

## Johnny Cloud Will Enter State Gloves; Roscoe Treadaway, Cloud Win Regional

Johnny Cloud, Brownfield High School athlete, will represent Brownfield mittmen at the State Golden Gloves Matches to be held in Fort Worth Feb. 10-15. He is eligible to participate in the state-wide fights after winning in the light-weight open classification at regional competition in Abilene

held Friday, Saturday and Monday. Also winning in the regional meet was Roscoe Treadaway, heavy-weight fighter, who has decided not to enter state fights this year. In the Abilene ring, Brownfield had seven entries, with two winners and five men in the finals.

Entering the finals, other than Cloud and Treadaway, were Kenneth Carey, 75 pound division; Orlan Odom, 112 pound high school bracket; and Harold Rich of Wellman, 119 pound, high school bracket.

Lyle Shelton, local Texas Tech-san, lost in the semi-finals of the 147 pound open, to Cotton Fowler of Abilene, recognized as one of the state's outstanding fighters. Billy Bradley also entered regional competition in the 147 pound open group.

## Clare Well Better Than First Thought

The Brit Clare No. 1, which heretofore has been designated as a widecat, has been classified as a portion of the Glorieta-Prentice pool of northwest Terry and northeast Yoakum. This well has been finaled as a 624 barrel daily producer of 29 gravity oil and a flowing well. Total depth 5,912, but oil was encountered at 5,898. Location, section 22 block D-14.

A test is to be made on the Laura Winn property, one location east of the one well Atlas field, near the Terry County Farm. The well will be carried to a depth of 8,500 to Clearfork, by Sunray Oil Co. When the Atlas lone well was drilled last year, it was reported as a three depth producer. Location about 10 miles west of Brownfield.

Many Changes In Oil Field Names  
For instance, here in Terry county we have two fields in the same area, in the Adair section of south Terry. One is a shallow production, for this section, around 5,000 feet, and the other in the Wolfcamp reef at around 8,000 feet, the latter being much stronger wells, and higher gravity oil, around 40 gravity. Below we give the name of the 9 different fields in Terry county along with the net daily allowable:

Adair, 115 wells, net daily allowable, 2,768 barrels; Adair Wolfcamp, 61 and 6,147; Alex, 4 and 53; South Brownfield Canyon, 8 and 1292; Coroco-Clear Fork, 1 and 180; Corrigan, 5 and 702; Mound Lake, 1, nothing reported; Statex-Cisco, 1, and 200; Wellman, 28 and 2,961. Total number of wells in Terry county, 224 and net daily allowable, 14,303 barrels of oil.

Yoakum county began developing their oil resources way back much earlier than Terry, about 1936, we believe. They have some mighty heavy producing fields, particularly the Wasson with 1677 wells, and net daily allowable of 56,089 barrels. Yoakum county has a total of 10 fields, with 1804 wells and daily allowable of 62,200 barrels.

Some other high producers in the area are: Andrews, 2570 wells, allowable, 116,795 barrels; Gaines, 934 wells, allowable, 45,459; Hockley, 4,418 and 84,205; Scurry, 2,736 and 127,432 barrels.

## Eugene Finnen Is Jailed Without Bond After Using Patrol Car For Beer Wagon

Two Brownfield officers were forced with their own guns Saturday to turn their patrol car into a beer wagon and the "stick-up man" is in county jail thinking over his "bravery." Eugene Finnen, Negro, was jailed on charges of armed robbery Sunday and is being held without bond.

Officers A. C. Harbin and A. H. Ziegler were driving down Fifth street Saturday when they observed Finnen carelessly operating his vehicle. They pursued him for reckless driving and when his car was stopped it was found to be filled with beer. Harbin got in the Negro's automobile to drive it to the police station, but the car would not start. Ziegler and Finnen were in the patrol car, and Ziegler attempted to push the other vehicle to get it started.

Finnen got out of the car on the pretext of seeing if the bumpers of the two cars would meet, and when he re-entered the patrol car, grabbed Ziegler's gun from

his holster and forced him to get out of the car and accompany him to the other automobile, where Harbin's gun was also taken.

The officers were then forced at gun-point to transfer the beer to the police car and drive to the police station. Finnen was then forced to drive the patrol car to the northwest part of the flats where they were made to unload the beer over a fence. After this, the two policemen were directed to drive back to the Cozy Cafe, where Finnen got out and told them to "take off."

A short time later several members of the Brownfield force returned to the area and searched for Finnen without success.

Sunday night the culprit telephone Sheriff Chick Lee and told him his whereabouts. He was arrested and jailed late Sunday.

## Dick Simpson Named District Two Cancer Director

DICK SIMPSON

AUSTIN — Dick Simpson, cattle rancher of Big Spring and Borden County, has been named Lay Director for District 2 of the Texas Division, American Cancer Society.

His selection was announced by Travis T. Wallace of Dallas, President of the Texas Division of the Society.

Mr. Simpson will assume the leadership of the April Cancer Crusade in the 21 counties surrounding Big Spring, comprising District 2. His appointment is also for year-round direction of ACS activity in this area, working with Mrs. Paxton Howard of Midland, District Lay Woman Director and Doctor B. G. Cowper of Big Spring, District Medical Director.

Commenting on the organizational work to be done before the Cancer Crusade begins, April 1, Mr. Simpson said the greatest single need is more people who are willing to give time and effort to ACS activities.

Organization is the 1953 challenge of our Society," he said. "We must enlist more people to solicit funds and carry on the educational and service work that can save lives.

"In 1951, the last year figures are available, 8,405 Texas citizens died of cancer. In the counties of our own District Two, 183 persons died of the disease. We must do more than we have in the past to reduce these appalling totals," he added.

Mr. Simpson urged persons wishing to volunteer their services to contact the American Cancer Society committee in their county. Where vacancies exist, appointment of additional members will be made shortly, he said.

District 2 includes the following counties: Andrews, Borden, Dawson, Dickens, Ector, Fisher, Gaines, Garza, Glascock, Howard, Kent, King, Lynn, Martin, Midland, Mitchell, Nolan, Scurry, Stone-wall, Terry and Yoakum.

## E. G. Black Dies At Home Thursday

E. G. Black, 51, superintendent of Tulsa Rig & Reel, died here at his home 506 East Buckley, Thursday about 5:30 p. m. after an illness of a few months.

A resident of Brownfield since 1941, Black was a native of Keystone, Okla. He was a Master Mason, and also belonged to the El Paso Consistory and the Amarillo Kiva Temple.

Funeral services were conducted Saturday at 2:30 p. m. in the First Baptist Church with Rev. Jones Weathers officiating. Masonic rites were conducted at the grave, and interment was in Terry County Memorial Cemetery under the direction of Brownfield Funeral Home.

Black is survived by his wife, two sons, Rex and Max, all of Brownfield, and one sister, Mrs. Don Patrick of Keystone, Okla.

## Plans For Terry County Spelling Bee Are Being Made; March 26 Set As Date

### BULLET-RIDDLED CAR CREATES EXCITEMENT

A crowd of an estimated 100 persons gathered in downtown Brownfield Tuesday to see some excitement, but they were about two months late. The object of their attention was a bullet-riddled car parked as if "ready for a get-away."

But the story behind the car was this: Owners of the automobile, were a man and his brother-in-law who had reportedly celebrating before Christmas until drunk. After deciding they needed a little target practice, they filled the car with holes. Two shots were fired with a rifle, and the entire car was sprayed with shotgun pellets.

Two embarrassed men claimed the car. Not two desperados.

## Posse Will Ride In El Paso Show

Terry County Sheriff's Posse met Monday at 7:30 p. m. at the posse clubhouse for their regular monthly supper and business meeting. Plans were made to attend the El Paso Stock Show and Rodeo beginning Wednesday, Feb. 11.

About 20 posse members and their families will leave Tuesday and spend three or four days in El Paso for the festivities. Men making the trip are asked to meet at the clubhouse at 6 a. m. Tuesday to load the horses, and all posse members are to meet at the clubhouse Sunday at 2 p. m. for a ride.

Hostesses for the supper were Mesdames Crede Gore, Ray Steele and N. L. Mason. Approximately 15 families attended.

## NEW HUMBLE STATION HAD GREAT OPENING

The new Humble station Broadway and First Street, had a very auspicious opening Saturday at their new, and very modern plant, just finished. They did a huge business Friday, Saturday and Sunday.

Jerrell Price, who was reared here, and is a general favorite among people from childhood to the aged, is the manager, and we believe Jerrell will go places as a service station operator.

This station of Humble is the only one close in for downtown people, the others being out on the highways, and not too close in. But they are reported to be doing a nice business.

Mr. and Mrs. Joe Price and Sherrill of Livingston New Mex., visited Mr. and Mrs. Jerrell Price Sunday.

Terry County's Spelling Bee is being planned for March 26, here in Brownfield, according to Elmer Brownlee, County Superintendent. The event will begin at 10 a. m., but the place has not definitely been set.

Entrants must be under 16 years of age and be attending school up to and including the eighth grade.

Sponsoring spelling matches at the various schools in the county are: Diana Ruth Starnes, Union; Olivia Rackley, Brownfield; Bryan H. Boatman, Meadow; and Thomas W. George, Wellman.

Competition in the various schools in the county will continue until all but two students are eliminated. Two representatives from each school will participate in the county match, making a total of eight contestants in the county competition. The two highest spellers in the county will represent the Terry schools at a regional meet to be held in Lubbock April 18.

## MRS. EULIA LEWIS OPENS SEWING SHOP WILL DO ALTERATIONS

Mrs. Eulia Lewis, who has been doing alterations in Brownfield stores for her past eleven years, has opened a sewing and alterations shop next door to the Fabric Mart. Name of her establishment will be "Eulie's Alteration Shop."

She will do all types of alterations and any sewing needed by a customer.

Mrs. Lewis has been alteration woman at Cobbs Department Store for the past six years, and has previously served in that capacity at the Brownfield Bargain Center and at Shelton's.

## General Purchases San Angelo Telephone Co.

General Telephone Corporation has purchased all of the outstanding capital stock of The San Angelo Telephone Company, with general offices located in San Angelo, Texas, according to an announcement made in New York by General Telephone System President, Mr. Donald C. Power. The San Angelo company furnishes telephone service to approximately 25,000 telephones served through 18 exchanges.

Plans contemplate the transfer of the property and assets of The San Angelo Telephone Company to the General Telephone Company of the Southwest, increasing the number of company-owned telephones of the latter to more than 158,000.

Herald Want-Ads get results.

## Committees Named For Talent Show

Committees have been named for the annual Lions Club talent show which will be presented in the High School auditorium on March 20, according to Rev. Tom Keenan, general chairman of the show.

In charge of registration and rehearsal will be Doc Lewis and Bill McKinney. Other committees are: John Hansard, publicity; Jack Griggs and Noel Martin, tickets and finance; Bob Tobey, judges and prizes; Dewitt Stafford, stage management.

Admission has been set at 75 cents for adults and 30 cents for children.

Approximately 20 entrants will be accepted and classes will be for: adults, high school students, junior high and grade school, and Wheatley Colored School. First prize for each class will be a \$5 gift certificate, and a \$2.50 certificate will be given as second prize in each class. Class winners will be eligible for the grand prize of the show.

This year's show will be limited to an hour and a half, and talent will be carefully selected for entertainment and variety, Rev. Keenan said.

## Cubs Win Conference Tilt From Loboes

The Cubs played a hair-raising game with the Levelland Loboes last Tuesday night, going into an overtime when the game was 4-7 at the end of the regular playing time. The Cubs pulled ahead in the overtime period and had the top end of the final 5-4-50 tally.

It was a close game all of the way, with the lead changing repeatedly. The Cubs had a 26-23 lead at the end of the half and a 37-35 lead at the third quarter interval. Max Black and Max Profit had fifteen markers each to pace the Cubs and Fortner had eighteen for the Loboes to be high scorer for the night.

The game with Littlefield, scheduled for this last Friday night, was postponed and will be played the latter part of February.

## CUBS AVENGE EARLIER LOSS TO ANTON, 62-51

The Cubs also staged a last quarter rally to beat the Anton Bulldogs 62-51 at Brownfield last Monday night. The game was a 27-27 deadlock at the end of the half but the Cubs carried it off in the last quarter.

Johnny Hice was high scorer for the night with a cool 17 for the losers and Jack Lucas led the winners with 16 and Jerry Bailey and Max Profit were close behind with 13 each.

This win was revenge enough for the Cubs, who lost a 52-51 game at Anton gym earlier in the season. This brings the Cubs up to a won 10, lost 11 record but still a won 2 lost 0 in conference play. The Cubs also have a five-game winning streak started that they hope to maintain for a long time.

The Cubs will resume conference play this next Friday night on the home court when they take on the Muleshoe Mules whom they beat in the first conference game of the year 60-55.

## FARMERS ENTERTAINED BY KERSH IMPLEMENT

Hundreds of farmers of the area gathered sometime during the day last Saturday at the Kersh Implement plant out on the Seagraves highway to see and hear about the 1953 models of the John Deere farming implements. In the afternoon, there was a parade in the downtown area.

At the noon hour an appetizing lunch, with drinks, was served out at the plant, so the farmers not only got to see, but the inner man was satisfied, as well.

## Earl Brown, Jr., Bill Tom Goza Win Annual Terry County Cotton Contest

Earl Brown Jr., of near Brownfield has been named winner in the dryland division of the annual Terry County Cotton Contest sponsored by Herman Chesshir, and Bill Tom Goza of Wellman won in the irrigated division. Each boy received a \$100 check.

The son of Mr. and Mrs. Ike Goza, who live five miles east of Wellman, Bill Tom was first place winner in the 1952 irrigated division. Earl, who is the son of Mr. and Mrs. Earl Brown, Sr., of five miles northeast of Brownfield, won second place in the dryland contest in 1952, when Warren Young of the Pool Community won first.

Brown, age 17, is a Brownfield High School junior and is a member of the local Future Farmers of America Chapter. He won this year with a total of 1,380 pounds of lint.

Goza from his five-acre plot derived 3,742 pounds of lint to win the irrigated contest for the second consecutive year. A sophomore student at Wellman High School, he is also a member of the Wellman FFA Club.

Brown's net income from his crop was \$135.23. He planted Northern Star and his cost per acre for the crop was \$60.46. His total income came to \$434.33, and his cotton sold for \$285. The Brownfield boy put in 11 hours and 30 minutes working time.

Goza's income totaled \$1,385.90, and he netted \$552 from his crop which was more than a bale and a half to the acre. He planted Paymaster 54, pre-irrigated twice,

irrigated three times after planting, and poisoned twice. Putting in 79 man hours on the five acres, the Wellman FFA member valued his time at 50 cents an hour under \$833.90 in expenses.

Nancy Howard of the Pool Community and Meadow 4-H Club member was second behind Brown in the dryland class with 1,005 pounds of lint. Her award was \$75, and Don Bowman, third place winner and also a Meadow 4-H Club member received a \$50 check for making 440 pounds of lint to the acre.

Winning second place in the irrigated class with 3,395 pounds of lint was Don Aldridge, Meadow 4-H member. His prize was \$75, and third prize of \$50 went to Neil Barrier of the Meadow FFA with 3,155 pounds. Glen Reid, Brownfield 4-H Club member, placed fourth for \$20 with 2,620 pounds.

Each year Chesshir awards a total of \$500 in prizes for the contest in an effort of increasing lint yield per acre in the area. Entrants may use any farming method on irrigated land, and the only restriction on dryland entrants is that no water be added to the areas entered.

This year a total of 18 persons entered the contest, but only ten completed requirements. Several boys reported that Mexican hands picked their cotton plots along with the rest of the field, thus eliminating them from the judging. Among the boys having this trouble was Warren Young, last year's dryland winner.

## John Odell Named Chamber President At Director's Meeting In Esquire Restaurant

John Odell was elected president of the Brownfield Chamber of Commerce Tuesday morning when members of the Chamber met for a regular directors meeting at 7 o'clock in the Esquire Restaurant.

First vice-president is Frank Ballard, and Clyde Truly was named as second vice-president.

Herbert Chesshir is retiring president, and other retiring officers are James H. Dallas, retiring first vice-president; and Ernest F.

Latham, retiring second vice-president.

Chesshir discussed the Chamber's 1952 achievements, and Grady Elder, Jr., manager of the Chamber of Commerce, spoken on projects planned for 1953.

Ticket sales for the annual Chamber banquet were discussed and announcement was made that new officers will be installed at the banquet, which is set for Feb. 17, in the Jessie G. Randal School cafeteria. Tickets are \$2 per person.

## Cancer Taking Heavy Annual Toll Of Victims In The South Plains Area, Statistics Reveal

The Herald has recently been notified that Dick Simpson, of Midland, we believe, has been appointed District 2, Layman Director of American Cancer Society. This information came from the Austin state headquarters. Anyway, we were given some very useful information about cancer right here at home.

## Mrs. Wheat Taking Herald Subscriptions

The Herald at this time would like to introduce Mrs. Mary Irene Wheat, who is now taking subscriptions for the Herald. Mrs. Wheat is not just interested in getting your money, but she likes a good chat as well as the next one when she calls.

And if you have an item of news you would like to see in the Herald don't hesitate to give her notes about the matter. While she has no time to do the writing herself, she will be glad to turn her notes on any event of news, into the proper channels to be written.

Mrs. Wheat is doing well as a starter. In fact she is making pretty good wages so far, and is helping to keep the Herald before the public, and we believe she will even do better as she better understands the situation. Mrs. Wheat likes to meet people and talk with them.

Note to the P. O. These are NOT "gift subscriptions." These subscribers are paying for their own papers.

High on the list of the districts was Midland county, with 26 deaths, Nolan 25, Howard 18, Scurry 16 and Ector 11. A total of 183 deaths in the 21 county district.

It is high time for people to get busy in trying to find ways and means of eliminating this deadly disease as much as possible. And owing to the high cost of treatment, a lot of people need help.

## SERVICES SET

Presiding Elder of the Colored Methodist Church, T. V. Reece, will preach for the Second Quarterly Conference at the local colored church. Services will begin daily at 8 p. m., and continue Feb. 10 through 15.

The public is invited to attend the preaching services.

People are funny. Ever now and then we see someone, or hear of someone, that does not like the Red Cross. There are various and sundry reasons given for the dislikes. But we read an article the past week written by Editor James Roberts of the Andrews County News, that sorta hit our way of thinking. He went on to mention that some gave no reason for not supporting the Red Cross. Some gave their reason that the Red Cross did not help their sons or brothers to get a furlough home, during the emergency of the last war. Some of these requests for furloughs were on the ball; some were queers, according to James. And in few instances, maybe it was the commanding officers that was hard boiled, and would not even permit some furloughs on emergencies. We have folks right here in Brownfield are the same way. All the rest of us respect their rights to dislike the Red Cross, because maybe we are in no position to know just what it was all about. But in his opinion, nothing in the way of a human organization quite equals the Red Cross. James as a prisoner of war, during the 1941-45 unpleasantness. And under the very best of circumstances, being a prisoner of war is anything but a moonlight layride. He cites the timely arrival of those boxes of food and candies from the Red Cross of the several civilized countries, such as Sweden, USA, Canada and England. These packages to the war prisoners were considered a bonanza to the guy behind the barbed wire, with no privileges. Not only did the packages contain many things that they did not get as POW's but they were also calculated to raise the morale of the long suffering. They knew that somewhere in the free world they still had well wishers in the form of an organization. The writer is in position to see

many of the demands on the Red Cross, as the contact person happens to work for this paper. Frankly, we believe that a lot of people could make it on their own without such help, if they were really eager to press the collar, instead of depending on handouts. On the other hand, we see many callers who are really in need of help. Last year we saw some such. A case or two might be cited where the man of the house fell ill or was badly crippled and needed the help of his son on the farm, who was in the army or navy, perhaps. One idea that seems to prevail is that Red Cross pays this contact, and she should devote her time to Red Cross. They pay her nothing.

The people are aware that the Eisenhower administration is committed to go all out in eliminating and punishing official corruption in reducing the cost of government and eventually cutting taxes, together with slashing the outlandish payrolls. Most of us believe that two terms are enough for any man or party. One term for some presidents would be better. And we hope in the future the people of these United States lets nothing stand in their way of making a change, whether in mid-stream or on the second bank. It is really risky to turn everything over to one party for a generation, and expect everything to be all hunkadora. In our time we have seen some bad things come up with keeping the local county and precinct officials at the feedbag too long. This was particularly true of the older states, or the older sections of Texas. We knew one county official in Tennessee who stayed in office for a quarter century, and when he died in office, what the auditors found about his funds were just too bad. Following the same trend, Senator Johnson of South

Carolina, made a trip to North Africa and Europe, recently, where he and other Senators and house members were inspecting the public works that have been going on in that area. This committee not only found very poor work at high prices going on, but they found that prices being paid to the personnel was beyond reason. For instance, they found that stenographers were occupying expensive homes and apartments. They were drawing as much as \$6,000 per year, and had their own servants and personal maids. Some of the US employees had put their European girl friends on Uncle Sam's payrolls, and took them along when they moved from one country to another. Some of these huge jobs had been turned over to political buddies, who had no more idea of the job in hand than a goose. Now Senator Johnson is not a Republican, and most of the committeemen were like him, Democrats, but their eyes were really opened at what they found. And the show-off of these Americans left a bad effect on the Europeans. This high life they led left those people thinking that every American lives like a plush millionaire, and the Europeans therefore have no hesitancy in asking for more and more money. This, folks, whether you wish to believe it or not, is the result of 20 years of New Dealism.

A little informal information from Senator Lyndon B. Johnson of Texas, tells how he and Mrs. Johnson spent the inaugural night. Senator Johnson is like a lot of the rest of us country bumpkins, being reared down at Johnson City, a small town in the Austin section, he had never learned the intricacies of putting on one of those little "bow ties and tails", and other "formals" in front of a mirror, in order to attend the "formal balls." So, they just invited a lot of Texans, such as the Junior Senator, Price Daniel and wife and the two Texas Senators joined in greeting their callers from Texas. Among the others were some 150 high school students from Texas. Coffee and doughnuts were served. Sen. Johnson stated that these students were serious minded young folks, and they were able to talk about the problems of government, right along with their elders. "Some folks may think that high school students are going to the dogs these days, but I found them to be rather sharp." We agree with the Senator 100 percent. We admit there is a black sheep now and then among the high school and even the grade students. But let us ever keep in mind that there are more high school students than there was in our day and time. And we want to add that our contact with these coming men and women has made a good impression on us. They are not bad as a rule. Another thing, we believe that children are very much like they always have been. Some have good and some bad bringing up. But even those who come from homes of indifferent and careless parents, sometimes make a better impression on us than the parents themselves. In fact, some of them are a credit to their parents. Back in our childhood days, boys especially, had to find and create their own amusement to a great extent. Today, boys and girls are being led by charming men and women who have the coming generation at heart. There are the Scouts, then there is the 4-H and FFA clubs, to divert the attention of the younger from the bad to the better things of life. In our some 44 years in business here in Brownfield, we have had as part time employees a number of young people, mostly school age, and only one out of that number disappointed us. Just one of the vast number bothered with taking that which they were not expected to take.

to pass over his land. Rather than a long drawn out court battle and condemnation proceedings, perhaps the county would just dodge over on the other side of the track, where the landlords were more reasonable — maybe owned a car. The least we can say, that so far as the eye can fathom, both sides of the track along the whole stretch of some 40 miles between the two cities, look as much alike as two alley tomcats. But we have come a long way, and learned much since those roads were built some 30 years ago. We know that the long, slim, slick cars, that mope along at 80 mile clips, and those crooks and turns and underpasses go sour on the traveler. Aside from that we have trucks on the roads now that are as big as box cars, and what they do to roads built for model T's is plenty. In other words, engineers tell us that roads that will stand up well for cars, farm trucks and pickups, can be built for \$15,000 per mile. But to build highways that will stand the pounding of the big mogul freight trucks, will cost in the neighborhood of \$45,000. Quite a difference, we'd say, and in the long run, Mr. John Q. Public pays for the roads.

The first county home demonstration agent appointed in Texas was Mrs. Edna W. Trigg. The year was 1912 and the county, Milam.

The Texas Legislature in 1911 passed the first law authorizing county commissioners' courts to appropriate money for the salaries of county agricultural and home demonstration agents.

they expect the some more than two million people working under them to understand a budget? But in the few instances in which the supervisors have had a budget, and encouraged their forces to work to that end, they have reduced it, and the idea has built up morale and efficiency in the employees. If the new administration can put across all supervisors the necessity of adopting a budget in their department, millions of dollars can be saved each year, to relieve the taxpayers of a constantly increasing burden. But in most instances of late, it has been found that the bureaucratic supervisors want all the money they can get their dirty paws on, to spend, and have as many of their friends, or friends of their friends, they can get on the federal payroll. Therefore it is just no end of waste of the hard earned money taxpayers have to come through with. The new administration is pledged to use every effort to see that this waste, stopped. Two young ladies that worked for the government at Washington during War II, informed us on several occasions, after they came back to Texas, that they had about three employees where one good one could have done a better job, if the others had been out of the way. Some of these employees, they stated, knew no more about what the job was all about than a hog knows about a sidesaddle.

HEREIN FAIL NOT, but have you before said Court, at the time aforesaid, this writ with your return thereon, showing how you have executed the same.

WITNESS my hand and official seal, at Brownfield, Texas, this 29th day of January 1953.

WADE YANDELL, Clerk, County Court, Terry County, Texas  
By Ann Brooks, Deputy. 29c

## SINUS SUFFERERS

AMAZING NEW DISCOVERY — FREE TRIAL  
THIS AMAZING NEW DISCOVERY gives quick relief from sinus headaches, pressure in forehead, soreness in eyes, aching cheek bones, bridge of nose, top of head, back of head and down neck, can't think straight or see well at times even tho' glasses have been recently fitted, nervousness, dizziness. This new treatment relieves most sinus headaches in few minutes and as general rule soreness in head, face and neck is entirely relieved in short time. No matter how long you have suffered or how chronic your case may be or how many different treatments you have tried or how much money you have spent without results, we believe you will be amazed at the fast relief this amazing new treatment gives. You'll have given amazing fast relief to thousands. Write for FIVE DAY FREE TRIAL, post paid to you, no cost or obligation except this: when you write for it, it is agreed that you will mail it back at the end of five days if not satisfied, since it is not a sample.  
NATIONAL LABORATORIES, LODI, CALIFORNIA

Look what's worrying the low-priced three!

THERE'S a big story in the price of this beauty—but an even bigger one in what you get for that price.

You get the highest horsepower and compression ratio ever engineered into this Buick Series—from the extra-thrifty F-263 Fireball 8 Engine newly designed for this Golden Anniversary SPECIAL.

You get an even wider front seat than this roomy Buick had before—plus a new tilt-away feature that means easier in-and-out.

You get real big-car comfort, from deep, soft cushions with new zigzag type springs in both the seats and the backs.

You get the steady going and the sweet handling ease that come of a still finer Million Dollar Ride. Steering ratio is increased. Front wheels have been brought to zero-caster. And here, of course, you get coil springs on each wheel, full-length torque-tube drive, rigid and massive X-braced frame—ride features you get in no other car at the price.

But—you get the idea. And when you realize that the figure on this big, brawny, beautiful Buick SPECIAL is just a few dollars more than you'll pay for one of the so-called "low-priced three"—we're sure you'll say: "This is for me!"

Come in and try it out—then tell us if we're wrong or right.  
\*Standard on Roadmaster, optional at extra cost on other Series.

Television treat—the BUICK CIRCUS HOUR—every fourth Tuesday.

WORLD'S ONLY CAR with all these features:  
High-Compression Valve-in-Head Fireball 8 Engine  
Twin-Turbine Dynaflo Drive  
Power Steering  
Balanced Million Dollar Ride  
Panoramic One-Piece Windows Front and Rear  
Tilt-Away Front Seats

Many good suggestions have been offered the many federal departments at Washington under the new administration that might work wonders in clearing up the waste and extravagance that is burdening the taxpayers of the nation. About the best one was from the pen of John Cramer of the Washington News. Cramer's advise is to let every government agency give every supervisor at every level, his own working budget—and then challenge him by every possible means, not only to live within that budget, but to cut it if possible. Let him be rated on his performance. But the writer goes on to give us the astounding information, that most of the supervisors don't have a budget, perhaps wouldn't know one if they were to see one. This includes an estimated 100,000 supervisors, and if the supervisors don't savvy a budget, how shall

## New Devise May Help In TV Reception

Many whole communities now partially or completely blacked out from television reception due to terrain conditions can soon experience excellent television as a result of a special antenna developed by two staff members of the Denver Research Institute of the University of Denver. Better still, materials needed to build the antenna, which is extremely simple in design, cost only a few dollars and can be bought on the open market. With proper instruction, a man handy with tools can often make the installation by himself.

Responsible for creation of the devise, known as a "double rhombic antenna," are Dr. Richard C. Webb, electronics engineer, and Col. Victor C. Huffsmith, assistant director of the Denver Research Institute.

Huffsmith, whose residence is located on the floor of the Big Thompson Canyon and is surrounded by high peaks, recently bought a television set. Finding that reception was seriously impaired by these geographical conditions, he took the problem to his colleague, Dr. Webb, one of the nation's foremost television experts. Webb promptly suggested an idea for a new antenna designed specially to improve TV reception in such mountainous areas.

An experimental model of the antenna, shaped like two giant rhombi more than 200 feet long, was placed atop a high peak overlooking the Huffsmith home far below. Because of its lofty location, the antenna could receive television impulses from stations without obstruction.

More important however is that once the double-rhombic antenna receives these impulses, it "reradiates" them down to the regular receiving antennae of TV sets in the valley below.

## Boroughs With First Calvary In Japan

Pvt. Melvin E. Boroughs, whose wife Neoma Charlene, lives in Seminole, Texas is serving in Japan with the 1st Calvary Division.

Veterans of the Korean conflict are given intensive field training to the new replacements in the division on the Japanese Islands. The 1st spent 17 months in the combat zone before being rotated out of the line in December 1951.

Private Boroughs entered the Army in June 1952 and is serving as a radio operator.

He formerly worked as a carpenter.

His mother, Mrs. B. H. Boroughs, lives at 921 N. Second St., Brownfield, Texas.

## Teeth Not Made To Pull Bottle Caps

Austin, Texas—It's impressive to be able to pry off bottle caps with your teeth, but it's much smarter—from a dental health point of view—to use a bottle opener.

And using a cigarette holder looks dignified, and it helps keep stain off your fingers, but it does not do your teeth any good, State Health Officer Geo. W. Cox says.

Dr. Cox can count off some 36 everyday, commonplace habits that the great majority of Americans, including Texans, practice in one degree or another that are injurious to mouth tissue.

Lip biting is one such habit. Others are clenching or grinding teeth, picking them, chewing on match sticks, tooth picks, holding nails or bobby pins between the teeth, and thumb sucking. Biting on straw or the ear loops of eyeglasses, or chewing on pencils can also cause trouble.

Also said to be detrimental to teeth and gums is the practice of leaning your chin in the cup of your hands. It causes side pressure that is sometimes injurious to both teeth and jaws.

"This has to be a pretty consistent habit, though," the health officer asserted, "before it will be damaging. But it is something to watch."

Ever experience obscure headaches, tenderness at the temples, or tenseness in face muscles? These might be signs of faulty closure of opposing teeth which is reflected in mouth tissue.

## 4 Texas 4-H'ers Win State Honors

OUTSTANDING accomplishments in the 1952 National 4-H Frozen Foods, Beautification of Home Grounds, Recreation and Rural Arts, and Meat Animal programs have brought statewide recognition to four Texas 4-H members.

Betty Ann Bonham, Elowyn Ellis, Patsy Harris, and Benno Luensmann are the winners. Betty Ann Bonham, 16, of Sumner, was singled out for state honors in the 4-H Frozen Foods program, and will receive the 17-jewel wrist watch award provided by the International Harvester Co. Time and labor-saving methods and other skills acquired during three years in the project, have simplified meal planning in her home. Being able to utilize surplus food-stuff raised at home has also meant a considerable savings in food costs. Besides freezing 194 pints of fruits and vegetables, 379 pounds of beef and pork, and 55 fryers, Betty froze such items as barbecued rabbit, spaghetti and chili. Practically all of these products were raised on the Bonham farm.

Beautification of Home Grounds accomplishments not only gave the Ellis family, of Plainview, nicer home surroundings, but merited Elowyn, 15, state honors in the program. Many hours of ingenious planning and hard work were reported since the start of this project in 1949 when the family remodeled the house and Elowyn undertook the job of planning the entire landscaping of the yard and surrounding area. Plans completed, he was busy for the next three years, setting out shade trees, helping to build concrete porches and an outdoor picnic area and furniture, and planting many varieties of flowers and bushes to add beauty around the house, as well as shrubs and hedges to screen the barns. Mrs. Charles R. Walgreen, of Chicago, rewarded Elowyn's efforts with a handsome 17-jewel wrist watch, appropriately inscribed.

Recreation, a chief contributing factor to family pleasure and community spirit, is an important part of the program. All these programs are conducted under the direction of the Cooperative Extension Service.

Cash awards of \$25 for the purchase of recreational equipment also go to counties in which local 4-H Clubs have shown superior achievement in recreation and rural arts.

Benno Luensmann, 18, of Marlon, won the state award for top-notch performance in the 4-H Meat Animal program. Learning the best methods of feeding and management during ten years of club work under his father's leadership, Benno has built up a herd of 179 Duroc Poland China and market hogs. Proceeds from the sales and prices that the animals bring are turned back into the farm and have enabled Benno to own two Jersey and one commercial cows, 100 New Hampshire Red chicks and three steers. As a junior leader, he encouraged younger people to participate in 4-H work and helped club members with their swine projects. This year Benno is president of his local 4-H and treasurer of the county club. As recognition of his accomplishments, Benno was awarded a 17-jewel watch, provided by Thos. E. Wilson, Chicago meat packer.

## Openhouse Is Today For Youth Center

Re-decoration of the First Baptist Church Youth Center has been completed and openhouse is scheduled for today. The entire church is invited to attend.

Young people are serving as chairmen of the committees for the special day and include: Royda Dumas, serving; Jerri Dumas, refreshments; Mary Lynn Miller, music; Max Black, Max Profit, Byron Wise and Adrian Hinson, hospitality; Beverly Wartes, registration; and Beth White and Kay Drennon, publicity.

Members of the First Baptist Women's Missionary Society with the help of Mrs. T. G. Sexton, interior decorator, are providing and putting up drapes for the center.

The first county agricultural agent to work exclusively in one county was appointed in November 1906. He was W. S. Stallings in Smith County.

The four newest yellow corn hybrids, Texas 24, 26, 28 and 30, all developed and released by the Texas Agricultural Experiment Station made outstanding records last year in tests conducted at widely separated locations over the state.

## RAIN, RAIN, GO AWAY?

Who said, "Rain, rain, go away?" This pretty miss is eager for showers, so she can don her smart cotton raincoat by Lawrence of London. The Wellington Sears cotton fabric is sand-colored, and black is used for the trim on the coat and for the dashing beret. The cotton fabric is water-resistant and wind-resistant, the National Cotton Council reports.

## For 1953...

## None so New as

## Pinin Farina's Latest Masterpiece

## Most Beautiful Cars of Our Time

There's none so new as Nash! That's the enthusiastic verdict of the millions who have seen and admired the new 1953 Nash Airflytes.

See and drive them—you'll agree. You'll see none so new in beauty. No other with these swift, clean continental lines . . . the glamour of Pinin Farina styling. No other with so wide a windshield or rear window.

You'll drive none so new in performance. No other but the Nash Ambassador offers a Super Jetfire engine, plus a new custom-power option,

the "Le Mans" Dual Jetfire engine . . . and a new kind of Power Steering, too. In the Statesman there's a new Powerflyte engine.

There's none so new in comfort. No other with seats so wide, both front and rear. No other with Airliner Reclining Seats, Twin Beds, or Weather Eye Conditioned Air System.

In your next car get the best, the newest in motoring. See your Nash dealer and drive the world's most beautiful, most modern cars—the new 1953 Airflytes.

**Society, Church & Club News**

Mrs. A. J. Stricklin Phone No. 1 Womens' Editor

**Mrs. Max Proffitt Is Shower Honoree**

Mrs. Max Proffitt, who was Miss Rena Faye Chesshir before her recent marriage, was honored with a miscellaneous bridal shower and reception held in the home of Mrs. Ned Self, 208 East Tate, recently. Approximately 40 persons called between 4 and 6 p. m.

Hostesses with Mrs. Self were Mesdames J. J. Andress, Earl Brown, Will C. Brown, L. B. Forbes, T. H. McIlroy, J. D. Williamson, Ed Mayfield, Oden Miller, James King, Norma Lewis, J. L. Newsom, T. J. Finley, Harry Cornelius, Eldon Cornelius and Ches Gore.

Blue and yellow, the bride's chosen colors, were carried out in decorations and refreshments. The refreshment table was laid with an embroidered linen cloth and centered by a miniature bridal doll circled by yellow baby's breath and blue iris. Blue tapers burned in candelabra. Hot spiced tea was served from a golden tea service with sandwiches, mints and nuts.

Presiding at the bride's book was Mrs. Carrie Avary of Meadow, maternal grandmother of the bride, and Mrs. Nell Chesshir, paternal grandmother.

Assisting in serving were Misses Mary Cornelius, Janelle Lewis and Juanel White.

**MRS. WAYNE BROWN NAMED DELPHIAN CLUB PRESIDENT**

Mrs. Wayne E. Brown was elected to serve as president of the Delphian Study Club, when the group met recently in the Seleta Jane Brownfield Clubhouse at 4 p. m.

Other new officers of the club are: Mesdames K. D. Sadlier, first vice-president; Johnnie Venable, second vice-president; R. A. Collier, recording secretary; Tim Faulkenberry, corresponding secretary; and C. L. Aven, treasurer.

**City Wide Census Will Be Staged By 9 Local Churches**

A city-wide census will be conducted on Feb. 8, by Brownfield churches, according to Rev. Dallas D. Denison, pastor of the First Methodist Church and president of the Ministerial Alliance.

Cooperating churches include West Side Baptist Church, Southside Church of Christ, Church of God, Calvary Baptist Church, the Assembly of God, First Presbyterian Church, First Methodist, First Baptist and Immanuel Baptist Churches.

Each church will be responsible for a definitely assigned section. Approximately 100 workers for these churches will meet at the First Methodist Church for lunch and instructions on the census day. Workers are asked to bring sack lunches, and the host church will furnish coffee.

Census workers will leave the church at 2 p. m. and will canvass the assigned area from 2 until 5 p. m. Families are urged to remain at home during this time on Feb. 8 in order to facilitate the taking of the census in one day.

Each church will have a captain who will see that the census for his area is completed.

Members of the Ministerial Alliance are urging the entire city to give the fullest cooperation in this project, Rev. Denison said.

**MRS. GERALD WARREN IS SHOWER HONOREE**

Mrs. Gerald Warren, who was Miss Dorris McIntyre before her marriage on Jan. 2, was honored with a bridal shower in the home Mrs. Mrs. J. H. Howell last Thursday. A Valentine theme was carried out in refreshments and decorations.

Hostesses with Mrs. Howell were Mesdames Ray Pierce, Bill Stallings, Byron Cabbiness, Cecil George and Misses Ruth White and Joyce George.

Miss White poured punch, and Miss George presided at the bride's book. The table was lighted with white tapers.

Approximately 30 guests called between 7:30 and 9:30 p. m.

**Family Finances Is M. & M. Program**

"It is the Part of a Wise Woman to Make Herself Ready for Tomorrow" was the theme of the program when members of the Maids and Matrons Study Club and their guests met at the Seleta Jane Brownfield Clubhouse Tuesday at 4 p. m. Mrs. Lee Fulton was program leader for the day.

Leo Holmes spoke in "Family Financial Planning and Bank Service," and "Life Insurance and Annuities" were discussed by W. Graham Smith. Burton Hackney explained "Wills, Estate Planning and Trusts."

Mrs. A. A. Sawyer, hostess for the day, served ice box fruit cake topped with whipped cream and cherries, along with mints, nuts and coffee. The table was laid with a linen cloth detailed with lace medallions. The centerpiece in shades of brown was of roses, and brown foliage. Mrs. W. A. Bell presided at the silver coffee service.

Attending were Mesdames Bell, A. W. Butler, E. C. Davis, Fulton, Leo Holmes, O. B. Larner, W. F. McCracken, Looe Miller, E. O. Nelson, Money Price, J. L. Randall, Sawyer, M. G. Tarpley, J. M. Teague, Mon Telford, F. G. White and L. M. Wingerd.

Visitors present were Mesdames L. L. Bechtol, J. Fred Bucy, Sr., and R. B. McKelvy.

**Miss Corbell Marries Pvt. Billy Joe Hyman**

Mr. and Mrs. L. A. Corbell of Rt. 7, Lubbock, announce the marriage of their daughter, Miss Frances Amilie Corbell, to Pvt. Billy Joe Hyman, son of Mr. and Mrs. Willie Hyman of Brownfield. The ceremony took place Tuesday at 2:30 p. m. in Lovington, N. M. with Garnie Atkisson, minister of the Church of Christ, officiating at a double ring ceremony.

The bride wore a powder blue suit trimmed with rhinestone buttons and navy blue accessories. She wore a corsage of white carnations.

Miss Jo Corbell, who served her sister as maid of honor, wore a black and rose iridescent taffeta dress, black velvet accessories and rose gloves.

Jimmy Christopher of Brownfield was best man.

The couple went to New Mexico for a wedding trip. The bride, a graduate of Lubbock High School and attended Draughton's Business College, is employed as secretary of General Motors in Lubbock.

Pvt. Hyman, who graduated from Wellman High School and attended West Texas State College, Canyon, for two years is stationed with the Army at Camp Chaffee, Arkansas.

**OES Past Matrons, Patrons Honored; Step-Up Night Program Is Featured**

Past Matrons and Patrons of Brownfield Chapter, No. 785, Order of the Eastern Star were honored Tuesday night with a special program beginning at 7:30 p. m. in the Masonic Hall. As a part of the evening's program, "step-up night" was observed, with each officer advancing one station for the initiation of a candidate.

Past matrons honored were Mrs. W. B. Brown, Della Thompson, Cornelia Moore, Mrs. Wayland Parker, Caroline Ellington, Sammie Miller, Jessie G. Randal, Mrs. J. H. Portwood, Erie Proctor, Mrs. J. W. Nelson, Mrs. C. L. Lackey, Margaret Sue Wilhite, Mrs. J. C. Criswell, Ida Bruton, Ione Turner, Ona Gore, all past matrons of Brownfield Chapter, and Annie Bounds, past matron of Stamford Chapter, No. 269.

Past patrons honored included Charlie Moore, Kyle Adams and C. A. Wilhite.

Mesdames Gore, Ellington, Moore and Mr. Moore, are all charter members of Brownfield Chapter.

Floral tributes were presented to the honored matrons and patrons by star points, Mrs. E. L. Moore, Mrs. C. L. Aven, Mrs. H. H. Bearden, Irma Smith and Mrs. Wayne Brown, Mrs. K. D. Sadlier sang "Eternal Love" as a solo.

Filling stations in the step-up service were Mrs. W. T. McCracken, worthy matron; Kyle Adams, worthy patron; Mrs. W. N. Lewis, associate matron; Mrs. George Steele, conductress; and Odessa Addison, associate conductress.

Visitors attending were Mr. and Mrs. Paul Cobb, Plains; Annie Bounds, Stamford; Jane Dewlin, Alice; and Lou Rene Strange, San Benito. Registering were 16 officers, 39 members and five visitors.

Refreshments were served by Mesdames Louise Bynum, Beth Neel, Delta Lemley, Della Thompson and Bonnie Reeves.

**Crusaders' Class Has Party, Business**

Crusaders' Class of the First Methodist Church were entertained with a party in the church Fellowship Hall recently. A business session preceded the social hour. Cake, hot chocolate and coffee were served.

Attending were Mr. and Mrs. Andy Anderson, Rev. and Mrs. Vernon Henderson, Rev. and Mrs. Dallas D. Denison, and Mrs. R. V. Gilley, Mrs. J. Ford and Messrs. and Mesdames Ernest F. Latham, Mitchell Flache and J. A. McGraw.

Have News? Call no. 1, the Herald

**CORONATION IS SET FOR P-TA MEETING AT GOMEZ SCHOOL**

Gomez Parent-Teachers Association will meet Tuesday at 7 p. m. at the Gomez Community School for the crowning of a King and Queen of Hearts. Second grade students will be in charge of the program, and Mrs. Bill Schofield is program chairman for the evening.

Identity of the King and Queen of Hearts will not be revealed until the coronation ceremony, and a prince and princess from each room at the school will make up the royal court.

Several mothers of students will present a Gay Nineties skit, originally scheduled for the January meeting, which was canceled.

Mrs. Bonard Stice is president of the P-TA.

**PROGRAM ON ROSES SET BY GARDENERS**

Brownfield Garden Club will meet Wednesday, Feb. 11, at 3 p. m. in the Seleta Jane Brownfield Clubhouse.

A special program on planting and caring for roses will be given, and all persons interested in gardening are invited to attend.

Mr. and Mrs. R. W. Baumgardner, 704 East Lons, are attending the Fat Stock Show this week and visiting relatives in Grapevine.

**New Testament Is Subject Of Study**

"How the New Testament was Written" was the title of a study led by Mrs. Dallas D. Denison, who was program leader when Women's Society of Christian Service of the First Methodist Church met Monday at 3 p. m. in Fellowship Hall of the church.

Mrs. B. L. Thompson led an opening prayer, and Mrs. Vernon Henderson spoke on "The Four Gospels and the Book of Acts." Mrs. Hobert Lewis told about "Paul's Letters," and a devotional was conducted by Mrs. R. J. Purtell.

"Near the Cross" was sung by the group. "God So Loved the World," a recorded selection from Handel's "Messiah," was played.

During a short business session conducted by Mrs. Ernest F. Latham, society president, the following committees were appointed for the WSCS Sub-District meeting to be held here Feb. 11: Mrs. D. S. Sampson and Mrs. C. L. Williams, registration; and Mrs. R. J. Purtell and Mrs. Glenn Harris, flowers.

Mrs. Denison moved that the World Day of Prayer Services be held on Feb. 20, from 10 until 11:00 a. m. All churches in the city will be invited to cooperate.

Mrs. Williams led a closing prayer.

**Sweetheart Banquet For Feb. 12 Planned**

A Sweetheart Banquet will be staged on Feb. 12, by members of the Training Union of the First Baptist Church. The entire Training Union ranging from elementary department members through the adult departments, will participate.

A sweetheart from each department will be chosen and presented as the principal part of the program.

Committee members working on banquet plans are: Mrs. W. A. Wolfe, foods; Mrs. Clarence Lewis, decorations; Bill Neel, invitations; and Stanley Miller, program.

Members attending were Mesdames E. C. Cook, Purtell, Sampson, Jim Griffith, Williams, W. B. Downing, Henderson, B. L. Thompson, Leo Holmes, Harris, G. S. Webber, Denison, J. W. Hogue, Lewis and Latham.

**Local Rebekah Lodge Has Installation For WSCS Members**

Installation ceremonies for Mrs. C. A. Winn, musician, and Mrs. L. R. Riney, color bearer, were held Monday night at a regular meeting of Brownfield Rebekah Lodge staged in the IOOF Hall beginning at 7:30 o'clock.

Installing officers were Mesdames Claud Buchanan, C. C. Bryant and E. V. Riley.

Visitors attending represented the Women's Auxiliary and Canton at Seagraves, Plains and Denver City.

Hostesses for the social hour were Mesdames Lillie McPherson, Ernest Ervin and Clyde Keith. Attending were approximately 40 persons.

### Daniels Celebrate Golden Wedding

Mr. and Mrs. W. S. Daniel, 316 East Tate, celebrated their fiftieth wedding anniversary Wednesday, Jan. 7, with an informal open-house at their home. Approximately 30 friends and relatives called during the day and a number of floral arrangements and potted plants were sent to the couple.

An arrangement of golden paradise flowers centered the dining table, and a smaller bouquet ornamented with tiny golden wedding bells decorated the coffee table.

The Daniels have been residents of Brownfield for the past 12 years. They have three sons and three daughters living.

### WANDA FAYE OLIVER WEDS ROY D. TURNER

Mr. and Mrs. Ray E. Oliver, Route 2, are announcing the marriage of their daughter, Wanda Faye, to Roy Douglas Turner, son of Mr. and Mrs. W. T. Turner of Lubbock. The ceremony was read recently in Clovis, N. M.

Accompanying the couple were parents of the bridegroom.

The bride is a graduate of Wellman High School and attended Drauzon's Business College in Lubbock. The bridegroom attended Lubbock High School.

The couple will be at home in Lubbock.

The Smith-Lever Bill was passed by the Federal Congress in 1914 which officially setup the Agricultural Extension Service on a national basis and made it a part of the Land-Grant College System.

### CRESCENT HILL CHURCH OF CHRIST T. J. Finley, Evangelist

The subject of the Sunday morning sermon was "The Greatest Waste in the World," and at the evening service the talk was on "Why I Believe in God." Several out of town visitors were present at both morning and evening services.

Several of the members from the local congregation are attending the Training for Service series of meetings that are being conducted by the Broadway Church of Christ in Lubbock. The series is under the direction of Leonard Mullins of the Edgefield Church of Christ in Dallas. Services are being held at 10:00 a. m. and 7:30 p. m.

A group of young men were in charge of worship services on Wednesday night Leaders in the activity during the services were Wyndell Miller, Johnny Chisholm, Wendell Tucker, Dixon Latham, Fred Willingham, and Glenn Sargent. This type of training is splendid preparation for the youth of today.

Brother and Sister Carl Hecker, who are in charge of the Frascati Home, Frascati, Italy, will soon receive a shower from the ladies of the Crescent Hill Church. The Hecker's have recently adopted a baby in Germany and the church wants to show their appreciation for them. The Frascati Home, which is under the direction of the elders of the Crescent Hill Church, now has twenty-six boys.

### CARD OF THANKS

I take this means of thanking Dr. Daniell and the nurses as well as my friends, who were so kind during my illness.

Derah Gauldin

### Terry Teachers Hear Address By O'Brian In Meet At Meadow

"Perhaps today we have more and more to live with and less and less to live for," said Dr. P. D. O'Brian in his address to the teachers of the Terry County Local Unit of the T.S.T.A., who met at Meadow Monday night, November 2. Dr. O'Brian stressed that "... it is the responsibility of teachers to make men to match our machines. . . I hope we of America never quit laughing and never quit playing. I realize that we cannot live on play and laughter but we definitely cannot live without them." Then to prove that humor and laughter is helpful he gave the teachers some examples of how to share the lighter side of life, with each other, telling a number of funny jokes and stories.

Miss Maude Alice Zorns home making teacher of Meadow and Meadow Home Making class bought, prepared and served a delicious meal which consisted of: Baked ham, cherry sauce, sweet potatoes with marshmallows, green beans, vegetable salad, hot rolls and butter, pineapple upside down cake, and iced tea.

The Brownfield schools' mixed ensemble, under the direction of Harold Mulkey, sang, "Rose Marie," "Silver Moon," and "Smoke Gets in Your Eyes." Dale Travis also favored the teachers with a bass solo, "Bells of the Sea," and the accompanist, Miss Barbara Eaves, rendered a piano number, "Blue Tango."

In the business meeting, which followed immediately after Dr. O'Brian's address, Mrs. Will Fitzgerald also quoted Socrates: "He that thinketh by the inch, and talketh by the yard, ought to be kicked by the foot."

Supt. J. T. Bryant of Wellman gave a report on the new classification law. He explained the difference in the new professional certificate and the new Advanced Professional certificate.

The local unit voted to send a resolution to the Honorable Kilmer Corbin and the Honorable J. O. Gillham, thanking them for the work they are now doing in behalf of the betterment of the Texas school system. It also voted to urge every teacher in the county to send a personal letter of the same nature.

The county teachers elected the Superintendents of each of the four schools in the County and the Principal of the Gomez School as delegates to the District T.S.T.A. Meeting in Lubbock in March.

The next meeting of the county unit will be at Brownfield in April. — Juanita Lanious, Reporter.

### BARGAIN RATE ON STAR-TELEGRAM 8 MONTHS

The district circulation man for the Star-Telegram, was in to see us last week, and stated that we could continue to take yearly bargain rate subscriptions until Feb. 1st. After that, we can take only eight months subscriptions up to March 1.

But the 8 months will put your paper up to Sept., when the yearly bargain rates usually come on. No change in Abilene Reporter-News rates that we have heard, or the Lubbock Morning Avalanche.

### HERE GOES WILL BROWN WITH ANOTHER STORY

Had another card this week that informed us that William Collins Brown had originated another thrilling western story, that would come out in the March issue of Texas Western Magazine.

The name of the new story is, "No Crave for Guns." Bill had another story only recently. He started writing western stories about a year ago, and is now turning them out quite frequently.

### Southwestern News Is Received Here

The Herald received its first issue of The Southwestern News this week. It is edited and published at the Southwestern Christian College, a college for negro youth, started at Terrell, Texas, some two years ago. It will be remembered that their chorus sang in Lubbock about a month ago, and one of the young ministerial students preached for the Southside Church of Christ, while they were in this area.

As we understand the matter, E. W. McMillan, white minister and educator, is president of the college, with an enrollment of some 75 students in the second year. All the other officials and instructors are negroes.

Presently the college is buying a 34-passenger bus from the Boles Orphan Home at Quinlan, at a very reasonable figure. They have made quite a substantial payment, but need help on the balance. Donations for this bus fund will be greatly appreciated.

### COUNTY AGENT GOES TO TRACTOR SCHOOL

County Agent Jim Foy and a number of area 4-H club members attended the seventh annual tractor maintenance school for 4-H club leaders held Wednesday in the Agricultural Engineering Building at Texas Technological College in Lubbock following a barbecue supper and program on farm safety for persons registering Tuesday night.

This was a part of the program which enrolled 4,980 persons in short courses about tractor maintenance in Texas last year. The clinic was sponsored by the Extension Service and Stanolind Oil and Gas Company.

A film on farm safety sponsored by the oil company, followed a talk by Ed Wickhorst of Tulsa, who is from Stanolind's industrial relations department. He pointed out that proper care of farm machinery can save up to 50 per cent of the money now spent on repair bills. "Our interest," he added, "is to help you help others in your counties to help themselves."

### Murry To Take Job With Cattle Raisers

Ocie Murry, recent Sheriff of Terry county, dropped in on me business this week, when we quizzed him about what he had in prospect to do in the future. He stated that it was pretty definitely settled that he would work for the Texas and Southwestern Cattle Raisers Association, as inspector.

As to the location, he thought and hoped it would be Kerrville. The association had offered him the Alice district, but the Mrs. said that was definitely out, and he did not reluctantly agree.

In fact, with the lawlessness in that area presently, it is dangerous to be safe. Liable to be shot down in an alley or around your garage after darkness by unknown assassins, probably thinking they were cutting down some other fellow.

### JESS McWHERTER TO BE HOME NEXT WEEK

Mrs. Jess McWherter was in this week on a little business, when we asked about the health of Jess, who has a bad case of arthritis, or just plain old rheumatism to most of us old suckers. Jess is taking treatment at intervals out in Oregon from medical doctors, who specialize in the treatment of arthritis.

Just to guy Lois a bit, we suggested that we'd bet Jess was having a high heeled time out there away from she and the family. Just a small burg, she told us, not even a picture show. So Jess gets a bit lonesome.

He is due back home next week, much improved, she stated. He is supposed to go out for treatment two or three times a year.

### Kiwanis Pancake Supper Pronounced Great Success

An estimated eight hundred people enjoyed hot pancakes and bacon served by the Brownfield Kiwanis Club Friday night Jan. 30th at the Brownfield Coffee Shop.

The pancake supper was sponsored by the Kiwanis Club in order to raise money for the Underprivileged Children's Fund and other projects in it's Boys & Girls work.

The Kiwanians donned aprons and went to work as waiters, bus boys, cooks, and dish washers. All had a lot of fun and those served enjoyed kidding the Kiwanians about their ability as waiters. Many sincere compliments were received on the delicious pancakes.

The supper was arranged by the following committee chairman: General Chairman—Bill Cope; Advance Ticket Sales—Ted Fox; Procurement—Bob Noble; Transportation—Eldon Cornelius; Publicity—J. C. Powell; Float for Parade—L. G. Wilson & Lester Buford; and Cooks, Waiters, and Bottle Washers—All Kiwanians.

President of the club Bill Cope stated, "It is with deepest gratitude that our club acknowledges the following donations:—Pancake Mix and Syrup by Piggly Wiggly; Bacon, Butter and Cream, and Coffee by Furr's; and Milk by Banner Daries. The unselfish cooperation of the firms listed above, and also Mr. Tess Fulfer of the Brownfield Coffee Shop, made the supper possible.

We also wish to extend our thanks to the many people who bought tickets and also to the many people who made large donations in order to help in this worthwhile cause."

Anyone knowing of children in the Agricultural Engineering Building at Texas Technological College in Lubbock following a barbecue supper and program on farm safety for persons registering Tuesday night.

Bill Cope concluded, "We will in all probability make this an annual affair in order to provide the

### Santa Fe Report On Texas Conditions

Weather conditions over Texas present a very different picture from one section of the state to the other with the North Texas, Gulf Coast areas, and East Texas generally receiving sufficient rainfall to put the soil in good condition for preparation of planting of spring crops, while the West Texas and Panhandle areas are still in need of additional moisture.

Apparently most of the winter vegetables in the lower Rio Grande Valley escaped serious damage in the storm period which spread over most of the state January 16-17, with movement of all types of hardy crops continuing active.

Tomato seed has been planted in East Texas hot beds, and land is being prepared for transplanting tomato plants to the field in from four to five weeks. Planting of watermelons is underway in the Falfurrias section, and transplanting of onions continues in the North Texas area.

The 1953 production goals as announced by the USDA for spring-seeded crops in Texas reflect the need for more grain and forage and less cotton and wheat.

Moisture during January in the form of snow and freezing rain which fell over the Texas flaxseed area may have caused some damage to the growing plants, but any damage caused by the freeze will be more than offset by the benefits derived from the effects of the moisture.

Present plans would indicate more fertilizers will be used on Texas farms this year than ever before in an attempt to produce crops of larger yields per acre.

Mrs. Herman Trigg and little daughter, Sara Beth, visited their parents and grandparents, the Stricklins and friends here, from Saturday until Tuesday. Mrs. S., who is recovering from a long siege of flu, went home with them.

needed funds for our Underprivileged Childrens Project."

### POOL NEWS

Rev. Roy Douglas preached here Sunday. There were 34 present for Sunday School.

Mr. and Mrs. Bill Dudley and Mr. and Mrs. T. P. Coker, and daughter, all of Lubbock, spent Sunday in the home of Mrs. Ethel Young and boys.

Mrs. Leroy Barrier returned home Sunday after visiting relatives in Arkansas.

Mr. and Mrs. James Gunn and children of Odessa, spent the week end with her mother, Mrs. Major Howard and family.

Mr. and Mrs. Freddie Howard are the proud parents of a baby boy, born January 25. Congratulations to them.

Mrs. F. L. Mullins and son of Dickens, are spending a few days with her mother, Mrs. W. N. Mullins.

Mr. and Mrs. J. M. Trussell and Mr. and Mrs. Jack Brown and family, visited with their son and brother, Mr. and Mrs. Victor Trussell, in Lubbock Sunday.

Mrs. W. M. Joplin and children went to Ropes to the revival there last Sunday night. Joe Joplin, her son, was baptized.

Pat Joplin spent the weekend with Lois Gilliam of Meadow.

The young people's Sunday School Class had a party Thursday night. They went skating.

Mrs. W. E. Johnson, daughter of Mr. and Mrs. W. E. Stokes, was operated on in a Lubbock hospital, and reported to be doing fine. We wish her a speedy recovery.

### SANTA FE CARLOADINGS

Santa Fe Carloadings for week ending January 24, 1953 were 22,242 compared with 24,415 for the same week in 1952. Cars received from connections totaled 12,962 compared with 12,948 for same week in 1952. Total cars moved were 35,204 compared with 37,363 for same week in 1952. Santa Fe handled a total of 35,862 cars in preceding week of this year.

**AUSTIN REPORT**

By Representative J. O. Gillham  
Monday, January 26 was a warm, spring-like day to start off our week. Perhaps this nice weather will slow down the flu epidemic which is sweeping Austin as well as the rest of our state. I do hope that everyone back home who was a flu victim is by now able to be up and about.

So far, Mrs. Gillham and I have escaped it, and I have been able to attend each day's session and meetings although I did have a cold the past week, from which I have now recovered.

We started off Monday morning getting down to work in a big way, which everyone seemed glad to do. I believe that most of us newcomers thought that we would be farther along in the legislative process by now, however several newspapers have complimented the 53rd Legislature for their speedy start and attention to business. Some 150 bills have been formally introduced so far, with many more awaiting a formal introduction.

A resolution was passed requesting the Congress to withdraw from the field of taxing gasoline and allow the states only, the right to assess taxes against gasoline. At the present time our federal tax is two cents. If our state government was allowed to collect this two cents tax, it would mean approximately 20 million dollars. This figure is arrived at by taking approximately 50 million which the federal government now collects on this tax and deducting from it approximately 30 million which they give back to us for our highways.

Most members feel that since our state government does not invade the income tax field which we consider to be the prerogative of the federal government, that our federal government should surrender the gasoline taxing rights to the state.

There are many bills introduced down here, including the "dog bite" bill and one allowing women to serve on juries, several tax bills—one of which provides a tax on natural gas compressors. This tax bill is estimated to produce 50 million dollars in revenue, which amount will be appropriated for the use of the State Highway Fund, City Street Fund, Available School Fund, and to a Soil and Water Conservation Dam Fund.

While I am opposed to the levying of additional taxes unless absolutely necessary, this bill seems to have considerable merit in the event we find a tax bill necessary.

As a member of the Appropriations Committee one hears a lot of sad stories about the need of additional funds for various departments of our State Government. Some of these requests will have to be met in part, while there are others who will have their appropriations cut.

Several bills have been introduced having for their purpose the elimination and consolidation of some of our departments. We

**WTCC DIRECTORS TO FAT STOCK SHOW**

Abilene—Directors of the West Texas Chamber of Commerce and their wives of the 148 towns affiliated with it are being urged to attend the Southwestern Exposition and Fat Stock Show in Fort Worth on WTCC Day, Feb. 4.

Arrangements have been made for the WTCC delegation to occupy a special group of box seats at either afternoon or evening performance on that day. Directors are to make reservations through WTCC headquarters here.

find in some instances several departments who do the same work which are costing the tax payers a lot of money.

Up to this time, most of the legislature has been consumed in the organization and introduction of bills. Most of the committees have met. Some of them have already started hearings on various bills referred to them by the Speaker. I am on the Appropriations Sub-Committee handling appropriations for the institutions of higher learning. We had a meeting yesterday and have several more scheduled for this week.

As the session progresses I will be touching on various legislation being proposed. Much of the legislation being introduced is bad legislation, and I am opposing it as forcefully as I can.

For instance, the horse racing bill which I am unalterably opposed to. It is my prediction that this bill will never emerge from committee.

We should not pass immoral legislation just because it will bring in a few paltry dollars to the state's revenues.

We had the pleasure of a visit from County Judge Leonard Lang last week. He had with him Commissioners Burnett and McNeil, also Eunice Jones and Herbert Chesshir. We were glad to have the pleasure of bringing these gentlemen in on the floor to watch the proceedings of the House.

We also had County Judge John Derryberry and Commissioners Hartwick, Cotton and Lowe from Yoakum County. We are always glad to have visitors and hope that any who are coming this way will get in touch with us.

The forerunner of the present day 4-H clubs was boys' corn clubs. Tom Marks, county agricultural agent in Jack County, organized the first boys' corn club in Texas in 1908.

Advertise in the Herald.

**GOOD HEALTH**

**Answer to Question No. 1**

Yes. Today we are healthier than at any other time in our history. Life expectancy in the United States is now 49 years higher than it was in 1900—a gain of 39 per cent; and our death rate has dropped 45 per cent. Infant deaths since 1900 have been reduced from 162.4 per 1000 to 31.3. Advances in medical science, increased use of medical facilities, control of communicable diseases and improved nutrition and sanitation have been the major factors responsible for our gains in health.

**Answer to Question No. 2:**

Some wasp-stings may be very serious and, in rare cases, even

fatal. Most bites cause severe pain and nothing more. It is best to have a doctor look at the bite since he can prevent serious complications and at the same time lessen the discomfort.

**Answer to Question No. 3:**

It is a pain an individual feels as coming from a limb or part of a limb which has been removed through an accident or by surgery. It can be cured by an operation on the spinal cord. In this operation, the sensory (pain-conducting) nerves involved are severed, and as no sensation can then pass to the brain, the pain disappears.

Figuring On A Home Freezer

College Station—Are you and your family figuring on a home freezer for 1953? If so, you'll be interested in the figures on the costs of the freezer which Mrs. Eula Newman, home management specialist for the Texas Agricultural Extension Service says should be included in your plans.

tenth of a kilowatt-hour of electricity is required. Energy for maintaining zero temperature in a freezer for 24 hours can be estimated at twenty-five cents for an 18-cubic-foot size.

the family's food budget will be reduced or increased by use of a home freezer, depends on whether food is home-grown or purchased, the kinds and quantities of food frozen and how the freezer is used.

For that young, beautiful and rested look, this young homemaker believes in taking frequent recess from her housework during the day.

Corned beef and cabbage... be the traditional combination, but you'll find that corned beef with sauerkraut is a wonderful change.

This hearty and thrifty menu almost demands the accompaniment of cold beer, so pour the sparkling beverage into tall pill-top glasses for refreshing contrast to the thirst-arousing foods.

FIRST OFFICIAL ACT—The first official act of Rep. Charles Sandahl, Austin, was to hand Speaker Reuben Senterfitt of the Texas House of Representatives, a resolution urging Texans to support March of Dimes, Sandahl had polio.

Only the brave deserve the fair, and here one brave man gets what he deserves. The man is Charles (Chuck) Thompson, Detroit power boat racer and 1952 winner of the Gulf Gold Cup, awarded annually to the top racing driver of the year.

POLIO FACTS. Prepared by the SISTER KENNY FOUNDATION as a public service. DURING FOLD EPIDEMICS... CLEANLINESS OF EVERY THING TAKEN INTO THE MOUTH MUST BE CAREFULLY GUARDED.

WHAT TO DO WHEN POLIO STRIKES. CALL YOUR DOCTOR! EARLY APPLICATION OF KENNY TREATMENT IS IMPORTANT IN PREVENTING CRIPPLING. ADMISSION TO A KENNY TREATMENT CENTER IS ARRANGED THROUGH YOUR DOCTOR.

GOOD HEALTH. 1. WHAT IS INSULIN? 2. HOW SERIOUS IS MALOCCLUSION? 3. DOES RUBBER CAUSE SKIN RASHES? Answer to Question No. 1: Insulin has brought about one of the greatest advances of all time.

Students Censure Adult Drivers. Chevrolet checked 5,000 high school students on their opinions of adult auto drivers and found Disregard of Traffic Signs (enacted above) a prime target for criticism.

DETROIT—If an adult driver could look at himself through the eyes of the younger generation he'd see a person who is inconsiderate of others, who cheats a bit on speed laws and who believes he can solve traffic jams by getting mad.

You Can Bake a \$2500 Cake! Pretty Mrs. Stephen Hornung shows you how to decorate her fabulous cake with which she won the Grand National Pillsbury Bake-Off prize.

Statue of Zeus Arrives at U. N. Headquarters. Top-notch achievements in canning won state honors for Ernestine Wolf, 17, of McAdoo.

THE BAFFLES By Mahoney. BILLY—I WANT YOU TO BE AMBITIOUS THIS SUMMER AND EARN YOUR SPENDING MONEY.

DOVER, OHIO—Living rooms, dens, recreation rooms are taking on a new look in modern homes these days. This new trend has resulted from the development of plastic-finished wall and ceiling panels.

Texas 4-H'ers Earn High Honors. HIGH HONORS were accorded Texas 4-H'ers for top records in the 1952 National 4-H Canning, Dress Revue, Field Crops and Poultry programs.

FARM QUESTION BOX by ED W. MITCHELL, Farm Advisor, General Electric Station WGY. Q. What is the best way to preserve eggs without refrigeration?

FARM QUESTION BOX (continued). Q. How do you make "dilled corn"? A. Use dent corn, preferably a white variety.

## Stricklinly Speaking

By OLD HE

Well, we finally got a belt from sister Sallie Heima, out there at Santa Ana, Calif., that was big enough. It has been so long since Sallie lived in Texas, she don't hardly know how big men grow. Not only sent one this time that "retches" around us, but even nicer than the first one, if that is possible. Our thanks to Bill and Sallie, and by heck, that belt is reserved for special occasions.

Frank Proctor strolled in last week to renew for the Herald he has been taking up toward 50 years, but "loved as how, with a sneaking grin, "that he never read the thing." Just what he has been doing with the "thing" the past 40 some odd years is a mystery, as we firmly believe the man can actually read a bit, and there are not enough pictures in it to interest anyone, much.

Frank's life helpmate passed away a few years ago.

But Frank acknowledged that he was somewhat like us. Can't remember names like as of old. When we first came to Brownfield, Frank then lived out some John and Redge Burnett as nearest neighbors. Frank and Burnett Bros. built the first steel silos out in that section. Those silos were very popular for a few years, and we remember that Dick Brownfield built a huge one, right in town, presently, if the silo was still standing.

But from some cause or another the silos did not prove out all that was expected of them, and in a few years, they went the way of many things we once thought was indispensable.

Recently, after two or three changes, the Seminole Sentinel settled for Sam Matone, Jr., as editor, whom they borrowed out of Lubbock, but who is the son of Rev. Sam, Sr., who was an early day editor and publisher of the Sentinel. But right off the reel, we are picking a fuss with Junior. He intimated last week that the good all year round word, "you-all," was a west Texas word. But we heard that old word used east of the Mississippi, when west Texas was inhabited by cactus, mesquites, rattlesnakes and Indians.

But "you-all," so far as we know, was never used in the singular form like the yankees accused us. Not even the darkeys so used it. Maybe they might be speaking to one other person, but the implication was, "you-all come to see us." In other words, it included the person spoken to, and his wife and all the household—"all of you," in other words.

Ah! All of us get a bit fussy when we grow older. And no grub of any kind tastes as good as when we were lads and lassies. For instance, Mayor Watson over at Slaton, in an exclusive interview recently with the editor of the Slatonite, let fly at certain and sundry modernisms. For instance, let it be known that Mayor Watson was at one time a "cowpeeler or skinner," or if you prefer a cowboy. So he goes on to

say that coffee out of a tin cup, red beans and sow-bosom, accompanied by sordough biscuits in a tin plate, tasted a long shot better than some of the modern hill-fallin' French sounding eatables and drinks that are served in great style today.

And you know something. You have to learn to hold your fork at exactly the right angle, and in drinking, the little finger must be turned up at exactly the right angle. Evidently nearly all mayors get a bit cranky, however. For instance, we dodge into the next door pharmacy three or four times a day for a cold bottle of Coke (we been called down by N. Y. lawyers for lower casing the "c" in Coke.) And we usually go in humming a tune, especially "Beautiful Texas," if a sandstorm happens to be raging.

So, recently we propositioned Mayor Nelson, who runs this pharmacy along with being the high mogul of Brownfield, that he build a nice case back near the Coke dispenser, and hide us in there to sing when anyone dropped a nickel in the slot. Now that fellow insulted us by saying he had an idea that a lot more would drop in nickels if we would keep silent.

But back to the old ranch idea. When we landed in Texas some 53 years ago, we knew a fellow who ran a horse ranch in old Mexico one time. And when they would get ready to move the herd to a different location, he suggested that all hands and the cook use the same plates and tin cups "as long as they could remember what they had in them last," as dish washing took time from the actual moving.

So, one morning rancher Charley Johnson noticed quite a lot of grease on his coffee, and asked the negro cook to explain. "Well, don't you recollect telling us a few days ago that as long as we can remember what we had in our cups and plates last, we're not to wash them? And don't you remember putting that fistula remedy in your cup yesterday, to grease the sores on the withers of that old bay horse?"

He remembered OK, but ordered that the dishes be washed three times a day from then on.

There used to be an old theory that bank robbers plied their trade on the smaller, isolated banks of the country, where there were never too many people on hand that might identify them. For instance, towns like Bronte, that had a robbery last week. But of late, they have been taking on the metropolitan places like Boston, Los Angeles, Chicago, etc. Even in the smaller towns, the holdup men usually leave one link in the chain that finally lands them in prison. Even the fellow that used the "disappearing ink" here last year, finally landed in the pen. A chemical was found that would bring out the signature.

We get caught on one of those tricky ads now and then, just like you. Started to read one in the Big Spring News lately, that began by telling all and sundry that there would be 54 days this year that rain would fall in Big Spring. Sounded good, so we read on.

Then it related how that many housewives would have to move and hang out an average of some 3000 pounds of wet wash annually. It developed finally that it was a firm selling dryers for the wash. Why couldn't they have said so at the start, and save us a lot of reading time? We're not interested in a clothes dryer.

We hope, and others we have talked with hope, that when we get our new dial system in operation this month, that we won't have four or five other towns mixed up with our directory, to have to hunt and pick telephone numbers from to find Uzzie Brown's number.

Hard enough to see whether or not Uzzie lives in Brownfield. Denver City, Seagraves, Ropes or Meadow.

INSPECTORS CAPTURE 3 ILLICIT STILL

The Texas Liquor Control Inspectors in December reported the seizure of 3 illicit stills.

With the stills, which had a cubic capacity of 100 gallons, Inspectors captured 410 gallons of mash and made 1 arrest. 12 gallons of moonshine liquor were destroyed.

One still each was taken in the Counties of Harrison, Taylor, and Limestone.

Herald Want-Ads get results.

## Dairy Farms U. S. Asset

"With a yearly output valued at around 8 billion dollars the U. S. dairy industry is one of the country's most important economic assets," according to the American Dairy Association.

"The dairy industry has a tremendous influence upon the U. S. economy. The dairy industry is one of wide ramifications based on a system of production, collection, transportation and distribution which improves the health and economic welfare of every community."

"It is estimated that 10 million people are dependent upon the dairy industry for their livelihood, including those in allied industries and their families."

"With some 190,000 trucks used daily in delivering milk and its products from farms to plants and from plants to consumer, dairying requires more motor vehicles than any other commodity."

"To process milk which is a highly perishable product, the plants use extensive mechanical equipment with installations of receiving, pasteurizing, bottling, evaporating and other machinery. In addition specialized machinery must be used in making butter, cheese, ice cream and the many products in which milk is used. On the farms milking and other machines are being increasingly used to combat labor shortages and save man-hours."

"Dairying is basically a cash industry which means that milk is the life-line of commerce in thousands of communities. The dairy farmer is paid for his milk monthly or more frequently. It is milk money that keeps the cash registers going in retail stores and money from milk keeps the school buses running."

"Too few people are familiar with the tremendous economic importance of the dairy industry and the solid foundation it supplies to our free nation with a product of which the U. S. Public Health Service says 'of all the foods none is more important than milk.'"

## Unesco Aids Fundamental Education in Mexico

At the Fundamental Education Center in Patzcuaro, Mexico, students are trained in the production of educational materials which will be used to teach the populace in the underdeveloped areas. The project was established by Unesco and the Organization of American States with the cooperation of the Mexican Government. Shown are two students preparing a film strip, one of the mediums taught at the school. Specialists work with them studying the sketches and continuity before the final strip is ready for the camera.

## Name 4 Texas Top Ranking 4-H'ers

TOP RANKING records in the 1952 National 4-H awards program have brought state honors to four Lone Star State club members. They are:

### Ralls Youth Best 4-H Dairy Manager

Kenneth Sellers, 19, of Ralls, has received recognition for excellent work in dairy production and management. As state winner in the 4-H Dairy Achievement program, he will attend the National 4-H Club Congress in Chicago as the guest of Lederle Laboratories. A 4-H'er for nine years, Kenneth learned the application of modern scientific methods, and the importance of cleanliness and sanitation in the handling of dairy animals.

Starting with two dairy cattle he now tends a herd of 83 animals. Tests run on them at Texas A. & M. College show that the average butterfat production is greater than two and one-half times the "average" dairy cow in the United States. Kenneth has won 17 grand championships, 108 firsts, 53 seconds, and 15 third places. He has served in every 4-H office in the county, the last three years as junior leader.

### Girl, Champ 4-H Gardener

Gardening has come to mean many things to Nell Fuller, 15, of Buffalo Springs. A favorite project, it has helped with the family food budget, promoted relaxation and good health, and netted Nell statewide recognition in the 4-H Gardener awards program.

Her all-expense trip to the National 4-H Club Congress in Chicago was provided by Allis-Chalmers. As far back as she can remember this young miss had helped with the family garden and last year she started her own. When the time came to plant the early vegetables, onions, cabbage, peas, lettuce, beets, carrots, spinach and corn, it was so dry that water had to be carried to the field. Notwithstanding, she stored 750 pounds of potatoes, 100 pounds of onions, and 25 pounds of beans. She also canned and froze more than 600 pints of vegetables and fruits. This year she served as president of local club and county council.

### Corpus Christi 4-H'er Top Meal Planner

Irene M. Polasek, 19, Corpus Christi, state winner in 4-H Food Preparation, has enjoyed every moment of her seven years in 4-H. Planning, selecting and preparing nourishing foods has been a challenge to this young homemaker.

Her National 4-H Club Congress trip award was provided by Kelvinator. Irene has to her credit more than 4,165 meals cooked and served. Irene M. Polasek for her family of eight. In addition to regular meals, Irene has baked 226 cakes, 237 pies, 945 dozen cookies, 305 dozen biscuits, 181 dozen yeast rolls, and made 977 dozen sandwiches. She reports an interesting list of frozen foods, vegetables and meat. Last year she wrapped and froze 666 packages of beef and pork, each package containing enough meat for one meal. Irene was Foods Chairman for the Annual 4-H Achievement Barbecue and served approximately 700 members.

### Top 4-H Farm Electrician

State winner in the 4-H Farm and Home Electric program, Ronald Davidson, 16, of Big Spring, was awarded the Westinghouse Educational Foundation all-expense trip to National 4-H Club Congress. A better understanding of electricity and the know-how gained during three years in the project, has meant greater productivity, better management and more leisure time for the Davidson family. The electrical equipment he has built or installed includes a cattle water warmer, fly catcher for the barn, heating equipment for chicks, and an electric fence. Making a survey of his farm, he found and repaired faulty sockets and wiring. In addition to this, he has made a house-to-house survey on electrical equipment and its care; also numerous demonstrations before as many as a thousand people. Currently he is serving as president of county council and is a junior leader.

### INSPECTORS CAPTURE 3 ILLICIT STILL

The Texas Liquor Control Inspectors in December reported the seizure of 3 illicit stills.

With the stills, which had a cubic capacity of 100 gallons, Inspectors captured 410 gallons of mash and made 1 arrest. 12 gallons of moonshine liquor were destroyed.

One still each was taken in the Counties of Harrison, Taylor, and Limestone.

CHRYSLER — PLYMOUTH

719 W. Bdwy.

Brownfield, Texas

### High School Honor Roll Is Released

Seventy-four Brownfield High School students, 18 freshmen, 23 sophomores, 19 juniors and 14 seniors, made the honor roll, released this week, for the third six-weeks' period of the current term.

By classes, honor students are: **FRESHMEN** — Melba Willis, Glenda Jones, Patsy Warren, Virginia Godwin, Beverly Brown, Verna King, Sue Ammons, Donna Cornelius, Linda Briscoe, Wanda Newsom, Lynn Cary, John Hill, James Szydloski, Archie Hall, Linda Harrell, Nancy Sue King, Maurine Webb, Ann Griggs.

**SOPHOMORES** — Max Miller, Lajuna Bryant, Barbara Williams, Patsy Teague, Tom Akers, Norma Rene Patton, Sandra Yandell, Gloria Angus, Vona Patton, Carole Jacobs, Pat Kelly, Gail Davis, Janice Dickson, Sue Salmon, Royda Dumas, Carole Dallas, Virleene Sharp, Betty Daniell, Landra Miller, Barbara Faves, Lin Barbee, Marilyn Miller, Tom Chisholm.

**JUNIORS** — Billy Thomason,

Ginger Gunn, Alta Merritt, John Burnett, Gwen Kuehler, Betty DuBose, James Chessir, Mary Cornelius, Billy Mack Herod, Patsy Stice, James Brandon, Ann Lee Jones, Jane Griggs, Charlotte Smith, Sammy Key, Karen White, Sandy Casstevens, Beverly Wartes, Joyce Ellis.

**SENIORS** — Claud Cypert, Betty Payne, Jo Ann Short, Marilyn Willis, Richard Ridgeway, Jo Ann Zant, Orville Miller, Dewey Lindsey, Herbie Kendrick, Joan Knight, Vernola Henderson, Ronny Daniell, Elizabeth White, Jerry Bailey.

### NATCH!

"I've been watching that mechanic for the last 15 minutes. There's a man who really knows his business. He didn't spill a drop of oil on the ground. He put down the hood gently, fastened it securely and left no fingerprints on it. He wiped his hands on clean tissue before opening the door, spread a clean cloth over the upholstery, meshed the gears noiselessly and then drove slowly and carefully out into the street."

"Yeah. That's his own car." — Santa Fe Magazine.

### Poll Tax Payments Declared Very Low

There was practically a 2000 drop in the number of people who are qualified as voters in Terry county, compared to last year. Reason, of course is that this is an "off-year," no presidential or state elections. But we have seen lots of people who thoroughly wished they had been qualified to vote, when some unexpected issue comes up.

According to figures given us, by Wade Yandell, 1928 people paid poll taxes, and there was 23 exemptions issued. As we understand the matter, exemption certificates are issued only to those who may become 21 during the year for which the certificate is issued. Those over 65 do not have to have exemptions, unless living in a city with more than 10,000 people.

### Blue, Gold Banquet Planned By Cubs

Cub Pack No. 43, Boy Scouts of America, will stage their annual Blue and Gold Family Cub Scout Banquet Monday, February 9, at 7:15 p. m. Dinner will be served in the dining room of the First Christian Church, and Rev. Paul Farrell, minister of the church, will be guest speaker for the evening.

The tradition of the annual Blue and Gold banquet is a nationwide Cub project.

Bill Cope, president of the Kiwanis Club which sponsors the pack, will attend, along with Mrs. Cope, and Cubmaster Alan Pike and Mrs. Pike will also be present. District Cubbing Commissioner, J. C. Powell, Jr., and Mrs. Powell, will be among special guests there.

A total of 22 boys who are registered in the pack, their parents, sisters and brothers, will attend the banquet.

Each of the three dens in the pack will make their own table favors for the event, and den members and their guests will be seated in three groups.

They will not however, receive their degrees until the close of this term, according to information received here.

### Junior High School Honor Roll Released

The following students of Brownfield Junior High School made the honor roll for the third six-weeks period:

**SIXTH GRADE** — Mary Jo Christian, Johnny Chisholm, Richard Ruscini, Johnnie Willis, Rita Goodpasture, Sammie Chambliss, Ro Johnsen, Patsy Rannels, Patsy Fulton, Anna Jane McFadden, Francis Beard, Fimmy Rodgers, Kaye Austin, William Boerger, Ann McBurnett, Forrest Kuykendall.

**SEVENTH GRADE** — Jimmy Wood, Mary Ruth Venable, Clarice Cornett, Mike Smith, Donelle Keenan, Wendell Newman, George Lackey, Shirley Bingham, La Nell McAnally, Sue Shewmake, Don Burda, Donna Sue Nelson, Mary Jane Brownfield.

**EIGHTH GRADE** — Linda Moore, Donna Christopher, Joyce Rogers, Gail Cottrell, Carolyn Burnett, Jean Criswell, Kenneth Owings, Theresa Stephens.

### G. I. QUESTIONS and ANSWERS

**Q** — I've just been released from the Army and I need treatment right away for a bad leg injury I suffered in Korea. What must I do to get this treatment from VA without delay?

**A** — Go to any VA hospital or regional office with your discharge papers and with any other evidence you may have showing that you suffered your disability in Service. As a Korean veteran, you may be entitled to emergency outpatient treatment.

**Q** — I am a blinded veteran and I understand I am entitled to a seeing-eye dog at Government expense. But I can't afford the expense of going to the place where I'm supposed to learn how to adjust to the use of the dog. Is it possible for VA to pay these expenses?

**A** — Yes, VA may pay expenses to and from the point where re-adjustment is available, as well as your meals and lodging during the period of readjustment.

**Q** — I am considered totally disabled for insurance purposes, and yet I only receive a 20 percent disability compensation. Can my compensation be increased?

**A** — Only if the service-connected disability is shown to have become more severe. For insurance purposes, there may have been other non-service-connected disabilities which, when combined with your service-connected ailment, produced total disability. Also, the criteria for determining total disability are different in insurance from those for compensation matters.

**Q** — I got a GI home loan when the top guaranty was \$4,000. I understand it has been raised to \$7,500. Am I entitled to another loan which would be guaranteed for the difference?

**A** — Yes, you could be entitled to another GI home loan which could be guaranteed for \$3,500—the difference between the old and new top guaranties.

Lal Copeland was in Santa Fe, New Mex. this week on business.

### Mud Sticks Like Lassies At Farmington

The Ferguson family at Farmington, N. M., was not getting their paper as per schedule, as they had changed box numbers, so Mrs. F. wrote in for a change. She is doing part time bookkeeping, and works part time in a show. She states that they have about the same setup as in Brownfield—three shows and they all belong to the same people.

Very pleasant and enjoyable work, she stated, in the whole, but sometimes a headache will come up not unlike when everything goes wrong in a newspaper office at prestime. She knows all about that, too.

It has snowed a lot out at Farmington this winter, she stated, but with a lot of warm weather soon melted, and they have the stickiest mud in the world — not excepting Texas blacklands. It will pull a loose fitting pair of shoes off your feet, she stated.

Anyway, we have an invitation to visit them when in their section. But we're going to wait till that mud dries up, as sidewalks are hard to navigate with our rheumatism, much less mud.

**IRRIGATE WITH GATED PIPE SAVES WORK WATER**

portable GATED PIPE for controlled furrow watering eliminates wasteful, troublesome ditches. Easy to adjust. FLO-CONTROL GATES regulate precise volume and penetration for short or long furrows, tight or porous soils, level or sloping lands. Galvanized or aluminum. Drive-fit or quick-coupled. One-man moves. Easy assembly and disassembly.

**Other AMES Irrigation Systems:**

- ROTO-RAIN Revolving Sprinklers
- PERF-O-RAIN Low pressure sprinkling

Also SYNPHONS for furrows, SURFACE PIPE for flooding, TOW-A-LINE power moves for pastures.

Complete irrigation supplies, drilling, casing, Layne and Bowler pumps.

### LOCAL MEN GRADUATE AT TECH COLLEGE

Two young men of Brownfield Robert B. Knight and Jerry D. Worsham, are finishing their work on degrees of the fall semester, which ends shortly.

They will not however, receive their degrees until the close of this term, according to information received here.

### Legal Notice

#### NOTICE TO BIDDERS

Sealed proposals addressed to the Honorable Mayor and City Council of Brownfield, Texas, Attention: Eunice Jones, Superintendent of Utilities, will be received at the office of Jake Geron, City Secretary, until 10:00 a. m., February 19, 1953, for furnishing one Turbine Type Deep Well Pump, complete with vertical low shaft electric motor and electrical control equipment.

Bidders must submit a Cashier's or a Certified Check issued by a bank satisfactory to the City or a Bidder's Bond from a reliable Surety Company, payable without recourse to the order of the City of Brownfield, Texas, in an amount of not less than five percent (5%) of the total bid price of the equipment as a guaranty that the bidder will enter into a contract in the form provided within ten (10) days after notice of award of contract to him. Bids without the required Check or Bidder's Bond will not be considered.

Proposals shall state all bid prices in both script and figures and the bid price shall be for complete equipment f. o. b. Brownfield, Texas.

Each bidder shall submit with his proposal the name of the manufacturer of the equipment he proposes to furnish together with the complete specifications and descriptive literature.

Each bidder shall state the time required for delivery of the complete pumping unit from date of award of contract.

The City of Brownfield reserves the right to reject any or all bids, to waive any formalities and to accept the bid which seems most advantageous to the City's interest.

Specifications may be obtained from Eunice Jones, Superintendent of Utilities, Brownfield, Texas, or from Parkhill, Smith & Cooper, Consulting Engineers, Lubbock, Texas.

### Legal Notice

#### NOTICE TO BIDDERS

Sealed proposals addressed to the Honorable Mayor and City Council of Brownfield, Texas, Attention: Eunice Jones, Superintendent of Utilities, will be received at the office of Jake Geron, City Secretary, until 10:00 a. m., February 19, 1953, for furnishing one 1500 G. P. M. Motor driven high service water pump, complete with electric motor and electrical control equipment.

Bidders must submit a Cashier's or a Certified Check issued by a bank satisfactory to the City or a Bidder's Bond from a reliable Surety Company, payable without recourse to the order of the City of Brownfield, Texas, in an amount of not less than five percent (5%) of the total bid price of the equipment as a guaranty that the bidder will enter into a contract in the form provided within ten (10) days after notice of award of contract to him. Bids without the required Check or Bidder's Bond will not be considered.

Proposals shall state all bid prices in both script and figures and the bid price shall be for complete equipment f. o. b. Brownfield, Texas.

Each bidder shall submit with his proposal the name of the manufacturer of the equipment he proposes to furnish together with the complete specifications and descriptive literature.

Each bidder shall state the time required for delivery of the complete pumping unit from date of award of contract.

The City of Brownfield reserves the right to reject any or all bids, to waive any formalities and to accept the bid which seems most advantageous to the City's interest.

Specifications may be obtained from Eunice Jones, Superintendent of Utilities, Brownfield, Texas, or from Parkhill, Smith & Cooper, Consulting Engineers, Lubbock, Texas.

## LIVABLE AND LOVABLE

In FARM AND RANCH House Plan No. 5246 we have an attractive combination of old and new—the comfort and convenience of a modern home and the long, low horizontal lines found in the old ranch-style homes.

The kitchen-workroom area is so arranged that it has adequate space for comfortably and conveniently serving the meals and preparing and storing food for the family food supply. There is a large pantry and additional space for twelve to fifteen cubic feet of food freezer. There are fourteen lined feet of drainboard space plus two and a half feet of counter space on either side of the range. Also, there is a storage closet for brooms and mops in the kitchen.

The work area leading to the back door can be closed off easily by two sliding doors. It gives space for laundry equipment, a closet, and a shower and lavatory. Each bedroom has six or more lined feet of closet space and plenty of light and ventilation. The living-dining room combination can be used as two separate

rooms or as one large unit. The modern folding door, which comes in pleasing colors, can be used as a separation when you prefer to entertain smaller groups.

This house will be as attractive with or without the attached double garage. We suggest that the exterior finish be painted vertical boards and strips except for two small areas which may be of masonry to give a variety of texture.

For those who use solid fuels and central heating, the work area can be rearranged so as to give a place for an entrance to the basement and space for a chimney.

The narrow protected area

along the front provides excellent protection from the sun and rain and serves to break the monotony of a straight wall.

You can obtain blueprints for this TERRY COUNTY HERALD FARM AND RANCH House Plan No. 5246 and a handy list of materials by which you can figure your construction cost accurately. Send \$1 to Building Editor, FARM AND RANCH - SOUTHERN AGRICULTURIST, Dept. L-193, Nashville, Tenn. Order by number — plan No. 5246. Blueprints are adequate for any farm carpenter or any farmer handy with tools.
