

The Terry County Herald

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

Best Advertising Medium

The Herald subscription list is a splendid blend of town and rural readers, folks who can and do pay for their papers—they do not ask or want it donated to them. Many 30 and 40 year continuous subscriptions.

The Herald has grown with this section from strictly a ranch country. This area now consists of thriving towns and cities, supported by scientific farming and stock farming, augmented by huge oil fields, with the nation's largest known oil reserves.

VOLUME 46

BROWNFIELD, TEXAS FRIDAY, AUGUST 25, 1950

NUMBER 5

C of C Urges Immediate Housing Project For City

In a meeting Wednesday morning of the Board of Directors of the Brownfield Chamber of Commerce, A. M. Muldrow explained that due to the increasing amount of oil activity in Brownfield and Terry county and due to the office and housing shortage that is fast developing here in Brownfield, that private and local capital should and must be invested as soon as possible.

Muldrow also made it known that housing and office space was of the utmost importance to the business men and citizens of Brownfield and that if Brownfield was to take advantage of this opportunity that facilities must be provided as soon as possible.

The Brownfield Chamber of Commerce has access to information that warrants their endorsement and approval of this program.

Immediate Past-President Virgil Crawford said, "time is short" and that the problem was serious and warrants immediate action.

Herbert Chesshir, Terry county tax collector stated, "that like most other towns everyone wants to wait until the city is overflowing before they do anything about it."

Doug Jones said, "let's give local capital and individuals a chance, first."

Grady Goodpasture made the motion to encourage and invite local capital for the expansion of office space and rental property.

President Muldrow stated that it is the policy of the Chamber of Commerce to obtain correct information insofar as possible and to use it for the betterment of the community and to avoid future trouble. This city can be anything its citizens want it to be, but it will require the cooperation of the entire community to avoid adverse publicity that some of our nearby cities have obtained due to the lack of planning.

The Brownfield Chamber of Commerce bases these recommendations on information we have received from several reliable sources and does not hesitate to urge that they be accepted and acted upon.

Citizens Continue To Avoid Cleanup Drive

Citizens are still neglecting to cooperate and participate in the city wide cleanup campaign, and if each citizen does not do his part, he is prolonging the chances of spreading the polio epidemic. DDT fogging will be continued throughout the city each week or ten days, and vacant lots, alleys and standing water must be eliminated to prevent the breeding of flies and mosquitoes.

City secretary J. H. (Bill) Aschenbeck suggests that citizens burn their trash each evening which will prevent the breeding of flies and also help the city when trash hauls are made.

Mayor Primm called this cleanup campaign to protect the citizens, and if citizens continue to afford this campaign, city officials will be forced to take greater measures.

LAST RITES HELD FOR GEORGE W. COUCHMAN

George Willie Couchman, son of Mr. and Mrs. George E. Couchman, former residents of the Union community, died August 23. Services were conducted Aug. 24, in Hollis, Okla., with Rev. W. J. Spreen officiating. Interment was in the Union cemetery under the direction of Brownfield Funeral Home.

ONE-MAN NEWSPAPER—James Edwin Kelly, 76, above, publishes the Stanton, Texas, Reporter, single-handedly, putting out an eight-page paper each week. He does all the writing, handles all the advertising and then all the printing. Kelly has been in the newspaper business since he was 14 years old. (AP Photo)

152 Absentee Votes Cast Before Election

Absentee voting closed Tuesday, August 22, with 152 votes cast in the office of the county clerk.

These votes include those absentees who mailed applications for ballots.

The run off which will be held tomorrow, Saturday, August 26, will be for sheriff, commissioners of precinct 2 and 4, and constable.

The sheriff's race is expected to be the most interesting. Ocie Murry was first in the primary election held July 22, and he will be running against R. L. (Bob) Burnett tomorrow.

Wellman School To Open August 31

Supt. J. T. Bryant of the Wellman schools announced this week that registration will be held from 9:00 to 12:00 m. Wednesday, August 30.

The public is invited to attend the open school exercises which will be held Thursday morning, August 31, at 9 o'clock. Vernon Townies will be guest speaker for the program. Following the assembly elementary and high school students will attend a full schedule of classes.

School buses will run on the same schedule as last year beginning August 30. The cafeteria will begin serving meals August 31. Lunches will be \$4 a month and this fee is to be paid in advance.

New members of the school staff are Principal Ira C. Brackett who previously taught social science in the high school, and Mr. Baldwin is the new social science teacher.

New teachers in the elementary school are A. L. Kerby, principal; Odus Walser, seventh grade; Kenneth Wall, sixth grade; Mrs. Odus Walser, third grade; and Mrs. Kenneth Wall, second grade and music.

NEW FURR FOOD MANAGER HERE

Ralph Harding, former manager of Furr's No. 4 store in Lubbock, is now the new manager of the Brownfield Furr Food Store. Mr. Harding is replacing Alonzo Miller, former manager.

Mrs. Harding will join her husband as soon as housing facilities are available.

Mr. and Mrs. C. L. Aven Jr. and Gene are vacationing in Colorado this week.

Farmers Urged to Buy Only Label Products

Jim Foy, county agent urges all farmers not to purchase any dusting and spraying products that are not officially labeled. Some farmers were misled on purchases earlier this week and they still are bothered with worms.

Farmers should not cut down on the amount of insecticides that they are using or they will have to dust twice as many times. If farmers will use enough in the first spraying or dusting, they will not be bothered with the pests, Foy stated.

Twenty-one mix and calcium-arsenic are the best sources of killing the leaf worms and bugs. Foy says that 10 per cent DDT is not to be used for spraying the crops.

School Registration Schedule Announced

Brownfield high school registration schedule was announced this week by O. R. Douglas, principal. Registration will begin Tuesday morning, August 29, at 8:30. Seniors will register Tuesday morning and the juniors will register in the afternoon. Sophomores will register all day Wednesday, Aug. 30. Freshmen will register all day Thursday, which will conclude the enrollment.

Pupils of the elementary and primary grades will not report until Sept. 4, the opening day of school, and they will receive their room assignments at that time.

All parents whose children are entering school for the first time are required to present their birth certificates before enrollment can be made. Only students that are six year old on or before Sept. 1 will be permitted to enroll.

School buses will follow their regular schedule Monday morning, Sept. 4, and will return at noon since there will only be a brief schedule of classes that morning. The high school students and faculty will hold an opening assembly program Monday morning.

British Youth To Speak to FFA Boys

The Brownfield FFA boys will meet Monday evening at 8 o'clock in the high school to hear a British exchange student speak.

The British youth will make a short talk on the English club work and customs which will include pointers on the way they manage their livestock and crops. He is one of four students from England touring the United States. While in this community, he is visiting the state FFA president, Weldon Mason of Meadow. He toured Arizona last week and will be in and around Lubbock this week.

He will be guest speaker at the Jaycee luncheon Monday. Approximately one hundred boys from the Brownfield district have been invited to attend the meeting Monday evening.

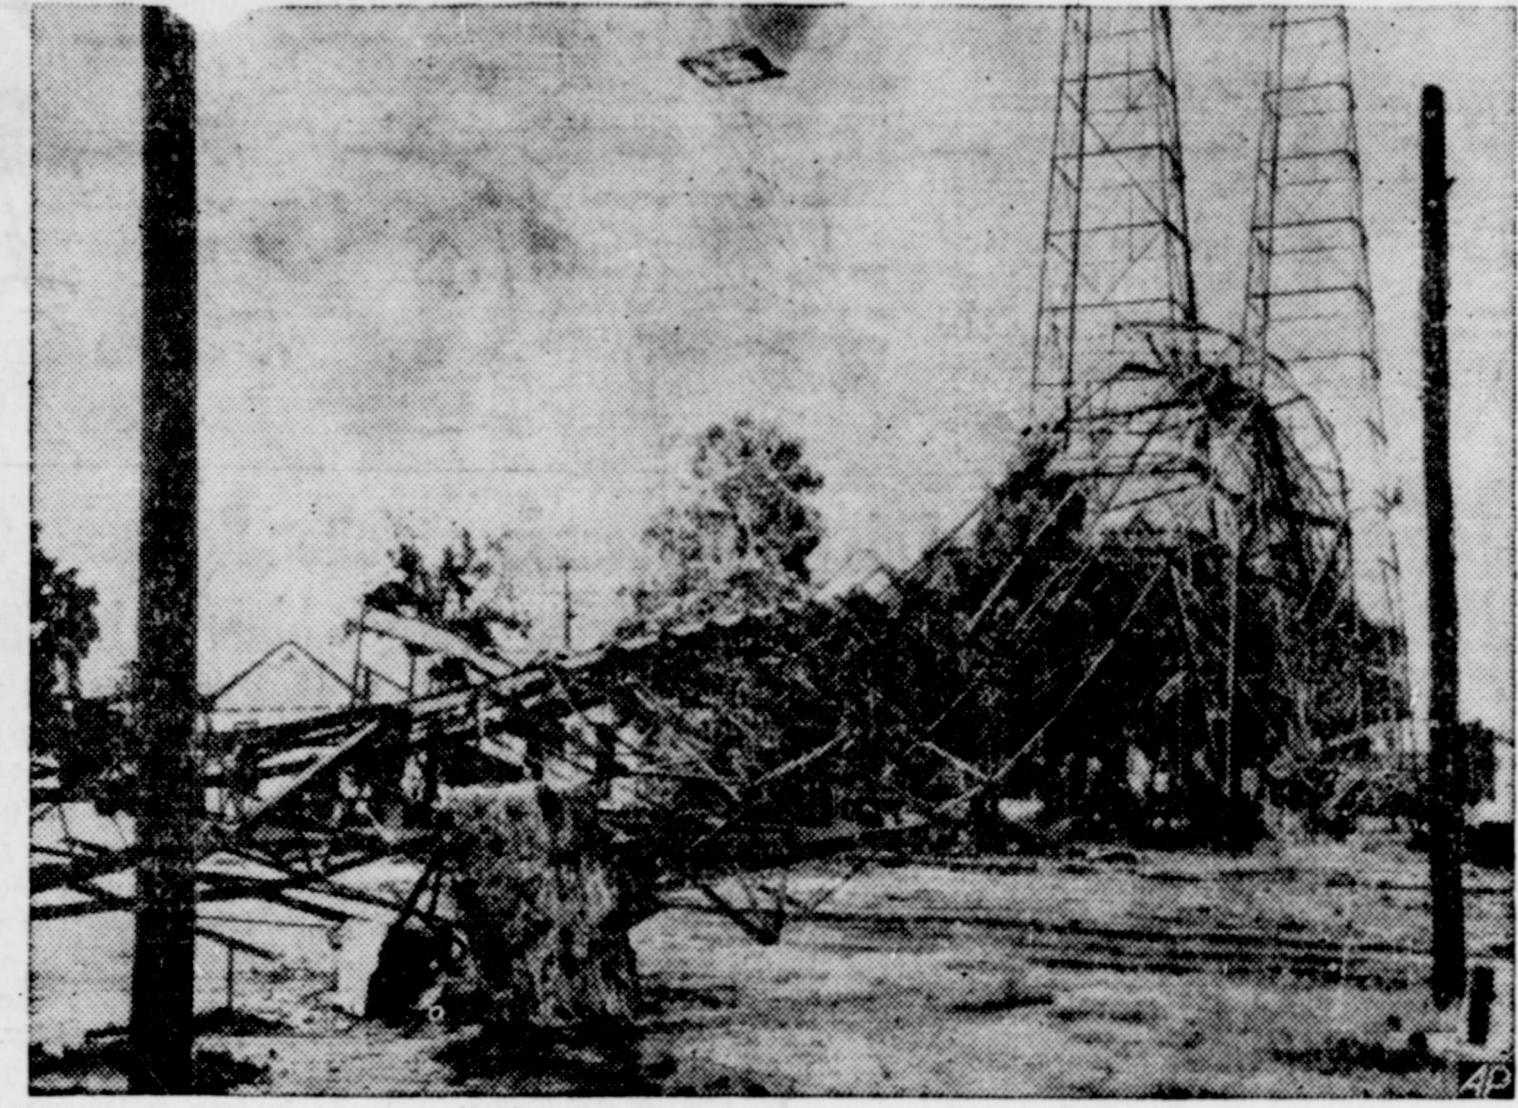

LAST RITES HELD FOR NEW MEXICO RESIDENT

Mrs. Alice E. Peck, 81 year old New Mexico resident, died in the home of her daughter, Mrs. M. J. Beach, Tuesday morning at 5:45. Mrs. Peck was a former resident of Roswell, N. M., and had moved to Brownfield only three weeks ago.

The body was shipped to Bantam, Conn., under the direction of Brownfield Funeral Home. The funeral services and burial will be held in Bantam Sunday.

Mr. Beach, son-in-law of Mrs. Peck, is employed with the Stanlind Pipe Line.

Mr. and Mrs. Herbert A. Duncan and family spent last week end at Clqueroft, N. M.

TOPPLED BY TORNADO—The steel structure of an oil well derrick lies draped across the ground and against adjoining derricks after being blown down by a tornado near Kilgore, Tex. A dozen derricks were knocked down by the twister which hit the edge of the oil producing center.

Reporting the Local Oil Situation Is Confusing

Well, here we go again to try and tell you something you probably understand better than your reporter. The more we read and hear of oil news, the less we know about it. That is, the technical side, and what they mean by this, that and the other. Sometimes we feel the whole thing is an open book, then we read a little more, and we feel like Houdini locked in a box and forgot to fetch the key.

For instance take this Cotten well out four miles southeast of town, and let's analyze it a bit. The first test from 9910-70 didn't seem to show a cockeyed thing, but the next one 9970-10,002 seemed to have shown some 10 or 15 barrels per hour, through some of a choke. Then there was another some 30 feet further down that yielded 84.5 barrels in 50 minutes. The next seemed to have yielded 115.17 barrels in an hour. The latest test dropped back to 105 barrels an hour. Good Lord.

And now, as this is written (Wed), we understand the pay reef line has reached a huge swath of some 180 feet, and another test is to be run with another "choke" perhaps. We may get to add this test onto the tail-end of this article. Now this is what gets our nanny goat. Are these tests the whole thing from the top of the lime to the present bottom, or is it just that freshly cored section? If the former, what a well, what a well.

In the meantime Phillips Petroleum has staked a west offset. So, evidently some other majors consider there is some oil down there in that reef. If we can find a driller sometime that will talk, we're going to have it out with him, and find out all both of us don't know about oil wells.

Town Has Plenty Map Men

Every case where you go to get coffee, and even in some of the stores, there are men with

large maps of Terry county laid out in sections, blocks, etc., with the map spread out. Most of them are total strangers to us, but they are evidently selling something, such as leases, royalty, etc.

And then go over to the courthouse, to the County Clerk's office, and you'll find that the main office and the auxiliary that was opened last year by closing the south entrance is crowded. All this space is now filled with gals pecking away on typewriters, copying abstracts, deeds, and what have you. And it would be hard to tell just how many more are working in private law and abstract offices. We have seen at least one girl hammering away on her typewriter out in the hallway of the courthouse. And last week we found Mrs. John R. Turner in a little cubbyhole in the highway department at the courthouse, pecking away on some kind of instruments in connection with the oil play.

As Lil' Abner would say, it is all "confuzin'" to this writer. In the meantime the well in central east Terry is all lit up at night now like a Polock church, if you know what we mean, but presently the lights go out at midnight, indicating three crews. Maybe four later.

The mile offset to the Mound Lake Pool must be down pretty close to pay by now. Between 8 and 9 thousand feet the last we heard. And the several offsets to the Anderson-Pritchett well near Wellman are just getting started, some maybe just spudded in.

Another thing, while we're talking about the fine points of drilling oil wells is this pressure stuff. We take it that they mean gas pressure. For instance, the report will say 4,475 pounds in 15 minutes.

Some of these days we're going off to college and learn more about geology, seismographs, doodlebugs and rock hounds.

All To Be Contacted In X-Ray Survey

A telephone committee has been named to contact all citizens in the community about the Terry County Tuberculosis Association x-ray survey which will be held August 30 through September 2.

Members of the Order of Eastern Star and Rebekah lodge will compose the committee. Mrs. A.E. Proctor is OES chairman and members of her committee will be Mesdames Ida Belle Walker, Louise Cotz, Mary Jennings, Lillie McPherson and Dora Lee McCracken.

Mrs. Oliver Wheat is Rebekah lodge chairman and will head the committee of Mesdames H. B. Parker, Sue Seaton, Claude Buchanan and Minnie Williams.

A hostess committee will be working each day from the VFW auxiliary with Mrs. T. H. Anderson as chairman. There will be committees assisting the following chairmen hostesses during the survey. Hostesses for Wednesday August 30, are Mesdames T. H. Anderson and Abel Pierce; Thurs., August 31, Mesdames Allan Mitchell and H. H. King; Friday, Sept. 1, Mrs. Leon Proctor and Miss Jo Pete May; Saturday, Sept. 2, Mesdames Wayne Smith and Bill Webb.

Rev. Shreve Begins Revival August 27

Rev. R. R. Shreve, state missionary of Heber Springs, Ark., will hold a revival meeting at the West Side Baptist church beginning Sunday, August 27.

Brother Clarence Merritt and Rev. John C. Taylor, pastor of the West Side Baptist church, will arrange the song services. Verne Taylor of Oklahoma City, Okla., will assist them in the services with music on his mirimba.

Rev. Shreve is the former pastor of Quemado First Baptist church and Sunday, Sept. 3, has been declared Quemado Day for all those former residents of Quemado who are living in this vicinity. Following the morning worship service, there will be a basket lunch in Coleman Park.

The public is cordially invited to attend the revival.

Formal Re-opening Held At Collins

The formal re-model opening of Collins Dry Goods was held Friday evening, Aug. 18, from 6 to 8 o'clock.

Collins wishes to express their appreciation for the beautiful floral arrangements that were presented to them to make their re-opening lovelier.

Some of the floral arrangements were used in displaying their new fall styles. A large number of guests were registered in the guest book, and each lady was presented a carnation. Those assisting at the guest book and flowers were Misses Scharlyn Daniell, Betty Holmes and Wanda Stafford.

X-Ray Project To Start Next Week

Coming Up—Some Hot Runoff Races

There are some state hot races coming up to be voted on Saturday. Do not let the fact that there are but a few contests on tap keep you from the polls. Your vote or your lack of interest in the election can mean much in the years to come. This time it will take you but a few minutes to cast your vote, so take that time out and vote.

In the State race, there is the important office of Lieutenant Governor. Remember the Lieutenant Governor often takes the place of the Governor, as in the present case. Gov. Shivers is filling out the unexpired term of deceased Gov. Beauford Jester.

Then there are two races for Justice of the Supreme Court, places one and three. These are very important offices. Then there is another for the Court of Criminal Appeals.

In the county race runoffs, we have the important office of Sheriff to decide, as well as for County Commissioner of Precincts two and four, and the office of Constable of Precinct one.

These are important offices, and your vote will count. It could be the deciding vote. The time has come when if you don't exercise your privilege as a citizen, some dictator may take over and tell you what to do.

Begins to Look Like Oil Field at Wellman

The Jr. Editor and family accompanied by the Old He, drove out on the Forrester F-M road Wednesday night, and took the Wellman road a few miles south of Forrester, which brings one within a half mile of the Wellman oil field. There are high places where one can see the four lighted drilling rigs at Wellman, the one a few miles southeast, another south of Union, and the one here in town.

They are all lit up, and one begins to have a feeling that not too long off, this whole section is going to be a reef oil field, not unlike the one at Snyder. There are two others further east and northeast that could not be seen. Men who have followed the oil business for years, have been putting it out for the past year or so that Terry county was to be the next hot spot.

Of the four grouped, three are perhaps offsets, providing one was still over the original discovery. Bevers No. 1, 2280 barrels per day, this could mean four new wells, or three if one is still over the original well. Looks good, folks.

In the meantime leasing and royalty sales go merrily on. One man sold a lease on his 40 acres adjoining the town section for \$250 per acre. Of course we presume he kept part of the royalty.

Then the oil folks are yelling for more pipe lines. They say with the increased allowance from the Railroad Commission, who also have charge of the oil business in Texas, will take the capacity of all the pipe lines from the Permian basin.

Either more lines must be built, or new refineries. That might be a MUST for the Chamber of Commerce. Have some of this oil processed right here at home. It makes a good payroll, and darn the smell—you'll get used to it.

UNION SCHOOL TO OPEN SEPTEMBER 4

September 4 has been set for the opening date of the Union school. Supt. M. G. Gary announced this week.

There are two new teachers in the elementary grades this fall. They are Mrs. Beulah Herring and L. D. Spradling. Other members of the staff are Mrs. Claire Doak, Craig Lewis, Mrs. Edith M. Reese, John H. Myers and Mrs. Vernell Leach.

The x-ray survey for tuberculosis will be held August 30 through September 2 at Tudor Sales, and everyone is urged to make this a 100 per cent project.

There are a number of diseases which we catch from people and which are a serious threat to health and life. One of these is tuberculosis. Unfortunately, tuberculosis has no obvious signs in its early stage. Even though you had never seen a case of small pox you would recognize it if you came face to face with it. Not so with tuberculosis. The man next to you, at work, the friend with whom you drink in the evening or even you yourself might have tuberculosis without knowing it for months. Yet he could give the disease to you or you could give it to him.

Last year approximately 55,000 persons died from tuberculosis. That's one person every 10 minutes. Each of these persons caught the disease from someone else. Today there are about half a million people in this country suffering from tuberculosis. Only slightly more than half of these are known to health authorities and are undergoing treatment.

The rest, nearly a quarter of a million people, are unknown to the health authorities.

We want to find those unknown cases of tuberculosis. We want to find them while the disease is still in that early stage when it is easiest to cure.

We can see tuberculosis in its early stage through x-ray examinations. The x-ray makes possible the taking of pictures of the lungs through flesh, thus revealing the presence of tuberculosis even in its early stage.

To find any unknown cases of tuberculosis in Brownfield and to further the control of the disease, the Terry County Tuberculosis Association and the Brownfield Chamber of Commerce are co-sponsoring a mass x-ray program.

You are urged to join this fight against TB by having a chest x-ray. The x-ray machine will be brought to you. It requires but a minute to have your picture taken and it is a painless process. It will cost you nothing. Expenses are being borne by the tuberculosis association.

If, unfortunately, your x-ray shows suspicious signs of tuberculosis, you would want to know it, so that you can take the necessary steps to arrest the disease before you have lost your health completely and before you have spread the disease to others.

Let's all have a chest x-ray. Let's make it 100 per cent.

Softball League To Finish Games Aug. 31

The Brownfield Softball league composed of nine teams will finish their league games next week and will play the champions of softball tournament for the league championship.

As the league stands at the present the Scudday team is ahead with six wins and no losses. The league teams stand as follows:

Team	Wins	Losses
P.S.I.	5	0
National Guard	4	2
Service Station	4	2
Lions club	3	4
Hammer	2	4
Foster Gin	0	6
Oil Mill	1	5
Primm Drug	0	6

The National Guard team will play the PSI team at 7:30 Thursday, Aug. 24, and the Oil Mill vs Primm Drug at 9 p.m.

Friday night, Aug. 25, Hammer vs PSI and Foster Gin vs Scudday team.

Monday night, Aug. 28, Lions Club vs Service Station and Scudday vs PSI.

Tuesday night, Aug. 29, Oil Mill vs Foster Gin and Scudday vs Service Stations.

Thursday night, Aug. 31, Primm vs Foster Gin and Hammer vs Lions Club.

Mr. and Mrs. Jarvis Roach returned Tuesday from a wedding trip to Ruidoso and El Paso.

Editor Ernest Joiner of The Ralls Banner evidently has a kind of pre-emptive poll of things to come, or has he a quirk of foreknowledge that most of us have to wait till it all happens for results. Along about a year ago, just prior to the Holy Year events of Rome, Editor Joiner informed those who read as they run, that some bones of ancient vintage would be dug up in the catacombs of the ancient city of Rome, and they would be proclaimed those of Simon Peter the apostle. And sure enough, that's just what happened. But the latest to be proclaimed over about the Vatican is that Mary, the mother of Jesus, ascended bodily straight into heaven, and those who do not believe it are excommunicated and bound for the lower regions of hell. Then Joiner tells his readers to shake hands with the No. 1 heretic. Move over, Joiner. But here is one thing we are glad to admit: We believe that Mary, mother of Jesus Christ, was one of the best if not the best women of her time. And we feel sure that when she was turned over to John as his mother, at the death of Jesus, that she was an honored member of his family until her death, perhaps. We don't

know. The Bible does not say what happened to her. John died on the Isle of Patmos, perhaps. And, we never had seen anything in the New Testament that indicated that she ever was or claimed to be anything except human flesh, or was ever translated. We have also read that no flesh can enter the kingdom of heaven. And we don't believe humans have the power to do the translating. We side with Joiner.

According to an article in last week's Floydada Hesperian, Editor Homer Steen had been reading a bit in the little book that is in possession of the sheriff's department. And no doubt our sheriff has a copy. Of late we have been hearing much about the tampering with automobiles, particularly throwing a rock through the windshield. Much of this has been done in Lubbock, according to the daily of that city. But the law against tampering goes much deeper. It includes any tamper or out of any of the working parts, body, etc. Or monogramming or printing signs thereon. If such tampering causes such damage the car won't run, the fine is a felony with a maximum of 12 months in jail and \$1,000 fine. Other damage or defacement is a misdemeanor, and carries a fine not to exceed \$100 and six months in jail. There is not much any jury can do but to pop it to a defendant. There are few loopholes.

We noted in a recent editorial in the Brownwood Banner that it had received a letter from a Chamber of Commerce, not at Brownwood however. The envelope in which the letter was en-

closed was printed by the government. Most people think of the Chamber of Commerce as being one of the leading exponents of trade at home, and most of them follow this up to the best of their knowledge. If the chambers of commerce failed in their effort to set a precedent advocating the trade-at-home movement, and the development of home resources, they are certainly missing their calling. The local organizations usually recognize that the home business men are the ones that put up the tax money to keep the schools and county, as well as the state governments going concerns. As a consequence, no printing matter or any other business should be sent elsewhere that can be done at home. Few newspapers or printing plants that we know of object to the government having their own printing done in the government plant. That is what the government plant was primarily built to do. But they do seriously object to the government entering competition with the printing or any other private industry that pays taxes to keep the government going.

We have been knowing for quite some time that the Communist version of anything is just the reverse of what civilized people understand it to be. It remained for Reg Manning, cartoonist for McNaught Syndicate to bring out the comparison in a way that a moron can understand. For instance, when the Russo says white he means black—if anything. The "people" are of course his highness Josephus Stalin. When a "defender of the people" is mentioned, the komrad thinks of a masked man with two six guns. And if you see a man out cutting grass on the lawn of his modest cottage, mark him as a bad character, a "capitalist oppressor." "The Aggressor" is the police force of the world that is trying to make the Reds keep hands off other people's property. If a peaceful householder tried to resist "the defender of the people" trying to "liberate people's property," he is branded as an "Imperialist Invader." Peace to the up-sidedown Communist mind is a guy in his grave because he opposed Communist conquest. Says Manning, apply these meanings to the Russ statements, and you get a true intent of their gibberish.

The Herald does not often caution voters on elections. That is out of our line, as we believe a qualified voter should know how he wants to vote without dictation. We never pretend to tell anyone editorially or by word of mouth how to vote in district, county or precinct elections, as the voter is presumed to know his men and measures. But in the recent election, there were so many names on the state ballot that it was quite confusing—at least it was to us, and we figure that we read as much as the average voter. In such a case, voters often go by names rather than known facts about candidates. For instance, there is Robert L. Lattimore, in the runoff for the Court of Criminal Appeals. Many thought perhaps they were voting for that famed old jurist, O. S. Lattimore of Fort Worth. They are remotely related if at all. R. L. is an obscure lawyer with no legal background, and is said to be unable to hold a job. He is even accused of having been arrested and jailed on a burglary charge. Three witnesses identified him as the burglar, it is reported, but by some hook or other, he was not indicted by the grand jury, and all files of the investigation have disappeared very mysteriously. His home town papers, including the Dallas Morning News came out squarely against Lattimore. Most people who are capable of judging men on their merits, suggest that the voter cast their ballot for W. A. Morrison of Milam county. As to the other races, for Lieutenant Governor, Ben Ramsey of San Augustine county is a well known lawyer, and his opponent Pierce P. Brooks of Dallas is an insurance man. For Associate Justice of Supreme Court, place one, the candidates are both well known, being Fagan Dickson of San Antonio and Will Wilson of Dallas. For place 3 on the same court,

This Oil Business Is Drawing Inquiries

Here of late we have added not a few new subscribers to our list from various sections of the continent. Many of them have heard of the oil business here, and a few already own land, bought or inherited.

Last week we had a letter from a good lady from San Monica, Calif. She had land here and wanted to know where the new reef wells were in relation to the location of her land. Her land is located not too far from the Slaughter fields in northwest Terry, Hockley and Cochran counties, but some distance from any of the new reef wells. But just give the drillers time, and they may find oil on her quarter section in the north part of block D-11. So we took one of McGowan Abstract maps and marked the position of the new wells brought in or drilling, as well as the older shallow pools of the county, all of which are near the lines of Hockley, Yoakum and Gaines.

In this we are helped by Herbert Chessier, Assessor and Collector of taxes. Yes, it takes a bit of time, but the lady mentioned above sent an air mail ready addressed envelope.

Mr. and Mrs. Shorty Forbus left this week for Alpine where they will meet Von and go to Brownwood to visit Mrs. Forbus' parents.

Week end visitors of Wayne Rogers' were his cousin, Bill Jones of Sundown, and James Hitt of Dallas who will enter Princeton University graduate school in September.

Meade F. Griffin of Plainview, Hale county, is opposed by George W. Harwood of Dallas. We might say the Dallas News has come out squarely for Griffin against the home man. For Commissioner of Agriculture, John C. White of Wichita Falls opposes the present incumbent, J. E. McDonald of Travis county.

Announcements

The following political announcements are subject to the second Democratic primary to be held August 26, which is the fourth Saturday thereof:

Call To Cattlemen To Unite Interests

Ray W. Willoughby of San Angel, dapper head of the Texas and Southwestern Cattle Raisers Association, has called upon cattlemen in all regions of Texas, and particularly those in east Texas, to unite. In Dallas last week, Willoughby argued that 90 per cent of the decisions affecting the livestock industry these days were made in Washington. Unless cattlemen form a solid front and present a common voice in the making of these decisions, the industry may be stifled under a blanket of regimentation resulting from adverse legislation, he warned.

In effect, he opened the doors of his association to all nonmember cattlemen. And the Dallas Chamber of Commerce, spurred by its president, John W. Carpenter, joined him in extending the invitation. The two groups presently will open a membership drive in east Texas. They are interested especially in the large number of new cattlemen who have established ranches in that region during recent years. And not a single one of these new livestock farmers could spend his time more profitably than to consider carefully the benefits he would receive from a membership in the association.

The cattlemen's group is an old and honorable one. It is powerful, numbering thousands of ranchmen in Texas, Oklahoma and New Mexico. It is highly effective in all phases of the cattle industry. It is particularly strong in Washington politics. Its benefits extend from protection against rustlers and the recovery of stolen cattle to registration of brands and legal advice. Its membership represents a heavy salting of the sons of the pioneers. It has fought bitterly against all forms of government interference in its business. It has a fighting belief in the dignity of the individual. Its credo is independence through self-reliance. It is probably the state's largest association whose members are unaccommodated by subversive isms. All these factors demand thought at this time.—Dallas Morning News.

Well, Lee says a ginner must take the moisture out of cotton before it is ginned, and then return the moisture when it is ginned to comply with the loan conditions of Uncle Samuel. Contrary old guy, this Uncle Sam, ain't he?

Copper is the most generally employed hardener for silver.

HOWARD-PAYNE HAD 221 GRADS THIS YEAR

With a spring graduating class of 152 and a summer class of 69 receiving degrees, the Howard-Payne college at Brownwood had a total of 221 receiving degrees. Dr. Robert E. "Ben" Milam, addressed the graduates. He is now an Oregon pastor.

Rev. Milam was also a graduate of H-P, and served as endowment secretary in 1929-31. The H-P fall semester opens Sept. 12th.

MISSING—ONE SWIMMING POOL

EL MONTE, Calif.—(AP)—Ada Stoffers reported to police that someone had stolen her swimming pool. Mrs. Stoffers explained that the pool was made of yellow plastic and had been rolled up and placed in the front yard near the house.

Mr. and Mrs. Les Newberry returned last week from Abilene where they had been visiting relatives.

CHECK MPE before you buy a new truck

MOST EFFICIENT COOLING SYSTEM with jet-directed water stream to valve areas.

TOCCO-HARDENED CRANKSHAFTS — finest known—used in every GMC.

FULL-PRESSURE LUBRICATION with rifle-drilled connecting rods which forces oil to full-floating piston pins.

MILES PER ENGINE — the number of trouble-free miles you can expect from a truck engine is mighty important to know—especially now.

GMC valve-in-head engines are designed and built for truck service—there's not one lightweight "converted" part in even the smallest GMC engine!

GMC engines are tough and powerful. They have high sustained pulling power at normal operating speeds—don't have to race themselves to death like lighter-duty, geared-up engines.

Check GMC's many other extra engine features and you'll see why you get most Miles Per Engine in a GMC—with less maintenance and repair. Come in today and let us give you the facts.

Fitzgerald and Luper Have Home Wedding

In a candle light ceremony Sunday afternoon, August 20, Miss Opal Lucille Fitzgerald, daughter of Mrs. Catherine Fitzgerald, became the bride of Harry E. Luper, son of W. B. Luper of Frankfort, Ind., at 4:30 in the ranch home of Mr. and Mrs. Matt Williams, grandparents of the bride.

Rev. W. M. Culwell, minister of the Sundown Methodist church and cousin of the bride, officiated for the double ring ceremony before a wedding altar banked with baskets of white gladioli flanked by burning candelabra. A mantel piece of white gladioli centered with candles was a background feature.

Traditional wedding music was played and W. M. Culwell sang "Always" and "The Lord's Prayer."

The bride was given in marriage by her grandfather, P. M. Williams who placed a lucky penny in her shoe before the ceremony. She wore a gown of white marquisette and Chantilly lace. The bodice featured a lace yoke which extended into cap sleeves and was fitted to a voluminous skirt accented with a soft drape of lace cascading from the waist line to the hem. A finger tip veil of silk illusion was attached to a satin cap outlined with rows of pearl beads. Carrying out bridal traditions, the bride wore something old, a brooch which had been worn for four generations, something blue, the traditional blue garter, something borrowed, a string of pearls belonging to her aunt. Her bridal bouquet was a white orchid surrounded by carnations.

Maid of honor was Miss Bobbie Williams, aunt of the bride. She wore a pale green taffeta gown with a fitted bodice and full skirt. Her colonial bouquet was of rubrum lilies.

Candlelighters were Margaret and Martha Fitzgerald, cousins of the bride. Their identical dresses were of baby blue dotted swiss and matching halos of pink carnations.

W. B. Adams served the groom as best man.

Following the ceremony, a reception was held at the Williams' ranch home with Mrs. P. M. Williams as hostess.

The refreshment table was laid with a three tiered wedding cake which was topped with a miniature bride and groom. A floral arrangement of white gladioli and asters was on the table. Wedding cake and frosted punch were served to fifty guests. Misses Royne and Annie Fitzgerald, cousins of the bride, presided at the refreshment table.

For traveling, the bride chose a white linen suit with navy accessories. Her corsage was a white orchid.

Following a wedding trip to Florida, the couple will be at home at 306 West Lake in Brownfield.

Mrs. Bingham Feted With Bridal Shower

Mrs. Curtis Bingham, the former Lillian Hamilton, was honored with a miscellaneous shower Thursday afternoon, August 17, from 5 to 7 o'clock in the home of Mrs. Jim Nelson. Hostesses honoring Mrs. Bingham were Mesdames Harold Jones, Walter Tomlinson, Will C. Brown, Mike Blair, Ed Mayfield, Nannie Hamilton, Nathan Brown, J. J. Johnson, J. W. Williamson, W. A. Gill and Jim Nelson.

Miss Kay Hamilton, sister of the bride, registered guests in the white bride's book made of satin covered with sheered net.

The refreshment table was laid with a lace cloth featuring a center piece of yellow gladioli and shasta daisies. The color scheme of green and yellow was also carried out in the refreshments with lime sherbet punch and small yellow cookies.

Mesdames Ed Mayfield and Nathan Brown alternated at the punch bowl while other hostesses displayed the gifts.

Boa constrictors are often vicious when captured but soon become rather docile.

Hamilton-Bingham Vows Read Aug. 21

Miss Lillian Hamilton, daughter of Mr. and Mrs. J. H. Hamilton, 4001 Seagraves highway, and Curtis Bingham, son of Mr. and Mrs. C. C. Bingham, 512 E. Hill, were married Monday morning, August 21, in the parsonage of the Church of Christ. Jimmy Wood, pastor of the church, officiated for the single ring ceremony.

The bride wore a street length dark green crepe dress with brown accessories. Her corsage was of white glamelias.

Mrs. Joe Hamilton, sister-in-law of the bride, was her only attendant. Mrs. Hamilton wore a summer fashioned suit with brown accessories and a corsage of white carnations.

Joe Hamilton, brother of the bride, served as best man.

Following a wedding trip to Ruidoso, the couple will be at home in Brownfield.

LACKEY FAMILY HOLDS REUNION IN ROPESVILLE

The children of Mr. and Mrs. Jesse Lackey of Morton, Texas, met at the home of Mr. and Mrs. Curtis Snider of southeast of Ropesville Sunday, August 20, for a family reunion.

The day was spent visiting baseball, and feasting. There were six brothers and three sisters present at the reunion. Those attending were Mr. and Mrs. Jesse Lackey and Jack of Morton; Mr. and Mrs. James Lackey and children, James, Durwood, Royce and Ladelle; Mr. and Mrs. O. M. Lackey and children, Dean and Yvonne; Mr. and Mrs. J. Homer Lackey and Stacy; A. H. Hallibur, Mr. and Mrs. Durwood Lackey and children, Norma and Walter, all of Muleshoe; Mr. and Mrs. Lawrence Carter, Mr. and Mrs. John D. Lackey, Miss Mary Lee Lackey and Bill McGale, all of Morton; and Mr. and Mrs. Curtis Snider and children, Mildred, Margie Lee, Ronnie and Linda of Ropesville.

MRS. BUSH HOSTESS AT CANASTA PARTY

Mrs. C. H. Bush, Jr., was hostess at a Canasta party in her home Wednesday evening for the wives of the Texas Co. crew, party No. 127.

Refreshments of coffee, cold drinks and cookies were served to Mesdames D. D. Parker, Jimmy Wright, Nell Fry, Floyd Thigpen, Gene Merriman, H. L. Hoover, M. D. Eakin, L. V. Provensal and Audrey Robinson.

Sub-Deb Club Holds 49-50 Presentation

The Sub-Deb Club held their 1949-50 Presentation at the Veterans Hall Thursday evening, August 24, at 8 o'clock.

A Starland theme, taken from the club song, "Stardust," was carried out in the presentation of the 1949 and 1950 new members. The color scheme was the club colors, silver and blue.

As the curtains parted and the spotlight turned, a silver glittered star in a cloud of white angel hair was displayed against a blue starry background. While the club song, "Stardust" played, the star revolved presenting the lovely new members seated on the star. As the undertones of blue lights rose, the new members walked down the satin stairway and met their escorts. Those presented were Wanda Black escorted by John Thompson; Betty DuBose escorted by Jerry Bailey; Jane Griggs escorted by Skeet Whitley; Joan Zant escorted by John O'Dell; and Kay Drennon escorted by Curtis Stockton.

The escort of Charlene Didway was Jack Stricklin, and Norma Jean Acker was escorted by Mackie Hord. Jeannie Cloud was escorted by Tommy Hord; Janelle Lewis escorted by Johnny Cloud; Marie Robinson escorted by Doyle Criswell.

Others being presented were Herberaleta Singletery escorted by Johnny Sutterfield; Patty Truly escorted by Lanny Webb; Ginger Hyman escorted by Dale Travis; Ann Lee Jones escorted by Jerry Anderson and Beverley Wartes escorted by Bobby Laatham.

The 1949 club sweetheart, Freda Anthony, was presented and met her escort, Bob Ferguson, at

the foot of the stairs. The 1950 sweetheart couple, Leahdale Portwood and Dale Cary, were also presented.

Master of ceremonies was Paul Billings.

Following the presentation ceremony, C. A. Rogers' orchestra played for the dance. The ballroom was decorated with alternating silver and blue poles topped with white angel hair. The tables were centered with large blue stars surrounded by angel hair with a small glittered star in the middle.

The angel were registered as they entered the doorway to Starland.

Shower Honors Mrs. Harley Rogers

Mrs. Harley Rogers was honored at a coffee Friday morning, Aug. 18, from 9:30 to 10:30 o'clock in the home of Mrs. Alvin King. Mrs. Jack Tankersley was co-hostess with Mrs. King.

The honoree was presented with a shower of pink and blue gifts displayed in her bassinets.

Decorations included arrangements of fresh garden flowers throughout the house.

Coffee, sweet rolls and favors of pink and blue bassinets were served to Mesdames Wayne Brown, Martin Line, Crawford Burrow, J. W. Hogue, Ted Fox, Ed Mayfield, Mike Blair, Nathan Brown, S. L. Cook of Cisco, Carl Marshall of Odessa and Jack Benton, mother of the honoree of Lubbock, and Misses Nelda Brown and Billy Benton, the honoree, and the hostesses.

Stafford's Teentime Lines

Hi kids! While scouting around this week, I learned that Glenna Faye Winston, Diana McElroy and Carlon Brady are nominees for the South Plains Queen. The queen will be chosen from all the nominees submitted from the cities of the South Plains participating in the Mid-Century South Plains Fair which will be held in Lubbock October 2-7. The queen will have her choice of \$500 or an all-expense trip to Havana for her and her chosen companion. Congratulations and good luck!

Among the fishermen this week end were Robert Bowers, Bobby Lines, Billy Joe Lewis, Oscar Tyler and Billy Blankenship. As their fish story goes, they brought home a hundred pounds of fish. Could it really be true or have I listened to another fish yarn?

Sunday afternoon daters were Carroll Johnson and JoAnne Dickson, a long time steady couple, and LaNell Duffey and Bill Benson.

Von Forbus, ex-trick twirler, completed her summer school work at Sul Ross in Alpine this week. She is now vacationing with her parents, Mr. and Mrs. Shorty Forbus, in Brownwood. Von will be head majorette at

Sul Ross this fall. While attending summer school, she has been vocalist with the orchestra.

Why don't you stop by the skating rink and spend a delightful evening skating? Their evening entertainment is filled with various types of couple, trio, tag and race skating. Outstanding skaters are Peggy Bradley Courtney, and the frequent couple skaters are Ene Starnes and Allan Orr. Go join in a night of fun!

The Sub-Deb presentation highlighted this week's activities for the guys and gals. Orchids to the old members for giving such a beautiful presentation, and to the new members for being such lovely debutants. Everyone enjoyed dancing to the music of C. A. Rogers' orchestra at the presentation ball. The 1949-50 new members that were presented were Misses Beverly Wartes, Wanda Black, Bety DuBose, Jane Griggs, Joan Zant, Kay Drennon, Charlene Didway, Norma Jean Aker, Jeannie Cloud, Janelle Lewis, Marie Robinson, Herberaleta Singletery, Ann Lee Jones, Patty Truly, Ginger Hyman and the 1949 club sweetheart, Freda Anthony, and the 1950 club sweetheart, Leahdale Portwood.

H. E. Dodge Honored At Sunrise Dinner

A surprise birthday dinner was given Sunday, August 20, at noon for H. E. Dodge in the home of his son, James Gunn 407 North C.

The centerpiece for the dinner table was fresh garden flowers in a low cut fosteria bowl flanked by burning yellow candles.

Before the dinner, Mr. Dodge was presented with a birthday cake and gifts. Dinner was served to Messrs. and Mrs. Johnny Ellis, J. V. Gunn and family, Lewis Nibblett, all of Odessa; Mrs. Linnie Duffey, Mr. and Mrs. R. V. Morman, Miss Iona Morman, Mrs. Francis Vest, Mr. and Mrs. James Gunn and family, and Mr. and Mrs. H. E. Dodge.

Have news? Call the Herald.

SUPPER HONORS VISITING GOLFERS

The Brownfield women golfers served a buffet supper Sunday evening at 6 o'clock in the Country Club house to the golfers of the Tri-City tournament and their wives.

Mrs. Jack Bailey was chairman of the menu and entertainment for the evening. The Brownfield women golfers prepared and served the supper to approximately 75 golfers and their wives. The buffet style table featured a center piece of styro foam cut in the shape of a green with a golf club and ball on one end and an arrangement of red carnations on the other.

Golfers honored were from Littlefield, Levelland and Brownfield.

Wyoming oil drillers have gone down as far as 30,000 feet, a new record.

SANTA FE CARLOADINGS Santa Fe system carloadings for week ending Aug. 18, were 24,418 compared with 22,383 for same week in 1949.

Cars received from connections totaled 12,907 compared with 10,793 for same week in 1949. Santa Fe handled a total of 36,479 cars in preceding week of this year.

The Herald for best results!

Picnic Fare For Food And Family Fun

Dining rooms, say many families, are stuffy, especially in the summer. Out-of-the-house eating is today's trend. Informality is the keynote of modern living. All of which adds up to picnics. Food tastes better on the terrace, in the back yard, or at the picnic grounds.

Food manufacturers of 1950 have made it easy to plan and fill the picnic basket. Think of the foods you can buy ready-to-eat or requiring a minimum of preparation in the home kitchen. Cans of baked beans, dozens of baked buns, loaves of cold meats and summer sausages, pickles, potato chips. The store of fern radishes, green onions, potato salad, fruits of all types.

So it's a picnic for the family and almost a vacation for mother on the next hot summer day. How does this menu sound? It ought to fill a growing boy's hollow legs, satisfy daughter's eye for color and flavor contrast, and give dad food that will tempt him beyond his capacity.

Casserole of baked beans topped with crisp bacon slices
Potato chips Radishes Pickles Mustard
Hot dogs in toasted wiener buns Green onions
Potato salad Sliced cold meats Hard cooked eggs
Slices of red-ripe tomato
Watermelon Assorted small fruits Coffee Cream Milk

Baked beans are a picnic favorite. They have been included because any picnic meal should include one hot dish. Empty cans of baked beans into a casserole, add catsup, top with bacon and bake in a 325 degree oven for an hour.

Crunchy potato chips, crisp radishes give texture contrast to the soft beans. Use bunches of washed radishes with leaves left on. Place the bunches, leafy part down, in a glass jar. Stick in a few gleaming white onion bulbs and you have a centerpiece as well as a dish of relishes.

The buns are split, buttered, toasted. A hot wiener is inserted. Balance the part of the hot dog that extends beyond one end of the bun by stems of green onions extending at the other end. Herb flavored mustard is even better than plain mustard.

Put the potato salad in a large bowl. Cut rings of green pepper. Insert the rings down the center of the salad. Peel the hard cooked eggs. Cut the fresh tomatoes in thick slices.

Arrange the sliced meat at the last moment lest the edges of the meat curl. Use water cress or parsley for contrast.

The watermelon should be dead ripe and chilled from center to outside rind. Add small fresh fruits for color accent and appetible appeal. Don't forget to fill the large enamel coffee pot with amber coffee, hot and clear. Everybody ready? Let's go.

Some Real Old Time Stuff In Clipping

Mrs. Ivy Savage of Lubbock, wrote in this week to get on the mailing list of the Herald. Since the death of her mother, Mrs. J. C. Green, recently, Mrs. Savage, Ivy to old-timers, stated that she sadly missed those long letters from her mother and clippings from the Herald, weekly. In the letter Ivy enclosed a yellow old clipping taken from the Herald, which we guess was printed either in 1909 or 1910.

She stated that she and her sister, Mrs. Grace Truman May of Clovis, going through their mother's effects after she passed on, found this clipping in their Grandmother Young's scrap book, and decided it would interest us. It was a poem, something we hardly ever print unless it really stands out, or as in this case a bit witty. It was entitled "Terry County In Rhyme," and was written by Ery Perkins, a local character here at that time with a

Free demonstration and skin analysis by Lena Tzawer at Shelton's three days beginning August 29th. Call now for appointment.

pendant for verse. It was addressed to his friend Ezekiel Brown at Pilot Point, Texas. We are going to reproduce that old poem elsewhere in this or early issues. But taking a peep on the opposite side of the old clipping, we noted that Dick Brownfield had taken the agency of Buick cars in Terry, Lynn and Yoakum counties. Also that Miss Fay Bynum, now Mrs. L. L. Cobb of Lubbock, would start a primary school at the public school building on May 10th.

Since Fay was one of the first graduating class of four, we presume it was just after public school was out, and Fay decided to earn some money teaching the young ideas how to shoot. Perhaps they were pre-school students to start in that fall to public school.

Then followed five ads. H. S. Chandler was running the Modern Barber Shop, who not only shaved and cut your hair, but gave you hot and cold baths. He was also agent for Rose & Co., Chicago tailors. Those were the days when the "wimmen" shied away from the barber shop.

Also C. J. Parke at the Hotel Denver, Clarendon, was in the livestock commission business. Another was an ad for the Stanton Lumber Co., Stanton, Texas; the Randal Drug Store that handled Drugs, Patent Medicines, etc., etc. Also, Dr. T. M. Griffin of Gomez, Physician and Surgeon, had a card. Yep, you're right Bo, Gomez had not one, but two physicians at that time. The other was Dr. E. W. Maddox, who ran the drug store. Old Dr. Mad-

BAPTIST CIRCLES HOLD JOINT MEETING

All the Baptist Missionary Circles met at the First Baptist church Monday afternoon at 4 o'clock.

The program theme, "Are You On a Diet," was a unique presentation of the symptoms and diagnoses of the human body if it is not spiritually clean. The Blanche Grove Circle presented the program over the public address system on the first floor of the church to the women of the circles who were meeting in the basement.

The Lottie Moon Circle was refreshment hostess for the meeting.

The circles will meet next Monday, August 28, at the First Baptist church for a business and program planning meeting. Mrs. R. D. Shewmake will preside at the meeting.

BIRTHDAY PARTY HONORS D. BRADLEY

A birthday party honoring Doyle Bradley was given Friday evening by his parents, Mr. and Earl Bradley at their home, 209 E. Buckley.

Ice cream and cake were served to Page Tomlinson, Sidney Allen, Doyle Lawrence, Bob Bell, Charles Mayfield, Don Auberg, Sidney and Don Jones, Delbert Bradley and Bill Cobler.

Maddox was a surgeon in the 13th Tennessee regiment during the war between the state.

We killed a heck of a lot of space with that old clipping. But we could have found all that and more in the old Herald files, if we were not too lazy.

"LONG DISTANCE, PLEASE"—"A column up front has been cut off. The Reds are giving them hell. They need cover quickly." That's the sort of call that moved this U. S. 105-mm. howitzer team into action. Heaving shells a distance of approximately seven miles, the weapon drops messages of death among the enemy. And the gun's echoing roars are reassuring words to the ears of imperiled frontline forces in South Korea. The Yank on the telephone at right is checking up on the crew's long-distance effectiveness.

FLYING NEWS AND VIEWS

By EDWIN E. DUNCAN

An airplane belonging to parties unknown has been found abandoned on a dirt road about three miles west of town. The plane, an Army surplus Taylorcraft L-2B, apparently made a forced landing when its fuel supply was exhausted, and the pilot, who was more than likely not the owner of Brownfield, Bill is now piloting the old faithful green Cub which was recently converted into a duster.

Just when the orphaned craft arrived has not yet been determined, however, all tracks having been washed away by rain indicated that it has been there since early last week. It was first noticed by local pilots flying in that area Friday.

A report from Roswell on a stolen plane has been investigated, but the plane stolen from that place was of a different type. The highway patrol and the Civil Aeronautics Administration have been notified. However, as yet, the mystery is still as deep as it was last Friday afternoon.

Mr. and Mrs. Herman Wheatley and Laurelle and Herman, Jr., of the Johnson community, took off from their private strip in their Stinson Sunday morning bound for San Francisco, Calif. Word was received here early this week that they had made the trip through successfully in only 11 hours.

Robert Noble left Tuesday morning for Wichita, Kans., flying a Stearman bi-plane belonging to W. L. "Buddy" Norris. While in Wichita a sprayer unit will be installed in the plane, after which Robert plans to return home this week end.

Last Sunday morning Kenneth Norris, accompanied by this reporter, made his first cross-country flight since having soloed several weeks ago. The flight was to Colorado City, returning home

by way of Big Spring and Lamesa. Kenneth Moore, J. J. Handley and Roy (Pete) Harris flew to Roswell last Friday in Moore's Piper Clipper.

The latest duster pilot to join the H and N Duster Service is Bill Williams who lives north of Brownfield. Bill is now piloting the old faithful green Cub which was recently converted into a duster.

JAYCEES TO GATHER IN HEREFORD AUG. 26-27

The Texas Junior Chamber of Commerce will open its sixth meeting of the 1950 series of bi-regional meetings in Hereford on August 26 and 27.

Ralph S. Krebs, Lubbock, vice president of the state organization will act as co-chairman of the business meeting for the two day affair.

Bill McDaniel, Dallas, president of the Texas Junior Chamber of Commerce, will deliver the main address at the business meeting on Sunday morning, Aug. 27, at the Hereford meeting.

Jaycees from Abernathy Brownfield, Crosbyton, Floydada, Lamesa, Levelland, Littlefield, Lubbock, Muleshoe, Plainview, Ralls and Tahoka will represent Region II; while Amarillo, Borger, Dalhart, Pampa, Perryton, Shamrock and Tulla will send Jaycees from Region I.

Mr. and Mrs. Gene Gunn and family visited Mr. and Mrs. G. L. Lemons in Oklahoma Cnty, Okla., last week.

'Home of the Brave' At Rio Sunday

"Home of the Brave," Stanley Kramer's daring screen adaptation of Arthur Laurents, Broadway hit, which United Artists will release at the Rio Theatre on Sunday, can lay claim to three spectacular film firsts.

The adventurous tale of five men of varying backgrounds brought together on a South Pacific island, it is the first entertainment film ever to be made in Hollywood on its daring theme. It is the first major picture to be completed in less than two months. It will also go down in Hollywood history as the first film made in that gossip-ridden town that was planned, written, cast and produced in complete secrecy.

This Herculean feat was accomplished by Stanley Kramer, current wonder boy of the picture industry.

During the war he worked on training and orientation films for the Signal Corps and it was in that unit that he discovered that an elaborate film enterprise can be conducted as a top secret.

Kramer rehearsed the cast for two weeks, as if for a stage play. James Edwards, who plays the leading role, had no previous film experience. Of the other featured actors, Frank Lovejoy from the radio, is making his film debut; Lloyd Bridges comes from the Broadway stage, and others are Douglas Dick, Steve Brodie and Jeff Corey.

While shooting was going on, the film was also being edited, and three days after the cameras stopped grinding, Kramer had a fully edited, feature length film ready for release costing only \$525,000.

'Black Hand' Stars Kelly At Rig

Every now and then Hollywood brings forth a picture so gripping in its impact, so forceful in its revelation of human emotions and so permeated with suspense that it holds the spectator in a relentless grip from opening score to final fadeout.

Such a picture is M-G-M's new drama, "Black Hand," to show at the Rig Theatre, with Gene Kelly starring in his first straight dramatic role in seven year and with a supporting cast of players, mostly of Italian origin, who look, talk, walk and act like the everyday people you see on the streets of a city rather than on a movie sound stage.

"Black Hand" tells you a story of dreaded extortionists who terrorize the Italian immigrants of New York shortly after the turn of the century. It is the story of young Johnny Columbo who comes to New York's teeming Italian section to avenge the eight year old murder of his father, and who remains to become the instigator which once and for all time wipes out a gang of preying racketeers.

The versatile Gene Kelly, in a striking departure from his familiar dancing roles, offers a compelling portrait of a young Italian whose sole motive in life is the vindication of his father's murder. Fine support is given by J. Carol Naish as the policeman who sacrifices his life in his efforts to aid Johnny in rounding up the Black Hand, and by Teresa Celli, talented newcomer to films.

CONGRATULATIONS TO MRS. W. J. HALE

Recently when Editor W. J. Hale visited this office, he informed us that Mrs. Hale was fast mastering the Linotype, recently installed. Congratulations. We also noted that every line of reading matter in the last issue of the Yoakum County Review was set by machine.

The Low Down From Hickory Grove

More and more, we look like Europe. But we talk loud of "freedom"—listen to speeches, coast to coast. Everybody is for freedom—it is unanimous. But as a little innocent sample, you go to work and discover a likely-looking rifle in some crick and figure you are free to go about putting in a water wheel and dynamo for turning out some kilowatts, you will learn something about freedom.

Even if it is your very own savings that you will spend on the crick—your very own do-re-mi—you will not proceed. You must ask the Govt., just as it is in Europe. Europe tells its citizen where to get off—it makes its socialist kilowatts, it runs the telephone, the railroads, Europe, that is—and who chooses to move to Europe.

Too many good citizens up and down our Main Streets—and elsewhere—are not scanning our Govt. road map. The flowery speeches on "freedom" have allayed us—the Govt. itself has grabbed the freedoms—we hold the bag. Look at the 3 men at Morristown, Tenn., and their dwindling freedom. They thought they could work where they chose. They were ambushed—shot. Freedom to work for how long, how much, and for what butfit, is a flimsy sham in our own USA—now.

Yours with the low down, JO SERRA

So this is HOUSEKEEPING

The heat has not gone to my head despite what a few lifted eyebrows might indicate. I have a perfectly good reason for smugly singing "Jingle Bells" when the thermometer is about to split its sides. It happened like this. At the precise minute that I sat down to relax and leaf through Alden's new fall and winter catalog, a piercing screech came from the basement. The last known inhabitant of said basement was one spouse manfully attempting a repair job with what he scornfully refers to as his "hodgepodge mess of tools." After peace was restored I went back to my favorite catalog and found staring me in the face an announcement of a new, complete line of power tools. Without too much difficulty I can identify a hammer, saw, and screw driver and that's about as far as my mechanical genius takes me. But often enough I've heard Jeff muttering about "if I had a lathe," or "if I had a sander," or other mysterious tools to know they're near and dear to the heart of a handyman. Before my eyes was a six-in-one power tool belted to one motor at a price that would be tender to my Christmas budget. There were other pages of interesting-looking drills and grinders and saws and motors but I'd already had my heart set on the "complete workshop in one." Gleeefully I filled out an order blank to Alden's in Chicago, arranged for monthly payments and sat back to the tune of more muttering from the basement.

It's a good thing that coincidence hit me when it did or I might have been debating from now 'till December 29th about tools versus cameras versus lounging robes versus a smoking jacket or any one of the hundred items that lure you from a "shopping in an armchair" book. As it stands—high ho! isn't it wonderful weather for Christmas shopping?

Chevrolet alone offers such a wide and wonderful choice . . . and at the lowest prices, too!

Come in and take your choice of swank convertible or steel-topped Bel Air

Take your choice of Standard Drive or POWERGLIDE Automatic Transmission*

*Combination of Powerglide Automatic Transmission and 105-hp. Engine optional on De Luxe models at extra cost.

Take your choice of Styleline or Fleetline styling at the same price

'The Asphalt Jungle' Year's Hit Thriller

Seven men meet their fate in M-G-M's gripping new drama, "The Asphalt Jungle," outstanding attraction on the Rialto screen next week.

Directed by John Huston, winner of two 1949 Academy Awards this realistic, pulse pounding story of crime and punishment holds a relentless grip on the spectator. Sam Jaffe enacts the notorious jewel thief who interests slick criminal lawyer Louis Calhern in a master million dollar robbery to take place in a large Midwestern city. Jaffe and his accomplices, small time stick up artist Sterling Hayden and wily, hunchbacked James Whitmore, together with a sniveling bookie and an underworld genius at safe cracking, plan and execute the daring robbery. Calhern is to dispose of the million dollars worth of loot. It is, when his pal, a disreputable private eye, to doublecross the others that the forces of the law and the wheels of retribution turn to prove once again that there is neither honor nor gain among thieves.

With the handling of this picture, John Huston shows himself to be one of the most discerning directors in motion pictures. There is never a wasted moment and the story's suspense and dramatic pitch are engineered with fascinating skill.

A uniformly fine cast is also of great aid in making this picture a far cry from the usual cops-and-robbers opus. Jean Hagen enacts a seamy girl who befriends Hayden in his doomed last minute flight from the police. James Whitmore plays the hunchback. Sam Jaffe, offers a moving portrait of a jewel thief, and other topnotch roles are played by Marc Lawrence, Anthony Caruso, Teresa Celli and John McIntire.

OIL MAN SPEAKS TO ROTARY CLUB

The Rotary club met at noon Friday, August 18, for their weekly meeting. Mike Kelly, superintendent of Stanolind Pipe Line, was guest speaker. Kelly spoke about operations of an oil well and the drilling processes. There were visiting Rotarians from Lovington, N. M., and Mangum, Okla.

Glorious Showers Dot the Area

Just as we felt sure that we were going to have to put forth a bit of energy to water our grass, or hire it done, thanks to Mr. Weatherman for a shower There was .72 here in town Tuesday night of last week, but Lee Lyon and some others reported near an inch in south Terry. A good rain fell in east Terry, and some sections had a good shower Tuesday afternoon.

Ed Thompson said he had a rain about like fell here in the Harmony community, with more between here and his farm. A check with farmers elsewhere in the county seemed to run about the same. The rain fell slow several hours, and was cloudy most all day Wed., that tended to let the rainfall sink in. In the meantime farmers are reporting a lot of "just hatched" worms in their cotton, and in our drives we have seen several spraying, maybe the second time, and others preparing to get busy. With cotton around 32¢ per pound it is not good economics to let the worms get it.

To the Citizens Of Terry County:

Owing to my duties as your present Sheriff, it has been impossible for me to see every one of you personally between the two primaries.

I have done my very best to see as many of you as I possibly could. My final words to you, the citizens of Terry county, I wish I could have had time to contact each and every one of you personally. I earnestly solicit your vote. Since my duties as your sheriff does not permit me the time, please accept this as a personal solicitation.

I will appreciate your vote and influence on August 26, and will do my very best to make you a better sheriff.

Respectfully,
Ocie H. Murry.
(Pol. Adv.)

GUNNER'S-EYE VIEW OF KOREA—In a picture postcard setting of misty mountains and a lazily-winding river, an American soldier shatters the silence with his 30-caliber water-cooled machine gun. The G.I.'s manning this gun emplacement in South Korea know only too well that the pastoral setting belies the presence of Reds, who hide in holes and crawl on their bellies across the rugged terrain, ready to mete out death to unwary Yanks.

We Got Some Ham And Streaked Gravy

Last week our cousin Phillip Rogers and wife, Faybelle, asked us out some night for supper—maybe dinner to you. In accepting, we did not stutter. The Junior family went out with us Tuesday night, and lo! and behold we were not disappointed. There was the home cured ham from his freezer at the Freezing Plant here in town, and a dish of red streaked gravy. And Faybelle did wonders to a lot of hot bison, cuts and scrambled eggs, salads, etc. Then there was a well frozen hunk of country butter and some milk to drink that had not had a skimmer in a mile of it. Then there was Arbuckle if you drink it at night.

The only fly in the ointment, was that as soon as it began lightning in the north and northwest, the electric lights dimmed out and remained that way. The Rogers says that stunt is usual, especially if the lightning is in that direction. Looks like if the REA is going to supply lights to farmers, they'd try to remedy this as most thunder storms are at night when the lights are really needed. Had to make out on old time wick model kerosene lights. They were good in their day, but are slightly outmoded.

GARLON FREEMAN GRADUATES FROM SUL ROSS

Congratulations are in order to Garlon Freeman of this community, who is graduating from Sul Ross State College at Alpine with the summer class. He is receiving a Bachelor of Science degree. Graduating exercises are set for August 24th, with 205 in the class of summer graduates. The degrees will be conferred by Dr. R. M. Hawkins, the president. This is the 30th annual graduating class.

BIBLE COMMENT

Christ's Servants, Like Soldiers, Must Practice Endurance

It is not only the soldiers serving in Korea that are being offered, in the words of Winston Churchill, "blood, sweat and tears"; vast numbers of our fellow-Christians across the world are also suffering cruel persecutions. They have been enduring hardness and manifesting courage as truly and manfully as those who have been bearing arms. And endurance is the great, ultimate mark of the true and effective soldier. The long process of training is to make him hard and strong and firm of muscle and spirit, as well as efficient. Paul himself exhorted Timothy to "endure hardness" as a good soldier of Jesus Christ. Paul knew from experience that a Christian could not live in the hostile environment of that ancient pagan world without suffering. In offering his counsel to the runaway slave, Timothy, Paul felt the terms of warfare and soldiering aptly defined the nature of Christian life. It was his contention that the earthly soldier serves under imperfect commanders. He may be called upon to obey orders that are mistaken, and he may even know they are mistaken—"Into the valley of death rode the six hundred." But the decisions of the Divine Commander are always wise, couched in careful planning and delivered with compassionate consideration of man's weaknesses and limitations. The rule of Christ is from within. It is not a law from without. Christ leads; he does not compel. And we cannot be good soldiers without enduring the petty trials and tribulations of work-day life and meeting major disappointments and heartaches in soldierly fashion. That is why Paul urged Timothy to be strong and firm.

Comedy Team On Rialto Screen Sunday

Dean Martin and Jerry Lewis, screwball comedians par excellence, have been battling a thousand and ever since they teamed up for a night club act four years ago. And according to advance raves they are even bigger and better in "My Friend Irma Goes West," the Hal Wallis comedy coming Sunday to the Rialto Theatre, than they were in their fabulous screen debut in "My Friend Irma." The way they got together was a stroke of inspired coincidence. Lewis was doing a solo in a night club when another act failed to turn up at show time. He urged the desperate club owner to allow Dean Martin to fill in by doing a double with him. Martin, known only as a singer at the time, bluffed his way through as a comic and the team has been at it ever since. From that accidental beginning until the present, Martin and Lewis have skyrocketed in night clubs, on the air as stage attractions and as movie stars. They perform so smoothly as a team that their technique defies description. Everything they do has a spontaneous quality as if they make up their act as they go along. Their unflinching sense of judgment gives whatever they do a professional veneer that cannot be topped. The result is that these comics are at the head of the list of new comedy favorites.

WAR II VETS DON'T HAVE TO REPORT

Some men registered under the World War II draft act, now past 40 and 50 years of age, are attempting to advise old local boards of changes of address and status, although these draft boards have been out of existence for years. As a result these cards and letters are flooding present local boards and Selective Service headquarters at Austin. Brig. Gen. Paul L. Wakefield, state director of Selective Service, advised today that "these men no longer have to advise of any change of address or status, as the law under which they registered was terminated by Congress in 1947." The only men who are obligated to keep local boards advised are those registered under the Selective Service Act of 1948, which became law on June 24, 1948, the state director pointed out.

A Bit More of Results Of Bureaucracy

A case in question of what may happen if too many know-it-all bureaucrats gets charge of the country—and it is fast coming, happened to an individual in this town only recently. As the gentleman did not give us leave to quote him by name, we can give you his name if you like.

He is a veteran of the Spanish-American war, and getting up quite along in age, and not feeling very well he was advised to go to a certain Vets hospital in the San Francisco area for a checkup and possible hospitalization.

He went out and waited for some two months and came back home. They never did get to his case. All of which reminds us that a relative wrote us recently that the Vets hospital in the Long Beach vicinity was being abandoned, although a good building well equipped.

An ambitious congressman is having one built in his district. And we might also remind Texas folks who have been following the procession blindly, that although there is a building that cost millions of dollars near Temple, and used all during and after War II it is to be abandoned. Sen. Tom Connally is having one built in his home town, Marlin.

Then there is old Samuel Rayburn, Sammy is having a fine one built, in his home town, Bonham. And we understand the one at McKinney is going to rack.

BILLY JOE HINSON GETS HIS DEGREE

Announcement was recently made by the public relations section of the University of Texas that along with hundreds of others, Billy Joe Hinson of this city, was getting his degree.

Billy Joe majored in Bachelor of Science in Geology. He received his degree during the summer term. With oil being found here and yonder in this area, his chosen course ought to work out nicely.

Mr. and Mrs. Dudley Kennedy and son, Richard, of Frederick, Okla, visited Mr. and Mrs. E. P. Bish last Sunday.

Jack Browder was in Snyder and Rotan Monday on business.

Sheriff Broughton Here from Odessa

Sheriff Earnest Broughton of Ector county, was here from Odessa Saturday, and paid the Herald a short call. Earnest is the son of the late Mr. and Mrs. Ben Broughton, pioneers of the Gomez community, of which there were not better friends and neighbors. Sheriff Broughton grew to manhood in the Gomez community.

Earnest stated that he had no opposition this year. We believe he polished off all opposition in the first primary two years ago. He had heard much talk of the new oil play here and ran up, as the Broughtons still have two tracts of land in Terry county.

Earnest gave the Old He a pressing invitation to visit him sometime and stated that he'd guarantee not to lock us up. He had a good word for Sheriff Ocie Murry, and stated he was a good man to work with.

Mrs. Broughton is the daughter of the late Mr. and Mrs. R. S. Heartsill, also Terry county pioneers.

Tact is making your guests feel at home when you wish they were.

FIRST GATHERING OF MAJOR OIL PRODUCERS

The first major gathering of Texas oil and gas producers since the start of the Korean war has been scheduled at Dallas for Oct. 4-5 when the Texas Mid-Continent Oil & Gas Association holds its 31st annual meeting.

Headquarters for the meeting of representatives from all branches of the petroleum industry will be the Adolphus Hotel. "Since they will be called on for more than 80 per cent of the additional domestic crude oil required for national military security, Texas oil men will use this meeting as a forum for discussion of ways to provide civilian and military petroleum needs." R. B. Anderson of Vernon, association president, announced.

Free demonstration and skin analysis by Lena Trower at Shelton's three days beginning August 29th. Call now for appointment.

IMPERIAL... is the word for it!

"Imperial," says Webster, means "superior excellence." IMPERIAL, says Chrysler, is this luxurious new car that excels anything on wheels in the sheer exquisiteness of its styling. Come look inside this reigning beauty... look at the lavish wool broadcloth fabrics, tastefully combined with topgrain leathers. Look at the lovely color harmonies, the soft sheen of the butler-finished chrome. Consider the advantages of Fluid Drive... exclusive new automatic transmission... Waterproof Ignition... Full Flow Oil Filter... High Compression Spiffire Engine... electric window lifts... the CLEARBAC rear window for exceptional driver vision... and dozens more. Surely, of all the world's fine automobiles, only the Chrysler CROWN IMPERIAL, this car's running mate, achieves the same aristocratic distinction: Come see the flawless workmanship, the fine materials, the superb Chrysler engineering... and you'll agree that no other car, at any price, compares with the Chrysler IMPERIAL. Inside or out, there is no finer car in America!

ONLY THE CHRYSLER IMPERIAL offers you this absolutely unique system of window control! Each window has its own separate electric motor... each one can be raised and lowered independently from the driver's seat or at the window itself. And that's not all! So many other deluxe features... the kind you think of as being in the "special order, extra cost" category... are STANDARD EQUIPMENT on the Chrysler

Imperial. For example: armrests on all four doors... foam rubber seat cushions and seat backs... double-width center armrests in front as well as rear seats... stainless steel wheel covers... white sidewall low-pressure tires... carpeted luggage compartment Full flow oil filter and many other engine features! Yes, you get all these extras as standard equipment with your beautiful new Chrysler Imperial.

Inside and out... it has no equal at any price...
the beautiful

Three Score and Ten— On Borrowed Time

On August 23, 1880, the final blow hit the home of J. W. and Martha Stricklin 5 miles northwest of Middleton, Tennessee. They had thought the seven children prior to this son was the last. The last girl had appeared five years before. That son was this writer, and strangely after our expectancy, we were named Andrew Jackson and we have forgotten what, if we had been a girl.

So, you see we have, according to the Bible lived our allotted time, three score and ten, and from this on out we'll be on borrowed time of those who failed to make the grade. Anyway to start the ball to rolling, the Don Hepburns bought us a box of cigars while here, and Sunday the daughter-in-law had a stack of fried chicken, cake and other good eats for us.

We have received greeting cards from Tennessee, Cleburne, Grandview, etc., and our two little pals at Colorado City sent us a telegram of congratulations addressed to Daddy Jack, and signed by Becky and Jo.

And folks, we'll let you in on a secret. You know most all politicians tell you they were born in a log house. So, was we, and we think perhaps we'll start off our political career with the office of chief dog catcher. And to quote the old song of some 40 years ago:

"We're old but awfully tough," Dad's name was John Wesley, evidence that he came from Methodist stock. But he got the name Jack, while in the Confederate cavalry of Gen. Nathan Bedford Forrest, and it stuck throughout his life.

Cousins We Hadn't Seen In 40 Years

It was June 1910 that we stopped off in Fort Worth and ran into a cousin, the late Billie Howell, who invited us to his home for lunch, and persuaded us to spend the afternoon and night. This was our first time to see either he, his wife or two daughters, Fannie and Billie. Neither girl was married at that time, nor was the Old He.

This week, Fannie, as Mrs. Grey, passed through from vacationing in New Mexico. She had accompanied her daughter and son-in-law, Mr. and Mrs. J. Morton Westbrook and little son Bill, still carrying the family given name. Mr. and Mrs. Westbrook have a ladies wear store in Fort Worth.

It was after 10 a.m., and their time was limited, as they were due in old cowtown Wed. night, but we had a very nice visit, and many promises of future longer visits.

By Gum, It Did Thunder Sunday Night

Way in the night Sunday, we heard the crash of thunder, then the usual roll from the crash that generally follows. We were soon asleep again, but was not further disturbed. Brought the subject up with the crew at the office Monday, as well as other town folks that dropped in.

You just heard a blowout or a backfire from a car, they said. But we maintained that we never heard two crashes and then a long rolling sound from a blowout or backfire. Trouble was that town folks nose around town till midnight then sleep so sound they would not hear Gabriel blow his horn.

Got to quizzing some country folks, and many heard it. Tried to rain but mostly thunder and bluster Monday night, and we think all heard it. Just a sparing .02 inch of rain.

Free demonstration and skin analysis by Lena Trower at Shelton's three days beginning August 29th. Call now for appointment.

BLIND TEXAN AND GERMAN BRIDE—Otto Arndt, blind farmer from Brenham, Texas, poses with his bride in Hamburg, Germany. The German-born Arndt, had wooed his wife by mail since 1945. She was Margarete Zwirner, 47, a niece of Arndt's late first wife. The two were married by trans-Atlantic telephone last year. But U. S. authorities in Germany refused to recognize the marriage. Arndt flew to Germany to remarry his bride (AP Photo)

CHALLIS NEWS

We had a good crowd and a wonderful service Sunday. Brother Boyd Pierce of Brownfield delivered the message.

Mr. and Mrs. Judson Henderson and Mr. and Mrs. W. J. Henderson visited Mr. and Mrs. J. T. Henderson in Levelland Sunday. Mr. and Mrs. M. L. Pate and children visited Sunday with Mr. and Mrs. A. E. Pate of Brownfield and Sunday afternoon they visited Mr. and Mrs. W. J. Henderson.

Mr. and Mrs. Tommy Pettigrew visited Mr. and Mrs. Delois Seithern of Lamesa Sunday.

Mrs. Wayne Mullins visited Mrs. Z. G. Sherry of Brownfield Thursday.

Rev. Boyd Pierce and Rev. Vance Zinn and wife spent Sunday with Mr. and Mrs. Lence Price.

Mr. and Mrs. Earl Fort of Plainview and Mr. and Mrs. Ladson Worley of Brownwood visited Thursday with Rev. and Mrs. Vance Zinn. Also visiting them were Eugene Watson and Bill Bradshaw of Plainview.

MEADOW NEWS

Mr. and Mrs. E. L. Tilger and family are visiting relatives in Trent this week.

Rev. Kelly of Lubbock preached at the Methodist church Sunday morning.

Roy and Ray Guber spent the week end in Brownfield visiting their uncle and aunt, the Hesters. The Baptist revival closed Sunday night.

Mesdames Louis Peeler, John Cadenhead and Hubert Guber attended the district meeting of the WSSC in Lubbock Tuesday. Bob Warren spent the week end in Brownfield visiting his brother, Wink Warren and family.

Mr. and Mrs. Ed Peek spent last week in Stamford visiting relatives and friends.

Mr. and Mrs. P. Warren and Bob were shopping in Lubbock Thursday.

The R. M. Pughs held a family reunion in MacKenzie Park in Lubbock Sunday, Aug. 20. Those attending were Mr. and Mrs. R. M. Pugh of Tahoka; Mr. and Mrs. L. C. Dodson and family of Bowie; Mr. and Mrs. W. E. Shown and family of Tahoka; and Mr. and Mrs. W. I. Walker of Meadow.

Mrs. Estelle Work, teacher in the State Teachers College in Slippery Rock, Pa., and Miss Beatrice Carruth, chief nurse in the VA hospital in Amarillo, are visiting their mother, Mrs. L. J. Carruth this week.

GOMEZ GOSSIP

Mr. and Mrs. Gordon Carter are visiting in Louisiana with his parents.

Mrs. Tyler Martin, Wes Key, Denver Kelly and Miss Imogene Key and Patricia Kelly visited with relatives in Tatum Sunday.

T. S. Doss attended a neighborhood home coming in Weatherford last week.

Mr. and Mrs. Alfred Tuttle and children attended the reunion of the Remes family at MacKenzie Park in Lubbock last Thursday and Friday.

Visitors during the week end in the A. V. Britton home were Mrs. Clara Britton of Sudan, Mrs. Bertha Chick of Carlton, Mr. and Mrs. R. C. Billingsley and children of Wolforth. Mr. and Mrs. Bill Jolly of Lubbock and Miss Barbara Britton, Barbara returned home with the Billingsleys for a week's visit in Wolforth.

Maurice Martin, Travis Swink and Ray Carter have returned from a two weeks tour of the western states.

Twelve members of the WMU met in the home of Mrs. A. V. Britton Monday afternoon with Mrs. Wes Key conducting the business meeting in the absence of Mrs. W. G. Swain. Mrs. J. C. Wooley was in charge of the program. The hostess served sandwiches, cookies, nuts and bottled drinks.

Rev. S. J. Miller of Brownfield will preach at the Gomez Baptist church both morning and evening. The public is cordially invited to attend.

Notice To Bidders

Sealed proposals addressed to the Honorable Mayor and City Council of Brownfield, Texas, will be received at the office of J. H. Aschenbeck, City Secretary, until 2:00 p.m., September 6, 1950, for furnishing all necessary materials, machinery, equipment, superintendence, and labor for constructing certain Water Works and Sanitary Sewer Improvements. The principal items of work in Division I - Water Works Improvements consist of 6,868 feet of 10", 2,046 feet of 8", 3,754 feet of 6" Water Mains including the necessary Valves, Fire Hydrants, and Fitting, one Well House, one extension to present High Service Pump complete, and the necessary piping on reservoir and pump station site. The principal items of work in Division II - Sanitary Sewer Improvements consist of 7,888 feet of 15", 1,109 feet of 12", 2,290 feet of 10", and 4,600 feet of 6" Vitrified Clay Sewer Pipe (with depths of cuts varying from 4 feet to 30 feet) including the necessary Manholes, Cleanouts, and Branch Connections. Bidders may bid on either or both divisions. An alternate proposal will be considered on Division II in which the principal items of work consist of one Lift Station complete including Pumps, 1,678 feet of 15", 7,329 feet of 12", 2,290 feet of 10" and 4,600 feet of 6" Vitrified Clay Sewer Pipe (with depths of cuts varying from 4 feet to 24 feet), including the necessary Manholes, Cleanouts, and Branch Connections.

Bidders must submit a Cashier's of Certified Check issued by a bank satisfactory to the Owner, or a Proposal Bond from a reliable Surety Company, payable without recourse to the order of the City of Brownfield, Texas, in an amount not less than five percent (5%) of the largest possible bid submitted as a guaranty that the Bidder will enter into a contract and execute bond and guaranty in the forms provided within ten (10) days after notice of award of contract to him. Bids without the required check or Proposal Bond will not be

TERRY COUNTY HERALD, FRIDAY, AUGUST 25, 1950

A REGULAR THING—Being drafted is getting to be a regular occurrence for Perry Samuels, 23, star halfback and track champion at the University of Texas last season. The Chicago Bears drafted him as a pro-footballer and then he was called upon by the

considered. The Successful Bidder must furnish bond on the attached form in the amount of 100% of the total contract price from a Surety Company holding a permit from the State of Texas to act as surety, or other Surety or Sureties acceptable to the Owner.

All lump sum and unit prices must be stated in both script and figures. The Owner reserves the right to reject any or all bids and to waive formalities. In case of ambiguity or lack of clearness in stating the prices in the bids, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid. Unreasonable (or "un-

balanced") unit prices will authorize the Owner to reject the bid.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions under which the work is to be done. Attention is called to the provisions of the Acts of the 43rd Legislature of the State of Texas, Page 91, Chapter 45, (Article No. 5159A Civil Statutes 1925) concerning the wage scale and payment of prevailing wage established by the Owner. Said scale of prevailing minimum rates of wages is set forth in the specifications.

Information for bidders, proposal forms, specifications and plans are on file at the office of Eunice Jones, Superintendent of Utilities, Brownfield, Texas, and Parkhill, Smith & Cooper, Consulting Engineers, 1414 Avenue J, Lubbock, Texas.

Copies of the Plans and Specifications may be secured from Parkhill, Smith & Cooper, Consulting Engineers, 1414 Avenue J, Lubbock, Texas, upon a deposit of \$25.00 as a guarantee of the safe return of the plans and specifications. The full amount of the deposit will be returned to the Contractor on submission of a bona fide bid on the work, with such Plans and Specifications, or upon returning the plans and specifications immediately after examination of same, and advising the Engineer that bid will not be submitted; otherwise the deposit shall be forfeited.

City of Brownfield, Texas Owner.
C. C. Primm, Mayor.

Irish potatoes should be stored in a cool, dry, well ventilated place.

Notice To Bidders

Sealed proposals addressed to the Honorable Mayor and City Council of Brownfield, Texas, will be received at the City Hall until 2:00 p.m., September 6, 1950, for furnishing all necessary superintendence, labor, materials, tools, and equipment for constructing one water well, at which time and place the proposals will be publicly opened and read. Any bid received after the closing time will be returned unopened.

Each Proposal must be accompanied by a Certified Check, Cashier's Check or Proposal Bond, acceptable to the Owner, in an amount equal to at least five percent (5%) of the total amount of the bid submitted, made payable without condition to the City of Brownfield, Texas, as a guarantee that the bidder, if awarded the Contract will promptly execute such contract in the form provided and will furnish good and sufficient bond for the faithful performance of the same. Bids without the required bid security will not be considered.

The Successful Bidder must furnish bond on the form provided in the amount of 100% of the total contract price from a Surety Company holding a permit from the State of Texas to act as Surety, or other Surety or Sureties acceptable to the Owner.

Proposals must be submitted on the form provided and, in case of ambiguity or lack of clearness in stating the prices in the bids, the Owner reserves the right to consider the most advantageous construction thereof, or to reject the bid. The Owner reserves the right to waive any formalities, and to accept the bid which seems most advantageous to the interest of the Owner.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions.

Attention is called to the provisions of the Acts of the Legislature of the State of Texas concerning the wage scale and payment of prevailing wage established by the Owner. The scale of prevailing minimum wages is set forth in the specifications.

Information for bidders, proposal forms and specifications are on file in the office of the City Secretary, Brownfield, Texas, and Parkhill, Smith & Cooper, Consulting Engineers, 1414 Avenue J, Lubbock, Texas.

Copies of the Plans and Specifications may be secured from either the City Secretary or Parkhill, Smith & Cooper.

Business Leader With Great War Record Tells How Hadacol Has Rebuilt Him Physically

Was run-down, weak, after service in South Pacific due to deficiencies of Vitamins B₁, B₂, Iron and Niacin

Mr. Donald Hedburg, who resides at 1812 Parker in the fashionable Riverside District of Wichita, Kansas, has been an up-and-coming executive member of the staff of the great Wichita Eagle newspaper for over four years.

Mr. Hedburg has an enviable record of combat with the U. S. Army in the South Pacific in World War II. He is very active in civic affairs. And just as he was anxious to pitch in and do a job during the war—he now wants to help his fellow citizens who (like he was once), are physically run-down and weak due to lack of Vitamins B₁, B₂, Iron, and Niacin in their systems.

Here is Donald W. Hedburg's witnessed statement: "When I returned from service, I faced the problem of rebuilding myself physically. I was in a general run-down condition. "In my present capacity of advertising salesman for Kansas' greatest newspaper, The Wichita Eagle, it's absolutely necessary that I have plenty of vitality—'get up and go.' I had real cause to worry. Nothing seemed to rebuild me constitutionally. Then a friend of mine on the national staff told me about HADACOL—he asked me to try at least five bottles. I'm on my fourth bottle and already I feel like my old self. I look forward to a day's work and go home—play with the children—work in the yard—fish until midnight! Thanks again to HADACOL, energy and vitality once again course through every fiber of my body. You bet, I too, am now a missionary for this great new HADACOL."

Get That Wonderful HADACOL Feeling Everyone is Talking About

HADACOL gives such wonderful results because it not only supplies deficient, weak run-down systems with more than their daily needs of important

Vitamins B₁, B₂, Iron, and Niacin—but also helpful amounts of precious Calcium, Phosphorus and Manganese—elements so vital to help maintain good health and physical fitness.

If you are a victim of neuritis pains, certain stomach and nervous disturbances, constipation, insomnia or a weak, run-down condition due to such deficiencies, HADACOL will start you on the road to feeling better often within a few days. Thousands upon thousands of records of grateful men, women and children proved this to be so.

Many Doctors Recommend It

HADACOL is recommended by many doctors not only to their patients but to members of their own families who have such deficiencies. Before giving up hope—you owe it to yourself to at least give HADACOL a chance to help you. Why keep dragging yourself around feeling "half-alive" when it's so easy to have that wonderful HADACOL feeling that everyone is talking about! Trial-size bottle, only \$1.25. Large family or hospital size, \$6.50. Refuse substitutes.

Stricklinly Speaking

By Old He

Over at Ralls they are having a "Bill's Day." That is, anyone who goes by the name of Bill, has a pressing invitation to come and share in the festivities, including a barbecue. As we understand it, no matter what your real name is, if you are known as Bill, you get in.

For instance, let's take J. H. Aschenbeck, our city secretary. By no stretch of the imagination can one get Bill out of the initials, "J. H." But he is Bill Aschenbeck to all and sundry here.

Speaking of celebrating names, what became of the "Fred Smith Day" over at Lamesa of a few years back? Now there are lots of Freds, and some one told us once there were a few Smiths extant. Even the combination is frequent. We believe there were two at Lamesa at the time, and we have one in Brownfield and several other towns, around have one of more Fred Smiths.

We are looking for some one to start a Jack Day most any time. We have three in this family to start the ball rolling. But on the first ballot we aim to vote to exclude all the mules' daddy-son of the Jack generation. They make more fuss than we.

And then comes tomorrow. What a play, what a day. Tomorrow high; some will gather with their families, hug each other and rejoice with exceedingly great rejoicing. Others will be in abject mourning—almost sick unto bed. But all cannot be elected. We are glad the race has been clean in Terry county. We have heard no rumors otherwise, so far. May the best and most fitted man for the place, win.

While we rejoice with all the Collins crew, and all of them had a grin on their faces that almost reached from ear to ear last Friday night at the opening, we got the biggest kick out of Bill Collins, son of the owner and founder of the Store. Bill seemed tickled to death about the fine new store, and his ability to get to meet so many of his old friends.

Bill is a friendly lad; always was. For years, since his graduation from Tech college, he has been a valued employee of Hemp-Hill-Wells at Lubbock, as his wife was a Lubbockite. They visit Brownfield frequently, but most of us do not get to see them, as they are at the home of dad and mother Collins. By the way, Wade had a hard day getting ready for the formal re-opening and had gone home when we called.

Speaking of re-modelings and re-openings, we have heard any number of compliments on the new front of the Shelton Store, and it is a beauty. One thing that draws so many ahs and ohs, is the fact that the front show windows go clear to the floor in-

Free demonstration and skin analysis by Lena Trower at Shelton's three days beginning August 29th. Call now for appointment.

stead of having a bench or table some 18 inches from the floor.

Then there is the Purcell Clothiers new store next to Collins. Many were admiring their store windows after going through the Collins store Friday night. They really have a nice store for dad and sons, the first-exclusive men's store in Brownfield.

We have just about decided that before us meek shall inherit this old earth, it will be so badly eroded that we'll not want it. Anyway, we are glad we have chosen one of the newer sections. Can you remember way back when most of us poor but proud people ate our meals off oilcloths on the tables? In those old days, if the kids or the old gent spilt the peas, potatoes, beans, coffee or milk on the table cloth, it did not cause a family row.

Sometimes we think we'd be glad to revert back to the oilcloth on the table. Of course the thing had a sorter loud odor when new, but that soon vanished to some extent, and it always seemed that food tasted awfully good off those loudly flowered oilcloths. And it seemed that as it made little difference if stuff was spilt on the thing, no one ever had a table accident, and consequently no family fuss at the table.

Up there in New York a doctor of something from Harvard, has been monkeying with the clouds for quite some spell to make it rain more in the basin of the Adirondack mountains that supply water for New York City. And they tell us that they have been having regular gully washers and chunk movers of late, and New York has more water in its reservoir than quite some time.

You may not have figured on it, but it takes quite some water to run a city of 8 million souls. Of course the Gothamites may not drink much water, but they do bathe every Saturday night at least, wash dishes and clothes, etc.

But that professor is a bit cagey. He won't admit that his buckets of dry ice in the clouds have had anything to do with increasing the rainfall. This may have, however, been a previous agreement between the doctor and NY city authorities.

Suppose a farmer down in the valley was cutting his hay, and after it was on the ground, come the deluge, and all his work and hay goes up in a green mould? There's an opening for a lawyer to counsel the farmers to start suit for damages against the big burg.

Or there might be another whose cow gave birth to a calf in the lower 40 acres, and a blinding rain snuffed out the life of the weak newborn? Can't you see how many suits could accumulate because NY wanted some bathing water?

As we understand it, the Jaycees of Brownfield will be at Hereford this week end in force of the bi-regional meetings of Regions 1 and 2 of the Panhandle and South Plains. And their wives are also invited. Hereford promises to go all out in entertainment, and some of the state and nationally prominent speakers are to be on hand.

Troy Morris in his Ropes Plainsman had much to say about one of the fine south Plains weeklies putting on a subscription drive last week. He gave several reasons

MOURNING DOVE - WHITE-WINGED DOVE OPEN SEASONS 1950

MOURNING DOVES-

OPEN SEASON - NORTH ZONE: Sept. 1 to Oct. 15, both days inclusive. Shooting hours, one-half hour before sunrise to sunset.

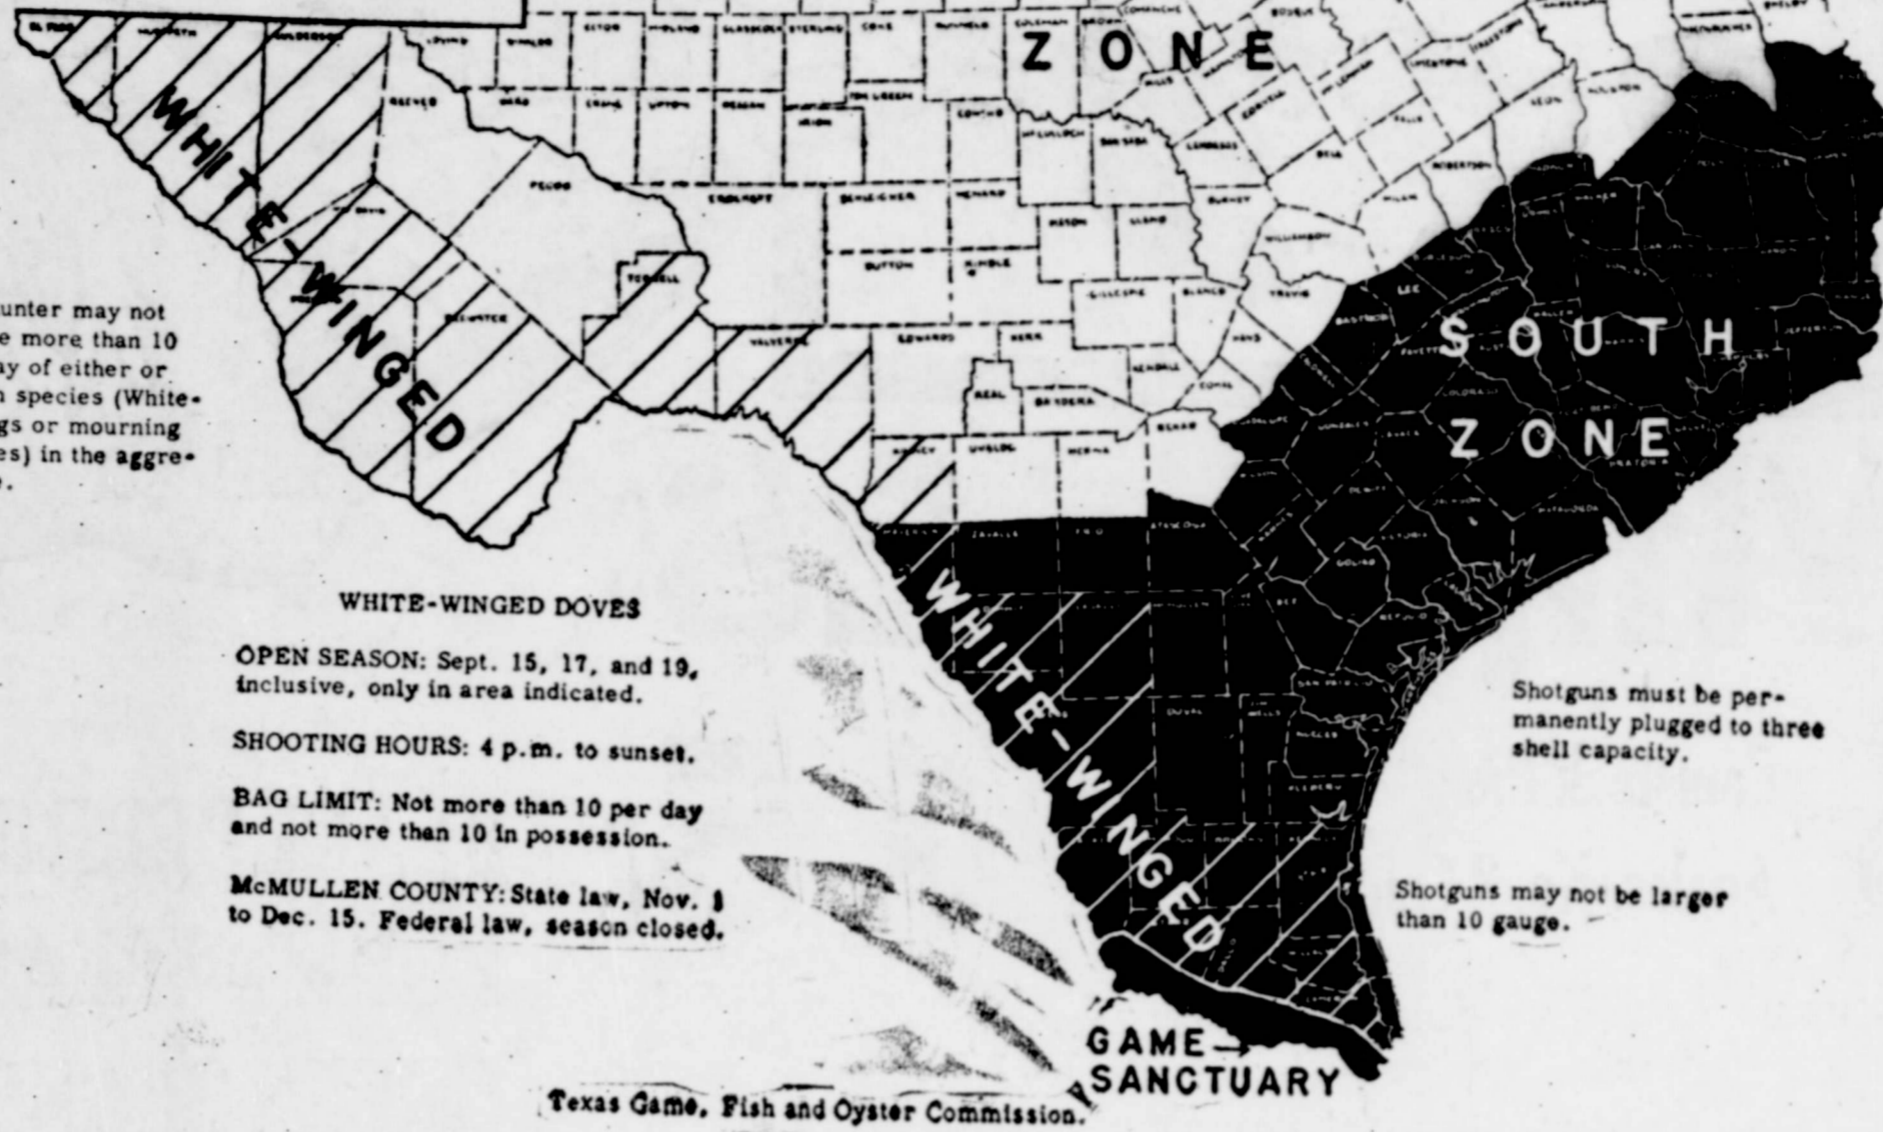

SOUTH ZONE: Oct. 20 to Dec. 3, both days inclusive, except in Cameron, Hidalgo, Starr, Zapata, Webb, Maverick, Dimmit, LaSalle, Jim Hogg, Brooks, Kenedy and Willacy counties where mourning doves may be hunted only on Sept. 15, 17, and 19, from 4 p. m. until sunset, and from Oct. 20 to Nov. 30, from one-half hour before sunrise to sunset.

WEST TEXAS MOTORS

220 S. 5th

Brownfield, Texas

U. S. Book-of-the-minute Club

Some choice titles of Government bureau publications: "Recipes for Cooking Muskrat Meat"; "Interaction of Sex, Shape and Weight Genes in Watermelons"; "Planning the Bathroom"; Eliminating Bats from Buildings"; "Habits, Food and Economic Status of the Band-Tailed Pigeon."

We have had several such drives, and we always get a lot of subscriptions from coast to coast that we don't want, but just as much paper and more postage to send them out. Also, we have found to our complete bewilderment that most merchants don't give a hoot how many or how little amount of readers you have. We've had two or three to get their backs up because circulation was even mentioned.

But like Morris, this is none of our business. This is a free country and we hope it so remains. If Bill wants to wear his galluses crossed before and behind, that's Bill's business.

Terry County In Rhyme

Following is a poem by Ezry Perkins of this county addressed to his friend, Ezekiel Brown, Pilot Point, Texas, and written about 1909 or 1910:

Dear Zeke: In your letter, You wanted to know, How I liked Terry county— And what will it grow. When I get my pipe lit I'll drop you a line, To say Terry is alright, And I'm liking just fine.

The soil of this county Is a dark sandy loam, And I made a tin strike When I purchased my home.

In a climate delightful, In atmosphere pure, Where the rainfall is ample, And farming is sure.

The winters are pleasant, The summers just right, And you always feel good 'Neath a blanket at night.

There are thousands of acres That are lying in wait, (And as rich as you'll find Anywhere in the state,

If you don't buy at once, You will find to your woe, The price is beyond The man with the hoe.

So if you are tired Of boll weevils and chills, Of feasting on quinine, Chill tonic and pills

Then come to Terry county, Buy a section of "sand," And live like a lord, Off the fat of the land.

YOUNG AND EASTLAND COUNTY REUNIONS

Former residents of Eastland county will meet for their annual picnic and visitation at McKenzie State park at Lubbock, Sunday, August 27. Each family invited to bring food.

The annual Young county settlers of Lubbock and adjoining counties is to be held at the above park, also on Sunday the 27th. Bring a basket of dinner and meet old time friends.

To the Citizens Of Terry County:

I have made every effort possible to run this race just as fair as I know how. I want to make you this promise—that I will put forth every effort to make you a fair and impartial sheriff.

I have not made any promises to anyone to act as my deputy if I am elected your sheriff.

Your vote and influence will be greatly appreciated when you go to the polls tomorrow.

Dog Poisoners Face Health Law Prosecution

Dr. Dale R. Rhoades, city health officer, warned Crosbyton citizens this week that the poisoning of dogs is a far more serious offense than most persons think. Persons placing poison either in meat or otherwise where children might find and eat it, can be prosecuted under Texas' stiff public health laws, he said.

"As a public health officer, it is not my duty to prosecute persons because they have killed dogs in this manner," he stated. But it is my duty to act when the lives of small children are endangered because you might have placed poison within their reach. Persons either using strychnine for this purpose, or persons selling it without proper authority for this purpose, are subject to heavy fines," he stated.

Dr. Rhoades also pointed out that should a child eat such poison and die, the offender would face a murder charge, and that the seller could be prosecuted as an accessory.

"Small children often eat anything they pick up," he said. "It is senseless to endanger their lives by using strychnine or other poisons to kill dogs."—Crosbyton Review.

Mrs. Lee English of Altus, Okla., is here visiting her brother, Ed Thompson and family of the Harmony community. Mrs. English lost her husband a few months ago.

Mrs. Joe Shelton and daughter Joanne, returned from Dallas last week where Mrs. Shelton attended market.

Free demonstration and skin analysis by Lena Frower at Shelton's three days beginning August 29th. Call now for appointment.

Edwards Kin To Two Tennessee Governors

Recently when C. T. Edwards and wife visited here from Oklahoma, the Money Prices had an affair out at their farm in honor of the visitors, who were formerly neighbors of the Price family. The Old He and wife looking a bit undernourished, had an invite to the outdoor feed, which was really worth traveling many miles to help devour.

But that function is now history. The Seesyety editors have covered the ground from almost every angle. What we aim to tell in this manifesto is a pig in a different poke. T. C. knew we were originally from Tennessee, and we fell to talking about the state, when Edwards asked if we knew Gov. Benton McMillan of that state. We stated that McMillan was governor about the time of the Spanish-American war, and that we had heard him speak, and that he made Tennessee a good governor.

He was my uncle, said T. C., and he died at the home of one of his children at Clarendon, Texas. We had forgotten the matter until he mentioned it. McMillan was a Kentuckian by birth, Edwards related. That too we had forgotten until our memory was refreshed.

Then he asked if we had known Gov. Cooper of that state. We had, but that all happened after we left that state and came to Texas. Edwards was also related to Cooper by marriage, he stated. The following is about all we know about Gov. Cooper.

Several years after we left the state of Tennessee, the Democratic party became so corrupt that many Democrats became disgusted. A fusion ticket endorsed by both Republicans and uncollared Democrats was formed, with Cooper as the fusion candidate. He was elected and served two terms, and we are told made the old Volunteer state a good governor.

Mrs. E. D. Ballard, Mrs. N. T. Dalton of Littlefield and Mrs. O. G. Cheek of Odessa are visiting in Albany, this week.

Mr. and Mrs. Frank Johnson are fishing at Brownwood this week.

European Visitors Welcomed in Chicago

Europe's recovery since the end of the war will be shown to Americans at the First United States International Trade Fair in Chicago next August 7-20. Shown above, concluding arrangements for the exhibit of post war European products are: (left to right) Technical Adviser Barthold Bieren De Haan (Netherlands) and Commissioner General Frederic Berbigier (France) of the Organization for European Economic Cooperation with Martin H. Kennedy, Mayor of Chicago, and I. S. Anoff, President of the First U. S. International Trade Fair.

Sante Fe Offers 15 Educational Awards

Fifteen educational awards to outstanding young Future Farmers in Texas will be offered by the Santa Fe Railway in continuance of its annual educational program, Fred G. Gurley, Santa Fe's president, announced today. Winners will be selected by the State Department of Agricultural Education at Austin.

The awards are cash sums sufficient to pay all expenses of the winners to attend the National Future Farmers of America convention to be held in Kansas City October 9-12, inclusive.

Official delegates to the convention, candidates for the American Farmer degree, and outstanding individuals selected by the State FFA supervisors are eligible for the award.

The Santa Fe Railway annually offers 70 awards in the states of Illinois, Missouri, Kansas, Oklahoma, New Mexico, Arizona, Colorado, California and Texas for the encouragement of agricultural achievement in the states served by the railroad.

The entire group of Santa Fe winners, officials of the National Future Farmers of America organization, state supervisors, and other agricultural leaders will be breakfast guests of the Santa Fe at the Hotel Muehlebach the morning of Wed., October 11.

NEW CHRYSLER PARKING BRAKE

The pull of one finger can hold the heaviest passenger car on the steepest of grades through a powerful new parking brake now being installed on Chrysler cars, according to Joseph A. O'Malley, general sales manager of the Chrysler Division.

The new "Easi-Lock" parking brake is designed to hold the mammoth Chrysler Crown Imperial, loaded to a gross weight of 6,200 pounds, from rolling backward on a 32 per cent grade. Should the need arise, it can bring the car to a complete stop from any speed.

Mounted on the propeller shaft, the new hand brake is completely independent of the wheel brakes. It is of the external expanding type and provides more than three times the maximum braking effect of the external-contracting hand brake which it replaces.

SETS NEW RECORD

The South West area leads the nation in the buying of electric appliances for all-electric kitchens and home laundries, with purchases 32% greater than the record for any previous six-month period. This is one-third more than the national average of 24% buying increase, according to figures released by James J. Nance, president, Hotpoint, Inc., the leading producer of electric kitchens, whose sales results were used in the tabulations.

The official credited the gains to low service rates of electric utility companies and increased aggressive advertising and sales efforts by dealers. He said that the South West area is the nation's bright spot economically.

"America has reached a new all-time high plateau in its standard of living, spearheaded by electrical living," the industrialist asserted. He recently announced the rounding out of his company's expansion program which included seven new manufacturing plants to produce all major electric kitchen and laundry appliances for the home, and a modern new plant for cooking equipment for schools, churches, hospitals, and restaurants. A modern new plant to increase capacity for refrigerators is scheduled for completion soon. These new facilities have been proven-in, are operating, and in three years have brought the company leadership as kitchen producers.

Service Office News

C. L. Lincoln Soldiers and Sailors Civil Relief Act in Effect

The Selective Service Act of 1948 (Public Law 759, 80th Congress), as amended, which is now in effect provides that the "Soldiers and Sailors Civil Relief Act" of 1940 as amended, shall apply to all persons in the Armed forces of the U.S.

This act applies to any person in the military service only when in the opinion of a court that such person's opportunity and capacity to perform his obligations are impaired by reason of his being in the service who:

(a) Becomes a defendant in a court action.
(b) Has dependents occupying a dwelling for which the agreed rent does not exceed \$80 a month.
(c) Prior to entry into service, contracted to purchase real estate or personal property upon the installment plan.

(d) Has obligations relative to mortgages on real estate or personal property.

(e) Holds policies of life insurance of a face value not exceeding \$10,000.
(f) Has taxes or assessments upon personal property falling . . . and-or (g) has initiated or acquired a right to lands owned or controlled by the U. S.

Among other things, the act provides remedies in the form of suspension of proceedings and transactions during the time the person is in military service and it authorizes a court to:

(a) Appoint an attorney to represent in court action a defendant who is in military service and unable to appear.
(b) Stay eviction proceedings for three months.

(c) Make equitable disposition

of cases involving repossession of property and non-payment of installments, and cases involving non-payment of sums obligated under most contracts.

(d) Stay proceedings in an enforced sale of property for non-payment of taxes.

(e) In a case of life insurance policies, upon application of a person in military service, the Administrator of Veterans' Affairs may guarantee payment of premiums in order to prevent the

lapsing or forfeiting of policy.

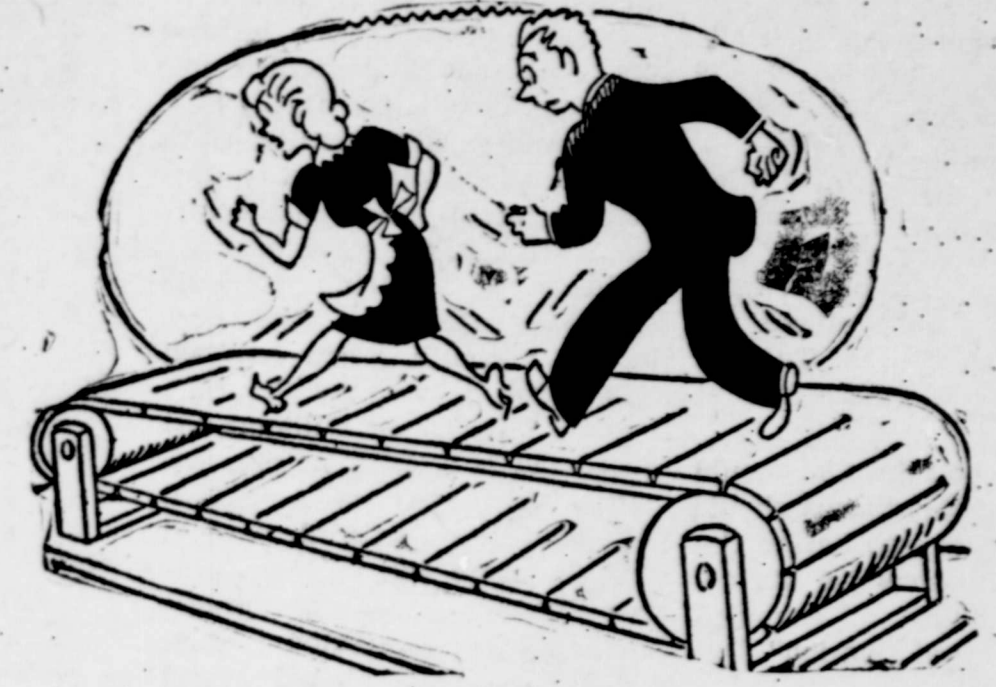

(f) In regard to homestead rights, over lands owned or controlled by the U. S. certain requirements as to occupancy and improvements of lands are waived for persons who are called in to the military service.

Mr. and Mrs. Lal Copeland and family are vacationing at Red River this week.

CARD OF THANKS

We take this means of thanking our good friends and neighbors of former years, of Brownfield and vicinity, for the nice way in which they offered comforting words and help during and before the funeral services which were held in your city, and the burial of our beloved mother. May God richly bless each and all of you.

The Walters family.

First of the Fine Cars in Value

Just how ^{little} ~~much~~ need a really fine car cost?

YOU'LL find the answer written in the delivered price tags of this bold and strapping beauty pictured here.

It's a Buick ROADMASTER — and you have only to put yourself behind the wheel to see that it is truly fine by any yardstick.

But it leaves the factory carrying the lowest price per pound of any car in the fine-car field.

That means that the money that goes into its building goes for things that really count —

For a big, husky Fireball straight-eight engine of 152 hp and all the brilliance of performance the highways can handle —

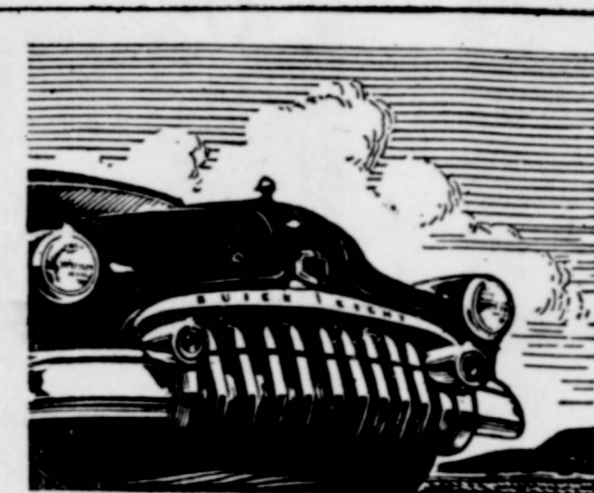

For room that measures up with the biggest, and for comfort contrived of deep soft seats and abundant space for taking it easy —

For a ride that's literally "out of this world," soft and easy as only all-coil springing can make it, yet firm and steady always, thanks to torque-tube drive —

For handling that is feather-light, for the complete smoothness of Dynaflo Drive as standard equipment, for a whole host of fine-car touches such as rich upholstery materials, flexible-spoke steering wheel, non-glare rear-view mirror, even automatic windshield washers, all included in the price.

Yes, the big question ROADMASTER answers is not how much a really fine car costs, but how little you need to pay to get all that a fine car can give.

Drop in any time on your Buick dealer for a trial ride in a ROADMASTER — and the surprisingly happy news on its delivered prices.

FOUR-WAY FOREFRONT

This rugged front end (1) sets the style note, (2) saves on repair costs — vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

Water Engineers To Make a Study of District Boundaries

The three-man State Board of Water Engineers will conduct a 21 county hearing in Plainview, August 29, prior to designating boundaries of one or more underground water reservoirs for the purpose of creating underground water conservation districts.

The High Plains Water Conservation and Users Association this week reminded irrigation farmers that their testimony at the hearing will have a direct bearing on the boundaries designated.

Arthur P. Duggan Jr., Littlefield, an attorney for the association, said that any farmer who depends on underground water for irrigation should attend the hearing, set for 10 a.m. Tuesday in the municipal auditorium at Plainview.

"Any man who thinks he should be in or out of the district should be prepared to appear before the board, giving reasons for his desire to be included or excluded from the proposed district," Duggan advised.

Designation of reservoirs by the state board is a step towards formation of conservation districts under provisions of House Bill 162, passed by the 51st Legislature in 1949. The law provides for districts, controlled by local elective boards of five directors, to conserve, preserve and protect underground waters in a program of well spacing, recharging and waste prevention.

Members of the board are H. A. Beckwith, A. P. Rollins and

Members of the Phyllis Wheatley colored school will be Principal Curtis Tucker, Miss Thelma Lee Peters, intermediate grades and Miss Ella D. Sayles, primary grades.

LOG OF THE COTTEN WELL

The following report was handed us Tuesday. Eighty-six days had been consumed in drilling the 10,000 feet-plus. There had been 7 core and 6 drill stem tests. Drill bits used, 102.

The drillers were Pete Eaton, tool pusher, and the drillers were Lockhart, Iggo, Jr., and Oliver.

Mr. and Mrs. Mumford Smith got in from Oklahoma, Tuesday. Found his aunt had no improvement. They left for home in Glendale, Ariz., yesterday.

James S. Guleke.

The hearing is for the 21 Panhandle-South Plains counties of Armstrong, Bailey, Briscoe, Castro, Cochran, Crosby, Deaf Smith, Dickens, Floyd, Garza, Hale, Hockley, Lamb, Lubbock, Lynn, Oldham, Parmer, Potter, Randall, Swisher and Terry.

TANK FARM FIRE—Billowing smoke rose 150 feet into the air from this fire after lightning struck a 55,000 barrel crude oil tank at the Magnolia Tank Farm near Midland, Texas. The smoke could be seen 24 miles from the blaze which consumed about 27,000 barrels of oil. (AP photo)

Who Will You Have As Queen Of Terry County?

Two young ladies and the companions of their choice will win an expense tip paid to Havana, Cuba awards amounting to over \$500 each, when the judges choose Miss Lubbock County and Miss South Plains during the Queen Contest to be held in the "Panorama of the Plains," a colossal spectacle which will be held nightly in front of the grandstands during the 33rd annual Panhandle South Plains Fair in Lubbock October 2 through October 7, according to W. O. (Bill) Keeney, Queen Contest chairman.

One queen will be chosen from Lubbock county, and another will be chosen to represent one of the following counties: Bailey, Cochran, Yoakum, Gaines, Lamb, Hockley, Terry, Hale, Floyd, Motley, Dickens, Lynn, Garza and Dawson, as Miss South Plains. Officials of the contest have announced that the contestants will be judged according to popularity and not just beauty. Each contestant who receive the highest number of votes in her county will act as a princess on the Queen's Court during the spectacle. Each of the 14 princesses will receive an award for her participation in the production. The Queens and their court will appear each night of the spectacle. Contestants in the Queen Contest must be over 16 years old and must reside in one of the counties mentioned. To enter the contest the young ladies will use a special nominating coupon.

Mr. and Mrs. Gene Gunn and family visited Mr. and Mrs. G. L. Lemons in Oklahoma Cnty, Okla., last week.

MISS TEXAS, 1950 STYLE—Miss Margaret Sue Sommers of Dallas, Texas, was chosen to represent Texas in the Miss America contest to be held at Atlantic City, N. J. The five-foot, two-inch beauty was entered as Miss Austin in the state-wide contest held at New Braunfels. A senior this fall at the University of Texas, she is the daughter of Mr. and Mrs. John F. Sommers of Dallas. (AP Wirephoto)

Mr. and Mrs. Jack Browder, Mrs. Bernice Huckabee and Mrs. Clemmie Hamilton went to Snyder Sunday.

Wildcats First Game Scheduled Sept. 22

J. T. Bryant, superintendent of Wellman schools, announced this week that this would be the first year for the Wellman schools to participate in football.

Thirty boys are reporting for practice and more are expected. Coach W. B. Smith is being assisted by B. H. Baldwin in coaching the squad.

The schedule for the Wildcats has two open dates in November, and it begins Sept. 22 when they play Tatum at Wellman. Other opponents will be: Sept. 29, Seagraves Home; Oct. 6, Sundown, There; Oct. 13, Meadow Home; Oct. 20, O'Donnell There; Oct. 27, Ropesville There; Nov. 3, Whiteface Home; Nov. 10, Open date Home; Nov. 17, Plains There

ARMY CALLING FOR HELP AS IT GROWS

The 8th army with headquarters in Austin is calling for 650 nurses, 70 dieticians, and 40 physical therapists and 60 occupational therapists. This demand comes with army expansion.

The Reese Air Force Base at Lubbock is in need of a recreational and social hostess with a salary of \$3450 per year. If interested get in touch with army recruiting officer here, or the Reese air base at Lubbock.

BAPTIST YOUNG PEOPLE TO ATTEND RETREAT

The young people of the First Baptist church are having a "Retreat" August 26 in Lubbock. The group will gather at the church at 4:20 p.m. and for MacKenzie Park. After a period of fellowship and eating, they will go to the Calvary Baptist church in Lubbock for the program.

Persons appearing on the program are Dennis Lyle of the Calvary Baptist church in Lubbock, John Taylor of the West Side Baptist church of Brownfield, and Mrs. A. W. Turner, Bill Neal and Rev. Fred Stumpff of the First Baptist church of this city.

There will be food, fun, information, fellowship and inspiration for all who attend.

OES HAS OKLAHOMA VISITOR TUESDAY EVE

The Brownfield chapter No. 785 Order of Eastern Star, held its regular meeting Tuesday evening at 8 o'clock with Mrs. John Portwood, worthy matron, presiding. Visiting grand officer was Mrs. Jessie Duncan, district deputy grand matron of Dist. 26, grand chapter of Oklahoma, who was presented and welcomed to the meeting. Mrs. Duncan is the daughter of Mrs. Lula Singleton, chaplain of the local chapter.

LOCAL CLUBS BALL TEAMS PLAY TUESDAY

The Brownfield Rotary club and Lions club were scheduled to play baseball Tuesday evening at the Terry County Youth Center diamond, but due to a lack of club members the Lions substituted a few players and a community team played.

The Rotarians participating in the game were David Nicholson, Tommy Hicks, Sam Privitt, Clarence Griffith, Harmon Howze, Bobby Jones, Lee Brownfield, Paul Campbell and Kenneth Purcell.

Those playing for the Lions club were Dr. Roberson, Jake Geron, Herbert Chesshir, Dr. Klondike, Doyle Praetor, Pat McMillan, Vic Herring and Larry Chisholm. The Lions won 14-5.

SERVICE OFFICE TO ASSIST RESERVIST

C. L. Lincoln, county service officer, announced this week that his office staff would be happy to assist all men of the military reserve in filling out their classification and MOS forms.

If you are a reservist and have been notified to submit your classification and MOS forms and have received letters from the headquarters of Texas in Austin, you can drop by the county service office in the courthouse in Brownfield and receive assistance.

IT'S TIME for BROOKS!

Because...

Something must be done now about the runaway cost of our state government—a cost which has increased more than 500 percent in the period between 1935 and 1950. Aside from the cost of World War II, the cost of the Federal government did not increase that much during the same period.

With the State plunging wildly towards a financial crisis, the Lt. Governorship is a business rather than a political office. It needs a business man with a business viewpoint.

Only by the election of a business man can the people of Texas be assured of a direct and vigorous attack on this runaway cost, useless waste, and needless extravagance in our State government.

Only a business man who has not been a part of the system which spawned this era of waste and extravagance can give the problem that searching inquiry and impartial analysis needed now. Pierce Brooks is that man.

The next Lt. Governor of Texas should be above any internal friction, beyond all cross currents of politics, and completely judicial when clashes of personalities arise among members of the Senate. He must be in a position to treat them all alike, to be fair to each, and also to be true to his obligations to the people. Pierce Brooks meets these tests.

Pierce Brooks is the only candidate completely free from the entangling alliances, political obligations, cliques, clans and groups which grow up when men stay in office too long.

The Lt. Governor to be elected in 1950 should not come from the confused atmosphere of the State government, but direct from the people with a program for the people. Pierce Brooks is such a man.

In these crucial times the next Lieutenant Governor should be answerable to the people of the State and not to any group of special interests that has made millions of dollars off the taxpayers.

Pierce Brooks for Lt. Governor
