

W. J. Lee Family Had Reunion June 10-11

The children and grandchildren of the W. J. Lee family were reunited on June 10 and June 11 for the second time in 30 years. The reunion was held in the home of Mr. and Mrs. Bill Coor of Welch, Texas.

In 1949, the family gathered at the home of Mr. and Mrs. Louis Bailey, at which time moving pictures were made. Mr. and Mrs. Leo Emmott, who made the moving pictures, entertained this year's attendants with the movie.

Those present at the reunion this year were Mrs. John Eakin, Coila Eakin of Abilene; Mr. and Mrs. E. D. Graves, Dick Graves, Roswell, N. M.; Doris Traylor, Earlene and Sherry Traylor, Deming, N. M.; Mr. and Mrs. Roy Lee, Donald, Dale Lee, of Midland; Mr. and Mrs. Kenneth Snyder, Paula and Joyce Snyder, Eunice, N. M.; Mr. and Mrs. O. R. Lee, Charlie Lee, Hamlin; Mrs. R. V. Colclazer, Virginia and Cheryl Snyder; Mr. and Mrs. Louis Bailey, McCaulley; Mr. and Mrs. W. C. Lee, McCaulley; Bud Lee, Dallas; Mr. and Mrs. Bill Coor, Louie and Ray Drennon, Welch.

Mr. and Mrs. R. H. Ellis, Nelta Ellis, Welch; Mr. and Mrs. Dewey Drennon, Ralph and Rex Allen, Welch; Mr. and Mrs. Willie Lee Coor, Brownfield; Mrs. John H. Reynolds, Linda and Barbara, Clovis, N. M.; Ben Rhodes, Texico, N. M.; Mr. and Mrs. Leo Emmott, Beloit, Kans.; Mrs. R. C. Wrench, Beloit, Kans.; Mr. and Mrs. Geo. Boyer, Brownfield; Mr. and Mrs.

Bill Brown and Lilly Mack, Midland; Mr. and Mrs. Everett Turner, Sue Turner, Welch; Mrs. Clarence Wright, Glenda Wright, O'Donnell; Mr. and Mrs. W. F. Coor, Doyle, Taline, Maurine, Frances, Carolyn, Brownfield; Betty Sue Godwin, Brownfield; Clela Fern, Doris Lavern, Annette Sweatt, Seminole.

TEXAS BOND LEADER

Fred F. Florence, who is Chairman of the Texas Advertising Committee, U. S. Independence Savings Bond Campaign, is President of the Republic National Bank of Dallas and a business and civic leader of the Southwest. He heads a statewide group of Texas newspaper publishers and advertising executives for a new advertising campaign in behalf of public purchases of savings bonds during the current drive, concluding July 4th. "Sale of U. S. Savings Bonds is essential to the stability of our country," Mr. Florence points out. "People who buy them are not only patriotic citizens doing a real service for their community and country, but are making a wise and sound investment for themselves."

DEATH CRASH—One man was killed and four other persons were injured in this head-on crash of a bus and automobile seven miles east of Midland on U. S. Highway 80. Luther C. Bearden of Mineral Wells, driver of the car was killed. The driver of the bus and three passengers were injured. (AP Photo)

Yandell Announces For County Clerk

I, Wade Yandell, would like to take this opportunity to announce my candidacy for county clerk of Terry county.

I was born in Lynn county. I am 22 years old and have been a resident of Terry county for the past eight years. I am a graduate of Brownfield high school and will receive a Bachelor of Business Administration degree from Texas Technological college in January.

I offer to you, the voters of Terry county, the following: 1. Ability, 2. Education, 3. Responsibility, 4. The desire and need for the job.

Your vote and influence will be sincerely appreciated.

Respectfully yours,
WADE YANDELL

Sam C. White In Race For J. P. Office

Sam C. White, long time resident of Brownfield and Terry county, this week authorizes the Terry County Herald to announce his candidacy for the office of justice of the peace.

Mr. White's statement to the voters follows:

"In announcing for the office of justice of the peace may I thank you for the many favors shown me in the past, and I will appreciate your vote and influence for this office very much."

Fascinating Fashions

Summertime, with its informal activities and al fresco parties, is a season of fun and outdoor festivities. To look your best this summer in informal cottons and sheers calls for a trim, lithe figure; outdoor life also focuses attention on

Lucille Wall

the oft-neglected portions of the female figure — elbows, feet and legs. Now is the time, a month before you start planning beach picnics, to take stock of these points after a winter's inactivity.

There are a number of simple home exercises which, conscientiously practiced, can do wonders for form and feet. A few minutes each day is all that's needed to

tone up the system and put you in shape for the coming summer.

For fundamental beauty and health, the two feet you stand on cannot be overemphasized. Lucille Wall, lovely radio actress and heroine of the NBC daytime drama, "Portia Faces Life," spends much of her time standing in front of a microphone, during exacting rehearsals and radio programs and consequently is aware of the importance of healthy feet.

"I try to spend a few minutes each day on foot exercises," says Lucille. "One of the easiest is to roll an empty bottle under each foot for a few minutes; this exercise strengthens the arch and relaxes the innumerable muscles and nerves of the feet." Another foot-saver is the well-known exercise of picking up marbles with the toes, which involves rotating movements very good for the arch.

As for foot beauty, Lucille advocates special attention to the appearance of these important appendages. "I love the barefoot sandals and open slippers that are so popular now," she smiles, "but they mean that a lot of eyes will be noticing your feet. A good pedicure is essential."

An application of a good hand lotion or cream to your feet after your bath will help to soften the tough skin that sometimes appears on heels or soles. Then a quick going-over of toenails with emery board and a bright shade of polish should be enough to give you a pair of handsome and healthy feet, glamorous enough to display at the beach or on the dance floor.

Test for Best Cotton and Grain Being Made

Hugh Porterfield, manager of the Brownfield Experiment station eight miles west of town, was in this week and gave the Herald a list of the breeds of cotton to be tested this year. It will be remembered that hail last year spoiled tests on cotton. Seventeen varieties are being tested on fairly tight and sandy lands.

Will state that the wheat and rye crops are now being harvested. There are 13 varieties of wheat and three of rye. Of course the reader should be informed that these varieties are in small strips of necessity, but one can drive along the Plains highway and watch their progress. Each variety is plainly marked along the highway margin.

GETS FIRST SACK OF SALT PRODUCED HERE

Grady Goodpasture of Goodpasture Grain and Milling Co., informed the Herald this week that he received the first bag of Terry county made salt, being produced now in quantity, 10 miles southeast of town.

The writer was somewhat disappointed that right now none is made to shake on your steak—if any—but is to come later. It is being made by the Pioneer Salt Co.

CARD OF THANKS

I wish to take this means of thanking my friends for their many kindnesses shown me through the cards, flowers and words of sympathy at the time of my sorrow and during my hospitalization, May God richly bless you.

Roy Jenkins.

Destructive Hail Hits Meadow-Ropes Area

A scope of country north of the town of Meadow, around Ropes and especially west of that place, had a very destructive hail Monday night about dark. It was reported here that some 10,000 acres of cotton was beat into the ground.

However, Ches Gore reported to the writer Tuesday afternoon that he had a fine rain and little hail on his farm 12 miles north of Brownfield, but just a short distance north of him they really caught it.

Also there are some sections of the county that has not up to this time received sufficient rain to bring up cotton and feed. Some have "dry planted," and are still waiting for rain.

Glad to see Jerry Kirschner back on the job again. Heard he had mumps while away recently.

BEEF CASSEROLE

One-dish meals are a joy to the homemaker. They save time and trouble in preparing and are dishwasher a light job. Here is a suggestion for a splendid meal—a dish that contains a wealth of food values. Try

Beef Casserole

5 strips of bacon or salt pork
3 cups (2 lbs.) beef cut in cubes
salt, pepper, and flour
3/4 cup sliced onion
1 1/2 cups peas
1/2 teaspoon sugar
1 tablespoon lemon juice
1 1/2 cups tomato juice
1 teaspoon Worcestershire sauce
4 carrots (about)
mashed potatoes

Fry the bacon or salt pork. Season flour with salt and pepper. Dredge the cubed meat. Brown the meat on all sides in the pork or bacon fat. Add sliced onions, sugar, lemon juice, and Worcestershire sauce. Cook about five minutes. Add tomato juice. Cover and steam until almost tender. Add carrots and peas. Cook until meat and vegetables are tender. Place in casserole. Top stew with well seasoned mashed potatoes. Brown lightly in hot oven or under broiler unit. Serve hot. (Lamb or veal may be used in place of beef.)

"Said A Son To His Father" will be the sermon topic at the services Sunday, June 18. A special musical number will be given by the men's quartet.

At the evening service the sermon topic will be "A Good Man's Blunder." Special music will be given by the choir.

All men are cordially invited to attend the Sunday services.

JOHNSON HD CLUB MEETS

The Johnson HD club met Tuesday in the home of Mrs. Fred Holloway. Roll call was answered by giving their favorite summer dish, as the program was on vegetables and salads. The garden leaders are Mrs. Bench and Mrs. Holmes, with each giving a demonstration on salads and each brought a salad which they had made. Mrs. Holloway made a Mexican dish of tamale pie and rice.

Refreshments were served to 11 members and two new members, Mrs. Harcer and Mrs. Fox. The next meeting will be in the home of Mrs. Odesia Johnson on June 26.

Elmer C. Watson of Meadow, candidate for County Supt., was in this week on business and stated he had finished his wheat harvest, which turned out better than he figured it would two months ago.

We note that the unofficial population of O'Donnell, second city in size in Lynn county, was given as 1468. If they had 4 more people, they would have had exactly the same number of people that Terry county had in 1910.

Former Teacher Will Wed On Radio Program

Announcement has been made that Miss Jessie Harris and Granville McElroy, both of Altus, Okla., will be married in Hollywood, Calif., June 20, in the Country Church of Hollywood.

The wedding ceremony will be broadcast over the radio program "Bride and Groom" at 2 p.m. Wednesday, June 21.

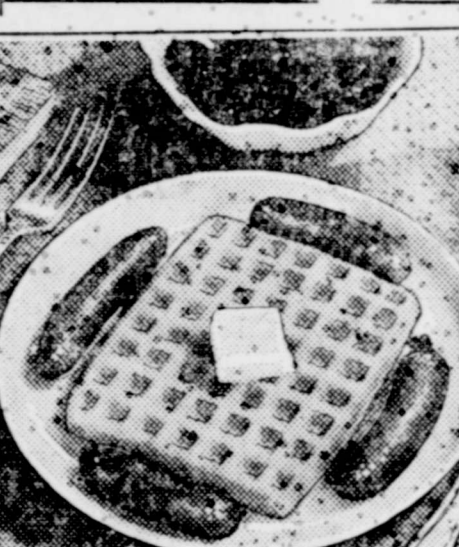

Miss Harris, sister of Tom Harris, was a teacher in the Brownfield school system for the past two years.

STREET DEPARTMENT CLEANING UP

We don't remember ever seeing more sand and dirt blown into the gutters of the paved streets than this year. In some places it was 12 inches deep.

The street force is all out this week in an effort to make them look presentable, and they are doing a great job. But they will have a whale of a lot of dirt to move.

Mealtime MARVELS

WAFFLES

Businessmen, homemakers, and school children alike need a wholesome, nourishing breakfast to supply an ample amount of energy for the morning's activities. Waffles, served piping hot with bacon or sausage, give the family a cheery send-off with calories aplenty to prevent a mid-morning let-down.

Basic Waffle Recipe

- 2 cups sifted all-purpose flour
- 1 teaspoon salt
- 3 teaspoons baking powder
- 1/2 cup fortified margarine
- 2 eggs, beaten
- 1 1/2 cups milk
- 2 tablespoons sugar, optional

Sift flour, salt, and baking powder together. If sugar is used, sift with the above ingredients. Cut in the margarine as for making biscuits or pastry. Combine the beaten eggs and milk and mix with the other ingredients. Stir lightly. Do not overbeat. Follow manufacturers' instructions for your particular waffle iron for baking. Serve right from the iron with a generous supply of margarine and syrup or jelly.

For other tempting, nutritious food ideas, send today for your free copy of "Mealtime Marvels with Margarine," a helpful, 32-page recipe booklet in two colors. Write National Cotton Council, Box 76, Memphis, Tenn.

Newspaper Is Target Of Anti-Trust Suit

WASHINGTON, June 14 (P)—Attorney General McGrath today announced he had filed a civil anti-trust suit against the Times-Picayune Publishing co. of New Orleans charging monopolistic practices.

He said the suit, filed in the U. S. district court at New Orleans accuses the company and four of its officers and employees "with combining and conspiring to restrain and monopolize commerce in newspapers, in the dissemination of news and advertising, and in supplies, and with entering into unlawful contracts with advertisers."

The announcement said those named in the suit, in addition to the company, are L. K. Nicholson, president of the company; John F. Tims, jr., its vice president and business manager; Aubrey F. Murray, advertising director; and Donald W. Coleman, circulation manager.

Note: The above appeared in Wednesday's dailies. We have been hearing of some "exclusive and special contracts" in this section of late. Maybe the Attorney General might be interested in small as well as large fish.

Johnny Portwood made a business trip to Dallas this week.

We Predict McDonald Will Win In Court

Personally we do not admire Ag. Commissioner J. E. McDonald too much—never have. It was not because he is an independent voter. We always thought that his business. We have never admired some of his dictatorial methods. But the average voter disagreed with us, and have elected him term after term, when we voted against him, if he had an opinion.

But we believe that he'll force the Democratic Executive committee to put his name on the ballot if it comes to the Supreme Court. And if their decision does not come in time, then a suit action against them. While the committee denies this a parallel case of the Tom Ball case, who voted for Hoover instead of Al Smith, it seems to us they are similar.

In fact, we have never read a pledge on any ballot since we have been old enough to vote that pledged one to support anyone except "the nominees of that primary." It certainly does not pledge you to support some convention nominee that fall, or two or four years in the future.

And people who try to twist the pledge to make it that way lack a bit of common honesty. We hope the time may come when primaries may be made as liberal as in California.

Pen and Ink Monument

By Lee Priestley

THE French gentleman paused with his hand on the door-knob of Charles Perrault's study. Turning to say a word of farewell to the old man who had buried himself in his country chateau, the visitor shook his head sadly.

Even before the visitor left Charles Perrault had picked up his quill pen and taken some sheets of paper from the desk drawer in which he had hurriedly hidden them when his servant had announced the visitor. Already his quill pen went scratching and squeaking across the page. It was true, thought the visitor, what other visitors from Paris had reported. The old man, once the intellectual leader of France, was not quite right in his head.

On an impulse, the visitor returned to the desk where Charles Perrault wrote so busily. "What is it that you write, M'sieur?" he asked curiously.

The old man looked up with a start. "Oh, nothing . . . nothing but old tales with which I amuse myself."

THE visitor had heard about the nonsense that Charles Perrault wrote. He asked: "Old stories that the peasants tell? Tales that children's nurses repeat at bedtime?"

The old man nodded, a spark of eagerness coming into his faded eyes. "I have finished the tale of 'Puss in Boots' and 'Cinderella' and now I begin another—"

"Is this childish stuff proper work for you who have been a brilliant debater and a poet? For you who helped design the great building of the Louvre? For the man who was King Louis XIV's spokesman in the learned Academy of France?"

"They are interesting tales," said Perrault.

The visitor shook his head sadly. "Let us not quarrel about this," he said. "I will return now to Paris and suggest to your friends

Circles In

For a playground version of Musical Chairs, play "Circles In, Circles Out." Draw a large circle on the pavement. Players are to walk either inside or out of it, as they choose, while the music plays. (A harmonica can supply the tune.) As soon as it stops, all those inside the circle are "out." Keep playing until only the winner is left. For a "sit down" Musical Chair session, players arrange themselves, cross-legged, on the floor. Now pass around a handkerchief. The person who is holding it when the music stops is dropped from the game.

Add-a-Letter

Add a letter to part of "to be" and have "an eccentric wheel," another letter and have "arrived," another and have "a desert animal."

A Slight Error

Millie never could understand why she lost her vacation job as waitress at the Breakwater Beach Hotel. All she did was mix her orders at Table No. 5 and ask the 200-pound dowager if she was the "stuffed mackerel."

New Methodist Pastor Calls On Herald

Rev. Dallas D. Denison paid the Herald his first call Wed. Let us say in the outset that this minister is by no means a stranger in this section. Back in the early thirties he was the Meadow-Ropes pastor when the two towns were using only a half time pastor. Of course he visited in Brownfield frequently then, and led the song services here at the First church in a revival.

Both he and wife are thoroughbred west Texas folks, and are easy to meet. They are now well domiciled in the splendid parsonage that the church built a few year ago. We hope this will not be the last visit of this pleasant minister.

Our friend Walter Bond who is water bound down at Houston, renewed this week. We have hoped for years that Walter and family would some day return to old Terry.

of Artesia N.M. Mr. and Mrs. C.S. Carroll and Linda Kay, Mr. and Mrs. D. S. Carroll and family visited Mr. and Mrs. T. P. Carroll of Meadow Sunday. Mr. and Mrs. Porch are spending the week with Mr. and Mrs. Carrol.

Mrs. Harris and Mrs. J. T. Henderson visited Sunday with Mr. and Mrs. W. J. Henderson.

PROGRAMS SET BY COMMUNITY CHORUS

At a meeting of the executive committee of the Brownfield Community Chorus held last week the decision was made to present the Christmas portion of "The Messiah" as one of the main projects for the coming year.

The group also decided to present a secular program next spring, with numbers by the entire group.

Next year's first meeting will be held the first Tuesday in September. Mrs. Grady Goodpasture is president of the organization and Richard Young is director.

Mrs. Floyd Brennon and Mrs. Mozelle Tillery of Stamford were week end visitors of Mr. and Mrs. E. A. Neal.

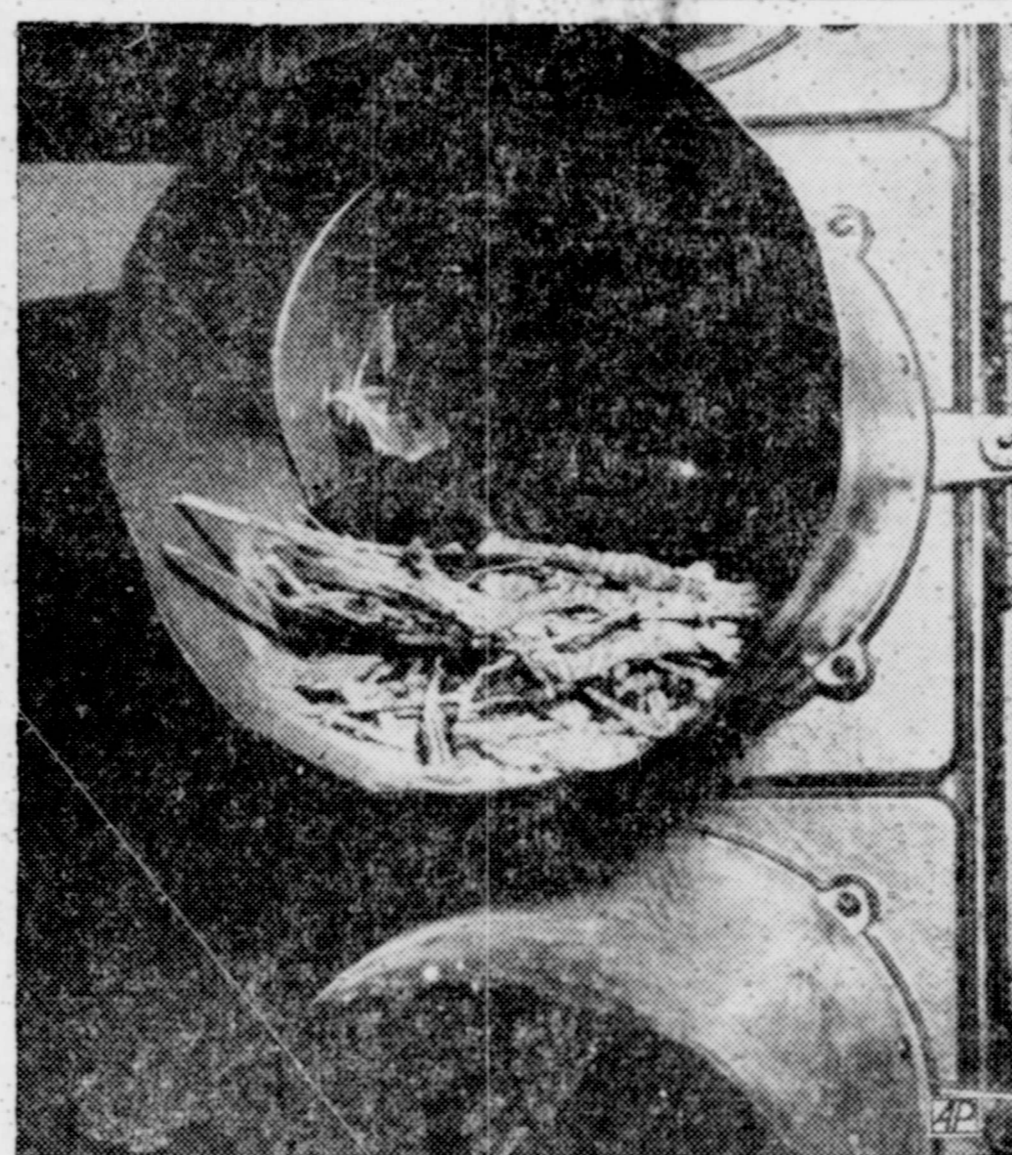

SOUTHERN CHICKEN CASSEROLE

The South and fried chicken are synonymous where food is concerned, for Dixieland has been famous for its fried chicken since plantation days. Now from the new South comes a delectable variation on the fried chicken theme. It is called

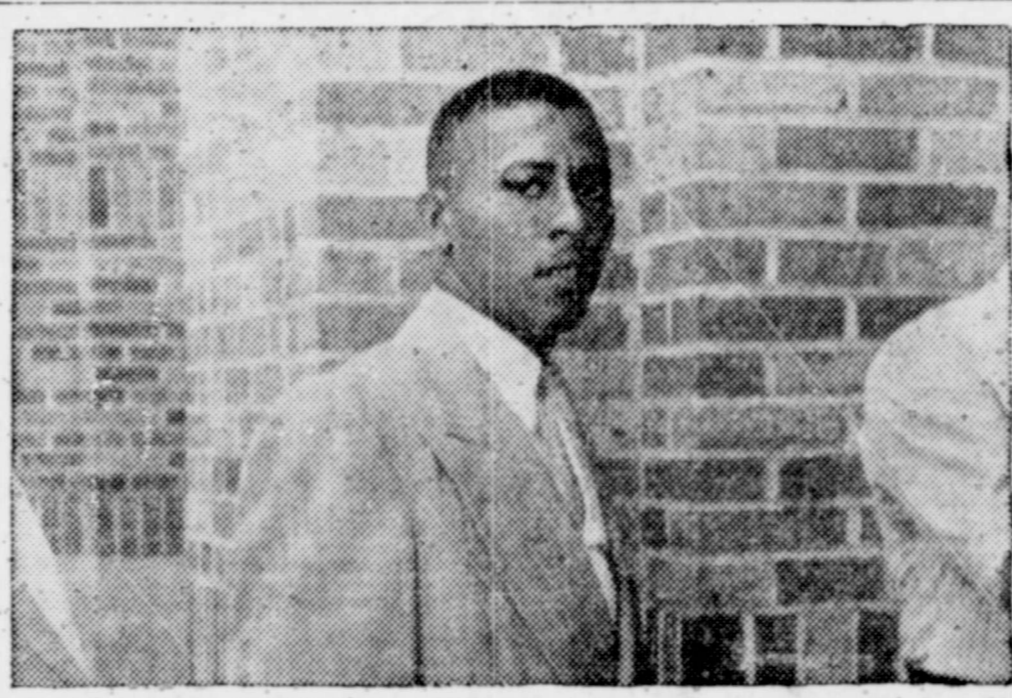

Southern Chicken Casserole
1 fryer disjointed
1/2 cup flour
salt and pepper
4 tablespoons fortified margarine
1 small bay leaf
2 tablespoons lemon juice
1 tablespoon Worcestershire sauce
1/2 cup water
1 small can mushrooms (stems and pieces)

Season the flour with salt and pepper. Cover the chicken well with the seasoned flour. Place in casserole. Dot with bits of margarine, add bay leaf, mushrooms, Worcestershire sauce, lemon juice, and water. Cover. Place in a preheated moderate oven (325° to 375° F.) and cook for 1 1/2 hours.

For other tempting, nutritious food ideas, send today for your free copy of "Meatime Marvels with Margarine", a helpful, 32-page recipe booklet in two colors. Write National Cotton Council, Box 76, Memphis, Tenn.

Annie Ruth Paschal And Floyd Camp Wed

Miss Annie Ruth Paschal, daughter of Mr. and Mrs. W. B. Paschal of Gomez and Floyd E. Camp, son of Mr. and Mrs. C. C. Camp of Magazine, Ark., were married May 27 in the College Avenue Baptist Church at Lubbock. Abe Hester Jr., minister of the church, performed the

Mrs. Floyd E. Camp

was best man. Ushers were Fred Widmoyer and Stuart Vessy, both of Lubbock.

A reception given in the home of Mr. and Mrs. E. R. Wells of Lubbock, was held following the ceremony. The bride's table featured a centerpiece of carnations around the bride's Bible and bouquet. Mrs. Wells and Miss DeAeon Ward. Miss Ruth Conway presided at the guest register.

Out of town guests were present from Lubbock, Littlefield, Brownfield, Amarillo, Smyer, New Deal and Corpus Christi.

For a wedding trip to Amarillo, Mrs. Camp wore a navy blue linen dress with white accessories and a white gladioli corsage. Following their trip, the couple is at home at 1414 Thirteenth St., Lubbock, where they both will attend Texas Tech this summer.

Mrs. Camp is a senior student at Texas Tech. Mr. Camp holds a Master of Education degree from Tech, and was a teacher in the Whiteface school system last year.

W. A. ROBERSON HOME WAS SCENE OF PARTY

Dr. and Mrs. W. A. Roberson entertained Friday night, June 9, with a bridge party in their home.

Dinner was served to Messrs. and Mmes. Bill McGowan, Coleman Williams, M. J. Craig Jr., Dick Chambers and Jerry Kirschner.

Mrs. Williams was high for the women and Mrs. Kirschner binged. Mr. Kirschner won men's high score and Mr. Williams binged.

Bill Tilson stated recently that he was not going too heavy on cotton. In fact he talked as if he didn't have any planted. From the drift of his remarks, labor for chopping and pulling was too much of a headache. Well, a man with a grain crop is not so at the mercy of migrant farm labor.

Mr. and Mrs. Archie Thompson of Coahoma were up last week visiting in the homes of Mrs. Thompson's sisters, Mesdames Fred Smith and Bernard Lay. Archie informed us that a Big Spring retired railroad man was running against Gen. Mahon for congress. This was our first that George had competition.

Miss Frances Brown Married R. B. Young

Miss Frances Ruth Brown, daughter of Mr. and Mrs. Frank Brown, and R. B. Young, son of Mr. and Mrs. Frank Walters, all of Meadow, were married June 10 in the Meadow Baptist church. The Rev. Mathew Doyle read the double ring ceremony.

Mrs. Boyce Vetter, organist, and Pat Schwartz, soloist, furnished the wedding music.

Given in marriage by her father, the bride wore a white gabardine suit with navy blue accessories and a gardenia corsage.

Miss Jo Ann Jones of Levelland, cousin of the groom, was maid of honor and Billy Dale Brown, brother of the bride, served as best man.

After a wedding trip to New Mexico, the couple is at home in Lubbock.

Visitors Honored At Party Saturday

Honoring Dr. and Mrs. Ben Cooley of El Paso and Mrs. Cooley's sister, Mrs. Spike Short of Washington, D. C., Mr. and Mrs. A. M. Muldrow entertained with a card party in their home Saturday night, June 10.

The guests list included the honorees, and Messrs. and Mmes. Clovis Kendrick, W. A. Roberson, Gordon Richardson, Sam Richardson of Bay City, Burton G. Hackney, C. G. Griffith, Wayland Parker, V. A. Bynum, Milton Addison, Jess McWhirter, Paul Cobb, Forrest McCracken and Paul and W. A. Bynum.

All of the guests attended the Scottish Rite reunion held in El Paso in April.

Mesdames Ray Hailey, Alfred Gore, J. E. Gillham and Tommy Zorns spent the week end in Ruidoso, N. M.

Mr. and Mrs. T. G. Sexton and Mr. and Mrs. R. H. Decker and Frank Decker visited Mr. and Mrs. C. H. Decker and family in Seminole Sunday.

Mrs. Paul Campbell and daughter and Mrs. Bill Glick and daughters left last Wednesday for a two week vacation with friends and relatives in Breckenridge, Mo.

Dr. and Mrs. Ben Cooley of El Paso and Mrs. Spike Short of Washington, D. C. were week end guests of Mr. and Mrs. A. M. Muldrow.

Mrs. Robert Harris and daughter Jane of Raymondville spent last week with Mrs. Harris' sister-in-law, Mrs. A. W. Turner and family.

Garner Home Scene Of Wedding June 11

In a double wedding ceremony performed at 3:30 p.m. June 11 in the home of the bride's parents, Miss Patsy Garner became the bride of Gayle Pope, and Miss Marcia Garner became the bride of Carrol Herring. The bride's parents are Mr. and Mrs. H. G. Garner. Mr. Pope's parents are Mr. and Mrs. L. F. Pope of Rochester, and Mr. Herring is the son of Mr. and Mrs. J. C. Herring.

B. H. Baldwin, minister of the Union Baptist Church in Lubbock, performed the double ring ceremony under an arch of greenery flanked with twin candelabra and baskets of white and pickard gladiolus.

Candlelighters were Carol Ann Garner, sister of the brides, and Peggy Herring, sister of Carrol Herring.

Mrs. Gerald Nelson, soloist, sang "Ah Sweet Mystery of Life" and "Because," accompanied by Mrs. Alton Garner, sister-in-law of the brides. Mrs. Garner played "I Love You Truly" during the ceremony, and "Indian Love Call."

Given in marriage by her father, Mrs. Pope wore a white pique street length dress with white accessories. Also given in marriage by her father, Mrs. Herring wore a navy lace and crepe street length dress with white accessories. Both brides carried out the traditional something old, new, borrowed and blue. They carried identical bridal bouquets with detachable gardenia corsages on top of their white Bibles.

A reception in the Garner home followed the ceremony. The brides' table was centered with a reflector which was creled with the double wedding cake set on a green fan shaped nylon net and pink roses. The arrangement was flanked with white tapers. Mrs. Homer Carey, Lena Bill Bearden and Gladys Swain presided at the table. Joyce Herring, sister of Carrol Herring, presided at the guest register.

For traveling Mrs. Pope chose a two piece brown and white dress with matching accessories and a gardenia corsage. After a wedding trip to Ruidoso, N.M., and Austin, the couple will be at home in Brownfield. Mr. Pope is associated with the Amerada Petroleum corporation.

Mrs. Herring added the bolero matching her wedding ensemble for traveling, and a gardenia corsage. Following a trip to Ruidoso, and other points in New Mexico, the couple will be at home in the Union community. Mr. Herring is minister of the New Hope Baptist church at Hancock, Tex.

Mr. and Mrs. Bill Dugger visited their parents, Mr. and Mrs. W. W. Trice, in Stamford over the week end.

Mr. and Mrs. Joe Shelton and Jo Anne and Lyle are spending this week in Colorado Springs, Colo.

Mr. and Mrs. Jack Cleveland spent the week end in Amarillo visiting his sister, Mrs. Dan Davis and family.

Mr. and Mrs. Bennett Observe Anniversary

Mr. and Mrs. John M. Bennett recently celebrated their fiftieth wedding anniversary with an open house at 102 East Buekley.

Mrs. W. O. Helms, daughter of the honoree greeted guests at the door and presented them to Mr. and Mrs. Bennett and their other daughter, Mrs. Paul Lea of Delano, Calif.

Mrs. Roy Harris, sister of Mrs. Bennett, registered guests. Mrs. J. C. Wright, another sister of Mrs. Bennett and Miss Reva Newsom displayed the gifts.

The refreshment table was centered with a three-tiered wedding cake decorated with white bells edged in gold. Mrs. C. L. Sutton granddaughter of the honored couple, and Mrs. Roy D. Harris presided at the table.

Baskets of gladioli, roses and carnations, sent by their friends, decorated the house.

Assisting in hospitality were Mmes. Clyde Coleman, Dave Finney and Bill Spreen.

Out of town guests included Mr. and Mrs. John Spear and Mr. and Mrs. Lee Smyth and Milljohn of Snyder; Mr. and Mrs. M. E. Spear and Billy of Andrews; Mr. and Mrs. M. H. Hackney of Longview, Mr. and Mrs. Gene Bennett and Frank Bennett of Plains; Mrs. Lola Simpson of Kress, John Bennett Lea of Delano, Calif., and C. L. Sutton and Tony and Mike of San Angelo.

Fred Baldwin, Prentice Walker and Jack Shirley participated in the Hobbs, N. M., Country Club Invitational Golf Tournament held in Hobbs June 8-11.

J. E. (Buddy) Gillham was in Jefferson the early part of the week on business.

Country Club Supper Will Be Held Sunday

There will be a buffet supper at the Brownfield Country Club, beginning at 7 p.m., Sunday June 18.

All members of the country club and their families are invited to attend.

Mr. and Mrs. Sam Kirschner and Mr. and Mrs. Jerry Kirschner left Thursday for New York, where they will attend fall market for the Brownfield Bargain Center.

Gee Gee's Chit Chat

As the dog said when he caught his tail in the screen door, it won't be long now. Until the rodeo, that is. You know, newspapers are always receiving "press releases" about various things. Well, we got some from T. C. (Buck) and Tommy Steiner, owners of the stock to be used in the third annual Junior Chamber of Commerce rodeo June 22-24, and after I read about all the mean Brahma bulls they're going to turn loose out there, I'm thinking of starting a drive to get more and tougher wire strung around the rodeo arena. There's one called "Jim" that sounds like a pip, and we're printing a picture of him (I think) in this week's issue. And that's as near as I want to get to him.

Starting off the rodeo with a bang will be the square dance jubilee to be held at Veterans Hall the night of June 21. The Boot and Slipper club, local square dance organization "wheeled" by Dave Nicholson, is sponsoring the jubilee, in which clubs from all over this section of the country will participate. There will be several specialty numbers, I understand, and if square dancing fascinates you like it does me, you'll be sure to be there.

There seems to be so much going on in Brownfield these days that I can't keep up with it. I try, and it sure looks like I'd run some of this fat off, the way I leap around. With the landslide passing of the \$849,000 bond issue Monday, things should start popping even more pretty soon. Among some of the things that have gone on that impress me is the completion of the paving project at and beyond the Lubbock-Tahoka highway. I guess it impressed Kyle Graves and his long, tall drink-of-water-son-in-law (and my good friend, still, I hope) Slim Schellinger. At any rate, if you've noticed all the activity going on at the corner of the Lubbock highway and west Hill street, you'll know that Kyle and Slim are enlarging Kyle Grocery, and what a dilly it'll be when it's completed. I understand that Kyle is tired of being a city slicker and plans to move to the "country" out there with Slim.

Conversion Of 5-Year Level Premium Term Insurance
 R & PR 3433 provides that conversion of a Term policy must be effected within the term period and if not renewed or converted prior to the expiration of such period all protection shall cease.

The assistant administrator has interpreted this to mean that all requirements for conversion must be met prior to expiration of the term period but that the effective date of the converted policy may be the day immediately following expiration of the 'current' term period.

Example: Effective date of Term policy, Dec. 11, 1940; expiration date of Term policy, Nov. 30, 1948; premiums paid through Nov. 30, 1948; effective date of converted policy Dec. 1, 1948.

Requirements: Acceptable application for conversion Form 9-358 and remittance for converted policy postmarked not later than Nov. 30, 1948.

In cases of this kind it will not be necessary for the insured to submit an application for renewal form 9-1658.

These instructions do not apply to conversions which are to be effective later than the day immediately following the last day of the term period. In such cases it will be necessary that requirements for renewal be met before conversion may be effected.

GI Can Decide Who Gets NSLI, High Court Decides.
 The Supreme Court recently gave a decision that a state law cannot dictate who will benefit from GI NSLI insurance.

The question has come up in states with community property laws when a GI has named someone other than his wife as beneficiary. Laws in such states say that property acquired by either husband or wife becomes the joint property of both. In some cases a wife has brought suit after her husband's death claiming that since payment on the policy was

STRANGE CARVING DISCOVERED—In the jungles of Southern Mexico lies a huge, 15-ton stone head, believed carved at the beginning of the Christian era by an ancient people. This reproduction, now on display at the American Museum of Natural History in New York, was made by Dr. Gordon F. Ekholm, right, after the mammoth carving was discovered by Dr. Matthew Stirling, left. The original stone measures nine feet high, six feet wide, and 20 feet in circumference.

made out of community funds, she is entitled to half the death benefits. Justice Tom C. Clark, speaking for the Supreme Court, outlawed all such claims.

Terminal Leave Pay
 Some 30,000 World War II veterans failed to get their applications for some \$6,000,000 in terminal leave pay in before the deadline of September 1, 1949. For their information and for others who have neglected to file application a house resolution is being presented to the congress which will set a new deadline of June 30, 1951. The bill has to

 Relatives of World War II dead may now visit the graves of servicemen at four overseas cemeteries. These are Henri Chapelle in Belgium; Cambridge in England; Carthage in Tunisia; and St. James in France. Interments have been completed in these cemeteries and all of them except Henri Chapelle have been turned over to the Battle Monuments Commission.

Gave Incorrect Age At Enlistment
 Question: When I enlisted in World War I, I was a little older than I stated on my papers. If I get a birth certificate, would it be any help to me to have my pension increased from \$60 to \$72? Right now my age is 60 years.

Answer: You can always correct your actual age in the records of the VA with proper official documents and without penalty. If you are 65 it sure would help.

Point Is Plain As Shivers Gets Pen
 Governor Shivers, who signs pardons, received a new fountain pen Wednesday night from a Texas convict, appearing as a clown with the state prison rodeo here. William (Snuffy) Garrett, lifer from Dallas, walked boldly up to Shivers and said: "I'd like to present you with this new fountain pen, governor. I thought maybe you'd lost yours."

A New Bundle Grain Sorghum Developed

Seed of a new variety named Hi-Hegari has been released to certified seed growers for increase has been announced by Texas Agricultural Experiment Station. It is a tall variety of Hegari, bred and developed primarily for forage and silage.

Hi-Hegari has the high quality and palatable forage of Hegari and the same maturity and adaptation, but yields approximately 20 per cent more forage.

The first grain sorghums were tall and late maturing. Hegari, one of the more popular, was imported from Africa in 1909 and was first grown at the Chillicothe station. In 1938 Texas sorghum breeders came up with Early Hegari, a dwarf drought resistant, early maturing type which is still the principal variety of Hegari.

The labor shortage during World War II, the demand for grain and the development of the double dwarf grain sorghum brought the combines into the sorghum fields. In 1949, more than 85 per cent of Texas grain sorghums were combine harvested.

The popularity of the combine varieties in turn led to a shortage of bundle feed; the supply is expected to be shorter still in the future because of acreage reductions.

Plant breeders of the Texas Agricultural Experiment Station foresaw the need for forage and silage and for the past several years have been working on the problem. Hi-Hegari is the result.

The entire supply of seed has been distributed for increase, and a fair amount of Hi-Hegari will be available for 1951 planting through regular trade channels.

To Announce Support Of Grain Sorghum

Congressman George Mahon advised early this week that Department of Agriculture officials had informed him that all the papers had been prepared for an announcement of the support price loan on grain sorghum.

The announcement has been held up for weeks pending Senate passage of a bill increasing the capitol stock of the Commodity Credit Corporation. The Senate acted on June 6, passing the bill which the House had approved last March 23.

Mahon stated that Presidential approval of the pending measure was expected soon and that within a few hours after the President signs the bill, the grain sorghum loan will be announced. He said that the support price on grain sorghum might possibly be announced before the end of the week.

WHAT ARE WE OFFERED FOR HIMMLER'S STAMPS?

Walter G. Bayer of Dime Box, Texas, wonders what he can get for Heinrich Himmler's autographed stamp collection. Now on the U. S. capitol police force, Bayer noticed dispatches from Germany to the effect that gold and jewels of Hitler's dead Gestapo chief have been uncovered. The accounts said American tourists were swarming over the area buying all kinds of souvenirs at fancy prices.

"I was with the American military government when we first went into Hof Bayern, Himmler's headquarters town in Bavaria," Bayer relates. "A captain and I were the first to enter the castle which Himmler had abandoned during an aerial bombardment. On his desk I found this collection of 200 stamps, and Himmler's name is penned across the front of the book."

Bayer said he turned down a \$50 offer for the stamps made to him by a professional collector who did not know they once belonged to Himmler.

Fort Worth Visitors Will Be Here June 21

Wayne (Red) Smith, manager of the local Chamber of Commerce announced this week that he had been notified by William Holgen, general manager, Fort Worth Chamber of Commerce, that Brownfield would be one of the cities to be visited on the second day of a two-day tour which a delegation of some 30 to 33 Fort Worth business men will be making to cities in west central Texas and eastern New Mexico on Tuesday and Wednesday, June 20-21.

The Fort Worthians, according to Holgen, will be traveling in a chartered bus and are due to arrive in Brownfield at 10:20 a.m. coming in on U. S. Highway 62. According to Holgen the delegation will consist of top-ranking banking, manufacturing, jobbing, wholesale, livestock, meat packing, grain, newspapers and other interests of the city of Fort Worth. The tour is the first into this section on which Fort Worth business men have ever gone in an organized group, and according to Holgen, much interest is in evidence about the trip.

This particular trip, he pointed out, is rather unusual in that in the interest of time, as well as travel-comfort, the tour will combine the best features of both rail and bus transportation. The tour will originate in Fort Worth, 9:00 p.m., Monday evening, June 19, when the Fort Worth delegation boards special pullmans attached to the regular Santa Fe train moving northwest. Members of the delegation will have breakfast before arriving in Post, which is both the point of origin and the first city to be visited on the tour by bus.

The delegation will arrive at Post at 7:34 a.m., Tuesday, June 20, and will begin their visits with local business men immediately after their transfer from the train. At 9:00 p.m. the Fort Worth delegation will start the

trip westward, with stops scheduled the first day at Tahoka, O'Donnell, Lamesa, Seminole, Denver City, Texas and Lovington and Hobbs, N. M. Luncheon the first day will be with business men in Lamesa and at Levelland the second day. Dinner stops the first and second evenings will be with business men in Hobbs, and Lubbock, respectively. Local Chamber of Commerce managers are being called upon by the Fort Worth chamber to handle details in connection with luncheon and dinner plans, as well as for the regular stops, "so as to permit fullest possible fellowship" between local business men and the Fort Worthians.

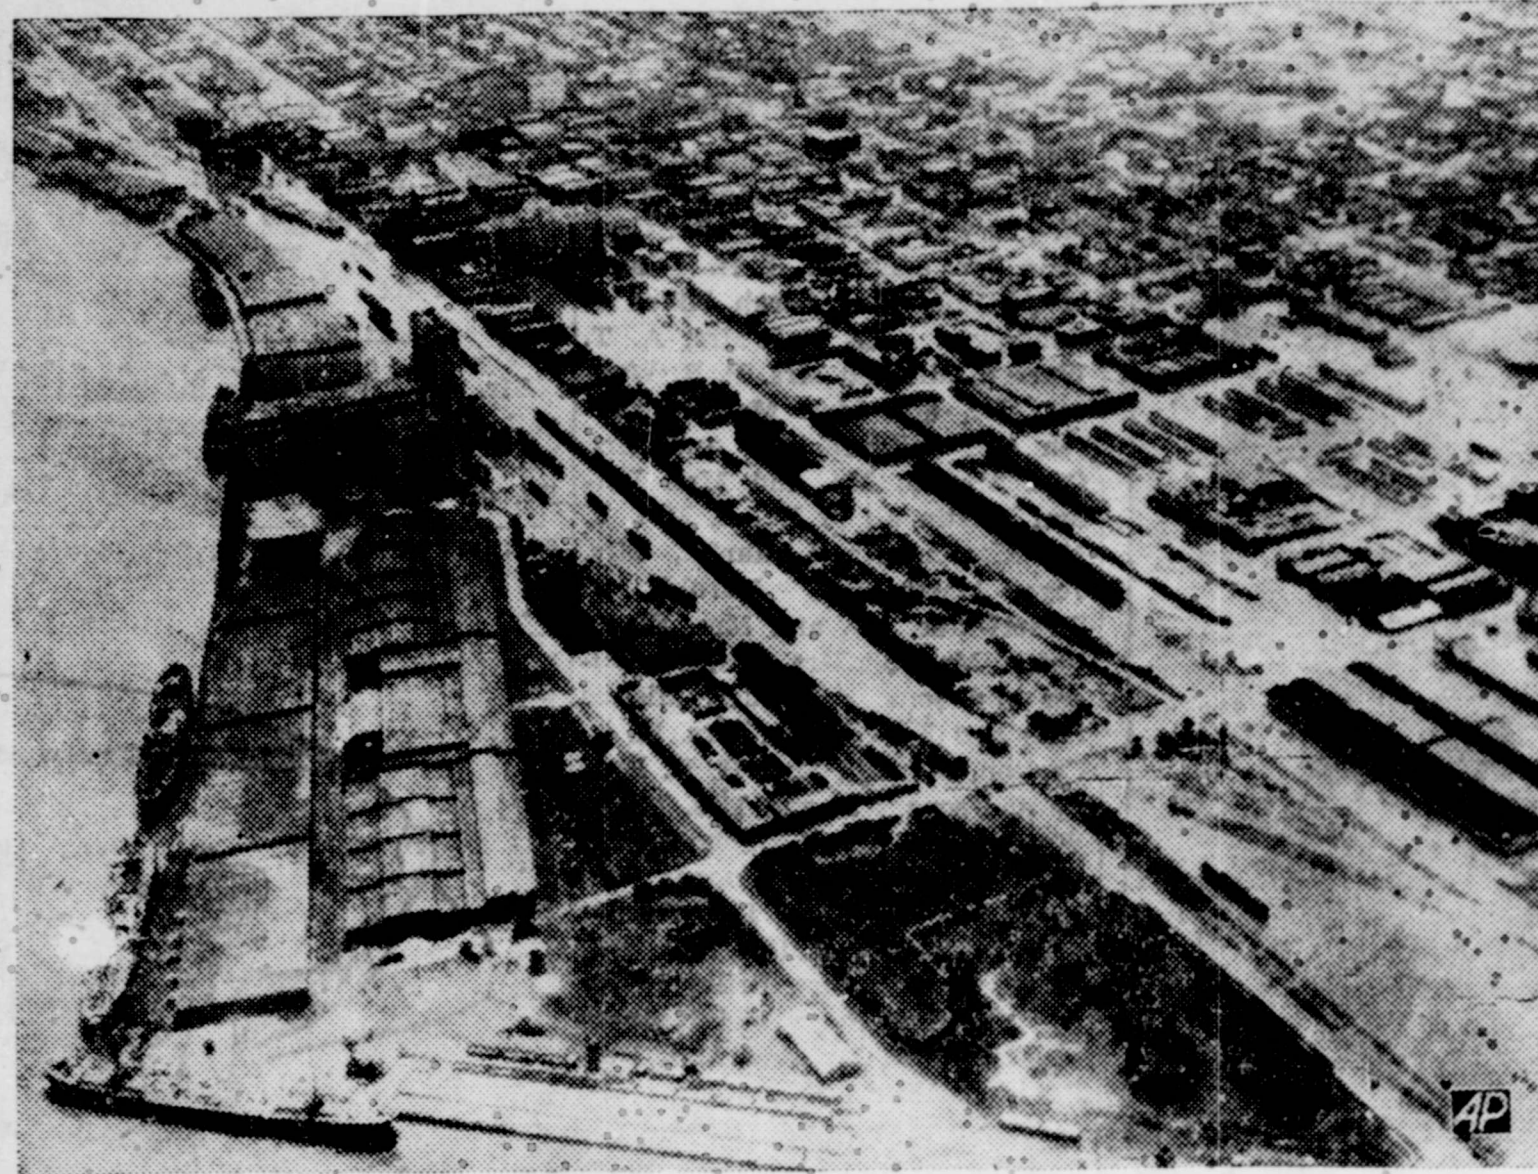

Following visits with local business men in Brownfield, the visitors board the bus at 11:00 a.m. for the next stop, Levelland. After the Lubbock dinner meeting, on Wednesday, the delegation will board their special pullmans and ride the regular overnight Burlington train back into Fort Worth, arriving there at 6:00 p.m. Thursday, after having visited eleven west Texas and two New Mexico cities.

WANTS TO BE STATE AG. COMMISSIONER

Tom Fairey, candidate for State Commissioner of Agriculture, stated that the Texas Department of Agriculture is "twenty years behind the times" in announcing his campaign platform last week.

The 41 year old Travis county farmer and stockman outlined a demand for modernization of the department saying that "the responsibility to take the lead in reorganizing our state agricultural activities rests squarely with the State Commissioner of Agriculture."

Fairey said that he felt economy and efficiency could be gained by

Stricklinly Speaking

By Old He

How times do change. The O. H. read a real thriller or two back in the gay nineties, by Jules Verne, a French story teller famous at that time. One of them was "Twenty Thousand Leagues Under the Sea." How utterly fantastic, yet interesting, we thought. Yet one of our submarines sailed entirely under water from Hong Kong to Pearl Harbor recently, a matter of 5,500 miles.

Then there was another one by the same author almost as unreasonable, we thought, called "Around the World in 80 Days." Some of our faster planes now make it in that many hours. Last but not least, Jules finally brought out one called "Journey to the Moon," utterly impossible. But there has been talk of trying that, and we believe Messrs. Oscar

Boom and Ally Oop, comic strip performers, have already made the trip. Also they are planning a trip to Mars if Ally can get off with the jewelry of the King of Moo. We refuse to be surprised at anything these days.

Read an article recently in the Abilene Reporter News taken from Rotator, Abilene Rotary Club paper. To make a story short, it related the fact that a negro and his wife came to the Lorraine country in 1879 and took up several sections of land; had plenty about them, cattle, etc., and were highly respected by whites and blacks alike.

The only discrepancy that we noted was that the wife is now 80, her husband being dead, and that they came to Lorraine as man and wife in 1879. She would have been a bouncing bride of 9 years of age at that time.

Well, we note that the Texas Press Association folks are fixing to put the little pot in the big one down at old Cowtown this week end. Not only will they have the best speakers the nation affords on printing subjects, but there will be a number of free feeds, one by Armour & Co. packery, and a barbecue at Star-Telegram publisher, Amon Carter's Shady Oaks farm, where he entertains all the big shot visitors to Ft. W.

And to make it even more interesting, the Washer Brothers has sent the Herald a coupon that entitles us to credit account while there, and "they hope we will use it." Well, we could use a pair of socks or two, even a few hankies. But Ft. W. is a long way off and these "rare days in June make us so tired and sleepy." Besides no one offered to pay our rail or bus fare.

According to an AP dispatch from Oklahoma City, a lady one-

just getting old." There is a lot of water under the bridge of a lot of us old timers, R. M.

Nope, Pierce Brooks did not disappoint us after all. He came out for Lieutenant Governor about the same day our article came out last week.

We note there is a new editor of the Texas Prison Echo. That fellow Houser or Houser or whatever his real name was, who used to solicit ads for the Herald, is no longer the editor. He has served his two years, less good behavior—probably involuntary—and is gone, somewhere.

He will be remembered very distinctly by several of our business men. He pillooned our check books, learned to very neatly copy the signatures of the Senior and Junior members of this firm. And that he cashed some \$1800 worth of these checks one Saturday night and beat it.

There was at least one good business man here who was to learn the release date of Houser in advance; meet him at the gate and give him a good pistol whipping. Time probably mellowed his intentions.

After doing this firm and others all the damage he did, he had the unmitigated gall to write the Junior member apologizing for the trouble he had caused us, but laid all the blame to his unsatisfied craving for whiskey.

He might have added—and women—as his paramour left the same time he left. The less we see of this vagabond in the future the better it will suit us.

But on the brighter side, we have had several farmers report the best crop they ever had for the time of year, and it looked like a month ago that we were all blowed up so far as rain and crops were concerned.

So goes that old saying we have heard since coming to west Texas, especially, "West Texas can promise more and deliver less; promise less and deliver more than any country on earth."

Tomorrow down at Corpus Christi, they are opening a 2 million dollar causeway between that city and Padre Island. Padre Island, by the way, is today as unspoiled by man as in the days of Jean Lafitte. And they are going to have a "Treasure Hunt" in connection with the event. Of course Padre Island will civ-

How **SMOOTH** can a ride be?

THAT'S a question well worth answering before you settle on your next automobile.

For what fun is there—what thrill—in a car that is prisoner to the city streets, slowed down by roads a Buick is built to take in stride? So we'd like to show you just how much smoothness your money can buy. How levelly you float over cobbles and car tracks—over rutty gravel and wavy black-top—in this stunning traveler.

The car will be any Buick you prefer—SPECIAL, SUPER or ROADMASTER. You can name the place—pick a spot or a stretch you know so that you can measure Buick's smoothness against your own experience—and we'll promise you a new sensation in riding comfort.

The time can be any time you want to arrange with your Buick dealer—who is ready to show with actual figures that "if you can afford a new car you can afford a Buick."

See him, will you, and treat yourself to some real comfort?

Only Buick has Dynaflo* and with it goes:

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.)

NEW-PATTERN STYLING, with MULTI-GUARD fender, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • 60FT BUICK RIDE, from all-coil springing, Safety-Ride rim, low-pressure tires, ride-tending torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

HERMAN'S GIN FOSTER GIN

TRAVIS GIN NEEDMORE GIN

A BRIEF ON BEHALF OF THE TERRY COUNTY COMMISSIONERS' COURT

State Highway No. 137 is the designation of the road on the west edge of Brownfield, it being an extension of Highway No. 137 from Stanton to Lamesa and Brownfield. Some ask the question why not let it be an extension of Farm to Market road No. 403, instead of State No. 137. Our answer is because it might cost Terry county 4.2 miles of Farm to Market roads in the future which is over \$30,000, and here is the reason why:

In 1948 we met with the State Highway Commission after they had built 29 miles of F to M roads in Terry county to ask them to take over the 50 1/2 miles of F to M roads we had built with local bonds and also to ask for more F to M roads, which amounted to

22.7 more miles. The Commission informed us that the state was only going to build and maintain 25,000 miles of F to M roads, and out of the 25,000 miles Terry county was allowed 103 miles and that if they granted our request it would total 102.2 miles and that we would have coming 8-10ths of a mile, we had to do some quick thinking, so we reduced our request from 50 1/2 miles down to 24 miles. This added to the 26 miles they had built and the 19 1/2 miles they contemplated building would only be 72 1/2 miles maintained by the State and if the State and Fed. Gov. ever gets more money for F to M roads we will have 30 1/2 miles coming to Terry county which is over \$200,000 worth. Of

course we could have wished it all off on them and then if the State has any more money to build F to M roads Terry county's throat would be cut and could not even get 1 mile. The cut off on the west side of Brownfield will be State Highway No. 137 and 3.2 miles will be built and 1 mile of the cemetery road will be taken over which is a total of 4.2 miles of State Highway and will not be counted against our 103 miles allocated to Terry county, and this 1 mile of cemetery road will be added to our 30 1/2 miles and we will be entitled to 31 1/2 miles of F to M roads in the future. We hope everyone can understand this.

At the request of hundreds of farmers, local business men and others interested in this 4.2 miles, it has been under consideration and a trade was made with S. C. McCarty, Div. Engineer at Lubbock, April 29th, 1949. During this time down to the present time, all promotion was made public, no secrecy was indulged. Local newspapers carried items about the progress, no complaints were heard until May 29th, 1950, when a group of persons having businesses on U. S. Highway and State Highway 51 which goes through the east part of town, protested against the cut off, and we learn are protesting to the State Highway Department, and threaten legal action. This Court acted throughout in good faith, did what we believed to be the best interest of Terry county, the city of Brownfield, and the traveling public, and if we had wanted to hurt Brownfield we would have asked the State to name it State Highway No. 51 cut off, instead of State Highway 137 extension. Every member of this Court likes Brownfield and want to see it build. The city of Brownfield and Terry county went in together on numerous projects to promote Brownfield and Terry county, and the feeling between the members of the two bodies are good.

Lamesa has just completed a by pass just one block east of U. S. Highway 87 to relieve the congestion. Plainview has their U. S. 87 2 blocks west of the courthouse. Levelland we understand is trying to get one or two bypasses. Littlefield has Highway No. 54 that cuts off on the south side of town. You all know the traffic conditions in Lubbock but few people realize how much the right of ways cost to complete the dispersal there. Of course we all know that Brownfield is not as large as Lubbock, but we do have hundreds of oil field trucks that run between

If this extension of State Highway No. 137 is blocked it will probably block the FM road 1076 from State Highway 137 to Union school house, a distance of 2.5 miles. Also FM 213 opposite Union gin on State Highway 137 east to Newmore in Lynn county a distance of 11 miles, 8 of which is in Terry county, as all three jobs are set up to be let in the same contract. Figure this at \$7500 per mile and you can see that Terry county will lose around \$100,000.

If nothing happens and the good Lord is willing the plans and specifications will be handed out to the contract bidders by the State on June the 19th and the contract will be let by the Highway Commission 30 days later, July 19th or 20, 1950.

If all this goes through without

LIBERTY BELLS HERALD BOND DRIVE—Workmen unload one of 13 exact replicas of the famed "Liberty Bell" which arrived in New York from France, where they were cast. These bells were the first of 52 reproductions slated for us throughout the U. S. to highlight the Independence Savings Bond Drive. The Liberty Bell is the campaign symbol of the drive, which runs from May 15 through July 4.

Levelland, Sundown, Hobbs and Odessa, and they would like to have this cut off. All of the city schools in Brownfield are east of the present highways. There are hundreds of them living west of the highway, who have to walk or ride across this traffic twice daily, requiring the school trustees to employ a guide to conduct them across, often stopping traffic.

This present highway also separates the business section from the chief residential section of the city, which makes a heavy cross traffic and we only have two lights and need two more. Then there is a good possibility of the deep oil covering the whole south part of the South Plains and what would it cost if this should happen. It takes time, money, sweat and tears to build highways. We want to look to the future and be ready with as little cost to the property tax payers of Terry county as possible. No member of this court owns a foot of land or property whatsoever on the 4.2 mile cut off so you can't say it is a selfish proposition. If all towns and cities would start planning early enough they could save the taxpayers a large sum of money by planning ahead for places to scatter the traffic and secure the right of ways and build roads before it is too late.

If this extension of State Highway No. 137 is blocked it will probably block the FM road 1076 from State Highway 137 to Union school house, a distance of 2.5 miles. Also FM 213 opposite Union gin on State Highway 137 east to Newmore in Lynn county a distance of 11 miles, 8 of which is in Terry county, as all three jobs are set up to be let in the same contract. Figure this at \$7500 per mile and you can see that Terry county will lose around \$100,000.

If nothing happens and the good Lord is willing the plans and specifications will be handed out to the contract bidders by the State on June the 19th and the contract will be let by the Highway Commission 30 days later, July 19th or 20, 1950.

If all this goes through without

a hitch Terry county will have 107.2 miles of State Highways, 72 1/2 miles of FM roads maintained by the State, which costs them about \$200 per mile to maintain, and this amounts to \$35,940 per year the State Highway Department will be spending in Terry county on 179.7 miles of State maintained roads and this will leave us only 25 1/2 miles to maintain, making a total of 205.2 miles of paved roads in Terry county, and if the State and Fed. Government ever passes any more money for FM roads we have a chance at 31 1/2 miles under the present set up.

We think that everyone will have to decide to help Brownfield whether it benefits himself or herself or not, for if it does not grow no one will benefit and the property will not advance in price regardless of where it is located. There is only one sure way of avoiding CRITICISM—SAY NOTHING—DO NOTHING—AND BE NOTHING.

ATTENDS OPTOMETRIC MEET IN FLOYDADA

The South Plains Optometric Society, of which Dr. Gordon E. Richardson of Brownfield is a member, held a meeting in Floydada Thursday, June 8 at 7:30 p.m.

After dinner a regular business meeting was held in the office of Dr. J. W. Kimble. D. J. W. Kinard, president of the Society presided.

JUST AN 1896 TEXAS BRAG

Two of our elder brothers came to Texas back about 1893, and worked on a farm near Waxahachie, for a man named Scott Turnipseed. Seeing the name mentioned in the Plains items this week, reminded us that "Texas brags" were understood in the older states even back in the gay nineties.

One of our brothers wrote home that he saw a "Turnipseed" that weighed 165 pounds. This was conveyed to a cousin about the same age. He said, "I don't give a hang what Tom says, it's a '71& lie. There never was a turnipseed that big."

Mr. and Mrs. Harold Dalton of Stinnett and Mr. and Mrs. Arnold Dalton of Gruver visited Mr. and Mrs. Scott Dalton Sunday and Monday. Arnold was driving a new 1950 Ford, according to his mother.

Mr. and Mrs. O. V. (Red) Newton and Otis Zane returned Wednesday from a week's fishing trip at Possum Kingdom.

E. W. Wilgus and son, Robert, left Monday for San Antonio, where they will visit their daughter and sister, Mrs. Rosemary Snyder, and continue on to Delaware, where they will visit Mr. Wilgus' grandmother. They plan to return to Brownfield in one month.

Mrs. Bruce Edwards and sons, who have been visiting her parents, Mr. and Mrs. Virgil Bynum, for the past two weeks, returned to their home in Sugar Lake Saturday.

BIBLE COMMENT FOR JUNE 18

Faith in Christ Means More Than Believing Miracles

ONE of the most valuable lessons we can learn from a study of the Bible is found in John 6:35—"I am the bread of life; he that cometh to me shall not hunger, and he that believeth on me shall never thirst."

It is this Golden Text which should warn us against committing an error in the matter of faith. Take, for example, the two miracles of the feeding of the hungry multitudes. The first was of 5000 people, and the second was of a similar feeding of a multitude which had been for three days with Jesus.

Their interest, as Jesus Himself reminded them, was not upon a high plane. "Ye seek me," He said, "not because ye saw the miracle, but because ye did eat of the loaves and were filled."

In a somewhat different way, but in much the same spirit, we may make the same mistake. Our interest and attention may be so concentrated on the physical wonderment of the miracle as to miss altogether its spiritual meaning and significance.

The miracles, as is frequently pointed out, occupy a strange and limited place in the New Testament records. They never dominate the story or take the place of the supreme figure and the supreme fact—Jesus of Nazareth and His mission as the Saviour of men. That has always seemed the greatest miracle of all.

Those who believe in the miracle, need no helpful word. As for others, fix your attention on Christ. It is by faith in Christ, and not by belief in the miracles, that men are saved and made strong.

Secretary Brannan of the US Agricultural Department is learning that the pig is a hard animal to hold, according to the Arkansas Gazette, of Little Rock. Most of us are acquainted with the fact that the pig even when not greased is a hard number to hold. Back in March, when the Congress seemed to be in no hurry to grant an additional 2 billion dollars for farm price support, the Secretary announced that support prices on pork would be withdrawn. Since that time, pork has risen 25 percent on the market. Even the usual seasonal rise in the price of pork in the spring cannot account for this sharp advance, except that people are eating more pork than ever before, and it is a tussle between the swine raisers and the consumers to keep the "budget balanced." If you ask

us, it is not a matter of holding the grease-pig. It is the same old law of supply and demand working as per usual.

President Harry S. Truman recently went on a "non-political" jaunt out in the northwest purportedly to dedicate a dam that President Roosevelt had already dedicated long before his death. But of course the taxpayers will be called upon to put up one hundred thousand dollars or more to have it all done up again in a rag by HST. And now the brass collar crowd of Texas are trying to get Mr. Truman to come and dedicate the Big Bend national park, that has been in use since the war closed five years ago. Of course there will not be too many voters down in the Big Bend to round up. Most of the permanent

citizens down there are coyotes, wild cats and road runners. But the first two are big howlers and can rally-round the pack even if they can't vote, and the road runners may be able to round up the little one.

You've heard the old joke about how the politician will talk when he is addressing a bunch of farmers, then how he changes over if putting his best foot forward with organized labor, or with the business man the next day or two. This reminds us of two addresses made by Vice-President Barkley, one on Friday, May 26 to a bunch of Garment Workers in New York on Friday night, when he said, among other things: "We are seeking to make democracy more universal and eliminate discrimination based on race, creed or color, and that the Fair Employment Practice Act must be adopted, and the T-H law killed." He was roundly applauded. The next night, he was in Austin, Texas, as the guests of the brass collarites, but the Veep or Jeep laid off all that stuff of the night before. What a pity the daily newspapers did not have a text of the night before address to reach the people of Texas, at the same time, or just before Barkley began to expound. He was however handed a check for \$100,000 from Texans the purpose for which it is to be used, is well known. That secret was let out by HST himself. It is to elect rubber stamps in the north to oust Republicans who have been voting with the conservative Democrats of the south. Poor blind fools! How long will the people of Texas and the south be led as sheep to the slaughter? We believe the common ordinary Texan, not a politician or office holder are finally arousing from this nightmare, and some of these days will unseat their betrayers.

Sometimes the offsprings of people who came from foreign shores to find a sanctuary, liberty and justice in the USA, have been betrayed by their own kith and kin. In lots of instances they have either took their own life, or died of remorse. One case was that of the father of Edith Coplon, who died after his daughter was convicted as a spy for delivering or trying to deliver secret files to an enemy, Russia. Then there is the case of Harry Gold, who was connected with the secret workings of Klaus Fuchs, who is now

Not Conducive to Efficiency

held in England after fleeing this country when the FBI was hot on his trail. Gold's old dad, who had to flee Russia, was very proud of his citizenship in America, but lived to see his own son betray the country that gave him refuge. But sometimes there are great contrasts in the way people act. Take the colored race. George Washington Carver was an ex-slave, but he lived to receive the plaudits of both white and black throughout the United States and perhaps the world. Then there is another Negro who has received the best education a free nation could hand him, who is one of the loud speakers for Russia. Of course you know this is Paul Robeson. Such an ungrateful wretch should never have been born.

It looks as if things in general are not running just as planned by the Tru-deal up at Washington. While one of the ardent followers, Sen. Frank Graham of North Carolina was the leading man of several in the first primary, he is going to have a hard race in the runoff, and many predict his defeat. His opponent is a prominent attorney, Willis Smith, who is president of the American Bar Association. Graham was appointed by the governor of N. C. to fill out an unexpired term, and is up for election on his own. He is noted for his left of center activities. Then there is the little matter of Jimmy Roosevelt out in California. Be it known that candidates can run on both the Democrat and Republican tickets

in that state. Jimmy barely nosed out Gov. Earl Warren, Republican on the Democratic ticket, and Jimmy didn't know he was even in the race on the Republican ticket. Warren's majority, counting both party votes was about 3 to 1. Perhaps the inclination of the Roosevelt boys as well as the daughter to be constantly dispensing with one marriage vow and taking on another, is not setting well with a lot of good people who believe in closer marriage relations. Then, too the results of the primaries in South Dakota and Iowa were not too restful for the Fair-New Dealers.

The Herald has recently received quite a large pamphlet from the Standard Oil Co., of N.J. The burden of the document was used in trying to justify the fact that major oil companies are importing heavily of oil from Arabia, Iran, South America, etc. They brought out statistics showing that while the United States had only 6 percent of the population of the world, we use 45 percent of the energy, the energy being created by coal, oil, gas and hydroelectric. But here is something the company didn't mention that we could find. If buying of oil from foreign countries increase, how many people in Texas, who earn their livelihood from working in oil fields, pipelines and refiners, will lose their jobs? How many dollars will be taken from the school children of Texas in the way of oil taxes? How much will be lost from highway funds that go to maintain our

highways and build Farm to Market roads? Also, how many independent drillers will have to put their rigs in celophane because there will be no demand from research for more oil in new fields in Texas? In the humble opinion of the Herald, when oil and gas gets scarce here in the USA, then there will be plenty time to enlarge our purchases from foreign countries.

"Tom Clark the Texan!" Now wouldn't that jar your generations? It was Tom, while US Attorney General, that filed the suit against Texas to steal our tidelands, land that in future generations could mean billions to the school children of Texas, and even now run into the millions. Personally, the writer does not dread Russia half as much as that bunch on nincompoops up at Washington. But we suspect that Texas suckers will just continue to vote "er straight. And they have just handed in a \$100,000 check to elect a rubber stamp congress. If all Texans felt like the writer, Tom Clark would be rotten-egged if he ever dared come to Texas again.

Don't Have To Suffer Whooping Cough

How many people do you know that still cling to the old-fashioned idea that the sooner children catch the so-called diseases of childhood, the better off they will be?

Take whooping cough, for example. Isn't it ridiculous for children to have to suffer with it when it may be prevented by simple vaccination?

Whooping cough goes by the scientific name of pertussis. Regardless of what you call it, it still means violent, painful wracking coughing that takes the breath and tears at the chest and throat walls.

Pertussis is prevalent among children everywhere. About 15 out of every 100 cases are in children under two. North America, from time to time, seems to have more than its fair share of cases.

Sometimes it's fatal, especially to very small children. About 85 out of every 100 whooping cough

deaths are among two year olds and less. And, strangely enough, most deaths are among girls. In 1949 Texas had 46 whooping cough deaths. So far in 1950, and average of 323 cases have been reported every week.

Whooping cough is spread through droplet infection—that is, by breathing air contaminated by a sneeze or a cough of an infected person. You can get it from using the personal things of an infected person, too. It is communicable from about 7 days after exposure until three weeks after the coughing starts.

The important thing about whooping cough is that vaccination may protect against it. It's the only thing that will. If an unvaccinated child gets the disease, he will thereafter have what is called a "definite and prolonged immunity." But the fact of the matter is that second attacks have been known to occur.

Vaccination of all pre-school children is the answer to control. "Booster" shots may be advisable within a year after the initial vaccination. Your family doctor will make that decision.

The Low Down From Hickory Grove

Chaos—and threatening disaster—for years we have been kept half speechless. It is now chronic. But like it was with the lad who visioned the many phony wolves, our political gentry on the Big and Winding Potomac may, in due course, find themselves jobless as did the wise-guy shepherd boy.

The chaos we been promised has been cooked-up—synthetic—like we would be wrecked and ruined without an OPA. And like we were promised starvation if more land was not reclaimed, quick, via dams on every creek that even trickled. And now what. Well, we have too much corn, too much everything—it is another threat, but in reverse.

Now, here is how I see it. There has been a wolf lurking in the dark forest's edge—and still is—but our Big and Lofty Economic Palaverers have kept us looking in the wrong direction. The real threat to our beloved land is the undermining of the thinking of the generation now growing up. The new doctrine is that the Govt. knows best—and can best make all plans for the greater comfort for its children. And, the Govt., when you get down to brass tacks is made up of just people. And how anybody who surmises that people of no blood connection, which is the Govt., can look after our present and future, better than we can our ourselves, surpasses my understanding. Sounds like front burner talk to me, says Henry. Thanks, I says.

Yours with the low down,
JO SERRA.

Football Great, Movie Star Will Appear At ABC Rodeo

Sammy Baugh, recently proclaimed Texas' greatest football player during the 1900-1950 era, will be one of the star attractions at the annual ABC rodeo on the Texas Tech campus at 8 p.m. June 21-24.

Preston Johnson, president of the Lubbock chapter of the American Business club, says Baugh and Johnny Mack Brown, Hollywood cowboy actor, will appear at the rodeo performances in Tech's Jones stadium.

Proceeds from the rodeo will be used to support the Lubbock Boys' Club.

GIVES MOTHS COLD SHOULDER—Not snow, but naphthalene flakes line the walls and ceiling of this subliming room at a plant in Kearny, N. J. The flakes, used in the manufacture of moth repellents, are produced by evaporation and condensation of liquid naphthalene, which is extracted from coal. The "snow" covering is shoveled from this room for further processing.

One Time A Slicker Got Slicked

A little old lady from Oklahoma City breezed into the News office Wednesday as full of questions as a quiz program. She owned some royalty out in the Dollarhide purchased 30 years ago for \$140. All told she owns about 17½ acres. Some slicker, that is he thought he was a slicker, sold her father, and her husband and herself some royalty. It now turns out the slicker slicked himself. Royalty out there is bringing in around \$1000 per acre.

We are reminded that the "Mill of the Gods grind slowly, but exceedingly small," or of that Biblical quotation where it says, "The meek shall inherit the earth." However, she wasn't so meek.

Before she left she asked this writer if a half pound chicken was big enough to eat. We said we didn't think so. She replied quick as a flash, "If it wasn't I'd starve to death."—Andrews Co. News.

G. I. QUESTIONS and ANSWERS

Q—I am receiving compensation for a 20 per cent service-connected disability. I married two years ago and now have a wife and child. Am I entitled to an increase in payments because of dependents?

A—No. Only veterans whose service-connected disability is rated at 50 per cent or more are entitled to increased payments for dependents.

Q—I was given a yellow discharge for my World War II service in the Army. Am I eligible for any benefits administered by Veterans Administration?

A—A yellow discharge from the U. S. Army is a dishonorable discharge, and under the law does not entitle you to any benefits administered by VA, unless it is established to the satisfaction of the Administrator that you were not sane at the time of the offense which resulted in the dishonorable discharge.

Q—My NSLI premiums have been in waiver status for several months because I am totally disabled. Will VA notify me when the waiver is no longer effective and I must begin paying my premiums?

A—Your premiums will be in waiver status only as long as you are totally disabled. VA will notify you when total disability ceases.

Q—VA has been paying to lenders, on behalf of borrowers, 4 per cent of the amount of the guarantee up to \$4,000 on GI loans. Will VA continue to pay the 4 per cent on the new guarantee which may be as high as \$7,500?

A—The law specifically provides that the amount paid to the lender by VA will be 4 per cent of the first \$4,000 of the guarantee, or a maximum of \$160.

Quick Freezing Now Done On Many Farms

Texas farmers, ranchers and urban garden owners may soon quick-freeze their own fruits and vegetables by one of the best commercial methods.

A compact, portable quick freezer for homes and small locker plants will be perfected this summer by University of Texas Engineering Dean W. R. Woolrich.

The unit will have approximately the same proportions as a five-gallon ice cream freezer. Home quick-freezing of fruits and vegetables in two to 10 minutes will be a reality.

Woolrich has designed his new machine in a vertical, bucket-like shape. It may be operated only when needed and is easily cleaned.

Changes of Having Ringworm Are 50-50

It is a 50-50 bet that you have some sort of ringworm infection. Check to see. Chances are it will be in your scalp hair, on your groin, or on your feet—either on the soles or between the toes. If you don't find it, you're lucky, because while it isn't serious, its itching and persistence is very annoying.

A fungus—the same one that causes food to mold—causes ringworm. It's one of the world's most common ailments, with authorities estimating that half of the world's population is affected. It is more common this time of year than any other.

The scales which are formed can cause new infections on the body, so an infected person has to be careful to keep it from spreading. Advanced cases exude a clear, runny fluid—it "weeps," as doctors say, and the fluid can cause breaking out on whatever part of the body it touches. Children are especially vulnerable to scalp ringworm. Epidemics are usually started in schools or institutions.

Swimming pools, locker rooms and gyms are potent sources of infection. Everyone has heard of "athlete's foot." It is nothing more than a type of ringworm. So is the so-called "barber's itch."

Preventive measures call for avoiding persons and animals known to be infected. Swimming pools, gyms, locker rooms and the like can do their part toward ringworm control by boiling towels, swimming suits and their other public facilities for 30 minutes. Foot baths are also worthwhile.

The best thing to do is to keep clean at all times. But if you happen to get ringworm, or if you have it now, it will be better for all concerned if you report to your family doctor immediately. He'll recommend medication designed to shorten and lessen the severity of the infection.

"SO LONG, MA"—"Mary," an inmate of the San Francisco Zoo, was a downcast chimp when authorities decided that her 14-month-old offspring, "Little Joe," was big enough to rate a cage of his own. While keeper Bill Wills helped "Little Joe" wave goodbye, "Mary" made no secret of the fact that she felt terrible about it.

Funny Expressions Of Different Sections

We're all guilty. We have met people from many different areas of the country, and invariably all will have some sort of a peculiar word or expression that may not even be known to another area or section of these United States. We are reminded of one we saw recently coming out of the mountain section of Kentucky. They were fixing to pull their annual "Singin' Gatherin'."

Right here in Terry we have people who came from northern states, even a few from New England, and a lot of them from the Virginia, Kentucky and Tennessee mountain section, as well as the old South. We find that many of them will use expressions or words we never heard before, but most of us are too polite to

make remarks about the matter. Anyway, the advertised Kentucky affair will meet to sing, and the songs will be either religious or folk songs that go back 200 years to the Elizabethan period, when the east was being settled by immigrants mostly from England, Scotland and Ireland. There will be no hillbilly stuff, but there will be a bagpipe band from Scotland, cigar box fiddles, gourd banjos and many other music making apparatus.

There was one expression that caught the writer in speaking of a welcoming dinner for the newly weds, the article referred to it as "infaire." We had always heard it called "infaire," and Mr. Webster says we are right. We remember one wedding supper and one infaire dinner in our own family when a child, and several others at homes of neighbors. The wedding supper was al-

HST NOT RESPONSIBLE FOR KENT PROSPERITY

The Jayton Chronicle related last week that old Kent county was in the best shape it had ever been in history. There has been abundant rains this year, and the grass is luxuriant and the crops are coming along like nobody's business. Then there is the matter of oil.

The black gold has been found in several spots of Kent this year, and what with leases and royalties and money paid to drillers, roughnecks and what have you, the county is doing OK.

And to quote Editor Wade a bit further, "Harry S. Truman is not responsible for any of this prosperity. The Lord sent the rain and He also put the oil in the ground."

Pretty well put, but we imagine up at Washington many would tell the Kentites that their prosperity came from the Truman administration.

A NEW GUN IF YOU OWN AN OLD ONE

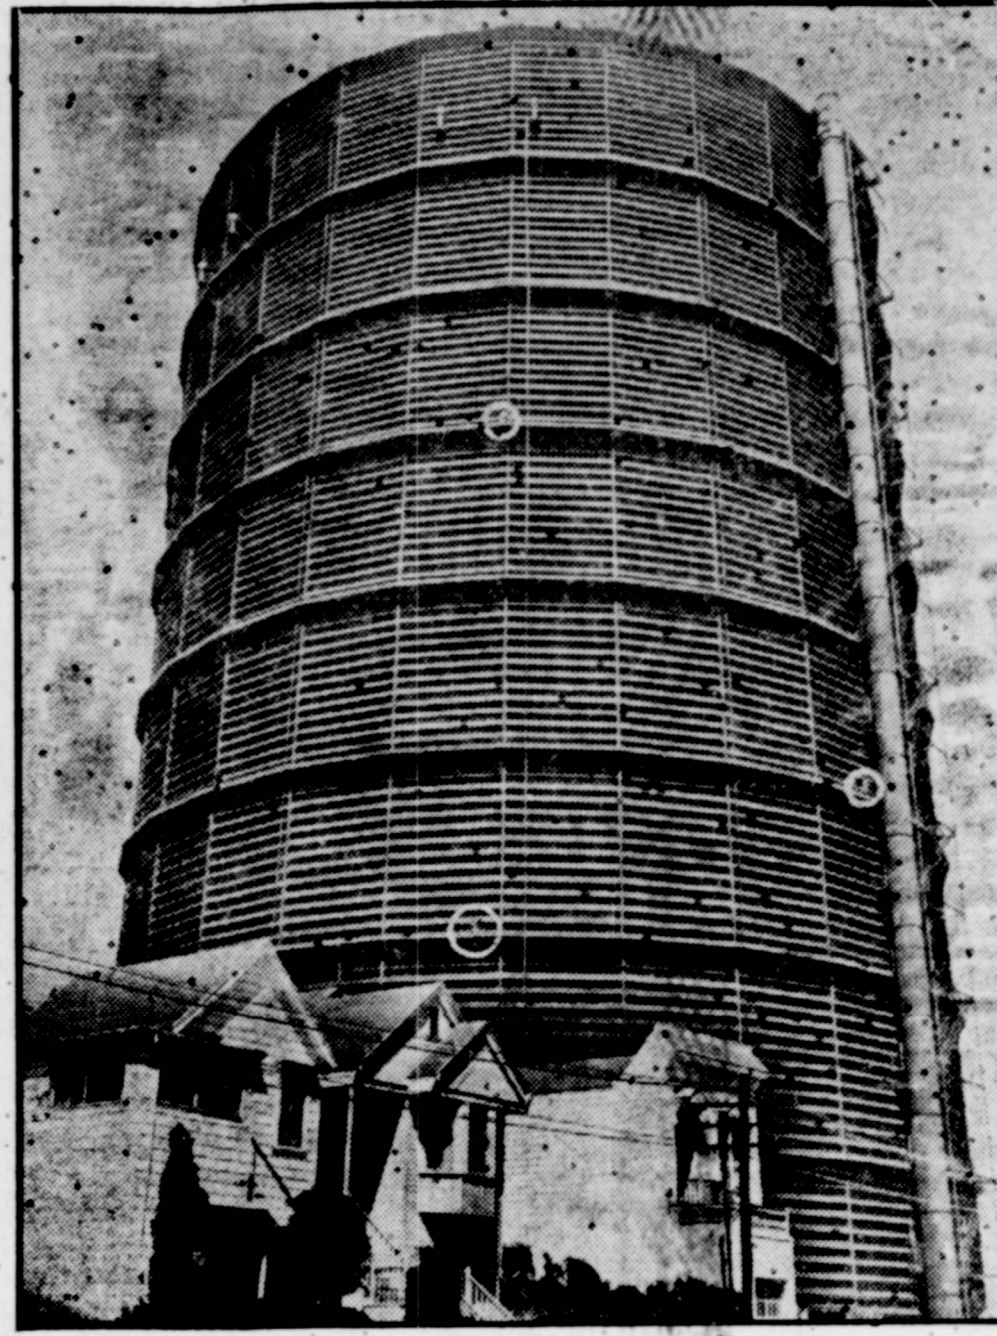

The Herald had a letter from a movie production company the past week in which it made an enticing offer. This company offered a brand new Winchester rifle if you happen to have one of the old 73 models. But the words, "One of the One Thousand" must be engraved on the barrel.

The movie concern borrowed one of the ancient lever action repeaters from Winchester Fire Arms Co., to make a noted picture recently. They do not want your old gun, even though there must be very few of them in existence.

They just want to know if you have one as described above. If so, you can get the new gun free of charge.

ways given at the home of the bride the night when the parson or J. P. performed the wedding ceremony. The couple spent the night there, and next day journeyed to the home of the groom, where the infaire dinner was to be held.

Speaking again of the mountain folks, they have become homogenized, as they have never had many strangers settle among them. Therefore, they seldom adopt new customs and words.

PLENTY OF ROOM INSIDE—Two-story houses are dwarfed and workmen (circles) are mere specks when compared to the world's largest natural gas holder, recently completed in San Francisco. Built at a cost of \$5,000,000, the structure holds 17,000,000 cubic feet of gas, has a 300-foot diameter, and stands 879 feet high—the equivalent of a 33-story building. Some 4900 tons of steel were used in its construction.

Allan Shivers Asks "Term On My Own" As Texas Governor

Gov. Allan Shivers in formally announcing his candidacy for a first elective term as Governor, said he had done his best to carry out a program for Texas in a manner acceptable to the people of Texas, adding:

"If I have succeeded, I will appreciate their votes for a term of my own."

Shivers, who assumed the governorship last July, had not held a full-time governmental job before becoming governor. He was elected to the State Senate in 1934 and twice re-elected. In 1946 he was elected Lieutenant Governor and re-elected to that office in 1948. Born in Lufkin, he spent his boyhood in Tyler county and later moved with his family to Port Arthur.

During his public career Shivers has given particular attention to public welfare, rural roads and improved educational facilities. He was a co-author of Texas' original old age assistance law and helped to write the tax bill which still meets the cost of old age assistance. Under his leadership last February, the Legislature approved a far reaching reform and improvement program for state hospitals.

"Between now and the July 22 election I will continue to make known my views on important public issues," Gov. Shivers stated. "I will emphasize facts and record of accomplishment, instead of easy promises, and will address myself to all the people of Texas rather than to any special group."

The Governor says he considers economy to be the State's top problem. "And that means economy of money, of our soil and of our water resources," he added.

He expressed thanks to "the thousands of individual Texans who have already told me that they will support me in this election."

Mr. and Mrs. Richard Young, Karen and Steve, will leave Sunday for Boston, Mass., where Young will attend school.

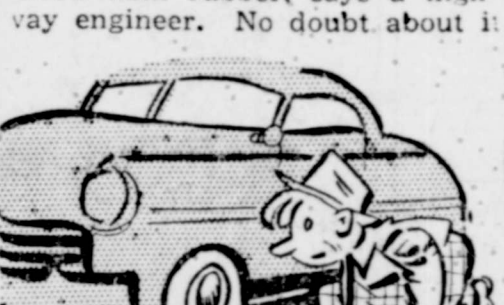

Mr. and Mrs. Tobe Howze and Mrs. Harmon Howze and sons are visiting in Dallas with Mrs. Harmon Howze's mother, Mrs. J. H. Loyd.

STRICTLY FRESH

THE word "salary" comes from the Latin "salarium" which was that part of an ancient Roman soldier's pay paid in salt. So that's why, when you ask the boss for a raise, he takes it with a grain of salt.

The U. S. has restricted the movement of Romanian diplomats in this county to an area within a 25-mile radius of Washington. A move that will surely cramp the style of some roaming Romanians.

The roads of the future will be paved with rubber, says a highway engineer. No doubt about it.

—any motorist who examines the worn tread on his tires will be convinced it must be going somewhere.

To the list of criminals who will soon be smoked out we may now add the thieves who stole 15,000 cigars from a Camden, N. J., warehouse.

CHILDRESS WANTS US TO GO BACK TO TENN.

For some reason or other M. B. Childress has not received all the rain he wants or needs. Now he is saying that when we go to Tennessee it always rains out here. In other words, he thinks we are a Jonah against the Weatherman.

Our usual proposition is open. If enough of the farmers of Terry county are of the same notion as Childress, all they have to do is make up a purse covering fare and food, and we'll take off and stay gone until the crop is made. And with some other provisions, we could be induced to remain back there until the crop is gathered.

Do we hear a second? They've still got ham back there.

(LITTLE NIG) RANDAL A VISITOR HERE

Ernest (Little Nig) Randal came back to the old home town last week for a short visit with his sister, Mrs. J. B. Echert and Mr. Echert. Ernest grew up with such of our still existing businessmen as for instance Cecil Smith and Shag Bynum.

He is the son of the late Mr. and Mrs. Horace Randal, who settled out where the Echerts now live in the early part of the century. He is a business man of Albuquerque, N. M.

(Big Nig) was his older brother, Gibson, a prominent railroad official of El Paso. We ran into Ernest talking to Dube Pycatt at the County Clerk's office.

Casey Day, of Slaton was over last week and called at the Herald office. He stated that his twin sons were doing quite well on the stock farm in the Needmore community. They had 1100 acres of cotton planted.

Mr. and Mrs. Arnold Dalton of Gruver visited his parents, Mr. and Mrs. Scott Dalton Sunday and Monday.

Mr. and Mrs. Joe Price of Lovington, N. M., visited their mothers, Mrs. Sam Miller and Mrs. Sally Price Sunday.

Mrs. Roy Crosby of Kermit and Mrs. E. C. Davis visited several days this week in Arkadelphia. Herman Chesshir made a business trip to Carter, Okla., over the week end.

BAILEY COUNTY OVER TOP IN BOND DRIVE

Several days ago it was announced that Bailey county, one of our south Plains counties, with Muleshoe as the capital, was the first county in the state to go over the top in the Independence Bond Drive. Congratulations are in order.

On the other hand, Terry and Yoakum are making slow progress, with Terry down about the lowest in the state, and making a snail's pace. But it seems to have plenty company over the state.
