

GRAHAM CRACKERS

-WHG

Gaylord Maurer, son of the Carl Maurers, very kindly took the time to write the Star a nice letter last week...

The letter arrived a little too late to get into last week's paper, so we had it set in type plenty early for this week...

Mr. and Mrs. Maurer kidded us and said they'd censor out anything unprintable. Actually, Gaylord turned in some mighty admirable copy in our estimation...

He could sure fool us, though, if he wanted to, with the spelling of those Japanese names. We're sure not hep on our geography in that part of the world, we freely admit.

The following poem was composed by Mildred May after she returned from a long vacation trip this summer. She does a beautiful job expressing her feeling for home after seeing other places. Thanks, Mrs. May.

I WOULDN'T TRADE AT ALL

I saw the barren prairie waste As miles and miles sped by I've seen the sandy knolls sprawled out To bleach beneath the sky,

Ascended paths through stately pines And breathed the mountain air, And felt the soft clouds kiss my face And filter through my hair.

I saw the purple shades below Of space, and what is more, I saw the verdant squares of green That made the valley floor.

I heard the whispering aspen speak, A river's headlong rush, Then, far away, I saw its path, And felt that breathless hush.

I scanned God's regions, virgin pure, Unchanged by help of man And stood upon her bosom while I clung to Nature's hand.

I saw the mouth of "Mother Earth" Spew up her hot refuse, Her breath return upon her brow In sparkling diamond dew.

But now, I see majestic fields Spread out in wide expanse, As cloudlets drift across the sky And skittering showers dance.

Where God has given the power to man To bring rain "upside down," As hallowing motors ever toil To drench the thirsty ground.

And when I look on fields of green And brown and golden hue, I know that better lands than this Are far between—and few.

Ah, if these other things I've seen Were heaped in one vast pile I wouldn't take the lot of them For one square "Parmer mile."

By Mildred May

Braves' Season Ready

Following is the 1957 schedule of the Friona Braves, composed of players from the seventh and eighth grades. First game for the Braves was Tuesday night with Lazbuddie the opponent.

Sept. 24—Morton there at 5 p. m., two games.

Oct. 1—Bovina there at 7:30 p. m.

Oct. 8—Springlake there at 7:30 p. m.

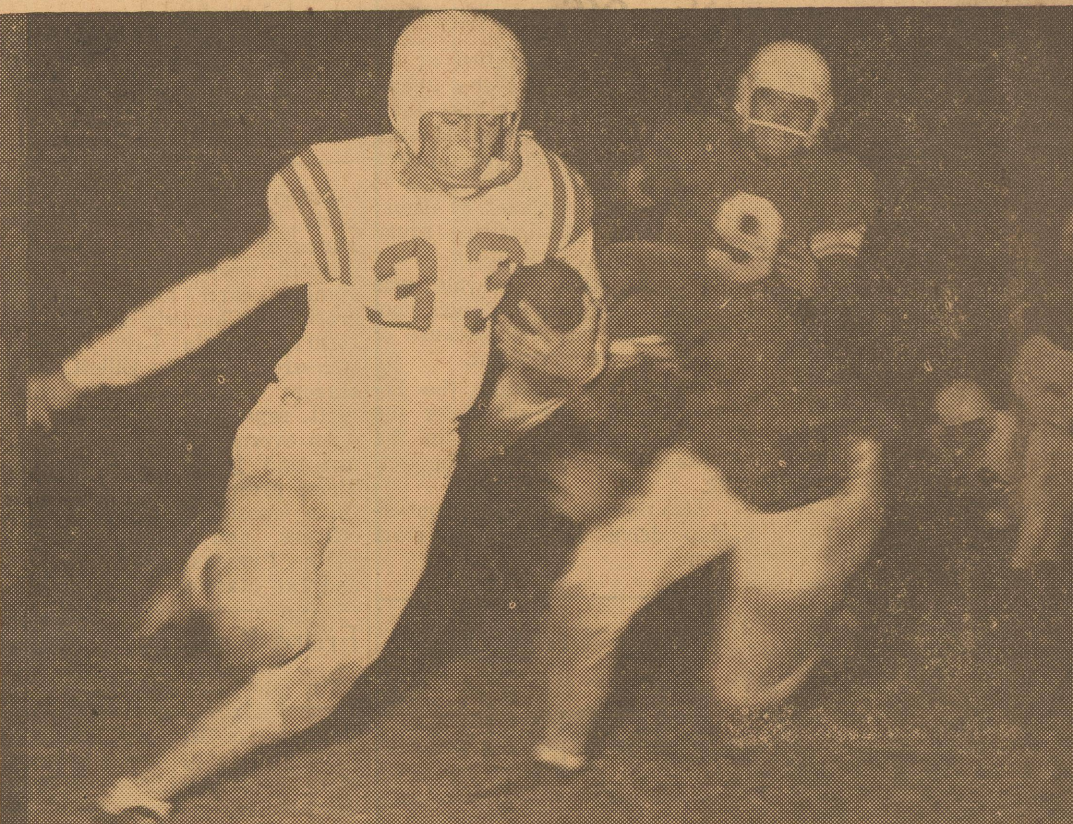

Oct. 15—Sudan here at 4 p. m.

Oct. 29—Farwell here at 5:30 p. m., two games.

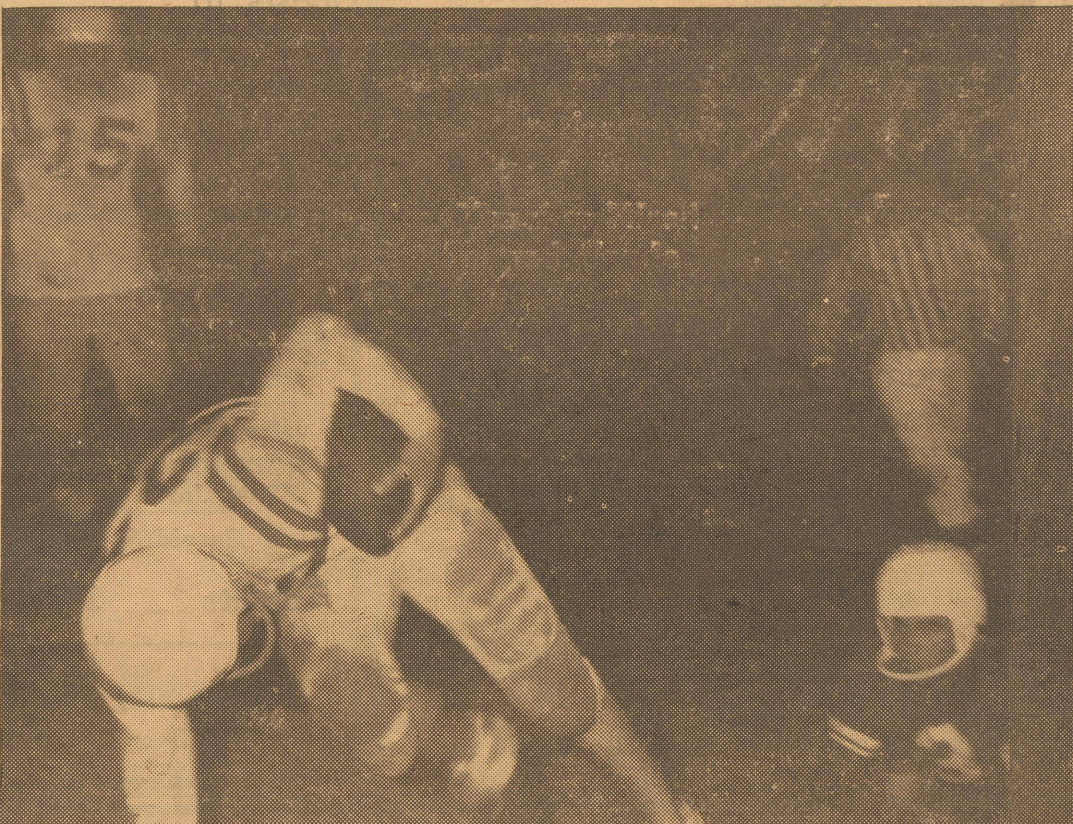

Coach Tom Jarboe reports there are 48 members out for the team. Assistant coach is R. B. Christian.

Eighth grade boys who are out for the Braves are Jimmy Braxton, Pete Carter, Craig Coon, Bobby Daniel, Larry Drake, Lee Gibson, Maynard Greeson, Reggie Hayes, Jim Carl Lillard, Johnny Miller, Charles Ray, Floyd Reeve, Tommy Scales, Tommy Sheek, Gary Snead, Jim Roy Wells, E. C. Wilson, J. D. Woolbright, Billy Scales, and Danny Smith. Donald Busby and Larry Mabry are managers.

Seventh grade boys trying out are Rex Bracken, Keith Blackburn, Danny Carmichael, Allen Day, Morris Deaton, Fred Ferguson, Everett Gee, Harry Goetz, Robert Houlette, Larry Hough, Jerry Don Houston, Mike McKee, Weldon Massey, Dwight O'Brian, Dewain Phipps, Larry Potts, Darrell Patterson, Max Reeve, Donnie Smith, Tommy Tatum, Larry Taylor and Roger Wilcox.

AROUND THE END SIX YARDS FOR A FIRST — Gary Brooks, 130-pound Friona halfback, takes six around right end. (Pictured just before tackle by Amherst's Tommy Davis, halfback).

TOUCHDOWN SETUP — Friona's swift Larry Fairchild brings the pigskin to the seven yard line to set up Friona's first touchdown. Denying Fairchild a TD on this try was Amherst's hefty fullback, Jerry Gee.

Passes By Amherst Put Tie on Chiefs

Spoofed by the continuously accurate passing of Amherst's left-handed passer and quarterback, Keith Blair, Friona Chiefs last Thursday night were unable to break a third quarter 12-12 score, even with a superior ground gaining offense and a stingy on-the-ground defense.

Following the opening kickoff by the Chiefs, the Bulldogs brought the ball from their 10-yard line to the 35, moved out two more yards and were bogged down by a wall of Friona tackles and guards, and punted.

Friona took the punt on their own 39, and traveled to the 45. Grinding out yardage to the Amherst 15-yard line, Friona's swift quarterback, Charles Hough, skirted left end, evading the Bulldog defense, and crossed the goal standing. The play was recalled on a backfield in motion penalty.

Switching ends of field twice and getting into exciting territory again late in the first quarter with the ball on the 5 yard line, Friona's Larry Fairchild found a hole around the left end of the Bulldog line and crossed to paydirt.

Amherst evened the score in the second quarter with a run by the Bulldogs' 160-pound fullback, Jerry Gee, topping off a 65-yard drive.

Friona regained the lead the last minute of the second quarter on runs by Fairchild, with a

Hough-sponsored dive through the Amherst line.

Seemingly ready to come back the second half to do further damage on the ground, Friona was not able to control the ball. Pass after pass was completed from the arm of Bulldog Blair to Talley late in the third quarter.

Friona showed their defensive prowess during the last four plays of the game. Advancing to the Friona seven yard line, the Bulldogs abandoned their passing chariot and stayed on the ground. The Bulldogs inched to the Friona one-foot line, and in two other tries, were unable to puncture the fortress of Gary McLaughlin, Monroe Young, and Jim Mabry, forming the center line against the Bulldogs last minute attempt.

Statistics table comparing Friona and Amherst: First Downs, Yards Rushing, Yards Passing, Passes Attempted, Passes Completed, Punts, Punt Avg., Fumbles, Opp. Fumbles rec., Penalties, Yards Penalized, Scores by Quarters.

Final scores by quarter: Friona 6 6 0 0, Amherst 0 6 6 0.

Russell Massey Better, Has Visitors

Condition of Russell Massey, hospitalized nearly three weeks ago, continues to improve. The no visitors sign was taken down last Thursday, and Massey reports he has had numerous visitors, and expresses appreciation for good wishes and flowers.

An x-ray made Tuesday indicated his condition much improved. Broken ribs are healing satisfactorily, as well as shoulder injuries, cuts and bruises.

The picture showed a slowness of broken vertebrae in his back to heal, "but that will just take time," he says. Cheerful despite the dragging days, he says the visitors, and reading and listening to the radio helps him while away the time.

He says the doctor hopes he will be able to be out in a matter of several weeks, with the help of a brace to stiffen his back.

Mr. and Mrs. Richard York, who live in Michigan, and Mrs. Lillian Jones and Jimmy of Dumas, were recent guests in the home of Mr. and Mrs. Waymon Wilkins and children.

Mr. and Mrs. Roscoe Ivie and Mrs. M. J. Ivie spent Sunday visiting Mr. and Mrs. Calvin Ivie at Lubbock.

1957 Beards Sprout

Beard growing for the 1957 Maize Days is scheduled to start tomorrow or Saturday, immediately after shaving permit forms are received by Friona Lions Club, organization in charge of the contest.

Permits for shaving are to go at \$5. Cost for not shaving is expected to be the ill favor of spouses of the wedded gentlemen, and medication expenses for bachelors.

Offsetting the expense will be prizes for the best beards displayed at the judging during Maize Days, scheduled Oct. 18 and 19. Calculated to trim down business for barbers and razor blade dealers by a small margin, the beard growing is included as a regular feature each year during the Friona celebration.

Definite prizes are not yet designated. Speculation about prizes suggest an electric razor, or a series of free shaves at a local barber shop.

Report From Frio Draw

Dear Editor, I've writ a letter to the phone company already about what I'm fixin' to ast you about, but what I got on my mind is how can a feller get a meal on time once't in a while?

An' it seems to me lak the phone is the mostest handicap to havin' meals fixed on time. Now, me an' my wife has got on pretty well these 30 years, but I'll be doggoned ef'n she don't talk to that phone mor'n she does to me.

Now, I ain't one to get ornery over little things. But I come in 't'other day an' it was dinner time, an' there wasn't a bite fixed for dinner. I figured out what had been happening right off, when Katie quit talkin' over the phone just as I come in the door. She begun to tell me about one of these new fangled vacume cleaners, which Miz Duggins has just got. O' course she is a'wantin' one.

Now the way it looks to me, ef'n I didn't have that phone, I'd a had dinner on time, and Katie wouldn't be pesterin' me about buyin' that floor sucker. Jest betwix you an' me, these womenfolks learn too much, and kills too much time over phones. It jest ain't profitable.

Yours truly, Don Karatal

Brookfield Buys T & H Station

Wilbur "Brooky" Brookfield this week has assumed ownership and management of the Texaco Service Station, formerly under the ownership of Frank Truitt and Ralph Hundley.

The station has been under the joint ownership of Truitt and Hundley for the past 11 months, during which time Truitt was manager.

The new owner has been a resident of Friona and this area most of his life. He has worked at Farmer County Implement Co. in the service department for the past year and a half.

BUILDING PERMITS

The following building permits were issued by the city of Friona during the week ending Sept. 17:

Raymond Fleming, 1208 West Fifth Street, construct a brick veneer residence, \$14,000.

Jim Guinn, 222 West Fifth Street, move in and rebuild a public garage, \$3,500.

Mrs. Mamie Adams, 709 Pierce Avenue, add porch to residence, \$50.

Mrs. Mamie Adams, 709 Pierce Avenue, extend driveway, \$25.

Community Drive Meeting Called

Organizational meeting for a community wide drive is slated for Monday at 8 p. m. at the school, according to Andy Hurst, chairman of the Retail Merchants Association, which is calling the meeting.

Hurst invites all clubs and organizations in the area to send representatives to the meeting. Planned for the night is a discussion of the drive, budget setting, and organization of a work unit to carry out plans.

"Grandma" Messenger Dies Tuesday Night

Mrs. Violeta "Grandma" Messenger, 87-year-old Friona area pioneer resident, died Tuesday night at 11:25 at Jones Rest Home in Clovis. She had been in failing health for some time.

Funeral services will be at 2:30 p. m. Friday at First Baptist Church, Rev. L. A. Sartain officiating. Burial will be in West Park Cemetery in Hereford, Claborn Funeral Home in charge.

The only immediate survivor is Mrs. Eva Houlette of Clovis. Surviving are 17 grandchildren and 28 great grandchildren.

Violeta Abernathy was born in Clarke County, Iowa, on May 17, 1870. On February 22, 1890, she was married to John Messenger in Murray, Iowa. To the couple were born three children: George, Mae, and Eva. George and Mae preceded their mother in death.

Mr. and Mrs. Messenger came to Friona on March 10, 1909, and made their home 14 miles northwest of Friona, except for a period of 10 years in and around Hereford.

"Grandma," as Mrs. Messenger came to be known, returned to the farm in 1937 when Mr. Messenger died. She lived there alone until February 2, 1954, when she fell and was placed in a wheelchair for the remainder of her life.

Mrs. Messenger then lived with her daughter in Clovis. The deceased was a charter member of the Friona Baptist Church.

100 Now Boost Chiefs

After a recent drive for members during 1957, Friona Boosters Club now has nearly 100 members, reports the president, Hollis Horton.

Club finances are used mainly to photograph games of the Chiefs, for use by coaches in training players and reviewing games. The game with Amherst was filmed last week.

Coach Colie Huffman expresses appreciation for the backing the club has given the team this year.

A meeting is being planned later this year, according to Horton.

Mr. and Mrs. W. L. Yancey of Artesia, Calif., are visiting in the homes of Mrs. Lucy Welch and Mrs. Nora Welch and other Friona relatives. Mrs. Yancey and Lucy and Nora Welch are sisters. The Yanceys will visit in the home of their son, Cordeil Yancey, and his family at Amarillo before returning to California.

★ OLD MAN WINTER VISITS BRIEFLY

Evidences of an early winter were apparent in Friona for several days last week, when temperatures dropped to as low as 40 degrees in early morning.

Even more positive evidence was available Saturday, one of the coolest days, because Clarence Knight, elevator superintendent at Continental Grain Co., had a heater blazing for almost an hour. Others in town are understood to have done the same.

More than a few people around Friona were discovered wearing light jackets during the cool snap.

Board Reverses Refusal Tuesday

The Friona Board of Adjustment Tuesday night granted a variance from city ordinance 118 to Ray Strickland for parking a house trailer on lot 11.

In effect this reverses a decision by the city building inspector, Roy Wilson. Wilson had refused permission for the trailer to be parked on the lot. The board took into consideration several factors in reaching their choice.

Wilson refused a building permit under the ordinance, which set up space requirements for a residence. The house trailer, located on the Paul Strickland lot along with a service station, another residence, and a warehouse, does not meet the requirements of the ordinance, and reportedly lacks about 200 feet of space to comply with the ordinance.

Factors considered by the board include: 1. There have been no complaints by neighbors over the situation.

2. No fire hazard exists because the trailer is of metal exterior.

3. The appeal letter from Strickland asked for the variance, because to be required to remove the trailer house would work a hardship and inconvenience on him, and it is to his advantage to live near his business.

4. Departure from the ordinance for this situation is justified because a particular situation should be handled on an individual basis.

5. There is some danger of setting a precedent by granting a variance.

Members of the board at the meeting included Wesley Foster, secretary, Dan Ethridge, Mack Bainum and Arthur Drake.

Motion to grant the variance was offered by Bainum, and seconded by Drake. The vote in favor of granting the variance was unanimous.

Friona FFA Wins At Tri-State Fair

The Friona Chapter of FFA Monday won second place in the second division of the FFA exhibits and \$55 as prize money at the Tri-State Fair in Amarillo.

The local chapter displayed the advantages of debeaking chickens in an educational exhibit. Two boys each day have been in Amarillo caring for the booth.

Getting their first taste of Future Farmer activities as members of vo-ag freshmen class are 22 boys, who will be eligible for initiation into FFA as Greenhands.

Prospective members are Carroll Bennett, Marshal Bradley, Ellis Bradshaw, Aubrey Carlton, James Cunningham, Larry Elmore, Bill Frerick, Kenneth Gaines, Boyd Jones, Carl Jones, Lavern Mabry, Roy Nazworth, Roy O'Brian, Jackie Oldham, Jerry Rankin, Joe Reeve, Jimmy Sheek, Robert Sanders, Frank Spring, Gillard Stowers, Joe Latham, and Carl Meyers.

Hub Wreck Injures Three

Three persons were injured, one critically, in a car-truck accident Friday morning about 7 a. m. at the Hub intersection. Injured and their injuries: Comer Chenault, 70, shoulder bruises and slight head concussion.

Mack Chenault, 67, severe head injuries, still critical. Mrs. Mack Chenault, broken leg, removed to Amarillo for treatment by a bone specialist.

All of the injured were from Oklahoma. Driver of the truck was not hurt. The truck was transporting a load of well casing pipe from Arizona.

The two men injured are at Farmer County Community Hospital.

Miller Joins University Faculty

Roy V. Miller Jr., son of Mr. and Mrs. Roy V. Miller Sr. of Friona, has recently joined the staff of Colorado State University at Fort Collins, Colo. At the present time he is working on his master's degree and teaching on a part time basis.

Miller has been a junior conservationist at the college for more than a year and will teach in the forestry and range management department. He is a graduate of Friona High School and received his degree at Texas Tech before going into the Navy in 1953.

He and his wife, Glenda, have lived near Fort Collins since he was discharged from the Navy.

Numbers in Bible Build Interest, Says Evangelist

"All numbers in the Bible have definite meaning," says Rev. Edith Little of Fort Worth, who is conducting a two-week revival at the Friona Assembly of God Church. The revival began Sunday night and continues through next Sunday.

An evangelist who has become known for her explanation of the numbers in the Bible, she says the reason for the emphasis is to create more interest in the scripture among people who are "failing to read the Bible like they should."

Beginning with number one, she explains its meaning according to her interpretation, and she explains other numbers that appear, in relation to the verse, and to the text.

She is author of two books on this Bible arithmetic, one of which is due from the publisher soon. Title of the books are "Bible Numerology," volumes one and two.

Rev. Little attended Southern Bible College in Houston and is now doing work toward a bachelor's degree in divinity. She also has written "The Bible in Action," and several children's Sunday School books.

BIBLE MATHEMATICIAN — Rev. Edith Little of Fort Worth is conducting a revival at the Friona Assembly of God Church. The meetings are to last through next week. She is pictured with the hand-painted chart which includes "practically every topic in the Bible" for her use as visual aid.

NEW GAS COMPANY HEADQUARTERS — Pioneer Natural Gas Co. Friday moved into its recently completed building on the corner opposite the post office. Pictured are Ralph Shirley, office manager; La Quitta Jones, office secretary; and W. B. Robards, one of the first customers to call at the office. The staff is now in the process of getting records and files in order.

THE STAR'S EDITORIAL COMMENT

High Quality Shown By School Faculty

We, along with other townspeople, are looking forward to seeing a good year for the Friona School. And there is an excellent reason for expecting this.

Besides having many of the choice faculty members from last year's faculty returning again to contribute to the training and education of young people, several new teachers were added to round out the faculty. These, too, have been complimented on their bringing high standards with them to Friona.

And high standards are what our schools need.

Responsible for the selection of teachers is the school's superintendent, Dillie Kelley. The job he has of selecting teachers is definitely not an easy one, because of the acclaimed shortage of teachers, especially talented ones.

There is nothing more important to the school than good teachers, for in the classroom is where young minds are formed for later tasks. The school

years, called the happiest of all by many who experienced them, mean much to a person's life.

All of the teachers have indicated they are pleased to become a part of our community. We join the people of the community in welcoming them, and requesting that they perform the good job of educating the students of which our teachers demonstrate they are capable.

WHAT DOES GEORGIA HAVE THAT TEXAS DOESN'T? This year it surely isn't large peaches. Some of these grown by the Floyd Duttons south of town measured more than eleven inches around. Mrs. Dutton is pictured here with a few which almost filled a dish pan.

Legion Installs New Officers

New officers installed at the regular meeting of the Friona American Legion Post last week included Lloyd Mings, vice-commander; Joe Brummett, adjutant and secretary; Earl Drake, sergeant at arms; and Edward Hall, firing squad leader.

Russell Massey, who was elected commander, was not able to be installed because of a recent auto accident.

During the meeting, the Legion decided on plans for the firing squad marching in the Maize Days Parade, to be Oct. 18.

Also discussed was a membership drive which is to start soon.

Girl Scout News

Troop 236 met Monday at the Sixth Street Church of Christ annex at 4 p.m. The following officers were elected for the coming year: Carolyn Herring, president; Charlotte Nettles, secretary; Marcia Lynn Massie, treasurer; Beverly Elliott, song leader; and Joe Beth Brummett, reporter.

An overnight camp was planned and games were played. Those present were the leader, Olive Massie, the newly elected officers, and Helen Stowers, Elaine Parsons, Linda Carlisle, and Jan Massie.

WCS Has General Meeting

The WCS of the Friona Methodist Church met Tuesday at 9 a.m. for the regular monthly business meeting in Fellowship Hall. There were 25 members present. The opening prayer and devotional were given by Mrs. Fay Reeve.

Plans were made for finishing the kitchen, having a family night, and participating in prayer week. Mrs. Howard Ford led the benediction. Hostesses were Mesdames Newt Gore and Buddy Squyres.

News From The Hospital

Admitted: Mrs. Lillie Collier, Friona, surgical; T. D. Reed, Friona, medical; W. H. Flippin Jr., Friona, medical; J. E. Williams, Friona, medical; Mrs. M. M. Sherley, Friona, medical; Mrs. Weldon Dickson, Friona, medical; Mrs. Walter Cunningham, Friona, o. b.; Mrs. Carrie Bridges, Friona, medical; Mrs. Joe Fallwell, Friona, o. b.; Mrs. Mattie Shults, Friona, medical; H. B. Gardner, Friona, medical; Mrs. R. D. Garrett, Bovina, surgical; W. D. Buske, Friona, Hereford, medical; Laverne Beavers, Hereford, medical; Robert Chenault, Marlow, Okla., accident; Comer Chenault, Marlow, Okla., accident; F. H. Hadley, Friona, medical; I. E. Looney, Farwell, medical; Mrs. Naomi Patterson, Friona, medical; Raul Villigran, Alice, medical; D. H. Wilkerson, Bovina, surgical.

Dismissed: Leon Sudderth, W. D. Buske, Mrs. Leon Schilling, J. E. Williams, Lawrence Lillard, Mrs. Carrie Bridges, Walter Cunningham and Kathy, Henry Melton, A. T. Kersey, Laverne Beavers, R. D. Garrett, Mrs. M. M. Sherley, I. E. Looney, Mrs. Joe Fallwell and Mary Nanette.

Baby Girl For Cunninghams

Mr. and Mrs. Walter Cunningham became parents of a baby girl at the Parmer County Community Hospital at 4:22 a. m. Friday. She weighed 6 lbs., 8 3/4 ozs., and was named Kathleen Da Nell. She is the first child for the couple.

Grandparents are Mrs. Susie Cunningham and Mr. and Mrs. Ed Duke, all of Friona. Mrs. Cunningham and Kathy were released from the hospital on Monday.

Moved

New residents in Friona this week include Mr. and Mrs. E. C. Chitwood and Mrs. Lucy Jones, who moved into the house formerly occupied by Mr. and Mrs. James Pope and son. The Pops moved into the house vacated by the Chitwoods and Mrs. Jones at the Hub.

Also new are Mr. and Mrs. L. C. Dickerson, who moved into Mrs. A. A. Crow's rent house that was formerly occupied by Mr. and Mrs. Ernest Beavers. Mr. and Mrs. Beavers moved into Mrs. Rosa Anderson's rent house on Seventh Street.

Two families moved to other towns. They were Mr. and Mrs. W. D. Thompson, who moved to Dimmitt, and Mr. and Mrs. Truman Stroud, who moved to Mulshoe. The L. N. Raneys moved into the E. R. Day rent house vacated by the Thompsons, and Mr. and Mrs. Coy Jeeter and children moved from Mrs. Denver Smith's rent house to the house vacated by the Strouds.

Mr. and Mrs. Ernest Mings moved to the country, Margaret Stork moved into the Pete Hollis rent house, Mr. and Mrs. John J. Miller and children moved into the J. H. Lea house formerly occupied by the Edd Dukes, and Mr. and Mrs. J. C. Blankenship moved into Ray White's rent house.

Mr. and Mrs. G. E. (Bud) Reed have moved into their new house on 8th Street and Mr. and Mrs. Eddie White have moved into the E. L. Case house, which they recently purchased.

Weekend guests in the home of Mr. and Mrs. Bill Wooley and sons of the Hub community were Mr. and Mrs. Fred Mayer and Herman of Granite, Okla., and Mr. and Mrs. W. C. Wooley Sr. of Erick, Okla. The Mayers are Mrs. Wooley's parents and the Wooleys are Bill's parents.

CARD OF THANKS

We wish to express our sincere appreciation to our friends and family for the many kindnesses which were shown us following the death of our husband and father. The flowers, food, letters, cards, and other expressions of sympathy will always be remembered.

The J. F. Miller family
50-1tc

It's a Girl For Fallwells

Mr. and Mrs. Joe Fallwell became parents of a baby girl at the Parmer County Community Hospital Saturday morning at 8:39. She weighed 8 3/4 pounds and was named Mary Nanette.

The Fallwells have two older children, Jody, 6; and Jenniss, 5. Grandparents are Mrs. Pat Fallwell of Amarillo and Mr. and Mrs. Tom Rardon of Carney, Kans.

Rockey Completes Teletype Course

Pvt. Howard V. Rocky, son of Mr. and Mrs. Dick Rocky of the Black community, completed the radio teletype operation course September 13 at the Army's Southeastern Signal School, Fort Gordon, Ga.

This 15-week course trained Rocky to operate radio transmitting and receiving sets in

equipment. The 22-year-old soldier entered the army in March and completed his basic training at Fort Carson, Colo.

He is a graduate of Friona High School and attended Texas Christian University before going into the service. Mr. and Mrs. Rocky and Mr. and Mrs. Howard Elmore went to Fort Gordon to visit H. V. upon the completion of his course. combination with teletypewriter

"Serving A Great Irrigated Area"

in & around
FRIONA
WITH JUNE

As most everyone will agree, "The nicest part of any vacation is being home again and getting back into our regular routine." That is just the way we feel after having been off the job for 10 days.

Part of that time was spent in Central Texas. We went to Austin, College Station, Temple, Comanche, Abilene, and several other towns in that section of the state. This was the nicest trip we have ever had in that direction.

The growing crops were beautiful, the weather was cool, there were no mosquitoes, and most of the people with whom we came in contact were in a cheerful mood.

Monday was registration day for the freshmen at Texas A & M. We spent most of the morning on the campus while our son, Gerald, was registering. Would surely like to know how many freshmen registered that day. The line looked almost endless. Only two boys in the entire group were from Friona. We saw John Hamilton at a distance.

A person couldn't spend much time on the campus without leaving with a better understanding of why the ex-students are all so very proud of their

alma mater. It really isn't any wonder that fellows like Dolph Moten of Bovina, Joe Jones of Farwell, Leland Boyd, Andy Hurst, Charles Osborn, M. C. Osborn, and other Farmer County graduates of A & M are enthusiastic about the school.

Several roadside signs attracted our attention. One of them read, "The faster you go, the sooner you may be gone." Another that was thought provoking was "Malicious Misstatements Menace Men's Minds." This one was in opposition to liquor advertisements on billboards.

Our thanks go to each person who assisted in gathering the news and keeping things running smoothly at the office the ten days we were gone. The cooperation which was given by the Graham and Opal Baxter is greatly appreciated and we invite your continued cooperation.

Have you seen the new Edsel? The only complaint we could find to offer was that they had a compass installed on the dash board. How will people who are traveling pass the time with the directions in front of their eyes? This little gadget will eliminate all arguments about which direction the highway runs.

When those of us who are farmers start counting our blessings this week, we can be thankful that the severe hail which went through a long stretch of country south of us didn't reach this far.

ANOTHER TEACHER FOR SECOND GRADE — Mrs. Jane Bengé began the school year Monday at Friona School, teaching in the second grade. She joins 45 other faculty members who are teachers at the school this year.

New Teacher Hired For Second Grade

Another teacher is on duty at Friona School this week to round out the faculty for elementary school. She is Mrs. Jane Bengé, who is teaching a class of the second grade, and taught her first class in the local school system Monday morning, with 27 students.

She and her husband, W. S. Bengé, who is an employee of Farmer County Pump Co., have lived at 701 Woodland Avenue since August 1.

Having four years of teaching prior to starting here, she was a Plainview teacher last year, in the second grade. She is a graduate of Texas Tech, having a degree in elementary education.

Guests Expected

Mr. and Mrs. Orval E. Burnam of San Bernardino, Calif., and Mr. and Mrs. T. J. Polfus and daughters of Watsonville, Calif., are expected to arrive in Friona Thursday. They will be guests in the homes of the Jim Baxters and Oscar Baxters.

Mr. and Mrs. V. J. Schiller of Anton spent the weekend visiting in the homes of the Noyle Woodses and Marion Fites. The Schillers are parents of Mrs. Wood and Mrs. Fite.

Mr. and Mrs. Kenneth Loafman and children from Kress were weekend guests in the home of Mr. and Mrs. Loafman and sons. The Loafmans are brothers.

Talleys Make Extended Tour

Mr. and Mrs. Calvin Talley and children, Rex and Pattijon, returned home late Thursday after being gone about two weeks. The first stop on the trip was at the home of Mrs. Talley's parents, Mr. and Mrs. D. O. Robason Sr. at Siloam Springs, Ark.

Rex and Pattijon visited their grandparents while their parents made an extended tour of the central section of the U. S. and a portion of Canada. At Independence, Mo., the Talleys saw Truman's home and the Truman Library.

From Independence they went to Hannibal, Mo., where they visited the childhood home of Mark Twain. At Springfield, Ill., they visited Lincoln State Memorial park, then went on to Chicago. After touring some of the places of interest in Chicago, they went to Niagara Falls, N. Y., by way of Toledo and Cleveland, Ohio, and Erie, Pa.

The Talleys went into Canada from Niagara Falls and toured the Canadian side of the falls. At this point they were in the province of Ontario and visited the towns of London and Windsor. Their impression of Canada was that it was a very beautiful country with friendly people.

Says Mrs. Talley, "The food was excellent. It was of a good quality, well prepared and served. The towns and countryside alike were very clean." Wild flowers of various colors and species grew in profusion.

In visiting with some of the people of Canada, the Talleys learned that average day laborers receive \$2 per hour. One workman with whom they visited was employed by a tobacco farmer and was formerly a resident of Georgia. Tobacco farming was one of the principal industries of the part of Canada they toured. "There are more steps in tobacco growing than in growing irrigated cotton," said Talley.

While traveling in Ontario it was necessary for the Frionans to pay 48 cents per gallon for gasoline, but when their tank was filled there was no noticeable difference in the gasoline bill. In Canada there are five quarts in a gallon.

The point of entrance back into the United States led them to Detroit. During the trip the local couple saw Lake Erie, Lake Ontario, and Lake Huron. They drove through Oklahoma, Arkansas, Missouri, Illinois, Indiana, Ohio, Pennsylvania, New York, and Michigan.

In reporting the interesting things about the trip, Mr. and Mrs. Talley agreed that one of the nicest things was the friendliness of the people they met in the province of Ontario.

Club Has Salad Supper

The first meeting of the year for the Progressive Study Club was a salad supper honoring the president. The theme of the meeting was "It's a Woman's

World." The quotation around which the program was built was, "Let us watch our beginning and the results will arrange themselves."

The club collect was given in unison by the members. Bettye Jarboe, president, gave the president's greeting and the yearbooks were presented by Layvon Hughes. Hostesses were Gay Jordan, Mamie Lou Welch, Margie Herring, and Layvon Hughes.

The decorations featured a huge world hung from the ceiling with streamers descending and being fastened to the four corners of the table. Favors were small worlds with miniature women standing on them. Twenty members were present.

The next meeting will be September 24 at the club house.

Party Honors Bride Elect

Jeanette Cook of Summerfield, bride elect of Joe Bob Hampton of Cactus, was guest of honor at an afternoon party in the G. B. Buske home Thursday afternoon of last week.

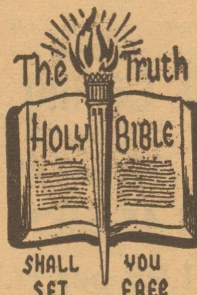

Mrs. Buske and Deann presented the honoree with a hostess gift. Decorations and refreshments carried out the Hawaiian theme. Monkey pods and dishes with pink roses carried out the bride elect's chosen colors, pink and white.

Macadamia nuts, coconut chips, Japanese rock candy, frosted soft drinks and party sandwiches were served to the honoree, hostesses, Deniese Magness, Evelyn Ray, and Patty Burke.

Mr. and Mrs. George Treider and Karen spent the weekend visiting in the home of the Dale Treiders at Santa Fe. They returned to Friona late Sunday.

"CALLING ON THE LORD"

Calling on the Lord is given as a means of obtaining salvation. To scripturally call on the Lord involves more than most people think. Suppose certain conditions are required to obtain a gift. The only right way to call on the person for the gift would be to meet the conditions. The Lord offers salvation from past sins to the alien sinner

on the following conditions: FAITH, Mark 16:16; REPENTANCE, Acts 2:38; CONFESSION OF THE NAME OF CHRIST, Romans 10: 9-10, Acts 8:37 and BAPTISM INTO CHRIST FOR THE REMISSION OF SINS, Rom. 6:3-4; Acts 2:38; 22:16; 1 Peter 3:21. TO CALL ON THE LORD FOR SALVATION THROUGH CHRIST'S BLOOD IS TO MEET THESE CONDITIONS. Jesus said, "And why call ye me Lord, Lord, and do not the things I say?," Lk. 6:46. He further said, "Not every one that saith unto me, Lord, Lord, and do not the things I say?," Lk. 6:46. but he that doeth the will of my Father in heaven," Mt. 7:21.

Woman's Club Begins New Year

The Friona Woman's Club had its first meeting of the new year at the club house Thursday at noon. Fourteen members were present for the covered dish luncheon. Roll call was answered with, "My summer adventures in travel or reading."

president's greeting. The new yearbooks were presented by Mrs. S. L. McLellan. The club song, "Love and Grace" was sung by the group with Mrs. Floyd Reeve at the piano. Mrs. Dixon and Mrs. McLellan were hostesses.

The next meeting will be September 25 with a program entitled, "Our Youth." Reports will be given by Boys State, Girls State, and F.H.A. convention delegates.

Frionans Attend Norwood Reunion

Mr. and Mrs. W. B. Norwood and Lois, Mr. and Mrs. W. C. Osborn, Mr. and Mrs. Ernest Osborn, Karen and Joel; Mr. and Mrs. Forrest Osborn, Carl and Teddy; and Mr. and Mrs. Howard Ford, Kenny and Chloe Ann, spent Sunday in Lubbock.

They attended the annual reunion of the Norwood family at the Mackenzie State Park. This reunion is attended by a large number of residents of the Southwest each year.

Judy Smith, who will be alternate pianist.

Tuesday evening of next week all of the girls except Nelda Douglas, Kitty Black, Judy Smith, and Luann Hardesty will go to Lubbock and present a program at the Baptist Student Center at Texas Tech. Radio representatives will conduct the program, which will be patterned after the Hit Parade program. They will be accompanied by Mrs. Miller.

Shower Honors David Blackburn

David Blackburn, son of Mr. and Mrs. Rex Blackburn, was honored with a shower in the home of his grandparents, Mr. and Mrs. E. L. Fairchild Tuesday afternoon. Decorations were blue and white mums in baby shoes, bassinets, and buggies.

Osborns to Virginia

Lt. and Mrs. M. C. Osborn are living at Colonial Heights, Va. Osborn has been assigned to army duty at Fort Lee, Va., for the next six months. The Osborns left Friona late in August and made a tour of several eastern states before reaching Fort Lee.

Mrs. M. J. Ivie of Amarillo is visiting in the home of Mr. and Mrs. Roscoe Ivie of the Black community.

Sunday dinner guests in the home of Mrs. Ethel Adams and Mrs. Lela Gilmer were Mr. and Mrs. Casey Adams of Amarillo and Mr. and Mrs. Waymon Wilkins and children.

Coffee was first used in Abyssinia in the ninth century.

Trebelaires To Make Two Appearances

Two appearances have been slated for the Trebelaires under the direction of Eva Miller. The first one will be at the W. M. Gouley Sales Arena at the Tri-State fairgrounds in Amarillo Saturday morning at 9. They will represent the Friona FHA chapter on the Rural Youth Day program.

The program will be emceed by Cotton John and will precede the crowning of the wheat king and baking queen of the fair. Counties represented on the program will be Hartley, Deaf Smith, Carson, Parmer, and Matador.

Members of the Trebelaires this year are Betty Agee, Luellen McLean, Luann Hardesty, Lavon Fleming, Lila Gay Buske, Phila May Buske, Linda Gay Gee, Eva Nell Thomas, Nancy Outland, Nelda Douglas, Kitty Black, Jacquelyn Magness, and

HD Club Has All-Day Meeting

The Hi-Point Home Demonstration Club met Thursday in the home of Mrs. Billy Dean Baxter for an all-day meeting. Each member brought a salad for lunch. Mrs. G. L. Mingus directed the opening exercise.

Mrs. Joe Brummett gave a report on the convention which she attended in Houston recently. The hostess gift was given to Mrs. Lloyd Mingus.

During the business meeting Mrs. Brummett resigned from the club. New officers were elected for the coming year. They are Mrs. Glen Mingus, president; Mrs. Dan Tims, vice-president; Mrs. Rudolph Renner, Jr., secretary; Mrs. Lee Renner, parliamentarian; Mrs. Homer Lindeman, reporter; and Mrs. Elmer Oldham, council delegate.

In the afternoon those present made imitation ivy. Mrs. Bill Baxter was a guest. Others present were Mesdames G. L. Mingus, Glen Mingus, Lloyd Mingus, Elmer Oldham, Lloyd Rector, Floyd Rector, Joe Brummett, Rudolph Renner Jr., Dan Tims, Lee Renner, and Billy Dean Baxter.

The next meeting will be Friday, September 27, at 2:30 p. m. at the home of Mrs. Dan Tims.

Date Set For Loyalty Dinner

The loyalty dinner for the entire membership of the First Baptist Church will be held in the school cafeteria Thursday evening, Sept. 26. A campaign is being conducted by 30 women of the church to invite everyone of the 771 resident members to attend the dinner.

Guest speaker of the evening will be Rev. Howard Lyons, who is pastor of the College Heights Baptist Church at Plainview. The budget, which has been set at \$69,052, will be presented to the group. Rev. L. A. Sartain, pastor of the church, urges every member to be present.

College Friends Visit

Mr. and Mrs. Carl Spence of San Angelo spent several days last week visiting in the home of Mr. and Mrs. Claude Osborn. Mrs. Spence and Mrs. Osborn were classmates at the University of Texas in Austin a few years ago.

Mrs. J. M. Bradley, Mrs. C. D. Carter, and Mr. and Mrs. W. S. Crow and children attended a Carter family reunion at Mackenzie State Park in Lubbock Sunday.

Visitor Called Home

Mrs. R. L. Taylor of Fort Worth, who was visiting in the home of Mr. and Mrs. R. G. Wiley, was called home Thursday afternoon because of the death of her brother-in-law, P. W. (Big Boy) Taylor. He died about 2 p. m. Wednesday following a heart attack.

Step Lively to Bigger Windrowed-Crop Profits

Use a BIG-CAPACITY JOHN DEERE No. 55 COMBINE

The hungry hum of the No. 55 Self-Propelled sings out two important messages. First, there's a lot of work being done. Second, there is plenty of capacity in every unit to handle the heavy crops, the heavy windrows, without overloading, loss of grain, or slipshod cleaning.

In addition to the big daily capacity and steady good work, the No. 55 gives you unmatched comfort and ease of operation... hydraulic selective ground speed control... balanced weight on all four wheels... double-ram platform control... big, auger-unloading grain tank that empties in 1-1/2 minutes, standing still or on the go, and many other outstanding advantages.

We will be glad to give you complete information on the No. 55; call us or drop in any time you're in town.

THE BULWARK OF A COMMUNITY IS ITS CHURCHES

"Lay not up for yourselves treasures upon earth, where moth and rust doth corrupt, and where thieves break through and steal:

"But lay up for yourselves treasures in heaven, where neither moth nor rust doth corrupt, and where thieves do not break through and steal.

"For where your treasure is, there will your heart be also."

(MATT. 6:19-21)

Looking at your life in retrospect, there are most likely to be occurrences which you treasure more highly than others. Find out why so many persons point to their becoming more closely related to the Lord God and his Church, as the most memorable occasion of their life. Attend church somewhere Sunday. A cordial welcome awaits you.

BULLETIN

Thomas Dudley Reed, 73, died about 7 a. m. Wednesday at Farmer County Community Hospital. Funeral services are set today at Laxbuddie Baptist Church at 3 p. m., Rev. Bill Curry, officiating. Claborn Funeral Home is in charge.

FATHER DIES

Mr. and Mrs. Dillie Kelley and family were called to Kosse Friday to attend the funeral of Mrs. Kelley's father, Mr. Jeff Hightower, who died Friday morning.

New Piano Studio Opens

Frona's newest piano studio was opened this week by Arlene Stowers Beavers in her home three houses west of the post office. Private instruction in piano will be offered every day in the week except Saturday.

Persons interested in studying piano are invited by Mrs. Beavers to call at her home.

Whites to Oregon

Mr. and Mrs. H. G. White of Friona and Mr. and Mrs. J. G. White of Stephenville are visiting Mr. and Mrs. Charles White and family, who live near Portland, Ore. The Herald Whites of Oak Harbor, Wash., plan to join the Whites at the Charles White home for a visit.

Cain Participates In Parachute Jump

Army Pfc. Harold D. Cain, son of Mr. and Mrs. Thomas J. Cain of Rt. 2, Friona, recently participated in a mass parachute jump near Munich, Germany, with the 11th Airborne Division's 596th Transportation Company.

The exercise required 46 airplanes to fly more than 1,200 paratroopers over the designated drop zone. Cain entered the Army in August of 1956 and completed his basic training at Fort Bliss, Texas. His wife, Iva Nell, lives on Rt. 2 out of Snyder.

LETTERS

To The Editor

Far East Interests Lt. Gaylord Maurer

(Editor's Note: Lt. Gaylord Maurer, son of Mr. and Mrs. Carl Maurer of Friona, is a jet pilot in the U. S. Air Force. He is stationed in Japan, and has had many interesting experiences in the Far East. Lt. Maurer has kindly written The Star of some of these experiences, and we are pleased to reproduce his letter.)

Dear Friends,

I took a very interesting trip to Formosa and back last week; ferrying three F-86 F's to Pingtung.

Capt. Baker, my flight commander, was leading the flight and Kaneski and I were flying as wingmen.

Our first leg was from Komaski AFB (the Japanese assembly plant for F-86 aircraft) to Itazuke AFB on the northern tip of Kyushu. Arriving there around 3:30 in the afternoon, we decided to go into Fukuoka, the fourth largest city in Japan. Just outside the base gates, we boarded a comparatively empty bus, seating capacity approximately 30.

For one-eighteenth of a dollar we rode for 30 minutes into Fukuoka. Normally, the bus company would not be able to make any money this way, but by the time they pack 69 people in a bus—they make money!

The Japanese are very well-mannered people, in fact, they sometimes are what seems to us "overly polite." But when it comes to getting on a bus, watch out!

The Japanese have adapted very well to the needs of the occupational troops. They now have American style restaurants, hotels, and night clubs.

The main street of most Japanese cities is quite wide, while the side streets are usually pretty narrow. The neon lights of most large Japanese cities will easily compare with those of the U. S. in originality and design.

Thursday morning we left Itazuke about 10 o'clock. Our destination was Naha, Okinawa. Our flight plan called for us to fly 1,000 feet on top of the highest clouds. We climbed out to 43,000 feet and were still looking up toward the tops, so we requested to fly the rest of the way at 43,000 feet. When we arrived over Naha, they were having a very heavy thunderstorm, making it impossible for us to land. We held at 43,000 feet for 20 minutes until the storm moved past the field. Capt. Baker

then led us down through the storm for a safe landing. Our next leg, to Pingtung, Formosa, was uneventful, except for four Chinese pilots making a pass at us.

After signing over our aircraft to the Chinese, we were taken out for a real Chinese supper. This consisted of seven different types of meats, each plate being served only after the first plate was finished. We had chicken, pigeon (broiled), sweet and sour pork, fried pigeon, chow mein, and a couple of other types of meat. We finished all this off with chicken broth and rice. To say the least, we were all stuffed.

After supper, we took a walk through town. The very first thing we noticed was the lack of cars. The only cars there belong to the Americans or the military. They do have pretty good bus service, though. Other than that, the transportation is limited to motor scooters, bicycles, ox carts, or walking. The wonderful thing about Ping-

tung is that the constant rattling, bumping, screeching of tires, roar and blasting of horns is not there, as it is in Japan.

Friday morning we were flown to Taipei in a Chinese C-48. There we tried to catch a ride to Hong Kong, but the next flight was not until Tuesday. So, we boarded World Airlines with two lovely Japanese hostesses and arrived in Tokyo at 2 a. m., after a three-hour layover on Okinawa.

The Japanese have an old saying, "You will die a fool if you haven't climbed Mt. Fuji." Well, that saying has now been changed! After climbing it, we decided the saying should read, "You're a darn fool if you climb Mt. Fuji!"

Leaving Tokyo by train Saturday afternoon, we arrived at the bottom of Mt. Fuji some three and one-half hours later. There we boarded a bus, on which some 50 persons had already been packed. For the next two hours we ground our way up the bottom of Mt. Fuji,

never getting out of low gear. Finally, at 10:30 Saturday evening we started our long walk to the top. The weather was perfect and we were feeling great. I was setting a blistering pace. Some two hours later, I was falling way behind! I must admit, I was passed by many a Japanese Mamasano. We had a full moon to climb by and the trail was so well worn we didn't need a flashlight.

We finally staggered to the top at 3:30 in the morning. The sky was clear above us and the air was very crisp, making it a beautiful morning when the sun rose over the white billowy overcast some 7,000 feet below us. I'll never forget the view from atop Mt. Fuji—but I'll never climb it again!

Sincerely,
G. Maurer.

NEWS FROM

Rhea

By MRS. FRANKLIN BAUER

HD Club Meets

Rhea HD Club met Monday night at the Parish Hall. Mrs. Bill Gibson was hostess for the meeting. It was decided that each member bring a suggestion for a Christmas gift to sew, also the pattern, to our next meeting so the group can exchange gift ideas and patterns. A Halloween party was also discussed.

After the business session, Mrs. Walter Schueler and Mrs. Jack Patterson gave an interesting demonstration on "Fruits for Breakfast."

Refreshments of cookies and ice cream were served by the hostess to Helen Potts, Mary Gibson, Ona Patterson, Martha Schueler, Nat Martensen, Dorothy Bauer, Shirley Brown, Emma Schueler, and Malinda Schlenker.

IT CAN BE DONE

Herman Schueler of the Rhea Community has proven that it is possible to raise fruit in Farmer County.

His orchard consists of seven cherry trees, two crabapple trees, seven peach trees, three pear trees, six apple trees, two walnut trees, two apricot trees, and grapes. From his orchard this year he has picked approximately 15 bushels of peaches, three bushels of pears, 10 bushels of apples, two bushels of crabapples, and 14 bushels of cherries and grapes.

ATTEND BANQUET

Those from Rhea attending the Soil Conservation banquet held in Bovina were Mr. and Mrs. Carl Schlenker, Mrs. Malinda Schlenker, Mr. and Mrs. Walter Schueler, Mr. and Mrs. Franklin Bauer, and Raymond Schueler. Carl Schlenker represents the Rhea community on the soil conservation district board of supervisors.

From Nebraska

Mr. and Mrs. Harvey Jepsen and Billy of Platte Center, Nebraska, visited at the Ray Martensen home during the week. The Martensens took the group through Carlsbad Caverns while they visited here.

Visitors in the home of Mr. and Mrs. Jack Patterson Sunday were Mr. and Mrs. Don Engemmer from Cannon Air Force Base, Clovis, Mr. and Mrs. Horace Kendrick from Friona, and Mr. and Mrs. Wilburn Keener and children of Hereford.

Weekend visitors in the Walter Schueler home were Mr. and Mrs. Bill Best of Denver City and Mr. and Mrs. E. O. Woolever of Sudan. Visiting in the Joe A. Brown home this weekend were their son, Mr. and Mrs. Dale Brown, and Mrs. Brown's mother, Mrs.

Busby.

Mr. and Mrs. Franklin Bauer and family visited Sunday with Franklin's sister and family, Mr. and Mrs. Ernest Ramm of Lariat.

Mr. and Mrs. Norbert Schueler, Terry and Clinton returned Saturday from a week's vacation in California where they had been visiting Mrs. Schueler's niece and family. Carol Dawn stayed with her grandparents in Clovis while her parents were gone.

Mrs. Sue Smith will leave shortly to take a course in anesthesia. After three months of study in Chicago, Sue will return to give the anesthetics for Farmer County Community Hospital.

Picnic Held

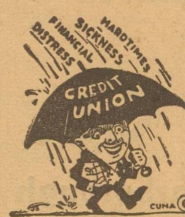

The Congregational Sunday School held the annual picnic in Mrs. Floyd Schlenker's yard on Sunday afternoon. Following the

supper a brief service was conducted by Rev. Dean in the back yard. The Pilgrim Fellowship held their service outdoors in the caliche pit.

Stabilized animal fat in dairy cattle feed is harmless, but causes no increase in yield of milk, percentage of milk fat, or components of butterfat, according to veterinary authorities.

Dixons in Colorado

Mr. and Mrs. C. W. Dixon left Wednesday for Colorado where they are visiting with their son Bucky Dixon and his family. They planned to be gone about one week.

Mr. and Mrs. Raymond Jones spent the past week in Truth or Consequences during their vacation. They returned Monday.

Mr. and Mrs. W. H. Flippin Sr. and Mr. and Mrs. M. L. Howard made a business trip to Lubbock Monday.

Local Boy Gets Service Recognition

Word has been received by Mrs. Irene Wiley that her son, James, has recently been promoted to the rank of staff sergeant. Wiley is currently stationed at the Komaki Air Base in Japan. Before his enlistment in 1953, Wiley was a student in Friona High School. He took his basic training at Lackland Air Force Base at San Antonio.

NEWS FROM BLACK
MRS. DICK ROCKEY

Beginning this week Mrs. Dick Rockey is again writing the news of the Black community for the Star. Mrs. Claude Edelman, who has been performing this service for the community, would like for everyone who has helped her do a good job during the summer to know that she is deeply appreciative for the courtesy which has been extended her.

Mrs. Rockey invites your continued cooperation in helping her accurately report the news items of the entire community. You may call her at any time you have news to report. Promptness in reporting news to her will be greatly appreciated.

Visitors in the Ellis Tatum home Sunday were Rufus Gilbert, Mrs. Laura Gilbert of Muleshoe, Hubert Gilbert of Brady, and Mr. and Mrs. Allen Jones from Canyon.

Mr. and Mrs. T. J. Presley visited in Hereford Sunday with Mr. and Mrs. Willie Price and Mr. and Mrs. G. H. Whitaker Sr.

"Sandy", a familiar figure to everyone at Black, the 19-year-old dog of the Leslie Deatons, was run over and killed last week. He will be missed by all, especially by Leslie.

Visiting with Mr. and Mrs. Faye Wilcox this week is his mother, Mrs. Wilcox, from Pateau, Okla.

Dr. L. B. Barnett and family, of Hereford, spent Sunday with his parents, Mr. and Mrs. R. E. Barnett.

Fred Dennis took his father to Blair, Okla., Saturday. He had been visiting in his son's home the past three weeks.

Mr. and Mrs. John S. Thompson, Mrs. Leona Wolfe and Clyde Renner helped B. C. Day celebrate his birthday Sunday. Mrs. Day served her husband and the guests ice cream and cake.

The Black Elevator received their first load of Martin maize last week. It was brought in by Billie Bell.

Mr. and Mrs. Clyde Hays and Clyde Lyndoll attended the fair at Amarillo Monday.

Visitors in the Mart and Travis Stone home Sunday were Noyle Stone and Mr. and Mrs. H. R. Buttler from Lamesa.

Mr. and Mrs. Ralph Price and sons visited in Hereford Sunday with his parents, Mr. and Mrs. Willie Price. While there they attended the open house of the Kreig-Marcum Funeral Home.

Mr. and Mrs. Woodroe Whitaker and Dwight visited Saturday in Hereford with his par-

ents, Mr. and Mrs. G. H. Whitaker Sr. Other visitors were Mr. and Mrs. James Prewett and children of Amarillo, and Mr. and Mrs. Richard Garrison from Fort Carson, Colo.

Mr. and Mrs. Dick Rockey returned home Thursday from Augusta, Ga., where they visited with their son, H. V., who was at Fort Gordon. H. V. left Friday by plane for Fort Lewis at Tacoma, Wash. He will be there a week awaiting orders for overseas assignment.

Mr. and Mrs. Glen Roberson and Marie were hosts to a barbecue hamburger supper in their back yard last week for Dr. and Mrs. Nobles, Patti and Frank, of Hereford.

Mr. and Mrs. Howard Elmore returned home Monday from a vacation trip through eight states. They visited relatives in Georgia, Tennessee, and Oklahoma.

The C. W. Graves family has moved into the R. E. Barnett house. Mr. Graves is working for Glen Roberson.

Mr. and Mrs. Lloyd Prewett and Ann took their son, Graham,

to Lubbock last Saturday to enter Tech. The Prewetts spent the night with her sister and family, the R. L. Brays.

Clyde Hays left Tuesday to enroll in Tech at Lubbock. Clyde will be a senior.

Bats depend largely on the sense organs in their wings to guide them in flight.

Bimetallism is a monetary system wherein both gold and silver are used as standards of value.

IN THE COURTS

CITY COURT

The following cases were disposed of in city corporation court of Judge Walter Loveless during the week ending Sept. 17: Alva Leroy Neal, charged with speeding 50 m.p.h. in a 30 m.p.h. zone, pled guilty and was fined \$20.

Fletcher Simms Jr., charged with speeding 50 m.p.h. in a 35 m.p.h. zone, pled guilty and was fined \$15.

Judy Taylor, charged with driving without license, pled guilty and was fined \$10.

Leonard Ray Burnett, charged with disregard for stop sign, pled guilty and was fined \$5.

Jerry Dean London, charged with excessive noise, pled guilty and was fined \$10.

Ronaldo Rondos, charged with driving without license, pled guilty and was fined \$10.

Donald Dewey Ross, charged with defective tail light, pled guilty and was fined \$5.

Larry Fairchild, charged with excessive noise, pled guilty and was fined \$5.

Allen Hodge, charged with driving without license, pled guilty and was fined \$10.

Garland Lucas, charged with intoxication, pled guilty and was fined \$25.

JP COURT

The following cases were disposed of in justice of the peace court of Judge Walter Loveless during the week ending Sept. 17:

Elisandro Guyardo, charged with no motor vehicle inspection sticker, pled guilty and was fined \$25.50.

Hugh Freeman Blaylock, charged with speeding 70 m.p.h. in a 60 m.p.h. zone, pled guilty and was fined \$25.50.

IS IMPROVED

Bill Flippin, in Parmer County Community Hospital for treatment of a heart condition, is in satisfactory condition and officials say he should be improved enough soon for release. Flippin suffered a heart attack and was hospitalized last week.

College Students Leaving this Week

Several of the younger members of our community are leaving this week for Lubbock where they will attend college. Clyde Hays, son of Mr. and Mrs. Clyde Hays, will be returning to Texas Tech where he will be a senior pre-law student.

Freshman students at Texas Tech will be Wesley Barnett, son of the Fern Barnetts, and Graham Prewett, son of Mr. and Mrs. Lloyd Prewett. Phyllis Hinds, daughter of Mr. and Mrs. Otey Hinds, will be a freshman student at Lubbock Christian College.

«The High Plains Farm and Home» Area on Brink Of Milo Harvest

The Parmer County milo producing area—probably the biggest production center of grain sorghums in the United States—is on the brink of harvest and poised for what some feel will be another record breaking year, so far as total output is concerned.

Irrigated grain sorghum, which occupies about 250,000 of the 350,000 acres under irrigation in Parmer County, is the area's biggest crop. It also happens that hundreds of other farms across the nation are hopping on the grain sorghum bandwagon this year, and the USDA is predicting a whopping crop of 481 million bushels of this product, which is almost double the previous all-time record of 1955, and it is three times bigger than the 10-year average.

With that being the case, prospects for good market prices have been dimmed considerably. Last year, a large portion of the locally produced milo crop was trucked out to drought-stricken areas all over the Southwest, and some of the crop was even bought in Far West markets by cattle feeders.

This year, rains have come to many of the grain sorghum producing areas other than the High Plains, and also the soil bank program has resulted in a substantial seeding in areas of the Midwest that customarily produce no grain sorghum at all. Those factors considered, few predict that much grain will exceed the government loan price of a few cents over \$1.50 per hundredweight.

Hybrid grain sorghum, first made commercially available in limited quantities last year, took the country by storm in 1957, and farmers will get their first look at just how the seed will fare in actual cross-the-

board production.

Generally, farmers are expressing satisfaction with the hybrid's performance, and most feel that the difference in price for the newer seed is easily made up by its advantages. It's too early to say for sure, but farmers with years of experience are predicting that the hybrids will equal or slightly exceed the top-yielding, "wet-head" varieties (such as Redlan, Plainsman, Caprock, and others), but will mature quicker, dry out sooner, and be more disease resistant. Also, hybrids are expected to weather dry spells better.

The peak of the harvest will probably not pass until after a killing frost, but so much hybrid seed in the picture this year may get the harvest off to a quicker start.

Last year, Parmer County produced 14,000,000 bushels of milo. This year, production is expected to be approximately the same. It may go slightly more or slightly less. How farmers can cope with the severe weed problem is expected to determine this.

Still Have Bugs In Cotton, Grain

Late-season insect control activity is still evident in grain sorghum and cotton fields, County Agent Joe Jones reports this week. An outbreak of the climbing cutworm occurred near the center of the county two weeks ago, and light infestations of cotton leafworms are general. Spraying for control of these insects is not regarded as a major problem, and most control measures are effective.

More than 70 kinds of internal parasites can infect dogs and cats.

Limit On Soil Bank

Total payments under the 1958 acreage reserve programs will be limited to \$3,000 to any producer or any farm, Joe Magness, chairman of the Parmer County ASC, reminds farmers.

The limit applies to the total of all acreage reserve payments made to any producer in connection with all 1958 crops eligible under the program, the chairman explained. If a farmer earns \$3,000 on his farm under the 1958 winter wheat acreage reserve program — for which the sign-up is already in progress, he may not earn any additional amounts on that farm in connection with 1958 acreage reserve programs for any other basic crop such as corn, rice, or cotton.

The \$3,000 limit does not include payments under the conservation reserve—the other part of the soil bank, Magness pointed out. There is a separate limit of \$5,000 in the conservation reserve annual payments which may be made.

If a farmer puts acreage from his farm in both the Acreage Reserve and the Conservation Reserve, he could be eligible for total 1958 payments of \$8,000 under both programs as operated on his farm.

Farmers are encouraged to visit the ASC office early if they wish to take part in the 1958 wheat program. A new feature is the establishment of a "soil bank base" for each farm, and this base must be established before a program agreement may be signed.

The grower will be responsible for furnishing the committee with production history and other information, and this should be supplied at least 15 days before the end of the sign-up period, which is October 4.

There have been 48 agreements signed to date in Parmer County. These agreements cover 4,543 acres of wheat. Compensation for these acres will amount to \$81,912.70.

AMONG THE EARLY ONES—Albert Cannon, who farms about two miles south of Hub, Monday afternoon began his 1957 milo harvest as he pulled his new combine into his field of Martin milo and cut away. Cannon figures the Martin's will produce about 4,000 pounds per acre. He watered the field five times, and applied 120 pounds of anhydrous ammonia per acre.

Seed Growers Schedule Tour

A field tour sponsored by the Parmer County Certified Seed Growers is scheduled for Wednesday, September 25. Beginning at the County Courthouse at 1:30 p. m., the following program is scheduled:

1. Leave courthouse for Charles Seale's farm to observe certified seed production of Acala cottonseed and Mexican June corn. Grazing weeds and Johnson grass from corn and sorghum can be observed at the Frank Seale farm, near the Charles Seale farm. Sheep are used in the project.
2. Stop at the Arlin Hartzog farm. Production of Texas Hybrid 620 and Austin Cotton are to be on display here.
3. R. L. Douglas farm—Redbine 58 and double-row soybeans under commercial production is to be pointed out.
4. Dalton Caffey farm—Commercial production of Texas Hybrid 660.
5. Truett Johnson farm—Observe Texas Hybrid 660 certified seed production. Also Caprock certified seed production and test plots of Texas 610, Texas 601, and Texas 660 will be shown.
6. Harold Lillard farm—Observe certified Texas Westland under production.
7. A. W. Anthony Jr. farm—commercial production of various hybrids.
8. Nelson Welch farm—Certified seed production of Redlan Kafir.
9. Harold Joe Wells farm—Certified seed production of Sert.
10. Stop at Hardy May farm to observe vegetable production.
11. Eugene Boggess farm—Certified seed production of Texas Hybrid 620, Texas Hybrid 650, Plainsman, and Redlan Kafir.
12. Wayne Garth farm—Certified seed production of Texas Hybrid 610.
13. Stop at James Mabry farm to observe commercial production of hybrids.

The tour will be concluded with a watermelon feed at Hub. During the morning the Cer-

tified Seed Growers Association will meet at the courthouse at Farwell for a program on certified seed production.

Starting at 10 a. m., the program will be as follows:
10 a.m.—Discussion and observation of seed bags for marketing seed.

11 a.m.—Dr. Lee Coffey of the Texas Agricultural Experiment Station will discuss certified seed production and new varieties that are in the experimental stage.

THE HAPPY HOMEMAKER

BY JUNE FLOYD

Do you hesitate to use your washer for dyeing or tinting bedspreads, curtains, rugs, and other articles because cleaning it is such a problem? If so, discard your hesitation and begin adding color to whatever you desire.

When you have finished, just run the machine full of water, add your favorite detergent and bleach, then let it run until all traces of the dye have been removed, rinse with hot water, and leave the lid open until the inside is dry.

A coat of clear nail polish can be used to keep the light colored bindings on dark shoes from becoming discolored. The polish will not let dirt penetrate the leather and will also protect against scuffing. Then when you polish the darker color, the binding can easily be wiped clean with a damp cloth.

If you plan to have pictures printed on your Christmas cards, it isn't too early to get your orders in the mail. There always seem to be so many places to go that any advance preparation you can make will lessen the tension you feel during the holiday season.

For something different for fall, try this recipe for Fall Fruit Salad.

Youth Day 21st

Saturday, September 21, has been designated Rural Youth Day at the Tri-State Fair in Amarillo. This program will be held in the W. M. Gouley sales arena at the fair grounds and will begin at 9:30 a. m.

Master of ceremonies will be Cotton John Smith and the welcome will be given by Rex Baxter of the Fair Association. Homer Rice will lead group singing and the Matador FFA Band will furnish music. Kay

Lawson of the Carson County 4-H group will sing, and other music will be presented by the Trebellaires of Friona under the direction of Mrs. Eva Miller.

Joe Bill Brown of the Hartley County 4-H Club will also sing a solo, and a pantomime will be given by the Deaf Smith County 4-H'ers under the direction of Mrs. Dorothy Powell.

The Quail FFA Chorus will present vocal selections and closing music will be by the FFA band from Matador.

Climaxing the program will be the crowning of the "wheat king" and "baking queen."

All 4-H members from Parmer County who wish to attend are asked to come by the county agent's office or write the county extension agents at Farwell for a letter which will entitle 4-H'ers to free entry to the fair on Rural Youth Day, September 21.

INDEPENDENCE DAY FOR MEXICO — In 1821, Sept. 16, Mexico won independence from Mother Spain, and a spirit of independence was exhibited by Mexicans living and working around Friona. Pictured is the red, white and green flag of Mexico which waved from the labor camp near Chester and Fleming Gin. Many of the people from south of the border celebrated, declaring a holiday Monday, similar to Fourth of July to citizens of the United States.

HAIL STRIKES COTTON — Marion Fite examines a battered cotton crop after hail pounded bolls from stalks Friday afternoon. Besides knocking plenty of bolls from stalks, limbs were split and leaves stripped during the approximately ten-minute hailstorm. Fite farms the C. W. Dixon place, three miles southwest of Friona.

Hail Lambasts Crops in County

Hail, falling in varying amounts on a several-mile-long strip in east-central Parmer County, Friday afternoon smote several farmer's crops to the extent of 25 percent. Light damage was registered by others.

Figures for the amount of potential income taken by the hail are unavailable, but cotton and milo, nearing maturity, were damaged considerably. Varying amounts of rain were recorded.

The amount of rainfall measured in Friona by Buddy Lloyd, official rainfall recorder, was .37 inches.

Marion Fite, who farms about three miles southwest of there, estimates his cotton damage at 20 percent. Damaged bolls still on the stalks figured in heavily in his count, while bolls stripped from stalks littered the ground after the hail had passed over.

Harry Hamilton, on the Hub road south of Friona, figures about 100 pounds of milo was rimmed from heads by the hail.

Eleven Arrests In Two Weeks

Eleven arrests were made in Parmer County during the past two weeks, it was reported this week by Parmer County Sheriff Chas. Lovelace. The charges ranged from drunkenness to stealing sheep.

Two persons charged with the theft of sheep were Manuel Zavala, Friona, and Antonio Delacorda, Hereford. They were arrested last Wednesday and allegedly stole several head of the animals from the J. D. Greeson farm, east of Bovina.

Bond for the two persons was set at \$1,000 each by Roy Thornton, justice of peace at Farwell, and the case has been bound over to the grand jury. They both failed to make bond and are presently in custody at Parmer County jail.

The arrests were made after one of the animals was found butchered, and in an ice box at Zavala's home, the sheriff says.

Paul Baca, charged with theft, was also arrested by the sheriff and his bond was set at \$1,000. He was indicted by the last county grand jury and his case will be tried in district court in the near future. He is charged with taking money from a Lazbuddie farmer.

In county court Monday,

Andy Ancira, Bovina, was fined \$25 and court costs, by Judge A. D. Smith. Ancira was picked up by county officers Monday morning and charged with assault and battery.

Also arrested was Guadalupe Espericueta, for a forgery investigation. The man was later released without charges being filed. The check was paid off.

Drunkenness topped the list of offenses, as six were arrested and convicted on this charge. They all were fined in Thornton's justice court. The cases were as follows:

Hill Johnson, Farwell, fined \$20.50.

Freddy Conner, Pampa, fined \$23.50. He was picked up in Bovina last Wednesday.

Wade Lovett, Frank Kuykendall, and Elmer Snowden, all of Amarillo, were picked up near Farwell. Each was fined \$16.50.

Johnnie Mae Smart, Clovis, was picked up in Bovina. She was fined \$24.

A New York veterinarian reports examining a 5-month-old kitten which was pregnant. Reproductive maturity in cats usually begins at around 8-10 months of age.

4-H Tours Booked

Four on-the-farm tours will be held through the county next week, in conjunction with 4-H Club work, according to County Agent Joe Jones.

Tuesday afternoon, September 24, observers will tour the Bovina area to see crops grown by Clubbers there for the annual cotton and grain sorghum production contests.

On Thursday afternoon, crops will be inspected in the Farwell area, and Saturday morning, September 28, the Lazbuddie 4-H boys will have their crops up for inspection.

The Friona tour is the final one of the year, and will be Saturday, October 5.

There are 46 4-H Club members participating in the contests this year, and the county agent says that colored slides will be made of the crops for showing at the annual awards night banquet to be held later this fall.

Farmers may someday tell when their crops need irrigating by using a simple electrical device tested recently by the USDA. It measures moisture stress—an indicator of a plant's moisture needs. Research is continuing on this device.

Balconies were originally built for purpose of defense.

THE H. D. AGENT'S CORNER

Jimmie Lou Wainscott

Vegetables With Cheese

Imaginative homemakers find cheese one of their best friends for adding taste appeal, color and extra nutrition to vegetable dishes, according to extension foods and nutrition specialists.

A cheese sauce, for example, can be used to top boiled potatoes, cabbage, onions, peppers, eggplants, tomatoes and other vegetables now in plentiful supply. Left-over dishes disappear faster too, when converted into cheese-sauced dishes. Simply pour the cheese sauce over the vegetable and cover with bread crumbs. Bake in a shallow dish until the crumbs are brown and the vegetables heated through.

Here's an easy recipe for making cheese sauce for vegetable dishes. . . Assemble these ingredients: 1½ tablespoons butter or margarine, 1½ tablespoons flour, 1 cup milk, salt to taste, ¾ cup grated cheese (or 3 ounces sliced cheese).

Melt the butter or margarine and blend in the flour. Add the milk, then stir and cook until the sauce is thick and smooth. Cook about a minute longer. Add salt and cheese and remove

from heat. Stir until cheese is melted.

Coat the bottom of ice trays with a light film of salad oil and they won't stick to the freezer shelf. . . Remember to freshen them occasionally by washing in suds and rinsing thoroughly.

Keep freshly ironed garments from wrinkling before you get them from ironing table to closet. There is a new fold-away aluminum rack with projecting arms that holds up to a dozen pieces. It can be used for drip drying garments, too.

Another laundry tip. . . If you prefer a wire clothesline because of its rigidity, wash it off with a sudsy cloth before use. Wipe it dry to prevent getting rust stains on your clean clothes. . . Wax helps to control rust, also.

Now even the most functional parts of a gas range can go into dishwashing. Yes, a stove designer has produced a model featuring burners that can be taken apart and sudsed clean in either the automatic dish washer or a dish pan. Much easier!

You can dust around curves and corners now. . . Using a new pliable duster which has a flexible wire frame that slides around curves to dust every crevice. In other words it conforms to the furniture.

The first settlement at Baltimore was made in 1662.

Beaumont is French for "beautiful hill." Beavers live in colonies which may persist for centuries.

Some wheat planted dry has received enough moisture to germinate and get started. This is dryland wheat north of Bovina, and is up to a good stand. Very little dryland is started this well, however.

Typical of land preparation under irrigated conditions is listing of the field soon after levelling or "floating out" to insure proper irrigation. This hired hand is riding a tractor for an Oklahoma Lane farmer. Also typical of this scene is that it is "wheat after wheat" which is a pretty general rule for area farming.

Wheat Planting Activity Picks Up

Area farmers, with most of their cotton and grain sorghum work laid by, are now turning their attention to planting wheat. In fact, many rigs can be seen in operation in the area and work is already well underway. Not much "dusting in" is being tried, and most dryland farmers are waiting for later—and more adequate moisture. It is estimated that more than half of the 100,000 acres of wheat in Parmer County will be dryland next year.

Irrigation farmers, though, have taken such preparatory steps as shredding stubble, turning it under, fertilizing to speed decomposition, floating land, listing, and are now either pre-watering, or (more commonly) preparing to dry-seed the wheat and water it up. County Agent Joe Jones this week again pointed out that the best way to start on a good wheat crop is to get a good start, and he says that treating the seed wheat is a must

for "no chances" farming. For every 100 pounds of seed, he suggests two ounces of actual Dieldrin, or two ounces actual Lindane, or two to three ounces of actual Heptachlor for best results. It is especially important to use the treatment when dry-seeding wheat, he says. Where good moisture is available, wheat will germinate and come up quickly with little wireworm damage. "But," he says, "where wheat must lay in the soil several days, poor stands result many times due to soil insects." The suggested treatment is effective whether or not seed have been treated or will be treated with a fungicide, he says.

Boys Get Prizes In Gilt Show

The Parmer County Sears gilt show was held at Hub Saturday morning, September 14. These are the gilts awarded 4-H boys in Parmer County in 1957. Sears awards six registered gilts and a registered boar to 4-H boys each year. Sears also pays the prize money for the winners. Placings: 1st—Robert Houlette, Friona 4-H, \$7. 2nd—Eugene Houston, Lazbuddie 4-H, \$6. 3rd—Freddy Taylor, Bovina 4-H, \$5. 4th—Jim Roy Wells, Friona 4-H, \$4.

THE PARMER FARMER

By LELAND BOYD

The "government" sure gets a good cussing from all sides for its subsidy and control of the nation's agriculture.

We were talking recently with a truck driver, a union member, and listening to his expounding the value and need of the labor union to the working man. One of his counter replies was that the "government" never did guarantee the working man that he would be compensated a pre-determined amount for his labor. The farmer is having this done for him, the union member said. But the laboring man must unite and fight for his share of the nation's money.

If we interpreted his opinion correctly, he doesn't think a farmer should be awarded a set price, but should "fight" for a good price like various unions have done. The government is wrong when it subsidizes farmers, the union man said.

We wonder if the majority of farmers agree with this view, and consider the government wrong when it offers to pay a subsidy to farmers. We have never seen poll results where this view alone was gauged, but

also have not read or heard where this was offered on a ballot.

To hear the amount of criticism and denunciations that farmers offer to the farm programs of the United States federal government, one would be led to believe that the majority of farmers join the union man in taking the view that government is wrong to offer this "guaranteed price" to farmers for their basic crops.

Could a candidate who promised to end price props be elected as president? He would win a good sized pocketfull of the non-farmer vote, we think. And there are definitely enough of the non-farmer votes to elect such a candidate.

How many farmers would vote for a candidate who proposed to end price props?

Provided such a candidate might be elected, then agriculture would become again regulated under the economic principle of supply and demand. Low prices for bumper crops and high prices for crops in small supply would be the situation.

We wonder if farmers would not soon find that under this situation fighting for what they want would be proper procedure if they wanted to continually prosper.

It has been argued that farmers could not possibly become united enough to force prices toward a more favorable level. Agriculture is just too competitive, it is argued.

We don't think this is a just excuse, for there is hardly anything more competitive than labor, with the vast supply that exists in the labor union areas.

An organization of farmers, strong enough to control prices within reasonable limits is possible, we believe.

Whether or not farmers want one, we are not so sure.

County Convention This Week for ASC

Ballot counting of the community ASC elections held two weeks ago has been completed, and the delegates to the county convention will meet this weekend to name county officers.

Elected chairman and delegate of Community "A" was Lewis Welch of Friona. Alternate is W. D. Buske; member, John Bengier; first alternate, Melvin Sachs; and second alternate, Kenneth Cass. A total of 68 votes were cast in that community, out of 1,120 eligible to vote.

In Community "B", Ben Foster, Rt. 1, Mulshoe, was elected chairman and delegate. Others in order are George Crain, H. H. Briggs, Dee Brown, and Harold Carpenter. There were 1,289 persons eligible to vote; 107 voted.

Community "C" picked Charlie Christian chairman and delegate, and named Tom Caldwell, Frank Seale, Tom Beauchamp, and Dalton Caffey to fill out the community committee. Of 1,341 persons eligible to cast ballots, 55 did so.

Farmin's Tougher If You Ain't Got the Smart

By W. H. Graham Jr.

"Son, I don't care what you do in life, so long as it's honest. There's just one exception—don't go to school and come home and be a farmer."

These words of advice are actually being uttered on occasion (and the frequencies of the occasion are increasing) by perplexed men who, beset with the myriad worries of paying taxes, complying with government regulations, keeping track of expenses, and staying abreast with technological developments in the field of agriculture, honestly believe that an education spent on farming is wasted.

Actually, nothing could be a greater departure from the truth.

College has just started, and the number of young men leaving the farm and going off to school to learn to be doctors, engineers, accountants, teachers, and clerks is surprising compared with the number who plan to return to the farm after four years of study in specialized fields, with the idea of making better farmers than their fathers.

There is probably more than one reason for this unusual circumstance, but one of the main factors is the age-old notion that it doesn't take much education to be able to make it in farming.

That day is fast fading, but the notion lingers.

Perhaps two generations ago, when land was for the taking if you'd just agree to live on it, and \$25 was enough capital to start out in farming, things were different. Perhaps it didn't really matter what variety of wheat you planted, how you plowed your land, or whether you knew there was any kind of fertilizer other than the home-grown brand. At least, it didn't make the difference between

Bargains A-Plenty in used ranges, refrigerators, washers, and used furniture.

PETE'S TRADING POST Phone PO3-5252 108 Main — Clovis, N. M.

making a living and being forced off the farm. But things have changed greatly.

Farmers today realize as well as anyone else that electronics is a "coming" industry, and that special training in the fields of rocket research and study of the atom is a good bet for any young man bent on making the most of the future.

But oddly enough, they are forgetting that agriculture is having its revolution, too—or, another one, we should say. The industrial revolution brought great changes in farming methods. But agriculture is on the threshold of another great era. Today the emphasis is on efficiency in production methods, coupled with an intricate program of research and market development. Older changes were purely mechanical. The coming ones will be much more scientific.

In many ways, farmers have come to be more like industrialists. They not only have production problems, but they must be concerned about the end use of their products as well.

Farmers are discovering, many of them painfully, that there are lots of ways that money can be lost in the farming game today, and that only top management ability is able to attain optimum profits from the farm plant.

Record keeping, which has been emphasized ever since the government began to overhaul farm problems after the depression of the 30's, is no longer something just "nice to have." It's an essential part of farming, and is the only hope any farmer has of ever controlling his costs

Dr. B. R. Putman
OPTOMETRIST

Box 985

Mulshoe, Texas

and increasing his production in a systematic, effective way.

All of these things require more and more brainpower. They offer today one of the greatest challenges in the American business scene. The trend toward specialization and emphasis on unit-efficiency is unmistakable. Only minds skillfully trained in the techniques of what we now call "agri-business" will be able to cope with the problems of the future, for the problems of even today surpass the academic capacity of far too many farm owners.

Those men who feel their sons are wasting their time going to college to learn to farm better might well take notice of the trends that are all around.

Fleas, lice, ticks, and other external pests are particularly active this time of year, so examine your pet's skin frequently for signs of these parasites, says the American Veterinary Medical Association.

Servis "Gyro-57" STALK SHREDDER

It's smart farming to enrich your soil by cutting green stalks into small pieces and turning them under early. The sturdy Servis "Gyro-57" makes full 57" horizontal cut; patented multiple stationary and rotating blades make complete cut each 2" of travel at 4 mph. With disc harrow behind, stalks can be cut and turned under in one operation. Heavy brush cut up to 3" diameter. Attachment for shredding available as optional equipment. Foolproof against stump damage.

Big, firm ears of corn such as these look good to area corn growers, who soon will be into the fields after what they hope will be 100-bushel corn. This picture, made in a field west of Bovina, was especially attractive due to the absence of ear worm damage, which has been troublesome in localized spots.

Harvest Cotton For Top Profits Advises Specialist

Proper harvesting and handling of seed cotton can add from \$2.50 to \$19 a bale to the income from this year's cotton crop, says Fred C. Elliott, extension cotton specialist. Careless methods of harvesting and handling on the other hand can cause great damage to lint quality and lower its value.

Here are his suggestions for

maintaining the inherent qualities of the crop:

Do not harvest cotton when it is wet. Wait until 9 or 9:30 to start harvesting operations, regardless of whether hand or machines are used. Cotton harvesting machines should not be operated at night when dew is present.

Machines should be kept clean

and in good repair and serviced at the end of each day in accordance with the operator's manual. It must be remembered that the most elaborate gin cannot be expected to remove grass from lint cotton. Elliott advises defoliating when necessary. It will check or prevent boll rot and aid in preventing green leaf stain which lowers quality.

If a stripper is to be used, the specialist advises waiting from 7 to 14 days after pentas or other dessicants are applied before starting the stripping operation. A green boll box should be used in the front of a wire-sided or flat-sided trailer and bolls caught, if infested with boll weevils or pink bollworms, should be burned. The stripper should be equipped with a blower under the elevator and cotton should not be tramped in the trailer.

Elliott says cooperation with the ginner in grouping cotton on the gin yard according to method of harvesting, moisture and trash content can add dollars to the price of a bale of cotton.

Mechanical harvesting of cotton, points out Elliott, means much more than putting machines into the field. It includes all aspects of production including plant breeding, field arrangement, soil care, crop residue disposal, seedbed preparation, planting, fertilizing, weed, insect and disease control, harvesting and improved ginning.

New Publications Out on Irrigation

Irrigation is a means of maintaining a continuous supply of available moisture in the plant root zone of the soil throughout the growing season. The irrigator should keep a careful check on soil moisture conditions, for irrigation must be started soon enough to arrive at the last portion of the field before its available water has been exhausted, says R. V. Thurmond, extension agricultural engineer.

A practical method for estimating the available soil moisture is to take a small amount of soil, squeeze it in the hand so as to form a ball; then refer to a chart that is given in a leaflet, L-355, "How to Estimate Soil Moisture by Feel," for a description of the feel and appearance of different textured soils for various moisture percentages.

Conception rates are low for cows and delayed conception may occur if cows are bred before 50 to 60 days after calving, according to veterinary authorities.

A cattle brucellosis-free nation by 1960 is the goal of the National Brucellosis Committee. Brucellosis in swine and sheep is next.

When students enrolled as freshmen in U. S. veterinary colleges nearly 45 percent of them already have completed a four-year college course for a bachelor degree, according to the American Veterinary Medical Association.

NEWS FROM THE FARM BUREAU

By RAYMOND EULER

You Farm Bureau members who may not have read the last issue of your paper, Texas Agriculture, might be interested in reading the abbreviated listing of Texas Farm Bureau accomplishments during the last 15 years. Parmer County Farm Bureau, having been organized only ten of those years, did not have a voice in all of it.

These accomplishments have to do primarily with Texas legislation. In checking them, we find that you members in Parmer County actively supported or opposed 24 of the bills that became law, or were defeated, in line with your resolutions. Two of those laws that are now on the statutes of Texas originated here in Parmer County at our county conventions in 1953 and 1956.

In 1953, a resolution from Parmer County requesting an improved elevator law guaranteeing protection for grain producers and assuring them of negotiable warehouse receipts was put on TFB books of resolutions and was enacted into law in 1954. From our 1956

convention came the resolution that also was accepted by TFB delegates and enacted into law this year, allowing use of farm licensed pickups for family transportation.

There will be resolutions this year that will be of prime importance to the future of your farming operations. The only voice that has proven effective is the voice of Farm Bureau, and you should use that voice of influence to request the things you believe to be right for you and your neighbors.

Several hundred dollars per acre are required to eradicate bindweed from land. Your Farm Bureau weed committee, having gained support of a number of agencies, is endeavoring to help you get rid of it while you can do it by the plant or "spot" for a few dollars and a few hours of time. Inquire, if you are not familiar with the plan. Raymond Schueler is the chairman. Most of the FFA supervisors are cooperating in the program through their boys in class now, too.

We wonder if you know of any good reason for the U. S. supreme court's altering the constitution to give access to previously secret FBI files for the benefit of accused criminals, when the alteration could benefit no one but those accused ones. We can't. Consider this: "As snow in

summer, and as rain in harvest, so honor is not seemly for a fool." Proverbs 26:1.

Sesame Men See Area Production

Robert Parker and Clyde Black of the Texas Sesame Seed Growers Association conducted a field meet on the Charles Seale farm east of Farwell Tuesday afternoon. They were inspecting late-season prospects for the crop, which is relatively new to the area.

On hand were a dozen interested area farmers, and agricultural officials. C. M. Henderson, Farwell seed dealer, reported that the men expressed satisfaction with prospects for the 1957 crop.

Quite a bit of the irrigated sesame will yield 1,000 pounds per acre, they believe, and the outlook for the market this year is "about the same" as last year, which is regarded as favorable. Last year's price was slightly over 10 cents per pound.

Lima beans are of South American origin.

For Sale Used Combines Galloway Implement Company Friona

Brucellosis can be spread to cows by artificial introduction of infected semen, but the disease is seldom spread by infected bulls at natural service, veterinary authorities have discovered.

Control measures used against the chicken mite are not effective against the northern fowl mite. Prompt veterinary diagnosis can determine which type of mite is infesting a flock and prescribe the most effective treatment before losses occur.

Dirt work is underway on the new Oklahoma Lane-Lariat farm-to-market road, which is due to be hard surfaced late this fall. Contractors are Kerr and Middleton of Lubbock. They also are due to complete a six-mile stretch of FM road to the Rhea community in Parmer County. The road pictured here will extend south from Oklahoma Lane, through Lariat, and join another road at the Bailey County line south of Lariat. Total length is about seven miles.

Lakeview Tea Set

A get-acquainted tea for women of the Lakeview community will be held Tuesday from 2 p. m. until 4 p. m. at the home of Mrs. C. W. Tannahill, president of the Lakeview Home Demonstration Club.

The club invites all members and those who are not members to attend the social.

Mrs. Ann Routh from Amarillo is visiting in the home of Mrs. Rosa Anderson. Mrs. Routh is a former Friona resident.

Band Attends Fair With Bentz, Dents

By Jacquelyn Magness

For the past few weeks the Friona High School Band has been making preparations to attend the Tri-State Fair at Amarillo. It was the first time the local band ever made such a trip with Bentz and Dents.

The Bentz is our new director and the dents were in the rear end of one of the buses, the front end of the instrument truck, and a few of the instruments.

Before the local delegation reached the unloading zone, the instrument truck and one of the buses were involved in a minor collision.

Before eleven the band was in Amarillo making ready for the "stroll" down Polk Street. Excitement filled the air as the 32 marching bands began taking their places in the parade line. It was a colorful spectacle to view the uniforms of various bands of the Golden Spread.

Drum cadences filled the air and the arresting whistles of "attention" blew at last. The parade was on its way. The sidewalks were filled with spectators who were waving and clapping, as we marched down the streets playing "Queen City" and "Brasses To the Fore."

Our enthusiasm for marching was beginning to lag and we

were deciding that we would be marching all the way to the fair grounds. But, alas, at last Lavon gave the halt signal and we mustered enough energy to climb on the buses.

New interest soon developed as we approached the fair grounds and after a quick snack we were ready for more "marching" for a couple hours of fun.

At 2 p. m. we were headed for dear old Friona, glad that we had come to Amarillo but also glad that the Tri-State Fair was again history for the Friona High School Band.

Thank you, Mr. Bentz, for a wonderful trip.

High Schoolers Stage Campaign For Congress

Campaign signs, calling for votes, are posted at Friona High School this week. An election tomorrow will choose a president and vice-president for the organization known as the Student Faculty Congress.

In a heated campaign, which ends tomorrow, Owen Houston, Pat Cranfill, and Nolen Johnson are in the running for president. Vice-presidential candidates are Phila May Buske and Dale Smith.

The organization's purpose is to encourage cooperation between faculty members and students. Matters which cause friction at the school are eligible for discussion and possible solutions can be worked out. Sponsor of the organization is Raymond Cook, principal of high school.

Attends Sandia View Academy
Denise Bender, daughter of Mr. and Mrs. Karl Bender, left early last week for Albuquerque where she has enrolled as a senior student at the Sandia View Academy.

This will be the second year Miss Bender has attended the school, which is under the direction of the Seventh Day Adventist Church. During the summer she was employed at the Tasty Cream Drive In.

FHA NOTES

By Geneva Floyd

The Friona Future Homemakers of America held their annual initiation in the auditorium Tuesday evening. The initiation was formal with all officers wearing white and the pledges wearing pastel colors. About 80 girls were present.

The club mothers, Mrs. H. L. Outland, Mrs. H. T. Magness, and Mrs. Dalton Caffey, were presented rose corsages as was Mrs. Harry Ratliff, club sponsor. Kenneth Carter, who has been chosen FHA sweetheart, was presented a rose.

At the close of the program, Betty Agee led the FHA prayer song. She also gave the benediction. Refreshments of punch and cookies were served in the home economics lab following the meeting. Guests were then conducted on a tour of the new additions to the department.

The freshmen girls were initiated Wednesday, Thursday, Friday, and Saturday. Wednesday was greeting day, Thursday was gift day, Friday was good deed day, and Saturday was hobo day.

Frankie Allen, who recently was inducted into the army, has completed boot camp and is in Friona visiting his family. He is to report for duty assignment in Maryland, Sept. 27.

CHEVROLET PICKUP CLIMBS PIKES PEAK THE HARD WAY ...OFF THE ROAD!

An off-the-road run up Pikes Peak was called impossible by people who know the mountain well. But a production Chevrolet pickup actually did it... to prove its pulling power and ruggedness!

All the way to the top without using the road! Here the truck scales high boulder pile near the 14,110-foot summit.

Steep grade near timberline—a rugged test of power. The power and torque of Chevrolet's famous Thriftmaster 6 proved more than a match for the most difficult grades.

Miles of loose boulders and thinning air offer extreme challenge. Yet the big Chevy engine never faltered; it performed flawlessly mile after mile, all the way up the mountain!

Final effort achieves summit! Pickup conquers Pikes Peak... shows why Chevrolet trucks are famous for staying and saving on tough jobs! Talk trucks with your Chevrolet dealer.
