moved back west of the 100th meridian. What with fogs, sleet, snow, rain and ice since January 1, we had about decided that we had been lifted by our boot straps and dropped down on the line of east Texas and La.

But Wednesday made us have another think coming. Mr. Weatherman opened up with a fairly good duster. Had it not been for the fact that the ground was wet, and most of it bedded or flat broke lately, it would have been a case of save the women and children, and let the men root hog or die.

Reminds us of one we ran into early February after we climbed the cap between Gail and Lamesa. Before we got to the cap, we could tell just about what to expect. Not so a car that passed us

like a freight train from a tramp, below the cap.

But after we reached the cap, this car with an Ohio license slowed and we passed them before reaching Lamesa. The tenderfeet couldn't take it.

EDITORS VISIT US TWO AT A TIME

Editor W. J. Hale of the Yoakum County Review, Plains, dropped in for a chat last Saturday, and remarked that he was contemplating the purchase of a Linotype or Intertype machine. New oil fields around the capitol of Yoakum, may create a mild boom, and he wants to be ready for handling additional printing business.

He had not been in many minutes till he walked Troy Morris, editor of the Plainsman, at

Ropes these gentlemen know each other well, and the kidding started. The Herald always welcomes members of the fraternity, and likes for them to drop in to talk shop.

Read and Use Herald Want Ads.

Hank Harren arrived in Brownfield Saturday afternoon from Albany, Minn. He will help out with the advertising. Seems like Texas pretty well, though didn't give his opinion on the duster, Wednesday.

for all-round quality... for all-round value

The most Beautiful BUY for Styling

Overnight, men and women everywhere have singled out the new Chevrolet as the most beautiful buy of all.

You'll find it's the most beautiful buy for styling, of course . . . for it alone offers the ultra-luxurious lines, colors, fittings and fabrics of Body by Fisher at lowest cost.

And you'll also find that it's the most beautiful buy of all from every point of view and on every point of value . . . because it alone offers all these advantages of higher-priced cars at the lowest prices and at such low cost of operation and upkeep!

The most Beautiful BUY for Comfort. You'll have the highest degree of comfort in Chevrolet's Super-Size Interior with extra-wide "Five-Foot Seats," extra-generous head, leg and elbowroom and the advanced heating* and ventilating system of a car that breathes.

The most Beautiful BUY for Driving and Riding Ease—with new Center-Point Design. This remarkable 4-way engineering advance—including Center-Point Steering, Center-Point Seating, Lower Center of Gravity without loss of road clearance and Center-Point Rear Suspension—gives driving and riding results found elsewhere only in costlier cars.

The most Beautiful BUY for Thrills and Thrift. Here's the only low-priced car with a Valve-in-Head engine—the type now being adopted by higher-priced cars—and Chevrolet's world's champion engine holds all records for miles served and owners satisfied.

The most Beautiful BUY for All-Round Safety. You'll enjoy maximum safety with: (1) New Certi-Safe Hydraulic Brakes; (2) Extra-Strong Fisher Unisteel Body-Construction; (3) New Panoramic Visibility; (4) Safety Plate Glass in windshield and all windows; and (5) the super-safe Unitized Knee-Action Ride.

*Heater and defroster units optional at extra cost.

Good Schools Do Not Cost —They Pay

LET US ALL INVEST IN OUR CHILDREN'S EDUCATION WHAT BETTER INVESTMENT
COULD WE MAKE?

NO NATION, STATE OR COUNTY IS ANY STRONGER THAN IT'S
EDUCATIONAL SYSTEM

LET'S NOT GAMBLE WITH OUR CHILDRENS' WELFARE

We are either going forward or backward; we cannot stand still. We all know how costly "too little" and "too late" can be. Let's build our school facilities on the same foundations as our churches are founded upon. These two go hand in hand. . . . christianity and education. Neither of these can flourish with inadequate facilities.

WE BELIEVE SINCE OUR PRESENT TRUSTEES HAVE INDORSED A PROGRESSIVE BUILDING PROGRAM WHICH WE ALL AGREE IS NEEDED, THAT THESE MEN SHOULD BE GRANTED THE OPPORTUNITY TO FULFILL THIS PROGRAM.

All six men who are candidates for school Trustees, are

Men Of Integrity and Ability

Regardless of whom is elected we feel that the People of this school district are entitled to and have a right to expect full co-operation from it's school board.

Go Vote Saturday April 2nd

—and vote for the men whom you think will best serve our needs. Your careful consideration of all the candidates will be appreciated.

Oliver Liked Some Of Our Story— Disapproved Some

Last week we had quite a story, we thought, about our visit to the A. A. Oliver farm, out in the Pleasant Valley section. He liked the part we wrote about his bunch of pretty spotted pigs. Mr. Oliver, so reports go, likes for people to come see the pigs and try to buy them.

But here is the rub that didn't take. We had too much to say about the good grub out there, and the fine way Mrs. Oliver had of cooking and displaying it on the table.

Now Mr. Oliver is afraid he'll have too many folks coming out there expecting an invite to sit down and partake of his vituals. We might add, to help Mr. Oliver, that he invites guests by card only. If you have a ticket you get a meal, or Chinese style, no tickee, no eatie.

On the other hand, Dr. Turner thought we did a good stint on Oak Hill Farm. We haven't tried the Turner eatin'.

Donnie Ryne, Lowell Stevens and Roy Jenkins are on a fishing trip this week at Possum Kingdom.

Mr. and Mrs. P. M. Figley and children were business visitors in Brownfield Friday.

Mrs. Dan Davis of Amarillo is spending the week here visiting relatives.

Better Than Average Crops, Says Legend

For several years prior to his moving to Wichita Falls, Judge Clark Mullican met the sun on March 22 each year, with a smoking fire built to determine the direction of the wind. From certain directions the smoke took at sunrise, forecast what kind of a crop would be produced on the Plains, or was it west Texas?

It seems that while Judge Mullican was our district judge, he got the old legend from a Mr. J. I. Wilborn of Post. Since Judge Mullican left the plains, presumably some of the Avalanche-Jour-

Terry Gets Nice Showers Sunday

A few drops of water began to patter down around 10:30 a. m., Sunday and continued until near twelve. There were a few showers in the afternoon, we were informed by folks who remained here. The USWB rain gauge registered 43-100 inch Monday a. m. In the Johnson-Gomez area, it was reported that they had less rain than in town. But the extreme south part of the county got more than here, including some pretty severe hail in the Union community.

PLAINS NEWS

We are glad to report that Supt. Roy Elliott is home from the hospital and is able to be out again. Mrs. Muriel Cross is back working in the Red and White grocery. Mr. and Mrs. John Camp were in Big Springs and Odessa Sunday.

Troy Elliott of Winneboro, left Sunday after spending last week here with his brother Roy Elliott.

Plains Chapter No. 862, Order of the Eastern Star met in regular session Monday night March 21st with 18 members and one visitor present. Refreshments were served by Mrs. Ludie Bedford and Lura Bedford.

Mr. and Mrs. T. E. Coke, and Sidney and Mr. and Mrs. Loyd Coke and children visited their children in Abilene over the week end.

Hiram Parks has spent the past week in Dallas booking pictures for the local theaters.

Beware Coughs From Common Colds That HANG ON

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back. **CREOMULSION** for Coughs, Chest Colds, Bronchitis

ENDERSENS MOVE BACK TO BROWNFIELD

Welcome, thrice welcome old timers. We are glad you have returned to your old stomping grounds. We are speaking of Mr. and Mrs. A. W. Enderens. His wife, the former Bernice Shepherd was born and reared here. And while A. W. is a native of Sweden, he has been over so long that he is as Texan as a long horn steer.

The couple left here several years ago, and he established himself in Fort Worth as a manufacturer's representative, with Texas and Oklahoma as his territory. They have done well, but the desire to return "home" was too strong. Now he will travel out of Brownfield, making the same territory. Mrs. E. will be with her widowed mother who lives alone on north Sixth street.

About 1944, the writer had to spend some weeks in Cowtown on business, and the Endersens were unusually nice about entertaining us. And they know how to entertain.

ORC Officers Not To Be Called

AUSTIN, March 21st—The Organized Reserve Corps officers, other than those for whom orders have already been issued, will no longer be called to duty under Section 7 of the Selective Service Act, Colonel Oscar B. Abbott, Executive for the Texas Military District, announced here today.

This section of the Selective Service Act provides that civilian component officers with less than 90 days active duty may be called to active duty for 21 months.

It was stated that, in view of the reduction of the planned strength of the Army, it is no longer necessary to implement Section 7 of the Selective Service Act as a means of procuring officers for extended active duty.

Colonel Abbott further stated that opportunities for Organized Reserve Corps officers exist to take a short tour of active duty 15 to 90 days throughout the summer months. Reservists are urged to contact their nearest Organized Reserve Instructor's office at county Court House, Lubbock Texas.

HERE FROM TATUM

Mrs. Nyles Morris, Sr., of Tatum, New Mexico, is here this week visiting her daughter, Mrs. Pete Lackey, and family. Mrs. Morris is of a pioneer publishing family of West Texas.

QUICK CHANGE

A farmer wouldn't recognize his cotton feed bags now that they have been converted into a charming house dress and matching apron. These feed sack fashions, made of five maroon and blue striped cotton bags, are part of the new cotton bag wardrobe prepared by the National Cotton Council for women's club programs.

A Newspaper Is More

A newspaper is something more than linotype machines and typewriters tied together with baling wire; it is almost a human being. It should be a voice crying in thunder tones against oppression and brutality. To an extraordinary extent, this is true, in spite of critics who assert that the newspapers of the country are consistently on the side of "the interests."

President Truman, on his pre-election tour in Texas complained that 80 per cent of the newspapers of the country were against him. His predecessor took the same line. What both tended to forget was the press of the United States gave both of them extra ordinary publicity in spite of the fact that the editorial page did not support either.—The Fort Worth Press

British Journal Reports On Feelings Of Lightning

LONDON, March 19 (AP)—Ever wonder what's like to be struck by lightning?

Then listen to some folks who were.

1. "You drop unconscious as if pole-axed."
 2. "You stagger around seeing stars or bright lights, then fall senseless."
 3. You remain conscious, but feel like you're floating on air."
- These reactions by people who survived the experience are cited today in the Lancet, authoritative British medical journal, by two Army doctors, Majors M. J. Lynch and P. H. Shorthouse.

NOW ON DISPLAY at Chrysler dealers everywhere. The new Silver Anniversary Chrysler. With more room—greater comfort—greater safety and performance. Completely new in its well-bred beauty! Advanced again in its inspired engineering.

Like every Chrysler for 25 years, our Silver Anniversary car is beautiful because it reflects the common sense and the imagination of the engineering underneath. Your greater safety... your greater comfort... your greater satisfaction in your car's performance... these come first

in the Chrysler way of building cars. And once again, with more than 50 important improvements, you are getting first from Chrysler the advances that really count.

The full beauty of the Silver Anniversary Chrysler goes far beyond all that is exciting to the eye. Tailored to taste, with ample headroom—with wider chair-height seats. This is a car perfect in every detail right to its jewel-like ash tray.

There's more horsepower from the foremost high compression engine, the mighty Chrysler Spitfire! With Prestomatic Fluid Drive Transmission... with Safety-Level-Ride... with exclusive Safety-Rim wheels that make it almost impossible to throw a tire... with more than 50 advances in safety, comfort, convenience, and performance—this is the car you'll talk about for years to come. We cordially invite you to see and ride in it... by far the greatest value offered!

AGAIN YOU GET THE GOOD THINGS FIRST FROM CHRYSLER

Brownfield Women Invited To Attend House Beautiful Tour

The Lubbock Women's Club is sponsoring a House Beautiful tour during which eighteen of Lubbock's newest, most modern and most beautiful homes will be visited.

The tour will cover six homes each day and will be held starting at 2:00 p. m. on Tuesday, Wednesday, and Thursday, March 29, 30 and 31. Each day's trip will end around 5:30 p. m. and tea will be served at one of the homes during the afternoon.

Tickets are on sale now for \$1 and can be purchased from Mrs. George S. Berry, ticket sale chairman, at her home at 2711 23rd St. in Lubbock. Wiley's Drug and Latimore's Gift Shop will also have tickets available during the last few days before the dates set for the tour.

Proceeds from this project will be used for the Women's Club building fund. Any Brownfield women interested are urged to contact Mrs. Perry and obtain tickets in the near future.

Union HD Club Meets With Mrs. Ardis

The Union Home Demonstration Club met in the home of Mrs. W. H. Ardis. The president, Mrs. Jake Herring took charge of the meeting.

The members assisted Mrs. Ardis in removing the paint from an old desk that she plans to re-paint in a blond finish. Mrs. W. F. Jones gave the council report. Mrs. W. F. Jones was appointed at the meeting to check on all club reports. A contest is on among the reporters. The one reporting most accurately and regularly will receive a prize at the end of the year.

An egg sale to be held at the court house lawn is being planned. Each club member is to bring one dozen fresh eggs to the next council meeting on the 9th of April. This meeting will be held in the Presbyterian Church. The next Union club meeting will be in the home of Mrs. W. F. Jones.

CARD OF THANKS

The parents and relatives of Marvin Bullard wish to extend thanks to their many friends and acquaintances for the sympathy and help rendered them during the loss of their loved one.

Mr. and Mrs. U. G. Bullard and family.
Mr. and Mrs. J. D. Loyd and family.

Call No. 1 and turn your news items in to the Herald.

SOCIETY

Metropolitan Singers To Visit Southwest

Sponsored by civic leaders of the city, the eighth annual visit of the Metropolitan Opera Company to Dallas is scheduled for April 22 to 24. Four operatic performances, presenting world-famous singers, will be given in three days at Fair Park Auditorium. This will be the company's only appearance in the Southwest. Among the celebrated stars to appear are, pictured lower left to right, Leonard Warren in "Othello," Friday night, April 22; Rise Stevens as "Mignon," Saturday matinee, April 23; upper left, Margaret Harshaw in "Aida" Sunday matinee, April 24; upper right, Italo Tajo, the sensational new bass baritone from Italy, in "The Marriage of Figaro," Saturday night, April 23. The Dallas Grand Opera Association has opened its offices at 1203 Elm Street.

Wellman 4-H Club Learns About Chicken Raising

At a recent meeting of the Wellman 4-H Club a study of chicken raising was made. The girls learned what equipment was needed for housing and caring for baby chicks. They were instructed on how to build a roost for them at the age of six weeks. This roost should only be 4 inches from the floor.

A 42 party was planned the proceeds from which will be used to send girls to the district camp. Ice cream will be sold and all members will bring cakes for a cake walk.

County Line Home Demonstration Club Meets March 18

The county HD club met in the home of Mrs. I. L. Smith, March 18. The meeting was called to order by the president, Mrs. Homer Sudderth. Seven members answered roll call by giving the name of a good book recently read. After the reading of the minutes by the secretary, Mrs. J. C. Meeks the council delegates gave a report of the last meeting of the council in Plains.

After the business meeting, Mrs. I. L. Smith gave a demonstration on tufted bedspreads. The next meeting will be with Mrs. Homer Sudderth, April 1st.

Tokio HD Club Meets March 16

Mrs. Wesley Sherrin was hostess March 16 when the Tokio Home Demonstration club met with her. The club discussed how to raise funds with the \$5.00 given by the council. Mrs. I. W. Bailey gave a report on the last council meeting. Miss Helen Dunlap county home demonstration agent gave hints on Timely Topics. She also discussed spring training school and the essentials of a good bed room.

A game was played after which refreshments were served to Miss Dunlap and ten members. Three new members, Mrs. W. C. Chenuault, Mrs. A. P. Kelly, and Mrs. M. C. Duffy and three visitors Mrs. B. Martin, Mrs. Don Martin, and Mrs. Hardin Joyce were present. The next meeting will be held on April 6 in the home of Mrs. P. W. Smith. Visitors are always welcome.

Miss Cheryl Price of Lovington, N. M. is visiting her grandmother Mrs. S. T. Miller this week.

Mr. and Mrs. C. E. Ross spent the week-end at Port Arthur with their daughter LaRue, who is teaching school in that city.

Mr. and Mrs. Bill Hefflin spent the week-end in Longview visiting their families.

Dr. and Mrs. M. B. Jacobson are here this week-end visiting with Mrs. Jacobson's sister Mrs. Russell Nelson.

Many a good homemaker hesitates to cook fish. Yet it can be cooked so many different ways and is a welcome change for a main course. Fish Casserole uses either fresh or frozen filets. Wash 2 lbs. filets. Wipe with cloth. Break into large chunks and place in greased casserole. Cover with 1 pt. sour cream, 1/4 lb. grated cheddar cheese, 1 small minced onion, 1/4 cup white wine (or 1/4 cup lemon juice), 1 tsp. salt, 1/4 tsp. pepper. Bake in moderate gas oven (375° F.) for about 30 mins. Serve on hot noodles—2 cups noodles boiled in salted water for about 8 mins. Serves 4.

A new aluminum foil that saves cleaning time can be put on the bottom of your broiler to catch grease from cooking foods. Use once and throw away.

There are only three uses for cold water in the average home but there are 140 different uses for hot water. An automatic gas water heater ensures a reliable supply of hot water whenever it is needed.

Take eggs out of the refrigerator ahead of time when you plan to beat them. They whip up faster and better at room temperature.

Simmering is an excellent cooking method used by good cooks to retain food values. Turn the gas low to simmer position to keep soups, stews, vegetables and fruits gently cooking.

Evaporated milk can be soured by stirring in well 2 tbsp. lemon juice to each can milk.

BRITISH-MADE FOR MAID

When Matilda Nair, 1948 Maid of Cotton, returned home recently after a whirlwind visit in England and France, she was laden with gifts of typical British and French high-fashion cottons. Here, she wears an evening ensemble by Britain's Marjorie Chapman in Roosen cotton. It is designed in fine voile made of Sea Island cotton and printed in a vivid abstract design.

RAGS WANTED. Must be cotton and pliant. No sox, overalls and other stiff rags wanted. We pay ten cents per pound for clean cotton rags.

Medical School Plans

Architect's model for the proposed Southwestern Medical College branch of the University of Texas at Dallas is scanned by Margie Emerson and Evelyn Krause of the adjacent Parkland Hospital School of Nursing. The proposed Medical College Building is in the foreground. The \$7,000,000 Dallas City-County Hospital, for which bonds have been voted, is in the center and Miss Krause is pointing to the million dollar nurses' home, an adjunct to the Dallas hospital improvement. Southwestern Medical Foundation is offering the State \$1,300,000 in real estate and other property and endowment funds running into many millions as Dallas' bid for the location of the University of Texas Medical School Branch.

WSCS Holds Meeting At Methodist Church

The WSCS of the Methodist Church met at Fellowship Hall on Monday, March 21. Mrs. Carpenter read the 2nd Chapter of James, first 14 verses for the devotional. She also read a lesson from the book "the newness of life," 5th chapter, the subject was "Guidance."

Assisting with the lesson were Mes. Tobe Power, D. S. Sampson, Cleve Williams, Joe Johnson, and Miss Maude Bailey.

Members present were the above and the following: Glenn Harris, A. E. Proctor, W. H. Hare, U. B. Gorton, Lewis Shropshire, B. L. Thompson, and W. B. Downing.

Mrs. Will Jones of Claude, Tex. and Mr. and Mrs. C. M. Jones and family of Amarillo spent the past weekend in the home of Mrs. S. W. Jones.

Phi Beta Craesus Meet With Phyliss Basher

Phyliss Basher served as hostess to the Phi Beta Craesus Club on Tuesday, March 22, at the La Mecca Cafe.

It was decided that the club would send books and magazines to the Girls reform school in Gainesville.

Ice cream, cokes, and cookies were served to the following members of the club: Ann Snedeker, Nelda Brown, JoAnn Blevins, Janelle Jones, Juanelle Jones, Patsy Hill, Nan White, Glenda Blevins, Wanda Stafford, Patsy Black, Lynn Sturges, Barbara Ann Stice, Ona Gene Walker, Annie Nicholson, Harlene Glenn, and Peggy Black.

Among other things that tickle our fancy is that our lime trees are blooming, and the redbuds and lilacs are almost in bloom. Rah! for Spring.

Pleasant Valley Club Has Pre-Tailing Course March 18

The members of the Pleasant Valley HD Club were given a pre-tailoring course by Mrs. Eudora Massingale in an all day meeting in the home of Mrs. Cullen Forbes on Friday, March 18.

The club did not decide how to use the 5.00 talent money that the council gave the club. The club discussed the buying of satin for down comforts, Mrs. Hubert Henson gave a educational discussion on the care and cleaning of electrical appliances, and also on house cleaning made easier.

Eight members were present for the meeting.

Miss Kay Szydoski and Tommy Hord spent Sunday in Tatum visiting in the L. A. Greenfield home.

CARD OF THANKS

We take this means of thanking the friends of the Hamilton families for their help and words of sympathy during the burial of George S. Hunt of San Angelo, here two weeks ago. For nice floral offerings and for food brought to the home of Mrs. Clemmie Hamilton, May God bless each of you.

Mrs. George S. Hunt
Mrs. Terril Isbell and family
Jessie Hamilton and family
Mrs. Weldon Ridgway and family.

WAFFLE CRISP

Ready for a summer evening's dancing in a cool and collected fashion, the young lady wears a fresh-looking cotton formal of crisp white waffle pique. The dancing frock by Emma Domb is accented by a removable shoulder and hip draps of checked taffeta for a colorful contrast.

Miss Margaret Goza and Jack Browder Jr. spent Sunday in Sundown visiting Miss Goza's mother Mrs. Bishop.
