BROWNFIELD, TEXAS, FRIDAY, FEBRUARY 9, 1951

NUMBER 29

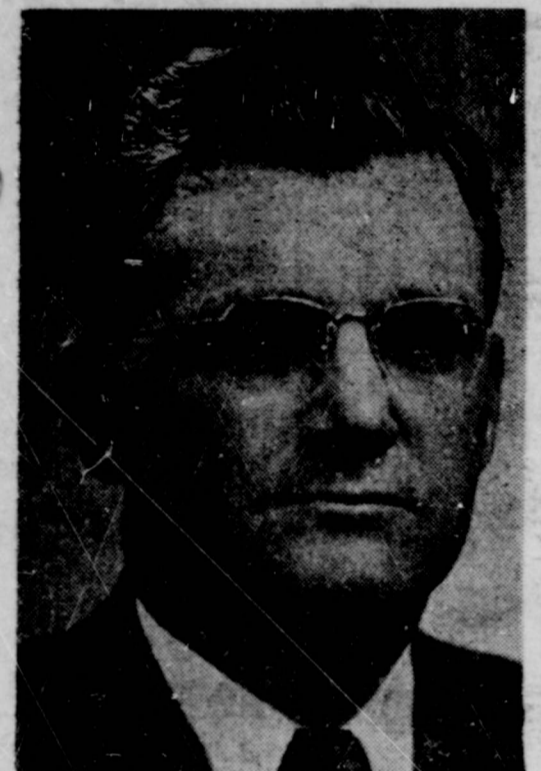

FURR'S NEW SUPER MARKET NOW OPEN

Just nine weeks and four days after a fire which totally destroyed a brand new building, occupied only one month, the new Furr Food Super Market, located at the corner of Cardwell and S. Fifth Streets, is having its formal reopening this week end.

This Furr's super market is one of the most beautiful super markets in the entire southwest, containing 12,420 square feet on the inside, with more than 20,000 square feet of parking area around it. The new store is an exact duplicate of the store which was totally destroyed by fire on December 3, only one month after its grand opening.

features to the shopper are curtain walling, revealing all shelving and refrigerated cases; public address system, furnishing the shopper with music all through the day; directory plan for each shopper; sea food departments, both canned and frozen; fancy foods department; diet department of health foods; 85 foot self-service refrigerated meat case; 43 foot case for fruits and vegetables, plus the usual tables for non-refrigerated produce; 24 feet of dairy products in refrigerated open style cases; and 24 feet of frozen food refrigerated cases.

New slim-line lighting, fluorescent type, is featured. The store

ROY FURR

DON FURR

Among the many attractions of the three-day long celebration of the opening of the new store this week end will be the presentation of Scout, a Shetland pony, to some person at 8 p. m. Saturday night. Also on the program for the opening are refreshments, souvents, musical entertainment, and other features.

The super market is 115 feet deep, with two huge doors on the front and other service doors for meats, produce and groceries. The store has 176 feet of self-service refrigerated cases alone. Attendants are on hand at all times to serve any special cuts of meats.

Completely self-service, the super market is designed for the shopping convenience of the housewife. The colors are a pastel combination on the interior, while the exterior of the building is decorative brick.

Some of the more attractive

"Vengeance Valley" Has All-Star Cast

Photographed in Technicolor against vivid backgrounds of the Colorado-Rockies, M-G-M's "Vengeance Valley," showing at the Regal Theatre, February 14-15, is one of the year's outstanding Western dramas. It has an all-star cast, an absorbing love story and trigger-quick action permeating every reel of its fast-moving narrative.

Burt Lancaster and Robert Walker personify the conflicting forces in a two-listed tale of two foster-brothers who have grown up together on a prosperous Colorado cattle ranch of the early West, with Lancaster playing Owen Daybright and Walker seen as Lee Strobbe. Owen has gotten the irresponsible Lee out of scrapes since their childhood days, and when the latter gets Lily (Sally Forrest), a local waitress, into trouble, Owen attempts to prevent Lee's wife, Jen (Joanne Dru) from discovering the truth. He also interferes with the attempts of Lily's avenging brothers to track down their sister's seducer. Lee, however, jealous of the friendship between his wife and foster-brother, persuades Lily's brothers that Owen is the man they are after, and the story's exciting climax takes place amid scenes of tense gun-play, ending with Owen's vindication.

Directed by the veteran Richard Thorpe and produced by Nicholas Nayack, "Vengeance Valley" highlights its savage frontier fights and cattle roundup spectacles against a realistic atmosphere of the West in one of its wildest eras. It is outdoor action drama at its best.

Area Chiropractors Meet Here Sunday

Brownfield will be host to chiropractors from 24 South Plains counties in district 3 of the Texas State Chiropractors Association when they meet at the Esquire Restaurant at 12:30 p. m., Sunday, February 11.

Dr. H. L. Spitzer of Lubbock, district president, will preside at the meeting. Other district officers include Dr. T. C. Tinkham of Big Spring, vice president; Dr. J. V. Miller of Plainview, secretary-treasurer; Dr. D. H. Jarrell of Plainview, state director; and Drs. L. B. Millsap of Lubbock, A. E. Hewitt of Plainview and R. D. Rice of Lubbock, district directors.

Lot Of Bugus Check Writers Lately

The Retail Merchants Association is warning local business men each week about bogus check writers, particularly on out of town banks. One of the favorites seems to be to give them on drilling concerns. Evidence is that the check books were stolen. In most instances, the license number of their cars have been obtained, and it should be quite easy for officers to check on the owners of the cars.

In the last week, five such "no funds" check writers have been reported, one of West Texas bank, Snyder, another on an El Paso bank, one on Brownfield State Bank and Trust Co., another on Lamesa National Bank; one to the Levelland State bank.

Still another guy is representing himself to be an agent of the US Chamber of Commerce. Also "Nation's Business," official publication of the US C. of C. He is not a representative of this organization.

Caution: Know the man who gives you a check, or the endorsers. Then there is a list of 16 names whose address is wanted, one of them a colored woman. Possibly they have strung out a number of "no account" checks.

Narrowly Escape Death From Fumes

Three members of a Brownfield family narrowly escaped death Thursday morning as a result of gas fumes in their home.

Recovering in the local hospital are John Portwood, his wife Hazel, and their son, Russell. Their daughter, Leah Dale, was in Galveston with members of the Brownfield High School band and chorus at the time.

The Portwoods awoke Thursday morning feeling ill and Portwood was able to reach a telephone and call a friend for help. The family was taken to the local hospital in Brownfield where attending physicians said they believed the family had been gassed. Their conditions are not critical.

Evident cause of the escaping gas fumes was due to a clogged vent in the heating system of the house.

C. Sterling Is New Country Club Head

Curtis Sterling was named president of the Brownfield Country Club at a meeting of the membership held Monday night. He succeeds Lee Brownfield.

Also named as vice president of the club was Jack Bailey. The men were chosen to the club board of directors to succeed outgoing directors Sam Privitt and Herbert Cheshir.

The meeting was preceded with a covered dish supper and the installation of new officers of the women's organization of the club. Those officers were Mrs. Prentice Walker, who succeeded Mrs. E. C. Davis as president; Mrs. Bill Williams, first vice president; Mrs. W. A. Roberson, second vice president; Mrs. R. N. McClain, secretary; and Mrs. Bob Clements, treasurer.

Brother Of Local Man Is Claimed

Funeral services were held February 2 for Murray William Nettles, 56, a farmer of the Lakeview community near Tahoka, who died in a Tahoka hospital at 3 p. m. last Thursday as the result of a heart attack suffered the previous week.

Nettles was a native of Jones county. He had lived in the Tahoka area for several years. He was the brother of Eugene Nettles of Brownfield.

Survivors include his wife; two sons, Harold and Ronald; three daughters, all of the Lakeview community; six brothers, including Eugene of Brownfield and Arthur of Ropesville; two sisters; and six grandchildren.

PALACE DRUG HAS STORE WIDE SALE

A store wide sale, which began Thursday, will be held at the Palace Drug Store, on the corner of Main and Fifth streets.

Among the many bargains to be found are well known brands of cosmetics, candy, household goods, medicines, and food products.

For some of the items listed on sale at the Palace Drug, your Walgreen Agency, consult their advertisement in this issue of the Herald.

New Steam Laundry To Open This Week

The Modern Steam Laundry, located at 905 Lubbock Road, will be open for business, this week, according to Wade Pearce, owner.

Constructed of tile block, the new laundry is equipped with the most modern equipment. All of the new machinery has safety features, which protect the workers from injury. Among the outstanding features of the equipment are the ironers, with separate machines for collar and cuff, yoke, bosom, and shirt folders. The equipment also includes special uniform, sock, and handkerchief, and flat ironers; large and small washers, tumblers, and dryers.

Pearce said that the new laundry will have pick up and delivery service.

H. C. Hester was contractor for the building, with the wiring contract held by Steele Electric Company, and the plumbing contract by Ballard Plumbing.

In an advertisement in this issue of the Herald, the public is cordially invited to go by and inspect the new Modern Steam Laundry.

Brotherhood Head Of Prayer Meeting

The Brotherhood is sponsoring the all-night prayer meeting at the First Baptist Church Saturday night. Though the men are sponsoring the prayer service each one is urged to choose one or more of the periods and enter into the meeting. There will be a general prayer meeting at 7:30 p. m. Saturday night and one at 9:10 Sunday morning. The chain of prayer begins at 9:00 p. m. Saturday. The schedule is as follows:

- 9:00—C. E. Rose—A. W. Turner
- 9:30—H. B. Grant—Lee Beard
- 10:00—Ike Bailek—Nathan Evans
- 10:30—Doc Lewis—Arlie Lowmire
- 11:00—Red Newton—Henry Newman
- 11:30—L. D. Cox—James Shepherd
- 12:00—W. D. Pearson, Andrew Cooper
- 12:30—Bill Neel—Odell Sears
- 1:00—Jim Bayless—Jake Geron
- 1:30—Hubert Colbert—Lester Buford
- 2:00—Stanley Miller—Norwood H.
- 2:30—C. E. Dennison—Chas. Auburg
- 3:00—J. E. Smith—Wayne Smith
- 3:30—Vernon Townes—Sid Lowry
- 4:00—James Fitzgerald—Walter Skiles
- 4:30—Bill Cope—Billy Moore
- 5:00—Melvin Moore—Harold Mulkey
- 5:30—L. G. Smith—Don Cade
- 6:00—John Jenkins—E. M. McBe
- 6:30—Clarence Powell—L. G. Chambliss
- 7:00—E. B. McBurnett—Everett Latham
- 7:30—Jess Smith—W. A. Bond
- 8:00—W. H. Waggoner—C. R. Riley
- 8:30—C. D. Wise—T. G. Sexton

Mr. and Mrs. C. H. Bush, Jr., Mr. and Mrs. T. A. Wartes, Sr., Miss Beverly Wartes and Miss Betty Holmes spent the weekend visiting Pvt. Billy Wayne Wartes who is stationed at Sheppard Field, Wichita Falls, Tex. Betty then left Monday for Dallas where she will enroll for second semester studies at SMU.

C. of C. Banquet Is February 15

Fred Husbands of Abilene, executive vice president and general manager of the West Texas Chamber of Commerce, will be the principal speaker at the annual Brownfield Chamber of Commerce banquet to be held Thursday, February 15, at 7:30 p. m. at the Esquire Restaurant.

Special musical entertainment will be furnished by a women's trio composed of Mrs. Grady Goodpasture, Mrs. Gerald Nelson, and Mrs. W. B. Cope. They will sing "Will You Remember," "Can't You Hear Me Calling, Caroline," and "Alice Blue Gown."

Tickets for the banquet are now on sale at the chamber of commerce office and at the Brownfield Coffee Shop for \$1.50. Wayne (Red) Smith, chamber manager, said that only 154 tickets will be sold to the banquet, and that no tickets will be sold at the door. He urges persons planning to attend the banquet to get their tickets early.

Representatives of chambers of commerce from Lamesa, Tahoka, Littlefield, Seminole, Seagraves, Denver City, Post, Morton, Lubbock, Levelland, and Big Spring are expected to attend the banquet. Also expected to attend is Homer Grant of Lubbock, a member of the board of directors of the WTCC.

Preceding the banquet will be a conference of area chamber of commerce managers. The conference will be held at 5 p. m. Thursday in the new Brownfield High School building, with Husbands directing the meeting.

Ballots Go Out For C. of C. Directors

Ballots will be mailed on or before February 15 for the selection of seven new members of the board of directors for the Brownfield Chamber of Commerce, according to Wayne (Red) Smith, Chamber manager.

Names included on the ballot are Harmon Howze, Clyde Wilson, Johnny Kendrick, Joe Shelton, Bruce Zornes, Murphy May, K. D. Adams, Mary Ballard, Virgil Travis, John Odell, Harold Denton, Ernest Latham, Abel Pierce, and Bill Hefflin. This is the first time in the history of the organization that a woman's name has been submitted for election to the board. Miss Ballard is owner of the Gore Fashion Shoppe here.

Members who will go off the board this year are Virgil Crawford, A. M. Muldrow, James H. Dallas, Prentice Walker, Herbert Chesir, Lee O. Allen, and Conrad Vernon (unexpired term).

Ballots are to be marked and returned to the chamber of commerce office by February 27, Smith said. Following election of the new members, new officers will be elected at the first board meeting. A. M. Muldrow is president of the organization, and Doug Jones is vice president.

Other board members are Buddy Teague, Grady Goodpasture, John Portwood, Jones, Dr. W. A. Roberson, Tess Fulfer, Leonard Lang, and C. L. Aven, Jr.

Oil News This Week, If Any

Well, here we go again this week with the oil report, and as far as we can see from this point, it's not too exciting. In fact, we are caught off balance this week. The wells are either just short of the butter, or they are just spudding in. There is one on the extreme south part of the Adair field, near the line of Terry and Gaines counties that is probably a failure, unless something was encountered back some 3000 feet shy of what the depth is now.

But they have had very few failures so far in that field. In fact, this is the first to the best of our knowledge. True some have been rather weak sisters, but producers, and none so far are pumpers. They all flow, more or less oil, but flow. That is becoming quite some oil field. Scattered around in that area in both Terry and Gaines, is a San Andres field of comparatively shallow wells, but most of the productive area has long since been drilled out.

The deeper Wolfcamp part of this field has some 12 or 15 wells that produce from some 350 to 1100 barrels per day. To the east of this field, in a formation even deeper than the reef wells at Wellman and Brownfield, there is one lone rig up. And so far as we have ever observed, there never has been but one. But they always seem to get a producer that flows.

A new test is getting ready to start some five miles a bit north-east of town. The location is out some five miles on the Tahoka road, and a mile north. The A. R. Brownfield well some ten miles southwest of town and the Turner well near the Carbon Black plant on the Seagraves highway are getting down where the reef should be. So far as we can learn none of the wells drilling in either the Wellman or Brownfield pool areas, are very near the pay.

So, folks, that is about all for this time. Hope to report some producers and no abandonments in our next report. But before closing, we want to register a protest. Why don't our oil wells stink? We never have smelled one of the dagdummed things.

Last Sunday, when leaving Snyder, we had a good, farewell whiff, and the odor was plenty strong through the Welch fields. But when we passed the South Brownfield, there was not a bit of odor.

Why don't our wells act like other oil wells, so that strangers would know we had an oil field?

FFA CLUB WILL MEET MONDAY

The Brownfield chapter of Future Farmers of America will meet at 7:30 p. m., Monday, February 12, in the Agriculture room of the new high school, according to Lester Buford, sponsor.

Honoring FFA Week will be the theme of the program, which is being prepared by the first and second year VA boys.

TILE FLOOR ADDED TO CHISHOLM GROCERY

Since moving into their new quarters at Broadway and Fifth, the Henry Chisholm Grocery has been making many improvements that add to the beauty as well as the utility of their place. Their latest is a beautiful pattern of asphalt tile flooring.

The three small business homes that are being built on the south of the grocery, all facing Fifth, will soon be ready for occupancy. As stated previously, one of these will be occupied by a cafe, but have not learned what will occupy the other two.

Warren & Ricketts Open Grocery Store

Warren & Ricketts opened a small grocery Monday at First and Broadway. There will be a formal opening, however, Saturday, Feb. 17th. They just took up where Furr left off when they moved into their new building.

Three grocerymen made the best trades we have heard of lately. Warren & Ricketts bought out the Handy Andy store, and aimed to have opened around the first of December. But when the Furr Store burned, they had compassion and let them move in. Handy Andy invoiced his stock to Furr, and when Furr moved out the past weekend, they in turn invoiced to W. & R.

So, no stocks or fixtures had to be moved or stored, and everyone was satisfied. James Warren will continue to run the W. & R. Service Station as well as Cosen wholesale at the juncture of Lubbock and Tahoka roads.

We called Monday noon, and was presented a dime box of Garrett Sweet chewing snuff, and J. B. promised to keep our brand on hand. Only catch is we must either have the cash, or get J. O. Gillham and Dick McDu. He OK us for a few groceries.

Seriously, we predict Ricketts Grocery will do a good business.

WORLD PREMIERE TO MARK REGAL OPENING

Marking the opening of the new \$150,000 Regal Theatre, the newest of the Jones Theatres in Brownfield, will be the world premiere of M-G-M's "Vengeance Valley", on Wednesday, February 14.

Mrs. Ethel Jones Howze, owner of the Jones Theatres, and Sammy Jones, general manager, have announced that the new Regal will be dedicated to the late Earl Jones, founder of the theatres here.

Picking up tones from the leaf patterned carpet, which covers the lounges, lobby, and aisles in the theatre, the walls and ceilings throughout the building are painted in rose-brown colors. Drapes are of gray and beige colour.

Contractor for the theatre was J. R. Givens Construction Co., Lubbock, and the architect was Raymond F. Smith of Dallas.

Jones and Bynum operated the theatre in the Legion Hall from 1922 until 1923, when they leased the building where the Ritz Theatre is, and operated under the Pastime Theatre. The present Ritz Theatre was built in 1924, and at that time the Pastime was closed. The theatre was re-opened in August, 1935 and was named the Ritz Theatre. Jones purchased the interest of Bynum in 1932, and built the Ritz Theatre in 1937. Jones died in 1939.

Hiram Parks, Lubbock theatre man, leased the theatre in 1945 and operated them until January 1, 1950, when Sammy Jones became general manager.

Theatres operated by the Jones Theatres are the Regal, Rialto, Rio, Rustic, and Ritz. The Ritz Theatre was closed permanently last Saturday, and the Rio Drive In, formerly the Hi Ho, which Mrs. Jones purchased in 1950, has also been closed for the season.

The management of the Jones Theatres cordially invites the public to attend the opening of the new Regal Theatre and, in thanking them for their patronage, expresses the hope that the Jones Theatres in Brownfield will continue to give the public the best in entertainment.

curve of the body, intercommunications system; and cove lighting throughout.

The spacious lobby boasts a concession stand in the center, with modern lounges and rest rooms, as well as store rooms and the business office, leading off the lobby. The drinking fountain in the lobby features a side "bubble" for the convenience of small children. Three circle covers light the lobby.

MARCH 12 DATE SET FOR HIGH SCHOOL DEDICATION SERVICES

March 12 has been set as the date for dedication of the new Brownfield High School building, according to information received from O. R. Douglas, superintendent.

Open house will be held from 6 p. m. until 8 p. m. on that date. Douglas said, with the formal ceremony beginning at 8 p. m.

Dr. J. W. Edgar, state commissioner of Education, will deliver the dedicatory address. Although plans are not complete, Douglas

said that S. P. Cowan, formerly superintendent here, will be present for the ceremony, and will introduce Dr. Edgar. Cowan assumed his duties February 1 as superintendent of public schools, in Temple and president of Temple Junior College.

Douglas said, also, that members of the school board and other dignitaries will participate in the formal dedication services.

During the open house, school officials are tentatively planning to have the Brownfield High School band and chorus perform in the auditorium.

Miss Wanda Terry and Miss Dorothy Smith, heads of the homemaking departments of the schools, will be in charge of refreshments.

The student council, of which Dale Cary is president, will conduct tours through the school at open house. Mrs. J. D. Miller, is council sponsor.

Invitations have been sent to schools in the area to attend the open house and dedication ceremony, and Douglas said that citizens of Brownfield and Terry county are cordially invited to attend.

School Of Missions Will Be Next Week

The Baptist Churches in the Brownfield Association are having a School of Missions next week. There will be 19 missionaries in the Association and a different one speaks in each church each night. Several will be speaking in the two Sunday services. Mission classes for the various age groups will be conducted for forty-five minutes each evening, then a missionary will bring the message.

The missionaries to be here are: Rev. and Mrs. Finley M. Graham-Israel, Rev. and Mrs. Aaron W. Hancock, missionaries to the Indians in Oklahoma, Dr. and Mrs. T. C. Bagby-Brazil, Dr. J. C. Pool-Africa, Rev. and Mrs. A. W. Luper-South America, Rev. W. L. Cooper-Argentina, Misses Lielie Mae Hundley, Hannah Fair Sallee, Helen McCullough, Josephine Ward, Rev. W. L. Cooper and S. B. Sears, all from China, Misses Vena Aquillard and Bertha Wallis, field workers for the Home Mission Board, and Dub Jackson, mission volunteer to Japan.

A cordial invitation is extended to the public to hear these missionaries speaking in the churches next week.

FFA Boys To Enter Whiteface Tourney

The Brownfield Chapter of Future Farmers of America has entered the invitational tournament being sponsored by the Whiteface FFA this week end.

Local members who play in the tourney are Dennis Beadles, Olan Chambliss, Glenn Reid, Claude Cybert, John Burrows, Orville Miller, Bill Wood, Clarence Patterson, and Byron Wise.

Glenn Paden is coach of the team, and Gerald Rowden is manager. Prizes of \$15, \$10, and \$5 are being offered the top winners.

BROADWAY NAMED MOST DANGEROUS STREET IN CITY BY POLICE DEPT.

Broadway was named the "most dangerous street" in the city by the Brownfield Police department in a partial traffic report, from January 1 through January 31. Officials said that statistics show that, since January 1, there have been eight traffic accidents on Broadway. Total accidents since the first of the year is 13, but officers pointed out that this total is only the number reported to the police, and doesn't include unreported accidents or accidents investigated by other departments.

Of the eight accidents occurring on Broadway, three have been on Broadway at South Fifth streets, three on Broadway at South First Street, and one each on Broadway at the new high school and at South Eighth streets.

The other five accidents, occurred, one each, at Main and South First streets; South Eighth at Tate; Lubbock Road at Ross; Seagraves Road at South Eighth; and Hill and North Fourth Streets. South Eighth Street was named

the most dangerous street in personal injuries, with one person injured.

An incomplete, but approximate report shows that, since January 1, the most dangerous day for traffic accidents is Friday, with three of the 13 accidents occurring on that day. Next most dangerous days are Tuesday and Wednesday, each credited with two accidents; and the other days credited with at least one accident.

Surveys show that accident peaks come in the late afternoon and early evening, at the noon hour, and the early morning rush.

Officers said that the following frequent violations are the main cause of accidents: failure to grant right of way, 2 accidents; failure to stop at stop signs, 2 accidents; improper turn from wrong lane, 2 accidents; passing at intersection, 2 accidents; following too closely, one accident. Officers said that these are incomplete totals.

Of the 13 reported accidents occurring since the first of the year, only one injury has resulted, and no fatalities. Total property damage was set at \$3500.00 which makes the cost of the average accident since January 1 \$270.00.

Rites Held For Traffic Victim

Funeral services were held at 2 p. m. Feb. 1 in the First Baptist Church for Buford Bradley, 27, who died in a Reese Air Force Base hospital at Lubbock the previous Thursday as a result of injuries received in an accident near Lubbock Monday.

Buford was involved in a two-car automobile crash late Monday near Lubbock which also took the lives of Mr. and Mrs. J. W. Kenney of Ronesville.

Services were conducted by Rev. Fred Stump, pastor of the church. Burial was in Terry County Memorial Cemetery, under the direction of the Brownfield Funeral Home.

Survivors include his wife, Wanda; his parents, Mr. and Mrs. Bud Bradley of Shreveport, La.; and a brother, Robert E. Bradley.

stationed in Washington, D. C.

Mr. and Mrs. Doug Jones and Mr. and Mrs. Wayne (Red) Smith attended the annual Chamber of Commerce banquet in Littlefield Tuesday night. Smith is manager of the Brownfield Chamber of Commerce and Jones is second vice president of the organization.

Neill H. Wright, district representative of the Southland Life Insurance Co., was a business visitor in our city this week. Neill wrote our first policy with the Southland in 1914. At that time he was one of the young bloods of the Hub town, and he has been very instrumental in the growth and progress of Lubbock. He nearly always pays us a friendly

2395 POLL TAXES PAID THIS YEAR

Total poll taxes paid this year in Terry County, as reported by Herbert Chesler, county tax collector-assessor, were 2395, as compared to 3314 last year.

Collections of ad valorem taxes, as a whole, Chesler said, were "very good" however. He estimated that 95 percent of the taxes were collected.

Meanwhile, new 1951 automobile license tags went on sale Thursday, February 1, and Chesler said that sales were "active". The new tags must be on the automobiles by April 1.

Fine-Fibered Plains Cotton Found Good

AUSTIN—Finer, fibered, Texas High Plains cotton has definite market advantages over certain higher-priced types a Cotton Research Committee of Texas report, published at the University of Texas reveals.

The preliminary study, by University and Texas Technological College scientists, shows where each High Plains variety is planted, what its specific fiber properties and spinning values are and the relationship between its properties and rainfall.

The report also shows the amount of High Plains production in the last decade.

Specifically, researchers found that some High Plains finer-fibered cotton, when made into yarn and cloth, resulted in a product with strength equal to or greater than like samples of coarser, higher-priced cotton.

Also they found High Plains cotton tested as well in many cases as higher priced cotton when fabricated into coarse goods such as duck, drill, and sheeting.

The investigations included cotton grown in Gray, Deaf Smith, Farmer, Castro, Swisher, Briscoe, Bailey, Lamb, Hale, Floyd Cochran, Hockley, Lubbock, Crosby, Terry Lynn, Gaines, Dawson, Martin, Howard and Midland, Counties.

Jesus Prayed for Peter, Who Was Unpredictable

THERE are some men whose characters and actions are as unpredictable as New England weather. Others are so settled in their ways that their attitudes and actions in any given situation could be easily predicted.

Peter was of the former sort. Within him were great forces and possibilities for both good and evil. He was at once a model of humility, a swaggering braggart, a courageous crusader and a weak-kneed repenter.

It was, perhaps, because of his impulsive nature that Jesus playfully chose to call Simon, Peter, meaning a rock. As we well know there was nothing rocklike about Peter's personality.

"Simon, Simon," said Jesus, "Satan hath desired to have you that he may sift thee as wheat; but I have prayed for thee, that thy faith fail not; and when thou art converted, strengthen thy brethren."

So Jesus prayed for him and that was the source of Peter's power.

Yet something went amiss for the Peter who had boasted that though all men might destroy Jesus, yet would not he, thrice denied that he knew Jesus.

The Peter who stood up on the day of Pentecost and preached the bold and courageous sermon which saved three thousand later wept bitter tears of shame.

The Peter who defied his enemies with the simple words, "We ought to obey God rather than men," later found it necessary to assure his Lord that "Thou knowest all things; thou knowest I love thee."

Yet, with all of his inconsistencies, faults, and defeats at the hands of temptation, Christ prayed for Peter.

What greater inspiration could we ask than to know that Christ prays for all Peters everywhere? And that Peters everywhere can become truly rocklike by seeking their own answers in prayers.

THE BROWNS DISCOVER HOW TO GIVE OLD RECORDS A REAL "BREAK"

DON'T WORRY, MR. SMITH... THEY ARE OLD OUT-OF-DATE RECORDS

THEY MAY BE OLD, BUT BRING 'EM OVER TO MY HOUSE IF YOU WANT THE SURPRISE OF YOUR LIFE!

New in Style - New in Structure - New in Power - New in Thrift - Potent in Price Appeal - It's the 1951 BUICK SPECIAL!

HERE is good news for folks with a shrewd eye for what their dollars will buy.

Here is a tidy traveler that defies the upward trend of costs—proudly wears a 1951 price tag like that which zoomed last year's SPECIAL into popularity so great that it put a crimp in "the low-priced three."

Take our word for it, this is every inch and ounce a Buick—Buick-featured, Buick-designed, Buick-built from the ground up—but literally the newest thing on wheels.

The sturdy and ample body is new. The high-strength frame is new. The power is new to the SPECIAL, which now has the thrifty F-263 engine that first made its name in the SUPER, and here delivers 120 horsepower with standard transmission—128 with Dynaflo Drive.*

It's a Buick with less weight and more power—and that spells a pair of new thrills for you. There's a performance thrill such as you've never enjoyed in the SPECIAL—plus a handsome gas-saving into the bargain.

We'll make a prediction now as to what title folks will give it, once they get it out on the road; that title, in three words, will be: "Thriftiest Buick Yet!"

Better hurry around to your Buick dealer's and look this marvel over. We'll give you another prediction—which is: Once this one's discovered, the demand will be terrific.

No other car provides all this:

Dynaflo Drive • Fireball Power • Torque-Tube Drive • Dual Ventilation • Push-Bar Forefront • Dreamline Styling • White-Glow Instruments • 4-Wheel Coil Springing Body by Fisher

*Standard on ROADMASTER, optional at extra cost on other Series. Standard equipment, accessories and trim illustrated are subject to change without notice.

Contract Let Monday For Courthouse Work

Walter Droemer of Giddings was awarded the contract for the new addition to the Terry county courthouse when commissioners court met Jan. 23 at 10 a. m.

The main contract was let for \$229,706, allowing 170 working days, with approximate date of completion to be November 5, 1951. Construction is expected to begin within 30 days.

The four floor 46x80 addition will be built east of the original building and will include a new jail, new court room, jury room, offices, and rest rooms. The new jail will cover the new fourth floor addition and includes a non-stop elevator from the ground floor to the jail. In the basement addition will be a county court room and rest rooms on the north side and county clerks' offices on the south side. The county clerk's side of the first floor addition, and the tax collector having the north side. The second floor addition will include offices for the justice of the peace and the district clerk and a jury room.

Of the \$229,706 bid, \$28,366 will be for the jail, \$14,500 for electrical, \$34,800 for heating and plumbing and \$152,034 for the main structure including \$940 for the brick siding.

The above figures compare, as follows, with the cost of the original building: total cost, \$93,600; jail, \$5,000; electrical, \$2,500; heating and plumbing, \$7,000; main contract, \$78,600.

Only one other bid was submitted for contract for the addition.

A Trip To See Our Wife's Kin Folks

While we always say we make a trip to Coahoma to see our wife's kin folks, we are always just as anxious to make the trip as the wife. We know that we will be well entertained and that the old table will be loaded with our choice viands. Found sister and daughter, Miss Letty Nell, at home, and feeling fair after the freeze, with a minimum of bursted pipes.

That night while listening to the Gladiola Country Store Gang, Rosetta announced that we'd have Gladiola biscuits for breakfast, and we did, along with good country sausage, butter, jam, and even Howard county honey. That was one morning that we did not just eat oats and drink coffee. Had a great time and we here and now promise that good lady and her charming daughter to visit them more often.

A Short Visit To Snyder

Being as it was only 50 miles out of the way, the distance from Coahoma to Snyder, we decided to make a short visit with the kids and the little granddaughter, Miss Sara Beth. So, we left Coahoma about ten, and upon arrival in Snyder found the house empty but a fire going, so we just settled down knowing they were just out in town. The daughter was at church where we should have been.

Anyway, we had a good noon repast after all got in, and we had plenty time for a shazzy nap. Snyder, as well as Snyder, are preparing for a big party program, come this Saturday, and mer, which they very much need. As we are stopping the night up this weekend for a lot of birthday celebrations, we pulled out for home about 4:30 P. M.

Herman was 40 Sunday, and that is the time, he said, when "Li' Bessie" Edith will have a birthday the 10th, and the Mrs. and grandson, Jack Taylor, the 14th. So, the 11th was chosen as the middle ground for all the birthday celebrations, at the old homestead.

Pvt. A. C. Oliver At Fort Hood

Private Asa C. Oliver, son of Mr. and Mrs. Asa A. Oliver of Route 1, Brownfield, Texas, has been assigned to a unit of the famous 2nd Armored Division at Ft. Hood, Texas, for training.

Along with the above announcement was a picture of A. C., and it would have looked more natural if he'd just had on his farm clothes instead of a uniform.

By the way, A. C. had a stretch during the other war, and we just supposed he had enough arm-ying. Evidently not.

Mr. and Mrs. Edna Scott are vacationing this week at San Antonio.

Capt. and Mrs. W. M. Henderson of Houston visited her cousin, Mrs. alter Grady and her husband, Mrs. Lee Allmon, last weekend. Capt. Henderson returned to the west coast last week from a tour of duty with the Navy in South America, and the couple were enroute to Houston from the coast.

Applications Taken For FEA Clerk

Applications are now being taken for the position of Assistant County Office Clerk in the Brownfield Farmer Home Administration office. The starting salary is \$2450 per year.

The applicant selected to take the Civil Service Examination must be able to type 40 words per minute and have some office experience. The examination will be given in Brownfield at an early date. Any person interested should contact the Farmers Home Administration Office which is located in the basement of the Post Office building.

Vet Administration Is Wanting Doctors

An urgent appeal for doctors and nurses was issued this week by Dr. L. B. Andrew, Manager of the Big Spring Veterans Administration Hospital.

The manager said that the hospital is not operating at full capacity because of inability to obtain sufficient doctors and registered nurses to staff all beds. Immediate plans call for opening of an additional ward in the recently activated hospital, as soon as enough professional personnel is available.

Dr. Andrew said that nurses' salaries range from \$3,400 to \$5,400 per year depending upon experience, education and training. Doctors' salaries also vary with qualifications.

Application forms are available at any major VA installation. Completed application forms should be sent direct to the Veterans Administration Hospital in Big Spring.

Eighteen New Cars Registered Last Week

They are still buying new cars in this man's burg. Eighteen of them went to new owners last week, and they were registered with Tax Collector-Assessor Herbert Chesshir, all being the new models.

Southwestern Associated Telephone Co., Chevrolet, Rufus W. Dill, Ford; W. L. Blackwell, Chevrolet; Ralph E. Johnson, Chevrolet; Earl Jones, Chevrolet; R. N. Lowe, Buick; J. M. Teague, Chevrolet; Ralph E. Johnson, Chevrolet; Mansfield Thompson, Ford; Clarence Lewis, Buick; T. L. Treadaway, Buick; O. R. Moore, Mercury; R. W. Horton, Plymouth; Don C. Day, Nash; Kathy Marchbanks, Buick; Russle L. McKenzie, Buick; W. T. Davis, Plymouth; and G. M. Newsom, Ford.

Mayor Primm Plays Trick On Old He

Went up to the Primm Drug this week as we do each PM to get our Sharley Shurnal Guy's Evening Journal. Saw some one sneaking up back of the counters, with his head low as if hunting wild turkey in the brush. And before we could yell "fourteen," our paper was handed out from the track.

For years now, we have been a monthly customer for a copy of the Evening Journal, and formerly they would put a number on them, and our's was "fourteen." So we formed a habit of yelling "14" by the time we hit the door. He was just trying to break up from the habit, we guess.

But several years ago, it caused some confusion. The bus customers were in for a fountain drink, as the bus stays here some 15 minutes. They got "fourteen" and "fourteen" mixed, and made a rush for the bus when we yelled. Since that time we tried to modulate our voice some, especially if a bus was standing out in front.

South Plains Stands 2nd In Farm Income

AUSTIN — Farm cash income in Texas totaled \$1,622,553,000 in 1950, sliding 13 per cent from \$1,860,722,000 in 1949, the University of Texas Bureau of Business research reported.

Farmers in the Black and Grand Prairies had the largest dollar income in 1950—\$255,280,000. Southern High Plains with \$245,461,000 and Red Bed Plains with \$219,545,000 ranked second and third.

All crop reporting districts, except three, reported yearly declines in farm cash income. In 1950, increases were in Edwards Plateau, 22 per cent; Texas Pecos, 13 per cent; and Coastal Prairies, 3 per cent.

Mrs. J. K. Aplewhite of Tahoka visited her daughters, Mrs. Sam Privitt, and Mrs. Prentice Walker, and families Monday.

Westex Chamber Has New Dept. Head

ABLENE — Fred Husbands, Executive Vice President and General Manager of the West Texas Chamber of Commerce, today announced that appointment of James F. Melton as Manager of the organization's Taxation and Legislative Department. He will also assist in performance of all other services offered by the organization, including community level activities.

This appointment represents the second expansion of staff personnel by the West Texas Chamber in the past 30 days. Husbands said.

"Our Board of Directors wants an outstanding program for West Texas and we plan to secure the best staff personnel available in order to carry out the mandates of our board," he said.

George Logan, formerly agricultural director of the West Texas Chamber of Commerce, affiliated with the West Texas Chamber of Commerce on January 1, 1951.

tion W. In fact, one firm up in Wisconsin has already been indicted and a judgement obtained. The Federal Reserve System is asking the press for as much publicity as possible, so that other firms over the nation may save being embarrassed by prosecution for violation of this regulation. As most people already know, this regulation W applies to electrical appliances and such like. The regulation says that not less than 25 percent must be paid down in cash and the balance in 15 months.

Texans In Washington

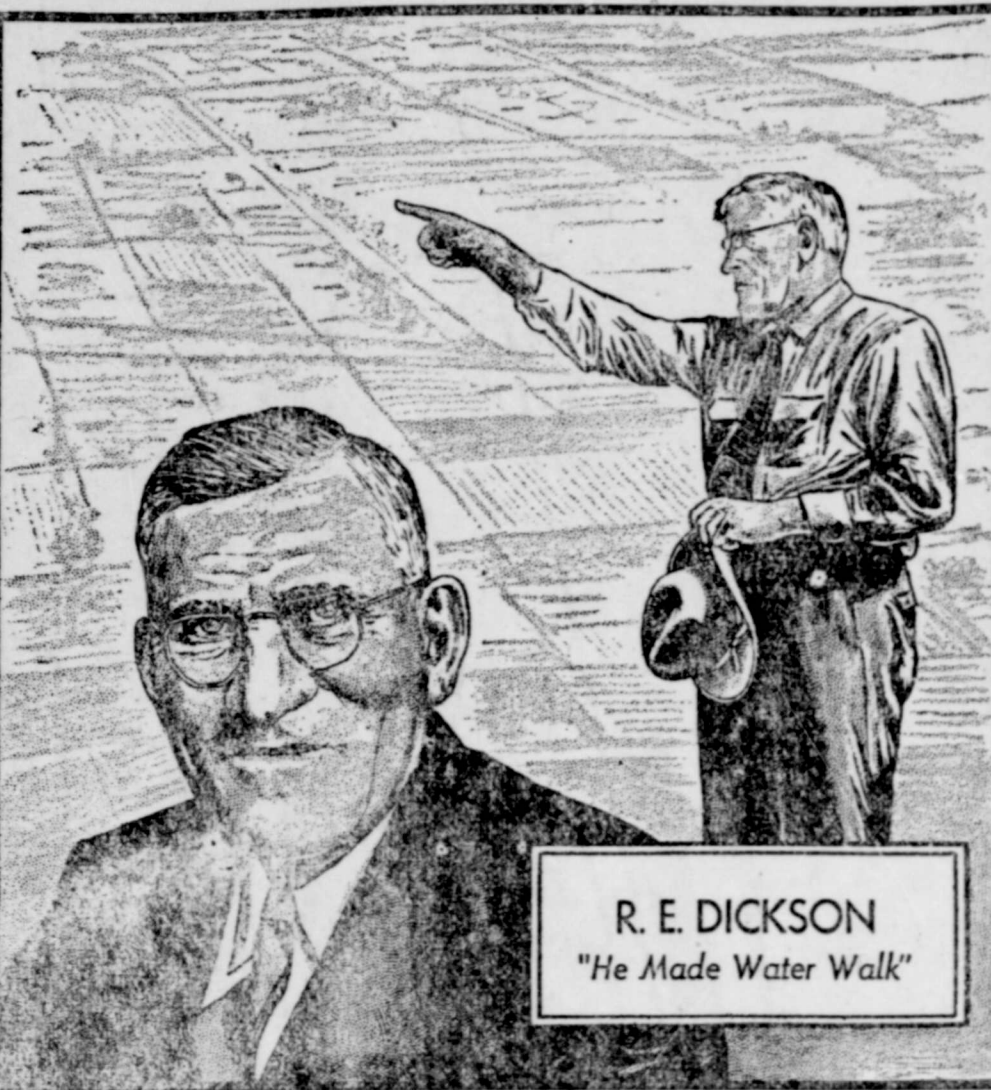

By Tex Easley
AP Special Washinton Service
 WASHINGTON — (AP) — Senator Lyndon B. Johnson checked up this week and found that in the current fiscal year ending June 30, Texas will have received about \$125,000,000 (M) in Federal grants under various programs.
 The figure doesn't include millions of dollars spent on flood control and navigation projects in the state. The estimated allocations for the year ending June 30 are about the same as those made in fiscal 1950, which ended last June 30. The amount in 1950 was about five percent over the figures for fiscal 1949.
 The old age assistance program accounted for the largest portion. Texas' allocation for the current fiscal year for this program is \$60,035,000 (M). The 1950 allocation was \$59,889,464, in 1949 it was \$55,067,370.
 The second largest allocation was \$25,583,720 for highway construction. The amount was \$23,564,810 last year and \$30,330,613 in fiscal 1949.
 Third largest federal-aid allocation was \$8,190,000 for aid to

Mrs. J. D. Rogers Claimed Tuesday

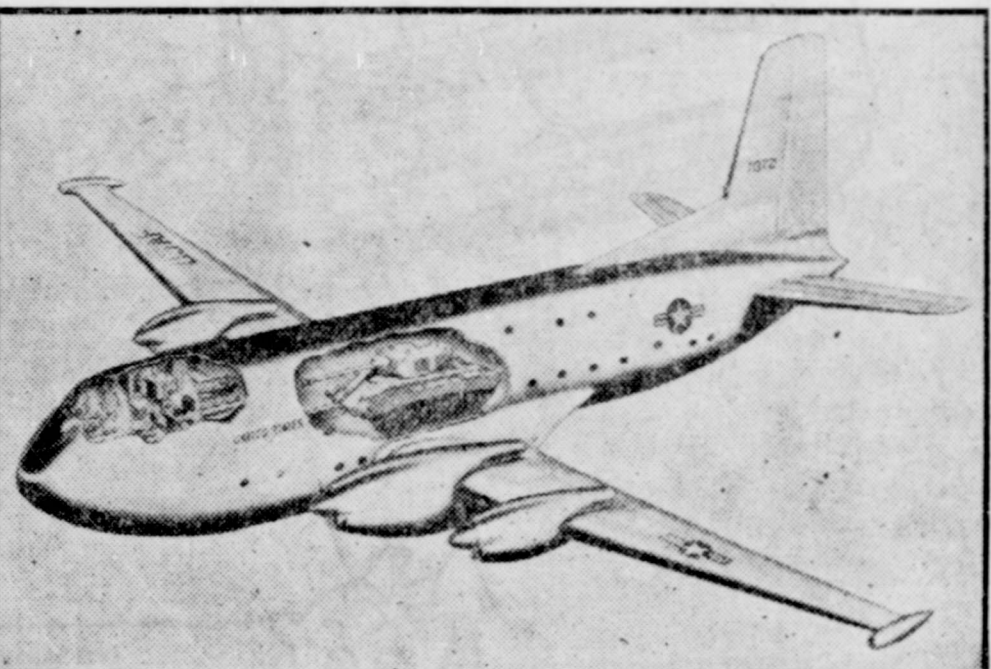

Funeral services were held in the Crescent Hill Church of Christ here at 4 p. m., Jan 31 for Mrs. J. D. Rogers, 78, who died in the local hospital Monday following a short illness.
 Services were conducted by Jimmy Wood, minister of the church. Burial was in Terry County Memorial Cemetery, under the direction of Brownfield Funeral Home.
 A native of Alabama, Mrs. Rogers moved here five years ago from Roswell, N. M.
 Survivors include her husband; a daughter, Mrs. Mary Conell of Brownfield; six sons; two brothers; 20 grandchildren; and 20 great grandchildren.
 dependent children; the amount last year was \$6,896,904, and in 1941 it was \$8,159,039. All other allocations for Texas were below \$5,000,000 except that of \$5,934,046 to the Unemployment Compensation and Employment Commission.

Texas Venture
 In Education • 1876-1951
 Our first state college—Texas A. and M. is now in its seventy-fifth year

On the rolling plains of West Texas, where an annual average rainfall of 20 inches creates the most serious problem for agriculture, Ray E. Dickson will be long remembered as "the man who made water walk." In his 36 years as superintendent of the Texas Experiment Substation at Spur, this Texas A. and M. researcher led the way to full use of the country's precious rainfall through development of syrup-pan terraces. He learned and then preached that the rainfall of the plains country was sufficient, if properly conserved. He proved that water conservation is the quickest way to soil saving. On the basis of his pioneering much of the work of the national Soil Conservation Service was established.

TANKS VIA AIR EXPRESS—This is an artist's conception of the turbo-prop powered YC 124B heavy transport the Douglas Aircraft Company has contracted to build for the Air Force. Capable of carrying a light army tank, the 22,000-horsepower sky giant is scheduled to roll off assembly lines at Long Beach, Calif., in the spring of 1952. In the cut-away view of the cabin, note the bunks built to accommodate crew members.

Behind The Scenes

BY REYNOLDS KNIGHT
 NEW YORK — Manufacturers and retailers around the country are getting more sensitive about their manpower supply. Complaints of "pirating" by competitors are being heard in some areas. The Chamber of Commerce in some communities is essaying the role of peacemaker and is urging business not to encourage job-hopping.
 Local TV shows are beginning to be built around programs for recruiting key men for essential jobs. In one city a bank-sponsored panel of experts interviews applicants during the program and their prospective employers in the area telephone in to contact job seekers. The program claims a high batting average for placing men in key jobs.
 Vocational training of women is rising and in some trade schools the fair sex constitutes a fifth of the class.
 All of which means business is now recognizing that its stockpile of man and womanpower needs attention. The upping of draft requirements to higher age brackets and into so-called 4-F classifications spells a tighter labor market.
 As a sidelight on this situation, there is a greater demand by industrial companies for experts in management and business administration who can install work simplification methods. Some companies are considering doing away with certain operations and products that do not return a satisfactory margin of profit, believing the time is at hand to concentrate on those activities that clearly ring the cash register.

SHIVERS GREET'S ECONOMY COMMISSION DIRECTOR

Dr. Stuart A. MacCorkle (left), head of the University of Texas Institute of Public Affairs, is congratulated by Governor Allan Shivers on his selection as executive director of the Texas Economy Commission. University regents have granted Dr. MacCorkle a leave of absence to direct the commission's research into the Texas state government and present a reform program of efficiency and economy.

Announcing...
New DODGE "Job-Rated" Trucks

The trucks that do the most for you!

More powerful than ever! Dodge now offers you the most powerful "Job-Rated" trucks in Dodge history! Eight engines—94 to 154 horsepower—with power increases as high as 20%!
 You get the right power for your job... in the finest performing trucks that ever carried the Dodge name! Yet these new Dodge "Job-Rated" Trucks are priced with the lowest!

NEW! Smarter styling! New beauty combined with massive, rugged appearance. New hood line for better road visibility. Roomy new cab interiors in contrasting colors—new comfort with redesigned seats.

NEW! Easier handling! Shorter turning diameters than ever before—for even greater maneuverability! More convenient steering wheel angle for greater driving comfort. New worm-and-roller steering gears for easier steering—plus all the ease-of-handling features that made Dodge "The Choice of Champions" in the 1950 National Truck Roadshow!

NEW! Extra-quiet brakes! Another Dodge engineering first! New, molded, tapered Cyclebond brake linings contact brake drums with smoother, more even action—practically eliminating brake squeal. Less tendency of brakes to "grab"—and lining life is greatly extended. Standard on trucks 1½-ton and up, except for air brake models.

More than 50 brand-new features including...
NEW! SMOOTHER RIDE with new, "Oriflow" shock absorbers; standard on ½-, ¾-, and 1-ton models.
NEW! EASIER LOADING with lower ground-to-floor height on all models through 2 tons.
NEW! EASIER BAD-WEATHER STARTING with new moisture-proof ignition and high-torque starting motor.
NEW! MORE ECONOMICAL PERFORMANCE with higher compression ratio—on all models through 1 ton.
NEW! EASIER-TO-READ INSTRUMENTS—now grouped in a cluster placed in front of the driver.
NEW! TWIN CARBURETION AND EXHAUST SYSTEM for greater power with economy—available on all high-tonnage models.
NEW! SMOOTHER ENGINE IDLING with "hotter" spark plugs; on all models through 1 ton.

A model to fit your job!

ANOTHER DODGE EXCLUSIVE! 97rol Fluid Drive now available on ½-, ¾-, and 1-ton models.
Come in to see the new DODGE "Job-Rated" TRUCKS on display Saturday, February 10

SHIPLEY MOTOR CO. - 814 W. Broadway

**The More He BREAKS
 The More He MAKES**

Texas motorists, Texas highways and Texas taxpayers should be protected against the ONE PER CENTERS.

Texas highways are paid for by and belong to ALL THE PEOPLE. Highways adequate for 99% of Texas users—individual and commercial—can be constructed and maintained for about ONE-THIRD of the cost made necessary by the weight of the ONE PER CENTERS.*

ONE PER CENTERS are truck combinations weighing, loaded, 20,000 pounds or more. Only one of every 100 vehicles registered in Texas pays a license fee for 20,000 pounds or more. FEWER than three out of every 1,000 are registered for more than 40,000 pounds.*

This is your problem. Send for your copy of the booklet, "THE CASE OF THE ONE PER CENTERS," which tells you, among other things, why

Our highways should be SAFE for ALL the people—individuals, commercial users and the military alike.

**THE MORE PAVEMENT HE BREAKS,
 THE MORE PROFIT HE MAKES.**

Texas highway tax dollars should be conserved and used wisely. This can be done

- (1) by limiting the weight (gross load and axle load) that may be transported legally by the ONE PER CENTERS and
- (2) by enforcing the law against those who persist in overloading.

ATTEMPT TO ISOLATE CANCER-TUMOR GROWTH INHIBITOR AUSTIN—Dr. Loyal E. Love-

less, University of Teax Biochem-ist, has received a \$3,333.33 post-doctoral fellowship to attempt to isolate a mysterious substance

which reduces cancer - tumor growth rate. The grant is from Benjamin Clayton, former

man, now of Pasadena, Calif. The substance to be sought is one of thousands in a concentrate isolated by Dr. William Shive of the Uni-

Fight Fire With Fire On Highways

COLLEGE STATION — In Somervell County, Texas, farmers banded together and burned the grass along the highways. Each morning when the wind was moderate, farmers would burn the grass to prevent fires starting when no one was present to control them.

Much can be done toward educating motorists to refrain from throwing lighted matches and cigarettes along highways where grass can be set afire, says Somervell county agricultural agent E. D. Cooper. But it is doubtful if a 100 percent job can be done. An estimate has been made that indicates about ten percent of the drivers are law violators who pay any attention to any law. They pass cars in no-passing zones; fail to stop at intersections where stop signs are placed; and pay no attention to 30-mile speed zones. When one of these drivers violates one law, chances are good he'll violate another the next time the opportunity presents itself. Cooper suggests that drivers do a little checking on their own as

versity's Biochemical Institute during B-Vitamin investigations.

ATTENDS FUNERAL OF AUNT IN CALIFORNIA

Mrs. John Portwood returned to Brownfield this week from California, where she attended funeral services for her aunt, Mrs. M. C. Oglesby.

Mrs. Portwood was called to Las Vegas, Nev., last week after receiving information that Mrs. Oglesby was seriously ill.

Advertise in the Herald.

well as the other fellow's driving habits.

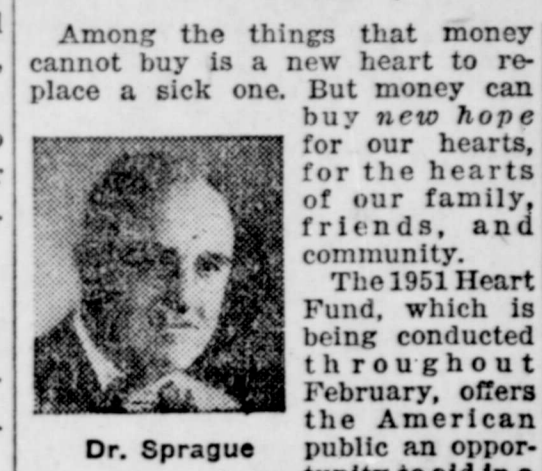

He points out that unless 100 percent of the drivers cooperate in keeping down fires, not much can be done because ten drivers can strew lighted cigarettes and matches along highways and ruin the good record set by the 90 careful drivers. The best answer to the problem is to fight fire with fire.

Before the program was started in Somervell county, he says, several large fires destroyed pastures ranging from 20 acres to 300 acres. One home was lost from a grass fire.

This may not be all that could be desired from the standpoint of highway beautification, he adds, but it does stop the losses caused by the careless motorist.

NEW HOPE FOR HEARTS

by HOWARD B. SPRAGUE, M.D., President, American Heart Association

Dr. Sprague

Among the things that money cannot buy is a new heart to replace a sick one. But money can buy new hope for our hearts, for the hearts of our family, friends, and community. The 1951 Heart Fund, which is being conducted throughout February, offers the American public an opportunity to aid in a very practical and effective way in the fight to protect the hearts of all our citizens against heart and circulatory disease. The heart diseases directly affect at least 10,000,000 men, women and children in this country, causing some 637,000 deaths annually, or more than 44% of the total yearly death toll. Thus, since heart disease is the leading disability and destroyer of life, it constitutes the most challenging public health problem facing America today. To help deal with this challenge aggressively and effectively, the American Heart Association and its affiliates are seeking public support for a three-sided program of research, education, and community cardiac services. Priority in this program goes to research, without which no substantial progress can be achieved. That is why the American Heart Association is dedicated primarily to producing fundamental scientific advances in the cardiovascular field. Contributions to the 1951 Heart Fund represent, in great part, an investment in research with an expected return in basic knowledge

of the causes and prevention of heart disease. A major portion of funds received from the public is earmarked for scientific investigation. During the past year, \$419,000 was expended by the American Heart Association and an additional \$600,000 by its affiliates on research. Research support has made possible significant progress in surgical treatment of abnormalities of the heart and circulation, prevention of recurrent attacks of rheumatic fever through penicillin prophylaxis, the use of anticoagulant drugs to decrease deaths caused by coronary heart disease, ACTH and cortisone in the treatment of rheumatic fever and similar diseases, and the knowledge of cholesterol molecules in the blood, which may furnish additional clues to the cause of hardening of the arteries. Education of professional groups and of the public, and stimulation of well-conceived programs of community cardiac services, putting to use available knowledge and existing resources, are two other basic objectives of the Association and its affiliates. Professional education brings the physician up to date regarding scientific and clinical advances, aiding him in the early recognition, diagnosis, and treatment of heart diseases. Lay education helps eliminate harmful fears, encourages the individual to seek early medical care, turns him toward rehabilitation instead of wasteful invalidism. Continued progress in controlling heart disease will be assured through public support of the 1951 Heart Fund drive. "New Hope for Hearts" depends upon the generosity of the American heart, and the value we place upon it.

ONE A PENNY, TWO A PENNY—

These spicy, sugar-coated hot cross buns have been associated with religious customs since 1,000 B. C., according to the American Bakers Association. Originally offered to the gods of the early civilizations, the buns were adapted by Christians and eaten on the Lenten holiday of Good Friday. Today, the hot cross buns have lost their religious significance, but are still eaten during the entire Lenten period.

The depression of 1933-34 demonstrated clearly and definitely that when the agricultural belt cannot get a fair price for its products, a chain of events starts that demoralizes the business of the nation.

Prevent Loss From Swin Enteritis

COLLEGE STATION — Losses from swine enteritis can be most effectively guarded against by using good sanitation and management practices, says E. M. Regenbrecht, swine husbandman for the Texas A. & M. Extension Service. Regenbrecht recommends isolating newly-purchased swine from the home herd for at least three weeks — until they are known to be free of disease. He advises keeping swine away from old hog lots; contaminated pasture, stagnant pools and other sources of infection. Swine that are suffering from internal or external parasites, or from vitamin deficiency, may be more severely affected by enteritis than healthier animals. Regenbrecht points out that it is best to supply adequate rations to avoid lowering the hog's resistance to disease. By earmarking their sows, farmers can identify and weed out the sow "carriers" of enteritis from their herds. Regenbrecht advises farmers to watch their hogs closely for scouring, loss of weight, and failure to convert feed into gains. At the first sign of trouble, isolate the ailing hogs from the apparently healthy ones, and get a veterinarian to diagnose the disease. Enteritis symptoms are similar to those of other swine diseases. If swine are suffering from enteritis are treated or vaccinated for other diseases, the result may be disastrous.

YOU and Your Friends Are Cordially Invited To Attend The FORMAL OPENING OF THE Modern Steam Laundry Saturday, February 10 905 Lubbock Road---Brownfield, Texas

Get a Lift! Get easy starting! Get Winter-Blended Phillips 66 Gasoline! Winter-Blended Phillips 66 Gasoline is right for the season... Drive RIGHT with Phillips 66 LUBRICATE FOR SAFETY EVERY 1,000 MILES

the Railroads RESPECT... What is the TRUTH? the Labor Unions seek to REPUDIATE this agreement!

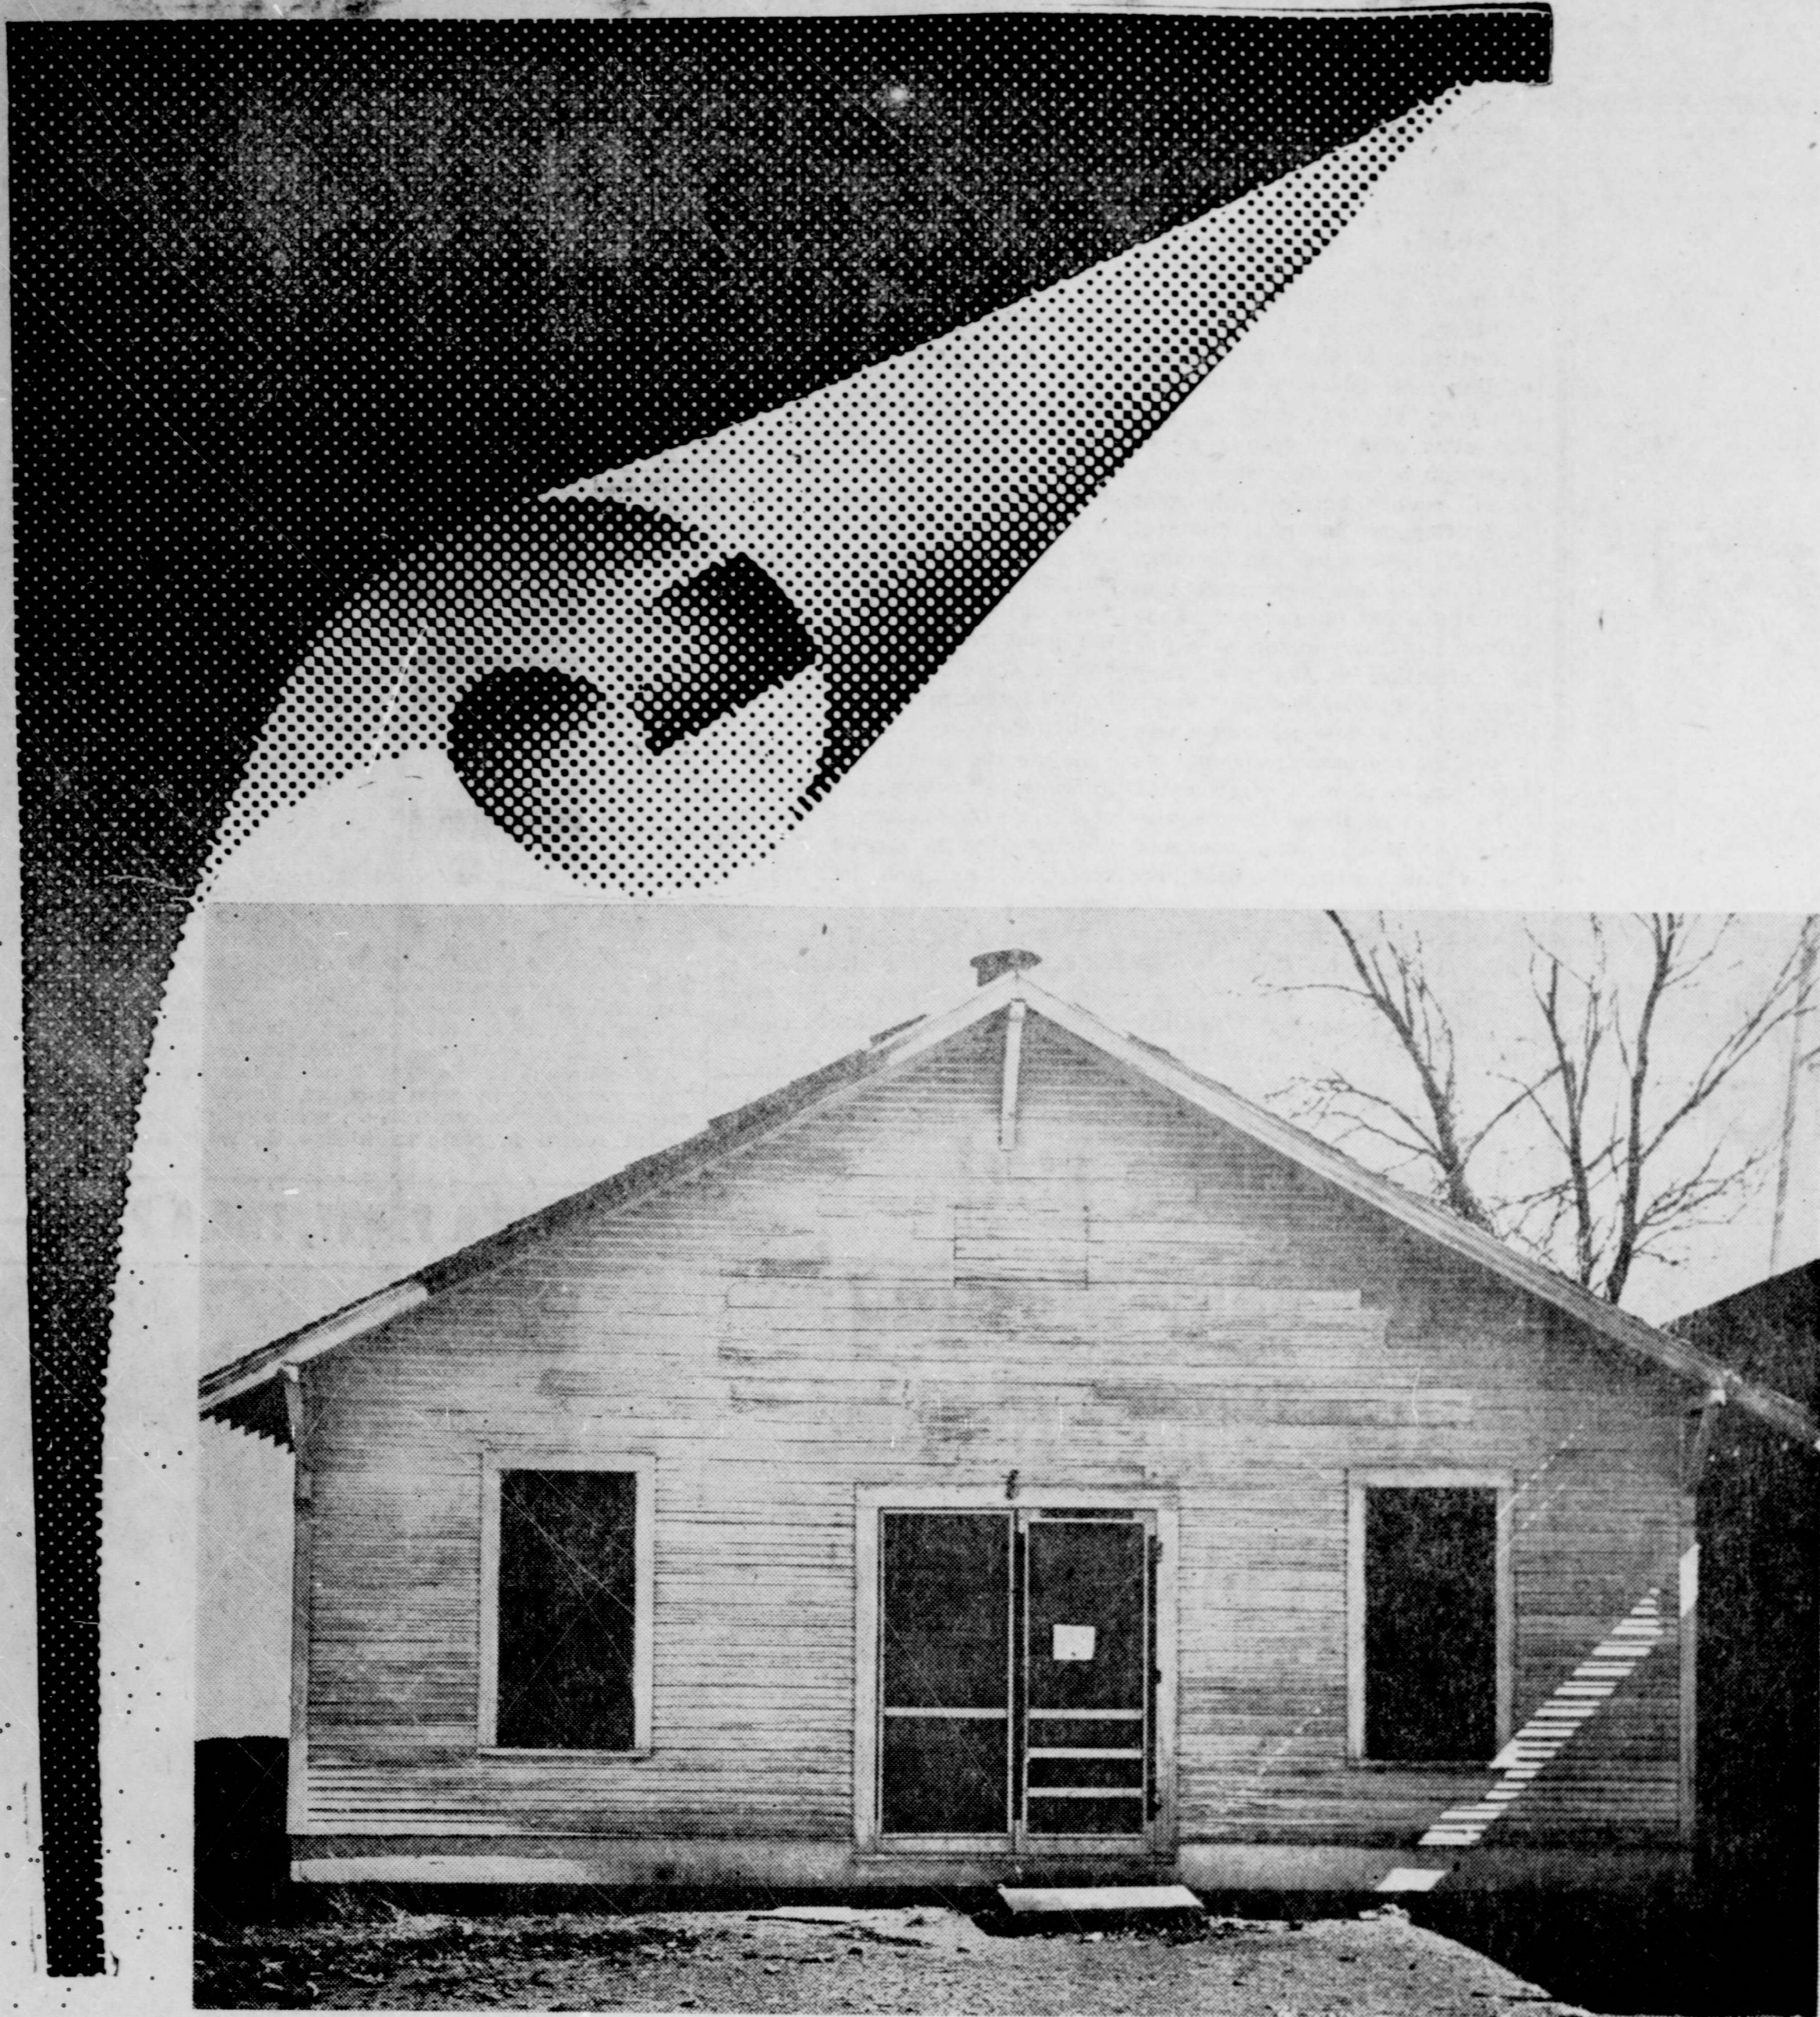

MEMORANDUM OF AGREEMENT Washington, D. C. December 21, 1950 1. Establish 40 hour week for yardmen with increase of 23 cents effective October 1, 1950, and additional 2 cents effective January 1, 1951. 2. Set aside 40 hour week agreement until January 1, 1952, and establish 6 day work week for yardmen. Effective with the first pay roll period after 30 days from the date of execution of the formal agreement, yardmen required by the carrier to work on the 7th day to be paid overtime rates except engineers who shall receive straight time rates for the 7th day. This does not create guarantees where they do not now exist. On and after October 1, 1951, three months' notice to be given of desire to go on 40 hour week. Provide for consideration of availability of manpower and 4 cents per hour if and when the 40 hour week actually becomes effective. 3. Settle rules for 40 hour week and 6 day week. 4. Grant yard conductors and brakemen other rules such as daily earnings minimum, car retarder operators and footboard yardmasters as recommended by Emergency Board No. 81. 5. Settle following rules: Initial Terminal Delay (Conductors and Trainmen) Interdivisional Runs Pooling Caboose (Conductors and Trainmen) Reporting for Duty More than One Class of Service Switching Limits Air Hose (Conductors and Trainmen) Western Differential and Double Header and Tonnage Limitation (Conductors and Trainmen, all Territories) 6. Road men to receive 5 cents per hour increase effective October 1, 1950 and additional 5 cents per hour increase effective January 1, 1951. 7. Quarterly adjustment of wages on basis of cost

of living index (1 point to equal 1¢ per hour. First adjustment April 1, 1951. Base to be 176). 8. Agreement embodying principles applicable to yardmasters to be entered into for benefit of yardmasters. 9. Effective October 1, 1950, the basic hours of dining car stewards shall be reduced from 225 to 205 hours per month; no penalty overtime to accrue until 240 hours have been worked, the hours between 205 and 240 to be paid for at the pro rata rate. Effective February 1, 1951, overtime at time and one-half shall accrue after 220 hours have been worked. The basic monthly salary to be paid for the 205-hour month shall be the same as that now paid for the 225-hour month. Except that four dollars and ten cents (\$4.10) shall be added to the present monthly rate effective January 1, 1951. 10. In consideration of above, this agreement to be effective until October 1, 1953, and thereafter until changed or modified under provisions of Railway Labor Act. Moratorium on proposals for changes in wages or rules until October 1, 1953, as follows: No proposals for changes in rates of pay, rules or working conditions will be initiated or progressed by the employees against any carrier or by any carrier against its employees, parties hereto, within a period of three years from October 1, 1950, except such proposals for changes in rules or working conditions which may have been initiated prior to June 1, 1950. Provided, however, that if as the result of government wage stabilization policy, workers generally have been permitted to receive so-called annual improvement increases, the parties may meet with Doctor Steelman on or after July 1, 1952, to discuss whether or not further wage adjustments for employees covered by this agreement are justified, in addition to increases received under the cost of living formula. At the request of either party for such a meeting Doctor Steelman shall fix the time and place for such meeting. Doctor Steelman and the parties may secure information from the wage stabilization authorities or other government agencies. If

the parties are unable to agree at such conferences whether or not further wage adjustments are justified they shall ask the President of the United States to appoint a referee who shall sit with them and consider all pertinent information, and decide promptly whether further wage increases are justified and, if so, what such increases should be, and the effective date thereof. The carrier representatives shall have one vote and the referee shall have one vote. 11. If the parties cannot agree on details of agreement or rules they shall be submitted to John R. Steelman for final decision. The usual protections for arbitrators, miscellaneous rates, special allowances, and existing money differentials above existing standard daily rates will be included in the formal agreement. The foregoing will not debar management and committees on individual railroads from mutually agreeing upon changes in rates, rules and working conditions of employees covered by this agreement. ** The Brotherhood of Locomotive Engineers and Enginemen by President ** The Eastern Carriers' Conference Comm. ** The Western Carriers' Conference Comm. ** The Southern Carriers' Conference Committee

STYLE AND POWER FEATURED IN 1951 CHRYSLERS

The 1951 Chrysler New Yorker Newport with new fender line that accentuates its low sleek beauty, and massive front-end that typifies the power and luxury of the new Chrysler line.

Interior of the 1951 Chrysler New Yorker Newport features rich appointments, extra roominess. Upholstery and trim selections are available in colorful, durable and luxurious combinations of leather and nylon cord.

View of the new Chrysler "FirePower" engine. Conservatively rated at 180-horsepower, the new 8-cylinder powerplant is a 90-degree valve-in-head V-type engine.

Advanced styling inside and out, a new 180-horsepower FirePower engine and an improved Chrysler Spitfire engine head the list of 73 major improvements incorporated in the new 1951 Chrysler line.

Chrysler Division officials state that in no previous year has the division introduced so many major mechanical features, nor done more to increase the esthetic appeal of the Chrysler models.

Major developments in the new line include an Oriflow shock absorber, standard equipment throughout the line; Hydraguide hydraulic-mechanical power steering; and a Fluid-Torque Drive torque converter.

The power steering unit and torque converter are standard equipment on the Imperial 8-passenger sedan and limousine, and may be had as optional equipment on all other Imperial and New Yorker models.

The 1951 Chrysler is offered in twenty-one body styles in the Windsor, Windsor Deluxe, New Yorker and Imperial lines.

Styling Advances
In appearance, the 1951 line fully sustains the pace of the mechanical improvements. All models have been completely restyled, inside and out, and each model has its distinctive individual characteristics that make it readily distinguishable from all others in the line. Changes have been made in the direction of further streamlining and the enhancement of sleek, luxurious appearance.

Styling changes include a new wide sloping hood that helps to increase driver visibility; new front fenders; new curved bumper guards; new front and rear ornamentation; new grilles that are distinctive for each model; new front and rear fender moldings; and a

belt molding that now completely encircles the car.

The new wrap-around "Clearback" window is now used on all models, increasing rear-window area by 201.7 square inches or 30 per cent as compared with 1950 models not having this feature.

Accent on Beauty
Length of the car is accentuated by the new front fender line, which extends further back in the front door panel. A distinctive turn signal and parking light combination is found on each model, and the span between the headlights has been increased 3.5 inches, better to outline the width of the car.

Interior styling includes improvements in upholstery and trim with an unusually wide choice of materials that are the most luxurious and tasteful that Chrysler has ever offered.

Legal Notice

CITATION BY PUBLICATION THE STATE OF TEXAS

TO: J. P. Crane, his heirs and legal representatives; J. F. Blankenship, his heirs and legal representatives; Robert A. P'Pool, his heirs and legal representatives; D. B. Morrell, his heirs and legal representatives; S. P. Ford, his heirs and legal representatives; J. T. Gainer, his heirs and legal representatives; AND ANY and all persons, firms or corporations having or claiming an interest in the land and premises herein described. GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being the 5th day of March, A. D., 1951, at or before 10 o'clock A. M. before the Honorable District Court of Terry County, at the Court House in Brownfield, Texas.

Said Plaintiff's petition was filed on the 19th day of January, 1951.

The file number of said suit being No. 3844.

The names of the parties in said suit are: W. E. Winn, as Plaintiff; and J. P. Crane, his heirs and legal representatives; J. F. Blankenship, his heirs and legal representatives; Robert A. P'Pool, his heirs and legal representatives; D. B. Morrell, his heirs and legal representatives; S. P. Ford, his heirs and legal representatives; J. T. Gainer, his heirs and legal representatives, and any and all persons, firms, or corporations, having or claiming an interest in the land and premises herein described, as Defendants.

The nature of said suit being substantially as follows, to-wit: Suit in trespass to try title and for damages, rent, and writ of possession, for costs of suit, Plaintiff pleading the three, five, and ten year statute of limitation, as to:

A part of Section 1 in Block D-12, Certificate No. 190 C & M Ry Co Survey, described by metes and bounds, as follows, to-wit:

BEGINNING at a square head bolt buried in center of north and south road for the SE corner of Section No. 1, Block D-12, the SE corner this tract;

Thence North following the east line Section No. 1, Block D-12, along center of public road a distance of 1603 feet to the NE corner Block 48, in the First Addition to the town of Gomez.

ELDORA A. WHITE,
Clerk, District Court,
Terry County, Texas.

Texas Venture

In Education • 1876-1951
Our first state college—Texas A. and M. is now in its seventy-fifth year

One day in 1909, A. B. Conner held in the palm of his hand all of the Sudan grass seed that existed in the United States. In search of new forage crops, the United States Department of Agriculture had imported seed of this Johnson grass cousin from Africa. Mr. Conner, then superintendent of the Texas Agricultural Experiment Station's station at Chillicothe, was entrusted with the precious package of seed with the job of trying it out and increasing it, if it proved valuable. From 3,000,000 to 5,000,000 pounds of Sudan grass seed a year are now produced in Texas and this importation is one of the most valuable forage crops in the nation. During a long and distinguished career with the research branch of the Texas A. and M. College System, Mr. Conner served as researcher and later as director of the statewide experiment setup, pioneering in the introduction of grain sorghums and other valuable crops which now play a major role in Texas agriculture.

G. I. QUESTIONS and ANSWERS

Q—Yesterday a salesman came around selling subscriptions to a veterans' magazine which he said was endorsed by VA. Is that true?

A—No. VA has never endorsed any magazine or other publication. The salesman was misrepresenting the facts and should be reported to the proper authorities.

Q—I have just received a small inheritance and I'd like to pay my GI home loan in full. Is that permissible?

A—Yes. GI loans may be paid off ahead of the due date, without fee or penalty on the veteran's part.

Q—I am conducting a GI job training program in my commercial garage, and I want to increase the wage scale of the trainees. How do I go about it?

A—Notify the State Approving Agency in your State. That agency in turn, will inform VA of the new wage scale, so that GI subsistence allowance payments can be adjusted accordingly.

Q—My husband, a World War II veteran, died recently. What will happen to the GI loan he obtained for our house?

A—You may take over his GI loan contract and keep making payments on your house under its terms.

Q—I am a World War II veteran who lost a leg in service. Last summer I applied for an automobile under the "cars for amputees" law that limited the cost to \$1,600. But I had to go back to the hospital and never received the car. I did receive a certificate for authorization from VA. May I use the certificate now, under the new law that allows VA to pay \$1,600 toward a car that costs more?

A—Yes.

SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending January 27, 1951,

were 24,069 compared with 21,574 for same week in 1950. Cars received from connections total-

ed 13,080 compared with 10,098 for same week in 1950. Total cars moved were 37,149 compared with 31,672 for same week in 1950. San-

ta-Fe handled a total of 37,385 cars in preceding week of this year.

Crop production in 1950 was the third largest of record. The output exceeds the average of the previous 8 years, the most productive period in American agriculture, according to the USDA.

ANNOUNCING...THE LOVELIEST AND FINEST NEW CHRYSLERS EVER BUILT!

For 1951, Chrysler has developed for you more basic advances in motor car value than any new car line has offered in years!

Whether you expect to own one this year or not... you owe yourself a turn at the wheel of a new Chrysler for 1951. Here is brilliant new style... and new basic engineering, too, with over 70 new features and improvements. Here is progress in comfort and performance so bold and so new you will feel its impact in America's motor cars for years to come. Since Chrysler first introduced high-compression performance in 1924, it has been Chrysler tradition to bring you the good things first... to strike out in new paths and open new standards of what you can expect in a motor car. Here, for 1951, is one of the great Chrysler cars. See... all these exciting new motoring wonders tomorrow at your Chrysler dealer's—America's newest new car is now on display.

Gracious new Beauty, to stay new for years!

Stunning new lines... rich new interiors... Clearback full-vision rear windows... and remember, your Chrysler's baked-on enamel finish is the all-round toughest, most durable automobile finish known!

New Oriflow Ride, unequalled in smoothness!

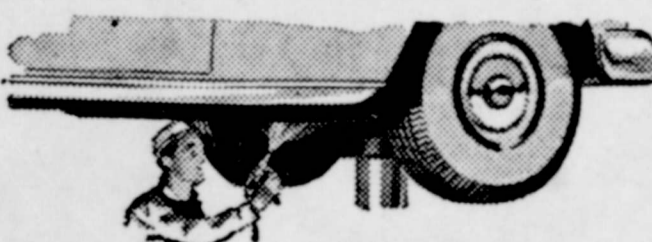

On every Chrysler for '51, Chrysler presents the amazing new Oriflow shock absorber... it has over twice the shock-absorbing power of any other shock absorber on any other car!

New FirePower Engine, matchless in Power!

Here is Chrysler's revolutionary new Hemispherical Combustion Chamber... engineering secret of FirePower... heart of the most powerful, most efficient, best-constructed engine ever put in an automobile. 180 horsepower. Will outperform any other engine on the road today, with ease. The only engine design that can give full combustion, full compression, full use and value from every drop of fuel.

New Chrysler-built value throughout your new car!

Chassis undercoating at no extra cost... Safety Rims on every wheel... Superfinish engine parts... Safety Cushion dash... Cyclebond brake linings... Chrysler engineering skill means extra value all through your car!

COME SEE THE NEW

CHRYSLER

Best engineered car in the world!

ACP Aids Family-Sized Farm

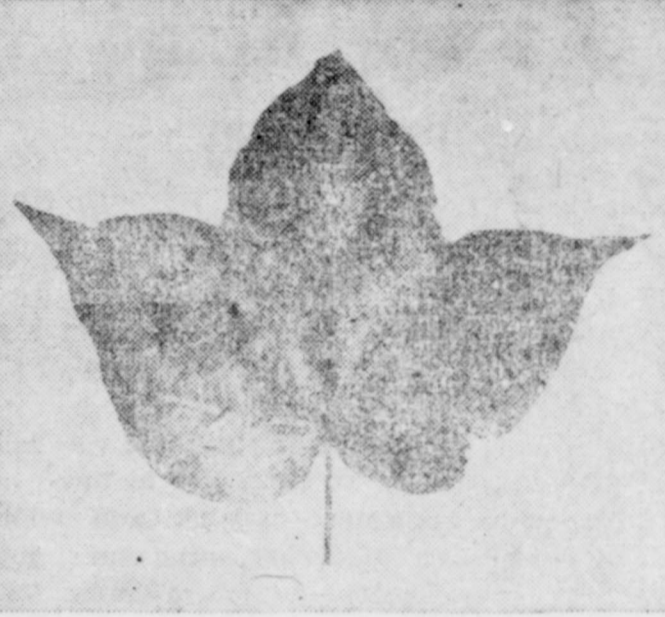

Provisions of the Agricultural Conservation Program to share the cost of soil and water conservation practices with the individual farmer are a boon to the operator of a family-sized farm, says H. H. Harred, chairman of the Terry County PMA committee.

He points out that although the ACP is open to all farmers, there are a number of provisions which are especially helpful to those who operate a family-sized farm. In the first place, says Mr. Harred, sharing the cost of conservation makes it possible for the small farmer to protect his land against erosion and depletion. Because of the greater yields that result, there is not as much need for the small farmer to mine his soil to make a living for his family. Although the share of the cost may be comparatively small, it does give the small farmer the "toe-hold" he needs to keep farming without constantly using up his farm so that each year finds his land poorer than the year before.

The provision in the program under which conservation materials and services are advanced to farmers makes it possible for many small farmers to carry out conservation practices which might otherwise be impossible. Without this provision, the chairman explains, the farmer would have to carry the full cost of the practices and then wait to be reimbursed for the ACP share, ordinarily about 50 percent of the out-of-pocket cost.

BAUGH NAMED TO TECH BOARD
LUBBOCK — Sammy Baugh, West Texas rancher and professional football star, has been named to the Texas Technological College Foundation Board of Directors, Chairman C.T. McLaughlin announced.
The Foundation was revived early last year as an agency to receive gifts to the college and to promote research and other college functions.

A New "Closed Door" Policy

Angular leaf spot, bacterial blight, boll rot, vein blight or black arm. These are all names for the same thing, and they all mean bad news for you as a cotton grower. The blight causes death of seedlings, defoliation or loss of leaves from the plant, and shedding or rotting of bolls. It all adds up to less cotton per acre.
As the name shows, it is caused by bacteria. The germs live in the seeds, and grow up in the cotton plant to cause various harmful results.
Clearly the way to wipe out this disease is to plant disease-free seeds. You can make sure that your cotton seeds do not carry the disease germs by killing the bacteria before you plant, using an organic mercury dust. You can do this on your own premises, or have it done by the seed treating service of your local gin or seed supplier. The chemical costs less than 10¢ per acre. Other control methods include delimiting of seeds with sulphuric acid or by hydrochloric acid gas. These are harder to apply, but also effective.
Because wind-blown rain spreads bacterial blight readily from one field to another, its control is a job that all the planters in an area should do together. Otherwise one field planted with untreated seed might re-infect all the others. It will pay every planter to stamp out bacterial blight in his fields. Planting seed that has been mercury dust-treated will not only reduce this disease, but will reduce seed decay and damping-off (sore shin) organisms, too.

Mr. and Mrs. Edd Peek were shopping in Lubbock Friday.

Defense Production Aim Of Farmers

All out production of cotton and feed grains looms up as the first signals of the Defense program. But every thinking farmer has figured out that production must be balanced if it is to provide effectively for the meat, milk, eggs, and other required products. Most farmers are sound philosophers and will be thinking months ahead of actual farm planning. They will be grateful for the guidance that economists in Washington, D. C., working close to the military strategy program can give us, on what our defense program will demand.
Another angle of the farm insight, we think, will be to measure the program in terms of years not just for 1951. As one farmer put it—"We need all out production worse next year, or the next, than now. So I'm not going to plow up all my pasture land this year. I'm going to maintain a production program that fits my farm to make and keep it productive." Well said, farmer friend, and may we add, use ACP practices to the limit, to help further that program.

QUEMADO COUPLE CELEBRAED 50th ANNIVERSARY RECENTLY

Mr. and Mrs. W. H. Kelly of Quemado were honored recently on their 50th wedding anniversary with a tea, given in the home of their daughter, Mrs. Ross Black, 602 E. Tate street.

All ten of the honored couple's children were present for the reception. They are Mrs. A. M. Parker of Levelland, E. R. Kelly of Quemado, Mrs. Joe Cox of Toccoa, O. W. Kelly and O. W. Kelly of Brownfield, Mrs. J. B. Whitley of Tustin, Calif., H. L. Kelly of Whittier, Calif. and Mrs. E. J. Brown, Mrs. Alton Webb, D. A. Kelly, and Mrs. Black, all of Brownfield.

Also present were A. M. Parker of Levelland, Mrs. O. W. Kelly and Linda and Mrs. D. A. Kelly and Patricia of Brownfield; (Photo Ann Whitley of Tustin, Calif.; by Lowe's Studio.)

Ross Black and Peggy, Michael and Patrick of Brownfield; E. J. Brown, Dixie, James, Jr., Beverly, Linda, and Douglas Kirk all of Brownfield; Alton Webb Ronnie and Mickey, of Brownfield; Mrs. H. L. Kelly, Harla Jo, Terry Lee, and Scherry Ann, of Whittier, Calif.; Mr. and Mrs. J. E. Eakin, Jr., of Lubbock; Mrs. Spencer Murphy of Brownfield; a brother of Mr. Kelly, Charlie Kelly, and wife of Roswell, N. M.; and a sister of Mrs. Kelly, Mrs. Mae Price of Henrietta.

Assisting at the refreshment table were Dixie and Beverly Brown, Mrs. Spencer Murphy, Mrs. J. E. Eakin, Jr., and Peggy Black, all granddaughters of the honored couple.

Approximately 200 guests called during the tea hours. (Photo Ann Whitley of Tustin, Calif.; by Lowe's Studio.)

Gee Gee's Chit Chat

WOE IS ME. Some days you can't make a nickel, and I sure didn't last week. I guess about the biggest sin I committed was opening up the Green Hut Grill last weekend when, as manager Glen Hardin put it, "the good lord only knows WHEN the \$@! thing will be open." Well, it's likely Glen after I picked myself up off the floor after hearing his tirade, the \$@! thing is bound to be open some time. So don't give up, kids. Just keep milling by the place (in the 500 block on Seagraves road) until you see some wild-eyed looking gentles standing out front, frantically waving his arms, and you'll know "we finally made it." Okay, Glen?

"One of the next largest sins was not overseeing the 'boys in the back room' and making sure that they got the weekly traffic story in the paper. Guess some of you fellows thought we'd forgotten all about it, huh? Well, we didn't. Until the eagle eyes on the city police force are still on the beam. I think it's plumb jolly to be able to drive down the street—and usually get all the way home to my lovely country estate—without getting run up a telephone pole. Perhaps on reason for that is the fact that the boys on the telephone crews haven't reached my lovely country estate yet—but, maybe some day.

Arthur Nunn, who holds forth at the corner of Main and N. Fifth streets, is planning to have a whole lot of clearance sale at the Palace Drug this weekend. In fact, I don't believe anybody could miss his page ad in this issue of the paper stating the fact. Hope you'll fall go over and take advantage of the many bargains to be had at the Palace. And while you're thinking of it, coming soon to the Palace is a representative of the Helena Rubenstein cosmetic company, a skin analyst, and can't tell me that any of you over 10 years of age don't need to use something on your skin to make it look slightly better than elephant hide. Watch my column for the announcement on this particular deal.

PET PEEVE DEPT.: It's too bad that some persons who talk over a telephone have soft voices instead of soft skins. Perhaps it's because your truly has a voice like a fog horn, but there's nothing more irritating than trying to get some sort of information from a telephone "whisperer." Looks like the natives are go-

© To steer a straight course, avoiding all hazards, is the obligation of the mariner—and the Registered Pharmacist. Upon their unerring but skillful hands, depends the safety and welfare of a great many others.

Here at this Prescription Pharmacy, you will find a service that parallels the integrity and interest of your physician. May we be privileged to compound that next prescription?

BETROTHAL OF MISS DEAN IS ANNOUNCED

Mr. and Mrs. Sewell Dean of Wellman are announcing the engagement and approaching marriage of their daughter, Ada Sue, to Donald Ralph Neilson, son of Mr. and Mrs. W. A. Neilson of Salt Lake City, Utah.

The vows will be exchanged on February 23 in the Wellman Church of Christ, with Otis Gatewood, formerly of Meadow, and now a missionary to Germany, officiating.

Miss Dean is a graduate of Wellman High School and of Abilene Christian College. The prospective bridegroom attended schools in Utah and is a senior student at Abilene Christian College.

The couple will be at home in Abilene following their marriage.

Former Teacher Here Is Married

Miss Lolita Goss, daughter of Mr. and Mrs. J. A. Goss of Ropesville, became the bride of John Johnson, son of Mrs. Eva Johnson of Levelland, in a ceremony read February 3 in the home of Rev. J. A. Storm, pastor of the Clovis, N. M., First Baptist Church.

The bride wore a gold suit with navy blue accessories and an orchid corsage.

Mrs. Johnson is a graduate of Wayland and Texas Technological colleges and formerly was a teacher in the Brownfield public school system.

The bridegroom is a graduate of Texas Technological college and is the vocational agriculture teacher in Frenship High school.

The couple is making their home in Wolforth.

Mrs. J. O. Burnett Honored Wednesday

Mrs. J. O. Burnett, jr., was honored Wednesday, January 31, with a pink and blue shower given in the Seleta Jane Brownfield club house at 9:30 a. m.

Hostesses were Mesdames George Steele, Lewis Simmonds, Sawyer Graham, Herman Denson, Wayne Brown, Crawford Burrow, Herbert Cheshir, and K. B. Sadler.

The refreshment table was laid with a white linen cloth, centered with an arrangement of red gladiolus. Mrs. Burrow presided. A swan-shaped container, filled with blue sweet peas, decorated the mantle.

Approximately 30 persons attended and snatched gifts.

ENGAGEMENT OF MISS NINA LOE ANNOUNCED

Mr. and Mrs. Paul Love of Plains are announcing the marriage of their daughter, Nina, to A. J. Williams, which will be performed Saturday, February 10, at the Crescent Hill Church of Christ.

Miss Loe is presently employed at the First National Bank of Brownfield.

I have never seen so many different impressive-looking pieces of equipment. With separate ironers for shirt collars and cuffs, yokes, bosoms, and a folder, the new laundry should be able to please the most fastidious made on the shirt end of the laundry deal.

Please excuse the mild fussing, kids. It's all the result of that third bad sin . . . I caught the flu.

INSTRUMENTAL GROUP WINNERS OF TALENT SHOW HELD MONDAY NIGHT

The Silent Seven an instrumental group composed of members of the Brownfield high school band, were named winners of the Hollywood Talent Show, sponsored by the Delphian Study Club, held Monday night at 8 p. m. in the old high school auditorium.

Eddie Courtney is leader of the group, and other members of the Silent Seven are Joe Brown, Martin Line, jr., Crawford Burrow, Tommy Hord, Dale Travis Macky Hord, and Lanny Webb.

The winners were presented a

Mrs. W. T. McKinney Speaker At Meeting

Mrs. W. T. McKinney was guest speaker at a regular meeting of the Delphian Study Club Monday, February 5, at 4 p. m. in the Seleta Jane Brownfield club house. Mrs. L. D. Spradling was hostess.

The club president, Mrs. Leonard Cheshir, presided over a short business meeting, and introduced three guests: Mrs. W. F. Tipton, Mrs. Douglas Mitchell, and Mrs. McKinney. Mrs. Willard Adams, a new member, was introduced and presented a corsage. Mrs. Cheshir also thanked the club members for their cooperation in helping present the club-sponsored talent show, which was held Monday night.

Mrs. McKinney spoke to the club on "Budget, Insurance, and Finance."

Refreshments were served to the guests and the following members: Mesdames Adams, Cheshir, Bernard Smith, Wayne Smith, Robert Baumgardner, Wayne Brown, C. L. Aven, jr., Claude Buchanan, Martin Line, H. B. Parks, W. T. Pickett, K. B. Sadler, Lewis Simmonds, Crawford Burrow, and Fred Vandell.

Shower Honored Mrs. Lindsey

Mrs. W. W. Lindsey was honored with a layette shower given in the home of Mrs. J. T. Hoy Saturday, February 3, from 9 a. m. until 11 a. m. Mrs. Frank Ballard was co-hostess.

The refreshment table was laid with a lace cloth and featured an arrangement of pink and white carnations, chrysanthemums, and daisies in a miniature cradle. The floral piece was flanked with pink tapers. Mrs. Hoy and Mrs. Ballard presided over the table.

Approximately 15 guests called during the morning.

REV. TOM KEENAN TO PREACH HERE

Rev. Tom Keenan of Lubbock will be the guest speaker at the First Presbyterian Church here for the morning service at 11 a. m. Sunday, February 11.

Seminary Student To Speak Sunday

Dub Jackson, student in Southwestern Baptist Theological Seminary, Fort Worth, is to speak in the Sunday evening service at the First Baptist Church. Jackson served in Japan in World War II and returned there last summer with other students for evangelistic work. He is a mission volunteer to Japan.

Other missionaries speaking at the church during the week: Monday night—Miss Vena Aquillard, field worker for the Home Mission Board, Tuesday night—Rev. Aaron W. Hancock, missionary to the Indians in Oklahoma. Dr. T. C. Bagby who has served several years in Brazil will speak Wednesday night. Thursday night, Miss Josephine Ward from China, and Friday evening, Mrs. Finley M. Graham, missionary in Lebanon to the Moslem Arabs will speak. She and her husband have done missionary work in Palestine, Transjordan and Lebanon and are now home on their first furlough from Beirut, Lebanon and plan to return to the field in July of this year.

Beginning at 7:30 each evening there will be mission study classes for the various age groups. These classes will be forty-five minutes. Mrs. E. C. Davis will teach "Highways in the Desert" to the adults. The Young People will have the same book taught by Mrs. Doris Johnson. "Pearls Are Made" is the book for the Intermediates and Mrs. C. W. Denison will teach the girls. Mr. E. M. McBea will teach the Junior Boys "They Live in Bible Lands." The Junior girls will take the same book taught by Mrs. Hubert Colbert. Mrs. F. G. White teaches "Thirsty Village" to the Elementary Department.

At the close of the classes, 8:15, a missionary will bring the message. Everyone is invited to hear these missionaries speak.

BAGBY CIRCLE MET WITH MRS. NELSON

Mrs. Homer Nelson was hostess to the Bagby Circle of the First Baptist Church Monday afternoon.

Mrs. A. W. Turner offered a prayer, and after a brief business session, Mrs. D. P. Carter taught the Bible lesson.

Those attending the meeting were Mesdames Pete Ellis, George Neill, Howard Swann, Ame Flache, G. W. White, Carter, Ida Walker, Turner, W. E. Pool, H. M. Morris, and Miss Savage and the histess.

MRS. HAMILTON HOSTESS TO CLUB

Mrs. Jack Hamilton was hostess to the Pleasure bridge club when it met in her home Wednesday, January 31.

High scorer was Mrs. J. T. Bowman, and Mrs. Tom Harris was second high. Mrs. Lee Brownfield binged.

A salad plate was served to Mesdames Bowman, Harris, Brownfield, Willard Adams, Mike Nacodoches.

TOPICS GIVEN

"Look At Thyself" is the sermon topic of Rev. Fred Stump at the First Baptist Church Sunday morning. The choir will sing "I Walked In The Fields." Sunday evening, Dub Jackson, mission volunteer to Japan, speaks and Mr. Harold Mulkey will sing.

OLD HARRISON STILL HEADS THE LIST

The Texas Liquor Control Board Inspectors in December reported the seizure of 8 . . .

With the stills, which had a cubic capacity of 480 gallons, Inspectors captured 1,460 gallons of mash and made 7 arrests. 27 gallons of moonshine liquor were destroyed.

Two stills were taken in Harrison County, and 1 each was taken in the Counties of Titus, Red River, Morris, Bowes, Somervell, and Nacodoches.
