

The Terry County Herald

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

The Herald has grown with this section from strictly a ranch country. This area now consists of thriving towns and cities, supported by scientific farming and stock raising, augmented by huge oil fields, with the nation's largest known oil reserves.

Best Advertising Medium

The Herald subscription list is a splendid blend of town and rural readers, folks who can and do pay for their papers—they do not ask or want it donated to them. Many 30 and 40 year continuous subscriptions.

VOLUME 46

BROWNFIELD, TEXAS, FRIDAY, JANUARY 12, 1951

NUMBER 25

Safety Campaign To Be Launched In City

With the growth, both in size and population, of Brownfield within recent months, a growth in traffic problems has also been noted. Therefore, this week Mayor C. C. Primm, the city council, and the city police department have announced that a safety campaign within the city, will be launched, full-scale.

Mayor Primm said that, over a 30 day period ending January 1, records show that there has been an average of one automobile accident in Brownfield each eight hours. He added that, although the accidents were not of a particularly serious nature, it has cost motorists hundreds of dollars in repairs. Traffic accidents in Brownfield last year totaled a cost of more than \$100,000. "The miracle of the matter is," Primm said, "that some innocent persons have not been killed or permanently injured as a result of 'petty' traffic violations, such as failing to stop at stop signs, running red lights, etc."

Within the past few months, more men have been added to the

police force here. They are Bill Morgan, former announcer at the radio station; Spencer Kuykendall, former member of the Kermit force; and E. A. Bartley.

"The object of adding more men to our force, is not to be able to see how many traffic tickets we can give motorists, but to make Brownfield a safe town, as well as a good town," the mayor said.

In making the statement to the press, Primm pointed out the fact that the campaign could not be successful without the cooperation of the public. He said, however, that generally the persons who received tickets for traffic violations felt that the campaign will be "good for the town."

"It is important that the individual motorists realize that, in driving safely, the life he saves may be his own," a member of the police force said.

The mayor, the council, and the police force ask the full co-operation, and invite helpful suggestions of the people of Brownfield in making this a safe city in which to drive . . . and live.

GRAND PREMIERE TODAY... New Piggly Wiggly Super Market

The new Piggly Wiggly Super Store, located just north of the post office, is being formally opened today and tomorrow.

The new Piggly Wiggly Super Store, located at 415 West Hill, will have its grand premiere today and Saturday, January 12 and 13, according to Davis and Humphries owners and operators of the store. This modern self-service Super Store, just across north from the Post office, is an all new replacement for the firm's present location and facilities.

V. L. (Pat) Patterson has been store manager of the Piggly Wiggly store in Brownfield for 14 years. Market Manager John Bost has held that position for ten years. All the personnel invite the public to visit the new quarters of the Piggly Wiggly super store today and tomorrow.

Brownfield's new Piggly Wiggly store is the city's largest, measuring 90x140 feet, with 13,500 square feet of self-service space, and is bordered by a huge block long parking lot.

To mark the grand opening, the management and staff of the store have arranged a series of special activities. One hundred free bags of groceries will be given away, ten each at the following: Friday and Saturday times: 9 and 11 a. m., and 2:30, 5, and 7 p. m. The public is invited to register without obligation for

containing 13,650 square feet, the new store is one of the most modern in West Texas. V. L. (Pat) Patterson is manager.

large cutting and packaging room. This room has its own air-conditioning system, to maintain both the packaging materials and the meats at the same uniform 45 degree temperature. Buzzers on the case are installed so that customers may call the butchers for special meat cuts not displayed.

Store directories, giving exact locations of the store, are fastened to the easy pushing shopping carts.

Instead of using volumes of water only once for cooling the refrigerating compressors, water will be conserved by the installation of two large cooling towers. The water will be used, cooled, and recirculated as a special water saving measure.

The new store has six speedy check-out booths, and a self-contained department for specialty foods.

Piggly Wiggly owners in Brownfield are Davis and Humphries, with general offices in Lubbock. This firm operates sixteen other Piggly Wiggly stores in the area, in Lubbock, Floydada, Big Spring, Slaton, Post, Littlefield, Levelland, Muleshoe and these grocery awards. Ten pound bags of Imperial pure cane sugar Andrews. They are also the owners and operators of D & H Super Markets in Tahoka and Snyder.

W. E. (Bill) Humphries, president, and J. M. Davis, vice president, have pioneered in the West Texas grocery business. Their partnership in Davis and Humphries, Inc., began over 44 years ago in East Texas. They came to West Texas 26 years ago, opening their first Piggly Wiggly in Lubbock. Brownfield's new Piggly Wiggly Super Store is the climax of the firm's service to the city and area.

On Friday and Saturday, Maryland Club coffee and Sunshine cookies will be served to all who visit the new Piggly Wiggly store.

Personnel of the new store includes: Joe Hamilton, assistant manager; Leo Hodges, assistant market manager; Windell Whisenant, produce manager; and Doyle Bradley, Coleman Sons, Clyde Lewis, Oscar Freeman, Delbert Bradley, Dale Johnson, Mrs. Ruth Sharp, Mrs. Olevea Richardson, Mrs. Marjean Carruth, Jerry Brown, Dewey Lindsey, Charles Phillips, Lewton Jeter, James Ervin, Joe Sharp, Gene Phillips, Orville Miller, Joe Auburg, and Max Proffitt.

1951 March Of Dimes Drive Opens Monday

"When will we be able to stop infantile paralysis?" This is the cry in every parent's heart. Some day it will be answered, by scientists now striving to unravel the secrets of this disease. Our dimes will help.

Our dimes will help. The award was given in memory of Conrad Vernon, Jr., former president of the Brownfield Jaycees, who was a victim of bulbar polio in August.

Monday morning, members of the Jaycees, and other workers, will place coin receptacles in the shape of miniature iron lungs, in businesses in Brownfield and surrounding communities, as well as in Yoakum county.

It takes money to fight polio. Dimes at work in Texas have totaled \$5,155,824 to date. Join the March Of Dimes for '51.

Jack Bailey is chairman of the two-county chapter of the National Foundation for Infantile Paralysis, and J. O. Gillham is treasurer.

Roberson, Crawford Taylor, Sid McIntosh, C. W. Denison, Mrs. Harold Crites, Mrs. Sam Pruitt, Mrs. Jack Bailey, and Bell.

The Brownfield Junior Chamber of Commerce, of which Denison is president, has pledged 100 per cent support in the 1951 drive. The Texas Junior Chamber of Commerce is offering the Conrad Vernon, Jr. trophy to the state Jaycee organization raising the largest amount of money during the polio fund drive. The award was given in memory of Conrad Vernon, Jr., former president of the Brownfield Jaycees, who was a victim of bulbar polio in August.

CHAMBER OF COMMERCE CONDUCTING SURVEYS IN INTEREST OF CITY

The Brownfield Chamber of Commerce, in upholding its program to promote the economic, civic, and social welfare of the people of Brownfield and Terry County, is conducting a series of surveys in the city and county.

Copies of the local bulletin will be mailed out to various boxholders in the city and county in the near future, according to Wayne (Red) Smith, manager of the Brownfield Chamber of Commerce. In the bulletin is a page entitled "Don't Forget". Persons receiving the bulletin are asked to read it carefully and return it to Smith's office.

Questions on the blank concern the public opinion for a program for the chamber in 1951.

In another survey being conducted, the chamber is aiming at improving shopping conditions in Brownfield. Questionnaires are being mailed to certain local and rural boxholders, as well as in surrounding towns, giving persons in the outlying districts a chance to offer suggestions to better shopping conditions in Brownfield.

Smith said that since every boxholder will not receive a questionnaire, any person who can offer helpful suggestions concerning shopping conditions in Brownfield may feel free to send those suggestions to box 152, Brownfield.

After all questionnaires and other suggestions are received by the local office, Smith said the data will be compiled and given to each merchant.

Less Than Half The 1949 Cotton Crop

We can now begin to see what went with the 1950 cotton crop that was evidently in sight before the severe early November freeze. At that time it looked like we would get at least 45,000 bales from the 110,000 acres planted and saved. This is about 1/2 bale per acre.

County Agent Jim Foy reports that only 38,047 bales were ginned up to Dec. 1, and he thinks perhaps 38,000 bales will be scraped up in the final window. This compares with some 81,000 bales produced last year. However the acreage in 1949 was some 200,000.

Most of the farmers are scraping up as close as possible. One farmer told us that some of the area gins were turning out stuff that looked more like buffuzz than cotton.

He himself had sold some cotton last week, a bit better perhaps, for better than 37c per pound.

HEDGCOTH RITES HELD IN LUBBOCK

Last rites were held in Lubbock December 31 for Eddie Hedgcoth, who was killed the previous Thursday night when he was caught between two cars on the Tahoka highway, just inside the city limits.

Burial was in the Tech Memorial cemetery, under the direction of Brownfield Funeral Home.

Hedgcoth, who was employed as weigher for Goodpasture Grain and Milling company at the time of his death, is survived by his wife, three children, five sisters and five brothers.

Furr's Store Will Soon Be Back Again

With pretty weather most of this week, the walls of the burned out part of Furr's grocery and market at Fifth and Cardwell will be finished, and workmen will start the job re-roofing the building. The floor was not badly hurt by the destructive fire early in December.

We feel sure that good luck with them, they will be in position to get into their new building again some time in February at least, if not sooner. The firm is badly handicapped by being crowded in their present location, and naturally are anxious to be back in their large quarters and in their own building.

They were indeed fortunate in being able to salvage as much of the old building as they did. We shall all rejoice with them when they get back into their new location or rather new-old location.

ACCIDENT VICTIM IN VA HOSPITAL

Newton B. Seymour, 25 year old Shamrock man who was seriously injured in an automobile accident near Plains last week, was taken to the government hospital in Amarillo last week in a Brownfield Funeral Home ambulance.

Seymour received a brain concussion and other injuries when his car overturned after he hit a soft shoulder off the highway west of Plains. He had been treated in the local hospital until his removal to Amarillo.

Telephone Expansion Nearing Completion

Expansion plans announced by the Southwestern Associated Telephone Company early in 1950 and revised last fall due to increased activity, are nearing completion. New cables have been placed in many sections of town, and quite a number of former cables have been replaced with new cables of larger size. Switchboard equipment in the central office has already been expanded over 50 percent, and work is nearing completion on the second phase of the switchboard expansion project. When the present work is completed, switchboard operating facilities will have been increased 100 percent in less than a year.

Many new long distance lines have already been added, and additional equipment is now arriving for further increase in long distance facilities. In the next few days work will be started on the installation of long distance carrier systems in this section of the country. A carrier system is a complicated equipment arrangement whereby additional long distance lines can be installed in some cases without the necessity of additional copper wires along the route of long distance lines. Actually, it is a radio-like arrangement where the voice channels hitch-hike a ride on existing wires. The new system, to be installed between Brownfield and Lubbock, is arranged for twelve (12) long distance lines. Installation is expected to be completed late in February or early in March 1951.

Mills Roberts, District Manager for the Company, said that new telephone connections were being made at a rapid pace and that he estimated there would be more than 1900 telephones in service by February 21, 1951, when the new telephone directory is delivered. Almost 400 new telephones were added to the system during 1950.

In commenting on Brownfield's telephone growth, Roberts said that there were only 563 telephones in service on January 1, 1945, less than 1/2 of the present number. He further stated that when the present projects were completed early this year, there would be 12 switchboard operating positions as compared to 3 on January 1, 1945, an increase of 300 percent in operating capacity. There will be 35 long distance circuits in use by April 1, 1951, as compared to 12 on January 1, 1945, an increase of almost 200 percent.

"We are proud of the telephone growth at Brownfield," Roberts said, "and are exerting every effort to keep up with the present rapid growth being caused by the oil development. We are confident that further improvement in the speed of long distance calls will result from the additional switchboards and long distance facilities now being installed." Roberts went on to express his appreciation to the Chamber of Commerce and especially to A. M. Muldrow and Wayne (Red) Smith for their assistance in the recent expansion program. He also expressed the appreciation of the employees and the Company for the understanding shown by telephone users regarding the problems with which the Company was and had been faced in providing enough service for all who wanted it. It has been very difficult in the past years to decide between the connections of new subscribers when we know that such connections would cause an overload on the available operating and long distance facilities and asking them to wait until additional switchboards and long distance lines could be added.

Roberts said that negotiations were underway to lease space for business office operations in order to relieve overcrowded conditions in the present telephone building and to make more working space available for operators as well as equipment space. The new business office quarters are now under construction and are due for completion in the next 30 days. Roberts believes that transfer of business office operations will be accomplished in February.

Dolores Ramsey is chief day operator of the local telephone office, and Faye Smith is chief night operator.

We see that Editor Forrest Weimbold of the Hockley County Herald and Sun-News, Levelland, is offering his Morton Tribune for sale. The Tribune is a good paper with a good agricultural and oil producing section to draw from. Presently the Tribune has no competition. A good buy for some one wanting a good south plains weekly.

A Little Of Everything Happened To Us

Sometimes it seems that all the bad luck, if there is such an animal, has to all be rolled in during the period of one week. That's exactly what happened at this in station last week. We had a short paper, shy of news, but were lucky to get out one that size. It was just one of them things.

First off, our linotype walked out on us without a howdy-do or fare-you-well. After these birds reach a certain age, they seem to develop that trait called "temperament" like movie people are supposed to be afflicted. This is especially true if they like their toddy pretty well.

Then, all the things in the book happened to the old Mergenthaler. But by spending many hours last week, and again several hours Sunday with no interruptions, the Junior member of the firm seems to have the trouble about under control—we hope.

And a company machinist—they call them engineers now—will be here soon to give the old Merg. a thorough going over.

C OF C ADDS FOUR NEW MEMBERS

Four new members have been added to the Brownfield Chamber of Commerce roster as of January 1, according to information received from Wayne (Red) Smith, chamber manager.

The new members are Brownfield Printing company, Ralph Bynum, owner; Frank Daniels Electric Company; Joe Shelton, postmaster; and HEB Construction Company, Al Hilbrun, district manager.

SANTA FE CARLOADINGS

Santa Fe carloadings for week ending December 30, 1950 were 18,977 compared with 16,251 for same week in 1949. Cars received from connections totaled 11,018 compared with 8,241 for same week in 1949. Total cars moved were 29,995 compared with 24,492 for same week in 1949.

Santa Fe handled a total of 37,639 cars in preceding week in 1950.

More Than 6 Million Gain In Deposits

We have figured more ways than a farmer can whip a mule what has become of our share of the big bank deposit gain, but we are still figuring and getting nowhere in particular. But it is here. Figures don't lie, they say. Of course if one will just cut off some five or six figures from the total, it begins to look like our pile.

But folks, we are glad that somebody made some money last year. We figure that if the way gets to real hard going, there might be a chance to cash in for a few simoleans. Anyway the two banks here just missed 20 million dollars by a mere \$123,469.23.

Here is the figures in the December 31st call, as we are publishing this week. This of course is the combined figures for the Brownfield State National Bank and Trust Co., and The First National Bank. We hope you go over both statements carefully, however:

Assets	\$20,724,018.51
Loans and Discounts	5,484,270.77
Cash and due	
from banks	7,654,577.05
Deposits	19,876,530.72

A comparative statement as of December 31, 1949, we have the following figures:

Assets	\$14,341,898.76
Deposits	13,729,089.85
Loans	7,783,005.92

You will note that the loans were higher last year than this. The preparation of this statement was just barely over when the call was made a year ago. As to the increased deposits, you may safely credit a lot of that to OIL.

'50 Building Permits Pass 2 Million Mark

The past week the Herald received a new list of the members of the Brownfield Chamber of Commerce from the Manager, Wayne (Red) Smith, in going over the list we noted that not a few of them were not even residents of the city a few months or weeks ago. But most of the new folks are being added soon after their location here.

The exact number at that time was 196, but we know of enough almost to pass the 200 mark since that time. In the latest Bulletin of that organization, we are told that a conservative estimate is that 2,200 new people have moved to Brownfield since the oil play started.

Building Permits Soar In 1950

The building permits for 1950 was \$2,117,225.00, City Clerk Bill Aschenbeck reported. This does not take into consideration that field, and one company plans to build outside of the city limits, and perhaps was not counted in the total. The postal receipts shows quite a gain also, but a large part of it was made the last four or five months of the year. Building permits were larger than in Brownfield, several times larger than Brownfield.

We have it from good authority that we are really just getting in a growing way, and that 1951 will be the big year, if building materials can be secured. This applies especially to many cities, several times larger than Brownfield.

It behoves us older residents of the city to be constantly on our toes to be nice to these new folks. This applies especially to clerks, waitresses and other employees. Let's make them glad they came to Brownfield.

Meeting Of Dairy Men Set Tuesday

About 25 persons attended a meeting held in the county court room January 9 for the purpose of organizing an artificial breeding program for dairy men in Terry County, according to information received from Jim Foy, county agent.

Speaker at the meeting was Coy Neely, associated professor at Texas Technological college in charge of the artificial breeding program there.

Foy said that 9 dairy men offered 300 dairy cows for the program but that 200 more are necessary to introduce the program in this county. County dairy men who offered the cows were B. Y. Howze, James Burnett, Warren Orr, James King, Raymond Green, C. D. Adams, C. C. Tyler, R. B. Bevers, and Boyce Verner.

Another meeting will be held at 7:30 p. m. Tuesday, January 9, in the county court room, Foy said. All county dairy men who are interested in the program are urged to attend.

RELATIVES VISITED MR. & MRS. BURNETT

Visitors in the home of Mr. and Mrs. Jim Burnett Christmas and through New Year's Day were their children and his sister and brother.

Present were their daughter, Mrs. Homer Newman, Mr. Newman and two girls, all of Oklahoma City; their son, E. W. Burnett, and family of Livingston, Calif.; their son, Walter Dee Burnett and Mrs. Burnett of Illinois, Mass.; his sister, Mrs. Albert Jones and Mr. Jones, of Vernon; and his brother, Charlie Burnett and family of Plainview.

Oil News Generally Good In Area

On Wednesday, January 10, 1951, just fifty years ago, old Spindletop, near Beaumont, Texas blew in as a gusher. And those were the good old days when they just let 'em gush. What was a little oil between friends anyway. But today, it is different. No gushing or waste of oil is allowed if possible—not a drop.

But that was a sensation not only in Texas, but throughout the USA. People from everywhere rushed in to see this oil sensation, and to buy leases or royalty, or even to drill. Beaumont on that day ceased to be a sleepy gulf coast community center, and became overnight a great oil metropolis. It now has around 100,000 people, with another city in Jefferson county, Port Arthur, almost as large.

Back in Terry, there has been several new locations made since our last report, two in the Wellman area, two in the South Brownfield pool, and one or two in the North Adair deep pool. Also a deep wildcat projected near Meadow.

Two good wells in the Wellman pool have been finished or near completion, both with around 2000 barrel production, as far as is known now.

Having reached a new year, we expect the oil people will really turn themselves loose.

Support The March Of Dimes

Two County Boys Receive Heifers

Two Terry county club boys have received Jersey heifers under the Terry County registered Jersey heifer program for 4-H and 4-F club boys.

Dixon Latham received a heifer from Latham Dry Goods company, and Wesley Britton of Gomez received a heifer from Coy Marony.

Revival At Church Begins January 14

Rev. Henry G. Spraggins, Fort Worth Evangelist, will begin a revival meeting at the First Baptist Church here, beginning Sunday morning, January 14.

Morning services will begin daily at 10 a. m., with the exception of Sunday, when the service will begin at 11 a. m. Night services will begin at 7:30 p. m.

The Rev. Spraggins, former Houston oil man, is a graduate of Howard Payne college and attended the Southwestern Baptist Seminary at Fort Worth. He is a veteran of World War II, having served as a chaplain with the 90th Infantry Division in Patton's Third Army in four major European operations.

Everyone is cordially invited to attend the revival meeting.

THANKS EMPLOYEES OF CITY FOR HELP

V. L. (Pat) Patterson, manager of Piggly Wiggly Super Store, would like to thank all the city employees for their help and co-operation during the move from the old location to the new store site on Mill Street, north of the post office.

Young Man Of Year To Be Named Mon.

The identity of Brownfield's young man of the year will be disclosed at the annual Junior Chamber of Commerce banquet to be held Monday, January 15 at 7:30 p. m. at the Esquire Restaurant. The outstanding young man in Brownfield is chosen each year by a special committee and given an award, on the basis of service to his community, each year at the banquet.

Main speaker at the banquet will be Bill McDaniell, president of the state Jaycees. Special guest will be Ralph Krebs of Lubbock, vice president of the state organization. Ruth Hucksabee will furnish music during the banquet.

John J. Kendrick, last year's outstanding young man and winner of the award, will act as master of ceremonies.

C. W. Denison is president of the local Jaycees.

CARS STILL GOING LIKE HOT CAKES

Twenty-three of our citizens registered new cars week ending January 6th. The new '51 models predominated, there being 16 of them and only 7 of the 1950 models. The sales of various makes are follows:

Oldsmobiles 3, Chevrolet 7, Fords 4, Mercury 1, Plymouth 2, Chrysler 1, Dodge 1, Studebaker 1, and Pontiac 1.

The Terry County Herald

GEE GEE PRIVITT, Society Editor

Gee Gee's Chit Chat

Old Gee Gee sort of got lost in the shuffle last week. Went to El Paso to the Sun Bowl Game... I think.

Much going on this week, kids. First came Dollar Day, which evidently turned out okay. Mary Dee and I got stomped several times Monday for our efforts to get into some of the stores. It means a lot, though, to know that people in Brownfield spend their money... or most of it, anyway... here at home.

Well, the old Redhead at the Chamber of Commerce office has another turn under his tail, and is ramrodding several different little projects in the city and county. For one thing, the c of c is taking a poll throughout the county, in an effort to find out why people do or do not shop in Brownfield and all those gory details. For another thing, plans are going great guns for the annual c of c banquet to be held February 15. For another thing, he's raising the 'devil about' all of us gullible souls being taken in by various and sundry door-to-door salesmen, who are trying to sell you everything from gold bricks on up and down. Which, I guess, is okay to a certain extent. However, these people are supposed to carry a letter from the chamber of commerce, permitting them to peddle their wares. If traveling salesmen bother you like they do yours truly, you'll demand to see their letter and if they don't have one, you'll send them packing. Any person not having a letter to show you which shows that the chamber of commerce gives them its blessing, should be reported to the c of c office.

Today marks the opening of the new Piggly Wiggly Super store in its new location just north of the post office. Although we hate to lose them as our neighbors, it's nice to see such a swell bunch take another step forward in the progress of Brownfield and Terry county. I've had a sneak preview

of the new building and WOW for all the details concerning the grand opening of the new Piggly Wiggly, consult their big four page spread in this issue of the Herald.

And big congratulations to V. L. (Pat) Patterson, all his staff, and to Davis & Humphries on their fine achievement.

Two big events are on the slate for Monday. For one thing, the Junior Chamber of Commerce will make their annual award to the "Young Man of the Year" in Brownfield. The award is made on the basis of the young man's service to the community, according to C. W. Denison, president of the Jaycees.

Also on Monday, the March of Dimes polio fund campaign begins in Brownfield. Milton Bell is chairman of the drive for Terry and Yoakum counties, and has high hopes of going over the top this year. The Jaycees of Brownfield will be "100 percent in line with the drive", according to Denison, in an effort to win the Conrad Vernon, Jr. trophy, which will be presented by the Texas Jaycees to the Jaycee organization in Texas raising the largest amount of money for the March of Dimes. The trophy is being presented as a memorial to Vernon, who died of bulbar polio last August. At the time of his death, he was president of the Brownfield Jaycees.

To all of us who knew Conrad, his loss was one of the greatest blows to the entire community. And to all of us who know the cause of his death, we cannot turn our backs on so great a cause as this drive for funds to continue the search for a cause and cure for polio. Polio is one of the nation's greatest killers... striking old and young alike. Let's get behind this drive 100 percent. Your dime may mean the difference between life and death for one of our loved ones... or for you.

Donmeyer Wartes Vows December 28

Miss Gwendolyn Donmeyer, daughter of Mr. and Mrs. Glen D. Donmeyer of Kalamazoo, Mich., and Cpl. T. A. Wartes, Jr., son of Mr. and Mrs. T. A. Wartes of Brownfield, were married December 28 at 8 o'clock in the evening in the home of the bridegroom's parents at 411 Tahoka Road. Rev. Fred Stumpp, pastor of the First Baptist church, officiated for the double ring ceremony.

Traditional wedding music was offered by Mrs. C. H. Bush, Jr., sister of the groom. She also offered "Because", "I Love You Truly" and "To Each His Own."

Miss Beverly Wartes, sister of the groom, served as maid of honor, and Bill Wartes acted as his brother's best man. Other attendants included Betty Holmes of Brownfield, and Jim Singleton of Seagraves, who lighted the candles.

The bride wore a gown of white slipper satin with a train, and a finger-tip veil with a headpiece of braided satin with seed pearls. She carried a bouquet of baby orchids on a white ribbon.

The dress of Miss Wartes was of rose satin, and she carried an arm bouquet of a dozen yellow roses.

A reception was held immediately following the ceremony in the Wartes home. A three-tiered wedding cake decorated with a miniature bride and groom, was served with coffee to 30 guests.

Following a wedding trip to points in New Mexico, the couple will be at home in Kalamazoo, Mich. For traveling, Mrs. Wartes wore a grey suit with matching gloves and bag. She is a graduate of the Three Rivers, Mich. high school, and St. Camella's School of Nursing. She is employed as nurse in the Michigan State Hospital at Kalamazoo.

The groom is a graduate of the Brownfield high school, and attended Texas Tech in Lubbock for two years. He is now stationed at Fort Custer, Michigan, where he serves as battalion mail clerk for the 79th AAA Gun Battalion.

Eicke-Moore Vows Read In New Mexico

Miss Mary Moore, daughter of Mr. and Mrs. Tom H. Moore of O'Donnell, and Jack H. Eicke, son of Mr. and Mrs. E. N. Eicke of Brownfield, were married recently in Las Cruces, N. M.

The marriage was performed in the home of the bridegroom's sister, Mrs. Robert Williams, with the pastor of the First Baptist Church in Las Cruces officiating at the double ring ceremony.

Mrs. Williams was matron of honor, and her husband was best man. Other guests at the wedding were Mr. and Mrs. Delbert Seabold, III, sister of the groom.

The bride wore a honey beige suit with brown accessories and an orchid corsage. She wore her grandmother's wedding band.

After a wedding trip to old Mexico, the couple is at home in Brownfield where he is associated with his father in a house moving business.

Proctors Observe 39th Anniversary

Mr. and Mrs. E. E. Proctor celebrated their 39th wedding anniversary Christmas Day with all eleven of their children present. The affair was held in their home ten miles northwest of Brownfield.

Attending were: Mrs. Thelma Welch and family of London, Tex.; Mrs. Maryne Dubose and family of Wellman; T. J. Proctor and family of Brownfield; Leon (Mutt) Proctor and family of Brownfield; Mrs. Carrie Mae Owens and family of Lamesa; Mr. and Mrs. Doyal Proctor of Brownfield; Mrs. Waneta Freeformed December 22, at 8 o'clock man and family of Eunice, N. M.; Mrs. Flossie Edwards and family, both of Brownfield; Bill Proctor of Lovington, N. M.; and Lee Proctor of Brownfield.

Twenty grandchildren and one great-grandchild also attended, including Mr. and Mrs. Don Wimberly and son, Donnie, of Uvalde, Texas.

Recent Newlyweds To Live In City

New residents of Brownfield are Mr. and Mrs. Howard Duane Stalleup, who were married recently in Nocona. She is the former Miss Linda Lou Lindsay, daughter of Mr. and Mrs. John Lindsay of Nocona, and he is the son of Mr. and Mrs. S. B. Stalleup of Nocona.

The marriage was performed in the First Baptist Church, with Rev. A. L. Leake of Fayetteville, Ark., officiating.

Given in marriage by her father, the bride wore a slipper satin ballerina length dress of champagne pink with fitted bodice and sleeves tapering to points over the hands. Her matching satin cloche held a veil of illusion, and she carried gardenias surrounded by valley lilies.

The couple is at home in Brownfield, where he is employed with Hughes Tool Co.

Former Resident To Marry February 4th

Mrs. Corinne Vest of Littlefield is announcing the engagement and approaching marriage of her daughter, Miss Martha Ann Cranford, to Bobby Jack Markham, son of Mr. and Mrs. O. C. Markham of Sudan.

The bride elect is a graduate of Sudan High School, but also spent most of her school years in Brownfield. She is now employed in the county clerk's office in Littlefield.

Mr. Markham is engaged in farming and was also a graduate of Sudan High School.

The wedding ceremony will be read in the First Baptist Church of Sudan on February 4.

Kenneth Purtell attended market in Dallas this week for Purtell Clothiers.

King Winter Spotlights King Cotton

THE arrival of King Winter is a cue for King Cotton to go north. Although generally considered a summer fabric, cotton has successfully stolen this year's snowy fashion scene by virtue of its light weight and versatility.

The cotton boucle tweed suit (right), for instance, makes a practical, crush-resistant travel costume. Featuring a belted, button-front blouse, the suit achieves graceful lines with a slim tapering skirt.

Black accessories, a gold choker and novelty bracelets further compliment the pert ensemble. For the outdoor girl en route to a winter sports resort, a corduroy suit won accolades at the National Cotton Council showing in New York.

The New York designers teamed a boxy braid-trimmed jacket and slim skirt with a tattersall-checked corduroy weskit (left).

Light-colored gloves and a velvet-trimmed tailored felt hat gave added zest to the smart and practical outfit. And the jacket may be worn as a separate with harmonizing or contrasting skirt. The skirt, too, can do double duty in the wardrobe.

with their daughter, Mrs. Charlie Beaver, and family.

Tracy Cary attended market in Chicago this week for J. B. Knight Furniture Company.

Support The March Of Dimes

Wedding Ceremony Performed Dec. 22

Announcement has been made of the marriage of Miss Barbara M. Miller, daughter of Mr. and Mrs. Wayne Miller of Oak Park, Ill., to Donald V. Bynum of Chicago, Ill., son of Mr. and Mrs. V. A. Bynum of Brownfield. The double ring ceremony was performed in the evening in the Second Presbyterian church in Oak Park. Rev. A. G. Toger, pastor, officiated for the candlelight service.

Given in marriage by her father, the bride wore a beige gabardine suit with a winter white hat and navy accessories. She carried a white orchid on a white prayer book.

Miss Jo Ann Abbott of Hammond, Ind., served as maid of honor, and wore a gold gabardine suit with a powder blue flower hat, navy accessories, and carried a colonial bouquet of blue violets.

James T. Miller, brother of the bride, acted as best man, and usher were Tom Kott and Richard

Mrs. W. A. Bell and son, Jim, and daughter, Miss Margaret, visited her son, Acting Postmaster Joe Shelton, and Mrs. Shelton, Monday and Tuesday. Mrs. Shelton reports an oil boom down there.

Mrs. J. E. Shelton of Cisco, visited her son, Acting Postmaster Joe Shelton, and Mrs. Shelton, Monday and Tuesday. Mrs. Shelton reports an oil boom down there.

Dr. and Mrs. E. C. Davis have

W. Miller. Mrs. Wayde Miller, mother of the bride, wore a navy blue crepe dress with a winter white hat, and a corsage of pink tea roses.

A reception was held following the ceremony in the Colonial room of the Carlton Hotel at Oak Park.

Out-of-town guests included Mrs. J. H. Wood of Butler, Ind., grandmother of the bride, and Mr. and Mrs. John R. Miller of Milwaukee, Wisc., brother of the bride.

Both Mr. and Mrs. Bynum are students at the Greig School of Business in Chicago, where they are making their home.

returned from Pennsylvania, where they spent the holidays with his parents. His father has been ill for some time.

Mr. and Mrs. J. T. Lee of Eunice, N. M., visited recently

LETTUCE 10c

Stricklinly Speaking

By Old He
What really gets old John Q. stirred up is the cost of the red tape most things have to go through, up at the handout place on the Potomac. This was well illustrated lately when one of the many bureaus had to purchase a 50c copy of Esquire, "the man's mag."

After the copy of a current issue went through with all the bureaus, and was signed by all and sundry, and all the book-keeping added, the 50c had run into \$13.35. If private business did business that way . . . ?

There has been considerable criticism of Brownwood recently because some score or so of sheep and cattleman sent in a request to Washington not to reactivate C. Bowie for fear of Atomic bombs. The whole truth of the matter, probably, is that the reasoning of these men was altogether selfish. They didn't want to give up a lush pasture.

Very few take into consideration, on the other hand, that several thousands signed a counter petition for reactivation. But it remained for the Dallas News to draw a thought in connection with the 25 anti-reactivators. The News stated that at least it was refreshing to hear of a group of 25 persons that were not looking for a government handout.

Still on the subject of Brownwood, the Howard-Payne college has announced that they will start construction immediately on a library building to cost \$250,000 on the campus.

Along about the last of this month, according to the Health Unit News, the new \$85,000 home of the Five County Health Unit, will be formally opened, according to the director, Dr. Frank P. Miller. This splendid unit, one of the best in Texas, is located at Main and D streets, and is sponsored by Dawson, Terry, Hockley, Gaines and Yoakum counties.

Supposedly Dr. Miller and staff will have an announcement for the press before that date, informing us about the day and the program.

After gazing fixedly for a moment on that eye-catching piece of womanhood portrayed on a Hadacol calendar, a local young husband was heard to remark: "Wife, when are you going to start taking that medicine?"

As of now, the Herald is on the mailing list of the Baptist Standard, official publication of the Southern Baptist Convention, published in Dallas. Don't think the Baptist brethren are trying to proselyte the Old He. There is a department likely they did not want us to miss.

One page in the issue we received devoted almost exclusively to the activities of the First church, here in Brownfield. Very likely they believed that the Herald could find something of interest to copy from the Standard. Anyway, thanks!

Most people here, and especially those interested in the schools, and that is about all of us, will regret to see Supt. S. P. Cowan leave us in Feb. to take over the superintendency of the Temple Public schools, and the presidency of the Temple Junior College.

But all of us congratulate him on his promotion, as well as a considerable increase in salary. But, we feel sure that Mr. Cowan would be the first person to admit that his or anyone's work in any place is indispensable.

Many people had about reached that idea when President Roosevelt died suddenly right at the height of fighting and maneuvering during World War II. But others took up the reins of government when he dropped them; the generals and admirals went right on fighting to a victorious conclusion.

It usually hurts badly for the head of a school system to resign, especially right at mid-term. But fortunately Mr. Douglas, the principal, has had a long period of training, partly under Mr. Cowan here, and we feel sure that the good work will go on uninterrupted.

Did you have a mess of black-eyed peas Jan. 1, to start the year off on the lucky side? We did. And we noted that those Tennessee coon-skin caped boys also ate them and ruined the day for the Texas Longhorns 20 to 14 at the Cotton Bowl.

Well, we had to play sorter neutral on this game—U. of T. vs. U. of T. That's right, both universities are U. of T. Was born and reared in Tennessee. Have spent the other 50 years bragging about Texas—and by hokey, we still are. A doggone good old state, Texas, that is.

Got some of Grandma T. J. Price's old fashioned pound cake too. That lady is still a youngster at 83. What a woman! And the cake was larruping.

And to cap it all, Ed Thompson came in on the 2nd with a lot of fresh pork. He'd just killed his porkers. We are going to keep a supply of Tums on hand in case of overeating.

Most of the columnists try to get the heck scared out of us, saying us that the next minute may be the last, with a sizeable Russian A-bomb right on top of our old noodle.

Anyway, Walter Winchell helped us out some 'tother night telling how we can wipe Russia off the map while you say Jack Robinson. Evidently his take off place was somewhere in the Mediterranean Sea. Anyway, we felt good a few minutes after reading his article.

But back to eats, we got sorter hungry last week, and the Mrs. remembered that Mrs. J. C. Bond had given us a jar of kraut along with some blackeyed peas a few weeks back. Just as good as they make anywhere.

Gifts Cheer Ill Scout

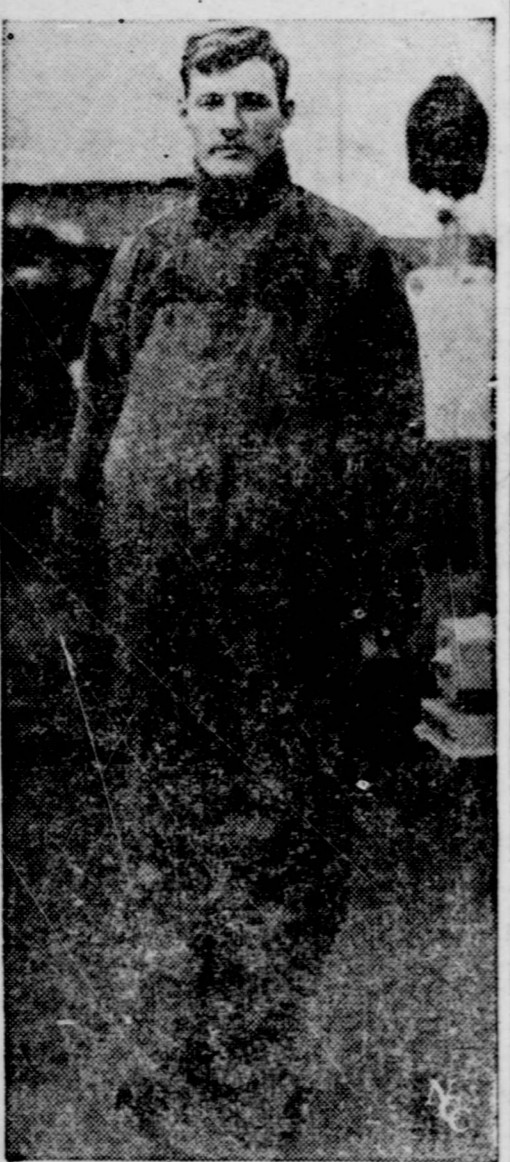

Howard Youngblood smiles happily as he listens to the radio sent him by fellow Boy Scouts of Troop 22, Pampa, Texas. The 14 year old boy is in John Sealy Hospital, Galveston, Texas, for treatment of cancer. Howard says he is looking forward to going home and passing the radio to some other sick Scout when he gets well. Another Christmas gift of which Howard is very proud is the new wrist watch he is wearing on his left arm.—(P) Photo.

VISITED HERE OVER HOLIDAYS

Relatives of Mrs. J. L. Randall and Mrs. Percy Spencer here during the Christmas holidays and through the New Year holidays were John Spencer, Mrs. Caroline Nichols of New Orleans, Mrs. Martha Coffey and son Spencer Lingle, of San Antonio, and Miss Anne Lingle, a student at Texas University.

Other guests during the holidays were Mrs. Susie Carruth, head nurse at the veterans hospital at Amarillo; Mrs. Harriett Dealey of Lubbock; and Mr. and Mrs. Gibbons Poteet and daughter, Sally, and Mrs. Bagley, all of Yuma, Ariz.

FOR COLD COMBAT

This serviceman's cotton uniform designed for cold climates makes use of the layer principle of warmth without excessive weight. Instead of a bulky, heavy uniform for cold weather, this naval seaman is outfitted with many light layers of clothing to trap insulating air. One advantage of this type uniform is that men doing strenuous work can shed layers as bodily heat increases while men at stationary posts can add articles of clothing for warmth.

VIRGINIA ADDS GLAMOR!

The old oaken bucket gets a dash of glamor when lovely Virginia Mayo stops for a drink at the well. The blonde MGM star wears a becoming ballerina length fashion, with a full gathered skirt of starchily white pique. National Cotton Council fashion authorities report that pique is an important fabric in this season's cruise and resort designs.

LESSON ON DISEASE OF THE HEART

AUSTIN—What do you know about your heart? Do you know that the three major kinds of heart disease are: Rheumatic heart disease, high blood pressure, and coronary heart disease?

One of childhood's most dangerous foes is rheumatic fever, declares Dr. Geo. W. Cox, State Health Officer. A child is most likely to develop rheumatic fever when he is less than ten years of age. However, the disease is not confined to children. "In World War II about 40,000 men in the American forces developed attack of rheumatic fever." This disease may damage the heart valves and muscle. Any child who has rheumatic fever should have the best of medical care, plenty of rest, a special diet, and be free from anxiety or worry. Just because a person as rheumatic fever is no sign he will have rheumatic heart trouble. But it's important to keep in close check with the family physician.

Coronary heart disease strikes those from middle age groups and up, more than other forms of heart trouble. And, it strikes men more often than women. Moderation in daily living is important, for if a person worries too much, works too hard, exercises too frequently and hard, and eats too much, his heart is overworked. Yes, one of the best checks against overburdening the heart . . . is moderation in all things — and plenty of rest.

High blood pressure is another important cause of death. Naturally, the heart has to work harder to pump the blood, when blood pressure is high. An overworked heart needs the care of a physician.

Sometimes symptoms of heart trouble aren't so noticeable; that is why a regular physician is so important.

Heart disease caused by syphilis, congenital heart disease, and heart trouble resulting from an overactive thyroid gland, are a few other forms of heart disease.

Stop and think about it for a moment. Do you give your heart enough rest?

Have You Given Your Dime?

Presidential Cup Game Prize

Carl Molberg (left) and Max Greiner, co-captains of the Texas A & M College football team, hold the Presidential Cup won in the post-season game with the University of Georgia at College Park, Md. The Aggies trounced Georgia 40-20 to win possession of the cup for a year. The Washington, D. C. American Legion sponsored the game. Presiding Judge F. L. Hawkins, 84, ending nearly 30 years on the Court of Criminal Appeals, receives a tribute from the District and County Attorneys Association. S. W. Hellman of Fort Worth, Texas, made the presentation in Austin, Texas, December 20, at the court's final formal session for 1950.— Photo.

FORAGE PROGRAM FOR THE DAIRY HERD

College Station—"Good grass is the cheapest and best food for a dairy cow. Grazing must be supplemented with hay and silage to supply all the forage that cows will eat every day of the year."

There is nothing new in the above quotation, but the publication from which it was lifted is brand new. It appears on the front of a new circular prepared by Texas A. & M. College extension specialists.

Extension Circular no. 286, "A Forage Program for the Dairy Herd," is just what the title implies—a complete outline for a forage program. It was prepared by four extension specialists—Richard E. Burleson, associate dairy husbandman; A. W. Crain, associate pasture specialist; E. A. Miller, agronomist; and M. K. Thornton, agricultural chemist.

The publication gives in table form the recommended grasses and legumes for Texas. These pasture plants are listed under soil area, type of pasture, and growing season. On the back of the circular, the specialists have included a map showing the different soil areas of the state. The recommended fertilizer applications are also given for the different classes of pasture plants for each soil area.

Another table lists the grasses and legumes grown in Texas that are suitable for hay crops. It also gives the cutting stages for the different classes of forage plants and certain recommended hay

production practices. The last column of the table gives suggestions for feeding the hay.

A third table contains information on silage. Suitable plants, cutting stages, and recommended production practices are listed along with information on storing silage.

The requirements per cow for the three forms of forage—grazing, hay, and silage—are given at the top of the respective tables. This six-page circular carries a great deal of information in a very condensed but easily understood form. Dairymen may obtain copies from their local county agents.

FIVE NEWCOMERS ARE WELCOME TO OUR CITY

Our reporter heard of five new people who have come to Brownfield to make their home, week ending Dec. 20. We welcome these people and hope their stay is both profitable and pleasant. And this applies to any other whose names we failed to get. They are: Emmett DeBord, Ardmore, Okla.; Wilbert G. Campbell, Snyder; Dewey Kilby, Fort Stockton and John H. Farmer, Dawson, Texas. One family moved to Lubbock.

Ticked to get the renewal of Clarence Brown down Seagraves way last week. Also Mrs. Lee Roy McCravy of Plains, or rather the A— ranch, renewed for the umpteenth time. And one of Mrs. Lee Allmon's friends here in town renewed for her. Mrs. A. has been a reader since the Herald started around 47 years ago. Thanks folks!

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial membranes. Guaranteed to please you or money refunded. Creomulsion has stood the test of millions of users.

CREOMULSION

relieves Coughs, Chest Colds, Acute Bronchitis

Jacob Sandage of Rt. 5 dropped in unbeknownst to us one day recently and renewed. He's the gentleman that knows all the cow paths around Heber Springs, Ark. Several other new and renewals, but mostly unknown to local people.

The second annual Texas Fertilizer Conference will be held in the Memorial Student Center on the campus of Texas A. & M. College on January 10 and 11.

The aardvark has cylindrical teeth which are without enamel or roots.

TEAGUE-BAILEY

CHEVROLET

4-H'S INVITED TO HOUSTON STOCK SHOW

Terry county 4-H Club members will be honored on February 10 at the Houston Fat Stock Show and Livestock Exposition, President W. A. Lee announced.

In a letter to County Agent J. A. Foy, Mr. Lee reported that special concessions in prices would be made on that day which has been designated as 4-H Club Day. Veteran agricultural students will also be feted on the day.

Four-H Club members and veteran agricultural students throughout Texas may obtain special tickets for matinee performances of World Championship Rodeo, providing their order is received by the Stock Show before January 15, Lee said.

Dimes Drive Includes Petroleum Peggy Says

Austin, Dec. 21—The cost of polio patient care at Gonzales Warm Springs Foundation is borne by Texas chapters of the National Foundation for Infantile Paralysis, Ed S. Stewart of Abilene, chairman of the 1951 Texas March of Dimes, pointed out today.

NFIP chapters in Texas have spent \$187,000 in March of Dimes revenue at the Texas Warm Springs institution through September of this year, Stewart said. Gonzales Foundation officials reported to Stewart that the total of NFIP patient days as listed by months was as follows: January, 2,895; February, 2,349; March, 2,028; April, 1,805; May, 1,937; June, 1,664; July, 1,927; August, 2,206; September, 1,976.

The per diem rate paid by National Foundation chapters for treatment at Gonzales is \$10, exclusive of payments for braces and appliances. "Gonzales is one of the leading Texas facilities for the treatment of polio convalescents," Stewart said. "The cost of this care at Gonzales, as at other hospitals, is met by county chapters of the National Foundation for Infantile Paralysis through funds received from the March of Dimes."

"The average monthly bill at Gonzales for National Foundation for Infantile Paralysis patients has been \$20,874 for the first nine months of 1950. "Under an agreement between the Gonzales Foundation and the National Foundation, the former does not raise money to pay the per diem cost of treating polio patients at Gonzales, since the March of Dimes organization, through its Texas chapters, assumes responsibility for the cost of whatever care is needed by the polio patient."

"The National Foundation for Infantile Paralysis works with Gonzales Warm Springs Foundation as well as with other hospital facilities to extend treatment to Texas polio patients, and NFIP compensates Gonzales and other agencies for such care."

"Exhaustion of March of Dimes funds raised by Texas chapters has meant that all hospitals are extending credit to the National Foundation until after the 1951 March of Dimes, January 15-31."

Petroleum Peggy Says

As many housewives already know, nylon fabrics are being made available in greater quantities for home sewing. Since this versatile material is new to many home seamstresses, the Oil Industry has passed along a few hints that may help you in working with it. Oil and nylon may not appear to be related on the surface, but they are. But first let me tell you about nylon.

Use well sharpened shears and leave generous allowances for seams when cutting nylon. Needles for both machine and hand sewing should be small and sharp. Numbers 11 and 00 are best. Sharp pointed pins and needles penetrate tough nylon easier and give better results in basting. Nylon thread is best when sewing nylon, although other threads may be used. Always cut nylon thread; breaking it may result in pulled seams.

It is very important to test your stitching on all nylon fabrics before starting any permanent seams. This will help you determine proper sewing machine settings. Fewer stitches per inch can be made with nylon, and they will generally result in better seams. Tightly woven fabrics require as few as seven stitches to an inch. Sewing nylon with normal tension may produce puckered seams, so make sure you loosen the tension spring to avoid this kind of trouble.

As with all fine fabrics, nylon seams should be made with raw edges. Pinking may be sufficient with tightly woven fabrics. Each seam should be pressed after stitching. Pressing with a damp cloth or steam iron may give superior results.

Nylon has certainly come a long way from its early "coal, air and water" stage. Today, because of the large amounts of nylon in demand, the abundant chemical raw materials available in petroleum are being used in its manufacture. Special processing oils derived from petroleum also impart extra strength to nylon threads—meaning longer life for clothes.

Government agencies in disposing of World War II surplus property. Kilday has been in the forefront of moves in the House concerning expansion of the army, navy and air force. He is third ranking Democrat on the House armed services committee. Eisher also serves on the committee.

Mahon was chairman of the House appropriations subcommittee which handled the \$18,000,000,000 (B) defense money bill passed in the closing days of the year. Top military authorities entrusted him with numerous top secrets to justify their request for funds.

Both Kilday and Senator Tom Connally served on the Joint Atomic Energy Committee. Only meager accounts of their committee's discussions with atomic been made public.

Along the first of each year now for 10 these many years, we have been having a caller in the person of Mrs. R. M. Kendrick, who religiously calls about Jan. 1, each year. Object: renew the Herald going to her brother, Will Cunningham of Utopia, down in the John Garner Uvalde County, and to her sister, Mrs. John Scudday at Forsan in Howard county.

COVER GIRL—Pretty, 19-year-old, Cherry Blair of Amarillo appears on the cover of a recent issue of a national magazine. Cherry is a popular co-ed at the University of Texas. Texans think Miss Blair's name is familiar. It is. The former head football coach at Texas was Blair Cherry. (AP Photo)

G. I. QUESTIONS and ANSWERS

Q—Lately I've been reading a lot about "side payments" on GI home loans being illegal. Exactly what is a "side payment" and how is it made?

A—Here's an example that should answer your questions. A veteran wants to buy a home, priced at \$12,000, with a GI loan; but VA's reasonable value for that home is \$11,500. The seller refuses to come down, so the veteran, in his eagerness to get the home, agrees to make an undercover "side payment" of \$500 that would not be reflected in the purchase price reported to VA. Such a payment is illegal. It also defeats the purpose of the GI bill to protect veterans against excessive prices for homes.

Q—I have a certificate of eligibility for GI training, which I received from VA back in 1946. May I use that certificate to enroll in school next month?

A—No. Certificates issued by VA prior to October, 1949, are void and must be replaced with new ones. The new VA certificate will show the course and school the veteran has selected, and will be good only for that course and school.

Q—I have been training under Public Law 16 for 3 years and have been declared rehabilitated. I'd like to continue training under the GI Bill, as I have one more year entitlement remaining. May I do so?

A—Yes. You may utilize your remaining entitlement under Public Law 16. But you must begin GI Bill training on or before July 25, 1951 in order to continue thereafter.

WE SHALL ALL MISS THE PIGGLY WIGGLY BUNCH

Most of the business firms in the 200 block of Sixth have been kidding themselves that they "ran the Piggly Wiggly bunch out of the block and almost clear across town." This of course includes Johnson Implement Co., Nelson Pharmacy and the Herald. But most anyone could see there was little enthusiasm behind our supposed levity.

In fact, all of us feel that we have lost a fine neighbor and friend in Pat Patterson and his fine personnel. But we are consoled by the fact that it is but a few blocks to the new place. At the same time we are wishing them well in their new location, and we know they are proud of their new home and work place at Fifth and Hill.

SOVIETS BUY BIG SHARE OF MALAY RUBBER

Singapore—(P)—Soviet Russia still is buying Malayan rubber. She holds third position as the biggest recipient of what's shipped out of the Federation of Malaya, topped only by the United States and the United Kingdom. The United States bought 338,072 tons of Malayan rubber the first 11 months of 1950. The United Kingdom got a total of 180,318 tons. The Russian figure is 66,598. Additionally, the Russian satellites of Poland bought 3,065 tons; Czechoslovakia 8,410; Rumania only 7 tons; Hungary 204 in the period from January 1 to December 1 1950.

A. L. Blasingim and Sam Bahjat of the Fair Department Store spent Christmas day with Mr. and Mrs. R. N. Cayal in Lamesa.

The first accordions were made, it is believed, by Frederick Buschmann in Berlin in 1822.

Church Building Campaign Begins

Dr. Ray Johnson, minister of the First Methodist Church of San Angelo, was guest speaker at 6:30 p. m. Tuesday at a kick off dinner for teams of the Brownfield First Methodist Church \$250,000 building fund campaign, held in Fellowship hall at the church.

Burton G. Hackney, general chairman of the fund raising campaign, said that a series of dinners and meetings have been planned, at which time team captain will make reports on progress of the campaign.

A report dinner is to be held tonight (Friday) at 6:30 p. m. in Fellowship Hall, with another to be held Monday, January 15, at the same time and place. The Victory dinner, closing the mass drive for funds, will be held at 6:30 p. m. Thursday, January 18. All workers and wives are urged to attend.

Workers in the campaign have been divided into four divisions, with four teams each. Division leaders are Joe Johnson, Paul Campbell, J. O. Gillham, and Dr. Gordon E. Richardson.

R. J. Purcell is assistant general chairman of the campaign.

Mrs. L. J. Carruth visited Mrs. Lee Mabry Thursday. Mr. and Mrs. R. L. Brown of Lubbock visited Mr. and Mrs. J. H. Gober and family last week end.

There will be a basketball tournament in Meadow this week end.

Mr. and Mrs. W. A. Whisenant and family have returned home after an extended visit with their son, Lewis, and other relatives in California.

Mrs. Marak Watkins has been on the sick list but is fine again. Whoever reported the basketball games between Meadow and O'Donnell forgot to mention that the Meadow girls won, even though the boys did get beat.

Mr. and Mrs. James Selman of Lovington, N. M., visited her parents, Mr. and Mrs. J. H. Gober, Sunday.

The WSCS met Monday and had a program from the year book. There were eight present.

The first accordions were made, it is believed, by Frederick Buschmann in Berlin in 1822.

Implement Show Slated For Friday

R. N. McClain, Committee Chairman and Grady Goodpasture, Division Chairman of the Agricultural Committee of the Brownfield Chamber of Commerce, released a date for the Agricultural Committee's field day will be held January 19th at 2:00 o'clock at the A. M. Muldrow Hog Farm one mile south of the Murphy Meat Company.

All the local implement dealers will display and demonstrate the latest models their companies has to offer.

The implements not to be demonstrated or worked will be grouped so that those interested may inspect different makes and compare the difference.

County Agent, Jim Foy, is contacting the Agricultural Department at Texas Tech, regarding their department furnishing advisors and experts on farm implements and breaking.

The Chamber of Commerce realizes that agriculture is the backbone of the South Plains and that anything to forward the productivity of Terry County must not be left undone.

With the government asking for 16,000,000 bales of cotton this coming season it is going to take all the work and knowledge farmers in this area can accumulate to provide their share of this tremendous amount of cotton and with restrictions on cotton removed it is of the utmost importance that cotton farmers produce the maximum amount of cotton per acre

Service Office News

C. L. LINCOLN

TERRY County Service Office KOREAN VETERANS NOW ELIGIBLE FOR MEMBERSHIP in the American Legion.

Congress has amended the 1919 charter of the American Legion for the second time in eight years. The amendment opened the American Legion ranks to all honorably discharged members of the armed forces of the United States who were in service on June 25, 1950, and thereafter, ending with cessation of hostilities whenever proclaimed by the government.

MEMBERSHIP COMMITTEE URGES ELIGIBLE VETS TO PAY LEGION DUES. At the present time the Howard-Henson Post 269 has 295 members who have paid their 1951 dues. The Department Adjutant has advised that all members who have not paid their 1951 dues will be delinquent Feb. 1, 1951.

If you desire to pay your 1951 dues for the American Legion, please contact the following: J. D. Miller, Miller's Service Station; Milton Bell, State Bank; J. W. (Tiny) Nelson, Post Office; C. L. Lincoln, Court House.

Texans In Washington

WASHINGTON —(P)— Nearly every important legislative move in the fateful 1950 bore the imprint of Texans in Congress.

Capping everything, of course, has been the Korean War, focusing attention on diplomatic and economic problems as well as those of the military.

In military matters, Senator Lyndon B. Johnson and Reps. Paul Kilday of San Antonio, Clark Fisher of San Angelo and George Mahon of Colorado City have played important roles.

The special Senate Defense preparedness Committee, headed by Johnson, has sought to prod government agencies to more intensive efforts in the drive for more weapons and such strategic materials as tin and rubber.

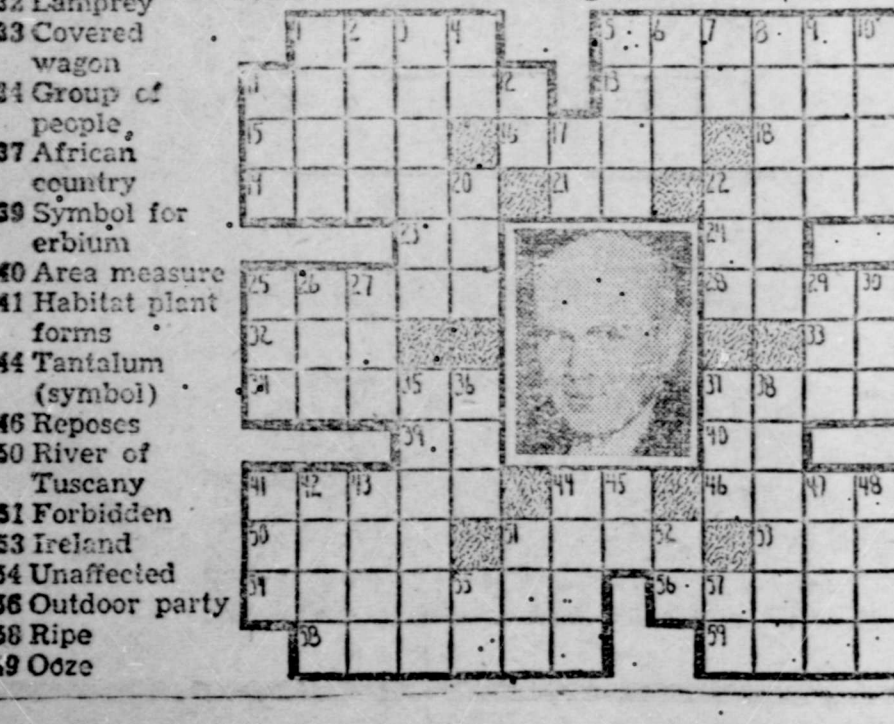

The Johnson committee, successor to the old Truman war investigating committee, has turned up some fantastic instances of bad judgement on the part of gov-

Here's the Answer

Home Improvement Studied By Clubs

During 1950, two hundred forty six 4-H and home demonstration club women in Terry County have carried out demonstrations on bedroom improvement, poultry production and gardening, according to a release this week by Miss Helen Dunlap, county home demonstration agent.

These women have improved seventy-one kitchens, sixty living rooms and ninety-eight bedrooms. They have also built twenty-three bath rooms, and sixty-five families have added major equipment, Miss Dunlap stated. Sixteen families have added built-in cabinets for the kitchen, and fifty-three added major pieces of furniture. Also included in the improvements were ninety-seven woolen bed covers; one thousand two hundred eleven cotton household articles, and fifty cotton mattresses. These club women and girls have refinished two hundred pieces of furniture; reupholstered thirty-eight chairs and sofas; and made thirty-four slip covers.

In the poultry program, the 4-H girls raised four thousand seven hundred and sixty-eight chickens. They learned to kill and dress poultry in such a way as to insure a well bled bird. They also learned to wrap for freezing. Control measures for protecting chickens against the common diseases and parasites was another study they made.

Thirty-five club women inoculated their garden seed before planting. Twenty-five disinfected the seed as a precaution against fungus diseases. A large number used the recommended insect and disease control measures, and thirty-three had tub and frame gardens to aid in having both early and late vegetables. Gardens for forty-five women were protected with windbreaks.

The women and girls canned a total of eight thousand one hundred seventeen quarts of vegetables from these gardens and stored one thousand two hundred fifty-four pounds in freezing units. They canned five thousand four hundred forty-nine quarts

Mother Of Local Residents Claimed

Mrs. Hugh Harred of route 5 and Charlie Beaver, both of Brownfield, were called to Prairie Grove recently after being notified of the serious illness and death of their mother, Mrs. Lucy Bever, 74. Mrs. Bever was buried at Prairie Grove December 24.

Other than Mrs. Harred and Mr. Beaver, Mrs. Bever was survived by two other daughters and two sons; five grandsons and three granddaughters; and one great grandson and one great granddaughter. Two of the granddaughters, Mrs. Jack Wagner and Mrs. Jake Cunningham, and the great grandson, Larry Beaver, live in Brownfield.

Have You Given Your Dime?

of other foods, and stored twenty-six thousand two hundred thirty-eight pounds of fruits and meats in freezing units.

Fifty families own home freezers, and one hundred eight rent frozen food lockers, Miss Dunlap stated.

As follow-up work of previous years, three tailoring leaders held a training school and taught sixteen members to make coats and suits. This number in turn trained ninety-other persons in some phase of the tailoring course. The women made one thousand one hundred nine dresses; one hundred ten suits and coats; and one thousand five hundred eighty-nine children's garments. They also made fifteen purses and sixty pairs of gloves.

The 4-H girls made one hundred fifty-seven dresses and twelve other garments for their use.

One hundred thirty-one home demonstration women learned to simplify their home work by combining jobs and by saving motions when possible. They taught one hundred seventy-two other persons to simplify some of their tasks.

With this leadership program, the 4-H girls and the home demonstration club leaders, taught 738 people how to do some of the work they learned in club work this year.

WTCC MANAGER WILL SPEAK AT ANNUAL C. OF C. BANQUET HERE

Fred H. Husbands, of Abilene, executive vice president and general manager of the West Texas Chamber of Commerce, will be the principal speaker at the annual Brownfield Chamber of Commerce banquet to be held here February 15.

Former general manager of the Waco Chamber of Commerce, Husbands assumed his new duties January 1.

The West Texas Chamber of Commerce is being reorganized and eight new departments are being formed for the purpose of giving cities and individuals in West Texas faster and better service.

Tickets to the banquet will go on sale February 1 at the local Chamber of Commerce office and

at the Brownfield Coffee Shop. Due to a shortage of space at the Esquire Restaurant, where the banquet will be held, only 154 tickets will be sold. No tickets will be sold at the door on the night of the banquet, according to Wayne (Red) Smith, manager of the Brownfield Chamber of Commerce.

A. M. Muldrow is president of the local chamber, and Herbert Chesshir is first vice president and Doug Jones is second vice president. Directors are H. B. Virgil Crawford, Grady Goodpasture, John Portwood, Prentice Walker, James H. Dallas, Dr. W. A. Robertson, Lee O. Allen, J. M. Teague, Tess Fulfer, L. M. Lang, and C. L. Aven, Jr.

New Crosby Sheriff Warns Bootleggers

According to reports from papers we get from Crosby county, bootlegging has been rather rife in that balliwick for the past several years, and the "law" seemed to do little about the matter. However, a former sheriff Roy Hillin was re-elected on an enforcement platform.

In the last issue of the Crosby-ton Review, Mr. Hillin lays the orders on the board for bootleggers, white and black. And he promises the jail for those who insist on selling booze in dry Crosby. But he asks the co-operation of the people, and that's where the rub comes generally. Will they inform Sheriff Hillin if they see or hear of any violation of the liquor laws? Will they make true and honest jurors if they are called upon, or will they shirk their duties?

We imagine that Sheriff Murry here in Terry runs up against such a proposition frequently. So many people who do not want to go to court as juror or witness.

Mr. and Mrs. Jack Shirley returned last week from several days vacation in Temple, where they visited her brother, Ladd Brownfield, who is in a Temple hospital, and in New Orleans.

Since about 90 percent of all farms in Texas now have electricity, there is little excuse for farmers to do their chores in the dark.

Lampp Tells How He Trained Pup

E. G. Lampp who lives on a Seagraves route in Terry county, was in this week to renew. Stated that he had to get home, though early afternoon. We pulled the old one on him about dog biting him if he got home too early.

The conversation drifted into the "purps" that insisted on chasing cars, both town and country dogs. He told us that his children had a dog a few years ago that was a car chaser, but one fine day they found he had been run over, and was dead.

The next one they got the boys said that dad could do the training on the new pup. "The first car he chased, I gave him a good paddling with a board." Now he is content to stay in the yard and watch the cars go by. Dogs are not hard to train, if you start early and firmly.

CARD OF THANKS

We wish to express our sincere thanks to each and every one who had a part in the bringing and preparation of the food, and in expressions of sympathy in our bereavement at the loss of our wife and mother. May God's richest blessings be with each of you. Words cannot express what you have meant to us.

We also want to sincerely thank the nurses and Drs. Treadaway and Daniell for their consideration.

The Hensons Visit Daughters Here

Mr. and Mrs. W. E. Henson of Ashdown, Ark., were here during the holidays to visit their daughters, Mrs. Harwell Minick and Mrs. Clovis Kendrick. W. E. Called as usual, to re-invite us to stop by some time when on our way to Tennessee.

Said he told Mrs. Henson he was tickled when we got off the road that time, (Highway 82 instead of 67 at Texarkana.) Told Mrs. maybe sometime we'd get out of Texarkana on 56 and come by Ashdown and stop for some water at least.

And we could have said something mean to him but didn't. He had a long ugly gash on his upper lip he stated was made by a safety razor. We could have asked how many egg noggs he had before cutting himself. But we remembered how many times he told us of all the fryers he keeps in cold storage, ready for company.

Ashdown and the Henson home will be a very convenient stopping place one of these days.

Seventeen New People Came Last Week

We welcome the surge of new folks that crossed the Brownfield threshold the week closing Jan. 6th, to make their homes. You are more than welcome, and we hope your stay in Brownfield is permanent.

The newcomers, with former addresses, are listed below. We are not giving their local addresses for reasons of our own. They are:

V. R. Johnson, Okla.; Vance J. Driscoll, Colorado; R. D. Hardman, Wyoming; Ray E. Tibbett, Oklahoma; F. Wayne Liles and Henry Rogers, New Mexico; Mrs. Eva L. Nichols, Amherst; Mrs. Belma H. Dickson, Abilene; Otis B. Larner, Lubbock; Welton B. Williams, no former address; Clarence R. Squyers, Rotan; Lloyd B. Glass, Spur; Jimmy Chunn, Monahan; M. L. King, Daisyetta, Texas; Herschel Hanon, Austin; Thomas O. Harrell, Alberta, Canada; W. G. Bilbery, Hobbs, N. M.

Just how many of the above have families, we do not know. Some have resident addresses here, others at tourist courts or trailer camps. Three persons moved away, one each to Lubbock, Amarillo and Lamesa.

Book Reviewed At Meeting January 2

Mrs. E. O. Nelson and Mrs. J. L. Randal were hostesses when the Maids and Matrons study club met at the Seleta Jane Brownfield club house for a regular meeting Tuesday, January 2. Mrs. Money Price, president, presided.

A book review of "Phantom Crown" was given by Mrs. Barton Evans.

Refreshments were served to Mesdames E. C. Davis, E. F. Latham, A. R. Smith, A. W. Butler, F. G. White, A. J. Stricklin, Sr., Lee Fulton, Gasta Spencer, Leo Holmes, W. B. Brown, W. M. Adams, Eunice Jones, Evans, Price, Randal, Nelson, and Mrs. Caroline Nichols of New Orleans, who is a granddaughter of Mrs. Randal.

The next meeting will be held January 17 and will be a party for husbands of the members. Hostesses will be mesdames Price and Roy Wingerd.

Last Rites Held For Mrs. Bond

Last rites were conducted at 2:30 p. m., January 2 in the First Baptist Church for Mrs. W. A. Bond, 67, who died in the home of her son, Earl Bond, 714 S. 8th street, Monday following a long illness. Fred Stumpp, minister of the church, officiated.

Mrs. Bond had been a resident of Brownfield since 1934. She was a member of the Baptist church.

Burial was in Terry County Memorial Cemetery under the direction of Brownfield Funeral home.

Survivors include her husband; one son, Earl, of Brownfield; one daughter, Mrs. W. E. Hansen of Dallas; four brothers, V. O. and W. H. Thomas, both of Logan, N. M., and H. A. and Pearl Thomas, both of Lubbock; three sisters, Mrs. Jeanie C. Brantley of Brownfield, Mrs. E. D. Criswell of Anton, and Mrs. Monroe Nelson of New Mexico; and three grandchildren.

Two of our old timers came in to renew this week, one was Mrs. C. J. McLeroy of the Gomez community, and T. A. Elmore of Tokio. The McLeroys have been readers since they have been in the county, so have the Elmores. T. A. had taken out a ten year subscription back ten years ago, just before we advanced the price from \$1 to \$2 per year.

Services Held For Mrs. W. E. Stone

Funeral services were conducted January 3 at 2 p. m. in the First Methodist church for Mrs. W. E. Stone, 76, who died in the local hospital Monday following a ten day illness. D. D. Denison, minister of the church, officiated. Mrs. Stone had been a resident of Brownfield since 1919.

Survivors include her husband; two sons, Marion B. Stone of Brownfield, and Alfred L. Stone of Dallas; one sister, Mrs. D. B. Alexander of Chico and one brother, J. P. Sullivan of Wellington.

Interment was in Terry County Memorial Cemetery, under the direction of Brownfield Funeral Home.

CARD OF THANKS

We wish to express our sincere thanks and appreciation for the many kindnesses shown us during my illness.

We especially wish to thank the members of the Brownfield and the Challis community and the Sunday school of the First Baptist Church for the money donation, and members of the Challis Baptist Church for the wonderful vegetables they canned for us. May God bless each of you.

Mrs. W. A. Penney and family.

Mrs. Alfred Gore spent this week with her mother, Mrs. Cliff Johnson, in Texico.

Ansil O'Neal of Seagraves, sent in his renewal recently. Thanks, old timer.

TALL TEXANS—These tall, young Texans pose for a picture after learning they tower too high to get into the Army. Vernon A. Barton, 21, (left) of Wink and E. D. Gully, 23, (right) of Pecos are shown with Recruiting Sergeant R. B. Foreman in El Paso. Barton is six-foot-eight-inches tall, Gully is one-half-inch shorter. Sergeant Foreman is five-foot-seven-inches. The draft height limit is six-foot-six. (AP Photo)

Any new form of advertising is always popular until thoroughly tried out. The latest to cut a big swath was television, and for awhile it seemed that some other kind would simply "swunk up," according to Printer's Ink magazine in its current issue. But last year, newspaper advertising went ahead again, and showed the biggest net gain. The dollar expenditure advertising was up 3 per cent for October. Of this, the newspapers showed a gain of 7 percent, with television second with a three percent gain and radio 2 percent. Magazine and outdoor advertising was unchanged, and business papers off 1 percent. In November 1949, television showed a gain of national advertising of 238 percent. Its nearest competitor at that time was newspapers with 18 percent.

According to the current issue of the Brownfield Chamber of Commerce Bulletin, the old Barnum saying that "one (sucker) is born each minute," still holds good. And according to the opinion of the manager, Red Smith,

there are vast hordes of this, that and the other schemes in Brownfield to extract some surplus cash from would-be suckers. Another thing that busy business men are reluctant to do, it would seem, is to investigate before they invest. For several years past now, we have had a ruling here that all solicitors and sellers of merchandise must have a license, or at least a permit to solicit. The idea is to ask each and every solicitor who comes to you asking for funds to show his credentials. "If he doesn't have them, you'd better watch out," says Smith. It is estimated that merchants are swindled out of some 3 billions of dollars each year. And of this huge sum, thousands of dollars needlessly go out of towns like Brownfield each year. If the solicitor hesitates to show his credentials, show him the door, and you'll be better off.

Last week, our friend, Editor E. I. Hill in his column, Odds and Ends in the Lynn County News had quite a comeback at us because we don't go along

with Hill and Drew Pearson on their attack on Gen. MacArthur. At the outset, let us again state, that the Herald believes that the administration and state department has the last say in what a general or his army can or cannot do. This also applies to admirals. But in the case of Korea, the United Nations, not the USA, perhaps gave the orders. But we were blamed mostly by Mr. Hill because we chose to go along with former president Herbert Hoover. Admittedly, in 1928 however, we were not for Mr. Hoover. We were at that time such a confirmed Donkeyrat, that we thought all Republicans wore horns. Perhaps Mr. Hill still thinks so. Anyway, we voted for Al Smith, with his anti-prohibition, Catholicism and all, despite the fact that Terry county and indeed, Texas, went for Mr. Hoover and the "noble experiment." How did you vote, Mr. Hill? In fact, despite his belief on the two above issues, the Herald still considers that Al Smith was a great American and a patriotic gentleman. Just the last few years, we have reached the conclusion that perhaps Republicans are human, and have some ideas that are conducive to a better and stronger nation. But we are not surprised that Mr. Hill is so strong for the present administration. In the first few paragraphs of his Odds and Ends, he told us that he had one son and two daughters doing government work. But, how many son or grandsons has Mr. Hill to send to Europe to fight commies? Being a great religionist, don't you think more Bibles and less bullets might help? Seemingly the more we do for them the worse they hate us. Even as this is written, the commies in France are threatening a nationwide strike as a reception for Gen. Eisenhower. We believe Europeans are strong enough to save themselves if they wish. Personally we are getting fed up on sending and spending in Europe and elsewhere. Every few years we have "to save them for Democracy." The idea of the average European is "let's you and him fight."

The department of state's radio broadcast, Voice of America, seems to pick up some quite interesting things as well as broadcast them. One of the items mentioned of late was the usual Russian boast about something. This time it was the great progress Russia was supposed to be making in electrifying that country. The speaker was a Mr. Markin, who said their production in 1950 reached 82 billion kilowatt hours. The Voice of America stated that this figure sounded like a lot of electricity, but kilowatt hours even in a small city like Brownfield, for instance, run into astronomical figures. But as a comparison with the USA, they don't sound so big; the USA's 380 billion to their 82 billion. So, the USA produces more than six times as many KWH per person as does the Soviet Union, and we have five times the generating capacity. And the Voice of America adds: "Bombastic speeches do not, after all, light any lamps," and we might add that it also shows that the greater progress can be made by free industry, and not by communized industry. Private enterprise gives us our tremendous lead over socialized Russia, not only in the field of electricity, but in all other basic industries. As Al Smith used to say, "let's examine the record."

Editor Brady of the Brookhaven, (Miss.) Leader-Times had quite an interesting article recently anent the oft criticism of the south. Some of it just, of course, and some very unjust. But, maintains Editor Brady, the South is a mighty good place to live and has lots of good people, as well as some not so good. Some of this criticism is of a social nature, while other is of economic and industrial. Brady maintains that the South has no corner on strikes, looting, robberies etc. In fact, it is just about as clear of

Lets Give 'em A Lift

these crimes as the next place. Of course there is no crime in striking, as far as strikes go, but the consequences of them, such as goons that are sometimes imported to terrorize those who wish to stay on the job. He recalls that way back in the 1860's when the inhabitants of Vicksburg were livng on mule and rat meat while the seige was on, no one tried to get more than his share of the rats. Each stuck to his own supply, and no one robbed the other fellow's larder of rats. He was thankful that he lives in the Deep South with a happy climate, gentility, real friendships and understanding, and a freedom and ease of living that aren't always prevalent elsewhere. And we might add that the

Southerner has no objections to the other fellow living some place else if he so desires.

Robert C. Ruark is our favorite columnist. His style is not of the Pearson-Winchell version of attacking individuals, but more in the defense of principles. According to Ruark, some of the Brainstormers up at Washington have recently concocted a scheme to just draft the average or below normal IQ boys. All the A-plus boys would be spared army service and sent to Washington to be trained for the future bureaus, greatly expanded. And the promoters of the scheme, strangely have converted old General Hershey into believing that the scheme will be OK. That fact will leave the smart boys to hold down the well paying jobs, far from the firing lines, while the average and below will have to slog through mud with a rifle at low army pay. If those in charge of matters up at the capitol want to ruin the Selective Service law, they are headed in the right direction. There are many people in all age brackets who will see the injustice of this decision, and more and more will demand repeal of S. S., or in case Congress will not do that—elect another Congress. The Congress should be very careful not to let a thing like this get by—if they wish to hold office. And if Gen. Hershey and his bureau let a thing like this get by, they should be booted out. Like in War II, higher education can wait.

Jose Arrendondo, water service man on the King Ranch, stands beside an 8-foot 3-inch alligator he killed with an ax. Arrendondo was in the Matos Negras pasture of the ranch, about seven miles northwest of Santa Gertrudis, Texas, working on the extension of water lines to the receding waters of Lake Patricio, when he found the alligator in a gully burrowing for a winter siesta. He roped the reptile, dragged him out on to level land and finished him off with his ax. The alligator offered little resistance.—(A.P.) Photo.

AUSTIN — Let's have a little quiz program.

Can you name the governor? If you said Allan Silvers, you're past the first test. Let's go on to the next one. Who is your lieutenant governor?

Some of you were eliminated by that question, but many Texans recall that Ben Ramsey of San Augustine defeated Pierce Brooks of Dallas for this office in a campaign last August. Let's have a hard question.

Who is the man most likely to be named Speaker of the House of Representatives?

The answer is Reuben Senterfitt of San Saba. His election is assured by the pledges of other members of the House and by the fact that he has no opposition. The Speaker, you know, is elected by his fellow representatives, and not by popular vote. He is one of the most powerful men in the state government; his influence compares with that of the governor and lieutenant governor.

What kind of a man is Reuben Senterfitt, who will occupy this important position in the Legislature which begins its session this month?

He is a native of San Saba County, where his grandparents settled a hundred years ago. He has two brothers and five sisters.

As a boy, he lived on his parents farm-ranch and went to a

CAUTION

Leak is armed and dangerous.

A complaint filed before a U. S. Commissioner at Tampa, Fla., on April 24, 1950, charges Leak with violating title 18, U. S. Code, Section 912, the Federal Impersonation statute. In addition, Federal warrants are outstanding at Phoenix, Ariz., Austin, Tex., Texarkana, Tex., Fresno, Calif., Harrisonburg, Va., Salisbury, Md., and Missoula, Mont.

Any person having information which may assist in locating this individual is requested to immediately notify the Director of the Federal Bureau of Investigation, U. S. Department of Justice, Washington, D. C., or the Special Agent in Charge of the division of the Federal Bureau of Investigation listed on the first page of your telephone directory.

two-teacher school. Later, at San Saba High School, he developed into a good scholar and graduated as class valedictorian.

He received various honors at the University of Texas, where he earned a law degree. He went

back to San Saba to practice his profession and was elected to the Legislature the first time he ran.

Senterfitt has continued to serve his district in the House of Representatives. Once he is elected while serving overseas in

the Navy.

He became known in the Legislature for his intensive work on important committees, and served as chairman of some of them. He was House sponsor of legislation that established the veterans' land program.

Senterfitt is a sober, serious, hardworking man but he has a sense of humor and a pleasant, slow, sincere smile. He is not likely to do anything before he has thought it out first.

During the legislative session he and Mrs. Senterfitt and their three adopted children will live in the Speaker's apartment in the Capitol.

Senterfitt believes that the word "politician" should not be used scornfully—that responsible people must serve in public office if this state is to have good government. He sees hopeful signs in a recent speech he said, in his somewhat classic language:

"It should appear wholesome to us, and quite reassuring . . . that out of the expansion and enlargement of our state government in recent years have come men of character and are capable of rising above the old label of politician.

"Their conduct, contributions, integrity, and abilities in many instances have restored public confidence . . ."

As you read the account of the legislature's activity, you will frequently see Senterfitt's name; perhaps, after having read this sketch, you'll feel you know him.

Adrian VI, who held office from 1522 to 1523, was from the Netherlands and the most recent non-Italian pope.

CATTLEMEN TRY LAWMAKING

DENVER—(A.P.)—Stockmen will have a big say-so in Colorado's 1951 legislature. Senate President Edwin A. Rogers, House Speaker David A. Hamil and Majority Floor Leader Frank L. Gill all are cattlemen.

And Colorado's new Republican Governor, Dan Thornton, is well known for the prize Hereford cattle he raises on his Gunnison ranch.

The Sargasso Sea, said to be so thick with seaweed it stalls ships, lies about half-way between the West Indies and West Africa.

HERE'S THE PROOF!

2% Interest
Paid On All SAVINGS ACCOUNTS

Did you ever think W-H-Y we want you to save some of your earnings?

We are S-U-R-E— you can save something—some part of it. When you save some portion of your earnings—regularly, you become more secure—for yourself—your family, and a valuable customer to this banking institution.

If one or two dollars were taken from your pay-check, it would make little difference—you could get along without it. Now if you could get along without this small sum, you can save it, since you do get it.

We don't think it will be difficult to convince you that YOU CAN SAVE—but to start saving NOW requires another answer. See what 2% can do for you.

All accounts insured up to \$10,000 by the Federal Deposit Insurance Corporation.

We are currently paying 2% per annum, compounded semi-annually, on savings accounts.

Cut Out For 1951**

H. P. BLUDWORTH

Ahplene—A vigorous program of work for the West Texas Chamber of Commerce covering projects and services at regional and local community levels was adopted in tentative form with a tentative budget for 1951 of \$101,800 in a recent meeting of the executive board, according to H. P. Bludworth, president.

The tentative program of work provides for departmentalized operations including industrial, agricultural, publicity and tourist promotion, taxation and legislative services, water program, membership, community, service, public relations, traffic and transportation and other phases of regional work. It is planned that the tentative program will be submitted to the entire board of directors of WTCC and to local affiliated chambers for suggestions, additions and criticisms.

The addition of two staff workers was approved and the use of services of technical consultants was also approved.

**Provide Shelter
For The Hogs**

College Station — Swine influenza and human influenza are closely related. In fact, the virus of human influenza have been known to produce flu in swine. Therefore, the same basic principles apply for the control of flu in swine as in human beings.

If good shelters are not provided, hogs are in great danger of contracting flu when cold damp nights follow warm days, says Dr. W. C. Banks, veterinarian for the Texas A. & M. Extension Service. He says that hogs, like human beings, need a warm, dry place in which to sleep.

At this time of the year, he recommends that all hogs be inspected daily for symptoms of flu. Once swine influenza appears, it spreads rapidly through the entire herd.

Infected pigs become listless and go off feed. Their breathing is labored and jerky and they cough and usually have a high temperature. They appear to be very sick. The animals usually recover rapidly after five or six days of sickness.

Although swine flu is seldom fatal, it causes a big loss in flesh and slows down the rate of gain, says Dr. Banks. He advises putting hogs on a laxative diet—one that contains some bran or some oil meal.

Some of the new drugs are effective in helping to control flu in swine. However, Dr. Banks warns that they should not be expected to take the place of a warm, dry hog house.

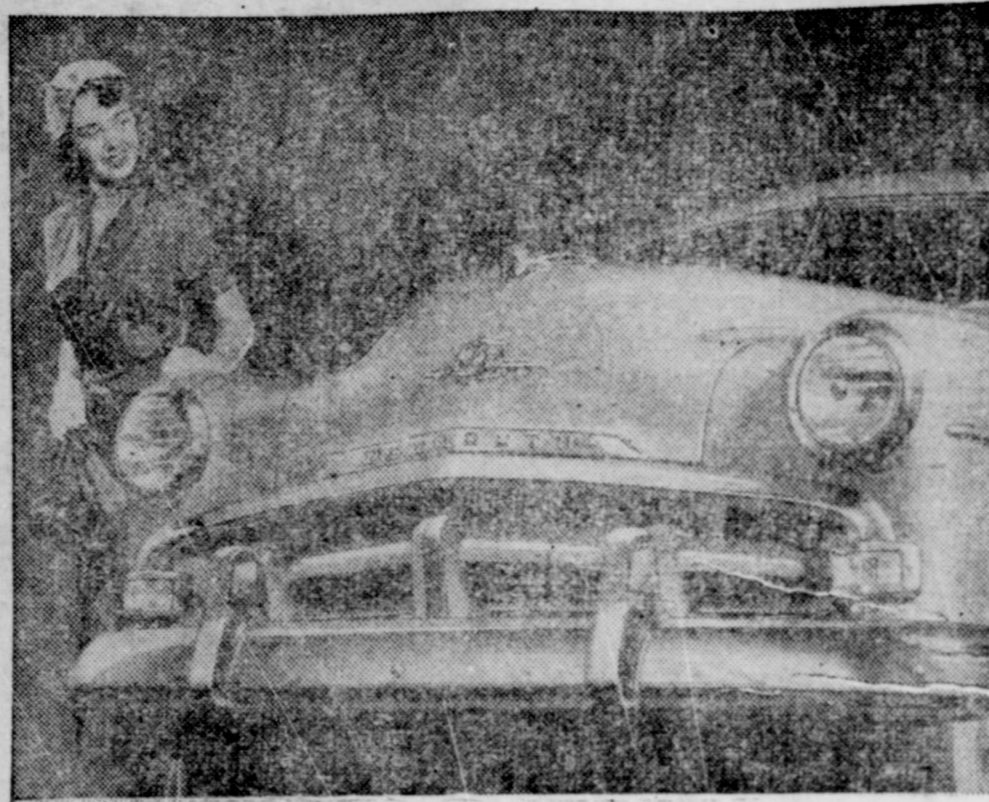

Mata Hari's real name was Margaretha Geertruida Zelle.

JOIN THE MARCH OF DIMES

A MARKED MAN—A sign on two-year-old Christopher Taylor's back reads, "Please do not let me into the gym! Please do not feed me!" The admonition is intended for students of Brown University at Providence, R.I., who have upset Mr. and Mrs. Richard Taylor by blunting their son's appetite with ice cream and candy handouts.

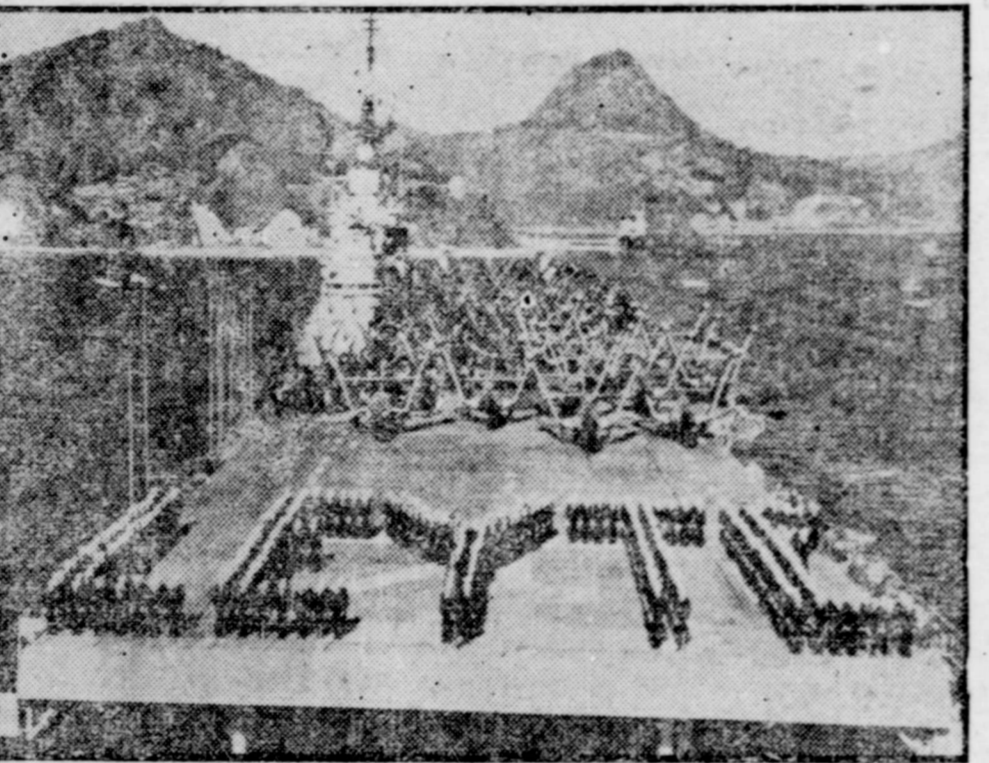

New Plymouth Beautifully Styled

There are beautiful new lines in the new 1951 Plymouth cars. A new grille, redesigned front fenders and hood, and a wider windshield provide an appearance of massiveness combined with smart streamlining. The cars feature unprecedented roadability and riding qualities, and numerous mechanical improvements.

LUCK RIDES WITH A PILOT—A Navy skyraider attack bomber, damaged by anti-aircraft fire over Korea, bursts into flames (top) as it hits the deck of the aircraft carrier USS Philippine Sea. A moment later (bottom), the ship is a mass of flaming wreckage. Quick action on the part of a flight deck fire party extinguished the flames, and the pilot, miraculously only slightly burned, walked away under his own power. In the foreground is the engine, ripped from the fuselage by the impact of the crash.

BACK IN ACTION—The crew of the mighty carrier USS Leyte spell out the name of the ship on the flight deck while the vessel rides at anchor in North Korean waters. The Leyte, a key unit of the United Nations fleet, was only recently dispatched to the Korean war zone.

Texas Venture
In Education • 1876-1951
Our first state college—Texas A. and M. is now in its seventy-fifth year

"What a man hears he may doubt,
what he sees he may possibly doubt;
but what a man does himself he cannot doubt."

—DR. S. A. KNAPP

When Dr. Seaman A. Knapp came to Texas in 1903 to conduct the first successful farm demonstration on the Walter C. Porter farm on Poetry Road near Terrell, he fathered the nationwide system of agricultural extension work which today has county agricultural agents and home demonstration agents throughout the nation and has done much for the development of our agriculture. In Texas today there are such agents working in 252 of our 254 counties. That first demonstration of methods to combat the boll weevil, which was threatening to wipe out Texas cotton, was successful. (The merchants of Terrell had put up a \$1,000 bond to protect the landowner in case it failed.) The federal government took over the work in 1904 and started the expansion which has developed into one of the most successful adult education programs in the world. A strong believer in the value of education, Dr. Knapp always reminded his followers: "What a man hears he may doubt, what he sees he may possibly doubt; but what a man does himself he cannot doubt."

HEALTH TALKS

(By State Medical Association)

The use of laboratory facilities to follow up on threats to health which may become evident during the physical examination will vary according to the location of the sign your doctor may have found. There are two tests which have now become practically routine in any medical check-up, however, the urine analysis and the blood count.

Since urine is a waste material of the body, the composition of the urine may lead to information as to what ingredients the body is throwing away that it needs for proper functioning. A sample of urine is broken down into the various chemicals it contains to ascertain whether too much of any essential material is being thrown off. Albumen and sugar in the urine do not necessarily point to disease; if the amounts discarded by the body are excessive, however, it will usually lead to a more detailed examination and probably repeated urine analysis as well as other types of tests.

The amount of urine which the body throws off will vary with the temperature, humidity, exercise, excitement and consumption of fluids. Under normal circumstances the amount is so variable that it is unimportant, but if the amount is consistently over a period of time, too little or too much, it may be an important health signal.

The other waste materials of the body may be subjected to laboratory examination if conditions within the body suggest it is advisable. Various forms of worms and other parasites may invade the intestines, creating minor and major difficulty, and an examination of the stools will usually detect their presence.

The sputum, too, may bring a health threat to a definite head after a laboratory examination. The color, odor and amount of material coughed up may contain the answer to an illness in the respiratory tract.

Diphtheria has changed a great many of its symptoms over a period of years but a study of the patches diphtheria usually forms in the throat may lead to the definite knowledge that though it has disguised itself in other ways, the illness is diphtheria.

When thyroid disorder is suspected, the basal metabolism test becomes an important part of the physical examination. This test is conducted by your breathing into a mask which is attached to a machine and the rate at which you inhale oxygen and convert it into carbon dioxide is computed. Since the lowest rate at which you "metabolize" is being sought, you report for this test with an empty stomach, fresh from a good night's sleep.

The empty stomach is important, too, for the test of the stomach juices. Sometimes there will be a preliminary test with a tube eased down your throat into your stomach to extract some of the juices. That gives the picture of your empty stomach. Sometimes the test starts with the next step where you are given some unpalatable cookies, to munch upon. After your stomach has gone to work on them with the juices, then that tube is eased back down into the stomach and the cookies and juices are extracted. Since those stomach juices are very important, you can see that this test might play a vital part in a complete physical examination where digestive difficulty seems indicated.

The various skin tests for diseases, the patch test for tuberculosis and the Schick test for the effectiveness of diphtheria immunization are among the seemingly endless variety of health measures that can be included in a check-up. The vaccinations, inoculations and immunizations that the part of the child's physical examination may have to be repeated in adults under certain circumstances. X-ray pictures of various parts of your anatomy may be necessary, too, for your doctor to complete the picture of diagnosis of your health. That is why he cannot tell until he starts checking you over just how extensive or expensive the physical examination will be.

He advises only such tests and analysis as he considers necessary for your good health.

CUFFS PROVIDE EVIDENCE

Glendale, Calif.—(AP)—Because he wore cuffs on his trousers, a service station attendant faces a burglary charge. Police said he admitted entering the station where he is employed by means of a pass key and taking \$88. He then broke a window with a brick to make it appear that a burglary was committed.

He was arrested later asleep in his car nearby on a drunk charge. While questioning him about the broken window, police noticed bits of broken glass in his pants cuffs.

Victims of the War in Korea

Many children have lost their parents in the fighting in Korea. In Seoul an orphanage was destroyed. Forty or more of the children were killed, or were missing, according to a U.N. information officer on the spot. Some 50 children survived the destruction of this orphanage and have since been moved to other quarters. U.N.'s work in assisting Korea's children still goes on. Above is shown a group of war orphans, who were found wandering in the ruins of Seoul, being taken to the Seoul Civic Orphanage by a United Nations welfare officer on the staff of the Unified Command in Korea.

G. I. QUESTIONS and ANSWERS

Q. I received my monthly subsistence allowance for GI Bill training, but the amount seems much larger than I usually get. What should I do with the check?

A. Don't cash it. Return it to the VA regional office which has your records, so that officials there can review your case to determine just how much subsistence you are entitled to.

Q. I plan to get a GI business loan to buy a truck and go into

the trucking business. Do the new down payment requirements of the Federal Reserve Board's Regulation W apply to the loan?

A. No. VA guaranteed business loans are exempt from the down payment regulations.

Q. I have just been discharged for a service connected disability incurred in Korean fighting. Am I entitled to VA hospital care, even though I am not a World War II veteran?

A. Yes. You may receive medical care for your service connected disability, so long as you were discharged under conditions other than dishonorable.

Q. Would a veteran who lost a leg as a result of action in Korea be entitled to an automobile at government expense?

A. No. Loss of the leg must have resulted from World War II service, under the present law.

Q. I obtained National Service Life insurance while disabled as the result of military service, and the requirement of good health was waived in my case. Am I eligible for the special dividend to be paid in 1951?

A. No. Insurance granted or reinstated on the lives of disabled veterans, where the good health requirement was waived because of disabilities incurred in or aggravated by service, is administered separately as nonparticipating insurance, with no right of dividends.

Q. During World War II, I served 45 days and then was discharged. In 1949 I went back into the army. If I get out before the training cut-off date, will I be eligible for GI Bill training?

prescriptions too, take SKILL

In dangerous sports, the professional gets a medal, while the amateur may settle for a broken bone. Similarly, in the compounding of prescriptions, skill is an indispensable ingredient. Knowledge and experience are factors that should never be lightly dismissed. Our prescription service parallels the interest and integrity of your physician. May we compound that next prescription for you?

NELSON'S Pharmacy

The Low Down From Hickory Grove

With 1951 on our doorstep—and with a backward look at 1950 and the way things have backfired—nobody needs a new crystal ball to see a good dozen or even more resolutions for 1951.

And topping the list—and appropriate in many circles and domiciles—comes my favorite, to-wit, "A sucker is a poor fish—I will not be one." When the barber guy says, a little of this elixir would work wonders on that baldish spot—ignore the gent. Mama, she too, could look askance when her beautician launches her sales talk. And amongst the suckers of record are the ones who have swallowed the palaver of those who say "the Govt. can do it cheaper and better." Woe is us if we don't see the light, like they did not see same in time in England—and we wake up with Uncle Samuel running the banks, turning on and off the lights, running the trucks, digging coal, tootin' the R. R. whistle, pulling the molar. They do all these things across the pond—as they plead for more mazzama from us.

There is no asm or ism that does not have a salesman. From the pea under the wrong shell, to Siwash liniment, to "I will save democracy," we been sold something.

Don't be a sucker for a slicker, including the Potomac lads—buckle on your 6-gun—make 1951 different.

Your's with the low down,
JOE SERRA.

Recently Lubbock dailies stated the potential test on the McGowan well was 676.5 barrels of 43 gravity oil daily. A representative of the Herald met the McGowans that afternoon.

They said if the Lubbock dailies had multiplied that sum by four, they would be nearly right. Joe had just had a report that the potential was 2704 barrels per day. The Lubbock dailies had reported a six hour potential and called it 24 hours.

A heavy three-wheeled carriage propelled by steam cylinders, was built in Paris in 1769. Its top speed was three miles an hour.

A. No. A veteran who has less than 90 days wartime service must have served at least 90 consecutive days, part of which was within the war period (Sept. 16, 1940 to July 25, 1947) or have been discharged for service connected disability, in order to be eligible for GI Bill benefits. Your wartime and postwar service were not consecutive; hence you would not be eligible.

Q. May I waive my disability compensation for each Saturday only, the day I expect to perform inactive duty in the Air Force Reserve?

A. Yes. Public Law 844, 81st Congress, permits you to waive compensation for those days on which you are engaged in "active duty or drill . . . or other duty." Also, your right to compensation remains unimpaired by reason of such duty or pay. The provision covers any period between July 1, 1947, and Sept. 28, 1955.

Lubbock Daily Is At Least 1/4 Right

Behind The Scenes

BY REYNOLDS KNIGHT
NEW YORK—A system of voluntary manpower controls for industry will be the solution to a tough, behind-the-scenes struggle that has been waging in recent months. They will be ready for use in two or three months when the manpower pinch really starts to be felt.

This will clear the air, for it's been an off-again, on-again battle for weeks. The confusion revolved around a fear by labor and other groups in Washington that a slow moving defense program and a more rapid cutback in civilian business would spell increasing joblessness. An interim period of unemployment might not look too bad to statisticians, but it could mean hardships to people.

With the calling up by Selective Service of 160,000 recruits for training in January and February, or 70,000 more than planned only a few weeks back, it is assumed now that war factories or military itself will absorb manpower

at a more rapid rate. The change came with the Chinese Communist invasion force in Korea, ending any dreams of quick victory on our part. Even peace overtures will not slow our drive for a stronger mobilization effort now. Manpower will be needed and controls will be instituted along the lines of experience in World War II until such time as still stronger measures become necessary.

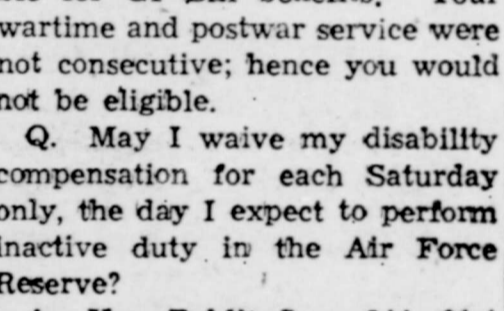

Training Tile Workers
Manpower controls present a serious problem, to businesses which depend on highly skilled workmen. Tile setters, for instance, serve a two year apprenticeship and therefore new ones cannot be "turned out" just overnight. Fortunately, clay tile contractors realized the possibility of a manpower shortage last summer, and as a result many dealers started training additional apprentices. More than 500 new men have been brought into the installation field in the past few months, and additional apprentices the being added steadily. Plenty of work lies ahead for them, for

erated the hotel in its early days, says a "man could get a clean bed for 25 cents" in those days, and "a whole beef liver for five cents."

The Val Verde is the fourth of Del Rio's old frame hostleries to be dismantled. The others were the Franks, Del Rio and Graf.

Texas 4-H Orators Win State Awards

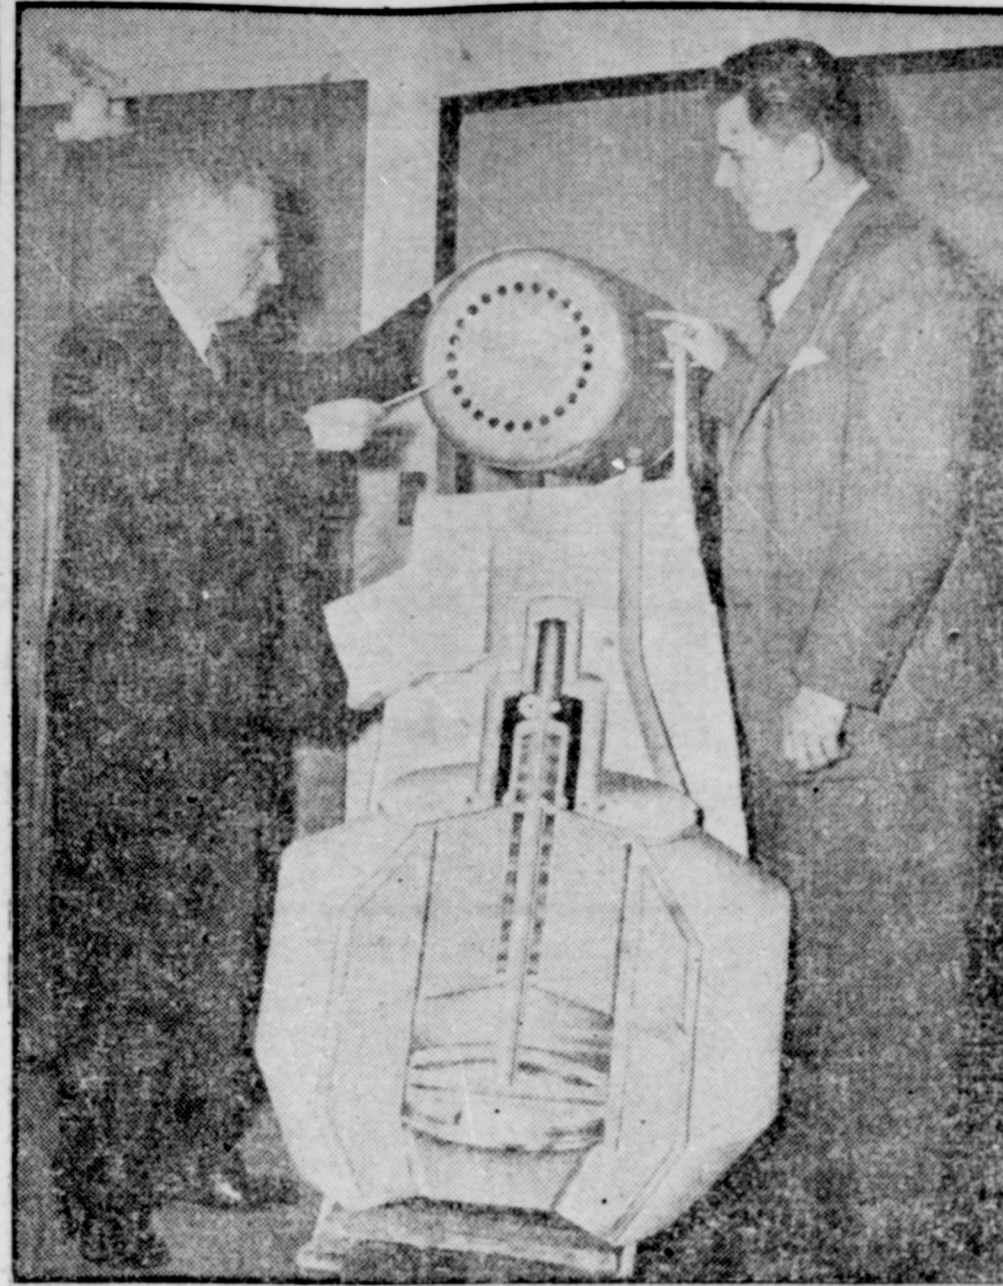

Don McGinty, 14, of Spur, and Frances Jean Mullins, 16, of McDade, have something to talk about. The ability to say it fluently, convincingly and clearly, has won them state honors in the new 4-H Public Speaking program. In public talks about personal 4-H experiences and accomplishments they have been able to inspire others to do things worth while. Don's award is a beautiful 17-jewel gold watch, and Frances' gift a lovely set of silverware, both presented by the Pure Oil Company.

The great value of 4-H work, which can never be measured by dollars and cents was one of the underlying thoughts of Don's speech. The friendship of interested adults, the benefits from democratic organization, the glamorizing of agriculture, and the decrease of juvenile delinquency—all these are the rewards of 4-H work, according to Don. His speech ended with a poem expressing the role mature adult leadership can play in molding 4-H youth.

Miss Mullins' speech dealt with the role 4-H members can play in promoting good government. By taking the fullest advantage of their education, and by taking an active interest in American government, she expressed the belief that America's youth can become even greater leaders than their forebears.

This activity is under the direction of the State Extension Service with USDA cooperating.

NEW CANCER KILLER—Dr. Madison B. Brown, at left, Executive Vice President and Medical Director of Roosevelt Hospital, examines a radio-beam therapy machine being developed for the treatment of cancer. Designed by Dr. Giacchino Failla, right, the apparatus will contain 50 grams of radium—the largest unit of radium in the world for medical use—in the heavily-armed ke-shaped drum below. The machine is expected to be ready for use on Roosevelt Hospital patients this summer.

Dismantling "Law West of The Pecos" Hotel

Del Rio, Texas.—(P)—The Val Verde Hotel, where Judge Roy Bean meted out the only law west of the Pecos, is being torn down. The Southern Pacific railroad built the building 78 years ago, when Indian tribes menaced the white man.

J. W. Burns, whose mother ap-

PHONE AIDS FIRE DEPARTMENT

Tell City, Ind.—(P)—A volunteer fire department was organized for the hamlet of St. Mark's, ten miles north of here, by the Rev. Eugene Weideman, Catholic priest. Farmers in Anderson township chipped in and bought a \$10,000 fire truck, 18 of the younger men volunteered as firemen, and the department was ready to go. The first call came after the house had burned down.

"Wasn't much we could do," said the priest. But he then tackled the telephone system and

wound up by organizing the St. Marks Telephone Co., a cooperative with 93 subscribers.

The siren on the firehouse was hooked up to one of the dial numbers, so anybody in the township could dial the number and start the siren wailing.

Since the federal mint was established 158 years ago, the government has produced approximately 31,600,000,000 coins of all types.

Pope Adrian IV was an Englishman.

It is believed possible that bagpipes, long used in India, were introduced to the west by the Roman emperor Nero.

clay tile goes not only into the baths and kitchens of the nation's new homes but also into industrial establishments, restaurants, dairy plants, schools and commercial buildings. Its durability and sanitary features in fact make it a "must" for most of these structures. Thanks to this apprentice training effort, there should be sufficient skilled men to make the tile installations needed in 1951 and the years ahead.

Christmas Day guests in the Alfred Tittle home were Mr. and Mrs. Alvin Smith and children of Oil Center, N. M., and Mr. and Mrs. Truman Turner and children of Eunice, N. M.
Visitors during the holidays in the home of Mr. and Mrs. C. J. McLeroy were Rev. and Mrs. J. W. Stone of Pagosa Springs, Colo., Bobby Jih and Joe McLeroy of Nuclea, Colo., Mr. and Mrs. Edd C. McLeroy of Plainview, Mr. and Mrs. Frank Bozeman and children of Springlake, Miss Nell McLeroy of Dallas, Miss Dolly Mc-

Texas Venture
In Education • 1876-1951
Our first state college—Texas A. and M. is now in its seventy-fifth year

J. C. NAGLE

Much of the credit for taking Texas out of the mud of its horse and buggy days and developing the vast network of highways which were necessary to its industrial growth goes to the late Dean J. C. Nagle, affectionately known to generations of students at the A. and M. College of Texas as "Dean Jimmy." A Virginian, educated in Texas and Pennsylvania, he came to A. and M. as an assistant professor of Civil Engineering in 1892, two years after the first studies in road building had been pioneered at this school. As head of this department from 1894 until 1913 and again from 1917 until 1922, he developed the school's division of highway engineering which welded great influence on the development of Texas highways. He also served as Dean of Engineering and Director of Texas Engineering Experiment Station during the 1917-22 period, when much pioneering of Texas road development was done by these agencies. On the groundwork he laid, his department developed to such a position of leadership that today two of the three members of the Texas Highway Commission, the state highway engineer, half of the state highway department's district engineers and a third of all its professional engineers are A. and M. graduates.

Leroy of Seminole, Miss Bernice Edwards of Austin, Mr. and Mrs. Hugh Small of Lubbock, and Mr. and Mrs. Alvis Patton of The Johnson community.
Holiday guests in the home of Mr. and Mrs. E. N. Corley were Mr. and Mrs. Ralph Corley of Odessa, and Mr. and Mrs. Fred Igo of California.
Mr. and Mrs. M. C. Wade and family spent Christmas at Roswell, N. M., visiting her father.
Holiday visitors in the Kellie Sears home included Dwayne Sears of Lovington, N. M., Ronald Sears of Norco, Calif., Mr. and Mrs. Earl Sears of Lamesa, Mr. and Mrs. Ernest Sears of Lubbock, Mr. and Mrs. Odell Sears, Mrs. C. Sears, and Elmo Sears of Brownfield, Mr. and Mrs. Delmer Sears and children of Austin, and Mrs. Grace Allen of Lamesa.

BIG RUBBER BAND CROP DUE
AKRON, Ohio.—(AP)—The rubber band is big business. More than two billion bands will be produced in 1951, according to a prediction from the B. F. Goodrich Co.

NEW BUILDING AT SMU TO BE DEDICATED
DALLAS—Dedication of the seven-building, \$3,500,000 Perkins School of Theology at Southern Methodist University will be held Feb. 8, climaxing minister's Week scheduled to begin Feb. 5.
At the same time the first official homecoming for alumni and ex-students of the Perkins school will bring to the campus hundreds of ministers in the Southwest.
The dedication ceremonies will mark the first time that an entire separate plant for a theology school has been constructed at one time, SMU officials believe.
A record attendance of Methodist churchmen from all over the U. S. is expected for the occasion.

NEW 1951 Chevrolet

AMERICA'S LARGEST AND FINEST LOW-PRICED CAR!

It has that longer, lower, wider big-car look!

NEW! AMERICAN BEAUTY DESIGN—Brilliant new styling...featuring new grille, fender moldings and rear-end design...giving Chevrolet that longer, lower, wider big-car look.

NEW! AMERICA-PREFERRED BODIES BY FISHER—With strikingly beautiful lines, contours and colors...plus extra sturdy Fisher Unisteel construction, and Curved Windshield with Panoramic Visibility.

NEW! MODERN-MODE INTERIORS—With upholstery and appointments of outstanding quality...and with extra generous seating room for driver and all passengers on big, deep, "Five-Foot Seats."

NEW! SAFETY-SIGHT INSTRUMENT PANEL—Safer, more efficient with overhanging upper crown to eliminate reflections in windshield...and with plain, easy-to-read instruments in two large clusters.

NEW! MORE POWERFUL JUMBO-DRUM BRAKES (with *Dubl-Life rivetless brake linings*)—Largest brakes in the entire low-price field...giving maximum stopping-power with up to 25% less driver effort—and longer brake life.

NEW! IMPROVED CENTER-POINT STEERING (and *Center-Point Design*)—Making steering extra easy, just as Chevrolet's famous Knee-Action Ride is comfortable beyond comparison in its price range.

Here's America's largest and finest low-priced car—the newest of all new automobiles—as trustworthy as it is thrifty to buy, operate and maintain.

New with that longer, lower, wider big-car look! New in its strikingly smarter Fisher Body styling and beautifully tailored Modern-Mode interiors! New in safety, new in steering ease, new in feature after feature!

Moreover, it's thoroughly proved in all things, from the finer no-shift driving of its Powerglide Automatic Transmission,* or the finer standard driving of its Synchro-Mesh Transmission to the fleet, frugal performance of its Valve-in-Head engine.

Come in—see and drive America's largest and finest low-priced car—Chevrolet for '51—the only car that brings you so many big-car advantages at such low cost!

PLUS TIME-PROVED POWER *Glide* AUTOMATIC TRANSMISSION

—proved by more than a billion miles of performance in the hands of hundreds of thousands of owners. *Combination of Powerglide Automatic Transmission and 105-h.p. Engine optional on De Luxe models at extra cost.

WEST OF THE BORDER—Though the threat of World War III is hanging over Europe and the world, there seems to be little evidence of tension along the West German-Russian zone border-line in such towns as Sattelbach, Germany, where this farmer plows his fields only 300 yards from the Russian zone. Other farmers, who have farmland in the Russian zone, require special passes to cultivate fields over the boundary. All are complacently resigned to the fact that tomorrow dreadnaughts of war may rumble over their crops.

What Fun!

Halfback Leroy Crawford shows his joy at carrying the pigskin 66 yards to a touchdown as the Blackshear Leopards of San Angelo, Tex. defeated the Douglas Panthers of Pittsburg 46-0 in a Negro Inter-scholastic League Class A quarterfinals football game. Note how he carries the football like a baseball. Making a futile effort to catch Crawford are Frank Wooten (52) and Odell Ladd (34) of the Panthers.—(P) Photo.

Lone Star 4-H'ers are National Champs

THREE Texas youth won 1950 national honors in the 4-H Tractor Maintenance, Dairy Achievement and Farm and Home Electric programs. Each received a trip to the 29th annual 4-H Club Congress held recently in Chicago, and a \$300 college scholarship.

Marcus Hoelscher, 20, of Rowena, won the tractor maintenance award, which was provided by Stanolind Oil & Gas Co. One of his main accomplishments was to save some 150 gallons of gasoline per year in operation of the family tractor on the 160-acre farm. Marcus attributes this savings to proper carburetor adjustment which he learned through his tractor project. A 4-H'er for eight years, he has won several awards, and was president of the county 4-H group. He also is junior leader of his local club. An outstanding record in the dairy achievement program brought high honors to T. G. Herring, Jr., 19, of Crosbyton. Also an eight-year club member, young Herring has made 176 dairy exhibits, and was high point man in dairy judging at Round-Up this year. He has won seven grand, eight junior and five senior championships. These activities are directed by the Extension Service of the State Agricultural College with USDA cooperating.

FAITH IN PHONES GROWS—With the American Telephone and Telegraph Company's announcement that there is now a record 4,000,000 phones in the world, Hollywood actress Faith Domergue decided to model one of the forerunners of today's compactly designed ring-allingers. The new total represents an increase of more than 4,000,000 telephones in the last year. The U. S. leads all countries with 40,709,399—more than all other nations combined.

Farmers Sound Capitalists, Nation's Economic Leaders

THE IMPORTANCE of the farmer in American economy was highlighted by Thos. J. Watson, International Business Machines Corporation Board Chairman, in his address to the New York Advertising Club when he was recently presented with the Club's annual bronze Plaque of Achievement. "Our farm assets total 127 billion dollars," Mr. Watson said, "and our farmers with their more than 90 per cent equity in their farms have the soundest capitalistic position of all." Mr. Watson described the farmers as having an influence on everything done in the United States—socially, economically and politically—because of their position. "Advertising has played a very important part in putting the farmers where they are," Mr. Watson added, "by proving through advertisements the value of farm machinery and how much the farmer can accomplish by farming in the right way. Some of the finest advertising today is in the farm papers and farm journals." The speaker also stressed the need for advertising to keep the American way of life before the people of the country. "We must always keep in mind," said Mr. Watson, "that when any individual or any country or any organization feels it has 'arrived' and gets complacent, it will not be very long before it will be going in the other direction."

Thomas J. Watson, Chairman of the International Business Machines Corporation, is increasing the number of schools and improving facilities for educating our young people. "Some 30 years ago, we were spending \$48 a student a year. As of 1947, we were spending about \$192 a student annually. This figure continues to increase. In the past two years we have added 155 new colleges and universities in the United States," the speaker said. The Advertising Club's award was bestowed on Mr. Watson by Andrew J. Haire, past president of the Club and president of the Haire Publishing Company. Last year's award recipient was General Dwight D. Eisenhower.

UNION

Several families spent the holidays visiting relatives and friends in other parts of Texas and other states. We are sorry to report that Mr. C. A. Paden had to be taken back to the hospital at Lamesa last week. We hope he will soon be at home again. Mr. R. H. Decker is still improving at his home after having suffered a heart attack on Dec. 11. Mr. and Mrs. J. T. Newsome and family have returned home from Kansas, where they visited Mr. Newsome's mother Mrs. Jeanetta Newsome and other relatives. Mr. S. V. Newsome of the Pool community made the trip with them. Those spending the holidays in the J. J. Gunter home were Mr. and Mrs. Bill Rowe and daughter of Lubbock; Mr. and Mrs. C. H. Britton and family of Gomez; Mr. and Mrs. G. W. Gunter and son of Brownfield; and Mr. and Mrs. Foy Gunter and son of Union. Others visiting in the Gunter home during the holidays were Mr. and Mrs. Roy Chambliss and daughter of El Paso, and Marcus Chambliss and Mrs. L. D. Chambliss of Brownfield.

Rev. Baldwin of Wellman filled his regular appointment at the Union Baptist Church Sunday. Mr. and Mrs. Bonnie Kay and family visited Mr. and Mrs. D. F. Gant and family and other relatives in Sherman. Mr. and Mrs. L. A. Scott and daughter spent the holidays with Mr. Scott's mother, Mrs. C. E. Scott of Tupelo, Okla. They also visited a number of other relatives while there. Edward Scott, Mr. Scott's nephew, came home with them and will attend school at Union. Mr. and Mrs. Henry Culler spent Christmas day in Post with Mrs. Culler's sister and family Mr. and Mrs. Nelson. Billy Earl Faught spent the holidays visiting relatives in Graham. Mr. and Mrs. Maurice Kerr visited relatives at Edmond, Okla. Mrs. Kerr's mother returned with them for an extended visit. Mr. and Mrs. Kerr are teachers in the Union school. Mr. Kerr is boys basketball coach. Craig Lewis former teacher at Union, visited friends at Union during the holidays. He is in service and stationed at Little Rock, Arkansas.

There was not enough moisture in November to wet a gnat's eyelash. There was a blizzard on the 6th of Dec. with a lot of "dry" snow that didn't have a drop of water to the carload.

ELEVEN MARRIAGE LICENSES ISSUED BY CLERK (Delayed) County Clerk H. M. Pyeatt issued 11 licenses to wed from the 18th through the 30th, which is far more than at any other like period in some time. They follow: Mike Dominguez and Miss Josefin Garcia, Thomas Arles Wartes, Jr., and Miss Gwendolyn Donmyer, Don Cates and Miss Donnah Jones, Lee Loftis and Miss Jayne Jobe, Victor Ray Herring and Miss Sherry Marie Harris, Barney H. Odum, Jr., and Miss Francis Smith. Carl Wayne Chambers and Miss Edwina June Whitaker, Freddie Howard and Miss Billie Hunt, Robert Gladway Buckley, Jr., and Miss Betty Jo Cox, Wayne Smith and Miss Geraldine Powell, Fletcher Hester and Mrs. Stella Louise Katz.

POOL NEWS Mr. and Mrs. Lavere Forbus visited the Montgomerys Sunday afternoon. Bro. Tom Morgan and wife spent Sunday afternoon with Mr. and Mrs. L. M. Waters. Wineth Duncan, Billie Dunn, and Alene Brown visited Betty and Nancy Howard after church Sunday. Leroy and Neil Barrier went home from church with Elvis and Marion Duncan Sunday. Mr. and Mrs. Horace Johnson visited in the Homer Dunn home Sunday. Mr. and Mrs. Earl McNeill of Foster and the James Gunn family of Brownfield and Freddie Howard and wife visited the Major Howards Sunday. Janice Brown visited Maureen Lewis Sunday. We were sorry to lose the E. E. Bramlet family. They moved to the Gomez community. Mrs. Joplin and Mrs. Trussell were in Lubbock Monday. Bro. Henry Fisher preached for us Sunday night.

ISRAEL CODE BASED ON U. S. LAW Tel Aviv—(P)—Modern American legislation for youth delinquency will probably be the model for a new juvenile code now being drafted in Israel. The completion of the code will take several years. The drafts will be discussed by law. The first, to be dealt with shortly, foresees abolishing the appearance in court of children who have been victims or witnesses of sexual offenses. The draft law proposes that such testimony should be given to psychologist only, who in their turn would forward it to the police or judges. Since they were first minted in 1866, the government has turned out 4,400,000,000 nickels.

The Past Year Had A Freakish Nature

The year 1950 will go down in history as one of the most freakish weather years in a long spell. In some places, the rainfall or moisture of one nature or another was almost normal; a few it was normal, around 18 inches. But there were some freakish storms, particularly in the Ropes area, that destroyed everything in sight—so late that it cut crops to a minimum. Then there was the case of one guy here in Terry. He had barely enough rain most of the time to keep his crops growing. Come September, the rain beat down, and 10 acres of his best cotton in low places was drowned out, even though more than waist high. Some was so deep in water you could barely see the tops. All the bolls rotted. Then there was the case of Bill Lyle's farm at Monroe, some six miles north of Lubbock. They had some 3 1/2 inches of rainfall in 1950 out there, although about normal at Lubbock. Bill says if he had not been hooked up for irrigation, he would not have made a stalk of anything. Here in Brownfield we fell some three inches short of the normal, which was perhaps about the county average. Being well distributed in the growing months, we made an average crop over the county. Month by month, we have the following: January 13 February 07 March 00 April 34 May 2.53 June94 July 4.87 August 1.67 September 4.31 October72 Nov.-Dec. 00 Total 15.63

Pioneer Couples Celebrate Golden Weddings

Recently this paper had an account of two Golden Wedding anniversaries. Both were pioneer couples in west Texas and Terry county. When one gets to studying about the matter, a half century is a long time for man and woman to look across the table at each other. But, if the business of marriage happens to be the real intent of the couple when the vows were made, the period is short. Jim Parks and wife moved to Terry county the same year the writer came here, 1909. The lumber in their first home was hauled out from Big Spring for their first home some 8 miles west of Gomez, on the old Plains road. They resided there some ten years, sold out and moved just over in Yoakum county, where they still reside. The Parks came here from Old Parker county, in the vicinity of Springtown. They have made Terry and Yoakum counties very fine citizens, and have reared two mighty fine daughters. The D. P. Carters came several years later, but they have been considered old timers now for many years. They came to the Plains, Floydada first, we believe, from central west Texas, and have like the Parks family stood for the moral and religious growth. We took a crack at D. P. lately by asking how it happened that a good woman like Mrs. C. could put up with him for 50 long years. He gave us a little grin, and cracked back: "I have often wondered about that, myself." Anyway, may each of these couples have many more celebrations of their wedding anniversaries.

Anyway, may each of these couples have many more celebrations of their wedding anniversaries.

CHURCH TO DO SOME EXPANDING The officials of the Crescent Hill Church of Christ have announced an expansion program for this year. A second program is scheduled to be built on a site recently purchased on the old Lamesa highway, in the southeast part of the city. According to their Bulletin that was mailed a week ago; they propose to build a brick and tile building to cost in the neighborhood of \$25,000, and finished some time this year. It was stated, that the Crescent Hill congregation was becoming crowded for room as the town grows, and that the new building would be handy for many members in south and east Brownfield.

VISITED RELATIVES Visitors over the New Year holidays here with their mother, Mrs. Mary Rhine, who is ill, were her sons, Claud, O. Z. and J. W. Rhine, and her daughter, Mrs. Viola Slade, of Bowie. The relatives also visited in the homes of Mrs. Leona Turner and L. A. Rhine.
