## Former Physician Passes To His Reward

One of the most loved and respected physicians, Brownfield ever had, Dr. John R. Turner passed on at Rosenberg, Texas, last Friday about 3 p. m. Dr. Turner had a serious heart ailment, and while on his farm in the Pleasant Valley community last fall and winter, was ordered to bed for several months by his doctor. He was 60 the 14th of last July.

Dr. Turner came here from Ruston, La., about 1934, taking the place of the late and lamented Dr. George W. Graves. He practiced here a number of years, but decided perhaps the Uvalde country would be better for him. He later moved to Midland and year before last had charge of a county medical center in North Carolina.

At that time he quit the practice of medicine, although keeping up on studies, and moved to his farm 8 miles northeast of town. After keeping his bed several months, he was offered the county health unit of Fort Bend county, and although Richmond is the county seat, Rosenberg is the larger town, and the unit is located there, he moved there early this year.

The body was shipped to his old home at Villa Rica, Ga., for burial. He leaves a wife and several children by his first wife. Only one of them is very well known here, John Jr., who spent some time here several years ago, and was in the implement business at Ruston, La.

Heart ailment has now carried three of our former physicians to their graves, the late Dr. T. L. Treadaway, Sr., Dr. Graves and Dr. Turner.

### CONDITION OF BILLY HAMILTON IMPROVED

The condition of Billy Hamilton, 19, son of Mr. and Mrs. L. E. Hamilton, who was severely burned in a gas explosion early Saturday, is much improved and he was released from Treadaway-Daniell hospital this week, it has been learned.

Young Hamilton received serious face burns when the gas pipe near a drilling rig on which he was working west of Sundown Saturday exploded. He was brought to the local hospital, where he has been receiving treatment.

He is employed with Permian Drilling company.

## '50 City Census To Exceed Six Thousand

George O'Neal, crew leader for the 1950 Terry county census, said Thursday morning that the census for the county is now complete, but that there are no official figures yet.

He did say, however, that the city census will go over 6,000, and that the county will go over 13,000.

A complete story on the county census will be released as soon as possible, O'Neal said.

## Man Returned Here On Burglary Count

Deputy Sheriff Cliff Jones went to Seminole Wednesday to take into custody Riley Smith who was being held there.

Smith, along with Billy Berry, also of Seminole, was indicted by the grand jury at their last session for the burglary of Broadway Cleaners here several months ago. They are being held in the county jail pending their trials for the burglary.

Sheriff Ocie Murry reports very little activity for the department this week, with the exception of the apprehension Saturday of four "bootleggers" in Brownfield.

## Committees Working On Coming JC Rodeo

Plans are being shaped up for the third annual Junior Chamber of Commerce rodeo to be held here June 22-24, according to Conrad Vernon, president of the Jaycees.

Vernon said that the committees are working and that the Jaycees hope to make this year's rodeo the best Brownfield has ever had.

Frank Szydlowski is general chairman of the rodeo. Other committee chairmen are J. E. (Buddy) Gillham, advertising; Ted Hardy, concessions; Clarence Lackey, entrants; and Clyde Truly, tickets.

Advance ticket sales for both reserved seats and general admission will begin Monday, May 22.

The Terry County Sheriff's Posse has charge of organization of the rodeo parade. Money Price is parade marshal, and George Wade is head of the floats division of the parade. At least six Sheriff's Posse from West Texas and New Mexico have accepted invitations to participate.

Buck Steiner of Austin will furnish the stock for this year's rodeo. Vernon said that some of the outstanding features of the performances will be a "genuine" bull fighter, rodeo clown, and several other outstanding entertainers.

### BANKS TOP DEC. STATEMENTS

## DEPOSITS AND RESOURCES MORE, BUT THE LOANS ARE MUCH LESS

One of the strangest things in the history of the banks here, either when we had one or two, shows up in the April 24th statement. Not in the many years since the county has been a farming section, that we remember, did the assets and the deposits for late spring exceed those of mid-winter. But they are both ahead this year. Likely the June 30th statement, if one, or the September 30th statements will tell another tale.

There may be several reasons for higher deposits and assets on the present than on the Dec. 31 call. First, the farmers had a long way to go on gathering both grain and cotton at the close of the past year. Second, the reason for the low loans at this time, is that farmers particularly have paid their 1949 loans, some of which were still running Dec. 31. Thirdly, the continued dry weather may have discouraged the farmers, who have to seek loans, to make one, and the bankers somewhat reluctant to make them.

But here are the comparisons. You will note very little difference in assets and deposits, but a whole of a lot in the loans: Assets Apr. 24 ---- \$14,420,345.96 Assets Dec. 31 ---- 14,341,818.76 Deposits Apr. 24 ---- 13,730,700.04 Deposits Dec. 31 ---- 13,729,089.85

## Services Held For Mrs. G. C. Perry

Funeral services were conducted Sunday, May 7, at 2:30 p. m. in the First Christian church for Mrs. Ethylene Lucille Perry, 53, who died Saturday in Treadaway-Daniell hospital. W. J. Spreen, minister of the church, officiated.

A resident of Terry county for 20 years, Mrs. Perry had been ill for 22 days. She died shortly before she was to have been taken to a Temple hospital. Mrs. Perry was a native of Lipan.

Survivors include her husband, Grover C. Perry of Tokio; one daughter, Mrs. Monah King of Abilene; three sons, Max Perry of Midland and Roach and Van Perry, both of Brownfield; four sisters, Mrs. Annie Sason of Miami, Texas, Mrs. Bessie Ball of Mineral Wells, Mrs. Lorene Aitkin of Beverly Hills, Calif.; and Mrs. Myrtle Allen of Lockney; and two brothers, W. J. Roach of Seminole, Okla., and C. J. Roach of Lockney.

## Terry ARC Disaster Committee to Meet

Wayland (Monk) Parker, chairman, has announced that there will be a meeting of all members of the Disaster committee of the Terry County chapter, American Red Cross, in the grand jury room on the second floor of the court house at 7:30 p. m. Tuesday, May 16.

All members are urged to attend and receive their instructions, as well as their handbooks at Tuesday night's meeting.

Parker's assistant chairmen are Lewis Simmonds and H. M. Pyeatt.

Other than Parker, Simmonds and Pyeatt, the general disaster organization is composed of Chick Lee, chairman of survey committee; Dr. A. H. Daniell, medical aid; Will Fitzgerald, shelter; J. C. Criswell, transportation; Lewis Simmonds, public information and communication; Mon Telford, rescue; Dr. T. H. McIlroy, food and clothing; Mrs. Sam Pruitt, registration; Ned Self, central purchasing.

All the above named committee chairmen and their committee members are urged to be present Tuesday night.

Loans Apr. 24 ---- 3,138,889.32 Loans Dec. 31 ---- 7,782,605.92

The cash and quick assets of the current call is \$11,038,893.00, which is also way above that of the December 31, 1949 call, in view of the fact that loans are so much off from that period.

Anyway, our banks are in flourishing condition, and when that long looked for rain arrives, and the farmers need additional funds, our banks are in shape to care for them. And the rain will arrive.

## District FFA Held Meeting Here May 4

The Brownfield chapter of Future Farmers of America were hosts when the district meeting was held here May 4 at the high school.

Jerry King, president elect of the Brownfield chapter, was selected area officer nominee, and Weldon Mason of Meadow was selected state officer nominee.

Record books of the Tahoka, Meadow, Wellman, Plains, New Home, Wilson, O'Donnell, Post and Brownfield chapters of FFA were checked at the meeting.

The following committees were named, with chairmen being named first: Supervised Farming, Charles Bartley, Edwin Garrett, Byron Wise; Leadership, Jerry King, Richard Ridgeway, Glen Reid; Cooperation, Jerrel Rowden, Claude Cybert, Marcelle Rose; Scholarship, John Burrows, Royce Kelly, J. D. Moore; Conduct of Meetings, Glenn Paden, George Whitworth, Phil Young; Earnings and Savings, Sidney Allen, Billy Dumas, Lanny Webb; Community Service, Chester Albert, Adron Hinson, Donald Huckabee; Recreation, Dennis Beadles, Clancy Martin, Ray Latham; General, Orville Miller, Joe Moore; Concession Stand, Jerrel Rowden, manager, and Charles Bartley and Orville Miller, assistant managers.

## 4th Army Colonel Holds Inspection

Colonel T. S. Brand of the Inspector General's Office, Headquarters, Fourth Army at Fort Sam Houston, Texas, held a federal recognition inspection of the local National Guard unit Thursday.

The inspection was held preparatory to the placing in Brownfield of Assault Gun Company, 2nd Battalion, 112th Armored Cavalry, Texas National Guard, according to Sam Pruitt, commander.

Accompanying Col. Brand here was 1st Lt. W. L. Barker, also with the 4th Army, who was pilot of the plane in which they came to Brownfield.

## PLAINS ORGANIZED FIRE DEPARTMENT

A volunteer fire department was organized at Plains in a meeting held there recently.

Otto Baker was elected president of the department. Other officers elected were Clyde Hartwick, vice president; Walter Smith, secretary-treasurer; and Roger Curry, reporter.

H. A. Cotton of Denver City was appointed to direct the organization.

PARTICIPATED IN PARADE

Members of the Terry County Sheriff's Posse, complete with chuck wagon, participated in the annual rodeo parade which launched Odessa's three day rodeo yesterday (Thursday).

The Odessa rodeo will continue through this week end.

## Downpour Covers So. Plains Generally

Breaking a drought of seven months, Terry county was cooled off and wet down Wednesday.

The United States rain gauge located at the rear of the Herald office recorded 1.12 inches just before we went to press.

Some hail accompanied Wednesday's rain in Brownfield, but was of short duration, and no damage was reported.

Wednesday's rain almost doubled the total rainfall recorded here for the past six and one half months, which was .63 inches.

Rain in some sections of the county was light, with the heaviest moisture falling around Gomez. Meadow reported 1.10 inches, and good showers were reported east of Brownfield. Light showers fell north of Needmore and at Wellman and Tokio, but none were reported west of Tokio.

From .50 to .81 inches were recorded at the Experimental station 11 miles west of Brownfield, late Wednesday afternoon by Hugh Porterfield, station superintendent.

Crop prospects for the county soared, and farmers who received rain this week will be able to begin planting as soon as the ground is dry enough.

Rain was reported generally all over the South Plains. Heavy downpours were reported at Crosbyton, Dickens, Big Spring, Slaton, Wilson, Post and O'Donnell.

Although no tornadoes were reported, 75 mile-an-hour winds at Lamesa ripped off roofs, broke off tree limbs, and knocked out windows.

The dark clouds that brought the rains from the west, at about noon Wednesday, poured heavy rains over some sections of the country, with more than two inches recorded in some places. No rain, or only showers, were recorded in Bailey, Cochran, Yorkum, Lamb, Hale and Floyd counties Wednesday, however.

## Meadow Teams Win Softball Tourney

Meadow A and B softball teams were named champions of the tournament held Friday and Saturday of last week when members of the Terry County Junior Deputy Sheriff's Posse met at Coleman Park for a two day outing.

Runners up were teams from Brownfield. Other teams participating were from Wellman.

Between 100 and 110 members attended the outing according to Sheriff Ocie Murry, sponsor of the clubs. Clyde Bond Jr., assisted with activities during the outing.

Murry said that this will be the last joint meeting of the groups for the time being.

## Wellman Graduation Exercises Tonight

Commencement exercises for the Wellman high school graduating class will be held at 8 p. m. Friday (tonight) in the high school auditorium.

Dr. E. N. Jones, vice president of Texas Tech in Lubbock, will deliver the commencement address. Marjorie Scales is valedictorian of the class and Juanda Crews is salutatorian.

Baccalaureate services were held Sunday, May 7. Dr. J. O. Haymes of Lubbock, district superintendent of the Northwest Texas Methodist conference, delivered the sermon.

Other members of the graduating class besides Miss Scales and Miss Crews, are Raymond Adcock, Ray Ballard, Alvis Bentley, Jeannie Berry, Terrell Bowlin, Velma Bruce, Billy Gene Cason, Jo Marie Crowder, Troy Crowder, Freddie Downing, Linnie Dee Hawkins, Juanice McBeth, Jimmie Sue Putty, Bobby Ray Roberts and Billy Smith.

Any erroneous reflection upon the standing of any individual, business or corporation will be gladly corrected if brought to the attention of the publishers.

We are doing just a bit of editorializing this week before we leave on our jaunt across the mighty Mississippi. They are not worth much to the readers or the community, but they fill space nicely, and makes it look offhand like a newspaper. A newspaper without editorials or a column just lacks something to our notion. However, next week, we suppose the Jr. Editor will have either write a few or let our fine exchanges do his writing, by borrowing a few of their editorials.

Some smart fellow has figured out it is that Mom is so superior to Dad in looking for bargains, or trying to "jew" the merchants, to express it the old way. In the first place, the breadwinner of the family has rubbed shoulders with the business world enough to know that the business man has to show a profit in his sales, or he goes out of business. Most women, on the other hand, it is said, show little concern whether or not a business shows a profit, or even has a right to a profit. This difference in ideas seem to start way back in the boyhood and girlhood period of their lives. Recently a quiz on the matter of a reasonable profit was put to a group of boys and girls. On the idea that a 10 percent profit was enough, only 22.4 of the boys agreed, whereas 40 percent of the girls thought that amount was sufficient. What was more astonishing to the quizzers was the ignorance of high school boys and girls on business profits. Actually, they are much less than 10 percent; the average profit is only 6.6 percent.

The Council of State Chambers of Commerce have been delving of late about the trends of Federal spending. They have come up with the astonishing estimate that if the present trend goes on, by 1960, we shall be spending the huge sum of 70 billion dollars yearly. Actually the people are quite a bit responsible for this trend. Every time they think they need something for the town or community they write their congressmen, putting the pressure on him, or more likely send a "committee" to wait on the congressman and our two US Senators.

There is a lot of economy talk up at Washington. The Hoover fact finding committee turned in a fine program with which the administration agreed—in words at least. And while the president's message called for a budget of \$45 billion, it has already been seen that present taxes will stand for nothing higher. Yet congress has a call almost daily for this and that and the other to add to the already tax burdened public. So, we find that the budget cannot be balanced either this year or next. Our huge spending to put the Europeans on their feet, and now to arm them for a possible hot war, is taking more billions. Federal grants to the several states and communities continue to stack up. If the Brannan farm plan is enacted, most authorities figure that subsidy will cost the taxpayers another five or six billion dollars yearly.

It is just as well that the taxpayers of Texas, and that is just about all of us, will do well between now and the July primaries to sidle up to the candidates for State Representative as well as those for Governor and ask them how the additional tax of millions of dollars is to be raised to run the state's business without going in the red. You know we have no sales tax, except those on a few things, passed by the recent called session, to decently care for helpless wards of the state. A few years ago, we did away with the ad valorem tax, letting a lot of the big boys escape much taxation, some of which live and bank outside the state of Texas, and who are getting rich on Texas natural resources. The candidate cannot this year escape with that old crack about "economy." If the state of Texas does what our present intentions are to do in caring for the insane, blind, aged, hospitals, etc., millions must come from some source, and talk of economy is just a stall to get the office. And Texas does not have an income tax. Nine tenths of our taxes now go into public education, farm roads, public hospitals, public health and old age assistance, help to the needy blind and others. Ask your candidate if he aims to use his economy on any of these measures?

If he says no, that he aims to economize elsewhere, ask him where. As stated above, those mentioned are the main costs. A saving on the others would hardly be noticed. To our notion, the ordinary taxpayer should organize and have a lobby at Austin. All others will have plenty of them. And if the run of the mine don't watch their corners, they will be called upon to foot the bill with a total sales tax, while the big boys in and out of Texas who are tapping our natural resources will go free, or practically so.

As if they did not already have a cold war on their hands with the socialist minded of congress on the state control of medicine and doctors, the American Medical Association has hopped on the press, particularly Collier's. The press is the best ally the AMA has, and just why they wished to crack down on Collier's is a mystery. That magazine cannot be considered red or even pink by the greatest stretch of the imagination. All they said was the new cold remedy, anahistamine was perfectly safe if taken according to direction. The Pure Food and Drug Act backs up Collier's in this assertion. It is also a proven fact that the doctors have been prescribing the same thing for sneezes and sniffles for quite some time. But the remedy then had no official name. So, most people have reached the conclusion that the only reason the AMA attacked the idea, was that it would no longer be necessary for them to write a prescription and get pay for same. It boils down to the fact the medicos are poor politicians, and stand to arouse the ire of their best friends.

## A Guy Can Dream, Can't He?

## Weather Up To Its Old Freaks

Our old side-kick, M. W. Woolley, was in Saturday, and we found that the freakish sandstorm we had here Thursday night put him in a reminiscent mood. He was telling us of a 3 inch snow they had in Crosby county one year, about the 4th or 5th of May. We cannot recall a snow here that late.

But we do remember that on or about the 8th day of May 1914, we had a garden over in the northwest part of town that rivaled in looks any seed catalog garden we ever saw. No need for windmill water on it, as we got a rain whenever needed.

That morning when we looked out the ground and vegetation was as white as snow, but it was Jack Frost, and by noon our famous garden looked like some on had sprinkled coal dust over it. Our job had to be done over, but the second trial didn't look like a seed catalog garden.

Then again, way back in the early 20ties we pulled a picnic-barbecue here and we remember that although it was July or August, everyone had a coat on, and the cold drink concessioners lost money on their drink business. If they had served hot coffee or tea, it would have worked out fine.

Therefore, you can never tell what kind of freak weather you will have here. Once we saw it start to rain hard in a sandstorm almost as bad as that last Thursday night, and it daubed mud so

## Motions Are In Order For Withdrawals

Some of the candidates have been trying to get us to go up on the announcement fee. Especially in the Sheriff and one or two of the Commissioner races, to keep others out. After you read the little article below, you may decide to withdraw from the race yourself, with the assertion, "what's the use?"

"Lost four months and twenty days canvassing; lost 1,360 hours of sleep thinking about the election; lost 40 acres of corn and a whole lot of sweet potatoes; lost two front teeth and a lot of hair in personal encounter with an opponent; donated one beef, four shoats, and five sheep to barbecues; gave away two pairs of suspenders, five calico dresses, five dolls and fifteen baby rattlers; kissed 126 babies; kindled 14 kitchen fires; put up eight stoves; cut 14 cords of wood; gathered seven wagon loads of corn; carried 24 buckets of water; pulled 455 bundles of fodder; walked 4,060 miles, and shook hands 9,060 times; told 10,001 lies; talked enough to make 10,000 volumes; attended 26 revivals; was baptized four times by immersion and twice some other way; contributed to foreign mission; made love to nine grass widows; got dog bit 39 times and got defeated."

Hop Halsey, popular Lubbock druggist, was a visitor in our city last week.

thick on windows that it was dark as night inside a house until the hard rain washed the dust out of the air and off the windows.

No two years are alike here, any more than two thumb prints are alike.

## OHIO COULD SPARE US SOME RAIN

Had a letter this week from Dr. H. F. Hansberger of Columbus, Ohio, saying that Ohio could easily dispense with some of their rainfall in our favor, which would suit most people up there. He stated that the wet weather has retarded planting there.

The doctor renewed for another year of the Herald, which rounds out every year of the 41 since the Herald has been in the Stricklin family, and we don't know how many years before. His dad took the Herald as long as he lived.

The doctor has some land interests in Terry county. He says he enjoys the Herald very much and hopes to be able to read it many years in the future. We sure need some of that rain.

## OLD JIM LINDLEY HAS SLIPPED OFF AGAIN

Had a letter this week from J. R. (Jim) Lindley, and where the heck you think he is now? He gives his address as G. R. Star Route, Cleburne, Texas, and invites the Old He and wife to visit them. He indicates there is some good fishing thereabout.

The best we can figure out is he is out on the Glen Rose star route from Cleburne, over near the breaks of the Brazos, perhaps in the breaks. Could Jim be planning to "moonshine" a bit?

Now we usually get a bit lanky driving from Brownwood over to Cleburne and Johnson county about the time we get into those breaks. If Jim will just give us a bit more "info" about his location, we could arrange to stop about meal time.

We sometimes drive over to Cleburne section when visiting our daughter at Brownwood. So, how'll we find the Lindley abode?

Have news? Call the Herald.

## JOHN AND BURTON SEE A CONTRAST

Johnny Kendrick was telling us last week of one of his and Burton G. Hackney's experiences down in east Texas last week. Quite a contrast to dry weather and sandstorms out here. They came to a small creek down in Hopkins county, and the creek was so flooded that it was an eighth of a mile wide.

Water over the highway was so deep that it came up to the front parking lights on their car, drowning them out. But they made it across. Johnny didn't

elucidate on what they were doing down in the heart of east Texas.

In view of the fact that we had an article last week saying the reventors had done polished off all the distillers for the time being in east Texas, we wondered if their trip was not a wild goose chase.

Mrs. Jack Stricklin and children returned last Tuesday from a short visit with her parents, Mr. and Mrs. S. R. Taylor, at Denison. They went down and returned with some Lubbock relatives.

## Foster Church Scene Sparkman-Sons Vow

The marriage of Miss Almarita Sparkman, daughter of Rev. and Mrs. L. C. Sparkman, and Kent Coleman, son of Mr. and Mrs. J. B. Sons, all of Foster community, was performed in the Foster Baptist church at 6:45 p.m. April 29. The Rev. V. M. Sparkman of the Calvary Baptist church in Brownwood, brother of the bride, officiated at the double ring ceremony.

An arch of greenery entwined with honeysuckle and red roses flanked with palms and candelabra formed the background for the wedding. C. M. Sparkman, brother of the bride, and Orval Lee Waiser lighted the candles.

Misses Patsie and Marjorie Seales sang "Always." Miss Marjorie Seales accompanied Miss Patsie Seales as she sang "Lead On O King Eternal," and played

the traditional wedding marches. Miss Alice Sparkman was her sister's maid of honor. She wore a pink dimity dress made similar to the bride's dress and carried a bouquet of pink carnations.

Bridesmaid was Miss Georgia Helen Bryant of Buckeye, N. M., cousin of the bride. She wore an identical dress of sky blue, and carried a bouquet of pink carnations.

Woodene Sparkman of Odessa, niece of the bride, was flower girl. She wore a pastel green organdy dress and carried a bouquet of red roses. Rickey Sparkman of Goldthwaite, nephew of the bride, was ringbearer.

Given in marriage by her father, the bride wore a frosted powder blue organdy street length dress, and a fingertip length veil. The dress was gathered low at

## Challis Couple Had 40th Anniversary

Mr. and Mrs. W. J. Henderson of Challis community celebrated their 40th wedding anniversary on Sunday, May 7.

The couple was married in Hunt county near Greenville, Texas, on May 8, 1910. They moved to Crosby county, near Ralls, in 1924, where they resided for 12 years. They moved to Terry county in 1937.

Children who had dinner with the couple on Sunday were Mrs. Charles A. Edwards of Ralls, Mrs. Lewis Sanders of Muleshoe, Judson Henderson of Lovington, N. M., J. T. Henderson of Levelland, Mrs. M. L. Pate of San Antonio, Elijah Henderson of Reese Air Force Base in Lubbock, and Billy Henderson of Brownfield.

Grandchildren present were Sue, Lois, Arvil, Cecil, Stanley, Troy, Jess, David, John and Loyd Edwards, Mary Sanders, Thomas and Gloria Henderson and Morris and Ronnie Pate.

Three daughters-in-law and two sons-in-law were also present. One son-in-law was unable to attend.

Pictures were taken on Sunday afternoon.

Mrs. J. T. Henderson presented the honored couple with an anniversary cake which was served at dinner.

**CHEER LEADERS AT WAYLAND**—Helping make possible the successful season just closing for the Wayland Pioneers are these five cheer leaders shown above. ## Meadow Bride Elect Honored Wednesday

Lillian Doak, bride-elect of Johnny Winston, was honored with a bridal shower in the form of a tea on Wednesday, May 3, from 2:30 p.m. until 6 p.m. in the home of Mrs. Jim Finley of Meadow. Other hostesses were Mesdames A. L. McCoy, J. T. Swinson, D. D. Qualls, H. Combs, and Elvie Norman.

Mrs. Finley greeted guests at the door and presented them to the honoree and her mother, Mrs. W. J. Moss, and Mrs. H. Combs. Mrs. Wade Turnbough registered 79 guests in the white leather bride's book.

Mrs. Qualls and Mrs. Swinson presided at the refreshment table, which was covered with a linen hand-woven cloth centered with an arrangement of pink and white carnations and white satin ribbon streamers.

## Vows Recited By Gertrude Coleman, Sgt. L. H. Hooks

At an informal home wedding Friday, March 3, vows were pledged by Gertrude E. Coleman, local business woman, and Sgt. Lucian P. Hooks USMC, stationed at Camp Pendleton. Judge Parsons read the sacred matrimonial service at his home in South Oceanside.

The bride was becomingly attired in a coffee colored lace gown worn with straw hat of the same color and black accessories. Her bridal flowers were white narcissus.

Mrs. Ann Wheatley of Ocean-side, a long time friend, was matron of honor, gowned in brown gabardine dress with brown accessories.

Sgt. Richard A. Reese served his buddy as best man.

After a honeymoon spent at the Carlsbad hotel, Sgt. and Mrs. Hooks are home to friends at 904 Second street.

The Herald wants to take this opportunity of saying that the above clipping was mislaid and only a housecleaning revealed it again. While we Terryites may or may not know the contracting parties, many of us personally know the Mrs. Ann Wheatley mentioned. The clipping was evidently taken from a San Diego (Calif.) daily.

Mr. and Mrs. W. B. Bogar of Middleton, Pa., are expected to arrive early next week for a visit with her parents, Mr. and Mrs. W. M. DuBose and family.

## Mrs. Cullen Forbes Hostess to HD Club

The Pleasant Valley HD club met in the home of Mrs. Cullen Forbes on May 5.

The president presided over the business meeting. At this meeting it was voted to sponsor a pie supper and invite candidates to speak, at a later date.

Miss Dunlap gave a demonstration on "Walls and Woodwork Finishing."

Refreshments were served to Mesdames George, Henson, Masingill, Evans, Gandy, Cabbinnes, Durham, Willis, W. P. Forbes, Riley, and the hostess.

## Johnson HD Club Met With Mrs. Wade

The Johnson Home Demonstration Club met with Mrs. Wade May 2. Roll call was answered with ways to store winter clothes.

Recreation was a chicken game led by the hostess.

Old and new business was taken up, and a bake sale was planned.

Miss Dunlap, county home demonstration agent, had the program, which was on "Walls and Woodwork."

Refreshments were served to seven members and one visitor, Mrs. Watson.

Following the meeting, the hostess showed the group through her new home.

The next meeting will be held May 16 in the home of Mrs. Holway.

## Mrs. Walter Hord Entertained Club

Mrs. Walter Hord was hostess when the Pleasure Club met in her home May 3.

A salad plate was served to Mesdames Clyde Truly, C. C. Primm, Tom Harris, Mike Barrett, Jack Hamilton, O. L. Stice, Ed Sturgess and George Germany.

High prize went to Mrs. Stice, and Mrs. Harris was second high. Mrs. Germany bingoed.

## MRS. FRED SMITH ENTERTAINED MAY 4

Mrs. Fred Smith entertained a group of her friends last Thursday, May 4, with a bridge party.

Those present were Mesdames J. O. Gillham, W. H. Collins, L. L. Bechtol, Ned Self, J. H. Griffin, Leo Holmes and A. J. Stricklin, sr.

Dr. Frank P. Miller, county health officer, was in Sundown on business Tuesday.

## Gee Gee's Chit Chat

First off, thanks very much for your cooperation in calling in for pick-ups or for bringing your used clothing to the county store room in the County Service Officer's room in the court house. We have received quite a lot of good, serviceable clothing, but can still use more.

Thanks, also, to the Brownfield Chamber of Commerce for staging the "appreciation banquet" for the high school band and chorus last Thursday night at the Esquire restaurant. Thanks, too, to the American Legion for donating their hall for a reception, and to the Rotary club for hiring the music for the reception. Coming in for more thanks are J. T. and Odell Hoy (of Hoy's Flowers) for donating the clever centerpiece used at the banquet—a musical scale, complete with notes, decorated with red and white (school colors, you know) carnations. The kids really enjoyed it—and they really enjoyed it.

Speaking of the band, Richard Young, director of the high school band and chorus, asked me to urge parents who are interested in having their children become members of the band next year to be sure to confer with him this week end and enter the kids in summer band school. What with football games, getting the band together and getting cranked up in general next year, it will be impossible to have any beginner's classes at the next school term, Young said. So, if you are interested in a band career for your kids, be sure to see Young. Conferences are being held today and tomorrow from 9 a.m. until 9 p.m.

Not to have chick nor child, the activities at the schools are of great interest to me. Having any sort of truck with kids is an experience (sometimes pretty horrible, too). One thing that fascinates me is how well most of them turn out, despite their parents.

While roaming around the halls of BHS the other day, I was steered into the Homemaking departments for a dish of tea (good stuff, too). In Miss Foster's cooking department were displays of the projects studied by students this year. There were not only some very good flower arrangements, but some very neat, well arranged and well thought out scrapbooks. It re-

minded me that, although I have very little time for much culinary activity, some of the recipes that I use the most are the ones I kept in my little box file when I was a Homemaking student. After leaving the cooking department and going into Miss Terry's sewing department, I was even more impressed. Making clothes is only ONE of the things those gals do. Leathercraft, textile painting, woodcraft and mending are also taught to the gals and some boys. I saw some of the neatest re-weaving of torn wooleens that I have ever encountered. Miss Terry hinted that, if enough persons were interested, she may conduct a leathercraft course this summer for persons past school age.

May 8-13 is National Cotton Week. First in durability, first in fashion, first in comfort, and first in economy, I sure hope we can raise some this year, don't you?

If you haven't been counted in the 1950 census, for Pete's sake either go down and see or call (641-M) somebody at the Brownfield Chamber of Commerce and give them your name, house number and street, and town in which you live. George O'Neal, who is crew leader for the census in Terry county, is sailing madly around town, trying to tie up loose ends and figure out how many natives there are in Terry, but is having one rough time of it. So, please, it will only take a jiffy to give this information, do it today.

Have you seen the hamster circus in Collins' window? They were sleeping when I passed by, but I guess you can't ride a ferris wheel indefinitely without getting slightly dragged.

Plans for the third annual Junior Chamber of Commerce rodeo are beginning to fall into place now and we're going to all be hearing a lot about it until June 22. Nothing like a good rodeo to get the summer off to a good start. The Jaycees over in Tahoka are having their rodeo this week end, May 12-13, and will probably be tickled to death to have you visit them. They have really been having a high old time with their dunking-tub, as will the local boys when they get theirs set up. In case some of you fellers don't know it, it's beard-growing time. If you have to admit that your stomach isn't strong enough or you're not man enough to grow a beard, you'd better either pur-

## Women's Service Guild Met Monday

The Presbyterian Women's Service Guild met in the home of Mrs. J. M. Teague Monday at 2:30 p.m.

Mrs. James King gave the devotional from the 51st Psalm. Mrs. James King presided over the business meeting.

Mrs. Teague gave the program, which was part of the book "Japan Begins Again."

Those present were Mesdames John King, Frank Wier, Phil Gaasch, R. E. Klofanda, J. S. Carter, Abel Pirce, Charles Kersh, James King, A. M. Muldrow and W. B. Brown.

## Mrs. Max Parris Shower Honoree

Mrs. Max Parris of Lubbock, who before her recent marriage was Miss Nellie Carter, was complimented with a miscellaneous bridal shower Tuesday evening in the home of Mrs. A. B. Buchanan of Gomez.

Hostesses, other than Mrs. Buchanan, were Mesdames W. G. Swain and Tyler Martin.

Refreshments of ice cream and cake were served to about 60 guests who called.

## MRS. JOHN L. MOORE HONORED RECENTLY

Mrs. John L. Moore was complimented with a coffee given in the home of Mrs. R. E. Klofanda recently. Mr. and Mrs. Moore moved to Levelland this week.

Doughnuts and coffee were served to Mesdames L. L. Bechtol, A. H. Pierce, Phil Gaasch, Charles Kersh, Melvin Gaasch, Carter and the honoree and hostess.

The Presbyterian Service Guild members presented Mrs. Moore a gift.

Mr. and Mrs. J. O. Gillham and Mr. and Mrs. Bruce Zorns will leave tomorrow (Saturday) for Dallas where they will attend the Texas Bankers convention next week.

chase your shaving permit, or take to the hills until after June 22. Because if you don't—I wouldn't advise you to wear any of your best bibs and tuckers to town. They might get wet.

Here's a little slogan that I saw somewhere the other day and it has stuck with me because it's so logical: "Where sense is wanting, everything is wanting." Happy Mother's Day, Bobbie.

## STUDY CLUB HOUSE NOW AVAILABLE FOR RENTAL TO PUBLIC FOR ADULT PARTIES

The Seleta Jane Brownfield club house, located at 702 E. Broadway, was officially opened in September, 1949, and has been used each week by the Maids and Matrons and Alpha Omega study clubs for regular meetings. The value of the club house and furnishings now exceeds \$12,000. The debt amounts to \$1,500.00. This colonial style house has a large party room with an attractive fireplace on the south wall. Nelson Jewelry donated candlesticks to use on the mantle. Mrs. E. C. Davis donated a large serving table with a lace cloth. The Duncan Phyte sofa was a gift of Mrs. Leo Holmes. The Maids and Matrons Study club installed crystal chandeliers. The colonial clock and door chimes are a gift from Alpha Omega study club.

A piano was recently bought from Mrs. Glen Akers, who deducted \$50.00 on the purchase price. Farm and Home Appliance moved the piano into the club house, as a courtesy.

Fifty folding chairs and nine bridge tables complete the furnishings for the party room. Beautiful white organdy curtains hang at the windows.

There is a coat closet, as well as two rest rooms, at the west end of the party room.

The kitchen has eighteen feet of cabinet space. Serving for 36 in Early American Fostoria Crystal was secured from Palace Drug at a saving of \$20.00. Mrs. E. C. Davis gave a large punch bowl to match the crystal.

Mrs. J. D. Akers secured a complete Rodgers silver service for 36 at a saving of \$40.00.

The Epsilon Sigma Alpha chapter gift to the club house was a 24 cup electric coffee urn.

Mrs. Bill Williams gave the kitchen curtains. The gas stove was a gift of Mrs. N. L. Mason.

Tea towels and many small articles are found in the cabinets.

Mrs. L. M. Rogers, of Brown-

field Floral, gave a lovely flower basket. Many beautiful flowers were sent for the formal opening, and two bronze containers of ivy are still in the club house.

Since the coming of spring, a caretaker for the yard has been hired, and lovely lawn is expected by the middle of summer. King's Nursery has donated \$25 in shrubbery.

With accommodations like this, it is very easy to entertain in the club house; and as the public has assisted so generously, the club house is available to the public for adult parties, teas, and dinners, at a very reasonable fee. Mrs. Bill McKinney, secretary of the board of directors, has charge of all rentals.

Additional donations include \$100.00 in building materials from each of the following: Terry County Lumber Co., Cicero Smith Lumber Co., Shamburger Lumber Co., and Higginbotham-Bartlett Lumber Co. A. R. Smith did the finish work on the door frames.

Mr. and Mrs. M. G. Tarpley deducted \$100.00 from the price of the 25 foot lot purchased from them. The corner lot of 50 feet was donated to the Maids and Matrons club several years ago by A. M. Brownfield.

Cash donations are as follows: Brownfield State Bank and Trust Co., \$250.00; Mrs. Joe Bailey (Lubbock), \$47.50; Tom May, \$50.00; Sam Houtchens \$5.00; W. G. McDonald, \$10.00; Herman Chesshir, \$10.00; Homer Winston, \$10.00; G. S. Webber, \$25.00; Brownfield Rotary Club, \$500.00; Kyle Graves, \$25.00; Mrs. W. A. Bell, \$50.00; Mrs. J. E. Shelton (Cisco), \$10.00; W. E. Latham \$100.00; A. M. Brownfield, \$100.00; Tudor Sales Co., \$100.00.

Mrs. Mozelle Fitzgerald, \$5.00; Mrs. W. F. Hefflin, \$5.00; J. W. Fitzgerald, \$5.00; Leo O. Allen, \$10.00; J. B. Knight, \$75.00; C. C. Primm, \$25.00; Anonymous, \$12.

## Service Office News

By C. L. Lincoln

### General Provisions

A veteran of World War I or World War II, released from service under conditions other than dishonorable, determined by the Veterans Administration to have one or more non-service-connected disabilities which permanently and totally prevent him from earning a livelihood, may be awarded a pension of \$60 (or \$72) monthly, provided his income is not over \$1,000 annually if single, or \$2,500 annually if he has wife or dependent child.

Statutory provisions prevent payment of pension for any permanent disability less than total. "A permanent total disability shall be taken to exist when there is present any impairment of mind or body which is sufficient to render it impossible for the average person to follow a substantially gainful occupation and where it is reasonably certain that such impairment will continue throughout the life of the disabled person. Notwithstanding this definition the Administrator of Veterans' Affairs is hereby authorized to classify as permanent and total those diseases and disorders, the nature and extent of which in his judgment is such as to justify such a determination."

In perfecting claims under these provisions it is necessary that the service officer and the claimant furnish the Veterans Administration sufficient evidence to show that the veteran is probably entitled to pension benefits because of his physical condition. On the strength of such prima facie entitlement the VA can then authorize medical examination and make its award based upon its own findings.

### Service Requirements

One of the conditions of primary importance in establishing entitlement to non-service-connected pension is that the claimant must be a "war veteran" within the meaning of the law granting the benefit.

If a person served with Military Forces in Russia, WWI date is extended to April 1, 1920.

### World War II

December 7, 1941 to December 31, 1946, inclusive.

In determining the period of active service for the purpose of pension, it is not required that the 90 days' period of service shall have been completed before the cessation of hostilities. It is necessary however, that a claimant shall have entered service prior to the cessation of hostilities and shall have served continuously thereafter for 90 days, or with less than 90 days service,

was discharged because of a service-incurred disability.

### Disability

A permanent disability is one which is reasonably certain to continue unimproved throughout the disabled person's life.

We were sorry to hear that Mr. and Mrs. Cecil Fisher, who live in Germany, lost their baby last week.

Mr. and Mrs. L. P. Carroll of Meadow visited in Lorenzo Sunday with Mr. and Mrs. John Hargrove.

Melvin Carroll visited Wayne and Billy Bagwell Sunday.

There were not many who attended the social given by Mr. and Mrs. C. S. Carroll last Thursday night because of the bad sandstorm which struck early in the evening.

After services Sunday evening, the friends and loved ones of Mr. and Mrs. W. J. Henderson surprised them with a shower honoring them on their 40th wedding anniversary. There were about 60 guests who attended. They received a wonderful array of gifts.

## ELLINGTONS ENTERTAIN WITH PARTY MAY 5

Mr. and Mrs. F. M. Ellington and son, Leonard, were hosts at a party on Friday evening, May 5, at their ranch home in north-west Terry county. The occasion was to celebrate the birthday of Ellison Carson of Lubbock, formerly of Yoakum county. Mr. Carson is the son-in-law of Mr. and Mrs. Ellington.

Games, square dancing, couple dancing and music were enjoyed during the evening. Refreshments of sandwiches, potato chips, olives, birthday cake, ice cream, punch and coffee were served. Some fifty guests were present from Lubbock, Plains, Brownfield, Morton and neighbors of the Ellington family.

Mr. and Mrs. C. S. Carroll spent the week end with her sister, Mrs. Clint Carter, and family at Plainview.

There will not be services this Sunday evening because of graduation exercises at Brownfield and Meadow.

# Announcing STUDEBAKER AUTOMATIC DRIVE

Newest and most advanced of all automatic transmissions!

It's here today! America's first fully perfected "no clutch—no gearshift" driving! The achievement of years of research and development by Studebaker and Borg-Warner engineers—the revolutionary new Studebaker Automatic Drive!

Technicians will tell you that this Studebaker Automatic Drive is the ideal combination of a torque converter and direct mechanical drive.

But the way this amazing transmission works isn't half so important to most car owners as the certainty that it does work—superbly, smoothly and reliably!

Come in and try out this far advanced Studebaker Automatic Drive—without obligation—right away. It's extra cost—but it's the finest investment that anybody ever made in real motoring enjoyment!

No clutch pedal, of course—and you're safe right from the start! No clutching—no declutching—with Studebaker Automatic Drive. As car moves forward, you just feed the gas, steer and brake. Your Studebaker "shifts for itself"—makes gear changes automatically, quietly and smoothly. You keep the pointer on the steering post in "drive" position most of the time. But when you switch on the ignition, the engine will start only if you have first set the selector lever at "park" or "neutral."

## FLYING NEWS AND VIEWS

By EDWIN E. DUNCAN

One of Piper's latest models, the Piper Pacer 125, is now being hangared at the local field. The proud owner is J. J. Handley of Welch. The purchase was made Sunday afternoon when Mr. Handley, K. D. Moore and this reporter flew to Lubbock in the Cruiser. Jay and Kenneth flew the Pacer back to Brownfield while yours truly brought up the rear in the Cruiser.

The Pacer 125 is a 4-place, 125 h.p. aircraft and has a cruising speed of well over 120 m.p.h. The plane is equipped with flaps, making it one of the most highly maneuverable planes in its class. Jay's plane is maroon, trimmed in cream.

Late Sunday evening Mr. Handley and this reporter, accompanied by Jess Warren, flew in the new Pacer down to Mr. Handley's farm southeast of Welch. A similar trip was made Tuesday evening.

Roy D. Harris, Kenneth Moore, J. J. Handley and this writer made a business trip to Lubbock Saturday evening in the Stinson. The return trip was made after sunset, and with the air filled with dust, darkness almost caught us before we could get back to Brownfield.

Foster and Clark Mauldin, of Levelland, were at the field Sunday to put in a little flying time. Clark Mauldin recently lost a leg in a gin accident, and has since been wearing an artificial limb. He had been a flier before the accident, but since then has been unable to fly any. However, Sunday afternoon Pete Harris checked Mr. Mauldin out in the Piper PA-11, and despite the artificial limb, he was able to fly the plane almost as well as ever.

Col. T. S. Brand, U.S.N.G., landed at the field Thursday of last week to make an inspection of the local National Guard unit. He was in a Navion and piloted by Lt. W. L. Barker. While at the field, the Lieutenant said that of all the small town airports they

**Baked Potato Soup**

3 baked potatoes  
3 tablespoons hot milk  
2 thin slices onion  
2 tablespoons margarine  
1 quart chicken stock  
1 egg yolk  
1/2 cup cream or rich milk  
salt and pepper  
1 tablespoon minced parsley

Split freshly baked, mealy potatoes; take out pulp; mash and whip well with hot milk. Cook onion in fortified margarine. Add potato pulp and onion to well-seasoned chicken stock. Beat egg yolk and add a little of the hot soup, stirring until smooth. Then add cream and combine with hot potato and chicken mixture. The soup must not boil after egg yolk is added. Season well and garnish with parsley. It's simple and inexpensive, especially if made with bouillon cubes, but delicious. Serves four.

## Texans In Washington

By Tex Easley  
AP Special Washington Service

Historians and political candidates alike turn to the pages of the Congressional Record to see how members of the Senate and House have voted on various pieces of legislation.

When the summer Democratic primary elections get going good in Texas, voters in some congressional districts undoubtedly will hear that their congressman took such and such a stand on various issues.

The Congressional Record, the daily journal of proceedings in both the House and Senate, will be offered as proof. It lists how the legislators stood on all "roll call" votes.

That's standard and acceptable campaign procedure in congressional races not only in Texas, but all over the country. The record may be cited by either the incumbent lawmaker or the foe who is trying to unseat him.

But, what can't be so well brought out in political campaigns, or in the history books if the historian falls back only on the recorded vote, is how the representative or senator may have voted where no roll call was taken.

It happens not infrequently that the lawmakers pass on an issue but don't want a record vote, which may be held against them later by an opponent.

Of course, too, simply in order to save time, there are numerous unrecorded roll call votes.

Usually, if there is a sharp division of opinion, there is a roll call. It takes one-fifth of those present to force the "yeas" and "nays" be put down in black and white. And, at any time a member can demand a quorum be present before a vote is taken. A quorum is a bare majority 218 members in the House and 49 in the Senate.

Complicating the situation still more is the legislative procedure in the House, whereby that body resolves itself into what is called "the committee of the whole house," in order to debate bills and tentatively vote upon them.

The Senate has no such procedure. When a measure comes on the Senate floor, it is actually being considered and acted upon by the Senate.

Rep. W. R. Poage of Waco, the only Texan on the House Agriculture Committee, has written Mrs. C. R. Guggenheim, secretary of the Dallas Women's Forum, defending the government's farm

**BUILDING BOOM JUST AROUND THE CORNER**

In the first three months of the year, 270,000 home units were started. This is 59 per cent above the 169,800 units on which construction was begun in the same period year of 1949, the previous record year in home-building.

So builders are well on their way to exceeding the annual record set in 1949, when 1,025,100 dwellings were started.

Builders are also stepping up construction of apartments, most of which are occupied on a rental basis.

## Stricklin Speaking

By Old He

It is reported that a doctor has come out with the statement that blood pressure is not so bad after all. In fact, has its virtues. He says that it often brings out one's personality. Now maybe, when the old man gets on a high horse some member of the family will not yell, "remember your blood pressure, dad."

Speaking of blood pressure, we were told that Judge Homer R. Winston's blood was up to the "bilin" point Monday. According to Old Homer, the farmers were just about on starvation. Well, we talk with a lot of them, and if they are hungry they don't look it, and they are wearing better clothes in most cases than yours truly. They even set up the Java, and sometimes pay for our shaves.

Homer was also skinning the Herald alive for going from \$15 to \$25 for announcements in the past ten years, which is some advance, we'll admit, from the fees of the thirties. But perhaps Homer has paid no material and labor bills that a paper has to make, present tax rates, not to say anything about the stuff the "starving farmers" raise in comparison of those of 10 or 15 years ago. And the 50c dollars of the fair deal just don't go very far.

There are two sides to the assertion that everyone would starve if the farmer went broke. He is right, and the best way for them to go broke is to kill off all the some 90 million farm products consumers in the little towns, cities and metropolitan areas. It takes nine men to play baseball, Homer.

Some of them have such names as Smith and Jones, others may sound like Italian or Polish, and the Dodgers even have a negro

player, Jackie Robinson. Suppose those with English or Irish sounding names refused to play because the other fellow's names didn't sound just right to them? Why you are not even a good politician, Homer. You pit one calling against another. The good politician works both sides from the middle.

We have known Homer since he was wearing knee pants. He has always been a noted yelper, and gets worse as he grows older. However, we consider Homer to be one of the best friends we have.

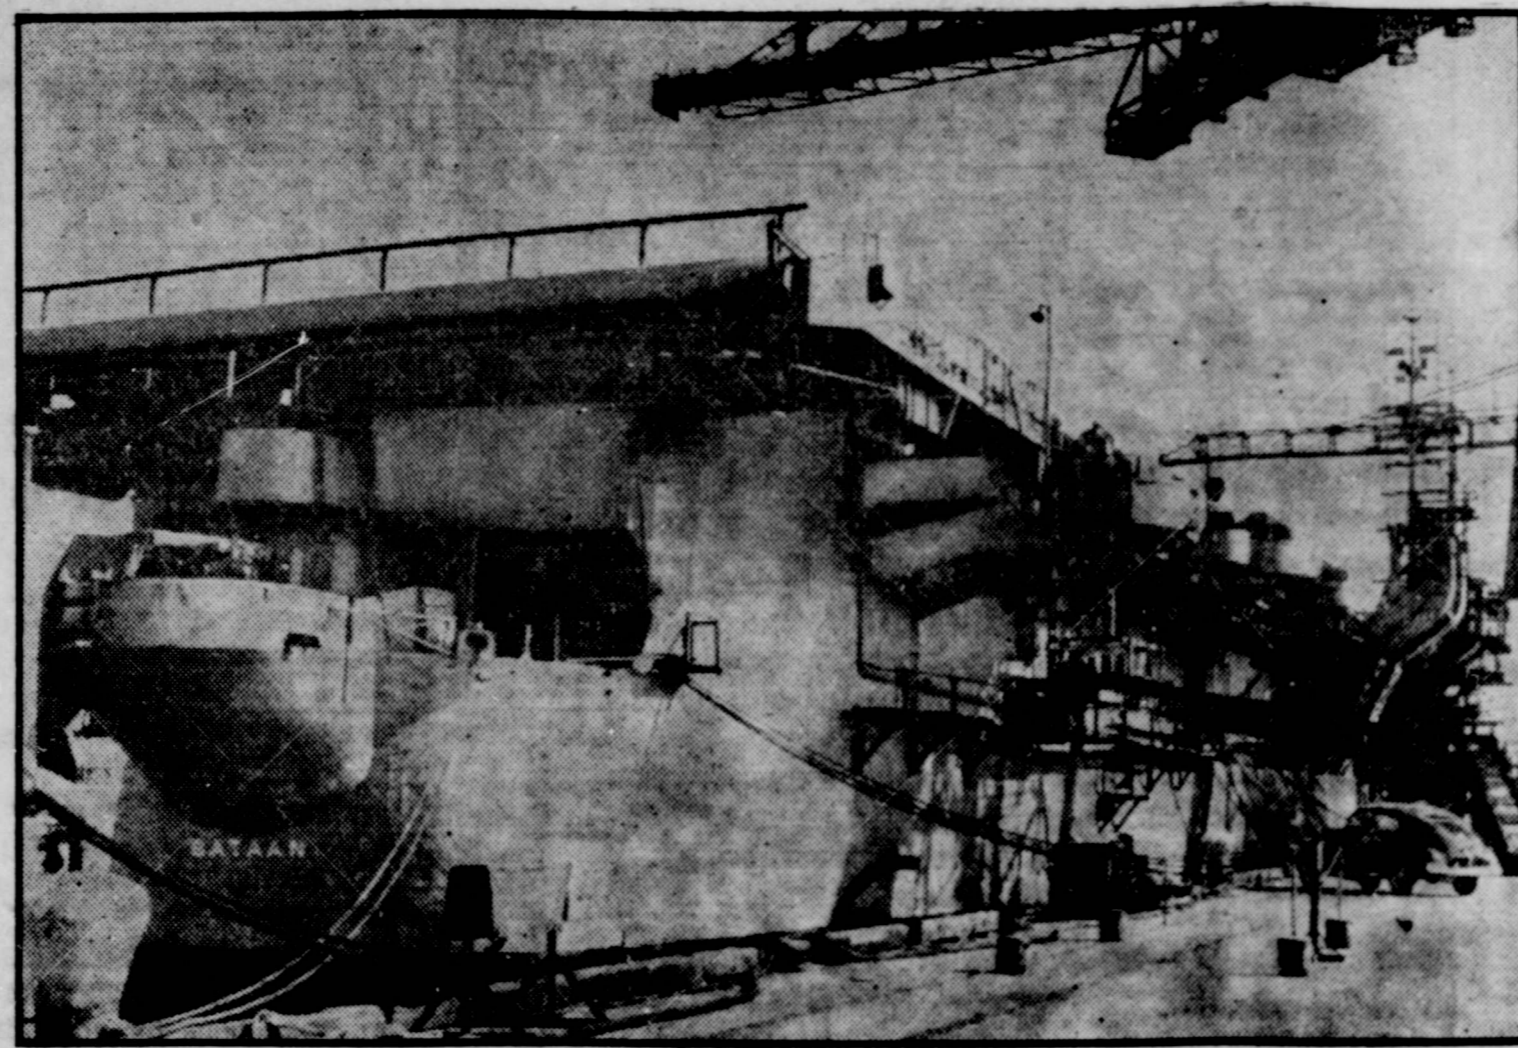

We note that not a few of the young blades here in town are already sprouting beards in view of the approaching Jaycee Rodeo in June. This sets us to wondering if a guy can win two years or more hand running. Or is a win in 1949, for instance, a handicap?

Speaking of beard, Editor A. M. Jackson of the Slaton Slatonite says the folks over at Slaton are going western in a big way, as they too will observe a like event soon.

But we think Editor Jackson is treading on dangerous as well as speculative grounds. He says that some old "wimmin" stated, minding of course the present company, that a kiss from a non-whiskered gent was like trying to eat unsalted soup.

Now the idea comes up to just what the young femmies have to say about the matter of smooth or porcupinish busses. Of course Editor Jackson is not suggesting that he be allowed to supply the test.

The Piggly Wiggly bunch were all wearing new paper caps Friday. The gal portion of the personnel looked fairly well in them, but the men and boys, especially Pat looked outrageous, causing us

**OUT OF THE MOTHBALLS**—The aircraft carrier Bataan, 11,000-ton veteran of the famed Task Force 58, is scheduled for active service again, after being consigned to the "mothball fleet." Above, the famed flattop lies alongside a pier at the Philadelphia Navy Yard while shipfitters ready her for anti-submarine duty this summer with the Pacific fleet.

to make some incautious remarks. What we got for our sarcasm was the old high sign. You know, thumb to the nose and fingers wig-wagging.

Mrs. Nannie Hamilton called up Friday to tell us where Yeso, N. M. was, after reading this column, except she didn't pronounce it like we do. She intimated that it had something to do with gyp rock, much of which is thereabout, and the "wide place in the road" as she describes it is between Vaughn and Ft. Sumner.

This is the landing place of Uncle Jimmie O'Connor, his late wife and family when they came out from Tennessee many years ago, before they moved to Brownfield. Uncle Jimmie and daughter, Mrs. Hamilton live together over on Powell street.

Over in India, there is said to be an old goat who is supposedly the richest man in the world, reputedly worth 1 1/2 billion dollars. He has diamonds as big as hen eggs, and takes weeks to count his wealth. He used one big diamond for a paper weight, and the paper he uses to make notes on is cigarette papers. He mends his own pants, and performs other menial tasks despite the low hire of servants over there.

We'd rather have an old brindle cow, a pug-nosed dog, a wife and several brats, and a reasonable mortgage hanging over us. That old bird may think he's rich—he's as poor as a church mouse.

Some sneak thief has been taking Walter Gracey's chickens of late. But on his last visit to Walter's hen house he lost some money. Walter says if the guy will

## Parting With Old Friends Is Sad

Mrs. Clyde (Ora) Lewis was just a young girl when the writer came to Terry 41 years ago. The Sawyer family sent all those old enough to attend school into town each day from the ranch some seven miles southwest of town, in a buckboard. There was Nettie, Arthur, Ora, Ima, Uyless, and Oscar. They put up their team at the residence of the late J. L. Randal, who had a barn and horse-cow lot.

The team would be hitched up in the afternoon, and the return trip made to the ranch. School buses were unheard of. The Randal residence was on the block just south of where Camp Western now stands. The writer and wife had just married that year, 1910, and rented a little 2-room house from the Randals. The old school building, a six room wooden affair stood just a bit west of Farmers Gin No. 2.

But we remember that the little Sawyer girl, Ora, was very friendly as indeed were all the children, and Ora always had a broad smile and friendly word, as no one was considered strangers here at that time. While the Sawyers were much above the average in wealth, from their actions than as now, one could never detect it. Their noses were

call, describe the money, etc., it will be returned to him. Fair enough. Walter says the money doesn't belong to him.

Dollar Grasper, the old miser, says it is just one ding thing after another. When his hands aren't howling for shorter hours and more pay, his customers are yelling for lower prices and faster service.

With this off our mind, we are expecting to take a kickoff Monday for Tennessee, and plan to add several pounds to our avoirdupois from resting, sleeping and eating. So hold everything while we are away.

## BIBLE COMMENT FOR MAY 14

### Gospel Needed In the World, Prophets Proved

THE message of the Hebrew prophets was not all denunciatory. They saw the deep evils in personal lives and in society, and they spoke fearlessly in rebuking these evils. They saw the neglect of God's law and the perversion and corruption of religion among a people who had a great spiritual heritage—a chosen people who had renounced God's choice.

But deep in their message was the note of appeal, reminding the people of their heritage, and assuring them of God's mercy. The prophets had a gospel, for both individuals and society. It was a gospel of salvation and of true welfare for those who would turn from their evil and seek God's way.

A social reformer without a gospel is no reformer at all. The exposure of evil and corruption in our modern social and political life, particularly in the cities, has been known, expressively, as "muck-raking."

Too often such exposure has not gone much beyond the raking over of the muck. Newspapers and magazines have published sensational articles, that have been read eagerly by the public, but either little is done about the situation, or things soon settle back into the old shameful conditions.

This, probably, is because the muckraking has had with it no gospel, no constructive power of regeneration. The prophets had a gospel. Those to whom they spoke did not always receive or accept it; they persisted in their old ways until destruction came upon them.

The world needs moral codes. It needs critics and discerning judges. But above and beneath it all it needs a gospel. More specifically it needs Christ's gospel, and until statesmen and all leaders of men realize that, there is not much hope of the world peace and welfare for which we so much long, but have been unable to achieve.

## Behind the Scenes In American Business

By Reynolds Knight

According to the stock market, business is in strong shape. It recently rose to the highest level since 1930. Which makes people wonder why there are more than 4,000,000 unemployed.

Well, there are several basic reasons. One is simply that supply has caught up with demand in many fields, necessitating production cutbacks and, consequently, some temporary layoffs. An other big factor is that the jobless totals have increased not because available jobs have decreased (actually, there are as many jobs as ever), but because thousands of new would-be workers keep entering the lists.

A third reason for the current job lack is the establishment of a 75-cent instead of a 40-cent an hour minimum wage. It has caused employers to drop workers who aren't worth the added money. Finally, Social Security plays a part. Pensions are too low to live on, so the 65-and-over worker, instead of retiring, holds onto his job as long as he can.

Domestic workers are another group which has larger unemployment rolls. Their stepped up pay scales have caused people to go a little slower in hiring them.

The whole situation is due to be worse in another two months. In June thousands of young high school and college graduates will add to the job-seeking array. Luckily, though, this problem will be largely a seasonal one, with the usual fall pick-up taking up the slack.

**COME SEE FOR YOURSELF!**

THIS TIME we'd like to tell you about something that you cannot see in this picture—something, in fact, you cannot know about from looking at someone else in a passing Buick—or from viewing a Buick on our showroom floor.

It's the feel you get from a Buick in motion. You are going to find out that it is something like traveling on your own private, jet-propelled cloud—only firmer.

Maybe you know a stretch of washboard road, where you have to slow down, or bounce and jitter.

Try that in a Buick and see how you keep a level, comfortable boulevard smoothness.

Maybe you're always on edge to dodge dips and chuckholes. Those also lose

most of their jolt when you're at the wheel of a Buick—or in the rear seat. In a few simple words—the ride of any Buick—SPECIAL, SUPER or ROADMASTER—is out of this world.

We could give you a lot of reasons. Soft coil springs on all four wheels, for example—the firm linkage of the torque-tube drive—the distribution of weight—big soft tires on wide rims—the way Buick engines are mounted.

Even Dynaflo Drive\*—always silky-smooth and free of geared-drive harshness—plays its part in the marvelous Buick ride. But why simply listen to reasons? Experience is still the best teacher. Come see for yourself why the Buick ride is called "matchless"—and how little it costs to replace a jitterbuggy with one of these level-striding honeys.

### Annual Honor Assembly Held Monday By Student Body of Brownfield High School

The annual Honor Assembly was held Monday morning in the Brownfield high school auditorium. The assembly was sponsored by the student body of the school, and Dale Cary was program chairman.

Following the opening of the assembly with the national anthem and the pledge of allegiance, the invocation was given by Joe Don Auburg.

John J. Kendrick presented the annual American Legion awards to John Thompson, who accepted them on behalf of the student body. Winners of the Legion awards for Bugling were Don Andrews, Graves Nelson and Crawford Burrows.

Dean Murphy was chairman of the Student Council Awards, which were given for Clubs and for Sportsmanship. Winner of the FFA award for contest and livestock was Charles Bartley. Glenn Paden won the FFA scholarship, with an average grade of 93.4. Allen Orr won the FFA Dairy

Farming award, and Jerry King was named Star Farmer. C. E. Ross and S. P. Cowan were named honorary members of the FFA Chapter. Jerry King was chairman.

Otis Davis, co-ordinator, made the Distributive Education club awards. One year certificates were awarded to Carol Hinson, Eura Lee Burns, Bill Noble and Buddy Cabe. Two year certificates went to Dick Proctor, Wendall Dumas and Lena Ruth Cypert. The outstanding DE award, given each year by the Brownfield Junior Chamber of Commerce, went to Dick Proctor.

Richard Young, director, made the Band and Chorus awards. He presented the Sweepstakes plaques won by the band and chorus in Interscholastic League competition this year to the school. Martin Line, Jr., was awarded the student council award for the chorus. The American Legion award went to Beth White, and the Senior Arion award went to Don Andrews.

In the Spanish Club, UANO Estacado Chapter awards, were presented Lynne Sturgess and Alex Cabrera. Lynne Sturgess and Max Black were named outstanding students. Linda Hudson made the awards.

Luella Johnson was chairman of the FHA club awards. Students in Miss Foster's cooking classes who received awards were Joyce George and Jo Ann Knight. Those in Miss Terry's sewing classes who received awards were Bobbie Bingham and Marilyn Willis.

Sportsmanship awards were made by the high school coaches. Tracy Kellow presented John Franks the Football award, and Farris Nowell presented John Thompson the Basketball award. Clancey Martin, Jerry Allen and James Warren won the Boys' PE award, and John Thompson and Clyde Chambliss received Track awards.

Mr. Wilson presented the Ten-

### Methodist Minister Attended Area Meet

Plans for the 1st session of the Methodist Northwest Texas Conference were laid at Plainview May 8 at a meeting of Bishop William C. Martin of the Dallas-Fort Worth area with district superintendents and representatives of conference boards and committees.

The meeting was held at the First Methodist church in Plainview, where the Rev. W. E. Peterson is pastor.

Among those who attended the meeting from Brownfield was H. L. Thurston, minister of the First Methodist church here.

The conference session will be held at First Church, Big Spring, May 24-28. It includes 248 pastoral charges and about 350 churches with 90,000 members in the territory lying west of Vernon and Baird to New Mexico and north of Midland to Oklahoma.

### To Test New Deep-Breaking Rig

Scheduled for initial tests yesterday was a new deep-breaking plow made up for Murphy May in the shops of Grady Goodpasture. Ideas for the equipment were developed by Goodpasture.

The single-row disc-type plow is powered by a conventional heavy-duty farm tractor on which, by the use of steel beams and plating, the front wheels and steering assembly was extended by almost the original length of the tractor. The large disc is mounted to the rear and slightly to the right of the tractor proper. A smaller trash disc is mounted forward and to the left. The rig is so constructed that the discs, plating and beams can be removed, the front wheels and steering assembly moved back to the original position, and the tractor used for other purposes.

May, who is having the equipment built for use on his own land holdings, stated that he believed this lighter, faster rig could do fully as much work as the caterpillar-type tractors now in common use in this section. He also states that every extensive land holder in this area should have one of these plows for his own use if it proves successful and he is fully confident that it will.

Goodpasture, who developed a plow with tractors mounted forward and rear and with remote controls on the rear tractor, has previously made similar equipment to May's for Duggan Thomas.

### Tahoka Boosters Visit Brownfield

Boosters for the Tahoka annual rodeo to be held Friday and Saturday, May 12-13, visited Brownfield Wednesday afternoon, complete with sound truck, string band, cowboy boots, beards and all.

The rodeo, sponsored by the Tahoka Junior Chamber of Commerce, will feature three performances, including bareback bronc riding, saddle bronc riding, calf roping, bulldogging, bull riding and sponsors contests. J. A. Wise of Earth, Texas, is furnishing the stock.

Lynn county Sheriff "Slick" Clem, who acted as master of ceremonies, extended an invitation to the Terry County Sheriff's posse to participate in the rodeo parade.

### LOCAL MEN ATTEND LUBBOCK MEETING

Among the persons from Brownfield and this area who attended the Texas Beach and Pool association meeting held in Lubbock Monday and Tuesday of this week were Clyde Bond Jr., manager of the Lions club swimming pool; Billy Patterson, life-guard at the pool; Amos Bollinger, Messrs. Cope of Seminole, Goolsby of Seminole and Bearden of Levelland, all sanitarians with the South Plains Health unit.

Leading experts in the field discussed the latest construction features and operation of pools, as well as new equipment and methods of operation.

### Brown County Reunion Will Be Held May 21

All former residents of Brown county, Texas, are urged to attend a reunion and picnic to be held in Mackenzie State Park at Lubbock Sunday, May 21, according to information received from Ora Ellis of Plainview, secretary.

The reunion site is the northeast part of the park and the place will be marked with a sign, "Brown County," Mrs. Ellis said. Festivities will begin at approximately 10:30 a.m., May 21. G. W. Small of Tahoka, president, said that a record attendance is expected for the reunion and picnic.

### FISHING AT HOT SPRINGS

Seven local men are fishing at Hot Springs, N. M., this week, and told their wives that they would be home when it rained.

The optimists are: Gene Gunn, Milton Addison, Paul Cobb, Bill Blackstock, John Criswell, Earl Brown and Jess McWhirter.

Mrs. E. W. Maddox of Lubbock visited her sister, Mrs. J. E. Thurman, over the week end.
