

The Terry County Herald

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

The Herald has grown with this section from strictly a ranch country. This area now consists of thriving towns and cities, supported by scientific farming and stock farming, augmented by huge oil fields, with the nation's largest known oil reserves.

Best Advertising Medium

The Herald subscription list is a splendid blend of town and rural readers, folks who can and do pay for their papers—they do not ask or want it donated to them. Many 30 and 40 year continuous subscriptions.

VOLUME 47

BROWNFIELD, TEXAS, FRIDAY, JANUARY 11, 1952

NUMBER 25

INSPECTION STATIONS FOR AUTO SAFETY LAW

Automobile inspection stations are rapidly being approved in Brownfield, and as soon as certificates and O. K. stickers arrive, motor companies here will be ready to check cars, trucks, motorcycles, buses and motor bikes, so that owners of vehicles may register them, Amos Eggen, State Highway patrolman announced this week.

The new Texas "Safety Responsibility Law" went into effect on January 1, 1952, and is now being enforced. The law was designed as protection against financially irresponsible drivers and owner of motor vehicles involved in accidents. It affects all drivers and owners.

Under this law the owner does not have to carry liability insurance, but if you are not insured against bodily injury and property

damage liability, you must be able to deposit with the Department of Public Safety security equal to the estimated damage, not exceeding \$15,000 to cover all claims growing out of an accident anywhere in Texas in which you or your motor vehicle were involved.

If the owner cannot establish financial responsibility for the future, the driver's license and motor vehicle license plates are automatically suspended.

The automobile inspection will take from 45 minutes to an hour and a half, local automobile dealers report. They are receiving special equipment needed for this inspection, and manuals giving detailed information on the requirements of the law. Some ten or twelve items will be on the inspection list. The engine number must correspond with the number on the owners title paper, the brakes must be good and the emergency brakes must hold; a muffler will be required; all lights must burn and meet certain specifications; all glass must be in the view, unmarred by stickers. Also on the list are the windshield wiper, rear view mirror, horn, and front end alignment.

Motorists have until April to get their cars inspected. An O. K. sticker will show that the car has passed the inspection and will allow the owner to register the car for 1952. A fee of \$1.00 will be charged for the inspection, but does not include adjustments needed, nor repairs or parts replacement. No car will be registered without the O. K. sticker, therefore it is necessary to have all required work and adjustments completed before April 1.

Mr. Eggen stated that the full cooperation of all motorists will be needed in order to complete the program that is just starting in Terry county, as well as other counties in the state of Texas.

The automobile inspection required under this law will be available at Teague-Bailey Chevrolet Co., Craig Motor Co., Portwood Motor Co., Bowman Motor Co., and Brownfield Motor Co.

In his digest of the "Safety Responsibility Law," J. K. Aynesworth, legislative author, points out in the conclusion, that though you may be one of the most careful drivers on the highways of Texas; you may at any time become involved in an accident causing injury, death or property damage to another person. The new law imposes severe penalties upon owners and operators of automobiles involved in an accident if they are uninsured or unable to satisfy any judgment for damages resulting from such accident.

To Attend Water Meet in Tahoka

Jim Cousineau, line foreman, and E. R. Hutson, water foreman, both employees of the City of Brownfield, plan to attend the monthly meeting in Tahoka next Thursday, January 15, of the Permian Basin section of the Texas Water and Sewage Works association.

The meeting will feature a demonstration at about 3 p. m. of removing sewer lines. At 7 p. m. a dinner and program will be held at the American Legion Hall. The program will include talks, films and discussions of problems of operating and maintaining sewer systems.

City employees are expected to attend the meeting from Pecos, Monahan, Odessa, Midland, Stanton, Big Spring, Snyder, O'Donnell, Andrews, Kermit, Wink, Seagraves, Seminole, Denver City, Brownfield, Sundown, Littlefield, Levelland, Post, Slaton, Crosbyton, Ralls, Lubbock, and other cities in this area.

Title Asks For Office Of Commissioner

I take this means of announcing my candidacy for commissioner of Precinct 4, subject to action in the forthcoming Democratic primary.

I feel I am qualified for the job and if you see fit to support me I will try to make you a fair and impartial commissioner.

Your vote and influence will certainly be appreciated.

ALFRED L. TITTLE.

THREE MURDER TRIALS CARRIED FOR FEBRUARY

Three murder trials are scheduled for February 5 here in district court, according to Sheriff Ocie H. Murry, and special venues of juries will probably be called.

Two murder cases have been postponed in the past in district court, and the third indictment or murder was one of six true bills returned in 106th District court here Tuesday by a grand jury which deliberated until 6 p. m. Johnnie Higgins had been charged with murder.

The other two cases to be presented to district court are murder trial of Jessie Cano, Mexican, charge with shooting another Mexican, and Chico Padillo, charged with the slaying of Andres Bonnett, Mexican.

Higgins, 43-year old negro, was charged with the murder on December 20 of another negro, James Filmore, 48, also of Brownfield. District Judge Louis B. Reed set a \$2,500 bond and scheduled the trial of the negro to begin Feb. 5.

Late Wednesday Higgins had not posted bond and was being held in Terry-county jail.

Higgins, said Sheriff Murry, signed a statement confessing the murder. In the confession he claimed the victim had attempted to break into his room while carrying a knife. Filmore was instantly killed, by a blast from a 12-gauge shotgun, fired at a distance of about two and one half feet.

Sheriff Murry reported that Judge Reed had requested the clearing of the dockets in the February term of court, and it is expected the three murder trials will be held.

A new grand jury was impaneled, and they will meet again in May. Those serving on the grand jury include A. M. (Al) Muldrow, foreman, Arp Farrell, Carl Golden, Crawford Taylor, James H. Goble, Grady Davis, R. J. Rowden, Glen Baker, W. C. Chenault, Milton H. Wagoner, Paul Campbell, and Walter Horst.

Implement Company Changes Ownership

Announcement is made this week of the sale of Price Implement Company, owned by Money Price, and distributors of Massey-Harris tractors and equipment, and Packard automobile agency, to Ben Cowling and Rollin McCord.

Cowling will manage the agency which will remain in the same location across the street from the City Power plant on Hill street. Name of the business will be changed to Plains Implement Company.

Mr. McCord lives in Tahoka, and is a former district attorney. Cowling was formerly with the Plains Motor Company in Tahoka. He is a graduate of Texas Tech, is married to the former Doris Lovelace, and they have a seven-month-old son. He is a member of the Lions Club and the First Methodist Church.

Mr. Price, who has been in the business here a number of years, will devote all of his time to raising Aberdeen-Angus cattle and his horse breeding business.

Mr. Cowling stated that the same service will continue through the service department, with Bob Miller continuing as parts and service manager, and Ernest Beauchamp, mechanic.

Carl Stephenson For Commissioner

It is my desire to become your commissioner in Precinct No. 2. My intentions are to personally visit each voter in my precinct and I hope that I am able to do this and discuss with each of you the duties and responsibilities of this office.

I earnestly solicit your vote and influence and if elected I will endeavor to fulfill the assignments of commissioner to the best of my ability.

Sincerely,
A. C. (Carl) STEPHENSON.

To the People of Terry County

After serving the people of this county for several years as your Constable, I would like to ask for your vote and influence that I may continue serving you in this capacity. I would like to thank each and every one of you for the cooperation given me while serving you as constable. I will appreciate your vote and influence in the coming election.

LUTHER JONES.

Rhyne Wants to Be Assessor-Collector

L. A. Rhyne has authorized the Terry County Herald to announce his candidacy for the office of Tax-Assessor and Collector of Terry county, subject to the action of the Democratic primary in July.

I would like to take this means of announcing my candidacy for the office of Tax Assessor-Collector for Terry county. I have been a resident of this county for twenty-one years. This is my first time to ask for a public office. I feel that I am qualified to run the office in an efficient manner, and render you the kind of service this office demands, at all times.

I will endeavor to see each voter in the county. Your vote and influence will be appreciated.

Respectfully,
L. A. RHYNE.

Mrs. A. B. Robertson of Abilene visited his brother-in-law and sister, Mr. and Mrs. Lee O. Allen, here Monday and Tuesday.

GARBAGE COLLECTION SEEMS TO BE A HEADACHE

Ever since the city of Brownfield became a sizable town, garbage collections have been at the expense of the city. No charge for it was made on the utilities bill of the citizens. As the town grew and spread, this item of expense became quite large. So far as we can learn, there are no other towns the size of Brownfield in Texas that has free garbage collections.

But being this is the first time that Brownfield city has ever made a charge, we understand there was some heeving. Not too much but some. Others thought they were charged too much for their collections in proportion to the amount of waste and garbage collected. But this will all be worked out to the satisfaction of all, Mayor Primm and his aldermen hope.

Garbage Collection Aids Health
We do not have to strain much to bring to mind a fine, growing city not far from us that has had an ugly epidemic of polio this year. While such has not been reported, perhaps they have had a full measure of other diseases that reflect from filth and outdoor privies, private sewerage disposal plants, etc. After an epidemic of disease, both local and state medical authorities recognized the fact that they had only themselves to blame.

Inspections revealed the fact that in the outlying sections of the city, that dangerous conditions to good health had arisen, and a great campaign of cleanup and sanitation was instituted. But an epidemic of polio was already present. People with children were leaving the city to move to cleaner towns to live, at least until that city was clean.

So, it's just for your protection, the protection of your loved ones, your neighbors and friends that the frequent garbage collection was instituted here in Brownfield. Your Mayor is a druggist; he makes his money selling prescrip-

tions and medicines in general. But being human, he just don't like to see or hear of sick people. Neither do the aldermen. They hope to work out a plan of collection that will be satisfactory to all, at equal cost.

About the Covered Garbage Cans
For some time now this paper as well as other mediums of publicity have called attention to the covered receptacles made of steel that the city has purchased, and are in turn selling them to the people at wholesale cost. Up to now, not too many have been purchased. Perhaps one thing is that it is winter, and not the time of year of fly and mosquito breeding. Like everything else, people just like to put off as long as possible the expenditure of just a little money these receptacles or cans cost.

But even with frequent collection of garbage, flies and other insects have time to lay their eggs and disperse over the town. Maybe they come right off a filthy open garbage barrel to your dining room, and on food you and your family eat. If there is no filth, there is no place to breed. Simple enough, isn't it?

So, put in your order for a closed garbage can today. All you have to do is phone the City Hall, No. 201, and according to Bill Aschenbeck, the City Secretary, a can will be delivered to your residence. It can be paid with your monthly utilities bill, or you may drop by the City Hall and pay for it.

Further, Bill stated to a reporter of this paper, you do not even have to buy your garbage can from the city. That is up to you. But on our own, the Herald will just drop this gentle hint. If people fail and refuse to individually and voluntarily install the covered garbage cans, there will be no other alternative than that the city council pass a compulsory law.

Order that covered garbage can today without fail.

Nazarene Revival Starts This Week

BRO. BUFORD BATTIN

The revival meeting now in progress at the Nazarene Church will continue through January 20, with Evangelist Buford Battin of Lubbock doing the preaching. Bro. Battin is no stranger to the people in this section of the country, having held revival meetings at Tokio and in Turner community. We are sure that people will want to hear Bro. Battin and we urge you to come and bring your friends. A friendly invitation to all church people to come and worship with us.

John R. Ferguson, Pastor.

Terry Car Tags To Start BN 800

License plates for all motor vehicles will go on sale in Terry County at the tax assessor-collector's office on February 1, and letters will be BN on passenger plates.

Mrs. Florine Webb, tax assessor, stated that 5,300 passenger car license plates have been sent this county, with 900 commercial and 940 farm license tags.

Colors of the Texas tags this year will be reversed to those of last year, orange letters on a black background.

Mrs. Webb stated those desiring to purchase new tags will be required, as in the past, to bring their vehicle title and current registration, and if the inspection law is enforced, motorists will also be required to show their inspection slips. The inspection slips will also be necessary for automobile registrations or transfers, Mrs. Webb said.

Since the State department of public safety requires cash for automobile registrations, no personal checks will be accepted this year, according to Mrs. Webb.

This Fight Is Yours! Join 'March of Dimes'

Miniature iron lungs were placed in all business establishments this week for annual contributions to the March of Dimes, National Infantile Paralysis fund, according to Milton Bell, local March of Dimes chairman.

The containers were distributed by members of the Howitzer Co., local unit of the National Guard. Mr. Bell stated that an intensive drive is planned for contributions to the March of Dimes, and announcement is made that the annual Presidents' Ball is scheduled for the night of January 30 at the Veteran's Hall. Other entertainments are being planned, Mr. Bell said.

Jack Bailey is charter chairman for Yoakum and Terry counties for the National Foundation of Infantile Paralysis, and members of his committee include J. O. Gillham, Leo Holmes and Mr. Bell.

Contributions to the fund may be mailed in care of the Terry County Herald.

TAX COLLECTIONS ARE SHOWING GOOD PROGRESS

Mrs. Florine Webb, tax assessor-collector for the State and County, stated Wednesday afternoon to a reporter that 1570 poll taxes had been paid to that time, and that they were coming in pretty fast. Remember, there are only 20 more

C. of C. to Name New Directors

Names of 16 candidates for the eight vacancies on the Chamber of Commerce board of directors will be on ballots to be mailed out the last of January or the first week in February, manager Wayne Smith reported Monday.

Chamber of Commerce president Harmon Howze appointed the following nominating committee Monday: Bobby Graves, Harold Denton, John O'Dell, Mrs. Ethel Jones Howze, W. B. Tudor, Roy Collier and Kyle Graves.

The out-going eight directors are Buddy Teague, Grady Goodpasture, Johnny Portwood, Doug Jones, Tess Fulfer, L. M. Lang, C. L. Aven, Jr., and Dr. W. A. Robertson.

Holdover directors are Harmon Howze, president, John J. Kendrick, Joe Shelton, Bruce Zorns, Murphy May, Virgil Travis and Ernest Latham.

When eight new directors are named, officers will be selected from the 16 directors who will serve during 1951-1952.

See The Beautiful New Studebaker

Everything is ready for the big showing of the 1952 Studebaker. In fact the showing is now under way, according to Shorty Forbus, owner and manager of West Texas Motors, at 220 South Fifth street. And they are beauties, according to information from those who have seen the new cars, and that includes some of the Herald personnel.

Fact is, they have six, more than can be displayed in the show rooms, but they are conveniently placed in the repair department and storage rooms. Mr. Forbus and his personnel extend a cordial invitation to one and all to come as soon as you read this and his ads.

These cars are not only beautiful, their utility stands high among cars of all makes.

Mrs. J. B. Ricketts is visiting relatives and friends in Parsons, Kansas.

Mr. and Mrs. J. H. Griffin spent last weekend with their son, Andy Griffin, and family in Kermit.

days left in which to become a qualified voter in Texas.

She believes there will be 4,000 qualified voters in Terry county. At the same time Mrs. Webb stated that some 84 percent of the property taxes had been paid, and she expected at least 90 percent by the end of the month. Tax collections so far have totaled \$218,505.00.

Bill Aschenbeck, city assessor-collector also reported that taxes were coming in pretty well, with 80 percent collected up to this time. Collections have been good since Oct. 1, and since that time \$45,931.90 have been collected. Aschenbeck doesn't believe that delinquents for the 1951 tax will be more than \$3,000.00.

Raymond Simms, school tax assessor-collector, Brownfield district, reported \$184,834.50 in school taxes had been collected through January 9th. This is approximately 80 percent of the \$227,167.33 on the rolls. He added that collections were a little behind the same period last year, but were good.

Cubs Losers to Lamesa Cagers

Too bad, they couldn't make it three straight wins, but the Lamesa cagers had a ball on top of the basket when the time ran out in the game with the Brownfield basketball squad here Tuesday night—and the ball went through the basket, causing Lamesa to win 51-49, in the end of the pre-conference games of the season.

Max Black was the high scoring Cub, making 14 points with Joe Don Auburg and Donnie Boyd tying with 12 points each.

The Cubs toppled Lamesa, 30-29, and won third place in the Odessa Invitational tournament Saturday, after losing to Thomas Jefferson of El Paso in the Semifinals 41-49 Friday.

The local squad took a forfeit from San Angelo and beat Snyder 44-40 in the second round of the tourney Friday morning. The two victories in the tournament brought their season record to 10 wins and two losses.

Max Profit and Joe Don Auburg were named to the All-tourney team at Odessa.

Coach Faris Notrell had led his cagers to wins twice over Lamesa, each by only one point. The first game was played there, with a 33-32 score.

The next game on the Cubs' home court will be with Levelland next Friday night, January 18. In the meantime, they will journey to Morton tonight, then go to Littlefield next Tuesday night, January 15.

NEAR 19 MILLION DOLLARS IS ON DEPOSIT LOCALLY

Several in this good old section of the USA have some real fat bank accounts, according to the latest statement of the Brownfield State Bank and Trust Co., and the First National Bank. We are proud of the statements of our banks. And when we realize they have taken care of the community in a financial way, we are more so.

In other words, the surplus cash that lays up in the banks does the depositor nor the banker any good if not used. True, the bankers, being responsible for funds of their customers, have to be assured that the loan is a good risk. However, it is not half as corny as one of the old chestnuts would have us believe: "That you can get a loan at a bank if you don't need it." If that were true, a lot of us would never be able to use

the bank in a borrowing way.

While a comparison of this call with that of a year ago is off some, this can partially be accounted for presumably by the new bank at Denver City, where perhaps a lot of money belonging to Yoakum county people is now on deposit. But the following is a combination result of the December 31, 1951, call:

Resources	\$19,570,498.30
Loans	6,690,036.50
Cash and discounts	6,798,742.44
Deposits	18,824,400.49
At the same time December 31, 1950, we are given the following figures:	
Resources	\$20,724,018.51
Cash and disc.	7,654,577.05
Loans	5,484,270.77
Deposits	19,876,530.72

- For Justice of Peace, Precinct 1**
J. W. HOGUE
- For Commissioner, Precinct 2**
A. C. (Carl) STEPHENSON
- For Commissioner, Precinct 3**
LEE BARTLETT
- For Commissioner Precinct 4**
H. R. (Horace) FOX
ALFRED L. TITTLE

Visitors recently in the home of Mr. and Mrs. Joe Christian were her mother, Mrs. T. B. Terrell of San Angelo, and his mother, Mrs. B. C. Christian of Seagraves. His brother-in-law and sister, Mr. and Mrs. Carl Gelin of Lubbock, visited here on Christmas Day.

Right now the deaths from war and traffic accidents in the United States are running a neck and neck race. Of course the death from wars include all wars, beginning with the Revolutionary back in 1775, and runs up to 25th of December, the last date before the new year in which war dead was known, at that time being 1,004,000. At about that time, or on December 22, the one millionth person had died from the results of traffic accident. But the time was not comparable. The wars ran for 176 years against approximately 50 for the highway and street traffic. We believe it was just about the turn of the century when the first traffic accident occurred. It was in New York, where a "horseless" carriage ran into a man just as he alighted from a street car, killing him. Up until about 1930, traffic fatalities ran way behind the wars, but since 1940, the traffic accidents have come with more and more frequency. Barring full scale resumption of hostilities over in Korea, the traffic fatalities, at present rate should run ahead of all war fatalities for the United States in the next few months. It is believed that the millionth GI-X was killed either the 3rd or 4th of September, 1951. About 100 days later "Victim X" was killed on the highways of the USA to bring deaths on our highways to one million. We Americans have long since learned to regard war fatalities as a useless expenditure of our youth, and it is, but let us begin right now to regard the uncontrolled automobile to be a still bigger killer of our sons and daughters. Those at the head of Safety Organizations are making a determined effort to reduce the tremendous loss on our highways. None of us would want to go back to horse and buggy days. That era of our nation is passed and gone. But we must exert every effort toward making travel on our highways safe and sane. It seems that holidays are our greatest killers on the highways. Too many tap the bottle instead of a cup of coffee when they start out late to get home, and as a consequence they become sleepy or doze. Even greater killers than too much alcohol is the careless and "smart" drivers who disregard all courtesies of the road. Up in Lubbock, statistics have kept on the drunk as well as the careless driver, and the latter has killed almost three times the number of people as the "stew."

Not only is the southwest keeping up with the Joneses, but for the past few years just a bit in advance in expanding economy. We are not on par with some of the better developed states it is true, but we are coming along—and fast. The Associated Press has been digging up some interesting figures in regards to the expanding of the Southwest, which includes not only Texas, but Oklahoma, New Mexico and Arizona.

The period of expansion represented the time from 1929 to 1950. Of the four states, Texas, however, took a decided lead, yet the combination ran ahead of the nation as a whole. As stated above, we are still below the national average, being \$1,166 to \$1,330. But the southwest made a gain of 151 per cent compared to the national gain of 96 per cent in the 20 year period. Texas alone done even better. Its gain was 159 per cent. Of the total 6.6 per cent for the USA, the southwest had 10 per cent of the new construction. Big industrial and other expansions has been a major factor in the income advance from 4 billion dollars in 1929 to 13 billion in 1949. The population increase was 27 per cent in the period, notwithstanding the fact that Oklahoma showed a decrease of 6 per cent. The national increase in the same period was 24 per cent. Many things contributed to this increase. New sections came in for farming purposes, either dry or irrigated. There is an abundance of labor available, and natural resources, such as oil, gas and sulphur, was abundant in the southwest, with more days of sunshine and a longer period each year free from frost.

Time limit is a fact of poor medical service in Great Britain, according to a story appearing in Freeman magazine. A 48 year old Englishman went to his home doctors, who as you know are under government Socialist control. After a hasty examination, all they have to spare for any, they told the patient that he was a gone goose. It appeared that he had a vicious blood condition in his leg, and it looked like it would have to be amputated. As the man worked for an English shipping firm, he got passage to America. In Connecticut, the doctors gave the patient a more thorough examination. In fact, the clinic took 20 days for the diagnosis. It was learned that the Englishman's condition was due to a spinal injury. He was fitted with a brace, and the man will live and keep his legs. The Freeman stated that it did not seek a moral to this matter, but did wish to emphasize the way America is drifting into the very same condition that England now has, socialized medicine in its worst form. Well, the English nation can have their compulsory health insurance and socialized medicine if they wish. But we believe that the vast majority

of Americans are against it teeth and toenail.

It is reported to us by a columnist that Congressman J. Frank Wilson of the Dallas district recently stated that, "our boys are getting killed in Korea, and we are getting nowhere, but he thinks we cannot pull out without being yellow." The writer then adds: "It is better to be a bit yellow for a time than dead forever." As an afterthought, Wilson added that he though the Texas delegation on Capitol Hill is very feeble. To that we also agree, but have never gone quite so far to say it. A lot of times we have thought about "yes men" when we read some of the doings of the Texas delegation. Then the writer goes on to tell us that the new-tru-deal has put a debt on us of \$258 billion dollars that will never be paid. He finds that if we paid \$68,000 per day for 10,000 years, we would just have cleared up the principal of the debt, to say nothing about the interest. And the writer then hits the bond buying campaign a bit, maybe below the belt. He believes that bond buying is just a scheme of the Washington bureaucrats to keep plenty of money on hand for them to spend for more votes, and that is gradually carrying the nation into bankruptcy. But we do agree whole heartedly that it's high time we quit spending huge sums in Europe that is fast squandering the resources of the nation. If we were making friends, it might be different, but are we? Reading between the lines, the more we do, the more they expect. Even the Germans whose country the USA is trying to rebuild think they are doing all that through taxation on themselves. The French, Italians and English just like us as a kid would old Santa Claus.

told him. For the past several years, we have been reading the new-square-tru-queer deal paper printed down at Austin. It is small, 4-page and three columns, but it was for the administration, lock, stock and barrel. We do not condemn the little political sheet because it is small—it maybe don't wish it otherwise. We have no criticism especially because of its general radical lineup. That is their business. But in the late issue, the little sheet sings quite another song. Let us briefly quote a bit from it. "The present era under democratic principles has brought the greatest measure of prosperity . . . the great tragedy is that the great humanitarian progress made under the New Deal and Fair Deal are in a fair way to be lost and forgotten . . . because corruption has been tolerated among the leaders of the party . . . Truman fighting mad when he returned to Washington from Key West, but has abated . . . refused to fire such cronies as ambassador to Mexico, after proven guilty of collusion with criminals . . . and several others because of incompetence." Do you wonder that we used all those Sunday school swear words when we read that the little paper actually had a hunch that all was not according to Hoyle along the Potomac.

And so the plan is to send steel to England, the country that only a decade or two ago was itself a great steel producer before Socialism struck. Up to ten or fifteen years ago, sending steel to England would have been like carrying coal to Newcastle, or steel to Pittsburgh. But Great Britain decided to experiment with Socialism and has fell by the way, and needs help in many ways. Speaking of steel we have a shortage because of bungling at Washington. Let us state from the outset that no one can make us believe that is the fault of the steel manufacturer that it is on the "scarce" list, and high. The steel men can sell all they can make at a fair to good price. The fault is with controls, and especially the military. Like meat, potatoes, eggs and many other things the brass boys have bought to the limit. They ask for a great deal more than they expect. They have great piles of steel on hand, rusting. The making of war planes, ships, guns, etc., has lagged, and is woefully behind. But the control boys are in charge of matters at Washington. Back during War II, the US steel mills were producing 89 million tons, presently the production is 105 million tons, and it is believed 120 million tons average will be produced by the end of the year. Then we was in a major war with 12,000,000 men under arms. Now we have what the administration is pleased to call a "police action." But our roads are getting into terrible shape, and are taking a tremendous beating, for lack of steel, and many buildings are delayed because of steel scarcity, including such essential buildings as schools. This is partially because of the large unused stockpile laid up by the big military brass. And now we are to let our good friend(?) England have a lot of this essential material. England would have had the steel and the coal too, if they had not experimented with Socialism.

More than two-thirds of the 50,000 population of Camiguin Island in the Philippine Islands had to be evacuated when the volcano on Hibokhibek Mountain erupted in 1948.

CARD OF THANKS
 We take this means to express our appreciation and to say "Thanks" personally to each and everyone who assisted us in any way in our time of need recently. We pray God's richest blessings upon each of you.
 The H. N. Keys.

Mr. Doris Flippin of Breckenridge, and her daughter, Betty, who is a student in the University of Texas, Austin, visited Mrs. Flippin's mother, Mrs. W. L. Bandy, 302 East Cardwell, and other relatives here during the Christmas holidays.

Directors

Sworn to and subscribed before me this 9th day of January, 1952.

(SEAL) T. C. WIDEMAN, Notary Public

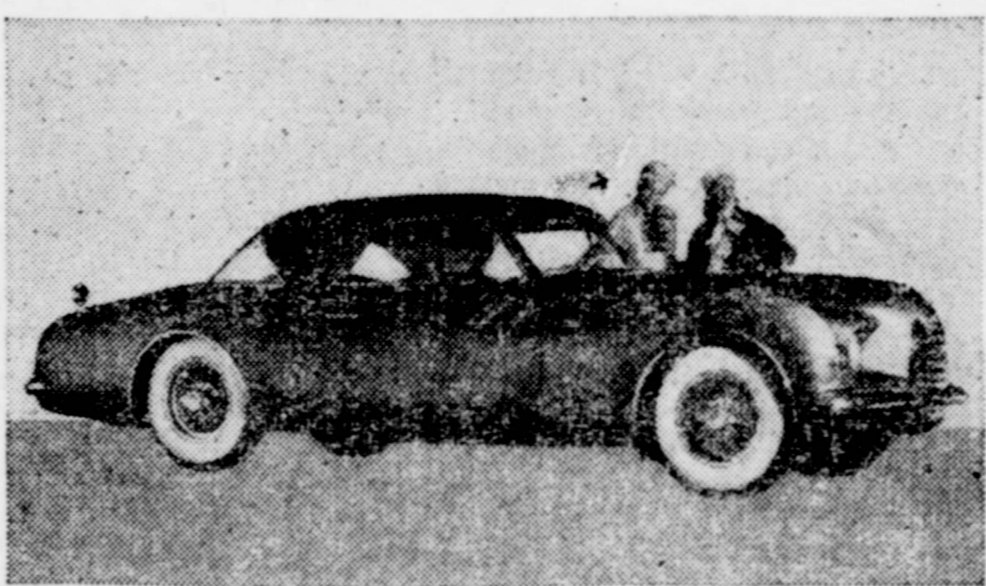

Well, we'll be doggoned. Add to that consarn it, and dad-limit, and a few other cuss words. Like the old tale of the deacon coming up on the youth plowing new ground covered by roots and stumps, and was emitting swear words that would lay above in the shade. "It is foolish to swear that way, young man," and took the plow to demonstrate. After a few punches in the tummy by the buckling plowhandles, and a few broken roots slammed the deacon across the shins, he began saying: "Well I'll declare!" "Well, I'll say!" etc. "You'd just as well cuss as do all that lying," the boy

CONSUMER ADVISORY COMMITTEE—The Consumer's point of view was under discussion at a recent meeting of the National Consumer Advisory Committee with Office of Price Stabilization officials in Washington. A portion of the committee is shown here with Mrs. Chase Going Woodhouse (center), Special Assistant to Price Stabilization Director Michael V. DiSalle who serves as chairman. Members and the organizations nominating them are from left to right: Dr. Hazel Kyrk, American Home Economics Association; Samuel Jacobs, Congress of Industrial Organizations; Mrs. Gilbert F. Loeb, General Federation of Women's Clubs; Thomas X. Glancy, American Legion; Mrs. Woodhouse; Mrs. Rose Kerber, National Association of Consumers; Wallace J. Campbell, Cooperative League of the United States; Dr. Dorothy B. Ferber, National Council of Negro Women; Dr. Persia Campbell, National Board, YWCA; Mrs. Edith Sherrard, American Association of University Women.

CHRYSLER DREAM CAR

Something new in passenger car design is Chrysler Corporation's K-310 European type sports sedan developed as an experimental companion to a powerful new Chrysler K-310 engine which produces 310 horsepower on ordinary premium grade gasoline without supercharging. Styled and designed by Chrysler engineers in the United States, the K-310 experimental car was built by Carrozzeria Ghia in Turin, Italy, on a chassis shipped to Europe by Chrysler. Built on a 125½-inch wheelbase, the car is only 59 inches high, with low sweeping lines and full head-room, with a low flat hood and large wire wheels. K. T. Keller, Chairman of the Board of Chrysler Corporation, said the K-310 sets "entirely new objectives to reach for" in passenger car development. Whether it will be produced for sale has not yet been decided.

Of Brownfield, Terry County, Texas, at the close of business December 31, 1951, a State banking institution organized and operating under the banking laws of this State and a member of the Federal Reserve System. Published in accordance with a call made by the State Banking Authorities and by the Federal Reserve Bank of this District.

ASSETS

Cash, balances with other banks, including reserve balance, and cash items in process of collection	\$ 4,475,695.94
United States Government obligations, direct and guaranteed	1,210,382.44
Obligations of States and political subdivisions	587,750.91
Corporate stocks (including \$12,000.00 stock of Federal Reserve bank)	12,000.00
Loans and discounts (including \$4,897.44 overdrafts)	6,160,324.88
Bank premises owned \$145,000.00, furniture and fixtures \$35,000.00 (Bank premises owned are subject to \$114,369.33 liens not assumed by bank)	180,000.00
Real estate owned other than bank premises	1.00
Other assets	10,204.85

Terry County Service Officer

Vocational Rehabilitation

Eligible disabled veterans may receive education or training at Government expense, with tuition, supplies and, in many cases, subsistence allowance provided under the Vocational Rehabilitation Act (Public Law 16, 78th Congress, as amended).

Eligibility—Disabled veterans veterans may be eligible if: (1) they suffered a service-connected disability in active service since June 27, 1950, which would entitle them to compensation, or, but for the receipt of retirement pay, would entitle them to compensation; (2) they were discharged or released under conditions other than dishonorable, and (3) VA determines they need vocational training to overcome their handicap. All three conditions must be met.

Length of Training—Before disabled veterans may get training of such character and length not to exceed four years as is necessary to restore their ability to work. Veterans may apply for vocational rehabilitation after discharge, or while hospitalized awaiting discharge.

Type of Training—Before disabled veterans begin training, they will be interviewed by VA counselors. If necessary, they will be given a series of tests to determine their aptitudes and interests. This, together with a review of the veterans' educational and employment experiences, will enable the VA counselor and training officer to advise the veterans as to the training they can get.

Eligible veterans may be: (1) enrolled in schools or colleges; (2) placed in apprenticeship or other

on-the-job training; or (3) entered in institutional on-form training programs or other programs which combine school and job-training.

Subsistence Allowances—While in training and for two months after rehabilitation, the disabled veterans may receive subsistence allowances in addition to their disability compensation.

Basic monthly subsistence rates for disabled veterans studying full time in schools and colleges are \$75 without dependents, and \$105 with one dependent, and \$120 with more than one dependent.

Basic rates for on-the-job training are \$65 without dependents and \$90 with one or more dependents.

Additional allowances may be provided, depending on the veterans' degree of disability and the number of additional dependents, they have.

Cars For Disabled Veterans

Veterans who served in the Armed Forces on and after June 27, 1950, and who are entitled to VA compensation for any of the three types of disabilities may be eligible for an automobile or other conveyance. The three types of disabilities are:

1. Loss or permanent loss of use of one or both feet.
2. Loss or permanent loss of use of one or both hands.
3. Complete loss of sight in both eyes or permanent impairment of vision in both eyes to a degree as to constitute virtual blindness.

For these veterans, VA is authorized to pay up to \$1,600 toward the purchase price of an automobile or other conveyances, including such equipment with special attachments and devices as VA may deem necessary for each veteran.

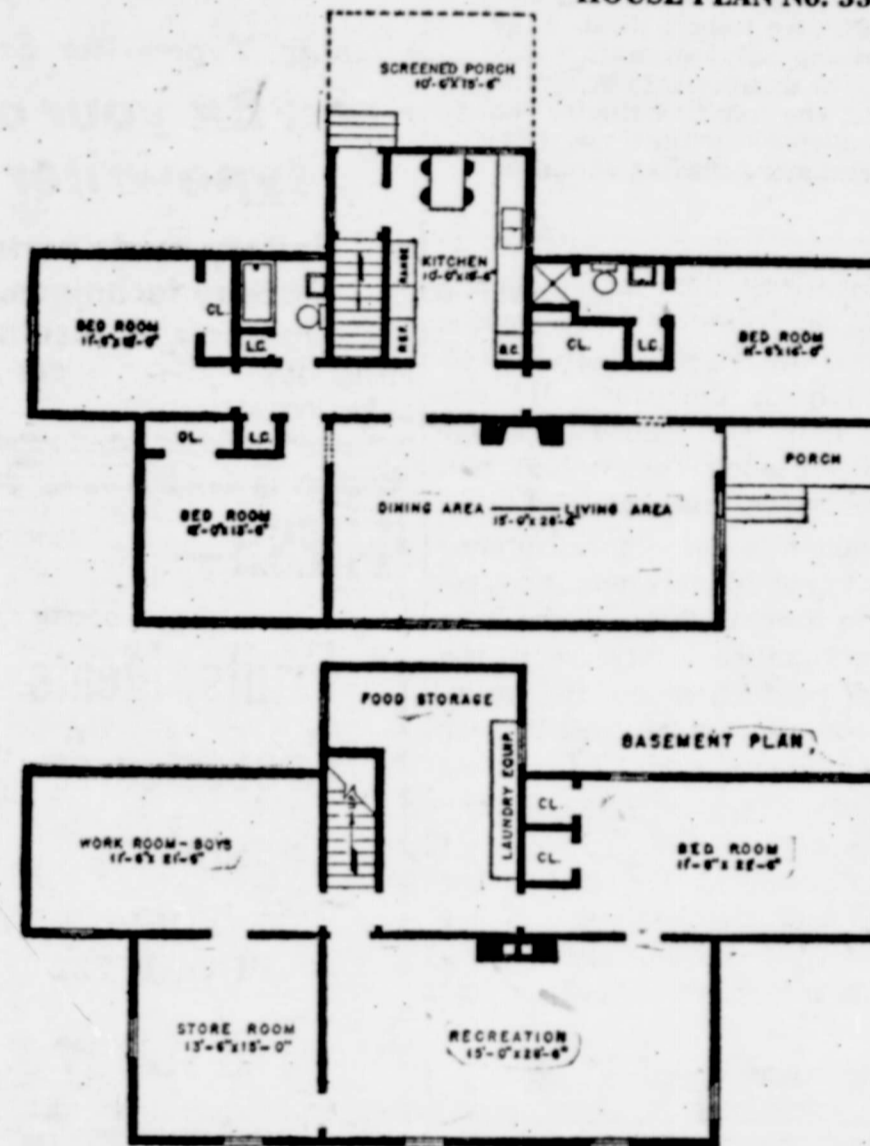

Veterans may apply VA for this benefit within three years from October 20, 1951, the date the law was enacted, or three years from the date of their discharge or release from active service when the discharge or release occurs after October 20, 1951.

After World War II there were about 20 per cent more active business units than before the war, according to a report by the 20th Century Fund.

COMFORT IS THE KEYNOTE

HOUSE PLAN No. 35

The lines of this Farm & Ranch House No. 5135 are simple. Economical to construct, it will be especially suited to areas of flat terrain.

This house is planned to accommodate your married children who come home for a visit and bring their children. Also, it is planned so that if there is anyone ill the housewife can take care of them and do the housework, too.

A full basement will provide a lot of low cost space for a large recreation room and a bedroom to be used in emergencies or for extra hired help. The laundry room—food storage area has ample room for tubs, washing machine, and freezer chest, plus the storage space.

The kitchen has a nook for the family meals, and will be light and cool. Also, there is provision for a screened porch if you desire one.

You may want to divide the living-dining area into two rooms, thus making a separate dining room. If so, instead of the fireplace use a chimney which begins in the basement and can serve heating equipment both there and in the living-dining area. The doors shown by the dotted lines are optional. If you want them, we suggest that they be sliding doors; that will save wall and floor space.

Easy access from the kitchen to both bedroom and bathroom areas without having to go through the living-dining area will save many steps.

You can obtain blueprints for this TERRY COUNTY HERALD Farm & Ranch House Plan No.

Supreme Court Calls Jeep Rugged, Uncouth

TOLEDO, O. — The Texas Supreme Court which recently called the Jeep a "rugged, uncouth vehicle without beauty of line or body," has been invited to a private showing of the rugged little World War II hero's new "big brother."

In a personal letter to Chief Justice J. E. Hickman of the Texas Court, Ward M. Canady, president of Willys-Overland Motors, Inc., makers of the Jeep, invited Chief Justice and his associates to attend a private showing to be held for the court in Austin, the state capital.

The court's description of the Jeep came in a recent ruling in an insurance suit involving a rural mail carrier who was injured while driving his Jeep.

In ruling the insurance company didn't have to pay the double indemnity called for if the carrier were injured in a "private passenger automobile exclusively of the pleasure-car type," the court termed the Jeep "a rugged, uncouth vehicle without beauty of line or body, with no suggestion of comfort, and obviously intended for hard service rather than pleasure."

Canady wrote Chief Justice Hickman that "we at Willys-Overland who make the Jeep were shocked by this description. Perhaps that is because we, like so many million ex-GI's have come to think

WOLF CALLS GET THE BIRD

UPLAND, Calif.—(AP)—When a pretty girl passes the home of Mrs. Evelyn Price, she's apt to hear a wolf whistle. The appreciative calls come from "Jimmy," Mrs. Price's talking Mynah bird. And if the pretty girl has a few moments, Jimmy is always delighted to run through his vocabulary of more than 70 phrases.

He might rattle off such expressions as: "Hi, baby," "What's your name?" "I love you," "Oh boy," "Darn the dogs," "Put the coffee on," "I doubt it," or "Get the doctor."

Put them all together and they don't make much sense, but Jimmy doesn't seem to notice. Other birds in the neighborhood don't seem to like Jimmy. He sits around for hours mocking their calls.

of the Jeep as a personality in its own right. And like proud parents we had been elated a few weeks earlier when New York's Museum of Modern Art picked it as a "work of art" . . . one of the few genuine expressions of machine art."

Declaring "differences of opinion are what make horse races—and keep the courts busy," Canady invited the justices to the private showing of the new six-passenger sedan the Jeep makers are now producing. "We are confident," he added, "that you will reach a unanimous decision that the new Willys is a beautiful automobile."

ELECTRONIC "BRAIN" BALANCES CHRYSLER ENGINES

Marking another advance in high-speed engine balancing is this machine which Chrysler Division of the Chrysler Corporation has put in operation on the FirePower V-8 engine assembly line to balance not only the 180-horsepower engine but its torque converter as well. Weighing 12 tons and costing \$50,000, this balancing machine uses its electronic "brain" to determine the location and the amount of unbalance present in the engine. It then "tells" a welding unit the location and amount of strip to be welded to the torque converter and a drilling unit how much material must be drilled out of the dampener to bring the engine into perfect balance. The resulting elimination of vibration and the unparalleled smoothness of operation assures longer life and more efficient operation for FirePower engines.

G. I. QUESTIONS and ANSWERS

Q. May I still apply for my first National Service Life Insurance dividend—the one covering the period from the time I took the insurance to the anniversary date in 1948?

A. Yes, you still may apply. Write to the VA district office that has your NSLI records, giving you full name, present address, the number of your policy or policies, and your service serial numbers.

Q. I'd like to get a GI business loan to set my brother up in the shoe repair business. He's not a veteran, but I served in World War II. Is it possible to obtain a loan for this purpose?

A. No. Under the law, you must devote your personal labor or supervision to the business enterprise. You may not use a GI business loan for a business in which you will not participate.

Q. I'm in active service, and the VA has taken over payments of my \$10,000 commercial life insurance policy under the Soldiers' and Sailors' Civil Relief Act. How long after my discharge will VA continue to make those payments?

A. VA will make your payments up to two years after your service has ended. But remember, you'll have to repay VA for all the money it paid out in your behalf.

Q. May I choose anyone I wish to be the beneficiary of my National Service Life Insurance policy?

A. Yes. There is no restriction in your choice of a beneficiary under NSLI.

Q. I'm a World War II veteran back on active duty. I was granted a waiver so I wouldn't have to pay my National Service Life Insurance premiums. I'm due to get out of service again, and I want to know what to do in order to keep my insurance in force.

A. Simply start paying your usual premiums to the Veterans Administration, Washington 25, D. C., within 120 days after your release from active service. But don't wait until the last minute, or you'll be taking a chance of missing the deadline and having your policy lapse.

Q. I've been on active duty for the past two years, and I understand I'm soon to be discharged. I've never had National Service Life Insurance and I'm not disabled. How do I go about getting the new form of GI insurance after I get out?

A. Apply in writing to the Veterans Administration, Washington, 25, D. C., within 120 days after your release from active duty, and pay the required first premiums. You won't be required to take a physical examination.

Q. If I carry the term insurance available to Korean veterans, will I be paid a dividend, the same as veterans who hold NSLI?

A. No. The insurance will not earn dividends. On the other hand, its premium rates for most ages are the lowest of any GI insurance authorized by Congress.

The patent office in Washington says there is a patent for a cow-tail-holder, a device which is clamped to the animal's leg to keep the tail out of the farmer's face as he milks.

Behind The Scenes

By REYNOLDS KNIGHT

NEW YORK—The higher cost of borrowed money is an economic development of no small significance as the year 1952 starts. Big New York commercial banks are charging industrial customers having the highest credit rating 3 per cent for borrowed funds. This is the second increase in two months. In mid-October it was possible for these same borrowers to get credit accommodations at 2 1/2 per cent.

Some of the savings institutions throughout the nation are increasing the rate they will pay for deposits. The U. S. Treasury is also considering a slight increase in rates on savings bonds.

The changes that are taking place are part of a worldwide movement toward a higher cost of borrowing. They reflect an extraordinary demand for credit to finance defense and civilian expansion. They reflect also a change in thing on the part of governments and central banks. For years an "easy money" policy has been followed throughout the capitalistic world to further government borrowing and to aid business. Now it is realized that extremely easy borrowing terms conflict with a need to curb inflation. In the United States the Federal Reserve Board is urging banks to screen all loan applications to eliminate non-essential lending. This change in policy on the part of the government monetary authorities may have a significant bearing upon many business concerns in 1952. Any business that can still obtain borrowed funds at the low levels of last summer—and may have need for additional capital later in 1952—should make preparations now to cover its needs.

Because of increasing demand sulphur consumers will have a more difficult time in the coming years, according to Langbourne M. Williams Jr., president of Freeport Sulphur Company. He predicts that the world shortage which worsened during 1951 will become more acute in 1952.

Although a large new sulphur deposit was discovered and projects to develop three others have begun, significant increase in the record production by the brimstone industry is at least a year away, Williams said.

U. S. Output of 6,200,000 long tons in 1951 was enough to meet domestic demands for sulphur, but since exports took almost 25 per cent of Gulf Coast brimstone production, major producers have had to establish allocation programs for American buyers.

Mrs. K. B. Sadler, 112 Lamesa Road, has been ill with the flu the past several weeks.

Earl McNeil Broke In Our Place to Renew

Can't ever tell who's coming next, but you can't just lock the door as one of your best pals is likely to appear on the scene to present you with an unpaid bill. So, you have to leave the door unlocked and just risk the possibility of the entrance of a guy like Earl McNeil, even if he aims to hand you a couple or five bucks.

Joking to one side, we are always glad to see that old smiling red pan of Earl's. A guy that wouldn't like him wouldn't like hot biscuits plastered with good butter, bacon and eggs for breakfast. And he looks just like Mrs. Mack feeds him well.

But he had a tale of woe. He was right in the big middle of the driest spot in Terry county during 1951. Earl stated that some of his cotton didn't get above six inches high. He made 100 bales on 1200 acres, 1/12th of a bale per acre, and he would not have made that much, but he has an irrigation well on part of his land, the irrigated land made about a half bale per acre.

Didn't get enough rain to plant his feed until July, about 1/3-4 inch, and while it came up to a fair stand, there just was not enough bottom moisture to sustain it. We hope Earl make a bale to the acre this year.

By the way, he stated that he had been thinking of putting in another irrigation well, but they cost a lot of money and create a heck of a lot of work. Somebody has to stay on the job about 18 hours a day, and that, brother, runs into real money.

New Secretary At Baptist Church

Miss Dorothy Oliver, formerly of Cleburne, arrived in Brownfield last week, to assume her duties as secretary of the First Baptist Church.

The church selected Miss Oliver as secretary about a month ago, an educational director has been employed for the church and is expected to arrive here this weekend. Miss Marylea Henderson, who is a student at Southwestern Seminary, Fort Worth, will be the new educational director. She will graduate from the seminary in June.

Prior to coming to Brownfield, Miss Oliver was secretary of the Sagamore Hill Baptist Church in Fort Worth for six months. She also worked as a secretary for the Southwestern travel service and Universal CIT Credit Corporation in Fort Worth.

Miss Oliver was graduated from Cleburne High school in 1949, and is a graduate of Draughon's Business College, Fort Worth.

The glass-blowing industry has been in existence for about 6,000 years.

First Methodist Church

Rev. D. D. Denison, Pastor

While the year is young and before this valuable God-given time slips through your fingers, will you determine now to find your place of divine worship and attend the church of your choice regularly?

If you are physically able to go to church, the Brownfield First Methodist Church gives you a sincere invitation to meet with them every Sunday. If not, then you are invited to tune in on KTFY from 11 until 12 o'clock each Sunday morning during the month of January and worship with us.—Rev. D. D. Denison, Pastor.

Time for the Sunday evening worship service has been changed from 7:30 o'clock to 7 p. m., and the children's groups and intermediate fellowship will meet at 6 p. m.

Choir practice is scheduled regularly for each Thursday evening at 7:30 o'clock.

POOL NEWS

Rev. Ray Douglas preached here Sunday. There were 54 present for Sunday School. Rev. Douglas ate dinner in the home of Mrs. Major Howard and family Sunday.

Mr. and Mrs. V. R. Osburn visited relatives in Fort Worth and Dallas recently.

Mrs. Tom Lewis and Mrs. S. M. Fowler are on the sick list. We wish them both a speedy recovery.

We are glad to have Jimmy Rash back in the community.

Mrs. Jim Trussell and son, Curtis, visited relatives in Ft. Worth over the weekend.

Mr. Levere Forbus is home after being in the hospital, but will have to return for an operation.

Mr. S. T. Osburn and son from Monohans visited his brother, Mr. and Mrs. V. R. Osburn, a few days.

Mr. and Mrs. W. M. Joplin Jr. of Meadow are visiting his parents, Mr. and Mrs. W. M. Joplin Sr. for a few days.

Clara Belle Duncan and Ray Brown have the chickenpox. We wish them a speedy recovery.

We are sorry to report that Mr. Seaton is in a Lamesa hospital for an operation. We hope he soon recovers.

Gene Joplin spent the weekend with Jiggs and Jerry Alexander of Tokio.

Mr. and Mrs. David Dunn and family of Brownfield spent Sunday with her mother, Mrs. Major Howard, and family.

The Guayra Falls on the Parana River between Paraguay and Brazil has the greatest volume of water of any of the world's major falls.

Guayule, the only native plant grown for rubber in the United States, requires winter rains, then drought for the rest of the year.

Since the U. S. Mint opened in 1792 it has struck gold, silver, and minor coins valued at more than \$7 billion.

First Christian Church

HOMER W. HAISLIP, Minister

Church School will begin at 9:45 a. m., D. L. Pemberton, general superintendent.

"The Lord Is My Shepherd" will be the sermon subject used by the pastor, Rev. Homer W. Haislip, at First Christian Church Sunday at 11 a. m.

Age-level Christian Training Fellowship will meet at 6:30 p. m., study and fellowship for everyone.

Joe W. Christian is director of the age-level Sunday night training program.

"The Most Popular Sin in Brownfield" will be pastor's sermon at 7:30 p. m.

JOHNNY FRAZIER HAS SIXTH BIRTHDAY

Johnny Frazier was honored on his sixth birthday Monday afternoon, when his aunt, Mrs. W. T. McKinney, entertained with a party at their home, 606 East Buckley.

Birthday cake and hot chocolate were served, and the group enjoyed various games. Johnny received many nice gifts.

Those helping him celebrate included Johnnie and Bobby Bost, Conrad Vernon, Randy Wilson, Diane Cooper, Linda Hicks, Jean Kendrick, Tommie Garner, Nancy Noel, Kenneth Frazier Jr., and a guest from Lubbock.

Fascinating Fashions

A flared skirt of gleaming white felt, dramatized with an inset of inky black lace—a cinched-in waist—topped off with a decollete blouse of black jersey are the ingredients for a perfect holiday outfit... and one which you can wear right on through the year. Add elbow-length gloves and a three-strand pearl choker for a soigne effect.

Virginia Kaye, leading lady on CBS's daytime serial, "Rosemary," points out that there is no outfit more comfortable or appropriate for country weekends, at-home entertaining or for "a party for two" in front of a roaring fire.

Virginia, a tall, well-proportioned girl with red-gold hair, loves nothing better than an excuse to really dress up. She chooses a gown like the one illustrated above, which is equally flattering to the tall, slender girl or the "petite" type of small girl. Its tight-fitting bodice is glamorous satin and its voluminous skirt is layers and layers of filmy tulle. A stiff ermine underskirt contributes its share to the ultra-feminine, billowing effect. A crinoline of net, with a firmer rigidity, is preferable to a less sturdy underskirt, since the heavy satin needs support.

CHRYSLER GETS BEST CAR AWARD

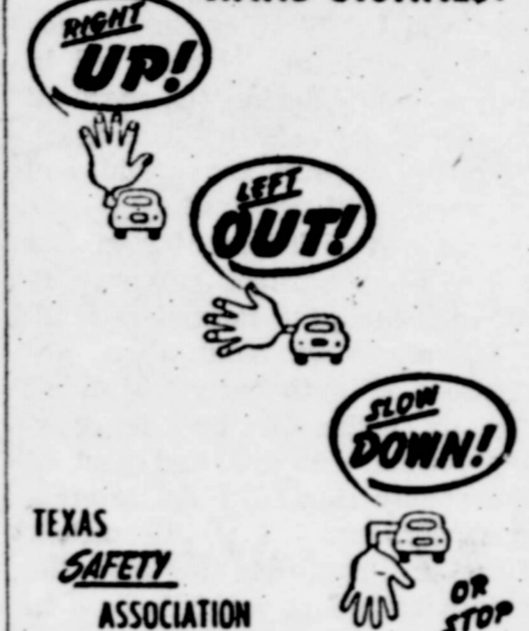

Best engineered car—that is the title given the 180-horsepower Chrysler Fire Power V-8 by Motor Trend Magazine in the February issue. Shown accepting Motor Trend's Engineering Achievement Award from editorial director Walter Weron (right) is David A. Wallace, president of Chrysler Division, Chrysler Corporation. Using stock automobiles Motor Trend rated competitive makes on simple engineering calculations gathered throughout the year. Chrysler scored first in nine of thirteen categories and received 176 points in the scoring—23 points ahead of the next make.

Learn to Give The Hand Signals

AUSTIN.—This is "hand signal month" in Texas and you, Mr. and Mrs. and Miss Automobile Driver, are urged to apply the "signs of life," not only in January but the rest of your days. In fact, you will be a law violator if you fail, but if you comply, you might save a life.

Traffic safety exponents are convinced that death and injury on streets and highways can be lowered.

GIVE PROPER HAND SIGNALS!

erred greatly if motorists practice the "common courtesy of applying hand signals." That's why January has been designated as "hand signal month" in the Lone Star State.

"Participation in his traffic safety educational program requires only minimum effort on the part of drivers," said A. W. Breeland of Dallas, President of the Texas Safety Association, Inc., which is sponsoring the campaign.

"All a driver needs to do is learn, then apply the signals. It is easy if you remember the slogan: Right turn—hand up. Left turn—hand out. Slow or stop—hand down. A signal could be the means of averting a death dealing accident."

Breeland stated that need for courtesy in driving is accentuated by the fact that the traffic death list for Texas in 1951 will show in excess of 2,500 persons when final figures are compiled.

"That's an unprecedented highway death rate for our state," he said. "Traffic safety education is a fine thing, but we must have the

cooperation of motorists if needless slaughter is to be averted. More drivers must practice the precepts of traffic safety education. Applying hand signals lends that opportunity. We remind drivers that failure to give hand signals is a violation of law. By obeying the law you might save a life—and that life could be your own."

The state-wide hand signal campaign was begun on January 3 when Governor Allan Shivers issued an official memorandum calling on all motorists to "learn proper hand signals and apply them as a means of lowering the death and injury toll on our streets and highways." The project, promoted by press and radio facilities of the state, is directed by J. O. Musick, General Manager of the Texas Safety Association, and Weldon Hart, formerly of Governor Shivers' press staff, both of Austin, and Bruce Cunningham of Dallas, representing the Dallas Civitan Club and the Citizens Traffic Commission of Dallas.

Alpha Omega Club Sees Alaska Films

Two films were shown on Alaska at the regular meeting of the Alpha Omega Study Club Tuesday afternoon at Seleta Jane Brownfield clubhouse. Mrs. W. T. McKinney acted as program chairman in the absence of Mrs. P. R. Cates.

Mrs. Arlie Lowrimore and Mrs. A. J. Geron were in charge of the program.

During a business meeting with Mrs. W. T. McKinney, president, presiding, Mrs. Truett Flache was elected to serve on the board of directors for the clubhouse for next year. She will take office at the end of the club year, and three directors serve on the clubhouse committee, one from Maids and Matrons club, Delphian club, and Alpha Omega club.

Mrs. George O'Neal, hostess, served congealed dessert topped with whipped cream, and coffee, to the following members present: Mesdames M. J. Craig, jr., Geron, D. L. Pemberton, Jake Gore, Jack

Mary LaRue Ross to Marry Mr. Gaither

Mr. and Mrs. C. E. Ross, 902 East Tate, announce the engagement and approaching marriage of their daughter, Mary LaRue, to Harold L. Gaither of Lamesa, son of Mr. and Mrs. H. A. Gaither of Pledger, Texas.

Miss Ross, who was reared in Brownfield, is a graduate of the local high school and Texas Technological College, Lubbock. She is an elementary teacher in the public schools in Midland.

Mr. Gaither is a graduate of Texas University, Austin, and is employed by Seismic Exploration, Inc.

Hamilton, Tommy Hicks, Sam Teague, Lowrimore, Sid Lowery, McKinney, M. R. Paddock, V. L. Patterson, Curtis Sterling, Chad Tarpley, and Geo. Weiss.

The next meeting will be January 22, when the program will be on Canada.

THRIFTY TIPS ON ANTI-FREEZE

DON'T PUT IN ANTI-FREEZE UNTIL YOUR ENGINE'S COOLING SYSTEM IS CHECKED. OTHERWISE YOU'LL RISK A FREEZE-UP OR AN OVERHEATED ENGINE THROUGH LEAKS.

DON'T BUY MORE ANTI-FREEZE THAN YOU NEED. TOO MUCH CAN CAUSE RADIATOR LOSSES AND OVERHEATING. HAVE YOUR COOLING SYSTEM'S CAPACITY CHECKED TO SEE HOW MANY QUARTS YOUR CAR NEEDS.

DON'T FILL RADIATOR TO TOP. WHEN ENGINE WARMS UP, THE SOLUTION INSIDE EXPANDS. IF YOU DON'T LEAVE ROOM IN RADIATOR TOP TANK, YOU'LL LOSE ANTI-FREEZE SOLUTION DOWN THE OVERFLOW TUBE.

DON'T FORGET THERE ARE TWO TYPES OF ANTI-FREEZE.

A STANDARD-PRICED PRODUCT LIKE ZEREX PROTECTS 4 OUT OF 5 CARS. PREMIUM-PRICED ANTI-FREEZE LIKE ZEREX 15 IS FOR SPECIAL DRIVING CONDITIONS.

DON'T USE LAST YEAR'S ANTI-FREEZE. IT MAY BE CONTAMINATED FROM EXHAUST FUMES AND CAUSE DAMAGE. NEW ANTI-FREEZE COSTS LESS THAN A MAJOR REPAIR BILL.

KEEP THE KITCHEN UPKEEP DOWN!

Miss Vernelle Ball and Wayne Hoskins Are Wed in Double Ring Ceremony

Announcement is made of the marriage of Miss Vernelle Ball, daughter of Mr. and Mrs. C. V. Ball, 1009 North 13th street, to Wayne Hoskins, son of Mr. and Mrs. C. W. Hoskins, Star route 1, Lamesa, Friday evening, Dec. 21, in the home of the bride's parents. Don Finto officiated at the double ring ceremony.

Attending the bride as matron of honor was her sister, Mrs. Vernon Flenniken. Mr. Flenniken was best man.

Candle lighters for the occasion were Charles Ball and Kay Hoskins. Miss Jane Rowan, organist, played the traditional processional and recessional wedding march.

The bride was attired in a navy blue suit with navy and white accessories.

She carried a white Bible topped with white roses. Reception immediately followed the ceremony. Cake and coffee were served by Misses Nina and Jo Ann Hoskins.

Attending were the immediate families of the couple and the couple's grandparents.

A student at Abilene Christian College, the bride will receive her degree in January. The bridegroom is a student at Texas A.M. Mr. and Mrs. Hoskins will reside at College Station following a short wedding trip to Carlsbad, Cloudcroft and Ruidosa, N. M.

Vernelle will be remembered as a former resident of Brownfield, having attended the local high school three years, and also as an employee of Gosdin Drug.

BEARDEN FAMILY REUNION HELD

A family reunion was held recently in the home of Mr. and Mrs. R. S. Bearden Sr., of the Union community. All of their children and families were present. Mr. and Mrs. Bearden have six sons and two daughters.

Attending were Mr. and Mrs. Otis Walser of Dallas, Mr. and Mrs. Ed Smith and family of Albuquerque, N. M., Rev. and Mrs. R. S. Bearden Jr. of Lubbock, Mr. and Mrs. Ray Bearden of Tokio, Mr. and Mrs. James Bearden and family, Mr. and Mrs. Homer Bearden and family of Welch, and Morris and Dave Bearden, both of Union.

Family photographs were made at the home. Three of the sons have been called into the Baptist ministry and are now preaching at different churches over the country. They are R. S. Jr., Dave and Morris. The elder Mr. Bearden is a retired Baptist minister and is now a deacon of the Union Baptist Church.

This was the first time the family had all been together in a number of years.

Good Revival At 1st Baptist Church

Large crowds are attending revival services twice daily at the First Baptist Church, Rev. Jones Weathers, pastor, reported.

Rev. Weathers is doing the preaching, and Harold Mulkey is directing song services.

Tonight, Friday, at 7:30 p. m. has been designated as Youth Night, when a special service will be presented.

There will be no morning service tomorrow, Saturday, Rev. Weathers said. A Junior choir rehearsal is held each night at 7 o'clock, and all Juniors are invited to meet with Mr. Mulkey.

Revival services will close Sunday night.

Local P. O. Shows Rapid Progress

Statement of receipts and business 1951, and comparative figures for 1950:

Postal receipts, December quarter 1951, \$25,301.11; postal receipts December quarter 1950, \$19,648.00. Percentage increase 18.5.

Postal receipts, calendar year 1951, \$68,892.78; postal receipts, calendar year 1950, \$59,033.11. Percentage increase 16.7.

Receipts for the calendar year 1950 were \$23,121.85, with 13 employees. The office now employs 24 clerks and carriers.

Money orders issued for the calendar year 1951 amounted to \$670,070.65.

During the calendar year 1951, a total of 1,842,801 pieces of mail (exclusive of newspapers) were mailed at the Brownfield post office.

Large Crowd Attends Crusade Opening

A large crowd attended the first services of the Brownfield Crusade for Christ held in the Junior High school auditorium Sunday at 3 p. m., and a better than average audience has been attending each service at 7:30 p. m. Services will continue through February 3, and will be held each day at 7:30 p. m., except on Sundays, when the revival meeting is scheduled for 3 p. m.

Rev. John Taylor, pastor of the West Side Baptist Church, opened the meeting with prayer. Rev. Ray Tatum, evangelist, and his team, were welcomed to Brownfield by Mayor C. C. Primm, A. M. Muldrow, president of the Rotary Club, and Wayne Smith, manager of the Chamber of Commerce.

Rev. Tatum's scripture reference for his sermon was Isaiah 1:1-20. The Crusade Choir, composed of townspeople, will rehearse at 7 p. m. each week night. Music is under the direction of Paul Earp. Selections by the choir will be recorded for "The Hour of Fellowship" which will be broadcast Sunday over radio station KTFY at 3:15 p. m.

"Everyone is invited to attend the services, to bring their friends and to pray for a great revival in Brownfield," according to Rev. Tatum.

Is there a lady in this vicinity that would consider housekeeping in a good Christian family? Mrs. J. J. Woodard of the Wellman vicinity had her limb broken some time ago, and is of course unable to keep house. If you know of a person who could do this work and get paid for it, contact the above, or write J. J. Woodard, Rt. 1, Box 102, Seagraves, Texas.

Terry Co. Ginnings To Dec. 31, 63,548

County agent Jim Foy is our authority for the statement that 63,548 bales of the 1951 cotton crop had been ginned up to December 31. He predicted that enough cotton would be ginned after that time to bring the season ginnings to around 70,000 bales, which is above normal for Terry county. We believe that around 40,000 would be a fair average for the past ten years.

As Mr. Foy stated, not all of Terry county's cotton was or will be ginned in this county. As we have stated in these columns numerous times, Terry is literally surrounded by gins just over the line in Gaines, Dawson, Lynn and Hockley counties. We only have one gin that is considered a county line gin, at Tokio, that gins considerable Yoakum county cotton. But nothing like enough to offset Terry county cotton ginned in other counties.

We believe we made a count one time that there were some 12 or 13 gins just over the line in adjoining counties, beginning at Seagraves and going east, north and west. Seagraves has two or three gins, Loop and Ashmore one each, two at Welch, one each at Newmore, Westpoint and Lakeview in Lynn county. About three at Ropesville and one at Locketville, one on the Levelland road, all in Hockley county.

Mr. Foy gave us the following ginnings at the last day of each month up to December 31:

September 30	974
October 31	17,013
November 30	44,106
December 31	63,548

The Old Oaken Bucket Subscribers

We remember several years ago that a country editor somewhat poetically inclined, came up with a poem on the "Faithful Old Subscriber" that rhymed to "Old Oaken Bucket" that hung in the well. We wish we had clipped the poem and preserved it, as we think of the piece every time a raft of old readers drop in to renew.

Some of them tell us how long they have been reading the Herald, especially if the period runs more than 20 years. But whether or not you are renewing for the second year or the 40th, your subscription is highly appreciated. Here are some of the past two weeks:

Mrs. Claude Merritt, Cornelia Peters, W. P. Forbes, L. R. Riney, W. M. Wooley, J. D. Williamson, Earl McNeil, Mrs. L. R. Rinn, city and routes; Howard Guffin, Meadow; W. M. Smith, Rt. 3, O'Donnell; Harve Harris, Tatum, N. M.; Dr. Dubany, Nebraska.

The new ones are Rev. L. D. Cleveland, Clarendon; L. O. Smith, Plains; L. L. White, city; L. A. Rhyne, city; Don W. Harman, Oklahoma City; H. P. French, city; Ralph Murry, Rt. 4, city; T. C. Marshall, city; Mrs. Fred Thigpen, Jal., N. M.; Mrs. Dr. Copeland, Coolidge, Ariz.; G. I. Sims, Fort Worth.

West Texas Negro Principals and Coaches Meet At Wheatley

West Texas colored school principals and coaches of the South Plains area association were guests of the Wheatley school faculty last Sunday. About twenty schools were represented and plans were formulated to organize the Negro school executives into a formal organization in order to foster "inter-cultural relationships" and at the same time to bring about a better organized and finer athletic program of competitive sports in general.

The tentative date set for the Class C tournament in basketball was set for March 15, with Brownfield being the popular choice of the officials, to entertain same.

After refreshments were served by the Wheatley colored school faculty, the group made a tour through the modern school and many comments were made as to the fine example that Brownfield was setting for other communities in modern Negro school construction.

The group will meet next in Lamesa, on the first Sunday in February, according to Principal Tieluel of the Wheatley school.

Mrs. Faye Smith Receives 15-Year Service Pin From Telephone Company

Mrs. Faye Smith, evening chief operator here for Southwestern Associated Telephone Company, was honored in an informal ceremony Wednesday morning, when she was presented a 15-year service pin.

Mills Roberts of Hobbs, N. M., district manager for the company, made the presentation to Mrs. Smith, who has been a telephone operator the past 15 years. This is the first time in a number of years that a Brownfield "hello" girl has been honored.

Nearly 13 1/2 Inches Of Rain in 1951

According to records kept by the local US Weather Bureau, exactly 13.42 inches of rain fell in Terry county during the more of less good year 1951. The measurements were in Brownfield, and of course will vary radically over the county. Portions of west and north Terry perhaps got near 18 or 20 inches, the normal rainfall.

On the other hand, there are portions of south Terry that didn't get six inches during the growing season, and the east part of the county showed a shy rainfall, perhaps around 9 or 10 inches. Here in Brownfield we give the month by month rainfall—zero in December:

January	0.08
February	0.52
March	0.78
April	0.07
May	4.74
June	0.29
July	0.35
August	4.98
September	0.78
October	0.76
November	0.12
December	0.00
<hr/>	
	13.42

Don't Slack Up on Rabies Possibility

According to the South Plains Health Unit, the area covered by the five counties, Dawson, Gaines, Yoakum, Hockley and Terry, has been remarkably free from rabies the past year. But we are warned to watch out this spring.

The reason is that in south and east Texas, they have had lots of rabies the past year, and due to the fact that many migrant workers brought their dogs to this section this fall, we may have some cases here this year.

Records show that of the heads of suspected animals examined at Austin, 121 heads of dogs, skunks and foxes showed positive in the past few weeks, ending December 3. You are warned to watch the action of any animal that may be suspicious. Maybe the first 1952 case of rabies.

New York Resident Injured in Accident

Mr. and Mrs. A. Schiller and daughter, Carol, of New York, "skidded on ice" last Friday morning, and Mrs. Schiller suffered severe shock, while her husband and daughter miraculously escaped injury, when their car turned over several times one mile south of Meadow.

The 1950 Chrysler apparently hit a soft shoulder, skidded into the field and turned over several times before hitting a telephone pole.

Enroute to California, where they plan to make their home, Mr. Schiller and Carol feel very fortunate not to have received injuries. Mrs. Schiller did not have any broken bones, but was confined to Treadway-Daniell hospital several days this week for treatment.

In some Malay weddings the bridegroom's party must engage the bride's protectors in mimic battle and pay mock ransom.

Stricklin Speaking By Old He

One of the prettiest Christmas cards we received was from Dr. Dubany, of Clay Center, Nebr. The picture in question looks like the capalo on the national capitol at Washington. It was erected in the little city of Minden, Nebr., by the City Light Commissioner. It is beautifully lit up with varied colored lights at Christmas times, and we feel sure the picture does not do justice to the actual scene.

One of the best ones we have heard recently concerned a family that moved to a new place about January 1. The small children were left at their grandparents' home, until the moving was over, as you remember the weather was quite rough.

When the children were brought home after the house was warmed up, the eldest, a 4-year old daughter remarked: "Looks like the same furniture we had at the other place." Could be.

Which reminds us that the mink coat episode at Washington has had a very adverse effect on mink coat sales legitimately. According to the dealers, so much huff and hurrah has been made of the Washington affair, that ladies whose family have no black marks, do not want to be seen in a mink coat.

Back to small children, we get so confounded mad every time we think about that dirty couple over at Vernon, on Christmas Eve, beating up that little 4-year old boy, until he was near dead, when found. While partially paralyzed from the beating, he is said to be recovering in a Dallas hospital. He is receiving toys and a cash fund from all over the state.

His mother and step-jerk father are in an undisclosed jail awaiting action of the Wilbarger county grand jury. We hope they get the limit of the law. We have no need of such beasts.

Ho, hum! You good old fashioned people have probably seen some jerks in your life that never made an honest penny themselves in their lives. They have either inherited what they have, or have had a lucky break. They are the kind of gentry that expect the

common run of the mine people to refer to them as Mister Peterdick.

Judging by their great show of dignity at a distance, you'd take them for the President of the National City Bank, NY. But after knowing them awhile, they become just about as repulsive to good, honest people as a wart hog. Their old dads and mothers may have been the salt of the earth, but they have departed from their raising.

Boy, we heard a hot one this week that came pretty straight to us. One employer called a vestry meeting of the employees and forbade them to fraternize with the employees of two other like concerns here in our beloved little city.

And up to this time, we thought people were free to act on their own after work hours. We had an idea that although there is a drift to the left up at Washington, that we folks in the provinces still enjoy freedom of action, speech, press and a trial by jury of our peers. But maybe we are behind the times. We understand there was at least one employee that decided for themselves that their time after work hours was their own, and that they were capable of selecting their own associates.

Anyway, the birth of four children, at one sitting might be calculated to stun the best of us. Up there in Yuyawk, such happened to a couple, when the stork appeared on the scene with three daughters and a son in one package. They had a five room apartment, but already were blessed with three children aged 5, 4 and 3.

Anyway, the dispatch said the father owned a liquor store. So, he should be able to provide more room—as needed.

For the benefit of the Steer-Telegram over there at Cowtown, our new County Judge's name is Lang, not "Tang." Nothing "Tangy" about our new County Judge, just a good old west Texas man.

Well, at long last, General Ike has let it be known that he is a GOPer and not a Donkeyerat. But so far no one knows any more about what he stands for on foreign affairs or domestic than the man in the moon. At the same

time he announces that he will stay with the NATO for some time until he gets western Europe defense well under way, if that is possible.

In the meantime, it appears to us that it is sorter like buying a pig in a poke, and so far as we are concerned, we are not about to vote for any man who does not take the trouble to tell us what he stands for. Personally we admire Gen. Eisenhower, but we want to know what he stands for politically. If he is the least bit infused with Socialism, he's out with us. As far as the Democratic party is concerned, there is no such animal now.

It went out during World War II, and it is no longer our baby. The walled leftists grabbed it off. Still fresh in our mind, is the fact that Ike as a GOP candidate might not set well with Bro. Truman. Remember another general by the name of MacArthur who went the way of all flesh at the behest of H.H. HST? Many thought Harry was trying to convince Ike at their conference, last summer that he was a Demosocialist.

Politically speaking, one of the silliest things we have seen lately was from a "Destrict Jedge" up at Lubbock. A reporter for the Avalanche was interviewing the many who were qualifying as voters by getting their poll tax receipts. A whale of a lot of them state they were getting ready to swat HST if his name appeared on the ballot this fall.

But not this judge, who is supposed to have a level head on his shoulder. No, he said he would vote for a rotten Democrat before he would a Republican. Of course as many know, this man has had his biscuit in the sop from the public trough for many years, and he's afraid his oats might be cut off. If he lived in our voting precinct, we wouldn't support a man of such moronic expression for dogpelter.

The dodo bird, a large flightless pigeon that used to live on the island of Mauritius in the Indian Ocean, became extinct during the 17th century.

The year of highest U. S. farm income was 1947 when the total reached \$17 billion.

We Cordially Invite You To Come In And See The NEW 1952 STUDEBAKER

Pace-setter for Studebaker's strikingly designed new 1952 models is the "Starliner," a five-passenger, hardtop convertible. It is offered in both the Champion and Commander lines, and is available in eleven different two-tone color combinations. Rebekah Officers Installed for 1952

Officers were installed for the new year at the regular meeting of the Brownfield Rebekah Lodge No. 56, at 7:30 o'clock Monday night in the IOOF hall.

The new officers include Mrs. L. V. Wagner, noble grand; Mrs. J. T. Bryant, vice grand; Mrs. W. N. Lewis, secretary; treasurer, Mrs. Jay Barrett; chaplain, Mrs. Marion Stone; warden, Mrs. H. B. Parks; conductor, Mrs. C. L. Aven Jr.; right supporter to noble grand, Mrs. Claud Buchanan; left supporter to noble grand, Mrs. Alva Christopher; right supporter to vice grand, Mrs. Wayne Brown Sr.; left supporter to vice grand, Mrs. Eda Belle Walker; right supporter to past noble grand, Mrs. Ocie

OFFICERS NAMED FOR DELPHIAN CLUB

Officers for the next club year were elected at a business meeting of Delphian Study Club members last Wednesday afternoon, January 2, when they met at the home of Mrs. W. C. Burrow, 913 East Cardwell.

Mrs. J. O. Burnett Jr. will be president next year, and other officers named were Mrs. R. W. Baumgardner Jr., first vice president; Mrs. Otto Butler, second vice president; Mr. H. Bearden, recording secretary; Mrs. Fred Vandell, corresponding secretary; and Mrs. Martin Line, treasurer.

Mrs. Burrow, president, presided during the business meeting, and a parliamentary drill was conducted by Mrs. Baumgardner.

The nominating committee for new officers included Mesdames Geo. Steele, chairman, Mrs. C. L. Aven Jr., and W. F. Tipton.

Cake and coffee were served by the hostess, Mrs. Jerry Stoltz to the following who attended Wednesday's meeting: Mesdames Aven, Bearden, Wayne Brown, Burnett, Burrow, Line, H. B. Parks, W. T. Pickett, Steele, Tipton, James Underwood, Vandell, Tim Faulkenberry, John Venable, W. H. Moore, and Baumgardner.

Seleta Jape Brownfield club-house will be the scene for the meeting next Wednesday afternoon, January 16, at 4 o'clock, when Mrs. Venable will be program chairman. Subject for the Guest Day program will be Fine Arts; Mrs. Moore will be hostess.

PLEASANT VALLEY ART CLUB ELECTS OFFICERS

The Art Club of the Pleasant Valley community met last Friday, January 4, in the home of Mrs. Zelma Willis.

Roll call was answered by eight members: Mesdames Willis, Durham, Hinson, Riley, Massengill, Moore, Tatum and the hostess.

After reading of the minutes of the last meeting, officers for 1952 were elected as follows: President, Mrs. Rosa Jean Hinson; vice-president, Mrs. Lucille Willis; secretary, Mrs. Zelma Willis; and reporter, Mrs. Imo Riley.

Mesdames Cortellia Moore, Freddie Tatum and Bertha Dunn were appointed members of the year-book committee.

After the meeting adjourned refreshments were served to the members present and one new member, Mrs. Gladys Smith.

Making dress forms will be the topic for the lesson at the next meeting on January 12.—Mrs. Imo Riley, reporter.

Club Calendar

Tuesday, January 15 — "Our Youth Gives Us Concern" will be the subject for the program at the Mesids and Matrons club regular meeting at 4 p. m. at Seleta Jane Brownfield club-house. "Drug Addiction" will be discussed by Mrs. F. G. White, and Mrs. W. A. Bell will be hostess.

Delphian Study club will meet at 4 p. m. Wednesday, January 16, at the club-house for a Fine Arts program, led by Mrs. John Venable. Mrs. W. H. Moore will be hostess.

Altruist Club Hears Book Review

Mrs. Roy Wingerd gave a review of the book, "The Road to Bithynia," the story of Luke, the physician, at the regular meeting of the Altruist Club Tuesday night. The review was enjoyed very much.

Mrs. Thurman Skains was hostess to members of the club at her home, 1011 East Reppito. Mrs. Edgar Watson presided at a business meeting and officers were nominated, to be elected at the next meeting.

The group discussed their project of assisting with clinics at the health unit, and made plans for the clinic to be held in March for crippled children.

The hostess served congealed salad in orange baskets and coffee to the following: Mrs. Wingerd and members Glyn Bilbrey, Hub King, Bill Liles, Ben Monnett, Russell Stephens, John Wadell, Watson, David Platt, Norman Grine, Alvin King and H. G. Weatherford.

The next meeting will be on January 22 at the home of Mrs. Norman Grine.

WCS FAITH CIRCLE HAS BIBLE STUDY

Twenty women met in Fellowship Hall of the First Methodist Church Monday afternoon at 3 o'clock for the Bible study from the Book of Acts, led by Mrs. G. S. Webber.

Mrs. Wayland Parker led a devotional before the study, and others on the program were Mesdames W. T. Briscoe, Jim Griffith, John Portwood and D. D. Denison.

Members of all circles will meet at the church next Monday afternoon for the monthly World Outlook program.

METHODIST YOUTHS TO MEET IN TAHOKA

Several members of the Brownfield Methodist Youth Fellowship, including Billy Mack Merod, Billy Thomason and Jerry Anderson, will accompany Mrs. Dallas D. Denison to Tahoka Saturday afternoon for the Lubbock District Youth Conference, which will be held at the First Methodist Church there.

Subject for the program is "What Christianity Means to You," and about 150 members of the MYF from the entire Lubbock district will attend.

Mrs. Cecil Matthews of Lubbock is district youth director. Mrs. Denison is acting superintendent of youth work in the Brownfield Methodist Church.

REPORT OF POOL H. D. CLUB

Pool Home Demonstration Club met Wednesday, January 2, with Mrs. J. D. Howard.

Due to the bad weather, most of the members were absent and we had no program. The next meeting will be held on January 22.—Mrs. W. M. Joplin, reporter.

Gift Party Honors Mrs. Jerry Yost

Mrs. Jerry Yost, the former Miss Mary Lena Winston, was honored with a "come and stay one hour" miscellaneous and informal gift party at the home of Mrs. Annie Belle Barrow, 413 North 5th street, Friday afternoon from four to five o'clock.

Hostesses with Mrs. Barrow were Mesdames Ernest Latham, Geo. Hudspeth, H. Heath, A. Nunn, O. L. Jones, Roy Collier, J. D. Akers, L. M. Lang, Nannie Hamilton, Loy Lewis, J. T. Bowman, Bruce White, Herman Chesshir, and L. B. Forbus, and Miss Creola Moore.

Guests registered in the bride's book, decorated with American

Beauty red roses. The bride wore a corsage of red roses.

An informal program was presented, and Billy Walker and Ruedell Bradley sang a clever song, "I Will Marry You."

Many beautiful gifts were displayed around a cluster of Texas fall leaves. After guests viewed the gifts, they were served orange spiced tea and cookies.

Thirty-five guests called, and many sent gifts who were unable to attend.

Mrs. Yost, daughter of Mrs. Homer Winston, was married to Jerry Yost in Lovington, N. M., in December.

Around The Corner — And Down The Street

By Margaret Bandy Coward

Red Smith and Mrs. Isaacs at the Chamber of Commerce office sent out 272 placards and membership cards to business firms last week for 1952. On the placards are printed, "Member Brownfield Chamber of Commerce 1952 — An Investment In Progress."

SOMETIMES WE THINK WE HAVE TROUBLES

Mrs. W. F. (Bill Tipton and daughters, Peggy, 4, and Kay, 7, went to Friona to spend Christmas with their husband and father, who is a toolpusher for an oil company. They stayed in a tourist court, where Santa Claus found them . . . but on Christmas Day Peggy broke out with chicken pox! Kay had recovered from the "pox" and it had been 20 days since she first took them. Mrs. (Mary) Tipton is from Illinois, and we could not help but think about her and her family during the Thanksgiving holidays, when she said, "It is too far to go see the relatives" . . . then Christmas Day we thought of her again, when most of us went to Grandma's and enjoyed the day with brothers, sisters, aunts and uncles and cousins!

The Tiptons reside at 409 North A street, and Mary does not fail to like Texas, and especially Brownfield . . . it's just the holidays that are hard for her, as well as many others who are so far away from loved ones.

Incidentally, it is hard to tell the difference in Mrs. Tipton's and Mrs. K. B. Sadlier's voices over the telephone!

There were 362 babies born at the Treadaway-Daniell Hospital in

1951.

Visitors several days last week in the homes of Mr. and Mrs. D. P. Lewis and Mr. and Mrs. R. L. Lewis were Mrs. Vivian Small and daughters, Patricia and Billie Faye, of Los Angeles, Calif. Mrs. Small is a niece to Mrs. D. P. Lewis. They had been to El Paso, where they attended the Sun Carnival. Billie Faye, who is a student at West Texas State College, Canyon, was a Sun Princess at the Sun Bowl during the New Year's festivities. Mrs. Small and daughters went to Ralls from here for a visit with her mother, Mrs. Jennie Way. They formerly lived at Canyon.

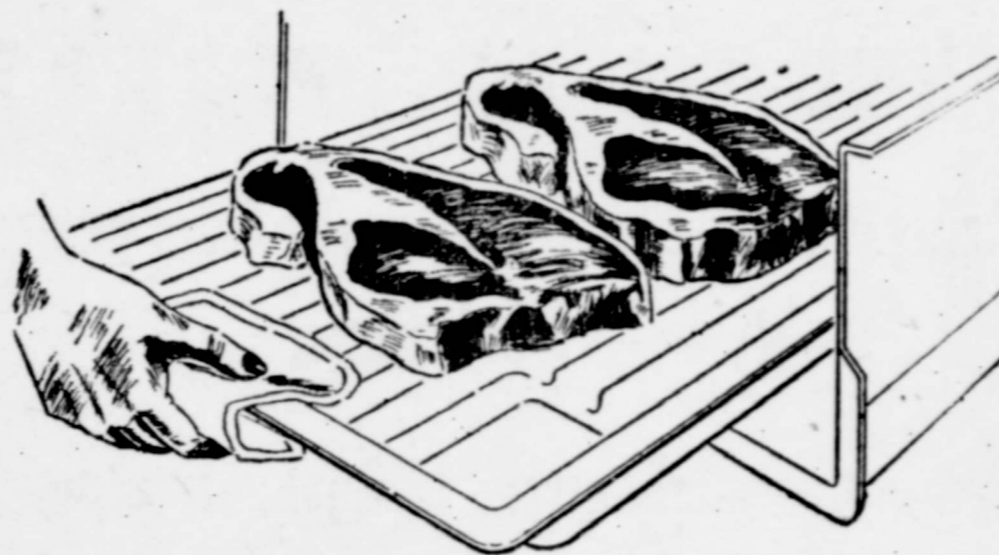

We offer our congratulations, too! Tom C. Gooch, Dallas Times-Herald president and editor in chief. He's a cousin to Edith Stricklin, the Mrs. Jr., here at the office!

In the Sunday Fort Worth Star-Telegram is a picture of Mr. Gooch and an interesting story about his achievement, entitled "Country Boy of Dallas Trying to Avoid 'Struts'."

The story was reprinted from Editor & Publisher, and tells of his start in the newspaper business, how he started as a cartoonist and police reporter. "We finally abandoned the cartoons. It cost too much to make the cuts. They weren't very good, anyway," he said. Gooch has been with the Times-Herald for 50 years; the Times-Herald itself recently had its 75th anniversary.

Well, Money Price will devote

Broil
with no kitchen smoke

...in your
Modern Gas Range

WHEN you broil in your modern automatic Gas range, the clean blue Gas flame consumes grease spatters and smoke—with broiler door closed. Since these vapors are consumed, there's no smoke to drift through the house or settle on kitchen walls and curtains. Whether you're broiling steaks, chops, fowl or fish, the efficient Gas flame has a fast searing action which seals in all the natural juices and flavors . . . it's the modern way to broil—and smokeless, too! See your dealer today if you don't have a modern automatic Gas range.

WMU Circles Study Book 'Go Ye'

Members of circles of the Women's Missionary Union of First Baptist Church studied the book, "Go Ye" by Floyd Barnard, in separate meetings Monday afternoon.

The Bagby Circle met at 3 p. m. in the home of Mrs. W. H. Collins, 121 West Main, with nine members present. Mrs. D. P. Carter taught the lesson. Mrs. Jones Weathers, Baptist pastor's wife, visited this circle.

Mrs. K. W. Howell was hostess to members of the Lois Glass Circle at her home, on Tahoka Road, at 3:30 p. m. Eight members were present, and Mrs. A. W. Turner was in charge of the lesson.

Janelle Doyle Circle met at 4 p. m. at the home of Mrs. E. L. Redford, 310 North Fifth street, with ten members present. Mrs. Luther Cowan taught the lesson.

Seven members attended the Blanche Grove Circle at the home of Mrs. J. T. Auburg, 514 North Fifth street, and Mrs. L. J. Dunn

Guests in the Wayne Brown home the past weekend were Mr. and Mrs. Ralph Riley and small son of Odessa. Also visiting in their home were Mr. and Mrs. J. A. Benton of Lubbock.

S. K. Turnbow, 73, was admitted to a Lubbock hospital Saturday and has been in critical condition, suffering from anemia. Father of Mrs. L. M. Lang of Brownfield, Mr. Turnbow's home is in Carlsbad, N. M. His condition is reported to be improving.

Sr. taught the lesson.

Lucille Regan Circle met with Mrs. James Fitzgerald, 605 South Fifth street, and nine members were present. Mrs. Otis Larner discussed the lesson.

Thursday afternoon the First Baptist Church WMU was hostess to members from Calvary Baptist Church, Tokio, West Side Baptist Church and Gomez, when Mrs. Amos McMillam reviewed the book, "A Guide to Community Missions." Mrs. McMillam, who is from the Wells Baptist Church, in Lynn county, is associational community chairman.

THANK YOU FRIENDS and CUSTOMERS AND CONGRATULATIONS TO THE PLAINS IMPLEMENT CO.

I wish to thank you for your patronage and the kindness shown me during my years in business here. It has been a great pleasure to do business with each of you and I urge you to continue to patronize this firm.

You will approve of the new owner and the new manager as friends and business associates.

Face-setter for Studebaker's strikingly designed new 1952 models is the "Starliner," a five-passenger, hardtop convertible. It is offered in both the Champion and Commander lines, and is available in eleven different two-tone color combinations. Upholstery trim includes two different nylon options as standard, and two leather options as extra-cost choices.

The Low Down From Hickory Grove

Well, nice people, at this time of year, and trying to deduct what to do next, is not too difficult, if we will tune-out the rattle and clatter talkrelax—be ourselves.

Our nation in a 150 years has grown into quite some punkins. With more ice boxes, telephones, automobiles, ye Olde Beauty Shoppes, darkened night spots, and killings on our highways, than enjoyed by any other nation, we are feeling our oats. And to waltz out and examine an old tried and true saying, "chestiness goeth before a fall," it is time, almost, to call the ambulance.

Nobody likes a wise guy, a braggart. With our biggety, free spend-

ing type of Govt., we have made many frinds, world-wide — fair weather type, that is—but to the very ones that we imagine we are impressing with our superior and lavish grandness, we are garden variety suckers.

We know as well as we know 2 and 2 that Washington, and Franklin, and Jefferson knew what they were talking about. They said we should mind our own business—their method was as simple as that—it worked. Look at us now—our tail over the dash-board—an income tax gent around every corner—still acting half pixedated—and in debt up to our collar button.

Yours with the low down,
JO SERRA.

OLD HARRISON IS BACK IN THE RACE

The Texas Liquor Control Board Inspectors in November reported the seizure of six illicit stills.

With the stills, which had a cubic capacity of 330 gallons, inspectors captured 790 gallons of mash and made three arrests. Five gallons of moonshine liquor were destroyed.

Two stills were taken in Harrison County, two in Marion County, and two were taken in Titus County.

Probably Widest Twains

A Sunday School class was composed of three-year-olds. The teacher asked the tots: "Do any of you remember who St. Matthew was?" No answer.

"Well, does anyone remember who St. Mark was?" Still no answer.

Surely, some of you must remember who Peter was? The little faces were full of interest, but the room still remained quiet. Finally, a tiny voice came from the back of the room: "I fink he was a wabbit."

Santa Fe Magazine

40 Producing Wells Completed in County During Year 1951

A total of 3,079 producing oil wells were completed in Railroad Commission District 8 during 1951. Total footage drilled in completing these producers was 17,188,049. Estimated cost of drilling was \$2,508,945, including loss in the bore between total depth drilled and plugged-back total depth of subsequently completed oil wells. Estimated cost of drilling this dry hole footage was \$25,089,450.

Scurry County led in completed oilers with 468, with Midland County a close second with 451. Ector County was in third place with 412.

Midland County, however, was the top county from the standpoint of total footage drilled in the completion of its producers. Total was completed, producing oiler footage for the county was 3,358,028. Scurry was second with 2,772,233 feet. Ector was third with 2,727,233 feet.

Andrews County was high on the list with 293 completed, producing oilers. Total footage for these completed oilers was 1,427,380.

Completed wells and footages, by counties:

County	Completed Wells	Footage
Andrews	293	1,427,380

T/S Thompson Assigned To Comptroller HQ

Technical Sergeant Mansel E. Thompson of Brownfield has recently been assigned to the Comptroller Office of Headquarters, Fifteenth Air Force, at March Air Force Base, Calif.

Sergeant Thompson is the son of John E. Thompson, 221 N. 11th Street, Brownfield. He was born in Tokio, Texas, and graduated from Brownfield High school in 1946. He joined the Air Force in July, 1947, at Roswell, N. M. He has spent eight months overseas serving three months in England and five in the Pacific with the Far Eastern Air Force.

The Fifteenth Air Force, Sergeant Thompson's new assignment, is one of the three numbered air forces in the Strategic Air Command (SAC).

New Magazine On Soil Conservation

Landowners around Brownfield are getting their first copies this week of the landowners' magazine of Texas, a sort of grass-roots proposition undertaken by the men and women who own and operate the millions of acres of land in the State.

The Magazine, called "Soil and Water," contains 40 pages of information on conservation in all the major sections of Texas, plus a cover printed in color.

Established by the District Supervisors of the 164 Soil Conservation Districts representing over 142 million acres of Texas land, the magazine, to be issued monthly, points out in its first issue that "conservation isn't something you achieve and then sit back and admire, like a twelve-point buck over the mantle, its a continuing job and will never be finished as long as man makes a living off the soil."

Achieving conservation through Soil Conservation Districts, it adds, is "the very essence of democracy. The nation's Soil Conservation Districts, operated by the landowners themselves, constitute a new nationwide declaration of faith in democracy at a time when the fainthearted fear the breakdown of our type government."

Contents of the magazine, which is printed on glossy paper, includes numerous pictures of soil conservation results throughout the state, articles by experts on conservation, a statement of purposes by the President of the Association of Texas Soil Conservation District Supervisors, M. C. Puckett of Fort Stockton, a short history of soil conservation in Texas by Louis P. Merrill, Regional Director of the Soil Conservation Service, and announcement of the annual meeting of the Supervisors in Brownwood January 23-24, 1952, and numerous feature articles on soil conservation accomplishments in all its phases throughout the State. Publication offices of the magazine are in Temple.

Baptist to Hold Evangelistic Meet

DALLAS.—Texas Baptist pastors, singers, and lay people will gather in Fort Worth January 14-16 for their sixth annual statewide evangelistic conference.

Ten thousand Baptist are expected to attend the meeting, according to Dr. C. B. Jackson, associate secretary of evangelism for the Baptist General Convention of Texas. Headquarters will be the Will Rogers Coliseum in Fort Worth.

Denominational leaders from Texas and three other states will address the conference crowds on some phase of the general theme, "The Bible Speaks . . ."

WEST TEXAS MOTORS-----220 SO. 5TH

Price of Foghorns Requires 13,000 Word OPS Order

In one of his Washington columns, Steffan Andrews of the North American Newspaper Alliance quoted a Congressman as saying: "In the ten commandments there are 297 words, in Lincoln's Gettysburg address 266 words, but in an OPS order setting ceiling prices on manually operated foghorns there are 12,962 words."

No one would expect the master-minds at OPS to produce anything within cannon shot of the ten commandments or the Gettysburg address. But the OPS order on the vital subject of foghorn prices is a perfect example of how the bureaucrats work, once they get a taste of power. The red-tape gets thicker and thicker. The orders become more and more verbose—and, of course, more and more difficult to understand and follow. Some of the OPS orders, in fact, have been masterpieces of utter confusion.

The people who make and sell foghorns undoubtedly spent some sleepless nights trying to get their teeth into OPS' 13,000 word order. And they aren't the only ones. It's a safe bet that there isn't a producer or a distributor in the country who hasn't gone around talking to himself after reading one or another of OPS' literary efforts. Some of them, indeed, proved to be totally unworkable, and OPS had to hustle out changes and amendments.

In a situation like this, every producer and merchant becomes, willy-nilly, a law breaker. And if anyone thinks that such a situation helps the consumer, he should think again. More and more of the time, effort and money of manufacturer, retailer and all others involved must be given to trying to untangle the red-tape and to following the orders as best they can. That's one way to hamstring an economy.

Apples should be stored in a cool, well-ventilated room during the winter. The temperature of the storage room should range around 40 degrees or slightly over.

PLAINS NEWS

T. J. Crawford of Friona is visiting his daughter, Mrs. A. C. Watson and family.

Mr. and Mrs. Jesse Hale were in Big Spring a few days with Mrs. Hale's sister who is ill.

MEADOW NEWS

Mr. and Mrs. James Selman of Hobbs, N. M., are announcing the arrival of a daughter, Patricia Ann, born December 30, at a hospital in Hobbs. The mother is the former Miss Mary Jewell Gober of Meadow.

Mr. and Mrs. Sullivan and son moved to Brownfield last week to make their home. Mr. and Mrs. Jack Fore and family moved in the house vacated by the Sullivans, and will make their home there for this year.

Mr. and Mrs. Edd Peek visited Sunday evening in the home of their daughter, Mrs. Essie Gray, and family of Brownfield.

Mr. and Mrs. Albert Joplin and children of Seagraves visited in the Edd Peek home Thursday evening.

Mrs. J. H. Gober spent the past week at Hobbs, N. M., with her daughter, Mr. and Mrs. James Selman, and daughter, Patricia Ann. Barbara Russell, who has been sick for some time, is improving enough to be up some of the time.

Mr. and Mrs. Fred Zimmerman of Denver Colo., spent the week here with her parents, Mr. and Mrs. Leslie Brook, and brothers, Robert, Corky and Jesse and family. Mrs. Zimmerman is the former Annie Belle Brook. The couple were married in Denver a few days ago.

Mrs. E. H. Coston has been sick the past few days.

Mr. and Mrs. Ray Castleberry and daughter, Linda, were in Brownfield Friday on business.

The sewing club will meet at the home of Mrs. L. J. Carruth Thursday evening at 2 o'clock.

Mr. and Mrs. Leon Saffell and Ted and Anita were in Lubbock Saturday visiting his brother, Leo Saffell, who is a patient in a hospital there.

Mrs. Carl Russell is in San Antonio to be with her daughter, Mrs. James Fox, who is in a hospital there.

Mr. and Mrs. Don Mitcheell and daughter, Donna Kay, of Lubbock

Next Month Is 'Texas Property Defense Month'

February will be "Tidelands Defense Month" in Texas, the Statewide Tidelands Committee has announced through its chairman, Guy C. Jackson Jr., of Anahuac.

Attention of Texans will be called to the tidelands issue by means of newspaper advertise-

ments and stories, radio broadcasts, magazines and other means, the chairman said.

Funds will be sought to carry on a national campaign for Congressional action quit-claiming the tidelands to the states.

"We are faced with a determined fight in Congress this next session," Jackson said. "We must carry the facts of the tidelands case to the people of every state in the nation. We must finance the cost of sending nationally-known Texans into every state to carry the facts to the people. Then we are confident Congress will act favorably on legislation which will nullify the effects of the Supreme Court decisions."

Representatives and member organizations of the committee are as follows: Governor Allan Shivers, Attorney General Price Daniel, and many other state officials, as well as organizations and private individuals.

spent the weekend with her parents, Mr. and Mrs. Vernie Decker. Mr. and Mrs. Carl Stephenson and family moved to Meadow last week and will make their home here.

Mr. and Mrs. Bill Pendergrass and son of Brownfield visited his parents, and attended services at the Baptist Church Sunday morning.

The WMS met Monday at the Baptist Church at 2 p. m. for Bible study with the teacher, Mrs. C. E. Hicks, in charge of the lesson.

Mrs. W. T. Arnett spent the weekend in Lubbock with her daughter, Mrs. Kirby Nutt, and family.

Delinquents From Local Draft Board

Mrs. Joyce Glick, clerk for Selective Service Board No. 116, reported this week names of 12 men whose whereabouts are unknown, and asked anyone knowing the addresses of the following, to please notify the local draft board:

Homer Ray Thompson, Gergoro Hernandez, Charles Douglas Reynolds, Gaudalupe R. Gonzales, Ernest Lee Harris, Jessie BD Wilson, Benito Flores Torres, Jose Hernandez, Alfonso Rodriques, Felipe Andaco, Filimon Yvarra, and John Henry Moore.

It takes a pressure of from eight to 15 pounds to break a normal egg. It takes an 18 per cent greater force to break the same egg on the small end than on the large.

A goldfish put alone in a bowl will become so lonely and frustrated as to actually wind up a "mental case."

Welcome Small Fry Newcomers

A son, Tommy Dale, was born to Mr. and Mrs. Tommy Henry Smith of route 5, Brownfield, Dec. 27, weighing eight pounds, two ounces. The father is a farmer.

A daughter, Belynda Gale, was born to Mr. and Mrs. Buster Steen, 701 East Main, Dec. 28, weighing eight pounds. The father is employed in a paint and body shop.

A son, Michael Ross, was born to Mr. and Mrs. Ross Sterling Ellis of Brownfield, Dec. 28, weighing six pounds, fourteen and a half ounces. The father is associated with the Soft Water Service.

A son, Bobby Ray, was born to Mr. and Mrs. H. B. Bingham, 409 North 11 St., Dec. 28, weighing nine pounds and 13 ounces.

A son, Jefferson Wayne, was born to Mr. and Mrs. David Odell Norris, 713 Lubbock Road, Dec. 29, weighing six pounds, nine and one-fourth ounces. The father owns the Norris Cleaners.

Darrel Lane, was born to Mr. and Mrs. Charles D. Ross of Marston Trailer Camp, Dec. 29, weighing eight pounds and two and one-fourth ounces. The father is an oilfield driller.

Mr. and Mrs. J. A. Chambliss, Brownfield, are parents of a daughter, Rhonda Kaye, born Dec. 30, weighing six pounds, 13 ounces. The father is a bookkeeper.

A daughter, Rebecca Sue, was born to Mr. and Mrs. Lee Warren Lidzy, 316 West Main, Dec. 30, weighing six pounds, three and one-fourth ounces. The father is co-owner of Terry County Printing and Office Supply.

Norman Keith was born to Mr. and Mrs. Walter Weldon Cheat-

Nunn Is Sole Owner Of Palace Drug

Congratulations good wishes and all that go out to Arthur Nunn, who has recently bought the interest of his former partner, Mr. B. R. Greathouse in the Palace Drug, Ltd. Hereafter that business will be known simply as Palace Drug.

Since Mr. and Mrs. Nunn came to Brownfield several years ago, and took over the management of this drug store, they have not only made a lot of friends, but customers as well.

All stock in this popular drug store is now home owned and controlled.

A son, Terry Lee, was born to Mr. and Mrs. Lowell Matt West, 105 South Fifth street, Dec. 31, weighing eight pounds. The father operates a second hand store.

A son, Dennis Ray, was born to Mr. and Mrs. Harold Matt West, 105 South Fifth street, Dec. 31, weighing eight pounds. The father operates a second hand store.

A son, Terry Lee, was born to Mr. and Mrs. Harold Wilson, 403 Tahoka Road, born January 3, weighing nine pounds and six ounces. The father is a shop foreman.

A son, Gary Newton, was born to Mr. and Mrs. Lemon Eike of Brownfield on January 3, weighing seven pounds, two ounces. The father is employed by the Terry County Lumber Co.

A daughter, Shannon Beth, was born to Mr. and Mrs. Fred Thomson Adams, January 4, weighing eight pounds, three and one-half ounces. The father is a post office clerk.

Johnnie Eugene King Jr. was born to Mr. and Mrs. J. E. King, 319 West Hill, January 5, weighing seven pounds, six and one-fourth ounces. The father is employed in the oilfield.

Mr. and Mrs. William Glen Gray, route 1, Tokio, are parents of a son, Jim Michael, born Jan. 6, weighing eight pounds, seven and one-half ounces.

OES HAS REGULAR MEET TUESDAY NIGHT

Twenty-five members and one visitor were present at the regular meeting of the local chapter No. 785 of the Order of Eastern Star Tuesday night. Mrs. J. W. Nelson, worthy matron, presided. After a business session, one candidate was initiated into the OES. After the close of the meeting, refresh-

ments were served by Mrs. Ione Turner, hostess.

The Esther's night program, scheduled for Tuesday night, had to be postponed, Mrs. Nelson said, and will probably be held at a later date.

Mechanical drying reduces the danger of fire from spontaneous combustion in hay.

Roy Collins has returned to his home in Lancaster, S. C., after visiting his mother, Mrs. Fred Smith, and Mr. Smith also relatives at Big Spring, Coahoma, Plainfield and San Angelo. He left from San Angelo by plane.

Mr. and Mrs. Bernard Lay have leased their store at Johnson and at present living in town.

STRANGE FACTS ABOUT POLIO

DIESEL ECONOMY with CUSHIONED POWER

MASSEY-HARRIS 44 DIESEL

A different kind of Diesel farm power, the Massey-Harris 4-cylinder 44 Diesel brings new efficiency, economy, pulling power... new money-saving field performance to the Diesel farmer. It's the result of an amazingly simple engine design. A special firing chamber—called a Dyna-Cell—creates a cyclonic rotary turbulence of the burning fuel on every power stroke. Burning fuel swirls the full length of the stroke exerting equal pressure throughout piston travel. Fuel burns slower, smoother... delivers a pushing force. It's cushioned power. Dependable power. Greater lugging power because there's full power on every stroke of every piston.

See us soon for complete information... be sure to ask about Cushioned Power and Dyna-Cell design.

ANNOUNCING

MASSEY - HARRIS and PACKARD FARM TRACTORS and AUTOMOBILES

We want to meet all of you Terry County people, whether or not you're interested in Tractors or Automobiles. In case you are interested in either, we have both.

We have one of the finest automobiles on the road—the PACKARD—and every farmer knows the MASSEY-HARRIS TRACTOR and other dependable farm equipment put out by them.

TRADE-INS ON TRACTORS WILL BE OUR LONG SUIT LET'S GET ACQUAINTED!

"Your Old Tractor is Worth More on a Massey-Harris 44"

To Take Over Radio Station January 15

New owners of Radio Station KTNM, Tucumcari, N. M., will go there today, Friday to set up operations under the new ownership, and they plan to take over on January 15, according to Dave Worley, who with a group of Brownfield men and others recently purchased the radio station there.

Worley said they received confirmation of the commission approval on Monday, January 7, from Congressman Lindley Beckworth in a telegram, stating that the grant had been approved, which had been applied for on December 3.

The Federal Communications Commission has authorized assignment of the license of Radio Station KTNM as of January 5, to Quay County Broadcasting Company by the MCMA Agency. Price of the transaction was \$80,000.

Brownfield men and others associated in the transaction and the per cent of their holdings are: Dave Worley, KTYF general manager, 20 per cent; Bruce Zorns, active vice-president of Brownfield State Bank and Trust Company, 15 per cent; Murphy M. May, Magnolia agent, 15 per cent; Dan Ophelm, KTYF engineer-animator, 10 per cent; Lloyd Hawkins, general manager of KITI in Longview, 20 per cent; D. A. Benton, Longview oil operator, 10 per cent; Ted Lawson, comptroller for R. G. LeTourneau Corp. of Longview, 10 per cent.

Worley said the Tucumcari station has been on the air since 1941 and is 250 watts, fulltime and a Mutual Broadcasting System outlet. He added that the station is in no way affiliated with the local station, although he will act in an advisory capacity over KTNM. Hawkins will be general manager of the station.

The station was purchased from R. E. McAlister and Grady Maples, who are beginning new operations of a station in Inglewood, Colo., which is a suburb of Denver. McAlister was formerly with KEYO in Lubbock, and KICA, Clovis, N. M.

Hawkins was reared in Ropesville. Mr. Worley said, and his mother still lives in Tahoka.

Missionary

(Continued from Page One)

ing, just as Saturdays are busy days for merchants in Texas." Miss Kinard lives in a bamboo house with plastered walls of mud, no floors, no lights, none of the conveniences that she enjoyed at home. She said the people in Naranjos or the entire state of Vera Cruz are primitive, they have little medical attention, having used herbs for medicines. However, there is a new hospital recently built in the village, and girls of the area are serving as nurses' aides. It is hoped that people in the area will cooperate and appreciate the medical facilities offered them. It is not really cold there, but when a cold snap hits the states, it is usually felt there, Miss Kinard said. "We do not have heaters."

She often helps care for the sick, and sometimes takes a small baby to care for it until its mother is strong again.

"The schools are small, both in size and enrollment," Miss Kinard said. "So many children of school age never attend, as parents do not realize the importance of education...they are too busy having children and trying to feed them, to bother about schools. If a child finishes the sixth year he does not want to go on, although classes are offered through the 11 grade. A small percentage of children ever go higher than the sixth grade."

"One cannot realize that conditions of such needy people really exist only 30 hours from Brownfield," Miss Kinard said. "Missionaries often tell of their experiences with the peoples across the waters, but it is hard to believe that such conditions exist almost at our own back door!"

There is some oil industry around Naranjos, but workers receive such small wages, Miss Kinard added. People have scanty farms on the sides of the hills, but they make very little, and really have a hard time supporting the large families.

"I wish to express my sincere thanks and appreciation for the kindness and interest of the people in Brownfield—and community. You have given me encouragement to go back, and to work a little harder as secretary of the small church in Mexico," Miss Kinard concluded.

Food Facts

By MARIE KIEFER

The American homemaker's use of fresh vegetables has been increasing through the years — to the advantage of her family's health, but there is room for still greater use of vegetables.

The home waste of fresh vegetables and fruits in the United States adds up to millions of dollars each year.

Elimination of waste in the preparation of fresh vegetables for serving not only preserves valuable food content but also is an economical practice in this period of higher food prices.

The green leaves on cauliflower are an excellent source of vitamins. Don't cut them off when preparing cauliflower, and do encourage your family to eat them.

The outer leaves of the lettuce are equally high in vitamin content, so don't throw them away. Chlorophyll in these green leaves is considered a possible deterrent to infection.

Always popular for garnishing and flavor, parsley is now recognized as being vitamin rich. It shouldn't be set aside after it has served its decorative purpose.

Generally speaking, the skin shouldn't be peeled from potatoes before they are cooked. The paring process usually cuts away a considerable percentage of the flesh immediately below the skin, and that portion is the most valuable.

Also, it isn't necessary to pare the thin skin from young carrots. Such peeling can be wasteful and destructive to this wholesome vegetable which needs only to be well scrubbed with a stiff brush.

For the coming holiday season, you may wish to have a copy of National Association of Retail Grocers' "Recipes for Holiday Hospitality." For your free booklet write to me at association headquarters, 360 North Michigan Ave., Chicago 1, Illinois.

Woolley Almost Has To Whip Barbers

Our old friend, W. M. Woolley was in to renew this week, and recited a near fight he had with his barber, recently. For almost all the time since old Noah landed his ark on Mt. Ariat, Mat Smith has been doing some or all Woolley's barbering. First over in Crosby county, then after Matt and family moved to Brownfield and he bought a barber shop here.

Well, sir, you who live in town and have to live from a paper bag, have almost forgotten the taste of steak and ham. While his wool was being extracted, W. M. began to tell how he and Mrs. W. prepared for breakfast. First off, he puts on the coffee pot and then prepared the several patties of home hog sausage or slices of ham to fry. In the meantime, the Mrs. is preparing the biscuits to put in the oven.

Woolley didn't get that far until the hungry, drooling barbers began to tell him to shut up. Just before the conversation developed into a mortal combat, Woolley's hair was all gone, and maybe a slight clipping from his ear.

Anyway, we are hereby inviting ourselves out to the Woolley farm some of these days for a real country breakfast.

Invited them to the house for lunch when we met them over at the post office, but they were evidently afraid they would have to cry when they saw what we had on the table, or lacked having. However, we assured them that they could make out till they got back to Tatum, N. M., and home.

However Harve did drop in for some small talk in the afternoon, and to read Sharley Guy's Shurnal we always purchase. Before very long the Amarillo Daily News-Globe radio station is to broadcast some of Harve's early experiences here on the south Plains.

If we can get the exact date and the hour they start, we're going to tell our readers. We know the story will be interesting.

Report Given From the Brownfield General Minister's Association

The Brownfield General Minister's Association met in their regular monthly meeting Monday morning, January 7, at the First Baptist Church.

The meeting was called to order at 10 a. m. by Rev. D. D. Denison, president, and the opening prayer was led by Rev. Jones Weathers of the First Baptist Church. The devotional thought was brought by Rev. Ray Tatum of the Crusade For Christ team, now in Brownfield.

Members of the association discussed the following during their business meeting:

"This year is election year on a local, state-wide and national basis. The fact that we need the best moral leadership in public office cannot be over emphasized. We feel that if Christian people would do their duty at the polls we would see many important and needed changes in our nation. There are approximately 20 days left to pay your poll tax if you have not already done so. We of the Minister's Association sincerely urge you to pay your poll tax so that you may be able to make your desires known at election time."

Members attending the meeting Monday were Revs. D. D. Denison, John C. Taylor, John R. Ferguson, Jones Weathers, M. A. McDonald, Homer W. Haislip and Jack Pearce.

The next meeting of the General Minister's Association will be on the first Monday in February.

time. Those who do not vote have little right to complain about the way the government is run.

"The ministers of Brownfield would like to express thanks to this newspaper for the cooperation that it gives the churches in the expression of religious and church news.

"This is a day in which we need to acknowledge God as much as possible in everything we do. We would like to urge the different stores and businesses to consider seriously of closing their places on Sunday, the Lord's Day. There is a law in our state to the effect that all businesses must be closed on Sunday. But more than that there is a moral law given us by the Lord himself, that we keep his day holy. We hope that many will lead the way in the closing of their establishments on Sunday."

Members attending the meeting Monday were Revs. D. D. Denison, John C. Taylor, John R. Ferguson, Jones Weathers, M. A. McDonald, Homer W. Haislip and Jack Pearce.

The next meeting of the General Minister's Association will be on the first Monday in February.

Sheriff Murry Brings Parolee Back Here

Sheriff Ocie Murry went to Ballinger Thursday for Ivan S. Hill, who had been charged with forgery here, and paroled on five-year probation. He had broken his parole, Sheriff Murry said, and would be returned here and tried before the district judge. He is reported to have a two-year suspended sentence at Ballinger for disposal of mortgaged property.

Contractors' Notice of Texas Highway Construction

Scaled proposals for constructing 8.967 miles of Grading, Structures, Base and Surfacing from US 380, at Gomez, south and northwest to Road Intersection on Highway No. FM 847, covered by S 1808 (1) & R 1716-1-2, in Terry County, will be received at the Highway Department, Austin, until 9:00 A. M., January 16, 1952, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates, for each craft or type of workman or mechanic needed to execute the work on above named project, now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman or mechanic employed on this project.

Legal holiday work shall be paid for at the regular governing rates.

Plans and specifications available at the office of Carl R. Hart, Resident Engineer, Brownfield, Texas, and Texas Highway Department, Austin. Usual rights reserved.
