

The Terry County Herald

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

The Herald has grown with this section from strictly a ranch country. This area now consists of thriving towns and cities, supported by scientific farming and stock farming, augmented by huge oil fields, with the nation's largest known oil reserves.

Best Advertising Medium

The Herald subscription list is a splendid blend of town and rural readers, folks who can and do pay for their papers—they do not ask or want it donated to them. Many 30 and 40 year continuous subscriptions.

VOLUME 47

BROWNFIELD, TEXAS, FRIDAY, OCTOBER 5, 1951

NUMBER 11

NATIONAL NEWSPAPER WEEK, OCT. 1-6

It is no quirk of fate that the newspaper is a free institution here in the United States and just another puppet in dictatorial states. The newspaper remains free in our country because it has proven itself indispensable in the eternal struggle to keep our people free. Faithful in its task of presenting important news in an unbiased, unprejudiced way, the American newspaper keeps its readers well informed, helping them to make decisions on vital matters, continuing the tradition of keeping ours a democracy based on an educated citizenry. Wherever the newspaper is free, so are the people.

Randal School Has A Well Conducted Cafeteria at Low Cost

First, second and third graders, happy children, some with freckles, some with curls, crew cuts, pig-tails, many with grins showing the loss of their first teeth... no pushing, but well-behaved and cheerily boys and girls were the ones the writer watched Tuesday at noon at the cafeteria—Tuesday there were 319 bottles of milk used, so several of the teachers drank coffee with the writer! Menus are planned a week in advance—Tuesday we had roast beef, cream potatoes, English peas, cabbage and apple salad, hot rolls and butter, chocolate pudding, with our drink! All this for only 25 cents.

In the near future, the lunch room will no doubt serve 425 students daily. The dining room will easily seat 300 persons, and it is planned for school banquets to be held here.

Preparation of the meals is in charge of Mrs. Christine Mason, who is head cook, dietitian and supervisor at the lunch room.

"We serve only A type lunches," Mrs. Mason said. "On these we serve meat, green or yellow vegetables, bread, fruit, butter or oleo and milk. Of course the meal

may be served without milk, but on the lunches we serve with milk the school is reimbursed 7 cents by the government and on the ones without milk only 5 cents is coming back."

According to the food which the children get at the local lunch room, Superintendent Douglas said, "They serve the best prepared, attractive and well balanced meals I have ever seen put out in a school cafeteria."

In explaining the operation of the lunch room, and the food, Mr. Douglas and Mr. Brewer emphasized the main purposes of the government to furnish children a balanced meal at noon; and to use surplus commodities.

"Teachers encourage the students to eat all on their plates," they said, "as we believe well-balanced meals help to make children more mentally alert. There is a teacher to about every 34 pupils in the school who comes in the cafeteria with her group, sees that each is served, have silverware and napkins, before starting her own meal."

The lunch room is entering its first full year of operation in the building adjoining Jessie G. Randall school. No profit is expected from the enterprise for the Brownfield school district.

The kitchen space is approximately 50x25 feet and is one of the most modern anywhere. Installed are a new six-burner steam table, to keep food warm while being served; a bake oven with four compartments; a 10-burner

(Continued on Back Page)

Herman's Gin Has New, Modern Plant Located on Plains Highway

One of Brownfield and Terry County's newest buildings is Herman's Gin, located west of Brownfield on the Plains highway.

The gin, equipped with the most modern machinery available is of all-steel structure. The new plant was built by Herman Cheshir, who has been in Terry county since 1919, and in Brownfield since 1935. The former Herman's Gin on the corner of sixth and Tate, will be razed. Mr. Cheshir plans to continue to maintain his cotton office at the old gin office.

The new gin is powered completely by electricity, with electric-powered engines, one 200-horse power motor, two 50-horse power, one 25 horse power, and one 15 horse power. Five brand new Continental gin stands, a Continental press, with Mitchell cleaners, will enable the farmers to have their cotton ginned faster, and give a longer staple. The dry-

ing and cleaning equipment is of the very latest type, with a large safety-incinerator to take care of the burr burning.

Seed scales are installed in the gin house, and a large seed house has been built.

Thirty feet of paving will connect the modern office with the gin. New office furniture and attractive plywood walls make the office comfortable. The office floor is covered with linoleum tile. Howe 50-foot scales have been installed for weighing the cotton.

Mr. Cheshir, with Harry Cornelius, owns a gin at Needmore, and his brother, Nathan, is in business with him at Foster, and another brother, Leonard, is associated with him in the gin here.

They invite the public to stop by the new gin and inspect one of the most complete plants in West Texas.

Hold Up At First National Bank?

If you see a gang of black-garbed, gun-toting cow-pokes and buckaroos entering the First National Bank Saturday, October 13, don't call the police.

There is no reason for alarm. It's not a hold-up!

You're just seeing the opening of the Hopalong Cassidy Savings Club in Brownfield.

The fabulous Hoppy's newest endeavor is to aid in the development of children's character by teaching them the importance of thrift.

The First National Bank of Brownfield is opening the club with all of the fanfare of the old west that has the financial institution looking like a frontier town.

There will be a savings corral in the teller's window at eye-level designed so that the little "savers" can transact their business. Tellers will be dressed in cowboy outfits.

It'll be a busy day for the thrifft-minded cow-pokes. For instance, there will be a free theatre party at the Regal Theatre at 9:30 that morning.

Here's how the Hoppy Club works.

When the child opens his account, he gets a savings book and bank. Later he receives an official membership card signed by Hoppy, a badge, a cowboy mail pouch, an autographed picture, a secret code, and other materials directly from Hoppy in Hollywood.

A \$2 deposit makes him a tenderfoot in Hoppy's savings club, and from there he goes to a "Wrangler" at \$10, "Bull Dogger" when he hits \$25, a "Bronc Buster" at \$50, a "Trail Boss" at \$125, a "Strawboss" at \$250. When he has tucked away \$500, he becomes a "Bar 20 Foreman," a rank equal to Hoppy's.

Fire, Destroys Life, Property and Wealth

Some people say we have entirely too many "WEEKS" for this, that or the other. That people get fed up on weeks. But some of them have their places in our body politic as well as our financial makeup. Some of them should by all means continue to function.

One of the most important of these is Fire Prevention Week. This runs from the 7 to 13th of October each year. It seems that the human race takes fire in the same stride as water. Both under control are things we must have to exist in this country. Out of control, both become a great menace, and in a few minutes or hours destroy a huge amount of property.

You have probably seen people right here in Brownfield lose their all in a single fire—probably no insurance what ever. But even with insurance, many precious mementos are lost that are priceless to that family, but worthless, perhaps to others.

The time to prevent fires is before they start. If you think you have any bad wiring, fix it yourself or call in an electrician. Perhaps you have allowed too much paper or other waste matter to accumulate in outhouses, closets, etc. Keep them cleaned out. To our notion, residents as well as business houses should be supplied with fire extinguishers.

A number of our fire insurance firms are underwriting a page ad in the Herald this week. These men have seen what it means to have a destructive fire and little or no insurance to cover. It is not selfishness on their part that they are sponsoring this ad, for we have seen them, or heard of them digging down in their own pockets to help those who had a fire with no insurance to cover.

Herald Want Ads Get Results!

OFF FOR 'HAVANA HOLIDAY'—George Germany, left, and John Ritchey will leave Dallas next Monday, October 8, by plane for their 'Havana Holiday' which they won in a recent sales and labor contest, sponsored by the Ford Motor Company. The men are employed by Portwood Motor Company, Fourth street, and Hill, local Ford dealers. They are scheduled to leave Dallas Monday, October 8, at 7 a. m. and arrive in Havana, Cuba, at five o'clock in the afternoon. Mr. Germany is parts manager of Portwood Motor Company, and Mr. Ritchey is in the service department. At the time of the contest, July, August, Mr. Ritchey was service manager.

ONLY TWO MORE WEEKS 'TIL HARVEST FESTIVAL

Only two more weeks to go and the day of all days in Brownfield will be upon us. Preparations for the big event is well under way. The leading business and professional men are behind it 100 per cent, and they are spending much time, effort and money to make the Harvest Festival the ace of all previous events in Brownfield.

Now you know who the mysterious girl is, if you had not already made a stab at guessing. Each of the three candidates for Queen are houndings in any old boy's date book, and we are proud that they are OUR girls. But likely you have your favorite or pick among them. So see those who are selling tickets today, and get your supply—they mean 200 votes until the 15th.

Great crowds will be here from all over this section, as the reputation of the Brownfield Harvest Festival has spread far and near. In fact it is the greatest single day event on the South Plains. Remember the big date, Thursday, October 18th.

People are already seen buying

suitable regalia for the Fall Harvest Festival, and there will be a great time on the 18th, reaching far into the night.

Brownfield is expecting you. Great preparations have been made for your entertainment. Come one, come all. More of the program in detail will be printed next week.

Official vote counters Joe Shelton and Dave Worley announced Thursday morning that exact figures on the vote count will be withheld temporarily by request of the three group chairmen, J. O. Gillham, Burton Hackney and Clovis Kendrick.

However Kay Szydoski did move into the lead as a result of the Tuesday night "unmasking dance" and Laverne Joplin and Carlon Brady are not far behind.

A letter and \$2 remittance came in last week from Mrs. O. M. Edwards out on Rt. 3. She stated that she still wanted the Herald to come to her address very much. Thanks, Mrs. Edwards.

Ross Motor Company Loans Pontiac For Drivers' Course in School

For the first time in the history of the Brownfield schools, a Drivers' Education Course is taught to freshmen students and several sophomores who do not have drivers' license, but who are eligible for permits to operate motor vehicles.

Ross Motor Company made arrangements with the school to loan a 1951 Pontiac four-door sedan for use in this course. The company added special attachments, making the automobile equipped with dual control, meaning it has two clutches and two brakes for the safety of students. The car arrived Saturday.

Insurance on the automobile is furnished by Pemberton Insurance Agency.

L. G. Wilson, who took a special course in Drivers' Education at the University of Texas in Austin last summer, is instructor at the local school.

Ross Motor Company reported they had also loaned a Pontiac to the Wellman schools for use in the Drivers' Education Course.

The following students are enrolled in this course in the Brownfield high school:

Jerry Bullard, Jackie Wade, Anita McCullough, Wanda Gruben, Dixie Brinson, Murva Boring, Imogene Frost, Jerry Dumas, Mary Alice Dorsett, Mary Ann Patterson, Shirley Brown, Barbara Williams, Maybelle Pate, Peggy Davis, Sandra Yandell, Betty McDan-

Bowman Biscuit Co. Starts Fall Ads

Here we go again with a fall and winter campaign of selling Bowman Biscuit Co. of Texas, Supreme Salad Wafers, cookies and other products. Orville Dean of Lubbock is the salesman for this territory. He called last week, and stated that their products were having a good sale already, but they were out for an increase in business.

The bakery for these products is located at Denver, Colorado, the mile high plant with ideal conditions for ideal baking. A large warehouse is located at Lubbock for the distribution of these products.

Whether or not these products are advertised by grocermen that use the Herald, they have these products, as they are carried by all grocermen. Ask for them by name—Supreme!

Have news? Call the Herald!

Gilt Show to Be Held October 20

Approximately 40 boys will exhibit gilts in the first Annual Gilt Show, to be staged by 4-H Club boys and members of Terry County chapters of Future Farmers of America, according to Lester Buford and Ray Hensley, vocational agriculture advisors.

The show is scheduled for Saturday, Oct. 20, and will be on a vacant lot near the business district. Homer Jones and Gene Leach have been named as members of the pen committee.

Pigs to be exhibited will be those given to 4-H Club boys in the county by the Brownfield State Bank, or by FFA boys in Brownfield and Wellman schools who are carrying on chapter projects.

In the annual Sears Foundation Gilt contest conducted recently in the county, Leon Willis won first place of \$8 with his gilt; and second place went to J. C. Chambliss, who received \$7. Third place was awarded to Robert L. Petty of the Gomez community, with Laboy Briscoe, also of Gomez, placing fourth. They received \$6 and \$5 respectively. Jack Brown of Pool community placed fifth with his gilt.

In the county program Mr. Buford judged the seven gilts. The pigs were awarded to boys last spring by Sears-Roebuck company, Lubbock. They were shown in Lubbock in the annual 4-H Club pig show, where Leon Willis placed ninth with his gilt.

Lewis Chambliss who has the Sears boar in Terry county placed second at Lubbock, receiving a prize of \$45. He also received \$20 for placing sixth with his pen of three in the Lubbock judging.

The program is encouraged for youths to learn managing and feeding of hogs.

FFA Greenhands Initiated Monday

Greenhands initiated into the Brownfield chapter of Future Farmers Monday night who washed the green ink from their hands by Tuesday morning, were dressed in burlap skirts, which they wore all day Tuesday at school!

Their initiation meeting at the agriculture department of the local high school opened with the regular ceremony at 7:30 Monday night. Officers of the chapter were in charge of the initiation, and Bryce Wagner acted as conductor. Orville Miller is president of the FFA this year, Richard Ridgeway, vice president, Donald Huckabee, secretary, Lanny Webb, reporter, Claud Cyper, treasurer, and Royce Kelly, sentinel. Advisors are Lester Buford and Ray Hensley.

The boys are official Greenhands, which is the first degree in agriculture, after having various pranks played on them at the initiation. Those in charge of the ceremony first gave them a "dose of medicine to take the sweet taste out of their mouths." Their bodies were then covered with plaster pairs, which was really flour paste; then they went through a belt line (magazines were used). A "mad dog" was turned loose in a pen with each of them, before a "horse race"—pushing eggs across the floor. They were pulled up on a block and tackle, hitting the ceiling—really the boys were hit over the heads with magazines for the "ceiling" . . . then their shoes were removed and put in one large pile—they had to race to find their shoes.

The last prank was the painting of their hands with green ink, and they were given instructions not to wash it off before Tuesday night—they were supposed to attend school Tuesday with 'green hands' . . . those who did wash it off were dressed in the burlap skirts.

Some of the Greenhands split

CUBS BATTLE SEMINOLE IN GAME HERE TONIGHT

Martin Purchases Crites Station

George Martin, who has been one of our foremost used car dealers here for some time, is still expanding his business. This week he announced that he had purchased the Harold Crites Texaco Service Station at 322 South First St.

This new business joins the Martin Used Car lots on the south, which will make the arrangement very convenient. The new purchase will be known as Martin Super Service Station, and he invited the customers of Mr. Crites, as well as others to call at his new place of business.

We did not learn what Mr. Crites has in mind for the future, but hope he remains in Brownfield.

Boy Scout Drive To Start Monday

Plans are being made for the annual Boy Scout Finance Drive to start in Brownfield next Monday, October 8, according to Vernon Townes, who was recently appointed local finance chairman.

Leo Holmes is a member of the district finance committee of the South Plains council for Boy Scouts. It is hoped that this year's boy scout drive will make a better scouting program possible in Terry county, according to the leaders.

The finance drive will continue through October 20, Mr. Townes said. He named the following committees last week to work with him: prospect committee, who will in turn give names to the solicitation committee: H. M. Pyeatt, Milton Bell and Carroll Collier; publicity, Sid McIntosh, Curtis Sterling and Mrs. A. E. Coward.

We welcome C. H. Johnson of Meadow as a new reader. We hope we have a long time reader in Mr. Johnson.

Their 'skirts' around the bottom giving the effect of 'hula hula' dancers!

The 32 Greenhands initiated were: Phil Addison, Vernon Brewer, Marvin Brown, Jerry Bullard, Wayne Caperton, Ray Cargill, Robert Flache, Gene Hixon, John Holmes, Alton Ray Messengill, Jim Milburn, Max Miller, Jerry Paden, Kelly Mack Sears, Sammie Smith, Bobby Wood, T. G. Willis, Charles Boelen, Brian Brady, Glendon Collins, Bob Dumas, Darwyn Howell, Lavon Jeter, Thomas Nipp, Jerry Parker, Merlin Speed, Grady Thompson, Tommy Winn, Garvin Buris, Joe Swann, Douglas Forbes and Johnny Cloud.

Brownfield Savings & Loan Association To Stage Formal Opening October 15

Formal opening of the Brownfield Savings and Loan Association will be held Monday, October 15, from 9 a. m. to 6 p. m., and the public is cordially invited to attend.

Office quarters will be in the new building, which is being constructed just west of the Brownfield State Bank and Trust Company. The building is owned by Lal Copeland and Lad Brownfield. The office is being completed and is modern and up-to-date, with modernistic furnishings.

The Brownfield Savings and Loan Association is a member of the federal home loan system, and a member of the federal savings and loan insurance corporation. Each invested savings will be insured up to \$10,000, and a savings plan is being offered to fit every

The Cubs are after the Seminole Indians' scalps tonight, as they battle hereon Cub Field. Seminole took a size 28-7 scalp from the Roby Lions in a non-conference battle at home last week.

The Brownfield Cubs chalked up their third straight victory at Snyder last Friday night, defeating the Snyder Tigers 13-0, before an estimated crowd of 3,000 fans; at least half of them from Terry county!

Howard and Joe Swann sparked the Brownfield attack. Howard Swann, big three-year letterman fullback, blasted over on a short plunge in the second quarter to climax a Brownfield drive that covered half the length of the field.

In the third quarter, Joe Swann broke over tackle and scampered 30 yards for the second Cub touchdown. Howard Swann circled right end for the extra point, making the final score, 13-0.

Earlier in the season, the Indians defeated Levelland 12-0. Levelland is one of the conference teams to meet the Cubs.

Seminole Indians, their weights and positions are as follows: linebackers, Brad Crawford, 126; Alford Sims, 142; Richard Lindley, 139; end, Jackie Cargill, 140; Donald Bell, fullback, 153; Charles McRaymonds, tackle, 152; Guy Nelson, tackle, 155; quarterback, (Continued on Back Page)

Mercantile Fires Threaten Jobs, Fire Chief Warns

Calling for a fire safety program in stores and factories this Fire Prevention Week, Chief Eanice Jones asked all store owners, and employees to assist in a town wide effort to cut down mercantile fires.

Employees have proportionately as large an investment in the fire safety of the store or factory in which they work as the owner, the fire chief reminded town workers. In case of a serious fire forcing the plant or shop to close, employees would be put out of work until repairs are made.

The worst problem in store fire safety is smoking, Chief Jones said. Here, he warned, employees' tact and diplomacy are needed to suggest to a customer that he ought not to smoke in the store. Employees should themselves set a good example by smoking only in those areas set aside as safe for smoking.

One person or more, depending upon the size of the shop, should be designated to check at closing time for lighted cigarettes. Many fires break out an hour or two after closing when lighted cigarettes may have burned into combustibles.

NOTICE

The Jessie G. Randall PTA will meet Thursday, Oct. 11, at 3:30 p. m.

Stricklinly Speaking

By Old He

Well, here we go again with this here column, and we have no idea where we'll start or how we'll end up. But we'll make a stab, eh, fans, if any.

First off, we have an announcement from California that may be some comfort to you young bloods if you have been worrying for fear the skirts might come down to the shoe tops or go up to the knees. Fact is, that your humble servant has reached the age when the length of a skirt is hardly noticeable. We no longer glare when a lady hitches her stockings in public.

But for those of the male persuasion who may be losing some sleep about the matter—it don't seem to worry the femmies—or even have a jaded appetite, this California authority says skirts won't be down to the ankles in many, many months—if ever. So, that being settled, we move on.

We have just found out what a traitor to a political party really is. He is the guy that leaves your party and joins the opposition. But the bird that leaves the other party and joins yours—he's uh—converted patriot.

And most of us poor but honest folks have long since learned that money dribble in and goes

out like it was jet propelled.

And we had our mouth and appetite all set for a nice mess of green shelled peas that we left out on the front door vestibule. They had been foraged from Terry county farmers by the frau. But our son-in-law grabbed them off when he left for Snyder. Accident, he says.

Speaking of peas reminds us that the medics say the ancient Greeks had a word for "diet," that had quite a different meaning to what we now recognize. When we speak of diet our minds run to a slim meal of non-fortifying eatables that fail to fatten. But to the Greek, it simply meant "the way of living." Now dieting is for the fat folks and and invalids.

Of course the good housewife reads and listens to the radio, and in doing so had heard of deficit spending—and tried it out. Hubby, though, being a matter of fact kind of man, was somewhat annoyed when he went over the monthly bills. Says he, "But you're not the government; you'll have to quit deficit spending."

Changing the subject from the ridiculous to a bit of the more sublime. They recently had a water meeting down at Houston. You know this terrible widespread drought in Texas has made peo-

ple water conscious. A lot of people like their milk, coffee, tea, and some of them their beer and Scotch. But all must have some water. In fact, quite some quantity of it in a month's time.

At this meeting one of the main speakers was Atty.-Gen. Price Daniell. Of course the burden of his talk was let Texas build its own dams and put in its own power plants, if any, and keep federal agencies out of our pockets, if possible. He cited the tide-land as one of his reasons not to let the federal government get its hands in the pie.

Some of our exchanges had a western thriller last week that might give Will C. Brown Jr. a text for another western. The story as run in the Sunday Sun at Levelland, and the Yoakum County Review, concerned a chase supposed 'leggers over the sand-hills of corners of Terry, Yoakum, Hockley and Cochran counties.

During this chase, police, highway patrols, liquor control men, sheriffs and their deputies, not to mention airplanes from Brownfield that had walkie-talkies on them, and could communicate with police cars on the ground, spotting the car of the booze peddlers. We think that all finally stuck up in sand, but the capture was made. What a thriller!

We read a short squib in a newspaper recently about a guy and his uncle. It seems he had a sporty old uncle by the name of Sam. Sam would borrow money here and yonder and spend it with a prodigal hand. He was not stingy, and if he met a down-and-outter, he was given sustaining funds.

Then he'd go right back to those with money and borrow more. We finally caught on that he was also our uncle—Uncle Sam.

Yep, fall is here. It was announced down at the "daypo" Monday night by the tootin' and puffin' of Uncle John Santa Fe's "high shinnery special." That was between 8 and 9 p. m. The train should have been back to Lubbock by 5 p. m. Won't them there trainmen reap a lot of good overtime this fall and winter?

Our most rabid wish for the week, is that the A-J publications of Lubbock will soon use up all their one-sheet paper. They are too hard to keep straight.

In connection with Newspaper Week, let us always remember that dictators come when the press has been suppressed. Will the people of the USA wake up too late? We have in recent months witnessed what has happened in Argentina.

Can't think of any more great truths to divulge at this time. See you next week.

Dr. Schofield Attends Veterans Reunion

Dr. A. F. Schofield, a resident of Brownfield since January 1, 1924, and one of the few Spanish-American war veterans in this area, returned home September 25, after attending a reunion of the 32nd regiment of volunteers who fought in the Spanish-American war. The affair was held at Ft. Leavenworth, Kans., and the group meets each year as near to September 16 as possible, as that was the day, Sept. 16, 1899, when this company left to fight in the Philippines.

Dr. Schofield was among the 25 veterans who attended the reunion. They visited the modern camp at Ft. Leavenworth, and were entertained by the officers there. There is a marker at the fort where the colonel's tent stood, back in 1899. The marker has all the names of the men in the 32nd regiment on it. Gen. Arthur MacArthur, father of the famous General of this day, and Colonel Marlen Craig were the company's commanding officers. Both these men have sons who are Generals now.

The group of volunteers were in training only 35 days at Ft. Leavenworth, before shipping overseas. They stayed in the Philippines two years.

Dr. Schofield went by bus to Kansas, returning to Fort Worth and Dallas. He was gone two weeks. At Fort Worth he visited his son, Arnold, and his family. He visited another son at Jacksonville, and his wife, Albert has three sons and two daughters, the oldest son is now in Sudi, Arabia, with the American Arabian Oil Company.

"Get your Fiesta dress at Fabric Mart."

BIRTHS RECORDED AT LOCAL HOSPITAL

Pamela Kay Arnett was born September 5 at 4:33 a. m. The child weighed 5 lbs. 5½ ounces, and is a daughter of Mr. and Mrs. Russell Garrett Arnett, 412 Tahoma road.

Gary Don Jenkins, born at 9:47 a. m., Sept. 5, son of Mr. and Mrs. John Henry Jenkins, 801 N. Adkins, weighing 9 lbs. 12 oz.

Mr. and Mrs. Therman Wilson Hale of route 2, Brownfield, are parents of a daughter, Sharon June, born Sept. 6, at 8:16 a. m., weighing 6 lbs. 9¼ oz.

Sherry Myrlene White was born to Mr. and Mrs. James Alfred White of Tatum, N. M., Sept. 8 at 9:07 p. m., weighing 6 lbs. 11 oz.

Mr. and Mrs. Warren T. Hopkins of White City are parents of Paul Warren Hopkins, born Sept. 9 at 3:55 p. m. The child weighed 5 lbs. 8½ ozs.

Gregory Lance Smith was born Sept. 12 at 8:20 p. m., weighing 5 lbs. and 6½ ozs. He is the son of Mr. and Mrs. Manuel Truman Smith of Sundown.

Esperanza Hinojosa (Latin-American), born Sept. 11 at 7:10 a. m., weighing 7 lbs. 13 ozs. The child's parents are Mr. and Mrs. Silverio Hinojosa of Brownfield.

Charles Nicholas Lilly, weighing 7 lbs. 5¼ ozs., was born Sept. 13 at 9:14 a. m., to Mr. and Mrs. L. O. Lilly of Brownfield.

Emily Ann Tobey was born Sept. 18 at 9:33 a. m., weighing 7 lbs. 11½ ozs., and is a daughter of Mr. and Mrs. Robert Wendell Tobey, 115 North Second street.

Mr. and Mrs. R. H. Lindley of White City are parents of a son, Robert Wayne, born Sept. 19 at 6:45 p. m., weighing 10 lbs. 4 ozs.

Mr. and Mrs. J. G. Snow of Levelland are parents of a daughter, Madonna Kay, born Sept. 21 at 2:10 a. m., weighing 5 lbs. 1 oz.

Earl Ray Walker, 6 lbs. 12 ozs., was born to Mr. and Mrs. Johnny Edward Walker, 905 W. Powell, on Sept. 22, at 5:35 a. m.

On September 27, Deborah Sue was born to Mr. and Mrs. Nolen Earl Little, 601 west Harris, at 11:06 p. m., weight 6 lbs. 3 ozs.

Jesusa Gonzales Arevalo (Latin American), was born Sept. 28 at 8:32 a. m., weighing 7 lbs. 4¼ ozs. The child's parents are Mr. and Mrs. Severo Herrera Arevalo of Locketville.

A son, Michael Dell Graves, was born to Mr. and Mrs. Kenneth Udell Graves at 9:25 a. m. Sept. 30, weighing 7 lbs. 14 ozs. Mr. and Mrs. Graves live on route 2, Brownfield.

Gerald Clay Bevers, Jr., was born Monday, October 1, at 2:37 p. m., weighing 6 lbs, 11¾ ozs. His mother lives on route 2, Brownfield, and his father is in the army, stationed at Fort Hood.

CARD OF THANKS

We wish to express our thanks and deepest appreciation for the many kindnesses and expressions of sympathy shown us by our friends and neighbors in our recent bereavement. — Mrs. Fred Dawson, Mr. and Mrs. Loyd Dawson and Betty Faye, Mr. and Mrs. Albert Dawson, Mr. and Mrs. Will Dawson, Mr. and Mrs. L. Lumsden, Mrs. Elizabeth May Hobbs, Mr. and Mrs. J. L. Hobbs, Mr. and Mrs. Wade Perkins, Rev. and Mrs. Floyd Dawson.

Lot of Whisky, Beer And Wine Shown

Last week, an area just west of the courthouse was the show place of the town. Great crowds gathered, some grinning, and some looking a bit grum. Some were puffing cigars or cigarettes, and some were just flicking their chops and looking thirsty. The reason?

Well sir, there was a great pile of booze over there piled out to invoice and ship out. It had been taken from illegal booze dispensers here over the past year by the sheriff's department, and Sheriff Murry had stored the stuff away to age some, but in a safe place where moths, rust and thieves break not through to steal. Here's about like the invoice

ran: 376 cases of beer; 29 pints of gin; 223 pints of whisky; 4 quarts (4/5th) whisky, and 102 quarts of wine. Some of the beer was in bottles, a few quarts, but mostly pints and in cans.

While we stood around over there we heard quite a few versions as to what would be done with the liquor. Here's the Sheriff's version, and we think he had the last word in the matter. All this liquor was turned over to the Liquor Control Board, of Lubbock, and later last week was sold by them to a wholesale liquor dealer at Midland.

Maybe it will be sold at legitimate licensed places at Midland, Odessa and other wet places. Then some of it might drift back to Brownfield. Who knows? Brownfield is a mighty good place to be at—not from.

To Honor Memory of Gov. Stephen Hogg

AUSTIN—The memory of Governor James Stephen Hogg will be honored at the State Fair of Texas October 12, with ceremonies featuring an address by University of Texas Chancellor James P. Hart.

Dignitaries who will participate in the program include Governor Allan Shivers and Miss Ima Hogg of Houston, only surviving child

of the late governor. The observance marks the 100th anniversary of Hogg's birth, and is sponsored by the Texas Heritage Foundation and Texas State Historical Association.

The program will be held at 10:30 a. m. in the Hall of State Auditorium. All Texas historical and patriotic groups are invited to attend. Special exhibits will be sent from Texas Memorial Museum in Austin.

Juniors: First year, Mrs. J. H. Carpenter, Mrs. George Steele assistant; second year, Miss Mattie Morgan, Mrs. A. W. Butler assistant; third year, Mrs. John R. Turner, Emogent Fitzgerald; superintendent, Mrs. Glen Davis.

Primary: First year, Mrs. Eddie Hill, Mrs. E. F. Latham assistant; second year, Mrs. James Underwood, Mrs. R. J. Purtell assistant;

RETURNS RECEIVED FROM NEW MEXICO

Had a letter this week from Dr. R. B. Parish, who is now dentalling over at Hobbs, N. M. He enclosed a check with his name signed, and asked us to put in the amount. About the only fellow we know that will hand us a signed check and trust us to fill 'er in.

But maybe he has had to go up on dental work of late, and thinks perhaps we have advanced the subscription price. Anyway, we had some things in common when he practiced here before moving to New Mexico, and feels he's taking no chance on us blowing up a check.

Anyway, thanks for the renewal Dr., and come see us.

CARD OF THANKS

We want to take this means of thanking each of you for the beautiful flowers, words of comfort, and food brought and served in our hours of sorrow in the loss of our dear husband and father.

We want to thank Dr. Daniels and the nurses at the hospital for their kind services.

May God richly bless you all in our prayer.

Mrs. Major Howard and children and grandchildren.

third year, Mrs. H. H. Howze, Mrs. J. H. McDaniel assistant.

Beginners: First year, Mrs. Kenneth Purtell; second year, Mrs. J. H. Bounds; superintendent, Mrs. Paul Blackstock; assistant teachers, Mrs. T. P. Brown, Mrs. O. A. Lemley and Mrs. Johnny Bost.

Nursery: Mrs. J. N. Hester, Mrs. Jack Tankersley assistant, Mrs. T. L. Treadaway assistant.

Church School Secretary: Miss Mattie Morgan, Miss Jane Anderson assistant. Church School Superintendent: R. J. Purtell.

Crescent Hill Church Of Christ News

There were 380 present for the Bible Classes last Sunday morning at the Crescent Hill Church of Christ. The goal for the Bible Classes is 400, so we were still 20 short of our goal. There were approximately 600 present for the morning worship services, and 400 present for the evening services. Over 100 attended the training classes that the church has each Sunday evening at 6 p. m.

Ministers from the Churches of Christ at Meadow, Ropesville, Wellman and Denver City met at Crescent Hill Church of Christ building Sunday afternoon at 4, to discuss plans for their daily radio program that is to begin on Monday, Oct. 15. This program will be heard each afternoon at 4:15 p. m. over Station KTFY. All are invited to listen to this program each evening, Monday, through Friday.

On Wednesday evening after the Mid-Week Service, members of the Crescent Hill Church gave a farewell party to the Cline Padens who are soon to return to Italy. The Padens are sponsored in their work in Rome, Italy, by this church. A farewell gift was given to the Padens at this time. Also a number of individual gifts were given to them.

Progress on the new Church Building on the Old Lamesa road has been above expectation. This building is being constructed at Club street on the Old Lamesa road, and should be completed by the first of the year. G. V. Paden is the general contractor on the building.

Brother Jimmy Wood is to go to Columbia, La., the latter part of this week to begin a Mission Meeting there next Sunday. This meeting is being sponsored by the Crescent Hill Church. The meeting will continue through October 14. Sister Wood and children will

Bearden and Old He Near Neighbors Once

R. S. Bearden dropped in this week, and in the course of our conversation, we found that we were near neighbors once before in our lives, before either came here. He was a Stonewall countyite and we a Jonesite. An hour's travel today, but in those good old days back at the early turn of the century—quite some distance.

Yep, if we'd started to Mr. Bearden's house early some morning, say about 1908, when he was out on the Salt Fork helping to build the Stamford and Northwestern, it would have taken all day. Maybe part of the night. We'd had to have gone in a wagon, buggy or horseback.

Anyway, we were along there about March 1908, traveling from Anson to just up on the Plains in Dickens-Crosby county. The right-of-way of the S&N was then staked out, and construction began soon after that trip in a survey. The four of us spent one night going, at Dickens City, and returning we slept in the school house at old Espula, Spur ranch headquarters.

Society, Church & Club News

MARGARET BANDY COWARD, SOCIETY EDITOR

Couple Celebrates Fiftieth Anniversary

Mr. and Mrs. Geo. M. Bartlett, 708 East Lake, celebrated their Golden Wedding anniversary Sunday afternoon by holding open house from two to six o'clock.

All of their children and Mr. Bartlett's seven brothers attended the affair. More than 100 relatives and friends registered in the guest book.

Mrs. W. B. Tudor was the only guest attending the celebration who also attended their wedding. Cora E. Williams and George M. Bartlett were married September 29, 1901, near Goree, Knox county, Texas. They moved to Terry county and "tried to farm in 1902." Mr. Bartlett was one of the first four men to file on land in Terry and Lynn county in March, 1902. In 1918 they moved to western Yoakum county and farmed and ranched near Bronco until 1942. They also lived in Lamesa, Canyon and Tulla before moving to Brownfield October 13, 1950.

At the Fiftieth Anniversary celebration the reception table was covered with a linen lace cloth, centered with a double wedding ring cake. Bronze and yellow mums completed the decorations. Sons and daughters of Mr. and Mrs. Bartlett and their families who were here include Mrs. W. M. Harold, her husband and two daughters of Brownfield; B. F. Bartlett and wife of Plains and their daughter, Wanda, who is a student at the University of New Mexico, Albuquerque; Erma Green and her husband and two daughters of Seminole; twin daughters, both of Albuquerque, N. M., Mrs. Willie Mangrum, her husband and two children, and Mrs. Georgia Travis and husband, and son-in-law and daughter.

Mr. Bartlett's brothers who were here, with their families, were Mr. and Mrs. A. J. Bartlett and daughter of Tulla, Mr. and Mrs. Homer Bartlett and daughter of Dimmitt, Mr. and Mrs. Wade Bartlett and daughter of Lamesa, Mr. and Mrs. Esdel Bartlett and daughter, Lamesa, Mr. and Mrs. Walter Bartlett of Lamesa, and Dan and Noah Bartlett of Lamesa.

Two grandsons of the honored couple were unable to attend: Jimmie Travis, who is in the Naval Air Corps now stationed in Mountain Home, Idaho, and Elton Travis of Albuquerque, N. M.

Members of the First Christian Church Women's Fellowship Circle No. 2 met Monday night, September 24, at the home of Mrs. John Jennings, 1001 E. Broadway.

Christian Church Fellowship Meets

During a business session at which Mrs. Bill Ashenbeck, president of the entire Fellowship, presided, Mrs. Leon Painter was elected secretary and reporter for Circle No. 2 and Mrs. Truett Flache, treasurer.

Mrs. Hattie Holgate was leader for the study course, "Beginning at Jerusalem," which was enjoyed by those present.

Refreshments were served by Mrs. Jennings to the following: Mesdames Ashenbeck, J. O. Burnett, Flache, E. L. Moore, Tom Sawyer, Holgate, Nola Knox, and Painter.

The next Meeting will be Monday night, October 22, at 7:30 o'clock at the home of Mrs. Flache, 702 east Buckley.

Mr. and Mrs. M. G. McCain visited his parents at Nevada, and they also visited in Dallas last weekend.

Texas Western Majorette

Miss Von Forbus of Brownfield with the Texas Western College band at the half-time show of the football game between the Texas Western Miners and Abilene Christian College in Midland Saturday night, October 6.

Marriage Vows Solemnized By Texas Couple in Cheyenne, Wyoming

(From Wyoming Tribune) Marriage vows for Miss Wanda Collier, daughter of Mr. and Mrs. Roy B. Collier of Brownfield, and Jimmie K. Wade, son of Mr. and Mrs. D. V. Wade of Lamesa were solemnized in a pretty double ring ceremony in the Church of Christ in Cheyenne, Wyoming, Friday, September 21, at 6 o'clock by T. R. Bankhead, minister.

Preceding the ceremony Mrs. Arnold Johnson sang "Because," "At Dawning" and "Always." The attractive bride, who was given in marriage by her father, wore an amethyst colored dress of afternoon length, patterned with a wool jersey bodice with a stole,

a high neckline and a silk shantung taffeta full skirt with a wide embroidered belt. Her hat was of velour in matching color and was trimmed in rhinestones. She carried a small nosegay centered with a white orchid, tied with white satin streamers.

Attending the couple were Miss Verne Collier, sister of the bride, who flew here from Texas. She was attired in a navy blue suit with a white felt hat trimmed with rhinestones. She wore an orchid shoulder corsage. Best man was James Dean.

Candlelighter was Carole Wade, sister of the bridegroom.

Immediately after the ceremony a wedding dinner for the couple and their parents and other relatives was served in the Terrace Garden of the Trail cafe. A three-tiered wedding cake graced the table.

Upon their return from a wedding trip the couple will be at home in the Broadmoor apartments.

Mrs. Wade is a graduate of the Brownfield high school and attended Abilene Christian college in Abilene, for one year. Her benedict is a graduate of the Lamesa high school and of Abilene Christian college, where he was a member of Frater Sodalis. He is now stationed at the Warren air force base.

Here for the wedding were her parents, Mr. and Mrs. Collier and Miss Verne Collier, Mr. and Mrs. D. V. Wade and Carole, parents and sister of the bridegroom.

Dinner Opens Rush Season For ESA

As an introduction to the fall rushing season, members of the Beta Theta chapter of Epsilon Sigma Alpha entertained with a steak dinner Tuesday evening in the banquet room of the Esquire Restaurant.

An autumn motif was carried out in the decorations, with a centerpiece of harvest products flanked on either side with yellow burning tapers in blue candleholders. On the tables were miniature pumpkins with marigolds and white burning candles.

The dinner consisted of filet mignon steaks, shoestring potatoes, tossed green salad, coffee and iced tea, with pecan and Texas cream pie as dessert.

Preceding the dinner, piano selections were offered by Mrs. C. H. Bush, Jr., and she also accompanied Miss Kay Hinkle as she presented a musical comedy pantomime, entitled, "Maise Goes to the Movies." Miss Hinkle is a student at the Janice Blake School of Dance.

Members attending included: Mesdames Ray Hailey, Gene Harrelson, Mary Nell Diffey, Don Cade, Calvo Boydston, Harold Henley, J. C. Jennings, Dale George, Alfred Gore, James C. Yeager, Bush, and Misses Margaret Goza, Ruby Nell Hairston, Jean Finley and Bernardine Grabber.

Guests were: Charlotti Ruark, Tribley Kincaid, Mildred Pryor, Jo Laech, Gay Gipson, Anita Cooper, Jo Couch and Donnah Farr.

ESA members are asked to meet next Tuesday evening at 6:30 o'clock at the Ross Motor company.

S. C. Adair was in from Rt. 3 to renew last week. If we mistake not, the Adair Oil Fields in south Terry were named for the Adair family. S. C. stated that he had a pretty good crop. We saw some pretty good crops in that area Sunday afternoon.

Club Calendar

Brownfield Chapter No. 785, Order of the Eastern Star, will meet next Tuesday night, October 9, at 7:30 o'clock.

The annual Boy Scout Finance drive will start next Monday, October 8, according to Vernon Townes, chairman.

Regular meeting of the Beta Theta chapter of Epsilon Sigma Alpha is scheduled for Tuesday night, October 9, at 7:30. Place is not announced... but members will work on a float to be entered in the Harvest Festival parade.

Local Negro citizens will present the program at the regular meeting of Alpha Omega Study Club at Seleta Jane Brownfield clubhouse Tuesday afternoon at four o'clock. Ella D. Sayles, principal, will tell of the progress of Wheatley school; Mrs. C. S. Smith, pastor of AME church will discuss social and economic conditions, and Josephine Lamb will offer a vocal solo.

Wednesday, October 10, is the date for the Ladies Luncheon at 1 p. m. at the Country Club. Bridge and canasta will be enjoyed after the luncheon, and hostesses will be Mesdames Glen Akers, Mike Barrett, Milton Addison, C. L. Aven, Lee O. Allen and J. K. Applewhite.

At 7:30 p. m., Tuesday, October 9, Mrs. Edgar Watson will be hostess to members of the Altruist Study Club. The program will be on re-finishing furniture, and Mrs. George Germany will be guest leader.

Mrs. Annie Spivey Has 82nd Birthday

Mrs. Annie (Nannie) Spivey was honored on her 82nd birthday Wednesday, September 26, when approximately 35 friends called at the home of Mr. and Mrs. Mon Telford, bringing a large array of gifts and best wishes.

Mrs. Spivey, who fell about nine weeks ago and fractured a hip, makes her home with her daughter, Mrs. Telford. She and Mr. Spivey came to Brownfield in 1916. Her husband passed away in 1933.

She is able to go to the table in a wheel chair, according to Mrs. Telford, who stated that her mother greeted her guests on her birthday while sitting up in bed. She enjoyed the day very much, visiting with friends she has had through the years.

On Sunday, another daughter, Mrs. C. R. Webb, and her son, Fisher County Attorney Layton Webb, and Mrs. Webb, visited Mrs. Spivey, but they were unable to stay for her birthday.

Last weekend, Mr. Telford's sister, Mrs. A. J. Garner of Causey, N. M., visited 'Nannie' in the Telford home.

Thank You Mrs. Spivey wishes to express her sincere appreciation and thanks to her many friends for remembering her birthday. She will be unable to send thank-you notes for several weeks, and she asked the Herald to say, "Thank You." Also she thanks those who are so kind to visit her from time to time.

Mr. and Mrs. J. D. Harris and family of Lamesa visited Sunday night in the home of his mother, Mrs. G. W. Harris, south fourth street. They also attended services at the Calvary Baptist church.

Harry Goble has been ill this week. He and Mrs. Goble returned home Thursday of last week after a visit in Dallas.

Mrs. H. Winston's Book, 'Time Flew By,' Reviewed For WSCS At Denver City

Mrs. P. N. Figley recently reviewed "Time Flew By" by Martha J. Whisenant (Mrs. Homer Winston), at a joint meeting of the Women's Society of Christian Service and the Wesleyan Service Guild at Denver City. Approximately 40 women heard the review.

About the book, Mrs. Figley wrote Mrs. Winston, "The humor of early farm life appealed greatly to the older group, and for the younger women who had never

seen a 'fast game of shap,' a game was played later for demonstration.

"I might add, one lady remarked, 40 years seemed to drop from her life during the story telling! This, I think, goes to prove that people do have a nostalgia for the early days, even with the hardships and inconveniences that they endured."

MRS. O. L. STICE IS GALA BRIDGE-HOSTESS

Members of the Gala Bridge club were entertained Thursday night of last week at the home of Mrs. O. L. Stice, 620 E. Tate.

Mrs. R. N. Lowe scored high, Mrs. Glenn Akers, second high, and Mrs. Doug Jones and Mrs. Frank Ballard won the bingo.

A salad plate and coffee were served by the hostess to the following: Miss Sue Jones and Mesdames Mike Barrett, Ballard, Lowe, Jones, Clovis Kendrick, Harmon Howze, Akers, Herbert Chesshir, Leonard Chesshir, C. C. Primm, Walter Hord.

Mr. and Mrs. Joe Davis Murray of El Paso visited Sunday in the home of his parents, Mr. and Mrs. S. J. Murray.

Mr. and Mrs. Roy Everett of Tahoka visited Sunday in the home of Mr. and Mrs. Jack Browder.

Mr. and Mrs. Luther Jones returned to their home in Nashville, Ark., last week after several weeks visit with their daughters, Mrs. Neva Lowe, Mrs. J. P. Jennings, and Miss Sue Jones. They also visited their son, Womack Jones, and family in Seagraves.

Music Club Delegates To Attend Convention

At the regular meeting of the Cen-Tex Harmony Club, held at Seleta Jane Brownfield clubhouse Tuesday evening at 8 o'clock, Mrs. Grace Wood and Mrs. Wayne Hill were named delegates to the Seventh District Federation of Music Clubs to be held in Hereford October 16 and 17.

Mrs. Fred J. Bucy, Sr., president of the club, presided during the business session, and Mrs. J. J. Youngblood was made a new member of the club.

The program included highlights from "Texas Music News" by Mrs. Bucy; and Mrs. Wood gave the program subjects of the year, including "With American Music" by John Howard Tasker. Mrs. Minerva Chesher gave a clever reading about a boy taking music lessons.

Refreshments were served by the hostesses, Mrs. Wood and Mrs. Chesher.

The next meeting will be held at the clubhouse at 8 p. m. Tuesday, October 16.

With Mrs. Bucy, other officers of the club are: Mrs. Wood, vice president, Mrs. Jim Griffith, recording secretary, Mrs. T. C. Livingston, corresponding secretary, and Mrs. Eldora White, parliamentarian.

BRIDGE PARTY AT O. L. STICE HOME

Mr. and Mrs. O. L. Stice entertained with a bridge party at their home, 620 East Tate Tuesday night.

Mrs. Walter Hord scored high for the ladies during the game, and Dr. E. C. Davis placed high for the men. Bingo prizes were won by Mrs. Frank Ballard and R. N. Lowe.

The entertaining rooms were decorated with attractive arrangements of pyracantha and fall flowers. A salad plate and coffee were served.

Guests were Mr. and Mrs. Ballard, Mr. and Mrs. Herman Howze, Mr. and Mrs. Herman Lowe, Mr. and Mrs. Joe Shelton, Mr. and Mrs. Hord, and Dr. and Mrs. Davis.

Mrs. Della Mitchell left Wednesday night of last week for Kansas City, Mo., where she is at the bedside of her daughter-in-law, Mrs. Jack Mitchell, who is ill. Mrs. Mitchell's son is in the army, stationed near Kansas City, Mo.

PERSONAL ITEMS

Visiting several days last week in the home of Mr. and Mrs. J. W. Hogue were their son and daughter-in-law, Mr. and Mrs. Howard Hogue of Snyder. Their grandson, Royce Lynn Hogue, accompanied his parents here for a visit. Royce Lynn was recently dismissed from the Veteran's Hospital at Fort Lewis, Washington. He is in the army, stationed at Fort Lewis, and has been there three months, having been transferred from Ft. Bliss in El Paso.

Mr. and Mrs. Bert Oren Butaud have recently moved to Brownfield. He is one of the coaches at the Junior high school, and teaches in the seventh and eighth grades. Mrs. Butaud is employed in the office of O. B. Stamper, Junior high principal. They formerly lived at Port Arthur, and the past summer Mr. Butaud attended North Texas State college in Denton.

Johnny Winston enrolled in Texas Technological college in Lubbock last week, as a junior student. He is majoring in vocational agriculture.

Mrs. M. L. Barker, 207 E. Main, underwent major surgery at the local hospital on September 25. She is rapidly improving. She and Mr. Barker moved here a few months ago from Abilene.

Bill McCarroll of Lubbock, advertising manager of West Texas Gas Co., was being escorted over the burg last week, by H. C. Hafer, local manager of that company. They paid the Herald a call which was much appreciated on our part. McCarroll and Hafer are always welcome in this sanctum. No business discussed — just a friendly call.

Miss Almira Goodman out at San Jose, Calif., renewed last week and wrote that she used to get her Herald on Tuesday but now more likely Thursday or Friday. The Herald is being mailed at the same time as usual, Miss Goodman, but we remember during the war preparations and unusual heavy mailings back in the early 40ties, we had the same trouble as now. Anyway, thanks for the renewal, and maybe times will get normal again some of these days.

Around The Corner — And Down The Street

By Margaret Bandy Coward

Latest reports are that carpenters can't get Sid Lowery out of their way to finish the new building that will soon house the Robert L. Noble Insurance and Real Estate, on west Broadway, near the Brownfield State Bank & Trust Co. Mr. Noble said Sid was so eager to get moved to new quarters for the insurance business that the carpenters would probably have to go on night shifts . . . while Sid sleeps, if the interior of the new office is ever completed!

Incidentally . . . moving with the firm will be two heads of deer and two of antelope, mounted, after Robert Noble killed them in years past. Soon there will be another antelope head, as Robert returned Monday night with Jack Holt and Eldon Cornelius from a hunting trip near Alpine!

Motto for Alpha Omega Study Club—"Look up and not down—Look forward and not back—Look out and not in—And lend a hand."

We are already missing Miss Pat Steen, who has been transferred to the district SCS office at Amherst, after being in the local office the past four years. Pat will like Amherst — lots of friendly people there!

The Altruist Study Club was organized last year—sponsored by the Maids and Matrons Club, who had this as their project. Membership is limited to 25 members, and Mrs. A. J. Stricklin, Sr., and Mrs. Ione Turner are honorary members, as they were on the committee and helped organize the Altruist.

Coach Toby Greer is reported to have predicted the Cubs' win over Phillips—he told Chesty Walker last year that the Cubs would win over his Blackhawks—if—it was a hot-dry year! What did the weather have to do with it? . . . Who Knows! . . . But the Phillips boosters were convinced of the dryness on these South Plains as they sat through that wind and

sand blowing at a dirty angle during the game here!

Jerrell Price, who is Captain of Texas Tech's Red Raiders, will graduate in January—was reared in Brownfield—is the son of Mr. and Mrs. Joe Price, who now reside five miles west of Lovington, N. M.; sister to Miss Joan Price, telephone operator, and grandson of Mrs. S. D. Price, 301 east Felt. Jerrell is receiving praise with co-captain Aubrey Phillips of Fort Worth. He is a graduate of Brownfield high school—was an outstanding line-man for the Cubs—played on the Texas Coaches all-star game in Abilene in 1948. At that time Greer was line coach, and Cubs' head coach was Harold Crites.

Terry county received favorable publicity in the September issue of the Southwestern Crop & Stock magazine, published by A. B. Slagle in Lubbock. Pictures of the fine Guernsey herd and a story about the Field Day held at the A. E. Buchanan farm in August were featured. Mr. Slagle attended the affair.

Reports are that Buchanans, who have lived in Terry county 21 years, recently purchased a dairy near Plainview, and will be moving there about January 1st. Regret losing people like them! Their son and daughter-in-law, Mr. and Mrs. W. E. Buchanan, will move there too. The young Mrs. Buchanan will be missed by us . . . and at the Texas Compress, where she worked for several years.

Dick Chambers, manager of the Texas Compress & Warehouse Co., has been busy building a fence . . . not to keep his children in, but to keep the trucks out of the paved driveway . . . Not fencing the business out . . . asking that to go around . . . but Dick said cars and trucks "whizzing" in that driveway made a hazard for Rick-ey, 5, and Cathey, 3. Their mother gave a birthday party for Rick-ey last Wednesday, September 26,

THE FIRST NATIONAL BANK OF BROWNFIELD, TEXAS

Takes pride in sponsoring this Hopalong Cassidy Club for the youth of Terry County. Every youngster is urged to join the club.

-- FREE THEATRE PARTY --

Every youngster and prospective member of Hoppy's Club is invited to attend the Theatre Party given by the First National Bank, Saturday morning, October 13, at the Regal Theatre at 9:30 — one of Hopalong Cassidy's pictures will be shown.

Be sure and be there and bring all your friends. Great fun is planned for all.

REMEMBER THE DATE AND TIME!

Saturday, Oct. 13, 9:30 a. m.

HERE'S NEWS FROM WELLMAN

The Seniors, Managers, Business Managers, of the High School classes are having an annual meeting Tuesday night.

The Freshman Class officers were elected last week. They are: President, Jerry Simms; secretary, Nila Rich; reporter, Dessie Oliver. Edna McBeth and Bobby Bingham represented the class at the Student Council. The Freshmen are proud they got through our FHA and FFA initiation. The class is very pleased with their sponsor, Mr. B. H. Baldwin.

Linda Raye Edwards was elected as queen of the Second Grade, Freddy Seagweek as her King. Wellman Future Homemakers had a hay ride Monday evening, Oct. 1.

The Chapter members met at the school house around 6 p. m. From there they went on their ride and then on to Brownfield to the picture show. Those going besides twenty-four Chapter members were Mrs. Willie Hyman, Mrs. J. D. Foust, Chapter Mothers, Miss Willie Mae Hines, Chapter Sponsor, and Mr. Willie Hyman and Mr. J. D. Foust.

Friday afternoon at 3 p. m. the Wellman chapter will hold their second business meeting of the year. This will be held in the Home-making Department. The Chapter realized an income of \$10 from the sale of homemade candy that was held last week.

The sixth grade has chosen Lynda Kaye Watts for queen and Jimmy Lynn Rex for king. We do not know yet what we will do this year to get more money for the queen.

The Sixth Grade has also elected officers. They are: President, Danny Lee; vice president, Glenda Christopher; treasurer, Larry Breazle; reporter, Patricia Thomas; secretary, La Rue Rex.

All the Sixth Grade girls are in the pep squad this year. Mrs. Kenneth Wall is our sponsor including the seventh and eighth grade girls. Wesley Earp was home over the weekend. Lynda Watts in the sixth grade wishes to sell her 7 year old horse which is good mannered and sells for \$50 with good saddle and bridle.

Oct. 1 there was a birthday party for Glenda Jane Christopher at the lunch room.

Weekend visitors in the E. W. Liles home were Mr. Albert Key from Monahans and Mr. L. P. Liles and Marilyn from Merkel.

Nora Mae Kerby and Mrs. Juanita Lanious visited with their mother, Mrs. H. E. Truitt of Lamesa over the weekend.

We are glad that Florence Crowder is greatly improved.

Mr. and Mrs. Frank Decker are attending the funeral of a relative at Hamlin.

Thursday, Sept. 27, the Eighth Grade class elected Robert Baldwin as their president and Lea Burnett as vice president. Jennelle Cottrell was elected queen candidate for the Eighth Grade. The King has not yet been chosen.

The Eighth Grade room mothers are Mrs. Roy Moore, Mrs. Bill Lindsey, and Mrs. Dalton Warren.

The Junior High football boys will play Meadow at Meadow at 8 o'clock Thursday, Oct. 4. The Junior High pep squad will be present. The cheer leaders are Sabra Welcher, Jennelle Cottrell, Glenda Oliver and Patty Thomas as the alternate. There are twenty-five members.

The Wellman W.M.U. met at the Wellman Baptist Church Thursday for a business meeting. The following officers were elected at this time: President, Mrs. Robert Hamm; vice president, Mrs. Chas. Jackson; secretary-treasurer, Mrs. Juanita Lanious; program chairman, Mrs. Elza Brown and Miss More Mae Kerby; young people's secretary, Miss Oleta Goan; intermediate, GA leader, Mrs. Joe Earp; junior GA leader, Mrs. Goza; Sunbeam leader, Mrs. Harris Carmichael. The Circle adjourned to meet again the second Monday night (Oct. 8) at 7:30; after adjournment the ladies packed a package of used clothes and one of new clothes for the Buckner Orphans' Home. Everyone is invited to be present for "Family Night" at the church on Oct. 8.

First Grade

David, Danny, and Elaine B. started two weeks later than the others but they just about know their first work list.

Gayle, Carolyn, Elaine J., Betty Eddy, Andrene, Janet Ann, Wynone, Monty, and Howard Dean have about finished their first preprimer.

Clyde, Dwight, Wayne and Lynn have finished their first book and will get their third book in a few days.

Roy and Tele are doing nicely but need lots of practice and encouragement.

The first grade has an enrollment now of 26.

We are proud to welcome three new pupils this week and we expect several more in the very near future.

Due to an error made last week, Elmer Edwards gave the school \$300 as a gift instead of a loan.

Sports

Wellman played Whiteface last Thursday night Wellman won with 39-13 as the scores.

The next game will be held at Wellman with Idalou as the opposing team.

MEADOW NEWS

School Cafeteria--

(Continued from Page One)

stove with two ovens; metal baking table; an electric mixer with three different mixers, and a potato peeler. A large milk box holds 300 bottles of milk; there is a large reach-in refrigerator, and a walk-in refrigeration room in which meats, fruits and vegetables are stored. The storeroom is large enough for 150 feet of shelf space for goods.

In the washroom the dishes are put through a sanitary cleaning process before they are ready to go back on the table. They are placed in an electric dishwasher that has a 180-degree sterilizer. Hot water is furnished by an 85-gallon water heater.

Empty bottles are placed on a large screened in porch just off the kitchen.

In the dining room, which is square, 50x50 feet, there are 39 folding masonite tables and chairs, and eight persons are seated at each table. The children go through the line for their meals, along a "sneeze rail," as glass compartments keep students' breaths and sneezes from the food until they are handed their plates by those serving. They usually take their dishes and milk bottles to the wash room before leaving.

In addition to the lunches, students may purchase ice cream as an extra concession.

Lots of team work and cooperation is evident in the preparing and serving of the lunches. Children first are served at 11:30 o'clock then another shift is served at 12 o'clock. Mr. Brewer stated, "Those teachers who have playground duty each week are served with their children in the first shift. At the end of this first six weeks' period, when first graders will stay until school is dismissed, instead of going home at noon as they do now, the beginners will be served first," he added.

Mrs. Mason is both capable and efficient. For the past five years she has been supervisor of the cafeteria at the Gomez school, and with her duties at the school here, she continues to supervise the lunch room at Gomez. Last summer she attended a cafeteria workshop at Texas Tech in Lubbock, where she discussed plans and ideas with cafeteria supervisors in this area.

Her assistants here are Mrs. Dorothy Andrew, Mrs. Lucille Knox, Mrs. Gladys Darnell, Mrs. Rosetta Larry and Mrs. Myrtle Jackson.

John Jankins, caretaker of the school, usually has his lunch in the cafeteria. He worked on the construction of the building, back in 1941, and helped assemble the furniture for the building. He takes a personal interest in the school, and feels that "it is part his."

Members of the faculty this year are: Wanda Barnes, Atha Lynne Adams, Minerva Chesser, Mrs. Joe Chisholm, Edith Creighton, Icela Crouch, Mrs. James Dallas, Helen Davis, Mozelle Fitzgerald, Marie Gracey, Virginia Greer, Norene Hudspeth, Fannie K. Miller, Gertrude Miller, Creola Moore, Ludie Morgan, Dorothy Rucker, Thelma Taylor, and Vernon Brewer, principal.

Miss LaRue Ross, who is a teacher in the public schools at Midland, visited her parents, Mr. and Mrs. C. E. Ross, last weekend.

Services For Lad L. Brownfield Held

Laddie L. Brownfield, 32, passed away in Treadaway-Daniell hospital at 7:30 Tuesday morning, following a prolonged illness. Funeral services were held at 4 p. m. Wednesday in the First Presbyterian Church, with Rv. Tom Keenan officiating.

Interment was in the Terry County Memorial Cemetery under the direction of Brownfield Funeral Home.

A grandson of the city's founder, M. V. Brownfield, he had lived here all his life. He was a former Marine in World War II and twice wounded on Okinawa. He attended Brownfield schools before entering the service, and completed his high school education at Riverside Military Academy, Gainesville, Ga. He had been engaged in the ranching business before his death.

Survivors are his wife, two sons, Stephen Lynn and Richard Ladd; his father, A. M. Brownfield; a brother, Lee; and five sisters, Mrs. L. M. Wingerd, Mrs. Ike Bailey, Mrs. Lal Copeland, Mrs. Jack Shirley, all of Brownfield, and Mrs. Ike Bailey of Lubbock.

Pallbearers were John J. Kendrick, Ralph Bailey, C. D. Thomas, C. C. Primm, B. G. Jones and Richard Kendrick.

Honorary pallbearers were: G. A. Swanson, J. A. King, W. R. McDuffie, Clovis Kendrick, Clyde Dallas, Herbie Lees, Lee O. Allen, Cecil Smith, A. L. Muldrow, W. R. Smith, E. G. Brownlee, Marvin Price, Murphy May, Leo Presley, John L. Cruce, John Portwood, Mon Telford, A. A. Sawyer, Wayland Parker and Denton Phillips.

Final Rites For 'Pop' Ricketts Are Held

Funeral services for James Bailey "Pop" Ricketts, 53, were held at 2 o'clock Tuesday afternoon at the First Methodist Church, with Rev. Dallas D. Denison, pastor, officiating, assisted by Rev. Tom Keenan.

Interment was in the Terry County Memorial cemetery with Masonic services at the grave, under the direction of the Brownfield Funeral Home.

Mr. Ricketts died at 2:40 Friday morning in a Laramie, Wyoming, hospital, where he had been taken after a heart attack. He and Dewey Murphy and sons had gone on a hunting trip to Wyoming last week. While there he suffered a heart attack, but had started home on the bus, when his condition grew worse, and was taken to the Laramie hospital.

He was born at LaCyne, Kansas, April 26, 1898. He came to Brownfield from Phillips in 1942, and since has been a cafe operator, grocerman, wholesale oil and gas, and real estate owner. He lived at 205 N. Second.

Survivors are his wife, one daughter, Mrs. James Warren, four grandchildren, two sisters, Mrs. Ada Carlson of Washington, D. C., and Mrs. Vera A. Rivers of Seattle, Wash., one brother, Ed Ricketts of Pittsburg, Kansas.

Mr. Ricketts was a Shriner, 32nd degree Mason, member of the Lions Club, and the Senior Chamber of Commerce.

Pallbearers were from the Masonic Lodge and honorary pallbearers were: R. J. Purtell, Dr. T. H. McIlroy, John Beard, John Cloud, Dennis Lilly, Dewey Murphy, Sr., J. Fred Bucy, and Robert Baumgardner.

A special Memorial service was held at the Lions Club Wednesday at noon, honoring Mr. Ricketts.

Paden to Preach At Local Church

Bro. C. R. Paden will preach at both services of the Crescent Hill Church of Christ next Sunday. Bro. and Sister Paden and Timo-

CLINE R. PADEN

thy are to return to Rome, Italy, this month. They will sail from New York on Oct. 16. They are supported in their work in Italy by the Crescent Hill Church of Christ, and have been in America for the past nine months raising funds for a Church Building in Rome and in Milano.

Residents of Brownfield are invited to hear Bro. Paden preach at these services, as it will likely be the last chance that you will have to hear Bro. Paden for some time. Before returning to the states last January the Padens had spent over two years in Italy.

Who Has This Little Boy's Pup, Buster?

Deep, dark tragedy can creep into the lives of the little fellow as well as the grownups. Such happened to the son of W. I. Cason, out on Rt. 1, this week, when people were seen to stop their car and pick up a little fice dog that goes by the name of Buster.

The little fellow is broken hearted, and if the folks who took the dog have any heart left they will return it. A Mexican laborer on the Cason farm saw the people pick up the dog, and believed the car belongs here in Brownfield.

Our B Cubs Take First Threshing

Some one said we bragged on the B Cub football team too soon, last week, but we don't think so. They had won all games up to that time, but lost to Seagraves B's 27 to 7 last Thursday night.

But really, they did not play just the Seagraves Freshmen. Those who attended the game stated that Seagraves ran in Sophs, Jrs., and perhaps a senior or two who composed the reserves of the Seagraves regulars.

Cubs Battle--

FHA AND FFA CHAPTER MEMBERS TO STATE FAIR

makers of America and the Future Farmers chapter of the Brownfield high school, will leave today for Dallas where they will attend the Texas State Fair on Saturday. One night will be spent at the Ex-Scout camp near Dallas. The return trip will be made on Monday. Sponsors of the two chapters are Miss Wanda Terry, Miss Dorothy Joan Smith and Lester Buford.

FHA members who plan to make the trip include: Charlotte Jones, Fay Grissom, Patricia Kelly, Betty Cabbiness, Gail Berry, Ene Starnes, Darlene Blevins, Jane Breedlove, Sue Campbell, Kay Drennan, Joyce Ellis, Norma Butler, Jackie Fulgham, Kay Hinkle, LaRue Spurlock, Tommy Yates, Charlene Tuttle, Maxine Doss, Georgia Martin, Alta Merritt, Billy Stockton, Virginia Lewis and Wilma Rhodes.

Future Farmers of America who plan to attend the fair are: Dennis Beetles, O. E. Floyd, Ray Latham, Orville Miller, Glenn Reid, Byron Wise, Phil Young, Richard Ridge-way, Chester Albert, Charles Bartley, Bobby Carter, Donald Huckabee, Clancy Martin, Joe Moore, Bryce Warner, Lanny Webb, Glenn Paden, Lonnie Mantooth, Jerrell Blake, Dewey Bradley, John Burnett, Earl Brown, Joe Foshee, Lavon Hudgins, Doyle Hudgins, Corlie Lassiter, Jackie Moore, Frankie Parker, Coy Pennington, Van Perry, Roy Stockton, Clyde Trotter, James Watson and Dickie Green.

The school buses will take the groups to Dallas, Supt. O. R. Douglas said Monday. In the past the members have gone to the Fair in cars.

Mr. and Mrs. David Flatt were among those attending the football game between Texas A&M and the Texas Tech Red Raiders at Cotton Bowl Saturday night.

Talks On Recent Food Poisoning

AUSTIN.—"Recent outbreaks of food poisoning show very strikingly the need for special care in handling and refrigerating any food that must be prepared some time in advance of serving," states Dr. Geo. W. Cox, State Health Officer.

"Prevention of food poisoning requires clean food handled as little as possible and consumed while it is fresh. Foods prepared hours before serving, and allowed to stand at warm temperatures become good culture media for bacteria. Cooked products of a perishable nature are readily subject to decomposition, and must be kept well refrigerated.

"Most food poisoning is caused by infection by certain types of bacteria which grow rapidly under favorable conditions, such as high temperature and high humidity. The infection may come from dirty hands, utensils, flies, rodents, contaminated water, infected food materials and in some cases in certain types of bacteria, which are rapidly spread and not necessarily associated with filthy conditions.

"If food must be prepared much in advance of use, cook it thoroughly, keep it refrigerated and otherwise protected at a temperature under 50 degrees F. until until you are ready to use it. Avoid serving foods that are readily infected, such as certain salads, and cream-filled pastries. Any foods that are not to be served immediately should be kept on ice. Milk, ice cream and dairy products in general should be from approved sources."

"Get your Fiesta dress at Fabric Mart."

Brownfield Rotarians Attend Inter-City Meet

Members of the Brownfield Rotary club attended the 29th Annual Inter-City Rotary meeting at Jones Stadium on the Texas Tech campus in Lubbock Tuesday evening, September 25.

Approximately 40 cities were represented, and 400 persons attended the barbecue in the stadium, culminating in the gymnasium to hear a talk by Dr. Kenneth L. McFarland of Topeka, Kansas.

Those attending from the local club were: James Harley Dallas, C. L. Aven, Paul Campbell, John M. Hill, Kyle Graves, J. O. Gillham, Wolfe Shaw, Al Muldrow, Graham Smith, Carroll Collier, Tommy Hicks, R. L. Bowers, Kenneth Purtell, Doug Jones and Skeet Roberson.

Heads Legal Dept. of Federal Land Bank

Mr. Sterling C. Evans, President of the Federal Land Bank of Houston, has announced the appointment of Judge B. L. Templeton, a prominent Abilene attorney, as head of the Legal Department of the Federal Land Bank of Houston.

Mr. Templeton's legal experience has covered a broad field including Examiner for the Railroad Commission of the State of Texas, County Judge of Mitchell County, and District Attorney of that district. For the past five years he has been a member of the law firm of Brooks, Duke Templeton and Brooks of Abilene, Texas.

In addition to his law practice he owns and operates a stock farm near Stephenville, Erath County, Texas.

Contest Winners Arrive at U.N. Headquarters

Three of this year's 10 winners of the international essay contest organized under the auspices of the United Nations Department of Public Information are greeted upon their arrival at U.N. Headquarters by Benjamin Cohen, U.N. Assistant Secretary-General for Public Information. They are, left to right: Dr. Amil Chilaty, Teheran, Iran; George A. Bull, Oxford, England; and Charles A. McGee, Monrovia, Liberia. The theme of their essay was "The United Nations and the Evolution of the Concept of International Solidarity."

Tech Enrollment Reaches 4,674 Last Week

LUBBOCK.—Texas Tech's fall semester enrollment Thursday was 4,674, and increase of 14 from the 4,660 who registered for classes in the spring.

College officials were pleased with the fall enrollment in view of world conditions.

The fall enrollment is a drop of 800 from the fall of 1950 when 5,472 enrolled.

The number of veterans dropped from 1,070 in the spring to slightly more than 600.

Cooperation Pays Off In Competition

Does the title of this article sound like a contradiction in terms?

It isn't, really. Instead, it is an accurate description of the way in which one of America's most highly competitive industries operates in the public service in times of local or national emergency.

Under ordinary circumstances, thousands of United States oil companies and hundreds of thousands of independently owned or leased service stations strive to outdo one another in providing more and better services and products for their customers. That way of doing business must be pretty efficient. It enables the people of this country to obtain and use more oil every two weeks than the rest of the world consumes in an entire year.

When an emergency arises, however, those competitive companies and service stations never hesitate to pool their products and services for the common welfare. They did it to keep supplies moving into the flood and fire-stricken Kansas City area last summer. They did it to break the near-disastrous synthetic rubber bottleneck at the start of World War II. They are doing it at this very moment in many other ways.

Recently, Orville Judd, acting director of the petroleum price section, Office of Price Stabilization, said:

"To my knowledge, the petroleum industry is the only major one which has voluntarily cooperated with the Federal Government in freezing its prices in the absence of binding regulations."

That is high praise indeed. And it struck us that, since this is Brownfield's Oil Progress Week, when our local oil men join forces to tell us what they have been doing during the past year to keep our homes warm and our cars, factories and utilities operating at the peak loads necessitated by America's defense program, we should give them an "assist." We are doing so by pointing out that, despite inflation, today's gasoline before taxes sells for almost exactly the same price as the low-octane product manufactured 25 years ago, and that, with their hundreds of other useful products, oil men also are holding the price line.

Nettles Chosen Honorman In Naval Training

Paul M. Nettles, seaman apprentice, USN, son of E. D. Nettles of Route 1, Brownfield, Texas, has been chosen honorman of his recruit training company at the U. S. Naval Training Center, San Diego, Calif.

Honormen are chosen by vote of the company membership on basis of leadership, sportsmanship, military bearing, initiative, response to orders, qualifications of good shipmate, and application to recruit training.

Nettles entered the Naval service June 20, 1951.

Radioman Line Specializes In Combat Information

Joe J. Line, radarman seaman apprentice, USN, of 401 North C, Brownfield, Texas, is undergoing a course of instruction at the Combat Information Team Training Center, San Diego, Calif.

Students selected for the two-week course are all graduates of a Naval Radar School where they learned basic skills in radar operation, theory and maintenance, radio and sound powered telephone procedures, and air and surface plotting.

At the school they will be trained to work as C. I. C. teams in various phases of radar navigation, torpedo problems, changing formations, summary plotting and short bombardment techniques.

SIXTEEN NEW CARS REGISTERED LAST WEEK

Sixteen new automobiles were registered at the County, Tax Collector's office the past week, as follows:

Jack B. Jones, Plymouth; Gladys Moorhead, Dodge; Parker Drilling Co., Ford; Wolfe Shaw, Cadillac; Dixie E. Brown, Chevrolet; J. R. Carruth, Buick; John B. King, Chrysler; Gay Price, Pontiac.

L. H. Walker, Ford; O. R. Reed, DeSota; Clarence Clark, Chevrolet; Billy D. Willis, Ford; Clyde E. Harrison, Oldsmobile; C. R. Lackey, Chrysler; William B. Smith, Studebaker, and Louis Theaux, Oldsmobile.

TWO MARRIAGES AND TWO DIVORCE SUITS

County Clerk H. M. Pyett issued two marriage licenses last week, as follows: Andrew Ewing Cloud Jr. and Mrs. Camilla O'Brian; Aubrey D. Davis and Miss Frances Townsend.

At the same time, Mrs. Eldora A. White, District Clerk, had two applications for divorce filed in her office.

Mr. and Mrs. John Ritchey and children visited his parents, in Seminole Sunday.

Mr. and Mrs. Norman Grine, accompanied by Sam Bounds, Jr., visited in Tulsa, Okla., last week-end.

KELLY MACK SEARS WILL RETURN TO SCHOOL SOON

Price Daniel To Be Here Oct. 18

Texas' Attorney General, Price Daniel, has accepted an invitation to be in Brownfield in the afternoon on Harvest Festival Day, October 18, according to members of the program committee.

Gov. Shivers had been previously invited, but will be unable to be here.

Lieut. J. R. Collins To Go to Sea Again

Lieut. and Mrs. Jesse R. Collins and two children, Jeff, 6, and Cissie, 2, arrived in Brownfield Thursday of last week for a visit with his parents, Mr. and Mrs. Fred C. Smith, 708 E. Cardwell, and other relatives in this area. They visited his brother-in-law and sister, Dr. and Mrs. John Andrews, in Plainview, a few days this week. They also plan to visit in Big Spring, Coahoma, and his aunt in San Angelo.

Lieut. Collins, who attended Texas Tech one year, before attending the Annapolis Naval Academy, graduating in 1943, spent seven years at sea, most of that time in the Pacific area. The past two years he has had shore duty. For sometime he has been in Charleston, S. C., and has been transferred to San Diego, where he will report after his leave. He will be assigned to a heavy cruiser, USS Baltimore, and will see duty again in the Pacific.

His brother, Roy Collins, is in Lancaster, S. C.

School didn't stop for Kelly Mack Sears when he suffered a compound fracture of his right leg, just above the ankle in a recent football game with Plainview.—Dr. A. H. Daniel and Dr. G. W. Sibley helped him with his algebra while he was in the local hospital!

Kelly Mack, son of Mr. and Mrs. Kelly Sears of Gomez, was surrounded by flowers and friends until his removal from the hospital Sunday morning. He is a freshman student in the Brownfield high school, and was playing with the Cub B team against Plainview when his accident occurred. He kept up with his assignments from pals at school... and—until he goes back to school in a few days, will no doubt continue to keep up with his lessons.

He is a member of the local chapter of the Future Farmers of America, and for a project has purchased six sheep. He sold a Hampshire Gilt to purchase the sheep, and will no doubt have them in the Junior Fat Stock show in Lubbock this spring.

DR. TREADAWAY RETURNS HOME

Dr. and Mrs. T. L. Treadaway returned home Saturday night from Chicago, where Dr. Treadaway attended a post graduate medical school at the Cook County Hospital. They were gone three weeks.

Colonel Thomas J. Barrett, Commander of the Reese Air Base at Lubbock has expressed deep concern about low-flying and stunting of the personnel in training at the base. Especially is this true as to what might happen to people, livestock and farm and ranch property, not to mention the life of the pilot and his crew, if any. Col. Barrett knows that this low flying and stunting is taking place in the Lubbock area, and that includes this section, as many times the planes are seen here. "Violent maneuvers present a hazard to the people on the ground, property, and the pilots themselves," he stated. He further stated that safety should be the prime object of every pilot. He believes they should exercise every precautionary measure so as not to endanger life and property. He elaborated further, these pilots are mostly young bloods, just beginning their training, and like to "cut up" a bit—show off. Col. Bennett invites reports from civilians who observe dangerous maneuvers, such as the type of plane, its number, if possible; the time of day, and the location at that time. He stated that he would even accept collect phone calls from people who had something definite to report.

Next week, October 14 to 20th, will be Oil Progress Week. In four decades this section has developed from a strictly ranch country to a stock farming, and presently has added oil to its production. Just as farm and the live-stock business, oil has meant a lot in dollars and cents to this section. To show what oil can do and will do, we will just take our neighboring county, Yoakum, immediately to the west. As we remember, the first oil well drilled in Yoakum county was in 1934 in the Bennett pool. At that time, Yoakum county was almost exclusively a ranching county, with a few scattering farms, mostly on the east side of the county. We believe their county tax valuations were between two and three million dollars. This year their tax valuations run over 40 million dollars. No one would contend that Yoakum, Gaines and Cochran counties, or even Hockley would have much more than a 10th of their present valuations without oil. The past year Terry county valuations advanced some 3 million dollars, and this was mostly credited to the new oil fields in the county. Aside from helping to provide a large share of the expenses of magnificent school buildings and tuition expenses for the students, it helps in providing funds for fine new courthouses, hospitals and good roads, including many Farm-Market paved roads. Then let us consider the enormous tax collections the oil business pays into federal government. The cheap fifty-cent

dollar is divided something like this: For transportation, raw materials and production, 62.5 per cent; for employment, replacing obsolescent machinery, 19.3 per cent; back into new plants for the business another good percentage, and finally to the federal government 5.9 per cent. That leaves just 5.8 for the thousands of people who have invested their surplus funds into the oil business. This does not include the county and state taxes, as we understand the matter, in the way of retail establishments for the sale of gasoline and oil. If all the oil wells in this area should stop flowing tomorrow, just think what a calamity it would be?

The Veterans Administration has warned GI's who are entering colleges and universities for training, to be sure that they have plenty funds to take care of matters of expenses for the next month or two until their regular checks can be started. Once they are started, the VA states, they will be fairly regular. I seems that this condition came about when congress reduced the pay to the VA, when as a consequence, the office personnel had to be greatly reduced. Another thing, there are more veterans entering training in colleges and universities than has been for several years. The VA also reports that there is a pile of last minute applications from veterans that have to be worked up. But as stated above, when the checks begin to roll, they will not only include current check, but those in arrears.

The best way to fight Communism is just tell the truth. We have always contended that the truth is good enough on any occasion. One of the main hobbies of any dictatorship, is not only to tell a lie, but a big one, the bigger the better—they think. The simple truth, emphatically stated, always rankles the Reds quicker than anything. This is the opinion of the Chairman of the Crusade for Freedom Campaign in Texas, Lt.-Col. Preston A. Weathered. The freedom drive is now half over, and will end October 15. This program to put the quietus on the Soviets and other behind-the-curtain countries, already has 862,500 signatures. And it is important that each sign their names, and back the drive with a donation, large or small. These funds are to be used by Radio Free Europe, and to broadcast the truth to people behind the curtain, who would like to be free. Already one big station in Germany is operating full time. RFE wants two other stations, one further southeast in Europe, and one placed in Asia. Station RFE is already blasting the lies of the Kremlin, and sends freedom's truth to enslaved people everywhere. It tells the truth and truth kills

Communism. Texans wishing to participate in this patriotic program, can send their names and donations to Crusade for Freedom, Dallas, and in this way help to protect the American way of life. Let it be said here that the Crusade for Freedom has a powerful sponsor in Texas, the Texas Junior Chamber of Commerce has adopted it as a statewide project.

Some of the commodities that the public has to buy on the open market, have gone up since 1939 as much as 128 per cent. There are others that have made only reasonable advance, one of them being railroad transportation, which has moved up only 85 per cent in comparison, with the average of 128. Some have advanced more than the average, ranging to more than 300 per cent. Some others that we could mention as running pretty low in advances, are nautical gas, gasoline and oils, and are still low in comparison with many other things we have to buy. Even the cost of farm products and livestock are said to be up 227 per cent over the price in 1939. On the other hand, the advertising and subscription price of your weekly paper has not advanced more than 30 to 50 per cent in the meantime. Despite this, labor and materials that newspapers have to use have advanced in price around 200 per cent. How do they make any money? They don't. Back to the railroads, it will be remembered by some—forgotten by others—that the government took over the railroads some 15 months ago to settle a dispute between the railroads and labor union employees that involved hours, wage and some other real or supposed differences. To this good day no agreement between the railroads and employees with the Labor Relations Board as arbiter has been reached. If you ask us, this one in a hot potato, as elections are coming up next year. If the truth was fully known, perhaps both the railroads and their employees have lost money during this stalling of the LRB.

It is a long time from 1951 back to Napoleon's time, but we have an example of cheap printed money with nothing to back it up, back that far. In recent times we have the examples of such dicta-

NMMI Registrations Closed In August

A news item from the New Mexico Military Institute tells us that they had to close their registrations in August this year, as at that time they had reached their maximum of 601 cadets. Others had to register for the 1952-53 term. Cadets were enrolled from 25 states and seven foreign countries. Texas was represented by 154, one Cadet, Ronnie Blue Graham, being from Route 3, Brownfield, but attended the Wellman schools.

The first Naval hospital site was procured in Washington, D. C., in 1621.

tors as Hitler, Mussolini and Stalin and their issues of money little better than counterfeit. It is related that following close of World War I, it took a wheelbarrow load of money to buy a pound of meat in Germany. But back to Napoleon, his great ambition was to conquer Austria. But the Austrians were pretty well fixed financially, their currency being based on gold. So Napoleon just instructed his Minister of Police in Austria to start a lot of printing presses and print up to 100 million dollars worth of banknotes, forcing the Austrian bankers to sign them, to take the place of the old Austrian currency. It had its effect. The Austrians did not want the money, but had to take it whether or not. It was better and cheaper than have his French troops shoot the Austrians and in turn be shot. That is just what Stalin is working for right now. He don't aim to come over here and shoot it out with us, or have us go over there and bomb them. No, there is a better way. His way is to keep up a constant threat, here and yonder, and keep us busy preparing and spending money all over the world. Some day, we'll reach our row's end when it will take a wheelbarrow load of dollars to buy a package of cigarettes. That is the day Uncle Joe hopes he will live long enough to see. And at the present rate, it will not take too long to break his great nation financially.

Harold M. Boyd Promoted To Sergeant First Class

With the 2nd Inf. Div. in Korea. —Combat Infantryman Harold M. Boyd has received promotion to sergeant first class, the second-highest enlisted grade. His wife, Mrs. Dorothy Boyd, lives in Tokio, Texas. Sergeant First Class Boyd was inducted into the Army in September, 1950. He joined his present unit, the 38th Infantry Regiment, in March, 1951. He is a veteran of the bitter "iron-triangle" fighting of this spring.

All WAVE recruit training facilities will be moved this fall from Great Lakes, Ill., to the Naval Training Center, Bainbridge, Md.

At the present time, 98 men are being saved out of every 100 wounded in Korea.

G. I. QUESTIONS and ANSWERS

Q—I successfully completed a GI Bill course in bookkeeping and I liked it so well I want to take it again. May I do so under the GI Bill?
 A—No. Under the law, you are not permitted to repeat a course which you had successfully completed under the GI Bill.

Q—I am a widow of a veteran of World War II, and I am receiving the proceeds of his National Service Life Insurance policy. Are the proceeds subject to taxation?
 A—No. NSLI payments are exempt from taxation.

Q—My son was born two months after the death of my husband, a

World War II veteran. Is the child entitled to death compensation allowances at the same rate as a child born during the veteran's lifetime?
 A—Yes. A child born after the death of the veteran is entitled to death compensation allowances at the same rate as a child born during the veteran's lifetime.

Q—Does the acceptance of a check for compensation constitute an admission that a veteran is satisfied with the disability rating made by VA?
 A—No. Acceptance of a check has no bearing on his right of appeal or his right to submit new evidence and apply for a greater compensation.

How does it feel to drive a Buick?

If you think perhaps we're hinting that it would be a good idea for you to try out a Buick—mister, you've never been so right. It does a lot of things for you and to you that will be something new in your driving experience. Take the way it feels beneath your hands on the wheel—eager and willing and anxious to please. It spurts when you want to spurt—rolls with effortless momentum when you want to cruise. When you take a curve, it snugs

down to the road with sure-footed confidence. After you make a turn, the front wheels instinctively seek a straight course. This car seems to guide itself. When you come to a bumpy stretch, each separate wheel on its own coil spring steps you smoothly along on a level keel. Then there's power that surges into action at a nudge of your toe—sends your speedometer needle soaring up to any speed the law allows, in a matter of seconds.

And there is also thrift—the gas-saving thrift that comes from a high-compression valve-in-head Fireball Engine found in no other car. To top all this, there is Dynaflo Drive*—that feeds power in a steady, falterless flow—lets you ride relaxed in busy traffic or on a day-long cross-country drive. We're willing to stand on the statement that no other car rides,

NO OTHER CAR PROVIDES ALL THIS:
 DYNAFLO DRIVE* • FIREBALL ENGINE
 PUSH-BAR FOREFRONT • WHITE-GLOW INSTRUMENTS • 4-WHEEL COIL SPRING
 TORQUE-TUBE DRIVE • DUAL VENTILATION
 DREAMLINE STYLING • BODY BY FISHER
 When better automobiles are built BUICK will build them

performs or drives like a Buick. But why take our word for it? Come in—take over one of these lively lovelies—and see for yourself.

Brass Wants Dailies To Have Advertising

Recently we had a form letter from a newspaper organization that solicits business mostly for the small town and city weeklies. The burden of the message was to the effect that the army-navy brass in the Pentagon were asking congress for some \$480,000 to be used in advertising. All of which was to go to dailies, magazines and radio.

The letter also stated that since some 57 per cent of congressmen were from district with most of the papers in the weekly or small daily class, it looked like the small town papers should get a prorate share of the advertising money. They advised us to write our congressman. We did.

In reply, Congressman George Mahon stated that he had registered a strong protest. He said that inasmuch as the government was paying for the advertising for the Department of Defense, that all papers should share alike in the advertising.

He went on to state that the weekly papers had done a fine job free of charge, in seeking to assist in the dissemination of important government information.

Mr. Mahon also stated that the Armed Forces seemed to lean toward television programs.

We feel that the protest of Mr. Mahon will avail something since he is Chairman of the Appropriations Committee. It may be that some of the big brass will be ready for a compromise.

GO SIN NO MORE

It was the first wedding ceremony for the young minister and he was almost as bashful and embarrassed as the young couple before him. In a brave effort to round out the affair, the minister stammered:

"It's all over now. Go and sin no more!"—Santa Fe Magazine.

Young GI's Must Register For Draft

Veterans released from the armed forces between the ages of 18 and 26, if not previously registered by their local draft boards, are required by law to register at a local board within 30 days after separation from active service.

Veterans separated from Coast Guard, the Coast and Geodetic Survey, and the Public Health Service are included among those who must report if they are within the 18-26 age bracket.

Failure to comply with this provision of the law makes the violator subject to a heavy penalty—up to \$10,000 fine and up to 5-years' imprisonment.

Spanish-American War Rates Standardized

Public Law 108, 82nd Congress, approved August 4, 1951, provides standard pension benefits, and in some cases, more liberal payments to veterans of the Spanish-American War, Philippine Insurrection, and the Boxer Rebellion, under the new law, four standard rates of pension are established, starting on November 1.

7. Veterans with 90 days or more service having service-connection, \$90 per month.

2. Totally disabled veterans with service-connection who need aid and attendance, \$120 per month.

3. Veterans with 70 days of service but less than 90 days, \$60 per month.

4. Totally disabled veterans veterans needing aid and attendance who had 70 days service but less than 90 days, \$78 per month.

Prior to the enactment of this new law there were 15 different rates of pension payable to Spanish-American War veterans, depending upon such factors as length of service, age and percentage of disability and the rates ranged from \$15 to \$120 a month and as we understand it, these are all now combined in the above four (4) basic rates of \$60-\$78-\$90 and \$120 . . . just as soon the VA outlines the regulations which will apply to the new law we will explain more in detail, as to just what the effect will be and how it will be applied.

Rates for widows and children remain substantially unchanged under the new law. The only exceptions are rates for those dependents who could qualify for pensions under the service pension laws—but—who met the requirements for pensions of lesser amounts under a different law. Rates in these cases are raised to the level of the others . . . which is \$48 monthly for a widow—\$60 monthly if she was his wife during service and additional amounts for children.

NSLI and USGGI Term Policies Renewable Indefinitely

Public Law 101 and Public Law 104, 82nd Congress, approved August 2, 1951, provides that veterans and servicemen carrying USGLI and NSLI, 5-Year Level Premium Term policies can renew these policies every five years indefinitely at the premium rate for the attained age, without a physical

U.N. Wages War on Tuberculosis in Mexico

Thirty-seven million boys and girls have been tested for tuberculosis in 22 countries, and 17 million of them vaccinated with BCG (Bacillus Calmette Guerin), since the end of the war in the International Tuberculosis Campaign sponsored by United Nations agencies and Scandinavian voluntary societies. The campaign was begun six years ago by the Danish Red Cross Society and was carried on by the U.N. International Children's Emergency Fund, the U. N. World Health Organization and Scandinavian volunteers. Above, one of the teams is shown at work in the village square in San Andres Tuxtla, in Veracruz, Mexico. Performing the tuberculin test is Danish Nurse Marit Schultz (right), assisted by Nurse Antonieta Montana of Mexico, standing behind her. Supervising the test is Dr. Gomez Nieto of Mexico, shown sitting at a table, right.

cal examination. Previously, Term insurance did not carry the automatic right of renewal, but the Congress has passed numerous laws before the end of the 5-year periods of both USGLI and NSLI Term policies extending another 5-year period for those who wanted to keep their term policies in force. These new laws simply takes the burden off Congress of passing a law every few years. The policy holder must file for renewal before expiration of his policy.

Emergency Dental Treatment

In accordance with the provi-

sions of R&P 6551 (A) and (F), emergency dental treatment may be furnished in a Veterans Administration clinic to applicants whose prima facie eligibility therefor is shown—although service connection for the tooth or the condition is need of emergency treatment has not as yet been established, or proof of eligibility is not available at the station where such treatment is requested.

In accordance with the provisions of R&P 656 (G) emergency dental treatment is not authorized or approved on a fee basis, unless

service-connection has been established prior to the time such treatment is rendered—except that if emergency treatment is furnished an applicant by a participating dentist on a fee basis without prior authority, it may be subsequently authorized or approved for payment, when evidence or record discloses that the tooth or condition treated was service-connected when treatment was furnished, and a request for an authorization for emergency treatment has been received by the VA not later than 15 days after treatment was rendered.

NATIONAL WINNERS OF 4-H CLUBS ANNOUNCED

Jimmy Benton of route 5, who lives in the Union community was named Gold Star 4-H Club boy for 1951, and 4-H Club boys and girls who will receive the national 4-H awards some time in November, were announced last week by a committee of the extension service.

4-H medals will be awarded winners in the latter part of November. Jimmy, who has been in 4-H Club work five years, will also receive the Leadership award. Winners were selected from records kept and sent in the past year, according to Jim Foy, county agent, and counselor for 4-H Club work in Terry county.

Two boys, Eddie Young of Pool and Joe Hubbard of Wellman, will receive Tractor Maintenance medals. The purpose of this program is to establish or support a plan for developing leadership in the community to utilize fully tractors and other mechanical equipment for economic and efficient production.

Marcia Dunn of Pool Girls' 4-H Club, with Donald D. Aldridge, Meadow, will receive the Farm and Home Electric awards. The purpose of this program is to help

4-H Club members to develop active interest in electrical methods and equipment used on farms and in homes, and to determine and develop practical improvements for more profitable and more enjoyable farm life.

The Achievement award will go to Louis Chambliss of Brownfield. This activity is designed to provide national recognition for boys and girls enrolled in 4-H Clubs who have, by their project achievements, attained prominence in 4-H Club work in their respective communities and counties. Awards in this program are based upon the actual production records in any or all projects carried by young people in 4-H Club work.

The boy who raised the grand champion calf, winner in last spring's livestock show, Berkie Slaughter of Wellman, will receive the Meat Animal award. The objective of this program is for members to learn how to properly manage meat animals—to provide shelter and other comforts—to produce meat and animal by-products for home and commercial uses.

Pool 4-H Club girls will take the awards in the Farm and Home

HOUSE OF THE WEEK

In this space, you'll find "The House of the Week" with full descriptions. This series is made possible by area firms listed here... See them to help you with your Home Furnishing Problems.

Safety program. Jeannie Solsberry, Nancy L. Howard, and Patricia L. Joplin are winners in this contest. Objectives are to learn what are the more common accidents on farms and in homes; to promote safe practices in the home; to promote and practice safety through proper maintenance and operation of automobiles, trucks, tractors and farm machinery; to help develop cooperation in fire-fighting, first aid and other safety work.

Eddie Young of Pool will also receive this award.

Heart of the Home Kitchen

COLLEGE STATION. — "We knew you were coming. We didn't bake you a cake, but we fixed up the kitchen for you to see while you're here," Miss Maureen Hearn, State Home Demonstration Leader for the Extension Service, greeted home demonstration club members attending their silver anniversary convention on the campus of A. and M. College.

"This is a special kitchen. Any homemaker ill with a heart ailment could work easily and conveniently, in the kitchen without impairing her health," Miss Hearn said.

The demonstration kitchen, set up in the foods and nutrition specialists' office, was open for inspection during the convention. Special features included equipment easy to get to, finishes easy for cleaning, open shelves, minimum amount of equipment and utensils, and everything placed so the worker will not have to stoop, reach high, or exert needlessly. Long-handle mops, duster, and other equipment in the broom closet, a rocking chair by the radio in the living area are special features of the "heart of the home kitchen," besides the traditional ventilated pantry.

The design was adapted from a kitchen planned by the American Heart Association in New York City. The kitchen will serve as a functional part of the home management program of the Extension Service, cooperating with the Texas Heart Association. The kitchen was furnished and built using gifts of equipment and materials from a number of manufacturers.

PAPA DISAPPEARS BUT POP HOLDS ON

KANSAS CITY, Mo. — (AP) — Papa, the name most youngsters called their fathers 30 years ago, has all but disappeared from American usage. Of the same vintage, Pa and Paw are equally rare today, but Pop is still in good standing.

The only familiar names for father in use on Father's Day cards today are Dad, Daddy and Pop, said the Hallmark Co. Mamma, Ma and Maw are only memories, too, the company states.

Small, But Convenient

Our FARM AND RANCH Plan No. 15 provides a comfortable home that offers you as much convenience as can be found in a house of this size. Bedrooms are large enough to make furniture arrangement easy and give plenty of window space for light and cross ventilation. Each bedroom has two closets.

The work area in the kitchen is quite compact and convenient to save the housewife unnecessary steps. And there is plenty of space for a table on which to serve the family meals.

On the back porch there is room for a freezer chest, or laundry equipment, and a closet.

The living room purposely has been made rather spacious in order to provide space for an extra bed, if it is needed and still leave plenty of room. Or it could be used as a combination living-dining room.

The central hall is provided to eliminate a lot of travel through certain rooms in the house, thus alleviating some house cleaning. Economy has been considered carefully during the entire planning of the house. The bath and kitchen are located so all the plumbing can be grouped together, thus requiring only one large

drain. This means considerable reduction in plumbing costs.

The house has been designed for you to use piers instead of a solid concrete foundation. The "L" shape makes it easy to hold all framing lumber to a minimum size. The shed-type roof over the kitchen and back porch help to keep the cost per square foot as low as possible, yet in no way will it affect the comfort, convenience, or attractiveness of the well-planned home.

FFA PROJECT NEWS

The members of the local FFA chapter are continuing to purchase livestock for the Jay-Cee Livestock Show that is to be held next spring.

Fortyone head of lambs were purchased last week by the following members: John Holme, Kelly Mack Sears, Jim Melburn, Alton Ray Messingill, Van Perry and Darwin Howell.

The chapter has purchased between 25 and 30 steer calves from Geo. Alexander to be distributed among the members in October. Dennis Beadles, Earl Brown, Robert Flache, and Bobby Carter bought calves last week for the next spring show. Five of the calves including a registered heifer came from Carl and C. T. Hogue's cattle. O. E. Floyd and Richard Ridgeway have already purchased their calves, for our next show, also John Burnett.

Wenzel Swine to Be Shown at State Fair

A. D. Wenzel, Route 1, Brownfield, will show nine Berkshire swine at the Livestock Show during the 1951 State Fair of Texas, Dallas, Oct. 6-21.

The swine show will be held from Oct. 6-14, with \$6,997 in premiums as well as many awards offered by various breed associations. Judging dates for the breeds are: Poland China, Spotted Poland China, Berkshire and Yorkshire hogs, Monday, Oct. 8. Hampshire, Duroc, O. I. C., Chester White and Hereford hogs, Tuesday, Oct. 9.

A Duroc auction sale will be held Thursday, Oct. 11. F. W. Bell, Manhattan, Kan., and A. A. Heldebrecht, Stillwater, Okla., will judge the swine show.

Just under 50 per cent of Navy officer and enlisted personnel are married.

Wenzel Gets Prizes At Hockley Fair

A. D. Wenzel of the Needmore community, and a breeder of Berkshire swine, was in last week and informed us that he had 10 hogs on display at Levelland during the Hockley County Fair on Thursday, Friday and Saturday. He stated they were well provided with show buildings at Levelland.

He received ten prizes on his herd, six of them being first prizes, three seconds and one third prize. He also had the grand champion boar and sow in the Berkshire class.

Ninety per cent of the inhabited areas of the world are within reach of the carrier-borne aircraft.

More than 1,800 Navy ROTC students graduated in 1951 and were commissioned in the Navy and Marine Corps.

Club Boy Wins At Hockley Fair

Max Miller, a local boy entered several of his Hampshire hogs in the fair at Levelland, held recently, and took his share of the honors. The placings of his hogs were as follows: Grand Champion sow, senior champion boar, junior champion sow, senior champion sow. Max's senior boar placed second in the boar class of junior and senior ages. The placings gave him one grand champion, two champion, three first and one second place ribbons, also a nice sum in prize money.

Max started his swine herd while a member of the 4-H Club. He has shown several of his Hampshires in the Terry County shows and other county shows and fairs in the past. Max will become an FFA member in the local high school this October. He plans to increase his project program by starting a registered Hereford herd.

ROPES FFA BOYS TO ATTEND STATE FAIR

Approximately 32 members of the Ropes chapter of Future Farmers of America and their sponsors plan to attend the State Fair in Dallas this weekend. The group will leave today at noon on a chartered bus and will return Sunday. This is the second trip to the fair in as many years for the chapter. October 6, tomorrow, is "Youth Day" at the fair, and free passes are given, and free lunches will be served to FFA and 4-H Club members attending.

SANTA FE CARLOADINGS

Santa Fe carloadings for week ending September 21, 1951, were 26,364 compared with 24,824 for same week in 1950. Cars received from connections totaled 12,457 compared with 13,557 for same week in 1950. Total cars moved were 38,821 compared with 38,381 for same week in 1950. Santa Fe handled a total of 37,007 cars in preceding week of this year.
