BROWNFIELD, TEXAS, FRIDAY, FEBRUARY 5, 1954

NUMBER 29

CALLED SESSION OF LEGISLATURE EARLY IN MARCH

In conversation with J. O. Gillham, State Representative of the 98th district recently, after there had been some talk of a called session by the Governor, Mr. Gillham stated he believed it would be some time about the last part of March. However, at that time it was generally believed that appointments would be named to fill the unexpired terms of three members who had resigned and one that had died. It later developed, Mr. Gillham stated, that the Governor called special elections to name successors to the four men.

In this way it does not take the required 35 days for them to qualify to serve in the legislature. The called session is purportedly to do something about raising the salaries of Texas teachers something like an average of \$400 per year. But right now that idea seems to have hit a snag in places, although a committee had practically agreed on this sum.

It seems that Speaker of the House, Rep. Senterfeit, does not want to do anything about raising the pay of teachers, until we find a way to pay for the raise, as we have no State funds to do so. Therefore Senterfeit's idea is to wait and see what the Supreme Court is going to do about the suit pending to collect natural gas tax that comes from underneath the State and is piped to other states.

It will be remembered that Mr. Senterfeit is thinking strongly of coming out for Governor himself. In fact, at this point, he aims to us that politics, especially around the State level, is going to get very warm this year about the time the sun gets well on the north side of the equator.

FARM PROGRAM NEWS

By LOOE MILLER

All 1953 applications for pay are now typed and ready for farmers' signatures. Terry County has overearned the money allocated to the county and we, therefore, could not make these applications until it was determined at the State Office that the maximum amount earned could be paid even though the total amount earned by the farmers was in excess of the amount allocated to this county.

The 1954 ACP Program is operating different from any program we have ever had before in that the requests are accepted and once a month the County Committee considers these requests and they are approved upon their merit and the funds available, therefore, each farmer who anticipates carrying out an ACP Practice in 1954 should come by the Agricultural Stabilization and Conservation Office and make a request in order that it may be considered and the money set aside while money is available.

According to the Cotton Marketing Quota Law now in effect any person who makes application for payment of Federal cost shares to any farm in 1954 shall file with such application the following statement:

"I have not knowingly planted nor caused to be planted during 1954, cotton on any farm in which I have an interest in excess of the Cotton Acreage Allotment established for 1954."

Important!

Any person having an interest in knowingly over planted cotton on a farm shall not be eligible for any payment of Federal cost shares on that farm or any farm under the 1954 Agricultural Conservation Program.

Bro. and Mrs. Cline Paden and children, formerly of Brownfield, were visitors in Brownfield last week on their way to Roswell to visit with her parents, Mr. and Mrs. Ben Cathey. The Padens recently returned to the United States from Italy, where they are Church of Christ missionaries.

SCOUTS PONDER COMPASS AND MAP PROBLEM—Six Scouts from Troop 47 are shown above, engrossed in one of the many activities in the scouting program, which helps to make boys better citizens. Three local Scout troops and two Cub Packs will join with boys over the nation in celebration of Scout Week, starting Feb. 7, when the organization will mark its 44th birthday. On this notable milestone, the Boy Scout movement reaches its peak in membership. Pictured above, left to right, back row, are Rudy Simmonds, and Bobby Whitney. Front row, are Robert Conlee, Don Denson, Buddy Wheeler, and Forrest Kuykendall. (Photo courtesy Scoutmaster Happ.)

LOCAL SCOUTS HONOR LEADERS WEEK FEB. 7; 44TH ANNIVERSARY

The three local Boy Scout Troops and two Cub Scout Packs will be among the nation's 3,300,000 Cub Scouts, Explorers and their adult leaders, who will observe the 44th birthday of the organization during Boy Scout Week, Feb. 7 to 13.

Troop 74 and Pack 74 will hold their annual Blue and Gold Banquet tonight (Friday) at 7:30 p.m. at the American Legion Hall, and Scouts, parents, and Scout officials are invited.

Troop 47 will hold open house from 4:30 to 6:30, Saturday, Feb. 6, at the First Christian Church, and the public is invited.

Boy Scout Sunday will be observed in the local churches, Feb. 7, and a sermon relating to Boy Scout work will be featured at the First Christian Church.

Local troops, their sponsors and Scout or Pack Masters, in that order, are as follows: Troop 74, American Legion, Cecil Hill; Pack 74, American Legion, Lewis Simmonds; Troop 49, Rotary, Ralph Bailey; Pack 43, Kiwanis, Bill McGowan; Troop 47, First Christian Church, John Happ.

The theme of the observance is "Forward on Liberty's Team," the current major emphasis of the movement, which seeks to produce a greater functioning manpower (Continued on Back Page)

COUNTY SPELLING BEE DIRECTORS are shown above as they met this week in the County Superintendent's office. Plans were discussed for the March 30 meeting here in Brownfield, when the Junior High Student Council will be host to spelling bee entrants from Wellman, Union, and Meadow. Area champion will be crowned, April 10, in Lubbock. Pictured above, left to right, are the directors from the county schools: Elmer Brownlee, County Superintendent; T. W. George, Wellman; Mrs. Laurette Williamson, Union; Miss LaRita Price, Brownfield; and Delwin Webb, of Meadow schools. (Staff Photo.)

TERRY - YOAKUM OVER THE TOP IN MARCH OF DIMES DRIVE ON POLIO

At this time we want to congratulate R. V. Moreman, who headed the March of Dimes drive in Terry and Yoakum counties, as well as his hosts of faithful helpers, who spent lots of time putting over the drive. As most of our readers know, our locally set quota for the two counties was \$4,000. But that beat last year by at least \$1,000. However, at this time we are unable to give the exact figures.

Of the \$5,000, old Yoakum came through with approximately \$1,400, Denver City with \$650, and Plains, \$750, according to the report we received. Terry County supplied some \$3,600 of the total. As we understand it the two counties raised \$4,340 last year. We pronounce that excellent, considering the extreme drouth both counties endured in 1953.

Money came this year from cards mailed, letters, coin collectors in business houses and at the schools. The mothers' march in the business district brought in a total of \$1,276.80. Mothers' March last Friday night on homes, totaled \$735.95. The Legion Hall dance brought in \$154.20. Benefit party, \$159.30, and picture show collections, \$80.

The several communities and towns of the county reported the following: Pool HD Club pie supper, \$64.38; Challis Community, \$44.00; Gomez HD Club, \$17.00; Meadow Community, \$134.48; Union HD, \$9.00; Wellman Community, \$42.27.

Mr. Moreman wishes to thank all the rural and city chairmen for their untiring efforts. He remarked that \$5,000 is extra good, considering drouth conditions.

TERRY GETS ONE NEW WELL AND 3 LOCATIONS

Many people, especially those who do not live at or near oil fields seem to have the idea that anywhere you put down a well in Texas, you get the liquid gold. Such is far from the rate, however, as the following article reveals. In fact, the "dry holes" run to about two-thirds of the whole. We quote:

The Oil and Gas Journal reports there were 380 well completions in Texas in the week ended Jan. 23. They included 207 oil, 13 gas and 160 dry wells.

Wildcat operations were responsible for 131 of the new Texas wells, of which 16 were oil, two gas and five distillate producers. Texas completions to date this year total 1,044, compared with 899 for the corresponding period of 1953.

Completions over the nation in the same week totaled 1,107 and included 593 oil and 95 gas wells. There have been 3,312 new wells drilled in the United States so far this year, compared with 2,836 for the same time in 1953.

A well was finished on the Terry

Cinemascope Will Be Installed Soon At The Regal Theatre

The management of the Jones Theatres take great pride in announcing that Cinemascope equipment has been purchased and that "The Robe" is coming soon to the Regal Theatre. Cinemascope's anamorphic lens process achieves life-like realism and infinite depth. Cinemascope's Stereophonic Sound reaches new heights of audience participation as it engulfs you in the greatest story of faith ever told in "The Robe."

Sunday, Feb. 14, is Valentine's Day, and the Rialto Theatre will have a "Valentine" for the first 25 guys who bring their sweethearts to this theatre on Valentine's Day. They will be admitted with the purchase of only one adult ticket.

COTTON ALLOTMENT IS SUGGESTED AT STATE LEVEL PMA COMMITTEE

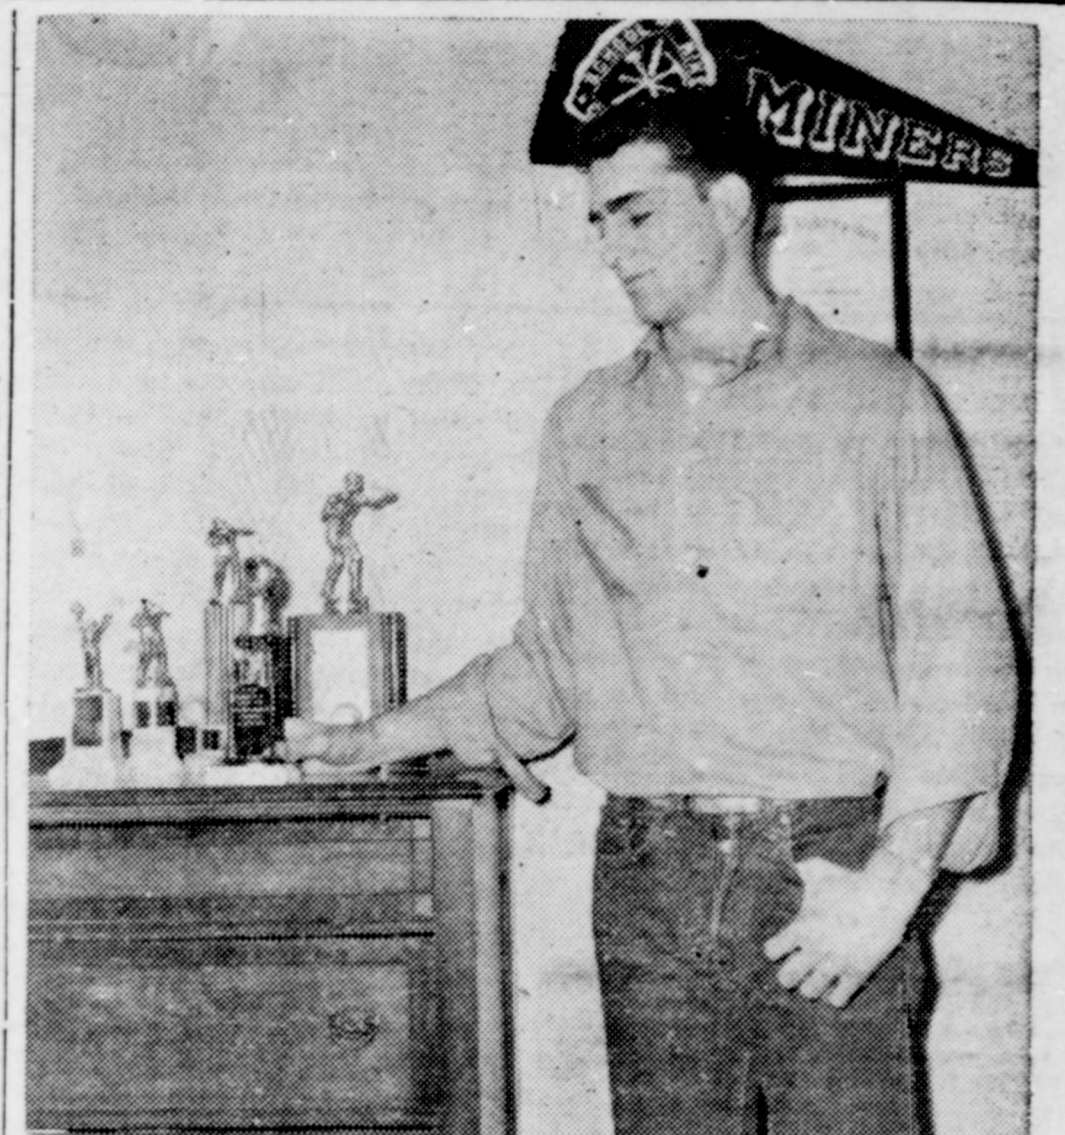

Texas' share of increased 1954 cotton allotments should be allocated by the State PMA Committee directly to the farmer to take care of "hardship" cases, the Texas Farm Bureau Board of Directors recommended last week.

The TFB Board, in session Jan. 26, in Waco, asserted that "hardship" cases would benefit more through this procedure than if acreage increases were apportioned by county history.

A bill passed by Congress Jan. 22 gives Texas an increase of 1,342,320 acres over the allotment announced last fall. Under provisions of the new bill, Texas will get 8,719,178 acres this year.

Congress gave the State committees either to distribute the allotments directly to the farm or to award the increase to counties for apportionment by county PMA committees. The Texas Farm Bureau opposed the latter procedure because some growers would be discriminated against due to factors involved in arriving at county histories. The Farm Bureau contends that direct distribution from the State level would be most fair to all concerned.

Under that arrangement, growers in areas where diversification is practiced and in areas where drouth has cut plantings would not be discriminated against. The State board stated that the main reason for asking for an increase in acreage was to help alleviate (Continued on Back Page)

WELTER WEIGHT BOXER, Lyle Shelton, 21-year-old son of Mr. and Mrs. Joe Shelton, 910 E. Broadway, and senior Petroleum Engineering student at Texas Tech, is shown above with trophies he has won in fights during the last four years. Shelton, weighing 148 pounds, lost by a split-decision, in the Inter-City Tournament held last week in Lubbock. The bouts were held primarily as practice for the Golden Gloves Tournament to be held this week end. Shelton won the first two rounds by a wide margin; and the last round was about even, with both fighters receiving hard blows. Billy Higdon, Shelton's trainer, will take him and 25 other local boys to the tournament this week end. (Staff Photo.)

Official Memorandum

By ALLAN SHIVERS
Governor Of Texas

GREETINGS:

The Public School System in Texas goes back literally to the very beginning of our State. Texas' first Constitution made provisions for a system of public education. President Mirabeau Buonaparte Lamar, in his message to the Texas Congress in 1838 stated, "It is admitted by all that cultivated mind is the guardian genius of Democracy, and while guided and controlled by virtue, the noblest attribute of man. It is the only dictator that freemen acknowledge, and the only security which freemen desire."

The progress of our public schools from small beginnings to the fine educational system we have today has not been easy. It has required a cooperative effort of State and local officials, the active interest of parents and of citizens generally, and the energy and devotion of public-spirited men and women who have been willing to devote their lives to the teaching profession.

In recent years we have had to face great problems in the admin-

Bro. and Mrs. Bill Andrews, 703 Old Lamesa Road, are in East Texas as at the bedside of her father, who is seriously ill.

Mr. and Mrs. C. F. Crites, city, plan to spend the week end in Dallas.

istration of our public schools. We have learned that the solution of these problems is only possible with public interest, understanding and cooperation.

One of the best evidences of public support is a definite effort on the part of each citizen to become familiar with the public school system and to keep in touch with it.

Therefore, I, Allan Shivers, Governor of Texas, do hereby designate the period March 1-7, 1954, as PUBLIC SCHOOLS WEEK IN TEXAS and urge every citizen to visit one of the public schools during this period and become acquainted with the programs and accomplishments of our educational system.

In official recognition whereof, I hereby affix my signature this 15th day of August, 1953.

(Seal) ALLAN SHIVERS,
Governor of Texas.

POINT OF DESTINATION—Mr. and Mrs. Hub King, of Brownfield, are shown above as they made plans for their trip to Atlanta, Georgia, this week. The couple is attending the Southern Regional State Board of Farm Bureau Directors meeting, where policy execution of the Bureau will be the primary topic. The meeting, held yesterday and today (Friday) will have directors attending from 13 states. On Feb. 8, King will meet with all District 2 County Presidents and Secretaries, in Lubbock, to give a report of the directors' meeting. And on Feb. 27, representatives from 19 counties will meet with King at a District 2 meeting in Lubbock. Mr. and Mrs. King left for Atlanta at noon, Wednesday, by Braniff Airlines to Dallas, and from Dallas to Atlanta by Delta Airlines. They plan to return Sunday. (Staff Photo.)

The American Creed

We believe in the United States of America as a government of the people, by the people, for the people, whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign nation of many states; a perfect union, one and inseparable established upon these principles of freedom—equality, justice and humanity, for which American patriots have sacrificed their lives and fortunes.

—Terry County Herald.

their fine brakes, or to show off to others, will sail up to a stop 60 miles an hour, jamb on their brakes, evidently to hear 'em squeal and howl. One had best stop for such guys, too, if they want to live and be healthy, because you can never tell until the last minute whether the nincompoops are aiming to go on across the street or not. This is not only the practice here in town and other towns, for that matter, but you will find it that way where a F-M road intersects a State or Federal highway.

question has never been brought up for consideration. Let us take the attitude of the Soviets on people visiting their country, for instance. Let's say you want to visit in France, Spain or Holland. All you have to do is get a visa from your government, which in a way vouches for your good conduct while visiting in those countries. Then, after you have cleared yourself at their port of entry, you go where you like, and visit places you wish to visit, providing, of course, there is no connection in the way of munitions plants and fortifications, or other defense installations. The same is true of the people of those nations who wish to visit the United States. They are welcome visitors, and as long as their conduct is above suspicion, they are shown every courtesy that an American would get. This is far from true about the Iron Curtain countries. The eye of suspicion is trained on every man, woman and child from other countries, that visit them. In fact, they are rather suspicious of neighboring Communist countries, and are not too friendly toward their own, from another section of the country. To be frank, these Bolsies are not too sure of each other, and spying and eavesdropping goes on and on. They are afraid to whisper to each other, for fear some secret police might be listening in, and give them a one-way trip to Siberia. How then, can civilized nations have any confidence in what those "birds" say?

Much has been said and written the past month or so as to what 1954 will turn out to be. Those in the political heyday, who want to get back in power, are of course hoping and praying, it seems, that there will be a depression, or at least a recession, in order that they may get back in the "never had it so good," limelight. Any person for political reasons, who is willing to take such a stride, does not love his country, but his political party, and the sooner he is eliminated, the better. Let us take the case of the Oklahoma Senator who spoke at Lubbock the past week end; he had nothing but abuse for the Republicans in his whole speech, instead of telling the listeners something that Thomas Jefferson stood for, as it was a Jefferson Day affair. Personally, we doubt if Jefferson, if alive would recognize one of the present day New Dealers, as he understood Democracy. And this goes for the left of center Republicans, and all Socialists. In fact, the most of these spouters of bombast, know no more about finances than us average people. The outs want, and the ins want to stay that way. What we had rather listen to is some business man who has really amounted to something, and has accomplished something in a business way. Such an address by the president of Humble Oil and Refining Co., recently delivered, as reported by Humble Way Magazine. This address stressed the fact that no matter who is President of the USA, the oil and gas people will be out doing all they can to see that each householder, each store and manufacturing plant, might depend on them for their future supplies of gas and oil. He also stated that he expected conditions to be normal or about so, throughout 1954. Then on Jan. 19, we have the report of an address delivered by Harlow H. Curtice, president of General Motors, one of the nation's leading industrialists. Mr. Curtice made it plain that while he did not anticipate a great production of cars and trucks this year, that a great building expansion would be underway to provide future needs. When men like these, where millions of dollars of stockholders' and investors' money is involved in their charge and care, we do not fear for the future of our country. Their words are encouraging to every citizen; those of the politician may be taken with a grain of salt.

When it was announced that there would be a "big four" meeting of Russia, USA, France and England, knowing the Ruskos as we do by past reputation, we had no more confidence in any accomplishment, then we would if someone told us that we'd find a thousand dollars under each cowchip out on some ranch. Really, we are sorry for the state of the world when the time comes along when the word of one or more nations must always be weighed in the balances of justice, and that they are nearly always found wanting. But after reading for years the Russian's habit of denouncing and vilifying in the United Nations, as well as the same old thing over in Korea, where we spent some two years of time and money trying to get some kind of an agreement on the exchange of prisoners, and are making no effort for permanent peace. In fact, that

NEW FASHION SCHOLARSHIPS OFFERED; FIRST WINNER PREPARES FOR CAREER

The second national competition to choose two 1954 winners of Forest City Fashion Scholarships is now underway with high school students invited to submit entries before March 1. Meanwhile, Nancy Lucas (right) winner of a two-year fashion design scholarship in 1953, gets practical pointers from designer Robert Mayes of Forest City Manufacturing Co., St. Louis, sponsor of the scholarships. Rules and entry blanks are available from high school principals, or from the Scholarship Awards Committee, 1641 Washington Avenue, St. Louis 2, Mo.

HERE'S HOW...

MAKE A STUDENT'S BOOKSHELF

Open-faced bookshelves place books within easy reach. The fewer the impediments, such as doors, the more likely that the student will reach for the books.

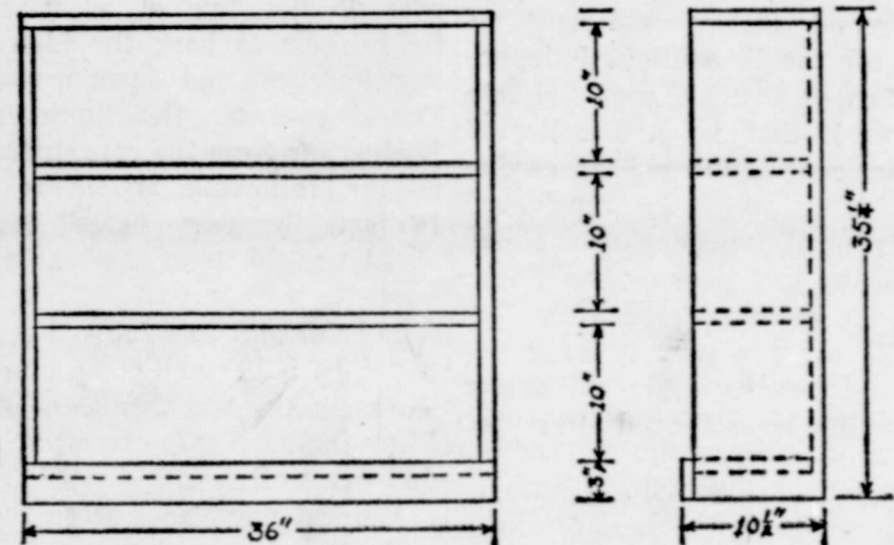

The sturdy bookshelves shown below are easy to construct. All joints are nailed, with long finishing nails; the head set into the wood, and the holes filled. For short shelves of 3 feet or so, the nails provide sufficient strength to support the normal book load. For longer spans, short blocks may be placed beneath the shelf ends.

Shelf space of 10 inches high and 9 inches deep will take care of most text books, but it is well to allow a 10-inch

depth for periodicals and notebooks.

Dimensions on the drawing are based on 1/2-inch wood. Although this bookshelf is easily and inexpensively made, it can be an attractive addition to the student's room. Time spent in sanding the wood to a smooth surface will pay dividends in appearance. The wood may then be stained and varnished to match other furniture, or enameled or lacquered as the decorating scheme dictates.

The choice of the best wood for the job will depend upon the finish desired. The builder should study the surroundings in which the bookshelf will be placed, and then seek the guidance of his lumber dealer.

Forethought Of Value In Planting Shrubby Depression Talk Is Waste Of Time

College Station.—A little forethought when planting shrubs will save considerable future work when it comes to pruning, watering and general care, says Sadie Hatfield, extension homestead improvement specialist.

In reminding shrub enthusiasts it's time to plant new shrubs about the home grounds and transplant old ones, Miss Hatfield says low growing ornamentals blend well and are especially desirable around low modern homes.

When planted at least three feet from walls and six to 10 feet apart, newspapers that are good, and are doing a good turn for the country Holcomb then turned his guns on Benson for the fact that this little college was supported by a religious organization that was "anti-organ," or to be more specific, do not use instrumental music in worship. He admitted he was one of them. So is this writer. But Editor Holcomb's main objection was that Benson was the hiring of "big business." Ever hear that one before? Be as it may, Benson's in demand as a speaker all over the nation, and the people he addresses are not all big business men by a jug full. Many of these organizations are composed of men and women who are rated as small business men, some are chamber of commerce folks, composed of laboring people, small business as well as manufacturers and other industrialists. Contrasted to the editorial in State Observer, we observed the comments of several other editors and publishers who attended the convention, and all with the exception of State Observer, were high in praise of the address of Benson. Take for instance a nearby editor and publisher, Mr. Roberts of the Andrews News. While Mr. Roberts complimented the addresses of the other speakers highly, most of his comment went to Benson. Editor Roberts stated that it was one of the best speeches he ever heard, and was very encouraging to him, to say the least.

Austin.—"This country is due for a buyer's market—not a depression," said Palmer Hoyt, in reminding those who are trying to talk us into a depression.

Hoyt's remarks were made at the 7th Annual Mid-Winter Meeting of the Texas Press Association, held the past week end in Austin. Hoyt berated people who are "wasting a lot of breath and causing a lot of heartaches by insisting that we are going to have a depression."

"Newspaper advertising will play the major role in assuring prosperity in 1954," the publisher of the Denver Post stated, "for newspaper advertising is the one thing that can make distribution match production."

Speaking about the rapidly increasing shrubs will not rub near by structures or crowd one another making excessive pruning necessary.

It's a good idea, too, says the specialist to purchase only those shrubs adapted to your particular area. This means plants hardy in your soil and climate. An East Texas Red Bud planted in the western portion of the State, for example, will produce yellow leaves, bloom very little and, generally, will have an unthrifty appearance.

Mulch at least 25 square feet of soil when setting out new shrubs. Miss Hatfield continues. Also, two to four inches of humus—decayed grass, leaves or vegetable refuse from the kitchen—worked well into the soil will help conserve soil moisture.

Well trained shrubs are an asset and help enhance the beauty of any farm or home. Miss Hatfield says among the low growing shrubs adapted in many areas are nandina, pfitzer juniper, and other dwarf junipers, abelia, coral-berry, summer flowering jasmine, winter flowering jasmine, mahonia or oregon grape, blue spiraea or blue beard, flowering almond and spiraea vanhouttei.

THINGS TO TALK ABOUT
 BY FRANKLIN J. MEINE
 Editor, American Peoples Encyclopedia

HOW MUCH IS A BILLION DOLLARS? Think of it this way. If a man started with a billion dollars in the year I.A.D. and spent a thousand dollars a day up until the present, he would still have more than 700 years to go to spend the balance!

genuine IRON spikes for your discomfort

THE ITALIAN GREYHOUND IS A PERFECT MINUTURE OF THE ENGLISH AND AMERICAN RACING GREYHOUND. SOME WEIGH 8 POUNDS AND UNDER.

IRON WAS KNOWN IN INDIA AS EARLY AS 1000 B.C.

It's Soil Testing Time For Fertilizer Needs

College Station.—High Crop yields at lower cost in 1954 are possible for farmers who follow the example of many successful growers and use the free soil testing service at Texas A&M College.

When money becomes tight, some farmers are inclined to reduce their expenditures for fertilizer, says M. K. Thornton, extension agricultural chemist.

This isn't the best reasoning, he points out, because food and fiber, especially at this time, must be produced more economically. Experiment station tests show much greater financial returns from the crops properly fertilized than from crops supplemented with little or no plant food.

Thornton continues that this is the time to collect soil samples and send them to the laboratory. It gives the lab enough time to analyze the sample and return recommendations so the farmer may use the information in buying fertilizers. About three weeks should be allowed for a reply.

Thornton says the laboratory in 1953 analyzed and made recommendations on 7,989 samples.

A soil analysis determines organic matter and mineral content in soil. Upon knowing these levels and the crop to be planted on the field from which the sample was taken, the lab can make the correct recommendation.

Forms for submitting samples, together with sampling instructions are available at any county agricultural agent's office.

BEHIND THE SCENES In American Business

by Reynolds Knight

New York.—Chalk up one score for the business optimists. These are the observers who forecast that declining demand for hard goods—automobiles and appliances—would largely be offset by purchases of soft goods—men's and women's apparel, household linen and the like.

In Philadelphia the increase was 5 per cent. In Los Angeles, apparel departments showed gains, but they were not sufficient to offset declines in sales of durable wares, and thus total sales declined. In Detroit, naturally, soft goods volume followed hard goods down, because of the large part automobile payrolls play in all business volume there.

Because they include day-to-day necessities, soft goods sales never fall as fast or as far as those of durable articles, whose purchases may be deferred. Similarly, they do not rise as fast in good times. Therefore it is unreasonable to expect that soft goods sales can fill in for hard goods sales for more than a few months. Even so, it helps. Perhaps a few months will see hard goods eagerly sought again.

Out of the total population of the United States, some 60,000,000 persons—more than 60 per cent of the men and women over 19—work for a living.

creasing population of our nation Hoyt said, "Every month a city the size of Toledo, Ohio, is being added to the markets of this country. Such additions offer additional opportunity for selling."

JACK OF ALL TRADES FEATURED BY HUMBLE

Unusual occupations will be featured next week on Humble Oil and Refining Company's TV program, Texas in Review.

Featured will be a man who makes violins out of broom straw, an old-fashioned cigar maker, a pottery maker and a player piano tuner.

Important events and persons in Texas news this week will also be on the program. Shown on a nearby station at 8 p.m., Tuesday.

LAST YEAR HIGH IN REVENUE COLLECTIONS

Austin.—The year 1953 was the Texas Liquor Control Board's second biggest in terms of revenues collected.

For the past year the total was \$18,792,228.39. The all time high was established in 1952 when the total was \$18,959,582.79.

Of the 1953 total \$17,350,181.32 went to the "State Clearance Fund" and from there was reallocated to schools, old age assistance and other funds.

Collections for December, 1953, were \$1,392,635.22, an increase over the amount for the same month of the previous year, which was \$1,334,614.34.

POSTAL RECEIPTS FOR '53 HIGHER THAN '52

Austin.—Postal receipts for 1953 in 120 Texas cities were up 8 per cent over 1952, the University of Texas Bureau of Business Research reports.

All months showed advances of

Whitewash Beautifies The Farm and Home

College Station.—There's an old saying a little paint covers a multitude of sin, but a fresh coat of whitewash, applied properly, helps enhance the beauty of any farm or home.

Oftentimes poultry houses, tree trunks, fences and posts are whitewashed for neatness and protection.

A longer lasting, better looking paint job may be obtained by first removing all old whitewash materials, says W. S. Allen, extension agricultural engineer. Allen suggests filling the rough places with putty before applying a new coat if a smooth finish is desired.

Whitewash "sets" better, he points out, if the surface is dampened prior to painting. This allows the new materials to dry more slowly.

Apply each coat thin and quickly. The first application should be thoroughly dry before a second is added, he says.

In a bulletin recently issued, Allen lists several formulas for concocting whitewash at home. The bulletin may be obtained from county agricultural agents or by writing for L-190, Whitewash For Farms and Homes, from the Agricultural Information Office, College Station, Texas.

INSPECTORS CAPTURE FIVE ILLICIT STILLS

The Texas Liquor Control Board Inspectors reported the seizure of five illicit stills in December.

With the stills, which had a capacity of 270 gallons, inspectors captured 1,630 gallons of mash and made two arrests. A half gallon of moonshine liquor was destroyed.

Two stills were taken in Red River County, and one still each was taken in the counties of Titus, Marion and Harrison.

RETAIL TRADE IN 1953 REACHES ALL-TIME HIGH

Austin.—Texas retail trade reached an all-time high level in 1953, the University of Texas Bureau of Business Research reports.

Compared to 1952 activity, non-durable goods gained 7 per cent, automotive sales increased 15 per cent and food store sales, 2 per cent. Apparel goods stores equalled their 1952 sales. Income from eating and drinking places declined 3 per cent, and durable goods, 3 per cent.

2 to 14 per cent. December, 1953, topped December, 1952, by 12 per cent, partly reflecting postal-rate increases.

State Commander Meets With VFW

Veterans of Foreign Wars State Commander Justin Morrow met with the local Hands Brothers Post No. 6794 at 8 p. m., last week at the Veterans Hall.

Morrow emphasized civilian defense and continuation of the Brownfield Post's projects, which are road-way signs, and sponsorship of a Scout trip. The Commander, who lived near Meadow when a boy, was accompanied to the regular meeting by J. R. Shynno, VFW Service Officer at Lubbock, and District Commander Thad Patterson, and Commander R. D. Coulter, both of Seagraves.

Thirty-four guests and local members and officers were present, according to Commander Abe Lincoln.

Sure was glad to have the daughter, Mrs. Herman Trigg and her little daughter, Sara B., along with Rover, the dog, all up from Snyder recently. First time we had seen them since Christmas. Was very sorry that Herman could not come along. But the man next door that was to look after his parakeets and chinchillas, had taken off for New Orleans, and Herman decided he'd best stay on the job and come some other time.

If you are smarter than anyone else around you, keep it to yourself.

Hail to The Good Old And New Subscribers!

Since last week we have added the following new readers. None solicited; they just came in and got on the list:

J. B. Oliver, city; Mrs. Ed Gardner, Brooklyn, N. Y. (a gift); Mrs. G. C. Lewis, Rt. 3, city; R. V. Moore, city; Arthur West, city; Mrs. M. Turner, city; W. E. Cox, city; M. C. Gullidge, city; J. A. Moore, city; Pat Dumas, city; and also sent the paper to his brother, Wendell, who is attending the Sul Ross Teachers College at Alpine; and Mrs. J. N. Campbell, Coolidge, Ariz., by her nephew, Morgan Copeland, Jr.

The renewals have been Tom Doss, city; Lewis Waters, a renewal of the Herald going to C. W. Waters, deceased; H. O. Pippin, city; and Leon Saffell, Rt. 1, Meadow.

Pat Dumas was in to get on our list the past week, and not knowing his connections any too well, we asked if he was related to the old Dumas family that has been here almost since the Indians burned the woods off. "No," says Pat, "I am not related to them that I know of, but have been here 25 years myself." Well, he's an old timer by any brand that is burned on him.

Why is it pretty young things find mathematics so dumbfounding?

Fourteen Families Move to Brownfield

Since our last report, fourteen families have moved to Brownfield to make their home, according to Welcome Wagon, Inc., local secretary Kathleen Weiss. While we are forbidden to use the names in print, we can tell you how many there were, how many children they have, etc. In this case, these fourteen families have among them 23 children, all of school age or younger.

Will state that most of them are to be connected with the oil business, many of them drillers, or as one designated his calling, "roughneck." Some of them are engineers, geologists, or are to work in the various headquarters of the oil companies located here. Three are to work for private concerns, one being a city lineman, and one is to operate his own business.

Anyway, all seem to be comfortably located in various sections of the town, and are heartily welcomed to our city, and hope they like our town and its good folks.

Mr. and Mrs. J. E. Eekins were guests of Mr. and Mrs. Lee Newberry last Sunday. During the afternoon, they drove over to the Yoakum County oil field, returning in the evening for a nice dinner at the Newberry home.

BIG TRUCKING CO. BUYS 500 GMC TRUCKS

Pontiac, Mich.—Riss and Co., Inc., of Kansas City, Mo., one of the largest private trucking operators in the world, has purchased 500 GMC Diesel highway tractors from the GMC Truck and Coach Division, it was announced today by Philip J. Monaghan, vice president of General Motors and general manager of the division.

It is one of the largest purchases of such highway equipment on record. The units are GMC cab-over-engine, tandem-axle models, with sleeper cab, powered by six-cylinder GM Diesel engines generating 200 horsepower, capable of hauling 70,000 pounds gross combination weight.

Japan's external debt is shrinking.

Farm Women Have Come A Long Way

Hi Neighbor,

Last week I attended a training school given by Miss Mildred Cox for the H. D. Clothing leaders. I was so deeply impressed I wondered if I might share with you the experience I enjoyed.

Each day I live, I am thankful that I live in a wonderful country such as ours, and the many special privileges that we enjoy should never be taken for granted. As I attended this training school my gratefulness was renewed. Where else in the world do farm women have the opportunity of obtaining this culture and learning while they are busy making wholesome farm homes?

I have always had a hungering for more knowledge and education, but the depression years prevented my getting more than two years in college, and I had to work hard for that. We began our married life on the farm when we did the farm work with horses and mules. In those days farm life was a drudgery and making a bare living was difficult. Twenty-four hours in a day and night were not enough to do all that needed doing. There was washing to do on a rubboard, ironing to do with flat irons which were heated on smoking kerosene stoves, and the whole family to sew for. We made all our own clothes including the coats. We wondered if we could manage to keep the children fed and warm until the coming of another spring. There was no time to think of being unhappy, so we slaved on, loving life and being grateful for what we had. The things we didn't know, we learned as best we could through experience. We read all the available books and magazines, but they were few and we had very little time to search the pages for the knowledge we longed for.

Today, farm life is quite different and the farm woman can take a front seat in any body's group. As I sat in that training school and listened to Miss Cox teach the practical techniques of sewing, 'my cup over flowed'. There, a group of farm homemakers were gathered together to benefit from the years Miss Cox had spent in school. They were learning about and discussing such things as balanced and unbalanced design, and many other things that they could use not only in sewing but in making better homes and fuller lines. Those women have good homes and every electrical device on the market to make their work easier. They have automatic washers, stoves, refrigerators, deep freezers, sweepers, radios, and televisions. Their sewing is done on electric machines in one half the time it once took. Now, these women can belong to the book clubs and study clubs, teach Sunday School classes, do mission work and civic work, and sometimes just relax. This, however, doesn't make them idle, it just gives them more time to serve their neighbors and all humanity. This is truly a mechanized age for farm people.

There are a few greedy politicians and egotistical business people who begrudge farm people of these blessings. They hate to admit that the farmers' financial statement often surpasses their own. They don't like the situation because they liked walking on the farmer and holding a rod over his head. That day is long gone in America because the farmer has

Don't Squelch Those Fishing Trip Plans

College Station.—Ever been inspired to take a big fishing trip only to have it squelched because there was no bait? Luck like that shouldn't even happen to a fisherman, says R. E. Callender, extension wildlife management specialist, because it's too easy to grow your own.

Minnows by the thousands are easily raised in small ponds, Callender says and anglers find it very handy to have a ready supply when the fishing urge strikes. More than 100,000 minnows have been produced in one season in a pond 40 by 80 feet.

In a recently published bulletin the specialist says Golden Shiner Fathead, Red Shiner and Parrot are among the most popular bait minnows in Texas waters.

The Golden Shiner is colorful and may be grown with little effort. Stock minnows of this species are available from the Texas Game and Fish Commission, Austin, Texas. The Fathead, although not too colorful, is hardy on the hook. Ponds should be stocked with only one kind of minnow, should contain no other fish and need a moving water supply.

Callender also outlines in the bulletin steps in furnishing an adequate water supply, the best way to design the pond, how to stock and what to do so minnows will spawn. He also recalls several tips on the care of minnows in transit.

No further information on raising your own fishing bait write for bulletin, C-344, Raising Minnows, from the Agricultural Information Office, College Station, Texas.

RANGER RETURNS TO CRIME FIGHTING

Captain M. T. (Lone Wolf) Gonzaulas has been named vice presi-

dent of the recently formed Atlas Alarm Corporation, which will market a new crime prevention device for protection of the individual citizen. Captain Gonzaulas is shown here in uniform of the Rangers, in which he still retains his commission.

Anyone can have friends if he sets as his goal in life being a "regular fellow".

come into his own. That training school was an hour of awakening for me. Dry years and difficult times will never get our farm women down. They will continue to improve and polish their lives and their homes. They don't ask for sympathy, nor do they expect any special honors. All they ask is that their city sisters move over and let them sit beside them. Your truly, Mrs. O. D. Kennedy.

THINGS TO TALK ABOUT

BY FRANKLIN J. MEINE
Editor, American Peoples Encyclopedia

THE FIRST RECORD OF INSURANCE TRANSACTIONS IS FOUND IN THE CODE OF HAMMURABI, 2250 B.C.

WHAT'S IN A NAME?

THE OLDEST BREED OF TOY DOGS, THE JAPANESE SPANIEL OR JAPANESE CHIN, HAD ITS ORIGIN IN CHINA.

G. I. QUESTIONS and ANSWERS

Q. How soon after I enroll in school under the Korean GI Bill may I expect to get my first GI allowance check? I want to plan on taking along some of my own money to tide me over until I get paid.

A. You can count on your first check about two months after you enroll. Under the law, payments are made after the end of each month of training completed. But before you can be paid, VA must receive a certification—signed by you and your school—stating you were in class during the month. Usually, checks go out within 20 days after VA gets the certification.

Q. I am a Korean veteran, and I have just been released from service. I understand that I have four months from my separation date in which to apply for GI term insurance. Is that correct?

A. No. Actually, you have 120 days from your date of separation in which to apply and pay your first premium. Since some months have 31 days, 120 days is less than four months.

Q. I was called to active military duty for a period that exceeded 30 days, but the way things turned out I was separated before I served 30 days. Will I be entitled to the free insurance coverage for 120 days after my date of separation, even though I didn't serve more than 30 days?

A. Yes. So long as you were called to active duty for more than 30 days, you will be entitled to the 120-day coverage after separation, even though you didn't actually serve all that time.

Q. I have a permanent National Service Life Insurance policy. Would it be possible for me to change it to a term policy?

A. No. Permanent plan policies may not be exchanged for term policies, under the law. However, NSLI term policies may be converted to permanent plans.

Q. I want to take medical internship training under the Korean GI Bill. Does VA consider it as on-the-job training or as classroom training, for purposes of the monthly allowance?

A. Medical internship is considered as full-time institutional classroom training, for GI allowance purposes. But the training must be approved by the Council on Medical Education and Hospitals of the American Medical Association.

If we smoked a certain cigarette, it would be in spite of its advertising pitch.

ACC TO SPONSOR TRACK AND FIELD CLINIC, FEB. 27TH

Abilene.—Abilene Christian College will sponsor a track and field clinic for West Texas high school track coaches, Feb. 27.

Oliver Jackson, ACC track coach, will direct the one-day clinic designed to "fill a long-standing need immediately preceding the opening of track season," Jackson explains.

The clinic will be free to all high school coaches desiring to attend.

Instruction in methods and techniques of all running and field events will be offered by veteran track coaches. Members of the ACC track team will provide demonstrations in conjunction with clinical instruction.

Teachers for the clinic include J. H. (Cap) Shelton of Howard Payne; O. W. Strahan of Southwest Texas State; L. B. Morris of the Fort Worth Public Schools, and Jackson.

Money is only as important as you make it, after meeting the necessities.

from Custer, S. Dak., and are now living at 221 W. Lake. Burnett is employed as a driller with a local oil company. Sidney Allen, formerly of Brownfield, and now of Austin, also visited with the group.

BRADLEY'S VISITORS

Visiting Mr. and Mrs. Earl Bradley, 209 E. Buckley, Sunday, were Mr. and Mrs. Doyle Lawrence and daughter, Rhonda Kay, of Perryton; Mr. and Mrs. Glenn Armitage, of Oklahoma City; and Mr. and Mrs. Glenn Barnett, who have recently moved back to Brownfield.

HERE'S HOW...

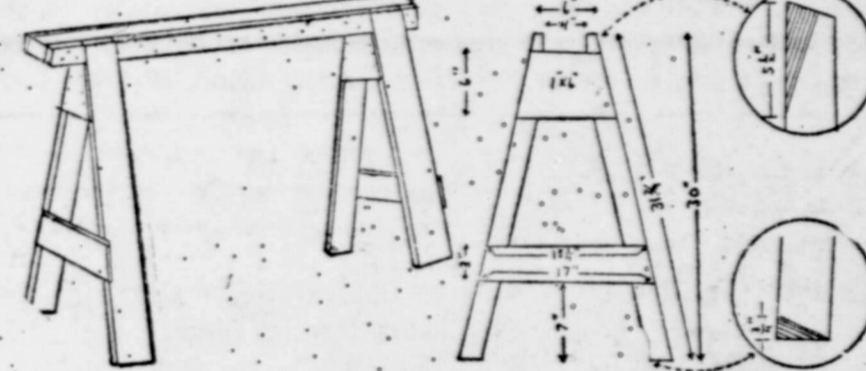

MAKE A COLLAPSIBLE SAWHORSE

A sturdy, but collapsible, sawhorse, or a pair of them, will find many uses—for carpentry or as legs for a picnic table or work table. The collapsible feature makes it possible to store the sawhorse along a garage or tool-shed wall in a space only 6 inches deep.

The sawhorse shown here can be made with just hammer and saw, using 2 by 4's for the legs and bar, and 1-inch lumber for the bracing. The bar, with its 1-inch blocking, fits snugly into the top of the legs. The only tricky feature is cutting the ends of the legs at the proper angles. For the dimensions shown below, the angles may be developed from the detail in the circles. (Shaded areas are sawed out.)

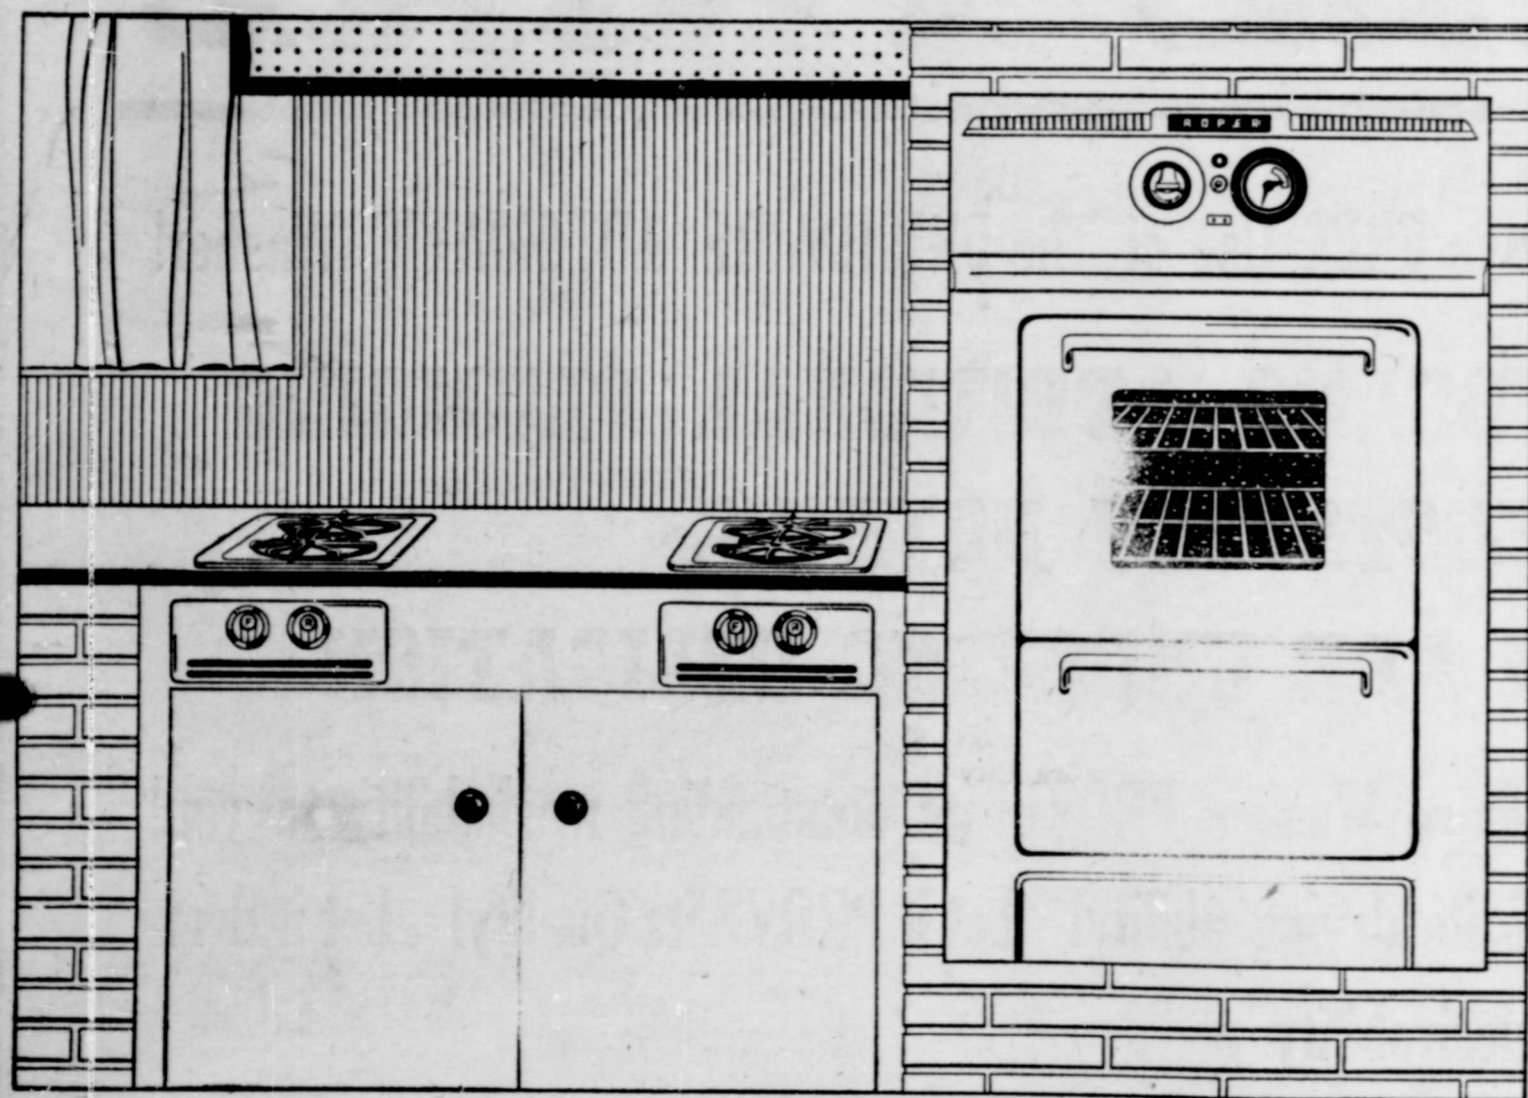

To make a sawhorse of different height, first draw the members to scale on cross-section paper, using the construction principles shown below. The scale drawing will show how to cut the angles.

Eight penny common nails are adequate for the job.

Modern Today... Modern Tomorrow..

Automatic Built-In Gas Range

WORKING ON DISTRICT LETTERS—Mrs. E. C. Davis, 501 E. Broadway, member of the state board of directors and State Chairman of Folk Lore and Texas Writers Committee for Texas Federation of Women's Clubs, is shown above, preparing letters to the eight district chairmen. The letters were sent to encourage study clubs to use more folk lore materials by Texas writers, in club work. Mrs. Davis received appointment to the state offices in December and will serve two years under Mrs. L. E. Dudley, president TFWC, who visited with the Brownfield study clubs this week. Mrs. Davis, a member of the Maids and Matrons Club, is helping this week with arrangements for the Federated Clubs Workshop, to be held here, Feb. 25, with the study clubs, Delphians, Alpha Omegas, and Maids and Matrons, serving as hostesses. Mrs. Davis has been very active in civic and community work in Terry County since moving here in 1933, from San Angelo, with her doctor husband, and children, Earl Jr., freshman student at Baylor University; and Mrs. Janice Lewis, of Pasadena, Texas. A few of the former offices held by Mrs. Davis are: President of the Country Club Auxiliary; Maids and Matrons Club president, secretary, and chairman of the library committee; Parent Teacher Association president. She attended Edenborough State Teachers College in Pennsylvania, and serves as mission study book reviewer for the Lois Glass Circle of the First Baptist Church. (Staff photo.)

SPEAKERS FOR THE DAY at the Texas Home Demonstration Associational District 2 Training meeting, held here last Friday, are pictured above. The meeting was held primarily for Home Demonstration Agents, County Chairmen, and THDA Chairmen. Shown above, standing, left to right, are Mrs. Hazel Hickman, HD Agent from Lamb County; Mrs. Sam Armstrong, Plainview; Mrs. A. J. Bell, Terry County THDA Chairman; Miss Mildred Cox, Terry County HD Agent; Mrs. Lee Bartlett, County Council Chairman; and Miss Dorothy Foltyn, 4-H Scholarship student at Tech, from Littlefield. Sitting, left to right, are Mrs. Aubrey Russell, District HD Agent, from Lubbock; and Mrs. P. A. Autry, THDA Vice President, of District 2. (Staff Photo.)

PARENTS TRAINING TOPIC OF FOUR-DAY MEET HERE, FEB. 14

A special training course for parents will begin Feb. 14, and continue through the 18th, with Mrs. Uel D. Crosby serving as director, at the Methodist Church, 116 W. Main.

Mrs. Crosby, wife of the local Methodist pastor, recently attended a two-day study course in Lubbock, and will return this week from Shreveport, La., where she taught a four-day course. At Lubbock and in Shreveport, the study topic was the same as she will discuss here, "Child's Approach to Religion." For the past six years, Mrs. Crosby has worked in district offices in the Methodist Conference as secretary of children's work.

A cordial invitation is extended to the public to attend. Exact time for the daily meetings will be announced next week.

Mrs. Della Mitchell, city, who returned Friday from a visit in Minnesota, left immediately for Sweetwater to be with her father, who is very ill.

and Mrs. Ray Christopher was elected president to take office immediately, and Mrs. Crate Snider was elected secretary-treasurer.

Pete and Sonny Curtis furnished guitar and fiddle music during the evening. Other visitors included Miss Virleene Sharp, Mrs. Pete Curtis and Roy Moreman.

Approximately 25 Posse members and their wives were present.

Sister Renews Paper Going to K. Howard

One of the sisters of Kermit Howard came in and renewed for him this week, which one, we can't say for the life of us. Two of them, he believe married O'Neills and one married Joe Brown. Anyway, they are the daughters of the late John Howard, who was the eldest son of the late Uncle Bill Howard, pioneer settler in Terry.

We were sorter acting like we were busy, and the lady seemed to be in some hurry, therefore no quizzing, as we'd like to have done. However, the paper renewal to Kermit goes to him at Lemay, Mo., and as it has the number 23, following the name of the town, Lemay evidently is the suburb of some of the larger cities, St. Louis, perhaps.

And we have heard that Kermit was in the Armed Services in that section, but as there is no indication preceding his name that he is now, we have an idea that Kermit met up with some girl in that section while in the service, married and settled down.

If this is not correct, wa'n't some of the Howards drop in and give us the lowdown. Anyway, hope Kermit enjoys the old home town paper another year.

Page Tomlinson is home for a three-week's visit with his wife and parents, Mr. and Mrs. Walter Tomlinson, of Brownfield. Tomlinson is stationed in Massachusetts.

CofC Annual Banquet Set For February 23

Tuesday, Feb. 23, is the date set for the annual Chamber of Commerce Banquet. Dr. Charles Karsakoff, world traveler and outstanding humorist, from Washington, D. C., will be the principal speaker.

Dr. Karsakoff is considered one of America's greatest platform speakers, and has been active for

Coor and Faught March in From Welch

W. M. Coor, a long time subscriber of the Herald, of the Welch section, was in this week to get his paper up to April, 1955. Mr. Coor has been a long time reader of the Herald. Welch is just over in Dawson County, but Mr. Coor's farm, we believe, lays in Terry County part of that community.

Then there was that fellow, I. O. Faught from the same section, that followed closely on the heels of Mr. Coor, to renew. Faught had let his paper get a bit in arrears, so renewed for two years, and has a lot of reading coming. By the way, we always say, "this is Faught from Tennessee." He generally grins, and says his folks were from that state.

Before the writer can remember, there was an old Faught place in the community, that had been turned back to sage grass, and ours and other neighborhood cows used to do some good grazing on the old place, on sage and wild or Japanese clover in the little bottoms. Only trouble was that we had to go some two miles each day to drive them back home to be milked.

That was not all, while the Faught family had long been moved to another county where the land was more aluvial, there was a number of pear and other fruit trees still bearing fine fruit. And as a youth, we thought those pears way up in those big old tall pear trees, were the best ever.

And in those days, not all houses had upstairs, and we liked to prance up and down those old deserted stair steps. No, we didn't ever hear the place was "hainted."

In much later years, an uncle of ours bought the old place, fenced the fine grass, filled some

many years in community and business affairs. His background and extensive travels will enable him to give a message of dynamic interest and humor.

Dr. Karsakoff, whose subject will be "Behind the Iron Curtain," has made over 5,000 appearances in the United States and foreign countries.

The banquet will be held in the Jessie G. Randal School cafeteria, at 7:30 p.m.

JUNIOR HI SCHOOL HONOR ROLL

The following is a list of students who have made the Honor Roll, for the third six weeks period, at Brownfield Junior High School:

SIXTH GRADE: Rosallene Barrett, Michael Black, Joyce Bingham, Odie Boring, Emily Blackstock, Wanda Bramlet, Linda Brown, Barbara Brown, Jerry Boen, Barbara Bruce, Buddy Cason, Leon Clark, Leenell Chesshir, Ann Copeland, Carma Cole, James Forehand, Jack Allen Griggs, Barbara Germany, Valdene Garner, Linda Jones, Judy Keenan, Jo Latham.

SEVENTH GRADE: Delma Fox, Hilbert Briscoe, Frances Beard, Nellie Copeland, Mary Joe Christian, Patsy Fulton, Rita Goodpasture, Forrest Kuykendall, George Merritt, Aaron McNece, Paula Maxey, Archie Proctor, Johnny Willis.

EIGHTH GRADE: Diana Adams, Shirley Bingham, Betty Bragg, Mary Jane Brownfield, Don Burda, Clarice Cornett, Robert Conlee, Barbara Hodges, David Ivey, Donnelle Keenan, Norma Meeke, Gene Mason, Freda Newsom, Wendell Newman, Danny Powers, Jack Purcell, Cynthia Ramsey, Bobby Nell Richardson, Sue Shewmake, LeNora Turner, Mary Ruth Venable, Bill Walker, Patti Wilder, Patti Winn.

Mrs. O. L. Stice, Mrs. Clovis Kendrick, and Mrs. Burton Hackney, all of Brownfield, attended the luncheon and style show at the Lubbock Country Club, Wednesday afternoon.

Dallas visitors this week were Mr. and Mrs. Ross Black, city.

of the gullies and put the rich little bottoms back in cultivation. Presently, however, we believe the place is again in pasture, but is fenced.

MRS. HUGHES HONORED AT MISCELLANEOUS SHOWER SATURDAY

Mrs. Lee Hughes, the former Dorothy Albert, was complimented with a tea and miscellaneous shower in the home of Mrs. Larry Rambo from 5 to 7 p.m., Saturday, Jan. 23.

Mrs. Rambo was assisted by Miss Joyce George, Miss Amar Roach, and Mrs. Don Krupicka.

Mrs. Rambo greeted the guests. Registering guests was Mrs. Krupicka and Miss George presided at the tea table, which was laid with a cutwork cloth and centered with an arrangement of pink net and ribbon. A green net umbrella trimmed with pink ribbon and tiny pink flowers centered the net arrangement.

The bride's colors of pink and green, were also carried out on the buffet. Two pink candles with frills of green net satin streamers were lettered, Dorothy and Lee. Pink monogrammed napkins were used and refreshments of spiced tea, rolled sandwiches, and nuts were served.

Mr. and Mrs. Hughes are at home at 1212 East Main.

MRS. LAND ENTERTAINS IDEAL BRIDGE CLUB

Ideal Bridge Club met with Mrs. Bob Land, 418 E. Tate, at 3 p.m., Jan. 27.

Mrs. Rebecca Ballard won high score, and bingo, Mrs. Joe McGowan placed second high, and Slick Collins bingooed.

Fruit cream pie and coffee were served to Mesdames R. L. Bowers, Jim Cotton, Roy Herod, Tom Keenan, Otis Lerner, A. A. Sawyer, Kenneth Watkins, Edison Wilder, Bruce Zorns, Collins, McGowan, Ballard, and the hostess.

WED. BRIDGE MEETS AT MRS. CHAMBERS

Mrs. Dick Chambers, 5th and Ross, entertained the Wednesday Afternoon Bridge Club, at 2:30 p.m., Jan. 27.

Mrs. Lloyd Hahn made high score, and she and Mrs. M. J. Craig, Jr., bingooed.

Pie and coffee were served to Mesdames Chris Hafer, Bill Anderson, Dip Pemberton, Bill McGowan, Calvin McIntosh, Craig Hahn, and the hostess.

Herald advertising gets results.

Local Study Clubs Unite To Greet State President

Mrs. L. E. Dudley, of Abilene, Federation of Women's Clubs president, was guest speaker at a group meeting of the local study clubs—Delphians, Maids and Matrons, and Alpha Omegas—held at 4 p.m., Feb. 2, at the Seleta Jane Brownfield Clubhouse.

Highlight of the meeting was Mrs. Dudley's review of the book, "The Queen's Gift," by Inglis Fletcher. The president, a professional speaker and book reviewer, has traveled in the United States, Canada and Mexico, and has held district offices in the Federation for the past 16 years.

Mrs. Looe Miller served as program chairman for the afternoon. Hostesses from the clubs were: Mrs. U. C. Brown, Mrs. Bob Collier, Delphian; Mrs. J. M. Teague, Mrs. E. O. Nelson, Maids and Matrons; and Mrs. Arlie Lowmire and Mrs. V. L. Patterson, Alpha Omegas.

A valentine motif and colors of red and white were carried out in all decorations. A red carnation bouquet intermingled with red and white tulle hearts centered the serving table. A tall candle covered with two red tulle hearts lighted the mantelpiece.

Mrs. E. C. Davis, Mrs. Grady Goodpasture, and Mrs. J. O. Burnett alternated at serving. Red fruit punch was served from a silver service, along with nuts and white cookies, iced with red hearts.

Seventy-seven members and officers of the three clubs attended the meeting.

Mrs. Dudley, the presidents of the local clubs, and the district directors met at 6:15, Tuesday evening, for dinner at Nick's Cafe. Presidents from the clubs were Mrs. Wayne Brown, Delphian; Mrs. Frank Wier, Maids and Matrons; and Mrs. M. J. Craig, Jr., Alpha Omega. District directors attending were Mrs. E. C. Davis, Mrs. J. O. Burnett, and Mrs. Grady Goodpasture. Two study club members also present were Mrs. A. U. Butler and Mrs. Looe Miller.

Bill Tilson, Leonard Lang and Mr. and Mrs. Joe Stevens, all of Brownfield, attended a dinner-meeting of the Great National Life Insurance Co., held last week at the Lubbock Country Club.

CALVARY BAPTIST CIRCLE MEETS WITH MRS. GEORGE, MONDAY

Darlynne Sears Circle of the Calvary Baptist Church, met at 3 p.m., Monday, at the home of Mrs. Cecil George, Rt. 3, Brownfield.

Mrs. Lottie Evans taught a chapter from the study book, "Let's Listen," with topic, "Wanted—More Missionaries."

Those present were Mesdames Loy Lewis, W. O. Cooley, Bill Conlee, W. L. Stallings, H. T. Boyd, Wade Pearce, Oscar Dicker, Evans and George.

CHILI SUPPER ENJOYED BY POSSE—AUXILIARY ELECTS NEW OFFICERS

Regular monthly meeting of the Terry County Sheriff's Posse was held at 7:30 p.m., at the Posse House.

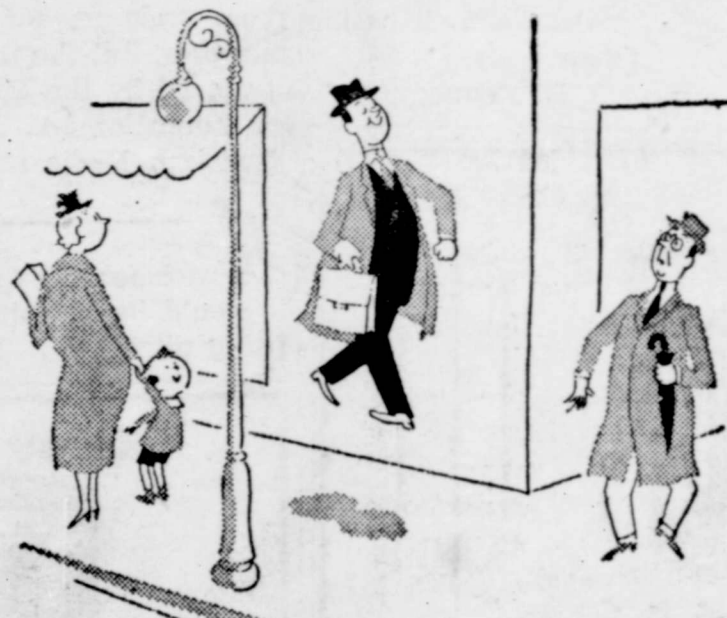

A chili supper was served by the hostesses, Mrs. C. R. Lackey and Mrs. Ray Steele.

A business session was held following the supper by the Auxiliary.

Morton's to Celebrate 22nd Anniversary

Morton Foods will celebrate their 22nd anniversary in February with a two-for-one sale.

During this sale grocers carrying Morton's fine food products are authorized to give an 8-ounce jar of Morton's Bestyett Honey with each purchase of a 39c bag of Morton's potato chips.

Another two-for-one offer during the anniversary sale is an 8-ounce jar of Morton's Sandwich Spread free with each purchase of a pint jar of Morton's Salad Dressing.

"This is our way of saying thanks to our customers in the Southwest who have helped us grow," said G. C. Morton, owner and founder of Morton Foods.

According to Morton, the year 1953 was the best in the firm's history. During the year, the Bestyett line of food products was added to the Morton line through the merging of the Vinnedge-Bestyett Company and Morton Foods. This gives Morton's Foods three modern food processing and distributing plants in Dallas, Fort Worth and Lubbock. Lubbock operations recently moved into a new, modern plant completed the latter part of 1953.

The Morton-Bestyett line includes potato chips, twistees, salad dressing, sandwich spread, mayonnaise, syrup, honey, tea, coffee, tamales, chili blend and numerous other food products.

Founders Day Set For Feb. 18 at Jr. High

Founders' Day will be observed by the East Ward-Junior High PTA at a tea, Feb. 18, in the Junior High School Library, when life members will be honored. The PTA urges all who hold such membership to contact Mrs. Leonard Chesshir at phone No. 2652, or Mrs. W. P. Norris, at No. 2541, before the 18th.

Regular monthly meeting of the Association was held, Jan. 21, in the library, with Mrs. Davis Nicholson serving as program chairman.

Highlight of the meeting was a talk by Judge Herbert Chesshir on juvenile delinquency, and a showing of two motion pictures, "Juvenile Delinquency, or What?" and "Adolescence."

The devotional given by Mrs. Lal Copeland was followed with a business session, conducted by Mrs. Chesshir, who announced the following committees:

Project to supervise spending of the money derived from the Fair held in December—Mrs. Howard Hurd, chairman, assisted by Mrs. George Steele, Delwin Webb and Byron Jones. Budget—Mrs. Jerry Kirschner, chairman, and Mrs. Bob Land. Life Membership—Mrs. George Steele, chairman, and Mrs. Land. Safety—Mrs. Jack Griggs, chairman.

Read the Herald Ads and save.

PORTWOOD'S HOST TO FRI. COUPLES BRIDGE

Mr. and Mrs. John Portwood, 620 East Repto, entertained the Couples Bridge Club, at 7:30 p.m., Jan. 29.

High score was made by Mr. and Mrs. V. L. Patterson, and second high by Mr. and Mrs. Jack Hamilton. Bingo was won by Lee Brownfield, and Mrs. Hamilton.

A touch of red was carried out in the table cloths and red carnation bouquets. Pie and coffee were served to Messrs. and Mmes. W. T. McKinney, Jack Hamilton, Grady Goodpasture, Lee Brownfield, V. L. Patterson, and the Portwoods.

PANEL DISCUSSION AT UNION H-D MEETING

The Union Home Demonstration Club met at 2 p.m., Jan. 28, with Mrs. Aubrey Puryear, president, presiding, at the home of Mrs. Frank Sargent.

Roll Call was answered by each member answering the question, "How Can I Improve My Attitude Toward the Right of Others?"

Mrs. Sargent read the 1954 council recommendations which were approved by the club, and Mrs. Puryear lead a panel discussion concerning polio. The club, afterwards, made a donation to the March of Dimes.

Mrs. Sargent and Mrs. J. A. Cornette served tuna sandwiches, cake, and spiced tea to 16 members, two visitors, and one new member, Mrs. W. F. Smoot.

All-Day H-D Meeting Has Representatives From 20 Counties

Sixty representatives from 20 area counties in District 2 attended the Texas Home Demonstration Association meeting he'd here, Friday, Jan. 29, at the South Plains Health Unit. The sessions were devised primarily to prepare HD agents, Council Chairmen, and THDA chairmen for the District 2 meeting at Post, May 5, when all HD officers and members will convene.

Mrs. P. A. Autry, district vice president, presided during the all-day session which had as its topic, "We Work Together," referring to cooperation between the Home Demonstration Clubs and Texas HD Association. Mrs. Aubrey Russell, District HD Agent, from Lubbock, directed the discussions.

Miss Dorothy Faltyn, freshman at Texas Tech from Littlefield, '54 winner of the 4H scholarship, spoke concerning her Home Economics major at the college.

The Needmore HD Club served luncheon to 52 members of the group at the First Baptist Church. Mrs. A. J. Bell, County THDA Chairman, and Mrs. Lee Bartlett, County THDA Council Chairman, presented a comical reading at the noon meeting.

Representatives attended from the following counties: Swisher, Briscoe, Bailey, Lamb, Hale, Floyd, Cochran, Hockley, Lubbock, Crosby, Yoakum, Terry, Lynn, Garza, Gaines, Dawson, Borden, Scurry, Howard, and Mitchell.

MRS. JONES HOSTESS TO THURSDAY BRIDGE

Mrs. Sammy Jones, 704 East Buckley, was hostess to the Thursday afternoon Bridge Club, Jan. 28, at 2:30 p.m.

Mrs. M. J. Craig, Jr., scored high and Mrs. Bobby Jones binged.

Cherry up-side-down cake with cherry sauce and hot spiced tea were served to Mesdames Bill Day, Milton Hughes, Robert Lee Craig, Curtis Sterling, Jim Murdough, Edgar Self, Bobby Jones, M. J. Craig, Jr., and the hostess.

TFB Wants Teachers Raise To Come From Natural Resources

Texas Farm Bureau President J. Walter Hammond has announced that the state farm organization favors a pay raise for teachers to be financed by a natural resources tax, but will oppose efforts to raise revenue by changing principles of the Gilmer-Aikin Law.

The TFB Board of Directors, in session in Waco, Jan. 27, interpreted resolutions of the organization as favoring an adequate pay raise for teachers to attract and hold more qualified teachers in the profession. This policy was adopted by the TFB convention last November in Mineral Wells.

The Farm Bureau is also on record favoring a natural resources tax, if additional state revenues are needed for any purpose.

Hammond stated that the Texas Farm Bureau will oppose any efforts to raise revenue for the pay raise if it means an increase in the local districts' share of the Gilmer-Aikin Foundation Fund. Local districts' share of the Fund is now set at \$45 million, with each district contributing according to its ability to pay, as determined by the economic index for the State.

Last year in Austin, the TFB vigorously fought and helped defeat legislation which would have hiked the districts' share of the Fund by forcing local districts to share costs of the Fund with the State on a 20 per cent—80 per cent basis, with districts paying the 20 per cent. This, in effect, would have given the State Legislature the power to increase local school taxes without permission of the people in the districts.

Last Rites for Pioneer Minister, Rev. James W. Watson Are Held

Funeral services for the Rev. James W. Watson, 75, pioneer Methodist minister, who died at 11 p.m., Sunday, in a Lubbock hospital, were conducted at 3 p.m., Tuesday, in the First Methodist Church at Lubbock. Rev. Watson, was the brother of Elmer Watson, of Meadow, and Walter Watson, of Brownfield.

Dr. H. I. Robinson, pastor, officiated, assisted by the Rev. E. H. Crandall, and the Rev. R. N. Huckabee, associate pastors.

Burial was in the Tech Memorial Park cemetery. The Rev. Mr. Watson had retired as an active pastor in 1949, but had continued to preach following his retirement.

He was minister at Methodist churches in Bula, New Deal, Woodson, Blackwell, Rotan, Lamesa, Quanah, Morton, Crosbyton, and Happy.

He and his late wife moved to Lubbock in 1949, and Rev. Watson taught school, prior to entering the ministry.

Survivors besides his two brothers include three sons, four daughters, and one other brother; two sisters, nine grandchildren, and four great grandchildren.

Donald Cabe has been returned to his home in Brownfield, after undergoing surgery of the hip in a Dallas hospital. He will remain in a cast for several months, but is reported doing fine.

MRS. BROWN LEADS STUDY OF "JEREMIAH" AT MONDAY WSCS

Women's Society of Christian Service of the Methodist Church met in Fellowship Hall, Monday, at 3 p.m.

Mrs. Ernest Latham presided and Mrs. Vernon Henderson led the group in the opening prayer.

A devotional, "My Father Works and I Work," was given by Mrs. G. N. Brown and the song, "Work for the Night is Coming," was sung. A prayer by Mrs. Robert Lewis closed the devotional.

Mrs. Brown was leader of the study, "Jeremiah." Mrs. Glenn Harris discussed "The Great Reformation under Josiah." "Jeremiah the Prophet-Preacher, and Jehaiakim, the King," was told by Mrs. G. S. Webber, and Mrs. J. C. Criswell discussed "During the Reign of Zedekiah."

Separate Circle meetings will be held next Monday.

Those attending were Mesdames Vernon Henderson, J. C. Criswell, R. J. Purcell, D. S. Sampson, Jim Griffith, R. L. Cornelius, Leo Holmes, J. B. Knight, A. W. Butler, Hobart Lewis, B. L. Thompson, W. B. Downing, Glenn Harris, G. N. Brown, G. S. Webber, Ernest Latham, Joe Johnson, Fred Miller, and Miss Maudie Bailey.

2ND FARM-LABOR MEET HELD MON.

The second Farm-Labor Day, sponsored by the Texas Employment Commission, was held Monday, Feb. 1, at the Farm Bureau office between the hours of 9 a.m. and 12 noon, according to Aubrey T. Jones, local TEC office manager.

Only a small group of farm laborers contacted the office on this date and only four farmers made requests for hands.

These special Farm-labor Days will be discontinued at the present time until we get some moisture in the ground and there is more of a need for them, Jones said.

This does not mean that a farmer cannot receive assistance in locating farm hands any day in the week from Texas Employment Commission Office, located on the second floor of the Courthouse. The telephone number of Texas Employment Commission is 3122.

POLL TAX PAYMENTS GO OVER 3,000 MARK IN THE RECENT DRIVE

Assessor-Collector of county and state taxes, Don Cates, reported this week that up to Thursday his records showed that 3,015 people had paid their poll taxes for the year, 1953, at the deadline date, January 31st. In addition to this there will be some 300 exemptions, he stated, which will put the qualified voter list to some 3,400.

There were some 1,900 who paid their poll tax last year, but this being an election year, and the fact that some effort was made to get people to pay their poll taxes, is believed to have helped matters greatly.

We might also state that the season is now on for the purchase of your auto license plate for 1954, and you must have a new plate on the old bus by April 1st, or the cops may get astraddle of your neck.

Jim Quinton had the honor of buying the first 1954 license plate in Terry this year, it being number BL-5550.

Earl Jones Declared Club Debate Winner

A debate: "Be is Resolved that the Texas Responsibility Law be

Abolished," was staged at the Jan. 25 meeting of the Brownfield Toastmaster Club at 6:30 p.m., at Nick's Cafe.

Earl Jones was declared winner of the debate for his arguments of why the law should not be repealed. He was presented the week's Toastmaster Cup by Bobby Jones, winner of the cup the previous week. Marion Bowers served the debater as critic.

Others on the debate team included K. D. Miller, J. C. Powell, and James Evans, whose critics were Harold Simms, Bill Neel, and Joe Stevens.

Table topic chairman, Morgan

Copeland, commented on the question, "Do You Think the New Designs of Autos are Good?"

Guest Toastmaster for the evening, Bobby Jones, was introduced by Arie Lowrimore, club president, who also gave the invocation. General critic, V. Fleming, new employee of the local Telephone Co., stated that neither of the teams had enough fight. It was Fleming's first time to take part on the weekly program, as he is the club's newest member. A hamburger steak dinner was served to 15 members attending.

BRICKER AMENDMENT NEEDED

A year ago in the United States Senate our nation ratified an international treaty although only two senators were present, Sparkman of Alabama and Thye of Minnesota. And the document thus ratified became the supreme law of the land, overriding in power the Constitution of the United States. This is a striking example of the danger from "treaty law" which the so-called Bricker Amendment seeks to remove.

The treaty which Senators Sparkman and Thye ratified for their 160,000,000 fellow American citizens had to do with purely international relations. However, treaties now being drafted by various United Nations organizations could, if ratified in like manner, change the whole pattern of our way of life—without the people of America having been given the opportunity to vote upon the changes.

The Facts

Here are the pertinent facts regarding "treaty law." The Constitution now provides that a treaty is ratified when approved by two-thirds of the Senate present and voting. Thus any number of senators, from two to 96, can ratify a treaty. The Constitution provides that: "... all treaties ... shall be the supreme law of the land ... anything in the Constitution or laws of any state to the contrary notwithstanding."

On April 12, 1952, John Foster Dulles said, in an address to the American Bar Association's regional meeting at Louisville: "Treaties make international law and also they make domestic law. Under our Constitution treaties become the supreme law of the land. They are indeed more supreme than ordinary laws, for congressional laws are invalid if they do not conform to the Constitution, whereas the treaty laws can override the Constitution. Treaties, for example, can take powers away from the Congress and give them to the President; they can take powers from the state and give them to the Federal Government or to some international body and they can cut across the rights given the people by the constitutional Bill of Rights."

Judiciary Committee Approval
With this fact in mind the proposed Bricker Amendment was drafted. In its drafting, Senator Bricker (Republican of Ohio) had the assistance of outstanding leaders of the American Bar Association. The legislation was submitted to the Senate Judiciary Committee last year. Lengthy hearings were held. The Judiciary Committee then recommended that the proposed amendment be passed by Congress.

If adopted in Congress and thereafter ratified by the legislatures of 36 states, the amendment would provide that "no provision of a treaty which conflicts with the Constitution shall be of any force or effect;" that "no treaty shall be effective as internal law unless implemented by legislation which would be valid apart from the treaty;" and that "Congress shall have power to regulate executive agreements and that such agreements shall be subject to the same limitations as treaties."

Nation-Wide Approval
This proposed amendment now has the backing of the American Legion, VFW, American Bar Association, Kiwanis International, US Chamber of Commerce, National Grange, American Farm Bureau Federation, American Federation of Women's Clubs, American Medical Association, American Association of Small Business, National Labor-Management Council on Foreign Trade Policy, and more than 50 other national organizations.

In the world today a majority of the nations have Communist or Socialist governments, and their representatives on UN commissions are likely to be Communists or Socialists. We are overwhelmingly outvoted. These people write and propose "treaties" which contain new laws and which could drastically alter our way of life, and which, under present conditions could be made the supreme law of our land upon the action of only a few senators. More than 200 "treaties" are being drafted by United Nations commissions and other international bodies. The Bricker Amendment is needed as a safeguard against any provisions of these "treaties" or executive "agreements" which may conflict with our Constitution.

WESTSIDE BAPTIST CHURCH, located at the corner of West Powell and North 12th Street, has as its pastor Rev. S. R. Respass, who moved to Brownfield in January this year, replacing Rev. Milton Simmons. The congregation started meeting at the present location in 1945, and has as charter members, Mrs. W. W. Day, Mrs. Arthur Bates, Mrs. Ben Scott, Earl Bates, and Mrs. J. M. Williamson. Sunday school attendance averages about 46 and Deacons at the Church are Bro. James Brannon and Bro. J. B. Hadaway. A successful revival at the Church closed Sunday night with 13 baptisms and several persons joined by letter. Rev. Respass conducted the services and Mrs. Wendell Willis, of Amarillo, was in charge of music. Rev. Respass, wife and daughter live in the church parsonage. (Staff Photo).

MEADOW NEWS

Mr. and Mrs. Weldon Calloway were in Pampa last Saturday attending to business.

Mr. and Mrs. W. R. Horton, Mr. and Mrs. G. O. Richey and families were in Brownfield last Sunday the birthday party of their grandfather, J. C. Kennedy, of Matador, in the home of his daughter, Mrs. C. H. Morton.

Mr. and Mrs. Tom Ashburn and son Wayne, of Lockney; Mr. and Mrs. D. U. French and sons, of Denver City; and Tommy Ashburn, of El Paso, visited in the home of Mr. and Mrs. G. E. Ashburn, last Sunday.

Mr. and Mrs. A. W. Fore and Mrs. and Mrs. Brown Hart, Tuesday afternoon.

Mr. and Mrs. Dave Gregg visited, Wednesday, with Mr. and Mrs. Delton Gregg and their new granddaughter, Carmin Dale.

The Terry County Singing Convention met Sunday evening at the Methodist Church for the 5th Sunday Singing. On account of sickness, the crowd was not as large as it usually is but the singing was fine. The next singing will be at the Baptist Church. So let's remember to come and help to keep the singing going.

Mr. and Mrs. Dick Hinson, of Seagraves, were visiting in Meadow, Sunday afternoon.

Mr. and Mrs. Elwood Carruth and daughter, Carla Sue, of Lubbock, spent Sunday with his mother, Mrs. L. J. Carruth.

Mr. and Mrs. C. L. Meils visited, Sunday, with their daughter, Mrs. Lillie Massey and family, of Eu-

THE WELLMAN NEWS

By Rev. Alvin F. Hamm

Glendon Brown, of Clovis, N. M., was a visitor in Wellman, Tuesday, attending to business and visiting with friends.

Bro. S. A. Ribble, minister of the Wellman Church of Christ, has resigned his church here in Wellman, effective the first week of March. Bro. and Mrs. Ribble are moving to Gunter, Texas, where they will be residents of the Home for the Aged, which is maintained by the Churches of Christ. Bro. Ribble said that he was not quitting preaching but expected to

keep on preaching just as long as he was able and that he would do supply work wherever he was needed. The Church of Christ is losing a mighty good preacher and a man the community thinks a great deal of.

Mr. and Mrs. I. M. Draper, of Tahoka, were visitors in the S. A. Ribble home Tuesday.

Mr. and Mrs. Calvin Young, of Ashmore, visited, Sunday, with the Ribbles.

Mr. and Mrs. Pete Moore, of Loope, were Sunday visitors in Wellman with Mr. and Mrs. S. A. Ribble.

Mr. and Mrs. Maddison Turnbough, of Meadow, visited, Monday, with Bro. and Mrs. S. A. Ribble.

Mr. and Mrs. M. E. Ribble, of Odessa, visited with Mr. Ribble's parents, Mr. and Mrs. S. A. Ribble, over the week end.

Mr. and Mrs. Bobby Little, of El Paso, have a new son born last week. Bobby is the son of Mr. and Mrs. Buck Little, former residents of Wellman. Bobby is in the Navy and stationed at San Diego, Calif. Bobby's wife's parents live in Brownfield.

Mr. and Mrs. H. E. Stevens, teachers in the Wellman Elementary school, visited their son, Burnett, in San Angelo over the week end, returning home late Sunday night.

Rev. Chas. Jackson, school tax collector, was a visitor in Lubbock on Saturday, attending to business and also to see the doctor.

Many people took advantage of

Monday being the last day to pay school taxes without penalty. According to Charles Jackson, there has been 98.23 per cent of the taxes paid amounting to \$14,371.02 to date. Jackson said that he figured that the other amount would come in in just a few days and he expects to collect 100 per cent this year. This is far above the average year owing to the drought of the last three years, people are certainly to be commended.

Sixteen teachers of the Wellman Independent School attended the TSTA meeting in Meadow, Monday night. Those attending were Supt. and Mrs. J. T. Bryant, Mr. and Mrs. H. E. Stevens, High School Principal and Mrs. B. H. Baldwin, Mr. and Mrs. "Coach" Conwoop, Mr. and Mrs. Homer Jones, Mr. and Mrs. Lee Lyon, Mrs. M. K. Moore, Grammar School Principal Tommie George, Alton Maddox, and Ted Lanham.

Rev. Alvin F. Hamm, pastor of the Wellman Baptist Church, attended the Pastor's and Layman's Conference, which was held at Otis Smith, of Plainview, on Monday.

J. T. Bryant, B. H. Baldwin, and Tommie George attended the School Administrator's meeting, which was held in Lamesa, Saturday.

Mr. and Mrs. Hermon Day and family have moved to Wellman from Brownfield, and are living on the old Swinson place southeast of town, where the Leon Foots were living. The Leon Foots have moved into the Union Community, last Friday.

Mr. and Mrs. J. T. Tooms and family have moved here from Midland and are living on the Rousey place, southeast of town. They moved Monday.

Mr. and Mrs. J. E. White, of O'Donnell, along with their son, Willie White, and his family, visited in the Carmichael home last Sunday.

Mr. and Mrs. A. L. Christopher and Glenda visited in Brownfield with the Earl Cooks, Sunday.

Mr. and Mrs. G. D. Lee and daughters, of Lamesa, visited with Mrs. Lee's parents, Mr. and Mrs. Bob Little, last Friday and Saturday.

Wellman boys tied with Meadow and their playoff is also scheduled for tonight.

and Garland's family, of Amarillo, visited the M. H. Rich home over the week end.

Mr. and Mrs. W. M. Bolen visited in Meadow with the A. G. Maynards last Sunday.

Mr. and Mrs. Jack Byler, of Merton, Texas, visited with the Geo. Ingrams over the week end. Mrs. Byler is related to the Ingrams.

Mr. and Mrs. W. D. Runnels moved to Wellman from Brownfield last week and are living on the Hubby place north of town.

The FFA Boys and their sponsor, Mr. Homer Jones, went to the Fat Stock Show last Friday. They drove to Mineral Wells where they had reservations at the Baker Hotel, and Saturday went on to Fort Worth to attend the Fat Stock Show. They returned to Wellman, Saturday night to spend the night, and returning to Wellman, Sunday afternoon. Those making the trip were Mr. Jones, Bill Tom Goza, Alfred Tittle, Allen Wray Smith, Jessie Jenkins, Alvin Wesley Hamm, Robert Baldwin, Jerry Carmichael, Roger Bryant, Dan Neal, Otis Smith, Bill Elliott, Robert Womack, Claude Chambers, Ernest Lewis, Burkie Slaughter, Sammy McGuire, Edgar Ferrich, Beryl Parker, Gerald Jordan, Earnest Thornton. The FFA Chapter paid for all meals, show tickets, and furnished transportation to and from the stock show. The boys report a wonderful time.

Wellman Teams Win

Wellman girls won over Union girls, 58-26, in the Tuesday night 9-B basketball game played at Wellman. The girls tied with Meadow for 1st place and the playoff is scheduled tonight at Meadow.

Sue Burnett and Nina Dale Rich tied for high point girls for Wellman with 13 each, and Diana Gramme was second high with 10 points.

Union's high score winner was Jean Sargent, with 11 points, and Ann Gibson hitting 9 points.

Wellman boys won over Union, 35-29, with Gerald Jordan high score man with 13 points, and Darold Baldwin runner up with 8.

Union's high score was made by Preston Drake with 8 points, and Joe Pat McCullough scored 7.

Wellman boys tied with Meadow and their playoff is also scheduled for tonight.

Rites For Miss Hester Robinson, Wednesday

Funeral services for Miss Hester Robinson, a resident of Ropesville for 30 years, who died at 7:20 p.m., Monday, in Treadaway-Daniell Hospital, were held Wednesday at 3 p.m.

Services were held in the First Methodist Church of Ropesville, with the Rev. J. V. Patterson, pastor, officiating. Burial was in the Ropesville cemetery, under direction of the Brownfield Funeral Home.

Miss Hester apparently died of cerebral hemorrhage, attendants said. She had been found unconscious at her home about 2 p.m., Monday, and was rushed to the hospital.

Survivors include three brothers, W. O. Robinson of Corpus Christi, Guy of Edinburg, and Zack of Deming, N. M.; two sisters, Mrs. Erma Neville of Lytle, Texas, and Mrs. C. P. O'Bar of Hot Springs, New Mexico.

Who Expected Winter To End February 1st?

Well, who the heck expected winter's back to be broken on Feb. 2, even if the ground hog (not sausage) if any, had not seen his shadow? Anytime winter is over here on the baldies before the middle or last of March, maybe the 15th of April, you may kiss your mother-in-law in good grace. We have seen it cold as old get-out not six, not eight, but ten weeks later than Feb. 2.

So, we don't put much reliance in the ground hog, or maybe its the prairie dog in this section. Those little barkers will come out of a sunny day the middle of January and play around their dens. Money Price, however, brought a couple of them back from Pennsylvania one time when he was up there, but what happened to these real ground hogs, nobody knows. May have become unhappy and homesick for the old Quaker State, and went back home to Mamma.

Just to be certain, if we had any ground "haws" hereabouts, there was a good view of the sun, and a chance to make his shadow from early morn to sunset. Old Sol did his stuff all day.

LOCAL MAN GETS OUTSTANDING UNIT ROTC RIBBON AT TCU

Fort Worth—Windle Dean Murphy, of Brownfield, has been awarded the Outstanding Unit Ribbon by the ROTC Transportation Corps of Texas Christian University.

The ribbon was awarded for the academic year 1952-1953.

Murphy is a sophomore at TCU.

A graduate of Brownfield High School, is the son of S. T. Murphy, 707 E. Main.

MRS. BLOUNT DROPS IN TO RENEW HER PAPER

Then there was another one of the old time readers in to get her paper up a notch or two this week. Mrs. F. Q. Blount out Tokio way. We are always glad when these old timers or new timers either, drop in. Their very presence is cheering.

But the Blounts have been here quite some time, and have made the county some mighty good citizens, and they are much appreciated in their community, where their work will follow them.

Yep, Terry and Yoakum are grand old counties. Just has to be. Look who's here to guarantee them being top notch?

CARGILL HOME FROM TRAINING IN MARINES

Donald Ray Cargill is visiting his mother, Mrs. H. M. Cargill, we were informed this week. Donald Ray has been in training at the Marine Base in California, which he has finished. He has 20 days leave.

Of course he has no idea presently where he will be assigned for duty after his furlough. He may get to travel a bit in other seas and lands. Our good wishes go with him.

Herald advertising gets results.

Flags Are Available For Next Of Kin In Service Funerals

Austin—Next of kin of soldiers officially declared dead at the end of 1953, after they had been listed as missing in Korea for at least one year, may obtain a flag of the United States at the nearest Veterans Administration office or post office, Fourth Army headquarters said today.

A copy of the official notification of death must be presented at time of request.

It was explained further that when military personnel are buried outside the United States or remains are recovered or are recovered but not individually identified, the next of kin are entitled to flags.

When death occurs in the United States, or remains are being returned to the United States for internment, the military service normally supplies a flag, which is placed over the casket when the body arrives at the destination and is given to the next of kin after the funeral.

A flag may be obtained from the nearest Veterans Administration office or post office whenever a flag cannot be supplied by the military service in time for burial.

FFA on TV—Has New Instructor—Attends Stock Show

The two state winning Brownfield FFA teams were featured on TV at 5:53 p.m., on KCBD-TV, channel 11, Lubbock, Saturday.

Boys composing these teams are Senior team—Avon Floyd, Leon Willis, and Dixon Latham. Junior team—Kelly Mack Sears, Jerry Paden, and Max Miller.

Ves Hicks, ag teacher, was interviewed on TV Saturday of the previous week, and told about the forthcoming Ag Show, featuring BHS boys.

About 20 boys from Brownfield High's FFA chapter left Friday for the Fat Stock Show in Fort Worth, and returned Sunday. They made observation of the stock but did not show any in the competition.

Lester Buford, BHS former Ag teacher, has been replaced by Ed Dwyer, recent graduate from Texas Tech.

While he was in Tech, he majored in Animal Husbandry and was in the Aggie Club, Block and Bridle, Alpha Chi, and Alpha Zeta Clubs. He graduated from McClain High School in 1950.

Mr. and Mrs. Dwyer are living at 719B East Hill.

Mrs. Herman Chesshir, 1008 E. Tate, was in Lubbock, Monday, attending a Luziers sales meeting.

John Happ, of Brownfield, was in Lubbock, Tuesday, on business for the local Boy Scouts.

A flag may be obtained from the nearest Veterans Administration office or post office whenever a flag cannot be supplied by the military service in time for burial.

Moisture—If You Don't Go Too Deep

F. V. Adams of southwest Terry, who gets his mail on a route out of Seagraves, was in to see us recently to pry his paper up a couple of years. We believe he lives in the Willow Wells section, a mighty good farming area—when it rains. Got to talking about the heavy rains in October, and if still doing any good.

He has been breaking his land, and stated that where there is sand or soil that it is wet to the clay, yet. But not too deep into the clay now. What we need in this old country of ours, is enough rain this year to make that old clay subsoil a regular loblolly. Something like we received back in the good year 1941.

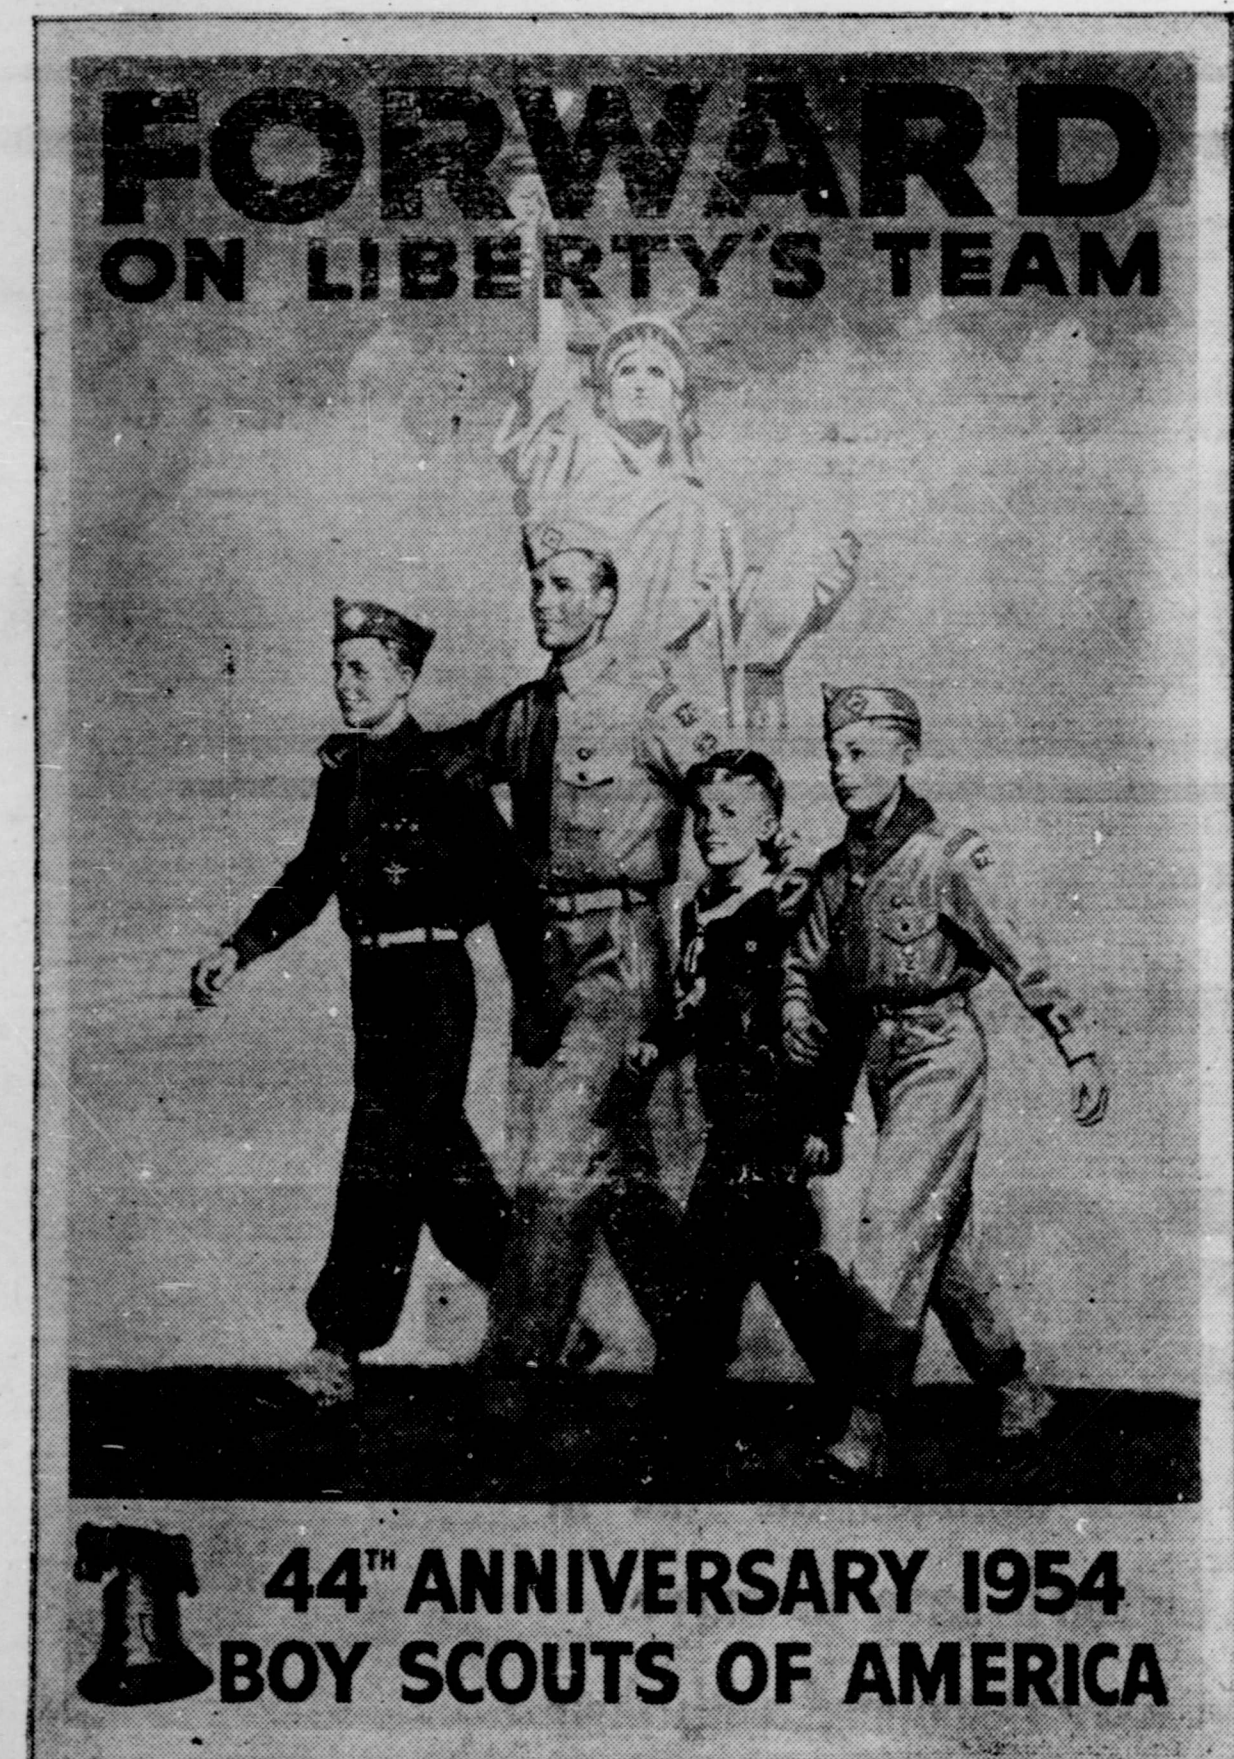

That is, 1941 was good until the 7th of December. Well, you know what broke loose at Pearl Harbor that day? Anyway Adams is hoping for lots of rain this year.

Mr. and Mrs. A. J. Lloyd, of Brownfield, are still in Kerrville, Texas, and plan to spend the rest of the winter there. They are living at the Take It Easy Trailer Courts.

Almost half a million shareholders own General Motors. More than 90 per cent of the owners are individuals but no one individual owns so much as 1/4 per cent of the common shares.

Put that Want Ad in the Herald.

CONGRATULATIONS And

OFFICIAL BOY SCOUT WEEK POSTER

The 44th anniversary of the Boy Scouts of America will be observed during Boy Scout Week, Feb. 7 to 13, by more than 3,300,000 boys and adult leaders. Since 1910 more than 21,000,000 boys and leaders have been members.

Boy Scout Week will highlight the "Forward on Liberty's Team" theme which seeks to produce a greater functioning manpower and provide a higher quality program for an ever-increasing membership.

In countless communities, Scouts, their parents, local institutions and public officials will pay tribute to the leaders of 89,000 Units for the contribution they are making to the boyhood of America.

THANK YOU, NEIGHBOR.

Stricklin Speaking

Dr. Gen. W. Cox, State Health Officer, advises us to stay away from folks that cough and sneeze. A hard row to hoe in winter, doc.

And we note in the Bolivar (Okla.) Bulletin that the schools of the little town of Middleton have been examined by educators from all over that state, and highly commended. Not only that, but the school was admitted as a member of Southern Association of Secondary Schools and Colleges, based upon its fine work.

That is our old home town, folks, although we attended school at a little one-teacher affair out at old New Hope. But presently the old New Hope kids attended the Middleton school, as well as numerous other one-room and teacher affairs of our boyhood, via school bus. It is the only school in the county with the SASSC rating. Even the county seat, Bolivar, is not a member. Rah! for Middleton.

Just learned that "tree surgeons" don't like to be referred to as "the big grafter" by their secretaries. And while on the subject of doctors, as we understand the matter, the sale of the Lubbock hospital to a church means no more city, county or state taxes. We believe church property is not taxable.

And we heard a pretty good one about a guy that busted into a store, and wanted to buy a mouse trap, "but hurry, as I have to catch the bus." "Sorry, says the proprietor, we don't carry mouse traps that large."

Oh! for pity sakes, just listen to the sport section headline writer for a nearby daily. Here's a few: Wayland staggers—Kangaroo baffle—Ropesville stomps—Denver City tips—Hale Center stops—Jay-Cee Slaps—Cooper overcomes—Cotton Center licks—Tulia trims—Taboka outcores—Brownfield beats—Ralls tramples—Lubbock raps—Sudan bruises. Slaton rips. Miners vanquish. Plainview mangles. Anton drubs. Shallowater whips, etc., etc.

L. R. Riney sprung a new one on us this week. He made the statement that coffee went higher during War I, than presently, at \$1.25 per pound. Not because of scarcity of the makings, as there was plenty in Central and South America. But there was too many Hitler submarines.

And while we are on the coffee subject, let us just remember in order to get better prices we curtail the production of cotton and potatoes, or plow them up, and let the taters rot and sell for fertilizer. We kill little pigs and

calves and dump fruit in the bay. Then we howl about taxes, part of which are used to bolster prices of butter until poor people can't afford it, and substitute margarine. Brazilians are just learning a few our stunts.

We wonder if the Q Man and the B'way Gal pined for interviews on the why, when and whereof concerning events of the day, during the absence of Sharley Guy. S. S. was, as you probably read, cruising with Uncle Sam's sky-pilots around the universe.

Yep, Sharley can tell you all about the air bumps and pockets from Podunk to Pumpkin Center, while cruising—at John Q's expense, no doubt. Talk about those Congressional junkets!

We never have been able to understand why a guy will always wind up a story about being hijacked with, "but they overlooked a thousand or two dollars, I had hid somewhere else, or in my pocket."

All the good such after thoughts appear to do, is to warn all future robbers to be more alert in the future, for new hiding places.

We note that one San Saba man writes to the Dallas News, and wants to know, "Why not an Association for the Advancement of the White People?" The San Saba man offer to pay dues of \$50, annually, supposedly toward such an organization. Well, why not. White people along with the Negroes might advance some, too. And we might get a lot of "liberals" down from the "noth" to tell us what to do and how to act.

Passing from the ridiculous to the more sublime, it was in June, 1904, 50 years ago, when the National Tuberculosis Society was first organized. At that time, TB was the leading killer in the USA, and many people believed the disease inherited, and not contagious. Presently, there are several diseases that lead TB in death rate, the leader being heart disease.

We have come a long way since 1904. At that time there were no state TB hospitals, and little isolation from well people was practiced. We are still crowded for room at our state sanitoriums, but there is a big improvement. We have found that rest in bed is one of the best medicines.

We have read some "pity" letters from writers over the state in the dailies we get; pity for the poor boys who turned "Reds" over in Korea. One such letter this week, was written by a Big Spring man.

Probably some have not heard that Army investigators have found that some 12 of these men were "informers" on their own buddies in order to get a stand-in with their cruel captors.

The Big Spring man went on to

BETWEEN CLASSES AND 'ROUND TOWN

with Jane Griggs

Back again to tell you all the news from up at high school.

How many of you have been going Morning Watch lately? Some of the more prominent people around BHS and town hold a devotional and songs and prayers are offered. It's open to everyone no matter what church you go to, or where. So be sure and come up to the Chorus Room next Monday morning at 8:30.

The big event for February was last Tuesday night (the athletic banquet) and with it the crowning of the football queen. Lots of secrecy and whispering kept it all wrapped in a spell of mystery, but at the banquet, Dona Pearl Hinson, member of the band, Spanish Club, and Sophomore student, was crowned the reigning queen. Dona goes steady with Richard Baggett and did not miss a single football game last season. Parilee Nelson, now at HSU, was last year's queen.

On the program as guest speaker, was Wade Walker, Line Coach at Texas Tech, and then came introduction of the queen's court and Cheerleaders, Coaches and the team. Donna Christopher, Rev. Bill Austin, Janel Bragg, and Barbara Eaves furnished the entertainment.

Daters for the banquet were Charlotte Green and Delbert Bradley; Barbara Chesshir and Lee Allen Jones; Virlene Sharp and Vernon Brewer; Patsy McAnally and Carl Moore; Linda Briscoe and Cecil Baker; Dona Hinson and Richard Baggett; Betty Cabbiness and Billy Thomason; Beverly Wartes and Jack Stricklin; Janie Dickson and Kelly Mac Sears; Kay Kessinger and James Szydoski; Patsy Teague and Nicky Greer; Bobbie Nell Richardson and Sammy Kendrick; Betty Faye Dawson and Eddie Howell; Connie King and Thomas Bartley; Sandra Collier and Jesse Scott; Betty Criswell and James Meeks; Beverly Bryant and Robert McIntyre; and Nancy King and Clyde Bragg.

Kelly Mack Sears is the Future Homemakers of America Club's Sweetheart. He was elected in a meeting recently by secret ballot of the members. His running mates were Ronny Swan, Ray Stockton, and Skeet Whitley.

Billie Dianne Stockton visited with Aline Powell this week. Billie lives in Oklahoma.

Dale Johnson and Shirley McDaniels are going steady now.

You should have heard some of the prose writing that Mrs. Carr's Lit. IV class wrote last week. Norma Butler's was the story of a witch named "Herselita" (I guess that's the way you spell it!). Some of the other characters in her story were just as bad sounding—she and Bev Wartes got the names out of a dictionary and they sounded perfectly horrible. Valda Petty's story was about mermaid queen who was captured by a monster and then, of course, her hero, Phabian, conquered the demon and won the fair lady's hand.

Barbara Whitaker is wearing J. W. Richardson's ring now. He's away in the service.

Some of the other daters lately have been Claudell Johnson and Leroy Little; Peggy Lilly and Skeet Moore; Billie Stockton and L. J. Williams; Aline Powell and Charles Honeycutt; LaDell Moore and Don Hampton; Karen White and Jim Fox (Don and Jim are both from Tech); Virlene Sharp and Sonny Curtis, of Meadow; Beverly Brown and Vernon Brewer; Janie Dickson and Chester Albert; Jean Sargent, of Union, and Lanny Webb; Yvonne Herring, of Union, and Macky Hord; Jo Ann Knight and Earlon McCutcheon; Mary Jo Gilley and Claude Montgomery, of Union; Dianna Adams and Ted Hardy; and Bonnie Horn and Glenn

state that physical suffering may have induced some to turn "informers" on their own people. And can anyone possibly guess what these poor boys the converted Reds spied on, suffered? They were starved, neglected, beaten, and some probably ending in death.

We are glad that only a handful of the thousands of boys who were captured by the Reds has anything but something nasty to say about their captors. The Big Spring man mentioned that we were safe at home coining money while these boys, including the turncoats suffered. Very few here in Terry County coined any money in the past two years.

A bunch of girls had a slumber party at Karen White's the night of the telethon. On the agenda was going to the preview and watching the Telethon on TV—they were all still up when Skeet Whitley gave his magician act at 4 a.m.—and making doughnuts. The only catch was that Karen's little sister, Kathy, had the chicken pox.

Ken Muldrow is visiting in Washington along with his parents.

Anyone that plans to enter the American Legion essay contest needs to get his writing of 300 to 500 words in soon to Mrs. J. D. Miller, so they can judge them and present the award at honor assembly. The three topics are "Sportsmanship Between Schools," "Improving Our School," and "Fighting Communism in Schools." Remember to get your entry in right away.

This will be the last column I'll write for two weeks, but my little Sis, Ann, will be writing the next two.

Bye.

20 BHS STUDENTS HAVE FEBRUARY BIRTHDAYS

Brownfield High School students who have celebrated and will celebrate birthdays in February are: Julia Marthelle Bagley, Gene Faris and Mary Jo Gilley, on the 2nd; Aline Powell on the 3rd; Judy

DE And Cubs Den Personalities Named

DE Personality of the Week, chosen by the Cubs' Den staff, is Doyle Criswell, senior student, employed at Loudermilk Cleaners. Doyle, whose nickname is John L. has brown hair, blue eyes, weighs 165, and is six feet tall.

The senior states his favorites as follows: food, fried chicken; color, blue; song, "Rage to Riches"; pastime, drinking orange drinks; sport, baseball; likes, DE; dislikes, Literature IV; ambition, beach comber; teacher, Mr. McIntosh; and class, solid geometry.

Doyle plans to go to college when he finishes school.

Staff Personality
Cubs Den Staff personality for the week is Sue Campbell, senior student at BHS.

Sue, who writes the Sue to Lou letter each week, has lived in Brownfield 15 years. She is 5 feet 3, weighs 110 pounds, and lists her favorites as follows: color, blue; food, pork chops; teacher, Mrs. Ella Mae Carr; class, journalism; sport, basketball; pastime, playing tennis and riding horseback.

Sue has been recuperating from a severe back injury and has just re-entered school.

Land on the 6th; Glenda Jones and Clara Jo Ray on the 8th; Connie King on the 4th; Warner Victory on the 12th; Jack Stricklin on the 14th; Lee Allen Jones on the 15th.

Yvonne Bullard and Gerald Jenkins on the 16th; Gene Henderson and Jerry Paden on the 17th; Chris Addison on the 19th; Norma Acker and Rosalyn Lewis on the 24th; Gail Armstrong on the 25th; and Shirley McDaniel on the 28th.

B'feld Cubs Knock Kermit, 47-45, Here

With only three minutes to play, Brownfield's Cubs pulled out of a tie, Friday night, with visiting Kermit for a 47-45 win, here.

Eddie Howell's 17 points and Robert McIntire's 10, sparked the winner's attack. Sharpneck, with 16, and Huckabee, with 9, scored for the losers. Halftime score was 20-18 in favor of Brownfield.

In the "B" game, Brownfield scored 51-50, with Phil Addison leading with 22 points, and Max Miller, 16, for the Cub reserves. Losers scored 22 points by James Turner and 12 by Vegil.

Girl Scout Council Slates March Events

Girl Scout Council meeting was held Tuesday, Feb. 2, at 8 p.m., with Virgil Crawford, presiding.

Announcement was made that Virginia Burgess, National Girl Scout field worker, from New York, will be in Brownfield, March 11 and 12. She will have a special meeting with the Girl Scout Council at 7:30 p.m., March 11, in the Girl Scout Little House.

Mrs. Bill Neel and Mrs. James King, of the Brownfield Garden Club were present, and presented the group a landscape layout of the Girl Scout House. The ground will be leveled, grass planted, vacant lot terraced down, and flowers and shrubs planted. This will be the Garden Club project for the year.

The Council is planning a Coffee this month for the leaders group, and at that time special awards will be presented to the leaders.

MARCH DRAFT QUOTA ONLY 985 MEN FOR TEXAS

State Selective Service headquarters have announced a March draft quota of 985 men, compared with a February call of 1,010 and a January quota of 1,314.

Brig. Gen. Paul L. Wakefield, state draft director, said this is the smallest monthly quota received in 19 months. The Texas quota in June, 1952, was 384.

Wakefield said approximately 1,000 men will be sent for physical examinations during March. No physicals are planned for February. About 4,000 men are under going examination this month.

The draft director said the state's 137 boards will receive their quotas by Feb. 1. Only about one-third of the boards will receive calls for physical examination.

Local boards must fill their March call with men 20 years old or older, if they have them. If necessary to reach its quota, a board may send 19-year-olds for induction.

Wakefield said only about 14 out of every 100 men inducted during January are under 20 years of age.

General Motors share owners live in every state and in many foreign countries.

And who can remember when dancing was frowned upon in most small communities?

more than a year.

Mrs. Ladd, Brownfield, suggested that an open house be held in the Scout House after all the improvements were completed.

Nine council members attended the meeting.

Eighth Grade Wins 2 Games; Lost One

The Brownfield Eighth Grade basketball team won two games and lost one, for a second place trophy in the Levelland Tournament.

In the first game Saturday morning at 9:30, the Cubs edged O. L. Slaton, of Lubbock, 34-33. Kenneth Cason scored an impressive 13 points with Jerry Don Huckabee making 9 points.

The Cubs met Ropesville in the semi-finals and won an easy 35-16 victory. Ellis Cox was high point man with 10 points.

Brownfield and Levelland met in the finals at 8:00 p.m. The Lobos won this final game, 35-24, leaving Brownfield in second place. Lloyd Merritt was high point man with 10 points.

Jerry Don Huckabee was chosen for the Eighth Grade All Tournament Team and was awarded a gold basketball.

The Ninth Grade was defeated their first game by O. L. Slaton, by a score of 40-37. Bobby Moore played an outstanding game and was high point man with 13 points.

PLEASURE BRIDGE CLUB A TMR. HAMILTON'S

Mrs. Jack Hamilton, 902 East Broadway, was hostess to the Pleasure Bridge Club, at 7:30 p.m. Jan. 26.

Mrs. George Germany placed high score, Mrs. N. L. Mason, second high, and Mrs. C. C. Primm won bingo.

Pie and coffee were served to Mesdames Herb Chesshir, Otis Lerner, John Odell, Lee Brownfield, Tom Harris, Mike Barrett, J. T. Bowman, George Wiess, Cecil Casey, Mason, Germany, Primm, and the hostess.

STILL GOING STRONG

The people of the area seem to appreciate our cutting the price of the Herald on account of the drought to—

\$1.50 per year

Until further notice we shall continue the rate in our TRADE AREA ONLY. You'll have to hurry.

We appreciate those who have responded with their renewals as well as the many new readers we have obtained.

As soon as conditions change, we aim to go back to the old rate of \$3.00 per year in the trade area, as we really lose money at \$1.50 per year.

Battle Against Disease

Nations throughout the world continue to press their battle against disease and epidemics. In this struggle, they have been assisted by the United Nations and specialized agencies of this organization. Penicillin plays an important role in this battle. The World Health Organization and the United Nations Children's Fund recently joined hands with the government of Yugoslavia in modernizing and expanding the only penicillin processing plant in this country. Shown above, girls bottling penicillin in a sealed, sterilized glass cabinet at the Zemun plant near Belgrade, Yugoslavia.

POOL NEWS

Mr. and Mrs. Roy Barrier and children spent a few days in Austin last week visiting her mother.

Mrs. J. D. Howard and Betty June visited with Mr. and Mrs. E. J. Duncan, Thursday, and Wilmoth Duncan went home with them.

Jackie Kennedy, of Meadow, spent the weekend with Dorothy Howard.

Mr. and Mrs. Dean Robertson and Dee Park, of Roswell, N. M., spent the week end with their parents, Mr. and Mrs. Sam Park.

Mr. and Mrs. J. M. Trussell ate dinner in the home of their daughter, Mr. and Mrs. Buster Trim, of Lubbock.

Mr. and Mrs. W. M. Joplin, Jr., of Lubbock, spent Sunday with his parents, Mr. and Mrs. W. M. Joplin.

Mr. and Mrs. Nelson Welch, of Levelland, spent Sunday with Mr. and Mrs. Sam Park.

Mr. and Mrs. Homer Dunn spent Sunday afternoon visiting her aunt in Plains.

Mr. and Mrs. W. M. Joplin and Mr. and Mrs. Elvise Duncan visited in the home of their daughter and sister, Mr. and Mrs. J. D. Rackler, Friday night.

HOSPITAL NEWS

Patients in the local hospital during the past week were:

Medical: Guy Nowlin, Mrs. J. P. Robinson, W. M. Wooley, Rita Mason, Mrs. Buddy Gillham, Bill Gray, W. F. Courtney, Mrs. S. Streetman, Ann George, Mrs. F. D. Crowder, I. R. Irvin, Selestine Gonzales, Cleveland Stephany, Mrs. E. L. Jackson, M. E. Patterson, Mrs. Cecil Bible.

Surgical: T. W. Caskey, Mrs. Burl Crossland.

Mr. and Mrs. Norwood Browder and two children, of Midland, visited over the weekend with his parents, Mr. and Mrs. Jack Browder, of Brownfield.

Sunday visitors in the home of Mr. and Mrs. Jack L. Browder, 901 A East Reppito, were Mrs. Browder's mother, Mrs. O. L. Bishop, and brother, Leroy Bishop, both of Levelland.

PLAINS NEWS

Mrs. J. P. Robertson and Mrs. Bob McCargo are patients in the Treadaway-Daniell Hospital at Brownfield.

Uncle Jim Morris is still confined to the hospital in Denver City and is reported not doing so well. Uncle Jim fell and broke his hip about two weeks ago.

Mrs. Clyde Hartwick was called to Stapp, Okla., to the bedside of her mother, Mrs. Crosby, who has been ill several weeks. Mrs. Crosby passed away Sunday, Jan. 23.

C. L. Billingsley underwent major surgery in Lamesa, Tuesday.

Mrs. J. T. McCullough is still a patient in Gaines Co. hospital. Her condition is reported about the same.

Bill Powell entered the Lubbock Memorial hospital this week, as a medical patient.

Mr. and Mrs. Jim Story spent last week end in Midland as guest of the Joe McLarens.

Mrs. Sanford Webber, of Floydada; Mrs. D. B. LaManse, of Farmington; and Mrs. Carl Casey, of Alamosa, Colo., are at the bedside of their father J. H. Morris, who is in the hospital at Denver City.

Mrs. Mollie Greer, who has been visiting her sister, Mrs. C. Copeland for several weeks, returned to her home in Milford, Sunday.

Mr. and Mrs. W. L. McClelland were in Levelland, Sunday, visiting with Mrs. McClelland's father, P. W. Strickland.

Tsa Ma Ga

The Tsa Ma Ga Study Club met Wednesday, Jan. 27, at the American Legion Hall with Mrs. J. P. and Mrs. Johnnie R. Robertson as hostesses.

An interesting program on "You and Your Health," was rendered. After the program, the group joined in singing "The Eyes of Texas, Our Texas," accompanied by Mrs. Cecil Courtney at the piano. A colorful refreshment plate, carrying out the Valentine theme was served to 28 members.

THE FORGOTTEN COIN

A nickel goes a long way these days—you have to go a long way to find something it will buy.

Some folks make a specialty of getting into trouble.

COLDS AND "FLU" ARE PREVALENT OVER THE STATE

Austin—Reports coming in from various sections of the State indicate that influenza is quite prevalent throughout Texas, according to Dr. Geo. W. Cox, State Health Officer. Colds, gripple, influenza or whatever we may call them are spread from person to person through discharges from the nose and throat.

To protect yourself and others from such diseases here are some of the things to remember: Influenza is highly infectious. Practically everybody is susceptible to it. No matter how many times you have had the disease you may contract it again. Therefore, keep away from people who are coughing, sneezing or who may be actively ill with colds, influenza or pneumonia. Keep away from the crowded places. Have your own towel; always wash your hands before eating and sneeze or cough into your handkerchief.

Keep fit by drinking plenty of water, eating simple, nourishing food and taking some out door exercise every day. Dress according to the weather; get plenty of sleep in a well ventilated room and keep the bowels regulated.

Dr. Cox warns that disastrous results may follow this disease if influenza cases are allowed to get about too soon. Persons convalescing from this disease are susceptible to other infections; so, if you are just getting over some illness return to your normal routine of life gradually.

Scholarships Given Journalistic Students

Austin—The University of Texas announces establishment of five \$200 scholarships, given by the George W. Brackenridge Estate, for freshmen planning to major in journalism.

First awards will be for the 1954-55 school year, according to notices sent to all Texas high schools so that graduating seniors interested in studying journalism at the University may apply for scholarships. Applications should be filed by March 15 on special forms, which may be obtained by writing to the Committee on Loans and Scholarship Information, Box 7994, University of Texas, Austin.

The George W. Brackenridge Scholarships in Journalism honor the memory of Colonel Brackenridge, for 50 years one of San Antonio's leading citizens and for 25 years a member of the University of Texas Board of Regents before his death in 1920. During his lifetime, Brackenridge himself was one of the University's principal benefactors.

Trustees of the Brackenridge Estate, all of whom are connected with the San Antonio Express Publishing Company, are Frank G. Huntress, president; Frank G. Huntress, Jr., executive vice president; J. B. McDaniell, Jr., business manager; and Leroy G. Denman, Jr., a member of the firm of Denman, Franklin and Denman, the publishing company's attorneys.

WE CONGRATULATE:

Parents whose babies were born in the local hospital during the past week:

Mr. and Mrs. Robert Eugene Moore, 419 South Third, on the birth of a daughter, Diana Gwyn, born Jan. 26 at 11:44 p.m., weighing 9 lbs. 4 ozs. The father is a clerk dispatcher for Frontier Salt Company.

Mr. and Mrs. David Eugene Brockman, 1212 Avenue M., General Delivery, Levelland, on the birth of a son, James Clifford, born Jan. 30, at 1:50.

Mr. and Mrs. T. M. Ward, 1306 Center Street, Brownfield, on the birth of a son, Jerry Dale, born Jan. 30 at 7:10 a.m., weighing 6 lbs. 4 1/2 ozs. The father is a trade operator for Frontier Salt Company.

SANTA FE'S NET INCOME

Santa Fe's net income for December, 1953, was \$11,147,640, according to a statement released by President F. G. Gurley this week. Net income for the twelve months of 1953 was \$77,185,997, compared with \$70,735,705 in 12 months of 1952.

Oscar Jones, student at Texas Tech, was in Brownfield over the week end, visiting his mother, Mrs. O. L. Jones, and relatives and friends.

Wheat quota tvote for 1954 is awaited.

New U.N. Stamp

This stamp, to be issued 11 February, will be the first commemorative stamp to be printed by the United Nations Postal Administration in 1954. The stamp, with its ear of wheat design, honors the work of the Food and Agricultural Organization. It will be the first U.N. stamp printed in two colors, gold on green background.

BACKFIE DANGEROUS

Hatred is like a shotgun with a plugged barrel—the backfire is more dangerous than the shot.

There's more hard work than luck in most success stories.

Naturally spanking doesn't help much in this soft-handed age.

Lubbock Memorial Hospital Accepted By Methodists

Lubbock—Northwest Texas Conference Methodists meeting at the First Methodist Church today, voted to accept ownership and operation of Lubbock Memorial Hospital and the Krueger, Hutchinson, Overton Clinic, by a vote of 190-45. Total assets are valued at \$4,490,943.21.

Action followed informal discussion of several years and negotiations which began last September.

Under the Hill-Burton Federal grant, the hospital received \$1,500,000 to construct the hospital to be operated on a non-profit basis. Hospital owners put \$1,231,197 into the plant, leaving a balance of \$850,000 to be paid by the conference on a semi-annual basis for ten years at 4 per cent interest rate. At the end of ten years, the balance of \$425,000 can be refinanced for such extended time as may be agreed.

Cost of the clinic buildings and equipment except that reserved by Dr. J. T. Krueger is \$909,746.21. Northwest Texas Methodists will assume the \$450,000 loan from an insurance company while doctors will carry the balance of \$459,746.21 as a second lien.

Audio-Visual Group Celebrates Its First Anniversary Here

First anniversary meeting of the West Texas Audio-Visual Association featured a panel discussion on methods and benefits of audio-visual education, held Jan. 26, in the Jesse G. Randal cafeteria.

Members on the panel, building coordinators from the local schools, included J. B. Curtis, Mrs. Marie Cornett, Delwin Webb, Miss Creola Moore, Joe Collum, and Miss Terry Moorhead. Curtis welcomed the group and Robert Burks gave the response.

The background of Westava was explained by Dr. Horace C. Hartsell, professor of education at Texas Tech.

A nominating committee, to select a slate for election of new officers, was named. The committee included Jack Clapp, Lubbock; Curtis of Brownfield; Noel Johnson, Abilene; Bill Boone, Littlefield; and Ed Todd, Plainview. The group will make its report at the next quarterly meeting in Levelland in March.

Westava will be responsible for an audio-visual section at the District 4 meeting of the Texas State Teachers Association in Big Spring, in April. It was announced by

Car-Truck Involved In Crash Near Here

A head-on car-truck crash three miles west of Brownfield, Friday night, left four occupants of the vehicles with cuts and bruises, but no serious injuries.

Driver of the truck, J. J. Smith, was treated for minor injuries at the local hospital, and released.

Three negroes, riding in the car, were also released after receiving first aid.

No charges have been filed and officers are still investigating the crash.

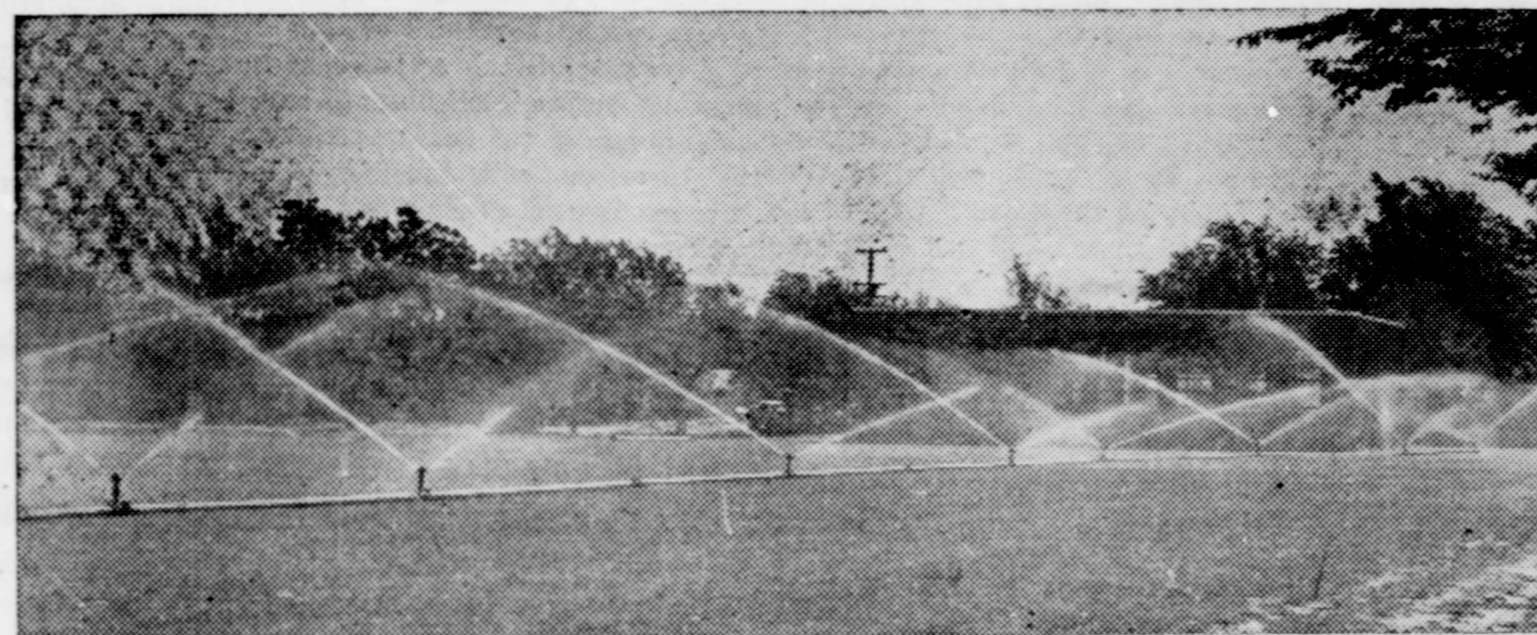

In 1953, 4,400 miles of steel tubing was used by Delco Products Division of General Motors in the manufacture of direct acting shock absorbers.

Tobe Reed.

Forty six persons attending were served a steak dinner and birthday cake. Towns represented were: Lubbock, Slaton, Abilene, Loop, Sundown, Littlefield, Plainview, Levelland and Brownfield.

After the meeting, the group inspected the dark blue denim blackout curtains in the Randal building. The curtains, made and put up by the Randal PTA, are in every class room of the building, to aid in the showing of films.

Plenty of Moisture in 1954? YOU CAN BE SURE OF IT IF YOU IRRIGATE!

1954 MIGHT be the year we will receive the right amount of moisture at exactly the right time. BUT DON'T DEPEND ON IT! If you have been planning the installation of an irrigation system, by all means, carry on through with your plans. What better crop insurance could you ask for than an irrigation system standing by ready to take over during the dry periods?

FOR OVER a quarter of a century, J. B. Knight Company has been serving the farmers of Terry County. From the beginning, we have studied climate and soil conditions of this section. Our representatives have traveled over the country to study the operation and maintenance of farm machinery. We are fully equipped to take care of your entire installation—from planning to completion—and we will be here at all times to give you prompt and efficient servicing of your equipment at all times.

BE SURE YOU GET ALL OF THIS WHEN YOU BUY YOUR IRRIGATION SYSTEM:

- GOOD ENGINEERING properly planned for your available water supply and with full consideration given to the location of your wells and maximum contour and character of your land, load.
- GOOD SERVICE season after season, combined with an absolute minimum of costly replacement and breakdowns showing up when equipment is in use and time is a vital element.
- WELL ESTABLISHED LOCAL DEALER with a long-standing reputation for standing behind the products he sells and for maintaining a staff of adequately trained service men, who are immediately available to get your equipment back in operation in the event of a breakdown.
- MANUFACTURED BY SUBSTANTIAL COMPANY, backed up by years of experience in the irrigation field, ever alert to changing conditions and geared to go into rapid production of improvements and new developments.

All of these advantages are yours when you buy your AMES irrigation system from J. B. KNIGHT.

IN 1841 AN ARTIST DREW A DESIGN FOR AN AIRSHIP WHICH NEVER FLEW. IT WAS CALLED THE "GREAT STEAM DUCK."

SERVICES FOR TOM REED HELD IN TAHOKA TUES.

Funeral services for Tom Reed, 59-year-old Brownfield police officer, who died Monday morning in Treadaway-Daniell Hospital, were held at 2 p.m., at Tahoka, Tuesday.

Tahoka. He was a veteran of World War I and a member of the Calvary Baptist Church, here. Survivors include the widow, of Brownfield; four daughters, Mrs. Marianne Minshew and Miss Wynona Reed, of Brownfield; Mrs. Jeanie White and Mrs. Lula B. Carpenter, both of Tahoka; two brothers, O. T. Reed, of Amarillo, and the Rev. O. N. Reed, of Great Bend, Kansas; and a sister, Mrs. J. S. Stuart, of Tahoka.

KING ATTENDING FARM BUREAU MEET IN GA.

H. L. King, of Brownfield, recently elected State Director from District 2 of Texas Farm Bureau, is among officials from 13 states attending the Southern Regional State Board of Directors meeting in Atlanta, Ga. The sessions began yesterday and will continue today (Friday) with Farm Bureau leaders planning a vigorous public execution campaign.

resolutions process from the committee to the national level. Texans attending the Atlanta sessions are: President J. Walter Hammond, Tye; Vice-president C. H. DeVaney, Coahoma; and Directors Stanley Garnett, Spearman; H. L. King, Brownfield; Loys D. Barbour, Iowa Park; Hoyt Gaston, Waxahachie; Edwin Sanderson, Paris; B. J. Gist, Abilene; S. W. McClaren, Cameron; T. H. Hughghins, Alto; H. C. Brinkoeter, Beeville; R. A. Fuchs, Brenham; and Howard Wright, Weslaco.

New Members CofC Board of Directors Elected This Week

Joe Christian, Western Farm and Ranch Store; Marion Bowers, Bowers Butane; J. T. Hoy, Hoy Flowers; J. E. Smith, Smith Machinery; B. F. Hutson, Pioneer Natural Gas; and C. C. Primm, of Primm Drug, were elected by the members of the Chamber of Commerce to serve as Board of Directors members for a three-year term.

The committee that counted the ballots reported over 55 per cent of the membership voted in the election, and that almost the same

Some Roses And Several Brick Bats

Dear Readers: In last week's Herald my friend and brother, the Old He, handed Mrs. Ribble and me several bouquets, which were duly appreciated, but hidden among the roses were a few brickbats, which the Mrs. and I can't exactly enjoy. Why the Old He intimated that we had been around for about four score years. Seeing as he himself has been around here "since the Canyon was dug," he must be trying to intimate that he is a young-un, himself.

CofC Questionnaires Call For Many New Projects For City

The Chamber of Commerce questionnaires returned thus far express an interest in industry and an increased payroll; a community chest; a trade at home campaign; a city-county park; and a youth center or YMCA, with supervised recreation program. Others expressed the need for improved parking conditions either meters or spaces for employees of businesses to park on vacant lots near the square. One return stated that a 10-inch rain was most needed for Brownfield and the CofC agreed. But someone else is in charge of rain. We can ask Him!

Street markers were requested, but the City Commission is one jump ahead, and markers for almost all streets are on the way. Many more questionnaires and ballots are expected from members this week. The ballots submitted by the nominating committee are for the election of the Board of Directors of the Chamber of Commerce, and the questionnaires are for the directors to form a program of work.

A Citizens Traffic Commission has also been a demand of the public and has received the approval of both City and County Commissions, and the Police Department. The Chamber of Commerce took the project and has almost completed the organization of the county wide safety program. The committees and executives will be notified soon for the first meeting. The Chamber of Commerce, Board of Directors have authorized the project and Grady Elder will serve as chairman of the commission. The Police Department is composing statistics, and clubs and organizations throughout the county are preparing for the first meeting. The Chamber has applied for membership in the National Safety Council, for Brownfield.

Mr. and Mrs. J. W. Nolen and family are new residents of Brownfield, having moved here this week from Los Angeles. They are living in their trailer house at 208 Tahoka Road.

Miss Barbara Stice, senior student at Texas Tech, was home over the week end, visiting her parents, Mr. and Mrs. O. L. Stice, 620 E. Tate. She and Bill Green, of Brownfield, visited, Sunday, with Mr. and Mrs. Richard Kendrick in Bandera, Texas, where they were met by Robert Bowers, University of Texas student, and Miss Renay Thratcher, of Dallas.

Jerrell Rowden, Orville Miller, and Glenn Sargent, all students at Abilene Christian College, were home over the weekend, visiting relatives and friends.

Mrs. Otis Lewis, of Plains, was shopping, Monday in Brownfield.

TERRY GETS--

County side of the Prentice field in northwest Terry. None in Yoakum County, Prentice or elsewhere. But both Terry and Yoakum each got three new locations.

The new well was the Honolulu Oil Corp. 1-CA Ella Covington, in section 21, block D-14, finished at a depth of 6,700 feet. The well pumped 105 barrels daily of 29 gravity oil, no water.

The new locations in Terry and Yoakum counties are as follows: Terry County

Prentice-6700 — Tennessee Production Co. 11 C. B. Townes, section 22, block K, PSL Survey, 5 1/2 miles north of Tokio. Rotary to 7,500 feet, at once.

Prentice-Honolulu Oil Corp. 14-B Alexander, Section 18, Block K, seven miles north of Tokio. Rotary to 6,100 feet, at once.

Prentice-6700 (Amended to deepen)—Honolulu Oil Corp. 13-B Alexander, Section 18, Block K, seven miles north of Tokio. Rotary to 6,900 feet, at once.

Yoakum County Brahaney-Conroe Oil Corp. 1 E. D. Webb, Section 445, Block D, John H. Gibson Survey, 4 miles southwest of Plains. Rotary to 5,300 feet, at once.

Prentice-6700 — Honolulu Oil Corp. 1-D Alexander et al. Section 323, Block D, six miles northwest of Tokio. Rotary to 7,000 feet, at once.

Prentice-Tennessee Production Co. 11 J. E. Wright, Section 13, Block D, five miles northwest of Tokio. Rotary to 7,500 feet, at once.

LOCAL SCOUTS--

(Continued from Front Page) and provide a higher quality program for its ever-increasing boy membership.

The anniversary is to be observed by 89,000 Units in all parts of the nation, its possessions, and also in other parts of the world where American families reside.

A principal activity of Boy Scout Week will be paying tribute to the volunteer adult leaders of the 89,000 Units for the contribution they are making to the boyhood of the nation.

"The Boy Scouts of America is one of the largest volunteer adult education or training groups of the nation," said Dr. Arthur A. Schuck, the Chief Scout Executive. "Almost 200,000 of our leaders took training courses in Scouting and leadership techniques last year."

When the Boy Scouts of America was incorporated in Washington, D. C., on Feb. 8, 1910, it was founded as the voluntary movement it still remains. Dr. Schuck said there are now 860,000 Scouts "who take time from their own careers to give service in Scouting in order to help their communities do a better job of building citizens."

"Scouting belongs to the American people who have made it possible," he continued. "This is thoroughly in accord with our democratic ideals and the American way of life. As a voluntary movement, its doors are open to every boy of every race and religious belief who wants to come in. It is dependent upon men who care enough about boyhood and American institutions to volunteer their time in Scouting."

Recognition of the leaders of the 89,000 Units of Scouting will take many forms. Generally, the Cub Scouts, 8, 9, and 10-year-old members, who follow a home-centered program in their homes and backyards, will honor their Cubmasters at "Blue and Gold Banquets." Many will present small, useful gifts they have made in appreciation for their leadership. A Cub's dad or mother will speak for the other parents. There are about 30,000 Cubmasters.

Boy Scouts who are 11 to 13 years old will have "Open House" evening meetings at which they will introduce members of their family to fellow Scouts. Former Scouts will be welcomed and pay tribute to the Scoutmaster. Many Scouts will present handicraft items to their Scoutmaster. Parents will speak on the wholesome benefits their sons get through the Troop. About 48,900 men are Scoutmasters.

Explorers are members 14 years of age and older, who follow a program of adventuring in the open; getting along socially with others; being of service to others and exploring lifework possibilities. Many will hold a "progressive party." Meeting in the home of a Post Committeeman, they first present corsages to their young ladies. Fruit juice cocktails and canapes are served at the first home. A salad course, served buffet style, follows at the home of another Committeeman. Small gifts for the ladies are presented in the name of the Explorer Post at the third home. The main course follows at the fourth residence with all Com-

mitteemen and their wives serving. At the fifth home there is dessert and a "thanks a million" gift from the members to the Post Advisor and his wife. In many instances the Explorers themselves will be hosts at their homes to the "progressive party." More than 10,500 men are Explorer Post Advisors. Boy Scout Week is the largest annual single observance by young citizens. Since 1910 more than 21

million boys and men have been identified with Scouting, and local, state and national leaders share in observing how the program has indeed become an important element in community living. Public demand for power steering has made necessary the construction of a new plant of over a half million square feet by the Saginaw Steering Gear Division of General Motors.

Had a Look-in On The New Stell Store

While sashaying around the burg, Wednesday afternoon, we called at the new Stell General Store, down on West Main, located where the Hillside Grocery was for several years. But there has been so many changes, so much re-decorating, you'd hardly recognize the place.

And after getting on the inside the place is not just a rumble and jumble, like too many stores out of the heart of the business area, but it is really attractive, and a nice place to do your trading, quietly.

And if you are there, don't forget to register for some of the prizes to be handed out this week end.
