IF POLIO COMES

Illustration showing symptoms of polio: SORE THROAT, STIFF NECK, SORE MUSCLES, SWALLOWING DIFFICULTY, HEADACHE, UPSET STOMACH, FEVERISHNESS. Text: WATCH FOR THESE SYMPTOMS IT MAY—OR MAY NOT—BE POLIO CALL YOUR DOCTOR PROMPTLY FIGHT INFANTILE PARALYSIS

HERE ARE SYMPTOMS OF POLIO listed by the National Foundation for Infantile Paralysis. They may—or may not—mean polio. Call your doctor and then, if help is needed, contact your local chapter of the National Foundation. When polio is around, these precautions are recommended: Keep children with their own friends and away from people they have not been with right along. Don't become exhausted through work or hard play. Don't stay in cold water too long or sit around in wet clothes. Avoid becoming chilled. Always wash hands before eating.

FLYING NEWS AND VIEWS

By EDWIN E. DUNCAN

The most recent entry into the pilot's realm is Kenneth Lee Norris, who made his first solo flight last Thursday evening. Kenneth is ground crewman for the H and N Dusting Service, and began taking flight instruction shortly before the beginning of dusting season. Just how long it will be before we can make a duster pilot out of him is anyone's guess, but he has certainly been trying hard enough. Congratulations, Kenneth. Bill Noble and Willard Stell flew to Lock Haven, Pa., with 3 other pilots from Wes-Tex Aviation, of Lubbock, to bring back 4 new planes for the Piper dealer at Lubbock. The boys left Lubbock Thursday afternoon in a Piper Pacer and arrived at the Piper factory in Lock Haven Saturday morning. After a tour through the factory, personally conducted by William T. Piper, president of the company, the pilots started their trip home, bringing a new Pacer, two Piper 105's and a 90 h.p. PA-11. The four new planes and five very tired boys reached Lubbock at 7 o'clock Monday evening. Representatives of the Ohio Oil Co., were in several times last week in a Beech Bonanza on business concerning the new well southeast of town. Mr. and Mrs. Ralph Gary and son, of O'Donnell, stopped at the field last Friday in their Aeronca Chief. The Magnolia Pipeline patrol plane stopped in at the field Monday evening while on its routine flight. Burton Rowe and Jack Proctor flew to Lamesa Sunday in Burton's Aeronca Champion. I understand that Jack was Burton's first passenger since receiving his private license. Fired up "Ole Whistlin' Willie" (that's my Cessna) early last Friday morning, and flew off down into east Texas to visit the kinfolk. Got to Mt. Pleasant long before dinnertime Friday, and had plenty of time for visiting which would have otherwise been spent in traveling had it not been for the airplane. Gave a lot of the folks their first ride and sold several on flying. Started back toward Brownfield up in the middle of the morning Sunday, and after stopping at several fields along the way and finding no gas, reached Brownfield shortly before 2 in the afternoon.

This Is America!

Big-Time Musicians In Van's Film Band

Van Johnson pilots a group of Number One musicians in "Duchess of Idaho," M-G-M's spectacular new Technicolor musical romance, coming to the Rialto screen this week. The new picture marks Johnson's first roles as a band leader and he found himself in ace company as regards the personnel of his film orchestra. Among the men who have big-time experience behind them were Tom Mack, who was with Glenn Miller; Stumpy Brown, who played with his brother, Les Brown; Karl Kiffe, former member of Jimmy Dorsey's orchestra; Larry Ferguson and Eddie Freeman of Horace Heidt's band; and Johnny Slack, who was with Freddie Slack's outfit. Also Bobby Troupe, formerly with Tommy Dorsey; Gil Hintz, formerly with Frankie Carle; and Bob Drasin, who played with Joe Venuti, Skinny Ennis and Freddie Slack. Esther Williams and John Lund co-star with Johnson in the new offering, with the big cast also featuring Paula Raymond, Connie Haines, Clinton Sundberg and guest stars Lena Horne and Eleanor Powell. The picture was directed by Robert Leonard, produced by Joe Pasternak.

Mr. and Mrs. Thorne Smith and children of Kermit, were through Brownfield, Ropesville and Levelland this week end stopping with friends and relatives.

INCE-KNOX WED IN LOVINGTON, N.M.

Mr. and Mrs. W. A. Bynum are announcing the marriage of their daughter, Mrs. Kathryn Ince to M-Sgt. Audrey Knox. The ceremony was performed in the home of the Methodist minister, Rev. W. R. Houston, in Lovington, N. M. Mrs. Knox was reared in Brownfield and has been employed by the Magnolia Petroleum Co. here for the past two years. Her children are Dorla Kay and Don Ince. Sergeant Knox is now stationed at Killeen Base near Lampasas. They left for Lampasas where they will make their home.

Next To Godliness

Safety first is the precept wise mothers put into practice when summer bears down. Before it's a real holiday for Mother, she'll want to assure herself she has done all she can to make her child reasonably safe from the threat of such seasonal terrors as polio.

Start 'em Young

To protect against polio and other communicable diseases, Mother must make the youngster his own guardian against germs—by teaching him the value of cleanliness.

Frequent hand washing by the children serves as a good precaution against contagion—particularly when the hands are scrubbed thoroughly—and to this end Katherine Potter of Procter & Gamble advises the use of a gentle, abrasive, special action soap like Lava. Since children are apt to whisk through washing motions haphazardly, they'll need a fast, thoroughly cleansing soap that can do the job in a matter of seconds.

Suggestions from National Foundation for Infantile Paralysis

A series of preventive suggestions is offered by the National Foundation for Infantile Paralysis. They stress frequent washing of the hands, plenty of rest, avoiding crowds, unnecessary trips and extreme temperature changes. They also emphasize avoiding panic, when trouble is suspected. Rather, summon a physician immediately.

In emphasizing the need for frequent hand washing, the Foundation urges special attention before meals, after the toilet, and whenever hands have become soiled by oral or nasal discharge.

This training may pay dividends of many happy healthy hours of play for the child—as well as peace of mind for the parents.

Waterfront Chase Climaxes Rooney Crime Film

That most exciting element in motion pictures, the chase, helps build the gripping tension in "Quicksand," the new Sam H. Stiefel-United Artists motion picture starring Mickey Rooney, which opens at the Rio Theatre on Sunday, August 20.

Filmed along the waterfront at Santa Monica and Ocean Park, Calif., the "Quicksand" chase provides audiences with a seat-grabbing climax to this action-filled picture.

The chase, in which Mr. Rooney is fleeing from the police, takes the agile little star down a fishing company loading platform, under piers and on a fishing boat. To escape from the police, Mr. Rooney, among other things, runs down a one-foot-wide plank 60 feet above the water and then jumps to the narrow ledge of a fishing smack.

A NEW VERSION OF THE 23rd PSALM

A prominent Presbyterian pastor recently used the following parody on the Twenty-third Psalm:

"The State is my shepherd, I shall not work; it maketh me to lie down on good jobs; it leadeth me by the still factories. It deadens my soul; it leadeth me in the paths of idleness for politics' sake. Yea, though I walk through the valley of slothfulness an economic disaster, I will fear no evil, for it will be with me; its dole and paternalism, they comfort me. It preparerth a Utopia for me by appropriating the earnings of the frugal; it filleth my head with fool expectations; my mounting inefficiency runneth over. Surely goodness and mercy shall follow me all the days of my life; I shall live on the bounty of the State forever."

Mr. and Mrs. Cecil O'Neal of Route One, Brownfield, celebrated their 25th wedding anniversary August 3.

The Low Down From Hickory Grove

You know, good people, the way the news reads, we have cause for running an anxious hand across our brow and cogitating on how come we been such a sucker. How come we have stood for the rattlin' around in big places of small people. How come we have permitted the term "big business" to be blusteringly used as meaning "dreadful business."

And now, when trouble looms, what happens. We ask the big gun makers, the big TNT makers, the big iron foundries, to pass the ammunition, and quick. You don't make big steel in a teakettle. You gotta have big steel plants. And these big plants—which will now come to the rescue—are the very ones that have survived the sniping of our Govt., which has been chipping away at all private ventures via anti-trust and anti-trust and anti-that, by a swarm of pestering socialist minded talent who smell something wrong in any business that has been able to succeed or survive.

We would be in a pickle now—and how—if we were depending on teakettle plants for the big stuff we need. If we would now learn to listen to such able Americans as old "Soreback," Senator Byrd of Virginia, suh! and renovate top to bottom—our Govt., we would be showing a wholesome tinge of George Washington-type horse sense.

Yours with the low down, JO SERRA.

GU! BUT NOT FORGOTTEN—A plucky dare-devil, a Soviet spy, or just a foolhardy feathered friend? National Guardsmen are wondering just how to classify the sparrow who perched on the muzzle of a lethal tank gun during maneuvers in Boise, Id. After the weapon was fired, and the last wisp of smoke had cleared away, they could find no trace of the winged artillery observer.

Brooks-Ramsey To Stage Lively Runoff Campaign

Texas' two run-off candidates for Lieutenant Governor are staging a lively campaign in an effort to secure a large turn-out of voters for the second primary election on August 26.

Pierce Brooks, Dallas insurance executive who led a field of 11 opponents in the first primary, says: "My opponent was a member of the Texas senate from 1941 to 1948 when the cost of our state government increased approximately 500 per cent, and he didn't or couldn't do anything about halting the runaway cost of state government. If he didn't or couldn't do anything about it then, what can the people expect him to do about it now?"

Brooks also charged that his opponent made no effort during his eight years as a senator to comply with the law providing for legislative redistricting after each federal census. The Dallas county candidates said he always has been a staunch advocate of redistricting.

Ben Ramsey of San Augustine, Brooks' opponent, was basing his campaign this week on his support of the farm-to-market road program as a senator. "In every section of the state I've visited during my campaign, I have found farm-to-market roads completed or under construction," Ramsey said. "It is also a great source of pride to me, as an economy-minded public servant who for many years in the Texas Legislature has helped to maintain the policies and prestige of our fine highway department, that this vast system of ours is being maintained at a minimum cost, in spite of a tremendous volume of traffic."

This race promises to be the hottest of the run-off campaigns.

Extra large, extra small and misshapen eggs should not be set for hatching.

Hoarding Should Be Discouraged

Officials charged with the handling of our food products have been somewhat alarmed by the tendency of many citizens to unduly accumulate supplies of various articles, particularly those which the citizens think may soon be rationed.

Hoarding will not do much good, for just as soon as a commodity is put on the rationed list, each person may be required to make an affidavit as to the supply on hand, and whatever the amount is, it will more than likely be deducted from the quantity which the citizen will be allowed to buy under the rationing system.

The only kind of rationing system which should be put into effect, if officials come to the conclusion that rationing is necessary, is a compulsory plan. Advance hoarding should be broken up by a strict inventory of each one's supplies, verified by

EQUALIZATION BOARD TO HOLD MEETING

The school board of the Union School District announces the board of equalization of Union Independent School District will convene August 31, at 10 o'clock a.m. at the schoolhouse. All taxpayers interested in meeting with the board are requested to be present at that time.

Public Employment Up 525%

In 1900 about one million persons were employed by the federal, state and local governments combined. The 1950 figure exceeds 6,250,000 according to the National Industrial Conference Board. The nation's governmental payroll today total \$22,000,000,000.

C. L. Lincoln
Presumption of Service Connection

For the purposes of a wartime service-connected compensation payment, a chronic disease (or certain tropical diseases) becoming manifest to a degree of 10 per cent or more within one year from the date of separation from active service will be considered to have been incurred in or aggravated by service, notwithstanding the lack of record of evidence of such disease during the period of active service where the person served for 90 days or more.

Pension

"Pension" is used to denote a monetary benefit payable for disability or death not resulting from the veteran's period of active service. This is known as Part III of Veterans Regulation No. 1 (a), and entitlement depends upon some wartime service by the person on whom service or account the pension is claimed. One of the requirements of entitlement to this type of benefit is that the veteran must have served at least 90 days during war period.

Preparing Affidavits

In the preparation of medical and lay affidavits, care should be taken to see that the affidavits contain a clear and concise statement of the facts. It should be specific whether the physician has actual records covering the dates of examination or treatment, findings, diagnosis, etc., or if the evidence contained in the affidavit was obtained merely from memory. If the affidavit is based on the doctor's memory, it should contain information as to what particular circumstances or incidents brought to mind, or refreshed the memory of the physician in the individual case.

The same rule applies to affidavits from laymen. The information contained in such affidavits should clearly establish the manner in which information of the veteran's disease or injury was obtained. Where lay evidence relates to purely medical matters, it must be confined to statement of facts, and not expressions of opinion.

Period of Service Between Dec. 31, 1946 and July 25, 1947

For the purpose of applying compensation at wartime rates under the provisions of Public Law 359, 77th Cong., the United States was considered "engaged in war" for the period subsequent to Dec. 31, 1946, (termination of hostilities) to and including July 25, 1947, (official ending of World

War II). Therefore, death or disability resulting from disease or injury incurred in or aggravated by service during an enlistment or employment is compensable by virtue of Part II, Veterans Administration No. 1 (a), as amended, at the war rates provided by Veterans Regulation No. 1.

Stricklinly Speaking

By Old He

Lubbock men and women like to have lost their breeches last week when it was discovered that some movie actress had stopped off long enough to feed her face at one of the hotels. All reporters and photographers available were alerted to bother the poor travel tired gal.

So far as we have been able to learn, and we have had our ears to the rail, there has been no wild rumors about any candidate in the runoff primary next Saturday. Let us hope that each race will be finish right up to the finish line, and may the best man win.

A lot of O'Donnell "dives" were averted last week end according to glowing headlines in the O'Donnell Index and Lynn County News. Several were arrested mostly colored and Mex. and more than \$1300 in fines collected.

In the meantime some hot check artists had hit Tahoka. We are glad to see that Eee Eye the Elder of the News has finally got in from east and central Texas: Let him set down and write some hot "dry" editorials. Old Lynn surely needs it.

Speaking of wet and dry, the Anton News last week reported a conversation it had with a Lubbock caller the week before. The Lubbockite reported that he was voting dry, as there was some six places in that city where those in the know could get all they wanted to drink. He mentioned one of the clubs where the big shots could load up.

But where do the poor guys not able to "jine" a club get his, persisted Editor Ritdhams. Oh they can do without (which was likely best for them) or go over to the "flats," of Mexican section and deal with the regular bootlegger.

And then there is Nylee Morris of the Ropes Plainsman who wants to know why Commissioners Court here on the south Plains "dry" counties still call elections to vote wet or dry. It's a question of law, Bro. Morris.

The law says an election can

Busy with Career, Efficient at Home

Beautiful and busy Lola Albright, above, has completed five motion pictures in Hollywood during the last year. But like busy women everywhere, this lovely film star finds her cleaning quick and easy with the amazing new vacuum cleaner that does not interfere with radio and television, and has no dust bag to empty.

"With my heavy production schedule, I find my quiet, efficient Lewyt vacuum cleaner an indispensable time-saver," says Miss Albright.

In addition to the efficient carpet nozzle which Miss Albright is using to deep clean, as well as pick up surface lint, threads and hair, the Lewyt vacuum cleaner has six other attachments, packed in an attractive blue hat box, which sweep, dust, get into crevices, clean upholstery, de-moth closets and spray paint or insecticide.

be called every two years by either wets or dries, providing ten percent of the qualified voters of the county sign the petition. It is not a question of how they feel about the matter—they have to order the election. We might add that Bro. Morris had some real "Kansas City Sunday Sun" headlines in his last paper about the meanness in Ropes.

We saw another poor worried soul last Saturday streaking off to the fellow's office that made out his income tax report

last year. He could almost see Leavenworth staring him in the face. The Dallas office, as usual, had found something amiss. They didn't even have any account of the cancelled check he holds that he made payment with.

Perhaps if the truth was known, the mistake was made by some inefficient salary taker that had rather jitterbug than attend to business. They don't give a whoop in hades about the bother to the other guy.

What we need, and we believe that it is coming up, is a genuine house cleaning from attic to cellar—eliminate the drones as well as those who appoint them.

The Santa Fe claims they have brought out a new whistle with a brand new tone of voice for their diesel engines, and will try it out. It seems that the unearthly toot of the harsh diesel whistle is nerve wricking to big mass populated centers. The one they propose to try on No. 29 sounds more like the old time steam whistle. It is a five toned affair.

The latest stunt of the "Civil Rights" is the initiation of a move to have the words "white males" stricken from the application to join the Knights of Pythias lodge in New York state. The "Civil Rights Commissions" has recommended that the national per capita tax dues to Supreme Lodge be withheld until passed on by the committee. Masons and Odd Fellows as well as other lodges as well get ready for this ordeal. The Truman policies are fast coming home to roost.

A bit of advice to our fellow married brethren. Be very careful how you carelessly toss off those dollar bills when out for a stroll. Friend wife might decide you can now afford to buy her that mink coat.

The poor old Senators and Congressmen don't know which way

to jump. With the fall elections coming up, what are they to do about price controls on goods and commodities? If they put 'em on, it don't suit some, and if they don't, others will be greatly vexed. To tell the truth, if some control measures are not instituted, we may be in for another round of wage hikes. Take your choice.

In the meantime, it seems to us that the poor old boys being shot down with outmoded equipment to fight with, over in Korea, are the only ones under control. The rest of us over here can get every dollar we can while the getting is good.

Referring back to elections, and who ain't? Tennessee has a primary and a general election the same day, Aug. 4th, each year. It seems that part of the county, precinct as well as state officials' terms expire one year, and part the next. On occasion we have tried to get some one with the use of real simple language to explain how come.

The only thing we can gather is that the guys nominated in the primary this year has a full year and four months to continue to suck the public teat. But then they also have a general election for some offices in November like the other states, except Maine, that elects about two months prior to the other states.

Here in Texas the primary nominee in July or in August in case of a runoff primary, is really elected the first Tuesday in November, same year, and he gets his office on the January following of the new year. Maybe the Old Volunteer state wants to give the poor guy that lost a longer time to look for another job.

We had a personal letter from Herbert Hilburn one of the publishers of the Plainview News-Herald enclosing an ad for Judge Meade Griffin, for the first elective term as Supreme Court Justice. He was appointed by the late Gov. Jester about 18 months ago.

The Dallas News, published in the home of Griffin's opponent, has come out squarely for Griffin against the Dallas man. The News stated that it had nothing against the Dallas man personally, but he has had no judicial experience. He was elected as County Judge of Dallas county one term, and defeated for re-election. The Dallas Bar Association has almost unanimously endorsed Griffin.

If there was nothing much else in the favor of Judge Griffin, what Herbert Hilburn wrote us about he and wife as home community builders, and the fact that the Griffins have raised two orphan children, and helped to educate eight more, is sufficient. So, we are going to remember Judge Meade Griffin in a big way come August 26th.

CITRUS MOLASSES VALUABLE BY-PRODUCT

Citrus molasses, a waste product of the Rio Grande valley fruit industry, can be turned into a valuable income source. Dr. K. A. Kobe, University of Texas Bureau of Industrial Chemistry associate director, reports,

Bureau studies show the molasses can be converted into lactic acid and lactic acid esters, essentials in the manufacture of many plastics products—everything from dishes to divan upholstery. Dr. Kobe has received 19 requests from all parts of the U. S. for information about the Bureau's lactic acid research.

Prejudice is usually a loose idea tightly held.

To the Citizens Of Terry County:

Owing to my duties as your present Sheriff, it has been impossible for me to see every one of you personally between the two primaries.

I have done my very best to see as many of you as I possibly could. My final words to you, the citizens of Terry county, I wish I could have had the time to contact each and every one of you personally. I earnestly solicit your vote. Since my duties as your sheriff does not permit me the time, please accept this as a personal solicitation.

I have done my very best to make you a fair and impartial sheriff, and my record as your sheriff is an open book to the people.

I will appreciate your vote and influence on August 26, and will do my very best to make you a better sheriff.

Respectfully,
Ocie H. Murry,

Gaston-Roach Vows Read Mon., Aug. 15

In a mid-morning service Monday Miss Charlie Lou Gaston, niece of Mrs. Ida Bruton, and Jarvis Allen Roach, son of Mr. and Mrs. J. A. Roach, were united in marriage in the First Presbyterian church at 10 o'clock. Rev. Joe Preston Murphy officiated at the double ring ceremony.

The altar was banked with baskets of white gladioli and palms with burning tapers in candelabra. Miss Judy Griffin organist, accompanied Miss Kay Szydoski who sang "Because" and "Sweet Mystery of Life" before the ceremony. Miss Griffin played the traditional nuptial music for the ceremony.

Miss Gaston, who was given in marriage by her brother, Bill Gaston, wore a ballgown length dress of white silk organza over white satin. The bride carried a heart-shaped bouquet of white roses. Miss Ann Snedeker, who served as maid of honor, wore a gown of blue organza over satin and carried a bouquet of lilies. Mrs. L. G. Moore and Miss Amaryllis Roach, sister of the groom, were bridesmaids. They wore identical dresses of yellow organza over yellow taffet and carried bouquets of blue carnations. Syneth Stephens, flower girl, wore a dress of yellow organza over yellow satin and carried a yellow satin basket. Ron Stephens served as ring bearer.

Glen Gorby served as best man and ushers were L. G. Moore and Jesse Lee Upton of Meadow.

Immediately following the ceremony a reception was held in

the home of the bride's aunt, Mrs. Ida Bruton at 218 So. Second. Presiding at the bride's book was Miss Betty McCracken who registered seventy guests. The refreshment table was laid with a hand crocheted cloth over blue and centered with a white double wedding ring cake topped with wedding bells and white satin bows. A floral bowl of yellow gladioli and carnations was also featured on the table.

The buffet was decorated with the bridal party's bouquets centered with eight blue candles and bouquets of white gladioli at each end.

Those presiding at the refreshment table were Mrs. Walter Breedlove, Mrs. Dora Lee McCracken and Jane Breedlove.

Out of town guests attending the wedding and reception were Mr. and Mrs. Bill Gaston of Ralls, Mr. and Mrs. C. C. Beck, Patsy Ruth and Janelle of San Angelo, Mrs. Don Forrest and Don, Jr., of Kermit, and Miss Tommie Yates of Seminole.

For a wedding trip to Ruidoso, N. M., the bride chose a rose beige suit with navy accessories for traveling. Following the wedding trip, the couple will be at home in Brownfield.

Hello again! Yes, I'm back to bring you up to date on more of the activities of all the guys and gals in Brownfield.

One of the new couples seen at the Sub-Deb sport dance Friday night was Barbara Stice and Donald Price. The names seem to rhyme, and they both seemed to be having a good time. Some of the steady couples there were Jean Welch and Bobby Lines, Lois Foster and Billy Blankenship, Freda Anthony and Bob Ferguson, and Leahdale Portwood and Dale Cary. I still say we need to have more fellowship at the dances—everything is getting dull.

I dropped by the miniature golf course the other night, and it seems to be a popular place to

Country Club Women Hold Luncheon

The women of the Brownfield Country Club held their monthly luncheon August 9 at the club house. The hostesses for the luncheon were Mesdames Wilson Collins, chairman, Lal Copeland, Grady Goodpasture, Harold Crites, John L. Cruce, Phil Gansch Burton Hackney and Jack Hamilton.

A floral bowl of mixed flowers centered the luncheon table. A fried chicken luncheon was served to approximately eighteen members.

BALLARD HOME SCENE OF SLUMBER PARTY

Miss Deenie Ballard entertained with a slumber party last Thursday night in her home.

A midnight snack was served to the following guests: Nelda Brown, Fosteen Spikes, house guests of Nelda, Carolyn Griffith, Ann Snedeker, Carlon Brady, Roxanne Miller, Joan Blevins and the hostess.

Dr. and Mrs. E. C. Davis and Sonny will leave this week-end for a vacation in Nebraska and Montana where they will visit friends. From Montana they will go to Pennsylvania to attend the 150th celebration of Union City. There they will visit relatives and friends and will return home about the second week in September.

spend a few hours of relaxation. You can play 18 holes of golf for 25c, and if you play in foursome, the low scorer receives a free game. As the old saying goes, "There's a winner every time." Mary Chisholm won a free game the other night and is now seen frequently trying her luck again. Wanda Balwin, Shirley Jean Miller, Ann Lilly and Barbara Miller are also among the frequent golfers. Clyde has asked that all girls start practicing for the women's tournament which will be held in about two weeks.

It sounded like Harry James had invaded the Melody Mart Monday afternoon, but it was only music lover Doug Tankersley trying out the new trumpet that Mrs. Short had received. While attending BHS, Doug was active in band and the orchestra. The four most popular songs that are being called for by the teenager are "Mona Lisa," "I Wanna Be Loved," "Bewitched," and "Good-night Irene." "Bonaparte's Retreat" is still among the top five. Have you added these to your collection?

Norma Jo Boyd is vacationing in Sun Valley with Mr. and Mrs. Buddy Gillham and Tena. She has written several cards to her friends from various points along the way. We will have to hear the trip in detail when she returns.

Those wedding bells are breaking up that old gang of ours... Charlie Gaston became Mrs. Jarvis Roach Monday morning at the Presbyterian church. The couple is honeymooning in Ruidoso this week.

Bob Thurston who was honored with a stag party last Thursday night is getting married in Cisco Monday.

Pat Black and J. E. Ekin are making last minute plans for their wedding which will be August 28.

Among those teenagers who are serving the public this summer is Jack Merrill who gives you prompt efficient service at the Banner Ice Co., and Jenelle Thompson will be happy to help you at Cobb's.

Say, let me in on all the secrets about all of you because otherwise I won't be able to keep my column going. Just drop me a few hints the next time I see you. Thanks!

Peace—It Was Wonderful On V-J Day, In August 1945

By Saul Pett
AP Newsfeature Writer
NEW YORK—(AP)—It was only five years ago, you know. Just five years ago this week. Only 1,826 days.

On August 14, 1945, at 7 p.m., Eastern War Time, in the first week of the Atomic Age, Harry S. Truman announced the surrender of Japan. World War II was over.

First Pearl Harbor, three years and 250 days before, then Bataan, Hill 609 in Tunisia, Anzio, Guadalcanal, Midway, Normandy, Paris, Bastogne, The Elbe, Saipan, Guam, Manila, Iwo Jima, Okinawa, Hiroshima, Nagasaki and finally the end of the line, everybody off, count your discharge points, sweetheart, we're going home. Going home. You can say that again, going home.

"Who says I'm essential in an army of occupation? All I know is I got 85 points and want out."

"What does real milk look like?"

"How do you learn to talk to nice people again? Do you say, 'Mother, please pass the butter?'"

"In the next war, they'll have to catch me to draft me."

We blew our tops that day from Times Square in New York to Market Street in San Francisco. We yelled, we snake-danced, we kissed strangers, we sang, we climbed on autos and street cars, we watched two nude blondes bathe in a lily pond, we made bonfires out of war bond booths, we sounded air raid sirens, we rolled out beer barrels and tapped them on the sidewalk and we got awfully drunk.

But we also went to church and when the churches filled up, we knelt on the sidewalks outside and thanked God that the many young men who surely would have died the next day or the next week or the next month would now live.

CCC Storage Loan Programs Extended

Government programs to encourage the construction of both on and off farm storage facilities for grain have been extended through June 31, 1951. Hugh H. Harred, chairman of the State Production and Marketing committee, today reminded farmers and commercial warehousemen.

Programs effected are the loan program to farmers for constructing or purchasing new farm storage facilities, and the program which guarantees occupancy of facilities constructed by commercial warehousemen, including cooperatives, in areas where additional facilities are necessary. Harred said.

The farm storage facility loan program is open to producers of wheat, corn, oats, barley, rye, grain sorghums, soybeans, dry edible beans and peas, rice, peanuts, cottonseed and flax. Through this program, farmers may obtain loans with which to buy or build farm storage facilities in an amount not to exceed 85 percent of the cost of the structure. Bearing interest at 4 per cent per year, the loans are payable in

Maturity Date 1949 Cotton Loan Extended

Farmers who have 1949 crop cotton under government loan will have until Sept. 30, to sell their equity in the cotton or to redeem the cotton from the loan and sell it in the open market, according to an announcement made by Ralph S. Trigg, PMA national administration this week. The original maturity date of the 1949 cotton loan program was July 31, 1950.

B. F. Vance, state PMA committee chairman, urges farmers to give serious consideration to marketing the loan cotton before it is placed in pools. At present market prices, farmers should be able to dispose of the cotton at prices which will give them substantial profits above the loan and charged against the cotton.

Any of the 1949 crop cotton that remains in the loan after September 3, will be pooled on October 1st by CCC for the producers' accounts. On July 6, 1950, there were loans outstanding on 1,020,271 bales. No payment will be made to producers at the time their cotton is placed in the pools, and after September 30, 1950, producers will not be entitled to order the sale of their cotton.

CAN OPENERS KEPT BUSY

NEW YORK—(AP)—Despite all the jokes about them, the nation's can openers are today working more busily than ever.

The average U. S. citizen now opens about 200 cans of food and other products per year, reports L. W. Graaskamp, vice president of American Can Co. Fifty years ago, the average was only about 26 can per person.

Tidelands Fight Is Resumed

On Saturday last, this page reprinted the striking article by Peter Moleneaux, who pointed out in his Southern Weekly that Texas never entered the Union on an "equal footing" basis. In its four-man technical majority opinion which expropriates some 2,608,000 acres of Texas land without right and without compensation, the opinion written by Justice Douglas quoted language which is nonexistent in the annexation resolution. There is no reference to "equal footing" nor was there in any clause of the agreement except one which the United States backed off as too risky.

In his Tuesday radio address, Atty. Gen. Price Daniell outlined his case for a rehearing and makes exactly the same point. The opinion is a self-incriminating reflection on the ignorance of the facts of the Justice who wrote it and his colleagues who accepted it. And unless this is a willful resolution to ignore the facts, it is difficult to see how any group of fair-minded men could refuse to reopen the case and judge upon the letter of the agreement. It is still more difficult in the instance of jurists who sit upon the Supreme Court of the United States under a solemn obligation

to judge impartially and case brought before them.

Bear in mind that there is no difference of construction here. The four-man majority has asserted none. But they did assert that a clause exists which they can not show to exist. If this is law, it is shotgun law, lynch law. It is not even cornfield law.

Attorney General Daniell rightly points out that even if the Supreme Court continues in stolid indifference to simple justice,

BIG MOMENT—with a Double Impact

It's a big moment when any new car rolls up to your door and you start out fresh and spanking bright. Think, then, what it's going to mean when that new car is a ROADMASTER like this one pictured here.

You'll swing wide the door and slide into a car that's truly fine—and looks it.

You'll put foot to treadle and touch off the might of a great, 152-horsepower Fireball straight-eight that's ready to master any road—or anything it meets there.

You'll have the silken magic of Dynaflow Drive to simplify your driving, ease your way. A handsome flexible steering wheel, automatic windshield washers, soft Foamtex cushions, and many other items that are "extras" elsewhere are standard equipment here.

But even while you enjoy all that, you've a still deeper satisfaction enriching your pleasure.

For here you have not only a fine car, but a sound and frugal investment as well.

You have paid less per pound than any comparable car costs—and automotive men will tell you price per pound is the soundest measure there is of solid, thoroughgoing merit.

You've bought quality—top quality—all the fine things a fine car should provide. But you haven't spent a penny more than a fine car need cost.

And that can mean a lot. For instance—

Drop in on your Buick dealer. Try out a ROADMASTER. Match it, feature by feature and point by point, with any other fine car on the road. Then get the price.

You may well find that you can get not only a new ROADMASTER for the sum you had in mind—but maybe a new fur coat for your wife as well!

FOUR-WAY FOREFRONT

Really Duplicating
A Senate Appropriations Committee research recently disclosed that there are 61 separate government printing and duplicating plants in Washington, D. C., 23 in San Francisco, 25 in Philadelphia, 16 in Chicago, 6 in Kansas City, 6 in Denver, 16 in New York, and so on.

Lava from Mauna Loa stopped just half a mile from the city of Hilo, Hawaii in 1881.

five annual installments or earlier at the farmer's option. On loan application approved after July 1, the first installment will become due and payable January 31, 1952.

The Commodity Credit Corporation does not lend money to finance construction of commercial facilities, but it agrees to guarantee occupancy for a period of 3 years on completely new structures and for 2 years on new additions to existing structures. State and county PMA committees will recommend specific locations and the dates by which the facilities must be ready for use in the respective areas.

DISORDER—DISASTER

According to a recent survey, about 20 per cent of all home accidents are caused by disorder in and about the home. No better start toward eliminating this cause of home accidents can be made than by cleaning up the yard, for, particularly during the warm-weather months, the yard is the locale of many accidents.

You'll be sorry you allowed a rake to be left lying in the grass if you step on it some evening. A touch of antiseptic and an adhesive bandage—one of those ready-to-use dressings with the gauze pad already affixed to the adhesive tape—may take care of the damage; on the other hand, the penalty may be a broken nose.

Other frequent yard hazards are broken glass, boards with projecting nails, rusted toys, broken outdoor furniture. If there is a swing in the yard, check the ropes or chains. True, a frayed rope or worn link may last through the season, but the risk far outweighs the trifling gain.

The final check you should make is of a different kind. If there are healthy, energetic children in the family you have to expect a certain number of minor casualties in spite of all precautions. Make sure, therefore, that the medicine cabinet contains such basic first-aid supplies as antiseptic, burn ointment, gauze pads, roll gauze, ready-to-apply adhesive bandages and adhesive tape.

Bentons Celebrate Golden Anniversary

Mr. and Mrs. W. B. Benton of Route Three, Brownfield, celebrated their golden wedding anniversary with an open house Sunday afternoon in their home.

Over 75 guests registered and called from 2 until 5 p.m.

Members of the house party included all five of the Benton children; R. R. Benton, W. L. Benton, Mrs. Hugh Rowden, all of Brownfield, Mrs. C. C. Robertson of Salinas, Calif., and Vernon Benton of Lubbock.

The refreshment table was laid with a lace cloth centered with a three tier golden wedding cake topped with a wreath of gold leaves clustered around a gold "50." The cake was surrounded by yellow carnations and fern. Cake, fruit punch, yellow and white mints were served to the guests.

A bowl of yellow gladioli and daisies flanked by two tall yellow candles decorated the buffet.

Those assisting in serving were the couple's daughters-in-law, Mesdames W. L. Benton, Vernon Benton and R. R. Benton, Mrs. Tom Montgomery also assisted.

The Bentons were remembered with many lovely gifts and flowers. A number of guests who were unable to attend sent gifts.

Mr. and Mrs. Benton were married August 14, 1900 in McKinney, Texas. They moved to Terry county in 1915, and have been residents in Brownfield the past three years. They have five children, fifteen grandchildren and five great-grandchildren.

Who Is Behind the 'Scratch Dallas' Move

We had some propaganda this week coming from Austin, the main theme of which was a "Scratch Dallas" movement. Led us to wonder if it were not the same old collarite crowd that unseated the Tarrant county delegation two years ago, and seated a rump delegation of mixed whites and negroes. Anyway, Dallas might have the best man in some instances. Of course they want you to vote for Ben Ramsey for Lieutenant Governor instead of Pierce Brooks, Ramsey is from deep east Texas, where they have no love for west Texas.

It is stated that a man from a big city cannot have the feeling for the "common" man as much as the "kentry" candidate. But let's see: they want you to vote for Fagan Dickson of San Antonio, population 403,000 instead of Will Wilson of Dallas, population 432,000.

Well, we never liked the name "Fagan." Sounds like an off brand character in one of Charles Dickens' novels. You say that is foolish, Yep, and so is it foolish to vote against a man because of the city he lives in.

And they want you to vote for Meade Griffin of Plainview instead of George Harwood of Dallas. We guess we'll vote for Griffin, but it is a hard one to take. He upheld seating the rump delegation mentioned above, and also held to make the old German-American down in south Texas pay an Austin couple some \$2600 for running into an old mule on the highway that did not even belong to the poor old fellow, who could speak little English.

Even if Dallas should claim seven of the nine justices as citizens, if they are really well qualified, why hold the city they're from against them. The argument in this instance is that of the three to be elected, including Morrison of Milam county and Lattimore of Dallas, one each would be from south, central and west Texas.

AN IN-LAW CALLED ON US LAST FRIDAY

R. H. Gilchrist of Mineral Wells, called a few minutes last Friday. He married a niece of this editor. He and wife, who was not along, as he was here after parts for a truck, are visiting their daughter and family of Seminole, and a son who has an irrigation farm at McDonald, N. M.

While it had been too long for us to distinctly remember, Mr. Gilchrist called on us just a day or two before War I was declared in April 1917. He stated he was in the service during the Spanish-American war. He has spent quite some time of late years in Vets hospitals in Kansas and Biloxi, Miss. He told us how he cooked one young GI of the late war.

The young fellow asked the old veteran what in heck they done during the Spanish war to make history. "Well, for one thing, young fellow," the old S-A war vet replied, "we took the Philippine Islands that you young fellows like to have lost to Japan."

Saw old Frosty Ellington in town Monday. Say, that guy is really putting meat on that old frame. But he can still grin as broadly as ever. But the \$64 question is, has he got a lot of good neighbors who bring in chuck, or is the Mrs. a nautrally good rustler. Until we have another report, we'll believe the latter.
