

Herald Had Another Threatening Letter, From Coke Company

Had a very amusing letter from the Press Council of the Coca-Cola company up at big Gotham this week, enclosing a clipping in which their drink was served at one of the many Brownfield "Hen Parties," and the drink mentioned as "coke." Now those folks want the word capitalized, if you just use the word, Coke, not coke. And they dislike a pluralization, such as cokes or Cokes.

Well, Mr. Council, down here in Texas, we call a lot of things by peculiar names, a farm animal is "that brute," and sometimes we call a human "that bum." A Texan is called a Tall Tale Texan, and this old reliable paper is called "The Rag," the "Sheet," the "Head-ache," and what have you. In fact, Mr. Council just ought to step off down here in Texas some time, and try his hand on telling Texans how to talk.

But what made the idea really funny to us, was that the very word the company so strenuously objects to, was used in the Lubbock evening paper the day we got the threatening warning, using the word "coke," in telling what the different Germans said, who are presently visiting in the USA to learn American ideas and methods. One of the party was asked what he liked, and his reply was the color printing process in the daily newspapers, and the "coke machines." Will their wrath fall on those German visitors?

Now just wait until the Coca-Cola Council get on, Sharley, Shurnal Guy's paper. Watch the fur fly. In closing, we will just ask the owner of that product why they don't use a little paid advertising to tell ignorant Texans what to call their product.

P. S. Texans even speak of one of the Coke's competitor drinks, Dr. Pepper, as "pepperupper."

So, Brownfield Is Ahead of Lubbock, Once Anyway

Up there at Hubbock, to hear those gents tell it, they are just about three jumps ahead of anything and everything on top side of this mortal sphere. But recently the Evening Journal came out with a special article, headed "First In Lubbock; 1906 Paper Shown Here." Well, that's not so old! In fact this old reliable had been going on some three years at that time. From December 4, 1903 at Gomez, and from June, 1904, at Brownfield.

A lady way out in California by the name of Phigen (yep, the "h" belongs in the name) had sent in the information. Her dad had lived in Lubbock in the early days, and had given her the old paper, The Leader, the front page being pictured in the Journal. But we have an idea there is a misq. some place.

Some 45 years ago, this summer, in 1909, we went up to Hubbock, then just plain Lubbock, and went into Uncle Jimmie Dow's Avalanche office, and Mr. Dow gave off the appearance that he and the weekly Avalanche had been there since old Heck was a puppy. And then there was a matter of some time that a man by the name of Dillard ran the Avalanche even before Uncle Jimmie got up there.

We've got nothing against a youngster like The Leader, but we wonder if the Avalanche-Journal Publishing Co. has no ancient copies of the Weekly Avalanche? Course the daily is only up in its 30ties, still a spring colt.

It appears to us that the Weekly Avalanche would be as old or perhaps older than the Leader. One note stated there was some news from Lynn County in the issue. Well, the Lynn County News at Tahoka is about the age of the Herald, so old Lynn had its own paper in 1906.

SOME REAL OLD TIMERS—Here, folks, is a picture that showed the "Tin Lizzy" up in all its glory. Some of the folks you will not know, if you have been here less than 35 years. If more than 35 years, you perhaps have known all of them. This photo was taken before the addition building was added to Tudor Sales Co., then the Ford agency, now Buick. From left to right, the men and boy are, "Curley" Gamble, mechanic; P. M. (Big Boy) Williams, Yoakum County rancher; Joe Joplin, who at that time drove the mail car from Lubbock to Brownfield; W. B. (Red) Tudor, and Ralph Wooley. The two children are boy and girl, Irene and J. W. Williams, children of P. W. Williams. J. W. passed away a few years ago; Irene lives in California. Photo was made late in 1920. On the 7th of March, Tudor Sales Co. celebrated its 35th anniversary in Brownfield.

SPRING REVIVAL OF 1ST BAPTIST CHURCH BEGINS SUNDAY; 21ST

The Spring Revival of the First Baptist Church of Brownfield will begin this Sunday, March 21, and continue through Sunday, March 28. Jones W. Weathers, pastor of

Dr. T. A. Patterson

the church, issues a cordial invitation to the people of Brownfield and neighboring communities to attend the services and hear Dr. T. A. Patterson, pastor of the First Baptist Church of Beaumont, who is to be the Evangelist for the Revival. Dr. Patterson is one of Texas Baptist outstanding pastors and preachers. He has been prominent in Texas Baptist work for several years. Services will be twice daily at 10:00 a.m. and 7:30 p.m. The nurseries of the church will be open for each service. Ed Rogers, music director for the church will be in charge of the music for the revival. Plans for the Revival call for daily visitation by the men and women of the church and daily family prayer by the families of the church.

In the past few months, the music program of the First Baptist Church of Brownfield has been

'54 SCHOOL CENSUS NOW NUMBERS 2,198

The 1954 school census has 2,198 white, and 72 colored students listed, according to Mrs. J. B. Curtis, assistant census taker.

Number of high school age students registered and ages, are: Age 14, male, 91, female, 81; age 15, male, 80, female, 78; age 16, male, 69, female, 75; age 17, male, 67, female, 62.

Gene Gunn, of Brownfield, was in Oklahoma City, Thursday, on business.

Rev. Jones W. Weathers

sists of about twenty-two members.

Once each month, the Carol choir presents the special music at one of the worship services of the church. They will participate in a choir festival later in the year and are to appear on television during the month of April. The Primary choir, known as the Cherub choir, is under the direction of Miss Avenol King. They are newly organized and will soon make their initial appearance before the church congregation. This week a new choir is being organized for the Beginner age group, four and five, and will be called the Celestial choir. This choir will be under the direction of Mrs. Ed Rogers. These choirs meet each Friday at 4:00 for rehearsal at the church. In the near future, plans call for the organization of an Intermediate choir or ensemble and perhaps a Youth choir. Jones W. Weathers is pastor of the Church and Ed Rogers is Minister of Music.

EXCHANGE REVIVAL AT MEADOW STARTS 21ST

The Meadow Methodist Church will begin their exchange revival, on Sunday, March 21, with Rev. Ray Elmore, from Woodson, as preacher for the services. This is an exchange of preachers with Stamford District. Meadow's district was there in February.

The Church is expecting great numbers to attend and everyone is invited.

Morning services will be at 7:30 a.m., and evening services at 7:30 p.m., March 21-26.

8 MORE ENTER BABY CONTEST

As the Gold Star Baby Contest enters the second week, eight more local tots have "tossed their hats into the ring" as contestants for the \$100 grand prize and the right to wear the title of "Brownfield's Gold Star Baby of 1954."

Entering the contest this week are: Larry Paul Snyder, son of Mr. and Mrs. W. D. Snyder; Debbie Sue Bogert, daughter of Mr. and Mrs. Wm. M. Bogert; Jimmie Don Cousineau, son of Mr. and Mrs. Jim Cousineau; Peggy Lee Smith; daughter of Mr. and Mrs. Bernarr Smith; Joe Mark Moorhead, son of Mr. and Mrs. H. D. Moorhead; Mike Copeland, son of Mr. and Mrs. Lal Copeland; Vickie Lee Wilson, daughter of Mr. and Mrs. Bill Wilson; and Larita Renee Wynn, daughter of Mr. and Mrs. Bob Wynn.

Thursday Midnight, March 25, has been set as the deadline for entering the contest, but parents wishing to have their child's picture appear in next week's issue should turn the picture in at the Herald office not later than Tuesday afternoon.

The Herald has been designated pick-up station for votes, which are determined by number and type of bottle caps turned in according to schedule in ad appearing elsewhere in the Herald. Caps should be placed in a sack or other container with the name of the child for whom the votes are intended printed thereon.

Powell - Kilgore Milk & Ice Cream of Lamesa, distributors of Gold Star Milk and sponsors of the contest, are also offering a month's supply of Gold Star Milk as second prize.

Cubs Golf Team Takes Littlefield

Brownfield Cubs Golf Team took their second practice game of the season last Tuesday, with a win over Littlefield, 11-2 to 6-1-2, at the Brownfield Country Club.

The first few games will be practice games, until the boys begin to shoot consistent golf, then they will start off the regular season.

Listed below is a record of the Littlefield practice game:

Name	Shot	Pts.
Jeff Chesshir	89	1
Jeff Goble	85	2
Mike Hamilton	92	2
Ted Hardy	94	2 1/2
Sammy Kendrick	98	2 1/2
Don O'Neal	88	1 1/2
Total		11 1/2

Kiwanis International Wins Freedoms Foundation Award

The Support of Churches activities of the Kiwanis Club of Brownfield, in conjunction with similar work done by other Kiwanis clubs across the continent, have been recognized by a Distinguished Service Scroll and a \$50.00 cash award by the Freedoms Foundation, J. C. Powell, club president, has announced.

This award was won by Kiwanis International in competition with hundreds of entries to the awards juried by the Freedoms Foundation of Valley Forge, Pa. The Freedoms Foundation Award gives to Kiwanis the distinction of being recognized by this organization for the fourth year for its meritorious community services. The Foundation is a non-profit, non-political, and non-sectarian organization that is actively working to promote more personal participation in citizenship functions and the furthering of the American way of life.

Kiwanians firmly believe that in the church lies the strength of the country, the community and the individual, and their Support of Churches program is dedicated to

(Continued on Back Page)

Considerable Highway Construction in Area

In what is hoped to be of considerable help to farmers who have had crop failures for the past two years, is considerable highway construction in this area. And it is hoped that much local labor will be used in this work. The sum of \$102,482 will be used in Terry County on the rebuilding of F-M roads 33 and 2066.

In Hockley County, a big face-lifting job will be done on Highway 290, from Levelland to the Cochran County line, costing \$280,880. And in Garza County, \$227,038 will be used from Post east, on 380, in a rebuilding job.

From what we can gather from reports of trips of county officials in this area, who have been to Austin, some other construction will be announced later.

CONTRACT LET TUESDAY TO LUBBOCK FIRM FOR 12 MILES TERRY FARM ROADS

Bids were opened Tuesday in Austin and the contract let to Jones Construction Co. of Lubbock, for 12 miles of construction work on Terry County farm-to-market roads, according to Co. Judge Herb Chesshir. Included in the contract were 9 miles on the old Levelland road, north from the Lubbock highway and 3 miles to connect the Gomez road and Seagraves highway.

Chesshir reported that a letter received Wednesday, from the Santa Fe Railway Co., stated that deeds are being drawn up concerning the right-of-way on US 62 at Challis and Meadow, and he said the company seemed very agreeable.

Still to be settled are cases involving the Magnolia Camp, which has promised full cooperation, and the Rig Drive-In Theatre. A condemnation Court met last week but the outcome is still pending.

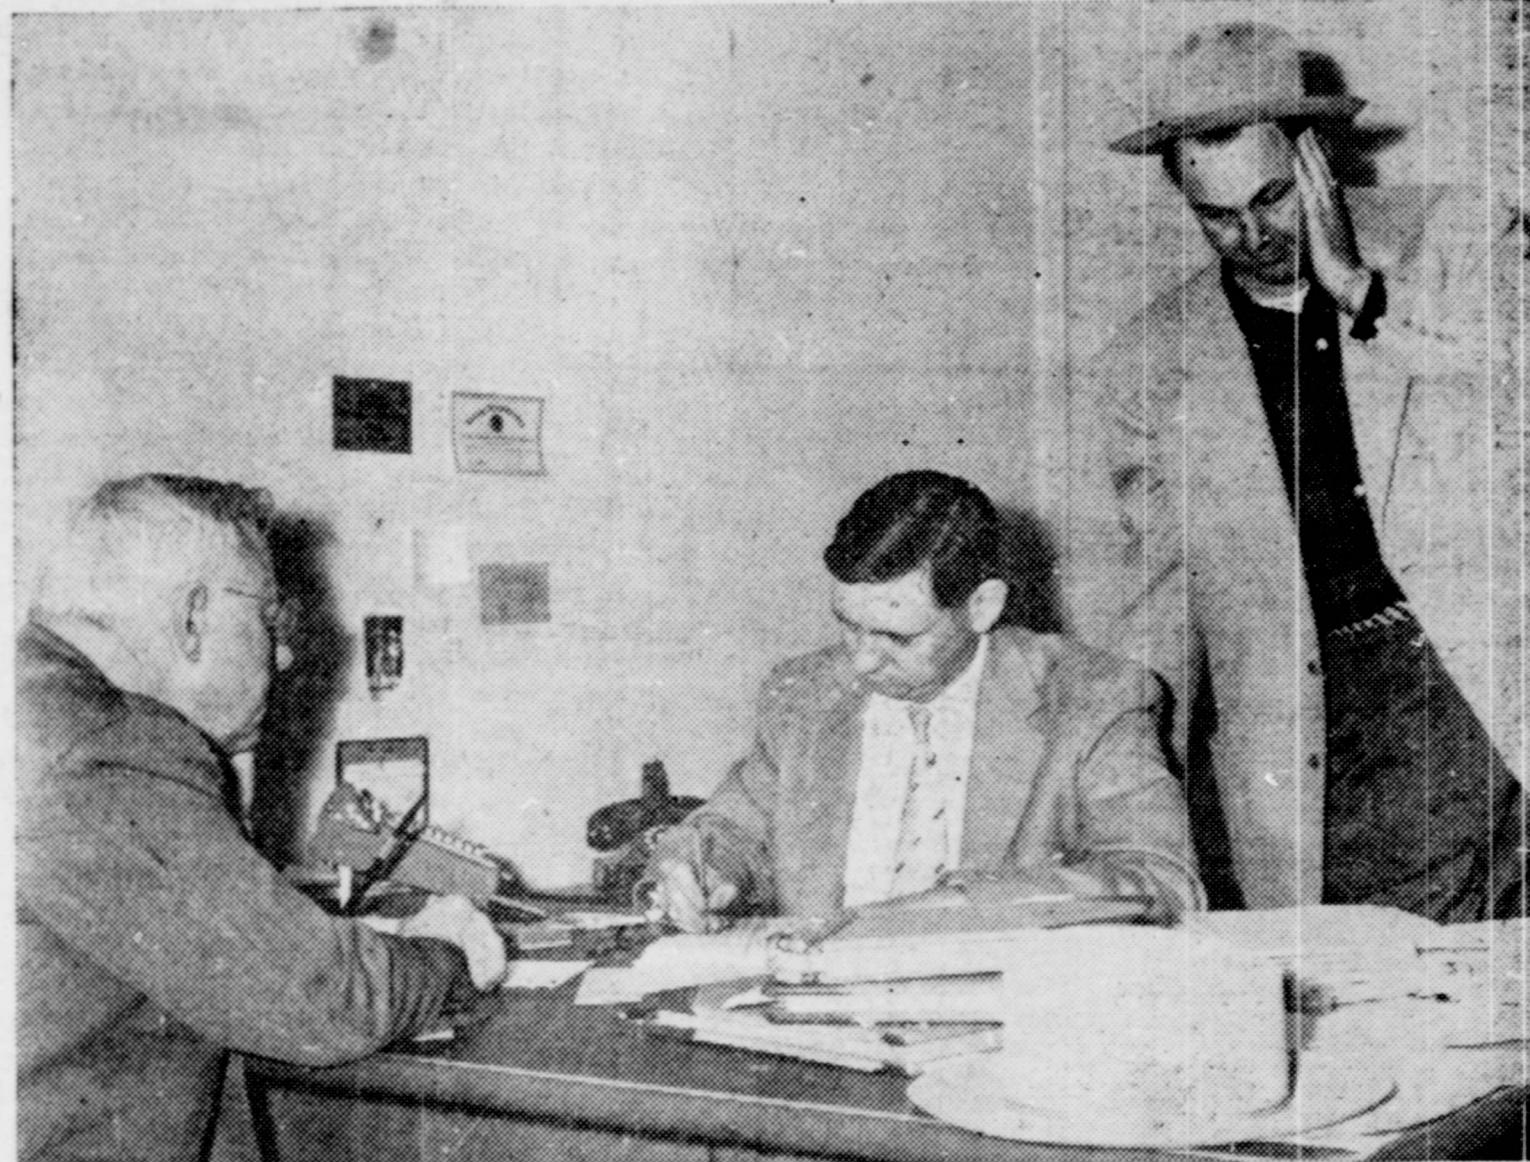

Chesshir said that agreement had been reached with the Western Cottonoil Mill, and no trouble is expected in securing the remaining area needed.

NUMEROUS ACTIVITIES SLATED FOR DIST. 19 LEGION MEETING HERE

General session of the 19 District American Legion Convention to be held here April 3-4, is slated Sunday morning, April 4, at the high school gym, and will be presided over by National Commander Art Connell.

A commander and adjutant's breakfast will be held at 8 a.m. Sunday, at Nick's Cafe.

Activities slated for Saturday include a National Guards, 40-8 gathering at 6 p.m., at Nick's Cafe, when a dinner will be served to members from Lamesa, Levelland, and Brownfield. A parade, starting at 2:30 p.m., April 3, from the high school, will feature local business floats, and Sheriff's posse

OHHH, MY ACHING—POCKETBOOK, was the general opinion expressed over the nation on March 15, when all income tax reports were due, along with payment of the filthy lucre, diners greenbacks, or just plain ole US currency. The situation was the same in Brownfield as any other town—everyone moaning and groaning and wishing that they had started compiling their report the day after New Year's. Shown above in the Merriman and Thomas office during the last minute rush, are, left to right, Rev. Uel D. Crosby, Hugh Thomas and Jack Shirley. From the look on Shirley's face it is quite evident that he must have brought Rev. Crosby along for moral support. (Staff Photo.)

BISHOP PLACES FIRST AT LUBBOCK SHOW

Jack Bishop, of Brownfield, won first in the light weight division of fat Berkshire Barrows, at the Tuesday judging of the South Plains Junior Fat Stock Show, held at Lubbock.

Other boys entering Berkshire Barrows were Addrin Jones and Danny Andrews.

TAGS ISSUED TO DATE; DEADLINE MARCH 31

Up to Wednesday afternoon, 1,434 auto license tags had been issued by the Tax Collector's office, according to Don Cates. Approximately 3,500 remain to be sold.

Cates reminds all vehicle owners that deadline for purchasing tags without a penalty is March 31.

McCLUNG TO PREACH IN GOSPEL MEETING

CRESCENT HILL CHURCH OF CHRIST WILL SPONSOR EVANGELIST WELL KNOWN HERE

CITY COUNCIL REQUESTS HIGHWAY EXTENSION

City Council met last Thursday and passed a resolution requesting the State Highway Department to widen the pavement from Ninth Street west to 14th Street on Highway 380.

The city agreed to put curbs, and gutters if the highway department would provide wider pavement.

At present the pavement is about 50 feet, and it will be widened to 72 feet, if the highway department accepts the offer. In the widening procedure, the dip immediately west of the railroad, on the highway will be fixed.

RICHARD RIDGWAY RANKS IN UPPER 5 PER CENT AT TECH COLLEGE

Richard Ridgway, son of Mr. and Mrs. Weldon Ridgway, was among

The members of the Crescent Hill Church of Christ are inviting the people of the town to join with them in a week long study

Paul McClung

of the Bible, beginning on Sunday morning.

Brother Paul McClung of the Tenth and Broad Church of Christ, Wichita Falls, Texas, is the preacher during this series of studies. Brother McClung needs no introduction to the greater part of the people of Brownfield. In 1949, he preached in such a series here. He has served the churches of Plainview and Lamesa for the past ten or twelve years and the length of his stay is an indication of his ability and of the love on the part of the people for him.

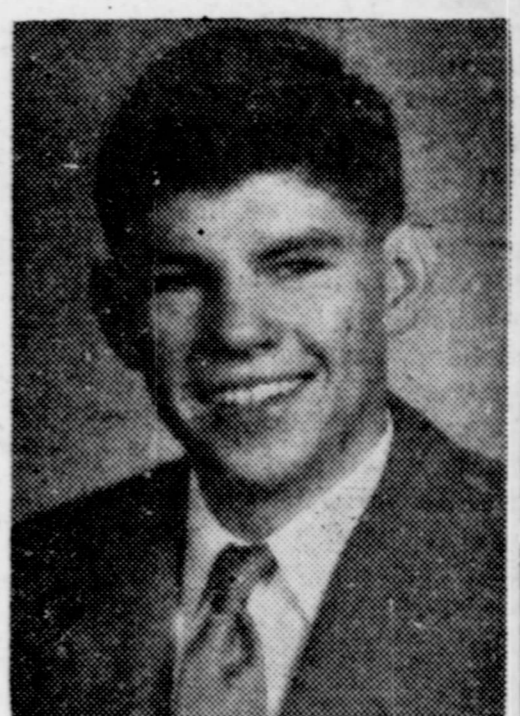

The gospel will be preached in love, simplicity, sincerity and truth. Any question bearing on the Scriptures will be welcomed and will be answered according to the truth found in them.

There is only one purpose behind this meeting and that is the salvation of souls. If you are interested in knowing the will of God concerning your soul you are urged to hear this man.

Congregational singing will be under the direction of Tommy Hicks, a deacon of the church and the regular director of the praise service. The dates for the series of meetings are March 21-28. The time: 10:00 each morning and 7:30 each evening each day.

"The gospel is the power of God unto salvation." Romans 1:16. You are cordially and urgently invited to attend these study periods.

The church building is located on the Lubbock road across from McNutt's motel.

Richard Lee Ridgway

students honored at the annual Texas Tech Recognition Service, held Wednesday, March 17, at 10 a.m., at Lubbock.

Richard ranks in the upper 5 per cent of the student body of more than 5,400 students, at the close of the fall semester. The honor roll, therefore, included approximately 275 names. Of that number, only 28 persons made a straight "A" record, and of that 28, only 5 were entering Freshmen students, as Ridgway is, even though he enrolled at the college during the first term of the summer school. In other words, of the 1,500 entering Freshmen students during the fall semester, only five made this very superior record.

The American Creed

We believe in the United States of America as a government of the people, by the people, for the people, whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign nation of many states; a perfect union, one and inseparable established upon these principles of freedom—equality, justice and humanity, for which American patriots have sacrificed their lives and fortunes.

ROY MOREMAN

For Justice of Peace (Brownfield):

JOHN W. JENKINS

What have we here folks? We mean by that the Constitution of the United States of America. You may say that is a silly question to ask, and we admit at first thought it seems that way. But that was a question that came up back in the days when the document was written. Wise old Benjamin Franklin was asked, when the drafting of the Constitution was finished, "what have you given us?" His answer was, "A Republic, if you can keep it." We therefore find that even back in the beginning, the people had something to do other than wishful thinking. That this great instrument had been written almost with the blood of the forefathers, as many of the patriots were then dying that they might give us a great nation, independent, and with a constitution that protected the lowest and the highest, and that we of the future generations would be little less than marionette if we permitted some dictator to ruin and count for naught that great instrument. A few years following this, the "father of our country," George Washington, being a trained surveyor, laid out our national capital at Washington, D. C. Many believe and with good reason that President Washington had a great thought in his head when he had the legislative portion of our nation placed upon a hill, while the White House was in the valley below. This was to symbolize that the legislative branch of our nation was to be

supreme, and above the Executive branch. We have had it brought to mind many times recently, when the Legislative branch has trekked to the White House to find out if the Bricker Amendment was to live or die. But if the Legislature would but read the Constitution, he would readily see that the founding fathers aimed for them to be vested with the rights, to authority and responsibility for Amendments, and not the President. Of course the President is allowed the power of veto, but a two-third vote of the Congress can over-ride a veto from the White House. Many state that the Bricker Amendment is hard to understand, and some say it is unnecessary. But from what has occurred in our nation in the past twenty years it seems that some in the Executive Mansion have taken too much authority. A good substitute was written by Senator George of Georgia, but even that was voted down. It will be an evil day when we permit our Constitution to be shelved.

It would seem from reading the little leftist sheet printed down Austin way, that "happy days are here again." Reading between the lines of the last issue, we find that joy abounds, as its editor thinks there is great friction between Gov. Allan Shivers, and Speaker of the House, Ruben Senterfitt, and that big dog will eat little dog to a finish during this session of the legislature, which met Monday this week, in called session. This may be hopeful wishing for the "loyalists," as most people believe that the Governor and the Speaker will arrange their affairs without too much friction. But the little sheet seems to fairly hate Shivers and what they term Shivercrats and Dixiecrats, not to mention Republicans. Most of us go along with the idea that there are good men and women in all groups, and that the "loyal Democrats" do not have all the saints and perhaps sinners. Reading between the lines, this little "loyal" sheet seems to think every sheep not in their flock, are a lot more harmful than Commies. In fact, all Shivercrats Dixiecrats and Republicans are classed with the devil and his angels. Indeed, that issue of the little paper seemed to be tickled all over for the reason that the Governor and Attorney General John Ben Shepperd had not succeeded in catching any Commies in the labor union down at Port Arthur. But the paper shelled down the corn that it was not "selling Shivers short"—too great a politician—and for that reason, it thought Shivers would out political maneuver Mr. Senterfitt. This paper stated that there were several that would like to get their irons in the fire for governor, but were waiting to see which way Shivers jumps—all except Senterfitt—"who seems to have the courage to squeak out loud." Of course this little paper knows only too well what a task Shivers took upon himself two years ago to drift staid old Democratic Texas from the New Deal bunch to Ike, and for that reason, it is not selling Shivers short. And right here we do not call this paper the "little sheet" because we might think the contents were little. It is actually small in size; four pages, 9x12 inches. As a comparison, their four pages amounts to just a fraction more than one page of the Herald. Its circulation is much less than the Herald, although claiming to be a paper with a statewide circulation. But this little paper can get as wrought up with the powers that be, which is can't endorse, as if it was as large as the New York Times. Yeah, we get a great kick out of reading this little sheet. There are so few radical papers printed in Texas, that it stands out as a rarity. But we are betting a discarded 29c fountain pen to a penny that the "loyalist" bunch

don't get in this time either. Another thing that has it all riled up is the way the "unloyal" bunch can do nothing to suit the little sheet.

One of the most interesting articles we have seen on natural gas, its production and the demand for it, was a booklet recently received from Humble Oil and Gas Co., of Houston. It was the printed address of Hines H. Baker, president of that company, and delivered before the American Gas Association at St. Louis, last October. We here in Texas, where about a fifth of the natural gas of the USA is produced, have become just a bit uneasy, and for a practical reason, as more and more of this natural resource of our State is piped out, than we use. And we realize that there is a day of reckoning coming some of these days, in which the demand will overbalance the supply, and we will find that our fires and furnaces refuse to operate. It will then be a sad day for Texans way out here on the baldies, hundreds of miles from wood or coal, that will have to be shipped in by rail as in our pioneering days. Right now, according to Mr. Baker, our reserves are some 20 times the annual rate of production and sale. But as he intimated, we don't know how long that rate can be kept up. But he did state that the present expansion of the use of natural gas as fuel, that by 1958, it would be only 15 times the annual rate of production. Presently, natural gas is not only the cleanest fuel known, but the price has remained practically the same over the years since 1940 to 1952, from 100 to about 108 per cent. On the other hand, competitive fuels have skyrocketed. Take fuel oil for one, it has advanced to 200 per cent; bituminous coal to 210, and anthracite coal to 220. It is little wonder that millions of people in the East and North, as well as along the Pacific Coast, are demanding Texas and New Mexico natural gas. And it was for that reason that our Legislature tried to get a tax put on piping this gas out of the State, but which was declared unconstitutional by the Supreme Court. The present called session of the legislature may pop a gathering tax on the fuel, that most believe will stand the test of the courts. But even with that, it will be but a few years, as time goes, when Texans will have another fuel for their homes, shops and factories. Let us hope by that time our scientists will round out some atomic energy to take its place.

We believe that it was General Mark Clark, whose duty as United National Commander of the Far East, gave him a world of experience in dealing with the Reds, says without stuttering that the "Communists are cheats and murderers wherever you find them." That has been the experience with just about all others, either civil or military, representing the United States or the United Nations. There is no reliance whatever to be placed in Communists, and as one old fellow expressed it, they had rather tell a lie than the truth, and the bigger the lie the better. That too, was the foremost idea of Hitler, or any other dictator, for that matter. And say what you please, any nation where Communism is in power, is a dictatorship. But to go on with the idea of Gen. Clark, no one likes a cheat or murderer, that is any decent person doesn't, and we have an idea that cheats and murderers themselves, have little confidence in one another. But here in Texas, down Port Arthur way, it seems that the Commies have control of some new so-called labor unions that have been hatched up in that section, where there is a world of refining of oil, being close to the seaboard. Much of the oil from this section is first piped down there to their huge refineries. With lots of working people, naturally new rackets are easily started. The idea of this outlaw union would not have gotten very far, but one of the older and larger unions stepped in as a sponsor of the baby union. So, now the National Labor Relations committee has to deal with this outfit—a Communist dominated union. And right at this point one of the weaknesses of the Taft-Hartley Act shows up, which some of the leaders say is a slave labor law. The committee on Labor-Management Relations should have the right to call in the Federal Bureau of Investigation, and go to the bottom of the matter. The officials and leaders of such a union, should be hailed before such authorities, and made to tell where they stand in regards to the USA. If they invoke the Fifth Amendment, that act to our notion is prima facie evidence that they are Stalin's children, and

they should be jailed, and the union disbanded until they can join some of the older unions with proven loyalty to the USA.

We get a bi-monthly publication, Texas Forest News, put out by the Texas A&M College that we get a big kick out of each issue. The current issue is for January and February, 1954. The issue gives a number of illustrations and descriptive matter of the process of growing and packing seedling pines at the Indian Mound Nursery in Cherokee County. Hundreds of men and women are engaged in planting the seedlings, their growth, excavating and packing in wet moss for shipment to different sections of East Texas. This nursery is under the direct operation and management of the A&M, with tree experts in charge. These supervisors also watch for diseases that attack pine or other valuable timbers. But one of the most interesting to us is always an old tree on the back cover that has some historical value. This time it is an old anagua tree that grows in the Gulf Coast section, and is to be found in Kingsville, but on the King Ranch, before there was a city of Kingsville. We will let Texas Forest News tell that story: "Long before Kingsville was founded, Capt. Richard King used the site of this anagua tree as his favorite camping place at roundup time in the early days of the renowned King Ranch. The tree also served as a meeting place where Mrs. King came with hot lunch for Capt. King whenever he and his men were working in the expansive area east of the ranch home. The shade of this anagua tree gave them much relief from the hot sun. Later, Mrs. R. J. Kleberg, daughter of Capt. King, provided for the tree's protection and preservation. It is now located on the campus of the Charles H. Flato Elementary School on West Santa Gertrudis Street in Kingsville. Concrete seats have been placed around the tree where school children may sit and eat their lunch or where the children may sit and wait for the school bus on the same site used by Capt. King many years ago. The photograph and historical information were supplied through the courtesy of the Kingsville Chamber of Commerce and Mrs. Penny Peckenpaugh of Corpus Christi."

Farm Income Shows A Slight Raise in Jan.

AUSTIN. — The January price level for farm products was 2 per cent more than December, but 8 per cent less than January, 1953, the University of Texas Bureau of Business Research reports. The price increases plus fairly heavy seasonal marketings bolstered the January farm cash income total to just 1 per cent below the January, 1953, level. Meat animal prices accounted for a large portion of the increase.

Wheat farmers hope for the best harvest in several years, with such success depending on replacement of surface moisture, seriously deficient in February, the report states. A shortage of storage space would greet a bumper crop, particularly if exports remain low and other market demands unchanged, the Bureau says.

Livestock population is expected to increase in 1954, with new spring calves topping last year's total of 1/2 per cent and establishing an all-time record. A 5-to-10 per cent increase in pig farrowings is anticipated. Sheep and lambs should decline in number, keeping mutton prices in line with 1953 levels.

How Well Do You Know Coffee?

Coffee trees bear white flowers which resemble orange blossoms and have a heavy, jasmine-like fragrance. A coffee farm in full flower is a scene of breathtaking beauty.

Because ideal coffee growing climate is between 65 and 75 degrees, the plants are extremely sensitive to frost. They also need plenty of water and moderate sunshine. Last July, millions of trees were destroyed by freakishly low temperatures in Brazil.

The fruit of the coffee tree is called a cherry and resembles our edible cherry. It takes 5 years before the tree matures. It then bears about 2500 cherries, each of which must be hand-picked!

1 lb makes 40 cups of coffee!

It takes the entire crop of one coffee tree to produce a single pound of roasted coffee!

"Behind the Scenes in American Business" WATCH FOR SEVEN DANGER SIGNALS INDICATING CANCER

By Reynolds Knight
NEW YORK.—Scattered reports of layoffs at industrial plants cannot contradict the impression that the undertone of business is fundamentally sound. A shift from defense to civilian work is bound to be punctuated by readjustments in jobs.

While there is some difference of opinion as to how far this readjustment will go, there is little doubt that the over-all standard of living is high, and technologists say we are pushing toward still higher levels. In support of their argument they point out that the 1953 consumer had five times as much money to spend (or to save) as the 1940 consumer, and that he worked fewer hours to earn it.

One of the major factors contributing to this greater income and leisure generally—and as a factor that figures in any present-day discussion of the machine's relation to living standards—is the trend toward automation in industry. Automation has not only eliminated many monotonous, repetitive tasks, making it possible for human energy and talent to be put to better use; it has resulted in more efficient production at lower cost. According to Minneapolis-Honeywell, a pioneer in this specialized field, automation controls—ranging from simple temperature-measuring devices to elaborate computers—are now used in virtually every industry. And tomorrow? Amazing devices just emerging from the laboratories will further reduce the expenditure of human effort, while increasing production rate and quality, all along the line.

The greater income and leisure enjoyed by the average man today has brought about what many marketers call a "back to the home" movement, which will result in Americans spending an estimated \$4,000,000,000 this year on products which they heretofore spurned or purchased in negligible quantities.

It's THE LAW IN TEXAS

KEEP RECORDS TO SAVE TAX HEADACHES NEXT YEAR

There is no time like the present, while the great battle of Form 1040 is still fresh on your mind, to start a procedure that will aid you with next year's income tax calculations. That is to maintain a record of your income and outgo. Such a record can be simple and brief but it may save you tax dollars.

The average man who works for a wage or salary doesn't have to concern himself about keeping books and records—at least so he thinks. His employer keeps a reliable record of his earnings and Uncle Sam looks primarily to the employer for information on his earnings and for the withholding of various taxes out of his wages. But whether or not you run a business of your own, you have a partner who each year is claiming a substantial interest in your personal income. And the law requires that you keep books for him in case he ever asks for an accounting.

Perhaps you own your home or are paying it out on installments. It's likely that some day you may sell that house. When you do you'll want to be able to prove whether you realized a gain or a loss on that sale. If a gain in capital resulted, it probably will add to your income tax. If a loss was suffered, it probably will reduce your income tax.

You may have made certain errors overlooked, the American Cancer Society is making a five-year study of 200,000 men over 50 years old to determine whether there is any connection between smoking and lung cancer.

The only approved means of curing cancer today are x-ray, radium and surgery. (Some hormones, chemo-therapy, and certain radioactive isotopes have proved successful in treatment of certain types of cancer.)

No cancer was ever cured by pills, powder or any "home remedy," or by any quack or "wonder doctor" using a "secret" method, gadget or medicine.

capital improvements on the house while you lived in it, but unless you can show what out-of-pocket expense you incurred while making them, you may not get credit for them in your cost basis so as to prove that you had no capital gain or that you had a loss.

Or perhaps you received that little summer cottage on the lake as a gift from your father. If you ever sell it, you should be able to show Uncle Sam not only the cost of improvements you made on it while you owned it, but also what its fair market value was at the time Dad gave it to you.

It may be that you are receiving an annuity on an insurance policy. If so, do you know how much that policy costs you and how much of that cost you have recovered tax-free to date?

There are many kinds of transactions you enter into that may some-day affect the computation of your personal income tax. The best proof of the cost of anything you've purchased is a receipted bill or cancelled check. If one of these pieces of evidence relates to any transaction that may affect your income in later years, it's a good idea to keep it. Your "partner" may some day ask for it.

(This column, based on Federal law, is written to inform—not advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts because the facts may change the application of the law.)

Mr. and Mrs. James Burnett, of Brownfield, had as Friday visitors her parents, Mr. and Mrs. W. O. Roy, of Borger. Burnett was in Tulsa last week on business and the couple recently visited in Lubbock.

The United States Post Office makes, spends and loses more money than any other national postal system, most of which operate at a profit, a New York Times study showed.

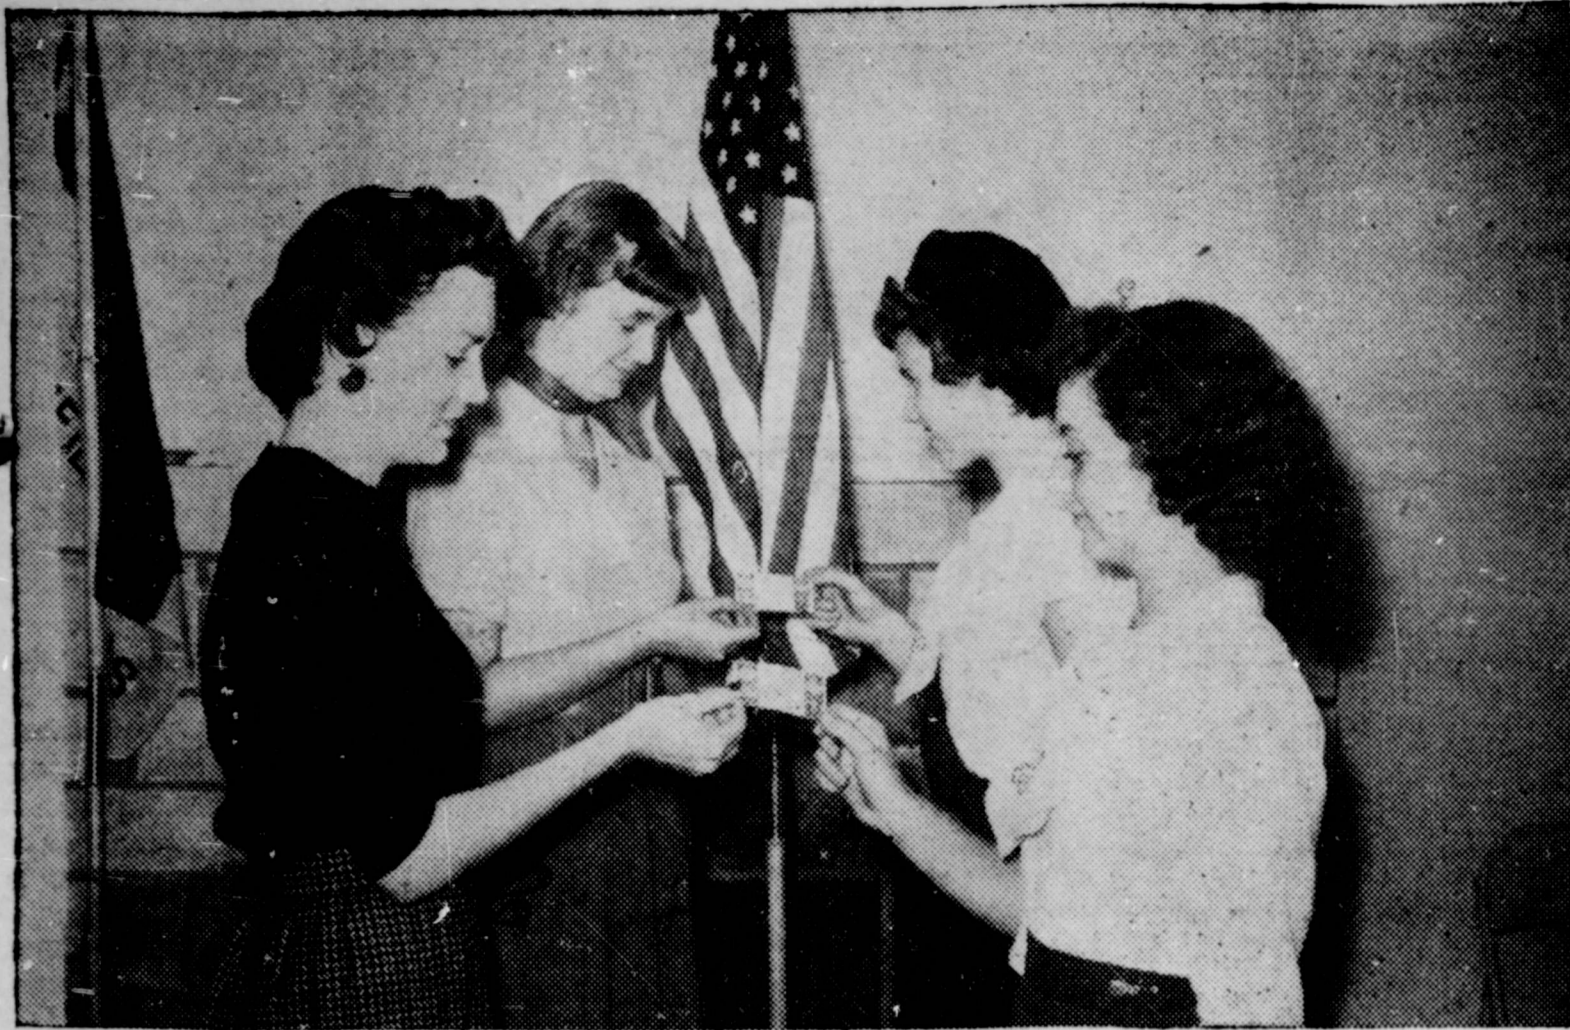

The Immigration Service has reported that 100 Communists have been entering the United States from Mexico daily with Mexican "wetbacks."

THE WELLMAN NEWS

By Rev. Alvin F. Hamm

School Board Election At Wellman, April 3, 1954

Wellman Independent School Board met Tuesday night, March 9, and elected Lee Lyon as election Judge with J. D. Roberts, Sr., and A. L. Tittle as clerks, for the election of two school board members. There are two names on the ballot for re-election, and they are G. I. Simms and Alton Loe. These two men were appointed to fill the unexpired terms of John McKenzie, who resigned because of pressing personal business, and J. R. Thomas, who moved away from the district. This election will be held in the High School Building at Wellman on Saturday, April 3, 1954.

Junior Play Friday Night

The Junior Class of Wellman High School is presenting its play Friday night, March 19th, in the high school gym-auditorium, beginning at 8 o'clock p.m. The play, "Bats in the Beltrey," is a three-act mystery thriller, which takes place in the parsonage of a church in Sleep Valley. This should be a "must" in your plans this week. The admission price will be 60c for adults, and 35c for children.

Those in the cast are: Rev. Westcott, played by Daulton Smith; Wayne Westcott (a son), Beryl Parker; Dr. Henry, Alfred Tittle; Amy (housekeeper), Gail Berry; Jean (Wayne's fiancée), Dessie Oliver; Arlene (Jean's sister), Margaret Ferguson; Helen (Jean and Arlene's sister), Gloria Ingram; Lorina Loring (Wayne's cousin), Bobbie Weaver; Bill Brown (US Secret Service), Bill Tom Goza; Madame Nona (a Gypsy), Yvonne Bolen; Ulysses Farragut Wattle (a detective), Gerald Jordan; Marjorie (Jean's sister), Nila Rich; and Duke Patterson (a strange visitor to Sleep Valley), Ernest Thornton.

Juniors Receive Class Rings

The Junior Class have received their Senior class rings a year early, but according to the Juniors, they are always fast on everything. The ring is a beautiful raised letter "W" on a blue glass background with the year 1955 on the sides. The Juniors have already ordered their invitations for next year but delivery will not be until next year.

Red Cross Mass Meeting a Success

The mass meeting for Wellman and surrounding communities was successful in bringing into the American Red Cross \$110.53, Tuesday night, March 16, 1954. A two-hour program was given by the grade school and other specialty numbers.

The Second Grade gave a short skit of how an explosion would be in the Wellman School, and how the Red Cross would be on the scene to help take care of the wounded and hurt. Mrs. D. K. Moore did a good job with her students. Other numbers included singing steel guitar, piano, impersonation, reading, solos, duets and quartets. The prize winners were: First prize, \$10.00, Sixth Grade. Second place, \$7.50, Sonny Curtis and Glenn Harris of Meadow; and Esta Faye Beavers won third place with a prize of \$5.00. Each contestant gave their prize money to the American Red Cross. Everyone reported a good time and received their money's worth from their donation to the Red Cross. Rev. Alvin F. Hamm, chairman of the drive, acted as MC, with Mrs. G. I. Simms, Mrs. Carrol Hulse, Mrs. Dot Oliver, Mrs. Sam Oliver, Mrs. A. L. Tittle, Mrs. H. R. Fox, Mrs. R. J. Rowden, helping take the

donations and acting as judges in the contest. The teachers of the school are to be congratulated on the fine work they did with their pupils in bringing the numbers they gave.

Wellman Baptist Revival

The Wellman Baptist Church is starting a revival, Sunday, March 21 through March 28. Rev. Russel Pogue of Temple Baptist Church of Hereford, will do the preaching with Mr. and Mrs. Jim Jackson, of Wellman, leading the singing and playing the piano. Everyone is cordially invited to come and hear this fine young preacher during this revival.

"Bolley" Crowder Injured

"Bolley" Crowder, who has been confined to the hospital in Canyon for several days from a fall off the top of a windmill, breaking his hip, is back home in Brownfield. Mr. Crowder had been working around Canyon for several days when this accident occurred. He would enjoy having you come by to see him, because it will be quite some time before he will be able to get around.

Baptist Brotherhood Meet in Geo. Ingram Home

The Baptist Brotherhood met Monday night, March 15, in the home of Geo. Ingram for their regular meeting. Garland Parker, president, presided at the meeting and introduced the speaker, Rev. Fred Cox, pastor of the Methodist Church of Wellman, who brought an inspiring message on the subject of "Perfection of Man." Coffee, hot chocolate and home-made pie was served to W. R. Smith, Wes Bishop, Lee Lyon, D. K. Moore, Rev. Fred Cox, Garland Parker, Bill Switzer, Rev. Alvin F. Hamm and Geo. Ingram, the host. Ladies present who helped serve were Mrs. W. R. Smith, Mrs. Lee Lyon and Mrs. Geo. Ingram, Gloria and Margaret Ingram.

General News Items

Bob Burnett and Joe Crowder, of Wellman, went to Canyon, Friday, March 12, to drive "Bolley" Crowder back to his home. Bolley had been in the hospital for several days with a broken hip, suffered from a fall. While in Canyon, Bob and Joe visited with Dick Hamm, a student in WSTC.

Mrs. Ruth Pace, of Wellman, went to Carlsbad, N. M., to stay with her granddaughter while Mrs. Pace's daughter, Mrs. Patsy Hargrove, is in the Spears Hospital in Denver, Colo. Mrs. Pace is expected to remain in Carlsbad for about three months.

preach at the Church of Christ M. V. Showalter, of Abilene, will in Wellman this coming Sunday, March 21. Every Church of Christ member is expected to be present to hear this man. The Church of Christ is without a minister at the present time due to the resignation of S. A. Ribble, who moved to Gunter, Texas.

Mr. and Mrs. A. L. Baker, who live west of Wellman, celebrated their 51st wedding anniversary at their home, Sunday, March 7, with all of their children present who live in this area. Many friends and neighbors called and wished them many more happy anniversaries.

Just in case there are people outside of Wellman who would like to know about our weather, it is this: Sand blows every day. Some times it is real bad and sometimes it is worse—no rain yet—none in sight so far—land still changing hands—conditions good for a crop next year.

YOUR SENATOR REPORTS

By LYNDON B. JOHNSON

FARM INCOME

Almost everybody knows farm income in 1953 was lower than farm income in 1952. Individual farmers in Texas are sharply aware of that fact.

In the Nation, farmers last year retained as net income the smallest percentage of their realized gross income that they have retained in any year since 1932.

FARM SPENDING

What the farmer spends in his operations is mighty important to the national economy—to all of us. The farmer is a good customer. Last year he spent 14.2 cents of every dollar spent at retail in the United States.

The farmer in 1953 spent about \$1.9 billion dollars for goods and services of all kinds. Here is where some of it went: \$3.4 billion for food; \$2 billion for furniture, appliances and household operation; \$2.1 billion for buildings and repairs to buildings; \$1.5 billion for clothing; \$3.2 billion for machinery, including automobiles; \$3 billion for gas, oil and upkeep of equipment; \$4 billion for feed; \$1.6 billion for livestock; \$1.2 billion for fertilizers and lime.

CONCERNS ALL

Those figures show why it is just plain good sense for everybody to be worried when the farmer's income goes down. If it goes down and stays down, everybody is in trouble.

That is why we must make sure new farm legislation does not pull the economic rug out from under the farmer. That would be bad for all of us.

WATER

"We must store up water or starve." That is what a Texas friend recently wrote me. He is completely right.

One part of the solution of our water problem lies in upstream water control projects all over Texas. I mean such projects as that in the Brady Creek Watershed, where it is proposed to build 47 water-retarding structures.

I was glad to go before a House Appropriations Subcommittee recently, along with a group of West Texans, to urge that money be made available to finish this authorized project in four years.

We can never move too fast in acting to conserve water and soil resources.

HARE FARE:

Department of Agriculture has just published a bulletin on "Ways to Cook Rabbit." Probably the information is not as widely needed now as it was in 1932, but I'll be glad to have a copy of the bulletin sent to anybody who writes me and asks for one.

James Murdough — Cotton and cotton equities. Half block west of Brownfield State Bank. tfc.

FEBRUARY PERMITS HIT \$67,819 MARK

Building permits issued at the City Hall during February this year totaled \$67,819 in estimated costs. The total was erroneously reported as \$25,400 in last week's paper. Last year's permits during February were \$42,419, making this year's total tower over last year's by the \$25,400 figure.

For a complete list of permits issued during February, see last week's, March 5, issue of the Herald.

Overworked phrases: "A wizard in his field."

CHIROPRACTORS TO MEET IN GALVESTON

Convention plans are underway for the 39th annual meeting of the Texas State Chiropractic Association, to be held in Galveston, June 10 to 12.

Dr. R. E. Hartong, of San Antonio, association president, said this week more than 500 Texas chiropractors were expected to attend.

Outstanding authorities in the various fields of the profession, the second largest of the healing arts, will appear on the convention program, he said.

In addition, the "chiropractor of the year" will be selected and several meetings of sub-groups including ex-presidents, the veterans committee and the ladies auxiliary.

Richard Ridgway was named honor student in Freshman year at Tech.

28 Families With Phillips Move Here

Brownfield Chamber of Commerce extends a sincere welcome to the Phillips seismograph and drilling crews, who arrived last week from Midland. It took four days of endurance on the part of the new comers for the Chamber of Commerce to get them placed, and there is still a need for two-bedroom furnished houses to place some of the families, who have two and three children. Also the CofC expresses appreciation to furniture companies and landlords who rented furniture and houses to place the 28 families. There is still a demand for good 1-2 and 3-bedroom furnished houses. Rooms and small apartments are plentiful.

Joe Keffler, Party Chief, for Phillips, and the other 27 families who had lived here three years

Hopper and Chinch Bug Infestations Are Likely This Year

COLLEGE STATION.—Grasshoppers, one of the nation's major agricultural pests, may be more abundant in some areas this year. Barring weather and other natural conditions that might affect their populations, infestation surveys conducted last fall indicate these insects will need to be controlled over wide areas of the United States to avoid excessive crop and range damage.

previously, expressed their desire to live here and battle four days of our worst sand storms in order to move back to Brownfield.

Headquarters for the company will be at 428 Lubbock Road

Mrs. Carlton Rampy, who recently returned to Brownfield from California, is recuperating from a car accident. She is visiting this week in Victoria with a former roommate at Texas Western College, Flo Jean Saylor.

On western ranges the survey showed grasshoppers in such numbers to warrant large-scale control efforts on 4,700,000 acres in parts of 13 states. If 'hoppers' develop normally, entomologists expect the greatest need for organized control to be centered in the Texas and Oklahoma Panhandles, in north central New Mexico, south central Colorado, and in central Idaho.

Other western states with potentially serious grasshopper infestations are Arizona, California, Montana, Nebraska, Nevada, Oregon, Utah and Wyoming.

BYNUMS HAVE GUESTS

Mr. and Mrs. Virgil Bynum, 712 East Main, had as Sunday dinner guests, his sisters, Mrs. J. E. Garland, and Mrs. J. M. Tinkler, of Lamesa; Mrs. L. L. Cobb, of Lubbock; Mrs. Floyd Stark and husband, of Seminole; and his brothers, Arnett and Palph Bynum, of Brownfield.

Brother and Mrs. W. R. Jones and family, and Mr. and Mrs. A. Jones, all of Lubbock, visited with Mr. and Mrs. James Burnett, Rt. 2, of Brownfield, on Sunday. Brother Jones, who is vacationing until April, when he starts preaching at the Pioneer Park Church of Christ, in Lubbock, conducted the morning and evening services at Crescent Hill Church of Christ, last Sunday.

HERALD 1.50 yr.

Stricklinly Speaking

By OLD HE

Now comes the Kentucky kind of Tall Tales, and from what we can gather from the last issue of Parade, a magazine supplement of Sunday Star-Telegram, even

New England Yankees are extending themselves to head off the Texas variety of Tall Tales. Anyway, it is related that a proud inhabitant of the Blue Grass State was determined to head a visiting Texan.

So, he says, says he, "We have something here in Kentucky you

guy in Texas do not have more of or bigger." "And what is that," asked the Texan. "Over at Fort Knox, we have enough gold to build a wall around Texas." "OK," replied the Lonestarite, "just go ahead and build the wall, and after you get it finished, we'll buy it."

Other day, we met up with Mrs. Mattie Goodpasture. Don't see that good lady often these days, but we well remember that her late husband and family came to Brownfield in the days when we were still pioneering this village and county, and put in the first dairy. We birds that didn't have a cow of our own bought our milk and cream from the Goodpastures—maybe our butter and butter-milk.

And it was there that Grady and Adolphus learned the lessons of industry, as we had no such thing as a milking machine here in those good old days, and Old Bossy had to be relieved of her daily load of milk, and all hands and the cook had their duties.

Anyway, Mrs. Goodpasture was telling us what a kick she got out of our rather exaggerated story of mortal combat with a huge fly in our sanctum sanctorum, recently. Which all reminded us of a story with a great amount of details and illustrated description a cousin of ours back in Tennessee told us in our early boyhood, of how he and a brother smoked a possum out of a hollow tree.

There was the days of the old sulphur matches, and a man had plenty time after he struck one to take a "chaw of backer" before the match finally decided to burn or not to burn. Sometimes they would fizzle, spit and spew a half minute before blazing, or more frequently going out. Anyway, prolonged rains and damp weather had all the leaves and sticks soggy wet.

As this cousin narrated how he struck one match and it went out, his brother struck another and it went out, and there was just one other match left, to try to get the few dry twigs and leaves they had found started to burning and smoking. He struck the last match—and it burned—the smoke screen was started and Mr. Possum was smoked out.

But this cousin's story of that

operation was as long and drawn out as many of the Indian stories where the white men had only a few bullets left and the Indians all about them. Maybe, like our cousin, we over dramatized the story of the fly.

Dropping from the long past to the present and past, the Old He takes this means of thanking Supt. O. R. Douglas and the present board of the Brownfield school system, for the Courtesy Certificate sent us recently as an ex-board member, which was back sometime in the middle twenties. We have felt sorry for school board members since that time. We even had our headaches back in that day and time.

Files of the Herald were searched by the Secretary of Supt. Douglas for the early day trustees, and this includes all board members of schools which have since consolidated with Brownfield. In the later years, the Secretary of the school board has kept up with all the newly elected, as well as retiring members. This Courtesy Certificate says we are to be admitted free to all functions of the school, and we intend to attend if there is any eats mentioned.

Over at Prescott, Ark., Homer and Lynn Nelson's dad, G. L., has a small negro lad hired as a handy boy about the place. The boy was ordered to wash the car recently, but after the job was done, millions of tons of Texas dust suddenly drifted overhead, followed by a shower. This left the car looking like it had been drug through a mudhole.

"I thought I ordered you to wash the car," says Mr. N., eying the muddy vehicle. "Mr. Irvin, I just don't know what happened to that car, as I had it clean an hour or two ago," says little Sambo. We can remember one time here in the good old kerosene light days, when a bad sandstorm blew in one day, and raged until about 3 p.m., when wonder of wonders, it began lightning and thundering, and a cloud came out of the northwest that rained like heck. Pretty soon our windows looked like a bunch of kids had thrown mud-balls at our windows.

Inside it was dark as night, as all the windows were muddied up on the side where our type cases were located. As type was all set by hand in those days, the kerosene lamps had to be lit up until the rain increased and finally washed the mud off the windows.

From Saturday until Monday was rush day here, sorter like Wednesday, March 31 will be, on the car tag question. Or for that matter the payment of any kind of tax to Uncle Sammy Taxus. Some got in on time, and got their statements off themselves, or by the help of the tax-figurers hereabout. But some were so overwhelmed they had to wire in and beg more time of the hard boiled guys down at Dallas.

And some of these professional tax-makeruppers returns were weary, worn and sleepy, as they had been laying on McDuffie for the past several days. The whole town seemed to be in the midst of an epidemic of money-itis, as the firm of Tax, Spend and Elect, up at Washington called for more dough.

And some seem to be rejoicing that they are not only going to get a small percentage cut on incomes this year, but that the amount for exemptions will be raised from \$600 to perhaps \$800. Better be cautious, the Texas legislature is now in session, and by the way, they are looking for more taxes from some source.

Speaking still further along the trail of the Lonesome Income Tax, we note in the Dorothy Dripple comic strip that her honorable husband had enough money left after taxes to weigh on one of those "fortune telling" weighing machines. He was fortunate to have a penny left. Back some 20 years ago, the State of Texas taxed and spent some \$130 million dollars. Today, the amount runs over \$650 million and still going up.

Talking about the government of Texas and the US, their taxing and spending, their many old and new "bureaus" and "commissions" for this, that and the other, we ran across the following from the Paducah Post:

"Maybe the newspapers have sort of 'run things into the ground' on initializing so many of the government agencies.

"You don't drop into the old PMA office any more. Now you call it the Agriculture Stabilization Service.

"Al Hinds of the Paducah Post is wondering how to condense that name to initials and still comply with existing postal regulations."

SOME BULL—And that's no "bull." The Aberdeen-Angus bull, Prince 105 of TT, is now valued at \$230,000. Two ranchers of this breed of cattle at Tyler and Dallas, recently gave the owner of the bull a check for \$115,000 for half interest. The owner is the Simon Angus Farm at Madison, Kansas. The bull is described as an "itenerant," and will spent six months of the year in Texas, and six in Kansas.

WELCOME TO ELEVEN NEW FAMILIES HERE

Eleven new families came to Brownfield last week to make their homes for the present, and as all rented houses or apartments, they may be here for some time. Most of them, according to Welcome Wagon data sent the Herald, are old field workers, mostly drilling companies. Among them being the Denver Drilling Co., Grappe Drilling Co., Davidson Drilling Co., Interstate Drilling Co., Bayer-Honeyfelt Drilling Co., and Olson Drilling Co.

Two of the men are here for an insurance company, one as supervisor, and the other as salesman. All except two have children, ranging from one to four, several of the children being of school age, or from 14 years of age down to a four-months-old girl.

Two of the families are from Littlefield, one each from Plains, Searcy, Ark.; Odessa, Graham, Salinas, Okla.; California; Midland, Monahans, and one family from dear old Hubbock.

The big WELCOME sign is out for all of you folks,

Mrs. Carl Childress and children and Mr. and Mrs. Harold Stockton, of Seminole, and Mr. and Mrs. Joe Bartlett, of Seagraves, were visitors in the B. H. Bartlett home, Sunday.

Mrs. Dewey McDaniell, mother of Mrs. Wayne Honell, 218 West Buckle, underwent surgery in West Texas Hospital, Wednesday of last week. Her son, Private Marvin McDaniell, of USA in Korea, is expected home any day.

Private Troy Crowder, of Fort Hood, Texas, visited his parents, and Mr. and Mrs. H. L. Crowder, 407 West Lake, over the week end.

Griggs, John Hill, Jeanette Johnson, Virginia Godwin, Glenda Jones, Melba Willis, Beverly Brown, Johnora Haynes, Wanda Cornelius, James Szydloski, Donna Jane Newsom, Mairine Webb.

FRESHMEN

Connie Marie King, Mike Hamilton, Carolyn Burnett, Sandra Collier, William Smyrl, Donna Christopher, Theresa Stephens, Jean Criswell.

Brownfield High School Honor Roll

Following is the Brownfield High School Honor Roll for the fourth six-weeks period:

SENIORS

Patsy Schuffert, Dorthie Phillips, Harold Rich, Alton Merritt, Peggy Graves, Marilyn Miller, Ginger Gunn, Earl Brown, Charlotte Jones, Billy Mack Herod, Jane Griggs, John Burnett, Beverly Wartes, Janelle Lewis, Mary Cornelius, Sammy Key, Doris Massingill, Sandy Casstevens, Norma Butler, James Brandon.

Ed Thompson Been Very Ill in Hospital

Ed Thompson of this city, had to be carried back to the hospital again last week in a very serious condition, and has been under oxygen almost since. His life was despaired of for several days, but he appeared to be some better Tuesday morning, and didn't have to use oxygen.

Their son, Phillip and family were called in from Grand Prairie, where he now works. They were accompanied out by Mrs. Dede Thompson, whose husband, a brother of Ed, passed on a few years ago. The other children, Gene and Madalin, from Levelland and Littlefield, as well as those living here or near Brownfield, gathered in. Also, a sister of Ed, Mrs. Lee English, of Altus, Okla., is attending his bedside.

A brother, Aldine Thompson, from Altus, was not physically able to make the trip with Mrs. English.

TWO LOCAL STUDENTS IN THE TECH CHOIR

Texas Tech's 56-voice choir, directed by Dr. Gene Hemmle, will be the guest choir, March 28, for the Dallas Symphony Orchestra's subscription concert in Dallas.

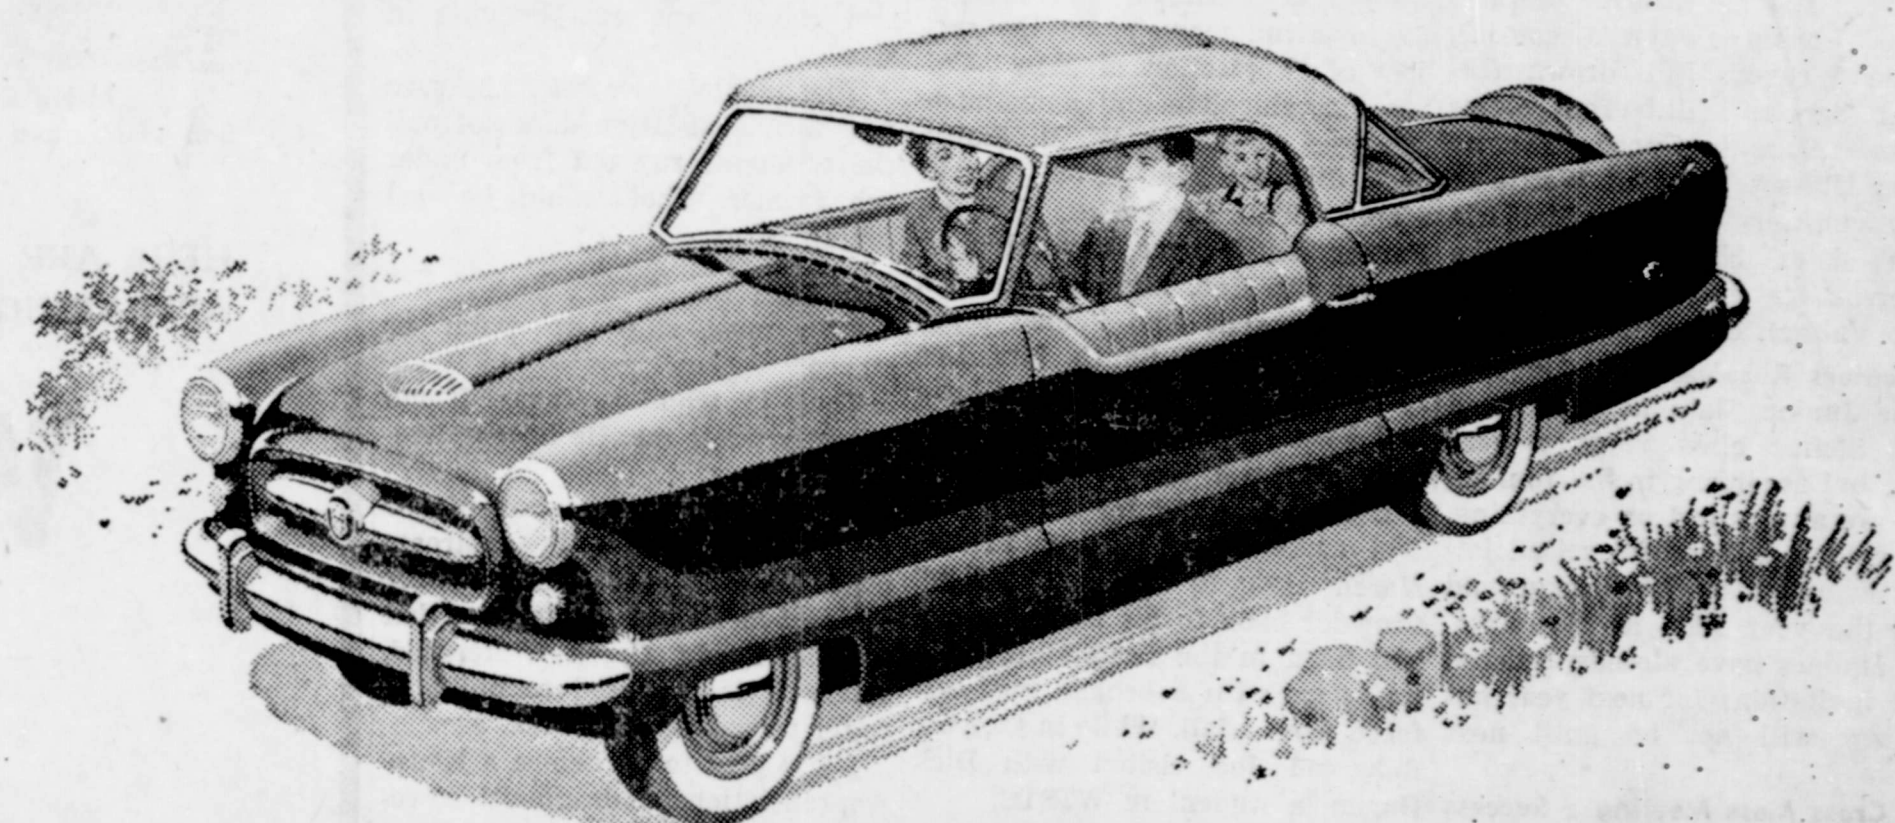

Dr. Hemmle, head of the department of music at Tech, said the choir would sing Bach's Cantata Number 4 in German. Mr. Walter Hendl, musical director and conductor of the Symphony, which gave a concert in Lubbock, Feb. 15, heard the choir in rehearsal while in Lubbock.

Brownfield Tech students, who will take part in the choir are Ethelene Bucy, of the Engineering Division, and Dale Travis, of Business Administration department.

James Murdough — Cotton and cotton equities. Half block west of Brownfield State Bank.

Puerto Rico Farm Bureau Expresses Regret Over Shooting

Waco, March 5.—Texas Farm Bureau President J. Walter Hammond today received a message from the president of the Puerto Rico Farm Bureau expressing deep regrets about the "savage criminal act" of the Puerto Rican extremists who shot down five Congressmen, Monday, in the House of Representatives.

"Puerto Rican farmers and the entire community feel horrified and depressed due to the savage criminal act in Congress," the Puerto Rican farm leader said in a telegram to Hammond.

"Puerto Ricans are proud of their American citizenship. Our favorable economic and social condition is due mainly to the generous cooperation granted by the United States Congress. Please give radio and press publicity to our reaction so that people in the United States will know the true feelings of Puerto Ricans."

The telegram was signed by Jose Ramon Quinones, president of the Puerto Rico Farm Bureau. The Commonwealth of Puerto Rico is the only United States possession which has a Farm Bureau organization.

Persons anxious to protect the public morals ought to pursue some of the magazines that are being sent through the mails.

Cates Couple Rites Held in Hobbs, Mon.

Mr. and Mrs. J. R. Carter, of Brownfield, attended the funeral Monday, of his sister, Mrs. Ruth Cates, 62, and her husband, D. T. Cates, 57, of Hobbs, N. M., who were killed in a head-on collision, which occurred Thursday at Azel, Texas, 18 miles north of Fort Worth.

Mr. Cates, who was a mail carrier between Lubbock and Plains many years ago, was killed instantly, but his wife lived until Saturday.

Five children survive the couple, who were enroute to his niece's funeral when the accident occurred.

Others attending the funeral included the Carters' sons and daughters: John Carter and Mrs. C. Fowler, of Brownfield; Mrs. Burl Huffman, of Lovington, N. M.; and Mrs. Geneva Smith, of Levelland. Mr. and Mrs. Cates were members of the Church of Christ in Hobbs, where the funeral was conducted.

Mr. and Mrs. John Jennings, 801 E. Buckley, were in Dallas last week when they attended her cousin's funeral. The Jennings had as recent guests, Mr. and Mrs. J. C. Jennings, of Wylie.

J. R. Chisholm was in Austin last week on business.

There are three classes of people in the world: the regulators, the regulated, and the radicals.

PVT. FAUGHT TRAINING AT FORT BLISS, TEXAS

Ft. Bliss, Texas.—Pvt. Jessie W. Faught, son of William D. Faught, Brownfield, recently began eight weeks of basic training in the Anti-aircraft artillery Replacement Training Center at Ft. Bliss, Texas.

The first eight weeks of basic training are spent on fundamental Infantry subjects like army drill, rifle, machine gun, and bazooka marksmanship, and familiarization with army technical subjects. This first phase of training is climaxed with a one-week maneuver in the field.

Upon completion of the first eight week cycle, Pvt. Faught will either be assigned for further training at Ft. Bliss in the techniques of anti-aircraft artillery, or he will be transferred to another Training Center for schooling in some other army skill.

Should he remain at Ft. Bliss, his second eight weeks will see him learn to use of various electronic equipment employed by the AAA-RTC. He will also be expertly trained in the firing of light and medium anti-aircraft artillery at low-flying and high altitude aerial targets on the one-and-one-half million acre Ft. Bliss ranges.

Visitors in the home of Mr. and Mrs. Bill Settles last week were her sister, Mrs. Stella Johnson, from New Mexico, and the Settles' daughter, Mrs. Jack Thomas, husband and family of Albuquerque.

Some conservatives would oppose creation, if they had a chance; it altered existing chaos.

G. I. QUESTIONS and ANSWERS

Q. I have a \$10,000 National Service Life Insurance term policy, and I'm thinking of converting to a permanent plan. Do I have to convert all of it, or could I convert part and keep part as term insurance?

A. You may convert part of your insurance to one or more permanent plans, and keep the rest as term. You may convert in multiples of \$500, starting with a minimum of \$1,000.

Q. I'm planning to take a correspondence course under the Korean GI Bill. How large a GI allowance can I count on getting from the VA?

A. Your GI education and training allowance will be equal to the amount that the school requires non-veterans to pay for the same course.

Q. When I was in service, I was told that the only persons I could name as beneficiaries for my GI insurance indemnity were wife, children, parents, brothers or sisters. If I apply for the GI term insurance available to Korean veterans, will the same restrictions on beneficiaries apply?

A. No. For the GI term insurance, you may name any person or persons, firm, corporation or other legal entity, including your estate. The restrictions on beneficiaries apply only to the free in-service indemnity.

Q. I am a disabled World War Two veteran taking Public Law 16

training. After I finish my course, will VA find me a job?

A. No. Under the law, VA's responsibility has to end after it has trained you to the point of employability. However, your VA training officer will refer you to an appropriate State or Federal employment agency for assistance in finding a job.

Q. Several years ago I went into business with the help of a GI business loan. Now I have the opportunity to sell my business at a nice profit. May I do so? And will I need VA's approval?

A. You have the right to sell your business to anyone at all, and you do not need VA's approval to sell. Of course, though, you must pay off your GI business loan to end your liability under the VA guarantee.

Q. I'm taking a correspondence course under the World War II GI Bill, and my entitlement will expire when I'm only two-thirds of the way through. Will I be permitted to continue the course anyhow?

A. So long as you've completed a major number of lessons at the time your entitlement expires, you will be allowed to finish the correspondence course. However, this extension is limited to the number of lessons that \$125 will buy.

Brownfield people should patronize Brownfield stores; this even this even applies to the owners of stores.

A sid-down strike just makes it official so far as some workers are concerned.

State Accepts Four National 4-H Awards Programs For 1954

The State Club office has accepted four national 4-H awards programs for participation of members in 1954, the National Committee on Boys and Girls Club Work has announced. The programs are Garden, Poultry and Tractor Maintenance, and Clothing Achievement, in the last three of which awards have been changed.

In the 4-H Clothing program, four (formerly one) gold-filled medals of honor will be provided for winners in qualifying counties by the awards donor, Cost & Clark, Inc. As in the past, the state winner will receive an all-expense trip to the National 4-H Club Congress in Chicago. Also 12 state winners selected for national awards will each receive a \$300.00 college scholarship.

Instead of five sterling medal awards to county winners in the 4-H Poultry program, four gold-filled medals will be provided this year by the Tractor and Implement Division, Ford Motor Co. Awards of an all-expense trip to the National 4-H Club Congress in Chicago for state winners, and \$300.00 college scholarships to ten national winners remain unchanged.

In the 4-H Tractor Maintenance program, the Stanolind Oil and Gas Co. will provide four gold-filled instead of sterling silver medals of honor as county awards. The state winner will receive an all-expense trip to the National 4-H Club Congress, as heretofore. The national awards, however, have been increased from eight to 12 \$300.00 college scholarships.

Awards in the 4-H Garden program, which are provided by Allis-Chalmers, remain the same as last year—four gold-filled medals of honor, an all-expense trip to the National 4-H Club Congress, and eight \$300.00 college scholarships, to county, state and national winners, respectively.

All these national 4-H programs are supervised by the Cooperative Extension Service.

MURPHYS RETURN FROM THREE WEEKS IN MEXICO

Mr. and Mrs. Sam Murphy, 707 East Main, and daughter, Mrs. Alvin Vinyard, returned last Thursday from a 3,100-mile trip into Old Mexico.

They visited all the scenic spots and were gone about three weeks. They were accompanied by Mr. and Mrs. O. H. Riser, of Pennsylvania.

SANTA FE CARLOADINGS

Santa Fe carloadings for week of March 6, 1954, were 20,651 compared with 21,727 for the same week in 1953.

Cars received from connections totaled 11,861 compared with 13,731 for same week in 1953.

Total cars moved were 32,512 compared with 35,458 for same week in 1953.

Santa Fe handled a total of 30,377 cars in preceding week of this year.

Rev. Jones Weathers attended the Baptist Executive Board meeting in Dallas last week.

DE PERSONALITY OF THE WEEK

DE personality of the week, chosen by the Cubs Den Staff, is Gayland Martin, Jr., student at Brownfield High School.

Seventeen-year-old Martin weighs 135 lbs. and is 5 feet 7 1/2 inches tall. His favorites include, fried chicken, food; red, color; Marilyn Monroe, actress; football, sport; "Slowly," song; and pastime, loafing.

DE personality is secretary of the DE Club and names Mr. McIntosh as his favorite teacher and DE as his favorite class. His hobbies are hunting and fishing.

SEAGRAVES SOLDIER LEARNS SKI JUMPING

Camp Hale, Colo.—Pvt. Denny J. Raper, son of Mr. and Mrs. E. E. Raper, Seagraves, Texas, is at Camp Hale, Colo., taking part in Exercise Ski Jump, the Army's 1954 mountain and cold-weather training maneuver.

He is a radio operator in Headquarters Company of the 511th Airborne Regimental Combat Team which is learning techniques of winter warfare and survival under sub-zero conditions high in the Colorado Rockies.

Private Raper entered the Army last March and completed basic training at Fort Campbell, Ky.

Mrs. R. N. McClain, of Brownfield, underwent major surgery last Wednesday in a Lubbock hospital. She is reported doing fine.

Bro. and Mrs. Paul Farrell had as guests last week his mother, Mrs. Ida Farrell, and sister, Miss Virginia Farrell, of Bakersfield, Calif.

Support the Red Cross drive.

Why value-wise buyers are swinging to Ford!

They are finding that Ford brings them everything they might want to meet modern tastes and requirements

You can't buy better! It's the stunning Customline Fordor Sedan.

Ford's the only low-priced car with all these "Worth More" features

Recognized leadership in styling

You can pay more but you'll never find a car that's more "at home" wherever you may drive it. For the smart new '54 Ford is as modern as tomorrow with the crisp, commanding lines of today's style leader. And it's just as smart inside! The sparkling new decorator-designed interiors have colorful new upholstery fabrics and harmonizing trim that spell quality wherever you look.

Choice of most modern engines

Ford and Ford alone, in the low-price field, offers you a choice of V-8 or Six... the brilliant new 130-h.p. Y-block V-8 or the flashing new 115-h.p. I-block Six. Both Ford engines have rigid, extra-deep blocks for smoothest, quietest operation and extra-long life... plus the

savings and "GO" of modern, high-compression, short-stroke, low-friction design.

Ball-Joint Front Suspension

For the first time in any low-priced car, you get the smoother riding and easier handling of Ball-Joint Front Suspension — an advance you'd expect to find only in the costliest cars.

Choice of 5 power assists... including Fordomatic

Only Ford in the low-price field offers power on all four windows... a 4-way power seat which adjusts up and down as well as forward and back. Power steering, power brakes and versatile Fordomatic Drive are also available—and they make your fine Ford even more fun to drive.

Choice of 28 new models

With fourteen stunning body styles available with either of Ford's new engines, Ford offers a car to suit every taste and need. In fact, for '54, Ford offers the widest selection of models in the entire industry!

Top value at resale

Used car prices show that in recent years Ford has consistently returned a higher proportion of its original cost at resale than any other car. And for 1954, with all its advanced new features, Ford is worth even more when you buy it... and it stands to reason it should be worth more when you sell it, too.

We cordially invite you to Test Drive the 1954

Ford

BROWNFIELD, TEXAS, FRIDAY, MARCH 19, 1954

MAIDS AND MATRONS HEAR BOOK REVIEW—PLAN OFFICER'S VISIT

Mrs. E. C. Davis reviewed the book, "Always the Young Strangers," an autobiography of Carl Sandburg, at the March 16 meeting of the Maids and Matrons Club held at the Seleta Jane Brownfield Clubhouse.

It was announced that Mrs. A. J. House, of Yoakum, Texas, first state vice president, will be here, April 19, at 8 p.m., at the clubhouse and all Federated Club members are invited to attend the reception in her honor. Mrs. House will discuss her project, organizing new clubs, at the meeting.

Miss Olga Fitzgerald gave the yearly library report and Mrs. Frank Wier, president, presided over a business session held prior to the book review.

An arrangement of fruits centered the serving table, which was covered with an ecru lace cloth. The hostess, Mrs. M. G. Tarpley, served oatmeal cookies and spiced tea.

Members attending were Mesdames A. W. Butler, E. C. Davis, Barton Evans, Leo Holmes, Eunice Jones, O. B. Larner, E. O. Nelson, A. A. Sawyer, A. R. Smith, M. G. Tarpley, J. M. Teague, J. M. Telford, F. G. White, Frank Wier, D. M. Cowgill, and W. B. Downing.

COUPLES BRIDGE CLUB MET AT HAMILTON'S

Mr. and Mrs. Jack Hamilton, 902 East Broadway, entertained the Friday Night Couples Bridge Club at 7:30 p.m., March 12.

Mr. and Mrs. John Portwood made high score; Mrs. Grady Goodpasture and Mrs. Lee Brownfield made second high. Mr. and Mrs. V. L. Patterson binged.

Orange cake, sherbet, and coffee were served to Messrs. and Mrs. Bill McKinney, Dip Pemberton, Portwood, Patterson, and Mesdames Grady Goodpasture and Lee Brownfield.

MRS. HARRIS HOSTESS TO PLEASURE CLUB

Mrs. Tom Harris was hostess to the Pleasure Bridge Club, at her home, 805 East Buckley, March 8, at 7:30 p.m.

Mrs. Jack Hamilton made high score, Mrs. Ray Edgman, second high, and Mrs. George Weiss and Mrs. Joe Shelton won bingo.

Chilled grape dessert and coffee were served to the following members attending: Mesdames Mike Barrett, J. T. Bowman, Lee Brownfield, Cecil Casey, George Germany, C. C. Primm, John O'Dell, Sawyer Graham, Hamilton, Weiss, Shelton, and Edgman.

GOMEZ HD CLUB MEETS AT MASON'S

Mrs. Jack Mason was hostess to the Gomez Home Demonstration Club at her home, Thursday afternoon.

Mrs. Wes Key was in charge of a business meeting in the absence of president, Mrs. R. L. Jones. Roll call was answered by "How to be courteous in a club meeting," and a council report was given by Mrs. Tyler Martin. The plan of work report for the year was filled out.

The program, "Interfacing and Bound Buttonholes," was demonstrated by Miss Mildred Cox. The main points to consider in interfacing are the type of material, the garment is to be made of; whether it's a soft or firm fiber; and the style of pattern is important, said Miss Cox. She demonstrated new, easy ways to make one piece tailored buttonholes.

Next meeting will be at the home of Mrs. W. G. Swain, on March 25, with Mrs. Alfred Tittle in charge of the program on "Civil Defense."

Refreshments of cakes and cookies were served to the six members present.

Mrs. Cora Bartlett, of Brownfield, is in Phoenix, Ariz., on a visit.

Miss Helen Rogers was in Temple recently, where she played in the State basketball tournament.

Coach Farris Nowell, of Brownfield, was in Austin recently in connection with the State basketball tournament.

Delphians Study Art Of Making Friends At Guest Day, Wed.

Friendship Day and Guest Day were observed at the March 17 meeting of the Delphian Study Club, which featured three discussions on personality, at the Seleta Jane Brownfield Clubhouse.

"The Art of Making Friends," was discussed by Mrs. John Happ. "Are You a Good Neighbor?" by Mrs. Viola Burrow; and "How to Have Good Personal Relations," was outlined by Mrs. Jerry Stoltz. Program chairman was Mrs. C. L. Aven, and roll call was answered with a definition of a friend, as the thought for the day was "Make new friends, but keep the old; those are silver, these are gold."

A new member, Mrs. Virgil Bynum, was welcomed into the club by the president, Mrs. Wayne Brown.

Green and white color scheme was carried out in decorations in the clubroom and on the serving table. A bouquet of white carnations centered the table which was covered with a hand drawn cloth. The hostess, Mrs. K. D. Snedeker, served cake squares and punch to the following attending: Mesdames C. A. Winn, William Brown, Wayne Brown, Claude Buchanan, J. O. Burnett, Jr., W. C. Burrow, Nathan Chesshir, Al Hallbauer, John Happ, W. H. Moore, J. L. Newsom, W. P. Norris, W. T. Pickett, Jimmy Shook, Geo. Steele, Jerry Stoltz, Fred Yandell, and Verne Ellis.

MRS. WIER ATTENDS TECH CONVOCATION

Mrs. Frank Wier, 905 East Lake, attended the Convocation service held at Texas Tech Stadium, on Wednesday, at which time her daughter, Nancy, was among the students honored for scholastic standing. After the 10 a.m. service, Mrs. Wier attended a coffee at 11 o'clock in Drane Hall.

SLIDES ON BETTER SOILS SHOWN CLUB—PLAN FLOWER SHOW

Brownfield Garden Club met at 3 p.m., March 10, in the Seleta Jane Brownfield Clubhouse with Mrs. Alfred Tittle presiding in the absence of the president, Mrs. James King. Program chairman was Mrs. Milton Addison.

Mrs. Alton Loe and Jim Foy, County Agent, showed slides on better soils and testing soils.

Hostesses were J. C. Criswell and Mrs. Nell Chesshir.

Mrs. James King and Mrs. Drew Hobby were in Plainview that day attending a school of instruction on flower arrangements and a flower show.

Mrs. Ernest Latham had as her guest, Mrs. Frank Jacobs and approximately 30 members were in attendance at the meeting. The local club is planning a flower show for October 13. Mrs. James King called a meeting of the various committees of the club on Monday afternoon in the home of Mrs. L. M. Rogers, to perfect plans for the October show.

Club hints for the month are: Divide and plant cannas. Mix equal parts of compost and barnyard fertilizer and apply to beds; and to force chrysanthemums by adding superphosphate to beds two weeks before planting.

Mr. and Mrs. Harry Cornelius have returned from a fishing trip at Corpus Christi, last week.

Mrs. David Cowgill, Mrs. Addie Christian, and Bro. Paul Farrell attended the First Christian Missionary meeting in Lubbock last week.

GIRL SCOUT CALENDAR A WEEKLY FEATURE TO WATCH FOR

GIRL SCOUT CALENDAR FOR THE WEEK

Troop 1—Jane Shirley, leader. Monday meeting will start on First Aid. Mrs. Viola Simmonds will present the course.

Troop 2—Mrs. Crawford Taylor, leader. Monday meeting: will paint flower pots.

Troop 9—Mrs. John Happ, leader. Thursday meeting: Court of

MISS NORMA JO BOYD AND JACK WORSHAM MARRIED SATURDAY EVE

In a double ring ceremony read Saturday at 8 p.m., in the Brownfield, First Presbyterian Church, Miss Norma Jo Boyd, daughter of Mr. and Mrs. Thomas D. Zorns, 920 East Tate, became the bride of Jack R. Worsham, son of Mr. and Mrs. J. B. Worsham, also of Brownfield. Rev. R. N. Huckabee of Lubbock, performed the service before an altar banked with greenery and flanked by tall white columns, topped by arrangements of white calla lilies and white stock tied with long white satin streamers. White tapers burned in wrought iron candelabra.

The fitted bodices had wide fitted midriffs, which were also accented by satin folds. Joining the bodices were immense waltz-length skirts cut on circular lines with lace encircled by tiny satin bands from top to bottom. The fullness of lace over net and taffeta was emphasized by crinoline worn underneath. Their headdresses were Juliet caps of lace outlined with white satin, and all of the bride's attendants wore white lace mitts. They carried bouquets of white carnations circled with tulle and showered with white satin streamers.

The little flowergirls wore dresses identical in design to those of the other attendants, and scattered rose petals before the bride from small white identical baskets. Jerry D. Worsham, of Levelland, twin brother of the bridegroom, served as best man. Ushers were Donnie Boyd, brother of the bride, Robert L. Bowers, Bob Thurston, Billy Don Anderson, all of Brownfield, and Jerrell Price of Odessa. Candlelighters were Robert B. Knight and Eddie Taylor, both of Brownfield.

A reception honoring the couple was held immediately after the ceremony in the home of the bride's parents. Assisting the bride and bridegroom in receiving were their parents, members of the wedding party and Mrs. J. E. Gillham. Mrs. Laura Elmore presided at the bride's book, assisted by Mrs. Jerrell Price. Guests were greeted at the door by Mrs. Jack Bailey, and assisting in hospitalities were Mesdames Bill Marchbanks, Will Orndorff and Ray Hailey.

The bride's table was laid with a white satin cloth fashioned with a puffed, Gone-With-The-Wind skirt and detailed with an all-over seed pearl embroidery. Carnations and calla lilies were arranged with white Cupids on a milk glass epergne to form a miniature fountain. Other appointments were in milk glass carrying out the all-white theme of the wedding and reception. Alternating in pouring were Mrs. Robert Lee Craig and Mrs. Bill Gorby. Serving cake were Mesdames Harold Simms and Virgil Short. The double heart wedding cake was centered by a miniature bridal couple, and iced in white confection.

A basket arrangement of calla lilies was placed before the fireplace, and as the center of interest on the mantel, studio portraits of the bride were lighted by six white tapers burning in milkglass candelabra. Out-of-town wedding guests attended from Perryton, Liberal, Kansas; Lubbock, Odessa, and Artesia, N. M.

After a wedding trip to Santa Fe, N. M., Mr. and Mrs. Worsham will be at home in Odessa, where the bridegroom is employed by the Pioneer Gas Company. For traveling, the bride chose a gray flannel suit with black and white accessories and a corsage of white roses.

The bridegroom graduated from Texas Technological College with a Bachelor of Business Administration degree, and the bride formerly attended West Texas State College at Canyon. Before her marriage she was employed at the Brownfield State Bank and Trust Company. Both Mr. and Mrs. Worsham are graduates of Brownfield High School.

Mr. and Mrs. Frank Sargent, Mr. and Mrs. Clarence Cornett, and Mr. and Mrs. Gene Gunn were among persons who attended the Abilene Christian College A Cappella Choir program in Lamesa, recently.

Mr. and Mrs. Harry Cornelius have returned from a fishing trip at Corpus Christi, last week.

Mrs. David Cowgill, Mrs. Addie Christian, and Bro. Paul Farrell attended the First Christian Missionary meeting in Lubbock last week.

Mrs. Ernest Latham had as her guest, Mrs. Frank Jacobs and approximately 30 members were in attendance at the meeting.

125 Attend Country Club Spring Style Show, Wednesday

One hundred and twenty-five persons attended the Brownfield Country Club Spring Style Show held at 1:30 p.m., Wednesday, at the Club.

Four local stores participated in the Fashion Revue and Jerry Gannaway furnished piano selections throughout the show. Mrs. Curtis Sterling served as commentator.

Stores, their models, and apparel worn are as follows: Shelton's Ready-to-Wear—Mrs. George Weiss, modeling a two-piece casual dress; black disciplined cotton dress; and an after 5 linen sheath dress. Mrs. Lee Brownfield, modeling a linen dress-up frock, two-piece parasol pleated skirt dress, and after 5 dress of cotton-satin. Miss Pam Tudor, modeling a two-piece printed cotton sundress, and a two-piece play suit. And Miss Mary Jane Brownfield, wearing a party dress of floral cotton, a white stag sport outfit, and a swim suit.

Collins Dry Goods—Mrs. Sam Teague, modeling a cotton sun dress, linen three-piece dress, and wool spring suit. Mrs. Leonard Chesshir, modeling a cotton twill sun dress; linen dress with duster; and linen after 5 dress. Katherine, Glenda, and Gena King, modeling ruffled cotton Easter dresses. And Judy Lynn Self, modeling a ruffled nylon Easter dress.

Dunlap's Department Store—Mrs. Reba Zorns, wearing a formal evening dress; suit; and sportswear. Mrs. Bill Dougherty, wearing an afternoon dress; sportswear; and a patio dress. And Miss Jane Barrett, wearing an Easter ensemble.

Gore Fashion Shoppe—Mrs. Mike Barrett, modeling dressy, cotton frocks. Mrs. Sammy Jones, modeling embossed cotton sundresses. And Mrs. Murphy May, modeling a denim play-suit; and an imported cotton dress.

The stage was decorated with white trellises, entwined with yellow jonquils, roses, and ivy. Black wrought-iron furniture was used from Griggs and Goble Furniture Company, and the local florists furnished the flower arrangements.

Mrs. Lloyd Hahn won the door prize, yellow and white striped sheets, which were given by the Bargain Center. Angelfood cake with strawberry filling and coffee were served prior to the show.

Out of town guests included persons from Lubbock and Tahoka.

ALPHA OMEGAS ENJOY COLORED FILM AT MEET

A colored film, "Golden Journey," shown by Truett Flache highlighted the March 9 meeting of the Alpha Omega Study Club, which had as its theme, "Touring the Southwest," held at the Seleta Jane Brownfield Clubhouse.

Mrs. Joe Christian was director of the afternoon, and a round-table discussion concerning points of interest, places to go, and things to see in the Southwest was led by Mrs. Jack Hamilton, with the club participating.

Mrs. Earl Jones, Jr., was welcomed as a new member in the club by Mrs. Grady Goodpasture.

Mrs. Morgan Copeland, hostess, served sandwich plates and Cokes to the following: Members attending were Mesdames Joe Christian, M. J. Craig, Jr., J. W. Eastham, Truett Flache, Grady Goodpasture, Jake Gore, Jack Hamilton, Tommy Hicks, C. R. Lackey, Sid Lowery, W. T. McKinney, George O'Neal, M. R. Padlock, V. L. Patterson, D. L. Pemberton, John Portwood, Sam Teague, J. C. Powell, Earl Jones, Jr., and Morgan Copeland.

BRIDGES-GASS MARRIAGE; LOVINGTON

We learned this week that W. R. Bridges and Mrs. Leona Gass were married at Lovington, N. M., March 9, Wayland Wickert, Church of Christ minister, performing the ceremony. Willie Winn, nephew of Bridges, accompanied them.

Both parties are old settlers of Terry County, and have many friends who wish them a happy wedded life.

Joe Christian was recently in Amarillo on business.

NATIONAL GIRL SCOUT REPRESENTATIVE MEETS WITH LOCAL LEADERS AND COUNCIL. Virginia Burgess, representative from the Dallas office of Region 9 of the Girl Scouts of the United States, is shown above, second from left as she worked out definite schedules for her two-day visit here with officials of the Girl Scout Council, March 11-12. A tea was given March 11 at the Jack Shirley home in the field representative's honor. Miss Burgess conducted the annual study course for Scout leaders and other volunteer Girl Scout workers during her stay here. Pictured above, left to right, are members of the Council Board, Mrs. Pete Crump, Miss Burgess, Mrs. Bill Dougherty, and Mrs. Coke Toliver. (Staff Photo.)

GIRL SCOUT TROOP NO. 9—Two Scouts are shown above working toward their Home Nursing Badge. Pictured, left to right, are Mary Joe Christian, Mrs. Viola Simmonds, health nurse, and Sheri Clemets.

GIRL SCOUT TROOP 8 is shown above, demonstrating the correct way to fold a flag. Pictured above are Cynthia Ramsey, left, and Mary Jane Brownfield. Leaders of the troop are Mrs. Charley Scott and Mrs. Donna Bagewell.

Maids and Matrons Club Reminders

SAFETY REPORT—Ride your bike in the twilight, but make it safe with scotch lite, is the advice of the Safety Committee, composed of Mesdames Roy Wingerd, F. G. White, J. M. Telford, Money Price, and A. W. Butler.

INDIAN AFFAIRS PROJECT

The Indian Village, Livingston, Texas, home of the Alabama-Coushatta Indian, is the only reservation in the State of Texas. Let's help them help themselves by giving old leather jackets (to be made into fringe for ceremonial robes), old costume jewelry, feathers, scrap leather, and beads. Indians make novelties to sell from these things. If you have any of these to donate, contact Mrs. M. G. Tarpley, Indian Affairs, chairman.

LIBRARY PROJECT—Miss Olga Fitzgerald, Librarian, extends an invitation to the public to visit the Maids and Matrons County

AMATEUR NIGHT AT MEADOW, MARCH 19

Meadow Parent Teacher Association will sponsor an amateur night at Meadow High School gym, on Friday night, March 19, at 8 o'clock.

No entry fee will be charged and all ages are invited to participate. There will be three prizes given: first prize, \$10; second, \$7.50; and third, \$5.

Everyone is cordially invited to attend. Admission for adults is 25¢ and children, 15¢.

COUPLES BRIDGE CLUB MEETS WITH HURDS

Mr. and Mrs. Howard Hurd, 505 East Lons, entertained the Tuesday night Couples Bridge Club at 8 p.m., on March 16.

Mr. and Mrs. Bill Anderson made high score, and Mrs. George Germany and George O'Neal binged.

Boston creme pie and coffee were served to Messrs. and Mrs. Johnny Kendrick, Curtis Sterling, Tommy Zorns, Anderson, O'Neal, and Germany.

Mr. and Mrs. Lewis Simmonds, 312 South Second, were in Fort Worth, Sunday, on business.

The average politician believes in service but by and for himself.

LOCAL BRANCH AAUW HEARS STATE PRESIDENT SPEAK ON ORGANIZATION

At a six o'clock dinner, March 4, the Brownfield branch of the American Association of University Women had as their guest speaker, their State President, Mrs. Erwin C. Ochsner, of Amarillo, Texas.

Mrs. Barton Evans, local president, was also chairman of the program, and introduced the speaker for the evening.

Since the Brownfield Branch has just recently been affiliated, Mrs. Ochsner spoke to us about organization and the fellowship program, and various endeavors in which AAUW could share.

The AAUW fellowship program began in 1890, sustained only by the vision and determination of a handful of women, who gathered together \$500 to send the first fellow on her way. Now—63 years later—it is backed by a Million Dollar Endowment Trust, and the respect of the academic world, both here and abroad.

The vision has been realized in a program awarding approximately 34 fellowships a year, with stipends from \$1,500 to \$3,500, the majority being \$2,000. Nearly 600 awards have been made in that 63-year interval, supported mainly by the interest on the endowment, but also by current contributions. In addition, AAUW brings about 50 women to the United States each academic year from the countries belonging to the International Federation, of which there are thirty-one.

Fellowships are the sharing of our time, our money, and our heritage. They are a search for knowledge, a safeguard for democracy, a chance for service. They were born through the sacrifice of a few and grew because of the spirit imparted to others.

She told us of a panel discussion held in her branch in Amarillo, the title of which was, "Who Makes Up Your Mind?" which gave us much food for thought.

The Board of the Texas Division voted this year's theme to be: "You Are Your Community." Any

branch projects should be based around this theme. Our particular work is in educational fields but we are also members and leaders of our communities and as such we must help in other fields of endeavor. We believe that we are truly a part of our community that we will be helping to make Democracy work. In doing so, we will be helping with the "Education of a Free People." AAUW has constant calls for work with other organizations and we must decide which we can assist and at the same time fill our obligations to our own Association.

Mrs. Ochsner said, "The educated women are no better than the other women of the community, but she owes more to it." Mrs. G. L. Hermance of Houston, has been re-elected co-chairman of the Texas Citizens' Committee on Jury Service for Women. This committee plans to work for passage of legislation that will affect every woman in Texas. As you know, this item will come to a vote in November, 1954. The time has come for us, as University and College Women, to take our responsibilities of citizenship along with our privileges, and we urge every member to talk to the women as well as the men in the community to create a favorable action at the polls next November.

A regional conference will be held in St. Joseph, Mo., on April 23 and 24. Dr. Minnie Miller, of Emporia, Kansas, Regional Vice President, is planning a most inspiring program. There is always inspiration to be obtained at any conference, and the exchange of ideas between branches and divisions is very valuable.

Hostesses for this dinner, held at Nick's Cafe, were: Mesdames Barton Evans, J. W. Brown, Cornelia Peters, H. B. Virgil Crawford, and Miss Creola Moore.

Visitors were Mrs. M. U. Lively, of Amarillo, who came with Mrs. Ochsner; Mrs. Joe Grimland, and Miss Edith Creighton. Members present were Mesdames T. C. Wil-

COUPLES BRIDGE MEETS WITH TOMMY HICKS

Mr. and Mrs. Tommy Hicks, 506 East Main, were host for the Friday Night Couples Bridge Club at 8 p.m., March 12.

Mr. and Mrs. Coleman Williams made high score, and Mrs. Edgar Self and Lloyd Hahn binged. Apple pie a la mode and coffee were served to Messrs. and Mmes. Bill McGowan, M. J. Craig, Jr., Coleman Williams, Edgar Self, and Lloyd Hahn.

IDEAL BRIDGE MEETS WITH MRS. MULDROW

Ideal Bridge Club met with Mrs. Al Muldrow, 221 South Club, at 8 p.m., March 10, with three tables in play.

Mrs. Roy Herod made high score. Mrs. Bruce Zorns, second high, and Mrs. R. L. Bowers and E. C. Davis, binged.

Ambrosia pound cake and coffee were served to Mesdames Slick Collins, Jimmy Cotton, Clovis Kendrick, Walter Hord, Joe McGowan, A. A. Sawyer, Edson Wilder, Bob Land, Bowers, Davis, Zorns, and Herod.

Mrs. Jimmy Shook, 310 South Second, took her aunt, Mrs. Mae Ripley, back to her home in Big Spring, last Thursday, after a few days visit here with the Shooks.

Mr. and Mrs. Jack Hamilton, 902 East Broadway, were in Lamesa, Sunday, visiting Mrs. Lona Hamilton, who has been ill.

Robert Bowers, student at the University of Texas, visited with his mother, Mrs. R. L. Bowers, brother, Marion, and sister, Mrs. Tommy Hicks and family, last week end.

Support the Red Cross drive.

Presbyterians Plan To Host Abilene Presbyterial in Mar.

The Presbyterian Women's Organization met Monday, March 15, for the monthly luncheon and business session, with Mesdames T. C. Williams, Walter Hord, and Jay Barrett, as hostesses. Business meeting was called to order by Mrs. Frank Wier, vice president, and plans were formulated for the Brownfield Church to host the Abilene Presbyterial on March 31. Mrs. Al Muldrow was elected delegate and Mrs. Claud Buchanan, alternate.

Committees appointed were: Hospitality: Mesdames Al Muldrow, M. B. Brown, Claud Buchanan, L. E. Hamilton, Tom Keenan, and James King.

Morning Coffee: Mesdames Tom May, Ben Monnett, John King, Caroline Ellington, and L. L. Bechtel.

Decorating committee: Mesdames A. T. Pickett, Lee Lidzy, and T. C. Williams.

Food Preparations committee: Mesdames H. Y. Griffis, J. M. Teague and Claude Buchanan.

Buying committee: Mrs. M. B. Brown and Mrs. Frank Wier.

Serving committee: Mesdames Lal Copeland, Clovis Kendrick, Wanda Brownfield, Frederick Smith, Clyde Wideman, Edson Wilder, Bernan Hows, Bruce Zorns, and Walter Hord.

There will be a nursery provided at the March 31 meeting, it was announced.

Fourteen ladies attended the luncheon and meeting.

ST. PATRICK'S DAY SPECIAL Decorative and Delicious

St. Patrick's Day makes March a month to remember. And when we plan desserts for this special day, we think of something green, of course. From the Test Kitchens of Minute Maid Fresh-Frozen Juices comes a recipe for Lime Meringues... light-as-thistledown shells brimming with cool, green, lime custard filling. They are every bit as good as they look and so easy to fix. Because eggs are plentiful right now, this is an economical dessert... pretty enough for a party... thrifty enough for family fare.

MERINGUE SHELLS

4 large egg whites

LIME MERINGUES

1 cup sugar 1 teaspoon almond flavoring

Preheat oven to 275°F (slow). Line cookie sheet with wax paper. Beat egg whites just until they are glossy and will hold a peak when beater is lifted. Add sugar, 2 tablespoons at a time, beating after each addition. When all sugar is used, beat in almond flavoring. With pastry bag and tube or with large spoon, shape mixture into 5 rounds on lined cookie sheet. Make hollow in center of each to hold filling. Bake in slow oven 30 to 60 minutes. Remove at once and place on cooling rack. When cool, fill centers with Lime Custard.

LIME CUSTARD

1/2 cup sugar 1/2 cup cornstarch 1 cup boiling water

4 large egg yolks 1 can Minute Maid Fresh-Frozen Limeade (undiluted) 5 drops green vegetable coloring

In heavy pan, blend sugar and cornstarch. Add boiling water slowly, stirring constantly. Cook over moderate heat, stirring, until mixture comes to a boil and is thick and smooth. Remove from heat. Beat egg yolks well. Add undiluted fresh frozen limeade slowly, still beating. Blend in green vegetable coloring. Stir cornstarch mixture slowly into eggs and blend well. Place over low heat (or hot water) and continue to stir another 3 or 4 minutes. Mixture must not boil. Cool. When quite cool, fill into meringue shells. If any mixture is left-over, it makes a wonderful filling for plain layer cake.

Mrs. Thelma Chesshir, of Brownfield, attended a Luzier's meeting, in Lubbock, Monday.

Mr. and Mrs. N. T. House, of Lubbock, Mr. and Mrs. E. R. Lindsey, of Cotton Center, were guests in the Les Newberry home, 216 East Broadway, on Sunday.

PARTY GIRL

This little miss is ready for a party in a charming frock designed for such special occasions. Her party dress by Hedy-Joyce is made of Simpson's Everglaze lawn, a crisp, sheer cotton that stays un-mussed because of its crease-resistant finish. Rows of baby lace form a dainty yoke effect and velvet ribbon makes a pretty bow in front.

IN THE PINK

Recommended for the fashion-wise teen-ager by Seventeen magazine is this pretty pair of separates in ice pink Everglaze cotton. White lace frosts the neckband and front tucks on the blouse. The skirt is made full through an attached ermine with a ruffled hem-bounce. The cotton separates are designed by Lortogs.

WCS Elects Lewis And Brown Delegates To Annual Conference

Women's Society of Christian Service met in Fellowship Hall, Monday, at 3 p.m., with Mrs. Ernest Latham presiding and Mrs. Fred Miller leading the opening prayer.

The annual conference will be held at Lubbock March through April 1, it was announced. The theme is "Jesus Christ, the Way." Mrs. Hobart Lewis and Mrs. G. N. Brown were nominated as delegates to attend this conference. The alternates were Mrs. G. S. Webber, and Mrs. Joe Johnson.

Mrs. Brown gave a devotional from James 2:1-8, followed with a prayer by Mrs. Vernon Henderson. Mrs. Hobart Lewis was leader of the study, "Within These Borders." Those taking part on the program were Miss Maudie Bailey, and Mesdames Miller, J. H. Carpenter, B. L. Thompson, Ida Belle Walker, Glen Harris and Latham.

Those present were Mesdames G. N. Brown, Vernon Henderson, W. B. Downing, Glen Harris, B. L. Thompson, R. J. Purcell, Ernest Latham, Hobart Lewis, J. H. Carpenter, Fred Miller, J. B. Knight, Ida Belle Walker, Leo Holmes, and Miss Maudie Bailey.

Businesses grow when somebody mixes hard work and intelligent effort; few men wake up to find themselves rich.

James Murdough — Cotton and cotton equities. Half block west of Brownfield State Bank. tfc.

"Don't put off for another day," cautions the State Farm and Ranch Safety Committee, "the job of checking farming equipment for accident hazards. There'll not be time one operations commence to hum. You and your family are entitled to this protection."

Winston Churchill, British Prime Minister: "It has been said that democracy is the worst form of government except all those other forms that have been tried from time to time."

DEMONSTRATION OF

Sunbeam
THE BEST ELECTRIC APPLIANCES MADE

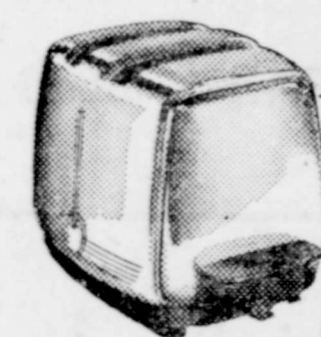

COME IN MARCH 20TH

Factory representative here all day demonstrating famous Sunbeam appliances. See for yourself how wonderful these labor-savers are.

Sunbeam COFFEEMASTER

It's automatic—you can't miss. All you do is put in water and coffee. Set it! Forget it! Shuts off when coffee is done. Resets to keep coffee hot.

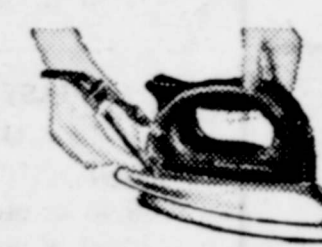

Sunbeam RADIANT CONTROL TOASTER

All you do is drop in the bread. Bread lowers itself automatically. No levers to push. Toast raises itself silently—no popping or banging. Every slice alike—moist, dry, thick slices or thin.

Sunbeam MIXMASTER

Marvelous, new features for higher, lighter cakes—creamier, fluffier washed potatoes—velvet-smooth soups, etc. MIXMASTER does the perfect mixing job. New BOWL-FIT beaters shaped to fit both side and bottom of bowl. Bowls revolve automatically. All the batter gets a thorough, even mixing in LESS TIME. Your hands are always free to add ingredients.

Sunbeam STEAM or DRY IRON

Plug in for STEAM just as you do for current. No fuming, spilling, running dry. Switch from STEAM to DRY instantly.

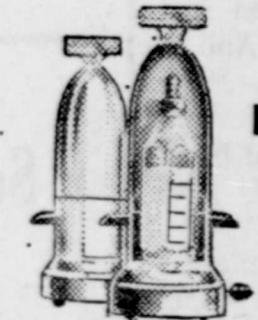

Sunbeam EGG COOKER

Cooks eggs the same every time exactly as you like them—automatically. Soft, medium, hard or any degree in between. Poacher attachment is also available.

Sunbeam SHAVEMASTER

Bigger, single, SMOOTH head shaves closer and faster than any other method, wet or dry. And with more comfort and convenience. Best shaver for all types of beards—no beard too tough; no skin too tender.

Sunbeam BABY BOTTLE WARMER

Baby's bottle warmed the same every time—scientifically correct. Dome holds steam for all-over warming. Nipple sterilized automatically.

A DEFINITION OF FREEDOM

Some influential people today are saying that "the American way of life" is an abstract term, that our political and economic system is "too complicated for anyone to define." In my opinion they are either not thinking straight or they are deliberately seeking to lead Americans away from the basic principles of our system. It does have basic principles and there is an acceptable definition. And the more clearly our citizens can define our system, the more certain we are that its fundamental elements will survive.

A young man one time came rushing to Jesus and said, "What is the greatest commandment?" The Master might well have said to him, "Young man, there are many, many commandments. There is the Decalogue, of course, but there is a great catalogue of additional commandments all given of God. They are all important. Study and observe them all."

Said The Master

But the Master didn't say this. On the contrary. He frankly said, "Thou shalt love the Lord thy God with all thy heart, with all thy soul, and with all thy strength. This is the first and greatest commandment." And then he said, "A second is like unto it, namely, Thou shalt love thy neighbor as thyself." The Master continued, "On these two hangeth the whole of the law and the prophets." Thus as Jesus saw it, the way of life that God had planned for man could hang on these two great principles.

We can hang the whole of our American way of life, I submit, on three great principles—faith in God, constitutional government, and a private enterprise economy. The Freedom Forum workshops, which are conducted on the Harding College campus, have developed a dramatic way of spelling out the full definition. Last week one of the workshop staff was on the program for the high school chapel period. Working with simulated granite blocks, he built, on the stage, "The Structure of the American Way of Life."

The Foundation

The big gray foundation stone, five feet across and 12 inches thick, bore the chiseled inscription: "A Fundamental Belief in God." On this, the speaker placed another great stone, a little smaller in dimension, on which was inscribed: "The United States Constitution—Designed to Serve the People." As the speaker placed each stone in the structure, he commented briefly on its meaning.

On the left side of this foundation formed by the two great stones, he began to build the column of political rights, a thick granite slab for each: "Right to Worship, Right to Free Speech, Right to Assemble, Right to Petition, Right to Privacy, Right to Habeas Corpus, Right to Trial by Jury, Right to Move About Freely, Right to Vote Freely." With each stone, the speaker pointed up the significance of the right it contained.

A Great Structure

Then the speaker began to build a twin column of granite slabs—the American's economic rights: Right to Own Property, Right to Choice of Work, Right to Bargain Collectively, Right to Go Into Business, Right to Opportunity, Right to Make a Profit, Right to Save, Right to Compete, Right to Contract." The speaker by now had a massive structure built, its two granite-like columns rising five feet above the foundation stones. Across the two columns he placed a binding stone inscribed, "Protected by Our Laws."

"Government agencies administer the laws which protect these political and economic rights," he explained. Then he placed the beautiful capstone on his pyramid-like structure. In the granite-like face of the stone was inscribed: "The American Way of Life," and just below this, "Our Freedom." And in the center of the capstone, the speaker thrust the stars and stripes—our Flag! Then he stepped back. The high school student body gave resounding applause.

This is a good way to define the American way of life to the school youngsters of our nation. And the definition it contains should be acceptable to all Americans of all ages.

One of every four persons in the United States is a Red Cross member.

Let's all go to Church Sunday
where we are all one with the Lord

FIRST METHODIST CHURCH, located at 1004 East Broadway, held its formal opening of the Educational Unit, Sunday morning, March 14, with 403 persons attending. Rev. Dallas Denison, former pastor here from June, 1950, to December, 1953, now pastor of the First Methodist Church in Abilene, conducted the service, assisted by Rev. Uel D. Crosby, pastor, and Rev. U. N. Henderson, Superintendent of the Brownfield District. Thirty-one Methodist Youth and the Fellowship Group participated in the evening worship service. With the moving of the pulpit and Bible the previous Sunday night, from the old church building on Main Street, went along wisdom and memories of the old church, and to begin the work of the church in the new home, a 24-hour vigil of prayer was held, with 165 persons attending the old-fashioned Experience Meeting. Pictured above in the foreground is the Educational Unit, which contains classrooms, offices, kitchen, and the Fellowship Hall, where the congregation is meeting at present. The steel framework shown in the background, at right, will be the sanctuary, which when completed, will seat 750 persons. (Staff Photo.)

with her daughter, Mrs. Dana Rev. Scudday preached here on Sunday morning with 35 in attendance.

Mr. and Mrs. H. N. Welch and children, of Levelland, spent Tuesday night with his sister, Mr. and Mrs. Sam Park.

Mr. and Mrs. J. O. Allen, of Tahoka, spent Sunday with his sister, Mr. and Mrs. J. M. Trussell.

Mrs. Major Howard and children spent the week end with her daughter and family, Mr. and Mrs. David Dunn, of Brownfield.

Kenneth Evans, of Brownfield, spent the week end with Donald and Ervin Brown.

Mr. Aldridge and sons, Homer and Vernon are visiting her sister in Miller, Ark, for a few days.

Mr. and Mrs. Dean Robertson, of Portales, N. M., spent the week end with her parents, Mr. and Mrs. Sam Park and Dee, her sister, returned home with them to stay a few days.

Dorothy Howard gave a slumber party, Thursday night. All had a nice time.

Mr. and Mrs. Homer Dunn entertained with a singing and "42" party Saturday night.

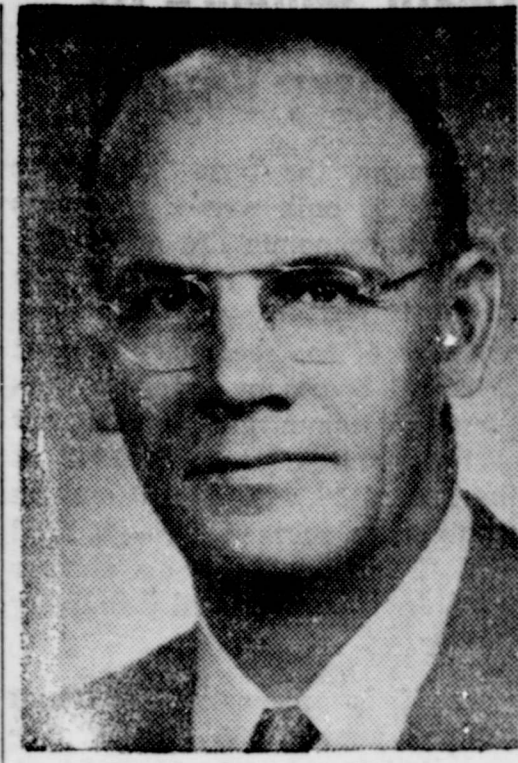

Mr. and Mrs. Elvis Duncan and baby, and Mrs. Will Terry, were in Lubbock, Monday.

end with her parents, Mr. and Mrs. Sam Park and Dee, her sister, returned home with them to stay a few days.

Dorothy Howard gave a slumber party, Thursday night. All had a nice time.

Mr. and Mrs. Homer Dunn entertained with a singing and "42" party Saturday night.

Mr. and Mrs. Elvis Duncan and baby, and Mrs. Will Terry, were in Lubbock, Monday.

Dr. James L. Sullivan
Dr. James L. Sullivan of Nashville, above, is secretary of the Southern Baptist Sunday School Board. A former pastor of the First Baptist Church of Abilene, he will return to Abilene for the annual statewide Baptist Sunday School convention, March 22-24. He speaks on the opening day's program.

Dr. Forrest C. Feezor
Dr. Forrest C. Feezor, above, is on the final day's program of the statewide Baptist Sunday School convention meeting, March 22-24, in Abilene. Dr. Feezor will speak on "Texas Baptists With the Truth." He is executive secretary of the Baptist General Convention of Texas.

BETWEEN CLASSES AND 'ROUND TOWN

with Jane Griggs

Undaunted by the terrible sand storms, BHS activities are still going strong.

Last Friday during the awful weather, James Szydoski, Nicky Greer, Rudene Rich, Ginger Gunn, Cecil Blankenship, Lolly Bryant, Royda Dumas, Demeris Little, Betty Daniell, and Sandra Yandell braved the storm to go to the district Teachers' meeting, held at Big Spring. A special session for future teachers was held with J. B. Curtis, our sponsor, in charge, and plans were started for a new affiliation of FTA clubs in this region. The FTA gave the weekly radio program last Wednesday over KTFY.

Ruth Sparkman was in the hospital this week after undergoing an appendectomy.

Some of the outstanding personalities now are Betty Daniell, who was elected recorder for this year and next, at the Big Spring FTA meeting; Norma Hall, who is just almost a real pilot, with pilot's license and everything, Thad Risner and Charles Isbell, who have been working with telescopes; and our collectors John Hill, fossils, which he finds while exploring the nooks and crannies out at Mound Lake, and Dennis McCutcheon, who is an old coin expert.

Pat Green and Gene Farris are going steady now.

Some of the daters have been Mary Tuttle and Bobby Proctor; Dee Anna Tiernan and Joe Foshee; Ann Griggs and Arvil Walser, of Wellman; and Jo Ann Fulton and Billy Nipp.

The YWA of the First Baptist Church had a slumber party, Friday, at Mrs. Bill Neel's home; Brenda Weathers, Jeanette Johnson, Georgia Martin, Patsy McAnally, and Royda Dumas played rec-

PLAINS

Mr. and Mrs. Harley Starnes and daughter, of Brownfield, spent the week end in the Johnnie Fitzgerald home.

Mrs. Donald Bookout, accompanied by Mr. and Mrs. John Smith of Seagraves, spent last week in Sidney, Neb.

W. L. Hamm and Cecil Allen were in Morton, Monday evening, on business.

Mr. and Mrs. Moore St. Romain are guests of his brother, P. W. St. Romain and family. Mr. St. Romain is retiring after 21 years of service in the US Navy, and the couple are enroute from Corpus Christi to Tucson, Ariz.

Mrs. Addie Lou Williams, of Lubbock, was a guest of Mrs. J. P. Robertson this week.

Mrs. Caryl Light and Mrs. Morris Loe were shopping in Lubbock, Thursday.

Mr. and Mrs. Guy Harrod were Brownfield visitors Tuesday.

Mrs. J. M. Harris is visiting her sister in Olton this week.

Lubbock shoppers, Wednesday, were Mesdames W. H. Hague, Ralph McClellan, L. D. Camp, and J. H. Morris.

Mrs. E. D. Teague is visiting her mother, Mrs. J. A. Webb, in Quanah, this week.

Mrs. Inez Culwell, who underwent major surgery, Monday, is reported "doing fine." She is a patient in the Gaines County Hospital in Seminole.

Mrs. M. W. Luna, who suffered a broken leg in a fall three weeks ago, is reported to be doing as well as could be expected. She is a patient in Yoakum County Hospital in Denver City.

HD Club

The Stanford Valley Home Demonstration Club met in regular session in the clubroom Wednesday, with Mrs. Bill Gray as hostess. A report from Council was made by Mrs. Bruce White. A demonstration on "cooking utensils" was given by Mrs. Brummett, the agent. Refreshments were served to 17 members and one new member, Mrs. E. H. Goehry.

Fine Arts Club

"Music in Texas" was the topic of a program when the Fine Arts Club met Thursday evening. Mrs. Jesse Hale and Mrs. Myrtle Patterson entertained members in the Hale home Thursday.

Table decorations, as well as the dinner menu, carried out the red, white, and blue color scheme. A large styrofoam "Texas" with Texas' six flags, made an interesting centerpiece.

Election of officers was held and the following were elected for two-year terms of office: Mrs. Patterson, president; Mrs. B. C. Goad, vice president; Mrs. E. N. Conner, secretary-treasurer; Mrs. Roger Harvey, recording secretary; Mrs. G. W. Cleveland, reporter; Mrs. G. D. Kennedy, critic; Mrs. J. P. Robertson, parliamentarian; Mrs. Bob Snodgrass, librarian. Mrs. Kenneth Hale was a visitor.

Tsa Ma Ga Club

The Tsa Ma Ga Club met in the American Legion Hall, Wednesday evening, with Mrs. M. McGinty and Mrs. Myrtle Patterson as hostesses.

Reports of the 7th District workshop, which was held in Brownfield, Feb. 28, were given by Mesdames Ty Field, R. K. Field, R. B. Jones, T. E. Payne, Jr., Bert Bartlett and M. McGinty.

The club voted to send Mrs. P. W. St. Romain as delegate to the national convention in Denver, Colo., May 31 through June 4. Mrs. Ruth O'Neal spoke on "Nature's Balance." Mrs. Roger Curry spoke on "Conserving Water and Soil." A refreshment plate was served to 27 members.

HEART DISEASE—THE NUMBER ONE KILLER IN TEXAS

AUSTIN.—Heart disease is the number one killer in Texas. "What kind of a heart have you?" asks Dr. Geo. W. Cox, State Health Officer. The periodic check-up with your physician will tell you. The Tuberculosis X-ray Survey in the State, conducted by the Texas State Health Department of Health has brought to light many non-tuberculosis abnormalities, some of these have been heart conditions.

The three present major forms of heart trouble are: rheumatic heart disease, high blood pressure and coronary heart disease. Rheumatic heart disease, the most common type of early life, occurs as the result of one or more attacks of rheumatic fever. It is public health problem for which very little has been done, yet with early diagnosis and proper medical care during the acute and convalescent stages. Children who develop rheumatic fever can be largely spared from rheumatic heart disease in later life.

Another major cause of heart trouble is high blood pressure or hypertension. This is the most common heart disease, but we do know that it is most common in people who are overweight, and that it is associated with long, continuous nervous strain, high tension and constant worry. Treatment of high blood pressure is fairly successful in the majority of cases.

Coronary heart disease is a disease of the arteries which supply the heart muscle itself with blood. A majority of persons survive the first attack, and with good medical care, rest and common sense precautions, may even live a normal life span. Syphilitic heart disease can be prevented by early and adequate care of the systemic disease, a problem which has been simplified by the use of penicillin.

Research in the medical sciences is constantly improving the outlook for the cardiac patient, yet each individual must assume the responsibility for obtaining the benefits of this knowledge from his physician for himself and his family.

Dust Is Beneficial—Say Meteorologists

The weather experts continue to baffle us. Here we had always thought that dust in the air was a complete liability — annoying, possibly unhealthy, productive of no good whatever. Airborne real estate we had always regarded as a sign and a result of dry weather, and dry weather is something that does not endeavor itself by long acquaintance. In our simple way, also, we had never made much distinction between types of dust — except to note that it was black, red or a shade in between.

Now the meteorologists tell us we are wrong. Dust, they say, can be beneficial, if it is of the right kind. They say it can even be the means of bringing about large-scale rainfall. In fact, government weather experts are predicting a five-year wet cycle to end the rainfall deficiency which has plagued the whole central part of the North American continent.

The kind of dust on which they base their prediction is cosmic dust, a great cloud of which seems to be swirling in outer space. This dust usually is called sunspots, and the weathermen have observed that the presence or lack of sunspot activity has a lot to do with the plentiful or scarcity of rain on the earth. The unusual sunspot activity has prompted their encouraging prediction that we are in for a prolonged wet spell.

If this proves true, we will be able to take a much more kindly attitude toward dust storms—provided, of course, they are outer space dust storms which stay in their place and set diligently about their chore of producing rain.—Fort Worth Star-Telegram.

Well, the Texas legislators, or at least the Senate bunch opened Monday with a big row. One of the Eas' Texican-Senators was mad at everyone who did not have the same cocklebur under their tail that he had, still mad about Ike carrying his native State.

Mrs. Ed Crossland and daughter, Nora, city, spent last week in Albuquerque, N. M., in the home of Tarzan Crossland.

James Murdough — Cotton and cotton equities. Half block west of Brownfield State Bank. ttc.

Mr. and Mrs. Dean Neugent, of Brownfield, visited Mrs. Neugent's parents in Lubbock, Friday.

Had a renewal check from Leo L. Johnson, one of the instructors at WTSC, at Canyon, last week. Lee grew up in the Gomez community of this county, was a graduate of that high school, and went on to WTSC to finish his education. Then got a job teaching at the college, married, and had been there ever since.

New Map Issued By Highway Department

AUSTIN.—Publication of the Official Highway Travel Map for 1954 was announced in Austin today by D. C. Greer, State Highway Engineer, and it is now available for free distribution.

Incorporating many changes and new features, it is believed that this is one of the best travel maps the Highway Department has published, Greer stated. For the first time this year type has been used for all names and symbols appearing on the map, instead of hand lettering previously used. This greatly improves legibility of all names.

A different size and type face was selected for the various categories of names that appear on the map; counties appear in one type, cities of similar population density will have the same size type; mountains will have their own lettering style, while rivers will appear in still another size and type face, Greer stated. In all, thirty-three different styles and sizes of type were ordered for the new map.

Over 1,300 villages, towns, and cities are to be shown on the new guide. Each of these falls into one of five population categories—towns of less than 1,000 persons, towns up to 5,000, those with 25,000 and cities with populations up to 100,000. After a city's population passes this mark, Greer said, it will be shown as a striped outline of the city limits. Thirteen insets of Texas' largest towns showing highway routes through these towns are continued in the margins of the map again this year.

For the past two years the Department has been attempting to develop a relief base for the travel map that would succeed in showing the contours of the land to better advantage with adding to the expense of the printing.

CARD OF THANKS

We wish to express thanks to our friends and neighbors for their kindnesses and thoughtfulness during the illness and passing away of our loved one.

Your many expressions of sympathy in words and in deeds have been a comfort to us.

God's blessings be upon you.

Sincerely,
Mrs. G. S. Webber.
Mr. and Mrs. Glenn N. Webber.

When disaster strikes the Red Cross is always on hand. Help others and you help yourself.

HIDDEN ACRES?

Well, not exactly, but it almost seems that someone has added several acres to your farm or that Uncle Sam has upped your cotton allotment when you let us help you plan a well-rounded fertilizer program, based on a low-cost application of 82% Nitrogen Anhydrous Ammonia.

HERE'S PROOF ...

IRRIGATED WHEAT on the Murphy May farm 1 1/2 mi. south of Foster Gin on Farm-to-Market Highway shows you what a good fertilizer program can do for you. The strip at right received a treatment of 82% Nitrogen Anhydrous Ammonia, chiseled into the soil with a Dempster Liquijector while that at the left received the same amount of moisture but no fertilizer. We invite you to drive out and see this plot for yourself. You'll say the contrast is even more pronounced when you see it with your own eyes.

HERE'S HOW IT'S DONE ...

THE DEMPSTER LIQUIJECTOR injects under pressure and chisels the Ammonia deep into the soil where the plant roots will receive full benefit of the application. Agricultural Ammonia will not leach out when injected into the soil. It is virtually independent of weather conditions as it requires no rain to be converted into usable nitrogen.

NEWS FOR VETS

By C. L. Lincoln,
County Service Officer

REMINDER—KOREA VET TRAINING DEADLINE

We remind you again, Korea veterans must begin educational training under GI Bill (Public Law 580) on or before August 20, 1954, or two years after discharge—whichever is later.

VA MAY REQUIRE A REFUND OF PENSION

There is no cut and dried answer which may be given to a veteran's problem about refunding any VA pension received during a calendar year in which his annual income exceeded the statutory limit. VA pension for non-service-connected disability may not be paid if annual income exceeds \$3,400 for a veteran without dependents or \$2,700 if he has dependents.

As a usual thing, the VA asks for a refund of any of such pension, but where the pension was received in good conscience and in good equity (as they put it) and the veteran notified VA promptly when his income exceeded the limitation, it may not require a refund. If, for example, a veteran anticipated his income would be \$2,600 and for some reason he received an additional \$200 late in 1954, the VA will take that into consideration in making its decision. But where the veteran knows in June that his income will exceed the limit and fails to notify or report this fact to the VA at that time, a refund will be required, most likely, or requested.

In cases where a refund will create a hardship, it might be waived by the VA Committee on Waivers and Forfeitures. Each case is handled on an individual basis, depending on the circumstances involved.

NSLI INFORMATION

For Term NSLI failure to pay within the grace period will cause the insurance to lapse and reinstatement accomplished by two monthly premiums (without interest) must be made within the allowable term period. Reinstatement of lapsed permanent NSLI may be made at any time upon

payment of all back premiums, plus interest. Lapsed NSLI of more than three months requires that a veteran undergo physical examination.

It is customary to recognize a premium as being acceptable when it is deposited in the US Mails within the regular 31-day grace period, in an envelop addressed to the VA office. Payment may be made by money (sent via registered mail), personal check, draft, or money order. When all is in good order, the NSLI coverage will not lapse for non payment of premiums. However, when premium payments are by check or draft, they should be properly executed and drawn and there should be sufficient funds to cover any such check or draft. If the VA tries to collect and finds that it cannot because of an error on the part of the bank on which the check or draft was drawn, or was the result of an error in the instrument, and not for lack of funds, the insured will be given an additional 31-day period from the date of a letter notifying him of such nonpayment, in which to tender an amount sufficient to pay all premiums through the current month. There is a similar grace period allowed when the check or draft has been erroneously executed but not actually presented by VA for collection.

DENTAL TREATMENT

In the other articles in this bulletin, we just gave briefly the classifications the VA circular goes on and says: "Except for class I (a) and class II (b) as defined, upon onetime completion of dental treatment may be furnished unless the dental services rendered on a onetime basis are found unacceptable within the limitations of good professional standards or the veteran is found eligible under one or more of the other dental benefit classifications, etc."

"The policies referred to are predicated upon the sound theory that in most instances adequate and complete restoration of a veteran's teeth or the correction of other dental conditions will have discharged the Government's responsibility, etc."

"Veterans who have had treatment completed on eligibility established on prior military service may be furnished additional treatment under class II for dental dis-

A-S-C-S NEWS

By Loe Miller

All revised cotton allotments were mailed Monday, March 15. Any producer who has reason to believe that his allotment is incorrect has fifteen days in which to file a request to the Review Committee for correction. After the fifteen days, no more requests for correction will be accepted.

Terry County Cotton growers can arrange for official measurements of their 1954 cotton acreage allotment prior to planting time, the County Agricultural Stabilization and Conservation Committee announced this week.

The details of his pre-measuring service will be published at a later date, after the County Committee meets and sets the price per far for measuring. The cost for this service is to be paid by the cotton grower before measurements are

made. Any cotton grower who wishes to release all or any part of his 1954 cotton acreage allotment to the County Committee for re-apportionment to other farmers in the county may do so at any time between now and May 21.

"Farm Program Must Benefit All People," Says Morse
The farm program recommended to Congress by President Eisenhower is a farm program for all the people, Under Secretary of Agriculture True D. Morse told a group of farmers and businessmen recently.

"All of the 61 million citizens of the United States must be constructively served if farmers are to be most prosperous," the Under Secretary declared. "No narrow, selfish, or short-sighted farm program will meet the test."

"Taxpayers, businessmen, labor, industry, consumers—all citizens along with farmers will be more prosperous and enjoy a higher level of living if the Nation has a sound workable farm program."

"Certainly leaders of business and industry know the stimulating effect as new dollars of income originate from farms and feed through the economic blood stream of the Nation. People have more work. Labor has more income. More business is transacted. There are more goods for industry to process, store, transport, and sell."

"We dare not focus attention on price alone. Farm income is the product of price times volume—dollars times bushels, pounds, or tons. Labor, too, must have full employment in productive enterprises. When workers have good incomes, it helps insure strong markets for farm products."

Judges are all right when they decide in your favor.

Man Who Croons Marries Girl Who Yodels.—Head-line. The choir will now please rise and sing, "Oh, What Shall the Harvest Be?"—Washington Post.

ALIKE
There is, so to speak, a greater resemblance than appears on the surface between prayer-meetings and peace conferences; the people who need them least attend.—Troy Record.

What's the hurry?
Many critics contend that speed, especially on our highways, is a great waste of lives. Yet there is an instance in which it may do just the opposite. It might save thousands of lives each year, the lives of those who have cancer.

The only "wonder drug" that can save the lives of eight out of every 1,000, apparently healthy Americans, who nevertheless have cancer, is "speed!"

Speed, meaning early detection and widespread public participation in the American Cancer Society's detection program, already is showing results.

The need to detect, diagnose and treat cancer early is only one aspect of urgency of cancer control. There are others. We need to apply speed in research and in providing services for the cancer patient. These too, are going forward.

"Speed, Or Not To Speed" Is Question

Above all, and quickly, we need to recognize cancer as a threat which is growing to the proportions of a national emergency, and to meet it as we have always met national emergencies, by giving of ourselves and our means to its

defeat.
The local cancer drive for funds will begin April 1, and continue throughout the month.

The firm prospered. Von Holdt allowed himself \$35 a week. The rest of his earnings he plowed back into the business. By October, 1950, the firm had five trucks—the partners operating two and hiring three drivers.

At this juncture, Local 705, Chicago Truck Drivers Union, demanded that the partners and their employees pay \$100 each to join the union. The employees refused, Von Holdt testified, because their pay was already above union scales. Thereupon, the agents

defeat.

and building materials of all kinds.

Death Sentence By Secondary Boycott

asked the partners to pay the entire 500. Von Holdt, standing on principle, wouldn't.
The union invoked the secondary boycott. It picketed the firm's customers. Under pressure, the customers went elsewhere. The service—built up by four years of hard work and sacrifice—was ruined. Von Holdt is now a tool and die apprentice in a Chicago shop.

The Taft-Hartley ban on secondary boycotts was intended to prevent such ruinous attacks on small business. It should be strengthened and honestly enforced.

MEMORIAL PROGRAM FEATURED AT OES

The Brownfield Chapter No. 785 Order of the Eastern Star met Tuesday at 7:30 p.m., at the Masonic Hall, with Mrs. W. F. McCracken, worthy matron, and Kyle Adams, worthy patron, presiding. After the conclusion of the business session, the degrees of the Order were conferred upon two new members.

A memorial program was rendered with Mrs. Cornelia Peters as program chairman. Mrs. Grady Goodpasture sang "My God and I," and Mrs. W. H. Moore gave an appropriate reading as she placed a wreath on the altar in memory of the OES members who have passed away during this year. Mrs. J. W. Nelson concluded the program with a prayer.

Refreshments of coffee and cookies were served by Mrs. Lewis Simmonds, Mrs. Lula Singletary, Claud Buchanan, and W. F. McCracken to 16 officers, 29 members; and two visitors, Mrs. Ralph Ward, Muskogee Chapter No. 14, Muskogee, Okla.

MRS. TITTLE HOSTESS TO WOMEN EMPLOYEES

Mrs. Alfred Tittle entertained the women employees at Collins Department Store at 7 p.m., Tuesday, at her home in the Gomez community.

A ham dinner and games of Canasta were enjoyed by Mesdames Jack Browder, Sid Manchen, Glendon Stockton, Harvey Gage, and Martin Line, and Miss Gladys Swain.

ESA MEETING ENJOYS GUEST ENTERTAINERS

Beta Theta Chapter of Epsilon Sigma Alpha held its bi-monthly meeting at 7:30 p.m., Tuesday, at Nick's Cafe.

Guest entertainers for the evening were Barbara Eaves, playing "Bewitched," and "Near You." Bobbie Quigg sang "Birth of the Blues," and "Blue Moon," and Mrs. O. D. Kennedy gave two comical readings, "Calling on the Preacher's Wife," and "Who is Your Friend?"

Mrs. Margaret Browder, president, conducted the open ritual and presided at the business meeting which followed.

The state convention to be held in Galveston, May 14-16, was discussed, and further plans for a Denver City Chapter were mapped out.

Hostess was Miss Mary Ballard, who served pie and coffee to the following: Mesdames Alma Cade, Margaret Browder, Marguerette Chausellor, Mary Nell Colvin, Frances Gillham, Trucene George, Joe Jennings, and Anita Cooper, and Misses Sue Jones, Winnie Doss, Eleanor Miller, Ann Lilly, and Ruby Nell Hairston.

Everyone participated in the closing ritual.

MRS. STRICKLAND IS NAMED HONOREE AT SHOWER RECENTLY

A pink and blue shower was given in honor of Mrs. James Strickland, II, recently, at the home of Mrs. Myrtle Johnson, 310B S. Third.

Mrs. H. B. French greeted guests at the door and her sister, Mrs. Jack Proctor, registered guests in a blue letter book with pink streamers.

Hostesses were Mrs. Myrtle Johnson, Mrs. H. B. French, and Mrs. Horace Johnson.

Table was laid with a blue Irish linen cloth centered with pink and blue Shasta daisies intermingled with miniature rubber baby dolls. Arrangements of pink blossoms were placed throughout the house.

Hostesses presented Mrs. Strickland with a pink pleated nylon bed jacket.

Mrs. Horace Johnson served spiced tea and pink and blue cupcakes from a crystal service to approximately 25 guests. Out of town guests included Mrs. Wilton Thomson, Roswell, N. M., the honoree's mother.

MRS. PROCTOR HONORS SON AT LUNCHEON

Corporal Dick Proctor, who is stationed at Ft. Riley, Kansas, and was here over the week end, was honored at a luncheon, Sunday, given by his mother, Mrs. Cora Proctor, at her home, 1109 East Hester.

Those attending included Messrs. and Mmes. Ira Loveland, of Tokio; Burton Lowe and Bobbie, Pete Phillips and girls, Jack Proctor and girls, and K. D. Moore, all of Brownfield.

Cancer is an uncontrolled growth of cells which, if permitted to flourish and spread throughout the body, will inevitably lead to death.

ADVANCED DRESS DESIGNING, STUDY OF PLEASANT VAL. CLUB

Pleasant Valley Art Club met Friday, March 5, in the home of Mrs. Delton Tatum.

The club has as its project for this year, a course in "Advanced Dress Designing." The first lesson, "Body Silhouettes and the Basic Slopes," was taught by Mrs. Mancil Hinson.

Refreshments were served to the following members: Mesdames Leo Willis, Doyle Johnson, Hubert Henson, Mary Smith, Leonard Willis, Mancil Hinson; and guest, Mrs. Henry Massingill.

The program for the next meeting will be "Chalk Talks," and will be presented by Mrs. Peggy Bingham.

CITIZENS TRAFFIC COMMISSION MEETS WITH THE COURT

The executive committee of the Citizen's Traffic Commission met with the County Commissioners' Court, Monday morning, and the Court pledged its support to the Commission.

The Committee met with the City Council, Thursday morning, to gain their support.

The Citizens Traffic Commission is urging the support of every citizen in Terry County.

BIRTHDAY DINNER AT LINVILLE'S SATURDAY

Harold Linville was honored on his birthday at a dinner given at 7:30 p.m., Saturday, by his wife at their home, on the Seagraves Road.

A fried chicken dinner and birthday cake was served to Messrs. and Mmes. J. B. Clark, Marion Linville and Sharon, W. R. Lindley and Ricky and Varina; and Miss Peggy Lilly.

DELTA HAND BRIDGE WITH MRS. BURROW

Mrs. W. C. Burrow, 913 East Cardwell, entertained the Delta Hand Bridge, at 7:30 p.m., on March 2.

Mrs. W. H. Moore made high score; Mrs. W. C. Brown, second high; and Mrs. Brown and Mrs. Bob Collier binged.

Chocolate chiffon pie topped with whipped cream, and coffee were served to Mesdames Wayne Brown, Otto Butler, C. L. Aven, Ray Steele, Collier, Moore, and W. C. Brown.

Many cancers can be cured, but only if treated while reasonably local.

STANOLIND NAMES NEW FIELD ENGINEER HERE

Louis W. Hall has been named field engineer for the Slaughter Area of Stanolind Oil and Gas Company, it was announced this week by John R. Evans, division manager. The Slaughter area office here oversees Stanolind producing operations in 17 fields in the Brownfield region.

Born in Arkansas City, Kansas, Hall studied mechanical engineering at the University of Tulsa, and at Texas University, where he graduated with a BS degree in 1944. Following service as a naval chief petty officer during the war, Hall joined Stanolind in 1947 as a junior petroleum engineer in the Panhandle area office. In 1949, he moved to the company's general office in Tulsa, where he devoted a majority of his time to engineering problems involved in gas lift systems and corrosion control.

We Congratulate

Parents whose babies were born in the local hospital during the past week:

Mr. and Mrs. Donald Ray Trice, Box 35, Denver City, Texas, on the birth of a son, Travis Ross, born March 9, at 7:35 a.m., weighing 7 lbs. 2 ozs. The father is a computer for El Paso Natural Gas Company.

Mr. and Mrs. G. W. Gunther, 606 North First, Brownfield, on the birth of a daughter, Beverly June, born March 11 at 11:25 p.m., and weighing 7 lbs. The father is a serviceman for J. B. Knight Co.

Mr. and Mrs. Don Carlos Day, Route 1, Meadow, on the birth of a son, Larry Thomas, born March 12 at 5:38 p.m., weighing 7 lbs. 8 1/2 ozs. The father is a stock farmer.

Mr. and Mrs. Claude Pat Dart, General Delivery, Brownfield, on the birth of a daughter, Sherry Jeanel, born March 13, at 4:25 a.m., weighing 7 lbs. 15 ozs. The father works in the oil field.

JANE ANDERSON IS PLEDGE AT N. TEXAS

Jane Anderson, daughter of Mr. and Mrs. J. F. Anderson, of Brownfield, has been elected to pledge the Green Jackets, women's service organization, at North Texas State College.

Miss Anderson is a freshman business major.

H-D COUNCIL MEETING MARCH 9, FEATURES ST. PATRIC MOTIF

Tuesday, March 9, was the regular meeting date of the HD Council. In the absence of Chairman Mrs. Lee Bartlett, Vice Chairman Mrs. O. D. Kennedy, was in charge of business procedures.

St. Patrick's Day games were played as opening exercises. All eight clubs were represented with very interesting club reports from each. Committee reports were made and future plans for exhibits were specifically made. The Council would like very much to buy a show case of sorts to place in the Court House for public exhibits of what club women do and learn. The whereabouts of such a case would be appreciated.

The National HD Week will be

THOMAS E. DEWEY, GOVERNOR OF NEW YORK: "Ultimately, it will not be by propaganda, by ideology or by force of arms, but by the sheer force of moral and intellectual freedom that we will mostly surely liberate mankind."

James Murdough — Cotton and
cotton equities. Half block west of
Brownfield State Bank. tfc.

celebrated May 2 through 8th. In cooperation with this, all HD clubs of Terry County will participate by having picnics, parties, or other forms of entertainment during the week. Council will have its annual banquet, entertaining the Commissioners' Court sometime during that time probably.

After adjournment of Council, Mrs. A. J. Bell, who is THDA chairman, had charge of elections. Mrs. Kelly Sears was elected the new THDA chairman for next year. Three delegates were elected to represent Terry County at the district meeting, May 5, at Post, Tex. Delegates chosen were: Miss Betty

TERRY COUNTY HERALD, FRIDAY, MARCH 19, 1954

Kinney, Mrs. Martha Howard and Mrs. A. J. Bell. Alternates include Mrs. Tommy Pettigrew, Mrs. Tyler Martin and Mrs. Bill Holiday.

Speaking of elections, Council is happy to report that Mrs. Lee Bartlett is a candidate for vice president of District 2 in election to be held in Post at the district meeting.—Mrs. O. D. Kennedy, Council Reporter.

Unemployment in the United States increased 2,000,000 between December and January, the Bureau of Labor Statistics reported.

Take it Easy
you don't have to prove a thing!

Let's be sensible about this subject of horsepower. An all-American tackle doesn't go around tackling people in everyday life. A world-record sprinter doesn't have to demonstrate his prowess on city sidewalks. The better you are, the less you have to prove it. And that's how it is with a Buick CENTURY. Of course it's a spectacular performer—a car with instantly responsive action. It has to be, for this one combines a high-compression 200-horsepower V8 engine with a nimble weight of only 3866 pounds as it comes off the assembly line. That's a power-to-weight ratio that chalks up a new record—a ratio that no other Buick has ever reached before. It can spin your wheels on a dry pavement if you give it the gun, but why waste rubber? If some show-off wants to get the jump on you at a traffic light, why not let him have fun? He isn't kidding anyone but himself, when the name on your car is CENTURY. The real pride of owning such a car is simply this: You know so well what it can do that you never have to prove it. That lets you enjoy the tireless ease of its gait in ordinary driving, when only a fraction of its eager power is working. It gives you a quick reserve for breasting a hill—and the happy knowledge that there's still more to come in a sudden emergency. Sure, this is more power than most people really have to have. But you can hardly call it extravagant, when you are buying more horsepower per dollar in a CENTURY than you get in any other car in America.

BUICK

TWO NEW OIL WELLS PRESENTED TO TERRY

Last week was a bit more favorable to old Terry than for some time as two brand new oil wells were finished out in the Prentice field. At the same time we got three new locations, two in the Prentice, and one in the new Wolfcamp field south of Tokio.

The new wells were as follows: Tennessee Production Co. No. 10, C. B. Townes, section 22 block K, carried to 6,840 feet. It pumped 127 barrels of oil daily, plus considerable water, of 29 gravity oil.

Great Western Drilling Co., No. 5 Brit Clare, section 22, block D-14. Total depth 5,967 feet, and it gumped 173 barrels of 30 gravity oil with no water, daily.

In the Brahoney, the Honolulu Co. brought in No. 1, A. J. Davis, in the field adjoining the Sprayberry, just over in Yoakum County, section 514, block D. This well

flowed 95 barrels of 30 gravity oil daily at a total depth of 5,255 feet.

Included in the new location was South Tokio Wolfcamp, Humble Co., No. 1, Vera V. Wilmeth. The location is on section 44, block K. This field is three miles south of Tokio, and the well will be drilled with rotary to 10,100 feet at once.

In the Prentice, north of Tokio, is the Honolulu 15-B, Alexander, section 18, block K, to be carried to 6,100 feet at once. Also the Kay Kimbell, No. 1, P. H. Williams, section 14, block K, to be carried to 6,200 with rotary tools at once.

Yoakum County got five new locations, two in the Bronco Devonian, one in the Wasson, one in the Prentice, and still another in Ownsby West San Andres. All depths of the structure indicated, from 5,300 to 12,000, and to be started at once.

BROWNFIELD CAMERA CLUB OFFICERS—Dr. David W. Cowgill, pictured at left, was elected president, Fred Yandell, center, vice president, and John Happ, right, secretary-treasurer, of the Brownfield Camera Club, at a recent meeting held at the South Plains Health Unit. Committees have been appointed for framing a constitution and by-laws for the club, and a program planning committee has also been organized. Next meeting of the group has been set for 7:30 p.m., on March 11. Members and prospective members attending at that time are asked to bring prints and their cameras. Present for the election meeting were Dr. Cowgill, Dr. Harold Meador, Leo Holmes, and Messrs. and Meses. John Happ and Fred Yandell. (Photo courtesy John Happ).

APRIL 9-10 DATE SET FOR TERRY-YOAKUM SHOW

Terry-Yoakum Livestock Show, sponsored by the Jaycees and the Terry County Farm Bureau is scheduled April 9-10 at the Brownfield Jaycee Barns, out by the rodeo grounds.

Approximately 32 calves and 37 hogs are entered in the divisions. Divisions will include a steer show, barrow show, capon show, to be judged for the district contest.

The Farm Bureau will award premium money and boys will be entered from FFA chapters in Wellman, Meadow, Plains, and Brownfield, and Terry and Yoakum 4-H Clubs.

Stanley Anderson, Professor of Animal Husbandry at Texas Tech, will judge the show and Alvin Davis, of Brownfield, is general superintendent. Ves Hicks is superintendent of the poultry show, and Ed Dwyer, superintendent of the cattle show.

Dr. Arthur Bernstein, dentist: "If you are tense and uneasy when you go to your dentist, the chances are so is your dentist."

Kiwanis—

(Continued from Page One)

encouraging in every way possible the more active participation of all the citizens of all the communities in the affairs of the churches of their own choosing. Kiwanians are striving to raise the moral standards in the country by stressing such themes as: "Regular attendance at Church should be a life-time habit," "The best investment of time and effort you can make is in the young people of your community," and "Don't wait until Easter—Start going to Church Now!" Some 225,000 Kiwanians are actively working to support these themes. To give impetus to their actions, they have made available radio transcriptions containing spot announcements encouraging people to attend the church of their choice. The first of the series, The New Pilgrimage, has been broadcast many times by 735 radio stations, and its sequel, The Way Forward, is already being used by over 240 Broadcasting stations.

In announcing the award, Club President Powell said, "The Kiwanis Club of Brownfield believes that the success of the Support of Churches activities attests to a spiritual reawakening of the people of our country and a strengthening of the moral standards across the country. Our citizens have an increasing awareness of the need for spiritual guidance in these troubled times."

Also cited for meritorious writing in The Kiwanis Magazine are two contributors who were awarded the Foundation's George Washington Honor Medal and a check for \$50.00 each. Past International President Ben Dean's editorial in the October, 1953, issue of the magazine entitled "How Do You Rate as a Citizen?" and Lieutenant Philip F. Van Pelt's "A Letter From Korea" to his parents in the November issue, were selected by the Awards Jury for this signal honor.

LUBBOCK FB PRES. TO WASHINGTON

Wallace Klatt, president of Lubbock County Farm Bureau, went to Washington, D. C., Monday, to try to get continued 90 per cent support price on cottonseed. A committee from Texas was recommending to Agricultural Stabilization Conservation, in Washington, that there be no support price on cottonseed.

The Terry County Farm Bureau called the Texas Farm Bureau in Waco, and asked that Walter Hammond, president of the TFB, try to get this support continued.

Hammond was contacted in Washington by the TFB office in Waco. TFB resolutions specifically ask support of 90 per cent in cottonseed.

MPS. McDANIEL'S MOTHER-IN-LAW DIES

Mrs. Marvin McDaniel, 311 East Main, was in Seagraves, Wednesday, along with relatives of her mother-in-law, Mrs. D. C. McDaniel, who died at 7 p.m., Wednesday, following a three week's illness.

Funeral arrangements were pending on arrival of Marvin McDaniel, who was enroute from Korea.

Give as much as you can to the American Red Cross—do it now!

Sermon Topic is Announced For So. Side Church of Christ

Bill Andrews has announced the topic of his discussion for the remainder of this month. We want you to know what they are, for I'm sure all that are interested in the truth will want to hear these lessons. Sunday morning, March 21, the lesson will be: "Notes in the Devil's Tale." Sunday night, "Change of Heart and Heartfelt Religion." Sunday, March 28, morning, "Gospel Plan of Salvation;" night, "Some Things Baptism Will NOT Do." And Sunday, April 25, a special lesson consisting of nothing but the scriptures. The title is "The Word of God and Present Day Doctrines." This will be conducted as follows. A doctrine of this day will be quoted, and all the rest that is said will be the reading of "book, chapter and verse" from God's word, in order to establish its truth, or expose its error.

The lessons of March 28, both morning and evening services will be presented from the Blackboard in chart form.

Time of services for Sunday evening services has been changed in order for you to hear these lessons and get out in time to attend the meeting at the Crescent Hill Church of Christ. Paul McClung doing the preaching. Services at Southside will be held at 6:00 p.m. both Sundays.

"We guarantee you 'book, chapter and verse' from the Word of God for all we practice. Not the authority of man."

PLAINS DAIRY SHOW TO OPEN APRIL 10TH

The nation's oldest and third largest dairy show, now in its 27th consecutive year, will open April 10, and continue through the 16th, at Plainview.

The new division, which was added last year was the Intercollegiate Dairy Cattle Judging Contest, which drew much favorable comment and attracted some eight college judging teams. Oklahoma A&M winning most of the awards.

Among the officials of this big dairy show of our neighboring South Plains city, will be R. N. McClain of the Brownfield State Bank and Trust Co., Ag. Dept. He will be one of the assistant superintendents of the Jersey department.

MATTYE THOMPSON WELL AWAITING POTENTIAL REPORT

The Mattye Thompson well, out in the new South Tokio Wolfcamp field, was acidized this week, after pipe perforations, and some 600 or 700 barrels of oil flowed in 13 hours. This leads some to believe the well will make around 600 or 1,000 barrels on a 24-hour potential.

The well will be given the potential test some time this week, perhaps, and until that time, any estimate would be just pure guessing. The oil gravity is high.

Another offset was announced this week on the Terry County side of the field.

NEW RESIDENTS

Mr. and Mrs. E. D. Cupp are new residents of Brownfield, having moved here this month from Odessa.

The couple have three children and are living at 509A East Stewart. Cupp is employed with the Davidson Drilling Company.

Collections in Red Cross Drive Lagging; Two Sales Slated

Up to Thursday, \$1,347.97 had been collected in the local Red Cross drive, according to B. F. Hutson, general chairman. This amount still doesn't reach the half way mark of the 1954 goal of \$3,280.

Of the amount collected so far, \$150.55 was from Meadow; \$24 from Union, \$110.53 from Wellman, and \$1,062.89 from Brownfield business and residential areas.

The Slave-Auction, which was scheduled last Saturday, was postponed due to bad weather, until next Tuesday, March 23, at 2 p.m., on the Courthouse Square.

A cake sale is slated this Saturday at 10 a.m., at the Brownfield State Bank and Trust Company, and all funds derived from both sales will be given to the drive.

In the Tuesday sale, Red Cross chairs will be auctioned off to the highest bidder for two hours service.

Cakes that have been baked and given to the drive by interested persons will be sold at the Saturday sale. Anyone wishing to donate a cake should contact B. F. Hutson, at phone 4464, and the cake will be picked up.

CITY TAX COLLECTIONS LAGGING BEHIND 1953

Through February 28, \$65,812.54 in 1953 taxes were collected, 86 per cent of the total that will be collected, which is \$77,039.89.

City Secretary Jake Geron, said that collection is a little behind last year's collections, due to the drought conditions, and he also said that the second notices will be sent July 1.

REPAIRS UNDERWAY BY MASONIC LODGE ON OLD METHODIST BLDG.

Extensive repairs are underway at the old Methodist Church building on Main Street, by the local Masonic Lodge. At present, definite plans for the entire program of repair are incomplete, according to Clovis Kendrick, chairman of arrangements, but the entire interior of the building will eventually be torn out and changed, and the front of the building will be slightly remodeled.

Leveling of the floor in the sanctuary is the greatest change that had been made so far and Kendrick said that it would be at least 60 days before the Lodge could move from its present location at 121 A South Sixth.

Pfc. Troy Crowder visited here over the week end with his parents, Mr. and Mrs. H. L. Crowder, 407 W. Lake. Crowder is a supply clerk at Fort Hood.

Coaches Toby Greer, Jim Elliott, Farris Nowell, and Sonny Clere were in Lubbock attending the fourth annual coaching clinic.

Let us permit nature to have her way; she understands her business better than we do.—Michel de Montaigne.

Mrs. Erie Proctor is visiting with her daughter, Mrs. Barr, in Las Cruces, N. M.

South Side Church of Christ Announces Gospel Meeting

The Southside Church of Christ will begin a gospel meeting April 4 and will continue through the 11. Logan Buchanan, minister, for the Hampton Place Church of Christ in Dallas, Texas, will do the speaking.

Mr. Buchanan is one of the ablest gospel preachers in the United States. He is known far and wide for his excellent deliveries in the Gospel of Christ in its purity, simplicity, and entirety.

If you are interested in hearing what the Word of God teaches, all of what it teaches, and in the way that it teaches it, come and hear Logan Buchanan, April 4-11, at the Southside Church of Christ, 701 Old Lamesa Road. Services will be held Monday through Saturday at 10:30 a.m. and 8:00 p.m. Sunday services will be conducted as follows: Bible study for all ages, 9:45 a.m. Worship, 10:45 a.m. Study for all, 6:00 p.m. Worship, 7:00 p.m.

Bill Andrews, minister of the congregation will direct the singing.

Sudangrass—A Very Important Link In Year-round Grazing

COLLEGE STATION—Staggered plantings of Sudangrass can go far toward stretching temporary summer grazing for livestock.

Now is the time to plant Sudangrass in most of Texas, says E. M. Trew, extension pasture specialist. Planting in areas where frost may yet occur should wait until all danger of a freeze has past, he says.

In addition to furnishing abundant grazing when moisture permits, Sudangrass—an important "link" in any year-round grazing program—enables livestock to lay off permanent pastures, giving them time to rest and get a better foothold before their next grazing season.

Trew recommends planting one acre of temporary pasture for each animal unit. By commencing plantings when frost danger passes and planting at three to four week intervals as long as moisture is available, Sudan grazing can be greatly extended.

"Some stockmen have had grazing from about six weeks after frost until frost in the fall by using this system," Trew says. Different plantings, however, must be fenced separately, he adds.

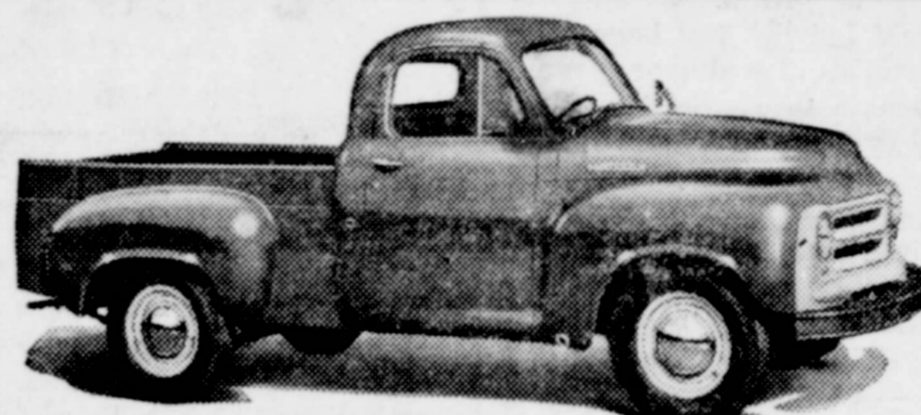

Sweet sudan is adapted to the entire state, but should be planted in the humid area. Common and tift are also well suited to Texas conditions, the specialist says.

Highest benefits from temporary grazing are obtained from rotation. Concentrate livestock on a small area, graze it off in a hurry and then move on to another block.

Fertilization pays off even on temporary pastures, Trew concludes. If there isn't time for a soil test before you desire to plant, contact the local county agent for fertilizer recommendations.

Support the Red Cross drive.

NEW 1954 STUDEBAKER HALF-TON PICK-UP

One-piece windshields and new grilles, headlamp and bumper assemblies are among the prominent exterior changes for Studebaker's 1954 trucks. Two different 6-cylinder power plants are available for the 1/2-ton, 3/4-ton, and 1-ton models, and a high-performing new V-8 engine or the sturdy 6-cylinder "Power Plus" engine for the 1 1/2-ton and 2-ton series. Pictured here is the popular Studebaker half-ton pick-up. This model has a three-speed synchromesh transmission as standard, with four-speed synchromesh or overdrive transmission optional at extra cost. Nine different body colors, with harmonizing cab interior colors, are offered.

TWO JUNIOR HIGH CAGERS PLACE ON ALL TOURNAMENT TEAM; WIN GOLD TROPHIES

The Brownfield Junior High basketball team learned this week of new honors brought to them by team members. Coach Jim Elliott was given two Gold Basketballs, which has boys had won during the Lubbock Junior High Tournament.

The basketballs were presented to Loyd Merritt of the 8th Grade, and Loyd Martin of the 9th Grade. These two boys were selected for the All Tournament Team.

The teams won three trophies and had 3 men to win individual honors this season.

Mrs. Charles R. Scott, 301 East Hill, is visiting her aunt in Lubbock while Mr. Scott is in California on business.

LAMENTABLY

"Cocktails do not make good daughters," observes a cleric. And the reverse is often lamentably true as well.—Punch.

ALL WRONG

Anyway, the World War taught is that when all Americans agree about anything they are all wrong.—Lewiston Sun.

QUIET

"Compared with other periods in history," the world today is quiet," writes an essayist. In fact you can almost hear a bomb drop.—Punch.

Glen C. Mason of Meadow, dropped in to renew last week. He is looking for rain some time—maybe.
