Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

## Best Advertising Medium

The Herald subscription list is a splendid blend of town and rural readers, folks who can and do pay for their papers—they do not ask or want it donated to them. Many 30 and 40 year continuous subscriptions.

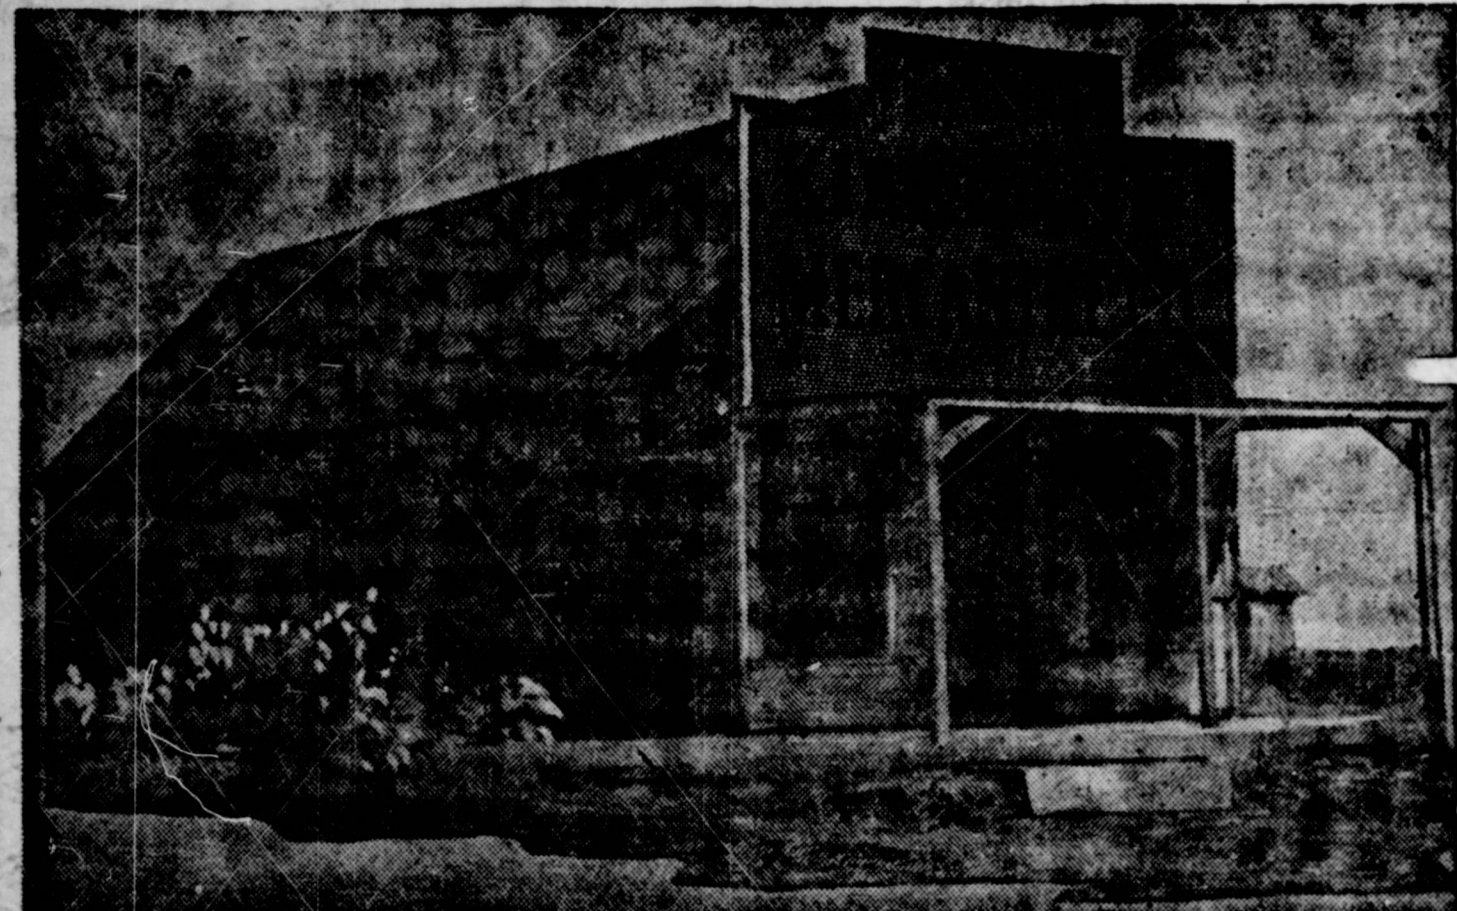

The Herald has grown with this section from strictly a ranch country. This area now consists of thriving towns and cities, supported by scientific farming and stock farming, augmented by huge oil fields, with the nation's largest known oil reserves.

## Furr's Formal Opening Held Thursday Night

This Furr's Super Market is one of the most beautiful super markets in the southwest. It has 12,420 square feet of floor space, while the parking area covers 20,000 odd square feet, available for 100 automobiles. It shows the result of months of thinking and planning, aided by experiences of other super market operators over the United States. Roy Furr, president and general manager of Furr's, Inc., said.

One example of the 1950 styling is the 40 foot modernistic tower, built on the southwest corner of the market, of glazed ceramic tile. Parking, too, will be available on the south and front of the building.

The super market is 115 feet deep with two huge doors on the front, with the building facing west and other service doors for meats, produce and groceries. It has 176 feet of self-service refrigerated cases alone. The super will be completely self service and styled to make Mrs. John Public happy with shopping. The meat department is a wonder to her with an attendant on hand

at all times to serve any special cut of meat.

The colors are a pastel combination on the interior, while the outside of the building is decorative brick.

**Innovations**

"Curtain walling" reveals all shelving and refrigerated cases sunken in the wall.

Public address system, built in the structure.

Directory plan for each shopper.

New sea food department with fish and foods from all over the world.

New dietetic department of health foods.

New fancy foods section of fine foods for the gourmet, from the farthest parts of the world.

New "slim line" lighting, fluorescent type, is featured. It is entirely air conditioned, a mechanical plant with no superior. Seven checking stands greet the customer and waiting in line will be a thing of the past. She will have new grocery carts, gliders of steel and aluminum, new fixtures, wide aisles, new asphalt

## Remember Monday Is Regular Dollar Day

Next Monday is regular first Monday Dollar Day here in Brownfield, and some of our progressive merchants are offering some exceptional bargains along this line.

Of course we know that with crop gathering full gear, the men folks will be busy if the weather is fine.

But since the ladies do most of

the family shopping, the fact that the fall harvest is in full swing, will not hinder their coming in to trade.

Be looking for you.

Alvis Bentley, freshman student at West Texas State at Canyon, spent the week end with his parents, Mr. and Mrs. George Bentley.

Mr. and Mrs. Bill Wilson of Knox City visited her brother, Tobe Helms, and Mrs. Helms over the week end.

In an advertisement in this issue of the Herald, McKinney invites the public to attend the opening.

Mr. and Mrs. Richard Kendrick and son, Dickie, returned Tuesday from Port Aransas, where they vacationed for several days.

Mrs. N. T. Dalton of Littlefield and Mr. and Mrs. Hugh Ruff of Albany visited in the Ed Ballard home Friday night.

## Field Day To Be Held November 10

A field day at the experimental station located 11 miles west and one-half mile north of Brownfield, will be held Friday, Nov. 10, beginning at 2 p.m. The event is being sponsored by the station personnel and the Brownfield Chamber of Commerce.

R. E. Karper, outstanding authority on sorghum grains from the state experimental station, will speak to the group, as will an outstanding authority on cotton. Different varieties of cotton, grain sorghums, grasses and deep breaking plots will be open for inspection.

The public is cordially invited to attend the field day.

## BUSINESSES WILL CLOSE NOVEMBER 13

Wayne (Red) Smith, manager of the local Chamber of Commerce, announced this week that most of the merchants in Brownfield have agreed to close their business Monday, November 13, instead of Saturday, Nov. 11, in observance of Armistice Day.

The Monday holiday was agreed upon in order to give a longer week end, Smith said.

## NELSON JEWELRY CONTINUES SALE

Lynn Nelson, owner of Nelson's Jewelry store, said this week that the surplus stock sale which began last week will continue for several more days.

During the sale, Larry Paulin of Miami, Fla., is in the store assisting in conducting the sale.

For further information, we refer you to an advertisement in this issue of the Herald.

## PEGGY BLACK AND PEGGY KAY CROWNED 1950 QUEENS OF HARVEST FESTIVAL

Climaxing a day full of activity and entertainment, Miss Peggy Black and Miss Peggy Kay were crowned queens of the 1950 Harvest Festival held in Brownfield October 21. Miss Black, sponsored by the senior class of Brownfield high school, was escorted and crowned by Robert Bowers. Miss Kay, sponsored by Union high school, was escorted and crowned by Billy Faught.

The two winners were among seven contestants from Terry county competing for the crowns. Other contestants were June Whitaker junior; Leah Dale Portwood, sophomore; and Juan Nell White, freshman, all from Brownfield high school; and Beth Golden, Wellman high school, and Alene Curtis, Meadow high school.

Each of the contestants were awarded a wrist watch engraved with their names from the Brownfield Rotary club, sponsors of the festival.

In the parade which officially opened the day's festivities and which is believed to be the longest parade ever staged in Brownfield, the junior class of Brownfield high school was judged winner of the float contest. Stanolind Oil Co. was awarded the prize for the top commercial float and C. L. (Mike) Kelly, on behalf of the company, returned the check to the Rotary club, to be given to that club and the Lions club.

Among the most interesting events on the program was the main address made by Josh Lee

## Morgan Copeland Was Popular at Home

Maybe you noted the little write up concerning Morgan Copeland of this city, sent out by the University of Texas information service last week. That he had been elected without opposition the associate justice of the

Morgan Copeland

Student Court of the University of Texas. Morgan, son of Mrs. Morgan L. Copeland of this city, is a senior law student.

He is a member of the Theta Xi social fraternity. We are glad to show a picture of this fine boy in this issue of the Herald. Morgan never gave his mother the least bit of trouble that we ever heard of while growing from childhood to manhood, and from primary to high school.

He was always polite and good natured toward childhood or the aged, and we believe this young man is destined to go places.

# Courthouse Bond Election To Be Held Next Tuesday

## Piggly Wiggly To Have One of Largest Grocery Stores

The Herald is glad to be able to announce this week that construction work on the large, and modern new Piggly Wiggly store, is going forward at a rapid rate, across the street north of the postoffice. Tidmore Construction Co., of Lubbock, has the contract, and the building will likely be ready for occupancy by the first of the new year.

The building, 95x145 feet of brick and tile, will be one of the largest retail grocery stores in this section, containing 13,050 square feet of floor space. The building will be ultra modern. It will contain some 168 feet of refrigerated fresh fruits, vegetables, meats, etc. It will be bordered by a block long parking space.

V. L. "Pat" Patterson is the local Piggly Wiggly manager, and he has spent years in the grocery business and has accumulated a personnel that is hard to beat. The firm of Davis & Humphries of Lubbock, own 16 other Piggly Wiggly stores in this area, and D. & H. stores at Snyder and Tahoka.

Next week the Herald aims to elaborate more fully upon the new store in Brownfield, at which time we hope to have some cuts of the architect's drawing of the building, along with perhaps a picture of some of the officials and managers of the company.

In the meantime, let us state that the Herald joins the thousands of customers and friends of the local Piggly Wiggly in congratulations on building this fine new store in our community.

## Prominent Old Pioneer Now at Rest

The shackles of disease has left the body of James Mack Noble, 90, a real pioneer of Lynn-Terry counties. This noble old soul passed to its rest by leaving the body at 7:44 a.m. Nov. 2. He was born in 1860, and has spent the major portion of his life helping to develop new countries. He has been ill since Christmas, 1946, but did not seem to suffer a great deal. His frail body always responded to the entrance of his friends with a smile and a welcoming hand shake.

He married Rosa Lee Carter, August 24, 1893 in Fisher county, and 13 years later in 1902, they moved to Lynn county, and bought a ranch on the line of Lynn and Terry counties, most of it and the old homestead being in Lynn county. He moved to Brownfield in 1943.

Funeral services were held today at the First Baptist church at 2 p.m., with Rev. George Dale of Lubbock officiating. Interment in the Tahoka cemetery, following. Funeral direction of Brownfield Funeral Home.

Survivors include his wife and four sons, Robert of Brownfield; Levi of Lubbock; Terry of Tahoka and Mack of O'Donnell.

It is not the intention of the Herald to tell the voters of Terry county how they should vote. But lots of times a voter has not taken the time to investigate matters that come before him, and while his intentions may be in another direction, if hard facts are given him of the necessity or more housing for our county government, as well as the care of prisoners, reasonable people might change their minds.

So, as the vote on these bonds for an addition to the courthouse and jail comes up next Tuesday, there will not be another issue of the Herald before that time. There will, however, be another issue of the Herald before we vote on bonds for more school room, as that will be the 14th of November instead of the 7th. Let us reason a minute.

If we were not crowded for room at the courthouse for the officials and if our jail conditions were not unlike some of the infamous French Island prisons, or the English prison of Charles Dickens' time. Or, if our rest rooms were not in deplorable condition, our many officials would not ask the voters for this bond issue by ordering an election. Most of these officials are themselves heavy taxpayers. No one will suppose that they just want the additional space to look at and help set off the court square.

**Will It Increase Our Taxes?**

In a statement a week or so ago, the Commissioners said the old courthouse and jail bonds would be paid out next year, 1951. With the development now going on in which the county may have at least four major oil pools, aided by the new firms that will come to Terry county and Brownfield for that reason, we are going to have a lot of mighty substantial help in caring for these new bonds. Really we don't look for any great increase in taxes next year, if there is any increase.

Every week, we invite people to come to Brownfield to trade, from a wide section, and there are more and more of these. Our ladies rest room, is the only place the farm ladies and other visitors can go or carry small children when nature calls. And that little rest room was built for a town of 2000 and a trade area of some 6000 or so. Now, there are more people than that in Brownfield alone. Do we expect 1925 facilities to answer 1950 needs?

The same may be said of our jam packed prison. Any housewife will tell you that commodities, etc., would all be in place and they could just carry their stuff from the present store to the new place and put it right into the shelves, etc., without any re-arrangements.

Due to the fact that next Saturday, the 11th, will be a holiday, and presumably all stores closed, they will not be interrupted on account of it being Saturday. They should have their stock all in and ready for opening Monday, Nov. 13th.

If we mistake not, the Chisholm store has been enlarged a couple of times where they are now located, but still they are crowded, and need more space which the new location will provide handsomely.

## Chisholm Grocery To Move To Southeast Corner

In conversation this week with Henry Chisholm, groceryman, he informed us that it was true that he would move into the building belonging to the Chisholm interests, on the southeast corner of the square, next weekend. This is the building that was occupied by Furr Food store until this week, when they moved into their new building.

Henry stated that the first thing on docket was repainting and decorating, which would take place this and next week, after the building is vacated. This building will probably give the H. Chisholm grocery more than twice the square feet of floor space they now have in the little store at Broadway and First.

Henry informed the Herald that when they started to move, all the cases, shelving, deep-freezers, etc., would all be in place and they could just carry their stuff from the present store to the new place and put it right into the shelves, etc., without any re-arrangements.

Due to the fact that next Saturday, the 11th, will be a holiday, and presumably all stores closed, they will not be interrupted on account of it being Saturday. They should have their stock all in and ready for opening Monday, Nov. 13th.

## Thousands of Farms To Have Telephones

For years we have wished that there was some way to get telephones to the farm people. Not a few times in the past several years, we have wanted to communicate with some farmer on short notice. But it was either a letter, or a drive out to his farm. And none of his neighbors would have a phone.

Now, in the course of a year or two, we hope that we may be able to instantly get in touch with most Terry county farms. The Rural Electrical Administration, and Senators Connally and Johnson, and Representative George Mahon, who have worked for the rural telephone plan, have announced that they have obtained a government loan of \$3,000,000 to be used in the area in the construction of rural telephone lines.

The major portion of this appropriation goes to Puka-Lambro, a lesser amount to South Plains co-ops. The former headquarters is in Tahoka, and the latter in Lubbock. Puka-Lambro may sound a bit silly, but the Po is for Post, Ka for Tahoka, Lam for Lamesa and Bro for Brownfield. H. S. Allen of Lamesa, is the president of Puka-Lambro. Roosevelt county N. M., co-operatives, will get \$525,000 of the appropriation.

The main item right now, Mr. Allen explained, is to get 3/5 of the several thousand proposed subscribers on the dotted line. Already 1214 have signed up. The others must be gotten immediately, or there will be unnecessary delay. The South Plains Co-op part is composed of Lubbock, Hale, Floyd and Crosby counties. The Puka-Lambro is composed of Garza, Lynn, Dawson, Gaines, Hockley, Terry, Yoakum, Martin and Borden counties.

The board members other than Mr. Allen are V. R. Osborne, Brownfield; V. H. Wheatley, Brownfield, secretary-treasurer; Claude Wells, Tahoka, vice-president; Claude Thomas, Post; Lloyd McCormick, Tahoka and George Teague, Lamesa.

Mr. and Mrs. Ted White of Kermit visited his mother, Mrs. Eldora White, this week.

## Martin Car Lot Opened This Week

Open for business this week on the Lubbock highway between Alex's Cafe and Crites service station is Martin's used car lot.

George Martin, owner of the business, came to Brownfield three years ago from Ropesville, where he had lived for 26 years. Prior to moving to Brownfield, he was associated with Goodpasture Grain and Elevator at Ropesville.

While in Brownfield, he has been connected with the Martin and Walker used car lot, and for the past year was employed with Teague-Bailey Chevrolet Co.

An announcement concerning his new business appears in this issue of the Herald.

Mr. and Mrs. Richard Kendrick and son, Dickie, returned Tuesday from Port Aransas, where they vacationed for several days.

Mrs. N. T. Dalton of Littlefield and Mr. and Mrs. Hugh Ruff of Albany visited in the Ed Ballard home Friday night.

## Concert Association Will Be Reorganized

Crawford Taylor, president of the Brownfield Concert Association, announces that a kickoff dinner for the 1950-51 membership drive will be held at 6:30 p.m. Monday, Nov. 6, at the Esquire restaurant. All workers are urged to attend.

Under a new program, the association has been informed that as the Don Cossack chorus, Nino Martini, Lauritz Melchior and others, will be available this year.

**LOSE INFANT SON**

Mr. and Mrs. J. D. Oliver, of the Pleasant Valley community, had the misfortune to lose their infant son, just a few hours after its birth last Friday night.

Graveside services conducted by Jimmie Wood were held at the Terry County Memorial cemetery, where the infant son was buried. Brownfield Funeral Home in charge.

## GEN. BRUCE HERE FOR TNG INSPECTION

Major General A. D. Bruce, deputy commander, Fourth Army, Fort Sam Houston, was in Brownfield Wednesday morning for an annual inspection of the Assault Gun company, 2nd Bn., 112th Armored Cavalry Reg., Texas National Guard, according to Capt. Sam Privitt, company commander.

This is the first inspection of its kind to be held here since the unit became an armored tank unit and since it has moved to new headquarters at Veterans Hall, Privitt said.

Mr. and Mrs. Tom Wilkinson of Grandview are up this week to visit their son, who is engaged in the oil business around Tatum, N. M. They usually make Brownfield their headquarters when up there, as they like some of the modern courts here.

**FLASH!**

Disregard "Election Returns" under rear wheel in Chevrolet ad this week. Changed at last minute. In place, their advertising representative suggested this: AMERICA'S BEST SELLER. AMERICA'S BEST BUY.

### You're A Stranger In Brownfield But Once

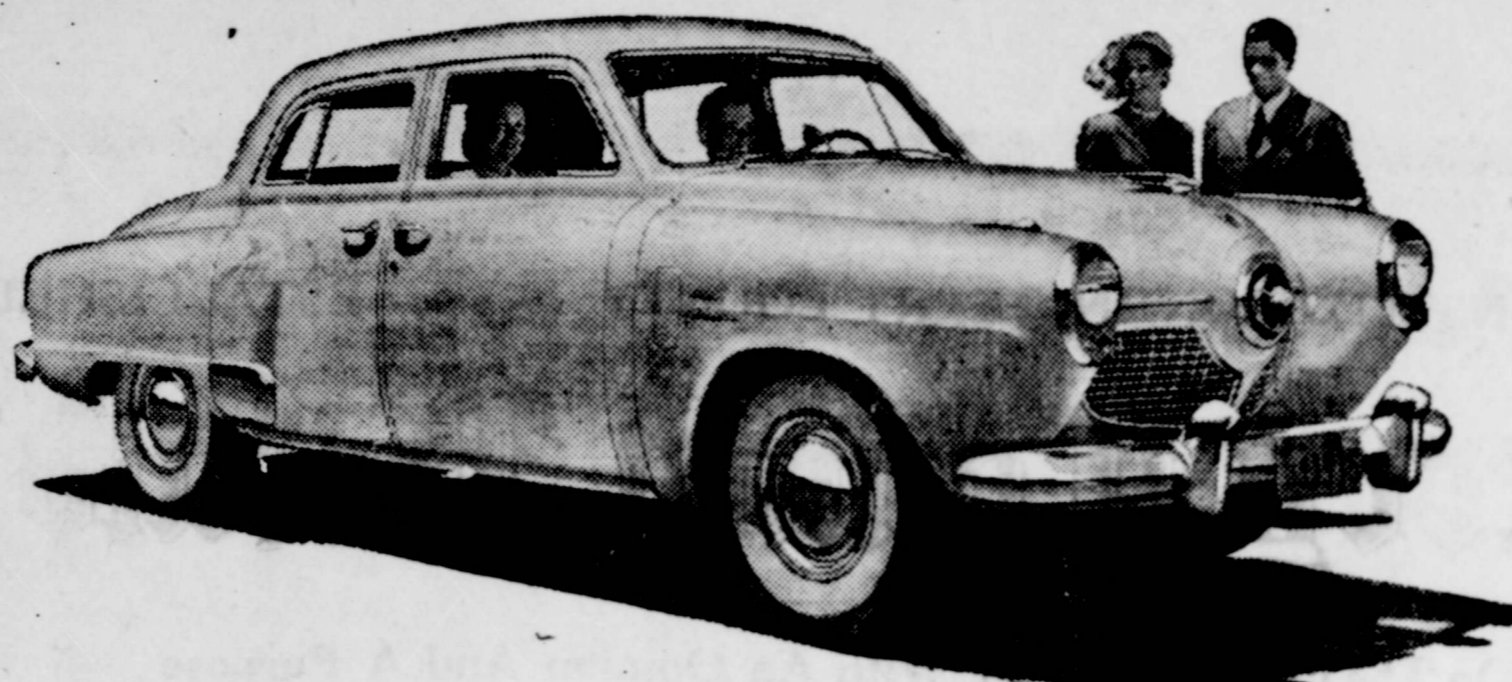

Well, they just keep coming, which is all well and good, and as the weather has been fine, we feel constrained to say none of them have been inconvenienced too much by exposure. The strangers within our gates have

had all the assistance possible in locating a new home. At least, they have been provided for as well as possible for the time being.

A lot of them are at trailer camps, maybe because they like it that way, some at Courts, while others have found apartments and houses. Again we call on the well located people here to show every courtesy to the strangers here seeking homes. If you hear of a place, keep it in mind, as it will not be long until some one will be asking about a place.

Red Smith of the Chamber of Commerce, as well as others, are going out of their way to assist new comers in getting located. Any of us may use our phones when such a one calls, or offer the use of the phone to those seeking a place.

It only takes a few minutes of your time. Make the new comer

The 1951 Studebaker Land Cruiser. Powering this model and all models in the Commander series is a new 120-horsepower, 8-cylinder, valve-in-head engine. The new power plant, designed by Studebaker's engineering division and tested over a period of many months, is compact, rugged, efficient, economical. It does not require the use of premium gasoline, but the design is adaptable to increases in compression ratios when the general availability of higher octane fuels makes such changes desirable.

### Mrs. J. Kirschner Hostess to Club

Mrs. Jerry Kirschner entertained members of the Ideal bridge club in her home at Lubbock Nov. 1 with a luncheon.

Mrs. C. E. Williams scored high and bingoed, and Mrs. Bruce Zorns was second high. Mrs. J. Q. Warnick of Lubbock also bingoed.

The guest list included Mesdames Williams, Zorns, Warnick, R. N. McClain, Joe McGowan, Prentice Walker, R. L. Bowers, Chad Tarpley, Harold Crites, Roy Herod, A. M. Muldrow and R. J. Clements.

### RETURNED MONDAY

Sheriff Ocie Murry, Mrs. Murry and Mr. and Mrs. Ab Kisinger returned Monday from Huntsville, where Murry took a prisoner to the state penitentiary. The couples also attended the Prison rodeo while there.

Murry turned over to prison officials Carl Satterwhite, who was convicted and sentenced to two to five years for car theft.

Billy Hyman, freshman of West Texas State, Canyon, spent the week end with his parents, Mr. and Mrs. Willie Hyman.

really feel that he "is a stranger here but once." Here are the newcomers for the week up to Oct. 28th:

Billy Ray Brashear, Denton; Roy V. Davis, Colorado City; Billy J. Eudy, Norman, Okla.; Howard Hurd, Seymour; Dennis C. Jones (he's returned to Brownfield) Odessa; Ray J. Messex, Colorado City; C. L. Hollaway, Odessa; C. C. Peters, Minnesota; Keith H. Peverley, San Angelo; C. N. Whatley, no former address; O. T. Woolsey, Big Spring; R. L. Brown and A. D. Mitchell both moved to Lubbock the past week. No marriage license issued, no divorce suits filed, nor any deaths.

### Grand Opening . . .

tiling on the floor and a pre-package room in the rear near the meat department where she can watch Furr's personnel handle her meats. There is an 85 foot self service refrigerated meat case, forty three feet for the fruits and vegetables plus the usual tables for non-refrigerated produce; 24 feet of dairy products in refrigerated open style cases, not to mention the nearly 24 feet of frozen food refrigerated cases.

### Attractions

One thousand gardenias from California were given away to the first ladies attending the grand opening. The gardenias were flown in by airplane from California just for the occasion!

One hundred bags of groceries were given away. Tickets were obtained at the doors at opening, stubs dropped in a squirrel cage. Drawings were held at 7 and 8:30 p.m. from a stage on the south side of the building. Fifty of the bags of groceries were given at each drawing. No purchases are necessary. You did not have to be present to win. A Westinghouse 8.4 cubic foot Deluxe refrigerator retailing for \$299.95 will be given away Saturday, November 4 at 6 p.m. Tickets will be available Friday at Furr's Super Market; they are free with no purchase necessary. You do not have to be present at the drawing to win.

Ceremonies for the opening of the Furr's Super Market were held at 6:00 p.m., with Mayor C. C. Primm doing the ribbon cutting. Souvenirs of the grand opening were given at all hours.

**History of Furr's**  
Furr's was founded back in 1904 at Kirkland, Texas, near Childress, Texas, by the late C. W. Furr, father of Roy Furr, president and general manager of Furr's Inc. Lubbock, is the headquarters of this group of stores serving West Texas and eastern New Mexico. This group of Furr's Super Markets number 30, while out of the Amarillo division there are 25, some 55 in all. Stores are located in Carlsbad, Hobbs, and Roswell in New Mexico, and in Lubbock, El Paso, Childress, Plainview, Littlefield, Levelland, Lamesa, Brownfield, Big Spring, Midland, Odessa, Snyder and Monahans. Warehouses are located in Lubbock, and El Paso, while Lubbock also boasts of a creamery, bakery, packing plant and cannery.

President is Roy Furr; vice-president is Clem B. Boveris; secretary and treasurer, Clifton H. Cummings; and supervisors for the Brownfield area are Donovan Stafford, Ray Hunter, Raynes Sparks and George Nagle.

Personnel of the Brownfield store is Ralph Harding, manager; and John Withrow, market manager.

You are cordially invited to see one of the southwest's most modern super markets. No obligation to purchase anything.

Furr's wishes to thank all for being patient while it has been forced to close its market in Brownfield, all last week end and for continued confidence in Furr's through shopping at this Super grocery.

### Group To Attend State Convention

A youth training revival, which began Sunday at the First Baptist church, closed Thursday afternoon.

Misses Harriet Gatlin and Kathleen Ritter and Mrs. Nova McCormick from the state training department at Dallas, conducted the meeting.

A group of members of the church plan to attend the state Baptist convention to be held in Fort Worth Nov. 6-9. Among the several who plan to attend are Rev. and Mrs. Fred Stumpp, Mr. and Mrs. Gerald Nelson, Mr. and Mrs. Lester Buford and Mrs. R. D. Shewmake. Mr. Buford and Mrs. Shewmake are presidents of the local brotherhood and Women's Missionary Union and will attend meeting of those groups on Monday and Tuesday.

Rev. Stumpp's sermon topics for Sunday, Nov. 5, will be "Advancing with Christ" at the morning service and "Lovely But Lacking" at the evening service.

When cashing a check, be sure of your endorser. Require identification.

**Cullefer-Harris Vows Exchanged Oct. 28**

Miss Reba Mae Cullefer, daughter of Mr. and Mrs. Henry Cullefer of Route 5, Brownfield, became the bride of Harold Jay Harris, son of Mr. and Mrs. Roy Harris of Rockdale, in a single ring ceremony read at 7:30 p.m. Oct. 26 in the Union Baptist church. B. H. Baldwin, minister of the church, officiated.

Vows were exchanged under an arch of flowers and fern. Miss Lena Bill Bearden played the wedding music and also accompanied M. G. Gary when he sang "Because."

Given in marriage by her father, the bride wore a navy blue suit with grey accessories and carried a white Bible, topped with a shower of red roses.

Miss Wendell Baldwin of Wellman was maid of honor. She wore a black suit with black accessories and a white carnation corsage.

Joe Harris of Rockdale was best man. Joe Art and Glenn Herring of Union were ushers.

A reception was held immediately following the ceremony in the home of Mr. and Mrs. A. A. Anderson, uncle and aunt of the bride.

The couple is at home in Tahoka, where he is employed by the Tahoka Co-op Gin.

**Miss Davis Is Bride Of Rev. J. Johnson**

In a double ring ceremony read in the Meadow Methodist church October 21, Miss Jean Davis, daughter of Mr. and Mrs. C. C. Davis of Meadow, became the bride of Rev. Jo Bob Johnson, son of Mr. and Mrs. G. R. Johnson of Ropesville. The Rev. Claud Northcutt officiated.

The wedding was performed in a setting of yellow and white chrysanthemum and fern, flanked by candelabra. Candlelighters were Miss Susie Davis and Ernest W. Spridlin.

Miss Tommie Ann Davis, maid of honor, wore a dark brown suit with a white carnation corsage. Kathy Bukemper was flower girl and Teddy Carter was ring bearer.

The bride wore a light brown suit with dark brown accessories and carried an orchid-topped Bible.

Mrs. Tom Davis, aunt of the bride, sang "I Love You Truly." She was accompanied by Miss Doris Dale Allen, cousin of the groom. Miss Allen also offered the traditional wedding music.

C. R. Johnson served his brother as best man.

The couple is at home in Abilene where the groom is a student at McMurry college.

**Mrs. George Newsom Honored October 26**

Mrs. Gordon Newsom was complimented with a pink and blue shower given in the home of Mrs. Buck Anderson Thursday, Oct. 26. Mrs. Ted Hardy was co-hostess.

Mrs. Hardy greeted guests at the door, and Tommie Sue Anderson registered guests. A bowl of blue and pink baby chrysanthemums decorated the registry.

The refreshment table was laid with a linen lace cloth and featured an arrangement of white chrysanthemums. Mrs. Anderson served punch and pink and blue cake squares.

Approximately 35 guests called between the hours of 4 and 6 p.m.

**Melvin Dixon, Jr. Birthday Honoree**

Mrs. Melvin Dixon entertained her son, Melvin, Jr., on his first birthday with a party given in her home from 2:30 p.m. until 4 p.m. Tuesday, Oct. 24.

A Halloween motif was carried out in the decorations and the refreshments, and favors of Halloween masks and horns were given the guests.

Ice cream, cake and soft drinks were served to Karen and Wendell Newman, Carolyn Sue Wade, Willadean George, David St. John, Bonita Wade, Pearl George, the honoree, and Mesdames Frank Dixon, Henry Newman and Lee Allmon.

**LONE STAR FLAG**—This big Texas flag measures 12 feet by 15 feet. Airways Stewardess Elizabeth McDonald of Angleton, Texas, is shown checking the flag before it was flown to London from New York. The flag was

donated by the Dallas Historical Society to be displayed in London at a reunion dinner of Royal Air Force men who received their wartime flight training in Terrell, Texas. (AP Photo)

**La Fiesta Club Met With Mrs. Ted Hardy**

La Fiesta bridge club met at the Esquire Restaurant for a chicken dinner, followed with bridge, Thursday night, Oct. 26. Mrs. Ted Hardy was hostess.

Mrs. George Germany scored high and Mrs. Bill Anderson was second high. Bingo prizes went to Mrs. Jack Hamilton and Mrs. John Kendrick.

The party list included Mesdames O. W. Schilling, Terry Redford, Anderson, Germany, Hamilton, Kendrick and Ralph Ferguson.

**KOLONIAL KARD KLUB MET WITH MRS. DAVIS**

Mrs. E. C. Davis was hostess to the Kolonial Kard Klub Friday, October 27, at 3 p.m. in her home.

A fruit plate, coffee and doughnuts were served to Mesdames Jack Shirley, Grady Goodpasture, Frank Szydoski, A. J. Stricklin, sr., C. E. Williams, Mon Telford, Money and Walter Hord.

Mrs. Stricklin scored high and bingoed, and Mrs. Szydoski was second high. Mrs. Telford also received a bingo prize.

**TECH TO OBSERVE SILVER ANNIVERSARY**

Friends of Texas Technological College, Lubbock, have been receiving invitations this week to attend the 25th or Silver Anniversary of that college next Saturday the 11th. This great Texas college opened for business in 1925 with a few hundred pupils.

The enrollment is now well over 6000 and still growing. The principal address in the open court between the library and chemistry building, will be delivered by U. S. Senator Lyndon B. Johnson, of Texas.

**BIG SPRING TO ENTERTAIN AMERICAN LEGION**

Big Spring will be host to the delegates from 25 counties of the 19th Congressional district for their convention Nov. 4-5. This will be the beginning of "Join the American Legion Week." The object of the drive is to add 113,000 new members to the department of the southwest.

W. T. Bridges of Levelland is the President of the district Legion. Prominent speakers as well as lavish entertainment will be the order of the two days.

Mr. and Mrs. Virgil Bynum visited Mr. and Mrs. L. L. Cobb in Lubbock Sunday. Mr. Bynum is Mrs. Cobb's brother.

**Gee Gee's Chit Chat**

Aha, she cried, as she shook her wooden leg. Here I am, back in the salt mine again. And I love it.

Another Harvest Festival has come and gone and I think everyone is a little bit relieved, although we had fun. Each year it gets a little bigger, and I think this one was the granddaddy of them all. If you missed the big parade Tuesday morning, you really missed something, kids. And just be glad it wasn't you who pushed the Maxwell for ten blocks.

The Rotarians should certainly be patted on the backs for turning out another success. Talking around, they all agree that it would have flopped without such fine cooperation from all the other clubs in Brownfield and Terry county, as well as all the schools. And, after talking further on the subject, they also agree that all would have been lost without C. G. "Griff" Griffith, president of the Rotary club. For four years now, each year of the festival, Griff has worked long and hard toward making it a success. Former secretary and vice-president of the club, Griff really believes in everything that Rotary stands for and makes it his full time job to try to help others believe it as strongly. Whether you know it or not, Griff is one of Brownfield's biggest assets. I hope you realize it.

Congratulations should certainly go to Peggy Black, Brownfield high school senior and daughter of Mr. and Mrs. Ross Black, and Peggy Kay, Union high school student and daughter of Mr. and Mrs. W. W. Kay. They are the 1950 Festival queens, and are both beauties. This year's crop of candidates are some of the cutest we've ever had, and they deserve a hand for running good races. It's a shame they can't all win.

Congratulations also should go to the Junior class at BHS for winning first place for the class float and to Stanolind for copping the commercial float prize. Another example of why we are happy to welcome the oil people to our community shows up in C. L. (Mike) Kelly's turning Stanolind's prize check back to Rotary, to be split between the Rotary club and the Lions club.

Comes now Poppy Day again. The poppies will be sold Friday and Saturday, Nov. 10 and 11, in Brownfield by members of the

American Legion auxiliary, according to Mrs. J. D. Miller, president of the organization. No one needs to be told that proceeds from the sales are used to help families of disabled veterans or that the poppies are made by the disabled veterans themselves. Let's be generous during those sales, little friends. With things looking bad in the world again, you may be making poppies yourselves, this time next year.

Next Tuesday, of course, is the bond election for an addition to the courthouse. It is your duty to go and vote, either for or against. I have my opinion, and you have your opinion. I'm just glad that my office isn't in the corridor of the courthouse. As I'm glad I don't have a child jammed into one of the local schools. The next Tuesday will decide that question.

Lovely, lovely new Furr's. Like I told Bud Harding, top man on the totem pole at the new store, at least we can get robbed amid plenty of splendor now.

Incidentally, Bill McKinney's insurance firm is now in a new location and the formal opening is slated for tomorrow (Saturday). Five years ago Saturday Bill returned from the Air Corps and cranked up his business. He now has a staff of four—Mrs. Zoe Britton, Mrs. L. B. Cobe, Earl Jones and Kenneth Frazier. Go in between 9 a.m. and 9 p.m. tomorrow and meet his friendly personnel, drink a cup of his coffee, and have a piece of birthday cake.

There's a new wrinkle, ladies, and it's on your legs. Comes yet pleated stockings to do something for your legs. If you want to be adventurous, go into Collins and ask one of the gals to show you these gimmicks. Me, I was contented to just look. Must be losing my nerve.

Mr. and Mrs. Douglas Davis, Mr. and Mrs. Bunk Lusk and children Beverly and Douglas Wayne and Miss Jennie Lee Skiles of Stamford spent the week end with Mr. and Mrs. Walter Skiles and sons. Mrs. Davis and Mrs. Lusk are sisters of Mr. Skiles.

Mr. and Mrs. Joe Bruton of Milford are visiting in the home for their daughter, Mrs. Clyde Truly.

Mrs. Thelma Crites and Sawyer Graham were awarded trophies last Sunday as winners of a Scotch golf tournament staged at the Brownfield country club. Their combined score for nine holes was 45. They also received a gift of golf balls for a low putting score of 14.

Second place trophy winners were Mrs. Marge Williams and Glen Akers, who turned in a 47 for nine holes. Third place winners were Mrs. Christine Akers and Fred Baldwin, who had a 48 for nine. Mrs. Marion May and R. N. McClain, who also shot a 48, lost out in the tie play off.

Members who participated in the tournament were Messrs. and Mesdames Akers, Baldwin, Murphy May, McClain, Harold Crites, Graham, Prentice Walker, Jack Shirley, Ted Hardy, H. T. Boyd, L. H. Dean, J. L. Cruce, J. T. Bowman, Jack Hamilton; Mesdames Williams and Sam Privitt; Miss Forrest Steen; and Jim Cousineau, Chad Tarpley and Dick Chambers.

Plans are now being made to hold a "screwball" tournament within the next two weeks.

**MRS. TOM HARRIS HOSTESS AT PARTY**

Mrs. Tom Harris entertained the Wednesday bride club last week in her home.

Mrs. James Finley scored high, and Mrs. Bob Clements and Mrs. John J. Kendrick bingoed.

A salad plate was served to Mesdames Sawyer Graham, Bill Anderson, Finley, Murphy May, Tom Dorrough, Kendrick, Clements, and Kenneth Watkins.

Mr. and Mrs. C. Y. Douglas, Mrs. Marcella Quigg, Bobbie Jeanne and Clyde returned Sunday morning from Denver, Colo., where they left Ronald Douglas in a Denver hospital. While there, they visited H. E. Douglass at Hartsell, Colo.

Mr. and Mrs. O. L. Darden, Jr., and family of Midland, visited in the home of Mr. and Mrs. Walter Hord Sunday.

### High, Wide and Handsome Describes Harvest Festival

There is not a great deal we can say for the Harvest Festival that has not been repeated over and over and over. To say the least, it was high, wide and handsome. All of us anticipated it like a young couple anticipates a "blessed event," but proud as the least, those who were looking ahead when it is all over. To say for a thrill got it here Tuesday.

People tell us it was a great parade. We failed to see any of it except a short portion along where our hack was located. Personally, we'd a heap rather watch one than be in one. Josh Lee the humorous gentleman from Oklahoma, made a great oration. Mostly a patriotic speech, and nothing of a controversial nature. Glad to have him within our gates.

A great addition to the parade was the oil concerns that have located here. From this on, these people will be a great help in putting over all such events. Oil people are always boosters—never knockers. Herald reporters and other observers say the 1950 "Mid-Century Edition" of the Harvest Festival was far and away from the three predecessors.

Not only are the Rotarians to be highly complimented, but all those who took part with them in making this festival the greatest ever. Congratulations also go to the Queens of Brownfield and Union schools, Misses Peggy Black and Peggy Kay. And the other candidates were not exactly standing still.

Hay, hoe, hum! Glad it's over and the old burg back to normal.

**IN SERIOUS CONDITION**

Hospital attendants report that Mary Smith, who was injured in a car accident late Sunday afternoon near the carbon black plant outside of Seagraves, remains in serious condition.

Bruce Smith, brother of Miss Smith, said that she was driving at the time of the accident.

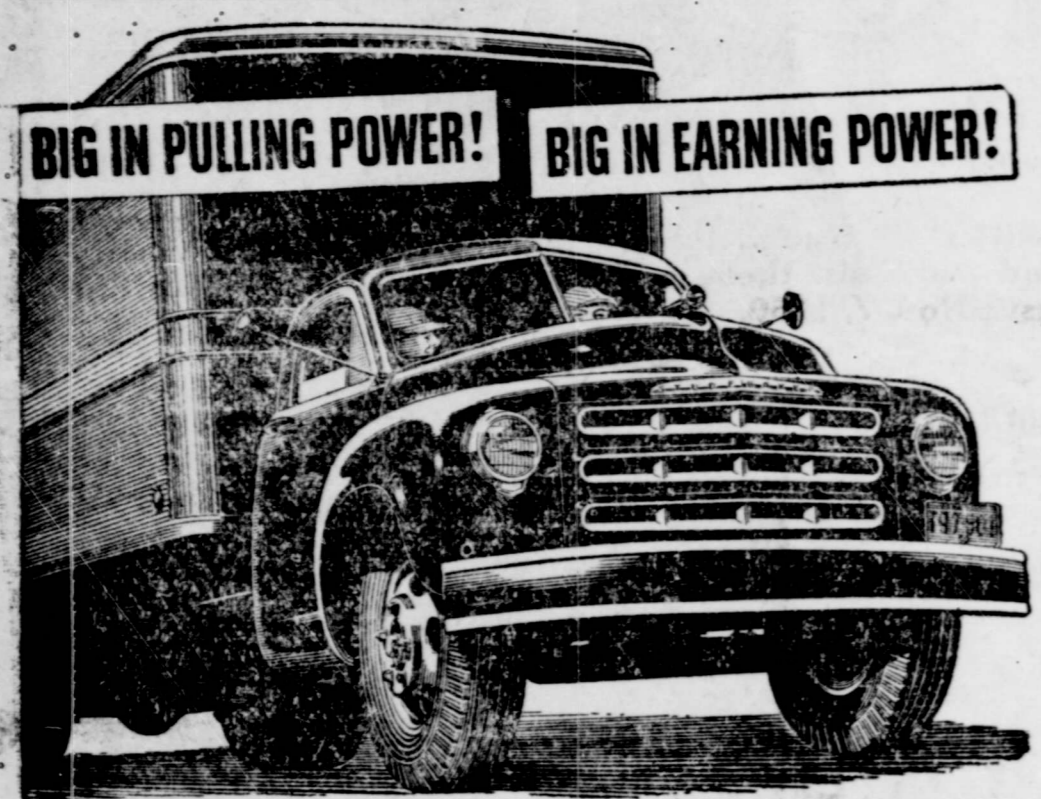

Miss Smith is in the local hospital suffering from concussion and shock.

**FARM BUREAU TO MEET AT MINERAL WELLS**

The Texas Farm Bureau Federation will hold its annual convention at Mineral Wells, Nov. 20-22 inclusive. Many prominent speakers of national note, such as Sen. Tom Connally of Texas, and Congressman Albert Gore of Tennessee, will be on hand.

There will be prominent national and state officials of FBF on hand to address the gathering. One thousand guests and delegates are expected.

**SHORT BEER—"Blackie,"** Alpine's favorite crow, is shown dipping his beak in a short beer. The bird is the pet of Frank Hofues, Jr. but many Alpine residents furnish "Blackie" free meals and an occasional nip. The crow first took beer from a medicine dropper, but now he dips into the suds himself. White marks on "Blackie's" tail feathers are souvenirs of an encounter with a can of paint. The spots help protect him from small boys with BB guns. (AP Photo)

**OLD TIMER CALLS ON THE HERALD**

Lemmie McDaniell, who was just a swaggering young man when we came to Brownfield 41 years ago, was up this week, visiting in the home of his wife's sister, Mr. Roy Collier and Mr. Collier. He also has a sister living here, Mrs. Jack Bryan, out on the Bryan farm-ranch in the Hunter community.

Lemmie says that he's doing nothing. Has salted away some funds for the inevitable rainy day. It has been years since he visited Brownfield, and he remarked, "you've really got a good town here now."

Mrs. C. R. Lackey reports that her little daughter, Ladell, who was carried to the Plainview polio center some ten days ago, is doing fine, and hopes are high that she will come out OK.

**G. I. QUESTIONS and ANSWERS**

Q—I dropped out of my GI Bill course because of unsatisfactory progress due to illness. Now, I'd like to take another course. What must I do?

A—First, you should submit a signed statement to VA, showing that failure in your studies was not due to misconduct, negligence or lack of application. Next, you will be required to undergo advisement and guidance, so that VA may determine whether you have necessary aptitudes for the new course. You'll need VA approval before you enroll.

Q—Will death pension payments made to my daughter stop when she reaches age 18? She is a freshman in college and I expect she will remain in school for at least a couple of years after her 18th birthday.

A—The payments will not stop so long as she is in a VA approved school. Such a school is an institution that has an agreement with VA to report promptly the date she terminates her attendance. However, under no circumstances may she receive payments after she is 21 or marries.

Q—I have been asked to prepare an affidavit for a veteran planning to learn to fly under the GI Bill. What should the affidavit contain?

A—It must clearly and definitely establish your identity; the character of your relationship with the veteran (VA won't accept affidavits from a veteran's employer, owner of a flight school or member of his family), and the basis for your knowledge of the fact that the veteran needs flight training in connection with his business or occupation.

**CARD OF THANKS**

We want to thank our many friends for every kind deed rendered us during the illness and death of our dear husband and father. May God bless each of you.

Mrs. Herman Pendergrass and Kenneth.

# TO MR. and MRS. TERRY COUNTY CITIZEN

HERE ARE APPEALS TO YOU FROM YOUR DULY ELECTED COUNTY OFFICIALS WHO KNOW AND UNDERSTAND THE NEED OF IMPROVEMENTS TO YOUR PRESENT COURTHOUSE. THESE OFFICIALS EARNESTLY ASK YOU TO VOTE FOR THE COURTHOUSE AND JAIL BOND ISSUE TUESDAY, NOVEMBER 7th

## Terry County

H. R. WINSTON  
County Judge  
Brownfield, Texas

### TO THE VOTERS OF TERRY COUNTY, TEXAS:

The Commissioners Court takes this means of making a statement in regard to the Court House and Jail Bond Election which will be held on Nov. the 7th, 1950.

When our present Court House and Jail was built in 1925, most of us thought it large enough to last 40 years, but Terry County has developed so fast in the last 25 years, that the County Clerk Office is crowded and the size should be doubled, the jail is three times too small and overcrowded, and the ladies rest room needs three times the facilities it now has, and the Tax Assessor's office needs enlarging, as well as the District Clerk's office.

If the \$250,000.00 Bond issue carries we intend to issue the Bonds serially, with a 10 years' option and not to exceed 25 years, with the first bonds of \$15,000.00 coming due after 9 years from date and 15,000.00 each year until paid. We will not pay anything but interest the first 8 years, which will amount to about \$6,000.00 to \$7,000.00 per year, and not raise the tax rate. After eight years we think the value of the county will be raised considerably to what it is now, on account of oil development. Of course if the oil does not develop the Commissioners Court 8 years from now will have to raise taxes to pay the \$15,000.00 per year. We make this statement so the voters will know the truth, and so they can make up their minds how to vote.

Respectfully submitted,

H. R. WINSTON  
County Judge,

## Terry County

H. M. PYEATT  
County Clerk  
Brownfield, Texas

### TO THE VOTERS OF TERRY COUNTY, TEXAS:

During the past ten years there has been a steady increase in the recording and other business transacted in the office of the County Clerk. This increase is due to the growth and development of Brownfield and Terry County, and within the past year the business has more than tripled due to the oil activity and I am advised by the oil men that this business will continue to be heavy for at least two more years before it finally levels off.

Due to the increase in our recording we are filling our record books within a very short time, and as they are filled naturally they require filing space, and it has now come to the point where we do not have the room to install filing cabinets for the record books, and as everyone knows these books are a permanent record of all real estate transactions in the County, and must be preserved for future references.

The Commissioners' Court are closing the south entrance to the Courthouse. However, this will not benefit the office of the County Clerk, as this space will be used by the abstractors, whose business has increased to the point where they have had to employ additional help and had to have room to do the additional work.

I make this statement so the voters will have a true picture of the conditions in the County Clerk's office, and will assist them in making up their minds how to vote, on the Bond issue Nov. 7, 1950.

Respectfully submitted,

H. M. PYEATT,  
County Clerk.

Your Courthouse Must Advance With The County. Vote For  
The County Courthouse And Jail Bond Issue. Tuesday, November 7

## Terry County

HERBERT CHESSHIR  
Terry County Tax Assessor-Collector  
Brownfield, Texas  
October 27, 1950

### A Statement to the Citizens of Terry County:

The Tax Collector's office is a busy place most of the year around, and like most any other office or business that was built twenty-five years ago, the steady growth and increase in population has caused it to become inadequate to be able to serve the public during tax paying time and car registration time.

The motor vehicle registrations in Terry County now run over 6000 where ten years ago they were about 2500.

Your county valuation now runs \$11,500,000.00 where twenty years ago it was about \$3,500,000.00 with the possibility that the valuation in Terry County might increase to \$30,000,000.00 or \$40,000,000.00.

After taking this into consideration I think that sooner or later the county court will have to make more room for this office some way.

Respectfully submitted,

HERBERT CHESSHIR,  
Tax Assessor & Collector,  
Terry County, Texas.

## Terry County

OCIE H. MURRY  
Sheriff Terry County  
Brownfield, Texas

### TO THE CITIZENS OF TERRY COUNTY:

I, Ocie H. Murry, Sheriff of Terry County, want to give the citizens of Terry County a true picture of the Jail of this County.

The men's jail has the bedding capacity for 12 prisoners. I have a Juvenile jail for 2 prisoners, the woman's jail has capacity for 4 prisoners. During the two terms I have served as your sheriff I have had at one time in the men's jail, where I have room for only 12 prisoners, as many as 62 men in it at once or over night. This has occurred on Saturdays and Sundays in the busy season of the year. On an average we run approximately 30 men. My Juvenile jail has no lavatory or bath facilities. All the commode system is an old time Chamber.

I have to carry their drinking and wash water to them in a bucket. They eat, sleep and use their bed pan in a small 6x8 enclosure. Maybe it isn't your boy, but it is some mother's or father's son or daughter. Maybe it leaves a bad picture in this boy or girl's mind. Maybe the parents of these boys and girls think I should have better accommodations, but I do the very best I can with what I have to do with. I wish every citizen of Terry County could come and visit the jail most any Sunday or Monday, especially at this season of the year.

OCIE H. MURRY,  
Sheriff of Terry County.

Progressive Citizens Of Terry  
County And Brownfield

**GOVERNOR PRESENTS F. F. A. AWARDS**

Weldon Mason, of Meadow, President of the Texas Future Farmers, received one of the annual Santa Fe Railway Educational Awards from Governor Allan Shivers and J. P. Cowley, Vice-President of the Railway. Mason and fourteen other Texas youths received awards at the Dallas State Fair for outstanding achievement in F. F. A. work. They were certified for this educational honor by Vannoy Stewart, Texas F. F. A. Adviser.

**Predator Control Is A Big Problem**

Predatory animal control is a big problem in Texas and its size is indicated by the annual report of the predatory animal control operations of the U. S. Fish and Wildlife Service. The report reveals that 30,395 predatory animals were taken during the control year 1949-50 by their hunters.

During the past year, predatory animal control work was carried on in 106 counties of the state by an average force of 130 hunters. In addition to this work, a few ranchers employed their own hunters, and game associations and county governments paid bounties for trapping the animals.

Of the 30,395 animals taken last year, 27,176 were coyotes. An important part of this catch included a total of 1,105 coyote pups which were taken from dens mostly in the Lubbock area. A new record was set in taking a total of 2,829 bobcats in Texas last year. Since very few bobcats are caught accidentally while trapping coyotes, the number taken was primarily the result of a special effort toward bobcat control with steel traps.

Widespread control action in wolf country resulted in a total of 356 red wolves being taken last year, an increase of 50 per cent over the number taken in 1948-49. Although no specific full time projects are directed toward mountain lion control, 18 of these animals were caught by the hunters in addition to their other predatory control activities.

The Texas A & M College Extension Service reports that county agricultural agents estimate the damage from loss of livestock and poultry by predators to be more than \$1,000,000 annually.

**Cotton Export Quota Should Be Raised**

The cotton export quota should be raised by several hundred thousand bales, Senator Lyndon Johnson of Texas told the Department of Agriculture this week.

Senator Johnson acted after the Munitions Board advised him that 700,000 bales should be enough to take care of military needs during the fiscal 1951.

The Dept. of Agriculture had set up 1,500,000 bales for military use, an estimate which Sen. Johnson called "guesswork" which resulted from the failure of the Munitions Board to state its needs.

It was prodding by Sen. Johnson, who is chairman of the Senate Preparedness Committee, that brought the 700,000 bale estimate from Roscoe Seybold, acting chairman of the Munitions Board.

Senator Johnson immediately called on Secretary of Agriculture Charles F. Brannan to raise the export quota considerably above the present figure of 2,000,000 bales.

**ELK ROASTED FOR POOR**

BAKERSFIELD, Calif. —(AP)—Some 500 needy families benefited from a surplus of bull elk at the nearby Tupman Elk Reserve.

Butchers from a meat packing plant volunteered to slaughter and dress the animals and over a ton of meat, carved into roasts and steaks, was distributed among the poor.

**The Low Down From Hickory Grove**

You know, folks, if up to now you could have it to Uncle Harry and his boys to lick inflation, you been dozing in the wrong pew. Instead of slowing down higher prices by pouring on water, they been using kerosene.

An old Texas Longhorn tells it pretty good when he says it is "just another crack pot idea of the 'Queer Deal.'" This Texas gent is editor Lon Boynton of Paris—he runs the Lamar County Echo—he says no wonder we pay more with the Govt. hoarding butter, and eggs, and potatoes, etc. That is what the man says. Sounds pretty much like horse sense, too.

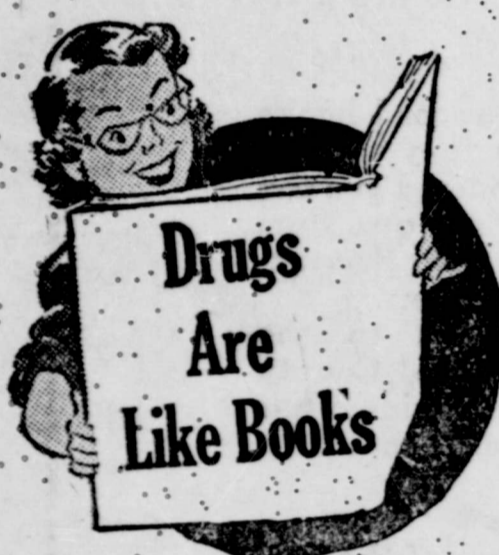

Also, it is not just tying up dinero in powdered eggs and spoiled potatoes, the Govt. also ladies big dinero into other un-sound numerous frills and foolishnesses, like building unneeded powerhouses on dozens and dozens of cricks and rivers and then building alongside same, steam operated. Also, the housing venture needs millions, as does scheme on scheme. The Govt. pay roll zooms. Free wigs for all bald pates and slimming garments for the plumper gals, like we hear about going on in socialist England, could be next—here.

We have until November 7th to oil up the old musket. Some tail feathers should fly then—our goose is cooked.

**JUDGE MULLICAN PASSED MONDAY**

People who lived here in the twenties will remember that our District Judge, when this was a part of the 72nd Judicial District, Judge Millican was a man of rather positive views, which he often put in words.

For that reason, he was often misunderstood. Fact is, he was a man of sympathy for those who needed sympathy. We remember one occasion we just had one hand in the Herald office other than our own. This employee had been called for jury service. We sent him over to see if it was possible to be dismissed as he was

needed. The employee met the judge as he alighted from his car after the drive down from Lubbock, and the request was made. "Well, no, I guess not," was his answer. But after court was assembled, he reconsidered when Bynum's name was reached, and everything was OK at the Herald office. Herald classifieds bring results!

## 'Copper Canyon' Has Great Story, Cast

Bristling with action from start to finish, "Copper Canyon" is sure fire entertainment for movie goers from six to sixty. Starring Hedy LaMarr, Ray Milland, MacDonald Carey, Mona Freeman and Harry Carey, Jr., this rip-roaring Technicolor film, showing Nov. 2-3-4 at the Rialto theatre, piles thrill upon thrill in spectacular fashion.

"Copper Canyon weaves its action crammed story around a vaudeville trick shot artist who aids a group of miners fighting a land grabbing business syndicate. No ordinary western, this one is loaded with enough pulse pounding entertainment for two pictures.

As the expert marksman who joins the underdogs in their battle, Ray Milland has a role that is off the beaten track for him. But he handles it brilliantly, particularly in the rough and tumble sequences in which the film abounds.

Looking more beautiful than ever in her second Technicolor picture, Hedy Lamarr turns in an adroit performance as the owner of the dance hall and saloon. She makes of Lisa Roselle a fiery, passionate woman whose actions are governed by her heart rather than her head.

It would be hard to visualize a more menacing villain than MacDonald Carey who gives what is by far the finest portrayal of his career.

Action highlight of the picture is the spectacular gun battle climax that has Milland and his men shooting it out with the crooked deputies led by MacDonald Carey.

Any erroneous reflection upon the standing of any individual, business or corporation will be gladly corrected if brought to the attention of the publishers.

It will be remembered that back in July when the Korean War started that some people rushed into the stores and bought like wildfire all articles they considered might be scarce in case of total war, especially such things as bed sheets, pillow cases, etc., and in some instances, there was quite a raid on the automobile tires. Then the wholesale and retail stores throughout America used some printers ink to tell people there was an abundance of everything they needed in America, if they would buy reasonably, as needed. They were backed up by similar statements from the government officials, who have the inside of such things. Soon the excitable folks decided that there was no reason whatever to hoard stuff that was plentiful. So the rush buying was stopped. Soon the merchants restocked on the heavily purchased stuff, and once again their shelves were filled with this merchandise. In the meantime we should thank our local merchants for their good advice, and keep in mind that our industry and agriculture is able to supply our every need. Also, let us remember that should another world crisis come up, to just buy in reason, as we do normally, and there will be plenty merchandise for all, and the old War II method

of keeping scarce goods under the counter can be forgotten. Not all employees are out to get the last farthing their employers make above actual expenses. The late Samuel Gompers, the greatest labor leader ever produced, once made this statement: "The worst crime against the working people is that the company failed to make a profit." Gompers was not too much interested in what industry did, but he was well aware that if there were no profits made by the employing concern, they could not employ more people at fair wages, but might even have to let some of the employees go. A firm on the brink of bankruptcy cannot pay fair wages, or guarantee the security of the folks working for them. It can be truthfully stated here that net profits of industry is far smaller than most people presume, after all expenses, taxes, donations and other matters are taken care of such as replacements in tools and machines. Actually net profits run between 5 and 6 percent, or some \$50. on each \$500 gross receipts. Just a small turn of the wheel of fortune, and in the red goes the employing concern. So, as Mr. Gompers stated, it is a crime for the boss not to show a profit for the sake of the

## Witch Way Will He Go Now?

men working for him, if for no other reason.

The Herald has a pressing invitation to attend a meeting of Texas Editorial Association to be held at Laredo, Nov. 15. We suppose the invitation is general among the newspaper fraternity of Texas, whether or not they belong to the association. The Herald does not belong. The invitation came from our good friend Arthur Lefevre, the managing vice-president of the association, and editor of Texaco Topics, official publication of The Texas Company. Not only will the editors cavort at Laredo, but across the river in Nuevo Laredo, Mexico, and down in the historical city of Monterrey, Mexico. Arthur didn't mention who was to put up the mazzooka for our trip down there, and the riotous living while down there. But Arthur likely draws a fine salary from the big oil company, while the Old He just works for the pleasure of working. Thanks anyway for the invite, and we enjoy reading TT. Especially do we enjoy looking at those big fish pictures they have, and although

three score and ten, some of the gal pictures Arthur runs look enticing.

The boys up at Washington in the swivel chairs tell us that we must all tighten our belts and get ready for some sacrifices as we prepare to get ready for World War II, or to prevent it by being prepared. Are the government men fully following this advice? Are they putting on any drastic cuts in government spending? If not, they are riding a good nation to a mighty hard fall. We, the people who are paying the taxes have already felt the heavy hand of increased taxes to take care of the preparedness plans to meet the aggressor nation any where in the world on equal or better terms. But it will not stop inflation to pile unnecessary and often wasteful spending on top of this great outlay of cash to rearm. Good Americans will not raise any rukus to prepare our nation to meet the worst, but they tired of having a lot of other nonessential spending by the government added to this. So, the people are demanding that federal spending, "as usual," must stop.

The Herald takes this means in congratulating Dr. Frank P. Miller and his personnel here, and at Lamesa, Seminole and Leveland, on the opening of the Five County Health Unit here. Especially is congratulations in order not only to Dr. Miller and personnel, but to the County Commissioners, the City Council of the city of Brownfield, and the State Health Department in making this beautiful new, well arranged health center possible. As the last issue of the publication stated, at this time some six new additions to the city of Brownfield are being opened, and it will be part of the business of the Center to aid in the control of environmental sanitation in these as well as other areas. Let us keep in mind that this is no hospital in any sense of the word, but will render sanitation advice and help in disease control, not only in Terry county, but in Dawson, Gaines, Yoakum and Hockley counties as well. In another way we may feel a pride in this center, as it is said to be the second finest in the State, the more costly one being at Corpus Christi. However, large cities like Houston, San Antonio, Dallas and Fort Worth may have from one to six such smaller health centers scattered over the city. But Texas as a whole is greatly deficient in such health centers. We believe there are only 62 in the 254 counties of this great state; entirely too few.

Just goes to show that even the generals don't always know what they are talking about when it comes to war. Two weeks ago, General Walker stated that "it is all over but the shouting," or words to that effect. A day or two later Gen. MacArthur added his dime's worth that the Red Koreans, were done as a fighting force. Now, news pours in from the northern section of Korea that portions of the ROK army are cut to pieces, and the same thing seems to be happening to some of the American units. From these reports, if any of the reports are to be believed, the Reds in that country, while few in numbers, are quite potent as fighters. Even after the fighting is over as far as standing up and punching is concerned, we believe there will be sniping and ambushing for months, perhaps years, in that God forsaken country.

Catherine Thompson of Wellman spent the week end with Charlsie DuBose.

Mr. and Mrs. W. A. Blair spent the week end with their son, Willard, and family at Platave.

## PATSY ANNE MOORE WINNER OF TRIP TO CHICAGO FOR CLUB ACHIEVEMENTS

Patsy Anne Moore, member of the Wellman 4-H club, is a winner of the Santa Fe educational trip to attend the National Club Congress in Chicago next month. There are 14 Santa Fe winners in the state of Texas. These young people were selected from their records of achievement in club work their participation in the community, county and state activities. These 14 were selected from about 60 contestants.

During her five years of club work, Patsy Anne has made a profit of \$360 from all her club investments. From her investments she has been able to pay for practically all of her clothing. She invested her money in chickens and livestock. During her second year in club work, she was one of the three winners in the talent club of the county. For her award, the Junior Chamber of Commerce in Brownfield give her \$25. The money was invested in a calf. The next fall, Patsy Anne had made the most of all three girls in her investment, and was awarded an additional \$25, by the Jaycees. By investing the money year by year, it has helped her to continue to increase her money.

This year she invested some of her money in 50 cross-breed chickens to raise for fryers. She raised 43 from which she cleared a total of \$40. She made money from these chickens and sold them dressed.

Another activity which helped Patsy Anne to win this trip, was her winning third place in the state dairy foods demonstration given during the state 4-H round up at College Station last June.

Patsy Anne has been a leader helping her club members at Wellman to learn to write their reports. She has held two training schools to help them. She has conducted the recreation and talent shows for the past two years.

A special assembly program will be held honoring Patsy Anne Friday morning at 9:30 when R. J. Coosh, agricultural agent for the Santa Fe will be present to award her a certificate.

The Texas delegation with the state club leaders will leave November 23 for Chicago. The

Panhandle and South Plains group will leave from Amarillo. Patsy Anne was the second girl in Terry county adjudged Gold Star Girl and the first to be awarded the trip to Chicago.

## GOMEZ GOSSIP

Miss Janice Dickson spent the week end visiting in the home of her uncle, Rev. Clay Guests and family at South Plains, Texas.

Alton Webb, L. H. King and Misses Verna King and Barbara Britton attended the Association hymn singing at Wilson Sunday afternoon.

Mrs. Doyle Mensch and children of Tahoka are visiting in the home of Mr. and Mrs. J. E. Evans.

Mr. and Mrs. A. V. Britton visited Sunday at Meadow in the home of Mr. and Mrs. Jesse Dalton.

T. S. Doss and daughters, Misses Winnie, Janie, and Maxine, and Miss Patricia Kelley visited at O'Donnell Sunday in the home of Mr. and Mrs. Addie Line.

Miss Ruth Thornton of Fort Worth was in charge of the associational Young Peoples Clinic, held at the Gomez Baptist church Friday. The members of local WMU served pie and drinks to visitors at the noon hour.

Rev. T. L. Tipp, pastor of Midway Baptist church near Lamesa has accepted the call of the Gomez Baptist church and will move here about Nov. 15.

## HUGH HULSE'S MOVING TO GRAND PRAIRIE

Hugh Hulse dropped in Saturday to say goodbye, as he and family are moving to Grand Prairie to make their home. Hugh informed us that he had a little daughter who cannot live in this altitude, and for that reason only the family was moving.

He also stated that as the Old He could never tell he and his brother, Lee, apart, maybe it would help matters with us. The Herald will go along to keep the Hulse family posted on old Terry.

The Hulse boys have the farm rented, and will remain here. We hope Lee and family all kinds of good luck in their new home.

## Early Day Minister Calls On the Herald

Those who were here about 1914 will remember Rev. and Mrs. J. B. McReynolds. He was then pastor of the Methodist church here, and lived in the little two room parsonage where Dr. Curtis' residence now stands. They had no children, and as the writer and wife both worked at the Herald office, then on the south side of the square, the minister and wife kept Jack Jr. about half the time in daytime.

When he called we were not in, but coking up at Nelson Pharmacy, where he joined us. We soon got to talking about the rivalry between Brownfield and Gomez, both about the same size, at that time, and in walked Lola Mae (Stapp) Waller, to get us to sign a paper, as we were about the only person handy that knew she was a Stapp. Anyway, we mentioned that she was a Gomezite to a fare-you-well. "Sure," says she. This rivalry was particularly pronounced between the school pupils, and on San Jacinto "run-away days" they would meet half way, play baseball and fight.

But back to Rev. Mack. His wife died suddenly one day while attending the ladies Auxiliary of the church at the J. T. May home. He informed us that he married his second wife and they reared a family of children. She died several years ago, and he is now living with his third wife.

Rev. Mack was a fine man, and had one eye that always showed a tear, and he was the butt of jokes by the gentry hereabouts, of being "weeping" somebody, that was a noted gunman about that time. He and wife were more than welcome in any home in Brownfield.

Old timers remembered that the day his wife died, he wished to be left alone with "the baby," (Jack Jr.) in the little parsonage—just they—in his great grief. His wishes were respected. Always maintained that he was going to make a Methodist preacher out of Jack Jr.

Joe Pete May, who teaches in the Nara Vista, N. M., school system, spent the week end with her mother, Mrs. Tom May, and other relatives.

THE UNITED NATIONS is in close contact with the people of the world, through work in the field as well as in its new headquarters. Here a group in Eritrea makes known its views on the future of that former Italian colony to representatives of the visiting U.N. Commission for Eritrea.

## CHALLIS NEWS

We had a wonderful service Sunday morning. Our pastor, Rev. Edwin Kettles, delivered the message.

Mr. and Mrs. W. J. Henderson, Mr. and Mrs. Judson Henderson, Mr. and Mrs. Morris Pate and children, Mrs. Charles Edwards and children of Ralls, and Elijah Henderson visited Mr. and Mrs. J. T. Henderson in Levelland Sunday.

Mrs. Andy Robertson and her mother left Monday for Abilene where mother will undergo surgery.

Mr. and Mrs. Wayne Mullins, sr. visited their son, Wayne, jr., and wife Saturday.

Melvin Carroll, Misses Cynthia and Evelyn Stevens visited in the L. R. Bagwell home Sunday.

Mr. and Mrs. Loyal Henson and Jerry have gone to visit her mother who has suffered a stroke. Mrs. Penny is in the hospital with a baby girl. We sincerely hope that she gets well soon.

Our church services in the evening will begin at 6:30 p.m. now. Everyone is invited to attend each service. Prayer meeting each Wednesday night begins at 7:30.

## Thinks Franco Has Right To Control Religion

Recently we had an article in these columns, taken from the Scottish Rite News Review concerning Franco's Spain. The burden of the article was against the recognition of Spain, followed by a big loan to that benighted country. The article mentioned the boycott of religion, except the Roman Catholic faith. A subscriber in the middle west wrote us recently about the article.

He stated that his letter was not for argument about the matter, but to give the other side of the matter. He enclosed a featured editorial article, by a Catholic priest, evidently, and in what we gathered was either a religious weekly or daily, judging by what appeared on the margin, or the reverse side.

The editorial in question stated that 98 per cent of the people of Spain were of the Catholic faith, and that the few Protestants could meet in their own places, providing they were "not seen or heard except by their own little crowd" or words to that effect. No parades or demonstrations. Fact is parades or demonstrations don't jibe with our idea of worship.

It also mentioned that Catholicism was the state-church of Spain, Lutheran the church-state in Sweden. According to our idea of Americanism, a Catholic church-state in Spain and Italy; Lutheran state-church in Sweden, Episcopal church-state in England, or a Christobemetharian church-state in west Texas are all repugnant.

The writer then mentions an incident against Catholics in a town not far from Brownfield a few years ago. We checked with a man reared over there, and he affirmed that the men who built the Catholic church were thrown in jail, and no services were allowed to be held. But whether or not this incident was caused from a combination of church-state measures, he was too small in

## Stricklinly Speaking

Robins have flocked into Brownfield by the dozens from somewhere. They seemed to appear all at once, and at once attacked the shrubbery around homes that have a red berry growing on the bushes, that we term the Santa Claus tree. The robins are fairly gentle.

But the "wimmen" are up in arms, as they like the shrubbery to maintain their berries till Christmas time, and some try to shoo the robins away. Personally we would not kill one the friendly little strangers on a bet.

That new Truman joke the street boys are telling here is a corker. The one about Harry wanting to throw a \$10 bill out of the hotel window to please some one. Then Mrs. T. suggested to give to please two souls, and Margaret suggested ten ones.

About this time the bell hop came in and suggested that Mr. Truman jump out himself and please everybody.

Speaking of pleasing some one, we nominate Rev. Bill Spreen as one of the friendliest guys in town. The pastor of the First Christian church is a big hunk of humanity, but all of it is made up of good nature and friendliness.

When the wife saw our notes on the above, she says, says she. "You can add that his wife is just as friendly as Bill." Well, alright, alright.

And a lot of the columnists as well as sensible people have begun to wonder why politicians think they are statesmen.

And while we are wondering about this, that and the other, a lot of us who are ready to snap into a religious argument at the "rop of the hat, know very well that ever came up here was with a small religious group that preached submission to Hitler and his crowd, when War II came up. War I vets didn't like their idea, and a few fist fights occurred over around the courthouse until the "submissionists" retreated.

We have learned our lesson from Dictators, such as Hitler, Mussolini, Stalin, Tito and Franco. This paper does not like their ilk, and it does not believe free America has a dime to loan such dictators. By the way, the writer mentioned above is a physician, but he can sign his name so that it can be read. But he might butcher a prescription just like the rest.

**CARD OF THANKS**

May we take this opportunity to thank everyone who extended to us such words of sympathy, deeds of kindness and beautiful flowers in the birth and death of our baby. May God's richest blessings be with you.

Mr. and Mrs. J. D. Oliver.

Mr. and Mrs. C. S. Carroll and Mr. and Mrs. J. C. Armstrong visited Mr. and Mrs. John Garner Sunday.

Mr. and Mrs. Sid Machen and daughter spent the week end with Mrs. Machen's sisters in Amarillo.

The Herald received a very nicely printed and withal a very interesting brochure recently. It gave the history of the advertising firm of Campbell-Ewald Co.,

who started out 40 years ago to sell the horseless carriage, when the old gas bus was really in its infancy, and a "furpiece" from what it is today.

For some 20 or 25 years the Herald has had orders from C-E Co., who handle Chevrolet advertising among a number of other products. There never has been the least ripple of trouble between us about accounts, and they've always paid off like a slot machine—only better and more often. The Herald salutes Campbell-Ewald Co. on their Fortieth anniversary.

A Boys Ranch publication editorial caught us this last issue. Back in 1939 when the Ranch was first started for wayward and homeless boys, a mother brought her son there and wanted to know if they could take and make anything out of him. The boy had curly red hair and freckled all over the exposed part of his physiology.

He had little to say while his mother complained that he "larned nothin'" at school, and stayed out all night." The boy made no reply until asked by the Supt. of the Ranch. "Well, she stays out all night herself." So we can see that child delinquency is often a two-way street.

Anyway this boy was taken in by the Ranch, and today is assistant manager of a large mercantile business at Philadelphia. He is highly respected, married, and has two curly headed sons of his own.

It all strated with a long, drawn out whistle—the wedding—we mean. And speaking over whistles and horns, reminds us that a salesman that used to make this town, calling on print shops. He showed us five different sounding horns and whistles on his car.

He had one very loud, shrill whistle that the salesman claimed he could stop every negro woman for three blocks down the street in a city.

## Fifteen New Cars Registered Last Week

Fifteen new cars were registered here last week all 50 models except one, a 51 model Mercury purchased by Mitchell F. Scott. Congratulations to the new car buyers, and don't try 'em to see how fast they will run. They are as follows:

Richard S. Bundell, Chevrolet; John Burnett, Ford; Lillie B. Crutcher, Chevrolet; Rudolph Gracey, Pontiac; Leo Holden, Ford; Joe Howell, Plymouth; C. W. James, Oldsmobile.

Carl Johnson, Chevrolet; Donald F. Karschner, Mercury; J. H. Messengill, Ford; Edgar Melcher, Mercury; Edsell W. Miller, Pontiac; Mitchell F. Scott, Mercury; Honolulu Oil Co., Oldsmobile; Service Equipment & Leasing Co., a Ford.

Mr. and Mrs. Truman DuBose visited relatives in Lubbock and Ralls over the week end.

When cashing a check, be sure of your endorser. Require identification.

## SURE SIGN of a SMART TRUCKER!

WHEN you see this gleaming GMC emblem on a rugged new truck, you know its owner is sitting pretty for years to come. For GMC's have a time-established reputation for long service with low maintenance cost—and with minimum down time for repairs.

That's because every GMC is a real truck—truck-built by the world's largest exclusive manufacturers of commercial vehicles. Every unit of every GMC, from grille to tail gate, is engineered for trucking service!

To find quick proof of this, just compare a GMC with any other truck before you buy. Compare engine, frame, transmission; compare cab, axles and springs—see how much extra value you get.

Or count how many new GMC's you see on the road—far more today than ever before. Then see your GMC dealer and let him give you the inside story that explains why so many cost-wise operators are switching to GMC's because experience proves them best in the long haul!

## A Stricklin Calls On The Herald

J. B. Stricklin, of Lubbock, counselor of the division of rehabilitation, state board of vocational education, was a pleasant caller at the Herald office, Tuesday of last week. Just checking up on us guys by the same name. Frankly we didn't think there was more than two dozen

Stricklins in the USA until some few years ago, when an old bachelor by that name who happened to own a lot of oil land down about Houston that made him a millionaire, died.

We had a letter about the matter, but threw it in a waste basket, as we did not think we could prove any kinship, but a picture of the crowd at a little county seat near Houston, showed there were hundreds, perhaps thousands of Stricklins on hand for

the divvy up. Right then we heard more about the name than ever before, as we had cared little about a family tree.

About 1800 four brothers by that name came over from England and purchased much land along the line of North and South Carolina. The name, Strickland is Scotch, and Stricklin, English. But most people who do not know, write us as Strickland. Just as it may, we have now met them that came into Texas via Georgia, Alabama or Illinois, but all of them were originally from that colony along the borders of the Carolinas. So, we're all kin up to about the 32nd cousin.

But back to J. B. Stricklin, of Lubbock. Appeared to be a real gentleman despite the name. His folks were originally from the Carolinas, said he'd call again, as he has 18 counties under his jurisdiction, and we'd have a longer jam session.

### DR. FRANK P. MILLER GETS APPOINTMENT

Dr. Frank P. Miller, director of the South Plains Health Unit was asked to accept appointment as Alternate Medical Director for District 6 of the Civil Defense and Disaster Relief program in Texas. This is under the Executive Order No. 1, state capitol at Austin. The state medical defense director is Dr. George W. Cox, state health officer of Texas.

Dr. Miller accepted this appointment September 16th.

Mr. and Mrs. Bob Packard of Greggston and Mr. and Mrs. Wendell Smith and family of Plainview, were weekend visitors in the home of Mr. and Mrs. Fred Smith.

Mr. and Mrs. R. B. Smith

### Observe Golden Wedding Anniversary

Pictured above are Mr. and Mrs. R. B. Smith, who celebrated their golden wedding anniversary Oct. 14, in their home near Brownfield.

They were married in Abilene by Bro. J. T. Holland in 1910. Mr. Smith celebrated his 71st birthday Oct. 14.

Over 100 guests registered during the afternoon in a hand decorated book. Three granddaughters, Misses Effie Wheatley, Beverly Bryant and Patty Davis and a friend, Miss Patsy Laster presided in the serving room.

Mr. and Mrs. Smith had seven children and their families present. The children were Fletcher of Brownfield, Reeves of Midland, Mrs. Jewell Bryant of Artesia, N. M., Mrs. Cassie Wheatley of Brownfield, Mrs. Velma Moody of Odessa, and Mrs. Alice Ford of Dallas. They have 12 grandchildren and two great-grandchildren, who were all present.

Many lovely gifts were displayed. There were several out of town visitors, including four sisters of Mr. Smith.

Mr. and Mrs. Smith have been engaged in farming in Terry county for 20 years. The last few years, most of the farm work has been transferred to their son, Fletcher, who lives at home.

### VFW To Aid Warm Springs Foundation

With full approval of its governing body, the Department of Texas, Veterans of Foreign Wars of the United States has launched a state wide fund raising campaign for the Gonzales Warm Springs Foundation, the state's own treatment center for victims of polio and other crippling diseases.

Although the 400-odd VFW posts in the state have been serving their home communities well through leadership and sponsorship of projects that have made their home towns and cities better places in which to live, this is the first time the state organization has taken on the sponsorship of a program that will benefit all Texans.

In commenting on the VFW campaign for the Gonzales Foundation, Gov. Allan Shivers made the following statement:

"I highly commend the Department of Texas, Veterans of Foreign Wars, for undertaking a state wide fund raising campaign on behalf of the Gonzales Warm Springs Foundation. As honorary chairman of the Foundation, I express official appreciation to the VFW. As a citizen of Texas, I commend the VFW. As a member of the VFW, I am proud to belong to the organization that is sponsoring such an unselfish and humanitarian program."

Frosty Earnest was over from Plains last week shopping among the merchants here.

### Cowtown To Gain 2700 New Citizens

Fort Worth will gain 2,700 new citizens within the next two weeks, honorary citizens, that is.

That many Texas Baptist pastors are to be made honorary citizens by Mayor Edgar Deen. Every Texas Baptist pastor will receive from Mayor Deen an invitation to the Baptist General Convention of Texas, Nov. 7-9, and a card making him an honorary citizen of Fort Worth.

The honorary citizen idea is

designed to get more of the smaller churches of the denomination represented in the convention than ever before.

The convention in Fort Worth will offer, for the first time in a number of years, adequate seating space for a large attendance. Sessions are to be held in the Will Rogers Memorial Coliseum, which will have seats for more than 10,000.

Mesdames Money Price, Mon Telford, Bit Copeland and Leo Holmes were visitors in Dallas last week end. They visited Miss Betty Holmes, a student of SMU.

## Want a ride that's "out of this world"?

## Better Buy Buick!

Want to be free from that nervous tensing up for a jolt every time a rough spot looms in the road ahead?

Want to enjoy the relaxing feel of a sure-footed car beneath you, that stays level even when the road doesn't?

Well, sir, ease into a Buick and see how such matters are cared for.

See what a wonderful difference in level buoyancy coil springs can make when you have them on all four

wheels, not just the front ones.

Note what firm and solid steadiness is yours when a full-length torque-tube drive is your keel—how smoothly you stay on course when the rear wheels can't help but run true.

See what big, low-pressure tires and Buick's wide rims can do to pillow your course without jounce or sway.

In other words, sample this two-ton beauty for over-all stance and balance

—and the cradling comfort of its roomy interiors.

And while you're at it, get the very special thrill of its mighty Fireball power plant, plus the free-as-a-bird-in-flight bliss of its Dynaflo Drive.\*

It's an experience that you owe yourself—and it's yours for the asking. The thing to do is get in touch with your Buick dealer—and discover the ride that only Buick owners know.

The Jessie G. Randal School has 251 more students than can be taught successfully with present facilities. Including the children in the cafeteria building the total number of excess children is 468. New students are enrolling at the rate of 25 to 45 per week. We have drinking facilities and rest room facilities for less than one-half the present enrollment. This can only result in a substandard educational program which imperils the future of our children. We have the faculty that can give our children the training we want them to have, but existing conditions make the job impossible.

A cafeteria is part of the modern training program. We have the building, but we have 217 children in it in six classrooms. This is not a wholesome situation, but it is better than the one-half day program that was in effect before the cafeteria building was completed.

If the people of Brownfield want their children to have the training they justly deserve (and I know the majority do), then we need to look ahead and provide the physical facilities that are necessary for an adequate training program.

Brownfield, Texas

The enrollment of West Ward School has increased more than 100 pupils over that of last year. One grade has an average enrollment of 40 pupils per section. One section has an enrollment of 46 pupils. Some of the other classrooms were equipped for 30 pupils but because of a large enrollment these rooms have as many as 40 pupils in them.

There is not at present classroom space available to add teachers to alleviate these crowded conditions; thus the pupils are deprived to some extent of adequate educational entitlements.

Though the present faculty is well qualified, the crowded conditions prevent these teachers from giving individuals instruction which is necessary for pupils on the elementary grade level.

Two years ago several classes were on half-day schedule. Since that time our enrollment has increased about 380 students and is now increasing about 30 to 45 per week. The temporary rooms now being used in our cafeteria building have been for emergency use only and should be vacated for a cafeteria.

Our new high school building will help but will be about three years late.

I'm not sure that our proposal is enough but it is the fastest, most economical and most practical way to get relief at this time. If the issue fails I anticipate a serious crowded condition again next fall.

I shall go on record saying that the school board and our superintendent, Mr. Cowan, who represents the good citizens of Brownfield are very progressive minded. They will do their utmost to elevate education in this community. They are also striving to make Brownfield schools second to none.

Wholesome living cannot be learned from pouring over books in ill-equipped, crowded and run down school buildings. Every individual needs favorable conditions in which to work, study and play. If we are to meet and serve the interest and needs of our community, we must provide adequate school facilities that will meet the emotional, physical and mental needs of the child.

S. P. COWAN, Superintendent  
Brownfield, Texas  
October 26, 1950

We have made a study of our school facilities and find that our school is growing much faster than we have provided. It seems that most of the schools in West Texas have been from one to three years behind with their building programs.

Considerable injustice has already been imposed upon our children because of inadequate facilities. Therefore we would like to urge every patron and taxpayer to give serious consideration to this issue.

Respectfully,  
Board of School Trustees

We are either going forward or backward—we cannot stand still. We all know how costly "too little" and "too late" can be. Our school cannot advance with inadequate facilities.
