Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

VOLUME 46

BROWNFIELD, TEXAS FRIDAY, SEPTEMBER 22, 1950

NUMBER 9

### Best Advertising Medium

The Herald subscription list is a splendid blend of town and rural readers, folks who can and do pay for their papers—they do not ask or want it donated to them. Many 30 and 40 year continuous subscriptions.

The Herald has grown with this section from strictly a ranch country. This area now consists of thriving towns and cities, supported by scientific farming and stock farming, augmented by huge oil fields, with the nation's largest known oil reserves.

## Peggy Black Candidate For Festival Queen

Miss Peggy Black is the first queen nominee for the Brownfield Harvest Festival to be held Oct. 31. Miss Black, daughter of Mr. and Mrs. Ross O. Black, was elected to be Brownfield's senior class nominee in a home room meeting held this week. Peggy was voted the outstanding girl of BHS last year. Miss Sandra Bailey was runner-up for the nomination in a close ballot. Juniors, sophomores and freshmen will elect their candidates the early part of next week. Various schools in the county are to name queen nominees in the race. Sponsors of the queen nominees will receive ten per cent of all tickets sold, and first, second and third prizes will go to the sponsors instead of to the girls. The coronation of the Harvest Queen each nominee will be presented, a \$100 wrist watch as a gift from the Rotary Club. The annual Harvest Festival which is sponsored by the Brown-

## New Equipment Here For Health Unit

The South Plains Health Center, located at 910 East Main, is nearing completion. The contractor will turn the building over to the officials of the health unit by October 1. Equipment for the unit was called for delivery on or after Sept. 11, and is now being received. William Cope, laboratory technician for the unit, returned this week from Austin where he received training for this service, which augments his Texas Tech training. Cope will be director of the regional laboratory and will make all bacteriology and serology tests for this area. There is only one other regional laboratory like the one at Brownfield, and is located in Midland. Laboratory equipment is expected to arrive from Austin some time this week. The x-ray equipment was installed Wednesday and other equipment will be installed as it is delivered.

## G. F. Wacker Store Holds Grand Opening

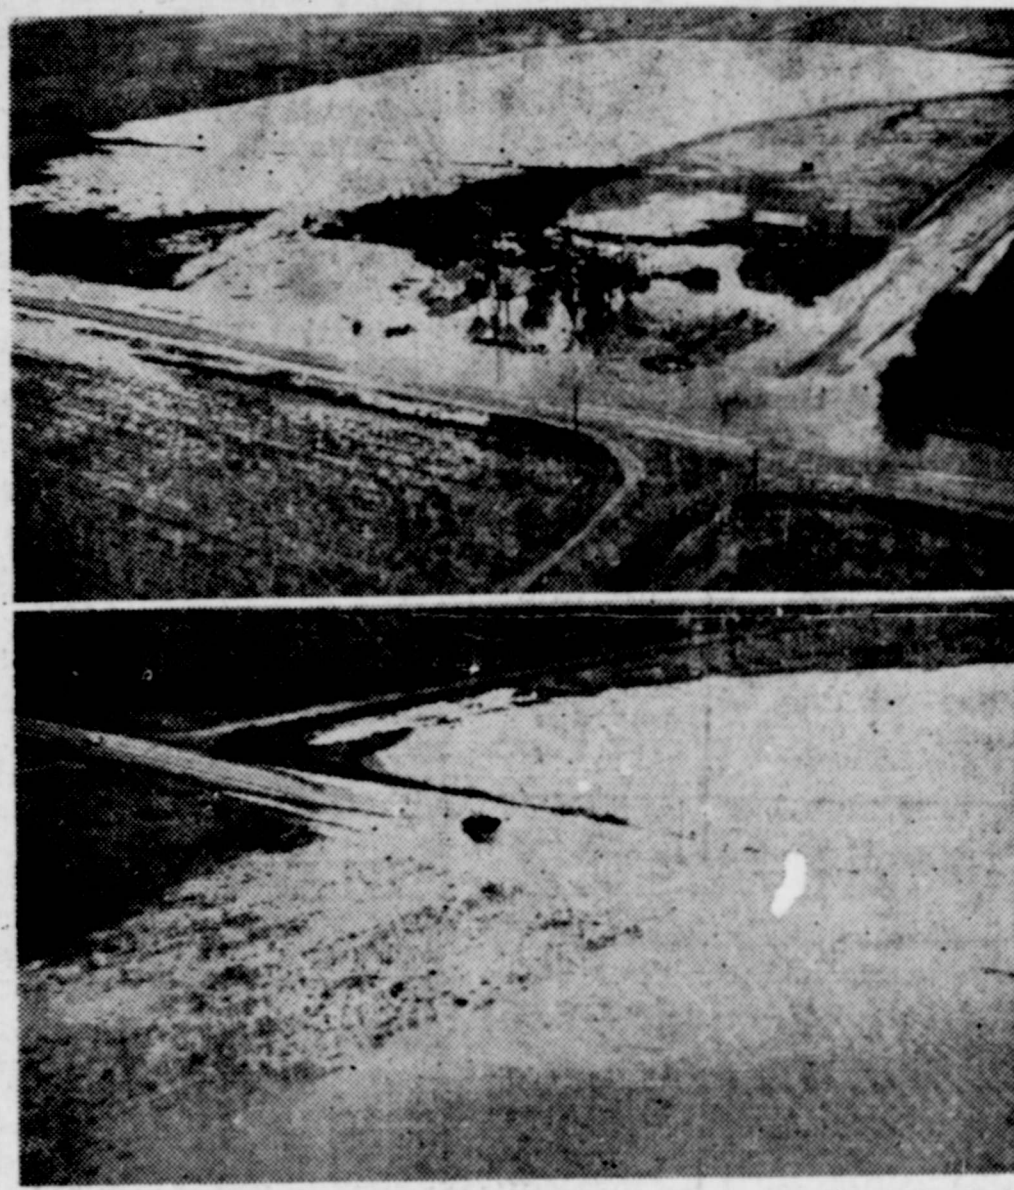

The new G. F. Wacker Variety Store is staging its grand opening today (Friday, Sept. 22). The doors will open this morning at 9 a.m. The new store is located in the former space of Kyle Grocery on the west side of the square, and has 3000 square feet of selling space and has been completely redecorated with new flooring and fixtures. Their color scheme is of pale green with blonde counters of a new imported wood from the Philippine Islands. The counters have a contrasting dark wood border. The store has complete new fluorescent lighting extending the width of the store at equal intervals. Two large plate glass show windows design the front of the store. The store has six large departmental counters with twenty departments of merchandise. This store is one of 51 G. F. Wacker chain stores located in Texas, Oklahoma, New Mexico and Louisiana. The chain has been operating for the past 34 years, and has its headquarters in Pauls Valley, Okla. Twenty managers and assistant managers from stores in West Texas and New Mexico have assisted in making the opening possible. K. D. Adams, former manager of the G. F. Wacker store in Seagraves, will be the new manager of the Brownfield store. Mrs. Adams will assist in the store. The Adams have one child, and have bought a new home in the Jessie G. Randall addition. The public is cordially invited to attend this opening. For information on the opening arrangements consult their ad in this issue of the Herald.

## Baptist Revival To Close Sunday

The First Baptist church revival will close Sunday, Sept. 24. Rev. Fred Stumpp is evangelist, and Sam Allen of Wayland college, the singing director. The Bible study taken from First Thessalonians will be continued on Wednesday following the revival. The average morning attendance Tuesday through Wednesday was 123. Sunday has been set as the largest day of attendance, as it is the closing day of the revival. Special music for the services will be given by Mr. Allen, and on Sunday he will sing "The Love of God" and Sunday evening will sing "When Jesus Comes." Rev. Stumpp's sermon topic Sunday evening will be "When Jesus Comes." A cordial invitation is extended to all to attend the closing services of the revival.

## W. M. LEWIS NEW MANAGER OF SP READY MIX

W. M. (Doc) Lewis is now the new manager of the South Plains Ready Mix located on track south of the Goodpasture Granary. Lewis, a former automobile salesman, is ready to give you prompt and efficient service. He has been a resident of Brownfield since Sept. 1946, and has been associated with the Ross Motor Co. and Pertwood Motor Co.

Pictured above are two scenes of the areas near the Tokio community flooded by the estimated 6 inch rain which fell Sunday night. The top view shows the R. D. Jones home on the D. E. Green farm two miles west of Tokio on the Plains highway. The Jones family took refuge in Tokio Sunday night after the rising water reached the floor level in their house. The bottom picture shows a truck cautiously making its way through water standing 2 to 3 feet deep on the Plains highway 3 miles west of Tokio. At other places along the highway water was deeper and it was necessary to detour traffic as late as Monday afternoon. In many places the road bed was seriously damaged. Newly flat broken fields were severely guted and in several places main-tainers were needed to clear washed sand from the highway. (Staff photos by Edwin Duncan)

## B'field Cubs To Play At Phillips Saturday Night

The Brownfield Cubs will travel to Phillips Saturday morning to play the Phillips Blackhawks. The Cubs will leave the club house at 7:30 Saturday morning and will meet the Blackhawks for a gridiron tilt at 8:00 p.m. The Cubs, who were defeated by Tahoka last Friday night, by a margin of 18-0 will meet the Blackhawks with some handicaps. Paul Billings who was injured in a scrimmage earlier in the season will not be playing tomorrow night. Clyde Chambliss will not see any action because of a knee injury received when the Cubs played the Lovington Wildcats. Bobby Latham will replace Chambliss in the backfield. Dale Cary who is suffering from appendicitis will most likely be replaced by Donnie Boyd as quarterback. The Cub starting line up will include Lomas Jones, end; Orbra Rowden, guard; Graves Nelson, back; Bobby Latham back; Donnie Boyd, quarterback; Jimmy Milner, end; Max Black, center; E. H. Crossland, tackle; Charles Cabbins, guard; Howard Swan, guard; Dean Murphy, tackle; Don Jones, tackle; and Charles Mayfield, back. The probable starting line up for the Blackhawks will be Buddy Gray, center; Robert Conklin, guard; Dewey Saylor, guard; Paul Ferrell, tackle; Bud Moulton, tackle; Dale Fisher, end; Duane Coggin, end; James Red-dick, quarterback; Bobby Wells, fullback; Buster Hodges, half-back; and Tommy Hale, halfback. Head coach of the Blackhawks is H. C. (Chesty) Walker and his two assistants are Joe Hays and Guy Harrison.

## Construction Begun On Apartment House

Construction began this week on an apartment house to be built by Kendrick-Privitt Housing Co., Inc., located on the 1400 block of East Broadway, in the Miller addition. Richard Kendrick and Sam Privitt, owners, will be the contractors for the project. Sub-contractors have been let to Glenn Padon, A. H. Pierce and Frank Ballard. S. L. Jones, Southwestern Drafting Service of Lubbock, is the architect. Estimated cost of the building is \$50,000. The structure will be built of pumice tile blocks, with double hung steel windows and an asphalt tile roof. The building will be built in a long U-shape with four two-bedroom apartments forming the wings, and eight one-room apartments forming the center section. All apartments will be completely furnished, including metal kitchen cabinets. Kendrick and Privitt said they hoped to have the apartment house completed within 90 days.

## MISS BLAKE TO OPEN DANCE STUDIO OCT. 2

Miss Janice Blake, daughter of Mr. and Mrs. W. M. Blake of Lubbock, will open a dance studio in Brownfield at the American Legion Hill Monday, October 2. Miss Blake will give instruction in ballet, acrobatic, modern, tap and toe ballet dancing. Registration will be held Monday, Sept. 25, in the auxiliary room at the Legion hall. Classes are open to anyone from the age of 3 on up, and classes are scheduled for Monday and Wednesday of each week.

## Local Club To Rent To Non-Members

The Selaeta Jane Brownfield club house is now for rent to non-club members for social activities with the exception of dances. Non-members will be charged \$.75 for a day and \$12.50 at night. Club members which includes members of the Maids and Matrons and Alpha Omega study clubs will be charged \$5.00 for a day and \$10.00 at night. If the club house is not left clean and in good order, there will be an extra clean up fee. The club house has a well equipped kitchen with a new stove, refrigerator, silverware and crystal which will be included in the rent.

## Station Operators Met Thursday

Dick Hogan of Amarillo, field representative of the Texas Service Stations Association, held a meeting of all local service station operators at a local cafe Thursday evening, Sept. 21. During the meeting a discussion was held concerning the forming of a local association to be affiliated with the Texas Service Stations Association. The purpose of the association is to improve the conditions of the service station business and to establish a service station credit bureau to eliminate taking bad accounts and collection of delinquent accounts. The time and place of the next meeting will be announced next week.

## Completion Near On New Section of Grain Elevator

### Brownfield Gets 2.75 Inches of Rain

While Brownfield was getting a modest 2.25 inches of rain Sunday night, the winds blew, the rain came and lo! and behold, the towns of Meadow and Tokio were flooded with anything from 5 to 8 or nine inches of sky juice. Well this is one time the county seat does not object to the other burbs getting the lead. Over at Tokio there are two low places in highway 380, one west and one east of the little town. These places got several feet deep in water and some nine trucks and cars, some of the latter being tourists, had to fall upon the mercy of Mr. and Mrs. D. E. Green, who run the store and postoffice. They couldn't have found better voluntary hosts than this couple. So, according to reports, the kids were bedded down in the store and back in the living quarters. Hot coffee, cookies and other eats were prepared for the grown ones, and while the rain beat down, joking and jesting was the order of the day—we mean night. By daybreak, the water had subsided so that trucks could cross the high water, and a bit later the cars ventured on their routes, either east or west, and a tired man and lady who had been up all night, closed up and went to sleep. Here in Brownfield it must have thundered all night Monday, and an additional half inch of water was in the rain gauge, making 2.75 inches for the two nights. Looks a bit like clearing today, but remember this is west Texas, and anything can happen.

### American Legion Has Program

The Brownfield American Legion members of Howard-Henson Post 269 will present a program Tuesday morning between 9:45 and 10 for those boys leaving for service. The public is cordially invited to attend the program. Twelve boys of the seventeen being inducted from the local board will leave from Brownfield, while the remaining five will leave from Levelland. These inductees are from Terry, Yoakum and Hockley counties. Those leaving on the first call are Floyd Moseley, Odessa, Pete Allen, Denver City, Albert K. Wood, Brownfield, Charles C. Hayes, Shallowater, Reuben A. Miller, Anton; Denver Bolles, Brownfield, Henry E. Rushing, Plains, Darwin Hobbs, Ropesville, Bobby Hunter, Shallowater, Beryl Dean Harris, Levelland, Euel Palmer, Levelland, Waymon Hardin, Denver City, Walter Junior Tomlinson, Brownfield, Samuel E. Day, Loop, Joe U. Seymour, Homer, La. Clarence E. Casebeer, Brownfield, David C. Albersson Jr., Sundown.

### Brownfield Host To Permian Basin Group

The Permian Basin Water organization held their monthly regional meeting Tuesday evening in the Brownfield city power plant. The organization is a branch of the Texas Water and Sewage Works association. Joe A. Stanley, jr. sales engineer in the engineering division of the Hygeia-Oazarka Water Co., gave a demonstration on water sampling technique, 14 counties sent delegates to the meeting. Following the meeting, the city of Brownfield was host to a chicken dinner in the Esquire. Mayor C. C. Primm gave the welcome and Mr. Killingsworth, city engineer of Big Spring, gave the response. Those cities to be host this year to the Permian Basin group are Big Spring, O'Donnell, Kermit, Colorado City, Lubbock, Denver City, Sweetwater, Lamesa, Odessa, Seagraves, Monahan, Tahoka, Slaton and Brownfield. The Permian Basin organization has purchased new visual education equipment and a preview was staged at the local meet. Five members of the plains area will represent Texas at the national meeting of the Water and Sewage association to be held in New Orleans, La., around October 17. The next regional meeting will be held in Odessa Oct. 17. Those representing Brownfield in the association are Amos Bollinger, sanitarian with the South Plains Health Unit, and Eunice Jones, city utilities superintendent.

### BRUCE WHITE GETS LEAD ANKLE SPRAIN

Commissioner Bruce White, of Precinct 1, happened to a very painful accident one day last week, when he jumped off a load of wheat and landed on one foot on a "boomer," whatever that is. He got a bad sprain in that ankle that necessitates the use of crutches for the time being. A bad sprain is usually slow to heal. Jack and Gus Lyon of Durant, Okla., visited their brother, Lee Lyon, of south Terry, from Tuesday until Thursday of last week.

### PURTELL CLOTHIERS HOLD OPENING

The Purtell Clothiers who have clothes for dad and lad, held their formal opening Friday and Saturday, Sept. 14 and 15. Floral arrangements were presented the store, and Kenneth Purtell wishes to thank every one who attended the opening for making it such a grand success. He also wishes to thank those who sent flowers to make their opening lovelier. A correction on last week's paper on the initials of the owner of the Purtell Clothiers is Kenneth instead of R. J.

### SPECIAL CALL MEETING FOR ALL DAV MEMBERS

All disabled veterans of Terry county are cordially invited to attend a mass meeting at the district court room, in Brownfield, on Oct. 9 at 8 p.m. The purpose of this meeting is to organize a chapter of the Disabled American Veterans.

### FFA Banquet To Be Held Sat. Night

The annual awards banquet for the Area I association of FFA will be held Saturday night, Sept. 23, at 7 o'clock in the Lubbock hotel. At the banquet Lone Star farming degrees will be presented to FFA boys qualifying for this degree. C. E. Ross of the Ross Motor Co., and Lester Buford, vocational ag director of Brownfield high school, will be conferred honorary Lone Star Farmer degrees for their outstanding service in FFA work. Brownfield boys to receive the Lone Star Farming degree are Jerry King, Area I sentinel, Allen Orr, Graves Nelson and Bobbie Stokes. In the absence of Graves and Bobbie, Glen Padon and Gerald Rowden will receive their degrees for them. There will be 41 Lone Star Farmers receive their degrees at the banquet. Brownfield ranks third in the state in Lone Star Farmers with 46, while Beaville ranks first with 52 and Granger second with 47. Richard Nott, a British youth who recently visited Brownfield, has received an extension to his visit, and will be guest speaker at the banquet. FHA greeting will be given by Margaret Sue Roberts, area vice-president of the Tahoka chapter. Ralph W. Ater, public relations department of the Santa Fe railway will present the Santa Fe award, Weldon Mason, president of the state FFA association from the Meadow chapter, will present the state awards. The Brownfield FHA and FFA members will have their hay ride Monday night providing the weather will permit.

The approximate height of the 12 new elevators that the Goodpasture Grain & Milling has added to their other 19, has been reached. When the top section of the concrete has cured sufficiently, a top will be added to match the old section. These elevator bins are each 105 feet high, are 26 feet across, and each hold approximately 3 million pounds of wheat, Mr. Wartes stated.

This new section of concrete elevators run past the old DeShazo homestead, the first so-called rock or rather concrete house built in Brownfield way back about 1912. It was a two story, approximately square, with four rooms upstairs. In the early days, it looked like a whale of a house, with the prevailing models here then being two rooms, one story. For several years, Grady Goodpasture has had all widows in this old home sealed, and has been using it for grain storage. But it is astonishing how that old home looks dwarfed beside those 105 feet elevators. In the old days, Mr. and Mrs. DeShazo, both long since gone to a better world, we hope, used to keep men boarders, all occupying those upstairs rooms. The new addition now gives them 31 units, each holding 3 million pounds of wheat, or a total capacity of 93 million pounds. However, most of the wheat is now gone, and the elevators are rushed to hold the new maize crop just coming on.

### OES Members Visit Seminole Chapter

Mrs. John Portwood, worthy matron, Mrs. O. A. Embley, Mrs. W. C. Burrow, Mrs. Lewis Simmonds, Mrs. Fred Arnold and Mrs. K. B. Sadler, of the local chapter No. 785, Order of Eastern Star, visited the Seminole chapter in its friendship meeting Tuesday evening, Sept. 19. Mrs. E. O. Nelson of Brownfield, a member of the Seminole chapter, also attended. Mrs. Lewis Simmonds was guest officer of Seminole Chapter, Bernice Melroy. A beautiful friendship program was presented and refreshments were served to the guests.

## WELLMAN WILDCATS BEGIN GRID SEASON WITH TATUM TONIGHT ON HOME GROUND

Bucking what head coach W. B. Smith calls "the roughest Class B district on the South Plains—and I mean roughest," the Wellman Wildcats meet the Tatum, N. M. football squad at 8 o'clock tonight (Friday) on their own field, located northeast of the Wellman high school. The new Wildcat stadium boasts a good sod field, lights and 80 feet of wood and concrete bleachers, with the entire field being fenced in. Modern fitted houses offer facilities for both the home team and the visitors, and there is also a training room for the squad. Smith said that the school has a \$40,000 football set up now, including equipment and the new field. Commissioner Horace Fox was responsible for leveling the football field. New uniforms for the Wildcats are gold jerseys with black numerals and black insets on the sleeves and shoulders, gold tackle, twill pants with black insets, and black plastic helmets with a gold stripe. B. H. Baldwin is assistant coach. He attended Wayland college and graduated from Texas Tech in 1949. He has previously coached at Idalou, Lorenzo and Cooper, where he had a championship girls basketball team. This is his first year at Wellman. Smith attended school at Abilene and graduated from Abilene Christian college in 1947, after serving three years with the Army two of which were overseas. He has been basketball coach at Wellman school prior to this year. He is school athletic director for both girls and boys. Probable starting line up for the Wildcats will be Donald Putty, end; Jimmy Berryhill, end; Jack Hamm, center; Joe Bevers, guard; Gene Foust, back; John Hawkins, tackle; J. W. Hawkins, back; Dean Slaughter, guard; Doyle Welch, back; Hartell Smith, back; Lester Duncan, back; and Tommy Scott, tackle. Foust and Bevers are team co-captains. Other members of the Wildcat team are Lary Lindsey, end; Conrad Cate, back; Roger Bryant, center; Bennie Bevers, guard; Ronnie Graham, back; Don Rogers, guard; Orval Walker, tackle; Harold Rich, tackle; Johnny McKenzie, back; Donald Baldwin, tackle; Benny Brown, guard; and Lowell Weaver, end. The probable starting line up for Tatum was not available at this time. Wait Storm is the Tatum coach. Schedule for the Wellman Wildcats' all conference games, for this year is: Seagraves at Wellman, Sept. 20; Sundown there, Oct. 6; Meadow at Wellman, Oct. 13; O'Donnell there, Oct. 20; Ropesville there, Oct. 27; Whiteface at Wellman, Nov. 3; and Plains there, Nov. 17.

## Oil Game Here Is Now Watchful Waiting

"Watchful Waiting," or as toper would say, the period between drinks is here so far as the oil game is concerned. Of course we know that we have two producers in the Mound Lake pool, and one each in the north Adair and Wellman reef pools. Also the Cotton well nearer town. There is also the Wolfcamp section in extreme southeast Terry, where two wells have been finished, and another getting down about the pay. Outside that the several other wells in the various pools are all at different depths, most being far short of the pay lime. So there is nothing one can do, but wait till the cows come home. It is believed however, that the Mike west offset to the Mound Lake pool is getting hot, as well as perhaps one of the wells in the north Adair pool. We don't think there has been any other definite locations announced since the last Herald, but there is strong talk of one just south of Gomez, and still another just west or northwest of Brownfield. So far as we know, and we know very little, these wells are still in the "talk" stage. Real Estate Is Changing Hands But one does not have to wait so long on changing real-estate. No rig has to be moved in, a cellar dug, and the machinery made ready to spud in. No, sir, real estate can change hands after supper or before breakfast if need

### Don't Pass An Unloading School Bus

Did you know that you are required to stop your car immediately before passing a school bus which is discharging children, if that bus is on a highway outside of a business or residence district? After having stopped, you may then proceed at a prudent speed not to exceed 40 miles per hour, until you are safely beyond the bus. This is required of you whether you are meeting or overtaking the school bus. This law was passed in 1947 by the 50th Texas Legislature as a part of the Uniform Act of Traffic Laws.

If you will notice within the next day or two, you will see in operation some of the approximately 6,000 school buses which carry tens of thousands of Texas children to and from school every day. The law stated in the Article is one of several which have to do with the operation of a motor vehicle in the vicinity of a school bus which is loading or discharging children.

Each year a number of accidents occur which usually involve a passing car and one of the children getting off the bus. These accidents are of the most heart breaking kind because they usually mean that some young, happy school child has either been killed or possibly maimed for life.

Each driver of an automobile should know and follow the rules concerning motor vehicle traffic around school buses, because these rules were made in an effort to protect the children who ride them. It is often a hardship for some of these children to get ready in time to ride the bus many long miles into school each day. Certainly if these boys and girls will put forth that much effort, the drivers of automobiles on our streets and highways can exercise enough care to protect their safety on the way to and from school.

DRIVE CAREFULLY — YOU MAY SAVE A LIFE.

The Herald for best results!

**ILLINOIS INDIANS**—At the 35th annual meeting of the Order of the Arrow, Scouting's highest ranking honorary camping fraternity, five Illinois Boy Scouts highlighted the proceedings at Bloomington, Ind., with a full-dress Indian ritual. From left to right, the Illinois war-whoopers are: Richard Young of Midlothian; Everett Frazer, Harvey; Phil Roberts, Homewood; George Lytle, Harvey, and John Baseler of Crete.

### CASUALTY REPORT AFTER FIVE YEARS

PEORIA, Ill.—(AP)—For more than five years Mr. and Mrs. W. Johnston have clung to the hope that their son was alive. William Harrison Johnston, naval aviation ordnance man, was reported missing in action while on a bombing mission in the Pacific. This week his parents were notified that the bodies of their son and four crewmates were found on a remote island in the Philippines.

Chocolate is made from the seeds of the cacao tree.

### Stalins Knows What America Is Able To Produce

Possibly one good reason for hesitancy of Russia's part in attack this country directly is the unquestionable certainty that the Kremlin knows the extent of American industrial capacity far better than the average American. Following are reports of leaders in key industries:

Steel: "Today we have more capacity than all the rest of the world put together. Since the last war started, we have built as much new steel capacity as existed in Germany when that war began. This excess capacity is sufficient to meet the present demand." Clarence B. Randall, president of Inland Steel Co.

Rubber: "Today we have not one but two raw materials—natural and synthetic rubber. Before World War II we could turn 85,000 tons of rubber into finished products each month. Now we can process 110,000 tons a month. Before World War II our industry had about 150,000 employees. Today, we have over 200,000." Harry E. Humphrys, Jr., president of United States Rubber Co.

Oil: "There is no need for rationing, even if military demand expands substantially from the present levels. Since the end of the last war, the petroleum industry has increased its capacity by more than 25 per cent." Dr. Robert E. Wilson, chairman of the board of the Standard Oil Co. (of Indiana).

Electric Power: "Right now the electric utility industry has one-third more generating capacity than at the end of the last war, and by the end of 1953 will have three-quarters more." Louis V. Sutton, president of the Carolina Power & Light Co.

Textiles: "With cotton and synthetic-fiber textile production far ahead of last year, there will be plenty of clothing available in the coming months. Total output of broad woven goods made of cotton is expected to exceed last year's production by 1,500,000,000 square yards." Donald Comer, chairman of the Avondale Mills.

Machine Tools: "The industry has far larger capacity than at the start of the second war and could be expanded to meet twice the present demand." Charles J. Stilwell, president of Warner & Swasey Co.

Food: "There is absolutely no reason for panic buying of foods. We have a more abundant supply on hand than ever before." Morris Sayre, president of the Corn Products Refining Co.

In response to queries of officials charged with the task of insuring the nation's security, American industry has virtually said to the government, "Tell us what you want—we can fill the order."

Put some shelving in your kitchen to give your "work room" a lift.

### Drunk Drivers...

Hundreds of good people will be killed on the highways of the United States before the year 1950 ends.

There seems to be little public indignation over the slaughter. The average automobile driver, acquainted with the natural hazards of the road, hesitates to indicate drastic penalties through the fear that some unavoidable catastrophe will land him in the hoosegow.

There was a time when high speeds were blamed for most of the accidents but the years have produced better cars and better highways. What would have been criminal carelessness in the twenties and thirties is considerably safe in the fifties, and, some years from now, the present high speeds will be routine.

There are certain recognized criminal acts in connection with the operation of motor vehicles, however, which will continue to be condemned. Driving an automobile under the influence of alcohol is one of them. It is dangerous, not only to the driver, but to all who use the highway. It should be severely punished and yet, in many instances, convictions are hard to secure and punishment is avoided.

The drunks are public enemies when operating automobiles and should be "persuaded" to let others drive in peace. It is a crime and should be promptly punished as a crime. To do this will save some lives in 1950. —The Shamrock Texan.

### SEASON'S FAVORITE

The redingote dress in a smart new semi-formal length is a fashion favorite of the summer season. This glamorous cotton redingote was fashioned by Emma Domb in handkerchief sheer plaid cotton. It is worn over a theatre length formal of solid colored cotton chambrette in frosty summer colors.

### County Seat of Kent Is In Oil Boom

Clairemont, once one of the quietest county seat towns in Texas, has come to life and in a big way.

With an oil strike in her front yard and just out past the front gate the ever-spreading Cogdell field and on her right, just across the holler the Salt Creek field, Clairemont is not the same place it was a short year ago.

This week the Clairemont school reopened its doors, boasting three teachers, and with the expectations of another large increase in enrollment shortly.

At night the lighted derricks can be seen in clusters on every side, and the rosy hue in the sky from the burning flares in the Cogdell and Snyder Canyon reef pools gets brighter and brighter.

Brighter too, have grown the hope of her citizens that the long cherished dream of a water supply for the town is close to realization.

An abundance of good water has been located in the Frank

Mayfield property, and it is reported that only the war-born scarcity of pipe for the water mains is delaying the completion of the project. Even that obstacle, which might prove unsurmountable to towns of less determination, is expected to be overcome within the near future.

The roar of heavy oil field trucks, a constant ebb and flow of humanity as the magic word of oil attracts all types and all classes, the mushrooming growth of the oil town, all making itself felt in our county seat.

It is reported on good authority, that once a good water supply is assured, that before the mains are laid, Clairemont will experience an influx of people, the like of which no town or community in Kent county has ever experienced.

But the old timers around there refuse to be stampeded. They are taking it all, the good and the bad, in their stride. Steadily, without a lot of hullabaloo, they are pushing forward their own plans, with the calm and resolution that marked all the quiet years past.

But don't let their calmness and impassiveness fool you, they

are of the frontier. And as such, they know what they can and will do, come hell or high water.

When the chips are down, Clairemont will play them close to the vest, and for our money Clairemont is in the saddle, with a good grip on the reins; and when the dust settles she'll still be ridin' high, wide and handsome.

According to J. S. Hinds, superintendent of the Jayton schools, 20 students are enrolled in the Jayton school from the Clairemont district.—Jayton Chronicle.

### BRITAIN HAS MILLION TRAINED FIGHTERS

LONDON—(AP)—Britain's Universal Military Service for men from 18 to 28 is being extended as of Oct. 1, 1950 from 18 months to two years. She now has more than 1,000,000 men trained for her armed services, government reports show.

Seven out of every eight British soldiers are now serving overseas. Some 100,000 of them are now fighting Communists in Malaya.

## Foster-Blankenship Vows Are Read In Church Ceremony

In a candlelight ceremony in the First Presbyterian church Sunday afternoon Miss Lois June Foster, daughter of Mrs. Paul Willeford, became the bride of Billy Blankenship, son of Mrs. Edna Bailey. The double ring ceremony was read before an altar centered with a gold cross and flanked by burning tapers. Two large baskets of white mums flanked the altar with two branch candelabra on each side.

Rev. William J. Spreen, minister of the First Christian church, read the vows at 3:00 p.m. Sunday.

Mrs. Ruth Huckabee played pre-nuptial organ selections and the traditional wedding marches. Mrs. Grady Goodpasture sang "Because" and "Thine Alone" before the ceremony and was accompanied by Mrs. Huckabee.

The bride, given in marriage by her grandfather, Mr. W. B. Brown, chose a gown of white tulle and nylon lace. The gown was fashioned with a nylon lace bodice with scallops of lace extending into the white tulle skirt. A soft satin fold was featured at the neck, and the long lace sleeves tapered into points over the hands. The full tulle, skirt flowed into a full length train. The finger tip veil was attached to a Dutch style lace cap outlined with small pearls. The bride carried a white Bible topped with white rose buds and tied with satin streamers. Carrying out the wedding traditions the bride wore a ring of her great-grandmother, Mrs. Pearl Johnson, for something old; the traditional blue garter for something blue; the white Bible was borrowed from her sister; and for something new she wore her ear screws.

Miss Betty Ferguson, attended the bride as maid of honor. Her off shoulder gown was of bronze tulle with a fitted bodice and a

wide fold around the shoulders coming into a sweetheart neckline and a full gathered skirt. Her nosegay was of pink carnations tied with bronze ribbons, and she wore a head dress of pink carnations.

Bridesmaids were Misses Wilma Jean Rhodes, sister to the bride, and Von Forbus. Bridesmaids were Mrs. Mack Ross and Mrs. Jack Tankersley. The attendants were dressed in dusty rose taffeta gowns fashioned identical to the maid of honor. They also wore matching head dresses of carnations and nosegays of dusty rose carnations tied with bronze ribbons.

Tommy Sue Adress, flower girl, was dressed in white tulle and carried a matching basket of rose petals.

Billy Joe Lewis served the groom as best man. Ushers were Donald Price, Dicky Lee, Bobby Line and Robert Bowers. Jo Bob Lee was ring bearer.

Dicky Lee and Robert Bowers lit the candles marking the pews and the altar.

Immediately following the ceremony, a reception was held in the Seleta Jane Brownfield club house. The refreshment table was laid with a lace cloth centered with a three layer wedding cake. The wedding cake featured a heart shape layer on top surrounded by rose buds. The cake was flanked by rose candles and the bridal nosegays. Punch and cake were served to the guests.

Mrs. Jessie G. Randal presided at the punch bowl and Mrs. Robert Brown served the cake. Other assisting in the serving were Mesdames John Portwood, James King and Gaster Spencer.

Mrs. John King registered the guests in the white satin bride's book.

For traveling the bride chose a white wool suit with navy accessories. Following their wedding trip, the couple will be at home at 114 S. Second.

Out of town guests attending the wedding and reception were Mr. and Mrs. Al Harris and Mike, Mrs. J. M. Hobbs, Mrs. Claudia Brannan, Mrs. James Cagle and Claudette Hill, all of Lubbock.

The bride and groom are both graduates of Brownfield high school. The bride has also attended business college in Lubbock, and is now employed as a bookkeeper at Latham Dry Goods. The groom is employed with the Gulf Oil Corporation.

### MRS. WINGERD HOSTESS TO KOLONIAL KLUB

The Kolonial Kard Klub met with Mrs. L. M. Wingerd Thursday afternoon, Sept. 14, at 8 o'clock.

Mrs. Walter Hord was high scorer, and Mesdames Jack Stricklin, Sr. and Mike Barrett bingoed.

Cake, punch and ice cream were served to Mesdames Money Price, E. C. Davis, Arthur Sawyer, Prentice Walker, Jack Stricklin, Sr., Mon Telford, Bill Williams, Walter Hord, Jack Shirley, Looe Miller, R. L. Bowers, Mike Barrett and the hostess.

### MRS. GAGE HOSTESS AT CANASTA PARTY

Mrs. Harvey Gage entertained the girls at Collins with a canasta party Thursday evening, Sept. 14, in her home.

Cake, coffee and ice tea were served to Mesdames Virgil A. Bynum, Jack Browder, Sid Machen, Bernice Huckabee, Glendon Stockton, Misses Joy Chisholm and Wanda Stafford, and the hostess.

## Shower Honors Mrs. Luper Friday

Mrs. Harry Luper, the former Opal Fitzgerald, was honored with a miscellaneous shower Friday afternoon, Sept. 15, in the home of Mrs. Jim Nelson. Hostesses honoring Mrs. Luper were Mesdames Nanny Hamilton, Buck Anderson, Joe Chisholm, Leonard Lang, Houston Hamilton, Glen Paden, John Milner, T. H. McIlroy, Roy Collier, Tress Key, and Jim Nelson.

Mrs. Nanny Hamilton and Mrs. Nelson greeted the guests and introduced them to Mrs. Luper. Mrs. Kathryn Fitzgerald, mother of the honoree, Mrs. Matt Williams, grandmother, Miss Bobbie Williams, aunt, and two sisters, Wanda and Donna Shewmaker of Los Angeles.

Miss Olga Fitzgerald registered the guests in the white satin bride's book.

Colors of yellow and white were carried out in the decorations. The refreshment table was centered with an arrangement of white and yellow mums and flanked by white tapers. Other garden flowers of yellow and white were used throughout the house.

Refreshments of white punch and cookies with a yellow center and nuts were served to the guests. Mrs. Tress Key presided at the punch bowl with Mesdames T. H. McIlroy and Roy Collier assisting.

Other hostesses displayed gifts. The hostess presented Mrs. Luper with a yellow and white mum corsage. Corsages of the members of the house party were made of asters.

## Mrs. Baumgardner Shower Honoree

Mrs. R. W. Baumgardner was honored with a layette shower at a coffee in the Portwood home Tuesday morning. Mesdames Leonard Chesshir, Bob Tobey and John Portwood were hostesses.

The traditional colors of blue and pink were carried out in the table motif. The refreshment table was laid with a white linen cloth and centered with pink and blue pin up vases flanked by pink and blue candles.

Mrs. T. L. Treadaway presided at silver coffee service, and coffee and breakfast rolls were served to the guests.

The hostesses presented the honoree and her mother, Mrs. Fred Bucy, with carnation corsages featuring baby booties in the arrangement.

### GERALD CASEY HONORED WITH BIRTHDAY PARTY

Gerald Casey of Lovington, N. M., celebrated his 11th birthday Saturday afternoon, Sept. 16, at a party in Coleman Park. Honoring Gerald were his aunts, Mrs. J. T. Bowman and Mrs. Harry Cornelius.

Sandwiches, ice cream, cake and favors were served to Dougie and Gene Mason, Mike and Pat Hamilton, Creda Gail Gore, Patricia Teague, Richard Lee Collins, George Casey and U. D. Black of Lovington, N. M., Gene and Pat Burton of Snyder, and Dicky Kendrick.

## Stafford's Teentime Lines

Hi kids!  
Well, it looks like all the college set has returned to their old and new stomping grounds and have begun making plans for a big year.

Texas Technan getting ready for the big TU-Tech tilt Saturday are Jackie and Jerry Worsham, Robert Knight, Eleanor Miller and John Thompson.

Jean Craig returned to Tech this year with a new dark green Plymouth, and is it pretty.

Patsy Hill was among the fall freshmen entering TSCW in Denton this week. Flo Stafford, senior kindergarten-primary education major, also returned to Tessie-Land Monday night.

Lois June and Bill Blankenship are honeymooning in points in Texas and New Mexico this week. They will be at home at 114 South Second when they return.

Betty Ferguson and Buddy Rambo are a dating twosome. Buddy was over Friday night from Lovington, N. M. Maybe that explains that broad smile on Betty's face.

Lois Drake and Billy Hamilton spent the week end in Brownwood on the Howard Payne campus cheering up some of the home sick freshmen. Among those attending the college are Annie Grace Nicholson, Addie Little, Bobbie Stokes and two former Brownfielders, Bobby Helen and Alfred Brian. On their return trip Doyle and Billy stopped in Ahilene and saw Gilbert Nunn and Clive Jones.

Lyle Shelton enrolled in Texas Western in El Paso this week and is getting ready to participate in band activities.

Joe Dale Scott who is stationed at the naval base in San Diego is

BROWNFIELD, TEXAS, FRIDAY, SEPT. 22, 1950

## Kennedy-Cade Married In Seagraves Church Ceremony

Before a background of ferns and baskets of white gladioli Miss Alma Ruth Kennedy, daughter of Mr. and Mrs. O. D. Kennedy of Seagraves, became the bride of Donald R. Cade, son of Mr. and Mrs. L. R. Cade of Merkel, in the Seagraves First Baptist church at 8 p.m. Saturday, Rev. P. W. Springfield read the double ring vows in a candle light ceremony.

As a prelude to the service Mrs. Marie Karr played a medley of organ selections and accompanied Mrs. P. W. Springfield, soloist, who sang "Because" and "My Wonderful One." The ceremony was concluded with "The Lord's Prayer."

The bride, given in marriage by her father, wore a gown of bridal satin and Chantilly lace. The white tulle strapless gown was designed with a fitted bodice and a flared skirt extending into a full length train. Her Chantilly lace bolero was fashioned with three-quarter length with a full back and tiny satin buttons down the front. Her finger tip veil of imported French illusion was trimmed with Chantilly lace. The veil fell from a tira of seed pearls and rhinestones. Her bridal bouquet of a white orchid with flowing satin streamers and stephanotis topped her white tulle.

Attending the bride as matron of honor was Mrs. Charles Taylor of Lubbock. She wore a gown of ice blue satin fashioned with a scalloped bertha neckline and fitted bodice with a full skirt. She wore a matching short veil and mitts of rayon net.

Senior bridesmaids were Mesdames Linnie D. Kite of Seminole and Wanda Jean Woody of Lubbock. Junior bridesmaids were Miss Lucretia Kennedy of Denver City and Miss Jeanette Faulkenberry. The bridesmaids dresses and accessories were designed identically to the matron of honors.

Senior bridesmaids wore gowns of Nile green satin, and the junior bridesmaids wore pink tulle frocks.

Misses Opal Ruth Hawkins and Nadyne Faulkenberry were candle lighters and wore gowns of orchid tulle. Misses Kay Baucum and Dean Mings were flower girls carrying flower baskets to match their yellow tulle frocks.

Serving his brother as best man was Albert C. Cade of Merkel. Senior groomsmen were Coke Toliver and Newell Reed, and junior groomsmen were Clyde Kennedy and S. J. Bryan. Assisting in the ushering was Carl Ellis.

Following the ceremony a reception was held in the Community Club house. A three-tiered wedding cake topped with a miniature bride and groom centered the refreshment table. The bridal bouquets decorated the table which was lighted by burning

white tapers. Members of the house party were Mesdames O. A. Woody of Lubbock, Roy Roberts, Laura Cain, Leo Hawkins and Jane Bennett. Assisting in the receiving were members of the bridal party and the parents.

The bride chose a cafe au lait gabardine suit with brown accessories for going away. Following a wedding trip to Colorado the couple will be at home at 320 West Buckley in Brownfield.

The bride is a graduate of Seagraves high school and is now employed as a teller at the Brownfield State Bank and Trust Co. The groom is a graduate of Merkel high school and has received his Bachelor of Business Administration degree from Texas Tech at Lubbock. He is employed as auditor of the Brownfield State Bank and Trust Co.

## Methodist WSG Holds First Fall Meeting

Wesleyan Service Guild of the Methodist church held their first fall meeting in the parsonage Monday evening with Mrs. M. Chesshir and Mrs. Jim Griffith as hostesses.

Mrs. Chesshir, president, presided at the business meeting and programs were planned for the year.

Cookies and punch were served to Misses Ludie and Mattie Morgan, Mesdames Perry Moseley, S. P. Cowan, Harvey Gage, Ruth Nelson and Mesdames Elizabeth Anthony. Also to the three new members, Mrs. Hartwell Minnick, Miss Lougene McClen-den and Mrs. Florence Grimmer. Mrs. Earl Anthony Sr. was guest for the first meeting. Rev. and Mrs. D. D. Denison also attended the guild.

## West Ward PTA Has Barbecue Supper

The West Ward PTA met Thursday evening, Sept. 14 at a barbecue supper.

President Alton Webb presided during the business meeting. Plans for a style show were made and the men will model the women's clothes.

Supt. S. P. Cowan addressed the group and introduced the teachers.

PTA will meet on the second Thursday in each month until football season is over.

All members are invited to attend the style show staged for the next meeting.

## DEGREE TEAM HONORS WIVES AT BREAKFAST

Members of the twenty-sixth degree team of the Brownfield Scottish Rite Club honored their wives with a breakfast at the Esquire Sunday morning before they left for McAlester, Okla., to confer the Scottish Rite Degree.

Those attending the 7:30 breakfast were Messrs. and Mesdames. Virgil Bynum, A. M. Muldrow, Clovis Kendrick, Bill Heflin, Monk Parker, Clarence Griffith and Dr. and Mrs. D. A. Richardson, Arnett Bynum and Burton Hackney. Out of town guests were Mr. and Mrs. Kennedy of Pauls Valley, Okla., parents of Mrs. A. M. Muldrow.

## ROBBIE PATTERSON FETED AT BIRTHDAY PARTY

Robbie Jane Patterson was honored on her 11th birthday with a party at her home.

Favors of balloons were presented each guest. Cake sandwiches and punch were served to Jerry, Shirley and Robert Bullock, Marie and Yvonne Carter, Marie Ethington, David Hughes, Jerry Gene and Tommy Dell Mason, Sandra Kay and Genice Collum, Frankie and Jo Dean Stevens, Carolyn Sue Wade and the honoree.

E. N. Cox of Birmingham, Ala., spent the week end visiting Mr. and Mrs. Bill Settles, Mr. and Mrs. W. G. McDonald and Mrs. A. E. McDonald, all relatives of Mr. Cox. Mr. Cox was on business at the salt plant here and is connected with the Craft Paper Co.

Mrs. S. J. Billings, Mr. and Mrs. Earl Chester and son of Sudan spent Sunday with Mr. and Mrs. Harvey Gage. Mrs. Billings is the mother of Mrs. Gage and Mrs. Chester is her sister.

Jack Bynum spent the week end visiting his parents, Mr. and Mrs. Virgil A. Bynum. Mrs. Bynum and Mrs. Bernice Huckabee took him back to Seminole Sunday evening.

## Mrs. Craig Honored At Layette Shower

Mrs. Robert Lee Craig was honored with a coffee and layette shower Friday morning at 9 o'clock at 702 East Tate. Honoring Mrs. Craig were Mrs. Bill Gorby and Misses Betty Holmes and Wanda Stafford.

Each guest received a tiny doll tied with blue ribbon when she arrived.

The buffet was centered with a pair of blue booties on a reflector outlined in blue asters and fern. A lace fan banked with tiny pom pom mums formed a background for the booties. Tall blue candles tied with pink satin bows flanked the centerpiece.

Centering the refreshment table was an identical lace fan and candles. A silver coffee service was to the left of the centerpiece and the pink and blue coffee cakes were at the right.

Flo Stafford presided at the coffee service.

Those attending were Jane Wier, Jean Craig, Eleanor Miller, Flo Stafford and Mesdames Bobby Jones, M. J. Craig, Jr., Condra Vernon, Bob Tobey, Sammy Jones, J. E. Smith, Zeb Moore, Royal Kiofanda, Dave Finney, M. J. Craig, Sr., J. O. Gillham, Leo Holmes and the hostesses.

## Meadow Study Club Met With Mrs. Hulse

The Meadow Study Club held its first meeting for the 1950-51 year Thursday, Sept. 14, in the home of Mrs. Dan Hulse.

Mrs. F. A. Wilson, president, presided at the business meeting. A civic committee composed of Mrs. Carl Russell, Mrs. Dan Hulse and Miss Maude Alice Zorns was appointed and is to report at the next meeting. The club also accepted the resignation of Mrs. Lloyd Hunt as treasurer and elected Mrs. Herman Pendergrass to replace her.

Mrs. Robert Beasley was chairman of the program, "Health and Safety in the Home." Those participating in the program were Mrs. C. E. Hicks, Miss Maude Alice Zorns and Mrs. Carl Russell.

A salad plate and favors of the club flower, gold marigold, tied with brown ribbon, was served to 12 members.

## Leonard Langs Celebrate Silver Wedding Anniversary

Mr. and Mrs. L. M. Lang were honored on their Silver Wedding Anniversary with a reception and open house in their home, 618 East Broadway, Sunday afternoon from 3 to 6 o'clock.

Hostesses honoring the couple were Mesdames Bill Settle, M. G. Tarpley, Ches Gore, Alvin King, Marvin Norris, and W. G. McDonald. The hostesses presented the honorees with a Sterling silver water pitcher.

The house was decorated with beautiful floral gifts of the couple. The mantle was decorated with a silver bowl of pink gladioli tied with a silver bow and flanked by tall pink tapers with silver bows. The mirror above the mantle featured a large silver bow extending from the left corner. In silver letters on the mirror were "L-M Langs" "25-50."

The refreshment table was laid with a hand made Madera linen cloth centered with a double ring wedding cake. The cake was topped with a pair of silver slippers outlined in lace and tied with a tiny silver wreath enclosing a silver "25." To the right of the cake was a table piece featuring a large wreath of silver leaves enclosing a silver "25." The silver base was surrounded by pink tapers in miniature holders matching the table piece. To the left of the cake was the silver coffee service.

The reception was held at 3 o'clock for a group of friends and members of the house party. The reception was opened with Mr. and Mrs. Lang, Mr. and Mrs. Hub King, Kathy and Glenda, and Mr. and Mrs. Leldon Turnbow marching into the refreshment table, and the honorees cutting the first piece of cake. Brother J. V. Davis of Levelland led the group in prayer before the cake was cut.

Mrs. King, daughter of the Langs, presented their gift of silverware to her parents and then served cake to the group.

Guests attending the reception were Mr. and Mrs. Pate Collier, Mr. and Mrs. Henry Chisholm, Mrs. Ema Norris, Mr. and Mrs. Harry Cornelius, Wendel Dumas, Mr. E. N. Cox, Mr. and Mrs. D. R. Smith, Mrs. Slim King and LaNell, Bro. and Mrs. J. V. Davis, Dr. and Mrs. W. L. Hester, and the

hostesses and their husbands. Mrs. Ches Gore greeted the guests for the open house, and those in the receiving line were Mr. and Mrs. L. M. Lang, Mrs. E. J. Lang, daughter, Mr. Hub King, and Mr. S. K. Turnbow, father of Mrs. Lang.

Miss Betty Smith pinned a little silver bell tied with white ribbon on each guest.

Mrs. W. G. McDonald registered the guests in the Silver Anniversary guest book at the desk in the den.

Approximately two hundred guests were served cake, punch and nuts. Mrs. W. G. Tarpley presided at the coffee service while Mrs. Alvin King and Mrs. DeLore Norris alternated at the punch bowl. Mrs. Bill Settle served the cake.

Other members of the house party displaying gifts were Mesdames Jack Thomas, Slim King, and D. R. Smith.

Out of town guests included Mr. and Mrs. Bill Chaney of Garden City, Dr. and Mrs. W. L. Hester of Lubbock, the family physician that delivered their daughter; Mr. E. N. Cox of Birmingham, Ala.; Mr. and Mrs. Wayne Allen Tipping of Lubbock, Mr. and Mrs. Ed Durkee and daughters of Levelland; Bro. and Mrs. J. V. Davis, minister of the Levelland Church of Christ; Mrs. Ema Norris of Slaton, Mr. and Mrs. Leldon Turnbow of Levelland, brother of Mrs. Lang's, Mrs. Iva Jarrett of Big Spring, sister of Mr. Lang's; Mr. and Mrs. Jess Pendergrass of Meadow, Mr. and Mrs. J. A. Parks and Mr. and Mrs. George Alexander, all of Tokio, and Calvin Stephenson of Lubbock.

Beautiful floral arrangements and gifts were presented the couple by friends and relatives.

Mr. and Mrs. Lang were married in the First Baptist preacher's home in Midland Sept. 19, 1925. Minister George F. Brown officiated at the ceremony. They were at home in Lorene after their marriage and later moved to Ralls. In 1934 they moved from Ralls to Brownfield where Mr. Lang is still engaged in farming.

## Don't Overlook Less Tender Beef Cuts

Are there cuts of beef in your meat dealer's display case that you cannot identify so never purchase? For both mealtime variety and for economy's sake, include these less familiar beef cuts in menus.

According to home economist Reba Stagg, the less tender cuts of beef that are often overlooked include the shank, plate, brisket tongue and heart. Correctly cooked, all of these cuts are tender and juicy. And in addition to being served hot, they will be in demand for meat salads and sandwich fillings. The proper method of cooking these mentioned cuts is in liquid. This differs from braising in that more liquid is used—the meat is completely covered—and the meat is not browned. With the meat covered with water, seasonings are added, the utensil covered and the meat simmered until tender. Slow cooking produces a tender and juicy product rather than a dry and stringy one as when cooked at too high a temperature. On the

## POLLSTER BELDON WRONG AGAIN

Poor Joe Beldon and his Texas Poll.

Like Gallup, Roper, Crosley and the rest picked Dewey, Joe picked McDonald and Brooks. Beldon's staff base their findings on interviews of 500 persons chosen not at random, but "systematically," as Joe put it at a convention shortly after the wrong guess on the Homer Rainey-Beauford Jester gubernatorial campaign.

The Literary Digest folded after they guessed wrong on Hoover and Roosevelt in 1932, but Joe came back slowly after his Rainey mistake. The Gallup poll is gaining circulation again and you see a Roper or Crosley poll now and then—although Roper has entered a new field by absorbing the Hooper radio system.

The Texas Poll may be a dead duck now—Seminole Sentinel.

Maryland is the only newcomer on the 1950 North Carolina football schedule.

average, fresh beef cooked in this manner requires 40 to 50 minutes per pound cooking time.

## Store Only Sound Cotton Seed

Farmers and seed breeders are cautioned to check their freshly ginned cotton seed closely for damaged seed before storing. Only sound seed with a moisture content of less than 12 per cent are suitable for storing, unless sufficient facilities are available for drying and cooling the seed.

This warning comes as the result of an experiment conducted at the Texas Planting Seed Association plant in Bryan by H. F. Miller, assistant professor of agricultural engineering, Texas A & M college, and L. E. Ellwood, manager of the Texas Planting Seed Association.

The results of the experiment show that no heating or decrease in germination percentage occurred during five months of storage in one bin which was filled with cotton seed containing eight to ten percent moisture and two bins which contained seed with an average of 11 per cent moisture content.

Definite signs of heating occurred in another bin which was filled with cotton seed containing 10 to 12 percent moisture, but the seed were kept from deteriorating and the germination percentage was preserved by drawing air through the seed at weekly intervals.

Three other bins were filled with somewhat unsound seed which contained 14 percent moisture. The seed had an average germination test of 40 percent when stored, but this dropped to zero after four and one-half months of storage.

Miller and Ellwood warn farmers and seed breeders against storing cotton seed which has received field damage, even when sufficient facilities for drying and cooling the seed are available.

When children get tired of plain cocoa, serve it topped with a marshmallow.

**CLOSE-UP OF THE ENEMY**—Sullen and subdued, these three stocking-footed 20-year-olds are North Korean Army officers. They were captured, along with 223 enlisted men, in the Umsong area and brought to a schoolhouse in Taegu for questioning by U. S. intelligence officers. Their "men" savage, ruthless warriors on the battlefield, proved to be youths, age 13 and 14. The officer at left appears to have been wounded in the leg during combat.

## HALE CENTER GIRL LEADS IN CONTEST

With less than one week to go in the Queens' contest being staged in connection with the Panhandle South Plains Fair, area girls are rushing in their votes.

A Hale Center girl, Betty Thomas, is leading the contestants with 247,305 votes. She took the lead away from LaQuita Roberson of Tahoka, who now has 232,760 votes.

Brownfield, Terry county, Miss Carlon Brady has 151,880 votes and Miss Daina McIlroy, 83,500.

Mrs. Louise O'Neal of Plains, Yoakum county has 152,700 votes. The contest ends Saturday, Sept. 23. The Queens, Miss Lubbock and Miss South Plains, will be awarded an expense-paid trip via Braniff Airways to Havana, Cuba, or a cash prize of \$500. The Queens may take a companion of their choice on the air trip to Havana.

Have news? Call the Herald.

## Stricklinly Speaking

By Old He

Editor Willard T. Bright, of the Valley Mills Tribune, was a pleasant caller last week end. Some ten years ago, Willard was editor and publisher of the Gaines County News at Seagraves, and on occasion when we got lazy and late on issuing, Willard would come up and help us. Willard says a small town paper like he now owns is just the idea. Get the thing out in four days, and then take a long week end vacation; fish, hunt or what not. And we remember when the some 35 or 40 years gone, and the Herald was a four page six column, we spent about as much time hunting jack rabbits, prairie chicken and blue quail, as we did in the office.

We are glad to have had the occasion to chat with Willard again. Incidentally, Charles W. Roberts was telling us in his column in the Andrews County News last week about his ups and downs when he started that paper back in 1934. He had Willard print his first 300 papers in Seagraves. Subsequently they were published here and yonder until a little printing plant was purchased the following year, and then years of trials and tribulations, until the oil boom came.

Speaking of newspapers, we just can't get used to a paper that plants the masthead somewhere near the north central part of the paper, and not mixable with some big headline.

We will have to get used to speaking of Houston as the largest city in the south. How many others have you lived to see share that honor? The Old He can remember that when the yellow fever hit New Orleans in the 80ties, Louisville, Ky. held that honor for awhile, and a bit later Atlanta, Ga., came near the goal.

But after yellow fever was whipped, old New Orleans soon assumed its head of the list place, and held it until the 1950 census.

R. C. Bursleson, who used to live down here in Terry, but craved to be in Lubbock where he could use a parking meter, got sorry for us while down last week, and prescribed for our rheumatism. But don't mention this to an MD. There is not a thing in it he says that can harm anyone.

He stated it stopped his rheumatism, and got his brother up, who was down in bed. We are trying the remedy, and maybe others would like to do so. Here 'tis:

Two large spoonful epsom salts, one large spoonfull cream tartar; the juice of two lemons and

## FRENCH ACCENT

Jaques Heim, internationally-rehabilitated Parisian couturier, created this stunning evening formal from a white cotton fabric printed with an unusual lavender design. The cape buttons at the shoulder. Monsieur Heim calls this chic evening gown "song of love," the National Cotton Council says.

## CAVE MAN REMAINS FOUND NEAR PISA

PISA, Italy—(P)—Traces of cave men who lived 10,000 years ago were discovered in a cave near this famed town of the leaning tower. Two skulls, some reindeer bones, pieces of earthenware vases and points of spears characteristic of that period, were found.

## MAN RETIRES BUT NOT TRUCK

ALTON, Ill.—(P)—George J. Winger's Model T Ford truck was a year old when he started in the baggage hauling business 32 years ago. Now 77 years old, Winger has just retired. But his 33 year old truck, he says, is still running and almost as good as new.

# Gee Gee's Chit Chat

The bad penny, you know. Better late than never, congratulations must certainly go to Bob Tobey upon his purchase of the Retail Merchants Association from A. W. Turner. As every one is familiar with Bob's shining little face, I'm sure you won't need me to give him a character reference. However, I hope you will all cooperate with him in his new business venture. Not only will he be holding down the RMA end, but also plans to add a collection and rental agency, as well as a welcome service. Being the original "glad hand kid," I'm more than heartily in favor of his welcome service, which is going to give both business men and newcomers in Brownfield an excellent opportunity to get acquainted. Here's wishing Bob and his charming little Gawgia peach, Kitty, the best of luck.

Well, all the old '50 model cars are now becoming obsolete (a mere figure of speech) and all the dealers are showing the new '51 models. One of the most beautiful and radically changed automobiles for 1951 is the Packard—and I sure wish I had one. Being without a car most of the time, I could utilize a slightly used horse, or bicycle. Now that should be a sight. I understand that Brown and Dean Motor Co. will be showing the new 1951 Nash, starting today. You might

## Advertisement For Bids

Sealed proposals will be received at the office of the City Secretary for the City of Brownfield, Texas, until 3:00 P.M. September 25, 1950 for the construction of a Municipal Building. Any bids received after closing time will be returned unopened. Bids will be received separately for the General Construction, Electrical Wiring, Plumbing, Air Conditioning and the Prison Equipment.

A Cashier's check, certified check or acceptable bidder's bond, payable to the Owner, in an amount of not less than five percent (5%) of the largest possible total for the bid submitted, must accompany each bid.

Attention is called to the fact that there must be paid on this project not less than the general prevailing rates of wages which have been established by the labor trades council for this area, and which are listed in the Specifications.

In case of ambiguity or lack of clearness in stating prices in the proposal, the Owner reserves the right to adopt the prices written in words, or to reject the proposal.

The Owner reserves the right to reject any or all bids and to waive formalities.

Plans and Specifications may be examined without charge in the office of the Architects, and may be procured from the Butler-Brasher Company, 406 Avenue M, Lubbock, Texas, upon a deposit of \$25.00 as a guarantee of the safe return of the Plans and Specifications. The full amount of this deposit will be returned to each bidder immediately upon the return of the Plans and Specifications in good condition. No refund on contract documents and Plans returned later than ten days after the award of contract will be obligatory.

Additional sets of Plans and Specifications may be procured from the above upon a deposit of \$25.00 each, as a guarantee of their safe return within 10 days from date of opening of bids, in which event, \$15.00 (amount of deposit less actual cost of reproduction) of the deposit will be returned.

No bid may be withdrawn, after the scheduled closing time for receipt of bids, for at least thirty (30) days.

C. C. PRIMM, Mayor  
City of Brownfield.

## Terry Has Lots of Duck - Geese Water

With the flash floods in various sections of Terry county, there will be plenty water in lakes this winter when the geese and duck season opens. With grain plentiful, both in the form of shattered out maize, and green wheat, some of these fowls may spend the winter here.

We remember going down to Brownwood along in March, and there was a section or two of wheat out on the Tahoka road out some 9 miles. The wheat was green and there was a sizeable lake out in the middle. Don't remember ever seeing as many geese on one plot of land in our lives. Gangs of them were scattered all over the wheat field, and others were having a beathing beauty contest at the lake. The air was also full of other geese, getting a goose-eye view of the scene perhaps.

There was no way on earth to count them—too many of them, but our estimate was 10,000, and don't think we missed it far. But back to the floods, Maurice Thompson whose farm is just southwest of Tokio, was complaining this week, that while he only had some 2 inches Sunday night, his neighbors' water, some getting as much as 6 or 7 inches, came down on him, washing his land badly.

Another farmer living in the extreme east part of the county, said some ten acres of his cotton was under water. This cotton, he stated, was between waist and shoulder high in the depression, and he couldn't see the tops of the stalks out in the middle of the lake.

Then they tell us there is a lot of standing water up around Meadow—in fact, most all over old Terry and adjoining counties. Not fit to drink presently, but has other uses, mainly that like last fall we had a lot of rain, but no snows through the winter, and very little early spring rains. But those big fall rains guaranteed a crop for the area this

## Red Gets \$44,000 for 40 Acres of Land

Red Tudor, local Buick dealer, informed us Wed. afternoon that he had sold his 40 acres out near the Cotten well for \$44,000, cash on the barrel head. Red reserved nothing, not even the top soil. The other guy gets the top soil, the oil lease and all royalty.

Red and the Old He have just about decided to get in a new Buick, run back to Brownfield, Mississippi, and Middleton, Tenn., just six miles north, where both of us have relatives, and show 'em how us Texas oil people deport ourselves.

We warned Red, however, that his relatives we had seen were "big devils" and we'd better not deport ourselves too briscky back there or we might get the hound beat out of us.

ARMED FORCES CALL TWO TECH STAFFERS  
Haskell Taylor, professor of accounting and finances at Texas Tech college in Lubbock, has received orders to report to active duty. Taylor is a first lieutenant in the organized army reserve.

Miss Marie Davis, registered nurse employed at the Tech infirmary, was called into active service in the Navy Nurses, Corps. She had been at Tech two years.

Mr. and Mrs. E. J. Purcell of Burnet are visiting their daughter and family, Mr. and Mrs. Henry Chisholm and family this week.

By the way, elsewhere will be a scene or two taken by our staff photographer, Edwin Duncan, from his airplane out near Tokio Monday afternoon. This gives you a faint idea of what the farmers had dumped on them Sunday and Monday nights.

Sometimes it can look like we will never have another rain in this county. Then all at once the weatherman shifts his gears, and it looks like it'll never stop raining.

## BHS Student Council Officers Installed

Student council officers and representatives were installed in their offices Thursday afternoon, Sept. 21 in an assembly program in the high school auditorium.

Those installed as council officers were Dale Cary, president; Charles Mayfield, vice president; Amaryllis Roach, secretary, and Aubrey Rowden, athletic representative.

Representative of each home room installed were Sandra Bailey and Robert Wilgus, seniors; Dean Murphy and Charles Cabiness juniors; Perry Lee Nelson and Roscoe Treadaway, Herbie Kendrick and Jerry Bailey, sophomores; Jerry Brown, Charles Len Didway, Charolett Jones, Patsy Sice and Beverly Wartes, freshmen.

Class presidents installed were Gene Willingham, senior class president; Doyle Bradley, junior class president; Loman Jones, sophomore class president; and Billy Thomason, freshman class president.

Following the installation, Jimmy Wood addressed the student body.

## CARLOS CROSS PREPARING FOR THE MINISTRY

Carlos Cross, whom we taught the printing trade under the GI training program, was in the Herald office recently getting some papers fixed up, as he is entering Wayland college at Plainview as a ministerial student. The ban on smoking in that institution is not going to bother Carlos, as he never indulged while working for the Herald. We wish Carlos well in his new profession.

## BURLESON STILL HAS SOME HOLDINGS HERE

R. C. Burleson, who until a few years ago, had quite extensive ranch and farm properties out in west Terry, was down Saturday from Lubbock, where he now lives.

He informed us that he still had some holdings in Terry, and was glad that oil had been found here in the reef formation. He hopes all his old friends will share in the new wealth.

Advertise in the Herald!!

TERRY COUNTY HERALD, FRIDAY, SEPT. 22, 1950

## THOSE SANTA FE RAIN REPORTS GET US

Of course it is none of our business, but we can't help believe those rain reports in the area daily that come from the Santa Fe railroad are purely guess work. We have been noting them for some time, most of them very inaccurate.

But will just take those that fell in Brownfield Sunday and Monday nights this week. The first was given as 3 inches, and the second a quarter inch, making a total of 3.25.

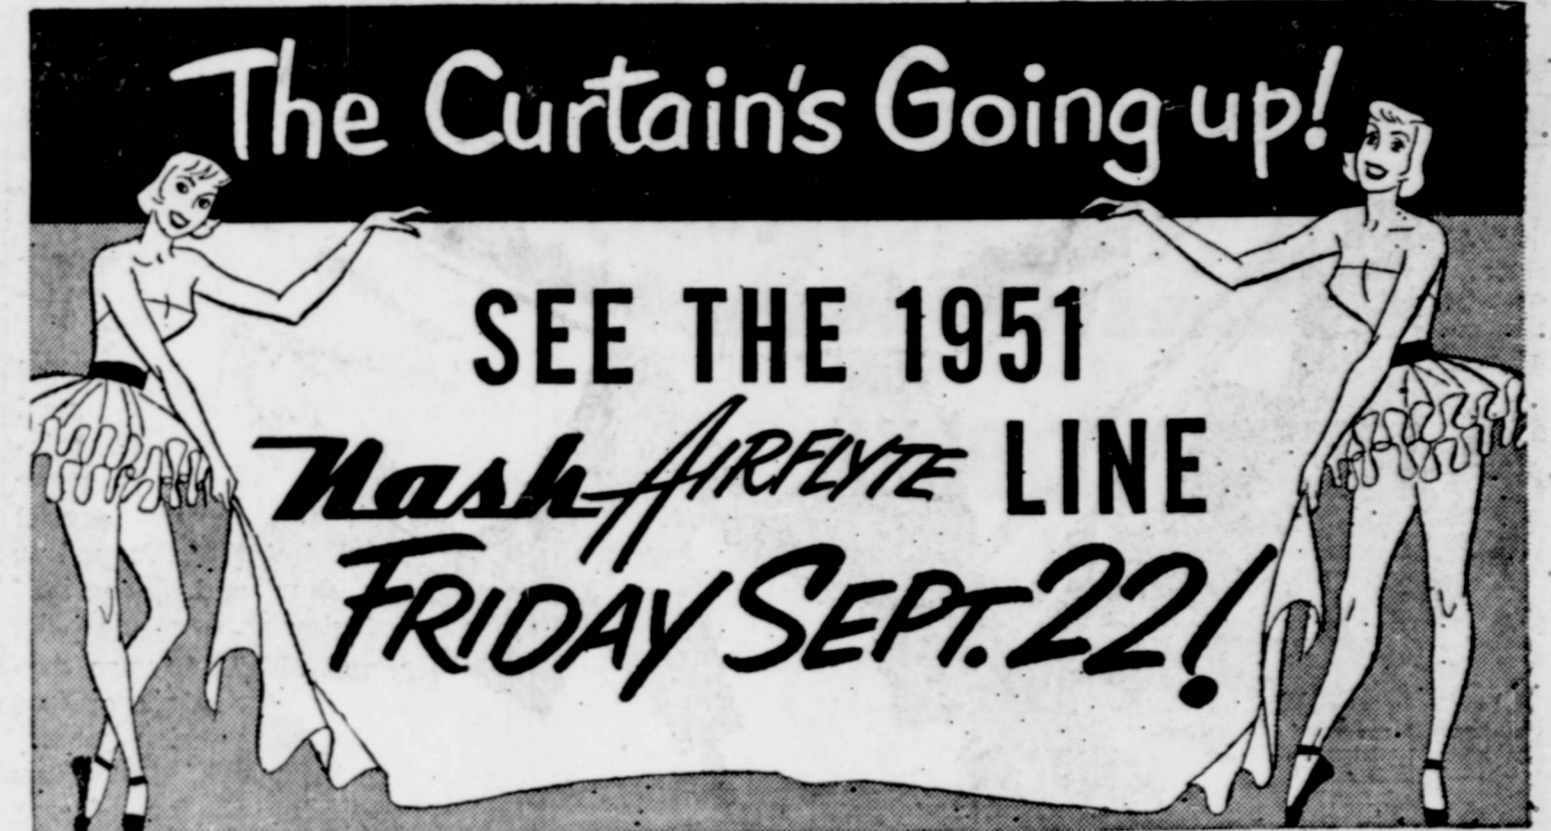

The Sunday night rain actually measured 2.25, and the one Monday night totaled a half inch, making 2.75 inches. The first was over-guessed one inch, and the guesser made a bad stab of underguessing the other by just one half.

Mr. and Mrs. Dick West and Judy Ann spent the week end with Mr. and Mrs. Harvey Gage.

When William Green of the A. F. L. tried to get all labor leaders to take a pledge that there would be no strikes during the world crisis, that bushy browed individual, John L. Lewis, informed Mr. Green "that he could not sell his miners down the river." Now some are asking what rive? In view of the fact that each year millions of homes in the USA are installing either oil or gas heaters for residences, and others preparing to tie in as fast as natural gas lines reach them, it would appear that John L. is selling his own miners down the river. If anything, perhaps there will always be a demand for coal and coke for furnaces, unless some inventor devises some other means of making iron and steel. The only question is, how long is the natural gas supply going to last at present consumption? Ten years ago, it was said that there was only about 20 years supply, but now with greatly increased demand, and use, the reserves have been upped to some 25 years, and new gas fields are being found almost constantly. But even if natural gas and copies of oil only last for the next ten or fifteen years, that is plenty time to put John L.'s miners all to hunting a new job. By that time, who knows, we may be using atom energy.

In a recent issue of the Kemp News, that paper gave us the information that President Truman had recently been made a member of the Bricklayers' Union. The News also suggested that HST would have made a better member of the Hod Carriers Union, as it only took a strong back for that, but quite some skill to be a bricklayer. We wouldn't exactly put it that way, as Little Harry was said to have been a good plowhand as a boy following a Missouri mule. And later on in life was a failure as a haberdasher. He could have been rather lenient toward his friends who wanted credit. We have, in our life, known quite a few good men that failed to succeed as merchants. Add this writer, as a farmer, was a complete failure, and our career in the newspaper field has been everything but

brilliant. Therefore, we are quite reticent in offering any criticism of the ability of others. One thing, however, can be said truthfully. HST is a whale as a good politician.

Way back yonder in April 1948, Senator Lyndon Johnson began to warn this nation about putting its fleet and airplanes all in mothballs and demobilizing our forces. Our real leaders at that time, and we don't mean the administration, saw what was coming and that Russia was no more to be trusted than a mad dog. At that time Mr. Johnson in a speech told the US Senate that Russia had 4 million men under arms, to our 540,000. That they were building from 8 to 12 thousand airplanes per year to our mere trickle of 1800. We were even then short 322,000 men for peacetime needs. He appealed to the Senate not to demobilize the vital part of our defense. He stated that a vote for adequate defense would be heard around the world. To quote him a bit, "give us a strong airforce, the strongest in the world. The roar of airplane engines is more impressive than the guarded words of diplomacy. Better too much soon, than too little too late." He also warned that the era of punch button warfare was not at hand, and would not be for some years at least, such as guided missiles, etc. Mr. Johnson wanted the 70 plane group; the administration held out for the 40, thus gambling on the security of the United States as well as the civilized world. Just why reasonable, thinking people cannot see that the present administration with their haphazard indecisions got us into this mess, is hard for us to fathom. But millions of people are waking up finally and doing some thinking of their own. Only trouble is they are likely to go to sleep again.

There remains little doubt that President Truman is nettled at so much criticism and "bricks" tossed his way for the last year or two. Perhaps some of the bricks have caused him to explode when he should have been silent.

## Opportunist

It is also pertinent that President Truman has had less loyalty than any president during a crisis in the nation's history. But 90 percent of the bricks have been the results of bungling by his own chosen heads of several of the departments. Louie Johnson bombasted himself out of a job by giving this nation a false sense of security. Then there is the question of the State Department. Many believe Dean Acheson is a sincere man, but his leanings are too far to the left, and is still loyal to those who are now known to be a menace to the best interests of this nation. Instead of choosing men of generally nationwide known ability and integrity, Mr. Truman stayed with his old cronies. It will be remembered that when Mr. Truman took the oath of office of President in 1945 upon the death of FDR, he appeared to be a very meek, humble man, and prayed for Divine guidance. People of all parties rallied to him. But in a year or two he got cocky, but simmered down somewhat when the campaign for election came up two years ago. Again he was just plain man, trying to do the job as it should be done, but the plutocrats of wealth were his enemies, and trying to destroy him. Again the people rallied to him. He was no more than installed as president by election, than he again became rambunctious, and called people who disagreed with him a. s. o. b. His latest outburst was against the Marines, and he had to humbly eat dirt for that outburst. What next? Johnson had to quit because a lot of the northern congressmen and senators informed Mr. Truman that the fact that Johnson was head of the defence department was jeopardizing their re-election.

We may have missed some of the offerings of the State Democratic convention at Mineral Wells, but that much touted "middle of the road course" was a very neutral course, it seems to us. While there were no outbursts of silver tongued oratory that we heard of, praising the national administration or the National Democratic Committee, things that most Texans thoroughly dislike, were skipped. These include the tidelands issue, the FEPC, socialized medicine and social equality. They were passed over as if they did not exist. Texans were advised to stay within the party (Democratic) and fight. How fight, Governor Shivers and his hired hand did not state. Two year ago and anti-Truman delegation was sent to Philadelphia, but Truman was the choice of the mixed-breed delegations from the populous centers of the north and east. Some of these minority groups would not know the real Democratic Party from Dumb Dora. Just how the state organization aims to stay lined up with a national organization whose policies are as despicable to a true blue Texan and Southerner as the old Standpat Republican party used to be, they fail to tell us. As far as that pledge is concerned, it is, according to the best legal minds more worthless than the paper and ink used to print it, and as for that matter really illegal, as it tends to muzzle the voter. It tries to tell voters what they can or cannot do. Is that condition superior to the way Russia controls matters? It is the same. The Kremlin tells the Russians how to vote or else. That condition is fast approaching here in Texas, and contrary to the ideas enunciated by the Federal constitution. Few states other than Texas insult the voters by placing a pledge at the top of the ticket. Suppose the national party should put out such men two years from now as Harry Vaughan, Andy May or even Dean Acheson? Well, you collarites can get to puking.

Many traders are of the opinion that the cutting down of the time of payment, and a higher down payment ante, is going to slow up the all time high sales in the USA, and that the 4th quarter will show a slump. Those who do a partial payment business are, to put it mildly, a bit gloomy. And just a few weeks ago, the more optimistic were of the opinion that the fracas over in Korea would guarantee a very fine business for months to come. A slight slump may come, some financial observers believe, but will be temporary. A lot of people have already reached the idea that more than a promised to pay later should be purchased, and that 21 months on the balance should be OK. In other words, too little or nothing down, and a long time, 24 to 36 months on the balance, often lead low income people to stretch their credit to the breaking point.

### Cancer Training Set For Area Doctors

A special cancer educational session for doctors will be held in Big Spring Sept. 28 under the sponsorship of the Texas division, American Cancer Society. All medical men of this area received invitations to the meeting from Dr. Roscoe B. G. Cowper of Big Spring, district medical director of the Cancer Society. A demonstration tumor clinic conference will be featured. It will present actual cancer cases for discussion by the visiting doctors. This training, Dr. Cowper said, is designed to help the family doctor learn about improved methods of diagnosis and treatment of cancer.

The program will be conducted by the Nix Tumor Clinic staff of San Antonio, which is supported by Texas Cancer Crusade funds. It will begin at 7:30 p.m. at the Veterans hospital in Big Spring.

### TEST YOUR I. Q.

1. Name the capital of Turkey?
2. In 1949, which state led in the production of corn?
3. How many telephones are in Africa?
4. What do G.I.'s call helicopters?
5. Who won the Pulitzer prize for the best novel of 1949?

### Answers to TEST YOUR I. Q.

1. Ankara.
2. Iowa produced almost 667 million bushels. Illinois was second.
3. 660,000.
4. "Egg beaters."
5. James G. Cozzens, author of "Guard of Honor."

## New Grasses For Texas Tried Out

Over 650 different kinds of grasses obtained from all parts of the world have been planted by the Texas Agricultural Experiment station during the period since 1907.

Dr. R. C. Potts, associate professor of agronomy in charge of forage crop investigations, says that the experiment station is always on the lookout for new grasses. Some of the new grasses are collected by expeditions that are sent to all parts of the world, and others are obtained through an exchange of seed with agricultural workers in foreign countries.

Dr. Potts pointed out that a large per cent of the pasture grasses planted today in Texas today are introduced species. Dallis grass, Bermuda, Rhodes, Sudan, Yellow beardgrass, Angleton grass, and many others are in this category.

In the past year, over 100 different grass species have been planted in the experiment station introductory garden at College Station. When grasses are

obtained that apparently are not adapted to the weather conditions at College Station, they are planted at the experiment stations at Weslaco, Chillicothe or Amarillo.

Several years are required for observing a promising new grass and to determine its adaptation to various soil and climatic conditions in the state.

After the value of the new grass is proven, 10 to 20 years may pass before farmers accept it and start planting it for pasture use.

Buffel grass of Australia, South African bluestem, Coastal Bermuda, Texas winter grass and the perennial crab grasses are some of the new species that may become economically important in Texas in the future.

### BAKE SALE SATURDAY

The Wellman Future Homemakers will have a bake sale at the Palace Drug Store, Saturday, Sept. 23, at 1 p.m.

Come and get your home made cakes and pies.

Jimmy Foxxy went to bat six times in a game on June 16, 1938, and was walked every time up.

**HARE-SPLITTING ACCURACY**—Harvest time means hunting time for members of the South Downs archery club in Brighton, England. In an effort to check the rabbit pest, the skilled archers bring bows, arrows and steady hands to the outlying farms where they take up strategic posts. When the reaper passes, the rabbits run, and the bows go "Twang!"

### AIME Met In Brownfield Thursday

"Jet-type rock bits" was the subject for discussion at the meeting of the South Plains subsection of the American Institution of Mining and Metallurgical Engineers in Brownfield yesterday. Speaker of the evening was G. E. Cannon of the Humble Oil and Refining Co., Houston. The meeting was held in the Esquire Cafe with registration completed at 7 p.m.

The results of six years of drilling research were dramatically highlighted a month or so ago in Natchez, Miss., when Humble Oil and Refining Co. rig drilled a record 2,448 ft. in one 8-hour tour.

The drilling report showed 15 minutes for running 720 ft. of drill pipe in the hole and 7 hours 45 minutes rotating time—an average penetration rate of 316 ft. per hour. It was necessary for the crew to make a new connection about every 5 minutes to make hole at this fast rate.

The success of the research into the facts affecting drag bit drilling prompted Humble engineers to turn to rock bit drilling. This work began last year, and already drilling rates in medium hard formations have been increased from 10 to 100 per cent by applying the principles which apply to drag-bit drilling.

In Picton field in northeast Texas, rig 17 has used jet-type rock bits and cut the time for drilling 7,000-ft. wells from 28 days to 13. This is for the actual rotating time in days, only. The actual over-all time to drill a well in the Picton field prior to the use of jet-type rock bits was about 53 days.

Studies in rock-bit design and the properties of the drilling mud have shown promise of further results. Already known in the fact that the chemical properties of the mud are important with rock bits. Different types of muds have varying effects on the drilling rate, and in some places, there has been a return to drilling with water down to certain depths. Water, incidentally, is an ideal

fluid in some hard-rock drilling. The experimental rock bits, like the drag bits, have the mud stream or "jet" directed to flush the cuttings from the bottom rather than to clean the cutters. With the experimental bits now being tried in some areas, jet rock bits have drilled on average of 65 per cent more footage per bit—70 per cent faster—than with a conventional rock bit.

Cannon's talk on the use of jet-type rock bits, in the Picton field and other fields where rock bits are required was of considerable interest inasmuch as the knowledge gained in these fields will undoubtedly have direct application in a great number of the limestone reservoirs of west Texas.

The meeting was open to all oil men through the Permian Basin area.

**FILM KISSES FRET INDIANS** LUCKNOW—(P)—No Indian kisses his wife on a railway platform, the government's Film Inquiry Committee has been told.

Begum Alaz Rasul, woman member of the legislative council here, made the observation as she complained that Indian films misrepresent Indian women. Love scenes as shown in Indian films "do not exist in our society as in American," she asserted.

## The Low Down From Hickory Grove

This war—we are now in it—we gotta get out of same and whole. We must shoot our way out. There is no other way. It will be expensive. So everyone should make up his mind now, that the path ahead will be thorny—and buckle down. It will do no good to keep saying the war could have been avoided by proper management. We are now paying—it is our own baby.

But there is no law saying we should be a sucker, perpetual. No law saying after we cut our eye teeth that we can't lower the boom on further mismanagement. No law saying that we must let the Govt. follow in the footsteps of France and England—go socialist—and then look about for some one to bail us out—but see none such. No law saying that our Govt., while the war flames high, should be tinkering with unneeded things—squandering dinero, going into competition with its own taxpayers. No law saying the voters cannot demand that each person running for mayor, or governor, or senator, or what, must show his IQ card, and that he passes muster.

And before closing this epistle to the voters, there are those amongst us who might amble down to the phrenological and get a check-up, too. We are still acting a bit added and unsure, our ourselves.

Yours with the low down,  
JO SERRA.

## Dem Post-Mortem

The News may be politically thickskulled, but it cannot understand the practical wisdom of the old refrain which the Mineral Wells state convention sang: The way to improve the Democratic Party is to stay in it and fight for improvement.

Let us imagine Harry Truman, Bill Boyle, Hubert Humphrey and Company reading reports of

the Mineral Wells convention. Said Texas Democracy, in effect, to Truman and Company: "We don't like your stealing of our tidelands; we don't like CIO dictation of party policy. But we'll string along at the polls."

Suppose the Mineral Wells convention had sent them a storm warning: "Abandon your fight to steal our tidelands and to ram FEPC down our throats, or we go Republican for awhile."

Oh, the News will be accused of being Republican for saying this. But The News would say the same thing if the GOP were the transgressor. The way to stop political transgression is to stop being a political cinch. It is all right for the convention to boast of going down the middle of the road. But as long as top-dog Democrats are what they are, the middle-of-the-roader is automatically on the left bank.—Dallas Morning News.

### BIBLE COMMENT

#### Jesus Saw Man at His Best and Worst And Said, 'Beware'

AMONG the saddest words ever spoken by Jesus were these: "Beware of man." Spoken before His disciples, these words are, unfortunately, justified by the tragic realities of life and history. And Jesus was a realist.

During the quiet, peaceful years of Victorian optimism, with its amiable view of man, and its atmosphere of benevolence, we would have considered it inconceivable that in 20th century civilization whole portions of the world could live in fear of one another.

Jesus knew better. The ancient world had its own Hitlers and Stalins. He foresaw the possibility of power-drunken dictators playing an international game of chess with tiny nations as expendable pawns. Prophetically wise, Jesus knew that someday the erring ways of a few might plunge the many into decadent chaos.

But Jesus was not despairing. He said, "How much is a man better than a sheep?" And He compared lost and fallen man to a lost sheep, declaring that the good shepherd was more concerned about the missing member of his flock than the 99 sheep safely in the fold.

This is realism tinged with optimistic faith. For man at his best is good, and there is plenty of evidence of the goodness of man. It is a comforting thought that Jesus considered man capable of redemption. Moreover, it is a comforting fact to know that Jesus gave His very life to redeem his fellowmen.

The recollection of His sacrifice makes it profoundly necessary for us to see man as Jesus did, both at his worst and best. By taking inventory of the evil in human life, we can better recognize false philosophies and wrong purposes.

The sad words of Jesus, "Beware of man," might well serve as a warning to those comfortable and well-fed idealists who view the doings of their diabolical world neighbors through rose-colored glasses.

## Just sharpen your pencil—and there you are!

Yes, sharpen your pencil—and there you will be, in a Buick.

Whether it's a SPECIAL, a SUPER or a lordly ROADMASTER, you'll be driving the big buy of its price class, and getting a rich bonus of driving comfort, driving thrill and "fashion-first" styling.

But you have to make the first move. You are the one who has to find out. How about starting now—with a call on your Buick dealer?

ACROSS this broad land there are thousands of people who have been doing themselves a disfavor.

Seems they "just naturally assume" a Buick is beyond their reach—and so pass up the car they're really itching to own.

Now why "assume" anything as important to your happiness as a new car?

Why not see for yourself how delivered prices run—how close Buick matches your own budget—how frequently it is priced under some cars you may be considering?

Then—if there is a particular car in mind—sharpen up your pencil a little.

Is it a six—or an eight, like Buick? If an eight, is it a valve-in-head eight? That adds a plus in efficiency, you know, even without the extra edge of Buick's Fireball power.

Will you ride on four soft coil springs, as in Buick—or on only two? Will the drive be through a sealed torque-tube that keeps the rear wheel assembly firmly aligned? It is in a Buick.

Do you get soft, low-pressure tires as part of the price—or as extras? Will you have bumper guards built as part of the bumper, or a one-piece cast-metal grille that can be costly to repair or replace?

Does the price include air cleaner; oil filter; dual horns, windshield wipers and sun visors; an automatic dome light; self-locking luggage lid; a single key for all locks?

And is there an automatic drive\*, or one in which gears still shift in normal driving?

\*Dynaflow Drive is standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

WHATEVER YOUR PRICE RANGE

### Meadow Bronchos To Play O'Donnell

The Meadow Bronchos will clash with the O'Donnell Eagles tonight in the Meadow stadium at 8 o'clock.

The Bronchos are being coached by Lloyd Hunt and Roland Drake. Co-captains are Tommy Ashburn and Norman Lockett.

The Broncho line up will include Elvise Duncan, Tommy Ashburn, Gene Joplin, Joe Williams, Orval Blake, Jerry Roberts, Lawrence Joplin, Billy Bell, Eddie Bingham, Norman Lockett and Jerry Hinson.

Officiating at the game will be Don Purcell, referee, Joe L. Thompson, head lineman, and Tom Pirtle, umpire.

### Fall Style Review To Be Held Sept. 28

The annual Alpha Omega Style review will be held Thursday evening, Sept. 28 at the American Legion Hall with a dinner preceding the review at 7:30.

Mrs. Zeb Moore, general chairman for the style show, is making final plans for the review. There is a limited number of tickets, and those who are unable to contact a member of the Alpha Omega club are asked to call Mrs. V. L. Paterson at 447-R for their tickets.

Mrs. Curtis Sterling will be mistress of ceremonies for the show.

Merchants with models participating in the review are Shelton's, Gore, Cobbs, Lathams, Collins, Duchesne Style Shop, Fair Store and Bayless and Nelson Jewelry stores.

Beauty shops participating are Viola's Beauty Box, Cinderella and Reba's.

The Western Boot and Shoe shop will also have models.

### MEADOW NEWS

Mr. and Mrs. Ed Kirk and children have returned to their home in Oklahoma City after a visit with their parents, Mr. and Mrs. E. L. Tilger.

Meadow received 6 inches of rain Sunday night. The highway one mile north was under water for several days and the highway department had men directing traffic.

Miss Jamie Tilger of Lubbock visited her parents Mr. and Mrs. E. L. Tilger over the week end. Mrs. Tilger and Jamie also attended Mildred Young's wedding Saturday.

Mr. and Mrs. J. H. Guber were in Lubbock Thursday shopping.

Miss Francille Bingham of Denver City visited her grandparents, Mr. and Mrs. Mark Watkins Saturday and Sunday.

Miss Marcella Burleson, who teaches school in Kermit spent the week end with her parents Mr. and Mrs. J. M. Burleson.

Mr. and Mrs. Creth White are moving to Brownfield. Mrs. White is the daughter of Mrs. R. W. Holder.

The WSCS met in the church Monday evening with ten present. The second chapter of the study "Toward a Christian Community" was given by Mrs. Louis Peeler as leader.

Mr. and Mrs. F. C. Lowrie and children of Ropes visited her parents, Mr. and Mrs. R. W. Holder Monday.

### CHALLIS NEWS

Rev. and Mrs. Edwin Kettler and children, J. T. Henderson, Mr. and Mrs. Norris Pate and children and Elijah Henderson visited Mr. and Mrs. W. J. Henderson Sunday.

Mr. and Mrs. Tommy Pettigrew visited her sister Mrs. Johnnie Herrington, who is in the hospital at Slaton this week.

Billy and Wayne Bagwell and Melvin Carroll visited Sunday with Mr. and Mrs. C. S. Carroll.

Mr. and Mrs. J. C. Armstrong visited Sunday with Mr. and Mrs. Billy Dean Redford of Ropes.

Mr. and Mrs. Tommy Pettigrew and Rev. and Mrs. Edwin Kettler visited Mr. and Mrs. Andy Robertson Sunday afternoon.

Lence Price, W. J. Henderson, Mrs. C. S. Carroll, Mrs. Tommy Pettigrew, Mrs. Andy Robertson and Mrs. Wayne Mullins attended the Baptist association meeting at O'Donnell Friday.

Mr. and Mrs. John Gardner visited Mr. and Mrs. Robert Garner Sunday afternoon.

Mrs. H. L. Gunther of Plainview, James Sandlin of Crowell, Craig Sandlier of Corpus Christi Mr. and Mrs. L. P. Carroll of Meadow, W. Y. Gumland of Artesia, N. M., and Mr. and Mrs. John Garner visited Mr. and Mrs. C. S. Carroll Friday.

Mr. and Mrs. W. B. Mullins and Barbara and Pauline and Mrs. R. B. Webster and son of Lockney and Mr. and Mrs. B. H. Denton of Lovington, N. M., visited Mr. and Mrs. Wayne Mullins Sunday.

### Some Communities Visited Last Sunday

Farmer Phillip Rogers, his wife Faybelle and their brood of three fine youngsters had dinner (noon) with us Sunday. After a repast that they, out of politeness proclaimed good, and before a sleepy spell hit us, some one suggested an airing—meaning a drive hither and yon. The course was sorted left up to us, and we suggested a southeast course.

There were two reasons for this. We had never been closer than the Lamesa highway to the Cotten and other oil wells. That's better than a mile from them. So we took down the old Lamesa dirt road, which is in fine shape as dirt roads go. Commissioner Bruce White is looking after his roads.

Found the original well capped over, but where if any place they are piping the oil, we did not learn, as so far as we know no pipe line runs close to the wells. Two other wells are drilling, and a third well will probably be punching a hole by late this week.

**First Visit To Union Since—**  
After the Lamesa highway was built, we went the way of least resistance, and passed up the fine Union community, or the part of it in the proximity of the school plant. But we drove down there Sunday afternoon. Faybelle having made her home in that community many years while a girl and young lady, could point out where this and the other lived.

Union has a fine school plant, and the Baptist brethren have quite a nice church building nearby. Union has a full accredited high school, and her graduates enter college without examination. It has a full corps of well trained teachers, and their financial condition is in good shape, and will be better as oil development goes on.

The Sky Juice man was rather stingy with that area in early spring, and they were late strating, but there are some very good crops in that area. Some feed is a bit late, but maybe the frost or freeze will also be late. Down near the Union Gin, there is some really good cotton.

Welch, Ashmore, Loop and Seagraves  
Stopped over in Welch to tank up on coke and other soft drinks. The coke tasted a bit different, and we noted that Big Spring and not Lubbock furnishes them. Always we note the coke tastes different after we get off the ciprock, as most of it is made from creek instead of well water. Turning around without getting hit in the streets, as most of the Welchmen were at the ball game, we hit the road to Ashmore, Loop and Seagraves.

The crops are above average along this route, and those in the harder natured land, are good. Some had maize or sorghum up about knee high in the sandier soils, but we noted that a lot of it had wheat drilled in among the sorghum grains that cannot possibly make. The recent rains are sure fine on the lately planted wheat. It will be up and whizzing before you know it.

The Adair oil field comes down into Ashmore, and gives it the appearance of prosperity not only from cattle and crops, but oil as well. The gins at Ashmore and Loop are rearing to go, when the fleecy staple begins to roll.

At Seagraves, many were at the shows, and others snoozing perhaps, so there was not too much stirring around on the streets. On the way home, we found much wheat had been planted, some of it up nicely. We also found a large field this side of Wellman that was deep broken recently and prepared for wheat. Wellman section looks like an oil field now with five or six rigs up and going, and others to follow. Let the good work go on.

### Texas Grain Crops Show Big Increase

WASHINGTON (AP)—Production of grain sorghums in Texas took a spectacular leap this season, the US Department of Agriculture reported last week. It may be more than 28,000,000 bushels above last season.

Also forecast was an approximate 10,000,000 bushels in corn production, but a decrease in flaxseed and oat output.

Although the department gave no reason for this production boost of grain sorghums, cotton acreages in Texas was sharply reduced this year, allowing increases in other crop acreages. Drought and insects in the wheat areas caused many farmers to try sorghum, a crop planted later than wheat.

The 1950 sorghum crop in Texas was estimated at 121,005,000 bushels compared to 92,676,000 bushels last year.

The corn forecast was 67,295,000 bushels, compared to a 1949 crop of 58,208,000 bushels.

Oat production, now harvested, was 31,600,000 for the state this year; 34,020,000 last season.

Peanuts, 283,200,000 pounds; 343,785,000 last year.

### GOMEZ GOSSIP

Those from Gomez Baptist church who attend the annual meetin of the Brownfield Baptist association held in O'Donnell last Friday were Mr. and Mrs. A. B. Buchanan, Mr. and Mrs. Tyler Martin, K. Sears, Wes Key and W. G. Swain. Mrs. Buchanan was on the program in the evening session giving a report on the minister's relief and retirement.

Miss Nell McLeroy of Dallas, a Baptist State training union worker spent Thursday night and Friday visiting in the home of her mother, Mrs. C. J. McLeroy. Miss Dallis McLeroy of Seminole also visited with the McLeroys last week.

Week end visitors in the home of Mr. and Mrs. G. I. Kempson were Miss Ruby Kempson of Littlefield, Miss Mable Davis of Muleshoe and Norris Kempson of Portales, N. M.

Mrs. A. V. Britton visited several days last week in the home of her parents, Mr. and Mrs. F. L. Curry of Wolfcroft.

Rev. Arthur Allie of Brownwood was the guest speaker at both morning and evening services at the Gomez Baptist church Sunday.

Mr. and Mrs. Bert King of Plainview are the proud parents of a son, Charles Thomas, born Sept. 15. T. S. Doss, the grandfather, visited them Sunday.
