

# The Terry County Herald

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

The Herald has grown with this section from strictly a ranch country. This area now consists of thriving towns and cities, supported by scientific farming and stock farming, augmented by huge oil fields, with the nation's largest known oil reserves.

## Best Advertising Medium

The Herald subscription list is a splendid blend of town and rural readers, folks who can and do pay for their papers—they do not ask or want it donated to them. Many 30 and 40 year continuous subscriptions.

VOLUME 46

BROWNFIELD, TEXAS, FRIDAY, MAY 25, 1951

NUMBER 44

### COMMENCEMENT EXERCISES

## Sandra Bailey And Willa Johnson To Deliver Main Addresses Tonight

The Commencement exercises are being held tonight, Friday, May 25, in the high school gymnasium at 8 o'clock p. m. Miss Sandra Bailey will make the valedictory address, and Miss Willa Johnson will deliver the salutatory address. Announcement of honor winners will be made by Byron Rucker, principal of high school.

The invocation will be given by Jimpie Wood, minister, Crescent Hill Church of Christ, and the benediction by Jack Pearce, minister of the Calvary Baptist Church. Gene Willingham will sing "My Best to You." A piano selection will be played by Miss Lavada Alldredge. Mrs. Pat Ramsey will play the processional and recessional. The president of the Board of Education, C. G. Griffith, will present the diplomas.

Graduating students are: Lavada Alldredge, Mary Vepus Akins, Peggy Black, Iva Mae Brown (Blair), Mary Ethlene Bucy, Sandra Lynn Bailey, Joyce Gwinette Bevers, Wanda Lou Baldwin, Joe Christie, Bernadean Chapman,

Jacquelyn Crump, Dale Cary, Janie Doss, Bonnie Dyemartin, Mary June Duffey, Freda Mae Edwards, Geraldine Forbes, Doris Gorby, Harlene Louise Glenn, Carolyn Mae Griffith, Juanel Greenfield, Joyce George, Edwin Garnett, June Hodges, Linwood Howell, Linda Hudson, Betty Hudson,

Patricia Ann Hollman, Joan Hutson, Edna Margarette Harbin, Jack Holmes, Willa Arlene Johnson, Bobby Gene Johnson, Jerry King, Patsy Ann Lewis, Jesse King, Martin Line, Norma McClendon, Loryce Dale McBee, Billy Metcalf, Mary Alice Moore, Jo Ann Machen, Jimmy Milner, Kenneth Morris, Joe Don Noble, Walter Graves Nelson, Laura Mae Odum, Morgan Pace,

Billie Nell Runnels, Amariyiss Roach, Obra C. Rowden, Virginia Proctor, Dixie Stoneham, Katy Swafford, Larry Speck, James Skiffes, Syble Glyndola Stockton, Virginia Thomason, Janelle Wood, Onagene Walker, Joan Welch, Effie Wheatley, Robert Wilgus, Doris Cordelia Walls and Gene Willingham.

### Earl Burnett To Receive Degree

Earl Burnett, son of Mr. and Mrs. John Burnett, will receive a Doctor's Degree in Agronomy at Ohio State University May 22, and is a candidate for initiation into Gamma Sigma Delta, honor society of agriculture at the University.

Mr. Burnett is a graduate of the Brownfield schools and also of Texas Technological College. He is on a year's leave of absence from Tech, where he was a professor of agronomy in the department of agriculture.

### Baccalaureate Service Held Sunday Night

Rev. Dallas Dennison, minister of the First Methodist Church gave the address at the Baccalaureate Services held Sunday night at the high school. Invocation by Rev. Fred Stump, minister of the First Baptist Church opened the program and two songs, a Congregational Hymn, "All Hail the Power" and a vocal solo, "He Shall Feed His Flock" by Ethelene Bucy were sung. Rev. John R. Ferguson, pastor of the Church of the Nazarene gave the benediction. Mrs. Pat Ramsey played the processional and recessional.

Rev. Dennison used as his text the quotation, "To as many as receive Him, to them gave He the powers to become the sons of God" and told of great men since Biblical times on to the present time who have acquired their strength and wisdom by living a Christ-like life.

### BROWNFIELD HOST TO SP OPTOMETRISTS

The South Plains Optometric Society met Thursday night, May 17, at the Esquire Cafe for a dinner. A business meeting was held following the dinner in the office of Dr. Gordon E. Richardson.

Dr. Glenn S. Burk of Littlefield read a paper and showed slides on the classroom environment of school children as an educational feature.

Attending were Drs. Wayne Hardy of Levelland, president; Carl L. Dean, Weston A. Petty, Millard F. Swart and A. A. Holmquest, all of Lubbock; M. R. Putnam of Muleshoe; J. W. Belote, Slaton; Glen S. Burk of Littlefield, and Gordon E. Richardson. Dr. Earl Hildreth of Lubbock was a visitor. Mrs. Swart and Mrs. Richardson accompanied their husbands.

The next meeting will be held in Lubbock June 21.

### POST STAMPEDE AND RODEO MAY 23-26

The Post Stampede's annual four-night show got underway Wednesday night with several thousand spectators witnessing the fastest and greatest show in the Stampede's 10-year history.

This year's show features six main events including calf roping, ribbon roping, saddle bronc, bareback bronc, Brahma bull riding and the Cowgirl sponsor contest. More than \$3,500 will be awarded contestants participating in these events.

More than a dozen West Texas Poses are riding in the 6 o'clock parade preceding each night's show.

The Melody Five, a Texas Tech string band, is playing for the dances at the open air pavilion at the grounds after each performance.

Several specialty acts are included in this year's show. Grandstand seating is arranged to accommodate 8,000 spectators.

### Buy a Buddy Poppy Saturday, May 26

There are new graves to be remembered Memorial Day, 1951—graves like the ones in this U. S. cemetery near Inchon, Korea—graves of men who died so freedom might live.

### Impressive Services Planned For Sunday

An impressive Memorial Day program will be presented Sunday, May 27, at 3 o'clock p. m. at the Terry County Memorial Cemetery under the auspices of the Hand Brothers Post, No. 6794, Veterans of Foreign Wars.

All members of the armed forces who were buried at sea or whose bodies were never recovered will be honored. The graves of all Veterans will be decorated.

Introductory remarks will be made by Bill Dugger, commander of the local post. Tom Keenan, pastor of the First Presbyterian Church, will give the invocation. A Memorial Day address will be given by Rev. Fred Stump, pastor of the First Baptist Church. Graveside rituals will be conducted by the officers of the local VFW.

The bugler and firing squads will be furnished by the Reese Air Force Base, Lubbock, Texas. Members of the local National Guard unit will act as guards at the gate and as color guard.

All those who have flowers that could be used in making sprays for decorating the graves are urged to bring them to Brownfield Floral Company or Hoy's Flowers.

### CALVIN STEVENSON TO RECEIVE DEGREE

Calvin Stevenson, son of G. C. Stevenson of Odessa, received a Bachelor of Science Degree from Texas Technological College at Commencement Exercises Monday night.

Stevenson attended high school in Brownfield, and served overseas with the U. S. Marine Corps for sixteen months. He was a member of the Red Raider football team at Tech for three years.

### Tornado Path

The two-story house (above) fared better than the building next to it in a tornado that swept through the north Texas town of Olney. The twister literally wiped out a two-hundred-yard section of the town. Two were killed and about 100 injured. (AP Wirephoto).

## FOUR ARE KILLED IN CAR WRECK NEAR WEST POINT

Four persons were killed and four others injured, two of them seriously, Monday night about 9 p. m., in a two-car collision about midway between Brownfield and Tahoka, at the small town of West Point. The dead in the wreck were identified as Mrs. Calvin Edwards and her mother, Mrs. O. T. Rogers of Tahoka, and Mr. and Mrs. Samuel E. Riley of Route 3, Lamesa. Calvin Edwards, Mrs. Edwards' husband, died early on Tuesday morning in a Lubbock hospital. The Edwards' children, Calva Ann, three and one half, and Elva Jo, one, remained in the hospital in Lubbock. Their condition is not critical.

The driver of the other car, Roy Monroe Maxey, of Ropesville, is reported still in serious condition in a Lubbock hospital. Investigating Highway patrolmen and Tahoka and Brownfield officers said Edwards was driving a 1951 Chevrolet west toward Brownfield and that Maxey was headed north in a 1951 Lincoln. Officers said the cars met with a terrific force, both winding up in the northwest part of the crossroads. The cars, both practically demolished, came to rest about 30 feet apart northwest of the intersection, Maxey's car on its top, and Edwards' car nosed against a telephone pole.

It was believed that Mrs. Edwards and Riley probably died instantly or within a few seconds after the wreck. Mrs. Rogers died in a Tahoka hospital later. Mrs. Riley died enroute to the hospital.

Triple funeral services for Mr. and Mrs. Edwards and her mother, Mrs. D. T. Rogers, were held Wednesday afternoon at 2 p. m., in the Tahoka Baptist Church with Rev. George Dale, retired, of Lubbock officiating. Rev. Lee Ramsey of Tahoka, pastor of Tahoka Baptist Church, will assist. Burtal will be in the Tahoka cemetery.

Mr. and Mrs. Edwards' survivors are the children. In addition, Edwards survived by his parents; Mr. and Mrs. Carroll Edwards of Brownfield; a brother, Robert of Denver City; and two sisters, Mrs. Mona Ray DeBusk of Hobbs, N. M., and Miss Freda Mae Edwards of Brownfield.

Mrs. Rogers is survived by her father, J. A. Pierce of Tahoka. No funeral arrangements had been made Wednesday for Mr. and Mrs. Samuel Riley, Lamesa residents, who were killed in the wreck.

Brownfield Funeral Home sent two ambulances to the scene of the accident.

### MAYFIELD TO ATTEND INSTRUCTION SCHOOL

Edmond J. Mayfield, well-known Brownfield insurance man, will be in Dallas the week of May 21 attending a special school of instruction conducted by the Republic National Life Insurance Company at its home office. The course is in charge of Lyman E. King, CLU, director of agency training, and Ralph C. Reincke, associate director. Mayfield is one of a group of eleven representatives of the Dallas company specially selected for this course, according to W. O. Childress, vice-president and director of agencies. Of these four are from Texas, three from Illinois, two from Louisiana, one from Oklahoma, and one from Nebraska.

### SERVICES HELD FOR W. H. CARLTON IN ODELL

Services were held in Odell, Texas Tuesday afternoon, May 15, for W. H. Carlton, 84, pioneer resident of Odell, at the First Baptist Church.

Mr. Carlton was a brother-in-law of W. A. Herron, and an uncle of Mrs. A. J. Stricklin, sr., Mr. and Mrs. W. A. Herron of Brownfield, and Mr. and Mrs. Thomas Matlock of Levelland attended the services.

## 136 Students Graduate In Exercises May 24

Graduation exercises for the 8th grade students were held Thursday morning at 10 a. m. in the auditorium of the old high school building.

One hundred and thirty-six students graduated into high school. The main address of the morning was given by Byron Rucker, principal of the Brownfield high school. Two numbers, "Whispering Hope" and "Danny Boy" were sung by the chorus, under the direction of Miss Nelda Key. The invocation was given by Rev. William Spreen. O. B. Stamper presented the certificates to the graduates. Benediction was pronounced by Rev. T. A. Keenan. Mrs. Grace Wood played both the processional and recessional.

Platform guests were O. R. Douglas, superintendent of the Brownfield Schools, and Lawrence Boyd, principal of Jesse G. Randall. Mrs. Catharine Williams and Don Appling were sponsors for the class.

The following students received certificates: Robert Phil Addison, Alice Antoinette Akers, Gloria Angus, Rita Ann Apolinaris, Richard Dale Baggett, Linton Elzie Barbee, Betty Carole Beasley, Murva Jean Boring, Nelva Naomi Boshier, Dixie Sue Brinson, Anpa Pearl Brown, Marvin Brown, Shirley Ruth Brown, Lauraetta Maxine Brumley, Beverly Shirlene Bryant, Lajuana A. Euneicia Bryant, Barry Derel Byrd, May Butcher, Robert Wade Butler, Betty (Continued on Back Page)

### Price Clinic Day Monday Afternoon

Next Monday afternoon, May 23, is price clinic day again in Brownfield. The Office of Price Stabilization will send Alton R. Taylor, price specialist, in the food branch to Brownfield to assist merchants of the area in complying with the federal stabilization program.

The chamber of commerce, co-sponsor with the OPS in the price clinic program, said this price specialist would set up offices in the Brownfield Chamber of Commerce. The chamber urged all businessmen with questions regarding compliance with the regulations to bring them before the specialist.

Meanwhile, POS officials reminded merchants of the entire 66-county district of approaching deadlines. Service station operators who sell most of their gasoline at a margin of more than four cents per gallon have until May 25 to file statements of their ceiling prices, with the Office of Price Stabilization. The address of the district office is Office of Price Stabilization, Broadway Building, 1202 Texas Avenue, Lubbock, Texas.

May 25 is also deadline for all gasoline and oil retailers to be pricing under Ceiling Price Regulation 13. The beef regulations became effective this week and retail sellers of beef have until June 4 to post ceiling prices in their stores. May 30 remains the deadline for filing price charts under ceiling price regulation 7 and amendments. That regulation covers the consumer goods field.

### KOREAN VETERAN TO VISIT SISTER HERE

Arriving aboard the transport Gen. R. L. Howze in San Francisco Monday as part of the Army's "rotation" program was Pfc. James Farquhar of Brownfield. Farquhar is the son of C. A. Farquhar, of Colorado City and a brother of Mrs. C. L. Holloway of Brownfield.

Pfc. Farquhar went in with the first troops to arrive in Korea and has been overseas 34 months.

The 1,905 men who returned to the States aboard the transport will receive a brief checkup at Camp Stoneham, on San Francisco Bay, and will then scatter over the nation for vacations at their homes.

Seventy-three from Texas were included in the group.

### PHILLIPS "66" STATION BOUGHT BY THOMAS

Jack Thomas has purchased the Phillips 66 Station at 320 West Main Street from Bill Webb, who had bought it from Pat Patton a few days previously.

He is also owner of the Thomas Gulf Station on the Lubbock Road. The new station will be known as Thomas' 66 Station and will be managed by Pete Browning.

### FORMAL OPENING TO BE HELD SATURDAY

The formal opening of the Handy Grocery will be held Saturday, May 26. The store is located at 602 Lubbock Road.

Claudie Gore purchased the store from Pate Collier, March 28. New sliding doors have been added and front of the store will be completely open. All the interior has been redecorated.

Mr. Gore will handle a complete line of fresh vegetables and meats, and staple goods.

Coffee and doughnuts will be served all day Saturday.

### Brownfield Students Receive Degrees

Brownfield and surrounding area were well represented Monday night at the Commencement Exercises of Texas Technological College. Brownfield students receiving degrees were: Wade Yandell, B.B.A. in Management; Don Tankersly, B.S. in Petroleum Engineering; Myron Glenn Harris, B.S. in Mechanical Engineering; Mattie Emma Morgan, M.S. in Education; Beulah Arnold Herring, B.S. in English; Joe Preston Wheatley, B.S. in Physical Education; Victor Roy Herring, B.S. in Agronomy; Earnest Weldon Sears, B.S. in Animal Husbandry; J. Fred Bucy, Jr., B.A. in Physics; and Eleanor Jean Miller, B.A. in Sociology.

Leroy Price of Meadow, B.S. in Agriculture; Lester Freeland Rawson, Ropesville, M.A. in Agriculture; Tommy Gene Hewlett, Ropesville, B.S. in Agriculture; and Bill F. Cox, Denver City, B.S. in Agriculture.

### Wellman Graduates Enjoying Colorado

CANON CITY, Colo. (Special) May 25—Fifteen members of the class of '51 of Wellman high school spent a thrilling day at Colorado's famed Royal Gorge on their recent senior class trip through southern Colorado.

It was highlighted by a tour that included visits to points of interest in and around Canon City and elsewhere in the Pikes Peak region.

At the Royal Gorge, the group crossed the world's highest bridge (10,500 feet above the roaring Arkansas river), rode the world's steepest incline railway (100 per cent grade) and dined at the plush Cliff Terrace cafe, which clings to the rim of the Gorge chasm.

Sponsors on the tour were Mr. and Mrs. Ira C. Brackett and Mr. and Mrs. Odus Walser. Students were Curtis Thomason, Catherine Thomason, Charisie DuBose, Dorothy Hadaway, Jo Beavers, Carl Cobe, Ina Jean Elliott, Ruth Livesay, Darlene Thornton, Gene Foust, Fatsy Bowlin, Robbie Currie, Margie Graham, Betty Briscoe and Otagene Baldwin.

### Give Pig a Chance To Make Hog of Himself

Summer Management Major Factor in Swine Profits

Even a pig needs some help in order to make a hog of himself. Good summer management helps pigs make market-topping hogs, says A. L. Ward, Educational Director of the National Cottonseed Products Association. Well-fed, properly managed hogs make a profit most years. Diseased or parasite-infested hogs that don't get the right care and feed are a poor bet any year.

Start with healthy pigs and keep them healthy for fast gains and efficient feed use. A sick pig is a poor producer. It takes longer to get to market and requires more feed.

Sanitation is the first requirement for disease and parasite control. Good green pasture provides cheap, nourishing feed and is the best way to maintain sanitation. Avoid stale mud wallows. Keep water and feed troughs clean and supplied with fresh water and well-balanced rations. Well-fed pigs are easiest to keep healthy.

Your county agent or agriculture teacher can show you how to worm hogs with sodium fluo-ride. Vaccinate for cholera if your farm or neighborhood had a re-

**DASH FOR LIFE**—An American infantryman races for cover in Korea as Communist bullets fly by. His fellow-members of a unit of the 3rd Infantry are pinned down in foreground by the fire of enemy small arms.

cent outbreak. Consult your veterinarian immediately when diseases occur. Use the new efficient, proved insecticides to control lice, mange and flies. Good rations make the most pro-

fit. Balance them for protein, minerals and vitamins. Feed liberally but without waste.

The noted feeding authority, F. B. Morrison, says in "Feeds and Feeding" that one pound of protein supplement will save five to six pounds of grain when used in amounts needed to balance rations for pigs.

An economical and efficient protein supplement you can mix on the farm is: 40 pounds of cottonseed meal, 40 pounds of tankage or meat meal, and 20 pounds of alfalfa leaf meal. Leave the alfalfa out of the mixture if hogs are on good pasture. This supplement may be self-fed, free choice, with grain or mixed with ground grain and self-fed or hand-fed.

Growing pigs and breeding sows need the vitamins, minerals and growth factors they get from green pasture. If pasture is not available, feed rations containing 5 per cent alfalfa meal for fattening hogs and 10 to 15 per cent alfalfa for breeding animals. A good mineral mixture to feed, free access, is 2 parts of bone meal and 1 part of salt.

Self-feeders promote fast gains and reduce labor costs. Hogging-down grain in the field is another way to save costs by reducing labor. Fattening hogs eat more and gain faster if you keep them cool and comfortable during hot weather. The Texas Experiment Station showed that gains are increased when hogs have a concrete wallow to keep them cool. Conveniently located shade helps keep them comfortable and reduces the danger of heat losses. Construct shade so that the breeze will blow

over the hogs. Plenty of clean, fresh water is essential at all times but is especially important during hot summer months. Partially covered water troughs make it easy to keep water clean and cool.

Market hogs at 200 to 250-pound weights for most efficient gains and highest prices. After hogs reach 200 pounds, it requires an extra 1/4-to-1/2 of a pound of feed to produce a pound of gain. A Cornbelt swine specialist has suggested that you may find it more profitable to market a ton of pork in ten skins instead of eight.

### Fresh Vegetables Can Be Spring Tonic

Fresh vegetables can be the "spring tonic" for lagging appetites. Louise Mason, foods and nutrition specialist for the Texas Extension Service says they will give your appetite a lift. Fresh, crisp and attractive vegetables offer vitamins, minerals and good eating for family meals.

The Texas Food Standard recommends three different types of fresh vegetables every day. The

mer months. Partially covered water troughs make it easy to keep water clean and cool.

Market hogs at 200 to 250-pound weights for most efficient gains and highest prices. After hogs reach 200 pounds, it requires an extra 1/4-to-1/2 of a pound of feed to produce a pound of gain. A Cornbelt swine specialist has suggested that you may find it more profitable to market a ton of pork in ten skins instead of eight.

green and yellow group includes beans, peas, asparagus, carrots, greens, and yellow squash; another group includes beets, okra, corn white squash, onions, celery, radishes, and half mature beans and peas; and the third group is either sweet or Irish potatoes.

Prepare them well to make the "tonic" more effective. Miss Mason suggests fresh greens wilted with a hot French dressing and served with green onions. This could be garden lettuce or others like spinach, tender mustard or turnip greens. Cook a mixture of greens as turnip, mustard, spinach and beet tops, and season with bacon drippings or salt pork.

Leave some of the green stems on radishes or tops of fresh onions. Eat fresh string beans when they are young enough to have seeds no larger than a pin head. Try English peas cooked with tender

young asparagus in cream sauce. Arrange fresh vegetables on a relish tray using radish roses, celery curls, carrot strips, fresh green onions, sliced tomatoes and green pepper rings. Garnish with garden lettuce.

Miss Mason suggests you see your county home demonstration agent for further recipes and directions.

#### DELIVERY ON REQUEST

EAST-CENTRAL FRONT, Korea.—(AP)—The American patrol was in trouble. About 50 Communists, dug in on a hill near Chunchon, had pinned down the platoon with small-arms fire. The platoon leader radioed for aid from air or artillery, anything available.

By coincidence, at that moment a B-29 pilot called the same fire-

control headquarters, saying: "I've got a dead-engine and have to get rid of 12 1,000-pound bombs. Hate to waste 'em. Have you any immediate targets?"

The answer was a profane yes. Moments later the earth shook for miles around with the burst of bombs. The platoon leader called back with a shaky "Thank you; no more enemy."

#### OZONE FOR THE HOME

NEW YORK.—(AP)—Researchers at General Electric laboratories say they have produced a device that creates ozone as though it were being released from a bottle.

The new gadget is said to enable housewives to produce in their homes the same fresh, clean effect noted in the atmosphere after a thunderstorm.

Last week we had something to say about the boys that "represent" we the people up at Washington. We also stated that they were going to be asked some embarrassing questions come the campaign last summer. The Herald has talked direct with a number of farmers lately, and we know good and well they are as restless and disappointed as the rest of us. Let us state right here and now that farmers are not the rural rubes some may think. They are heavy readers and they listen to the radio talks of our leaders. Many of them are sure that the government put a higher ceiling and loan on maize last year after most of the gain was out of the hands of the farmers. Right now the cattlemen are getting red hot as well as the farmers. One farmer stated to us this week that he didn't think the administration had either a domestic or foreign policy. He further stated that he'd been a Democrat all his life, but was at the end of the rows, as he didn't believe we even had a Democratic party now.

We have had oil in Texas so long that most of us are taking it for granted, and a lot of us pay no more attention to a new oil well than to a patch of Johnson grass. But if we had to do without the things that the tax on oil pays for—well, we never miss the water till the well goes dry. R. B. Anderson of Vernon, and chairman of the State Board of Education as well as president of Mid-Continent Oil and Gas Association, stated recently that the school tax alone from west Texas counties paid \$45,000,000 in 1950. A sizeable additional tax would have

to be added to the bill of each taxpayer if this \$45 million was removed. Since the development of oil and gas in west Texas, as well as the other sections in the past several years, Texas schools have risen from way down about the bottom of State public schools, to way up toward the top. Some 48.2 of all state government expenditures, exclusive of federal aid are devoted to public schools, junior colleges, state colleges, and special schools. Since the Gilmer-Aiken law went into effect, bettering Texas schools and hiking teachers' salaries, known as the Foundation School Fund, the oil industry has paid 53 per cent of the taxes that went into that fund. We are truly glad that Texas is so abundantly blessed with this natural resource.

According to a report of a Bulletin of the WTCC, a hearing will soon be under way at Washington by the House judiciary subcommittee on the Celler bill to give the Federal government temporary control of the tideland. That very independent Texas congressman, Ed Gossett of Wichita Falls, who refuses to wear the brass collar of the administration, predicts that the Celler bill will be thrown out. It will be replaced by the Walter measure that restores ownership to the States. The spotlight will be on the Wichita Falls man in this fight, and he'll probably show Celler that the law applies to Wyoming as well as Texas. For the past several years, Wyoming has been developing into quite an oil state, and there is no reason on earth that the administration can't expropriate their oil fields just as

they have done in Texas. If the statement goes on, the Supreme Court's rule in favor of the federal government is allowed to stand, it sets a precedent in the nationalization of all natural resources, as well as man-built resources and industries. The present supreme court has become efficient in twisting the wording of the Federal Constitution to any end sought by the present administration. But present, California, Louisiana and Texas are the states that have the most tangible interest. If they do not lead a fight for their own property, they cannot expect much following. Presently we cannot expect any help from Speaker Sam Rayburn of Bonham.

It appears that the powers that be in Washington have consumed long hours, days and years to find that they cannot do business with Stalin & Co. Over at Paris, some 50 days have now been consumed with a Bolshevik on one hand and England, France and the USA on the other, and they are no nearer an agreement than the first day of their conference. About every other day, the civilized delegates must listen to a long tirade of abuse and insults from the dirty man from Moscow. Coronet had a fine article illustrating the point that you cannot do business with any commie, great or small. A US Army Captain was interviewed. He admitted that he hated the whole shoot and bilin', men and women. He stated that "refugees" from north Korea would drift south, pick up information about the UN army and its location, then sneak back and disclose it to the Red reprobates. He had caught them doing just that. "But, what about the children?" the correspondent asked. "Just as bad," the Captain related. "They are all hell bent to destroy free people any way they can accomplish the matter, and nothing is too nasty, slimy and underhand to stop them. For some time a north Korean boy about 8 years of age had been coming to the lines, and the soldiers had been feeding him." The Captain stated that they found that this child had been carrying all the information about their position and equipment he could gather back to the Red commander. Do you wonder, after seeing many of his men killed by ambush by such information that

the Captain hates all Reds, young or old? And we sometimes wonder if Christ had in mind such people when he gave that great lesson against hate? Or did He just mean your neighbors, people that you know? Could you love a sneak that would disarm then butcher? This Captain went on to say that this was no World War II; that it was entirely different to any war ever fought by the United States. There is no regard whatever for civilized warfare, where troops may surrender and have protection. Yes, said the Captain, we must practice civilized warfare, but they don't. In his experience with the Commies, you must regard all of them, men, women and children as enemies, and ready to trap you and take your life any way they can find to do so. We can see no point in further monkeying with these monkeys. They are our sworn enemies.

Those poor brainless wonders here in America who would by fair or foul means turn our country

over to the Communists, are just as silly as those jackasses that helped Hitler to reach his power. Both are totalitarianisms and nothing else can be made of them. Over in Russia, the kulaks, or farmers had a long standing grudge against the land-owners. So the bolsheviks promised the poor downtrodden kulaks outright ownership of the lands if they would revolt and join them. They did, only to find they had masters just as hard as under the Czars. The same thing is being revealed over in China, maybe too late to save that poor deluded country from ruin. A lot of these big mouthed, morons here in America love to tell the great advantages under Stalin. But here is the real secret weapon in the hands of the USA. First we wish to give a few items of necessities that the working man has to buy both here and in Hog Heaven Russia. The next figures is the number of minutes or hours the US laborer has to put in for the same item, and the second is the number the Rusko laborer has to

put in for the same item: Rye bread, 7 minutes, 31 minutes; pound butter, 48 minutes, 10 1/2 hours; quart milk, 10 minutes; 1 hour; package cigarettes, 9 minutes, 2 hours; man's suit, 25 1/2 hours, 580 hours; shoes, 7 hours, 104 1/2 hours.

In their legislation bulletin, the WTCC says the United States will move four million kilowatts closer to the achievement of a nationwide Federal electric power monopoly if congress approves all the appropriations scattered throughout the USA, and asked for by the President. While the initial costs are comparatively slight, some 709 million dollars the ultimate will reach the staggering sum of nearly 1 1/2 billion dollars. If the facilities that are being asked were really needed by the nation, that would be another matter. However, it is generally known that the public utilities companies over the nation are fully prepared and able to take care of their customers even in time of emergencies, with a safe reserve margin.

Therefore not being needed, why turn scarce material and manpower over to the government that is really needed for the defense of our country? While congress has never given all-out approval of this huge sum, they have by piecemeal methods unwittingly contributed to this foot-in-the-door socialistic approach. The federal government's investment to-date in electric power facilities has already reached the staggering sum of 4 billion dollars.

That alibi offered by the Texas Senate about some of the money to be allotted to town and cities to build streets, was too weak to stand alone, and shows the wavering lot of the boys that perhaps have retained fees from some of the gas pipeline fraternity. Their idea was that one part of the government could make no law allowing funds to another government level. Then how on earth does the Texas Senate expect to hand funds down to the Commissioners Court to build farm-to-market roads? Presumably the smart

boys are aware of the fact that town people have to pay county, state and federal taxes, just the same as other "government levels." We are glad to state that our Senator, Kilmer Corbin seems to be standing pat on natural gas tax bills. Ordinarily, only half of the Senators have to stand for election every two years, as their terms run for four years. But on account of redistricting, the Senators as well as the House will have to come before the people. We'll see what we see.

**MOON GLOW**  
 WAYNESBORO, Va. — (AP) — When the moon comes over the mountain there's no cause for alarm. That's the word from the Waynesboro fire department. It seems a frantic caller phoned to report: "The mountain back of Calf Mountain is on fire." Just as a fire fighting crew was being dispatched the same caller phoned again to report, rather quietly: "Sorry. But it's just the moon coming over the ridge."

**Plainview Flood**

At least 40 families were driven from their homes as rainfall totaled 8.28 inches in the Plainview, Tex., area. The rains poured a torrent through the usually dry Running Water Draw near the Panhandle city of about 12,000. The rainfall broke a 64-year record. (AP Photo).

### Maid of Cotton To Visit Lubbock

LUBBOCK, Texas, May 25.—Jeanine Holland, lovely Houston co-ed who was chosen the nation's 1951 Maid of Cotton, will appear in Lubbock two days as a phase of her tour of Europe, the United States and South America. Miss Holland will be honored by representatives of the South Plains cotton industry with an impressive celebration the night of

June 7 at the Lubbock Country Club. Arrangements are in progress to provide for 300 persons to attend the reception and dinner. A style show at the Lindsey Theatre will highlight the second day of Miss Holland's visit to Lubbock. The show is open to the public and is set for 10 a. m. June 8. Lubbock's Junior Welfare League is in charge of arrangements. It takes about 250 pounds of coal to make five auto tires and tubes.

### Neatest Trick of the Year

**DID YOU EVER LIFT AN ELEPHANT?**—You have, according to the experts, if you've been doing your washing with the old-fashioned method of rinsing. They point out that the average housewife lifts five tons a year in the rinsing process. The elephant weighs only four tons. No-Rinse Surf, now being introduced in this section, eliminates the need for rinsing through an exclusive process developed after five years of laboratory research. This means no more elephant lifting for the housewife. It means, too, a saving of 11,000 gallons of water and 125 hours of labor a year.

### TREND IS REVERSED FROM 1930s WHEN TENANTS WORKED 3 FARMS IN FOUR

By Robert E. Ford  
Associated Press Staff

The people who actually operate Southwestern farms—who plow, plant and harvest—today own more of the land they operate than at any time since records have been available. This fact was determined by the University of Arkansas College of Agriculture after exhaustive research. This definite trend away from tenancy and toward ownership began between 1935 and 1940. It continued unbroken throughout the war years and into the post-war era. The Federal government has long aimed at making easier the ownership of farms by the farmer. In Texas, where a little different situation exists, the Republic and later the state have taken the same view. But their efforts sometimes failed badly. For instance, the Federal government attempted to create an owner-operator system in Oklahoma when the territory was opened for settlement. But in less than one generation—25 years—the Oklahoma land was held predominantly by non-operating owners. In 1930, only one farmer in every four remained in the own-

er class. The other states in the region—Texas, Louisiana, Mississippi and Arkansas for purposes of the study—were in much the same situation. The published University of Arkansas report states that "from the standpoint of the farmers' financial ability, opportunity for achieving ownership during the past decade perhaps has never been equaled. Farm operators in the region have reaffirmed their future goal of ownership through extensive purchase of land from non-farmers and through retirement of two-thirds of their land indebtedness." The report breaks down the figures into four classifications. Possibly the best picture is given by the figures on the landlords. In Texas, 22.8 per cent of the farm owners in 1930 were landlords, who rented out all the land they owned. They possessed 27.5 per cent of the land and their holdings averaged 739 acres.

### GMC Training Diesel Truck Mechanics

PONTIAC, Mich., May 25.—Since last December four mobile GMC Diesel truck service schools traveling throughout the United States and Canada have trained 740 Diesel truck mechanics—an extremely important asset in defense transportation—it was announced today by Mr. A. A. Shantz, general parts and service manager for the GMC Truck & Coach Division. The program, which calls for 1,500 GMC Diesel mechanics and the establishment of 1,000 GMC Diesel Service Stations by the end of 1951, is ahead of schedule at the half-way point and may well go far past the original objectives, Shantz said. The Diesel mechanics trained include 462 GMC dealer personnel, 97 GMC company personnel and 135 trucking companies' personnel.

### CONCEALED WEALTH

FORT DODGE, Ia. — (AP) — Henry Macken, 47, literally coughed up the dough when he was taken to a hospital here for treatment after an attack by would-be robbers. He had suffered cuts and bruises on his neck and chest. After the wounds were stitched, he started coughing. Out came two fives and two one dollar bills. He had secreted the money in his mouth when he was assaulted.

### FOOD BOUGHT by ONE HOUR OF LABOR

The average American worker today can buy more food with an hour's labor than at any time in recent years, despite advanced retail prices, according to reports submitted to the House Agriculture Committee by Secretary of Agriculture Charles F. Brannan. "An hour's earnings in a factory may buy less of some things now than it has in the past, but it will buy more food," he said. Comparing February, 1951, purchasing power with other years, the figures showed that an hour of factory labor buys 25% more bread than in 1939, 50% more than in 1929 and twice as much as in 1919. Analyses show that bread also contains more actual nutritive value, penny-for-penny, than any other food, according to the American Bakers Association. The baking industry this year is observing the tenth anniversary of white bread enrichment, which nutrition experts declare has improved materially the health of the American people. Citing this improvement in health, Dr. Elmer L. Henderson, president of the American Medical Association, states that "I do not think it too much to say that a very important part of the more buoyant health and increased mental and physical vigor the American people enjoy today can be directly credited to the enrichment of bread with essential vitamins and minerals."

**HEALTH, too, may be hard to hold**

Yes, there's a knack and "know-how" in everything, whether it's holding babies—or holding Health. If you need help in restoring personal pep, your doctor is the man to see—without delay. Let him aid you with the improved techniques and the new medicines of today. Whether your doctor prescribes the newest specialty, or a rare imported drug, we have it—fresh and potent—at a fair price. Be sure to bring us your prescriptions!

## Here's something Special in Spaciousness

1 LOT of folks like the two-door idea, because they feel that tiny tots are safer in the back seat. But that's no reason why back-seat headroom should be dimensioned for midgets only. So Buick engineers have done something about it, in the Buick SPECIAL 2-door Sedan pictured here. They've kept the compactness of overall length that's important in modern garages. But they've arched that sturdy steel top to give you he-man headroom—headroom in back as well as headroom in front—that makes a six-footer feel at home. And they've designed a trunk that has "room for tourists." Don't ask us how they did it. Come see for yourself. Slip into those spacious seats—and while you're there, find out why this compact honey is one of the hottest numbers we've seen in years. Find out how that F-263 valve-in-head Fireball Engine pours out the power and stretches the miles per gallon. Find out how Buick's exclusive combination of torque-tube drive and coil springs on all four wheels puts big-car steadiness and stability into this nimble performer. Find out how Dynaflo Drive\* takes the strain out of traffic driving—and brings you relaxed to the end of a long day's cross-country driving. And above all—find out the prices—and how much they'll buy in comfort and convenience. The sooner you see your Buick dealer, the better off you'll be.

\*Standard on ROADMASTER, optional at extra cost on other Series. Equipment, accessories, trim and models are subject to change without notice.

### Texans in Washington Biting Animals Scatter Rabies

By Tex Easley  
(AP Special Washington Service)

WASHINGTON, May 25.—(AP) To Rep. W. R. Poage of Waco, the House refusal to vote a proposed large scale guayule rubber program is "utter folly." Vice-Chairman of the House Agriculture Committee, Poage headed a sub-committee which studied the feasibility of commercial production in this country of rubber from the latex-bearing shrub of the southwest. Under present high prices of natural tree (Hevea) rubber from the Far East, it should be economically sound to grow guayule, he says. He feels it would be cheap insurance if viewed from a national defense standpoint. "Under present world conditions," Poage said, "when we might find ourselves cut off from supplies as we did in World War II, it seems to me to be utterly folly to neglect a great expansion of this domestic source of natural rubber." The Senate Armed Services Preparedness Committee headed by Texas Senator Lyndon B. Johnson has recommended a vigorous guayule program contemplating planting of large tracts in Texas. Poage lambasted the House Appropriations Committee for not making a similar recommendation. "If it hadn't been for the penny-wise, pound foolish attitude of some of the leaders of that committee," Poage asserted, "we would have right now at least 30,000 acres of guayule ready for harvesting at the time for peak yield."

Wherever there is an over-population of biting animals whose natural defense is their teeth, and which travel along the ground, there is a potential danger of a rabies outbreak. This is the word from State Health Officer Geo. W. Cox concerning the disease which is currently flaring over East Texas. Wild foxes and skunks are chiefly responsible for the East Texas trouble, Dr. Cox said, and urged residents to "take strong measures against them." "There's a law prohibiting the sale of pelts during December or January, but there is no law to prevent killing them anyway if they can be caught in rifle sight," the health official declared. He described rabies as being of two types—"dumb" and "furious." Either type is one hundred percent fatal to animals and humans once the symptoms develop. And, he added, any warm blooded animal, including birds, can contract the disease. Disclaiming the classical mad dog with its frothing jaws as "misleading," he explained that a rabid dog's appearance frequently lead the owner to suspect a bone lodged in its throat. "More than one owner has forced open a dog's mouth to investigate, and made himself liable to rabies exposure," Cox said. He urged that suspected animals be put in care of a veterinarian for observation, and declared that a definite change in behavior is usually the first symptom of infection. Livestock losses have been high in the eastern section of the state, the health officer said, but indicated that they are heightened when wary farmers kill valuable stock because they suspicious rabies. He said that of the 127 dog heads sent to the State Health Department laboratories for examination so far this year, only 33 of them were positive, indicating the others had been killed without allowing sufficient time for observation. People who have had cataracts removed from their eyes can see ultraviolet light which cannot be seen by those with ordinary vision.

### 43 TEXAS BURROS FOR REALISM

NEW YORK. — (AP) — At the 12,000 acre Ten Mile River Scout Camps in Narrowsburg, N. Y., 100 miles from here, 43 burros have been imported from Texas to help Boy Scouts learn the skills of the "wide open spaces." Only 42 burros left Texas, but an addition was born enroute. Boys attending the camps will be taught proper trail packing methods and how to tie a real "diamond hitch." All in all, the imported burros are expected to bring the old west right up close for New York scouts this summer. Have news? Call The Herald!

## Nicholson-Springer Rites Read May 9

Mr. and Mrs. Neal Nicholson of Novis, Texas are announcing the marriage of their daughter, Mary Lynn, to Private Bobbie Springer, son of Mrs. Tom Sims of Bronco, New Mexico.

The ceremony was performed in Lovington, N. M., with the minister of the Church of Christ, Garner Atkinson, officiating.

The bride wore a heavy suit with navy blue and white accessories. The couple left following the ceremony on a wedding trip to Nebraska.

The bride is employed at the telephone office and the groom is stationed in Seattle, Washington.

A reception honoring the couple was held in the home of the bride's aunt, Mrs. Clyde Trout of Tokio on May 19.

The table was laid with a white cloth and an arrangement of red roses and honeysuckle was featured as a centerpiece.

Mr. and Mrs. Neal Nicholson of Novis were out-of-town guests. Thirty-two attended.

## Maids And Matrons Hold Autograph Tea

An autograph-tea honoring Mrs. Homer Winston was held Tuesday night from 7:30 until 10 p. m. at the Sleta Jane Brownfield club house. Mrs. Wikstos, who uses the pen name Juanita Whisenant, is the author of the recently published book, "Time Flew By."

The tea was sponsored by the Library Committee of the Maids and Matrons Study Club. Mrs. E. C. Davis is chairman of the committee, and others serving on the committee are Miss Olga Fitzgerald, Mesdames M. G. Tarpley, Barton Evans, Money Price and Lee Fulton.

Mrs. Money Price, president of the Maids and Matrons Club, greeted the guests at the door and presented them to Miss Glenna Winston, daughter of Mrs. Winston, and to Mrs. Winston.

The refreshment table was laid with a lace cloth, and the club house was decorated with arrangements of red roses. A corsage of red roses was presented to Mrs. Winston. Mrs. Louise Miller presided, at the refreshment table, and was assisted by Mrs. Tarpley and Mrs. Eunice Jones.

Members of the house party were Mesdames Jones, W. J. Spreen, Evans, Davis, and Miss Fitzgerald.

Mrs. Winston autographed all books sold during the evening. The author permitted the Library Committee to have exclusive sale rights of the book in Terry county, and the proceeds of the tea will be used to improve the present library the Maids and Matrons Club maintain. The books will be sold only in Brownfield at the library located in the courthouse.

Mrs. Grace Wood purchased the first book.

## BUFFET SUPPER HONORS OES OFFICERS

Mrs. John H. Portwood, Worthy Matron of the Brownfield Chapter OES, and Mr. Portwood honored the Eastern Star officers who have served with her the past year with a buffet supper at their home Tuesday evening at 6:30 p. m.

Table decorations were of the rainbow colors, blue, yellow, white, red, and green.

Guests attending were: Mr. and Mrs. Kyle Adams, Mr. and Mrs. J. W. Nelson, Mesdames Lala Singletary, W. F. McCracken, Lewis Simmonds, Delta Lemley, Minerva Chesler, Sarah Bariks, M. B. Brown, Milton Addison, Wayland Parker, W. N. Lewis, Jess McWhorter, and K. V. Sadler.

Following the supper, Mrs. Portwood presented a gift to each officer in appreciation of their year's work.

## JOHNSON HD CLUB MET TUESDAY, MAY 15

The Johnson Home Demonstration Club met Tuesday, May 15, in the home of Mrs. Frank Tuttle.

Mrs. Hardin Joyce gave a talk on Consumer Education. Refreshments were served to eight members and the hostess.

The next regular meeting will be June 5 in the home of Mrs. Hardin Joyce. The program will be on pickling and brining and each member is urged to attend.

Vernon Townes, county attorney, and Charlie Bush spent Sunday fishing on a private lake of friends at Snyder. Total catch of the day, according to Mr. Townes, was five large frogs.

BUY A BUDDY POPPY Saturday, May 26

## MISS JILL WALKER HONORED WITH PARTY

Mrs. Prentice Walker honored her daughter, Jill, with a supper and theatre party at 6 p. m. May 22, on her tenth birthday.

The guests were given small gayly colored parasols as favors.

Those attending were: Misses Sheri Sue Clements, Marken Frazier, Judy Keenan, Judy Teague, Jeannette Hefflin, Sheila Primm, Rosallene Barrett, Latrice Teague, Barbara Jo Germany, Sharon Kay Sneadaker, Joan Tarpley, Linda Bost, Donna Franks, Sue Dell Jones and Lois Hudgins.

## Alpha Omega Club Holds Final Meeting

The Alpha Omega Study Club closed the year's work with a luncheon at the Esquire Tuesday afternoon at 1 o'clock. Hostesses for the luncheon were Mesdames V. L. Patterson, Arlie Lowmore, E. C. Gerstenberger, and Wayne C. Hill. Program chairman was Mrs. M. J. Craig, sr.

Mayor C. C. Primm and Wayne B. Smith, manager of the Chamber of Commerce presented the trophy, won by the club in the recent clean-up campaign, to Mrs. Grady Goodpasture, president of the club.

Mrs. Hill sang two numbers, accompanied on the piano by Mrs. Truett Flache and by Mrs. Kenneth Watkins on the violin. Mrs. Goodpasture, outgoing president, expressed her appreciation to the club for their cooperation during the year, and was presented a gift of silver from the club by Mrs. V. L. Patterson.

After the luncheon Mrs. Goodpasture installed the incoming officers: Mrs. Bill McKinney, president; Mrs. Jake Gore, first vice-president; Mrs. Jake Geron, second vice-president; Mrs. Zeb Moore, recording secretary; Mrs. M. J. Craig, jr., corresponding secretary, and Mrs. Curtis Sterling, treasurer.

After the business meeting, bridge and canasta was played.

The following members attended Mesdames Lee Brownfield, M. J. Craig, jr., Truett Flache, A. J. Geron, E. C. Gerstenberger, Grady Goodpasture, Jake Gore, Tommy Hicks, Wayne C. Hill, C. R. Lackey, Arlie Lowmore, Bill McKinney, Zeb Moore, Robert Noble, George O'Neal, V. L. Patterson, Kenneth Watkins, Curtis Sterling, P. R. Cates, Gerald Nelson, George Weiss and Sid Lowery.

## MISS BARBARA WARREN HONORED FRIDAY

Miss Barbara Warren, bride-elect of Carl Hogue, was honored with a miscellaneous shower Friday afternoon from 3 until 7 o'clock in the Levelland home of Mrs. G. H. Sires. Co-hostesses were Mesdames Fred Owens, Edith Pitman, Bill Morrow, Emma King, Pirtle, Eethel Basye and Cornelia Cash.

Mrs. Owens presided at the brides' book. In the receiving line were Miss Warren, her mother, Mrs. Warren and Mrs. T. C. Hogue. Several guests from Brownfield attended.

Miss Warren and Mr. Hogue will marry June 3.

BUY A BUDDY POPPY Saturday, May 26

## Trophy Winner

John (Model T) Ford, ace quarterback for the 1950 Hardin-Simmons University Cowboys, is shown with two trophies he received recently. One of the cups is for the school, the other for himself. Ford won the trophies for being judged the most valuable player in the North-South game. (AP Photo).

## Attacks Price Control Order

Ray W. Willoughby, San Angelo, Tex., cattleman, is shown as he testified in Washington before the House Agriculture Committee. He said the whole price control order should be thrown out so that more beef could be produced "without our working under shackles." Willoughby is president of the Texas and Southwestern Cattle Raisers' Association. (AP Photo)

## PLAINS NEWS

Rev. and Mrs. W. P. Brian, Mrs. J. M. Harris and Mrs. S. McDonnell attended a Sunday School convention in Seminole Thursday evening.

Mrs. W. H. Hague and Mrs. Ralph McClellan were Lubbock visitors Wednesday.

Guests in the R. S. Bandy home this week were Mrs. M. G. Oldham of Meadow, Mrs. Oneida Morris of Hartley, Mrs. Jesse Lou Osborn of Lovington, N. M.

Mr. and Mrs. John T. Camp visited the Woodie Houston's in Hobbs, N. M., Thursday evening.

Mr. and Mrs. A. B. Carpenter were in Abilene this week.

Elias Ivy from Denver City was a business visitor in Plains, Monday.

Mr. and Mrs. Joe D. McLaren and Annie Jo of Pampa spent the weekend in Plains.

Mrs. Jim Pharr was called to Mangum, Okla., to attend the funeral of her grandmother.

Mrs. Miller McLaren of Lubbock spent the weekend with her daughter, Mrs. Jim Story and mother, Mrs. Lydia Lynn.

Mr. and Mrs. Earl Coke are announcing the arrival of a boy, born the 7th.

Mrs. Joe Cheek and mother and Mr. and Mrs. O. D. Smith and Mrs. H. Goehre and children attended the eighth grade graduation in Whiteface, Wednesday evening.

Mesdames Donald and Raymond Berkout were Brownfield shoppers Friday.

The Square Dance Club met Saturday evening at Legion Hall. Messrs. and Mds. M. W. Luna and Bill H. Powell were co-hostesses. Mr. Smith of Denver City was caller.

## Comings, Goings, Marriages, Divorces

Well, the newcomers seemed to have almost held their own with the leavers the past week. Seven took off still hunting for the gold at the end of the rainbow, while five persons, some perhaps with families or at least a frau, decided they might find gold here. They are:

W. E. Andress, from Roswell, N. M., and H. A. Smith from Lovington, N. M. Then there was Ar-

old C. Hayden from Lexington, Ky., Jimmy Williams from Granberry and R. H. Morrell, jr., from Slaton.

Three couples obtained license to wed, being S. P. Williams and Miss Jimmie LeRue Stockton; Terderico Morin and Miss Maria Villereal; Mr. Craig Lewis and Miss Judy Barrow.

Also, three couples decided that they just couldn't look across the table at each other any longer. So-o-o-o, they are quitting.

There are still some who are making good use of blank bank

checks, which they efficiently fill out for things they need. They get the goods, and the dealer gets a hot check.

The Brownfield Cubs held their last pack meeting Monday evening at the First Methodist Church. The next meeting will be in September. Games were played during the first part of the meeting and awards given by Newel Reed, Cub leader. Approximately 25 boys and parents attended. Cokes were served and the meeting adjourned.

## REGULAR SERVICE COMES CHEAPER

MATTOON, Ill.—(AP)—When the dog catching contract of Clarence J. Fryman, jr., expired, the local police temporarily took over his job.

The cops had to kill two stray animals. The dogs had been injured by cars or fighting other dogs. One police officer tore his trousers chasing a dog. He said his pants cost \$18.50.

Mayor G. W. Smith quickly requested the City Commission to renew Fryman's contract.

Mr. and Mrs. Doyle Henson and family, Rev. and Mrs. Edwin Kettler and children visited Mr. and Mrs. Loyal Henson, Sunday.

Miss Jean Evans, Carlos Cross, Elwood Ulmer and Mrs. Doris Winn of Lubbock visited Sunday in the home of Mr. and Mrs. Merl Richardson.

Mr. and Mrs. L. A. Bagwell, Miss Bobby Jo Bagwell, Billy and Wayne Bagwell, Misses Cynthia and Evelyn Stevens, and Melvin Carroll visited Sunday in the home of Mr. and Mrs. C. S. Carroll.

Mr. and Mrs. Fred Tounds of McCamey, Mr. and Mrs. Frank Gray and Jimmy Dee and Mrs. Wanda Bradford visited Mr. and Mrs. J. L. Langford, Sunday.

Kenneth Evans visited Harry Henson, Sunday.

Private and Mrs. J. C. Armstrong, jr. of Cheyenne, Wyo., visited their parents last weekend on their way to their new station in Alabama.

Rev. and Mrs. Edwin Kettler and children and E. C. Pettigrew visited Sunday afternoon with Mr. and Mrs. Tommy Pettigrew.

Rev. Carlos Gruber of Riga Latvia will speak at the Challis Baptist Church Saturday evening, May 26 at 8 p. m. on Communism vs. Christianity. The public is cordially invited to attend.

**The Herald Has A Letter From Gee Gee**

While addressed to one of the force, a letter from Gee Gee received last week from Fort Knox, Ky., was meant for the whole Herald gang. She and husband, Captain Privitt, had arrived safely after a pleasant journey, and had been domiciled in a fairly nice and comfortable apartment.

The Monday dailies stated that the morale at Ft. Knox was not too high. Investigators found that too many programs were attempted to be carried on there, and that soldiers' hours were too full. Not enough time for eating, sleeping and recreation.

An investigation committee recommended that a lot of the activities be left off, and they felt that things would be better. A high state of morale was found at most other camps, even in that section or adjoining states.

Anyway, Gee Gee has promised to bring us a sizable hunk of gold when she returns home from Ft. Knox.

Mr. and Mrs. Earl Wilson of Brownwood are here visiting friends. They are former residents of Brownfield.

**Apache Belles**

These girls are members of the Apache Belles of Tyler Junior College. The precision dance and drill team is the official "pep" squad for the school, but the Belles also perform at rodeos, football bowl games and other celebrations. (AP Photo).

**A BIT MORE RAIN TO REPORT**

After we went to press last week, on Thursday, we had 26/100 inch more rain, bringing the total for May to better than 3.50 inches. Sunday afternoon, following high winds all day, a cloud formed in the west, northwest that gave us a real sandy-andy for a few minutes, followed by a sprinkle that measured 7/100.

Still looking a bit rainy on Tuesday P.M. Total to-date for May 3.61 inches.

**OLD HARRISON FRESH OUT OF DISTILLERIES**

The Texas Liquor Control Board inspectors in April reported the seizure of three illicit stills. With the stills, which had a cubic capacity of 210 gallons, inspectors captured 345 gallons of mash and made one arrest.

Two stills were taken in Titus county, and one was taken in Freestone county.

**"CALFACADE"**

DES MOINES.—(AP)—It was a busy 24-hours on the Babe Sheridan Farm at Gambrel one day recently. In those 24 hours, 18 cows gave birth to calves.

The cows were purchased as range animals by Sheridan last winter. The 18 calves will be fed for market while the cows will be kept on the farm, Sheridan said.

"Where You Are Always Welcome"

### World Champion Marksman Gives His Trophies to Kids

ERVEN E. MEDDAUGH

POUGHKEEPSIE, N. Y. — A marksman who has won so many trophies and awards that he has had to give more than 100 of them away to youngsters who visit his range is Erven E. Meddaugh. This crack shot, who has a private range in his home near here, has just set a new world record in the U. S. Revolver Association's individual championship match, when he recorded 291 out of a possible 300. He is glad to give away items from his still over-crowded trophy room. "It makes the youngsters happy and it cuts down on the objects to be dusted," he says. Meddaugh bought his first gun for \$20 in 1937 when he was appointed a deputy sheriff in Dutchess County. With this gun, a Colt officer's model revolver, he has

since fired more than 85,000 rounds of ammunition. The 51-year-old marksman set his record on a national match course. The U. S. Revolver Association during 1950 inspected and certified targets received from more than 2,000 persons from all 48 states and United States possessions. It had taken until now to determine that Meddaugh's score was a new world record. As his reward for establishing the new record, Meddaugh, an employee at the International Business Machines Corp., plant here, will receive an engraved certificate, trophies, medals and other awards. Meddaugh has fired in more than 25 matches since 1939. In the past 11 years he has won many trophies, certificates and merchandise awards.

### Texas Sen. Mentioned For Vice-President

Senator Lyndon Baines Johnson is being mentioned in Washington as the choice for Democratic vice-presidential candidate in 1952.

An article about the senator in the current issue of The Saturday Evening Post says, "He has, in fact, the perfect personality for Capitol Hill: A grass-roots hominess blended with just enough city sophistication."

His personal charm has won him friends on both sides of Congress. Recently Republican Floor Leader Kenneth Wherry, yielding to Johnson's persuasions in connection with a bill to save West Texas long staple cotton, remarked, "I'd rather do business with you than anyone else on your side."

The greatest part of Johnson's success is attributable to his tremendous capacity for work and the willingness with which he uses it.

"Besides looking out for the Lone Star State," says the article, "Johnson functions as Democratic whip in the Senate, a post in which he acts as assistant majority leader. He is also a member of the strategy-planning Democratic Policy Committee in the Senate, and of the Interstate Com-

### NO HURRY!

One early day in the spring, a beetle happened to notice a snail inching its way slowly up the trunk of a large cherry tree. "Hey, stupid," yelled the beetle, "There ain't no cherries up in that tree." "Relax, Buster," quipped the snail. "There will be when I get there."

—Santa Fe Magazine.

merce and Armed Services committees."

To these he recently added another important job as chairman of the powerful Armed Services Sub-committee on Preparedness.

Until the outbreak of the Korean War Johnson was content to limit his speeches on the Senate floor and win votes in the cloakroom, observes the article, then he made several penetrating and timely talks on the Government's "make-shift mobilization."

He beat the other Senators to the punch by proposing the establishment of the preparedness-investigating committee and was appointed its chairman.

To his credit it can be said that he maintains the unique practice of calling government officials in to closed committee sessions before attacking them in a report, to give them a chance to rebut the charges of they could.

### America's Greatest Liner To Be Launched in June

An artist's conception of the superliner "United States" now under construction for the United States Lines at the Newport News Shipbuilding and Dry Dock Company, Virginia, which will be launched Saturday, June 23. This new flagship of the line is 60% completed. Largest liner ever built in the United States, the vessel will be 990 feet long and capable of a speed in excess of 30 knots. She will have accommodations for 2,000 passengers and require a crew of 1,000. The "United States" is scheduled for completion in the summer of 1952 and will join the "America," present flagship of the United States Lines, in express service between New York and Europe.

### Petroleum Peggy Says

Speaking of sewing and shopping, the ever-helpful oil industry has sent a list of hints on how to buy men's shirts, something women probably know too little about.

Let's consider material. If it's broadcloth, madras, oxford cloth, percale, nylon, or chambray, it's "good goods." Hold it to the light to make sure the weave is tight. Be sure of the shrinkage guarantee.

Shirt tails should be rounded, full cut, and equal length back and front.

Oil men are interested in shirts because products from petroleum are becoming increasingly important in shirt laundering and cleaning. Detergents, the so-called "soapless soaps," made from petroleum chemicals are finding their wider and wider popularity for home and commercial laundry.

### ANT SYRUP FAILS TO HARM YOUNGSTER

ARCADIA, Calif. — (AP) — "Yum, Yum," said little Carmen, age four. But her mother, Mrs. Anna A. Ayala, suspected something was wrong. Carmen had made a fuss the last time she had to take cough syrup. She took another look at the bottle. It was ant syrup.

At the emergency hospital they said Carmen would suffer no ill effects.

use, especially in hard water areas.

So you can thank your oil man not only for fueling the family car but for helping to keep the men of the house in clean shirts, too.

## Shower Given For Mrs. Pat Ramsey

Mrs. Pat Ramsey, the former Ruth Huckabee, was honored with a miscellaneous bridal shower on Thursday afternoon from 5 until 7 o'clock in the home of Mrs. Frances Ballard.

Hostesses were: Mesdames Ballard, John J. Kendrick, Clovis Kendrick, Eversett Latham, E. T. Ballard, Jot Akers, Crawford Taylor, Clemmie Hamilton, Grady Goodpasture, Conrad Vernon, W. R. McDuffie, John Walls, John Luckie, C. E. Ross, Will Adams, M. R. Padlock, Leonard Lang, A. W. Turner and Miss Mary Ballard.

Mrs. Turner and Miss Ballard alternated at the door greeting guests and presented them to the honoree, her mother, Mrs. M. G. Tarpley, Mrs. Dave Ramsey, and Mrs. Ballard.

Mrs. Milton Hughes presided at the guest register. An arrangement of yellow glads were used on the mantle in the living room with a dark green wall as a background.

The table was laid with a white handcut Madeira cloth. The centerpiece was a bowl of yellow jopquilis flanked with green tapers. The house party all wore corsages of pink carnations. All the shower arrangements were a gift of the bride from the Brownfield Floral Company.

Mrs. Jack Bailey presided at the crystal punch service and Mrs. Chad Tarpley assisted. Approximately fifty guests called.

## Hockaday Exercises To Be Held May 29

Miss Murpha Deene Ballard, daughter of Mrs. Rebecca Ballard, will graduate from Hockaday Preparatory School in Dallas on Tuesday afternoon, May 29, in outdoor exercises on the school terrace. Miss Ballard, who has attended Hockaday for four years, is editor of the Four-Cast, the school paper, and is president of the Modern Dance Club.

Saturday evening, May 26, at 7:30, Miss Ballard and her Modern Dance Club will take part in the Music and Song Festival held by the Glee Club and the dance group on the school terrace as a final demonstration of the year's work.

Dr. Marshall T. Steel, minister of the Highland Park Methodist Church, will deliver the commencement address at the formal graduation services and Miss Rosamond Larmour, principal of the Preparatory School, will deliver the charge to the graduates. Mr. Mossman will confer the diplomas.

Mr. and Mrs. Kyle Graves spent the past week at their cabin on the Colorado City Lake at Colorado City. Mr. and Mrs. Slim Schellinger will spend a few days at the cabin this week.

## Announce Engagement of Miss Evelyn Jones

MISS EVELYN JONES

Mr. and Mrs. W. T. Howze are announcing the engagement and approaching marriage of their daughter, Evelyn, to W. D. Singleton of Austin. The ceremony will be read on May 25 at high noon in the Harris Memorial Chapel at Austin, Texas.

Miss Jones is a graduate of the Brownfield schools and attended Texas Technological College. Lieutenant Singleton is in the U. S. Air Force and is stationed at Bergstrom Field, Austin.

## MAY 30th REVEALED AS WEDDING DATE

May 30 was revealed as the wedding date for two Crane residents, Miss Freda Walker and Billy Tom Cowden, at a coffee Saturday morning, May 12, in Crane at the home of Mrs. Fred Westmoreland.

The bride-elect is the daughter of Mr. and Mrs. Lee Walker of Meadow. The future bridegroom is the son of Gibb H. Cowden, Crane and Mrs. Ida Bell Cowden, El Paso. Miss Walker is a graduate of the Meadow schools, and of Texas Technological College and teaches in the primary grades of the Crane elementary schools. Mr. Cowden is a rancher.

Mrs. Westmoreland received the guests at the door, and in turn, introduced the honoree, the mother, Mrs. Lee Walker, the sisters, Mrs. Fred Finley and Miss Lee Nell Walker, all of Meadow. The ceremony will be performed in the Church of Christ at Meadow.

Johnny Winston, son of Judge and Mrs. Homer Winston, spent last weekend in Brownfield with his family.

Mr. and Mrs. Sherm Henard of Plains were Brownfield visitors Friday.

## OES Holds Mother-Daughter Banquet

A Mother-Daughter Banquet was held by the Brownfield Chapter 785, OES, Thursday evening May 17 at 7 o'clock in the evening at the Esquire.

A cleverly constructed menu in pink or red, covered with a lace doilie marked each place setting. The pink menu being for the daughter and the red for the mother. Pink and red carnations and ivy plants were used in the table decorations.

Mrs. Hazel Portwood, Worthy Matron, had appointed Mrs. Viola Simmonds as general chairman of the banquet and Mrs. Dorine Criswell as program chairman. Each member introduced her guest or guests before the dinner, and those having neither mother nor daughter, borrowed one for the occasion.

A gift was presented to the youngest guest, little Phoebe Ann Royer of Dallas, and corsages were given to Mrs. Elsie Treadaway, eldest mother present, and to Mrs. Carroll Collier, youngest mother at the banquet. The invocation was given by Mrs. Lula Singletary.

After dinner Mrs. Criswell introduced the program with songs by the entire group. A welcome to the daughters was given by Mrs. Jesse G. Randal and Jean Criswell gave a response. A group of songs and readings, reminiscent of the growing-up of a daughter from babyhood to marriage and "Mother Machree" were presented by Mrs. Florence Parker, and Beryl Sadleir, accompanied by Louise Lewis.

Mrs. Dora Lee McCracken gave a humorous report about her attendance at the fictitious world Mother-Daughter banquet supposedly held at Wellman, Texas. Mrs. Kathryn Brown supplied the arms and gestures for the report by standing in back of Mrs. McCracken who held her own arms out of sight.

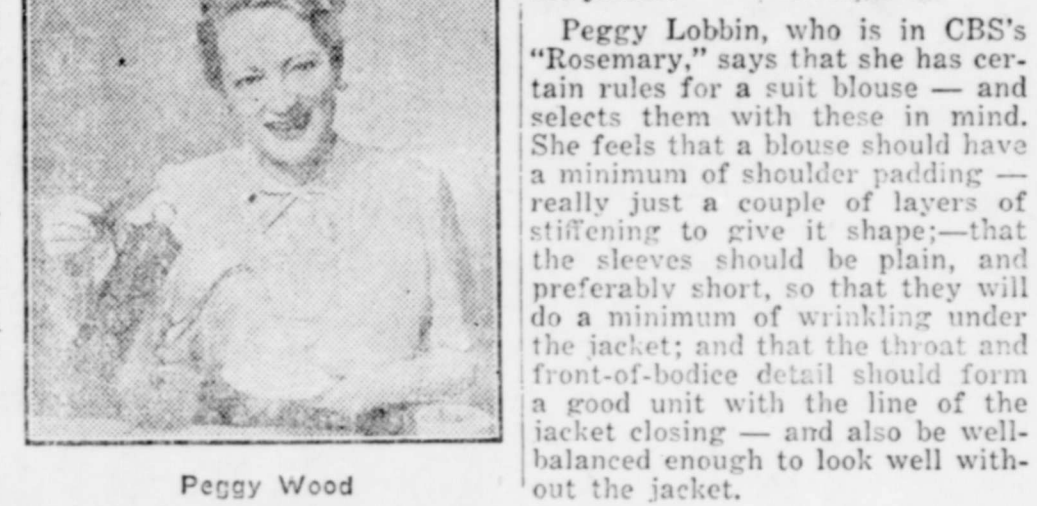

Everyone enjoyed the banquet so much, that it may be held annually.

Eighty-nine attended. Mr. and Mrs. W. T. Howze, Mr. J. H. Howze and Mr. and Mrs. A. E. Stillwell of Umatilla, Ore., spent the past weekend at the Howze cabin on Lake Abilene.

## Fascinating Fashions

There is no article of clothing in one's wardrobe that is more cherished than a really good blouse. It can make your suit, and make a special occasion out of each time you wear it.

Peggy Wood, who is "Mama" in CBS-TV's video drama of the turn of the century, likes to wear suits because of the many personal appearances, luncheons, script conferences, and so on which dot her active life. One of her favorite suit blouses is the lovely hand-forged yellow faille creation by Yolande which Peggy is wearing here.

Peggy Wood

## Let Bed Star in Decorating Dramas

By EDNA MILES

In this bedroom, the spotlight of attention is thrown upon the bed, which gains importance because of its handsome spread and a furniture grouping planned around it.

## MISS PATRICIA ANN SAMMONS TO WED MORGAN LEE COPELAND JULY 7

(Photo Courtesy Fort Worth Star-Telegram)

MISS PATRICIA ANN SAMMONS

Mr. and Mrs. A. B. Sammons, 3836 South Hills Circle, Ft. Worth, have announced the engagement of their daughter, Miss Patricia Ann Sammons, to Morgan Lee Copeland, son of Mrs. Morgan L. Copeland of Brownfield.

Miss Sammons is a graduate of the University of Texas, where she was a Bluebonnet Belle nominee and a member of Reagan Literary Society. She is a member of Alpha Delta Pi Sorority.

Mr. Copeland, graduate of the University, is now a law student there. He is a member of Phi Alpha Delta, honorary law fraternity, and Theta Xi fraternity. He is chief justice of the University student court.

The wedding will take place July 7 in First Methodist Church of Fort Worth. Rev. H. Guy Moore, pastor of Broadway Baptist Church will officiate.

## Shower Honors Mrs. Thompson

Mrs. Nell Thompson the former Miss Ruth Hodges, was honored with a bridal shower at the home of Mrs. Jack DuBois Monday evening from 7 until 8 o'clock. Co-hostesses were Mrs. C. B. Thompson and Miss Janell Thompson.

The refreshment table was laid with a white linen cloth centered with an arrangement of yellow and blue flowers. Miss Thompson presided over the table, and Miss Betty DuBois registered the guests.

Approximately sixty guests attended and sent gifts.

## Wheat Queen

Miss Carolyn Etheredge, 16, of Nocona, Tex., was crowned queen of the National Wheat Harvest Festival in Wichita Falls. Placing the crown on her head is Rex Allen, cowboy singing star of the movies and radio. (AP Photo).

"TO THINK I DESPAIRED OF EVER GETTING MARRIED!"

Here's great news for you if you've been bothered by excessive fatigue, constipation, weakness and 'nerves' due to the fact that you do not get enough B-Vitamins in your diet. **Bexel Special Formula**, a new scientific product, combines the important B-Vitamins with Iron, Choline, Inositol and Liver in supplementary quantities. *Everybody knows the importance of Iron in your diet. Now it helps the body to build RICH, RED BLOOD.* One capsule of **Bexel Special Formula** (that's all you take a day) contains 5 times the minimum daily requirement of Iron. Also 5 times

the minimum daily requirement of Vitamin B<sub>12</sub>. *Evelyn Del Nero, 4500 Hudson Blvd., Union City, N.J., says: "Since I started taking **Bexel Special Formula**, I've so much more pep and energy that the boys have started calling me Ginger... and better yet... keep calling me for dates. I can have my pick of them now... and to think I despaired of ever getting married!"* Try **Bexel Special Formula** yourself. You get your money back if you don't feel decidedly better in 30 days!

## PERSONAL ITEMS

Miss Glenna Winston attended baccalaureate services held for the graduating class of Texas Technological College at the First Baptist Church in Lubbock last Sunday night.

Reverend and Mrs. Clay Guest of South Plains, Texas are visiting in the homes of his mother, Mrs. J. A. Guest, and his sister, Mrs. Grady Dixon.

T. E. Verner of Meadow was in the Herald office Saturday trying to locate some Old Mexico cane seed to plant this year. Anyone knowing of anyone having some of this seed to sell, please call the Herald and we will pass the word on to Mr. Verner.

Mrs. W. M. Adams has had as her guest the past two weeks her daughter, Mrs. E. M. Royer and Phoebe of Dallas.

H. F. Flannigin of Iraan was a guest in the home of Mr. and Mrs. M. R. Paddock the past weekend.

Mrs. Bill Reick and two daughters has been visiting in the home of Mrs. Reick's mother, Mrs. Clemmie Hamilton. They have returned to their home in San Antonio.

Mr. and Mrs. Buell Price and two daughters, Cathy and Candy spent Sunday in the home of Mr. and Mrs. Money Price.

Mrs. Herman Trigg and daughter, Sara Beth, of Snyder, arrived Sunday to spend two weeks in the home of Mr. and Mrs. A. J. Stricklin, Sr.

Miss Thelma Jean Lewallen left the past Saturday for Oklahoma City, Okla., where she will take an eight weeks' course in telegraph work.

Mr. and Mrs. A. E. Stillwell of Umatilla, Oregon spent the past week visiting in the home of Mrs. Stillwell's father, Mr. J. H. Howze.

### Stricklinly Speaking

By Old He

Well dog-my-buttons if we don't hate to see those old farmers go to work again. Course we appreciate the rain. But our "agricultural" friends have had a long, delightful vacation. In a few weeks, they'll learn what it is, all over again, to earn their food by the sweat of their brow.

Personally speaking from the standpoint of a lay farmer, we don't believe the rain could have come at a better time. A month ago is just a bit early here, and the sandstorms have not quite finished their gambling o'er the sea. We now have a fine season, and the sandstorms should be about ready to take a long vacation.

Speaking of regrets, most of us that have been around this section for several years, were shocked and sorrowed at the passing of Dean James M. Gordon, many years an instructor at Tech College, until his health became poor.

Most of us have at one time or another heard him speaking on one subject or another. He was always entertaining and logical, and had many close friendships with the people of the area.

The Dip's softball field, after being dusted down for the past few weeks, was last week formed into a sizable pond. But is it dry again now and the leagues can get busy Babe Ruthing again.

The Dip: Forty years ago, if you were old Dobbin his head, he would bring his drunk rider or driver safely home. He knew the way. Not so, with a high powered car. If the driver goes on a bing, a concrete bridge or a big post oak tree is just as sure as heck to jump out of hiding and get right in the way.

Speaking of differences, here's another: Six years ago, MacArthur took over an enemy nation, and in that time has transformed them into a nation that are real friends of the USA.

On the other hand, Gen Marshall began a course with our last and only friends in the far east at that time, the Chinese, and by his dictatorial methods, appeasement system, etc., he has divided China, and none of them are our real friends today. In fact, most of China is the stooge of Stalin.

We recently read the story of a glutton, whose consumption of food became so notorious, that he was hired by a carnival, and bet

### King in Korea

Associated Press General Executive Frank H. King (right), head of the Texas Associated Press operation, and Tom Bradshaw, AP foreign correspondent covering the Korean war, hold a 155 mm "Long Tom" artillery shell during a tour of Seoul, Korea. (AP Photo).

were placed on his eating capacity. Reminds us that we knew one in our childhood, but he was probably unknown 50 miles away. As we now remember, this glutton was a good neighbor, and most people liked him. And he took his big "baiting" by spells instead of daily.

Anyway, this old gentleman, whom we'll designate as H. G., became the name of boys who over indulged and went on eating binges to the point where they made themselves ill. They were promptly designated, "old H—G—" by their parents. Sometimes around Christmas, when one of the food consumption urges hit H. G., a bunch of the business men at Middleton would have the hotel fix up just what he wished, and the quantities of food said to have been consumed by the glutton was enormous.

Of course it ain't none of our business, but we can't help wondering where the Andrews County News got all that print paper they consumed in that 43 page edition they put out to celebrate ribbon cutting on one or more new highways.

It keeps our nose to the grindstone to keep enough on hand for

regular twelve page editions. By the way, we see where one of our natives, but now a leading promoter down at Andrews, led the biggest parade ever pulled off in that city. O. D. Huckabee; remember him?

Sister Money Price sorter got sorry for the Herald family of late and slipped in some fresh strawberries and some good beef into our refrigerator when we were looking the other way. When they invent a better berry than the old straw variety, we want to sample them. Thanks a lot.

By the way, our Mrs. brought home a bunch of strawberry plants from Tennessee and most of them are living, despite the fact we had five days of high wind and dust after they were set out. Since the rain they are looking up. Also two snowball plants that have very pretty blooms, next year.

While the crazy idea of the government to buy eggs and store them in caves to make them high and scarce was going on, something else not so crazy was happening. The little European country generally called the Netherlands or Holland, was shipping thousands of eggs to the USA.

Some of them were coming to Houston port, and from there by train or truck to consumers in the cities of Texas—good fresh eggs. These eggs as well as other produce were helping to pay for the thousands of bales of Texas cotton the Dutch people needed. Pretty good deal, don't you think? Anyway, the Dutch traders had no comment on the crazy idea at Washington, they stated. They only wanted cotton from Texas, and were willing to trade their surpluses.

Saw Cline Paden Saturday, presently missionary to Italy, and Supt. of the Church of Christ Orphan Home at Frascati. For some reason we had missed Cline since he came back to the States in the interest of support for the work in Italy.

Way back sometime prior to his going to Italy, Cline ran out from under his hat, and has not found time to replace it. However, will say right here Cline did not run out from his hat trying to get away from anything. He might have been running toward his duty.

Cline is still the smiling, hearty fellow well met. Maybe that partially accounts for his success in Italy. Presently the Mrs. is visit-

ing relatives in east Texas. Cline had an appointment at Sweetwater, Sunday. They are soon to return to Italy. God be with them.

Our boss left Monday afternoon for a visit with her mother at Redlands, Calif., and brothers and sisters all over Arizona and California. In the meantime our daughter, Mrs. Herman Trigg and little Sara Beth will be our companions and cooks. Don't think our boss has any idea of trying to break into "Follywood" while on the west coast. See you later.

### SHERIFF'S POSSE IN ODESSA PARADE

The Brownfield Sheriff's Posse rode in the rodeo parade in Odessa last Friday afternoon at 4 p. m. They also took part in the Grand Entry at the Rodeo Friday night.

The Posse took part in the rodeo parade at Post on Thursday and will parade in Seminole Friday, according to Money Price, Posse captain.

The nuthatch builds its nest in the decayed trunks of trees, so that its young can eat the insects that flourish in this habitat.

### Rites Held Sunday For L. T. Wright

Services were held on Sunday afternoon at 3 p. m. for L. T. Wright, 63, of Meadow at the First Methodist Church of Meadow. Rev. Cecil Tune officiated.

Mr. Wright died Saturday afternoon in the local hospital after a three days' illness. He had been living in Terry county since 1926 and had engaged in farming.

He is survived by two sons, Kenneth of Meadow, and Sidney of Quincy, Wash., two brothers and one sister. Mrs. Wright preceded him in death April 2, 1951. Burial was in the Meadow Cemetery under direction of the Brownfield Funeral Home.

### LOITERING MULE CREATES STRIP

BLOOMINGTON, Ind.—(AP)—A loiterer on the public square turned tail and ran toward the Indiana University campus when police set out to nab him. When

they caught him, they tied him to his mule, Grubb said, outside the jail. Finally Lloyd Grubb appeared and claimed him. Herald Want Ads Get Results.

### Veteran Fighter

This Navy Corsair fighter plane has 107 missions under its wings, but still isn't ready for retirement. It has been returned to Texas with seven other 100 mission planes of Fighting Squadron 113 for overhaul and repair. The four Texans around the plane are among the squadron's pilots who flew more than 70 missions each during a nine month tour of duty in Korea. Left to right they are: Ens. J. E. Fairchild, 28, Longview; Cmdr. John T. O'Neil, 35, Squadron Commander, 28, Dallas; Ens. J. E. McKnight, 22, Longview; and Lt. D. G. Patterson, 28, Waco. They have been based at San Diego, Calif., since returning to the U. S. (AP Photo).

## HEALTH TALKS

(Prepared by the State Medical Association of Texas)

If the bug family of rod-shaped germs were compared to the Three Bears, the bacteria would be Daddy Bear, the virus would be Baby Bear and the rickettsial would be Mama Bear, about midway in size between Daddy and Baby Bear.

These rickettsial germs get around to mankind mainly by means of ticks, lice, mites or fleas as these insects feed upon persons or animals who have disease and then latch on to you. Rat fleas spread the rickettsial disease known as murine fever, and ticks are the source of such diseases as Rocky Mountain spotted fever, Q fever and Bullis fever.

Typhus fever is frequently confused with typhoid fever, both in name and in symptoms of the disease. They are two distinct illnesses, however, with the most common distinction perhaps in the rash that they produce; with typhoid when the rash breaks out, it stays broken out when you push on it; with typhus the rash turns white and disappears for a moment when you push the skin in.

You have a real bad headache with typhus fever, a headache that lasts the whole two or three weeks of the disease. It's the kind of headache that makes you want an ice cap on your head all the time and since you usually run a pretty high fever that may lead to delirium, the ice cap is a good idea. In addition to bed rest and such treatment as might relieve the aching head, your doctor will probably prescribe one of the new medicines such as aureomycin to carry you through typhus with minimum discomfort. There isn't much danger of any complications with typhus is sensibly treated and one good thing about the disease is that once you've had it you're immune.

Spotted fever, sometimes called by its full name of Rocky Mountain spotted fever, is a more serious illness than typhus and in times past has had a high death rate. The new drugs have not only cut down on the complications which can arise from spotted fever but also seem to be cutting clear down on that mortality rate.

Spotted fever is caused by tick

## Natural Gas Reserves Discussed

Plans for keeping natural gas reserves in the tri-state area of Texas, Oklahoma, and Kansas for future industrial development of the Southwest were discussed at a recent Conference in Ardmore, Okla. Sen. Kilmer B. Corbin of Lubbock attended as a representative of Governor Allan Shivers. Above, left to right, are Sen. Grady Hazlewood of Amarillo, Sen. Corbin, Governor Johnston Murray of Oklahoma, Governor Edward F. Arn of Kansas and Sen. Pat Bullock of Colorado City.

bites and is common all over the world. You usually get sick very suddenly with this disease, just developing awful headache, muscle and joint aches, shaking chills and fever, hurting eyes, upset stomach and maybe even baldness—your hair suddenly falling out. You have a high fever and you do feel real sick.

The rash from which spotted fever gets its name usually appears after the second day of the illness, first breaking out around the wrists and ankles and then spreading all over the body, even on the palms of the hands and soles of the feet.

Since ticks are more common in rural areas than in towns, spotted fever is more common in the country. Every tick is not infected, of course, but knowledge of a recent tick bite, followed in 2 to 14 days by a sickness such as described above would perhaps speed up your doctor's diagnosis and permit him to start treatment early.

Wood ticks, rabbit ticks, dog ticks, and the Lone Star tick which is often called the cattle tick are the brands which spread spotted fever by their bite.

The Lone Star tick also carries around the rickettsial germ that causes Q fever, a disease much milder than spotted fever and without a rash. The Lone Star tick can infect cattle with Q fever and the germ may be carried to humans through the raw milk from an infected cow even though the cow doesn't seem to be ill. That's why pasteurization of milk is so essential.

Q fever epidemics have occur-

## Majority of Families Own Their Homes

The majority of American families now own their own homes, according to data made public by the National Industrial Conference Board covering home ownership by decades for the last half century.

Preliminary figures show that a total of 23.4 million homes were owner-occupied in 1950, representing 55.0 per cent of the 42.3 million homes in the country last year, including farms. A decade before only 43.6 per cent of all U. S. homes were owner-occupied. The highest such proportion prior to 1950 was 4.8 per cent in 1930.

Over the last 50 years, comparing 1950 with 1900, the total number of homes has increased by 175 per cent while the number of owner-occupied homes has increased 225 per cent. These figures indicate the vitality of the home-owning tradition among the people.

red among those in contact with cattle such as dairymen, packing-house, slaughterhouse, and laboratory workers.

Though some of the symptoms of spotted fever may also mark Q fever, they are usually much milder; Q fever nearly always has some of the symptoms of pneumonia accompanying the disease, such as chest pains and cough.

Bullis fever flared up at Camp Bullis during the training of servicemen for World War II. Those afflicted with the disease were invariably from other parts of the country. The Lone Star tick was considered responsible for this inhospitality to visiting servicemen, which laid them up with fever ranging from 102 to 105 degrees for about a week or two and then went away.

The U. S. farm plant — land, buildings, livestock and equipment is estimated to be worth about \$91 billion.

## G. I. QUESTIONS and ANSWERS

Q—May I change schools after the July 25 GI Bill training cut-off date, provided I do not change my course?

A—Yes. You will be permitted to change schools, so long as your new school is approved to offer training to veterans, and so long as you remain in the same course. In order to change course, however, you must obtain prior VA approval, which is granted only under certain conditions.

Q—I signed up for a three-year enlistment in December, 1945, under the Voluntary Recruitment Act. Does the July 25 GI training cut-off date apply to me?

A—No. You have four years from the end of your Voluntary Recruitment Act enlistment in which to start GI Bill training.

Q—Is it too late for me to get additional National Service Life Insurance? I had only \$5,000 when I came out of service and I'd like to apply for \$5,000 more.

A—You no longer may apply for new NSLI. The Servicemen's Indemnity and Insurance Acts of 1951, passed April 25, ended the issuance of new NSLI as well as new U. S. Government Life Insurance for World War I veterans.

Q—I am on active duty in the Army, and I have the \$10,000 indemnity protection under the new law signed by the President late in April. Who gets the money if I die in service?

A—The money is payable only to surviving spouse, child or children, brother or sister or parent; and the insured may name one or more beneficiaries within this permitted class.

### UNHOLY TRADE

GARY, Ind.—(AP)—The First Baptist Church here found itself equipped with a full set of safe cracking tools, but minus \$25 in collection plate money. Deacon Edward Cunningham decided the burglars had been scared away before they could pick up their tools.

Herald Want Ads Get Results.

### FIDO ON THE LINE

MARION, Ill.—(AP)—"Number please?" the Marion operator asked. "Woof, woof," came the reply.

Her second try brought barks again. On a hunch, she had the sheriff listen and the telephone woofed back at him too. Sheriff Ora Kirby drove to the telephone's garage location. He found it locked. A bird dog was beside the telephone it apparently knocked from a table.

Kirby called the owner who unlocked his dog.

America farms produced about \$30 billion worth of produce in 1950.
