NUMBER 32

Parents' Back To School Programs Planned For Public School Week

KICK-OFF COFFEE MONDAY 9 A. M.

The Terry County American Red Cross Drive will open Monday March 2 with a "Kick-off Coffee" at the Esquire Restaurant at 9 A. M. D. L. Pemberton, Fund Campaign chairman urges all workers and those who are interested to attend.

Chairmen for the drive will be D. L. Pemberton, general chairman; Morgan Copeland, city chairman; Charlie Price, advanced gift chairman, Malcolm Thomas and Junior Bond, rural chairman; and Mrs. Leonard Chesshir, chairman of the residential districts.

Plains Thanks Its Fine Neighbors

The city of Plains and community wish to take this means of thanking the people over the entire section for their prompt action on Monday, Feb. 16th they took when calamity hit us in the form of a terrible explosion.

From the neighboring towns and communities came help in every way, in the form of ambulances, doctors, nurses, food and other things to alleviate human suffering and aid in the time of trouble.

The officials of Yoakum County and the City of Plains, has asked me to convey their appreciation of the mercy and love shown us, through the press of the area.

Rogers Curry,
Pub. Yoakum County Review.

REVIVAL IS PLANNED BY FIRST BAPTISTS FOR MARCH 8-15

First Baptist Church will have a revival March 8 through 15, inclusive with Rev. A. B. White, executive vice-president of the Church Loan Association of the Baptist General Convention of Texas, as guest evangelist.

A former pastor of the First Baptist Church at Paris, Texas, Rev. White has more recently served as minister of the East Grand Baptist Church at Dallas. He held the first revival services staged in the present Brownfield First Baptist Church building, just after the structure was completed.

Conducting singing services during the revival will be Royce Dowell, who is currently musician and educational director at the Grandview, Tex., Baptist Church.

HELP SAVE LIVES AND PROPERTY

After Monday, March 2, all FIRE CALLS must be dialed into the Fire Station — NO. 3311.

In reporting the fire, be sure to give correct address, such as the Street Number and House Number.

Dial Day Conversion Set For Monday By General Telephone Co. Of Southwest

Monday will be "Dial Day" in Brownfield, and the conversion to the dial system will be made sometime Monday night, according to spokesmen for the General Telephone Company of the Southwest.

New directories listing a complete set of new numbers for the town will be distributed prior to the transition Friday or Saturday.

An estimate 2,500 phones are serviced by the company in Brownfield, and over 132,000 telephone units are serviced by the company throughout Texas, New Mexico, Oklahoma, Arkansas and Louisiana.

A varied program is being planned for local observance of Public School Week Monday through Friday, March 2-6, by members of a special steering committee headed by John B. Curtis, curriculum coordinator of the local school system.

Parents will go "back to school" and attend classes in which their sons and daughters are enrolled in special evening programs at the various schools, and radio programs over Station KTFY are planned daily for 9:15 a. m.

Working with Curtis on the steering committee are O. R. Douglas, superintendent; Delwin Webb, West Ward principal; O. B. Stampfer, Junior High principal; and Byron Rucker, High School principal.

Other committee members are teacher and parent-teacher association representatives and include: James R. Burnett, Mmes. Harry Goble, John Jennings, P. R. Cates, V. L. Patterson, Will Fitzgerald, Cornelia Peters, Ruby Lee Arnold, S. W. Miller, Leonard Chesshir and Miss Terry Lou Moorhead. Student representatives on the committee are Miss Janelle Lewis and Miss Betty DuBose, student council members.

On Monday night, a back to school program for parents of High School students is planned with a general assembly beginning at 7:30 o'clock in the auditorium. At 8 o'clock parents will go through a short schedule of classes, permitting them to visit each room and get acquainted with teachers and subjects studied by their sons and daughters. Principal Rucker explained that each student will take home a copy of his schedule with room numbers for his parents to use following the general assembly. At 9:15 p. m., classes will be dismissed.

Tuesday night, a similar program is planned by the steering committee for Gomez and Jessie G. Randal Schools. At Randal School, following a general assembly in the cafeteria, classes will be conducted for parents. Since Tuesday is regular meeting time for the Gomez Parent-Teachers Association, the program for parents will be held at 7:30 p. m. in the school auditorium under the direction of the third grade room. A skit will also be given by mothers from 8 p. m. until 8:45, open-house will be held in the various rooms.

Because of mid-week church services, no Wednesday program is planned, but Thursday night a back to school session for parents will be staged at West Ward and Junior High beginning at 7:30 p. m. in the Junior High School auditorium. After the general gathering, parents will go through a schedule of classes, and school will be dismissed at 9:30 p. m. Parents having students in the home rooms of Mrs. Alice Harding or Mrs. Pat Underreiner will attend the West Ward program.

FOR SALE — Heavy chipboard sheets, 35x44 in size, at 7½¢ per sheet. We have on hand quite a supply. Inquire at the Herald office.

Slaton's Ebony Talent Revue Coming Soon

What promises to be a real gone school show, is the gigantic ebony talent variety revue, to be staged in the new Wheatley School auditorium come this March 13th at 8 p. m. And it's on a Friday, too. The Evans High School of Slaton, Texas, that stole the show with its musical numbers at last year's Wheatley dedication is bringing the show to town, and a jolly good time is promised for those who plan to attend same.

Among the list of characters slated to entertain are: The Professor and his co-workers, Cornshuck, Pieface, Skillet-Sopper and Ringeye" and a cast of chorus girls who do the Harlem hit parade numbers like professionals and are listed as "Browskin Models."

"We are quite anxious that all of Brownfield turn out and see the show and at the same time pay our school a long overdue visit," principal Tienel stated and added that he hoped the P-TA's, civic and social clubs would order reservations in groups so that "Evans School of Slaton would know we appreciate their bringing of this show to our city."

"It is quite possible that future stars of Broadway and stage and screen are in this group," he added. "Let's encourage them."

Texas Tech Exes' Boosters to Have Barbecue Tonight

All Texas Tech alumni, exes and boosters have been invited to attend a special statewide barbecue and program meeting to be held here tonight, when Red Raiders, Incorporated, the organization to further athletics at Texas Tech, will be hosts, along with the local Tech exes group. The event will get underway at 8 p. m. in Veterans Hall with all members of the Tech coaching staff as special guests.

According to Burton G. Hackney, president of the Terry and Yoakum County Alumni and Ex-Student Association, no solicitation for funds will be made at the meeting. The only charge will be for the meal, and persons desiring to eat should make their reservations immediately with Hackney or with Al Allison of Levelland, president of Red Raiders, Inc.

Both the local chapter and Red Raiders, Inc., will elect officers, and Tech coaches will discuss 1953 football prospects. Included on the program will be a 10-minute film on highlights of this year's Cotton Bowl Game, and one movie of a Tech game last fall.

All area coaches are being invited as guests of the two organizations.

Cotton Ginnings Raised To 51,032

Jim Foy, County Agent, phoned over this week, and stated that a mistake had been made in the final ginnings report for Terry County. Report from one gin, which had been left out of the January total, brought the amount up 129 bales. Therefore, the ginnings for Terry county from the 1952 cotton crop was 51,032 instead of 50,093, as reported in our issue of Feb. 12th.

Anyway, we are glad it was upped instead of downed. And while we are about the matter, we might state that Terry raised a lot more than 51,032 bales of cotton. It so happens that some 14 gins just over the line in Gaines, Dawson, Lynn and Hockley, get a fairly large amount of Terry county cotton.

Against these some 14 gins, we have one that gets considerable Yoakum county cotton, at Tokio.

OFFICIAL MEMORANDUM

By
HOMER NELSON
Mayor of Brownfield

History teaches, and many recent examples in various parts of the world have demonstrated with startling clarity, that freedom such as we cherish cannot long exist without popular understanding and appreciation of individual responsibility.

One of the basic institutions upon which we rely for the furtherance of our American ideals is the public school system. Public Schools, by enabling every child to gain a liberal education regardless of their station in life, promote recognition of the responsibilities of citizenship and constitute a major bulwark against subversive doctrines.

We in Brownfield are proud of the school system that has been developed in our city. Its success has been due to many factors—the interest of mothers and fathers in their children, the cooperation of city, county, state and national officials, and the energy and determination of those public spirited men and women who are devoting their lives to the teaching of our children.

The continued progress of our school system requires increased public understanding of the importance of education and the greatest possible encouragement and support of our teachers and their endeavors. To this end, I Homer Nelson, Mayor of the City of Brownfield, do hereby designate the week of March 1-7, 1953, as

PUBLIC SCHOOLS WEEK

in Brownfield, and I urge that during this week every citizen visit a public school and become acquainted with the work and activities of our public school system.

In official recognition whereof, I hereby affix my signature the 24th day of February, 1953.

HOMER NELSON
Mayor of Brownfield, Texas

Cubs Sew Up District Crown

By Jack Lucas

The Brownfield Cubs sewed up the district crown last Thursday night in defeating the Littlefield Wildcats 66-53. The Cubs ended district play with a won 5, lost 1 standing and a season's record of won 13, lost 12.

This is the first district crown the Cubs have ever won. The Cubs were behind 15-13 at the end of the first quarter, but came up gradually and had a good 37-24 lead at the half. The lead grew to 55-37 in the third quarter and the Cubs pulled the score up to 60-50 in the last quarter, after which Nowell's first string went back in with the gun sounding with the Cubs ahead 66-53.

Leading the Cubs in the scoring attack was Jerry Bailey with 19 points and Max Proffitt close behind with 18 points. For the Wildcats, it was Bill Jones with 15 points and Streety with 14. This was an undisputed district championship for the Cubs in Basketball as well as in football this past season.

The "B" team lost their final game of the year 51-38 with the Wildcat second team earlier in the evening. Lee Allen Jones led the Cubs with 10 points.

The Cubs will play the Hereford Whitefaces at the Regional meet next Friday night in Lubbock. The game will be played at Tech field house at 8:30 p. m.

Everyone is urged to come over to Lubbock and support Brownfield, because it promises to be a very exciting game.

Speedy Allen, high point man for Hereford, is the shortest player on the team, standing 5 foot ten; the rest of the team stand well over six feet tall. The Whitefaces are exceptionally fast in their playing.

Regional meet consists of teams from District 1-AA through District 8-AA. It is a single elimination tournament and the winner advances to the state meet in Austin where there will be four teams, the winner being the State champions.

Last year the Class AA crown was won by Levelland, only to be beaten by Dimmit, a class A team.

Brownfield's 1st Woman Operator Remembers Telephone Infancy

CURIOSITY SEEKERS ENDANGERING LIVES POLICE FORCE SAYS

The old adage about the cats' curiosity may be time worn, but the Plains explosion incident helps to point out its truth, City Police Department officials said.

They pointed out that curiosity seekers who always rush to the scene of an accident or follow a fire truck are not only endangering their own lives and the lives of others, but are also hindering the efforts of police, firemen and other officials whose job it is to give aid in times of death and disaster.

"Every burning building doesn't contain 200 pounds of dynamite," one officer said, "but you never know what hidden dangers a fire can hold." Spectators crowding around for a look at the excitement may get more than they bargain for.

MRS. ANNIE HAMILTON HUNT

Hour Of Prayer Is Attended By 500

An estimate 500 persons filled the First Methodist Church for the local Hour of Prayer observance of the World Day of Prayer Friday from 10 until 11 a. m. Almost 100 businesses, companies and offices closed for the hour or held special devotional services for personnel remaining at the office or store.

Rev. Dallas D. Denison presided for the service and R. A. Simms asked a prayer for Brownfield. Grady Elder, manager of the Chamber of Commerce, read a proclamation issued by Mayor Homer Nelson, naming Friday as a Day of Prayer locally, and "Sweet Hour of Prayer" was sung by the congregation.

A prayer for the Home was given by Mrs. Truett Flache, and Rev. Tom Keenan spoke on the purpose and history of the World Day of Prayer. He also expressed the appreciation of the church women of Brownfield and members of the Ministerial Alliance to business men and officials who made the city-wide observance possible. A prayer for Terry County was asked by Mrs. King, and Mrs. Al Muldrow explained the day's theme of "Prayer in every Phase of Life from Home to World."

"The Need of the Nation for Prayer" was discussed by Hobert Lewis, followed by one minute of silent prayer by the congregation. A prayer for the State and Nation was led by Herbert Chesshir, and Mrs. Glenn Harris led the group in prayer for the World.

After a number of sentence prayers, Mrs. Coke Toliver gave an explanation of the World Prayer Offering. Following the offering, Rev. Denison offered a prayer of thanks and dismissed the group.

MEADOWWITES SEND WORD TO KEEP IT UP

Subscription solicitors ran into J. A. Roberts up at Meadow, Monday, one of the real old timers in that area. Sent word to keep pouring it on. Also, the G. B. Joneses like the Herald style of getting things off the chest, and sent word to keep 'er up. "Shore" will, folks.

In the good old days when the writer's underpinning was better to get about on, we liked to go to Meadow, spend the day, at an all day dinner and preaching on the ground, singings, etc.

Many's the good meal we have had in that fine little town, both "on the ground" and in private homes.

The first time Annie Hamilton Hunt lifts her telephone receiver and dials the number she wishes, it is going to be a moment filled with memories for Annie — memories of a half century ago when she came to Terry County with her family and found only a cow trail where Brownfield stands today. For in 1902, when Joe T. Hamilton filed for land and settled here with his family, the thought of having a telephone was a dream in the distant future, and a dial phone was in the realm of fantasy.

Little Annie was only 13 then, but when she was a grown up 16-year-old, she became Brownfield's first woman telephone operator. The Staked Plains Telephone Company in Lubbock opened an office in Brownfield in 1906 with Charlie W. Alexander, a Lubbock resident as owner and manager of the company.

However, a telephone company wasn't exactly "big business" then, and the Staked Plains office opened in the attic half story over the General Land Office located on the north side of the square. Mrs. Hunt remembers laughingly that the only place a person could stand up in the room was where the roof came to a peak down the center. An outside stairway went up to the half story office on the north end of the building, which was boxed and stripped" according to construction customs of the times. The room's one window opened on the south.

"You know, I still see that place in my dreams," Mrs. Hunt confided as she told about going to work at 7 o'clock in the morning, and having no designated time to get off. When she first became a "number please girl" Annie Hamilton was a relief operator, looking after the office while Howard James, local manager, lineman and operator was repairing or putting up a line.

After becoming a full time operator, Annie had to close the office to go eat dinner, unless James was there, and she stayed at the switchboard late in the day until he had completed his linesman's duties. Customers were not supposed to use their telephones after 9 p. m., except in case of emergency. After Annie left for the day, James set the night bell, and slept in the office to provide telephone service in case of sickness, fire or accident.

The old switchboard, Mrs. Hunt remembers vividly as the smallest board made in the oldest model system. Approximately 12 by 16 inches in size, the board was

made up of 50 drops, and only between 15 and 20 of these were in use when the telephone system was first installed here.

Of the original telephone customers in the town, the only ones still having their same numbers are the Terry County Herald, 1, now the oldest business institution in the county; Mrs. J. L. Randal, 3, Terry County's first school teacher; and the Brownfield State Bank, 11, the second oldest business in the county. Other original numbers which Mrs. Hunt remembers were Randal Drug, 7, and H. Longbrake, 2. Brownfield's first operator says she believes she is correct in saying that the telephone company was among the first businesses to be established in Brownfield.

"Being an operator was no "push button" job in those days, Annie said, as she described how she had a crank at the switchboard which had to be "hand cranked like sixty" to ring a number. And reception wasn't always good, Mrs. Hunt remembers, for Brownfield's connection with the outside world was a single strand of cable (which wasn't even copper clad) between here and Lubbock. Rural lines and a later line to Big Spring were strung along the fence posts. The first rural lines were those of the M. V. Brownfield and Jack Bryant ranches, Mrs. Hunt said.

There wasn't a car in the county, she remembers, "but we had a fine livery stable." It took three days to go by team to Lubbock and back home — a day to go, a day to load provisions, and a day to return.

It wasn't long before Miss Annie Hamilton was named assistant manager and bookkeeper of the local office, and that was "quite a position for a young woman in her teens."

Annie's day at the office didn't begin on Sundays until 4 p. m., so on an August morning in 1910 she and a friend decided to go fishing at a tank on her father's farm northeast of town. They had forgotten to take a skillet for "frying their catch," so the two girls stopped at the A. B. Bynum farm to borrow one for the day. They learned that the Bynum baby was "on the way" and should be arriving before long.

Because so many things happened that day, Mrs. Hunt remembers every detail of the fishing excursion. "We didn't catch a thing," she confessed, "but we gathered some roasting ears" and

The Washington correspondents of Texas papers, are having a field day up there predicting what will happen to the GOP because farm prices are dropping. But the facts in the case are that they have been dropping since last spring, before there was any national convention held, or even before anyone knew who would be the candidates on either the Democratic or the Republican ticket. And no one with the brains of a gnat accuse either party of the responsibility of the drop which started with wheat when the large crop matured last spring, and corn as soon as it was seen we would have a bumper crop, likewise cotton when it was predicted that we would have an above average crop, and with exports dropping to the lowest ebb in many years. This dire calamity predictions are to be classed with the so-called Hoover depression of 1929, which in reality was not confined to the United States, but was worldwide. In fact, the calamity, howlers, always with us, gave Mr. Hoover a vast lot of power, over the entire world that he himself would have been the last man on earth to claim, either for good or evil. Other reports coming in also state that the new administration is on the spot. But we have talked with several of our better and more thinking farmers, and all with one accord, believe that farm as well as other prices have been in the sky too long, anyway. For that reason is the why and wherefore wages of all kinds have taken to the upper elements. One hike follows another just as sure as daylight follows dark. In conversation with one of our farmers, he stated that if the government would just let farmers alone while it, would suit him dandy. And before the government but in to take over the farm laborers from Old Mexico, the farmers did very well making their own arrangements, but for the past several years, that to has been a headache not only to the farmers, but to our national representatives in Congress. The administration helpers had let too many of the labor organization leaders step in, for

gate, they are essential to the town and community, and was possibly the only means of a livelihood to one or two men and their families. Yet, the fact remains, that teachers pay has dwindled far behind the average income presently, and the burden of providing for dependents become greater and greater. Also, with our great increase in school population, provisions must be made to provide school buildings for these new pupils, as well as more salary for the teachers. To be perfectly frank, we'll hereby admit that the whole subject of salary and taxation is out of our line. We'll have to leave that to those who have made a study of the matter.

Another thing that has come to the fore of late to cause quite a lot of discussion in the editorial columns of the dailies in particular, as a few of the weekly newspapers, is the idea of building hotels in or near the State Parks, three of them being mentioned. These hotels or huge motels are supposed to cost a million dollars each, on a purported self liquidating basis. Most of those who believe in private industry handling the building of these hotels, think that if the hotels are really needed, private capital will see to it that they are built. Those who have a bit of socialism in their makeup, believe the State should step in to build them. Frankly, we agree with the first bunch. We don't think Texas should try to mimic the federal government and step into building hotels, dams, power plants and whatnot. Someone may ask, does not the city of Brownfield have a municipally owned power plant? It sure does, brother, and any old timer here at that time can tell you why. A committee was sent to Lubbock to contact the utility company about building a highline to Brownfield. They wanted \$30,000 to do so. At that time we could build a little plant to care for our village for less money, and did. In less than ten years the same utility concern was offering five times the bonus they wanted for the plant here. But hotels in parks is a different question. If these fine hotels could be built so that our poorest people could afford to put up in one of them, we might change our mind. But since when has it been possible for a man of moderate means, with a half dozen children, to be able to put up a hotel where the rooms run from \$8 to \$10 per night? In other words, as we see the matter, Texas would be putting up three million dollars to assure a Fifth Avenue place for the richest of its citizens, and visitors from other states. As we understand it, one who wishes to visit the Big Bend park can find motels either on the grounds or in nearby towns. The same may be said of Lake Texhoma, and the one in Burnet county. If Texas has three million

dollars to spare for pleasure seekers, we believe it would be a better answer to our God and our country to put it in better equipment, and more personnel in our insane institutions, and schools for our blind, deaf and dumb people.

Still talking about the financial status of our state, what we need and don't need, reminds us that we get the Senate Journal complimentary of our State Senator, Kilmer Corbin. So far, we have received no House Journals. We do not have to much time to devote to reading the Senate Journal, but we do give them a hasty once over. One of the last we received made us think of what our Representative, J. O. Gillham said to us during our short conversation while he was at home, recently. He stated that a lot of the time of the representatives was absolutely wasted on fool legislative matters that was not worth a whop to anyone, but, and this is our own idea, the need might have been the idea of some crankish person who happened to think—"there ought to be a law." In the first place, in reading the current S.J. we noted that Senator Tom, Dick and Harry had to have some of the big home town moguls present at some sessions, and they must be introduced. Further, their visit demanded a resolution by the august body of Senators, telling the clientele of Senator Sorghum, how proud the lawmakers of the great state of Texas were that they called. This would probably take up half an hour or more of the time of the Senate, plus the cost of having the resolution printed by the thousands. Then occasionally, some person over the State, perhaps fairly well known in his particular neck of the woods, would pass on, back at the home of Senator Goforth, and there must be some resolutions of respect and condolence passed and printed in the S.J. More time taken up, and all charged to the debit side of the taxpayers of Texas, along with the cost of printing. But about the most silly thing we have seen of late was received this week, when a resolution, occupying a whole page in the Journal, devoted to Texas Christian University and one of its coaches. The TCU was highly complimented for having won the Texas Conference games in both football and basketball in 1951-1952 season. Further, a great portion was devoted to "Dutch" Meyers, the coach of that institution, and his great coaching ability. Don't misunderstand us. We have nothing whatever against TCU or Mr. Meyers, nor any other school, college or university and their coaches. What we are driving at is the silly idea that by taking hours of time of our lawmakers, as well as the high cost of printing, we have paid our respects to something very unnecessary, and at the cost of our taxpayers.

As this is written, President Eisenhower has been in office one month, hardly time to pick up the loose ends of the business of being president. But even before he was inaugurated, in fact as soon as election results were announced, some seemed to think radical results should have happened. Or at least that was the trends of their talk. But such stalwart Democrats as Byrd of Virginia, had more gumption than to expect miracles in a year or two perhaps—not in a month. This old statesman, Sen. Byrd, is said to be one of the best students of finance in the world, and one of his pronouncements is, "the first requirement of our leadership in the world is the preservation of the free enterprise system. The lifeblood of this system is sound fiscal policies." There is a matter that either the well wishers, or the "hope they fail" crowd must follow, and that is, that it takes time after one regime holds the fort 20 years, before there can be a noticeable change. But for many years now, our administrations have been following a course that nearly approach the communistic doctrine itself. If we are to make any headway as a free enterprise nation, as we have been most of the time in the nation's history, we must stop the ideas of prodigal governments from squandering the hard earned money of our people. We have too long been following idealists down a dead end road, here and there. Some of the socialistic ideas of recent government, have been wasteful and extravagant. Perhaps few would have objected to a strengthening of some of the products

MAYOR McGUP By John Jarvis

that tried to hit bottom. But when a prodigal government jumped in and bought eggs, butter and potatoes by the millions of pounds, to pile up and spoil or rot, they encouraged others to go and do likewise. Take Maine for instance. The country was well supplied with potatoes, but instead of discouraging still further stockpiling, the Santa Claus government went on for years buying unsalable potatoes, and paying out millions of dollars for potatoes that rotted—not even allowed to feed them to livestock. They were poisoned, and piled out to rot. This was not even good politics in Maine, as it continued to go Republican. The same thing happened to eggs and butter that poor people wanted, and were not able to buy. Most farmers want freedom, not restrictions.

KENNETH CORNEBISE COMPLETING HIS TRAINING
 Lackland Air Force Base, Texas — Kenneth Earl Cornebise, 20, son of Mr. and Mrs. F. M. Cornebise, Rt. 5, Brownfield, Texas, is completing his AF basic airman indoctrination course at Lackland Air Force Base. Lackland, situated near San Antonio, is the world's largest air force base, site of Air Force basic training, for men and women, headquarters of the Human Resource Research Center, and home of AF's Officer Candidate School. His basic training is preparing him for entrance into Air Force technical training and for assignment in specialized work. The course includes a scientific evaluation of his aptitude and inclination for following a particular vocation and career.

Here's Your Proof —
There's None So New
As Nash In 1953!

Styled by Pinin Farina, world's foremost custom car designer, the new Nash Airflytes have introduced continental trend to U. S. A.

NEW CONTINENTAL STYLING! NEW LE MANS HIGH-COMPRESSION ENGINE!
NEW DUAL-RANGE HYDRA-MATIC! NEW LUXURY INSIDE AND OUT!

CONTINENTAL STYLING!
 Functional design of Pinin Farina styling means more roominess, more eye-level visibility, more driving pleasure than in any other car built in America today!

AIRFLYTE CONSTRUCTION!
 Only Nash builds cars this modern, stronger way. The double rigidity of Airflyte Construction means greater safety, long, rattle-free life and higher resale value.

ROOM AND VISION GALORE!
 Here are the widest seats—front and rear—of any car. The one-piece windshield and huge rear window are widest, too.

NEW POWER, ECONOMY!
 Two great Ambassador engines—Super Jetfire or the custom-power option of the new "Le Mans" Dual Jetfire. In the Statesman, the new Powerflyte engine.

RECLINING SEATS AND TWIN BEDS!
 No other car in the world has them! Nash Airliner Reclining Seats adjust to five comfortable positions at the flick of a lever... can even become spacious Twin Beds in seconds!

Article IV On State Educational Needs

BY ALLAN SHIVERS
Governor Of Texas

Is \$600 a proper pay raise for our Texas teachers?

That is the amount they are asking for their first base pay raise since 1949. It would be an increase of about 25 per cent.

There is nothing more important in the view of us parents than the training of our children. I doubt that any competent teacher is ever really overpaid — or expects to be.

But, just as the 1949 salary scale for teachers is too low now, the \$45 million ceiling contribution of local school districts to the minimum foundation program is no longer what it should be.

The State, instead of three dollars to one local dollar as under the original Gilmer-Aikin scale, is now making up the difference between one local 1949 dollar and

as many 1953 dollars as are needed. In other words, all of the increase in demand upon the minimum foundation funds must be met by the State.

That can't go on without running the risk of increased State control of the public schools.

And, what is perhaps even more important, it can't go on without running the risk of a possible ceiling on State spending to maintain the minimum foundation program.

I mean by this that the Legislature at some time in the foreseeable future might decide that the State should fix a minimum guarantee for its own responsibility in the program.

What would that mean? It would mean that the major burden of the steadily advancing costs of the Gilmer-Aikin program eventually would come to bear directly upon the local district. It would be the opposite of the present situation. This is not my suggestion, but it is a very definite possibility.

As I have told many of my teacher friends, and as I have said in previous articles of this series, I am not against the idea of a \$600 raise.

As Governor I have to remember, however, that an increase of this size would cost the State more than 33 million dollars per year. And, as we consider the many imperative needs throughout the State, we are forced to decide what we can afford — and what we should do for others as well as for the public school teachers.

What about a raise for our State senior and junior college teachers?

What of the nurses and other vital workers in our State hospitals?

Can we afford to forget our State law enforcement officers and our prison guards?

What about our thousands of other loyal State employees?

What can we do about larger State pensions for the old people of Texas?

There are many such deserving groups — none more deserving than our public school teachers, and yet none should be overlooked.

For all of these people, as well as for the rest of our citizens, it is important to keep our State financially sound. If that is not done, eight million Texans will reap the whirlwind.

For the immediate relief of our teachers I have proposed a plan by which they could receive a substantial raise without the necessity of increasing State taxes.

Two steps are involved: (1) shifting part of the per capita available school fund over to the Gilmer-Aikin fund so that the needy school districts can get more State assistance and the prosperous districts will not grow all the richer on State money, and (2) placing a fair share of the cost of the minimum foundation program on the local districts instead of leaving the local contributions at the 1949 level while the State pays more and more with each passing year.

What does the average classroom teacher in Texas make? A little more than \$3,200 a year, according to records of the Texas Education Agency. And, while beginning teachers with a bachelor's degree are authorized to receive a minimum of \$2,400 per year under the Gilmer-Aikin program, the actual average of such college-graduate beginners is around \$2,530 for nine months' work.

I mention these figures because, while we often speak about the salary of new degree-holding teachers as a point of reference, actually there are not many teachers who make exactly \$2,400. The pay scales of numerous schools are above the minimum, and of course our teachers quite properly get additional pay as they acquire more education and experience.

My recommendation to increase the contributions of the local districts toward the Gilmer-Aikin program is based on the principle of local control. I believe the schools should continue to be run by the citizens of their own communities.

The public school system of Texas always has been operated on this local control plan. Until recent years, the home school districts provided most of the financial support. By 1920 the first large appropriation for State assistance to rural schools had been

made and the State per capita payments had been increased to \$14.50. It was not until after World War II that these payments exceeded \$30. Today they are \$68. If we reduce the available school fund by \$15 million, the per capita payment will go down to about \$58.

Besides these payments based on number of students, the Gilmer-Aikin program, in operation since 1949, has cost the State additional millions of dollars each year in equalization aid.

This Gilmer-Aikin program, which guarantees the opportunity for a good education to every child of school age in Texas, is one of the great accomplishments in the history of education in our State. We should not take any backward steps. The plan should be permitted to function as originally intended: to underwrite a minimum standard program in every school.

We cannot overlook the fact that a \$600 increase for each public school teacher — unaccompanied by any of the financing changes and revisions I have suggested — will mean that the Legislature now in session must raise at least \$67 million in new State taxes for the next two years.

To put it another way, such an increase would use up nearly 40 percent of the general revenue that is available for our State departments, colleges and universities, State hospitals, prisons, training schools and State courts.

The decision is one to be made by the Legislature, by the tax-paying public and by the teachers themselves.

Can we afford a \$600 increase now? Can we afford not to grant it? Who will speak for the rest of those dependent upon State appropriations for the necessities of life? And who is going to pay the bill?

These are questions I have offered for your consideration during the last several weeks. If the net result has been to increase the public store of information and interest in public school financing, and in the overall problem of the State, at least part of the objective has been accomplished.

TO INSECTICIDE SCHOOL

Jake Fulford and Kelton Miller of the Terry County Farm Bureau, accompanied by Fred McNabb of Ropesville, left Sunday to attend an insecticide school sponsored at Texas A & M College by the Flying Farmers of Texas. They were to return home Tuesday.

Sidelights From Washington

BY GEORGE MAHON

My work has thrown me into occasional close contact with General Eisenhower through the years, but not until last week did I have an opportunity to observe him at close range in his new role as President.

On Monday I joined 16 other Members of Congress at the White House where we had lunch with the President. Later in the day I shook his hand at a Congressional Reception, and on Thursday I accompanied twenty-four Members of the House and Senate to the President's office for a top-level discussion of the world situation. It is evident that the President is seeking to establish good relations with both the Republicans and Democrats in the House and Senate. This is good business, because he can do little as President without the support and confidence of Members of Congress.

The President is the same Eisenhower that he formerly was, friendly, understanding, a man of irresistible good will, particularly at close range.

The Thursday meeting at the President's office lasted for 95 minutes, and it was all business. Nobody told a humorous story, and if anybody even smiled, I failed to observe it. We had an over-all report involving our national debt, our tax burden, the Korean War and the international situation generally. Much of the information presented was secret in nature. Allen Dulles, Chief of our Central Intelligence Agency, General Omar Bradley, Chairman of the Joint Chiefs of Staff, and Joseph M. Dodge, Director of the Bureau of the Budget, participated in the meeting.

When we left the meeting, press and radio reporters met us in the President's waiting room and asked for details of the conference. But no one could properly make public the details. Speaker Joe Martin commented briefly that the picture looked grim, and Senator Taft commented that no new crisis was discussed at the meeting. I believe in freedom of the press, but I think some Americans in recent years by unnecessary loose talk have given the enemies of our Country entirely too much information which is of no value to the American public, but of very great value to our enemies. To give the enemies of our country our secret military data and a play-by-play report of what we plan to do would greatly weaken

Behind The Scenes In American Business

By REYNOLDS KNIGHT

NEW YORK, Feb. 23. Financial observers in New York say the new year gives promise of an upturn in one important kind of income — dividends on corporate stockholdings. Dividend payments in January were 8 per cent higher than in January of 1952, a year which wound up with total dividend payments of \$9.3 billion. If the excess profits tax is allowed to expire on schedule June 30, and if there is no drop-off in company earnings, a figure near \$10 billion is expected this year.

This will be of importance to persons other than stockholders — and that group alone comprises some 6.5 million Americans. The psychological lift of a return to the traditional pay-out of some 75 per cent of corporate earnings in dividends will tend to make dividend recipients spend more freely on all their income, simply because they will feel wealthier.

The Job of the President is almost unbearably difficult. President Eisenhower looks exceptionally well. He is entitled to every possible assistance from Congress and the American people. It is in our best interest as Americans to work together in seeking the answers to the problems which beset us, putting the welfare of the country above party and political considerations.

As distasteful as the truth is, there is no one in Washington who knows the quick and easy answers to our problems. I have the feeling that in the days before the press and radio became such dominant factors in our lives, we had a tendency to feel that our leaders knew all the answers, and we relaxed in complacency. The modern generation has learned that there is no such thing as infallibility of leadership. We are finding it difficult to adjust ourselves to this new situation. Yet, there is no reason to despair. Skepticism and distrust do not provide the answer to the problem. They aggravate it. The better approach consists in a little patience, faith in each other and faith in God. This approach will not provide the quick and easy answers, but it will provide us with the strength and character which the times demand, enabling us, I believe, to avoid major mistakes.

Resolutions Submitted By Farm Bureau Are Termed Reasonable

If all the organized "pressure" groups were as wise and reasonable as the American Farm Bureau Federation, the United States would have much more balanced and effective economic legislation and politics.

general economy. But a study of resolutions adopted at the Farm Bureau convention in Seattle this month shows that this large farm group has developed a program in which all segments of the economy are given a balanced place.

NOW, WATCH OUT, WEATHER BUREAU

Under date of Feb. 6, we have a communication from the USWB (that's short for United States Weather Bureau) stating they wanted to have immediate reports on tornado activity in our neighborhood. In fact the article lead us to believe the Weatherman down at Heavenly Houston wants this volunteer observer to be on the lookout for cyclones and tornadoes.

Generally speaking, we are one of the most accommodating of guys, but frankly we are not looking for any rough stuff in the weather. But if we can get any of our brave but curious neighbors to keep their eyes on them, while we hunt a storm house, we'll report same second hand to the USWB, with pleasure.

in efforts to achieve a balanced (federal) budget."

The AFBF supports a continuation of price support program that will protect the farmer against radical fluctuation in prices. But the resolutions add: "It is not, however, the responsibility of the government to guarantee profitable prices to any economic group."

And the resolutions state: "In order to encourage high production per man in agriculture, the emphasis in farm programs should continue to be on adequate prices in the market place rather than on income subsidies."

The AFBF, in our estimation, does not demand anything from the government that is not both advantageous to agriculture and the national economy as a whole. For many years, as an example, some farmers have been paid federal subsidies for conservation practices which any good farmer would use. The Farm Bureau states that, "Payment for practices which have become a normal and accepted part of farming operations of the area in which a farm is located should be discontinued."

These are some of the ways in which the "American" part of the Farm Bureau Federation's program is emphasized. It is a sound plan for agriculture but it is also a rounded economic program for the nation as a whole.—Waterloo (Iowa) Daily Courier.

Lucky You

by Dick Shaw

Lucky you—you got away with reckless driving

months away, he adds. In the meantime producers who do a good job of managing their laying flocks, can be cashing in on a favorable market situation.

Parnell offers a last suggestion and that is give the laying flock the attention it deserves; check the feeding program; use proved sanitation and disease control practices; use artificial lights if needed; be sure the laying house is properly ventilated and that the flock gets plenty of clean drinking water—warm it during cold snaps. These and other management practices when followed will put extra eggs in the basket now when prices are good.

Mr. K. Lance Turner left Monday by plane to Savannah, Georgia to attend a textile research meeting.

CARD OF THANKS

We wish to express our heartfelt thanks to the many friends and neighbors for their many deeds of kindness during the illness and death of our father and brother, also for the beautiful floral offerings.

Jr. Bar Finds Small Loan Law Works Well In Oother States

Austin—Small loan laws have worked well in other states, a survey made by the anti-usury committee of the Junior Bar of Texas discloses.

Inquiries to officials in charge of the administration of small loan laws brought such typical replies as:

Wisconsin, "has worked out very successfully"; Indiana, "practically eliminates the abuses against borrowers"; Nebraska, "has been most satisfactory" and New Jersey, "We have not had

a serious complaint against a small loan company since 1942." Junior Bar committee members point out that these and replies from the 30 states which have a small loan law mean that Texas would not be making an experiment but would be adopting legislation that has been tested and found to be practical.

A model statute has been drafted by a committee of the State Bar of Texas with provisions for licensing and regulating companies making small loans and providing for charges that will be fair alike to borrower and lender.

A Rather Mysterious Explosion Recently

Wed., the 11th, about 9 p. m., there was a loud explosion, and the strongest houses were rocked to their foundations — even tile or brick. Most people felt like the explosion was right out at one corner of their houses, or upstairs if they had an upstairs. And many took flashlights to see about the location.

Then, when no sign of anything appeared on their own premises, the folks took their phones, contacted the police station, and others, with no better results. Some said it was in the southeast part of town, some in the southwest and others said it was in the northeast part of town.

The last version we have had on the matter was that some youngsters got possession of some dynamite and set a bunch of it off out at the caliche pit, near the rodeo grounds. Anyway, if the jar was any worse out there than here in town, those boys got a rocking.

'53 Looks Good For Egg Producers

College Station—Texas market egg producers should find the year ahead to their liking. This forecast comes from Professor E. D. Parnell, poultry husbandry department of Texas A & M College.

He backs up the forecast with a lot of reasons. First there are fewer layers on the farms to produce the eggs needed to supply the demand from the nation's increasing population. There also exists a shortage of frozen eggs as compared to past years and too, the demand for stored shell eggs has recently been heavy.

Another very important factor, says Parnell, has been the recent decline—it's been slight—in the price of some feed ingredients and a rise in egg prices resulting from heavy demands and a declining supply.

High egg prices in the spring, says the professor, no doubt will cause more orders to be placed for pullets and this will increase the number of layers for next fall and winter but that is six

Randal P-TA Honors Past Presidents

Past Presidents of the Jessie G. Randal Parent-Teachers Association were honored at an annual silver tea recently at the school. During a business and program hour, a Founder's Day service was held.

Mrs. James Fitzgerald, current president, presided, and gave a reading of the Gettysburg Address, adapted for a child's understanding. Linda Pearson and Jan Denison gave a devotional, and Mrs. Wayne C. Hill led the group in singing "Battle Hymn of the Republic," accompanied by Miss Edith Creighton, pianist.

Mrs. James H. Dallas' second grade room received the attendance room prize for having the most mothers present.

Mrs. Barton Evans, program chairman for the day, gave a history of the association and introduced former presidents, presenting each with a corsage.

Mrs. W. A. Bell, first president, organized the Randal Club of teachers and mothers in 1913, and it was called the Congress of Mothers until 1937, when the group was formally made into a parent-teachers association.

Association past presidents and years in which they served as executive officers are: Mesdames Frank Weir, 1937-38; Tom Cobb, 1938-40; Frank Weir, 1940-41; Cye Tankersley, 1941-42; Joe Shelton, 1942-43; Leo Holmes, 1943-44; J. C. Criswell, 1944-45; Virgil Burnett, 1945-46; Walter Breedlove, 1946-47; A. M. Muldrow, 1947-48; V. L. Patterson, 1948-49; Leonard Chesher, 1949-50; Wayland Parker, 1950-51; and Jess McWhorter, 1951-52.

The program also honored Mrs. J. L. Randal, who was the first teacher in the school.

After the Founders' Day service, tea was served to members and guests by Mrs. Tommy Hicks.

PINK, BLUE SHOWER HONORS MRS. SKAINS

A pink and blue shower was held in the home of Mrs. A. C. Miller recently honoring Mrs. Thurman Skains. Assisting Mrs. Miller as hostesses were Mrs. Vic Herring and Mrs. Donald Price. Guests called between 2 and 5 p. m.

An arrangement of yellow ranunculus ornamented with artificial birds and bees centered the refreshment table, and a Valentine theme was carried out. Coffee was served with pink heart-shaped cookies, and Valentine nut cups were favors.

Mrs. Wm. Dingus Will Be Speaker

When members of the local chapter of the American Association of University Women meet Thursday at 7:30 p. m. in the Seleta Jane Brownfield Clubhouse, Mrs. William Dingus of Lubbock, chairman for the United Nations on the state board of the Texas Council of Church Women, will be principal speaker. The event will be guest day, and members are urged to bring friends to the meeting.

Mrs. Dingus has attended meetings of the United Nations several times, and was appointed by Gov. Allan Shivers to attend a conference last year in New York City, where the problem of bringing the UN to the community was discussed.

An active clubwoman and civic leader, Mrs. Dingus has delivered more than 70 speeches to various groups in Texas, New Mexico and Oklahoma.

Table Setting Is Theme Of Program

Maids and Matrons Study Club met Tuesday, Feb. 17 at 4 p. m. in the Seleta Jane Brownfield Clubhouse for a program on "Table Settings" led by Mrs. E. C. Davis.

The program leader discussed and demonstrated "The Art of Setting a Table for Breakfast or Brunch." "The Luncheon Table" was Mrs. E. F. Larner's topic, and Mrs. E. O. Nelson discussed "Informal Dinners." "Formal Dinner Settings" were demonstrated by Mrs. A. A. Sawyer. Mrs. Tom Keenan, hostess for the day, served pineapple ice box cake with coffee.

Mrs. Ray Brownfield was a guest for the day and members attending were Mesdames W. B. Brown, A. W. Butler, R. H. Casstevens, Davis, Barton Evans, Leo Holmes, Eunice Jones, Keenan, Larner, E. B. McBurnett, Jr., W. F. McCracken, Looe Miller, Nelson Sawyer, Joe McGowan, Tom May, A. R. Smith, Gaster Spencer, A. J. Stricklin, Sr., Mon Telford, J. M. Teague, F. G. White and M. G. Tarpley.

Old-Timers Coffee Held On Valentine

Approximately 200 persons attended an old-timers coffee held Valentine's Day in the I. M. Bailey home, 603 East Cardwell. Hostesses for the event were Mesdames Bailey, Jack Shirley, L. M. Winger and Lal Copeland.

Cut flowers were used in decorating, and scarves and boxes of Valentine candy were presented to the honorees.

Honored guests were Mesdames George Tiernan, E. D. Ballard, Redford Smith, J. L. Randal, J. C. Criswell, Ame Flache, R. L. Graves, Elsie Treadaway, George W. Neill, W. G. Hardin, Dalton Lewis and W. A. Bell.

Hostesses alternated in presiding at the silver coffee service.

"CAINE MUTINY" IS REVIEWED AT STUDY CLUB

Mrs. Curtis Sterling reviewed Herman Wouk's "Caine Mutiny" when members of the Alpha Omega Study Club met recently in Seleta Jane Brownfield Clubhouse at 4 p. m.

Mrs. Chad Tarpley was hostess for the day, and program chairman was Mrs. M. J. Craig, Jr. A biographical sketch of Wouk was given by Mrs. George O'Neal.

At the next meeting of the club, a special Texas Day program will be held, and 15 out-of-town study clubs are being invited to attend, as well as Maid and Matrons, Delphian and Altruist Study Clubs, all of Brownfield. Plans for the special event were made.

Attending were Mesdames Truett Flache, Sam Teague, V. L. Patterson, John Portwood, D. L. Pemberton, W. T. McKinney, Arlie Lowmore, Tommy Hicks, Charles Hamilton, Jake Gore, Grady Goodpasture, Virgil Crawford, Lance Turner, Tarpley, Craig, O'Neal and Sterling.

ALTRUIST MEMBERS MEET FOR STUDY IN SKAINS HOME

When members of the Altruist Study Club met recently at 7:30 p. m. in the home of Mrs. Thurman Skains, a special program was heard on Longfellow and the Evangeline Country.

Plans for the remainder of the year were made during a business session conducted by Mrs. Ben Monnett.

Mrs. Skains spoke on "Fabulous New Orleans," and refreshments were served.

ENGAGEMENT OF DAUGHTER IS ANNOUNCED

Mr. and Mrs. M. C. Wade of Brownfield are announcing the engagement and approaching marriage of their daughter, Miss Joyce Merlene Wade, to Billy Jack Little, son of Mr. and Mrs. F. N. Little of Wellman.

April 7 has been set as the wedding date for the couple, and vows will be read in the home of the bride's parents.

Miss Wade graduated from Brownfield High School and attended Lubbock Memorial Hospital School of Nursing. She is employed as a nurse by Dr. Gordon Richardson.

The prospective bridegroom is a graduate of Wellman High School and is now employed by the City of Brownfield.

MUNICIPAL ELECTRIC ASSOCIATION MEETS

C. I. Wall, president of the West Texas Gas Company, spoke on "Public Relations" and "Leadership" was discussed by E. D. Jones when members of the Municipal Electric Association met recently at the City Hall in regular session.

Approximately 50 persons attended. The association is composed of all municipal light plants within a 150 mile radius of Brownfield. Total membership is about 80.

MRS. SHIRLEY HOSTESS TO KOLONIAL KLUB

Members and guests of the Kolonial Kard Klub were entertained in the lovely new home of Mrs. Jack Shirley on East Tate Street Friday afternoon when she entertained with a dessert bridge. Little Liza Shirley escorted the guests through the spacious home.

Bridge players were Mesdames E. C. Davis, Money Price, A. J. Stricklin, Walter Hord, Bill McGowan, Mon Telford, Roy Winger, Arthur Sawyer, C. L. Hafer, Geo. O'Neal, Fred Smith and Mrs. Shirley.

11th BIRTHDAY IS CELEBRATED MONDAY BY REBEKAH LODGE

Brownfield Rebekah Lodge, No. 56, met in regular business session Monday, Feb. 16 at 7:30 p. m. in the IOOF Hall with Mrs. J. T. Bryant, Noble Grand, presiding. Initiation ceremonies were conducted for Mrs. Juanita Lanious of Wellman, and the chapter celebrated its eleventh birthday.

Re-organization charter date of the lodge is Feb. 16, 1942, and Mrs. C. D. Moore served as first noble grand of the organization. During the second six months of the 1942 term, Mrs. Vallie Turner was elected noble grand.

During the birthday celebration, Mrs. Moore was honored as the lodge's first leader, and presented with a bouquet of pink carnations, chosen flower of Mrs. J. T. Bryant. Mrs. Moore has served twice as noble grand of the local lodge, an honor held by few Rebekahs.

Guests present were Mrs. W. E. Regle, formerly of Oklahoma, and Mrs. Alice Maypole, former Odessa resident. Both women now live in Brownfield. Approximately 35 persons attended.

Hostesses for the social hour were Mesdames Gertrude Short, Clemmie Hamilton and Dorothy Christopher and Mr. B. F. Smith.

Study Completed On Bible By WSCS

The final lesson in a study on "Toward Understanding the Bible" was led by Mrs. Leo Holmes when members of the First Methodist Woman's Society of Christian Service met Monday, Feb. 16.

Opening prayer was led by Mrs. C. L. Williams, and Mrs. Ernest F. Latham conducted the meeting. Mrs. Dallas D. Denison was elected to represent the society as a delegate to the jurisdictional conference to be held in Amarillo Friday, and Mrs. G. S. Webber was named alternate.

"Decorational Designs," interior decoration lecture and house tour project, was discussed.

Persons on the program and their topics were: Mesdames Holmes, "The Great Ideals of the Bible"; Latham, "God"; J. E. Thurman, "God, The Creator"; James Warren, "God Is The Judge"; Webber, "God Is A Redeemer"; A. W. Butler, "Good, The Father"; Glenn Harris, "Eternal Life"; and Paul Blackstock, "Jesus, the Son of God."

Mrs. Wayland Parker conducted a devotional from Matthew 28:1-6 and 1:16-20. The group knelt in prayer while Mrs. Parker read Ephesians 3:14-21.

Attending were Mesdames Latham, Butler, Holmes, Blackstock, Hobert Lewis, Harris, Jim Griffith, Joe Johnson, A. H. Reed, R. J. Purcell, D. S. Sampson, Williams, Jess Smith, Warren, B. L. Thompson, Ida Belle Walker, Webber, Denison, Parker and W. B. Downing.

SHOWER HELD FOR MR. AND MRS. ACE BOYD

Mr. and Mrs. E. V. Riley's home was a happy center of gaiety and good wishes Friday night, honoring Newlyweds Mr. and Mrs. Ace Boyd.

A theme of pink and green was used at the shower with crystal appointments.

The buffet was centered with a miniature bridal couple, flanked on either side with pink candles in crystal with the names of the bride and groom on green streamers.

The serving table was laid with a lace cloth with pink carnations surrounding the crystal punch bowl.

Pink and green flower cookies and mints were served.

Hostesses were Mrs. Wade Pearce, Miss Joyce George, Mrs. McIntyre, Mrs. Byron Cabbiness, Mrs. Lee Bartlett and members of the Pleasant Valley Club.

boiled them in a water bucket for our lunch."

"On the way home we stopped at the Bynum farm again to return the skillet, and learned that a baby boy had arrived. That's Ralph Bynum, who owns the Brownfield Printing Company now, you know," Annie explained.

But that wasn't all the news they heard at the Bynum farm. Arthur Cardwell, son of C. S. and Perla Cardwell, while working on a ranch in the northwest part of the county was seriously injured when a horse fell on him. Since telephone service wasn't offered on Sundays until after 4 p. m., someone had to ride for help.

Arthur died as a result of the accident, and the tragedy brought home to the county and the company the need of telephone service every day in the week. Not long after that Sunday service was provided, and before the railroad came to the county in 1917, the company was on the job with 24-hour-a-day service, seven days a week.

Annie especially remembers the value of night service during the flu epidemic in 1918.

During this time, changes were going on in the company's ownership. C. S. Cardwell bought out the Staked Plains local branch in about 1912. He retained ownership until 1917 when the business was sold to George W. Neill. In 1919, L. H. Plains bought the company and built the frame and stucco structure which has housed Brownfield's telephone office until this year when a new and larger brick building replaced it. But through all of these changes, Annie was on the job as operator.

When the telephone office moved the little half story room to its own new building, a power generator and flash system was installed, and it was Miss Annie Hamilton who answered the first flash on the new switchboard.

For almost a year Brownfield's first operator worked for the Staked Plains Telephone Company in Lubbock, then located next door to the Nicolette Hotel. She later went to San Angelo, where she married George S. Hunt in June, 1936. Annie lost touch with Brownfield's telephone system for a time, but according to George Neill, Southwestern Associated Telephone Company bought the company in 1926.

"Miss Annie" is back in Brownfield now, living in the original Hamilton house which her father built as a homestead in 1905. The residence is one of the town's oldest landmarks and Brownfield has grown up around it and given

Study Completed On Bible By WSCS

it the address, 1201 Lubbock Road.

"A lot can happen in 50 years," Mrs. Hunt says, and as she sees the modern-day dial on the telephone at her home she feels rather like a mother seeing her child receive a college diploma. For she nursed Brownfield's telephone system through its infancy, helped it meet its adolescent problems and can now sit back and be proud to have been a part of its growing up into a modern well-founded business, serving not just 20 persons, but a town of almost eight thousand.

END OF MONTH SALE

This, That Then And The Other

By The Printer's Devil
You know, the water proposition seems to keep getting worse before it gets better, down there at Big D. So, we like to read the reaction of various and sundry Dallasites about the matter. One of the latest announced that before he'd drink water from West Fork of the Trinity, into which the sewerage of Fort Worth flows, he'd move back to the Ozarks in Arkansas.

As a parting shot, he announced, "Now you city slickers, laugh, if you wish."

There has been a lot of squawking at Secretary Ezra Benson, and it is not all confined to Democrats. We have it that one Republican congressman in the middle-west had a lot of hard things to say about farm prices, until he got a flood of mires from his district to lay low.

As one old time farmer, who likes to make his own plans in some things, said: "Let's try to get the government out of farm."

ing, and at the same time get farming out of the government."

Funny how some things happen, and one very laughable one right recently, but so near home we'll call no names. Anyway a lady called on a place very near the same kind of business to pay a debt of cash of some \$5.

They got to talking about their neighbors and their neighbors' children, and in the meantime, the other guy figured that he owed the other firm \$5 instead of the other way around. He wrote the lady a check for the amount, and the mixup was not discovered until the lady got back to her place of business. All felt foolish about the matter.

We hold Press Card No. 1272 to attend the National Trailer Coach Show at Houston, March 7-8. This show is being sponsored by the National Trailer Coach Manufacturers, and in the Palatial Shamrock Hotel, but we received no bus or rail fare.

Joking aside, you know we have always had a sort of hankering to make about over the country in one of them houses on wheels. No desire for one that is tied up for weeks, months and years at some trailer park, where the owners have to work for a living, like us.

We'd like the kind that zing by you on the highways, and no special point in view, perhaps. Maybe spend the winter in Florida, the Texas Rio Grande Valley or Southern California. Then the mountains, lakes, national parks and what have you in summer. Anywhere it is cool. Wouldn't that be the life of Riley?

And while the old Printer's Devil is about it, let's give the Slaton Ebony Talent Show that is coming to Brownfield, a good turnout. We feel sure that all people, white or colored, will enjoy the show, and thus encourage these young people.

Further, if it is seen that the Wheatley Auditorium over at the colored school is too small, why not offer them a larger place, say the old high school auditorium?

And while we are about it, President Nelson C. Smith of Farwell, of the Rural Letter Carriers' Association, writes us that they have withdrawn association with PAR, which means Project - Ade-

I REMEMBER BY THE OLD TIMERS

From Mrs. William Wedel, Stronerville, Ohio: Do you remember the good old days when a summer tan was a disgrace? The ladies wore mitts to the elbows, carried parasols, and oh, the time spent bathing the face and hands in a sticky mixture of sour milk and grated horseradish! Well, I rejoice now in a good healthy summer tan.

From S. I. McGinnis, Culloden, W. Va.: I remember how happy my father and mother used to be sitting winter nights around a large wood fire with eight children huddling in a good healthy summer tan.

From E. E. Meredith, Fairmont, W. Va.: Every family used to have hop vines in the front yard or garden from which the hops were gathered to make yeast for bread or poultices.

From Amelia Doctor, Denver: I remember when the floors in our houses were so cold that the children had to sit around the stove and put their feet in the oven to keep them warm.

From Jack Cox, Larkspur, Calif.: I remember the first rifle I ever saw. I watched Granddad make it. He patterned it after the Kentucky muzzle loading squirrel rifle. I learned to shoot it when I was seven, but the barrel was too heavy so he cut off 18 inches. He and Dad wound their big watches with keys. They made a sun dial for mother by sawing off the end of a log and marking the four directions on it. They put a stick in the middle to throw a shadow on large nails for the hours and small nails for the half-hours.

(Mail your memories to THE OLD TIMERS, N.W.N.S., 210 S. Desplaines, Chicago 6, Ill.)

GMC covers all bases

... 19 new light truck models offer Hydra-Matic shifting

Throughout the 1/2-, 3/4- and 1-ton capacity range, GMC presents 19 pickup, stake, panel and package delivery chassis models that offer Hydra-Matic Drive*— as well as the highest-compression gasoline truck engines ever designed.

Dual-Range Hydra-Matic Drive has one setting for traffic — another for gas-saving open going. Hydra-Matic takes over all gearshifting effort AND judgment.

An ultramodern engine brings the tremendous lift of 8.0-1 compression with regular gasoline. And with even more power delivered to

the wheels, there's more mileage squeezed from the gas!

There's a new electrical system — greater stopping power — heavier construction.

See for yourself how these all modern GMC's are "built like the big ones" — those brawny GMC's of 26,000 GVW and up that lead all heavy-duty trucks in sales.

Optional at extra cost

New Books Bought For Local Library By Maids Matrons

A number of new books have been purchased by the Maids and Matrons Study Club, and added to the shelves of the Terry County Library, which is sponsored by the club. Members of the Library Committee, Mesdames E. C. Davis, Burton Evans and Money Price were accompanied to Lubbock on a recent shopping trip to select the books by Miss Olga Fitzgerald, librarian.

Library supplies were also bought by the group. Among the new books are "The Gallileans" by Frank Slaughter; "Sironia, Texas" a novel in two volumes by Madison Cooper; "Jubal Troops," Paul I. Wellman; "Invincible Man," Ralph Ellison; "Give Us This Valley," Tom Harris; "God Has A Long Face," Robert Wilder; and "Steamboat Goth-

IKE HAS STALIN WONDERING, SAYS JACOB SANDAGE

Jacob Sandage was in from Route 5, to renew his subscription, Tuesday of last week. Jacob loosened up just enough to state that he made up his mind last fall that he had rather be right than a Democrat. Further, that he has never regretted making that decision.

Going a but further, Jacob says that the "outs" always view with alarm every move that is made by the "ins," and that the Demos are doing just that. Also, that Joe Stalin & Co., seem to be wondering if Ike has the nerve to stand up for what he knows to be right.

Other new selections are "The Hem of the Garment," by Arcey M. Biggs, author of "Roots Out of Dry Ground"; "The Sojourner," latest book by Marjorie K. Ralings, author of "The Yearling," and "Lone Star Family," a book on Lubbock and Amarillo.

Some Interesting Figures From TLC

State Senator Kilmer Corbin sent us some rather interesting statistical stuff from the Texas Labor Commission, the past week. The figures showed that growth of the 28th Senatorial district has been fast the past two years since the federal census, especially the northern tier of counties. In 1950 the total population of the 11 counties of the district was given as 205,006, but since that time a growth of 18 percent or 37,655 has been experienced.

Lubbock county took most of this growth, but Martin, Dawson, Gaines, Hockley, Lynn and Terry all increased by four figures. Andrews held even and Cochran and Crosby showed a 15 percent loss. Employment rose 9 percent to 78,545. The biggest increase in farm employment was 38 percent in Yoakum county, a total of 1,170. Manufacturing increased 11 percent to 4,436.

The report stated that the underlying economy of the district was farming and oil, although the oil part was leveling off in most of the district. The drought was more damaging in the southern part of the district which has less irrigation and had less rainfall last year. Much of the farm population had moved to the more favorable portions.

However, the outlook for the district was continued expansion, with continued growth in urban as well as rural population. Unemployment was given as only 1.5 percent.

ic," by Francis Parkinson Keyes.

LOCAL MINISTER HAS A HEART ATTACK

While preparing to broadcast his program out at the local radio station recently, T. J. Finley, minister of the Crescent Hill Church of Christ, collapsed, and was rushed to the local hospital by ambulance.

His condition had improved enough by the next day that he returned to his home, and has been seen on the streets since, looking about normal.

Advertise in the Herald.

CARPENTER TRAIPISES OFF TO PINEY WOODS

F. H. Carpenter from off down Welch way, was in the sanctum sanctimonious Tuesday of last week, and called in to get his Herald up in a condition that he would be on speaking terms again. He 'lowed as how he and the tribe had recently made an invasion of the piney woods section of ol' east Texas.

Asked if they had caught any possums. No, they allowed, but seemed funny that the wind would blow pretty hard sometimes and raise no dust. When they were returning home, they ran into a dust storm in the San Angelo area, and made them grin and snicker.

Well, we have heard of laughing gas—why not giggling dust?

RED RAIDER MEETING HERE TONIGHT

LUBBOCK — A barbecue for the state-wide Red Raider Club has been set for the Brownfield Legion Hall at 7:30 p. m. Feb. 26.

Texas Tech's coaching staff will be on hand to discuss 1953 prospects, and Coach DeWitt Weaver will show a game movie from the 1952 season.

Red Raider officers for this year will be elected, said Alvin Allison of Levelland, club president. Allison emphasized that the primary purpose of the gathering is to eat barbecue and talk football. No funds will be raised, he pointed out.

A person doesn't have to be a member of the Red Raider Club to attend. All planning to come should contact George O'Neal, Box 688, Brownfield.

UNION NEWS

(Crowded Out Last Week)

Union took a basketball twin bill from Loop here Friday night, the girls winning 37-36, and the boys taking a 57-34 victory.

Delivering one of their finest performances of the season, the Union femmes slid past Loop in their last seconds of play to win their first game this year. Carol Ann Garner was switched from guard to forward which proved profitable for the Unionites since Miss Garner led her team to victory by pouring in 19 points. High scorer for the losers was Freeman with 20.

Union boys surged to a 15-7 first quarter lead and then coasted to beat Loop, 57-34.

Jerry Garner copped the scoring honors for Union with 12 points followed by Bobby Don Lewis with 11. John Halbrooks led Loop with 14 points.

Union grade school cagers had quite a time Thursday night when all boys and girls from the first grade on up had matched games. The high school teams played games with the Union outsiders' teams after the grade school games. Pop or coffee and cookies were served to all who attended.

Judy and Trudy Gracey celebrated their birthdays February 6th with a party. Guests were Gloria Gracey, Miami, Florida; and Susan Evans.

Friday evening dinner guests of the Frank Sargents were Mr. and Mrs. Grady Woodward, Slaton; Mr. and Mrs. B. O. Bingham and family and Mrs. Sargeant's parents, Mr. and Mrs. R. W. Barton, all of Tahoka. The group attended the Union-Loop game after dinner.

Curtis Shults and Kenneth Cheatham were guests in Mrs. Victor Herring's first grade room for the class Valentine party. Following the distribution of valentines, the children were served suckers, cookies and pop.

Recent visitors in the Paul Gracey home were Mrs. J. E. Gracey, Brownfield; and Mrs. Rudolph Gracey, Miami, Florida.

Mr. and Mrs. Grady Davis and family of Needmore were dinner guests of Mr. and Mrs. Carol Shults Tuesday evening. Mrs. Coye Shults and family of Grand Prairie spent the weekend with the Shults family.

The W. W. Cheatham family spent Sunday visiting relatives in Sundown.

Mr. M. W. Kerr was in Lubbock on business Saturday morning. Saturday evening the Kerrs visited Mr. and Mrs. E. McWhirter, Lubbock, and Mr. and Mrs. R. W. Horton, Meadow.

Mr. and Mrs. L. A. Marchman and family, accompanied by Kermit Shults, visited the chemical factory at Salt Flat, Sunday.

Mrs. Claud Montgomery's parents, Mr. and Mrs. F. B. Sudduth of Plains, and her two sisters, visited in the Montgomery home Saturday.

Friday 13th Brings Good Luck To Wellman FHA

Friday, the thirteenth, was a lucky day for Wellman High School. Instead of staying in bed all day to ward off bad luck, Wellman Future Homemakers of America got on their toes and had a spring baking in the home economics lab, under the supervision of Miss Willie Mae Hines, sponsor of the group.

Cakes, pies and cookies were

baked and sold, and approximately \$37 was made. Members expressed their appreciation to all persons buying pastries and cakes for making the sale a success.

The school ended the day with a twin basketball win over the Whiteface boys and girls on the Whiteface court. Wellman FHA members thought this remarkable because members of the girls' team were tired after beating shortening and sugar all day.—Reporter, Dessie Oliver.

BROTHERS WIN AT FORT WORTH SHOW—Billy Bridgford (left) and his brother, David, of Colorado City, Texas, whose Hereford steer won the grand championship of the junior show at the Southwestern Exposition and Fat Stock Show in Fort Worth are shown receiving the handsome trophy presented by Roy Boswell on behalf of the Texas Livestock Marketing Association. The steer, which also won the reserve championship of the entire exposition, brought \$3,550, the purchaser being Leonard Bros.

how to use the DIAL TELEPHONE

HERE are seven steps to the proper use of your new dial telephone. They are presented now — in advance of the date the system will become operative — to help you "get acquainted" with the telephone service you will soon enjoy. Other more detailed information appears in a booklet entitled "How To Use Your New Dial Telephone" which is distributed along with the new dial directory.

- Be sure you know the number. The new dial numbers are listed in the dial directory.
- Lift the receiver to your ear and listen for the dial tone — a steady humming sound.
- To call telephone number 4-2699, for example, first place your finger in the opening where you see the figure 4 and pull the dial around until your finger strikes the stop.
- Remove your finger and let the dial spin back freely. Do not force the dial back, or your call will go astray.
- Do the same thing with the figures 2, 6, 9 and 9.
- You should then hear the ringing signal if the line is not busy. The ringing signal is a "burring" sound repeated at intervals. The ringing signal will continue until the telephone you are calling is answered or until you hang up.
- If the number you are calling is busy, you will hear THE BUSY SIGNAL, a buzz-huzz-huzz, which means the line is in use. If you hear this signal, hang up and call again later.

Old Timer Passes From This Vale Of Tears

Jewel Howard was in one day last week and handed us the following account of the death of his brother, (Milt) that occurred last Monday:

A. M. Howard, 64, a former resident of the Pool community of Plains, died at his ranch home 17 miles southwest of Elda, N. M., about noon, Monday, the 16th. Milt had been in poor health for several months. Burial was in the Elda area.

He is survived by his wife and three daughters, Mrs. Ben Creighton, Mrs. J. P. Helms and Miss Dixie; two sons, James and Jackie; and two grandsons, all of Elda.

Other survivors are, four brothers, E. L., Tom and Jewel of Meadow, George of Littlefield; and three sisters, Mrs. John Brown of Ropesville, Mrs. J. Q. Head of Roby, and Mrs. C. C. Carpenter of Wickes, Ark.

HAMNER AWARDS TO BE GIVEN THIS YEAR

The Herald has been notified that the Laura V. Hamner awards for compositions by High School students will be given again this year. Entrance must be made on or before April 15th. Contest is to run from March 10 to April 10th. Total amount of awards is \$50.

Types of entries are, poetry, 10 lines or more; short story, 1000 to 5000 words; articles, 1000 to 2500 words. Interested students should address Mrs. Vida Gordon, Rt. 1, Plainview, Texas, who is also one of the judges.

Girls To Exhibit At Jr. Fat Stock Show

Lubbock—For the first time in the history of the South Plains Junior Fat Stock Show, high school age girls of West Texas and Eastern New Mexico will play an important part in the annual show.

Show officials announced this week that a Princess Contest will be held in conjunction with the three-day program. The two young ladies selected for the honor will be official hostesses for all show activities, March 16-17-18.

The contestants will be entered by 4-H Clubs or FFA Chapters from throughout the 26-county area of West Texas and Eastern New Mexico served by the show. One Princess will be selected to represent the 4-H groups and one Princess will be chosen from the FFA contestants.

Since most FFA Chapters have already selected their "Sweet-heart" for the year, these are the girls eligible to compete in that phase of the contest. The 4-H Clubs may select their contestants in any manner they choose. Only one girl may be entered by each club or chapter.

The girls in the competition must be at least 14 years old and the winners will be selected on beauty and appearance alone.

Advertise in the Herald.

CITATION BY PUBLICATION

THE STATE OF TEXAS To any Sheriff or any Constable within the State of Texas— GREETING:

You are hereby commanded to cause to be published once each week for four consecutive weeks, the first publication to be at least twenty-eight days before the return day thereof, in a newspaper printed in Terry County, Texas, the accompanying citation, of which the herein below following is a true copy.

CITATION BY PUBLICATION THE STATE OF TEXAS TO: J. C. BOLING, Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Terry County, at the Courthouse thereof, in Brownfield, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 13th day of April A. D. 1953, to Plaintiff's Petition filed in said court, on the 24th day of February A. D. 1953, in this cause, numbered 4176 on the docket of said court and styled Rosa Lee Boling, Plaintiff, vs. J. C. Boling, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: Suit for divorce, alleging grounds of physical and mental cruelty; plaintiff prays that title to the following described property be quieted in her as her separate property, to-wit: Lots 1 and 2, in Block 2, of the Weldon Subdivision to the town of Brownfield, Terry County, Texas as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due returns as the law directs.

Issued and given under my hand and seal of said court at Brownfield, Texas, this the 24th day of February A. D. 1953.

Attest: Eldora A. White, Clerk, District Court Terry, County, Texas.

POOL NEWS

Rev. Martin preached here Sunday morning, but was ill Sunday night. We hope he will soon be OK.

Mrs. Major Howard spent the weekend with her daughter and family, Mr. and Mrs. James Gunn.

Mr. and Mrs. Victor Trussell and daughter, and Mr. and Mrs.

James Trim and family, all of Lubbock, also Mr. and Mrs. Jack Brown and family spent Sunday in the home of Mr. and Mrs. J. M. Trussell.

Beverly Aldridge, of Lovington, N. M., spent the weekend with Miss Wanda Barrier.

Mr. and Mrs. W. M. Joplin and girls ate dinner at the home of Mr. and Mrs. Homer Dunn Sunday.

NOT SO LOUD

By Orlan Jones

"THERE'S plenty of reasons for not getting married right now," Brad said defensively.

"Name some," Lindsey demanded.

"It was a funny sort of argument, this tiff between Brad Parker and Lindsey Hillyer. They were sitting on the sofa in the living room of the Hillyer home, and they were thrashing the thing out in whispers.

"Don't talk so loud or your mother'll hear you," Brad cautioned.

"You just tell me why we can't get married," Lindsey fired back, carefully lowering her voice to a whisper again.

"Well, to begin with, I'm not making enough money. I'm just not in a position to give you the kind of things you are used to."

"Okay, that's to begin with. Now what other reasons have you got?" Lindsey urged.

"Well, I just don't think this is the right time to get married, that's all," Brad stammered.

"He hadn't expected her to cry, but all of a sudden she was crying, and she was doing a mighty good job of it, too."

"You're holding something back," she sobbed, burying her head in his shoulder.

Brad cautioned her again about her mother overhearing them, and when that failed, he tried kissing away the tears, but that didn't help either. Finally he said, "Let's slip off to a drive-in movie where we can be alone to talk."

His suggestion seemed to sober Lindsey. She had a defiant look on her tear-stained face as she turned it to him.

"No, I won't go to a drive-in movie with you. I didn't bring up this business about getting married. You started it, but I'm going to finish it."

that I couldn't be married to you and have her as my boss."

Lindsey let the words sink into her mind. She hadn't really thought of it that way at all. It was true that her mother owned the business, but she depended almost entirely on Brad to see that things were taken care of.

When Lindsey's father died, Mrs. Hillyer had remarked several times that the business would have failed if it hadn't been for Brad. And that was long before Brad had started dating Lindsey. She was nothing but a giddy school girl at the time.

Lindsey had always felt that her mother really dreaded taking over the business. It always seemed like a necessary evil. It provided an excellent living, and as far as Lindsey was concerned, that's all there was to it.

"But mother couldn't get along without you," she said weakly, not really knowing whether it was true or not.

"She couldn't when your father died," Brad said, "but she can now. She knows that business from one end to the other, and I'm just one of the hired hands."

He would have said more, but the conversation was interrupted by the noise of a car backing out of the driveway.

"They ran to the door, but the car was half way down the block before they got there."

"Do you suppose mother heard us?" Lindsey asked, a frightened look on her face. "It's not like her to go off like that."

"I don't know," he answered, "but I'm going to call a taxi and we're going out." He was a little relieved that the departure of Mrs. Hillyer had ended the talk of marriage. His attitude changed to one

day. Mr. and Mrs. Roy Barrier and family spent the weekend in Grady N. M., visiting his brother and family.

The Young Peoples' Class ate dinner and had fellowship in the home of Mr. and Mrs. Homer Dunn Sunday.

POOL HD CLUB NEWS

The Home Demonstration Club met at the home of Mrs. E. J. Duncan Wed., Feb. 18th, with 10 members present. Those present were Meses. J. M. Trussell, Jack Brown, Hill Terry, Otis Aldridge, Major Howard, W. M. Joplin, Ethel Solsberry, Elvica Duncan and Wilmith Duncan.

Mrs. Otis Aldridge gave a demonstration on Stencils. The next meeting will be with Mrs. Elvica Duncan, March 4th.

Mr. and Mrs. A. W. Turner and Mr. and Mrs. C. E. Ross visited in San Antonio, Corpus Christ and Raymondville. While in Raymondville they visited Mrs. Turner's brother, Robert Harris and visited "Boy" and Larry Tarpley in Corpus Christi.

G. I. QUESTIONS and ANSWERS

Q — My NSLI term insurance premiums have been waived because of my total and permanent disability. Is it possible to convert the term policy to a permanent plan, even though the premiums are under waiver?

A — Yes. You may convert your term policy to any permanent plan other than an endowment, without medical examination, even though you are totally disabled.

Q — I am a disabled veteran of World War II. I meet all the eligibility requirements, could I enroll in a four-year law course under Public Law 16?

A — No. The Public Law 16 training program for World War II veterans ends July 25, 1956. Under the law, you will be permitted to take only those courses that can be completed by that date—which is slightly more than three years away.

INTRODUCING ...

America's New Choice In Fine Cars

The PACKARD Patrician—one of eight brilliant new Packards... with advanced contour styling that is now setting the new trend in automobile design.

NOW... ASK THE MAN WHO OWNS ONE!

PACKARD

Now Setting the New Trend in Automotive Design

NOW YOU HAVE a new choice in fine cars—today's truly distinctive new Packard—by the company that introduced quality to motordom 54 years ago!

PACKARD, the great name which has in years past distinguished three out of every five luxury cars, again represents the finest built, easiest handling and most distinctively styled cars you can drive.

In the new Packard Patrician, Cavalier, Mayfair, Convertible and custom-built models, yesterday's traditions of craftsmanship meet tomorrow's advanced engineering. This combination brings you everything

you have desired in motoring comfort, convenience and pleasure—and probably much you didn't dream possible. The incredible smoothness of the famous Packard ride, for example... or the hush of Packard's high compression eight when "loafing" at sixty.

With more power than you will ever use... and with the amazing ease of Packard Power Steering, Packard Power Brakes—proved in more than a year of actual use—and the industry's finest no-shift drive... today's new Packards are engineered and precision-built to outperform all others!

If you want a really distinctive car, and want it now, see the luxurious new Packards... America's new choice in fine cars.

NEW! The Packard CLIPPER—another great Packard line. If you plan to buy a car in the \$2500 price class be sure to see and drive the new Packard CLIPPER and compare it with other medium-priced cars. Surprisingly enough the CLIPPER costs only a few hundred dollars more than cars in the lowest-price field. Here's your opportunity to own a really fine automobile.

AUSTIN REPORT

By Representative J. O. Gillham
(Received Too Late Last Week)

We returned to Austin Sunday afternoon after a very pleasant few days at home. We did not see as many of our friends as we would like to see, but we were so busy attending to our bank directors meetings that it seemed that our time really flitted away all too quickly. It was no great surprise to us that our business was going along very fine without us, since we have such a fine organization in the businesses in which we are interested.

Upon our return, we find the old Capitol a beehive of activity. There are always people here who are interested in various legislation. A great many were here who were interested in the Optometry bill. The optometrists themselves are not united in this measure. It is a bill advocated by some in the profession and opposed by others. It is believed that this bill would limit the amount of advertising, which may be done by those in the profession. It seems that a group of independent optometrists want the legislation which is directed against a group called "chain store" optometrists. Since the bill would limit the advertising, that optometrists would be able to do, naturally most advertising media are opposing the bill as drawn. Undoubtedly, this bill will be amended considerably before it is finally passed.

The horse racing bill was killed in committee today, after its author made a motion to refer it to a sub-committee to be acted upon at no definite time in the future.

The best way to kill legislation is to refer it to an unfriendly sub-committee with no definite time for the sub-committee to report back to the full committee. If the sub-committee, which is usually three members, is against the bill, there is little likelihood of the bill ever being heard of again during the session.

I was instrumental in killing

two bad bills last week by this method. As I have said before, it is my opinion that our State would be better served by killing most of the bills which are introduced down here.

Deep West Texas got another good break recently when Gov. Shivers appointed former Senator Marshall Formby to the State Highway Commission. Mr. Formby is well known in our section, since he was our Senator for several years. He is now a resident of Hereford and knows the problems of our area very well. I believe that his appointment will give some able representation on the Highway Commission. He is the only man from our section to ever serve on this commission. Mr. Formby was sworn in today and I intended to run down to the Governor's office for the ceremony, but we had some important legislation being debated in the House and I felt that it was my duty to stay on the job.

The bill to set up the Canadian River Water Authority was introduced in the House today. I am proud to be a co-author of this measure which will set up the necessary authority, which can proceed with the development of this project, from which eventually many of our South Plains cities, including Brownfield, Levelland, and Lubbock can get some needed water. A companion bill was also introduced in the Senate by Senators Hazlewood, Corbin, and others. We anticipate no trouble in getting the bill passed.

We are fortunate to have the opportunity quite often to hear noted people speak to the Legislature. Such an opportunity will come to us tomorrow when Captain Eddie Rickenbacker will speak to a joint session of the House and Senate. Recently the House had the pleasure of hearing Cal Farley of Boys Ranch and Lt. Gov. Barham of Louisiana. This gives us some diversion, since some of the speeches we have to listen to get rather dull after you have listened to them for an hour or two. It is fortunate, however, that each speech is limited to twenty minutes, but sometimes you get several of the twen-

Eddie Taylor Taking 'Exercise Snow Shoe'

With The U. S. Army in Alaska—PFC Eddie T. Taylor, whose parents, Mr. and Mrs. Jess McWhorter, live in Brownfield, Texas, is participating in "Exercise Snow Shoe," an Army winter training maneuver in Alaska.

The two-week exercise is being held in a mountainous region of central Alaska. Troops from the Fairbanks and Anchorage areas moved by road and cross country 200 miles to take part.

The operation is designed to test the efficiency of men, vehicles, equipment and newly designed winter clothing in deep snow and extreme cold.

Taylor arrived overseas last March and is now serving as a messenger with Heavy Mortar Company of the 4th Infantry Regiment at Ladd Air Force Base in Alaska.

He entered the Army in October 1951 and received basic training at Fort Ord, Calif.

A former student of Texas A and M College, he was engaged in farming in civilian life.

ty minute discourses during the debate on one single bill.

I am going to the penitentiary this week end. Maybe I had better explain. Mr. O. B. Ellis, General Manager of the Penitentiary System has asked the entire Appropriations Committee to come down for a look at the system. Everyone here is agreed that Mr. Ellis has done a remarkable job. I am looking forward to the trip. I hope to make you a report on this trip in next week's column. You can remember when our penitentiary system was always a problem. But thanks to the business administration given to the new system by Mr. Ellis, it is not costing us nearly so much now to maintain our penal system as it did just a few years ago.

Hope to be able to give you more interesting news in my report next week.

Have News? Call no. 1, the Herald

HEALTH UNIT STAFF HAS BUSY THREE DAYS AT GALVESTON MEET

A busy three days of classes and meetings were reported by members of the South Plains Health Unit staff, who have returned from Galveston, where they attended the annual school held by the Texas Public Health Association Feb. 16-18.

Each individual attended special classes pertaining to his respective job, and a number of joint sessions and discussions were also staged. Bill Cope and Miss Ruth White attended laboratory studies, and Mrs. David Nicholson enrolled in a class for Health Department clerical workers. The sanitation course was attended by John Happ.

The annual event is a combined meeting of all Health Department units in Texas.

According to Mrs. Nicholson, the most outstanding happening of the trip was seeing it rain every day.

Senator Corbin Makes Report To People

TO THE PEOPLE OF THE 28TH SENATORIAL DISTRICT:

The Texas Legislature has been in session a little over a month, and is now far enough along that perhaps some periodic report to you will be interesting and helpful. I will undertake to report briefly from time to time through the columns of this newspaper to the people of the district.

My committee appointments for the session are as follows: Chairman of the Senate Committee on Public Health; Vice Chairman of the Aeronautics and Public Printing; and as a member of the Committees on Commerce and Manufacturing, Insurance, Internal Improvements, and Public Buildings and Grounds.

Slightly over 390 proposed bills have been introduced in the House of Representatives, and some 160 bills have been introduced in the Senate. I have introduced, or am co-sponsoring with other members of the Senate, the following bills:

I am co-sponsor of the proposed Senate Bill No. 24, granting a \$600 annual increase in salaries for school teachers. This bill seeks to give the raise out of State funds rather than to increase the burden on the local district. Legislation has been introduced in the House which would shift the major portion of the expense of the Public School System to the local taxpayer. This bill I strongly oppose and am working to get the teachers' salary increase passed at the earliest possible time.

Legislation I handled in the Senate, which has also passed the House, validated the High Plains Underground Water District, and strengthened the ownership of underground water in the landowner and allows local control of any conservation or use of underground water.

Another bill I have introduced allows County Judges who also serve as ex-officio County School Superintendents an increase in salary; another will create an additional District Court and District Attorney for Lubbock County, same to be the 122nd Judicial District; and another will set up a board to regulate the practice of watchmaking. I am also the author of a bill to assist hospitals in collecting out of the recovery of one injured in an accident and who has been hospitalized.

Another bill I am handling, of great importance to our area, creates the Canadian River Municipal Water Authority, and will go a long way in providing relief from water-shortage for the following towns in our district: Brownfield, Lamesa, Levelland, Lubbock, O'Donnell, Slaton and Tahoka. This measure permits these cities, along with others outside the district, to construct and operate the Canadian River project.

This fairly well summarizes my personal program, and I shall undertake in a few days to give a general summary of the session up to date. My family is with me here in Austin and our three children are attending school here. Our residence telephone number is 6-4223, and the office phone here at the Capitol is 8-6931. I give you this information so that you will know where to contact me at any time. Please feel free to call on us whenever you are interested in matters before the Legislature.

Sincerely,
Kilmer Corbin, Senator
28th District.

UNION NEWS

Tonight is the night for the big talent show sponsored by the Union Home Demonstration Club to be held in the gym at 8 p. m.

Prizes will be \$5, first place; \$3, second; and \$2, third. Admission will be 40 cents and 20 cents.

Twenty entries had been listed by press time. Entries include reading, singing, acrobatic dancing, and instrumental music.

Club members who arranged the show are Mesdames Walter Cheatham, Doyle Moss, A. H. Herring, and G. C. Shults.

Senior class members and their dates recently attended a movie party at Brownfield. Following the movie the group were served refreshments at the home of Mrs. Harley Starnes, class sponsor.

Those attending were Anne Gibson, Betty Jo Cornett, Pauletta Gracey, Glenn Sargent, Robert Earl Faight and Jerry Garner.

Ten boys have started training for track at Union. Boys coming out this season are Jimmie Benton, Claud Montgomery, Jerry Garner, Eddie Benton, Doyle Neighbors, Nolan Cornett, Bobby Adams, Bill Benton, Robert Earl Faight, and Bobby Hungerford.

Union high school boys' team took their second win from Dawson this season by defeating them 42-35 Saturday night in the Dawson gym.

Mrs. Carroll Shults sept four

days last week in the Treadaway-Daniell Hospital with strep throat.

Mrs. Hershel Davis gave Mrs. Bill Shults, Seminole, a pink and blue shower last week.

Mrs. Jay Harris held a stanley party in her home Friday.

John Harold Myers, Amarillo, spent the weekend visiting his parents, Mr. and Mrs. John H. Myers. Sunday the Myers family attended morning services in the Meadow Baptist Church.

Mrs. Claud Montgomery entertained her brother and his family, the D. M. Sudduths of Plains, with a family dinner Friday evening.

Mrs. Frank Sargent returned home Monday after a five-day stay in the Treadaway-Daniell Hospital.

Mrs. M. W. Cooper, Abilene, visited Mrs. T. B. Montgomery Saturday.

Mr. and Mrs. Earl Cornett and children were Sunday dinner guests of Mrs. Cornett's sister and family, the J. H. Massengills of Pleasant Valley.

Donald Duncan, '52 Union graduate, is in the Navy stationed at Albuquerque, New Mexico. Duncan, son of Mr. and Mrs. N. W. Headrich of Bartlett, enlisted at Albuquerque February 10.

Visitors in the Carrol Shults home Sunday included Buddy Brantley, Tokio; Miss Jennell Patterson, Plains; and Mr. and Mrs. Alton Elmore, Tokio.

Unionites seen at the District 9-B playoffs at Sundown last week were Mr. and Mrs. Victor Herring.

NEW FLAVOR FOR AN OLD FAVORITE

Favorite though it is, broiled chicken can become monotonous unless varied with other foods and seasonings. Lively way to perk up the bland flavor is to baste white cooking with a zesty tomato sauce. Served atop fluffy rice with a green vegetable, relishes and rolls, broilers make a festive meal.

Broiled the usual way and basted frequently with deviled tomato sauce, the chicken takes on subtle and delicious added flavor. And for further tang, cold beer makes a smooth and satisfying beverage to complement this main dish.

Adaptable for serving to the small family or a large group, broilers are the smallest size chicken sold for cooking. One will generally serve two to four

persons, allowing about 1/2 pound for each serving.

Deviled Tomato Sauce
1/2 cup ketchup
3 tablespoons Worcestershire
2 tablespoons vinegar
2 tablespoons sugar
Dash tabasco
Mince onion to taste

Mix all ingredients well. Use to baste chicken broilers, spreading lightly on surface of meat about every 5 to 10 minutes until chicken is cooked and brown.

FALSE ALARM GIVEN TO FIRE DEPARTMENT

A false alarm was turned in Wednesday night of last week, according to Eunice Jones, fire chief, and the fire department was unable to learn who was responsible, Jones said.

The unknown person reported a fire on the Lubbock road, but gave no specific address.

Stricklinly Speaking

By OLD HE

Had that fine pioneer lady, Mrs. J. J. Gaston, as a caller last Thursday. Just thought to myself that the reason old Terry is such a fine place to live, is on account of the quality of people who settled the county in the early days. Their good influence, their neighborly kindness went a long way in setting an example of good citizenship for the entire county.

The Gastons hail from old River county, and they made that section good citizens too, as they can still go back there and are highly entertained with affairs and dinners. But our old pal, J. J. himself left us some two years ago, aged and somewhat infirm, but still jolly the last time we saw him while alive. Let's all hope to meet him in a land where death is never anticipated.

Presently Mrs. Gaston, remarkably well preserved for her age, is making her home with her son, Henry, on the old farmstead, two miles southwest of Gomez. Her daughter-in-law called with her to get the old home county paper started up again.

A lady told us a rather peculiar story of some one's idea of heaven, recently. It seems that a person called home to glory, and was being shown about the heavenly abode of the soul. The first place they entered was a large hall, and the people were making merry and dancing, and ever now and then taking a nip from a hip pocket flask. These people are all Baptists, the guide explained. They were not allowed to carry on this way on earth, and it is their ideal of heaven.

In the next hall, the crowd was grumpy and looked displeased. A sour expression on their faces. These are Presbyterians, the guide stated. They have not found anything that they were not allowed to do on earth, and are disappointed.

Still another hall was visited, and all the people in there had a she-e—hush! expression. The guide explained that they were members of the Church of Christ, and thought they were the only people in heaven. Anyway, don't get riled at us. We didn't start the story.

Had a long letter this week from our old friends, Knox and Frenchie McWilliams down there at Hillsboro. It was typewritten, and he worried about the results on the machine, but so far as we could see, all he needs is to clean some of the west Texas dust out of the letters with a gallon or so of gasoline, and buy a new ribbon. But Mack's letter was not just to us; they mentioned several old friends by name and others by intimation.

Other than the immediate family, they wanted to know about were the Pycants, Lee O. Allens, Weirs and Graves. He was tickled pink that old Terry came through with a fair cotton crop despite the drought. Then he mentioned one of our teachers, Mr. Glaze, whom he did not know too well, but knew the Glaze family very well, and stated that they were excellent people. But some of the best news was that he and Frenchie would visit us this summer, and on out to El Paso, and probably Arizona.

Mack is still classing and buying cotton for the Co-ops. Just had to finish the epistle with a couple of new ones he had heard—but we won't repeat them here. Last but not least, though not mentioned in the letter was a check for 8 bucks for their Herald.

We seemed to have started something down Seminole, or as some say, "Swimminghole" with Editor Samuel Malone, Jr. about that "you-all" idea. That it was not a west Texas origination, but

rather the old South. Sammy then tells us that he has been clean back to Atlantic. Well, we were raised, not reared, as fashionable people say, east of Ol' Man River, and have been as near the Atlantic as Ashville, N. C., and Greenville, S. C.

Yep, we were raised, from the woodlot and woodshed, the briar patch and the cane break, and proud of it. Incidentally we've seen the Gulf and the Pacific ocean, but still our travelog is limited. But Jr, got plum off the subject, and loud how Seminole would be larger and cleaner than Brownfield by 1960. Well, Loop, Wellman or Tokio might do that. More wonderful growths than that have happened.

Then he goes on to hint that they are much nearer a refreshment bar than Brownfield. 20 miles to Hobbs, against our some 48 to Bronco. Frankly, Editor Malone, that doesn't interest us in the least, whether you can get whiskey and beer 20 miles or 2000 miles, we don't use it. Come to Terry!

We note that one of the New "Joisey" papers has banned the use of "Ike," when talking about the president in their headlines. It must be President Eisenhower. We have a stinking idea that Dwight David Eisenhower kinder likes the short, Ike, and that the First Lady does not object to the shortened, Mamie.

While Ike holds the top office in the USA, and Mamie presides over the affairs of the nation's most notable residence, they are just human same as you and me. Both came up from the ranks of the middle class Americans, and they are proud of it.

And while on the subject of Ike, we heard many complaints in newspapers about the big business men he has appointed to fill cabinet positions, some being millionaires. We are kinder like a farmer we heard talking recently. We are glad we are getting some men who know their okra about business affairs, and not cronies and jacklegs.

We note that the Gainesville

Community Circus, in extreme north Texas, will go to San Antonio for some performances during the Fiesta of San Jacinto, there. This community affair, that has been given writups in our leading magazines, seldom make a trip that far from the home headquarters.

But the affair is an eye opener, we are told, all being citizens of the north Texas city, and some leading business men. For instance a banker is a clown, and

a society editor is one of their best bareback riders. It is a three ring affair, and registers among the three top flight circuses in America.

The universe would be a mistake if there was no hell for selfish people.

W. H. Hicks, Mrs. A. E. Waters and daughter, Mary, were recent Lubbock visitors.

THRIFTY HAM AND CORN CASSEROLES

Second-day ham takes on wonderful new flavor in these casseroles which include corn, green pepper and onion in a well-seasoned white sauce. With crusty rolls, a green salad and zesty beer, they're perfect for a family or party meal.

Your family may not be large enough to consume a whole ham, or even a half, in one meal, but you'll find that it's smart planning to bake a ham occasionally. It's such a decorative asset to any table and it is delicious hot or cold.

With the portion left after the first meal, you will want to save some for slicing and serving in sandwiches or with the breakfast eggs. For a dinner menu, you might grind the meat for a ham loaf or cut it in cubes for a casserole combination such as this one:

- Baked Ham and Corn**
- 1 No. 2 can kernel corn
 - 1 small onion, grated
 - 1/2 cup minced green pepper
 - 2 cups cubed cooked ham
 - 3 tablespoons butter
 - 3 tablespoons flour

- 1 1/2 cups milk
- 1/2 teaspoon dry mustard
- 1/4 teaspoon Worcestershire sauce
- 1/4 teaspoon salt
- 1/4 teaspoon pepper
- 1/2 cup fine bread crumbs
- 1/2 cup grated cheese

Combine corn, onion, green pepper and ham; mix lightly. Place in 4 to 6 individual casseroles. Melt butter in saucepan over low heat; blend in flour. Gradually stir in milk and cook, stirring constantly, until sauce is thickened (about 2 minutes). Stir in mustard, Worcestershire sauce, salt and pepper; pour over mixture in casseroles. Combine crumbs and cheese; sprinkle over casseroles. Bake in moderately hot oven (375 degrees) 25 minutes, or until lightly browned. Makes 4 to 6 servings.

Canadian River Set-Up Proposed By Sen. Kilmer Corbin

AUSTIN — Senator Kilmer Corbin of Lubbock, along with Sen. Tom Grady Hazlewood of Amarillo and Andy Rogers of Childress have proposed to the Senate an independent type river authority. This project will provide relief for the Panhandle and Plains towns suffering so acutely from water-shortage.

The bill, which would create the Canadian River Municipal Water Authority with wide powers of finance, was reported favorably out of Committee on February 18th. After approval by a popular vote in 12 member towns, the authority could operate on revenue or tax bonds or both.

The measure allows public or private financing. Probable members of the authority are Amarillo, Borger, Brownfield, Lamesa, Levelland, Littlefield, Lubbock, O'Donnell, Pampa, Plainview, Slaton and Tahoka.

Terry Gets Two Wildcat Locations

Each town would have representation on the governing board, and any city not confirming the plan would be excluded. The boundary of the district is the corporate limits of each member.

Restrictions would bar the district from acquiring, condemning, or developing underground water. This bill recognizes the water-division bounds of the Canadian River compact between Texas, Oklahoma and New Mexico.

Proponents of the bill say that the Canadian River offers the only possibility of a sufficient water supply for the cities in the entire plains area in the years to come. "Unless the water is captured it will be lost down-state and flow into the gulf," said Senator Corbin, in urging the measure.

Have News? Call no. 1, the Herald

Westex Gets Three More TV Stations

The RCA division of Radio Corp. of America, makers of TV transmission sets, informed us this week that three other TV channels were granted West Texas, one each at Amarillo, Lubbock and Wichita Falls. Lubbock already had one channel 13, and the new one will be channel 11.

Mr. Hallmark, who travels for Kerr Paper Co., also informed us that Amarillo has been assigned another station. The new one was given to the Amarillo Globe-News Co., Channel 4. The new one at Lubbock goes to Station KCBQ-TV.

The one at Wichita Falls goes to KFDF-TV and will be on Channel 3.

Scouts To Attend National Jamboree

Dr. C. C. Schmidt, Chairman of the Camping Committee of the South Plains Council, Boy Scouts of America, announced today that 56 Scouts from the South Plains are now registered to attend the Third National Jamboree to be held at the Irvine Ranch near Santa Ana, California, June 17-23 this summer. The reservation deadline is March 1st. The South Plains Council has a tentative reservation for 175 boys, and since only 56 have registered at the present time, all Scouts planning to attend should get their reservations into the Council Office before March 1st.

The South Plains Scouts will travel by chartered Texas, New Mexico and Oklahoma buses, leaving Lubbock on July 9th and arriving back in Lubbock on the evening of July 27th.

Well, It Can Snow When It Wants To

After we found that the snow was falling Monday night slightly after dark, the first thing we thought of was the grandchildren, Robert and Mary Ann. You know, we have had very little snow for the past three winters, and as Robert is 4 and Ann 3, they remember little about it.

So, we phoned over there, knowing they were Tee-Veeing, and probably had not noted the snow. Told them to look out as some one was spilling their meal all over the country. That was a crack their dad made when he was near their age, when he waked up one morning to see snow on the ground.

Anywa, Ann thought the snow was very pretty, but was surprised to find it so cold.

rah! at first indicated. Some mighty good wells in the field—but the field is small.

Legal Notice

NOTICE TO BIDDERS
Notice is hereby given that the Commissioners' Court of Terry County will receive bids until 10 o'clock A. M. March 9, 1953 at the usual meeting place in the Court House, Brownfield, Texas for the purchase of one Tandem Drive, Diesel Powered, 100 H. P. Minimum, Power Control Motor Grader, equipped with hour meter and mufflers, electric starter, fully enclosed cab, hot water heater, 14-00-24 tires on tandem drive and front, 13 foot moldboard, one 2 foot extension, V type scarifier, with power controls for all adjustments, and with power steering, all complete ready for work and delivered FOB Terry County, Texas. The Commissioners' Court reserves the right to reject any and all bids.

By order of the Commissioners' Court of Terry County, Texas
(Signed) L. M. LANG
L.M. Lang, County Judge, Terry County, Texas. 32c

Legal Notice

STATE OF TEXAS
COUNTY OF TERRY
CITY OF BROWNFIELD
NOTICE IS HEREBY GIVEN that a public hearing will be held by the City Council on a proposed amendment to the zoning ordinance of the City of Brownfield and an amendment to the official zoning map of the City of Brownfield being Ordinance No. 1201 of the City of Brownfield. Such public hearing to be held by the City Council on the 5th day of March, A. D., 1953, at its regular meeting in the Council Chambers in the City Hall of the City of Brownfield, Texas at 7:30 p. m., such hearing to continue until all persons desiring to be heard shall be heard on such proposed amendment to the City Zoning Ordinance and Official Zoning Map of the City of Brownfield, Texas.

The proposed change affects Block 17 of the Cordell Addition to the town of Brownfield, Terry County, Texas, and Block I of the Longbreak Addition to the town of Brownfield, Terry County, Texas. The West half of said Block 17 and said Block I above described are now in the zone "H" and it is the proposal to change the East half of Block 17 above described and Block I above described to place them in an "H" zone. Reference is here made to the official zoning map of the City of Brownfield, Terry County, Texas for all purposes.

This notice is given by virtue of a resolution of the City Council of the City of Brownfield said resolution passed February 5, A. D. 1953, at a regular meeting of the City Council of the City of Brownfield and such resolution is further given in pursuance of a recommendation from the zoning commission as set up under the zoning ordinance of the City of Brownfield, Terry County, Texas. Such zoning commission having heretofore recommended to the City Council of the City of Brownfield that such change as above set out to be made.

Any person desiring to be heard on the above described proposed change of the zoning ordinance and official zoning map of the City of Brownfield, Texas may be heard by attending the meeting to be held on the 5th day of March, A. D. 1953, at 7:30 P. M., in the City Council Chambers of the City of Brownfield, Terry County, Texas, and at that time the City Council will hear such objections as such owners shall have and reference is made to the provisions of Section 6 of the zoning ordinance of the City of Brownfield, Terry County, Texas. Subdivisions 1, 2, 3, and 4 thereof for all purposes.

Executed this 5th day of February, 1953.

H. W. NELSON
Mayor, City of Brownfield
