Terry County Sheriff's Posse to Ride In Parade At Annual Santa Fe Rodeo

Nineteen members of the Terry County Sheriff's Posse and their wives will leave here next Wednesday, July 9, for Santa Fe, N. M., where they will attend the annual rodeo July 10, 11 and 12. The group will arrive in the New Mexico capital in time for the pre-rodeo barbecue and square dance on Wednesday night.

Brownfield Federated Missionary Society

The Federated Missionary Societies who meet each 5th Monday held their meeting at the First Christian Church Monday, June 30. Vice President Mrs. R. D. Shewmake Jr. presided in the absence of the president. The program began with congregational singing "A Church's One Foundation," followed by prayer. Mrs. Roy Harris, Social Service Chairman, gave report on the colored Vacation Bible school held last month. The minutes of the last meeting were read and approved.

Church member attendance was: First Christian, 7; First Methodist, 16; First Baptist, 17; First Presbyterian, 4.

Mrs. Bob Toby, First Presbyterian representative, led the group in their devotionals and read Romans 8:24 through 28. "The Great Helper" was her theme, closing this with prayer. The First Methodist Church provided special music. Eehlene Bucy sang a solo, "Deep River," accompanied by Mrs. Robert Baumgardner. Miss Lillie, educational director of First Baptist Church, presented the study of Hannah, the mother of Samuel and Delilah. The program was concluded with the missionary benediction.

School Officials Meet At Lubbock

Supt. O. R. Douglas, Principals Byron Rucker and O. B. Stamper, T. C. Handley, Mrs. Mary Ruth Nelson and Miss Edith Creighton, all of the Brownfield schools, attended meetings of West Texas School administrators in Lubbock last Wednesday and Friday.

Mrs. Douglas served on a panel which discussed "Methods of Beginning in Service Training." Homer Barnes, superintendent of the Meadow schools, and J. T. Bryant, superintendent at Meadow, also attended the conferences, and Mr. Barnes served as chairman of one of the sectional meetings.

Mrs. G. W. Graves, who visited her daughter in Amarillo last week, was accompanied home by her niece, Mrs. Geo. Lynch of Amarillo, who visited last week-end with Mrs. Graves and her daughter, Mrs. Jack Holt, 604 East Main.

The Shelton, Purtell Sales Both Good

Inquiries at Shelton's early this week revealed the fact that their sale had gone over nicely, and Mrs. Shelton was highly pleased with results. In fact, the movement of goods from their shelves had been so good that she thought the sale would end today.

The report at the Purtell dad and son store, was also highly satisfactory, and Mr. Purtell was inclined to think he would have his stock reduced enough this week to end his sale.

The Herald is glad to report that these customers are pleased with their sales.

Gov. Allan Shivers Speaks Here July 9

Governor Allan Shivers will only be here at noon next Wednesday for an official visit, Burton Hackney, County Democratic Chairman, said late Tuesday. He will be unable to make a campaign speech on the courthouse lawn to the public at 2 p. m., Mr. Hackney said, due to other arrangements.

He will be a guest of all local civic clubs and invited guests at noon at the Veteran's Hall, and his address will be broadcast over the local radio station at 12:45 p. m.

Delegates from civic clubs in Plains, Tahoka, Denver City, Seagraves and Lamesa will attend the meeting here.

WANTED: MORE BLOOD DONORS

A special appeal is made this week for at least 100 more persons to sign pledges to donate a pint of blood when the Red Cross Bloodmobile is in Brownfield at Veteran's Hall on July 17. Red Cross officials said Tuesday.

Anyone willing to pledge a pint of blood is urged to contact either Mrs. N. L. Mason at the Herald office, or get a blank form from J. B. Knight Hardware, Collins, VFW members or American Legion members.

Suspects Cleared of Robbery of Station

Deputy Sheriff Cliff Jones reported Monday that H. L. Renfro, 28, and Pat Dumas, 38, had been cleared as suspects who robbed the Hill Service Station on the Lubbock road Monday of last week.

The station was robbed of some \$250 in cash and checks, and the burglars took a cash register, valued at \$350.

The cash register was reported found Wednesday morning of last week in a field that had been fresh-plowed, adjoining highway 51, on the Levelland-Seagraves cut-off road in northwest Brownfield.

As we understand the matter, the cash register was found during the time the suspects were in Austin taking the lie detector tests.

Activities Planned For Baptist Youth

Miss Ellen Doyle, youth director at the First Baptist Church, reported Tuesday that a playground adjoining the educational building is being cleared this week and poles will be set up for volleyball and badminton courts. Sports equipment has been purchased for use on the courts and in the Youth Center.

When the new parsonage is ready for occupancy on East Tate street, for the pastor, Rev. Jones W. Weathers and family, the old parsonage will be converted into a Youth Center, Miss Doyle said. Plans are being made to use the living and dining rooms for ping pong table; one of the rooms will be used for a sitting room; game tables will be set up in another room, and the small bedroom will be used for a Prayer Room. The kitchen will be used for a snack bar, Miss Doyle added.

The Youth Center will be used by the senior department on Sundays for Sunday School and Training Union.

New officers were recently elected for the Senior Training Union, with Max Black as president; Parlee Nelson, vice-president; Jerri Catherine Dumas, secretary; Brenda Kay Weathers, Group Captain No. 1; Marilyn Miller, Group Captain No. 2; Lillie Ray, Bible drill leader; and Jack Coward, Mission chairman.

General camp is in session this week, through July 4th at the Plains Assembly, Baptist camp near Floydada, and a group from the local church is attending.

Groups from the three Baptist churches will attend camp this month, with the boys' camp scheduled first. Intermediates will go on July 7-9; junior boys, July 9-11; girls' camp, juniors, July 14-16; intermediates, July 16-18.

A Mission study, "The Path of Light," will be studied by each group, and Miss Doyle will teach the study at the intermediate girls' camp.

Frederic March won the motion picture academy "Oscar" as the best actor in 1932 and 1946.

Decorators Shop Moves Near Regal

The Custom Decorators Shop moved last weekend to a new location, two doors south of the Regal Theatre, and co-owners, Mrs. George Germany and Mrs. Harold Hill, invite their patrons and friends to visit them in their new location.

The shop features upholstery, furniture repair and re-finishing, wallpaper with matching fabric for draperies and carpets. Mrs. Germany specializes in interior decorating.

Mrs. Willie Scuddy and Mrs. Vivian Hudson assist the co-owners in the operation of the shop.

The business establishment was formerly located at 201 West Main.

Lt. Col. M. Schwartz Guest at Rotary Club

Lt. Col. Morris Schwartz, Department State Director of Selective Service of Austin, was guest speaker at the annual Rotary Ladies Night program and banquet at the Esquire last Friday night, and officers for the coming year were installed.

Discussing the present Draft Act, Lt. Col. Schwartz, gave some insight into the dangers this country faces, stating that the United States must maintain Selective Service or something similar to it, to remain secure. "Let's be like old Teddy Roosevelt said, 'Speak softly, and carry a big stick,' with the Armed Forces and our foreign policy constituting the big stick."

"We must have your support or fail. You can't avoid the responsibility just because you are a tax payer. It is up to all of us to meet the challenge."

Bruce Zorns introduced the speaker and immediate past president Al Muldrow was master of ceremonies.

James Harley Dallas installed the new officers, and incoming President John Hill made a short talk.

Baptist Youth to Publish Paper

"The Plain Talk" will be published every two weeks by members of the Youth Department of the First Baptist Church, Miss Ellen Doyle, youth director, reported Tuesday. The paper will publish news about the young people of the church.

Don Noble is editor of "The Plain Talk," and Janelle Thompson is reporter for the young people's department, Marilyn Willis, reporter for the senior department, and Janet Johnson is reporter for the intermediate department.

Hot and Dry in The Old States

Rev. Homer Haislip, pastor of the First Christian Church, who had been back in the old states holding revivals, was in this week, and confirmed other reports that we have had that it is hot and dry other places. He had seen Tennessee, Arkansas, Texas, and perhaps other states on his journey. He reported that crops are deteriorating badly, especially in Arkansas, where they have not had rain in 30 odd days.

Lack of rainfall for 30 days back in the old states hurts a lot worse than the same length of time out here, as the runoff of rainfall is so much greater back there, and practically nil here.

He stated that crops and conditions look better right here at home than any place he saw.

Illinois Man Will Head Lions Clubs

MEXICO CITY—Edgar M. Elbert, Maywood, Ill., is the new president of the International Association of Lions Clubs (Lions International). He was elected by unanimous vote at the 35th annual convention of the association which closed here at the new Municipal Auditorium. Elbert succeeds Harold P. Nutter of Camden, N. J.

The convention concluded one of the most outstanding years in the history of Lions International, according to the report made by R. Roy Keaton, Chicago, Ill., director-general of the association. He reported the addition of 909 new Lions Clubs during the year and a membership increase of 31,413. As of May 31 of this year, there were 9,570 Lions clubs and 449,029 members.

Preliminary Plans For Field Day Made

Preliminary plans for a nine-county agricultural improvement field day to be held at the Terry County Experiment Station on July 31 were laid Tuesday night of last week by representatives of chambers of commerce and others in the South Plains region. The meeting was held at the Lubbock Chamber of Commerce office.

Wayne Smith, manager of the local Chamber of Commerce, J. B. Pope, soil chemist of the county experiment station, R. W. Adams, soil chemist working with Adams, H. G. Sprawls, county agent of Yoakum county, and Henry Williamson, of the soil conservation service in Terry county, attended the meeting.

Three speakers are to be secured for the day, according to Smith, who with Loyal H. Walker of the WTCC agriculture and livestock department, is spearheading arrangements. One speaker will discuss insecticides, another cotton defoliation and another fertilizers.

In addition, demonstrations of deep breaking, together with results in yield obtained from various methods, a grass demonstration, farm equipment display and demonstrations of cotton spraying by various methods, including airplanes, will be held.

The meeting is to begin at 2 p. m. on July 31, with farmers and agriculturalists from Terry, Lubbock, Lamb, Bailey, Hockley, Dawson, Gaines, Lynn and Yoakum counties attending. Chambers of Commerce are cooperating in sponsoring the field day.

MONTHLY SQUARE DANCE TO BE HERE TONIGHT

The Plains Square Dance club will be hosts tonight at 8:30 o'clock for the monthly South Plains Square Dance Association at the Veteran's Hall.

Good music and callers will be furnished and everyone is invited. Admission is \$1.25 per couple.

Brownfield Savings & Loan Association Shows A Very Substantial Growth

The Brownfield Savings & Loan Association had total assets of \$1,268,075.45 as of the close of business June 30, 1952. The association began business on October 15, 1951, and was 8½ months old on June 30, 1952. The association paid a 3% per annum dividend on its Investments and Savings Share accounts at the close of business December 31, 1951, and distributed a total of \$11,561.05 to its Investments and Savings Share accounts on June 30, 1952, which dividend is at the rate of 3% per annum. Besides the dividend paid to its Investment and

Savings Share accounts, the permanent Reserves of the association have been increased by approximately \$6,000.00 during the 8½ months the association has been operating.

"We are proud of the progress which our association has made during its 8½ months of existence. This success has been due largely to the fine support we have received from the people of the Brownfield trade area," said J. O. Gilliam, President of the association. "We had a total of 308 Savings and Investment Share accounts at the close of business June 30, 1952, and had made 108 loans for the purchase or building of homes in Brownfield and adjoining towns, and the prospects are very bright for the continued growth of the association."

The Brownfield Savings & Loan Association is a member of the Federal Home Loan Bank System and a member of the Federal Savings & Loan Insurance Corporation which insures all individual accounts up to \$10,000.00. The officers of the association, besides Mr. Gilliam, are Bruce Zorns, vice president; Leo Holmes, vice president; Newell A. Reed, secretary and treasurer, and Mrs. Carleita Adams, assistant secretary and treasurer.

The directors of the association, in addition to Messrs. Gilliam, Zorns and Holmes, are Joe J. McGowan, William J. McGowan, J. M. Teague Jr., A. M. Muldrow, J. B. Knight, C. C. Primm, and Grady Goodpasture, all of whom are residents and prominent business men of Brownfield.

Red River County Reunion at Lubbock

The annual Red River County reunion will be held at Mackenzie Park in Lubbock Sunday, July 6. Everyone who used to live in or near Red River County are urged to come and bring a picnic lunch. We hope for the largest crowd ever to attend Mrs. Vivian Watson, secretary, Red River County Association, Box 135, Lorenzo, Texas.

METHODIST MEN TO MEET ON TUESDAY NIGHT

Every Methodist man in the county is urged to attend the monthly meeting of the Terry County Methodist Men's organization next Tuesday night. A picnic supper is to be served at Coleman Park in Brownfield, and important reports are to be made.

Mr. and Mrs. G. C. Smith of Kermit were weekend visitors in the home of Mr. and Mrs. E. J. Angus, 704 East Cardwell.

Request For An Increase in Teachers' Salaries to Be Made of Next Legislature

A minimum beginning salary of \$3,000 instead of the present \$2,403 for public school teachers will be asked of the next legislature by the Texas State Teachers Association, according to a dispatch from Austin.

"Texas annually must have nearly 5,000 new teachers either as replacements or to take care of the rapidly increasing enrollment," Charles H. Tennyson, executive secretary of the association, said in making the announcement recently in Austin.

"The profession must be made more attractive and Texas faces a critical situation in its schools unless that can be accomplished," Tennyson declared.

The executive secretary of the 52,000 member teacher group which was a big factor in the school system revision campaign three years ago, also recently pointed out that more of the state

tax dollar must be allocated to public schools for additional classrooms if children are to continue to get a good education.

"Despite an increase in the pay for teachers granted by the voters and legislature three years ago, the profession is not attractive to young people because the pay is less than the national average for all workers," Tennyson pointed out.

The average salary for all Texas professional public school personnel is \$3,183, but that of the average classroom teacher is only \$2,980. The first-year teacher who holds a bachelor's degree gets \$2,403.

In comparison, the average for all employed people in the United States, including laborers, is \$3,390. Tennyson presented figures to show that pay of teachers since World War II has not kept pace (Continued on Back Page)

IT'S THE LAW
in Texas

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

Proper Records Guard Spouse's Separate Property

Texans are generally aware that we have what is known as the "community property" system in this state, but many do not understand the significance and implications of this fact.

Most of the property acquired by a husband and wife, or either of them, during their marriage belongs to them jointly and is referred to as "community property." In fact, the law presumes all property acquired during the marriage is community property unless the contrary is clearly proved.

Not included in this category is property owned by either husband and wife before marriage, and that which is acquired by either of them after marriage by gift or inheritance. Such items are regarded, rather, as the separate property of the individual spouse.

May the husband and wife divide their community property so that each will thereafter own one-half of it as his or her own separate property? Until the passage of a recent constitutional amendment, such action was not permitted by our laws. Now, existing community property may be so divided under certain circumstances. However, an agreement by the husband and wife that future earnings or income will be separate property is invalid.

In contrast, it has always been possible to convert separate property into community property. This is usually done unintentionally when separate property is sold or exchanged, and the parties fail to indicate clearly that the purchase money or the new property is to be the separate property of the husband or wife.

Very often the money received from a sale of separate property is deposited in the joint bank account of the husband and wife, mixing or "co-mingling" such separate funds with the community funds. This ordinarily results in the entire amount becoming com-

munity property through the inability of husband or wife to trace the separate funds at a later date. The distinction between separate and community property is important for many reasons, and married persons owning separate property should normally exercise care to prevent its being co-mingled with the community estate. Lawyers say that separate bank accounts and proper records will help keep matters straight.

Failure to use proper safeguards can result in an alteration of the legal order of descent at the death of a person leaving no will, since community property passes in one way and separate property in another. Or, one of the parties may lose his right to what was once separate property to whom-ever he chooses.

Other consequences include the possibility that the separate property of one spouse may become subject to the debts of the community or of the other spouse. Or, if a divorce should occur, one of the parties may lose part of his separate estate during division of the couple's various properties.

Court Rules Protect Rights and Insure Fair Trials
Many people regard rules of legal procedure as mere tools of delay, of concern only to lawyers and judges. Far from this, they are instruments of justice, and of real significance to all of us. Procedure is the machinery which makes the machinery of uniform justice run smoothly.

The law is composed of two parts—the substantive and the adjective law. The substantive law defines rights, duties and remedies; it enforces contracts and rights wrongs; it describes crimes and sets up penalties. People can usually see the value of substantive law. Adjective law deals with legal procedure and describes the steps a person must take to invoke the substantive law.

Some of our most important rights are to be found in the body of procedural law. For example, as a person who wants justice to prevail, we like to think that every man, rich or poor, shall have his day in court. This is an important right, for a day in court implies more than merely the right, for a day in court implies more than merely the right to have your say before a judge and jury.

Your day in court implies that you shall have the right to be properly represented, to have your case presented before an impartial jury and an unbiased judge, and to have a reasonable time to prepare for the trial. It holds that you shall have proper notice of the action against you; that the complaint or indictment shall state a clear cause of action. It means that you shall be confronted by your accusers; that you shall have

Nowadays It's Chicken Every Day But The Bird Is Still A 4th Of July Treat

SERVE CHICKEN on the Fourth of July and everybody will be happy. Chicken is a traditional Sunday and holiday bird and even now, when it's a thrifty everyday choice at many tables, it carries an air of festiveness. So it's still first choice for the Fourth.

The reason why any day can be chicken day nowadays, according to George R. Vail of the Birds Eye Division of General Foods, is because Birds Eye introduced a new concept of poultry processing in developing specially bred commercial flocks, and so helped produce the new all-year-round chicken plenty.

A new kind of chicken cooking has developed, too, because of our regular supply of this delicious bird. Whereas once, in this country, we had chicken fried when young poultry was available, and roasted or trussed most of the rest of the year, we now have all sorts of delicious adaptations of famous European dishes, like this Chicken Camille, starring quick-frozen frites in a real gourmet dish.

CHICKEN CAMILLE
1 quick-frozen frying chicken, country style, thawed
Seasoned flour
2 tablespoons butter or other fat
1 can (1 1/2 cups) condensed cream of mushroom soup
3/4 cup water
Separate pieces of chicken, dry, and roll in seasoned flour. Sauté in fat until brown on all sides. Remove chicken from skillet.
Combine soup and water with drippings in skillet, blending well. Return chicken to skillet, cover, and simmer 30 to 45 minutes, or until done. Makes 4 servings.
Note: If desired, 1 or 2 boxes (1 pound each) Birds Eye Chicken Drumsticks or Chicken Thighs may be substituted for the frying chicken. Use only 2 tablespoons butter with 1 box chicken, or 6 servings with 2 boxes chicken.

the right to cross-examine them; that you shall be able to present evidence in your own behalf.

Finally, the law governing procedure tells you how you may appeal your case to higher courts when you feel that you have not had a fair trial or that a prejudicial error has been committed in the trial court.

Much of our procedural law comes down from centuries of experience in the courts of other lands. It was inevitable that through the centuries some of the procedure would become cumbersome, obsolete and difficult. For this reason the history of procedure has been characterized by great periods of reform. In America we have experienced many advantageous changes in our laws governing the procedure of courts and administrative agencies. There is a growing custom in the United States of giving the courts the power to revise their rules in certain fields.

Our Texas rules of civil procedure are made by our state Supreme Court. The court is constantly striving, with the recommendations of practicing lawyers, to improve these rules. The aim of the Supreme Court is to provide a uniform and relatively simple set of rules for dispensing justice with a minimum of delay.

AT THE CHURCHES

First Methodist Church

Rev. D. D. Denison, Pastor.

Monthly meeting of the Board of Stewards is scheduled for next Wednesday night, July 9.

Adult choir practice is held each Thursday night at 7:30, with Mrs. Newell Reed, director.

Young people have been filling the choir each Sunday night for the regular church service, and last Sunday night there were 24 in the choir. Intermediate young people gave interesting highlights of the annual summer encampment at Ceta Canyon which they attended last week. The reports were made last Sunday night. Rev. Denison was director for the Brownfield district at the camp, and he and Mrs. Denison accompanied the 14 youths to the camp. Parents who attended some of the sessions at camp were Mr. and Mrs. J. L. Newsom, Mr. and Mrs. R. J. Purtell, and Mesdames Earl Cook, John Portwood, E. F. Latham, A. R. Isaacs and Ramsey.

Youths attending from Brownfield church were Katy Ramsey, Sandra Collier, Joanna Cook, Donna Newsom, Mary Jo Gilley, Beverly Isaacs, Jeanie Criswell, Maxine Green, Jessie Mary McClellan, Betty Collins, Jack Purtell, Dick Latham, Carlos Howell and Russell Portwood.

Maxine Green was elected secretary-treasurer of the group at camp. Brownfield had the largest representation of any church in the area.

Rev. Vernon Henderson, Brownfield district superintendent, and his family attended the Jurisdictional Conference in Wichita, Kans., last weekend. A former pastor of the Northwest Texas Conference, Dr. Bascom Watts, was named bishop for the southern area. Dr. Watts has been pastor at Tulsa, Okla.

ARMY'S NEWEST TANKS BEGIN TO ROLL

For the first time, the Army has permitted photographs of its new Patton 48 medium tanks rolling from the Chrysler Delaware Tank Plant assembly line. Military experts say this new spectacular tank will whip any other tank in the world. This million square foot tank plant produced and delivered its first Patton 48 to Army Ordnance on April 11, 1952, less than a year from the date the first steel was raised.

Borrowers of Small Loans Prefer TCFA

Nearly 98 per cent of Texas small loan borrowers who answered a recent mail poll reported that they prefer to obtain personal loans in the future under the new Texas discount lending law, Senate Bill 339, according to M. J. Wilson, Dallas, president of the Texas Consumer Finance Association.

"Thousands of small loan borrowers in Texas were included in a recent mail poll," Wilson said. "More than 97 per cent of those who answered reported that should they need a personal loan in the future they would continue with the new type of discount lending service, which is the flat dollar charge method."

Senate Bill 339 is better known as the new Texas discount lending law. It became effective last year and provides for examination by the State Department of Banking.

Mrs. Eunice Estridge and Susie of Throckmorton spent several days last week visiting Mr. and Mrs. Ted Hardy and family and other friends. Teddy Joe Hardy returned home with her to spend several days.

FARM QUESTION BOX

 General Electric Station WGV

- Q. Do our pullets get the rest they need when a small light (7 1/2-watt bulb) is on all night? Our 41 Leghorn pullets are in a 12' by 15' coop, and the light is kept on only to keep rodents out.
- A. The light will not keep them awake, and I would change to a 50-watt bulb as a greater discouragement to rodents and as giving better light for your birds if they want a drink or bite of lunch during the night.
- Q. I have a very good variety of grapevine. I would like to propagate some plants from this same vine. Will you please tell me how this is done?
- A. Cut some canes, now from last year's wood into sections with one bud. Dip the bud and nearby cut in a box of warm, moist sand over a radiator, where it will get mild bottom heat. Transplant those that take root and grow. Or set a one-bud cleft graft into a piece of grape root, cover graft with paraffin or wax and lay away buried in moist sand till sprouts and then set them in a nursery row.
- Q. I have some rancid butter on hand. Is there any way I can use it in making soap?
- A. I think you can add about one pound of the rancid butter to two pounds of hard grease like that from lamb or beef and some cheap perfume and get a fairly good grade of laundry soap.
- Q. To what extent will salt hurt concrete sidewalks where it is used in winter?
- A. Very little. It is mostly a surface stain that soon disappears.
- Q. All other factors being equal, is there any difference in bond value between a white egg and a brown egg?
- A. No.
- Q. Can hardy chrysanthemums be grown from seed? If not, how do they get new varieties?
- A. Yes—all the chrysanthemums grow readily from seed, cuttings or by dividing the clump of roots and re-planting them. Most of the popular sorts are hybrids, so get your seed from some good seed company. Plant in flats of sand and compost and give ordinary care and culture.
- Q. What causes moss on the lawn and what is the remedy?
- A. Lack of food enough to support grass, and perhaps too much shade and moisture for grass to survive. Aside from drainage and cutting out trees or branches, the remedy is to top-dress several times a season to give the grass more food.
- Q. Is there any way to remove pin or small feathers from a duck? The only way I have found is to clip the duck.
- A. The best way is to scald and rough pick, preferably on a machine, and then dip in cold water and cool off the wax and grease. Then dip in cold water and cool off the wax and grease. Then dip in cold water and cool off the wax and grease. Then dip in cold water and cool off the wax and grease.
- Q. Will you please send me any information you can on the pruning and spraying of small fruit trees? Most of these trees are six to seven years old.
- A. Prune young trees only enough to insure a strong main frame of five to seven branches and a central leader and then start thinning out branches as trees begin to bear. The more wood you have on the tree the faster it will grow. Spray young trees with lead and sulphur dust to control scale and other sucking insects, and spray with DDT to control caterpillars when they begin to bear, better spray or dust about once a week.

Yep, folks are wondering what is to become of this great nation if the bureaucratic spenders are not stopped—and soon. Here 'tis in a nutshell, so that he who runs may read:

In the 156 years of this nation BT (before Truman) the tax load during all those years was \$254 billion dollars. In the period of six years (With Truman) 1945-51, the people were taxed a total of \$262 billion dollars. But a lot of guys, especially those who like to see the other fellow taxed, while they get the gravy, think it's OK.

If some people were suddenly cut off from their cream, they would scream.

And while we are writing, we'd as well state that the police incidence in Texas is much higher than at the same time last year, and we had too much by a long shot last year.

We know that it is almost impossible to keep the kids clean at all times, but an effort should be made to clean up the youngsters as often as possible. Most of them will do the work of cleaning themselves, if the bath is fixed for them.

Another thing that should be watched is breeding places for flies and mosquitoes. Physicians are not sure yet what caused polio, but they feel sure that cleanliness of person and premises will help.

And while talking about sickness, the Old He was kinder knocked out awhile last week. All at once Friday p. m., we felt like we'd downed about a tumbler of Rock and Rye, as the ceiling of the office began to whiz around. We were helped over to the hospital and put to bed, and the doper started.

At the time our blood pressure was up to 200, and by next afternoon down to a nice 110. Even our doctor seemed to be puzzled over the sudden change. To us lay doctors, it just seemed to be

Looks like someone will have to appoint a committee of several to keep track of Uncle Jack Blankenship, especially about this time of year, when the reunions bloom out. Have noted in the papers that he has been to at least two reunions of old timers of late. One at Prairieview, N. M., and the other at Tahoka.

The latter is mostly an affair of Lynn countians, or former citizens of that county, and Uncle Jack qualifies. First time we ever met him about 1910, he lived in Lynn county. But the affair over in New Mexico takes in both Texas and New Mexicans.

And while we are about it, we believe, that Uncle Jack and his

G. I. QUESTIONS and ANSWERS

- Q. I am a disabled World War II veteran. If I get VA's approval, may I still start vocational training under Public Law 16, or did the cut-off date of last July end my chances for taking the training?
- A. If you meet all requirements, you still may begin training under Public Law 16. Under the law, you may start at any time, so long as you can finish the program's wind-up on July 25, 1956. The July 25, 1951 cut-off date only applied to training under the GI Bill, and not under Public Law 16.
- Q. A close friend, a World War I veteran, died recently, and I paid the burial expenses, since he had no family. May I be reimbursed by VA for the expenses?
- A. Yes. VA may pay up to \$150 for burial expenses of an eligible veteran. You can get necessary application forms at any VA office. You must file your claim for reimbursement within two years after the veteran's burial.
- Q. My wife and I are both World War II veterans. We want to open a dress shop with the help of a GI business loan. May we both use our loan guarantee privileges together?
- A. Yes. However, your total combined guarantee may not exceed 50 per cent of the loan.
- Q. I understand that VA will stop mailing premium receipts on GI insurance this summer. Does that mean we won't be getting those premium notice envelopes, as well?
- A. No. The premium notice envelopes will continue to be sent to veteran policyholders. Only the mailing of receipts will be discontinued.
- Q. I wear an orthopedic brace on my right leg because of wounds I received during World War II. Can I get emergency repairs to my brace without prior approval from VA?
- A. You can get emergency repairs to your brace up to \$15 from any commercial brace or repair shop without prior VA approval if you have the new "Prosthetic Service Card—Orthopedic Braces." VA Regional Offices are now in the process of issuing these cards.
- Q. I'm eligible for a 1952 dividend on my National Service Life Insurance. In my case, VA is holding the money to pay any premiums that I miss paying. When does this system start?
- A. VA can pay your premiums out of your dividend money only after the anniversary date of your policy has passed. Be sure to pay your own premiums until after the anniversary date; otherwise you're taking a chance that your policy will lapse.
- Q. I am on active duty, and I have an NSLI term policy which is under waiver. However, the term period of the policy is about to expire. Is there any way I can keep my insurance protection after it expires?
- A. Yes. Under the law, your term policy will be automatically

Trouble Usually Home Not the School Room

AUSTIN.—If all other institutions were doing as fine a job as the public schools, there would be nothing to worry about so far as the moral value of children are concerned, University of Texas Education Dean L. D. Haskew declared.

"Where else is honesty an absolute rule?" he asked.

The schoolboy who loses six cents of his lunch money is advised by his teacher to tell the truth about the loss to his parents, Dr. Haskew said. But at home his mother may say, "Answer the phone, please, Johnny, and if it's Mrs. Willis, tell her I'm not in."

At the dinner table, Dean Haskew added, the boy may hear his father tell of a business deal in which he made a \$1,000 profit because he found a man "out on a limb," and saved the limb out from under him.

Discussing the school's role in teaching moral and spiritual values, Dr. Haskew commented:

"The question is not whether we could, or whether we should be teaching these values. In our own section of the country, most teachers already are doing their best to instill in their students a religion of the practical, everyday sort.

"The real question, then," he continued, "is what we can do actually to achieve better the goals we seek."

Dean Haskew said teachers can create moral and spiritual values in students by "catching" the values themselves, thus serving as examples; by creating a classroom atmosphere in which the values are shown, as well as talked about; by direct teaching; and by a "life-centered" approach—teaching children to use the values as a guide for thinking out their problems.

Onagene Walker and B. D. Chisholm Wed

The marriage of Miss Onagene Walker to Bruce Derwood Chisholm was solemnized Sunday at 4 p. m. at Crescent Hill Church of Christ in a double ring ceremony.

The bride is the daughter of Mr. and Mrs. Guy S. Walker, 708 North Adkins, and the bridegroom's parents are Mr. and Mrs. J. R. Chisholm, 703 South D.

The bridegroom's father read the vows that were exchanged before an archway flanked by baskets of white gladioli and tropical greenery. Tall tapers accentuated the archway and white satin bows marked the bridal aisle.

Preceding the ceremony, the Church of Christ chorus sang "Ah, Sweet Mystery of Life" and "O Promise Me," and the traditional wedding marches.

The bride was given in marriage by her father and she wore a ballerina length gown of white pleated chantilly lace over satin with a fitted strapless bodice. The bodice was topped with a lace bolero with long tapered sleeves extending to points over her hands. Her headdress was a pleated lace cap with a shoulder length veil of illusion. The brim of the cap was intertwined with a string of pearls which were worn by the bride's mother at her wedding. She carried a white Bible, belonging to an aunt, topped with an arrangement of feverfew and a lavender orchid.

Maid of honor was Miss Mary Alice Moore, and she wore a ballerina length dress of mint organza over a full taffeta skirt, fashioned on the same lines as that of the bride's. She carried a bouquet of lavender carnations.

Candlelighters were Miss Marjorie Chisholm, sister of the bridegroom, and Bill Walker, the bride's brother. Miss Chisholm was dressed in a ballerina length dress of lavender organza over a full taffeta skirt. A cousin of the bride, John Allen Hudspeth, was ring bearer.

Larry H. Chisholm of Lubbock served his brother as best man. Ushers were Sam Chisholm of Searcy, Ark., the groom's uncle; Bobby Dee Walker, the bride's cousin of Ft. Stockton; Tom Harris, the bride's uncle, and George A. Hudspeth, her cousin, both of Brownfield.

A reception at the home of the bride's parents followed the ceremony. The table was laid with a white madeira cloth and was centered with a three-tiered wedding cake flanked with tall tapers. The floral arrangement was the maid of honor's bouquet.

Out-of-town guests were Mr. and Mrs. Dee Walker and sons, Bobby Dee and Joe Ben, of Ft. Stockton; Mrs. W. L. Harris and Miss Wilmetta Harris of Altus, Okla.; Sam Chisholm of Searcy, Ark., and Tom Walker of Dallas.

For a wedding trip to Norfolk, Va., the bride wore a beige suit of linenized silk with brown and white accessories and a lavender orchid.

The bride is a graduate of Brownfield High school and attended Texas Tech in Lubbock. She has been employed by the First National Bank.

The bridegroom, who was reared in Brownfield, is also a graduate of the local high school. He is now Quartermaster Third-Class in the U. S. Navy, and is stationed at Norfolk, where the couple will make their home.

ENGAGEMENT OF MISS BARTLETT ANNOUNCED

Mr. and Mrs. Lee Bartlett of Meadow are announcing the engagement and approaching marriage of their daughter, Bobbie, to Sgt. Joe E. Lewis, son of Mr. and Mrs. John B. Lewis of Conway, S. C.

The wedding will be performed August 2 in the home of the bride's parents. Rev. Matthew Doyle of the Meadow First Baptist Church will officiate at the double ring ceremony.

The bride-elect is a graduate of Meadow High school and attended Texas Tech in Lubbock for two years. She is presently employed at the First National Bank here. Sergeant Lewis is a graduate of the Conway, S. C. High school, and is stationed at Reese Air Base in Lubbock.

SAWYERS HOSTS TO COUPLES '42' CLUB

Mr. and Mrs. Arthur Sawyer were hosts to the Couples '42' Club Thursday evening at their suburban home, just west of town.

In the games, Mr. and Mrs. E. B. McBurnett, guests, received high for both men and ladies.

Ice cream and cake were served to members, Messrs. and Mesdames Sam White, J. M. Craig, W. B. Downing, J. H. Griffin and L. J. Dunn, and guests Mr. and Mrs. McBurnett.

Among the many from Brownfield for the weekend at Ruidosa, N. M., were Mr. and Mrs. Lee O. Allen and Mr. and Mrs. Clovis Kendrick.

Miss Wanda Stafford, Jerrell Price Exchange Vows in Ceremony Sunday

(Cut, courtesy Avalanche-Journal)

Mrs. Jerrell Price

In an impressive semi-formal double ring ceremony, Miss Wanda Lois Stafford, daughter of Mr. and Mrs. A. T. Stafford Sr., of Brownfield, and Jerrell Miller Price, son of Mr. and Mrs. Joe B. Price of Lovington, N. M., were married Sunday evening, June 29, at 8 o'clock in the First Baptist Church, with T. J. Finley, minister of the Crescent Hill Church of Christ, officiating.

Given in marriage by her father, the bride wore an original model wedding gown of ice blue nylon tulle over satin with sheer drop shoulders in yoke effect. The shirred fitted bodice had small shirred sleeves and tiny net ruffles embroidered with iridescent beads and pearls outlining the yoke and extending to the waistline at left side front. Joining the yoke with a large rosette of net centered with loops of satin ribbon was the full ballerina length skirt, offset at the left side with a panel of net ruffles outlined with bead embroidery spreads at the bottom. The fullness of the layers of net and satin was emphasized by the crinoline worn underneath.

Her short veil of matching silk illusion was joined on a small tiara of pearls lined with satin folds. Her bouquet was of white talisman roses with scattered blue baby breath showered on a white Bible.

Maid of honor was Miss Flo Deah Stafford of Brownfield, a sister of the bride, and bridesmaids were Miss Scharlyn Daniell and Miss Joanne Price of Brownfield. Junior bridesmaid was Miss Phoebe DeLane Sullins of Pecos. All wore identical dresses of baby blue nylon net over taffeta, fashioned with strapless bodices completed by net styles caught with double loops of net at the left shoulder. The shirred bodices terminated with rounded lines at the waistline, and from these stemmed voluminous ballerina length skirts with fullness shirred at the waistline. Crinoline worn underneath emphasized the ballerina length. They all wore nose veils of baby blue.

The maid of honor carried an arm bouquet of yellow carnations.

Refreshments were served by Mrs. Sherman Mitchell, Mrs. Charlie Moore and Mrs. D. E. Harris.

Little Miss Thedia Howze of Abilene visited in the home of her uncle, Harmon Howze, the past week.

Mrs. S. E. Aytes Has 90th Birthday Sunday

Mrs. S. E. Aytes, who makes her home with a daughter in Lubbock, and mother of Mrs. O. L. Jones, Terry county treasurer, celebrated her 90th birthday Sunday. Members of her family enjoyed a picnic at Mackenzie State Park in Lubbock.

Two of Mrs. Aytes' nieces, Mrs. Roundtree and Mrs. Shewmake, and their children, all of Pampa, attended.

Visiting in the home of Mrs. Jones here several days last week and attending the affair in Lubbock Sunday were her brother, Alfred Aytes of Clayton, N. M.; her sister, Mrs. O. J. Bradley, Mr. Bradley and son, Jo, of Chattanooga, Tenn.; and a friend, Mrs. Gracey, also of Chattanooga.

SOCIAL ENJOYED BY RUTH SS CLASS

Members of the Ruth Sunday School class of the First Baptist Church met in the new home of Mrs. Billy Moore for their social last Thursday night.

Mrs. James Fitzgerald led the group in an opening prayer. Mrs. Delton Tatum presided during a business meeting, and Mrs. Malcolm Parker was introduced as the new teacher of the class, replacing Mrs. C. L. Green, who resigned. During the evening, Mrs. Glyn Bilbrey was presented a lovely gift from the group as she is moving from Brownfield.

Homemade ice cream and cake were served to Mesdames D. C. Murphy, O. R. Douglas, Tatum, Fitzgerald, Moore, Reuben Leach, Harold Mulkey, Bilbrey, H. H. Sherrod, Bill Neel, Leonard Willis, R. E. Thompson Jr., C. W. Denison and Parker.

Co-hostesses assisting Mrs. Moore were Mesdames Doyle Pierson, Mulkey, Murphy and Leach.

MONTHLY MEETING OF HOPE CIRCLE HELD

The Hope Circle of the First Methodist Church met Thursday, June 26, in Fellowship Hall for a monthly business meeting. Mrs. Bob Collier played piano solo prelude of hymn music.

Prayer was led by Mrs. W. T. Briscoe. The committee chairman for the coming year was presented.

Circle Chairman, Mrs. Coke Tolver. The devotional on 23rd Psalms was led by Mrs. Tim Faulkenberry. Three visitors, Mrs. E. Latham, Kenneth Frasier and Cecil Farrar.

Mrs. Latham presented the morning program, "What Dost Thou Have In Thy Hand."

MRS. SHELTON HOSTESS TO PLEASURE CLUB

Members of the Pleasure Club met at the Esquire Tuesday night of last week, and Mrs. Joe Shelton was hostess.

A fruit plate and iced tea were served after several games of bridge. Those attending were: Mesdames Jack Hamilton, Mike Barrett, C. C. Primm, Lee Brownfield, Grady Goodpasture, Tom Harris, Cecil Casey, George Germany, John L. Cruce, Harry Cornelius, Leonard Chesshir, and Harmon Howze.

High score was won by Mrs. Brownfield, with Mrs. Germany second high. Mrs. Hamilton and Mrs. Germany received bingo prizes.

Texas Girl Sails For Europe As Envoy To French Festival

En route to Europe as a special envoy to "Texas Week On the French Riviera," Miss Martha Jackson, of McAllen, Tex., is greeted in New York by Georges Tremel, of the French Government Tourist Office. Miss Jackson was named by Gov. Allan Shivers to be a special representative of the Lone Star State at the Riviera celebration, July 12 to 20, when gala festivities will be staged in Monte Carlo, Nice, Cannes and other resorts on the Cote d'Azur as a tribute to Texas. Miss Jackson is being accompanied to Europe by her mother, Mrs. Wilbur Jackson, of McAllen.

Fascinating Fashions *By Judy Seaton*

For a weekend trip, your indispensable traveling companion will be a smartly tailored, nylon suit. Completely washable, wrinkle-free, cool and so simple to care for, nylon suits provide a perfect solution to presenting a fresh, well-groomed look in the hottest, most sticky weather.

Summer suits are tailored in many styles for all types of figures but, according to Virginia Kaye, you must be careful to choose the most becoming style for your figure type. "For instance," Ginny, who plays the leading lady on CBS's daytime serial, "Rosemary," points out, "a double-breasted line is best suited to a tall, slim figure; full skirts require height, pencil slim skirts are more flattering on a well-proportioned figure as they are apt to give the illusion of dumpy-ness on a too rounded form. Many of this season's suits have a softly gored skirt, which is graceful and flattering to most figures."

When you plan your trip, don't overlook the smart and sturdy luggage made of plastic. Closely resembling leather, this luggage has all the advantages of plastic. Light in weight, a major consideration when you play to fly, plastic does not nick either. Be sure, though, to use a protective coating of wax or saddle soap on any luggage to insure against scarring or a sudden downpour.

Whether you are lucky enough to be heading for Europe this summer, planning a two-weeks-with-pay holiday or are busily packing

Beach fashions are more flattering than ever this season! Whether you select a one piece, fitted suit of lastex, a one piece with fitted bodice and a full ballerina skirt or a classic two-piece with "little boy" shorts, you'll discover a new freedom and comfort as well as a bathing suit both practical and glamorous whether you intend to get wet or just tuck in the sun.

Ginny Simms, singing co-star of CBS's "Jack Smith-Ginny Simms-Dinah Shore Show," has passed on several tips on beach clothes gleaned from years of living at a beach home on the West

Coast. "A carry-all beach bag is indispensable for a trip to the beach," Ginny claims. "Also, a skirt, beach coat or some 'cover up' in case it gets chilly or to prevent getting too much sun, is a necessity." I like to use a white stole of terry cloth, which serves double duty... as a wrap and to dry off with after swimming.

Another beach note is that bathing suits, following the fashion trend toward full skirts with petticoats, organdy, jersey or dotted Swiss with full skirt... puffed out with tiny bloomers and a miniature petticoat of Hamburg lace.

Mr. and Mrs. Carroll Killingsworth of Wheeler were weekend guests of Miss Doris Mahaffey, home demonstration agent. He is a teacher and basketball coach at Briscoe.

Members of the Brownfield school board voted in their last meeting to accept bids and make plans for the building of rest rooms at the Cub football stadium. According to R. A. Simms, school tax assessor and collector, the board hopes to have these building completed before the first game in September.

"It's hot in Florida! That's what the Graham Smith's say, as they recently returned home after a month's visit with their parents and other relatives near Tampa. His brother lives at Miami, but it was so hot there, the Brownfieldites sent them word to meet them at Tampa. En route to Florida, they stopped at New Orleans for their daughter, Charlotte, to enjoy sight-seeing in the old southern city. This was Charlotte's first trip to New Orleans.

Gee Gee and Sam Privitt recently started work on their new house at 507 South C. A city permit was issued for a \$12,000 brick veneer house. They are making big plans to have every convenience for the small son, "Ricky," who is just a few months old, Sam has turned "carpenter" and spends many hours a day helping with the building.

"The Call of the Wild" will be answered next week by Mr. and Mrs. Jake Geron and children and Mr. and Mrs. Odell Sears... if we liked trout we might make a wish, but the husband enjoys the trout in our family! The couples will leave Sunday for a week's vacation and camping trip at South Haven, near Pecos, New Mexico. The fishing rods are going along, and they have already started counting their fish!

Miss Eleanor Miller is one of the most efficient secretaries in town... she assists Kelton Miller, who is service agent for the Terry County Farm Bureau. One of Kelton's duties is to help with the 463 Braceros who are in this county through the efforts of the Terry County Farm Association... about 100 more Mexican Nationals were expected this week... Eleanor only keeps track of much of the book work for the organizations, but she converses fluently with the man from south of the Border, which helps to make their problems seem easier, when someone talks their language. A graduate of Texas Tech, Eleanor minored in Spanish.

According to reports, the Braceros are more interested in work while here than anything else... as many of them work on Saturdays and Sundays, and come to town late in the evenings for their supplies.

A number of new gate signs have been received at the Farm Bureau office, and any member in the county who has not received a sign is urged to call at the office, now located in the old city hall building, just south of the post office.

Mr. and Mrs. Geo. Steele and children, Sue, James and Calvin, 806 East Main, will leave Saturday for a two weeks vacation. They plan to go to the Grand Canyon, Salt Lake City, Utah, and to Yellowstone National Park.

Mr. and Mrs. Frank Ballard, accompanied by Mr. and Mrs. Arthur Sammann and daughter of Tullia, will leave tomorrow for Ruidosa, N. M., for the weekend. Mrs. Ballard and Mrs. Sammann are sisters.

"I would really enjoy a good sandstorm!" Those are the words of Pfc. Doyle Crowder, who recently returned home after spending 10 months near the fighting in Korea. "It's no picnic there," Doyle said. He will probably be discharged from the army in August. In Korea he operated a radar machine for an artillery unit. He and his wife are visiting his parents, Mr. and Mrs. H. L. Crowder, 407 West Lake, and her parents in Quanah during his 30-day leave.

Texas Teachers Now Better Prepared

AUSTIN.—Despite the fact that Texas teachers have not had an increase in their base salaries since 1949, they have continued to improve their professional training. They now rank among the five top states in the nation in teacher preparation, according to Charles H. Tenneyson, executive secretary of the Texas State Teachers Association.

Tenneyson said that figures available from the Texas Education Agency show that more than 95 per cent of the state's 58,513 public school teachers now hold degrees from accredited institutions of higher learning.

During the school term just closed, only 2,299, or 4.5 per cent of the "white" teachers in the state did not have degrees. Only 146 or 1.84 per cent of the Negro teachers in Texas do not have degrees.

The school year 1951-52 also marked progress in another direction, Tenneyson said. It was the first year in the history of the state that the schools did not have some people teaching who had less than a high school education. The previous year 34 such people were employed as teachers.

TO MEET BI-MONTHLY

Announcement has been made that the WSCS will meet on the first and third Mondays of each month at 9 a. m., during the balance of summer.

Mr. and Mrs. Norwood Browder and son, Skipper, of Midland visited Sunday with his parents, Mr. and Mrs. Jack Browder.

Vet Survivors Told of Social Security

They tell us how the Army Finance Corps is now enclosing, by mailing death gratuity checks to survivors of soldiers killed in Korea, a reminder that Congress has provided additional Social Security benefits to WW II veterans under the Social Security Act of 1950. This Act provides credits to WW II vets of \$160 a month for active service. Survivors should be urged to check with the local Social Security office or representative, if a soldier killed in Korea was also a WW II veteran.

Insurance Dividends— Election of Payment

We have received several complaints from veterans who say that they did not receive the card from the VA on which the veteran can elect cash payment of the 1952 dividend and future dividends and have received notice from Insurance Service, District Office, that the 1952 dividend has been applied as a credit toward payment of premiums becoming due on insurance after January 1, 1952, as provided by Public Law 36.

While in Dallas the other day we took this matter up with the District Office, and now are informed by that office that in such instances the veteran can write to the District Office explaining the fact that the "election" card was not received and that he desires that the 1952 dividend and future dividends be paid to him in cash and the VA will comply with his request. All "dread" veterans are supposed to have been sent this

Your United States

By FLOYD CRAMER

(President of the National Association for the Preservation of Free Enterprise, Inc.)

The Socialists and certain other elements in this country who attack the advocates of free enterprise follow one line of action very consistently.

The Socialist line is to call names, to assert that a friend of free enterprise is an enemy of all progress.

Now, as a matter of fact, the people who advise America to hang on to free enterprise are not opposed to progress, at all. They are opposed to only one thing—the injustice and inequality by which other systems enslave the people who fall for them.

Let me explain: America is a world power today because of her free enterprise system.

Our high level of living cannot, under any stretch of the imagination, be credited to communist or socialist schemes.

Free enterprise has stimulated our production in the past and will give us the necessary goods in the future.

In all of human history, no country embracing socialism has shown capacity for production anywhere near to ours.

In 1949 the United States produced 56,382,000,000 eggs.

"election" card—but in handling of so many some were no doubt bypassed.

Job Preference Rights For Korean Veterans

Until Congress officially declares Korea fighting a "War" thousands of men who enter service after April 28, 1952, will be denied veterans' preference for Federal Employment since the Japanese Peace treaty was signed on Monday, April 28. It means that we are no longer technically at war and only those veterans who qualify for campaign-ribbons will qualify for job preference before this date (April 28).

Any veteran who saw active service and was honorably discharged is eligible for 5-point preference if not disabled and 10-points if disabled.

GI Home Owners Warned to Watch for 'Milking' Racket

Veterans who are delinquent in payments on their GI home loans should be warned to check carefully any offers by strangers to pay delinquent payments if they, the veterans, will "sign on the dotted line."

The VA advised such veterans to check with the holder of the mortgage or with the loan guaranty division of the nearest VA Regional Office to determine whether or not the offer is legitimate and sound. The VA reports that in some parts of the country, a revival of the practice sometimes called "milking" or "equity skinning" has occurred.

Many variations of these practices are used in different parts of the country, depending on State and local laws, although some of the practices may be legal they are considered unethical and usually result in getting the veteran in a jam which usually costs him plenty.

then that we must stick to the system we have developed, if we are to remain a world power.

Socialism—like a muddy football field—is the great leveler. It levels off production as well as the means of production.

But our free enterprise system—and the socialist planners are inclined to forget this—has given us the wherewithal to maintain foreign economic and military aid.

Unless we preserve incentive and production, we're not going to be able to help out in foreign countries nor are we going to be able to build up our own strength.

Some critics of free enterprise also claim that the system protects only employer groups and not the employees.

This is obviously untrue. In working for private industry, under men who are experienced in production and marketing, the employee has a chance to advance, to learn, and to save and invest.

If he so wishes, he too can go out and start a business.

That is the wonder of America. That is the opportunity open to all who want it.

The advocates of free enterprise are not selfish thinkers. They are the real believers in the American dream.

In 1949 the United States produced 56,382,000,000 eggs.

Choosing a Baby Sitter Is an Important Decision

BY EDNA MILES

MODERN mothers often feel they are called upon to make an unfair choice. Since today's young families often live far away from older-generation relatives and home-town friends, wives either have to stick at home with no evenings out, or else they have to call in outsiders whenever they decide to arrange a break in routine. When it's the latter, it's sometimes with fear that they turn over their offspring to a sitter.

This apprehension on the part of parents can be lessened if they will observe a few precautions. Avoid spur-of-the-moment calls for sitters. It's best to investigate carefully and leisurely the person with whom you're considering leaving your baby.

As a general rule, the too elderly and the too immature are to be avoided.

Such practices as entertaining friends or making lengthy phone calls are taboo, and should be pointed out as such.

Mothers should leave definite instructions concerning the child's routine. And put out, within convenient reach, any special toys that will help keep the child happy and entertained.

And last of all, prepare for emergencies. Leave with the sitter the telephone number and address of your destination, and also the numbers of another responsible adult (in case you can't be reached), your doctor, and the fire and police departments.

Parents of this happy, secure-feeling little girl, left, can enjoy an evening out with confidence, knowing she is in the hands of a responsible sitter. Tragedy may result, however, from leaving child, right, with immature girl, who chatters at length upon telephone, unaware that her charge is playing with household poisons from the cleanser cupboard.

Long Range Battle Against Polio Plan

AUSTIN.—A long-range battle plan against rampaging polio has been outlined by the State Department of Health.

State Health Officer Geo. W. Cox recommended these eight points of action in combatting the disease which this year is striking harder, at Texas than at any other part of the nation:

1. Spot-spray insect breeding places after they have been cleaned up and destroyed. Spraying indiscriminately might kill a few insects on the wing, but it won't do the job. It might kill valuable plants and create a false sense of security.

2. Get rid of animal shelters in urban areas. They cannot be kept clean and consequently create a health hazard as fly breeders.

3. Get rid of dump piles, tin cans, old tires, and accumulated debris which breed flies and mosquitoes and provide harborage for rats.

4. Provide a properly operated sewerage system, and get rid of all surface toilets. Dr. Cox believes surface toilets constitute one of the major health hazards facing Texas.

5. Provide a source of pure water.

6. Protect food supplies in wholesale business houses, retail shops, and in private homes.

7. Make regular inspections of all premises to see that no possibility exists for fly breeding. If you have flies, somebody is maintaining a breeding spot.

8. Garbage should be placed in fly tight garbage cans until time of disposal. Tubs, boxes, lidless garbage can, etc., are of no value.

He urged each owner to assume responsibility for keeping his property clean inside and out. This will help protect you and your neighbor. More people have been struck down by polio this year than ever before.

He said it takes months and months to clean up a city, and that it "takes forever to keep it that way." The program must be continuous. "It will take from one to five years to really clean up our larger cities," Cox said.

"This is the same program we have followed and published for the past ten years. People have got to get over the notion that spraying alone will keep their city fly-free," Dr. Cox declared. "The only way to kill flies is to do it methodically, block by block, by eliminating their breeding places."

"They carry many disease—diarrhea, typhoid fever, cholera, trachoma, just to mention a few. I firmly believe that if this 8-point program is invoked, we'll see a lessening of polio incidence in the future."

ELECTRIC CONSUMPTION REACHES NEW HEIGHTS

AUSTIN.—Industrial electric power consumption in Texas reached a record high during April 533 per cent above the 1935-39 base period average, the University of Texas Bureau of Business Reported.

Mrs. Harry Cornelius was in Dallas last week.

Marnar Price and son, Louis, of San Juan, Puerto Rico, are here visiting his parents, Mr. and Mrs. W. W. Price, and other relatives and friends for a few weeks.

Santa Fe Crop Report For Northwest Texas

Harvest of a rather small wheat crop, conservatively estimated at 87,000,000 bushels, compared with the last official forecast of 41,532,000 bushels, is fast nearing completion on the Texas high plains.

Yields of acreage left for harvest are about average but abandonment was heavy during the winter and spring to hold production down. Much of this acreage has been planted to grain sorghums and cotton, both of which are badly in need of moisture.

Digging of potatoes in the high plains is underway, with good yields reported, and sugar beets in the same general area are doing well. Castor beans are being grown on considerable acreage at Hereford, Muleshoe, Pecos and Ft. Stockton, following experimental plantings last year.

Pasture conditions in the western third of the state are questionable, in spite of general rains which fell early in June. Much more than normal rainfall over an extended period is required to offset the effects of dry weather the past several years.

Mrs. W. O. Hubbard of San Angelo and Mrs. Douglas Brown of Odessa are here visiting Mr. and Mrs. Bill Williams. Mrs. Hubbard is Mrs. Williams' sister.

Comfort In Summer Glamour

Summertime evening fashions can be even more fun to wear than winter dressup clothes—because so many of them combine easy care and good looks that you can relax and not worry about them. Popular this season are piques, such as the dainty strapless gown worn by Ginny Simms, of CBS's "Jack Smith-Dinah Shore-Ginny Simms Show," and nylons, like Virginia Kaye's gracefully designed gown. Virginia is the heroine of CBS's "Rosemary" and, as a busy career girl feels that practicality and glamour should go hand in hand. The increasing popularity of shorter evening gowns is a step towards that practicality, Virginia feels.

Santa Fe Educational Awards Announced

COLLEGE STATION.—Fifteen outstanding Texas 4-H Club members this fall will be selected to receive educational awards provided by the Santa Fe Railway System. Word has been received from the National Committee on Boys and Girls club work, Chicago, by the state 4-H leaders in Texas transmitting the offer from the donor of the awards. The offer has been accepted.

Each of the 15 winners will receive an all-expense trip to National 4-H Club Congress, Chicago, in late November. These awards have been provided annually for some 30 years and are among the most coveted awards available to

Texas 4-H Club members.

In addition to the 15 educational awards, two college scholarships—\$250 each—will be awarded during Club Congress to a boy and girl from among the educational award winners. The two will be selected on the basis of general achievement in their all-around 4-H demonstration work.

The awards are open to statewide competition and 4-H members who have completed three years of 4-H work including the current year and who were 14 and under 21 years of age on January 1, 1952, are eligible to participate in the awards program.

According to the state 4-H leaders, up to four records may be submitted from each of the 12 Extension districts to the state 4-H office. From this group, the final 15 winners will be selected. The

district winning records must be sent to the 4-H leaders before October 1. Local county Extension agents can furnish 4-H Club members with details on the educational awards which will include the final date for submitting records from the county to the district agents.

Selections will be made on the basis of the individual's leadership and achievement record in 4-H, length of membership, production records, participation in community, county, district and state 4-H activities and the general all-around record soon to be submitted by each contestant.

Misses Juana and Viola Grace Barrett of the Johnson community spent last week with their grandparents, Mr. and Mrs. Jay Barrett, 219 E. Main.

Can Tomatoes Now For Later Use

COLLEGE STATION.—Soon one of the favorite foods from the home garden, tomatoes, should be in plentiful supply. Tomatoes furnish Vitamin C which helps to make strong teeth, firm gums, and strong blood vessel walls. To have them when scarce, plan to can some when they are plentiful.

Select firm, red ripe tomatoes right off the vine. Jimmie Nell Harris, foods and nutrition specialist with the Texas Agricultural Extension Service, says two hours from the garden to the can will insure the most nutritious product. Gather only enough fruit to can in that length of time. One pint container provides four half-cup servings, which is enough for one meal for a family of four.

Now is the time to get the canning equipment ready. Tomatoes, because of the high acid content, should be canned by the water bath method. You will need a water bath canner, clean glass jars free from cracks and chips and new lids. If cans are to be used, have a supply on hand, oil and adjust the sealer.

Freezing is not recommended for the tomatoes. They become mushy and unpalatable.

Miss Harris says anhydrous calcium chloride can be used in canning tomatoes to retain firmness and shape. The exact amount must be used as too much will make the tomatoes tough. She suggests contacting the county home demonstration agent for further information on how to use calcium chloride and ways to can tomatoes.

Mr. and Mrs. R. L. Bowers and Mrs. Tommy Hicks and children left Monday for a two weeks vacation in San Francisco, Calif.

Mr. and Mrs. Luther Cruce are home for a few days from their cabin at Possum Kingdom.

Mrs. James Harley Dallas and daughter, Carol, returned home last week after several weeks' visit in San Antonio and Port Aransas. They visited Mrs. Dallas' mother and sister in San Antonio.

Mr. and Mrs. Harley Wilcox and daughters, Virginia and Mary Elizabeth, of Perry, Iowa, visited recently with his brother, Jack Shirley, and Mrs. Shirley. They were guests of honor at a barbecue given by Mr. and Mrs. Shirley at the Country Club on Friday night, June 20, and a number of friends attended.

Happy Fourth Is Our Wish to Readers

(An Editorial)

We believe that tomorrow will be about the 176th celebration of the Fourth of July as our nation's birthday. Let us all hope, yea, let us offer our prayers that our nation will have many more birthdays that means as much to us as a freedom loving people, as has all the past years of our great country.

The only way, we the people can keep our land free is to keep it out of the hands of dictators and spoilers. Those who would shut out the air of freedom from our people and our country. And the way to do this is to work as well as pray. Part of the work program is to qualify and vote. And to vote less for party names and more for men of integrity and morality.

We have in the past 20 years seen with much regret the result of allowing one party to name the rulers of our land. During that time, the party in power has built up a wall of bureaucracy to rule the people and keep them in subjugation, so they may be oppressed with unjust laws and burdensome taxes.

Yes, we know that some are reminding us that we have had great prosperity in that 20 years. We are also mindful of the fact that much of that time, we have either been at war, or preparing for one. And that right now if we are prosperous, and many are not, let us remember that more than 100,000 of the flower of our young manhood are paying the price of this prosperity over in a foreign country. And many more perhaps will pay the price before that nonsensical episode is over.

With the fervent prayers of a righteous people this year, as well as the action of the citizenship, Jehovah may grant that we get out from under those who would be dictators. Let us ever remember that "the prayers of the righteous availeth much."

And before we close this our only editorial for this week, if you and your loved ones aim to drive off somewhere, please be careful. Take no chances, even if in somewhat of a hurry. And we hope each of you will be able and sound in health and mind after the weekend holidays.

PERSONAL ITEMS

Mrs. Don Hart of Oklahoma City is visiting in the home of Mr. and Mrs. Jack Bailey.

Mr. and Mrs. A. E. Proctor and son were in Anson last week to attend the funeral of Mr. Proctor's mother, Mrs. Annie Proctor, on Wednesday.

Mr. and Mrs. Sawyer Graham and small son will return home this weekend after a two weeks' stay with her mother at Greenup, near Chicago, Ill. Her mother had been confined to the hospital several weeks, but is reported to be improving. Mumford Austin Graham, son of Mr. Graham, is with his grandmother, Mrs. E. A. Graham.

Mr. and Mrs. Charles Barrett of the Johnson community have just returned from a vacation spent in Denver, Colo., and Las Vegas, Nev.

Billy Grace Webb of Lamesa was here last week visiting her sister, Mrs. George Weiss. Jane Weiss returned to Lamesa with her.

Major and Mrs. Russell Hedrick of Washington, D. C., have been visiting Mr. and Mrs. George Weiss and Mr. and Mrs. Marvin B. Hilburn.

Mr. and Mrs. Jack Hamilton and Mr. and Mrs. Lee Brownfield spent last weekend in Ruidosa, N. M.

Modern Vacation, Drive Furthest And Fastest!

The age of wonder drugs—penicillin, the sulphas, streptomycin—has overshadowed the oldest and still one of the best remedies for mankind's ills—rest.

The Texas Safety Association would like to see restful vacations this summer, instead of the usual competitions to see who can drive the farthest and fastest and play most dangerously.

"A restful vacation is more likely to be a safe vacation," said W. Carlross Morris Jr., a Houston attorney and president of the association. "And the statistics of summer accidents certainly should make all of us think about safety."

A motor vehicle accident is the most likely mishap to spoil vacation rest and fun, but many of them could be avoided with a little advance planning, Mr. Morris said. He emphasized the importance of a thorough safety inspection of the car before starting a motor trip.

"Texans now have the opportunity to take advantage of their new motor vehicle inspection system which offers a uniform safety check at convenient locations throughout the state," he said. "What better time to get that inspection than just before the summer holidays? At the same time, you are freeing your mind of worries over the mechanical performance of the car and taking out an insurance policy on the safety of your family and yours."

The inspection stations will pay particular attention to the following check points:

Brakes—must stop car in 30 feet from 20 m.p.h. and take hold evenly on all wheels.

Lights—headlights at level to give maximum illumination with minimum glare. All lights clean and operating.

Tires—rubber should be evenly worn. No cuts or breaks in fabric.

Steering and wheel alignment—uneven tire wear and excessive play in steering wheel are warnings for mechanical correction.

Exhaust and muffler—tight and free from rust holes or leaks.

Windshield wipers—good operation is necessary to visibility.

Horn—audible 200 feet without undue loudness.

Glass and mirrors—clean and unobstructed for maximum visibility.

SANTA FE CARLOADINGS

Santa Fe carloadings for week ending June 21, 1952, were 33,598 compared with 25,827 for the same week in 1951. Cars received from connections totaled 10,782 compared with 11,873 for same week in 1951.

Total cars moved were 44,380 compared with 37,700 for same week in 1951. Santa Fe handled a total of 38,342 cars in preceding week of this year.

It has been illustrated that the tree of liberty will not stand too much grafting.

THE PRIZE AND THE PRICE—Secured by U. S. 1st Cavalry troops somewhere in North Korea, this hill bears the marks of the intense artillery barrages that preceded the Yank ground assault. Shattered trees and holes dug by shells give the area an eerie appearance even in daylight.

ABILENE.—Despite withdrawal of 500,026,837 barrels, proven reserves of crude oil and natural gas liquids in West Texas were increased 485,000,000 barrels during 1951, according to a report prepared by the West Texas Chamber of Commerce.

The report, published in the current issue of the organization's magazine, West Texas Today, notes that the 132 counties served by it accounted for all except 123,000,000 barrels of the 608,000,000 barrels added to Texas reserves during the year.

This estimate was based on a conservative figure for the Spraberry Trend development because, as The Oil and Gas Journal declared, "development has covered but a fraction of the area considered productive and almost eligible for the 'proven category'."

Texas provided nearly half of 1,416,000,000 (b) barrels added to the reserves of the United States. Of 14,342 wells completed in Texas during the year, 10,859 were in West Texas. The total of completions in the United States was 44,516.

Of the 44,516 wells completed, 23,453 were completed as oil wells, and 3,030 as gas wells.

West Texas had 6,827 of the 10,086 oil wells completed in Texas.

Of the 3030 gas wells completed in the entire country, 726 were in Texas and 339 in West Texas.

How to Control Spread of Polio

AUSTIN.—Dr. Geo. W. Cox, State Health Officer, has issued the following statements and suggestions concerning the control and prevention of poliomyelitis which is always more prevalent during the summer months.

Until recently it was generally believed that this infection is transmitted by means of discharges from the respiratory tract. It is now believed that poliomyelitis is primarily another of the several gastrointestinal infections. Therefore, control measures must emphasize clean-up campaigns and improvements in sanitation.

Strict sanitary measures must be observed in all communities. Stringent efforts should be made to eliminate the housefly and to destroy its breeding places. All mosquitoes and mosquito breeding places must be eliminated at once. Every effort should be made to institute approved garbage collection systems immediately. Safe water supplies must be assured.

All raw foods and vegetables should be washed thoroughly before use and protected from flies, filth and insects.

Every effort should be made to secure approved milk. Rats and mice should be eliminated.

Early symptoms of infantile paralysis are headache, fever, vomiting, drowsiness, followed by stiffness in the neck. When suspicious symptoms appear, a physician should be called immediately.

West Texas Plays Big FFA Pickups Feature Share In Oil Business In Dallas Parade

FFA Chapter pickups from all parts of the state will be featured in a parade in downtown Dallas in connection with the State FFA convention July 16, 17 and 18. These pickups are furnished by motor companies throughout the state in an effort to expand and improve the Vocation Agriculture program. The local motor companies furnishing pickup to the Brownfield FFA chapter are the Ross Motor Co. and Portwood Mo-

tor Co. Eight Brownfield FFA students will receive the State Farmer Degree at a banquet to be held in the Baker Hotel at Dallas during the State convention. They are Byron Wise, Ray Latham, Adrian Henson, Dennis Beadles, Glen Reid, Richard Ridgeway, Lanny Webb and Royce Kelley.

Mrs. Jody Line returned home last Wednesday from San Diego, Calif., after taking her husband to report back to the Naval Base. She will join him in about two weeks in Long Beach, where he will be stationed for a two-month period.

Importance of PMA Committee Elections

Plans to expand the farm-by-farm contacts of PMA community committees in Texas in 1953 increases the importance of the annual PMA committee elections, says Riley D. Jones, chairman of the Terry County PMA committee.

The chairman explains that many community committees next year will have the responsibility of making farm-by-farm contacts in their communities to help farmers make the most effective use possible of Agricultural Conservation Program assistance. Through these farm contacts it is hoped to extend the help of the program to an increasing number of farms and to concentrate on the most urgent conservation needs on each farm.

Special training will be given committees on the problems requiring most attention in the local area and how the program can best be used to meet them. Experienced State and county committee members and fieldmen and representatives of the Extension Service, Forest Service, Soil Conservation Service and other agencies will help out in training.

Because of the added duties and responsibilities, Chairman Jones urges all farmers in each farm community in Terry County to take advantage of this opportunity to elect farmers who are best qualified to carry on this work. He points out that the committees now serving may be the ones best qualified for the new duties but the election provides a means for the farmers in each community to decide.

Although elections are several months away it is not too early, according to Jones, for the farmers of Terry County to begin thinking about these elections and their importance in vital work of protecting and improving the land and water resources of the county.

Teachers' Salaries—

(Continued from Page One)

with that of other employed persons.

In 1939 teachers' salaries averaged \$1,420 and that of all employed persons, including laborers, was \$1,269. Teachers were 12 per cent above the average.

But this year Texas public school professional personnel averages \$3,185 and all employed people in the country \$3,390. Thus the Texas group is 6 per cent under the national average for workers and the classroom teachers are 12 per cent below the national group.

Since 1939, Tennyson said, the average employed person has had an increase of 167 per cent in his pay, while the Texas teachers have had a 124 per cent hike. If teachers' salaries had increased as much as others, the present average would be up to \$615.

That is approximately what the TSTA will ask as a minimum salary increase.

Tennyson spotlighted the teachers' economic situation another way: "The average classroom teacher's salary is \$2,960. The federal government's consumer price index shows that the present dollar will buy only as much as 52 cents bought in 1935-39. Thus, we find that the teacher has only \$1,550 in purchasing power in 1935-39 dollars."

"We must make it more attractive for young people to study for the teaching profession. It takes four years of college work for them to qualify and our colleges are not turning out the 3,500 teachers we need to replace those who retire, die or abandon the profession each year, let alone the 1,000 or more we will need yearly to take care of the some 37,500 increase in enrollment forecast annually through 1959-60."

"We should at least put the profession on the basis of equal pay with the average employed person in the United States, including laborers."

Mr. and Mrs. Don Opheim have returned from a two weeks vacation spent visiting his parents in Minnesota. They are moving to Lubbock where both will be employed at Station KSEL.

Cubs and Dads Attend Annual Camp At Post

Cubs and their Dads of Cub Scout troop No. 27 attended the annual encampment at Camp Post Saturday afternoon and Sunday morning, along with 169 Cubs and Dads in the South Plains council area.

The group enjoyed swimming and hiking and attended Sunday School Sunday morning. The local troop is sponsored by the First Methodist Church, and J. C. Powell Jr. is Cubmaster.

Attending camp were John and Dennis Givens, James and Jerry Bob Warren, George and Cecil Casey, Wendell Dumas, Freddie Mitchell and Powell.

Mr. Powell announced that plans are being made for another weekend outing for boys who were unable to go to Camp Post.

West Texas Golf Tourney July 10

West Texas Pro-Am golf tourney will be held here July 10, at 10 a. m. A large crowd of area men and women golfers are expected to participate.

There is need for quite a few local women golfers, so regardless of how you play go out and help make this meet a success, and if you are not a player, go out anyway and help make the guests welcome.

There is to be a juke box dance for the visitors that night. Also a buffet supper will be held after Pro-Am, for golfers only.

The local lady golfers are out to get the trophy back, so if you possibly can, attend the monthly South Plains Women's Golf Association at the Lubbock Country Club on July 9, if you can go contact Mrs. J. T. Bowman.

Brownfield Area Gets Half Inch Rain

There were some showers along about last Wednesday, but hardly enough rain fell here in town to measure. But Friday afternoon and night there was enough moisture to gauge, 49/100 inch. There was considerable electrical displays during the afternoon, and after midnight Saturday morning.

But the rain was far from general over the area. Seems like the north part of the county, as usual, got rain, but we talked with some south of town that got no rain to amount to anything—just showers.

However, many reports are that crops are holding up extremely well even in the drier areas, and the let up in the hard south winds has stopped the sand from covering crops in the sandier areas.

Former Resident, Mrs. W. B. Toone Claimed

Funeral services for Mrs. W. B. Toone, 88, were held in Dallas Saturday afternoon, and graveside rites were read in the Terrell cemetery beside her husband who passed away several years ago.

Mrs. Toone was an aunt of Mrs. W. A. Bell, 402 East Broadway, and had visited in Brownfield during April and May. She passed away Wednesday afternoon of last week in Baylor hospital, Dallas. Survivors include two sons, J. L. and R. T. Toone, both of Dallas.

A former teacher in the local schools, Mrs. Toone also served as postmistress here. The late Mr. Toone was superintendent of the Brownfield schools.

Mrs. Bell, accompanied by her son and daughter, Vernon and Margaret, and her sister, Mrs. Vernon Jenkins of Marshall, attended the final rites Saturday.

Mr. and Mrs. Riley Hamilton and daughter, Katherine, of Los Angeles, Calif., are visiting in the home of Mrs. C. F. Hamilton, 1104 East Broadway, and other relatives.

Misses Mary and Martha Chisholm accompanied their grandfather, Geo. W. Chisholm, to Sherman this week, where they will visit relatives.

Sid Lowery of the Robert L. Noble Real Estate and Insurance, will return Sunday after, being in Chicago the past two weeks. He has been attending an appraisal school for loan companies.

Several Vacancies In Local Schools

Seven vacancies now exist in the Brownfield public schools, Supt. O. R. Douglas said Monday, in addition to a curriculum coordinator and high school counselor.

Recent resignations announced by the school board include Mrs. Thelma Taylor, first grade; Miss Barbara Quinlan, third grade; and Miss Mary Alice Price, homemaking teacher in Junior High school.

Mr. Douglas also announced that a teacher will be added to the Wheatley colored school, and there will be four teachers there next year.

Three new 48-passenger school buses, purchased last year by the school board, were delivered to the local school system last week. The buses will replace the old ones.

SO GEORGE WANTS A NAME PLATE

One of our subscribers from way back when, Geo. Alexander of the old Harris community, was in this week, and although paid up to February, 1954, he cracked down for three more years, putting his paper up to 1957.

But George took a notion that he wanted one of them there name plates on his box out on route 1, Tokio. And we get five bucks of his oil money.

APPLICATION TO TRANSFER

Any child lawfully enrolled in any district or independent district, may by order of the County Superintendent, be transferred to the enrollment of any other district or independent district in the same county or County Line districts where the County Superintendent has jurisdiction upon a written application of the parents or guardian or person having lawful control of such child, filed with the County Superintendent; provided that any district or independent district being dissatisfied with any transfers made by the County Superintendent may appeal from such action to the County Board of Trustees of said county who shall have the right to annul and cancel the transferred allowed by the County Superintendent.

The applicant shall state in said application that it is his bona fide intention to send said child to the school to which the transfer is asked, and to give reasons for making application.

All applications for transfers are made during the month of July.

E. G. BROWNLEE.

Mr. and Mrs. Walter Gracey and Miss Mary Lee Gracey were in Floydada Wednesday to attend the funeral of Mrs. Gracey's uncle, Bob Kropp of Cone. He was the brother of Mrs. Lee Almon, city. She went up there Monday.
