

The Terry County Herald

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

Best Advertising Medium

The Herald subscription list is a splendid blend of town and rural readers, folks who can and do pay for their papers—they do not ask or want it donated to them. Many 30 and 40 year continuous subscriptions.

The Herald has grown with this section from strictly a ranch country. This area now consists of thriving towns and cities, supported by scientific farming and stock farming, augmented by huge oil fields, with the nation's largest known oil reserves.

VOLUME 47

BROWNFIELD, TEXAS, FRIDAY, FEBRUARY 1, 1952

NUMBER 28

WATCH FOR THE HERALD COLORED COMICS FEB. 8

Interested in giggling, laughing, guffawing? Interested in the kind of heroism that chills and thrills? Interested in sports and in glimpses of life in the future? Well, you're gonna get all these, AND MORE, in the TERRY COUNTY HERALD.

Starting this Friday, February 8, and every Friday thereafter, we're bringing you a series of top-ranking comics of interest to every member of the family. They are going to be in FULL COLOR and we want you to be good friends with them and their principal characters. So here's a quick look at 'em.

OAKY DOAKS is America's favorite tin-plated hero. Oaky, the strips hero, is a self-made knight in a suit of home-made armor who proves that the age of chivalry is not dead—that knighthood is still in flower—and blossoming with modern improvements.

Astride his plowhorse, Nellie, Oaky clanks through a breathless

succession of thrilling and hilarious adventures. Oaky has only one weakness—a love for blondes, brunettes, redheads, etc.

At present Oaky is the stout right arm of King Conroy of Uncertainia. Also he's being urged by the beautiful Princess Pomona, the king's daughter.

As our story opens, Oaky finds the King has decided to remarry. He's chosen his next Queen through a lonely hearts club and he orders Oaky to accompany him to the Kingdom of Bango to help woo the Princess Whinny.

It takes quite a bit of horse sense to bring King Conroy to his senses, as you'll see when you start the further adventures of Oaky and his King.

Another headline to be introduced to HERALD readers is SCORCHY SMITH, the red-blooded ace among sky-men, a flier whose renown is written in the skies over far-flung lines in Africa, in Europe, in the Pacific as well as in America.

Currently Scorchy is in Indo-China. As agent for the United Nations, he's trying to help UN forces against the rising tide of Red invaders. Together with his side-kick, Tight McKnight, a big game hunter, he's trying to save a beautiful Red spy, Talon, from execution by the Reds who suspect her of treachery. Scorchy tries to hold back the Reds long enough to give a French column of legionnaires time to reach the scene. And not a moment too soon, for the Reds discover the column and open fire. What happens, happens fast and the fireworks are hot, leavened as they are by a herd of wild elephants eager to go on the rampage. Why say more—you'll get the story soon enough when you start to read Scorchy Smith.

DICKIE DARE is another top notch feature to be introduced by the HERALD. It stars Dickie Dare, the young hero of Young America.

Dickie is a modern Tom Sawyer—a down-to-earth, fun-loving kid that comics readers everywhere have taken to their hearts. He will surely capture yours.

Dickie does the things other boys just dream of doing. With his pal, Dan Flynn and his dog, Wags, he sails the seven seas and finds adventure in almost every breeze.

You'll find Dickie in the Far East where his boat, the Dickie Dare, has been captured by Chinese pirates. Lured to their capture by a Chinese beauty floating the sea dressed as a mermaid, they are taken aboard the pirates' junk, to find that further misfortune stares them in the face.

THE ADVENTURES OF PATSY, another top-flight feature, is the only juvenile comic using the background of Hollywood as a regular setting. It is a personally conducted tour of the land of make-believe.

Dewey Runnels Is Candidate in Prec. 2 For Commissioner

Dewey Runnels authorized the Herald to announce his candidacy this week for Commissioner of Precinct 2, subject to action in the forthcoming Democratic Primary.

In announcing for office, Mr. Runnels said: "I would like to take this means of announcing as a candidate for the office of commissioner, Precinct 2. I have lived in the county a long time and have had lots of experience with road machinery and maintaining county roads.

"I feel like I am well qualified to fill this office in an efficient manner and render you the service you would expect. I think the experience I have had would enable me to build better roads with less expense to the county than it would if I had not had that experience.

"If you see fit to elect me to this office, I assure you I will make you a fair and impartial commissioner. Your vote and influence will certainly be appreciated."

Corbin Announces For Second Term As State Senator

KILMER B. CORBIN

"The people of West Texas have been benefited by some very significant accomplishments during my first term as State Senator. It is on the basis of these accomplishments, and with a pledge to continue my work for the best interest of the people of the South Plains that I announce for re-election to a second term," said Senator Kilmer Corbin, in making his announcement for re-election.

Senator Corbin was reelected on a farm at Lamesa. He was educated in the schools there, attended Texas Technological College, and the University of Texas Law School. Prior to his election to the State Senate, he taught school, and served as Principal in schools at Lamesa; was licensed to practice law in 1942, and elected County Judge at the age of 23. In the Judgeship Corbin served three terms, and during these years he became well acquainted with administration of government on a local level. This training has been invaluable in representing this district in the State Senate.

When elected State Senator, Corbin was the youngest member of the Texas Senate. Almost since his service in the Senate began, Corbin has practiced law in Lubbock, and is a member of the firm of Vickers, Vickers & Cobin.

Corbin, 32 years of age, is married; and the father of three children: Barry, aged 11; Blaine, aged 8; and Jane, aged 7. He is a member of the Baptist Church, a 32nd Degree Mason, a Shriner, Past Master of the Lamesa Masonic Lodge, and a member of the Knights of Pythias, the Lubbock Lions Club, the Lubbock Junior Chamber of Commerce, and the Lubbock County Bar Association.

"I have at all times felt that our West Texas people desired representation, rather than misrepresentation, from their State lawmakers. In other words, in my work in the State Senate I have tried to get results for the District, and it is with pride that I point out certain important accomplishments in which I had a part during my first term.

"During the campaign at which I was elected, in the last election held for State Senator in this District, I pointed out that our progress and advancement as an area was dependent largely upon the strength of our voice in State Government, and that West Texas was being discriminated against by representation based upon the 1920 census. I pledged my undivided effort to bring about redistricting which takes into account our phenomenal growth since 1920. You are well aware that such redistricting was passed by the Legislature last year; that West Texas gained roughly eleven new representatives and three Senate seats, and that I was co-sponsor in the State Senate. The twenty-four counties of this Senatorial District have been reduced to eleven counties, and the number of the District has been changed from the 30th to the 28th Senatorial District.

FIRE AT LOCAL SERVICE STATION

A fire alarm was turned in Saturday morning, when a truck that was being washed with gasoline got afire at the Charles Service Station. The truck was not badly damaged, but the ceiling and glass doors of the wash room were badly smoked up, and the glass cracked. This station is located on First street about half way between Main and Broadway.

Eunice Jones, superintendent of the utilities department, informed us that up to Wednesday morning no final estimate was made of the damage. He stated that the alarm turned in late Saturday was a grass fire.

R. J. Purtell to Head Red Cross Fund Drive

R. J. Purtell was named 1952 fund drive chairman of the Terry county chapter of the American Red Cross and Mrs. Walter Hord was named chapter chairman Friday morning at an organizational meeting in the District Court room in the courthouse.

Miss Jean Fitzsimmons, field representative for the American Red Cross from Lubbock was present to help with the organization.

As fund drive chairman, Purtell will be in charge of directing the raising of Terry county's 1952 quota of \$2,085. The county's goal has not been reached in the past five years.

Mrs. Hord as chapter chairman, will be in charge of Terry county's Red Cross program. She serves as head of the board of directors and is responsible for holding regular board meetings and is responsible for the program in the chapter.

Mrs. N. L. Mason will continue to serve as secretary-treasurer for the organization. Mrs. James Findley was appointed home service chairman. Her duties will include giving financial aid and assisting service men in keeping in contact with their families.

A Double Feature At Portwood Motor

Well, folks, here they are. All new, shiny and bright, featuring the 1952 model Ford cars and trucks, all in one visit and one continuous show. So, be at Portwood Motors today, and see the newest in Ford production of cars and trucks. You'll be pleased, we feel sure.

Work is under way over there as this is being written to decorate the show rooms and make them sparkle and span for those new cars. Messrs. John Portwood and Clyde Truly, as well as the other personnel of the Portwood Motor Company will be ready and waiting for you to show you these cars and trucks.

Elsewhere in this paper will be shown pictures of these cars and trucks as well as descriptive matter about them.

BREWER RESIGNS AS FARM FOREMAN

Carol C. Brewer is resigning as farm foreman after three and a half years with the Brownfield Experiment Station to start farming and stock raising at Sidon, Ark.

Mr. Brewer has been a very capable and efficient employee and has made many friends in this area. He originally came to Brownfield from Lamesa.

The station is interested in obtaining applications from men that have had past experience in sandy areas to fill this position.—Hugh G. Porterfield, Project Supervisor.

Tech Coach Guest At Athletic Banquet

The importance of football and other sports in high school and college was discussed by Dewitt Weaver, head coach of Texas Tech, when he was guest speaker at the athletic banquet at Randal school cafeteria Monday night.

Mr. Weaver also told the 150 students, members of the faculty and special guests who attended, that "it is also very important that students make good grades, along with sports."

The welcome was given by head cheerleader, Wynelle Webb, and Supt. O. R. Douglas gave the invocation.

Special musical numbers were by Dale Travis, Lanny Webb, Macky Hord and Bob Ferguson. Dale Travis sang a solo, accompanied by Beverly Wartes at the piano.

Cheerleaders for the pep squad were introduced, and gifts were presented them by the members. Athletic coaches Greer, L. G. Wilson, Farris Nowell and Delvin Webb introduced boys who played football and basketball. Members of the squads presented gift certificates to the coaches.

Coach Weaver showed a film of the game between Texas Tech and College of Pacific, played in the Sun Bowl in El Paso on New Year's. High school principal Byron Rucker offered the benediction.

Among the special guests were John Thompson and Jerrell Price of Texas Tech, who accompanied Mr. Weaver; and members of the school board and their wives.

The banquet was planned by members of the pep squad, under the direction of Mrs. Mary Jane Platt, sponsor.

Irrigation Farmers to Meet February 11

Irrigation farmers in Terry county are urged to attend a meeting in the district court room on Monday, Feb. 11, to discuss irrigation problems with Bob Thurmond of Lubbock, extension service specialist, according to Jim Foy, county agent. The meeting will convene at 10 a. m. and dismiss about 3 p. m. There are now 200 irrigation wells in Terry county. Foy said, and about 11 of these wells are new.

NEW TEACHER AT GOMEZ

Miss Betty Gene Majors of Weatherford has been employed as second grade teacher at Gomez, Supt. O. R. Douglas said. She was graduated from Texas Wesleyan College, Fort Worth, at mid-term.

(Continued on Back Page)

Distributive Education Conference in Lubbock

Supt. O. R. Douglas, Principal Byron Rucker, Thos. C. Handley, instructor for distributive education courses in the Brownfield High school, and probably two school patrons will attend a conference in Lubbock on Monday, Feb. 18, when representatives of the state and district vocational education department will discuss the program.

Plans are to study the revision of the new program introduced by the state department. J. Nelson Slater of Big Spring, area supervisor, will be in charge of the meeting.

Most Important Court Session of All Times

Not in the history of Terry county has there been a session of District Court that has drawn more interest, or was of such importance as that called here for next week, beginning Monday, Feb. 4. This court session over which Judge Louis B. Reed will preside, has before it three murder trials, with the possibility of a fourth.

The new grand jury is almost sure to be called into session next week to take evidence in the shooting here last Sunday, resulting in the death of the wife of the accused killer. If so, there will be four murder trials if he is indicted, which is almost sure to happen. That is unless this or other cases are continued. This in addition to other matters that may come before the court.

The following is a list of 84 petit jurors that have been summoned by registered mail, according to Sheriff Ocie Murry. There is a possibility that these 84 men may be exhausted and others summoned:

W. S. Mize, J. Burnett Jr., Nathan Chesshir, Davis Bradley, J. C. Chambers, W. H. Carmichael, P. R. Cates, H. C. Hinson Ray Hailey, J. W. Smith, H. L. Glenn, Billy McCallister, H. C. Bevers, Geo. Bentley, J. E. Berryhill, Weldon Latham, C. O. Brown Jr., W. W. Lindsey, D. A. Lowe, Lowell Stephens, A. L. Fleming, Bonard Stice, Joe W. Johnson, Ralph Spain, C. T. Terry, Clarence Lewis, C. L. Kelly, O. L. Stice, Wm. W. Glick, W. T. Howze, O. E. Franklin, T. S. Doss Jr., L. B. Blake, B. G. Cabiness, A. Miller, Geo. Nicholson, Jr., Otis Aldridge, Frank Ballard, C. L. Kendrick, J. R. Carruth, J. Fred Bucy, John L. O'Dell, J. W. Swinson.

New Ford Truck Showing Here Today

Ford's new truck line for 1952 offers the widest range of engines and power combinations in Ford Motor Company history, with models designed to fill 97 per cent of all modern hauling needs, according to L. D. Crusoe, vice president and general manager of Ford division.

The new trucks will be introduced to the public Friday, February 1, by Portwood Motor Co.

Mr. Crusoe said the 1952 Ford truck line introduces a new sedan-delivery model called the "Courier" and offers five powerful engines, including three completely new high-compression, low friction overhead valve units.

In addition to the Courier, series F-1 through F-8 Ford trucks range from light pickup units of 114-inch wheelbase and 4,700 pounds Gross Vehicle Weight up to extra heavy-duty trucks with a maximum 195-inch wheelbase and Gross Combination Weight ratings up to 41,000 pounds.

Students Now Have Driver's License

Seventeen Brownfield High school students have completed a drivers' education course which was offered this year for the first time locally. They received one-half credit, as well as their Texas operators license in completing the course.

Of the 24 students registered for the course, 19 passed the written driving test, and 17 passed the practical driving test. L. G. Wilson, instructor of the course, said:

Receiving their drivers license and credit for the course were Jerry Bullard, James Morris, W. B. Darling, Jack Coward, Lynn Durden, Jackie Wade, Imogene Frost, Mary Ann Patterson, Shirley Brown, Peggy Davis, Sue Salmon, Landra Milner, Martha Chisholm, Beverly Bryant and Altha Merritt.

Humble Meet Draws Nice Turnout

George O'Neal, local distributor for Humble Products and a party of district, regional and state Humble officials were hosts to Terry County farmers, city and county officials and businessmen Tuesday night at the American Legion Hall. Approximately 165 guests, and hosts were served a barbecue dinner with all the trimmings by the Odessa Chuck Wagon Gang, an organization composed of Odessa business and professional men. Due to the absence of Mr. O'Neal, who was unable to attend because of illness, Al Muldrow acted as master of ceremonies for the affair.

Welcome in behalf of the area, extended by Mayor Primm, was responded to by Mr. Frank A. Watts of Houston, General Sales Manager for the Humble Company. In his address, Mr. Watts dwelt upon the close relationship between agriculture and the oil industry. Incidentally, Mr. Watts revealed that Terry County is now producing enough petroleum to keep 200,000 automobiles in constant operation.

Following was a film, "Trouble Lurks Below," dealing with oil well fires, one of the numerous problems constantly confronting the oil industry in its endeavor to conserve our natural resources.

Dr. Tyrus Timm, Extension Economist, Texas A&M College, main speaker of the evening, was introduced by J. O. Gillham. Dr. Timm brought out the dramatic change, especially in this section, from diversified farming to highly mechanized specialized farming and the important role the petroleum industry has played and is playing in this change. He concluded

DEWEY RUNNELS
- For Commissioner, Precinct 3
LEE BARTLETT
- For Commissioner Precinct 4
H. R. (Horace) FOX
ALFRED L. TITTLE

Even our common run of the mine folks, such as country newspaper men, farmers, carpenters, blacksmiths, bakers and candlestick makers have long since learned that we cannot spend more than we make over a very long period. The first thing we know our credit isn't worth a hoot at the stores, and the banks are reluctant to loan us any funds. It is the business of the banks to keep a pretty clear idea of our capacities. Of late years, however, the federal government under the new and tru-deal has concluded that it is OK to owe if we owe it to ourselves. Perhaps that would work with the vast majority, but there remains a vast minority who have been buying bonds, and this bond fund is owed these people by the government. Many of us hate like heck to examine statistics, but sometimes a reading of them will open our eyes whether we are drifting, and that drift just now brother, is toward national bankruptcy. Did you know that Truman and his crowd has collected more taxes from the American people by some ten billion dollars than all the other administrations since the Republic was established some 176 years ago. The period of 170 years BT (before Truman) included the Revolutionary War, the War of 1812-14, the Civil War, the Spanish-American War, and the two World Wars, 1917-18 and 1941-45. And the little man from Missouri is asking Congress for the biggest rakeoff in history, presently. We are giving money to nations that are making no preparations to defend themselves against aggression, and in some instances, they are trading essential war material to our sworn enemies. Yet the little crowd at Washington continues to pour funds into these questionable nations. These hard earned tax dollars are coming harder and harder as the years go by. But if the nation stands, which many doubt with the present trend, we that are living today will not begin to pay the debts the nation has saddled upon us by their boondoggling and trying to buy the good will of people. Our children, grandchildren and their grandchildren will still be struggling to pay this enormous debt in the great distant future if the world stands. It is high time that wise folks of the nation wake up to their future. Of course those who pay nothing and take all the hand-outs they can get are not worrying. It is those who are struggling to meet the high cost of living, pay state, county and local taxes, and how they are going to manage to pay their high incomes to the government that are worried. Is there any wonder that many of them who have gone down the line led on a leash attached to the little brass collar that are being disillusioned? Folks, it is high time that we wake from our long sleep, kick off the covers, open our eyes and view the future into which we are swiftly drifting. Many of us have been staunch Democrats of the old persuasion all our lives before the prefix, Socialist was added. So, let's vow here and now that we shall not cast a vote for Truman or anyone he may suggest to the National Democratic Convention.

Folks, dictatorship has already struck hard in our own nation, and the perpetrators don't even try to apologize. The Alabama State Democratic Committee has made it clear that all who do not put on the brass collar, and agree to vote for all the yellow dogs wearing the name "Democrat," will be barred from placing their names on the ballot. Of course this brass idea of theirs temporarily in authority in that state may be declared unconstitutional as the matter is to be carried into courts. But it just shows how our nation is drifting into dictatorship. Won't be long now if the brakes are not thrown on. The same condition would exist right here in Texas if a little bunch down at Austin had its way. But our governor, our present attorney general and other high officials are not in sympathy with the would-be dictators. In fact, our leading statesmen are against any dictation from Washington, with perhaps the exception of Sam Rayburn of Bonham, and Sam is misleading, not a leading statesman. So far, in his addresses, Price Daniel in his race for US Senate has made no bones where he stands in the matter, and fan mail is pouring in from the grass roots of the state, endorsing his stand against the tru-deal line-up and their stand on FEPC, the tidelands steal and other socialistic ideals. Of course the old die hards will line up for Tamm for re-election until he is dead and forgotten, and some of these are newspapermen that should know better. They say a man must spend his life in Washington to be of use to Texas. To our notion, that is the best way in the world to lose contact with Texas ideals. Much was said about how long it would take Senator Johnson to get the grasp of ideas at Washington, but he is already a leader among the more thoughtful and conservative members of the senate. He does not go along with every idea that comes from the White House or State Department. Lyndon uses his own head, and figures how it would set with the idea of the people back home. It has been found that Tamm goes

along with the curious ideas of those in power when in Washington, but lines up with the forks of the creek people when in Texas. You never know where to place him. And to our notion, age is older than this writer, but no one has to tell us that we are not as useful and vigorous as we were 20 years ago. We know it. When the people of Texas elect a man to a national office, they do not pledge themselves to keep that individual in office until he dies of old age. They elect him only as long as he is useful to the state and the nation.

The price of pork and beef is something that appeals to the notice of every American family, and especially housewives. It has recently been pointed out that the Department of Agriculture along with the cattlemen believe that the price of beef will finally follow pork on the downward trend. But as one syndicated writer suggests in an article, it will not be on account of anything that Michael V. DiSalle has done. When the price of hamburger meat dropped ten cents a pound, it was because congress refused to follow the suggestion of DiSalle to roll back prices further, and to establish specific slaughter quotas. People are beginning to understand that free marketing against controlled marketing of meat or anything else is better for the consumer in the long run. And what brakes the congress did put on, was with no idea of holding up the price of beef. That would be their last desire. But like any reasonable person, the way to make things scarce is to put on quotas and take other measures of control to make the meat business just as distasteful to everyone who hogs dies it, from the cattle and hog producer to the butcher. The only thing extreme controls have ever done is to create black and grey markets, which disrupt the meat business as a whole and generally raise old Ned. But it has reached the point at Washington that the boys don't think they are making much progress unless they get in "control" of something.

Every now and then something useful comes out of the department of Fire Insurance at Austin that we consider of value to people in general. One recently stated that from the number of recent fires that have occurred in Texas, caused from paint stored in buildings, that it was anticipated that the rate on insurance of such places would have to be raised. Special attention, was emphasized, are being made on the storage of paint in hotels, hospitals and other places that might be calculated to cause the loss of life. Oily and paint impregnated rags are dangerous if stored in closets. This writer once had an experience of that kind, when we were moving into our new home about 1916. The painters had unthoughtfully stored their open paint pails and rags in a closet. When the closet was opened the smoke fumes were such as to strangle and blind a person, but we managed to get the stuff

outside without serious damage. Little fire insurance was written back in those days, and we didn't have a dime's worth. Commissioner Brown recommends that when paints, brushes, rags, etc., are stored, that they be put in a fire-resistant room with an automatic sprinkler system. In conclusion, Brown stated that unless building owners and tenants cooperated to reduce such fire losses, originating from the storage of paints, there would be no other alternative than raise the rates on the classes involved.

CITY LOANS

We will lend from 50% to 70% of the appraisal value on houses in Brownfield. Low rate of interest. 5 to 15 years to repay.

The 1952 Ford Series F-7 "Big Job" truck is powered by a completely new Cargo King 145-horsepower V-8 engine which is exclusive on this series Ford truck. The 5-Star Extra cab on this truck features many comfort and convenience items, such as arm rests, dome lights with automatic door switches, key locks on both doors, cigar lighter, large dispatch compartment and insulation.

wanted the whole hog or none. They are getting none.

Way back when World War II started, in two years, our production hit a high gear, and although our steel mills were then producing less than 90 million tons, there was not as much complaint of scarcity as presently with 105 million tons per year. The high brass seems to have taken over lock, stock and barrel up at Washington, and although we have what the administration is pleased to call a "police action," instead of the military being a marginal spender of taxes, they have become almost the whole hog. But if anyone complains they are promptly designated as "butter vs. guns" citizens. But they are leading the nation into bankruptcy and dictatorship as sure as God made little green apples. They, the brass, a year or so ago, reared back on their posture joints and told us that with our superior production, we were masters of the air. But now with unashamed faces they tell us that Russian satellites, the Chinese and North Koreans have more jet fighters than we can muster. Somebody has been sitting down on the job to let George do it. Then they talked blandly of 'unification,' but the old quarrels and jealousies broke out that go on between the army, navy and airforce. A few months ago, all the big talk was about the A-Bomb, but now with a straight face, they tell us it is no good over in Korea—"like killing a flea with a ten pound hammer." Even when we did have a superiority in airforce, they had to turn back at the Manchurian line. "Must not hurt any of Pappy Stalin's chillun." For a year now, we have had "negotiators" over there, while the Reds stall to build up their forces. We are with Price Daniel. Let's get busy and win that war if we have to step on Stalin's brogans. Or else get out and stay out. If Congress don't stay on the beam, Truman and his cohorts will be sending American troops to Suez and Indochina the next thing we know. If ever a nation needed a thorough house cleaning, it is the United States of America, from cellar to attic.

There are still a few squirts around in this and other sections perhaps that have an idea that Uncle Santa Claus can do a better job than private industry that has had some 175 years of training. Take the harnessing of Niagara Falls for electricity. Uncle Sambo wants to use tax money to be paid by the people all over the USA, millions of whom will not benefit one penny because of this additional electricity. This is to be done at a figure several million dollars more than private electric companies that will use their own and stockholders money. Lastly, Santa Claus wants five years to do the job, while private industry will do the job in three. And the same grafting crowd at Washington wants to get their nasty paws on the oil industry so badly they can almost taste it. And if and when they do, the people will have a real gripe coming. Guys will be put in charge that don't know anything more about the oil business than a cow does about a sidesaddle. Oil will be rationed, especially to all who fail to see eye to eye with the bureaucrats. The search for new oil fields will stop sharp, and when the old mill runs dry, the nation will be without oil. Look at England! Up to 10 years ago when the Socialists took over, that nation was exporting both coal and steel. Now after some six years of Socialism, they are importers of both. Last year, with the Iranian oil fields shut down by the demand of nationalists, socialists and communists of that nation, some people were afraid our nation might have to go on rationed schedule. But, the private oil enterprise in the good old USA, with Texas leading the van, just extended themselves, and brought to the surface 2,734,000,000 (billion) barrels of oil, setting an all time record, and surpassing the production of the year before by 10 per cent. And it was 71 per cent above the production of 1941, ten years before. On the other hand, over in Iran, with the soci-commies in charge, there has been no production. The oil fields and refineries have had to shut down. They have no tankers to transport the oil nor has the nations, mostly Russia and satellites, that propose to buy their oil, if they had it. The nation is bankrupt, and 30 odd ambassadors and personnel in as many nations have been called home, as there is no money to pay them, and oil field workers are almost on starvation. Those soci-commies were not satisfied with the millions of dollars rolling in from the British-Iranian operators; they

Interesting Feeding Test at Texas Tech

LUBBOCK.—A cattle feeding test at Texas Tech has shown there is a mighty weighty difference between solvent-processed and hydraulic cottonseed meals.

Formula tests, using 60 head of Hereford steers, proved steers fed on solvent-processed meal, cottonseed hulls, milo, and alfalfa gain almost half a pound per day more than those feeding on the same formula with the exception of a change in meals.

(Cottonseed mills have developed a new process of extracting oil from cottonseed by the use of a chemical—a solvent. The old process was by cooking and pressing. The bulk remained in both cases is used in a cattle feed mixture).

The 60 dry-lot steers entered the test lots at an average weight of 695 pounds. Bobby Gray, Snyder graduate student, was awarded a \$1,200 Texas Cottonseed Crushers Association fellowship to feed out the steers. He is to use the data for his master's thesis. The experimental steers were divided into six lots of 10 head each. They were given equal amounts of milo and alfalfa. Three lots were fed hydraulic meal, while the other three lots received an equal amount of solvent-processed meal.

Each steer was fed nine pounds of alfalfa per day. They each received two pounds of hydraulic meal or solvent meal.

The six lots, their feeding formula, and gains for the first 28-day test follows:

Lot 1: Hydraulic meal, silage, milo, and alfalfa. Gain: 2.95 lbs. per day.

Lot 2: Solvent meal, silage, milo, and alfalfa. Gain: 3.20 pounds per day.

Lot 3: Cottonseed hulls, hydraulic meal, milo and alfalfa. Gain: 3.09 pounds per day.

Lot 4: Cottonseed hulls, solvent meal, milo and alfalfa. Gain: 2.53 pounds per day.

Lot 5: Mixed hulls and silage, hydraulic meal, milo and alfalfa. Gain: 3.20 pounds per day.

Lot 6: Solvent meal, mixed hulls and silage, milo and alfalfa. Gain: 3.28 pounds per day.

After a 140-day test, the steers will be sold on the Fort Worth market and the carcasses graded according to the ration they were fed. The final test will be to determine if there are differences in the types of meat produced by the varied feeding formulas.

COLOR COMICS PREVIEW!

SPORT SLANTS—the cartoon by Tom "Pap" Paprocki that turns the spotlight on famous personalities—is one of the 10 hit features in the new **COLOR COMICS** supplement coming soon.

Announcing

More power for '52!
For example: new Ford Truck 145-h.p. Cargo King V-8 delivers most horsepower per cubic inch of any gasoline truck engine among the five sales leaders!

New FORD TRUCKS for '52

Engineered for modern, low-cost Speed Hauling

NOW FIVE great Ford Truck engines permit closer "tailoring" of truck power to your specific truck job. No other truck line in the low-price field gives you so many power choices, series for series, in 1/2-ton to 3-ton trucks!

Availability of equipment, accessories and trim as illustrated is dependent upon material supply conditions.

MORE POWER IN THE FAMED "239" V-8 AND THE "254" BIG SIX!
Advanced with greater power, economy and performance, Ford's 239 cu. in. V-8, proved in 2,000,000 trucks, now develops 106 h.p. The 254 cu. in. Big Six is also advanced to 112 h.p.

3 NEW ULTRA-MODERN HIGH-COMPRESSION, LOW-FRICTION, OVERHEAD-VALVE ENGINES!
New Ford short stroke LOW-FRICTION design provides gas savings up to 14%!
Fully proved! Ultra-modern high-compression punch with regular gas!

NEW DISTINGUISHED COURIER SEDAN DELIVERY!
Beau Brummell for looks. A heman for work! Choice of V-8 or Six! Fingertip shifting! 102 cubic foot body! Conventional Drive or, at extra cost, Overdrive or Fordomatic Drive!

ONLY FORD TRUCKS GIVE YOU ALL THESE OTHER FEATURES:

1. Choice of V-8 or Six!
2. Full-flow oil filter cleans every drop of oil.
3. Auto-thermic pistons to maintain high compression fit.
4. Precision-molded alloy crankshaft reduces journal friction.
5. Two fine cabs, the 5-STAR, and (at added cost) the 5-STAR EXTRA!

Ford Trucks for '52
cost still less to run!

BROWNFIELD, TEXAS

G. I. QUESTIONS and ANSWERS

Q. Several years ago, I obtained a GI home loan, when the top guarantee was \$4,000. Now that the guarantee has been raised to \$7,500, may I use the difference to get another GI loan to go into business?

A. No. The additional guarantee may be used only in connection with a GI home loan.

Q. I was disabled in service in 1949. Would I be eligible for vocational training under the program that recently was set up for Korean disabled veterans?

A. No. One of the requirements of the law is that the disability must have occurred after June 27, 1950, the official date of the outbreak of Korean hostilities.

Q. I intend to apply for an increase in my pension to \$120 a month, since I'm so severely disabled that I need the regular aid and attendance of another person in order to get about. If the increase is granted, will it be retroactive to the date that I first got on VA's pension rolls?

A. No. If VA awards you the increase, it will become effective as of the date you filed your application.

Q. I served in the WAC during World War II and got married shortly after the end of the war. Sometime in the Spring I expect to have a baby. Could I enter a VA hospital as a maternity patient?

A. No. Women veterans may not be furnished hospitalization by VA for childbirth.

Legal Notice

Notice of Dissolution

OF PALACE DRUG, LTD., A LIMITED PARTNERSHIP, WITH CONTINUANCE OF BUSINESS UNDER THE NAME OF PALACE DRUG.

Notice is hereby given that the limited partnership between B. R. GREATHOUSE and ARTHUR NUNN under the firm name and style of Palace Drug LTD., and conducted at Brownfield, Texas, was dissolved at the close of business on the fifth day of January, 1952. All debts due to said partnership are to be paid and those due from the same discharged at the office of said business in Brownfield, Texas, and said business will hereafter be continued by ARTHUR NUNN as sole owner doing business under the name of PALACE DRUG.

Dated this 5th day of January, 1952.

B. R. GREATHOUSE
ARTHUR NUNN

CCA to Meet in Lubbock Feb. 3-9

LUBBOCK.—Farmers and ranchers of the southwest will meet in Lubbock for the 22nd annual meeting and convention of Consumers Cooperatives Associated.

The convention will also be in observance of Texas Farm Cooperative Week as proclaimed by Gov. Allan Shivers.

Crowds estimated up to 2,000 are expected to attend the two-day convention. The regional cooperative organization has members from a seven-state area—Texas, Oklahoma, Arkansas, Mississippi, Louisiana, Colorado and New Mexico.

Headquarters for the convention will be in Hotel Lubbock where agricultural displays on fertilizer, feed, seed and petroleum will be set up.

Consumers Cooperatives Associated is a regional farm supply cooperative serving 450 far cooperatives in the southwest with some 140,000 farmers, ranchers as members.

Prominent regional and national speakers are included on the two-day program. Special functions are planned for women delegates and visitors.

Sessions will begin at 9 a. m. on February 4 with registration of delegates and guests. The program for the first day will include educational features and entertainment. Second day activities will be devoted to the business affairs of the association and election directors and officers.

William Finker of Petersburg is the organization's director for the Lubbock district and is in charge of the convention arrangements.

The J. C. Dubose family were getting two papers each week. Like the Irishman fighting the hornets, "one at a time," is all they need. There may be others as we have added quite a few papers of late. If so, let us know. Paper is too high to waste.

Ira Purcell, of the Levelland section, was in Saturday, and dropped in to get his paper changed from Rt. 5 to Rt. 4, Levelland. Ira is a brother of Mrs. Henry Chisholm.

Sagebrush Salute to Valentine's Day

King of the Cowboys Roy Rogers and his lovely wife, Dale Evans, who has won the title of "Queen of the West," and who appears with Roy on both the radio and the televised NBC Roy Rogers Show, prove that the rough and ready West has a sentimental side, too. Also in on the outsize Valentine's Day greeting is Trigger, Roy's famous golden palomino.

Born 500 Years Too Soon

THIS YEAR, all over the civilized world, the 500th anniversary of the birth of the great artist-scientist Leonardo da Vinci will be celebrated. These are but two of the many inventions that came newly-minted from Leonardo's mind just about the time Columbus tripped over America on his way to the Indies. These first known examples of a mechanically-driven vehicle and the airplane are only a small fraction of the work of this inventive genius who, in addition to painting such masterpieces as the "Mona Lisa" and "The Last Supper," foreshadowed many of today's devices in his mechanical studies. Why, he even invented a jack as if in anticipation of the trouble we'd run into with our present-day development of his original automobile.

Models of Leonardo's inventions, including such diverse items as a triple-tier machine gun and an air conditioner, are now on tour throughout the United States, but

ing displayed in the offices of the International Business Machines Corp., owners of the models, in a wide public preview of the exhibitions to be held in museums during the anniversary year of 1952.

The flyer of Leonardo's plane, his feet in leather stirrups connected by pulleys to the wings, moved his feet up and down to flap the wings. The machine was raised and propelled through the air by the arm-operated windlass. It was no jet-job, but the theory behind it was scientific as was all of Leonardo's work.

Lack of a convenient power supply was probably the cause of the plane's crash, the first since the boy whose wax wings melted when he flew too close to the sun.

Society, Church & Club News

MARGARET BANDY COWARD, SOCIETY EDITOR

Mary La Rue Ross, Harold Gaither Wed

Miss Mary LaRue Ross, daughter of Mr. and Mrs. C. E. Ross, became the bride of Harold L. Gaither of Lamesa, son of Mr. and Mrs. H. A. Gaither of Pledger, in a ceremony read at the home of the bride's parents, 902 East Tate, Brownfield, at eight o'clock Tuesday evening.

Rev. Jack Pearce, pastor of Calvary Baptist Church, officiated with the single ring ceremony. Vows were exchanged before the fireplace draped with plumose fern. The mantel was decorated with garlands of acacia and centered with a bouquet of white roses. The fireplace was flanked on either side with white tapers in tall candelabra.

Wedding music was offered by Mrs. Pat Rameur, and candles were lighted by Mack Ross, brother of the bride.

Given in marriage by her father, the bride wore a street-length white imported linen, trimmed

with white lace over yellow satin, yellow satin white shoes and small white hat. The bridal bouquet was a brown orchid on a white Bible with acacia and white satin streamers.

Matron of honor was Mrs. R. E. Franks, sister of the bride, and she wore a street-length aqua shantung taffeta, with white accessories, and a colonial bouquet of yellow daffodils.

Burton Hinton of Midland served as best man.

A reception was held immediately following the ceremony, and Mrs. Mack Ross registered about 20 guests. Miss Carolyn Harris and Mrs. Sammy Jones served coffee and cake from a table covered with a white maderia cloth. A wedding ring cake was decorated in white and yellow, and a colonial bouquet of yellow daffodils was placed before triple candelabra. On the buffet was an arrangement of yellow daffodils and acacia and triple candelabra.

For a wedding trip to Dallas the bride wore a navy blue suit of sheer white wool with navy accessories.

Mrs. Gaither is a graduate of the Brownfield High school and Texas Technological College. She has been teaching in the Midland public schools. Mr. Gaither is a graduate of Texas University, Austin, and is employed with the Seismic Exploration, Inc., in Lamesa, where the couple will make their home after their wedding trip.

Christian Women's Circle 2 Meets

Circle 2 of the Christian Women's Fellowship of the First Christian Church met Monday at 7:30 p. m. at the church, with Mrs. Arthur Sawyer, hostess.

"Seeking Fellowship With God" was a devotional given by Mrs. E. L. Moore. Mrs. Homer Haislip led the study of "New Wine in Old Wineskins."

Those attending were Mesdames Bill Aschenbeck, E. D. Ballard, Crawford Taylor, Bill Coar, John Jennings, J. O. Burnett, Nell Chesshir, Haislip, Simon Holgate, Tess Fulfer, Nola Knox, Moore, R. L. Hamm, Jack Hamilton, Truett Flache and Sawyer.

Mrs. Fulfer will be hostess for the next meeting on February 25.

Lambda Omega Chapter Has Meetings

"Table Decorations" was the subject of a program given at a meeting of Lambda Omega chapter of Beta Sigma Phi sorority Tuesday evening, January 22, in the home of Mrs. Bill Gorby, 208 West Powell.

Miss Eleanor Miller discussed table decorations and Mrs. Bob Campbell spoke on formal and informal tea-table settings. A short business session was held following the program.

Three guests from the Levelland chapter were present. Refreshments of sandwiches, cookies, soft drinks and coffee were served to the guests and Mesdames Fred Smith, Robert Ott, Campbell, Thurman King, Jack Hamilton, Gorby, and Misses Miller, Betty Tyler and Elizabeth Anthony.

The chapter held a called meeting Friday afternoon at the home of the president, Miss Elizabeth Anthony, 216 West Main, to make plans for a project for the March of Dimes.

Funds raised through the sale of an orchid at the March of Dimes Dance Wednesday night was donated to the polio campaign. Those attending the meeting were Mesdames Bill Gorby, Thurman King, Jack Hamilton, Robert Ott and Robert Campbell, and Misses Bobbie Bartlett, Anthony, Eleanor Miller, Rachael Dunaway, Virginia Martin and Christine Gorman.

100F Lodge Has New Officers

At a recent meeting of the Odd Fellows in the lodge hall, Ira Seaton was installed as Noble Grand.

Other new officers of the lodge are: C. W. Collier, vice grand; H. C. Jones, secretary; R. A. Simms, treasurer; A. O. Johnson, warden; Clyde Keith, conductor; T. P. Brown, inside guardian; Gerald Beuch, outside guardian; R. B. Perry, right support to Noble Grand; Dr. T. H. McIlroy, left support to Noble Grand; Argus Curtis, right support to Vice Grand; Tom Ross Jr., left support to Vice Grand; W. N. Lewis, chaplain; J. R. Capps, right scene supporter; and Sherman Mitchell, left scene supporter.

Miss Dorothy Smith Is Honored With Shower

Miss Dorothy Smith, bride-elect of Wayne Rodgers, was complimented with a linen shower in the home of Miss Eleanor Miller, 1301 East Cardwell, Saturday afternoon.

Bowls of yellow daffodils were arranged in the living room. Miniature bride dolls carried out the shower theme. The dolls were dressed in white taffeta wedding dresses complete with net veils adorned with tiny taffeta roses.

Guests played canasta and bridge, and a salad plate and coffee was served. Those attending or sending gifts were Mesdames Jack Short and L. M. Rodgers, and Misses Mary Jane Flatt, Norma Ruth Rodgers, Pete May, Wanda Terry, Rachael Dunaway, Bernice Martin and Elizabeth Anthony.

14th District PTA to Meet Here in April

A call meeting was held of the executive committees of the West Ward-Junior High and Jessie G. Randal Parent-Teacher associations on Thursday, January 24, in the Junior High school library. Tentative plans were discussed for the 14th district Texas Congress of Parents and Teachers to be held in Brownfield, the latter part of April. Mrs. V. L. Patterson, district vice president, presided.

Included in the plans are a dinner for the board of directors, to be held the evening preceding the meeting; a luncheon for delegates to be held in the high school cafeteria; and a luncheon for the holders of Life Membership awards.

Have News? Call the Herald.

ESA PLEDGES RECEIVE PINS IN CEREMONY

Mrs. Dale George was hostess to members and pledges of Beta Theta chapter of Epsilon Sigma Alpha sorority at 7:30 p. m. Tuesday, January 22, at her home, 803 East Lons.

A Jewel Pin ceremony was held, and receiving pins were Mesdames Jim Pryor, Bill Kincaid, Winifred Cooper and Bob Couch. Mrs. Oscar Allen was unable to attend.

Mrs. J. C. Jennings, vice-president, conducted the ceremony in the absence of the president, Miss Bernardine Grabber, who was ill with the flu.

Attending were Mesdames C. H. Bush Jr., Gene Harrelson, Don Cade, Ray Hailey, Jennings, George and Misses Sue Jones, Jean Finley, Margaret Goza, Ruby Nell Hairston, Sue Jones and Mary Nell Diffey.

Mrs. Primm to Lead PTA Program Feb. 7

"Looking Back—Looking Forward" will be the topic for the program to be led by Mrs. C. C. Primm next Thursday afternoon, February 7, at 4 o'clock at the regular meeting of the West Ward-Junior High Parent-Teacher association.

The meeting will be held in the Junior High school library, and a "Founder's Day Interview" will be given by Miss Patsy Teague, Mrs. Jessie G. Randal, and Mrs. W. A. Bell.

All past presidents are invited and urged to attend. A Silver Tea has been planned for the social hour.

Have news? Call the Herald.

ELECTED SWEETHEART—Miss Judy Griffin, senior student at Trinity University, San Antonio, was recently elected sweetheart of the Mary Catherine Hall, girl's dormitory where she stays, and will be presented on February 16 at the annual "Frolic of Hearts." She is president of the dormitory, and is secretary of "Spurs," school sorority. She will receive her degree in physical education at Trinity University in May. Her parents, Mr. and Mrs. J. H. Griffin, 204 East Broadway, plan to go to San Antonio for the annual festival in February.

Baptist Women Have Business, Program

Twenty-one members of the Women's Missionary Union met at the First Baptist Church at 4 p. m. Monday for a business meeting and program planning, with Mrs. Jerry Dumas, president, presiding.

The service opened with the group singing "All Hail The Power," led by Mrs. Ely Jones, followed by a prayer by Mrs. R. D. Shevmake Jr. Mrs. Jake Geron led a devotional from Mark 12: 41-42, titled "Over Against The Treasury." Miss Dorothy Oliver sang "I Live For Him."

Mrs. C. W. Denison, program and literature chairman of the society gave a skit on periodicals.

Mrs. E. E. Preston was elected young people's secretary, and Miss Oliver, Parilee Nelson and Ray Hensley were elected young people's counselors.

A community mission's skit, "The Harvest Is White," based on the scripture John 4:35-36, was given by Mrs. Gladys Moorhead, Mrs. R. B. Walls, Jr., and Mrs. Shevmake.

The meeting was closed with a prayer offered by Mrs. Denison.

WCS Has Luncheon Monday At Noon

Mesdames R. C. Newsom, James Underwood, Bill Gorby and Glen Harris were hostesses for the regular monthly covered dish luncheon for members of the Women's Society of Christian Service Monday in Fellowship Hall at the First Methodist Church.

Plans were discussed for the zone meeting to be held in Seminole on February 14. Mrs. J. Fred Bucy is zone leader.

Those attending the luncheon were Mesdames Geo. S. Hunt, C. E. Fitzgerald, Sherman Mitchell, B. J. Hill, R. L. Cornelius, Anna Hare, B. L. Thompson, G. S. Webber, J. H. Carpenter, James Warren, James Thurman, Lula Singletary, Bob Collier, Bernarr Smith, Fannie Maupin, C. L. Williams, J. D. Whatley, Delta Lemley, J. L. Newsom, R. J. Purcell, Ernest Latham, D. S. Sampson, W. B. Downing, Rev. and Mrs. Dallas D. Denison, and Miss Maudie Bailey.

Have news? Call the Herald.

Laverne Joplin to Wed Elvice Duncan

Mr. and Mrs. W. M. Joplin of the Pool community announce the engagement and approaching marriage of their daughter, Laverne, to Elvice Duncan, son of Mr. and Mrs. E. J. Duncan, also of the Pool community.

The wedding date has been set for February 3. Elvice and Laverne graduated from the Meadow High school in 1951.

Have You Heard?

— By Margaret Coward —

The Girls' Pre-School Choral Club, directed by Mrs. W. H. Dallas, has been invited to sing at the state convention of the Texas Federation of Music Clubs, in Abilene in May. Mrs. Dallas received the invitation for the group to sing through the state president, Mrs. J. V. Chandler of Kingsville. This is indeed an honor, and the state president no doubt knows of Mrs. Dallas' ability as a teacher, as this group has not been organized but a few months. The girls practice each Friday afternoon at three o'clock. Mrs. Dallas recently organized a Boys' Pre-School Chorus, and the boys meet each Tuesday after-

noon at three o'clock. Ginger Gunn and Dale Travis, representing the Brownfield High school chorus, and Kenneth Spears, Jane Griggs and Ronnie Daniel of the high school band, will go to Mineral Wells next Wednesday to compete in the contests at the Texas Music Educators Association. Harold Mulkey reported that Ginger and Dale were chosen to represent the area, at a meeting recently in Lubbock. He will accompany the group to Mineral Wells, with Fred Smith, band director. Members of the band were named to the All-State band during a clinic in Lubbock.

Over 100 Persons Attend Open House For Rebekahs and Odd Fellows

One hundred members and guests of the Odd Fellows and Rebekahs attended Open House Tuesday night at the Brownfield IOOF hall.

ALPHA-OMEGA STUDIES 'COLORFUL CANADA'

Mrs. Robert Noble led a program on Canada at the regular meeting of the Alpha Omega Study Club Tuesday afternoon, January 22, at Seleta Jane Brownfield clubhouse. Mrs. Truett Flache discussed "Colorful Canada" and Mrs. Sid Lowery gave selections from "Mrs. Mike."

Mrs. Jack Hamilton was hostess, and refreshments of cherry tarts and coffee were served to Mesdames Lee Brownfield, P. R. Cates, Flache, A. J. Geron, D. L. Pemberton, Grady Goodpasture, Jake Gore, Wayne Hill, C. R. Lackey, Lowery, W. T. McKinney, John Portwood, Noble, M. R. Paddock, V. L. Patterson, Curtis Sterling, K. L. Watkins and George Weiss.

and an interesting program was presented, with Mrs. Claude Buchanan in charge.

W. N. Lewis gave the welcome address before a Magic Show was given by C. V. Ball of Lamesa, formerly of Brownfield, and P. G. Vander, also of Lamesa.

Musical selections were given by Sonny and Dean Curtis of Meadow. Mrs. Wayland Parker entertained the group with a reading, "God's Little Gift to Women." Musical selections were given by Patty Winn, accompanied on the piano by her mother, Mrs. Charles Winn.

A reading, "When Folks Visited" was given by Linda Hendricks of Meadow, and a reading, "Why," by Beverly Hendricks, also of Meadow. The Invocation was given by Frank Jordan.

Members of the entertainment committee were Mrs. Buchanan, chairman, Mr. and Mrs. Stone, Mrs. Lillie McPherson and W. N. Lewis.

Refreshments were served, and those in charge of the food were Mrs. Charlie Moore, chairman, Charlie Moore and Mrs. Le Short from Rebekah Lodge, and Marion Stone, L. R. Riney and Dewey Runnels from the Odd Fellow Lodge.

'The Edge of Time' Reviewed For Club

A story of early settlers in the Texas Panhandle, "The Edge of Time" by Louella Grace Erdman, was reviewed by Mrs. Barton Evans Tuesday afternoon at the meeting of the Maids and Matrons club at Seleta Jane Brownfield clubhouse.

Mrs. Looe Miller, president, was in charge of a business meeting, during which Mrs. L. M. Wingerd was re-elected as a member of the board of directors for the clubhouse.

Hostesses Mrs. Miller and Mrs. Mon Telford served a salad plate to the following members attending: Mesdames W. M. Adams, W. A. Bell, W. B. Brown, A. W. Butler, E. C. Davis, Frank Ballard, Evans, Lee Fulton, Eunice Jones, Tom Keenan, Ernest Latham, W. F. McCracken, E. B. McBurnett, Jr., E. O. Nelson, J. L. Randal, A. A. Sawyer, Gaster Spencer, M. G. Tarpley, J. M. Teague, F. G. White, Wingerd, Otis B. Larner, and R. H. Casstevens.

The next meeting will be next Tuesday afternoon, Feb. 5, when Mrs. Keenan will give a selected book review, and Mrs. E. O. Nelson will be hostess.

PLAINS NEWS

The Tsa Ma Ga Club is having a March of Dimes coffee and book review Sunday afternoon, at the Legion Hall. Mr. Gerald Anderson will review Marc Connelly's book, "Green Pastures."

Mr. and Mrs. E. S. Bandy spent the weekend as guests of their son, A. T., and family in Lubbock.

Mrs. C. D. Bass and Mrs. Sherman Tingle were Lubbock shoppers Friday.

A Red Cross first aid course will be taught in Plains by Mrs. B. J. Smith of Denver City. Classes will be held in the old court house. These classes are in part of the county civil defense program being sponsored by the home demonstration clubs.

Mr. and Mrs. Pete Sampson have returned from a visit to Snyder. P. W. St. Romain was a Lub-

First Christian Church

HOMER W. HAISLIP, Minister

Church School will begin at 9:45 a. m. D. L. Pemberton is general superintendent.

"Something Happened At John Mark's Home" will be the sermon subject used by the pastor, Rev. Homer W. Haislip, at First Christian Church Sunday, at 11 a. m. Dr. W. A. Roberson choir director.

Christian Training Fellowship will meet at 6:30 p. m. This is an opportunity for every member of the church and their friends. Joe Christian is general director.

"It Can't Be Done" will be the subject of the pastor's sermon for the special youth service at 7:30 p. m. Jimmie Warren will preside. A vocal solo will be given by the Intermediate choir under the direction of Harry Johnson. Young people will serve as ushers and deacons.

bock visitor Tuesday.

Mesdames Caryl Light, H. Copeland and Bob McCargo have returned from Dallas where they spent last week visiting friends.

Mr. and Mrs. Dave Blevins, L. B. Hobbs and H. C. Hobbs of Lubbock left Thursday for Nashville, Ark., on account of the illness of Mr. Blevins and Hobbs brother's aunt, who is in a critical condition, suffering from burns.

Mr. and Mrs. Guy Herrod spent the weekend in Kermit, guests of Mr. Herrod's brother.

Mrs. F. R. Pickens is in Lamesa under the care of a doctor there.

The FFA boys, accompanied by J. W. Randolph, vocational agriculture teacher, left Thursday for Fort Worth to participate in the annual Southwestern Exposition and Fat Stock show.

Mrs. M. E. McLaren of Lubbock visited her mother, Mrs. Lynn, and daughter, Mrs. Jim Story, Friday.

Guests in the Sherman Tingle home Sunday were Mr. and Mrs. J. T. Cook, Mrs. Buck Moreland and children of Levelland and Mr. Tingle's sister, Mrs. Herb Fields, of Yeso, N. M.

Mrs. T. E. Cook is ill this week with flu.

Mrs. Florence Flowers and children of Odessa and Mrs. Edwards of Monahans visited their father, E. V. Kem, over the weekend.

THE GREATEST CAR EVER BUILT IN THE LOW-PRICE FIELD

The big
1952 FORD

Out-rides them all!

The '52 Ford gives you riding comfort such as you have never before experienced in a car in the low-price field. With front springs tailored to the weight of each model, longer rear springs and diagonally mounted shock absorbers, Ford's Automatic Ride Control gives you the smoothest, easiest ride of them all—a level ride on straightaways, an even keel on curves.

Out-sizes them all!

The '52 Ford has longer wheelbase, wider front tread and greater length. It's big outside and big inside, with spacious seating for six and the largest luggage locker of them all.

Full-Circle Visibility!

With narrower corner pillars, picture windows all around and a rear window that's 48% larger you have "all-direction" vision that adds to your enjoyment and your safety.

Out-performs them all!

Ford's completely new 101-h.p. high-compression, low-friction Six, with free-turning overhead valves, is the most modern Six in the industry. And Ford's high-compression V-8, now 110 h.p., is the most powerful engine in the low-price field. Both are available with performance-proved Fordomatic Drive.

Exclusive Power Pilot Economy!

Both the new Ford Mileage Maker Six and the Strato-Star V-8 have the exclusive Ford Automatic Power Pilot. This completely integrated carburetion-ignition-combustion system gives you high-compression "gas" on "regular" gas.

New Coachcraft Bodies!

Ford's new Coachcraft Bodies are longer, stronger... distinctive in their modern beauty. They offer new full-tight construction which seats out dust, weather and noise. And Ford has more color and upholstery combinations than any other car in its field!

Out-values them all!

With such modern design and engineering features as new Flight-Style Control Panel, new Power-Pivot Clutch and Brake Pedals, new Center-Fill Fueling, and new counter-balanced hood and deck lid, Ford adds up to more dollars and cents value than any car in its price class!

Fordomatic Drive, Overdrive, white sidewall tires (if available) and two-tone colors on Custom-line Sedan optional at extra cost. Equipment, accessories and tires subject to change without notice.

D. E. Student of The Week

By MICKIE ABSHER

Jimmy Warren was chosen as the D. E. Feature of the week. Jimmy is fifteen and is a junior in Brownfield High school. He moved from Abilene, Texas, the first of September last year.

He is in business with his father where he drives a Mrs. Baird bread truck.

When asked what he thought of the course his reply was, "I think it is an excellent course for a person that wants to be a salesman after graduating from school."

He goes to work at 5:00 a. m. until the third period, having regular classes in the afternoon. His salary is fifteen dollars a week. Jimmy's favorite teacher is Mr. Handley.

Jimmy is planning to play football next year. He lives at 720 North Atkins. In interviewing Mr. Handley about Jimmy's work, his answer was:

"He is a very good student and works extremely hard."

Our Hero

Special:

Has anyone noticed that hand some man who works himself to death in the book room? He is none other than Mr. William Conlee. William is a very smart, ambitious young man and is liked by everyone.

Mr. Conlee is the man who sends your parents the nice letters when you are absent from school, and he also drives a bus when school is out. There is no doubt that Mr. Conlee is one of our most needed and most valuable men on the faculty.—Bob Ferguson.

Favorites

Jacky Stockton was chosen as Junior Class favorite boy. He is a 17-year-old six-footer and weighs 260 pounds. He has blonde hair and brown eyes. Jacky has lettered two years in football and wears football jersey 27.

Since Jacky's favorite class is typing, his favorite teacher is Mr. Culp. Jacky considers green his favorite color and Coach Wilson is his ideal person.

He has lived in Brownfield since 1935. He was born in Abernathy and moved here shortly after. He now lives at 705 East Broadway and his phone number is 303-WX. I'm sure the Juniors made a wise choice in selecting Jacky class favorite.

The Junior favorite girl is Rena Faye Chesshir. She has lived in Brownfield since she was born July 7, 16 years ago. She is 5 feet tall and weighs around 101 pounds. Rena Faye's brown hair and dark brown eyes are some of her most outstanding features.

Rena Faye likes government better than any other class and Mr. Webb is her favorite teacher. She likes jazz music and "Sin."

Loafing is Rena's favorite pastime, football her favorite sport, pink her favorite color, and Joanne Shelton is her ideal of an ideal girl.

Rena Faye now lives at 1006 East Tate and her phone number is 895. This is the first time Rena has received such an honor and I think she deserves it. Don't you?

EASY THERE, PODNER!

VANCOUVER, B. C. (AP)—Bruce Howard was dressed as a cowboy, complete with toy guns, for a fancy dress gathering when he spotted two men preparing to drive his car away. When he drew his six-shooters the men fled and Bruce went on to the party.

Have News? Call the Herald.

Spanish Club Orders Pins

The Spanish Club has put in orders for the club pins. This is a new addition to the annual events of the club. Also all officers will have a special chain-guard indicating their office. This will be the class contribution to the constitution this year.

Plans are also being made for the annual one-act plays. These plays will be "Oh, Baby," and "Wilbur Takes His Medicine." The cast will be chosen in the next two weeks. They will be public performances.

Gossip and Gab

We hear that Marvin Brown is desperately wanting to go with Wanda Rainey. Give him a chance, Wanda.

What's this we hear about Bobby "Ray" Turner going with Nona Sue Overman. We wish they would keep it up.

John Montgomery has his eyes on an eighth grader like Betty Donson.

What's this we hear about Marlyne Green going steady with Tommy Cooper? Good luck, kids.

Veda Ritchey and Chester Albert are going steady. Good luck.

It seems that Gail Davis had a pretty good time with Brian Brady.

Demeris Little and James Barnes sure make a cute couple.

Lots of luck to Darlene Blevins, she is getting married in March!

Mickie Absher seemed to have a good time at Lubbock with Billy Patterson Saturday night.

Gloria Little and Sidney Allen are another steady couple around BHS.

Jerry Anderson and Sandy Castevens were seen together Monday night.

Georgia and Betty seemed to be having fun Sunday night with Jerry Zachary and Billy Willis from Ropes.

Why doesn't Donnie Boyd ask someone to the Football Banquet? I know someone who is dying to go with him.

Welcome to the new students—we are glad to have you!

Several Brownfield students turned blue Tuesday night, could it be because of lack of air?

Doesn't everyone agree that Patsy Teague and Jerry Bailey would make a cute couple?

Gloria Angus was seen with Charles Cabbiness at the Level-land game! Cute couple, hey?

Gene Farris is desperately trying to revive an old flame between Rena Faye and himself. Rena, why don't you give in?

I think Joyce Ellis and Delbert Bradley sure make a cute couple. Doesn't everyone agree?

What happened to Joanne Short Friday afternoon? Ask Tommy Hord, Charles Cabbiness and Doug Forbes. They should know.

Another real cute couple seen together lately is Carole Dallas and Teddy Joe Hardy.

Claude "Tide Water" Cypert is very busy in 5th period study hall, and it's not with his studies. Who is it, "Tide Water?"

What do Charles Cabbiness and Joe Swan talk about in Study Hall all the time?

What's this we hear about Betty, Carrie and Georgia going with Ropes boys?

It looks like Gloria had a nice time Saturday night with Lewis Daniel at Lubbock.

Girls, have you noticed that cute new boy from Plains? His name is Sanford Lovelace.

Say, Joe Swan, don't you ever give the girls a chance any more?

Who was Carolyn Warren with last Friday night in a white

Senior Personality

Senior personality for this week is 17-year-old Sally Russau. Weighing 130 pounds, she stands 5'8" tall and has blonde hair and blue eyes. Sally was born in Woodward, Okla., where she lived 10 years. After leaving Woodward for three years she returned. There she lived until she moved to Salt Lake City, where she lived one and a half years. Sally is undecided whether or not she will go on the senior trip, as the seniors plan to go to Salt Lake City. We are certainly proud to welcome this new senior into our school. Let's all try our best to make Sally feel at home.

The Chinese believe in the power of a little forest root—"Jin-tsan"—to prolong life and rebuild flesh and spirit. Until recently about a million dollars worth of it was exported from the United States to China annually.

Buick?

Four new kids in town are Wyndell, Buster, Joseph and Vernon. Bobby Bingham and Jim Morris have been seeing a lot of each other lately.

I think Bobby Duke and Billy Mac Herod would make a darling couple!

John Odell and Toni Akers seem to be hitting it off just swell. Keep it up, kids.

Miss Smith's baked Alaskan is really delicious. Just ask Betty and Ene.

The Low Down From Hickory Grove

Experience being the best teacher—if it is so—puts us folks of this era in a spot from which we can take off and get to town and prevent a further diluting of our type of Gove, with European socialism.

We have had a taste—or dose—of what happens when the Govt. gets too big for its pantaloons and starts telling the citizens to stand aside. But experience is not worth a hoot if we pay no heed. More than half our people and more than half our congress has got to be shaken out of a doze, woke up, to what has been going on. This is not America any more—not 100 per cent, that is—we been back-sliding.

Here is the annual report of TVA—TVA, the nation's firmest step toward repeal of individual freedom—and TVA is feeling its oats. It is chesty over its progress. And sisters and brothers, it has made progress—it has pushed all else, except socialist inclined political gentry, from the scene in that broad and nice and calm mid-south section of our U.S.A. The TVA annual report says in brazen fashion that in a few years, more than half its power will be steam generated. Such power has noting to do with rivers and floods. The whole TVA socialist scheme was cooked up and sugar coated for us—we thought it was flood control. It wasn't.

Yours for the low down,
JO SERRA.

Fight on 'Loan Sharks' to Continue

HOUSTON.—Senator George Nokes Jr. of Corsicana, the youngest member of the Texas Senate, has been named chairman of the anti-urury committee of the State Junior Bar of Texas, James C. Watson, Junior Bar president, announced this week.

Twenty-eight years old, Senator Nokes served three years in the Texas House of Representatives before being elected to the Senate three years ago. A combat flier overseas during World War II, Nokes won widespread notice in 1949 as the House champion of the Gilmer-Aikin bill which modernized Texas' outmoded public school system. During the last session of the Legislature, Senator Nokes was co-author of the Sewell-Nokes bill to impose a pipeline tax on natural gas leaving the state in order to finance the farm-to-market road program.

"The Junior Bar's fight against the loan-shark racket is one of its most important projects, and since a solution to this evil lies with the Legislature, we feel that Senator Nokes is exceptionally qualified by legislative experience as well as legal training to head this important committee," Watson said.

"The loan sharks each year take millions upon millions of dollars out of the meagre earnings of our poorest and neediest citizens in the form of illegal, usurious interest and fictitious charges. The Junior Bar is determined to find a way to cure this evil by making the public aware of it and through securing the passage of legislation which will provide a remedy for it. For this work, we believe that Senator Nokes and his committee are excellently prepared," Watson declared.

GOB's Some Coffee Drinkers, Believe Me

According to Navy standards, one pound of coffee makes two gallons of liquid. In that case, the Navy consumed approximately 18,000,000 pounds of coffee or 36,000,000 gallons during the fiscal year.

To break this down further, it is estimated that each man in the Navy drank 53 gallons of coffee during the year, which to a man from Boston, would be a lot of beans.

Coffee (according to the standards of most Navy men is their "life-blood"), is drunk with meals, between meals, and at any other time of the day or night. You can usually find a pot boiling away in the torpedo shack, on the bridge or in the engine room.

Just one ship alone, the battleship USS Missouri, drank up approximately 79,000 pounds. Ask any man in the Navy and he'll tell you, "Not one ounce was wasted!"

If you have a relative in the Navy, you might write and ask him if he got his 53 gallons of coffee last year.

Surveyors Short Course to Be Held

AUSTIN.—The Fifth Texas Surveyors' Short Course will be held in Austin February 7, 8 and 9.

Land Commissioner Bascom Giles, who will preside over the first session, expects a record attendance of Texas surveyors. All meetings will be held in the hearing room of the Texas State Highway Building, directly across Brazos Street from the General Land Office building.

On a three-program per day schedule, the short course will offer addresses by John Baker, Licensed State Land Surveyor of Fort Worth, Clayton Orn, Houston attorney, Jesse P. Luton, Assistant Attorney General, Austin, J. A. Orr of Texas A. & M., attorney John T. Simmons Jr. of the General Land Office, W. A. Rounds of Fort Worth, L. H. Bohmfalk of Dallas, B. C. Tharp of the University of Texas, and Edgar Tobin of San Antonio. An added entertainment feature will be technical movies of African big game.

A special program for attending ladies is being planned.

Surveyors planning to attend are asked to notify William Shirriffs, Secretary of the Texas Surveyors' Association, General Land Office, Austin, Texas.

In 1938 a strange 5-foot-long fish was caught off the tip of South Africa which was believed by ichthyologists to have become extinct 60 million years ago.

German invaders completely wrecked the mining towns on the island of Spitsbergen during World War II.

GIVE PROPER HAND SIGNALS!

Sees Greatest March Of Dimes Drive

AUSTIN.—The March of Dimes, January 2-31, will reach new heights this year in Texas, believes state chairman, Lloyd Gregory of Houston.

"With the assistance of thousands of volunteer polio fighters in every Texas county, better organized, better supplied, and better informed than ever before about the service program of the National Foundation for Infantile Paralysis good results should be predetermined," Gregory said this week.

An example of outstanding cooperation pointed to by Gregory is the support offered by representatives of 57 state-wide organizations, many of which have organized for the campaign in their local units throughout Texas.

Examples of all-out effort in the move to provide Texas county chapters and the National Foundation with sufficient funds for polio treatment, education, and research have come from many varied groups.

Gregory announced that messages requesting local support has been sent to National Guard units, Fourth Army units, theatres, local chapters of Epsilon Sigma Alpha, the United Daughters of the Confederacy, unions in the Texas Federation of Labor, local brotherhoods of the Railroad Trainmen and Locomotive Firemen and Engine-men, and the Texas Hospital Association.

Also, county chairmen of the Texas Home Demonstration Association, Rotary Clubs, members of the Outdoor Advertising Association of America, clubs of the Texas Federation of Women's Clubs, Rebekah Assemblies of the Independent Order of Odd Fellows, women's auxiliaries of the Texas Medical Association, and district presidents of the Texas Council of Church Women.

Gregory said he was certain other letters had been sent by state officers of organizations about which he had not been informed. The state polio chairman declared it seemed to him that everyone was eager to see that enough money would be raised to guarantee that no polio patients needing help would be denied, that Texas would pay its own way in patient care, and contribute its share to the National research, professional medical education, and epidemic aid programs.

Bagwell Seeing Service On USS Whitley

Thomas W. Bagwell, fireman apprentice, USN, son of Mr. and Mrs. L. R. Bagwell of Route 1, Brownfield, is serving aboard the USS Whitley, an attack cargo ship operating under Commander Service Force, Atlantic Fleet.

The Whitley was originally designed to transport combat troops and battle equipment to any amphibious theater of operations during World War II. A high-speed, heavily-armed cargo ship, the Whitley participated in the capture and occupation of Iwo Jima in the Pacific.

Assigned to Service Force, Atlantic Fleet, in 1945, the Whitley has been supplying Naval bases overseas.

Herald Comics—

(Continued from Page One)
Believe, spotlighting life behind the camera.
Little Patsy Cardigan, its heroine, sits on top of the motion picture world. Her name is known in lights from coast to coast, but she remains a simple, likable lass, unspoiled by the adulation of the nation's fans. Yet, not even her most ardent fans suspect the many exciting things that happen to Patsy in her off-screen life.
Do you like pretty girls dressed in the latest fashions? Then you'll fall head over heels in love with **MODEST MAIDENS**.
Modest Maidens are the No. 1 Pin-Up Girls of the comics pages. These cuties are not only favorites of the women but the men will go for them, too.
Also to appear will be **NEIGHBORLY NEIGHBORS**, the story of a small town guy who tries to live a normal life but finds it difficult.
Horsefeather Peters, our chin-whiskered hero, is the big splash in the little puzzle known as **Peters' Corners** in the backwoods of Maine.
BUCKLEY portrays the zany antics made famous by artist Joe Cunningham. If there is a hard way for Buckley to do something, rest assured he'll find it.
LITTLE MOONFOLKS will delight the hearts of the small fry. It is sugar and spice and everything nice.
THINGS TO COME presents the futuristic view of predictions both scientific and otherwise of the life in store for most of us in the world of tomorrow.
SPORT SLANTS, drawn by Pap, the country's No. 1 sports cartoonist, presents revealing profiles of the world's athletic heroes and heroines.
And last, but not least, there is **HOMER HOOPEE**, the blunder-prone family man—very much so, what with a wife, a son, and a mother-in-law always getting in his hair—Homer's life is far from humdrum. Often, he is involved in as many adventures at a G-men. In fact, he has faced so many crises, he is beginning to look like one.
HERALD readers can rest assured that every time they find

Senator Corbin—

(Continued from Page One)
ial District.
"The desire of State bureaucrats and special interest groups to take over control, and possibly ownership, of our underground water resources was prevented by legislation passed in Austin during the first term I served you. This legislation established ownership to underground water sources in the land owner, and permitted only local control, to be voted by the people in an area concerned. As you know, such a plan has been adopted by a vote of our West Texas people, and our underground water resources of this region are safely in our own ownership and control. This was not accomplished without a great effort, and against big odds."
"Texas Technological College has progressed nicely during my first term as State Senator. The appropriation has been well in line with that received by other State institutions of higher learning. The State appropriation has been roughly \$2,000,000.00 per year each year. A building program of \$4,500,000.00 has been completed during my first term.
"The Veterans Land Program has been passed and expanded with my support during this first term. In all, some \$40,000,000.00 in the form of a State bond issue was provided to assist our veterans, including the Korean veterans, to acquire a home or farm.
"\$15,000,000.00 a year from the State of Texas, to be matched with Federal funds, for Farm to Market Roads has been provided each year during my first term in the State Senate. The farmers' gasoline tax refund has been continued, and the counties have continued to receive funds from the State for use in their operations, thus making the tax load lighter on the property taxpayers who finance our county governments.
The threat of losing our Farm to Market funds, the farmers' four-cent gasoline refund, and continuing State funds to our counties will be great in the future. I pledge to continue my work and fight to retain these things for our people.
"I supported the raise in truck load limit, passed last year. The raise in load limit from 48,000 pounds to 58,420 pounds will help our farmers market their products, and give relief to the many segments of our population dependent on motor transportation.
"Needed extensive school reform, with more adequate pay for our teachers, improvement of State hospitals and Special schools, and other social reforms have been brought about in Texas. Also, a sound State program of soil conservation, administered on the local level, has been instituted during my term.
"The field of taxation is most important from a State standpoint. The natural gas pipeline tax has had my full support and vote, as State Senator. This tax, of which some 90 per cent falls on out of state consumers in the North and East, has written a new principle into our tax law. Although the big interests are attacking this tax in the Courts, it is the most sensible tax Texas could pass. Being the richest state in the Union in natural resources, and furnishing gas to the nation as we do, without realizing any revenue from it, Texas should finance many of the essential functions of State government from this tax paid principally by northern and

Services For Mrs. W. R. Richards Held Tuesday

Funeral services for Mrs. W. R. Richards, 76, who died about 1 p. m. Monday were conducted at 2 p. m. Tuesday at the Crescent Hill Church of Christ in Brownfield. Jimmie Wood, former pastor now of Odessa, officiated.
Graveside services were held at the Ralls cemetery.
Mrs. Richards went to Crosby county in 1907, moving to Brownfield in 1941. She is survived by her husband; five sons, T. H. of Glendale, Calif., D. L. of Brownfield, Curtis of Ralls, J. C. of Huntington Park, Calif., and Guy of Fort Worth; two daughters, Mrs. Gentry Gibson of Glendale and Mrs. Douglas Lowe of Brownfield.
Pallbearers were Cary Gentry of O'Donnell, Clyde Bond and Nevel Love of Brownfield, Johnny McKnight of Lubbock and Elby and Jess Hall of Ralls.

Humble Meet—

(Continued from Page One)
with the fervent hope that gatherings such as this, where various groups could gather for friendly discussion and fellowship, would always be a part of the American scene.
Final film on the program, "Cotton Bandits," was of especial interest to the farmers present. The film depicted the life and habits of our five most destructive cotton pests and control measures being used and experimented upon.
Concluding the program was the distribution of door prizes, which included various Humble products and featured a table radio.
The Humble group, in addition to Mr. Watts, included: R. T. Holmes, West Texas Division Manager, Abilene; E. C. Pendery, Division Operations Manager, Abilene; Pete Dunham, Division Maintenance Engineer, Abilene; Z. C. Motley, Division Sales Promotion Manager, Abilene; Ed Melson, Sales Promotion Assistant, Abilene; Joe Ferguson, Advertising Department, Houston; Joe Haeglin, Farm and Ranch Representative, Houston; Jack Kimbrough, District Manager, Midland; F. L. Austin, District Salesman, Odessa; Bruce Duval, Local Manager, Odessa; Homer Simpson, Commission Bulk Agent, Lamesa; B. C. McMinn, Local Manager, Lubbock.
