

Stricklinly Speaking

By OLD HE

Well, there is at least one thing you can't withhold from the poor and lowly, and that is mirth. Especially if one of the sympathetic grocery men have just filled up the old pantry again, so that you have had a hearty meal. Anyway, we got another one of those funny books from John Randolph, way down there at Tomball, Texas, who, you'll perhaps remember, brought out another joke book some years ago, entitled, "Texas Brags."

The late one we have just received takes a slightly different angle and is entitled, "The Jokes on Texas." But usually the old tall taker from the Lone Star is quite a match for all and sundry, who wish to make slighting remarks about the big state. Texans can laugh at themselves.

The one we received was an advanced copy, but by the time you read this—if you read this stuff at all—the book will be on sale by your book and paper dealer, and the price is just 50c. Many of the stories, as well as the cartoon, are worth the money. Anyway, you are welcome to the above plug, John.

We received a belated announcement from old Grady Elder, Secretary of Agricultural Workers Council, about the meeting at Wellman, Tuesday of this week. Too late for the paper. We aim to bounce right astraddle of that big guy some of these days if he does not move up his release date some.

The council consists of the counties of Dawson, Gaines, Terry and old Yoakum. Dennis L. ... chairman, stated it would take up Farm Feed Costs for Livestock

From reading Claude Callan's "Cracks at the Crowd" in the Fort Worth Star Telegram, one would reach the conclusion that Claude worries greatly about his rich kinfolks, and how much dough they are going to leave him when they take off from the vale of tears. Yep, he is still greatly disappointed that no fortune was left him when any of the rich relatives kicked off. Claude should be like the Old He, not have any rich relatives to worry about. In fact, we find we can get an accommodation from just a friend or acquaintance easier than from a relative, in the first place.

But Claude loves to tell all and sundry about his Aunt Julia, who likes to lay the trifleness of her son on his father's side of the house. Or how his pretty niece is acting up, or that Waxie Darnier complains that her folks don't savvy her—as she is a lot worse than they think. Pore ole Claude!

In a more serious vein, let it be remembered that "Flag Day" will be with us next Monday, and that the Stars and Stripes will be some 178 years old at that time. But at one time in our history, 1861-65, our nation was divided and there was another well recognized banner of the Confederacy, the Bonnie Blue Flag.

A true story is related that there was a lull in the fighting of the Federals and Confederates, across a river from each other at the time. Finally one of the bands struck up a concert, the Federal bands playing such tunes as Star Spangled Banner and Hail Columbia, and the Northern troops could cheer. Then the Southern band would play such airs as Dixie and Bonnie Blue Flag, and the Southerners would cheer, while those across the river would remain silent.

Finally, one of the bands played that grand old hymn, Home, Sweet Home. Both armies cheered and re-cheered. At last there was a happy medium tune all could endorse heartily, and—
"Something down the soldier's cheek
Washed off the stains of powder."

Well, they are fixing to put on their annual Cow Calling Contest up there at Miami, at the top of Texas, in old Roberts County. Think we will venture off up there some of these days and give 'em
(Continued on Back Page)

BATHING BEAUTY CONTESTANT—Miss Sandy Casstevens, daughter of Mr. and Mrs. R. H. Casstevens, 1104 East Cardwell, will be entered in the bathing beauty contest to be held in Post, Saturday. Sandy, last year's runner-up in the Harvest Festival Queen contest, and former majorette for the BHS band, will be Brownfield's entrant, sponsored by the local Chamber of Commerce. She is working at the local hospital this summer and will begin her medical education this winter in preparation to become a doctor. Sandy will be accompanied to Post by her mother, and Mrs. Pat McMillan, office secretary of the local CoFC. The contest will be held in conjunction with the dedication of Post's new \$40,000 Municipal Swimming Pool.

Graham Smith Get Company Natl. Award

W. Graham Smith, Southwestern Life Insurance Co., underwriter of Brownfield, was among 26 area life underwriters who were presented National Quality Awards, based on factors measuring quality of service to the public. This marked the seventh year that Smith had received this award.

The presentations were made at the South Plains Life Underwriters Association annual National Quality Award luncheon held Saturday at the Caprock Hotel in Lubbock. Presiding over the meeting was Ralph Krebbs, immediate past president of the group, from Lubbock.

Officers for 1954-55 were elected and directors were named at the luncheon. New members of the Texas Leaders Roundtable were also recognized.

SCD Officials Plan To Attend 6-State Conservation Meeting

Three Terry County men are planning to attend a six-state "dust bowl" area soil conservation meeting in Amarillo, June 15-16, to seek a permanent solution to wind erosion problems of the area. Planning to attend the meet, which will be represented by 115 soil conservation districts, are the following men from the local SCD: R. J. Purcell, supervisor; Homer Casseau, chairman of the board of supervisors; and Henry Williamson, local work unit conservationist.

Invited to attend the conference are conservation districts in parts of Texas, Oklahoma, Kansas, Colorado, New Mexico, and Nebraska. Chairman for the meeting will be Nolen J. Fuqua, an Elk City, Okla., rancher, and vice president of the conservation association.

LUCAS ATTENDS DIST. INSURANCE MEETING

J. W. Lucas, of Brownfield, was among superintendents and managers of five West Texas districts of the National Life and Accident Insurance Co., who met in Lubbock on Wednesday and Thursday at the Caprock Hotel.

About 50 persons were in Lubbock for the two-day meet.

COUNTRY CLUB GOLF TOURNEY HERE, JULY 3-5

Club officials of the Brownfield Country Club have announced that its annual invitational golf tournament will be held July 3, 4, and 5. Medalist qualifying rounds will be played Saturday, July 3, with matched play beginning Sunday and finals scheduled for Monday.

Joe Lopez, host pro, has listed the following features of this year's tournament: a barbecue and dance Saturday night, a Mexican dinner Sunday, and swimming throughout the three-day period. The Goble trophy competition will be played at this time also.

Entrance fee per person is \$10, which will entitle entrants to attend the barbecue and dance, participate in swimming, and will also take care of golfing costs.

Requests for room reservations by out-of-town entrants should be mailed to Sawyer Graham, at each

BANK DEPOSITS GROW FROM ABOUT \$45,000 TO NINE MILLION DOLLARS

President J. O. Gillham of the Brownfield State Bank & Trust Co. was the first customer we hit up for a page ad for our Golden Anniversary edition, which will, we hope come from the press on July 16th. There was no argument or high pressure salesmanship in the deal, as we were never cut out for that stuff. He just took the ad with a few corrections.

The only request that he made was that we help them on their Golden Anniversary next year, when the bank reaches 50 years of age. The bank has been located at four different sites, three of them since our arrival here. The bank opened in a small 12x14 foot building on the southwest corner of the Square, now a vacant lot, west of Denison & Eaves. But when we came here, they were in the building that later became the Commerce Hotel, now on 7th St. The top floor of this 25x50 frame building was used for the Odd Fel-

ANOTHER BUSINESSMAN-FARMER MEETING HAS BEEN SET FOR THURS.

Had another notice this week of the Farmer-Businessman get-together down at Union next Thursday, June 17, at 8 p.m. There was a picture of the F-B boys at the top, with the longest arms imaginable. Indeed they extended across an 8 1/2 x 11 sheet of paper, but we couldn't figure which was the farmer or the business man, but both looked hungry.

The information was written with pen, and the whole thing mimeographed, and as our old cryptics are not working too good, the matter had to be read carefully. But there will be no speech-making—which is good news—the farmers and town guys will just

eat, drink and be merry at the expense of the townite. The meetings were so good last year the farmers asked they be repeated, and some other communities asked for such a meeting this year.

The idea of the meetings is just neighborly goodwill, to get better acquainted by talking things over. But by having it Thursdays, they almost wink out this old paper, as that is our press day. Why not Monday or Tuesday nights, or even Friday?

While the town gentry promises to pay for the feed, there is one thing they just won't stand for, and that is, NO BABY SITTING.

LEGION SPONSORS JR. BALL TEAM — ELECTS NEW POST OFFICERS

The Howard-Henson Post of the American Legion is sponsoring a Junior Baseball Team this summer and practice is underway every afternoon. Any boy between the ages of 8 to 17 interested in joining should contact the manager, Rex Black, at the swimming pool, or Clyde Bond, Jr.

Only inter-squad games have been played thus far but several games are scheduled from such towns as Lamesa and Alamogordo, New Mexico.

Several members from the Howard-Henson American Legion Post are planning to attend the 5th Division Convention of the Legion on June 26-27, at Odessa.

A slate of officers for next year were elected at the Thursday night regular meeting of the Post, and the names will be announced in next week's Herald.

CONDRA AT HOME AFTER ACCIDENT

Frank Condra, 73, is reported to be doing alright at his home in the Gomez Community. He was hospitalized from May 30 to June 4, after being injured when a trailer pinned him against a barn at his home.

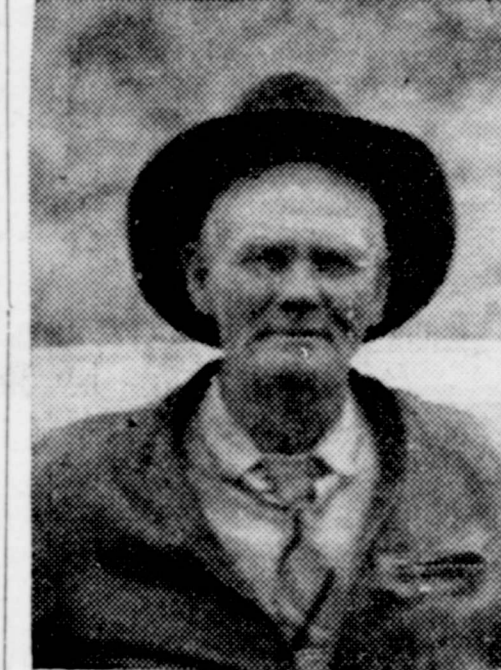

Condra received a fracture of two left ribs, and a fracture of the left knee cap.

A proposal that would add 3,000,000 persons in the armed services to Federal Social Security coverage has been presented to Congress.

Brownfield, as soon as possible in order to insure adequate accommodations. Qualifying scores may also be mailed to Graham.

A MIGHTY FINE CITIZEN PASSED WEDNESDAY

A man who seemed to love all his neighbors, and always appeared to be happy to see them, passed to the great beyond Wednesday morning at 2 o'clock, at the local hos-

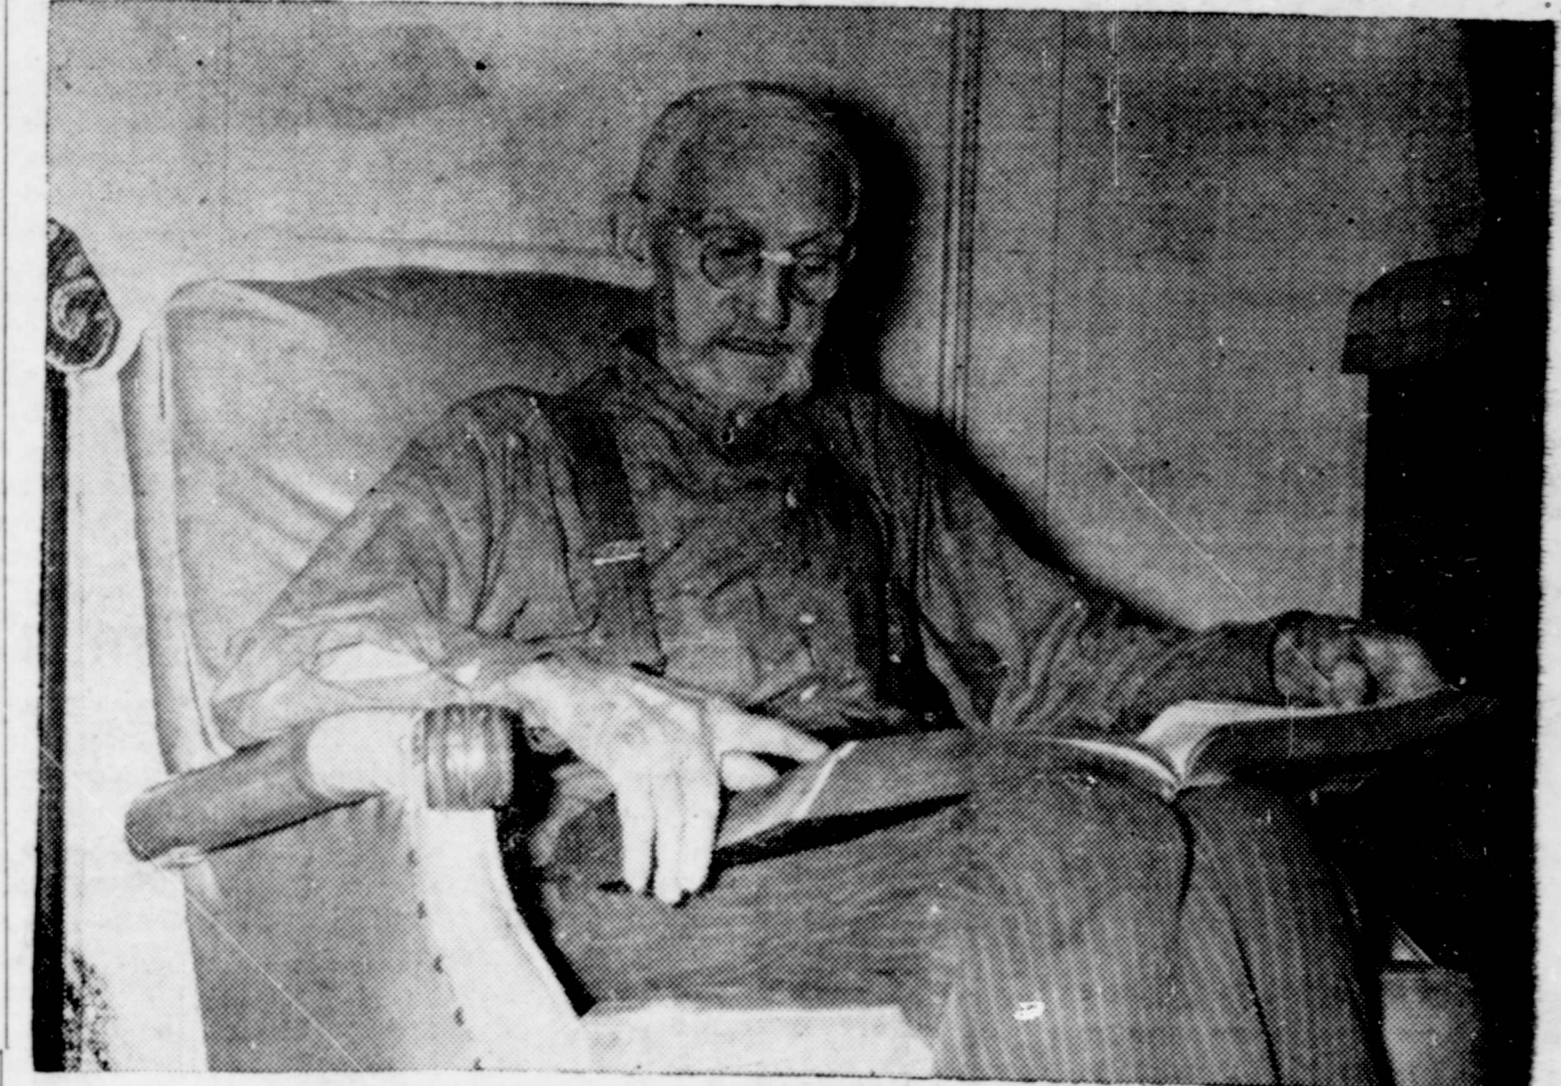

pital. Thomas David Warren, (just Tom to most of us old timers) had been ailing for the past year or two with an incurable condition. But Mrs. Warren informed the Herald Wednesday night that for the past few days he had seemed better, and had been doing some work in the garden at their home here in town.

Tom was 66 years of age, and was born at Bienville, La. He came to Brownfield about 1924, and settled on his farm east of town, on the Tahoka road. From about 1939 to the early forties, he served two or more terms as Commissioner from Precinct No. 1, and made a good one. Later he and wife moved to Wellman, where he purchased and ran a grocery store several years, until his health failed.

Funeral services were conducted at the First Methodist Church, Thursday afternoon, with Rev. Uel D. Crosby, the pastor, officiating; assisted by the Rev. Alvin F. Hamm, pastor of the First Baptist Church at Wellman. Burial was in Terry County Memorial Cemetery, under direction of Brownfield Funeral Home. Members of the Brownfield IOOF Lodge served as pallbearers, and Odd Fellow services were conducted at the graveside.

Survivors include his wife; six sons, James and Marvin of Brownfield, Dalton of Seagraves, Ollie of Longview, Grady of Reese Air Force Base and Tom of Plains; three daughters, Mrs. L. B. Johnston of Plains, Miss Marybell Warren and Mrs. James Thurmond, both of Brownfield; two step-sons, W. E. Brazeale of Colofonia, and Larry Brazeale of Brownfield; two step-daughters, Mrs. B. A. Cannon of Amarillo, and Mrs. Jessie Brown of Brownfield; 25 grandchildren and one great-grandchild.

100 YEARS OF MEMORIES—George William Upton, of Tokio, marked his 100th birthday, June 9. A celebration was held Sunday in his honor at the home of his son, Frank Upton, in Tokio. Mr. Upton was born in England in 1855 and came to the United States when he was 12 years old, and to Texas in 1925 from Oklahoma, settling in Tokio. He and his wife, who died about 14 years ago, were married in 1893 in Arkansas. He is a former contractor and lives with his son, Frank, who is a mail carrier and farmer. About 50 years ago, Mr. Upton preached for the Missionary Baptists until he became a member of the Freewill Baptist, of which he is still a member. Reaching a ripe old age is not too uncommon in the Upton family, as Mrs. Frank Upton's father, Mr. Dupris, was 104 when he died about three years ago, and the elderly gentleman's sister was 99 when she died about three years ago, and his grandfather lived to be 93. Mr. Upton stresses exercise as a number one factor to promote good health and until about three years ago, he took his exercise by hopping cars at the Upton Station. He quit smoking a pipe about 45 years ago, but chewed tobacco until a year ago, when he decided he had better start taking care of himself. He is very spry, and extremely pleasant, has good eyesight and hearing, and his favorite pastime is daily reading of the Bible. He is shown above, reading the Bible at his home. (Staff Photo.)

Plains CofC Holds First Reg. Meeting

Grady Elder, manager of the Brownfield Chamber of Commerce was present when the newly organized Plains Chamber of Commerce met for its first regular meeting since the election of officers last Tuesday night at the City Hall at Plains.

Among the projects being sponsored by the organization is taking part in the promotion of a bank for Plains. Those interested in operating a bank were especially asked to attend the meeting.

Every second and fourth Tuesday has been set as meeting days for the group.

How Many Of The 50th Anniversary Papers For You?

As you may have heard tell of this, come the 16th of July, the Herald's Golden Anniversary Edition will come out in some shape or another. It will not be our ambition to make the edition supreme in size. But we are going to try and make the reading matter therein of interest to both the old and the new comers.

In fact, much of the matter will be written by men and women who had a part and parcel in the early day making of old Terry, a home community of which to be proud. At the same time a fine community in which to rear a family, create good schools and churches, and make it a good place for others to come and join in the good work of building a community.

Anyway, it will be our ambition to make a paper that will appeal to you, and which you will like to send your folks living elsewhere. Let us know and soon, how many you think you will need.

ALLOTMENTS FOR FARMERS WITH NO WHEAT FOR 3 YEARS

Farmers on land on which no wheat was seeded for grain in any of the years 1952, 1953, or 1954, may apply for a 1955 wheat acreage allotment.

To be considered for an allotment on the farm which had no wheat seeded for grain on any of those years, the farmers must apply at the ASC Office by June 30, 1954. Application forms are available in the County ASC Office for use in filing the request for allotments.

LOCAL BANKER ENTERS 3-YEAR COURSE AT GRADUATE SCHOOL OF BANKING

J. C. Powell, Jr., Assistant Vice-President of the Brownfield State Bank & Trust Co., is a member of the class of bank officers who will enter the Graduate School of Banking at its annual summer session in June. The session will be held at Rutgers University, New Brunswick, N. J., June 14 through 26. Powell is one of over 1,000 bankers who will attend the two-week session of the school, which is sponsored by the American Bankers Association. The student body—from 43 states, the District of Columbia, Alaska, Puerto Rico, and El Salvador—represents a capacity enrollment.

The Graduate School was founded in 1935 to provide an opportunity to bankers for advanced study in banking and related subjects. The faculty for the 1954 session numbers 58 regular members and 34 special lecturers. Included are leading bankers, lawyers, educators, and government representatives. Four major subjects are offered by the school—commercial banking, trusts, investments, and savings management. Mr. Powell will major in commercial banking.

To qualify for graduation, Mr. Powell must attend similar summer sessions again in 1955 and 1956. In addition, he must complete two years of extension work at home and will be required to write a thesis based upon original research in some phase of finance.

HIGHWAY IMPROVEMENT IN TERRY COUNTY FOR 1955-56 SET AT \$380,500

Terry County will be among the counties benefitted in a total of 22 major highway improvement projects, involving 178 miles, at an estimated cost of \$6 million, it has been announced by the Texas Highway Commission in its consolidated highway program for 1955-56, starting July 1, 1955, for District 5, Texas Highway Department.

The local projects are as follows:

US Highway 380 in Brownfield, from west city limits to Panhandle and Santa Fe Railroad, 0.4 mile to widen pavement at a cost of \$25,500. Plans are complete but the contract has not been let.

US Highway 62, from Brownfield to Wellman, 12.0 miles, grading structures and surfacing for additional two lanes at \$355,000. Pavement will be 40 feet wide with approximately a 12-foot island, making a 120-foot right-of-way, according to Carl R. Hart, senior resident engineer, of Brownfield.

All surfacing has been completed on the pavement on US Highway 380, which extends from the city limits to twelve miles west of town. Engineers said that construction work should be completed in about three weeks. The new road will have two 12-foot lanes and two 8-foot paved shoulders, the

total project costing about \$180,000. This two-year program begins on July 1, 1955, and extends through July 1, 1957. Federal funds made available last month by Congress will be used to finance about 50 per cent of the costs. These improvements are confined to the Primary Federal Aid System, and later this year a new two-year program of farm-to-market roads will be approved, the commission's chairman, Marshall Formby, announced. The completion of the proposed work will provide four-lane, divided roads on sections of US 62, 70, 82, 84, and 87, the Highway Department's district engineer has announced.

A/1 Page Tomlinson and his wife, the former Ruth Chisholm, left today for Westover Air Force Base in Massachusetts, where Tomlinson is stationed with the US Navy. Tomlinson arrived in Brownfield, Sunday night, to spend part of his 12-day leave with his parents, Mr. and Mrs. Walter Tomlinson, 115 North Second. His wife has made her home with her parents, Mr. and Mrs. Henry Chisholm, since January, and is now returning to Massachusetts with her husband.

The American Creed

We believe in the United States of America as a government of the people, by the people, for the people, whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign nation of many states; a perfect union, one and inseparable established upon these principles of freedom—equality, justice and humanity, for which American patriots have sacrificed their lives and fortunes.

—Terry County Herald.

POLITICAL

The following are candidates for the Democratic Nomination for the various offices at the primary, July 24, 1954:

- For State Representative, 98th District: J. O. GILLHAM
- For District Judge, 106th Judicial District: JUDGE LEWIS B. REED
- For District Attorney, 106th Dist.: VERNON TOWNES
- For County Attorney: MORGAN L. COPELAND
- For County Judge: HERBERT CHESSHIR
- For Sheriff, Terry County: W. L. (Chick) LEE
ROY FLEMING
- For Assessor and Collector Taxes: DON CATES
- For County Clerk: WADE YANDELL
- For County School Superintendent: ELMER BROWNLEE
- For District Clerk: MRS. ELDORA A. WHITE
MRS. THEDA BAGGETT

E. D. (Edd) DUNCAN
- For Constable, Precinct No. 1: ROY MOREMAN
- For Justice of Peace (Brownfield): JOHN W. JENKINS
L. A. RHYNE
SAM WHITE

Another great industry has invaded the State of Texas, with the recent formal opening of the General Motors plant, to assemble Buicks, Oldsmobile and Pontiac cars. Not since the Ford Motor Co. erected their assembling plant in Dallas, back in the 30's, has the automobile industry favored a location in the Lone Star State, at Arlington, with a new GM plant. More than two years ago, the GM took option on some 138 acres of land, then a cotton patch well out in the suburbs of Arlington, on which to erect this multi-million dollar plant. The then President of General Motors was Charles E. Wilson, presently Secretary of Defense in President Eisenhower's cabinet. Charles E. Wilson is a long-headed business man, and he could see at that time the necessity of scattering the various industries of the nation over as much expanse as possible. For too long, the big motor industries had been content to concentrate their huge plants in the Detroit area. That would be just the ideal of a

foreign foe that wished to plant a few Atomic bombs in this business, all of which at this day and time, are easy to convert to a defense plant, making guns, army trucks, tanks, and what have you. And Mr. Wilson planned the Arlington plant with that idea in view. This huge plant will be able to convert to the manufacture of war instead of peace time material before you can say Jack Robinson. Perhaps like the Ford plant at Dallas, the Arlington GM industry can, if they wish say, "built in Texas by Texans." To say the least, there will be a huge payroll to add to the wealth and industry of Texas. And being situated between Fort Worth and Dallas, labor will be nearby, perhaps in commuting distance from home, and in abundance. It has not been too many years since the automobile business has been shifting to the Southwest and points other than in Memphis, and still another, the Detroit area. There is an assembly plant at Atlanta, another Chevrolet, at Oklahoma City. That made it easier to get cars on the spot earlier, as most of these assembly plants produced the low priced, heavy selling models. But for the past several years we have noted that many of the larger cars of the heavier makes, are shipped down the Mississippi River to Memphis and other points, and trucked out from there. In passing along the water front of that city, we noted the huge barges with cars on them, and one time we remember counting 28 trucks between Little Rock and Memphis, bound west with loads of cars. Welcome to Texas.

Presently there seems to be dozens of ideas about just what goes to make up the Constitution of the United States, and who has a right to obey it or enforce it. And the longer that rabble goes on up at Washington between the Army and McCarthy's committee, the more the rank and file of the citizenship of this nation becomes confused. But to get down to the brass tacks and end toenails of the matter, we believe, or some of us do, that the lawmaking body of our nation and states, has the right to change or amend the constitution. There seems to be a big split in the ideas of what the Constitution provides, as between the Executive and Legislative section of our nation, presently. Perhaps it will drive a wedge into the Republican Party even deeper than presently. The great trouble as of now appears to be the idea of some of the brass, as well as some of the legislative bodies of our nation, that any secret conclave need not be disclosed to a committee. That the brass has the right to hire, fire, promote or discharge as they like, all and sundry, and their actions are not to be questioned. And evidently in one case at least, one army officer, whose allegiance was questionable, was promoted, then retired on pay. Of course we have many that think the methods of McCarthy is a disgrace, and that he should be stopped short. Most of us will admit that his methods are crude, to say the least. But it is such men as McCarthy that has the Communists in the USA on the run. And every mother's son of them hate the ground he walks on. So far as we know, or have read, no one with a semblance of loyalty to this old nation of ours, has been embarrassed by McCarthy and his committee. But there are many people whose loyalty is supposed to be unquestioned, that dislike McCarthy and his methods so much, that they would call off the committee, and let the Commies do as they like in the USA, even to the destruction of the way of life most of us know, like and love. To say the least, there is no limit to what measures the Commies would take, if given full sway, to turn our nation, lock stock and barrel over to the Krem-ling. They are a tough bunch, and about all that will restrain them is to get tough with them in re-

turn. It is our candid notion that if these people don't like our nation, and the way it is governed, let them take themselves off behind the Iron Curtain, and good riddance. Some would even help pay their way to the land of their happy dreams.

What kind of a candidate do you like? That is a fair question, and one that all perhaps have pondered in the years gone by. But we had one state candidate with us the past week, whose methods of approach may have been OK with some, and rather disgusting to others. To be plain, the man, very attractive, and we might say handsome—and seemed to realize it himself—was in our city. He is what most people would call a back-slapper." Now most people have no objections whatever to some person they have known many years, and are considered friends, to slap each other's backs with joy when they meet. But when a rank stranger walks in and whams you on the back with a vociferous greeting, it does not set well with many people. In fact, we have heard some say that when a stranger bestows a whack upon their back, if a candidate, he therewith loses their votes, even if they had considered supporting them before they had seen the candidate. Then nearly all such men we have ever met have a mess of stuff to put out that will help everyone from grandpappy to the toddler. And all the ex-serv-ice men and women should be paid millions of dollars. Of course, Mr. Candidate will perhaps explain, it will not cost any additional taxes, maybe, the way he has it all figured out. Here's the way he will manage. He will, when he gets in power, make all the utility companies greatly reduce their rates, no matter what kind of an agreement the utility company has with cities, towns and counties, when he gets in power, he'll make them cut their rates. And presumably with this saving, of utility money, and possibly with the addition of lowering the cost of your grocery, hardware and dry goods bills, along with gasoline and other necessities, the candidate will save the people of good old Texas enough money that there will be a big handout for every man, woman and child. Also, perhaps the banks will be forced to put at the disposal of all the people in the area, a checking account, whether or not they have made a deposit, and the old goose will be hanging high. Folks, we have been on this old terrestrial ball for some three score and thirteen years, and we have never seen the time that a man could make a dollar honestly without some work, some planning and thought. It just don't come that easy. Neither have we ever seen the time when the state, county or city money was broadcast lavishly, that taxes did not get up and go like nobody's business. When you spend you have to new deal it—tax, spend and elect.

It takes no great seer to fathom the fact that the GOPers are hopelessly divided, as between the old standpatter and the more progressive. Then there seems to be a sharp division as between the Eisenhower and McCarthy fans. But presently the Democrats are getting little comfort from that. They, too, are having their inter-party spats, that are not exactly what may be desired in order to win elections in a close area, where the two parties are practically equally divided. As we understand it, Lyndon B. Johnson, of Texas, is experiencing something on this order as minority leader. And it has gotten a lot worse instead of better as a result of the Supreme Court ruling on the segregation business. To start with, it is a well known fact that the old South particularly, has always had the most conservative lineup of the Democratic Party. In fact, presently, they are a lot more like the middle-roader Republicans than the liberal Democrats of the north and east. But if one wished to insult one of these old Southerners good and proper, he might just try suggesting a coalition with the middle-roader Republicans of the North. Not necessarily to be called either Democrats or Republicans. Many of them would, perhaps, tell you right off the reel that their grandpappy would flip over in his grave if they even thought of a coalition with Republicans of any brand. Yet these Republicans are much more like the Southern Democrats than the Socialistic Democrats of many of the Northern Districts, both in the House and the Senate. Of course the harshest words from the Southern Democratic side about the court decision have come from the most headstrong, such as Russell of Georgia, and Eastland of Mississippi. Yet Senator Johnson is wise enough

to know that just a little spark could set off a whole barrel of dynamite in the Democratic ranks. While the Senator from Texas alleges that he had no idea of a stepping stone to something higher in 1956, perhaps the vice presidency, some are mentioning him in that connection. He, however, says he'd prefer just being Senior Senator from Texas. But any blasts against the Court decision from Southerners, would put a crimp on any delegate from the liberal side of the party, supporting anyone from the South for a national office. Then there is the question of the Negro vote in Texas, as well as the rest of the USA. If the Democratic Party gets too rank with the Supreme Court decision, it might make it difficult to land their vote, come fall.

Many of us perhaps think little about the great sacrifice our forebears made to establish us in this continent of ours. In fact the settlement of Jamestown and New England were not exactly a Sunday School picnic. Nor was it a holiday for the old bewhiskered gentleman, walking beside a covered wagon, rifle in hand, which carried his wife and children, and their worldly goods, keeping a sharp eye out for mauling bands of redskins. The same was true when the settlers from the northeast left to invade and settle the fertile, level lands of the mid-west, and those from east of the Big Smokies crossed over to invade and settle the fine farm land along the reaches of the Mississippi and its tributaries. These people had left their friends, and in many instances, some of their loved ones, to carve out a bit of real estate in the wilderness, far from any conveniences that existed in that day and time. It was not exactly a honeymoon trip when the old nesters from east of the Mississippi set out to view out the strange lands in Arkansas, Louisiana and Texas. It was true that they found the Indians along the borders of these states fairly friendly, but when they tried settlement further inland and along the black prairies of Texas, they found a very hostile people, especially the Kiowas and Comanches. Many of them, along with their families were killed and scalped, and their homes burned and their stock stolen. Even in the settlement of this immediate area of the South Plains, the old settlers were handicapped by many inconveniences, when they had to transport via wagons their every necessity, 100 miles or better. And during bad weather, many things like flour, meal, etc., would be reduced to almost the disappearing point. But they were neighborly, and as long as one family had any kind of food, their neighbors had it. It was no place for the stingy and selfish. In the past few days, a writer noted that we do not appreciate the privations and wars of our forefathers in giving us a land of peace and prosperity. This writer gave a short account of Gen. George A. Custer, being ordered to drive the Sioux out of Montana. He was a brave, but perhaps a bit reckless leader, as he did not wait for reinforcements on the Little Big Horn, when he was suddenly attacked by Indians numbering perhaps 4,000, laying in ambush. While outnumbered perhaps 20 to one, like the old patriots at the Alamo in Texas, they fought to the last man. The Sioux were finally driven out to Canada, and Sitting Bull finally surrendered to the USA.

COTTON FRESH

Fresh and fashionable in her cool cotton, this little blonde miss is ready to go shopping with Mother. Her novelty striped printed plisse dress, designed by Love, has three smart patch pockets. She likes the grown-up off-the-shoulder lines of her pretty cotton frock.

VET NEWS

By C. L. Lincoln,
County Service Officer

NSLI DIVIDENDS, 1954

Regular dividend payments on NSLI are being paid on the same basis in 1954 as they were last year. For veterans, ages 40 and under who hold term policies, the dividends again will amount to 50c a month for each \$1,000 of insurance in force. This amounts to \$60 for the veteran under age 40 who is carrying the full \$10,000 term policy. Under the present dividend payment schedule, veterans age 40 receive 47c per \$1,000. At age 45, it is 35c; and at age 50, it is 25c, etc.

Veterans who have converted to permanent plans will receive approximately the same amounts as those carrying term plans, although there may be some variation up or down, depending on the particular plan in force. Veterans who have previously indicated to the VA that they desire to receive their dividends in cash when due, will continue to receive the payment annually until such time as they advise the VA otherwise; so no action is needed to receive the dividend payment in such cases. Also, any other method designated, such as leaving dividends on deposit with the VA, will remain in force until the policyholder instructs the VA otherwise—to make any change in the way the veteran wants his dividends handled, he should write an informal letter of instruction to the Insurance Service, Veterans Administration District Office, Denver Federal Center, Denver, Colo. (no longer to Dallas).

Dividends are being made within 30 to 60 days following the anniversary date of the veteran's insurance policy. (Don't know what this transfer of the District Office to Denver will do to this, as you know these dividends are paid out of the District Office, not the Central Office.)

We suggest to service officers that they advise veterans who fail to receive dividend checks due them, in 60 days after the anniversary date of their policy, to write the VA District Office at Denver and find out why his delay. (But wait 60 days.)

Who Is A Koran Veteran?

The word "Korean" veteran is frequently used and Service Officers are familiar with the dates of service required for eligibility but some veterans themselves, are concerned by the term "Korean" veteran. Sometimes, for instance, a veteran who served in Germany during the appropriate eligibility dates, many times does not consider himself to be a "Korean" veteran, and may be confused as to his entitlement under the Korean Bill. Other veterans who served in this country and are fully eligible often do not consider themselves to be Korean veterans. It would seem that enough publicity has gone out to make it clear that any veteran who was in service after June 27, 1950 does have entitlement to Educational benefits and other benefits under Public Law 550 (the Korean GI Bill).

Social Security Wage Credits Extended

We again call your attention to Public Law 269, 83rd Congress, which extends to July 1, 1955, the period in which old-age and survivors insurance wage credits of \$160 a month are provided for military and naval service. Until this amendment of the law, the credits were provided only for service performed before Jan. 1, 1954. This law also extends the

provision governing the time for filing claims for lump-sum death premiums under old-age and survivors insurance when the servicemen who have died overseas are reburied in this country. The two-year period in which the claim may be filed runs from the date of reburial in this country. In previous bulletins we have advised, and again say, that veterans or their survivors should consult the Social Security office nearest their residence for information concerning the possible benefits.

TERRY 4-H BOYS, GIRLS TO ATTEND ROUND-UP AT A&M

Four Terry County 4-H boys and girls will be among the 1,600 members of Texas 4-H clubs expected at Texas A&M for the annual 4-H Roundup, June 8-10. Neva Jo Howard, Pool; Margaret Ingram, Wellman; Kenneth Willis, Brownfield; and Rodney Herring, Union, will represent Terry County 4-H Clubs. They will be accompanied by Mildred Cox, Home Demonstration Agent, and Jim Foy, Agriculture Agent. The group will leave Monday, June 7, and return to Brownfield, Friday, June 11.

The annual event brings together the state's most outstanding club members. As county delegates, they are given opportunities to further develop the leadership, citizenship, and character building phases of 4-H club work.

The 1954 program has been planned around 19 different subject matter shortcourses. These range from agricultural engineering to wildlife and include subjects involving the home, leadership and recreation. General sessions will be held each morning with the short courses directed by extension specialists being conducted in the afternoons.

Delegates are due to register on the afternoon of June 7. The share-the-fun festival will provide the Tuesday night program. A chuck wagon feed and entertainment is set for Wednesday evening, and the annual Recognition Banquet on Thursday evening at Duncan

Hall. Special entertainment at Guion Hall will include the meeting. These two events are provided by the Sears-Roebuck Foundation.

Theme for the Roundup is "Building a Stronger America."

Those who seek to improve their minds will be the leaders of tomorrow.

Terry and Yoakum 4-H Girls Enjoy Dist. 2 Encampment

Four-H girls from Terry County and Yoakum County, accompanied by Miss Mildred Cox, Terry County HD Agent, and Mrs. W. M. Overton, of Plains, attended the District 2 4-H encampment held at the Panhandle-South Plains Fairgrounds in Lubbock last week from Monday through Wednesday.

Attending from Terry County were Norma Marley, Wellman, Virginia Thornton, Wellman; Gene Cornett, Union; and Neva Jo Howard, Pool. Yoakum County girls attending were Bennett and Ellen Puckett, of Denver City; and Kay Smith, Jane Sims, Roberta Snodgrass, and Sandra Smith of Plains.

Purpose of the encampment was to teach the girls leadership, self-confidence, skill, and the ability to excel in various crafts. The girls studied nature, carved wood into useful objects, and learned

Candidate Speaking And Box Supper At Plains on June 12th

A program, box supper and candidate speaking, sponsored by the ladies of the Stanford Valley Home Demonstration, of Yoakum County, will be staged at Plains, Saturday night, tomorrow, on the lawn of the old courthouse.

The public is cordially invited to attend the program, which will include musical numbers.

to be leaders at recreation. Classes were under the direction of home demonstration agents and adult leaders attending the camp. Lubbock beauty operators taught them hair styling.

TERRY GETS ONE NEW WELL; ONE LOCATION

Evidently some of our good friends of the "Oil Fraternity" took pity on us about our ignorance concerning the "erl" business, and had a 30-page, nicely printed pamphlet, that really goes to town on the subject, mailed to us. It is called "Facts About Oil," and is put out by the American Petroleum Institute up at Gotham. We've already found many interesting things about the oil business in the booklet we didn't know, and hope to find many more as we study it.

Anyway, the completions on the South Plains were pretty low last week, but the new locations seemed to be about average. There were 21 completions on the South Plains, and 37 new locations in the same area. Of the completions, Andrews County headed the list with six, Cochran and Howard had three each; Kent and Yoakum had two each; while King, Lubbock, Lynn and Terry had one each.

The new locations were headed by Andrews with eight, Yoakum five; Garza and Kent, four each; Howard and Scurry, three each; Borden, Cochran and Hockley, two each; while King, Lubbock, Lynn and Terry had one each.

The completions in Terry and Yoakum were as follows. By the way, old Yoakum got a 2,197-barrel flowing well in a new field out near the New Mexico line:

Terry County
 Prentice — Placid Oil Co. 11, Muldrow, 3,300 from north and 1,980 from east lines of Section 20, Block D-14, C&M Survey, pumped 165 barrels of 29.6 gravity oil plus 15 per cent water daily. Gas-oil ratio was 410-1. Perforations from 5,977-6,012 feet were acidized with 3,000 gallons.

Yoakum County
 Bronco-Siluro-Devonian — Amerada Petroleum Corp. 5, L. R. Weems et al, 1,980 from north and 680 from west lines of Section 403, Block D, John H. Gibson Survey, flowed 2,197.64 barrels of 45 gravity oil and no water daily through 1/2 inch choke. Gas-oil ratio was 132-1. Open hole from 11,750-11,865 feet was acidized with 1,000 gallons.

Prentice-6700—Tennessee production Co. 12, J. E. Wright, 440 from south and 1,300 from west lines of Section 13, Block D, John H. Gibson Survey, pumped 111.94 barrels of 28.5-gravity oil plus 44.19 per cent water daily. Gas-oil ratio was 289-1. Open hole from 6,400-6,900 feet was acidized with 17,200 gallons.

The new locations were as follows in the two counties:

Terry County
 Prentice-6700 — Tennessee Production Co. 2, R. K. DeFord, 440 from north and 1,567 from west lines of Section 24, Block K, PSL Survey, 6 miles northwest of Tokio, rotary to 6,850 feet, at once.

Theft of Rings From Drug Store Remains Mystery

Law enforcement officers of this area have been unable to find any clues leading to the whereabouts of four diamond-set wedding bands—three platinum and one white gold, valued at \$2,000 retail — which were discovered missing Tuesday morning of last week, from the Primm Drug.

According to Fred Nicholson, jeweler of the firm, the rings were not missed until Tuesday morning, due to the Sunday and Monday Memorial Day holidays, and it has not yet been ascertained when the theft occurred.

Nicholson also stated that he had no intention of placing the rings on display, as some sources had reported, as they had been ordered on consignment basis for customer approval, with the remaining rings to be returned on Tuesday. Nicholson had received shipment of the rings Friday, and the theft could have taken place any time between Saturday afternoon and Tuesday morning.

If you think this is hot weather you have something to look forward to.

Ridgway Receives Degree and Air Force Commission

Joseph Gene Ridgway, son of Mr. and Mrs. Weldon Ridgway, 3 1/2 miles north east of Brownfield, was among 608 Texas Tech seniors receiving degrees in commencement exercises held Monday night, May 31, at Jones Stadium in Lubbock. He received his BBA degree in the division of business administration. Approximately 4,000 persons attended the ceremony.

Ridgway was also among 27 new Air Force officers receiving commissions the morning of May 31, in Air Force ROTC graduation exercises held at Texas Tech. After July 10, he will be stationed at Columbus, Miss., and his wife, the former Jo Ann Zant, plans to go with him.

C. T. JOHNSON, AUSTIN INSURANCE MAN AND CANDIDATE FOR LIEUTENANT GOVERNOR PAYS VISIT TO BROWNFIELD

The first candidate for a state office to file for a place on the ballot in the Democratic primary

C. T. JOHNSON

July 24, did some campaigning in our city the past week.

C. T. Johnson, 43, strong Democratic candidate for Lieutenant Governor from Austin, is running on a platform that calls for a state communications commission elected by the people to regulate and "reduce high telephone rates," and a state wide water conservation program as a dire necessity.

Johnson, a homebuilder and life insurance man is receiving state attention, saying a one man war against the high Southwestern Bell Telephone rates. He states "such regulation of telephone rates has been found successful in 45 of the 48 states."

Johnson charged that Southwestern Bell Telephone Company's basis for requesting phone rate increases, which he called "the fantastic feature of this procedure," is unfair to the public by excluding long distance revenue in determining a fair return on their investment.

In proposing an elected state telephone and telephone utility

commission, Johnson stated that the wrangle over phone rates is becoming uniform all over the state.

"Definite need for such a commission exists due to the weakness of most Texas city governments in controlling rates," he said.

In his statewide water conservation program, he proposes a plan to build 100,000 small dams in Northwest Texas and a vast canal parallel to the Gulf Coast, crossing the State's ten rivers as a means of saving Texas from deadly droughts. He said, "The small dams would benefit West Texas particularly and the vast canal would also benefit the entire gulf coast region." "Small dams on the farms of the arid regions of the western part of the State would establish water banks for use during droughts as well as insurance against soil erosion," he stated.

Johnson also proposes \$100 per month pensions for eligible citizens at the age of 65. He declared that Texas ranks forty-fifth in the nation with an average of \$34 per month old age pension and this "is definitely not an adequate plan. The employment outlook for the older person today is dark," he added.

Johnson also desires a \$1,000 bonus to all veterans and states that all veterans should come under the benefits of the Texas Land Grant Bill.

Johnson was born on a farm near Moulton in Lavaca County. Left fatherless at the age of seven, he worked to aid his family while attending elementary and high schools and later the University of Texas. He is a veteran of World War II, a nominee for "Austin's Most Worthy Citizen for 1953," a member of the Baptist Church, and an active worker in Community Chest, Cancer Crusade, Salvation Army, and other community projects. It was through his efforts that Billy Graham, the international evangelist visited Texas.

He and his wife, the former Gladys Miller of Lockhart, have a daughter, Danell, 2. This is his first political race.

ROAD PROJECTS FOR TERRY CO. FOR YEAR '55-'56

The 1955-56 Consolidated Highway Program approval and release for planning operations was recently announced in Austin by the Texas Highway Commission. The purpose of the program is to set out specific projects on which construction is contemplated in order that engineering work, plan preparation and specifications may proceed and right of way secured, according to S. C. McCarty, District Engineer of the Texas Highway Department at Lubbock.

Projects in Terry County are listed as follows:

US Highway 380, in Brownfield, from west city limits to P&SF Railroad, 0.4 mile in length, consisting of widening pavement at an estimated total cost of \$25,500.00.

US Highway 62, from Brownfield to Wellman, 12.0 miles in length, consisting of grading, structures and surfacing for two additional lanes, at an estimated total cost of \$35,000.00.

McCarty stated that it was considered desirable to get this planning work under way in anticipation of funds that would be made available to the Highway Department for the construction of this program of work. He further stated that resident engineer Carl R. Hart would be in charge of the work in this area.

Meadow OES Holds Installation In Evening Service

Mrs. R. M. Mayfield was installed as Worthy Matron and Haskell Grant as Worthy Patron of the Meadow chapter, Order of the Eastern Star, at ceremonies held at the Ropes School Cafeteria, Saturday night.

Other officers installed were Mrs. A. M. Armstrong, associate matron; Preston Darby, associate patron; Mrs. Haskell Grant, secretary; Mrs. Preston Darby, treasurer; Mrs. Omar Dalton, conductor; Mrs. Boots Moore, chaplain; Mrs. O. V. Fuller, marshal; Mrs. Frank Sylvester, organist; Mrs. Betty Moss, Adah; Mrs. Charles W. Shannon, Ruth; Mrs. Lynn Pevler, Esther; Mrs. Dickey Townsen, Martha; Mrs. Weldon Tudor, Electa; Mrs. James Adams, warden; and B. H. Rucker, sentinel.

The installing team was composed of Mrs. Townsen, Mrs. B. H. Rucker, K. P. Shannon, Mrs. Lloyd Wicks, Mrs. John Spikes, Mrs. Rafe Nabors, Mrs. Alvin White, and Mrs. J. W. Berry.

Mrs. Grady Goodpasture of Brownfield, sang a solo, accompanied by Mrs. Frank Sylvester. A duet was sung by Sue and Kay Armstrong.

A reception followed the installation.

Dr. Cyril Garbett, Archbishop of York, urging Big-Power talks: "If this (hydrogen) bomb, and still more if the cobalt bomb, is used, the whole future of the human race and even its survival become doubtful."

POOL NEWS

Mr. and Mrs. George Forbus, of Ropes, spent Sunday with his brother and family, Mr. and Mrs. Lanier-Forbus.

Mrs. R. W. Huddleston and Harlon, of Hillsboro, were visiting in our community, and attended the church services, Sunday. They formerly lived in the Pool community.

Mrs. Major Howard, children, and Neil Barrier spent the week end with her daughter and family Mr. and Mrs. James Gunn, of Odessa.

Mrs. E. J. Duncan, Clara and Marion, spent Sunday in Lubbock, visiting relatives.

Mr. and Mrs. Elmer Hartgraves and family of Lubbock, visited her parents, Mr. and Mrs. W. M. Joplin, Saturday night.

Mr. and Mrs. Homer Dunn and Bobby spent the week end in Paducah, visiting relatives.

Mr. and Mrs. Robert Berryhill of Crane, spent Saturday night with her parents, Mr. and Mrs. Jack Brown.

Mr. and Mrs. Dean Robertson and Dee Park, of Roswell, N. M., spent the week end with their parents, Mr. and Mrs. Sam Park.

Mr. and Mrs. Barney Green and family have gone to Arkansas to visit relatives.

Beverly Rogers, of Brownfield, spent Monday with Marcia Dunn.

Mr. and Mrs. Lanier Forbus and family spent a few days in Denton attending a family reunion.

Will Our Grand-Daughter Be An Attorney?

It is a solemn occasion with us, and a sad one generally, when one of our little grandchildren is up for punishment. Almost makes us wish we could take it in their stead. Generally speaking it is no occasion for mirth to us, but recently we could not help a bit of it when Miss Sara B. Trigg, a four-year-old, came up for a spanking.

Most of us thought she was abed and asleep one night, but the little lady went to the dresser, opened a bottle of rouge, and painted, and we mean painted. It was not just the red stripes of the Indian Chief on the war path, it was literally smeared all over her face. She looked funny to us.

If there ever was a lawyer for the defense that put up a swell argument of non-guilt, or at least being provoked into crime, for his client, the little lady used all of them and added some. Of course she was already half crying as she made her masterful defense against punishment, which added strength to her argument. But she was spanked—slightly.

That is the reason we think Miss Sara B. is cut out for an attorney whether she ever makes one or not.

Harry S. Truman, former President: "The best way to balance the Federal budget is to have full employment and full production."

SECURITY OUSTERS

An employer on defense work does not have the right to declare a worker a security risk and suspend him without pay, according to a ruling by Curtis G. Shake, a former Judge of the Indiana Supreme Court and arbitrator in a labor dispute. An employee cannot be denied an opportunity for a hearing or for review and the Government has set proper procedures for such cases, the opinion stated.

DEFENSE FUNDS

The House Appropriations Committee has reported out a bill calling for the spending of \$28,680,706.50 for the "new look" defense program in the fiscal year starting on July 1. This is \$1,206,348,500 less than had been requested by President Eisenhower and, if passed, will mean that the armed forces will get \$5,632,614,000 less than Congress voted them in the 1954 fiscal year.

NO BORROWING

(Staff Photo.)

Pearce-Brewer Wed In Evening Service At Local Church

Miss Sydney Fern Brewer and Rev. William Boyd Pearce were united in marriage in a double ring ceremony read at 8 p. m., June 4, at the Calvary Baptist Church, with Rev. Jack Pearce, brother of the bridegroom, reading the vows before a bridal arch flanked with baskets of white flowers, jade greenery and candles. Parents of the couple are Mr. and Mrs. H. L. Brewer of 682 East Lavaca, Beaumont, and Mr. and Mrs. Wade Pearce, of 1309 Broadway, Brownfield.

Mrs. Ruth Ramseur, organist, offered traditional wedding music and accompanied Rev. Al Cummins of Fort Worth, soloist, who sang "A Golden Day of Promise," "Sweetest Story Every Told," and "Savior, Like a Shepherd Lead Us," as a benediction.

The bride was given in marriage by her father. Her dress was of imported chantilly lace over tulle and bridal satin, with a fitted bodice and long pointed sleeves. She wore a tiara of seed pearls with a veil of illusion and carried a white orchid centered in white carnations.

Mrs. Jack Pearce of Lorenzo, was matron of honor, and bridesmaids were Miss Marlene Hall and Miss Marilyn Jacobs, both of Dallas, and Miss Jim Ann Brewer, a cousin of the bride, of Houston. They wore identical waltz-length dresses of pink lace over pink taffeta. They wore pink tulle ruffle hats, tulle mitts, and carried bouquets of American Beauty gladioli.

Serving as best man was Al Brian of Floydada. Ushers were Rev. Joe Vernon, Lamesa, and Stanley Miller and Joe Sharp of Brownfield.

Immediately following the ceremony a reception was held at the Seleta Jane Brownfield Clubhouse. The bride's table was laid with a white imported linen cloth, centered with an arrangement of pink gladioli. The cake was the traditional three-tiered wedding cake. For a wedding trip to Colorado the bride wore a light blue orlon linen suit with white accessories. The couple will be at home at 505 East Stewart after June 12.

The bride is a 1951 graduate of Odessa High School and received her degree from Baylor in May, where she was a member of Tau Beta and Pi Alpha Lambda.

The bridegroom is pastor of the Immanuel Baptist Church in Brownfield. He graduated from Baylor in 1952 and attended the Southwestern Baptist Seminary in Fort Worth.

OES HOLD MEETING IN MASONIC TEMPLE

Brownfield Chapter No. 785, Order of the Eastern Star, met at 8 p. m., Tuesday, June 8, at the New Masonic Temple, with Mrs. W. F. McCracken, Worthy Matron, and Bernarr Smith, associate patron, presiding.

Plans were made for the public installation of the new officers to be held at the new Masonic Temple, June 15, at 8 p. m. A banquet honoring the new officers and the installing officers will be held at Nick's Cafe preceding the installation ceremonies at the hall.

There were 14 officers and 33 members present for the Tuesday night meeting.

Put your Want Ad in the Herald.

NEW BRIDGE CLUB MET WITH MRS. KNIGHT

Mrs. Robert Knight, 1207 East Cardwell, entertained the newly organized Wednesday Afternoon Bridge Club at 2 p. m., recently. Members attending included Mesdames Milton Hughes, Earl Jones, Bill Day, Duncan Ellison, Sherwood Gill, L. J. Richardson, Morgan Copeland, and Knight.

COPELANDS HOSTESS TO COUPLE'S BRIDGE

Tuesday Night Couples Club met with Mr. and Mrs. Morgan Copeland at 8 p. m., June 1.

Mr. and Mrs. Robert Lee Craig made high score in couples bridge, and Earl Jones and Mrs. L. J. Richardson won in bingo.

Raspberry sherbet, cake and ice tea were served to Messrs. and Mmes. J. C. Powell, Marion Bowers, Sammy Jones, Craig, Earl Jones, Richardson, and Copeland.

Mr. and Mrs. Pete Curtis and son, Rodney, spent Monday afternoon in Lubbock.

B'field Study Clubs Represented CWFC Denver Convention

Local study club delegates and members were among the 3,000 delegates attending the 1954 convention of the General Federation of Women's Clubs, which closed in Denver, Friday. The Federation, which has 11 million members in 34 countries, voted to meet next May 23-27 in Philadelphia.

The convention pledged support to a "gradual reduction of trade barriers between nations" but rebelled at "government aids" for "persons and businesses disadvantageously affected." The group was urged to become more active politically.

In another resolution, the federation urged its member clubs "to inaugurate an intensive study" of various proposals for revision of the charter of the United Nations.

Delegates attending from the local clubs included Mrs. Fred Yandell, Delphian Study; Mrs. E. C. Davis, Maids and Matrons; and Mrs. M. J. Craig, Jr., Alpha Omega Study Club. Others attending from the Delphian Club were Mrs. W. H. Moore, Mrs. Otto Butler, and Mrs. W. T. Pickett; and from the Maids and Matrons, Mrs. W. M. Adams.

Mr. and Mrs. Bob Hamilton, of Lubbock, visited her parents, Mr. and Mrs. Bob Whitney, 1206 Tahoka Road, over the week end.

GINGHAM GIRL

Gingham has gone glamorous today. No longer relegated to the kitchen, this fabric is one of the most popular cottons for summer fashions. This sophisticated lady made her own fashionable frock from woven stripe gingham by Gale and Lord.

Mrs. Ann Hunt has returned from San Angelo, where she transacted business and visited relatives and friends. She reported fishing in the new lake and a very nice catch.

Mrs. Wyndal Miller has been visiting in the home of her aunt, Mrs. Benton Stricklin and husband, at Paris, Texas. Her husband has been attending maneuvers with the local National Guard unit at Fort Hood.

Joyce Cline and Bobby Whitney, of Brownfield, visited Tommy Lammarr, at Pool's Ranch, Tuesday.

We are continually amazed that most people take themselves seriously.

Norma Dean Fore Conrad Wayne Cabe Married Recently

Dean Fore, daughter of Mr. and Mrs. Aubrey Fore, of Seagraves, became the bride of Conrad Wayne Cabe, son of Mr. and Mrs. Carl Cabe, Sr., of Brownfield, in a double ring ceremony read recently in the home of the bride's parents, by the Rev. B. H. Baldwin, of Wellman, minister of the Union Baptist Church.

Given in marriage by her father, the bride wore a frock of white lace over taffeta with a flower hat ornamented in rhinestones. Her nosegay of pink carnations was carried atop a white Bible.

Mrs. Larry Welcher of Seagraves, sister of the bride, served as matron of honor, and attending the bridegroom as best man was his cousin, Donald Lee Cabe.

At a reception held immediately after the ceremony, the bride's table was laid with a lace cloth over pink, and centered by an arrangement of pink and white carnations. A tiered wedding cake decorated with pink confection blossoms and topped with a miniature bridal couple, was placed at one end of the table, and at the opposite end was a crystal punch service.

Miss Dessie Mae Oliver presided at the punch service, and cake was served by Miss Bobbie Joyce Weaver.

After a short wedding trip to New Mexico, the couple will be at home at 701 East Broadway in Brownfield.

Both the bride and bridegroom are graduates of Wellman High School.

Parents of the couple and other relatives attended the ceremony.

Mrs. Craig Lewis, of Denver City, spent the weekend visiting her mother, Mrs. Anna Bell Bargerow, 405 North Fifth, and her husband's parents, Mr. and Mrs. Loy Lewis, who live on the Foster Road. Her husband has been working for the past two weeks in Kansas.

Wedding and reception guests attended from New Home, Leveland, Wellman, and Brownfield.

After a wedding trip to Ruidoso, N. M., the couple will be at home at New Home the latter part of June.

The bride is a 1953 graduate of Wellman High School, and has attended West Texas State College at Canyon for the past year. At college she was a member of Kappa Tau Phi sorority, and the Home Economics Club. She was majoring in home economics.

The bridegroom graduated from New Home High School and at present is attending Draughon's Business College at Lubbock. He is associated with his father in the Davies Grocery and Appliance Store at New Home.

MR. AND MRS. CONRAD WAYNE CADE

BRYANT-DAVIES WEDDING THURSDAY IN BRIDE'S HOME AT WELLMAN

In a double ring ceremony read Thursday at 6 p. m., in the home of the bride's parents, Miss Joyce Lynn Bryant, daughter of Mr. and Mrs. James T. Bryant, of Wellman, became the bride of Kenneth Carlton Davies, son of Winston Davies, of New Home. The service was performed by the Rev. B. H. Baldwin, of Wellman, minister of the Union Baptist Church, before an archway of greenery flanked by baskets of white gladioli.

Preceding the ceremony, J. W. Hawkins, soloist, sang "Ah! Sweet Mystery of Life," accompanied at the piano by Miss Yvonne Oliver.

Given in marriage by her father, who is superintendent of schools at Wellman, the bride wore a street length frock of white dotted swiss over taffeta. The bouffant gathered skirt was worn over nylon crinoline to emphasize fullness, and a ruffled bertha on the fitted bodice formed small cap sleeves, which were ornamented with bows of self material. She carried a colonial bouquet of white daisies.

For something old the bride chose her mother's engagement ring, and something new was her wedding ensemble. A pear necklace was borrowed from Miss Beth Golden, a former classmate of the bride, and something blue was a garter.

Miss Dessie Mae Oliver, of Seagraves, who attended the bride as maid of honor, wore a dress of pink linen fashioned with a full circular skirt over a nylon underskirt. The low V-neckline was ornamented with seed pearls, and she chose a white lace half-hat. Her colonial nosegay was of pink

and white daisies. Wayland Walton of New Home served the bridegroom as best man.

At a reception held following the ceremony the couple were assisted in receiving by their wedding attendants and by the parents of the bride. The bride's table was laid with white linen and centered by an arrangement of pink and white daisies. The tiered wedding cake was iced in white confection, ornamented with white roses, and topped by a miniature bridal couple. White tapers burned in candelabra, and crystal and silver appointments were used. Miss Olgaene Baldwin of Wellman, poured punch, and cake was served by Miss Wynell Baldwin, also of Wellman.

Wedding and reception guests attended from New Home, Leveland, Wellman, and Brownfield.

General Buys Another Telephone Company

The General Telephone Company of the Southwest will have a neighbor-by-name as of July 1 when the Bluefield Telephone Company officially becomes the General Telephone Company of the Southeast.

The recently acquired company is the sixteenth to join the General Telephone System and brings the total number of telephones served by the system to 1,700,000. With the addition of the General Telephone Company of the Southeast, the General Telephone System added West Virginia and Virginia to the nineteen states already served by the system.

Announcement of the name change was made following a meeting of the board of directors in Bluefield, W. Va., May 26, 1954.

TEXAS BAR TO MEET, JUNE 30, AT SAN ANTONIO

AUSTIN.—Two thousand of the state's lawyers and judges are expected to converge on San Antonio on June 30 for the opening of a four-day convention.

Practically every legal subject in the books will be covered during their sessions.

The young lawyer who has just hung out his shingle will get step-by-step advice from the professionals—the seasoned craftsmen of the profession will pick up ideas and brush up on improved procedures.

This is the prediction made today by Everett L. Looney, Austin, president of the State Bar of Texas, lawyers association numbering 11,700 members.

A vacation in June, July or August might add several years to your life.

Pvt. Ronnie Taylor Serving In Germany

MANHEIM, Germany.—Private Donnie D. Tyler, son of Mrs. Grace Wright, Brownfield, is serving in Germany with the Seventh Army's 7th Anti-Aircraft Artillery Battalion.

Units of the Seventh Army form a major part of the strong cordon of American defense forces stretching across the US Zone of Germany.

Pvt. Tyler, a member of the battalion's Battery C, arrived in Europe this April after completing basic training at Fort Bliss, Texas. He entered the Army in October, 1953.

WESTEX HAS 30% OF POPULATION; 34% STATE SALES

ABILENE.—The region served by the West Texas Chamber of Commerce, with 30 per cent of the state's population, accounted for 34 per cent of the state's retail sales last year and had 34 per cent of the effective buying income in Texas, according to a tabulation made by the regional chamber.

The figures were computed from estimates published in the recently released "Annual Survey of Buying Power" issue of Sales Management Magazine.

Population of the West Texas region was estimated at 2,670,300. Retail sales in 1953 were listed as \$3,062,146,000 and effective buying income as \$4,267,622,000.

SANTA FE CARLOADINGS

Santa Fe carloadings for week ending May 29, 1954 were 20,183 compared with 24,297 for the same week in 1953. Cars received from connections totaled 11,093 compared with 12,044 for same week in 1953. Total cars moved were 31,276 compared with 36,341 for same week in 1953. Santa Fe handled a total of 31,817 cars in preceding week of this year.

BE VERY CAREFUL OF YOUR WATER-SUPPLY IN SUMMER

AUSTIN.—One of the most important factors contributing to the well-being of summer vacationists is a safe and healthful water supply. Contaminated water is the annual cause of much sickness and many fatalities. Water from sources not known to be safe should never be used to supply vacation needs.

Dr. Henry A. Holle, State Health Officer, stated this week that most municipal water supplies in Texas are periodically inspected and samples submitted to the State or local public health laboratories for examination. He advised that it is always best, when in doubt, to endeavor to secure water from a municipal supply.

"Families away from home on picnics, excursions, or vacation trips," Dr. Holle said, "should either ascertain that their water supply is safe or they should make it safe for human consumption. Water can be rendered safe by boiling for 15 minutes or by the addition of chlorine. A few drops of ordinary chlorine laundry bleach can be added to a gallon of clear water and if the water is allowed to stand for 15 minutes it may be used for drinking."

If drinking water is obtained from a private well, Dr. Holle advised vacationists to look for these protective features: a well-site protected from flooding with good drainage, and a concrete platform surrounding the pump. The pump itself should be securely mounted on the platform, should have a rod that enters the top through packing, and should have a turned-down spout. Contaminated water is usually found in wells with open wood platforms, pits underneath the pump, openings

Services Held For F. C. Climer, Saturday At Lubbock

Funeral services for F. C. Climer, of Lubbock, and father of two local men, who died at his home at 7:15 p.m., Wednesday of last week, were conducted at 3 p.m., Saturday at Tabernacle Baptist Church in Lubbock, with the Rev. Ben D. Johnson, pastor, officiating.

Burial was in a Lubbock cemetery, under the direction of Lemons Funeral Home of Plainview.

Climer had been ill for about a week. He was a retired elevator operator and had been employed at the Lubbock Hotel.

Survivors included the wife; two sons, C. S., and Bradley, both of Brownfield; a stepson, A. C. Totty, Roswell, N. M.; eight daughters, Mrs. Guy Taylor and Mrs. Blanche Hill, both of Lubbock; Mrs. Nelda Fay Duggan, Hopkinsville, Ky.; Mrs. Ila Mae Brown of Plainview; Mrs. Icie Bridges, Artesia, Calif.; Mrs. Mildred Ashley of Morton, Mrs. Clinton Dobbs of Dallas, and Mrs. O. L. Taylor, of Eunice, N. M.; 45 grandchildren and 19 great grandchildren.

J. W. Anderson Is Buried At Divine

Funeral services for J. W. Anderson, 75, formerly of Brownfield, were conducted Friday afternoon, May 28, at 4 o'clock. Rev. Strickland, pastor of the Natalia Baptist Church officiated in rites held at First Baptist Church in Divine.

Mr. Anderson died Thursday morning in Baptist Memorial Hospital, San Antonio, Texas.

Among survivors are his wife, Emma, of Divine; five daughters, Mrs. Jim Mabery, Devine; Mrs. Loyd Lee, La Pryor; Mrs. Owen Floyd, Loop; Mrs. Bill Iles, Seagraves; Mrs. Andrew Mosley, Natalia; four sons, Buck Anderson, Kress; Doyle Anderson, Plainview; Mutt Anderson, Devine; and Geo. Anderson, Carlsbad, N. M.

Interment was in Devine Cemetery.

Mr. and Mrs. Lal Copeland and sons, Don and Mike, 602 East Buckley, will return next Wednesday from a two week's vacation at Corpus Christi.

Farm Bureau OK's Sec. Benson's Grant Of Distress Loans

WACO.—The Texas Farm Bureau has expressed appreciation to Secretary of Agriculture Ezra Taft Benson for the USDA's approval of distress loans on wheat stored on the ground.

Approval of such loans has been a major objective of the state farm organization for the past three months, President J. Walter Hammond said in a telegram to Benson.

"We wish to express appreciation for your action which will help alleviate storage space shortage and assure higher prices to wheat producers," Hammond said.

The USDA has announced that limited price support recourse loans for a temporary period will be made to wheat farmers where regular storage facilities are not available, and where it is feasible to store on the ground.

Reports from some plains states indicate that a shortage of storage space was likely, and that farmers might not have been able to put their wheat under the regular price support loan program. As a result, they might have been forced to market their wheat prematurely with an adverse effect on market prices.

Hammond, who negotiated the idea of storing wheat on the ground in 1949, has been negotiating with officials in the Department of Agriculture to obtain approval of such loans again this year before harvest time. Last year, the Department did not announce such loans until after harvesting was under way.

The distress loans on the 1954 crop will be at 80 per cent of the applicable price support rate where the wheat is located. The special loans will run for a 90-day period. During this time, farmers will be expected to provide adequate storage. They will then be able to take out a regular price support loan at 90 per cent of parity.

The politicians should leave their politics outside the church door.

The sad truth is that Russia and China form the core of another bloc of aggressor nations bent on dominating the world.

30 Tons of Water Weekly Required to Provide One Person With Life's Needs

(Editor's Note: The American Watershed Council is a national non-profit organization which believes conservation is primarily a job for local people and that the nation's economy can best be strengthened by encouraging broader community interest in development of natural resources. This is the first of four articles.)

By Edwin R. Cotton, President American Watershed Council, Inc.

WASHINGTON, D. C.—(Special)—If a sign inscribed: "It requires 30 tons of water a week of this precious water to maintain my standard of living," were hung on every faucet in America, people taking an active part in preservation of the nation's water resources would be numbered in millions, not thousands.

When this 30 tons of water is compared with the one-third of a ton of all other materials, such as food, timber, metals and fuel, required to support a person for a week, its value to the people is readily seen. Yet its share of the family and industrial budget is infinitesimal in our \$365 billion annual economy. Of this amount, the annual water bill is only about \$3 billion.

Water is the lifeblood of a nation. In abundance and properly managed, it spells prosperity and strength. But in most of America water is so commonplace that people rarely think of it as a natural resource to be carefully guarded.

\$40 Billion in Water Projects Its importance to the overall economy is demonstrated by the fact that industries, municipalities, states and the federal government have invested about \$40 billion in water projects.

No one here feels that with our scientific know-how we face a serious water shortage in the foreseeable future. However, conservationists recognize that no matter what is done there will be periodic local shortages, that some sections will be visited by costly floods and, under certain conditions, erosion will continue to blight our soil. They are aware too that in spite of major efforts by industries and local governments, many urban areas still have a serious water contamination problem.

Item, such as that now facing the nation's capital, where raw sewage continues to be dumped into the otherwise beautiful Potomac River.

All of these problems, they feel, can be overcome through better integration of local and national planning. In this respect, President Eisenhower had this to say about water management in his first State of the Union message:

President Favors Partnership

"The best natural resources program will not result from federal bureaucracy. It will involve a partnership of the states and local communities, private citizens and the federal government, all working together. This combined effort will advance the development of the great river valleys of our nation and the power that they can generate."

Students of the nation's water problems generally are agreed that:

1. In the past, too much emphasis has been placed on flood control and not enough on flood prevention;
2. Generation of hydroelectric power should be incidental to the primary purposes of flood control, reclamation or navigation in the planning of water projects;
3. A broad base of cooperation should be substituted for present dependency on single-purpose government agencies.

There are many things that must be done if we are to make and keep our water pure and in abundance. It is a job for local agencies—local people, local businesses, civic groups, municipalities and states working together, with the federal government helping with the planning and financing only when called upon to do so, or when the job is too big for local bodies.

Funeral Held For C. A. Barron, Thurs.

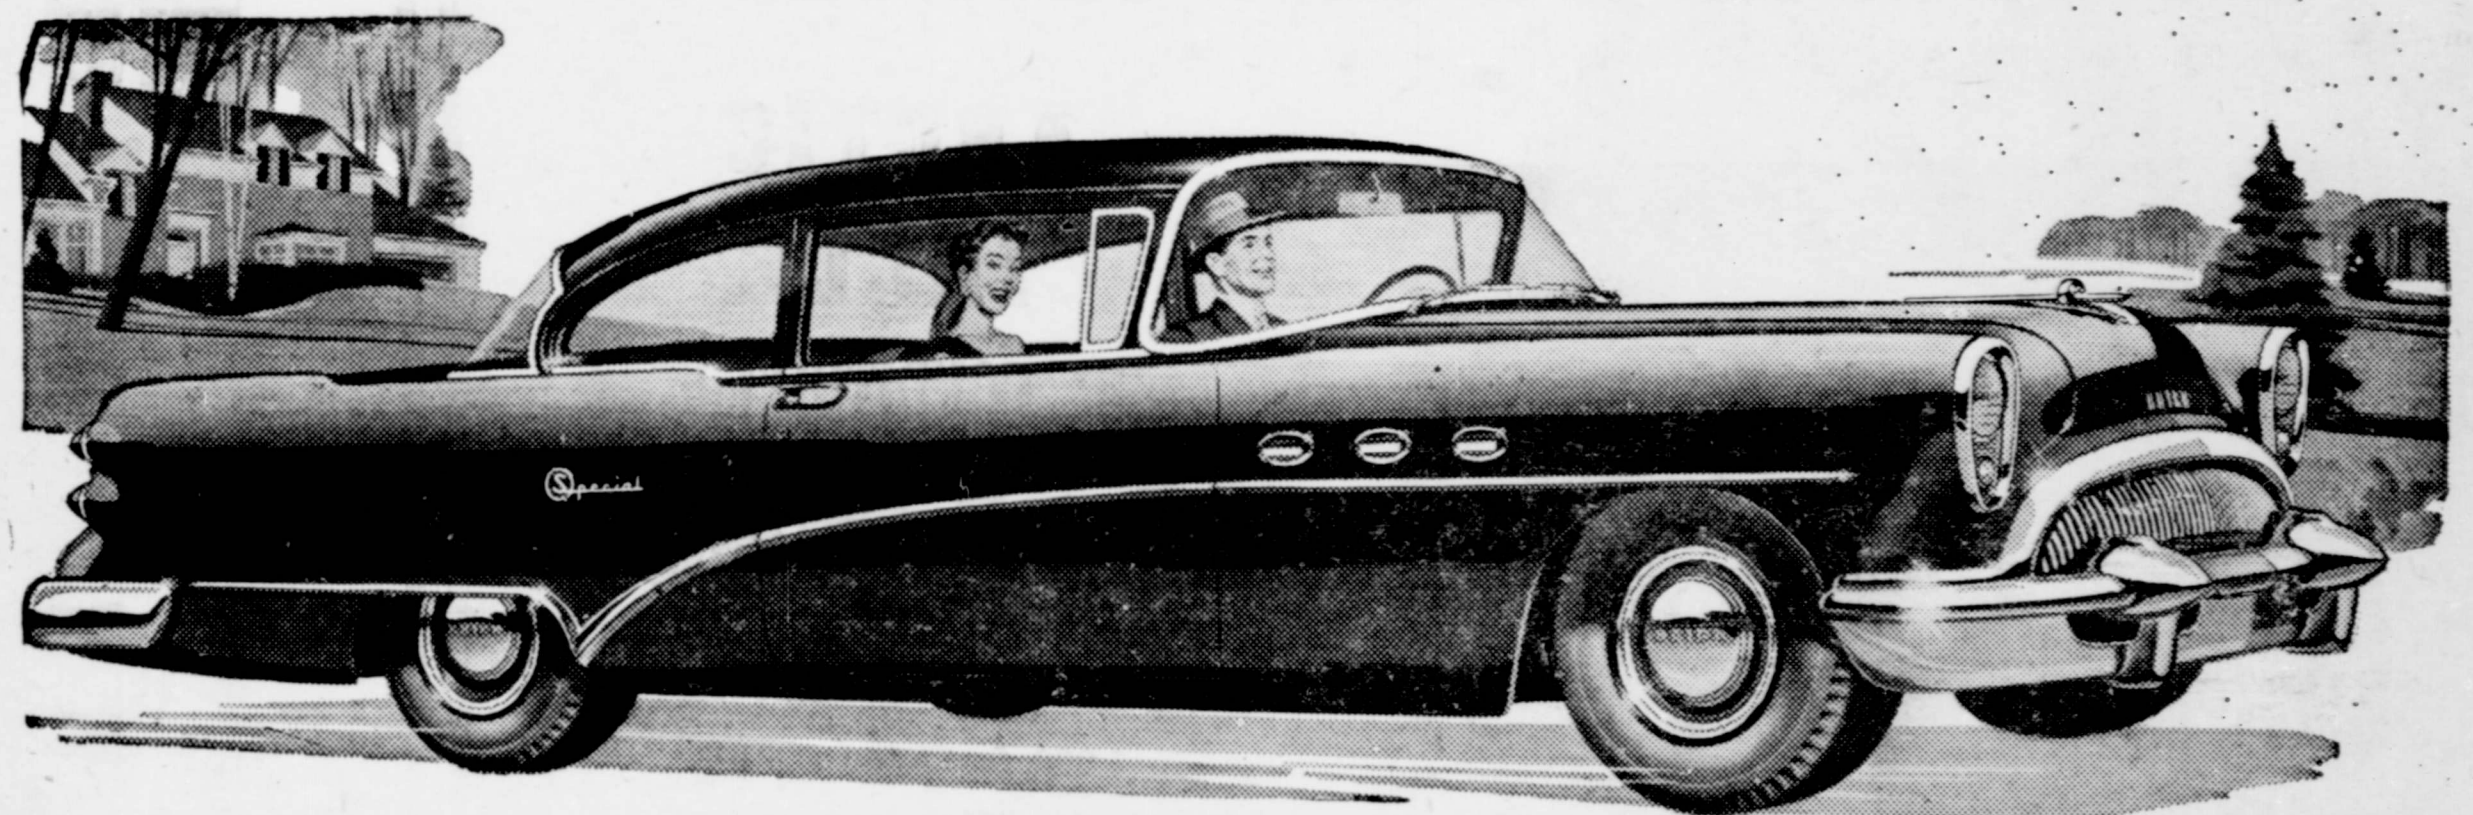

Funeral services for C. A. Barron, Lamesa farmer and father of Homer and George Barron of Meadow, were conducted at 3 p.m., Thursday, June 3, in the First Baptist Church at Lamesa, with the Rev. John A. Martin, of Wilson, officiating. Burial was in Lamesa Cemetery, under direction of Higginbotham Funeral Home.

Barron, 76, one of Dawson Coun-

ty's oldest pioneers, died at 6:45 a.m., Wednesday, at his home 14 miles north of Lamesa.

A rancher and farmer, Barron had lived in Dawson County for 53 years. He was born at Strawn in 1878. The Spanish-American War veteran helped build the Fairview community and was active in Farm Bureau work. He was a member of the First Baptist Church and the WOW lodge.

Roy Collier, 1204 East Buckley, was in Hot Springs, N. M., last week, taking the baths and enjoying a rest.

It's a BUICK! It's a V8!

It's only a few dollars more than the

low-price cars!

Come In And Check The Price!

This 1954 BUICK SPECIAL

2-Door, 6-Passenger Sedan

actually costs less than some models of the "low-price three"!

No wonder

Buick Sales are Soaring!

TAKE heart, good friend—you can buy a hit-of-the-year Buick if you can afford any new car.

And we'll gladly show our price tag to prove it.

For the price on this tag is the delivered price—the local price—of the new Buick SPECIAL 2-door, 6-passenger Sedan—and it's just a few dollars away from those of the so-called "low-price three"—lower, in fact, than even some models of those very same cars.

But look what this Buick price gets you!

It gets you the very look of tomorrow in styling modernity, even to the spectacular new panoramic windshield that seems to outdate everything before it.

It gets you Buick V8 power—highest in

SPECIAL history—plus the economy of new Power-Head Pistons.

It gets you Buick room, Buick luxury, Buick size and structure and solidity—including of course, the famed Million Dollar Ride and a new precision in handling ease.

It gets you, too, solid and deep-down value.

For any way you look at it, you're money ahead with the car that's years-ahead now in looks and line and the lift of its power—and the car that's outselling every other car in America except two of the "low-price three."

Drop in today or the first thing tomorrow—just to try and to drive and to compare a new Buick. We'll let the car prove its points.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

MAX MILLER NAMED STAR LONE STAR FARMER FOR AREA 2

Max Miller, Brownfield Future Farmers of America member, was first place winner of the area Lone Star Farmer contest, which was a feature of the 1953-54 Area 2 FFA convention held at Lamesa, Monday through Thursday of last week. He was presented a gold cup and will represent the area in Star Lone Star Farmer competition, July 21-23, at the state convention in San Antonio.

In chapter awards, Brownfield teams won in the senior chapter conducting, Greenhand farm skill contest, and senior farm skill.

Glen Hardin of Meadow, won the entertainment contest at the convention and he will represent Area 2 at the state convention. Hardin plays the piano.

Bobby Stone, FFA boy from Haskell chapter, was installed as president from 1954-55 Thursday morning, replacing Sonny Curtis, retiring area president from Meadow. Curtis was presented a plaque with an inscription of having served as Area 2 president.

Among the events enjoyed by delegates, members, advisers, and district sweethearts attending, were three general sessions, the election of officers, selection of award winners, attending a dance, barbecue, drive-in movie, several sessions with various vocational agriculture instructors, and the selection of the area sweetheart.

Young-Collum Are New Repair Firm

Announcement was made this week that B. W. Young and Glen F. Collum had purchased the TV, Radio and Small Appliance Service Department of the Farm & Home Appliance Co. The new firm will continue operating in its present location with the Farm & Home Appliance Co.

Young and Collum wish to stress that they will give prompt and efficient service on all makes and models and welcome night

ODESSA MAN THROWN FROM CAR IN MISHAP

Troy Ward, of Odessa, was badly bruised when he attempted to negotiate a curve in Wellman, late Wednesday evening. He was thrown into a pile of weeds as his '15 Mercury overturned.

Ward was rushed to the local hospital by Brownfield Funeral Home ambulance, and x-rays taken Thursday morning revealed no broken bones.

Deputy Sheriff Mutt Oliver, of Brownfield; and Rev. Alvin Hamm, of Wellman, were first at the scene of the accident. Oliver had just passed the Mercury, which was headed toward Brownfield, and noticed that Ward was driving too fast to make the curve, so the deputy turned his car around to check if the car had overturned. Rev. Hamm was driving directly in front of the Mercury.

Three highway posts on the curve were knocked down in the accident and the Mercury was badly damaged. Highway Patrolman Weldon Kinnison, investigated the accident.

service calls.

Young has been a resident of Terry County since 1921. He took a TV-Radio course from the Southern College of Commerce and has been doing this type of work for the past 1 1/2 years. The Youngs live in the southwest part of the city and have three children, Harold Jean, Anita and Viola Mae.

Collum served in the Army Air Force as Radioman from 1943 until 1947. Upon discharge, he moved to Brownfield and worked for Stanolind, being transferred by that company to Sundown in the early part of 1950. The Collums are now living at 901 South 5th. They have a three-year-old son, Gary Glenn.

Boston's Super Dog Completes Remodeling

Completing an extensive rebuilding, remodeling and redecorating program, Boston's Super Dog, 901 Lubbock Road, is again open with greatly expanded facilities for serving the public.

The drive-in refreshment stand has added a walk-in refrigerator, ice cream cabinets, slicer and deep fryer for onion rings and french fries. The firm now offers all popular flavors of ice cream and can make up special flavors for parties and other occasions upon order.

H. D. Boston, owner, opened the Super Dog here in 1948 and was well acquainted locally before moving here, having been associated with a Lubbock wholesale tobacco and candy firm for some 12 years prior to his opening the Super Dog. The Boston's reside at 1021 Lubbock Road and have three daughters, Jo Bess, Nancy Sue and Dee Ann.

BRO. PRATER WILL PREACH 3 SUNDAYS

Earl Prater and daughter, Fay Annette, of Windom, Texas, are visiting with his daughter, Mrs. Bill Andrews, and her husband, who live at 703 Old Lamesa Road. Bro. Andrews, who is minister of Southside Church of Christ, will be engaged in gospel meetings starting July 20, and during his absence for three Sundays, Mr. Prater will assume his duties.

Meetings will be held by Bro. Andrews at Whitewright and Dodge City, Texas.

WHEAT MARKETING CARDS

Wheat marketing cards have been prepared for all eligible producers in the county. All farmers may receive these cards by calling in the Terry County ASC Office, located in the basement of the Post Office, or by making request in writing to Box 1109, Brownfield, Texas.

Cpl. and Mrs. Bill Hyman, of Camp Chaffee, Ark., are here to spend a ten-day's leave with his parents, Mr. and Mrs. Willie Hyman, and his sister, Mrs. Jak Hamm and family, all of Wellman.

Terry County Farm Bureau News

By KELTON MILLER

Some of the Terry County Farm Bureau directors were asked by J. Walter Hammond, president of the Texas Farm Bureau, to survey the local situation with respect to grain storage facilities for grain sorghums, and should a shortage of storage facilities be anticipated, the Texas FB could begin now to ask for some form of support price on grain stored on the ground. This temporary price support for wheat was granted by USDA for the wheat farmer. Problems of this nature are best solved when foresight and anticipation are used.

The regular monthly meeting of the directors of Terry County FB and Terry County Farm Association was held on last Tuesday night in the local office. Among other problems discussed, the directors settled the cost per man for the Mexican nationals workers. The importing of these workers is a service for Farm Bureau members and is handled through the Farm Association.

LOCAL WOMEN GOLFERS PLAY AT HILLCREST

Three Brownfield women golfers participated in the monthly meeting of the South Plains Women's Golf Association at Hillcrest Country Club at Lubbock, Wednesday of last week.

Lydia Lopez, of Brownfield, had low net of the field with a 69. Also participating from Brownfield were Thelma Crites and Peggy Elliott.

Lubbock Country Club took over the trophy lead, which had been held by the Brownfield Club.

The enrollment for Vacation Bible School at the First Baptist Church reached 327 students during last week. Seventy-three adults helped with the school and average attendance throughout the ten-day school was about 255.

Mr. and Mrs. Ross Black and Mr. and Mrs. Earl Brown spent last week end in Abilene with Mr. and Mrs. Leon Lepard. Mrs. Lepard is the former Dixie Brown and her husband, who is attending Abilene Christian College, is coming out for the track team.

100TH BIRTHDAY OF G. W. UPTON CELEBRATED SUN.

A birthday party in honor of G. W. Upton, who marked his 100th birthday anniversary, June 9, was given all day, Sunday, at the home of his son, Frank Upton and wife, of Tokio.

It took two birthday cakes to make ample room for the 100 candles.

Relatives attending included Mr. and Mrs. Ray Hughlett and sons, Virgil and Eugene, of Brownfield; Mr. and Mrs. Cleburne Upton and children, of Seminole; Mr. and Mrs. Charles Upton and daughter, of Tokio; and Mr. and Mrs. Albert Shrader and two sons, of Littlefield.

Others attending included Mrs. J. T. Anderson and daughter, Mrs. M. V. Anderson, Mr. and Mrs. Craig Chenault and Lamoine, and Mr. and Mrs. W. P. Elmore, all of Tokio, Bro. and Mrs. J. P. Ashlin, of Plains; Cecil Blankenship of Brownfield; and Mr. and Mrs. Geo. Tooley of Amherst.

Funeral Held For Brownfield Women's Son and Brother

Funeral services for Marvin W. Abernathy, 52, of Slaton, son of Mrs. M. C. Abernathy, and brother of Mrs. Jim Griffin, both of Brownfield, were conducted at 3 p.m., Thursday at the First Methodist Church at Slaton.

Abernathy died unexpectedly of a heart attack about 8 a.m., Tuesday. He and his brother, Melvin, operated a laundry at Slaton, where he had been a resident since 1926. He had formerly made his home at Coleman and Tulia, and was born at Jacksonville.

Other survivors included his wife; four other sisters, Mrs. P. H. Polk, San Angelo; Mrs. Wallace Martin of Goldbusk; and Mrs. Gertrude Adrian and Mrs. Walter McKee, both of Coleman; and three brothers, A. C. of Coleman, Melvin of Slaton, and Joe of Fresno, Calif.

HERE'S HOW . . .

MAKE A MODERN BED

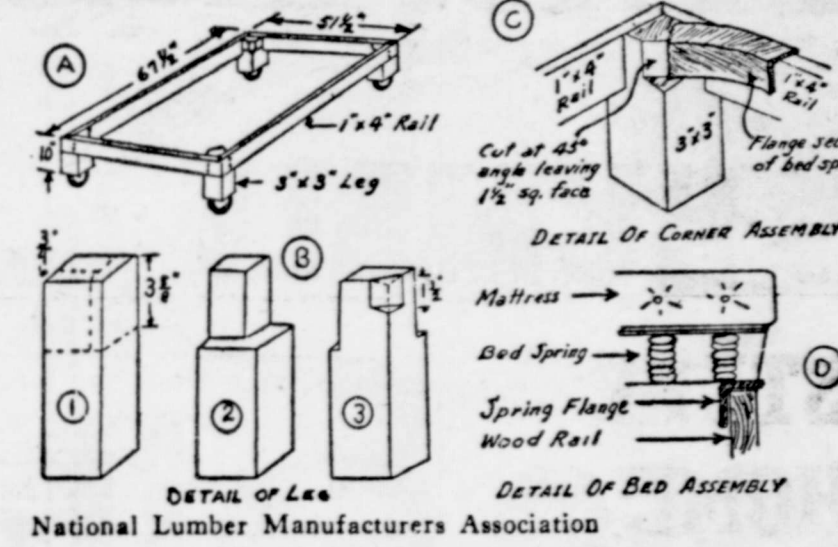

The modern bed in which all structural members are hidden is easy for the home craftsman to make.

The bed is simply a frame mounted on short legs (A). Frame members are of 1 by 4-inch lumber—two pieces 67 1/2 inches long, and two pieces 51 1/2 inches long, fastened to four legs made of 3 by 3's.

The leg shaping looks complicated, but if the steps in (B) are followed, it is easy. Saw out on the dotted lines (B-1) to produce the block

(B-2). Drawing (B-3) shows the leg turned around for cutting the 45-degree notch, 1 1/2-inch square. The reason for the notch and ledge are shown in (C).

The rails are fastened to the legs with Number 8 (round-head) wood screws. Spring and mattress are just set in place, with the flange on the bottom of spring, extending along the rails and corners as shown in (C) and (D).

National Lumber Manufacturers Association

DOG GONE FAST

A couple of old-timers were discussing the state of the local roads as they sat on the porch of the general store.

"Tell me," said one of them, "how is the road out past your place?"

The other chewed his tobacco thoughtfully as he phrased his answer.

"Well, I'll tell you," he replied after a short pause, "that road is so blamed good that sometimes in dry weather, the cars go so fast the dogs can't even get a bark apiece at 'em."

JUST RIGHT

A man entered a cafe and ordered a cup of coffee, then proceeded to pour ketchup in it, then emptied the salt shaker into the coffee, with a dash of black pepper. Then yelled at the amazed waitress, "This coffee tastes horrible."

The waitress replied, "No wonder, after you putting ketchup, pepper and salt in it."

"That's right—bring me some mustard," was the answer.

Ag. Workers' Council Elects New Officers

In the June meeting of the Agriculture Workers Council, which met in Wellman last Tuesday, new officers were elected for 1954-55. Leo White, County Agent of Yoakum County was elected president; Clemon Montgomery, vocational agriculture instructor, Dawson County was elected vice president; R. N. McClain, Brownfield State Bank, as program chairman; and Grady Elder, chamber of commerce, as secretary.

Alvin Davis, of the Brownfield State Bank; and Murpha Luna, ASC, Plains, presented the program. Discussion was centered around "growing livestock for profits." Mr. Luna, as well as other

4-H CLUB OVER TV

The 4-H Roundup held at College Station this week was filmed for television and will be presented over the Texas in Review program from 8 to 8:30 p.m., June 15, over KDUB-TV. Members of the Terry County Clubs are likely to have been filmed with the group.

TIME FOR A CHANGE . . .
The blonde on the assembly line says when a woman meets a man who looks her straight in the eye, she'd better do something about her figure.

Mrs. Jimmy McDaniel, the former Cheezie McSpadden, and her sons, Johnny and Danny, of Freeport, Texas, accompanied her grandfather, H. W. McSpadden to Brownfield last week. Mr. McSpadden last week. He will spend the summer here with his daughter, Mrs. Ray Schmidt, 217 South B. While here, Mrs. McDaniel also visited with her mother, Mrs. Carl Lewis, 904 East Hester.

Agriculture Workers agreed that profit in livestock would depend upon the individual rancher. Luna's livestock program is based on experiments he has made. He feeds cubes, bundles and meal as supplements.

Leo White and Grady Elder remained as president and secretary. Homer Jones, vice president; and Dennis Lilly, program chairman, will retire this year.

Arctic Circle Air Conditioners, manufactured by pioneers in the evaporative air conditioner field, are carefully engineered and skillfully built to deliver a maximum output of refreshingly cool air over a longer period of time. The units are constructed of hot-dipped galvanized steel throughout, assuring a cabinet permanently resistant to rust and corrosion. You can be sure that your installation will be carefully planned and a unit selected suitable for its location and adequate for your cooling area, be it a large plant, office building, or a modest trailer home.

GRADY GOODPASTURE DIDN'T LEAVE HOME TOWN TO MAKE GOOD

We have a subject this week in the person of Grady Goodpasture, that we can handle, we believe, in a way that will be pleasing to Grady as well as the writer. We have known that gentleman since he wore short pants, and on up through high school to his present capacity. Grady Goodpasture never did mind work. We can remember back in the horse and wagon days, that he would take his teams each year and hit the trail for the wheat fields of the Plainview area, and perhaps work on into Oklahoma and Kansas. That was the day of the old binder, before the combine came on, and the bundled wheat had to be picked up off the ground, loaded on wagons, and hauled to the threshers.

But perhaps that is where Grady learned to love the grain business, and determined within his heart to have a grain elevator of his own as the days went by. To us and others, he was always a likeable young fellow, polite to his elders, serious in business, but always might enjoy a good clean yarn, if he met some one who could spin it. But his mind was on the future. His parents had moved here from

Vernon, and his dad had the first dairy in the city, the buildings of which were on the old Lamesa road, just north of where Coleman Park is now situated. And there is where the elevator idea took hold of him about 1930.

By 1940, operations were started on the present site of the business that has grown with the years. But the beginning in a wooden elevator, was modest in comparison to later expansions. The tall concrete elevators that pierce the skyline, were started in 1946, and others added in 1948, and completed in 1950.

Capacity of 3,037,000 Bushels
The capacity of the local Goodpasture Grain and Milling Company, Inc., is a bit over three million bushels of grain, mostly maize and wheat, divided as follows: The series of warehouses on North Ninth have a capacity of 965,000 bushels. The tall concrete elevators have a capacity of 1,212,000 bushels, while the warehouses behind the elevators have a capacity of 860,000 bushels. The new and very modern warehouse now under construction, just west of the elevators, on built up ground

Thirty-Five People Are Employed
T. A. Wartes has perhaps with one exception, been with the company longer than any other person, having started to work in 1941, and is presently assistant manager to Grady Goodpasture. V. M. Lewallen is foreman of the elevator, and has been with Goodpasture since 1939. A. B. Martin is the manager at Seagraves. The business was incorporated in 1946 as Goodpasture Grain & Milling Co., Inc., with Grady Goodpasture as

in the Sulphur Draw, has a capacity of one million bushels.

The elevator at Seagraves began operations in 1944, but the concrete elevator was built in 1950. They have a capacity of 212,000 bushels with adjoining ware houses that will care for another 83,000 bushels. The Burlson elevator at Tahoka was purchased in 1951. It has a capacity of 123,000 bushels. A manager is hired during the grain season for that elevator.

We might add here that the new million bushel warehouse west of the elevators are being built in anticipation of a huge maize crop this year, in order to take care of it without piling it on the ground with a risk of spoilage, if there is abundance of fall rains. And down at the GG&M Co., they will tell you without stuttering, that they will be able to warehouse the saleable grain crop of this area, this year.

Shorty—So you call yourself a vegetarian and here you are working on a beefsteak with onions.
Patty—Yes; you may call this fruit.

Mr. and Mrs. Walter Tomlinson, Jr., residents of Clovis, N. M., are moving back to Brownfield next week. Tomlinson will work at the Ford Tractor House here.

Mrs. Jim Proctor and children, from Illinois, are visiting her mother, Mrs. Laura Chisholm, here this week.

The fate of the Republican party in this fall's election hangs on what Congress accomplishes in the next two months.

Those who have been without a dollar, or started a business the hard way, know the value of money.

In this writing business you get so frugal that you ask even your wife to save your letters, hoping to retrieve a line or two for commercial use.

The State Bar Elects New Officers

AUSTIN. — Two prominent attorneys have been elected leaders of the organized bar in Texas for the coming year.

They are Rupert N. Gresham of San Antonio, president, and Maurice R. Bullock of Fort Stockton, vice president, of the State Bar of Texas.

Both men were chosen in a state-wide election just completed among the state's 11,700 lawyers.

Gresham and Bullock will begin one-year terms in their new offices at the close of the 1954 State Bar convention on July 3 in San Antonio. They will succeed Everett L. Looney, Austin, current State Bar president, and R. V. Nichols, Fort Worth, vice president.

Also elected were six new directors. One director, Leo Brewster, Fort Worth, who was serving an appointive term, was elected for a full term.

New directors are: Isaac O. Newton, Seymour; Cecil D. Redford, Corpus Christi; Myrlin O. Johnson, Harlingen; Arthur M. Teed, Pampa; Fred Parks, Houston; and Frank Stubbeman, Midland.

B'FIELD BAPTIST SUPPER, JUNE 24

The Wilson Baptist Church has announced the program for a June 24 worker's conference of Brownfield Baptist Association.

The program will begin at 6 p.m. with a board and WMU meeting. Supper will be served at 7 p.m., followed with a song service at 7:45; and E. M. Blake and Franklin Swanner speaking at 8 p.m.

Announcements and recognition of churches will be made, followed by special music at 8:35. The program will conclude with a message by Dr. J. Harvey Scott.

BRIDGE PARTY HELD AT HAMILTON'S FRI.

Mr. and Mrs. Jack Hamilton, 902 East Broadway, entertained with a bridge party Friday night in their home.

Mr. and Mrs. Lee Brownfield made high score in bridge; Mr. and Mrs. V. L. Patterson made second high. Mrs. Brownfield and Mrs. Edson Wilder won in bingo; and Mrs. Bill McKinney was presented the traveling prize.

Lemon chiffon pie and coffee were served to Messrs. and Mmes. Johnny Portwood, Bill McKinney, Lee Brownfield, V. L. Patterson, Hamilton, and Mrs. Grady Goodpasture, and Mrs. Edson Wilder.

MRS. FRANKE WILL CONDUCT A SEWING COURSE; STARTS MON.

Mrs. Wanda Terry Franke will conduct a course in short cuts in sewing taken from the Bishop Method of Construction, with the classes starting Monday morning at 9 o'clock, lasting for two hours each morning in the sewing room of the home working department in the High School.

The course is free to everyone and the first part of each class meeting will be a demonstration, with the latter part being devoted to carrying out the demonstration.

DAUGHTER MARRIES IN LOVINGTON, SAT.

Barbara Jean Crosby, daughter of Mr. and Mrs. R. A. Crosby, of Hobbs, and formerly of Brownfield, was married to Tommy L. West, son of Mr. and Mrs. C. D. West, of Hobbs, at 11 a.m., Saturday, June 5th.

The ceremony was performed in the Lovington Presbyterian parsonage in Lovington.

After a wedding trip the couple will be at home at Hobbs. He finished Eastern New Mexico University this year and she attended Colorado University this last year as a freshman.

The Crosby's lived here about nine years ago. Crosby was district supervisor of Hughes Tool Company. Their son, Lynn, a graduate of Brownfield High School, is now stationed in Korea.

Mrs. T. H. McIlroy and Mrs. Harley Starnes, and daughter, Patti Gail, were in Lubbock, Monday.

Mr. and Mrs. Paul Woods, Mr. and Mrs. Pat McMillan, and Mr. and Mrs. Joe Lopez, attended a rodeo in Lubbock, Wednesday night.

GOOD MEASURE

"I always believe in weighing my words before speaking," Mrs. Hopkins said.

"And you don't give short weight either," replied her husband.

Mr. and Mrs. J. D. Williamson, 318 East Lake, are on a fishing trip to Rochester, Texas.

President Eisenhower, restating his belief in a bipartisan foreign policy, disassociated himself from Republican attacks on the loyalty of Democrats by saying he could see no difference between Americans by party.

DRIVING HIS GRANDFATHER'S 4-ROW TRACTOR IS FUN FOR VIRGIL HUGHLETT, 15-year-old son of Mr. and Mrs. Ray Hughlett, of Brownfield. Virgil is shown above as he finished planting maize on the 10 acres that fronts his grandfather's, W. F. Upton, house in Tokio. Upton had dry-land farmed for the past 28 years and all but the 10 acres of land is located in Yoakum County. He said that he thought the area farmers had the best prospects for a good crop this year since many a year. He has 320 acres planted in cotton and 60 in sorghum. Virgil, a junior at BHS, plays on the local basketball team, and is the great-grandson of G. W. Upton, who marked his 100th birthday, June 9. (Staff Photo.)

BROWNFIELD GIRL IS FOUND HANGING

That a fatal step may end the most happy life often has been proven true. Even the most refined, most cultured, and best loved are no exception to such a fate. A father's devotion, a mother's fond care, or a brother's or sister's beloved companionship will not even shield them when a desire to take that step has once been yielded to.

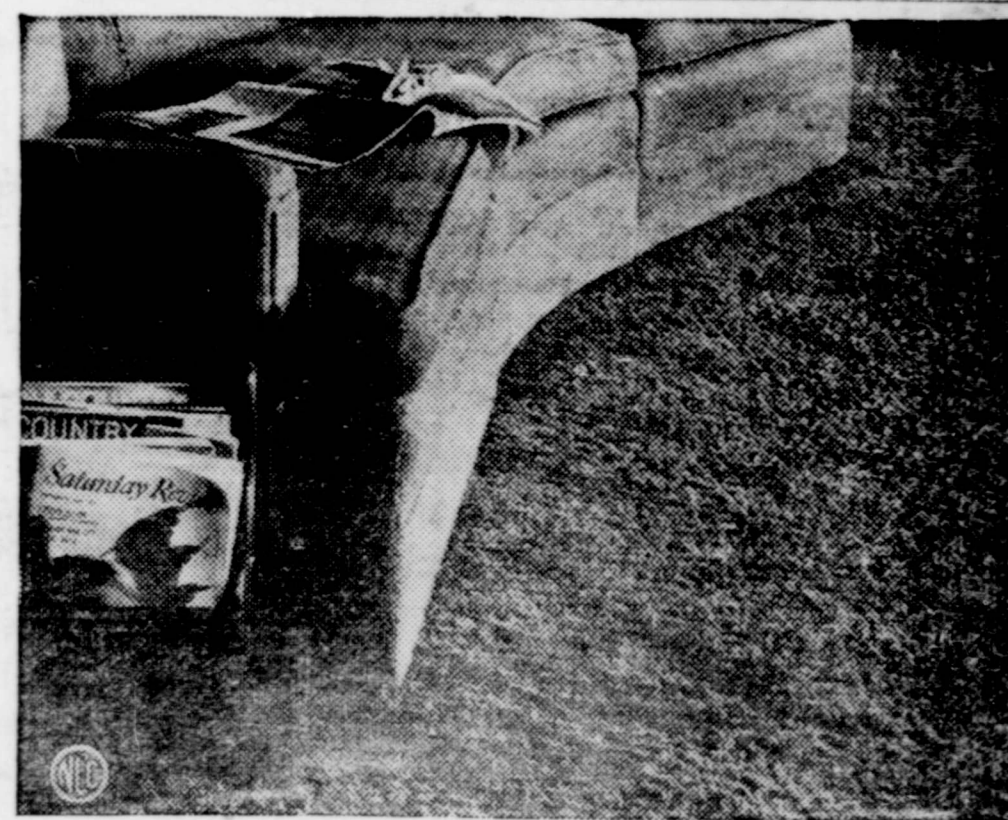

This fact was vividly illustrated last Monday evening when one of the highest educated, most beautiful, and vivacious girls of Brownfield, who was surrounded by all the luxuries that go to make life happy, was found hanging in the den of her parents.

Late in the evening she had been missed. A careful search had failed to reveal her whereabouts. The telephone had been persistently used without any definite results. Friends and neighbors were called to assist in the search. Finally the almost broken-hearted mother returned to the den, and there to her intense horror and surprise, found her beloved daughter, hanging to her sweetheart's neck and begging him to subscribe to the Herald, that he might be better

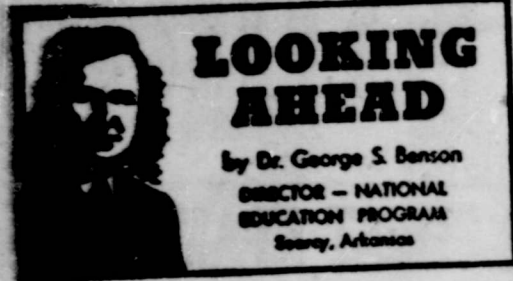

informed as to the current news of the community.
MORAL: \$1.50 invested in your home paper is merely using good

Peter H. Odegard, University of California professor: "The reaction is being prepared for totalitarianism when leading spokesmen for the party in power in America accuse the opposition of treason."

Buy it in Brownfield and save. Buy, Build, Live in Brownfield.

COTTON HAS THE FLOOR—Luxurious tufted broadlooms like this one have won the hearts of interior decorators, the National Cotton Council reports. Cotton carpets provide a psychological reaction when leading spokesmen for the party in power in America accuse the opposition of treason. Production of cotton broadlooms has doubled in the past three years. Cotton carpets have proven themselves durable and easy to care for.

Every danger confronting America today, both from within and from without, can be relieved to a considerable extent by getting our government on a sound, solvent basis. Good sound government, living within its budget and performing efficient service at low cost to the taxpayer gives the greatest strength possible to the nation as a whole and to the government itself as an instrument of the people. Government that is not sound, operating on borrowed money and stifling the normal healthy growth impulses of the whole economic system, weakens the nation and is itself not reliable as a bulwark of defensive strength.

This is an obvious conclusion. Therefore there is a great deal at stake for every citizen, young and old, in the efforts being made to cut government expenses, balance the budget, establish a sensible tax program, and otherwise bring soundness to the governmental operation. I do not know of a better illustration of the unsound financial situation in which we are involved today than the table of top salaries in America published by a weekly news magazine.

A vice president in charge of production for a big manufacturing company is listed as receiving \$590,000 for last year's work, of which he got to keep only a fraction, after taxes. We need not discuss this man's real worth to the company; undoubtedly it is great. But we do need to examine the fantastic aspects of this salary—fantastic because of the tax rate upon income, and the inflation caused by the government operating on an unbalanced budget for 17 of the last 20 years.

Just a generation ago a sizeable manufacturing company could have been established with \$590,000. Had its vice president been a man of unusual capabilities in American industry, capable of expanding production, increasing profits and creating more jobs, he might have received \$35,000 a year and earned it. He would have paid a few thousand in taxes. The purchasing power of the remaining dollars would have been double that of today's inflated dollars. In comparison let's see what happens to today's \$590,000 vice president.

Fantastic Taxes
If a vice president has only himself and his wife, and his net income is \$375,000, the federal government takes in taxes \$156,820 of the first \$200,000. On the remaining \$375,000, the government then levies a 91 per cent tax. That amounts to \$341,250. Thus from this one man—working for a salary—the government takes \$498,070. This represents about 85 cents in federal income taxes out of every dollar of his income. Indirect taxes and other direct taxes hit what's left; and so do the state and local taxes, including state income tax, sales tax, etc.

There is something drastically wrong with a tax program which taxes 85 per cent of anybody's salary in income taxes. There is something fundamentally wrong with the tax system when a company must pay out the fantastic sum of \$590,000 to give its top production executive a take-home salary in keeping with his worth. The company actually is paying the executive about \$7,000 a month, and the federal government \$41,500 a month for the privilege of employing him. The situation is ridiculous. It is dangerous. And it should be corrected. But how?

Reforms Needed
To restore sanity to the financial base of our government, and to safeguard the financial stability of our whole national economy, a broad program of governmental reform is needed. Many services and functions that in recent years have been concentrated in the federal government could be ended entirely or performed at less cost by the states. Some tax sources now claimed by the federal government should be transferred to the states. And at the state level a decentralizing movement toward local governmental units would further strengthen our nation.

Along with this organic reform must also come a reform in the philosophy of taxation as now practiced. We are operating on an income tax philosophy conceived and advocated by the Socialist Party. This is a matter of historical fact. A reasonable limit on the percentage of tax which the federal government can levy on income should be established, and a start made toward abolishing the inequity of a 91 per cent tax on John Smith, a 22 per cent tax on Jim Jones, and no tax at all on Joe Doakes.

CITY CLEANERS

Let's all go to Church Sunday
where we are all one with the Lord

MEET YOUR MINISTER—Rev. Fred S. Cox, pastor of the Methodist Church at Wellman for the past year, moved to Brownfield from Goree, Texas, where he served as pastor. He and his wife and daughters, Julia Ann and Jackie Elizabeth, have lived at 602 South First Street, until the moved to a parsonage in Wellman, Rev. Cox assuming full time duties there. The Church hopes to purchase or build a parsonage soon, that is nearer the church building. Rev. Cox is pictured above displaying a few of the automatic pencils and pens that he collects, and Mrs. Cox is shown with one of the China plates that she has hand-painted. She paints pictures and dishes and takes special pride in her sewing. Rev. Johnny Lee Jones, from the Pampa district will replace Rev. Cox as Brownfield circuit minister, and will move here with his wife and baby. (Staff Photo.)

Hospital News

Patients in the local hospital during the week were:
 Medical: Mrs. Beryl Crossland, Mrs. A. R. Tyler, Mrs. Roy Puryear, Jim Burney, Mrs. Cecil Far-
 rar, Linda Benson, Mrs. M. E. Taylor, Linda Phillips, Mrs. Dale Johnson, and Bert Stice.
 Surgical: Erwin Moore, Timmy McCullough, Mrs. Nowell Edwards, Besento Fabila, Garland Cates, Mrs. Lupe Rodriguez, Mrs. Robert Knight, Jerry Jones, Mrs. Robert Fincher.
 Minor Surgery: Donnie Fay Mosley, Mrs. Fred Smith, Mrs. D. J. Yowell.
 Accident: Tommy Newman, Charles L. Lasiter, Morris Bearden, K. D. Green, Lew Wilson.

WE CONGRATULATE

Parents whose babies were born in the local hospital this week:
 Mr. and Mrs. J. W. Todd, 1005 East Hill, on the birth of a daughter, 7 1/2 ounces at 11:53 p.m., June 2. The father is an electrician.
 Mr. and Mrs. Raymond Beck, 902 East Lons, on the birth of a son, Danny Joe, weighing 10 pounds 2 ounces, at 5:25 p.m., June 4. The father works in the oil field.
 Mr. and Mrs. James Keith, 305 North 11th, on the birth of a daughter, Marilyn Lynn, weighing 5 lbs. 3 1/2 ozs., at 4:31 a.m., June 6. The father is a butcher.
 Mr. and Mrs. J. B. Wilmeth, Route 1, Brownfield, on the birth of a daughter, Donna Elaine, weighing 8 pounds 1 ounce, at 12:50 a.m., June 8. The father is a farmer.
 Mr. and Mrs. Charlie Frank Hatley, 130 Center Street, on the birth of a son, Howard Keith, weighing 7 pounds 9 1/4 ounces at 3:36 p.m., June 8. The father is a mechanic.

Mr. and Mrs. Carl Ming, of the Johnson community, left Tuesday for Austin, where they will leave their children with relatives and the couple will go on to Dallas where he will receive medical treatment. They will be accompanied by his parents.

Mrs. Cooper Named Historian For ESA

Mrs. W. W. (Anita) Cooper, member of local Beta Theta chapter of Epsilon Sigma Alpha, was appointed State Historian. Anita learned of her appointment last week when Neil Starnes, state president, contacted her. It will be her duty to contact all the chapters in Texas and gather chapter happenings for 1954-55, and combine this information into a State Scrap Book.
 She has been an outstanding member and has filled a number of important offices in her sorority. Perhaps the reason for this appointment is the fact she has set a splendid example of leadership during her term as President of Brownfield Club in 1953. She was president of District IX during 1954, which includes Brownfield, Lubbock, Seminole, Muleshoe, Andrews, Sudan, Plainview and Plains, Texas. She will assume her new duties as Parliamentarian at next District meeting, which will be held in Muleshoe, July 11, 1954.

Anita is employed at Brownfield Motor Company.

ANNOUNCE BIRTH

Mr. and Mrs. A. C. Etheridge, Route 5, Brownfield, announce the birth of a son, weighing 9 pounds at 8:02 a.m., Tuesday, in a Lubbock hospital. The father is employed by Sharp Drilling Co.

Leisure Bridge Met At Mrs Knight's

Mrs. J. B. Knight was hostess to the Leisure Bridge Club recently at her home at 410 East Cardwell.
 Mrs. L. L. Bechtel and Mrs. R. M. Kendrick won in bingo.
 Ice cream and cake were served to Mesdames Leo Holms, J. O. Gillham, W. H. Collins, R. E. Self, Haydn Griffin, Fred Smith, Bechtel, Kendrick, and Knight.

Barbara Smith, daughter of Mr. and Mrs. Wendell Smith, formerly of Brownfield, and now of Plainview, is spending this week with her grandparents, Mr. and Mrs. Fred Smith, 708 E. Cardwell.

Airman Arrives Here With Dutch Bride

A/2c William Eugene Spain and his Dutch bride, the former Hedy Mines, arrived in Brownfield, on Wednesday afternoon, from Germany for a month's furlough with his parents, Mr. and Mrs. Bryan Spain, who moved here about a year ago from Oklahoma.

The airman has completed three years service as radar operator, and the couple flew by plane from Frankfurt to New York, and made the rest of the trip by bus. They were married about three months ago in Germany.

Spain is the brother of Miss Norma Spain, typist for Stanolind Oil Co., of Brownfield, and Mrs. Perry McCallister, and Ralph Spain of Meadow.

B'FILED COUPLES ATTEND FIRE MEET AT SAN ANTONIO

Fire Chief and Fire Marshal Association meeting, held Monday through Thursday, June 7-10, at San Antonio, was attended by Messrs. and Mmes. E. D. Jones, Jim Cousineau, Monk Parker, Leonard Isaacs, and E. R. Hudson, and Marshal Auburg.

The Permean Basin Fireman's Association sought to elect E. D. Jones as fourth vice president of the State FC and FM Association. Judge Herb Chesshir attended the meeting and made the nominating speech for Jones.

Lewis Simmonds, A. E. Richardson, Howard Hurd, H. N. Swan, L. O. Lewis, Herman Chesshir, Johnny Raybon, Frank Ballard, and R. E. Self.

Pop and Mammy Stricklin, also Jack, Jr., and Jack T., were tickled pink this week with the arrival home of Mrs. Stricklin, J., and the two grandkids, after a month at Denison, with the maternal grandparents, the S. R. Taylor family. Edith reports her brother, Bill, seemingly much improved in health. On account of a strike on the Sherman-Wichita Falls bus line, they had to return home via Ardmore, Okla., to Wichita Falls.

Miss Anthony To Wed At Midland

Mr. and Mrs. Earl Anthony, Sr., formerly of Brownfield and now of Midland, announce the engagement and approaching marriage of their daughter, Elizabeth Jo, to Warren Leslie Faller, whose parents live in Kansas.

The ceremony will be solemnized at 5 p.m., Sunday, June 20, in the First Methodist Church at Midland, and a reception will be held immediately following.

Miss Anthony is presently employed with an oil company in Midland and is a Brownfield High School graduate and attended Belhaven College in Jackson, Miss., one year. Faller is employed in Midland with the National Cash Register Co. and is a graduate of the University of Missouri.

Attending the wedding from here will be the bride-elect's brother, Earl Anthony, Jr., who will give her in marriage, and Miss Freda Anthony, her niece, who will be a bridesmaid, along with a cousin, Mrs. Tommy Hicks. Mrs. Earl Anthony, Jr., will also attend.

DUPLICATE BRIDGE HAVE VISITORS FROM LUBBOCK

The Duplicate Bridge Club met at the Brownfield Country Club, Tuesday night at 8 p.m., with ten tables in play. Wesley Collier, of Lubbock, directed.

Mrs. Wesley Collier and Sam Levenson, of Lubbock, placed first; Mrs. George Sears and Fred Pryor, of Lubbock, second; and Jerry Kirschner and Crawford Taylor were third.

Couples placing above average were Mrs. Jack Bailey and Mrs. Harold Crites; Mr. and Mrs. Prentice Walker; Mrs. Roy Wingerd and Mrs. Bob Clements; Mr. and Mrs. Bill Williams and Mr. and Mrs. Joe McGowan.

Next meeting will be held June 22, at the Brownfield Country Club. Play will begin promptly at 8 p.m.

Mr. and Mrs. Thurmond King left this week to visit relatives in Tennessee.

Terry County HD Council Plans Tea

Terry County Home Demonstration Council met Tuesday at 2 p.m. with Mrs. Lee Bartlett, chairman, presiding. Plans were completed for a tea to be held at 3 p.m., June 23, as a culmination to the sewing classes that were held during May. All HD clubs are invited and members will wear dresses made during the course.

Regular meeting date of the council has been changed during July from July 13 to July 6. At that time delegates will be elected for the state convention to be held August 13 in Dallas.

All clubs were represented, namely, Gomez, Harmony, Johnson, Meadow-Challis, Needmore, Pool, Union, and Willow Wells.

CLUBS DISPLAY WORK

An exhibit showcase has been bought and placed at the north entrance of the Courthouse by the Council to display works by the various clubs. Pool club will feature the first exhibit during July.

Miss Winnie Doss, 410 West Lake will return this week end from a vacation in Albuquerque.

Kermit visitors last weekend in the home of Mr. and Mrs. Curtis Hulse, Route 1 Meadow, were Mr. and Mrs. Vance Smith.

SIXTEEN NEW FAMILIES MOVE TO BROWNFIELD

The Welcome Wagon which officially greets and makes welcome new families that move to this city, reports that sixteen new families have moved here since the last report. Of the sixteen families, all had children except three. There were 27 children in all. As usual the oil business led the van, but the telephone people were a close second.

Six were listed as being in some part of the oil game, and five were connected with the local telephone company. One each were listed as Radio-TV, carpenter, plumber, painter, and auto mechanics. Lubbock led the van in where they came from, with San Angelo second.

Lubbock furnished four of the families, San Angelo three, Wichita Falls 2, and one each from Archer City, Sundown, Borger, Tahoka, Big Lake, Seagraves, and Seymour.

WHO WOULD DO THAT?

"Darling, haven't I always given you my salary check the first of every month?"

"Yes, but you never told me you get paid twice a month—you low-down, unprincipled embezzler!"

RAMBO'S

50 YEARS AND STILL GOING STRONG

In fact, the Herald's predecessor, the Terry County Voice, for a few months, was born at Gomez, Dec. 11th, 1903. The plant was moved to Brownfield in June, 1904, and the paper was re-named the Terry County Herald.

So, according to the calendar, the Herald is already 50 years old—but according to Volume and Number (52 to the year) as many issues in the early days were skipped for one reason or another, The Herald will celebrate its 50th birthday July 16, 1954.

Therefore the Herald was the first Business institution on the scene in Terry County, that is still in existence to this good day.

The Herald has always stood up and fought for good old Terry and the whole area, for 50 long years. And despite occasional drouths, still believes we have an A-1 County, and the best people on earth.

COME TO TERRY!

Terry County Herald

MEADOW NEWS

Mrs. Dee Emmerson, of Lovington, N. M.; Mrs. Pat Mayo and son, Archie, of Monahans, visited their mother and grandmother, Mrs. Lela Mackey, last Monday.

Miss Mary Winston, Mrs. Pete Curtis and little son, of Brownfield, visited, Tuesday afternoon, in the Arthur Curtis home.

Mr. and Mrs. Edd Peek spent Wednesday afternoon at New Home, visiting with Mr. and Mrs. Earlard Peek and family.

Mrs. Wayne Harris and daughters, Joyce and Marilyn, of Ralls, visited Wednesday, with her parents, Mr. and Mrs. R. E. Castleberry.

Funeral services were conducted at 3 p.m., Thursday at Lamesa, for C. A. Barron, father of George and Homer Barron, both of Meadow. Other survivors include seven daughters, one other son, a sister, and three brothers. He was a member of the First Baptist Church. Rev. John A. Martin, of Wilson, was in charge of the funeral services, which were conducted at the First Baptist Church in Lamesa.

Recent visitors in the A. J. Bell home were their daughters, Mrs. W. A. Verner, and boys, of El Paso; Mrs. C. C. Hulise and Mrs. Don Armons and children, of Oklahoma City.

Mr. and Mrs. A. L. McCoy, of Lovington, N. M., was visiting in Meadow, Saturday afternoon.

The Ray Castleberry family, of Friona, were visitors at the morning services at the Baptist Church, Sunday.

Mr. and Mrs. Elsie Brauch and daughter, Miss Ruby, of Lubbock, visited her sister, Mrs. Lela Mackey, Sunday afternoon.

Mrs. Gaster Spencer, of Brownfield, and a friend from Lubbock, visited with Mrs. L. J. Carruth last Tuesday afternoon.

Mr. and Mrs. Carl Russell had their sister, Mrs. Shaddin, of Weatherford, and her daughter, Miss Fay Shaddin, of Lubbock, as visitors during the week end.

Mr. and Mrs. Whitley Hinson had his cousin, Jim Hinson and wife, of Lamesa; and his brother, Dick Hinson and wife, of Seagraves, visiting in their home, Sunday.

Mrs. Bill McDonald, of Brownfield, and Mrs. Horace Castleberry visited Mrs. Fay Winningham one

evening last week.

The Vacation Bible School started last Friday morning at the Methodist Church, with a good number attending.

Mr. and Mrs. Homer Barron had her parents visiting them Sunday and was at the morning services at the Baptist Church.

Mrs. W. T. Arnett was in Lubbock, Monday, visiting her daughter, Mrs. Kerby Nutt and family.

Mrs. E. L. McCoy and her daughter, Mrs. Ruth Upton, were visiting in Cleburne over the week end.

Mr. and Mrs. R. B. Hawkins, of Irene, Texas, are visiting with her sister, Mrs. Carl Pritchard and family.

Jerry Hinson, of Lovington, visited Dean Hinson, Saturday afternoon. They left later that evening for a few days visit in California.

Mrs. L. B. Patterson is spending several days visiting in Fort Worth.

Mr. and Mrs. L. C. Dodson, of Tahoka; Mr. and Mrs. J. C. Wright, of Brownfield, visited Mr. and Mrs. W. J. Walker last Friday.

Mrs. Jack Longly has come home after spending several days with her daughter at Roswell, N. M., who has been ill.

Mr. and Mrs. James D. Smith and daughter, Mr. and Mrs. Waggoner Good, of Slaton, were visitors in the Sam Gossett home Sunday.

Mr. and Mrs. Burl Hinson and daughter, Sue, are visiting with their daughter and family in Amarillo, during Mr. Hinson's vacation.

L. L. BECHTEL HEADED FOR THE NORTHWEST

Our good friend, L. L. Bechtel, although making weary mileage to the northwest, where he goes most every year to shoot—with his camera, tries to keep us posted. Wish that old traipser would take us along some time. He could have a world of fun out of us—up in the grizzly bear area.

He had arrived at Tremond, Utah, safe and sound, after two days and 1,043 miles left behind, and hit the frost line. Quite cold, the card stated. Would try to reach Pendleton, Ore., the next day. Be careful, Beck!

Oscar Leo Jones, student at Texas Tech, Mr. and Mrs. Clifton Jones and Mrs. O. L. Jones, visited Mr. and Mrs. Truman Bishop and family of Slaton, Sunday.

Hallbauer Will Be In Hospital At Least 10 Weeks is Report

Alvin Hallbauer, manager of HEB Construction Company, is in a hospital at Lubbock, following a freakish car-truck-tractor crash at the intersection of two farm roads, 10 miles south of here, on June 2. It will be about three weeks before his left leg and left arm can be set and he will be in the hospital at least 10, more weeks. He is doing as well as can be expected. Attendants at the hospital reported Hallbauer received multiple fractures and lacerations. Highway Patrolmen investigating the accident said that Hallbauer was going north on Farm Road 403 when his late model car collided with a truck, driven by Baylor James Wood, moving east on Farm Road 213.

Wood's vehicle was towing a tractor, officers said, and following the collision, the tractor broke loose and rolled into Hallbauer's car, coming to rest on top of the vehicle.

Wood and his son, Mack, 15, also riding in the truck, were uninjured, officers said.

Hallbauer's mother, Mrs. Cilinda Hallbauer, and his sister, Mrs. Gordon Howard, both of Kansas, are staying here with his wife, who returned from a Lubbock hospital this week with the couple's new baby.

The 23rd annual reunion of the T. D. Stell family held June 6 in Lipan, Texas, was attended by Mr. and Mrs. A. L. Stell, Sr., of Brownfield, and their sons, L/s.g. A. L. Stell, wife and two sons, of New Port, R. L. and A/1 Willard Stell of Hamilton Air Base, Calif.

The T. D. Stells have eight children living. Approximately 80 relatives attended the get-together.

If there is no depression in the next few years, and we don't expect one, people will some day look back on the fifties and the golden fifties—an era of opportunity!

Respect for the upper house of Congress is not what it once was in this country.

MEADOW-CHALLIS HD CLUB MET WITH MRS. MOSS TUESDAY

Mrs. W. J. Moss was hostess to the club members, who met in her home Tuesday, June 1. There were four members and one visitor present.

Mrs. Moss served as president in the absence of Mrs. Pettigrew. Mrs. Loyal Henson gave a very interesting program on "Care of Shoes."

Refreshments of doughnuts, Hi-Ho Cracker sandwiches and Cokes, were served. The next meeting will be with Mrs. Floyd Joplin, June 16th.

An apology for a social indiscretion is almost as embarrassing to her that receives it as to him that offers it.

Safe living is no accident. Accidents happen when safety is forgotten.

Some damage by wind in So. Terry.

Saw Paul Gracey in town Tuesday, with a bad "catch-up-in-the-get-along." He was trying to get a brace to wear awhile until his back is better. Asked him about what the hard winds of the past few days had done to crops down in south Terry. He stated that he had some five acres of cotton and some feed blown out.

However, he stated that in general the damage was mostly in spots and that most had spots blown out, but he heard of none losing their whole crop. On the other hand, Mrs. Elbert Protor was in, and stated that they had no damage to their field out in the Harmony community, and had some of the prettiest cotton they ever had.

She also stated that her tomatoes were blooming, and that they would soon have blooms on their squash. They are only working 40 acres of their farm, the rest being rented, but all of it looking good, she stated.

At Work Or Play, It's A Pipe!

The upswing in pipe smoking can now be attributed to the women-folk. "It relaxes a man around the house" said women polled recently by the Pipe & Tobacco Council. "On him it looks good" was another repeated comment.

Women also buy more pipes than men—as gifts, of course, before such holidays as Father's Day. The trick, according to the Council, is getting females to understand that a briar must be efficient and comfortable, as well as attractive.

"Choose a pipe to fit his type," says the Council, urging that his face, size, and habits be kept in mind. When he's at a desk or work bench, he likes a long-stemmed pipe which keeps the smoke out of his eyes. When he's active outdoors, he wants a stubby pipe which won't get in the way.

The Council offered a few rules of thumb in picking a briar:

1. The more wood in the bowl, the cooler the smoke.
2. The "grainier" the bowl, the sweeter the smoke.
3. A fairly large bowl smokes longer; gets that prized "cake."
4. There's a good-smoking, brand-name pipe to fit every budget. Ask the salesman to help you select it.
5. Also ask him for a free booklet on how to break the pipe in properly.

The Council agrees that it's relaxing to puff a briar. "Boredom does not arise, anxiety is relieved, fatigue is banished. The Indians, smoking the pipe of peace, knew this a thousand years ago."

So light up, men, when you miss that two-foot putt—or the mother-in-law announces she's here for the summer!

Some Damage By Wind in So. Terry

Saw Paul Gracey in town Tuesday, with a bad "catch-up-in-the-get-along." He was trying to get a brace to wear awhile until his back is better. Asked him about what the hard winds of the past few days had done to crops down in south Terry. He stated that he had some five acres of cotton and some feed blown out.

However, he stated that in general the damage was mostly in spots and that most had spots blown out, but he heard of none losing their whole crop. On the other hand, Mrs. Elbert Protor was in, and stated that they had no damage to their field out in the Harmony community, and had some of the prettiest cotton they ever had.

She also stated that her tomatoes were blooming, and that they would soon have blooms on their squash. They are only working 40 acres of their farm, the rest being rented, but all of it looking good, she stated.

HOME SEWING HINT For Good Measure

WHO SAYS there's nothing new in tape measures? Here's one that combines the advantages of both rigid metal and soft cloth tape measures. Looks the same as the standard 60" yellow woven fabric tape measure that starts at both ends with number one—but the woven fabric is bonded with a permanent plastic stiffening. It folds every 7" like a carpenter's rule, yet is flexible enough to measure around the smallest body area, such as a finger, or a wrist! And this Dritz Flex-Fold Tape Measure is wonderful when you want to measure the length of a skirt from waist to hem. Doesn't tangle or curl, but lays flat to the fabric. You can use the edge like a ruled straight edge when you're guiding a tracing wheel in a straight line. Won't curl, stretch, shrink, kink, or tangle.

Mr. and Mrs. Marvin McDaniel and Sheila of Seagraves, visited here Saturday with her mother, Mrs. O. L. Jones.

Mrs. Percy Spencer and Mrs. J. L. Randal, 502 East Main, attended the wedding of Jack Randal and Marjorie MacEachin, in Lubbock, Sunday. Mrs. Spencer is spending the week in Dallas, visiting with her son, John.

One of life's mysteries is the female battleship who sits down in a restaurant and orders fried chicken, fried potatoes and fried onions.

FOUR TERRY CO. 4-H BOYS AND GIRLS ATTEND ROUND-UP

Four Terry County 4-H boys and girls, Neva Jo Howard, Pool; Margaret Ingram, Wellman; Kenneth Willis, Brownfield; and Rodney Herring, Union, were among the approximately 1,600 members of Texas boys and girls 4-H clubs who attended the annual state 4-H Roundup which began Monday and ended yesterday, Thursday. Theme of the Roundup was "Building a Stronger America."

The annual event brought together the state's most outstanding club members. As county delegates, they were given opportunities to further develop the leadership, citizenship, and character

building phases of 4-H Club work. Hundreds also participated in the 17 statewide judging and demonstration contests.

The 1054 program was planned around 19 different subject-matter short courses which ranged from agricultural engineering to wildlife and included not only agricultural subjects, but those involving the home, leadership and recreation.

General sessions were held each morning at A&M College with the short courses being directed by extension specialists during the afternoon. Contests were held on Thursday.

The "Share-the-Fun-Festival" provided the Tuesday night program; a chuck wagon feed and en-

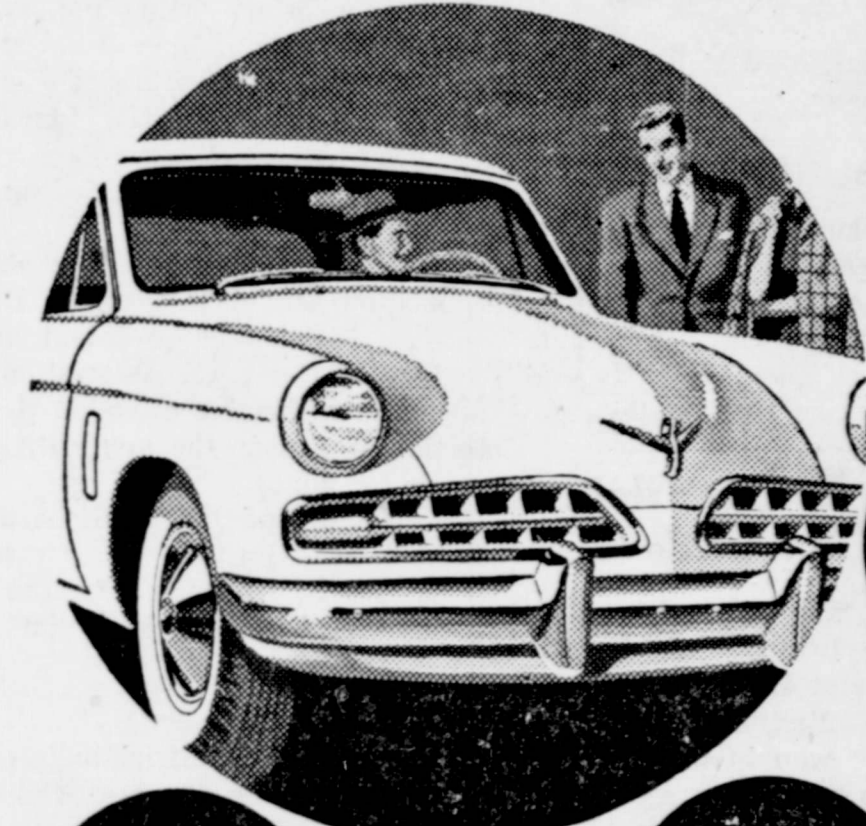

tertainment was set for Wednesday evening and the annual Recognition Banquet was held Thursday night at Duncan Hall. Special entertainment at Guion Hall concluded the meeting Thursday. The Terry Co. members were accompanied by both agents, Jim Foy and Miss Mildred Cox.

NEW RUSSIAN BOMBER

As part of its annual May Day celebration, Russia put on view for the first time, a new four-jet bomber capable of delivering atomic bombs to far-distant points. Military observers were greatly impressed with the enormous new craft.

Buy it in Brownfield and save.

How To Handle Those Dangerous Old Discarded Iceboxes

CHICAGO.—How to let air in or keep children out of discarded iceboxes is the subject of a recent publication by the National Safety Council.

The publication is being distributed to schools before the summer vacation period, and a stepped-up information campaign is underway to warn parents of the greater danger during the summer months.

Citing an unofficial count of 79 child deaths in the last five years, the Council details several methods for preventing suffocation in iceboxes, refrigerators, freezers or other airtight cabinets.

A worn out refrigerator should be disposed of to a junk dealer, but if that can't be done immediately, then—

1. Remove the door. This is the safest way, since a chest especially may have a door or lid so heavy that a child could not open it even if unlatched.
2. Remove the latch stop. This usually can be done easily by removing the screws from the plate.
3. Drill rows of holes in the cabinet sides and pry off the rubber gasket around the door. These methods, used together, will reduce the danger of suffocation in a refrigerator kept in use as a storage cabinet.

If refrigerators are temporarily out of use while the owners wait to move to another location, sell them, or pass them on to relatives, then—

1. Remove the latch stop, which can be easily replaced.
2. Turn the box with the door against the wall. Most boxes are too heavy for children to move.
3. Bind the door shut with wire or stout rope.
4. Padlock the door when the

Mr. and Mrs. N. C. Johnson, and daughter, Sona Lee, 208 Tahoka Road, are on a ten-day vacation, which will include visiting relatives at Brownwood and Ft. Worth, and spending a week at Colorado Springs, Colo.

Mrs. C. T. Edwards, of Dustin, Okla., and formerly of Brownfield, visited with Mrs. E. C. Davis and other friends in Brownfield. Mrs. Davis gave a coffee in Mrs. Edwards' honor this morning. Mrs. Edwards came here after visiting with her son, Curly Edwards, at Levelland.

G. W. Chisholm and Mrs. Laura Chisholm, of Brownfield, were in Sherman recently, and his brother-in-law, W. W. Farlow, returned with them for a week's visit here.

Miss Helen Rogers, of Brownfield, returned last week from a week's visit near Waco.

Mr. and Mrs. Ray Clary and son, Darrell, who live at the Winston Trailer Haven at 208 Tahoka Road, spent the past week vacationing at San Angelo with relatives.

Former residents, Mr. and Mrs. Edsel Paden, of Fort Worth, visited with relatives and friends here recently.

Baptist Pastor And WMU Pres. Return From St. Louis

Rev. Jones Weathers, pastor of Brownfield First Baptist Church, and Mrs. Gladys Moorhead, Women's Missionary Union president, returned last weekend from the Southern Baptist Convention held in St. Louis, Mo.

Growth and increased activity of the Southern Baptist Convention was indicated at the group's 97th annual convention in several reports and actions.

It was reported that assets of the unit at the close of 1953 stood at \$30,202,595. In 1953, the first year investment income passed one million dollars, the board had 2,728 beneficiaries to whom it paid a total of \$1,308,853.

A total budget of \$9,100,000 for 1955 has been adopted. The budget, an increase of \$350,000 over the current year, provides \$6,100,000 for operating expense of about 20 hospitals, boards, seminaries and commissions, \$3 million for capital needs and \$3,475,000 for the foreign mission board. The home mission board was allotted \$1,149,800.

The Sunday School board report showed total circulation of periodicals of 54,145,000 last year, an increase of more than 4 million over 1952.

FHA Style Review Set For June 23rd

The Plains Future Homemakers of America chapter will present a style show, June 23, with the proceeds to go toward next year for their district FHA meeting, which will probably be in October.

The group held its regular meeting last night, Thursday, in Stanford Park at Plains for a picnic. Girls started meeting classes Monday of last week, with each girl meeting once a week.

A few of the Brownfieldites fishing at Possum Kingdom last week were Mr. and Mrs. John Cloud, L. C. Heath, Ira Seaton, Almer Thomas, Herb Chesshir, L. M. Lang, and L. M. Rogers.

Treadaway Makes Good In Tennis And Zoology At College

Les Treadaway, son of Dr. T. L. Treadaway, East Tate St., has received honors at the 110th annual commencement program at Kemper Military School, Boonville, Mo.

The commencement program, held from May 28 to 31 included a commencement dance, presentation of awards, a concert by the Kemper Band and Glee Club and a music department recital.

Dr. Henry C. Harmon of Drake University, Des Moines, Iowa, delivered the commencement address.

Treadaway was awarded a Kemper certificate as a member of the Athletic Honor Society for outstanding performance on the junior college tennis team.

In scholastic achievement, Treadaway was awarded a Kemper certificate for conscientious effort in zoology.

Treadaway was also elected sergeant at arms for the Kemper K Club, the school's athletic booster organization, for next year.

Financial Reports Demanded From All Tax Gatherers

The Texas Press Association has introduced bills in the past several sessions of the legislature demanding financial statements from all groups which collect and handle tax money be published in some newspaper of general circulation in the county in which the taxes are collected.

So far the lawmakers have ignored the plea. They argue that the publication fees are too high! This is a mere subterfuge.

We are told that a citizen of Canyon is threatening to go to court to demand the publication of county, city and school collections and expenditures. We have made no investigation, but know that he has a good cause.

It has been the practice of publishing quarterly reports of Randall County until recently; for the city of Canyon at infrequent intervals; and never of the school district. There is no law requiring publication of school receipts and expenditures, as is the case of the county and city.

If and when such a suit is brought, the outcome will be watched with interest throughout the State of Texas.—Canyon News.

CofC Asked Sponsor Queen For Contest At Post, Saturday

POST.—The Brownfield Chamber of Commerce has been invited to sponsor an entrant in the bathing beauty contest to be held here at 5 p.m., Saturday, in conjunction with the dedication of Post's new \$40,000 Municipal Swimming Pool.

The only requirement is that contestants be between the ages of 16 and 21.

Out-of-town judges will pick the winners. First prize will be \$50; second, \$35; third, \$25, and fourth, \$10.00.

The deadline for entering the contest is 6 p.m., Friday.

In addition to the bathing beauty contest, the program will include a swimming and diving exhibition and an address by A. C. Hamilton, superintendent of parks and recreation for the City of Lubbock.

Maxine Baylis, who was selected as "Miss Post" in a contest here May 29, will be hostess for the event.

Entries for Saturday's contest should be made not later than 6 p.m., Friday, with Mrs. Ira Greenfield, secretary of the Post Chamber of Commerce.

Mr. and Mrs. Carl Elliott and daughter, 1012 East Buckley, were recent visitors in Temple at the homes of their parents, Mr. and Mrs. S. G. Reynolds and Mr. and Mrs. F. G. Elliott.

Ready for an ocean dip, this bathing beauty wears a flattering one-piece cotton swim suit with a match stick print. The match stick print cotton was inspired by the interwoven stripes of the peaked hat. The bright cotton print suit is designed by Cole of California.

Richard Ridgway, Texas Tech sophomore and son of Mr. and Mrs. Weldon Ridgway, is home for the summer and is working for Jones Theatres.

GI Q's and A's

Q. Does the August 20, 1954, deadline for starting training under the Korean GI Bill apply to all post-Korea veterans?

A. No. The August 20 cut-off date applies only to post-Korea veterans separated from service before August 20, 1952. Veterans separated after that date have two years from separation in which to begin Korea GI Bill training.

Q. I'm a disabled Korean veteran in training under Public Law 16. I'm also eligible for Korea GI Bill training. I expect to finish my Public Law 16 training some time after August 20, my deadline for starting Korea GI training. Will I be able to get Korea GI Bill training benefits, even though my cut-off date will have passed?

A. Yes. After you successfully complete your Public Law 16 training, you will be permitted to take further training under the Korea GI Bill, so long as it's a normal progression from the course you've already completed.

Q. I'm a Korean veteran and I was separated from service before August 20, 1952. Later I went back into service, and I've just been separated again. Will I have to start Korea GI training before August 20 of this year?

A. Not necessarily. For post-Korea veterans who have had two periods of service, the separation marking the end of the last period is the one that counts. You will have two years from the date of your second separation in which to begin your Korea GI studies.

Q. I started Korea GI Bill training this past fall. Because of sum-

Humble TV Shows "Sidewalk" Cattlemen And Other Events

Brinker, the winning community in the Texas Rural Neighborhood Program, will be featured next week on Humble Oil and Refining Company's Texas in Review over 14 TV stations.

The program's featured film will show how 64 families in Brinker work together to better their community, improve their farming methods and beautify their farms. It is an interesting film showing what can be done when people work together.

Other Texas happenings shown on the program include the Sidewalk Cattlemen's Association meeting in Austin and the State 4-H Round-Up in College Station. On your favorite TV station, next Tuesday, 8 p.m.

Mrs. Grady Elder, Jr., of Brownfield, was in Lubbock last Tuesday, participating in hospitalities at a shower given for Miss Francene Hart, of Lubbock, bride-elect of Kenneth L. James, of Roswell, New Mexico.

mer vacation, it won't be possible for me to be in training on the August 20 deadline date. Does that mean I won't be permitted to go ahead with my studies later?

A. No. So long as you began training before the cut-off date, it won't be necessary for you to be enrolled in school August 20. You will be permitted to continue with your studies at a later date, after the cut-off date.

REV. PICKENS NEW PASTOR AT LEVELLAND

Rev. F. R. Pickens, former pastor of the Methodist Church at Plains, and his wife moved to Levelland last week where Rev. Pickens will be pastor of a new Methodist church there.

Construction of the new church has just been completed and building on the new parsonage is underway.

Replacing Rev. Pickens at Plains will be Rev. Havens, who is expected to come to Plains with his family this week.

HD COUNCIL HEARS MONTHLY REPORT; PLAINS

The Yoakum County Council of Home Demonstration Clubs met in the clubroom of the courthouse at Plains at 2 p.m., June 1, with three clubs being represented and ten members present.

The meeting was called to order by Mrs. B. J. Smith, chairman, after which the group was led in song by Mrs. George Buland. The monthly club reports were given and a treasurer's report was given.

It was reported that 12 club members and delegates attended the District 2 meeting at Post, May 5, and three club members from Stanford Valley were visitors at New Mexico Women's Extension clubs.

The impression among gift-bearing women seems to be that no man ever has enough ash trays or cocktail shakers.

Only FORD gives you features now which other low-priced cars may offer tomorrow!

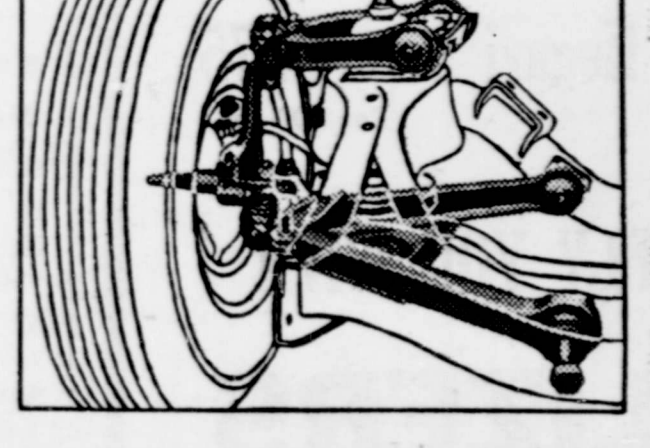

Ford gives you: V-8 POWER

Only Ford of the low-priced cars offers V-8 power—the type of power more and more car owners are adopting. And Ford's new 130-h.p. Y-block V-8 is the most modern V-8 in any car regardless of price!

BALL-JOINT SUSPENSION

For ride and handling ease that no other low-priced car can match, Ford brings you new Ball-Joint Front Suspension. It's another Ford exclusive in the low-price field.

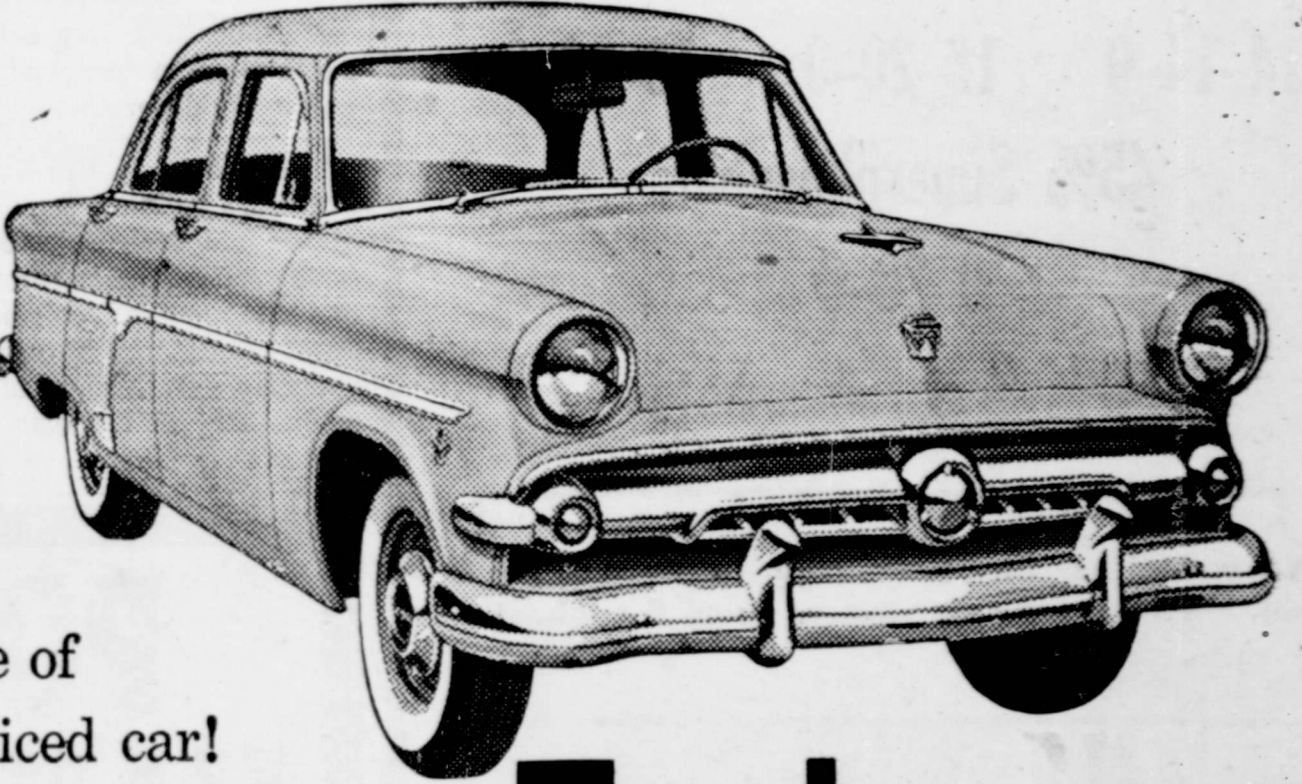

TREND-SETTING STYLING

Ford styling has set a new standard for the American Road. It is modern, forward-looking styling that will keep your Ford out front in appearance, not only this year but in the years ahead.

SO WHEN IT COMES TIME TO TRADE...

Ford's value will be higher. It's an established fact that Ford returns more of its original cost than any other low-priced car!

Come in! Get the best deal for your dollars!

Ford PORTWOOD MOTOR COMPANY

4th & Hill

Brownfield, Texas

Dial 4131

Strickingly—

By OLD HE
(Continued from Front Page)
a sample of old Tennessee cow calling when they had strayed off too far in Porter's Creek bottom. Yes Sir, Bo! There was a time when our great voice would reach across the bottom to the old Sandy Springs community, and the red heifers from over there would come running.
We would start out with a high C pitch, and taper off through alto and deep bass with a "S-o-o-o-ak Mu-lee. Come get yourself stripped"—of milk.

Then there was the Socorro (N.M.) Chief, the only New Mexican paper that will exchange with us. But we developed a habit years ago that is hard for us to quit calling that town as if pronounced "Sock-karo." We will begin reading that paper, and pretty soon we'll run across a guy's name that the "given" part is as English as Smith or Brown, while the "sir" name will be Spanish as hot tamales. Then there will be a reverse; the "given" is Spanish, while the "sir" is English.

The Editor of the Chief visited us here in Brownfield a few years ago and informed us that the physical appearance of their people would run the same way. One with a highly sounding Spanish name might look like his name should be Bill Brown. Then the very next guy you meet will have an English sounding name but look like he ought to be named Garza Gomez. Just the results of hundreds of years of neighbors of both races intermarrying.

The last issue of the State Observer used all its four small sized pages last week, except one with paid legal notices to denounce Gov. Shivers and to praise Judge Yarborough. But maybe they get paid for it. We don't, so we are not in position to hate the one and love the other. We believe both

fairly average of the good citizenship class. One is the Governor, and the other has been a District Judge.

Much was made of the trip to Korea, made at the request of President Eisenhower, of three governors, Fine of Pennsylvania, Thornton of Colorado, and Shivers of Texas. Even some of the "go home" stuff was printed, probably made by Commie sympathizers, if made at all. But Americans are hearing that all over the world these days, even in countries that are supposed to be our friends, and that we have sent our young men to die, and spent billions of dollars to help. So, "Go home, Americanos" is nothing new.

Personally, we are getting a bit fed up on helping a lot of unappreciative nations that have no more manners than an alley cat.

That old boy, J. E. Eakin (not Acheing) dropped in on us Monday to get his Herald up two notches. He had just been back to old Arkansas for a visit, and perhaps to get his fill of those old country cured hams that Ark. and Tenn. are famous for. Anyway, the Eakins had a nice trip and visit, and perhaps missed a few sandy-andys. He says Arkansas is really in the cattle business, and his some fine herds.

Also paying us a rare visit was that boy J. B. Huckabee, that runs the Deluxe cleaning plant on North 6th. J. B. is getting as fat as a stall steer. Quit cigarettes some two months ago, and has been gaining since. In fact, he tips the beam at around 225. However, his height would carry 185 or 190 pretty well.

As we remembered it, J. B. was a pretty husky lad when he played football, but he stated that he only weighed around 137 the first year he played, and never did reach a weight anything like now. Could the Mrs. be cooking too much good eatin' for "Buckle-hurry" as we always called the Huckabee boys?

ROPEERS TO VIE FOR \$1,000 PURSE; CONTEST AT PLAINS JUNE 13TH

A matched roping contest will be held at the County Arena at Plains, Sunday, June 13, sponsored by the Plains Roping Club. The contest, one of the biggest ever staged at Plains, is expected to attract roping fans from a large area.

Some of the area's outstanding rodeo performers will vie for the \$1,000 purse. Contestants entered so far are Toots Manfield, Big Spring; J. D. Hollymon, Ozona; Buddy Groff, Junction; Buddy Neal, Carlsbad, N. M.; Jimmy Cooper, Monument, N. M.; Lee Cotrell and Monroe Tomlinson, address not available; John Earl Dalton, Ruidoso, N. M. (formerly of Brownfield); Cotton Lee, Fort Sumner, N. M.; Junior Fisher, Andrews; Bill Price, Lovington, N. M.; and Troy Fort, Lovington.

The jackpot will be open to each contestant, who is to rope four calves. Admission will be \$1 for adults and 50 cents for children. Roping will start at 2 p.m.

CLEAN-UP CAMPAIGN EXTENDED TO JUNE 19

The clean-up, fix-up, paint-up campaign, which was scheduled to end June 5, has been extended to June 19, it was decided at a Tuesday morning meeting of the city officials and representatives from the local civic clubs and organizations.

The City trucks will continue to pick up trash that is put in alleys, as they did during the week. The areas will be checked by two unidentified men for the most improvement made and a trophy will be presented by the city to the winning club.

Homer Barnes, former superintendent of Meadow schools, who assumed his duties June 1, as City Sanitarian, met with the group and stated that he is available for any sanitation problems that will arise, such as piling garbage in the alleys, livestock in the city limits, or a fly harbor, etc. He will regularly check the local cafes and meat markets. On his first round over the town, he said he noticed a number of uncovered garbage cans. City Secretary Jake Geron reminded residents that lids for garbage cans are available at the City Hall for \$1.00 each.

FRANK DANIEL TEAM DEFEATS WELLMAN

Frank Daniel Softball Team won its first game of the year in the County League, June 8, at Lions Park, by defeating Wellman, 6-5. Maurice Sexton doubled in the winning run in the bottom of the seventh, and Ray Stockton was the winning pitcher.

Mrs. Wyndal Miller visited in the home of her parents the past two weeks while her husband attended Camp Hook with the National Guard Unit.

Earl Davis, Jr., son of Dr. and Mrs. E. C. Davis, has enrolled for a summer course at Texas Tech, as a sophomore. Earl attended Baylor University last winter and will continue his studies there next fall.

Workers' Conference BBA at Wilson, 24th

The Worker's Conference of the Brownfield Baptist Association will meet June 24, 1954, at Wilson, Texas, with the following program: 6:00—Board and WMU Meeting. 7:00—Supper. 7:45—Song service. 8:00—Message, E. M. Blake. 8:20—Message, Franklin Swanner. 8:40—Announcements and Recognition of Churches. 8:50—Special music. 8:55—Message, J. Harvel Scott. (Each speaker selects his own subject.)

Pastor Warns Against Unauthorized Persons Soliciting For Church

To Whom it May Concern: The Challis Baptist Church has not authorized any persons to receive donations for song books or any other purposes. Under misrepresentation such individual has approached business concerns in this area.—Gary Martin, pastor.

Mr. and Mrs. Ray Schmidt, 217 South B, plan to spend this week end in Ruidoso.

Then there is the little matter of letting us know soon how many of the old 50th Anniversary Editions you'll want. Paper is too high to waste any, and we would like to know pretty well in advance how many to print. Have already had a number of requests for extra copies.

City of Brownfield Holds First Corporation Court Jury Trial In History Of The City

Friday morning, June 4, the City of Brownfield held its first trial by jury. Albert Washington Johnson was found guilty of a speeding violation. The trial was heard by a jury of six men. Mayor C. C. Primm presided.

Bill McGowan was prosecuting attorney for the city. Johnson's father acted as his attorney. Jurymen were Gene Gunn, F. L. Renfro, Ewell Stockton, Donald S. Donaldson, W. C. Neugent, and Grady Elder.

Valley Association Has New Officers

The Valley Association Farmers Group, which has its office at 505 East Main, will have C. F. McNeil to serve as president of the board of directors, and a new slate of officers will serve with him.

Purpose of the association is to help farmers in Terry, Lynn, Gaines, and Yoakum counties secure labor from Mexico for the growing and harvesting of farm crops. It has been announced that someone will be in the office each Saturday to assist farmers wanting Mexican labor.

Officers who will serve with McNeil are Gerald Bench, vice president; and J. C. Johnson, secretary-treasurer. Board members are Dub D. Reynolds, J. A. Benthall, W. W. Marchbanks, and Aubrey Puryear.

Mr. and Mrs. C. E. Ross, 902 East Tate, and grandson, Darrell Franks, were in Dallas last week end attending the open house of the new General Motors Plant there.

Notice Of Board Of Equalization Meeting, June 23

Notice Board of Equalization Meeting, Brownfield Consolidated Independent School District.

In obedience to the order of the Board of Equalization regularly convened and sitting, notice is hereby given that said Board of Equalization will be in session at its regular meeting place in the City of Brownfield, Terry County, Texas, at 10:00 o'clock A. M., on June the 23rd, 1954, for the purpose of determining, fixing and equalizing the value of any and all taxable property situated in the said Brownfield Consolidated Independent School District, for taxable purposes, for the year 1954, and any and all persons interested or having business with said Board are here notified to be present.

R. A. SIMMS, Secretary, Brownfield Consolidated Independent School District. Brownfield, Texas, 7th day of June, 1954.

Hands Tied?

Jerrell Rowden, son of Mr. and Mrs. Hugh Rowden, of Brownfield, visited with his parents and other relatives here, Thursday, enroute to La Grand, Ore., where he is employed for the summer. He visited over the weekend with an aunt, Mrs. C. G. Robertson, formerly of Brownfield, and now of Salinas, Calif. Jerrell will continue his studies at Abilene Christian College this fall.

Mrs. W. C. McClure, 612 East Hill St., is visiting her sister, Mrs. L. F. Blanton and family, in Carrollton, Texas.

Mrs. Lona Hamilton, of Lamesa, visited Monday and Tuesday in the home of Mr. and Mrs. Jack Hamilton, 902 East Broadway.

Bee Edwards of Austin, formerly of Brownfield, visited in the homes of Mr. and Mrs. Hub King, Mr. and Mrs. Leonard Lang, and Mr. and Mrs. Bill Webb, Monday of last week.

H. L. King, Leonard Lang, Bill Settle, and Slim King went to Colorado, Wednesday morning on business and returned Thursday night.
