TWO SECTIONS

BROWNFIELD, TEXAS, FRIDAY, OCTOBER 14, 1949

SIXTEEN PAGES

NUMBER 12

Harvest Festival Program Drawn

At 10:40 a. m. Wednesday, October 19, an air show staged by four jet-propelled airplanes from the 81st Fighter Wing stationed at Albuquerque, N.M., will launch a day-long program which will constitute the Rotary Club's third annual Harvest Festival.

Following the air show, the parade, led by the Texas Tech band, will begin at 11 a. m. Several floats and over 13 bands will participate. Also in the parade will be Sheriff's Poses from Lubbock and Brownfield.

The entire program for the day will be held on the festival platform, located at the southeast corner of the square.

Following the parade, Mayor C. C. Primm will make the welcoming address. The Texas Tech band will give a short concert, followed by a talk by Dean of Men at Texas Tech, Dr. James Allen.

At 1:30 p. m., the Brownfield High School band will present a concert, and Clovis Kendrick, president of the Brownfield Rotary Club will make awards to bands competing in the band contest.

Main speaker for the day will be Harley Sadler of Abilene, who will speak at 2 p. m. One of the most sought after speakers in Texas, Sadler is probably best known for his great showmanship. For many years, one of the most popular stage shows in West Texas has been the Harley Sadler show.

Following Sadler's talk, Hiram Parks will introduce Rod Cameron, Monogram Studios top western star. Cameron will crown the Harvest Festival queen at 8 p. m. Wednesday night.

At 3 p. m., the first division, ages up to 45 years, of the old fiddlers' contest will be held. \$300 in prizes are being offered in the contest. At 3:30 p. m., there will be a square dance exhibition, participated in by the local square dancers, and teams from Abernathy and Lubbock.

The second division of the old fiddlers' contest, for ages from 45 years up, will be held at 4 p. m., followed by more square dance exhibitions.

The Brownfield Men's chorus and quartet will appear on the program from 5 p. m. to 5:30 p. m. From 5:30 p. m. until 6 p. m., the crowd will be given a last chance to buy tickets and at 6 p. m., the drawing will begin.

One of the main features of the program will be the "Mexican Hour," which will be presented at 7 p. m. This was one of the most popular events in last year's celebration.

Coronation of the queen of the 1949 Harvest Festival will take place, beginning at 8 p. m. Of all the phases of the day's program, this is the most eagerly-awaited and spectacular event of the day. At 9 p. m., Henry Lester and his Rhythm Boys from Lubbock will play for a festival dance at Veterans Hall. Also, finals of the square dance contest will be held, with teams entering from Lubbock, Littlefield, Snyder, Lorraine, Abernathy and Brownfield. A first prize of \$75.00 is being offered for the best team, with a second prize of \$50.00 and a third prize of \$25.00.

James H. Dallas, program chairman, expresses hopes that the Rotary Club's guests this year will enjoy this year's program as much as they have enjoyed the past two.

Ann Snedeker, Lions club candidate, still leads in the queen's race, with Elizabeth Jo Anthony, American Legion candidate, and Margaret Goza, Epsilon Sigma Alpha candidate, in second and third places, respectively.

Lee O. Allen stated that he was in Lubbock this week, and met up with Buster Berry, from Hubbard, Texas, who bought cotton here several years ago. He is now a buyer in Lubbock, Allen stated. Mr. Berry informed Allen that he would be down before long to see old friends.

Services For Meadow Resident Monday

Funeral services were held at 2:30 p. m. Monday at the Meadow Church for Robert Kirk Williams, 47, of Meadow, who died in the Treadaway-Daniell Hospital at 12:30 p. m. Sunday following a heart attack suffered a few hours earlier at his home. The Rev. J. E. Peters of Grassland officiated, assisted by the Rev. Cecil Tune, pastor of the Meadow church.

Williams had farmed in the Meadow area since 1929. He was a member of the Meadow Methodist Church and the Meadow Masonic Lodge.

Survivors are his wife; three children, Mrs. J. L. Bartley of Muleshoe and Sybil and Robert Keith, both of Meadow; three sisters, Mrs. M. P. McMillan of Valley Mills, Mrs. Burney Warren of Meridian, and Mrs. Elmer Allison of Soudon; and three brothers, John L. of Levelland, Collis V. of Walnut Springs, and Joe H. of Meridian.

Interment was in Meadow Cemetery under the direction of the Brownfield Funeral Home. The Meadow Masonic Lodge conducted a graveside service.

Palbearers were Homer Barrow, John Roberts, Ivy Walker, Louis Peeler, Herman Horschler, and John Cadenhead.

700 Mexican Laborers Here For Harvesting

Through the efforts of the Farmer's Co-operative Society No. 1 who took up a contract from farmers in the Valley Terry County will soon have enough Mexican Nationals to harvest the crops. Mon Telford, who is in charge of placement of the laborers, said Thursday that there are already some 700 here, and that the contract calls for around 1350 laborers.

These nationals have already been processed by both the Mexican and United States governments, Telford said.

BROWNFIELD RETAINS CUP AFTER MEETING

Twenty-seven members and 26 guests attended a circle meeting of the Odd Fellows lodge held here October 4.

Degree work was given for three candidates from Plains. The cup for team work was retained by Brownfield.

STORY PICTURE OF ROTARY CLUB ACCOMPLISHMENTS IN THIS ISSUE

We refer you to an advertisement in another part of this paper which gives a picture story of the accomplishments of the Brownfield Rotary Club in the past from funds derived from the annual Harvest Holiday.

Over \$19,000 has been spent by the Rotary club for school and civic improvements, such as new band uniforms and instruments, donations to community causes, operating a school bus, and rejuvenating the Cub football stadium. This year, as always, all money taken in on the Harvest Holiday will be turned back to the community in the form of helping some worthy cause.

The aim of the Rotary Club is service to the schools, to the community, and to the county in general. This year, their obligations exceed any they have assumed in the past years.

Rotarians feel that this year, as before, the success of the Harvest Holiday, their main project depends upon the cooperation of the citizens of Brownfield and surrounding territory. So just remember, when you buy a ticket to the third annual Harvest Holiday, you are contributing to the growth and success of Brownfield.

NEGRO WOMAN JAILED FOR CUTTING AFFRAY

A colored man was seriously injured at 10:30 p. m. Sunday night when he was slashed with a knife wielded by a colored woman from Hobbs, N.M.

The injured man, Nathaniel Moseley, 34, was treated at the Treadaway-Daniell Hospital for deep cuts on the left arm, left thigh, and left foot and leg. He was transferred to the Veterans Hospital in Amarillo Monday, where his condition is still considered serious.

Lillian Nelson, 25, formerly of Hobbs, N.M., is being held without bond in the Brownfield jail. She told investigating officers Sheriff Ocie Murry and Deputy Buel Powell that she had been involved in several cutting scrapes before this incident.

Annual Banquet Held By Order of Scottish Rite

Forty members and two guests attended the annual banquet celebrating the "Feast of the Tabernacle" held by the Scottish Rite Order Tuesday at 8 p. m. at the Esquire Restaurant.

The Rev. H. L. Thurston of the First Methodist Church of Brownfield made the principal address. Cities represented included Soudon, Ropesville, Seminole, Tahoka, O'Donnell, Locketsville and Brownfield, and three Scottish Rite consistories were present from El Paso, Dallas and Guthrie, Oklahoma.

Typewriter Service And Gift Shop Open

The Fleming Typewriter Service and Gift Shop is operating at 114 North Sixth street, awaiting the completion of the Jack Shirley building being erected at 208 South Fifth street.

R. L. Fleming, who comes here from Dallas, has been in the typewriter business for 30 years. He is a master mechanic and spent three years as a government inspector for all communications, including coders, decoders, and teletypes.

Mrs. Fleming, who runs the gift shop, formerly owned a beauty shop in Dallas. The Flemings live at 502 East Main in the Randall apartments.

Local Team To Appear At Sundown Carnival

Members of a square dance team of the Boot and Slipper Club will stage an exhibition Saturday at the square dance festival to be held in conjunction with the Sundown Lions Club Carnival.

The team is composed of Mr. and Mrs. H. B. Parks, Mr. and Mrs. Bruce Salmon, Mr. and Mrs. Pinkney Dobbins, Otis Davis, and Mrs. David Nicholson. David Nicholson is caller for the group.

Harold Crites Named Winner of Golf Meet

Harold Crites was named the champion golfer of the Brownfield Country Club Sunday, October 9, at the conclusion of a seven-flight golf tournament. He was presented a set of matched woods by Jerome Kirschner, president of the club.

Runner up in the championship flight was Prentice Walker, who received three gabardine suits. A consolation prize of a 30-day pass to the Brownfield Theatre was given to Fred Baldwin.

Winner of the first flight was John Bost, who received a leather golf bag. Runner up Coleman Williams received a dozen golf balls, while Jim Cousineau received a consolation prize of a dozen golf balls.

Arle Lowrimore was winner of the second flight, receiving a pair of golf shoes, and Crawford Taylor, runner up, received a dozen golf balls. Jack Bailey was given a dozen golf balls as consolation prize.

In the third flight, Ike Bailey, winner, received a fishing reel, Bill Lohmann, runner up, received

Fire Destroys Plains Drug

Lions Carnival To Be October 17-22

C. Rainey's Shows and Rides, under the auspices of the Brownfield Lions Club, will be in Brownfield Monday, October 17 through Saturday, October 22.

The carnival will be set up on the east side of the square and the public is cordially invited to attend.

Carnival committee for the Lions is composed of John Criswell, Ed Hardin, E. D. Jones, M. V. Scuddy and Tom Crawford, chairman.

Oddfellows to Attend Grand Lodge Meeting

More than 200 past grand degrees and grand lodge degrees will be conferred at a grand lodge meeting of the IOOF to be held at Denver City Saturday, October 15.

C. M. McLaughlin, Texas Grand Master, will attend the meeting, at which all West Texas Odd Fellows lodges will be represented.

Several members of the local lodge will participate in the meeting.

The Cubs Are Taken To Another Cleaning

We have heard no criticism or compliments of our sport writing, so have gathered its OK or no one reads it. Very likely the latter. The Jr. editor is the only guy we know of on the writing staff that actually played and knows the game, but his plea is "I have no time for reporting," and his hours are fairly well taken.

So, this stuff is left up to the Old He, and he knows no more about football games than a dirt farmer knows about pyramiding. He don't know a full back from a guard, and sometimes wonders what the guy with the striped shirt is doing running all over the field and occasionally tooting a whistle. But here goes.

To mimic the great mimicker, the late Will Rogers, all we know is what we read in the papers, and they reported a very one-sided affair, 47 to 7, and Littlefield on the side of the big score. They are a class A team. If they had been B's or C's what would they have done to our boys? Anyway, the reporter said the score could have been much more, but Littlefield used a little of second and third stringers to practice.

So our hopes of winning again this season has almost gone glimmering. Soon we enter conference games, and as Big Spring beat us a bit, and Lamesa took them for a cleaning, we don't look for a win over Lamesa. Then there is the tough boys to come, Lubbock, Midland and Odessa.

But there are some remaining consolation games. They tell us that the B team is a whizzer. So, in the years to come, maybe ol' Brown will get in the winning again.

BROTHER OF LOCAL WOMAN CLAIMED

Mrs. H. K. Kendall received a message of the death of her brother, Rome Martin, 47, of Payette, Idaho, last Friday.

Martin moved to Payette several months ago due to his ill health. He had lived near Welch for many years.

Funeral services were held in Lovington, N.M., Wednesday. He is survived by his wife and one son.

FORMER RESIDENT HERE

Charlie Dial of Dallas, former resident of Brownfield, is here visiting his sister, Mrs. Harold Simms, and friends this week.

He is on his way to Colorado where he will vacation for several days.

Sheriff's Posse To Ride In Big Parade

The recently organized Terry County Sheriff's Posse will ride in the parade beginning activities of the annual Harvest Festival, which will be held next Wednesday, October 19, according to Sheriff Ocie Murry, president of the posse.

At a meeting held last week, members of the posse decided on the type and color of uniforms to be worn by the organization. The uniforms will be western style, with tan gabardine trousers, white shirts, black ties, and white or gray hats.

Other officers in the organization besides Murry are Clarence Lackey, captain; Clyde Truly, secretary-treasurer; Ray Christopher, lieutenant; George Wade, corral boss; and Shorty Forbus, wrangler.

Members of the board of directors are Money Price, Dewitt Stafford, Tess Fuller, Roy Wicker, Jr., Jack Thomas, and John Portwood.

Nine of the 21 members of the posse attended a parade and rodeo staged by the Roswell, N.M., Sheriff's Posse October 5. Poses from Roswell, Carlsbad and Portales were represented at the rodeo. Those from Brownfield who attended were Clarence Lackey, Ray Christopher, Shorty Forbus, Hub King, Cliff Jones, Dewitt Stafford, George Wade, Money Price and Buel Powell.

The Terry County posse is a Jaycee-promoted project.

Dr. J. O. Haymes Speaks Here Sunday

Dr. J. O. Haymes of Lubbock, will deliver the morning sermon at the First Methodist church on October 16, according to an announcement made by the Rev. H. L. Thurston, pastor of the church.

Dr. Haymes is district superintendent of the Northwest Texas Conference.

Fire Destroys House House

A rent house owned by J. D. Roberts and occupied by Dick Tucker was completely burned to the ground early Sunday morning. Fire Marshall Jim Cousineau said Monday.

Cause of the fire was unknown. C. L. Hendricks, a close neighbor, was aroused at about 3 a. m. Sunday morning by the fire and turned in the alarm.

Hendricks' house was slightly damaged by the fire.

Postoffice, Grocery Damaged By Blaze

The Plains Drug Store, owned by Mr. and Mrs. T. E. Coke, was completely destroyed by fire at about 10 a. m. Thursday, and the Plains postoffice and the Smith Red and White Grocery Store were heavily damaged by smoke.

The fire, which started at 9:30 a. m., was caused by a faulty gas connection. Mrs. Coke was lighting the stove when the leaking gas exploded. She said that the loss in equipment was some \$4500. It was insured.

Fire trucks and firemen from Brownfield and Denver City rushed to the scene of the fire, but the building was almost completely burned when they arrived.

One volunteer fireman, Velmo Weed, a mechanic at Tingle's Service Station, received a gash on his forehead when he was tripped by a hose and fell on the sidewalk.

Contract Let For New High School Building

The general contract for the construction of the new Brownfield High School, to be constructed on East Broadway, was let last Tuesday to James T. Taylor & Sons, Inc., of H. A. Worth. Total construction cost of the building will be \$25,585.20.

McKinley Plumbing Company of Lubbock received the contract for the plumbing for \$55,990.20. The electrical contract was let to Hamner Electrical Company of San Angelo for \$15,726.00.

The total construction cost includes \$6,000.00 of equipment, but the school will later have to equip the building with \$40,000 in seats, desks, etc.

Work will begin within ten days and is to be completed in 330 days. C. G. Griffith, president of the school board, said Wednesday.

Kendrick Lowers His Cotton Estimate

It will be remembered back in September, R. M. Kendrick, president of the First National Bank, came out with an estimate in this here paper that ran 86,700 and some odd bales of cotton for Terry county. Up there this week, he somewhat reluctantly lowered this estimate down to say around 60,000 bales. But R. M. says anything can happen.

Even with 60,000 bales, this will be more cotton than the county has ever produced. The banner year was the memorable crop of 1937, when slightly over 57,000 bales were ginned. Along with the general concession that we are in for what may be the banner cotton year in Terry county, is still another crop, grain sorghum.

A few years ago, the census bureau of the Ag. Dept. gave Terry county some over 5 1/2 million pounds of grain sorghum. That year, Lamb county with 6 million pounds stood ahead of Terry. This year, however, most estimators are placing Terry far out ahead of any other county in Texas in grain sorghum production, one that could go as high as 8 million pounds.

J. O. Gillham, president of the State Bank & Trust Co., estimated that Terry county would reap a \$7 million feed crop and a \$4 million feed crop, and he said he believed that conservative.

But farmers are complaining of slow opening of cotton. The reason is believed to have been the excessive rains the first half of September, which started a second growth. Some are figuring on poisoning to make the leaves fall off to hasten opening if there is not a freeze or frost soon.

Mr. and Mrs. Oran Elmore of Abilene are visiting her parents, Mr. and Mrs. T. L. Lowe, and other relatives here this week.

Texans in Washington

By Tex Easley

AP Special Washington Service WASHINGTON Oct. — (AP) — Prompted by the unhappy experience of a West Texas veteran, congress is moving to correct a technicality which has penalized a small group of valorous soldiers.

The man whose case has come to the attention of the defense department and congress is Orville D. Perkins, Route 4, San Angelo.

Seriously wounded in fighting in the Pacific, he was one of about 50 men who won battlefield promotions to commission rank but can draw only enlisted grade benefits.

On Jan. 22, 1945, he was promoted from sergeant to second lieutenant. Japanese fire had thinned out the officer ranks and the officer in command had ordered Perkins into the gap.

It wasn't until April 6 that his commission was processed through the top command and his pay increased. In the meantime, however, he had been shot in the right leg by a sniper. That was on Feb. 24. The wound was so serious he had to spend the next two and a half years in various hospitals. He now walks with a limp and still requires medical attention.

The irony in existing law came to light after he was mustered out.

Since he had been wounded and incapacitated before formally receiving his commission — even though he actually had been fighting as a second lieutenant — he had to go on the Veteran Administration rolls as a sergeant. That meant his benefits were lim-

Economic Highlights

Britain's devaluation of the pound has been followed by a period of watchful—and in some cases, anxious — waiting to see just what the result will be. Directly after devaluation in the words of the Wall Street Journal, "Price changes for everything from Dunhill pipes to black pepper were announced—or gossiped. The basic commodity markets trembled, retailers began taking a new look at British products they've been scorning as overpriced, and even the man in the street showed a spark of interest."

Whether this country will now be flooded with British goods or low price and high quality remains to be seen. In some instances, such as motor cars and chinaware, the price cuts may be very substantial—25 per cent or more. Other goods—such as Scotch whiskey—are so influenced by taxes and tariffs that it is doubtful if prices to the consumer will materially change. Raw commodity prices—wool fats and oil, and so on—will probably decline only moderately.

The unknown factor in what the attitude of the British people, and particularly British labor, is to be toward devaluation and its consequences. British labor—and this is also true in varying degrees of labor in all the Western European nations—has been growing increasingly restive under conditions of strict austerity and low pay. Indications are that widespread demands for wage increases will soon be made. Yet, as Walter Lippmann has written, "The crucial issue . . . is how to reap the benefits of devaluation without suffering all the pains. The benefit of devaluation is to become solvent. But devaluation in itself will not balance accounts unless the painful fact is accepted or imposed that real wages must fall." If this view is correct—and it is difficult to argue against it—a critical impasse is in the making.

ited to those provided for that grade.

Texas Senators Tom Connally and Lyndon Johnson and Rep. Clark Fisher went to work on the case.

Secretary of the Army Gray said the Army could do nothing to correct the injustice in Perkins' case, but he gave his endorsement to legislation sponsored by the Texas legislators to make it possible for the government to give the West Texas veteran the benefits of a disabled commissioned officer.

Gray estimated there were 50 such cases throughout the country.

Johnson headed a Senate Armed Forces subcommittee which approved the measure promptly. The bill passed the Senate and is now in the House. Fisher, a member of the Armed Services committee there, plans to push for House approval.

RESPECTS TO A HERO

Two U. S. Navy men spend part of their time ashore in Caracas, Venezuela, to view one of the many statues in that city reared to national heroes and to pay their respects to the memory of the military leader represented in bronze above them. (Official U. S. Navy Photograph)

PLAINS NEWS

Mr. and Mrs. H. H. Heath and Norwood of Brownfield were here Sunday attending church and visiting friends.

Mr. and Mrs. George Copeland of Gladiola, N.M., visited their parents, Mr. and Mrs. A.C. Copeland, Sunday.

Mrs. Floy Nell Flowers and girls visited her father, E.M. Kim, Saturday and Sunday.

Mrs. T.W. Read returned this week from Dallas. She reports Woodie improving and that he will soon be home.

Mr. and Mrs. Tom Sprawls, Mr. and Mrs. Harry Morris and family of Lubbock visited in the home of Mr. and Mrs. J. H. Morris last Sunday.

Mrs. Carol Light is home from the hospital after recovering from a case of asthma and pneumonia.

Mr. and Mrs. L. D. Camp spent the week end with their daughter, Rev. and Mrs. E. J. Cobb and family in Lockney.

Mrs. W. E. McKee underwent a tonsil operation at Sunday in the Brownfield hospital.

Mr. and Mrs. John Camp and Jimmy, and Mr. and Mrs. J. H. Morris spent last week end visiting relatives in Albuquerque, N.M.

Mr. and Mrs. Loyd Turner, and Mrs. W. H. Rhyne and Mrs. L. O. Turner spent the past weekend in Vashli and Wichita Falls.

Mrs. Madison Weaver and Mrs. Ed Evans spent Saturday night with Mrs. Weaver's sister, Mrs. Paul Fouts, in Carlsbad, N.M., and went through Carlsbad Caverns Sunday.

Mrs. Eula Lewis of Littlefield visited her daughter, Mrs. Lynn Nelson, over the week end. Also visitors in the Nelson home were Misses Mae and Ethel Ellis of Lubbock.

Perfect Background for a Lady!

Sometimes, we think a lady never looks so lovely as when she's seated at the wheel of a Cadillac car.

First of all—she looks serene . . . for she knows she is driving the world's most distinguished motor car.

She looks confident, too . . . for she knows she is driving a mechanical masterpiece—a car that is as dependable and safe as human ingenuity can make it.

She looks rested and at ease . . . for there is no strain at all to her driving. The big motor moves the car as if by automatic propulsion—steering is virtually a response to her wish—and the brake pedal calls for little more than the weight of a foot.

And, finally, she looks—as we said—so lovely . . . for here is the perfect background for a lady. If she has chosen the model and the color and uphol-

stery with care—as the fullest complement to her personality—she is the spot-lighted high-light in a gorgeous picture!

This message, of course, is addressed to a man—to a man with a lovely lady whom he delights to see at her best—and whom he wants surrounded, wherever she drives, with every safeguard an automobile can provide. Come in, Sir—and see us. You are looking for a Cadillac!

Why is the Servel GAS Refrigerator the choice of people with experience?

Only Servel has no moving parts in its freezing system

Only Servel STAYS SILENT LASTS LONGER

Everywhere, families have discovered that there's one refrigerator different from all the rest . . . gives you more years of noise-free, worry-free service. It's the Servel Gas Refrigerator.

The secret? Servel has the simplest of all freezing systems. Not a single moving part. No machinery to wear. No motor to get noisy. A tiny gas flame does the work. So Servel stays silent, lasts longer. (In fact, thousands of America's almost 3,000,000 Servel owners report that their Servels are still on the job after 15, 18 and even 20 years.)

You'll be delighted with Servel's new features, too. Plenty of ice cubes, easy to get at. Lots of room for fresh and frozen foods. Come in today and see the beautiful models. Select your new Servel Gas Refrigerator—the choice of people who've had experience!

Secretary of the Army Gray said the Army could do nothing to correct the injustice in Perkins' case, but he gave his endorsement to legislation sponsored by the Texas legislators to make it possible for the government to give the West Texas veteran the benefits of a disabled commissioned officer.

Gray estimated there were 50 such cases throughout the country.

Johnson headed a Senate Armed Forces subcommittee which approved the measure promptly. The bill passed the Senate and is now in the House. Fisher, a member of the Armed Services committee there, plans to push for House approval.

RESPECTS TO A HERO

Two U. S. Navy men spend part of their time ashore in Caracas, Venezuela, to view one of the many statues in that city reared to national heroes and to pay their respects to the memory of the military leader represented in bronze above them. (Official U. S. Navy Photograph)

PLAINS NEWS

Mr. and Mrs. H. H. Heath and Norwood of Brownfield were here Sunday attending church and visiting friends.

Mr. and Mrs. George Copeland of Gladiola, N.M., visited their parents, Mr. and Mrs. A.C. Copeland, Sunday.

Mrs. Floy Nell Flowers and girls visited her father, E.M. Kim, Saturday and Sunday.

Mrs. T.W. Read returned this week from Dallas. She reports Woodie improving and that he will soon be home.

Mr. and Mrs. Tom Sprawls, Mr. and Mrs. Harry Morris and family of Lubbock visited in the home of Mr. and Mrs. J. H. Morris last Sunday.

Mrs. Carol Light is home from the hospital after recovering from a case of asthma and pneumonia.

Mr. and Mrs. L. D. Camp spent the week end with their daughter, Rev. and Mrs. E. J. Cobb and family in Lockney.

Mrs. W. E. McKee underwent a tonsil operation a Saturday in the Brownfield hospital.

Mr. and Mrs. John Camp and Jimmy, and Mr. and Mrs. J. H. Morris spent last week end visiting relatives in Albuquerque, N.M.

Mr. and Mrs. Loyd Turner, and Mrs. W. H. Rhyne and Mrs. L. O. Turner spent the past weekend in Vashli and Wichita Falls.

Mrs. Madison Weaver and Mrs. Ed Evans spent Saturday night with Mrs. Weaver's sister, Mrs. Paul Fouts, in Carlsbad, N.M., and went through Carlsbad Caverns Sunday.

Mrs. Eula Lewis of Littlefield visited her daughter, Mrs. Lynn Nelson, over the week end. Also visitors in the Nelson home were Misses Mae and Ethel Ellis of Lubbock.

Perfect Background for a Lady!

Sometimes, we think a lady never looks so lovely as when she's seated at the wheel of a Cadillac car.

First of all—she looks serene . . . for she knows she is driving the world's most distinguished motor car.

She looks confident, too . . . for she knows she is driving a mechanical masterpiece—a car that is as dependable and safe as human ingenuity can make it.

She looks rested and at ease . . . for there is no strain at all to her driving. The big motor moves the car as if by automatic propulsion—steering is virtually a response to her wish—and the brake pedal calls for little more than the weight of a foot.

And, finally, she looks—as we said—so lovely . . . for here is the perfect background for a lady. If she has chosen the model and the color and uphol-

stery with care—as the fullest complement to her personality—she is the spot-lighted high-light in a gorgeous picture!

This message, of course, is addressed to a man—to a man with a lovely lady whom he delights to see at her best—and whom he wants surrounded, wherever she drives, with every safeguard an automobile can provide. Come in, Sir—and see us. You are looking for a Cadillac!

Why is the Servel **GAS** Refrigerator the choice of people with experience?

Only Servel has no moving parts in its freezing system

Only Servel **STAYS SILENT LASTS LONGER**

Everywhere, families have discovered that there's one refrigerator different from all the rest . . . gives you more years of noise-free, worry-free service. It's the Servel Gas Refrigerator.

The secret? Servel has the simplest of all freezing systems. Not a single moving part. No machinery to wear. No motor to get noisy. A tiny gas flame does the work. So Servel stays silent, lasts longer. (In fact, thousands of America's almost 3,000,000 Servel owners report that their Servels are still on the job after 15, 18 and even 20 years.)

You'll be delighted with Servel's new features, too. Plenty of ice cubes, easy to get at. Lots of room for fresh and frozen foods. Come in today and see the beautiful models. Select your new Servel Gas Refrigerator—the choice of people who've had experience!

STAYS SILENT . . . LASTS LONGER

To most of us, when we see or think of an animal going to market, it is just hams, bacon, chops or steaks, or maybe hamburgers, if we like them. Also, most of us are familiar with the old saying that the packers use everything, even the squeal. Even that was used by the interurban cars to "blow" for crossings and intermediate towns. We sometimes forget the hides, 10,000 of which are used to supply leather for shoes and other leather goods in a medium sized city. But most important of all is the pancreas gland from which insulin is extracted, as well as the still newer hormone in hogs for the treatment of arthritis. It takes 1500 head of cattle or 7500 hogs from which to extract only one ounce of insulin. When we begin to think, we see what a wonderful Father has provided us with in meat animal, as they are usually known.

Speaking of the blessings that

have been bestowed upon the human race, let us speak of oil and oil wells just for a moment. In the old days when the well crew was fixing to bring in a new well, the news was heralded abroad, and there was usually a large crowd of interested spectators at a safe distance. Then the crew turned the well "loose" and ran. Now the well is cased off to start with, and it is brought in by control through pipes. And the stuff is turned on with a "faucets" by some movies man from Hollywood, perhaps. Waste is no longer permitted and the well is not turned wild loose. In the meantime oil companies hire many crews of geologists (rock hounds to most of us) to search out and diagnose new territory for additional supplies and reserves of oil. During the year 1949, the oil companies are spending the stupendous sum of more than 2 billion dollars for new oil facilities and equipment alone. This is not to mention the immense sums spent in production and refining.

The action of some of organized labor recently in demanding more and more retirement pension funds from employers, as well as in some cases the fourth round of raise in wages, is viewed by many impartial writers with some misgivings as to where this will lead. Could it be that demand after demand will result in labor working itself out of a job? And at the same time result in their becoming employees of the state? We believe that American labor is too smart and too well read not to realize that labor conditions, as well as conditions in general, are far better under the American system of free enterprise than under either Socialistic England or Communistic Russia. But their employers could be so pressed with additional expense and taxes, as well as drastic laws as to force industry to do as in England, be forced to turn over their business to a dictator government. When we do, we that hire or we that

Another Explosion

work shall have lost a lot of our freedom.

It seems to us that the least administration could do would be to get the executive and the judiciary to speak the same thing when they talk. Associate Justice William O. Douglas of the Supreme Court, in an address to the DIO, recently, said the "constitution provides for a welfare state," and that labor had brought that about during the 20th century. That would have had to happen in the past 49 years. Week before last, President Truman stated that those "who think the welfare state is alien and dangerous are 160 years behind the times." So, the president is putting the welfare state program some ten years after the adoption of the US constitution. No wonder many people are calling the Square Deal a Queer Deal.

Brewing at this time is a fight to the finish between what a lot of people elect to call themselves, the rank and file, and a hard fighting minority that is well organized. Both CIO and AFL have given notice that great funds are being raised to defeat all Republicans and every conservative senator in the south. Some six US senators and 40 congressmen are slated to be re-elected by these organizations including such men as Pepper of Florida and Long of Louisiana who have gone along on practically all Truman Square Deal legislation. This of course includes the repeal of the Taft-Hartley law, and a lot of so-called social liberty stuff. Also no discrimination in employing people because of race, color, etc. We wonder just how long it is going to take the ordinary American citizen, north or south, to wake up to the fact that we are fast drifting from the American way of life. And in addition, to sum up enough energy when election time comes to march to the poll and vote almost 100 percent like the organized minorities vote?

Many well intentioned people, both north and south, white and black, go along with the idea that negroes should have a better deal, as to labor, better housing and schools. Had a talk only this week with a local and prominent gentleman who was reared in the country districts of Illinois, who never saw a negro until he boarded a train bound for Mississippi. He married in the later state, and then came on to Texas. He has

Advancement of Colored People. The idea of intermarriages. And we might add that the vast majority of negroes don't harbor such ideas. It is the BIG leaders among them with such an ambition. For instance, a lot of the leading negro journals have pointedly asked Walter White why he divorced his negro wife, who had borne him two children, and then married a white woman. Briefly White stated "that there is only one race, the human race." It is needless to state that White is one of the leaders and promulgators of NAACP. But White failed to explain to the American people, white and black, whether or not he thought it cruel and unjust to separate himself from his lawful wedded wife and two dependent children, to take on a wife with a white skin. From the above, it is clearly demonstrated that the leaders of the NAACP are not so concerned with the physical, moral and spiritual advancement of their race as they are promiscuous inter-racial marriages.

We note that our friend, Boyce House, has been appointed as director of publicity for the Southwestern Exposition and Fat Stock show at Fort Worth in February next year. And he is already sending out the dope. Unlike the state fair at Dallas, or the several regional fairs, that give the country weekly some token advertising as well as free tickets, heretofore the fat bull show at Fort Worth has reserved all the paid advertising to House's old chum, Amos Carter, and his Star-Telegram. It remains to be seen how House, who writes a column for some of the Texas weeklies, is going to get around "no paid publicity to other than Fort Worth papers."

Well, Editor Morris of the Ropes Plainsman is still going strong on no capital punishment. As a rejoinder, the Mosaic law, which the

Jews more or less obeyed as long as they were a free nation, stressed capital punishment. If one cares for proof of the pudding they only have, to read Leviticus the 21st chapter, beginning with

about the 12th verse. And even the law of Christ is full of what the old time revivalists called "hell fire and brimstone." Eternal punishment in a lake of fire that burneth forever as a punishment

of the wicked, sounds bad to us. In fact, we believe if the alternative was left up to us, we'd choose the rope or the hot shot. Come to see us sometime, Editor Morris.

Harvest Your Cotton

this TIME and MONEY-SAVING way

JOHN DEERE No.15 Two-Row Cotton Harvester

You'll make short work of harvesting cotton . . . slash expenses to a fraction of hand-pulling costs when you own a John Deere No. 15 Two-Row Cotton Harvester.

The John Deere does an excellent job of harvesting any cotton that is suitable for mechanical snapping. Stripping two 40-inch rows at a time after defoliation, the John Deere does a once-over job, saving more cotton than the average hand-puller. Harvested at the same time, cotton pulled with the No. 15 grades as high as that picked by hand.

Be sure to stop in soon and let us tell you more about this time- and money-saving two-row cotton harvester.

JOHNSON NEWS

Mr. and Mrs. Lowell Bench are the parents of a son, born Sunday, October 9, at Treadaway-Daniell Hospital.

Mr. and Mrs. B. F. Foshee and children and Mr. and Mrs. Vendell Lasiter spent the week end fishing at Possum Kingdom.

Mr. and Mrs. Mahon of Brownfield visited in the J. W. Nolen home Sunday.

Mr. Reuben Burnett of Oklahoma is visiting his sister, Mrs. Bert Tuttle, this week.

Mr. and Mrs. W. Henson of Gomez visited in the Kenneth Godwin home Sunday.

A. R. Bucker of Oklahoma visited in the W. E. Parker home Sunday.

Mr. and Mrs. H. Wheatley and children visited in the Parks home at Tokio Sunday.

Mr. and Mrs. Frank Tuttle and children visited Mr. and Mrs. Morgan near Seagraves Sunday.

Mr. and Mrs. W. B. Goza have moved to Brownfield.

Jim Willett and family have moved to Jones County.

Mrs. S. L. Jones is spending this week visiting in the home of her brother, Mr. Jim Womack, and family in Lamesa.

Mr. and Mrs. Bill Dugger visited his parents, Mr. and Mrs. P. A. Dugger, in Lamesa Sunday.

Mrs. H. L. Thurston visited her mother, Mrs. Willie Lovelace, in Farwell Sunday.

THE LOW DOWN FROM HICKORY GROVE

An Agriculture Dept. Bureau reported last week that it had surveyed the buying habits of housewives re. rice and beans. And knowing everybody is almost breathless for the answer, I hasten to tell you. Housewives prefer, the Bureau says, to buy their rice and beans in open-window packages or cellophane. And that is a good sample of the fumididdles the citizens of this fair land are paying for — it adds up to big dinero.

Another sample of Bureau carryings-on are the boys who say that us citizens, above everything else, must be provided with Govt. kilowatts. Most good-citizens don't have time to study kilowatts or know too much about 'em, so the Govt. boys go to town with their rosy picture of Sambo turning on the lights. But when you analyze things and try to deduct why any place is handicapped on account of not having Sam Old Boy in the power house and you look at places like Chicago and New York and Philadelphia, and San Francisco, and Boston, and St. Louis, you scratch your dome and wonder. None of these big and prosperous cities ever needed to have the Govt. tinkering around in their power houses.

That is a kind of new angle, says Henry. Thank you, I says. Yours with the low down,

JO SERRA

Mr. and Mrs. Joe Bartlett visited in Amarillo, Sunday.

TURTLE HUNT PROGRESSES—At Churubusco, Ind., farmer Gale Harris, right, is still draining the lake on his farm said to be the stamping ground of a turtle "big as a barn door." Harris shows Walter Johnson, left, a 65-pound turtle uncovered in the draining process.

GOMEZ GOSSIP

Mr. and Mrs. D. E. Brown and son, and Mr. and Mrs. E. Vaughn and children of Silverton were week end guests in the home of Mr. and Mrs. A. B. Buchanan. Mrs. Buchanan's mother, Mrs. Brown remained for a longer visit.

W.M.U. ladies met at the church Monday afternoon for Royal Service program. Mrs. J. C. Wooley was in charge of the program. Nine members and two visitors were present.

Mrs. C. J. McLeroy and Miss Dollie McLeroy of Seminole left Wednesday morning for Hollywood California, where they will attend the wedding of Mrs. McLeroy's son, Ed C. McLeroy, and Miss Jackie Small of Lubbock. The wedding will be broadcast over the "Bride and Groom program in Hollywood on Tuesday, October 19, over station KFYO at 1:30 p.m. Mrs. McLeroy plans to visit with her daughter in California, and her son in Oregon before returning home.

Virgil L. Page of Lamesa was a visitor in the home of Mr. and Mrs. N. R. Rutledge Sunday.

Mr. and Mrs. Henry Hewitt of Fort Worth visited with Mr. and Mrs. Ray Hewitt Sunday.

Mr. and Mrs. H. Fox of Lubbock were Sunday visitors in the home of his brother, Mr. and Mrs. Aaron Fox.

Bill Schofield, three-year-old son of Mr. and Mrs. W. R. Schofield, underwent a tonsil operation Saturday at the Treadaway-Daniell hospital.

Mr. and Mrs. Bill Rennie of Hollywood, Calif., were weekend visitors in the home of Mr. and Mrs. Ed Thompson.

Rev. and Mrs. J. C. Johnson of Roswell, N.M., are visiting in the home of Mr. and Mrs. Cager Wade this week.

Mrs. J. A. Kenny of Abilene is visiting in the home of her son-in-

law and daughter, Mr. and Mrs. A. D. Roquemore.

Mr. and Mrs. Jack Mason and children visited in Hale Center Sunday in the home of Mr. and Mrs. Kenneth Hodges.

Mr. and Mrs. Doyle Mensch of O'Donnell were visitors last week in the home of Mr. and Mrs. J. E. Evans.

Visitors last week in the home of Rev. and Mrs. T. L. Burns were his brother and families, Mr. and Mrs. W. R. Burns of Olden, Rev. and Mrs. W. H. Burns of Textline and Mr. and Mrs. Leroy Warren of Welch.

Weekend visitors in the A. B. Buchanan home were her parents, Mr. and Mrs. D. E. Brown, and son, Mr. and Mrs. E. Vaughn and children of Silverton.

George Kempson and Ray Carter attended the football game of Sul Ross of Alpine and Eastern, N.M.U. at Portales, N.M., last week.

Mr. and Mrs. L. H. King and children and Misses Maxine and Janie Doss visited with relatives at Plainview over the week end.

Mr. and Mrs. C. C. Goodwin and children of Earth and Mr. and Mrs. Fayne Clark and daughter of Lubbock were visitors Sunday in the home of Mr. and Mrs. W. G. Swain.

Bill McKee, son of Mr. and Mrs. Cliff McKee, suffered a deep cut on his leg when he fell from a combine at the home of his uncle at O'Donnell Sunday while visiting there.

Forty-three men and boys attended the Brotherhood of Gomez Baptist meeting held at the church Tuesday night. Speakers were L. H. King, who's subject was "Vision," Mr. Thompson, "Patience," Mr. McCrary, "Faith," and Mr. A. J. Roquemore, "Action." A barbecue chicken supper was served.

Mr. and Mrs. Womack Jones and son Billy, of Seagraves visited in the home of his parents, Mr. and Mrs. S. L. Jones, Saturday.

WE GOT A VALLEY MILLS TRIBUNE

This week we received a very interesting paper from Valley Mills, Texas, the Tribune, edited and published by Willard (Will) Bright. It was a six column 10 page paper, and not only showed a pic of Willard, but all his neighborhood correspondents.

At one time, and for several years, Willard was editor and

Mrs. A. E. McCarver and Jerry Mack visited her parents, Mr. and Mrs. John Wall, over the week end.

publisher of the Gaines County News at Seagraves. During the war, he helped war work on the Pacific coast, and returned to Texas when the shooting was over. He bought the Valley Mills paper about three years ago.

Mrs. H. F. Sefton of Plainview was here Monday for the funeral of Mr. Kirk Williams.

Mr. and Mrs. Pierce Warren and son, Bob, visited the J. H. Gobers Saturday night.

Mrs. Jean Walton of Ropes was honored with a shower Thursday evening in the home of Mrs. Edd Peek and Mrs. J. H. Goby.

Lions Carnival In Sundown In Progress

The Sundown Lions Club is staging their annual carnival October 13-15 at the community park in Sundown, according to R. P. Brotherton, president.

A joint band concert was held Thursday, October 13, featuring the Brownfield High School band and the Sundown High School band.

Friday (tonight) the main attraction will be a matched calf roping contest between Bobby Meek and Buck Pruitt.

On Saturday, "Ye Old Fashioned Square Dance," featuring teams from nearby towns, including Brownfield, will be the main event. A calf will be given away Saturday night, and the oldest person registered will also receive a prize.

Each night, concessions will be in operation, offering food and games.

General chairman of the carnival is Enloe Thomas.

Ask Health Measures

With the Harvest Festival only a week away, Dr. Frank Murphy, Director of the South Plains Health Unit, requests the citizens of Brownfield to make this occasion as healthful as possible by cleaning up premises and spraying for the destruction of flies.

The recent increase in the number of flies with the possibility of polio, makes it very important that these precautions be taken for our protection as well as for our visitors during the festive occasion.

COPELAND HOME SCENE OF "DRESS-UP" PARTY

Mrs. Lal Copeland entertained her daughter, Ann, and a group of her friends with a "dress-up" party Sunday, October 9, from 4 p.m. to 6 p.m.

Cakes, sandwiches and punch were served and favors of dolls in cradles were given to Creda Gayle Gore, Latrine Teague, Joan Trapley, Barbara Kirschner, Pam Shirley, Sheila Primm, Martha Kay Austin, Judy Teague, Rose Allene Barrett, Sharon Sneeder, Ann Patterson, Janice Nowell and Martha Chapman.

SEARCH STILL GOING ON FOR NELSON GIRL

A note of sadness spread over Brownfield this week when it became known that the 12 year old daughter of Mr. and Mrs. Guy T. Nelson had left the home in Seminole for parts unknown, and no positive trace of her as this is written. Mr. Nelson is a barber.

The Nelsons made Brownfield their home for many years, as his parents, Mr. and Mrs. Jim Nelson, have been living here for years. Mrs. Nelson's folks are Mr. and Mrs. Ed Newberry, believed to be living in California now.

It was thought at first that the girl was making for California, and the search was centered around El Paso, but the scene has changed to the San Angelo area the last day or two.

MEXICAN BARBER SHOP OPENED WEDNESDAY

A new Mexican barber shop opened for business Wednesday at the corner of North Sixth and West Hill streets, according to Alexander Mascorro, manager.

The shop is equipped with four chairs, and will offer hair cuts, shaves, shampoos, massages and shoe shines.

ANNOUNCEMENT

Fire Marshall Jim Cousineau reminds the citizens of Brownfield that there is a city ordinance saying that it is a punishable offense to park your car within two blocks of the scene of any fire.

Cousineau asks that persons do not follow the truck to fires, but if they insist, please stay out of the way of the truck and the firemen. Not only is it dangerous for you, but you will be risking the lives of others.

T/Sgt. James Vernon Shewmake left today for San Antonio after a week's visit with his wife and other relatives and friends here. He recently returned from a three-month tour of duty in Germany.

Mr. and Mrs. Charles Beaver and son, Larry, visited her parents, Mr. and Mrs. J. T. Lee, in Eunice, N.M., Sunday.

Mr. and Mrs. Tess Fulfer and Maxine Mason attended a State Restaurant Association meeting in Big Spring Wednesday.

Alpha Omegas Met With Mrs. Klofanda

The Alpha Omega Study Club met Tuesday at 4 p.m. in the Seta Jane Brownfield Clubhouse, with Mrs. R. E. Klofanda hostess. Mrs. George O'Neal was program chairman.

Mrs. W. T. McKinney discussed the National presidency. Mrs. A. G. Greer discussed the state presidency, and Mrs. E. C. Gerstenberger discussed the seventh district presidency.

Other members present were Mesdames Lee Brownfield, P. R.

Cates, M. J. Craig, A. J. Geron, Grady Goodpasture, Jake Gore, Jack Hamilton, Tommy Hicks, C. R. Lackey, Wayne C. Hill, Arlie Lowrimore, Bill McGowan, Russell Nelson, Robert Noble, John Pootwood and Sam Teague.

FHA Members Honored

Friday, Oct. 14, 1949, the Wellman Chapter of Future Home Makers are sponsoring a pink and blue shower honoring two former chapter members, Mrs. James Beavers, (nee Betty Zo Dean) and Mrs. Kenneth Bradshaw, (nee Patsy Jane Tipton) to be held in the dining room of the home making department.

SECOND SECTION

The Terry County Herald

GEE GEE PRIVITT, Society Editor

Brownfield, Texas FRIDAY, OCT. 14, 1949

TERRY COUNTY HD COUNCIL HEARS REPORTS OF WORK FOR PAST YEAR

The Terry County Home Demonstration Council held an all-day meeting October 8 in the courthouse.

Miss Helen Dunlap, county home demonstration agent, led the group in singing "Home on the Range." Recreation leader Mrs. E. V. Raley asked the women to play a game, "knowing your county officials." Nine clubs answered roll call. Each present answered with a report of their clubs year's work. Reports were given by officers of the council as follows: Mrs. M. E. Hinson, vice-chairman; Mrs. Dock Settles, secretary; Mrs. Lee Bartlett, treasurer; and Mrs. A. J. Bell, chairman.

Reports from the following committee chairmen were given: Mrs. Frank Sargent, year books; Mrs. W. J. Moss, exhibits; Mrs. E. V. Riley, recreation; Mrs. M. E. Hinson, marketing; Mrs. Henry Tankersley, education expansion; Mrs. Dock Settles, finance; Mrs. Lillian

Doak, reporters; and Mrs. Roy Moore, sponsors.

The three delegates who attended the state convention gave reports at the meeting. Delegates were Mesdames E. V. Riley, Wesley Sherron and Lillian Doak.

Mrs. Dock Settles announced a rummage sale would be held Saturday, October 29, and asked that the rummage be brought in by 8:30 a.m.

The date of the county style review was changed from November 14 to November 12. All the ladies who attended the custom tailoring meeting are asked to style their garments which they made. A council meeting will be held on the morning of November 12, and the style review will begin at 2 p.m. The same women are supposed to go to Lubbock for the district style exhibit November 16.

JUDY TEAGUE HONORED ON EIGHTH BIRTHDAY

Mrs. J. M. Teague honored her daughter, Judy, on her eighth birthday October 8, at 1:30 p.m. with a theatre party.

Refreshments were served to Ann Copeland, Barbara Sue Nicholson, Yvonne Parker, Jill Walker, Carolyn Talley, Barbara Kirschner, Joan Tarpley, Janice Nowell, Sheila Primm, Rose Allene Barrett, Linda and Jeanette Hefflin, Rita Lou and Deanie Goodpasture, Patsy Teague, Toni Akers, Melba Bosher, Leah Nell Chessier and Creta Gale Gore.

WELLMAN FHA YEAR BOOKS TO BE ISSUED

The Wellman Chapter Future Home Makers are looking forward to receiving their 1949-1950 yearbooks in the near future. They are expected to be completed this week, said Marjorie Seales, yearbook chairman. These books will be carried out in red and white, the state's and national colors. Patsy Hyman and Delphene Wright have assisted Marjorie in making the yearbook one of the best that has represented the Wellman Chapter.

Elsie Wilborn returned home recently from Salem, Ore., where she had been visiting her sister, Mrs. A. W. Puckett, and family.

Mrs. Shag Bynum is employed at Collins Dry Goods as new saleslady.

D E Club Will Have Food Stand Wednesday

On October 11, the sponsor of the DE club, Mr. Davis, called a meeting of members in room 102 of the high school. President Dick Proctor called the meeting to order and discussed plans for the stand which is to be set up for Harvest Holiday.

Members appointed to work on the committee are Wendel Dumas, Dick Proctor, Jackie Crump, June Hodges, Virginia Thompson, Carol Henson, Morgan Pace, Delma Murphy, Lillian Hamilton, Edna Harbin, Eura Lee Burns, Barbara Barrett and Mr. Davis.

Ideal Club Met With Mrs. R. N. McClain

Mrs. R. N. McClain entertained members and guests of the Ideal Bridge Club at the Esquire restaurant at 2:30 p.m.

Pumpkin pie and coffee were served to Mesdames Roy Herod, J. T. Bowman, Prentice Walker, Harold Crites, Jerry Kirschner, Joe McGowan, Wilson Collins, W. A. Roberson, Clovis Kendrick, Gordon Richardson and Chad Tarpley.

High scorer was Mrs. Herod. Mrs. Crites won second and bingoed, and Mrs. McGowan bingoed.

NINA LUCKIE TO BE GUEST SOLOIST WITH LUBBOCK SYMPHONY ORCHESTRA

Mrs. Nina Luckie, better known as Ton or Mrs. John F. Luckie, will sing with the Lubbock Symphony as guest soloist on February 7, 1950. Mrs. Luckie, a talented soprano, who early began her study of voice in opera, scholarship student with the Hartford Conservatory of Music, later studied with one of the voice coaches of the Metropolitan Opera Association. She has sung professionally with the Lyric Grand Opera of New York City. Marriage made her a Texan and brought her to Brownfield. Mrs. Luckie teaches voice in Brownfield as well as Levelland and Lamesa.

Forty Attend

At a meeting of the women's organization of the Brownfield Country Club Wednesday, members of the purchasing committee reported the purchase of new utensils for the clubhouse kitchen. The ticket chairman urged that all members sell at least 10 tickets for Harvest Festival.

Forty members attended. Hostesses were Mesdames E. C. Davis, Ted Hardy, L. L. Dean, James Finley, Burton Hackney, Tom Harris, W. T. Howze and Bobby Jones.

FOR MEN ONLY—Inspired by San Francisco's China Town, this "Good Luck Dragon" sport shirt is for men only. But who can say it would look any better on a male than on dancer Diane Shinn. According to the shirt's creator, the colors of the dragon, front and back, will increase in brilliance with washing.

Mrs. Primm Hostess To Pleasure Club

Mrs. C. C. Primm entertained members of the Pleasure Club Wednesday, October 5, at 7:30 p.m.

Tamale pie, salad, individual lemon pies and coffee were served to Mesdames Clyde Truly, W. A. Roberson, Mike Barrett, Wilson Collins, George O'Neal, Leonard Chessier, J. O. Rogers, Joe Shelton, George Germany, Jack Hamilton, Walter Hord and Lee Brownfield.

Mrs. Germany scored high and Mrs. Roberson scored second high. Mrs. Collins received the bingo prize.

West Ward P.T.A. Holds First Regular Meet of '49-'50 Work

Local Women Attend Lubbock Golf Meet

Thirteen women represented the Brownfield Country Club at the monthly meeting of the West Texas Women's Golf Association which was held at the Lubbock Country Club October 5.

Mrs. Fred Baldwin received low net for the club, and Mesdames Murphy May, Harold Crites and Jack Shirley won golf balls on their scores.

The local club will be hosts to the West Texas Women's Golf Association Tournament, which will be held October 29-30.

Local Women Attend Lubbock Golf Meet

Thirteen women represented the Brownfield Country Club at the monthly meeting of the West Texas Women's Golf Association which was held at the Lubbock Country Club October 5.

Mrs. Fred Baldwin received low net for the club, and Mesdames Murphy May, Harold Crites and Jack Shirley won golf balls on their scores.

The local club will be hosts to the West Texas Women's Golf Association Tournament, which will be held October 29-30.

The West Ward Parent-Teachers Association held its first regular meeting of the 1949-1950 season Thursday, October 6.

Mrs. Charles Didway, president, presided. Mrs. Didway appointed a committee to solicit nominees for district officers and asked for volunteer delegates to the state convention which will be held at Waco November 16-18.

Byron Rucker, school principal, introduced the teachers. Miss Marjorie Moorhead's room won the dollar, given monthly to the room having the most parents present at the meeting.

Miss Moorhead, who is program chairman, introduced Glenna Jones, who presented a piano solo, and Patty Winn, who gave a vocal solo. Both girls are from Gomez.

Mrs. Frank Wier spoke on Founder's Day, looking back through the years to the beginning of parent-teachers associations. She pointed out that the organization was founded as a result of the realization that co-operation between school and parent is necessary to the welfare of the children. She urged that fathers be encouraged to attend PTA meetings. This was a timely suggestion, as the next meeting will be held

the night of November 3 for the benefit of fathers who wish to attend.

S. P. Cowan, superintendent of schools, explained several points of the Gilmer-Aiken school bill that are of great importance to the Brownfield school system. He stated that the present attendance must be raised if this school district derives full benefit from this new school measure.

Spiked tea and cookies were served by hostesses Mrs. Ted Hardy and Mrs. Johnny Haynes. Everyone who is interested in children and their education is urged to attend meetings, as the cooperation of all parents is vital to the progress of the schools.

Mr. and Mrs. W. T. Howze returned from Dallas after a visit in the home of their daughters, Earlene and Evelyn Jones.

Mr. and Mrs. Landon Hill and girls of Abilene visited Mr. and Mrs. J. T. Hoy Sunday.

Floyd Jones and family of Levelland visited his sister, Mrs. L. M. Rogers, and family Sunday.

Mrs. Brown Hostess To Guild Members

Mrs. W. B. Brown was hostess when members of the Presbyterian Guild met Monday at 2:30 p.m.

A study of the "Greatest Story Ever Told" was continued.

Those present were Mesdames Abel Pierce, Frank Wier, Moore, Buddy Teague, R. E. Klofanda, J. H. Dallas, John Lahourcade, John King, Charles Kersh, Lee Allen, Glen Akers and C. L. Buchanan.

ANNOUNCE MARRIAGE

Mr. and Mrs. Hugh Small of Lubbock announce the approaching marriage of their daughter, Jacqueline Suzann, to Edd Calvin McLeroy, son of Mr. and Mrs. E. C. McLeroy of Gomez, on Tuesday, October 18, on the Bride and Groom radio program in Los Angeles, California.

News From The Service Office

World War II veterans with service-connected disabilities were reminded by Veterans Administration today of an important deadline in connection with their entitlement to National Service Life insurance.

Prior to January 1, 1950, such disabilities actually incurred in service between October 8, 1940, and September 2, 1945, if less than total in degree, are disregarded in determining eligibility under

the health requirements for National Service Life insurance purposes.

This means that veterans who might not otherwise qualify for life insurance for health reasons may reinstate lapsed National Service Life insurance or buy new or additional insurance up to the \$10,000 maximum if they apply before the end of the year.

A physical examination is required, however, for all insurance applied for under this special provision. Such examinations are made by Veterans Administration without cost to the veteran.

GETTING UNDERWAY—The "Genepesca I" is launched in the Free Territory of Trieste shipyards, the first of six ocean-going fishing ships to be built with Marshall Plan help. An Italian fishing company will use it to fish in the waters off Newfoundland, the catch to be processed for Austrian and German markets.

SCARLET FEVER DISABLING, WARNS HEALTH OFFICER

AUSTIN, Tex. — Scarlet fever is one of the most disabling and dangerous diseases usually associated with childhood, although actually it is confined to no age limit, according to Dr. George W. Cox, state health officer. While only six cases were reported in the state during the week ending September 24, it brought the year's total to 911 cases.

Dr. Cox described scarlet fever as an acute infectious disease, the onset of which is sudden. The first symptoms including sore throat, vomiting, fever, and headache, may appear in three to five days after exposure. These are followed by the distinctive red rash which gives this disease its name, he said.

Complications may cause prolonged disability or death. Children suffering with scarlet fever may develop sinusitis and middle-ear infections which can lead to mastoiditis. As the germs spread through the child's system, the joints, kidneys, and heart may become involved, causing life-long invalidism or crippling.

"A child with any kind of a sore throat should be seen by the family physician promptly," Dr. Cox asserted. "If scarlet fever is present, the treatment recommended will do much to alleviate discomfort and reduce the possibility of serious complications."

FREE LIBRARY REALLY FREE

RICHMOND, Va. — (AP) — The Richmond free library is all its name denotes. All of its 3,500 volumes have been donated from persons in all parts of the country, many of them celebrities.

The "famous persons shelf" contains books given by such people as Mary Pickford, Connie Mack, Jack Benny and Gene Tunney. The "governors shelf" was stocked by the governors of 30 states.

More than 300 volumes were presented in memory of departed family members and friends. It was done mostly by Mrs. Ethel M. Culver. She wrote hundreds of letters asking for books and the books came. Residents of the town recently donated funds, materials and labor to remodel the library.

WANT TO BE FUNNY? DOFF DIGNITY, SAYS WYNN

HOLLYWOOD, (AP) — Comedian Ed Wynn prefers always to be called just plain "Ed."

To quote him: "No comedian can be mister. He immediately becomes too dignified and thereby stops being funny."

Dr. Cox stated that children under ten years of age are most susceptible, and that those persons who fail to contract scarlet fever until grown stand an excellent chance of never having the disease.

Atty. General Fears Federal Water Control

Attorney General Price Daniel today pledged the cooperation of his office on any water development project decided upon by West Texans but reiterated a warning that West Texas cities, farmers, ranchers and industries would have far more satisfactory management of their water projects under state and local agencies rather than the federal Bureau of Reclamation.

Daniel's statement was contained in a letter replying to D. A. Banteen, General Manager of the West Texas Chamber of Commerce, who had objected to a speech last week. Banteen has similar statement made by the Attorney General in a Fort Worth invited Secretary of Interior J.A. Krug to a water meeting in Fort Worth next month to outline plans for Federal Bureau of Reclamation development of water resources in West Texas areas.

Daniel said "After two years of fighting against Secretary of Interior Krug's attempt to deprive Texas schools of their 3,000,000 acres of tidelands, you can hardly blame me for worrying about the West Texas Chamber's invitation to Mr. Krug to take over development of water projects on our inland streams. I fear that he will claim the ownership and control of the impounded waters the same as the Department of Interior did

in the North Platte River case between Colorado, Wyoming and Nebraska. I fear that if you turn West Texas streams over to the Secretary of Interior for development the Attorney General of Texas some day will be having to defend the title of the people of Texas to their water beds, waters, and riparian rights the same as we are now forced to do on the coastal lands, and the same as other State Attorneys General are having to do on Federal reclamation projects on inland waters of their States."

Daniel said Federal control of West Texas watersheds "could be prevented if West Texas areas would organize and finance their own water districts in the same fashion as had been so successfully done by the Lower Colorado River Authority, the Central Colorado and the Upper Colorado River Authorities, the Lower Neches Valley, Brazos River, and

San Jacinto Districts. These State made loans from federal agencies, created agencies issued bonds and but they own and control them.

WD TRACTOR WITH TWO-CLUTCH POWER CONTROL

PTO Independent of tractor motion

1. Transmission clutch starts and stops the tractor, but permits uninterrupted operation of PTO, belt pulley and hydraulic system.
2. Engine clutch controls entire power line. Transmission clutch makes it possible to stop or reduce forward travel without affecting PTO speed. Every experienced farmer will understand the advantages of this system.

TWO-CLUTCH POWER CONTROL is a real advantage in the harvest seasons. Stop in and see us for full information.

Full two-plot power. Available with wide front axle.

17 new features include power-adjusted wheel treads, 5-way hydraulic system and easier steering.

Yokes and Production Don't Work Together

COLLEGE STATION, Oct. — One way for the farmer to get a good calf crop and fast-growing calves is to take the yokes off his cattle. That statement may not make sense at first, but a little explanation will show that it has a definite relationship to the kind and number of calves produced on the farm, says M. K. Thornton, extension agricultural chemist of Texas A&M college.

To Thornton, yokes on cattle show that the farmer isn't furnishing his cows with enough good forage to make them want to stay on their side of the fence.

When we drive along the highways at this time of the year, says Thornton, we see large numbers of cattle with yokes around their necks which indicates their restlessness in trying to get the quantity and quality of feed they need. Then as we drive on, we see contented cattle grazing on good pastures—the result of using the type

HERE'S THE PROOF—When Chamber of Commerce manager

Alton Hughes of Pecos, Tex., states that cotton grows tall in Reeves county, he has the proof

to back him up. The above picture is typical of the irrigated area of the county. (AP Photo)

of fertilizers that produce high quality grazing. This contrast, says Thornton, makes him believe that the best way to keep yoked cattle from tearing down fences is to provide them with the same kind of grazing that the contented cows are getting.

Getting rid of the yokes and furnishing cows with good winter grazing is a question of building pastures with fertilizer, he says. And this should not be considered an unnecessary expense; it is nothing but a profitable investment. From fertilized, well-developed winter pastures will come more calves that weigh more and are more alert and vigorous, he adds. At the same time, cows will produce more milk and stand up better under nursing.

Without this high quality forage the old cow will "miss a calf" now and then, and the calf she does produce will be small and will

grow slowly. Good winter forage will keep the cow's weight up, and she'll be ready to produce a good calf every year.

Now is the time, says Thornton, when stockmen should begin to fertilize pastures, if they are to provide their cattle with good green forage during the winter months. A sack of fertilizer applied on the pasture is a step toward a big crop of quality calves, and a better conditioned herd of breeding stock.

And Thornton concludes that eliminating yokes on cattle by pasture fertilization is eliminating yokes placed on the farmer by poor pastures.

Are You Interested In The Cotton Market?

COLLEGE STATION, Oct. — There is available to Texas cotton farmers four services from the United States department of agriculture that should help them sell their crop for the highest prices, says John L. McCollum, manager of the production and marketing administration's office in Dallas.

Issued every week end is a cotton market review that shows the demand, mill activity, movement, parity price and price of middling 15/16 inch in the principal southwest markets.

During the ginning season two other services also go out weekly, farmers cotton price quotations and a cottonseed review. The quotation sheet shows what the various grades and staple lengths are bringing at key Texas markets and help a farmer figure what his cotton is worth, either for the open market or for the government loan. The cottonseed review shows high, average and low grades of seed by principal producing counties and the price the farmers are being paid per ton.

Mailed every two weeks during the ginning season is a quality report which shows the percentages of cotton in each grade and staple lengths ginned in the various cotton districts of the state. It also shows whether cotton was

TAKE CARE OF YOURSELF

(You're Really Tough)

by Glen R. Shepherd, M.D.
Human bodies are really pretty tough. One kind of toughness is demonstrated by the fact that if a struck surface has some give to it, the head doing the striking will sometimes suffer surprisingly little injury.

But the other and most amazing kind of toughness is that which is built into the body. Hearts can suffer considerable chronic damage and still support life and allow some muscular movement by the sufferer. One lung can be lost and the other will maintain life very well. The spleen is not absolutely essential, and can be spared as is done in the surgical treatment of certain unusual anemias. Stomachs are surgically removed without endangering the ability to eat and enjoy life. Likewise, several feet of intestine can be removed with its former owner suffering no inconvenience.

We have two kidneys, only a part of one being necessary to maintain life. There are two adrenal glands, those curious top-hat shaped organs astride the kidneys, and yet one of them will supply ample secretion to maintain life. A part of the liver may be removed and the remainder, if healthy, can perform all the necessary functions.

Recent clinical work shows us that even damage to some parts of the brain may be overcome by patient and prolonged retraining to make another part of the brain take over the job of that which was lost.

Yes, we have quite a large built in structural safety factor — far larger in fact, than any engineer uses in the design of his bridges and buildings. And better still and unlike dead things, we can adapt ourselves to disease and injury.

Even in the chemistry of our bodies, we have many protective systems. There are complicated systems opposing each other which prevent our blood from becoming acid or alkaline (which would destroy life), but even that protection can be strained enough to cause sickness by taking too many teaspoonfuls of baking soda a day or by prolonged vomiting. Infection with quite a list of diseases will cause our built-in protective system to generate antibodies that will prevent our having another infection of that disease.

We can cut ourselves and the blood will clot through a very complicated and wonderful system. Likewise, bones will knit and muscles will grow together. Only the central nervous system will not regenerate itself.

One of the major jobs of modern medicine is to learn more about the protective mechanisms and the functions of the tiny cells of the body, their chemical makeup, and even such a mysterious and complicated thing as why a cell stops growing (for therein lies the secret of cancer). Medical research already has shown the complexity of makeup and function of the human body and how inherently tough we are. When the reasons are discovered for hardening of the arteries and many other changes which accompan-

reduced in grade because of rough preparation.

McCollum says they are yours for the asking and buyers, shippers, ginners and others who handle cotton are also eligible to receive them.

If you'd like to get these services, send your request to John L. McCollum, manager, Production and Marketing administration, USDA, 1104 South Ervay street, Dallas, Texas. They are sent to you without cost.

GROWS WEEDS WILLINGLY
HUNTINGTON, O.—(AP)—Dr. Fred A. Loew has a four-acre "weed patch" in which he grows 383 weeds and other wild plants for study. His weed patch is on the Huntington college campus where he is a director of one of the largest botanical gardens in the midwest.

KEEPS HIS HEAD IN ALL TOGETHER
TUSCOLA, Ill.—(AP)—Roy Jones, farmer of near here, lost his clothing in a combine accident but he didn't lose his head. After he was stripped naked, Jones put on his best smile and drove his tractor two miles to find additional clothing and medical care.

Methodist Mass Meet In Lubbock Oct. 20-21

Lubbock, (MNS) — One of 75 Methodist mass meetings across the nation on the "Advance for Christ and His Church" is scheduled to be held at First Methodist church October 20-21.

The Methodist "Advance" is a four-year program stressing the study of faith, improvement in the local church program and an extension of missionary aid. Total financial goal for the four years is \$50,000,000.

Women's work will be featured by Mrs. B. E. Wedemeyer, president of the WSCS, Waco, speaking on "Methodist Women and the Deepening of Christian Faith." Bishop Hazen G. Werner of Colum-

bus, O., will have for his subject "Our Christian Conception of the Worth of Man."

Dr. Warren Johnston, pastor of the First Methodist church in Fort Worth, will discuss the pastor's relation to the Advance.

Bishop R. S. Cushman, St. Paul, Minn., will conclude the meeting Friday noon with an address on "Our Faith in Christ."

VISITS DAUGHTER

W. H. Hight of Breckenridge, a former resident of Brownfield for 25 years, is here visiting his daughter, Viola Smith, for several days.

Another daughter, Mrs. Deris Rollings of Snyder, underwent surgery in Treadaway-Daniell Hospital Tuesday, and is reported to be doing well.

BERLIN'S GETTING A CHURCH—Funds for the New Church of Peace now under construction in the American sector of Berlin came mostly from the U. S. The church will have room for 400 persons. It is the first to be built in Berlin since the end of the war and belongs to the Berlin community of the "Free Evangelical Church."

Coffee Given For ESA Fall Rushees

Members of the Beta Theta chapter of Epsilon Sigma Alpha entertained their fall rushees at a breakfast at the Esquire restaurant at 9:30 a.m. Sunday, October 9.

A centerpiece of gladiolus decorated the table. Coffee and doughnuts were served to five rushees, Alma Ruth Kennedy, Mary Nell Duffey, Madeline Holder, Jo Jones and Frances Halley, and ten members, Evelyn Evans, Dorothy Gore, Margaret Goza, Pat Steen, Mary Ballard, Sue Jones, Bennie Wartes, Trucine George, Twilla Dorrough and Kanna Stephens.

Scientists Expected Russia To Get Bomb

LUBBOCK, Oct. — American scientists knew five years ago that Russia would probably develop an atomic bomb in 1949, a Texas Technological college physicist said today.

Paul Elliott, assistant professor of physics at Tech, worked with the "Manhattan project" at Oak Ridge, Tenn., from July, 1944, to September, 1946.

"We knew in 1944 that Soviet Russia would be able to split the atom within five years, but there is nothing to be alarmed about," he said.

Elliott said that atomic energy was never a secret. The only mystery concerned a method of separating the flow of gases in uranium. Scientists in every part of the globe have been working on the answer for decades, he added.

The Tech physicist said he does not believe the threat of World War III is imminent, but he believes the threat of atomic warfare makes necessary the creation of an international police force.

Elliott came to Texas Tech in 1946 immediately after his work at Oak Ridge ended.

WANTS NATIONAL ANTHEM

SAARBRÜCKEN, Germany, (AP) — Several months ago the Ministry of Culture of the Saar, now economically merged with France, invited proposals for a national anthem. Now the ministry found that none of the 537 drafts submitted was good. It urgently requested the poet, Johannes Kirchweg, to write one.

Donald Richberg, lawyer on labor relations, says that unless labor finds a better guidance than it has today from its "short-sighted, self-absorbed" leaders it is going to destroy itself and the American way of life. Well, what is the "American way?" Too many people can never see anything in our way of living except the big companies with thousands of men turning out the necessities of life. That is part of our way of life in America, all right. But there is another. It was illustrated last week when that woman, who could not speak our language, landed in the United States. She exclaimed in her native tongue, "Thank God I am in America." She did not know that there is such a place in the world where people are so kind and considerate of strangers, and where she could talk without fear of being reported to the police.—Yokum County Review.

WELCOME VISITORS TO BROWNFIELD'S THIRD HARVEST FESTIVAL AND MERCHANTS' JUBILEE WEDNESDAY, OCTOBER 19TH

Gee Gee's Chit Chat

Isn't it amazing what a few scraps of red, white and blue cloth can do toward giving Brownfield a festive air?

For those of you who heard postmaster James H. Dallas speak over KTFY Monday morning in behalf of the Brownfield Rotary club and its Harvest Festival, it might be interesting to know that he was such an inspiration to himself that he rushed back to his office and sold the whole post office gang the rest of his tickets.

Lynn Nelson submerged one of his Swiss waterproof watches in a jug of water Friday and put it in the window of his jewelry store and asked people to guess what time the watch would stop. J. B.

KOLONIAL KARD KLUB ENTERTAINED FRIDAY

Mrs. Mon Telford was hostess to the Kolonial Kard Klub Friday, October 7, at 3:30 P.M.

A salad plate and apple pie were served by Mesdames A. A. Sawyer, E. C. Davis, Ike Bailey, Looe Miller, Walter Hord, N. L. Mason, Jack Shirley and Money Price.

Mrs. Bailey won high and Mrs. Miller was second high. Mrs. Mason bingoed.

TOKIO HD MEETS WITH MRS. PERRY

Mrs. G. C. Perry was hostess to the Tokio Home Demonstration club when they met Wednesday, October 5.

Plans were discussed for the tour of all the clubs in Terry county.

New officers were elected for the coming year.

There were seven members and three visitors present. Refreshments were served.

The club meets again Oct. 19.

Mr. and Mrs. J. L. Cruce left Wednesday for their second home on Possum Kingdom lake, where they spend about half their time.

They report that fishing was better the last time they were down there, as the weather was cooler.

Beulah Page visited her parents, Mr. and Mrs. A. E. Page, in Jayton over the week end.

Worsham was the winner of a 17 jewel Swiss watch for guessing 2:19 a.m. The watch stopped at 4:26 a.m., after running 44 hours 26 minutes and 22 seconds.

The special class for handicapped children in the school are very grateful for a bed and mattress that was donated by the Jaycees. Following a request for a bed to be used by some of the children in the class, the Jaycees brought it up in their meeting Monday. Pat McMillan, secretary of the Jaycees, donated the equipment to the Jaycees, who in turn gave it to the class.

Imagine Paul Campbell's surprise when a freight truck delivered a box to Cobb's Department Store and the box began emitting howls and growls. Since the box obviously didn't contain any wearing apparel, we understand that Paul finally sold the freight to a local civic club.

By the time you read this, the Harvest Queen race will probably be at the white heat point, with everybody sailing around trying to sell everybody else tickets. So, if you haven't bought yours yet, if you chance to be in town, you will get accosted.

See you Wednesday!

Ronnie Wall Honored

Mrs. R. B. Wall entertained her son, Ronnie, on his third birthday with a party at 4:30 p.m. Monday.

Ice cream and cake were served and favors of little trucks were given to Jean Kendrick, Sherry Miller, Sherry and Ralph Hicks, Rickie Marchbanks, Pat Swain, Stephanie Stinnett, Linda Taylor, Sanday Hankins, Horace Burnett, Susie Nelson and Mike and Ronnie Wall.

Mr. and Mrs. Loyd Niling and Mr. and Mrs. James Phillips and little daughter, Gail, of Tahoka, were visitors in the Jack Stricklin home Sunday. Mrs. Niling and Mr. Phillips, brother and sister, are cousins of Mrs. Stricklin. Mr. Phillips is with the soil conservation service of Lynn county. The Nilings are moving to Grandview soon, where he has purchased a 20 acre farm just outside the city limits. He will also open an implement repair shop there.

FOR AFTER FIVE—New York labels this simple wool jersey cocktail dress as perfect for today's young career girl. Sparkling beads brighten up the trim Peter Pan collar and the sleeves are the three-quarter length so stylish this fall.

Notice of Change in Billing Procedure

To keep pace with the rapid growth of the area, West Texas Gas Company has installed the newest, modern IBM (International Business Machines) accounting and billing machines.

The installation of this system has made it necessary to change the mailing date of many gas service bills. The mailing date of your bill may be one of those changed. You may receive your gas service bill either earlier or later than usual.

This in no way effect the amount you pay. The due date on the bill is ten days from the date rendered.

We will appreciate your cooperation in making this change possible.

Stricklinly Speaking

By Old He

Hadn't more than gotten the article written last week to give the old as well as the new address when having their mailing address changed, than here came a letter from a reader telling us to change his paper from Welch to Lamesa. Yep, you guessed it. He failed to sign his name. Well, since we have a number of readers at Welch, we couldn't do anything. We are not even good guessers.

It seems to us that the big radio commentators and syndicated columnists were the ones most jittery over the announcement that Russia had an atomic explosion, given the press by President Truman. Now, really, did anyone expect the big secret to remain American always? So what? Hitler had poison gas during the last war. So did the allies, but neither side ever used it that we know of. And since poison gas as well as the atomic is a game two or more can play at, there is some doubt that it will ever be used. We don't say too much, as so far we are the only nation that ever used the A-bomb. And Japan admits that they were already on their knees when the two were dropped on that nation.

Most military advisers suggest that the USA and other democratic nations keep a good stockpile of the bombs, just in case. On the other hand, the real scientists and peace loving people hope that a lot of energy will be expended in developing atomic energy, which most believe will cheapen power and fuel. In other words, why not some effort toward turning this dangerous discovery to something useful to mankind instead of the destruction of humans.

On the safety side of the ledger, we grab off this one from some source:

"One day a motorist named Snyder, who imbibed too freely of cider, was en route to St. Paul. When he crashed a stone wall, and his car is now shorter and wider."

Speaking of nocturnal sounds, Editor Buford Davenport of the Abernathy Review aptly states that when one dog starts barking, other dogs feel obliged to give out answering yowls. In other words, all the pups in block one are answered by the canines in block two, and on and on throughout the burg. And it seems that each wants the last bark, and we are

Gov. Allen Shivers of Texas (far left) and Frank Grandstaff, Tennessee convict-composer, are shown above as they autographed articles at Big Spring recent-

ly. Grandstaff, serving a life term as an habitual criminal, was given a furlough to attend Big Spring's centennial celebration. He wrote a cantata, "Big

Spring" on his prison cell wall, later transferred it to paper and it was sung as a feature of the celebration. Other persons in the picture are unidentified. (AP Photo)

Methodist Mass Meet At Lubbock Oct 20-21

Methodists representing nearly every community in the Northwest Texas conference will attend an "Advance" mass meeting at the First Methodist church in Lubbock, Texas, on Oct. 20-21. Bishop William C. Martin, resident bishop of the Dallas area and national chairman of Methodism's four-year program, Advance for Christ and His Church, will direct the meeting.

"Our Faith" will be the central theme of the meeting which features addresses by Bishop Ralph S. Cushman, resident bishop of the St. Paul area, Bishop Hazen C. Werner, Columbus, Ohio, resident bishop of the Ohio area, and Bishop Martin. Bishop Cushman will speak on "Our Faith in Christ" and Bishop Werner on "Our Christian Conception of the Worth of Man."

Other speakers include Dr. E. M. Duvall, secretary of the Na-

tional Conference on Family Relations, and Dr. Warren Johnston, pastor, First Methodist church, Ft. Worth, Texas.

A series of eight "Faith Booklets" to be studied simultaneously by the church's eight and a half million members, will be officially introduced at the meeting, which will also include opportunity for group discussions and a youth meeting in the evening.

The Advance program represents Methodism's positive thrust at secularism and indifference and has the purpose of a deeper under-

TECH PURE-BRED HERD INCREASING

LUBBOCK, Oct. — The purebred registered Holstein-Friesian dairy herd at Texas Technological college now has 22 classified animals following an official inspection authorized by the Holstein-Friesian Association of America. W. A. Weeks, official inspector from North Clarendon, Vt., made the classification.

standing of the basic elements of the Christian faith.

not underhandedly handing this job at the ladies.

Our grandson's dog, Bill, who makes out with two homes, on Riperto and Broadway, will surge out to the alley and yap like a bear or panther was charging. Then he whips up a big line to plunge toward our back door, like the old bad boy was at his heels. This is a signal for us to open the back door, into which he rushes, and is coiled up and asleep in two shakes of a sheep's

tail. The "booger" is either forgotten or forgiven. But we let him charge and retreat, bark and growl Sunday night until he decided to go to home No. 1. But he like to have worn us out first.

It is related that a pullman conductor was raving and wondering what could have become of the ladder used by the upper berth customers, when a timid lady whispered: "You can use mine, if you like. I won't need it until morning."

Speaking of the ladies, it wasn't the writer, but another guy who remarked that a woman was a person that would buy anything she figured the store was losing money on.

The dailies tell us that there was a twister at Brownfield, or a mile east rather, and that the REA line servicing Tahoka and Post as well as other communities was blown down, cutting power at these places for some 20 minutes.

Apparently the high wind also cut the municipal line here in town, as the "juice" was off for more than an hour in some sections of town. But that is no REA line to Tahoka and Post. It is a branch of the powerful Southwestern Public Service Co. line off the main Denver City generating plant to Lubbock. REA lines are mostly purely local.

SOCIAL SECURITY MAN COMING OCTOBER 20

You won't "use up" your federal old-age and survivors insurance benefits by drawing them as soon as you are qualified. The benefits are payable for life, but remember, you must file a claim. So get in touch with the Social Security Administration—whether you are 65 and retired, or whether you are the next of kin of a deceased member of your family who has been paying social security premiums through payroll deductions.

A representative of the Lubbock social security office will be in Brownfield at the postoffice at 9:00 a.m. on October 20. If it is not convenient to meet this representative when he visits Brownfield, contact the Social Security Administration, 1311 Texas Ave., Lubbock.

DOCTOR HAS PLENTY WORK

FAYETTEVILLE, Ark. — (P)—Robert A. Leflar is a busy man. He's: 1. Dean of the University of Arkansas law school; 2. President of the Southwest Athletic conference; 3. Associate justice of the Arkansas supreme court.

Leflar recently was appointed to fill a vacancy on the high court bench. If you are at a loss on how to address him, call him "doctor." He has a D.J.S. degree from Harvard.

SPREADING UNITED STATES SCHOOLS IRK MOSCOW

MOSCOW—(P)—The Teachers Gazette has accused the United States of a "pedagogical expansion."

This kind of expansion, the paper said, is manifested above all in the systematic spreading of American schools and higher educational establishments in South America, Africa, Asia and Europe.

"These educational establishments," said the paper, "are converted into outposts of American 'democracy,' and active executors of American ideology and American policy."

PIN-UP CAMPAIGN

CHAMPAIGN, Ill. — (P)—The Junior Chamber of Commerce of Champaign-Urbana has its safety campaign all pinned up. Clerks in local stores are wearing safety pins to encourage residents to take care.

THRESHERS MAKE A HOBBY

TOLEDA, O.—(P)—Old steam engines and threshers are the hobbies of members of the National Threshers association. Every year, several hundreds of these hobbyists gather at the farm of LeRoy W. Blaker, president and founder, near Alyrdon, to show off their models and engines, compare catalogs and books, and swap yarns. This has been going on since 1945.

Behind The Scenes In American Business

by Reynolds Knight
NEW YORK, Oct. 3.—For the past 20 years, or ever since the rise of the airplane, the truck and the automobile as mass transportation agencies, the country has been groping for a new national transportation policy. We may finally hit upon one next year, for President Truman has set December 1 as the deadline for a report from the department of commerce on a study it is

making of the whole problem. Even though transport and government leaders have been clamoring for a sound national transportation policy for years, the president's directive is the first action taken on the problem at top level. The need for a policy is obvious if you consider that interstate commerce commission regulations, which once governed transportation when transportation meant the nation's only volume carrier—the railroads—no longer exists as a central agency. Only partially does it regulate the trucking industry; a different

LOOKING THINGS OVER—President Carlos Prio Socarras of Cuba gets into a jeep driven by his recently appointed chief of staff, Gen. Ruperto Cabrera, to inspect the grounds of the Cuban Military Academy at Managua.

agency controls the air.

Since transportation affects the nation's economic well-being as a whole and the federal government alone spends nearly a billion and a half dollars a year for aid to roads, airports and navigation, final solution must come from Washington. There, today, a hodge-podge of agencies deal with the subject piecemeal, each sector of transport having its own set of rules, watchdogs and champions, with none concerned about the general welfare. For one thing the railroads are tottering under billion-a-year taxes and airtight regulation, while the air, highway and water systems are heavily subsidized. A national policy in the public interest alone could give the country a lot more for its transport dollar, by having each form of transportation serving most where it performs most efficiently—the air for speed, the rails for long hauls and trucks for short hauls.

STIRRINGS — Action on one phase of the transportation mess is bubbling right now as aroused public opinion speaks up and governors and highway officials take notice. The problem is our rapidly deteriorating highways, and it is aggravated by steeper maintenance and construction costs. The problem was born during the war years when regulations on overloading were suspended; it was nurtured by the 3,000,000 increase in the country's truck population in ten years, and it has grown to giant size because large segments of the trucking industry found that overloading was so profitable that they could afford to flout the law and pay occasional fines.

ACCIDENTS TAKE TOLL OF PRODUCTIVE YEARS
CHICAGO—Are accidents now the leading cause of death in America?

In a sense—yes. That is the statement made in the 1949 edition of "Accident Facts," statistical yearbook of the National Safety Council.

Accidents take a greater toll of productive years than any one natural cause of death, according to a study by the American Medical Association.

More actual deaths still are caused by heart disease, cancer and cerebral hemorrhage. But the report points out that such deaths usually befall older persons after their working lifetimes are ended.

In the usual working age span of 20 to 65, accidents claimed 1,750,000 work years; heart disease, 1,690,000; pneumonia, 1,110,000, and cancer, 1,040,000.

GI ENROLLMENT IN U-T TAKES BIG LOSS
AUSTIN, Texas, Oct.—Veterans make up less than half the total University of Texas enrollment this fall, Registrar H. Y. McCown reports.

The net total University registration at the close of the registration period was 15,371, a decrease of 1,463 since last September and nearly 2,000 less than the peak enrollment of 17,343 in September of 1947.

Since V-J Day, 16,144 World War II participants have registered here. The peak came in the 1946-47 fall semester when 10,835 ex-GI's, two-thirds of the student body, were in school. This fall veterans number 6,701 or 43.6 per cent.

Of the 15,371 students registered this fall, 11,528 are men and 3,843 are women.

NTS COLLEGE GETS MOLECULAR STILL
DENTON, Tex., Oct.—A molecular still, believed to be the only one of its kind in a Texas school, will soon be a prize possession of the chemistry department at North Texas State College.

The new instrument will make possible distillation of materials that can not be distilled by ordinary processes. Only one commercial laboratory in Texas has a similar instrument, Dr. Price Truitt, NT chemistry professor, stated.

Study of Vitamin A and other materials will be opened to NTSC chemistry majors by the addition of the still.

WORK STARTS ON WINGS TO BUILDING
LUBBOCK, Oct.—Excavation work on one of the two basements for the Administration building additions at Texas Technological college has begun following formal ground-breaking ceremonies held on the Tech campus.

Pres. D. M. Wiggins turned over the first shovel-full of dirt on the \$498,450 project. The two three-story wings to the main building are scheduled for occupancy during the fall term of the 1950-51 academic year.

RAIL SHIPMENTS OF POULTRY AND EGGS
AUSTIN, Texas, Oct.—Rail shipments of eggs from Texas stations amounted to 56 carloads in August, declining from 110 in July and from 136 in August of 1948, the University of Texas Bureau of Business Research reports.

Interstate receipts of eggs at Texas stations numbered 13 in August, 5 in July, and 15 in August, 1948.

SALES SLIP
DURANGO, Colo.—(AP)—Every time Vernon Bodo makes a dollar sale at his sporting goods store, he collects the sales tax with the comment, "and two cents for the governor."
After he had sold some merchandise to a tall, lean man, Bodo said: "That's \$5 and 10 cents for the gov---er, 10 cents for sales tax."
Just in time he'd recognized the tall customer as Colorado's Gov. Lee Knous.

Tetanus A Very Serious Disease

AUSTIN, Tex. — Lockjaw, or tetanus, is a very serious disease caused by a tiny germ that looks like a stick with a ball on one end—something like a microscopic lollipop, says Dr. Geo. W. Cox, State Health Officer. This ball is called a spore and it is the seed of the germ. Lockjaw germs are found in the soil, especially in manured soil of the barnyard or garden; in blank cartridges; etc.—in fact, just about everywhere. These germs grow best in wounds where there is considerable tissue destruction and in which chips of glass, wood splinters, or grains of dirt have been embedded.

Every accident seen by the physician must be considered from the lockjaw angle; and whenever there is any question, tetanus antitoxin should be given, for it is the antitoxin that has helped to keep the incidence of lockjaw at its lowest level. Your physician will advise you as to its use. Its disadvantages are that it gives only temporary protection; it does not get rid of the lockjaw germs

in the wounds; and it does sometimes cause hives and other disagreeable symptoms for a few days, particularly if the subject has had previous injections. If lockjaw should develop, it requires much antitoxin and entails great expense; and even then not all cases can be saved.

It is not possible to free the environment of lockjaw germs, but now there is a method of active immunization. The subject becomes his own manufacturing establishment for antitoxin to combat lockjaw poison.

One nice feature about the treatment is that it can be combined with diphtheria and whooping cough prophylaxis. The concurrent immunization is, preferably, carried out in infancy. If a child already has his diphtheria toxoid and whooping cough vaccine injections, he can take the lockjaw injection alone; and they can be given at any time with very little discomfort.

3 blocks West Copeland Sta. Phone 900F3

TERRY COUNTY HERALD, FRIDAY, OCT. 14, 1949

COLOR VIDEO RESEARCH IS LONG PROCESS
NEW YORK—(AP)—Color television has been in the process of research for two decades.

The first demonstration on record was conducted by the Bell Telephone laboratories in 1929, using crude laboratory equipment operating mechanically. The scanning was done with discs and color filters.

FARM ACCIDENTS HIGH
DAVIS, Calif. — (AP)—Farmers in western states have a higher accident rate than those in the east, says Ralph Parks, agricultural engineer on the Davis campus of the University of California. The western farm accident rate is 40 a year for every 1,000 farm people, he estimates. Falls cause the greatest number of accidents on farms, he says.

Come Look at All Three with Dynaflo Drive

ONLY one make of car in all the land can give you the sweet 'n' easy luxury of Dynaflo Drive—and that's Buick.

But look how much territory that takes in—how many different-sized budgets can now afford the only drive with neither a clutch pedal nor gears that shift.

You can have Dynaflo as optional equipment on the tidy, sparkling new Buick SPECIAL, with its traffic-handly size, stepped-up roominess, and bold new front-end treatment.

You can have it, again as optional equipment, on the neat and nimble SUPER, with its sleek lines, 110 or 120 horsepower Fireball power plant, and triple Ventiports.

And of course Dynaflo is standard equipment on that best buy among fine cars, the magnificent ROADMASTER. There it combines, with matchless ride, the stirring lift of 150 Fireball horsepower and truly regal size and bearing.

So look at the SPECIAL, the SUPER and ROADMASTER, three Buicks that match almost any price range you have in mind—and remember that all of them offer the added enjoyment of Dynaflo Drive.

On every one it is the same silky, sweet-handling delight. On every one it cuts driving effort to the minimum, takes tension out of traffic, brings you to the end of day-long drives with surprising freshness and relaxation.

Sooner or later we predict that you'll join the army of car owners who wouldn't think of passing up what Dynaflo has to offer.

Why be among the late-comers? Your Buick dealer will be tickled to show you how quickly and how easily you can have Dynaflo to enjoy—right now!

BUICK alone has all these features

Silk-smooth DYNAFLOW DRIVE • FULL-VIEW VISION from enlarged glass area • SWING-EASY DOORS and easy access • "LIVING SPACE" INTERIORS with Deep-Cradle cushions • Buoyant-riding QUADRIFLEX COIL SPRING • Lively FIREBALL STRAIGHT-EIGHT POWER with SELF-SETTING VALVE LIFTERS (Dynaflo Models) plus HI-POISED ENGINE MOUNTINGS • Low-pressure tires on SAFETY-RIDE RIMS • Double-Duty VENTIPORTS • DUREX BEARINGS, main and connecting rods • BODY BY FISHER

MORE CLEARLY THAN EVER

"Buick's the Buy"

When better automobiles are built BUICK will build them

TUDOR SALES COMPANY
622 West Main St. Brownfield, Texas

Here's HOW Your FESTIVAL DOLLARS Accomplish So Much!

\$7500.00 on Brownfield's School Band

Our Band is classed as one of the outstanding bands in West Texas. The Brownfield Rotary Club has donated \$7500.00 to this project for new uniforms, band instruments, band instrument repairs, sheet music and miscellaneous expenses. Our bands have grown from approximately 35 to 135 members. The senior band now has 75 members and the junior band 60. They have won several high awards in contests the last year. The band is under the direction of Richard Young, to whom much credit is due.

**\$2500.00 Donated on
Cub Football Stadium**

What a great improvement at the Cubs Football Stadium. The Rotarians donated \$2500.00 toward this big project. This included the rebuilding and resodding of the football field, general work on the parking area, new fences, the purchase and installation of the new steel section, which seats 2100 people, and the painting of the structure. The bleachers now have a seating capacity of 4500. The Rotarians have agreed if the Harvest Festival is a success this year to donate \$2500.00 more for this project.

\$3200.00 on Rotary School Bus Last Year

What a fine project this is. A school bus paid all the way by the Brownfield Rotary Club. The initial cost of the bus was \$1000.00 plus \$1000.00 on maintenance and repair bills plus \$1200.00 for a bus driver. This is the expense for last year's operation. The expense so far this year is approximately \$800.00 for repairs and a complete overhaul job on the bus, plus the salary for the bus driver of \$1200.00. This bus operates in the city limits, making 8 rounds daily, and handles approximately 350 school children a day.

\$3000.00 on Boy Scouts Hut

Boy Scouts Hut is located on the Legion Site at the intersection of the Seagraves Hiway near the American Legion building. \$3000.00 has been donated by the Rotarians for this project which accommodates the Boy Scouts as a meeting place. Their membership now numbers in the sixties. Ralph Bailey is Scout Master for this Rotarian sponsored group of boys.

**\$500.00 Donated to
Seleta Jane Brownfield Club House**

The Rotarians have donated \$500.00 to the clubs of Brownfield for the Seleta Jane Brownfield Club House. This nice club building is located at the corner of South Club and East Broadway street and has a membership of approximately 50 members.

\$2200.00 on Girl Scouts Little House

Another worthy cause. The Girl Scouts Little House. This project furnishes your school children a permanent meeting place and at the same time a training center. There are approximately 200 members in this fine organization at the present time. The Girl Scouts Little House is located on the left as you enter the Coleman Park.

Here it is folks... All in a nutshell. What the Brownfield Rotary Club does with the money they derive from the Harvest Festival each year.

When asked to buy a ticket, don't refuse. Remember this is helping you and yours in a direct or indirect way. Every dollar they make goes to help make and build a better Brownfield.

Vote... Help Your Favorite Win!
